Affidavits submitted pursuant to this subdivision by the district attorney shall meet the standards and procedures prescribed by the state agency to which the affidavit is submitted, except that those affidavits submitted with respect to moneys owed and unpaid to the judgment debtor as a result of a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporations Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, shall meet the standards and procedures prescribed

In addition, the affidavit shall specify the beginning and ending dates of all periods during which the arrearage for support occurred, specify the arrearage for each month, and state that each specified arrearage has been delinquent for at least 30 days. It shall also certify that the child or children are not recipients, and during the period for which payment is requested, were not recipients, of Aid to Families with Dependent Children and there was no assignment to a state or county agency of support and shall certify on information and belief that there is not current or past action by a district attorney pending for support or support enforcement on the judgment creditor's behalf.

The request shall have attached a proof of service showing that copies of the request, the affidavit, and the abstract or certified copy of the judgment ordering the payment of support have been served on the judgment debtor and the district attorney of the county in which the support judgment is entered. However, the trial court may in its discretion stay execution of such provisions pending review on appeal or for such other period or periods as to it may appear appropriate. Further, in the absence of a writ or order of a reviewing court providing otherwise, the provisions of the judgment or order allowing, or eliminating restrictions against, removal of the minor child from the state are stayed by operation of law for a period of 30 days from the entry of the judgment or order and are subject to any further stays ordered by the trial court, as herein provided.

1209.5. When a court of competent jurisdiction makes an order compelling a parent to furnish support or necessary food, clothing, shelter, medical attendance, or other remedial care for his or her child, proof that the order was made, filed, and served on the parent or proof that the parent was present in court at the time the order was pronounced and proof that the parent did not comply with the order is prima facie evidence of a contempt of court.

SEC. 58. Section 1219 of the Code of Civil Procedure is amended to read:

1219. (a) Except as provided in subdivisions (b) and (c), when the contempt consists of the omission to perform an act which is yet in the power of the person to perform, he or she may be imprisoned until he or she has performed it, and in that case the act shall be specified in the warrant of commitment.

(b) Notwithstanding any other law, no court may imprison or otherwise confine or place in custody the victim of a sexual assault for contempt when the contempt consists of refusing to testify concerning that sexual assault.

SEC. 59. Section 1276 of the Code of Civil Procedure is amended to read:

1276. All applications for change of names shall be made to the superior court of the county where the person whose name is proposed to be changed resides either (a) by petition signed by the person or, if the person is under 18 years of age, by one of the person’s parents, if living, or if both parents are dead, then by the guardian of the person and, if there is no guardian, then by some near relative or friend of the person or (b) as provided in Section 7638 of the Family Code.

SEC. 60. Section 1277 of the Code of Civil Procedure is amended to read:

1277. (a) Where an action for a change of name is commenced by the filing of a petition, the court shall thereupon make an order reciting the filing of the petition, the name of the person by whom it is filed and the name proposed, and directing all persons interested in the matter to appear before the court at a time and place specified, which shall be not less than four or more than eight weeks from the time of making the order, to show cause why the application for change of name should not be granted. A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. If no newspaper of general circulation is published in the county, a copy of the order to show cause shall be
posted by the clerk of the court in three of the most public places in
the county in which the court is located, for a like period. Proof shall
be made to the satisfaction of the court of this publication or posting,
at the time of the hearing of the application.

Four weekly publications shall be sufficient publication of the
order to show cause. If the order is published in a daily newspaper,
publishation once a week for four successive weeks shall be sufficient.

Where a petition has been filed for a minor and the other parent,
if living, does not join in consenting thereto, the petitioner shall
cause, not less than 30 days prior to the hearing, to be served notice
of the time and place of the hearing or a copy of the order to show
cause on the other parent pursuant to Section 413.10, 414.10, 415.10,
or 415.40.

(b) Where application for change of name is brought as part of an
action under the Uniform Parentage Act (Part 3 (commencing with
Section 7600) of Division 12 of the Family Code), whether as part of
a petition or cross-complaint or as a separate order to show cause in
a pending action thereunder, service of the application shall be made
upon all other parties to the action in a like manner as prescribed for
the service of a summons, as is set forth in Article 3 (commencing
with Section 415.10) of Chapter 4 of Title 5 of Part 2. Upon the setting
of a hearing on the issue, notice of the hearing shall be given to all
parties in the action in a like manner and within the time limits
prescribed generally for the type of hearing (whether trial or order
to show cause) at which the issue of the change of name is to be
decided.

SEC. 61. Section 1278 of the Code of Civil Procedure is amended
to read:

1278. (a) Except as provided in subdivision (b), the application
shall be heard at the time designated by the court, only if objections
are filed by any person who can, in those objections, show to the
court good reason against the change of name. At the hearing, the
court may examine on oath any of the petitioners, remonstrants, or
other persons, touching the application, and may make an order
changing the name, or dismissing the application, as to the court may
seem right and proper.

If no objection is filed the court may, without hearing, enter the
order that the change of name is granted.

(b) Where the application for a change of name is brought as part
of an action under the Uniform Parentage Act (Part 3 (commencing
with Section 7600) of Division 12 of the Family Code), the hearing
on the issue of the change of name shall be conducted pursuant to
statutes and rules of court governing those proceedings, whether the
hearing is conducted upon an order to show cause or upon trial.

SEC. 62. Section 1279.5 of the Code of Civil Procedure is
amended to read:

1279.5. Nothing in this title shall be construed to abrogate the
common law right of any person to change one's name.

SEC. 63. Section 1279.6 is added to the Code of Civil Procedure,
to read:

1279.6. No person engaged in a trade or business of any kind or in the provision of a service of any kind shall do any of the following:

(a) Refuse to do business with a woman, or refuse to provide the service to a woman, regardless of her marital status, because she has chosen to use or regularly uses her birth name or former name.

(b) Impose, as a condition of doing business with a woman, or as a condition of providing the service to a woman, a requirement that the woman, regardless of her marital status, use a name other than her birth name or former name if she has chosen to use or regularly uses her birth name or former name.

SEC. 64. Section 1710.10 of the Code of Civil Procedure is amended to read:

1710.10. As used in this chapter:

(a) "Judgment creditor" means the person or persons who can bring an action to enforce a sister state judgment.

(b) "Judgment debtor" means the person or persons against whom an action to enforce a sister state judgment can be brought.

(c) "Sister state judgment" means that part of any judgment, decree, or order of a court of a state of the United States, other than California, which requires the payment of money, but does not include a support order as defined in Section 155 of the Family Code.

SEC. 65. Section 2032 of the Code of Civil Procedure is amended to read:

2032. (a) Any party may obtain discovery, subject to the restrictions set forth in Section 2019, by means of a physical or mental examination of (1) a party to the action, (2) an agent of any party, or (3) a natural person in the custody or under the legal control of a party, in any action in which the mental or physical condition (including the blood group) of that party or other person is in controversy in the action.

(b) A physical examination conducted under this section shall be performed only by a licensed physician and surgeon or other appropriate licensed health care practitioner. A mental examination conducted under this section shall be performed only by a licensed physician and surgeon, or by a licensed clinical psychologist who holds a doctorate degree in psychology and has had at least five years of postgraduate experience in the diagnosis of emotional and mental disorders. Nothing in this section affects tests under the Uniform Act on Blood Tests to Determine Paternity (Part 2 (commencing with Section 7550) of Division 12 of the Family Code).

(c) (1) As used in this subdivision, plaintiff includes a cross-complainant, and defendant includes a cross-defendant.

(2) In any case in which a plaintiff is seeking recovery for personal injuries, any defendant may demand one physical examination of the plaintiff, provided the examination does not include any diagnostic test or procedure that is painful, protracted, or intrusive, and is conducted at a location within 75 miles of the residence of the examinee. A defendant may make this demand without leave of
court after that defendant has been served or has appeared in the action, whichever occurs first. This demand shall specify the time, place, manner, conditions, scope, and nature of the examination, as well as the identity and the specialty, if any, of the physician who will perform the examination.

(3) A physical examination demanded under this subdivision shall be scheduled for a date that is at least 30 days after service of the demand for it unless on motion of the party demanding the examination the court has shortened this time.

(4) The defendant shall serve a copy of the demand for this physical examination on the plaintiff and on all other parties who have appeared in the action.

(5) The plaintiff to whom this demand for a physical examination has been directed shall respond to the demand by a written statement that the examinee will comply with the demand as stated, will comply with the demand as specifically modified by the plaintiff, or will refuse, for reasons specified in the response, to submit to the demanded physical examination. Within 20 days after service of the demand the plaintiff to whom the demand is directed shall serve the original of the response to it on the defendant making the demand, and a copy of the response on all other parties who have appeared in the action, unless on motion of the defendant making the demand the court has shortened the time for response, or unless on motion of the plaintiff to whom the demand has been directed, the court has extended the time for response.

(6) If a plaintiff to whom this demand for a physical examination has been directed fails to serve a timely response to it, that plaintiff waives any objection to the demand. However, the court, on motion, may relieve that plaintiff from this waiver on its determination that (A) the plaintiff has subsequently served a response that is in substantial compliance with paragraph (5), and (B) the plaintiff’s failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The defendant may move for an order compelling response and compliance with a demand for a physical examination. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel response and compliance with a demand for a physical examination, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a plaintiff then fails to obey the order compelling response and compliance, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction the court may impose a monetary sanction under Section 2023.

(7) If a defendant who has demanded a physical examination under this subdivision, on receipt of the plaintiff’s response to that
demand, deems that any modification of the demand, or any refusal to submit to the physical examination is unwarranted, that defendant may move for an order compelling compliance with the demand. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel compliance with a demand for a physical examination, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(8) The demand for a physical examination and the response to it shall not be filed with the court. The defendant shall retain both the original of the demand, with the original proof of service affixed to it, and the original response until six months after final disposition of the action. At that time, the original may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(d) If any party desires to obtain discovery by a physical examination other than that described in subdivision (c), or by a mental examination, the party shall obtain leave of court. The motion for the examination shall specify the time, place, manner, conditions, scope, and nature of the examination, as well as the identity and the specialty, if any, of the person or persons who will perform the examination. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt to arrange for the examination by an agreement under subdivision (e). Notice of the motion shall be served on the person to be examined and on all parties who have appeared in the action.

The court shall grant a motion for a physical or mental examination only for good cause shown. If a party stipulates that (1) no claim is being made for mental and emotional distress over and above that usually associated with the physical injuries claimed, and (2) no expert testimony regarding this usual mental and emotional distress will be presented at trial in support of the claim for damages, a mental examination of a person for whose personal injuries a recovery is being sought shall not be ordered except on a showing of exceptional circumstances. The order granting a physical or mental examination shall specify the person or persons who may perform the examination, and the time, place, manner, diagnostic tests and procedures, conditions, scope, and nature of the examination. If the place of the examination is more than 75 miles from the residence of the person to be examined, the order to submit to it shall be (1) made only on the court’s determination that there is good cause for the travel involved, and (2) conditioned on the advancement by the moving party of the reasonable expenses and costs to the examinee for travel to the place of examination.

(e) In lieu of the procedures and restrictions specified in
subdivisions (c) and (d), any physical or mental examination may be arranged by, and carried out under, a written agreement of the parties.

(f) If a party required by subdivision (c), (d), or (e) to submit to a physical or mental examination fails to do so, the court, on motion of the party entitled to the examination, may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may, on motion of the party, impose a monetary sanction under Section 2023.

If a party required by subdivision (c), (d), or (e) to produce another for a physical or mental examination fails to do so, the court, on motion of the party entitled to the examination, may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023, unless the party failing to comply demonstrates an inability to produce that person for examination. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(g) (1) The attorney for the examinee or for a party producing the examinee, or that attorney's representative, shall be permitted to attend and observe any physical examination conducted for discovery purposes, and to record stenographically or by audio tape any words spoken to or by the examinee during any phase of the examination. This observer may monitor the examination, but shall not participate in or disrupt it.

If in the judgment of the observer the examiner becomes abusive to the examinee or undertakes to engage in unauthorized diagnostic tests and procedures, the observer may suspend it to enable the party being examined or producing the examinee to make a motion for a protective order. If the observer begins to participate in or disrupt the examination, the person conducting the physical examination may suspend the examination to enable the party at whose instance it is being conducted to move for a protective order.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If the examinee submits or authorizes access to X-rays of any area of his or her body for inspection by the examining physician and surgeon, no additional X-rays of that area may be taken by the examining physician and surgeon except with consent of the examinee or on order of the court for good cause shown.

(2) The examiner and examinee shall have the right to record a mental examination on audio tape. However, nothing in this article shall be construed to alter, amend, or affect existing case law with respect to the presence of the attorney for the examinee or other persons during the examination by agreement or court order.

25900
(h) If a party submits to, or produces another for, a physical or mental examination in compliance with a demand under subdivision (c), an order of court under subdivision (d), or an agreement under subdivision (e), that party has the option of making a written demand that the party at whose instance the examination was made deliver to the demanding party (1) a copy of a detailed written report setting out the history, examinations, findings, including the results of all tests made, diagnoses, prognoses, and conclusions of the examiner, and (2) a copy of reports of all earlier examinations of the same condition of the examinee made by that or any other examiner. If this option is exercised, a copy of these reports shall be delivered within 30 days after service of the demand, or within 15 days of trial, whichever is earlier. The protection for work product under Section 2018 is waived, both for the examiner's writings and reports and to the taking of the examiner's testimony.

If the party at whose instance the examination was made fails to make a timely delivery of the reports demanded, the demanding party may move for an order compelling their delivery. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel delivery of medical reports, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling delivery of demanded medical reports, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to those sanctions, the court may impose a monetary sanction under Section 2023. The court shall exclude at trial the testimony of any examiner whose report has not been provided by a party.

(i) By demanding and obtaining a report of a physical or mental examination under subdivision (h), or by taking the deposition of the examiner, other than under subdivision (i) of Section 2034, the party who submitted to, or produced another for, a physical or mental examination waives in the pending action, and in any other action involving the same controversy, any privilege, as well as any protection for work product under Section 2018, that the party or other examinee may have regarding reports and writings as well as the testimony of every other physician and surgeon, psychologist, or licensed health care practitioner who has examined or may thereafter examine the party or other examinee in respect of the same physical or mental condition.

(j) A party receiving a demand for a report under subdivision (h) is entitled at the time of compliance to receive in exchange a copy
of any existing written report of any examination of the same condition by any other physician and surgeon, psychologist, or licensed health care practitioner. In addition, that party is entitled to receive promptly any later report of any previous or subsequent examination of the same condition, by any physician and surgeon, psychologist, or licensed health care practitioner.

If a party who has demanded and received delivery of medical reports under subdivision (h) fails to deliver existing or later reports of previous or subsequent examinations, a party who has complied with subdivision (h) may move for an order compelling delivery of medical reports. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel delivery of medical reports, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling delivery of medical reports, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to the sanction, the court may impose a monetary sanction under Section 2023. The court shall exclude at trial the testimony of any health care practitioner whose report has not been provided by a party ordered to do so by the court.

(k) Nothing in this section shall require the disclosure of the identity of an expert consulted by an attorney in order to make the certification required in an action for professional negligence under Sections 411.30 and 411.35.

SEC. 66. Section 420 of the Corporations Code is amended to read:

420. Neither a domestic nor foreign corporation nor its transfer agent or registrar is liable:

(a) For transferring or causing to be transferred on the books of the corporation to the surviving joint tenant or tenants any share or shares or other securities issued to two or more persons in joint tenancy, whether or not the transfer is made with actual or constructive knowledge of the existence of any understanding, agreement, condition or evidence that the shares or securities were held other than in joint tenancy or of a breach of trust by any joint tenant.

(b) To a minor or incompetent person in whose name shares or other securities are of record on its books or to any transferee of or transferor to either for transferring the shares or other securities on its books at the instance of or to the minor or incompetent or for the recognition of or dealing with the minor or incompetent as a shareholder or security holder, whether or not the corporation,
transfer agent or registrar had notice, actual or constructive, of the nonage or incompetency, unless a guardian or conservator of the property of the minor or incompetent has been appointed and the corporation, transfer agent or registrar has received written notice thereof.

(c) To any married person or to any transferee of such person for transferring shares or other securities on its books at the instance of the person in whose name they are registered, without the signature of such person’s spouse and regardless of whether the registration indicates that the shares or other securities are community property, in the same manner as if such person were unmarried.

(d) For transferring or causing to be transferred on the books of the corporation shares or other securities pursuant to a judgment or order of a court which has been set aside, modified or reversed unless, prior to the registration of the transfer on the books of the corporation, written notice is served upon the corporation or its transfer agent in the manner provided by law for the service of a summons in a civil action, stating that an appeal or other further court proceeding has been or is to be taken from or with regard to such judgment or order. After the service of such notice neither the corporation nor its transfer agent has any duty to register the requested transfer until the corporation or its transfer agent has received a certificate of the county clerk of the county in which the judgment or order was entered or made, showing that the judgment or order has become final.

(e) The Commercial Code shall not affect the limitations of liability set forth in this section. Section 1100 of the Family Code shall be subject to the provisions of this section and shall not be construed to prevent transfers, or result in liability to the corporation, transfer agent or registrar permitting or effecting transfers, which comply with this section.

SEC. 67. Section 22401.6 of the Education Code is amended to read:

22401.6. Upon election under subdivision (d) of Section 2610 of the Family Code, the court order awarding the nonmember spouse a community property share in the benefits of a retiree shall be consistent with this section.

(a) If the court does not award the entire retirement allowance to the retiree and the retiree is receiving a retirement allowance under any section other than Section 24200, the court shall require only that the system pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance of the retiree.

1. The retiree shall maintain the retirement allowance without change.

2. Any change of beneficiary shall be in writing on a form prescribed by the system, executed by the member, witnessed by two witnesses, neither of whom may be beneficiaries. To be valid the instrument shall be received in the office of the system in Sacramento before the member’s death.

As used in this section, "good cause" means a good faith and reasonable belief that the taking, detaining, concealing, or enticing away of the child is necessary to protect the child from immediate bodily injury or emotional harm. "Good cause" also includes the good faith and reasonable belief by a person with a right of custody of the child who has been the victim of domestic violence by another person with a right of custody of the child, that the child, if left with the other person, will suffer immediate bodily injury or emotional harm. (b) A child who has been detained or concealed shall be returned to the person, guardian, or public agency having lawful charge of the child, or to the court in which a custody proceeding is pending, or to the probation department of the juvenile court in the county in which the victim resides. Notwithstanding any other provision of law, when a person is arrested for an alleged violation of Section 277, 278, or 278.5 the court shall, at the time of the arraignment, impose the condition that the child shall be returned to the person or public agency having lawful charge of the child, and the court shall specify the date by which the child shall be returned. If conflicting custodial orders exist within this state, or between this state and a foreign state, the court shall set a hearing within five court days to determine which court has jurisdiction under the laws of this state, if the conflicting custodial orders are within this state, or if the conflict exists between this state and a foreign state, the court shall determine which state has subject matter jurisdiction to issue a custodial order under the laws of this state, the Uniform Child Custody Jurisdiction Act (Part 3 (commencing with Section 3400) of Division 8 of the Family Code), or federal law, if applicable. At the conclusion of the hearing, the court shall enter an order as to which custody order is valid and is to be enforced. If the child has not been returned at the conclusion of the hearing, the court shall set a date within a reasonable time by which the child shall be returned to the person or agency having lawful charge of the child, and order the defendant to comply by this date, or to show cause on that date why he or she has not returned the child as directed. The court shall only enforce its order, or any subsequent orders for the return of the child, under subdivision (a) of Section 1219 of the Code of Civil Procedure, to ensure that the child is promptly placed with the person or agency having lawful charge of the child. An order adverse to either the prosecution or defense is reviewable by a writ of mandate or prohibition addressed to the appropriate court.

(c) The offenses enumerated in Sections 277, 278, and 278.5 are continuous in nature, and continue for so long as the minor child is concealed or detained.

(d) Any expenses incurred in returning the child shall be reimbursed as provided in Section 3134 of the Family Code. Those expenses, and costs reasonably incurred by the victim, shall be assessed against any defendant convicted of a violation of Section 277, 278, or 278.5.

(e) Pursuant to Sections 27 and 778, violation of Section 277, 278, or 278.5 is punishable in California, whether the intent to commit the offense is formed within or without the state, if the child was a resident of California or present in California at the time of the taking, if the child thereafter is found in California, or if one of the parents, or a person granted access to the minor child by a court
order, is a resident of California at the time of the alleged violation of Section 277, 278, or 278.5 by a person who was not a resident of or present in California at the time of the alleged offense.

SEC. 114. Section 12021 of the Penal Code is amended to read:

12021. (a) Any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country, or of an offense enumerated in Section 12001.6, or who is addicted to the use of any narcotic drug, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 136.5, 140, 171b, 171c, 171d, 241,
243, 244.5, 245, 245.5, 246.3, 247, 417, 417.2, 626.9, subdivision (b) or (d) of Section 12034, subdivision (a) of Section 12100, 12320, or 12590 and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2).

(2) Any person, whose continued employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction prior to the effective date of the amendments which added this paragraph to this section, at any time until January 1, 1993, may petition the court for relief from this prohibition. The court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate. In making its decision, the court may consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature in enacting this paragraph to permit persons who were convicted of an offense specified in this subdivision prior to the effective date of the amendments which added this paragraph to this section to seek relief from the prohibition imposed by this subdivision.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, (2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the
Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility for more than 30 days, or received a fine of more than one thousand dollars ($1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a restraining order issued pursuant to Division 10 (commencing with Section 5500) of the Family Code and predicated on subdivision (b), (c), or (d) of Section 2035 of the Family Code, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or both that imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 5516 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 115. Section 12025.5 of the Penal Code is amended to read:

12025.5. A violation of Section 12025 is justifiable when a person who possesses a firearm reasonably believes that he or she is in grave danger because of circumstances forming the basis of a current restraining order issued by a court against another person or persons who has or have been found to pose a threat to his or her life or safety. This section may not apply when the circumstances involve a mutual restraining order issued pursuant to Sections 2035 and 2036 of the Family Code, or Sections 5514 and 5550 of the Family Code, or
Sections 7710 and 7711 of the Family Code absent a factual finding of a specific threat to the person's life or safety. It is not the intent of the Legislature to limit, restrict, or narrow the application of current statutory or judicial authority to apply this or other justifications to defendants charged with violating Section 12025 or of committing other similar offenses.

Upon trial for violating Section 12025, the trier of fact shall determine whether the defendant was acting out of a reasonable belief that he or she was in grave danger.

SEC. 116. Section 12028.5 of the Penal Code is amended to read:
12028.5. (a) As used in this section, the following definitions shall apply:

(2) "Domestic violence" is abuse perpetrated against any of the following:
(A) A spouse, former spouse, cohabitant, former cohabitant, any other adult person related by consanguinity or affinity within the second degree, or a person with whom the respondent has had a dating or engagement relationship.
(B) A person who is the parent of a child and the presumption applies that the male parent is the father of any child of the female pursuant to the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12 of the Family Code).
(3) "Deadly weapon" means any weapon, the possession or concealed carrying of which is prohibited by Section 12020.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a member of the University of California Police Department, as defined in subdivision (c) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (d) of Section 830.2, and a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered and the date after which the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than
48 hours. Except as provided in subdivision (c), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 72 hours following the initial seizure, except as provided in subdivision (c), the court shall allow reasonable attorney’s fees to the prevailing party.

(c) Any firearm or other deadly weapon which has been taken into custody which has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership.

(d) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff’s department or by a marshal’s office, or by a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (i), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(e) In those cases where a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 10 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned.

(f) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person’s last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person’s last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the domestic violence incident. In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the
whereabouts of the person and to comply with these notification requirements.

(g) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(h) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(i) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(j) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

(B) The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

Refusal to allow a peace officer to inspect a firearm pursuant to this section constitutes probable cause for arrest for violation of this section.

(f) As used in this section, "prohibited area" means any place where it is unlawful to discharge a weapon.

(g) A firearm shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell, consisting of a case which holds a charge of powder and a bullet or shot, in, or attached in any manner to, the firearm, including, but not limited to, in the firing chamber, magazine, or clip thereof attached to the firearm; except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder.

(h) Nothing in this section shall prevent any person engaged in any lawful business, including a nonprofit organization, or any officer, employee, or agent authorized by that person for lawful purposes connected with that business, from having a loaded firearm within the person's place of business, or any person in lawful possession of private property from having a loaded firearm on that property.

(i) Nothing in this section shall prevent any person from carrying a loaded firearm in an area within an incorporated city while engaged in hunting, provided that the hunting at that place and time is not prohibited by the city council.

(j) (1) Nothing in this section is intended to preclude the carrying of any loaded firearm, under circumstances where it would otherwise be lawful, by a person who reasonably believes that the person or property of himself or herself or of another is in immediate, grave danger and that the carrying of the weapon is necessary for the preservation of that person or property. As used in this subdivision, "immediate" means the brief interval before and after the local law
enforcement agency, when reasonably possible, has been notified of
the danger and before the arrival of its assistance.

(2) A violation of this section is justifiable when a person who
possesses a firearm reasonably believes that he or she is in grave
danger because of circumstances forming the basis of a current
restraining order issued by a court against another person or persons
who has or have been found to pose a threat to his or her life or safety.
This paragraph may not apply when the circumstances involve a
mutual restraining order issued pursuant to Sections 2035 and 2036
of the Family Code, or Sections 5514 and 5550 of the Family Code,
or Sections 7710 and 7711 of the Family Code absent a factual finding
of a specific threat to the person’s life or safety. It is not the intent
of the Legislature to limit, restrict, or narrow the application of
current statutory or judicial authority to apply this or other
justifications to defendants charged with violating Section 12025 or
of committing other similar offenses.

Upon trial for violating this section, the trier of fact shall determine
whether the defendant was acting out of a reasonable belief that he
or she was in grave danger.

(k) Nothing in this section is intended to preclude the carrying of
a loaded firearm by any person while engaged in the act of making
or attempting to make a lawful arrest.

(l) Nothing in this section shall prevent any person from having
a loaded weapon, if it is otherwise lawful, at his or her place of
residence, including any temporary residence or campsite.

SEC. 118. Section 12076 of the Penal Code is amended to read:

12076. (a) The purchaser or transferee of any firearm shall be
required to present clear evidence of his or her identity and age, as
defined in Section 12071, to the dealer, and the dealer shall require
him or her to sign his or her current legal name and affix his or her
residence address and date of birth to the register in quadruplicate.
The salesperson shall affix his or her signature to the register in
quadruplicate as a witness to the signature and identification of the
purchaser or transferee. Any person furnishing a fictitious name or
address or knowingly furnishing any incorrect information or
knowingly omitting any information required to be provided for the
register and any person violating any provision of this section is guilty
of a misdemeanor.

(b) Two copies of the original sheet of the register, on the date of
sale or transfer, shall be placed in the mail, postage prepaid, and
properly addressed to the Department of Justice in Sacramento. The
third copy of the original shall be mailed, postage prepaid, to the
chief of police, or other head of the police department, of the city or
county wherein the sale or transfer is made. Where the sale or
transfer is made in a district where there is no municipal police
department, the third copy of the original sheet shall be mailed to
the sheriff of the county wherein the sale or transfer is made.

The third copy for firearms, other than pistols, revolvers, or other
firearms capable of being concealed upon the person shall be
destroyed within five days of receipt and no information shall be compiled therefrom.

(c) The department shall examine its records, as well as those records that it is authorized to request from the State Department of Mental Health pursuant to Section 8104 of the Welfare and Institutions Code, in order to determine if the purchaser or transferee is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

If the department determines that the purchaser or transferee is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the dealer and the chief of the police department of the city or county in which the sale or transfer was made, or if the sale or transfer was made in a district in which there is no municipal police department, the sheriff of the county in which the sale or transfer was made, of that fact.

If the department determines that the copies of the register submitted to it pursuant to subdivision (b) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser or transferee or the pistol, revolver, or other firearm to be purchased or transferred, or if any fee required pursuant to subdivision (d) is not submitted by the dealer in conjunction with submission of copies of the register, the department may notify the dealer of that fact. Upon notification by the department, the dealer shall submit corrected copies of the register to the department, or shall submit any fee required pursuant to subdivision (d), or both, as appropriate and, if notification by the department is received by the dealer at any time prior to delivery of the firearm to be purchased or transferred, the dealer shall withhold delivery until the conclusion of the waiting period described in Sections 12071 and 12072.

(d) The Department of Justice may charge the dealer a fee sufficient to reimburse all of the following:

1. (A) The department for the cost of furnishing this information. All money received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund, which is hereby created, to be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred pursuant to this section and Section 12289.

2. (B) The department for the cost of meeting its obligations under paragraph (2) of subdivision (b) of Section 8100 of the Welfare and Institutions Code.

3. (2) Local mental health facilities for state-mandated local costs resulting from the reporting requirements imposed by the amendments to Section 8103 of the Welfare and Institutions Code, made by the act which also added this paragraph.

4. (3) The State Department of Mental Health for the costs resulting from the requirements imposed by the amendments to Section 8104
of the Welfare and Institutions Code made by the act which also added this paragraph.

(4) Local mental hospitals, sanitariums, and institutions for state-mandated local costs resulting from the reporting requirements imposed by Section 8105 of the Welfare and Institutions Code.

(5) Local law enforcement agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (a) of Section 5804 of the Family Code created by the act which also added this paragraph.

(6) Local law enforcement agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (c) of Section 8105 of the Welfare and Institutions Code.

The fee established pursuant to this subdivision shall not exceed the sum of the actual processing costs of the department, the estimated reasonable costs of the local mental health facilities for complying with the reporting requirements imposed by the act which added paragraph (2) to this subdivision, the costs of the State Department of Mental Health for complying with the requirements imposed by the act which added paragraph (3) to this subdivision, the estimated reasonable costs of local mental hospitals, sanitariums, and institutions for complying with the reporting requirements imposed by the act which added paragraph (4) to this subdivision, the estimated reasonable costs of local law enforcement agencies for complying with the notification requirements set forth in subdivision (a) of Section 5804 of the Family Code created by the act which added paragraph (5) to this subdivision, and the estimated reasonable costs of local law enforcement agencies for complying with the notification requirements set forth in subdivision (c) of Section 8105 of the Welfare and Institutions Code created by the act which added paragraph (6) to this subdivision.

(e) Whenever the Department of Justice acts pursuant to this section as it pertains to firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, its acts or omissions shall be deemed to be discretionary within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

SEC. 120. Section 143 of the Probate Code is amended to read:

143. (a) Subject to Section 142, a waiver is enforceable under this section unless the surviving spouse proves either of the following:

legal counsel.

(2) The surviving spouse was not represented by independent legal counsel at the time of signing of the waiver.

(b) Subdivision (b) of Section 721 of the Family Code does not apply if the waiver is enforceable under this section.

SEC. 121. Section 144 of the Probate Code is amended to read:

144. (a) Except as provided in subdivision (b), subject to Section 142, a waiver is enforceable under this section if the court determines either of the following:

(1) The waiver at the time of signing made a fair and reasonable disposition of the rights of the surviving spouse.

(2) The surviving spouse had, or reasonably should have had, an adequate knowledge of the property and financial obligations of the decedent and the decedent did not violate the duty imposed by subdivision (b) of Section 721 of the Family Code.

(b) If, after considering all relevant facts and circumstances, the court finds that enforcement of the waiver pursuant to subdivision (a) would be unconscionable under the circumstances existing at the time enforcement is sought, the court may refuse to enforce the waiver, enforce the remainder of the waiver without the unconscionable provisions, or limit the application of the unconscionable provisions to avoid an unconscionable result.

(c) Except as provided in paragraph (2) of subdivision (a), subdivision (b) of Section 721 of the Family Code does not apply if the waiver is enforceable under this section.

SEC. 122. Section 146 of the Probate Code is amended to read:

146. (a) As used in this section, "agreement" means a written agreement signed by each spouse or prospective spouse altering, amending, or revoking a waiver under this chapter.

(b) Except as provided in subdivisions (c) and (d) of Section 147, unless the waiver specifically otherwise provides, a waiver under this chapter may not be altered, amended, or revoked except by a subsequent written agreement signed by each spouse or prospective spouse.

(c) Subject to subdivision (d), the agreement is enforceable only if it satisfies the requirements of subdivision (b) and is enforceable under either subdivision (e) or subdivision (f).

(d) Enforcement of the agreement against a party to the agreement is subject to the same defenses as enforcement of any other contract, except that:

(1) Lack of consideration is not a defense to enforcement of the agreement.

(2) A minor intending to marry may enter into the agreement as if married, but the agreement becomes effective only upon the marriage.

(e) Subject to subdivision (d), an agreement is enforceable under this subdivision unless the party to the agreement against whom enforcement is sought proves either of the following:

(1) A fair and reasonable disclosure of the property or financial
obligations of the other spouse was not provided to the spouse against whom enforcement is sought prior to the signing of the agreement unless the spouse against whom enforcement is sought waived such a fair and reasonable disclosure after advice by independent legal counsel.

(2) The spouse against whom enforcement is sought was not represented by independent legal counsel at the time of signing of the agreement.

(f) Subject to subdivisions (d) and (g), an agreement is enforceable under this subdivision if the court determines that the agreement at the time of signing made a fair and reasonable disposition of the rights of the spouses.

(g) If, after considering all relevant facts and circumstances, the court finds that enforcement of the agreement pursuant to subdivision (f) would be unconscionable under the circumstances existing at the time enforcement is sought, the court may refuse to enforce the agreement, enforce the remainder of the agreement without the unconscionable provisions, or limit the application of the unconscionable provisions to avoid an unconscionable result.

(h) Subdivision (b) of Section 721 of the Family Code does not apply if the agreement is enforceable under this section.

SEC. 123. Section 1514 of the Probate Code is amended to read:

1514. (a) Upon hearing of the petition, if it appears necessary or convenient, the court may appoint a guardian of the person or estate of the proposed ward or both.

(b) In appointing a guardian of the person, the court is governed by Chapter 1 (commencing with Section 3020) and Chapter 2 (commencing with Section 3040) of Part 2 of Division 8 of the Family Code, relating to custody of a minor.

(c) The court shall appoint a guardian nominated under Section 1500 insofar as the nomination relates to the guardianship of the estate unless the court determines that the nominee is unsuitable.

(d) The court shall appoint the person nominated under Section 1501 as guardian of the property covered by the nomination unless the court determines that the nominee is unsuitable. If the person so appointed is appointed only as guardian of the property covered by the nomination, the letters of guardianship shall so indicate.

(e) Subject to subdivisions (c) and (d), in appointing a guardian of the estate:

(1) The court is to be guided by what appears to be in the best interest of the proposed ward, taking into account the proposed guardian’s ability to manage and to preserve the estate as well as the proposed guardian’s concern for and interest in the welfare of the proposed ward.

(1) The joinder or consent of the spouse having legal capacity.

(2) The joinder or consent of the conservator of the other spouse given in compliance with Section 3072.

(c) Where both spouses have conservators, the joinder or consent requirement is satisfied by the joinder or consent of each such
conservator given in compliance with Section 3072.

(d) In any case, the requirement of joinder or consent is satisfied if the transaction is authorized by an order of court obtained in a proceeding pursuant to Chapter 3 (commencing with Section 3100).

SEC. 128. Section 3072 of the Probate Code is amended to read:

(b) A conservator may consent without court authorization to a sale, conveyance, or encumbrance of community personal property requiring consent under Section 1152 of the Family Code if the conservator could sell or transfer such property under Section 2545 without court authorization if the property were a part of the conservatorship estate.

(b) The joinder or consent under Section 3071 of a conservator shall be in the same manner as a spouse would join in or consent to the transaction under the statute that applies to the transaction except that the joinder or consent shall be executed by the conservator and shall refer to the court order, if one is required, authorizing the conservator to join in or consent to the transaction.

SEC. 130. Section 3088 of the Probate Code is amended to read:

3088. (a) The court may order the spouse who has the management or control of community property to apply the income or principal, or both, of the community property to the support and maintenance of the conservatee (including care, treatment, and support of a conservatee who is a patient in a state hospital under the jurisdiction of the State Department of Mental Health or the State Department of Developmental Services) as ordered by the court.

(b) In determining the amount ordered for support and maintenance, the court shall consider the following circumstances of the spouses:

(1) The earning capacity and needs of each spouse.
(2) The obligations and assets, including the separate property, of each spouse.
(3) The duration of the marriage.
(4) The age and health of the spouses.

The court may order the spouse required to make the periodic payments to give reasonable security therefor.

(e) The court may order the spouse required to make the periodic payments to assign, to the person designated in the order to receive the payments, that portion of the earnings of the spouse due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support and maintenance of the conservatee. Such order operates as an assignment and is binding upon any existing or future employer upon whom a copy of the order is served. The order shall be in the form for an earnings assignment order for support prescribed by the Judicial Council for use in family law proceedings. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any execution or other assignment unless otherwise ordered by the court or unless the other assignment is made pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code. No employer shall use any assignment authorized by this subdivision as grounds for the dismissal of such employee. As used in this subdivision, "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code. This subdivision applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that such moneys and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(f) The court retains jurisdiction to modify or to vacate an order made under this section where justice requires, except as to any amount that may have accrued prior to the date of the filing of the petition to modify or revoke the order. At the request of any interested person, the order of modification or revocation shall include findings of fact and may be made retroactive to the date of the filing of the petition to revoke or modify, or to any date subsequent thereto. At least 15 days before the hearing on the petition to modify or vacate the order, the petitioner shall mail a notice of the time and place of the hearing on the petition, accompanied by a copy of the petition, to the spouse who has the management or control of the community property. Notice shall be given for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1 to any other persons
entitled to notice of the hearing under that chapter.

(g) In a proceeding for dissolution of the marriage or for legal separation, the court has jurisdiction to modify or vacate an order made under this section to the same extent as it may modify or vacate an order made in the proceeding for dissolution of the marriage or for legal separation.

5305. (a) Notwithstanding Sections 5301 to 5303, inclusive, if parties to an account are married to each other, whether or not they are so described in the deposit agreement, their net contribution to the account is presumed to be and remain their community property.

(b) Notwithstanding Sections 2580 and 2640 of the Family Code, the presumption established by this section is a presumption affecting the burden of proof and may be rebutted by proof of either of the following:

(1) The sums on deposit that are claimed to be separate property can be traced from separate property unless it is proved that the married persons made a written agreement that expressed their clear intent that such sums be their community property.

(2) The married persons made a written agreement, separate from the deposit agreement, that expressly provided that the sums on deposit, claimed not to be community property, were not to be community property.

(c) Except as provided in Section 5307, a right of survivorship arising from the express terms of the account or under Section 5302, a beneficiary designation in a Totten trust account, or a P.O.D. payee designation, may not be changed by will.

(d) Except as provided in subdivisions (b) and (c), a multiple-party account created with community property funds does not in any way alter community property rights.

SEC. 132. Section 6408 of the Probate Code is amended to read:
6408. (a) A relationship of parent and child is established for the purpose of determining intestate succession by, through, or from a person in the following circumstances:

(1) Except as provided in subdivisions (b), (c), and (d), the relationship of parent and child exists between a person and his or her natural parents, regardless of the marital status of the natural parents.

(2) The relationship of parent and child exists between an adopted person and his or her adopting parent or parents.

(b) The relationship of parent and child does not exist between an adopted person and the person's natural parent unless both of the following requirements are satisfied:

(1) The natural parent and the adopted person lived together at any time as parent and child, or the natural parent was married to, or was cohabiting with, the other natural parent at the time the child was conceived and died before the birth of the child.

(2) The adoption was by the spouse of either of the natural
parents or after the death of either of the natural parents.

(c) Neither a parent nor a relative of a parent (except for the issue of the child or a wholeblood brother or sister of the child or the issue of that brother or sister) inherits from or through a child on the basis of the relationship of parent and child if the child has been adopted by someone other than the spouse or surviving spouse of that parent.

(d) If a child is born out of wedlock, neither a parent nor a relative of a parent (except for the issue of the child or a natural brother or sister of the child or the issue of that brother or sister) inherits from or through the child on the basis of the relationship of parent and child between that parent and child unless both of the following requirements are satisfied:

1. The parent or a relative of the parent acknowledged the child.
2. The parent or a relative of the parent contributed to the support or the care of the child.

(e) For the purpose of determining intestate succession by a person or his or her descendants from or through a foster parent or stepparent, the relationship of parent and child exists between that person and his or her foster parent or stepparent if (1) the relationship began during the person's minority and continued throughout the parties' joint lifetimes and (2) it is established by clear and convincing evidence that the foster parent or stepparent would have adopted the person but for a legal barrier.

(f) For the purpose of determining whether a person is a "natural parent" as that term is used in this section:

1. A natural parent and child relationship is established where that relationship is presumed and not rebutted pursuant to the Uniform Parentage Act, Part 3 (commencing with Section 7600) of Division 12 of the Family Code.

2. A natural parent and child relationship may be established pursuant to any other provisions of the Uniform Parentage Act, except that the relationship may not be established by an action under subdivision (c) of Section 7630 of the Family Code unless either (A) a court order was entered during the father's lifetime declaring paternity or (B) paternity is established by clear and convincing evidence that the father has openly and notoriously held out the child as his own.

(g) Nothing in this section affects or limits application of the judicial doctrine of equitable adoption for the benefit of the child or his or her descendants.

SEC. 133. Section 11927 of the Revenue and Taxation Code is amended to read:

11927. (a) Any tax imposed pursuant to this part shall not apply with respect to any deed, instrument, or other writing which purports to transfer, divide, or allocate community, quasi-community, or quasi-marital property assets between spouses for the purpose of effecting a division of community, quasi-community, or quasi-marital property which is required by a judgment decreeing a dissolution of the marriage or legal separation,
by a judgment of nullity, or by any other judgment or order rendered

spouses, executed in contemplation of any such judgment or order,
whether or not the written agreement is incorporated as part of any
of those judgments or orders.

other writing is entitled to the exemption.

17150.5. The presumptions created by Section 803 of the Family
Code as to the acquisition of property by a married woman by an
instrument in writing shall not apply in an action based on Section
17150 with respect to the acquisition of a motor vehicle by a married
woman and her husband.

SEC. 135. Section 304 of the Welfare and Institutions Code is
amended to read:

304. When a minor has been adjudged a dependent child of the
juvenile court pursuant to subdivision (c) of Section 360, no other
division of any superior court may hear proceedings pursuant to Part
2 (commencing with Section 3020) of Division 8 of the Family Code
regarding the custody of the minor. While the minor is a dependent
child of the court all issues regarding his or her custody shall be heard
by the juvenile court. In deciding issues between the parents or
between a parent and a guardian regarding custody of a minor who
has been adjudicated a dependent of the juvenile court, the juvenile
court may review any records that would be available to the
domestic relations division of a superior court hearing such a matter.
The juvenile court, on its own motion, may issue an order directed
to either of the parents enjoining any action specified in subdivision
(b), (c), or (d) of Section 2035 of the Family Code. The Judicial
Council shall adopt forms for these restraining orders. These form
orders shall not be confidential and shall be enforceable in the same
manner as any other order issued pursuant to Section 2035 of the
Family Code.

This section shall not be construed to divest the domestic relations
division of a superior court from hearing any issues regarding the
custody of a minor when that minor is no longer a dependent of the
juvenile court.

SEC. 136. Section 361.5 of the Welfare and Institutions Code is
amended to read:

361.5. (a) Except as provided in subdivision (b), whenever a
minor is removed from a parent’s or guardian’s custody, the juvenile
court shall order the probation officer to provide child welfare
services to the minor and the minor’s parents or guardians for the
purpose of facilitating reunification of the family within a maximum
time period not to exceed 12 months. The court also shall make
findings pursuant to subdivision (a) of Section 366. When counseling
or other treatment services are ordered, the parent shall be ordered
to participate in those services, unless the parent’s participation is deemed by the court to be inappropriate or potentially detrimental to the child. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.25 or 366.26 and shall specify that the parent’s or parents’ parental rights may be terminated.

(b) Reunification services need not be provided to a parent described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parents is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent. The posting or publication of notices is not required in such a search.

(2) That the parent is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or parents or guardian or guardians from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse. However, this section is not applicable if the jurisdiction of the juvenile court has been dismissed prior to the additional abuse.

(4) That the parent of the minor has been convicted of causing the death of another child through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

When paragraph (3), (4), or (5), inclusive, of subdivision (b) is applicable, the court shall not order reunification unless it finds that,
based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in subdivision (a) and Section 366.25 are not tolled by the parent's absence.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the child if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 18-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between parent and child through collect phone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.
(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff’s department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the minor pursuant to Section 2825 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of the Penal Code, the court shall determine whether the parent’s participation in a program is in the child’s best interest and whether it is suitable to meet the needs of the parent and child.

(f) If a court, pursuant to paragraph (2), (3), (4), or (5) of subdivision (b), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.25 or 366.26 it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor’s medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor’s needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is 10 years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

SEC. 137. Section 362.4 of the Welfare and Institutions Code is
amended to read:

362.4. When the juvenile court terminates its jurisdiction over a minor who has been adjudged a dependent child of the juvenile court prior to the minor's attainment of the age of 18 years, and proceedings for the declaration of the nullity or dissolution of the marriage, or for legal separation, of the minor's parents, or proceedings to establish the paternity of the minor child brought under the Uniform Parentage Act, Part 3 (commencing with Section 7600) of Division 12 of the Family Code, are pending in the superior court of any county, or an order has been entered with regard to the custody of that minor, the juvenile court on its own motion, may issue an order directed to either of the parents enjoining any action specified in subdivision (b), (c), or (d) of Section 2035 of the Family Code or determining the custody of, or visitation with, the child.

Any order issued pursuant to this section shall continue until modified or terminated by a subsequent order of the superior court. The order of the juvenile court shall be filed in the proceeding for nullity, dissolution, or legal separation, or in the proceeding to establish paternity, at the time the juvenile court terminates its jurisdiction over the minor, and shall become a part thereof.

If no action is filed or pending relating to the custody of the minor in the superior court of any county, the juvenile court order may be used as the sole basis for opening a file in the superior court of the county in which the parent, who has been given custody, resides. The court may direct the parent or the clerk of the juvenile court to transmit the order to the clerk of the superior court of the county in which the order is to be filed. The clerk of the superior court shall, immediately upon receipt, open a file, without a filing fee, and assign a case number.

The clerk of the superior court shall, upon the filing of any juvenile court custody order, send by first-class mail a copy of the order with the case number to the juvenile court and to the parents at the address listed on the order.

The Judicial Council shall adopt forms for any custody or restraining order issued under this section. These form orders shall not be confidential.

SEC. 138. Section 366.2 of the Welfare and Institutions Code is amended to read:

366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the
counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.

(e) The court shall proceed as follows at the review hearing: The court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Part 4 (commencing with Section 7800) of Division 12 of the Family Code may be instituted. This section does not apply in a case
where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

    (f) This section shall apply only to minors made dependents of the court pursuant to subdivision (c) of Section 360 prior to January 1, 1989.

SEC. 139. Section 366.25 of the Welfare and Institutions Code is amended to read:

    366.25. (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a hearing to make a determination regarding the future status of the minor no later than 12 months after the original dispositional hearing in which the child was removed from the custody of his or her parent, parents, or guardians, and in no case later than 18 months from the time of the minor's original placement pursuant to Section 319 or 16507.4 and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The hearing may be combined with the six months' review as provided for in Section 366. In the case of a minor who comes within subdivision (b) of Section 361.5 and for whom the court has found that reunification services should not be provided, a hearing shall be held pursuant to Section 361.5.

    (b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.

    (c) Except in cases where permanency planning is conducted pursuant to Section 361.5, the court shall first determine at the hearing whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a hearing pursuant to this section.

    (d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:

    (1) If the court finds that it is likely that the minor can or will be adopted, the court shall authorize the appropriate county or state agency to proceed to free the minor from the custody and control of his or her parents or guardians pursuant to Part 4 (commencing with
Section 7800 of Division 12 of the Family Code unless the court finds that any of the following conditions exist:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The minor’s foster parents, including relative caretakers, are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(2) If the court finds that it is not likely that the minor can or will be adopted or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) applies, the court shall order the appropriate county department to initiate or facilitate the placement of the minor in a home environment that can be reasonably expected to be stable and permanent. This may be accomplished by initiating legal guardianship proceedings or long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is in a foster home and the foster parents, including relative caretakers, are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents. The court shall also make orders for visitation with the parents or guardians unless the court finds by a preponderance of evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(3) (A) If the court finds that it is not likely that the minor can or will be adopted, that there is no suitable adult available to become the legal guardian of the minor, and that there are no suitable foster parents except certified homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

(B) The licensed foster family agency shall only use a suitable licensed or other family home which has been certified by the agency as meeting licensing standards. When the care, custody, and control has been transferred to a foster family agency, it shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court.
Responsibility for support of the minor shall not in and of itself create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(C) Subsequent reviews for these minors shall be conducted every six months by the court. The licensed foster family agency shall be required to submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

(e) The proceeding for the appointment of a guardian for a minor who is a dependent child of the juvenile court shall be in the juvenile court. The court shall receive into evidence a report and recommendation concerning the proposed guardianship. The report shall include, but not be limited to, a discussion of all of the following:

1. A social history of the proposed guardian, including screening for criminal records and prior referrals for child abuse or neglect.
2. A social history of the minor, including an assessment of any identified developmental, emotional, psychological, or educational needs, and the capability of the proposed guardian to meet those needs.
3. The relationship of the minor to the proposed guardian, the duration and character of the relationship, the motivation for seeking guardianship rather than adoption, the proposed guardian's long-term commitment to provide a stable and permanent home for the minor, and a statement from the minor concerning the proposed guardianship.
4. The plan, if any, for the natural parents for continued involvement with the minor.
5. The proposed guardian's understanding of the legal and financial rights and responsibilities of guardianship.

The report shall be read and considered by the court prior to ruling on the petition for guardianship, and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(f) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of those periods.

(g) Notwithstanding any other provision of law, the application of any person who, as a foster parent, including relative caretakers, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to
the foster parent and removal from the foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(h) Subsequent hearings need not be held if (1) the child has been freed for adoption and placed in the adoptive home identified in the previous hearing and is awaiting finalization of the adoption or (2) the child is the ward of a guardian.

(i) This section applies to minors adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 prior to January 1, 1989.

(j) An order by the court that authorizes the filing of a petition to terminate parental rights pursuant to Part 4 (commencing with Section 7800) of Division 12 of the Family Code or that authorizes the initiation of guardianship proceedings is not an appealable order but may be the subject of review by extraordinary writ.

SEC. 140. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these minors, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently sever the rights of the parent or parents and order that the child be placed for adoption.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.
(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) The court shall terminate parental rights only if it determines by clear and convincing evidence that it is likely that the minor will be adopted. If the court so determines, the findings pursuant to subdivision (b) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to Section 366.21 or Section 366.22 that a minor cannot or should not be returned to his or her parent or guardian, shall then constitute a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the minor for a
period not to exceed 60 days. During this 60-day period, the public agency responsible for seeking adoptive parents, for each child shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the minor because of the minor’s membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the minor is the age of seven years or more.

(4) If the court finds that adoption of the minor or termination of parental rights is not in the interests of the minor, or that one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family
agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(f) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(g) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.
(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(h) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(i) If the court, by order or judgment declared the minor free from the custody and control of both parents, or one parent if the other no longer has custody and control, the court shall at the same time order the minor referred to a licensed county adoption agency for adoptive placement by the agency. However, no petition for adoption may be heard until the appellate rights of the natural parents have been exhausted. The licensed county adoption agency shall be responsible for the care and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted.

(j) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(k) An order by the court directing that a hearing pursuant to this section be held is not an appealable order, but may be the subject of review by extraordinary writ.

SEC. 141. Section 11155.5 of the Welfare and Institutions Code is amended to read:

11155.5. (a) In addition to the personal property permitted by other provisions of this part, a child declared a ward or dependent child of the juvenile court, who is age 16 years or older, and who is a participant in the Independent Living Program pursuant to the

27820
Consolidated Omnibus Budget Reconciliation Act of 1985 (P.L. 99-272) may retain any cash savings, including interest, accumulated pursuant to the child's Independent Living Program case plan. The cash savings shall be the child's own money and shall be deposited by the child or on behalf of the child in any bank or savings and loan institution whose deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation. The cash savings shall be for the child's use for purposes directly related to emancipation pursuant to Part 6 (commencing with Section 7000) of Division 11 of the Family Code.

(b) The cash savings accumulated and deposited pursuant to this section shall be kept separate from other types and sources of cash savings. The withdrawal of the savings shall require the written approval of the child's probation officer or social worker and shall be directly related to the goal of emancipation.

SEC. 142. Section 11350.1 of the Welfare and Institutions Code is amended to read:

11350.1. (a) Notwithstanding any other statute, in any action brought by the district attorney for child support of a minor child or children, the action may be prosecuted in the name of the county on behalf of the child, children, or caretaker parent. The caretaker parent shall not be a necessary party in the action but may be subpoenaed as a witness. In an action under this section there shall be no joinder of actions, or coordination of actions, or cross-complaints, and the issues shall be limited strictly to the question of paternity, if applicable, and child support, including an order for medical support. A final determination of parentage may be made in any action under this section as an incident to obtaining an order for support. An action for support or paternity pursuant to this section shall not be delayed or stayed because of the pendency of any other action between the parties. Judgment in an action brought pursuant to this section, and in an action brought pursuant to Section 11350, if at issue, may be rendered pursuant to a noticed motion, which shall inform the defendant that in order to exercise his or her right to trial, he or she must appear at the hearing on the motion.

If the defendant appears at the hearing on the motion, the court shall inquire of him or her if he or she desires to subpoena evidence and witnesses, if paternity is at issue and blood tests have not already been conducted whether he or she desires blood tests, and if he or she desires a trial. If his or her answer is in the affirmative, a continuance shall be granted to allow him or her to exercise those rights. Unless the case is determined to be complex as defined in paragraph (2) of subdivision (e) of Section 11475.1, the continuance shall not postpone the hearing to more than 75 days from the date of service of the summons and complaint. In the event that a continuance is granted, the court may make an order for temporary support without prejudice to the right of the court to make an order for temporary support as otherwise allowed by law.
(b) In any action to enforce a spousal support order the action may be pled in the name of the county in the same manner as an action to establish a child support obligation. The same restrictions on joinder of actions, coordination of actions, and cross-complaints, and delay because of the pendency of any other action as relates to actions to establish a child support obligation shall also apply to actions to enforce a spousal support order. Nothing contained in this section shall be construed to prevent the parties from bringing an independent action under the Family Code or otherwise, and litigating the issue of support. In that event, the court in those proceedings shall make an independent determination on the issue of support which shall supersede the support order made pursuant to this section.

SEC. 143. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to establish, modify, and enforce child support and when appropriate enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when appropriate, to take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) To the extent required by federal law, actions brought by the district attorney to establish or enforce support obligations in all cases, other than paternity cases or those cases involving complex issues, shall be completed within the following time limits: (1) 90 percent of the actions shall be completed within three months from the date of service; (2) 98 percent of the actions shall be completed within six months from the date of service; and (3) 100 percent of the actions shall be completed within 12 months from the date of service. As used in this section, “service” means the service of process required by law for the particular proceeding. The district attorney’s responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a) (9)), or any subsequent date.

(c) In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a
support judgment, notwithstanding the fact that the child has attained the age of majority.

(d) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals whether or not they are recipients of public social services.

(e) In any action to establish a child support order brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Code.

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under Section 7611 of the Family Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section prohibits the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

As used in subdivision (b), "complex issues" means issues arising
in the following types of cases: (1) any case which could directly result in a person’s incarceration; (2) any case involving the right to jury trial; and (3) any case so deemed by a commissioner, a referee, or a superior court judge.

In counties which operate an expedited process in accordance with Section 640.1 of the Code of Civil Procedure, commissioners and referees shall order a temporary support obligation under the expedited process in complex cases, as defined in this section, prior to referring those cases to the full judicial system.

(f) As used in this article, “enforcing obligations” includes, but is not limited to, (1) the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations, (2) the obtaining by the district attorney of an initial order for child support, which may include medical support or which is for medical support only, by civil or criminal process, (3) the initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance, and (4) the response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order when the child or children are residing with the obligee parent and the district attorney is also enforcing a related child support obligation owed to the obligee parent by the same obligor.

(g) As used in this section, “out of wedlock” means that the biological parents of the child were not married to each other at the time of the child’s conception.

(h) The district attorney is the public agency responsible for administering wage withholding for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.). The district attorney shall seek an earnings assignment order for support in any case as soon as the obligor is in arrears in payment of support pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code.

Nothing in this section shall limit the authority of the district attorney granted by other sections of this code or otherwise granted by law.

(i) In the exercise of the authority granted under this article, the district attorney may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under the Family Code, or other proceeding wherein child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the district attorney may
request such relief as appropriate which the district attorney is authorized to seek.

(j) The district attorney shall comply with any guidelines established by the State Department of Social Services which set time standards for responding to requests for assistance in locating absent parents, establishing paternity, establishing child support awards, and collecting child support payments.

(k) As used in this article, medical support activities which the district attorney is authorized to perform are limited to the following:

(1) The obtaining and enforcing of court orders for health insurance coverage.

(2) Any other medical support activity mandated by federal law or regulation.

SEC. 144. Section 11475.3 of the Welfare and Institutions Code is repealed.

SEC. 145. Section 11476.1 of the Welfare and Institutions Code is amended to read:

11476.1. (a) In any case where the district attorney has undertaken enforcement of support, the district attorney may enter into an agreement with the noncustodial parent, on behalf of a minor child or children, a spouse, or former spouse for the entry of a judgment without action determining paternity, if applicable, and for periodic child and spousal support payments based on the noncustodial parent's reasonable ability to pay or, if for spousal support, an amount previously ordered by a court of competent jurisdiction. An agreement for entry of a judgment under this section may be executed prior to the birth of the child and may include a provision that the judgment is not to be entered until after the birth of the child.

(b) A judgment based on the agreement shall be entered only if one of the following requirements is satisfied:

(1) The noncustodial parent is represented by legal counsel and the attorney signs a certificate stating: "I have examined the proposed judgment and have advised my client concerning his or her rights in connection with this matter and the consequences of signing or not signing the agreement for the entry of the judgment and my client, after being so advised, has agreed to the entry of the judgment."

(2) A judge of the court in which the judgment is to be entered, after advising the noncustodial parent concerning his or her rights in connection with the matter and the consequences of agreeing or not agreeing to the entry of the judgment, makes a finding that the noncustodial parent has appeared before the judge and the judge has determined that under the circumstances of the particular case the noncustodial parent has willingly, knowingly, and intelligently waived his or her due process rights in agreeing to the entry of the judgment.

(c) The clerk shall file the agreement, together with any
certificate of the attorney or finding of the court, without the payment of any fees or charges. If the requirements of this section are satisfied, the court shall enter judgment thereon without action. The provisions of Article 4 (commencing with Section 4200) of Chapter 2 of Part 2 of Division 9 of the Family Code or Chapter 4 (commencing with Section 4350) of Part 3 of Division 9 of the Family Code shall apply to such judgment. A judgment for support so entered may be enforced by any means by which any other judgment for support may be enforced.

(d) Upon request of the district attorney in any case under this section, the clerk shall set the matter for hearing by the court. The hearing shall be held within 10 days after the clerk receives the request. The district attorney may require the person who signed the agreement for the entry of judgment to attend the hearing by process of subpoena in the same manner as the attendance of a witness in a civil action may be required. The presence of the person who signed the agreement for entry of judgment at the hearing shall constitute the presence of the person in court at the time the order is pronounced for the purposes of Section 1209.5 of the Code of Civil Procedure if the court makes the findings required by paragraph (2) of subdivision (b).

(e) The district attorney shall cause the following to be served, in the manner specified in Section 415.10, 415.20, 415.30, or 415.40 of the Code of Civil Procedure, upon the person who signed the agreement for entry of the judgment and shall file proof of service thereof with the court:

(1) A copy of the judgment as entered.

(2) If the judgment includes an order for child or spousal support payments, a notice stating the substance of the following: "The court has continuing authority to make an order increasing or decreasing the amount of the child or spousal support payments. You have the right to request that the court order the child and spousal support payments be decreased or eliminated entirely."

(f) An order for child and spousal support included in a judgment entered under this section may be modified or revoked as provided in Article 1 (commencing with Section 3650) of Chapter 6 of Part 1 of Division 9 of the Family Code and in (1) Article 1 (commencing with Section 4000) and Article 3 (commencing with Section 4100) of Chapter 2 of Part 2 of Division 9 of the Family Code or (2) Chapter 2 (commencing with Section 4320) and Chapter 3 (commencing with Section 4330) of Part 3 of Division 9 of the Family Code. The court may modify the order to make the support payments payable to a different person.

(g) For the purposes of this section, in making a determination of the noncustodial parent's reasonable ability to pay, any relevant circumstances set out in Section 4005 of the Family Code shall be considered.

(h) After arrest and before plea or trial, or after conviction or plea of guilty, under Section 270 of the Penal Code, if the defendant
appears before the court in which the criminal action is pending and the requirements of paragraph (1) or (2) of subdivision (b) have been satisfied, the court may suspend proceedings or sentence in the criminal action, but this does not limit the later institution of a civil or criminal action or limit the use of any other procedures available to enforce the judgment entered pursuant to this section.

(i) Nothing in this section applies to a case where a civil action has been commenced.

SEC. 146. Section 11478 of the Welfare and Institutions Code is amended to read:

11478. All state, county, and local agencies shall cooperate in the enforcement of any child support obligation or to the extent required under the state plan under Section 11475.2 of this code and Chapter 6 (commencing with Section 4800) of Part 5 of Division 9 of the Family Code, spousal support orders and in the location of parents who have abandoned or deserted children, irrespective of whether the children are or are not receiving aid to families with dependent children, and shall, on request, supply the county department, the Department of Justice, any county probation officer, the district attorney of any county in this state, or the California Parent Locator Service with all information on hand relative to the location, income, or property of any absent parents, spouses, or former spouses, notwithstanding any other provision of law making the information confidential, and with all information on hand relative to the location and prosecution of any person who has, by means of false statement or representation or by impersonation or other fraudulent device, obtained aid for a child under this chapter.

SEC. 147. Section 11478.1 of the Welfare and Institutions Code is amended to read:

11478.1. (a) It is the intent of the Legislature to protect individual rights of privacy, and to facilitate and enhance the effectiveness of the child and spousal support enforcement program, by ensuring the confidentiality of support enforcement records, and to thereby encourage the full and frank disclosure of information relevant to all of the following:

(1) The establishment or maintenance of parent and child relationships and support obligations.

(2) The enforcement of the child support liability of absent parents.

(3) The enforcement of spousal support liability of the spouse or former spouse to the extent required by the state plan under Section 11475.2 of this code and Chapter 6 (commencing with Section 4800) of Part 5 of Division 9 of the Family Code.

(4) The location of absent parents.

(b) Except as provided in subdivision (c), all files, applications, papers, documents, and records established or maintained by any public entity pursuant to the administration and implementation of the child and spousal support enforcement program established pursuant to Part D (commencing with Section 651) of Subchapter IV
of Chapter 7 of Title 42 of the United States Code and this article, shall be confidential, and shall not be open to examination or released for disclosure for any purpose not directly connected with the administration of the child and spousal support enforcement program. No public entity shall disclose any file, application, paper, document, or record, or the information contained therein, except as expressly authorized by this section.

(c) Disclosure of the information described in subdivision (b) is authorized as follows:

1. All files, applications, papers, documents and records as described in subdivision (b) shall be available and may be used by a public entity for all administrative, civil, or criminal investigations, actions, proceedings, or prosecutions conducted in connection with the administration of the child and spousal support enforcement program approved under Part D (commencing with Section 651) of Subchapter IV of Chapter 7 of Title 42 of the United States Code, and any other plan or program described in Section 303.21 of Title 45 of the Code of Federal Regulations.

2. A document requested by a person who wrote, prepared, or furnished the document may be examined by or disclosed to that person or his or her designee.

3. The payment history of an obligor pursuant to a support order may be examined by or released to the court, the obligor, or the person on whose behalf enforcement actions are being taken or that person’s designee.

4. Public records subject to disclosure under the Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of the Government Code) may be released.

5. After a noticed motion and a finding by the court, in a case in which enforcement actions are being taken, that release or disclosure to the obligor is required by due process of law, the court may order a public entity, which possesses an application, paper, document, or record as described in subdivision (b) to make that item available to the obligor for examination or copying, or to disclose to the obligor the contents of that item. Article 9 (commencing with Section 1040) of Chapter 4 of Division 3 of the Evidence Code shall not be applicable to proceedings under this part.

6. To the extent not prohibited by federal law or regulation, information indicating the existence or imminent threat of a crime against a minor child, or location of a concealed or abducted child or the location of the concealing or abducting person, may be disclosed to any appropriate law enforcement agency, or to any state or county child protective agency, or may be used in any judicial proceedings to prosecute that crime or to protect the child.

7. The social security number, most recent address, and the place of employment of the absent parent may be released to an authorized person as defined in Section 653(c) of Title 42 of the United States Code, only if the authorized person has filed a request for the information, and only if the information has been provided
to the California Parent Locator Service by the federal Parent Locator Service pursuant to Section 653 of Title 42 of the United States Code.

(d) (1) "Administration and implementation of the child and spousal support enforcement program," as used in this section, means the carrying out of the state and local plans for establishing, modifying, and enforcing child support obligations, enforcing spousal support orders, and determining paternity pursuant to Part D (commencing with Section 651) of Subchapter IV of Chapter 7 of Title 42 of the United States Code and this article.

(2) For purposes of this section, "obligor" means any person owing a duty of support.

(e) Any person who willfully, knowingly, and intentionally violates this section is guilty of a misdemeanor.

(f) Nothing in this section shall be construed to compel the disclosure of information relating to a deserting parent who is a recipient of aid under a public assistance program for which federal aid is paid to this state, if that information is required to be kept confidential by the federal law or regulations relating to the program.

SEC. 148. Section 11478.2 of the Welfare and Institutions Code is amended to read:

11478.2. (a) In all actions involving paternity or support, including, but not limited to, proceedings under the Family Code, and under this division, the district attorney and Attorney General represent the public interest in establishing, modifying, and enforcing support obligations. No attorney-client relationship shall be deemed to have been created between the district attorney or Attorney General and any person by virtue of the action of the district attorney or the Attorney General in carrying out these statutory duties.

(b) The provisions of subdivision (a) are declarative of existing law.

(c) In all requests for services of the district attorney or Attorney General pursuant to Section 11475.1 relating to actions involving paternity or support, not later than the same day an individual makes a request for these services in person, and not later than five working days after either (1) a case is referred for services from the county welfare department, (2) receipt of a request by mail for an application for services, or (3) an individual makes a request for services by telephone, the district attorney or Attorney General shall give notice to the individual requesting services or on whose behalf services have been requested that the district attorney or Attorney General does not represent the individual or the children who are the subject of the case, that no attorney-client relationship exists between the district attorney or Attorney General and those persons, and that no such representation or relationship shall arise if the district attorney or Attorney General provides the services requested. Notice shall be in bold print and in plain English and shall
be translated into the language understandable by the recipient when reasonable. The notice shall include the advice that the absence of an attorney-client relationship means that communications from the recipient are not privileged and that the district attorney or Attorney General may provide support enforcement services to the other parent in the future.

(d) The district attorney or Attorney General shall give the notice required pursuant to subdivision (c) to all recipients of services under Section 11475.1 who have not otherwise been provided that notice, not later than the date of the next annual notice required under Section 11476.2. This notice shall include notification to the recipient of services under Section 11475.1 that the recipient may inspect the clerk's file at the county clerk's office, and that, upon request, the district attorney, or, if appropriate, the Attorney General, will furnish a copy of the most recent order entered in the case.

(e) The district attorney, or, if appropriate, the Attorney General, shall provide to recipients of support services under Section 11475.1, not later than 30 calendar days after the filing of a complaint for paternity or support, or both, information sufficient to identify the cases, including the case name and docket number and address of the court where the complaint has been filed. In this initial notice, the district attorney or Attorney General shall inform the recipient that the district attorney or Attorney General may enter into a stipulated order resolving the complaint, and that if the recipient wishes to assist the prosecuting attorney, he or she should send all information on the noncustodial parent's earnings and assets to the prosecuting attorney.

(f) The district attorney or Attorney General shall give reasonable notice to recipients of services under Section 11475.1 of the initial date and time, and purpose of every hearing in a civil action for paternity or support. The district attorney or Attorney General shall make reasonable efforts to ensure that the district attorney or Attorney General has current addresses for recipients of support enforcement services. The notice shall be made no later than seven calendar days prior to the hearing, or within two days of the receipt of notice of the hearing by the district attorney or Attorney General, if notice is received less than seven calendar days prior to the hearing. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(g) The district attorney or Attorney General shall give notice to recipients of services under Section 11475.1 of every order obtained by the district attorney or Attorney General that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, by sending a copy of the order to the recipient. The notice shall be made within 30 calendar days after the order has been filed. The district attorney or Attorney General shall also give notice to these recipients of every order obtained in any other jurisdiction, that establishes or modifies the support obligation.
for the recipient or the children who are the subject of the order, and
which is received by the district attorney or Attorney General, by
sending a copy of the order to the recipient within 30 calendar days
after the district attorney or Attorney General has received a copy
of the order. In any action enforced under Chapter 6 (commencing
with Section 4800) of Part 5 of Division 9 of the Family Code, the
notice shall be made in compliance with the requirements of that
chapter. The failure of the district attorney or Attorney General to
comply with this subdivision shall not affect the validity of any order.

(h) The district attorney or Attorney General shall give notice to
the noncustodial parent against whom a civil action is filed that the
district attorney or Attorney General is not the attorney
representing any individual, including, but not limited to, the
custodial parent, the child, or the noncustodial parent.

(i) Nothing in this section shall be construed to preclude any
person who is receiving services under Section 11475.1 from filing
and prosecuting an independent action to establish, modify, and
enforce an order for current support on behalf of himself or herself
or a child if that person is not receiving public assistance.

