(b) A transportation planning agency, transit development board,

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 390

An act to amend Section 4136 of the Public Resources Code, relating to forestry and fire protection.

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 4136 of the Public Resources Code is amended to read:

4136. (a) A seller of real property which is located within a state responsibility area determined by the board, pursuant to Section 4125, shall disclose to any prospective purchaser the fact that the property is located within a wildland area which may contain substantial forest fire risks and hazards and is subject to the requirements of Section 4291.

(b) Except for property located within a county which has assumed responsibility for prevention and suppression of all fires pursuant to Section 4129, the seller shall also disclose to any prospective buyer that it is not the state's responsibility to provide fire protection services to any building or structure located within the wildlands unless the department has entered into a cooperative agreement with a local agency for those purposes pursuant to Section
4142.
   (c) Disclosures required pursuant to this section may be set forth in, and made on a copy of, the disclosure form required by Section 1102.6 or 1102.6a of the Civil Code.
   (d) Disclosure is required pursuant to this section when the seller has actual knowledge that the location of the property is within a state responsibility area, or when a map, which includes the area in which the property is located, has been provided to the county assessor pursuant to subdivision (b) of Section 4125. A notice shall be posted at the offices of the county recorder, county assessor, and county planning commission that identifies the location of the map, and of any information received by the county subsequent to the receipt of the map regarding changes to state responsibility areas within the county.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 391

An act to amend Sections 35400 , 35401.5, and 35780 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 35400 of the Vehicle Code is amended to read:
   35400. (a) No vehicle shall exceed a length of 40 feet.
   (b) This section does not apply to any of the following:
      (1) A vehicle used in a combination of vehicles when the excess length is caused by auxiliary parts, equipment, or machinery not used as space to carry any part of the load, except that the combination of vehicles shall not exceed the length provided for combination vehicles.
      (2) A vehicle when the excess length is caused by any parts necessary to comply with the fender and mudguard regulations of this code.
      (3) An articulated bus or articulated trolley coach which does not exceed a length of 60 feet.
      (4) A semitrailer while being towed by a motortruck or truck.
tractor, if the distance from the kingpin to the rearmost axle of the semitrailer does not exceed 40 feet for semitrailers having two or more axles, or 38 feet for semitrailers having one axle if the semitrailer does not, exclusive of attachments, extend forward of the rear of the cab of the motortruck or truck tractor.

(5) A bus when the excess length is caused by the projection of a front safety bumper or a rear safety bumper, or both. The safety bumper shall not cause the length of the vehicle to exceed the maximum legal limit by more than one foot in the front and one foot in the rear. For the purposes of this chapter, "safety bumper" means any device which is fitted on an existing bumper or which replaces the bumper and is constructed, treated, or manufactured to absorb energy upon impact.

(6) A bus when the excess length is caused by a device, located in front of the front axle, for lifting wheelchairs into the bus. That device shall not cause the length of the bus to be extended by more than 18 inches, inclusive of any front safety bumper.

(7) A bus when the excess length is caused by a device attached to the rear of the bus designed and used exclusively for the transporting of bicycles. This device may be up to 10 feet in length, if the device, along with any other device permitted pursuant to this section, does not cause the total length of the bus, including any device or load, to exceed 50 feet.

(8) A bus operated by a public agency or a passenger stage corporation, as defined in Section 226 of the Public Utilities Code, used in transit system service, other than a schoolbus, when the excess length is caused by a folding device attached to the front of the bus which is designed and used exclusively for transporting bicycles. The device, including any bicycles transported thereon, shall be mounted in a manner that does not materially affect efficiency or visibility of vehicle safety equipment, and shall not extend more than 36 inches from the front of the bus when fully deployed. A device described in this paragraph may not be used on any bus which, exclusive of the device, exceeds 40 feet in length or on any bus having a device attached to the rear of the bus pursuant to paragraph (7).

(9) A bus of a length of up to 45 feet when operating on those highways specified in subdivision (a) of Section 35401.5. The Department of Transportation or local authorities, with respect to highways under their respective jurisdictions, shall not deny reasonable access to a bus of a length of up to 45 feet between the highways specified in subdivision (a) of Section 35401.5 and points of loading and unloading for motor carriers of passengers as required by the federal Intermodal Surface Transportation Efficiency Act of 1991 (P.L. 102-240).

As used in this paragraph, "reasonable access" means access substantially similar to that authorized for combinations of vehicles pursuant to subdivision (c) of Section 35401.5 and access authorized through a process substantially similar to that authorized for
combinations of vehicles pursuant to subdivision (d) of Section 35401.5.

(c) The Legislature, by increasing the maximum permissible kingpin to rearmost axle distance to 40 feet effective January 1, 1987, as provided in paragraph (4) of subdivision (b), does not intend this action to be considered a precedent for any future increases in truck size and length limitations.

SEC. 2. Section 35401.5 of the Vehicle Code is amended to read:
35401.5. (a) A combination of vehicles consisting of a truck tractor and semitrailer, or of a truck tractor, semitrailer, and trailer, is not subject to the limitations of Sections 35400 and 35401, when operating on the National System of Interstate and Defense Highways or when using those portions of federal-aid primary system highways that have been qualified by the United States Secretary of Transportation for that use, or when using routes appropriately identified by the Department of Transportation or local authorities as provided in subdivision (c) or (d), if all of the following conditions are met:

(1) The length of the semitrailer in exclusive combination with a truck tractor does not exceed 48 feet. A semitrailer not more than 53 feet in length shall satisfy this requirement when configured with two or more rear axles, the rearmost of which is located 40 feet or less from the kingpin or when configured with a single axle which is located 38 feet or less from the kingpin. For purposes of this paragraph, a motor truck used in combination with a semitrailer, when that combination of vehicles is engaged solely in the transportation of motor vehicles, is considered to be a truck tractor.

(2) Neither the length of the semitrailer nor the length of the trailer when simultaneously in combination with a truck tractor exceeds 28 feet 6 inches.

(b) Subdivisions (b), (c), (d), and (e) of Section 35402 do not apply to combinations of vehicles operated subject to the exemptions provided by this section.

(c) Combinations of vehicles operated pursuant to subdivision (a) may also use highways not specified in subdivision (a) which provide reasonable access to terminals and facilities for purposes limited to fuel, food, lodging, and repair when that access is consistent with the safe operation of the combinations of vehicles and when the facility is within one road mile of identified points of ingress and egress to or from highways specified in subdivision (a) for use by those combinations of vehicles.

(d) The Department of Transportation or local authorities may establish a process whereby access to terminals or services may be applied for upon a route not previously established as an access route. The denial of a request for access to terminals and services shall be only on the basis of safety and an engineering analysis of the proposed access route. If a written request for access has been properly submitted and has not been acted upon within 90 days of receipt by the department or the appropriate local agency, the
access shall be deemed automatically approved. Thereafter, the route shall be deemed open for access by all other vehicles of the same type regardless of ownership. In lieu of processing an access application, the Department of Transportation or local authorities with respect to highways under their respective jurisdictions may provide signing, mapping, or a listing of highways as necessary to indicate the use of specific routes as terminal access routes. For purposes of this subdivision, "terminal" means either of the following:

1. A facility where freight originates, terminates, or is handled in the transportation process.
2. A facility where a motor carrier maintains operating facilities.
3. Nothing in subdivision (c) or (d) authorizes state or local agencies to require permits of terminal operators or to charge terminal operators fees for the purpose of attaining access for vehicles described in this section.
4. Notwithstanding subdivision (d), the limitations of access specified in that subdivision do not apply to licensed carriers of household goods when directly enroute to or from a point of loading or unloading of household goods, if travel on highways other than those specified in subdivision (a) is necessary and incidental to the shipment of the household goods.
5. The Legislature finds and declares that, in authorizing the use of 53-foot semitrailers, it is its intent to conform with subsection (b) of Section 2311 of Title 49 of the United States Code by permitting the continued use of semitrailers of the dimensions as those that were in actual and legal use on December 1, 1982, and does not intend this action to be a precedent for future increases in any of those vehicles parameters that adversely affect the turning maneuverability of vehicle combinations.

SEC. 3. Section 35780 of the Vehicle Code is amended to read:

35780. (a) The Department of Transportation or local authorities, with respect to highways under their respective jurisdictions, may, at their discretion upon application and if good cause appears, issue a special permit authorizing the applicant:

1. To operate or move a vehicle or combination of vehicles or special mobile equipment of a size or weight of vehicle or load exceeding the maximum specified in this code.
2. To use corrugations on the periphery of the movable tracks on a traction engine or tractor, the propulsive power of which is not exerted through wheels resting upon the roadway but by means of a flexible band or chain.
3. Under emergency conditions, to operate or move a type of vehicle otherwise prohibited hereunder, upon any highway under the jurisdiction of the party granting the permit and for the maintenance of which the party is responsible.
4. To operate or move a vehicle or combination of vehicles transporting loads composed of logs only for the purpose of crossing a highway from one private property to another without complying
with any or all of the equipment requirements of Division 12 (commencing with Section 24000) and Division 13 (commencing with Section 29000). These crossings shall be as near to a right angle to the roadway as is practical and shall not include any travel parallel to the roadway. The Department of Transportation shall determine standards and conditions upon which permits shall be issued and any permit not in compliance with those standards and conditions shall be invalid, except that a permit may contain more restrictive conditions if the issuing authority deems it appropriate.

(b) Under conditions prescribed by the Department of Transportation or the local authority, the Department of Transportation or local authority may accept applications made by, and issue permits directly to, an applicant or permit service by any of the following processes:

1. In writing.
2. By an authorized facsimile process.
3. Through an authorized computer and modem connection.

CHAPTER 392

An act to amend Sections 5152, 5157, and 5158 of the Civil Code, relating to family law.

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 5152 of the Civil Code is amended to read:

5152. (a) A court of this state which is competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if the conditions as set forth in any of the following paragraphs are met:

1. This state (A) is the home state of the child at the time of commencement of the proceeding, or (B) had been the child’s home state within six months before commencement of the proceeding and the child is absent from this state because of his or her removal or retention by a person claiming his or her custody or for other reasons, and a parent or person acting as parent continues to live in this state.

2. It is in the best interest of the child that a court of this state assume jurisdiction because (A) the child and his or her parents, or the child and at least one contestant, have a significant connection with this state, and (B) there is available in this state substantial evidence concerning the child’s present or future care, protection, training, and personal relationships.

3. The child is physically present in this state and (A) the child has been abandoned or (B) it is necessary in an emergency to protect
the child because he or she has been subjected to or threatened with mistreatment or abuse or is otherwise neglected or dependent. "Subjected to or threatened with mistreatment or abuse" for the purposes of this subdivision includes a child who has a parent who is a victim of domestic violence, as defined in Section 542 of the Code of Civil Procedure.

(4) It (A) appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraph (1), (2), or (3) or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine the custody of the child, and (B) is in the best interest of the child that this court assume jurisdiction.

(b) Except under the conditions specified in paragraphs (3) and (4) of subdivision (a), physical presence in this state of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on a court of this state to make a child custody determination.

(c) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his or her custody.

SEC. 2. Section 5157 of the Civil Code is amended to read:

5157. (a) If the petitioner for an initial decree has wrongfully taken the child from another state or has engaged in similar reprehensible conduct the court may decline to exercise jurisdiction for purposes of adjudication of custody if this is just and proper under the circumstances.

(b) Unless required in the interest of the child, the court shall not exercise its jurisdiction to modify a custody decree of another state if the petitioner, without consent of the person entitled to custody has improperly removed the child from the physical custody of the person entitled to custody or has improperly retained the child after a visit or other temporary relinquishment of physical custody. If the petitioner has violated any other provision of a custody decree of another state the court may decline to exercise its jurisdiction if this is just and proper under the circumstances.

(c) Where the court declines to exercise jurisdiction upon petition for an initial custody decree pursuant to subdivision (a), the court shall notify the parent or other appropriate person and the prosecuting attorney of the appropriate jurisdiction in the other state. If a request to that effect is received from the other state, the court shall order the petitioner to appear with the child in a custody proceeding instituted in the other state in accordance with Section 5169. If no such request is made within a reasonable time after the notification, the court may entertain a petition to determine custody by the petitioner if it has jurisdiction pursuant to Section 5152.

(d) Where the court refuses to assume jurisdiction to modify the custody decree of another state pursuant to subdivision (b) or pursuant to Section 5163, the court shall notify the person who has legal custody under the decree of the other state and the prosecuting attorney of the appropriate jurisdiction in the other state and may
order the petitioner to return the child to the person who has legal custody. If it appears that the order will be ineffective and the legal custodian is ready to receive the child within a period of a few days, the court may place the child in a foster care home for that period, pending return of the child to the legal custodian. At the same time, the court shall advise the petitioner that any petition for modification of custody must be directed to the appropriate court of the other state which has continuing jurisdiction, or, in the event that court declines jurisdiction, to a court in a state which has jurisdiction pursuant to Section 5152.

(e) In appropriate cases a court dismissing a petition under this section may charge the petitioner with necessary travel and other expenses, including attorney's fees and the cost of returning the child to another state.

(f) In making a determination pursuant to subdivisions (a) to (e), inclusive, the court shall not consider as a factor weighing against the petitioner any taking of the child, or retention of the child after a visit or other temporary relinquishment of physical custody, from the person who has legal custody, if there is evidence that the taking or retention of the child was a result of domestic violence against the petitioner, as defined in Section 542 of the Code of Civil Procedure.

SEC. 3. Section 5158 of the Civil Code is amended to read:

5158. (a) Every party in a custody proceeding in his or her first pleading or in an affidavit attached to that pleading shall give information under oath as to the child's present address, the places where the child has lived within the last five years, and the names and present addresses of the persons with whom the child has lived during that period. However, where there are allegations of domestic violence or child abuse, any addresses of the party alleging abuse and of the child which are unknown to the other party shall be confidential and shall not be disclosed in the pleading or affidavit. In this pleading or affidavit every party shall further declare under oath as to each of the following whether:

(1) He or she has participated, as a party, witness, or in any other capacity, in any other litigation concerning the custody of the same child in this or any other state.

(2) He or she has information of any custody proceeding concerning the child pending in a court of this or any other state.

(3) He or she knows of any person not a party to the proceedings who has physical custody of the child or claims to have custody or visitation rights with respect to the child.

(b) If the declaration as to any of the above items is in the affirmative, the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to details of the information furnished and as to other matters pertinent to the court's jurisdiction and the disposition of the case.

(c) Each party has a continuing duty to inform the court of any custody proceeding concerning the child in this or any other state of
which he or she obtained information during this proceeding.

17210.2. (b) A licensed escrow agent, in referring to the corporation’s licensure under this law in any written or printed communication or any communication by means of recorded telephone messages or spoken on radio, television, or similar communications media, shall only use the following statement: “This escrow company holds Department of Corporations Escrow License No. _________.”

(c) The commissioner may order any person to desist from any conduct which the commissioner finds to be a violation of this section.

CHAPTER 394

An act to add Section 2400.6 to the Vehicle Code, relating to vehicles.

The people of the State of California do enact as follows:

SECTION 1. Section 2400.6 is added to the Vehicle Code, to read:

2400.6. The commissioner shall enforce all laws regulating the operation of vehicles on, and the use of any portion of, State Highway Route 1 in the City of Malibu, if requested by the city, and if a contract is entered into between the state and the city. The contract shall require that an amount be paid to the commissioner that is equal to the costs incurred by the department for services provided
under the contract.

CHAPTER 395

An act to amend Section 610 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 610 of the Revenue and Taxation Code is amended to read:

610. (a) Land once described on the roll need not be described a second time, but any person, claiming and desiring to be assessed for it, may have his or her name inserted with that of the assessee.

(b) A person is "claiming" property for purposes of subdivision (a) only if he or she provides the assessor with one of the following supporting documents:

(1) A certified copy of a deed, judgment, or other instrument that creates or legally verifies that person's ownership interest in the property.

(2) A certified copy of a document creating that person's security interest in the property.

(3) His or her declaration, under penalty of perjury, that he or she currently has possession of the property and intends to be assessed for the property in order to perfect a claim in adverse possession.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
CHAPTER 396

An act to add Section 10133.4 to the Business and Professions Code, relating to real estate brokers.

2. "Principal" means the person who will use the real property for photographic purposes.

(c) In every transaction arranged by a film location representative, the principal shall maintain liability insurance insuring both that principal and the real property owner against death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the real property which is the subject of the transaction. The amount of the insurance coverage shall not be less than five hundred thousand dollars ($500,000) per person or one million dollars ($1,000,000) per occurrence for personal injury and five hundred thousand dollars ($500,000) for property damage. It must be issued by an insurance carrier authorized to sell such insurance in California.

CHAPTER 397

An act to amend Section 1764.1 of the Insurance Code, relating to insurance.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 1764.1 of the Insurance Code is amended to read:

1764.1. (a) Every nonadmitted insurer, in the case of insurance to be purchased by a resident of this state pursuant to Section 1760,
and surplus lines broker, in the case of any insurance with a nonadmitted carrier to be transacted by the surplus lines broker, shall be responsible to ensure that, at the time of accepting an application for any insurance policy issued by a nonadmitted insurer, the signature of the applicant on the disclosure statement set forth in subdivision (b) is obtained. This disclosure shall be signed by the applicant, and is not subject to any limited power of attorney agreement between the applicant and an agent or broker, or a surplus lines broker. The disclosure statement shall be in boldface 16-point type on a freestanding document. In addition, every policy issued by a nonadmitted insurer shall contain the disclosure statement set forth in subdivision (b) in boldface 16-point type on the front page of the policy.

(b) The following notice shall be provided to policyholders and applicants for insurance as provided by subdivision (a). The surplus lines broker and nonadmitted insurer shall use the appropriate bracketed language for application and issued policy disclosures:

"NOTICE:

1. THE INSURANCE POLICY THAT YOU [HAVE PURCHASED] [ARE APPLYING TO PURCHASE] IS BEING ISSUED BY AN INSURANCE COMPANY THAT IS NOT LICENSED BY THE STATE OF CALIFORNIA. THESE COMPANIES ARE CALLED "NONADMITTED" OR "SURPLUS LINES" INSURERS.

2. THE INSURANCE COMPANY IS NOT SUBJECT TO THE FINANCIAL SOLVENCY REGULATION AND ENFORCEMENT WHICH APPLIES TO CALIFORNIA LICENSED COMPANIES.

3. THE INSURANCE COMPANY DOES NOT PARTICIPATE IN ANY OF THE INSURANCE GUARANTEE FUNDS CREATED BY CALIFORNIA LAW. THEREFORE, THESE FUNDS WILL NOT PAY YOUR CLAIMS OR PROTECT YOUR ASSETS IF THE INSURANCE COMPANY BECOMES INSOLVENT AND IS UNABLE TO MAKE PAYMENTS AS PROMISED.

4. FOR ADDITIONAL INFORMATION ABOUT THE INSURANCE COMPANY YOU SHOULD ASK QUESTIONS OF YOUR INSURANCE AGENT, BROKER, OR "SURPLUS LINES" BROKER OR YOU MAY CONTACT THE CALIFORNIA DEPARTMENT OF INSURANCE."

(c) When a contract is issued to an industrial insured neither the nonadmitted insurer nor the surplus line broker is required to provide the notice required in this section except on the confirmation of insurance, the certificate of placement, or the policy, whichever is first provided to the insured, nor is the insurer or surplus line broker required to obtain the insured’s signature.

(1) An industrial insured is an insured:

(A) Which employs at least 25 employees on average during the prior 12 months; and

(B) Which has aggregate annual premiums for insurance for all risks other than workers’ compensation and health coverage totaling no less than twenty-five thousand dollars ($25,000); or
(C) Which obtains insurance through the services of a full-time employee acting as an insurance manager or a continuously retained insurance consultant. Fees and lot design requirements shall be computed and imposed with respect to those maps on the basis of parcels or lots of the surface of the land shown thereon as included in the project. Nothing herein shall be deemed to limit the power of the legislative body to regulate the design or location of buildings in such a project by or pursuant to local ordinances.

If the governing body has approved a parcel map or final map for the establishment of condominiums on property pursuant to the requirements of this division, the separation of a three-dimensional portion or portions of the property from the remainder of the property or the division of that three-dimensional portion or portions into condominiums shall not constitute a further subdivision as defined in Section 66424, provided each of the following conditions has been satisfied:

(a) The total number of condominiums established is not increased above the number authorized by the local agency in approving the parcel map or final map.

(b) A perpetual estate or an estate for years in the remainder of the property is held by the condominium owners in undivided interests in common, or by an association as defined in subdivision (a) of Section 1351 of the Civil Code, and the duration of the estate in the remainder of the property is the same as the duration of the estate in the condominiums.

(n) Members of a state licensing or regulatory board, bureau, or commission—one original with the agency, which shall make and
retain a copy and forward the original to the commission, which shall be the filing officer.

(o) Persons not mentioned above—one original with the agency or with the code reviewing body, as provided by the code reviewing body in the agency’s conflict of interest code.

SEC. 5. Section 91010 of the Government Code is amended to read:

91010. No request to the civil prosecutor pursuant to Section 91007 shall be made or filed in connection with a report or statement required by Chapter 4 (commencing with Section 84100) until the time when an audit and investigation could be begun under subdivision (c) of Section 90002.

SEC. 6. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 406

An act to amend Section 27101 of the Elections Code, relating to elections.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 27101 of the Elections Code is amended to read:

27101. (a) Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of registered voters.

(b) Each section of a recall petition shall be filed with the elections official of the county in which it was circulated.

(c) Each section of the petition shall be filed by the proponents or by any person or persons authorized, in writing, by a proponent. Every person authorized in writing by a proponent to file a section or sections of the petition shall submit a copy of the written authorization to the elections official each time he or she files a section or sections of a petition.

(d) Thirty days after a recall has been initiated, and every 30 days thereafter, the elections official shall determine from the records of registration what number of registered voters have signed recall petitions.

(e) Upon each submission, if less than 500 signatures are submitted to the elections official, he or she shall count the number
of signatures and submit those results to the Secretary of State. If 500
or more signatures are submitted, the elections official may verify,
using a random sampling technique, either 3 percent of the
signatures submitted, or 500, whichever is less. The random sample
of signatures to be verified shall be drawn in such a manner that
every signature filed with the elections official shall be given an
equal opportunity to be included in the sample. Upon completion of
the signature verification, the elections official shall report the
results to the Secretary of State.

(f) Immediately after the deadline for submission of all signatures,
the elections official shall verify the signatures in the same manner
set forth in subdivisions (b), (c), (d), (e), (f), and (g) of Section 3520,
and Section 3521. This verification process shall apply to all signatures
submitted to each county elections official.

(g) The elections official, upon the completion of each
examination, shall forthwith attach to the petition a certificate,
properly dated, showing the result of the examination, and submit a
copy of the petition, except as to the signatures appended thereto,
to the Secretary of State and file a copy of the certificate in his or her
office.

CHAPTER 407

An act to add Part 30 (commencing with Section 55001) to Division
2 of the Revenue and Taxation Code, relating to taxes and fees.

[Approved by Governor August 1, 1992. Filed with
Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Part 30 (commencing with Section 55001) is added
to Division 2 of the Revenue and Taxation Code, to read:

PART 30. FEE COLLECTION PROCEDURES LAW

Chapter 1. General Provisions and Definitions

55001. This chapter shall be known and may be cited as the Fee
Collection Procedures Law.
55002. "Person" means an individual, trust firm, joint stock
company, business concern, corporation, including, but not limited
to, a government corporation, partnership, and association. "Person"
also includes any city, county, city and county, district, commission,
the state or any department, agency, or political subdivision thereof,
any interstate body, and the United States and its agencies and
instrumentalities to the extent permitted by law.
55003. "Board" means the State Board of Equalization.
55004. "Feepayer" means any person liable for the payment of the fees collected pursuant to this part.

CHAPTER 2. FEE

55021. Every person who owes a fee which is subject to this part shall register with the board. 55022. The board, whenever it deems necessary to ensure compliance with this part, may require any person subject to this part to place with it any security that the board determines to be reasonable, taking into account the circumstances of that person. The board may sell the security at public auction if it becomes necessary to do so in order to recover any fee or any amount required to be collected, including any interest or penalty due. Notice of the sale shall be served upon the person who placed the security personally or by mail.

If service is made by mail, the notice shall be addressed to the person at his or her address as it appears in the records of the board. Service shall be made at least 30 days prior to the sale in the case of personal service, and at least 40 days prior to the sale in the case of service by mail. Security in the form of a bearer bond issued by the United States or the State of California which has a prevailing market price may, however, be sold at private sale at a price not lower than the prevailing market price thereof. Upon any sale, any surplus above the amounts due shall be returned to the person who placed the security.

CHAPTER 3. DETERMINATIONS

Article 1. Returns and Payments

55041. The board for good cause may extend, for not to exceed one month, the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time if a request therefor is filed with the board within or prior to the period for which the extension may be granted.

Any person to whom an extension is granted shall pay, in addition to the fee, interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5 from the date on which the fee would have been due without the extension until the date of payment.

55042. If the fee is not paid to the board within the time prescribed for the payment of the fee, a penalty of 10 percent of the amount of the fee shall be added thereto on account of the delinquency.

55043. All fees not paid on the date when due and payable shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date until paid.
55044. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 55042 and 55086.

Any person seeking to be relieved of the penalty shall file with the board a statement, under penalty of perjury, setting forth the facts upon which he or she bases his or her claim for relief.

55045. (a) If the board finds that a person's failure to make a timely report or payment is due to the person's reasonable reliance on written advice from the board, the person may be relieved of the fees imposed or administered under this part and any penalty or interest added thereto.

(b) For purposes of this section, a person's failure to make a timely report or payment shall be considered to be due to reasonable reliance on written advice from the board, only if the board finds that all of the following conditions are satisfied:

1. The person requested in writing that the board advise him or her whether a particular activity or transaction is subject to the fee under this part. The specific facts and circumstances of the activity or transaction shall be fully described in the request.

2. The board responded in writing to the person regarding the written request for advice, stating whether or not the described activity or transaction is subject to the fee, or stating the conditions under which the activity or transaction is subject to the fee.

3. The liability for fees applied to a particular activity or transaction which occurred before either of the following:

   (A) Before the board rescinded or modified the advice so given, by sending written notice to the person of the rescinded or modified advice.

   (B) Before a change in statutory or constitutional law, a change in the board's regulations, or a final decision of a court, which renders the board's earlier written advice no longer valid.

(c) Any person seeking relief under this section shall file with the board all of the following:

1. A copy of the person's written request to the board and a copy of the board's written advice.

2. A statement under penalty of perjury setting forth the facts on which the claim for relief is based.

3. Any other information which the board may require.

(d) Only the person making the written request shall be entitled to rely on the board's written advice to that person.

Article 2. Deficiency Determinations

55061. (a) If the board is dissatisfied with the return filed or the amount of the fee paid to the state by any feepayer, or if no return has been filed or no payment of the fee has been made to the state
by a feepayer, the board may compute and determine the amount to be paid, based upon any information available to it. One or more additional determinations may be made of the amount of the fee due for one, or for more than one period. The amount of the fee so determined shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date the amount of the fee, or any portion thereof, became due and payable until the date of payment. In making a determination, the board may offset overpayments for a period or periods against underpayments for another period or periods and against the interest and penalties on the underpayments.

(b) If any part of the deficiency for which a determination of an additional amount due is made is found to have been occasioned by negligence or intentional disregard of this part or authorized regulations, a penalty of 10 percent of the amount of the determination shall be added, plus interest as provided in subdivision (a).

(c) If any part of the deficiency for which a determination of an additional amount due is found to be occasioned by fraud or an intent to evade this part or authorized regulations, a penalty of 25 percent of the amount of the determination shall be added, plus interest as provided in subdivision (a).

(d) The board shall give to the feepayer written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the feepayer at his or her address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in a United States Post Office, or a mailbox, sub-post office, substation or mail chute, or other facility regularly maintained or provided by the United States Postal Service without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served, and service shall be deemed complete at the time of delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

55062. Except in the case of fraud, intent to evade this part, authorized rules and regulations, or failure to make a return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount should have been paid. In the case of failure to make a return, the notice of determination shall be mailed within eight years after the date the return was due.

55063. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the fee or any portion thereof.

55064. If before the expiration of the time prescribed in Section
for the mailing of a notice of deficiency determination the feepayer has consented in writing to the mailing of the notice after that time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 3. Redeterminations

55081. Any person from whom an amount is determined to be due under Article 2 (commencing with Section 55061), or any person directly interested, may petition for a redetermination thereof within 30 days after service upon him or her of notice of the determination. If a petition for redetermination is not filed within the 30-day period, the amount determined to be due becomes final at the expiration thereof.

55082. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon the petition for redetermination.

55083. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the amount determined to be due, and if the person has so requested in his or her petition, the board shall grant him or her an oral hearing and shall give him or her 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

55084. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the 25-percent penalty imposed by subdivision (c) of Section 55061 applies to the amount of the determination as originally made or as increased, the claim for increase must be asserted within eight years after the date the return for the period for which the increase is asserted was due.

55085. The order or decision of the board upon a petition for redetermination shall become final 30 days after service upon the petitioner of notice thereof.

55086. All amounts determined to be due by the board under Article 2 (commencing with Section 55061) are due and payable at the time they become final, and if not paid when due and payable, a penalty of 10 percent of the amount determined to be due shall be added to the amount due and payable.

55087. Any notice required by this article shall be served personally or by mail in the same manner as prescribed for service of notice by subdivision (d) of Section 55061.

Article 4. Jeopardy Determinations
55101. If the board believes that the collection of any amount of the fee will be jeopardized by delay, it shall thereupon make a determination of the amount of the fee due, noting that fact upon the determination, and the amount of the fee shall be immediately due and payable. If the amount of the fee, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the feepayer of notice of determination, the determination becomes final, and the delinquency penalty and interest provided in Sections 55042 and 55043 shall be attached to the amount of the fee specified therein.

55102. The feepayer against whom a jeopardy determination is made may file a petition for redetermination thereof, pursuant to Article 3 (commencing with Section 55081), with the board within 10 days after the service upon the feepayer of notice of the determination, but he or she shall, within the 10-day period, deposit with the board any security that it deems necessary to ensure compliance with the provisions of this part. The security may be sold by the board at public sale if it becomes necessary to do so in order to recover any amount due under this part. Notice of the sale may be served upon the person who deposited the security personally or by mail in the same manner as prescribed for service of notice by Section 55061. Upon any such sale, the surplus, if any, above the amount due under this part shall be returned to the person who deposited the security.

55103. In accordance with any rules and regulations that the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive.

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination, or any part thereof, shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person.

(c) To request the release of all or a part of the property to the person.

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual legal grounds upon which it is founded. The person shall not be required to post any security in order to file the application and to obtain the hearing. However, if the person does not deposit, within the 10-day period prescribed in Section 55102, the security that the board deems necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except the sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for an administrative hearing, the board may allow a filing of the application and grant the person an
administrative hearing. The filing of an application pursuant to this section shall not affect the provisions of Section 55101 relating to the finality date of the determination or to penalty and interest.

CHAPTER 4. COLLECTION OF FEE

Article 1. Suit for Fee

55121. The board may bring any legal action that is necessary to collect any deficiency in the fee required to be paid, and upon the board's request, the Attorney General shall bring the action.

55122. In any suit brought to enforce the rights of the state with respect to the fee, a certificate by the board showing the delinquency shall be prima facie evidence of the levy of the fee, the delinquency of the amount of the fee, interest, and penalty set forth therein, and compliance by the board with all provisions of this part in relation to the computation and levy of the fee. In the action, a writ of attachment may be issued in the manner provided by Chapter 5 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure.

Article 2. Judgment for Fee

55141. (a) If any person fails to pay any amount imposed pursuant to this part at the time that it becomes due and payable, the amount thereof, including penalties and interest, together with any costs in addition thereto, shall thereupon be a perfected and enforceable state tax lien. Such a lien is subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates:

(1) For amounts disclosed on a return received by the board before the date the return is delinquent, the date the return would have been delinquent.

(2) For amounts disclosed on a return filed on or after the date the return is delinquent, the date the return is received by the board.

(3) For amounts determined under Section 55101, the date the notice of the board's finding is mailed or issued.

(4) For all other amounts, the date the assessment is final.

55142. (a) If the board determines that the amount of the fee, interest, and penalties are sufficiently secured by a lien on other property or that the release or subordination of the lien imposed under this article will not jeopardize the collection of the amount of the fee, interest, and penalties, the board may at any time release all or any portion of the property subject to the lien from the lien or may subordinate the lien to other liens and encumbrances.

(b) If the board finds that the liability represented by the lien imposed under this article, including any interest accrued thereon,
is legally unenforceable, the board may release the lien.

(c) A certificate by the board to the effect that any property has been released from a lien or that the lien has been subordinated to other liens and encumbrances, is conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

Article 3. Warrant for Collection

55161. At any time within three years after any person is delinquent in the payment of any amount herein required to be paid, or within 10 years after the last recording or filing of a notice of state tax lien under Section 7171 of the Government Code, the board, or its authorized representative, may issue a warrant for the enforcement of any liens and for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal, or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the manner and with the same effect as a levy of, and sale pursuant to, a writ of execution.

55162. The board may pay or advance to the sheriff, marshal, or constable, the same fees, commissions, and expenses for their services as are provided by law for similar services pursuant to writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

55163. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from him or her by virtue of the warrant or in any other manner provided in this part for the collection of the fee.

Article 4. Seizure and Sale

55181. Whenever any feepayer is delinquent in the payment of the fee, the board, or its authorized representative, may seize any property, real or personal, of the feepayer, and sell at public auction the property seized, or a sufficient portion thereof, to pay the fee due, together with any penalties imposed for the delinquency and all costs that have been incurred on account of the seizure and sale.

55182. Notice of the sale, and the time and place thereof, shall be given to the delinquent feepayer and to all persons who have an interest of record in the property at least 20 days before the date set for the sale in the following manner:

The notice shall be personally served or enclosed in an envelope addressed to the feepayer or other person at his or her last known residence or place of business in this state as it appears upon the records of the board, if any, and deposited in the United States registered mail, postage prepaid. The notice shall be published pursuant to Section 6063 of the Government Code in a newspaper of general circulation published in the city in which the property or a
part thereof is situated if any part thereof is situated in a city or, if not, in a newspaper of general circulation published in the county in which the property thereof is located.

Notice shall also be posted in both of the following manners:

(a) One public place in the city in which the interest in property is to be sold if it is to be sold in a city or, if not to be sold in a city, one public place in the county in which the interest to the property is to be sold.

(b) One conspicuous place on the property.

The notice shall contain a description of the property to be sold, a statement of the amount due, including the fee, interest, penalties, and costs, the name of the feepayer, and the further statement that unless the amount due is paid on or before the time fixed in the notice of the sale, the property, or so much thereof as may be necessary, will be sold in accordance with law and notice.

55183. At the sale, the property shall be sold by the board, or by its authorized agent, in accordance with law and notice, and the board shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests title in the purchaser. The unsold portion of any property seized may be left at the place of sale at the risk of the feepayer.

55184. If, after the sale, the money received exceeds the amount of all fees, penalties, and costs due the state from the feepayer, the board shall return the excess to him or her and obtain his or her receipt. If any persons having an interest in or lien upon the property files with the board prior to the sale notice of his or her interest, the board shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If the receipt of the feepayer is not available, the board shall deposit the excess moneys with the Treasurer, as trustee for the owner, subject to the order of the feepayer, his or her heirs, successors, or assigns.

Article 5. Miscellaneous

55201. If any feepayer is delinquent in the payment of any obligation imposed by this part, or if any determination has been made against a feepayer which remains unpaid, the board may, not later than three years after the payment becomes delinquent, or within 10 years after the last recording or filing of a notice of state tax lien under Section 7171 of the Government Code, give notice thereof, personally or by first-class mail, to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the feepayer, or owing any debts to the feepayer. In the case of any state officer, department, or agency, the notice shall be given to the officer, department, or agency prior to the time it presents the claim of the delinquent feepayer to the Controller.
55202. After receiving the notice, the persons so notified shall not transfer or make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days after the receipt of the notice, whichever occurs first.

55203. All persons so notified shall immediately, after receipt of the notice, advise the board of all credits, other personal property, or debts in their possession, or under their control, or owing by them. If the notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice, to be effective, shall state the amount, interest, and penalty due from the person and shall be delivered or mailed to the branch or office of the bank at which the deposit is carried or mailed to the branch or office of the bank at which the deposit is carried or at which the credits or personal property is held. Notwithstanding any other provision of law, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of the amount, interest, and penalty due from the person.

55204. If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld, to the extent of the value of the property or the amount of the debts thus transferred or paid, he or she shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given, if solely by reason of that transfer or disposition, the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

55205. The board may, by notice of levy, served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to the feepayer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of the fee, interest, or penalties due from the feepayer or other person, or the amount of any liability incurred under this part, and to transmit the amount withheld to the board at the time it may designate.

In the case of a financial institution, to be effective, the notice shall state the amount due from the feepayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property are held, unless another branch or office is designated by the financial institution to receive the notice.

55206. The remedies of the state provided for in this chapter are cumulative, and no action taken by the board or by the Attorney General constitutes an election by the state or any of its officers to pursue any remedy to the exclusion of any other remedy for which provision is made in this part.
55207. The amounts required to be paid by any person under this part, together with interest and penalties, shall be satisfied first in any of the following cases:
(a) Whenever the person is insolvent.
(b) Whenever the person makes a voluntary assignment of his or her assets.
(c) Whenever the estate of the person in the hands of executors, administrators, or heirs is insufficient to pay all debts due from the deceased.
(d) Whenever the estate and effects of an absconding, concealed, or absent person required to pay any amount under this part are levied upon by process of law.

This section does not give the state a preference over a lien or security interest which was recorded or perfected prior to the time when the state records or files its lien, as provided in Section 7171 of the Government Code.

The preference given to the state by this section is subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

CHAPTER 5. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

55221. If the board determines that any amount of the fee, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of what was legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control, the excess amount collected or paid shall be credited on any amounts then due from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

However, in the case of a determination by the board that an amount not to exceed fifty thousand dollars ($50,000) was not required to be paid under this part, the board, without obtaining the approval of the State Board of Control, may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

55222. (a) Except as provided in subdivision (b), no refund shall be approved by the board after three years from the due date of the payment for the period for which the overpayment was made, or, with respect to determinations made under Article 2 (commencing with Section 55061) of Chapter 3, within six months after the determinations have become final, or six months from the date of overpayment, whichever period expires later, unless a claim therefor
is filed with the board within that period. No credit shall be approved by the board after the expiration of that period, unless a claim for credit is filed with the board within that period or unless the credit relates to a period for which a waiver is given pursuant to Section 55064.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 55064 if a claim therefor is filed with the board before the expiration of the period agreed upon.

(c) Every claim for refund or credit shall be in writing and shall state the specific grounds upon which the claim is founded.

55223. Failure to file a claim within the time prescribed in this article constitutes a waiver of all demands against the state on account of the overpayment.

55224. Within 30 days after disallowing any claim, in whole or in part, the board shall serve written notice of its action on the claimant pursuant to Section 55061.

55225. Interest shall be computed, allowed, and paid upon any overpayment of any amount of fee at the modified adjusted rate per month established pursuant to Section 6591.5, from the first day of the calendar month following the month during which the overpayment was made. In addition, a refund or credit shall be made of any interest imposed upon the claimant with respect to the amount being refunded or credited.

The interest shall be paid as follows:

(a) In the case of a refund, to the 15th day of the calendar month following the date upon which the claimant is notified by the board that a claim may be filed or the date upon which the claim is certified to the State Board of Control, whichever date is earlier.

(b) In the case of a credit, to the same date as to that to which interest is computed on the fee or amount against which the credit is applied.

55226. If the board determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest thereon.

Article 2. Suit for Refund

55242. No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally assessed or collected unless a claim for refund or credit has been duly filed.

55243. Within 90 days after the mailing of the notice of the board’s action upon a claim for refund or credit, the claimant may bring an action against the board on the grounds set forth in the claim in a court of competent jurisdiction in the County of Sacramento for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

55244. If the board fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the
mailing of notice by the board, consider the claim disallowed and bring an action against the board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

55245. Failure to bring suit or action within the time specified in this article constitutes a waiver of all demands against the state on account of any alleged overpayments.

55246. If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any fee due from the plaintiff, and the balance shall be refunded to the plaintiff.

55247. In any judgment, interest shall be allowed at the modified adjusted rate per annum established for overpayments pursuant to Section 6591.5, upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment, or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

55248. A judgment shall not be rendered in favor of the plaintiff in any action brought against the board to recover any fee paid when the action is brought by or in the name of an assignee of the feepayer paying the fee or by any person other than the person who has paid the fee.

As used in this section, "assignee" does not include a person who has acquired the business of the feepayer which gave rise to the fee and who is thereby a successor in interest to the feepayer.

Article 3. Recover of Erroneous Refunds

55261. The Controller may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought in a court of competent jurisdiction in the County of Sacramento in the name of the people of the State of California, and the action shall be tried in the County of Sacramento unless the court, with the consent of the Attorney General, orders a change of place of trial. The Attorney General shall prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings.

Article 4. Cancellations

55281. If any amount in excess of fifty thousand dollars ($50,000) has been illegally determined, either by the person filing the return or by the board, the board shall certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding fifty thousand dollars ($50,000) has been illegally determined, either
by the person filing a return or by the board, the board, without
certifying this fact to the State Board of Control, shall authorize the
cancellation of the amount upon the records of the board.

CHAPTER 6. ADMINISTRATION AND TAXPAYERS' BILL OF RIGHTS

55301. The board shall enforce this part and may prescribe, 
adopt, and enforce rules and regulations relating to the 
administration and enforcement of this part.
55302. The board may make examinations of the books and 
records of any feepayer as it may deem necessary in carrying out this 
part.
55303. The board may employ accountants, auditors, 
investigators, and other expert and clerical assistance necessary to 
enforce its powers and perform its duties under this part.
55304. A certificate by the board or an employee of the board 
stating that a notice required by this part was given by mailing or 
personal service shall be prima facie evidence in any administrative 
or judicial proceeding of the fact and regularity of the mailing or 
personal service in accordance with any requirement of this part for 
the giving of a notice. Unless otherwise specifically required, any 
notice provided by this part to be mailed or served may be given 
either by mailing or by personal service in the manner provided for 
giving notice of a deficiency determination.

Article 2. The California Taxpayers' Bill of Rights

indicates otherwise, the provisions of this article shall apply to this 
part.

Taxpayers' Rights Advocate. The advocate or his or her designee 
shall be responsible for facilitating resolution of taxpayer complaints 
and problems, including any taxpayer complaints regarding 
unsatisfactory treatment of taxpayers by board employees, and 
staying actions where taxpayers have suffered or will suffer 
irreparable loss as the result of those actions. Applicable statutes of 
limitation shall be tolled during the pendency of a stay. Any penalties 
and interest that would otherwise accrue shall not be affected by the 
granting of a stay.
(b) The advocate shall report directly to the executive officer of 
the board.
55323. (a) The board shall develop and implement an education 
and information program directed at, but not limited to, all of the 
following groups:
(1) Taxpayers newly registered with the board.

(4) Implementation of a continuing education program for audit personnel to include the application of new legislation to taxpayer activities and areas of recurrent taxpayer noncompliance of inconsistency of administration.

(c) Electronic media used pursuant to this section shall not represent the voice, picture, or name of members of the board or of the Controller.

55324. The board shall conduct an annual hearing before the full board where industry representatives and individual taxpayers are allowed to present their proposals on changes to the Fee Collection Procedures Law which may further improve voluntary compliance and the relationship between taxpayers and government.

55325. The board shall prepare and publish brief but comprehensive statements in simple and nontechnical language that explain procedure, remedies, and the rights and obligations of the board and taxpayers. As appropriate, statements shall be provided to taxpayers with the initial notice of audit, the notice of proposed additional taxes, any subsequent notice of tax due, or other substantive notices. Additionally, the board shall include this language for statements in the annual tax information bulletins that are mailed to taxpayers.

55326. (a) The amount of revenue collected or assessed pursuant to this part shall not be used for any of the following:

(1) To evaluate individual officers or employees.

(2) To impose or suggest production quotas or goals.

(b) The board shall certify in its annual report submitted pursuant to Section 15616 of the Government Code that revenue collected or assessed is not used in a manner prohibited by subdivision (a).

55327. The board shall develop and implement a program that will evaluate an individual employee's or officer's performance with respect to his or her contact with taxpayers. The development and implementation of the program shall be coordinated with the Taxpayers' Rights Advocate.

55328. The board shall, in cooperation with the Taxpayers' Rights Advocate, and other interested taxpayer-oriented groups, develop a plan to reduce the time required to resolve petitions for redetermination and claims for refunds. The plan shall include determination of standard timeframes and special review of cases
which take more time than the appropriate standard timeframe.

55329. Procedures of the board, relating to appeals staff review conferences before a staff attorney or supervising tax auditor independent of the assessing department, shall include all of the following:

(a) Any conference shall be held at a reasonable time at a board office that is convenient to the taxpayer.

(b) The conference may be recorded only if prior notice is given to the taxpayer and the taxpayer is entitled to receive a copy of the recording.

(c) The taxpayer shall be informed prior to any conference that he or she has a right to have present at the conference his or her attorney, accountant, or other designated agent.

55330. (a) Every taxpayer is entitled to be reimbursed for any reasonable fees and expenses related to a hearing before the board if all of the following conditions are met:

(1) The taxpayer files a claim for the fees and expenses with the State Board of Control.

(2) The board, in its sole discretion, finds that the action taken by the board staff was unreasonable.

(3) The board makes a recommendation to the State Board of Control that the taxpayer be awarded a specific amount of fees and expenses related to the hearing, which shall be determined by the board.

(4) The State Board of Control concurs with the recommendation and orders the board to provide reimbursement of fees and expenses to the taxpayer.

(b) To determine whether the board staff has been unreasonable, the board shall consider whether the taxpayer has established that the position of the board staff was not substantially justified.

(c) The amount of reimbursed fees and expenses shall be limited to the following:

(1) Fees and expenses incurred after the date of filing petitions for redetermination and claims for refund.

(2) If the board finds that the staff was unreasonable with respect to certain issues but reasonable with respect to other issues, the amount of reimbursed fees and expenses shall be limited to those that relate to the issues where the staff was found unreasonable.

55331. (a) An officer or employee of the board acting in connection with any law administered by the board shall not knowingly authorize, require, or conduct any investigation of, or surveillance over, any person for nontax administration related purposes.

(b) Any person violating subdivision (a) shall be subject to disciplinary action in accordance with the State Civil Service Act, including dismissal from office or discharge from employment.

(c) This section shall not apply with respect to any otherwise lawful investigation concerning organized crime activities.

(d) The provisions of this section are not intended to prohibit,
restrict, or prevent the exchange of information where the person is being investigated for multiple violations which include hazardous substances tax violations.

(e) For the purposes of this section:

(1) "Investigation" means any oral or written inquiry directed to any person, organization, or governmental agency.

(2) "Surveillance" means the monitoring of persons, places, or events by means of electronic interception, overt or covert observations, or photography, and the use of informants.

55332. The board’s executive officer or his or her designee may settle any tax matter disputes involving a disputed tax liability of five thousand dollars ($5,000) or less. The settlement shall be approved by the State Board of Control, and the terms of the settlement shall be available to the public. The Auditor General shall, on a periodic basis, monitor agreements made pursuant to this section and report his or her findings to the Legislature.

55333. (a) The board shall release any levy or notice to withhold issued pursuant to this part on any property in the event of any of the following:

(1) The expense of the sale process exceeds the liability for which the levy is made.

(2) The Taxpayers’ Rights Advocate orders the release of the levy or notice to withhold upon his or her finding that the levy or notice to withhold threatens the health or welfare of the taxpayer or his or her spouse and dependents or family.

(b) The board shall not sell any seized property until it has first notified the taxpayer in writing of the exemptions from levy under Chapter 4 (commencing with Section 703.010) of Title 9 of the Code of Civil Procedure.

(c) This section shall not apply to the seizure of any property as a result of a jeopardy assessment.

55334. Exemptions from levy under Chapter 4 (commencing with Section 703.010) of Title 9 of the Code of Civil Procedure shall be adjusted for purposes of enforcing the collection of debts under this part to reflect changes in the California Consumer Price Index whenever the change is more than 5 percent higher than any previous adjustment.

55335. (a) A taxpayer may file a claim with the board for reimbursement of bank charges incurred by the taxpayer as the direct result of an erroneous levy or notice to withhold by the board. Bank charges include a financial institution's customary charge for complying with the levy or notice to withhold instructions and reasonable charges for overdrafts that are a direct consequence of the erroneous levy or notice to withhold. The charges are those paid by the taxpayer and not waived for reimbursement by the financial institution. Each claimant applying for reimbursement shall file a claim with the board that shall be in a form as may be prescribed by the board. In order for the board to grant a claim, the board shall determine that both of the following conditions have been satisfied:
(1) The erroneous levy or notice to withhold was caused by board error.

(2) Prior to the levy or notice to withhold, the taxpayer responded to all contacts by the board and provided the board with any requested information or documentation sufficient to establish the taxpayer's position. This provision may be waived by the board for reasonable cause.

(b) Claims pursuant to this section shall be filed within 90 days from the date of the levy or notice to withhold. Within 30 days from the date the claim is received, the board shall respond to the claim. If the board denies the claim, the taxpayer shall be notified in writing of the reason or reasons for the denial of the claim.

55336. (a) At least 30 days prior to the filing or recording of liens under Chapter 14 (commencing with Section 7150) or Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of the Government Code, the board shall mail to the taxpayer a preliminary notice. The notice shall specify the statutory authority of the board for filing or recording the lien, indicate the earliest date on which the lien may be filed or recorded, and state the remedies available to the taxpayer to prevent the filing or recording of the lien. In the event tax liens are filed for the same liability in multiple counties, only one preliminary notice shall be sent.

(b) The preliminary notice required by this section shall not apply to jeopardy determinations issued under Article 4 (commencing with Section 55101) of Chapter 3.

(c) If the board determines that filing a lien was in error, it shall mail a release to the taxpayer and the entity recording the lien as soon as possible, but not later than seven days, after this determination and receipt of lien recording information. The release shall contain a statement that the lien was filed in error. In the event the erroneous lien is obstructing a lawful transaction, the board shall immediately issue a release of lien to the taxpayer and the entity recording the lien.

(d) When the board releases a lien erroneously filed, notice of that fact shall be mailed to the taxpayer and, upon the request of the taxpayer, a copy of the release shall be mailed to the major credit reporting companies in the county where the lien was filed.

55337. (a) If any officer or employee of the board recklessly disregards board-published procedures, a taxpayer aggrieved by that action or omission may bring an action for damages against the State of California in superior court.

(b) In any action brought under subdivision (a), upon finding of liability on the part of the State of California, the state shall be liable to the plaintiff in an amount equal to the sum of all of the following:

(1) Actual and direct monetary damages sustained by the plaintiff as a result of the actions or omissions.

(2) Reasonable litigation costs, including any of the following:
   (A) Reasonable court costs.
   (B) Prevailing market rates for the kind or quality of services
furnished in connection with any of the following:

(i) The reasonable expenses of expert witnesses in connection with the civil proceedings, except that no expert witness shall be compensated at a rate in excess of the highest rate of compensation for expert witnesses paid by the State of California.

(ii) The reasonable cost of any study, analysis, engineering report, test, or project that is found by the court to be necessary for the preparation of the party’s case.

(iii) Reasonable fees paid or incurred for the services of attorneys in connections with the civil proceeding, except that those fees shall not be in excess of seventy-five dollars ($75) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding, justifies a higher rate.

(c) In the awarding of damages under subdivision (b), the court shall take into consideration the negligence or omissions, if any, on the part of the plaintiff which contributed to the damages.

(d) Whenever it appears to the court that the taxpayer’s position in the proceeding brought under subdivision (a) is frivolous, the court may impose a penalty against the plaintiff in an amount not to exceed ten thousand dollars ($10,000). A penalty so imposed shall be paid upon notice and demand from the board and shall be collected as a tax imposed under this part.

CHAPTER 7. VIOLATIONS

55361. Any person who refuses to furnish any return or report required to be made, or who refuses to furnish a supplemental return or other data required by the board, is guilty of a misdemeanor and subject to a fine not to exceed five hundred dollars ($500) for each offense.

55362. Any person who knowingly or willfully files a false return or report with the board, and any person who refuses to permit the board or any of its authorized representatives to make any inspection or examination for which provision is made in this part, or who fails to keep any records prescribed by the board, or who fails to preserve the records for the inspection of the board for the time that the board deems necessary, or who alters, cancels, or obliterates entries in the records for the purpose of falsifying the records, is guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars ($100) or more than one thousand dollars ($1,000), by imprisonment in the county jail for not less than one month or more than six months, or by both.

55363. Any person who willfully evades or attempts in any manner to evade or defeat the payment of the fee imposed by this part is guilty of a felony punishable by imprisonment in the state prison for 16 months, 2, or 3 years and a fine of not more than five thousand dollars ($5,000).

55364. Every person convicted for a violation of any provision of
this part for which another penalty or punishment is not specifically provided for in this part is guilty of a misdemeanor and shall be punished by a fine of not more than five hundred dollars ($500), by imprisonment in the county jail for not more than six months, or by both.

55365. Any prosecution for violation of any provision of this part shall be instituted within three years after the commission of the offense.

**CHAPTER 8. DISCLOSURE OF INFORMATION**

55381. (a) The board shall provide any and all information obtained under this part to the State Department of Health Services.

(b) The State Department of Health Services and the board may utilize any information obtained pursuant to this part to develop data on the treatment, storage, or distribution of water.

(c) It shall be unlawful for the board, or any person having an administrative duty under this part to make known, in any manner whatsoever, the business affairs, operations, or any other information pertaining to a feepayer which was submitted to the board in a report or return required by this part, or to permit any report or copy thereof to be seen or examined by any person not expressly authorized by subdivision (a) and this subdivision. However, the Governor may, by general or special order, authorize examination of the records maintained by the board under this part by other state officers, by officers of another state, by the federal government, if a reciprocal arrangement exists, or by any other person. The information so obtained pursuant to the order of the Governor shall not be made public except to the extent and in the manner that the order may authorize that it be made public.

(d) Notwithstanding subdivision (c), the successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information regarding the determination of any unpaid fees or the amount of the fees, interest, or penalties required to be collected or assessed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
CHAPTER 408

An act to amend Section 10012 of the Elections Code, relating to elections.

Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 10012 of the Elections Code is amended to read:

10012. (a) Each candidate for nonpartisan elective office in any local agency, including any city, county, city and county or district, may prepare a candidate's statement on an appropriate form provided by the clerk. The statement may include the name, age and occupation of the candidate and a brief description of no more than 200 words, of the candidate's education and qualifications expressed by the candidate himself or herself. However, the governing body of the local agency may authorize an increase in the limitations on words for the statement from 200 to 400 words. The statement shall not include the party affiliation of the candidate, nor membership or activity in partisan political organizations. The statement shall be filed in the office of the clerk when his or her nomination papers are returned for filing, if it is for a primary election, or for an election for offices for which there is no primary. The statement shall be filed in the office of the clerk no later than the 88th day before the election, if it is for an election for which nomination papers are not required to be filed. If a runoff election or general election occurs within 88 days of the primary or first election, the statement shall be filed with the clerk by the third day following the governing body's declaration of the results from the primary or first election. Except as provided in Section 10012.3, the statement may be withdrawn, but not changed, during the period for filing nomination papers and until 5 p.m. of the next working day after the close of the nomination period.

(b) The clerk shall send to each voter together with the sample ballot, a voter's pamphlet which contains the written statements of each candidate that is prepared pursuant to this section. The statement of each candidate shall be printed in type of uniform size and darkness, and with uniform spacing. The clerk shall provide a Spanish translation to those candidates who wish to have one, and shall select a person to provide that translation from the list of approved Spanish language translators and interpreters of the superior court of the county or from an institution accredited by the Western Association of Schools and Colleges.

(c) The local agency may estimate the total cost of printing, handling, translating, and mailing the candidate's statements filed pursuant to this section, including costs incurred as a result of
complying with the Voting Rights Act of 1965, as amended, and may require each candidate filing a statement to pay in advance to the local agency his or her estimated pro rata share as a condition of having his or her statement included in the voter's pamphlet. In the event the estimated payment is required, the receipt for the payment shall include a written notice that the estimate is just an approximation of the actual cost that varies from one election to another election and may be significantly more or less than the estimate, depending on the actual number of candidates filing statements. Accordingly, the clerk is not bound by the estimate and may, on a pro rata basis, bill the candidate for additional actual expense or refund any excess paid depending on the final actual cost. In the event of underpayment, the clerk may require the candidate to pay the balance of the cost incurred. In the event of overpayment, the clerk shall prorate the excess amount among the candidates and refund the excess amount paid within 30 days of the election.

(d) Nothing in this section shall be deemed to make any such statement or the authors thereof free or exempt from any civil or criminal action or penalty because of any false, slanderous or libelous statements offered for printing or contained in the voter's pamphlet.

(e) Before the nominating period opens, the local agency for that election shall determine whether a charge shall be levied against that candidate for the candidate's statement sent to each voter. This decision shall not be revoked or modified after the seventh day prior to the opening of the nominating period. A written statement of the regulations with respect to charges for handling, packaging, and mailing shall be provided to each candidate or his or her representative at the time he or she picks up the nomination papers.

(f) For purposes of this section, and Section 10012.5, the board of supervisors shall be deemed the governing body of judicial elections.

CHAPTER 409

An act to amend Section 18437 of the Financial Code, relating to financial institutions.

[Approved by Governor August 1, 1992.Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 18437 of the Financial Code is amended to read:

18437. (a) Except as provided in subdivision (b), an industrial loan company shall not make loans to, or purchase any obligations from, persons who do not reside or have a place of business in the State of California, unless those loans or obligations comply with all of the following conditions:
(1) If the loan or obligation is unsecured, then only if the loan or obligation bears the unqualified written guaranty of a financially responsible person, considering the amount of the obligation, who resides or has a place of business in the State of California.

(2) If the documents and security for the loan or obligation and all records relating to the transaction are in California at the time the loan or obligation is made or acquired and are thereafter kept in California while the loan or obligation remains unsatisfied, except that where the security is aircraft, the security need not be in California at the time the loan or obligation is made or acquired, nor need it thereafter be held in California while the loan or obligation remains unsatisfied.

(b) Notwithstanding subdivision (a), an industrial loan company may make loans to, or purchase any obligations from, persons who do not reside or have a place of business in the State of California not to exceed 20 percent, in the aggregate, of a company's total assets. Upon application to and approval by the commissioner, an industrial loan company may increase its loans to, or purchases of, obligations from persons who do not reside or have a place of business in this state not to exceed 30 percent, in the aggregate, of a company's total assets. The application shall include all of the following information:

(1) A description of the company's proposed plan of business.

(2) The character, business qualifications, and other experience of the proposed officers and managers directing the line of business for which authorization is requested.

(3) Any other facts and circumstances bearing on the proposal that, as determined by the commissioner, may be relevant.

CHAPTER 410

An act to add Sections 5411.5 and 5412.5 to the Health and Safety Code, relating to sanitation.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 5411.5 is added to the Health and Safety Code, to read:

5411.5. (a) Any person who, without regard to intent or negligence, causes or permits any sewage or other waste, or the effluent of treated sewage or other waste to be discharged in or on any waters of the state, or discharged in or deposited where it is, or probably will be, discharged in or on any waters of the state, as soon as that person has knowledge of the discharge, shall immediately notify the local health officer or the director of environmental health of the discharge.
(b) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000), or imprisonment for less than one year, or both the fine and imprisonment.

(c) The notification required by this section shall not apply to a discharge authorized by law and in compliance with waste discharge requirements or other requirements established by the appropriate regional water quality control board or the State Water Resources Control Board.

SEC. 2. Section 5412.5 is added to the Health and Safety Code, to read:

5412.5. (a) Any person who, without regard to intent or negligence, causes or permits any sewage or other waste, or the effluent of treated sewage or other waste to be discharged in or on any waters of the state, or discharged in or deposited where it is, or probably will be, discharged in or on any waters of the state that may cause contamination of waters used for a water-contact sport, as defined in Section 24155, shall reimburse the local health officer or the director of environmental health for the necessary and actual costs incurred to mitigate the threat of contamination and to protect the health and safety of the public.

(b) The governing body of the county shall establish the amount of payment at a level sufficient to pay the necessary and reasonable costs incurred by the local health officer or environmental health director administering this section and Section 5411.5.

(c) For the purposes of this section "mitigate" includes, but is not limited to, actions taken by the local health officer or the director of environmental health in the affected tributaries and waters used for a water-contact sport to investigate the waste discharge, to collect and analyze water samples to determine the areas of contamination, to close or restrict use, to post closure signs, and to notify the public of closures or restrictions.

(d) This section shall not apply to discharge authorized by law and in compliance with waste discharge requirements or other requirements established by the appropriate regional water quality control board or the State Water Resources Control Board.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution as a result of costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for
reimbursement does not exceed one million dollars ($1,000,000),
reimbursement shall be made from the State Mandates Claims Fund.
Also, notwithstanding Section 17580 of the Government Code,
unless otherwise specified in this act, the provisions of this act shall
become operative on the same date that the act takes effect pursuant
to the California Constitution.

CHAPTER 411

An act to repeal and add Title 5.7 (commencing with Section 4760)
of Part 5 of Division 4 of the Civil Code, relating to family law, and
declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 1, 1992. Filed with
Secretary of State August 3, 1992 ]

The people of the State of California do enact as follows:

SECTION 1. Title 5.7 (commencing with Section 4760) of Part 5
of Division 4 of the Civil Code is repealed.
SEC. 2. Title 5.7 (commencing with Section 4760) is added to
Part 5 of Division 4 of the Civil Code, to read:

TITLE 5.7. FAMILY LAW PILOT PROJECTS

CHAPTER 1. GENERAL PROVISIONS

4760. The Legislature finds and declares that child and spousal
support are serious legal obligations. In addition, children are
frequently left in limbo while their parents engage in protracted
litigation concerning custody and visitation. The current system for
obtaining child and spousal support orders is suffering because the
family courts are unduly burdened with heavy case loads and
personnel insufficient to meet the needs of increased demands on
the courts.

The Legislature further finds and declares that there is a
compelling state interest in the development of a child and spousal
support system which is cost-effective and accessible to families with
middle or low incomes. The Legislature further finds and declares
that there is a compelling state interest in first implementing such
a system on a small scale.

The Legislature further finds and declares that there is a
compelling state interest in the development of a speedy,
conflict-reducing method of resolving custody and visitation
disputes.

Therefore, it is the intent of the Legislature in enacting this title
to provide a means for experimenting with and evaluating
procedural innovations with significant potential to improve the
California child and spousal support systems, and the system for mediation, evaluation, and litigation of custody and visitation disputes.

4761. The superior courts of the Counties of Santa Clara and San Mateo may conduct pilot projects pursuant to this title. Chapter 2 (commencing with Section 4763) shall govern the San Mateo County Pilot Project, and Chapter 3 (commencing with Section 4779) shall govern the Santa Clara County Pilot Project.

4762. The duration of the pilot projects shall be two years.

CHAPTER 2. SAN MATEO COUNTY PILOT PROJECT

4763. The San Mateo County Pilot Project shall apply to hearings on motions for temporary child support, temporary spousal support, and temporary health insurance issuable in proceedings under this part or Part 7 (commencing with Section 7000) of this code or under Chapter 4 (commencing with Section 540) of Title 7 of Part 2 of the Code of Civil Procedure, where at least one party is unrepresented by counsel.

4764. Motions for temporary orders under this title shall be heard as soon as practicable, consistent with the rules governing other civil actions.

4765. The court shall appoint a Family Law Evaluator, who shall be available to assist parties. By local rule the superior court may designate the duties of the Family Law Evaluator, which may include, but shall not be limited to, the following:

(a) Requiring litigants in actions which involve temporary child support, temporary spousal support, and temporary maintenance of health insurance in which at least one litigant is unrepresented, to meet with the Family Law Evaluator prior to the support hearing.

(b) Preparing support schedules based on standardized formulae accessed through existing up-to-date computer technology.

(c) Drafting stipulations to include all issues agreed to by the parties.

(d) Prior to, or at, any hearing pursuant to this chapter, reviewing the paperwork by the court, advising the judge whether or not the matter is ready to proceed, and making a recommendation to the court regarding child support, spousal support, and health insurance.

(e) Assisting the clerk in maintaining records.

(f) Preparing a formal order consistent with the court's announced oral order, unless one of the parties is represented by an attorney.

(g) Assisting the court with research and such other responsibilities which will enable the court to be responsive to the litigants' needs.

4766. The court shall provide the Family Law Evaluator at no cost to the parties.

4767. The clerk shall stamp all moving papers in which a party is not represented by counsel with a notice of a requirement to see the
Family Law Evaluator. The unrepresented party shall serve the stamped pleadings on the other party.

4768. The court shall adopt a protocol wherein all litigants, both unrepresented by counsel and represented by counsel, have ultimate access to a hearing before the court.

4769. The court may elect to publish a low-cost booklet describing this program.

4770. The Family Law Evaluator shall be an attorney, licensed to practice in this state.

4771. Orders for temporary support issued pursuant to this title shall comply with the uniform guidelines set forth in Title 5 (commencing with Section 4700) of this part and shall be based on the economic evidence supplied by the parties or otherwise available to the court.

4772. Where it appears from a party's application for an order under this title or otherwise in the proceedings that the custody of, or visitation with, a minor child is contested, the court shall set those issues for mediation pursuant to Section 4607. The pendency of the mediation proceedings shall not delay a hearing on any other matter for which a temporary order is required, including child support, and a separate hearing, if required, shall be scheduled respecting the custody and visitation issues following mediation in accordance with Section 4607. However, the court may grant a continuance for good cause shown.

4773. In a contested proceeding for temporary child or spousal support under this title, both the moving party and the responding party shall provide all of the following documents to the Family Law Evaluator, and to the court at the time of the hearing:

(a) Copies of the last two federal and state income tax returns filed.

(b) Paycheck stubs for all paychecks received in the four months immediately prior to the hearing.

4774. A party who fails to submit documents to the court as required by this section may, in the court's discretion, not be granted the relief that he or she has requested, or the court may impose evidentiary sanctions.

4775. The tax return submitted pursuant to this section may be reviewed by the other party. A party may be examined by the other party as to the contents of such a tax return.

4776. (a) Except as provided in subdivision (c):

(1) Nothing in this chapter shall be construed to apply to a child for whom services are provided or required to be provided by a district attorney pursuant to Section 11475.5 of the Welfare and Institutions Code.

(2) The court shall not hear or enter any order under this chapter in a matter involving such a child.

(b) Any order entered contrary to the provisions of subdivision (a) shall be void and without legal effect.

(c) For purposes of enabling a custodial parent receiving
assistance under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code to participate in a pilot project authorized by this chapter, the district attorney, upon the request of the custodial parent, may execute a limited waiver of the obligation or representation under Section 11475.1 of the Welfare and Institutions Code. These limited waivers shall be signed by both the district attorney and custodial parent and shall only permit the custodial parent to participate in the proceedings under this title. It is not the intent of the Legislature in enacting this section to limit the duties of district attorneys with respect to seeking child support payments or to in any way limit or supersede other provisions of this part respecting temporary child support.

4777. (a) The costs of the Family Law Evaluator, such staff as is necessary to assist the Family Law Evaluator, and the cost of the booklet describing the program, if any, shall be borne by an increase and an equalization of filing fees in San Mateo County to one hundred fifty dollars ($150) for all petitions for marital dissolution, annulment, and legal separation, and all first papers on behalf of respondents in actions for marital dissolution, annulment, and legal separation. Alternatively, the costs associated with this pilot program may be paid from other funding sources.

(b) A donation of computers, printers, software, and other equipment shall be solicited from existing hardware and software providers.

4778. (a) The presiding judge of the San Mateo County Superior Court, in conjunction with judges of the family law court and with attorneys practicing therein selected by the presiding judge, shall conduct a study of the effectiveness of the San Mateo Pilot Project in making the California child support system more equitable, responsive, cost-effective, and accessible, particularly to those with middle and low incomes, and shall make a report of its findings to the Legislature on or before July 1, 1994.

(b) The satisfaction of participating parties shall be determined by requiring litigants entering the pilot project to fill out a simple exit poll. The response of at least 70 percent of those questionnaires shall be analyzed by the Senate Office of Research to decide whether the program has been deemed satisfactory by the participants.

4778.5. (a) It is estimated that under the pilot project authorized by this chapter, approximately 2,200 litigants will be served annually and that the following savings will occur:

(1) The program would save 520 hours, or 65 days, of court time per year.

(2) There would be a concomitant saving of time by litigants due to the expedited proceedings and, in addition, there would be a saving to litigants of wages that would otherwise be lost due to time off from work.

(b) The estimated costs of the pilot project are as follows:

(1) The salaries of the family law evaluator and such staff as will be necessary for the evaluator to carry out his or her functions.
(2) The cost of a booklet, if any, describing the program.
(c) There would be no cost for the following:
(1) Computers, printers, or other equipment. This equipment is already available in the family law department.
(2) Training for the family law evaluator or his or her staff. They will be trained by already existing judicial personnel.

CHAPTER 3. SANTA CLARA COUNTY PILOT PROJECT

4779. The superior court of the County of Santa Clara may conduct a pilot project pursuant to this chapter.
4780. The duration of the pilot project shall be two years.
4781. The pilot project shall apply to all hearings, for temporary or permanent child or spousal support, modifications thereof, health insurance, custody, or visitation under this part or Part 7 (commencing with Section 7000).
4782. (a) Each and every hearing under Part 7 (commencing with Section 7000) or under this part in which child or spousal support is at issue, including related contempt matters, shall be set by the clerk of the court for hearing within 30 days of filing.
(b) At any hearing in which child or spousal support is at issue, each party, both moving and responding, shall bring to the hearing, copies of the last two federal and state income tax returns filed by the party and pay stubs from the last four full months immediately preceding the hearing received by the party, and shall serve those documents on the opposing party at least five days in advance of the hearing date. Willful failure to comply with these requirements or any of the requirements of this pilot project may result in a citation for contempt under Title 5 (commencing with Section 1209) of Part 3 of the Code of Civil Procedure, or in the court's discretion, the court may refuse to grant relief requested or may impose evidentiary sanctions on a party who fails to submit these documents. The clerk shall cause to be placed on the face sheet of any moving papers for child or spousal support at the time of filing, a notice informing the parties of the requirements of this section. The notice shall also inform the parties that prior to the hearing, they must meet with the Attorney Mediator pursuant to Section 4784. That meeting may occur in advance of the hearing dates by agreement of the parties, or on the day of the hearing.
(c) No continuance of any hearing involving child or spousal support shall be granted by a court without an order setting an interim support level unless the parties stipulate otherwise or the court finds good cause therefor.
4783. The court shall have the option of passing a local rule which suspends the use of the Income and Expense Declaration mandated by California Rule of Court 1285.50 in some or all proceedings during the pendency of the pilot project, provided that substitute forms are developed and adopted to solicit substantially the same information in a simplified format. The court may, notwithstanding the adoption
of a local form, require the use of the Income and Expense Declaration mandated by California Rule of Court 1285.50 in appropriate cases on the motion of either party or on the court's own motion.

4784. (a) An attorney, known as an Attorney Mediator, shall be hired to assist the court in resolving child and spousal support disputes and develop community outreach programs and to undertake other duties as assigned by the court.

(b) The Attorney Mediator shall be an attorney, licensed to practice in this state, with mediation or litigation experience or both in the field of family law.

(c) By local rule, the superior court may designate the duties of the Attorney Mediator, which may include, but shall not be limited to, the following:

(1) Meeting with litigants to mediate issues of child support, spousal support, and maintenance of health insurance. Actions in which one or both of the parties are unrepresented by counsel shall have priority.

(2) Preparing support schedules based on statutory guidelines accessed through existing up-to-date computer technology.

(3) Drafting stipulations to include all issues agreed to by the parties, which may include issues other than those specified in Section 4781.

(4) If the parties are unable to resolve issues with the assistance of the Attorney Mediator, prior to or at the hearing, and at the request of the court, the Attorney Mediator shall review the paperwork, examine documents, prepare support schedules, advise the judge whether or not the matter is ready to proceed.

(5) Assisting the clerk in maintaining records.

(6) Preparing formal orders consistent with the court's announced order in cases where both parties are unrepresented.

(7) Serving as a special master to hear proceedings and make findings to the court unless he or she has served as a mediator in that case.

(8) Assisting the court with research and such other responsibilities which will enable the court to be responsive to the litigants' needs.

(9) Developing programs for bar and community outreach through day and evening programs, videotapes, and other innovative means that will assist unrepresented and financially disadvantaged litigants in gaining meaningful access to Family Court. These programs shall specifically include information concerning under-utilized legislation, such as expedited temporary support orders (Section 4357.5), modification of support orders (Sections 4700.1 and 4801.9) and preexisting, court-sponsored programs, such as supervised visitation and appointment of attorneys for children.

(d) The court shall develop a protocol wherein all litigants, both unrepresented by counsel and represented by counsel, have ultimate
access to a hearing before the court.

4785. Orders for temporary support issued pursuant to this title shall comply with the uniform guidelines set forth in Title 5 (commencing with Section 4700) of this part and shall be based on the economic evidence supplied by the parties or otherwise available to the court.

4786. Upon motion by either party or on the court's own motion, any proceeding which would otherwise fall within this pilot project may by judicial order be exempted from its requirements.

4787. (a) Except as provided in subdivision (c):

(1) Nothing in this chapter shall be construed to apply to a child for whom services are provided or required to be provided by a district attorney pursuant to Section 11475.1 of the Welfare and Institutions Code.

(2) The court shall not hear or enter any order under this chapter in a matter involving such a child.

(b) Any order entered contrary to subdivision (a) shall be void and without legal effect.

(c) For purposes of enabling a custodial parent receiving assistance under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code to participate in a pilot project authorized by this chapter, the district attorney, upon the request of the custodial parent, may execute a limited waiver of the obligation of representation under Section 11475.1 of the Welfare and Institutions Code. These limited waivers shall be signed by both the district attorney and custodial parent and shall only permit the custodial parent to participate in the proceedings under this chapter. It is not the intent of the Legislature in enacting this section to limit the duties of district attorneys with respect to seeking child support payments or to in any way limit or supersede other provisions of this part respecting temporary child support.

4788. (a) In any case where either party has filed a motion regarding a custody or visitation dispute and has not yet scheduled an appointment for the mediation orientation class by the time of the hearing on the order to show cause, the court shall order all parties to go to Family Court Services that day to schedule an appointment. The mediation orientation shall be scheduled within 14 days. Mediation orientation shall be conducted by Family Court Services and shall include general information on the effect of separation and dissolution on children and parents, the developmental and emotional needs of children in those circumstances, time sharing considerations and various options concerning legal and physical custody of children, the effect of exposure to domestic violence and extreme conflict on children and parents, the nature of the mediation process and other Family Court Services procedures, and related community resources.

(b) After the mediation orientation, the parties may elect to utilize private mental health professionals, in which case the parties or the court may modify the fast track time guidelines provided for
in this section.

(c) If, after orientation, either party requests mediation, and both parties complete Family Court Services mediation petitions, an appointment shall be scheduled within four weeks after both petitions are submitted and both parties shall attend the mediation as scheduled.

(d) At the mediation, if the parties agree to all of the issues regarding custody or visitation, the mediator shall memorialize the agreement in writing, and shall mail copies of the document to the attorneys and parents. Unless written objections to the agreement are sent to Family Court Services within 20 days of mailing the agreement, it will be submitted to the court and become a court order. A copy of the order shall be sent with proof of service to the parties and attorneys by the Family Court.

(e) If mediation is completed and there are remaining disputes, the mediator shall write a memorandum of any partial agreement and shall outline the remaining disputes which shall be sent to the attorneys and parties acting in propria persona. The mediator shall refer the parties to the Early Resolution Project. The parties shall meet and confer within 14 days of the referral to determine if a solution can be formulated. If there are remaining issues to be settled after the meeting, an early resolution judicial conference shall be scheduled within 30 days of the request of either party.

(f) At the early resolution conference, the judge may take stipulations resolving the issues of custody or visitation. The judge may also request the staff of Family Court Services to provide assessments and expedited evaluations to be held on the same day as the conference, in which case the judge, upon stipulation of the parties, may also order a hearing as soon as the same day on the issues. The judge may also order counseling, a mental health special master, psychological testing, or an extended evaluation by Family Court Services or a private evaluator on some or all issues.

(g) When the court at the early resolution judicial conference orders an extended evaluation, the parties shall complete all paperwork, submit deposits to Family Court Services, or both, within five days of the early resolution judicial conference. An evaluator shall be assigned to the case within 10 days thereafter.

(h) Evaluation shall be completed within 60 days of assignment to the evaluator, and the evaluator shall submit a report and recommendations which include a proposed order resolving all disputed issues. This report shall be served by certified mail on the attorneys of record, or on the parties if they are appearing in propria persona. If there are objections to the proposed order, the parties shall file written objections, meet with the evaluator within 30 days of service of the report, and serve a copy of the order on Family Court Services within the 30-day period. If a stipulation is reached, it shall be filed with the court. If a dispute remains, a judicial settlement conference shall be scheduled within 14 days of the meeting with the evaluator. Parties, counsel, and the evaluator shall
be present at this judicial settlement conference. If there is no resolution at this settlement conference, a trial shall be set within 30 days from the settlement conference by the settlement conference judge. If no objections are filed, Family Court Services shall file the proposed order with the court, and it shall become the court's order.

(i) For good cause shown, all deadlines in this section may be altered by the court.

4789. (a) The costs of the pilot project shall be borne by an equalization of filing fees in Santa Clara County for all petitions for marital dissolution, annulment, and legal separation, and all first papers on behalf of respondents in actions for marital dissolution, annulment, and legal separation and by equalization of filing fees for motions and responsive pleadings.

(b) A donation of computers, printers, software, and other equipment shall be solicited from existing hardware and software providers.

(c) The court shall administer funds for the various components of the pilot program.

4790. The court may elect to publish a low-cost booklet describing the program.

4791. The court shall centralize, augment, and coordinate all presently existing programs under the court’s supervision which relate to children, including, but not limited to, mental health special masters, appointment of attorneys for children, supervised visitation, and other supporting personnel.

4792. (a) The presiding judge of the Santa Clara County Superior Court, in conjunction with judges of the family law court and with attorneys practicing therein selected by the presiding judge, shall conduct a study of the effectiveness of the Santa Clara County Pilot Project in making the California child and spousal support system more equitable, responsive, cost-effective, and accessible, particularly to those with middle and low incomes, and the effectiveness of the pilot project in expediting resolution and reducing conflict in custody and visitation disputes, and shall make a report of its findings to the Legislature on or before July 1, 1994.

(b) The satisfaction of participating parties shall be determined by requiring litigants entering the pilot project to fill out a simple exit poll. The response of at least 70 percent of those questionnaires shall be analyzed by the Senate Office of Research to determine whether the program has deemed satisfactory by the participants.

4793. (a) It is estimated for Santa Clara County's participation in the pilot project authorized by this chapter, that 4,000 litigants will be served annually, and that the following savings will occur:

(1) With an estimated 20 percent reduction in the use of court time over the current system, the county would save approximately 178 hours per year of court time, or approximately 22 workdays per year.

(2) With an estimated cost savings in incomes of judges, court reporters, clerks, bailiffs, and sheriffs, the project is expected to save
approximately twenty thousand dollars ($20,000) per year. Cases involving child support obligations which the district attorney's office was required to handle in one participating county, for the 1989–90 fiscal year, number 2,461. The average time spent on a typical child support order is approximately five hours. There is a potential of 12,500 man-hours per year that could be saved, resulting in a savings of three hundred sixty-seven thousand eight hundred seventy-five dollars ($367,875) per year in attorney salaries alone. This does not take into consideration costs for documents, filing, and other district attorney personnel.

(3) The average savings personally to litigants who otherwise would require private representation would be from fifty dollars ($50) to two hundred fifty dollars ($250) per hour of court time and other preparation work.

(b) The satisfaction of participating parties will be determined by requiring the litigants using the pilot project to fill out a simple exit poll. The response of at least 70 percent of those questionnaires will be analyzed to decide whether the program has been deemed satisfactory by the participants.

(c) The estimated cost of the program is as follows:

(1) The estimated salary for an Attorney-Mediator is sixty thousand dollars ($60,000) to sixty-five thousand dollars ($65,000) per year, plus an additional 25 percent of salary to cover the costs of benefits for that position. In addition, there may be other costs connected with this position for support staff at the court.

(2) The costs of exit polling and any informational materials to be handed out to the public by the Attorney-Mediator is undetermined and cannot be estimated.

(d) The estimated income to cover the costs of this program will be as follows:

(1) There are approximately 10,000 dissolution of marriage petitions filed in Santa Clara County each year. Of those cases, approximately one-third of them have responses filed. At the present time, it costs one hundred sixty-five dollars ($165) to have a petition for dissolution of marriage filed and one hundred twenty-seven dollars ($127) to have a response filed, for a cost differential of thirty-eight dollars ($38). By equalizing the response fee with the petition fee, income generated would be approximately one hundred twenty-five thousand four hundred dollars ($125,400) per year. This does not include the cost of fourteen dollars ($14) for each responsive declaration filed to a motion or order to show cause, the annual number of which is significantly greater than 3,300. It is estimated that an additional fifty thousand dollars ($50,000) per year could be generated by equalizing the responsive fees to a motion or order to show cause with the filing of those motions. These fees generated would more than offset the costs of the program.

(2) It is also anticipated that the Attorney-Mediator will develop public information and outreach programs which will be paid for by any excess revenue generated from the pilot project and ultimately
will result in savings to the public and the court. The public will save by not having to pay attorneys for certain information regarding child support matters, and the court will save by not having to educate the public from the bench, thus expediting the handling of support and custody cases.

(e) The cost of computers, printers, and other equipment will be defrayed by contributions.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to improve the California child and spousal support systems and to expedite resolution of disputes regarding the custody and visitation of children, it is necessary that this act takes effect immediately.

CHAPTER 412

An act to add Section 27470.5 to the Government Code, relating to autopsies.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 27470.5 is added to the Government Code, to read:

27470.5. Any county with a population under 250,000 that has elected to implement a trauma care system plan pursuant to Section 1797.257 of the Health and Safety Code may charge any actual costs incurred in the performance of an autopsy upon a person who was a resident of another county to the county of origin of that person. Nothing in this section shall be construed to restrict the jurisdiction of the county coroner or medical examiner in the county performing the autopsy over any inquiry or investigation into the cause of death.
of that person.

CHAPTER 413

An act to amend Section 53 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 53 of the Revenue and Taxation Code is amended to read:
53. (a) Except as provided in subdivision (b), the initial base year value for fruit and nut trees and grapevines subject to exemption pursuant to subdivision (i) of Section 3 of Article XIII of the California Constitution shall be the full cash value of those properties as of the lien date of their first taxable year.