(j) A person who is receiving services under Section 11475.1 but
who is not currently receiving public assistance on his or her own
behalf or on behalf of a child shall be asked to execute, or consent to,
any stipulation establishing or modifying a support order in any
action in which that person is named as a party, before the stipulation
is filed. The district attorney or Attorney General shall not submit to
the court for approval a stipulation to establish or modify a support
order in such an action without first obtaining the signatures of all
parties to the action, their attorneys of record, or persons authorized
to act on their behalf.

(k) The district attorney or Attorney General shall not enter into
a stipulation which reduces the amount of past due support,
including interest and penalties accrued pursuant to an order of
current support, on behalf of a person who is receiving support
enforcement services under Section 11475.1 and who is owed support
arrearages that exceed unreimbursed public assistance paid to the
recipient of the support enforcement services, without first
obtaining the consent of the person who is receiving services under
Section 11475.1 on his or her own behalf or on behalf of the child.

(l) The notices required in this section shall be provided in the
following manner:

(1) In all cases in which the person receiving services under
Section 11475.1 resides in California, notice shall be provided by
mailing the item by first-class mail to the last known address of, or
personally delivering the item to, that person.

(2) In all actions enforced under Chapter 6 (commencing with
Section 4800) of Part 5 of Division 9 of the Family Code, unless
otherwise specified, notice shall be provided by mailing the item by
first-class mail to the initiating court.

SEC. 149. Section 11478.8 of the Welfare and Institutions Code is
amended to read:

11478.8. (a) Upon receipt of a written request from a district attorney enforcing the obligation of parents to support their children pursuant to Section 11475.4, every employer and labor organization shall cooperate with and provide relevant employment and income information which they have in their possession to the district attorney for the purpose of establishing, modifying, or enforcing the support obligation. No employer or labor organization shall incur any liability for providing this information to the district attorney.

(b) Relevant employment and income information shall include, but not be limited to, all of the following:

1. Whether a named person has or has not been employed by an employer or whether a named person has or has not been employed to the knowledge of the labor organization.

7. All earnings paid to the employee or member and reported as W-2 compensation in the prior tax year and the employee's or member's current basic rate of pay.
8. Whether the dependent health insurance coverage is available to the employee through employment or membership in the labor organization.

(c) The district attorney shall notify the employer and labor organization of the district attorney case file number in making a request pursuant to this section. The written request shall include at least three of the following elements regarding the person who is the subject of the inquiry: (1) first and last name and middle initial, if known; (2) social security number; (3) driver's license number; (4) birth date; (5) last known address; or (6) spouse's name.

(d) The district attorney shall send a notice that a request for this information has been made to the last known address of the person who is the subject of the inquiry.

(e) An employer or labor organization which fails to provide relevant employment information to the district attorney within 30 days of receiving a request pursuant to subdivision (a) may be assessed a civil penalty of a maximum of five hundred dollars ($500), plus attorneys' fees and costs. Proceedings to impose the civil penalty shall be commenced by the filing and service of an order to show cause.

(f) "Labor organization," for the purposes of this section means a labor organization as defined in Section 1117 of the Labor Code or any related benefit trust fund covered under the federal Employee Retirement Income Security Act of 1974 (Chapter 18 (commencing with Section 1001) of Title 29 of the United States Code).

(g) Any reference to the district attorney in this section shall
apply only when the district attorney is otherwise ordered or required to act pursuant to existing law. Nothing in this section shall be deemed to mandate additional enforcement or collection duties upon the district attorney beyond those imposed under existing law on the effective date of this section.

SEC. 150. Section 11489 of the Welfare and Institutions Code is amended to read:

11489. After judgment in any court action brought to enforce the support obligation of an absent parent pursuant to the provisions of this chapter, the court may issue an earnings assignment order for support pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code.

SEC. 151. Section 11490 of the Welfare and Institutions Code is amended to read:

11490. (a) The state medical insurance form required in Article 1 (commencing with Section 3750) of Chapter 7 of Part 1 of Division 9 of the Family Code shall include, but shall not be limited to, all of the following:

(1) The parent or parents' names, addresses, and social security numbers.

(2) The name and address of each parent's place of employment.

(3) The name or names, addresses, policy number or numbers, and coverage type of the medical insurance policy or policies of the parents, if any.

(4) The name, AFDC case number, social security number, and Title IV-E foster care case number or Medi-Cal case numbers of the parents and children covered by the medical insurance policy or policies.

(b) In any action brought or enforcement proceeding instituted by the district attorney under this article for payment of child or spousal support, a completed state medical insurance form shall be obtained and sent by the district attorney to the State Department of Health Services in the manner prescribed by the State Department of Health Services.

Where it has been determined under Section 3751 of the Family Code that health insurance coverage is not available at no or reasonable cost, the district attorney shall seek a provision in the support order which provides for health insurance coverage should it become available at no or reasonable cost.

Health insurance coverage shall be considered reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. As used in this section, "health insurance coverage" also includes provision for the delivery of health care services by a fee for service, health maintenance organization, preferred provider organization, or any other type of health care delivery system under which medical services could be provided to the dependent child or children of an absent parent.

(c) (1) The district attorney shall request employers and other
groups offering health insurance coverage that is being enforced under this article to notify the district attorney if there has been a lapse in insurance coverage. The district attorney shall be responsible for forwarding information pertaining to the health insurance policy secured for the dependent children for whom the district attorney is enforcing the court ordered medical support to the custodial parent.

(2) The district attorney shall periodically communicate with the State Department of Health Services to determine if there have been lapses in health insurance coverage for public assistance applicants and recipients. The State Department of Health Services shall notify the district attorney when there has been a lapse in court-ordered insurance coverage.

(3) The district attorney shall take appropriate action, civil or criminal, to enforce the obligation to obtain health insurance when there has been a lapse in insurance coverage or failure by the responsible parent to obtain insurance as ordered by the court.

(4) The district attorney shall inform all individuals upon their application for child support enforcement services that medical support enforcement services are available.

If the spouse or child does not receive public assistance or aid and is not a Medi-Cal applicant or recipient, the district attorney shall obtain the applicant's consent prior to providing medical support enforcement services.

SEC. 152. Section 12300 of the Welfare and Institutions Code is amended to read:

12300. The purpose of this article is to provide in every county in a manner consistent with this chapter and the annual Budget Act those supportive services identified in this section to aged, blind, or disabled persons, as defined under this chapter, who are unable to perform the services themselves and who cannot safely remain in their homes or abodes of their own choosing unless these services are provided.

Supportive services shall include domestic services and services related to domestic services, heavy cleaning, nonmedical personal services, accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites and other essential transportation as determined by the director, yard hazard abatement, protective supervision, teaching and demonstration directed at reducing the need for other supportive services, and paramedical services which make it possible for the recipient to establish and maintain an independent living arrangement.

Where these supportive services are provided by a person having the legal duty pursuant to the Family Code to provide for the care of his or her child who is the recipient, the provider of supportive services shall receive remuneration for the services only when the provider leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider
is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care.

These providers shall be paid only for the following supportive services: services related to domestic services, nonmedical personal services, accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites, other essential transportation as determined by the director, and protective supervision only as needed because of the functional limitations of the child and paramedical services.

To encourage maximum voluntary services, so as to reduce governmental costs, respite care shall also be provided. Respite care is temporary or periodic service for eligible recipients to relieve persons who are providing care without compensation.

SEC. 153. Section 12350 of the Welfare and Institutions Code is amended to read:

12350. No relative shall be held legally liable to support or to contribute to the support of any applicant for, or recipient of aid under this chapter. No relative shall be held liable to defray in whole or in part the cost of any medical care or hospital care or other service rendered to the recipient pursuant to any provision of this code if he is an applicant for or a recipient of aid under this chapter at the time such medical care or hospital care or other service is rendered.

Notwithstanding Sections 3910, 4400, and 4401 of the Family Code, or Section 270c of the Penal Code, or any other provision of this code, no demand shall be made upon any relative to support or contribute toward the support of any applicant for or recipient of aid under this chapter. No county or city and county or officer or employee thereof shall threaten any such relative with any legal action against him by or in behalf of the county or city and county or with any penalty whatsoever.

SEC. 154. Section 14010 of the Welfare and Institutions Code is amended to read:

14010. (a) Notwithstanding any other provision of law, the parent or parents of a person under 21 years of age shall not be held financially responsible, nor shall financial contribution be requested or required of such parent or parents for health care or related services to which the person may consent under any express provision of law, including, but not limited to, Sections 6924, 6925, 6926, 6927, 6928, and 6929 of the Family Code, and including, but not limited to, maternity home care, social service counseling, and other services related to pregnancy of the person which are provided by a licensed maternity home.

Federal financial participation in providing such services shall not be claimed to the extent that the exemption from financial responsibility provided by this section is inconsistent with federal law.

(b) Notwithstanding the provisions of subdivision (a), the parent
or parents of a person under 21 years of age, who is living in the home of the parent or parents, shall be held financially responsible for health care or related services to which the person under 21 years of age may consent pursuant to paragraph (1) of subdivision (e) of Section 7050 of the Family Code, but excluding health care and or related services to which a person may consent under Sections 6924, 6925, 6926, 6927, 6928, and 6929 of the Family Code.

SEC. 155. Section 16100 of the Welfare and Institutions Code is amended to read:

16100. Any county may apply for, and the department may issue pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code to any county agency designated by the county making the application, a license to perform the home-finding and placement functions, to investigate, examine, and make reports upon petitions for adoption filed in the superior court, to act as a placement agency in the placement of children for adoption, to accept relinquishments for adoption, and to perform such other functions in connection with adoption as the department deems necessary, or to do any of them. Nothing in this section shall be construed to authorize licensed county adoption agencies to provide intercountry adoption services.

In order to extend the services of county adoption agencies to the maximum number of counties practicable within the limits of funds appropriated therefor, the department may license a county adoption agency to operate in such other counties in the general area of the agency as it deems conducive to the effective and efficient administration of the adoption program.

A license issued to a county agency pursuant to this section constitutes the holder thereof a "county adoption agency" and the holder shall be deemed to be an "organization" within the meaning of this code and of Division 13 (commencing with Section 8500) of the Family Code.

SEC. 156. Section 16101 of the Welfare and Institutions Code is amended to read:

16101. The cost of administering the adoption programs undertaken by a county under license issued pursuant to Section 16100 of this code shall be borne by the state in the amount found necessary by the department for proper and efficient administration. SEC. 157. Section 16106 of the Welfare and Institutions Code is amended to read:

16106. The state shall reimburse each county for the cost of care of any child placed under the custody of a county department pursuant to Section 8805 or 8918 of the Family Code. County claims for reimbursement of expenses incurred pursuant to Section 8805 or 8918 of the Family Code shall be filed with the department at the
time and in the manner specified by the department, and the claims shall be subject to audit by the department. Whenever a claim covering a prior fiscal year is found to have been in error, adjustment may be made on a current claim without the necessity of applying adjustment to the appropriation for the prior fiscal year.

SEC. 158. Section 16120 of the Welfare and Institutions Code is amended to read:

16120. Adoption Assistance Program benefits shall be provided only on behalf of special needs children for whom all of the following conditions are met:

(a) The department or licensed adoption agency and the prospective adoptive parent have signed an adoption assistance agreement which stipulates the need for and the amount of Adoption Assistance Program benefits. The adoption assistance agreement shall, at a minimum, specify the duration of assistance, the responsibility of the adopting family for reporting changes in circumstances, and the periodic recertification required for reevaluating the continuing needs of the family.

(b) The child is under 18 years of age, or under 21 years of age and has a mental or physical handicap which warrants the continuation of assistance.

(c) The adoptive family is responsible for the child pursuant to the terms of an adoptive placement agreement or a final decree of adoption and have signed an adoption assistance agreement.

(d) The adoptive family is legally responsible for the support of the child and the child is receiving support from the adoptive parent.

(e) The child has been either relinquished for adoption to a California agency or freed for adoption through termination of parental rights by a California court, or committed to the department pursuant to Section 8805 or 8918 of the Family Code.

SEC. 159. Section 16507.6 of the Welfare and Institutions Code is amended to read:

16507.6. (a) If a minor has been voluntarily placed with the county welfare department subsequent to January 1, 1982, for out-of-home placement by his or her parents or guardians pursuant to this chapter and the minor has remained out of their physical custody for six consecutive months, the department shall do one of the following:

(1) Return the minor to the physical custody of his or her parents or guardians.

(2) Refer the minor to a licensed adoption agency for consideration of adoptive planning and receipt of a permanent relinquishment of care and custody rights from the parents pursuant to Section 8700 of the Family Code.

(3) Apply for a petition pursuant to Section 332 and file the petition with the juvenile court to have the minor declared a dependent child of the court under Section 300.

(4) Refer the minor placed pursuant to paragraph (2) of subdivision (a) of Section 16507.3 to an interagency administrative
review board as may be required in federal regulations. One member of the board shall be a licensed mental health practitioner. The review board shall review the appropriateness and continued necessity of six additional months of voluntary placement, the extent of the compliance with the voluntary placement plan, and the adequacy of services to the family and child. If the minor cannot be returned home by the 12th month of voluntary placement services, the department shall proceed pursuant to paragraph (2) or (3).

(5) Refer the minor placed pursuant to paragraph (1) of subdivision (a) of Section 16507.3 to an administrative review board as may be required in federal regulations and as described in subdivision (b) of Section 16503. If the minor cannot be returned home by the 12th month of voluntary placement services, the department shall proceed as described in paragraph (1) or (2).

(b) For those children placed voluntarily prior to January 1, 1981, the six-month consecutive time period for provision of child welfare services shall commence October 1, 1982.

Any section of any act enacted by the Legislature during the 1992 calendar year, which takes effect on or before January 1, 1993, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted before or after this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

SEC. 161. This act shall become operative only if Assembly Bill 2650 of the 1991–92 Regular Session enacts the Family Code, is chaptered, and takes effect on or before January 1, 1994, in which case this act shall become operative on January 1, 1994.

(B) Exercise of (i) the rights and remedies of an unsecured creditor, including reduction of its claim against the borrower to judgment, and (ii) any other rights and remedies permitted by law.

(2) Exercise of (i) the rights and remedies of a creditor secured by a deed of trust or mortgage and, if applicable, a lien against fixtures or personal property attached to the real property security, and (ii) any other rights and remedies permitted by law.

(b) Before the secured lender may waive its lien against any parcel of real property security pursuant to paragraph (1) of subdivision (a) on the basis of the environmental impairment contemplated by paragraph (3) of subdivision (e), (i) the secured lender shall provide written notice of the default to the borrower, and (ii) the value of the subject real property security shall be established and its environmentally impaired status shall be confirmed by an order of a court of competent jurisdiction in an action brought by the secured lender against the borrower. The complaint for a valuation and confirmation action may include causes of action for a money judgment for all or part of the secured obligation in which case the waiver of the secured lender's liens under paragraph (1) of subdivision (a) shall result only if and when a final money judgment is obtained against the borrower.

(c) If a secured lender elects the rights and remedies permitted by paragraph (1) of subdivision (a) and the borrower's obligations are also secured by other real property security, fixtures, or personal property, the secured lender shall first foreclose against the additional collateral to the extent required by applicable law in which case the amount of the judgment of the secured lender pursuant to paragraph (1) of subdivision (a) shall be limited to the extent Section 580a or 580d, or subdivision (b) of Section 726 apply to the foreclosures of additional real property security. (2) In conjunction with the making, renewal, or modification of the loan, extension of credit, guaranty, or other obligation secured by the real property security, neither the borrower, any related party, nor any affiliate or agent of either the borrower or any related party had actual knowledge or notice of the release or threatened release, or if such a person had knowledge or notice of the release or threatened release, the borrower made written disclosure thereof to the secured lender after the secured lender's written request for information concerning the environmental condition of the real property security, or the secured lender otherwise obtained actual knowledge thereof, prior to the making, renewal, or modification of the obligation.

(e) For purposes of this section:

(1) "Affected parcel" means any portion of a parcel of real property security that is (A) contiguous to the environmentally impaired parcel, even if separated by roads, streets, utility easements, or railroad rights-of-way, (B) part of an approved or proposed subdivision within the meaning of Section 66424 of the Government Code, of which the environmentally impaired parcel is also a part, or (C) within 2,000 feet of the environmentally impaired parcel.
(2) "Borrower" means the trustor under a deed of trust, or a mortgagor under a mortgage, where the deed of trust or mortgage encumbers real property security and secures the performance of the trustor or mortgagor under a loan, extension of credit, guaranty, or other obligation. The term includes any successor-in-interest of the trustor or mortgagor to the real property security before the deed of trust or mortgage has been discharged, reconveyed, or foreclosed upon.
(3) "Environmentally impaired" means that the estimated costs to clean up and remediate a past or present release or threatened release of any hazardous substance into, onto, beneath, or from the real property security, not disclosed in writing to, or otherwise actually known by, the secured lender prior to the making of the loan or extension of credit secured by the real property security, exceeds 25 percent of the higher of the aggregate fair market value of all security for the loan or extension of credit (A) at the time of the making of the loan or extension of credit, or (B) at the time of the discovery of the release or threatened release by the secured lender. For the purposes of this definition, the estimated cost to clean up and remediate the contamination caused by the release or threatened
release shall include only those costs that would be incurred reasonably and in good faith, and fair market value shall be determined without giving consideration to the release or threatened release, and shall be exclusive of the amount of all liens and encumbrances against the security that are senior in priority to the lien of the secured lender. Notwithstanding the foregoing, the real property security for any loan or extension of credit secured by a single parcel of real property which is included in the National Priorities List pursuant to Section 9605 of Title 42 of the United States Code, or in any list published by the State Department of Health Services pursuant to subdivision (b) of Section 25356 of the Health and Safety Code, shall be deemed to be environmentally impaired.

(4) "Hazardous substance" means (A) any "hazardous substance" as defined in subdivision (f) of Section 25281 of the Health and Safety Code as effective on January 1, 1991, or as subsequently amended, (B) any "waste" as defined in subdivision (d) of Section 13050 of the Water Code as effective on January 1, 1991, or as subsequently amended, or (C) petroleum, including crude oil or any fraction thereof, natural gas, natural gas liquids, liquefied natural gas, or synthetic gas usable for fuel, or any mixture thereof.

(5) "Real property security" means any real property and improvements, other than a separate interest and any related interest in the common area of a residential common interest development, as the terms "separate interest," "common area," and "common interest development" are defined in Section 1351 of the Civil Code, or real property which contains only 1 to 15 dwelling units, which in either case (A) is solely used (i) for residential purposes, or (ii) if reasonably contemplated by the parties to the deed of trust or mortgage, for residential purposes as well as limited agricultural or commercial purposes incidental thereto, and (B) is the subject of an issued certificate of occupancy unless the dwelling is to be owned and occupied by the borrower.

(6) "Related party" means any person who shares an ownership interest with the borrower in the real property security, or is a partner or joint venturer with the borrower in a partnership or joint venture, the business of which includes the acquisition, development, use, lease, or sale of the real property security.

(7) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment, including continuing migration, of hazardous substances into, onto, or through soil, surface water, or groundwater. The term does not include actions directly relating to the incorporation in a lawful manner of building materials into a permanent improvement to the real property security.

(8) "Secured lender" means the beneficiary under a deed of trust against the real property security, or the mortgagee under a mortgage against the real property security, and any successor-in-interest of the beneficiary or mortgagee to the deed of trust or mortgage.
(f) This section shall not be construed to invalidate or otherwise affect in any manner any rights or obligations arising under contract in connection with a loan or extension of credit, including, without limitation, provisions limiting recourse.

(g) This section shall only apply to loans, extensions of credit, guaranties, or other obligations secured by real property security made, renewed, or modified on or after January 1, 1992, and before January 1, 2000.

SEC. 4. Section 736 of the Code of Civil Procedure is amended to read:

736. (a) Notwithstanding any other provision of law, a secured lender may bring an action for breach of contract against a borrower for breach of any environmental provision made by the borrower relating to the real property security, for the recovery of damages, and for the enforcement of the environmental provision, and that action or failure to foreclose first against collateral shall not constitute an action within the meaning of subdivision (a) of Section 726, or constitute a money judgment for a deficiency or a deficiency judgment within the meaning of Section 580a, 580b, or 580d, or subdivision (b) of Section 726. No injunction for the enforcement of an environmental provision may be issued after (1) the obligation secured by the real property security has been fully satisfied, or (2) all of the borrower's rights, title, and interest in and to the real property security has been transferred in a bona fide transaction to an unaffiliated third party for fair value.

(b) The damages a secured lender may recover pursuant to subdivision (a) shall be limited to reimbursement or indemnification of the following:

(1) If not pursuant to an order of any federal, state, or local governmental agency relating to the cleanup, remediation, or other response action required by applicable law, those costs relating to a reasonable and good faith cleanup, remediation, or other response action concerning a release or threatened release of hazardous substances which is anticipated by the environmental provision.

(2) If pursuant to an order of any federal, state, or local governmental agency relating to the cleanup, remediation, or other response action required by applicable law which is anticipated by the environmental provision, all amounts reasonably advanced in good faith by the secured lender in connection therewith, provided that the secured lender negotiated, or attempted to negotiate, in good faith to minimize the amounts it was required to advance under the order.

(3) Indemnification against all liabilities of the secured lender to any third party relating to the breach and not arising from acts, omissions, or other conduct which occur after the borrower is no longer an owner or operator of the real property security, and provided the secured lender is not responsible for the environmentally impaired condition of the real property security in accordance with the standards set forth in subdivision (d) of Section 726.
726.5. For purposes of this paragraph, the term "owner or operator" means those persons described in Section 101(20)(A) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601, et seq.).

(4) Attorneys' fees and costs incurred by the secured lender relating to the breach.

The damages a secured lender may recover pursuant to subdivision (a) shall not include (i) any part of the principal amount or accrued interest of the secured obligation, except for any amounts advanced by the secured lender to cure or mitigate the breach of the environmental provision that are added to the principal amount, and contractual interest thereon, or (ii) amounts which relate to a release which was knowingly permitted, caused, or contributed to by the secured lender or any affiliate or agent of the secured lender.

(c) A secured lender may not recover damages against a borrower pursuant to subdivision (a) for amounts advanced or obligations incurred for the cleanup or other remediation of real property security, and related attorneys' fees and costs, if all of the following are true:

(1) The original principal amount of, or commitment for, the loan or other obligation secured by the real property security did not exceed two hundred thousand dollars ($200,000).

(2) In conjunction with the secured lender's acceptance of the environmental provision, the secured lender agreed in writing to accept the real property security on the basis of a completed environmental site assessment and other relevant information from the borrower.

(3) The borrower did not permit, cause, or contribute to the release or threatened release.

(4) The deed of trust or mortgage covering the real property security has not been discharged, reconveyed, or foreclosed upon.

(d) This section is not intended to establish, abrogate, modify, limit, or otherwise affect any cause of action other than that provided by subdivision (a) that a secured lender may have against a borrower under an environmental provision.

(e) This section shall apply only to environmental provisions contracted in conjunction with loans, extensions of credit, guaranties, or other obligations made, renewed, or modified on or after January 1, 1992, and before January 1, 2000. Notwithstanding the foregoing, this section shall not be construed to validate, invalidate, or otherwise affect in any manner the rights and obligations of the parties to, or the enforcement of, environmental provisions contracted before January 1, 1992.

(f) For purposes of this section:

(1) "Borrower" means the trustor under a deed of trust, or a mortgagor under a mortgage, where the deed of trust or mortgage encumbers real property security and secures the performance of the trustor or mortgagor under a loan, extension of credit, guaranty, or other obligation. The term includes any successor-in-interest of
the trustor or mortgagor to the real property security before the deed of trust or mortgage has been discharged, reconveyed, or foreclosed upon.

(2) "Environmental provision" means any written representation, warranty, indemnity, promise, or covenant relating to the existence, location, nature, use, generation, manufacture, storage, disposal, handling, or past, present, or future release or threatened release, of any hazardous substance into, onto, beneath, or from the real property security, or to past, present, or future compliance with any law relating thereto, made by a borrower in conjunction with the making, renewal, or modification of a loan, extension of credit, guaranty, or other obligation involving the borrower, whether or not the representation, warranty, indemnity, promise, or covenant is or was contained in or secured by the deed of trust or mortgage, and whether or not the deed of trust or mortgage has been discharged, reconveyed, or foreclosed upon.

(3) "Hazardous substance" means (A) any "hazardous substance" as defined in subdivision (f) of Section 25281 of the Health and Safety Code as effective on January 1, 1991, or as subsequently amended, (B) any "waste" as defined in subdivision (d) of Section 13050 of the Water Code as effective on January 1, 1991, or as subsequently amended, or (C) petroleum, including crude oil or any fraction thereof, natural gas, natural gas liquids, liquefied natural gas, or synthetic gas usable for fuel, or any mixture thereof.

(4) "Real property security" means any real property and improvements, other than a separate interest and any related interest in the common area of a residential common interest development, as the terms "separate interest," "common area," and "common interest development" are defined in Section 1351 of the Civil Code, or real property which contains only 1 to 15 dwelling units, which in either case (A) is solely used (i) for residential purposes, or (ii) if reasonably contemplated by the parties to the deed of trust or mortgage, for residential purposes as well as limited agricultural or commercial purposes incidental thereto, and (B) is the subject of an issued certificate of occupancy unless the dwelling is to be owned and occupied by the borrower.

(5) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment, including continuing migration, of hazardous substances into, onto, or through soil, surface water, or groundwater. The term does not include actions directly relating to the incorporation in a lawful manner of building materials into a permanent improvement to the real property security.

(6) "Secured lender" means the beneficiary under a deed of trust against the real property security, or the mortgagee under a mortgage against the real property security, and any successor-in-interest of the beneficiary or mortgagee to the deed of trust or mortgage.
An act to amend Section 522 of the Harbors and Navigation Code, relating to abandoned property.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 522 of the Harbors and Navigation Code is amended to read:

522. (a) Any hulk, derelict, wreck, or parts of any ship, vessel, or other watercraft sunk, beached, or allowed to remain in an unseaworthy or dilapidated condition upon publicly owned submerged lands, salt marsh, or tidelands within the corporate limits of any municipal corporation or other public corporation or entity having jurisdiction or control over those lands, without its consent expressed by resolution of its legislative body, for a period longer than 30 days without a watchman or other person being maintained upon or near and in charge of the property, is abandoned property. Thereafter, that municipal corporation or other public corporation or entity may cause the property to be sold, destroyed, or otherwise disposed of in such manner as it may determine is expedient or convenient. Any such sale shall vest complete title in the purchaser who shall forthwith take steps to remove the property. Any proceeds derived from the sale shall be the property of the municipal corporation or other public corporation or entity.

(b) However, if the owner of the property securely affixes to the property a notice in plain view setting forth the owner’s name and address and claim of ownership, together with the name and address of an agent or representative whom the owner may designate to act within the State of California if the owner does not reside in the state, and files a copy of the notice with the secretary of the municipal corporation or other public corporation or entity having jurisdiction or control over the lands at least five days prior to the removal, the municipal corporation or other public corporation or entity may not sell, destroy, or otherwise dispose of the property until the corporation or entity has first given the owner or the owner’s agent, at the address specified in the claim of ownership, 30 days’ notice to remove or cause the property to be removed, and then only if the property is not removed by the owner or the owner’s agent within that time or such reasonable extensions of time as the corporation or entity may grant by resolution. If a registration number appears on the watercraft, the municipal corporation or other public corporation or entity shall send the notice to the last registered owner and the disposition shall be handled as a lien sale under Section 504.
An act to amend Section 66006 of the Government Code, relating to development.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 66006 of the Government Code is amended to read:

66006. (a) If a local agency requires the payment of a fee specified in subdivision (c) in connection with the approval of a development project, the local agency receiving the fee shall deposit it with the other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for which the fee was collected. Any interest income earned by moneys in the capital facilities account or fund shall also be deposited in that account or fund and shall be expended only for the purpose for which the fee was originally collected.

(b) (1) For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 60 days of the close of each fiscal year, make available to the public the beginning and ending balance for the fiscal year and the fee, interest, and other income and the amount of expenditure by public facility and the amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001 during the fiscal year.

(2) The local agency shall review the information made available to the public pursuant to paragraph (1) at the next regularly scheduled public meeting not less than 15 days after this information is made available to the public, as required by this subdivision. Notice of the time and place of the meeting, including the address where this information may be reviewed, shall be mailed, at least 15 days prior to the meeting, to any interested party who files a written request with the local agency for mailed notice of the meeting. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The legislative body may establish a reasonable annual charge for sending notices based on the estimated cost of providing the service.

(c) For purposes of this section, “fee” means any fee imposed to provide for an improvement to be constructed to serve a development project, or which is a fee within the meaning of subdivision (b) of Section 66000, and that is imposed by the local
agency as a condition of approving the development project.

(d) Any person may request an audit of any local agency fee or charge that is subject to Section 66023, including fees or charges of school districts, in accordance with that section.

(e) The Legislature finds and declares that untimely or improper allocation of development fees hinders economic growth and is, therefore, a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that subdivision (a) shall supersede all conflicting local laws and shall apply in charter cities.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 170

An act to amend Section 76140 of, and to add Section 76142 to, the Education Code, relating to community colleges.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 76140 of the Education Code is amended to read:

76140. (a) A community college district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee any person described in paragraph (1) or (2):

(1) All nonresidents who enroll for six or fewer units. Exemptions made pursuant to this paragraph shall not be made on an individual basis.

(2) Any nonresident who is both a citizen and resident of a foreign country, provided that the nonresident has demonstrated a financial need for the exemption and not more than 10 percent of the nonresident foreign students attending any community college district may be so exempted. Exemptions made pursuant to this paragraph may be made on an individual basis.

(b) A district may contract with a state, a county contiguous to California, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student’s tuition fee.

(c) Nonresident students shall not be reported as full-time
equivalent students (FTES) for state apportionment purposes, except as provided by statute in which case a nonresident tuition fee may not be charged.

(d) The nonresident tuition fee shall be set by the governing board of each community college district not later than February 1 of each year for the succeeding fiscal year. The governing board of each community college district shall provide nonresident students with notice of nonresident tuition fee changes during the spring term before the fall term in which the change will take effect. Nonresident tuition fee increases shall be gradual, moderate, and predictable. The fee may be paid in installments, as determined by the governing board of the district.

(e) The fee established by the governing board pursuant to subdivision (d) shall represent for nonresident students enrolled in 30 semester units or 45 quarter units of credit per fiscal year (1) the amount that was expended by the district for the expense of education as defined by the California Community College Budget and Accounting Manual in the preceding fiscal year increased by the projected percent increase in the United States Consumer Price Index as determined by the Department of Finance for the current fiscal year and succeeding fiscal year and divided by the FTES (including nonresident students) attending in the district in the preceding fiscal year, (2) the expense of education in the preceding fiscal year of all districts increased by the projected percent increase in the United States Consumer Price Index as determined by the Department of Finance for the current fiscal year and succeeding fiscal year and divided by the FTES (including nonresident students) attending all districts during the preceding fiscal year, (3) an amount not to exceed the fee established by the governing board of any contiguous district, or (4) an amount not to exceed the amount that was expended by the district for the expense of education but in no case less than the statewide average as set forth in paragraph (2). However, if the district's preceding fiscal year FTES of all students attending in the district in noncredit courses is equal to or greater than 10 percent of the district's total FTES attending in the district, the district in calculating the amount in paragraph (1) may substitute instead the data for expense of education in grades 13 and 14 and FTES in grades 13 and 14 attending in the district.

(f) The governing board of each community college district shall also adopt a tuition fee per unit of credit for nonresident students enrolled in more or less than 15 units of credit per term by dividing the fee determined in subdivision (e) by 30 for colleges operating on the semester system and 45 for colleges operating on the quarter system and rounding to the nearest whole dollar. The same rate shall be uniformly charged nonresident students attending any terms or sessions maintained by the community college. The rate charged shall be the rate established for the fiscal year in which the term or session ends.

(g) In adopting a tuition fee for nonresident students, the
governing board of each community college district shall consider nonresident tuition fees of public community colleges in other states.

(h) Any loss in district revenue generated by the nonresident tuition fee shall not be offset by additional state funding.

(i) The provisions of this section that require a mandatory fee for nonresidents shall not apply to any district that borders on another state and has fewer than 500 FTES.

SEC. 2. Section 76142 is added to the Education Code, to read:

76142. A community college district may charge nonresident applicants who are both citizens and residents of a foreign country a processing fee not to exceed the lesser of (1) the actual cost of processing an application and other documentation required by the federal government, or (2) one hundred dollars ($100), which may be deducted from the tuition fee at the time of enrollment. No processing fee shall be charged to an applicant who would be eligible for an exemption from nonresident tuition pursuant to Section 76140 or who can demonstrate economic hardship. For purposes of this section, the governing board of each community college district that chooses to impose the fee authorized by this section shall adopt a definition of economic hardship that includes the financial circumstances of a person who is a victim of persecution or discrimination in the foreign country in which the applicant is a citizen and resident, or who is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Income/State Supplementary Program, or a general assistance program.

CHAPTER 171

An act to repeal Article 5 (commencing with Section 84501) of Chapter 4 of Title 9 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor July 11, 1992 Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 84501) of Chapter 4 of Title 9 of the Government Code is repealed.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.
An act to amend Section 52020 of the Health and Safety Code, relating to housing.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 52020 of the Health and Safety Code is amended to read:

52020. (a) For purposes of a home financing program authorized by this part, a city or county has the following powers and duties:

(1) To acquire, contract, and enter into advance commitments to acquire, home mortgages made or owned by lending institutions at the purchase prices and upon the other terms and conditions as shall be determined by the city or county or other person as it may designate as its agent, to make and execute contracts with lending institutions for the origination and servicing of home mortgages and to pay the reasonable value of services rendered under those contracts. Prior to executing any contract with a lending institution, a city or county shall adopt regulations establishing criteria for qualification of lending institutions eligible to originate and service home mortgages under home financing programs authorized by this part and shall, with respect to each home financing program, permit each qualified lending institution which transacts business in the city or county the opportunity to participate in the program on an equitable basis with other participating lending institutions. Two or more cities in the same county, or a county and one or more cities within the county, or two or more adjacent counties and any number of cities within those counties may enter into an agreement to join or cooperate with one another in the exercise jointly, or otherwise, of any or all of their powers for the purpose of financing home mortgages pursuant to this part with respect to property within the boundaries of any one or more of the entities.

(2) To make loans to lending institutions under terms and conditions which, in addition to other provisions as determined by the city or county, require the lending institutions to use all of the net proceeds thereof, directly or indirectly, for the making of home mortgages in an aggregate principal amount equal to the amount of the net proceeds.

(3) To establish, by rules or regulations, in resolutions relating to any issuance of bonds or in any documents relating to the issuance, standards and requirements applicable to the purchase of home mortgages or the making of loans to lending institutions as the city or county deems necessary or desirable to effectuate the purposes of this part, which may include without limitation any of the following:

(A) The time within which lending institutions are required to
make commitments and disbursements for home mortgages.

(B) The location and other characteristics of homes to be financed by home mortgages.

(C) The terms and conditions of home mortgages to be acquired.

(D) The amounts and types of any insurance coverage required on homes, home mortgages and bonds.

(E) The representations and warranties of lending institutions confirming compliance with the standards and requirements.

(F) Restrictions as to interest rate and other terms of home mortgages or the return realized therefrom by lending institutions.

(G) The type and amount of collateral security to be provided to assure repayment of any loans from the city or county and to assure repayment of bonds.

(H) Any other matters related to the purchase of home mortgages or the making of loans to lending institutions as deemed relevant by the city or county.

(4) To require from each lending institution from which home mortgages are purchased or to which loans are made the submission of evidence satisfactory to the city or county of the ability and intention of the lending institution to make home mortgages, and the submission, within the time specified by the city or county for making disbursements for home mortgages, of evidence satisfactory to the city or county of the making of home mortgages and of compliance with any standards and requirements established by it.

(b) Each city or county which finances housing pursuant to this part shall designate a person or entity to administer the program.

(c) Each city or county which finances housing pursuant to this part shall adopt regulations establishing criteria for qualification of persons and families, which may differ among different cities or counties to reflect varying economic and housing conditions. In developing this criteria, factors similar to the following shall be taken into consideration:

(1) The amount of the income of the person or family that is available for housing needs.

(2) The size of the household.

(3) The costs and condition of available housing.

(4) The eligibility of the persons or families for federal housing assistance of any type.

(d) Criteria for qualification of persons and families pursuant to this section shall include a maximum household income, which maximum shall not exceed the following:

(1) One hundred twenty percent of the median household income for mortgages made for improving a home or for homes where the purchaser will be the first occupant. Upon the resale of a home for which financing was originally provided under this paragraph, the maximum income of persons and families shall also be 120 percent of the median household income.

(2) The median household income where the purchaser will not be the first occupant. However, the city or county shall ensure that
no less than 50 percent of the funds allocated for home mortgages
where the purchaser will not be the first occupant shall be for
households whose income does not exceed 80 percent of that median
household income. However, the legislative body of the city or
county may, by resolution, increase this income limitation to 90
percent of median household income if the legislative body finds that
there are insufficient numbers of creditworthy persons whose
income does not exceed 80 percent of median household income.
The resolution is final and conclusive as to the findings required by
this paragraph.

(3) One hundred fifty percent of the median household income
for mortgages made for improving a home or for homes where the
purchaser will be the first occupant in any city, the entire area of
which, or in any county in which a portion of the county, is
designated by the United States Department of Commerce,
Economic Development Administration as a special impact area
within a Title IV redevelopment area, pursuant to Section 401 of the
federal Public Works and Economic Development Act of 1965, as
amended, and which is eligible for Urban Development Action
Grant funds under the current distress standards established for
cities and counties by the Secretary of the United States Department
of Housing and Urban Development pursuant to Section 119 of the
Housing and Community Development Act of 1974, if the homes
purchased or improved are situated within the boundaries of a
special impact area as defined by the Economic Development
Administration, and that designation is in effect on the date of sale
of revenue bonds issued under this part.

As used in this subdivision, "median household income" means the
highest of (A) statewide median household income, (B) countywide
median household income, or (C) median family income for area as
determined by the United States Department of Housing and Urban
Development, with respect to either a standard metropolitan statistical area or an area outside of a standard metropolitan statistical area.

(e) Subdivision (d) shall not apply with respect to home finance
programs funded with amounts made available by the issuance of
revenue bonds that (1) for federal tax law purposes are bonds
refunding qualified mortgage bonds issued before January 1, 1987,
and (2) satisfy the requirements of subdivision (a) of Section 1313 of
the federal Tax Reform Act of 1986. With respect to these programs,
the maximum household income for qualification of persons and
families pursuant to this section shall be the following:

(1) One hundred fifty percent of the median household income
for mortgages made for improving a home or for homes where the
purchaser will be the first occupant. Upon the resale of a home for
which financing was originally provided under this paragraph, the
maximum income of persons and families shall also be 150 percent
of the median household income. For purposes of this paragraph, a
mortgage made for improving a home includes a home
improvement loan as defined in Section 143 of Title 26 of the United States Code.

(2) One hundred twenty percent of the median household income where the purchaser will not be the first occupant. However, the city or county shall ensure that no less than 20 percent of the funds allocated for home mortgages where the purchaser will not be the first occupant shall be for households whose income does not exceed 110 percent of that median household income. However, the legislative body of the city or county may, by resolution, increase this income limitation to 120 percent of the median household income if the legislative body finds that there are insufficient numbers of creditworthy persons whose income does not exceed 110 percent of the median household income. The resolution is final and conclusive as to the findings required by this paragraph. However, the finding shall not be made by the legislative body before six months from the date mortgages were first made under the program and only if participating lenders have entered into an agreement with the city, county, or city and county that lenders will advertise at least monthly the availability of funds and will forfeit one-quarter of their origination fees if they are unable to use 20 percent of the funds to make mortgages to households whose income does not exceed 110 percent of the median income.

SEC. 2. Section 2225 of the Civil Code is amended to read:

2225. (a) As used in this section:

(1) "Convicted felon" means any person convicted of a felony, or found not guilty by reason of insanity of a felony committed in California, either by a court or jury trial or by entry of a plea in court.

(2) "Felony" means a felony defined by any California or United States statute.

(3) "Representative of the felon" means any person or entity receiving proceeds by designation of that felon, or on behalf of that felon or in the stead of that felon, whether by the felon's designation or by operation of law.

(4) (A) "Beneficiary" means a person who, under applicable law, other than the provisions of this section, has or had a right to recover damages from the convicted felon for physical, mental, or emotional injury, or pecuniary loss proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) If a beneficiary described in subparagraph (A) has died, "beneficiary" also includes a person or estate entitled to recover damages pursuant to Chapter 4 (commencing with Section 377.10) of Title 3 of Part 2 of the Code of Civil Procedure.

(C) If a person has died and the death was proximately caused by the convicted felon as a result of the crime for which the felon was convicted, "beneficiary" also includes a person described in Section 377.60 of the Code of Civil Procedure and any beneficiary of a will of the decedent who had a right under that will to receive more than 25 percent of the value of the estate of the decedent.

(5) "Beneficiary's interest in the proceeds" means that portion of the proceeds necessary to pay the following:

(A) In the case of a beneficiary described in subparagraph (A) or (B) of paragraph (4), those damages which, under applicable law, other than the provisions of this section, the beneficiary has or had a right to recover from the convicted felon for injuries proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) In the case of a beneficiary described in subparagraph (C) of paragraph (4), those damages which under all the circumstances of the case may be just.

(C) A beneficiary's interest in the proceeds shall be reduced by
the following amount:

(i) Money paid to the beneficiary from the Restitution Fund because of the crime for which the felon was convicted.

(ii) Money paid to the beneficiary by the convicted felon because of a requirement of restitution imposed by a court in connection with the crime for which the felon was convicted.

(iii) Money paid to the beneficiary because of a judgment against the convicted felon based upon the crime for which the felon was convicted.

(D) In the case of an unsatisfied existing judgment or order of restitution against the convicted felon and in favor of a beneficiary, any money paid to the beneficiary pursuant to this section shall be applied to reduce the amount of the unsatisfied judgment or order.

(6) “Materials” means books, magazine or newspaper articles, movies, films, videotapes, sound recordings, interviews or appearances on television and radio stations, and live presentations of any kind.

(7) “Story” means a depiction, portrayal, or reenactment of a felony and shall not be taken to mean a passing mention of the felony, as in a footnote or bibliography.

(8) “Sale” includes lease, license, or any other transfer or alienation taking place in California or elsewhere.

(9) “Proceeds” means all fees, royalties, real property, or other consideration of any and every kind or nature received by or owing to a felon or his or her representatives for the preparation for the purpose of sale of materials, for the sale of the rights to materials, or the sale or distribution by the convicted felon of materials whether earned, accrued, or paid before or after the conviction. It includes any interest, earnings, or accretions upon proceeds, and any property received in exchange for proceeds.

(b) All proceeds from the preparation for the purpose of sale, the sale of the rights to, or the sale of materials that include or are based on the story of a felony for which a convicted felon was convicted, shall be subject to an involuntary trust for the benefit of the beneficiaries set forth in this section. That trust shall continue until five years after the time of payment of the proceeds to the felon or five years after the date of conviction, whichever is later. If an action is filed by a beneficiary to recover his or her interest in a trust within those time limitations, the trust character of the property shall continue until the conclusion of the action.

(c) (1) Any beneficiary may bring an action against a convicted felon or representative of the felon to recover his or her interest in the trust established by this section.

(2) That action may be brought in the superior court of the county in which the beneficiary resides, or of the county in which the convicted felon resides, or of the county in which proceeds are located.

(3) If the court determines that a beneficiary is entitled to proceeds pursuant to this section, the court shall order the payment
from proceeds which have been received, and, if that is insufficient, from proceeds which may be received in the future.

(d) If there are two or more beneficiaries and if the available proceeds are insufficient to pay all beneficiaries, the proceeds shall be equitably apportioned among the beneficiaries taking into account the impact of the crime upon them.

Prior to any distribution of any proceeds to a beneficiary, the court shall determine whether the convicted felon has failed to pay any portion of a restitution fine or penalty fine imposed by a court, or any restitution imposed as a condition of probation. The court shall also determine whether the felon is obligated to reimburse a governmental entity for the costs of his or her defense and whether a portion of the proceeds is needed to cover his or her reasonable attorney's fees incurred in the criminal proceeding related to the felony, or any appeal or other related proceeding, or in the defense of the action brought under this section. The court shall order payment of these obligations prior to any payment to a beneficiary, except that 10 percent of the proceeds shall be reserved for payment to the beneficiaries.

(e) (1) The Attorney General may bring an action to require proceeds received by a convicted felon to be held in an express trust in a bank authorized to act as a trustee.

(2) An action may be brought under this subdivision within six months after the receipt of proceeds by a convicted felon or six months after the date of conviction, whichever is later.

That action may be brought in the superior court of any county in which the Attorney General has an office.

(3) If the Attorney General proves that the proceeds are proceeds from the sale of a story which are subject to an involuntary trust pursuant to this section, and that it is more probable than not that there are beneficiaries within the meaning of this section, the court shall order that all proceeds be deposited in a bank and held by the bank as trustee of the trust until an order of disposition is made by a court pursuant to subdivision (d), or until the expiration of the period specified in subdivision (b).

(4) If the Attorney General prevails in an action under this subdivision, the court shall order the payment from the proceeds to the Attorney General of reasonable costs and attorney's fees.

(f) In any action brought pursuant to subdivision (d) or (e), upon motion of a party the court shall grant a preliminary injunction to prevent any waste of proceeds if it appears that the proceeds are subject to the provisions of this section, and that they may be subject to waste.

(g) Any violation of an order of a court made pursuant to this section shall be punishable as contempt.

(h) The remedies provided by this section are in addition to other remedies provided by law.

No period of limitations, except those provided by this section, shall limit the right of recovery under this section.
SEC. 3. Section 2412 of the Civil Code is amended to read:

2412. Except as provided in Section 2412.5, a petition may be filed under this article for any one or more of the following purposes:

(a) Determining whether the power of attorney is in effect or has terminated.

(b) Passing on the acts or proposed acts of the attorney in fact.

(c) Compelling the attorney in fact to submit his or her accounts or report his or her acts as attorney in fact to the principal, the spouse of the principal, the conservator of the person or the estate of the principal, or to such other person as the court in its discretion may require, if the attorney in fact has failed to submit an accounting and report within 60 days after written request from the person filing the petition.

(d) Declaring that the power of attorney is terminated upon a determination by the court of all of the following:

(1) The attorney in fact has violated or is unfit to perform the fiduciary duties under the power of attorney.

(2) At the time of the determination by the court, the principal lacks the capacity to give or to revoke a power of attorney.

(3) The termination of the power of attorney is in the best interests of the principal or the principal’s estate.

(e) Compelling a third person to honor the authority of an agent under a statutory form power of attorney pursuant to Section 2480.5.

SEC. 3.5. Section 2476 of the Civil Code is amended to read:

2476. A statutory form power of attorney under this chapter is legally sufficient if all of the following requirements are satisfied:

(a) The wording of the form complies substantially with Section 2475. A form does not fail to comply substantially with Section 2475 merely because the form does not include the provisions of Section 2475 relating to designation of coagents. A form does not fail to comply substantially with Section 2475 merely because the form uses the sentence “Revocation of the power of attorney is not effective as to a third party until the third party learns of the revocation” in place of the sentence “Revocation of the power of attorney is not effective as to a third party until the third party has actual knowledge of the revocation,” in which case the form shall be interpreted as if it contained the sentence “Revocation of the power of attorney is not effective as to a third party until the third party has actual knowledge of the revocation.”

(b) The form is properly completed.

(c) The signature of the principal is acknowledged. Notwithstanding Sections 1188 and 1189, the certificate of acknowledgment of a notary public required by Section 2475 is sufficient if it is in substantially the form set out in either Section 2475 or Section 1189.

SEC. 4. Section 2480.5 is added to the Civil Code, to read:

2480.5. (a) If a third person to whom a properly executed statutory form power of attorney under this chapter is presented refuses to honor the agent’s authority under the power of attorney
within a reasonable time, the third person may be compelled to honor the agent's authority under the power of attorney, in an action for this purpose brought against the third person, except that the third person may not be compelled to honor the agent's authority if the principal could not compel the third person to act in the same circumstances.

(b) If an action is brought under this section, the court shall award attorney's fees to the agent if the court finds that the third person acted unreasonably in refusing to accept the agent's authority under the statutory form power of attorney.

(c) For the purpose of subdivision (b) and without limiting other grounds that may constitute a reasonable refusal to accept an agent's authority under a statutory form power of attorney, a third person does not act unreasonably in refusing to accept the agent's authority if the refusal is authorized or required by a provision of a state or federal statute or regulation.

(d) Notwithstanding subdivision (c), a third person's refusal to accept an agent's authority under a statutory form power of attorney under this chapter is unreasonable if the only reason for the refusal is that the power of attorney is not on a form prescribed by the third person to whom the power of attorney is presented.

(e) The remedy provided in this section is cumulative and nonexclusive.

SEC. 5. Section 3294 of the Civil Code is amended to read:

3294. (b) An employer shall not be liable for damages pursuant to subdivision (a), based upon acts of an employee of the employer, unless the employer had advance knowledge of the unfitness of the employee and employed him or her with a conscious disregard of the rights or safety of others or authorized or ratified the wrongful conduct for which the damages are awarded or was personally guilty of oppression, fraud, or malice. With respect to a corporate employer, the advance knowledge and conscious disregard, authorization, ratification or act of oppression, fraud, or malice must be on the part of an officer, director, or managing agent of the corporation.

action pursuant to Chapter 4 (commencing with Section 377.10) of
Title 3 of Part 2 of the Code of Civil Procedure based upon a death
which resulted from a homicide for which the defendant has been
convicted of a felony, whether or not the decedent died instantly or
survived the fatal injury for some period of time. The procedures for
joinder and consolidation contained in Section 377.62 of the Code of
Civil Procedure shall apply to prevent multiple recoveries of
punitive or exemplary damages based upon the same wrongful act.
(e) The amendments to this section made by Chapter 1498 of the

commenced prior to January 1, 1988.

SEC. 17. Section 375 is added to the Code of Civil Procedure, to read:

375. An action or proceeding does not abate by the disability of a party. The court, on motion, shall allow the action or proceeding to be continued by or against the party's representative.
SEC. 18. Section 376 of the Code of Civil Procedure is amended to read:

376. (a) The parents of a legitimate unmarried minor child, acting jointly, may maintain an action for injury to the child caused by the wrongful act or neglect of another. If either parent fails on demand to join as plaintiff in the action or is dead or cannot be found, then the other parent may maintain the action. The parent, if living, who does not join as plaintiff shall be joined as a defendant and, before trial or hearing of any question of fact, shall be served with summons either in the manner provided by law for the service of a summons in a civil action or by sending a copy of the summons and complaint by registered mail with proper postage prepaid addressed to that parent's last known address with request for a return receipt. If service is made by registered mail, the production of a return receipt purporting to be signed by the addressee creates a rebuttable presumption that the summons and complaint have been duly served. The presumption established by this section is a presumption affecting the burden of producing evidence. The respective rights of the parents to any award shall be determined by the court.

(b) A parent may maintain an action for such an injury to his or her illegitimate unmarried minor child if a guardian has not been appointed. Where a parent who does not have care, custody, or control of the child brings the action, the parent who has care, custody, or control of the child shall be served with the summons either in the manner provided by law for the serving of a summons in a civil action or by sending a copy of the summons and complaint by registered mail, with proper postage prepaid, addressed to the last known address of that parent, with request for a return receipt. If service is made by registered mail, the production of a return receipt purporting to be signed by the addressee creates a rebuttable presumption that the summons and complaint have been duly served. The presumption established by this section is a presumption affecting the burden of producing evidence. The respective rights of the parents to any award shall be determined by the court.

(c) The father of an illegitimate child who maintains an action under this section shall have acknowledged in writing prior to the
child's injury, in the presence of a competent witness, that he is the 
father of the child, or, prior to the child's injury, have been judicially 
determined to be the father of the child.

(d) A parent of an illegitimate child who does not maintain an 
action under this section may be joined as a party thereto.

(e) A guardian may maintain an action for such an injury to his or 
her ward.

(f) An action under this section may be maintained against the 
person causing the injury. If any other person is responsible for the 
wrongful act or neglect, the action may also be maintained against 
the other person. The death of the child or ward does not abate the 
parents' or guardian's cause of action for the child's injury as to 
damages accruing before the child's death.

(g) In an action under this section, damages may be awarded that, 
under all of the circumstances of the case, may be just, except that:

1. In an action maintained after the death of the child, the 
damages recoverable are as provided in Section 377.34.

2. Where the person causing the injury is deceased, the damages 
recoverable in an action against the decedent's personal 
representative are as provided in Section 377.42.

(h) If an action arising out of the same wrongful act or neglect 
may be maintained pursuant to Section 377.60 for wrongful death of 
a child described in this section, the action authorized by this section 
may be consolidated therewith for trial as provided in Section 1048.

SEC. 19. Section 377 of the Code of Civil Procedure is repealed.
SEC. 20. Chapter 4 (commencing with Section 377.10) is added

decedent's will.

(b) If the decedent died without leaving a will, the sole person or 
all of the persons who succeed to a cause of action, or to a particular 
item of property that is the subject of a cause of action, under 
Sections 6401 and 6402 of the Probate Code or, if the law of a sister

Article 2. Survival and Continuation

377.20. (a) Except as otherwise provided by statute, a cause of action for or against a person is not lost by reason of the person’s death, but survives subject to the applicable limitations period.

(b) This section applies even though a loss or damage occurs simultaneously with or after the death of a person who would have been liable if the person’s death had not preceded or occurred simultaneously with the loss or damage.

377.21. A pending action or proceeding does not abate by the death of a party if the cause of action survives.

377.22. Nothing in this chapter shall be construed as affecting the assignability of causes of action.

Article 3. Decedent’s Cause of Action

377.30. A cause of action that survives the death of the person entitled to commence an action or proceeding passes to the decedent’s successor in interest, subject to Chapter 1 (commencing with Section 7000) of Part 1 of Division 7 of the Probate Code, and an action may be commenced by the decedent’s personal representative or, if none, by the decedent’s successor in interest.

377.31. On motion after the death of a person who commenced an action or proceeding, the court shall allow a pending action or proceeding that does not abate to be continued by the decedent’s personal representative or, if none, by the decedent’s successor in interest.

377.32. (a) The person who seeks to commence an action or proceeding or to continue a pending action or proceeding as the decedent’s successor in interest under this article, shall execute and file an affidavit or a declaration under penalty of perjury under the laws of this state stating all of the following:

(1) The decedent’s name.

(2) The date and place of the decedent’s death.

(3) “No proceeding is now pending in California for administration of the decedent’s estate.”

(4) If the decedent’s estate was administered, a copy of the final order showing the distribution of the decedent’s cause of action to the successor in interest.

(5) Either of the following, as appropriate, with facts in support thereof:

(B) “The affiant or declarant is authorized to act on behalf of the decedent’s successor in interest (as defined in Section 377.11 of the
California Code of Civil Procedure) with respect to the decedent's interest in the action or proceeding."

(6) "No other person has a superior right to commence the action or proceeding or to be substituted for the decedent in the pending action or proceeding."

(7) "The affiant or declarant affirms or declares under penalty of perjury under the laws of the State of California that the foregoing is true and correct."

(b) Where more than one person executes the affidavit or declaration under this section, the statements required by subdivision (a) shall be modified as appropriate to reflect that fact.

(c) A certified copy of the decedent's death certificate shall be attached to the affidavit or declaration.

377.33. The court in which an action is commenced or continued under this article may make any order concerning parties that is appropriate to ensure proper administration of justice in the case, including appointment of the decedent's successor in interest as a special administrator or guardian ad litem.

377.34. In an action or proceeding by a decedent's personal representative or successor in interest on the decedent's cause of action, the damages recoverable are limited to the loss or damage that the decedent sustained or incurred before death, including any penalties or punitive or exemplary damages that the decedent would have been entitled to recover had the decedent lived, and do not include damages for pain, suffering, or disfigurement.

377.35. On or after January 1, 1993, this article applies to the commencement of an action or proceeding the decedent was entitled to commence, and to the continuation of an action or proceeding commenced by the decedent, regardless of whether the decedent died before, on, or after January 1, 1993.

Article 4. Cause of Action Against Decedent

377.40. Subject to Part 4 (commencing with Section 9000) of Division 7 of the Probate Code governing creditor claims, a cause of action against a decedent that survives may be asserted against the decedent's personal representative or, to the extent provided by statute, against the decedent's successor in interest.

377.41. On motion, the court shall allow a pending action or proceeding against the decedent that does not abate to be continued against the decedent's personal representative or, to the extent provided by statute, against the decedent's successor in interest, except that the court may not permit an action or proceeding to be continued against the personal representative unless proof of compliance with Part 4 (commencing with Section 9000) of Division 7 of the Probate Code governing creditor claims is first made.

377.42. In an action or proceeding against a decedent's personal representative or, to the extent provided by statute, against the decedent's successor in interest, on a cause of action against the
decedent, all damages are recoverable that might have been
recovered against the decedent had the decedent lived except
damages recoverable under Section 3294 of the Civil Code or other
punitive or exemplary damages.

377.43. This article applies to the commencement on or after
January 1, 1993, of an action or proceeding against the decedent’s
personal representative or successor in interest, or to the making of
a motion on or after January 1, 1993, to continue a pending action or
proceeding against the decedent’s personal representative or
successor in interest, regardless of whether the decedent died
before, on, or after January 1, 1993.

Article 5. Insured Claims

377.50. An action to establish the decedent’s liability for which
the decedent was protected by insurance may be commenced or
continued against the decedent’s estate as provided in Chapter 1
(commencing with Section 550) of Part 13 of Division 2 of the
Probate Code.

Article 6. Wrongful Death

377.60. A cause of action for the death of a person caused by the
wrongful act or neglect of another may be asserted by any of the
following persons or by the decedent’s personal representative on
their behalf:

(a) The decedent’s surviving spouse, children, and issue of
deceased children, or, if none, the persons who would be entitled to
the property of the decedent by intestate succession.

(b) Whether or not qualified under subdivision (a), if they were
dependent on the decedent, the putative spouse, children of the
putative spouse, stepchildren, or parents. As used in this subdivision,
“putative spouse” means the surviving spouse of a void or voidable
marriage who is found by the court to have believed in good faith
that the marriage to the decedent was valid.

(c) A minor, whether or not qualified under subdivision (a) or
(b), if, at the time of the decedent’s death, the minor resided for the
previous 180 days in the decedent’s household and was dependent on
the decedent for one-half or more of the minor’s support.

377.61. In an action under this article, damages may be awarded
that, under all the circumstances of the case, may be just, but may
not include damages recoverable under Section 377.34. The court
shall determine the respective rights in an award of the persons
entitled to assert the cause of action.

377.62. (a) An action under Section 377.30 may be joined with an
action under Section 377.60 arising out of the same wrongful act or
neglect.

(b) An action under Section 377.60 and an action under Section
377.31 arising out of the same wrongful act or neglect may be
consolidated for trial as provided in Section 1048.

   (a) "Designation" means a designation made pursuant to Section 6321.
   (b) "Instrument" includes all of the following:
       (1) An insurance, annuity, or endowment contract (including any agreement issued or entered into by the insurer in connection therewith, supplemental thereto, or in settlement thereof).
       (2) A pension, retirement benefit, death benefit, stock bonus, profit-sharing or employees’ saving plan, employee benefit plan, or contract created or entered into by an employer for the benefit of some or all of his or her employees.

   (b) The personal liability of a person under this section does not exceed the fair market value at the date of the decedent’s death of the property title to which vested in that person pursuant to Section 6609, less the total of all of the following:
       (1) The amount of any liens and encumbrances on that property.
       (2) The value of any probate homestead interest set apart under Section 6520 out of that property.

30400
(3) The value of any other property set aside under Section 6510 out of that property.

(c) In any action or proceeding based upon an unsecured debt of the decedent, the surviving spouse of the decedent, the child or children of the decedent, or the guardian of the minor child or children of the decedent, may assert any defense, cross-complaint, or setoff which would have been available to the decedent if the decedent had not died.

(d) If proceedings are commenced in this state for the administration of the estate of the decedent and the time for filing claims has commenced, any action upon the personal liability of a person under this section is barred to the same extent as provided for claims under Part 4 (commencing with Section 9000) of Division 7, except as to the following:

(1) Creditors who commence judicial proceedings for the enforcement of the debt and serve the person liable under this section with the complaint therein prior to the expiration of the time for filing claims.

(2) Creditors who have or who secure an acknowledgment in writing of the person liable under this section that that person is liable for the debts.

(3) Creditors who file a timely claim in the proceedings for the administration of the estate of the decedent.

(e) Section 366.2 of the Code of Civil Procedure applies in an action under this section.

SEC. 33. Section 7664 of the Probate Code is amended to read:

7664. A person to whom property is distributed under this article is personally liable for the unsecured debts of the decedent. Such a debt may be enforced against the person in the same manner as it could have been enforced against the decedent if the decedent had not died. In an action based on the debt, the person may assert any defenses available to the decedent if the decedent had not died. The aggregate personal liability of a person under this section shall not exceed the fair market value of the property distributed to the person, valued as of the date of the distribution, less the amount of any liens and encumbrances on the property on that date. Section 366.2 of the Code of Civil Procedure applies in an action under this section.

SEC. 34. Section 9103 of the Probate Code is amended to read:

9103. (a) Upon petition by a creditor and notice of hearing given as provided in Section 1220, the court may allow a claim to be filed after expiration of the time for filing a claim if the creditor establishes that either of the following conditions is satisfied:

(1) Neither the creditor nor the attorney representing the creditor in the matter had actual knowledge of the administration of the estate more than 15 days before expiration of the time provided in Section 9100, and the creditor’s petition was filed within 30 days after either the creditor or the creditor’s attorney had actual knowledge of the administration whichever occurred first.
(2) Neither the creditor nor the attorney representing the creditor in the matter had knowledge of the existence of the claim more than 15 days before expiration of the time provided in Section 9100, and the creditor’s petition was filed within 30 days after either the creditor or the creditor’s attorney had knowledge of the existence of the claim whichever occurred first.

(b) The court shall not allow a claim to be filed under this section after the earlier of the following times:

(1) The time the court makes an order for final distribution of the estate.

(2) One year after the time letters are first issued to a general personal representative. Nothing in this paragraph authorizes allowance or approval of a claim barred by, or extends the time provided in, Section 366.2 of the Code of Civil Procedure.

(c) The court may condition the claim on terms that are just and equitable, and may require the appointment or reappointment of a personal representative if necessary. The court may deny the creditor’s petition if a payment to general creditors has been made and it appears that the filing or establishment of the claim would cause or tend to cause unequal treatment among creditors.

(d) Regardless of whether the claim is later established in whole or in part, payments otherwise properly made before a claim is filed under this section are not subject to the claim. Except to the extent provided in Section 9392 and subject to Section 9053, the personal representative or payee is not liable on account of the prior payment. Nothing in this subdivision limits the liability of a person who receives a preliminary distribution of property to restore to the estate an amount sufficient for payment of the distributee’s proper share of the claim, not exceeding the amount distributed.

SEC. 35. Section 9391 of the Probate Code is amended to read:

9391. The holder of a mortgage or other lien on property in the dece’dent’s estate, including, but not limited to, a judgment lien, may commence an action to enforce the lien against the property that is subject to the lien, without first filing a claim as provided in this part, if in the complaint the holder of the lien expressly waives all recourse against other property in the estate. Section 366.2 of the Code of Civil Procedure does not apply to an action under this section.

SEC. 36. Section 9392 of the Probate Code is amended to read:

9392. (a) Subject to subdivision (b), a person to whom property is distributed is personally liable for the claim of a creditor, without a claim first having been filed, if all of the following conditions are satisfied:

(1) The identity of the creditor was known to, or reasonably ascertainable by, a general personal representative within four months after the date letters were first issued to the personal representative, and the claim of the creditor was not merely conjectural.

(2) Notice of administration of the estate was not given to the creditor under Chapter 2 (commencing with Section 9050) and
neither the creditor nor the attorney representing the creditor in the matter has actual knowledge of the administration of the estate before the time the court made an order for final distribution of the property.

(3) The statute of limitations applicable to the claim under Section 366.2 of the Code of Civil Procedure has not expired at the time of commencement of an action under this section.

(b) Personal liability under this section is applicable only to the extent the claim of the creditor cannot be satisfied out of the estate of the decedent and is limited to a pro rata portion of the claim of the creditor, based on the proportion that the value of the property distributed to the person out of the estate bears to the total value of all property distributed to all persons out of the estate. Personal liability under this section for all claims of all creditors shall not exceed the value of the property distributed to the person out of the estate. As used in this section, the value of property is the fair market value of the property on the date of the order for distribution, less the amount of any liens and encumbrances on the property at that time.

(c) Nothing in this section affects the rights of a purchaser or encumbrancer of property in good faith and for value from a person who is personally liable under this section.

SEC. 37. Section 10501 of the Probate Code is amended to read:

10501. (a) Notwithstanding any other provision of this part, whether the personal representative has been granted full authority or limited authority, a personal representative who has obtained authority to administer the estate under this part is required to obtain court supervision, in the manner provided in this code, for any of the following actions:

(3) Settlement of accounts.

(4) Subject to Section 10520, preliminary and final distributions and discharge.

(5) Sale of property of the estate to the personal representative or to the attorney for the personal representative.

(6) Exchange of property of the estate for property of the personal representative or for property of the attorney for the personal representative.

(7) Grant of an option to purchase property of the estate to the personal representative or to the attorney for the personal representative.

(8) Allowance, payment, or compromise of a claim of the personal representative, or the attorney for the personal representative, against the estate.

(9) Compromise or settlement of a claim, action, or proceeding by the estate against the personal representative or against the attorney for the personal representative.
(10) Extension, renewal, or modification of the terms of a debt or other obligation of the personal representative, or the attorney for the personal representative, owing to or in favor of the decedent or the estate.

(1) Sale of real property.
(2) Exchange of real property.
(3) Grant of an option to purchase real property.
(4) Borrowing money with the loan secured by an encumbrance upon real property.

(c) Paragraphs (5) to (10), inclusive, of subdivision (a) do not apply to a transaction between the personal representative as such and the personal representative as an individual where all of the following requirements are satisfied:

(1) Either (A) the personal representative is the sole beneficiary of the estate or (B) all the known heirs or devisees have consented to the transaction.
(2) The period for filing creditor claims has expired.
(3) No request for special notice is on file or all persons who filed a request for special notice have consented to the transaction.
(4) The claim of each creditor who filed a claim has been paid, settled, or withdrawn, or the creditor has consented to the transaction.

SEC. 38. Section 10520 is added to the Probate Code, to read:

10520. If the time for filing claims has expired and it appears that the distribution may be made without loss to creditors or injury to the estate or any interested person, the personal representative has the power to make preliminary distributions of the following:

(a) Income received during administration to the persons entitled under Chapter 8 (commencing with Section 12000) of Part 10.
(b) Household furniture and furnishings, motor vehicles, clothing, jewelry, and other tangible articles of a personal nature to the persons entitled to the property under the decedent’s will, not to exceed an aggregate fair market value to all persons of fifty thousand dollars ($50,000) computed cumulatively through the date of distribution. Fair market value shall be determined on the basis of the inventory and appraisal.
(c) Cash to general pecuniary devisees entitled to it under the decedent’s will, not to exceed ten thousand dollars ($10,000) to any one person.

SEC. 39. Section 13107.5 of the Probate Code is amended to read:

party in place of the decedent by making a motion under Article 3 (commencing with Section 377.30) of Chapter 4 of Title 2 of Part 2 of the Code of Civil Procedure. The successor of the decedent shall file the affidavit or declaration with the court when the motion is made. For the purpose of Article 3 (commencing with Section 377.30) of Chapter 4 of Title 2 of Part 2 of the Code of Civil Procedure, a successor of the decedent who complies with this chapter shall be considered as a successor in interest of the decedent.

SEC. 40. Section 13109 of the Probate Code is amended to read:
13109. A person to whom payment, delivery, or transfer of the decedent's property is made under this chapter is personally liable, to the extent provided in Section 13112, for the unsecured debts of the decedent. Any such debt may be enforced against the person in the same manner as it could have been enforced against the decedent if the decedent had not died. In any action based upon the debt, the person may assert any defenses, cross-complaints, or setoffs that would have been available to the decedent if the decedent had not died. Nothing in this section permits enforcement of a claim that is barred under Part 4 (commencing with Section 9000) of Division 7. Section 366.2 of the Code of Civil Procedure applies in an action under this section.

SEC. 41. Section 13156 of the Probate Code is amended to read:
13156. (a) Subject to subdivisions (b), (c), and (d), the petitioner who receives the decedent's property pursuant to an order under this chapter is personally liable for the unsecured debts of the decedent.

(c) In any action or proceeding based upon an unsecured debt of the decedent, the petitioner may assert any defense, cross-complaint, or setoff which would have been available to the decedent if the decedent had not died.

(e) Section 366.2 of the Code of Civil Procedure applies in an action under this section.

Each person who is designated as a successor of the decedent in a certified copy of an affidavit issued under Section 13202 is personally liable to the extent provided in Section 13207 for the unsecured debts of the decedent. Any such debt may be enforced against the person in the same manner as it could have been enforced against the decedent if the decedent had not died. In any action based upon the debt, the person may assert any defense, cross-complaint, or setoff that would have been available to the decedent if the decedent had not died. Nothing in this section permits enforcement of a claim that is barred under Part 4
(commencing with Section 9000) of Division 7. Section 366.2 of the Code of Civil Procedure applies in an action under this section.

SEC. 43. Section 13554 of the Probate Code is amended to read:
13554. (a) Except as otherwise provided in this chapter, any debt described in Section 13550 may be enforced against the surviving spouse in the same manner as it could have been enforced against the deceased spouse if the deceased spouse had not died.
(b) In any action or proceeding based upon the debt, the surviving spouse may assert any defense, cross-complaint, or setoff which would have been available to the deceased spouse if the deceased spouse had not died.
(c) Section 366.2 of the Code of Civil Procedure applies in an action under this section.

SEC. 43.2. Section 15686 of the Probate Code is amended to read:
15686. (a) As used in this section, "trustee's fee" includes, but is not limited to, the trustee's periodic base fee, rate of percentage compensation, minimum fee, hourly rate, and transaction charge, but does not include fees for extraordinary services.
(b) A trustee may not charge an increased trustee's fee for administration of a particular trust unless the trustee first gives at least 60 days' written notice of that increased fee to all of the following persons:
(1) Each beneficiary who is entitled to an account under Section 16062.
(2) Each beneficiary who was given the last preceding account.
(3) Each beneficiary who has made a written request to the trustee for notice of an increased trustee's fee and has given an address for receiving notice by mail.
(c) If a beneficiary files a petition under Section 17200 for review of the increased trustee's fee or for removal of the trustee and serves a copy of the petition on the trustee before the expiration of the 60-day period, the increased trustee's fee does not take effect as to that trust until otherwise ordered by the court or the petition is dismissed.

SEC. 43.4. Section 15804 of the Probate Code is amended to read:
15804. (a) Subject to subdivisions (b) and (c), it is sufficient compliance with a requirement in this division that notice be given to a beneficiary, or to a person interested in the trust, if notice is given as follows:
(1) Where an interest has been limited on any future contingency to persons who will compose a certain class upon the happening of a certain event without further limitation, notice shall be given to the persons in being who would constitute the class if the event had happened immediately before the commencement of the proceeding or if there is no proceeding, if the event had happened immediately before notice is given.
(2) Where an interest has been limited to a living person and the same interest, or a share therein, has been further limited upon the happening of a future event to the surviving spouse or to persons
who are or may be the distributees, heirs, issue, or other kindred of the living person, notice shall be given to the living person.

(3) Where an interest has been limited upon the happening of any future event to a person, or a class of persons, or both, and the interest, or a share of the interest, has been further limited upon the happening of an additional future event to another person, or a class of persons, or both, notice shall be given to the person or persons in being who would take the interest upon the happening of the first of these events.

(b) If a conflict of interest involving the subject matter of the trust proceeding exists between a person to whom notice is required to be given and a person to whom notice is not otherwise required to be given under subdivision (a), notice shall also be given to persons not otherwise entitled to notice under subdivision (a) with respect to whom the conflict of interest exists.

(c) Nothing in this section affects any of the following:

(1) Requirements for notice to a person who has requested special notice, a person who has filed notice of appearance, or a particular person or entity required by statute to be given notice.

(2) Availability of a guardian ad litem pursuant to Section 1003.

(d) As used in this section, "notice" includes other papers.

SEC. 43.6. Section 16314 of the Probate Code is amended to read:

16314. (a) A specific gift, a general pecuniary gift, an annuity, or a gift for maintenance distributable under a trust carries with it income and bears interest in the same manner as a specific devise, a general pecuniary devise, an annuity, or a devise for maintenance under a will set forth in Chapter 8 (commencing with Section 12000) of Part 10 of Division 7.

(b) For the purpose of this section, a reference in Chapter 8 (commencing with Section 12000) of Part 10 of Division 7 to the date of the testator's death means the date of the settlor's death or other event upon which the distributee's right to receive the gift occurs.

SEC. 43.8. Section 18100.5 is added to the Probate Code, to read:

18100.5. (a) The trustee may execute an affidavit stating that the trustee is qualified and has power to act and is properly exercising the powers under the trust. The affidavit shall state the name or other designation of the trust sufficient to identify it and shall state that the trust is in effect. An affidavit under this subdivision may be executed by the trustee voluntarily or on the demand of a third person.

(b) With respect to a third person dealing with the trustee or assisting the trustee in the conduct of a transaction, if the third person relies on the trustee's affidavit without actual knowledge that the trustee is exceeding the trustee's powers or improperly exercising them:

(1) The third person is not bound to inquire whether the trustee has power to act or is properly exercising a power and may assume without inquiry the existence of a trust power and its proper exercise.
(2) The third person is fully protected in dealing with or assisting the trustee just as if the trustee has and is properly exercising the power the trustee purports to exercise.

(c) If the trustee furnishes an affidavit pursuant to subdivision (a), whether voluntarily or on demand, a third person dealing with the trustee who refuses to accept the exercise of a trustee's power covered by the affidavit is liable for attorney's fees incurred in an action or proceeding necessary to confirm the trustee's qualifications or powers, unless the court determines that the third person believed in good faith that the trustee was not qualified or was attempting to exceed or improperly exercise the trustee's powers.

(d) A third person's failure to demand an affidavit under subdivision (a) does not affect the protection provided the third person by Section 18100, and no inference as to whether a third person has acted in good faith may be drawn from the failure to demand an affidavit from the trustee.

SEC. 44. Section 19103 of the Probate Code is amended to read:
19103. (a) Upon petition by a claimant and upon giving notice of hearing in the manner and to the person set forth in Section 19024, the court may allow a claim to be filed after expiration of the time provided in Section 19100 if it appears that either of the following conditions are satisfied:

(1) Neither the claimant nor the attorney representing the claimant in the matter had actual knowledge of the proceeding under this part more than 15 days before expiration of the time provided in Section 19100, and the claimant's petition was filed within 30 days after either the claimant or the claimant's attorney had actual knowledge of the proceeding whichever occurred first.

(2) Neither the claimant nor the attorney representing the claimant in the matter had knowledge of the existence of the claim more than 15 days before expiration of the time provided in Section 19100 and the claimant's petition was filed within 30 days after either the claimant or the claimant's attorney had knowledge of the existence of the claim whichever occurred first.

(b) The court shall not allow a claim to be filed under this section more than one year after the date of first publication of notice to creditors under Section 19040. Nothing in this subdivision authorizes allowance or approval of a claim barred by, or extends the time provided in, Section 366.2 of the Code of Civil Procedure.

(c) The court may condition the claim on terms that are just and equitable. The court may deny the claimant's petition if a distribution to trust beneficiaries or payment to general creditors has been made and it appears the filing or establishment of the claim would cause or tend to cause unequal treatment among beneficiaries or creditors.

(d) Regardless of whether the claim is later established in whole or in part, property distributed under the terms of the trust subsequent to an order settling claims under Chapter 2 (commencing with Section 19020) and payments otherwise properly
made before a claim is filed under this section are not subject to the claim. Except to the extent provided in Chapter 12 (commencing with Section 19400) and subject to Section 19053, the trustee, distributee, or payee is not liable on account of the prior distribution or payment.

SEC. 45. Section 19104 of the Probate Code is amended to read:

19104. (a) Subject to subdivision (b), if a claim is filed within the time provided in this chapter, the claimant may later amend or revise the claim. The amendment or revision shall be filed in the same manner as the claim.

(b) An amendment or revision may not be made to increase the amount of the claim after the time for filing a claim has expired. An amendment or revision to specify the amount of a claim that, at the time of filing, was not due, was contingent, or was not yet ascertainable, is not an increase in the amount of the claim within the meaning of this subdivision. An amendment or revision of a claim may not be made for any purpose after the earlier of the following times:

(1) The time the court makes an order approving settlement of the claim against the deceased settlor under Chapter 2 (commencing with Section 19020).

(2) One year after the date of the first publication of notice to creditors under Section 19040. Nothing in this paragraph authorizes allowance or approval of a claim barred by, or extends the time provided in, Section 366.2 of the Code of Civil Procedure.

SEC. 46. Section 19400 of the Probate Code is amended to read:

19400. Subject to Section 366.2 of the Code of Civil Procedure, if there is no proceeding to administer the estate of the deceased settlor, and if the trustee does not file a proposed notice to creditors pursuant to Section 19003 and does not publish notice to creditors pursuant to Chapter 3 (commencing with Section 19040), then a beneficiary of the trust to whom payment, delivery, or transfer of the deceased settlor's property is made pursuant to the terms of the trust is personally liable, to the extent provided in Section 19402, for the unsecured claims of the creditors of the deceased settlor's estate.

SEC. 47. Section 19401 of the Probate Code is amended to read:

19401. Subject to Section 19402, if the trustee filed a proposed notice to creditors pursuant to Section 19003 and published notice to creditors pursuant to Section 19040, and if the identity of the creditor was known to, or reasonably ascertainable by, the trustee within four months of the first publication of notice pursuant to Section 19040, then a person to whom property is distributed is personally liable for the claim of the creditor, without a claim first having been filed, if all of the following conditions are satisfied:

(a) The claim of the creditor was not merely conjectural.

(b) Notice to the creditor was not given to the creditor under Chapter 4 (commencing with Section 19050) and neither the creditor nor the attorney representing the creditor in the matter had actual knowledge of the administration of the trust estate sooner
than one year after the date of first publication of notice pursuant to Section 19040.

(c) The statute of limitations applicable to the claim under Section 366.2 of the Code of Civil Procedure has not expired at the time of commencement of an action under this section.

SEC. 48. Section 19402 of the Probate Code is amended to read: 19402. (a) In any action under this chapter, subject to Section 366.2 of the Code of Civil Procedure, the distributee may assert any defenses, cross-complaints, or setoffs that would have been available to the deceased settlor if the settlor had not died.

(b) Personal liability under this chapter is applicable only to the extent the claim of the creditor cannot be satisfied out of the trust estate of the deceased settlor and is limited to a pro rata portion of the claim of the creditor, based on the proportion that the value of the property distributed to the person out of the trust estate bears to the total value of all property distributed to all persons out of the trust estate. Personal liability under this chapter for all claims of all creditors shall not exceed the value of the property distributed to the person out of the trust estate. As used in this chapter, the value of the property is the fair market value of the property on the date of its distribution, less the amount of any liens and encumbrances on the property at that time.

CHAPTER 179

An act to amend Section 17537.2 of the Business and Professions Code, relating to advertising plans.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 17537.2 of the Business and Professions Code is amended to read:

17537.2. The following, when used as part of an advertising plan or program defined in Section 17537.1, are deceptive and constitute unfair trade practices:

(a) When, in order to utilize the incentive, the recipient is requested to pay any money to any person or entity named or referred to in the offer, or to purchase, rent, or otherwise pay that person or entity for any product or service including a deposit, whether returnable or not, whether payment is for an item, a service, shipping, handling, insurance or payment for anything.

Notwithstanding the preceding paragraph, when the offered incentive is a certificate or coupon redeemable for transportation, accommodations, recreation, vacation, entertainment, or like services, the offer may place a condition on the use of the incentive
which requires the recipient to pay directly to the transportation company, the accommodation, recreation, vacation or entertainment facility, or similar direct provider of like services, a refundable deposit, not to exceed fifty dollars ($50), to reserve space availability or admission, only if the deposit shall be returned in United States dollars immediately upon the recipient’s arrival at the location of the provider to whom the recipient paid the deposit. If the incentive is such a certificate or coupon, and if government-imposed taxes directly related to the service being provided are not included in the incentive, the offer itself, in close proximity to the description of the incentive which is evidenced by the certificate or coupon, shall disclose those government-imposed taxes which will be the recipient’s responsibility and the approximate dollar amount of those taxes. A deposit from the recipient may be collected to cover the cost of those government-imposed taxes.

(b) Stating or implying in the offer that the recipient is one of a selected group to receive a particular incentive or one or more of a group of incentives, without clearly and conspicuously disclosing in close proximity to the statement or implied statement of selection the total number of persons in that select group or the odds of receiving the incentive or incentives. Statements of selection which require such disclosure include such phrases as “you are a finalist,” “we are sending this to a limited number of people,” “either you or another named person has won the major prize,” “if you do not respond, your incentive will be given to someone else.”

(c) Stating or implying in the offer that the recipient is likely to receive one or more of the offered incentives because other named people have already received other named incentives, unless the offer clearly and conspicuously discloses in close proximity to the statement the recipient’s odds of receiving the identified incentive.

(d) When the solicitation states or implies that the recipient is likely to receive an incentive which has a normal retail price which is higher than that of another named incentive unless that statement is true. For purposes of this section, a list of incentives implies that the incentives are in descending or ascending order of value unless the solicitation clearly and conspicuously negates the implication in close proximity to the list.

(e) Describing an incentive or incentives in an untrue or misleading manner. Untrue or misleading descriptions include those which imply that the incentive being offered is of greater fair market value or of a different kind or nature than a recipient would be led to believe from a reasonable reading of the offer, or which lists the recipient’s name in close proximity to a specific incentive unless the offer clearly and conspicuously discloses immediately next to or immediately under or above the recipient’s name the recipient’s odds of receiving the specific incentive.

(f) Subdivision (a) shall not apply to an incentive constituting an opportunity to stay at a hotel or other resort accommodations at a discount from the standard rate for the hotel or resort
accommodations, if all of the following conditions are met:

(1) The fee to utilize the incentive and the requirement, if any, to attend a sales presentation are clearly and conspicuously disclosed in close proximity to the description of the offered incentive.

(2) A statement appears in close proximity to the description of the offered incentive and in substantially the following form: The recipient is responsible for payment of any government-imposed taxes directly related to the service being provided and any personal expenses incurred when utilizing this offer.

(3) The accommodations to be occupied by the recipient of the incentive are within a 20-mile radius of the property on which the accommodations offered for sale are located.

(4) If the incentive is offered in conjunction with any additional incentive or incentives or as one or more of a group of incentives, the offer of such additional incentive or incentives shall comply with Section 17537.1 and the following:

(A) The additional incentive or incentives are typically and customarily included in a vacation package and may include, but not be limited to, transportation, dining, entertainment, or recreation.

(B) The fee and additional requirements, if any, to use the additional incentive or incentives are clearly and conspicuously disclosed in close proximity to the description of the offer of them.

CHAPTER 180

An act to amend Section 20131 of, and to add and repeal Section 20131.5 of, the Public Contract Code, relating to county contracts, and declaring the urgency thereof, to take effect immediately.

Approved by Governor July 11, 1992  Filed with Secretary of State July 13, 1992.

The people of the State of California do enact as follows:

SECTION 1. Section 20131 of the Public Contract Code is amended to read:

20131. Counties which employ purchasing agents may:

(a) Authorize the agent to employ state-licensed independent contractors and purchase materials, furnishings, and supplies used in the construction or repair of public works estimated as costing not more than six thousand five hundred dollars ($6,500) without the formality of obtaining bids, letting contracts, preparing specifications, and the other things required by this article.

(b) In counties containing a population of 500,000 or more, authorize the agent to purchase materials and supplies used in the construction or repair of public works estimated as costing not more than three thousand five hundred dollars ($3,500) without the formality of obtaining bids, letting contracts, preparing
specifications, and the other things required by this article.

(c) Authorize the agent to purchase or contract for medical or surgical equipment or supplies, or for professional services, for a county hospital without competitive bidding, so long as an appropriation for the costs of those purchases or contracts is included in the county budget.

As used in this subdivision, "medical or surgical equipment or supplies" means only equipment or supplies commonly, necessarily, and directly used by or under the direction of a physician and surgeon in caring for or treating a patient in a hospital.

SEC. 2. Section 20131.5 is added to the Public Contract Code, to read:

20131.5. (a) In San Bernardino County the county may authorize the purchasing agent to both employ state-licensed independent contractors and purchase materials and supplies used in the construction or repair of public works estimated as costing not more than thirty thousand dollars ($30,000) without the formality of obtaining bids, letting contracts, preparing specifications, and the other things required by this article. The purchasing agent shall obtain at least three written proposals for each project. If the purchasing agent is unable to obtain three written proposals, the agent shall document the attempts to obtain the written proposals. When advertising for the project begins, the purchasing agent shall send written notification to any party who has made a written request for that notification. The notification shall include, at a minimum, the information contained in the advertisement required by Section 20125.

(b) To encourage and allow San Bernardino County an opportunity to further consider joining the Uniform Public Construction Cost Accounting Act (Chapter 2 (commencing with Section 22000) of Part 3), the provisions of this section shall remain in effect only until June 30, 1993, and as of that date are repealed, unless a later enacted statute, which is chaptered before June 30, 1993, deletes or extends that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent the unintended repeal of Section 20131 of the Public Contract Code on June 30, 1992, it is necessary that this act take effect immediately.
An act to amend Section 74784 of the Government Code, relating to courts.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Stanislaus County Court Services Consolidation Act of 1992.

SEC. 2. Section 74784 of the Government Code is amended to read:

74784. (a) Except as provided in subdivision (b), there shall be one marshal who shall be appointed by and serve at the pleasure of a majority of the judges of the court. The marshal and all other marshals employees shall receive the salary specified in the salary resolution for Stanislaus County which is in effect. The marshal may appoint, with the approval of the judges of the court all of the following:

(1) Two marshal-captains.
(2) Nineteen deputy marshals.
(3) One supervising civil process technician.
(4) One civil process technician.
(5) Three civil process clerks.
(6) Three marshal technicians.
(7) The number of deputy marshal-keepers as may be required by law.

(b) Notwithstanding any other provision of law, the Board of Supervisors of Stanislaus County may find that cost savings can be realized by eliminating the office of marshal and consolidating the court-related services provided by the sheriff and the marshal within that county. If that finding is made and such a consolidation is approved by resolution of the board, there shall be conducted among all of the judges of the superior and municipal courts of that county an election to approve the consolidation as set forth in the board’s resolution. The outcome shall be determined by a simple majority of votes cast. The registrar of voters shall administer that election within a reasonable period of time in an expeditious fashion and tabulate the results thereof. The results of that election shall be reported within five days following the election period by the registrar of voters to the board of supervisors and to the judges of the superior and municipal courts of that county. The board of supervisors shall immediately commence and, within a reasonable time not to exceed 90 days, implement the consolidation as approved by a majority of the votes cast in that election. However, if prior to the effective date of this subdivision, the board of supervisors passes a resolution setting forth the terms and conditions of the
consolidation and makes a finding of cost savings, and if the judges of the superior and municipal courts approve the consolidation by a majority vote and so certify to the board, no election shall be necessary under this subdivision and the board shall commence the implementation of the consolidation.

Upon any consolidation pursuant to this subdivision, the board of supervisors and the sheriff shall create a Court Services Bureau within the office of the sheriff, which shall carry out all current functions of the marshal and the court security and civil divisions of the sheriff's department, and which shall commence to exist at the time the office of marshal is eliminated.

A Court Security Services Oversight Committee consisting of two judges of the superior court and two judges of the municipal court shall be created upon the elimination of the office of marshal, which shall have the authority and duty to oversee the funding, staffing, and operation of the Court Services Bureau. That authority and those duties shall include the following:

(1) To recommend approval to the superior and municipal courts of transfers of staff in and out of the Court Services Bureau, and security measures and plans prepared by the Court Services Bureau.

(2) As between the sheriff and the courts, a majority vote of the superior court judges and a majority vote of the municipal court judges shall be the final determination of the staffing level subsequent to the 1992–93 fiscal year, and funding level and budget of the Court Services Bureau prepared for the Court Services Bureau prior to submission to the board of supervisor. However, a minimum of 14 deputy sheriff coroners shall staff and serve the municipal court on a daily basis, except as to a lesser number authorized on any given day by, the presiding judge of the municipal court.

The sheriff, through the Court Services Bureau Commander, shall provide bailiffing, court security, and prisoner holding and transportation for the superior court and municipal court and shall process and serve civil and criminal process, including subpoenas and warrants. The sheriff shall provide such other services as are determined to be necessary by the Court Security Services Oversight Committee.

The sheriff shall be the appointing authority for all Court Services Bureau positions and employees. All persons so appointed shall be subject to the approval of the majority of the judges of the superior court and a majority of the judges of the municipal court.

The incumbent marshal of the Stanislaus County Municipal Court shall become commander of the Court Services Bureau at the rank of lieutenant. Any compensation or benefit in addition to that of a lieutenant shall be subject to a written agreement between the county and the incumbent marshal, and he shall not be transferred except by a majority vote of the superior court judges and a majority vote of the municipal court judges of Stanislaus County upon recommendation of the Court Security Services Oversight Committee.
The selection, appointment, and removal of subsequent commanders of the Court Services Bureau shall be made by the sheriff as directed by the majority vote of the superior court judges and a majority vote of the municipal court judges of Stanislaus County from a list of qualified candidates submitted by the sheriff and recommended by the Court Security Services Oversight Committee.

The two incumbent marshal captains of the Stanislaus County Marshal's Office shall become sergeants in the sheriff's department and be assigned to the Court Services Bureau and shall not be removed without their consent, or absent such consent, by a majority vote of the superior court judges and a majority vote of the municipal court judges of Stanislaus County.

All sworn personnel of the marshal's office who are assigned to court services on the date of any such elimination of the marshal's office shall become members of the Court Services Bureau, with those permanent employees holding the rank of deputy marshal becoming deputy sheriff coroners.

Sworn personnel may be transferred to another position in the sheriff's office at the same or equivalent classification, but shall not be involuntarily transferred out of the Court Services Bureau.

Any such personnel who are probationary employees shall retain their probationary status and rights and shall not be required to start a new probationary period.

No employee of the marshal's office on any such date the marshal's office is eliminated shall lose peace officer status or be demoted or otherwise adversely affected by the consolidation of court services accomplished by this subdivision.

Peace Officer Standards and Training certificates held by employees of the marshal's office and sheriff's department on the date of any such elimination of the marshal's office shall be considered the same for purposes of this subdivision.

Notwithstanding any other provision of this subdivision, the sheriff shall make all transfers within the Court Services Bureau consistent with existing personnel policies of the sheriff, memorandums of understanding, if any, and other such county personnel management rules and regulations.

Any deputy marshal or marshal captain on the date of any such elimination of the marshal's office who transfers out of the Court Services Bureau to another division of the sheriff's department and subsequently fails to meet the employment requirements of that division, may be transferred back to the Court Services Bureau at the sole discretion of the sheriff.

Any employee of the sheriff's department who desires to transfer into the Court Services Bureau shall make application through the appropriate division to the Court Services Bureau commander. Any such employee must agree to remain in the Court Services Bureau for at least three to five years.

All sworn permanent employees subsequently assigned to the
Court Services Bureau shall be required to meet those requirements of the California Commission on Peace Officer Standards and Training.

The county's personnel regulations and other governing county ordinances and resolutions shall determine seniority and layoff order, and displacement rights of all employees including all continuous county service shall be counted toward county seniority.

No increase in the cost of court security for the superior court and municipal court in Stanislaus County between fiscal year 1992–93 and fiscal year 1991–92 shall be considered for purposes of determining the cost of court operations pursuant to the Brown-Presley Trial Court Funding Act (Chapter 13 (commencing with Section 77000) of Title 8 of the Government Code), notwithstanding any staffing level increase which may be required by the courts under this subdivision; and the cost of any such increase shall not be a charge against trial court funds.

CHAPTER 182

An act to amend Section 798.76 of the Civil Code, and to amend Sections 12920, 12927, 12930, 12931, 12935, 12955, 12980, 12981, 12984, 12986, 12987, and 12995 of, and to add Sections 12955.1, 12955.2, 12955.3, 12955.4, 12955.5, 12955.6, 12989, 12989.1, 12989.2, and 12989.3 to, the Government Code, relating to fair employment and housing.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 13, 1992.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Fair Housing Act of 1992.

SEC. 1.5. Section 798.76 of the Civil Code is amended to read:

798.76. The management may require that a prospective purchaser comply with any rule or regulation limiting residency to adults, provided that the rule or regulation complies with the provisions of the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and implementing regulations.

SEC. 2. Section 12920 of the Government Code is amended to read:

12920. It is hereby declared as the public policy of this state that it is necessary to protect and safeguard the right and opportunity of all persons to seek, obtain, and hold employment without discrimination or abridgment on account of race, religious creed, color, national origin, ancestry, familial status, physical disability, medical condition, marital status, sex, or age.

It is recognized that the practice of denying employment opportunity and discriminating in the terms of employment for such
reasons foments domestic strife and unrest, deprives the state of the fullest utilization of its capacities for development and advance, and substantially and adversely affects the interest of employees, employers, and the public in general.

Further, the practice of discrimination because of race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability in housing accommodations is declared to be against public policy.

It is the purpose of this part to provide effective remedies which will eliminate these discriminatory practices.

This part shall be deemed an exercise of the police power of the state for the protection of the welfare, health, and peace of the people of this state.

SEC. 3. Section 12927 of the Government Code is amended to read:

12927. As used in this part in connection with housing accommodations, unless a different meaning clearly appears from the context:

(a) "Affirmative actions" means any activity for the purpose of eliminating discrimination in housing accommodations because of race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability.

(b) "Conciliation council" means a nonprofit organization, or a city or county human relations commission, which provides education, factfinding, and mediation or conciliation services in resolution of complaints of housing discrimination.

(c) "Discrimination" includes refusal to sell, rent, or lease housing accommodations; includes refusal to negotiate for the sale, rental, or lease of housing accommodations; includes representation that a housing accommodation is not available for inspection, sale, or rental when such housing accommodation is in fact so available; includes any other denial or withholding of housing accommodations; includes provision of inferior terms, conditions, privileges, facilities, or services in connection with such housing accommodations; includes the cancellation or termination of a sale or rental agreement; includes the provision of segregated or separated housing accommodations; includes the refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by the disabled person, if the modifications may be necessary to afford the disabled person full enjoyment of the premises, except that, in the case of a rental, the landlord may, where it is reasonable to do so condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification (other than for reasonable wear and tear), and includes refusal to make reasonable accommodations in rules, policies, practices, or services when these accommodations may be necessary to afford a disabled person equal opportunity to use and enjoy a dwelling. The term "discrimination" does not include refusal to rent or lease a portion
of an owner-occupied single-family house to a person as a roomer or boarder living within the household, provided that no more than one roomer or boarder is to live within the household.

(d) "Housing accommodation" means any building, structure, or portion thereof that is occupied as, or intended for occupancy as, a residence by one or more families and any vacant land that is offered for sale or lease for the construction thereon of any building, structure, or portion thereof intended to be so occupied.

The services of the department may be made available in cases of such disputes, disagreements, or difficulties only when, in its judgment, peaceful relations among the citizens of the community involved are threatened thereby. The department's services are to be made available only upon the request of an appropriate state or local public body, or upon the request of any person directly affected by any such dispute, disagreement, or difficulty.

(h) With respect to findings and orders made pursuant to this part, to establish a system of published opinions which shall serve as precedent in interpreting and applying the provisions of this part.
(i) To issue publications and results of inquiries and research which in its judgment will tend to promote good will and minimize or eliminate unlawful discrimination. These publications shall include an annual report to the Governor and the Legislature of its activities and recommendations.

SEC. 7. Section 12955 of the Government Code is amended to read:

(d) For any person subject to the provisions of Section 51 of the Civil Code, as that section applies to housing accommodations, to discriminate against any person on the basis of sex, color, race, religion, ancestry, national origin, familial status, marital status, blindness or other physical disability, or on any other basis prohibited by that section.

(e) For any person, bank, mortgage company or other financial institution that provides financial assistance for the purchase, organization, or construction of any housing accommodation to discriminate against any person or group of persons because of the race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability of that person or persons, or of prospective occupants or tenants, in the terms, conditions, or privileges relating to the obtaining or use of that financial assistance.

(f) For any owner of housing accommodations to harass, evict, or otherwise discriminate against any person in the sale or rental of housing accommodations when the owner’s dominant purpose is retaliation against a person who has opposed practices unlawful under this section, informed law enforcement agencies of practices believed unlawful under this section, has testified or assisted in any proceeding under this part, or has aided or encouraged a person to exercise or enjoy the rights secured by this part. Nothing herein is intended to cause or permit the delay of an unlawful detainer action.

(h) For any person, for profit, to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, marital status, ancestry, disability, familial status, or national origin.

SEC. 8. Section 12955.1 is added to the Government Code, to read:

12955.1. For purposes of Section 12955, "discrimination" includes, but is not limited to, a failure to design and construct a covered multifamily dwelling in a manner that allows access to and use by disabled persons by providing, at a minimum, the following features:

(a) All covered multifamily dwellings shall have at least one building entrance on an accessible route, unless it is impracticable to do so because of the terrain or unusual characteristics of the site. The burden of establishing impracticability because of terrain or unusual site characteristics is on the person or persons who designed or constructed the housing facility.

(b) All covered multifamily dwellings with a building entrance on an accessible route shall be designed and constructed in a manner that complies with all of the following:

1. The public and common areas are readily accessible to and useable by handicapped persons.
2. All the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by handicapped persons in wheelchairs.
3. All premises within covered multifamily dwelling units contain the following features of adaptable design:
   A. An accessible route into and through the covered dwelling unit.
   B. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations.
   C. Reinforcements in bathroom walls to allow later installation of grab bars around the toilet, tub, shower stall, and shower seat, where those facilities are provided.
   D. Useable kitchens and bathrooms so that an individual in a wheelchair can maneuver about the space.

(c) For purposes of this section, "covered multifamily dwellings" mean buildings consisting of four or more dwelling units if the buildings have one or more elevators; and ground floor dwelling units in other buildings consisting of four or more dwelling units. Dwelling units within a single structure separated by firewalls do not constitute separate buildings.

(d) Notwithstanding Section 12935, regulations adopting building standards necessary to implement, interpret, or make specific the provisions of this section shall be developed by the office of the State Architect for public housing and by the Department of Housing and Community Development for all other residential occupancies, and shall be adopted pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of the Health and Safety Code.

(e) In investigating discrimination complaints, the department
shall apply the building standards contained in Title 24 of the California Code of Regulations to determine whether a covered multifamily dwelling is designed and constructed for access to and use by disabled persons in accordance with this section.

(f) The building standard requirements for persons with disabilities imposed by this section shall meet or exceed the requirements under the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and its implementing regulations (24 C.F.R. 100.1 et seq.) and the existing state law building standards contained in Title 24 of the California Code of Regulations.

SEC. 9. Section 12955.2 is added to the Government Code, to read:

12955.2. For purposes of this part, "familial status" means one or more individuals under 18 years of age who reside with a parent, another person with care and legal custody of that individual, a person who has been given care and custody of that individual by a state or local governmental agency that is responsible for the welfare of children, or the designee of that parent or other person with legal custody of any individual under 18 years of age by written consent of the parent or designated custodian. The protections afforded by this part against discrimination on the basis of familial status also apply to any individual who is pregnant, who is in the process of securing legal custody of any individual under 18 years of age, or who is in the process of being given care and custody of any individual under 18 years of age by a state or local governmental agency responsible for the welfare of children.

SEC. 10. Section 12955.3 is added to the Government Code, to read:

12955.3. For purposes of this part, "disability" includes, but is not limited to, the following:

(a) A physical or mental impairment that substantially limits one or more of a person's major life activities.

(b) A record of having, or being perceived as having, a physical or mental impairment, but not including current illegal use of, or addiction to, a controlled substance (as defined by Section 102 of the federal Controlled Substance Act, 21 U.S.C. Sec. 802).

SEC. 11. Section 12955.4 is added to the Government Code, to read:

12955.4. Nothing in this part shall prohibit a religious organization, association or society, or any nonprofit institution or organization operated, supervised, or controlled by or in conjunction with a religious organization, association, or society, from limiting the sale, rental, or occupancy of dwellings that it owns or operates for other than a commercial purpose to persons of the same religion or from giving preference to those persons, unless membership in that religion is restricted on account of race, color, or national origin.

SEC. 12. Section 12955.5 is added to the Government Code, to read:

12955.5. Nothing in this part shall preclude the government from
establishing programs to collect information relating to discriminatory housing practices.

SEC. 13. Section 12955.6 is added to the Government Code, to read:

12955.6. (a) Nothing in this part shall be construed to afford fewer rights or remedies than the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and its implementing regulations (24 C.F.R. 100.1 et seq.), or state law relating to fair employment and housing as it existed prior to the effective date of this section. This part may be construed to afford greater rights and remedies to an aggrieved person than those afforded by that federal law.

(b) Nothing in this part shall be construed to abrogate or limit the holding in Keith v. Volpe, 858 F. 2d 467, relating to discriminatory effect.

SEC. 14. Section 12980 of the Government Code is amended to read:

12980. The provisions of this article govern the procedure for the prevention and elimination of discrimination in housing made unlawful pursuant to Article 2 (commencing with Section 12955) of Chapter 6.

(a) Any person claiming to be aggrieved by an alleged violation of Section 12955 or 12955.1 may file with the department a verified complaint in writing which shall state the name and address of the person alleged to have committed the violation complained of, and which shall set forth the particulars thereof and contain any other information required by the department.

The filing of a complaint and pursuit of conciliation or remedy under this part shall not prejudice the complainant's right to pursue effective judicial relief under other applicable laws, but if a civil action has been filed under Section 52 of the Civil Code, the department shall terminate proceedings upon notification of the entry of final judgment unless the judgment is a dismissal entered at the complainant's request.

(b) The Attorney General or the director may, in a like manner, make, sign, and file complaints citing practices which appear to violate the purpose of this part or any specific provisions of this part relating to housing discrimination.

No complaint may be filed after the expiration of one year from the date upon which the alleged violation occurred or terminated.

(c) The department may thereupon proceed upon the complaint in the same manner and with the same powers as provided in this part in the case of an unlawful practice.

(d) Upon the filing of a complaint, the department shall serve notice upon the complainant of the time limits, rights of the parties, and choice of forums provided for under the law.

(e) The department shall commence proceedings with respect to a complaint within 30 days of filing of the complaint.

(f) An investigation of allegations contained in any complaint filed with the department shall be completed within 100 days after
receipt of the complaint, unless it is impracticable to do so. If the investigation is not completed within 100 days, the complainant and respondent shall be notified, in writing, of the department's reasons for not doing so.

(g) Upon the conclusion of each investigation, the department shall prepare a final investigative report containing all of the following:

(1) The names of any witnesses and the dates of any contacts with those witnesses.

(2) A summary of the dates of any correspondence or other contacts with the aggrieved persons or the respondent.

(3) A summary of witness statements.

(4) Answers to interrogatories.

(5) A summary description of other pertinent records.

A final investigative report may be amended if additional evidence is later discovered.

(h) If an accusation is not issued within 100 days after the filing of a complaint, or if the department earlier determines that no accusation will issue, the department shall promptly notify the person claiming to be aggrieved. This notice shall, in any event, be issued no more than 30 days after the date of the determination or 30 days after the date of the expiration of the 100-day period, whichever date first occurs. The notice shall indicate that the person claiming to be aggrieved may bring a civil action under this part against the person named in the verified complaint within the time period specified in Section 12989.1 of the Government Code. The notice shall also indicate, unless the department has determined that no accusation will be issued, that the person claiming to be aggrieved has the option of continuing to seek redress for the alleged discrimination through the procedures of the department if he or she does not desire to file a civil action. The superior, municipal, and justice courts of the State of California shall have jurisdiction of these actions, and the aggrieved person may file in any of these courts. The action may be brought in any county in the state in which the violation is alleged to have been committed, or in the county in which the records relevant to the alleged violation are maintained and administered, but if the defendant is not found within that county, the action may be brought within the county of the defendant’s residence or principal office. A copy of any complaint filed pursuant to this part shall be served on the principal offices of the department and of the commission. The remedy for failure to send a copy of a complaint is an order to do so. In a civil action brought under this section, the court, in its discretion, may award to the prevailing party reasonable attorney fees.

(i) All agreements reached in settlement of any housing discrimination complaint filed pursuant to this section shall be made public, unless otherwise agreed to by the complainant and respondent, and the department determines that the disclosure is not required to further the purposes of the act.
SEC. 15. Section 12981 of the Government Code is amended to read:

12981. (a) In the case of failure to eliminate a violation of Section 12985 or 12955.1 which has occurred, or is about to occur, through conference, conciliation, and persuasion, or in advance thereof if circumstances warrant, the director shall cause to be issued in the name of the department, notwithstanding Section 12971, a written accusation, in the same manner and with the same powers as provided in Section 12965, except that any accusation alleging an unfair housing practice shall be issued within 100 days after the filing of a complaint, if it is possible to do so. The accusation shall require the respondent to answer the charges at an administrative hearing or civil trial as elected by the parties pursuant to Section 12989. Any aggrieved person may intervene as a party in the proceeding.

(b) If the department determines that an allegation concerns the legality of any zoning or other land use law or ordinance, it shall immediately refer the case to the Attorney General for appropriate action, in lieu of issuing an accusation.

(c) The commission shall hold hearings on accusations issued pursuant to subdivision (a) in the same manner and with the same powers as provided in Sections 12967 to 12972, inclusive, except that the commission shall make final administrative disposition of a complaint alleging unfair housing practices within one year of the date of filing of the complaint, unless it is impracticable to do so. If the department is unable to make final administrative disposition of a complaint within one year, it shall notify the complainant and the respondent, in writing, of its reasons for not doing so.

(d) Within one year of the effective date of every final order or decision issued pursuant to this part, the department shall conduct a compliance review to determine whether the order or decision has been fully obeyed and implemented.

(e) Whenever the department has reasonable cause to believe that a respondent has breached a conciliation agreement, the department shall refer the matter to the Attorney General with a recommendation that a civil action be filed for the enforcement of the agreement.

(f) If the time for judicial review of a final commission order or decision has lapsed, or if all means of judicial review have been exhausted, the department may apply to the superior court in any county in which an action could have been brought under subdivision (b) of Section 12965 for the enforcement of the order or decision or order as modified in accordance with a decision on judicial review. If, after a hearing, the court determines that an order or decision has been issued by the commission and that either the time limits for judicial review have lapsed, or the order or decision was upheld in whole or in part on judicial review, the court shall issue a judgment and order enforcing the order or decision or order as modified in accordance with a decision on judicial review. The court shall not review the merits of the order or decision. The court’s
judgment shall be nonappealable and shall have the same force and effect as, and shall be subject to all the provisions of law relating to, a judgment in a civil action.

SEC. 16. Section 12984 of the Government Code is amended to read:

12984. Except as provided in Section 12980, all matters connected with any conference, conciliation, or persuasion efforts under this part are privileged and may not be received in evidence. Except as provided in Section 12980, the members of the department and its staff shall not disclose to any person what has transpired in the course of such endeavors to conciliate. Every member of the department or its staff who discloses information in violation of this section is guilty of a misdemeanor. Such disclosure by an employee subject to civil service shall be cause for disciplinary action under the State Civil Service Act.

SEC. 17. Section 12986 of the Government Code is amended to read:

12986. The department shall within 10 days cause a copy of the verified complaint that has been filed under the provisions of this part to be served upon or mailed to the respondent alleged to have committed the violation complained of and shall advise the respondent in writing of his or her procedural rights and obligations. The respondent may file an answer to the complaint.

SEC. 18. Section 12987 of the Government Code is amended to read:

12987. (a) If the commission, after hearing, finds that a respondent has engaged in any unlawful practice as defined in this part, the commission shall state its findings of fact and shall issue and cause to be served on the respondent an order requiring the respondent to cease and desist from the practice and to take such actions, as, in the judgment of the commission, will effectuate the purpose of this part, including, but not limited to, any of the following:

1. The sale or rental of the housing accommodation if it is still available, or the sale or rental of a like housing accommodation, if one is available, or the provision of financial assistance, terms, conditions, or privileges previously denied in violation of subdivision (f) of Section 12955 in the purchase, organization, or construction of the housing accommodation, if available.

2. Affirmative or prospective relief, including injunctive or other equitable relief.

3. The payment to the complainant of a civil penalty against any named respondent, not to exceed ten thousand dollars ($10,000), unless, in a separate accusation, the respondent has been adjudged to have, with intent, committed a prior violation of Section 12955. If the respondent has, in a separate accusation, been adjudged to have committed a prior violation of Section 12955 within the five years preceding the filing of the complaint, the amount of the civil penalty may exceed ten thousand dollars ($10,000), but may not exceed 31350
twenty-five thousand dollars ($25,000). If the respondent, in separate
accusations, has been adjudged to have, with intent, violated Section
12955 two or more times within the seven-year period preceding the
filing of the complaint, the civil penalty may exceed twenty-five
thousand dollars ($25,000), but may not exceed fifty thousand dollars
($50,000). All civil penalties awarded under this provision shall be
collected by the department. The commission may award the
prevailing party, other than the government, reasonable attorneys’
fees and costs.

(4) The payment of actual damages to the complainant.

(b) No remedy shall be available to the aggrieved person unless
the aggrieved person waives any and all rights or claims under
Section 52 of the Civil Code prior to receiving a remedy, and signs
a written waiver to that effect.

(c) The commission may require a report of the manner of
compliance.

(d) If the commission finds that a respondent has not engaged in
any practice which constitutes a violation of this part, the commission
shall state its findings of fact and shall issue and cause to be served
on the complainant an order dismissing the said accusation as to such
respondent.

(e) Any order issued by the commission shall have printed on its
face references to the provisions of the Administrative Procedure
Act which prescribe the rights of appeal of any party to the
proceeding to whose position the order is adverse.

SEC. 19. Section 12989 is added to the Government Code, to read:
12989. (a) If an accusation is issued under Section 12981, a
complainant, a respondent, or an aggrieved person on whose behalf
a complaint is filed may elect, in lieu of an administrative proceeding
under Section 12981, to have the claims asserted in the charge
adjudicated in a civil action under this part.

(b) An election under this section may be made within 20 days
after the service of the accusation, and not later than 20 days after
service of the complaint to the respondent. A notice of election shall
be filed with the department, and the department shall serve a copy
of the notice to the director, the respondent, and the aggrieved
person on whose behalf the complaint is filed. The notice shall be
filed and served on all parties to the complaint in accordance with
the procedures established by Section 12962.

(c) If either party serves a notice of election upon the
department, as prescribed, the department shall, within 30 days after
service of the notice of the election, dismiss the accusation. The
department shall itself, or at its election through the Attorney
General, within 30 days of receipt of the notice of election, file a civil
action with the proper municipal or superior court of competent
jurisdiction in its name or on behalf of the aggrieved person as a real
party in interest. The action may be filed in any county in the state
in which the unlawful practice is alleged to have been committed,
in the county in which the records relevant to that practice are
maintained and administered, or in the county in which the aggrieved person would have worked or would have had access to the public accommodation. If the respondent is not found within that county, the action may be filed in the county of the respondent’s residence or principal office.

(d) Any person aggrieved with respect to the issues to be determined in a civil action filed under this part may intervene as of right in that civil action.

(e) If an election is not made pursuant to this section, the director shall maintain an administrative proceeding based on the charges in the complaint in accordance with the procedures set forth in Section 12981.

(f) The director or his or her designated representative shall be available for consultation concerning any legal issues raised by the Attorney General that relate to evidentiary or tactical matters relevant to any civil action brought under this part.

SEC. 20. Section 12989.1 is added to the Government Code, to read:

12989.1. An aggrieved person may commence a civil action in an appropriate court not later than two years after the occurrence or the termination of an alleged discriminatory housing practice, or the breach of a conciliation agreement entered into, whichever occurs last, to obtain appropriate relief with respect to the discriminatory housing practice or breach. The computation of the two-year period shall not include any time during which an administrative proceeding under this part was pending with respect to a complaint or accusation under this part based upon the discriminatory housing practice or breach.

An aggrieved person may commence a civil action whether or not a complaint has been filed under this part and without regard to the status of any complaint. Any aggrieved person who is aggrieved with respect to the issues to be determined in a civil action filed under this part, may intervene in that civil action. However, if the department has obtained a conciliation agreement with the consent of an aggrieved person, no action may be filed under this part by the aggrieved person with respect to the alleged discriminatory housing practice that forms the basis for the complaint, except for the purpose of enforcing the terms of the agreement.

An aggrieved person may not commence a civil action with respect to an alleged discriminatory housing practice that forms the basis of an accusation issued by the department if the department has commenced a hearing on the accusation.

SEC. 21. Section 12989.2 is added to the Government Code, to read:

12989.2. In a civil action brought under Section 12989 or 12989.1, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award the plaintiff or complainant actual and punitive damages and may grant other relief, including the issuance of a temporary or permanent injunction, or temporary
restraining order, or other order, as it deems appropriate to prevent any defendant from engaging in or continuing to engage in an unlawful practice. The court may, at its discretion, award the prevailing party, other than the state, reasonable attorney's fees and costs. Any relief granted pursuant to this section shall not affect any contract, sale, encumbrance, or lease consummated before the granting of such relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a complaint with the department, or civil action under this part.

SEC. 22. Section 12989.3 is added to the Government Code, to read:

12989.3. (a) Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of denying to others the full enjoyment of any of the rights granted by this article, or that any group of persons has been denied any of the rights granted by this article and that denial raises an issue of general public importance, the Attorney General shall commence a civil action in any court.

(b) Upon referral from the department, the Attorney General may commence a civil action in any appropriate court for appropriate relief with respect to a discriminatory housing practice referred to the Attorney General by the department under subdivision (b) of Section 12981.

(c) A civil action under this section may be commenced not later than the expiration of 18 months after the date of the occurrence or termination of the alleged discriminatory housing practice.

(d) The Attorney General shall commence a civil action in any appropriate court for appropriate relief with respect to breach of a conciliation agreement referred to the Attorney General by the department. A civil action shall be commenced under this paragraph not later than the expiration of 90 days after the referral of the alleged breach.

(e) The Attorney General, on behalf of the department or other party at whose request a subpoena is issued, under this article, shall enforce that subpoena in appropriate proceedings in the court for the judicial district in which the person to whom the subpoena was addressed resides, was served, or transacts business.

(f) In a civil action under this section, the court may award any of the following:

1. Preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of this title as is necessary to assure the full enjoyment of the rights granted by this title.

2. Other relief as the court deems appropriate, including monetary damages to persons aggrieved.

3. A civil penalty in an amount not exceeding fifty thousand dollars ($50,000), for a first violation, and in an amount not exceeding one hundred thousand dollars ($100,000), for any subsequent violation.
(g) In a civil action under this section, the court, in its discretion, may allow the prevailing party, other than the state, reasonable attorney's fees and costs against any party other than the state.

(h) Upon timely application, any person may intervene in a civil action commenced by the Attorney General under this section that involves an alleged discriminatory housing practice with respect to which that person is an aggrieved person or a conciliation agreement to which that person is a party. The court may grant appropriate relief to any intervening party as is authorized to be granted to a plaintiff in a civil action under Section 12989.2.

SEC. 23. Section 12995 of the Government Code is amended to read:

12995. Nothing contained in this part relating to discrimination in housing shall be construed to:

(a) Affect the title or other interest of a person who purchases, leases, or takes an encumbrance on a housing accommodation in good faith and without knowledge that the owner or lessor of the property has violated any provision of this part.

(b) Prohibit any postsecondary educational institution, whether private or public, from providing housing accommodations reserved for either male or female students so long as no individual person is denied equal access to housing accommodations, or from providing separate housing accommodations reserved primarily for married students or for students with minor dependents who reside with them.

(c) Prohibit selection based upon factors other than race, color, religion, sex, marital status, national origin, ancestry, familial status, disability, or other basis prohibited by the Unruh Civil Rights Act.

(d) Promote housing accommodations on a preferential or quota basis.

SEC. 24. The Legislature hereby finds and declares that this act is necessary to protect individual rights and provide remedies for alleged discriminatory housing practices that are substantially similar to those rights and remedies provided for in the federal Fair Housing Amendments Act of 1988 (P.L. 100-430).

CHAPTER 183

An act to amend Section 273.5 of the Penal Code, relating to domestic violence.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon his or her
spouse, or any person who willfully inflicts upon any person of the opposite sex with whom he or she is cohabiting, or any person who willfully inflicts upon any person who is the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for 2, 3 or 4 years, or in the county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000), or by both.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) As used in this section, "traumatic condition" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by a physical force.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is presumed the natural father as set forth in Section 7004 of the Civil Code.

(e) In any case in which a person is convicted of violating this section and probation is granted, the court shall require participation in a batterer's treatment program as a condition of probation unless, considering all of the facts and the circumstances, the court finds participation in a batterer's treatment program inappropriate for the defendant.

(f) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted under subdivision (a) for an offense that occurred within seven years of the offense of the second conviction, it shall be a condition thereof that he or she be imprisoned in a county jail for not less than 96 hours and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

(g) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted of two or more violations of subdivision (a) for offenses that occurred within seven years of the most recent conviction, it shall be a condition thereof that he or she be imprisoned in a county jail for not less than 30 days and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a
batterer’s treatment program, or both the mandatory minimum imprisonment and participation in a batterer’s treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

(h) If probation is granted upon conviction of a violation of subdivision (a), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women’s shelter, up to a maximum of one thousand dollars ($1,000).

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant’s offense.

For any order to pay a fine, make payments to a battered women’s shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant’s ability to pay. In no event shall any order to make payments to a battered women’s shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court child support.

(i) Where an injury to a married person is caused in whole or part by the criminal acts of his or her spouse in violation of subdivision (a), the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by this section or Section 1203.04, or to a shelter for payments pursuant to subdivision (h), until all separate property of the offending spouse is exhausted.

CHAPTER 184

An act to amend Sections 243, 262, 273.5, and 273.6 of the Penal Code, relating to restitution.

[Approved by Governor July 11, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 243 of the Penal Code is amended to read:
243. (a) A battery is punishable by a fine of not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding six months, or by both the fine and imprisonment.

(b) When a battery is committed against the person of a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the
duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding one year, or by both the fine and imprisonment.

(c) When a battery is committed against a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, and an injury is inflicted on that victim, the battery is punishable by imprisonment in a county jail for a period of not more than one year, or by a fine of not more than two thousand dollars ($2,000), or by imprisonment in the state prison for 16 months, or two or three years.

(d) When a battery is committed against any person and serious bodily injury is inflicted on the person, the battery is punishable by imprisonment in a county jail for a period of not more than one year or imprisonment in the state prison for two, three, or four years.

(e) When a battery is committed against a noncohabiting former spouse, fiancé, fiancée, or a person with whom the defendant currently has, or has previously had, a dating relationship, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail for a period of not more than one year, or by both. If probation is granted, or the execution or imposition of the sentence is suspended, it shall be a condition thereof that the defendant participate in, for no less than one year, and successfully complete, a batterer's treatment program, or if none is available, in another appropriate counseling program designated by the court. However, this provision shall not be construed as requiring a city, a county, or a city and county to provide a new
program or higher level of service as contemplated by Section 6 of Article XIII B of the California Constitution.

If probation is granted upon conviction of a violation of this subdivision, the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women’s shelter, up to a maximum of one thousand dollars ($1,000).

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant’s offense.

For any order to pay a fine, make payments to a battered women’s shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant’s ability to pay. In no event shall any order to make payments to a battered women’s shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

The Legislature finds and declares that these specified crimes merit special consideration when imposing a sentence so as to display society’s condemnation for such crimes of violence upon victims with whom a close relationship has been formed.

(f) As used in this section:

(1) “Peace officer” means any person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

(2) “Emergency medical technician” means a person possessing a valid course completion certificate from a program approved by the State Department of Health Services for the medical training and education of ambulance personnel, and who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(3) “Mobile intensive care paramedic” means any person who meets the standards set forth in Section 1797.84 of, and Division 2.5 (commencing with Section 1797) of, the Health and Safety Code.

(4) “Nurse” means a person who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(5) “Serious bodily injury” means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

(6) “Injury” means any physical injury which requires professional medical treatment.
(7) "Custodial officer" means any person who has the responsibilities and duties described in Section 831 and who is employed by a law enforcement agency of any city or county or who performs those duties as a volunteer.

(8) "Lifeguard" means a person defined in paragraph (5) of subdivision (c) of Section 241.

(9) "Traffic officer" means any person employed by a city, county, or city and county, to monitor and enforce state laws and local ordinances relating to parking and the operation of vehicles.

(10) "Animal control officer" means any person employed by a city, county, or city and county for purposes of enforcing animal control laws or regulations.

(11) "Dating relationship" means frequent, intimate associations primarily characterized by the expectation of affectional or sexual involvement independent of financial considerations.

It is the intent of the Legislature by amendments to this section at the 1981–82 and 1983–84 Regular Sessions to abrogate the holdings in cases such as People v. Corey, 21 Cal. 3d 738, and Cervantez v. J.C. Penney Co., 24 Cal. 3d 579, and to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, while wearing a police uniform as private security guards or patrolmen and to allow the exercise of peace officer powers concurrently with that employment.

SEC. 2. Section 262 of the Penal Code is amended to read:

262. (a) Rape of a person who is the spouse of a perpetrator is an act of sexual intercourse accomplished against the will of the spouse by means of force or fear of immediate and unlawful bodily injury on the spouse or another, or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this subdivision, "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(b) The provisions of Section 800 shall apply to this section. However, there shall be no arrest or prosecution under this section unless the violation of this section is reported to a peace officer having the power to arrest for a violation of this section or to the district attorney of the county in which the violation occurred, within 90 days after the day of the violation.

(c) If probation is granted upon conviction of a violation of this section, the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of one thousand dollars ($1,000).

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's
shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 3. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon his or her spouse, or any person who willfully inflicts upon any person of the opposite sex with whom he or she is cohabiting, or any person who willfully inflicts upon any person who is the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for 2, 3 or 4 years, or in a county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000) or by both.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) As used in this section, "traumatic condition" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by a physical force.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is presumed the natural father as set forth in Section 7004 of the Civil Code.

(e) In any case in which a person is convicted of violating this section and probation is granted, the court shall require participation in a batterer's treatment program as a condition of probation unless, considering all of the facts and the circumstances, the court finds participation in a batterer's treatment program inappropriate for the defendant.

(f) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted under subdivision (a) for an offense that occurred within seven years of the offense of the second conviction, it shall be a condition thereof that he or she be imprisoned in a county jail for not less than 96 hours and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in
a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

(g) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted of two or more violations of subdivision (a) for offenses that occurred within seven years of the most recent conviction, it shall be a condition thereof that he or she be imprisoned in a county jail for not less than 30 days and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

(h) If probation is granted upon conviction of a violation of subdivision (a), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of one thousand dollars ($1,000).

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 4. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any willful and knowing violation of any of the court orders set forth in subdivision (c), when obtained pursuant to Section 4359, 4458, 4516, 7020, or 7021 of the Civil Code, Section 412.21 or 527.6 of the Code of Civil Procedure, or Chapter 4 (commencing with Section 540) of Title 7 of Part 2 of the Code of Civil Procedure shall be a misdemeanor punishable by a fine of not more than one
thousand dollars ($1,000), or by imprisonment in a county jail for not
more than one year, or by both the fine and imprisonment.

(b) In the event of a violation of subdivision (a) which results in
a physical injury, the person shall be imprisoned in a county jail for
at least 48 hours, whether a fine or imprisonment is imposed, or the
sentence is suspended.

(c) Subdivisions (a) and (b) shall apply to the following court
orders:

(1) An order enjoining any party from molesting, attacking,
striking, threatening, sexually assaulting, battering, harassing, or
disturbing the peace of the other party, or other named family and
household members.

(2) An order excluding one party from the family dwelling or
from the dwelling of the other.

(3) An order enjoining a party from specified behavior which the
court determined was necessary to effectuate the orders under
subdivision (a) or (d).

(d) A second or subsequent conviction for a violation of an order
issued pursuant to subdivision (a) occurring within seven years of a
prior conviction for a violation of such an order and involving an act
of violence or "a credible threat" of violence as defined in
subdivision (c) of Section 139 is punishable by imprisonment in a
county jail not to exceed one year, or in the state prison for 16 months
or two or three years.

(e) The prosecuting agency of each county shall have the primary
responsibility for the enforcement of orders issued pursuant to the
provisions listed in subdivisions (a), (b), and (d).

(f) If probation is granted upon conviction of a violation of
subdivision (a), (b), or (d), the conditions of probation may include,
in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's
shelter, up to a maximum of one thousand dollars ($1,000).

(2) That the defendant reimburse the victim for reasonable costs
of counseling and other reasonable expenses that the court finds are
the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women’s
shelter, or pay restitution as a condition of probation under this
subdivision, the court shall make a determination of the defendant’s
ability to pay. In no event shall any order to make payments to a
battered women’s shelter be made if it would impair the ability of
the defendant to pay direct restitution to the victim or court ordered
child support. Where the injury to a married person is caused in
whole or in part by the criminal acts of his or her spouse in violation
of this section, the community property may not be used to discharge
the liability of the offending spouse for restitution to the injured
spouse, required by Section 1203.04, or to a shelter for costs with
regard to the injured spouse and dependents, required by this
section, until all separate property of the offending spouse is
exhausted.
CHAPTER 185

An act to amend Section 11373 of the Health and Safety Code, relating to crimes.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 11373 of the Health and Safety Code is amended to read:

11373. (a) Whenever any person who is otherwise eligible for probation is granted probation by the trial court after conviction for a violation of any controlled substance offense under this division, the trial court shall, as a condition of probation, order that person to secure education or treatment from a local community agency designated by the court, if the service is available and the person is likely to benefit from the service.

If the defendant is a minor, the trial court shall also order his or her parents or guardian to participate in the education or treatment to the extent the court determines that participation will aid the education or treatment of the minor.

If a minor is found by a juvenile court to have been in possession of any controlled substance, in addition to any other order it may make, the juvenile court shall order the minor to receive education or treatment from a local community agency designated by the court, if the service is available and the person is likely to benefit from the service, and it shall also order his or her parents or guardian to participate in the education or treatment to the extent the court determines that participation will aid the education or treatment of the minor.

(b) The willful failure to complete a court ordered education or treatment program shall be a circumstance in aggravation for purposes of sentencing for any subsequent prosecution for a violation of Section 11353, 11354, or 11380. The failure to complete an education or treatment program because of the person's inability to pay the costs of the program or because of the unavailability to the defendant of appropriate programs is not a willful failure to complete the program.
CHAPTER 186

An act to add Section 40404.5 to the Health and Safety Code, relating to air pollution.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 40404.5 is added to the Health and Safety Code, to read:

40404.5. The Legislature further finds and declares that the south coast district, in fulfilling its directive to require the use of best available control technology for new sources, and in consideration of the state policy to promote and encourage the use of solar energy systems, shall make reasonable efforts to incorporate solar energy technology into its air quality management plan in applications where it can be shown to be cost-effective.

CHAPTER 187

An act to amend Section 33334.12 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.12 of the Health and Safety Code is amended to read:

33334.12. (a) Upon failure of the agency to expend or encumber excess surplus in the Low and Moderate Income Housing Fund within five years from the date the moneys become excess surplus, within the meaning defined in Section subdivision (e), the agency shall disburse that excess surplus to the county housing authority or other housing authority operating within the agency’s jurisdiction or another public agency exercising housing development powers within the territorial jurisdiction of the agency in accordance with subdivision (b). The housing authority or other public agency to which the money is transferred shall utilize the moneys for the purposes and subject to the same restrictions as applicable to the redevelopment agency under this part, and for that purpose may exercise all of the powers of a housing authority under Part 2 (commencing with Section 34200) to the extent not inconsistent with these limitations.

Notwithstanding Section 34209 or any other provision of law, for
the purpose of accepting a transfer of, and using, moneys pursuant
to this section, the housing authority of a county or other public
agency may exercise its powers within the territorial jurisdiction of
a city redevelopment agency in the county.

(b) The amount of excess surplus which shall be transferred to the
housing authority or other public agency because of failure of the
agency to expend or encumber excess surplus within five years shall
be the amount of the excess surplus that is not so expended or
encumbered. The housing authority or other public agency to which
the moneys are transferred shall expend or encumber them for
authorized purposes not later than three years from the date they
were transferred from the Low and Moderate Income Housing
Fund.

(c) Nothing in this section shall be construed to limit any
authority a redevelopment agency may have under other provisions
of this part to contract with a housing authority for increasing or
improving the community's supply of low- and moderate-income
housing.

(d) Notwithstanding any other provision of law, a county housing
authority, operating within a county with a population under 200,000,
may expend these moneys anywhere within the county, including
any incorporated areas, upon a finding that the purpose of the
expenditure is a benefit to the project area.

(e) For purposes of this section:

(1) "Excess surplus" means any unexpended and unencumbered
amount in an agency's Low and Moderate Income Housing Fund
that exceeds the greater of five hundred thousand dollars ($500,000)
or the aggregate amount deposited into the Low and Moderate
Income Housing Fund pursuant to Sections 33334.2 and 33334.6
during the agency's preceding five fiscal years.

(2) Moneys shall be deemed encumbered if committed pursuant
to a legally enforceable contract or agreement for expenditure for
purposes specified in Section 33334.2 or 33334.3.

(3) For purposes of determining whether an excess surplus exists,
it is the intent of the Legislature to give credit to agencies which
convey land for less than fair market value, on which low- and
moderate-income housing is built or is to be built if at least one-half
of the units developed on the land are available at affordable housing
cost to lower income households for at least the time specified in
subdivision (e) of Section 33334.3, and otherwise comply with all of
the provisions of this division applicable to expenditures of moneys
from a low- and moderate-income housing fund established pursuant
to Section 33334.3. Therefore, for the sole purpose of determining the
amount, if any, of an excess surplus, an agency may make the
following calculation: if an agency sells, leases, or grants land
acquired with moneys from the Low and Moderate Income Housing
Fund, established pursuant to Section 33334.3, for an amount which
is below fair market value, and if at least one-half of the units
constructed or rehabilitated on the land are affordable to lower
income households, as defined in Section 50079.5, the difference between the fair market value of the land and the amount the agency receives may be subtracted from the amount of moneys in an agency’s Low and Moderate Income Housing Fund. Nothing in this subdivision shall be construed to restrict the authority of an agency provided in any other provision of this part to expend funds from the Low and Moderate Income Housing Fund.

CHAPTER 188

An act to add Section 1159 to the Evidence Code, relating to evidence.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1159 is added to the Evidence Code, to read: 1159. (a) No evidence pertaining to live animal experimentation, including, but not limited to, injury, impact, or crash experimentation, shall be admissible in any product liability action involving a motor vehicle or vehicles.
(b) This section shall apply to cases for which a trial has not actually commenced, as described in paragraph (6) of subdivision (a) of Section 581 of the Code of Civil Procedure, on January 1, 1993.

CHAPTER 189

An act to amend Sections 2010 and 2011 of the Corporations Code, and to add Section 23335 to the Revenue and Taxation Code, relating to corporations.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 2010 of the Corporations Code is amended to read: 2010. (a) A corporation which is dissolved nevertheless continues to exist for the purpose of winding up its affairs, prosecuting and defending actions by or against it and enabling it to collect and discharge obligations, dispose of and convey its property and collect and divide its assets, but not for the purpose of continuing business except so far as necessary for the winding up thereof.
(b) No action or proceeding to which a corporation is a party
abates by the dissolution of the corporation or by reason of proceedings for winding up and dissolution thereof.

(c) Any assets inadvertently or otherwise omitted from the winding up continue in the dissolved corporation for the benefit of the persons entitled thereto upon dissolution of the corporation and on realization shall be distributed accordingly.

(d) For the purpose of this section, a dissolved corporation includes a corporation that has filed a certificate of dissolution on or after January 1, 1992, pursuant to Section 1905, and for which the Franchise Tax Board has not yet, or never has, made the determination referred to in Section 1905 that all taxes have been paid or secured.

SEC. 2. Section 2011 of the Corporations Code is amended to read:

2011. (a) (1) Causes of action against a dissolved corporation, whether arising before or after the dissolution of the corporation, may be enforced against any of the following:

(A) Against the dissolved corporation, to the extent of its undistributed assets, including, without limitation, any insurance assets held by the corporation that may be available to satisfy claims.

(B) If any of the assets of the dissolved corporation have been distributed to shareholders, against shareholders of the dissolved corporation to the extent of their pro rata share of the claim or to the extent of the corporate assets distributed to them upon dissolution of the corporation, whichever is less.

A shareholder's total liability under this section may not exceed the total amount of assets of the dissolved corporation distributed to the shareholder upon dissolution of the corporation.

(2) Except as set forth in subdivision (c), all causes of action against a shareholder of a dissolved corporation arising under this section are extinguished unless the claimant commences a proceeding to enforce the cause of action against that shareholder of a dissolved corporation prior to the earlier of the following:

(A) The expiration of the statute of limitations applicable to the cause of action.

(B) Four years after the effective date of the dissolution of the corporation.

(3) As a matter of procedure only, and not for purposes of determining liability, shareholders of the dissolved corporation may be sued in the corporate name of the corporation upon any cause of action against the corporation. This section does not affect the rights of the corporation or its creditors under Section 2009, or the rights, if any, of creditors under the Uniform Fraudulent Transfer Act, which may arise against the shareholders of a corporation.

(4) This subdivision applies to corporations dissolved on and after January 1, 1992. Corporations dissolved prior to that date are subject to the law in effect prior to that date.

(b) Summons or other process against such a corporation may be served by delivering a copy thereof to an officer, director or person
having charge of its assets or, if no such person can be found, to any agent upon whom process might be served at the time of dissolution. If none of such persons can be found with due diligence and it is so shown by affidavit to the satisfaction of the court, then the court may make an order that summons or other process be served upon the dissolved corporation by personally delivering a copy thereof, together with a copy of the order, to the Secretary of State or an assistant or deputy secretary of state. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(c) Every such corporation shall survive and continue to exist indefinitely for the purpose of being sued in any quiet title action. Any judgment rendered in any such action shall bind each and all of its shareholders or other persons having any equity or other interest in such corporation, to the extent of their interest therein, and such action shall have the same force and effect as an action brought under the provisions of Sections 410.50 and 410.60 of the Code of Civil Procedure. Service of summons or other process in any such action may be made as provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure or as provided in subdivision (b).

(d) Upon receipt of such process and the fee therefor, the Secretary of State forthwith shall give notice to the corporation as provided in Section 1702.

(e) For the purpose of this section, a dissolved corporation includes a corporation that has filed a certificate of dissolution on or after January 1, 1992, pursuant to Section 1905, and for which the Franchise Tax Board has not yet, or never has, made the determination referred to in Section 1905 that all taxes have been paid or secured.

SEC. 3. Section 23335 is added to the Revenue and Taxation Code, to read:

23335. (a) Any return filed pursuant to subdivision (c) or (d) of Section 25401 that the taxpayer designates in the appropriate place on the form provided by the Franchise Tax Board as the taxpayer’s final return as the result of a dissolution or withdrawal shall be treated as a request for a certificate issued by the Franchise Tax Board pursuant to Section 23334 unless the taxpayer has otherwise filed a request with the Franchise Tax Board for that certificate.

(b) If a taxpayer has filed a return that is a request for a tax clearance certificate as described in subdivision (a), the Franchise Tax Board shall provide the taxpayer with information, including forms and instructions, regarding all documents that are required by this article to be filed with the Franchise Tax Board and the Secretary of State.

The department shall submit to the state agency, by or on whose behalf the project is to be constructed, its recommendations concerning the preservation, photographing, recording, or excavation for, any archaeological, paleontological, or historical features which may be located upon the lands.

SEC. 2. Section 5097.3 of the Public Resources Code is amended to read:

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 8953.3 is added to the Education Code, to read:

8953.3. (a) The Legislature finds and declares that the admission of out-of-state pupils to the California State Summer School for the Arts will enhance the national and international standing of the pupils who attend the summer school, and increase the revenues to the school from both tuition and contributions.

(b) Pursuant to the eligibility criteria set forth in subdivision (b) of Section 8953, pupils who are not California residents, including residents of other countries, may be admitted to the summer school, not to exceed in any year 20 pupils or five percent of the total pupil population of the summer school, whichever is less. No admission under this subdivision shall result in the denial of admission under this chapter to a California resident who is eligible for that admission and satisfies applicable artistic qualifications for admission.

SEC. 2. Section 8957 of the Education Code is amended to read:

8957. (a) It is the Legislature’s intent that at least 50 percent, but not more than 75 percent, of the actual costs of the California State Summer School for the Arts (CSSSA) for each fiscal year be financed by state funds beginning in the 1991–92 fiscal year. The balance of the operating costs shall be financed with fees and private support.

(b) The board of trustees shall set a tuition fee within a range that corresponds to actual program costs, up to but not exceeding one thousand dollars ($1,000) per session in 1989. The amount of this fee may be increased by the board of trustees up to a 5 percent increase each year thereafter. The board of trustees may award full or partial scholarships on the basis of need and ability. Pupils who are unable to pay all or part of the fee may petition the board of trustees for a fee reduction or waiver. The State Department of Education, in conjunction with the board of trustees, shall promulgate rules and regulations regarding fee reduction and waivers, which shall ensure all of the following:

(1) That, to the degree scholarship funds are available, no talented applicant shall be denied admission solely because of inability to pay all or part of the fee.

(2) That any public announcement regarding the summer school program include notification that full scholarships are available, and information regarding the procedure for applying for a scholarship.
award.

(3) That, pursuant to Section 8953, student participation in the summer school program shall be broadly representative of the socioeconomic and ethnic diversity of the state.

(c) Subdivision (b) applies only to pupils who are California residents. For pupils who are not California residents, the board of trustees annually shall set a tuition fee that is not less than the total actual costs to the summer school of services per pupil. The total actual costs of services per pupil shall be computed each year for this purpose by dividing the amount of school expenditures for the prior fiscal year by the total pupil population for the prior year.