(b) A county board of supervisors may, after consultation with affected local agencies within the county's boundaries, provide by ordinance that the initial base year value for replacement grapevines that are planted to replace grapevines less than 15 years of age that were removed solely as a result of phylloxera infestation, as certified in writing by the county agricultural commissioner, shall be the base year value of the removed vines factored to the lien date of the first taxable year of the replacement vines. The base year replacement value is limited to grapevines that are substantially equivalent to the vines that were replaced, and are planted on the same parcel as the replaced vines. For purposes of this subdivision, vines are substantially equivalent to vines replaced if the vines are a similar type and are planted at a similar density.

CHAPTER 414

An act to amend Sections 8396 and 8397 of, and to add and repeal Sections 8046.1 and 8399.5 of, the Fish and Game Code, relating to fish, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

(b) This section shall become inoperative on April 1, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 8396 of the Fish and Game Code is amended to read:

8396. (a) The owner or operator of a commercial fishing vessel and all divers taking sea cucumbers for commercial purposes shall obtain a sea cucumber permit and shall be in possession of the permit when engaged in those activities.

(b) To qualify for a permit an applicant shall meet both of the following criteria:

(1) Prove to the director's satisfaction that the applicant landed a minimum of 50 pounds of sea cucumbers during any calendar year, or portion thereof, from January 1, 1988, to June 30, 1991, inclusive.

(2) Landings used to qualify applicants for sea cucumber permits shall have been reported to the department as required by Section 8043, with the name of the applicant shown on the receipt.

(c) In order to renew a sea cucumber permit, an applicant shall have been issued a sea cucumber permit in the immediately preceding year.

(d) Permits are nontransferable. Not more than one permit shall be issued to any person.

The person shall provide proof of the construction or conversion work based on the submission of documents satisfactory to the department, which may include, but
not be limited to, cancelled checks, receipts, and contracts, that substantiate the claimant's appeal. The appeal shall be in a form prescribed by the department. Appeals that are postmarked or presented after April 1, 1993, shall not be considered.

(j) This section shall remain in effect only until January 1, 1995, and on that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 3. Section 8397 of the Fish and Game Code is amended to read:

8397. (a) The owner or operator of a commercial fishing vessel taking hagfish for commercial purposes shall obtain a hagfish permit and shall be in possession of the permit when engaged in those activities.

(b) The department shall issue permits to the owner or operator of a currently registered commercial fishing vessel.

(f) Each permittee shall complete and submit an accurate record of all hagfish fishing activities on forms provided by the department.

(1) Hagfish may only be taken with traps, subject to Article 1 (commencing with Section 9000) of Chapter 4 except that a hagfish fisherman operating under a hagfish permit is not required to possess a general trap permit pursuant to Section 9001.

(2) The number of traps that may be possessed aboard and used by any fishing vessel operating under a hagfish permit shall not exceed 1,200 Korean traps or 300 of any other type of trap. No fishing vessel operating under a hagfish permit may possess both Korean traps and other types of traps aboard the vessel at the same time. As used in this paragraph, "Korean trap" means a molded plastic cylinder, not exceeding 6 inches in diameter and 24 inches in length.

(g) Permitholders, their agents or employees, or those acting under their direction or control, shall comply with all applicable provisions of this code relating to commercial fishing, and any regulations adopted pursuant thereto.

(h) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 4. Section 8399.5 is added to the Fish and Game Code, to read:

8399.5. (a) In district 16 and those portions of district 17 south of a line running 252 degrees magnetic north from the Moss Landing Harbor entrance, it is unlawful to engage in the following activities:

(1) Take squid that have been attracted by light displayed from another boat.
(2) Operate or be on board any boat that is displaying light and, is either attracting squid or has attracted squid within the preceding 12-hour period, when the squid are taken other than by the persons on board the boat displaying the light.

(b) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to be effective in the next fishing season, it is necessary that this act take effect immediately.

CHAPTER 415

SECTION 1. Section 7286.30 of the Revenue and Taxation Code, as added by Chapter 259 of the Statutes of 1992, is amended to read:

7286.30. The Legislature hereby finds and declares that in the County of San Diego justice-related facilities are so inadequate as to significantly impede the administration of justice, that jail and court facilities are so overcrowded as to create a situation wherein persons who are a danger to society are required to be released into that society for lack of adequate facilities to house and prosecute them, and that law enforcement and crime prevention are so inadequately funded as to endanger the safety of persons and property in San Diego County. The Legislature further finds and declares that it is in the public interest to allow the voters to approve a special tax so that justice-related facility needs and law enforcement and crime prevention needs may be addressed in an expeditious and appropriate fashion.

SEC. 2. Section 7286.33 of the Revenue and Taxation Code, as added by Chapter 259 of the Statutes of 1992, is amended to read:

7286.33. The ordinance shall state the tax rate and may state a term during which the tax will be imposed. The ordinance shall state the appropriate requirements for voter approval pursuant to Section 7286.32. The ordinance may authorize the board of supervisors to reduce the tax rate to one-quarter of 1 percent at its discretion, if the
board determines that revenue from the reduced rate would be sufficient to fund the justice-related facility obligations incurred in connection with this act.

SEC. 3. Section 7286.34 of the Revenue and Taxation Code, as added by Chapter 259 of the Statutes of 1992, is amended to read:

7286.34. The board of supervisors shall have sole discretion to determine the specific activities and projects financed with revenues generated by the tax. However, those activities and projects shall be limited to the provision, construction, and operation of justice-related facilities, the funding of law enforcement and crime prevention projects and activities, the funding of the costs incurred by the county to conduct the election authorized by Section 7286.32, and the cost of any legal actions incurred by the county related to the tax.

SEC. 4. Section 2 of Chapter 259 of the Statutes of 1992 is amended to read:

Sec. 2. The Legislature finds and declares that a special law is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to unique circumstances with respect to the needs of, and funding sources for, justice-related facilities and law enforcement and crime prevention in the County of San Diego.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate justice-related facilities as soon as possible to house and prosecute persons who are a danger to society, and to provide adequate funding to meet law enforcement and crime prevention needs, it is necessary that this act take effect immediately.

replacement or repair of these devices, which do not exceed five hundred dollars ($500), and of orthotic devices which do not exceed two hundred fifty dollars ($250).

(2) The purpose of the pilot demonstration program shall be to evaluate the cost-effectiveness of the Medi-Cal program.

(b) (1) The department shall review the effectiveness of the pilot demonstration program implemented pursuant to subdivision (a) and report its conclusions to the appropriate committees of the Legislature by December 31, 1993.

(2) The review and report required by paragraph (1) may also consider the potential effectiveness of eliminating the use of treatment authorizations in the containment of Medi-Cal costs.

(c) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted prior to January 1, 1994, deletes or extends that date.

CHAPTER 417

student who is eligible to undergo the test or examination to do so, without penalty, at a time when that activity would not violate the student's religious creed. This requirement shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship that could not reasonably have been avoided. In any court proceeding in which the existence of an undue hardship that could not reasonably have been avoided is an issue, the burden of proof shall be upon the institution.

(b) The regents shall report to the Legislature, no later than July 1, 1993, regarding the actions taken to implement this section.

SECTION 1. Section 13555.2 is added to the Water Code, to read:

13555.2. The Legislature hereby finds and declares that many local agencies deliver reclaimed water for nonpotable uses and that the use of reclaimed water is an effective means of meeting the demands for new water caused by drought conditions or population increases in the state. It is the intent of the Legislature to encourage the design and construction of water delivery systems on private property that deliver water for both potable and nonpotable uses in separate pipelines.

SEC. 2. Section 13555.3 is added to the Water Code, to read:

13555.3. The people of the State of California do enact as follows:

SECTION 1. Section 1695.7 of the Labor Code is amended to read:

1695.7. (a) (1) Prior to entering into any contract or agreement to supply agricultural labor or services to an agricultural grower, every person acting in the capacity of a farm labor contractor shall first provide to the grower a copy of his or her current valid state license. A failure to do so is a violation of this chapter.

(2) In the event that the licensee or prospective licensee has fulfilled all the requirements for a license, but the Labor Commissioner has not been able to timely issue or renew a license, the Labor Commissioner shall issue to the person applying for a license, or renewal of a license, a letter of authorization permitting that person to operate or continue to operate as a farm labor contractor. For purposes of this section, a "valid state license" shall include such letter of authorization.

(3) No grower shall enter into a contract or agreement with a person who fails to provide a copy of his or her license, without first making reasonable inquiry, to ensure that the person possesses a valid license.
(4) If a contract or agreement entered into with a farm labor contractor extends beyond the expiration date of his or her license, or beyond the date contained in the letter of authorization to operate, the grower shall make reasonable inquiry of the contractor prior to each time he or she utilizes the licensee’s services after that date unless the contractor provides, in lieu thereof, a copy of his or her current valid license or a copy of a letter of authorization issued by the Labor Commissioner.

(b) A failure by the person acting as a farm labor contractor to provide a copy of the license to the agricultural grower shall not constitute a defense against liability under this section for an agricultural grower who subsequently fails to make reasonable inquiry about whether that person has a valid state license.

(c) (1) Any person who acts in the capacity of a farm labor contractor, as defined in this chapter, without first securing a license is guilty of a misdemeanor punishable by a fine of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000), or imprisonment in the county jail for not more than six months, or both, and is subject to other sanctions under this chapter, including subdivisions (b) and (c) of Section 1697.

(2) Any grower who enters into a contract or agreement in violation of this section, shall be subject to a civil action by an aggrieved worker for any claims arising from the contract or agreement that are a direct result of any violation of any state law regulating wages, housing, pesticides, or transportation committed by the unlicensed farm labor contractor. The court shall grant a prevailing plaintiff reasonable attorney’s fees and costs.

(3) Any aggrieved worker who, claims a violation of this section, may bring a civil action for injunctive relief and, upon prevailing, shall recover reasonable attorney’s fees and costs.

(d) As used in this section:

(1) “Reasonable inquiry” shall mean that, if the person acting in the capacity as a farm labor contractor does not provide an agricultural grower with a copy of his or her current valid license when required to do so, the agricultural grower shall inquire of, and inspect the license of, each such person prior to entering into any contract or agreement. The agricultural grower shall only be required to ascertain that the license presented is valid on its face.

(2) “Agricultural grower” means any person who owns or leases land used for the planting, cultivation, production, harvesting, or packing of any farm products, and includes a packing shed, whether or not he or she owns or leases the land, if he or she hires or uses persons acting as farm labor contractors.

The civil penalties provided for in this section are in addition to any other penalty provided by law. In enforcing this section, the Labor Commissioner shall take into consideration whether the violation was inadvertent, and in his or her discretion, may decide not to penalize an employer for a first violation when that violation was due to a clerical error or inadvertent mistake.

CHAPTER 425

An act relating to school funding.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) Financing for the kindergarten to grade 12 education system in California constitutes a multibillion dollar budget comprised of state, local, federal, and state lottery funds. School funding from all sources in the 1991-92 fiscal year is nearly $27 billion, with General Fund moneys comprising 61 percent, or $16.5 billion of that amount.
(b) The current principal apportionment system of certifications that allocates and distributes funds from state budget appropriations to 58 county offices of education and to 1,012 school districts was established by statute in 1963 and is in need of comprehensive review and improvement.

(c) The financing of the state public school system is a complex matter. The principal apportionment system of certifications has created a process that is cumbersome for both local educational agencies and the State Department of Education to effectively implement. In addition, the lack of synchronization with the state budget process makes it difficult for the Governor and the Legislature to receive the data necessary to make timely kindergarten to grade 12 budgetary decisions.

(d) In order to simplify and streamline the principal apportionment system of certifications, it is the intent of the Legislature to require the State Department of Education to review, evaluate, and submit recommendations for improvements in the current system.

(e) The improvement of the current system should be designed to result in a reduction in reporting requirements for local educational agencies and the department and to provide reliable data to the Governor and the Legislature during the state budget process.

SEC. 2. The State Department of Education shall develop a plan to streamline the principal apportionment system of certifications for submission to the Legislature on or before March 15, 1993, in order to allow for the implementation of the revised system in the 1993–94 fiscal year through appropriate legislation. The areas to be examined by the department for possible elimination, consolidation, or revision shall include, but not be limited to, the advance apportionment, the first principal apportionment (P-1), the second principal apportionment (P-2), and the annual apportionment.

The department shall ensure that the plan submitted to the Legislature is revenue neutral to the General Fund. In developing the plan, the Superintendent of Public Instruction shall consult representatives of county offices of education, school districts, educational organizations and associations, the Legislature, the Department of Finance, and the Office of the Legislative Analyst.
An act to repeal and add Section 13609 of, and to repeal Sections 13610, 13611, and 13612 of, the Water Code, relating to water.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 13609 of the Water Code is repealed.
SEC. 2. Section 13609 is added to the Water Code, to read:
13609. The money in the State Clean Water Grants Administration Revolving Fund is transferred to the State Clean Water Fund to pay, upon appropriation, for administrative costs relating to adjustments of grant processing fees paid pursuant to this chapter.
SEC. 3. Section 13610 of the Water Code is repealed.
SEC. 4. Section 13611 of the Water Code is repealed.
SEC. 5. Section 13612 of the Water Code is repealed.

8025.1. (a) In addition to the causes for discipline or denial of certification set forth in Section 8025, the board may suspend or revoke any certificate, or deny certification, on any of the following grounds:

(1) That the applicant or licensee is incapable of performing the duties of a certified shorthand reporter due to physical or mental infirmity or incapacity.

(2) That the applicant or licensee is unable to perform the duties of a certified shorthand reporter due to the abuse of chemical substances or alcohol.
(b) For purposes of determining the existence or nonexistence of grounds for denial, suspension, or revocation of a license as set forth in this section, the board may, based upon a reasonable belief that grounds exist, require the applicant or licensee to submit to a physical or mental examination or examinations by a licensed physician as designated by the board. Failure to submit to or to schedule a physical or mental examination within 10 days of written demand by the board shall result in the automatic suspension of any license or the denial of any application. The denial of an application on any of the grounds set forth in this section shall be subject to Sections 11504 and 11504.5 of the Government Code. The licensee may request a hearing to contest an automatic suspension of licensure under this section by sending a written request for hearing to the offices of the board within 12 days of the date that the board mails a notice of suspension to the licensee. If a hearing is requested, it shall be convened within 30 days after the receipt by the board of the written request for the hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The sole issue for determination in the hearing, whether for denial or suspension of license, shall be whether the licensee failed or refused to submit to the physical or mental examination after being duly ordered to do so by the board. Evidence that the licensee has, since the date of automatic suspension, submitted to a mental or physical examination shall be considered as mitigation of any failure or refusal to comply with the board's order, and may, in the sound discretion of the administrative law judge, constitute cause to set aside any automatic suspension. A decision shall be rendered by the administrative law judge within 10 days of the hearing and shall constitute the final determination as to the continuing status of any automatic suspension.

(c) Following a physical or mental examination pursuant to subdivision (b), the physician conducting the examination shall determine whether the applicant or licensee is incapable of performing the duties of a certified shorthand reporter due to physical or mental infirmity or incapacity, or whether the applicant or licensee is unable to perform the duties of a certified shorthand reporter due to the abuse of chemical substances or alcohol. Where a medical determination is made that an impairment exists, and the finding is reported to the board, the board shall deny any application and any license shall be automatically suspended. The denial of an application on these grounds shall be subject to Sections 11504 and 11504.5 of the Government Code. The licensee may request a hearing to contest an automatic suspension of licensure under this section by sending a written request for hearing to the offices of the board within 12 days of the date that the board mails a notice of suspension to the licensee. If a hearing is requested, it shall be convened within 30 days after the receipt by the board of the written request for hearing. The hearing shall be conducted in accordance
with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The sole issue for determination in the hearing, whether for denial or suspension of license, shall be whether the applicant or licensee is incapable of performing the duties of a certified shorthand reporter due to physical or mental infirmity or incapacity, or whether the applicant or licensee is unable to perform the duties of a certified shorthand reporter due to the abuse of chemical substances or alcohol.

(d) For purposes of the hearing conducted pursuant to subdivision (c), the applicant or licensee shall, at a minimum, have the following rights:

(1) To be represented by counsel.
(2) To have a record made of the proceedings, copies of which may be obtained by the applicant or licensee upon payment of any reasonable charges associated with the record.
(3) To call, examine, and cross-examine witnesses.
(4) To present and rebut evidence determined to be relevant.
(5) To present oral argument.

(e) The statutory period governing reapplication for licensure following denial of the application as set forth in Section 486 shall not apply to licenses denied under this section.

SEC. 7. Section 17770 of the Business and Professions Code is amended to read:

17770. All fees and penalties and all receipts of any kind and nature received under the provisions of this chapter, shall be paid into the State Treasury and shall be credited to the State Corporations Fund.

SEC. 8. Section 19549.9 of the Business and Professions Code is amended to read:

19549.9. Notwithstanding subdivision (d) of Section 19531 and Section 19549, the board may allocate up to 10 additional weeks of harness racing to the Los Angeles County Fair, or its lessee, to be raced at the fairgrounds in Pomona.

SEC. 9. Section 56.10 of the Civil Code is amended to read:

56.10. (a) No provider of health care shall disclose medical information regarding a patient of the provider without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.
(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.
(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.
(4) By a board, commission, or administrative agency pursuant to
an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(5) By an arbitrator or arbitration panel, when arbitration is lawfully requested by either party, pursuant to a subpoena duces tecum issued under Section 1282.6 of the Code of Civil Procedure, or any other provision authorizing discovery in a proceeding before an arbitrator or arbitration panel.

(6) By a search warrant lawfully issued to a governmental law enforcement agency.

(7) When otherwise specifically required by law.

(c) A provider of health care may disclose medical information as follows:

(1) The information may be disclosed to providers of health care or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission between emergency medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient’s eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider as necessary to assist the other provider in obtaining payment for health care services rendered by that provider to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way which would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, or to licensed health care service plans, or to professional standards review organizations, or to utilization and quality control peer review organizations as established by Congress in Public Law
97-248 in 1982, or to persons or organizations insuring, responsible for, or defending professional liability which a provider may incur, if the committees, agents, plans, organizations, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner’s office.

(7) The information may be disclosed to public agencies, clinical investigators, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way which would permit identification of the patient.

(8) A provider of health care that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee’s employer that part of the information which:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided it may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient’s fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy which the patient seeks coverage by or benefits from, if the information was created by the provider of health care as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a group practice prepayment health care service plan by providers which contract with the plan and may be transferred among providers which contract with the plan, for the purpose of administering the plan.
Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent.

(13) When the disclosure is otherwise specifically authorized by law.

SEC. 10. Section 224.50 of the Civil Code is amended to read:

224.50. (a) Notwithstanding the time limits of Section 224.44, if the person to be interviewed has been advised as provided in subdivision (b) and if there is no serious question about the suitability of the prospective adoptive family as provided in subdivision (c), the department or a delegated county adoption agency shall interview at the department or agency office any person willing to be interviewed from whom consent is required, within 10 working days of receiving a copy of the filed adoption petition and documentation that all of the following conditions have been met:

(1) The person from whom consent is required has been advised pursuant to subdivision (b).

(2) There is no serious question about the suitability of the prospective adoptive family as provided in subdivision (c).

(3) The department or the agency has received the name, address, and phone number of the person to be interviewed and the complete report of the assessment of the prospective adoptive family.

The department or the delegated county adoption agency may take the consent of the person to the adoption at this interview or subsequently.

(b) The advice required by subdivision (a) shall be given by a representative of the department or a full-service adoption agency or noncustodial adoption agency, as defined in Section 220.20, as specified in this subdivision prior to placement of the child for adoption. The advice shall include a balanced presentation of the alternatives to adoption, the right to obtain additional counseling, the right to retain separate legal counsel, the meaning of the consent to adoption, the right to future information about the status of the adoption, the needs of the child and the prospective adoptive parents for complete information on the background of the child, the content of the assessment of the prospective adoptive family, and other
information determined necessary by the department. The person giving the advice shall also collect information on the background of the child from the person being advised.

Each person advised pursuant to this subdivision shall be offered at least three separate counseling sessions, to be held on different days, except that this requirement does not apply to birth fathers from whom consent for the adoption is not required. Each counseling session shall be no less than 50 minutes' duration. The counseling may be provided by a representative of the department or a licensed adoption agency or by persons licensed to provide psychotherapy or counseling selected by the person. The counseling costs shall be paid by the prospective adoptive parents at the request of the birth parents. If counseling is requested prior to the placement of the child for adoption, it shall be initiated prior to the placement.

Confirmation that a person has been advised and has received counseling, if desired, as required by this subdivision, shall be documented by the department or by an agency as described in Section 220.20 on a form prescribed by the department.

If the person from whom consent is required decides to relinquish the child for adoption, rather than to consent to adoption of the child by the petitioners, the agency advising the birth parent or parents shall not accept the relinquishment of the child, except when there are no other licensed adoption agencies in the county acceptable to the birth parent or parents, in which case the advising agency still shall not accept a relinquishment sooner than five days after completion of the giving of that advice.

(c) The determination that there is no serious question about the suitability of the prospective adoptive family, as required by subdivision (a), shall be based on an assessment conducted by the department or by a licensed adoption agency. The assessment shall be completed or updated within 12 months before the placement of the child for adoption. The assessment shall include consideration of those factors required by the department in a study to determine whether the prospective adoptive family and its home are suitable for a child, except those factors regarding the adjustment of the child in the home. In addition to describing fully information collected in the assessment and the conclusions of the assessment, the report of the assessment shall specify the characteristics of a child which the family would adopt, including, but not limited to, age, sex, ethnicity, race, and special needs. The prospective adoptive parents and any person being advised pursuant to subdivision (b) shall be provided with a written summary of the report of the assessment.

If the assessment results in a determination that there is a serious question as to the suitability of the prospective adoptive family, or if the assessment is discontinued prior to completion because of such a question, the department or the adoption agency shall provide a report of the complete or incomplete assessment to the department. The department shall retain this report for 10 years for use in any assessment of the suitability of the family to adopt a child.
(d) Any relationship between an attorney and a licensed private adoption agency involved in providing advice, counseling, or assessment to any party in an adoption pursuant to subdivision (b), shall be disclosed in writing to any person from whom consent is required and to the prospective adoptive parents.

(e) No licensed private adoption agency is required to provide the advice and assessment services specified in subdivisions (b) and (c). However, if such an agency elects to provide these services, it shall provide both services. There is no requirement that prospective adoptive parents and birth parents use the same adoption agency for these services. If the agency has a policy that allows it to provide services only to members of specific groups, this policy shall be disclosed to families prior to the beginning of the assessment process.

(f) The department or the delegated county adoption agency shall perform the advice and assessment services specified in subdivisions (b) and (c) at no cost only in those cases where all of the following apply:

1. The prospective adoptive parents are seeking the assessment because of the intended placement of a specific child of an identified birth parent.
2. The advice and assessment services can be conducted prior to the placement of the child.
3. The department or the delegated county adoption agency can provide the services without delaying any mandated service.
4. The fees specified in subdivision (a) of Section 224.47 would be waived because they would cause economic hardship to the prospective adoptive parents and would be detrimental to the welfare of the adopted child as determined by the department.

(g) The department shall study the effect of the processes described in subdivisions (a) and (f), inclusive, on the child and the parties to the adoption. The study shall provide and evaluate comparative data using information regarding the factors specified in this subdivision, which shall cover a period prior to, and concurrent with, the implementation of this section for adoptions conducted under this section or pursuant to other statutory provisions. These factors include the number and percentage of birth parents actually receiving counseling, the number of petitions in which a birth parent seeks the withdrawal of consent to adoption, the number of occasions in which the birth parent's consent is not taken at the initial interview under provisions of this section and the reasons, the number of adoptions commenced and completed under this section and pursuant to other statutory provisions, the number of requests for return of a child by a birth parent after placement but before consent, the amount of time spent by the state in completing the home study, and the number of negative home studies presented to the court.

The Independent Adoption Preplacement Program authorized by this section shall be deemed to be successful if there is a 10 percent reduction in the number of withdrawals of consent to adoption in
cases commenced under this section, and if at least 25 percent of all
nonagency adoptions are commenced pursuant to this section at the
time the evaluation is completed.

The department shall report its findings to the Legislature on or
before January 1, 1993.

(h) The department may adopt emergency regulations in
accordance with Chapter 3.5 (commencing with Section 11340) of
Division 3 of Title 2 of the Government Code to implement this
section.

(i) This section shall remain in effect only until January 1, 1994,
and as of that date is repealed, unless a later enacted statute, which
is enacted before January 1, 1994, deletes or extends that date.

SEC. 11. Section 798.17 of the Civil Code is amended to read:

798.17. (a) Rental agreements meeting the criteria of
subdivision (b) shall be exempt from any ordinance, rule, regulation,
or initiative measure adopted by any local governmental entity
which establishes a maximum amount that a landlord may charge a
tenant for rent. The terms of such a rental agreement shall prevail
over conflicting provisions of such an ordinance, rule, regulation, or
initiative measure limiting or restricting rents in mobilehome parks
only during the term of the rental agreement or one or more
uninterrupted, continuous extensions thereof. If the rental
agreement is not extended and no new rental agreement in excess
of 12 months’ duration is entered into, then the last rental rate
charged for the space under the previous rental agreement shall be
the base rent for purposes of applicable provisions of law concerning
rent regulation, if any.

The first paragraph of a rental agreement entered into pursuant
to this section shall contain a provision notifying the homeowner that
the rental agreement will be exempt from any ordinance, rule,
regulation, or initiative measure adopted by any local governmental
entity which establishes a maximum amount that a landlord may
charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the
following criteria:

(1) The rental agreement shall be in excess of 12 months’
duration.

(2) The rental agreement shall be entered into between the
management and a homeowner for the personal and actual
residence of the homeowner.

(3) The homeowner shall have at least 30 days from the date the
rental agreement is first offered to the homeowner to accept or
reject the rental agreement.

(4) The homeowner who executes a rental agreement offered
pursuant to this section may void the rental agreement by notifying
management in writing within 72 hours of the homeowner’s
execution of the rental agreement.

(c) The homeowner shall have the option to reject the offered
rental agreement and instead accept a rental agreement for a term
of 12 months or less from the date the offered rental agreement begins. In the event the homeowner elects to have a rental agreement for a term of 12 months or less, including a month-to-month rental agreement, the rental agreement shall contain the same "rental charges" terms and conditions as the offered rental agreement during the first 12 months, except for options contained in the offered rental agreement to extend or renew the rental agreement.

(d) Nothing in subdivision (c) shall be construed to prohibit the management from offering gifts of value, other than rental rate reductions, to homeowners who execute a rental agreement pursuant to this section.

(e) With respect to any space in a mobilehome park which is exempt under subdivision (a) from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity that establishes a maximum amount that a landlord may charge a tenant for rent, the mobilehome park shall be exempt from any fee or other exaction imposed pursuant to such an ordinance, rule, regulation, or initiative measure or imposed for the purpose of defraying the cost of administration thereof.

(f) At the time the rental agreement is first offered to the homeowner, the management shall provide written notice to the homeowner of the homeowner’s right (1) to have at least 30 days to inspect the rental agreement, and (2) to void the rental agreement by notifying management in writing within 72 hours of the acceptance of a rental agreement. The failure of the management to provide the written notice shall make the rental agreement voidable at the homeowner’s option upon the homeowner’s discovery of the failure. The receipt of any written notice provided pursuant to this subdivision shall be acknowledged in writing by the homeowner.

(g) This section does not apply to or supersede other provisions of this part or other state law.

SEC. 12. Section 1714.10 of the Civil Code is amended to read:

1714.10. (a) No cause of action against an attorney for a civil conspiracy with his or her client arising from any attempt to contest or compromise a claim or dispute, and which is based upon the attorney’s representation of the client, shall be included in a complaint or other pleading unless the court enters an order allowing the pleading that includes the claim for civil conspiracy to be filed after the court determines that the party seeking to file the pleading has established that there is a reasonable probability that the party will prevail in the action. The court may allow the filing of a pleading claiming liability based upon such a civil conspiracy following the filing of a verified petition therefor accompanied by the proposed pleading and supporting affidavits stating the facts upon which the liability is based. The court shall order service of the petition upon the party against whom the action is proposed to be filed and permit that party to submit opposing affidavits prior to making its determination. The filing of the petition, proposed
pleading, and accompanying affidavits shall toll the running of any applicable statute of limitations until the final determination of the matter, which ruling, if favorable to the petitioning party, shall permit the proposed pleading to be filed.

(b) Failure to obtain a court order where required by subdivision (a) shall be a defense to any action for civil conspiracy filed in violation thereof. The defense shall be raised by the party charged with civil conspiracy upon that party's first appearance by demurrer, motion to strike, or such other motion or application as may be appropriate. Failure to timely raise the defense shall constitute a waiver thereof.

(c) This section shall not apply to a cause of action against an attorney for a civil conspiracy with his or her client, where (1) the attorney has an independent legal duty to the plaintiff, or (2) the attorney's acts go beyond the performance of a professional duty to serve the client and involve a conspiracy to violate a legal duty in furtherance of the attorney's financial gain.

SEC. 13. Section 1722 of the Civil Code is amended to read:

1722. (a) (1) Whenever a contract is entered into between a consumer and a retailer with 25 or more employees relating to the sale of merchandise which is to be delivered by the retailer or the retailer's agent to the consumer at a later date, and the parties have agreed that the presence of the consumer is required at the time of delivery, the retailer shall specify either at the time of the sale or at a later date a four-hour time period within which any delivery shall be made. Whenever a contract is entered into between a consumer and a retailer with 25 or more employees for service or repair of merchandise, whether or not the merchandise was sold by the retailer to the consumer, and the parties have agreed that the presence of the consumer is required at the time of service or repair, upon receipt of a request for service or repair under the contract, the retailer shall specify a four-hour period within which the service or repair shall be commenced. Once a delivery, service, or repair time is established, the retailer or the retailer's agent shall deliver the merchandise to the consumer, or commence service or repair of the merchandise, within that four-hour period.

(2) If the merchandise is not delivered, or service or repair are not commenced, within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the retailer, the consumer may bring an action in small claims court against the retailer for lost wages, expenses actually incurred, or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the consumer was not present at the time, within the specified period, when the retailer or the retailer's agent attempted to make the delivery, service, or repairs or made a diligent attempt to notify the consumer of its inability to do so because of unforeseen or unavoidable occurrences beyond its control.
(4) In any small claims action, logs and other business records maintained by the retailer or the retailer’s agent in the ordinary course of business shall be prima facie evidence of the time period specified for the delivery, service, or repairs and of the time when the merchandise was delivered, or of a diligent attempt by the retailer or the retailer’s agent to notify the consumer of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the consumer of the delay caused by unforeseen or unavoidable occurrences beyond the control of the retailer or the retailer’s agent, or the retailer or the retailer’s agent was unable to notify the consumer of the delay because of the consumer’s absence or unavailability during the four-hour period, and, in either instance, the retailer or the retailer’s agent makes the delivery, service, or repairs within two hours of a newly agreed upon time or, if the consumer unreasonably declines to arrange a new time for the delivery, service, or repairs.

(b) (1) Cable television companies shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair, or by notifying their subscribers by mail three times a year of this service. Whenever a subscriber contracts with a cable television company for a service connection or repair, and the parties have agreed that the presence of the subscriber is required, the cable company shall specify the time for the commencement of the service connection or repair within the four-hour period if the subscriber requests.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the company, the subscriber may bring an action in small claims court against the company for lost wages, expenses actually incurred or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the company attempted to make the service connection or repair.

(4) In any small claims action, logs and other business records maintained by the company or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and the time that the company or its agents attempted to make the service connection or repair, or of a diligent attempt by the company to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the subscriber of delay caused by unforeseen or unavoidable occurrences beyond the control of the company or its
agents, or the company or its agents were unable to notify the subscriber because of the subscriber's absence or unavailability during the four-hour period, and, in either instance, the cable television company commenced service or repairs within a newly agreed upon two-hour period.

(6) No action shall be considered valid against a cable television company pursuant to this section when the franchise or any local ordinance provides the subscriber with a remedy for a delay in commencement of a service connection or repair and the subscriber has elected to pursue that remedy. If a subscriber elects to pursue his or her remedies against a cable television company under this section, the franchising or state or local licensing authority shall be barred from imposing any fine, penalty, or other sanction against the company, arising out of the same incident.

(c) (1) Utilities shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair, or by notifying the subscriber by mail three times a year of this service. Whenever a subscriber contracts with the utility for a service connection or repair, and the parties have agreed that the presence of the subscriber is required, the utility shall specify the time for the commencement of the service connection or repair within the four-hour period if the subscriber requests.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable circumstances beyond the control of the utility, the subscriber may bring an action in small claims court against the utility for lost wages, expenses actually incurred, or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the utility attempted to make the service connection or repair.

(4) In any small claims action, logs and other business records maintained by the utility or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and of the time that the utility attempted to make the service connection or repair, or of a diligent attempt by a utility to notify the subscriber of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made by the utility to notify the subscriber of delay caused by unforeseen or unavoidable occurrences beyond the control of the utility, and the utility commenced service within a newly agreed upon two-hour period.

(d) Any provision of a delivery, service, or repair contract in which the consumer or subscriber agrees to modify or waive any of the rights afforded by this section shall be void as contrary to public policy.
SEC. 14. Section 4602 of the Civil Code is amended to read:

4602. In any proceeding under this part, when so directed by the court, the probation officer, domestic relations investigator, or court appointed evaluator shall conduct a custody investigation and file a written confidential report on it. The report may be considered by the court and shall be made available only to the parties or their attorneys at least 10 days before any hearing regarding the custody of a child. The report may be received in evidence upon stipulation of all interested parties.

Where there has been a history of domestic violence between the parties, as domestic violence is defined in subdivision (b) of Section 542 of the Code of Civil Procedure, or where an order is in effect pursuant to paragraph (2) or (3) of subdivision (a) of Section 4359, Section 4516, or paragraph (1) or (2) of subdivision (a) of Section 7020 of this code, or Section 546 of the Code of Civil Procedure, at the request of a party alleging domestic violence in a written declaration under penalty of perjury or at the request of a party who is protected by the order, the parties shall meet with the probation officer, domestic relations investigator, or court appointed evaluator separately at separate times.

When the probation officer, domestic relations investigator, or court appointed evaluator is directed by the court to conduct a custody investigation or to undertake visitation work, including necessary evaluation, supervision, and reporting, the court shall make inquiry into the financial condition of the parent, guardian, or such other person charged with the support and maintenance of the minor, and if the court finds the parent, guardian, or other person able, in whole or in part, to pay the expense of the investigation, report, and recommendation, the court may make an order requiring that parent, guardian, or other person to repay to the county that part, or all, of the expense of investigation, report, and recommendation as, in the opinion of the court, is proper. The repayment shall be made to the county officer designated by the board of supervisors, who shall keep suitable accounts of these expenses and repayments and shall deposit these collections in the county treasury.

Nothing in this section shall prohibit the probation officer, domestic relations investigator, or court appointed evaluator from recommending to the court that counsel be appointed pursuant to Section 4606 to represent the minor child or children. In making any recommendation, the probation officer, domestic relations investigator, or court appointed evaluator shall inform the court of the reasons why it would be in the best interests of the minor child or children to have counsel appointed.

SEC. 15. Section 4801 of the Civil Code is amended to read:

4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for any period of time, as the court may deem just and reasonable, based
on the standard of living established during the marriage. In making
the award, the court shall consider all of the following circumstances
of the respective parties:
(1) The extent to which the earning capacity of each spouse is
sufficient to maintain the standard of living established during the
marriage, taking into account all of the following:
   (A) The marketable skills of the supported spouse; the job market
       for those skills; the time and expenses required for the supported
       spouse to acquire the appropriate education or training to develop
       those skills; and the possible need for retraining or education to
       acquire other, more marketable skills or employment.
   (B) The extent to which the supported spouse's present or future
       earning capacity is impaired by periods of unemployment that were
       incurred during the marriage to permit the supported spouse to
       devote time to domestic duties.
(2) The extent to which the supported spouse contributed to the
    attainment of an education, training, a career position, or a license
    by the other spouse.
(3) The ability to pay of the supporting spouse, taking into
    account the supporting spouse’s earning capacity, earned and
    unearned income, assets, and standard of living.
(4) The needs of each party based on the standard of living
    established during the marriage.
(5) The obligations and assets, including the separate property, of
    each.
(6) The duration of the marriage.
(7) The ability of the supported spouse to engage in gainful
    employment without interfering with the interests of dependent
    children in the custody of the spouse.
(8) The age and health of the parties.
(9) The immediate and specific tax consequences to each party.
(10) Any other factors which it deems just and equitable.

The court shall make specific factual findings with respect to the
standard of living during the marriage, and, at the request of either
party, the court shall make appropriate factual determinations with
respect to any other circumstances. The court may order the party
required to make the payment of support to give reasonable security
therefor. Any order for support of the other party may be modified
or revoked as the court may deem necessary, except as to any
amount that may have accrued prior to the date of the filing of the
notice of motion or order to show cause to modify or revoke. Any
order for spousal support may be made retroactive to the date of
filing of the notice of motion or order to show cause therefor, or to
any subsequent date. At the request of either party, the order of
modification or revocation shall include a statement of decision and
may be made retroactive to the date of filing of the notice of motion
or order to show cause therefor, or to any subsequent date.

(b) Except as otherwise agreed by the parties in writing, the
obligation of any party under any order or judgment for the support
and maintenance of the other party shall terminate upon the death
of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for
support of the other party for a contingent period of time, the
liability of the person terminates upon the happening of the
contingency. If the party to whom payments are to be made fails to
notify the person ordered to make the payments, or the attorney of
record of the person so ordered, of the happening of the contingency
and continues to accept support payments, the supported party shall
refund any moneys received which accrued after the happening of
the contingency, except that the overpayments shall first be applied
to any support payments which are then in default. The court may,
in the original order for support, order the party to whom payments
are to be made to notify the person ordered to make the payments,
or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one
of the parties shall terminate at the end of the period specified in the
order and shall not be extended unless the court in its original order
retains jurisdiction. Except upon written agreement of the parties to
the contrary or a court order terminating spousal support, the court
retains jurisdiction indefinitely where the marriage has been of long
duration.

For purposes of retaining jurisdiction, there is a presumption
affecting the burden of providing evidence, that a marriage of 10
years or more, from the date of marriage to the date of separation,
is a marriage of long duration. However, the court may consider
periods of separation during the marriage in determining whether
the marriage is in fact of long duration. Nothing in this section
precludes a court from determining that a marriage of less than 10
years is a marriage of long duration. Nothing in this section limits the
court's discretion to terminate spousal support in subsequent
proceedings upon a showing of changed circumstances.

The amendments made to this subdivision by Chapter 1086 of the
Statutes of 1987 apply in those proceedings pending on January 1,
1988, in which the court has not entered a permanent spousal support
order or in which the court order is subject to modification, and to
any case filed on or after January 1, 1988.

(e) In any proceeding under this section the court may order
either party to submit to an examination by a vocational training
counselor. The examination shall include an assessment of the party's
ability to obtain employment based upon the party's age, health,
education, marketable skills, employment history, and the current
availability of employment opportunities. The focus of the
examination shall be on an assessment of the party's ability to obtain
employment that would allow the party to maintain herself or
himself at the marital standard of living. The order may be made only
on motion, for good cause shown, and upon notice to the party to be
examined and to all parties, and shall specify the time, place, manner,
conditions, scope of the examination, and the person or persons by
whom it is to be made. The party refusing to comply with such an order shall be subject to the same consequences provided for failure to comply with an examination ordered pursuant to Section 2032 of the Code of Civil Procedure.

(f) For the purposes of this section, "vocational training counselor" means an individual with sufficient knowledge, skill, experience, training, or education in interviewing, administering and interpreting tests for analysis of marketable skills, formulating career goals, planning courses of training and study, and assessing the job market, to qualify as an expert in vocational training under Section 720 of the Evidence Code.

A vocational training counselor shall have at least the following qualifications:

(1) A master's degree in the behavioral sciences.
(2) Be qualified to administer and interpret inventories for assessing career potential.
(3) Demonstrated ability in interviewing clients and assessing marketable skills with understanding of age constraints, physical and mental health, previous education and experience, and time and geographic mobility constraints.
(4) Knowledge of current employment conditions, job market, and wages in the indicated geographic area.
(5) Knowledge of education and training programs in the area with costs and time plans for these programs.
(g) The court may order the supporting spouse to pay, in addition to spousal support, the necessary expenses and costs of the counseling, retraining, or education.

SEC. 16. Section 473 of the Code of Civil Procedure is amended to read:

473. The court may, in furtherance of justice, and on such terms as may be proper, allow a party to amend any pleading or proceeding by adding or striking out the name of any party, or by correcting a mistake in the name of a party, or a mistake in any other respect; and may, upon like terms, enlarge the time for answer or demurrer. The court may likewise, in its discretion, after notice to the adverse party, allow, upon such terms as may be just, an amendment to any pleading or proceeding in other particulars; and may upon like terms allow an answer to be made after the time limited by this code.

When it appears to the satisfaction of the court that the amendment renders it necessary, the court may postpone the trial, and may, when the postponement will by the amendment be rendered necessary, require, as a condition to the amendment, the payment to the adverse party of such costs as may be just.

The court may, upon such terms as may be just, relieve a party or his or her legal representative from a judgment, order, or other proceeding taken against him or her through his or her mistake, inadvertence, surprise, or excusable neglect. Application for this relief shall be accompanied by a copy of the answer or other pleading proposed to be filed therein, otherwise the application shall not be
granted, and shall be made within a reasonable time, in no case exceeding six months, after the judgment, order or proceeding was taken; provided, however, that, in the case of a judgment, order or other proceeding determining the ownership or right to possession of real or personal property, without extending the six-month period, when a notice in writing is personally served within the State of California both upon the party against whom the judgment, order or other proceeding has been taken, and upon his or her attorney of record, if any, notifying that party and his or her attorney of record, if any, that the order, judgment or other proceeding was taken against him or her and that any rights the party has to apply for relief under the provisions of Section 473 of the Code of Civil Procedure shall expire 90 days after service of the notice, then the application shall be made within 90 days after service of the notice upon the defaulting party or his or her attorney of record, if any, whichever service shall be later. No affidavit or declaration of merits shall be required of the moving party. Notwithstanding any other requirements of this section, the court shall, whenever an application for relief is made no more than six months after entry of judgment, is in proper form, and is accompanied by an attorney’s sworn affidavit attesting to his or her mistake, inadvertence, surprise, or neglect, vacate any (1) resulting default entered by the clerk against the attorney’s client, and which will result in entry of a default judgment, or (2) resulting default judgment entered against the attorney’s client, unless the court finds that the default was not in fact caused by the attorney’s mistake, inadvertence, surprise, or neglect. The court shall, whenever relief is granted based on an attorney’s affidavit of fault, direct the attorney to pay reasonable compensatory legal fees and costs to opposing counsel or parties.

Whenever the court grants relief from a default or default judgment based on any of the provisions of this section, the court may: (1) impose a penalty of no greater than one thousand dollars ($1,000) upon an offending attorney or defaulting party, (2) direct that an offending attorney pay an amount no greater than one thousand dollars ($1,000) to the State Bar Client Security Fund, or (3) grant such other relief as is appropriate.

However, where the court grants relief from a default or default judgment pursuant to this section based upon the affidavit of the defaulting party’s attorney attesting to the attorney’s mistake, inadvertence, surprise, or neglect, the relief shall not be made conditional upon the attorney’s payment of compensatory legal fees or costs or monetary penalties imposed by the court or upon compliance with other sanctions ordered by the court.

The court may, upon motion of the injured party, or its own motion, correct clerical mistakes in its judgment or orders as entered, so as to conform to the judgment or order directed, and may, on motion of either party after notice to the other party, set aside any void judgment or order.

SEC. 17. Section 1201 of the Commercial Code is amended to

57540
read:

1201. Subject to additional definitions contained in the subsequent divisions of this code which are applicable to specific divisions or chapters thereof, and unless the context otherwise requires, in this code:

(1) "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, setoff, suit in equity, and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this code (Sections 1205 and 2208). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable; otherwise by the law of contracts (Section 1103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking.

(5) "Bearer" means the person in possession of an instrument, document of title, or certificated security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "bill of lading" is conclusive evidence of such intention. "Bill of lading" includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) "Branch" includes a separately incorporated foreign branch of a bank.

(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or mineralhead shall be deemed to be persons in the business of selling goods of that kind. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for, or in total or partial satisfaction of, a money debt.
(10) "Conspicuous." A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare "agreement").

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or certificated securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, compress receipt, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. To be a document of title, a document shall purport to be issued by a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(16) "Fault" means wrongful act, omission or breach.

(17) "Fungible" with respect to goods or securities means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this code to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder" means a person who is in possession of a document of title or an instrument or a certificated investment security drawn, issued or indorsed to him or her or to his or her order or to bearer or in blank.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or
rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his or her debts in the ordinary course of business or cannot pay his or her debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or adopted by a domestic or foreign government as a part of its currency.

(25) A person has "notice" of a fact when any of the following occurs:

(a) He or she has actual knowledge of it.
(b) He or she has received a notice or notification of it.
(c) From all the facts and circumstances known to him or her at the time in question, he or she has reason to know that it exists. A person "knows" or has "knowledge" of a fact when he or she has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not the other actually comes to know of it. A person "receives" a notice or notification when any of the following occurs:

(a) It comes to his or her attention.
(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him or her as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his or her attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of his or her regular duties or unless he or she has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) "Organization" includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this division.

(30) "Person" includes an individual or an organization. (See
Section 1102.

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) (a) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts or chattel paper which is subject to Division 9 (commencing with Section 9101). The special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2401 is not a "security interest," but a buyer may also acquire a "security interest" by complying with Division 9 (commencing with Section 9101). Unless a consignment is intended as security, reservation of title thereunder is not a "security interest," but a consignment in any event is subject to the provisions on consignment sales (Section 2326).

(b) Whether a transaction creates a lease or security interest is determined by the facts of each case. However, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and any of the following occurs:

(i) The original term of the lease is equal to or greater than the remaining economic life of the goods.

(ii) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods.

(iii) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(iv) The lessee has an option to become the owner of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(c) A transaction does not create a security interest merely because it provides for any of the following:

(i) The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into.

(ii) The lessee assumes risk of loss of the goods, or agrees to pay
taxes, insurance, filing, recording, or registration fees, or service or maintenance costs with respect to the goods.

(iii) The lessee has an option to renew the lease or to become the owner of the goods.

(iv) The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed.

(v) The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(d) For purposes of this subdivision (37):

(i) Additional consideration is not nominal if (A) when the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed, or (B) when the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed. Additional consideration is nominal if it is less than the lessee’s reasonably predictable cost of performing under the lease agreement if the option is not exercised.

(ii) “Reasonably predictable” and “remaining economic life of the goods” are to be determined with reference to the facts and circumstances at the time the transaction is entered into.

(iii) “Present value” means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate is not manifestly unreasonable at the time the transaction is entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(38) “Send” in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending. When a writing or notice is required to be sent by registered or certified mail, proof of mailing is sufficient, and proof of receipt by the addressee is not required unless the words “with return receipt requested” are also used.

(39) “Signed” includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) “Surety” includes guarantor.
(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4208 and 4209), a person gives "value" for rights if he or she acquires them in any of the following ways:

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection.

(b) As security for, or in total or partial satisfaction of, a preexisting claim.

(c) By accepting delivery pursuant to a preexisting contract for purchase.

(d) Generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a document evidencing the receipt of goods for storage issued by a warehouseman (Section 7102), and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "warehouse receipt" is conclusive evidence of such intention.

(46) "Written" or "writing" includes printing, typewriting, or any other intentional reduction to tangible form.

SEC. 18. Section 25604 of the Corporations Code is amended to read:

25604. The administration of the Department of Corporations shall be supported from the State Corporations Fund.

SEC. 19. Section 25608 of the Corporations Code is amended to read:

(b) The fee for filing an application for a negotiating permit under subdivision (c) of Section 25102 is fifty dollars ($50).

(c) The fee for filing a notice pursuant to paragraph (5) of subdivision (h) of Section 25102, the fee for filing a notice pursuant to paragraph (4) of subdivision (f) of Section 25102, and the fee for filing a notice pursuant to paragraph (6) of subdivision (h) of Section 25103, in addition to the fee prescribed in those paragraphs, if applicable, shall be determined based on the value of the securities proposed to be sold in the transaction for which the notice is filed and
in accordance with subdivision (g), and shall be as follows:

(d) The fee for filing an application for designation of an issuer pursuant to subdivision (k) of Section 25100 is fifty dollars ($50).

(e) The fee for filing an application for qualification of the sale of securities by notification under Section 25112 or by permit under Section 25113 (except applications for qualification by permit of the sale of any guarantee of any security, the fees for which applications are fixed in subdivision (k)) is two hundred dollars ($200) plus one-fifth of 1 percent of the aggregate value of the securities sought to be sold in this state up to a maximum aggregate fee of two thousand five hundred dollars ($2,500).

(f) The fee for filing an application for qualification of the sale of securities by coordination under Section 25111 is two hundred dollars ($200) plus one-fifth of 1 percent of the aggregate value of the securities sought to be sold in this state up to a maximum aggregate fee of two thousand five hundred dollars ($2,500).

(g) For the purpose of determining the fees fixed in subdivisions (e) and (f):

1. The value of the securities shall be the price at which the company proposes to sell the securities, or the value, as alleged in the application, or the actual value, as determined by the commissioner, of the consideration (if other than money) to be received in exchange therefor, or of the securities when sold, whichever is greater.

2. Interim or voting trust certificates shall have a value equal to the aggregate value of the securities to be represented by the interim or voting trust certificates.

3. The value of a warrant or right to purchase or subscribe to another security of the same or another issuer shall be an amount equal to the consideration to be paid for that warrant or right plus an amount equal to the consideration to be paid upon purchase of the additional securities, provided that if the latter amount is not determinable at the time of qualification, that amount shall be the then value of the additional securities as determined by the commissioner.

4. In the case of a share dividend where the shareholders are given an option to accept either cash or additional shares of common stock, the value of the securities to be sold shall be the maximum amount of cash which would be payable in the event that all shareholders elected to accept cash.
(h) The fee for filing an application for qualification of the sale of securities by permit under Section 25121 is:

(1) Two hundred dollars ($200) in connection with any change (including any stock split or reverse stock split or stock dividend, except a stock dividend where the shareholders are given an option to accept either cash or additional shares of common stock) in the rights, preferences, privileges, or restrictions of or on outstanding securities.

(2) Two hundred dollars ($200) plus one-fifth of 1 percent of the value, as alleged in the application, or the actual value, as determined by the commissioner, of the consideration to be received in exchange therefor, up to a maximum aggregate fee of two thousand five hundred dollars ($2,500), in any exchange of securities by the issuer with its existing security holders exclusively, or in any exchange in connection with any merger or consolidation or purchase of corporate assets in consideration of the issuance of securities.

(i) The fee for filing an application for qualification of the sale of securities by notification under Section 25131 shall be one hundred dollars ($100).

(j) The fee for an application for the removal of any condition under Section 25141 is fifty dollars ($50).

(k) The fee for filing any application for a permit to execute or issue any guarantee of any security is fifty dollars ($50).

(l) The fee for acting as escrow holder for securities under Section 25149 is fifty dollars ($50). In addition, a fee of two dollars and fifty cents ($2.50) shall be paid for the deposit with the commissioner of each new certificate or other document resulting from a transfer in escrow.

(m) The fee for filing an application for an order (1) consenting to the transfer in escrow of securities, (2) consenting to the transfer of securities subject to any condition imposed by the commissioner requiring the commissioner’s consent to the transfer, or (3) consenting to the transfer of securities subject to a legend stamped or printed on the certificates evidencing the securities pursuant to subdivision (h) of Section 25102, is twenty dollars ($20) for each transferor.

(n) The filing fee for an amendment to an application filed after the effective date of the qualification of the sale of securities is fifty dollars ($50) plus any additional fee which would have been required to be paid with the original application for qualification of the sale of securities under this section if the matters set forth in the amendment had been included in the original application.

(o) (1) The fee for filing an application for a broker-dealer certificate under Section 25211 is three hundred dollars ($300).

(2) Each broker-dealer shall pay to the commissioner its pro rata share of all costs and expenses, reasonably incurred in the administration of the broker-dealer program under this division, as estimated by the commissioner for the ensuing year and any deficit actually incurred or anticipated in the administration of the program.
in the year in which the assessment is made. The pro rata share shall be the proportion which the broker-dealer and the number of its agents in this state bears to the aggregate number of broker-dealers and agents in this state as shown by records maintained by or on behalf of the commissioner. The pro rata share may include the costs of any examination, audit, or investigation provided for in subdivision (r).

(3) On or before the 30th day of May in each year, the commissioner shall notify each broker-dealer by mail of the amount assessed and levied against it and that amount shall be paid within 20 days thereafter. If payment is not made within 20 days, the commissioner shall assess and collect a penalty in addition to the assessment, of 1 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(4) In the levying and collection of the assessment, a broker-dealer shall not be assessed for, nor be permitted to pay, less than seventy-five dollars ($75) per year.

If, after that order is made, a request for hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a broker-dealer shall not conduct business pursuant to this division except as may be permitted by order of the commissioner; provided, however, that the revocation, suspension, or surrender of a certificate shall not affect the powers of the commissioner as provided under this division.

(q) The fee for filing an application for an investment adviser under Section 25231 is one hundred twenty-five dollars ($125), and payment of this amount shall keep the certificate, if granted, in effect during the calendar year during which it is granted. Every investment adviser who has secured from the commissioner a certificate shall, in order to keep the certificate in effect for an additional period, pay a renewal fee of one hundred twenty-five dollars ($125) on or before the 15th day of December preceding the additional period.

(r) The fee for any examination, audit, or investigation is the actual amount of the salary or other compensation paid to the persons making the examination, audit, or investigation plus the
actual amount of expenses, including overhead, reasonably incurred in the performance of the work.

(s) The fee for any hearing held by the commissioner pursuant to Section 25142 shall be the sum determined by the commissioner to cover the actual expense of noticing and holding the hearing.

(t) The commissioner may fix by rule a reasonable charge for any publications issued under his or her authority. The charges shall not apply to reports of the commissioner in the ordinary course of distribution.

(u) The fee for filing an offer under subdivision (b) of Section 25507 shall be the amount of the filing fee payable under subdivision (e), (f), (h), or (i) of this section if an application had been filed to qualify the transaction in which the securities upon which the offer is to be made were sold in violation of the qualification provisions of this law.

(v) The fee for filing an application for exemption pursuant to subdivision (l) of Section 25100 is two hundred fifty dollars ($250).

(w) The commissioner may by rule require payment of a fee for filing a notice or report required by a rule adopted pursuant to Section 25105. The fee required in connection with a transaction as defined by that rule shall not exceed the fees specified in subdivision (c) based on the value of the securities sold, but the commissioner may permit a single notice for more than one transaction.

8803. In order to encourage the integration of children's services, it is the intent of the Legislature to promote interagency coordination and collaboration among the state agencies responsible for the provision of support services to children and their families. Therefore, the Legislature hereby establishes the Healthy Start Support Services for Children Program Council, as follows:

(a) Members of the council shall include the superintendent, the agency secretary, the secretary, and the directors of the State Department of Health Services, the State Department of Social Services, the State Department of Alcohol and Drug Programs, and the State Department of Mental Health.

(b) Duties of the council shall include:

1. Developing, promoting, and implementing policy affecting the Healthy Start Support Services for Children Grant Program.

2. Reviewing grant applications submitted to the lead agency and providing the lead agency with recommendations for awarding grants pursuant to Section 8804.

3. Soliciting input regarding program policy and direction from individuals and entities with experience in the integration of children's services.

4. Assisting the lead agency in fulfilling its responsibilities under this chapter.

5. Providing recommendations to the Governor, the Legislature, and the lead agency regarding the Healthy Start Support Services for Children Grant Program.

6. At the request of the superintendent, assisting the local educational agency or consortium in planning and implementing this program, including assisting with local advocacy and problem solving, and developing agency collaboration.

SEC. 24. Section 8804 of the Education Code is amended to read:
8804. The superintendent shall award grants to a local educational agency or consortium to pay the costs of planning and operating, on behalf of one or more qualifying schools within the local educational agency or consortium, programs that provide support services to eligible pupils and their families at the schoolsite, or at a site adjacent to the school, as follows:

(a) Grants shall be awarded by the superintendent based upon the recommendations of the council and pursuant to this section.

(b) Two types of grants may be awarded to applicant local
educational agencies or consortia, depending upon the level of readiness of that applicant to implement a program pursuant to this chapter. The superintendent shall issue Requests for Proposals for awarding the grants, which shall specify maximum dollar amounts for which each type of grant may be awarded. The Requests for Proposals shall also specify other criteria, as required by this article. The superintendent shall award those grants as follows:

(1) Planning grants may be awarded to local educational agencies or consortia that have demonstrated a need to implement a program, but that are not ready to begin the operation of the program, or that are in need of additional planning to expand existing support services programs. Planning grants shall be no more than fifty thousand dollars ($50,000) and shall be awarded for a period not to exceed two years. Upon completion of the planning phase, the local educational agency or consortium shall be eligible to apply for and may receive an operational grant.

(2) Operational grants may be awarded to local educational agencies or consortia that have demonstrated readiness to begin operation of a program or to expand existing support services programs. Operational grants shall supplement, not supplant, existing services and funds.

(3) Operational grants shall be awarded for a period not to exceed three years.

(A) Operational grants may include one-time startup grants, which may be used for, among other things, purchasing equipment, hiring staff, designing a program evaluation, or hiring a consultant. Startup grants shall be awarded for no more than one hundred thousand dollars ($100,000).

(B) Operational grants shall be awarded for no more than three hundred thousand dollars ($300,000). No more than 50 percent of each grant shall be available for expenditure on direct services, as long as the grant application contains a three-year plan to significantly reduce or to eliminate agency reliance on funding provided under this article for direct services. Direct services do not include salaries for staff who are developing or implementing the program.

(c) All grants awarded under this article shall be matched by the participating local educational agency or consortium with one dollar ($1) for each four dollars ($4) awarded. The match shall be contributed in cash or as services or resources of comparable value. It is the intent of the Legislature that participants seek and utilize private funds or resources for this purpose. The superintendent may waive the match requirement upon verifying that the local educational agency or consortium made a substantial effort to secure a match but was unable to secure the required match.

(d) The superintendent shall award grants pursuant to this article to local educational agencies or consortia in northern, central, and southern California, in urban, suburban, and rural areas. To the extent possible, the grants shall be awarded for programs
representative of the ethnic and linguistic diversity of schoolage pupils and their families. Further, to the extent possible, 50 percent of the grants shall be awarded to schools serving elementary school children and 50 percent to schools serving junior and senior high school pupils.

2. Will assist families in responding to support services needs of eligible pupils.
3. Has established the local agency collaboration process described in Article 4 (commencing with Section 8806), including a mechanism for sharing governance with cooperating agencies and entities, and for integrating or redirecting existing resources and other school support services.
4. If certification as a Medi-Cal provider is available to schools pursuant to the federal Omnibus Reconciliation Act of 1989 (P.L. 101-239), demonstration that the agency has submitted or is submitting an application to the State Department of Health Services for that certification.
5. Has developed a system of providing services to all pupils at qualifying schools that receive funding under this chapter, including a mechanism to assess appropriate fees for services, based on the sliding fee schedule established pursuant to subdivision (e) of Section 8263. No fee shall be charged for services specified in a child’s individualized education program, developed pursuant to the Individuals with Disabilities Education Act (P.L. 101-476).
6. Involves parents or guardians and teachers in the process of identifying pupils’ service needs and in the planning for and provision of support services.

(g) For purposes of this chapter, support services shall include case-managed health, mental health, social, and academic support services benefiting children and their families, and may include, but are not limited to:

(6) The grant application also shall document any procedures that have been, or will be, taken to designate the local educational agency as a Medi-Cal provider pursuant to the federal Omnibus Budget Reconciliation Act of 1989 (P.L. 101-239) if this certification is available.

(7) A description of technical assistance, professional growth, and development needs, if any.

(8) A description of the proposed plan for family involvement in the program.

(9) A description of the population anticipated to be served.

(10) In the case of a grant application for program planning, a plan describing how the proposed program will be implemented after the grant has expired.

(j) Grants awarded pursuant to this article may be used for salaries of staff responsible for developing or implementing the program plan and administrative support staff, equipment and supplies, training, and insurance, pursuant to the provisions of subdivision (b).

(k) No more than 5 percent of any amount appropriated in any fiscal year to carry out the purposes of this chapter may be used by the superintendent for program administration, evaluation, and technical assistance. Technical assistance includes, but is not limited to, assistance in preparing both planning and operational grants, in establishing interagency collaboration, in providing information dissemination and referrals, including information about appropriate program models, in conducting site visits, and in convening workshops to assist in the implementation of a program developed pursuant to this chapter.

(1) Of this amount, up to 75 percent may be used for the purpose of outreach and local assistance to local educational agencies. The remainder shall be used for state-level program administration.

SEC. 26. Section 41204 of the Education Code is amended to read:

41204. (a) It is the intent of the Legislature, pursuant to "The Classroom Instructional Improvement and Accountability Act," that school districts, as defined in Section 41302.5, and community college districts, as constituted during 1986–87 fiscal year, annually receive a basic minimum portion of the revenues that is equivalent to the percentage of revenues that were deposited to the General Fund in that year.

(b) In recognition of this intent, it is further the intent of the Legislature that both houses and the Governor be guided by the following:

(1) If the revenues of a tax that were deposited in the General Fund in the 1986–87 fiscal year are redirected to another fund, or level of government, then the percentages of General Fund revenues required to be applied by the state for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services shall be recalculated as if those revenues were not deposited in the General Fund in the 1986–87 fiscal year.

(2) If the allocated local proceeds of taxes, as defined by
subdivisions (g) and (h) of Section 41202, received by a school district or community college district during the 1986–87 fiscal year are redirected to other entities or statutorily or constitutionally reduced or eliminated, the additional General Fund support provided to replace the allocated local proceeds of taxes may not be counted as General Fund revenues required to be applied for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services pursuant to paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, unless the percentage of General Fund revenues appropriated to school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services in the 1986–87 fiscal year is adjusted to reflect the amount of General Fund support that would have been provided in the 1986–87 fiscal year had the allocated local proceeds of taxes been correspondingly reduced.

(3) If a program of a school district, as defined in Section 41302.5, or of a community college district was supported by state funds from a source other than the General Fund during the 1986–87 fiscal year and General Fund moneys are subsequently provided in support of the program and in lieu of the other source of funds, the supplanting General Fund revenues shall not be counted as monies to be applied by the state for the support of school districts or community college districts pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution.

(c) Programs that existed in the 1986–87 fiscal year, and were not the functional responsibility of school districts or community college districts in that fiscal year, shall not be shifted to the responsibility or financial support of school districts or community college districts without appropriate corresponding adjustment to the calculations made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution. Nothing in this subdivision shall be construed to prevent the creation of a new educational program that is supported by a General Fund appropriation made in conformity with subdivision (b) of Section 8 of Article XVI of the California Constitution.

(d) Enrollment, average daily attendance, or average daily attendance equivalents used for the purpose of calculating "increases in enrollment" pursuant to paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution shall not be redefined, adjusted, or otherwise recalculated unless the appropriate action is taken to neutralize the effect of the change with respect to the adjustment required to be made for increases in enrollment.

SEC. 27. Section 46201 of the Education Code is amended to read:

46201. (a) In each of the 1984–85, 1985–86, and 1986–87 fiscal years, for each school district that certifies to the Superintendent of Public Instruction that it offers at least the amount of instructional time specified in this subdivision at a grade level or levels, the
Superintendent of Public Instruction shall determine an amount equal to twenty dollars ($20) per unit of current year second principal apportionment regular average daily attendance in kindergarten and grades 1 to 8, inclusive, and forty dollars ($40) per unit of current year second principal apportionment regular average daily attendance in grades 9 to 12, inclusive. This section shall not apply to adult average daily attendance, the average daily attendance for pupils attending summer school, alternative school, regional occupational centers and programs, continuation high schools, or opportunity schools, and the attendance of pupils while participating in community college or independent study programs.

(1) In the 1984–85 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(2) In the 1985–86 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(B) Two-thirds of the difference between the number of minutes specified for that grade level in paragraph (3) and the number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(5) For any schoolsite at which programs are operated in more than one of the grade levels enumerated in subparagraph (B) or (C) of paragraph (3), the school district may calculate a weighted average of minutes for those grade levels at that schoolsite for purposes of making the certification authorized by this subdivision.

(b) If any of the amounts of instructional time specified in paragraph (3) of subdivision (a) is a lesser number of minutes for that grade level than actually provided by the district in the same grade in the 1982–83 fiscal year, the 1982–83 fiscal year number of minutes for that grade level shall instead be the requirement for the
purposes of paragraphs (1), (2), and (3) of subdivision (a).

(c) For any school district that receives an apportionment pursuant to subdivision (a) in the 1984–85 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (1) of subdivision (a) in the 1985–86 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1985–86 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1985–86 fiscal year and fiscal years thereafter.

For each school district that receives an apportionment pursuant to subdivision (a) in the 1985–86 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 1986–87 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1986–87 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1986–87 fiscal year and fiscal years thereafter.

For each school district that receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (3) of subdivision (a) in the 1987–88 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

SEC. 28. Section 66015 of the Education Code is amended to read:

66015. It is the intent of the Governor and the Legislature, in cooperation with the Trustees of the California State University, to do both of the following:

(a) Place a major priority on resolving the serious problem of impacted and overcrowded classes, not only with respect to the California State University, but throughout public postsecondary education.

(b) Ensure that needy students receive financial aid sufficient to cover the cost of fee increases for the 1991–92 academic year. The Trustees of the California State University shall provide to the Legislature and the Governor, by January 1, 1992, documentation verifying the extent to which this provision has been satisfied.

SEC. 29. Section 3520 of the Elections Code is amended to read:

3520. (a) Each section of the petition shall be filed with the
elections official of the county or city and county in which it was
circulated, but all sections circulated in any county or city and county
shall be filed at the same time. Once filed, no petition section shall
be amended except by order of a court of competent jurisdiction.

(b) Within eight days, excluding Saturdays, Sundays, and holidays,
after the filing of the petition, the elections official shall determine
the total number of signatures affixed to the petition and shall
transmit this information to the Secretary of State. If the total
number of signatures filed with all elections officials is less than 100
percent of the number of qualified voters required to find the
petition sufficient, the Secretary of State shall so notify the
proponents and the elections officials and no further action shall be
taken in regard to the petition.

(c) If the number of signatures filed with all elections officials is
100 percent or more of the number of qualified voters needed to
declare the petition sufficient, the Secretary of State shall
immediately so notify the elections officials.

(d) Within 30 days after this notification, excluding Saturdays,
Sundays, and holidays, the elections official shall determine the
number of qualified voters who have signed the petition. If more
than 500 names have been signed on sections of the petition filed
with an elections official, the elections official shall use a random
sampling technique for verification of signatures, as determined by
the Secretary of State. The random sample of signatures to be
verified shall be drawn in such a manner that every signature filed
with the elections official shall be given an equal opportunity to be
included in the sample. The random sampling shall include an
examination of at least 500 or 3 percent of the signatures, whichever
is greater. In determining from the records of registration what
number of qualified voters have signed the petition, the elections
official may use the duplicate file of affidavits of registered voters or
the facsimiles of voters’ signatures, provided that the method of
preparing and displaying the facsimiles complies with law.

(e) The elections official, upon the completion of the
examination, shall immediately attach to the petition, except the
signatures thereto appended, a certificate properly dated, showing
the result of the examination and shall immediately transmit the
petition, together with the certificate, to the Secretary of State. A
copy of this certificate shall be filed in the elections official’s office.

(f) If the certificates received from all elections officials by the
Secretary of State establish that the number of valid signatures does
not equal 95 percent of the number of qualified voters needed to find
the petition sufficient, the petition shall be deemed to have failed to
qualify, and the Secretary of State shall immediately so notify the
proponents and the elections officials.

(g) If the certificates received from all elections officials by the
Secretary of State total more than 110 percent of the number of
qualified voters needed to find the petition sufficient, the petition
shall be deemed to qualify as of the date of receipt by the Secretary
of State of certificates showing the petition to have reached the 110
percent, and the Secretary of State shall immediately so notify the
proponents and the elections officials.

SEC. 30. Section 6555 of the Elections Code is amended to read:

6555. (a) Notwithstanding any other provision of this article, a
candidate may submit a petition containing signatures of registered
voters in lieu of a filing fee as follows:
(1) For the office of California State Assembly, 1,500 signatures.
(2) For the office of California State Senate and the United States
House of Representatives, 3,000 signatures.
(3) For candidates running for statewide office, 10,000 signatures.
(4) For all other offices for which a filing fee is required, if the
number of registered voters in the district in which he or she seeks
nomination is 2,000 or more, a candidate may submit a petition
containing four signatures of registered voters for each dollar of the
filing fee, or 10 percent of the total of registered voters in the district
in which he or she seeks nomination, whichever is less.
(5) For all other offices for which a filing fee is required, if the
number of registered voters in the district in which he or she seeks
nomination is less than 2,000, a candidate may submit a petition
containing four signatures of registered voters for each dollar of the
filing fee, or 20 percent of the total of registered voters in the district
in which he or she seeks nomination, whichever is less.
(6) Notwithstanding any other provision of this section, a
candidate seeking the nomination of a qualified party with whom he
or she is registered, the registered voters of which who were eligible
to vote at the last statewide election constituted less than 5 percent
of all registered voters eligible to vote at the last statewide election,
may submit a petition containing signatures of 10 percent of the
registered voters of that party in the district in which he or she seeks
nomination, or 150 signatures, whichever is less.
(7) A voter may sign both a candidate’s nomination papers and his
or her in-lieu-filing-fee petition. However, if signatures appearing on
the documents are counted towards both the nomination paper and
the in-lieu-filing-fee petition signature requirements, a person may
only sign one of the documents.

(b) The Secretary of State or an elections official shall furnish to
each candidate, upon request, and without charge therefor, forms for
securing signatures. The number of forms which the elections official
shall furnish a candidate shall be a quantity which provides the
candidates with spaces for signatures sufficient in number to equal
the number of signatures which the candidate is required to secure
pursuant to subdivision (a) if the candidate desires that number of
forms. However, the elections official may, rather than provide the
candidate with the number of forms set forth in the preceding
sentence, or, upon the request of a candidate, provide the candidate
with a master form, which may be duplicated by the candidate at the
candidate’s expense for the purpose of circulating additional
petitions. The Secretary of State shall provide the master form. The
elections official may provide candidates a form other than the master form provided by the Secretary of State. However, that form shall meet all statutory requirements, and the elections official shall also make available and accept the master form provided by the Secretary of State. All forms shall be made available commencing 45 days before the first day for circulating nomination papers. However, in cases of vacancies for which a special election is authorized or required to be held to fill the vacancy, and where the prescribed nomination period would commence less than 45 days after the creation of the vacancy, the forms shall be made available within five working days after the creation of the vacancy. No other form except the form furnished by the Secretary of State or the elections official or forms duplicated from a master form shall be used to secure signatures. Each petition section shall bear an affidavit signed by the circulator, in substantially the same form as set forth in Section 6494. The substitution of signatures for fees shall be subject to the following provisions:

1. Any registered voter may sign an in-lieu-filing-fee petition for any candidate for whom he or she is eligible to vote.

2. If a voter signs more candidates' petitions than there are offices to be filled, the voter's signatures shall be valid only on those petitions which, taken in the order they were filed, do not exceed the number of offices to be filled.

3. In-lieu-filing-fee petitions shall be filed at least 15 days prior to the close of the nomination period. Upon receipt of the minimum number of in-lieu-filing-fee signatures required, or a sufficient combination of signatures and pro rata filing fee, the elections official shall issue nomination papers provisionally. Within 10 days after receipt of a petition, the elections official shall notify the candidate of any deficiency. The candidate shall then, prior to the close of the nomination period, either submit a supplemental petition, or pay a pro rata portion of the filing fee, to cover the deficiency.

4. If the petition is circulated for an office in more than one county, the candidate shall submit the signatures to the elections official in the county in which the petition was circulated. The elections official shall at least two days after verifying the signatures on the petition, notify the Secretary of State of the total number of valid signatures. If the number of signatures is insufficient, the Secretary of State shall notify the candidate and the elections officials of the fact. The candidate may submit the necessary number of valid signatures at any time prior to the close of the period for circulating nomination papers. Each circulator of an in-lieu-filing-fee petition shall be a registered voter of the district or political subdivision in which the candidate is to be voted on. The circulator shall serve within the county in which he or she resides.

5. Each candidate may submit a greater number of signatures to allow for subsequent losses due to invalidity of some signatures. The elections official shall not be required to determine the validity of a greater number of signatures than that required by this section.
(c) For the purposes of this section, the requisite number of signatures shall be computed from the latest registration figures forwarded to the Secretary of State pursuant to Section 607 prior to the first day on which petitions are available.

(d) All valid signatures obtained pursuant to this section shall be counted towards the number of voters required to sign a nomination paper in accordance with Section 6494.1 or 6834.1.

services pursuant to a contract, including any approved change
order, with a business shall pay for each complete delivered item of
property or service on the date required by contract between the
business and agency or be subject to an interest penalty fee. If no
date for payment is specified by contract, the state agency shall pay
the contractor directly, if authorized to do so, within 50 calendar
days after the postmark date of the invoice. If the state agency is not
authorized to pay the contractor directly, the state agency shall
forward the invoice for payment to the Controller within 35 calendar
days after the postmark date of the invoice. The Controller shall pay
the contractor within 15 calendar days of receipt of the invoice from
the state agency.

(2) If, due to insufficient funds, a state agency is unable to meet
the payment deadlines provided for in paragraph (1) under a
contract for goods or services needed due to a natural disaster,
including, but not limited to, fires, floods, or earthquakes, payment
under the contract shall not be due until 30 calendar days after the
agency has received sufficient funds to pay the contractor.

(3) If, by applying paragraphs (1) and (2), a payment under a
contract with the Department of Forestry and Fire Protection would
become due during the annually declared fire season, as declared by
the Director of Forestry and Fire Protection, the payment shall not
be due until 30 calendar days after the date upon which it would
otherwise have been due.

(4) The acquisition of property includes the rental of real or

the rate accrued on June 30th of the prior year by the Pooled Money
Investment Account, but not to exceed 15 percent.

due if the payment due date is specified by contract. If no payment
date is specified by contract and the state agency is authorized to pay
the contractor directly, the interest penalty fee shall begin to accrue
on the 51st calendar day after the postmark date of the invoice and
shall be paid for out of the contracting state agency’s funds.

If no payment date is specified by contract and the state agency
is not authorized to pay the contractor directly and the state agency
has not forwarded the invoice to the Controller’s office for payment
by the 35th calendar day after the postmark date of the invoice, an
interest penalty fee shall begin to accrue on the 36th calendar day
after the postmark date of the invoice and shall be paid for out of the contracting state agency's funds. The state agency's liability ends on the date a properly submitted invoice is received by the Controller.

After the invoice is forwarded to the Controller's office from the contracting state agency, an interest penalty fee shall begin to accrue on the 16th calendar day after receipt of a properly submitted invoice by the Controller's office and shall be paid for out of the Controller's funds. The interest penalty fee ceases to accrue on the date full payment is made.

(2) A state agency shall not seek additional appropriations to pay interest which accrues as a result of an agency's failure to make payments as required by subdivision (a).

(3) When a state agency is required by this section to pay a penalty, it shall be presumed that the fault is that of the head of the state agency and, in such cases, the head of the state agency shall submit to the Legislature a written report on the actions taken to correct the problem.

(c) A court shall award court costs and reasonable attorney fees to the plaintiff in an action brought pursuant to this section where it is found that the state agency has violated this section. The costs and fees shall be paid by the state agency at fault and shall not become a personal economic liability of any public officer or employee thereof.

(d) If the state agency's failure to make payment as required by subdivision (a) is the result of a dispute between the agency and the business over the amount due or over compliance with the contract, the 35 and 50 calendar days specified in subdivision (a) shall begin on the date the dispute is settled either by mutual agreement between the contracting parties or by receipt of a corrected invoice. A state agency may dispute an invoice if the state agency so notifies the contractor within 15 calendar days of receipt of the invoice.

Family care leave requested pursuant to this subdivision shall not be deemed to have been granted unless the employer provides the employee, upon granting the leave request, a guarantee of employment in the same or a comparable position upon the termination of the leave. The commission shall adopt a regulation specifying the elements of a reasonable request.
(b) For purposes of this section:

(1) "Child" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis who is either of the following:
   (A) Under 18 years of age.

   (B) Leave to care for a parent or a spouse who has a serious health condition.

(4) "Employment in the same or a comparable position" means employment in a position that has the same or similar duties and pay which can be performed at the same or similar geographic location as the position held prior to the leave.

(5) "Health care provider" means an individual holding either a physician's and surgeon's certificate issued pursuant to Article 4 (commencing with Section 2080) of Chapter 5 of Division 2 of the Business and Professions Code or an osteopathic physician's and surgeon's certificate issued pursuant to Article 4.5 (commencing with Section 2099.5) of Chapter 5 of Division 2 of the Business and Professions Code.

However, an employee shall not use sick leave during the period of the family care leave unless mutually agreed to by the employer and the employee.

(e) Any employee taking leave pursuant to subdivision (a) shall continue to be entitled to participate in health plans, pension and
retirement plans, and supplemental unemployment benefit plans to the same extent and under the same conditions as apply to an unpaid leave taken for any purpose other than family care. In the absence of these conditions, an employee shall continue to be entitled to participate in these plans, and in the case of health and welfare employee benefit plans, including group medical, life, short-term or long-term disability or accident insurance, or other similar plans, the employer may, at his or her discretion, require the employee to pay premiums, at the group rate, during the period of leave not covered by any accrued vacation leave, or other accrued time off, or any other paid or unpaid time off negotiated with the employer, as a condition of continued coverage during the leave period. However, the nonpayment of premiums by an employee shall not constitute a break in service, for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan.

For purposes of pension and retirement plans, an employer shall not be required to make plan payments for an employee during the leave period, and the leave period shall not be required to be counted for purposes of time accrued under the plan. However, an employee covered by a pension plan may continue to make contributions in accordance with the terms of the plan during the period of the leave.

(f) During a family care leave period, the employee shall retain employee status with the employer, and the leave shall not constitute a break in service, for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan. An employee returning from leave shall return with no less seniority than the employee had when the leave commenced, for purposes of layoff, recall, promotion, job assignment, and seniority-related benefits such as vacation.

(g) If the employee’s need for a leave pursuant to this section is foreseeable, the employee shall provide the employer with reasonable advance notice of the need for the leave.

(h) If the employee’s need for leave pursuant to this section is foreseeable due to a planned medical treatment or supervision, the employee shall make a reasonable effort to schedule the treatment or supervision to avoid disruption to the operations of the employer, subject to the approval of the health care provider of the individual requiring the treatment or supervision.

(i) (1) An employer may require that an employee’s request for leave to care for a child, a spouse, or a parent who has a serious health condition be supported by a certification issued by the health care provider of the individual requiring care. That certification shall be sufficient if it includes all of the following:

(A) The date on which the serious health condition commenced.
(B) The probable duration of the condition.
(C) An estimate of the amount of time that the health care provider believes the employee needs to care for the individual requiring the care.
(D) A statement that the serious health condition warrants the participation of a family member to provide care during a period of the treatment or supervision of the individual requiring care.

(2) Upon expiration of the time estimated by the health care provider in subparagraph (C) of paragraph (1), the employer may require the employee to obtain recertification in accordance with the procedure provided in paragraph (1), if additional leave is required.

(j) It shall be an unlawful employment practice for an employer to refuse to hire, or to discharge, fine, suspend, expel, or discriminate against, any individual because of any of the following:

(1) An individual's exercise of the right to family care leave provided by subdivision (a).

(2) An individual's giving information or testimony as to his or her own family care leave, or another person's family care leave, in any inquiry or proceeding related to rights guaranteed under this section.

(k) This section shall not be construed to require any changes in existing collective bargaining agreements during the life of the contract, or until January 1, 1993, whichever occurs first.

(l) The provisions of this section shall be construed as separate and distinct from those of Section 12945. However, leave taken pursuant to this section shall be no more than one month when used in conjunction with the maximum leave under Section 12945, unless the employer and employee agree otherwise.

(m) This section shall not entitle the employee to receive disability benefits under Part 1 (commencing with Section 3200) of Division 4 of the Labor Code.

(n) Leave provided for pursuant to this section may be taken in one or more periods but shall not exceed a total of four months within a 24-month period from the date the leave commenced unless otherwise agreed to by the employee and the employer.

(o) An employer shall not be required to grant an employee family care leave which would allow the employee and the other parent of the child family care leave totaling more than the amount specified in subdivision (a), nor to grant an employee family care leave for any period of time in which the child's other parent is also taking family care leave from employment or is unemployed.

(p) Notwithstanding subdivision (a), an employer may refuse to grant a request for family care leave made by an employee if this refusal is necessary to prevent undue hardship to the employer's operations.

(q) Notwithstanding subdivision (a), an employer may refuse to grant a request for family care leave made by a salaried employee who, on the date the request for family care leave is made, is either one of the five highest paid employees, or is among the top 10 percent of the employees in terms of gross salary, whichever group encompasses the greater number of persons, employed by the employer at the same location.

A plan that is unable to report the number of enrollees enrolled in the plan because it does not collect that data, shall provide the commissioner with an estimate of the number of enrollees enrolled in the plan and the method used for determining the estimate. The commissioner may, upon giving written notice to the plan, revise the estimate if the commissioner determines that the method used for determining the estimate was not reasonable.

In determining the amount assessed, the commissioner shall consider all appropriations from the State Corporations Fund for the support of this chapter and all reimbursements provided for in this chapter.

(c) By notice to all licensed plans on or about January 15, 1992, the commissioner may assess a pro rata special assessment on all plans of up to one-half of the amount by which the aggregate assessment increased pursuant to the additional assessment authority authorized by Chapter 722 of the Statutes of 1991.

In determining the cost of the administration or enforcement, the commissioner shall use the estimated average hourly cost for all persons of similar classification performing administration or enforcement for the fiscal year. The amounts charged shall be billed not more frequently than monthly and shall be remitted by the nonprofit hospital service plan to the commissioner within 30 days of the date of billing.

(e) Each nonprofit hospital service plan and each licensed plan may also be required to pay two thousand dollars ($2,000), plus an amount up to, but not exceeding, forty-eight hundredths of one cent ($0.0048) for each enrollee for the purpose of reimbursing its share of all costs and expenses, including overhead, reasonably anticipated to be incurred by the department in administering Sections 1394.7 and 1394.8 during the current fiscal year. The amount charged shall be remitted within 30 days of the date of the commissioner’s notice to the nonprofit hospital service plan and each licensed plan of the amounts owed.

(f) In no case shall the reimbursement, payment, special assessment, or other fee authorized by this section exceed the cost, including overhead, reasonably incurred in the administration of this chapter.

(g) This section shall remain in effect only until April 1, 1993, and as of that date is repealed, unless a later enacted statute, which is
enacted before April 1, 1993, deletes or extends that date.