(d) The Foundation for the California State Summer School for the Arts, which has been established as a nonprofit foundation to support the CSSSA, may raise funds from the private sector which may be used by the summer school for general program operating costs, scholarships, program augmentation, public relations, recruitment activity, or special projects. Private support may include, but not be limited to, direct grants to the summer school from private corporations or foundations, individual contributions, in-kind contributions, or fundraising benefits conducted by any entity.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

1057.6. In an escrow transaction for the purchase or simultaneous exchange of real property, where a policy of title insurance will not be issued to the buyer or to the parties to the exchange, the following notice shall be provided in a separate document to the buyer or parties exchanging real property, which shall be signed and acknowledged by them:

"IMPORTANT: IN A PURCHASE OR EXCHANGE OF REAL PROPERTY, IT MAY BE ADVISABLE TO OBTAIN TITLE INSURANCE IN CONNECTION WITH THE CLOSE OF ESCROW SINCE THERE MAY BE PRIOR RECORDED LIENS AND ENCUMBRANCES WHICH AFFECT YOUR INTEREST IN THE PROPERTY BEING ACQUIRED. A NEW POLICY OF TITLE INSURANCE SHOULD BE OBTAINED IN ORDER TO ENSURE YOUR INTEREST IN THE PROPERTY THAT YOU ARE ACQUIRING."
An act to amend Section 14301 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 14301 of the Welfare and Institutions Code is amended to read:

14301. (a) The department shall determine, by actuarial methods, prospective per capita rates of payment for services provided under this chapter for Medi-Cal beneficiaries enrolled in a prepaid health plan. The rates of payment shall be determined annually, shall be effective no later than either the first day of July each year, or another date chosen by the department, and shall not exceed the total per capita amount (including cost of administration) which the department estimates (with appropriate adjustments to provide actuarial equivalence) would be payable for all services and requirements covered under the prepaid health plan contract if all such services and requirements were to be furnished to Medi-Cal beneficiaries under the fee-for-service Medi-Cal program provided for by Chapter 7 (commencing with Section 14000).

In the event that there is any delay in the payment of the new annual rates determined pursuant to this subdivision, continued payment to the prepaid health plan of the rate in effect at the time the delay occurred shall be interim payment only, and shall be subject to increase or decrease, as the case may be, to the level of the new annual rates effective as of either the first day of July or the date chosen by the department.

Notwithstanding the foregoing provision, in the event that a contract amendment providing for the new annual rates has been executed by the department and a prepaid health plan, but has not yet received the approval of all required control agencies and departments by the end of the first month following the effective date of the new rate, payment of the new annual rates shall commence no later than the first day of the second month following the effective date of the new rate. Contract amendments providing for the new annual rates shall provide that the prepaid health plan contractor agrees that by accepting payment of the new annual rates prior to final approval, such contractor stipulates to a confession of judgment for any amounts received in excess of the final approved rate. If the final approved rates differ from the rates set forth in such amendments, any underpayment by the state shall be paid by the department to the prepaid health plan within 30 days after final approval of such rates. Any overpayment by the state shall be recaptured by the state withholding the amount due from the
prepaid health plan's next capitation check. If the amount to be
withheld from subsequent capitation checks exceeds 25 percent of
the appropriate capitation payment for that month, amounts up to
25 percent shall be withheld from each successive monthly capitation
payment until such deficiencies are recovered by the state.

The contract shall provide the specific per capita rates, to be
determined by sound actuarial methods on the basis of age, sex, and
aid categories, which the state shall pay the prepaid health plan each
month for each beneficiary enrolled in the prepaid health plan, a
detailed description of the specific actuarial method or methods and
assumptions used in determining per capita rates, and a summary of
the data base, including costs and inflation assumptions and
utilization rates, which was used to determine per capita rates. In
addition, the director shall engage and rely upon the services of an
actuary or consulting actuary in determining prospective per capita
rates.

(b) Any prepaid health plan with an operating experience and
scale of operation deemed by the department to be insufficient to
justify the application of an actuarially determined per capita rate,
shall be reimbursed on a cost basis up to the fee-for-service maximum
for services provided until such time as the director determines that
a per capita method is reasonable, but not to exceed a period of one
year. For purposes of this section, costs shall be net of intercompany
profits in those circumstances where any of the following persons
have a substantial financial interest, as defined by Section 14478, in
any vendor to the prepaid health plan or any vendor to a
subcontractor of the plan:

1. Any person also having a substantial financial interest in the
   plan.

2. Any director, officer, partner, trustee or employee of the plan.

3. Any member of the immediate family of any person
designated in paragraph (1) or (2).

(c) The obligations of a prepaid health plan shall be changed only
by contract or contract amendment. Any such change may be made
during a contract term or at the time of contract renewal, where
there is a change in obligations required by federal or state law or
regulation, or required by a change in the interpretation or
implementation of any such law or regulation. If any such change in
obligations occurs which affects the cost to a prepaid health plan of
performing under the terms of its contract, then the per capita rates
under the contract may be redetermined in the manner provided by
subdivision (a) to reflect such change. During such period of time as
is required to redetermine the per capita rates, payment to a prepaid
health plan of the per capita rates in effect at the time such change
occurred shall be considered interim payments and shall be subject
to increase or decrease, as the case may be, effective as of the date
on which such change is effective.

(d) The obligations of a prepaid health plan shall be changed only
by contract or contract amendment wherein payment for the
changes, whether payment results in an increase or decrease in the
prior per capita rates paid to a prepaid health plan, shall be
determined in accordance with this section and paid to affected
prepaid health plans.

(e) Nothing contained in this section shall be construed as
removing from a prepaid health plan the risk of beneficial or adverse
effects, including inflation, which normally result from contracting
to furnish health services.

CHAPTER 196

(s) The alteration of a patient’s record with intent to deceive.

(z) The failure to report to the board in writing within seven days either: (1) the death of his or her patient during the performance of any dental procedure; or, (2) the discovery of the death of a patient whose death is causally related to a dental procedure performed by him or her.

(aa) Participating in or operating any group advertising and referral services which is in violation of Section 650.2.

In administering this subdivision, the board shall consider the standards, regulations, and guidelines of the State Department of Health Services developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, guidelines, and regulations pursuant to the California Occupational Safety and Health Act of 1973 (Part I (commencing with Section 6300), Division 5, Labor Code) for preventing the transmission of HIV, hepatitis B, and other blood-borne pathogens in health care settings. (ee) The utilization by a licensed dentist of any person to perform the functions of a registered dental assistant, registered dental assistant in extended functions, registered dental hygienist, or registered dental hygienist in extended functions who, at the time of initial employment, does not possess a current, valid license to perform those functions.

(e) The registration shall consist of (1) a statement in writing signed by the person, giving information as may be required by the Department of Justice, and (2) the fingerprints and photograph of the person. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (f) if the person did register within 30 days.

SEC. 2. It is the intent of the Legislature in enacting Section 1 of this bill to abrogate the holding in People v. Saunders, 232 Cal. App. 3d 1592.

SEC. 3. CHAPTER 198

An act to amend, repeal, and add Section 11571 of the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 13, 1992. Filed with Secretary of State July 14, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 11571 of the Health and Safety Code is amended to read:

11571. (a) Whenever there is reason to believe that a nuisance under Section 11570 is kept, maintained, or exists in any city, county, or city and county, the district attorney of the county, in the name of the people, the city attorney of any incorporated or charter city or of any city and county, or any citizen of the state residing in the city, county, or city and county, in his or her own name, may maintain an action to abate and prevent the nuisance and perpetually to enjoin the person conducting or maintaining it, and the owner, lessee, or agent of the building or place, in or upon which the nuisance exists, from directly or indirectly maintaining or permitting the nuisance.

(b) (1) In the case of a residential dwelling, residential building, or residential place, prior to bringing or maintaining an action to abate or prevent a nuisance as prescribed in subdivision (a), the district attorney or the city attorney shall give notice to the owner of the building as shown on the last equalized assessment roll where the nuisance is alleged to exist and shall request that the nuisance be abated within a reasonable time of the receipt of the notice.

(2) The notice shall contain as enclosures documentation to establish that a nuisance exists in or upon the dwelling, building, or place.

(3) The notice shall be served on the owner by personal service or by certified mail.

(4) "Reasonable time" shall mean at least 30 days, unless a shorter time period is agreed to by the owner and the agency issuing the notice.

(5) This subdivision shall apply only to an action brought or maintained by a district attorney or city attorney.

(6) This notice shall not be required prior to bringing or maintaining an action to abate or prevent a nuisance if any one of the following circumstances exist:

(A) There is a danger to the public.

(B) The notice would impede an investigation.

(C) The district attorney or city attorney determines there is good cause to forego the notice.

(D) For purposes of this paragraph, "good cause" includes, but is
not limited to, when the owner is unavailable or is evading service of process.

(E) In reviewing whether a notice should have been given under this paragraph, the court shall presume that the determination made by the issuing agency is valid.

(c) (1) If the notice identifies a particular tenant as responsible for the nuisance activity, the issuing agency shall also serve a copy of the notice and supporting documentation on that tenant.

(2) The notice shall not be required if any of the following circumstances exist:

(A) The district attorney or city attorney determines that there is good cause to forego notice. For the purposes of this subparagraph, "good cause" includes, but is not limited to, when the tenant is unavailable or is evading service of process. In reviewing a determination of good cause, the court shall presume that a determination made by the issuing agency is valid.

(B) The issuing agency provides the tenant with sufficient information to obtain a copy of the notice and supporting documentation on that tenant, in lieu of serving a copy of the notice.

(3) The issuing agency shall provide the identified tenant with the opportunity to demonstrate to the agency that the notice was issued on insufficient grounds, that the tenant has been mistakenly identified as the cause of the nuisance activity, or that a nuisance does not exist and therefore no adverse action should be taken.

(d) The failure of a district attorney or city attorney to serve a notice as required by subdivision (b) or (c) shall not be a cause for the dismissal or delay of an action filed pursuant to subdivision (a). However, the failure to give that notice without good cause may be considered by a court as a mitigating factor in its assessment of any civil penalty under Section 11581.

(e) This section shall be repealed on January 1, 1996.

SEC. 2. Section 11571 is added to the Health and Safety Code, to read:

11571. Whenever there is reason to believe that such a nuisance is kept, maintained, or exists in any county, the district attorney of the county, in the name of the people, may, or the city attorney of any incorporated city or of any city and county, or any citizen of the state resident in the county, in his or her own name, may, maintain an action to abate and prevent the nuisance and perpetually to enjoin the person conducting or maintaining it, and the owner, lessee, or agent of the building or place, in or upon which the nuisance exists, from directly or indirectly maintaining or permitting the nuisance.

This section shall become operative on January 1, 1996.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to accomplish, as nearly as possible, the Legislature's
objective of enacting the provisions of Assembly Bill 894 of the 1991–92 Regular Session, it is necessary that this act, which incorporates the provisions of Assembly Bill 894, take effect immediately.

However, a "minor waste tire facility" does not include a tire dealer or an automobile dismantler, as defined in Sections 220 and 221 of the Vehicle Code, who stores tires on the dealer's or dismantler's premises for less than 90 days if not more than 1,500 waste tires are ever accumulated on the dealer's or dismantler's premises.

(c) Provisions for standard amounts of deductions from which each state officer or employee may select the contribution he desires to make, if any.

(d) A prohibition upon state officers or employees authorizing more than one payroll deduction for charitable purposes to be in effect at the same time.

(e) A provision authorizing the Controller to combine in his or her records deductions for employee association dues, if authorized, and charitable deductions, if authorized.

The principal combined fund drive agency, any charitable organization which is an affiliated member beneficiary of the principal combined fund drive, and any charitable organization approved by the State Board of Control to receive designated deductions on the payroll authorization form of the principal fund drive, shall certify under penalty of perjury to the State Board of Control that it is in compliance with the Fair Employment and Housing Act, Part 2.8 (commencing with Section 12900), as a condition of receiving these designated deductions.
The principal combined fund drive shall obtain from the State Board of Control the list of approved nonaffiliated beneficiaries, eligible for designated deductions in its approved drive area, and shall provide this information to each employee at the time of the principal fund drive. The principal combined drive agency shall provide a designation form for the employee to indicate those amounts to be contributed to affiliated and nonaffiliated beneficiaries. The designation form shall consist of a copy for each of the following: (1) the employee, (2) the employee’s designated beneficiary agency, and (3) the principal combined fund drive agency. The principal combined fund drive agency shall pay the amount collected for the employee designated beneficiary agency less the amount necessary to reimburse the principal combined fund drive agency for fundraising and administrative expenses. The fee charged for fundraising and administrative cost reimbursement shall be determined by the State Board of Control, published in campaign literature and made available to the employee during the solicitation process.

Nothing contained in this section shall preclude a principal fund drive agency from giving a percentage of the undesignated funds to charities which are not members of the agency handling the principal drive, or honoring an employee’s designated deduction to any charitable organization.

If a county willfully terminates its participation in this act prior to completion of bond repayment or if its grant is terminated by the board for noncompliance with program regulations, ownership of the facility shall remain vested in the department. The department shall retain the option to lease as provided in this subdivision.

SECTION 1. The Legislature finds and declares all of the following:
(a) The decision by the federal district court in Biggs vs. Wilson (Civ. S-90-0942-WBS/GGH, October 3, 1991) currently may require prompt payment for services rendered by specified employees subject to the federal Fair Labor Standards Act (29 U.S.C.A. Sec. 201, et seq.). This decision is currently on appeal.
(b) The application of the Fair Labor Standards Act to the various classes and classifications of state employees is uncertain and is the subject of ongoing litigation. It is the purpose of this act to eliminate the possibility of injunctive relief and liquidated damages being awarded against the state under the Fair Labor Standards Act in the event these employees, whether or not subject to the decision, are not paid on their regularly scheduled payday.
(c) The state faces an unprecedented fiscal crisis, and no Budget Act was enacted by July 1, 1992. Yet the state may be compelled by federal court order to expend moneys, notwithstanding the absence of a state budget, for Medi-Cal, Aid to Families With Dependent Children, and In-Home Supportive Service workers. In the face of these federal court decisions, it would be inequitable to not enact legislation allowing payment of state employees.
(d) These federal court orders may substantially interfere with the ability of the state to manage its fiscal affairs in this time of crisis.
(e) Further the state does not wish to compromise in any manner any views with regard to the appropriate application of the Fair Labor Standards Act to state employees.

SEC. 2. There is hereby appropriated from the General Fund and any appropriate special fund to the Controller, and the Controller is authorized to expend, an amount no greater than that necessary to enable the Controller to compensate state employees for services rendered by those employees during the period from July 1, 1992, until the date that the Budget Act of 1992 is enacted.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:
Federal court decisions have created confusion concerning the compensation of certain classes of state employees that will result in unreasonable inequities. In order to remove the confusion surrounding the issue of what classes and classifications of state employees are entitled to receive compensation for their services before the Budget Act of 1992 is enacted, it is necessary for this act to take effect immediately.
An act to add Article 1.5 (commencing with Section 19996.3) to Chapter 7 of Part 2.6 of Division 5 of Title 2 of the Government Code, and to amend Section 20017.79 of the Government Code, relating to public employees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 14, 1992. Filed with Secretary of State July 15, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 19996.3) is added to Chapter 7 of Part 2.6 of Division 5 of Title 2 of the Government Code, to read:

Article 1.5. Excluded Employees Leave Program

19996.3. (a) Effective July 1, 1992, the department shall implement a personal leave program for state officers and employees excluded from, or otherwise not subject to, the Ralph C. Dills Act, contained in Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1.

(b) (1) The department shall implement the personal leave program through regulations adopted pursuant to Section 3539.5.

(2) Regulations adopted pursuant to paragraph (1) shall ensure that the program for employees subject to this section is generally equitable and is consistent with the personal leave program provided to employees covered by memoranda of understanding reached under Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1.

SEC. 2. Section 20017.79 of the Government Code is amended to read:

20017.79. "State safety member" shall also include officers and employees of the Board of Prison Terms, the Department of Corrections, the Department of the Youth Authority, or the Prison Industry Authority in the following classifications:

Upon the filing of such election the member shall cease to be a state safety member, and his or her rights and obligations shall be restored prospectively and retroactively to the operative date of that
amendment.

CHAPTER 208

An act to amend Section 15250 of, and to add Section 15250.3 to, the Vehicle Code, relating to organized camps.

[Approved by Governor July 14, 1992. Filed with Secretary of State July 15, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 15250 of the Vehicle Code is amended to read:
15250. (a) No person shall operate a commercial motor vehicle unless that person has in his or her immediate possession a valid commercial driver's license of the appropriate class.

(b) No person may be issued a commercial driver's license until he or she has passed a written and driving test for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the federal Commercial Motor Vehicle Safety Act of 1986 (P.L. 99-570) and Part 383 of Title 49 of the Code of Federal Regulations, and has satisfied all other requirements of that act as well as any other requirements imposed by this code.

(c) The tests shall be prescribed and conducted by or under the direction of the department. The department may allow an employer to administer the driving test part of the examination required under this section and Section 15275 if the following conditions are met:

1. The tests given by the third party are the same as those which would otherwise be given by the department.

2. The third party has an agreement with the department with at least the following provisions:

   (A) Authorization for the Federal Highway Administration, or its representative, and the department, or its representative, to conduct random examinations, inspections, and audits without prior notice.

   (B) Permission for the department, or its representative, to conduct onsite inspections at least annually.

   (C) A requirement that all third-party examiners meet the same qualification and training standards as the department's examiners, to the extent necessary to conduct the driving skill tests in compliance with the requirements of Part 383 of Title 49 of the Code of Federal Regulations.

   (D) The department may cancel, suspend, or revoke the agreement with a third-party tester if the third-party tester fails to comply with the standards for the commercial driver's license testing program, or with any other term of the third-party agreement, upon 15 days prior written notice of the action to cancel, suspend, or revoke the agreement by the department to the third party. Any action to appeal or review any order of the department canceling, suspending, or revoking a third-party testing agreement shall be brought in a court of competent jurisdiction under Section 1085 of the Code of Civil Procedure, or as otherwise permitted by the laws of this state. The action shall be commenced within 90 days from the effective date of the order.

   (E) Any third-party tester whose agreement has been canceled pursuant to subparagraph (D) may immediately apply for a third-party testing agreement.

   (F) A suspension of a third-party testing agreement pursuant to subparagraph (D) shall be for a term of less than 12 months as determined by the department. After the period of suspension, the agreement shall be reinstated upon request of the third-party tester.
(G) A revocation of a third-party testing agreement pursuant to subparagraph (D) shall be for a term of not less than one year. A third-party tester may apply for a new third-party testing agreement after the period of revocation and upon submission of proof of correction of the circumstances causing the revocation.

(H) Authorization for the department to charge the employer a fee, as determined by the department, which is sufficient to defray the actual costs incurred by the department for administering and evaluating the employer testing program, and for carrying out any other activities deemed necessary by the department to ensure sufficient training for the drivers participating in the program.

(3) Except as provided in Section 15250.3, the tests given by the third party shall not be accepted in lieu of tests prescribed and conducted by the department for applicants for a passenger vehicle endorsement specified in paragraph (2) of subdivision (a) of Section 15278, if the applicant operates or will operate a tour bus.

(d) Commercial driver license applicants who take and pass driving tests administered by a third party shall provide the department with certificates of driving skill satisfactory to the department that the applicant has successfully passed the driving tests administered by the third party.

(e) Implementation dates for the issuance of a commercial driver's license pursuant to this chapter may be established by the department as it determines is necessary to accomplish an orderly commercial driver license program.

SEC. 2. Section 15250.3 is added to the Vehicle Code, to read:

15250.3. The department may allow any employee of an organized camp, as defined in Section 18897 of the Health and Safety Code, regulated by the Public Utilities Commission pursuant to Chapter 8 (commencing with Section 5351) of Division 2 of the Public Utilities Code to operate a tour bus pursuant to employment by the operator of that organized camp, if that employee satisfies the requirements for a class B license and a passenger vehicle endorsement by passing a test administered by a third party in accordance with subdivisions (c), (d), and (e) of Section 15250.

SEC. 3. It is the intent of the Legislature that this act shall not be construed to lessen or ease the safety requirements, administered by the Department of Motor Vehicles and the Public Utilities Commission, for drivers employed by organized camps.

Part 3 (commencing with Section 2000) of the Penal Code, so far as those provisions may be applicable, applies to persons so transferred to and confined in any institution specified in this section, except that, whenever by reason of any law governing the commitment of a person to the Department of the Youth Authority the person is deemed not to be a person convicted of a crime, the transfer or placement of the person in the California Rehabilitation Center shall not affect the status or rights of the person and shall not be deemed to constitute a conviction of a crime.

(2) Any person who is a citizen, domiciliary, or political agency or entity of this state discharging waste, or proposing to discharge waste, outside the boundaries of the state in a manner that could affect the quality of the waters of the state within any region.

(3) Any person operating, or proposing to construct, an injection well.

(b) No report of waste discharge need be filed pursuant to subdivision (a) if the requirement is waived pursuant to Section 13269.

(c) Every person subject to subdivision (a) shall file with the appropriate regional board a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge.

(d) (1) Each person for whom waste discharge requirements have been prescribed pursuant to Section 13263 shall submit an annual fee not to exceed ten thousand dollars ($10,000) according to a reasonable fee schedule established by the state board. Fees shall be calculated on the basis of total flow, volume, number of animals, or area involved.

(2) Any fees collected pursuant to this section shall be deposited in the Waste Discharge Permit Fund which is hereby created. The money in the fund is available for expenditure by the state board, upon appropriation by the Legislature, for the purposes of carrying out this division.

(e) Each report of waste discharge for a new discharge submitted under this section shall be accompanied by a fee equal in amount to the annual fee for the discharge. If waste discharge requirements are issued, the fee shall serve as the first annual fee. If waste discharge requirements are waived pursuant to Section 13269, all or part of the fee shall be refunded.

(f) (1) On or before January 1, 1990, the state board shall adopt, by emergency regulations, a schedule of fees authorized under subdivisions (d) and (j). Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the state board, or adjustments to the annual fees made by the state board pursuant to this section, shall not be subject to review by the Office of Administrative Law and shall remain in effect until revised by the state board.

(h) Each report submitted under this section shall be sworn to, or submitted under penalty of perjury.

(i) The regulations adopted by the state board pursuant to subdivision (f) shall include a provision that annual fees shall not be imposed on those who pay fees under the National Pollutant Discharge Elimination System until the time when those fees are again due, at which time the fees shall become due on an annual basis.

(j) Facilities for confined animal feeding or holding operations, including dairy farms, which have been issued waste discharge requirements or exempted from waste discharge requirements prior to January 1, 1989, are exempt from subdivision (d). If the facility is required to file a report under subdivision (c) after January 1, 1989, the report shall be accompanied by a filing fee, to be established by the state board in accordance with subdivision (f), not to exceed two thousand dollars ($2,000), and the facility shall be exempt from any annual fee.

(k) Any person operating or proposing to construct an oil, gas, or geothermal injection well subject to paragraph (3) of subdivision (a), shall not be required to pay a fee pursuant to subdivision (d), if the injection well is regulated by the Division of Oil and Gas of the Department of Conservation, in lieu of the appropriate California regional water quality control board, pursuant to the memorandum of understanding, entered into between the state board and the Department of Conservation on May 19, 1988. This subdivision shall remain operative until the memorandum of understanding is revoked by the state board or the Department of Conservation.

(I) In addition to the report required by subdivision (a), before any person discharges mining waste, the person shall first submit the following to the regional board:

(I) A report on the physical and chemical characteristics of the waste that could affect its potential to cause pollution or contamination. The report shall include the results of all tests required by regulations adopted by the board, any test adopted by the Department of Toxic Substances Control pursuant to Section 25141 of the Health and Safety Code for extractable, persistent, and bioaccumulative toxic substances in a waste or other material, and any other tests that the state board or regional board may require,
including, but not limited to, tests needed to determine the acid-generating potential of the mining waste or the extent to which hazardous substances may persist in the waste after disposal.

(2) A report that evaluates the potential of the discharge of the mining waste to produce, over the long term, acid mine drainage, the discharge or leaching of heavy metals, or the release of other hazardous substances.

(m) Except upon the written request of the regional board, a report of waste discharge need not be filed pursuant to subdivision (a) or (c) by a user of reclaimed water that is being supplied by a supplier or distributor of reclaimed water for whom a master reclamation permit has been issued pursuant to Section 13523.1.

SEC. 3. Section 13263 of the Water Code is amended to read:

13263. (a) The regional board, after any necessary hearing, shall prescribe requirements as to the nature of any proposed discharge, existing discharge, or material change therein, except discharges into a community sewer system, with relation to the conditions existing from time to time in the disposal area or receiving waters upon, or into which, the discharge is made or proposed. The requirements shall implement relevant water quality control plans, if any have been adopted, and shall take into consideration the beneficial uses to be protected, the water quality objectives reasonably required for that purpose, other waste discharges, the need to prevent nuisance, and the provisions of Section 13241.

(b) A regional board, in prescribing requirements, need not authorize the utilization of the full waste assimilation capacities of the receiving waters.

(c) The requirements may contain a time schedule, subject to revision in the discretion of the board.

(d) The board may prescribe requirements although no discharge report has been filed.

(e) Upon application by any affected person, or on its own motion, the regional board may review and revise requirements. All requirements shall be reviewed periodically.

(f) The regional board shall notify in writing the person making or proposing the discharge or the change therein of the discharge requirements to be met. After receipt of the notice, the person so notified shall provide adequate means to meet the requirements.

(g) No discharge of waste into the waters of the state, whether or not the discharge is made pursuant to waste discharge requirements, shall create a vested right to continue the discharge. All discharges of waste into waters of the state are privileges, not rights.

(h) The regional board may incorporate the requirements prescribed pursuant to this section into a master reclamation permit for either a supplier or distributor, or both, of reclaimed water.

SEC. 4. Section 13522.5 of the Water Code is amended to read:

13522.5. (a) Except as provided in subdivision (e), any person reclaiming or proposing to reclaim water, or using or proposing to use reclaimed water, within any region for any purpose for which
reclamation criteria have been established, shall file with the appropriate regional board a report containing information required by the regional board.

(b) Except as provided in subdivision (e), every person reclaiming water or using reclaimed water shall file with the appropriate regional board a report of any material change or proposed change in the character of the reclaimed water or its use.

(c) Each report under this section shall be sworn to, or submitted under penalty of perjury.

(d) This section shall not be construed so as to require any report in the case of any producing, manufacturing, or processing operation involving the reclamation of water solely for use in the producing, manufacturing, or processing operation.

(e) Except upon the written request of the regional board, a report is not required pursuant to this section from any user of reclaimed water which is being supplied by a supplier or distributor for whom a master reclamation permit has been issued pursuant to Section 13523.1.

SEC. 5. Section 13523.1 is added to the Water Code, to read:

13523.1. (a) Each regional board, after consulting with, and receiving the recommendations of, the State Department of Health Services, and after any necessary hearing, may, in lieu of issuing waste discharge requirements pursuant to Section 13263 or water reclamation requirements pursuant to Section 13523 for a user of reclaimed water, issue a master reclamation permit to a supplier or distributor, or both, of reclaimed water.

(b) A master reclamation permit shall include, at least, all of the following:

(1) Waste discharge requirements, adopted pursuant to Article 4 (commencing with Section 13260) of Chapter 4.

(2) A requirement that the permittee comply with the reclamation criteria established pursuant to Section 13521.

(3) A requirement that the permittee establish and enforce rules or regulations for reclaimed water users, governing the design and construction of reclaimed water use facilities and the use of reclaimed water, in accordance with reclamation criteria established pursuant to Section 13521.

(4) A requirement that the permittee submit a quarterly report summarizing reclaimed water use, including the total amount of reclaimed water supplied, the total number of reclaimed water use sites, and the locations of those sites, including the names of the hydrologic areas underlying the reclaimed water use sites.

(5) A requirement that the permittee conduct periodic inspections of the facilities of the reclaimed water users to monitor compliance by the users with the reclamation criteria established pursuant to Section 13521 and the requirements of the master reclamation permit.

(6) Any other requirements determined to be appropriate by the regional board.

In those claims or legal actions, the insured of the insolvent insurer shall be entitled to a credit or setoff in the amount of the policy limits of the insolvent insurer's policy, or in the amount of such limits remaining, where those limits have been diminished by the payment of other claims.

(5) "Covered claims," except in cases involving a claim for workers' compensation benefits or for unearned premiums, shall not include any claim in an amount of one hundred dollars ($100) or less, nor the first one hundred dollars ($100) of any claim in excess of one hundred dollars ($100), nor that portion of any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(6) "Covered claims" shall not include that portion of any claim, other than a claim for workers' compensation benefits, which is in excess of five hundred thousand dollars ($500,000).

(7) "Covered claims" shall not include any amount sought as a return of a premium under any policy providing retroactive insurance of a known loss or losses.

(8) "Covered claims" shall not include any amount awarded as punitive or exemplary damages.
(9) "Covered claims" shall not include (i) any claim to the extent it is covered by any other insurance of a class covered by the provisions of this article available to the claimant or insured nor (ii) any claim by any person other than the original claimant under the insurance policy in his or her own name, his or her assignee as the person entitled thereto under a premium finance agreement as defined in Section 673 and entered into prior to insolvency, his or her executor, administrator, guardian or other personal representative or trustee in bankruptcy and shall not include any claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

(10) "Covered claims" shall not include any obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to the provisions of Sections 11802 and 11803.

(11) "Covered claims" shall not include any obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer's admission to transact insurance in the State of California.

(12) "Covered claims" shall not include surplus deposits of subscribers as defined in Section 1374.1.

(d) "Admitted to transact insurance in this state" means an insurer possessing a valid certificate of authority issued by the California Department of Insurance.

(e) "Affiliate" means a person who directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with an insolvent insurer on December 31 of the year next preceding the date the insurer becomes an insolvent insurer.

(f) "Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of any other person. This presumption may be rebutted by showing that control does not in fact exist.

(g) "Claimant" means any insured making a first party claim or any person instituting a liability claim; provided that no person who is an affiliate of the insolvent insurer may be a claimant.

SEC. 2. Section 1063.2 of the Insurance Code is amended to read:

1063.2. (a) The association shall pay and discharge covered claims and in connection therewith pay for or furnish loss adjustment services and defenses of claimants when required by policy provisions. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of
liabilities by one or more member insurers or through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation, including, but not limited to, the right to: (1) appear, defend, and appeal a claim in a court of competent jurisdiction; (2) receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this article.

(c) (1) If damages against uninsured motorists are recoverable by the claimant from his or her own insurer, the applicable limits of the uninsured motorists coverage shall be a credit against a covered claim payable under this article. Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured, except that if it is a first-party claim for damage to property with a permanent location, he or she shall seek recovery first from the association of the location of the property, and if it is a workers' compensation claim, he or she shall seek recovery first from the association of the residence of the claimant. Any recovery under this article shall be reduced by the amount of recovery from any other insurance guaranty association or its equivalent. A member insurer may recover in subrogation from the association only one-half of any amount paid by such insurer under uninsured motorist coverage for bodily injury or wrongful death (and nothing for a payment for anything else), in those cases where the injured person insured by such an insurer has proceeded under his or her uninsured motorist coverage on the ground that the tortfeasor is uninsured as a result of the insolvency of his or her liability insurer (an insolvent insurer as defined in this article), provided that such member insurer shall waive all rights of subrogation against such tortfeasor. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association.

(2) Any claimant having collision coverage on a loss which is covered by the insolvent company's liability policy shall first proceed against his or her collision carrier. Neither that claimant nor the collision carrier, if it is a member of the association, shall have the right to sue or continue a suit against the insured of the insolvent insurance company for such collision damage.

(d) The association shall have the right to recover from any person who is an affiliate of the insolvent insurer and whose liability obligations to other persons are satisfied in whole or in part by payments made under this article the amount of any covered claim.
and allocated claims expense paid on behalf of that person pursuant to this article.

(e) Any person having a claim or legal right of recovery under any governmental insurance or guaranty program which is also a covered claim, shall be required to first exhaust his or her right under the program. Any amount payable on a covered claim shall be reduced by the amount of any recovery under the program.

(f) The association shall continue coverage for covered claims under all insurance policies of the insolvent insurer that were in force on the date the liquidator was appointed until the insurance policy has expired in accordance with its terms, or has been replaced by the insured, or canceled at the insured’s request, or has been canceled by the association as provided in this article, or has been canceled by the liquidator.

(g) The association shall have authority to cancel insurance policies of the insolvent insurer by mailing or delivering to the insured at the last known address within this state a written notice of cancellation at least 10 days prior to the effective date of such cancellation, notwithstanding any statute or policy provision to the contrary.

(h) “Covered claims” for unearned premium by lenders under insurance premium finance agreements as defined in Section 673 shall be computed as of the earliest cancellation date of the policy pursuant to Section 673 or subdivision (g) of this section.

(i) “Covered claims” shall not include any judgments against or obligations or liabilities of the insolvent insurer or the commissioner, as liquidator, or otherwise resulting from alleged or proven torts, nor shall any default judgment or stipulated judgment against the insolvent insurer, or against the insured of the insolvent insurer, be binding against the association.

(j) “Covered claims” shall not include any loss adjustment expenses, including adjustment fees and expenses, attorney fees and expenses, court costs, interest, and bond premiums, incurred prior to the appointment of a liquidator. The deductible provided for in paragraph (5) of subdivision (c) of Section 1063.1 shall apply to each person for each accident for which he or she makes a claim.

SEC. 3. Section 1063.5 of the Insurance Code is amended to read:

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting the claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (a) workers’ compensation claims; (b) homeowners’ claims, and automobile claims, which shall include: automobile material damage, automobile liability (both personal injury and death and property damage), medical payments and uninsured motorist claims; and (c) claims other than workers’
. compensation, homeowners', and automobile, as above defined. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to that category. The rate of premium charged shall be a uniform percentage of net direct written premium in the preceding calendar year applicable to that category. The rate of premium charges to each member in the appropriate categories shall initially be based on the written premium of each insurer as shown in the latest year's annual financial statement on file with the commissioner. The initial premium shall be adjusted by applying the same rate of premium charge as initially used to each insurer's written premium as shown on the annual statement for the second year following the year in which the initial premium charge is made. The difference between the initial premium charge and the adjusted premium charge shall be charged or credited to each member insurer by the association as soon as practical after the filing of the annual statements of the member insurers with the commissioner for the year on which the adjusted premium is based. In the case of an insurer that was a member insurer when the initial premium charge was made and that paid the initial assessment but is no longer a member insurer at the time of the adjusted premium charge by reason of its insolvency or its withdrawal from the state and surrender of its certificate of authority to transact insurance in this state, any credit accruing to that insurer shall be refunded to it by the association. "Net direct written premiums" shall mean the amount of gross premiums, less return premiums, received in that calendar year upon business done in this state, other than premiums received for reinsurance. In cases of a dispute as to the amount of any such net direct written premium between the association and one of its members the written decision of the commissioner shall be final. The premium charged to any member insurer for any of the three categories or a category established by the association shall not be more than 1 percent of the net direct premium written in that category in this state by that member insurer. However, in no event shall the total premium charged a member insurer in one calendar year exceed 1 percent of the net direct premium written by the member insurer in one calendar year. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect an amount of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. However, during the period of deferment, no dividends shall be paid to shareholders or policyholders by the company whose assessment was deferred. Deferred assessments shall be paid when the payment will not reduce capital or surplus below required minimums. These payments shall be credited against future assessments to those companies receiving larger assessments by virtue of the deferment. The premium charges shall be recognized
in the ratemaking procedures for insurance rates in the same manner that losses are recognized or as otherwise provided in this article. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements or claims dividends from the liquidator remaining in any category shall be retained by the association and applied to reduce future premium charges in the appropriate category. However, an insurer which ceases to be a member of the association, other than an insurer that has become insolvent or has withdrawn from the state and has surrendered its certificate of authority following an initial assessment that is entitled to a refund based upon an adjusted assessment as provided above in this section, shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

Interest at a rate equal to the current federal reserve discount rate plus 2 1/2 percent per annum shall be added to the premium of any member insurer which fails to submit the premium requested by the association within 30 days after such mailing request. However, in no event shall the interest rate exceed the legal maximum.

SEC. 4. Section 1063.14 of the Insurance Code is amended to read:

1063.14. (a) The plan of operation adopted pursuant to subdivision (c) of Section 1063 shall contain provisions whereby each member insurer is required to recoup over a reasonable length of time a sum reasonably calculated to recoup the assessments paid by the member insurer under this article by way of a surcharge on premiums charged for insurance policies to which this article applies. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agents' commission.

(b) The amount of any surcharge shall be separately stated on either a billing or policy declaration sent to an insured. The association shall determine the rate of the surcharge and the collection period for each category and these shall be mandatory for all member insurers of the association who write business in those categories. Member insurers who collect surcharges in excess of premiums paid pursuant to Section 1063.5 for an insolvent insurer shall remit the excess to the association as an additional premium within 30 days after the association has determined the amount of the excess recoupment and given notice to the member of that amount. The excess shall be applied to reduce future premium charges in the appropriate category.

(c) The plan of operation may permit a member insurer to omit collection of the surcharge from its insureds when the expense of collecting the surcharge would exceed the amount of the surcharge. However, nothing in this section shall relieve the member insurer of
its obligation to recoup the amount of surcharge otherwise collectible.

CHAPTER 228

An act to amend Section 41841.5 of the Education Code, relating to school funding.

[Approved by Governor July 14, 1992. Filed with Secretary of State July 16, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 41841.5 of the Education Code is amended to read:

41841.5. (a) The Superintendent of Public Instruction shall allow to each school district maintaining a secondary school or county superintendent of schools, as the case may be, an amount equal to the actual current expense of the district of maintaining adult education classes for prisoners in any county jail or any county industrial farm or county or joint county road camp for the current fiscal year. The amount so allowed to a district or county superintendent of schools for each unit of average daily attendance in these classes shall in no event exceed the statewide average revenue limit for adults multiplied by 0.8.

Each school district or county superintendent of schools shall receive advanced apportionments as authorized by Sections 41330, 41332, and 41335 on the basis of the cost data report of the district for the preceding fiscal year and each district or county superintendent of schools shall file a preliminary cost data report based upon estimated current expenses.

For purposes of this section, the Superintendent of Public Instruction shall, by rules and regulations, establish minimum standards for the conduct of the adult education classes, including, but not necessarily limited to, attendance requirements and requirements concerning records to be kept and reports to be submitted.

(b) There is hereby appropriated from the General Fund to Section A of the State School Fund the following sums for the following fiscal years for the purposes of subdivision (a):

1. For the 1980–81 fiscal year ......................... $1,020,100
2. For the 1981–82 fiscal year and each fiscal year thereafter .............................................. $1,113,000

Commencing with the 1982–83 fiscal year, the amounts in paragraph (2) shall be cumulatively increased by 6 percent, unless otherwise provided by law. Commencing with the 1990–91 fiscal
year, the amounts in paragraph (2) shall be increased by the percentage change determined pursuant to subdivision (b) of Section 42238.1.

CHAPTER 229

An act to amend Section 7031 of the Business and Professions Code, relating to contractors.

[Approved by Governor July 14, 1992. Filed with Secretary of State July 16, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 7031 of the Business and Professions Code is amended to read:

7031. (a) Except as provided in subdivision (d), no person engaged in the business or acting in the capacity of a contractor, may bring or maintain any action, or recover in law or equity in any action, in any court of this state for the collection of compensation for the performance of any act or contract for which a license is required by this chapter without alleging that he or she was a duly licensed contractor at all times during the performance of that act or contract, regardless of the merits of the cause of action brought by the person, except that this prohibition shall not apply to contractors who are each individually licensed under this chapter but who fail to comply with Section 7029.

(b) A security interest taken to secure any payment for the performance of any act or contract for which a license is required by this chapter is unenforceable if the person performing the act or contract was not a duly licensed contractor at all times during the performance of the act or contract.

(c) If licensure or proper licensure is controverted, then proof of licensure pursuant to this section shall be made by production of a verified certificate of licensure from the Contractors' State License Board which establishes that the individual or entity bringing the action was duly licensed in the proper classification of contractors at all times during the performance of any act or contract covered by the action.

(d) The judicial doctrine of substantial compliance shall not apply to this section, except that a court may determine that there has been substantial compliance with licensure requirements, for purposes of this section, if it is shown at an evidentiary hearing that the person was a duly licensed contractor during any portion of the 90 days immediately preceding the performance of the act or contract for which compensation is sought, that the person's category of licensure would have authorized the performance of that act or contract, and that noncompliance with the licensure requirement
was the result of (1) inadvertent clerical error, or (2) other error or
delay not caused by the negligence of the person. Subdivision (b) of
Section 143 does not apply to contractors subject to this subdivision.
(e) The exceptions to the prohibition against the application of
the judicial doctrine of substantial compliance found in subdivision
(d) shall have no retroactive effect. These exceptions to that
prohibition shall only apply to an action or arbitration proceeding, at
law or in equity, that is commenced after the effective date of this
section.

CHAPTER 230

An act to amend Section 10237.3 of, and to repeal Section 10224 of,
the Business and Professions Code, relating to real property.

[Approved by Governor July 14, 1992. Filed with
Secretary of State July 16, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 10224 of the Business and Professions Code
is repealed.
SEC. 2. Section 10237.3 of the Business and Professions Code is
amended to read:
10237.3. It is unlawful for any person to act as a real property
securities dealer in this state without first having obtained a real
estate broker's license.

CHAPTER 231

An act to amend Sections 65858 and 66007 of the Government
Code, relating to land use.

[Approved by Governor July 18, 1992. Filed with
Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 65858 of the Government Code is amended
to read:
65858. (a) Without following the procedures otherwise required
prior to the adoption of a zoning ordinance, the legislative body, to
protect the public safety, health and welfare, may adopt as an
urgency measure an interim ordinance prohibiting any uses which
may be in conflict with a contemplated general plan, specific plan,
or zoning proposal which the legislative body, planning commission
or the planning department is considering or studying or intends to
study within a reasonable time. That urgency measure shall require a four-fifths vote of the legislative body for adoption. The interim ordinance shall be of no further force and effect 45 days from its date of adoption. After notice pursuant to Section 65090 and public hearing, the legislative body may extend the interim ordinance for 10 months and 15 days and subsequently extend the interim ordinance for one year. Any extension shall also require a four-fifths vote for adoption. Not more than two extensions may be adopted.

(b) Alternatively, an interim ordinance may be adopted by a four-fifths vote following notice pursuant to Section 65090 and public hearing, in which case it shall be of no further force and effect 45 days from its date of adoption. After notice pursuant to Section 65090 and public hearing, the legislative body may by a four-fifths vote extend the interim ordinance for 22 months and 15 days.

(c) The legislative body shall not adopt or extend any interim ordinance pursuant to this section unless the ordinance contains a finding that there is a current and immediate threat to the public health, safety, or welfare, and that the approval of additional subdivisions, use permits, variances, building permits, or any other applicable entitlement for use which is required in order to comply with a zoning ordinance would result in that threat to public health, safety, or welfare.

(d) Ten days prior to the expiration of an interim ordinance or any extension, the legislative body shall issue a written report describing the measures taken to alleviate the condition which led to the adoption of the ordinance.

(e) When an interim ordinance has been adopted, every subsequent ordinance adopted pursuant to this section, covering the whole or a part of the same property, shall automatically terminate and be of no further force or effect upon the termination of the first interim ordinance or any extension of the ordinance as provided in this section.

SEC. 2. Section 66007 of the Government Code is amended to read:

66007. (a) Except as otherwise provided in subdivision (b), any local agency which imposes any fees or charges on a residential development for the construction of public improvements or facilities shall not require the payment of those fees or charges, notwithstanding any other provision of law, until the date of the final inspection, or the date the certificate of occupancy is issued, whichever occurs first. However, utility service fees may be collected at the time an application for utility service is received. If the residential development contains more than one dwelling, the local agency may determine whether the fees or charges shall be paid on a pro rata basis for each dwelling when it receives its final inspection or certificate of occupancy, whichever occurs first; on a pro rata basis when a certain percentage of the dwellings have received their final inspection or certificate of occupancy, whichever occurs first; or on a lump-sum basis when the first dwelling in the
development receives its final inspection or certificate of occupancy, whichever occurs first.

(b) Notwithstanding subdivision (a), the local agency may require the payment of those fees or charges at an earlier time if (1) the local agency determines that the fees or charges will be collected for public improvements or facilities for which an account has been established and funds appropriated and for which the local agency has adopted a proposed construction schedule or plan prior to final inspection or issuance of the certificate of occupancy or (2) the fees or charges are to reimburse the local agency for expenditures previously made. “Appropriated,” as used in this subdivision, means authorization by the governing body of the local agency for which the fee is collected to make expenditures and incur obligations for specific purposes.

(c) (1) If any fee or charge specified in subdivision (a) is not fully paid prior to issuance of a building permit for construction of any portion of the residential development encumbered thereby, the local agency issuing the building permit may require the property owner, or lessee if the lessee’s interest appears of record, as a condition of issuance of the building permit, to execute a contract to pay the fee or charge, or applicable portion thereof, within the time specified in subdivision (a). If the fee or charge is prorated pursuant to subdivision (a), the obligation under the contract shall be similarly prorated.

(2) The obligation to pay the fee or charge shall inure to the benefit of, and be enforceable by, the local agency that imposed the fee or charge, regardless of whether it is a party to the contract. The contract shall contain a legal description of the property affected, shall be recorded in the office of the county recorder of the county and, from the date of recordation, shall constitute a lien for the payment of the fee or charge, which shall be enforceable against successors in interest to the property owner or lessee at the time of issuance of the building permit. The contract shall be recorded in the grantor-grantee index in the name of the public agency issuing the building permit as grantee and in the name of the property owner or lessee as grantor. The local agency shall record a release of the obligation, containing a legal description of the property, in the event the obligation is paid in full, or a partial release in the event the fee or charge is prorated pursuant to subdivision (a).

(3) The contract may require the property owner or lessee to provide appropriate notification of the opening of any escrow for the sale of the property for which the building permit was issued and to provide in the escrow instructions that the fee or charge be paid to the local agency imposing the same from the sale proceeds in escrow prior to disbursing proceeds to the seller.  

(d) This section applies only to fees collected by a local agency to fund the construction of public improvements or facilities. It does not apply to fees collected to cover the cost of code enforcement or inspection services, or to other fees collected to pay for the cost of
enforcement of local ordinances or state law.

(e) "Final inspection" or "certificate of occupancy," as used in this section, have the same meaning as described in Sections 305 and 307 of the Uniform Building Code, International Conference of Building Officials, 1985 Edition.

(f) Methods of complying with the requirement in subdivision (b) that a proposed construction schedule or plan be adopted, include, but are not limited to, (1) the adoption of the capital improvement plan described in Section 66002, or (2) the submittal of a five-year plan for construction and rehabilitation of school facilities pursuant to subdivision (c) of Section 17717.5 of the Education Code.

CHAPTER 232

An act to amend Sections 3503, 3504, 3526, 3564, 3567, and 5350 of the Elections Code, and to amend Sections 12172 and 88003 of the Government Code, relating to elections.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 3503 of the Elections Code is amended to read:

3503. Upon receipt of a draft of a petition, the Attorney General shall prepare a summary of the chief purposes and points of the proposed measure. The summary shall be prepared in the manner provided for the preparation of ballot titles in Article 5 (commencing with Section 3530), the provisions of which in regard to the preparation, filing, and settlement of titles and summaries are hereby made applicable to the summary. The Attorney General shall provide a copy of the title and summary to the Secretary of State within 15 days after receipt of the final version of a proposed initiative measure, or if a fiscal estimate or opinion is to be included, within 15 days after receipt of the fiscal estimate or opinion prepared by the Department of Finance and the Joint Legislative Budget Committee pursuant to Section 3504.

If during the 15-day period, the proponents of the proposed initiative measure submit amendments, other than technical, nonsubstantive amendments, to the final version of the measure, the Attorney General shall provide a copy of the title and summary to the Secretary of State within 15 days after receipt of the amendments.

The proponents of any initiative measure shall, at the time of submitting the draft of the measure to the Attorney General, pay a fee of two hundred dollars ($200), which shall be placed in a trust
fund in the office of the Treasurer and refunded to the proponents if, within two years from the date the summary is furnished to the proponents, the measure qualifies for the ballot. If the measure does not qualify within that period, the fee shall be immediately paid into the General Fund of the state.

SEC. 2. Section 3504 of the Elections Code is amended to read:

3504. Notwithstanding Section 3503, the Attorney General, in preparing a title or summary for an initiative measure, shall determine whether the substance thereof if adopted would affect the revenues or expenditures of the state or local government, and if he or she determines that it would, he or she shall include in the title either the estimate of the amount of any increase or decrease in revenues or costs to the state or local government, or an opinion as to whether or not a substantial net change in state or local finances would result, if the proposed initiative is adopted.

The estimates as required by this section shall be made jointly by the Department of Finance and the Joint Legislative Budget Committee, who shall deliver them to the Attorney General so that he or she may include them in the titles prepared by him or her.

The estimate shall be delivered to the Attorney General within 25 working days from the date of receipt of the final version of the proposed initiative from the Attorney General, unless in the opinion of both the Department of Finance and the Joint Legislative Budget Committee a reasonable estimate of the net impact of the proposed initiative cannot be prepared within the 25-day period. In the latter case, the Department of Finance and the Joint Legislative Budget Committee shall, within the 25-day period, give the Attorney General their opinion as to whether or not a substantial net change in state or local finances would result if the proposed initiative is adopted.

Any statement of fiscal impact prepared by the Legislative Analyst pursuant to subdivision (b) of Section 12172 of the Government Code may be used by the Department of Finance and the Joint Legislative Budget Committee in the preparation of the fiscal estimate or the opinion.

SEC. 3. Section 3526 of the Elections Code is amended to read:

3526. Whenever the Legislature submits any measure to the voters of the state, the author of the measure and no more than two persons appointed by the author may draft an argument for the adoption of the measure, or the author of the measure may appoint no more than three persons to draft the argument. In no case shall more than three persons write the argument. This argument shall not exceed 500 words in length.

If the author of the measure desires separate arguments to be written in its favor by each person appointed, separate arguments may be written, but the combined length of the arguments shall not exceed 500 words.

SEC. 4. Section 3564 of the Elections Code is amended to read:

3564. A ballot argument shall not be accepted under this article
unless accompanied by all of the following:
   (a) The name, business or home address, and telephone number of each person submitting the argument.
   (b) If the argument is submitted on behalf of an organization, the name, business address, and telephone number of the organization and of at least two of its principal officers.
   (c) The name, business or home address, and telephone number of a contact person for each individual or organization submitting the argument.
   (d) If the argument is signed by anyone other than the proponent or legislative author, the name and official title of the person or persons authorized by the proponent to sign the argument.
   (e) The signed statement required by Section 5350.
   (f) No person signing an argument for or against a measure or a rebuttal to an argument for or against a measure may identify himself or herself in reference to that signature as a candidate for any office.

SEC. 5. Section 3567 of the Elections Code is amended to read:

3567. When the Secretary of State has received the arguments that will be printed in the ballot pamphlet, the Secretary of State within five days of receipt thereof, shall send copies of the arguments in favor of the proposition to the authors of the arguments against and copies of the arguments against to the authors of the arguments in favor. The authors may prepare and submit rebuttal arguments not exceeding 250 words, or may authorize in writing any other person or persons to prepare, submit, or sign the rebuttal argument. The rebuttal arguments shall be filed with the Secretary of State no later than a date to be designated by the Secretary of State.

Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut.

SEC. 6. Section 5350 of the Elections Code is amended to read:

5350. All arguments concerning measures filed pursuant to this division shall be accompanied by the following form statement, to be signed by each proponent and by each author, if different, of the argument:

SEC. 7. Section 12172 of the Government Code is amended to read:

12172. The Secretary of State shall, upon the request of the proponents of an initiative measure which is to be submitted to the voters of the state, review the provisions of the initiative measure after it is prepared prior to its circulation. In conducting the review, the Secretary of State shall do both of the following:

(a) Analyze and comment on the provisions of the measure with respect to form and language clarity.

(b) Request and obtain a statement of fiscal impact from the Legislative Analyst.

The review performed pursuant to this section shall be for the purpose of suggestion only and shall not have any binding effect on the proponents of the initiative measure.

SEC. 8. Section 88003 of the Government Code is amended to read:

The analysis may contain background information, including the effect of the measure on existing law and the effect of enacted legislation which will become effective if the measure is adopted, and shall generally set forth in an impartial manner the information which the average voter needs to understand the measure adequately. The Legislative Analyst may contract with professional writers, educational specialists or other persons for assistance in writing an analysis that fulfills the requirements of this section, including the requirement that the analysis be written so that it will be easily understood by the average voter. The Legislative Analyst may also request the assistance of any state department, agency, or official in preparing his or her analysis. Members of the committee shall be reimbursed for reasonable and necessary expenses incurred in performing their duties. Within five days of the submission of the analysis to the committee, the committee shall make such recommendations to the Legislative Analyst as it deems appropriate to guarantee that the analysis can be easily understood by the average voter. The Legislative Analyst shall consider the committee’s recommendations, and he or she shall incorporate in the analysis those changes recommended by the committee that he or she deems to be appropriate. The Legislative Analyst is solely responsible for determining the content of the analysis required by this section. The title of the measure which appears on the ballot shall be amended to contain a summary of the Legislative Analyst’s estimate of the net state and local government financial impact.

SEC. 9. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

1170.1. (a) Except as provided in subdivision (c) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a
different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1, and pursuant to Section 11370.2 of the Health and Safety Code. The subordinate term for each consecutive offense which is not a “violent felony” as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for such consecutive offenses which are not “violent felonies” as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a “violent felony” as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8) or (9) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9.

(b) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving both separate victims and separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9. (c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from such custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from
prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

In considering the imposition of such additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.4, 12022.5, 12022.55, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply; however, in cases of lewd or lascivious acts upon or with a child under the age of 14 years accomplished by means of force or fear, as described in Section 288, kidnapping, as defined in Section 207, sexual battery, as defined in Section 243.4, penetration of a genital or anal opening by a foreign object, as defined in Section 289, oral copulation, sodomy, robbery, rape or burglary, or attempted lewd or lascivious acts upon or with a child under the age of 14 years accomplished by means of force or fear, kidnapping, sexual battery, penetration of a genital or anal opening by a foreign object, oral copulation, sodomy, robbery, rape, murder, or burglary the court may impose both (1) one enhancement for weapons as provided in either Section 12022, 12022.4, or subdivision (a) of, or paragraph (2) of subdivision (b) of, Section 12022.5 and (2) one enhancement for great bodily injury as provided in either Section 12022.7 or 12022.9.

(f) The enhancements provided in Sections 667, 667.5, 667.6, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, and 12022.9, and in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, shall be pleaded and proven as provided by law.

(g) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (b) or (c) of this section, or an enhancement is imposed pursuant to Section 667, 667.5, 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, or 12022.9, or an enhancement is

Health and Safety Code, or the defendant stands convicted of felony
escape from an institution in which he or she is lawfully confined.

12022.75, and 12022.9, or the enhancements provided in Section
11370.2, 11370.4, or 11379.8 of the Health and Safety Code, if it
determines that there are circumstances in mitigation of the
additional punishment and states on the record its reasons for
striking the additional punishment.

(i) For any violation of paragraph (2) or (3) of subdivision (a) of
Section 261, Section 264.1, subdivision (b) of Section 288, subdivision

SECTION 1. Section 17511.1 of the Business and Professions Code is amended to read:

17511.1. As used in this article, "telephonic seller" or "seller" means a person who, on his or her own behalf or through salespersons or through the use of an automatic dialing-announcing device, as defined in Section 2871 of the Public Utilities Code, causes a telephone solicitation or attempted telephone solicitation to occur which meets the criteria specified in subdivision (a), (b), or (c) and who is not exempted by subdivision (d), as follows:

(a) A telephone solicitation or attempted telephone solicitation wherein the telephonic seller initiates telephonic contact with a prospective purchaser and represents or implies one or more of the following:

(1) That a prospective purchaser who buys one or more items will also receive additional or other items, whether or not of the same type as purchased, without further cost. For purposes of this subdivision, "further cost" does not include actual postage or common carrier delivery charges, if any.

(2) That a prospective purchaser will receive a prize or gift, if the person also encourages the prospective purchaser to do either of the following:

(A) Purchase or rent any goods or services.
(B) Pay any money, including, but not limited to, a delivery or handling charge.

(3) That a prospective purchaser is able to obtain any item or service at a price which the seller states or implies is below the regular price of the item or service offered. This paragraph shall not apply to retailers who, within the previous 12 months, have sold a majority of their goods or services through in-person sales at retail stores.

(4) That a prospective purchaser who buys office equipment or supplies will, because of some unusual event or imminent price increase, be able to buy these items at prices which are below those that are usually charged or will be charged for the items.

(5) That the seller is a person other than the person he or she is.

(6) That the items for sale are manufactured or supplied by a person other than the actual manufacturer or supplier.

(7) That the seller is offering to sell the prospective purchaser any gold, silver, or other metals, including coins, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites, or any other investment opportunity of any type whatsoever.

(8) That a prospective purchaser will receive a credit card, as defined in subdivision (a) of Section 1747.02 of the Civil Code, if the purchaser pays an up front or preapplication fee for the credit card to the telephonic seller.

(b) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by unrequested notifications sent by the seller to persons who have not previously purchased goods or services from the seller or who have not previously requested credit from the seller, to a prospective purchaser wherein the seller represents or implies to the recipient of the notification that any of the following applies to the recipient:

(1) That the recipient has in any manner been specially selected to receive the notification or the offer contained in the notification.

(2) That the recipient will receive a prize or gift if the recipient calls the seller.

(3) That if the recipient buys one or more items from the seller, the recipient will also receive additional or other items, whether or not of the same type as purchased, without further cost or at a cost which the seller states or implies is less than the regular price of such items.

However, this subdivision does not apply to the solicitation of sales by a catalog seller who periodically issues and delivers catalogs to potential purchasers by mail or by other means. This exception only applies if the catalog includes a written description or illustration and the sales price of each item of merchandise offered for sale, includes at least 24 full pages of written material or illustrations, is distributed in more than one state, and has an annual circulation of not less than 250,000 customers.

(c) A solicitation or attempted solicitation which is made by
telephone in response to inquiries generated by advertisements on behalf of the telephonic seller wherein it is represented or implied that the seller is offering to sell to the prospective purchaser any gold, silver, or other metals, including coins, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites, or any other investment opportunity of any type whatsoever.

(d) For purposes of this article, "telephonic seller" or "seller" does not include any of the following:

The fact that a notice claiming an exemption under the Corporate Securities Law of 1968 is filed with the Department of Corporations does not create an exemption under this paragraph.

prospective purchaser to collect the payment or deliver any item
purchased, this exemption does not apply.

affiliate thereof. As used in this paragraph, "supervised financial
institution" means any commercial bank, trust company, savings and

supervision by an official or agency of this state or of the United

results in, a sale which costs the purchaser in excess of one hundred
dollars ($100).

(16) An issuer or subsidiary of an issuer that has a class of securities
which is subject to Section 12 of the Securities Exchange Act of 1934
(15 U.S.C. Sec. 78l) and which is either registered or exempt from
registration under paragraph (A), (B), (C), (E), (F), (G), or (H) of
subsection (g) (2) of that section.

(17) A person soliciting exclusively the sale of telephone
answering services to be provided by that person or that person's
employer.

(18) A person soliciting a transaction regulated by the Commodity
Futures Trading Commission if the person is registered or

Trading Commission under the Commodity Exchange Act, (7 U.S.C.
Sec. 1 et seq.) and the registration or license has not expired or been
suspended or revoked.

(19) A person who sells coins or bullion at a price which is not
more than 25 percent more than the price at which the seller is
concurrently buying the same coins or bullion, if: (A) the seller has
had a retail location in California from which he or she has been
selling coins or bullion to the public in person for at least three years;
(B) the telephonic solicitations are not the person's primary business
and sales made telephonically make up less than 20 percent of the person's total retail sales; and (C) the person claiming an exemption pursuant to this subdivision complies with Section 17511.3, as applicable, and subdivision (p) of Section 17511.4.

(20) A person licensed pursuant to Chapter 14 (commencing with Section 1800) of Division 1 of the Financial Code to receive money for transmittal to foreign countries if the license has not expired or been suspended or revoked.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 247

An act to amend Section 423 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 423 of the Revenue and Taxation Code is amended to read:
423. Except as provided in Section 423.7, when valuing enforceably restricted open-space land, other than land used for the production of timber for commercial purposes, the county assessor shall not consider sales data on lands, whether or not enforceably restricted, but shall value these lands by the capitalization of income method in the following manner:
(a) The annual income to be capitalized shall be determined as follows:
(1) Where sufficient rental information is available the income shall be the fair rent which can be imputed to the land being valued based upon rent actually received for the land by the owner and upon typical rentals received in the area for similar land in similar use, where the owner pays the property tax. Any cash rent or its equivalent considered in determining the fair rent of the land shall be the amount for which comparable lands have been rented, determined by average rents paid to owners as evidenced by typical land leases in the area, giving recognition to the terms and conditions of the leases and the uses permitted within the leases and within the enforceable restrictions imposed.
(2) Where sufficient rental information is not available, the income shall be that which the land being valued reasonably can be expected to yield under prudent management and subject to applicable provisions under which the land is enforceably restricted. There shall be a rebuttable presumption that "prudent management" does not include use of the land for a recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to that use.

(3) Notwithstanding any other provision herein, if the parties to an instrument which enforceably restricts the land stipulate therein an amount which constitutes the minimum annual income per acre to be capitalized, then the income to be capitalized shall not be less than the amount so stipulated.

For the purposes of this section, income shall be determined in accordance with rules and regulations issued by the board and with this section and shall be the difference between revenue and expenditures. Revenue shall be the amount of money or money's worth, including any cash rent or its equivalent, which the land can be expected to yield to an owner-operator annually on the average from any use of the land permitted under the terms by which the land is enforceably restricted, including, but not limited to, that from the production of salt and from typical crops grown in the area during a typical rotation period, as evidenced by historic cropping patterns and agricultural commodities grown. When the land is planted to fruit-bearing or nut-bearing trees, vines, bushes, or perennial plants, the revenue shall not be less than the land would be expected to yield to an owner-operator from other typical crops grown in the area during a typical rotation period, as evidenced by historic cropping patterns and agricultural commodities grown. Proceeds from the sale of the land being valued shall not be included in the revenue from the land.

Expenditures shall be any outlay or average annual allocation of money or money's worth that has been charged against the revenue received during the period used in computing that revenue. Those expenditures to be charged against revenue shall be only those which are ordinary and necessary in the production and maintenance of the revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the land, interest on funds invested in trees and vines valued as land as provided by Section 429, property taxes, corporation income taxes, or corporation franchise taxes based on income. When the income used is from operating the land being valued or from operating comparable land, amounts shall be excluded from the income to provide a fair return on capital investment in operating assets other than the land, to amortize depreciable property, and to fairly compensate the owner-operator for his operating and managing services.

(b) The capitalization rate to be used in valuing land pursuant to this article shall not be derived from sales data and shall be the sum
of the following components:

(1) An interest component, to be determined by the board and announced no later than September 1 of the year preceding the assessment year, which is the arithmetic mean, rounded to the nearest ¼ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to each of the four immediately preceding assessment years. The interest component defined by this paragraph shall be implemented in phases and shall be:

(A) For the 1993–94 assessment year, the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, rounded to the nearest ¼ percent.

(B) For the 1994–95 assessment year, the arithmetic mean, rounded to the nearest ¼ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rate for those bonds, as most recently published by the Federal Reserve Board as of the September 1 immediately prior to the 1993–94 assessment year.

(C) For the 1995–96 assessment year, the arithmetic mean, rounded to the nearest ¼ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to the 1993–94 and 1994–95 assessment years.

(D) For the 1996–97 assessment year, the arithmetic mean, rounded to the nearest ¼ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to the 1993–94, 1994–95, and 1995–96 assessment years.

(E) For the 1997–98 assessment year, and each fiscal year thereafter, the arithmetic mean, rounded to the nearest ¼ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to the four immediately preceding assessment years.

(2) A risk component which shall be a percentage determined on the basis of the location and characteristics of the land, the crops to be grown thereon and the provisions of any lease or rental agreement to which the land is subject.

(3) A component for property taxes which shall be a percentage equal to the estimated total tax rate applicable to the land for the assessment year times the assessment ratio. The estimated total tax
rate shall be the cumulative rates used to compute the state's reimbursement of local governments for revenues lost on account of homeowners' property tax exemptions in the tax rate area in which the enforceably restricted land is situated.

(4) A component for amortization of any investment in perennials over their estimated economic life when the total income from land and perennials other than timber exceeds the yield from other typical crops grown in the area.

(c) The value of the land shall be the quotient for the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b).

SEC. 2. The Legislature finds and declares that a special act is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances applicable in the City of Redding.

CHAPTER 249

An act to amend Section 12599 of the Government Code, relating to charitable organizations.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 12599 of the Government Code is amended to read:

12599. (a) "Commercial fundraiser for charitable purposes" is defined as any individual, corporation, or other legal entity who for compensation does either of the following:

(1) Solicits funds in this state for charitable purposes and who receives and controls the funds or assets solicited for charitable purposes.

(2) As a result of a solicitation of funds in this state for charitable purposes, receives and controls the funds or assets solicited for charitable purposes.

A commercial fundraiser for charitable purposes shall not include a "trustee" as defined in Section 12582 or 12583, a "charitable corporation" as defined in Section 12582.1, or any employee thereof. A commercial fundraiser for charitable purposes shall not include a person who is an employee of a commercial fundraiser for charitable purposes registered with the Attorney General.

(b) A commercial fundraiser for charitable purposes shall, prior to soliciting any funds in California for charitable purposes, or prior to receiving and controlling any funds or assets as a result of a
solicitation in this state for charitable purposes, register with the Attorney General’s Registry of Charitable Trusts on a registration form provided by the Attorney General. Renewals of registration shall be filed with the Registry of Charitable Trusts by January 15 of each calendar year in which the commercial fundraiser for charitable purposes does business and shall be effective for one year. For 1990, a registration or renewal fee of two hundred dollars ($200) shall be required for registration of a commercial fundraiser for charitable purposes, and shall be payable by certified or cashier’s check to the Attorney General’s Registry of Charitable Trusts at the time of registration or renewal. The Attorney General may adjust the annual registration or renewal fee as needed to ensure that revenues will fully offset, but not exceed, the actual costs incurred by the Department of Justice pursuant to this section. The Attorney General’s Registry of Charitable Trusts may grant extensions of time to file annual registration as required, pursuant to subdivision (b) of Section 12586.

(c) A commercial fundraiser for charitable purposes shall file with the Attorney General’s Registry of Charitable Trusts, and with the sheriff of each county in which the fundraiser intends to solicit funds or the sheriff’s designee, an annual financial report on a form provided by the Attorney General, accounting for all funds collected pursuant to any solicitation for charitable purposes during the preceding calendar year. The annual financial report shall be filed with the Attorney General’s Registry of Charitable Trusts, and with the sheriff of each county in which the fundraiser intends to solicit funds or the sheriff’s designee, no later than 30 days after the close of the preceding calendar year. Nothing in this section shall be construed as requiring the sheriff of any county, or the sheriff’s designee, to maintain on file any annual financial report filed pursuant to this subdivision.

(d) The contents of the forms for annual registration and annual financial reporting by commercial fundraisers for charitable purposes shall be established by the Attorney General in a manner consistent with the procedures set forth in subdivisions (a) and (b) of Section 12586. The annual financial report shall require a detailed, itemized accounting of funds solicited for charitable purposes on behalf of each charitable organization exempt from taxation under Section 501(c)(3) of the Internal Revenue Code or for each charitable purpose during the accounting period, and shall include, among other data, the following information for funds solicited by the commercial fundraiser for charitable purposes:

1. Total revenue.
2. The fee or commission charged by the commercial fundraiser for charitable purposes.
3. Salaries paid by the commercial fundraiser for charitable purposes to its officers and employees.
4. Fundraising expenses.
5. Distributions to the identified charitable organization or
purpose.

(6) The names and addresses of any director, officer, or employee of the commercial fundraiser for charitable purposes who is a director, officer, or employee of any charitable organization listed in the annual financial report.

(e) It shall be unlawful for any commercial fundraiser for charitable purposes to solicit funds in this state for charitable purposes unless the commercial fundraiser for charitable purposes has complied with the registration or annual renewal and financial reporting requirements of this article. Failure to comply with these registration or annual renewal and financial reporting requirements shall be grounds for injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(f) A commercial fundraiser for charitable purposes is a constructive trustee for charitable purposes as to all funds collected pursuant to solicitation for charitable purposes and shall account to the Attorney General for all funds. A commercial fundraiser for charitable purposes is subject to the Attorney General’s supervision and enforcement over charitable funds and assets to the same extent as a trustee for charitable purposes under this article.

(g) It shall be unlawful for a commercial fundraiser for charitable purposes to not disclose the percentage of total fundraising expenses of the fundraiser upon receiving a written or oral request from a person solicited for a contribution for a charitable purpose. "Percentage of total fundraising expenses," as used in this section, means the ratio of the total expenses of the fundraiser to the total revenue received by the fundraiser for the charitable purpose for which funds are being solicited, as reported on the most recent financial report filed with the Attorney General’s Registry of Charitable Trusts. A commercial fundraiser shall disclose this information in writing within five working days from receipt of a request by mail or fax. A commercial fundraiser shall orally disclose this information immediately upon a request made in person or in a telephone conversation and shall follow this response with a written disclosure within five working days. Failure to comply with the requirements of this subdivision shall be grounds for an injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(h) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or application of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

The people of the State of California do enact as follows:

SECTION 1. Section 20323 is added to the Public Contract Code, to read:

20323. (a) The Legislature finds and declares that the award of purchase contracts by the Sacramento Regional Transit District under competitive bid procedures may not be feasible for products and materials which are undergoing rapid technological changes or for the introduction of new technologies into district operations, and that in these circumstances it is in the public interest to consider the broadest possible range of competing products and materials available, fitness of purpose, manufacturer's warranty, vendor financing, performance reliability, standardization, life-cycle costs, delivery timetables, support logistics, and other similar factors in addition to price in the award of these contracts.

(b) Notwithstanding any other provision of law, the Board of Directors of the Sacramento Regional Transit District may direct the purchase of (1) computers, telecommunications equipment, fare collection equipment, microwave equipment, and other related electronic equipment and apparatus; and (2) specialized rail transit equipment, including, but not limited to, rail cars by competitive negotiation upon a finding by two-thirds vote of all members of the board of the district that the purchase of that equipment in compliance with provisions of this code generally applicable to the purchase does not constitute a method of procurement adequate for the district's needs. This section does not apply to contracts for construction or for the procurement of any product available in substantial quantities to the general public.