The amount may be paid in two equal installments. The first installment shall be paid on or before August 1 of each year, and the second installment shall be paid on or before December 15 of each year. The amount paid by each plan, except a plan offering only specialized health care service plan contracts, shall be twelve thousand five hundred dollars ($12,500), plus an amount up to, but not exceeding, an amount computed in accordance with the following schedule:

a pro rata basis in accordance with the percentage of the excess or insufficiency as related to the actual charges and assessments for the year for which the excess or insufficiency occurred, in order to recover the actual costs of administration.

(c) The director may prescribe that each person, upon successful completion of the training course and upon passing a written and a practical examination, be certified as an emergency medical technician of an appropriate classification. A suitable identification card may be issued to each certified person to designate that person's emergency medical skill level.

(d) The director may prescribe standards for refresher training to be given to persons trained and certified under this section.

A variance granted by the department pursuant to this subdivision shall prohibit fluoride levels in excess of 75 percent of the maximum contaminant level established in the national primary drinking water regulation adopted by the United States Environmental Protection Agency for fluoride, or three milligrams per liter, whichever is higher, and shall be valid for a period of up to 30 years. The department shall review each variance granted pursuant to this section at least every five years. The variance may be withdrawn upon reasonable notice by the department if the department determines that the community served by the district no longer accepts the fluoride level authorized in the variance or the level of fluoride authorized by the variance poses an unreasonable risk to health. In no case may a variance be granted in excess of the United States Environmental Protection Agency maximum contaminant level.

(2) The department shall grant a variance pursuant to paragraph (1) only if it determines, after conducting a public hearing in the community served by the district, that there is no substantial community opposition to the variance and the variance does not pose an unreasonable risk to health. (A) The fact that a variance has been requested.

(B) The date, time and location of the public hearing that will be conducted by the department.

(D) A discussion of the types of health and dental problems that may occur when the fluoride concentration exceeds the maximum contaminant levels prescribed by the state standard and the federal regulations.

(3) If, at any time after a variance has been granted pursuant to paragraph (1), substantial community concerns arise concerning the
level of fluoride present in the water supplied by the district, the
district shall notify the department, conduct a public hearing on the
concerns expressed by the community, determine the fluoride level
that is acceptable to the community, and apply to the department for
an amendment to the variance which reflects that determination.

4. In making these determinations, the state agencies shall consider any applicable federal environmental and public health and safety laws.

(c) A decision by the secretary whether to enter into a cooperative agreement shall be based on a good faith determination concerning whether a proposed cooperative agreement meets the requirements of this article. The secretary shall take this action within 130 days of a written request by the tribe that the secretary approve a draft cooperative agreement. At least 60 days prior to determining whether to enter into a cooperative agreement, the secretary shall provide notice, and make available for public review and comment, drafts of his or her proposed action and drafts of the findings and determinations that are required by this section. The secretary shall hold a public hearing in the affected area on the proposed action within the time period for taking that action, as specified in this section. Within 10 days after the close of the public review and comment period, the agencies shall complete the determinations required by this section and the secretary shall issue a final decision.

(d) The findings and determinations of the secretary and relevant agencies made pursuant to this section shall explain material differences between state laws and regulations and the proposed tribal or federal functionally equivalent provisions. The findings and determinations do not need to explain each difference between the state and tribal or federal requirements as long as they identify and evaluate whether the material differences meet the requirements of this article, including, but not limited to, providing at least as much protection for public health and safety and the environment as would the state requirements.

(e) Any cooperative agreement executed pursuant to this article shall provide for regulation of the hazardous waste facility through inclusion in the agreement of design, permitting, construction, siting, operation, monitoring, inspection, closure, postclosure, liability, enforcement, and other regulatory provisions applicable to a

(g) Neither the approval of any cooperative agreement nor amendments to the agreement, nor any determination of sufficiency provided in Section 25198.5, shall constitute a “project” as defined in Section 21065 of the Public Resources Code and shall not be subject to review pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(h) Each cooperative agreement shall provide for the incorporation of the standards and requirements germane to the protection of the environment, public health, and safety listed in subdivision (e), as enacted, or as those provisions may be amended after January 1, 1992, or after the effective date of any cooperative agreement, if those standards and requirements meet both of the following requirements:

(1) The standards and requirements do not discriminate against a tribe which has executed a cooperative agreement, or a lessee of the tribe, and are applicable to, or not more stringent than, other rules applicable to other similar or analogous facilities or operations outside Indian country.

(2) Adequate notice and opportunity for comment on the incorporation of new and amended standards or requirements are provided to the tribe, facility owner, and operator to facilitate any physical or operational changes in the facility in accordance with state law.

(1) Meet the functionally equivalent standards provided in the cooperative agreement, as required by subdivision (e) of Section 25198.3.

(2) Provide not less than the level of protection for public health, safety, and the environment that would have been the case if that state agency had issued the permit.

(3) Implement all feasible mitigation measures. For purposes of this paragraph, "feasible" has the same meaning as in Sections 21001, 21002.1, and 21004 of the Public Resources Code, and any regulations adopted pursuant to those sections.

(b) Each cooperative agreement shall provide that the tribal or federal permits issued for the hazardous waste facility meet the requirements of this section.

(c) The failure of a party to a cooperative agreement to meet the requirements of this section shall be determined to be an actionable breach of the cooperative agreement.

(d) The election by a party to a cooperative agreement to pursue a contractual remedy shall not limit the ability of a party to assert its respective claims of jurisdiction or sovereign immunity.

(e) Entering into a cooperative agreement shall not be a basis for denying any remedy to which a party is otherwise entitled.

(c) Procedures for identifying and utilizing the most cost-effective methods for detecting contamination and carrying out removal or remedial actions.

investigation and removal or remedial action at a site. The policies shall recognize the dangers to public health and the environment posed by a release and the need to mitigate those dangers while at the same time taking into account, to the extent possible, the resources, both financial and technical, available to a responsible party.

SEC. 104. Section 25915.2 of the Health and Safety Code is amended to read:

This notice shall be provided annually thereafter. In addition, if new information regarding those items specified in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 25915 has been obtained within 90 days after the notice required by this subdivision is provided or any subsequent 90-day period, then a supplemental notice shall be provided within 15 days of the close of that 90-day period.

(b) Notice provided pursuant to this chapter shall be provided to new employees within 15 days of commencement of work in the building.

(c) Notice provided pursuant to this chapter shall be mailed to any new owner designated to receive the notice pursuant to subdivision (a) of Section 25915.5 within 15 days of the effective date of the agreement under which a person becomes a new owner.

(d) Subdivisions (a) and (c) shall not be construed to require owners of a building or part of a building within a residential common interest development to mail written notification to other owners of a building or part of a building within the residential common interest development, if all the following conditions are met:

(1) The association conspicuously posts, in each building or part of a building known to contain asbestos-containing materials, a large sign in a prominent location that fully informs persons entering each building or part of a building within the common interest development that the association knows the building contains asbestos-containing materials.

The sign shall also inform persons of the location where further information, as required by this chapter, is available about the asbestos-containing materials known to be located in the building.

(2) The owners or association disclose, as soon as practicable before the transfer of title of a separate interest in the common interest development, to a transferee the existence of asbestos-containing material in a building or part of a building within the common interest development.

Failure to comply with this section shall not invalidate the transfer
of title of real property. This paragraph shall only apply to transfers of title of separate interests in the common interest development of which the owners have knowledge. As used in this section, "association" and "common interest development" are defined in Section 1351 of the Civil Code.

(e) If a person contracting with an owner receives notice pursuant to this chapter, that contractor shall provide a copy of the notice to his or her employees or contractors working within the building.

(f) If the asbestos-containing construction material in the building is limited to an area or areas within the building that meet all the following criteria:

1. Are unique and physically defined.
2. Contain asbestos-containing construction materials in structural, mechanical, or building materials which are not replicated throughout the building.
3. Are not connected to other areas through a common ventilation system; then, an owner required to give notice to his or her employees pursuant to subdivision (a) of Section 25915 or 25915.1 may provide that notice only to the employees working within or entering that area or those areas of the building meeting the conditions above.

(g) If the asbestos-containing construction material in the building is limited to an area or areas within the building that meet all the following criteria:

1. Are accessed only by building maintenance employees or contractors and are not accessed by tenants or employees in the building, other than on an incidental basis.
2. Contain asbestos-containing construction materials in structural, mechanical, or building materials which are not replicated in areas of the building which are accessed by tenants and employees.
3. The owner knows that no asbestos fibers are being released or have the reasonable possibility to be released from the material; then, as to that asbestos-containing construction material, an owner required to give notice to his or her employees pursuant to subdivision (a) of Section 25915 or Section 25915.1 may provide that notice only to its building maintenance employees and contractors who have access to that area or those areas of the building meeting the conditions above.

(h) In those areas of a building where the asbestos-containing construction material is composed only of asbestos fibers which are completely encapsulated, if the owner knows that no asbestos fibers are being released or have the reasonable possibility to be released from that material in its present condition and has no knowledge that other asbestos-containing material is present, then an owner required to give notice pursuant to subdivision (a) of Section 25915 shall provide the information required in paragraph (2) of subdivision (a) of Section 25915 and may substitute the following
notice for the requirements of paragraphs (1), (3), (4), and (5) of subdivision (a) of Section 25915:

(1) The existence of, conclusions from, and a description or list of the contents of, that portion of any survey conducted to determine the existence and location of asbestos-containing construction materials within the building that refers to the asbestos materials described in this subdivision, and information describing when and where the results of the survey are available pursuant to Section 25917.

(2) Information to convey that moving, drilling, boring, or otherwise disturbing the asbestos-containing construction material identified may present a health risk and, consequently, should not be attempted by an unqualified employee. The notice shall identify the appropriate person the employee is required to contact if the condition of the asbestos-containing construction material deteriorates.

SEC. 105. Section 40501.2 of the Health and Safety Code is repealed.

SEC. 106. Section 41809 of the Health and Safety Code is amended to read:

41809. Notwithstanding Sections 41508 and 41800, open outdoor fires may be used to dispose of Russian thistle (Salsola kali) when authorized by a chief of a fire department or fire protection agency of a city, county, or fire protection district, the Director of Forestry and Fire Protection or his or her duly authorized representative, a county agricultural commissioner, or an air pollution control officer.

SEC. 107. Section 44223 of the Health and Safety Code is amended to read:

44223. (a) In addition to any other fees specified in this code, the Vehicle Code, and the Revenue and Taxation Code, a district, except the Sacramento district, which has been designated by the state board as a state nonattainment area for any pollutant emitted by motor vehicles may levy a fee of up to two dollars ($2) on motor vehicles registered within the district. A district may impose the fee only if the district board adopts a resolution providing for both the fee and a corresponding program for the reduction of air pollution from motor vehicles pursuant to, and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of, the California Clean Air Act of 1988 (Chapter 1568 of the Statutes of 1988).

(b) In districts with nonelected officials on their boards, a resolution adopted pursuant to subdivision (a) shall be approved by both a majority of the board and a majority of the board members who are elected officials.

(c) A fee imposed pursuant to this section shall become effective on either April 1 or October 1, as provided in the resolution adopted by the board pursuant to subdivision (a).

SEC. 108. Section 44244.1 of the Health and Safety Code is amended to read:
44244.1. (a) Any agency which receives fee revenues pursuant to Section 44243 or 44244 shall, at least once every two years, be subject to an audit of each program or project funded. The audit shall be conducted by an independent auditor selected by the south coast district in accordance with Division 2 (commencing with Section 1100) of the Public Contract Code. The district shall deduct any audit costs which will be incurred pursuant to this section prior to distributing fee revenues to cities, counties, or other agencies pursuant to Sections 44243 and 44244.

(b) Upon completion of an audit conducted pursuant to subdivision (a), the south coast district shall do both of the following:

(1) Make the audit available to the public and to the affected agency upon request.

(2) Review the audit to determine if the revenues from the fees received by the agency were spent for the reduction of air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 (Chapter 1568 of the Statutes of 1988) or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(c) If, after reviewing the audit, the south coast district determines that the revenues from the fees may have been expended in a manner which is contrary to this chapter or which will not result in the reduction of air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3, the district shall do all of the following:

(1) Notify the agency of its determination.

(2) Within 45 days of the notification pursuant to paragraph (1), hold a public hearing at which the agency may present information related to expenditure of the revenues from the fees.

(3) After the public hearing, if the district determines that the agency has expended the revenues from the fees in a manner which is contrary to this chapter or which will not result in the reduction of air pollution from motor vehicles pursuant to the California Clean Air Act of 1988 or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3, the district shall withhold these revenues from the agency in an amount equal to the amount which was inappropriately expended. Any revenues withheld pursuant to this paragraph shall be redistributed to the other agencies or, upon approval of the district board, to entities specified in the work programs developed by the mobile source advisory committee, to the extent the district determines that they have complied with this chapter.

(d) Any agency which receives fee revenues pursuant to Section 44243 or 44244 shall expend the funds within one year of the program or project completion date.

SEC. 109. Section 50590 of the Health and Safety Code is amended to read:

50590. If, after hearing pursuant to this chapter, an order
excluding the participant from the program site is issued, the
program operator may, without further notice, take possession of
the participant's dwelling unit on the program site. The program
operator shall have the same rights to the dwelling unit as if it had
been recovered after abandonment in accordance with Section
1951.3 of the Civil Code and without objection of the participant. If
other participants, including the defendant participant's family
members, reside in the dwelling unit, the abandonment shall be
deemed only to affect the rights of the individual or individuals
against whom the order was issued.

SEC. 110. Section 50668.5 of the Health and Safety Code is
amended to read:

50668.5. For the purpose of providing financial assistance
pursuant to this chapter utilizing bond proceeds transferred to the
Housing Rehabilitation Loan Fund pursuant to paragraph (2) of
subdivision (a) of Section 53130, paragraph (2) of subdivision (b) of
Section 53130, and Sections 8878.20 and 8878.21 of the Government
Code, deferred payment loans made with these funds shall be subject
to all of the following special provisions, which shall prevail over
conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by
the department at any time. Fund commitments shall be based on
a ranking of applications, which shall occur at least once every three
months until there are insufficient funds available to commit
according to this ranking. In making this ranking for rental housing
developments, priority shall be given to those projects which (A)
serve the greater number of eligible households as defined in Section
50105 with the lowest incomes, (B) provide the greater number of
units with three or more bedrooms, (C) are located in areas where
the housing need is great as determined by the department, taking
into consideration, among other factors, low vacancy rates, high
market rents, long waiting lists for subsidized housing, the stock of
substandard housing, and the potential loss of subsidized rental
housing to market-rate housing through demolition, foreclosure, or
subsidy termination, (D) complement the implementation of an
existing housing program, (E) maximize private local and other
funding sources, and (F) maximize long-term benefits for eligible
households, as defined in Sections 50079.5 and 50105. Subparagraph
(B) above shall not apply to applications for fund commitments
submitted pursuant to Section 50670 or to any application for
residential hotels and motels. In making this ranking for
owner-occupied housing, priority shall be given to those applications
which (A) serve the greater number of eligible households, as
defined in Section 50105, with the lowest income, (B) provide the
greater number of units with three or more bedrooms, (C) are
located in areas where the need for rehabilitation is great as
determined by the department, taking into consideration, among
other factors, the amount of substandard owner-occupied housing,
low vacancy rates, and limited availability of affordable housing, (D)
complement the implementation of an existing housing program, and (E) maximize available and appropriate private, local, and other funding sources. The department shall also evaluate the capability of the sponsor to rehabilitate, own, and manage the rental housing development or the capability of the applicant for funding for owner-occupied housing to implement the proposed program.

(2) Loans for rental housing developments may be reviewed, approved, and funded by the department directly to the sponsor. In these cases, the department shall ensure that the sponsor notifies the local legislative body of the sponsor’s loan application prior to a funding award. Loans to owner-occupants may be made by local public entities or nonprofit corporations which have received fund commitments from the department. The department shall ensure that the local public entity or nonprofit corporation applying for fund commitments for loans to owner-occupants notifies the local legislative body of the application prior to a funding award. When the department certifies a local public entity or nonprofit corporation as being capable of making these loans, the department shall delegate responsibility for reviewing and approving these loans to the local public entity or nonprofit corporation. If it is determined by the department that the local public entity or nonprofit corporation is no longer capable of making or managing these loans, the department may, at its sole discretion, revoke that delegation of responsibility or cancel the funding commitment to the local public entity or nonprofit corporation, or both. The department’s regulations shall include procedures and standards for certification and decertification.

(3) A sponsor may apply for loans for one or more rental housing developments.

(b) (1) A housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state’s regulatory agreement, to the eligible households. Notwithstanding the requirements of Section 50663, rental housing developments and owner-occupied units assisted by the program may be located anywhere in the state.

(2) In the case of loans for rental housing developments awarded to nonprofit sponsors, the total secured debt in a superior position to the department’s loan, plus the department’s loan, shall not exceed 100 percent of the after rehabilitation value of the property, as determined by an appraisal of the property conducted pursuant to guidelines established in regulations of the department.

(3) The maximum loan amounts per unit established in regulations pursuant to Section 50670 shall also apply to rental housing developments rehabilitated or acquired and rehabilitated pursuant to paragraph (1) of subdivision (a) of Section 50661, except that there shall not be a maximum loan amount established per project. These dollar limitations may be increased by the department, as necessary, in high-cost areas of the state or where the
correction of severe health and safety defects or the provisions of handicapped accessibility standards necessitate greater assistance. The department, by regulation, may specify unit loan limits for loans made for owner-occupied housing and the circumstances under which it may grant exceptions to, or variances from, these limits.

(4) (A) Loans made to sponsors of rental housing developments for acquisition and rehabilitation shall be for terms of not less than 30 years. Loans made to sponsors of rental housing developments for rehabilitation only shall be for terms of not less than 20 years. However, the term shall not exceed the useful life of the rental housing development for which the loan is made. The sponsor may elect to begin to repay the loan at any time in accordance with the prepayment plan established in accordance with paragraph (6), if it is determined by the department, that the sponsors can continue to maintain the rents at levels affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(5) (A) In the case of loans made for rental housing developments, eligible costs shall include those costs relating to (i) real property acquisition, including refinancing of existing debt to the extent necessary to reduce debt service to a level consistent with the provision of affordable rents and the fiscal integrity of the project; (ii) rehabilitation or reconstruction, including the conversion of nonresidential structures to residential use; (iii) general property improvements which are necessary to correct unsafe, unhealthy, or unsanitary conditions, including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping, and purchase or installation of central air conditioning; (iv) necessary and related onsite improvements; (v) reasonable administrative expenses in connection with the planning and execution of the project, as determined by the department; (vi) reasonable consulting costs; (vii) rent-up costs; (viii) seismic rehabilitation improvements; and (ix) any other costs of rehabilitation authorized by the department. "Rent-up costs," as used in this section, means costs incurred while a unit is on the housing market but not rented to its first tenant. "Seismic rehabilitation improvements," as used in this section, means improvements which are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, a structural engineer, or an architect for a particular building that has been identified as hazardous by the city or county in which the building is located in accordance with the criteria established by the Seismic Safety Commission pursuant to Section 8875.1 of the Government Code or in accordance with a previously adopted city
or county seismic safety ordinance adopted pursuant to Section 19163.

(B) In the case of loans made for owner-occupied housing, eligible costs shall include those costs relating to (i) rehabilitation work expenses; (ii) cost of room additions necessary to alleviate overcrowding; (iii) costs of general property improvements including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping and purchase or installation of central air conditioning, to the extent that they are necessary to correct unsafe, unhealthy, or unsanitary conditions; (iv) costs related to necessary architectural, engineering, and other technical consultants; (v) costs of preliminary reports, title policies, credit reports, appraisal reports, and fees for recording documents related to the department’s loans; (vi) costs of building permits and other governmental fees; and (vii) if in conjunction with other rehabilitation work, costs for improvements related to making the housing accessible to the handicapped.

(C) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Sections 53131 and 53133, the department may set aside or use any amounts available in the fund to establish a rental housing development default reserve for the purpose of curing or avoiding a sponsor’s defaults on the terms of any loan or other obligation which jeopardizes the financial integrity of a rental housing development or the department’s security in the rental housing development. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department and no sponsor shall be entitled to or have any right to payment of these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(D) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating cost, or Sections 53131 and 53133, the department may set aside or use proceeds in the fund in an amount not to exceed 3 percent of the amount of encumbrances for loans for owner-occupied housing to establish an owner-occupied housing default reserve for the purpose of curing or avoiding an owner’s default on the terms of any loan or other obligation which jeopardizes the department’s security in the owner-occupied housing. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department, and no homeowner shall be entitled to, or have any right to payment of, these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand. Interest payments from loans for owner-occupied housing shall be allocated by the department into this reserve to replace the allocated proceeds until the percent established by the
department is achieved solely with interest payments.

(6) Upon request of the sponsor, the department may permit repayment of a sponsor’s loan on the basis of net cash-flow. The department shall develop a prepayment plan in conjunction with the sponsor which will ensure the maintenance of affordable rents and the fiscal integrity of the rental housing development. As an incentive to encourage the prepayment of loans, the department may permit the sponsor to retain one-half of the net cash-flow. The department shall determine the method for calculating net cash-flow, which may include a factor for excess debt service coverage or a return on cash investment to the sponsor.

(7) If a loan is made pursuant to this chapter for both seismic rehabilitation improvements and other eligible rehabilitation costs, only those costs related to the seismic rehabilitation improvements shall be counted and included for purposes of the fund reservation made by Section 8878.20 of the Government Code.

(c) Principal and accumulated interest is due and payable upon completion of the term of the loan. The loan shall bear interest at the rate of 3 percent per annum on the unpaid principal balance. However, the department shall reduce or eliminate interest payments on a loan for any year or, alternatively, defer interest until the deferred payment loan is repaid, if necessary to provide affordable rents to households of very low and low income. The ability to pay all or part of the 3 percent simple annual interest shall not be considered in determining the fiscal integrity of the rental housing development at the time of the rating and ranking of an application.

(1) “Maintain affordable rent levels,” as used in this section, means rents may be automatically increased by the sponsor on an annual basis pursuant to an inflation index to be determined by the department. The inflation index shall reflect anticipated annual changes in rental housing development operating costs from a base year when the rents are initially established. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the rental housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(2) (A) Upon prior written approval by the department, a sponsor may set income limits for incoming tenants at a level below the limit specified in Section 50079.5. If a tenant’s income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant’s eviction, nor be a violation of the sponsor’s loan agreement. If a tenant’s income exceeds the income limit for a household specified in Section 50079.5, the tenant shall be required to vacate the assisted unit within six months from the date of income recertification or notice to the sponsor of an increase in income over the permissible income level. That period may be
extended by the sponsor for an additional six-month period in high
cost rental areas with low vacancy rates, as determined by the
department. Any vacant units shall be rented to eligible households
until the required residency by eligible households is attained.

(B) In the case of limited equity housing cooperatives, the
provisions of this paragraph shall apply, except that tenants whose
incomes, upon recertification, exceed the limit specified in Section
50079.5 shall not be required to vacate their units. Instead, and upon
six months' notice, these tenants shall be required to pay rent in an
amount equal to the market rate rent for comparable units, as
determined by the department. When a tenant's income exceeds the
limit specified in Section 50079.5, the next available membership
share for occupancy in a comparable unit shall be sold to a household
with an income at or below this limit.

(3) When operating income as defined by the department is
greater than operating expenses, debt service, deposits required for
reserve accounts, payments pursuant to paragraph (6) of subdivision
(b) if elected by the sponsor, approved annual distributions, and any
other disbursements approved by the department, these excess
funds shall be paid into an account established in the fund. Funds in
this account shall be appropriated to the department for use to assist
rental housing developments funded pursuant to this section with
proceeds of bonds issued pursuant to Chapter 27 of the Statutes of
1988, Chapter 30 of the Statutes of 1988, or Chapter 48 of the Statutes
of 1988, subject to the following requirements:

(A) Excess funds in the account shall be allocated first into the
rental housing development default reserve established pursuant to
subparagraph (C) of paragraph (5) of subdivision (b). The balance
of this default reserve shall not exceed the maximum level of funding
established by regulations adopted by the department.

(B) After the rental housing development default reserve is fully
funded with these excess funds, the department shall use all
additional excess funds in the account for payment of either
unforeseen capital improvements, the cost of which would
jeopardize the fiscal integrity and affordability of a rental housing
development, or to further reduce rents in a rental housing
development. The department may adopt regulations which specify
the procedures and standards for application for, and use of, these
funds. Those payments used for capital improvements shall be added
to the loan amount secured by the deed of trust and shall be payable
to the department upon demand.

(d) Prior to disbursement of any funds for loans to rental housing
developments made pursuant to this section, the department shall
enter into a regulatory agreement with the sponsor in accordance
with subdivision (d) of Section 50670, except that (1) the term of the
regulatory agreement shall be for the original term of the loan and
the agreement shall be binding upon the sponsor and successors in
interest upon sale or transfer of the rental housing development or
prepayment of the loan and (2) a nonprofit sponsor, other than a
governmental agency, may maintain a debt service coverage ratio of 115 percent and distribute earnings in an amount no greater than 8 percent of the nonprofit sponsor’s actual investment. The regulatory agreement also shall contain provisions requiring annual inspections and review of year-end fiscal audits and related reports by the department and provisions to maintain affordable rent levels to serve eligible households.

(e) Where loans will be used in conjunction with federal or other housing assistance or tax credits and a conflict exists between the other state or federal program requirements and those of this chapter with respect to the calculation of rents, the requirements of the Deferred Payment Rehabilitation Loan Program and the Special User Housing Rehabilitation Program may be waived only to the extent necessary to permit federal or other state financial participation or eligibility for tax credits.

(f) “Sponsor,” for purposes of this section, has the same meaning as defined in subdivision (c) of Section 50669.

(g) (1) The department shall adopt emergency regulations to implement this chapter and to amend the maximum loan amounts per unit established in regulations adopted pursuant to Section 50670, with respect to loans made with funding subject to this section. The regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning or purposes of Section 11346.1 of the Government Code.

(2) Notwithstanding conflicting provisions of this chapter, the department may elect to make the regulations referred to in paragraph (1) additionally applicable until December 31, 1992, to all other deferred payment loan programs authorized by this chapter, except the programs specified in Sections 50662.5 and 50671, if the department determines that the uniformity achieved thereby will avoid significant additional administrative costs.

(h) For purposes of this section, “rental housing development” means a single family house or a multifamily structure or structures containing two or more dwelling units, including efficiency units. One or more of the dwelling units in a rental housing development shall be rented or leased or otherwise occupied as a primary residence by a person or household who is not the owner of the structure or structures. For the purposes of this section, motels operated pursuant to subdivision (b) of Section 50669, residential hotels, group or congregate homes, and limited equity housing cooperatives are rental housing developments. Except for motels, the limitations concerning types of residents and minimum number of units set forth in subdivision (b) of Section 50689 shall not apply.

(i) “Affordable rent” for the purposes of this section shall be established by the department in the regulations authorized by subdivision (g). However, the initial rents shall be established by the department based on a designated family size for each unit size, and those initial rents shall not exceed 30 percent of 50 percent of the
area median income adjusted by that designated family size for units restricted to occupancy by very low income households; or 30 percent of 60 percent of area median income adjusted by that designated family size for units restricted to occupancy by low-income households. In establishing affordable rent levels, the department shall make provision in its regulations for projects serving the physically and mentally handicapped persons.

SEC. 111. Section 789.6 of the Insurance Code is amended to read:

789.6. (a) Insurance policies or certificates of disability insurance sold to persons age 65 or older shall return to policyholders or certificate holders benefits that have a minimum loss ratio of 60 percent for individual policies and 75 percent for group policies. The loss ratio shall be on the basis of incurred claims experience and earned premiums.

(b) The commissioner shall require every entity providing insurance policies or certificates of disability insurance sold to persons age 65 or older in this state to maintain detailed experience data for policies and certificates subject to this section and require them to make an annual filing with the commissioner disclosing the loss ratio for each policy form or certificate subject to this section. The annual filing shall, at a minimum, include rates, rating schedules, and supporting documentation including ratios of incurred losses to earned premiums by number of years of policy duration. That information shall demonstrate that each policy form or certificate is in compliance with the applicable loss ratio standards.

(c) The commissioner shall assure that reserves are reasonable and based on sound actuarial principles with respect to the aggregate dollar amount of reserves for claims that are incurred but not yet paid, and for claims that are incurred but not yet reported.

(d) Policy forms or certificates shall be deemed to comply with the purposes of this section if the expected losses in relation to premiums over the entire period for which the policy form or certificate is rated comply with the requirements of this section and either of the following applies:

1. For policies or certificates that have been in force for three years or more, for the most recent year the ratio of incurred losses to earned premiums is greater than or equal to the minimum loss ratios established by this section.

2. For policies or certificates that have been in force for three years or less, the expected third year loss ratio can be demonstrated to be greater than or equal to the minimum loss ratio.

(e) If the annual filing or other information received by the commissioner indicates that the actual loss ratio for a policy or certificate is less than the minimum loss ratio established by this section, the commissioner shall require that the insurer or entity providing the insurance file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods so
that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

(f) If, in the opinion of the commissioner, a policy's or certificate's failure to meet the minimum loss ratio requirements is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy or certificate from the need for a corrective plan for that year. Any exemption shall be in writing and shall specify the reasons for the granting of the exemption.

(g) If the insurer or other entity providing disability insurance to persons 65 years of age or older in this state fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy or certificate according to the procedures set forth in Section 10293. This remedy is in addition to any remedy available in that section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this section shall be accessible to the public as a public record.

(h) The commissioner may adopt regulations to implement or administer this article.

SEC. 112. Section 1033 of the Insurance Code is amended to read: 1033. (a) Claims allowed in a proceeding under this article shall be given preference in the following order:

(1) Expenses of administration.
(2) Unpaid charges due under Section 736.
(3) Taxes due to the State of California.
(4) Claims having preference by the laws of the United States and by laws of this state.

(5) All claims of the California Insurance Guarantee Association, or the Robbins-Seastrand Health Insurance Guaranty Association, and associations or entities performing a similar function in other states, together with claims for refund of unearned premiums and all claims of policyholders of an insolvent insurer that are not covered claims.

Claims excluded by paragraphs (3) (except claims for refund of unearned premiums), (4), (5), (7), and (8) of subdivision (c) of Section 1063.1, subdivisions (h) and (i) of Section 1063.2, and paragraph (2) of subdivision (b) of Section 1066.2 shall be excluded from this priority.

(6) All other claims.

(b) Upon the issuance of an order appointing a conservator or liquidator for any person, under either Section 1011 or 1016, or both of those sections, the lien of taxes due to the State of California imposed by Article 4 (commencing with Section 12491) of Chapter 4 of Part 7 of Division 2 of the Revenue and Taxation Code shall become subordinate to the reasonable administrative expenses of the proceeding under the order.

SEC. 113. Section 1063.2 of the Insurance Code is amended to read:
1063.2. (a) The association shall pay and discharge covered claims and in connection therewith pay for or furnish loss adjustment services and defenses of claimants when required by policy provisions. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of liabilities by one or more member insurers or through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation, including, but not limited to, the right to: (1) appear, defend, and appeal a claim in a court of competent jurisdiction; (2) receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this article.

(c) (1) If damages against uninsured motorists are recoverable by the claimant from his or her own insurer, the applicable limits of the uninsured motorist coverage shall be a credit against a covered claim payable under this article. Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent, shall seek recovery first from the association of the place of residence of the insured, except that if it is a first-party claim for damage to property with a permanent location, he or she shall seek recovery first from the association of the location of the property, and if it is a workers' compensation claim, he or she shall seek recovery first from the association of the residence of the claimant. Any recovery under this article shall be reduced by the amount of recovery from any other insurance guaranty association or its equivalent. A member insurer may recover in subrogation from the association only one-half of any amount paid by the member insurer under uninsured motorist coverage for bodily injury or wrongful death (and nothing for a payment for anything else) in those cases where the injured person insured by the member insurer has proceeded under his or her uninsured motorist coverage on the ground that the tortfeasor is uninsured as a result of the insolvency of his or her liability insurer (an insolvent insurer as defined in this article), provided that the member insurer shall waive all rights of subrogation against such tortfeasor. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association.

(2) Any claimant having collision coverage on a loss which is covered by the insolvent company's liability policy shall first proceed against his or her collision carrier. Neither that claimant nor the
collision carrier, if it is a member of the association, shall have the
direct to sue or continue a suit against the insured of the insolvent
insurance company for the collision damage.

(d) The association shall have the right to recover, from any
person who is an affiliate of the insolvent insurer and whose liability
obligations to other persons are satisfied in whole or in part by
payments made under this article, the amount of any covered claim
and allocated claims expense paid on behalf of that person pursuant
to this article.

(e) Any person having a claim or legal right of recovery under any
governmental insurance or guaranty program which is also a covered
claim, shall be required to first exhaust his or her right under the
program. Any amount payable on a covered claim shall be reduced
by the amount of any recovery under the program.

(f) The association shall continue coverage for covered claims
under all insurance policies of the insolvent insurer that were in force
on the date the liquidator was appointed until the insurance policy
has expired in accordance with its terms, or has been replaced by the
insured, or canceled at the insured’s request, or has been canceled
by the association as provided in this article, or has been canceled by
the liquidator.

(g) The association shall have authority to cancel insurance
policies of the insolvent insurer by mailing or delivering to the
insured, at the last known address within this state, a written notice
of cancellation at least 10 days prior to the effective date of the
cancellation, notwithstanding any statute or policy provision to the
contrary.

(h) “Covered claims” shall not include any judgments against, or
obligations or liabilities of, the insolvent insurer or the commissioner,
as liquidator, or otherwise resulting from alleged or proven torts, nor
shall any default judgment or stipulated judgment against the
insolvent insurer, or against the insured of the insolvent insurer, be
binding against the association.

(i) “Covered claims” shall not include any loss adjustment
expenses, including adjustment fees and expenses, attorney fees and
expenses, court costs, interest, and bond premiums, incurred prior to
the appointment of a liquidator. The deductible provided for in
paragraph (5) of subdivision (c) of Section 1063.1 shall apply to each
person for each accident for which he or she makes a claim.

SEC. 114. Section 1066.8 of the Insurance Code is amended to
read:

1066.8. (a) For the purpose of providing the funds necessary to
carry out the powers and duties of the association, the board of
directors shall assess the member insurers at the time and for the
amounts that the board finds necessary. Assessments shall be due not
more than 30 days after prior written notice to the member insurers
and shall accrue interest at the rate set forth in 28 U.S.C. Sec. 1961
on and after the due date.

(b) There shall be two assessments, as follows:
(1) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of subdivision (e) of Section 1066.11. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer.

(2) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under Section 1066.7 with regard to an impaired or an insolvent insurer.

(c) (1) The amount of any Class A assessment shall be determined by the board and may be made on a pro rata or nonpro rata basis. If pro rata, the board may provide that it be credited against future Class B assessments. A nonpro rata assessment shall not exceed one hundred fifty dollars ($150) per member insurer in any one calendar year. The amount of any Class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board, in its sole discretion, as being fair and reasonable under the circumstances.

(2) Class B assessments against member insurers shall be in the proportion that the premiums received on business in this state by each assessed member insurer on the policies or contracts covered by each account for the three most recent calendar years, for which information is available, preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to the premiums received on business in this state for those calendar years by all assessed member insurers.

(3) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this article. Classification of assessments under subdivision (b) and computation of assessments under this paragraph shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(d) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred, in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(e) (1) The total of all Class B assessments upon a member insurer shall not, in any one calendar year, exceed 1 percent of the insurer’s average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which an insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide, in any
one year in the account, an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this article.

(2) The board may provide in the plan of operation, a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(f) The board may, by any equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to the account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year, the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains and income from investments. A reasonable amount may be retained in the account to provide funds for the continuing expenses of the association and for future losses.

(g) The association shall issue to each insurer paying an assessment under this article, other than a Class A assessment, a certification of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in the form and for the amount, if any, and period of time that the commissioner may approve.

(h) (1) The plan of operation adopted pursuant to Section 1066.9 shall contain provisions whereby each member insurer is required to recoup, over a reasonable length of time, a sum reasonably calculated to recoup the assessments paid by the member insurer under this article by way of a surcharge on premiums charged for insurance policies to which this article applies. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agent's commission.

(2) Member insurers who collect surcharges in excess of premiums paid pursuant to this section for an insolvent insurer shall remit the excess to the association as an additional premium within 120 days after the end of the collection period as determined by the association. The excess shall be applied to reduce future premium charges for that insurer in the appropriate category.

(3) The plan of operation may permit a member insurer to omit the collection of the surcharge from its insureds when the expense of collecting the surcharge would exceed the amount of the surcharge. However, nothing in this paragraph shall relieve the member insurer of its obligation to recoup the amount of the surcharge otherwise collectible.

(i) Any statement of the amount of surcharge required to be provided by the association shall include a description of, and purpose for, the Robbins-Seastrand California Health Insurance
Guaranty Association, as follows:

"Companies writing health insurance business in California are required to participate in the Robbins-Seastrand California Insurance Health Guaranty Association. If a company becomes insolvent, the Robbins-Seastrand California Health Insurance Guaranty Association settles unpaid claims and assesses each insurance company for its fair share."

"California law requires all companies to surcharge policies to recover these assessments. If your policy is surcharged, "CA Surcharge" with an amount will be displayed on your premium notice."

SEC. 115. Section 1194.87 of the Insurance Code is amended to read:

1194.87. If, after a hearing, the commissioner is satisfied that an insurer is carrying upon its books any parcel or parcels of real estate at values exceeding the sound market value thereof, he or she may order the insurer to:

(a) Create an adequate contingency reserve against the book value of the parcel or parcels, or

(b) Reduce the book value of the parcel or parcels by a corresponding amount.

In the case of real estate, not of a character described in subdivision (a), (b), (h), or (i) of Section 1194.86, which has been held by the insurer for more than five years, the commissioner may order the insurer to dispose of the real estate within six months if, after a hearing, the commissioner is satisfied that:

(1) The insurer has refused reasonable offers for the sale of the real estate, or

(2) The real estate may be disposed of without undue hardship to the insurer.

For the purpose of enabling him or her to determine whether to issue an order pursuant to this section, the commissioner, if he or she is not satisfied with the appraisal furnished at his or her request by the insurer, may appraise the real estate at the expense of the insurer.

The commissioner may suspend or revoke the certificate of authority of an insurer failing to comply with any order issued under this section.

SEC. 116. Section 1872.95 of the Insurance Code, as added by Chapter 1008 of the Statutes of 1991, is amended and renumbered to read:

SEC. 117. Section 1875.10 of the Insurance Code is amended to read:

   (a) That the business of insurance involves many transactions which have potential for abuse and illegal activities.
   (b) That insurers and their policyholders ultimately pay the cost of fraudulent insurance claims.
   (c) That the operation of insurance claims analysis bureaus would be to the benefit of the public, regulators, law enforcement, prosecutors, and insurers in suppressing and preventing insurance claims fraud.
   (d) That the purpose of insurance claims analysis bureaus is to provide a data service to encourage the identification of utilization patterns by individuals or businesses who provide services in support of insurance claims, and by individual claimants themselves, in order to facilitate the identification and prevention of fraudulent activities.

SEC. 118. Section 11624.09 of the Insurance Code is amended to read:

11624.09. Upon a determination by the plan that a certificate of eligibility is defective due to an omission or mistake which is immaterial to determining the eligibility of the applicant for coverage, the plan shall immediately provide written notice of the defect or defects to the insured and to the agent or broker of record. The notice shall inform the applicant that he or she has 10 days from the postmark date of the notice to correct the defect and postmark the correction or missing information for return to the plan.

In the event that the defect is not corrected within that 10 day time period, the policy is void from inception. Providing a photocopy of the application or certificate denoting the specific defect or defects shall be adequate to comply with the requirement to specify the defects in the certificate.

For purposes of this section, failure to provide a required telephone number, time of day, producer number, producer signature, date or information that is omitted but can be determined by questions answered or information provided in other sections of the application or documents submitted as part of the application, shall be considered an omission or mistake immaterial to determining the eligibility of the applicant for the plan coverage. A certificate of eligibility that is submitted to the plan as to which the applicant did not demonstrate a good faith effort in completing or where the applicant has made a willful misrepresentation shall not be subject to this section. In the event that the defect is material to determining the eligibility of the applicant for coverage, the policy is void from inception.

awarded reasonable attorney’s fees, and costs of suit. The consent of any employee to the bringing of this action shall constitute a waiver on the part of the employee of his or her cause of action under Section 1194 unless the action is dismissed without prejudice by the department or the division.

(b) The amendments made to this section by Chapter 825 of the Statutes of 1991 shall apply only to civil actions commenced on or after January 1, 1992.

of service for a period of three calendar months for each full year of
the requisite service, but not to exceed 60 months in any

Article 3.5 (commencing with Section 3074) of Chapter 8 of Title 1 of Part 3.

(2) As used in this section, as appropriate, "administrator" means the work furlough administrator, county corrections administrator, county electronic home detention administrator, county board of parole commissioners, or county parole administrator.

(b) A board of supervisors which implements programs identified in paragraph (1) of subdivision (a), may prescribe a program administrative fee and an application fee, that together do not exceed the pro rata cost of the program to which the prisoner is accepted, including both equipment and supervision costs.

(c) The administrator, or his or her designee, shall not consider a prisoner's ability or inability to pay all or a portion of the program fee for the purposes of granting or denying participation in any of the programs, and shall not have access to the prisoner's financial data prior to rendering a decision.

(d) For purposes of this section, "ability to pay" means the overall capability of the person to reimburse the costs, or a portion of the costs, of providing supervision and shall include, but shall not be limited to, consideration of all of the following factors:

1. Present financial position.
2. Reasonably discernible future financial position. In no event shall the administrator, or his or her designee, consider a period of more than six months from the date of acceptance into the program for purposes of determining reasonably discernible future financial position.
3. Likelihood that the prisoner shall be able to obtain employment within the six-month period from the date of acceptance into the program.
4. Any other factor that may bear upon the prisoner's financial capability to reimburse the county for the fees fixed pursuant to subdivision (b).

The administrator, or his or her designee, shall have the option to waive the fees for program supervision when deemed necessary, justified, or in the interests of justice. The fees charged for program supervision may be modified or waived at any time based on the changing financial position of the prisoner. All fees paid by prisoners for program supervision shall be deposited into the general fund of the county.

(f) No prisoner shall be denied consideration for, or be removed from, participation in any of the programs to which this section applies because of an inability to pay all or a portion of the program supervision fees. At any time during a prisoner's sentence, the prisoner may request that the administrator, or his or her designee, modify or suspend the payment of fees on the grounds of a change in circumstances with regard to the prisoner's ability to pay.
(g) If the prisoner and the administrator, or his or her designee, are unable to come to an agreement regarding the prisoner's ability to pay, or the amount which is to be paid, or the method and frequency with which payment is to be made, the administrator, or his or her designee, shall advise the appropriate court of the fact that the prisoner and administrator, or his or her designee, have not been able to reach agreement and the court shall then resolve the disagreement by determining the prisoner's ability to pay, the amount which is to be paid, and the method and frequency with which payment is to be made.

(h) At the time a prisoner is approved for any of the programs to which this section applies, the administrator, or his or her designee, shall furnish the prisoner a written statement of the prisoner's rights in regard to the program for which the prisoner has been approved, including, but not limited to, both of the following:

(1) The fact that the prisoner cannot be denied consideration for or removed from participation in the program because of an inability to pay.

(2) The fact that if the prisoner is unable to reach agreement with the administrator, or his or her designee, regarding the prisoner's ability to pay, the amount which is to be paid, or the manner and frequency with which payment is to be made, that the matter shall be referred to the court to resolve the differences.

(b) California grocery, beer, soft drink, container manufacturing,
labor, agricultural, consumer, environmental, government, citizen, recreational, taxpayer, and recycling groups have joined together in calling for an innovative program to generate large-scale redemption and recycling of beverage containers.

(c) This division establishes a beverage container recycling goal of 80 percent, and when the redemption rate for any one type of beverage container falls below 65 percent, this division provides for an increased refund value.

(d) It is the intent of the Legislature to ensure that every container type proves its own recyclability.

(e) It is the intent of the Legislature to make redemption and recycling convenient to consumers, and the Legislature hereby urges cities and counties, when exercising their zoning authority, to act favorably on the siting of multimaterial recycling centers, reverse vending machines, mobile recycling units, or other types of recycling opportunities, as necessary for consumer convenience, and the overall success of litter abatement and beverage container recycling in the state.

(f) The purpose of this division is to create and maintain a marketplace where it is profitable to establish sufficient recycling centers and locations to provide consumers with convenient recycling opportunities through the establishment of minimum refund values and processing fees and, through the proper application of these elements, to enhance the profitability of recycling centers, recycling locations, and other beverage container recycling programs.

(g) The responsibility to provide convenient, efficient, and economical redemption opportunities rests jointly with manufacturers, distributors, dealers, recyclers, processors, and the Department of Conservation.

(h) It is the intent of the Legislature, in enacting this division, that all empty beverage containers redeemed shall be recycled, and that the responsibilities and regulations of the department shall be determined and implemented in a manner which favors the recycling of redeemed containers, as opposed to their disposal.

(i) Nothing in this division shall be interpreted as affecting the current business practices of scrap dealers or recycling centers, except that, to the extent they function as a recycling center or processor, they shall do so in accordance with this division.

(j) The program established by this division will contribute significantly to the reduction of the beverage container component of litter in this state.

SEC. 144. Section 14549.5 of the Public Resources Code is amended to read:

14549.5. As part of the recalculation of refund values pursuant to this section, the department shall strive to
ensure the most accurate commingled rate feasible, taking into account seasonal variations in the amount of beverage containers and postfilled containers collected by curbside recycling programs and recycling centers and any other relevant factors. It is the intent of the Legislature in enacting this section that, in order to protect the solvency of the fund and the account, the commingled rate calculated by the department shall ensure that refund values are not paid from the fund for nonbeverage container glass.

SEC. 145. Section 25633 of the Public Resources Code is amended to read:

25633. The commission, as the lead agency, in consultation with the Department of Forestry and Fire Protection, the California Integrated Waste Management Board, the Department of Food and Agriculture, the State Air Resources Board, the State Water Resources Control Board, and the Department of Finance, shall do all of the following:

(a) Implement a program to demonstrate residue conversion technologies at appropriate locations throughout the state.

(b) Establish criteria for the selection of projects consistent with subdivision (a). The criteria shall assess each project considering the feasibility of the particular process, the availability of markets, project economics, local employment, environmental quality, and conformance with applicable local land use plans. The criteria shall recognize the intent of the Legislature that the commission select and provide substantial support for projects such as, but not limited to, combustion, anaerobic digestion, and gasification. The criteria for selection of projects shall include, but not be limited to, those projects which do all of the following:

(1) Reduce the consumption of petroleum fuels.

(2) Utilize residues with the greatest energy potential.

(3) Utilize a technology with the potential for widespread adoption throughout California.

(4) Promote the use of cogeneration or other methods of increasing end use efficiency.

(5) Reduce the environmental impacts of current methods of residue disposal.

(6) Emphasize near-term economic and technical feasibility.

(c) The commission shall require the project proponent, as a condition of eligibility, to do both of the following:

(1) Fund the entire cost of a project except for equipment funded pursuant to subdivision (a).

(2) Enter into an agreement for the purchase of equipment funded pursuant to subdivision (a) if the equipment has been determined to be successful. Successful performance of the equipment shall be determined by engineering performance specifications agreed to by the project proponent and the commission. The time for determination of successful performance shall be agreed upon by the project proponent and the commission. The amount of the purchase of the equipment shall be equal to the amount disbursed by the commission for the equipment pursuant to subdivision (a). If the purchased equipment meets specifications, but the project proves not economical or technologically feasible for other reasons, the state shall secure the equipment for resale. If the purchased equipment does not meet specifications, the state shall assist the industry in enforcing the contract with the equipment supplier or negotiating a reduced cost to the state if the overall project is satisfactory to both industry and the state in proportion to the degree to which the equipment meets specifications.

(d) The commission shall establish selection criteria for projects based on the recommendations of the Department of Forestry and Fire Protection and the Department of Food and Agriculture, which shall submit their recommendations to the commission not later than February 1, 1980.

SEC. 147. Section 25634.1 of the Public Resources Code is amended to read:

in a manner consistent with this division. The recommendations may include proposed changes in administrative regulations, rules, and statutes.

Each of these state agencies shall review and consider the recommendations and shall, within six months after receipt and, in the event the recommendations are not implemented, report to the Governor and the Legislature its action and reasons therefor. 2. Reasonable provisions for notification to the commission and other interested persons of any action taken by a local government pursuant to this chapter, in sufficient detail to ensure that a preliminary review of that action for conformity with this chapter can be made.
3. Interpretive guidelines designed to assist local governments, the commission, and persons subject to this chapter in determining how the policies of this division shall be applied in the coastal zone prior to certification of local coastal programs. However, the guidelines shall not supersede, enlarge, or diminish the powers or authority of the commission or any other public agency.

(c) The commission may require a reasonable filing fee and the reimbursement of expenses for the processing by the commission of any application for a coastal development permit under this division and, except for local coastal program submittals, for any other filing, including, but not limited to, a request for revocation, categorical exclusion, or boundary adjustment, submitted for review by the commission. The funds received under this subdivision shall be expended by the commission only when appropriated by the Legislature.

(d) The findings and determinations of the secretary and relevant agencies made pursuant to this section shall explain material differences between state laws and regulations and the proposed tribal or federal functionally equivalent provisions. The findings and determinations do not need to explain each difference between the state and tribal or federal requirements as long as they identify and evaluate whether the material differences meet the requirements of this article, including, but not limited to, providing at least as much protection for public health and safety and the environment as would the state requirements.

(e) Any cooperative agreement executed pursuant to this article shall provide for regulation of the solid waste facility through inclusion in the agreement of design, permitting, construction, siting, operation, monitoring, inspection, closure, postclosure, liability, enforcement, and other regulatory provisions applicable to a solid waste facility, or which relate to any environmental consequences that may be caused by facility construction or operation, that are functionally equivalent to all of the following:

(5) Any other provision of state environmental, public health, and safety laws and regulations germane to the solid waste facility proposed by the tribe.

(f) The tribal organizational structures or other means of implementing the requirements specified in subdivision (e) are not required to be the same as the state organizational structures or means of implementing its system of regulation.

(h) Each cooperative agreement shall provide for the incorporation of the standards and requirements germane to the protection of the environment, public health, and safety listed in subdivision (e), as enacted, or as those provisions may be amended after January 1, 1992, or after the effective date of any cooperative agreement, if those standards and requirements meet both of the following requirements:

(1) The standards and requirements do not discriminate against a tribe which has executed a cooperative agreement, or a lessee of the tribe, and are applicable to, or not more stringent than, other rules applicable to other similar or analogous facilities or operations outside Indian country.

(2) Adequate notice and opportunity for comment on the incorporation of new and amended standards or requirements are provided to the tribe, facility owner, and operator to facilitate any physical or operational changes in the facility in accordance with state law.

SEC. 152. Section 44205 of the Public Resources Code is amended to read:

44205. (a) Each cooperative agreement shall require the public agencies specified in subdivision (b) of Section 44203 to review any draft tribal permit and any applicable federal permit to determine whether it contains all conditions sufficient to do all of the following:

(2) Provide not less than the level of protection for public health, safety, and the environment that would have been the case if that state agency had issued the permit.

(3) Implement all feasible mitigation measures. For purposes of this paragraph, "feasible" has the same meaning as in Sections 21001, 21002.1, and 21004, and any regulations adopted pursuant to those sections.

(e) Entering into a cooperative agreement shall not be a basis for denying any remedy to which a party is otherwise entitled.

(f) Within 10 days of issuance of a final federal permit or tribal permit, a copy of that permit shall be provided to the California Environmental Protection Agency and the tribe having jurisdiction over the facility.

6359.5. There are exempted from the taxes imposed by this part, the gross receipts from the sale of, and the storage, use, or other consumption in this state of candy, confectionery, and snack foods (as defined in paragraph (2) of subdivision (c) of Section 6359) sold on an irregular or intermittent basis by any nonprofit youth organization listed or described in paragraph (3) of subdivision (b) of Section 6361 if the organization’s profits from those sales are used exclusively in furtherance of the purposes of the organization.

SEC. 158. Section 6480.16 of the Revenue and Taxation Code is amended to read:

6480.16. (a) After service of written notification by the board, the producer or importer shall collect prepayment of retail sales tax from the person to whom fuel is first sold in this state. The prepayment required to be collected by the producer or importer constitutes a debt owed by the producer or importer to the state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a producer or importer who has consumed the fuel has paid the use tax to the board. Each producer or importer shall report and pay the prepayment amounts to the board on a form prescribed by the board in the period in which the fuel is sold. On each subsequent sale of that fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of sale. Each seller shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts that shall be separately stated thereon.

(b) After service of written notification by the board, the jobber shall collect prepayment of the retail sales tax from the person to whom the fuel is sold. The prepayment required to be collected by the jobber constitutes a debt owed by the jobber to the state until paid to the board, or until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the tax to the board. Each jobber shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts, and the amounts shall be separately stated thereon.

Each jobber shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is sold. The amount of prepayment paid by the jobber to his or her vendor shall constitute a credit against the amount of prepayment required to be collected and remitted by the jobber to the board.

(c) A producer, importer, or jobber who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a prepayment paid by the retailer or a
producer, importer, or jobber who has consumed the fuel, to the
seller from whom he or she acquired the fuel shall constitute a credit
against his or her sales and use taxes due and payable for the period
in which the sales were made. Failure of the producer, importer, or
jobber to report prepayments or the producer’s, importer’s, or
jobber’s failure to comply with any other duty under this article shall
not constitute grounds for denial of the credit to the retailer,
producer, importer, or jobber, either on a temporary or permanent
basis or otherwise. The retailer, producer, importer, or jobber shall
be entitled to the credit to the extent of the amount prepaid to his
or her supplier as evidenced by purchase documents, invoices, or
receipts stating separately the amount of tax prepayment.

(e) The rate of the prepayment required to be collected shall be
equal to the prepayment rate established pursuant to subdivision (f)
of Section 6480.1, less one and one-half cents ($0.015) per gallon.
Immediately upon making its determination and setting of the rate,
the board shall each year, no later than January 1, notify by mail
every producer, importer, jobber, and retailer of fuel. In the event
the price of fuel decreases or increases, and the established rate
results in prepayments that consistently exceed established rate
results or are significantly lower than the retailers’ sales tax liability,
the board may readjust the rate.

(f) Notwithstanding any other provision of this section, sales or
exchanges of fuel between those persons exempt from license taxes
pursuant to paragraph (3) of subdivision (a) of Section 7401 shall be
exempt from prepayment of sales tax.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 207.1 of the Welfare and Institutions Code is amended to read:

207.1. (a) No court, judge, referee, peace officer, or employee of a detention facility shall knowingly detain any minor in a jail or lockup, except as provided in subdivision (b) or (d).

(b) Any minor who is alleged to have committed an offense described in subdivision (b) of Section 707, whose case is transferred to a court of criminal jurisdiction pursuant to Section 707.1 after a finding is made that he or she is not a fit and proper subject to be dealt with under the juvenile court law, may be detained in a jail or other secure facility for the confinement of adults, if all of the following conditions are met:

(1) The juvenile court judge makes a finding at the conclusion of
the fitness hearing that the minor's further detention in the juvenile hall would endanger the safety of the public or would be detrimental to the other minors in the juvenile hall.

(2) Contact between the minor and adults in the facility is restricted in accordance with Section 208.

(3) The minor is adequately supervised.

(4) The adult facility has been approved by the Department of the Youth Authority as an appropriate place for the detention of minors so transferred.

(c) A minor who is found not to be a fit and proper subject to be dealt with under the juvenile court law, upon the conclusion of the fitness hearing, shall be entitled to be released on bail or on his or her own recognizance upon the same circumstances, terms, and conditions as an adult who is alleged to have committed the same offense.

(d) A minor 14 years of age or older who is taken into temporary custody by a peace officer on the basis of being a person described by Section 602, and who, in the reasonable belief of the peace officer, presents a serious security risk of harm to self or others, may be securely detained in a law enforcement facility that contains a lockup for adults, if all of the following conditions are met:

(1) The minor is held in temporary custody for the purpose of investigating the case, facilitating release of the minor to a parent or guardian, or arranging transfer of the minor to an appropriate juvenile facility.

(2) The minor is detained in the law enforcement facility for a period that does not exceed six hours except as provided in subdivision (g).

(3) The minor is informed at the time he or she is securely detained of the purpose of the secure detention, of the length of time the secure detention is expected to last, and of the maximum six-hour period the secure detention is authorized to last. In the event an extension is granted pursuant to subdivision (g), the minor shall be informed of the length of time the extension is expected to last.

(4) Contact between the minor and adults confined in the facility is restricted in accordance with Section 208.

(5) The minor is adequately supervised.

(6) A log or other written record is maintained by the law enforcement agency showing the offense which is the basis for the secure detention of the minor in the facility, the reasons and circumstances forming the basis for the decision to place the minor in secure detention, and the length of time the minor was securely detained.

Any other minor who is taken into temporary custody by a peace officer on the basis that the minor is a person described by Section 602, may be taken to a law enforcement facility that contains a lockup for adults and may be held in temporary custody in the facility for the purposes of investigating the case, facilitating the release of the minor to a parent or guardian, or arranging for the transfer of the
minor to an appropriate juvenile facility. However, while in the law
enforcement facility, the minor may not be securely detained and
shall be supervised in a manner so as to ensure that there will be no
contact with adults in custody in the facility. If the minor is held in
temporary, nonsecure custody within the facility, the peace officer
shall exercise one of the dispositional options authorized by Sections
626 and 626.5 without unnecessary delay and, in every case, within
six hours.

police station or a sheriff's station, but does not include a jail, as
defined in subdivision (i).

(e) The Department of the Youth Authority shall assist law
enforcement agencies, probation departments, and courts with the
implementation of this section by doing all of the following:

(1) The Department of the Youth Authority shall advise each law
enforcement agency, probation department, and court affected by
this section as to its existence and effect.

(2) The Department of the Youth Authority shall make available
and, upon request, shall provide technical assistance to each
governmental agency that reported the confinement of a minor in
a jail or lockup in calendar year 1984 or 1985. The purpose of this
technical assistance is to develop alternatives to the use of jails or
lockups for the confinement of minors. These alternatives may
include secure or nonsecure facilities located apart from an existing
jail or lockup; improved transportation or access to juvenile halls or
other juvenile facilities; and other programmatic alternatives
recommended by the Department of the Youth Authority. The
technical assistance shall take any form the Department of the Youth
Authority deems appropriate for effective compliance with this
section.

(f) The Department of the Youth Authority may exempt a county
that does not have a juvenile hall, or may exempt an offshore law
enforcement facility, from compliance with this section for a
reasonable period of time, until December 1, 1992, for the purpose
of allowing the county or the facility to develop alternatives to the
use of jails and lockups for the confinement of minors, if all of the
following conditions are met:

(1) The county or the facility submits a written request to the
Department of the Youth Authority for an extension of time to
comply with this section.

(2) The Department of the Youth Authority agrees to make
available, and the county or the facility agrees to accept, technical
assistance to develop alternatives to the use of jails and lockups for
the confinement of minors during the period of the extension.

(3) The county or the facility requesting the extension submits to
the Department of the Youth Authority a written plan for full
compliance with this section by September 1, 1987.

(g) (1) Under the limited conditions of inclement weather, acts
of God, or natural disasters that result in the temporary unavailability
of transportation, an extension of the six-hour maximum period of detention set forth in paragraph (2) of subdivision (d) may be granted to a county by the Department of the Youth Authority. The extensions may only be granted by the Department of the Youth Authority on an individual, case-by-case basis. If the extension is granted, the detention of minors under those conditions shall not exceed the duration of the special conditions, plus a period reasonably necessary to accomplish transportation of the minor to a suitable juvenile facility, not to exceed six hours after the restoration of available transportation.

A county that receives an extension under this paragraph shall comply with the requirements set forth in subdivision (d). The county also shall provide a written report to the Department of the Youth Authority that specifies when the inclement weather, act of God, or natural disaster ceased to exist, when transportation availability was restored, and when the minor was delivered to a suitable juvenile facility. In the event that the minor was detained in excess of 24 hours, the Department of the Youth Authority shall verify the information contained in the report.

(2) Under the limited condition of temporary unavailability of transportation, an extension of the six-hour maximum period of detention set forth in paragraph (2) of subdivision (d) may be granted by the Department of the Youth Authority to an offshore law enforcement facility. The extension may be granted only by the Department of the Youth Authority on an individual, case-by-case basis. If the extension is granted, the detention of minors under those conditions shall extend only until the next available mode of transportation can be arranged.

An offshore law enforcement facility that receives an extension under this paragraph shall comply with the requirements set forth in subdivision (d). The facility also shall provide a written report to the Department of the Youth Authority that specifies when the next mode of transportation became available, and when the minor was delivered to a suitable juvenile facility. In the event that the minor was detained in excess of 24 hours, the Department of the Youth Authority shall verify the information contained in the report.

(3) At least annually, the Department of the Youth Authority shall review and report on extensions sought and granted under this subdivision. If, upon that review, the Department of the Youth Authority determines that a county has sought one or more extensions resulting in the excessive confinement of minors in adult facilities, or that a county is engaged in a pattern and practice of seeking extensions, it shall require the county to submit a detailed explanation of the reasons for the extensions sought and an assessment of the need for a conveniently located and suitable juvenile facility. Upon receiving this information, the Department of the Youth Authority shall make available, and the county shall accept, technical assistance for the purpose of developing suitable alternatives to the confinement of minors in adult lockups. Based
upon the information provided by the county, the Department of the Youth Authority also may place limits on, or refuse to grant, future extensions requested by the county under this subdivision.

(h) Any county that did not have a juvenile hall on January 1, 1987, may establish a special purpose juvenile hall, as defined by the Department of the Youth Authority, for the detention of minors for a period not to exceed 96 hours. Any county that had a juvenile hall on January 1, 1987, also may establish, in addition to the juvenile hall, a special purpose juvenile hall. The Department of the Youth Authority shall prescribe minimum standards for any such facility.

(i) (1) "Jail," as used in this chapter, means any building that contains a locked facility administered by a law enforcement or governmental agency, the purpose of which is to detain adults who have been charged with violations of criminal law and are pending trial, or to hold convicted adult criminal offenders sentenced for less than one year.

(2) "Lockup," as used in this chapter, means any locked room or secure enclosure under the control of a sheriff or other peace officer which is primarily for the temporary confinement of adults upon arrest.

(3) "Offshore law enforcement facility," as used in this section, means a sheriff’s station containing a lockup for adults that is located on an island located at least 22 miles from the California coastline.

(j) Nothing in this section shall be deemed to prevent a peace officer or employee of an adult detention facility or jail from escorting a minor into the detention facility or jail for the purpose of administering an evaluation, test, or chemical test pursuant to Section 23157 of the Vehicle Code, if all of the following conditions are met:

(1) The minor is taken into custody by a peace officer on the basis of being a person described by Section 602 and there is no equipment for the administration of the evaluation, test, or chemical test located at a juvenile facility within a reasonable distance of the point where the minor was taken into custody.

(2) The minor is not locked in a cell or room within the adult detention facility or jail, is under the continuous, personal supervision of a peace officer or employee of the detention facility or jail, and is not permitted to come in contact or remain in contact with in-custody adults.

(3) The evaluation, test, or chemical test administered pursuant to Section 23157 of the Vehicle Code is performed as expeditiously as possible, so that the minor is not delayed unnecessarily within the adult detention facility or jail. Upon completion of the evaluation, test, or chemical test, the minor shall be removed from the detention facility or jail as soon as reasonably possible. No minor shall be held in custody in an adult detention facility or jail under the authority of this paragraph in excess of two hours.

SEC. 2. Section 207.2 is added to the Welfare and Institutions Code, to read:
207.2. (a) A minor who is held in temporary custody in a law enforcement facility that contains a lockup for adults pursuant to subdivision (d) of Section 207.1 may be released to a parent, guardian, or responsible relative by the law enforcement agency operating the facility, or may at the discretion of the law enforcement agency be released into his or her own custody, provided that a minor released into his or her own custody is furnished, upon request, with transportation to his or her home or to the place where the minor was taken into custody.

(b) In addition to the liability established by any other provision of law, a parent or guardian of a minor who has been held in temporary custody in a law enforcement facility pursuant to subdivision (d) of Section 207.1 shall be liable for the reasonable costs of transporting the minor to a juvenile facility and for the costs of the minor’s food, shelter, and care at the juvenile facility when all of the following circumstances are applicable:

(1) The parent or guardian has received actual notice by telephone or by written communication from the law enforcement agency that the minor is scheduled for release and that the parent is requested to take delivery of the minor at the law enforcement facility, in person or through a responsible relative, by a time certain which shall be no later than six hours from the time the minor was placed in temporary custody at the law enforcement facility. The notice shall inform the parent or guardian of the financial liability created by this section.

(2) It is reasonably possible for the parent or guardian to take delivery, in person or through a responsible relative, of the minor at the law enforcement facility within the custody time limit identified by the law enforcement agency in the request to take delivery of the minor.

(3) The parent or guardian states a refusal to accept release of the minor or fails to make a reasonable effort to take timely delivery of the minor, in person or through a responsible relative, in accordance with the request of the law enforcement agency.

(c) The liability established by this section, when combined with any other liability arising under Section 903, shall not exceed one hundred dollars ($100) for each 24-hour period, beginning when notice of release was actually received, in which a notified parent or guardian has failed to make a reasonable effort to take custody of the minor, in person or through a responsible relative, at the law enforcement facility or at a juvenile facility to which the minor is subsequently transferred.

(d) The liability established by this section shall be limited by the financial ability of the parents, guardians, or other persons to pay. Any parent, guardian, or other person who is assessed under this section shall, upon request, be entitled to an evaluation and determination of ability to pay under Section 903.45. Any parent, guardian, or other person who is assessed under this section shall also be entitled, upon petition, to a hearing in the juvenile court on the
issues of liability and ability to pay.

SEC. 3. Section 209 of the Welfare and Institutions Code is amended to read:

209. (a) The judge of the juvenile court of a county, or, if there is more than one judge, any of the judges of the juvenile court shall, at least annually, inspect any jail, juvenile hall, or special purpose juvenile hall which, in the preceding calendar year, was used for confinement, for more than 24 hours, of any minor.

The judge shall note in the minutes of the court whether the facility is a suitable place for confinement of minors.

The Department of the Youth Authority shall likewise conduct an annual inspection of each jail, juvenile hall, lockup, or special purpose juvenile hall situated in this state which, during the preceding calendar year, was used for confinement, for more than 24 hours, of any minor.

If either a judge of the juvenile court or the department, after inspection of a jail, juvenile hall, special purpose juvenile hall, or lockup, finds that it is not being operated and maintained as a suitable place for the confinement of minors, the juvenile court or the department shall give notice of its finding to all persons having authority to confine minors pursuant to this chapter and commencing 60 days thereafter the facility shall not be used for confinement of minors until the time the judge or department, as the case may be, finds, after reinspection of the facility that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for confinement of minors.

The custodian of each jail, juvenile hall, special purpose juvenile hall, and lockup shall make any reports as may be required by the department or the juvenile court to effectuate the purposes of this section.

(b) The Department of the Youth Authority may inspect any law enforcement facility which contains a lockup for adults and which it has reason to believe may not be in compliance with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2. A judge of the juvenile court shall conduct an annual inspection, either in person or through a delegated member of the appropriate county or regional juvenile justice commission, of any law enforcement facility which contains a lockup for adults which, in the preceding year, was used for the secure detention of any minor.

If either the judge or the department finds after inspection that the facility is not being operated and maintained in conformity with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2, the juvenile court or the department shall give notice of its finding to all persons having authority to securely detain minors in the facility, and, commencing 60 days thereafter, the facility shall not be used for the secure detention of a minor until the time the judge or
the department, as the case may be, finds, after reinspection, that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for the confinement of minors in conformity with all requirements of law.

The custodian of each law enforcement facility which contains a lockup for adults shall make any report as may be required by the department or by the juvenile court to effectuate the purposes of this subdivision.

(c) The department shall collect annual data on the number, place, and duration of confinements of minors in jails and lockups, as defined in subdivision (i) of Section 207.1, and shall annually publish this information in the form as it deems appropriate for the purpose of providing public information on continuing compliance with the requirements of Section 207.1.

SEC. 4. Section 731.8 of the Welfare and Institutions Code, as added by Chapter 10 of the Statutes of 1992, is amended to read:

731.8. (a) The Department of the Youth Authority shall adopt a written policy setting forth the rules and requirements for wards in the institutional and parole components of the LEAD program and shall make this written policy available to program participants. It shall be the policy of the department to encourage a ward's continued participation and successful completion of the LEAD program by all appropriate means. A ward may be dismissed from the LEAD program only upon a material violation of rules and requirements made known to the ward upon enrollment in the program. Violations shall be documented by the department. The department shall use its existing disciplinary decisionmaking system whereby the ward has the opportunity to contest any allegation of misconduct which is the basis for the proposed dismissal of the ward from the program.

(b) A ward who resigns or is dismissed from the LEAD program shall be given credit by the Youthful Offender Parole Board for institutional time served while in the program and shall not have time added to his or her parole consideration date by the Youthful Offender Parole Board solely on the basis that the ward started and failed to complete the LEAD program.

(c) This section shall be repealed on June 30, 1997, unless that date is extended or deleted by a later enacted statute.

SEC. 5. Section 731.9 of the Welfare and Institutions Code, as added by Chapter 10 of the Statutes of 1992, is amended to read:

731.9. The Department of the Youth Authority shall provide for the evaluation of the LEAD program in order to document the implementation and operations of the program and to measure the program's impact on subsequent behavior and recidivism of wards and on the institutional and parole populations of the department.

(a) There shall be an implementation and process evaluation which shall describe the program qualitatively and shall fully document the startup, operations, size, volume, location, program description, staffing cost, and other relevant characteristics of the
pilot programs in both the northern and southern California phases. Additionally, the implementation and process evaluation shall monitor and report on the selection of wards for the program, including judicial recommendations for admission, profiles and characteristics of wards eligible for the program and of wards selected for inclusion in the program by the department, recommendations made to the Youthful Offender Parole Board, acceptances and rejections by the board, and reasons for rejection by the board. Additionally, this evaluation shall include information on wards who resign or are dismissed from the program in all phases, including their total length of institutional stay, their reasons for dismissal and the steps taken, if any, to replace wards who leave the program before completion. An implementation and process study shall be conducted over the first 12 months of program operation at each facility site where the program is established and shall be completed and presented to the Legislature by the end of 16 months from the date the program begins at each site.

(b) There shall be an impact evaluation to determine the effect of the program on the subsequent behavior of wards including measures of recidivism. The impact evaluation shall apply strict experimental and control study protocols to compare the followup behavior and recidivism of wards completing the program to the behavior and recidivism of eligible wards who are not in the program. Measures of recidivism shall include revocations and removals from parole as well as new law violations by frequency and severity. Particular attention in the evaluation shall be given to determining the recidivism characteristics at 12-, 18-, and 24-month followup periods after successful completion of the LEAD program, with comparison to the performance of a pool of wards who are eligible for the program but were not assigned to it. The impact evaluation shall report specially on the effect which the program may have on the size of present and future Department of the Youth Authority populations, including measures of length of stay for program participants, dropouts, and nonparticipants; bed savings or increases attributable to the operation of the program; and the cost-effectiveness of the program or lack thereof. Interim impact evaluation reports shall be completed and submitted to the Legislature on or before December 31, 1994, and December 31, 1995, with a final impact evaluation report due on or before December 31, 1996.

(c) This section shall be repealed on June 30, 1997, unless that date is extended or deleted by a later enacted statute.

SEC. 6. Section 903.25 is added to the Welfare and Institutions Code, to read:

903.25. (a) In addition to the liability established by any other provision of law, a parent or guardian of a minor who has been delivered to the custody of the probation department, or who has been securely detained in a juvenile facility operated by a probation department, shall be liable for the reasonable costs of food, shelter,
and care of the minor while in the custody of the probation department when all of the following circumstances are applicable:

(1) The parent or guardian receives actual notice by telephone or by written communication from the probation officer that the minor is scheduled for release from custody and that the parent or guardian, in person or through a responsible relative, is requested to take delivery of the minor. The notice shall inform the parent or guardian of the financial liability created by this section.

(2) It is reasonably possible for the parent or guardian to take delivery of the minor, in person or through a responsible relative, at the place designated by the probation officer within 12 hours from the time notice of release was received.

(3) The parent states a refusal to take delivery of the minor or fails to make a reasonable effort to take delivery of the minor, in person or through a responsible relative, within 12 hours from the time of actual receipt of the notice.

(b) The liability established by this section, when combined with any liability arising under Section 903, shall not exceed one hundred dollars ($100) for each 24-hour period, beginning when notice of release was actually received, in which a notified parent or guardian has failed to make a reasonable effort to take delivery of the minor, in person or through a responsible relative, in accordance with the request and instructions of the probation officer.

(c) The liability established by this section shall be limited by the financial ability of the parents, guardians, or other persons to pay. Any parent, guardian, or other person who is assessed under this section shall, upon request, be entitled to an evaluation and determination of ability to pay under the provisions of Section 903.45. Any parent, guardian, or other person who is assessed under this section shall also be entitled, upon petition, to a hearing and determination by the juvenile court on the issues of liability and ability to pay.

SEC. 7. Section 903.45 of the Welfare and Institutions Code is amended to read:

903.45. (a) The board of supervisors may designate a county financial evaluation officer pursuant to Section 27750 of the Government Code to make financial evaluations of parental liability for reimbursement pursuant to Sections 207.2, 903, 903.1, 903.2, 903.25, and 903.3, and other reimbursable costs allowed by law, as set forth in this section.

(b) In any county where a board of supervisors has designated a county financial evaluation officer, the juvenile court shall, at the close of the disposition hearing, order any person liable for the cost of support, pursuant to Section 903, the cost of legal services as provided for in Section 903.1 or probation costs as provided for in Section 903.2, or any other reimbursable costs allowed under this code, to appear before the financial evaluation officer for a financial evaluation of his or her ability to pay those costs; and if the responsible person is not present at the disposition hearing, the court
shall cite him or her to appear for such a financial evaluation. In the case of a parent, guardian, or other person assessed for the costs of transport, food, shelter, or care of a minor under Section 207.2 or 903.25, the juvenile court shall, upon request of the county probation department, order the appearance of the parent, guardian, or other person before the financial evaluation officer for a financial evaluation of his or her ability to pay the costs assessed.

If the county financial evaluation officer determines that a person so responsible has the ability to pay all or part of the costs, the county financial evaluation officer shall petition the court for an order requiring the person to pay that sum to the county. In evaluating a person's ability to pay under this section, the county financial evaluation officer and the court shall take into consideration the family's income, the necessary obligations of the family, and the number of persons dependent upon this income. Any person appearing for a financial evaluation shall have the right to dispute the county financial evaluation officer's determination, in which case he or she shall be entitled to a hearing before the juvenile court. The county financial evaluation officer at the time of the financial evaluation shall advise such a person of his or her right to a hearing and of his or her rights pursuant to subdivision (c).

At the hearing, any person so responsible for costs shall be entitled to have, but shall not be limited to, the opportunity to be heard in person, to present witnesses and other documentary evidence, to confront and cross-examine adverse witnesses, to disclosure of the evidence against him or her, and to receive a written statement of the findings of the court. The person shall have the right to be represented by counsel, and, when the person is unable to afford counsel, the right to appointed counsel. If the court determines that the person has the ability to pay all or part of the costs, including the costs of any counsel appointed to represent the person at the hearing, the court shall set the amount to be reimbursed and order him or her to pay that sum to the county in a manner in which the court believes reasonable and compatible with the person's financial ability.

If the person or persons, after having been ordered to appear before the county financial evaluation officer, have been given proper notice and fail to appear as ordered, the county financial evaluation officer shall recommend to the court that he, she, or they be ordered to pay the full amount of the costs. Proper notice to him, her, or them shall contain all of the following:

1. That he, she, or they have a right to a statement of the costs as soon as it is available.
2. His, her, or their procedural rights under Section 27755 of the Government Code.
3. The time limit within which his, her, or their appearance is required.
4. A warning that if he, she, or they fail to appear before the county financial evaluation officer, the officer will recommend that the court order him, her, or them to pay the costs in full.
If the county financial evaluation officer determines that the person or persons have the ability to pay all or a portion of these costs, with or without terms, and he, she, or they concur in this determination and agree to the terms of payments, the county financial evaluation officer, upon his or her written evaluation and the person's or persons' written agreement, shall petition the court for an order requiring him, her, or them to pay that sum to the county in a manner which is reasonable and compatible with his, her, or their financial ability. This order may be granted without further notice to the person or persons, provided a copy of the order is served on him, her, or them by mail.

However, if the county financial evaluation officer cannot reach an agreement with the person or persons with respect to either the liability for the costs, the amount of the costs, his, her, or their ability to pay the same, or the terms of payment, the matter shall be deemed in dispute and referred by the county financial evaluation officer back to the court for a hearing.

(c) At any time prior to the satisfaction of a judgment entered pursuant to this section, a person against whom the judgment was entered may petition the rendering court to modify or vacate the judgment on the basis of a change in circumstances relating to his or her ability to pay the judgment.

(d) Execution may be issued on the order in the same manner as on a judgment in a civil action, including any balance remaining unpaid at the termination of the court's jurisdiction over the minor.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act clarifies numerous provisions of existing law with regard to minors in order to ensure that the law is properly carried out. In order to provide this necessary clarification at the earliest possible time, it is necessary that this act take effect immediately.
An act to amend Sections 12246, 17200, 17203, 17206, and 17536 of the Business and Professions Code, relating to unfair competition.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 12246 of the Business and Professions Code is amended to read:

12246. This article shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 2. Section 17200 of the Business and Professions Code is amended to read:

17200. As used in this chapter, unfair competition shall mean and include any unlawful, unfair or fraudulent business act or practice and unfair, deceptive, untrue or misleading advertising and any act prohibited by Chapter 1 (commencing with Section 17500) of Part 3 of Division 7 of the Business and Professions Code.

SEC. 3. Section 17203 of the Business and Professions Code is amended to read:

17203. Any person who engages, has engaged, or proposes to engage in unfair competition may be enjoined in any court of competent jurisdiction. The court may make such orders or judgments, including the appointment of a receiver, as may be necessary to prevent the use or employment by any person of any practice which constitutes unfair competition, as defined in this chapter, or as may be necessary to restore to any person in interest any money or property, real or personal, which may have been acquired by means of such unfair competition.

SEC. 4. Section 17206 of the Business and Professions Code is amended to read:

17206. (a) Any person who engages, has engaged, or proposes to engage in unfair competition shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General or by any district attorney or by any county counsel authorized by agreement with the district attorney in actions involving violation of a county ordinance, or any city attorney of a city, or city and county, having a population in excess of 750,000, and, with the consent of the district attorney, by a city prosecutor in any city having a full-time city prosecutor or, with the consent of the district attorney, by a city attorney in any city and county, in any court of competent jurisdiction.

(b) The court shall impose a civil penalty for each violation of this
chapter. In assessing the amount of the civil penalty, the court shall consider any one or more of the relevant circumstances presented by any of the parties to the case, including, but not limited to, the following: the nature and seriousness of the misconduct, the number of violations, the persistence of the misconduct, the length of time over which the misconduct occurred, the willfulness of the defendant's misconduct, and the defendant's assets, liabilities, and net worth.

(c) If the action is brought by the Attorney General, one-half of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered, and one-half to the State General Fund. If brought by a district attorney or county counsel, the penalty collected shall be paid to the treasurer of the county in which the judgment was entered. Except as provided in subdivision (d), if brought by a city attorney or city prosecutor, one-half of the penalty collected shall be paid to the treasurer of the city in which the judgment was entered, and one-half to the treasurer of the county in which the judgment was entered.

(d) If the action is brought at the request of a board within the Department of Consumer Affairs or a local consumer affairs agency, the court shall determine the reasonable expenses incurred by the board or local agency in the investigation and prosecution of the action.

Before any penalty collected is paid out pursuant to subdivision (b), the amount of such reasonable expenses incurred by the board shall be paid to the State Treasurer for deposit in the special fund of the board described in Section 205. If the board has no such special fund, the moneys shall be paid to the State Treasurer. The amount of such reasonable expenses incurred by a local consumer affairs agency shall be paid to the general fund of the municipality or county which funds the local agency.

(e) If the action is brought by a city attorney of a city and county, the entire amount of the penalty collected shall be paid to the treasurer of the city and county in which the judgment was entered. However, if the action is brought by a city attorney of a city and county for the purposes of civil enforcement pursuant to Section 17980 of the Health and Safety Code or Article 3 (commencing with Section 11570) of Chapter 10 of Division 10 of the Health and Safety Code, either the penalty collected shall be paid entirely to the treasurer of the city and county in which the judgment was entered, or upon the request of the city attorney, the court may order that up to one-half of the penalty, under court supervision and approval, be paid for the purpose of restoring, maintaining, or enhancing the premises which were the subject of the action, and that the balance of the penalty be paid to the treasurer of the city and county.

SEC. 5. Section 17536 of the Business and Professions Code is amended to read:

17536. (a) Any person who violates any provision of this chapter shall be liable for a civil penalty not to exceed two thousand five
hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General or by any district attorney, county counsel, or city attorney in any court of competent jurisdiction.

(b) The court shall impose a civil penalty for each violation of this chapter. In assessing the amount of the civil penalty, the court shall consider any one or more of the relevant circumstances presented by any of the parties to the case, including, but not limited to, the following: the nature and seriousness of the misconduct, the number of violations, the persistence of the misconduct, the length of time over which the misconduct occurred, the willfulness of the defendant's misconduct, and the defendant's assets, liabilities, and net worth.

(c) If the action is brought by the Attorney General, one-half of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered, and one-half to the State Treasurer. If brought by a district attorney or county counsel, the entire amount of penalty collected shall be paid to the treasurer of the county in which the judgment was entered. If brought by a city attorney or city prosecutor, one-half of the penalty shall be paid to the treasurer of the county and one-half to the city.

(d) If the action is brought at the request of a board within the Department of Consumer Affairs or a local consumer affairs agency, the court shall determine the reasonable expenses incurred by the board or local agency in the investigation and prosecution of the action.

Before any penalty collected is paid out pursuant to subdivision (c), the amount of such reasonable expenses incurred by the board shall be paid to the State Treasurer for deposit in the special fund of the board described in Section 205. If the board has no such special fund the moneys shall be paid to the State Treasurer. The amount of such reasonable expenses incurred by a local consumer affairs agency shall be paid to the general fund of the municipality which funds the local agency.

(e) As applied to the penalties for acts in violation of Section 17530, the remedies provided by this section and Section 17534 are mutually exclusive.

SEC. 6. In enacting the amendments contained in this act, it is the intent of the Legislature not to change the decisional law of this state regarding the methods of determining the number of violations on which an award of civil penalties is based.
An act to amend Section 4800.8 of the Civil Code, relating to community property.