(c) Competitive negotiation, for the purposes of this section includes, but is not limited to, all of the following requirements:

1. A request for proposal shall be prepared and submitted to an adequate number of qualified sources, as determined by the district in its discretion, to permit reasonable competition consistent with the nature and requirements of the procurement. In addition, notice of the request for proposal shall be published at least once in a newspaper of general circulation, which publication shall be made at least 10 days before the date for receipt of the proposals. The district shall make every effort to generate the maximum feasible number
of proposals from qualified sources and shall make a finding to that
effect before proceeding to negotiate if only a single response to the
request for proposal is received.

(2) The request for proposal shall identify all significant evaluation factors, including price, and their relative importance.

(3) The district shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for contract award.

(4) Prior to making an award, the district shall prepare a price analysis and shall find that the final negotiated price is fair and reasonable based upon comparable procurements in the marketplace.

(5) Award shall be made to the qualified proposer whose proposal will be most advantageous to the district with price and other factors considered. If award is not made to the proposer whose proposal contains the lowest price, the board shall make a finding setting forth the basis for the award.

(d) The district may reject any and all proposals and issue a new request for proposals at its discretion.

(e) Upon making an award to a qualified proposer, the district, upon request, shall make available to all other proposers and to the public, an analysis of the award which provides the basis for the selection of that particular qualified proposal.

(f) A person who submits, or who plans to submit, a proposal may protest any acquisition conducted in accordance with this section as follows:

(1) Protests based on the content of the request for proposals shall be filed with the district within 10 calendar days after the request for proposals is first advertised in accordance with subdivision (c). The district shall issue a written decision on the protest prior to opening of proposals. A protest may be renewed by refileing the protest with the district within 15 calendar days after the mailing of the notice of the recommended award.

(2) Any bidder may protest the recommended award on any ground not based upon the content of the request for proposals by filing a protest with the district within 15 calendar days after the mailing of the notice of the recommended award.

(3) Any protest shall contain a full and complete written statement specifying in detail the grounds of the protest and the facts supporting the protest. Protestors shall have an opportunity to appear and be heard before the board prior to the opening of proposals in the case of protests based on the content of the request for proposals, or prior to final award in the case of protests based on other grounds or the renewal of protests based on the content of the request for proposals.

(g) Provisions in any contract concerning women and minority business enterprises, which provisions are in accordance with the request for proposals, shall not be subject to negotiation with the successful bidder.

(1) Evidence of fraud or persistent neglect.
(2) The violation presents an immediate safety hazard.
(3) The violator does not agree to, or cannot, promptly correct the violation.
(c) If any of the conditions set forth in subdivision (b) exist, the procedures specified in this section or Section 40522 are inapplicable, and the officer may take other appropriate enforcement action.

CHAPTER 259

An act to add Chapter 2.7 (commencing with Section 7286.30) to Part 1.7 of Division 2 of the Revenue and Taxation Code, relating to local transactions and use taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.7 (commencing with Section 7286.30) is added to Part 1.7 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 2.7. SAN DIEGO COUNTY JUSTICE FACILITIES FINANCING ACT

7286.30. The Legislature hereby finds and declares that in the County of San Diego criminal justice-related facilities are so inadequate as to significantly impede the administration of justice, and jail and court facilities are so overcrowded as to create a situation wherein persons who are a danger to society are required to be released into that society for lack of adequate facilities to house and prosecute them. The Legislature further finds and declares that it is in the public interest to allow the voters to approve a special tax so that criminal justice-related facility needs may be addressed in an expeditious and appropriate fashion.

7286.31. (a) The board of supervisors of the County of San Diego, subject to the approval of the voters, may impose a tax rate of one-half of 1 percent under this chapter and Part 1.6 (commencing with Section 7251) of Division 2. Neither this chapter nor any ordinance or resolution approved pursuant to this chapter shall affect any tax otherwise authorized.

(b) The combined rate of tax imposed in the County of San Diego by any public entity pursuant to Part 1.5 (commencing with Section 7200) or Part 1.6 (commencing with Section 7251) of Division 2, this
chapter, and any other provision of law authorizing the imposition of local sales or transactions and use taxes shall not exceed 2.25 percent.

7286.32. (a) A retail transactions and use tax ordinance applicable in the incorporated and unincorporated territory of the County of San Diego shall be adopted by the board of supervisors in accordance with Section 7286.31 and Part 1.6 (commencing with Section 7251) of Division 2, if the tax is approved by a two-thirds vote of the qualified voters of the county voting on the measure at a special election called for that purpose by the board. The election called by the board shall be held within the incorporated and unincorporated areas of the county. The tax ordinance shall take effect 48 hours subsequent to the closing time of the polls on the day of the election at which the proposition is adopted. The initial collection of the transactions and use tax shall take place in accordance with Section 7286.35.

(b) Notwithstanding Section 7286.38 and subdivision (a) of this section, in the event voters approve a constitutional amendment permitting the imposition of a local special tax with the approval of a majority of the voters voting on the measure, the vote requirement for approval of the tax authorized by this act shall be a majority of voters voting on the measure.

7286.33. The ordinance shall state the tax rate and may state a term during which the tax will be imposed. The ordinance shall state the appropriate requirements for voter approval pursuant to Section 7286.32. The ordinance may authorize the board of supervisors to reduce the tax rate to one-quarter of 1 percent at its discretion, if the board determines that revenue from the reduced rate would be sufficient to fund the criminal justice-related facility obligations incurred in connection with this act.

7286.34. The board of supervisors shall have sole discretion to determine the specific activities and projects financed with revenues generated by the tax. However, those activities and projects shall be limited to the provision, construction, and operation of criminal justice-related facilities, the funding of the costs incurred by the county to conduct the election authorized by Section 7286.32, and the cost of any legal actions related to the tax and the justice-related facilities.

7286.35. (a) Any transactions and use tax ordinance adopted pursuant to this article shall become operative on the first day of the first calendar quarter commencing more than 110 days after the ordinance takes effect.

(b) Any reduction in the transactions and use tax rate authorized by the board of supervisors pursuant to Section 7286.33 shall become operative on the first day of the first calendar quarter beginning 110 days or more after the board's action authorizing the reduction.

(c) Prior to the operative date of the ordinance, the board of supervisors shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of
the ordinance.

7286.36. Any action or proceeding wherein the validity of the adoption of the retail transactions and use tax ordinance provided for in this chapter or the issuance of any bonds thereunder or any of the proceedings in relation thereto is contested, questioned, or denied, shall be commenced pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. Otherwise, the tax, the bonds, and all proceedings in relation thereto, including the adoption and approval of the ordinance, shall be held to be valid and in every respect legal and uncontestable.

7286.37. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

7286.38. The transactions and use tax authorized under this chapter constitutes a special tax that requires approval of two-thirds of the qualified electors pursuant to Section 4 of Article XIII A of the California Constitution.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to unique circumstances with respect to the needs of, and funding sources for, criminal justice-related facilities in the County of San Diego.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate criminal justice-related facilities as soon as possible to house and prosecute persons who are a danger to society, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
(a) The practice of psychology is rapidly changing.
(b) The public health and safety would be served by requiring
persons granted a license to engage in the practice of psychology to continue their education after receiving their initial license.

(c) Over time, the Board of Psychology has been directed to encourage specific continuing education courses including AIDS, geriatric pharmacology, and recognizing chemical dependency.

(d) The Board of Psychology and members of the profession are the most appropriate parties to establish comprehensive standards for continuing education for the profession.

(e) There is a need to have a system in place which will accommodate the latest issues of social concern that may develop relative to providing professional psychological services to the public.

(f) A comprehensive program of continuing education will provide consistency, quality control, and a structure within which important professional issues can be brought to the attention of licensed psychologists.

SEC. 2. Section 2915 is added to the Business and Professions Code, to read:

2915. (a) Except as provided in this section, on or after January 1, 1996, the board shall not issue any renewal license unless the applicant submits proof that he or she has completed no less than 18 hours of approved continuing education in the preceding year. On or after January 1, 1997, except as provided in this section, the board shall issue renewal licenses only to those applicants who have completed 36 hours of approved continuing education in the preceding two years.

(b) Each person renewing his or her license issued pursuant to this chapter shall submit proof of compliance with this section to the board. False statements submitted pursuant to this section shall be a violation of Section 2970.

(c) A person applying for relicensure or for reinstatement to an active license status shall certify under penalty of perjury that he or she is in compliance with this section.

(d) The continuing education requirement shall include, but shall not be limited to, courses required pursuant to Sections 25 and 28. The requirement may include courses pursuant to Sections 32 and 2914.1. Continuing education instruction approved to meet the requirements of this section shall be completed within the State of California, or shall be approved for continuing education credit by the American Psychological Association or its equivalent as approved by the board.

(e) The board may establish a policy for exceptions from the continuing education requirement of this section.

(f) The board may recognize continuing education courses that have been approved by one or more private nonprofit organizations that have at least 10 years' experience managing continuing education programs for psychologists on a statewide basis, including, but not limited to:

1) Maintaining and managing related records and data.
(2) Monitoring and approving courses.

(g) The board shall adopt regulations as necessary for implementation of this section.

(h) A licensed psychologist shall choose continuing education instruction that is related to the assessment, diagnosis, and intervention for the client population being served or to the fields of psychology in which the psychologist intends to provide services, that may include new theoretical approaches, research, and applied techniques. Continuing education instruction shall include required courses specified in subdivision (d).

(i) A psychologist shall not practice outside his or her particular field or fields of competence as established by his or her education, training, continuing education, and experience.

(j) The administration of this section may be funded through professional license fees and continuing education provider and course approval fees, or both. The fees related to the administration of this section shall not exceed the costs of administering the corresponding provisions of this section.

SEC. 3. Section 2988 of the Business and Professions Code is amended to read:

2988. A licensed psychologist who for reasons, including but not limited to ill health or absence from the state, is not engaged in the practice of psychology, may apply to the board to request that his or her license be placed on an inactive status. A licensed psychologist who holds an inactive license shall pay a biennial renewal fee, fixed by the board, of no more than forty dollars ($40). A psychologist holding an inactive license shall be exempt from continuing education requirements specified in Section 2915, but shall otherwise be subject to this chapter and shall not engage in the practice of psychology in this state. Licensees on inactive status who have not committed any acts or crimes constituting grounds for denial of licensure and have completed the continuing education requirements specified in Section 2915 may, upon their request have their license to practice psychology placed on active status.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.5 (commencing with Section 53054) is added to Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 3.5. Cable Television and Video Provider Customer Service and Information Act

53054. This act shall be known and may be cited as the Cable Television and Video Provider Customer Service and Information Act.

53054.1. The Legislature finds and declares all of the following:
(a) In an unregulated environment, customers of cable and video providers should get their money’s worth for the service they subscribe to, and one way to ensure this is to encourage that customer service standards be established and that customers be informed of those standards.
(b) Cable television and video providers have made efforts to provide high-quality service to their customers. Cable television and
video providers should continue to establish standards for customer service so as to further the development of high-quality customer service.

(c) It is not the intent of this article to establish standards for customer service, but to encourage cable television and video providers to inform their customers about the standards they have established and to work to achieve these customer service goals.

53054.2. As used in this article:
(a) "Cable television operator" means the person or entity providing cable television services through the cable television system.
(b) "Cable television system" means a community antenna television system, under common ownership and control, serving a franchise area or two or more contiguous or electronically connected franchise areas.
(c) "Video provider" means any person, company, or service which provides one or more channels of video programming to a residence, including a home, condominium, apartment, or mobilehome, where some fee is paid, whether directly or as included in dues or rental charges, for that service, whether or not public rights-of-way are utilized in the delivery of the video programming. A "video provider" shall include, but not be limited to, providers of cable television, master antenna television, satellite master antenna television, direct broadcast satellite, multipoint distribution service, and other providers of video programming, whatever their technology.

53055. Each cable television operator or video provider in the state shall establish customer service standards. These customer service standards shall include, but not be limited to, standards regarding the following:
(a) Installation, disconnection, service and repair obligations, employee identification and service call response time and scheduling.
(b) Customer telephone and office hours; procedures for billing, charges, refunds, and credits.
(c) Procedures for termination of service.
(d) Notice of the deletion of a programming service, the changing of channel assignments, or an increase in rates.
(e) Complaint procedures and procedures for bill dispute resolution.

53055.1. (a) Each cable television operator or video provider shall annually distribute to employees, to each customer, and to the city, county, or city and county in which the cable television operator or video provider furnishes service to customers, a notice describing these customer service standards. New customers shall also be provided with this notice when service is initiated.
(b) The notice given to new customers pursuant to this section shall include, in addition to all of the information described in subdivisions (a) to (e), inclusive, of Section 53055, all of the following:
(1) A listing of the services offered by the cable television operator or video provider which clearly describes all levels of service, and including the rates for each level of service, provided that, if the information concerning levels of service and rates is otherwise distributed to new customers upon installation by the cable television operator or video provider, the information need not be included in the notice to new customers required by this section.

(2) The telephone number or numbers through which customers may subscribe to, change, or terminate service, request customer service, or seek general or billing information.

(3) A description of the rights and remedies which the cable television operator or video provider may make available to its customers if the cable television operator or video provider does not materially meet its customer service standards.

53055.2. After the customer service standards established pursuant to Section 53055 have been in effect for one year, each cable television operator and video provider shall report annually on the performance of that cable television operator or video provider with regard to meeting its customer service standards. This report shall be included in the annual notice required by Section 53055.1.

53055.3. No provision of this article shall be construed to preempt the prerogative of a city, county, or city and county to enforce customer protection standards that are contained in a franchise or license granted to a cable television operator or video provider pursuant to Section 53066.1 or that are otherwise authorized by law for other cable television operators or video providers.

53056. (a) The legislative body of the city, county, or city and county in which the cable television operator or video provider furnishes service to customers may, by ordinance, provide a schedule of penalties for the failure of the cable television operator or video provider to distribute the annual notice required by Section 53055.1, not to exceed five hundred dollars ($500) for each year in which the notice is not distributed to all customers.

(b) The city, county, or city and county shall give a cable television operator or video provider written notice of any alleged failure to distribute to all customers the annual notice required by Section 53055.1 before imposing any penalty pursuant to subdivision (a). If the cable television operator or video provider distributes this notice to all customers within 60 days after receipt of the notice from the city, county, or city and county pursuant to this subdivision, no penalty shall be imposed upon the cable television operator or video provider pursuant to subdivision (a).
CHAPTER 263

The people of the State of California do enact as follows:

SECTION 1. Section 2894 is added to the Public Utilities Code, to read:

2894. Notwithstanding subdivision (e) of Section 2891, the disclosure of any information by a radiotelephone utility, in good faith compliance with the terms of a state or federal court warrant or order or administrative subpoena issued at the request of a law enforcement official or other federal, state, or local governmental agency for law enforcement purposes, is a complete defense against any civil action brought under this chapter or any other law, including without limitation, Chapter 1.5 (commencing with Section 630) of Part 1 of Title 15 of the Penal Code, for the wrongful disclosure of that information. As used in this section, "radiotelephone utility" means any public utility licensed by the Federal Communications Commission pursuant to Part 22 (commencing with Section 22.0) of Title 47 of the Code of Federal Regulations and certificated by the Public Utilities Commission to provide one-way or two-way or one-way and two-way radiotelephone services in this state.

limited to, presentation of and arguments on questions of fact and
law, and to be confronted by and cross-examine all witnesses, hereby
waives the right to be present at the hearing of any motion or other

a plea of guilty or no contest from a defendant who is not physically
in the courtroom. In a felony case, a judge may, pursuant to this
subdivision, accept a plea of guilty or no contest from a defendant

If a county officer is designated, the county officer shall provide to the court a written recommendation and the reason or reasons in support of the recommendation. The determination by the court shall be made on the record. (c) For the purpose of imposing an additional term under subdivision (a) or (b), it shall be a factor in aggravation that the defendant personally used a firearm in the commission of the offense. Nothing in this subdivision shall preclude a court from also
imposing a sentence enhancement pursuant to Section 12022.5 or 12022.55, or any other provision of law.

(d) A person who is punished pursuant to subdivision (a) or (b) shall also receive an additional term of one year in state prison for each prior felony conviction on charges brought and tried separately in which it was found by the trier of the fact or admitted by the defendant that the crime was committed because of the victim's race, color, religion, nationality, country of origin, ancestry, disability, or sexual orientation. This additional term shall only apply where a sentence enhancement is not imposed pursuant to Section 667 or 667.5.

(e) The additional term in subdivisions (a), (b), and (d) shall not be imposed unless the allegation is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact.

(f) The additional term in subdivisions (a), (b), and (d) shall be in addition to any other punishment provided by law.

(g) Notwithstanding any other law, the court may strike the additional term in subdivisions (a), (b), and (d) if the court determines that there are mitigating circumstances and states on the record the reasons for striking the additional punishment.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 30914 of the Streets and Highways Code is amended to read:

30914. (a) In addition to any other authorized expenditures of toll bridge revenues, the following major projects may be funded from toll revenues of all bridges in the southern bridge unit:

1. Dumbarton Bridge: Improvement of the western approaches from Route 101 if affected local governments are involved in the planning.

2. San Mateo-Hayward Bridge and approaches: Widening of the bridge to six lanes, construction of rail transit capital improvements on the bridge structure, and improvements to the Route 92/Route 880 interchange.

3. Construction of West Grand connector or an alternate project designed to provide comparable benefit by reducing vehicular traffic congestion on the eastern approaches to the San Francisco-Oakland Bay Bridge. Affected local governments shall be
involved in the planning.

(4) Not less than 90 percent of the revenues derived from the toll increase for Class I vehicles on the San Francisco-Oakland Bay Bridge authorized by Sections 30916 and 30917 shall be used exclusively for rail transit capital improvements designed to reduce vehicular traffic congestion on that bridge.

(b) Notwithstanding Section 30895.5, up to 3 percent of the revenues derived from the toll increase authorized by Sections 30916 and 30917 on all bridges in the southern bridge unit may be allocated by the Metropolitan Transportation Commission for transportation projects, other than those specified in Sections 30912, 30913, and 30914, which are designed to reduce vehicular traffic congestion on any bridge in that group, including, but not limited to, bicycle facilities and for the planning, construction, operation, and acquisition of rapid water transit systems. The plans for the projects may also be funded by these moneys. This section does not authorize any allocation of funds for any transit project which is inconsistent with or which violates the terms of any bond resolution of the California Transportation Commission pursuant to which bonds are outstanding on the effective date of the act amending this section at the 1989–90 Regular Session.

(c) The department shall report to the Legislature on the structural feasibility of incorporating rail transit on the San Mateo-Hayward Bridge during the preliminary design phase for widening that bridge.

CHAPTER 268

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 39302 of the Education Code is amended to read:

39302. Before the governing board of a school district enters into a lease or agreement pursuant to this article, it shall have available a site upon which a building to be used by the district may be constructed and shall have complied with the provisions of law relating to the selection and approval of sites, and it shall have prepared and shall have adopted plans and specifications for the building that have been approved pursuant to Sections 39140 to 39159, inclusive. A district has a site available for the purposes of this section under any of the following conditions:

(a) If it owns a site or if it has an option on a site that allows the
school district or the designee of the district to purchase the site. Any school district may acquire and pay for an option containing such a provision.

(b) If it is acquiring a site by eminent domain proceedings and pursuant to Chapter 6 (commencing with Section 1255.010) of Title 7 of Part 3 of the Code of Civil Procedure, the district has obtained an order for possession of the site, and the entire amount deposited with the court as the probable amount of compensation for the taking has been withdrawn.

(c) In the case of a district qualifying under Section 39308.5, if it is leasing a site from a governmental agency pursuant to a lease having an original term of 35 years or more or having an option to renew that, if exercised, would extend the term to at least 35 years.

CHAPTER 269

An act to amend Sections 25830 and 25831 of, and to add and repeal Section 25830.1 of, the Government Code, relating to waste disposal fees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 25830 of the Government Code is amended to read:

25830. (a) On or before the first day of July of each calendar year, the board of supervisors of any county may, by resolution or ordinance, establish a schedule of fees to be imposed on land within the unincorporated area of the county and incorporated areas of the county where cities do not provide their own waste disposal sites, revenue from the fees to be used for the acquisition, operation, and maintenance of county waste disposal sites and for financing waste collection, processing, reclamation, and disposal services, where those services are provided. In establishing the schedule of fees, the board of supervisors shall classify the land based upon the various uses to which the land is put, the volume of waste occurring from the different land uses and any other factors that the board determines would reasonably relate the waste disposal fee to the land upon which it would be imposed. Fees imposed within the incorporated and unincorporated areas shall be uniform. Prior to imposing fees within an incorporated area, the board of supervisors shall obtain the consent of the legislative body of the city to impose the fees.

(b) The board shall set a reasonable fee for each category established and divide the land according to categories and ownership; provided, however, that the board shall establish categories of land for which:
(1) No services are provided and no fee required.
(2) Services are provided and no fee required.
(c) The board shall determine eligibility for inclusion in these
categories, upon application, on a case-by-case basis. The board shall
impose the appropriate fee upon each division of land and provide
for the billing and collection of the fees. The fees may be established,
billed, and collected on a monthly or yearly basis, and may be billed
and collected by the county tax collector as part of the regular county
tax billing system.

SEC. 2. Section 25830.1 is added to the Government Code, to read:

25830.1. Notwithstanding the uniformity requirement in Section
25830, the Tuolumne County Board of Supervisors may recover solid
waste disposal fee revenues which would have been collected on
land within the Sonora city limits had statutory authority to levy
those fees within incorporated areas been in place for the 1991–92
and subsequent fiscal years. The fee revenue shall be recovered
through solid waste disposal fees on incorporated lands over a
two-year period beginning with the first year in which statute allows
the imposition of the fees on lands within incorporated areas. This
section shall become inoperative on July 1, 1995, and this section is
repealed on January 1, 1996, unless a later enacted statute, which is
enacted before January 1, 1995, deletes or extends that date.

SEC. 3. Section 25831 of the Government Code is amended to read:

25831. Any fees authorized pursuant to Section 25830 or 25830.1
which remain unpaid for a period of 60 or more days after the date
upon which they were billed may be collected thereafter by the county as provided herein.
(a) Once a year the board of supervisors shall cause to be
prepared a report of delinquent fees. The board shall fix a time, date
and place for hearing the report and any objections or protests
thereto.
(b) The board shall cause notice of the hearing to be mailed to the
landowners listed on the report not less than 10 days prior to the date
of the hearing.
(c) At the hearing the board shall hear any objections or protests
of landowners liable to be assessed for delinquent fees. The board
may make revisions or corrections to the report as it deems just, after
which, by resolution, the report shall be confirmed.
(d) The delinquent fees set forth in the report as confirmed shall
constitute special assessments against the respective parcels of land
and are a lien on the property for the amount of the delinquent fees.
A certified copy of the confirmed report shall be filed with the
county auditor for the amounts of the respective assessments against
the respective parcels of land as they appear on the current
assessment roll. The lien created attaches upon recordation, in the
office of the county recorder of the county in which the property is
situated, of a certified copy of the resolution of confirmation. The
assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for those taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to the assessment, except that if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of the taxes would become delinquent, then the lien that would otherwise be imposed by this section shall not attach to the real property and the delinquent fees, as confirmed, relating to the property shall be transferred to the unsecured roll for collection.

SEC. 4. The Legislature finds and declares that a special act is necessary and that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances applicable to Tuolumne County.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to help counties rapidly recoup their costs associated with the provision of waste disposal services to incorporated areas which are not otherwise served by cities, it is necessary that this act take effect immediately.

SECTION 1. Section 8519 of the Business and Professions Code is amended to read:

8519. Certification as used in this section means a written statement by the registered company attesting to the statement contained therein relating to the absence or presence of wood-destroying pests or organisms and, listing such recommendations, if any, which appear on an inspection report prepared pursuant to Section 8516, and which relate to (1) infestation or infection of wood-destroying pests or organisms found, or (2) repair of structurally weakened members caused by such
infestation or infection, and which recommendations have not been completed at the time of certification.

Any registered company which makes an inspection report pursuant to Section 8516, shall, if requested by the person ordering the inspection report, prepare and deliver to that person or his or her designated agent, a certification, to provide:

(a) When the inspection report prepared pursuant to Section 8516 has disclosed no infestation or infection: “This is to certify that the above property was inspected on ________ (date) in accordance with the Structural Pest Control Act and rules and regulations adopted pursuant thereto, and that no evidence of active infestation or infection was found in the visible and accessible areas.”

(b) When the inspection report prepared pursuant to Section 8516 discloses infestation or infection and the notice of work completed prepared pursuant to Section 8518 indicates that all recommendations to remove that infestation or infection and to repair damage caused by that infestation or infection have been completed: “This is to certify that the property described herein is now free of evidence of active infestation or infection in the visible and accessible areas.”

(c) When the inspection report prepared pursuant to Section 8516 discloses infestation or infection and the notice of work completed prepared pursuant to Section 8518 indicates that the registered company has not completed all recommendations to remove that infestation or infection or to repair damage caused by it: “This is to certify that the property described herein is now free of evidence of active infestation or infection in the visible and accessible areas except as follows: ________ (describing infestations, infections, damage or evidence thereof, excepted).”

This certificate shall be accompanied by a copy of the inspection report prepared pursuant to Section 8516, and by a copy of the notice of work completed prepared pursuant to Section 8518, if any notice has been prepared at the time of the certification, or the certification may be endorsed on and made a part of that inspection report or notice of work completed.

SEC. 2. Section 8569 of the Business and Professions Code is amended to read:

8569. In addition to the partner or other individual designated as the qualifying manager for a registered company which is organized as a partnership, if any of the company’s partners desire to actively engage in pest control on behalf of the partnership each shall be required to qualify for and to be licensed as an operator or field representative.

Nothing in this chapter shall prohibit any partner who is duly qualified and licensed in one or more of the branches of pest control designated in Section 8560, from representing the partnership in any other branch of pest control for which the partnership is registered, except that he or she may actively engage in pest control as an operator or field representative only in the branch for which he or
she is qualified and licensed.

Upon being licensed as an operator or field representative, the other partner may engage in pest control only on behalf of the partnership of which he or she is a member, as long as he or she remains a partner thereof, but he or she may become associated with another partnership, or with a firm or corporation, in a capacity other than as a qualifying manager.

SEC. 3. Section 8570 of the Business and Professions Code is amended to read:

8570. In addition to the officer or other individual designated as the qualifying manager for a registered company which is organized as an association or corporation, if any of the company's other officers desire to actively engage in pest control in behalf of the association or corporation, each shall be required to qualify for and to be licensed as an operator or field representative.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 274

An act to amend Sections 8516, 8516.1, 8517, 8538, 8551.5, 8560, 8562, 8564, 8564.5, 8565, and 8572 of the Business and Professions Code, relating to structural pest control.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) This section, and Section 8519, apply only to wood destroying pests or organisms, but do not apply to work conducted pursuant to Section 8516.1.

(b) No registered company or licensee shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood
destroying pests or organisms until an inspection has been made. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person’s designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person’s designated agent, before work is commenced. The following shall be set forth in the report:

1. The date of the inspection and the name of the licensee making the inspection.

2. The name and address of the person or firm ordering the report.

3. The name and address of any person who is a party in interest to whom the board is to send certified copies of inspection reports and completion notices as provided in subdivision (h).

4. The address or location of the property.

5. A general description of the building or premises inspected.

6. A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions which would ordinarily subject those parts to attack by wood destroying pests or organisms exist.

7. Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces, roof framing that includes the eaves, rafters, fascias, exposed timbers, exposed sheathing, ceiling joists, and attic walls, or other parts subject to attack by wood destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions, evidence of roof leaks, and insufficient ventilation are to be reported.

8. One of the following statements, as appropriate, printed in bold type:

   A) The exterior surface of the roof will not be inspected. If you want the water tightness of the roof determined, you should contact a roofing contractor who is licensed by the Contractors’ State License Board.

   B) The exterior surface of the roof was inspected to determine whether or not wood destroying pests or organisms are present.

9. Indication or description of any areas that are inaccessible or not inspected with suggestion for further inspection if practicable. If, after the report has been made in compliance with this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

10. Recommendations for corrective measures.
(11) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(12) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate or bid for repairs shall be given separately allocating the costs to perform each and every recommendation for corrective measures as specified in subdivision (c) with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) At the time a report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infestation or infection which is evident.

(2) The conditions that are present which are deemed likely to lead to infestation or infection.

If a registered company or licensee fails to inform as required by this subdivision and a dispute arises, or if any other dispute arises as to whether this subdivision has been complied with, a separate report shall be provided within 24 hours of the request but, in no event, later than the next business day, and at no additional cost.

(d) When a corrective condition is identified, either as paragraph (1) or (2) of subdivision (c), and the responsible party, as negotiated between the buyer and the seller, chooses not to correct those conditions, the registered company or licensee shall not be liable for damages resulting from a failure to correct those conditions or subject to any disciplinary action by the board. Nothing in this subdivision, however, shall relieve a registered company or a
licensee of any liability resulting from negligence, fraud, dishonest dealing, other violations pursuant to this chapter, or contractual obligations between the registered company or licensee and the responsible parties.

(e) The inspection report form prescribed by the board shall separately identify paragraphs (1) and (2) of subdivision (c). Additionally, the form shall explain paragraphs (1) and (2) of subdivision (c) conditions and the difference between those conditions. In no event, however, shall conditions described pursuant to paragraph (2) of subdivision (c) be characterized as actual "defects" or as actual "active" infestations or infections or in need of correction as a precondition to issuing a certification pursuant to Section 8519.

(f) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(g) Control service is defined as the regular reinspection of a property after a report has been made in compliance with this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs (1) to (9), inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(h) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(i) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

This section shall become operative on July 1, 1989.

SEC. 2. Section 8516.1 of the Business and Professions Code is amended to read:

8516.1. (a) This section applies only to work conducted by a
wood roof cleaning and treatment registered company or licensee.

(b) No wood roof cleaning and treatment registered company or licensee shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying organisms or nondecay fungi on a wood shake or shingle roof until an inspection has been made. All inspections performed by these registered companies or licensees shall be on properties that are not offered for sale, lease, or exchange, and shall be limited to the wood shakes or shingles on wood shake or shingle roofs and may only be performed for purposes of detecting the presence or absence of wood destroying organisms such as decay fungi on the wood shakes or shingles and resulting decay, or nondecay fungi such as mold, mildew, lichen, or moss on the wood shakes or shingles.

(c) All wood roof cleaning and treatment registered companies shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section shall be on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person’s designated agent within five days of the inspection if a contract is executed to perform the work. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the contract is executed to perform corrective work. The report shall be delivered to the person requesting the inspection, or to the person’s designated agent, before work is commenced. The following items shall be set forth in the report:

1. The date of the inspection and the name of the licensee making the inspection.
2. The name and address of the person or firm ordering the report.
3. The name and address of any person who is a party in interest to whom the board is to send certified copies of the inspection reports and completion notices as provided in subdivision (f).
4. The address or location of the property.
5. A general description of the building inspected.
6. A diagram or sketch of the roof inspected indicating thereon the type and approximate location of any infection of wood destroying organisms or nondecay fungi.
7. Information regarding conditions usually deemed likely to lead to infection of wood destroying organisms and nondecay fungi.
8. Recommendations for corrective measures.
9. Information regarding the wood preservative to be used for control of the wood destroying organisms and nondecay fungi as set forth in subdivision (a) of Section 8538.
10. A statement printed in 10-point boldface type, stating that the corrective measures will not improve the water tightness of the roof and if the person or entity who ordered the report wants the roof inspected for a determination of water tightness, that person or
entity should contact a roofing contractor who is licensed by the Contractors' State License Board.

(11) For purposes of this section and Section 8516, “water tightness” means that at the time the inspection was performed the roof would not, under normal climatic conditions, leak.

(d) At the time the report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infection that is evident.
(2) The conditions that are present which are deemed likely to lead to infection of wood destroying organisms such as decay fungus.
(3) The conditions that are present which are nondecay fungi such as mold, mildew, lichen, or moss.

If the registered company or licensee fails to comply with the requirements of this subdivision and a dispute arises, or if any dispute arises as to whether this subdivision has been complied with, a separate report shall be provided to the person or entity ordering the report within 24 hours of that request, but in no event later than the next business day, and at no additional cost.

(e) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall take effect.

(f) Whenever a report is filed pursuant to subdivision (c), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested, and, upon payment of an appropriate search fee.

(g) All work recommended by the registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on that report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

(h) All wood roof cleaning and treatment registered companies shall possess a current roofing contractor’s license issued by the Contractors’ State License Board. This requirement shall apply on and after July 1, 1993.

SEC. 3. Section 8517 of the Business and Professions Code is amended to read:

8517. Any work contract, billing, agreement, letter of work completed, or other correspondence or document expressing an opinion or making a statement relating to the presence or absence
of wood destroying pests or organisms, or for wood roof cleaning and
treatment registered companies, relating to the presence or absence
of wood destroying organisms or nondecay fungi, shall refer to the
inspection report required by Section 8516 or 8516.1. Such
documents shall indicate specifically whether all of the
recommended work as set forth in the inspection report was
completed, or, if not, it shall indicate specifically which
recommendations were not completed.

SEC. 4. Section 8538 of the Business and Professions Code is
amended to read:

8538. (a) A structural pest control operator, field representative,
or employee of a registered company shall provide the owner, or
owner’s agent, and tenant of the premises for which the work is to
be done with clear written notice which contains the following
statements and information using words with common and everyday
meaning:

(1) The pest to be controlled or in the case of wood roof cleaning
and treatment registered company applications, the purpose of
applying the wood preservative or preservatives.

(2) The pesticide or pesticides proposed to be used, and the active
ingredient or ingredients.

(3) "State law requires that you be given the following
information: CAUTION—PESTICIDES ARE TOXIC CHEMICALS.
Structural Pest Control Companies are registered and regulated by
the Structural Pest Control Board, and apply pesticides which are
registered and approved for use by the California Department of
Food and Agriculture and the United States Environmental
Protection Agency. Registration is granted when the state finds that
based on existing scientific evidence there are no appreciable risks
if proper use conditions are followed or that the risks are outweighed
by the benefits. The degree of risk depends upon the degree of
exposure, so exposure should be minimized."

"If within 24 hours following application you experience symptoms
similar to common seasonal illness comparable to the flu, contact
your physician or poison control center (telephone number) and
your pest control company immediately." (This statement shall be
modified to include any other symptoms of overexposure which are
not typical of influenza.)

"For further information, contact any of the following: Your Pest
Control Company (telephone number); for Health Questions—the
County Health Department (telephone number); for Application
Information—the County Agricultural Commissioner (telephone
number) and for Regulatory Information—the Structural Pest
Control Board (telephone number and address)."

(b) In the case of Branch 1 applications, the notice, as prescribed
by subdivision (a), shall be provided at least 48 hours prior to
application unless fumigation follows inspection by less than 48
hours.

In the case of Branch 2, Branch 3 or wood roof cleaning and
treatment registered company applications, the notice, as prescribed by subdivision (a) shall be provided no later than prior to application.

In either case, the notice shall be given to the owner, or owner's agent, and tenant, if there is a tenant, in at least one of the following ways:

(1) First-class mail.
(2) Posting in a conspicuous place on the real property.
(3) Personal delivery.

If the building is commercial or industrial, a notice shall be posted in a conspicuous place, unless the owner or owner's agent objects, in addition to any other notification required by this section.

The notice shall only be required to be provided at the time of the initial treatment if a contract for periodic service has been executed. If the pesticide to be used is changed, another notice shall be required to be provided in the manner previously set forth herein.

(c) On or before January 1, 1986, the board shall promulgate appropriate administrative regulations for the implementation of this section.

(d) Any person or licensee who, or registered company which, violates any provision of this section is guilty of a misdemeanor and is punishable as set forth in Section 8553.

SEC. 5. Section 8551.5 of the Business and Professions Code is amended to read:

8551.5. No unlicensed individual in the employ of a registered company shall apply any insecticide, pesticide, rodenticide, fumigant, or allied chemicals or substances for the purpose of eliminating, exterminating, controlling or preventing infestation or infections of such pests, or organisms included in Branch 2, Branch 3, or wood roof cleaning and treatment registered company unless that individual has successfully passed an examination conducted by the board pursuant to Section 8564.5. However, that individual may, for 30 days from the date of hire, apply insecticides, pesticides, rodenticides, fumigants, or allied chemicals for the purposes of training under the direct supervision of a licensee employed by the company. This direct supervision means in the presence of the licensee at all times. The 30-day time period may not be extended.

SEC. 6. Section 8560 of the Business and Professions Code is amended to read:

8560. (a) Licenses issued to operators or field representatives shall be limited to the branch or branches of pest control for which the applicant or a wood roof cleaning and treatment registered company has qualified by application and examination.

(1) For the purpose of delimiting the type and character of work authorized by the various branch licenses hereinafter set forth, the practice of pest control is classified into the following branches, namely,

Branch 1. Fumigation. The practice relating to the control of household and wood destroying pests or organisms by fumigation
with poisonous or lethal gases.

Branch 2. General pest. The practice relating to the control of household pests, excluding fumigation with poisonous or lethal gases.

Branch 3. Termite. The practice relating to the control of wood destroying pests or organisms by the use of insecticides, or structural repairs and corrections, excluding fumigation with poisonous or lethal gases.

(2) For the purposes of delimiting the type and character or work authorized for wood roof cleaning and treatment registered companies, the following apply:

(A) The practice of inspecting wood shake or shingle roofs to determine the presence or absence of (i) wood destroying organisms including decay fungi on the wood shakes or shingles, and resulting decay, and (ii) nondecay fungi including mold, mildew, lichen, or moss; cleaning the wood shakes or shingles; and applying wood preservatives to the wood shakes or shingles to prevent infection of wood destroying organisms or nondecay fungi or further damage from wood destroying organisms.

(B) The board may issue a license for a combination of two or more licenses for which an applicant qualifies under the provisions of this chapter, and such combination license shall be considered one license for the purpose of determining the fee to be charged under Section 8674.

(b) Unless otherwise authorized by the board, all written examinations shall be in ink in books supplied by the board. All examination papers shall be kept for a period of one year, upon the expiration of which such papers may be destroyed on order of the board. Each applicant for license shall be designated by a number instead of by name, and the identity thereof shall not be disclosed until the examination papers are graded. No person shall be admitted to the examination room except members of the board, the examining personnel, and the applicants for license.

(c) The board shall make rules and regulations for the purpose of securing fair, impartial, and proper examinations.

(d) Licensees may be licensed in other branches or as a wood roof cleaning and treatment registered company upon complying with the requirements for qualification and by examination in those other branches, or a wood roof cleaning and treatment registered company. No failure of the licensee to pass examination in such other branch or branches shall have any effect on existing licenses.

(e) The examination shall be in each of the subjects specified in the branch, branches, or wood roof cleaning and treatment registered company relating to the respective applications. License according to such applications shall be granted to any applicant who shall make a general average of not less than 70 percent on each of the subjects of such branch or branches.

SEC. 7. Section 8562 of the Business and Professions Code is amended to read:

8562. To obtain an original operator's license, an applicant shall
submit to the registrar an application in writing containing the statement that the applicant desires the issuance of an operator’s license under the terms of this chapter.

The application shall be made on forms prescribed by the board and issued by the registrar in accordance with rules and regulations adopted by the board, and shall contain the following:

(a) The name of the applicant.

(b) Proof satisfactory to the board that the applicant has had actual experience for a period of not less than the time specified opposite the branches listed below in the employ of a registered company in the State of California in the particular branch, branches, or wood roof cleaning and treatment registered companies of pest control for which the applicant desires to be licensed, or the equivalent of that experience:

- Branch 1: 2 years
- Branch 2: 2 years
- Branch 3: 4 years
- Wood roof cleaning and treatment: 2 years

For the purpose of this subdivision one year shall equal 1,600 hours of actual experience in the field. However, any person who was actively involved in the business of commercially applying wood preservatives to shake or shingle roofs for at least two years in the five-year period prior to July 1, 1990, is deemed to have sufficient experience for wood roof cleaning and treatment registered companies, provided the person submits proof to the board of that experience, and that person shall not be required to demonstrate to the board that he or she has satisfactorily passed the courses specified in Section 8565.5 as a condition for the issuance of that operator’s license.

(c) A designation of the branch, branches, or wood roof cleaning and treatment registered companies for which the application is made.

(d) The fees prescribed by this chapter.

(e) No operator’s license shall be issued to an individual under 18 years of age.

(f) Effective January 1, 1993, an operator’s license shall not be issued to an individual unless that individual has been licensed as a field representative in the branch or company in which the individual has applied for an operator’s license for a period of at least one year, in the case of Branch 1, 2, wood roof cleaning and treatment registered companies, or for a period of at least two years for Branch 3, or has demonstrated to the satisfaction of the board that he or she has the equivalent of such training and experience.

SEC. 8. Section 8564 of the Business and Professions Code is amended to read:

8564. To obtain an original field representative’s license, an applicant shall submit to the registrar an application in writing
containing a statement that the applicant desires the issuance of a field representative's license under the terms of this chapter.

The application shall be made on a form prescribed by the board and issued by the registrar in accordance with rules and regulations adopted by the board, and shall contain the following:

(a) The length of time during which the applicant has engaged in any work relating to pest control.

(b) The name and place of business of the person who last employed him or her.

(c) The name of the person by whom the applicant is employed.

(d) The name of the registered company by which the applicant is to be employed.

(e) The fees prescribed by this chapter.

The board shall not accept any application for a field representative license in Branch 1 unless the applicant submits proof satisfactory to the board that he or she has had six months' training and experience in the practice of fumigating with poisonous or lethal gases under the immediate supervision of an individual licensed to practice fumigating, or the equivalent of such training and experience.

The board shall not accept any application for a field representative license in Branch 2 unless the applicant submits proof satisfactory to the board that he or she has had training and experience in the practice of pesticide application, Branch 2 pest identification and biology, pesticide application equipment, and pesticide hazards and safety practice under the immediate supervision of an operator or field representative licensed in Branch 2, or the equivalent of such training and experience.

The board shall not accept any application for a field representative license in Branch 3 unless the applicant submits proof satisfactory to the board that he or she has had training and experience in the practice of pesticide application, Branch 3 pest identification and biology, pesticide application equipment, pesticide hazards and safety practices, structural repairs, and structural inspection procedures and report writing under the immediate supervision of an operator or field representative licensed in Branch 3, or the equivalent of such training and experience.

The board, on and after July 1, 1990, shall not accept any application for a field representative license as a wood roof cleaning and treatment registered company unless the applicant submits proof satisfactory to the board that he or she has had experience and training in the practice of identification of wood destroying organisms and nondecay fungi on wood shake or shingle roofs, wood preservative application equipment, wood preservative hazards and safety practices, wood shake or shingle roof inspection procedures and report writing under the immediate supervision of an operator or field representative licensed as a wood roof cleaning and treatment registered company, and wood preservative application
procedures, or the equivalent of that experience and training.

SEC. 9. Section 8564.5 of the Business and Professions Code is amended to read:

8564.5. (a) Prior to the application of any chemical substance included in Branch 2 or Branch 3 by any unlicensed individual in the employ of a registered company, as specified in Section 8551.5, the board shall ascertain by written examination that the individual has sufficient knowledge in pesticide equipment, pesticide mixing and formulation, pesticide application procedures and pesticide label directions.

(b) Passage of the written examination authorizes an individual to apply any chemical substance in Branch 2 or Branch 3 for a period not to exceed three years at which time he or she shall again apply for and successfully pass the written examination.

(c) Individuals who have successfully passed the written examination by January 1, 1990, shall again successfully pass the examination by January 1, 1991, in order to allow the individual to apply any chemical substance in Branch 2 or Branch 3 for a period not to exceed three years at which time the individual shall again apply for and successfully pass the written examination.

(d) Prior to the application of any wood preservative, as part of a roof restoration process covered under Section 8516.1, by any unlicensed individual in the employ of a registered company as specified in Section 8551.5, the board shall, on and after July 1, 1990, ascertain by written examination that the individual has sufficient knowledge of wood preservative application equipment, wood preservative application procedures, mixing and formulation and wood preservative label directions.

(e) The board may charge a fee for any examination required by this section in an amount sufficient to cover the cost of administering such examination, provided, however, that such fee shall not exceed fifteen dollars ($15).

SEC. 10. Section 8565 of the Business and Professions Code is amended to read:

8565. The board shall ascertain by written examination that an applicant for a license as operator is qualified in the use and understanding of all of the following:

(a) The English language, including reading, writing and spelling.

(b) The building and safety laws of the state and any of its political subdivisions, if the branch or branches of pest control, or wood roof cleaning and treatment registered company for which he or she is applying, require such knowledge.

(c) The labor laws of the state.

(d) The provisions of this chapter.

(e) Poisonous and other dangerous chemicals used in pest control, if the branch license or licenses for which he or she is applying, require such knowledge.

(f) The theory and practice of pest control in the branch or company in which the applicant desires to be licensed.
(g) Such other state laws, safety or health measures, or practices as are reasonably within the scope of structural pest control in the various branches, including an applicant's knowledge of the requirements regarding health effects and restrictions on applications, as set forth in Section 8538.

SEC. 11. Section 8572 of the Business and Professions Code is amended to read:

8572. (a) All requirements in this chapter with respect to (1) applicants for a license pursuant to Section 8516.1, (2) wood roof cleaning and treatment licensees, or (3) otherwise related to the regulation of wood roof cleaning and treatment registered companies activities shall become operative on and after July 1, 1990, insofar as they regulate those activities, and this chapter shall not be enforceable against any person applying a wood preservative to a shake or shingle roof before July 1, 1990.

(b) The board shall develop the written examinations required by Sections 8564.5, 8565, and 8566 and begin offering those examinations on or before June 1, 1990.

(c) Any person intending to apply for an operator's license shall be permitted by the board to complete the courses required by subdivision (d) of Section 8565.5 before July 1, 1990.

(d) The board shall make necessary conforming changes to its regulations with respect to the licensing of individuals pursuant to Section 8516.1.

CHAPTER 275

An act to add Section 6735.6 to the Business and Professions Code, relating to professional engineers.

[Approved by Governor July 18, 1992. Filed with Secretary of State July 20, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 6735.6 is added to the Business and Professions Code, to read:

6735.6. If a registered civil engineer is required to provide as built, as constructed, or record plans for improvements or grading, which plans show changes during the construction process, the following shall apply:

(a) If the registered civil engineer provided construction phase services on the project that include supervision of the construction of engineering structures, the plans shall be based upon the field observations of the registered civil engineer and his or her agents, and information received from the project owner, project contractors, and public agencies.

(b) If the registered civil engineer did not provide construction
phase services on the project that include supervision of the construction of engineering structures, the plans shall be based on information received from the project owner, project contractors, and public agencies, but need not be based upon a field verification or investigation of the improvements or grades, unless the registered civil engineer is engaged to provide such field verification services.

(c) The registered civil engineer shall not be required to include a certificate or statement on as built, as constructed, or record plans that is inconsistent with or varies from the provisions of this section.

CHAPTER 276

An act to add Section 11319 to the Penal Code, relating to gaming.

[Approved by Governor July 20, 1992. Filed with Secretary of State July 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this bill to reinforce long-standing statutory prohibitions against gambling on ships that operate in California waters or from California ports. Consistent with these prohibitions under existing law and with the prohibition of casinos, as specified in subdivision (e) of Section 19 of Article IV of the California Constitution, it is the intent of the Legislature to reiterate that gambling activities within the meaning of Chapter 9 (commencing with Section 319), Chapter 10 (commencing with Section 330), or Chapter 10.5 (commencing with Section 337.1) of Title 9 of Part 1 of the Penal Code are prohibited on craft where voyages begin and end in waters of this state, consistent with the standards specified in Public Law No. 102-251, Sec. 202(b)(1)(2)(A) (15 U.S.C. 1175). Therefore, this legislation buttresses current law that prohibits gambling activities on so-called “voyages to nowhere,” that are conducted entirely intrastate and in California waters.

SEC. 2. Section 11319 is added to the Penal Code, to read:

11319. It is unlawful for any person to do any of the following:

(a) Violate any provision of Chapter 9 (commencing with Section 319), Chapter 10 (commencing with Section 330), or Chapter 10.5 (commencing with Section 337.1) of Title 9 of Part 1 on a craft that embarks from any point within the state, and disembarks at the same or another point within the state, during which time the person intentionally causes or knowingly permits gambling activity to be conducted, whether within or without the waters of the state.

(b) Manage, supervise, control, operate, or own any craft that embarks from any point within the state, and disembarks at the same or another point within the state, during which time the person intentionally causes or knowingly permits gambling activity which
would violate any provision of Chapter 9 (commencing with Section 319), Chapter 10 (commencing with Section 330), or Chapter 10.5 (commencing with Section 337.1) of Title 9 of Part 1 to be conducted, whether within or without the waters of the state.

(c) This section shall not apply to gambling activity conducted on United States-flagged or foreign-flagged craft during travel from a foreign nation or another state or possession of the United States up to the point of first entry into California waters or during travel to a foreign nation or another state or possession of the United States from the point of departure from California waters, provided that nothing herein shall preclude prosecution for any other offense under this article.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 777

An act to amend Section 25503.16 of the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 20, 1992. Filed with Secretary of State July 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.16 of the Business and Professions Code is amended to read:

25503.16. (a) Nothing in this division shall prohibit the issuance or transfer of any retail on-sale or off-sale license to any person with respect to premises which are an integral part of the operations of a hotel, motel, or marine park owned by, or operated by or on behalf of, the licensee notwithstanding that a manufacturer, winemaker, manufacturer's agent, California winegrower’s agent, rectifier, distiller, bottler, importer, or wholesaler has any interest, directly or indirectly, in the premises, in the retail license, or in the retail licensee, and notwithstanding that the issuance or transfer would otherwise result in a violation of subdivision (a) of Section 25500, subdivision (a) or (b) of Section 25501, or Section 25502, if each of the following conditions is met:
(1) In the case of a hotel or motel, the hotel or motel consists of not less than 100 guestroom accommodations.

(2) No more than one-quarter of the total gross annual revenues of the hotel, motel, or marine park is derived from the sale by the hotel, motel, or marine park of alcoholic beverages.

(3) The retail licensee shall purchase no beer or distilled spirits for sale in this state other than from a wholesale licensee, and the retail licensee shall purchase no alcoholic beverages for sale in this state from any wholesale licensee which has any interest, directly or indirectly, in the premises, in the retail license, or in the retail licensee.

(4) The retail licensee serves other brands of beer, wine, and distilled spirits in addition to the brands manufactured by the beer or distilled spirits manufacturer or produced by the winegrower holding an interest in the retail license.

(5) No marine park shall sell or offer for sale any distilled spirits, except during private events or private functions held at the marine park.

(b) For purposes of this section, "hotel" and "motel" shall mean an establishment containing guestroom accommodations with respect to which the predominant relationship existing between the occupants thereof and the owner or operator of the establishment is that of innkeeper and guest; for purposes of this subdivision, the existence of other legal relationships as between some occupants and the owner or operator thereof shall be immaterial.

(c) For purposes of this section, "marine park" means an establishment with not less than 125 contiguous acres, located in San Diego County, the predominant purpose of which is the education or entertainment of the public through the display of marine animals and related aquatic, food service, and amusement activities, which holds permits issued by state and federal regulatory agencies authorizing the keeping of marine animals or endangered species or both, and which has an annual paid attendance of at least 2,000,000 people.

(d) The Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exception established by this section to the general prohibition against tied interests must be limited to its express terms so as not to undermine the general prohibition, and intends that this section be construed accordingly.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:
The recession has adversely affected tourism, California's number one industry. Convention business is critical to the growth of tourism. This bill will permit marine parks to offer full alcoholic beverage services, thereby enhancing these facilities as convention sites. Accordingly, it is necessary that this act take effect immediately to attract increased convention and other tourism related business vital to the state's economy.

CHAPTER 278

An act to amend Section 1382 of, and to add Section 1387.2 to, the Penal Code, and to amend and repeal Section 23155 of the Vehicle Code, relating to crimes.

[Approved by Governor July 20, 1992. Filed with Secretary of State July 21, 1992 ]

The people of the State of California do enact as follows:

SECTION 1. Section 1382 of the Penal Code is amended to read: 1382. (a) The court, unless good cause to the contrary is shown, shall order the action to be dismissed in the following cases:

(1) When a person has been held to answer for a public offense and an information is not filed against that person within 15 days thereafter.

(2) When a defendant is not brought to trial in a superior court within 60 days after the finding of the indictment or filing of the information or, in case the cause is to be tried again following a mistrial, an order granting a new trial from which an appeal is not taken, or an appeal from the superior court, within 60 days after the mistrial has been declared, after entry of the order granting the new trial, or after the filing of the remittitur in the trial court, or after the issuance of a writ or order which, in effect, grants a new trial, within 60 days after notice of the writ or order is filed in the trial court and served upon the prosecuting attorney, or within 90 days after notice of the writ or order is filed in the trial court and served upon the prosecuting attorney in any case where the district attorney chooses to resubmit the case for a preliminary examination after an appeal or the issuance of a writ reversing a judgment of conviction upon a plea of guilty prior to a preliminary hearing in a municipal or justice court. However, an action shall not be dismissed under this paragraph if either of the following circumstances exist:

(A) The defendant enters a general waiver of the 60-day trial requirement. A general waiver of the 60-day trial requirement entitles the superior court to set or continue a trial date without the sanction of dismissal should the case fail to proceed on the date set for trial. If the defendant, after proper notice to all parties, later withdraws his or her waiver in the superior court, the defendant shall
be brought to trial within 60 days of the date of that withdrawal. If a general time waiver is not expressly entered, subparagraph (B) shall apply.

(B) The defendant requests or consents to the setting of a trial date beyond the 60-day period. Whenever a case is set for trial beyond the 60-day period by request or consent, expressed or implied, of the defendant without a general waiver, the defendant shall be brought to trial on the date set for trial or within 10 days thereafter.

Whenever a case is set for trial after a defendant enters either a general waiver as to the 60-day trial requirement or requests or consents, expressed or implied, to the setting of a trial date beyond the 60-day period pursuant to this paragraph, the court may not grant a motion of the defendant to vacate the date set for trial and to set an earlier trial date unless all parties are properly noticed and the court finds good cause for granting that motion.

(3) Regardless of when the complaint is filed, when a defendant in a misdemeanor case in an inferior court is not brought to trial within 30 days after he or she is arraigned or enters his or her plea, whichever occurs later, if the defendant is in custody at the time of arraignment or plea, whichever occurs later, or in all other cases, within 45 days after the defendant’s arraignment or entry of the plea, whichever occurs later, or in case the cause is to be tried again following a mistrial, an order granting a new trial from which no appeal is taken, or an appeal from the inferior court, within 30 days after the mistrial has been declared, after entry of the order granting the new trial, or after the remittitur is filed in the trial court or, if the new trial is to be held in the superior court, within 30 days after the judgment on appeal becomes final. However, an action shall not be dismissed under this subdivision if either of the following circumstances exist:

(A) The defendant enters a general waiver of the 30-day or 45-day trial requirement. A general waiver of the 30-day or 45-day trial requirement entitles the inferior court to set or continue a trial date without the sanction of dismissal should the case fail to proceed on the date set for trial. If the defendant, after proper notice to all parties, later withdraws his or her waiver in the inferior court, the defendant shall be brought to trial within 30 days of the date of that withdrawal. If a general time waiver is not expressly entered, subparagraph (B) shall apply.

(B) The defendant requests or consents to the setting of a trial date beyond the 30-day or 45-day period. Whenever a case is set for trial beyond the 30-day or 45-day period by request or consent, expressed or implied, of the defendant without a general waiver, the defendant shall be brought to trial on the date set for trial or within 10 days thereafter.

(C) It is not tried on the date set for trial because of the defendant’s neglect or failure to appear, in which case the defendant shall be deemed to have been arraigned within the meaning of this
subdivision on the date of his or her subsequent arraignment on a
bench warrant or his or her submission to the court.

(b) Whenever a defendant has been ordered to appear in superior
court on a case set for trial or set for a hearing prior to trial, if the
defendant fails to appear on that date and a bench warrant is issued,
the defendant shall be brought to trial within 60 days after the
defendant next appears in the superior court unless a trial date
previously had been set which is beyond that 60-day period.

(c) If the defendant is not represented by counsel, the defendant
shall not be deemed under this section to have consented to the date
for the defendant's trial unless the court has explained to the
defendant his or her rights under this section and the effect of his or
her consent.

SEC. 2. Section 1387.2 is added to the Penal Code, to read:

1387.2. Upon the express consent of both the people and the
defendant, in lieu of issuing an order terminating an action the court
may proceed on the existing accusatory pleading. For the purposes
of Section 1387, the action shall be deemed as having been previously
terminated. The defendant shall be rearraigned on the accusatory
pleading and a new time period pursuant to Section 859b or 1382 shall
commence.

SEC. 3. Section 23155 of the Vehicle Code, as added by Section
35 of Chapter 1114 of the Statutes of 1989, is amended to read:

23155. (a) Upon the trial of any criminal action, or preliminary
proceeding in a criminal action, arising out of acts alleged to have
been committed by any person while driving a vehicle while under
the influence of an alcoholic beverage in violation of subdivision (a)
of Section 23152 or subdivision (a) of Section 23153, the amount of
alcohol in the person's blood at the time of the test as shown by
chemical analysis of that person's blood, breath, or urine shall give
rise to the following presumptions affecting the burden of proof:

(1) If there was at that time less than 0.05 percent by weight of
alcohol in the person's blood, it shall be presumed that the person
was not under the influence of an alcoholic beverage at the time of
the alleged offense.

(2) If there was at that time 0.05 percent or more but less than 0.08
percent by weight of alcohol in the person's blood, that fact shall not
give rise to any presumption that the person was or was not under
the influence of an alcoholic beverage, but the fact may be
considered with other competent evidence in determining whether
the person was under the influence of an alcoholic beverage at the
time of the alleged offense.

(3) If there was at that time 0.08 percent or more by weight of
alcohol in the person's blood, it shall be presumed that the person
was under the influence of an alcoholic beverage at the time of the
alleged offense.

(b) Percent by weight of alcohol in the person's blood shall be
based upon grams of alcohol per 100 milliliters of blood or grams of
alcohol per 210 liters of breath.
(c) This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person ingested any alcoholic beverage or was under the influence of an alcoholic beverage at the time of the alleged offense.

SEC. 4. Section 23155 of the Vehicle Code, as added by Section 37 of Chapter 1114 of the Statutes of 1989, is repealed.

The people of the State of California do enact as follows:

SECTION 1. Section 685.030 of the Code of Civil Procedure is amended to read:

(3) The date of any other performance that has the effect of satisfaction.

(e) The clerk of a municipal or justice court may enter in the Register of Actions a writ of execution on a money judgment as returned wholly satisfied when the judgment amount, as specified on the writ, is fully collected and only an interest deficit of no more than ten dollars ($10) exists, due to automation of the continual daily interest accrual calculation.

SEC. 5. Section 706.022 of the Code of Civil Procedure is amended to read:

706.022. (a) As used in this section, "withholding period" means the period which commences on the 10th day after service of an earnings withholding order upon the employer and which continues until the earliest of the following dates:

4. The addition of daily interest accruing after issuance of the order, as adjusted for partial satisfactions.

(b) From time to time the levying officer, in the levying officer's discretion, may give written notice to the employer of the amount required to satisfy the earnings withholding order and the employer shall determine the total amount to withhold based upon the levying officer's notice, notwithstanding a different amount stated in the order originally served on the employer.

(c) If the full amount required to satisfy the earnings withholding order as stated in the order or in the levying officer's notice under subdivision (b) is withheld from the judgment debtor's earnings, interest ceases to accrue on that amount.
SEC. 7. Section 706.026 of the Code of Civil Procedure is amended to read:

706.026. (a) The levying officer shall receive and account for all amounts paid by the employer pursuant to Section 706.025 and shall pay the amounts so received over to the person entitled thereto at least once every 30 days.

(b) At least once every two years, the levying officer shall file an account with the court for all amounts collected under the earnings withholding order, including costs and interest added to the amount due.

SEC. 8. Section 706.028 of the Code of Civil Procedure is repealed.

SEC. 9. Section 706.028 is added to the Code of Civil Procedure, to read:

706.028. (a) “Final earnings withholding order for costs and interest” means an earnings withholding order for the collection only of unsatisfied costs and interest, which is issued after an earlier earnings withholding order has been returned satisfied.

(b) After the amount stated as owing in a prior earnings withholding order is paid, the judgment creditor may obtain a final earnings withholding order for costs and interest to collect amounts of costs and interest that were not collected under the prior earnings withholding order.

(c) A final earnings withholding order for costs and interest shall be enforced in the same manner as other earnings withholding orders.

(d) Satisfaction of the amount stated as owing in a final earnings withholding order for costs and interest is equivalent to satisfaction of the money judgment. For this purpose, interest ceases to accrue on the date of issuance of the final earnings withholding order and no additional costs may be added after that date, except for the statutory fee for service of the order and any other statutory fees for performing duties under the order.

SEC. 10. Section 706.030 of the Code of Civil Procedure is amended to read:

706.030. (a) A “withholding order for support” is an earnings withholding order issued on a writ of execution to collect delinquent amounts payable under a judgment for the support of a child, or spouse or former spouse, of the judgment debtor. A withholding order for support shall be denoted as such on its face.

(b) Notwithstanding any other provision of this chapter:

(1) An employer shall continue to withhold pursuant to a withholding order for support until the earliest of the dates specified in paragraph (1), (2), or (3) of subdivision (a) of Section 706.022, except that a withholding order for support shall automatically terminate one year after the employment of the employee by the employer terminates.

(2) A withholding order for support has priority over any other earnings withholding order. An employer upon whom a withholding
order for support is served shall withhold and pay over earnings of the employee pursuant to such order notwithstanding the requirements of another earnings withholding order.

(3) Subject to paragraph (2) and to Article 3 (commencing with Section 706.050), an employer shall withhold earnings pursuant to both a withholding order for support and another earnings withholding order simultaneously.

SEC. 11. Section 706.032 is added to the Code of Civil Procedure, to read:

706.032. (a) Except as otherwise provided by statute:

(1) If withholding under an earnings withholding order ceases because the judgment debtor’s employment has terminated, the earnings withholding order terminates at the conclusion of a continuous 180-day period during which no amounts are withheld under the order.

(2) If withholding under an earnings withholding order ceases because the judgment debtor’s earnings are subject to an order or assignment with higher priority, the earnings withholding order terminates at the conclusion of a continuous two-year period during which no amounts are withheld under the order.

(b) If an earnings withholding order has terminated pursuant to subdivision (a), the employer shall return the order to the levying officer along with a statement of the reasons for returning the order.

SEC. 12. Section 706.033 is added to the Code of Civil Procedure, to read:

706.033. If the writ is returned before the earnings withholding order terminates, on termination of the earnings withholding order the levying officer shall make a supplemental return on the writ. The supplemental return shall contain the same information as an original return pursuant to Section 699.560.

SEC. 13. Section 706.107 of the Code of Civil Procedure is repealed.

SEC. 14. Section 706.121 of the Code of Civil Procedure is amended to read:

706.121. The “application for issuance of earnings withholding order” shall be executed under oath and shall include all of the following:

(a) The name, the last known address, and, if known, the social security number of the judgment debtor.

(b) The name and address of the judgment creditor.

(c) The court where the judgment was entered and the date the judgment was entered.

(d) The date of issuance of a writ of execution to the county where the earnings withholding order is sought.

(e) The total amount required to satisfy the order on the date of issuance (which may not exceed the amount required to satisfy the writ of execution on the date of issuance of the order plus the levying officer’s statutory fee for service of the order).

(f) The name and address of the employer to whom the order will
be directed.

(g) The name and address of the person to whom the withheld money is to be paid by the levying officer.

SEC. 15. Section 706.125 of the Code of Civil Procedure is amended to read:

706.125. The "earnings withholding order" shall include all of the following:

(a) The name, address, and, if known, the social security number of the judgment debtor.

(b) The name and address of the employer to whom the order is directed.

(c) The court where the judgment was entered, the date the judgment was entered, and the name of the judgment creditor.

(d) The date of issuance of the writ of execution to the county where the earnings withholding order is sought.

(e) The total amount required to satisfy the order on the date of issuance (which may not exceed the amount required to satisfy the writ of execution on the date of issuance of the order plus the levying officer's statutory fee for service of the order).

(f) A description of the withholding period and an order to the employer to withhold from the earnings of the judgment debtor for each pay period the amount required to be withheld under Section 706.050 or the amount specified in the order subject to Section 706.024, as the case may be, for the pay periods ending during the withholding period.

(g) An order to the employer to pay over to the levying officer at a specified address the amount required to be withheld and paid over pursuant to the order in the manner and within the times provided by law.

(h) An order that the employer fill out the "employer's return" and return it by first-class mail, postage prepaid, to the levying officer at a specified address within 15 days after service of the earnings withholding order.

(i) An order that the employer deliver to the judgment debtor a copy of the earnings withholding order and the "notice to employee of earnings withholding order" within 10 days after service of the earnings withholding order; but, if the judgment debtor is no longer employed by the employer and the employer does not owe the employee any earnings, the employer is not required to make such delivery.

(j) The name and address of the levying officer.

SEC. 16. Section 708.020 of the Code of Civil Procedure is amended to read:

708.020. (a) The judgment creditor may propound written interrogatories to the judgment debtor in the manner provided in Section 2030 requesting information to aid in enforcement of the money judgment. The judgment debtor shall answer the interrogatories in the manner and within the time provided by Section 2030.
(b) The judgment creditor may not serve interrogatories pursuant to this section within 120 days after the judgment debtor has responded to interrogatories previously served pursuant to this section or within 120 days after the judgment debtor has been examined pursuant to Article 2 (commencing with Section 708.110), and the judgment debtor is not required to respond to any interrogatories so served.

(c) Interrogatories served pursuant to this section may be enforced, to the extent practicable, in the same manner as interrogatories in a civil action.

(d) The limitation provided by Section 2030 on the number of interrogatories that may be propounded applies to each set of interrogatories propounded from time to time pursuant to this section, but does not apply cumulatively to interrogatories propounded by the judgment creditor to the judgment debtor.

SEC. 17. On its effective date, this act applies to all writs of execution and earnings withholding orders regardless of whether they were issued before the effective date of this act.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 19. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(a) Effective January 1, 1990, the 90-day limitation on the duration of an earnings withholding order under Section 706.022 of the Code of Civil Procedure was eliminated. A writ of execution is a prerequisite to issuance of an earnings withholding order and a writ of execution must be returned not later than two years after issuance. A serious conflict has arisen between the duration of the writ of execution and the open-ended earnings withholding order, and levying officers, employers, debtors, and creditors need clarification because writs issued in early 1990 will expire in early 1992.

(b) A levy may be made under a writ of execution for 180 days after its issuance. Only one writ is permitted to be outstanding in a county at a time, so a creditor may have an outstanding writ returned to the court and a new writ issued to support a new levy after the expiration of 180 days. But if an earnings withholding order is in operation, the writ may not be returned, and the creditor may be required to choose between continuing a wage garnishment and levying on other property.

(c) Other technical and procedural revisions are needed to improve the functioning of (1) the revised earnings withholding
order in relation to other general enforcement of judgments procedures, and (2) discovery with regard to enforcement of judgments.

CHAPTER 284

An act to add Title 2.5 (commencing with Section 750) to Part 2 of the Penal Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1992 Filed with Secretary of State July 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Title 2.5 (commencing with Section 750) is added to Part 2 of the Penal Code, to read:

TITLE 2.5. NIGHTCOURT

750. Notwithstanding any other provision of law, in the event that the superior court of a county having a population in excess of six million has discontinued, on or after December 1, 1991, a nightcourt policy or program with respect to criminal cases, the policy or program shall, upon approval of the board of supervisors, be substantially reinstated, with at least the average level of staffing and session scheduling which occurred during the period of six months immediately prior to December 1, 1991.

SEC. 2. The Legislature finds and declares that a special law is necessary due to the unique facts and circumstances applicable to Los Angeles County and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that any nightcourt policy or program with respect to criminal cases discontinued on or after December 1, 1991, by the superior court in a county having a population in excess of six million be reinstated as soon as possible, because experience has disclosed that the policy or program substantially relieves court congestion and promotes the economic and other legitimate interests of defendants and witnesses, who would otherwise be gravely and unduly burdened in the absence of the policy or program, it is necessary for this act to take effect immediately.
An act to amend Section 199.715 of the Health and Safety Code, relating to AIDS.

[Approved by Governor July 21, 1992. Filed with Secretary of State July 21, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 199.715 of the Health and Safety Code is amended to read:

199.715. The state department may approve up to 35 pilot projects to provide housing and food for homeless persons who have AIDS or symptomatic HIV disease. The state department may provide funding to a selected number these pilot projects. All approved pilot projects shall enter into a contract with the state department, which shall define the conditions for participation as pilot projects. Notwithstanding Chapter 2 (commencing with Section 1250) and Chapter 3 (commencing with Section 1500) of Division 2, an approved pilot project shall not be required to be licensed if it is organized and operated for the purpose of providing room and board to homeless persons with AIDS or symptomatic HIV disease and it is not organized and operated to directly provide medical or nursing care.

The pilot projects shall maintain a written agreement for referral and acceptance of residents with at least one registered nurse case manager, general acute care hospital, and licensed home health agency. The contract requirements for the pilot projects shall include the criteria and protocols which the state department determines are appropriate to ensure that the health, safety, and welfare of residents are protected. The state department may additionally provide for or enter into a contract for evaluation and assessment related to the approved pilot projects.

This chapter shall not preempt the application of any local zoning requirements in effect on January 1, 1990, to a residential AIDS shelter pilot project for homeless persons with AIDS or symptomatic HIV disease.