[Approved by Governor August 1, 1992. Filed with Secretary of State August 3, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 4800.8 of the Civil Code is amended to read:
4800.8. (a) Except as provided in subdivision (b), the court shall make whatever orders are necessary or appropriate to assure that each party receives his or her full community property share in any retirement plan, whether public or private, including all survivor and death benefits, including, but not limited to, any of the following:

(1) Order the division of any retirement benefits payable upon or after the death of either party in a manner consistent with Section 4800.

(2) Order a party to elect a survivor benefit annuity or other similar election for the benefit of the other party, as specified by the court, in any case in which a retirement plan provides for such an election, provided that no court shall order a retirement plan to provide increased benefits determined on the basis of actuarial value.

(3) Order the division of accumulated community property contributions and service credit as provided in Article 1.2 (commencing with Section 21215) of Chapter 9 of Part 3 of Division 5 of Title 2 of the Government Code.

CHAPTER 433

An act to amend Sections 317 and 903.1 of the Welfare and Institutions Code, relating to criminal procedure.

[Approved by Governor August 3, 1992. Filed with Secretary of State August 4, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 317 of the Welfare and Institutions Code is amended to read:

317. (a) When it appears to the court that a parent or guardian of the minor desires counsel but is presently financially unable to afford and cannot for that reason employ counsel, the court may appoint counsel as provided in this section.
(b) When it appears to the court that a parent or guardian of the minor is presently financially unable to afford and cannot for that reason employ counsel, and the minor has been placed in out-of-home care, or the petitioning agency is recommending that the minor be placed in out-of-home care, the court shall appoint counsel, unless the court finds that the parent or guardian has made a knowing and intelligent waiver of counsel as provided in this section.

(c) In any case in which it appears to the court that the minor would benefit from the appointment of counsel the court shall appoint counsel for the minor as provided in this section. Counsel for the minor may be a county counsel, district attorney, public defender, or other member of the bar, provided that the counsel does not represent another party or county agency whose interests conflict with the minor's. The fact that the district attorney represents the minor in a proceeding pursuant to Section 300 as well as conducts a criminal investigation or files a criminal complaint or information arising from the same or reasonably related set of facts as the proceeding pursuant to Section 300 is not in and of itself a conflict of interest. The court shall determine if representation of both the petitioning agency and the minor constitutes a conflict of interest. If the court finds there is a conflict of interest, separate counsel shall be appointed for the minor. The court may fix the compensation to be paid by the county for the services of appointed counsel, if counsel is not a county counsel, district attorney, public defender or other public attorney.

(d) The counsel appointed by the court shall represent the parent, guardian, or minor at the detention hearing and at all subsequent proceedings before the juvenile court. Counsel shall continue to represent the parent or minor unless relieved by the court upon the substitution of other counsel or for cause. The representation shall include representing the parent or the minor in termination proceedings and in those proceedings relating to the institution or setting aside of a legal guardianship.

(e) The counsel for the minor shall be charged in general with the representation of the minor's interests. To that end, the counsel shall make or cause to have made any further investigations that he or she deems in good faith to be reasonably necessary to ascertain the facts, including the interviewing of witnesses, and he or she shall examine and cross-examine witnesses in both the adjudicatory and dispositional hearings. He or she may also introduce and examine his or her own witnesses, make recommendations to the court concerning the minor's welfare, and participate further in the proceedings to the degree necessary to adequately represent the minor. In any case in which the minor is four years of age or older, counsel shall interview the minor to determine the minor's wishes and to assess the minor's well-being. In addition, counsel shall investigate the interests of the minor beyond the scope of the juvenile proceeding and report to the court other interests of the
minor that may need to be protected by the institution of other administrative or judicial proceedings. The court shall take whatever appropriate action is necessary to fully protect the interests of the minor.

(f) Notwithstanding any other law, counsel shall be given access to all records relevant to the case which are maintained by state or local public agencies. Counsel shall be given access to records maintained by hospitals or by other medical or nonmedical practitioners or by child care custodians, in the manner prescribed by Section 1158 of the Evidence Code.

(g) In a county of the third class, if counsel is to be provided to a minor at county expense other than by counsel for the agency, the court shall first utilize the services of the public defender prior to appointing private counsel, to provide legal counsel. Nothing in this subdivision shall be construed to require the appointment of the public defender in any case in which the public defender has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the public defender after making a finding of good cause and stating the reasons therefor on the record.

(h) In a county of the third class, if counsel is to be appointed for a parent or guardian at county expense, the court shall first utilize the services of the alternate public defender, prior to appointing private counsel, to provide legal counsel. Nothing in this subdivision shall be construed to require the appointment of the alternate public defender in any case in which the public defender has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the alternate public defender after making a finding of good cause and stating the reasons therefor on the record.

SEC. 2. Section 903.1 of the Welfare and Institutions Code is amended to read:

903.1. The father, mother, spouse, or other person liable for the support of a minor, the estate of that person, and the estate of the minor, shall be liable for the cost to the county of legal services rendered to the minor by the public defender or other public attorney pursuant to an order of the juvenile court, or for the cost to the county for the legal services rendered to the minor by an attorney in private practice appointed pursuant to an order of the juvenile court. The father, mother, spouse, or other person liable for the support of a minor and the estate of that person shall also be liable for any cost to the county of legal services rendered directly to the father, mother, or spouse, of the minor or any other person liable for the support of the minor, in a dependency proceeding by the public defender or other public attorney appointed pursuant to an order of the juvenile court, or by an attorney in private practice appointed pursuant to order of the juvenile court. The liability of those persons (in this article called relatives) and estates shall be a joint and several liability.
An act to add Section 5673 to the Welfare and Institutions Code, relating to mental health.

[Approved by Governor August 3, 1992. Filed with Secretary of State August 4, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 5673 is added to the Welfare and Institutions Code, to read:

5673. (a) A three-year pilot program is hereby authorized in Napa County and Riverside County to establish a 10-bed locked facility in each county, for the provision of community care and treatment for mentally disordered persons who are placed in a state hospital or another health facility because no community placements are available to meet the needs of these patients. It is the intent of the Legislature to carefully evaluate this specific approach to determine its potential for replication in other limited jurisdictions. Participation in this pilot program by the two counties shall be on a voluntary basis. The pilot program shall be implemented notwithstanding the following licensure requirements enforced by the State Department of Social Services:

(1) Subdivision (a) of Section 1502 of the Health and Safety Code, which defines a community care facility as providing nonmedical care.

(2) Subdivision (a) of Section 1505 of the Health and Safety Code, which exempts any health facility, as defined by Section 1250 of the Health and Safety Code, from licensure under the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code).

(3) Section 1507 of the Health and Safety Code, which limits the provision of medical services in community care facilities to incidental medical services.

(4) Paragraph (5) of subdivision (a) of Section 80001 of Title 22 of the California Code of Regulations, which states that an adult residential facility provides nonmedical care.

(5) Paragraph (7) of subdivision (a) of Section 80072 of Title 22 of the California Code of Regulations, which relates to a client’s right not to be locked in any room, building, or facility premises. However, for purposes of this section, a client shall not be locked in any room.

(b) Clients provided care within these pilot facilities shall be conservatees as defined by Section 5350 who, prior to the establishment of this program, either received care at a state hospital or were placed in facilities for the mentally disordered.

(c) Standards for services provided shall be developed by each county mental health director, in consultation with, and approved by, the State Department of Mental Health and monitored regularly.
by the department for compliance with these standards. These services shall be on a 24-hour basis in a therapeutic homelike environment. The services shall cover the full range of the social rehabilitation model concept, including, but not limited to:

1. Counseling.
3. Crisis intervention.
4. Vocational training.
5. Medication evaluation and management by a licensed physician and other licensed professional and paraprofessional staff who possess a valid license or certificate to perform this function.

(d) Administration of medication and monitoring of medication shall occur notwithstanding statutory and regulatory licensure requirements for community care facilities to the contrary. Standards for use of medications shall be developed and monitored by the State Department of Mental Health.

(e) The facilities shall be licensed and monitored by the State Department of Social Services and shall comply with all licensing requirements except those specifically exempted by this section. In addition, no less than 75 square feet of outdoor space per client shall be made available for client use. The State Department of Social Services shall conduct inspections of the facilities pursuant to Section 1533 of the Health and Safety Code and shall be given immediate access to the facilities.

(f) In staffing the pilot program, each county board of supervisors shall give full consideration to each potential means of implementation, including, but not limited to, the clinical, programmatic, and economic benefits and advantages of each alternative. The pilot program shall meet all of the staffing criteria of subdivision (b) of Section 5670.5. The staffing ratio shall be on a one-to-one basis. The staff shall use and document the actions of a multidisciplinary professional consultation staff to meet the specific diagnostic and treatment needs of clients. The staff shall include, but need not be limited to, a licensed psychiatrist, a psychologist, a social worker, and a psychiatric technician. One or more of the following licensed professionals shall be present at the facility at all times:

1. A psychiatrist.
2. A registered psychiatric nurse.
3. A psychiatric technician.

(g) The State Department of Mental Health shall certify the program content in each county and monitor the program's functions on a regular basis and the State Department of Social Services shall regularly evaluate the facilities in accord with its statutory and regulatory licensure functions, pursuant to subdivisions (d) and (e).

(h) (1) The county mental health directors, the State Department of Mental Health, and the State Department of Social Services shall jointly report to the Legislature within three years of the commencement of operation of the facilities authorized pursuant
to this section regarding the progress and cost-effectiveness demonstrated by the pilot program. The reports shall evaluate whether the pilot program is effective based on clinical indicators, and is successful in preventing future placement of its clients in state hospitals or other long-term health facilities, and shall report whether the cost of care in the pilot facilities is less than the cost of care in state hospitals or in other long-term health facility options. The evaluation reports shall include, but not be limited to, an evaluation of the selected method of project staffing, and an analysis of the effectiveness of the pilot program at meeting all of the following objectives:

(A) That the clients placed in the facilities show improved global assessment scores, as measured by preadmission and postadmission tests.

(B) That the clients placed in the facilities demonstrate improved functional behavior as measured by preadmission and postadmission tests.

(C) That the clients placed in the facilities have reduced medication levels as measured by preadmission and postadmission tests.

(2) The reports shall also include information on community reaction concerning locating this type of facility in the general community, any major problems created by the concept of this type of facility, the appropriate type of client to be placed in this type of facility, and the appropriate licensing agency and category of licensure for facilities of this nature.

(i) The pilot program shall be deemed successful if it demonstrates both of the following:

(1) That costs of the program are no greater than public expenditures for providing alternative services to the clients served by the program.

(2) That the benefit to the clients, as described in subdivision (h), is improved by the program.

(j) Commencement of the pilot program in each county pursuant to this section shall be contingent upon the county and the department identifying funds for this purpose described in a financial plan that is approved in advance by the Department of Finance.

c) In the awarding of damages under subdivision (b), the court shall take into consideration the negligence or omissions, if any, on the part of the plaintiff which contributed to the damages.

(1) The expense of the sale process exceeds the liability for which the levy is made.

(2) The Taxpayers' Rights Advocate orders the release of the levy or notice to withhold upon his or her finding that the levy or notice to withhold threatens the health or welfare of the fee payer or his or her spouse and dependents or family.

(b) The board shall not sell any seized property until it has first notified the fee payer in writing of the exemptions from levy under Chapter 4 (commencing with Section 703.010) of Title 9 of the Code of Civil Procedure.

(c) This section shall not apply to the seizure of any property as a result of a jeopardy assessment.

50156.13. Exemptions from levy under Chapter 4 (commencing with Section 703.010) of Title 9 of the Code of Civil Procedure shall be adjusted for purposes of enforcing the collection of debts under this part to reflect changes in the California Consumer Price Index whenever the change is more than 5 percent higher than any previous adjustment.

50156.14. (a) A fee payer may file a claim with the board for reimbursement of bank charges incurred by the taxpayer as the direct result of an erroneous levy or notice to withhold by the board. Bank charges include a financial institution's customary charge for complying with the levy or notice to withhold instructions and reasonable charges for overdrafts that are a direct consequence of
the erroneous levy or notice to withhold. The charges are those paid to the fee payer and not waived for reimbursement by the financial institution. Each claimant applying for reimbursement shall file a claim with the board that shall be in a form as may be prescribed by the board. In order for the board to grant a claim, the board shall determine that both of the following conditions have been satisfied:

(1) The erroneous levy or notice to withhold was caused by board error.

(2) Prior to the levy or notice to withhold, the fee payer responded to all contacts by the board and provided the board with any requested information or documentation sufficient to establish the fee payer's position. This provision may be waived by the board for reasonable cause.

(b) Claims pursuant to this section shall be filed within 90 days from the date of the levy or notice to withhold. Within 30 days from the date the claim is received, the board shall respond to the claim. If the board denies the claim, the fee payer shall be notified in writing of the reason or reasons for the denial of the claim.

50156.15. (a) At least 30 days prior to the filing or recording of liens under Chapter 14 (commencing with Section 7150) or Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of the Government Code, the board shall mail to the fee payer a preliminary notice. The notice shall specify the statutory authority of the board for filing or recording the lien, indicate the earliest date on which the lien may be filed or recorded, and state the remedies available to the fee payer to prevent the filing or recording of the lien. In the event fee liens are filed for the same liability in multiple counties, only one preliminary notice shall be sent.

(b) The preliminary notice required by this section shall not apply to jeopardy determinations issued under Article 4 (commencing with Section 50120.1) of Chapter 3.

(c) If the board determines that filing a lien was in error, it shall mail a release to the fee payer and the entity recording the lien as soon as possible, but no later than seven days, after this determination and receipt of lien recording information. The release shall contain a statement that the lien was filed in error. In the event the erroneous lien is obstructing a lawful transaction, the board shall immediately issue a release of lien to the fee payer and the entity recording the lien.

(d) When the board releases a lien erroneously filed, notice of that fact shall be mailed to the fee payer and, upon the request of the fee payer, a copy of the release shall be mailed to the major credit reporting companies in the county where the lien was filed.

50156.16. (a) If any officer or employee of the board recklessly disregards board-published procedures, a fee payer aggrieved by that action or omission may bring an action for damages against the State of California in superior court.

(b) In any action brought under subdivision (a), upon finding of liability on the part of the State of California, the state shall be liable
to the plaintiff in an amount equal to the sum of all of the following:

(1) Actual and direct monetary damages sustained by the plaintiff as a result of the actions or omissions.

(2) Reasonable litigation costs including any of the following:
   (A) Reasonable court costs.
   (B) Prevailing market rates for the kind or quality of services furnished in connection with any of the following:
      (i) The reasonable expenses of expert witnesses in connection with the civil proceeding, except that no expert witness shall be compensated at a rate in excess of the highest rate of compensation for expert witnesses paid by the State of California.
      (ii) The reasonable cost of any study, analysis, engineering report, test, or project that is found by the court to be necessary for the preparation of the party's case.
      (iii) Reasonable fees paid or incurred for the services of attorneys in connection with the civil proceeding, except that those fees shall not be in excess of seventy-five ($75) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding, justifies a higher rate.
   (c) In the awarding of damages under subdivision (b), the court shall take into consideration the negligence or omissions, if any, on the part of the plaintiff which contributed to the damages.
   (d) Whenever it appears to the court that the fee payer's position in the proceeding brought under subdivision (a) is frivolous, the court may impose a penalty against the plaintiff in an amount not to exceed ten thousand dollars ($10,000). A penalty so imposed shall be paid upon notice and demand from the board and shall be collected as a tax imposed under this part.

CHAPTER 439

An act to amend Section 233 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 3, 1992. Filed with Secretary of State August 4, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 233 of the Vehicle Code is amended to read: 233. (a) Except as provided in subdivision (b), a “bus” is any vehicle, including a trailer bus, designed, used, or maintained for carrying more than 15 persons including the driver, except a vanpool vehicle.

(b) A vehicle designed, used, or maintained for carrying more than 10 persons, including the driver, which is used to transport persons for compensation or profit, or is used by any nonprofit
organization or group, is also a bus.
(c) This section does not alter the definition of a schoolbus, school pupil activity bus, general public paratransit vehicle, farm labor vehicle, or youth bus.

CHAPTER 440

An act to add Section 14088.25 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 4, 1992. Filed with Secretary of State August 4, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 14088.25 is added to the Welfare and Institutions Code, to read:

14088.25. (a) The department may conduct onsite reviews of a provider or facility that has agreed with the primary care case management contractor or a potential contractor to provide services to beneficiaries enrolled with the contractor. These reviews may be for purposes such as evaluating the capabilities of potential contractors, monitoring quality of care, investigating complaints, and ensuring contractor compliance with the terms of the contract entered into pursuant to this article.

(b) Prior to adding a provider or facility to an existing network of providers and facilities, the primary care case management contractor shall submit a complete prequalification package to the department. The department shall provide to the contractor written acknowledgement that the package is complete within 10 working days.

(c) (1) If the provider or facility proposed for addition to the contractor’s existing network holds a valid and current Medi-Cal provider number, the provider or facility may begin treating beneficiaries enrolled with the contractor immediately upon the contractor’s receipt of the acknowledgement required by subdivision (b) subject to paragraph (2) and subdivision (d).

(2) Whenever warranted, the department may rescind the privilege provided for in paragraph (1) by advance notification to the contractor, pending the onsite review required by subdivision (e). Notification shall be in writing and describe the conditions which support the rescission of the privilege.

(d) (1) The department shall conduct an onsite review of the provider or facility within a reasonable period of time after receipt of the package, which shall be not more than 60 days after receipt of the package, unless there are extenuating circumstances.

(2) The department shall notify the contractor in writing of the department’s final decision on the request to add the provider or
facility to the contractor’s existing network within 10 working days of the date of the review.

(e) In the conduct of the onsite review of the provider or facility, the department shall not condition approval of the site on adherence by the provider or facility to requirements that are not contained in statute, regulation, or commonly accepted community standards of medical practice that directly apply to the category of provider or facility being inspected. This subdivision does not, however, relieve the contractor of any obligations under the contract entered into pursuant to this article.

CHAPTER 441

[Approved by Governor August 4, 1992. Filed with Secretary of State August 4, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 87302 of the Government Code is amended to read:

87302. Each Conflict of Interest Code shall contain the following provisions:

(a) Specific enumeration of the positions within the agency, other than those specified in Section 87200, which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest and for each such enumerated position, the specific types of investments, business positions, interests in real property, and sources of income which are reportable. An investment, business position, interest in real property, or source of income shall be made reportable by the Conflict of Interest Code if the business entity in which the investment or business position is held, the interest in real property, or the income or source of income may foreseeably be affected materially by any decision made or participated in by the designated employee by virtue of his or her position.

(b) Requirements that each designated employee, other than those specified in Section 87200, file statements at times and under circumstances described in this section, disclosing reportable investments, business positions, interests in real property and income. The information disclosed with respect to reportable investments, interests in real property, and income shall be the same as the information required by Sections 87206 and 87207. The first statement filed under a Conflict of Interest Code by a designated employee shall disclose any reportable investments, business positions, interests in real property, and income. An initial statement
shall be filed by each designated employee within 30 days after the effective date of the Conflict of Interest Code, disclosing investments, business positions, and interests in real property held on the effective date of the Conflict of Interest Code and income received during the 12 months before the effective date of the Conflict of Interest Code. Thereafter, each new designated employee shall file a statement within 30 days after assuming office, or if subject to State Senate confirmation, 30 days after being appointed or nominated, disclosing investments, business positions, and interests in real property held on, and income received during the 12 months before, the date of assuming office or the date of being appointed or nominated, respectively. Each designated employee shall file an annual statement, at the time specified in the Conflict of Interest Code, disclosing reportable investments, business positions, interest in real property and income held or received at any time during the previous calendar year or since the date the designated employee took office if during the calendar year. Every designated employee who leaves office shall file, within 30 days of leaving office, a statement disclosing reportable investments, business positions, interests in real property, and income held or received at any time during the period between the closing date of the last statement required to be filed and the date of leaving office.

(c) Specific provisions setting forth any circumstances under which designated employees or categories of designated employees must disqualify themselves from making, participating in the making, or using their official position to influence the making of any decision. Disqualification shall be required by the Conflict of Interest Code when the designated employee has a financial interest as defined in Section 87103, which it is reasonably foreseeable may be affected materially by the decision. No designated employee shall be required to disqualify himself or herself with respect to any matter which could not legally be acted upon or decided without his or her participation.

(d) For any position enumerated pursuant to subdivision (a), an individual who resigns the position within 12 months following initial appointment or within 30 days of the date of a notice mailed by the filing officer of the individual's filing obligation, whichever is earlier, is not deemed to assume or leave office, provided that during the period between appointment and resignation, the individual does not make, participate in making, or use the position to influence any decision of the agency or receive, or become entitled to receive, any form of payment by virtue of being appointed to the position. Within 30 days of the date of a notice mailed by the filing officer, the individual shall do both of the following:

(1) File a written resignation with the appointing power.

(2) File a written statement with the filing officer on a form prescribed by the commission and signed under the penalty of perjury stating that the individual, during the period between appointment and resignation, did not make, participate in the
making, or use the position to influence any decision of the agency or receive, or become entitled to receive, any form of payment by virtue of being appointed to the position.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 442

An act to add Section 14137.8 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 4, 1992. Filed with Secretary of State August 4, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:
(a) Approximately one out of every four persons from among the more than 250,000 adult Californians recognized by the medical community as suffering from a serious mental disorder is also treatment resistant, meaning that currently available treatments are inadequate for his or her mental disorder.
(b) Many of these treatment resistant persons with mental illness are also Medi-Cal beneficiaries and require a large amount of public funds due to the chronic course and severity of their illnesses, resulting in a great loss of human potential and public resources.
(c) Investigational services, including treatment with Investigational New Drugs, clinical trials, investigational procedures, and other ancillary services, as prescribed by a patient's contracting physician, can be effective means by which treatment resistant patients can receive promising treatments and diagnostic information.
(d) Unfortunately, confusion exists among Medi-Cal field consultants, contracting physicians, beneficiaries and others regarding when investigative services should be considered as part of the medically necessary array of services included in a beneficiary's treatment plan with regard to the approval and reimbursement by Medi-Cal for acute inpatient care.
(e) Therefore, it is the intent of the Legislature, by clarifying existing regulatory criteria under subdivision (h) of Section 51303 of the California Code of Regulations, that approval of a request for acute inpatient care be solely dependent upon the medical necessity for this care, as documented by the beneficiary's contracting physician in accordance with Medi-Cal policy, rather than whether or not components of this care include treatment with Investigational New Drugs, clinical trials, investigative services, or
other ancillary services.

SEC. 2. Section 14137.8 is added to the Welfare and Institutions Code, to read:

14137.8. Approval of a request for acute inpatient care shall be solely dependent upon the medical necessity for this care, as documented in the proposed treatment plan. Treatment with Investigational New Drugs, clinical trials, or other ancillary or investigational services, if medical necessity is otherwise documented, shall not in itself be construed to be part of a research study protocol, and shall not constitute grounds for denial on that basis.

CHAPTER 443

An act to amend Sections 88051 and 88138 of the Education Code, relating to postsecondary education.

[Approved by Governor August 4, 1992 Filed with Secretary of State August 5, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 88051 of the Education Code is amended to read:

88051. (a) On or after November 8, 1967, the classified employees of any district whose average daily attendance is 3,000 or greater, may, in accordance with this article, petition the governing board to make Article 3 (commencing with Section 88060) applicable to their employer district. That petition shall read substantially as follows:

"We, the undersigned classified employees of the ________ (name of school district), constituting 15 percent or more of the classified personnel entitled to vote, request the governing board to submit to election the question of whether or not the merit (civil service) system shall become applicable to this district.

NAME
POSITION CLASSIFICATION"

"Classified employee," as used in this section, shall be construed to include all personnel who are a part of the classified service as defined in Section 88003.

(b) Within 120 days after receipt of the petition the governing board shall do all of the following:

(1) Obtain the services of competent and qualified persons to present the pros and cons of the issue. Notwithstanding this paragraph, the classified employees who submitted the petition may select the person or persons to present the proponent position on the issue.
(2) Provide adequate and ample opportunity for all of its classified personnel to attend one or more meetings at which the issue is presented.

(3) Having complied with paragraphs (1) and (2), conduct an election by secret ballot of its classified personnel to determine whether or not they desire to make the merit system applicable to the district. The ballot shall read:

"Shall the merit (civil service) system for classified employees be applicable in the __________ (name of school district)?

☐ Yes
☐ No"

Although the ballot shall not require the employees' signatures or other personal identifying requirements, the governing board shall devise an identification system to ensure against fraud in the balloting process.

(4) The governing board shall appoint a three- or five-person tabulating committee, at least one member of which shall be a member of the governing board, to canvass the ballots and present the results to the governing board. If a simple majority votes in favor of the merit system, that system shall become applicable in the district.

(c) The tabulating committee required under this section shall certify the results of the election to the governing board at the next regular or special meeting of the board following the date the committee completes tabulation of the votes. If the tabulating committee completes the tabulation on the same day that the governing board meets in regular or special session, the committee shall certify the results of the election to the board at that meeting.

SEC. 2. Section 88138 of the Education Code is amended to read:

88138. A merit (civil service) system within a community college district may be terminated by one of the following methods:

(a) If the governing board of a community college district, receives a written petition of qualified electors not less in number than 10 percent of the number voting in the last election for a member of the board calling for the termination of the merit (civil service) system and the system has been in operation for not less than five years, the board shall order the county superintendent of schools to place the question of termination of the system on the ballot at the next regular governing board member election, or the next primary or general election in a general election year, whichever is the earlier after receipt by the county superintendent of schools.

The statement of purpose of the election shall read:

"Shall the merit (civil service) system for school employees not employed as faculty or educational administrators, as provided for in Article 3 (commencing with Section 88060) of Chapter 4 of Part 51 of Division 7 of Title 3 of the Education Code of the State of
California, and which has been in operation for at least five years, be
terminated by the ________ Community College District of
_______ County (or counties, where appropriate) on ________
(date to be specified by board)?"

The petition calling for the election, to be valid, shall contain the
statement of purpose for the election as contained in this section.

(b) If the governing board of a community college district
receives a written petition from 40 percent of the classified
employees entitled to vote calling for the termination of the merit
(civil service) system and the system has been in operation for not
less than five years or has been imposed pursuant to the terms of
Section 45119 or 45120, the governing board shall conduct an election
by secret ballot of its classified personnel to determine whether or
not they desire to have the merit system terminated within the
district. The ballot shall read: "Shall the merit (civil service) system
for classified employees be terminated in the ________ (name of
community college district) as of ________ (termination date)?"

As used in this subdivision, "classified employees" means all
personnel who are a part of the classified service who are appointed
in accordance with Section 88091.

In order to be valid, the petition calling for the termination of the
merit (civil service) system must be submitted to the governing
board of a community college district within 90 days after the date
that the notice for the circulation of the petition was filed with the
governing board of the community college district. The election shall
be held during the regular academic year and shall be held no earlier
than 45 days and no later than 180 days after the date that the petition
was submitted to the governing board.

If the merit system was adopted pursuant to Section 88057,
classified employees entitled to vote in an election pursuant to this
subdivision shall be limited to those classified employees who reside
in the district.

(c) The governing board of a community college district shall
device an identification system designed to protect against fraud in
the balloting process. In addition, the governing board shall appoint
a three-member tabulation committee consisting of one member of
the governing board, one member of the personnel commission of
the community college district, and one member who shall be a
classified employee of the community college district. It shall be the
responsibility of the tabulation committee to canvass the election
ballots and to certify the results of the election to the governing
board at the next regular meeting of the governing board following
the completion of the tabulation of the election results by the
committee.

(d) Notwithstanding any other provision of law, the governing
board of a community college district shall not be required to
provide release time for classified personnel to vote in an election
conducted pursuant to subdivision (b). The governing board shall
not conduct an election under subdivision (b) more than once in any
two-year period.

(e) It shall be unlawful for a public school employer and the exclusive representative of the classified employees of a community college district to include the subject of the termination of the merit (classified service) system within the scope of representation.

(f) Members of the classified service shall be provided an adequate and ample opportunity to be informed of the arguments in favor of and in opposition to the termination of the merit (classified service) system prior to the conducting of an election called pursuant to subdivision (b). That opportunity shall include an open forum during which proponents of, and opponents to, the termination of the merit (civil service) system shall be permitted to debate the issue.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 444

An act to amend Sections 65089, 65089.2, 65089.3, and 65089.4 of, and to add and repeal Section 65089.7 of, the Government Code, relating to transportation.

[Approved by Governor August 4, 1992. Filed with Secretary of State August 5, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 65089 of the Government Code is amended to read:

65089. (a) A congestion management program shall be developed, adopted, and updated biennially, consistent with the schedule for adopting and updating the regional transportation improvement program, for every county that includes an urbanized area, and shall include every city and the county. The program shall be adopted at a noticed public hearing of the agency. The program shall be developed in consultation with, and with the cooperation of, the transportation planning agency, regional transportation providers, local governments, the department, and the air pollution
control district or the air quality management district, either by the county transportation commission, or by another public agency, as designated by resolutions adopted by the county board of supervisors and the city councils of a majority of the cities representing a majority of the population in the incorporated area of the county.

(b) The program shall contain all of the following elements:

(1) (A) Traffic level of service standards established for a system of highways and roadways designated by the agency. The system shall include at a minimum all state highways and principal arterials. No highway or roadway designated as a part of the system shall be removed from the system. All new state highways and principal arterials shall be designated as part of the system. Level of service (LOS) shall be measured by Circular 212, (or by the most recent version of the Highway Capacity Manual), or by a uniform methodology adopted by the agency which is consistent with the Highway Capacity Manual. The determination as to whether an alternative method is consistent with the Highway Capacity Manual shall be made by the regional agency, except that the department shall make this determination instead if either (i) the regional agency is also the agency, as those terms are defined in Section 65088.1, or (ii) the department is responsible for preparing the regional transportation improvement plan for the county.

(B) In no case shall the LOS standards established be below the level of service E or the current level, whichever is farthest from level of service A, except where a segment or intersection has been designated as deficient and a deficiency plan has been adopted pursuant to Section 65089.3.

(2) Standards established for the frequency and routing of public transit, and for the coordination of transit service provided by separate operators.

(3) A trip reduction and travel demand element that promotes alternative transportation methods, such as carpools, vanpools, transit, bicycles, and park-and-ride lots; improvements in the balance between jobs and housing; and other strategies, including flexible work hours and parking management programs.

(4) A program to analyze the impacts of land use decisions made by local jurisdictions on regional transportation systems, including an estimate of the costs associated with mitigating those impacts. In no case shall the program include an estimate of the costs of mitigating the impacts of interregional travel. The program shall provide credit for local public and private contributions to improvements to regional transportation systems. However, in the case of toll road facilities, credit shall only be allowed for local public and private contributions which are unreimbursed from toll revenues or other state or federal sources. The agency shall calculate the amount of the credit to be provided.

(5) A seven-year capital improvement program to maintain or improve the traffic level of service and transit performance standards developed pursuant to paragraphs (1) and (2), and to

64140
mitigate regional transportation impacts identified pursuant to paragraph (4), which conforms to transportation-related vehicle emissions air quality mitigation measures.

(c) The agency, in consultation with the regional agency, cities, and the county, shall develop a uniform data base on traffic impacts for use in a countywide transportation computer model and shall approve transportation computer models of specific areas within the county that will be used by local jurisdictions to determine the quantitative impacts of development on the circulation system that are based on the countywide model and standardized modeling assumptions and conventions. The computer models shall be consistent with the modeling methodology adopted by the regional planning agency. The data bases used in the models shall be consistent with the data bases used by the regional planning agency. Where the regional agency has jurisdiction over two or more counties, the data bases used by the agency shall be consistent with the data bases used by the regional agency.

SEC. 2. Section 65089.2 of the Government Code is amended to read:

65089.2. (a) Congestion management programs shall be submitted to the regional agency. The regional agency shall evaluate the consistency between the program and the regional transportation plans required pursuant to Section 65080. In the case of a multicounty regional transportation planning agency, that agency shall evaluate the consistency and compatibility of the programs within the region.

(b) The regional agency, upon finding that the program is consistent, shall incorporate the program into the regional transportation improvement program as provided for in Section 65082. If the regional agency finds the program is inconsistent, it may exclude any project in the congestion management program from inclusion in the regional transportation improvement program.

(c) (1) It is the intent of the Legislature that the regional agency, when its boundaries include areas in more than one county, should resolve inconsistencies and mediate disputes which arise between agencies related to congestion management programs adopted for those areas.

(2) It is the further intent of the Legislature that disputes which may arise between regional agencies, or agencies which are not within the boundaries of a multicounty regional transportation planning agency, should be mediated and resolved by the Secretary of the Business, Housing and Transportation Agency, or an employee of that agency designated by that secretary, in consultation with the air pollution control district or air quality management district within whose boundaries the regional agency or agencies are located.

SEC. 3. Section 65089.3 of the Government Code is amended to read:

65089.3. (a) The agency shall monitor the implementation of all elements of the congestion management program. Annually, the
agency shall determine if the county and cities are conforming to the congestion management program, including, but not limited to, all of the following:

(1) Consistency with levels of service and performance standards, except as provided in subdivisions (b) and (c).

(2) Adoption and implementation of a trip reduction and travel demand ordinance.

(3) Adoption and implementation of a program to analyze the impacts of land use decisions, including the estimate of the costs associated with mitigating these impacts.

(b) (1) A city or county may designate individual deficient segments or intersections which do not meet the established level of service standards if, prior to the designation, at a noticed public hearing, the city or county has adopted a deficiency plan which shall include all of the following:

(A) An analysis of the causes of the deficiency.

(B) A list of improvements necessary for the deficient segment or intersection to maintain the minimum level of service otherwise required and the estimated costs of the improvements.

(C) A list of improvements, programs, or actions, and estimates of costs, that will (i) measurably improve the level of service of the system, as defined in subdivision (b) of Section 65089, and (ii) contribute to significant improvements in air quality, such as improved public transit service and facilities, improved nonmotorized transportation facilities, high occupancy vehicle facilities, and transportation control measures. The air quality management district or the air pollution control district shall establish and periodically revise a list of approved improvements, programs, and actions which meet the scope of this paragraph. If an improvement, program, or action is on the approved list and has not yet been fully implemented, it shall be deemed to contribute to significant improvements in air quality. If an improvement, program, or action is not on the approved list, it shall not be implemented unless approved by the local air quality management district or air pollution control district.

(D) An action plan, consistent with the provisions of Chapter 5 (commencing with Section 66000) of Division 1 of Title 7, that shall be implemented, consisting of improvements identified in paragraph (B), or improvements, programs, or actions identified in paragraph (C), that are found by the agency to be in the interest of the public's health, safety and welfare. The action plan shall include a specific implementation schedule.

(2) A city or county shall forward its adopted deficiency plan to the agency. The agency shall hold a noticed public hearing within 60 days of receiving the deficiency plan. Following the hearing, the agency shall either accept or reject the deficiency plan in its entirety, but the agency may not modify the deficiency plan. If the agency rejects the plan, it shall notify the city or county of the reasons for that rejection.
(c) The agency, after consultation with the regional agency, the department, and the local air quality management district or air pollution control district, shall exclude from the determination of conformance with level of service standards, the impacts of any of the following:

(1) Interregional travel.
(2) Construction, rehabilitation, or maintenance of facilities that impact the system.
(3) Freeway ramp metering.
(4) Traffic signal coordination by the state or multijurisdictional agencies.
(5) Traffic generated by the provision of low and very low income housing.
(6) (A) Traffic generated by high density residential development located within one-fourth of a mile of a fixed rail passenger station.
(B) Traffic generated by any mixed use development located within one-fourth of a mile of a fixed rail passenger station, if more than half of the land area, or floor area, of the mixed use development is used for high density residential housing, as determined by the agency.
(C) For the purposes of this section, the following terms have the following meanings:
   (i) "High density" means residential density which is equal to or greater than 120 percent of the maximum residential density allowed under the local general plan and zoning ordinance.
   (ii) "Mixed use development" means development which integrates compatible commercial or retail uses, or both, with residential uses, and which, due to the proximity of job locations, shopping opportunities, and residences, will discourage new trip generation.
(d) For the purposes of this chapter, the impacts of a trip which originates in one county and which terminates in another county shall be included in the determination of conformance with level of service standards with respect to the originating county only. A roundtrip shall be considered to consist of two individual trips.
(e) It is the intent of the Legislature that a deficiency plan be prepared and adopted by the city or county, and approved by the agency, prior to the occurrence of a deficiency.

SEC. 4. Section 65089.4 of the Government Code is amended to read:

65089.4. (a) If, pursuant to the annual monitoring provided for in Section 65089.3, the agency determines, following a noticed public hearing, that a city or county is not conforming with the requirements of the congestion management program, the agency shall notify the city or county in writing of the specific areas of nonconformance. If, within 90 days of the receipt of the written notice of nonconformance, the city or county has not come into conformance with the congestion management program, the
governing body of the agency shall make a finding of nonconformance and shall submit the finding to the commission and to the Controller.

(b) (1) Upon receiving notice from the agency of nonconformance, the Controller shall withhold apportionments of funds required to be apportioned to that nonconforming city or county by Section 2105 of the Streets and Highways Code.

(2) If, within the 12-month period following the receipt of a notice of nonconformance, the Controller is notified by the agency that the city or county is in conformance, the Controller shall allocate the apportionments withheld pursuant to this section to the city or county.

(3) If the Controller is not notified by the agency that the city or county is in conformance pursuant to paragraph (2), the Controller shall allocate the apportionments withheld pursuant to this section to the agency.

(c) The agency shall use funds apportioned under this section for projects of regional significance which are included in the capital improvement program required by paragraph (5) of subdivision (b) of Section 65089, or in a deficiency plan which has been adopted by the agency. The agency shall not use these funds for administration or planning purposes.

SEC. 5. Section 65089.7 is added to the Government Code, to read:

65089.7. (a) Buildings and structures that were damaged or destroyed in Los Angeles County as a result of the civil unrest during the state of emergency declared by the Governor on April 29, 1992, are not subject to the requirements of this chapter when permission is sought to repair or rebuild. This section does not exempt buildings or structures from any other requirement of the local jurisdiction otherwise applicable.

(b) This section shall become inoperative on June 1, 1995, and as of January 1, 1996, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1996, delete or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. (a) The Los Angeles County Metropolitan Transportation Authority may, in cooperation with other interested public and private entities, conduct a study of the requirements of the congestion management program prescribed by Chapter 2.6 (commencing with Section 65088) of Title 7 of Division 1 of the Government Code, with the objective of recommending modifications, if any, to the program which reduce or eliminate any inconsistency with the requirements of the California Clean Air Act of 1988 (Chapter 1568 of the Statutes of 1988) and the federal Clean Air Act Amendments of 1990 (P.L. 101-549). The elements of the study shall include both of the following:

(1) Comparison of the effectiveness of the use of level of service standards with other measurable standards, including, but not limited to, vehicle miles traveled and average vehicle ridership, for
both determining mobility and achieving the reductions in motor vehicle emissions required under state and federal law.

(2) Consideration of the most efficient, simple, and cost-effective institutional structure and roles necessary to implement any recommendations, including, but not limited to, a review of existing requirements to implement transportation control measures pursuant to state and federal air quality requirements.

(b) The authority may accept public and private contributions to fund the study.

(c) If a study is conducted, a study steering committee shall be selected by the executive director of the authority, that includes all of the following:

(12) A representative of the State Air Resources Board designated by the Governor.

CHAPTER 445

An act to amend Sections 48904 and 48980 of the Education Code, relating to schools.

[Approved by Governor August 4, 1992. Filed with Secretary of State August 5, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 48904 of the Education Code is amended to read:
48904. (a) (1) Notwithstanding Section 1714.1 of the Civil Code, the parent or guardian of any minor whose willful misconduct results in injury or death to any pupil or any person employed by, or performing volunteer services for, a school district or private school or who willfully cuts, defaces, or otherwise injures in any way any property, real or personal, belonging to a school district or private school, or personal property of any school employee, shall be liable for all damages so caused by the minor. The liability of the parent or guardian shall not exceed ten thousand dollars ($10,000). The parent or guardian shall also be liable for the amount of any reward not exceeding ten thousand dollars ($10,000) paid pursuant to Section 53069.5 of the Government Code. The parent or guardian of a minor shall be liable to a school district or private school for all property belonging to the school district or private school loaned to the minor and not returned upon demand of an employee of the district or private school authorized to make the demand.

(2) The Superintendent of Public Instruction shall compute an adjustment of the liability limits prescribed by this subdivision at a rate equivalent to the percentage change in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending in the third quarter of the prior fiscal year.

(b) (1) Any school district or private school whose real or personal property has been willfully cut, defaced, or otherwise injured, or whose property is loaned to a pupil and willfully not returned upon demand of an employee of the district or private school authorized to make the demand may, after affording the pupil his or her due process rights, withhold the grades, diploma, and transcripts of the pupil responsible for the damage until the pupil or the pupil’s parent or guardian has paid for the damages thereto, as provided in subdivision (a).

(2) The school district or private school shall notify the parent or guardian of the pupil in writing of the pupil’s alleged misconduct before withholding the pupil’s grades, diploma, or transcripts pursuant to this subdivision. When the minor and parent are unable to pay for the damages, or to return the property, the school district or private school shall provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the grades, diploma, and transcripts of the pupil shall be released.

(3) The governing board of each school district or governing body of each private school shall establish rules and regulations governing procedures for the implementation of this subdivision. The procedures shall conform to, but are not necessarily limited to, those procedures established in this code for the expulsion of pupils.

SEC. 2. Section 48980 of the Education Code is amended to read:

48980. (a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall
notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under Sections 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51240, and 51550, Article 3 (commencing with Section 56030) of Chapter 1 of Part 30, and Chapter 2.3 (commencing with Section 32255) of Part 19. A governing board may also send this notification to the parent or guardian upon the enrollment of a pupil entering school later in the school year.

(b) The notification shall also advise the parent or guardian of the availability of individualized instruction as prescribed by Section 48206.3, and of the program prescribed by Article 9 (commencing with Section 49510) of Chapter 9.

(c) The notification may also advise the parent or guardian of the importance of investing for future college or university education for their children and of considering appropriate investment options including, but not limited to, United States Savings Bonds.

(d) School districts which elect to provide a fingerprinting program pursuant to Article 10 (commencing with Section 32390) shall inform parents or guardians of the program as specified in Section 32390.

(e) Until June 30, 1995, the notification shall also advise the parent or guardian of the availability of the employment-based school attendance options pursuant to subdivision (f) of Section 48204.

CHAPTER 446

An act to amend Sections 976.5, 977, 977.5, 1033, 1034, and 1110 of the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor August 4, 1992. Filed with Secretary of State August 5, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 976.5 of the Unemployment Insurance Code is amended to read:

976.5. (a) Except as provided in subdivision (b), in addition to other contributions required by this division, every employer, except an employer to which subdivision (c) is applicable, may submit a voluntary unemployment insurance contribution for the purpose of redetermining its unemployment insurance contribution rate. No redetermination of a contribution rate shall be made unless the voluntary contribution is submitted as required in subdivision (c) of Section 1110. No redetermination shall reduce an employer's unemployment insurance contribution rate by more than three rates as provided in Section 977.

(b) This section shall not be operative in calendar years in which
Contribution Rate Schedules E and F in Section 977 are in effect, or in calendar years to which the emergency solvency surcharge provided in Section 977.5 is in effect.

(c) This section shall not apply to any of the following:
(1) An employer not eligible for a contribution rate other than that provided pursuant to Section 982.
(2) An employer with a negative reserve account balance on the computation date.
(3) An employer who was notified prior to September 1 of any unpaid amount owed to the department which is not the subject of a timely petition for reassessment pending before the appeals board on September 30 preceding the year to which a contribution rate is applicable.

SEC. 2. Section 977 of the Unemployment Insurance Code is amended to read:

977. (a) If, as of the computation date, the employer's net balance of reserve equals or exceeds that percentage of his or her average base payroll which appears on any line in column 1 of the following table, but is less than that percentage of his or her average base payroll which appears on the same line in column 2 of that table, his or her contribution rate shall be the figure appearing on that same line in the appropriate schedule, as defined in subdivision (b), which shall be a percentage of the wages specified in Section 930.

(b) (1) Whenever the balance in the Unemployment Fund on September 30 of any calendar year is greater than 1.8 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule AA.

(2) Whenever the balance in the Unemployment Fund on September 30 of any calendar year is equal to or less than 1.8 percent and greater than 1.6 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule A.

(3) Whenever the balance in the Unemployment Fund on September 30 of any calendar year is equal to or less than 1.6 percent and greater than 1.4 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule B.

(4) Whenever the balance in the Unemployment Fund on September 30 of any calendar year is equal to or less than 1.4 percent and greater than 1.2 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule C.

(5) Whenever the balance in the Unemployment Fund on
September 30 of any calendar year is equal to or less than 1.2 percent and greater than 1.0 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule D.

(6) Whenever the balance in the Unemployment Fund on September 30 of any calendar year is equal to or less than 1.0 percent and greater than or equal to 0.8 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule E.

(7) Whenever the balance in the Unemployment Fund on September 30 of any calendar year is less than 0.8 percent and greater than or equal to 0.6 percent of the wages (as defined by Section 940) in employment subject to this part paid during the 12-month period ending upon the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at the rates specified in Schedule F.

SEC. 3. Section 977.5 of the Unemployment Insurance Code is amended to read:

977.5. Whenever the balance in the Unemployment Fund on September 30 of any calendar year is less than 0.6 percent of the wages (as defined by Section 940) in employment, subject to this part, paid during the 12-month period ending on the computation date, employers shall pay into the Unemployment Fund contributions for the succeeding calendar year upon all wages with respect to employment at an emergency solvency surcharge rate. The emergency solvency surcharge rate shall be 1.15 times the rate the employer would have paid in Schedule F of subdivision (a) of Section 977, rounded to the nearest one-tenth of 1 percent.

SEC. 4. Section 1033 of the Unemployment Insurance Code is amended to read:

1033. The director shall not less frequently than once each year furnish each employer with an itemized statement of the charges to the reserve account, and a statement of the reserve account showing the credits and charges, the net balance of the reserve account and the contribution rate for the applicable rating period.

SEC. 5. Section 1034 of the Unemployment Insurance Code is amended to read:

1034. (a) The employer, within 60 days after the date of mailing of any statement of charges or credits and charges to the reserve account, or within an additional period not exceeding 60 days which may for good cause be granted by the director, may file with the director a written protest on any item shown thereon. The protest
shall set forth the specific grounds on which it is made. No protest may be made on the ground that a claimant was ineligible for a benefit payment where the employer was notified as required by this division and any authorized regulation of the filing of a claim for the benefits or of a determination of the claimant's eligibility therefor and the employer failed to file a timely appeal on the benefit claim, or a final decision of an administrative law judge or of the appeals board affirmed the payment of the benefits. Except as to corrections made by the director as provided in Section 1036, the contribution rate and other items shown on any such statement of charges or statement of account shall be final unless a protest is filed within the time prescribed in this section.

(b) The employer, within 30 days after the last working day of March, may file a protest on the grounds that the director did not allow voluntary unemployment insurance contributions to the reserve account in accordance with Section 976.5.

SEC. 6. Section 1110 of the Unemployment Insurance Code is amended to read:

1110. (a) Employer contributions required under Sections 976 and 976.6, the amount of benefits received by any individual pursuant to this part that is deducted from an award or settlement made by the employer under the provisions of Section 1382, and, except as provided by subdivision (b) of this section, worker contributions required under Section 984 are due and payable on the first day of the calendar month following the close of each calendar quarter and shall become delinquent if not paid on or before the last day of that month.

(b) Workers' contributions required under Section 984 are due and payable at the same time and by the same method as amounts required to be withheld under Section 13020 are paid to the department pursuant to Section 13021, regardless of the amount of accumulated unpaid liability for workers' contributions.

(c) Employer contributions submitted pursuant to Section 976.5 shall be paid on or before the last working day of March of the calendar year to which the reduced contribution rate would be applicable. Any employer whose eligibility for an unemployment insurance contribution rate determination is redetermined to make that employer eligible to submit voluntary unemployment insurance contributions in accordance with Section 976.5, may submit a voluntary unemployment insurance contribution within 30 days of the date of notification of the redetermination.
An act to amend Sections 22952 and 22954 of the Government Code, relating to state employees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 6, 1992. Filed with Secretary of State August 6, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 22952 of the Government Code is amended to read:

22952. The State of California, through the Department of Personnel Administration, and the Trustees of the California State University and the Regents of the University of California, directly or through the Department of Personnel Administration, may contract, upon negotiations with employee organizations, with carriers for dental care plans for employees and annuitants, including eligible dependents, provided the carriers have operated successfully in the area of dental care benefits for a reasonable period prior to contracting for such plans, or have a contract to provide benefit plans under Section 22790 of the Government Code, as amended by Chapter 403 of the Statutes of 1979. The dental care plans may include a monthly premium copayment to be paid by the employees and annuitants. Dental care plans provided under this authority may be self-funded by the employer if it is cost-effective to do so.

No contract for any dental care plan may be entered into unless funds for a dental care plan contract are appropriated by the Legislature in a subsequently enacted statute. Notwithstanding Section 13340, where a dental care plan is self-funded, funds used for that plan shall be considered continuously appropriated.

SEC. 2. Section 22954 of the Government Code is amended to read:

22954. Any annuitant who, at the time he or she became an annuitant, or who on January 1, 1992, was enrolled in a dental care plan under state or federal provisions, may continue his or her enrollment, including eligible dependents, without discrimination as to premium rates or benefit coverage. The dental care plans may require a monthly premium copayment to be paid by the annuitant, not to exceed the copayment paid for the state-sponsored indemnity dental plan by represented employees, or excluded employees, whichever is less. The premium copayment amount shall be deducted by the Public Employees' Retirement System from the annuitant's monthly allowance.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into
immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible in the 1991-92 fiscal year, and so facilitate the orderly administration of state government at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 448

An act to amend Sections 20024.002 and 20818 of, and to add Section 20821.5 to, and to add and repeal Section 20499.5 of, the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 6, 1992. Filed with Secretary of State August 6, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 20024.002 of the Government Code is amended to read:

20024.002. (a) Notwithstanding Section 20024.01, "final compensation" for the purposes of determining any pension or benefit with respect to a state member who retires or dies on and after July 1, 1991, means the highest annual compensation which was earnable by the state member during any consecutive 12-month period during his or her membership in the system or which is designated by the application for retirement.

(b) With respect to a state member who retires or dies on or after July 1, 1991, and who was a managerial employee, as defined by subdivision (e) of Section 3513, or a supervisory employee, as defined by subdivision (g) of Section 3513, whose monthly salary range was administratively reduced by 5 percent because of the salary range reductions administratively imposed upon managers and supervisors during the 1991-92 fiscal year, "final compensation" means the highest annual compensation the state member would have earned had his or her salary range not been reduced by the 5-percent reduction. This subdivision shall only apply if the period during which the state member's salary was reduced would have otherwise been included in determining his or her final compensation. The costs, if any, that may result from the use of the higher final compensation shall be paid for by the employer in the same manner as other retirement benefits are funded.

SEC. 1.3. Section 20499.5 is added to the Government Code, to read:

20499.5. (a) Notwithstanding any other provision of this part, a contracting agency, other than a school employer, that is forced to reduce the compensation of its employees as a direct result of a fiscal
emergency may, pursuant to this section and in a manner prescribed by the board, preserve the retirement benefits of its employees at a level no lower than that achieved prior to the reduction. The operative date of the benefit adjustments shall be the date of adoption of this section by the governing body or the first day of the pay period in which the reduction occurred but not earlier than July 1, 1992.

(b) This section shall not apply to any contracting agency unless and until its governing body adopts a resolution, in a form provided by the board, to be subject to it and a copy is filed with the system.

(c) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 1.5. Section 20818 of the Government Code is amended to read:

20818. Notwithstanding any other provisions of this part, when the governing body of a contracting agency determines that because of an impending curtailment of, or change in the manner of performing service, the best interests of the agency would be served, a local member shall be eligible to receive additional service credit if the following conditions exist:

(a) The member is employed in a job classification, department, or other organizational unit designated by the governing body of the contracting agency and retires within any period designated in and subsequent to the effective date of the contract amendment provided the period is not less than 90 days nor more than 180 days.

(b) The governing body transmits to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount he would have received without such service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) The governing body shall certify that it is electing to exercise the provisions of this section, because of impending mandatory transfers, demotions, and layoffs that constitute at least one percent of the job classification, department or organizational unit as designated by the governing board, resulting from the curtailment of, or change in the manner of performing, its services.

(d) The governing body shall certify that it is its intention at the time that this section is made operative that if any early retirements are granted after receipt of service credit pursuant to this section, that any vacancies thus created or at least one vacancy in any position in any department or other organizational unit shall remain permanently unfilled thereby resulting in an overall reduction in the work force of such department or organizational unit.

The amount of service credit shall not be more than two years regardless of credited service and shall not exceed the number of years intervening between the date of his retirement and the date
he would be required to be retired because of age.

A governing body which elects to make the payment prescribed by subdivision (b) shall make such payment with respect to all eligible employees who retire during the specified period.

This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance payments during the specified period.

Any member who qualifies under this section, upon subsequent reentry to the system shall forfeit the service credit acquired under this section.

This section shall not apply to any member who is not employed by the contracting agency during the period designated in subdivision (a) and who has less than five years of service credit.

This section shall not apply to any contracting agency unless and until the agency elects to be subject to the provision of this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required, or, in the case of contracts made after the effective date of this section, by express provision in such contract making the contracting agency subject to the provisions of this section.

Notwithstanding Section 20740, an election to become subject to this section shall not exclude an agency from the definition of "employer" for purposes of Section 20740.

This section shall remain in effect until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date deletes or extends that date.

SEC. 2. Section 20821.5 is added to the Government Code, to read:

20821.5. Any funds transferred to the retirement system on account of liability for additional service credit granted pursuant to Section 20586, 20587, 20816, 20817, 20818, 20821, or 20822 shall be paid over a time period acceptable to the employer and the board, but in no case shall that period exceed five years.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:
The reduction in the amount of retirement benefits from the Public Employees' Retirement System that resulted from the salary reduction administratively imposed in the 1991-92 fiscal year upon state managers and supervisors was not intended. No limit exists upon the length of time in which employers may pay that system for the liability that arises from grants of additional service credit. Fiscal emergencies experienced by local public agencies are resulting in unintended reductions in service credit for local members of that system. Therefore, in order that the earned retirement benefits of those state managers and supervisors who have retired or will be retiring while those salary reductions are in effect may be preserved as soon as possible, that limits may be placed upon those payment periods as soon as possible, and that remedial action may be taken with respect to those affected local members as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 449

An act to amend Sections 19052, 19133, 19405, 25782, 25962, and 26072 of, and to repeal Section 21015 of, the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 6, 1992. Filed with Secretary of State August 6, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 19052 of the Revenue and Taxation Code is amended to read:

19052. (a) Except as provided in subdivision (b), if the Franchise Tax Board determines that the taxpayer paid an amount not required to be paid under this part, the Franchise Tax Board without obtaining the approval of the State Board of Control, shall set forth that fact in its records and may either credit the amount on any amounts then due and payable under this part from the taxpayer by whom the amount was paid or refund the amount or the balance to the taxpayer or his or her successors, administrators, or executors.

(b) No refund exceeding fifty thousand dollars ($50,000) shall be allowed or made until approved by the State Board of Control. Notwithstanding the preceding sentence, State Board of Control approval shall not be required with respect to a refund resulting either from withholding, or the payment of estimated tax, or prepayment of taxes during and for the taxable year, or from a settlement approved pursuant to Section 19133.

SEC. 2. Section 19133 of the Revenue and Taxation Code is amended to read:

19133. (a) (1) Subject to paragraph (2), the executive officer or
chief counsel, if authorized by the executive officer, of the Franchise Tax Board may recommend to the Franchise Tax Board, itself, a settlement of any civil tax matter disputes.

(2) No recommendation of settlement shall be submitted to the Franchise Tax Board unless and until that recommendation has been submitted by the executive officer or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise in writing the executive officer or chief counsel of the Franchise Tax Board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. The executive officer or chief counsel shall, with each recommendation of settlement submitted to the Franchise Tax Board, also submit the Attorney General’s written conclusions obtained pursuant to this paragraph.

(3) The members of the Franchise Tax Board shall not participate in the settlement of these tax matters, except as provided in subdivision (c).

(b) Whenever a reduction of tax in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file in the office of the executive officer of the Franchise Tax Board a public record with respect to that settlement. The public record shall include all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount involved.

(3) The amount payable or refundable pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the State of California.

(5) The Attorney General’s conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

(c) (1) Any recommendation for settlement shall be approved or disapproved by the Franchise Tax Board, itself, within 45 days of the submission of that recommendation to the board. Any recommendation for settlement that is not either approved or disapproved by the board within 45 days of the submission of that recommendation shall be deemed approved. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive officer or chief counsel in accordance with the decision of the Franchise Tax Board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the Franchise Tax Board. Where the Franchise Tax Board disapproves a recommendation for settlement, the matter shall be remanded to board staff for further negotiation,
and may be resubmitted to the Franchise Tax Board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive officer or chief counsel.

(d) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(e) Any proceedings undertaken by the Franchise Tax Board itself pursuant to a settlement as described in this section shall be conducted in a closed session or sessions. (g) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any determination, rule, notice, or guideline established or issued by the Franchise Tax Board in implementing and administering the settlement program authorized by this section.

SEC. 11. CHAPTER 450

An act to add and repeal Section 22732 of the Education Code, and to add and repeal Section 20822 of the Government Code, relating to the California State University, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 6, 1992. Filed with Secretary of State August 6, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 22732 is added to the Education Code, to read:

22732. Notwithstanding Section 22731 and any other provision of this part, for the 1992–93 fiscal year, when the Trustees of the California State University determine that because of an impending curtailment of service, or change in the manner of performing service, the best interests of the California State University would be served by encouraging the retirement of employees of the California State University and the Governor indicates his or her agreement by issuing a related executive order, the trustees may grant eligible employees additional service credit if the following conditions exist:

(a) The member meets the age and service requirements of Section 23901 and retires on service retirement on or before a date determined by the trustees which is within a period that is not more than 120 days after the trustees' determination of an impending curtailment or change.

(b) The trustees agree to transmit to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after receipt of service credit under this section and the amount the member would have received without the service credit. The transfer to the retirement fund shall be made during a four-year period and in a manner acceptable to the trustees and the board. If payment in full is not received within 30 days of the invoice, regular interest shall be charged on any unpaid balance.
As used in this section, "member" means an employee of the California State University who is included in California State University Faculty Bargaining Unit No. 3 who is employed in a job classification, department, or other organizational unit designated by the trustees.

As used in this section, "trustees" means the Trustees of the California State University or its authorized designee.

The amount of additional service credit shall not be more than four years regardless of credited service.

This section shall not be applicable to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending two years beyond the date of issuance of the trustees' determination or if the member is not eligible to retire without the additional credit available under this section.

Any member who qualifies under this section, upon subsequent reentry to the system or upon any subsequent service under contract or any other basis with the trustees, shall forfeit the service credits acquired under this section, except when the subsequent service results from temporary employment of tenured or probationary faculty in the 1992–93 fiscal year that is required in order to preserve the academic integrity of a particular department or program. As used in this section, "academic integrity of a particular department or program" means the ability of a department or program to offer one or more courses that are required for the graduation of students with declared majors in that particular department or program.

Each time that additional service credit is granted pursuant to this section, the same amount of service credit shall be granted to each member who receives the credit.

This section shall remain in effect only until June 30, 1993, and as of that date is repealed, unless a later enacted statute which is enacted before June 30, 1993, deletes or extends that date.

SEC. 2. Section 20822 is added to the Government Code, to read:

20822. Notwithstanding Section 20816 and any other provision of this part, for the 1992–93 fiscal year, when the Trustees of the California State University determine that because of an impending curtailment of service, or change in the manner of performing service, the best interests of the California State University would be served by encouraging the retirement of employees of the California State University and the Governor indicates his or her agreement by issuing a related executive order, the trustees may grant eligible employees additional service credit if the following conditions exist:

(a) The member meets the age and service requirements of Section 20950 or 20950.1 and retires on service retirement on or before a date determined by the trustees that is within a period that is not more than 120 days after the trustees' determination of an impending curtailment or change.

(b) The trustees agree to transmit to the retirement fund an amount determined by the board which is equal to the actuarial
equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without that service credit. The transfer to the retirement fund shall be made during a four-year period and in a manner acceptable to the trustees and the board. If payment in full is not received within 30 days of the invoice, regular interest shall be charged on any unpaid balance.

As used in this section, "trustees" means the Trustees of the California State University or its authorized designee.

As used in this section, "member" means an employee of the California State University who is included in California State University Faculty Bargaining Unit No. 3 who is employed in a job classification, department, or other organizational unit designated by the trustees.

The amount of additional service credit shall not be more than four years.

This section shall not be applicable to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending two years beyond the date of issuance of the trustees' determination or if the member is not eligible to retire without the additional credit available under this section.

Any member who qualifies under this section, upon subsequent reentry to the system or upon any subsequent service under contract or any other basis with the trustees, shall forfeit the service credits acquired under this section, except when the subsequent service results from temporary employment of tenured or probationary faculty in the 1992–93 fiscal year that is required in order to preserve the academic integrity of a particular department or program. As used in this section, "academic integrity of a particular department or program" means the ability of a department or program to offer one or more courses which are required for the graduation of students with declared majors in that particular department or program.

Each time that additional service credit is granted pursuant to this section, the same amount of service credit shall be granted to each member who receives the credit.

This section shall remain in effect only until June 30, 1993, and as of that date is repealed, unless a later enacted statute which is enacted before June 30, 1993, deletes or extends that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the unprecedented shortfall in state revenues, and the need to reduce personnel costs to the California State University in the 1992–93 fiscal year, it is necessary that this act take effect immediately.
An act to amend Sections 1002 and 5012 of, and to add Section 72035 to, the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 7, 1992. Filed with Secretary of State August 7, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1002 of the Education Code is amended to read:

1002. (a) Upon being so requested by the county board of education, the county committee on school district organization, by a two-thirds vote of the members, may either change the boundaries of any or all of the trustee areas of the county, or propose to increase or decrease the number of members of the county board of education, or both. The trustee areas shall be as nearly equal in population as may be, except that in establishing or changing the boundaries of the trustee areas the county committee may give consideration to the following factors:

1. Topography.
2. Geography.
3. Cohesiveness, contiguity, integrity, and compactness of territory.
4. Community of interests of the trustee areas.
In any event, the county committee shall ensure that trustee areas are as nearly equal in population as practicable.

(b) Following each decennial federal census, and using population figures validated by the Population Research Unit of the Department of Finance as a basis, the county committee shall adjust the boundaries of any or all of the trustee areas of the county board of education as necessary to meet the population criteria set forth in subdivision (a).

(c) Changes in trustee area boundaries or a proposed reduction in the number of county board of education members shall be made in writing and filed with the county board of supervisors not later than the first day of March of any school year.

(d) In those counties in which the election of members of county boards of education are required to be held on the same date as prescribed for the election of members of governing boards of school districts, as provided in Section 1007, the county committees on school district organization shall fix the boundaries of trustee areas, insofar as possible, to coincide with the boundaries of school districts.

(e) Whenever the boundaries of trustee areas are changed so as to be coterminous with those of supervisorial districts of the county, the election for members of the county board of education shall be consolidated with the countywide election.
SEC. 2. Section 5012 of the Education Code is amended to read:
5012. (a) In any school district or community college district
governing board election the name of any person shall be placed on
the ballot, subject to Sections 35107 and 72103, if there is filed with
the county clerk having jurisdiction not more than 113 days nor less
than 88 days prior to the election a declaration of candidacy
substantially in the form set forth in subdivision (a) of Section 5032,
containing the appropriate information in the blank spaces and
signed by the person whose name is thereby to be placed on the
ballot.

No candidate whose declaration of candidacy has been filed for any
school district or community college district governing board
election or county board of education election may withdraw as a
candidate after the 88th day prior to the election.

Notwithstanding any other provision of law, except as provided in
subdivision (b), no person shall file nomination papers for more than
one district office, including a county board of education office, at the
same election.

(b) Notwithstanding any other provision of law, if a proposal to
form a unified school district is on the same ballot as the election of
governing board members of that district, any candidate for a
position on the existing governing board may file nomination papers
for that position pursuant to subdivision (a) and may, at the same
election, also file nomination papers for a position on the governing
board of the proposed unified school district.

SEC. 2.5. Section 72035 is added to the Education Code, to read:
72035. Notwithstanding any other provision of law, including, but
not limited to, Sections 5000.1 and 5010.5, and the Charter of the City
of San Diego, the number of members, the election of members, and
the reappointment of trustee areas of the governing board of the
San Diego Community College District shall be conducted pursuant
to this section.

(a) Candidates for election as a member of the governing board
of the district shall be nominated by trustee area at a district primary
election held on the date of the statewide direct primary election. At
the district primary election, the two candidates receiving the
highest number of votes within the trustee area shall be nominees for
the general district election for that trustee area, and the nominee
who receives a majority of the votes cast by the voters of the district
in the districtwide general district election shall be elected to
represent that trustee area. The general district election shall be held
on the same date as the statewide general election.

Candidates for election as members of the governing board shall
file a declaration of candidacy as provided in this code. Each member
of the governing board elected at the general district election shall
hold office for a term of four years commencing on the first Friday
in December next succeeding his or her election.

The members of the governing board in office on the effective
date of the act that enacted this section at the 1991–92 Regular
Session of the Legislature shall hold office until the first Friday in December of the year in which their respective term of office would otherwise have terminated, or until a successor qualifies therefor.

(b) The territory of the district shall be divided into trustee areas and one member of the governing board shall be elected from each trustee area. A candidate for election as a member of the governing board shall reside in, and be registered to vote in, the trustee area he or she seeks to represent.

(c) The governing board of the district shall be composed of not less than five members and not more than nine, as determined by the governing board. Sections 5019 to 5030, inclusive, do not apply to the governing board's determination of the number of members pursuant to this subdivision. If the number of members of the governing board is increased or decreased, the governing board shall establish new trustee areas, abolish trustee areas, or adjust the boundaries of trustee areas so that the number of trustee areas is equal to the number of governing board members. If the number of members of the governing board is increased, the additional members of the governing board shall be elected at the next regular general district election of board members occurring at least 123 days after the governing board approved the increased number of board members. Prior to the next general district election, the governing board shall divide by lot the additional trustee area positions that are created so that the term of one-half of the board members elected to those positions shall expire on the first Friday in December following the next general district election. The term of the other board members elected to fill the remainder of the additional positions shall expire on the first Friday in December following the second general district election succeeding their election.

(d) The governing board shall adjust the boundaries of each trustee area in existence on January 1, 1992, to reflect population changes enumerated in the 1990 decennial federal census. The purpose of the adjustment is to establish trustee areas so that the population of each area is, as nearly as may be, the same proportion of the total population of the district as each of the other areas. Thereafter, the boundaries of trustee areas shall be adjusted pursuant to Section 5019.5 and may be abolished or rearranged as otherwise provided in this code.

(e) Pursuant to Sections 5019 and 5030, the county committee on school district organization may propose to the district voters that the member residing in each trustee area be elected by the registered voters of that particular trustee area. The proposal shall be submitted to the voters of the district at the next regular general district election occurring at least 123 days after the adoption of the proposal by the county committee on school district organization. If that proposal is approved by a majority of the voters voting in the election, then notwithstanding subdivision (a), there shall be no direct primary election for governing board members at the next election for members. Instead, members shall be elected at a general
district election held on the same day as the statewide general election. At that general district election, board member candidates shall be elected to represent the trustee area in which they reside and are registered to vote by the registered voters of that trustee area. The candidate in each trustee area receiving the highest number of votes shall be elected.

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to Section 1 of this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because Section 2.5 of this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

First, it is necessary for the county committee on school district organization to begin compiling, as soon as possible, data required to adjust the boundaries of county board of education trustee areas. Secondly, when a separate community college governing board was formed by the San Diego Unified School District in 1972, Section 72035 of the Education Code provided that the election of members of the governing board of the community college district would be governed by the city charter. Section 72035 was repealed by a Chapter 1372 of the Statutes of 1990, leaving unsettled the procedure for electing members of the governing board of the district. In order to begin compiling that information and to establish an election procedure for members of the governing board as soon as possible, it is necessary for this act to take effect immediately.

However, any lands acquired in California with those funds shall be open to waterfowl hunting as a public shooting ground or wildlife management area.

With the approval of the state agency in control of the property, the commission may enter into contracts with nonprofit organizations for the accomplishment of those projects, or the commission may approve funds to reimburse the controlling agency for its costs of accomplishing the project.

This section shall remain in effect only until July 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1993, deletes or extends that date.

With the approval of the entity in control of property affected by a project, the department may make grants to, or enter into contracts with, nonprofit organizations for the accomplishment of those projects, or the department may reimburse the controlling entity for its costs of accomplishing the project.

This section shall become operative on July 1, 1993.

SEC. 21. Section 3706 of the Fish and Game Code is amended to read:

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 453

An act to add Section 2938.1 to the Civil Code, relating to real property.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992 ]

The people of the State of California do enact as follows:

SECTION 1. Section 2938.1 is added to the Civil Code, to read: 2938.1. (a) An assignment of the rents, issues, and profits of real property, stating that it is given as additional security, is perfected by the recordation, in the county in which the real property is located, of an instrument granting that assignment. Recordation shall perfect that assignment without the necessity of the beneficiary or mortgagee obtaining possession of the real property, appointing a receiver, or taking any other action.

(b) Notwithstanding subdivision (a), until such time, if any, as the trustor or mortgagor is in default of its obligation to the beneficiary or mortgagee, the beneficiary or mortgagee shall not exercise any rights to collect the rents, issues, and profits.

(c) An assignment as additional security may be contained in a mortgage, deed of trust, or other recorded instrument.

(d) This section shall not invalidate assignments as additional security which have been perfected by other means prior to January 1, 1993, and shall only apply to assignments as additional security which are executed on and after January 1, 1993. This section shall not apply to assignments of rents, issues, and profits of real property which state that they are absolute, as provided in Section 2938.
CHAPTER 454

An act to amend Sections 32320 and 84501 of, and to add Article 2.5 (commencing with Section 84820) to Chapter 5 of Part 50 of, the Education Code, relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:
(a) At an election held on March 5, 1991, the voters of the Natomas Union Elementary School District in Sacramento County overwhelmingly approved a ballot measure to unify that school district within its existing boundaries.
(b) That election was held pursuant to the approval of a reorganization petition by the State Board of Education in accordance with Chapter 4 (commencing with Section 35700) of Part 21 of the Education Code.
(c) The appropriate certificate of the election results was transmitted to the Sacramento County Board of Supervisors on March 18, 1991.
(d) The Sacramento County Board of Supervisors did not issue the order to unify the Natomas Union Elementary School pursuant to the election results, as required by Section 35765 of the Education Code, until January 28, 1992.
(e) Because the ministerial action of the Sacramento County Board of Supervisors described in subdivision (d) was delayed until after December 31, 1991, under current law the unification of the Natomas Union Elementary School District will not be effective until July 1, 1993.
SEC. 2. Notwithstanding any other provision of law, the action to unify the Natomas Union Elementary School District that was approved at the election held on March 5, 1991, as described in Section 1 of this act, shall be effective for all purposes on July 1, 1992.
SEC. 3. Due to the unique circumstances specified in Section 1 of this act concerning the Natomas Union Elementary School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.
SEC. 4. Section 32320 of the Education Code is amended to read:
32320. No state-owned college, university, or other school shall charge any tuition, or incidental fees to any of the following:
(a) Any dependent eligible to receive assistance under Article 2 (commencing with Section 890) of Chapter 4 of Division 4 of the Military and Veterans Code.
(b) Any child of any veteran of the United States military who has
a service-connected disability, or who has been killed in service or has died of a service-connected disability, where the annual income of the child, including the value of any support received from a parent, does not exceed five thousand dollars ($5,000).

(c) Notwithstanding Section 893 of the Military and Veterans Code, the Department of Veterans Affairs may determine the eligibility for fee waivers for a child described in subdivision (b).

(d) Any dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty, and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

Nothing contained in this section shall prevent the Regents of the University of California from charging to and collecting from nonresident students an admission fee and rate of tuition nor shall anything in this section prevent the charging and collecting of fees required of nonresident students admitted to schools under the jurisdiction of the State Department of Education or the Director of Education or to a state university under the jurisdiction of the Trustees of the California State University.

This section shall not apply to a dependent of a veteran within the meaning of paragraph (4) of subdivision (a) of Section 890 of the Military and Veterans Code.

SEC. 5. Section 84501 of the Education Code is amended to read:

84501. Except for purposes of distributing lottery revenues pursuant to Section 84830, commencing with the 1991–92 fiscal year, the term "community college average daily attendance" (ADA) means full-time equivalent student (FTES) as that term is defined by regulations adopted by the Board of Governors of the California Community Colleges.

SEC. 6. Article 2.5 (commencing with Section 84820) is added to Chapter 5 of Part 50 of the Education Code, to read:

Article 2.5. Adjustments to Lottery Fund Allocations

84820. (a) The Legislature finds and declares that for the 1990–91 fiscal year, each community college district collected data based on both average daily attendance and full-time equivalent students, and were required to compute a statewide percentage on the basis of comparing average daily attendance to full-time equivalent students. The Legislature also finds that each fiscal year thereafter, pursuant to Section 84501, community college districts are required to collect data based only on full-time equivalent students.

(b) In order to adjust the allocation of lottery revenue as a result
of the shift by community college districts from average daily attendance to full-time equivalent students as a method of measuring workload, the chancellor shall comply with the following procedure:

(1) Report for the 1991–92 fiscal year the full-time equivalent students that equals the product derived by multiplying the 1990–91 statewide percentage by the full-time equivalent students generated during the 1991–92 fiscal year.

(2) Report for the 1992–93 fiscal year the full-time equivalent students that equals the workload measure derived from applying the 1990–91 statewide percentage to the full-time equivalent students generated in the 1992–93 fiscal year, as well as the actual full-time equivalent students generated in the 1992–93 fiscal year.

(c) The workload measures reported by the chancellor pursuant to paragraphs (1) and (2) of subdivision (b) shall be considered together with workload units generated by the other public education entities specified in Section 8880.5 of the Government Code to ensure that each entity receives a maximum allocation of lottery revenue up to the amount allocated per workload measure to each entity for the 1991–92 fiscal year. If there is lottery revenue in excess of the amount allocated per workload measure for the 1991–92 fiscal year, the excess funds shall be allocated by the Controller as follows:

(1) Fifty percent to public education entities other than community colleges.

(2) Fifty percent to community colleges in order to equalize the amount per workload measure, as determined pursuant to paragraph (2) of subdivision (b), to the level established pursuant to paragraph (1) of subdivision (c). Any funds remaining after making this computation shall be distributed by the Controller to community colleges with the objective of increasing the community college share of lottery revenues to 100 percent of its full-time equivalent students amount. When the community college share of lottery revenues reaches 100 percent of its full-time equivalent students amount or the amount distributed to other public education entities, including the amount distributed pursuant to paragraph (1) of subdivision (c), any remaining funds shall be distributed pursuant to Section 8880.5 of the Government Code.

(d) For the 1993–94 fiscal year and each fiscal year thereafter, the chancellor shall report the same percentage of full-time equivalent students as was funded in the prior fiscal year. This workload measure and the workload units generated by the other public education entities shall be the basis for determining allocations of lottery revenues up to the same amount per workload measure as was allocated for the prior fiscal year.

(e) For the 1993–94 fiscal year and each fiscal year thereafter, if excess funds remain after the Controller has complied with subdivision (d), the excess funds shall be allocated pursuant to paragraphs (1) and (2) of subdivision (c) with the objective of increasing the community college share of lottery revenues to 100
percent of its full-time equivalent students amount.

(f) Commencing January 1, 1993, any lottery revenue allocated to a public education entity pursuant to Section 8880.5 of the Government Code shall not be reduced by more than one-half of 1 percent per year when that reduction is the direct result of any entity changing its method of computing workload units.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the timely unification of the Natomas Unified School District as authorized by the voters, to authorize tuition waivers for certain dependents of veterans, and to delay the operation of certain statutes relating to the computation of community college average daily attendance as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 455

An act to add Section 222.71 to the Civil Code, and to amend Section 361.5 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 222.71 is added to the Civil Code, to read:

222.71. Where a child has been adjudged to be a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and has thereafter been freed for adoption by the juvenile court, the petition for adoption of the minor may be filed either in the county where the prospective adoptive parents reside or the county where the child was freed for adoption.

SEC. 2. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), whenever a minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's parents or guardians for the purpose of facilitating reunification of the family within a maximum time period not to exceed 12 months. The court also shall make findings pursuant to subdivision (a) of Section 366. When counseling or other treatment services are ordered, the parent shall be ordered to participate in those services, unless the parent's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be
achieved within the extended time period. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period. If at the end of the 18-month period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.25 or 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parents is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent. The posting or publication of notices is not required in such a search.

(2) That the parent is suffering from a mental disability that is described in Section 232 of the Civil Code and that renders him or her incapable of utilizing those services.

(3) That the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or parents or guardian or guardians from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse. However, this section is not applicable if the jurisdiction of the juvenile court has been dismissed prior to the additional abuse.

(4) That the parent of the minor has been convicted of causing the death of another child through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent.

(6) That the minor has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child, or between the child and another person or animal with the actual or implied consent of, and for the financial gain or other

65720
advantage of, the parent or guardian; or the penetration or manipulation of the child's genital organs or rectum by any animate or inanimate object, for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of, and for the financial gain or other advantage of, the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child in a closed space; or any other torturous act or omission which would be reasonably understood to cause serious emotional damage.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

When paragraph (3), (4), or (5), inclusive, of subdivision (b) is applicable, the court shall not order reunification unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of
the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in subdivision (a) and Section 366.25 are not tolled by the parent's absence.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the child if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 18-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between parent and child through collect phone calls.
(B) Transportation services, where appropriate.
(C) Visitation services, where appropriate.
(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the minor pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If a court, pursuant to paragraph (2), (3), (4), (5), or (6) of subdivision (b), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor.
(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.25 or 366.26 it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is 10 years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child.

(2) The circumstances under which the abuse or harm was inflicted on the child.

(3) The severity of the emotional trauma suffered by the child.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 18 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.
CHAPTER 456

An act to add Section 31149.5 to the Water Code, relating to water.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 31149.5 is added to the Water Code, to read:
31149.5. (a) The Marina County Water District may finance, construct, maintain, operate, lease, use, and sell power to any public utility or public agency from one or more plants within the district's boundaries for the cogeneration of electric power in conjunction with facilities for removing dissolved solids and impurities from seawater, and may finance, construct, maintain, operate, and lease the transmission lines for the conveyance of the power.
(b) Prior to January 1, 1996, the district may not exercise the authority set forth in subdivision (a) to provide water that is a substitute for water from the Monterey County Water Resources Agency's seawater intrusion project.

CHAPTER 457

An act to amend Section 1204 of, and to add Section 1204.3 to, the Health and Safety Code, relating to alternative birth centers.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1204 of the Health and Safety Code is amended to read:
1204. Clinics eligible for licensure pursuant to this chapter are primary care clinics and specialty clinics.
(a) Only the following defined classes of primary care clinics shall be eligible for licensure:
(1) A "community clinic" means a clinic operated by a tax-exempt nonprofit corporation that is supported and maintained in whole or in part by donations, bequests, gifts, grants, government funds or contributions, that may be in the form of money, goods, or services. In a community clinic, any charges to the patient shall be based on the patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a community clinic; provided, that
the licensee of any community clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a community clinic.

(2) A "free clinic" means a clinic operated by a tax-exempt, nonprofit corporation supported in whole by voluntary donations, bequests, gifts, grants, government funds or contributions, that may be in the form of money, goods, or services. In a free clinic there shall be no charges directly to the patient for services rendered or for drugs, medicines, appliances, or apparatuses furnished. No corporation other than a nonprofit corporation exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a free clinic; provided, that the licensee of any free clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a free clinic.

(b) The following types of specialty clinics shall be eligible for licensure as specialty clinics pursuant to this chapter:

(1) A "surgical clinic" means a clinic that is not part of a hospital and that provides ambulatory surgical care for patients who remain less than 24 hours. A surgical clinic does not include any place or establishment owned or leased and operated as a clinic or office by one or more physicians or dentists in individual or group practice, regardless of the name used publicly to identify the place or establishment, provided, however, that physicians or dentists may, at their option, apply for licensure.

(2) A "chronic dialysis clinic" means a clinic that provides less than 24-hour care for the treatment of patients with end-stage renal disease, including renal dialysis services.

(3) A "rehabilitation clinic" means a clinic that, in addition to providing medical services directly, also provides physical rehabilitation services for patients who remain less than 24 hours. Rehabilitation clinics shall provide at least two of the following rehabilitation services: physical therapy, occupational therapy, social, speech pathology, and audiology services. A rehabilitation clinic does not include the offices of a private physician in individual or group practice.

(4) An "alternative birth center" means a clinic that is not part of a hospital and that provides comprehensive perinatal services and delivery care to pregnant women who remain less than 24 hours at the facility.

SEC. 2. Section 1204.3 is added to the Health and Safety Code, to read:

1204.3. (a) An alternative birth center that is licensed as an alternative birth center specialty clinic pursuant to paragraph (4) of
subdivision (b) of Section 1204 shall, as a condition of licensure, and
a primary care clinic licensed pursuant to subdivision (a) of Section
1204 that provides services as an alternative birth center shall, meet
all of the following requirements:
(1) Be a provider of comprehensive perinatal services as defined
in Section 14134.5 of the Welfare and Institutions Code.
(2) Maintain a quality assurance program.
(3) Meet the standards for certification established by the
National Association of Childbearing Centers, or at least equivalent
standards as determined by the state department.
(4) In addition to standards of the National Association of
Childbearing Centers regarding proximity to hospitals and presence
of attendants at births, meet both of the following conditions:
(A) Be located in proximity, in time and distance, to a facility
with the capacity for management of obstetrical and neonatal
emergencies, including the ability to provide Caesarean delivery,
within 30 minutes from time of diagnosis of the emergency.
(B) Require the presence of at least two attendants at all times
during birth, one of whom shall be either a physician and surgeon or
a certified nurse-midwife.
(b) The state department shall issue a permit to a primary care
clinic licensed pursuant to subdivision (a) of Section 1204 certifying
that the primary care clinic has met the requirements of this section
and may provide services as an alternative birth center. Nothing in
this section shall be construed to require that a licensed primary care
clinic obtain an additional license in order to provide services as an
alternative birth center.
(c) (1) Notwithstanding subdivision (a) of Section 1206, no place
or establishment owned or leased and operated as a clinic or office
by one or more licensed health care practitioners and used as an
office for the practice of their profession, within the scope of their
license, shall be represented or otherwise held out to be an
alternative birth center licensed by the state unless it meets the
requirements of this section.
(2) Nothing in this subdivision shall be construed to prohibit
licensed health care practitioners from providing birth related
services, within the scope of their license, in a place or establishment
described in paragraph (1).
SEC. 3. No reimbursement is required by this act pursuant to
Section 6 of Article XIII B of the California Constitution because the
only costs which may be incurred by a local agency or school district
will be incurred because this act creates a new crime or infraction,
changes the definition of a crime or infraction, changes the penalty
for a crime or infraction, or eliminates a crime or infraction.
Notwithstanding Section 17580 of the Government Code, unless
otherwise specified in this act, the provisions of this act shall become
operative on the same date that the act takes effect pursuant to the
California Constitution.
An act to amend Section 1349.2 of the Health and Safety Code, relating to health care service plans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 1349.2 of the Health and Safety Code is amended to read:

1349.2. (a) A health care service plan operated by any city, county, city and county, public entity, or political subdivision that satisfies all of the following criteria is exempt from Section 1349:

(1) Provides services only to its employees, their dependents, and retirees, but not to the general public.
(2) Provides funding for the program.
(3) Provides that providers are not at risk in contracting arrangements, that is, that the reimbursement system is on a fee-for-service basis.

(b) The Senate Office of Research shall conduct a study of the factors that should be considered by the Legislature in determining whether to create an exemption, and the scope of the exemption, under this chapter for public entities and political subdivisions operating a health care service plan for their employees, retired employees, and their dependents which satisfies all of the conditions set forth in subdivision (a). The study shall include, but not be limited to, evaluation of all of the following:

(1) An estimate of the number of public entity and political subdivision plans that would be affected by an exemption.
(2) The fiscal impact of licensure on public entities and political subdivisions and upon the regulatory authority, including any increase in public entity or regulatory authority employees needed to comply with licensure.
(3) The impact, if any, on services offered by the plan due to costs associated with regulation, including any unintended results of creating barriers to health care.
(4) Any potential concomitant increase in taxes in order for public entities and political subdivisions to provide health care services.
(5) If the plans are not licensed and monitored, any risks of financial insolvency, inadequate benefit packages, inadequate education of enrollees of plans concerning available benefits and services, appeal rights, or of economic stability of the plan; and any adverse impact on the ability of enrollees of plans to obtain quality health care, including barriers to accessibility and claims payment practices.
(6) The impact on the private sector, including physicians, allied
health providers, and hospitals.

(7) The impact on health care service plans from any increase in enrollee assessments to fund the regulatory authority’s efforts in licensing public entities and political subdivisions.

(8) The impact and effect of competition on private sector plans from licensed public entities and political subdivisions.

(9) Any constitutional barriers precluding the operation of a health care service plan by a joint exercise of powers agreement pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code.

In conducting the study, the Senate Office of Research shall seek assistance and input from all interested parties. The study shall be completed and submitted to the Legislature no later than December 31, 1991.

(c) It is the intent of the Legislature that the Senate Office of Research study shall provide relevant factual and legal information that may assist the Legislature in determining whether, and to what extent, a permanent exemption for public entity and political subdivision employee plans would be in the public interest and not detrimental to the protection of subscribers, enrollees, or persons regulated under this chapter, and the extent to which regulation of those plans is not essential to the purposes of this chapter.

It is therefore the intent of the Legislature that the temporary exemption in subdivision (a) is to alleviate the necessity for the Department of Corporations to commence enforcement actions against those plans solely because they are unlicensed during this period.

(d) During the time period of temporary exemption, any public entity or political subdivision operating a health care service plan pursuant to subdivision (a) shall not engage in any actions that are contrary to Sections 1378 and 1379 and shall not reduce or change current benefits except in accordance with collective bargaining agreements.

(e) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue the exemption of certain public entities from health care service plan licensing requirements and the payment of licensing fees during the 1992-93 fiscal year, it is necessary that this act take effect immediately.
CHAPTER 459

An act to amend Sections 11165.7, 11166, 11166.5, and 11172 of, and to add Section 11165.15 to, the Penal Code, relating to child abuse.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 11165.7 of the Penal Code is amended to read:

11165.7. (a) As used in this article, "child care custodian" means a teacher; an instructional aide, a teacher's aide, or a teacher's assistant employed by any public or private school, who has been trained in the duties imposed by this article, if the school district has so warranted to the State Department of Education; a classified employee of any public school who has been trained in the duties imposed by this article, if the school has so warranted to the State Department of Education; an administrative officer, supervisor of child welfare and attendance, or certificated pupil personnel employee of any public or private school; an administrator of a public or private day camp; an administrator or employee of a public or private youth center, youth recreation program, or youth organization; an administrator or employee of a public or private organization whose duties require direct contact and supervision of children; a licensee, an administrator, or an employee of a licensed community care or child day care facility; a headstart teacher; a licensing worker or licensing evaluator; a public assistance worker; an employee of a child care institution including, but not limited to, foster parents, group home personnel, and personnel of residential care facilities; a social worker, probation officer, or parole officer; an employee of a school district police or security department; any person who is an administrator or presenter of, or a counselor in, a child abuse prevention program in any public or private school; a district attorney investigator, inspector, or family support officer unless the investigator, inspector, or officer is working with an attorney appointed pursuant to Section 317 of the Welfare and Institutions Code to represent a minor; or a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of this code, who is not otherwise described in this section.

(b) Training in the duties imposed by this article shall include training in child abuse identification and training in child abuse reporting. As part of that training, school districts shall provide to all employees being trained a written copy of the reporting requirements and a written disclosure of the employees' confidentiality rights.

(c) School districts which do not train the employees specified in subdivision (a) in the duties of child care custodians under the child
abuse reporting laws shall report to the State Department of Education the reasons why this training is not provided.

(d) Volunteers of public or private organizations whose duties require direct contact and supervision of children are encouraged to obtain training in the identification and reporting of child abuse.

SEC. 2. Section 11165.15 is added to the Penal Code, to read:

11165.15. As used in this article, "child visitation monitor" means any person who, for financial compensation, acts as monitor of a visit between a child and any other person when the monitoring of that visit has been ordered by a court of law.

SEC. 3. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (b), any child care custodian, health practitioner, employee of a child protective agency, or child visitation monitor who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. A child protective agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy. For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute the basis of reasonable suspicion of sexual abuse.

(b) Any child care custodian, health practitioner, employee of a child protective agency, or child visitation monitor who has knowledge of or who reasonably suspects that mental suffering has been inflicted upon a child or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of child abuse to a child protective agency.

(c) Any commercial film and photographic print processor who has knowledge of, or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative or slide depicting a child under the age of 14 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practically possible, by telephone and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, "sexual conduct" means any of
the following:
(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.
(2) Penetration of the vagina or rectum by any object.
(3) Masturbation for the purpose of sexual stimulation of the viewer.
(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.
(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.
(d) Any other person who has knowledge of, or observes, a child whom he or she knows or reasonably suspects has been a victim of child abuse may report the known or suspected instance of child abuse to a child protective agency.
(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of child abuse, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.
(f) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.
(g) A county probation or welfare department shall immediately, or as soon as practically possible, report by telephone to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney’s office every known or suspected instance of child abuse, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relate solely to the inability of the parent to provide the child with regular care due to the parent’s substance abuse, which shall be reported only to the county welfare department. A county probation or welfare department also shall send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

A law enforcement agency shall immediately, or as soon as
practically possible, report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare department. A law enforcement agency shall report to the county welfare department every known or suspected instance of child abuse reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

SEC. 4. Section 11166.5 of the Penal Code is amended to read:

11166.5. (a) On and after January 1, 1985, any person who enters into employment as a child care custodian, health practitioner, or with a child protective agency, prior to commencing his or her employment, and as a prerequisite to that employment, shall sign a statement on a form provided to him or her by his or her employer to the effect that he or she has knowledge of the provisions of Section 11166 and will comply with those provisions.

On and after January 1, 1993, any person who acts as a child visitation monitor, as defined in Section 11165.15, prior to engaging in monitoring the first visit in a case, shall sign a statement on a form provided to him or her by the court which ordered the presence of that third person during the visit, to the effect that he or she has knowledge of the provisions of Section 11166 and will comply with those provisions.

The statement shall include all of the following provisions:

Section 11166 of the Penal Code requires any child care custodian, health practitioner, employee of a child protective agency, or child visitation monitor who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

"Child care custodian" includes teachers; an instructional aide, a teacher's aide, or a teacher's assistant employed by any public or private school, who has been trained in the duties imposed by this article, if the school district has so warranted to the State Department of Education; a classified employee of any public school
who has been trained in the duties imposed by this article, if the school has so warranted to the State Department of Education; administrative officers, supervisors of child welfare and attendance, or certificated pupil personnel employees of any public or private school; administrators of a public or private day camp; administrators and employees of public or private youth centers, youth recreation programs, or youth organizations; administrators and employees of public or private organizations whose duties require direct contact and supervision of children and who have been trained in the duties imposed by this article; licensees, administrators, and employees of licensed community care or child day care facilities; headstart teachers; licensing workers or licensing evaluators; public assistance workers; employees of a child care institution including, but not limited to, foster parents, group home personnel, and personnel of residential care facilities; social workers, probation officers, or parole officers; employees of a school district police or security department; any person who is an administrator or a presenter of, or a counselor in, a child abuse prevention program in any public or private school; a district attorney investigator, inspector, or family support officer unless the investigator, inspector, or officer is working with an attorney appointed pursuant to Section 317 of the Welfare and Institutions Code to represent a minor; or a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of this code, who is not otherwise described in this section.

"Health practitioner" includes physicians and surgeons, psychiatrists, psychologists, dentists, residents, interns, podiatrists, chiropractors, licensed nurses, dental hygienists, optometrists, or any other person who is licensed under Division 2 (commencing with Section 500) of the Business and Professions Code; marriage, family, and child counselors; emergency medical technicians I or II, paramedics, or other persons certified pursuant to Division 2.5 (commencing with Section 1797) of the Health and Safety Code; psychological assistants registered pursuant to Section 2913 of the Business and Professions Code; marriage, family, and child counselor trainees as defined in subdivision (c) of Section 4980.03 of the Business and Professions Code; unlicensed marriage, family, and child counselor interns registered under Section 4980.44 of the Business and Professions Code; state or county public health employees who treat minors for venereal disease or any other condition; coroners; paramedics; and religious practitioners who diagnose, examine, or treat children.

"Child visitation monitor" means any person as defined in Section 11165.15.

The signed statements shall be retained by the employer or the court, as the case may be. The cost of printing, distribution, and filing of these statements shall be borne by the employer or the court.

This subdivision is not applicable to persons employed by child protective agencies, public or private youth centers, youth recreation programs, and youth organizations as members of the
support staff or maintenance staff and who do not work with, observe, or have knowledge of children as part of their official duties.

(b) On and after January 1, 1986, when a person is issued a state license or certificate to engage in a profession or occupation, the members of which are required to make a report pursuant to Section 11166, the state agency issuing the license or certificate shall send a statement substantially similar to the one contained in subdivision (a) to the person at the same time as it transmits the document indicating licensure or certification to the person. In addition to the requirements contained in subdivision (a), the statement also shall indicate that failure to comply with the requirements of Section 11166 is a misdemeanor, punishable by up to six months in a county jail, by a fine of one thousand dollars ($1,000), or by both that imprisonment and fine.

(c) As an alternative to the procedure required by subdivision (b), a state agency may cause the required statement to be printed on all application forms for a license or certificate printed on or after January 1, 1986.

(d) On and after January 1, 1993, any child visitation monitor, as defined in Section 11165.15, who desires to act in that capacity shall have received training in the duties imposed by this article, including training in child abuse identification and child abuse reporting. The person, prior to engaging in monitoring the first visit in a case, shall sign a statement on a form provided to him or her by the court which ordered the presence of that third person during the visit, to the effect that he or she has received this training. This statement may be included in the statement required by subdivision (a) or it may be a separate statement. This statement shall be filed, along with the statement required by subdivision (a), in the court file of the case for which the visitation monitoring is being provided.

SEC. 5. Section 11172 of the Penal Code is amended to read:

11172. (a) No child care custodian, health practitioner, employee of a child protective agency, child visitation monitor, or commercial film and photographic print processor who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false or was made with reckless disregard of the truth or falsity of the report, and any such person who makes a report of child abuse known to be false or with reckless disregard of the truth or falsity of the report is liable for any damages caused. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating the photographs with the
reports required by this article. However, this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any child care custodian, health practitioner, employee of a child protective agency, or child visitation monitor who, pursuant to a request from a child protective agency, provides the requesting agency with access to the victim of a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that even though it has provided immunity from liability to persons required to report child abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of child abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a child care custodian, health practitioner, employee of a child protective agency, child visitation monitor, or commercial film and photographic print processor may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) A court may award attorney's fees to a commercial film and photographic print processor when a suit is brought against the processor because of a disclosure mandated by this article and the court finds this suit to be frivolous.

(e) Any person who fails to report an instance of child abuse which he or she knows to exist, or reasonably should know to exist, as required by this article, is guilty of a misdemeanor, punishable by confinement in a county jail for a term not to exceed six months, by a fine of not more than one thousand dollars ($1,000), or by both that imprisonment and fine.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the
definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 460

An act to amend Sections 134, 135, and 1008 of the Code of Civil Procedure, and to repeal Sections 72300 and 72306 of the Government Code, relating to courts.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Since the enactment of Section 1008 of the Code of Civil Procedure, some California courts have found that the section does not apply to interim orders.

(b) In enacting Section 4 of this act, it is the intent of the Legislature to clarify that no motions to reconsider any order made by a judge or a court, whether that order is interim or final, may be heard unless the motion is filed within 10 days after service of written notice of entry of the order, and unless based on new or different facts, circumstances, or law.

(c) In enacting Section 4 of this act, it is the further intent of the Legislature to clarify that no renewal of a previous motion, whether the order deciding the previous motion is interim or final, may be heard unless the motion is based on new or different facts, circumstances, or law.

(d) Inclusion of interim orders within the application of Section 1008 is desirable in order to reduce the number of motions to reconsider and renewals of previous motions heard by judges in this state.

SEC. 2. Section 134 of the Code of Civil Procedure is amended to read:

134. (a) Except as provided in subdivision (c), the courts shall be
closed for the transaction of judicial business on judicial holidays for all but the following purposes:

(1) To give, upon their request, instructions to a jury when deliberating on their verdict.

(2) To receive a verdict or discharge a jury.

(3) For the conduct of arraignments and the exercise of the powers of a magistrate in a criminal action, or in a proceeding of a criminal nature.

(4) For the conduct of Saturday small claims court sessions pursuant to the Small Claims Act set forth in Chapter 5.5 (commencing with Section 116.110).

(b) Injunctions and writs of prohibition may be issued and served on any day.

(c) In any superior, municipal, or justice court, one or more departments of the court may remain open and in session for the transaction of any business which may come before the department in the exercise of the civil or criminal jurisdiction of the court, or both, on a judicial holiday or at any hours of the day or night, or both, as the judges of the court prescribe.

(d) The fact that a court is open on a judicial holiday shall not make that day a nonholiday for purposes of computing the time required for the conduct of any proceeding nor for the performance of any act. Any paper lodged with the court at a time when the court is open pursuant to subdivision (c), shall be filed by the court on the next day which is not a judicial holiday, if the document meets appropriate criteria for filing.

SEC. 3. Section 135 of the Code of Civil Procedure is amended to read:

135. Every full day designated as a holiday by Section 6700 of the Government Code, including that Thursday of November declared by the President to be Thanksgiving Day, is a judicial holiday, except September 9, known as "Admission Day," and any other day appointed by the President, but not by the Governor, for a public fast, thanksgiving, or holiday. If a judicial holiday falls on a Saturday or a Sunday, the Judicial Council may designate an alternative day for observance of the holiday. Every Saturday and the day after Thanksgiving Day is a judicial holiday. Officers and employees of the courts shall observe only the judicial holidays established pursuant to this section.

SEC. 4. Section 1008 of the Code of Civil Procedure is amended to read:

1008. (a) When an application for an order has been made to a judge, or to a court, and refused in whole or in part, or granted, or granted conditionally, or on terms, any party affected by the order may, within 10 days after service upon the party of written notice of entry of the order and based upon new or different facts, circumstances, or law, make application to the same judge or court that made the order, to reconsider the matter and modify, amend, or revoke the prior order. The party making the application shall
state by affidavit what application was made before, when and to what judge, what order or decisions were made, and what new or different facts, circumstances, or law are claimed to be shown.

(b) A party who originally made an application for an order which was refused in whole or part, or granted conditionally or on terms, may make a subsequent application for the same order upon new or different facts, circumstances, or law, in which case it shall be shown by affidavit what application was made before, when and to what judge, what order or decisions were made, and what new or different facts, circumstances, or law are claimed to be shown. For a failure to comply with this subdivision, any order made on a subsequent application may be revoked or set aside on ex parte motion.

(c) If a court at any time determines that there has been a change of law that warrants it to reconsider a prior order it entered, it may do so on its own motion and enter a different order.

(d) A violation of this section may be punished as a contempt and with sanctions as allowed by Section 128.5. In addition, an order made contrary to this section may be revoked by the judge or commissioner who made it, or vacated by a judge of the court in which the action or proceeding is pending.

(e) This section specifies the court’s jurisdiction with regard to applications for reconsideration of its orders and renewals of previous motions, and applies to all applications to reconsider any order of a judge or court, or for the renewal of a previous motion, whether the order deciding the previous matter or motion is interim or final. No application to reconsider any order or for the renewal of a previous motion may be considered by any judge or court unless made according to this section.

(f) For the purposes of this section, an alleged new or different law shall not include a later enacted statute without a retroactive application.

SEC. 5. Section 72300 of the Government Code is repealed.
SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by an option county under the Brown-Presley Trial Court Funding Act (Chapter 13 (commencing with Section 77000) of Title 8 of the Government Code) because this act imposes new duties on the trial courts.

However, notwithstanding Section 17610 of the Government Code, if the commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become
operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 461

An act to amend Sections 14591, 14601, 14611, 14623, and 14631 of, and to add Sections 14593 and 14603 to, the Food and Agricultural Code, relating to agriculture.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 14591 of the Food and Agricultural Code is amended to read:

14591. Every person who manufactures or distributes fertilizing materials shall, before he or she engages in the activity, obtain a license from the director for each plant and business location which he or she operates. All licenses shall be renewed in January of each odd-numbered year, and shall be valid until December 31 of the following even-numbered year, if issued in January of that same year. However, a person who only distributes or who makes retail sales of packaged agricultural minerals, packaged commercial fertilizers, packaged soil amendments, or packaged auxiliary soil and plant substances, alone or in any combination, which bear the registered label of another licensed person, is not required to obtain the license. The license fee shall not exceed two hundred dollars ($200). The director may, based on the findings and recommendation of the board, reduce the license fee to a lower rate that provides sufficient revenue to carry out this chapter.

SEC. 2. Section 14593 is added to the Food and Agricultural Code, to read:

14593. The license shall expire on December 31, of an even-numbered year. Each application for renewal shall be accompanied by a fee not to exceed two hundred dollars ($200) for each plant or business location which a person operates. If a license is not renewed within one calendar month following expiration, a penalty of fifty dollars ($50) shall be added to the fee and an additional penalty of fifty dollars ($50) shall be added for each succeeding calendar month the business location remains unlicensed. The total penalty, however, shall not exceed 100 percent of the original amount due.

SEC. 3. Section 14601 of the Food and Agricultural Code is amended to read:

14601. Each differing label, other than weight or package size, such as changes in the guaranteed analysis, derivation statement, or anything that implies a different product, for specialty fertilizer,
packaged agricultural mineral, auxiliary soil and plant substance, and packaged soil amendment shall be registered. All registrations shall be renewed in January of an even-numbered year, and shall be valid until December 31 of the following odd-numbered year, if issued in January of that same year. The registration fee shall not exceed two hundred dollars ($200) per product. The director may, based on the finding and recommendation of the board, reduce the registration fee to a lower rate that provides sufficient revenue to carry out this chapter. The director may require proof of labeling statements and other claims made for any specialty fertilizer, agricultural mineral, packaged soil amendment, or auxiliary soil and plant substance, before the director registers any such product. As evidence of proof, the director may rely on experimental data, evaluations, or advice furnished by scientists, including scientists affiliated with the University of California, and may accept or reject additional sources of proof in the evaluation of any fertilizing material. In all cases, experimental proof shall relate to conditions in California under which the product is intended for use.

The director, after hearing, may cancel the registration of, or refuse to register, any specialty fertilizer, packaged agricultural mineral, packaged soil amendment, or auxiliary soil and plant substance, which the director determines is detrimental or injurious to plants, animals, public safety, or the environment when it is applied as directed, which is known to be of little or no value for the purpose for which it is intended, or for which any false or misleading claim is made or implied. The director may cancel the registration of any product of any person who violates this chapter.

The proceedings to determine whether to cancel or refuse registration of any of those products shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The director shall have all the powers that are granted pursuant to Chapter 5.

SEC. 4. Section 14603 is added to the Food and Agricultural Code, to read:

14603. The registration shall expire on December 31, of an odd-numbered year. Each application for renewal shall be accompanied by a fee not to exceed two hundred dollars ($200) for each product label. If a registration is not renewed within one calendar month following expiration, a penalty of fifty dollars ($50) per product label shall be added to the fee.

SEC. 5. Section 14611 of the Food and Agricultural Code is amended to read:

(a) Any licensee whose name appears on the label who sells or distributes bulk fertilizing materials, as defined in Sections 14517 and 14533, to unlicensed purchasers, shall pay to the director an assessment not to exceed two mills ($0.002) per dollar of sales for all fertilizing materials. Any licensee whose name appears on the label of packaged fertilizing materials, as defined in Sections 14551 and 14533, shall pay to the director an assessment of not to exceed two
mills ($0.002) per dollar of sales. The director may, based on the finding and recommendation of the board, reduce the assessment rate to a lower rate that provides sufficient revenue to carry out this chapter.

(b) In addition to the assessment provided in subdivision (a), the director may impose an assessment in an amount not to exceed one mill ($0.001) per dollar of sales for all sales of fertilizing materials, to provide funding for research and education regarding the use and handling of commercial and organic fertilizers, including, but not limited to, any environmental effects.

SEC. 6. Section 14623 of the Food and Agricultural Code is amended to read:

14623. The tonnage report shall be submitted to the director semiannually not later than January 31 and July 31 of each year. The director shall impose a penalty in the amount of two hundred dollars ($200) on any person who does not submit the report on or before those dates.

SEC. 7. Section 14631 of the Food and Agricultural Code is amended to read:

14631. Every lot, parcel, or package of fertilizing material distributed into or within this state shall have attached to it, or the shipment shall be physically accompanied by, a label as required by the director, by regulation. The director may require proof of labeling statements and claims made for any fertilizing material. As evidence of proof, the director may rely on experimental data, evaluations, or advice furnished by scientists, including scientists affiliated with the University of California, and may accept or reject additional sources of proof. The director may cancel the approval of, or refuse to approve, a fertilizing material label if the director determines that adequate proof of label claims do not exist. The director, after hearing, may cancel the license of any person who distributes a fertilizing material with a label for which approval has been canceled or a label that has not been approved by the director.

Coverage for these mental disorders shall be subject to the same terms and conditions applied to the treatment of other disorders of the brain; however, an insurer may reserve the right to confirm diagnoses and to review the appropriateness of specific treatment plans as necessary to ensure that coverage under this section is provided for only those diagnostic and treatment services which are medically necessary.

Nothing in this section shall be construed to affect the scope of licensure of any health care professional nor to impair rights to reimbursement guaranteed health care providers pursuant to Section 10176.

CHAPTER 463

An act to amend Section 6254.3 of the Government Code, relating to public records, and declaring the urgency thereof, to take effect immediately.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the protections provided to school employees at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 464

An act to amend Section 1506 of the Health and Safety Code, relating to foster family agencies, and declaring the urgency thereof, to take effect immediately.

At least one hour of training during the first six months following initial certification shall be dedicated to meeting the requirements of paragraph (1) of subdivision (b) of Section 11174.1 of the Penal Code.

(3) If the agency determines that the home no longer meets the standards, it shall notify the department and the local placing agency.

(c) The department shall develop licensing regulations differentiating between foster family agencies which provide treatment of children in foster families and those which provide nontreatment services.

(d) As used in this chapter, "certified family home" means a family residence certified by a licensed foster family agency and issued a certificate of approval by that agency as meeting licensing standards, and used only by that foster family agency for placements.

(B) Exceptions granted by the department prior to January 1, 1993, shall remain in effect.

(3) (A) Persons who are hired as social work personnel on or after January 1, 1992, but prior to January 1, 1993, who do not meet the requirements listed in this subdivision shall be required to successfully meet those requirements by December 31, 1994, in order to remain employed as social work personnel in a foster family agency.

(B) Employees who were hired prior to January 1, 1992, shall not be required to meet the requirements of this subdivision in order to remain employed as social work personnel in a foster family agency.

(h) The State Department of Social Services shall be required to complete the process for the exception to minimum education and experience requirements for social work personnel in subdivisions (e) and (f) within 30 days of receiving the exception application of social work personnel qualifications from the foster family agency.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the State Department of Social Services to clarify and adopt regulations implementing these provisions at the earliest possible time, it is necessary that this act take effect immediately.
CHAPTER 465

An act to amend the heading of Article 2 (commencing with Section 11560) of Chapter 10 of Division 10 of, and to amend Sections 11560, 11561, 11562, and 11563 of, the Health and Safety Code, and to amend Section 3003 of the Penal Code, relating to prisoners.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 2 (commencing with Section 11560) of Chapter 10 of Division 10 of the Health and Safety Code is amended to read:

Article 2. Substance Abuse Treatment Control Units

SEC. 2. Section 11560 of the Health and Safety Code is amended to read:

11560. The Department of Corrections and the Department of the Youth Authority are authorized to establish substance abuse treatment control units in state correctional facilities or training schools or as separate establishments for any study, research, and treatment that may be necessary for the control of the addiction or habituation, or imminent addiction or habituation, to controlled substances or alcohol of persons committed to the custody of the Director of Corrections or the Director of the Youth Authority.

SEC. 3. Section 11561 of the Health and Safety Code is amended to read:

11561. When the Board of Prison Terms concludes that there are reasonable grounds for believing that a man on parole is addicted or habituated to, or is in imminent danger of addiction or habituation to, controlled substances or alcohol it may, in accordance with procedures used to revoke parole, issue an order to detain or place that person in a substance abuse treatment control unit for a period not to exceed 90 days. The order shall be a sufficient warrant for any peace officer or employee of the Department of Corrections to return to physical custody that person. Detention pursuant to the order shall not be deemed a suspension, cancellation, or revocation of parole until such time as the Board of Prison Terms so orders pursuant to Section 3060 of the Penal Code. A parolee taken into physical custody pursuant to Section 3060 of the Penal Code may be detained in a substance abuse treatment control unit established pursuant to this article.

No man on parole shall be placed in a substance abuse treatment control unit against his will.

SEC. 4. Section 11562 of the Health and Safety Code is amended to read:
11562. When the Youth Authority concludes that there are reasonable grounds for believing that a person committed to its custody, and on parole, is addicted or habituated to, or is in imminent danger of addiction or habituation to, controlled substances or alcohol, it may, in accordance with procedures used to revoke parole, issue an order to detain or place that person in a substance abuse treatment control unit for not to exceed 90 days. The order shall be a sufficient warrant for any peace officer or employee of the Department of the Youth Authority to return to physical custody that person. Detention pursuant to the order shall not be deemed a suspension, cancellation, or revocation of parole unless the Youth Authority so orders pursuant to Section 1767.3 of the Welfare and Institutions Code.

With the consent of the Director of Corrections, the Director of the Youth Authority may, pursuant to this section, confine the addicted or habituated or potentially addicted or habituated person, over 18 years of age, in a substance abuse treatment control unit established by the Department of Corrections.

No person committed to the custody of the Youth Authority and on parole shall be placed in a substance abuse treatment control unit against his or her will.

SEC. 5. Section 11563 of the Health and Safety Code is amended to read:

11563. When the Board of Prison Terms concludes that there are reasonable grounds for believing that a woman on parole is addicted or habituated to, or is in imminent danger of addiction or habituation to, controlled substances or alcohol, it may, in accordance with procedures used to revoke parole, issue an order to detain or place that person in a substance abuse treatment control unit for a period not to exceed 90 days. The order shall be a sufficient warrant for any peace officer or employee of the Department of Corrections to return to physical custody that person. Detention pursuant to the order shall not be deemed a suspension, cancellation, or revocation of parole until such time as the board so orders pursuant to Section 3060 of the Penal Code. A parolee taken into physical custody pursuant to Section 3060, 6043, or 6044 of the Penal Code may be detained in a substance abuse treatment control unit established pursuant to this article.

No woman on parole shall be placed in a substance abuse treatment control unit against her will.

SEC. 6. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as provided in subdivision (d), an inmate who is released on parole shall be returned to the county from which he or she was committed.

For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the inmate was convicted occurred and shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison facility or while confined for treatment in a state
hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the inmate having been in another county.

(5) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) Notwithstanding any other law, an inmate who is released on parole shall not be returned to within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 and any felony in which the defendant inflicts great bodily injury on any person other than an accomplice which has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

to be of sound mind and under no duress, fraud, or undue influence,
that I am not the person appointed as attorney in fact by this
document, and that I am not the principal’s health care provider, an
employee of the principal’s health care provider, the operator of a
community care facility, an employee of an operator of a community
care facility, the operator of a residential care facility for the elderly,
or an employee of an operator of a residential care facility for the
elderly.” At least one of the witnesses must also have signed the
following declaration: "I further declare under penalty of perjury under the laws of California that I am not related to the principal by blood, marriage, or adoption, and, to the best of my knowledge, I am not entitled to any part of the estate of the principal upon the death of the principal under a will now existing or by operation of law."

(B) The durable power of attorney is acknowledged before a notary public at any place within this state, the notary public certifying to the substance of the following:

(2) A health care provider or employee of a health care provider may not act as an attorney in fact to make health care decisions if the health care provider becomes the principal's treating health care provider.

(c) A conservator may not be designated as the attorney in fact to make health care decisions under a durable power of attorney for health care executed by a person who is a conservatee under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code, unless (1) the power of attorney is otherwise valid, (2) the conservatee is represented by legal counsel, and (3) the lawyer representing the conservatee signs a certificate stating in substance: "I am a lawyer authorized to practice law in the state where this power of attorney was executed, and the principal was my client at the time this power of attorney was executed. I have advised my client concerning his or

(f) A durable power of attorney for health care is not effective if the principal is a patient in a skilled nursing facility as defined in subdivision (c) of Section 1250 of the Health and Safety Code at the time of its execution unless one of the witnesses is a patient advocate or ombudsman as may be designated by the State Department of Aging for this purpose pursuant to any other applicable provision of law. The patient advocate or ombudsman shall include in the declaration required by subdivision (a) a declaration that he or she is serving as a witness as required by this subdivision. It is the intent of this subdivision to recognize that some patients in skilled nursing facilities are insulated from a voluntary decisionmaking role, by virtue of the custodial nature of their care, so as to require special assurance that they are capable of willfully and voluntarily executing a durable power of attorney for health care.

SEC. 2. Section 2438.5 is added to the Civil Code, to read:

2438.5. In the absence of knowledge to the contrary, a physician and surgeon or other health care provider may presume that a durable power of attorney for health care or similar instrument, whether executed in another state or jurisdiction or in this state, is valid.

2445. A durable power of attorney for health care or similar instrument executed in another state or jurisdiction in compliance with the laws of that state or jurisdiction or of this state, shall be valid and enforceable in this state to the same extent as a durable power of attorney for health care validly executed in this state.

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the rights of patients and to permit individuals to make health care decisions utilizing durable powers of attorney for health care, it is necessary that this act take effect immediately.

2. (b) Notwithstanding any other provision of this division, a winegrower, California winegrower's agent, or importer, in advance of an instructional event for consumers being held at a retailer's premises, may list in an advertisement the name and address of the retailer, the names of the wines being featured at the instructional event, and the time, date, and location of, and other information about, the instructional event, provided:

1. The advertisement does not also contain the retail price of the wines.

2. The listing of the retailer's name and address is the only reference to the retailer in the advertisement and is relatively inconspicuous in relation to the advertisement as a whole. Pictures
or illustrations of the retailer's premises and laudatory references to
the retailer in such advertisements are not hereby authorized.

(c) Notwithstanding any other provision of this division, the name
and address of a winegrower, wine importer, or winegrower's agent
licensee, the brand names of wine being featured, and the time, date,
location, and other identifying information of a wine promotional
lecture at retail premises may be listed in advance of the event in an
advertisement of the off-sale or on-sale retail licensee.

(d) Nothing in this section authorizes a winegrower, wine
importer, or winegrower's agent licensee to share in the costs, if any,
of the retailer licensee's advertisement.

(e) Nothing in this section authorizes any person to consume any
alcoholic beverage on any premises licensed with an off-sale retail
license.

227.20. The probation officer, qualified court investigator, or, at the option of the board of supervisors, the county welfare department in the county in which the action for adoption is pending shall make an investigation of each case of adoption by a stepparent. No order of adoption shall be made by the court until after the probation officer or qualified court investigator has filed his or her, or the welfare department has filed its, report and recommendation and it has been considered by the court.

No home study shall be required of the petitioner's home in such a case unless ordered by the court. The agency conducting the investigation or any interested person may request the court to order a home study or the court may order such a study on its own motion.

As used in this section, "home study" means a physical investigation of the premises where the child is residing.

SEC. 3. Section 227.30 of the Civil Code is amended to read:

227.30. A stepparent adopting a child of his or her spouse shall be liable for all reasonable costs incurred in connection with the stepparent adoption, including, but not limited to, costs incurred for the investigation required by Section 227.20, up to a maximum of two hundred dollars ($200). The probation officer, qualified court investigator, or county welfare department may defer, waive, or reduce the fee for costs when such a payment would cause economic hardship to the prospective adoptive parent which would be detrimental to the welfare of the adoptive child.

SEC. 4. Section 227.40 of the Civil Code is amended to read:

227.40. In a stepparent adoption, the consent of either or both
parents must be signed in the presence of a county clerk, probation officer, qualified court investigator, or county welfare department staff member of any county of this state and the county clerk, probation officer, qualified court investigator, or county welfare department staff member before whom the consent is signed shall immediately file the consent with the clerk of the superior court of the county where the petition is filed and the clerk shall immediately notify the probation officer or, at the option of the board of supervisors, the county welfare department of the same county.

If the birth parent of a child to be adopted is outside the State of California at the time of signing consent, his or her consent may be signed before a notary, or other person authorized to perform notarial acts.

The consent, when reciting that the person giving it is entitled to sole custody of the child, shall, when duly acknowledged before the county clerk, probation officer, qualified court investigator, or county welfare department staff member be prima facie evidence of the right of the person making it to the sole custody of the child and that person’s sole right to consent.

A birth parent who is a minor shall have the right to sign a consent for the adoption of his or her child and the consent shall not be subject to revocation by reason of the minority.

SEC. 5. Section 227.46 of the Civil Code is amended to read:

227.46. (a) Once given, consent of the birth parent to the adoption of the child by the stepparent may not be withdrawn except with court approval. Request for that approval may be made by motion, or a birth parent seeking to withdraw his or her consent may file with the clerk of the superior court where the petition is pending, a petition for approval of withdrawal of consent, without the necessity of payment of any fee for the filing of the petition. The petition or motion shall be in writing, and shall set forth the reasons for withdrawal of consent, but otherwise may be in any form.

(b) The clerk of the court shall set the matter for hearing, and shall give notice thereof to the probation officer, qualified court investigator, or county welfare department, to the persons to whose adoption of the child the consent was given, and to the birth parent or parents by certified mail, return receipt requested, to the address of each as shown in the proceeding, at least 10 days before the time set for hearing.

(c) The probation officer, qualified court investigator, or county welfare department shall, prior to the hearing of the motion or petition for withdrawal, file a full report with the court and shall appear at the hearing to represent the interests of the child.

(d) At the hearing, the parties may appear in person or with counsel. The hearing shall be held in chambers, but the court reporter shall report the proceedings and his or her fee therefor shall be paid from the county treasury on order of the court. If the court finds that withdrawal of the consent to adoption is reasonable in view of all the circumstances, and that withdrawal of the consent will be
for the best interests of the child, the court shall approve the withdrawal of the consent; otherwise the court shall withhold its approval. Consideration of the best interests of the child shall include, but not be limited to, an assessment of the child's age, the extent of bonding with the prospective adoptive parent, the extent of bonding or the potential to bond with the birth parent, and the ability of the birth parent to provide adequate and proper care and guidance to the child. If the court approves the withdrawal of consent, the adoption proceedings shall be dismissed.

(e) Any order of the court granting or withholding approval of a withdrawal of a consent to an adoption may be appealed from in the same manner as an order of the juvenile court declaring any person to be a ward of the juvenile court.

SEC. 6. Section 227.50 of the Civil Code is amended to read:

227.50. Whenever the petitioner moves to withdraw the petition for the adoption or to dismiss the proceeding, the clerk of the court in which the proceeding is pending shall immediately notify the probation officer, qualified court investigator, or county welfare department of that action.

In any adoption proceeding in which the birth parent has refused to give the required consent, the petition shall be dismissed.

SEC. 7. Section 233 of the Civil Code is amended to read:

233. (a) Any interested person may petition the superior court of the county in which a minor person described in Section 232 resides or in which the minor person is found or in which any of the acts which are set forth in Section 232 are alleged to have occurred, for an order or judgment declaring the minor person free from the custody and control of either or both of his or her parents. There shall be no filing fee charged for any action instituted in accordance with this section. Upon the filing of the petition, the clerk of the court shall, in accordance with the direction of the court, immediately notify the juvenile probation officer, the qualified court investigator, or the county department designated by the board of supervisors to administer the public social services program, who shall immediately investigate the circumstances of the minor person and the circumstances which are alleged to bring the minor person within any of the provisions of Section 232. The juvenile probation officer, qualified court investigator, or the county department shall render to the court a written report of the investigation with a recommendation to the court of the proper disposition to be made in the action in the best interests of the minor person.

(1) To the state agency or local governmental entity for all expenditures made or incurred by it in connection with the sale of the property, including expenditures for any necessary costs of notice required by Section 11488.4 and any necessary repairs, storage, or transportation of any property seized under this chapter.

(2) Ninety percent of the balance shall be distributed as follows:

(A) Eighty-five percent to the state or local or to the state and
local law enforcement agencies that participated in the seizure, allocated between them to reflect the proportionate contribution of each agency. In the County of Marin, funds used to pay for any overtime work of a local law enforcement agency which is attributable to the seizure shall not be subject to subdivision (d).

(B) Fifteen percent to the prosecutorial agency which processes the forfeiture action.

This clause (i) shall be funded prior to funding clauses (ii) and (iii). This clause (i) shall remain operative only until January 1, 1991, and as of that date is inoperative.

Funds which are not deposited pursuant to the above paragraph shall be deposited into the Department of Justice Special Deposit Fund–Federal Asset Forfeiture Account.

(d) All the funds distributed pursuant to paragraph (2) of subdivision (b) shall not supplant any state or local funds that would, in the absence of this subdivision, be made available to support the law enforcement and prosecutorial efforts of these agencies. Funds so distributed shall be used by the law enforcement and prosecutorial agencies exclusively to support law enforcement and prosecutorial efforts of those agencies.

The court shall order the forfeiture proceeds distributed to the state, local, or state and local agencies as provided in this section.

CHAPTER 476

An act to amend Sections 17213, 17312, 17321, 17331.2, 17332, and 17347 of the Financial Code, relating to escrow agents.

[Approved by Governor August 9, 1992. Filed with Secretary of State August 10, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 17213 of the Financial Code is amended to read:

17213. (a) An escrow agent shall not transact business pursuant to this division under any other name than that set forth in the articles of incorporation as filed with the commissioner.

(b) An escrow agent’s license is not transferable or assignable. Further, no license may be acquired, either in whole or in part, through stock purchase, foreclosure pursuant to a pledge or hypothecation, or other devices without the consent of the commissioner. Prior to the transfer of 10 percent or more of the shares of an escrow agent, a new application for licensure shall be filed as required by Section 17201.

SEC. 2. Section 17312 of the Financial Code is amended to read:

17312. (a) Each person licensed pursuant to the provisions of this division shall participate as a member in Fidelity Corporation in accordance with this chapter and rules to be established by the board of directors of Fidelity Corporation. Fidelity Corporation shall not deny membership to any escrow agent holding a valid unrevoked license under the Escrow Law.

(b) Upon filing a new application for licensure as required by subdivision (b) of Section 17213, a copy thereof shall be filed concurrently with Fidelity Corporation, but no additional membership fee or deposit shall be required.

SEC. 3. Section 17321 of the Financial Code is amended to read:

17321. Fidelity Corporation shall bill and collect from each member an annual premium which in the aggregate shall consist of assessments for the operations fund and the fidelity fund.

(a) The annual assessment for the operations fund shall be assessed no later than October 15 of each year for the current fiscal year in accordance with subdivision (b) of Section 17320. The assessment shall include:

(1) All costs and expenses of administration as budgeted by the board of directors for the current fiscal year.

(2) Any expenses actually incurred in the preceding fiscal year which exceeded the budgeted costs of expenses and administration except for expenses recovered pursuant to subdivision (a) of Section 17321.1.

Each member’s assessment shall be determined pro rata based upon the ratio of each member’s licensed locations to the total

67630
licensed locations of all members as of the preceding June 30.

Members licensed on or after July 1 of each year shall be assessed only for costs and expenses pursuant to paragraph (1) of this subdivision. This assessment shall be prorated on a monthly basis.

(b) The annual assessment for the fidelity fund shall be assessed no later than May 1. The assessment shall be calculated as follows:

(1) If the membership fund and fidelity fund in the aggregate equal an amount less than five million dollars ($5,000,000), then the assessment shall be the greater of: (A) one million dollars ($1,000,000); or (B) the sum of (i) the greater of an amount necessary to bring the membership fund and fidelity fund in the aggregate up to five million dollars ($5,000,000) or the total of all claims paid during the preceding fiscal year (except to the extent of any special assessment made pursuant to subdivision (b) of Section 17321.1) plus (ii) the greater of four hundred thousand dollars ($400,000) or 0.045 percent of the total average trust obligations of all members as reflected in the most recent report required by Section 17348.

(2) If the membership fund and fidelity fund in the aggregate equal an amount that is at least five million dollars ($5,000,000) but less than 1 percent of the total average trust obligations for all members as reflected in the most recent report required by Section 17348 or the fidelity fund equals an amount less than five million dollars ($5,000,000), then the assessment shall be: (A) an amount equal to the total of all claims paid during the preceding fiscal year (except to the extent of any special assessment made pursuant to subdivision (b) of Section 17321.1); and (B) an amount which is the greater of four hundred thousand dollars ($400,000) or 0.045 percent of the total average trust obligations of all members as reflected in the most recent report required by Section 17348.

(3) If the membership fund and fidelity fund in the aggregate equal 1 percent of the total average trust obligations of all members as reflected in the most recent report required by Section 17348 and the fidelity fund equals at least five million dollars ($5,000,000), then the assessment shall be an amount equal to the actuarial projection of losses for the forthcoming fiscal year.

Each member's fidelity fund assessment for paragraphs (1), (2), and (3) shall be the amount derived by multiplying the amount to be assessed by the ratio that each member's risk factors bear to the total of all members' risk factors.

A member's risk factors shall be computed in accordance with the following formula, except that the total factors of a member shall be reduced by one for each licensed branch location:
Coverage per Licensed Location

(c) Notwithstanding subdivision (b), the assessment for the fidelity fund for the fiscal year beginning July 1, 1989, shall be made immediately upon 90-day notice of cancellation of the fidelity bond or insurance policy permitted by paragraph (2) of subdivision (c) of Section 17310, but in no event later than 60 days prior to the date of cancellation.

SEC. 4. Section 17331.2 of the Financial Code is amended to read:

17331.2. (a) Fidelity Corporation shall deny the application for a certificate or revoke the certificate of any person, upon any of the following grounds:

(1) The application contains a material misrepresentation of fact or fails to disclose a material fact so as to render the application false or misleading, or if any fact or condition exists which, if it had existed at the time of the original application for a certificate, reasonably would have warranted Fidelity Corporation to refuse originally to issue such certificate.

(2) That the person has been convicted of, or pleaded nolo contendere to, a crime or offense, whether a felony, an offense punishable as a felony, or a misdemeanor, which involved dishonesty, fraud, deceit, embezzlement, fraudulent conversion, misappropriation of property, or any other crime reasonably related to the qualifications, functions, or duties of a person engaged in business in accordance with this division, which conviction has not been expunged and the person has not obtained a certificate of rehabilitation, as allowed by the Penal Code. If, however, the conviction is more than 10 years old, or if the conviction is for a minor offense or infraction, then the person may have a Fidelity Corporation certificate upon showing by clear and convincing proof to a reasonable certainty that the conviction is no longer reasonably related to the qualifications, functions, or duties of that person's employment with a member.

(3) That the person has been held liable in a civil action by final judgment of any court except small claims courts, if the judgment involved dishonesty, fraud, deceit, embezzlement, fraudulent conversion, or misappropriation of property. The person may have a Fidelity Corporation certificate upon showing by clear and convincing proof to a reasonable certainty that the judgment is no longer reasonably related to the qualifications, functions, or duties of that person's employment with a member.
(4) That the person has committed or caused to be committed an act which caused any member to suffer a loss; or that the person has committed or caused to be committed or colluded with any other person committing any act which caused a loss, for which Fidelity Corporation or the insurer on any insurance policy or fidelity bond purchased by Fidelity Corporation, or both, to become liable to indemnify any member.

(5) That the person has been barred from employment by final order of the commissioner pursuant to Section 17423.

(6) That the person has been deemed not qualified to serve in any capacity as a director or officer or in any other position involving management duties with a financial institution, pursuant to Division 1.8 (commencing with Section 4990).

(7) That the person has been denied coverage or reinstatement by any insurer under any fidelity bond or crime policy, unless a decision of reinstatement of coverage has been made after such denial. A person who obtained a decision of reinstatement of coverage prior to the effective date of this section may have a Fidelity Corporation certificate notwithstanding paragraphs (2) and (3) of this subdivision, unless any other ground for denial or revocation applies to that person.

(b) Fidelity Corporation may suspend the certificate of any person upon any of the following grounds:

(1) That the person has been censured or suspended from any position of employment or management or control of any escrow agent, by final order of the commissioner.

(2) That there is an action commenced by the commissioner to either suspend or bar such person, under Section 17423.

(3) That any member with whom the person was employed has given a proof of loss or a notice of an occurrence which may give rise to a claim for a loss of trust obligations either of which identifies the person as the person responsible for the loss or as a person acting in collusion with the person causing the loss.

(c) Upon denial of an application for, or upon suspension or revocation of the certificate of any person, Fidelity Corporation shall provide written notice to the member with whom that person is employed of the decision, pending any appeal therefrom which might be made. Thereafter, the member shall not allow that person to have access to money or negotiable securities belonging to or in the possession of the escrow agent, or to draw checks upon the escrow agent or the trust accounts of the escrow agent. Fidelity Corporation shall notify the person in writing of the decision to deny, suspend, or revoke the certificate and of the person’s right of appeal, together with the notice of appeal. The grounds and basis for the decision shall be stated in the notice thereof. All notices may be served either personally or by mail, properly addressed to the address of record for the member and the person.

(d) Any person whose application for a certificate has been denied, or whose certificate has been suspended or revoked, may
appeal the decision, as provided in Section 17331.3. While such appeal is pending, the person may not have access to money or negotiable securities belonging to or in the possession of the escrow agent, or to draw checks upon the escrow agent or the trust accounts of the escrow agent. Failure to remove the person whose application has been denied, or whose certificate has been suspended or revoked, as a signer on the trust accounts may be subject to action by the commissioner as provided for in this division and shall be subject to penalties as set forth in Section 17331.1.

(e) Upon expiration of the time for an appeal, or upon conclusion of the appeal, the decision to deny an application for or to suspend or revoke the certificate of any person shall become final. Fidelity Corporation shall give written notice to the member and to the person of the final decision within 10 days. Thereafter, Fidelity Corporation shall disclose in writing to all members the identity of persons whose application has been denied or whose certificate has been revoked.

SEC. 5. Section 17332 of the Financial Code is amended to read:

17332. When either Fidelity Corporation or the insurer providing the fidelity bond or insurance policy, if any, under Section 17310, or both, pay an obligation on behalf of a member, Fidelity Corporation and the insurer shall be subrogated to the rights, claims, and remedies of the member up to the amount paid by Fidelity Corporation and the insurer on behalf of the member. In any subrogation action filed by Fidelity Corporation, the provider of the fidelity bond or insurance policy if payment was made thereunder, or both, Fidelity Corporation shall have the first right to the proceeds of any judgment or settlement obtained against the subrogees, up to the amount actually paid on the claim by Fidelity Corporation, plus reasonable costs and attorney’s fees which may be awarded either as part of any judgment or as an item of costs, as provided for in paragraph (10) of subdivision (a) and paragraph (5) of subdivision (c) of Section 1033.5 of the Code of Civil Procedure. No member engaged in business pursuant to Section 17200 shall be required to pay those costs and attorney’s fees awarded pursuant to this section. Amounts recouped by Fidelity Corporation through subrogation, minus all costs, attorney’s fees, and other administrative expenses incurred in obtaining that recovery, shall be credited to the fidelity fund.

SEC. 6. Section 17347 of the Financial Code is amended to read:

17347. (a) The Secretary of State shall not file articles for the incorporation of Fidelity Corporation or an amendment to the articles unless the commissioner has issued a written approval of the articles or amendment.

(b) Fidelity Corporation shall not adopt any bylaws or amendments thereto without the written consent of the commissioner. Within 60 calendar days from the receipt of any bylaws or amendments thereto, submitted to the commissioner, the commissioner shall inform Fidelity Corporation, in writing, that the
bylaws or amendments are not disapproved, or that those bylaws or amendments are disapproved and specify the information needed to complete the submittal. Within 60 calendar days from the receipt of a complete submittal, the commissioner shall reach a decision on the submittal.

SEC. 7. It is the intent of the Legislature by amendments to Sections 17331, 17331.1, 17331.2, and 17331.3 of the Financial Code, enacted during the 1991–92 Regular Session, to assist the Department of Corporations to protect the public from fraudulent, corrupt, dishonest, or unlawful service in the handling of escrow trust obligations. It is not the intent to punish any particular person or class of persons; rather, the public and the escrow profession must be protected from dishonest, disreputable, or otherwise unlawful practitioners of escrow services, who by their own misconduct, disqualify themselves from engaging in escrow services.

It is the reasonable expectation of the Legislature and the public that an employee of a licensed escrow agent will not have a propensity or predisposition to cause a loss of trust obligations or to have committed wrongful or criminal acts which are an indicia thereof. The licensed escrow agents also have a reasonable expectation that, as members of Fidelity Corporation, they should not bear the risk of losses of trust obligations which might be caused by those persons.

Persons who have or hereafter commit the wrongful acts described in this act are not reasonably suited or worthy to occupy a fiduciary position of trust, as an officer, director, or employee of an escrow agent. Persons who commit these acts shall not satisfy the requirements of Section 17203.1 of the Financial Code, which is a condition to any officer, director, trustee, or employee entering upon their duties.

SECTION 1. Section 18986.46 is added to the Welfare and Institutions Code, to read:

18986.46. (a) This section, rather than Section 18986.45, shall apply to San Diego County.

(b) Notwithstanding any provision of state law governing the disclosure of information and records, persons who are trained, qualified, and assigned by their respective agencies to serve on
children's multidisciplinary services teams within integrated
children's services programs may disclose to one another information
and view records on a child or the child's family. Information
disclosed or records viewed by members of the team shall be limited
to relevant information or records necessary to formulate an
integrated services plan or to deliver services to children and their
families.

(c) If the members of a multidisciplinary services team within an
integrated children's services program require records held by other
team members, copies may be provided subject to the limitations in
subdivision (d). Requests for copies shall be limited to the records
necessary to formulate an integrated services plan, or to deliver

representative, including the court which has jurisdiction over those
children who are wards of the court.

(e) The multidisciplinary team may designate persons qualified

particular case. A person designated as a team member pursuant to
this subdivision may receive and disclose relevant information and
records, subject to the confidentiality provisions of subdivision (g).

(f) The sharing of information permitted under subdivision (c)
shall be governed by memoranda of understanding between the
agencies represented on the multidisciplinary team. These
memoranda shall specify the types of information that may be shared
without a signed release form, in accordance with subdivision (d),
and the process to be used to ensure that current confidentiality
requirements, as described in subdivision (g), are met.

(g) Every member of the children's multidisciplinary services
team who receives information or records on children and families
served in the integrated children's services program shall be under
the same privacy and confidentiality obligations and subject to the
same confidentiality penalties as the person disclosing or providing
the information or records. The information or records obtained shall
be maintained in a manner that ensures the maximum protection of
privacy and confidentiality rights.

(h) This section shall not be construed to restrict guarantees of
confidentiality provided under federal law.

(i) Nothing in this section or Section 18986.45 shall be construed
to affect the authority of a health care provider to disclose medical
information pursuant to paragraph (1) of subdivision (c) of Section
56.10 of the Civil Code.

(j) This section shall remain in effect only until January 1, 1996,
and as of that date is repealed, unless a later enacted statute deletes
or extends that date.

SECTION 1. This act shall be known as the "Auto Body Repair Study Act of 1992."

SEC. 2. The Legislature finds and declares:
(a) That millions of vehicle owners each year require body repair to their vehicles as a result of collision or other damage.
(b) That auto body repair shops, estimated at 5,000 to 6,000 shops in California, are registered by the Bureau of Automotive Repair which requires filing an application and paying a fee.
(c) That there are no minimum standards of competence for the estimated 30,000 auto body technicians working in auto body repair shops.
(d) That there are no minimum standards of competence for an estimated several thousand automotive physical damage appraisers and adjusters as defined in Section 9889.64.
(e) That, as estimated nationally, improper repairs cost consumers five billion dollars ($5,000,000,000) in depreciation value in 1990.
(f) That the Fraud Bureau in the Department of Insurance investigates approximately 230 complaints annually of fraudulent practices or collusion between unscrupulous auto body repair shops and appraisers and adjusters.
(g) That there are no statutory minimum standards of competence to protect the public from potentially unsafe and improper body repairs to their vehicles.
(h) That under the current registration program the Bureau of Automotive Repair is unable to completely identify all shops that perform auto body repairs.
(i) That under the current Bureau of Automotive Repair registration program, applicants are not required to demonstrate that they comply with certain essential federal local and state permit requirements. Noncompliance with these essential permit requirements may be endangering the public health, safety, and welfare.
(j) That it is therefore necessary to require the Bureau of Automotive Repair to create an advisory study committee on auto body repair for the purpose of identifying the problems that may exist which adversely impact upon consumers, and to report its findings and recommendations to the Legislature.
SEC. 3. Article 11 (commencing with Section 9889.60) is added to Chapter 20.3 of Division 3 of the Business and Professions Code, to read:

Article 11. Auto Body Repair Study

9889.60. The director shall direct the Bureau of Automotive Repair to create with existing bureau resources a voluntary advisory committee on auto body repair, comprised of consumer advocate representatives, experts within the auto body repair and related industries, who shall not be eligible to claim travel expenses, and the Bureau of Automotive Repair, to conduct a study for the purpose of:

(a) Identifying existing or potential harm to consumers through unsafe, improper or fraudulent auto body repairs.

(b) Identifying industry issues including, but not limited to, the need to increase the competency of body shop owners, auto body technicians, adjusters and appraisers, and the need to prescribe performance standards.

(c) Identifying why problems are not being resolved by existing laws and regulations.

(d) Identifying need for minimum requirements for auto body repair shops, including, but not limited to:

   (1) Equipment necessary to repair vehicles.

   (2) Manuals and other repair literature.

   (3) Employee standards.

   (4) Performance bonds and insurance.

   (5) Records of repairs.

   (6) Shop classification.

   (7) Education and training.

   (8) Continuing education requirements.

   (e) Identifying the incidence and effect of auto body repair shops that do not comply with federal, state, or local requirements to obtain necessary permits or licenses.

   (f) Identifying possible solutions to problems including self-regulation, certification, licensing, pursuit of public awareness, consumer self-protection, and consumer classes.

   (g) Identifying costs associated with each of the solutions.

   (h) Identifying funding sources to implement solutions.

9889.62. The director shall report findings and recommendations to the Legislature by December 1, 1993, at which time the voluntary advisory committee shall cease to exist.

9889.64. For purposes of the study specified in Section 9889.60, the following definitions shall apply:

(a) "Auto body repair shop" means a place of business wholly or partially engaged in automotive collision repair or reconstruction of automobile or truck bodies for compensation.

(b) "Auto body technician" means a person wholly or partially engaged in making automotive collision repairs or reconstruction of automobile or truck bodies for compensation in an auto body repair
shop.

(c) "Automotive physical damage appraiser and adjuster" means a person other than a person required to be licensed under the Insurance Code, who, for compensation, estimates damage and needed repairs to a vehicle as a result of collision or other causes of damage.

9889.66. The form for registration pursuant to Section 9884 shall contain sufficient information to enable the Bureau of Automotive Repair to identify all registrants performing automotive collision repair work.

9889.68. Any auto insurance company check or draft issued to a repairer pursuant to Insurance Code Section 560 shall include the repairer's registration number or Tax Payer Identification Number.

CHAPTER 480

An act to amend Section 42280 of the Education Code, relating to school finance.

[Approved by Governor August 10, 1992. Filed with Secretary of State August 10, 1992]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that a school district not experience a reduction in its revenue limit when it undergoes growth in average daily attendance. The provisions of this act are intended to carry out that intent by ensuring that a school district that previously benefitted from the revenue limit provisions for necessary small schools shall continue to benefit from those provisions even when its average daily attendance increases and exceeds 2,500 units.

SEC. 2. Section 42280 of the Education Code is amended to read:

42280. (a) For each school district that meets, in the current or prior fiscal year, the conditions specified in Section 42281, 42282, or 42284 the county superintendent of schools shall compute, for each qualifying school in the district, an amount pursuant to this article.

(b) For each school district that is a countywide unified school district that had fewer than 2,501 units of average daily attendance in the 1990–91 fiscal year, the county superintendent of schools shall compute an amount pursuant to this article for those schools that meet the conditions specified in Sections 42283 and 42285 in the current or prior fiscal year. This subdivision is only applicable to those schools funded pursuant to this article in the 1990–91 fiscal year and, in subsequent years, if the school district has no more than 3,000 units of average daily attendance.

SEC. 3. The Legislature finds and declares that the River Delta Unified School District is a geographically large district that serves
pupils from a wide and varied area.

SEC. 4. Notwithstanding any other provision of law, River Delta Unified School District shall be eligible to receive apportionments pursuant to the schedule and criteria for small necessary high schools set forth in Section 42282 of the Education Code if the district has no more than 3,000 units of average daily attendance.

SEC. 5. Due to the unique circumstances of the River Delta Unified School District set forth in Section 4 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 6. Regardless of the effective date of this act, it is the intent of the Legislature to make changes in state apportionments for school districts and county offices of education for the entire 1992–93 fiscal year. For the purpose of implementing the changes required by this act, the Superintendent of Public Instruction and other public officers shall take all necessary steps to effectuate the required adjustments, including, but not limited to, making adjustments to allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund and other public funds.

CHAPTER 481

An act to add Article 4 (commencing with Section 1745) to Chapter 10.5 of Part 2 of Division 2 of the Water Code, relating to water.

[Approved by Governor August 12, 1992. Filed with Secretary of State August 12, 1992]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 1745) is added to Chapter 10.5 of Part 2 of Division 2 of the Water Code, to read:

Article 4. Water Supplier Contracts

1745. As used in this article, the following terms have the following meanings:
(a) "Person" includes a public agency.
(b) "Water supplier" means a local public agency or private company supplying or storing water, or a mutual water company.

1745.02. A water supplier may, for a consideration to be specified in the contract, contract with persons entitled to service within the supplier's service area to reduce or eliminate for a specified period of time their use of water supplied by the water supplier.

1745.03. Services performed under a contract entered into
pursuant to this chapter or Chapter 3.6 (commencing with Section 380) of Division 1 which is offered generally to all persons entitled to water service from the water supplier are public services generally provided by the public agency for purposes of paragraph (3) of subdivision (a) of Section 1091.5 of the Government Code.

1745.04. A water supplier may contract with a state drought water bank or with any other water supplier or user inside or outside the service area of the water supplier to transfer, or store as part of a transfer, water if the water supplier has allocated to the water users within its service area the water available for the water year, and no other user will receive less than the amount provided by that allocation or be otherwise unreasonably adversely affected without that user’s consent.

1745.05. Water stored by the water supplier and water made available from either of the following sources may be transferred by the water supplier pursuant to Section 1745.04:

(a) Conservation or alternate water supply measures taken by individual water users or by the water supplier.

(b) Water developed pursuant to a contract by a water user to reduce water use below the user’s allocation or to eliminate the use of water during the water year, including a contract to grow crops without the use of water from the water supplier, to fallow land, or to undertake other action to reduce or eliminate water use. The amount of water made available by land fallowing may not exceed 20 percent of the water that would have been applied or stored by the water supplier in the absence of any contract entered into pursuant to this article in any given hydrological year, unless the agency approves, following reasonable notice and a public hearing, a larger percentage.

1745.06. A water supplier may transfer water pursuant to Section 1745.04 whether or not the water proposed to be transferred is surplus to the needs within the service area of the water supplier.

1745.07. No transfer of water pursuant to this article or any other provision of law shall cause a forfeiture, diminution, or impairment of any water rights. A transfer that is approved pursuant to this article or any other provision of law is deemed to be a beneficial use by the transferor under this code.

1745.08. This article is in addition to, and not a limitation on, the authority of any public agency under any other provision of law, including, but not limited to, Article 1 (commencing with Section 1725).

1745.09. Nothing in this article does any of the following:

(a) Creates in any person a right to require any water supplier to enter into a contract providing for the reduction or elimination of water use or for the transfer of water.

(b) Creates in any person reducing water use any interest in the water rights of the water supplier.

(c) Limits or otherwise affects the jurisdiction of any regulatory public agency over water transfers.
(d) Makes any change in existing water rights.

1745.10. A water user that transfers surface water pursuant to this article may not replace that water with groundwater unless the groundwater use is either of the following:

(a) Consistent with a groundwater management plan adopted pursuant to state law for the affected area.

(b) Approved by the water supplier from whose service area the water is to be transferred and that water supplier, if a groundwater management plan has not been adopted, determines that the transfer will not create, or contribute to, conditions of long-term overdraft in the affected groundwater basin.

1745.11. Nothing in this article prohibits the transfer of previously recharged groundwater from an overdrafted groundwater basin or the replacement of transferred surface water with groundwater previously recharged into an overdrafted groundwater basin, if the recharge was part of a groundwater banking operation.

CHAPTER 482

An act to amend Sections 69535, 94302, 94310, 94312.2, 94330, and 94331 of, and to add Sections 66903.3, 69513.1, and 94304.3 to, the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 1992. Filed with Secretary of State August 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 66903.3 is added to the Education Code, to read:

66903.3. The commission may delegate to the director any power, duty, purpose, function, or jurisdiction that the commission may lawfully delegate, including the authority to enter into and sign contracts on behalf of the commission. The director may redelegate any of those powers, duties, purposes, functions, or jurisdictions to his or her designee, unless by statute, or rule or regulation, the director is expressly required to act personally.

SEC. 2. Section 69513.1 is added to the Education Code, to read:

69513.1. The commission may delegate to the director any power, duty, purpose, function, or jurisdiction that the commission may lawfully delegate, including the authority to enter into and sign contracts on behalf of the commission. The director may redelegate any of those powers, duties, purposes, functions, or jurisdictions to his or her designee, unless by statute, or rule or regulation, the director is expressly required to act personally.

SEC. 3. Section 69535 of the Education Code is amended to read:

68160

(b) For the applicants so qualifying, academic criteria or criteria related to past performances shall be utilized as the criteria in determining eligibility for grants.

(c) All Cal Grant Program award recipients shall be residents of California, as determined by the commission pursuant to Part 41 (commencing with Section 68000), and shall remain eligible only if they are in attendance and making satisfactory progress through the instructional programs, as determined by the commission.

(d) Part-time students shall not be discriminated against in the selection of Cal Grant Program award recipients, and awards to part-time students shall be roughly proportional to the time spent in the instructional program, as determined by the commission. First-time Cal Grant Program award recipients who are part-time students shall be eligible for a full-time renewal award.

(e) Cal Grant Program awards shall be awarded without regard to race, religion, creed, sex, or age.

(f) No applicant shall receive more than one type of Cal Grant Program award concurrently. Except as provided in subdivisions (b) and (c) of Section 69535.1, no applicant shall:

(1) Receive one or a combination of Cal Grant Program awards in excess of a total of four years of full-time attendance in an undergraduate program.

(2) Have obtained a baccalaureate degree prior to receiving a Cal Grant Program award.

(g) Cal Grant Program awards, except as provided in subdivision (c) of Section 69535.1, may only be used for educational expenses of a program of study leading directly to an undergraduate degree or certificate, or for expenses of undergraduate coursework in a program of study leading directly to a first professional degree, but for which no baccalaureate degree is awarded.

(h) The commission may, for students who accelerate college attendance, increase the amount of award for one academic year proportional to the period of additional attendance resulting from attendance at a summer term, session, or quarter. In the aggregate, the total amount a student may receive in a four-year period may not be increased as a result of accelerating his or her progress to a degree by attending summer terms, sessions, or quarters.

(i) The commission may provide by appropriate rules and regulations for reports, accounting, and statements from the award winner and college or university of attendance pertaining to the use or application of the award as the commission may deem proper.

(j) The commission may establish Cal Grant Program awards in one hundred dollar ($100) increments.

(k) A Cal Grant Program award may be utilized only at a California postsecondary educational institution or program that
participates in two of the three federal campus-based student aid programs and whose students participate in the Pell Grant program.

SEC. 4. Section 69766.1 is added to the Education Code, to read:

69766.1. (a) Notwithstanding Section 13340 of the Government Code, in addition to the purposes for which funds are appropriated pursuant to Section 69766, there is hereby appropriated from the State Guaranteed Loan Reserve Fund to the commission for the 1992-93 fiscal year only, the amount of funds necessary to make payments for the purchase of defaulted student loans.

(b) Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the Federal Trust Fund for transfer to the State Guaranteed Loan Reserve Fund, for the 1992-93 fiscal year only, all federal reinsurance payments received on defaulted student loans and deposited in the Federal Trust Fund.

(a) “Accredited” means that an institution has been recognized or approved as meeting the standards established by an accrediting agency recognized by the United States Department of Education, or the Committee of Bar Examiners for the State of California. It shall not include those institutions that have applied for accreditation, or are identified by accrediting associations as candidates for accreditation or have provisional accreditation.

(o) "Degree title" means a discipline, major, or subject area of study, the completion of which leads to the award of a degree.

(p) "Diploma" means any "diploma," "certificate," "transcript," "document," or other writing in any language other than a degree which signifies, purports, or is generally taken to signify satisfactory completion of the requirements of an academic, educational, technological, or professional program of study beyond the secondary school level.

the diploma or degree is limited to evidence of completion of that education, and the meritorious recognition upon which any honorary degree is conferred is limited to the principles of that church or denomination. Institutions operating under this paragraph shall offer degrees and diplomas only in the beliefs and practices of the denomination, church, or religion. The enactment of this paragraph expresses legislative intent that the state shall not involve itself in the content of degree programs awarded by any institution operating under this paragraph, as long as the institution awards degrees and diplomas only in areas specified in the previous sentence. Institutions operating under this paragraph shall not award degrees in any area of physical science. Any degree or diploma granted in any area of study under these provisions shall contain on its face, in the written description of the title of the degree being conferred, a reference to the theological or religious aspect of the degree's subject area. The enactment of this paragraph is intended to prevent any entity claiming to be a nonprofit institution owned, controlled, and operated and maintained by a bona fide church or religious denomination, lawfully operating as a nonprofit religious corporation pursuant to Part 4 (commencing with Section 9110) of Division 2 of Title 1 of the Corporations Code, from marketing and granting degrees or diplomas that are represented as being linked to their church or denomination but which, in reality, are degrees in secular areas of study.

1. Only educational services that are approved at the main location shall be offered at the satellite.

3. No solicitation or enrollment of students shall occur at the satellite.
4. The satellite shall not be identified in any advertising.

For the purpose of conducting onsite inspections and evaluations, hotel conference rooms, faculty offices, and homes are not considered satellites.

(y) "To offer" includes, in addition to its usual meanings, advertising, publicizing, soliciting, or encouraging any person, directly or indirectly, in any form, to perform the act described.

(z) "To operate" an educational institution, or like term, means to establish, keep, or maintain any facility or location in this state where, or from or through which, educational services are offered or educational degrees or diplomas are offered or granted.

SEC. 6. Section 94304.3 is added to the Education Code, to read:

94304.3. The council may delegate to the director any power, duty, purpose, function, or jurisdiction that the council may lawfully delegate, including the authority to enter into and sign contracts on behalf of the council. The director may redelegate any of those
powers, duties, purposes, functions, or jurisdictions to his or her designee, unless by statute, or rule or regulation, the director is expressly required to act personally.

SEC. 7. Section 94310 of the Education Code is amended to read:
94310. No private postsecondary educational institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of subdivision (a) or (i), as follows:

(a) The institution is approved by the council to operate in California and award degrees. The council shall not approve an institution to issue degrees, diplomas, or certificates pursuant to this subdivision until it has conducted a qualitative review and assessment of, and has approved, each degree program offered by the institution, and all of the operations of the institution, and has determined all of the following:

(1) The institution has the facilities, financial resources, administrative capabilities, faculty, and other necessary educational expertise and resources to ensure its capability of fulfilling the program or programs for enrolled students.

(2) The faculty are fully qualified to undertake the level of instruction that they are assigned and shall possess appropriate degrees and have demonstrated professional achievement in the major field or fields offered, in sufficient numbers to provide the educational services.

(3) The education services and curriculum clearly relate to the objectives of the proposed program or programs and offer students the opportunity for a quality education.

(4) The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

(5) The course of study for which the degree is granted provides the curriculum necessary to achieve its professed or claimed academic objective for higher education, and the institution requires a level of academic achievement appropriate to that degree.

(6) The institution provides adequate student advisement services, academic planning and curriculum development activities, research supervision for students enrolled in Ph.D. programs, and clinical supervision for students enrolled in various health profession programs.

(7) If the institution offers credit for prior experiential learning it may do so only after an evaluation by qualified faculty and only in disciplines within the institution’s curricular offerings that are appropriate to the degree to be pursued. The council shall develop specific standards regarding the criteria for awarding credit for prior experiential learning at the graduate level, including the maximum number of hours for which credit may be awarded.

(b) The approval process shall include a qualitative review and assessment of all of the following:

(1) Institutional purpose, mission, and objectives.
(2) Governance and administration.
(3) Curriculum.
(4) Instruction.
(5) Faculty, including their qualifications.
(6) Physical facilities.
(7) Administrative personnel.
(8) Procedures for keeping educational records.
(9) Tuition, fee, and refund schedules.
(10) Admissions standards.
(11) Financial aid policies and practices.
(12) Scholastic regulations and graduation requirements.
(13) Ethical principles and practices.
(14) Library and other learning resources.
(15) Student activities and services.
(16) Degrees offered.

The standards and procedures utilized by the council shall foster the development of high quality, innovative educational programs and emerging new fields of study within postsecondary education. In addition, the standards and procedures utilized by the council shall not unreasonably hinder educational innovation and competition.

It is the intent of the Legislature that the minimum standards for approval for degree-granting institutions established in Section 94310 not exceed the accreditation standards utilized by the Western Association of Schools and Colleges.

(c) The council may, at its discretion, delegate the responsibilities for regulation and oversight of accredited degree granting law schools to the California Committee of Bar Examiners, and that accreditation may be accepted by the council in lieu of state approval.

(d) (1) The council shall conduct a qualitative review and assessment of the institution and all programs offered, including the items listed in subdivision (b), through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the council for that purpose. Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution-based and not site-based. The visiting committee shall be impaneled by the council within 90 days of the date of the receipt of a completed application and shall be composed of educators, and other individuals with expertise in the areas listed in subdivision (b), from degree-granting institutions legally operating within the state. Within 90 days of the receipt of the visiting committee's evaluation report and recommendations, or any reasonable extension of time not to exceed 90 days, the council shall take one of the following actions:

(A) If the institution is in compliance with this chapter and has not operated within three years before the filing of the application in violation of this chapter then in effect, the council may grant an approval to operate for a period not to exceed five years.
(B) If the institution is in compliance with this chapter, but has operated within three years before the filing of the application in violation of this chapter then in effect, or if the council, in its discretion, determines that an unconditional grant of approval to operate is not in the public interest, the council may grant a conditional approval to operate subject to whatever restrictions the council deems appropriate. The council shall notify the institution of the restrictions, the bases for the restrictions, and the right to request a hearing to contest the restrictions. Conditional approval shall not exceed two years.

(C) The council may deny the application. If the application is denied, the council may, in its discretion, permit the institution to continue offering the course of instruction to students already enrolled or may order the institution to cease instruction and provide a refund of tuition and all other charges to students.

(D) (i) If an institution is not operating in California when it applies for approval to operate for itself or a branch or satellite campus, the institution shall file with its application an operational plan establishing that the institution will satisfy the minimum standards set forth in subdivision (a). The operational plan shall also include a detailed description of the institution’s program for implementing the operational plan, including proposed procedures, financial resources, and the qualifications of owners, directors, officers, and administrators employed at the time of the filing of the application. The council may request additional information to enable the council to determine whether the operational plan and its proposed implementation will satisfy these minimum standards.

(ii) If the council determines that the operational plan satisfies the minimum standards described in subdivision (a), that the institution demonstrates that it will implement the plan, and that no ground for denial of the application exists, the council shall grant a temporary approval to operate, subject to any restrictions the council reasonably deems necessary to ensure compliance with this chapter, pending a qualitative review and assessment as provided in subdivisions (a) and (b). The council shall inspect the institution, or branch or satellite campus if approval is sought for that campus, between 90 days and 180 days after operation has begun under the temporary approval to operate. Within 90 days following the council’s inspection of the institution, the council shall act as provided in this subdivision.

(2) When evaluating an institution whose purpose is to advance postsecondary education through innovative methods, the visiting committee shall comprise educators who are familiar with and receptive to evidence bearing on the educational quality and accomplishments of those methods.

(3) The standards and procedures utilized by the council shall not unreasonably hinder educational innovation and competition.

(4) It is the intent of the Legislature that the council, prior to June 1, 1992, conduct an onsite review of all institutions approved by the
Superintendent of Public Instruction between January 1, 1989, and December 31, 1990, that did not receive an onsite review by a visiting committee that included at least one permanent employee of the Private Postsecondary Education Division of the State Department of Education.

(5) Each institution or instructional program offering education for entry into a health care profession in which the provider has primary care responsibilities shall offer that education within a professional degree program which shall be subject to approval by the council pursuant to this section.

(e) If at any time the council determines that an institution has deviated from the standards for approval, the council may, after identifying for the institution the areas in which it has deviated from the standards, and after giving the institution due notice and an opportunity to be heard, place the institution on probation for a prescribed period of time, not to exceed 24 calendar months. During the period of probation, the institution shall be subject to special monitoring. The conditions for probation may include the required submission of periodic reports, as prescribed by the council, and special visits by authorized representatives of the council to determine progress toward total compliance. If, at the end of the probationary period, the institution has not taken steps to eliminate the cause or causes for its probation to the satisfaction of the council, the council may revoke the institution’s approval to award degrees and provide notice to the institution to cease its operations.

(f) An institution may not advertise itself as an approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section. The council shall review all operations of the institution, both within and outside of California. The council shall have the authority to conduct site visits outside of California when it deems these visits to be necessary. The council may authorize any institution approved to issue degrees under this section to issue diplomas for the completion of courses of study that are within the institution’s approved degree granting programs.

(g) (1) All institutions operating on December 31, 1990, pursuant to licensure received under subdivision (a) of Section 94310.1 or approval received under Section 94310.2, shall receive approval for a period not to exceed four years. On a specified date prior to January 1, 1995, to be determined by the council, each institution granted approval pursuant to this subdivision shall file a completed application for reapproval pursuant to this section.

(2) All institutions operating on December 31, 1990, pursuant to candidate for approval status received pursuant to Section 94310.2 shall receive candidate for approval status for a period not to exceed two years. On a specified date prior to January 1, 1993, as determined by the council, each institution granted candidate for approval status pursuant to this subdivision shall file a completed application for approval pursuant to this section.
(h) All institutions operating pursuant to authorization received under Section 94310.3 or 94310.4, as in effect on December 31, 1990, shall receive candidate for approval status for a period not to exceed three years. On a specified date prior to January 1, 1994, to be determined by the council, each institution granted candidate for approval status pursuant to this subdivision shall file a completed application for approval pursuant to this section.

(i) Any public or private postsecondary educational institution incorporated in another state that has accreditation from a regional accrediting association recognized by the United States Department of Education at the time of the issuance of a degree, and that is approved by the council, may issue degrees, diplomas, or certificates. Accredited public or private postsecondary educational institutions incorporated in another state shall not offer degrees, diplomas, or certificates in California unless they comply with this subdivision.

1. The council shall not approve an institution to issue degrees, diplomas, or certificates pursuant to this subdivision until the council has conducted a qualitative review and assessment of, and has approved, the operations of the institution in California, and the council has determined that the institution meets all of the following standards:

   A. The institution has financial resources to ensure the capability of fulfilling the program or programs for enrolled students.

   B. The faculty includes personnel who possess appropriate degrees from institutions accredited by a regional accrediting association recognized by the United States Department of Education in the degree major field or fields offered, in sufficient number to provide the educational services.

   C. The education services and curriculum clearly relate to the objectives of the proposed program or programs.

   D. The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

   E. The institution has verifiable evidence of academic achievement comparable to that required of graduates of other institutions operating in this state for the program or programs upon which the degree, diploma, or certificate is based.

2. The council shall grant approved status under this subdivision for a period consistent with the postsecondary educational institution’s regional accrediting association, but not to exceed five years.

3. Institutions approved under this subdivision shall offer in California only programs that the institution can document to have been acknowledged and favorably reviewed by the home regional accrediting association.

4. In reviewing the out-of-state accredited institutions, the council shall use as guidelines the standards and procedures developed by the special committee created pursuant to paragraph (5) of subdivision (b) of Section 94310.1, as in effect on December 31, 1990.
31, 1989, and adopted by the California Postsecondary Education Commission. These standards and procedures were based on all of the following principles:

(A) Following the initial state review, subsequent onsite reviews by the council may be conducted in conjunction with institutional reviews by the regional accrediting association. However, if there is substantial evidence that the institution is not in compliance with state standards, the council may initiate a special review of the California operations of the institution.

(B) Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution-based and not site-based.

(C) The council shall develop a procedural rationale to justify the number of sites to be visited by the state in the review of the institution’s operations in California.

(D) The purpose of the onsite review by the council shall be to determine that operations by the institution in California meet the minimum state standards identified in statute.

(E) The standards and procedures shall not unreasonably hinder educational innovation and competition.

(5) The regulations adopted by the council to implement this chapter shall provide for consideration of the accredited institutions’ stated educational goals, purposes, and objectives, in conducting the approval review of the California operations of out-of-state based institutions.

(A) These regulations shall include a formula to determine the institutional approval fee and the number of sites to be visited by the state.

(B) The regulations adopted by the council shall be based on the procedures and standards recommended by the special committee and acted upon by the commission. In conducting the approval review of the operation of out-of-state accredited institutions in California, the council shall interpret the regulations based upon each institution’s accredited educational purposes and objectives.

(6) All institutions operating under subdivision (b) of Section 94310.1, as it read on December 31, 1990, shall receive approval for a period not to exceed five years from the date of the institution’s last review by the state. On a date to be specified by the council on or before January 1, 1996, each institution granted approval under this subdivision shall file a completed application for reapproval under this section.

(j) An institution shall not offer any educational program or degree title that was not offered by the institution at the time the institution applied for approval to operate, and shall not offer any educational program or degree title at a campus that had not offered the program or degree title at the time the institution applied for approval to operate that campus, unless the council first approves the offering of the program or degree title after determining that it satisfies the minimum standards established by this section.
SEC. 8. Section 94312.2 of the Education Code is amended to read:

94312.2. Each institution approved to operate under this chapter shall be required to report to the council, by July 1 of each year, or another date designated by the council, the following information for educational programs offered in the prior calendar year:

(a) The total number of students enrolled, by level of degree or type of diploma program, and by gender, ethnicity, and race.

(b) The number of degrees and diplomas awarded, by level of degree, and by gender, ethnicity, and race.

(c) The degree levels offered.

(d) Program completion rates.

(e) Placement data for vocational training programs, unless that data already is required to be provided by the institution under other requirements of this chapter.

(f) The schedule of tuition and fees required for each term, program, course of instruction, or degree offered.

(g) If an institution submits an audited financial statement to the United States Department of Education, the institution shall submit a copy of that financial statement to the council.

(h) Financial information demonstrating compliance with subdivisions (b) and (c) of Section 94316.6.

(i) Institutions having a probationary or conditional status shall submit an annual report reviewing their progress in meeting the standards required for approval status.

(j) Any additional information that the council may prescribe.

(k) Colleges and universities operating under paragraph (5) of subdivision (w) of Section 94302 shall comply with the reporting requirements of subdivisions (a), (b), (c), and (f) of this section.

Program completion rates and placement data shall be reported in accordance with the standards and criteria prescribed by the council pursuant to subdivision (i) of Section 94312 or Section 94316.10, whichever is applicable. Based on the review of information submitted to fulfill the requirements of this section, the council may initiate a compliance review and may place the institution on probation pursuant to subdivision (e) of Section 94310 and subdivision (i) of Section 94311, and may require evidence of financial stability and responsibility pursuant to Section 94311.5 or 94316.6.

Except as provided in Article 2.5 (commencing with Section 94316), this section shall supersede any other law that conflicts with this section.

SEC. 9. Section 94330 of the Education Code is amended to read:

94330. (a) Each institution desiring to operate in this state shall make application to the council, upon forms to be provided by the council. The application shall include, as a minimum, at least all of the following:

(1) A catalog published or proposed to be published by the institution containing the information specified in the criteria
adopted by the council. The catalog shall include specific dates as to when the catalog applies.

(2) A description of the institution’s placement assistance, if any.

(3) Copies of media advertising and promotional literature.

(4) Copies of all student enrollment agreement or contract forms and instruments evidencing indebtedness.

(5) Copies of participation agreements for state and federal financial aid programs.

(6) The name and California address of a designated agent upon whom any process, notice, or demand may be served.

(7) The information specified in Section 94312.2.

(8) The institutions most current profit and loss statement and current balance sheet, or an audit prepared by a licensed certified public accountant in accordance with generally accepted auditing standards.

(b) Each application shall be signed and certified under oath by the owners of the school or, if the school is incorporated, by the principal owners of the school (those who own at least 10 percent of the stock), or by the governing body of a nonprofit school.

(c) Following review of the application and any other further information submitted by the applicant, or required in conformity with Sections 94310 and 94311, and any investigation of the applicant as the council may deem necessary or appropriate, the council shall either grant or deny approval to operate to the applicant.