The implementation of these pilot projects shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

This section shall become inoperative on July 1, 1995, and as of January 1, 1996, is repealed, unless a later enacted statute which becomes effective on or before January 1, 1996, deletes or extends the date on which it becomes inoperative and is repealed.
An act relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1992. Filed with Secretary of State July 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, the allocation of property tax revenue in the 1979–80 fiscal year to the 1991–92 fiscal year, inclusive, in Amador County, as distributed as of July 1, 1992, shall be deemed correct, and no reductions or increases in apportionments shall be made for the 1979–80 fiscal year to the 1991–92 fiscal year, inclusive.

SEC. 2. It is the intent of the Legislature not to validate in the future any other mistakes in the allocation of property tax revenue unless the mistake is the result of written advice from the Department of Finance with respect to the particular allocation.

SEC. 3. With respect to the provisions of Section 1 of this act, the Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances applicable only to Amador County. Amador County allocated property tax revenues from the 1979–80 to the 1991–92 fiscal year, inclusive, in good faith and with the reasonable belief that its property tax allocation methods complied with all applicable statutes. While other counties were benefited by earlier audits or reviews, Amador County was not audited or reviewed by either the Department of Finance or the Controller until the 1991–92 fiscal year.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for local taxing agencies in Amador County to be immediately relieved of the possibility of litigation and to assure that the county auditor of Amador County is free to implement the newly adopted apportionment procedures without duress, it is necessary that this act take effect immediately.
CHAPTER 287

An act to amend Sections 1344 and 1373.6 of, to add Article 3.2 (commencing with Section 1358) to Chapter 2.2 of Division 2 of, and to repeal Section 1367.15 of, the Health and Safety Code, and to amend Sections 10192.05, 10192.1, 10192.2, 10195, 10197, 10197.1, 10197.2, 10197.6, and 10198.4 of, to add Sections 10194.4, 10194.7, 10194.8, 10195.1, 10195.46, and 10197.05 to, to repeal and add Sections 10194, 10194.2, 10194.3, 10194.5, and 10195.45 of, and to repeal Sections 10194.1, 10196.1, 10197.4, and 10197.5 of, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1992. Filed with Secretary of State July 21, 1992.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as The Medicare Supplement Act of 1992.

SEC. 2. Section 1344 of the Health and Safety Code is amended to read:

1344. (a) The commissioner may from time to time adopt, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this chapter, including rules governing applications and reports, and defining any terms, whether or not used in this chapter, insofar as the definitions are not inconsistent with the provisions of this chapter. For the purpose of rules and forms, the commissioner may classify persons and matters within the commissioner's jurisdiction, and may prescribe different requirements for different classes. The commissioner may waive any requirement of any rule or form in situations where in the commissioner's discretion such requirement is not necessary in the public interest or for the protection of the public, subscribers, enrollees, or persons or plans subject to this chapter. The commissioner may adopt rules consistent with federal regulations and statutes to regulate health care coverage supplementing Medicare.

(b) The commissioner may honor requests from interested parties for interpretive opinions.

(c) No provision of this chapter imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, order, or written interpretive opinion of the commissioner, or any such opinion of the Attorney General, notwithstanding that the rule, form, order, or written interpretive opinion may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

SEC. 3. Section 1367.15 of the Health and Safety Code is repealed.

SEC. 4. Section 1373.6 of the Health and Safety Code is amended
to read:

1373.6. This section does not apply to a specialized health care service plan contract or to a plan contract that primarily or solely supplements Medicare. The commissioner may adopt rules consistent with federal law to govern the discontinuance and replacement of plan contracts that primarily or solely supplement Medicare.

(a) Every group contract entered into, amended or renewed on or after January 1, 1985, that provides hospital, medical, or surgical expense benefits for employees or members shall provide that an employee or member whose coverage under the group contract has been terminated by the employer shall be entitled to convert to nongroup membership, without evidence of insurability, subject to the terms and conditions of this section.

(b) A conversion contract shall not be required to be made available to an employee or member if termination of his or her coverage under the group contract occurred for any of the following reasons:

1. The group contract terminated or an employer's participation terminated.

2. The employee or member failed to pay amounts due the health care service plan.

3. The employee or member was terminated by the health care service plan from the plan for good cause.

4. The employee or member knowingly furnished incorrect information or otherwise improperly obtained the benefits of the plan.

5. The employer's hospital, medical, or surgical expense benefit program is self-insured.

(c) A conversion contract is not required to be issued to any person if any of the following facts are present:

1. Such person is covered by or is eligible for benefits under Title XVIII of the United States Social Security Act.

2. The person is covered by or is eligible for hospital, medical, or surgical benefits under state or federal law.

3. The person is covered by or is eligible for hospital, medical, or surgical benefits under any arrangement of coverage for individuals in a group, whether insured or self-insured.

4. The person is covered for similar benefits by an individual policy or contract.

5. The person has not been continuously covered during the three-month period immediately preceding that person's termination of coverage.

(d) Benefits of a conversion contract shall meet the requirements for benefits under this chapter.

(e) Unless waived in writing by the plan, written application and first premium payment for the conversion contract shall be made not later than 31 days after termination from the group.

(f) The conversion contract shall cover the employee or member
and his or her dependents who were covered under the group contract on the date of their termination from the group.

(g) A notification of the availability of the conversion coverage shall be included in each evidence of coverage. However, it shall be the sole responsibility of the employer to notify its employees of the availability, terms, and conditions of the conversion coverage which responsibility shall be satisfied by notification within 15 days of termination of group coverage. Group coverage shall not be deemed terminated until the expiration of any continuation of the group coverage. For purposes of this subdivision, the employer shall not be deemed the agent of the plan for purposes of notification of the availability, terms, and conditions of conversion coverage.

(h) As used in this section, "hospital, medical, or surgical benefits under state or federal law" do not include benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or Title XIX of the United States Social Security Act.

SEC. 5. Article 3.2 (commencing with Section 1358) is added to Chapter 2.2 of Division 2 of the Health and Safety Code, to read:

Article 3.2. Additional Requirements for Medicare Supplement Contracts

1358. Every health care service plan, except a federally qualified health maintenance organization pursuant to Title XIII of the United States Public Health Service Act, that offers any contract that primarily or solely supplements Medicare, or is advertised or represented as a supplement to Medicare shall, in addition to complying with the provisions of this chapter and rules of the commissioner, comply with the provisions of this article.

As used in this chapter, "Medicare" means the Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965, Title 1, Part 1 of Public Law 89-97, enacted by the 89th United States Congress; as then constituted or as later amended.

1358.1. A plan offering contracts to supplement Medicare shall do all of the following:

(a) Meet the minimum benefit standards as established by the commissioner.

(b) Provide an examination period of 30 days after the receipt of the contract for purposes of review of the contract at which time the applicant may return the contract. The return shall void the contract from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner by the plan in a timely manner.

1. Each plan contract or certificate shall have a notice prominently printed in no less than 10-point upper case type, on the cover page of the plan contract or certificate or attached thereto, and on the cover page of the outline of coverage, stating that the
applicant has the right to return the plan contract or certificate within 30 days after its receipt via regular mail, and to have the full premium refunded.

(2) For purposes of this section, a timely manner shall be no later than 30 days after the plan or entity issuing the contract or certificate receives the returned contract or certificate.

(3) If the plan or entity issuing the contract or certificate fails to refund all premiums paid in a timely manner, then the applicant shall receive interest on the paid premium at the legal rate of interest on judgments as provided in Section 685.010 of the Code of Civil Procedure. The interest shall be paid from the date the plan or entity received the returned contract or certificate.

(c) Explain the relationship of the coverage under the contract to the benefits provided by Medicare.

(d) Not be limited to coverage exclusively for a single disease or affliction.

(e) If the plan contract or policy does not cover custodial care, the cover page of the outline of coverages required by subdivision (c) shall contain the following statement in upper case type: “THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.”

1358.2. (a) The disclosure form required pursuant to Section 1363 and applicable regulations, if it relates to a contract that is not a contract of a federally qualified health maintenance organization and that primarily or solely supplements Medicare, with hospital or medical coverage shall also set forth the following information in the format indicated:

(1) With the information required by paragraph (1) of subdivision (b) of Section 1300.63 of the California Code of Regulations, conspicuously identify, on the first page of the disclosure form immediately under the plan name, the disclosure form as being for the plan’s Medicare supplement contract.

(2) If the Medicare supplement contract is issued on a basis not identical to that described in the disclosure form previously provided, a corrected disclosure form shall also be provided in accordance with Section 1363 when the contract is delivered and shall contain the following statement, in no less than 12-point type on the first page, immediately above the company name:

“NOTICE: Read this disclosure form carefully. It is not identical to the disclosure form previously provided and the coverage originally applied for has not been issued.”

(3) The outline of coverage provided to applicants pursuant to this section shall consist of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the plan.

The cover page shall include the items, in the same order, specified in the chart set forth in paragraph (4) of subdivision (C) of Section 16 of the Model Regulation to Implement the NAIC Medicare
Supplement Insurance Minimum Standards Model Act, as adopted by the National Association of Insurance Commissioners on July 30, 1991. All benefit plans "A" through "J" shall be shown on the cover page, and the plan or plans that are offered by the plan shall be prominently identified.

All possible charges for benefit plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. All possible charges shall be stated for all benefit plans that are offered to the prospective applicant. All possible charges for the prospective applicant shall be illustrated.

The disclosure pages shall be in the language and format described below in no less than 12-point type.

PREMIUM INFORMATION

[Insert plan's name] can only raise your premium if it raises the premium for all contracts like yours in this state. [If the premium is based on the increasing age of the enrollee, include information specifying when premiums will change.]

DISCLOSURES

Use this outline to compare benefits and premiums among policies.

READ YOUR POLICY VERY CAREFULLY

This is only an outline describing the most important features of your Medicare supplement plan contract. This is not the plan contract and only the actual contract provisions will control. You must read the contract itself to understand all of the rights and duties of both you and [insert the health care service plan's name].

RIGHT TO RETURN POLICY

If you find that you are not satisfied with your contract, you may return it to [insert plan's address]. If you send the contract back to us within 30 days after you receive it, we will treat the contract as if it had never been issued and return all of your payments.

POLICY REPLACEMENT

If you are replacing other health coverage, do NOT cancel it until you have actually received your new contract and are sure you want to keep it.
NOTICE

This contract may not fully cover all of your medical costs. Neither [insert the health care service plan’s name] nor its agents are connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security office or consult “The Medicare Handbook” for further details and limitations applicable to Medicare.

COMPLETE ANSWERS ARE VERY IMPORTANT

When you fill out the application for the new contract, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your contract and refuse to pay any claims if you leave out or falsify important medical information. [If the contract is guaranteed issue, this paragraph need not appear.] Review the application carefully before you sign it. Be certain that all information has been properly recorded. [The charts displaying the features of each benefit plan offered by the plan shall use the uniform format and language shown in the charts set forth in Section 16 of the Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as adopted by the National Association of Insurance Commissioners on July 30, 1991. No more than four benefit plans may be shown on one chart. For purposes of illustration, charts for each benefit plan are set forth below. A plan may use additional benefit plan designations on these charts.]

[Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the commissioner.]

(b) Notwithstanding the provisions of Section 1300.63.2 of the California Code of Regulations, no plan shall combine the evidence of coverage and disclosure form into a single document relating to a contract that supplements Medicare, or is advertised or represented as a supplement to Medicare, with hospital or medical coverage.

(c) Notwithstanding the provisions of this section, a plan shall not be required to comply with the provisions of this section with respect to any group contract that is any of the following:

(1) A group contract with one or more employers or labor organizations, or trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees or combination thereof or for members or former members, or combination thereof, of the labor organizations.

(2) A group contract with any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if the association is composed of individuals all of whom are actively engaged in the same profession, trade or
occupation, has been maintained in good faith for purposes other than obtaining health coverage, and has been in existence for at least two years prior to the date of its initial offering of the contract to its members.

1358.3. (a) In the interest of full and fair disclosure, and to assure the availability of necessary consumer information to potential subscribers or enrollees not possessing a special knowledge of Medicare, health care service plans, and Medicare supplement contracts, a health care service plan offering contracts to supplement Medicare shall comply with the provisions of this section.

(b) The application form for persons eligible for Medicare used by a plan described in subdivision (a) shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another Medicare supplement or other health insurance policy or contract in force or whether a Medicare supplement contract is intended to replace any accident and sickness policy or certificate or plan contract presently in force. A supplementary application or other form to be signed by the applicant and solicitor, containing the questions and statements may be used.

[Statements]

(1) You do not need more than one Medicare supplement policy or contract.

(2) If you are 65 years of age or older, you may be eligible for benefits under Medi-Cal or medicaid and may not need a Medicare supplement policy or contract.

(3) The benefits and premiums under your Medicare supplement contract will be suspended during your entitlement to benefits under Medi-Cal or medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medi-Cal or medicaid. If you are no longer entitled to Medi-Cal or medicaid, your contract will be reinstated if requested within 90 days of losing Medi-Cal or medicaid eligibility.

(4) Counseling services may be available in your area to provide advice concerning your purchase of Medicare supplement coverage and concerning Medi-Cal or medicaid. Information regarding counseling services may be obtained from the State Department of Aging.

If so, with which company?

(2) Do you have any other health coverage that provides benefits that this Medicare supplement contract would duplicate?
(A) If so, with which company?

(4) Are you covered by Medi-Cal or medicaid?
(c) Solicitors shall list any other health insurance policies or plan contracts they have sold to the applicant. The list shall include a list of policies and plan contracts sold that are still in force, and a list of policies and plan contracts sold in the past five years that are no longer in force.
(d) Plans issuing Medicare supplement contracts without a solicitor or solicitor firm shall return to the applicant, upon delivery of the contract, a copy of the application or supplemental form, signed by the applicant and acknowledged by the plan.
(e) Upon determining that a sale will involve replacement of Medicare supplement coverage, a plan described in subdivision (a), other than a plan selling as a result of direct response solicitation, as described below, or its agent shall furnish the applicant, prior to issuance or delivery of the Medicare supplement contract, a notice regarding replacement of Medicare supplement coverage. One copy of the notice signed by the applicant and the agent, except where coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the plan. However, a plan described in subdivision (a) that is selling as a result of direct response solicitation, that is, solicitation through the news media or the mail shall deliver to the applicant at the time of issuance of the contract a notice regarding replacement of Medicare supplement coverage. The notice required by this subdivision shall be provided in substantially the form set forth in subdivision (f).
(f) The notice required by this subdivision shall be provided in substantially the following form in no less than 10-point type:

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT COVERAGE

(Company name and address)

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate an existing Medicare supplement policy or plan contract and replace it with a contract to be issued by [Plan Name]. Your plan contract to be issued by [Plan Name] will provide 30 days within which you may decide without cost whether you desire to keep the contract. You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. Terminate your present policy or plan contract only if, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision.
STATEMENT TO APPLICANT BY PLAN, SOLICITOR, SOLICITOR FIRM, OR OTHER REPRESENTATIVE:

(1) I have reviewed your current medical or health coverage. The replacement of coverage involved in this transaction does not duplicate coverage, to the best of my knowledge. The replacement contract is being purchased for the following reason (check one):
   ____Additional benefits.
   ____No change in benefits, but lower premiums.
   ____Fewer benefits and lower premiums.
   ____Other. (please specify) ____________________________

(2) You may not be immediately eligible for full coverage under the new contract. This could result in denial or delay of a claim for benefits under the new contract, whereas a similar claim might have been payable under your present policy or contract.

(3) State law provides that your replacement Medicare supplement contract may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The plan will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new coverage for similar benefits to the extent that time was spent (depleted) under the original contract.

(4) If you still wish to terminate your present policy or contract and replace it with new coverage, be certain to truthfully and completely answer any and all questions on the application concerning your medical and health history. Failure to include all material medical information on an application requesting that information may provide a basis for the plan to deny any future claims and to refund your prepaid or periodic payment as though your contract had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded.

(5) Do not cancel your present Medicare supplement coverage until you have received your new contract and are sure you want to keep it.

(g) Notwithstanding the provisions of this section, a plan shall not be required to comply with the provisions of this section with respect to any group contract that is any of the following:
(1) A group contract with one or more employers or labor organizations, or trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees or combination thereof, or for members or former members, or combination thereof, of the labor organizations.

(2) A group contract of any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if the association is composed of individuals all of whom are actively engaged in the same profession, trade, or occupation, has been maintained in good faith for purposes other than obtaining health coverage, and has been in existence for at least two years prior to the date of its initial offering of the contract to its members.

1358.4. (a) In the interest of full and fair disclosure, and to assure the availability of necessary consumer information to potential subscribers or enrollees not possessing a special knowledge of Medicare, health care service plans, and Medicare supplement contracts, a health care service plan offering contracts to supplement Medicare shall comply with the provisions of subdivision (b).

(b) The application form or other consumer information for persons eligible for Medicare and used by a plan described in subdivision (a) shall contain as an attachment a Medicare supplement buyer’s guide in the form approved by the commissioner. The application or other consumer information, containing as an attachment the buyer’s guide, shall be mailed or delivered to each person applying for that coverage at or before the time of application and, to establish compliance with this subdivision, the plan shall obtain an acknowledgment of receipt of the attached buyer’s guide from each applicant. No plan shall make use of or otherwise disseminate any buyer’s guide that does not accurately outline current Medicare benefits. No plan shall be required to provide more than one copy of the buyer’s guide to any applicant.

(c) A plan may comply with the requirement of this section in the case of group contracts by causing the group contractholder (1) to disseminate copies of the disclosure form containing as an attachment the buyer’s guide to all persons eligible under the group contract at the time those persons are offered the plan, and (2) collecting and forwarding to the plan an acknowledgment of receipt of the disclosure form containing as an attachment the buyer’s guide from each person described in paragraph (1).

(d) Notwithstanding the provisions of this section, a plan shall not be required to comply with the provisions of this section with respect to any group contract that is any of the following:

(1) A group contract with one or more employers or labor organizations, or trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees, or former employees or combination thereof, or for members or former members, or combination thereof, of the labor
A group contract with any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if the association is composed of individuals all of whom are actively engaged in the same profession, trade or occupation, has been maintained in good faith for purposes other than obtaining health coverage, and has been in existence for at least two years prior to the date of its initial offering of the contract to its members.

1358.5. (a) A health care service plan offering contracts to supplement Medicare shall do all of the following:

1. Establish marketing procedures to assure that any comparison of Medicare supplement coverage by its agents or other producers will be fair and accurate.

2. Establish marketing procedures to assure excessive coverage is not sold or issued.

3. Establish marketing procedures that set forth a mechanism or formula for determining whether replacement coverage contains benefits clearly and substantially greater than the benefits under the replaced coverage.

4. Display prominently by type, stamp, or other appropriate means, on the first page of the outline of coverage and plan contract the following: “Notice to buyer: This plan contract may not cover all of your medical expenses.”

5. Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for Medicare supplement coverage already has accident and sickness coverage and the types and amounts of any such coverage.

6. Establish auditable procedures for verifying compliance with this subdivision.

(b) The following acts and practices are prohibited:

1. Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any accident and sickness coverage for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any coverage or to take out coverage with another plan or contract.

2. High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase of coverage through force, fright, threat whether explicit or implied, or undue pressure to purchase or recommend the purchase of coverage.

3. Cold-lead advertising. Making use directly or indirectly of any method of marketing that fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of Medicare supplement coverage and that contact will be made by a health care service plan or its representative.

(c) In recommending the purchase or replacement of any Medicare supplement coverage a plan or its representative shall make reasonable efforts to determine the appropriateness of a
recommended purchase or replacement.

(d) Any sale of Medicare supplement coverage that will provide an individual more than one Medicare supplement policy certificate or contract is prohibited.

1358.6. (a) On or before March 1 of each year, a health care service plan offering contracts to supplement Medicare, shall report to the commissioner the following information for every individual resident of this state for which the plan has in force more than one Medicare supplement contract:

(1) Contract name.
(2) Date of Issuance.
(b) The items set forth above shall be grouped by enrollee.

1358.8. (a) If a Medicare supplement contract replaces other Medicare supplement coverage, the replacing plan shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new Medicare supplement contract to the extent that time was spent under the original coverage.
(b) If a Medicare supplement contract replaces another Medicare supplement contract that has been in effect for at least six months, the replacing contract shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods.

1358.8. (a) A health care service plan offering contracts to supplement Medicare may provide commission or other compensation to a solicitor or solicitor firm for the sale of a Medicare supplement contract only if the first year commission or other first year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing the contract in the second year or period.
(b) The commission or other compensation provided in subsequent renewal years shall be the same as that provided in the second year or period, and shall be provided for at least five years.
(c) For purposes of this section, “commission” or “compensation” includes pecuniary or nonpecuniary remuneration of any kind relating to the sale or renewal of the contract, including, but not limited to, bonuses, gifts, prizes, awards, and finder’s fees.

1358.9. (a) A contract offered to supplement Medicare shall be deemed not to be fair, just, or consistent with the objectives of the Knox-Keene Health Care Service Plan Act of 1975 at all times, and shall not be advertised, solicited for, entered, or renewed at any time, except during that period of time, if any, beginning with the date of receipt by the plan of notification by the commissioner that the provisions of the contract are deemed to be fair, just, and consistent with the objectives of this chapter, and ending with the earlier to occur of the events indicated in subdivision (b).
(b) The period of time indicated in subdivision (a) shall terminate at the earlier to occur of (1) receipt by the plan of written revocation by the commissioner of the immediate past notification referred to
in subdivision (a) specifying the basis for the revocation, (2) the last
day of the prepaid or periodic charge calculation period, that in no
event may exceed one year, or (3) June 30, of the next succeeding
calendar year.

(c) A plan shall secure the commissioner's review of a plan
contract subject to this article by submitting, not less than 30 days
prior to any proposed advertising or other use of the plan contract
not already protected by a currently effective notice under
subdivision (a), the following for the commissioner's review:

1. A copy of the plan contract.
2. A copy of the disclosure form.
3. A representation that the plan contract complies with the
provisions of this chapter and the rules adopted thereunder.
4. A completed copy of the "Medicare Supplement Health Care
Service Plan Contract Experience Exhibit" set forth in Section
1358.17.
5. A copy of the calculations for the actual or expected loss ratio.
6. Supporting data used in calculating the actual or expected loss
ratio as indicated in Section 1358.11.
7. An actuarial certification, as specified in Section 1358.11 of the
loss ratio computations.
8. If required by the commissioner, actuarial certification, as
specified in Section 1358.11, of the loss ratio computations by one or
more unaffiliated actuaries acceptable to the commissioner.
9. An undertaking by the plan to notify the subscribers in writing
within 60 days of decertification, if the contract is identified as a
certified contract at the time of sale and later decertified.
10. A signed statement of the president of the plan or other
officer of the plan designated by that person attesting that the
information submitted for review is accurate and complete and does
not misrepresent any material fact.

(d) A plan that submits information pursuant to subdivision (c)
shall provide such additional information as may be requested by the
commissioner to enable the commissioner to conclude that the plan
contract complies with the provisions of this chapter and rules
adopted thereunder.

(e) For the purposes of this section, the term "decertified," as
applied to a plan contract, means that the commissioner by written
notice has found that the contract no longer complies with the
provisions of this chapter and the rules adopted thereunder and has
revoked the prior authorization to display on the plan contract the
emblem indicating certification.

(f) Notwithstanding the other provisions of the section, this
section shall not apply to any group contract that is all of the
following:

1. A group contract with one or more employers or labor
organizations, or of the trustee of a fund established by one or more
employers or labor organizations, or combination thereof, for
employees, or former employees, or combination thereof, or for
members or former members, or combination thereof, of the labor organization.

(2) A group contract with any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if the association is composed of individuals all of whom are actively engaged in the same profession, trade, or occupation, has been maintained in good faith for purposes other than obtaining health coverage, and has been in existence for at least two years prior to the date of its initial offering of the contract to its members.

1358.10. (a) No plan subject to this article may advertise, solicit for, enter, or renew any plan contract that primarily or solely supplements Medicare, or is advertised or represented as a supplement to Medicare, with hospital or medical coverage if the contract contains any of the prohibited provisions described in subdivision (b), does not contain any of the mandatory provisions described in subdivision (c), or does not conform to the requirements set forth in subdivision (d). No plan contract that primarily or solely supplements Medicare shall contain benefits that duplicate benefits provided by Medicare.

(b) The following provisions shall be deemed to be unfair, unreasonable, and inconsistent with the objectives of this chapter and shall not be contained in any plan contract subject to subdivision (a):

(1) Any waiver, exclusion, limitation, or reduction based on or relating to a preexisting disease or physical condition, unless that waiver, exclusion, limitation, or reduction (A) applies only to coverage for specified services rendered not more than six months from the effective date of coverage, (B) is based on or relates only to a preexisting disease or physical condition defined no more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage, (C) does not apply to any coverage under any group contract, and (D) is approved in advance by the commissioner. Any limitations with respect to a preexisting condition shall appear as a separate paragraph of the contract and be labeled "Preexisting Condition Limitations."

(2) Any provision delaying the effective date of coverage beyond the first day of the month following the date of receipt by the plan of the applicant’s properly completed application, except that the effective date of coverage may be delayed until the 65th birthday of an applicant who is to become eligible for Medicare by reason of age if the application is received any time during the three months immediately preceding the applicant’s 65th birthday.

(3) Any distinction in coverage based on whether health care services are provided because of illness or injury.

(4) The terms “Medicare supplement,” “medigap,” “Medicare Wrap-Around,” or terms of similar import to characterize a plan contract, unless the contract is in compliance with the provisions of
this chapter and this article.

(5) Any provision allowing termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the subscriber, other than the nonpayment of the prepaid or periodic charge.

(6) Except with respect to a group contract subject to and in compliance with Section 1399.62, any provision denying coverage, after termination of the contract, for services provided continuously beginning while the contract was in effect, during the continuous total disability of the subscriber or enrollee, except that the coverage may be limited to a reasonable period of time not less than the duration of the contract benefit period, if any, and may be limited to the maximum benefits provided under the contract.

(7) Any definition, condition, limitation, exclusion, reduction, or other provision that is inconsistent with or more restrictive or limiting than that term as officially used in Medicare, except as expressly authorized in this chapter.

(c) A plan contract shall be deemed to be unfair, unreasonable, and inconsistent with the objectives of this chapter and shall not be advertised, solicited for, entered, or renewed unless it contains the following mandatory provisions:

(1) Prominently printed on the first page of the contract, a notice stating in substance that the subscriber or enrollee shall have the right to return the contract within 30 days of its delivery and to have the prepaid or periodic charge refunded if, after examination of the contract, the covered person is not satisfied for any reason.

(2) Appropriately captioned, and appearing on the first page of the contract, a provision regarding renewal or continuation. The provision shall be consistent with subdivision (a) of Section 1365 and the rules adopted thereunder and shall include any reservation by the plan of the right to change prepaid or periodic charges and any automatic renewal increases based on the enrollee’s age.

(3) Benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors and the amount of prepaid charges may be modified, as indicated in paragraph (6) of subdivision (a) of Section 1300.67.4 of the California Code of Regulations, to correspond with those changes.

(4) The health care service plan shall not in any way reduce or eliminate any benefit or coverage under a Medicare supplement contract at any time after the date of entering the contract, including dates of reinstatement or renewal, unless and until the change is voluntarily agreed to in writing signed by the subscriber or enrollee, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits. The health care service plan shall not increase benefits or coverage with a concomitant increase in prepaid or periodic charges during the term of the contract unless and until the change is voluntarily agreed to in writing signed by the subscriber.
or enrollee or unless the increased benefits or coverage is required by law or regulation.

(5) A plan contract shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary," or words of similar import.

(6) The plan contract shall contain the provisions required to be set forth in the plan contract by Section 1300.67.4 of the California Code of Regulations.

(d) A plan contract subject to subdivision (a) shall be deemed to be unfair, unreasonable, and inconsistent with the objectives of this chapter and shall not be advertised, solicited for, entered, or renewed unless the contract contains definitions of terms in compliance with the following requirements:

(1) "Accident," "accidental injury," or "accidental means," if defined, shall be defined without including words that establish an accidental means test or use words such as "external, violent, visible wounds" or similar words of description or characterization. The definition shall not be more restrictive than the following: "Injury or injuries for which benefits are provided," means accidental bodily injury sustained by the covered person.

(2) "Benefit period" or "Medicare benefit period" shall not be defined more restrictively than as defined in the Medicare program.

(3) "Convalescent nursing home," "extended care facility," or "skilled nursing facility" shall not be defined more restrictively than as defined in the federal Medicare program.

(4) "Health care expenses" may include expenses associated with the delivery of health care services, but shall not include (A) home office and overhead costs, (B) advertising costs, (C) commissions and other acquisition costs, (D) taxes, (E) capital costs, (F) administrative costs, or (G) claims processing costs.

(5) "Hospital" may be defined in relation to its status, facilities and available services or to reflect its accreditation by the Joint Commission on Accreditation of Hospitals but not more restrictively than as defined in the federal Medicare program.

(6) "Medicare" shall be defined in the contract. Medicare may be substantially defined as "The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 as then constituted or later amended," or "Title I, Part I of Public Law 89-97, as enacted by the Eighty-Ninth Congress of the United States of America and popularly known as the Health Insurance for the Aged Act, as then constituted and any later amendments or substitutes thereof," or words of similar import.

(7) "Medicare eligible expenses" shall mean expenses of the kinds covered by Medicare, to the extent recognized as reasonable and medically necessary by Medicare.

(8) "Physician" shall not be defined more restrictively than as defined in the federal Medicare program.

(9) "Sickness," if defined, shall not be defined to be more restrictive than the following: "Sickness means illness or disease of a
covered person."

(e) Nothing in this section shall be construed as prohibiting any plan contract, by definitions or express provisions, from limiting or restricting any or all of the benefits provided under the contract, except in-area and out-of-area emergency services, to those health care services that are delivered by plan employed, owned, or contracting providers and provider facilities, so long as the plan contract complies with the provisions of Sections 1367 and 1358.11 and with Section 1300.67 of the California Code of Regulations.

(f) Nothing in this section shall be construed as prohibiting any plan contract that limits or restricts any or all of the benefits provided under the contract in the manner contemplated in subdivision (e) from limiting its obligation to deliver services, and disclaiming any liability from any delay or failure to provide those services (1) in the event of a major disaster or epidemic or (2) in the event of circumstances not reasonably within the control of the plan, such as the partial or total destruction of facilities, war, riot, civil insurrection, disability of a significant part of its health personnel, or similar circumstances so long as the provisions comply with the provisions of subdivision (h) of Section 1367.

1358.11. (a) No plan subject to this article may advertise, solicit for, enter, or renew any plan contract that primarily or solely supplements Medicare, or is advertised or represented as a supplement to Medicare, with hospital or medical coverage unless the contract returns to the subscribers and enrollees in the form of aggregate benefits under the contract, not including anticipated refunds or credits, as estimated for the entire period for which prepaid or periodic charges are computed to provide coverage, on the basis of incurred claims or costs of health care services experience and earned prepaid or periodic charges for that period and in accordance with accepted actuarial principles and practices:

(1) At least 75 percent of the aggregate amount of prepaid or periodic charges collected in the case of group contracts.

(2) At least 65 percent of the aggregate amount of prepaid or periodic charges collected in the case of individual contracts.

(b) The calculation of actual or expected loss ratios shall be pursuant to that formula, definitions, procedures, and other provisions as may be deemed by the commissioner, with due consideration of the circumstances of the particular plan, to be fair, reasonable, and consistent with the objectives of this chapter.

(c) Each plan subject to subdivision (a) shall submit to the department a copy of the calculations for the actual or expected loss ratio as required by Section 1358.9. The calculations shall include the following data: the actual loss ratio for the entire period in which the plan contract has been in force, as well as for the immediate past three years and for each year in which the plan contract has been in force; the scale of prepaid or periodic charges for the loss ratio calculation period, a description of all assumptions, the formula used to calculate gross prepaid or periodic charges, the expected level of
earned prepaid or periodic charges in the loss ratio calculation period, and the expected level of incurred claims for reimbursement, including paid claims and incurred but not paid claims, in the loss ratio calculation period. The calculations shall be accompanied by an actuarial certification, consisting of a signed declaration of an actuary who is a member in good standing of the American Academy of Actuaries in which the actuary states that the assumptions used in calculating the expected loss ratio are appropriate and reasonable, taking into account that the calculations are in accordance with the provisions of subdivision (c) and the provisions referred to therein. In addition, the commissioner may require the plan to submit actuarial certification, as described above, by one or more unaffiliated actuaries acceptable to the commissioner.

(d) Notwithstanding the calculations required by subdivision (c), plan contracts shall be deemed to comply with the loss ratio standards if, and shall be deemed not to comply with the loss standards unless: (1) for the most recent year, the ratio of the incurred losses to earned prepaid charges for contracts that have been in force for three years or more is greater than or equal to the applicable percentages contained in this section; and (2) the expected losses in relation to premiums over the entire period for which the contract is rated comply with the requirements of this section. An expected third-year loss ratio that is greater than or equal to the applicable percentage shall be demonstrated for contracts in force less than three years.

(e) Notwithstanding the provisions of this section, this section shall not apply to any group contract that is either:

(1) A group contract with one or more employers or labor organizations, or trustees of a fund established by one or more employers or organizations, or combination thereof, for employees or former employees or combination thereof or for members or former members, or combination thereof, of the labor organizations.

(2) A group contract with any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if the association is composed of individuals all of whom are actively engaged in the same profession, trade or occupation, has been maintained in good faith for purposes other than obtaining health coverage, and has been in existence for at least two years prior to the date of its initial offering of the contract to its members.

1358.12. (a) To comply with federal law (P.L. 101-508, Section 4351) a plan shall, for each Medicare supplement contract it offers, collect and file with the commissioner by May 31, of each year the data contained in the reporting form contained in Appendix A of the Model Regulation to implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as adopted by the National Association of Insurance Commissioners on July 30, 1991.

(b) If on the basis of the experience as reported the bench mark ratio since inception (ratio 1) exceeds the adjusted experience ratio
since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each Medicare supplement contract offered by the plan. For purposes of the refund or credit calculation, experience on contracts issued within the reporting year shall be excluded.

(c) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds ten dollars ($10). The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week Treasury Notes. A refund or credit against prepaid or periodic charges due shall be made by September 30 following the experience year upon which the refund or credit is based.

(d) The commissioner may conduct a public hearing to gather information if the experience of the form filed under subdivision (a) for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for such reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the commissioner.

1358.13. (a) If a group Medicare supplement contract is terminated by the group subscriber and not replaced as provided in subdivision (c), the plan shall offer enrollees an individual Medicare supplement contract. The plan shall offer the enrollee at least all of the following choices:

1. An individual Medicare supplement contract that provides for continuation of the benefits contained in the terminated group Medicare supplement contract.

2. An individual Medicare supplement contract that provides the benefits that are required under any of the standardized plans, as defined in Section 1358.18, that the plan is currently offering.

(b) If membership in a group is terminated, the plan shall do one or more of the following:

1. Offer the enrollee those conversion opportunities that are described in subdivision (a).

2. At the option of the group contract holder, offer the enrollee continuation of coverage under the group contract.

(c) If a group Medicare supplement contract is replaced by another group Medicare supplement contract purchased by the same contract holder, the succeeding plan shall offer coverage to all persons covered under the old group contract on its date of termination. Coverage under the new group contract shall not result in any exclusion for preexisting conditions that would have been covered under the group contract being replaced.

1358.14. (a) Every plan shall, by June 30 of each year, file with the commissioner a list of its Medicare supplement plan contracts offered or issued or outstanding in this state as of the end of the
previous calendar year.

(b) The list shall identify the filing plan by name and address, shall identify each type of contract it offers by name and form number, if one is used, and shall differentiate between contracts filed with and approved by the commissioner in years prior to the previous calendar year, and those filed and approved in the previous calendar year.

(c) The list shall specifically identify all of the following:

1. Contracts that are issued and outstanding in this state but are no longer offered for sale.

2. Contracts that, for any reason, were not filed and approved by the commissioner.

3. Contracts for which the commissioner’s approval was withdrawn within the previous calendar year.

(d) The commissioner shall, on or before the first day of September of each year provide the Secretary of Health and Human Services with a list identifying each plan contract by name and address and the information required to be submitted by this section.

1358.15. (a) Within 30 days prior to the effective date of any Medicare benefit changes, a plan providing Medicare supplement contracts to a resident of this state shall file with the commissioner, and notify its contract holders of, modifications it has made to Medicare supplement contracts.

1. The notice shall include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement contract.

2. The notice shall inform each subscriber and enrollee as to when any adjustment in the prepaid or periodic charges will be made due to changes in Medicare benefits.

3. The notice of benefit modifications and any adjustments to the prepaid or periodic charges shall be in outline form and in clear and simple terms so as to facilitate comprehension. The notice shall not contain or be accompanied by any solicitation.

(b) No modifications to existing Medicare supplement coverage shall be made at the time of, or in connection with the notice requirements of this regulation except to the extent necessary to eliminate duplication of Medicare benefits and any modifications necessary under the contract to provide indexed benefit adjustment.

(c) As soon as practicable, but prior to the effective date of changes in Medicare benefits a plan providing Medicare supplement contracts in this state shall file the following with the commissioner:

1. Appropriate prepaid or periodic charge adjustments necessary to produce loss ratios as anticipated for the current prepaid or periodic charges for the applicable contracts. Those supporting documents as are necessary to justify the adjustment shall accompany the filing.

2. Any appropriate contract amendments needed to accomplish the Medicare supplement coverage modifications necessary to eliminate benefit duplications with Medicare. Any such contract
amendments shall provide a clear description of the Medicare supplement benefits provided by the contract.

(d) Upon satisfying the filing and approval requirements of the commissioner, a plan providing Medicare supplement coverage in this state shall provide each subscriber or enrollee with any contract amendment necessary to eliminate any benefit duplications under the contract with benefits provided by Medicare.

(e) Every plan providing Medicare supplement coverage to a resident of this state shall make those prepaid or periodic charge adjustments as are necessary to produce an expected loss ratio under the contract as will conform with minimum loss ratio standards for Medicare supplement contracts and that is expected to result in a loss ratio at least as great as that originally anticipated. No prepaid or periodic charge adjustment that would modify loss ratio experience, other than the adjustments described herein, shall be made at any time other than upon the renewal date.

1358.16. (a) A plan offering Medicare supplement coverage shall, as a condition precedent to the commissioner’s approval or continued approval of Medicare supplement contracts offered in this state, agree to accept and shall accept a notice under Section 1842(h)(3)(B) of the Social Security Act (42 U.S.C. Sec. 1395u(h)(3)(B)) as a claim form for benefits under those contracts in lieu of any claim form otherwise required, and shall agree to make a payment determination and shall make that determination on the basis of the information contained in or accompanying the notice.

(b) As further conditions precedent to the approval or continued approval of Medicare supplement contracts, a plan offering Medicare supplement coverage in this state shall do all of the following:

(1) When a notice under Section 1842(h)(3)(B) of the Social Security Act (42 U.S.C. Sec. 1395u(h)(3)(B)) is received:

(A) Provide written notice of the payment determination to the participating physician or supplier and assignor.

(B) Provide any payment due directly to the participating physician or supplier involved.

(2) Provide each subscriber and enrollee at the time coverage is initiated, a card listing the contract name and number and a single mailing address to which notices under Section 1842(h)(3)(B) of the Social Security Act (42 U.S.C. Sec. 1395u(h)(3)(B)) respecting coverage are to be sent.

INSTRUCTIONS FOR COMPLETING
MEDICARE SUPPLEMENT HEALTH CARE SERVICE PLAN
CONTRACT EXPERIENCE EXHIBIT

1. Experience on plan contracts issued more than three years prior to the reporting year should be shown separately as indicated on the form. For example, for the reporting year ended 12/31/88 (filed on June 30, 1989), experience on plan contracts issued in 1985 and prior should be shown separately from that of plan contracts issued in 1986 and later. For group coverage, the year of issue should be based on when the contract was issued if available; otherwise use the master plan contract year of issue.

2. Allocation of reserves on a state-by-state basis should be on sound actuarial principles and be consistent from year to year.

3. Membership or plan contract fees, if any, constitute, and should be included with, prepaid or periodic charges earned. Earned prepaid or periodic charges may be shown on an annual basis net of loadings for nonannual modes.

4. Mass marketing group coverage subject to individual loss ratio standards should be included with individual plan contracts.

5. Any dividends paid to subscribers should be included with costs for health care.

6. Neither costs for health care services nor earned prepaid or periodic charges should be adjusted for changes in plan contract (additional) reserves.

DEFINITIONS

For purposes of this form:

1. "Costs for health care services" means payment for health care services plus the increase in claim reserves. Claim reserves include only those unpaid liabilities for claims that have already been incurred. Costs for health care services in this exhibit do not include plan contract additional reserves.

1358.18. In compliance with the Medicare supplement coverage standardization requirements of Section 1882 of the Social Security Act (42 U.S.C.A. Sec. 1395ss), as added by the Omnibus Reconciliation Act of 1990 (P.L. 101-508), the following standards are
applicable to all Medicare supplement contracts subject to this article delivered or issued for delivery on or after the effective date of this section. No contract may be advertised, solicited, offered, or issued for delivery in this state as a Medicare supplement contract unless it complies with these benefit standards, as well as all other requirements under this chapter. The basic health care services required to be provided pursuant to Sections 1345 and 1367 of this chapter shall not be included in Medicare supplement contracts subject to this article, to the extent that California is required to disallow coverage for these health care services under the federal Medicare supplement standardization requirements set forth in Section 1882 of the Social Security Act (42 U.S.C.A. 1395ss).

(a) (1) All Medicare supplement contracts shall be guaranteed renewable. A plan shall not cancel or nonrenew a contract solely on the ground of the health status of the individual. A plan shall not cancel or nonrenew a contract for any reason other than nonpayment of the prepaid or periodic charge or misrepresentation of the risk by the applicant that is shown by the plan to be material to the acceptance for coverage. The contestability period for Medicare supplement contracts shall be two years.

(2) Termination of a Medicare supplement contract shall be without prejudice to any continuous loss that commenced while the contract was in force, but the extension of benefits beyond the period during which the contract was in force may be conditioned upon the continuous total disability of the subscriber or enrollee, limited to the duration of the contract benefit period, if any, or limited to the maximum benefits provided under the contract.

(3) A Medicare supplement contract shall provide that benefits and prepaid or periodic charges under the contract shall be suspended at the request of the subscriber or enrollee for the period (not to exceed 24 months) in which the subscriber or enrollee has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the subscriber or enrollee notifies the plan of that contract within 90 days after the date the individual becomes entitled to that assistance. Upon receipt of timely notice, the plan shall return to the subscriber or enrollee that portion of the prepaid or periodic charge attributable to the period of medicaid eligibility.

If the suspension occurs and if the subscriber or enrollee loses entitlement to that medical assistance, the contract shall be automatically reinstated, effective as of the date of termination of entitlement, if the subscriber or enrollee provides notice of loss of the entitlement within 90 days after the date of the loss and pays the prepaid or periodic charge attributable to the period, effective as of the date of termination of entitlement. Reinstatement of coverage shall not provide for any waiting period with respect to treatment of preexisting conditions. The reinstatement coverage shall be substantially equivalent to coverage in effect before the date of the suspension. When coverage is reinstated the classification of
prepaid or periodic charges shall be on terms at least as favorable to
the subscriber or enrollee as the prepaid or periodic charge
classification terms that would have applied to the subscriber or
enrollee had the coverage not been suspended.

(b) Any plan contract that primarily or solely supplements
Medicare, or is advertised or represented as a supplement to
Medicare, shall include the following "core" package of benefits.
This "core" package of benefits shall be referred to as standardized
Medicare supplement benefit plan "A". A plan may make available
to prospective subscribers and enrollees any of the other
standardized Medicare supplement benefit plans in addition to the
basic "core" package, but not in lieu thereof.

(1) Coverage of Part A Medicare Eligible Expenses for incurred
hospitalization to the extent not covered by Medicare from the 61st
day through the 90th day in any Medicare benefit period.

(2) Coverage of Part A Medicare Eligible Expenses incurred for
hospitalization to the extent not covered by Medicare for each
Medicare lifetime inpatient reserve day used.

(3) Upon exhaustion of the Medicare hospital inpatient coverage
including the lifetime reserve days, coverage of the Medicare Part
A Eligible Expenses for hospitalization not covered by Medicare,
subject to a lifetime maximum benefit of an additional 365 days.

(4) Coverage under Medicare Parts A and B for the reasonable
cost of the first three pints of blood, or equivalent quantities of
packed red blood cells, as defined under federal regulations, unless
replaced in accordance with federal regulations.

(5) Coverage for the coinsurance amount of Medicare Eligible
Expenses under Part B regardless of hospital confinement, subject to
the Medicare Part B deductible.

(c) Plans may also make available any of the other standardized
Medicare supplement benefit plans set forth below in addition to the
basic "core" package, but not in lieu thereof. No groups, packages,
or combinations of Medicare supplement benefits other than the
standardized Medicare supplement benefit plans listed in this
subdivision shall be offered for sale in this state, except as may be
permitted. Benefit plans shall conform in structure, language,
designation, and format to the standard benefit plans "A" through
"J" listed in this section. The benefits shall be listed in the order
shown in this section. For purposes of this section, "structure,
language, and format" mean style, arrangement, and overall content

(ii) A plan may require that the at-home recovery services, including the number of visits, frequency and the type of services, be certified by an attending physician as necessary for a condition for which Medicare has approved a home health care plan. The total number of at-home recovery visits may be limited to the number of Medicare approved home health care visits under a Medicare approved home care plan of treatment. The number of visits per week may be limited to seven visits.

(iii) A plan may require that all at-home recovery visits for a particular Medicare benefit period must be used within an eight-week period following the last Medicare-approved home health care visit.

(C) Coverage is excluded for any of the following:

(i) Home care visits paid for by Medicare or other government programs.

(ii) Care provided by family members, unpaid volunteers or providers who are not care providers.

(f) A plan may, with the prior approval of the commissioner, offer Medicare supplement contracts with new or innovative benefits in addition to the benefits required under this section. The benefits may include benefits that are appropriate to Medicare supplement coverage, not otherwise available, cost-effective, and offered in a manner that is consistent with the goal of simplification of Medicare supplement contracts consistent with this chapter.

1358.19. The commissioner may authorize a plan to offer Medicare Select contracts pursuant to Section 4358 of the Omnibus Budget Reconciliation Act ("OBRA") of 1990 if the commissioner finds that the plan's Medicare supplement contracts are in compliance with the Knox-Keene Act, including the following additional requirements for Medicare Select contracts:

(a) A Medicare Select plan shall make full and fair disclosure in writing of the provisions, restrictions, and limitations of the Medicare Select contract to each applicant. This disclosure shall include at least the following:

(1) An outline of coverage sufficient to permit the applicant to compare the coverage and charges of the Medicare Select contract with the following:

(A) Other Medicare supplement contracts, policies, or certificates offered by the plan and its affiliates.

(B) Medicare select policies, contracts, and certificates offered by other companies.

(2) A description, including address, phone number and hours of operation, of the providers contracting with the plan, including
primary care physicians, specialty physicians, hospitals, and pharmacies.

(3) A description of the restricted provider provisions, including charges when providers other than those contracting with the plan are utilized.

(4) A description of coverage for emergency and urgently needed care and out-of-service area coverage.

(5) A description of covered services that require a referral by a plan provider or plan preauthorization.

(6) A description of the subscriber or enrollees' rights to purchase any other Medicare supplement contract otherwise offered by the plan.

(7) A description of the Medicare Select plan's quality of care review program and grievance procedure.

(b) Prior to the sale of a Medicare Select contract, a plan shall obtain from the applicant a signed and dated form stating that the applicant has received the information required to be provided pursuant to subdivision (a) and that the applicant understands the restrictions of the Medicare Select contract.

(c) At the time of initial purchase, a Medicare Select plan shall make available to each applicant for a Medicare Select contract the opportunity to purchase any Medicare supplement contract, policy, or certificate otherwise offered by the plan or its affiliates.

(1) At the request of an enrollee under a Medicare Select contract, a Medicare Select plan shall make available to the enrollee the opportunity to purchase a Medicare supplement contract offered by the plan which has comparable or lesser benefits and which does not contain a restricted provider network provision, if any such Medicare Select contract is offered by the plan. The plan shall make those contracts available without regard to the health status of the enrollee after the Medicare supplement contract has been in force for six months.

(2) For the purposes of this subdivision, a Medicare supplement contract will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select contract being replaced. For the purposes of this paragraph "significant benefit" means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services or coverage for Part B excess charges.

(d) Medicare Select contracts shall provide for continuation of coverage in the event the Secretary of Health and Human Services determines that Medicare Select contracts, policies, and certificates issued pursuant to this section should be discontinued due to either the failure of the Medicare Select program to be reauthorized under law or its substantial amendment.

(1) Each Medicare Select issuer shall make available to each enrollee under a Medicare Select plan the opportunity to purchase a Medicare supplement contract offered by the plan which has comparable or lesser benefits and which does not contain a restricted
provider network provision, if any such Medicare supplement contract is offered by the plan. The plan shall make those contracts available without regard to the health status of the enrollee after the Medicare supplement contract has been in force for six months.

(2) For the purposes of this subdivision, a Medicare supplement contract will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select contract being replaced. For the purposes of this paragraph "significant benefit" means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services or coverage for Part B excess charges.

(e) A plan offering Medicare Select contracts shall comply with reasonable requests for data made by state or federal agencies, including the United States Department of Health and Human Services, for the purpose of evaluating the Medicare Select program. A Medicare Select plan shall not issue a Medicare Select contract in this state until the contract has been approved by the commissioner.

1358.20. No plan shall deny or condition the offering or effectiveness of any Medicare supplement contract, nor discriminate in the pricing of the contract, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for that contract is submitted during the six-month period beginning with the first month in which an individual, who is 65 years of age or older, first enrolled for benefits under Medicare Part B. Each Medicare supplement contract currently available from a plan shall be made available to all applicants who qualify under this section. This section shall not be construed as preventing the exclusion of benefits under a contract, during the first six months, based on a preexisting condition for which the subscriber or enrollee received treatment or was otherwise diagnosed during the six months before it became effective. An individual enrolled in Medicare Part B by reason of disability shall be entitled to open enrollment described in this section for six months after he or she reaches age 65. Sales during the open enrollment period shall not be discouraged by any means, including the altering of the commission structure.

1358.21. (a) A plan may discontinue the availability of a Medicare supplement contract if the plan provides to the commissioner in writing its decision at least 60 days prior to discontinuing the availability of the contract. After receipt of the notice by the commissioner, the plan shall no longer offer for sale the contract in this state. A contract shall not be considered to be available for purchase unless the plan has actively offered it for sale in the previous 12 months.

(b) A plan that discontinues the availability of a contract pursuant to subdivision (a) shall not file for approval a new contract of the same type for the same standardized Medicare supplement benefit plan as the discontinued contract for a period of five years after the plan provides notice to the commissioner of the discontinuance. The
period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate.

(c) The sale or other transfer of Medicare supplement business to another company shall be considered a discontinuance for the purpose of this section.

SEC. 5.5. Section 10192.05 of the Insurance Code is amended to read:

(2) The definition may provide that injuries shall not include injuries for which benefits are provided or available under any workers' compensation, employers' liability, or similar law, unless prohibited by law.

(a) Coverage for Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare, from the 61st day through the 90th day in any Medicare benefit period.

   (d) Part B Excess Charges: 80 percent: Coverage for 80 percent of the difference between the actual Medicare Part B charge as legally billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge.    (e) Part B Excess Charges: 100 percent: Coverage for all of the difference between the actual Part B charge as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge. The benefit is subject to a calendar year deductible of two hundred fifty dollars ($250) and a lifetime maximum benefit of fifty thousand dollars ($50,000). For purposes of this benefit, "emergency care" means care needed immediately because of an injury or illness of sudden and unexpected onset.

Insurers shall not discourage sales during the open enrollment period by any means, including the altering of the commission structure.

SEC. 20. Section 10195 of the Insurance Code is amended to read:

10195. (a) No insurance policy or certificate may be advertised, solicited, issued, or delivered in California as Medicare supplement insurance that does not meet the following requirements:

(1) A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the
effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by a physician within six months before the effective date of coverage.

(2) A Medicare supplement policy or certificate may not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors.

(4) No Medicare supplement policy or certificate shall provide for, and no insurer may effect, termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than nonpayment of premium.

(5) Every Medicare supplement policy shall be guaranteed renewable or noncancelable.

(A) An insurer shall not cancel or nonrenew a policy solely on the grounds of health status of the individual.

(B) An insurer shall not cancel or nonrenew a policy for any reason other than nonpayment of premium or misrepresentation of the risk by the applicant which is shown by the insurer to be material to the acceptance for coverage. The contestability period for Medicare supplement insurance shall be two years.

(6) If a group Medicare supplement policy is terminated by the master policyholder and is not replaced as provided under paragraph (8), the insurer shall offer certificate holders an individual policy or other continuation coverage that, at the option of the insured, either:

(A) Provides for continuation of the benefits contained in the group policy.

(B) Provides for coverage by one of the standardized policies defined in this article.

(7) If an individual is a certificate holder in a group Medicare supplement policy and membership in the group is terminated, the insurer shall offer the certificate holder either:

(A) An individual policy providing the following:

(i) Continuation of the benefits contained in the group policy.

(ii) Coverage under one of the standardized plans defined in this article.

(B) At the option of the master policyholder, continuation of coverage under the group policy.

(8) If a group Medicare supplement policy is replaced by another policy purchased by the same master policyholder, the succeeding insurer shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions
would have been covered under the group policy being replaced.

(9) Termination of a Medicare supplement policy shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits.

(10) No Medicare supplement policy may limit coverage exclusively to a single disease or affliction.

(11) A Medicare supplement policy or certificate shall provide that benefits and premiums shall be suspended at the request of the insured for the period, not to exceed 24 months, during which the insured has applied for and is eligible for medical assistance under Medi-Cal or Medicaid, as long as the insured notifies the insurer within 90 days after the date of entitlement. Upon receipt of timely notice, the insurer shall return directly to the insured that portion of the premium attributable to the period of Medi-Cal or Medicaid eligibility, subject to adjustment for paid claims.

(A) If the suspension occurs and if the insured loses entitlement to Medi-Cal or Medicaid, the Medicare supplement insurance, or equivalent coverage if that form is no longer available, shall be automatically reinstated, effective on the date of termination of entitlement, so long as the insured provides notice of loss of the entitlement within 90 days and pays the premium for the period beginning on the date of termination of entitlement.

(B) Reinstitution of coverage shall be as follows:

(i) Shall not include a waiting period with respect to treatment of preexisting conditions.

(ii) Shall provide for classification of premium on terms at least as favorable to the insured as would have applied had the coverage not been suspended.

(12) No Medicare supplement policy or certificate may contain limitations or exclusions on coverage that are more restrictive than those of the Medicare program.

(13) No Medicare supplement policy or certificate may use waivers to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or conditions.

(14) No Medicare supplement policy or certificate in force in California shall contain benefits that duplicate Medicare benefits.

(15) No Medicare supplement policy or certificate shall provide for payment of benefits based on a standard described as “usual and customary,” “reasonable and customary,” or words of similar import.

(16) All Medicare supplement policies and certificates shall provide an examination period of 30 days after the receipt of the policy or certificate for purposes of review of the contract at which time the applicant may return the contract. The return shall void the policy or certificate from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully
refunded to the applicant by the insurer in a timely manner.

(A) Each policy or certificate shall have a notice prominently printed in no less than 10-point upper case type, on the cover page of the policy or certificate or attached thereto, and on the cover page of the outline of coverage or attached thereto, stating that the applicant has the right to return the policy or certificate within 30 days after its receipt via regular mail, and to have the full premium refunded.

(B) For purposes of this section a timely manner shall be no later than 30 days after the insurer issuing the policy or certificate receives the returned policy or certificate.

(C) If the insurer issuing the policy or certificate fails to refund all premiums paid, in a timely manner, then the applicant shall receive interest on the paid premium at the legal rate of interest on judgments as provided in Section 685.010 of the Code of Civil Procedure. The interest shall be paid from the date the insurer received the returned policy or certificate.

(D) In the case of field issued policies or certificates, or other instances in which the policy or certificate is not first delivered to the insured by mail the insurer shall notify the insured by regular mail that the 30-day review period shall begin to run upon receipt of the notice required by this paragraph.

(b) All Medicare supplement policies and certificates shall comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) Upon a Medicare benefit change, every insurer that provides Medicare supplement insurance to a resident of this state shall make premium adjustments necessary to produce an expected loss ratio as will conform to the minimum loss ratio standards for Medicare supplement policies, and that are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the insurer. No premium adjustment that would modify loss ratio experience under the policy, other than the adjustments described in this subdivision, shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

(d) As soon as practicable, but prior to the effective date of Medicare benefit changes, every insurer shall file the following with the commissioner:

1) Appropriate premium adjustments necessary to produce loss ratios as originally anticipated for the applicable policies, along with supporting documents necessary to justify the adjustment.

2) Any appropriate riders, endorsements, or policy forms needed to accomplish the Medicare supplement insurance modifications necessary to eliminate benefit duplication with Medicare. The riders, endorsements, or policy forms shall provide a clear description of the benefits provided by the policy.

(e) The commissioner may prescribe by regulation a standard
form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

SEC. 21. Section 10195.1 is added to the Insurance Code, to read:

10195.1. (a) A Medicare supplement policy or certificate form shall not be issued unless the form can be expected to return to the insured aggregate benefits, not including anticipated refunds or credits, of at least 75 percent of the aggregate amount of premiums earned in the case of group policies, or at least 65 percent of the aggregate amount of premiums earned in the case of individual policies.

(1) Loss ratio experience shall be calculated as incurred claims for each calendar year, by year of issue, excluding administrative expenses or policy reserves, divided by premiums earned from all payment modes, including policy fees.

(2) The minimum loss ratio in this subdivision shall apply to all forms that have been in force three years or more. In the case of forms that have been in force less than three years, the commissioner shall determine whether the expected third-year loss ratio will meet the appropriate minimum standard.

(b) (1) Every insurer of Medicare supplement insurance shall file annually, for each form in force in California, its rates, rating schedule, and supporting documentation. The filings shall include an actuarial memorandum describing the historical experience and expected costs relative to any premium changes, premium income, rates or rating schedules, claims reports, including claims lag reports, and other documentation as prescribed or requested by the commissioner. The filings shall demonstrate that unpaid claims reserves and renewal rate filings are based on acceptable actuarial principles that will result in the required minimum loss ratio standards over the renewal period.

(2) The combined filings shall include appropriate riders, endorsements, and outlines of coverage, and shall be submitted prior to the effective date of changes, or announcement that no changes will occur, in Medicare benefits, and shall clearly describe the revised policy benefits.

(3) An insurer shall not use or change premium rates unless the rates, rating schedule, and supporting documentation have been approved by the commissioner in writing.

(4) If a rate filing or other information received by the
commissioner indicates that a loss ratio fails to meet the minimum standard established in this section, the commissioner may order premium adjustments, refunds, or premium credits deemed necessary to achieve the appropriate loss ratio. The commissioner may require the insurer to file and implement a corrective plan, which may include premium adjustments, dividends, benefit increases, refunds, premium credits, or any combination of methods reasonably calculated to achieve the minimum loss ratio. The corrective plan shall be approved by the commissioner before implementation.

(5) If the commissioner determines that a failure to meet the minimum loss ratio requirements is due to unusual experience fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the form from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for granting the exemption.

(6) If an insurer fails to file or implement the corrective plan in paragraph (4) in a timely manner, the commissioner shall withdraw approval of the form as provided in Section 10293. This remedy shall be in addition to any other remedy available under law. Any plan, report, exemption, or other document prepared pursuant to this subdivision shall be accessible as a public record.

(c) (1) An insurer shall collect and file for approval by the commissioner, by May 31 of each year, the data contained in the reporting form set forth in Appendix A of the Model Regulation to implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as adopted by the National Association of Insurance Commissioners on July 30, 1991, for each type in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since exception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in the standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) A refund or credit shall be made when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level.

(4) A refund or credit shall be made on or before September 30 in the year following the year upon which the refund or credit is based. The refund or credit shall include interest from the end of the calendar year to the date of the refund at a rate no less than the average for 13-week Treasury notes.

(d) The commissioner shall adopt regulations by July 30, 1993, that shall set forth specific data and documentation required for submission in annual rate filings pursuant to subdivisions (a), (b), and (c), and specify those minimum standards necessary for approval of those rate filings.
(e) The commissioner may conduct a public hearing to gather information concerning a request for a rate increase on any form in force in California if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance may be made without consideration of any corrective plan implemented for the reporting period. Public notice of the hearing shall be furnished as deemed appropriate by the commissioner.

SEC. 22.  Section 10195.45 of the Insurance Code is repealed.

SEC. 23.  Section 10195.45 is added to the Insurance Code, to read:

10195.45.  (a) Every Medicare supplement policy form and certificate form must be filed with and approved by the commissioner before being issued or delivered in California. Master policies issued outside California shall be filed for informational purposes along with the certificates.

(b) No Medicare supplement insurer shall use or change premium rates unless the rates, rating schedule, and supporting documentation have been filed and approved by the commissioner.

(c) Paragraph (1) of subdivision (b) of Section 10290 shall not apply to Medicare supplement insurance forms or rates. However, the commissioner may authorize in writing, for good cause only, the limited use of a form or rates after that form or the rates have been filed with the commissioner for 60 days and have not otherwise been acted upon.

(d) An insurer shall not file more than one policy or certificate form of each type for each standard benefit plan except that the commissioner may approve four policy or certificate forms of the same type for the same standard benefit plan, one for each of the following cases:

(1) The inclusion of new or innovative benefits.

(2) The addition of direct response or agent marketing methods.

(3) The addition of either guaranteed issue or underwritten coverage.

(4) The offering of coverage to individuals eligible for Medicare by reason of disability.

For purposes of this section, a type means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

SEC. 24.  Section 10195.46 is added to the Insurance Code, to read:

10195.46.  (a) No Medicare supplement policy form or certificate form that is first issued or delivered in California after the effective date of this section, may be withdrawn from the market unless the insurer has provided 60 days written notice to the commissioner and unless the commissioner has authorized the withdrawal in writing.

(b) If a policy form or certificate form is withdrawn from the market, the insurer shall not submit for approval or issue another policy form or certificate form of the same standardized plan for at least five years. The commissioner may authorize in writing, for good cause only, that the withdrawal period for a particular insurer and
plan may be shorter than five years.

(c) The sale or other transfer of Medicare supplement business to another insurer, or other Medicare supplement issuer, shall be considered a withdrawal from the market by the transferring insurer for purposes of this section.

(d) A change in the rating structure or methodology shall be considered a withdrawal from the market under this section unless the commissioner approves the change in writing.

(1) To seek approval, the insurer shall file an actuarial memorandum describing the differences between the existing and revised rating structures or methodologies and the resulting rates. The commissioner may approve the change if it is in the public interest.

(2) The insurer shall not subsequently effect a change in rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates, as described in the actuarial memorandum, to change. The commissioner may approve a change to the differential if it is in the public interest.

SEC. 25. Section 10196.1 of the Insurance Code is repealed.
SEC. 26. Section 10197 of the Insurance Code is amended to read: 10197. (a) No insurer, broker, agent, or other person shall cause an insured to replace a Medicare supplement insurance policy unnecessarily. In recommending replacement of any Medicare supplement insurance, an agent shall make reasonable efforts to determine the appropriateness to the potential insured.

(b) Application forms shall include the following statements and questions designed to elicit information as to whether, as of the date of the application, the applicant has other Medicare supplement insurance in force, or whether the Medicare supplement policy or certificate is intended to replace any other disability coverage presently in force. A supplementary application or other form to be signed by the applicant and agent containing those questions may be used unless the coverage is sold without an agent.

(1) Statements:

(A) You do not need more than one Medicare supplement policy.

(B) If you are 65 or older, you may be eligible for benefits under Medi-Cal or Medicaid and may not need a Medicare supplement policy.

(C) Benefits and premiums under your Medicare supplement policy will be suspended during your entitlement to Medi-Cal or Medicaid for up to 24 months. You must request this suspension within 90 days of becoming eligible for Medi-Cal or Medicaid. Once you are no longer eligible for Medi-Cal or Medicaid, your insurance policy will be reinstated if you request it within 90 days after losing entitlement.

(2) Questions:
(A) Do you have any other Medicare supplement insurance coverage, including an HMO contract? If so, with what company?
(B) Do you have any other health or disability insurance coverage? If so, what company? What kind of policy? Would the benefits duplicate the benefits in this Medicare supplement policy?
(C) Do you intend to replace any health or disability insurance coverage with this policy?
(D) Are you eligible for or receiving benefits from Medi-Cal?

(c) Each agent shall list, on the same form, any other disability insurance policies he or she or his or her agency has sold to the applicant. The list shall include all policies that are still in force and all policies sold in the last five years that may no longer be in force.

(d) In the case of the direct response insurer, a copy of the application, signed by the applicant and acknowledged by the insurer, shall be returned to the applicant upon or before delivery of the policy.

(e) Upon determining that a sale will involve replacement, an insurer or its agent, shall furnish the applicant, prior to issuing or delivering the Medicare supplement policy or certificate, a replacement notice. Direct response insurers shall deliver the replacement notice along with the policy or certificate. One copy of the notice signed by the applicant and the agent or insurer shall be provided to the applicant and an additional signed copy shall be retained by the insurer as provided in Section 10508. The replacement notice shall be printed in no less than 10-point type in substantially the following form:

2. Establish marketing procedures to assure excessive insurance is not sold or issued.
3. Establish marketing procedures which set forth a mechanism or formula for determining whether a replacement policy or certificate contains benefits that are of clearly and substantially greater benefit to the insured than the replaced coverage, for
purposes of triggering first-year commissions.

(4) Display prominently on the first page of the policy the following:

"Notice to buyer: This policy may not cover all of your medical costs."

(5) Inquire and otherwise make every reasonable effort to identify whether a prospective purchaser for Medicare supplement insurance already has insurance and the types and amounts of that insurance.

(6) Establish auditable procedures for verifying compliance with this subdivision.

(b) In addition to other unfair trade practices identified in this code, the following acts and practices are prohibited:

(1) Twisting: Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies of insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.

Every insurer shall file with the commissioner its commission
structure or an explanation of the insurer’s plan to comply with this
provision.
(b) The commission or other compensation provided in
subsequent renewal years shall be the same as that provided in the
second year or period, and shall be provided for at least five years.
(c) For purposes of this section, “commission” or “compensation”
includes pecuniary or nonpecuniary remuneration of any kind

An act to amend Sections 366.2, 366.21, and 366.23 of, and to add Section 316.1 to, the Welfare and Institutions Code, relating to minors.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 22, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 316.1 is added to the Welfare and Institutions Code, to read:

316.1. (a) Upon his or her appearance before the court, each parent or guardian shall designate for the court his or her permanent mailing address. The court shall advise each parent or guardian that the designated mailing address will be used by the court and the social services agency for notice purposes unless and until the parent or guardian notifies the court or the social services agency of a new mailing address in writing.

(b) The Judicial Council may develop a form for the designation of a permanent mailing address by parents and guardians for use by the courts and social services agencies.

SEC. 2. Section 366.2 of the Welfare and Institutions Code is amended to read:

366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor’s parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her
recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.

(e) The court shall proceed as follows at the review hearing: The court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer’s report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 232 of the Civil Code may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

(f) This section shall apply only to minors made dependents of the court pursuant to subdivision (c) of Section 360 prior to January 1, 1989.

SEC. 3. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the
hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the minor being recommended by the supervising agency. The notice to the foster parent shall indicate that the foster parent may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services provided or offered to the parents to enable them to assume custody, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the minor to a parent, the report shall specify why the return of the minor would be detrimental to the minor. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to such a hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any
(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report, shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.5, and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the minor was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the minor had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian, provided that the court may modify the terms and conditions of those services. If the child is not returned to his or her parent or parents, the court shall determine whether reasonable services have been provided or offered to the parent or parents which were designed to aid the parent or parents overcome the problems which led to the initial removal and the continued custody of the minor. The court shall order that those services be initiated or continued.
(f) At the review hearing held 12 months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk or detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or parents which were designed to aid the parent or parents to overcome the problems which led to the initial removal and continued custody of the minor. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer’s report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If a minor is not returned to the custody of a parent or guardian at the hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for another review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months or that reasonable services have not been provided to the parent or parents. The court shall inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a permanent plan shall be developed at that hearing. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

(2) Order that the minor remain in long-term foster care, if the court finds by clear and convincing evidence, based upon the evidence already presented to it, that the minor is not adoptable and has no one willing to accept legal guardianship.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor pending the hearing unless it finds that visitation would be detrimental to the minor.

(i) Whenever a court orders that a hearing pursuant to Section
366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.
(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.
(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.
(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.
(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is 10 years of age or older, concerning placement and the adoption or guardianship.
(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.
(j) This section shall apply to minors made dependents of the court pursuant to subdivision (c) of Section 360 on or after January 1, 1989.

SEC. 4. Section 366.23 of the Welfare and Institutions Code is amended to read:

366.23. (a) Whenever a juvenile court schedules a hearing pursuant to Section 366.26 regarding a minor, it shall direct that the fathers, presumed and alleged, and mother of the minor, the minor, if 10 years of age or older, and any counsel of record, shall be notified of the time and place of the proceedings and advised that they may appear. The notice shall also advise them of the right to counsel, the nature of the proceedings, and of the requirement that at the proceedings the court shall select and implement a plan of adoption, legal guardianship, or long-term foster care for the minor. In all cases where a parent has relinquished his or her child for the purpose of adoption, no notice need be given to that parent. Service of the notice shall be completed at least 45 days before the date of the hearing, except in those cases where notice by publication is ordered in which case the service of the notice shall be completed at least 30 days before the date of the hearing. If the petitioner is recommending termination of parental rights, notice of this recommendation shall be either included in the notice of a hearing scheduled pursuant to Section 366.26 and served within the time period specified in this subdivision or provided by separate notice to all persons entitled to receive notice by first-class mail at least 15 days.
before the scheduled hearing.