(d) The council shall review and investigate all institutions and courses of instruction approved under this chapter. Consideration in the scheduling of reviews and investigations shall be afforded to student complaints and information collected by the Attorney General, the Student Aid Commission, any board within the Department of Consumer Affairs, or any other federal, state, or local agency.

(e) The approval to operate shall be issued to the owner or the governing body of the applicant institution, and shall be nontransferable. Any person that makes a proper application and complies with this chapter and each standard, rule, and regulation pertaining to this chapter shall be qualified to receive an approval to operate or an approval of the transfer of ownership.

(f) In the event that a shift in control or change of ownership of an institution occurs, an application for a new approval to operate for the institution under the changed ownership or control shall be filed with the council at least 20 days prior to the shift in control or change in ownership. Whenever an institution is operated at different locations, an application for approval shall be filed for each location.

(g) No application for ownership or transfer of ownership shall be approved for any applicant that has been previously found in any judicial or administrative proceeding to have violated this chapter, or if there exists any of the grounds for denial set forth in Section 480 of the Business and Professions Code.

(h) No change in ownership of the institution shall be made until
the application is approved. If an application for a new approval to operate is not timely filed as required by this section, the institution’s approval to operate shall terminate. Upon approval of a change in ownership, the council shall give written notice to the Student Aid Commission.

(i) For the purposes of this section, a change in ownership occurs when there is a change of control of the institution, or where a person that did not previously own at least 25 percent of the stock or controlling interest of an institution or its parent corporation, acquires ownership of at least 25 percent of the stock of the institution or its parent corporation.

(j) At least 60 days prior to the expiration of an approval to operate, the institution shall complete and file with the council an application form for renewal of its approval to operate. The renewal application shall be reviewed and acted upon as provided in this section.

(k) The council may refuse to issue or renew any private postsecondary or vocational educational institution’s approval to operate, or may revoke any approval to operate for any one, or any combination, of the following causes:

(1) A violation of this chapter, or any standard, rule, or regulation established under this chapter.

(2) Furnishing false, misleading, or incomplete information to the council, or the failure to furnish information requested by the council or required by this chapter.

(3) A finding that an owner, person in control, director, or officer of an institution is not in compliance with Section 94311.5, 94316.6, or 94316.8, whichever is applicable.

(4) A finding that a signatory to an application for an approval to operate was responsible for the closure of any institution in which there were unpaid liabilities to the state or federal government, or uncompensated pecuniary losses suffered by students without restitution.

(5) The failure of the institution to maintain the minimum educational standards prescribed by this chapter, or to maintain standards that are the same as, or substantially equivalent to, those represented in the school’s applications and advertising.

(6) Presenting to prospective students information that is false or misleading relating to the school, to employment opportunities, or to enrollment opportunities in institutions of higher learning after entering into or completing courses offered by the school.

(7) The failure to maintain financial resources adequate for the satisfactory conduct of the courses of instruction offered as required by statute.

(8) The failure to provide timely and correct refunds to students.

(9) Paying a commission or valuable consideration to any persons for acts or services in violation of this chapter.

(10) Attempting to confer a degree, diploma, or certificate to any student in violation of this chapter.
(11) Misrepresenting to any students or prospective students that they are qualified, upon completion of any course, for admission to professional examination under any state occupational licensing provision.

(12) The failure to correct any deficiency or act of noncompliance under this chapter, or the standards, rules, regulations, and orders established and adopted under this chapter within reasonable time limits set by the council.

(13) The conducting of business or instructional services at any location not approved by the council.

(14) Failure on the part of an institution to comply with provisions of law or regulations governing sanitary conditions of that institution specified in Division 2 (commencing with Section 500) and Division 3 (commencing with Section 5000) of the Business and Professions Code.

If there is reasonable cause to believe that there has been a violation by a private postsecondary or vocational educational institution of the standards prescribed by this chapter, the council shall conduct an investigation of the institution.

(1) Proceedings in connection with the denial of an application to operate or the revocation of an approval to operate shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the council shall have all of the powers granted in that chapter. Any action by the council to place an institution on probation shall be subject to appeal to the full council, and the council shall establish procedures that provide the institution with adequate notice and an opportunity to be heard and to present evidence as to why the action recommended by staff or by a visiting committee shall not be taken.

(m) Upon taking any action to suspend or revoke an institution's approval to operate, the council shall provide written notice to the Student Aid Commission and to any appropriate accrediting association.

(n) A college or university operating under paragraph (5) of subdivision (w) of Section 94302 shall annually file with the council evidence to demonstrate its status as a nonprofit religious corporation under the Corporations Code.

SEC. 10. Section 94331 of the Education Code is amended to read:

94331. The council shall establish and maintain a Private Postsecondary and Vocational Education Administration Fund. The fund shall be divided into two special accounts, pursuant to the requirements of subdivision (g) of Section 94304. All fees collected pursuant to this section shall be credited to this fund, along with any interest on the money, for the administration of this chapter. Notwithstanding Section 13340 of the Government Code, the money in the fund is continuously appropriated to the council without regard to fiscal years. However, if the Legislature makes an appropriation for the support of the council in the Budget Act of any fiscal year, the amount for the support of the council expended from
the respective accounts of the Private Postsecondary and Vocational Education Administration Fund during that fiscal year shall not exceed the amount appropriated by the Budget Act.

For the approval of private institutions operating under this chapter, the council shall charge an amount not exceeding the actual costs of approving the private institutions. On or before January 1, 1993, the council shall adopt a fee schedule for all institutions approved under this chapter, including the maximum amounts to be charged for an institution's initial application and annual renewal. The fee schedule shall provide adequate resources for the council to implement this chapter effectively. It is the intent of the Legislature that the council shall adopt a fee schedule that reflects the size of the institution, with institutions enrolling a larger number of students being required to pay a larger annual fee than those with smaller student enrollments. The council shall annually present its proposed budget and fee schedule to the Department of Finance and the Joint Legislative Budget Committee for their review as part of the annual budget process. The council shall annually publish a schedule of the current fees to be charged pursuant to this section and shall make this schedule generally available to the public. The fees may be increased up to the maximum allowable level by a majority vote of the council, without any additional review and approval by the Office of Administrative Law. Increases above the maximum level shall be changed through legislation enacted by the Legislature and signed by the Governor.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the California Postsecondary Education Commission, the Student Aid Commission, and the Council for Private Postsecondary and Vocational Education to delegate certain powers to their directors, to provide for continuous appropriations from the State Guaranteed Loan Reserve Fund and the Federal Trust Fund, to permit Cal Grant Program awards to be used for expenses of undergraduate coursework, as specified, and to permit the council to adopt a required fee schedule, as soon as possible, it is necessary that this act take effect immediately.
An act to amend, repeal, and add Section 1190 of the Harbors and Navigation Code, relating to pilotage, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 1992. Filed with Secretary of State August 14, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) On and after August 1, 1992, every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Seven dollars and thirty-five cents ($7.35) per draft foot of the vessel’s deepest draft and fractions of a foot pro rata, and an additional charge of 54.93 mills per high gross registered ton. This additional charge of 54.93 mills may be augmented in accordance with either or both of the following:

(A) There shall be an incremental rate of 0.68 additional mill for each pilot appointed by the board in excess of 56 pilots.

(B) There shall be an incremental rate of 0.46 additional mill for each one hundred thousand dollars ($100,000) authorized by the board specifically for the pilot’s cost of obtaining a new pilot boat.

(2) A minimum charge for bar pilotage shall be six hundred dollars ($600) for each vessel piloted.

(3) The vessel’s deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage which passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Southern Pacific Bridge to the north and Hunter’s Point to the south. The rate for pilotage to or from the high seas to or from a point past the Southern Pacific Bridge or Hunter’s Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate established in paragraph (1) of subdivision (a) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(d) The board shall determine the number of pilots to be licensed based on the 1986 manpower study adopted by the board.

(e) This section shall remain in effect only until January 1, 1993,
and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 2. Section 1190 is added to the Harbors and Navigation Code, to read:

1190. (a) Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Seven dollars and thirty-five cents ($7.35) per draft foot of the vessel’s deepest draft and fractions of a foot pro rata, and an additional charge of 60.56 mills per high gross registered ton.

(A) This additional charge of 60.56 mills may be augmented by an incremental rate of 0.78 additional mill for each pilot appointed by the board in excess of 60 pilots.

(B) In addition to the rate augmentation specified in subparagraph (A), the additional charge of 60.56 mills per high gross registered ton shall be adjusted quarterly effective on April 1, July 1, October 1, and January 1 of each year based solely upon a quarterly recalculation of actual gross registered tonnage made during the quarter preceding the effective date of change, based upon the most recent four quarters’ traffic volume. This quarterly adjustment will commence on April 1, 1993, and shall be calculated by the fiduciary selected by the board pursuant to Section 1162. The fiduciary shall determine the quarterly adjusted rate by a calculation wherein the total revenue to be generated by the mill rate, as approved by the board at a public hearing on June 5, 1992, pursuant to Section 1201.6, is the dividend and the total of the actual gross registered tonnage from the four most recent quarters preceding the quarter ending immediately before the effective date of the adjustment is the divisor. The resultant quotient, calculated to the nearest one-hundredth of a mill, shall be the new mill rate effective on the first day of the succeeding quarter and will remain in effect for that quarter or until otherwise adjusted.

(2) A minimum charge for bar pilotage shall be six hundred dollars ($600) for each vessel piloted.

(3) The vessel’s deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage which passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Southern Pacific Bridge to the north and Hunter’s Point to the south. The rate for pilotage to or from the high seas to or from a point past the Southern Pacific Bridge or Hunter’s Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate established in paragraph (1) of subdivision (a) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the
rates charged by inland pilots for their services.

(d) The board shall determine the number of pilots to be licensed based on the 1986 manpower study adopted by the board.

(e) This section shall become operative on January 1, 1993.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun has recommended, pursuant to a stipulation submitted by an administrative law judge and agreed to by the entities representing industry and pilots, that the existing rate for pilotage be increased effective August 1, 1992. The basis for the recommendation is that the findings of the 1991 rate recommendation incorrectly projected the anticipated vessel traffic on the waters under the jurisdiction of the board. In order for the board’s recommendation for an emergency rate increase to be implemented by August 1, 1992, it is necessary that this act take effect immediately.

CHAPTER 484

An act to add Section 19056.5 to the Government Code, relating to state employment.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 19056.5 is added to the Government Code, to read:

19056.5. Notwithstanding any other provision in this part, if the appointment is to be made from a general reemployment list, the names of the three persons with the highest standing on the list shall be certified to the appointing power.
CHAPTER 485

An act to amend Section 4047.6 of, and to repeal Section 4047.7 of, the Business and Professions Code, relating to prescription drugs.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 4047.6 of the Business and Professions Code is amended to read:

4047.6. (a) On and after May 1, 1976, a pharmacist filling a prescription order for a drug product prescribed by its trade or brand name may select another drug product with the same active chemical ingredients of the same strength, quantity and dosage form, and of the same generic drug type, as defined in subdivision (f). 

(b) In no case shall a selection be made pursuant to this section if the prescriber personally indicates, either orally or in his own handwriting, “Do not substitute,” or words of similar meaning. Nothing in this subdivision shall prohibit a prescriber from checking a box on a prescription marked “Do not substitute”; provided that the prescriber personally initials such box or checkmark.

(c) Selection pursuant to this section is within the discretion of the pharmacist, except as provided in subdivision (b). The person who selects the drug product to be dispensed pursuant to this section shall assume the same responsibility for selecting the dispensed drug product as would be incurred in filling a prescription for a drug product prescribed by generic name. There shall be no liability on the prescriber for an act or omission by a pharmacist in selecting, preparing, or dispensing a drug product pursuant to this section. In no case shall the pharmacist select a drug product pursuant to this section unless the drug product selected costs the patient less than the prescribed drug product. Cost, as used in this subdivision, is defined to include any professional fee which may be charged by the pharmacist.

(d) This section shall apply to all prescriptions, including those presented by or on behalf of persons receiving assistance from the federal government or pursuant to the California Medical Assistance Program set forth in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(e) When a substitution is made pursuant to this section, the use of the cost-saving drug product dispensed shall be communicated to the patient and the name of the dispensed drug product shall be indicated on the prescription label, except where the prescriber orders otherwise.

(f) For the purposes of this section, the term “generic drug type” means the chemical or generic name, as determined by the United States Adopted Names (USAN) and accepted by the Federal Food
and Drug Administration (FDA), of those drug products having the
same active chemical ingredients.

SEC. 2. Section 4047.7 of the Business and Professions Code is
repealed.

CHAPTER 486

An act to amend Sections 668.1 and 730 of the Harbors and
Navigation Code, and to amend Section 1803 of the Vehicle Code,
relating to vessel offenses.

[Approved by Governor August 16, 1992 Filed with
Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 668.1 of the Harbors and Navigation Code
is amended to read:

668.1. (a) Any person convicted of a violation of subdivision (a),
(b), (c), (d), (e), or (f) of Section 655 pertaining to a mechanically
propelled vessel but not to manipulating any water skis, an
aquaplane, or similar device, or any person convicted of a violation
of Section 655.2, 655.6, 658, or 658.5 of this code, or Section 191.5 of
the Penal Code, when the conviction resulted from the operation of
a vessel, may be ordered by the court to complete and pass a boating
safety course approved by the department.

(b) Any person convicted of a violation of subdivision (a), (b),
(c), (d), (e), or (f) of Section 655 pertaining to a mechanically
propelled vessel but not to manipulating any water skis, an
aquaplane, or similar device, or any person convicted of a violation
of Section 655.2, 655.6, 658, or 658.5 of this code, or Section 191.5 of
the Penal Code, when the conviction resulted from the operation of
a vessel within seven years of a previous conviction of any of those
violations, shall be ordered by the court to complete and pass a
boating safety course approved by the department.

(c) Any person who has been ordered by the court to complete
and pass a boating safety course pursuant to subdivision (a) or (b)
shall submit to the court proof of completion and passage of the
course within seven months of the time of his or her conviction. The
proof shall be in a form that has been approved by the department
and that provides for the ability to submit the form to the court
through the United States Postal Service. If the person who has been
required to complete and pass a boating safety course is under 18
years of age, the court may require that the person obtain parental
consent to enroll in the course. If the person does not complete and
pass the boating safety course, the court may extend the period for
completion or impose another penalty as prescribed by statute.

(d) The department shall adopt regulations to carry out this
section, including approval of boating safety education courses, prescribing the forms for proof of completion and passage, and setting forth any fees to be charged to course participants, which fees shall not exceed the expenses associated with providing the course.

SEC. 2. Section 730 of the Harbors and Navigation Code is amended to read:

730. (a) Before any broker’s license shall be issued or renewed by the department for any applicant, the applicant shall procure, file, and maintain with the department a good and sufficient bond in the amount of ten thousand dollars ($10,000) with a corporate surety duly licensed to do business within the State of California, and conditioned that the applicant shall not practice any fraud or deceit or make any fraudulent or grossly negligent representations that will cause a monetary loss to any person for whom the broker acts under this article.

(b) If any person suffers any loss or damage by reason of any fraud or deceit practiced on that person or any fraudulent or grossly negligent representation made to that person by a licensed broker or the broker’s sales personnel acting for the broker on the broker’s behalf or within the scope of the employment of the sales personnel, which fraud, deceit, or fraudulent or grossly negligent representation is practiced or made with respect to any act of the broker or the sales personnel for which a license is required under this article, that person has a right of action against the broker, the sales personnel, the surety upon the broker’s bond, or the deposit held by the department in accordance with Section 731. If any action is commenced upon the bond, the surety thereunder and the licensed yacht broker with respect to whom the bond has been issued shall immediately notify the department of the action.

(c) If an action is commenced on the bond of a licensed broker, the department may require the filing of an additional bond, and immediately upon the recovery in any action on the bond, the broker described therein shall file a new bond. Failure to file an additional bond within 15 days after notification that an additional bond is required by reason of action against the bond or after recovery on a bond constitutes a failure to comply with this article, in which case the license of the licensed broker whose bond has been canceled or on whose bond recovery has been made may be suspended.

(d) If a broker’s bond is canceled for a reason other than an action being commenced upon it, a new bond shall be filed by the broker. Failure to file a new bond within 30 days after notification that a new bond is required because a previous bond has been canceled constitutes a failure to comply with this article, in which case the license of the licensed broker whose bond has been canceled may be suspended.

If sentencing is not pronounced in conjunction with the conviction, the abstract shall be forwarded to the department within 10 days after sentencing and the abstract shall be certified by the person so required to prepare it to be true and correct.

For the purposes of this section, a forfeiture of bail shall be equivalent to a conviction.

(d) If the court determines that a prior judgment of conviction of a violation of Section 23152 or 23153 is valid or is invalid on constitutional grounds pursuant to Section 41403, the clerk of the

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 487

An act to amend Section 66016 of the Government Code, and to amend Section 41901 of the Public Resources Code, relating to solid waste.

[Approved by Governor August 16, 1992 Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 66016 of the Government Code is amended to read:

66016. (a) Prior to levying a new fee or service charge, or prior to approving an increase in an existing fee or service charge, a local agency shall hold at least one public meeting, at which oral or written presentations can be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the data required by this section is available, shall be mailed at least 14 days prior to the meeting to any interested party who files a written request with the local agency for mailed notice of the meeting on new or increased fees or service charges. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed
notices shall be filed on or before April 1 of each year. The legislative body may establish a reasonable annual charge for sending notices based on the estimated cost of providing the service. At least 10 days prior to the meeting, the local agency shall make available to the public data indicating the amount of cost, or estimated cost, required to provide the service for which the fee or service charge is levied and the revenue sources anticipated to provide the service, including General Fund revenues. Unless there has been voter approval, as prescribed by Section 66013 or 66014, no local agency shall levy a new fee or service charge or increase an existing fee or service charge to an amount which exceeds the estimated amount required to provide the service for which the fee or service charge is levied. If, however, the fees or service charges create revenues in excess of actual cost, those revenues shall be used to reduce the fee or service charge creating the excess.

(b) Any action by a local agency to levy a new fee or service charge or to approve an increase in an existing fee or service charge shall be taken only by ordinance or resolution.

(c) Any costs incurred by a local agency in conducting the meeting or meetings required pursuant to subdivision (a) may be recovered from fees charged for the services which were the subject of the meeting.

(d) This section shall apply only to fees and charges as described in Sections 56383, 57004, 65104, 65456, 65863.7, 65909.5, 66013, 66014, and 66451.2 of this code, Sections 17951, 19132.3, and 19852 of the Health and Safety Code, Section 41901 of the Public Resources Code, and Section 21671.5 of the Public Utilities Code.

(e) Any judicial action or proceeding to attack, review, set aside, void, or annul the ordinance, resolution, or motion levying a fee or service charge subject to this section shall be brought pursuant to Section 66022.

SEC. 2. Section 41901 of the Public Resources Code is amended to read:

41901. A city, county, or city and county may impose fees in amounts sufficient to pay the costs of preparing, adopting, and implementing a countywide integrated waste management plan prepared pursuant to this division. The fees shall be based on the types or amounts of the solid waste, and shall be used to pay the actual costs incurred by the city or county in preparing, adopting, and implementing the plan, as well as in setting and collecting the local fees. In determining the amounts of the fees, a city or county shall include only those costs directly related to the preparation, adoption, and implementation of the plan and the setting and collection of the local fees. A city, county, or city and county shall impose the fees pursuant to Section 66016 of the Government Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level

68990
of service mandated by this act. Notwithstanding Section 17580 of the
Government Code, unless otherwise specified in this act, the
provisions of this act shall become operative on the same date that
the act takes effect pursuant to the California Constitution.

CHAPTER 488

An act to amend Section 1942.4 of the Civil Code, and to amend
Section 1174.2 of the Code of Civil Procedure, relating to real
property.

[Approved by Governor August 16, 1992. Filed with
Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 1942.4 of the Civil Code is amended to read:
1942.4. (a) Any landlord who demands or collects rent when all
of the following conditions exist is liable to the tenant or lessee for
the actual damages sustained by the tenant or lessee and special
damages in an amount not less than one hundred dollars ($100) nor
more than one thousand dollars ($1,000):
(1) The rental dwelling substantially lacks any of the affirmative
standard characteristics listed in Section 1941.1.
(2) A public officer or employee who is responsible for the
enforcement of any housing law has notified the landlord, or an agent
of the landlord, in a written notice issued after inspection of the
premises which informs the landlord of his or her obligations to abate
the nuisance or repair the substandard conditions.
(3) The conditions have existed and have not been abated 60 days
beyond the date of issuance of the notice specified in paragraph (2)
and the delay is without good cause.
(4) The conditions were not caused by an act or omission of the
tenant or lessee in violation of Section 1929 or 1941.2.
(b) In addition to recovery of allowable costs of suit, the
prevailing party shall be entitled to recovery of reasonable attorney’s
fees in an amount fixed by the court.
(c) Any court that awards damages under subdivision (a) may
also order the landlord to abate any nuisance at the rental dwelling
and to repair any substandard conditions of the rental dwelling, as
defined in Section 1941.1, which significantly or materially affect
the health or safety of the occupants of the rental dwelling and are
uncorrected. If the court orders repairs or corrections, or both, the
court’s jurisdiction continues over the matter for the purposes of
ensuring compliance.
(d) The tenant or lessee shall be under no obligation to undertake
any other remedy prior to exercising his or her rights under this
section.
(e) Any action under this section may be maintained in small claims court if the claim does not exceed the jurisdictional limit of that court.

(f) The remedy provided by this section applies only to rental agreements or leases entered into or renewed on or after January 1, 1986, and may be utilized in addition to any other remedy provided by this chapter, the rental agreement, lease, or other applicable statutory or common law. Nothing in this section shall require any landlord to comply with this section if he or she pursues his or her rights pursuant to Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code.

SEC. 1.5. Section 1942.4 of the Civil Code is amended to read:

1942.4. (a) Any landlord who demands or collects rent when all of the following conditions exist is liable to the tenant or lessee for the actual damages sustained by the tenant or lessee and special damages in an amount not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000):

(1) The rental dwelling substantially lacks any of the affirmative standard characteristics listed in Section 1941.1.

(2) A public officer or employee who is responsible for the enforcement of any housing law has notified the landlord, or an agent of the landlord, in a written notice issued after inspection of the premises which informs the landlord of his or her obligations to abate the nuisance or repair the substandard conditions.

(3) The conditions have existed and have not been abated 60 days beyond the date of issuance of the notice specified in paragraph (2) and the delay is without good cause.

(4) The conditions were not caused by an act or omission of the tenant or lessee in violation of Section 1929 or 1941.2.

(b) In addition to recovery of allowable costs of suit in any action under this section, including actions for injunctive relief, the prevailing party shall be entitled to recovery of reasonable attorney’s fees in an amount fixed by the court, except that where the prevailing party is a defendant, fees shall only be awarded based on a finding that the action was frivolous or brought in bad faith.

(c) Any court that awards damages under subdivision (a) may also order the landlord to abate any nuisance at the rental dwelling and to repair any substandard conditions of the rental dwelling, as defined in Section 1941.1, which significantly or materially affect the health or safety of the occupants of the rental dwelling and are uncorrected. If the court orders repairs or corrections, or both, the court’s jurisdiction continues over the matter for the purposes of ensuring compliance. In any action under this section, the tenant or lessee may obtain preliminary or permanent injunctive relief, including a temporary restraining order, pursuant to common-law principles to require repair or correction of a substandard housing condition.

(d) The tenant or lessee shall be under no obligation to undertake any other remedy prior to exercising his or her rights under this
section.

(e) Any action under this section may be maintained in municipal court if the claim does not exceed the monetary jurisdictional limit of that court. However, any action under this section may be maintained in small claims court only if the claim does not exceed the monetary jurisdictional limit of that court and if no injunctive relief is sought.

(f) The remedy provided by this section applies only to rental agreements or leases entered into or renewed on or after January 1, 1986, and may be utilized in addition to any other remedy provided by this chapter, the rental agreement, lease, or other applicable statutory or common law. Nothing in this section shall require any landlord to comply with this section if he or she pursues his or her rights pursuant to Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code.

SEC. 2. Section 1174.2 of the Code of Civil Procedure is amended to read:

1174.2. (a) In an unlawful detainer proceeding involving residential premises after default in payment of rent and in which the tenant has raised as an affirmative defense a breach of the landlord’s obligations under Section 1941 of the Civil Code or of any warranty of habitability, the court shall determine whether a substantial breach of these obligations has occurred. If the court finds that a substantial breach has occurred, the court (1) shall determine the reasonable rental value of the premises in its untenable state to the date of trial, (2) shall deny possession to the landlord and adjudge the tenant to be the prevailing party, conditioned upon the payment by the tenant of the rent that has accrued to the date of the trial as adjusted pursuant to this subdivision within a reasonable period of time not exceeding five days, from the date of the court’s judgment or, if service of the court’s judgment is made by mail, the payment shall be made within the time set forth in Section 1013, (3) may order the landlord to make repairs and correct the conditions which constitute a breach of the landlord’s obligations, (4) shall order that the monthly rent be limited to the reasonable rental value of the premises as determined pursuant to this subdivision until repairs are completed, and (5) except as otherwise provided in subdivision (b), shall award the tenant costs and attorneys’ fees if provided by, and pursuant to, any statute or the contract of the parties. If the court orders repairs or corrections, or both, pursuant to paragraph (3) of subdivision (a), the court’s jurisdiction continues over the matter for the purpose of ensuring compliance. The court shall, however, award possession of the premises to the landlord if the tenant fails to pay all rent accrued to the date of trial, as determined due in the judgment, within the period prescribed by the court pursuant to this subdivision. The tenant shall, however, retain any rights conferred by Section 1174.

(b) If the court determines that there has been no substantial breach of Section 1941 of the Civil Code or of any warranty of
habitatibility by the landlord or if the tenant fails to pay all rent accrued to the date of trial, as required by the court pursuant to subdivision (a), then judgment shall be entered in favor of the landlord, and the landlord shall be the prevailing party for the purposes of awarding costs or attorneys' fees pursuant to any statute or the contract of the parties.

(c) As used in this section, "substantial breach" means the failure of the landlord to comply with applicable building and housing code standards which materially affect health and safety.

(d) Nothing in this section is intended to deny the tenant the right to a trial by jury. Nothing in this section shall limit or supersede any provision of Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 1942.4 of the Civil Code proposed by both this bill and AB 3283. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1993, (2) each bill amends Section 1942.4 of the Civil Code, and (3) this bill is enacted after AB 3283, in which case Section 1 of this bill shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 93002 of the Government Code is amended to read:

(e) (1) Knowingly causing or participating in a vehicular collision, or any other vehicular accident, for the purpose of presenting or causing to be presented any false or fraudulent insurance claim.

(2) In lieu of suspending a person's driving privilege pursuant to paragraph (1), the court may order the privilege to operate a motor vehicle restricted to necessary travel to and from that person's place of employment for not more than six months. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may restrict the driving privilege to allow driving in that person's scope of employment. Whenever a person's driving privilege is restricted pursuant to this paragraph, the person shall be required to maintain proof of financial responsibility.
CHAPTER 491

(b) Notwithstanding subdivision (a), the county clerk shall conduct an election on behalf of a landowner voting district if the governing body of the district, by resolution, requests that assistance and agrees to reimburse the county pursuant to Section 23524 and any county ordinances or resolutions consistent therewith. A district making that request shall supply information regarding qualified voters pursuant to Section 23527.5, and any other pertinent information requested by the county clerk. The election may be conducted by all-mailed ballots at the discretion of the county clerk. The election may not be held on the same date as a regularly scheduled election. The county clerk may rely upon the list of qualified voters and other information supplied by the district and shall not be required to determine the qualified voters. If the district does not supply the required information regarding qualified voters and other pertinent information requested by the county clerk, within the time specified in Section 23527.5, the county clerk shall have no further obligation with respect to the election, and the district shall be responsible for conducting all remaining election activities.

(c) Where the provisions of this part conflict with the provisions of the principal act, the provisions of this part shall apply and control.

(d) This part shall not apply to the election of elective officers of the district upon formation of the district, except as to the term of office of the officers.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 494

SECTION 1. Section 1265.7 of the Health and Safety Code is amended to read:

1265.7. (a) (1) The state department shall adopt regulations for
the licensure of congregate living health facilities. The regulations shall include minimum standards of adequacy, safety, and sanitation of the physical plant and equipment, minimum standards for staffing with duly qualified personnel, and training of the staff, and minimum standards for providing the services offered.

(b) Pending adoption of the regulations pursuant to paragraphs (2) and (3) of subdivision (a), an entity shall be licensed as a congregate living health facility serving persons who are terminally ill, persons who are catastrophically and severely disabled, persons who are mentally alert but physically disabled, or any combination of these persons, by the state department beginning July 1, 1988, if it meets the requirements identified in subdivision (i) of Section 1250 and in Section 1267.13.

SEC. 2. Section 1267.13 of the Health and Safety Code is amended to read:

1267.13. Pursuant to paragraph (3) of subdivision (a) and subdivision (b) of Section 1265.7, this section shall be effective until the adoption of permanent regulations. Notwithstanding, the state department has authority to make reasonable accommodation for exceptions to the standards in this section, providing the health, safety, and quality of patient care is not compromised. No exceptions shall be made for building standards. Prior written approval communicating the terms and conditions under which the exception is granted shall be required. Applicants shall request the exception in writing accompanied by detailed, supporting documentation.

CHAPTER 495

An act to amend Section 361.3 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 361.3 of the Welfare and Institutions Code is amended to read:

361.3. (a) In any case in which a child is removed from the physical custody of his or her parents pursuant to Section 361, preferential consideration shall be given to a request by a relative of the child for placement of the child with the relative. In determining whether placement with a relative is appropriate, the probation officer and court shall consider the ability of the relative to provide a secure and stable environment for the child. Factors to be considered in that assessment include, but are not limited to, the good moral character of the relative; the ability of the relative to exercise proper and effective care and control of the child; the ability of the relative to provide a home and the necessities of life for the child; which relative is most likely to protect the child from his or her parents; which relative is most likely to facilitate visitation with the child’s other relatives and to facilitate reunification efforts with the parents; and the best interests of the child. In this regard, the Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of children, and a probation officer’s determination as to the ability of a disabled relative to exercise care and control should center upon whether the relative’s disability prevents him or her from exercising care and control. The county social worker shall ask the parents if there are any relatives that should be considered for placement. This inquiry shall not be construed, however, to guarantee that the minor will be placed with
any person so identified.

(b) In any case in which more than one appropriate relative requests preferential consideration pursuant to this section, the probation officer and the court, in determining which relative should receive preferential consideration, shall consider the best interests of the child, and which of the relatives is most likely to protect the child from his or her parents, to facilitate visitation with the child's other relatives, and to facilitate reunification efforts with the parents. Consideration shall also be given to attempting to place siblings and stepsiblings in the same home if such a placement is found to be in their best interests.

(c) For purposes of this section:

(1) "Preferential consideration" means that the relative seeking placement shall be the first placement to be considered and investigated.

(2) "Relative" means an adult who is a grandparent, aunt, uncle, or sibling.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(b) In order to allow an evaluation of the competence, integrity, and character of potential lottery game retailers, the commission may require information it deems necessary of any person, corporation, trust, association, partnership, or joint venture applying for authority to act as a lottery game retailer.

No person shall be a lottery game retailer if the person is engaged exclusively in the business of selling lottery tickets or shares. A person lawfully engaged in nongovernmental business on state property, an owner or lessee of an establishment which sells alcoholic beverages, and a civic and fraternal organization may be selected as a lottery game retailer. The director may contract with lottery game retailers...
on a seasonal or temporary basis.

(c) The commission shall establish a formal written appeal process concerning the denial of an application for, or revocation of, a contract to be a lottery game retailer.

SEC. 9. Section 8880.49 of the Government Code is amended to read:

8880.49. A contract with a lottery game retailer shall not be assignable or transferable.

SEC. 10. Section 8880.50 of the Government Code is amended to read:

8880.50. (a) The commission shall promulgate regulations that prescribe the procedure by which a contract with a lottery game retailer may be terminated and the reasons for the termination, including, but not limited to, instances where a lottery game retailer knowingly sells a ticket or share to any person under the age of 18 years.

(b) Any lottery game retailer who employs or uses the services of any person under the age of 18 years for the sale of lottery tickets or shares shall be subject to suspension or revocation of his or her contract. However, a person under the age of 18 years may be employed or used to sell lottery tickets or shares, if that person is under the continuous supervision of a person 21 years of age or older.

SEC. 11. Section 8880.56 of the Government Code is amended to read:

8880.56. (a) Notwithstanding other provisions of law, the director may purchase or lease goods and services as are necessary for effectuating the purposes of this chapter. The director may not contract with any private party for the operation and administration of the California State Lottery, created by this chapter. However, this section does not preclude procurements which integrate functions such as game design, supply, advertising, and public relations. In all procurement decisions, the director shall, subject to the approval of the commission, award contracts to the responsible supplier submitting the lowest and best proposal that maximizes the benefits to the state in relation to the areas of security, competence, experience, and timely performance, shall take into account the particularly sensitive nature of the California State Lottery and shall act to promote and ensure integrity, security, honesty, and fairness in the operation and administration of the lottery and the objective of raising net revenues for the benefit of the public purpose described in this chapter.

(b) Notwithstanding any other provision of this chapter, the following shall apply to contracts or procurement by the lottery:

(1) To ensure the fullest competition, the commission shall adopt and publish competitive bidding procedures for the award of any procurement or contract involving an expenditure of more than one hundred thousand dollars ($100,000). The competitive bidding procedures shall include, but not be limited to, requirements for submission of bids and accompanying documentation, guidelines for
the use of requests for proposals, invitations to bid, or other methods of bidding, and a bid protest procedure. The director shall determine whether the goods or services subject to this paragraph are available through existing contracts or price schedules of the Department of General Services.

(2) The provisions of Article 1 (commencing with Section 11250) of Chapter 3 of Part 1 of Division 3 apply to the commission.

(3) The commission is subject to the Small Business Procurement and Contract Act, as provided in Chapter 6.5 (commencing with Section 14835) of Part 5.5 of Division 3.

(4) In advertising or awarding any contract for the procurement of goods and services exceeding five hundred thousand dollars ($500,000), the commission and the director shall require all bidders or contractors, or both, to include specific plans or arrangements to utilize subcontracts with socially and economically disadvantaged small business concerns. The subcontracting plans shall delineate the nature and extent of the services to be utilized, and those concerns or individuals identified for subcontracting if known.

It is the intention of the Legislature in enacting this section to establish as an objective of the utmost importance the advancement of business opportunities for these small business concerns in the private business activities created by the California State Lottery. In that regard, the commission and the director shall have an affirmative duty to achieve the most feasible and practicable level of participation by socially and economically disadvantaged small business concerns in its procurement programs.

By July 1, 1986, the commission shall adopt proposal evaluation procedures, criteria, and contract terms which are consistent with the advancement of business opportunities for small business concerns in the private business activities created by the California State Lottery and which will achieve the most feasible and practicable level of participation by socially and economically disadvantaged small business concerns in its procurement programs. The proposal evaluation procedures, criteria, and contract terms adopted shall be reported in writing to both houses of the Legislature on or before July 1, 1986.

For the purposes of this section, socially and economically disadvantaged persons include women, Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts, and Native Hawaiians), Asian-Pacific Americans (including persons whose origins are from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, the United States Trust Territories of the Pacific, Northern Marianas, Laos, Cambodia, and Taiwan), and other minorities or any other natural persons found by the commission to be disadvantaged.

The commission shall report to the Legislature by July 1, 1987, and by each July 1 thereafter, on the level of participation of small businesses, socially and economically disadvantaged businesses, and California businesses in all contracts awarded by the commission.
(5) The commission shall prepare and submit to the Legislature by October 1 of each year a report detailing the lottery’s purchase of goods and services through the Department of General Services. The report shall also include a listing of contracts awarded for more than one hundred thousand dollars ($100,000), the name of the contractor, amount and term of the contract, and the basis upon which the contract was awarded.

The lottery shall fully comply with the requirements of paragraphs (2) to (4), inclusive, except that any function or role which is otherwise the responsibility of the Department of Finance or the Department of General Services shall instead, for purposes of this subdivision, be the sole responsibility of the lottery, which shall have the sole authority to perform that function or role.

SEC. 12. Section 8880.60 of the Government Code is amended to read:

8880.60. No member of the commission shall, for a two-year period after the end of the member’s term, accept any consideration from, whether directly or indirectly, and shall not accept any employment with, whether as an employee, independent contractor, or consultant, any lottery contractor successful in a major procurement whose contract award was subject to formal approval by the commission. No director shall accept any consideration from, whether directly or indirectly, and shall not accept any employment with, whether as an employee, independent contractor, or consultant, any lottery contractor successful in a major procurement for a period of two years commencing on the last day that the director is employed by the lottery. No other lottery employee involved in the evaluation of or recommendation to award a major procurement shall accept any consideration from, or employment with, any lottery contractor successful in that procurement for a period of one year commencing on the last day that the person is employed by the lottery. In the event that the director, any member of the commission, or other lottery employee violates this subdivision, the commission may terminate the contract between the lottery and the lottery contractor for the major procurement. The Attorney General shall investigate the facts surrounding the violation and shall recommend to the commission any appropriate civil remedies which the lottery has against the lottery contractor, member of the commission, director, or other lottery employee due to the violation, including, but not limited to, action to terminate the lottery contractor’s contract where appropriate.

For purposes of this subdivision, “major procurement” means any procurement of materials, supplies, services, or equipment other than those common to the ordinary operations of state agencies.

The prohibitions imposed by this section shall not apply to any person who left government service prior to September 28, 1987, except that a person who returns to government service on or after that date shall thereafter be covered thereby.

SEC. 13. Section 8880.63 of the Government Code is amended to
read:

8880.63. As nearly as practical, 50 percent of the total projected revenue, computed on a year-round basis accruing from the sales of all lottery tickets or shares shall be apportioned for payment of prizes.

SEC. 14. The Legislature finds and declares that this act furthers the purpose of the California State Lottery Act of 1984.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide additional revenues for the support of public education through improved marketing strategies, it is necessary for this act to take effect immediately.

CHAPTER 501

An act to amend Sections 20001 and 23199 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 20001 of the Vehicle Code is amended to read:

20001. (a) The driver of any vehicle involved in an accident resulting in injury to any person, other than himself or herself, or in death of any person shall immediately stop the vehicle at the scene of the accident and shall fulfill the requirements of Sections 20003 and 20004.

(b) (1) Except as provided in paragraph (2), any violation of subdivision (a) shall be punished by imprisonment in the state prison, or in the county jail for not more than one year, or by a fine of not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000), or by both fine and imprisonment.

(2) Any violation of subdivision (a) which results in death or permanent, serious injury shall be punished by imprisonment in the state prison for two, three, or four years, or in the county jail for not less than 90 days nor more than one year, or by a fine of not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000), or by both fine and imprisonment. However, the court may, in the interests of justice and for reasons stated in the record, reduce or eliminate the minimum imprisonment required by this paragraph.

As used in this paragraph, “permanent, serious injury” means loss or permanent impairment of function of any bodily member or
organ.
(3) In imposing the minimum fine required by this subdivision, the court shall take into consideration the defendant’s ability to pay the fine and may, in the interests of justice and for reasons stated in the record, reduce the amount of that minimum fine to less than the amount otherwise required by this subdivision.

SEC. 2. Section 23199 of the Vehicle Code is amended to read: 23199. If any person is convicted of a violation of Section 20001, or of Section 23152 or 23153 and is sentenced to one year in the county jail or more than one year in state prison under Section 23165, 23166, 23170, 23171, 23175, 23176, 23180, 23181, 23182, 23185, 23186, 23190, or 23191, the court may postpone the revocation or suspension of the person’s driving privilege until the term of imprisonment is served.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 502

An act to add Sections 293 and 293.5 to the Penal Code, relating to victims of crimes.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 293 is added to the Penal Code, to read: 293. (a) Any employee of a law enforcement agency who personally receives a report from any person, alleging that the person making the report has been the victim of a sex offense, shall inform that person that his or her name will become a matter of public record unless he or she requests that it not become a matter of public record, pursuant to Section 6254 of the Government Code.
(b) Any written report of an alleged sex offense shall indicate that the alleged victim has been properly informed pursuant to subdivision (a) and shall memorialize his or her response.

(e) For purposes of this section, sex offense means any crime listed in paragraph (2) of subdivision (f) of Section 6254 of the Government Code which is also defined in Chapter 1 (commencing with Section 261) or Chapter 5 (commencing with Section 281) of Part 1 of Title 9.

SEC. 2. Section 293.5 is added to the Penal Code, to read:

293.5. (a) Except as provided in Chapter 10 (commencing with Section 1054) of Part 2 of Title 7, or for cases in which the alleged victim of a sex offense, as specified in subdivision (e) of Section 293, has not elected to exercise his or her right pursuant to Section 6254 of the Government Code, the court, at the request of the alleged victim, may order the identity of the alleged victim in all records and during all proceedings to be either Jane Doe or John Doe, if the court finds that such an order is reasonably necessary to protect the privacy of the person and will not unduly prejudice the prosecution or the defense.

(b) If the court orders the alleged victim to be identified as Jane Doe or John Doe pursuant to subdivision (a) and if there is a jury trial, the court shall instruct the jury, at the beginning and at the end of the trial, that the alleged victim is being so identified only for the purpose of protecting his or her privacy pursuant to this section.

The people of the State of California do enact as follows:

SECTION 1. Section 11370.9 is added to the Health and Safety Code, to read:

(b) It is unlawful for any person knowingly to give, sell, transfer, trade, invest, conceal, transport, or maintain an interest in, or
otherwise make available, anything of value which that person knows is intended to be used for the purpose of committing, or
furthering the commission of, any violation of this division or
Division 10.1 with the intent to conceal or disguise or aid in
concealing or disguising the nature, location, ownership, control, or

hundred fifty thousand dollars ($250,000) or twice the value of the

related transactions within a 30-day period, involving over
twenty-five thousand dollars ($25,000) or to proceeds of a value
exceeding twenty-five thousand dollars ($25,000).

g) In consideration of the constitutional right to counsel afforded
by the Sixth Amendment to the United States Constitution and
Section 15 of Article 1 of the California Constitution, this section is
not intended to apply to the receipt of, or a related transaction

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 504

An act to amend Section 25503.5 of the Health and Safety Code, relating to hazardous materials.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.5 of the Health and Safety Code is amended to read:

25503.5. (a) Any business, except as provided in subdivisions (b) and (c), which handles a hazardous material or a mixture containing a hazardous material which has a quantity at any one time during the reporting year equal to, or greater than, a total weight of 500 pounds, or a total volume of 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas, or, if the substance is a radioactive material which is handled in quantities for which an emergency plan is required to be adopted pursuant to Part 30 (commencing with Section 30.1), Part 40 (commencing with Section 40.1), or Part 70 (commencing with Section 70.1) of Chapter 10 of Title 10 of the Code of Federal Regulations (54 Federal Register 14051), or pursuant to any regulations adopted by the state in accordance with those regulations, shall establish and implement a business plan for emergency response to a release or threatened release of a hazardous material in accordance with the standards in the regulations adopted pursuant to Section 25503.
(b) (1) Oxygen and nitrous oxide, ordinarily maintained by a physician, dentist, podiatrist, veterinarian, or pharmacist, at his or her office or place of business, stored at each office or place of business in quantities of not more than 1,000 cubic feet of each material at any one time, are exempt from this section and from Section 25505. The administering agency may require a one-time inventory of these materials for a fee not to exceed fifty dollars ($50) to pay for the costs incurred by the agency in processing the inventory forms.

(2) (A) Lubricating oil is exempt from the requirements of this section and Sections 25505 and 25509, for a single business facility, if the total volume of each type of lubricating oil handled at that facility does not exceed 55 gallons and the total volume of all types of lubricating oil handled at that facility does not exceed 275 gallons, at any one time.

(B) For purposes of this paragraph, “lubricating oil” means any oil intended for use in an internal combustion crankcase, or the transmission, gearbox, differential, or hydraulic system of an automobile, bus, truck, vessel, plane, heavy equipment, or other machinery powered by an internal combustion or electric powered engine. “Lubricating oil” does not include used oil, as defined in subdivision (a) of Section 25250.1.

(c) (1) Hazardous material contained solely in a consumer product for direct distribution to, and use by, the general public is exempt from the business plan requirements of this chapter unless the administering agency has found, and has provided notice to the business handling the product, that the handling of certain quantities of the product requires the submission of a business plan, or any portion thereof, in response to public health, safety, or environmental concerns.

(2) In addition to the authority specified in paragraph (4), the administering agency may, in exceptional circumstances, following notice and public hearing, exempt from the inventory provisions of this chapter any hazardous substance specified in subdivision (k) of Section 25501, if the administering agency finds that the hazardous substance would not pose a present or potential danger to the environment or to human health and safety if the hazardous substance was released into the environment. The administering agency shall specify in writing the basis for granting any exemption under this paragraph. The administering agency shall send a notice to the office within five days of the effective date of any exemption granted pursuant to this paragraph.

(3) The administering agency, upon application by a handler, may, exempt a handler under the conditions it deems proper from any portion of the business plan upon a written finding that the exemption would not pose a significant present or potential hazard to human health or safety or to the environment or affect the ability of the administering agency and emergency rescue personnel to effectively respond to the release of a hazardous material, and that
there are unusual circumstances justifying this exemption. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(4) The administering agency upon application by a handler may exempt a hazardous material from the inventory provisions of this chapter upon proof that the material does not pose a significant present or potential hazard to human health and safety or to the environment if released into the workplace or environment. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(5) An administering agency shall exempt a business operating a farm for purposes of cultivating the soil or raising or harvesting any agricultural or horticultural commodity from filing the information in the business plan required by subdivisions (b) and (c) of Section 25504 if all of the following requirements are met:

(A) The handler annually provides the inventory of information required by Section 25509 to the county agricultural commissioner before January 1 of each year.

(B) Each building in which hazardous materials subject to this chapter are stored is posted with signs, in accordance with regulations which the office shall adopt, which provide notice of the storage of any of the following:

(i) Pesticides.
(ii) Petroleum fuels and oil.
(iii) Types of fertilizers.

(C) Each county agricultural commissioner forwards the inventory to the administering agency within 30 days after receiving the inventory.

(d) The administering agency shall provide all information obtained from completed inventory forms, upon request, to emergency rescue personnel on a 24-hour basis.

(e) The administering agency shall adopt procedures to provide for public input when approving any applications submitted pursuant to paragraph (3) or (4) of subdivision (c).

CHAPTER 505

An act relating to school facility organization.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:
(a) In 1987, a community facilities district, designated Community Facilities District No. 87-1, was established within the Perris Union High School District pursuant to Chapter 2.5
(commencing with Section 53311) of Division 2 of Title 5 of the Government Code. Community Facilities District No. 87-1 operates under the authority of the governing board of the Perris Union High School District.

(b) As of July 1, 1991, the Val Verde Elementary School District, a feeder district of the Perris Union High School District, was reorganized to become the Val Verde Unified School District.

(c) Community Facilities District No. 87-1 is situated entirely within the territorial jurisdiction of the new Val Verde Unified School District. However, no provision was made, pursuant to the school district reorganization action described in subdivision (b), to transfer the governance of the community facilities district to the governing board of the Val Verde Unified School District.

(d) It is necessary and desirable that a process be authorized under which the governance of Community Facilities District No. 87-1 may be transferred from the governing board of the Perris Union High School District to the governing board of the Val Verde Unified School District.

SEC. 2. Notwithstanding any other provision of law, Community Facilities District No. 87-1, as described in Section 1, may be transferred from the jurisdiction of the Perris Union High School District to the jurisdiction of the Val Verde Unified School District upon written agreement entered into between the governing boards of those districts. Except as otherwise may be provided by that agreement, all of the following shall apply as of the effective date of the transfer of jurisdiction pursuant to the agreement:

(a) The "legislative body" empowered, pursuant to Chapter 2.5 (commencing with Section 53311) of Division 2 of Title 5 of the Government Code, to exercise authority over Community Facilities District No. 87-1 shall be the governing board of the Val Verde Unified School District.

(b) The Perris Union High School District shall bear no liability for any action taken with regard to Community Facilities District No. 87-1 on or after the effective date of the transfer of jurisdiction.

(c) The Val Verde Unified School District shall bear liability for any action taken with regard to Community Facilities District No. 87-1 on or after the effective date of the transfer of jurisdiction.

SEC. 3. Due to the unique circumstances specified in Section 1 of this act concerning the Perris Union High School District and the Val Verde Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.
CHAPTER 506

An act to amend Sections 2621.6, 2621.8, and 2621.9 of the Public Resources Code, relating to seismic safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. Due to the numerous structures which were destroyed in the East Bay Fire of October 1991, the hardships experienced by fire victims, and the need to process the extraordinary number of rebuilding authorizations by the Cities of Oakland and Berkeley, it is the intent of the Legislature to exempt structures which were damaged or destroyed in the East Bay Fire from the Alquist-Priolo Special Studies Zone Act (Chapter 7.5 (commencing with Section 2621) of Division 2 of the Public Resources Code) if it can be determined that the structures are not situated on a fault trace.

SEC. 2. Section 2621.6 of the Public Resources Code is amended to read:

2621.6. (a) As used in this chapter, "project" means either of the following:

(1) Any subdivision of land which is subject to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7 of the Government Code), and which contemplates the eventual construction of structures for human occupancy.

(2) Structures for human occupancy, with the exception of either of the following:

(A) Single-family wood-frame or steel-frame dwellings to be built on parcels of land for which geologic reports have been approved pursuant to paragraph (1).

(B) A single-family wood-frame or steel-frame dwelling not exceeding two stories when that dwelling is not part of a development of four or more dwellings.

(b) For the purposes of this chapter, a mobilehome whose body width exceeds eight feet shall be considered to be a single-family wood-frame dwelling not exceeding two stories.

SEC. 3. Section 2621.8 of the Public Resources Code is amended to read:

2621.8. (a) This chapter shall not apply to alterations or additions to any structure within a special studies zone, the value of which does not exceed 50 percent of the value of the structure.

(b) (1) The State Geologist may, pursuant to this section, grant an exemption from this chapter to any structure located within the jurisdiction of the City of Berkeley or the City of Oakland which was damaged by fire between October 20, 1991, and October 23, 1991.
The city may apply to the State Geologist for an exemption and the exemption shall be granted only if a structure located within the special studies zone is not situated upon a trace of an active fault line, as delineated in an official special studies zone map, or more recent geologic data as determined by the State Geologist.

(2) When requesting an exemption pursuant to this subdivision, the city shall supply the State Geologist with all of the following:

(A) Maps noting parcel numbers of proposed building sites that are at least 50 feet from an identified fault and a statement that there is no more recent information to suggest a geologic hazard.

(B) Identification of any sites within 50 feet of an identified fault.

(C) Proof that the property owner has been notified that an exemption does not guarantee that a geologic hazard does not exist.

(3) The granting of an exemption pursuant to this subdivision does not relieve a seller of real property or agent for the seller of the obligation to disclose to a prospective purchaser that the property is located within a delineated special studies zone, as required by Section 2621.9.

SEC. 4. Section 2621.9 of the Public Resources Code is amended to read:

2621.9. (a) A person who is acting as an agent for a seller of real property which is located within a delineated special studies zone, or the seller if he or she is acting without an agent, shall disclose to any prospective purchaser the fact that the property is located within a delineated special studies zone, if the maps prepared pursuant to this chapter, or the information contained in the maps, are reasonably available.

(b) For the purposes of this section, in all transactions subject to Section 1102 of the Civil Code, disclosure shall be provided by one of the following means:

(1) The real estate transfer disclosure statement set out in Section 1102.6 of the Civil Code.

(2) The local option real estate transfer disclosure statement set out in subdivision (a) of Section 1102.6 of the Civil Code.

(3) The real estate contract and receipt for deposit.

(c) For the purposes of this section:

(1) "Reasonably available" means that for any county that includes areas covered by a delineated special studies zone map, a notice has been posted at the offices of the county recorder, county assessor, and county planning commission that identifies the location of the map and the effective date of the notice, which shall not exceed 10 days beyond the date the county received the map from the State Geologist.

(2) "Real estate contract and receipt for deposit" means the document containing the offer to sell or purchase real property, that when accepted becomes a binding contract, and that serves as an acknowledgment of a deposit if one is received.

(d) For purposes of the disclosures required by this section, the following persons shall not be deemed agents of the transferor:
(1) Persons specified in Section 1102.11 of the Civil Code.
(2) Persons acting under a power of sale regulated by Section 2924 of the Civil Code.
(e) For purposes of this section, Section 1102.13 of the Civil Code shall apply.

[Approved by Governor August 16, 1992 Filed with Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, pursuant to this act, to reduce the burden of paperwork on school districts and the State Department of Education by eliminating certain reporting requirements, thereby saving staff time and reducing administrative costs. Although this act eliminates certain reporting requirements, the Legislature encourages the State Department of Education to make available to the Legislature, upon request, the information previously required to be provided in those reports.

SEC. 2. Section 8092 of the Education Code is amended to read:

8092. (a) Any school district or districts, any county superintendent or superintendents, or the governing body of any agency maintaining a regional occupational center or program may contract with a private postsecondary school that is authorized or approved pursuant to Chapter 3 (commencing with Section 94300) of Part 59 and has been in operation not less than two full calendar years prior to the effective date of the contract, to provide vocational skill training authorized by this code. Any school district, community college district, or county superintendent of schools may contract with an activity center, work activity center, or sheltered workshop to provide vocational skill training authorized by this code in any adult education program for substantially handicapped persons operated pursuant to subdivision (e) of Section 41976.

(b) All contracts between a public entity and a private
postsecondary school entered into pursuant to this section, or an activity center, work activity center, or sheltered workshop shall do all of the following:

(1) Provide that the amount contracted for per student shall not exceed the total direct and indirect costs to provide the same training in the public schools or the tuition the private postsecondary school charges its private students, whichever is lower.

(2) Provide that the public school receiving training in a private postsecondary school, or an activity center, work activity center, or sheltered workshop pursuant to that contract may not be charged additional tuition for any training included in the contract. The attendance of those students pursuant to a contract authorized by this section shall be credited to the public entity for the purposes of apportionments from the State School Fund.

(3) Provide that all programs, courses, and classes of instruction shall meet the standards set forth in the California State Plan for Vocational Education, or is a course of study for adult schools approved by the State Department of Education under Section 51056.

(c) The students who attend a private postsecondary school or an activity center, work activity center, or sheltered workshop pursuant to a contract under this section shall be enrollees of the public entity and the vocational instruction provided pursuant to that contract shall be under the exclusive control and management of the governing body of the contracting public entity.

(d) The State Department of Finance and the State Department of Education may audit the accounts of both the public entity and the private party involved in these contracts to the extent necessary to assure the integrity of the public funds involved.

SEC. 3. Section 10608 is added to the Education Code, to read:

10608. Notwithstanding any other provision of law, a school district or county office of education shall not be required to comply with a requirement in any other section of this code that information be reported to the State Department of Education with regard to information that is reported to the department under the CBEDS report. For purposes of this section, "CBEDS report" means the report that is transmitted by public educational agencies to the State Department of Education for purposes of the California Basic Education Data System and includes the information reported under this chapter, and other information relating to school staff and pupil enrollment. However, the Legislature recognizes that there are circumstances when more timely information is necessary prior to the annual CBEDS collection. Under this condition, the State Department of Education may require the districts and county offices of education to provide the necessary information.

SEC. 4. Section 39015.2 is added to the Education Code, to read:

39015.2. If the State Allocation Board determines a school district to be exempt from the requirement to make nonuse payments for any year as to any schoolsite on any basis authorized under
subdivision (e) or (f) of Section 39015, that exemption shall continue to apply to that schoolsite for each subsequent year for which the superintendent of the school district certifies to the State Allocation Board, on a timely basis, that the basis of exemption continues to exist.

SEC. 5. Section 48204 of the Education Code is amended to read:

48204. Notwithstanding Section 48200, a pupil shall be deemed to have complied with the residency requirements for school attendance in a school district, provided he or she is any of the following:

(a) A pupil placed within the boundaries of that school district in a regularly established licensed children’s institution, or a licensed foster home, or a family home pursuant to a commitment or placement under Chapter 2 (commencing with Section 200) of Part 1 of Division 2 of the Welfare and Institutions Code.

An agency placing a pupil in a home or institution described in this subdivision shall provide evidence to the school that the placement or commitment is pursuant to law.

(b) A pupil for whom interdistrict attendance has been approved pursuant to Chapter 5 (commencing with Section 46600) of Part 26 of Division 3 of this title.

(c) A pupil whose residence is located within the boundaries of that school district and whose parent or legal guardian is relieved of responsibility, control, and authority through emancipation.

(d) A pupil whose parent or legal guardian has established the residence of the pupil in a home located within the boundaries of that school district, provided that home is properly licensed as required by law. The person maintaining the home shall provide evidence to the school that a current license is in effect or that a license is not required under the law.

(e) A pupil residing in a state hospital located within the boundaries of that school district.

(f) An elementary school pupil, one or both of whose parents, or whose legal guardian, is employed within the boundaries of that school district.

(1) Nothing in this subdivision requires the school district within which the pupil’s parents or guardians are employed to admit the pupil to its schools. Districts may not, however, refuse to admit pupils under this subdivision on the basis, except as expressly provided in this subdivision, of race, ethnicity, sex, parental income, scholastic achievement, or any other arbitrary consideration.

(2) The school district in which the residency of either the pupil’s parents or guardians is established, or the school district to which the pupil is to be transferred under this subdivision, may prohibit the transfer of the pupil under this subdivision if the governing board of the district determines that the transfer would negatively impact the district’s court-ordered or voluntary desegregation plan.

(3) The school district to which the pupil is to be transferred under this subdivision may prohibit the transfer of the pupil if the
district determines that the additional cost of educating the pupil would exceed the amount of additional state aid received as a result of the transfer.

(4) Any district governing board prohibiting a transfer pursuant to paragraph (1), (2), or (3) shall identify, and communicate in writing to the pupil's parent or guardian, the specific reasons for that determination and shall ensure that the determination, and the specific reasons therefor, are accurately recorded in the minutes of the board meeting in which the determination was made.

(5) The average daily attendance for pupils admitted pursuant to this subdivision shall be calculated pursuant to Section 46607.

(6) Unless approved by the sending district, this subdivision does not authorize a net transfer of pupils out of any given district, calculated as the difference between the number of pupils exiting the district and the number of pupils entering the district, in any fiscal year in excess of the following amounts:

(A) For any district with an average daily attendance for that fiscal year of less than 501, 5 percent of the average daily attendance of the district.

(B) For any district with an average daily attendance for that fiscal year of 501 or more, but less than 2501, 3 percent of the average daily attendance of the district or 25 pupils, whichever is greater.

(C) For any district with an average daily attendance of 2501 or more, 1 percent of the average daily attendance of the district or 75 pupils, whichever is greater.

Once a pupil is deemed to have complied with the residency requirements for school attendance pursuant to this subdivision and is enrolled in a school in a school district whose boundaries include the location where one parent or both parents of a pupil is employed, or where a pupil's legal guardian is employed, the pupil shall not have to reapply in the next school year to attend a school within that school district.

(g) This section shall remain in effect only until June 30, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1995, deletes or extends that date. If that date is not deleted or extended, then, on and after July 1, 1995, pursuant to Section 9611 of the Government Code, Section 48204 of the Education Code, as amended by Section 3 of Chapter 1191 of the Statutes of 1980, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 7. Section 51219 of the Education Code is repealed.

SEC. 8. Section 52088 of the Education Code is repealed.

52306. (a) Any business, commercial, trade, manufacturing, or construction activity referred to in subdivision (c) of Section 52305 may be undertaken as part of a regional occupational center or program provided all the following conditions have been complied with:

70700
(1) Any facility or program operated pursuant to this section shall be only for the education or training of students enrolled in a regional occupational center or program.

(2) The facility or program shall be operated on a nonprofit basis, with all revenues restricted in their use to cover instructional and operating costs.

(3) Notwithstanding any other provision of law, the facility or program initially shall obtain the approval of the appropriate trade associations concerned with the activity proposed and the approval of the county labor council in the county in which the facility or program is located.

(b) An activity conducted by a regional occupational center or program, as described in subdivision (a), may be conducted without the need to apply for or obtain local business licenses or permits, nor shall the activity be subject to payment of local business taxes.

Notwithstanding any other provision of law, proceeds from business activities authorized in this section may, subject to the approval of the governing board, be deposited in a checking account or accounts by each regional occupational center or program and disbursed for the necessary expenses of those business activities. The account shall be established by the regional occupational center or program and be in the custody of the principal or other administrative official designated by the governing board or the county superintendent of schools, as the case may be. The principal or administrative official shall be responsible for all expenditures therefrom, subject to regulations prescribed for this purpose by the governing board or the county superintendent of schools, as the case may be. An exact accounting of receipts and disbursements shall be made to the district or county accounting office within a reasonable period of time. The governing board or the county superintendent of schools, as the case may be, shall provide for an audit of these accounts on a regular basis.

(c) Attendance of students in any business, commercial, trade, manufacturing, or construction activity referred to in subdivision (c) of Section 52305, at any regional occupational center or regional occupational program, shall be credited to that facility or program for the purposes of apportionments from the State School Fund.

SEC. 10. Section 52309 of the Education Code is amended to read:

52309. (a) The curriculum initially provided by a regional occupational center or regional occupational program upon commencing operation shall be subject to the approval of the department and shall comply with all requirements and standards set forth in the State Plan for Vocational Education. The department shall approve regional occupational centers only after giving due consideration to vocational education opportunities offered by community colleges serving the same geographical area. The State Board of Education shall adopt rules and regulations establishing guidelines and criteria for differentiating between courses appropriate for regional occupational centers or regional
occupational programs and those appropriate for high schools.

(b) The Superintendent of Public Instruction shall prepare and distribute by April 1, 1977, and thereafter maintain, a detailed handbook for use by the local educational agencies and regional councils established pursuant to Section 8020. The handbook shall contain course approval criteria, job market study criteria, implementation plans for administrative regulations, and procedures for securing course and program approvals.

(c) Notwithstanding subdivision (a), the curriculum provided by a regional occupational center or program shall not be subject to the approval of the department as to any curriculum that is certified, by resolution of the governing body of the regional occupational center or program, to comply with the course approval criteria set forth in the handbook described in subdivision (b).

CHAPTER 508

An act to amend Sections 4356 and 4359 of the Welfare and Institutions Code, relating to traumatic brain injury demonstration projects.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 4356 of the Welfare and Institutions Code is amended to read:

4356. (a) The department shall award and administer a maximum of four three-year demonstration projects. Priority shall be given to applicants which have proven experience in providing services to persons with an acquired traumatic brain injury or providing supported employment services to persons with special needs. There shall be at least one demonstration project located in the north half of the state and one in the south half of the state. The department shall award project grants no later than six months after funds for this purpose have been appropriated, using a competitive bidding process. No application shall be considered by the department unless the applicant sets forth in the application the means by which data will be collected for purposes of evaluation pursuant to subdivision (b). All projects shall be operational within two months following the grant award.

(b) The department shall also develop an evaluation and data collection system prior to the initial operative date of the project pursuant to subdivision (a), to assess the effectiveness of these coordinated service models. The department shall report to the
Legislature on the progress of the demonstration projects by November 30 of each year in which the projects are operational.

The evaluation shall assess the effectiveness of the pilot projects by doing all of the following:

(1) Comparing the number of persons who achieved supported employment placement, as described in subdivision (d) of Section 5564.1, with the number who would have achieved placement without the assistance of a pilot project. The program shall have as a goal an increase of 30 percent in numbers of persons employed as a result of the program.

(2) Comparing the number of persons who achieved employment compared with the number who would have achieved employment without the assistance of a pilot project. The program shall have as a goal an increase of 30 percent in numbers of persons employed as a result of the program.

(3) Conducting any other evaluative investigation which interested parties, as described in subdivision (c), determine to be appropriate. The program shall have as a goal an increase of 30 percent in the numbers of persons with significant improvement as measured by standard and objective functional assessment independence measures.

(4) The comparisons shall be analyzed to determine if provision of services had a statistically significant impact on rates of employment or supported employment, or on any other objective which interested parties, as described in subdivision (c), direct the department to measure.

(c) The department shall consult with interested parties to assist with the implementation of this chapter, and specifically with the development of criteria for selection of the projects and development of an evaluation and data collection system. Interested parties shall include, but not be limited to, all of the following:

(1) The California Association of Rehabilitation Facilities.
(2) The California Association for Adult Day Services.
(3) The Southern California Head Injury Foundation.
(4) The Northern California Head Injury Association.
(5) The Coalition of Independent Living Centers.

(d) The term “supported employment placement” as used in paragraph (1) of subdivision (b) means an alternative method of providing services which may include prevocational and educational services to individuals who may not qualify for vocational rehabilitation. The following four characteristics distinguish supported employment from both vocational rehabilitation services and traditional methods of providing day activity services:

(1) Service recipients appear to lack the potential for unassisted competitive employment.

(2) Ongoing training, supervision, and support services must be provided.

(3) The opportunity is designed to provide the same benefits that other persons receive from work, including an adequate income
level, quality of working life, security, and mobility.

(4) There is flexibility in the provision of support which is necessary to enable the person to function effectively at the worksite.

(e) The department shall take all steps necessary to maximize the availability of federal funding for this program, including, but not limited to, funds available under the federal Rehabilitation Act of 1973, as amended. To the extent necessary in order to maximize funding for the demonstration projects and clients served, the department may enter into an interagency agreement with any state department it deems necessary in order to achieve this goal, including, but not limited to, the State Department of Rehabilitation.

SEC. 2. Section 4359 of the Welfare and Institutions Code is amended to read:

4359. This chapter shall remain in effect until January 1, 1997, and as of that date is repealed, unless a later enacted statute enacted prior to that date extends or deletes that date.

A commercial fundraiser for charitable purposes shall not include an individual who is employed by or under the control of a commercial fundraiser for charitable purposes registered with the Attorney General. A commercial fundraiser for charitable purposes shall not include any federally insured financial institution which holds as a depository funds received as a result of a solicitation for charitable purposes.

(b) A commercial fundraiser for charitable purposes shall, prior to soliciting any funds in California for charitable purposes, or prior to receiving and controlling any funds or assets as a result of a solicitation in this state for charitable purposes, register with the Attorney General's Registry of Charitable Trusts on a registration form provided by the Attorney General. Renewals of registration shall be filed with the Registry of Charitable Trusts by January 15 of each calendar year in which the commercial fundraiser for charitable purposes does business and shall be effective for one year. For 1990, a registration or renewal fee of two hundred dollars ($200) shall be required for registration of a commercial fundraiser for charitable purposes, and shall be payable by certified or cashier's check to the Attorney General's Registry of Charitable Trusts at the time of registration or renewal. The Attorney General may adjust the annual registration or renewal fee as needed to ensure that revenues will fully offset, but not exceed, the actual costs incurred by the Department of Justice pursuant to this section. The Attorney General's Registry of Charitable Trusts may grant extensions of time...
to file annual registration as required, pursuant to subdivision (b) of Section 12586.

(c) A commercial fundraiser for charitable purposes shall file with the Attorney General's Registry of Charitable Trusts, and with the sheriff of each county in which the fundraiser intends to solicit funds or the sheriff's designee, an annual financial report on a form provided by the Attorney General, accounting for all funds collected pursuant to any solicitation for charitable purposes during the preceding calendar year. The annual financial report shall be filed with the Attorney General's Registry of Charitable Trusts, and with the sheriff of each county in which the fundraiser intends to solicit funds or the sheriff's designee, no later than 30 days after the close of the preceding calendar year. Nothing in this section shall be construed as requiring the sheriff of any county, or the sheriff's designee, to maintain on file any annual financial report filed pursuant to this subdivision.

(d) The contents of the forms for annual registration and annual financial reporting by commercial fundraisers for charitable purposes shall be established by the Attorney General in a manner consistent with the procedures set forth in subdivisions (a) and (b) of Section 12586. The annual financial report shall require a detailed, itemized accounting of funds solicited for charitable purposes on behalf of each charitable organization exempt from taxation under Section 501(c)(3) of the Internal Revenue Code or for each charitable purpose during the accounting period, and shall include, among other data, the following information for funds solicited by the commercial fundraiser for charitable purposes:

(e) A commercial fundraiser for charitable purposes that obtains a majority of its inventory for sale by the purchase, receipt, or control for resale to the general public, of salvageable personal property solicited by an organization qualified to solicit donations pursuant to Section 148.3 of the Welfare and Institutions Code shall file with the Attorney General's Registry of Charitable Trusts, and not with the sheriff of any county, an annual financial report on a form provided by the Attorney General that is separate and distinct from forms filed by other commercial fundraisers for charitable purposes pursuant to subdivisions (c) and (d).
(f) It shall be unlawful for any commercial fundraiser for charitable purposes to solicit funds in this state for charitable purposes unless the commercial fundraiser for charitable purposes has complied with the registration or annual renewal and financial reporting requirements of this article. Failure to comply with these registration or annual renewal and financial reporting requirements shall be grounds for injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(g) A commercial fundraiser for charitable purposes is a constructive trustee for charitable purposes as to all funds collected pursuant to solicitation for charitable purposes and shall account to the Attorney General for all funds. A commercial fundraiser for charitable purposes is subject to the Attorney General's supervision and enforcement over charitable funds and assets to the same extent as a trustee for charitable purposes under this article.

(h) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or application of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

(i) If the Attorney General issues a report to the public containing information obtained from registration forms or financial report forms filed by commercial fundraisers for charitable purposes, there shall be a separate section concerning commercial fundraisers for charitable purposes that obtain a majority of their inventory for sale by the purchase, receipt, or control for resale to the general public, of salvageable personal property solicited by an organization qualified to solicit donations pursuant to Section 148.3 of the Welfare and Institutions Code. The report shall include an explanation of the distinctions between such thrift store operations and other types of commercial fundraising.

SEC. 2.5. Section 12599 of the Government Code is amended to read:

A commercial fundraiser for charitable purposes shall not include any federally insured financial institution which holds as a depository funds received as a result of a solicitation for charitable purposes.

(b) A commercial fundraiser for charitable purposes shall, prior to soliciting any funds in California for charitable purposes, or prior to receiving and controlling any funds or assets as a result of a solicitation in this state for charitable purposes, register with the Attorney General's Registry of Charitable Trusts on a registration form provided by the Attorney General. Renewals of registration shall be filed with the Registry of Charitable Trusts by January 15 of each calendar year in which the commercial fundraiser for charitable purposes does business and shall be effective for one year. For 1990, a registration or renewal fee of two hundred dollars ($200) shall be required for registration of a commercial fundraiser for charitable purposes, and shall be payable by certified or cashier's check to the Attorney General's Registry of Charitable Trusts at the time of registration or renewal. The Attorney General may adjust the annual registration or renewal fee as needed to ensure that revenues will fully offset, but not exceed, the actual costs incurred by the Department of Justice pursuant to this section. The Attorney General's Registry of Charitable Trusts may grant extensions of time to file annual registration as required, pursuant to subdivision (b) of Section 12586.

(c) A commercial fundraiser for charitable purposes shall file with the Attorney General's Registry of Charitable Trusts, and with the sheriff of each county in which the fundraiser intends to solicit funds or the sheriff's designee, an annual financial report on a form provided by the Attorney General, accounting for all funds collected pursuant to any solicitation for charitable purposes during the preceding calendar year. The annual financial report shall be filed with the Attorney General's Registry of Charitable Trusts, and with the sheriff of each county in which the fundraiser intends to solicit funds or the sheriff's designee, no later than 30 days after the close of the preceding calendar year. Nothing in this section shall be construed as requiring the sheriff of any county, or the sheriff's designee, to maintain on file any annual financial report filed pursuant to this subdivision.

(d) The contents of the forms for annual registration and annual financial reporting by commercial fundraisers for charitable purposes shall be established by the Attorney General in a manner consistent with the procedures set forth in subdivisions (a) and (b) of Section 12586. The annual financial report shall require a detailed, itemized accounting of funds solicited for charitable purposes on behalf of each charitable organization exempt from taxation under
Section 501(c)(3) of the Internal Revenue Code or for each charitable purpose during the accounting period, and shall include, among other data, the following information for funds solicited by the commercial fundraiser for charitable purposes:

(1) Total revenue.

(3) Salaries paid by the commercial fundraiser for charitable purposes to its officers and employees.
(4) Fundraising expenses.
(5) Distributions to the identified charitable organization or purpose.
(6) The names and addresses of any director, officer, or employee of the commercial fundraiser for charitable purposes who is a director, officer, or employee of any charitable organization listed in the annual financial report.

(e) A commercial fundraiser for charitable purposes that obtains a majority of its inventory for sale by the purchase, receipt, or control for resale to the general public, of salvageable personal property solicited by an organization qualified to solicit donations pursuant to Section 148.3 of the Welfare and Institutions Code shall file with the Attorney General’s Registry of Charitable Trusts, and not with the sheriff of any county, an annual financial report on a form provided by the Attorney General that is separate and distinct from forms filed by other commercial fundraisers for charitable purposes pursuant to subdivisions (c) and (d).

(f) It shall be unlawful for any commercial fundraiser for charitable purposes to solicit funds in this state for charitable purposes unless the commercial fundraiser for charitable purposes has complied with the registration or annual renewal and financial reporting requirements of this article. Failure to comply with these registration or annual renewal and financial reporting requirements shall be grounds for injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(g) A commercial fundraiser for charitable purposes is a constructive trustee for charitable purposes as to all funds collected pursuant to solicitation for charitable purposes and shall account to the Attorney General for all funds. A commercial fundraiser for charitable purposes is subject to the Attorney General’s supervision and enforcement over charitable funds and assets to the same extent as a trustee for charitable purposes under this article.

(h) It shall be unlawful for a commercial fundraiser for charitable purposes to not disclose the percentage of total fundraising expenses of the fundraiser upon receiving a written or oral request from a person solicited for a contribution for a charitable purpose. “Percentage of total fundraising expenses,” as used in this section, means the ratio of the total expenses of the fundraiser to the total revenue received by the fundraiser for the charitable purpose for which funds are being solicited, as reported on the most recent
financial report filed with the Attorney General’s Registry of Charitable Trusts. A commercial fundraiser shall disclose this information in writing within five working days from receipt of a request by mail or fax. A commercial fundraiser shall orally disclose this information immediately upon a request made in person or in a telephone conversation and shall follow this response with a written disclosure within five working days. Failure to comply with the requirements of this subdivision shall be grounds for an injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(i) If the Attorney General issues a report to the public containing information obtained from registration forms or financial report forms filed by commercial fundraisers for charitable purposes, there shall be a separate section concerning commercial fundraisers for charitable purposes that obtain a majority of their inventory for sale by the purchase, receipt, or control for resale to the general public, of salvageable personal property solicited by an organization qualified to solicit donations pursuant to Section 148.3 of the Welfare and Institutions Code. The report shall include an explanation of the distinctions between such thrift store operations and other types of commercial fundraising.

(j) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or application of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 12599 of the Government Code proposed by both this bill and AB 3066. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1993, (2) each bill amends Section 12599 of the Government Code, and (3) this bill is enacted after AB 3066, in which case Section 2 of this bill shall not become operative.

CHAPTER 513

An act to amend Section 104.12 of the Streets and Highways Code, relating to highways.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 104.12 of the Streets and Highways Code is amended to read:
104.12. (a) The department may lease to public agencies or private entities for any term not to exceed 99 years the use of areas above or below state highways, subject to any reservations, restrictions, and conditions that it deems necessary to ensure adequate protection to the safety and the adequacy of highway facilities and to abutting or adjacent land uses. Authorized emergency vehicles, as defined in Section 165 of the Vehicle Code, which are on active duty and are not merely being stored, shall be given preference in the use of these areas, and no payment of consideration shall be required for this use of the areas by these vehicles. Prior to entering into any lease, the department shall determine that the proposed use is not in conflict with the zoning regulations of the local government concerned. The leases shall be made in accordance with procedures to be prescribed by the commission, except that, in the case of leases with private entities, the leases shall only be made after competitive bidding unless the commission finds, by unanimous vote, that in certain cases competitive bidding would not be in the best interests of the state. The possibilities of entering into the leases, and the consequent benefits to be derived therefrom, may be considered by the department in designing and constructing the highways.

Revenues from the leases shall be deposited in the State Highway Account. If leased property was provided to the department for state highway purposes through donation or at less than fair market value, the lease revenues shall be shared with the donor or seller if so provided by contract when the property was acquired. If the donor or seller was a local agency which no longer exists at the time the department enters into the lease, the local agency's share of lease revenues shall be paid to the county or counties within which the local agency was situated.

(b) Notwithstanding subdivision (a), in any case where sufficient land or airspace exists within the right-of-way of any highway, constructed in whole or in part with federal-aid highway funds, to accommodate needed passenger, commuter, or high-speed rail, magnetic levitation systems, and highway and nonhighway public mass transit facilities, the department may make the land or airspace available, with or without charge, to a public entity for those purposes, subject to any reservations, restrictions, or conditions that it determines necessary to ensure adequate protection to the safety and adequacy of highway facilities and to abutting or adjacent land uses.

(c) The department shall consider future lease potential of areas above or below state highway projects when planning new state highway projects. This consideration shall be accomplished by intradepartment consultation between offices concerned with project development and airspace lease development.

(d) The department shall submit to the Legislature an annual report on the income and the inventory status of airspace leased above and below state highways.
(e) The department shall report to the Governor and the Legislature on January 1, 1991, and thereafter biennially, on the number and nature of contractual agreements entered into pursuant to Section 104.2 and pursuant to this section.

CHAPTER 514

An act to add Section 1728.7 to the Health and Safety Code, relating to home health agencies.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1728.7 is added to the Health and Safety Code, to read:

1728.7. (a) Notwithstanding any other provision of this chapter, the state department shall issue a license to a home health agency that applies to the state department for a home health agency license and meets all of the following requirements:

1. Is accredited as a home health agency by either the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) or the Community Health Accreditation Program (CHAP), and the accrediting organization forwards to the state department copies of all initial and subsequent survey and other accreditation reports or findings.

2. Files an application with fees pursuant to this chapter.

3. Meets any other additional licensure requirements of, or regulations adopted pursuant to, this chapter that the state department identifies, after consulting with either the JCAHO or the CHAP, as more stringent than the accreditation requirements of either JCAHO or CHAP.

(b) The state department may require a survey of an accredited home health agency to ensure the accreditation requirements are met. These surveys shall be conducted using a selective sample basis.

(c) The state department may require a survey of an accredited home health agency to investigate complaints against an accredited home health agency for substantial noncompliance, as determined by the state department, with these accreditation standards.

(d) Notwithstanding subdivisions (a), (b), and (c), the state department shall retain its full range of authority over accredited home health agencies to ensure the licensure and accreditation requirements are met. This authority shall include the entire scope of enforcement sanctions and options available for unaccredited home health agencies.
An act to add Section 10085.5 to the Business and Professions Code, relating to mortgages.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the payment of advance fees to unlicensed persons who solicit lenders or perform services for borrowers in connection with loans to be secured directly or collaterally by a lien on real property, greatly harms the general public and the business of licensed mortgage loan brokers and is a growing source of consumer complaints in this state.

SEC. 2. Section 10085.5 is added to the Business and Professions Code, to read:

10085.5. (a) It shall be unlawful for any person to claim, demand, charge, receive, collect, or contract for an advance fee (1) for soliciting lenders on behalf of borrowers or performing services for borrowers in connection with loans to be secured directly or collaterally by a lien on real property, before the borrower becomes obligated to complete the loan or, (2) for performing any other activities for which a license is required, unless the person is a licensed real estate broker and has complied with the provisions of this part.

(b) This section shall not prohibit the acceptance or receipt of an advance fee by any bank, savings association, credit union, industrial loan company, or person acting within the scope of a license issued to that person pursuant to Division 9 (commencing with Section 22000), Division 10 (commencing with Section 24000), or Division 11 (commencing with Section 26000), of the Financial Code, in connection with loans to be secured directly or collaterally by a lien on real property. This section shall not apply to charges made by title insurers and controlled escrow companies pursuant to Chapter 1 (commencing with Section 12340) of Part 6 of Division 2 of the Insurance Code.

(c) A violation of this section is a public offense punishable by a fine not exceeding ten thousand dollars ($10,000), or by imprisonment in the county jail for a term not to exceed six months, or by both fine and imprisonment, or if by a corporation, punishable by a fine not exceeding fifty thousand dollars ($50,000).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.
Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 516

An act to amend Section 32102 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 16, 1992. Filed with Secretary of State August 17, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 32102 of the Vehicle Code is amended to read:

32102. (a) The department may adopt any regulations that are necessary to administer this division. It is a misdemeanor for any person to violate this division or regulations adopted pursuant to this division.

(b) The department shall, by regulation, designate through routes in this state which are to be used for the transportation of inhalation hazards. The department may also designate separate through routes for the transportation of inhalation hazards composed of any chemical rocket propellant specified in Section 32050. The Department of Transportation shall assist the department in developing the recommended routes. The department shall hold public hearings in each field operation division of the department in which are located proposed routes. In recommending the through routes, the department shall do both of the following:

1. Perform a risk assessment which shall include, but not be limited to, consideration of the population density, capabilities of the emergency response personnel near the proposed routes, and the safety of the roadways.

2. Consult with officials having the responsibility for the prevention and suppression of fire in communities in which are located the proposed routes, the representatives of persons engaged in the transportation of inhalation hazards, manufacturers of inhalation hazards, and the State Fire Marshal.

(c) The department shall prepare for distribution to persons engaged in the transportation of inhalation hazards maps which clearly indicate the routes which are to be used for the transportation of inhalation hazards.

(d) The department shall prepare for distribution to persons engaged in the transportation of inhalation hazards a list of locations of required inspection stops and safe stopping places and shall revise the list to keep it current.
(e) Until other routes are designated by the department for the transportation of chemical rocket propellants pursuant to subdivision (b), the designated through routes for the transportation of chemical rocket propellants to Vandenberg Air Force Base shall be those routes designated in the letter of agreement between the department and the United States Department of the Air Force executed in 1992.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

18172. (a) An application form filed under Section 18115 by a state or federal depository corporation for the purpose of converting to an industrial loan company shall contain any information the commissioner may require and shall include the following with respect to that corporation:

That written statement shall be signed by all directors of the applicant.

18173. For purposes of investigation and examination, the commissioner's duly designated representatives shall have free access to the offices and places of business, books, accounts, papers, records, files, safes, and vaults of that corporation.

18174. The commissioner, upon reasonable notice and opportunity to be heard, may deny the application filed by a state or federal depository corporation for any of the reasons specified in Section 18117. In addition, an application may be denied for any of
the following reasons:

(b) The capital, quality of assets, liquidity, and earning history and potential are inadequate to afford reasonable promise of successful operation.

(c) The assets of the applicant are not authorized by this division. In lieu of denying an application for the reasons specified in this subdivision, the commissioner may, by order, impose any limitations and requirements as, in the opinion of the commissioner, are necessary for the assets to comply with the requirements of this division. The assets shall be modified in accordance with the commissioner's order within one year from the date of that order or within a shorter period as required by the commissioner.