(b) Notice to the parent of the hearing may be given in any of the following manners:

(1) Personal service to the parent named in the notice.

(2) Delivery to a competent person who is at least 18 years of age at the parent's usual place of residence or business, and thereafter mailed to the parent named in the notice by first-class mail at the place where the notice was delivered.

(3) If the place of residence is outside the state, service may be made in the manner prescribed in paragraph (1) or (2), or by certified mail, return receipt requested.

(4) If the recommendation of the petitioner is limited to legal guardianship or long-term foster care, service may be made by first-class mail to the parent's usual place of residence or business.

(5) If the father or mother of the minor or any person alleged to be or claiming to be the father or mother cannot, with reasonable diligence, be served as provided for in paragraph (1), (2), (3), or (4) or if his or her place of residence is not known, the probation officer shall file an affidavit with the court at least 75 days before the date of the hearing, stating the name of the father or mother or alleged father or mother and his or her place of residence, if known, setting forth the efforts that have been made to locate and serve the parent.

(A) If the court determines that there has been due diligence in attempting to locate and serve the parent, and the petitioner limits the recommendation to legal guardianship or long-term foster care, the court shall order that notice be given to the grandparents of the minor, if there are any and if their residences and relationships to the minor are known, by first-class mail of the time and place of the proceedings and that they may appear. In any case where the residence of the parent or alleged parent becomes known, notice shall immediately be served upon the parent or alleged parent as set forth in paragraph (1), (2), (3), or (4).

(B) If the court determines that there has been due diligence in attempting to locate and serve the parent and the petitioner does not limit the recommendation to legal guardianship or long-term foster care, the court shall order that service to the parent be by certified mail, return receipt requested, to the parent's counsel of record, if any. If the parent does not have counsel of record, the court shall order that the service be made by publication of a citation requiring the father or mother, or alleged father or mother, to appear at the time and place stated in the citation, and that the citation be published in a newspaper designated as most likely to give notice to the father or mother. Publication shall be made once a week for four successive weeks. In case of service to the parent by certified mail on the counsel of record or publication where the residence of a parent or alleged parent becomes known, notice shall immediately be served upon the parent or alleged parent as set forth in paragraph (1), (2), or (3). When service to the parent by certified mail on the counsel of record or publication is ordered, service of a copy of the
notice in the manner provided for in paragraph (1), (2), or (3) is equivalent to service by certified mail on the counsel of record or publication. In any case where service to the parent by certified mail on the counsel of record or publication is ordered, the court shall also order that notice be given to the grandparents of the minor, if there are any and if their residences and relationships to the minor are known, by first-class mail of the time and place of the proceedings and that they may appear.

If the identity of one or both of the parents or alleged parents of the minor is unknown or if the name of either or both of his or her parents or alleged parents is uncertain, then that fact shall be set forth in the affidavit and the court, if ordering publication, shall order the published citation to be directed to either the father or the mother, or both, of the minor, and to all persons claiming to be the father or mother of the minor naming and otherwise describing the minor. Personal service of a copy of the notice or any other form of actual notice to counsel of record is the equivalent of service to counsel of record by certified mail, return receipt requested.

(6) Notwithstanding paragraphs (1) to (5), inclusive, if the parent is present at the hearing at which the court schedules a hearing pursuant to Section 366.26 regarding the minor, the court shall advise the parent of the time and place of the proceedings, their right to counsel, the nature of the proceedings, and of the requirement that at the proceedings the court select and implement a plan of adoption, legal guardianship, or long-term foster care for the minor. The court shall order the parent to appear for the proceedings and then direct that the parent be noticed thereafter by first-class mail to the parent’s usual place of residence or business only.

(7) Notwithstanding paragraphs (1) to (5), inclusive, whenever the whereabouts of a parent is not known at the time the court schedules a hearing pursuant to Section 366.26 regarding a minor, and the petitioner presents to the court an affidavit setting forth the name of the parent and the efforts that have been made to locate the parent, the court shall order that the notice for the parent be as set forth in subparagraph (A) or (B) of paragraph (5).

(c) Notice to the minor, if 10 years of age or older of the hearing shall be by first-class mail.

(d) Service is deemed complete at the time the notice is personally delivered to the party named in the notice, or 10 days after the notice has been placed in the mail, or at the expiration of the time prescribed by the order for publication, whichever occurs first. Notwithstanding subdivision (a), if the counsel of record is present at the time that the court schedules a hearing pursuant to Section 366.26 no further notice to the counsel of record shall be required, except to notice counsel of a recommendation to termination parental rights as set forth in subdivision (a) or as required by subparagraph (B) of paragraph (5) of subdivision (b).
CHAPTER 289

An act to amend Sections 798.17 and 798.18 of the Civil Code, relating to mobilehome parks.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 22, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.17 of the Civil Code is amended to read: 798.17. (a) Rental agreements meeting the criteria of subdivision (b) shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent. The terms of such a rental agreement shall prevail over conflicting provisions of an ordinance, rule, regulation, or initiative measure limiting or restricting rents in mobilehome parks, only during the term of the rental agreement or one or more uninterrupted, continuous extensions thereof. If the rental agreement is not extended and no new rental agreement in excess of 12 months' duration is entered into, then the last rental rate charged for the space under the previous rental agreement shall be the base rent for purposes of applicable provisions of law concerning rent regulation, if any.

In the first sentence of the first paragraph of a rental agreement entered into on or after January 1, 1993, pursuant to this section, there shall be set forth a provision in at least 12-point boldface type if the rental agreement is printed, or in capital letters if the rental agreement is typed, giving notice to the homeowner that the rental agreement will be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the following criteria:

(1) The rental agreement shall be in excess of 12 months' duration.

(2) The rental agreement shall be entered into between the management and a homeowner for the personal and actual residence of the homeowner.

(3) The homeowner shall have at least 30 days from the date the rental agreement is first offered to the homeowner to accept or reject the rental agreement.

(4) The homeowner who executes a rental agreement offered pursuant to this section may void the rental agreement by notifying management in writing within 72 hours of the homeowner's execution of the rental agreement.

(c) If, pursuant to paragraph (3) or (4) of subdivision (b), the
homeowner rejects the offered rental agreement or rescinds a signed rental agreement, the homeowner shall be entitled to instead accept, pursuant to Section 798.18, a rental agreement for a term of 12 months or less from the date the offered rental agreement was to have begun. In the event the homeowner elects to have a rental agreement for a term of 12 months or less, including a month-to-month rental agreement, the rental agreement shall contain the same rental charges, terms, and conditions as the rental agreement offered pursuant to subdivision (b), during the first 12 months, except for options, if any, contained in the offered rental agreement to extend or renew the rental agreement.

(d) Nothing in subdivision (c) shall be construed to prohibit the management from offering gifts of value, other than rental rate reductions, to homeowners who execute a rental agreement pursuant to this section.

(e) With respect to any space in a mobilehome park which is exempt under subdivision (a) from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity that establishes a maximum amount that a landlord may charge a tenant for rent, the mobilehome park shall be exempt from any fee or other exaction imposed pursuant to such an ordinance, rule, regulation, or initiative measure or imposed for the purpose of defraying the cost of administration thereof.

(f) At the time the rental agreement is first offered to the homeowner, the management shall provide written notice to the homeowner of the homeowner's right (1) to have at least 30 days to inspect the rental agreement, and (2) to void the rental agreement by notifying management in writing within 72 hours of the acceptance of a rental agreement. The failure of the management to provide the written notice shall make the rental agreement voidable at the homeowner's option upon the homeowner's discovery of the failure. The receipt of any written notice provided pursuant to this subdivision shall be acknowledged in writing by the homeowner.

(g) No rental agreement subject to subdivision (a) that is first entered into on or after January 1, 1993, shall have a provision which authorizes automatic extension or renewal of, or automatically extends or renews, the rental agreement for a period beyond the initial stated term at the sole option of either the management or the homeowner.

(h) This section does not apply to or supersede other provisions of this part or other state law.

SEC. 2. Section 798.18 of the Civil Code is amended to read:

798.18. (a) A homeowner shall be offered a rental agreement for (1) a term of 12 months, or (2) a lesser period as the homeowner may request, or (3) a longer period as mutually agreed upon by both the homeowner and management.

(b) No rental agreement shall contain any terms or conditions with respect to charges for rent, utilities, or incidental reasonable service charges that would be different during the first 12 months of
the rental agreement from the corresponding terms or conditions that would be offered to the homeowners on a month-to-month basis.

(c) No rental agreement for a term of 12 months or less shall include any provision which authorizes automatic extension or renewal of, or automatically extends or renews, the rental agreement beyond the initial term for a term longer than 12 months at the sole option of either the management or the homeowner.

CHAPTER 290

SECTION 1. Section 10500 of the Vehicle Code is amended to read:

An officer, upon receiving information of the recovery of any vehicle described in this subdivision, or of the recovery of plates which have been previously reported as lost or stolen, shall immediately report the fact of the recovery to the Department of Justice Stolen Vehicle System. At the same time, the recovering officer shall advise the Department of Justice Stolen Vehicle System and the original reporting police agency of the location and condition of the vehicle or license plates recovered. The original reporting police agency, upon receipt of the information from the recovering officer, shall, within 48 hours, excluding weekends and holidays, notify the reporting party of the location and condition of the recovered vehicle.

(b) If the recovered vehicle is subject to parking or storage charges, Section 10652.5 applies.

SEC. 2. Section 10502 of the Vehicle Code is amended to read:

10502. (a) The owner or legal owner of a vehicle registered under this code which has been stolen or embezzled may notify the Department of the California Highway Patrol of the theft or embezzlement, but in the event of an embezzlement other than an
embezzlement as specified in Section 10855, may make the report only after having procured the issuance of a warrant for the arrest of the person charged with the embezzlement.

(b) Every owner or legal owner who has given any notice under subdivision (a) shall notify the Department of the California Highway Patrol of a recovery of the vehicle.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

12810. In determining the violation point count, the following shall apply:

(a) Any conviction of failure to stop in the event of an accident in violation of Section 20001 or 20002 shall be given a value of two points.

(b) The department may, upon the request of a local public entity, provide technical assistance for the purpose of developing

CHAPTER 293

An act to amend Section 25123.3 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 25123.3 of the Health and Safety Code is amended to read:

25123.3. (a) "Storage facility" means a hazardous waste facility at which the hazardous waste meets any of the following requirements:

(1) The hazardous waste is held in containers or tanks for greater than 90 days at an onsite facility.

(2) The hazardous waste is held at an onsite facility in tanks for any period of time and the quantity of the hazardous waste in any individual tank exceeds 5,000 gallons or 45,000 pounds, whichever is greater, or the aggregate amount of hazardous waste stored in tanks at the facility exceeds 50,000 gallons. For purposes of this paragraph, these quantities do not include hazardous waste stored in a portable tank used for a period of not more than 60 calendar days at an onsite facility or hazardous waste accumulated onsite which has been generated from onsite maintenance operations which occur less frequently than annually or hazardous waste which is held, as part of the ongoing treatment of that waste, in a tank which is authorized by the department to perform that treatment for that waste.

(3) The hazardous waste is held in containers or tanks for any period of time at an offsite facility which is not a transfer facility.

(4) (A) Except as provided in subparagraph (B), the hazardous waste is held in containers or tanks at a transfer facility for periods greater than 144 hours.
(B) The department may extend the period of time specified in subparagraph (A) for hazardous waste which is generated as a result of an emergency release and which is collected and temporarily stored by emergency rescue personnel, as defined in Section 25501, or by a response action contractor, as defined in Section 25364.6, upon the request of emergency rescue personnel or the response action contractor. Notwithstanding any other provision of law, a transfer facility which holds hazardous waste for periods greater than 144 hours pursuant to this subparagraph shall not be classified as a storage facility.

(5) The hazardous waste is held at an onsite facility in any individual container of less than 5,000 gallons for any period of time, and the aggregate amount of hazardous waste stored in those containers, exclusive of tanks, at the facility exceeds 50,000 gallons. For purposes of this paragraph, this quantity does not include hazardous waste being accumulated at an initial accumulation point pursuant to subdivision (d).

(6) The hazardous waste is held at any facility for any period of time in a manner other than in a container or tank.

(b) The time period for calculating the 90-day period for purposes of paragraph (1) of subdivision (a) begins when the facility has accumulated 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste. However, if the facility generates more than 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste during any calendar month, the time period begins when any amount of hazardous waste first begins to accumulate in that month.

(c) For purposes of this section, "transfer facility" means any offsite facility which is related to the transportation of hazardous waste, including, but not limited to, loading docks, parking areas, storage areas, and other similar areas where shipments of hazardous waste are held during the normal course of transportation.

(d) Notwithstanding paragraph (1) of subdivision (a), a generator of hazardous waste that accumulates waste onsite is not a storage facility if all of the following requirements are met:

(1) The generator accumulates a maximum of 55 gallons of hazardous waste, one quart of acutely hazardous waste, or one quart of extremely hazardous waste at an initial accumulation point which is at or near the area where the waste is generated and which is under the control of the operator of the process generating the waste.

(2) The generator accumulates the waste in containers other than tanks.

(3) The generator does not hold the hazardous waste onsite for more than one year from the initial date of accumulation, or 90 days from the date the quantity limitation specified in paragraph (1) of this subdivision is reached, whichever occurs first.

(4) The generator labels any container used for the accumulation of hazardous waste with the initial date of accumulation and with the
words "hazardous waste" or other words that identify the contents of the container.

(5) Within three days of reaching any applicable quantity limitation specified in paragraph (1), the generator labels the container holding the accumulated hazardous waste with the date the quantity limitation was reached and either transports the waste offsite or holds the waste onsite and complies with the regulations adopted by the department establishing requirements for personnel training, preparedness and prevention, and contingency plans and emergency procedures applicable to storage facilities.

(6) The generator complies with regulations adopted by the department pertaining to the use and management of containers and any other regulations adopted by the department to implement this subdivision.

(7) The generator does not otherwise meet the definition of a storage facility.

CHAPTER 294

An act to amend Sections 7028.15, 7071.8, 7099.10, and 7099.11 of the Business and Professions Code, relating to contractors.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 7028.15 of the Business and Professions Code is amended to read:

7028.15. (a) It is a misdemeanor for any person to submit a bid to a public agency in order to engage in the business or act in the capacity of a contractor within this state without having a license therefor, except in any of the following cases:

(1) The person is particularly exempted from this chapter.

(2) The bid is submitted on a state project governed by Section 10164 of the Public Contract Code or on any local agency project governed by Section 20103.5 of the Public Contract Code.

(b) If a person has been previously convicted of the offense described in this section, the court shall impose a fine of 20 percent of the price of the contract under which the unlicensed person performed contracting work, or four thousand five hundred dollars ($4,500), whichever is greater, or imprisonment in the county jail for not less than 10 days nor more than six months, or both.

In the event the person performing the contracting work has agreed to furnish materials and labor on an hourly basis, "the price of the contract" for the purposes of this subdivision means the aggregate sum of the cost of materials and labor furnished and the cost of completing the work to be performed.
(c) This section shall not apply to a joint venture license, as required by Section 7029.1. However, at the time of making a bid as a joint venture, each person submitting the bid shall be subject to this section with respect to his or her individual licensure.

(d) This section shall not affect the right or ability of a licensed architect, land surveyor, or registered professional engineer to form joint ventures with licensed contractors to render services within the scope of their respective practices.

(e) Unless one of the foregoing exceptions applies, a bid submitted to a public agency by a contractor who is not licensed in accordance with this chapter shall be considered nonresponsive and shall be rejected by the public agency. Unless one of the foregoing exceptions applies, a local public agency shall, before awarding a contract or issuing a purchase order, verify that the contractor was properly licensed when the contractor submitted the bid. Notwithstanding any other provision of law, unless one of the foregoing exceptions applies, the registrar may issue a citation to any public officer or employee of a public entity who knowingly awards a contract or issues a purchase order to a contractor who is not licensed pursuant to this chapter. The amount of civil penalties, appeal, and finality of such citations shall be subject to Sections 7028.7 to 7028.13, inclusive. Any contract awarded to, or any purchase order issued to, a contractor who is not licensed pursuant to this chapter is void.

(f) Any compliance or noncompliance with subdivision (e) of this section, as added by Chapter 863 of the Statutes of 1989, shall not invalidate any contract or bid awarded by a public agency during which time that subdivision was in effect.

(g) A public employee or officer shall not be subject to a citation pursuant to this section if the public employee, officer, or employing agency made an inquiry to the board for the purposes of verifying the license status of any person or contractor and the board failed to respond to the inquiry within three business days. For purposes of this section, a telephone response by the board shall be deemed sufficient.

SEC. 2. Section 7071.8 of the Business and Professions Code is amended to read:

7071.8. (a) This section applies to an application for a license, for restoration of a license, or for continued valid use of a license which has been disciplined, whether or not the disciplinary action has been stayed, made by any of the following persons or firms:

(1) Any person whose license has been suspended or revoked as a result of disciplinary action, or any person who was a qualifying individual for a licensee at any time during which cause for disciplinary action occurred resulting in suspension or revocation of the licensee’s license, whether or not the qualifying individual had knowledge or participated in the prohibited act or omission.

(2) Any person who was an officer, director, member, or partner of a licensee at any time during which cause for disciplinary action...
occurred resulting in suspension or revocation of the licensee’s license and who had knowledge of or participated in the act or omission which was the cause for the disciplinary action.

(3) Any partnership, corporation, firm or association of which any officer, director, member, partner or qualifying person has had the license suspended or revoked as a result of disciplinary action.

(4) Any partnership, corporation, firm or association of which any officer, director, member, or partner or qualifying person was a member, officer, director, or partner of a licensee at any time during which cause for disciplinary action occurred resulting in suspension or revocation of the license, and who had knowledge of or participated in the act or omission which was the cause for the disciplinary action.

(b) The board shall require as a condition precedent to the issuance, reissuance or restoration of a license to the applicant, or removal of suspension, or to the continued valid use of a license which has been suspended or revoked, but which suspension or revocation has been stayed, that the applicant or licensee file or have on file a contractor’s bond in a sum to be fixed by the registrar based upon the seriousness of the violation, but which sum shall not be less than fifteen thousand dollars ($15,000) nor more than 10 times that amount required by Section 7071.6.

(c) The bond is in addition to, may not be combined with, and does not replace any other type of bond required by this chapter. The bond shall remain on file with the registrar for a period of at least two years and for such additional time as the registrar may determine. The bond period shall run only while the license is current, active, and in good standing, and shall be extended until such time as the license has been current, active, and in good standing for the required period. Each applicant or licensee shall be required to file only one disciplinary contractor’s bond of the type described in this section for each application or license subject to this bond requirement.

SEC. 3. Section 7099.10 of the Business and Professions Code is amended to read:

7099.10. (a) If, upon investigation, the registrar has probable cause to believe that a licensee, an applicant for a license, or an unlicensed individual acting in the capacity of a contractor who is not otherwise exempted from the provisions of this chapter, has violated Section 7027.1 by advertising for construction or work of improvement covered by this chapter in an alphabetical or classified directory, without being properly licensed, the registrar may issue a citation under Section 7099 containing an order of correction which requires the violator to cease the unlawful advertising and to notify the telephone company furnishing services to the violator to disconnect the telephone service furnished to any telephone number contained in the unlawful advertising, and that subsequent calls to that number shall not be referred by the telephone company to any new telephone number obtained by that person.
(b) If the person to whom a citation is issued under subdivision (a) notifies the registrar that he or she intends to contest the citation, the registrar shall afford an opportunity for a hearing, as specified in Section 7099.5, within 90 days after receiving the notification.

(c) If the person to whom a citation and order of correction is issued under subdivision (a) fails to comply with the order of correction after the order is final, the registrar shall inform the Public Utilities Commission of the violation, and the Public Utilities Commission shall require the telephone corporation furnishing services to that person to disconnect the telephone service furnished to any telephone number contained in the unlawful advertising.

(d) The good faith compliance by a telephone corporation with an order of the Public Utilities Commission to terminate service issued pursuant to this section shall constitute a complete defense to any civil or criminal action brought against the telephone corporation arising from the termination of service.

SEC. 4. Section 7099.11 of the Business and Professions Code is amended to read:

7099.11. (a) No person shall advertise, as that term is defined in Section 7027.1, to promote his or her services for the removal of asbestos unless he or she is certified to engage in asbestos-related work pursuant to Section 7058.5, and registered for that purpose pursuant to Section 6501.5 of the Labor Code. Each advertisement shall include that person's certification and registration numbers and shall use the same name under which that person is certified and registered.

(b) The registrar shall issue a notice to comply with the order of correction provisions of subdivision (a) of Section 7099.10, to any person who is certified and registered, as described in subdivision (a), and who fails to include in any advertisement his or her certification and registration numbers.

(c) The registrar shall issue a citation pursuant to Section 7099 to any person who fails to comply with the notice required by subdivision (b), or who advertises to promote his or her services for the removal of asbestos but does not possess valid certification and registration numbers as required by subdivision (a), or who fails to use in that advertisement the same name under which he or she is certified and registered.

Citations shall be issued and conducted pursuant to Sections 7099 to 7099.10, inclusive.

Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, in school districts with an average daily attendance below 400,000, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 45128. Nothing in this section shall preclude the governing board of a school district from entering into an agreement with the exclusive representative of the classified employees that defines "length of service" to mean the hire date. For purposes of this section, in school districts with an average daily attendance of 400,000 or more, for service commencing or continuing after January 1, 1986, "length of service" shall be determined by the date of hire.

If a governing board enters into an agreement with the exclusive representative of classified employees that defines "length of service" to mean the hire date, the governing board may define "length of service" to mean the hire date for a classification of employee not represented by any exclusive bargaining unit.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on unpaid illness leave, unpaid maternity leave, unpaid family care leave, or unpaid industrial accident leave. In addition, for military leave of absence, "length of service" credit shall be granted pursuant to Section 45297. In the event an employee returns to work following any other unpaid leave of absence, no further seniority shall be accrued for the time not worked.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

SEC. 3. Section 88116 of the Education Code is amended to read:

88116. (a) Whenever during the absence of an employee of a community college district or student body association operating
under Sections 76060 to 76065, inclusive, in the active military service of the United States of America during any period of national emergency declared by the President of the United States of America, or during any war in which the United States of America is engaged, the position held by that employee at the time of his or her entrance into that military service is placed within the classified service of the district and an eligible list is established for that position through competitive examination, the employee shall, at his or her request made within six months after his or her leaving the active military service under honorable conditions, be given forthwith an examination of substantially the same character and scope as the competitive examination through which the original eligibility list was established. The grade secured by that employee in that examination shall be deemed to be the grade he or she would have secured had he taken the competitive examination as a veteran and he or she shall be placed on the original eligibility list accordingly with all the rights and privileges to which he would have been entitled had he had such place on the original eligibility list at the time of its establishment.

(b) Notwithstanding subdivision (a), any member of the Military Reserve or the National Guard who is called to active duty, either voluntarily or involuntarily, during any period of national emergency declared by the President of the United States of America, or during any war in which the United States of America is engaged, shall be entitled to any rights, in addition to the rights accorded under subdivision (a), that are accorded that member under the federal Veterans' Reemployment Rights Law or any other applicable provision of federal law.

SEC. 4. Section 88127 of the Education Code is amended to read:

88127. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, for service commencing or continuing after July 1, 1971, “length of service” means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 88027. Nothing in this section shall preclude the governing board of a community college district from entering into an agreement with the exclusive representative of the classified employees that defines “length of service” to mean the hire date.

If a governing board enters into an agreement with the exclusive representative of classified employees that defines “length of service” to mean the hire date, the governing board may define “length of service” to mean hire date for a classification of employee not represented by any exclusive bargaining unit.
Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on unpaid illness leave, or unpaid industrial accident leave. In addition, for military leave of absence, "length of service" credit shall be granted pursuant to Section 88116.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act implements a federal law or regulation and involves only "costs mandated by the federal government," as defined by Section 17513 of the Government Code. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 304

An act to amend Section 1812.101 of the Civil Code, relating to sales.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1812.101 of the Civil Code is amended to read:

1812.101. For the purpose of this title, the following definitions shall be used:

(a) "Discount buying organization" means any person or persons, corporation, unincorporated association, or other organization which, for a consideration, provides or purports to provide its clients or the clients or members of any other discount buying organization with the ability to purchase goods or services at discount prices, except that such an organization shall not include: (1) any discount buying organization in which the total consideration paid by each client or member in any manner whatsoever for the purchase of discount buying services from the organization (A) does not exceed a one-time fee of fifty dollars ($50) or an annual fee of twenty-five dollars ($25) to be paid on a yearly basis, or (B) does not exceed a one-time or annual fee of fifty dollars ($50) and the organization provides a majority of the goods and services through purchases by members who walk in to a fixed location operated by the organization; (2) any discount buying organization in which the total consideration paid by each client or member in any manner
whatever for the purchase of discount buying services from the organization does not exceed a one-time or annual fee of one hundred dollars ($100) and the organization (A) offers buying services to clients or members through toll-free telephone access, computer access, or video shopping terminals; (B) during the first year of membership of each member, upon the request of the member, provides a full refund of membership fees, exclusive of any fees, however designated, not exceeding ten dollars ($10) in the aggregate, without conditions other than the surrender of materials which allow the member to access or use the service; (C) provides at least 15 toll-free service lines to California customers devoted exclusively to customer service questions and complaints; and (D) maintains a bond which meets the requirements of Sections 1812.103 and 1812.104, except that the principal sum of the bond need only be twenty thousand dollars ($20,000); or (3) any discount buying organization in which persons receive discount buying services incidentally as part of a package of services provided to or available to the individual on account of his or her membership in the organization, which is not organized for the profit of any person or corporation, and which does not have as one of its primary purposes or businesses, the provision of discount buying services.

A discount buying organization does not include any person, corporation, unincorporated association, or other organization, which, for a consideration collected from another entity, provides or purports to provide the clients of the other entity with the ability to purchase goods or services at discount prices, if the clients of the other entity do not order from, or pay any money to, that person, corporation, unincorporated association, or other organization; however, the entity from which the customer purchases the right to obtain goods or services at discount prices, shall comply with the requirements of this title.

(b) "Contract for discount buying services" means a contract between one party (hereinafter referred to as the "buyer") who is purchasing the service for personal or family use, and a discount buying organization, whereby the buyer for a consideration receives the right to obtain goods or services from the discount buying organization, or to utilize the discount buying organization services in obtaining goods and services, at discount prices.

(c) "Discount prices" means prices which are represented to be lower on most or all offered goods or services than those generally charged for the items in the locality in which the representation is made.

This definition is not intended to affect the degree of savings which must be offered on an item or selection of items in order to truthfully and without misleading consumers represent an item, selection of items, or entire store as being "discount" or "discounted."
CHAPTER 305

CHAPTER 307

An act to amend Sections 8893.1, 8897, 8897.1, 8897.2, 8897.3, and 8897.5 of the Government Code, relating to seismic safety.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 8893.1 of the Government Code is amended to read:
8893.1. (a) For purposes of this chapter, "adequate wall anchorage" means a connection between the wall and the floor, or between the wall and the roof construction, of a precast concrete or reinforced masonry building with wood frame floors or roof, which is capable of resisting the horizontal forces specified in Section 2310 or Section 2336 of the 1991 Edition of the Uniform Building Code of the International Conference of Building Officials. If adequate wall anchorage is achieved within three years from the date of receipt of notice pursuant to this chapter then compliance as specified in Section 8893.4 shall be deemed to have been achieved.

(b) Adequate wall anchorage shall include compliance with requirements for continuous ties or struts between diaphragm chords as specified in Section 2337 of the 1991 Edition of the Uniform Building Code of the International Conference of Building Officials.

SEC. 2. Section 8897 of the Government Code is amended to read:
8897. (a) The Legislature finds and declares all of the following:
(1) There exists a serious threat to homes in the State of California from damage during earthquakes. Over 23,000 homes were damaged or destroyed during the Loma Prieta earthquake of October 17, 1989, due to the lack of adequate foundation anchoring or as a result of cripple wall failure.
(2) The building codes used in the State of California did not require homes to be bolted to their foundations until on or about 1949, and some of California's local jurisdictions did not enforce the anchor bolting requirements until as late as 1958.
(3) There are approximately 1,200,000 homes in the State of California which may not be bolted or anchored to their foundations or do not have adequate cripple wall bracing.
(4) There also exists a serious threat of gas leaks followed by fire and explosion from water heaters that overturn, damaging the plumbing or electrical wiring during an earthquake due to the lack...
of adequate anchoring, strapping, or bracing.

(b) Therefore, it is the goal of the Legislature to ensure that all homes be anchored to their foundations, have adequately braced cripple walls, and have the water heaters braced, strapped, or anchored, and that deficiencies be disclosed by the seller to prospective buyers.

(c) The Legislature finds and declares that the disclosure of earthquake deficiencies should provide a prospective buyer with information on the possible vulnerability of the dwelling being purchased. It is the intent of the Legislature that the seller be able to complete the report without having to consult with any design professional.

SEC. 3. Section 8897.1 of the Government Code is amended to read:

8897.1. (a) After January 1, 1993, the transferor of any real property containing any residential dwelling built prior to January 1, 1960, with one to four living units of conventional light-frame construction, as defined in Chapter 25 of the 1991 Edition of the Uniform Building Code of the International Conference of Building Officials, shall, as soon as practicable before the transfer, deliver to the purchaser or transferee a copy of the "Homeowner's Guide to Earthquake Safety" published pursuant to Section 10149 of the Business and Professions Code and complete the earthquake hazards disclosure regarding the property. The earthquake hazards disclosure shall clearly indicate whether the transferor has actual knowledge that the dwelling has any of the deficiencies listed in Section 8897.2.

(b) The transferor shall make the earthquake hazards disclosure as soon as practicable before the transfer of title in the case of a sale or exchange, or prior to execution of the contract where the transfer is by a real property sales contract, as defined in Section 2985. For purposes of this subdivision, the disclosure may be made in person or by mail to the transferee, or to any person authorized to act for him or her in the transaction, or to additional transferees who have requested delivery from the transferor in writing.

(c) This article does not apply to any of the following:

1. Transfers which are required to be preceded by the furnishing to a prospective transferee of a copy of a public report pursuant to Section 11018.1 of the Business and Professions Code.

2. Transfers pursuant to court order, including, but not limited to, transfers ordered by a probate court in the administration of an estate, transfers pursuant to a writ of execution, transfers by a trustee in bankruptcy, transfers by eminent domain, or transfers resulting from a decree for specific performance.

3. Transfers to a mortgagee by a mortgagor in default, transfers to a beneficiary of a deed of trust by a trustor in default, transfers by any foreclosure sale after default, transfers by any foreclosure sale after default in an obligation secured by a mortgage, or transfers by a sale under a power of sale after a default in an obligation secured
by a deed of trust or secured by any other instrument containing a
power of sale and, any subsequent transfer by a mortgagor or
beneficiary of a deed of trust who accepts a deed in lieu of foreclosure
or purchases the property at a foreclosure sale.

(4) Transfers by a fiduciary in the course of the administration of
a decedent's estate, guardianship, conservatorship, or trust.

(5) Transfers from one coowner to one or more coowners.

(6) Transfers made to a spouse, or to a person or persons in the
lineal line of consanguinity of one or more of the transferors.

(7) Transfers between spouses resulting from a decree of
dissolution of a marriage, from a decree of legal separation, or from
a property settlement agreement incidental to either of those
decrees.

(8) Transfers by the Controller in the course of administering the
Unclaimed Property Law provided for in Chapter 7 (commencing
with Section 1500) of Title 10 of Part 3 of the Code of Civil Procedure.

(9) Transfers under the provisions of Chapter 7 (commencing
with Section 3691) or Chapter 8 (commencing with Section 3771) of
Part 6 of Division 1 of the Revenue and Taxation Code.

(10) Transfers for which the transferee has agreed in writing that
the dwelling will be demolished within one year of the date of
transfer.

SEC. 4. Section 8897.2 of the Government Code is amended to
read:

8897.2. (a) The transferor shall disclose any of the following
deficiencies which are within the transferor's actual knowledge and
material to the transaction, and which may increase a dwelling's
vulnerability to earthquake damage:

(1) The absence of anchor bolts securing the sill plate to the
foundation.

(2) The existence of perimeter cripple walls that are not braced
with plywood, blocking, or diagonal metal or wood braces.

(3) The existence of a first-story wall or walls that are not braced
with plywood or diagonal metal or wood braces.

(4) The existence of a perimeter foundation composed of
unreinforced masonry.

(5) The existence of unreinforced masonry dwelling walls.

(6) The existence of a habitable room or rooms above a garage.

(7) The existence of a water heater which is not anchored,
strapped, or braced.

(b) The transferor shall be required to disclose any material
information within the transferor's actual knowledge regarding any
corrective measures or improvements taken to address the items
listed in subdivision (a).

SEC. 5. Section 8897.3 of the Government Code is amended to
read:

8897.3. (a) For the purposes of this chapter, if it is determined
that retrofit work is appropriate to address potential deficiencies
listed in paragraph (1) or (2) of subdivision (a) of Section 8897.2, the
following standards shall be used:

(1) The foundation anchor bolt requirements of subdivision (f) of Section 2907 of Chapter 29 of the 1991 Edition of the Uniform Building Code of the International Conference of Building Officials, or any local government modification which establishes equivalent or higher requirements.

(2) The cripple wall bracing requirements of paragraph (4) of subdivision (g) of Section 2517 of Chapter 25 of the 1991 Edition of the Uniform Building Code of the International Conference of Building Officials, or any local government modification which establishes equivalent or higher requirements.

(3) The water heater bracing, anchoring, or strapping requirements to resist falling or horizontal displacement due to earthquake motion of Section 19215 of the Health and Safety Code.

(b) Any qualified historical building or structure, as defined pursuant to Section 18955 of the Health and Safety Code, shall be permitted to utilize alternatives to the requirements of this section, as provided by the State Historical Building Code (Part 2.7 (commencing with Section 18950) of Division 13 of the Health and Safety Code) and the regulations issued pursuant thereto.

SEC. 6. Section 8897.5 of the Government Code is amended to read:

8897.5. For the purposes of this chapter, the duty of the real estate licensee shall be limited to providing to the seller a copy of the Homeowner's Guide to Earthquake Safety for delivery to the prospective transferee pursuant to Section 2079.8 of the Civil Code.

CHAPTER 308

An act to amend Section 1010 of the Evidence Code, relating to privilege.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that registered nurses who have a master's of science degree in psychiatric mental health nursing are an important resource for providing psychotherapeutic services to individuals, groups, and families throughout California, and particularly to impoverished, minority, and other underserved populations. These master's-level psychiatric mental health nurses have been eligible for private insurance reimbursement since 1982. They are currently providing psychotherapeutic services in a wide range of clinical settings, including hospitals, clinics, and private practices. However, they are not included within the current legal definition of "psychotherapist"
for purposes of the patient-psychotherapist evidentiary privilege. Because of this, their patients’ communications are not privileged, and these patients are thus treated differently from patients served by other psychotherapists. This creates difficulties for these patients in accessing the care provided by these competent and duly licensed mental health professionals.

In order for patients served by master’s-level psychiatric mental health nurses to be treated under the law on the same basis as other patients, it is necessary to identify these providers as “psychotherapists” for purposes of the patient-psychotherapist privilege.

SEC. 2. Section 1010 of the Evidence Code is amended to read:

1010. As used in this article, “psychotherapist” means:

(a) A person authorized, or reasonably believed by the patient to be authorized, to practice medicine in any state or nation who devotes, or is reasonably believed by the patient to devote, a substantial portion of his or her time to the practice of psychiatry.

(b) A person licensed as a psychologist under Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

(c) A person licensed as a clinical social worker under Article 4 (commencing with Section 9040) of Chapter 17 of Division 3 of the Business and Professions Code, when he or she is engaged in applied psychotherapy of a nonmedical nature.

(d) A person who is serving as a school psychologist and holds a credential authorizing that service issued by the state.

(e) A person licensed as a marriage, family, and child counselor under Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code.

(f) A person registered as a psychological assistant who is under the supervision of a licensed psychologist or board certified psychiatrist as required by Section 2913 of the Business and Professions Code, or a person registered as a marriage, family, and child counselor intern who is under the supervision of a licensed marriage, family, and child counselor, a licensed clinical social worker, a licensed psychologist, or a licensed physician certified in psychiatry, as specified in Section 4980.44 of the Business and Professions Code.

(g) A person registered as an associate clinical social worker who is under the supervision of a licensed clinical social worker, a licensed psychologist, or a board certified psychiatrist as required by Section 4996.20 of the Business and Professions Code.

(h) A person exempt from the Psychology Licensing Law pursuant to subdivision (d) of Section 2909 of the Business and Professions Code who is under the supervision of a licensed psychologist or board certified psychiatrist.

(i) A psychological intern as defined in Section 2911 of the Business and Professions Code who is under the supervision of a licensed psychologist or board certified psychiatrist.
(j) A trainee, as defined in subdivision (c) of Section 4980.03 of the Business and Professions Code, who is fulfilling his or her supervised practicum required by subdivision (b) of Section 4980.40 of the Business and Professions Code and is supervised by a licensed psychologist, board certified psychiatrist, a licensed clinical social worker, or a licensed marriage, family, and child counselor.

(k) A person licensed as a registered nurse pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master’s degree in psychiatric mental health nursing.

CHAPTER 309

An act to add Section 40516 to the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 40516 is added to the Health and Safety Code, to read:

40516. (a) The south coast district shall establish expedited permit review and project assistance mechanisms for facilities or projects which are directly related to research and development, demonstration, or commercialization of electric and other clean fuel vehicle technologies.

(b) The mechanisms shall include all of the following:

(1) The issuance of consolidated permits, serving the purpose of both the permit to construct and the permit to operate, to expedite the permitting process.

(2) The review and processing of permits on a facility or project basis rather than on an equipment basis to ensure a single point of contact for the applicant and to allow entire projects to be reviewed and evaluated on a single, consolidated schedule.

(3) The establishment of a “fast track” permitting procedure to approve permits in an average of 30 days from receipt of all information requested by the district, except for any of the following facilities:

(A) Facilities that may emit significant amounts of toxic air contaminants.

(B) Facilities that require public notice.

(C) Facilities that require additional review to meet the requirements of the federal Clean Air Act (42 U.S.C. Sec. 7401 et seq.) or the California Clean Air Act of 1988 (Chapter 1568 of the Statutes of 1988).
(4) The development and implementation of postconstruction enforcement procedures to ensure that new and modified sources are constructed according to permit requirements.

(5) The establishment of a liaison program in the office of public adviser to assist facilities participating in research and development, demonstration, or commercialization of electric and other clean fuel vehicle technologies with preparing permit applications, complying with other district administrative procedures, and identifying and applying for state, federal, district, or other available funds set aside for electric and other clean fuel vehicle-related projects.

(c) For purposes of this section, clean fuels are fuels designated by the state board for use in low, ultralow, or zero emission vehicles and include, but are not limited to, electricity, ethanol, hydrogen, liquefied petroleum gas, methanol, natural gas, and reformulated gasoline.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate compliance with clean air requirements and deadlines, it is necessary that this act take effect immediately.

CHAPTER 310

An act to repeal and add Chapter 2.6 (commencing with Section 799.20) of Title 2 of Part 2 of Division 2 of the Civil Code, relating to recreational vehicle parks.

799.24. "Defaulting tenant" means a tenant who fails to pay for his or her occupancy in a park or fails to comply with reasonable written rules and regulations of the park given to the person upon registration or during the term of his or her occupancy in the park.

Article 2. General Provisions

799.40. The rights created by this chapter shall be cumulative and in addition to any other legal rights the management of a park may have against a defaulting occupant, tenant, or resident, or that an
occupant, tenant, or resident may have against the management of a park.

799.41. Nothing in this chapter shall apply to a mobilehome as defined in Section 18008 of the Health and Safety Code or to a manufactured home as defined in Section 18007 of the Health and Safety Code.

799.42. No occupant registration agreement or tenant rental agreement shall contain a provision by which the occupant or tenant waives his or her rights under the provisions of this chapter, and any waiver of these rights shall be deemed contrary to public policy and void.

799.43. The registration agreement between a park and an occupant thereof shall be in writing and shall contain, in addition to the provisions otherwise required by law to be included, the term of the occupancy and the rent therefor, the fees, if any, to be charged for services which will be provided by the park, and a statement of the grounds for which a defaulting occupant’s recreational vehicle may be removed as specified in Section 799.22 without a judicial hearing after the service of a 72-hour notice pursuant to this chapter and the telephone number of the local traffic law enforcement agency.

799.44. At the time of registration, an occupant shall be given a copy of the rules and regulations of the park.

799.45. The management may offer a rental agreement to an occupant of the park who intends to remain in the park for a period in excess of 30 consecutive days.

799.46. At the entry to a recreational vehicle park, or within the separate designated section for recreational vehicles within a mobilehome park, there shall be displayed in plain view on the property a sign indicating that the recreational vehicle may be removed from the premises for the reasons specified in Section 799.22 and containing the telephone number of the local traffic law enforcement agency. Nothing in this section shall prevent management from additionally displaying the sign in other locations within the park.

Article 3. Defaulting Occupants

799.55. As a prerequisite to the right of management to have a defaulting occupant’s recreational vehicle removed from the lot which is the subject of the registration agreement between the park and the occupant pursuant to Section 799.57, the management shall serve a 72-hour written notice as prescribed in Section 799.56. A defaulting occupant may correct his or her payment deficiency within the 72-hour period during normal business hours.

799.56. (a) The 72-hour written notice shall be served by delivering a copy to the defaulting occupant personally or to a person of suitable age and discretion who is occupying the recreational vehicle located on the lot. In the latter event, a copy of the notice
shall also be affixed in a conspicuous place on the recreational vehicle and shall be sent through the mail addressed to the occupant at the place where the property is located and, if available, any other address which the occupant has provided to management in the registration agreement. Delivery of the 72-hour notice to a defaulting occupant who is incapable of removing the occupant’s recreational vehicle from the park because of a physical incapacity shall not be sufficient to satisfy the requirements of this section.

(b) In the event that the defaulting occupant is incapable of removing the occupant’s recreational vehicle from the park because of a physical incapacity or because the recreational vehicle is not motorized and cannot be moved by the occupant’s vehicle, the default shall be cured within 72 hours, but the date to quit shall be no less than seven days after service of the notice.

(c) The management shall also serve a copy of the notice to the city police if the park is located in a city, or, if the park is located in an unincorporated area, to the county sheriff.

799.57. The written 72-hour notice shall state that if the defaulting occupant does not remove the recreational vehicle from the premises of the park within 72 hours after receipt of the notice, the management has authority pursuant to Section 799.58 to have the recreational vehicle removed from the lot to the nearest secured storage facility.

799.58. Subsequent to serving a copy of the notice specified in this article to the city police or county sheriff, whichever is appropriate, and after the expiration of 72 hours following service of the notice on the defaulting occupant, the police or sheriff, shall remove or cause to be removed any person in the recreational vehicle. The management may then remove or cause the removal of a defaulting occupant’s recreational vehicle parked on the premises of the park to the nearest secured storage facility. The notice shall be void seven days after the date of service of the notice.

799.59. When the management removes or causes the removal of a defaulting occupant’s recreational vehicle, the management and the individual or entity that removes the recreational vehicle shall exercise reasonable and ordinary care in removing the recreational vehicle to the storage area.

Article 4. Defaulting Tenants

799.65. The management may terminate the tenancy of a defaulting tenant for nonpayment of rent, utilities, or reasonable incidental service charges, provided the amount due shall have been unpaid for a period of five days from its due date, and provided the tenant has been given a three-day written notice subsequent to that five-day period to pay the total amount due or to vacate the park. For purposes of this section, the five-day period does not include the date the payment is due. The three-day notice shall be given to the tenant in the manner prescribed by Section 1162 of the Code of Civil
Procedure. Any payment of the total charges due, prior to the expiration of the three-day period, shall cure any default of the tenant. In the event the tenant does not pay prior to the expiration of the three-day notice period, the tenant shall remain liable for all payments due up until the time the tenancy is vacated.

799.66. The management may terminate or refuse to renew the right of occupancy of a defaulting tenant for other than nonpayment of rent or other charges upon the giving of a written notice to the tenant in the manner prescribed by Section 1162 of the Code of Civil Procedure to remove the recreational vehicle from the park. The notice need not state the cause for termination but shall provide not less than 30 days' notice of termination of the tenancy.

799.67. Evictions pursuant to this article shall be subject to the requirements set forth in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, except as otherwise provided in this article.

Article 5. Defaulting Residents

799.70. The management may terminate or refuse to renew the right of occupancy of a defaulting resident upon the giving of a written notice to the defaulting resident in the manner prescribed by Section 1162 of the Code of Civil Procedure to remove the recreational vehicle from the park. This notice shall provide not less than 60 days' notice of termination of the right of occupancy and shall specify one of the following reasons for the termination of the right of occupancy:

(a) Nonpayment of rent, utilities, or reasonable incidental service charges; provided, that the amount due has been unpaid for a period of five days from its due date, and provided that the resident shall be given a three-day written notice subsequent to that five-day period to pay the total amount due or to vacate the park. For purposes of this subdivision, the five-day period does not include the date the payment is due. The three-day notice shall be given to the resident in the manner prescribed by Section 1162 of the Code of Civil Procedure. The three-day notice may be given at the same time as the 60-day notice required for termination of the right of occupancy; provided, however, that any payment of the total charges due, prior to the expiration of the three-day period, shall cure any default of the resident. In the event the resident does not pay prior to the expiration of the three-day notice period, the resident shall remain liable for all payments due up until the time the tenancy is vacated.

(b) Failure of the resident to comply with a local ordinance or state law or regulation relating to the recreational vehicle park or recreational vehicles within a reasonable time after the resident or the management receives a notice of noncompliance from the appropriate governmental agency and the resident has been provided with a copy of that notice.
(c) Conduct by the resident or guest, upon the park premises, which constitutes a substantial annoyance to other occupants, tenants, or residents.

(d) Conviction of the resident of prostitution, or a felony controlled substance offense, if the act resulting in the conviction was committed anywhere on the premises of the park, including, but not limited to, within the resident's recreational vehicle.

However, the right of occupancy may not be terminated for the reason specified in this subdivision if the person convicted of the offense has permanently vacated, and does not subsequently reoccupy, the recreational vehicle.

(e) Failure of the resident or a guest to comply with a rule or regulation of the park which is part of the rental agreement or any amendment thereto.

No act or omission of the resident or guest shall constitute a failure to comply with a rule or regulation unless the resident has been notified in writing of the violation and has failed to correct the violation within seven days of the issuance of the written notification.

(f) Condemnation of the park.

(g) Change of use of the park or any portion thereof.

799.71. Evictions pursuant to this article shall be subject to the requirements set forth in Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, except as otherwise provided in this article.

Article 6. Liens for Recreational Vehicles and Abandoned Possessions

799.75. The management shall have a lien upon the recreational vehicle and the contents therein for the proper charges due from a defaulting occupant, tenant, or resident. Such a lien shall be identical to that authorized by Section 1861, and shall be enforced as provided by Sections 1861 to 1861.28, inclusive. Disposition of any possessions abandoned by an occupant, tenant, or resident at a park shall be performed pursuant to Chapter 5 (commencing with Section 1980) of Title 5 of Part 4 of Division 3.

Article 7. Actions and Proceedings

799.78. In any action arising out of the provisions of this chapter, the prevailing party shall be entitled to reasonable attorney's fees and costs. A party shall be deemed a prevailing party for the purposes of this section if the judgment is rendered in his or her favor or where the litigation is dismissed in his or her favor prior to or during the trial, unless the parties otherwise agree in the settlement or compromise.

799.79. In the event that an occupant, tenant, or resident or a former occupant, tenant, or resident is the prevailing party in a civil action against the management to enforce his or her rights under this
chapter, the occupant, tenant, or resident, in addition to damages afforded by law, may, in the discretion of the court, be awarded an amount not to exceed five hundred dollars ($500) for each willful violation of any provision of this chapter by the management.

CHAPTER 316

An act to amend Section 11167 of the Penal Code, and to add Section 18961.5 to the Welfare and Institutions Code, relating to child abuse or neglect.

[Approved by Governor July 22, 1992. Filed with Secretary of State July 23, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the problem of child abuse and neglect persists, despite the efforts of many governmental agencies and private organizations to prevent, identify, and treat child abuse and neglect. Agencies and organizations which have as a stated purpose the prevention, identification, or treatment of child abuse, child neglect, or both, often provide multiple services to a child at risk for abuse or neglect, or both, without having knowledge of prior contacts between other provider agencies and organizations and the same child or family. This inability to share information regarding prior contacts hampers the ability of an agency or organization to accurately assess the true risk to a child, causes wasteful duplication of effort, and prevents fulfillment of the legislative mandate regarding the prevention and identification of child abuse and neglect.

(b) The Legislature further finds and declares that existing law permits members of a multidisciplinary personnel team which is engaged in the prevention, identification, and treatment of child abuse or neglect to disclose and exchange any information or writing that is kept or maintained in connection with any program of public social services or otherwise designated as confidential under state law which they reasonably believe is relevant to the prevention, identification, or treatment of child abuse or neglect.

(c) Therefore, it is the intent of the Legislature in adding Section 18961.5 to the Welfare and Institutions Code to permit the accumulation of data regarding contacts between family members and various social service, health, law enforcement, and educational agencies that is relevant to the identification, prevention, and treatment of child abuse and neglect, and to allow access to that information by the heads of provider agencies, representatives within those agencies, and members of multidisciplinary personnel teams, as defined in existing law.

SEC. 2. Section 11167 of the Penal Code is amended to read:

11167. (a) A telephone report of a known or suspected instance of child abuse shall include the name of the person making the report, the name of the child, the present location of the child, the nature and extent of the injury, and any other information, including information that led that person to suspect child abuse, requested by the child protective agency.
(b) Information relevant to the incident of child abuse may also be given to an investigator from a child protective agency who is investigating the known or suspected case of child abuse.

(c) Information relevant to the incident of child abuse may be given to the licensing agency when it is investigating a known or suspected case of child abuse, including the investigation report, and other pertinent materials.

(d) The identity of all persons who report under this article shall be confidential and disclosed only between child protective agencies, or to counsel representing a child protective agency, or to the district attorney in a criminal prosecution or in an action initiated under Section 602 of the Welfare and Institutions Code arising from alleged child abuse, or to counsel appointed pursuant to subdivision (c) of Section 317 of the Welfare and Institutions Code, or to the county counsel or district attorney in an action initiated under Section 232 of the Civil Code or Section 300 of the Welfare and Institutions Code, or to a licensing agency when abuse in out-of-home care is reasonably suspected, or when those persons waive confidentiality, or by court order.

No agency or person listed in this subdivision shall disclose the identity of any person who reports under this article to that person’s employer, except with the employee’s consent or by court order.

(e) Persons who may report pursuant to subdivision (d) of Section 11166 are not required to include their names.

SEC. 3. Section 18961.5 is added to the Welfare and Institutions Code, to read:

18961.5. (a) Notwithstanding any other provision of law, any county may establish a computerized data base system within that county to allow provider agencies, as defined in subdivision (h), to share identifying information, as specified in subdivision (c), regarding families at risk for child abuse or neglect, for the purpose of forming multidisciplinary personnel teams, as defined in subdivision (d) of Section 18951, for the prevention, identification, management, or treatment of child abuse.

(b) Each county shall develop its own standards for defining “at risk” before joining this system. Only information about children or the families of children at risk for child abuse or neglect may be entered into a computerized data base system established pursuant to this section.

(c) With regard to a case in which a child or family has been identified as at risk for child abuse or neglect under this section, only the following information shall be entered into the system:

1. The name, address, telephone number, and date and place of birth of family members.

2. The number assigned to the case by each provider agency.

3. The name and telephone number of each employee assigned to the case from each provider agency.

4. The date or dates of contact between each provider agency and a family member or family members.
(d) The information may only be entered into the system by, or disclosed to, provider agency employees designated by the director of each participating provider agency. Members of the multidisciplinary personnel teams shall be drawn from these designated employees, or other persons, as specified in Section 18961. The heads of provider agencies shall establish a system by which unauthorized personnel cannot access the data contained in the system.

(e) The information obtained pursuant to this section shall be kept confidential and shall be used solely for the prevention, identification, management, or treatment of child abuse, child neglect, or both.

(f) This section shall not supplant any duties required by the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 3 of the Penal Code).

(g) No employee of a provider agency which serves children and their families shall be civilly or criminally liable for furnishing or sharing information as authorized by this section.

(h) For the purposes of this section, "provider agency" means any governmental or other agency which has as one of its purposes the prevention, identification, management, or treatment of child abuse or neglect. The provider agencies serving children and their families which may share information under this section shall include, but not be limited to, the following entities or service agencies:

1. Social services.
2. Children's services.
3. Health services.
4. Mental health services.
5. Probation.
6. Law enforcement.
7. Schools.

The ownership or management shall be liable only for actual damages sustained by a homeowner or resident for violation of this section.

"Emergency," for purposes of this section, means the interruption of utility service resulting from an accident or act of nature, or cessation of service caused by other than the management’s regular or planned maintenance, repair, or replacement of utility facilities.

4100. Marriage is a personal relation arising out of a civil contract between a man and a woman, to which the consent of the parties capable of making that contract is necessary. SEC. 2. Section 4200 of the Civil Code is amended to read:

SEC. 4. Section 4203 of the Civil Code is amended to read:

Not later than 60 days after the date of issuance the county recorder shall notify those parties whose certificates have not been returned of that fact and that the license will automatically expire on the date shown on the face of the license. The county recorder shall also notify the licenseholders of the obligation of the person marrying them to return the certificate of registry and endorsed license to the recorder's office within 30 days after the ceremony.

SEC. 6. Section 4206 of the Civil Code is amended to read:

4206. No particular form for the ceremony of marriage is required, but the parties shall declare, in the presence of the person solemnizing the marriage and necessary witnesses, that they take

SEC. 7. Section 4208 of the Civil Code is amended to read:

($175). Fees received pursuant to this section shall be deposited in
a trust fund established by the county clerk, the funds contained in

Prior to revising the budget, the county board of education shall hold a public hearing regarding the proposed revisions, which shall be made available for public inspection not less than three working days prior to the hearing. The agenda for that hearing shall be posted at least 72 hours prior to the public hearing and shall include the location where the budget will be available for public inspection. The revised budget, and supporting data, shall be maintained and made available for public review.

(e) Notwithstanding any other provision of this section, the budget review for a county office of education shall be governed by paragraphs (1), (2), and (3) of this subdivision, rather than by subdivisions (c) and (d), if the county board of education so elects, and notifies the Superintendent of Public Instruction in writing of that decision, no later than October 31 of the immediately preceding calendar year.

(1) In the event of the disapproval of the budget of a county office

That response shall include the proposed actions to be taken, if any, as a result of those recommendations.

The hearing may be concluded on the proposed budget when there are no requests for further hearing on file, and shall be concluded no later than the date specified for this purpose in subdivision (f) or (h), respectively, of Section 42127. In addition, any tax statement submitted by the district governing board pursuant to subdivision (a) of Section 42127, any district tax requirement computed pursuant to subdivision (b) of Section 42127 for the school year to which the proposed budget is intended to apply, and any recommendations made by the county superintendent pursuant to subdivision (d) of Section 42127 shall be made available by the district for public inspection in a facility of the district or in some other place conveniently accessible to residents of the district.

Notification of dates and location or locations at which the proposed budget may be inspected by the public and the date, time, and location of the public hearing on the proposed budget shall be published by the county superintendent of schools in a newspaper of general circulation in the district or, if there is no such newspaper, in any newspaper of general circulation in the county, at least three days prior to the availability of the proposed budget for public inspection. The publication of the dates and location shall occur no earlier than 45 days prior to the final date for the hearing as specified in subdivision (f) or (h), respectively, of Section 42127, but not less than 10 days prior to the date set for hearing. (2) Adopt a budget. Not later than five days after that adoption or by July 1, whichever occurs first, the governing board shall file that budget with the county superintendent of schools. That budget, and supporting data, shall be maintained and made available for public review. If the governing board of the district does not want all or a portion of the property tax requirement levied for the purpose of making payments for the interest and redemption charges on indebtedness as described in paragraph (1) or (2) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, the budget shall include a statement of the amount or portion for which
a levy shall not be made.

(b) The county superintendent of schools may accept changes in any statement included in the budget, pursuant to subdivision (a), of the amount or portion for which a property tax levy shall not be made. The county superintendent or the county auditor shall compute the actual amounts to be levied on the property tax rolls of the district for purposes that exceed apportionments to the district pursuant to Sections 95 to 100, inclusive, of the Revenue and Taxation Code. Each school district shall provide all data needed by the county superintendent or the county auditor to compute the amounts. On or before August 15, the county superintendent shall transmit the amounts so computed to the county auditor who shall compute the tax rates necessary to produce the amounts. On or before September 1, the county auditor shall submit the rate so computed to the board of supervisors for adoption.

(c) The county superintendent of schools shall do all of the following:

(1) Examine the adopted budget to determine whether it complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets. The superintendent shall identify, if necessary, any technical corrections that must be made to bring the budget into compliance with those standards and criteria.

(2) Determine whether the adopted budget will allow the district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments.

(d) On or before August 15, the county superintendent of schools shall approve or disapprove the adopted budget for each school district. If, pursuant to the review conducted pursuant to subdivision (c), the superintendent determines that the adopted budget for a school district does not satisfy paragraph (1) or (2) of that subdivision, he or she shall disapprove the budget and, not later than August 15, transmit to the governing board of the school district, in writing, his or her recommendations regarding revision of the budget and the reasons for those recommendations. The county superintendent of schools may assign a fiscal adviser to assist the district to develop a budget in compliance with those revisions. In addition, the county superintendent of schools may appoint a committee to examine and comment on the superintendent’s review and recommendations, subject to the requirement that the committee report its findings to the superintendent no later than August 20.

(e) Not later than August 20, the county superintendent of schools shall submit a report to the Superintendent of Public Instruction identifying all school districts for which budgets have been disapproved, including a copy of the written response transmitted to each of those districts pursuant to subdivision (d).

district shall revise the adopted budget to reflect changes in projected income or expenditures subsequent to July 1, and to include any response to the recommendations of the county superintendent of schools, shall adopt the revised budget, and shall file the revised budget with the county superintendent of schools. Prior to revising the budget, the governing board shall hold a public hearing regarding the proposed revisions, to be conducted in accordance with Section 42103. The revised budget, and supporting data, shall be maintained and made available for public review.

(g) The county superintendent of schools shall examine the revised budget to determine whether it (1) complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets, (2) allows the district to meet its financial obligations during the fiscal year, and (3) is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments, and, not later than September 15, shall approve or disapprove the revised budget. If the county superintendent of schools disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1.

(h) Notwithstanding any other provision of this section, the budget review for a school district shall be governed by paragraphs (1), (2), and (3) of this subdivision, rather than by subdivisions (f) and (g), if the governing board of the school district so elects, and notifies the county superintendent in writing of that decision, not later than October 31 of the immediately preceding calendar year. On or before July 1, the governing board of a school district for which the budget review is governed by this subdivision, rather than by subdivisions (f) and (g), shall conduct a public hearing regarding its proposed budget in accordance with Section 42103.

(1) In the event of the disapproval of the adopted budget of a school district pursuant to subdivision (d), on or before September 1, the governing board of the school district, in conjunction with the county superintendent of schools, shall review the superintendent’s recommendations at a regular meeting of the governing board and respond to those recommendations. The response shall include any revisions to the adopted budget and other proposed actions to be taken, if any, as a result of those recommendations.

(2) Not later than five working days after receiving the response required under paragraph (1), the county superintendent of schools shall review that response and either approve or disapprove the budget. (i) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (c) to (g), inclusive, but is governed instead by the budget procedures set forth in Section 1622.

SEC. 7. Section 42127.3 of the Education Code is amended to read:

42127.3. (a) If the budget review committee established pursuant to Sections 42127.1 and 42127.2 recommends approval of the school district budget, the county superintendent of schools shall accept the recommendation of the budget review committee and approve the budget.

(b) If the budget review committee established pursuant to Sections 42127.1 and 42127.2 disapproves the school district budget, the school district governing board, not later than five working days after receipt of the report described in paragraph (2) of subdivision (b) of Section 42127.2, may submit a response to the Superintendent of Public Instruction, including any revisions to the adopted final budget and any other proposed actions to be taken as a result of the recommendations of the budget review committee. Based upon the recommendations of the budget review committee, and any response to those recommendations provided by the school district governing board, the Superintendent of Public Instruction shall either approve or disapprove the budget. If the Superintendent of Public Instruction disapproves the budget, he or she shall notify the school district governing board in writing of the reasons for that disapproval and, for the remainder of the current fiscal year, the county superintendent of schools shall do all of the following:

1. Not later than November 30, develop and adopt, in consultation with the Superintendent of Public Instruction and the school district governing board, a fiscal plan and budget that will govern the district and will allow the district to meet its financial obligations, both in the current fiscal year and with regard to the district's multiyear financial commitments. 2. Cancel purchase orders, prohibit the issuance of nonsalary warrants, and otherwise stay or rescind any action that is inconsistent with the budget adopted pursuant to paragraph (1). The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.

3. Monitor and review the operation of the district.

4. The school district shall pay reasonable fees charged by the county superintendent of schools for actual administrative expenses incurred pursuant to subdivision (b). The Superintendent of Public Instruction shall develop, and distribute to affected school districts and county offices of education, advisory guidelines regarding the appropriate amount of any fees charged pursuant to this subdivision.

(d) This section shall not be construed to authorize the county
superintendent of schools to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools disapproved the budget of the school district pursuant to subdivision (b).

SEC. 8. Section 42127.6 of the Education Code is amended to read:

42127.6. (a) The county superintendent of schools shall monitor the operation of each school district pursuant to the budget adopted for that district. If the county superintendent of schools determines that a school district will be unable to meet its financial obligations for the current or subsequent fiscal year, he or she shall notify the school district governing board in writing of that determination, and of the basis for the determination. In addition, subsequent to that determination, the county superintendent of schools may do either or both of the following:

1. Assign a fiscal adviser to assist the district.
2. Conduct a study of the district's finances and recommend to the governing board of the school district actions to enable the district to meet those obligations.

(b) Any contract entered into by a county superintendent of schools for the purposes of subdivision (a) is subject to the approval of the Superintendent of Public Instruction.

(c) If, subsequent to the receipt of recommendations provided pursuant to paragraph (2) of subdivision (a), the governing board fails to take appropriate action to enable the district to meet its financial obligations, the county superintendent shall so notify the Superintendent of Public Instruction. Subsequent to that notification, the county superintendent of schools, in consultation with the Superintendent of Public Instruction, may do one or more of the following for the remainder of the current fiscal year:

1. Request additional information regarding the district's budget or operations.
2. Develop and impose, in consultation with the Superintendent of Public Instruction and the school district governing board, revisions to the school district budget that will enable the district to meet its financial obligations.
3. Stay or rescind any action that is inconsistent with any revision adopted pursuant to paragraph (2). The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.
4. This section does not authorize the county superintendent of schools to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools assumed authority pursuant to subdivision (c).

(e) The school district shall pay reasonable fees charged by the county superintendent of schools for actual administrative expenses
incurred pursuant to subdivision (c). The Superintendent of Public Instruction shall develop, and distribute to affected school districts and county offices of education, advisory guidelines regarding the appropriate amount of any fees charged pursuant to this subdivision.

(f) Notwithstanding Section 42647 or 42650, or any other provision of law, a county treasurer shall not honor any warrant when, pursuant to Sections 42127 to 42127.6, inclusive, the county superintendent of schools or the Superintendent of Public Instruction, as appropriate, has disapproved that warrant, or has disapproved the order on school district funds for which that warrant was prepared.

SEC. 9. Section 42127.8 of the Education Code is amended to read:

42127.8. (a) The governing board provided for in subdivision (b) shall establish a unit to be known as the County Office Fiscal Crisis and Management Assistance Team. The team shall consist of persons having extensive experience in school district budgeting, accounting, data processing, risk management, food services, pupil transportation, purchasing and warehousing, facilities maintenance and operation, personnel administration, organization, and staffing. The Superintendent of Public Instruction may appoint one employee of the State Department of Education to serve on the unit. The unit shall be operated under the immediate direction of an appropriate county office of education selected jointly, in response to an application process, by the Superintendent of Public Instruction and the Secretary of Child Development and Education.

(b) The unit established under subdivision (a) shall be selected and governed by an eleven-member governing board consisting of one representative chosen by the California Association of County Superintendents of Schools from each of the 10 county service regions designated by the association, and one representative from the State Department of Education chosen by the Superintendent of Public Instruction.

(d) In addition to the functions described in subdivision (c), the unit shall provide management assistance at the request of any school district or county office of education. Each district or county office of education receiving that assistance shall be required to pay the onsite personnel costs and travel costs incurred by the unit for that purpose, pursuant to rates determined by the governing board established under subdivision (b). The governing board annually shall distribute rate information to each school district and county office of education.

(e) The governing board shall reserve not less than 25 percent,
nor more than 50 percent, of its revenues each year for expenditure for the costs of contracts and professional services as management assistance to school districts or county offices of education in which the board determines a fiscal emergency to exist.

(f) The governing board established under subdivision (b) may levy an annual assessment against each county office of education that elects to participate under this section in an amount not to exceed twenty cents ($0.20) per unit of total average daily attendance for all school districts within the county. The revenues collected pursuant to that assessment shall be applied to the expenses of the unit.

(g) The governing board established under subdivision (b) may pay to the State Department of Education, from any available funds, a reasonable amount to reimburse the department for actual administrative expenses incurred in the review of the budgets and fiscal conditions of school districts and county offices of education.

7000.2. Nothing in this code shall be interpreted to prohibit cities, counties, and cities and counties from requiring contractors to show proof that they are in compliance with local business tax requirements of the entity prior to issuing any city, county, or city and county permit. Nothing in this code shall be interpreted to prohibit cities, counties, and cities and counties from denying the issuance of a permit to a licensed contractor who is not in compliance with local business tax requirements.

Any business tax required or collected as part of this process shall not exceed the amount of the license tax or license fee authorized by Section 37101 of the Government Code or Section 16000 of the Business and Professions Code.

CHAPTER 326

An act to amend Section 4024.2 of the Penal Code, relating to county correctional facilities.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 4024.2 of the Penal Code is amended to read:

4024.2. (a) Notwithstanding any other law, the board of supervisors of any county may authorize the sheriff or other official in charge of county correctional facilities to offer a voluntary program under which any person committed to the facility may participate in a work release program pursuant to criteria described in subdivision (b), in which one day of participation will be in lieu of one day of confinement.

(b) The criteria for a work release program are the following:

(1) The work release program shall consist of any of the following:

(A) Manual labor to improve or maintain levees or public facilities, including, but not limited to, streets, parks, and schools.
(B) Manual labor in support of nonprofit organizations, as approved by the sheriff or other official in charge of the correctional facilities. As a condition of assigning participants of a work release program to perform manual labor in support of nonprofit organizations pursuant to this section, the board of supervisors shall obtain workers’ compensation insurance which shall be adequate to cover work-related injuries incurred by those participants, in accordance with Section 3363.5 of the Labor Code.

(2) In addition, the sheriff or other official may permit a prisoner participating in a work release program to receive work release credit for participation in education, vocational training, or substance abuse programs in lieu of performing labor in a work release program on an hour-for-hour basis. However, credit for that participation may not exceed one-half of the hours established for the work release program, and the remaining hours shall consist of manual labor described in paragraph (1).

(3) The work release program shall be under the direction of a responsible person appointed by the sheriff or other official in charge.

(4) The hours of labor to be performed pursuant to this section shall be uniform for all persons committed to a facility in a county and may be determined by the sheriff or other official in charge of county correctional facilities, and each day shall be a minimum of 8 and a maximum of 10 hours, in accordance with the normal working hours of county employees assigned to supervise the programs. However, reasonable accommodation may be made for participation in a program under paragraph (2).

As used in this section, “nonprofit organizations” means organizations established or operated for the benefit of the public or in support of a significant public interest, as set forth in Section 501 (c) (3) of the Internal Revenue Code. Organizations established or operated for the primary purpose of benefiting their own memberships are specifically excluded.

(c) The board of supervisors may prescribe reasonable rules and regulations under which a work release program is operated and may provide that participants wear clothing of a distinctive character while performing the work. As a condition of participating in a work release program, a person shall give his or her promise to appear for work or assigned activity by signing a notice to appear before the sheriff or at the education, vocational, or substance abuse program at a time and place specified in the notice and shall sign an agreement that the sheriff may immediately retake the person into custody to serve the balance of his or her sentence if the person fails to appear for the program at the time and place agreed to, does not perform the work or activity assigned, or for any other reason is no longer a fit subject for release under this section. A copy of the notice shall be delivered to the person and a copy shall be retained by the sheriff. Any person who willfully violates his or her written promise to appear at the time and place specified in the notice is guilty of a
misdemeanor.

Whenever a peace officer has reasonable cause to believe the person has failed to appear at the time and place specified in the notice or fails to appear or work at the time and place agreed to or has failed to perform the work assigned, the peace officer may, without a warrant, retake the person into custody, or the court may issue an arrest warrant for the retaking of the person into custody, to complete the remainder of the original sentence. A peace officer may not retake a person into custody under this subdivision, without a warrant for arrest, unless the officer has a written order to do so, signed by the sheriff or other person in charge of the program, which describes with particularity the person to be retaken.

(d) Nothing in this section shall be construed to require the sheriff or other official in charge to assign a person to a program pursuant to this section if it appears from the record that the person has refused to satisfactorily perform as assigned or has not satisfactorily complied with the reasonable rules and regulations governing the assignment or any other order of the court.

A person shall be eligible for work release under this section only if the sheriff or other official in charge concludes that the person is a fit subject therefor.

(e) The board of supervisors may prescribe a program administrative fee, not to exceed the pro rata cost of administration, to be paid by each person according to his or her ability to pay.