SECTION 1. Section 73367 is added to the Government Code, to read:

73367. (a) In conjunction with the study required pursuant to Section 75 of Chapter 90 of the Statutes of 1991, provided that the Board of Supervisors of Contra Costa County finds that there are sufficient funds for the project and adopts a resolution to that effect, the Judicial Council may establish a five-year pilot project for administrative adjudication of small claims actions and traffic and other infractions in Contra Costa County, utilizing the temporary court commissioners authorized pursuant to Section 73363 as administrative hearing officers.

(b) The Judicial Council may adopt appropriate rules governing the implementation of the pilot project.

(c) If the pilot project is instituted, Contra Costa County shall provide, as a matching contribution, the facilities and the technological support service necessary to carry out the pilot project.

(d) If the pilot project is instituted, the administrative hearing officers shall adjudicate small claims actions and traffic and other infractions.
(e) If the pilot project is instituted, Contra Costa County shall implement the project commencing on January 1, 1993, and the Judicial Council shall report its preliminary findings and recommendations to the Legislature on or before October 1, 1994. This report shall include data to document the extent to which the pilot project has accomplished the objectives set forth in Section 73368.

SEC. 2. Section 73368 is added to the Government Code, to read:

73368. The pilot project undertaken pursuant to Section 73367 shall be considered successful if all of the following occur:

(a) There is a reduction of at least one hundred thousand dollars ($100,000) in the cost of assigned judges in the county through the use of the equivalent of 2.5 municipal court judges, made available as a result of the program, who are utilized to fill in for absent superior court judges rather than bringing in assigned judges, comparing calendar year 1993 with calendar year 1992.

(b) In those judicial districts which implement the program on January 1, 1993, there is a reduction in the use of bailiffs in administrative adjudication hearings compared with the use of bailiffs in municipal court commissioner courtrooms through the promotion of shared security with law enforcement agencies, comparing calendar year 1993 with calendar year 1992.

(c) In those judicial districts which implement the program on January 1, 1993, there is an elimination in the use of courtroom clerks in administrative adjudication hearings compared with the use of courtroom clerks in municipal court commissioner courtrooms for a savings of forty-five thousand dollars ($45,000) per judicial district, comparing calendar year 1993 with calendar year 1992.

(d) All traffic matters in those judicial districts which implement the program on January 1, 1993, are adjudicated by temporary court commissioners in calendar year 1993, resulting in a salary savings of at least twenty-five thousand dollars ($25,000) per judicial district, when the cost of court commissioners for calendar year 1992 is compared with the cost of temporary hearing officers for calendar year 1993.

(e) In those judicial districts which implement the program on January 1, 1993, the clerical effort required in the clerk's office is reduced through enhanced automation development, thus allowing the phasing out of unnecessary staff for a savings of at least thirty thousand dollars ($30,000) per judicial district, comparing calendar year 1993 costs with calendar year 1992 costs.
CHAPTER 522

The people of the State of California do enact as follows:

SECTION 1. Section 1747.02 of the Civil Code is amended to read:

1747.02. As used in this title:

(a) "Credit card" means any card, plate, coupon book, or other single credit device existing for the purpose of being used from time to time upon presentation to obtain money, property, labor, or services on credit. "Credit card" does not mean any of the following:

(1) Any single credit device used to obtain telephone property, labor or services in any transaction under public utility tariffs.

(2) Any device that may be used to obtain credit pursuant to an electronic fund transfer but only if the credit is obtained under an agreement between a consumer and a financial institution to extend credit when the consumer’s asset account is overdrawn or to maintain a specified minimum balance in the consumer’s asset account.

(3) Any key or card key used at an automated dispensing outlet to obtain or purchase petroleum products, as defined in subdivision (c) of Section 13401 of the Business and Professions Code, which will be used primarily for business rather than personal or family purposes.

(b) "Accepted credit card" means any credit card which the cardholder has requested or applied for and received or has signed, or has used, or has authorized another person to use, for the purpose of obtaining money, property, labor, or services on credit. Any credit card issued in renewal of, or in substitution for, an accepted credit card becomes an accepted credit card when received by the cardholder, whether the credit card is issued by the same or a successor card issuer.

(c) "Card issuer" means any person who issues a credit card or the agent of that person for that purpose with respect to the credit card.

(d) "Cardholder" means a natural person to whom a credit card is issued for consumer credit purposes, or a natural person who has agreed with the card issuer to pay consumer credit obligations arising from the issuance of a credit card to another natural person. For purposes of Sections 1747.05, 1747.10, and 1747.20, the term includes any person to whom a credit card is issued for any purpose, including business, commercial, or agricultural use, or a person who has agreed with the card issuer to pay obligations arising from the issuance of such a credit card to another person.

(f) "Unauthorized use" means the use of a credit card by a person, other than the cardholder, (1) who does not have actual, implied, or apparent authority for that use and (2) from which the cardholder receives no benefit. "Unauthorized use" does not include the use of a credit card by a person who has been given authority by the cardholder to use the credit card. Any attempted termination by the cardholder of the person's authority is ineffective as against the card issuer until such time as the cardholder complies with such procedures as may be required by the card issuer to terminate that authority. Notwithstanding the above, following the card issuer's receipt of oral or written notice from a cardholder indicating that it wishes to terminate the authority of a previously authorized user of a credit card, the card issuer shall follow its usual procedures for precluding any further use of a credit card by an unauthorized person.

(g) An "inquiry" is a writing that is posted by mail to the address of the card issuer to which payments are normally tendered, unless another address is specifically indicated on the statement for that purpose, then to that other address, and that is received by the card issuer no later than 60 days after the card issuer transmitted the first periodic statement that reflects the alleged billing error, and that does all of the following:

(1) Sets forth sufficient information to enable the card issuer to identify the cardholder and the account.

(2) Sufficiently identifies the billing error.

(3) Sets forth information providing the basis for the cardholder's belief that the billing error exists.

(h) A "response" is a writing which is responsive to an inquiry and mailed to the cardholder's address last known to the card issuer.

(i) A "timely response" is a response which is mailed within two complete billing cycles, but in no event later than 90 days, after the card issuer receives an inquiry.

(j) A "billing error" means an error by omission or commission in (1) posting any debit or credit, or (2) in computation or similar error of an accounting nature contained in a statement given to the cardholder by the card issuer. A "billing error" does not mean any dispute with respect to value, quality or quantity of goods, services or other benefit obtained through use of a credit card.

(k) "Adequate notice" means a printed notice to a cardholder which sets forth the pertinent facts clearly and conspicuously so that a person against whom it is to operate could reasonably be expected to have noticed it and understood its meaning.

(l) "Secured credit card" means any credit card issued under an agreement or other instrument which pledges, hypothecates, or places a lien on real property or money or other personal property to secure the cardholder's obligations to the card issuer.

SEC. 2. Section 6159 of the Government Code is amended to read:

6159. (a) As used in this section:

72090
(1) "Credit card" means any card, plate, coupon book, or other credit device existing for the purpose of being used from time to time upon presentation to obtain money, property, labor, or services on credit.

(2) "Card issuer" means any person who issues a credit card and purchases credit card drafts or the agent of such person for such purposes with respect to such card.

(3) "Cardholder" means any person to whom a credit card is issued or any person who has agreed with the card issuer to pay obligations arising from the issuance of a credit card to another person.

(4) "Draft purchaser" means any person who purchases credit card drafts.

(b) Subject to the provisions of subdivision (c), a court, city, or other public agency may authorize the acceptance of a credit card for payment for the deposit of bail or for any fine for any offense not declared to be a felony, for payment of a filing fee or other court fee, for payment of any towage or storage costs for a vehicle which has been removed from a highway, or from public or private property, as a result of parking violations, for payment for services rendered by any city, county, or city and county, or for the payment of any fee, charge, or tax due a city, county, city and county, or other public agency.

(c) A court desiring to authorize the use of a credit card pursuant to subdivision (b) shall obtain the approval of its county board of supervisors. A city desiring to authorize the use of a credit card pursuant to subdivision (b) shall obtain the approval of its city council. Any other public agency desiring to authorize the use of a credit card pursuant to subdivision (b) shall obtain the approval of the governing body that has fiscal responsibility for that agency. After approval is obtained, a contract may be executed with one or more credit card issuers or draft purchasers. The contract shall provide for:

(1) The respective rights and duties of the court, city, county, city and county, or other public agency and card issuer or draft purchaser regarding the presentment, acceptability and payment of credit card drafts.

(2) The establishment of a reasonable means by which to facilitate payment settlements.

(3) The payment to the card issuer or draft purchaser of a reasonable fee or discount.

(4) Such other matters appropriately included in contracts with respect to the purchase of credit card drafts as may be agreed upon by the parties to the contract.

(d) The honoring of a credit card pursuant to subdivision (b) hereof constitutes payment of the amount owing to the court, city, county, city and county, or other public agency as of the date the credit card is honored provided the credit card draft is paid following its due presentment to a card issuer or draft purchaser.
(e) If any credit card draft is not paid following due presentment to a card issuer or draft purchaser or is charged back to the court, city, county, city and county, or other public agency for any reason, any record of payment made by the court, city, or other public agency honoring the credit card shall be void. Any receipt issued in acknowledgment of payment shall also be void. The obligation of the cardholder shall continue as an outstanding obligation as though no payment had been attempted.

(f) Notwithstanding Title 1.3 (commencing with Section 1747) of Part 4 of Division 3 of the Civil Code, a court, city, county, city and county, or any other public agency may impose a fee for the use of a credit card, not to exceed the costs incurred in providing for payment by credit. Those costs include, but are not limited to, the payment of fees or discounts, as described in paragraph (3) of subdivision (c). Any fee imposed pursuant to this subdivision for the use of a credit card shall be approved by the governing body responsible for the fiscal decisions of the imposing public agency.

(g) Fees or discounts provided for under paragraph (3) of subdivision (c) shall be deducted or accounted for prior to any statutory or other distribution of funds received from the card issuer or draft purchaser to the extent not recovered from the cardholder pursuant to subdivision (f).

SEC. 3. Section 12463.2 of the Government Code is repealed.

SEC. 3.5. Section 29823 of the Government Code is amended to read:

(c) Land dedicated for cemetery purposes under the Health and Safety Code.

(d) A lot line adjustment between two or more existing adjacent parcels, where the land taken from one parcel is added to an adjacent parcel, and where a greater number of parcels than originally existed is not thereby created, provided the lot line adjustment is approved by the local agency, or advisory agency. A local agency or advisory agency shall limit its review and approval to a determination of whether or not the parcels resulting from the lot line adjustment will conform to local zoning and building ordinances. An advisory agency or local agency shall not impose conditions or exactions on its approval of a lot line adjustment except to conform to local zoning and building ordinances, to require the prepayment of real property taxes prior to the approval of the lot line adjustment, or to facilitate the relocation of existing utilities, infrastructure, or easements. No tentative map, parcel map, or final map shall be required as a condition to the approval of a lot line adjustment. The lot line adjustment shall be reflected in a deed, which shall be recorded. No record of survey shall be required for a lot line adjustment unless required by Section 8762 of the Business and Professions Code.

(3) The local agency certifies that the above requirements were satisfied if the local agency, by ordinance, provides for that certification.

As used in this paragraph, a cooperative unit is “individually owned” if and only if the stockholder of that unit owns or partially owns an interest in no more than one unit in the cooperative.

(2) No more than 25 percent of the shares of the cooperative were owned by any one person, as defined in Section 17, including an incorporator or director of the cooperative, on January 1, 1981.

(3) A person renting a unit in a cooperative shall be entitled at the time of conversion to all tenant rights in state or local law, including, but not limited to, rights respecting first refusal, notice, and displacement and relocation benefits.

SEC. 5.7. Section 61 of the Revenue and Taxation Code is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals regardless of the period during which the right may be exercised. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, extension, sublease, or assignment of a taxable possessory interest in tax exempt real property for any term. For purposes of this subdivision, “renewal” and “extension” do not include the granting of an option to renew or extend an existing
agreement pursuant to which the term of possession of the existing agreement would, upon exercise of the option, be lengthened, whether the option is granted in the original agreement or subsequent thereto.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to such lease or transfer shall be considered to have undergone a change of ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(d) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62, Section 63 and Section 65.

(e) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62.

(f) Any vesting of the right to possession or enjoyment of a remainder or reversionary interest which occurs upon the termination of a life estate or other similar precedent property interest, except as provided in subdivision (d) of Section 62 and in Section 63.

(g) Any interests in real property which vest in persons other than the trustor (or, pursuant to Section 63, his or her spouse) when a revocable trust becomes irrevocable.

(h) The transfer of stock of a cooperative housing corporation, vested with legal title to real property which conveys to the transferee the exclusive right to occupancy and possession of such property, or a portion thereof. A "cooperative housing corporation" is a real estate development in which membership in the corporation, by stock ownership, is coupled with the exclusive right to possess a portion of the real property.

(i) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

(b) On claims filed pursuant to subdivision (a) after November 15, this partial homeowners' exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10 and the delinquent penalty provided for in this division will attach if the tax amount due is not paid.

If this partial homeowners' exemption is applied to the second installment and if both installments are paid on or before December 10 or if the reduction in taxes from this partial exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 7. Section 408 of the Revenue and Taxation Code is amended to read:

408. (a) Except as otherwise provided in subdivisions (b), (c), and (d), any information and records in the assessor's office which are not required by law to be kept or prepared by the assessor, and homeowners' exemption claims, are not public documents and shall not be open to public inspection. Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his or her possession to the assessor of any county and shall provide any market data in his or her possession to an assessee of property or his or her designated representative upon request. The assessor shall permit an assessee of property or his or her designated representative to inspect at the assessor's office any information and records, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of his or her property. Except as provided in Section 408.1, an assessee or his or her designated representative, however, shall not be provided or permitted to inspect information and records, other than market data, which also relate to the property or business affairs of another person, unless that disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of his or her assessment.

(c) The assessor shall disclose information, furnish abstracts, or permit access to all records in his or her office to law enforcement agencies, the county grand jury, the board of supervisors or their
duly authorized agents, employees or representatives when conducting an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the Controller, employees of the Controller for property tax postponement purposes, probate referees, employees of the Franchise Tax Board for tax administration purposes only, staff appraisers of the Department of Savings and Loan, the Department of Transportation, and the Department of General Services, the State Board of Equalization, and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine the records. Whenever the assessor discloses information, furnishes abstracts, or permits access to records in his or her office to staff appraisers of the Department of Savings and Loan, the Department of Transportation, or the Department of General Services pursuant to this section, the department shall reimburse the assessor for any costs incurred as a result thereof.

(d) Upon the request of the tax collector, the assessor shall disclose and provide to the tax collector information used in the preparation of that portion of the unsecured roll for which the taxes thereon are delinquent. The tax collector shall certify to the assessor that he or she needs the information requested for the enforcement of the assessor's tax lien in collecting those delinquent taxes. Information requested by the tax collector may include social security numbers, and the assessor shall recover from the tax collector his or her actual and reasonable costs for providing the information. The tax collector shall add the costs described in the preceding sentence to the assessee's delinquent tax lien and collect those costs subject to subdivision (e) of Section 2922.

(e) For purposes of this section, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him or her, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his or her assessment of the assessee's property, in whole or in part, on that comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of that property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise, but for purposes of providing market data, the assessor shall not display any document relating to the business affairs or property of another.

SEC. 7.5. Section 441 of the Revenue and Taxation Code is amended to read:

441. Every person owning taxable personal property, other than a mobilehome subject to Part 13 (commencing with Section 5800), having an aggregate cost of thirty thousand dollars ($30,000) or more shall file a signed property statement with the assessor. Every person owning personal property which does not require the filing of a property statement or real property shall upon request of the assessor file a signed property statement. Failure of the assessor to
request or secure the property statement does not render any assessment invalid.

(a) The property statement shall be declared to be true under the penalty of perjury and filed with the assessor between the lien date and 5 p.m. on the last Friday in May, annually, or between the lien date and any earlier time as the assessor may appoint.

(b) If the assessor appoints a time other than the last Friday in May, it shall be no earlier than April 1. In this event the penalty provided by Section 463 shall apply if the property statement is not filed with the assessor by 5 p.m. on the last Friday in May or if all of the following apply:

(1) The property statement is not filed within the time appointed by the assessor.

(2) The assessor has given notice by certified or registered mail, or by first-class mail, properly addressed with postage prepaid, no earlier than 15 days after the time appointed by the assessor of nonreceipt of the property statement within the appointed time. If the notice is given by first-class mail, the assessor shall obtain a certificate of mailing issued by the United States Postal Service verifying the fact and date of mailing of the notice.

(3) The property statement has not been filed with the assessor within 15 days following the date of receipt of the notice, if the notice is given by certified or registered mail, or within 20 days following the date shown on the certificate of mailing, if the notice is given by first-class mail.

(c) The property statement may be filed with the assessor through the United States mail, properly addressed with postage prepaid. This subdivision shall be applicable to every taxing agency, including but not limited to, a chartered city and county, or chartered city.

(d) At any time, as required by the assessor for assessment purposes, every person shall make available for examination information or records regarding his or her property or any other personal property located on premises he or she owns or controls. In this connection details of property acquisition transactions, construction and development costs, rental income, and other data relevant to the determination of an estimate of value are to be considered as information essential to the proper discharge of the assessor's duties.

(e) In the case of a corporate owner of property, the property statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation.

(f) In the case of property owned by a bank or other financial institution and leased to an entity other than a bank or other financial institution, the property statement shall be submitted by the owner bank or other financial institution.

(g) The assessor may refuse to accept any property statement he
or she determines to be in error.

SEC. 8. Section 760 is added to the Revenue and Taxation Code, to read:

760. If an amount assessed by the board on fixtures and personal property only becomes delinquent on the secured roll, the tax collector may utilize those procedures for the collection of taxes on the unsecured roll to collect the amount assessed by the board.

SEC. 9. Section 867 of the Revenue and Taxation Code is amended to read:

867. An assessment made pursuant to this article against real property for the year or years in which such real property escaped assessment shall not create or impose a lien or charge on such real property for taxes, interest, or penalty if (1) such real property has been transferred or conveyed to a bona fide purchaser for value prior to the date of such assessment and the showing thereof on the secured roll with the date of entry specified thereon; or (2) such real property is subject to a lien of a bona fide encumbrance for value created and attaching prior to the date of such assessment and the showing thereof on the secured roll with the date of entry specified thereon. In such cases, the tax collector may record with the county recorder of any county a certificate which shall set forth the name of the person who would have been the assessee in the year in which such real property escaped assessment and the amount or amounts of any such assessments and penalties. From the date of the recording of such certificate, a lien shall be created and shall attach against any real property owned by such person in the county or counties in which any such certificates may have been recorded, which lien shall have the force, effect and priority of a judgment lien.

The tax collector, with the approval of the board of supervisors, may at any time release all or any portion of real property subject to any lien created or attaching by the recording of such a certificate from such lien or subordinate such lien to other liens and encumbrances if he or she determines that the assessment or taxes are sufficiently secured by a lien on other property belonging to the person named in such a certificate or that the release or subordination will not endanger or jeopardize the collection of such assessment or taxes.

A written certification by the tax collector to the effect that real property subject to any lien imposed by the recording of the certificate as hereinafter provided has been released from such lien or that such lien has been subordinated to other liens shall be conclusive evidence as to any bona fide purchaser, encumbrancer, or lessee that such lien has been released or has been subordinated as set forth in such written certification. Such written certification may be recorded with the county recorder of any county.

SEC. 9.3. Section 1604 of the Revenue and Taxation Code is amended to read:

1604. (a) In counties of the first class, annually, on the fourth Monday in September, the county board shall meet to equalize the
assessment of property on the local roll. The board shall continue to meet for that purpose, from time to time, until the business of equalization is disposed of.

(b) In all other counties, annually, on the third Monday in July, the county board shall meet to equalize the assessment of property on the local roll. It shall continue to meet for that purpose, from time to time, until the business of equalization is disposed of.

Any taxpayer may petition the board for a reduction in an assessment and a proportionate reduction or refund of the taxes extended thereon by filing an application pursuant to Section 1603 or Section 5097.

The county board shall have no power to receive or hear any petition for a reduction in an escaped assessment made pursuant to Section 531.1 nor a penal assessment levied in respect thereto, nor to reduce those assessments.

(c) If the county assessment appeals board fails to hear evidence and fails to make a final determination on the application for reduction in assessment of property within two years of the timely filing of the application, the taxpayer's opinion of market value as reflected on the application for reduction in assessment shall be the value upon which taxes are to be levied for the tax year covered by the application, unless either of the following occurs:

1. The taxpayer and the county assessment appeals board mutually agree in writing, or on the record, to an extension of time for the hearing.

2. The application for reduction is consolidated for hearing with another application by the same taxpayer with respect to which an extension of time for the hearing has been granted pursuant to paragraph (1).

The reduction in assessment reflecting the taxpayer's opinion of market value shall not be made, however, until two years after the close of the filing period during which the timely application was filed. Further, this subdivision shall not apply to applications for reductions in assessments of property where the taxpayer has failed to provide full and complete information as required by law or where litigation is pending directly relating to the issues involved in the application. This subdivision is only applicable to applications filed on or after January 1, 1983.

(d) If, pursuant to subdivision (c), the applicant's opinion of value has been placed on the assessment roll, that value shall remain on the roll until the county board makes a final determination on the application. The value so determined by the county board, plus appropriate adjustments for the inflation factor, shall be entered on the assessment roll for the fiscal year in which the value is determined. No increased or escape taxes other than those required by a purchase, change in ownership, or new construction, or resulting from application of the inflation factor to the applicant's opinion of value shall be levied for the tax years during which the county board failed to act.
SEC. 9.5. Section 1605 of the Revenue and Taxation Code is amended to read:

1605. (a) An assessment made outside of the regular assessment period is not effective for any purpose, including its review, equalization and adjustment by the county board, until the assessee has been notified thereof personally or by United States mail at the assessee’s address as contained in the official records of the county assessor. Receipt by the assessee of a tax bill based on that assessment shall suffice as the notice.

(b) Upon application for reduction pursuant to subdivision (a) of Section 1603, the assessment shall be subject to review, equalization and adjustment by the county board. The application shall be filed with the clerk no later than 60 days after the date on which the assessee was notified. For counties of the first class, the application shall be filed within 60 days of the date of the mailing of the tax bill. However, an application for reduction in a supplemental assessment may be filed within 12 months following the month in which the assessee is notified of that assessment, if the party affected or his or her agent and the assessor stipulate that there is an error in the assessment as the result of the exercise of the assessor’s judgment in determining the full cash value of the property and a written stipulation as to the full cash value and assessed value of the property is filed in accordance with Section 1607.

(c) The board of supervisors of any county may by resolution require that the application for reduction pursuant to subdivision (a) of Section 1603 be filed with the clerk no later than 60 days after the date of the mailing of the tax bill.

(d) In counties where assessment appeals boards have not been created and are not in existence, at any regular meeting, the board of supervisors, on the request of the assessor or any taxpayer, shall sit as the county board to equalize any assessments made by the assessor outside the regular assessment period for those assessments. Notwithstanding any other provision of law to the contrary, in any county in which assessment appeals boards have been created and are in existence, the time for equalization of assessments made outside the regular assessment period for those assessments, including assessments made pursuant to Sections 501, 503, 504, 531, and 531.1, shall be prescribed by rules adopted by the board of supervisors.

(e) If an audit of the books and records of any profession, trade, or business pursuant to Section 469 discloses property subject to an escaped assessment for any year, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to this chapter, except in those instances when that property had previously been equalized for the year in question by the county board of equalization or assessment appeals board. The application shall be filed with the clerk no later than 60
days after the date on which the assessees were notified. Receipt by the assessees of a tax bill based upon that assessment shall suffice as that notice.

(f) For purposes of subdivision (a), "regular assessment period" means March 1 to and including July 1 of the calendar year in which the assessment, other than escape assessments, should have been enrolled if it had been timely made.

SEC. 10. Section 2502 of the Revenue and Taxation Code is amended to read:

2502. Taxes may be paid in legal tender or in money receivable in payment of taxes by the United States. The tax collector shall have the right to refuse the payment in coins of property taxes, penalties and interest, and any other charges associated with the payment of property taxes.

SEC. 11. Section 2511.1 is added to the Revenue and Taxation Code, to read:

2511.1. (a) As used in this section:

(1) "Credit card" means any card, plate, coupon book, or other credit device existing for the purpose of being used from time to time upon presentation to obtain money, property, labor, or services on credit.

(2) "Card issuer" means any person who issues a credit card and purchases credit card drafts, or the agent for those purposes with respect to a credit card.

(3) "Cardholder" means any person to whom a credit card is issued or any person who has agreed with the card issuer to pay obligations arising from the issuance of a credit card to another person.

(4) "Draft purchaser" means any person who purchases credit card drafts.

(b) The board of supervisors may authorize the acceptance of a credit card for payment of property taxes. Following an authorization pursuant to the preceding sentence, the county shall, upon approval of the board of supervisors, execute a contract with one or more credit card issuers or draft purchasers. The contract shall provide for all of the following:

(1) The respective rights and duties of the county, and card issuers and draft purchasers regarding the presentment, acceptability, and payment of credit card drafts.

(2) The establishment of a reasonable means by which to facilitate payment settlements.

(3) The payment to the card issuer or draft purchaser of a reasonable fee or discount.

(4) Other matters appropriately included in contracts with respect to the purchase of credit card drafts as may be agreed upon by the parties to the contract.

(c) The honoring of a credit card pursuant to subdivision (b) shall constitute payment of the tax as of the date the credit card is honored, provided the credit card draft is paid following its due
presentment to a card issuer or draft purchaser.

(d) The county shall impose a fee for the use of a credit card sufficient in amount to provide for the recovery of fees or discounts paid by the county under paragraph (3) of subdivision (b) and all other costs incurred by the county in providing for payment by credit. Fees imposed under this subdivision shall be approved by the board of supervisors.

(e) If any credit card draft is not paid following due presentment to a card issuer or draft purchaser or is charged back to the county for any reason, any record of payment made shall be null and void. Any receipt issued in acknowledgement of payment shall also be null and void. The obligation of the cardholder shall continue as an outstanding obligation as though no payment had been attempted.

(f) Upon notice of nonpayment of the credit card draft, the tax collector may charge the person who attempted the payment a fee not to exceed the costs of processing the draft, providing notice of nonpayment to that person, and making required cancellations on the tax roll. The amount of the fee shall be set by the board of supervisors pursuant to Section 54986 of the Government Code, and may be added to the tax bill and collected in the same manner as costs recovered pursuant to Section 2621. Fees imposed under this subdivision shall be approved by the board of supervisors.

SEC. 12. Section 2512 of the Revenue and Taxation Code is repealed.

SEC. 13. Section 2512.5 of the Revenue and Taxation Code is amended and renumbered to read:

2512. If a remittance to cover a payment required by law to be made to a taxing agency prior to a specified date and hour before being delinquent is deposited in the United States mail in a sealed envelope, properly addressed with the required postage prepaid, on the date the same becomes delinquent, the remittance shall be deemed received before delinquency on the date shown by the post office cancellation mark stamped upon the envelope containing the remittance or on the date it was mailed if proof satisfactory to the tax collector establishes that the mailing occurred on an earlier date. The taxing agency is not required to accept such a payment actually received in the mail if it is received more than 30 days after the date and time set by law for the payment.

SEC. 14. Section 2514 of the Revenue and Taxation Code is amended to read:

2514. (a) Upon receipt of a certificate of eligibility described in Section 20602, Section 20639.6, or Section 20640.6 signed by the claimant, the claimant’s spouse, or authorized agent appointed under regulations adopted by the Controller pursuant to Section 20603 or Section 20640.7, the tax collector shall ascertain whether the amount of money entered on the certificate by such claimant or agent, when added to other amounts available for such purpose, are sufficient to pay the amount due and owing.

If such is the case, the tax collector or his or her designee shall
countersign the certificate and mark the tax paid. Once signed and
countersigned, a certificate of eligibility shall be deemed a
negotiable instrument for purposes of all laws of this state, as
specified in subdivision (d) of Section 20602. Upon acceptance of
such a certificate:

(1) The tax collector shall enter the fact that taxes on the property
have been postponed in appropriate columns on the roll. In the case
of the secured roll, this information may be entered in that portion
of the roll which has been designated for tax default information
required by Section 3439.

(2) In the case of a certificate of eligibility issued pursuant to
Section 20602, the tax collector shall determine if the property
described in the certificate of eligibility is subject to a lien recorded
pursuant to Section 16182 of the Government Code. If the property
is not subject to such a lien, the tax collector shall enter the amount
paid by use of the certificate, the date of such payment, the
Controller's identification number shown on the certificate of
eligibility, the address of the property covered by the certificate, and
the name of the claimant as shown on the certificate on a "notice of
lien for postponed property taxes" form which shall be provided by
the Controller. The tax collector shall thereafter forward such notice
of lien form to the assessor.

(3) With respect to a claimant whose property taxes are paid by
a lender from an impound, trust, or other type of account described
in Section 2954 of the Civil Code, the tax collector shall notify the
auditor of the claimant's name and address, and the amount of
money entered on the certificate.

The auditor, treasurer, or disbursing officer shall send a check in
the amount of money entered on the certificate to said claimant
within 30 days following the date on which the installment is paid by
the lender or the certificate of eligibility is received from the
claimant, whichever is later.

(b) The procedures established by this chapter shall not be
construed to require a lender to alter the manner in which a lender
makes payment of the property taxes of such claimant.

SEC. 15. Section 2611.4 of the Revenue and Taxation Code is
amended to read:

2611.4. Any county department, officer or employee may refrain
from collecting any tax, assessment, penalty or cost, license fees or
money owing to the county where the amount to be collected is
twenty dollars ($20) or less. Nothing in this section shall be construed
as releasing any person from the payment of any tax, assessment,
penalty or cost, license fee or any other money which is due and
owing to the county.

SEC. 16. Section 2616 of the Revenue and Taxation Code is
amended to read:

2616. Not less than once every 12 months and on dates approved
by the auditor, the tax collector shall account to the auditor for all
moneys collected during the preceding reporting period. On the
same day he or she shall file with the auditor a statement under oath, showing that all money collected by him or her has been paid as required by law.

Not less than once every 12 months and on dates approved by the auditor, the tax collector shall file with the auditor a statement under oath, showing an itemized account of all his or her transactions and receipts since his or her last settlement.

In counties using a mechanized management reporting system in reporting information for a uniform four-week period, the board of supervisors, by ordinance, may provide for the duties required by this section to be performed on a corresponding uniform four-week period.

SEC. 17. Section 2823 of the Revenue and Taxation Code is amended to read:

2823. The county assessor shall determine a separate valuation on the parcel, and shall determine the valuation of the remaining parcel. The sum of the valuations of the parcels shall equal their total valuation before separation.

A separate valuation shall not be made of any parcel covered by a subdivision map filed for record after the lien date immediately preceding the current fiscal year. In connection with the recording of a final subdivision map a segregation may nevertheless be made so as to include all of the land within the subdivision in a single parcel.

A separate valuation shall not be made dividing any piece of property separately assessed in the original assessment into more than four parcels. However, this prohibition shall not apply in any county in which the board of supervisors so provides in an ordinance adopted by a majority vote of the board.

With respect to nonresidential subdivisions, without regard to the number of parcels involved, which are covered by special assessment liens the bonds for which are owned by a county, the board of supervisors of that county may authorize the county assessor, auditor, and tax collector to prorate the amounts for past due property taxes and assessment liens, plus any interest and penalties that may have accrued thereon, among the various parcels in the subdivision. Notwithstanding any other provision of law, the tax collector may then enter into an installment payment agreement with respect to the pending subdivision map and thereupon the agreement shall be deemed the equivalent of a certificate pursuant to Section 66492 of the Government Code for purposes of permitting the filing of the final map and shall be recorded together with the final map, provided that the past due property taxes, assessment liens, and the special assessment lien shall not be discharged of record by the agreement, but shall be prorated among the parcels created by the final map.

If the application requested that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests be allowed to remain as a lien on the parcel sought to be separately valued, and the assessor determines that the value of the
parcel is sufficient to secure the payment of the tax, the assessor shall set forth the value of such personal property, or leasehold improvements, or possessory interests opposite the assessor’s determination of the value of the parcel.

SEC. 18. Section 2906 of the Revenue and Taxation Code is repealed.

SEC. 19. Section 2907 of the Revenue and Taxation Code is repealed.

SEC. 20. Section 2908 of the Revenue and Taxation Code is repealed.

SEC. 21. Section 2908.3 of the Revenue and Taxation Code is repealed.

SEC. 22. Section 2921.5 of the Revenue and Taxation Code is amended to read:

2921.5. (a) Except as provided in subdivision (b), taxes, penalties, and costs on unsecured property as defined in subdivision (b) of Section 134, shall be transferred from the “secured roll” to the “unsecured roll” of the corresponding year by the county auditor on order of the board of supervisors with the written consent of the county legal advisor pursuant to Article 5 (commencing with Section 5081) of Chapter 4 of Part 9 at the same time the taxes are canceled on the property, and shall be collected in the same manner as other delinquent taxes on the “unsecured roll.” Amounts transferred pursuant to this subdivision shall continue to be subject to delinquent penalties until the amounts are paid, and are collectible from either the person from whom the property was acquired or the public entity that acquired the property.

(b) No delinquent penalty shall attach to taxes transferred pursuant to subdivision (a), except to those taxes which carried delinquent penalty on the secured roll at the time the property involved was acquired by a public entity.

SEC. 23. Section 3436 of the Revenue and Taxation Code is amended to read:

3436. At 12:01 a.m. on July 1, the taxes, assessments, penalties, and costs on real property except tax-defaulted property and possessory interests, which have not been paid shall be declared in default.

SEC. 24. Section 3437 of the Revenue and Taxation Code is amended to read:

3437. The amount due on any property may be paid until the close of business on June 30 if it was separately valued on the secured roll. If June 30 falls on a Saturday, or legal holiday, and payment is received by the close of business on the next business day, redemption penalties shall not attach.

SEC. 25. Section 3446 of the Revenue and Taxation Code is amended to read:

3446. (a) Where the abstract list or other system of control in a county obviates the need for the detailed statement required under Section 3440 and the transmittal of redemption certificates and
notices to the Controller with respect to tax-defaulted property under Sections 4106 and 4803, the Controller may:

(1) Authorize the tax collector to transmit to the Controller in lieu of the detailed statement required under Section 3440, a summary statement following the declaration of default setting forth the time, the date, number of tax-defaulted parcels, dates of publication of delinquent list and notice of impending default, and other appropriate information.

(2) Authorize the tax collector to transmit to the Controller prior to the notice to the Controller of power to sell a detailed list of the tax-defaulted properties which remain unredeemed, the dates and forms of which the Controller shall prescribe.

(b) Where the abstract list or other system of control obviates the need for transmittal of redemption certificates to the Controller, the Controller may authorize the tax collector to discontinue the transmittal of redemption certificates and notices to the Controller under Sections 4106 and 4803.

SEC. 26. Section 3448 of the Revenue and Taxation Code is amended to read:

3448. Where the system of control in the county no longer is operative or is found by the Controller to be inadequate, or where the tax collector fails to comply with the requirements of Section 3446, the authorizations may be rescinded by the Controller 30 days after notice is mailed to the tax collector. Upon rescission of the authorization, the tax collector shall furnish the Controller, in the same form as prescribed under Section 3440, a complete list of all tax-defaulted properties which remained unredeemed on the effective date of such rescission, and the tax collector shall, from and after the effective date of the rescission, transmit to the Controller all the redemption certificates provided for under Section 4106.

SEC. 27. Section 3692 of the Revenue and Taxation Code is amended to read:

3692. (a) The tax collector shall attempt to sell tax-defaulted property as provided in this chapter within four years of the time that the property becomes subject to sale for nonpayment of taxes unless by other provisions of law the property is not subject to sale. If there are no acceptable bids at the attempted sale, the tax collector shall with the approval of the Controller attempt to sell the property at intervals of no more than six years until the property is sold.

(b) When oil, gas, or mineral rights are subject to sale for nonpayment of taxes, the tax collector may offer the interest at minimum bid to the holders of outstanding interests where the interest subject to sale is a partial interest or, where the interest subject to sale is a complete and undivided interest, to the owner or owners of the property to which the oil, gas, or mineral rights are appurtenant.

(c) When parcels which are rendered unusable by their size, location or other conditions are subject to sale for nonpayment of taxes, the tax collector may offer the parcel at a minimum bid to
owners of contiguous parcels.

(d) Sealed bid sale procedures shall be used when offers are made pursuant to subdivision (b) or (c), and the property shall be sold to the highest eligible bidder. The offers shall remain in effect for 30 days or until notice is given pursuant to Section 3702, whichever is later.

SEC. 28. Section 3804 of the Revenue and Taxation Code is amended to read:

3804. (a) If any portion of the property is not so redeemed, the tax collector shall, without charge, execute to the purchaser a deed of the property as to which either:

(1) The agreement provides that no payment is to be made by the purchaser, or

(2) There has been paid the purchase price in compliance with the terms of the agreement.

(b) The tax collector shall promptly deliver the deed described in subdivision (a) to the county recorder for recordation and shall send a conformed copy of that deed to the Controller. The recorder shall record the deed and prepare necessary conformed copies without charge.

SEC. 29. Section 3804.2 of the Revenue and Taxation Code is amended to read:

3804.2. If a deed to the purchaser contains a clerical error or misstatement of fact, a corrected deed shall be issued by the tax collector and recorded with the county recorder without charge. The new deed shall contain a statement of reasons for its issuance and, as far as practical, shall be the same as the original except where corrected. The tax collector shall send a conformed copy of the new deed to the Controller.

SEC. 30. Section 4102 of the Revenue and Taxation Code is amended to read:

4102. The amount necessary to redeem shall be paid in lawful money of the United States and is the sum of the following:

(a) The total amount of all prior year defaulted taxes.

(b) Delinquent penalties and costs.

(c) Redemption penalties.

(d) A redemption fee of one dollar and fifty cents ($1.50) on each separately valued parcel tax defaulted after June 13, 1947, and prior to June 13, 1969. A redemption fee of two dollars ($2) on each separately valued parcel tax defaulted after June 12, 1969, and prior to January 1, 1979. A redemption fee of five dollars ($5) on each separately valued parcel tax defaulted after January 1, 1979, and prior to January 1, 1984, and a redemption fee of fifteen dollars ($15) on and after that date. 4103. Redemption penalties are the sum of the following:

(a) Beginning July 1st of the year of the declaration of tax default,
on the declared amount of defaulted taxes at the rate of 1¼ percent a month to the time of redemption. If the last day of any month falls on a Saturday, Sunday, or legal holiday, the additional penalty of 1¼ percent shall attach after the close of business on the next business day.

(b) Beginning July 1st of each subsequent year, on the unpaid taxes for which the property would have been declared in default if there had not been a previous declaration, 1¼ percent a month to the time of redemption. If the last day of any month falls on Saturday, Sunday, or a legal holiday, the additional penalty of 1¼ percent shall attach after 5 p.m. on the next business day.

(b) Not less than once every 12 months and on dates approved by the auditor, the tax collector shall file with the auditor a statement under oath within six months after the close of each month’s business showing an itemized account of all his or her transactions and receipts under this part including the amount collected for each fund or district extended on the roll for such month.

The amounts charged to the tax collector shall be reduced accordingly.

SEC. 33. Section 4656.4 of the Revenue and Taxation Code is amended to read:

However, no interest shall be paid under the provisions of this section if the taxpayer has been given the notice required by Section 2635 and has failed to apply for the refund within 30 days after the mailing of that notice. For purposes of this section, "county pooled apportioned rate" means the annualized rate of interest earned on the total amount of pooled idle funds from all accounts held by the county treasurer, in excess of the county treasurer's administrative costs with respect to that amount, as of June 30 of the preceding fiscal year for which the refund was calculated.

Interest allowed under this section shall be computed using whichever of the following periods provides the longest period:

(d) Forty-five days following the filing of a claim for refund until the refund is paid.

The interest charged shall be apportioned to the appropriate funds, as determined by the county auditor.

SEC. 36.5. Section 5832 of the Revenue and Taxation Code is amended to read:

5832. (a) (1) Upon application and the payment of any applicable fee, the county tax collector shall issue a tax clearance certificate or a conditional tax clearance certificate. The tax collector shall not charge a fee for the first issuance of a certificate with respect to a manufactured home, but shall charge a fee for the issuance of any subsequent certificate with respect to that manufactured home in an amount equal to the actual costs of preparing and processing that certificate.

(2) Any tax clearance certificate issued shall be used to permit registration of used manufactured homes and for any other purposes which may be prescribed by the Controller. The certificate may indicate that the county tax collector finds that no local property tax is due or is likely to become due, or that any applicable local property taxes have been paid or are to be paid in a manner not requiring the withholding of registration or the transfer of registration.

(3) Any conditional tax clearance certificate issued shall indicate that the county tax collector finds that a tax liability exists, the amount due, and the final date that amount may be paid before a
further tax liability is incurred. The certificate shall be in such form as the Controller may prescribe, and shall be executed, issued, and accepted for clearance of registration or permit issuance on the conditions which the Controller may prescribe.

(b) Within five working days of receipt of the written demand for a conditional tax clearance certificate or tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or tax clearance certificate, showing no tax liability exists, to the requesting escrow officer. In the event the final due date of the tax clearance certificate or conditional tax clearance certificate expires within 30 days of the date of its issuance, an additional conditional tax clearance certificate or tax clearance certificate shall be completed, which has a final due date of at least 30 days beyond the date of issuance.

(c) If the tax collector fails to comply with the demand within 30 days from the date the demand is mailed, the escrow officer may close the escrow in accordance with the provisions of subdivision (m) of Section 18035 of the Health and Safety Code.

(d) Notwithstanding any provisions of law requiring the tax collector to issue a tax clearance certificate or conditional tax clearance certificate within a specified period of time, when an escrow information demand is made pursuant to Section 18035 of the Health and Safety Code for a manufactured home that has not been enrolled in the county, the tax collector shall be afforded the number of working days necessary for the assessor to determine the value of the manufactured home and for the auditor to extend tax liability.

(e) The issuance, alteration, forgery, or use of any tax clearance certificate or conditional certificate in a manner contrary to the requirements of the Controller constitutes a misdemeanor.

SEC. 37. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
An act to amend Sections 20208, 21330.1, 21333, 21334, 21339, 21360.1, and 21365.7 of the Government Code, relating to the Public Employees’ Retirement System.

[Approved by Governor August 18, 1992. Filed with Secretary of State August 18, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 20208 of the Government Code is amended to read:

20208. (a) Whenever a person entitled to payment of a member’s accumulated contributions or any other benefit fails to claim the payment or cannot be located or a warrant in payment is canceled pursuant to Section 17070 of this code, the amount owed from the retirement fund shall be administered in accordance with subdivision (c).

(b) Whenever the amount of a benefit payable by this system cannot be determined because the recipient cannot be identified or information necessary to determination of the benefit to be paid cannot be ascertained, the accumulated contributions of the member on whose account the benefit is payable shall be administered in accordance with subdivision (c).

(c) Notwithstanding any provision of law to the contrary, the amounts described in subdivisions (a) and (b) shall be held, or if a warrant has been drawn the warrant shall be redeposited in the retirement fund and held for the claimant without further accumulation of interest, and the redeposit shall not operate to reinstate the membership of the person with respect to whose membership the refund or benefit was payable in this system. If the proceeds, whether heretofore or hereafter redeposited, are not claimed within four years after the date of redeposit, they shall revert to and become a part of the reserve established pursuant to Section 20203. Transfer to this reserve shall be made as of the June 30th next following the expiration of the four-year period.

The board may at any time after transfer of proceeds to the described reserve upon receipt of proper information satisfactory to it, return such proceeds so held in reserve to the credit of the claimant, to be administered in the manner provided under this system.

(d) For lump-sum death benefits administered in accordance with subdivision (c), where this system has made a diligent effort to identify or locate the person entitled to payment and that person cannot be found, payment may be made to the next entitled beneficiary or beneficiaries, upon receipt of valid claims, if two years have passed since the date of death. Payment made by this system in good faith and in reliance on those claims, notwithstanding that
it may fail to discover a person otherwise entitled to share in the benefits, shall constitute a complete discharge and release of the system for further liability for the benefits.

SEC. 2. Section 21330.1 of the Government Code is amended to read:

21330.1. The board may select an optional settlement under this article on behalf of the surviving spouse of a member who applied for retirement but who died prior to the mailing of a retirement allowance warrant and prior to an election in accordance with this article, if all of the following conditions are met:

(a) The application for retirement was received by the system, prior to the date of death.

(b) The document containing the application for retirement received by the system did not provide for a temporary election of the optional settlement 2.

(c) The deceased member had separated from state service at least one day prior to the effective date of retirement.

(d) The deceased member was alive on the effective date of retirement.

(e) The beneficiary designated on the application for retirement is the surviving spouse who requests in writing that the board make such a selection. Upon formal action by the board approving such a request, the request shall become irrevocable.

A retirement allowance provided in accordance with this section shall be calculated as if the member had elected Section 21336.

SEC. 3. Section 21333 of the Government Code is amended to read:

21333. Optional settlement 2 consists of the right to have a retirement allowance paid a member until his or her death and thereafter to his or her beneficiary for life.

If the beneficiary predeceases the member and the member elected this section to be effective on or after January 1, 1990, the member's allowance shall be adjusted effective the first of the month following the death of the beneficiary, to reflect the benefit which would have been paid had the member not selected an optional settlement.

If a nonspouse beneficiary waives entitlement to this allowance and the member elected this section to be effective on or after January 1, 1993, the member's allowance shall be adjusted effective the first of the month following the receipt of the waiver of the allowance entitlement from the nonspouse beneficiary to reflect the benefit which would have been paid had the member not selected an optional settlement.

If the beneficiary spouse predeceases the member on or after January 1, 1990, and the member elected this section to be effective prior to January 1, 1990, the member's allowance shall be adjusted effective the first of the month following the death of the beneficiary spouse to reflect a new allowance as calculated below.

If the nonspouse beneficiary waives entitlement to this allowance
on or after January 1, 1993, and the member elected this section to be effective prior to January 1, 1993, the member's allowance shall be adjusted, effective the first of the month following receipt by the board of the waiver of entitlement from the nonspouse beneficiary, to reflect a new allowance as calculated below.

A percentage factor shall be applied to the difference between the member's unmodified allowance and optional settlement 2 allowance, both of which shall include applicable cost-of-living increases. The product of this equation shall then be added to the member's optional settlement 2 allowance and the total amount shall become the member's base allowance. The percentage factor applicable to each member shall be determined by the time between the member's retirement effective date and the date of death of the beneficiary spouse or by the time between the member's effective date and the date of the receipt of the waiver of the allowance entitlement according to the following table:

SEC. 4. Section 21334 of the Government Code is amended to read:

21334. Optional settlement 3 consists of the right to have a retirement allowance paid a member until his or her death, and thereafter to have one-half of his or her retirement allowance paid to his or her beneficiary for life.

If the beneficiary predeceases the member and the member elected this section to be effective on or after January 1, 1990, the member's allowance shall be adjusted effective the first of the month following the death of the beneficiary, to reflect the benefit which would have been paid had the member not selected an optional settlement.

If a nonspouse beneficiary waives entitlement to this allowance and the member elected this section to be effective on or after
January 1, 1993, the member's allowance shall be adjusted, effective the first of the month following the receipt of the waiver of the allowance entitlement from the nonspouse beneficiary, to reflect the benefit which would have been paid had the member not selected an optional settlement.

If the beneficiary spouse predeceases the member on or after January 1, 1990, and the member elected this section to be effective prior to January 1, 1990, the member's allowance shall be adjusted effective the first of the month following the death of the beneficiary spouse to reflect a new allowance as calculated below.

If the nonspouse beneficiary waives entitlement to this allowance on or after January 1, 1993, and the member elected this section to be effective prior to January 1, 1993, the member's allowance shall be adjusted, effective the first of the month following receipt by the board of the waiver of entitlement from the nonspouse beneficiary, to reflect a new allowance as calculated below.

A percentage factor shall be applied to the difference between the member's unmodified allowance and optional settlement 3 allowance, both of which shall include applicable cost-of-living increases. The product of this equation shall then be added to the member's optional settlement 3 allowance and the total amount shall become the member's base allowance. The percentage factor applicable to each member shall be determined by the time between the member's retirement effective date and the date of death of the beneficiary spouse or by the time between the member's effective date and the date of the receipt of the waiver of the allowance entitlement according to the following table:

SEC. 5. Section 21339 of the Government Code is amended to read:

21339. Notwithstanding any other provision of this part, a
member who elected to receive optional settlement 2, 3, or 4, involving a life contingency of the beneficiary, may, if the beneficiary predeceases the member or if the member marries and the former spouse was not named as beneficiary, or, if a former spouse was named, in the event of a dissolution or annulment of the marriage or a legal separation in which the judgment dividing the community property awards the total interest in the retirement system to the retired member, elect to have the actuarial equivalent reflecting any selection against the fund resulting from the election as of the date of election of the allowance payable for the remainder of the member's lifetime under the optional settlement previously chosen applied to a lesser allowance during the member's remaining lifetime under one of the optional settlements specified in this article and name a different beneficiary. The election shall be made within 12 months following the death of the beneficiary who predeceased the member or within 12 months of the date of entry of the judgment dividing the community property of the parties, or within 12 months following marriage if the spouse is named as beneficiary, or, in the case of a member who experienced one of these qualifying events prior to January 1, 1988, the election shall be made by January 1, 1989. The election shall become effective on the date specified on the election, provided that this date is not earlier than the day following receipt of the election in the system pursuant to this section.

A member who has a qualifying event prior to January 1, 1988, and who fails to elect by January 1, 1989, or a member who has a qualifying event on or after January 1, 1988, and who fails to elect within 12 months, shall retain the right to make an election under this section. However, this election shall become effective no earlier than 12 months after the date it is filed with the board, provided that neither the member nor the designated beneficiary die prior to the effective date of the election.

This section shall not be construed to mean that designation of a new beneficiary causes the selection of an optional settlement. An optional settlement shall be selected by a member in a writing filed by the member with the board.

SEC. 6. Section 21360.1 of the Government Code is amended to read:

21360.1. If a member dies on or after the effective date of retirement and prior to the mailing of a retirement allowance warrant and if the member has elected an optional settlement 2 or 3 or an optional settlement 4 involving payment of an allowance throughout the life of the beneficiary, or the member elected the unmodified allowance or optional settlement 1 and if a partially continued retirement allowance under Sections 21263 to 21263.6, inclusive, is payable, the death shall be considered to be death after retirement and the applicable benefits shall be payable.

However, if the beneficiary designated on the election for retirement is either (1) the surviving unmarried minor child or children of the member and there is no surviving spouse eligible for
a partially continued retirement allowance under Sections 21263 to
21263.6, inclusive, or (2) the surviving spouse of the member, the
surviving spouse so named or the legal representative of the minor
child or children so named may elect to receive benefits which would
have been payable had the death occurred under the conditions of
Section 21360. Except as provided in Section 21330.1, nothing in this
part permits a surviving spouse, surviving children, or any person
other than a member to elect an optional settlement.

SEC. 7. Section 21365.7 of the Government Code is amended to
read:

21365.7. When a member, who is eligible to retire and who has
attained the minimum age for voluntary service retirement
applicable to him or her in his or her last employment preceding
death, dies in circumstances in which the basic death benefit is
payable other than solely upon the basis of membership in a county
retirement system or a retirement system maintained by the
university, and when the member has made a preretirement
election of the benefits provided by Section 21365.5 for his or her
surviving spouse and, if none, for any eligible surviving children or
Section 21365.6, if payable, for his or her surviving spouse, and the
designated spouse or children survive the member, a monthly
allowance equal to the amount provided by the elected benefit shall
be payable to the designated spouse or children.

No benefit is payable under this section if the special death benefit
is payable.

The allowance provided by this section shall be paid in lieu of the
basic death benefit, but a person or the guardian of a person,
designated for the allowance may elect, before the first payment on
account of it, to receive the basic death benefit in lieu of the
allowance.

If the accrued allowance paid under this section is less than the
basic death benefit payable, any such balance shall be paid as a lump
sum to the remarried spouse; if there is no remarried spouse, then
to the surviving children of the member, share and share alike; if
there is no remarried spouse and no surviving children, then to the
estate of the person last entitled.

This section shall apply only to a member whose death occurs on
or after January 1, 1990.

As used in this section, “a surviving spouse” means a husband or
wife who was married to the member for a continuous period
beginning at least one year prior to his or her death. “Children”
means unmarried children under age 18, until they reach age 18 or
marry prior to age 18.

Nothing in this section is intended to, or shall be construed to,
diminish any rights conferred by Section 21365.5 or 21365.6 or by any
other provision of this part.

Reasonable attorney’s fees awarded pursuant to this section shall be fixed by the court in an amount that shall not exceed the lesser of six hundred sixty dollars ($660) or 25 percent of the principal obligation owing under the contract. If a party is found to have no obligation owing on a book account, the court shall award that party reasonable attorney’s fees not to exceed six hundred sixty dollars ($660). These attorney’s fees shall be an element of the costs of the suit.

If there is a written agreement between the parties signed by the person to be charged, the fees provided by this section shall not be imposed unless that agreement contains a statement that the prevailing party in any action between the parties is entitled to the fees provided by this section.

This section does not apply to any action in which an insurance company is a party nor shall an insurance company, surety, or guarantor be liable under this section, in the absence of a specific contractual provision, for the attorney’s fees and costs awarded a prevailing party against its insured.

This section does not apply to any action in which a bank, a savings association, a federal association, a state or federal credit union, or a subsidiary, affiliate, or holding company of any of those entities, or an authorized industrial loan company, a licensed consumer finance lender, or a licensed commercial finance lender, is a party.

22455.5. (a) Except for a rebate or refund pursuant to any administrative, civil, or criminal action, or any act of the commissioner, a rebate or refund required to be made upon payment in full of a loan pursuant to this division need not be made if the aggregate of all rebates or refunds required in connection with a loan is less than one dollar ($1).
(b) No licensee shall contract for or receive any payment required in connection with a loan for the purpose of avoiding a rebate or refund of less than one dollar ($1).

SEC. 4. Section 22465.5 of the Financial Code is amended to read:

22465.5. (a) This section applies to a loan secured in whole or in part by a lien on a motor vehicle as defined by subdivision (k) of Section 2981 of the Civil Code.

(b) In the absence of default in the performance of any of the borrower's obligations under the loan, the licensee may not accelerate the maturity of any part or all of the amount due thereunder or repossess the motor vehicle.

(c) If, after default by the borrower, the licensee repossesses or voluntarily accepts surrender of the motor vehicle, any person liable on the loan shall have a right to reinstate the loan and the licensee shall not accelerate the maturity of any part or all of the loan prior to the expiration of the right to reinstate, unless the licensee reasonably and in good faith determines that:

(1) The borrower or any other person liable on the loan by omission or commission intentionally provided false or misleading information of material importance on his or her credit application.

(2) The borrower or any other person liable on the loan in order to avoid repossession has concealed the motor vehicle or removed it from the state.

(3) The borrower or any other person liable on the loan has committed or threatens to commit acts of destruction, or has failed to take care of the motor vehicle in a reasonable manner, so that the motor vehicle has or may become substantially impaired in value.

(d) Exercise of the right to reinstate the loan shall be limited to once in any 12-month period and twice during the term of the loan.

(e) The provisions of this subdivision shall govern the method by which a loan shall be reinstated with respect to curing events of default which were a ground for repossession or occurred subsequent to repossession.

(1) Where the default is the result of the borrower’s failure to make any payment due under the loan, the borrower or any other person liable on the loan shall make the defaulted payments and pay any applicable delinquency charges.

(2) Where the default is the result of the borrower’s failure to keep and maintain the motor vehicle free from all encumbrances and liens of every kind, the borrower or any other person liable on the loan shall either satisfy all the encumbrances and liens or, in the event the licensee satisfies the encumbrances and liens, the borrower or any other person liable on the loan shall reimburse the licensee for all reasonable costs and expenses incurred therefor.

(3) Where the default is the result of the borrower’s failure to keep and maintain insurance on the motor vehicle, the borrower or any other person liable on the loan shall either obtain the insurance or, in the event the licensee has obtained the insurance, the borrower or any other person liable on the loan shall reimburse the licensee
for premiums paid and all reasonable costs and expenses incurred therefor.

(4) Where the default is the result of the borrower's failure to perform any other obligation under the loan, unless the licensee has made a good faith determination that the default is so substantial as to be incurable, the borrower or any other person liable on the loan shall reimburse the licensee for all reasonable costs and expenses incurred therefor.

(5) Additionally, the borrower or any other person liable on the loan shall reimburse the licensee for actual fees in an amount not exceeding the amount specified in subdivision (f) of Section 22005 paid in connection with the repossession of a motor vehicle to a repossession agency licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code.

(f) If the licensee denies the right to reinstatement under subdivision (c) or paragraph (4) of subdivision (e), the licensee shall have the burden of proof that the denial was justified in that it was reasonable and made in good faith. If the licensee fails to sustain the burden of proof, the licensee shall not be entitled to a deficiency.

SEC. 5. Section 22472 of the Financial Code is amended to read:

22472. This article does not prohibit any licensee from contracting for, collecting, or receiving the following:

SEC. 6. Section 22508 of the Financial Code is amended to read:

22508. In lieu of subdivision (a) of Section 22473, with respect to open end loans, except in the case of an account which the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charge determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System (12 C.F.R. 226), the balance on which the finance charge was computed, the closing date
of the billing cycle, the outstanding balance on that date, and the
minimum monthly payment required in the absence of any
additional advance. If there has been any change in the nature of the
security for the loan since the next preceding advance, the statement
shall contain or be accompanied by a statement of the nature of the
security for the loan after that change.

This section does not apply to any open end loan of a bona fide
principal amount of ten thousand dollars ($10,000) or more as
determined in accordance with Section 22517.

open end loan if notice is given to the borrower in accordance with
subsection (c) of Section 226.9 of Regulation Z promulgated by the
Board of Governors of the Federal Reserve System (12 C.F.R. 226).

This section does not apply to any open end loan of a bona fide
principal amount of ten thousand dollars ($10,000) or more as
determined in accordance with Section 22517.

SEC. 8. Section 22517 of the Financial Code is amended to read:
22517. (a) Any section which refers to this section or which is
subject to Section 22054 does not apply to any open end loan of the
bona fide principal amount specified in the regulatory ceiling
provision of that section or more or to a duly licensed personal
property broker in connection with any such loan if that provision
is not used for the purpose of evading this division.

(b) In determining whether an open end loan is an open end loan
of a bona fide principal amount specified in any section in this
division or more and whether the regulatory ceiling provision of that
section is used for the purpose of evading this division, the open end
loan shall be deemed to be for that amount or more if both the
following criteria are met:

(1) The line of credit is equal to or more than the specified
amount.

(2) The initial advance was equal to or more than the specified
amount.

(c) A subsequent advance of money of less than the specified
amount pursuant to the open end loan agreement between a
borrower and a licensed personal property broker shall be deemed
to be a loan of a principal amount of the specified amount if the
criteria of paragraphs (1) and (2) of subdivision (b) have been met,
even though the actual unpaid balance after the advance or at any
other time is less than the specified amount.

SEC. 9. Section 24007.5 of the Financial Code is amended to read:
24007.5. "Consumer loan" means a loan, whether secured by
either real or personal property, or both, or unsecured, the proceeds
of which are intended by the borrower for use primarily for personal,
family or household purposes. For purposes of determining whether
a loan is a consumer loan, the lender may rely on any written
statement of intended purposes signed by the borrower. The
statement may be a separate statement signed by the borrower or
may be contained in a loan application or other document signed by the borrower. The lender shall not be required to ascertain that the proceeds of the loan are used in accordance with the statement of intended purposes. Nothing in this section shall authorize the taking of real property as security where the principal of the loan amount is less than five thousand dollars ($5,000).

SEC. 10. Section 24455.5 is added to the Financial Code, to read:

24455.5. (a) Except for a rebate or refund pursuant to any administrative, civil, or criminal action, or any act of the commissioner, a rebate or refund required to be made upon payment in full of a loan pursuant to this division need not be made if the aggregate of all rebates or refunds required in connection with a loan is less than one dollar ($1).

(b) No licensee shall contract for or receive any payment required in connection with a loan for the purpose of avoiding a rebate or refund of less than one dollar ($1).

(c) If, after default by the borrower, the licensee repossesses or voluntarily accepts surrender of the motor vehicle, any person liable on the loan shall have a right to reinstate the loan and the licensee shall not accelerate the maturity of any part or all of the loan prior to the expiration of the right to reinstate, unless the licensee reasonably and in good faith determines that:

(1) The borrower or any other person liable on the loan by omission or commission intentionally provided false or misleading information of material importance on his or her credit application.

(2) The borrower or any other person liable on the loan in order to avoid repossession has concealed the motor vehicle or removed it from the state.

(3) The borrower or any other person liable on the loan has committed or threatens to commit acts of destruction, or has failed to take care of the motor vehicle in a reasonable manner, so that the motor vehicle has or may become substantially impaired in value.

(d) Exercise of the right to reinstate the loan shall be limited to once in any 12-month period and twice during the term of the loan.

(e) The provisions of this subdivision shall govern the method by which a loan shall be reinstated with respect to curing events of default which were a ground for repossession or occurred subsequent to repossession.

(1) Where the default is the result of the borrower's failure to make any payment due under the loan, the borrower or any other
person liable on the loan shall make the defaulted payments and pay any applicable delinquency charges.

(2) Where the default is the result of the borrower's failure to keep and maintain the motor vehicle free from all encumbrances and liens of every kind, the borrower or any other person liable on the loan shall either satisfy all the encumbrances and liens or, in the event the licensee satisfies the encumbrances and liens, the borrower or any other person liable on the loan shall reimburse the licensee for all reasonable costs and expenses incurred therefor.

(3) Where the default is the result of the borrower's failure to keep and maintain insurance on the motor vehicle, the borrower or any other person liable on the loan shall either obtain the insurance or, in the event the licensee has obtained the insurance, the borrower or any other person liable on the loan shall reimburse the licensee for premiums paid and all reasonable costs and expenses incurred therefor.

(4) Where the default is the result of the borrower's failure to perform any other obligation under the loan, unless the licensee has made a good faith determination that the default is so substantial as to be incurable, the borrower or any other person liable on the loan shall reimburse the licensee for all reasonable costs and expenses incurred therefor.

(5) Additionally, the borrower or any other person liable on the loan shall reimburse the licensee for actual fees in an amount not exceeding the amount specified in subdivision (f) of Section 24005 paid in connection with the repossession of a motor vehicle to a repossession agency licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code.

(f) If the licensee denies the right to reinstatement under subdivision (c) or paragraph (4) of subdivision (e), the licensee shall have the burden of proof that the denial was justified in that it was reasonable and made in good faith. If the licensee fails to sustain the burden of proof, the licensee shall not be entitled to a deficiency.

SEC. 12. Section 24472 of the Financial Code is amended to read:

24472. This article does not prohibit any licensee from contracting for, collecting, or receiving the following:

CHAPTER 534

An act to amend Sections 5801, 5810, and 5812 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor August 20, 1992 Filed with Secretary of State August 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 5801 of the Welfare and Institutions Code is amended to read:

5801. (a) The State Department of Mental Health shall contract with one or more counties for at least one, but not more than three, county demonstration projects to develop and implement the model adult and senior county interagency mental health service system beginning July 1, 1989, and ending June 30, 1995.

(b) The State Department of Mental Health shall adopt as part of its overall mission for the proposed demonstration projects the development of community-based, county interagency systems of mental health care for seriously mentally disordered adults and seniors that result in the highest benefit to the client, family, and community while ensuring that the public sector meets its legal responsibility and fiscal liability at the lowest possible cost. The underlying philosophy for these systems of care includes the following:

1. Mental health care is a basic human service, no less so than food and shelter programs, adult protective services, medical care, education, or vocational training.

2. Seriously mentally disordered adults and seniors are citizens of a community with all the rights, privileges, opportunities, and responsibilities accorded other citizens.

3. Seriously mentally disordered adults and seniors usually have multiple disorders and disabling conditions and should have the highest priority for mental health services.

4. Seriously mentally disordered adults and seniors should have an interagency network of services with multiple points of access and be assigned a single person or team to be responsible for all treatment, case management, and community support services.

5. The client should be fully informed and volunteer for all treatment provided, unless danger to self or others or grave disability requires temporary involuntary treatment.

6. Clients and families should directly participate in making decisions about services and resource allocations that affect their
lives.

(7) People in local communities are the most knowledgeable regarding their particular environments, issues, service gaps and strengths, and opportunities.

(8) State and county government agencies each have responsibilities and fiscal liabilities for seriously mentally disordered adults and seniors.

(9) Mental health services should be responsive to the unique needs, among the seriously mentally disordered, of minority and ethnic groups, elderly persons, and people with multiple disorders.

(10) For the majority of seriously mentally disordered adults and seniors, treatment is best provided in the client's natural setting in the community. Treatment, case management, and community support services should be designed to prevent inappropriate removal from the natural environment to more restrictive and costly placements.

(11) Mental health systems of care shall have measurable goals and be fully accountable by providing measures of client outcomes and cost of services.

(c) Notwithstanding subdivision (a), if the Director of Mental Health determines prior to June 30, 1993, that a project is unsuccessful pursuant to the client and cost outcomes specified in Section 5834, the department may terminate the contract as of that date.

SEC. 2. Section 5810 of the Welfare and Institutions Code is amended to read:

5810. (a) The State Department of Mental Health shall establish at least two, but not more than six, pilot integrated service agencies for the seriously mentally disordered beginning July 1, 1989, and ending June 30, 1995, hereafter referred to in this part as pilot agencies.

(b) Notwithstanding subdivision (a), if the Director of Mental Health determines prior to June 30, 1993, that a project is unsuccessful pursuant to the client and cost outcomes specified in Section 5834, the department may terminate the agency as of that date. If one or more of the projects continues beyond June 30, 1993, the director may continue the independent evaluation of client and cost outcomes of these projects.

SEC. 3. Section 5812 of the Welfare and Institutions Code is amended to read:

5812. (a) Any public or private agency, organization, or corporation, including a county, may respond to the request for proposals and be considered as a contractor to operate a pilot agency. Two or more counties, agencies, organizations, or corporations may respond jointly. A pilot agency or its satellite shall be located within a reasonable distance to its members.

(b) The director shall award contracts effective July 1, 1989, to implement the pilot agencies. Each contract shall ensure that the number of persons in the pilot agencies remain constant and that the
population served meets the criteria established in this part. No pilot agency shall serve more than 200 clients or fewer than 100 clients. (c) (1) Contracts entered into pursuant to this part shall start July 1, 1989, and end June 30, 1995. (2) Notwithstanding paragraph (1) if the Director of Mental Health determines prior to June 30, 1993, that a project is unsuccessful, the department may terminate the contract as of that date.

CHAPTER 535

An act relating to transportation.

[Approved by Governor August 20, 1992. Filed with Secretary of State August 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature that the Department of Transportation adopt and implement a policy for the reimbursement of claimants receiving an allocation under any of the programs specified in subdivision (b), in accordance with all of the following: (1) The policy shall require the department to pay the invoice within 10 days of receiving the invoice. (2) In the case of a disputed invoice, the policy shall require the dispute to be resolved within 20 days and shall authorize the department to deduct any adjustment in the amount to be reimbursed from subsequent invoices. (3) The policy shall allow a claimant to submit invoices to the department more frequently than once a month if the director determines that more frequent submittals are necessary. (4) The policy shall provide for project audits by the department. (b) This section is applicable to claims for reimbursement submitted to the department under any of the following: (1) The Passenger Rail and Clean Air Bond Act of 1990 (Chapter 17 (commencing with Section 2701) of Division 3 of the Streets and Highways Code). [Approved by Governor August 20, 1992. Filed with Secretary of State August 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Many students attending public institutions of higher learning have been heavily burdened over the past few years by severe fee increases.

(b) Sharp, unpredictable, and unexpected student fee increases have imposed drastic limitations on the personal budgets of many students, requiring them to use various forms of credit.

(c) The option to pay student fees by use of a credit card or by a fee deferment plan may have a favorable bearing on a student’s decision to continue pursuing a college education.

(d) No California State University campus currently offers the option of payment for fees and tuition by a fee deferment plan, and only 11 of the 20 campuses of the university currently offer the option of payment fees and tuition by credit card, with three campuses deciding in the 1991–92 fiscal year to eliminate that option.

SEC. 2. Section 66151 is added to the Education Code, to read:

66151. The California State University may offer a variety of student fee payment options, including payment by cash, check, money order, or credit card or by a fee deferment plan.

SEC. 3. Section 89700.1 is added to the Education Code, to read:

89700.1. (a) Notwithstanding the requirement of Section 89301 that tuition, material, and service fees be collected by campus officials at the time of registration, the trustees, in consultation with student representatives, may authorize installment payments for the California State University fee established by the trustees pursuant to Section 89700 to cover the costs of services, facilities, or materials, and for nonresident tuition established pursuant to Section 89705. Installment payment schedules may be established in accordance with timetables as determined appropriate by the trustees, in consultation with student representatives.

(b) The trustees, in consultation with student representatives, shall impose a fee in an amount necessary to cover the costs of administering a system of installment payments and may deposit that fee in the General Fund or in local trust accounts as authorized by Section 89721 and established for the purpose of covering those costs. The administrative costs shall include, but not be limited to, the cost of collecting delinquent and defaulted accounts.
(c) The trustees shall include, in the fee imposed for administering the system of installment payments, the interest that the state would have earned in the Pooled Money Investment Account had the fee been collected at the time of registration. The portion of the administrative fee attributable to reimbursement for loss of interest earnings shall be deposited in the General Fund.

(d) The trustees shall provide notice of the amount of the fee that is imposed upon students who use the installment payment system. That notice shall include information regarding the amount of the fee and shall be included in the billing statement sent to the student and posted on signs at the campus cashier window. The information regarding the fee may also be conveyed to the students in any other manner determined appropriate by the trustees.

SEC. 4. Section 99255 of the Education Code is amended to read:
99255. The Governor's Professor of the Year Awards shall be awarded commencing in 1993, and every year thereafter.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit students to pay student fees utilizing a variety of methods and in order to prepare for the Professor of the Year Awards as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 537

An act to amend Section 12301 of the Penal Code, relating to weapons.

[Approved by Governor August 20, 1992. Filed with Secretary of State August 21, 1992.]

The people of the State of California do enact as follows:

(3) Any weapon of a caliber greater than 0.60 caliber which fires fixed ammunition, or any ammunition therefor, other than a shotgun, shotgun ammunition, or an antique cannon. For purposes of this section, the term "antique cannon" means any cannon

(4) Any rocket, rocket-propelled projectile, or similar device of a diameter greater than 0.60 inch, or any launching device therefor, and any rocket, rocket-propelled projectile, or similar device containing any explosive or incendiary material or any other chemical substance, other than the propellant for such device, except such devices as are designed primarily for emergency or distress signaling purposes.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 538

An act to amend Section 40803 of, and to add Section 40808 to, the Vehicle Code, relating to vehicles.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the public has a right to the use of public telephones which do not discriminate unnecessarily with respect to charges which are based on the method in which a customer may pay for a call. Therefore, if any additional charge is allowed to be placed on customers by the Public Utilities Commission, such as operator assistance surcharges for calling card, bill to third number, collect, and person-to-person calls, and pay station service charges, it is the intent of the Legislature that a posted notification that surcharges apply should be required of public telephone providers.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

from securities, reduced by the amount of benefit payments and
withdrawals occurring during the fiscal year. In computing the
amount of investment pursuant to this section, a dollar-for-dollar
credit shall be given for residential realty investments described in
this section which are contractually agreed to be made by a financial
institution from which the board (in consideration thereof)
purchases other such investments. In computing the amount of
investment pursuant to this section, the board may elect to include
the dollar amount of commitments to purchase mortgages from
public revenue bond programs in the year the commitment is given.
However, that election may not exceed one-fifth of the total
guideline amount.

Nothing in this section shall be construed to require the acquisition
of any instrument or security at less than the market rate.

If the board determines during any fiscal year that compliance
with this section will result in lower overall earnings for the fund
than obtainable from alternative investment opportunities that
would provide equal or superior security, including guarantee of
yield, the board may substitute those higher yielding investments, to
the extent actually available for acquisition, for the investments
otherwise specified by this section. Additionally, if (and to the extent
that) adherence to the diversification guideline specified in this
section would conflict with its fiduciary obligations in violation of
Section 9 of Article I of the California Constitution or Section 10 of
Article I of the United States Constitution, or would conflict with the
standard for prudent investment of the fund as set forth in Section
17 of Article XVI of the California Constitution, the board may
substitute alternative investments. In that case, the board shall
estimate the amount of funds available for investment in substitute
alternative investments and the amount of funds invested pursuant
to the first paragraph of this section and shall submit its resolution
of findings and determinations, together with a description of the
type, quantity, and yield of the investments substituted, to the
Governor and to the Joint Legislative Audit Committee within 20
days following the conclusion of the fiscal year. Within 30 days
thereafter, the Joint Legislative Audit Committee shall transmit the
Auditor General's report to the Speaker of the Assembly and to the
Senate Rules Committee for transmittal to affected policy
committees.

The board, upon determining the final amount of funds available
for investment in substitute alternative investments and the
estimated amount of funds invested pursuant to the first paragraph
of this section, shall submit that information to the Governor and the
Joint Legislative Audit Committee. Thereafter, the Joint Legislative
Audit Committee shall transmit the report of the Auditor General to
the Speaker of the Assembly and the Senate Committee on Rules for
transmittal to the affected policy committees.

SEC. 3. Section 20205.7 of the Government Code is amended to
read:

20205.7. Notwithstanding any other provision of law, the board
shall give first priority to investing not less than 25 percent of all
funds which become available in a fiscal year for new investments,
in the following:

(a) Obligations secured by a lien or charge solely on residential
realty, including rental housing, located in the state and on the
security of which, commercial banks are permitted to make loans
pursuant to Article 2 (commencing with Section 1220) of Chapter 10
of Division 1 of the Financial Code.

(b) Securities representing a beneficial interest in a pool of
obligations secured by a lien or charge solely on residential realty
located in the state.

(c) Certificates of deposit issued by savings and loan associations,
if the savings and loan associations agree to make loans, or to fund
tax-exempt notes or bonds issued by housing authorities, cities, or
counties, on residential realty located in the state, including rental
housing, in an amount equal to the amount of the deposit.

Funds subject to investment pursuant to this section include all
moneys received as employer and member contributions, investment
income, and the proceeds from all net gains and losses from
securities, reduced by the amount of benefit payments and
withdrawals occurring during the fiscal year. In computing the
amount of investment pursuant to this section, a dollar-for-dollar
credit shall be given for residential realty investments described in
this section which are contractually agreed to be made by a financial
institution from which the board (in consideration thereof)
purchases other such investments. In computing the amount of
investment pursuant to this section, the board may elect to include
the dollar amount of commitments to purchase mortgages from
public revenue bond programs in the year the commitment is given.
However, that election may not exceed one-fifth of the total
guideline amount.

Nothing in this section shall be construed to require the acquisition
of any instrument or security at less than the market rate.

If the board determines during any fiscal year that compliance
with this section will result in lower overall earnings for the fund
than obtainable from alternative investment opportunities that
would provide equal or superior security, including guarantee of
yield, the board may substitute those higher yielding investments, to
the extent actually available for acquisition, for the investments
otherwise specified by this section. Additionally, if (and to the extent
that) adherence to the diversification guideline specified in this
section would conflict with its fiduciary obligations in violation of Section 9 of Article I of the California Constitution or Section 10 of Article I of the United States Constitution, or would conflict with the standard for prudent investment of the fund set forth in Section 17 of Article XVI of the California Constitution, the board may substitute alternative investments. In that case, the board shall estimate the amount of funds available for investment in substitute alternative investments and the amount of funds invested pursuant to the first paragraph of this section and shall submit its resolution of findings and determinations, together with a description of the type, quantity, and yield of the investments substituted, to the Governor and to the Joint Legislative Audit Committee within 20 days following the conclusion of the fiscal year. Within 30 days thereafter, the Joint Legislative Audit Committee shall transmit the Auditor General's report to the Speaker of the Assembly and to the Senate Rules Committee for transmittal to affected policy committees.

The board, upon determining the final amount of funds available for investment in substitute alternative investments and the estimated amount of funds invested pursuant to the first paragraph of this section, shall submit that information to the Governor and the Joint Legislative Audit Committee. Thereafter, the Joint Legislative Audit Committee shall transmit the report of the Auditor General to the Speaker of the Assembly and the Senate Committee on Rules for transmittal to the affected policy committees.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for essential public retirement fund investment standards to be maintained, this act must take effect immediately.

CHAPTER 541

An act to add Chapter 11 (commencing with Section 19870) to Part 3 of Division 13 of the Health and Safety Code, relating to land use.

[Approved by Governor August 22, 1992. Filed with Secretary of State August 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 19870) is added to Part 3 of Division 13 of the Health and Safety Code, to read:
CHAPTER 11. PLANS AND SPECIFICATIONS FOR DEVELOPMENT

19870. (a) As a result of construction inspection, an enforcement agency shall not impose a new or modified building requirement different from those specified in the plans and specifications approved during plan checking functions for which a building permit is issued, unless any of the following apply:

(1) The requirement is necessary to correct a violation of the governing code or standard and to protect the public health or safety.
(2) The plans and specifications did not reference the requirement or were not in sufficient detail.
(3) There is a deviation, addition, or deletion from the plan.
(4) There are modifications to the plan by the permittee.
(5) The permit is deemed expired because the building or work authorized by the permit is not commenced within 180 days from the date of the permit, or the permittee has suspended or abandoned the work authorized by the permit at any time after the work is commenced.

(6) The permit is deemed suspended or revoked pursuant to subdivision (e) of Section 303 of the 1991 Uniform Building Code.

(b) As used in this chapter:

(1) "Building requirement" means a building standard as defined in Section 18909, or other standard adopted by a local agency pursuant to Section 17958 or subdivision (c) of Section 18941.5, that was effective on the date of the application for the building permit.

(2) "Enforcement agency" means any department of a local agency that has the authority to inspect a construction or renovation project and enforce health, safety, or building codes including, but not limited to, the building department or building division, the fire department or fire district, and the health department.

(3) "Local agency" means a city, county, or city and county.

(4) "Plans and specifications" mean the plans, drawings, and specifications for a construction or renovation project, for which a building permit was issued, which relates to buildings classified for occupancy as a building of Group A, B, and R-1, pursuant to the 1991, Edition of the Uniform Building Code of the International Conference of Building Officials.

(5) "Building inspector" means any employee of an enforcement agency who performs inspections of a construction or renovation project for the purpose of assuring compliance with adopted uniform building codes and standards.

(6) "Supervisor" means any employee of any enforcement agency to whom a building inspector reports and who is responsible for reviewing a building inspector's project approvals or denials or modification orders.

(c) (1) If an enforcement agency requires that a new or modified building requirement be met pursuant to the condition set forth in paragraph (1) of subdivision (a), the building inspector, within 48 hours of ordering the requirement shall provide the permittee, in
writing on a form prescribed by the enforcement agency, a description of the specific threat to public health and safety and the section of the applicable building code or standard that has been violated or not complied with, and the interpretations and reasons for differing from the approved plans and specifications.

(2) If an enforcement agency requires that a new or modified building requirement be met pursuant to the condition set forth in paragraph (2) of subdivision (a), the building inspector, within 48 hours of ordering the requirement, shall provide the permittee, in writing on a form prescribed by the enforcement agency, the applicable building code or standard that has been violated or not complied with, and a description of how that requirement is applicable and necessary to the construction or renovation project for which the building permit is issued.

(3) If an enforcement agency requires that a new or modified building requirement be met pursuant to the condition set forth in paragraph (3) or (4) of subdivision (a), the building inspector, within 48 hours of ordering the requirement, shall provide the permittee, in writing on a form prescribed by the enforcement agency, the applicable building code or standard that has been violated or not complied with, and the deviations, additions, or deletions from, or the modifications to, the plan, as the case may be, which results in a violation or noncompliance with an applicable building code or standard.

(d) If an enforcement agency requires a new or modified building requirement that results in a cumulative increase in the overall cost of the construction or renovation project of 10 percent or more, all findings made by a building inspector pursuant to subdivision (c) shall be reviewed and approved in writing by the supervisor of the construction inspector within five working days of the order for a new or modified building requirement. No certificate of occupancy may be denied if the findings of a construction supervisor are not so approved.

(e) A copy of all findings made by the building inspector pursuant to subdivision (c) shall be sent to the department within the local agency that is responsible for reviewing and approving the plans and specifications during the plan checking functions for which the building permit is issued.

(f) Compliance with subdivisions (c) and (d) shall not be required if, at the time an enforcement agency imposes a new or modified building requirement, the building inspector, the building inspector's supervisor, and the permittee consult with one another within 48 hours of imposing the requirement, and the permittee agrees with the enforcement agency's order.

19872. (a) An enforcement agency may require as a condition of receiving a building permit, that a permittee participate in a preconstruction conference prior to completion of plan checking of the permittee's submitted plans and specifications for the purpose of reviewing the plans to ensure consistency of building code
interpretations, and adequacy and sufficiency of plan details.

(b) If an enforcement agency requires a preconstruction conference, that enforcement agency shall request the participation of any other appropriate enforcement agencies of the local agency who may inspect a construction or renovation project.

(c) An enforcement agency may require the permittee to maintain at the site of the construction or renovation project, a set of plans and specifications that reflect any points of discussion, understandings, and agreements derived from the preconstruction conference.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 542

An act to add Section 17026.1 to the Business and Professions Code, relating to unfair trade practices.

[Approved by Governor August 22, 1992. Filed with Secretary of State August 24, 1992.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17026.1 is added to the Business and Professions Code, to read:

17026.1. (a) (1) Notwithstanding the provisions of Section 17026, commissions or rebates regularly earned by the retailers of cellular telephones may be used to reduce cost, provided, that in no event shall the reduction exceed the greater of the following:

(A) Ten percent of cost, as defined in Section 17026.

(B) Twenty dollars ($20).

(2) Consistent with the provisions of subdivision (d) of Section 17050, providers of cellular services shall be permitted to sell cellular telephones below cost, provided that sales below cost are a good faith endeavor to meet the legal market prices of competitors in the same locality or trade area.

(b) In each retail location, all retailers of cellular telephones shall post a large conspicuous sign, in lettering no smaller than 36-point type, that states the following: "Activation of any cellular telephone is not required and the advertised price of any cellular telephone is not contingent upon activation, acceptance, or denial of cellular service by any cellular provider."
The sign shall be prominently displayed and visible to consumers and located in that area in each retail location where cellular telephones are displayed and purchased.

(c) No retailer of cellular telephones shall refuse to sell a cellular telephone to any customer solely on the basis of the customer's refusal to activate the telephone with the provider of cellular service for whom the retailer is an agent. Nothing herein shall preclude a retailer from limiting the number of cellular telephones that he or she is otherwise required under this subdivision to sell to any single customer.

The intent of this subdivision is to reaffirm the Legislature's support for the Public Utilities Commission's policy that makes illegal the act, or practice, of "bundling," as defined and described in relevant decisions and orders of the commission.

(d) The Public Utilities Commission may adopt rules and regulations to fully implement and enforce the provisions of this section.

(e) Nothing in this section shall be interpreted to reduce, alter, or otherwise modify the authority of the California Public Utilities Commission to regulate, in any manner, or prohibit, the payment of commissions or rebates to distributors or vendors of cellular telephones. The provisions of this section shall be effective only to the extent that they do not conflict with any applicable regulations, rules, or orders promulgated or issued by the Public Utilities Commission.

(f) This section shall become operative on January 1, 1994.

CHAPTER 543

An act to amend Section 20607 of the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 22, 1992. Filed with Secretary of State August 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The provisions of the State Bargaining Unit 6 memorandum of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the California Correctional Peace Officers Association which require the expenditure of funds, are hereby approved for the purposes of Section 3517.6 of the Government Code.

SEC. 2. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by
the Legislature in legislation other than the annual Budget Act.

SEC. 3. Any provision in a memorandum of understanding approved by Section 1 which is scheduled to take effect on or after July 1, 1993, and which requires the expenditure of funds, shall not take effect unless funds for these provisions are specifically appropriated by the Legislature. In the event that funds for these provisions are not specifically appropriated by the Legislature, the state employer and the affected employee organization shall meet and confer to renegotiate over the affected provisions.

SEC. 4. Notwithstanding any other provisions of law, the Department of Finance may adjust departmental appropriations to reflect the salary, personal leave, and benefit changes made pursuant to this act or pursuant to a memorandum of understanding entered into by the state employer and a recognized employee organization pursuant to Section 3517.5 of the Government Code which has been approved and ratified by the Legislature.

SEC. 5. Section 20607 of the Government Code is amended to read:

20607. (a) The normal rate of contribution for state peace officer/firefighter members and for local safety members subject to Section 21252.02 shall be 8 percent of the compensation in excess of two hundred thirty-eight dollars ($238) per month paid those members.

Subdivision (a) shall not apply to a contracting agency which so elects by amendment to its contract made in the manner prescribed for approval of contracts by express provision in the contract. If the election is so made, the normal rate of contribution for local safety members of that contracting agency subject to Section 21252.02 shall be 9 percent of compensation paid those members.

(c) Notwithstanding any other provision of this part, state member contributions on premium compensation for planned overtime paid at the "half-time" rate as part of the regular shift under the federal Fair Labor Standards Act (29 U.S.C. Sec. 201 et seq.) or the Memorandum of Understanding of State Bargaining Units 7 and 8 are waived for the period April 15, 1985, through June 30, 1988.

This subdivision applies to State Bargaining Units 7 and 8 and becomes effective only if the board approves a waiver of employer contributions on the same premium compensation for the same period of time. If this subdivision is approved by the board, benefits shall be calculated to include overtime paid at the one-half time rate.

(d) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to
Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, those provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible in the 1992–93 fiscal year, and so facilitate the orderly administration of state government at the earliest possible time, it is necessary for this act to take effect immediately.

"Water treatment device" does not include any device that is regulated pursuant to Article 6.5 (commencing with Section 26591) of Chapter 5 of Division 21.

(b) "Department" means the State Department of Health Services.
(c) "Person" means any individual, firm, corporation, or association, or any employee or agent thereof.

701.10. The policy of the State of California is that rates and charges established by the commission for water service provided by water corporations shall do all of the following:
(a) Provide revenues and earnings sufficient to afford the utility an opportunity to earn a reasonable return on its used and useful investment, to attract capital for investment on reasonable terms and to ensure the financial integrity of the utility.
(b) Minimize the long-term cost of reliable water service to water customers.
(c) Provide appropriate incentives to water utilities and customers for conservation of water resources.
(d) Provide for equity between present and future users of water service.
(e) Promote the long-term stabilization of rates in order to avoid steep increases in rates.
(f) Be based on the cost of providing the water service including, to the extent consistent with the above policies, appropriate coverage of fixed costs with fixed revenues.

SEC. 2. Section 727.5 is added to the Public Utilities Code, to read:
727.5. (a) In establishing rates for water service, the commission shall consider, and may establish, separate charges for costs associated with customer service, facilities, variable operating costs, including fixed and variable costs associated with supplying the water, or other components of the water service provided to water users.
(b) The commission shall consider, and may authorize, a water corporation to assess a fee for future water service, or a reservation charge for future water service, for persons or entities occupying or owning property within the service territory of the water corporation.

(c) The commission shall consider and may implement programs to assist low-income ratepayers in order to provide appropriate incentives and capabilities to achieve water conservation goals.

(d) In establishing the feasibility of rate relief and conservation incentives for low-income ratepayers, the commission may take into account variations in water needs caused by geography, climate and the ability of communities to support these programs.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

12404.1. The furnishing of a preliminary report by any title insurer, controlled escrow company or underwritten title company, without charge to any person, shall constitute a violation of Section 12404. The charge for a preliminary report shall have a reasonable relation to the cost of production of the report but in no event shall it be less than the rate for a standard owners policy, minimum
liability, as set forth in the company's rate schedule. After billing any person for a preliminary report the title insurer, controlled escrow company or underwritten title company shall promptly make a good faith attempt to collect; provided, however, that notwithstanding Section 12404, but without limiting the applicability of that section to other transactions, this charge may be waived or canceled, if the company follows uniform practices as to all customers under like circumstances.

(a) After the issuance of the preliminary report, but before the charge is waived or canceled, the files of the issuing company contain a copy of a bona fide sales or exchange agreement, or loan commitment executed by the party or parties in interest relating to the property described in the report, and the sale, exchange, or loan is not consummated.

(b) When the preliminary report so furnished contains a lien or encumbrance or other title defect which the issuing company has refused to eliminate from its policy of title insurance or to provide insurance against loss by reason thereof, and another title insurance company has eliminated the lien or encumbrance or other title defect from its policy of title insurance or provided insurance against loss resulting therefrom within a reasonable period of time from the date of the issuance of the preliminary report.

The furnishing of the names of owners of record, descriptions of real property, and property characteristics, as defined in Section 408.3 of the Revenue and Taxation Code, shall not be deemed to be a violation of Section 12404, whether provided on individual or multiple properties and whether provided in printed form or by electronic media.

SEC. 2. This act is intended to clarify existing law regarding "farming" materials provided by the title insurance industry as part of legitimate promotional activities and is not intended to either impair or enhance the authority of the Department of Insurance to enforce existing prohibitions against unlawful rebates, nor is it intended to alter the provisions of Section 12404.1 of the Insurance Code regarding the furnishing of preliminary reports without charge.

[Approved by Governor August 22, 1992. Filed with Secretary of State August 25, 1992.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the “Watson-O’Connell Fire Prevention Act.”

SEC. 1.5. Section 13132.7 is added to the Health and Safety Code, to read:

13132.7. (a) (1) On or after July 1, 1995, every new structure, and every existing structure, when 50 percent or more of the total roof area is reroofed within any one-year period, during any one-year period commencing any date on or after July 1, 1995, shall have a fire retardant roof covering that is at least class C as defined in Section 3204 of the 1991 edition of the Uniform Building Code and Standard 32-7 of the 1991 Uniform Building Code.

(2) The State Building Standards Commission shall incorporate the requirement set forth in paragraph (1) by publishing it in the California Building Standards Code, commencing with the 1994 edition, in accordance with Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13.

(c) This section shall not affect the validity of an ordinance, adopted prior to July 1, 1995, by a city, county, city and county, or fire protection district, unless the ordinance mandates a standard that is less stringent than class C, pursuant to subdivision (a), in which case the ordinance shall not be valid on or after July 1, 1995.

(d) Any qualified historical building or structure as defined in Section 18955 may, on a case-by-case basis, utilize alternative roof constructions as provided by the State Historical Building Code, that meet the same level of fire protection as class C, as described in subdivision (a).

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 554

An act to amend Sections 65088.1, 65089, and 65089.3 of the Government Code, to add Article 5 (commencing with Section 43945) to Chapter 4 of Part 5 of Division 26 of the Health and Safety Code, to amend Section 24343.5 of, and to add Sections 17090 and 17202 to, the Revenue and Taxation Code, relating to transportation.

[Approved by Governor August 26, 1992. Filed with Secretary of State August 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:
(a) Existing local, state, and federal policies tend to encourage the provision of subsidized parking by employers.
(b) Subsidized parking creates a strong incentive for employees to commute to work in a single occupancy vehicle.
(c) Commuting in a single occupancy vehicle contributes to traffic congestion and air pollution.
(d) In Los Angeles and Orange Counties, more than 90 percent of the commuters receive free worksite parking, but less than 10 percent of employers provide an employee ridesharing or transit benefit.

SEC. 2. Section 65088.1 of the Government Code is amended to read:
65088.1. As used in this chapter the following terms have the following meanings:
(a) Unless the context requires otherwise, “regional agency” means the agency responsible for preparation of the regional transportation improvement program.
(b) Unless the context requires otherwise, “agency” means the agency responsible for the preparation and adoption of the congestion management program.
(c) “City” includes a city and county.
(d) “Commission” means the California Transportation Commission.
(e) “Department” means the Department of Transportation.
(f) "Parking cash-out program" means an employer-funded program under which an employer offers to provide a cash allowance to an employee equivalent to the parking subsidy that the employer would otherwise pay to provide the employee with a parking space. "Parking subsidy" means the difference between the out-of-pocket amount paid by an employer on a regular basis in order to secure the availability of an employee parking space not owned by the employer and the price, if any, charged to an employee for use of that space.

A parking cash-out program may include a requirement that employee participants certify that they will comply with guidelines established by the employer designed to avoid neighborhood parking problems, with a provision that employees not complying with the guidelines will no longer be eligible for the parking cash-out program.

(g) "Urbanized area" has the same meaning as is defined in the 1990 federal census for urbanized areas of more than 50,000 population.

(h) "Interregional travel" means trips that have neither origin nor destination within the boundary of the congestion management program.

SEC. 3. Section 65089 of the Government Code is amended to read:

65089. (a) A congestion management program shall be developed, adopted, and annually updated for every county that includes an urbanized area, and shall include every city and the county. The program shall be adopted at a noticed public hearing of the agency. The program shall be developed in consultation with, and with the cooperation of, the transportation planning agency, regional transportation providers, local governments, the department, and the air pollution control district or the air quality management district, either by the county transportation commission, or by another public agency, as designated by resolutions adopted by the county board of supervisors and the city councils of a majority of the cities representing a majority of the population in the incorporated area of the county.

(b) The program shall contain all of the following elements:

(1) (A) Traffic level of service standards established for a system of highways and roadways designated by the agency. The system shall include at a minimum all state highways and principal arterials. No highway or roadway designated as a part of the system shall be removed from the system. All new state highways and principal arterials shall be designated as part of the system. Level of service (LOS) shall be measured by Circular 212, (or by the most recent version of the Highway Capacity Manual), or by a uniform methodology adopted by the agency which is consistent with the Highway Capacity Manual. The determination as to whether an alternative method is consistent with the Highway Capacity Manual shall be made by the regional agency, except that the department
shall make this determination instead if either (i) the regional
agency is also the agency, as those terms are defined in Section
65088.1, or (ii) the department is responsible for preparing the
regional transportation improvement plan for the county.

(B) In no case shall the LOS standards established be below the
level of service E or the current level, whichever is farthest from
level of service A, except where a segment or intersection has been
designated as deficient and a deficiency plan has been adopted
pursuant to Section 65089.3.

(2) Standards established for the frequency and routing of public
transit, and for the coordination of transit service provided by
separate operators.

(3) A trip reduction and travel demand element that promotes
alternative transportation methods, such as carpools, vanpools,
transit, bicycles, and park-and-ride lots; improvements in the balance
between jobs and housing; and other strategies, including flexible
work hours and parking management programs. The agency shall
consider parking cash-out programs during the development and
annual update of the trip reduction and travel demand element.

(4) A program to analyze the impacts of land use decisions made
by local jurisdictions on regional transportation systems, including an
estimate of the costs associated with mitigating those impacts. In no
case shall the program include an estimate of the costs of mitigating
the impacts of interregional travel. The program shall provide credit
for local public and private contributions to improvements to
regional transportation systems. However, in the case of toll road
facilities, credit shall only be allowed for local public and private
contributions which are unreimbursed from toll revenues or other
state or federal sources. The agency shall calculate the amount of the
credit to be provided.

(5) A seven-year capital improvement program to maintain or
improve the traffic level of service and transit performance
standards developed pursuant to paragraphs (1) and (2), and to
mitigate regional transportation impacts identified pursuant to
paragraph (4), which conforms to transportation-related vehicle
emissions air quality mitigation measures.

(c) The agency, in consultation with the regional agency, cities,
and the county, shall develop a uniform data base on traffic impacts
for use in a countywide transportation computer model and shall
approve transportation computer models of specific areas within the
county that will be used by local jurisdictions to determine the
quantitative impacts of development on the circulation system that
are based on the countywide model and standardized modeling
assumptions and conventions. The computer models shall be
consistent with the modeling methodology adopted by the regional
planning agency. The data bases used in the models shall be
consistent with the data bases used by the regional planning agency.
Where the regional agency has jurisdiction over two or more
counties, the data bases used by the agency shall be consistent with
the data bases used by the regional agency.

(d) (1) The city or county in which a commercial development will implement a parking cash-out program which is included in a congestion management program pursuant to subdivision (b), or a deficiency plan pursuant to Section 65089.3, shall grant to that development an appropriate reduction in the parking requirements otherwise in effect for new commercial development.

(2) At the request of an existing commercial development that has implemented a parking cash-out program, the city or county shall grant an appropriate reduction in the parking requirements otherwise applicable based on the demonstrated reduced need for parking, and the space no longer needed for parking purposes may be used for other appropriate purposes.

SEC. 3.5. Section 65089 of the Government Code is amended to read:

65089. (a) A congestion management program shall be developed, adopted, and updated biennially, consistent with the schedule for adopting and updating the regional transportation improvement program, for every county that includes an urbanized area, and shall include every city and the county. The program shall be adopted at a noticed public hearing of the agency. The program shall be developed in consultation with, and with the cooperation of, the transportation planning agency, regional transportation providers, local governments, the department, and the air pollution control district or the air quality management district, either by the county transportation commission, or by another public agency, as designated by resolutions adopted by the county board of supervisors and the city councils of a majority of the cities representing a majority of the population in the incorporated area of the county.

(b) The program shall contain all of the following elements:

(1) (A) Traffic level of service standards established for a system of highways and roadways designated by the agency. The system shall include at a minimum all state highways and principal arterials. No highway or roadway designated as a part of the system shall be removed from the system. All new state highways and principal arterials shall be designated as part of the system. Level of service (LOS) shall be measured by Circular 212, (or by the most recent version of the Highway Capacity Manual), or by a uniform methodology adopted by the agency which is consistent with the Highway Capacity Manual. The determination as to whether an alternative method is consistent with the Highway Capacity Manual shall be made by the regional agency, except that the department shall make this determination instead if either (i) the regional agency is also the agency, as those terms are defined in Section 65088.1, or (ii) the department is responsible for preparing the regional transportation improvement plan for the county.

(B) In no case shall the LOS standards established be below the level of service E or the current level, whichever is farthest from level of service A, except where a segment or intersection has been
designated as deficient and a deficiency plan has been adopted pursuant to Section 65089.3.

(2) Standards established for the frequency and routing of public transit, and for the coordination of transit service provided by separate operators.

(3) A trip reduction and travel demand element that promotes alternative transportation methods, such as carpools, vanpools, transit, bicycles, and park-and-ride lots; improvements in the balance between jobs and housing; and other strategies, including flexible work hours and parking management programs. The agency shall consider parking cash-out programs during the development and annual update of the trip reduction and travel demand element.

(4) A program to analyze the impacts of land use decisions made by local jurisdictions on regional transportation systems, including an estimate of the costs associated with mitigating those impacts. In no case shall the program include an estimate of the costs of mitigating the impacts of interregional travel. The program shall provide credit for local public and private contributions to improvements to regional transportation systems. However, in the case of toll road facilities, credit shall only be allowed for local public and private contributions which are unreimbursed from toll revenues or other state or federal sources. The agency shall calculate the amount of the credit to be provided.

(5) A seven-year capital improvement program to maintain or improve the traffic level of service and transit performance standards developed pursuant to paragraphs (1) and (2), and to mitigate regional transportation impacts identified pursuant to paragraph (4), which conforms to transportation-related vehicle emissions air quality mitigation measures.

(c) The agency, in consultation with the regional agency, cities, and the county, shall develop a uniform data base on traffic impacts for use in a countywide transportation computer model and shall approve transportation computer models of specific areas within the county that will be used by local jurisdictions to determine the quantitative impacts of development on the circulation system that are based on the countywide model and standardized modeling assumptions and conventions. The computer models shall be consistent with the modeling methodology adopted by the regional planning agency. The data bases used in the models shall be consistent with the data bases used by the regional planning agency. Where the regional agency has jurisdiction over two or more counties, the data bases used by the agency shall be consistent with the data bases used by the regional agency.

(d) (1) The city or county in which a commercial development will implement a parking cash-out program which is included in a congestion management program pursuant to subdivision (b), or a deficiency plan pursuant to Section 65089.3, shall grant to that development an appropriate reduction in the parking requirements otherwise in effect for new commercial development.
(2) At the request of an existing commercial development that has implemented a parking cash-out program, the city or county shall grant an appropriate reduction in the parking requirements otherwise applicable based on the demonstrated reduced need for parking, and the space no longer needed for parking purposes may be used for other appropriate purposes.

SEC. 4. Section 65089.3 of the Government Code is amended to read:

65089.3. (a) The agency shall monitor the implementation of all elements of the congestion management program. Annually, the agency shall determine if the county and cities are conforming to the congestion management program, including, but not limited to, all of the following:

(1) Consistency with levels of service and performance standards, except as provided in subdivisions (b) and (c).

(2) Adoption and implementation of a trip reduction and travel demand ordinance.

(3) Adoption and implementation of a program to analyze the impacts of land use decisions, including the estimate of the costs associated with mitigating these impacts.

(b) (1) A city or county may designate individual deficient segments or intersections which do not meet the established level of service standards if, prior to the designation, at a noticed public hearing, the city or county has adopted a deficiency plan which shall include all of the following:

(A) An analysis of the causes of the deficiency.

(B) A list of improvements necessary for the deficient segment or intersection to maintain the minimum level of service otherwise required and the estimated costs of the improvements.

(C) A list of improvements, programs, or actions, and estimates of costs, that will (i) measurably improve the level of service of the system, as defined in subdivision (b) of Section 65089, and (ii) contribute to significant improvements in air quality, such as improved public transit service and facilities, improved nonmotorized transportation facilities, high occupancy vehicle facilities, parking cash-out programs, and transportation control measures. The air quality management district or the air pollution control district shall establish and periodically revise a list of approved improvements, programs, and actions which meet the scope of this paragraph. If an improvement, program, or action is on the approved list and has not yet been fully implemented, it shall be deemed to contribute to significant improvements in air quality. If an improvement, program, or action is not on the approved list, it shall not be implemented unless approved by the local air quality management district or air pollution control district.

(D) An action plan, consistent with Chapter 5 (commencing with Section 66000) of Division 1 of Title 7, that shall be implemented, consisting of improvements identified in paragraph (B), or improvements, programs, or actions identified in paragraph (C),
that are found by the agency to be in the interest of the public's health, safety and welfare. The action plan shall include a specific implementation schedule.

(2) A city or county shall forward its adopted deficiency plan to the agency. The agency shall hold a noticed public hearing within 60 days of receiving the deficiency plan. Following the hearing, the agency shall either accept or reject the deficiency plan in its entirety, but the agency may not modify the deficiency plan. If the agency rejects the plan, it shall notify the city or county of the reasons for that rejection.

(c) The agency, after consultation with the regional agency, the department, and the air quality management district or air pollution control district, shall exclude from the determination of conformance with level of service standards, the impacts of any of the following:

(1) Interregional travel.
(2) Construction, rehabilitation, or maintenance of facilities that impact the system.
(3) Freeway ramp metering.
(4) Traffic signal coordination by the state or multijurisdictional agencies.
(5) Traffic generated by the provision of low and very low income housing.

(d) For the purposes of this chapter, the impacts of a trip which originates in one county and which terminates in another county shall be included in the determination of conformance with level of service standards with respect to the originating county only. A roundtrip shall be considered to consist of two individual trips.

SEC. 4.5. Section 65089.3 of the Government Code is amended to read:

65089.3. (a) The agency shall monitor the implementation of all elements of the congestion management program. Annually, the agency shall determine if the county and cities are conforming to the congestion management program, including, but not limited to, all of the following:

(1) Consistency with levels of service and performance standards, except as provided in subdivisions (b) and (c).
(2) Adoption and implementation of a trip reduction and travel demand ordinance.
(3) Adoption and implementation of a program to analyze the impacts of land use decisions, including the estimate of the costs associated with mitigating these impacts.

(b) (1) A city or county may designate individual deficient segments or intersections which do not meet the established level of service standards if, prior to the designation, at a noticed public hearing, the city or county has adopted a deficiency plan which shall include all of the following:

(A) An analysis of the causes of the deficiency.
(B) A list of improvements necessary for the deficient segment or

75910
intersection to maintain the minimum level of service otherwise required and the estimated costs of the improvements.

(C) A list of improvements, programs, or actions, and estimates of costs, that will (i) measurably improve the level of service of the system, as defined in subdivision (b) of Section 65089, and (ii) contribute to significant improvements in air quality, such as improved public transit service and facilities, improved nonmotorized transportation facilities, high occupancy vehicle facilities, parking cash-out programs, and transportation control measures. The air quality management district or the air pollution control district shall establish and periodically revise a list of approved improvements, programs, and actions which meet the scope of this paragraph. If an improvement, program, or action is on the approved list and has not yet been fully implemented, it shall be deemed to contribute to significant improvements in air quality. If an improvement, program, or action is not on the approved list, it shall not be implemented unless approved by the local air quality management district or air pollution control district.

(D) An action plan, consistent with Chapter 5 (commencing with Section 66000) of Division 1 of Title 7, that shall be implemented, consisting of improvements identified in paragraph (B), or improvements, programs, or actions identified in paragraph (C), that are found by the agency to be in the interest of the public's health, safety and welfare. The action plan shall include a specific implementation schedule.

(2) A city or county shall forward its adopted deficiency plan to the agency. The agency shall hold a noticed public hearing within 60 days of receiving the deficiency plan. Following the hearing, the agency shall either accept or reject the deficiency plan in its entirety, but the agency may not modify the deficiency plan. If the agency rejects the plan, it shall notify the city or county of the reasons for that rejection.

(c) The agency, after consultation with the regional agency, the department, and the air quality management district or air pollution control district, shall exclude from the determination of conformance with level of service standards, the impacts of any of the following:

(1) Interregional travel.
(2) Construction, rehabilitation, or maintenance of facilities that impact the system.
(3) Freeway ramp metering.
(4) Traffic signal coordination by the state or multijurisdictional agencies.
(5) Traffic generated by the provision of low and very low income housing.
(6) (A) Traffic generated by high density residential development located within one-fourth mile of a fixed rail passenger station.
(B) Traffic generated by any mixed use development located
within one-fourth mile of a fixed rail passenger station, if more than half of the land area, or floor area, of the mixed use development is used for high density residential housing, as determined by the agency.

(C) For the purposes of this section, the following terms have the following meanings:

(i) "High density" means residential density which is equal to or greater than 120 percent of the maximum residential density allowed under the local general plan and zoning ordinance.

(ii) "Mixed use development" means development which integrates compatible commercial or retail uses, or both, with residential uses, and which, due to the proximity of job locations, shopping opportunities, and residences, will discourage new trip generation.

(d) For the purposes of this chapter, the impacts of a trip which originates in one county and which terminates in another county shall be included in the determination of conformance with level of service standards with respect to the originating county only. A roundtrip shall be considered to consist of two individual trips.

(e) It is the intent of the Legislature that a deficiency plan be prepared and adopted by the city or county, and approved by the agency, prior to the occurrence of a deficiency.

SEC. 5. Article 5 (commencing with Section 43845) is added to Chapter 4 of Part 5 of Division 26 of the Health and Safety Code, to read:

"Parking cash-out program" means an employer-funded program under which an employer offers to provide a cash allowance to an employee equivalent to the parking subsidy that the employer would otherwise pay to provide the employee with a parking space.

(b) A parking cash-out program may include a requirement that employee participants certify that they will comply with guidelines established by the employer designed to avoid neighborhood parking problems, with a provision that employees not complying with the guidelines will no longer be eligible for the parking cash-out program.

(c) As used in this section, the following terms have the following meanings:

(1) "Employee" means an employee of an employer subject to this section.

(2) "Parking subsidy" means the difference between the out-of-pocket amount paid by an employer on a regular basis in order to secure the availability of an employee parking space not owned

(d) Subdivision (a) does not apply to any employer who, on or before January 1, 1993, has leased employee parking, until the expiration of that lease or unless the lease permits the employer to reduce, without penalty, the number of parking spaces subject to the lease.

(e) It is the intent of the Legislature, in enacting this section, that the cash-out requirements apply only to employers who can reduce, without penalty, the number of paid parking spaces they maintain for the use of their employees and instead provide their employees the cash-out option described in this section.

SEC. 6. Section 17090 is added to the Revenue and Taxation Code, to read:

17090. Gross income includes cash allowances received by an employee under a parking cash-out program, except any portion used for a ridesharing purpose and excluded from gross income by Section 17149.

SEC. 7. Section 17202 is added to the Revenue and Taxation Code, to read:

17202. SEC. 8. Section 24343.5 of the Revenue and Taxation Code is amended to read:

24343.5. (a) In addition to the deduction allowed by Section 24343, a deduction shall be allowed to an employer as an ordinary and necessary expense paid or incurred during the income year in carrying on any trade or business for those expenses involved in any of the following ridesharing arrangements:

(1) Subsidizing employees commuting in vanpools.

(2) Subsidizing employees commuting in private commuter buses or buspools.

(3) Subsidizing monthly transit passes for its employees or for use by the employee's dependents, except that no deduction shall be allowed for transit passes issued for the use of elementary and secondary school students.

(4) Subsidizing employees commuting in subscription taxipools.

(5) Subsidizing employees commuting in a carpool.

(6) In the case of an employer who offers free parking to its employees, offering a cash equivalent to employees who do not require parking, including a parking cash-out program, as defined by subdivision (f) of Section 65088.1 of the Government Code.

(7) Providing free or preferential parking to carpools, vanpools, or any other vehicle used in a ridesharing arrangement.

(8) Making facility improvements to encourage employees, for
the purpose of commuting from their homes, to participate in ridesharing arrangements, to use bicycles, or to walk. These facility improvements may include, but are not limited to, any of the following: the construction of bus shelters; the installation of bicycle racks and other bicycle-related facilities, such as showers and locker rooms; and parking lot modifications to provide carpools, vanpools, or buspools with preferential treatment. The cost of these facility improvements shall be allowed as a depreciation deduction. Notwithstanding subdivision (c), the depreciation deduction shall be allowable over a 36-month period.

(9) Providing company commuter van or bus service to its employees and to others for commuting from their homes, but not for transportation required as part of the employer’s business activities, except as otherwise provided in this section. The capital costs of providing this service shall not be an eligible deduction under this section.

(10) Providing to employees transportation services which are required as part of the employer’s business activities to the extent that the transportation would be provided by employees without reimbursement in the absence of an employer-sponsored ridesharing incentive program. The capital costs of providing this service shall not be an eligible deduction under this section.

(b) For purposes of this section:
(1) “Employer” means either of the following:

(3) “Commuting student” means a registered full-time student at a college, university, or other postsecondary educational institution, who lives apart from the property which is designated as the “employment site” for the purpose of this section, and who travels between his or her residence and the designated employment site on a regular, though not necessarily daily, basis.
(4) “Employer-sponsored ridesharing incentive program” means a program undertaken by an employer either alone or in cooperation with other employers to encourage or provide, or both, fiscal other incentives to employees to make the home-to-work commute trip by any mode other than the single-occupant motor vehicle.

(b) Persons sentenced to death prior to or after the operative date of this subdivision shall have the opportunity to elect to have the punishment imposed by lethal gas or lethal injection. This choice shall be made in writing and shall be submitted to the warden pursuant to regulations established by the Department of Corrections. If a person under sentence of death does not choose either lethal gas or lethal injection within 10 days after the warden's service upon the inmate of an execution warrant issued following the operative date of this subdivision, the penalty of death shall be imposed by lethal gas.

(c) Where the person sentenced to death is not executed on the date set for execution and a new execution date is subsequently set, the person again shall have the opportunity to elect to have punishment imposed by lethal gas or lethal injection, according to the procedures set forth in subdivision (b).

(d) Notwithstanding subdivision (b), if either manner of execution described in subdivision (a) is held invalid, the punishment of death shall be imposed by the alternative means specified in subdivision (a).

SEC. 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.
An act to amend Section 7004 of the Civil Code, relating to family law.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 7004 of the Civil Code is amended to read:

7004. (a) A man is presumed to be the natural father of a child if he meets the conditions as set forth in Section 621 of the Evidence Code or in any of the following paragraphs:

(1) He and the child’s natural mother are or have been married to each other and the child is born during the marriage, or within 300 days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court.

(2) Before the child’s birth, he and the child’s natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

(i) If the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 300 days after its termination by death, annulment, declaration of invalidity, or divorce.

(ii) If the attempted marriage is invalid without a court order, the child is born within 300 days after the termination of cohabitation.

(3) After the child’s birth, he and the child’s natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

(i) With his consent, he is named as the child’s father on the child’s birth certificate.

(ii) He is obligated to support the child under a written voluntary promise or by court order.

(4) He receives the child into his home and openly holds out the child as his natural child.

(5) If the child was born and resides in a nation with which the United States engages in an Orderly Departure Program or successor program, he acknowledges that he is the child’s father in a declaration under penalty of perjury, as specified in Section 2015.5 of the Code of Civil Procedure.

This paragraph shall remain in effect only until January 1, 1997, and on that date shall become inoperative.

(b) If (a) is not applicable, then, a man shall not be presumed to be the natural father of a child if either of the following is true:
(1) The child was conceived as a result of an act in violation of Section 261 of the Penal Code and the father was convicted of that violation.

(2) The child was conceived as a result of an act in violation of Section 261.5 of the Penal Code, the father was convicted of that violation, and the mother was under the age of 15 years and the father was 21 years of age or older at the time of conception.

(c) Except as provided in Section 621 of the Evidence Code, a presumption under this section is a rebuttable presumption affecting the burden of proof and may be rebutted in an appropriate action only by clear and convincing evidence. If two or more presumptions arise under this section which conflict with each other, the presumption which on the facts is founded on the weightier considerations of policy and logic controls. The presumption is rebutted by a court decree establishing paternity of the child by another man.

CHAPTER 560

An act to amend Section 101.7 of the Streets and Highways Code, relating to highways.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the current program of providing information signs identifying specific roadside businesses offering services of interest to motorists along rural portions of State Highway Route 5 has been effective in its intended purpose.

(b) It is, therefore, the intent of the Legislature, in enacting amendments to Section 101.7 of the Streets and Highways Code, to provide motorists on freeways in other rural areas of the state with information on the availability of specific roadside businesses offering fuel, food, lodging, and camping services. It is not the intent of the Legislature, in enacting these amendments, to prohibit, limit, or restrict on-premises or off-premises highway oriented business signs or directional signs along or near the highways or freeways, but to supplement privately erected structures and signs.

SEC. 2. Section 101.7 of the Streets and Highways Code is amended to read:

101.7. (a) The department shall adopt rules and regulations which allow the placement near exits on freeways located in rural areas, of information signs identifying specific roadside businesses offering fuel, food, lodging, or camping services and which prescribe the standards for those signs. The department shall not approve the
placement of any sign within any urban area designated by the United States Bureau of the Census as having a population of 5,000 or more.

The information signs may be placed near the freeway exits in addition to, or in lieu of, other highway signs of the department, but not in lieu of on-premises or off-premises highway oriented business signs and directional signs.

(b) The department shall establish and charge a fee to place and maintain information signs in an amount not less than 25 percent above its estimated cost in placing and maintaining the information signs. The department shall annually review the amount of that fee and revise it as necessary. Funds derived from the imposition of the fee, after deduction of the cost to the department for the placement and maintenance of the information signs, shall be available, upon appropriation by the Legislature, for safety roadside rest purposes.

CHAPTER 561

An act to add Section 13823.6 to the Penal Code, relating to the Statewide Task Force on Sexual Assault of Children.

[Approved by Governor August 30, 1992 Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares each of the following:

(1) Organized pedophile rings, with national and international connections, operate in California.

(2) A pedophile is a person whose sexual preference is that of children.

(3) Runaways and disadvantaged children are targets for exploitation by pedophiles.

(4) The average pedophile molestes 70 children in a lifetime.

(5) Organized pedophile rings are a statewide problem and investigation of these rings requires the ability of law enforcement to cross normal jurisdictional boundaries.

(b) The Legislature further finds and declares that for various reasons, including lack of training, expertise, coordination, and priority, organized pedophile rings are not investigated or prosecuted to the fullest extent possible by local and state law enforcement agencies.

(c) The Department of Justice is authorized to create and administer a statewide task force with authority to study and develop recommendations for the Legislature relating to pedophiles. Funding for this task force shall be subject to the availability of grants or donations from private individuals and groups, and no state money
shall be used in the implementation of this act.

SEC. 2. Section 13823.6 is added to the Penal Code, to read:
13823.6. The office may secure grants, donations, or other funding for the purpose of funding any statewide task force on sexual assault of children that may be established and administered by the Department of Justice.

CHAPTER 562

An act to add Sections 1663 and 27314.5 to, the Vehicle Code, relating to vehicles.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1663 is added to the Vehicle Code, to read: 1663. (a) The department shall include, with each motor vehicle registration renewal notice sent to the registered owner of a vehicle between July 1, 1993, and June 30, 1994, a printed message to the effect that the failure to install and use shoulder harnesses together with lap belts can result in serious or fatal injuries in certain motor vehicle accidents. The message shall also furnish the “hotline” telephone number for the National Highway Transportation Safety Administration to which a person may direct inquiries on retrofitting a vehicle with shoulder harnesses. If there is no appropriate telephone number, the department may omit the specific reference to a telephone number in the message.

(b) The department shall, in the synopsis or summary of laws regulating the operation of vehicles and the use of the highways published pursuant to subdivision (b) of Section 1656, provide a warning which states that, in certain accidents, the lack of a shoulder harness may cause, or aggravate, serious and fatal injuries, especially to the head, spinal column, and abdominal organs.

(c) Nothing in this section limits or impairs the rights or remedies which are otherwise available to any person under existing law.

SEC. 2. Section 27314.5 is added to the Vehicle Code, to read: 27314.5. (a) (1) Subject to paragraph (3), no dealer shall sell or offer for sale any used passenger vehicle of a model year of 1972 to 1990, inclusive, unless there is affixed to the window of the left front door or, if there is no window, to another suitable location so that it may be seen and read by a person standing outside the vehicle at that location, a notice, printed in 14-point type, which reads as follows: “WARNING: While use of all seat belts reduces the chance of ejection, failure to install and use shoulder harnesses with lap belts can result in serious or fatal injuries in some crashes. Lap-only belts increase the chance of head and neck injury by allowing the upper
torso to move unrestrained in a crash and increase the chance of spinal column and abdominal injuries by concentrating excessive force on the lower torso. Because children carry a disproportionate amount of body weight above the waist, they are more likely to sustain such injuries. Shoulder harnesses may be available that can be retrofitted in this vehicle. For more information call the Auto Safety Hotline at 1-800-424-9393.”

(2) The notice shall remain affixed to the vehicle pursuant to paragraph (1) at all times that the vehicle is for sale.

(3) The notice is not required to be affixed to any vehicle equipped with both a lap belt and a shoulder harness for the driver and one passenger in the front seat of the vehicle and for at least two passengers in the rear seat of the vehicle.

(b) (1) In addition to the requirements of subdivision (a), and subject to paragraph (3) and subdivision (c), the dealer shall affix, to one rear seat lap belt buckle of every used passenger vehicle of a model year of 1972 to 1990, inclusive, that has a rear seat, a notice, printed in 10-point type, which reads as follows:

“WARNING: While use of all seat belts reduces the change of ejection, failure to install and use shoulder harnesses with lap belts can result in serious or fatal injuries in some crashes. Shoulder harnesses may be available that can be retrofitted in this vehicle. For more information, call the Auto Safety Hotline at 1-800-424-9393.”

(2) The notice shall remain affixed to the vehicle pursuant to paragraph (1) at all times that the vehicle is for sale.

(3) The message is not required to be affixed to any vehicle either equipped with both a lap belt and a shoulder harness for at least two passengers in the rear seat or having no rear seat lap belts.

(c) A dealer is not in violation of subdivision (b) unless a private nonprofit entity has furnished a supply of the appropriate notices suitable for affixing as required free of charge or, having requested a resupply of notices, has not received the resupply.

(d) The department shall furnish, to a nonprofit private entity for purposes of this section, for a fee not to exceed its costs in so furnishing, at least once every six months, a list of all licensed dealers who sell used passenger vehicles.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
An act to add Sections 58801.6 and 58804.2 to the Education Code, relating to education.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that one of the beneficial results of the Hughes-Hart Educational Reform Act of 1983 (Chapter 498 of the Statutes of 1983) was the authorization for specialized secondary education programs in technology and the visual and performing arts. Two such exemplary programs are the Los Angeles High School for the Arts operated by the Los Angeles County Office of Education on the campus of California State University, Los Angeles, and the California Academy for Math and Science operated jointly by the Compton and Long Beach Unified School Districts on the campus of the California State University, Dominguez Hills.

(b) The Legislature further finds and declares that these two programs, with the support of the California State University and major private donations, have met with great success in providing access and opportunity for programs in mathematics, science, and the visual and performing arts to many students, particularly underrepresented and disadvantaged youngsters, and have received state and national recognition as models to be replicated elsewhere.

(c) The Legislature declares that the purpose of this act is to acknowledge that the cost of these programs is higher than regular secondary school efforts, and to provide a level of enhanced funding that will ensure their continued success and expansion. In addition, this act will provide specific recognition of the fact that these programs may be operated by school districts or consortia of school districts operating one or more high schools.

SEC. 2. Section 58801.6 is added to the Education Code, to read:

58801.6. The Superintendent of Public Instruction shall apportion funds as available from the annual Budget Act for support of specialized secondary programs established prior to the 1991–92 fiscal year that operate in conjunction with the California State University. Funds apportioned pursuant to this section shall be distributed equally among eligible specialized secondary schools.

SEC. 3. Section 58804.2 is added to the Education Code, to read:

58804.2. Commencing with the 1992–93 academic year, each specialized secondary school operated pursuant to Section 58804 shall annually evaluate the success of its program as follows:

(a) The program shall be deemed successful if it meets all of the following:

(1) Eighty percent of the pupils participating in the program
pursue either postsecondary education or additional professional training in their chosen fields of study after graduation from high school.

(2) Eighty percent of the pupils that remain in the program complete their high school education.

(b) The program shall also be evaluated based on an assessment of other factors including, but not limited to, the following:

(1) Increased pupil, parent, community, professional and business community, and school employee satisfaction with pupil learning, school organization, and school governance and management.

(2) Counseling and other support services that enhance the program and the success of the pupils.

(3) Improvement in the academic performance of pupils as measured by grade point average or other appropriate standards of achievement.

CHAPTER 564

An act to add Section 17538.4 to the Business and Professions Code, relating to advertising.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 17538.4 is added to the Business and Professions Code, to read:

17538.4. (a) No person or entity conducting business in this state shall fax or cause to be faxed documents consisting of unsolicited advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit unless that person or entity establishes a toll-free telephone number which a recipient of the unsolicited faxed documents may call to notify the sender not to fax the recipient any further unsolicited documents.

(b) All unsolicited faxed documents subject to this section shall include a statement, in at least 9-point type, informing the recipient of the toll-free telephone number the recipient may call, and an address the recipient may write to, notifying the sender not to fax the recipient any further unsolicited documents to the fax number, or numbers, specified by the recipient.

(c) Upon notification by a recipient of his or her request not to receive any further unsolicited faxed documents, no person or entity conducting business in this state shall fax or cause to be faxed any unsolicited documents to that recipient.

(d) Any violation of subdivision (c) is an infraction punishable by a fine of five hundred dollars ($500) for each and every transmission.

(e) As used in this section, “fax” or “cause to be faxed” shall not
include or refer to the transmission of any documents by a telecommunications utility to the extent that the telecommunications utility merely carries that transmission over its network.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 565

An act to amend Sections 3.1, 4, 5, 12, 12.4, 16, and 18.5 of, and to add Sections 12.8 and 30.5 to, the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), relating to the Contra Costa County Flood Control and Water Conservation District.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 3.1 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 3.1. (a) All of the provisions of this act relating to zones or participating zones apply to subzones formed under Section 3, and all of the powers and duties conferred or imposed by this act with respect to zones or participating zones, including the powers and duties to levy and collect taxes or assessments and to incur indebtedness and to issue and sell bonds, apply with respect to subzones or participating subzones.

(b) It is hereby declared that for the purposes of any tax or assessment levied under paragraph (2) of subdivision (a) of Section 12 in any subzone or participating subzone, the property so taxed or assessed is equally benefited.

(c) Whenever a special bond election is called and held under Section 13, or as authorized by Section 24, with respect to any subzone or participating subzone, the election shall be called and held only within the subzone or participating subzone for which the bonded indebtedness is proposed to be incurred and need not be called or held in any of the remaining territory of the zone or
participating zone of which the subzone or participating subzone is a part. Any defect or irregularity in the proceedings prior to the calling of the special bond election does not affect the validity of the bonds authorized by the election.

(d) When a project affects a single subzone only, then bonds for the subzone for the amount stated in the proceedings shall be issued and sold pursuant to this act only if, at the election called for that purpose, two-thirds of the votes cast in the subzone on the proposition of incurring a bonded indebtedness are in favor thereof.

(e) If the incurring of bonded indebtedness by participating subzones is to be determined at any election, no bonds for any of the participating subzones shall be issued or sold unless two-thirds of the votes cast on the proposition submitted at the election in each participating subzone are in favor of incurring the bonded indebtedness to be undertaken by the participating subzone.

(f) Bonds of the district issued for any subzone or participating subzone pursuant to this act shall be legal investments and may be used as security, and money or funds may be invested in the bonds, as provided in Section 20 with respect to bonds of the district issued for zones.

(g) The zone advisory board provided for in Section 6.2 constitutes the subzone advisory board.

SEC. 2. Section 4 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 4. The purposes of this act are to provide for the control of the flood and storm waters of the district and the flood and storm waters of streams that have their source outside of the district, but which flow into the district, and to conserve those waters for beneficial and useful purposes by spreading, storing, retaining, and causing to percolate into the soil within the district, or outside the district, those waters, or to save or conserve in any manner all or any of those waters and protect from flood or storm waters the watercourses, watersheds, harbors, public highways, life, and property in the district, and to prevent waste of water or diminution of the water supply in, or exportation of water from, the district and to obtain, retain, and reclaim drainage, storm, flood, and other waters for beneficial use in the district, and to provide for the participation of the district in the national pollutant discharge elimination system (NPDES) program pursuant to the Federal Water Pollution Control Act (Chapter 26 (commencing with Section 1251) of Title 33 of the United States Code) as provided by this act.

SEC. 3. Section 5 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 5. (a) The district has perpetual succession and may sue and be sued.
(b) The district may do all of the following:
(1) Adopt a seal.
(2) Acquire by grant, purchase, lease, gift, devise, contract, construction, or otherwise, and hold, use, enjoy, sell, let, and dispose of, real and personal property of every kind, including lands, structures, buildings, rights-of-way, easements, and privileges; construct, maintain, alter, and operate any and all works or improvements, within or outside the district, necessary or proper to carry out any of the purposes of this act and convenient to the full exercise of its powers; and complete, extend, add to, alter, remove, repair, or otherwise improve any works, or improvements, or property acquired by the district.

(3) Store water in surface or underground reservoirs within or outside the district for the common benefit of the district, or of any zone or zones affected; conserve and reclaim water for present and future use within the district; appropriate and acquire water and water rights, and import water into the district and conserve, within or outside the district, water for any purpose useful to the district; commence, maintain, intervene in, defend or compromise, in the name of the district or otherwise, and assume the costs of, any action or proceeding involving or affecting the ownership or use of waters or water rights within or outside the district, used or useful for any purpose of the district or of common benefit to any land situated in the district, or involving the wasteful use of water in the district; commence, maintain, intervene in, defend and compromise, and assume the cost of, any action or proceeding to prevent interference with or diminution of, or to declare rights in, the natural flow of any stream or surface or subterranean supply of waters used or useful for any purpose of the district or of common benefit to lands within the district or to its inhabitants, to prevent unlawful exportation of water from the district, or to prevent contamination, pollution, or otherwise rendering unfit for beneficial use the surface or subsurface water used or useful in the district; or commence, maintain, and defend actions and proceedings to prevent interference with those waters as may endanger or damage the inhabitants, lands, or use of water in, or flowing into, the district, except that the district may not intervene or take part in, or pay the costs of, actions or controversies between the owners of lands or water rights which do not affect the interest of the district.

(4) Control the flood and storm waters of the district and the flood and storm waters of streams that have their sources outside of the district, but which flow into the district, and conserve those waters for beneficial and useful purposes of the district by spreading, storing, retaining, and causing to percolate into the soil within or outside the district, or save or conserve in any manner all or any of those waters and protect from damage from flood or storm waters the watercourses, watersheds, harbors, public highways, life, and property in the district, and the watercourses outside of the district of streams flowing into the district, and prevent waste of water or diminution of the water supply in, or exportation of water from, the district, and obtain, retain, and reclaim drainage, storm, flood, and
other waters for beneficial use in the district. However, nothing in this act authorizes the carrying out of any plan of improvement, the purpose of which is, or the effect of which will be, to take water which flows in any watershed in the district and transport or sell that water for use anywhere outside the district when the water level of any gravel beds within the district is below the normal level and the water could reasonably be used to replenish the water level of the gravel beds, or precludes the exercise by any other public entity located, in whole or in part, within the district from exercising its powers, although those powers may be of the same nature as the powers of the district. Any other public entity may, by written agreement with the district provide for the use, or joint use, of property or facilities in which the other public entity has an interest, or for the use, or joint use, of property or facilities in which the district has an interest.

(5) Cooperate and act in conjunction with the state, the United States, or with any public or private corporation, or with the County of Contra Costa or adjacent counties, in the construction of any work for the controlling of flood or storm waters of, or flowing into, the district, or for the protection of life or property in the district, or for the purpose of conserving the waters for beneficial use within the district, or in any other works, acts, or purposes provided for in this act, and adopt and carry out any definite plan or system of work for any such purpose.

(6) Carry on technical and other investigations of all kinds, make measurements, collect data and make analyses, studies, and inspections pertaining to water supply, water rights, control of floods and use of water, both within and outside the district, and for those purposes, the district has the right of access through its authorized representatives to all properties within the district. The district, through its authorized representatives, may enter these lands and make examinations, surveys, and maps thereof.

(7) Enter upon any land, to make surveys and locate the necessary works of improvement and the lines for channels, conduits, canals, pipelines, roadways, and other rights-of-way; acquire by purchase, lease, contract, gift, devise, or other legal means all lands and water and water rights and other property necessary or convenient for the construction, use, supply, maintenance, repair, and improvement of these works, including works constructed and being constructed by private owners, lands for reservoirs for storage of necessary water, and all necessary appurtenances, and, where necessary or convenient for these purposes and uses, acquire and hold the capital stock of any mutual water company or corporation, domestic or foreign, owning water or water rights, canals, waterworks, franchises, concessions, or rights, when the ownership of the stock is necessary to secure a water supply required by the district or any part thereof, upon the condition that, when holding the stock, the district has all the rights, powers, and privileges, and is subject to all the obligations and liabilities conferred or imposed by law upon other holders of
stock in the same company; perform acts necessary or proper for the performance of any agreement with the United States, or any state, county, district, public or private corporation, association, firm, or individual, for the joint acquisition, construction, leasing, ownership, disposition, use, management, maintenance, repair, or operation of any rights, works, or other property of a kind which might be lawfully acquired or owned by the district; acquire the right to store water in any reservoirs, or to carry water through any canal, ditch, or conduit not owned or controlled by the district; grant to any owner or lessee the right to the use of any water or right to store water in any reservoir of the district, or to carry water through any tunnels, canal, ditch, or conduit of the district; perform any acts necessary or proper for the performance of any agreement with any district, public or private corporation, association, firm, or individual, for the transfer or delivery to any district, corporation, association, firm, or individual of any water right or water pumped, stored, appropriated, or otherwise acquired or secured, for the use of the district, or for the purpose of exchanging the water right or water pumped for other water, water right, or water supply in exchange for water, water right, or water supply to be delivered to the district by the other party to the agreement.

(8) Incur indebtedness and issue bonds as provided in this act.

(9) Cause taxes or assessments to be levied and collected for the purpose of paying any obligation of the district, and to carry out any of the purposes of this act.

(10) Make contracts, and employ labor, and employ for temporary services only, expert appraisers, consultants, attorneys, and technical advisers, and do all acts necessary for the full exercise of all powers vested in the district or any of the officers thereof.

(11) Exercise the right of eminent domain, either within or outside the district, to take any property necessary to carry out any of the purposes of this act, including property required for recreational facilities. The district, in exercising this power, shall, in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cable, or poles of any public utility which is required to be moved to a new location. The district may not take, by proceedings in eminent domain, any property, including water rights, appropriated to public use by any existing city and county or municipal utility district. Nothing in this act authorizes the district, or any person or persons, to divert the waters of any river, creek, stream, irrigation system, canal, or ditch, unless compensation therefor is first provided in the manner prescribed by law.

Nothing in this act affects the plenary power of any existing city and county or municipal utility district to provide for a water supply for the city and county or municipal utility district, or affects the absolute control of any properties of the city and county or municipal utility district necessary for the water supply, or vests any power of
control over these properties in the district, in any officer of the
district, or in any person referred to in this act.
(12) Make contracts with the County of Contra Costa and cities
and districts within the county, and employ labor for the purpose of
doing flood control work and for inspecting and passing upon the
adequacy of drainage plans provided for each proposed new
subdivision in the county.
(13) Construct, accept, maintain, repair, or otherwise improve
structures or channels for any purpose, in whole or in part, related
to the purposes and powers of the district, or perform any act
necessary or incidental to the exercise of any of its powers.
(14) Provide, operate, maintain, and charge for public use of
recreation facilities in connection with flood control works and
improvements within the jurisdiction of the district.
(15) Install and maintain, in connection with flood control works
and related improvements, appropriate landscaping and take other
actions as necessary to mitigate environmental damage resulting
from these works and improvements.
(16) Cause to be designed and inserted in the specifications and
contract, for any flood control channel or storm drain planned to be
constructed under this act as an open channel, provision for the
construction in conjunction therewith of facilities for the covering or
crossing over of any portion, or a part of a portion, if, in the judgment
of the governing body, the crossing or covering will not impair the
usefulness of the flood control channel or storm drain and will not be
otherwise adverse to the best interests of the district.
(17) Participate alone, or jointly with the County of Contra Costa,
or cities or districts within the county, in the national pollutant
discharge elimination system (NPDES) program; undertake
necessary acts in connection with that program; and impose
assessments in accordance with this act to pay for the activities
authorized by this paragraph.

SEC. 4. Section 12 of the Contra Costa County Flood Control and
Water Conservation District Act (Chapter 1617 of the Statutes of
1951) is amended to read:

Sec. 12. (a) The board may, in any year, do any of the following:
(1) Levy ad valorem taxes or assessments upon all property in the
district to pay the general administrative costs of the district, and to
carry out any of the purposes of this act of common benefit to the
district, but the ad valorem tax or assessment may not exceed two
cents ($0.02) on each one hundred dollars ($100) of assessed
valuation.
(2) Levy taxes or assessments in the zones and participating zones
to pay the costs of carrying out any of the purposes of this act,
including the constructing, maintaining, operating, extending,
repairing, or otherwise improving any or all works or improvements
established, or to be established, within or on behalf of the respective
zones, or assessments to pay the costs of carrying out of activities
undertaken, or to be undertaken, in connection with the national
pollutant discharge elimination (NPDES) program, according to the
benefits derived, or to be derived by the zones, by any of the
following methods:

(A) A tax or assessment upon all property within a zone or
participating zone, including land, improvements thereon, and
personal property.

(B) A tax or assessment upon all real property within a zone or
participating zones, including both land and improvements thereon.

It is declared that, for the purposes of any tax or assessment levied
under this paragraph, the property so taxed or assessed within a
given zone is equally benefited.

(C) An assessment upon all real property within a storm water
utility area, including both land and improvements thereon.

(3) Levy taxes or assessments by a method authorized in
paragraph (2) in each of the zones, according to the special benefits
derived, or to be derived, by the specific properties therein, to pay
the costs of carrying out any of the objects or purposes of this act of
special benefit to the zones, including the constructing, maintaining,
operating, extending, repairing, or otherwise improving any or all
works of improvement established or to be established within, or on
behalf of, the respective zones.

(b) In the event of project cooperation with any public entity, as
authorized in paragraph (5) of subdivision (b) of Section 5, and
requiring the making of a contract with that public entity for the
purposes set forth in that paragraph, by the terms of which work is
to be performed by the public entity in any specified zone or
participating zones, for the particular benefit thereof, and by the
proposed contract the district is to pay to the public entity a sum of
money in consideration or subvention for the performance of the
work by the public entity, the board may, after proceedings in the
manner prescribed in Section 11, levy and collect a special tax or
assessment upon the property in the zone or participating zones, to
raise funds to enable the district to make the payment, in addition
to other taxes or assessments authorized by this act.

(c) The taxes or assessments shall be levied and collected together
with, and not separately from, taxes for county purposes, and the
revenues derived from these district taxes or assessments shall be
paid into the county treasury to the credit of the district, or the
respective zones thereof, and the board may control and order the
expenditure thereof for those purposes, except that no revenues, or
portions thereof, derived in any zone from the taxes or assessments
levied under paragraph (2) or (3) of subdivision (a) may be
expended for constructing, maintaining, operating, extending,
repairing, or otherwise improving any works or improvements
located in any other zone, except in the case of joint projects, or for
projects authorized or established outside the zone, but for the
benefit thereof. In cases of projects affecting two or more zones,
those zones will become, and shall be referred to as, participating
zones.
(d) Notwithstanding any other provision of law, the district may not impose taxes or assessments to pay the costs of carrying out activities undertaken, or to be undertaken, in connection with the national pollutant discharge elimination system (NPDES) program on any discharger that is subject to storm water discharge requirements pursuant to a national pollutant discharge elimination system (NPDES) permit, if the discharger collects and treats storm water, and discharges the storm water directly into the waters of the United States.

(e) The prohibition in subdivision (d) does not apply to a discharger that is subject to storm water discharge requirements pursuant to a national pollutant discharge elimination system (NPDES) permit if the discharger discharges into a municipal storm water sewer system.

SEC. 5. Section 12.4 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 12.4. If, in its resolution specifying its intention to establish a drainage area and resolution establishing the drainage area, the board states its intention to levy ad valorem taxes or assessments upon all property in the drainage area for the financing, constructing, maintaining, repairing, extending, or otherwise improving any work or improvement authorized by this act, the board may in any year levy, collect, and expend taxes and assessments pursuant to paragraph (2) or (3) of subdivision (a) of Section 12.

SEC. 6. Section 12.8 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.8. (a) The board, by resolution, may establish storm water utility areas within the district, without reference to the boundaries of other storm water utility areas, zones, or drainage areas, and shall include in the resolution descriptions of each storm water utility area and an identification of each of the areas by area designation or number. A storm water utility area need not follow the boundaries of watersheds and may consist of unincorporated territory or incorporated territory, or a combination of both.

(b) Upon or after the formation of a storm water utility area, the board may, by resolution or ordinance adopted after notice and hearing, impose an annual assessment within a storm water utility area for the purpose of paying for the costs of activities undertaken, or to be undertaken, in connection with the national pollutant discharge elimination system (NPDES) program.

(c) (1) Before imposing an assessment pursuant to subdivision (b), the board shall cause to be prepared and filed with the clerk of the board a written report which includes all of the following:

(A) A description of each lot or parcel or class of property proposed to be subject to the assessment.

(B) The amount of the assessment for each lot or parcel or class
of property for the initial fiscal year.

(C) The maximum amount of the assessment or method for calculating the assessment that may be levied for each lot or parcel during any subsequent fiscal year.

(D) The basis of the assessment.

(2) Upon the filing of the report, the clerk shall fix a time, date, and place for a hearing on the proposed assessment and for filing objections or protests thereto. The hearing shall be held within 30 days after the filing of the report. The notices required to be given for the hearing shall comply substantially with the requirements of Section 11.

(d) (1) If the boundaries of a proposed storm water utility area include lands within the boundaries of any city within the district, the city may submit to the district a copy of a resolution approved by a majority of the members of the governing body of the city requesting formation of a storm water utility area and requesting the imposition of an assessment pursuant to this section.

(2) If the city does not submit a copy of the resolution pursuant to paragraph (1) to the board, the board shall exclude from the proposed storm water utility area the lands within the boundaries of that city.

(e) (1) At the hearing, the board shall consider all objections or protests, if any, to the report and may continue the hearing from time to time.

(2) At the conclusion of the hearing, the board shall determine whether a majority protest exists and shall rule on any objections or protests that have been filed. The board may order the formation of the storm water utility area and may impose an annual assessment, unless prior to the hearing written protests signed by the owners of more than 50 percent in area of the territory proposed to be included in the storm water utility area have been filed with the board. The persons entitled to submit written protests shall be determined pursuant to Section 11.

(3) For purposes of imposing an assessment pursuant to this section, the board may consider parcel size, class of improvement to property, use of property, proportionate storm water runoff, or any other factor determined to be relevant by the board for benefit determinations.

(f) (1) The board may provide for the collection of the assessment, or any installments thereof, in the same manner, and subject to the same penalties and priority of lien, as other charges and taxes fixed and collected by, or on behalf of, the district, except that if, for the first year the assessment is levied, the real property on which the assessment is levied has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of county taxes would become delinquent, the assessment shall not result in a lien against the real property but instead shall be transferred to the unsecured
roll for collection.

(2) Assessments for subsequent years may be collected according to the procedure set forth in this section. Proposed assessments for subsequent years are subject to the majority protest provisions set forth in subdivision (e) if either of the following occurs:

(A) The maximum amount of the proposed assessment exceeds the maximum amount originally established by the board and described in its written report prepared pursuant to paragraph (1) of subdivision (c).

(B) The proposed assessment is calculated by a method that is different from the method originally used by the board and described in its written report prepared pursuant to paragraph (1) of subdivision (c).

(g) Any storm water utility area formed by the district prior to July 1, 1993, shall be effective for assessment and taxation purposes for the 1993–94 fiscal year, if the required statements and map or plat are filed on or before July 15, 1993.

SEC. 7. Section 16 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 16. Any bonds issued under this act, and the interest thereon, shall be paid by revenue derived from an annual tax or assessment levied as provided in subparagraph (A) or (B) of paragraph (2) of subdivision (a) of Section 12. No zone, nor the property in any zone, is liable for the bonded indebtedness of any other zone, nor shall any money derived from taxation or assessments in any of the several zones be used to pay the principal of, or interest on, or otherwise, of the bonded indebtedness chargeable to any other zone.

SEC. 8. Section 18.5 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 18.5. (a) The total amount of taxes and assessments levied on property within any zone shall not exceed twenty cents ($0.20) on each one hundred dollars ($100) of assessed valuation, exclusive of the amounts necessary for interest and redemption of any bonds voted within the zone or any taxes and assessments levied for drainage areas pursuant to Section 12.4; except a special tax may be levied in a subzone, zone, or participating zone pursuant to paragraph (3) of subdivision (a) of Section 12 to meet contractual obligations with another public entity if, at an election held in the subzone, zone, or participating zone, in the same manner as a bond election, the proposed imposition of special tax is approved by a majority of the votes cast on the proposition.

(b) The board, in any year, may levy taxes or assessments pursuant to subdivision (a) upon all property within any zone or subzone with an adopted project to pay for work authorized pursuant to paragraph (15) of subdivision (b) of Section 5. Further, a special tax or assessment, not to exceed two cents ($0.02) on each one hundred dollars ($100) of assessed valuation, may be levied in
addition to the total twenty cents ($0.20) of taxes and assessments on each one hundred dollars ($100) of assessed valuation specified in subdivision (a) to pay for work authorized by paragraph (15) of subdivision (b) of Section 5.

SEC. 9. Section 30.5 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 30.5. (a) Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure applies to any judicial action or proceeding to validate, attack, review, set aside, void, or annul an ordinance or resolution adopted pursuant to this act that imposes an assessment, charge, or fee or amends an existing ordinance or resolution.

(b) If an ordinance or resolution provides for an automatic adjustment in an assessment, charge, or fee, and the automatic adjustment results in an increase in the amount of an assessment, charge, or fee, any action or proceeding to attack, review, set aside, void, or annul the increase shall be commenced within 60 days of the effective date of the increase.

(c) Any appeal from a final judgment in the action or proceeding brought pursuant to this section shall be filed within 30 days after entry of judgment.

CHAPTER 566

An act to amend Sections 429.36 and 3380 of, to add the heading of Article 1 (commencing with Section 3380) to, and to add Article 2 (commencing with Section 3395) to, Chapter 7 of Division 4 of, the Health and Safety Code, relating to public health.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

1. There is a growing number of two-year old children who have not received the necessary childhood immunizations to prevent communicable diseases.

2. The reasons these children do not receive immunizations are many and varied. These reasons include, but are not limited to, the following:

(A) Their parents live in poverty and do not have access to insurance coverage for health care and immunizations.

(B) Their parents come from non-English speaking cultures where the importance of early childhood immunizations has not been emphasized.
(C) Their parents do not receive adequate referral to immunization programs, or have access to public immunization programs through other public assistance services they receive.

(3) The State Department of Health Services has developed Maternal and Child Health Year 2000 Objectives as a response to the mandates of the federal Omnibus Budget Reconciliation Act of 1989 (OBRA 89). Their Year 2000 Objective for Immunizations is to increase to 90 percent the percentage of children who complete the basic immunization requirements by two years of age. The State Department of Health Services has found:

(A) In California, fewer than half of two-year-old children are fully immunized for diphtheria, tetanus, and pertussis. Although state law regulating immunizations for children in schools and child care facilities (Chapter 7 (commencing with Section 3380) of Division 4 of the Health and Safety Code) are enforced by the state department, resulting in adequate immunization levels for schoolage children of over 92 percent, there is no similar mechanism to require full immunization status at the two-year-old age level.

(B) The percentage of fully immunized African-American and Hispanic two-year-old children is significantly less than that for Whites.

(C) The percentage of fully immunized toddlers has remained at less than 50 percent for the last eight years.

(D) The ages of concern that remain are infancy and preschool, especially for those children at high risk whether because of medical condition or because of social and environmental factors.

(E) Ensuring protective levels of immunization against communicable disease for these children is the most historically proven cost-effective preventive measure available to public health agencies.

(b) It is the intent of the Legislature, in enacting this act, to establish an immunization outreach program to respond to this problem, and to provide state and local government incentives to improve outreach to this population and achieve full and timely immunization of children, in order to reach the Maternal and Child Health Year 2000 Objectives of the State Department of Health Services relative to immunization.

SEC. 2. Section 429.36 of the Health and Safety Code is amended to read:

429.36. No person shall be liable for any injury caused by an act or omission in the administration of a vaccine or other immunizing agent to a minor, including the residual effects of the vaccine or immunizing agent, if the immunization is either required by state law, or given as part of an outreach program pursuant to Article 2 (commencing with Section 3395) of Chapter 7 of Division 4, and the act or omission does not constitute willful misconduct or gross negligence.

SEC. 3. The heading of Article 1 (commencing with Section 3380) is added to Chapter 7 of Division 4 of the Health and Safety
Article 1. School and Child Care Admission Immunization Requirements

SEC. 4. Section 3380 of the Health and Safety Code is amended to read:
3380. In enacting this chapter, it is the intent of the Legislature to provide:
(a) A means for the eventual achievement of total immunization of appropriate age groups against hemophilus influenza type B, hepatitis B, diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, and any other infectious disease for which immunization is recommended by the most current recommendations of the American Academy of Pediatrics Report of the Committee on Infectious Diseases, the Centers for Disease Control Immunization Practices Advisory Committee, or the state department as required by state law.
(b) That the persons required to be immunized be allowed to obtain immunizations from whatever medical source they so desire, subject only to the condition that the immunization be performed in accordance with the regulations of the State Department of Health Services and that a record of the immunization is made in accordance with such regulations.
(c) Exemptions from immunization for medical reasons or because of personal beliefs.
(d) For the keeping of adequate records of immunization so that health departments, schools, and other institutions, parents or guardians, and the persons immunized will be able to ascertain that a child is fully or only partially immunized, and so that appropriate public agencies will be able to ascertain the immunization needs of groups of children in schools or other institutions.
(e) Incentives to public health authorities to design innovative and creative programs that will promote and achieve full and timely immunization of children.
(f) An immunization outreach program to the extent funds are appropriated by the Legislature, or are available from other sources, but no mandate beyond available resources.

SEC. 5. Article 2 (commencing with Section 3395) is added to Chapter 7 of Division 4 of the Health and Safety Code, to read:

Article 2. Immunization and Comprehensive Health Services Outreach Program

3395. The state department may establish an immunization outreach program.
3395.1. (a) A local health officer, or consortium of local health officers, may establish permanent, temporary, or mobile sites and programs, for the purpose of immunizing children, or performing
outreach to refer parents to other programs that provide immunizations and comprehensive health services. These sites for referral or immunization may include, but are not limited to, the following:

(1) Public places where parents of children at high risk of remaining unimmunized reside, shop, worship, or recreate.

(2) School grounds, either during regular hours, or evening hours or on weekends.

(3) On or adjacent to sites of public- or community-based agencies or programs that either provide or refer persons to public assistance programs or services.

(b) Outreach programs shall, to the extent feasible, include referral components intended to link immunized children with available public or private primary care providers, in order to increase access to continuing pediatric care, including subsequent immunization services as necessary.

3395.3. The population to be targeted by the program shall include children who do not receive immunizations through private third-party sources or other public sources with priority given to infants and children from birth up to age three. Outreach programs shall include information to the families of children being immunized about possible reactions to the vaccine and about followup referral sources.

3395.5. The Health and Welfare Agency may waive state administrative, eligibility, and billing requirements that apply to other public assistance programs through which immunization and comprehensive health services outreach and vaccination are offered, for counties that establish streamlined administrative, eligibility, billing, and referral procedures between those public assistance programs, and the immunization and comprehensive health services programs established pursuant to this article.

CHAPTER 567

An act to amend Section 40001 of the Health and Safety Code, relating to air pollution.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 40001 of the Health and Safety Code is amended to read:

40001. (a) Subject to the powers and duties of the state board, the districts shall adopt and enforce rules and regulations to achieve and maintain the state and federal ambient air quality standards in all areas affected by emission sources under their jurisdiction, and
shall enforce all applicable provisions of state and federal law.

CHAPTER 570

An act to add Sections 1509.5, 1569.150, and 1574.7 to the Health and Safety Code, relating to care facilities.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1509.5 is added to the Health and Safety Code, to read:

1509.5. (a) The department and the licensing agencies with which it contracts for licensing shall review and make a final determination within 60 days of an applicant's submission of a complete application on all applications for a license to operate a community care facility if the applicant possesses a current valid license to operate a community care facility at another site. Applicants shall note on the application, or in a cover letter to the application, that they possess a current valid license at another site, and the number of that license.

(b) The department shall request a fire safety clearance from the appropriate fire marshal within five days of receipt of an application described in subdivision (a). The applicant shall be responsible for requesting and obtaining the required criminal record clearances.
(c) If the department for any reason is unable to comply with subdivision (a), it shall, within 60 days of receipt of the application described in subdivision (a), grant a provisional license to the applicant to operate for a period not to exceed six months, except as provided in subdivision (d). While the provisional license is in effect, the department shall continue its investigation and make a final determination on the application before the provisional license expires. The provisional license shall be granted, provided the department knows of no life safety risks, the criminal records clearances, if applicable, are complete, and the fire safety clearance is complete. The director may extend the term of a provisional license for an additional six months at the time of the application, if the director determines that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, and if all other requirements for a license have been met.

(d) If the department does not issue a provisional license pursuant to subdivision (c), the department shall issue a notice to the applicant identifying whether the provisional license has not been issued due to the existence of a life safety risk, lack of a fire safety clearance, lack of a criminal records clearance, failure to complete the application, or any combination of these reasons. If a life safety risk is identified, the risk preventing the issuance of the provisional license shall be clearly explained. If a lack of the fire safety clearance is identified, the notice shall include the dates on which the department requested the clearance and the current status of that request, and the fire marshal’s name and telephone number to whom a fire safety clearance request was sent. The department shall identify the names of individuals for whom criminal records clearances are lacking. If failure to complete the application is identified, the notice shall list all of the forms or attachments that are missing or incorrect. This notice shall be sent to the applicant no later than 60 days after the applicant filed the application. If the reasons identified in the notice are corrected, the department shall issue the provisional license within five days after the corrections are made.

(e) The department shall, immediately after January 1, 1993, develop expedited procedures necessary to implement subdivisions (a), (b), (c), and (d).

(f) The department shall, immediately after January 1, 1993, develop an appeal procedure for applicants under this section for both denial of licenses and delay in processing applications.

SEC. 2. Section 1569.150 is added to the Health and Safety Code, immediately after Section 1569.15, to read:

1569.150. (a) The department and the licensing agencies with which it contracts for licensing shall review and make a final determination within 60 days of an applicant’s submission of a complete application on all applications for a license to operate a residential care facility for the elderly if the applicant possesses a current valid license to operate a residential care facility for the
elderly at another site. Applicants shall note on the application, or in a cover letter to the application, that they possess a current valid license at another site, and the number of that license.

(b) The department shall request a fire safety clearance from the appropriate fire marshal within five days of receipt of an application described in subdivision (a). The applicant shall be responsible for requesting and obtaining the required criminal record clearances.

(c) If the department for any reason is unable to comply with subdivision (a), it shall, within 60 days of receipt of the application described in subdivision (a), grant a provisional license to the applicant to operate for a period not to exceed six months, except as provided in subdivision (d). While the provisional license is in effect, the department shall continue its investigation and make a final determination on the application before the provisional license expires. The provisional license shall be granted, provided the department knows of no life safety risks, the criminal records clearances, if applicable, are complete, and the fire safety clearance is complete. The director may extend the term of a provisional license for an additional six months at the time of the application, if the director determines that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, and if all other requirements for a license have been met.

(d) If the department does not issue a provisional license pursuant to subdivision (c), the department shall issue a notice to the applicant identifying whether the provisional license has not been issued due to the existence of a life safety risk, lack of a fire safety clearance, lack of a criminal records clearance, failure to complete the application, or any combination of these reasons. If a life safety risk is identified, the risk preventing the issuance of the provisional license shall be clearly explained. If a lack of the fire safety clearance is identified, the notice shall include the dates on which the department requested the clearance and the current status of that request, and the fire marshal's name and telephone number to whom a fire safety clearance request was sent. The department shall identify the names of individuals for whom criminal records clearances are lacking. If failure to complete the application is identified, the notice shall list all of the forms or attachments that are missing or incorrect. This notice shall be sent to the applicant no later than 60 days after the applicant filed the application. If the reasons identified in the notice are corrected, the department shall issue the provisional license within five days after the corrections are made.

(e) The department shall, immediately after January 1, 1993, develop expedited procedures necessary to implement subdivisions (a), (b), (c), and (d).

(f) The department shall, immediately after January 1, 1993, develop an appeal procedure for applicants under this section for both denial of licenses and delay in processing applications.

read:

1574.7.  (a) The department and the licensing agencies with which it contracts for licensing shall review and make a final determination within 60 days of an applicant's submission of a complete application on all applications for a license to operate an adult day health center if the applicant possesses a current valid license to operate an adult day health center at another site. Applicants shall note on the application, or in a cover letter to the application, that they possess a current valid license at another site, and the number of that license.

(b) The department shall request a fire safety clearance from the appropriate fire marshal within five days of receipt of an application described in subdivision (a). The applicant shall be responsible for requesting and obtaining the required criminal record clearances.

While the provisional license is in effect, the department shall continue its investigation and make a final determination on the application before the provisional license expires. The provisional license shall be granted, provided the department knows of no life safety risks, the criminal records clearances, if applicable, are complete, and the fire safety clearance is complete. The director may extend the term of a provisional license for an additional six months at the time of the application, if the director determines that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, and if all other requirements for a license have been met.

(d) If the department does not issue a provisional license pursuant to subdivision (c), the department shall issue a notice to the applicant identifying whether the provisional license has not been issued due to the existence of a life safety risk, lack of a fire safety clearance, lack of a criminal records clearance, failure to complete the application, or any combination of these reasons. If a life safety risk is identified, the risk preventing the issuance of the provisional license shall be clearly explained. If failure to complete the application is identified, the notice shall list all of the forms or attachments that are missing or incorrect. This notice shall be sent to the applicant no later than 60 days after the applicant filed the application. If the reasons identified in the notice are corrected, the department shall issue the provisional license within five days after the corrections are made.
(e) The department shall, immediately after January 1, 1993, develop expedited procedures necessary to implement subdivisions (a), (b), (c), and (d).

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That many innocent and dedicated workers in California fall victim to job-related injuries, illnesses, and deaths every year.

(b) That the increasing toll of victims of the American workplace deserves recognition and response in our hearts and in the law.

(c) That Workers' Memorial Day has come to be recognized on April 28.

(d) That on the first Workers' Memorial Day in 1989, special services were conducted at six locations across our nation chosen because of safety problems and disasters which have occurred in those places.

(e) That coordinated services of this sort, and other coordinated activities, increase our recognition of the loss we all experience from job-related hazards, and strengthen our resolve to invigorate occupational health and safety laws.

SEC. 2. Section 29.5 is added to the Labor Code to read:

29.5. The Governor shall annually issue a proclamation declaring April 28 as Workers' Memorial Day in remembrance of the courage and integrity of American workers, and recommending that the day be observed in an appropriate manner.

[Approved by Governor August 30, 1992. Filed with Secretary of State August 31, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 56.10 of the Civil Code is amended to read: 56.10. (a) No provider of health care shall disclose medical information regarding a patient of the provider without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.

(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.

(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.

(4) By a board, commission, or administrative agency pursuant to an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(5) By an arbitrator or arbitration panel, when arbitration is lawfully requested by either party, pursuant to a subpoena duces tecum issued under Section 1282.6 of the Code of Civil Procedure, or any other provision authorizing discovery in a proceeding before an arbitrator or arbitration panel.

(6) By a search warrant lawfully issued to a governmental law enforcement agency.

(7) When otherwise specifically required by law.

(c) A provider of health care may disclose medical information as follows:

(1) The information may be disclosed to providers of health care or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission between emergency medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Chapter 2 (commencing with Section 1200) of Division 2 of the
Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. If (A) the patient is, by reason of a comatose or other disabling medical condition, unable to consent to the disclosure of medical information and (B) no other arrangements have been made to pay for the health care services being rendered to the patient, the information may be disclosed to a governmental authority to the extent necessary to determine the patient's eligibility for, and to obtain, payment under a governmental program for health care services provided to the patient. The information may also be disclosed to another provider as necessary to assist the other provider in obtaining payment for health care services rendered by that provider to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way which would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, or to licensed health care service plans, or to professional standards review organizations, or to utilization and quality control peer review organizations as established by Congress in Public Law 97-248 in 1982, or to persons or organizations insuring, responsible for, or defending professional liability which a provider may incur, if the committees, agents, plans, organizations, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office.

(7) The information may be disclosed to public agencies, clinical investigators, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. However, no information so disclosed shall be further disclosed by the recipient in any way which would permit identification of the patient.
(8) A provider of health care that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information which:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided it may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy which the patient seeks coverage by or benefits from, if the information was created by the provider of health care as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a group practice prepayment health care service plan by providers which contract with the plan and may be transferred among providers which contract with the plan, for the purpose of administering the plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existent guardianship.

(13) When the disclosure is otherwise specifically authorized by law.

SEC. 1.5. Section 1470 of the Probate Code is amended to read:
1470. (a) The court may appoint private legal counsel for a ward, a proposed ward, a conservatee, or a proposed conservatee in any proceeding under this division if the court determines the person is not otherwise represented by legal counsel and that the appointment would be helpful to the resolution of the matter or is necessary to protect the person's interests.

(b) If a person is furnished legal counsel under this section, the court shall, upon conclusion of the matter, fix a reasonable sum for compensation and expenses of counsel. The sum may, in the discretion of the court, include compensation for services rendered, and expenses incurred, before the date of the order appointing counsel.

(c) The court shall order the sum fixed under subdivision (b) to be paid:

1. If the person for whom legal counsel is appointed is an adult, from the estate of that person.

2. If the person for whom legal counsel is appointed is a minor, by a parent or the parents of the minor or from the minor's estate, or any combination thereof, in any proportions the court deems just.

3. The court may make an order under subdivision (c) requiring payment by a parent or parents of the minor only after the parent or parents, as the case may be, have been given notice and the opportunity to be heard on whether the order would be just under the circumstances of the particular case.

SEC. 2. Section 1472 of the Probate Code is amended to read:

1472. (a) If a person is furnished legal counsel under Section 1471:

1. The court shall, upon conclusion of the matter, fix a reasonable sum for compensation and expenses of counsel and shall make a determination of the person's ability to pay all or a portion of that sum. The sum may, in the discretion of the court, include compensation for services rendered, and expenses incurred, before the date of the order appointing counsel.

2. If the court determines that the person has the ability to pay all or a portion of the sum, the court shall order the conservator of the estate or, if none, the person, to pay in any installments and in any manner the court determines to be reasonable and compatible with the person's financial ability.

3. In a proceeding under Chapter 3 (commencing with Section 3100) of Part 6 for court authorization of a proposed transaction involving community property, the court may order payment out of the proceeds of the transaction.

4. If a conservator is not appointed for the person furnished legal counsel, the order for payment may be enforced in the same manner as a money judgment.

(b) If the court determines that a person furnished private counsel under Section 1471 lacks the ability to pay all or a portion of the sum determined under paragraph (1) of subdivision (a), the county shall pay the sum to the private counsel to the extent the
court determines the person is unable to pay.

(c) The payment ordered by the court under subdivision (a) shall be made to the county if the public defender has been appointed or if private counsel has been appointed to perform the duties of the public defender and the county has compensated that counsel. In the case of other court-appointed counsel, the payment shall be made to that counsel.

SEC. 3. Section 1513 of the Probate Code is amended to read:

1513. (a) Unless waived by the court, a court investigator, probation officer, or domestic relations investigator shall make an investigation and file with the court a report and recommendation concerning each proposed guardianship of the person or guardianship of the estate. Investigations where the proposed guardian is a relative shall be made by a court investigator. Investigations where the proposed guardian is a nonrelative shall be made by the county agency designated to investigate potential dependency. The report for the guardianship of the person shall include, but need not be limited to, an investigation and discussion of all of the following:

(1) A social history of the guardian.

(2) A social history of the proposed ward, including, to the extent feasible, an assessment of any identified developmental, emotional, psychological, or educational needs of the proposed ward and the capability of the petitioner to meet those needs.

(3) The relationship of the proposed ward to the guardian, including the duration and character of the relationship, where applicable, the circumstances whereby physical custody of the proposed ward was acquired by the guardian, and a statement of the proposed ward's attitude concerning the proposed guardianship, unless the statement of the attitude is affected by the proposed ward's developmental, physical, or emotional condition.

(4) The anticipated duration of the guardianship and the plans of both natural parents and the proposed guardian for the stable and permanent home for the child. The court may waive this requirement for cases involving relative guardians.

(b) The report shall be read and considered by the court prior to ruling on the petition for guardianship, and shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(c) If the investigation finds that any party to the proposed guardianship alleges the minor's parent is unfit, as defined by Section 300 of the Welfare and Institutions Code, the case shall be referred to the county agency designated to investigate potential dependencies. Guardianship proceedings shall not be completed until the investigation required by Sections 328 and 329 of the Welfare and Institutions Code is completed and a report is provided to the court in which the guardianship proceeding is pending.

(d) The report required by this section is confidential and shall only be made available to persons who have been served in the
proceedings or their attorneys. The county clerk shall make provisions for the limitation of the report exclusively to persons entitled to its receipt.

(e) For the purpose of writing the report required by this section, the person making the investigation and report shall have access to the proposed ward's school records, probation records, and public and private social services records, and to an oral or written summary of the proposed ward's medical records and psychological records prepared by any physician, psychologist, or psychiatrist who made or who is maintaining those records. The physician, psychologist, or psychiatrist shall be available to clarify information regarding these records pursuant to the investigator's responsibility to gather and provide information for the court.

(f) This section does not apply to guardianships resulting from a permanency plan for a dependent child pursuant to Section 366.25 of the Welfare and Institutions Code.

SEC. 4. Section 1890 of the Probate Code is amended to read:

1890. (a) An order of the court under Section 1880 may be included in the order of appointment of the conservator if the order was requested in the petition for the appointment of the conservator or, except in the case of a limited conservator, may be made subsequently upon a petition made, noticed, and heard by the court in the manner provided in this article.

(b) In the case of a petition filed under this chapter requesting that the court make an order under this chapter or that the court modify or revoke an order made under this chapter, when the order applies to a limited conservatee, the order may only be made upon a petition made, noticed, and heard by the court in the manner provided by Article 3 (commencing with Section 1820) of Chapter 1.

(c) Any request for a court order under Section 1880, whether made as part of the original petition for appointment of a conservator or subsequent thereto, shall be accompanied by a declaration executed by a licensed physician, or a licensed psychologist within the scope of his or her licensure, that the proposed conservatee or the conservatee, as the case may be, lacks the capacity to give an informed consent for any form of medical treatment and the reasons therefor. Nothing in this section shall be construed to expand the scope of practice of psychologists as set forth in the Business and Professions Code.

The compensation allowed to the guardian or conservator of the person, the guardian or conservator of the estate, and to the attorney may, in the discretion of the court, include compensation for services rendered before the date of the order appointing the guardian or conservator. (b) The authority provided to the public guardian and public conservator in subdivision (a) includes the authority to terminate immediately the occupancy of anyone living in the home of an intended ward or conservatee, other than the intended ward or

(1) The public guardian or public conservator shall first determine that the person whose occupancy is to be terminated has no written rental agreement or other legal right to occupancy, and has caused, contributed to, enabled, or threatened loss, injury, waste, or misappropriation of the home or its contents. In making this determination, the public guardian or public conservator shall contact the intended ward or conservatee and the occupant, advise them of the proposed removal and the grounds therefor, and consider whatever information they provide.

(c) If the public guardian or public conservator takes possession of the residence of an intended ward or conservatee under this section, then for purposes of Section 602.3 of the Penal Code, the public guardian or public conservator shall be the owner’s representative.

SEC. 12. Section 6.5 of this bill incorporates amendments to Section 2580 of the Probate Code proposed by both this bill and AB 3328. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1993, (2) each bill amends Section 2580 of the Probate Code, and (3) this bill is enacted after AB 3328, in which case Section 6 of this bill shall not become operative.