CHAPTER 327

SECTION 1. Section 23004.5 is added to the Government Code, to read:

23004.5. Health care facilities, including, but not limited to, hospitals and clinics licensed under Division 2 (commencing with Section 1200) of the Health and Safety Code, that are owned or operated by counties may establish, maintain, and carry on their activities through one or more corporations, joint ventures, or partnerships for the direct benefit of those health care facilities and the health services that they provide. Nothing in this section shall be construed to exempt facilities conducting their activities in accordance with this section from the licensure requirements set forth in Division 2 (commencing with Section 1200) of the Health and Safety Code, when those requirements are applicable. Nothing
in this section shall be construed to eliminate the necessity of prior approval by the county's board of supervisors, at a noticed public hearing, of any transfer of the assets of a county health system and the consideration therefor.

CHAPTER 328

An act to add Section 1795.27 to the Health and Safety Code, relating to health records.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 1795.27 is added to the Health and Safety Code, to read:

1795.27. Notwithstanding any other provision of law, a health care professional at whose request a test is performed shall, upon a written or oral request of a patient who is the subject of a clinical laboratory test, provide the patient with the results of the test in plain language conveyed in the manner deemed most appropriate by the health care professional who requested the test. The test results to be reported to the patient pursuant to this section shall be recorded in the patient's medical record and shall be reported to the patient within a reasonable time period after the test results are received at the offices of the health care professional who requested the test.

Except for the violations enumerated in subdivision (d) of Section 13202.5 of the Vehicle Code, and Section 14601.1 of the Vehicle Code based upon failure to appear, a conviction for any offense made an infraction under subdivision (d) of Section 17 is not grounds for the suspension, revocation, or denial of any license, or for the revocation of probation or parole of the person convicted.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

An act to add Section 94316.28 to the Education Code, relating to private postsecondary education.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 94316.28 is added to the Education Code, to read:

94316.28. (a) As used in this section, "ESL instruction" means any educational service involving instruction in English as a second language.

(b) No institution shall offer ESL instruction without the prior approval of the council.

(c) The council shall not approve an institution's offering of ESL instruction unless that institution complies with the minimum standards established in subdivision (a) of Section 94311.

(d) An institution that offers ESL instruction to a student shall not enroll the student in any educational service presented in the English language unless the student passes a test indicating that he or she has attained adequate proficiency in oral and written English to comprehend instruction in English.

(e) A student who has completed ESL instruction at an institution shall not be enrolled in any course of instruction presented in the English language at that institution unless the student passes a test indicating that he or she has attained adequate proficiency in oral and written English to be successfully trained by English language instruction to perform tasks associated with the occupations or job titles to which the educational program is represented to lead.

(f) If an institution offers ESL instruction to a student to enable the student to use already existing knowledge, training, or skills in the pursuit of an occupation, the institution shall test the student after the student completes the ESL instruction to determine that the student has attained adequate proficiency in oral and written English to use his or her existing knowledge, training, or skills. Before enrolling the student in ESL instruction, the institution shall document the nature of the student's existing knowledge, training, or skills and that the ESL instruction is necessary to enable the student to use that existing knowledge, training, or skills.

(g) If an institution offers ESL instruction to a student in connection with a course of instruction leading to employment in any occupation requiring licensure awarded after the passage of an examination offered in English, the institution shall test the student
after the student completes the ESL instruction to determine that the student has attained a level of proficiency in English reasonably equivalent to the level of English in which the licensure examination is offered.

(h) If the results of a test administered pursuant to subdivision (d), (e), (f), or (g) indicate that the student has not attained adequate English language proficiency after the completion of ESL instruction, the institution shall (1) make a full refund of the total charge for the ESL instruction, or (2) offer the student the choice of either enrolling without charge in additional ESL instruction until the student attains adequate English language proficiency or obtaining a full refund of the total charge for the ESL instruction. The institution shall pay refunds within 30 days and shall comply with subdivisions (c) and (d) of Section 94318.

(i) This section does not apply to grantees funded under Section 1672 of Title 29 of the United States Code.

(j) The institution shall, for five years, retain an exemplar of each language proficiency test administered pursuant to this section, an exemplar of the answer sheet for each test, a record of the score for each test, the answer sheets or other responses submitted by each person who took each test, and the documentation required by subdivision (f).

(k) (1) In addition to any applicable provisions of this chapter, this article, except for Section 94316.5, subparagraph (B) of paragraph (2) of subdivision (a) of Section 94316.10, and Section 94319.2, applies to institutions offering ESL instruction.

(2) For the purpose of determining compliance with this article, ESL instruction shall be deemed a course and a charge shall be deemed to be made for ESL instruction if a student is obligated to make any payment in connection with any educational service, including, but not limited to, the ESL instruction that is offered by the institution.

(l) The tests used by an institution pursuant to this section shall be tests that are approved by the United States Department of Education or tests such as the Test of English as a Foreign Language and the Comprehensive Adult Student Assessment System that are generally recognized by public and private institutions of higher learning in this state for the evaluation of English language proficiency. An institution shall demonstrate to the council that the tests and passing scores that it uses establish that students have acquired the degree of proficiency in oral and written English required by subdivision (d), (e), (f), or (g), whichever is applicable. The required level of proficiency in oral and written English shall not be lower than the sixth grade level.

(m) All tests shall be independently administered, without charge to the student and in accordance with the procedures specified by the test publisher. The tests shall not be administered by a previous or current owner, director, consultant, or representative of the institution or by any person who previously had, or currently has, a
direct or indirect financial interest in the institution other than the arrangement to administer the test. The council shall adopt regulations that contain criteria to ensure independent test administration including the criteria established by the United States Department of Education and set forth on pages 52160 and 52161 of Volume 55 of the Federal Register, dated December 19, 1990.

CHAPTER 331

2190.1. (a) The continuing medical education standards of Section 2190 may be met by educational activities that meet the standards of the Division of Licensing and serve to maintain, develop, or increase the knowledge, skills, and professional performance that a physician and surgeon uses to provide care, or improve the quality of care provided for patients, including, but not limited to, educational activities that meet any of the following criteria:

SECTION 1. Section 53395 of the Government Code is amended to read:

53395. (a) The Legislature finds and declares that the state and federal governments have withdrawn in whole or in part from their former role in financing major, regional, or communitywide infrastructure, including highways and interchanges, sewage treatment and water reclamation works, water supply and treatment works, flood control and drainage works, schools, libraries, parks, parking facilities, open space, and seismic retrofit and rehabilitation of public facilities.

(b) The Legislature further finds and declares that the methods available to local agencies to finance public works often place an undue and unfair burden on buyers of new homes, especially for public works that benefit the broader community.

(c) The Legislature further finds and declares that the absence of practical and equitable methods for financing both regional and local public works leads to a declining standard of public works, a reduced quality of life and decreased safety for affected citizens, increased objection to otherwise desirable development, and excessive costs for homebuyers.

(d) The Legislature further finds and declares that it is equitable and in the public interest to provide alternative procedures for financing public works and services needed to meet the needs of new housing and other development projects.

SEC. 2. Section 53395.3 of the Government Code is amended to read:

53395.3. (a) A district may finance (1) the purchase, construction, expansion, improvement, seismic retrofit, or rehabilitation of any real or other tangible property with an estimated useful life of 15 years or longer which satisfies the requirements of subdivision (b), (2) may finance planning and design work which is directly related to the purchase, construction, expansion, or rehabilitation of that property and (3) the costs described in Sections 53395.5, and 53396.5. A district may only finance the purchase of facilities for which construction has been completed, as determined by the legislative body. The facilities need not be physically located within the boundaries of the district. A district may not finance routine maintenance, repair work, or the costs of ongoing operation or providing services of any kind.
(b) The district shall finance only public capital facilities of communitywide significance, which provide significant benefits to an area larger than the area of the district, including, but not limited to, all of the following:

(1) Highways, interchanges, ramps and bridges, arterial streets, parking facilities, and transit facilities.

(2) Sewage treatment and water reclamation plants and interceptor pipes.

(3) Facilities for the collection and treatment of water for urban uses.

(4) Flood control levees and dams, retention basins, and drainage channels.

(5) Child care facilities.

(6) Libraries.

(7) Parks, recreational facilities, and open space.

(8) Facilities for the transfer and disposal of solid waste, including transfer stations and vehicles.

(c) Any district which constructs dwelling units shall set aside not less than 20 percent of those units to increase and improve the community’s supply of low- and moderate-income housing available at an affordable housing cost, as defined by Section 50052.5 of the Health and Safety Code, to persons and families of low- and moderate-income, as defined in Section 50093 of the Health and Safety Code.

25364. (a) Any person required to present information to the commission pursuant to Section 25354 may request that specific information be held in confidence.

(b) Information presented to the commission pursuant to Section 25354 shall be held in confidence by the commission or aggregated to the extent necessary to assure confidentiality if public disclosure of the specific information or data would result in unfair competitive disadvantage to the person supplying the information.

(c) (1) Whenever the commission receives a request to publicly disclose unaggregated information, or otherwise proposes to publicly disclose information submitted pursuant to Section 25354, notice of
the request or proposal shall be provided to the person submitting
the information. The notice shall indicate the form in which the
information is to be released. Upon receipt of notice, the person
submitting the information shall have 10 working days in which to
respond to the notice to justify the claim of confidentiality on each
specific item of information covered by the notice on the basis that
public disclosure of the specific information would result in unfair
competitive disadvantage to the person supplying the information.

(2) The commission shall consider the respondent's submittal in
determining whether to publicly disclose the information submitted
to it to which a claim of confidentiality is made. The commission shall
issue a written decision which sets forth its reasons for making the
determination whether each item of information for which a claim
of confidentiality is made shall remain confidential or shall be
publicly disclosed.

(d) The commission shall not make public disclosure of
information submitted to it pursuant to Section 25354 within 10
working days after the commission has issued its written decision
required in this section.

(e) No information submitted to the commission pursuant to
Section 25354 shall be deemed confidential if the person submitting
the information or data has made it public.

(f) With respect to information provided pursuant to subdivision
(h) of Section 25354, neither the commission, nor any employee of
the commission, may do any of the following:

(1) Use the information furnished under subdivision (h) of
Section 25354 for any purpose other than the statistical purposes for
which it is supplied.

(2) Make any publication whereby the information furnished by
any particular establishment or individual under subdivision (h) of
Section 25354 can be identified.

(3) Permit anyone other than commission members and
employees of the commission to examine the individual reports
provided under subdivision (h) of Section 25354.

(g) Notwithstanding any other provision of law, the commission
may disclose confidential information received pursuant to
subdivision (a) of Section 25310.4 or Section 25354 to the State Air
Resources Board if the state board agrees to keep the information
confidential. With respect to the information it receives, the state
board shall be subject to all pertinent provisions of this section.

SEC. 2. No reimbursement is required by this act pursuant to
Section 6 of Article XIII B of the California Constitution because the
only costs which may be incurred by a local agency or school district
will be incurred because this act creates a new crime or infraction,
changes the definition of a crime or infraction, changes the penalty
for a crime or infraction, or eliminates a crime or infraction.
Notwithstanding Section 17580 of the Government Code, unless
otherwise specified in this act, the provisions of this act shall become
operative on the same date that the act takes effect pursuant to the
California Constitution.

This subdivision shall not be construed to preclude or in any way limit the applicability of Section 245 in any criminal prosecution.

(d) As used in the section, “school employee” means any person employed as a permanent or probationary certificated or classified employee of a school district on a part-time or full-time basis, including a substitute teacher. “School employee,” as used in this section, also includes a student teacher, or a school board member. “School,” as used in this section, has the same meaning as that term is defined in Section 626.

shall have no rights of tenancy in the park, and any agreement
between the homeowner and the person shall not change the terms
and conditions of the rental agreement between management and
the homeowner. That person shall comply with the rules and
regulations of the mobilehome park. As used in this subdivision,
"senior homeowner" means a homeowner who is 55 years of age or
older.

CHAPTER 338

An act to amend Sections 798.32 and 798.41 of, and to add Section
798.49 to, the Civil Code, relating to mobilehomes.

[Approved by Governor July 23, 1992. Filed with
Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.32 of the Civil Code is amended to read:
798.32. (a) A homeowner shall not be charged a fee for services
actually rendered which are not listed in the rental agreement unless
he or she has been given written notice thereof by the management,
at least 60 days before imposition of the charge.

(b) Those fees and charges specified in subdivision (a) shall be
separately stated on any monthly or other periodic billing to the
homeowner. If the fee or charge has a limited duration or is
amortized for a specified period, the expiration date shall be stated
on the initial notice and each subsequent billing to the homeowner
while the fee or charge is billed to the homeowner.

SEC. 2. Section 798.41 of the Civil Code is amended to read:
798.41. (a) Where a rental agreement, including a rental
agreement specified in Section 798.17, does not specifically provide
otherwise, the park management may elect to bill a homeowner
separately for utility service fees and charges assessed by the utility
for services provided to or for spaces in the park. Any separately
billed utility fees and charges shall not be deemed to be included in
the rent charged for those spaces under the rental agreement, and
shall not be deemed to be rent or a rent increase for purposes of any
ordinance, rule, regulation, or initiative measure adopted or

46880
enforced by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent, provided that at the time of the initial separate billing of any utility fees and charges the rent chargeable under the rental agreement or the base rent chargeable under the terms of a local rent control provision is simultaneously reduced by an amount equal to the fees and charges separately billed. The amount of this reduction shall be equal to the average amount charged to the park management for that utility service for that space during the 12 months immediately preceding notice of the commencement of the separate billing for that utility service.

Utility services to which this section applies are natural gas or liquid propane gas, electricity, water, cable television, garbage or refuse service, and sewer service.

(b) This section does not apply to rental agreements entered into prior to January 1, 1991, until extended or renewed on or after that date.

(c) Nothing in this section shall require rental agreements to provide for separate billing to homeowners of fees and charges specified in subdivision (a).

(d) Those fees and charges specified in subdivision (a) shall be separately stated on any monthly or other periodic billing to the homeowner. If the fee or charge has a limited duration or is amortized for a specified period, the expiration date shall be stated on the initial notice and each subsequent billing to the homeowner while the fee or charge is billed to the homeowner.

SEC. 3. Section 798.49 is added to the Civil Code, to read:

798.49. (a) Except as provided in subdivision (d), the local agency of any city, including a charter city, county, or city and county, which administers an ordinance, rule, regulation, or initiative measure that establishes a maximum amount that management may charge a tenant for rent shall permit the management to separately charge a homeowner for any of the following:

1. The amount of any fee, assessment or other charge first imposed by the city, including a charter city, county, or city and county on or after January 1, 1993, upon the space rented by the homeowner.

2. The amount of any increase on or after January 1, 1993, in an existing fee, assessment or other charge imposed by the city, including a charter city, county, or city and county upon the space rented by the homeowner.

3. The amount of any fee, assessment or other charge upon the space first imposed or increased on or after January 1, 1993, pursuant to any state or locally mandated program relating to housing contained in the Health and Safety Code.

(b) If management has charged the homeowner for a fee, assessment, or other charge specified in subdivision (a) that was increased or first imposed on or after January 1, 1993, and the fee,
assessment, or other charge is decreased or eliminated thereafter, the charge to the homeowner shall be decreased or eliminated accordingly.

(c) The amount of the fee, assessment or other charges authorized by subdivision (a) shall be separately stated on any billing to the homeowner. Any change in the amount of the fee, assessment, or other charges that are separately billed pursuant to subdivision (a) shall be considered when determining any rental adjustment under the local ordinance.

(d) This section shall not apply to any of the following:

1. Those fees, assessments, or charges imposed pursuant to the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200) of Division 13, of the Health and Safety Code) unless specifically authorized by Section 18502 of the Health and Safety Code.

2. Those costs that are imposed on management by a court pursuant to Section 798.42.

3. Any fee or other exaction imposed upon management for the specific purpose of defraying the cost of administration of any ordinance, rule, regulation, or initiative measure that establishes a maximum amount that management may charge a tenant for rent.

4. Any tax imposed upon the property by a city, including a charter city, county, or city and county.

(e) Those fees and charges specified in subdivision (a) shall be separately stated on any monthly or other periodic billing to the homeowner. If the fee or charge has a limited duration or is amortized for a specified period, the expiration date shall be stated on the initial notice and each subsequent billing to the homeowner while the fee or charge is billed to the homeowner.

CHAPTER 339

An act to amend Sections 437c, 1005, and 1013 of, and to add Section 1010.5 to, the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 437c of the Code of Civil Procedure is amended to read:

437c. (a) Any party may move for summary judgment in any action or proceeding if it is contended that the action has no merit or that there is no defense thereto. The motion may be made at any time after 60 days have elapsed since the general appearance in the action or proceeding of each party against whom the motion is directed or at such earlier time after the general appearance as the court, with or without notice and upon good cause shown, may
direct. Notice of the motion and supporting papers shall be served on all other parties to the action at least 28 days before the time appointed for hearing. However, if the notice is served by mail, the required 28-day period of notice shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States, and if the notice is served by facsimile transmission, Express Mail, or another method of delivery providing for overnight delivery, the required 28-day period of notice shall be increased by two court days. The motion shall be heard no later than 30 days before the date of trial, unless the court for good cause orders otherwise. The filing of the motion shall not extend the time within which a party must otherwise file a responsive pleading.

(b) The motion shall be supported by affidavits, declarations, admissions, answers to interrogatories, depositions, and matters of which judicial notice shall or may be taken. The supporting papers shall include a separate statement setting forth plainly and concisely all material facts which the moving party contends are undisputed. Each of the material facts stated shall be followed by a reference to the supporting evidence. The failure to comply with this requirement of a separate statement may in the court's discretion constitute a sufficient ground for denial of the motion.

Any opposition to the motion shall be served and filed not less than 14 days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise. The opposition, where appropriate, shall consist of affidavits, declarations, admissions, answers to interrogatories, depositions, and matters of which judicial notice shall or may be taken. The opposition papers shall include a separate statement which responds to each of the material facts contended by the moving party to be undisputed, indicating whether the opposing party agrees or disagrees that those facts are undisputed. The statement also shall set forth plainly and concisely any other material facts which the opposing party contends are disputed. Each material fact contended by the opposing party to be disputed shall be followed by a reference to the supporting evidence. Failure to comply with this requirement of a separate statement may constitute a sufficient ground, in the court's discretion, for granting the motion.

Any reply to the opposition shall be served and filed by the moving party not less than five days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise.

Evidentiary objections not made at the hearing shall be deemed waived.

Section 1005 and Section 1013, extending the time within which a right may be exercised or an act may be done, do not apply to this section.

Any incorporation by reference of matter in the court's file shall set forth with specificity the exact matter to which reference is being
made and shall not incorporate the entire file.

(c) The motion for summary judgment shall be granted if all the papers submitted show that there is no triable issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. In determining whether the papers show that there is no triable issue as to any material fact the court shall consider all of the evidence set forth in the papers, except that to which objections have been made and sustained by the court, and all inferences reasonably deducible from the evidence, except summary judgment shall not be granted by the court based on inferences reasonably deducible from the evidence, if contradicted by other inferences or evidence, which raise a triable issue as to any material fact.

(d) Supporting and opposing affidavits or declarations shall be made by any person on personal knowledge, shall set forth admissible evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein. Any objections based on the failure to comply with the requirements of this subdivision shall be made at the hearing or shall be deemed waived.

(e) If a party is otherwise entitled to a summary judgment pursuant to this section, summary judgment shall not be denied on grounds of credibility or for want of cross-examination of witnesses furnishing affidavits or declarations in support of the summary judgment, except that summary judgment may be denied in the discretion of the court, where the only proof of a material fact offered in support of the summary judgment is an affidavit or declaration made by an individual who was the sole witness to that fact; or where a material fact is an individual's state of mind, or lack thereof, and that fact is sought to be established solely by the individual's affirmation thereof.

(f) If it is contended that one or more causes of action within an action has no merit or that there is no defense thereto, or that there is no merit to an affirmative defense as to any cause of action, or both, or that there is no merit to a claim for damages, as specified in Section 3294 of the Civil Code, or that one or more defendants either owed or did not owe a duty to the plaintiff or plaintiffs, any party may move for summary adjudication as to that cause or causes of action, that affirmative defense, that claim for damages, or that issue of duty. A cause of action has no merit if one or more of the elements of the cause of action, even if not separately pleaded, cannot be established. A motion may be made by itself or as an alternative to a motion for summary judgment and shall proceed in all procedural respects as a motion for summary judgment. However, a party may not move for summary judgment based on issues asserted in a prior motion for summary adjudication and denied by the court, unless that party establishes to the satisfaction of the court, newly discovered facts or circumstances supporting the issues reasserted in the summary judgment motion.

(g) Upon the denial of a motion for summary judgment, on the ground that there is a triable issue as to one or more material facts,
the court shall, by written or oral order, specify one or more material facts raised by the motion as to which the court has determined there exists a triable controversy. This determination shall specifically refer to the evidence proffered in support of and in opposition to the motion which indicates that a triable controversy exists. Upon the grant of a motion for summary judgment, on the ground that there is no triable issue of material fact, the court shall, by written or oral order, specify the reasons for its determination. The order shall specifically refer to the evidence proffered in support of, and if applicable in opposition to, the motion which indicates that no triable issue exists. The court shall also state its reasons for any other determination. The court shall record its determination by court reporter or written order.

(h) If it appears from the affidavits submitted in opposition to a motion for summary judgment or summary adjudication or both that facts essential to justify opposition may exist but cannot, for reasons stated, then be presented, the court shall deny the motion, or order a continuance to permit affidavits to be obtained or discovery to be had or may make any other order as may be just.

(i) If the court determines at any time that any of the affidavits are presented in bad faith or solely for purposes of delay, the court shall order the party presenting the affidavits to pay the other party the amount of the reasonable expenses which the filing of the affidavits caused the other party to incur. Sanctions shall not be imposed pursuant to this subdivision except on notice contained in a party’s papers, or on the court’s own noticed motion, and after an opportunity to be heard.

(j) Except where a separate judgment may properly be awarded in the action, no final judgment shall be entered on a motion for summary judgment prior to the termination of the action, but the final judgment shall, in addition to any matters determined in the action, award judgment as established by the summary proceeding herein provided for.

(k) In actions which arise out of an injury to the person or to property, when a motion for summary judgment was granted on the basis that the defendant was without fault, no other defendant during trial, over plaintiff’s objection, may attempt to attribute fault to or comment on the absence or involvement of the defendant who was granted the motion.

(l) A summary judgment entered under this section is an appealable judgment as in other cases. Upon entry of any order pursuant to this section except the entry of summary judgment, a party may, within 20 days after service upon him or her of a written notice of entry of the order, petition an appropriate reviewing court for a peremptory writ. If the notice is served by mail, the initial period within which to file the petition shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United
States. If the notice is served by facsimile transmission, Express Mail, or another method of delivery providing for overnight delivery, the initial period within which to file the petition shall be increased by two court days. The superior court may, for good cause, and prior to the expiration of the initial period, extend the time for one additional period not to exceed 10 days.

(m) Nothing in this section shall be construed to extend the period for trial provided by Section 1170.5.

(n) Subdivisions (a) and (b) shall not apply to actions brought pursuant to Chapter 4 (commencing with Section 1159) of Title 3 of Part 3.

SEC. 2. Section 1005 of the Code of Civil Procedure is amended to read:

1005. (a) Written notice shall be given, as prescribed in subdivision (b), for the following motions:

1. Notice of Application and Hearing for Writ of Attachment under Section 484.040.

2. Notice of Application and Hearing for Claim and Delivery under Section 512.030.

4. Motion to Quash Summons pursuant to subdivision (b) of Section 418.10.

5. Motion for Determination of Good Faith Settlement pursuant to Section 877.6.

7. Notice of Hearing of Third-Party Claim pursuant to Section 720.320.

8. Motion for an Order to Attend Deposition more than 150 miles from deponent’s residence pursuant to paragraph (3) of subdivision (e) of Section 2025.

10. Motion to Set Aside Default or Default Judgment and for Leave to Defend Actions pursuant to Section 473.5.

11. Motion to Expunge Notice of Pendency of Action pursuant to Section 409.1.

12. Motion to Set Aside Default and for Leave to Amend pursuant to Section 585.5.

13. Any other proceeding under this code in which notice is required and no other time or method is prescribed by law or by court or judge.

(b) Unless otherwise ordered or specifically provided by law, all moving and supporting papers shall be served and filed at least 15 calendar days before the time appointed for the hearing. However, if the notice is served by mail, the required 15-day period of notice before the time appointed for the hearing shall be increased by five days if the place of mailing and the place of address are within the
State of California, 10 days if either the place of mailing or the place of address is outside the State of California but within the United States, and 20 days if either the place of mailing or the place of address is outside the United States, and if the notice is served by facsimile transmission, Express Mail, or another method of delivery providing for overnight delivery, the required 15-day period of notice before the time appointed for the hearing shall be increased by two court days. Section 1013, which extends the time within which a right may be exercised or an act may be done, does not apply to a notice of motion governed by this section. All papers opposing a motion so noticed shall be filed with the court and served on each party at least five court days, and all reply papers at least two court days before the time appointed for the hearing.

The court, or a judge thereof, may prescribe a shorter time.

SEC. 3. Section 1010.5 is added to the Code of Civil Procedure, to read:

1010.5. The Judicial Council may adopt rules permitting the filing of papers by facsimile transmission, both directly with the courts and through third parties. Notwithstanding any other provision of law, the rules may provide that the facsimile transmitted document shall constitute an original document, and that notwithstanding subdivision (f) of Section 6159 of the Government Code or Title 13 (commencing with Section 1747) of Part 4 of Division 3 of the Civil Code, any court authorized to accept a credit card as payment pursuant to this section may add a surcharge to the amount of the transaction to be borne by the litigant to cover charges imposed on credit card transactions regarding fax filings between a litigant and the court.

If the Judicial Council adopts rules permitting the filing of papers by facsimile transmission, the consent of the county board of supervisors shall not be necessary to permit the use of credit cards to pay fees for the filing of papers by facsimile transmission directly with the court, provided that the court charges a processing fee to the filing party sufficient to cover the cost to the court of processing payment by credit card.

SEC. 4. Section 1013 of the Code of Civil Procedure is amended to read:

1013. (a) In case of service by mail, the notice or other paper must be deposited in a post office, mailbox, sub-post office, substation, or mail chute, or other like facility regularly maintained by the United States Postal Service, in a sealed envelope, with postage paid, addressed to the person on whom it is to be served, at the office address as last given by that person on any document filed in the cause and served on the party making service by mail; otherwise at that party's place of residence. The service is complete at the time of the deposit, but any prescribed period of notice and any right or duty to do any act or make any response within any prescribed period or on a date certain after the service of the document served by mail shall be extended five days if the place of
address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States, but the extension shall not apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a, or notice of appeal.

(b) The copy of the notice or other paper served by mail pursuant to this chapter shall bear a notation of the date and place of mailing or be accompanied by an unsigned copy of the affidavit or certificate of mailing.

(c) In case of service by Express Mail, the notice or other paper must be deposited in a post office, mailbox, sub-post office, substation, or mail chute, or other like facility regularly maintained by the United States Postal Service for receipt of Express Mail, in a sealed envelope, with Express Mail postage paid, addressed to the person on whom it is to be served, at the office address as last given by that person on any document filed in the cause and served on the party making service by Express Mail; otherwise at that party's place of residence. In case of service by another method of delivery providing for overnight delivery, the notice or other paper must be deposited in a box or other facility regularly maintained by the express service carrier, or delivered to an authorized courier or driver authorized by the express service carrier to receive documents, in an envelope or package designated by the express service carrier with delivery fees paid or provided for, addressed to the person on whom it is to be served, at the office address as last given by that person on any document filed in the cause and served on the party making service; otherwise at that party's place of residence. The service is complete at the time of the deposit, but any prescribed period of notice and any right or duty to do any act or make any response within any prescribed period or on a date certain after the service of the document served by Express Mail or other method of delivery providing for overnight delivery shall be extended by two court days, but the extension shall not apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a, or notice of appeal.

(d) The copy of the notice or other paper served by Express Mail or another means of delivery providing for overnight delivery pursuant to this chapter shall bear a notation of the date and place of deposit or be accompanied by an unsigned copy of the affidavit or certificate of deposit.

(e) Service by facsimile transmission shall be permitted only where the parties agree and a written confirmation of that agreement is made. The Judicial Council may adopt rules implementing the service of documents by facsimile transmission and may provide a form for the confirmation of the agreement required by this subdivision. In case of service by facsimile transmission, the notice or other paper must be transmitted to a
facsimile machine maintained by the person on whom it is served at the facsimile machine telephone number as last given by that person on any document which he or she has filed in the cause and served on the party making the service. The service is complete at the time of transmission, but any prescribed period of notice and any right or duty to do any act or make any response within any prescribed period or on a date certain after the service of the document served by facsimile transmission shall be extended by two court days, but the extension shall not apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a, or notice of appeal.

(f) The copy of the notice or other paper served by facsimile transmission pursuant to this chapter shall bear a notation of the date and place of transmission and the facsimile telephone number to which transmitted or be accompanied by an unsigned copy of the affidavit or certificate of transmission which shall contain the facsimile telephone number to which the notice or other paper was transmitted.

(g) Subdivisions (b), (d), and (f) are directory.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 340

An act to add Division 5 (commencing with Section 33200) to Title 3 of the Government Code, relating to human services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Division 5 (commencing with Section 33200) is added to Title 3 of the Government Code, to read:

DIVISION 5. ORGANIZATION OF COUNTY HEALTH AND HUMAN SERVICES

CHAPTER 1. ORGANIZATION

33200. Notwithstanding Sections 24300 and 24304, the board of
supervisors of any county may organize, pursuant to ordinance or charter, the delivery of health and human services for which county government is responsible under state law into departments that provide human assistance, human services, and medical systems. Any county board of supervisors which elects to so organize the delivery of health and human services may consolidate, integrate, and separate duties and functions of county offices, and organizational units within departments, to the extent deemed necessary by the board of supervisors, consistent with the provisions of this division.

33201. All personnel, including the heads of units, within departments organized pursuant to this division and formed from units formerly within the county health, mental health, or welfare departments, shall possess the particular qualifications required by the Health and Safety Code or the Welfare and Institutions Code or the regulations enacted pursuant to either of those codes.

The county health department itself or the health related functions of the departments organized pursuant to this division may be under the direction of the health officer, or the board of supervisors may appoint personnel who possess qualifications, including standards of education and experience to assure competence, appropriate for the direction of the health department or the local administration of county health functions. The board of supervisors shall ensure that the final determination regarding issues of professional nursing practice shall be made by a person who is licensed as a registered nurse and certified as a public health nurse.

33202. If the county health department or the administration of county health functions are not under the direction of the health officer, the county board of supervisors shall ensure that the health officer has sufficient authority and resources and the organizational structure does not impede the health officer from carrying out the duties required under Article 1 (commencing with Section 450) of Chapter 1 of Part 2 of Division 1 of the Health and Safety Code.

33203. This chapter does not permit the occupant of a consolidated, integrated, or separated office to practice any profession or trade for the practice of which a license, permit, or registration is required without a license, permit, or registration.

33204. This division shall not be construed to affect any other statutory or regulatory provision governing county health, mental health, or welfare programs, however reorganized or renamed, except for the organizational requirements specified in Sections 33200 to 33202, inclusive.

33205. Nothing in this division is intended to change the fiscal and reimbursement provisions for subaccounts for mental health, health services, and social services enacted by Chapter 89 of the Statutes of 1991.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:
In order for county reorganization plans to go into effect in certain counties in a timely and cost-effective manner, it is necessary that this act take effect immediately.

CHAPTER 341

An act to amend Sections 17742.5, 17742.7, and 39140 of, to add Sections 17721.4, 39140.5, and 81130.3 to, and to repeal Sections 17742, 17742.2, 17742.3, and 17742.6 of, the Education Code, relating to school facilities funding.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 17721.4 is added to the Education Code, to read:

17721.4. Notwithstanding the limitation set forth in subdivision (a) of Section 17721.3, the costs of a modernization or renovation project funded under this chapter may exceed 25 percent of the replacement cost of an existing structure where the costs in excess of that amount are funded by the district exclusively from sources other than any state program administered by the board. For each project, the total costs of the modernization or renovation project, as supplemented pursuant to this section, may not exceed 50 percent of the replacement cost of the existing structure except to the extent of those costs funded by the district, from sources other than any state program administered by the board, that are expended to conform that structure to current building standards, in which event the total costs of the project may not exceed 75 percent of the replacement cost of the structure.

SEC. 1.5. Section 17742 of the Education Code is repealed.
SEC. 2. Section 17742.2 of the Education Code is repealed.
SEC. 3. Section 17742.3 of the Education Code is repealed.
SEC. 4. Section 17742.5 of the Education Code is amended to read:

17742.5. (a) For purposes of determining the area of adequate school construction existing in an applicant school district pursuant to Section 17742.7, all portable classrooms, whether owned or leased, shall be included, except as otherwise provided in paragraphs (1) to (3), inclusive.

(1) Leased portable classrooms acquired by a school district shall not be included in the area of existing adequate school construction until January 1, 1991.

(2) Portable classrooms leased pursuant to Chapter 25 (commencing with Section 17785) shall be excluded from the area of adequate school construction. Portable classrooms obtained by an
applicant district pursuant to subdivision (b) of Section 17788.5 also shall be excluded from the area of adequate school construction, except as to any portable classroom or classrooms for which the district rejected the board's offer to purchase pursuant to that subdivision.

(3) Portable classrooms that have been leased or owned by the district for 20 years or more shall be excluded from the area of adequate school construction.

(4) Leased portable classrooms shall not be included in the area of adequate school construction for a period of five years from the date first leased by the district. That exclusion shall be extended by the board for one additional five-year period where the board finds that the continued use of the leased portable classrooms for classroom purposes is justified by additional growth in average daily attendance pursuant to the standards established by this part. If the board finds continued use to be no longer justified, it may extend the exclusion for a period of up to two years as necessary to maintain the eligibility of the applicant district for project funding pursuant to this chapter if the board finds that the district has made a good faith effort to obtain that funding in a timely manner. The additional five-year exclusion shall not apply to any portable classroom for which, under the lease agreement, the district is to take title, or the total consideration paid by the district for the lease and an option to purchase is determined by the board to be substantially equivalent to the cost of acquiring title.

(b) For purposes of this section, "portable classroom" means a classroom building of modular design and construction that meets all of the following criteria:

(1) Is designed and constructed to be relocatable and transportable over public streets.

(2) Is designed and constructed for relocation without the separation of the roof or floor from the building.

(3) When measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.

SEC. 5. Section 17742.6 of the Education Code is repealed.

SEC. 6. Section 17742.7 of the Education Code is amended to read:

17742.7. (a) For any project application filed or amended on or after January 1, 1993, the area of adequate school construction existing in the applicant school district or, where appropriate, in the attendance area, at the time of application shall be calculated pursuant to the following formula:

(1) Identify by grade level all teaching stations existing in the school district or, where appropriate, the attendance area, as of January 1, 1993. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction.

(2) Determine the maximum pupil loading figure for each grade level pursuant to the district pupil loading standards in effect on
January 1, 1993. For the purposes of this section, the "district pupil loading standards" are those pupil loading standards in effect in a school district on July 1, 1992, as a result of actions including, but not necessarily limited to, the execution of a collective bargaining agreement or the adoption of a district policy by the governing board of the school district. In no event may this figure be more than the maximum pupil loading standards established by the board, or less than three pupil units lower than those maximum pupil loading standards.

(3) Multiply the figure determined under paragraph (2) for each grade level by the number of teaching stations for the particular grade level, as determined under paragraph (1).

(4) Multiply the product determined under paragraph (3) by the maximum area allowance established for that grade level under this article.

(5) The sum of these computations for each grade level, as determined under paragraphs (1) to (4), inclusive, shall be the total area of adequate school construction existing in the district or attendance area pursuant to this formula.

(b) For purposes of this section, a school district that is participating in a class size reduction program set forth in this code shall use the pupil loading standard established pursuant to that program.

(c) The area of existing adequate school construction calculated under this section shall not include, in any school operated on a year-round schedule, any teaching station that has been in continuous use during the preceding five-year period primarily for the operation of a preschool program or programs.

SEC. 7. Section 39140 of the Education Code is amended to read:

39140. (a) The Department of General Services under the police power of the state shall supervise the design and construction of any school building or, if the estimated cost exceeds twenty thousand dollars ($20,000), the reconstruction or alteration of or addition to any school building, to ensure that plans and specifications comply with the rules and regulations adopted pursuant to this article and building standards published in Title 24 of the California Code of Regulations, and to ensure that the work of construction has been performed in accordance with the approved plans and specifications, for the protection of life and property. Nothing in this section shall be construed to allow a school district to perform work with its own forces in excess of the limitations set forth in Sections 39640 and 39649. In calculating the cost of any project of reconstruction or alteration of, or addition to, any school building for the purpose of determining the applicability of the rules and regulations adopted pursuant to this article and building standards published in Title 24 of the California Code of Regulations, the Department of General Services shall not include, as an element of that cost, any expenses of air-conditioning equipment or insulation materials for that building, or of installing the equipment or materials.
(b) Whenever repairs due to fire damage, not including any damage caused by wind or earthquake, must be made to any school building previously approved by the Department of General Services, the approved plans and specifications used in the original work under then existing rules, regulations, and building standards may be used without modification, providing all other provisions of this article are carried out.

(c) Notwithstanding any other provision of law, no school district shall be authorized to construct or reconstruct any school building, regardless of the source of funding, unless and until the governing board of the district, by resolution, has indicated the agreement of the district that any school building construction or reconstruction that exceeds those construction cost and allowable area standards or any allowable building area computed for an attendance area pursuant to Section 17741 shall, in the event of the district’s subsequent application for state funding for school facility construction, be deducted from the allowable building area for which the district would otherwise have been eligible, which restriction shall not be subject to waiver or exception as otherwise may be provided by law.

If it is determined that, for any reason, a school district failed to comply with the requirement of this section, the district shall not be eligible for any additional building area pursuant to Section 17749 and may be denied any time priority established for the particular project pursuant to Section 17716.

SEC. 8. Section 39140.5 is added to the Education Code, to read:

39140.5. This article, together with Article 6 (commencing with Section 39210), and Article 7 (commencing with Section 81130) of Chapter 1 of Part 49, shall be known and may be cited as the "Field Act."

SEC. 9. Section 81130.3 is added to the Education Code, to read:

81130.3. This article, together with Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Chapter 2 of Part 23, shall be known and may be cited as the "Field Act."

CHAPTER 342

An act to add Sections 22477 and 24477 to the Financial Code, relating to loans.

[Approved by Governor July 23, 1992. Filed with Secretary of State July 24, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 22477 is added to the Financial Code, to read:
22477. (a) No licensee may make a loan to refinance a retail installment contract subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code, that is held by the licensee, its subsidiaries, or affiliates, unless all of the following conditions are met:

(1) The buyer has been making installment payments required by the retail installment contract for a period of not less than 90 days. The retail installment contract has a term of not less than 180 days and does not provide for any scheduled installment that is more than twice the amount of any other scheduled installment.

(2) The loan provides for additional proceeds other than for insurance in an amount not less than the outstanding principal balance of the retail installment contract and provides for payment in full of the retail installment contract.

(3) The licensee shall not take a security interest in real property which is the principal residence of the borrower unless the loan has a principal amount of five thousand dollars ($5,000) or more and the following notice written in the same language, for example, Spanish, as used in the loan documents, is incorporated into the statement used to comply with Section 22473:

"WARNING TO BORROWER: IF YOU ACCEPT THIS LOAN, YOU WILL BE PUTTING UP YOUR HOME AS SECURITY. THIS MEANS THAT YOUR HOME COULD BE SOLD WITHOUT YOUR PERMISSION AND WITHOUT ANY COURT ACTION IF YOU MISS ANY PAYMENT AS REQUIRED BY THIS LOAN."

This notice shall be printed in not less than 14-point bold type, shall be set apart from the rest of the statement by a border, and shall appear directly above a signature block which shall be signed by the borrower. A security interest described in this paragraph, which is taken without the prior notice and signed by the borrower as required by this paragraph, shall be void and unenforceable.

(4) The licensee shall not sell, attempt to sell or agree to sell, any goods or services to the borrower, other than credit insurance as defined in Section 22458.1 and insurance required by the licensee to protect its security interest, until the loan has been in effect for at least 30 days. The amount of insurance required by the licensee to protect its security interest shall not exceed the lesser of the principal amount of the loan or the replacement value of the security as determined by the insurer.

(5) A licensee that is an assignee of the retail installment contract shall continue to be subject under the loan to all equities and defenses of the borrower against the seller arising out of the sale, notwithstanding an agreement to the contrary.

(6) The loan shall not provide for any scheduled installment that is more than twice the amount of any other scheduled installment. This paragraph does not apply to a loan of a bona fide principal amount of ten thousand dollars ($10,000) or more.
(7) If a loan of a bona fide principal amount of ten thousand dollars ($10,000) or more provides for any scheduled installment that is more than twice the amount of any other scheduled installment, the loan shall contain the following provision:

"The payment schedule contained in this loan requires that you make a balloon payment of $ (Amount of balloon payment) which is a payment of more than double the amount of the regular payments. You have an absolute right to obtain a new payment schedule if you default in the payment of any balloon payment."

If the borrower defaults in the payment of any balloon payment, the borrower shall be given an absolute right to obtain a new payment schedule. Unless agreed to by the borrower, the installment amounts under the new schedule shall not be substantially greater than the average of the preceding installments.

(b) A loan made pursuant to this section shall be subject to this division and not to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

(c) An action by any licensee or borrower on a loan made pursuant to this section shall be tried in the county in which the loan was in fact signed by the borrower, in the county in which the borrower resided at the time the loan was entered into, or in the county in which the borrower resides at the commencement of the action.

(d) Paragraphs (6) and (7) of subdivision (a) do not apply to open-end loans.

(e) A security interest provided by any retail installment contract in violation of subdivision (b) of Section 1804.3 of the Civil Code shall not serve as consideration in whole or in part for a loan made under this section, notwithstanding any agreement to the contrary.

SEC. 2. Section 24477 is added to the Financial Code, to read:

24477. (a) No licensee may make a loan to refinance a retail installment contract subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code, that is held by the licensee, its subsidiaries, or affiliates, unless all of the following conditions are met:

(1) The buyer has been making installment payments required by the retail installment contract for a period of not less than 90 days. The retail installment contract has a term of not less than 180 days and does not provide for any scheduled installment that is more than twice the amount of any other scheduled installment.

(2) The loan provides for additional proceeds other than for insurance in an amount not less than the outstanding principal balance of the retail installment contract and provides for payment in full of the retail installment contract.

(3) The licensee shall not take a security interest in real property which is the principal residence of the borrower unless the loan has a principal amount of five thousand dollars ($5,000) or more and the
following notice written in the same language, for example, Spanish, as used in the loan documents, is incorporated into the statement used to comply with Section 24473:

"WARNING TO BORROWER: IF YOU ACCEPT THIS LOAN, YOU WILL BE PUTTING UP YOUR HOME AS SECURITY. THIS MEANS THAT YOUR HOME COULD BE SOLD WITHOUT YOUR PERMISSION AND WITHOUT ANY COURT ACTION IF YOU MISS ANY PAYMENT AS REQUIRED BY THIS LOAN."

This notice shall be printed in not less than 14-point bold type, shall be set apart from the rest of the statement by a border, and shall appear directly above a signature block which shall be signed by the borrower. A security interest described in this paragraph, which is taken without the prior notice and signed by the borrower as required by this paragraph, shall be void and unenforceable.

(4) The licensee shall not sell, attempt to sell, or agree to sell, any goods or services to the borrower, other than credit insurance as defined in Section 24458.1 and insurance required by the licensee to protect its security interest, until the loan has been in effect for at least 30 days. The amount of insurance required by the licensee to protect its security interest shall not exceed the lesser of the principal amount of the loan or the replacement value of the security as determined by the insurer.

(5) A licensee that is an assignee of the retail installment contract shall continue to be subject under the loan to all equities and defenses of the borrower against the seller arising out of the sale, notwithstanding an agreement to the contrary.

(6) The loan shall not provide for any scheduled installment that is more than twice the amount of any other scheduled installment. This paragraph does not apply to a loan of a bona fide principal amount of ten thousand dollars ($10,000) or more.

(7) If a loan of a bona fide principal amount of ten thousand dollars ($10,000) or more provides for any scheduled installment that is more than twice the amount of any other scheduled installment, the loan shall contain the following provision:

"The payment schedule contained in this loan requires that you make a balloon payment of $ (amount of balloon payment) which is a payment of more than double the amount of the regular payments. You have an absolute right to obtain a new payment schedule if you default in the payment of any balloon payment."

If the borrower defaults in the payment of any balloon payment, the borrower shall be given an absolute right to obtain a new payment schedule. Unless agreed to by the borrower, the installment amounts under the new schedule shall not be substantially greater than the average of the preceding installments.

(b) A loan made pursuant to this section shall be subject to this
division and not to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

(c) An action by any licensee or borrower on a loan made pursuant to this section shall be tried in the county in which the loan was in fact signed by the borrower, in the county in which the borrower resided at the time the loan was entered into, or in the county in which the borrower resides at the commencement of the action.

(d) Paragraphs (6) and (7) of subdivision (a) do not apply to open-end loans.

(e) A security interest provided by any retail installment contract in violation of subdivision (b) of Section 1804.3 of the Civil Code shall not serve as consideration in whole or in part for a loan made under this section, notwithstanding any agreement to the contrary.

CHAPTER 343

An act to add Chapter 5.67 (commencing with Section 2590) to Division 2 of the Business and Professions Code, relating to perfusion.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the practice of perfusion in California affects the public health, safety, and welfare, and in the interest of the public, should be clearly defined, and unqualified practitioners should be prohibited from using the title of perfusionist.

(b) It is the intent of the Legislature to provide clear legal authority for functions and procedures relating to perfusion which have common acceptance and usage, and to provide for the continued evolution of the practice of perfusion.

SEC. 2. Chapter 5.67 (commencing with Section 2590) is added to Division 2 of the Business and Professions Code, to read:

CHAPTER 5.67. PERFUSIONISTS

2590. (a) For purposes of this section, "perfusion" means those functions necessary for the support, treatment, measurement, or supplementation of the cardiovascular system, circulatory system with or without the oxygenation circuit, or any combination of those activities, and to ensure the safe management of physiologic functions by monitoring the necessary parameters of those systems pursuant to an order and under the supervision of a licensed physician and surgeon.

(b) Perfusion services include, but are not limited to, all of the
following:

(1) The use of extracorporeal circulation, cardiopulmonary support techniques, and other ancillary therapeutic and diagnostic technologies. "Extracorporeal circulation," as used in this section, means the diversion of a patient's blood through a heart-lung machine or a similar device which assumes the functions of the patient's heart, lungs, or both.

(2) Counterpulsation, ventricular assistance, autotransfusion, including blood conservation techniques, myocardial and organ preservation, extracorporeal life support, and isolated limb perfusion.

(3) The use of techniques involving blood management, advanced life support, and other related functions.

(c) Perfusion services also include, but only during the performance of functions described in subdivision (b), the following:

(1) The administration of pharmacological and therapeutic agents, blood products, or anesthetic agents through the extracorporeal circuit or through an intravenous line as ordered by a physician and surgeon.

(2) The use of anticoagulation analysis, physiologic monitoring, blood gas and chemistry analysis, hematocrit analysis, hypothermia, hyperthermia, hemoconcentration, and hemodilution. Nothing in this paragraph shall exempt perfusionists from the requirements of the Clinical Laboratory Improvement Amendments of 1988 (P.L. 100-578) or from the requirements of Chapter 3 (commencing with Section 1200).

(3) The observation of signs and symptoms related to perfusion services.

(4) Making a determination whether the signs and symptoms related to perfusion services exhibit abnormal characteristics.

(5) Implementation, based on observed abnormalities, of appropriate reporting, or perfusion protocols, or changes in treatment regimen, pursuant to an order by a physician and surgeon or the initiation of emergency procedures. "Perfusion protocols" as used in this section means perfusion-related policies and protocols developed or approved by a licensed health facility or a physician and surgeon through collaboration with administrators and health professionals, including perfusionists.

(d) Commencing January 1, 1993, no person shall hold himself or herself out as a perfusionist, unless at the time of doing so the person meets the educational and examination requirements specified in subdivisions (f) and (g).

(e) Except as provided in subdivision (f) persons holding themselves out as perfusionists shall be graduates of a training program described in Section 2592 and produce satisfactory evidence of successful completion of the entire examination of the American Board of Cardiovascular Perfusion or the equivalent thereof if an equivalent is determined to be necessary by the State Department of Health Services.
(f) Any person may be deemed to have completed the equivalent of the examination and education requirements if that person is currently certified by the American Board of Cardiovascular Perfusion, or if, as of January 1, 1993, the person has practiced as a perfusionist and has performed a annually minimum of 40 cases of cardiopulmonary bypass during cardiopulmonary surgery in a licensed health facility and has done so for at least five years since January 1, 1987. For the purposes of this subdivision, “licensed health facility” means a health facility licensed in any jurisdiction within the United States.

(g) In order to continue to use the title of “perfusionist,” the person shall complete the continuing education requirements of, or maintain active certification by, the American Board of Cardiovascular Perfusion, or the equivalent if an equivalent is determined to be necessary by the State Department of Health Services.

(h) Any person who violates this section is guilty of a misdemeanor.

2591. After completion of an approved perfusion training program, as defined in Section 2592, and until notification of passage of the entire examination of the American Board of Cardiovascular Perfusion, that person shall identify himself or herself only as a “graduate perfusionist.”

2592. (a) Except as otherwise provided in Section 2590, all persons calling themselves perfusionists shall be graduates of an approved perfusion training program.

(b) For purposes of this article, an “approved perfusion training program” means a training program in perfusion reviewed by the Accreditation Committee on Perfusion Education of the Committee on Allied Health Education and Accreditation of the American Medical Association, and approved by the Committee on Allied Health Education and Accreditation of the American Medical Association, or the equivalent training program if an equivalent is determined to be necessary by the State Department of Health Services.

2593. (a) During the period of any clinical training provided by an approved perfusion training program, perfusion may be performed by a student enrolled in the approved perfusion training program when those services are part of his or her course of study.

(b) A person enrolled as a student in an approved perfusion training program shall be identified as a “student perfusionist” or as a “perfusion intern.”

(c) During the period of any clinical training, a student perfusionist or perfusion intern shall be under the direct supervision of a perfusionist who has met all the requirements of this chapter. For purposes of this section, “direct supervision” means assigned to a perfusionist who is on duty and immediately available in the assigned patient care area.

2595. Nothing in this chapter shall limit, preclude, or otherwise
interfere with the practices of other persons licensed or otherwise authorized to practice under this division in performing perfusion services consistent with the laws governing their respective scopes of practice. None of the activities described in subdivisions (b) and (c) of Section 2590, including, but not limited to, extracorporeal life support, shall be construed to be exclusively perfusion services, but may be performed by other licensed persons when consistent with their respective scopes of practice.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 344

An act to add Sections 309.220, 309.225, and 309.230 to the Health and Safety Code, relating to Adolescent Family Life Programs, and making an appropriation therefor.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:
(a) California leads the nation in the number of births to adolescent mothers.
(b) In 1989, 64,935 babies were born to adolescent mothers from 10 to 19 years of age in California.
(c) It is estimated by educators and other service providers dealing with pregnant and parenting adolescents that between 60 percent and 75 percent of the adolescents they serve either abuse substances by experimenting with alcohol and drugs or live in an environment in which substance abuse occurs.
(d) Not only are these young people at risk of exposing their unborn infants to dangerous and harmful substances, but the majority of them are victims of some kind of domestic violence or serious family dysfunction.
(e) More than 5,000 pregnant and parenting adolescents benefit from comprehensive case management services provided by the Adolescent Family Life Programs of the State Department of Health.
Services, however, case managers and counselors for these programs do not have the special skills required to provide substance abuse intervention and counseling for these same adolescents.

(f) The Health and Welfare Agency has found that it is difficult, if not impossible, to provide substance abuse counseling for adolescents in settings designed to serve adults, such as the state’s perinatal substance abuse pilot projects.

SEC. 2. Section 309.220 is added to the Health and Safety Code, to read:

309.220. (a) The state department, through its program of maternal and child health, shall award contract augmentations to four Adolescent Family Life Programs that meet the requirements of this section and develop plans for a comprehensive coordinated substance abuse prevention, intervention, and counseling program, designed specifically to meet the developmental, social, and educational needs of high-risk pregnant or parenting adolescents. The program shall, to the extent practicable, feasible, and appropriate, leverage existing programs and funding rather than creating new, duplicative programs and services.

(b) The state department shall adopt guidelines and criteria setting forth the terms and conditions upon which the state department will offer contract augmentations pursuant to this section. The state department also shall disseminate information designed to publicize the availability of contract augmentations for a comprehensive coordinated substance abuse prevention, intervention, and counseling program to high-risk pregnant or parenting adolescents.

(c) The state department shall encourage Adolescent Family Life Programs with small caseloads to develop plans and submit applications which reflect sharing of services among two or more programs.

(d) At least one program that is awarded a contract augmentation shall be located in northern California, at least one program shall be located in central California, and at least one program shall be located in southern California.

(e) This section shall become operative on July 1, 1994.

SEC. 3. Section 309.225 is added to the Health and Safety Code, to read:

309.225. A comprehensive coordinated substance abuse prevention, intervention, and counseling program, as used in Section 309.220, shall include, but not be limited to, programs which:

(a) Have demonstrated a capacity for developing interagency cooperative approaches to reduce the incidence of high-risk pregnant or parenting adolescents. This shall include documentation of program development and plans for coordination and collaboration with existing perinatal substance abuse programs in the county, including state pilot projects on perinatal substance abuse established under the direction of the Local Perinatal Substance Abuse Coordinating Council.
(b) Employ maximum utilization of existing available programs and facilities.

(c) Have developed goals and objectives for reducing the incidence of high-risk pregnant and parenting adolescents.

(d) Are culturally and linguistically appropriate to the population being served.

(e) Include staff development training by substance abuse counselors.

(f) This section shall become operative on July 1, 1994.

SEC. 4. Section 309.230 is added to the Health and Safety Code, to read:

309.230. The state department shall require reports to be prepared by all programs funded pursuant to this article. A summary of the reports and recommendations regarding the programs shall be submitted by the state department to the Legislature on or before December 31, 1996. The summary shall include all of the following:

(a) An accounting of the incidence of high-risk pregnant or parenting adolescents who are abusing alcohol or drugs, or a combination of alcohol and drugs.

(b) An accounting of the health outcomes of infants of high-risk pregnant and parenting adolescents including: infant morbidity, mortality, rehospitalization, low birth weight, premature birth, developmental delay, and other related areas.

(c) An accounting of school enrollment among high-risk pregnant and parenting adolescents.

(d) An assessment of the effectiveness of the counseling services in reducing the incidence of high-risk pregnant and parenting adolescents who are abusing alcohol or drugs, or a combination of alcohol and drugs.

(e) The effectiveness of the component of other health programs aimed at reducing substance use among pregnant and parenting adolescents.

(f) The need for an availability of substance abuse treatment programs in the program areas that are appropriate, acceptable, and accessible to teenagers.

(g) This section shall become operative on July 1, 1994.

SEC. 5. The State Department of Health Services shall be required to implement Sections 309.220, 309.225, and 309.230 of the Health and Safety Code, only to the extent funding is available.
CHAPTER 345

An act to amend Section 18400.1 of, and to repeal and add Section 18401 of, the Health and Safety Code, relating to mobilehome parks, and making an appropriation therefor.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 18400.1 of the Health and Safety Code is amended to read:

18400.1. (a) The enforcement agency shall enter and inspect all mobilehome parks, as required under this part, at least once every five years, to ensure enforcement of this part and the regulations adopted pursuant to this part. Any notices of violation of this part shall be issued pursuant to Chapter 3.5 (commencing with Section 18420).

(b) In developing its program for inspections, the enforcement agency shall give first priority to inspections of those mobilehome parks which it believes may have the most serious violations of this part.

(c) Nothing in this part shall be construed to allow the enforcement agency to issue a notice for a violation of existing laws or regulations which were not violations of the laws or regulations at the time the mobilehome park received its original permit to operate or at the time the manufactured home or mobilehome received its original installation permit, unless the enforcement agency determines that a condition of the park, manufactured home, or mobilehome endangers the life, limb, health, or safety of the public or occupants thereof.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

(e) Any local enforcement agency that relinquishes enforcement authority over to the department shall remit to the department fees collected pursuant to paragraph (2) of subdivision (c) of Section 18502 that have not been expended for purposes of that paragraph.

(f) Each local enforcement agency that has assumed enforcement authority and has collected fees pursuant to paragraph (2) of subdivision (b) of Section 18502, shall provide the department, prior to January 1, 1994, with a status report on its specific inspection program. The report shall include information on the number of parks and spaces in its jurisdiction, the number of parks and spaces that have been inspected, the number of parks and spaces that are scheduled for inspection, the number and types of notices of violations issued against the parks, the number and types of notices of violations issued against the residents, the number of notices of
violations appealed, the amount of fees collected and expended for the purpose of the inspection program, and any program deviations that exist between the local enforcement agency and the department.

(g) The department shall, prior to January 1, 1995, submit a report to the Senate Committee on Housing and Urban Affairs and the Assembly Committee on Housing and Community Development on the status of the mobilehome park inspection program. The report shall include information on the total number of parks and spaces in the state, the number of parks and spaces that have been inspected, the number of parks and spaces that are scheduled for inspection, the number of notices of violations issued against the parks, the number of notices of violations issued against the residents and the number of notices of violations appealed, and the amount of fees collected and expended for the purpose of the inspection program. The report shall separate the information according to parks inspected by local enforcement agencies, parks inspected by the department, and total program activity. The report shall also include a discussion of any program deviations that exist between the local enforcement agency and the department, obstacles encountered while implementing the program and any recommendations for change to make it operate more efficiently and effectively should the program be extended after January 1, 1997.

SEC. 2. Section 18401 of the Health and Safety Code is repealed.
SEC. 3. Section 18401 is added to the Health and Safety Code, to read:

18401. Any notice of violation of this part, or any rule or regulation adopted pursuant thereto, issued by the enforcement agency shall be issued to the appropriate persons designated in Section 18420 and shall include a statement that any willful violation is a misdemeanor under Section 18700.

SEC. 4. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Pursuant to Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the July 1 following the date on which the act takes effect pursuant to the California Constitution.
An act to add Sections 17922.1 and 18941.6 to the Health and Safety Code, and to amend Section 2705 of the Public Resources Code, relating to seismic safety.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 17922.1 is added to the Health and Safety Code, to read:

17922.1. Notwithstanding any other provisions of this part, the building standards in Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials, as published in the California Building Standards Code, shall not apply to a local jurisdiction that has adopted, on or before January 1, 1993, a program for mitigation of potentially hazardous buildings. This program shall include the adoption by ordinance of a hazardous buildings program, for which a proposed ordinance was introduced on or before the date that Assembly Bill No. 2358 of the 1991–92 Regular Session was chaptered, containing required standards to strengthen buildings under subdivision (b) of Section 8875.2 of the Government Code. Standards to strengthen buildings shall conform to requirements of Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials, except as to requirements found by local ordinance to be inapplicable based on local conditions. The ordinance shall conclusively be presumed to comply with the requirements of Chapter 173 of the Statutes of 1991.

SEC. 2. Section 18941.6 is added to the Health and Safety Code, to read:

18941.6. Notwithstanding any other provision of this part, the building standards in Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials, as published in the California Building Standards Code, shall not apply to a local jurisdiction that has adopted, on or before January 1, 1993, a program for mitigation of potentially hazardous buildings. This program shall include the adoption by ordinance of a hazardous buildings program, for which a proposed ordinance was introduced on or before the date that Assembly Bill No. 2358 of the 1991–92 Regular Session was chaptered, containing required standards to strengthen buildings under subdivision (b) of Section 8875.2 of the Government Code. Standards to strengthen buildings shall conform to those requirements of Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials, except as to requirements found by local ordinance to be inapplicable based on local conditions. Such an
ordinance shall be conclusively presumed to comply with the requirements of Chapter 173 of the Statutes of 1991.

SEC. 3. Section 2705 of the Public Resources Code is amended to read:

2705. (a) All counties and cities shall collect a fee from each applicant for a building permit. Each such fee shall be equal to a specific amount of the proposed building construction for which the building permit is issued as determined by the local building officials. The fee amount shall be assessed in the following way:

(1) Group R occupancies, as defined in the 1985 Uniform Building Code and adopted in Part 2 (commencing with Section 2-101) of Title 24 of the California Code of Regulations, one to three stories in height, except hotels and motels, shall be assessed at the rate of ten dollars ($10) per one hundred thousand dollars ($100,000), with appropriate fractions thereof. Of the amount assessed, three dollars ($3) per one hundred thousand dollars ($100,000), with appropriate fractions thereof, shall be deposited in the Seismic Hazards Identification Fund.

(2) All other buildings shall be assessed at the rate of twenty-one dollars ($21) per one hundred thousand dollars ($100,000), with appropriate fractions thereof. Of the amount assessed, six dollars ($6) per one hundred thousand dollars ($100,000), with appropriate fractions thereof, shall be deposited in the Seismic Hazards Identification Fund.

(3) The fee shall be the amount assessed under paragraph (1) or (2), depending on building type, or fifty cents ($0.50), whichever is the higher.

(b) (1) In lieu of the requirements of subdivision (a), a county or city may elect to include a rate of ten dollars ($10) per one hundred thousand dollars ($100,000), with appropriate fractions thereof, in its basic building permit fee for any Group R occupancy defined in paragraph (1) of subdivision (a), and a rate of twenty-one dollars ($21) per one hundred thousand dollars ($100,000), with appropriate fractions thereof, for all other building types. If collection of the fee is made pursuant to this subdivision, the amount of the fees required to be deposited in the Strong-Motion Instrumentation Special Fund pursuant to Section 2706 shall be equal to the sum of 0.007 percent of the total valuation of any Group R occupancy defined in paragraph (1) of subdivision (a), plus 0.015 percent of the total valuation of all other building types, for which building permits were issued during the accounting period. The remaining amount of fees shall be deposited in the Seismic Hazards Identification Fund pursuant to Section 2699.5. A county or city electing to collect the fee pursuant to this subdivision need not segregate the fees in a fund separate from any fund into which basic building permit fees are deposited.

(2) "Building," for the purpose of this chapter, is any structure built for the support, shelter, or enclosure of persons, animals, chattels, or property of any kind.

(c) (1) A city or county may retain up to 5 percent of the total
amount it collects under subdivision (a) or (b) for data utilization, for seismic education incorporating data interpretations from data of the strong-motion instrumentation program and the seismic hazards mapping program, and, in accordance with paragraph (2), for improving the preparation for damage assessment after strong seismic motion events.

(2) A city or county may use any funds retained pursuant to this subdivision to improve the preparation for damage assessment in its jurisdiction only after it provides the Department of Conservation with information indicating to the department that data utilization and seismic education activities have been adequately funded.

SEC. 4. For the purposes of Sections 17922.1 and 18941.6, as added to the Health and Safety Code by this act, and notwithstanding the meaning of "local conditions" as used elsewhere in Part 1.5 (commencing with Section 17910) of Division 13 of the Health and Safety Code, and Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, it is the intent of the Legislature that the term "local conditions" shall only include the impact of the implementation of seismic strengthening standards on the preservation of qualified historic structures (as governed by the State Historical Building Code, Part 2.7 (commencing with Section 18950) of Division 13 of the Health and Safety Code), participation in historic preservation programs such as the California Mainstreet Program, and the preservation of affordable housing.

CHAPTER 347

An act to add and repeal Chapter 6 (commencing with Section 42800) of Part 4 of Division 26 of the Health and Safety Code, relating to pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 42800) is added to Part 4 of Division 26 of the Health and Safety Code, to read:

CHAPTER 6. DRY CLEANING INDUSTRY TASK FORCE

Article 1. General

42800. This chapter shall be known and may be cited as the California Dry Cleaning Industry Task Force Act of 1992.

42801. The Legislature hereby finds and declares all of the following:
(a) The air, water, and other natural resources are of environmental, economic, public health, and aesthetic importance to the people of the state.

(b) The state board has listed perchloroethylene as a toxic air contaminant.

(c) The dry cleaning industry uses perchloroethylene as a cleaning agent and the dry cleaning process is known to emit perchloroethylene to the atmosphere in California.

(d) Perchloroethylene and other volatile organic compounds have been found in municipal groundwater production wells. Many dry cleaners have been allowed to discharge water containing perchloroethylene to the municipal or industrial sewer. Some of the volatile organic compounds in groundwater may have been discharged from sewer collection systems or may have resulted from past disposal practices.

(e) Air emission control measures designed to reduce perchloroethylene emissions can result in additional impacts on sewer, groundwater, and hazardous waste disposal resources. Similarly, removal of perchloroethylene from waste water can result in additional impacts on air and hazardous waste disposal resources. A coordinated, interdisciplinary approach to the regulation of the dry cleaning industry is therefore required in order to avoid unintended and detrimental environmental effects while maximizing protection of the public health and the environment.

(f) The dry cleaning industry is generally composed of independent, small businesses. Regulation of the dry cleaning industry should strive to control or avoid any environmentally damaging processes while making it possible for small businesses to know and understand applicable regulations and to comply with all requirements.

(g) It is in the public interest to provide assistance to small dry cleaning businesses which have limited financial resources to develop and implement emission control measures and investigatory and remedial programs directed towards contributions that these businesses may have made to existing environmental problems.

42802. For purposes of this chapter, the following definitions apply:

(a) "Dry cleaning" means any process of cleaning fabrics and textiles using organic nonpolar solvents in equipment manufactured for this purpose.

(b) "Dry cleaning equipment manufacturing industry" means establishments that manufacture equipment for use by commercial dry cleaners.

(c) "Dry cleaning industry" means commercial establishments that use any dry cleaning process.

(d) "Task force" means the California Dry Cleaning Industry Task Force created by Section 42803.
Article 2. California Dry Cleaning Industry Task Force

42803. (a) The California Dry Cleaning Industry Task Force is hereby created.
       (b) The task force is comprised of the following members:

           (2) The Secretary of the Business, Transportation and Housing Agency.
           (3) The Executive Director of the State Water Resources Control Board.

           (12) A representative of a publicly owned treatment works.
           (13) A representative from the League of California Cities.
           (c) A member of the task force who is unable to attend any meeting may designate a representative to attend and vote on his or her behalf.

42804. (a) The chairperson of the task force shall be the Secretary for Environmental Protection or his or her representative designated pursuant to subdivision (c) of Section 42803.
       (b) The task force shall meet at the call of the chairperson of the task force.

42805. The chairperson of the task force, with advice from the task force, shall contract with appropriate professionals from the California State University or University of California system to provide technical support to the task force and to manage the process of collecting and analyzing the information required under Section 42806. All costs associated with this contract, up to an aggregate amount of seventy-five thousand dollars ($75,000), shall be paid by the dry cleaning industry and the dry cleaning equipment manufacturing industry.

42806. The task force shall prepare a report regarding the potential impacts on the environment of existing practices in the dry cleaning industry, and any recommendations for improvements. The report shall include, to the degree information is available, at least
the following:

(a) Inventory and analysis of state and federal laws, rules and regulations, and programs which pertain to the dry cleaning industry, including identification and analysis of any regulatory incentives and disincentives to improvements in the environmental practices of the dry cleaning industry.

(b) Identification of existing types of sources of air pollutants related to the dry cleaning industry.

(c) Estimated quantity of air pollutants attributable to the dry cleaning industry and comparison to total emissions of those pollutants from all sources.

(g) Identification of past and existing types of sources of hazardous wastes related to the dry cleaning industry.

(h) Identification and analysis of past and existing practices regarding disposal of hazardous wastes by the dry cleaning industry.

(i) Estimated quantity of hazardous waste disposal attributable to the dry cleaning industry and comparison of total disposal of those hazardous wastes by all sources.

(j) Identification and analysis of possible cross-media impacts, including those between and among air, water, and hazardous waste disposal.

(k) Identification and analysis of available technologies for controlling air and water emissions from dry cleaning establishments.

(l) Analysis of the economic feasibility and environmental benefit of installing the best available control technology at new facilities or retrofitting that technology at existing facilities.

(m) Identification of potential sources of financial assistance to promote installation of best available control equipment at new facilities and retrofitting of equipment at existing facilities.

(n) Any recommendations to reduce or eliminate discharges of perchloroethylene from dry cleaning while protecting the economic viability of small, independent dry cleaning businesses to the extent possible, consistent with the need to protect public health and the environment.

(o) Inventory of groundwater basins, listed in order of remedial priority, which the California regional water quality control boards suspect may have been contaminated, in whole or in part, by discharges of volatile organic compounds.

(p) Identification of available remedial technologies for treating volatile organic compound contamination, and an analysis of each, emphasizing the cost effectiveness of the technologies and their
effectiveness in protecting public health and the environment.
(c) Discussion of potential funding mechanisms for implementing investigatory and remedial measures and installation of emission control technology.

42807. (a) The task force shall provide an opportunity for public review and comment following release of a draft report.
(b) The chairperson of the task force shall submit a final report to the Governor and the Legislature not later than February 28, 1993. Public comments and any dissenting views of task force members shall be submitted with the final report to the Governor and the Legislature.

42808. This chapter shall become inoperative on March 31, 1993, and as of January 1, 1994, is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the air and water resources of the state and preserve limited hazardous waste disposal resources, it is necessary that this act take effect immediately.

CHAPTER 348

CHAPTER 350

An act to amend Sections 5020 and 5030 of the Education Code, relating to elections.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 5020 of the Education Code is amended to read:

5020. (a) The resolution of the county committee approving a proposal to establish or abolish trustee areas or to increase or decrease the number of members of the governing board shall constitute an order of election, and the proposal shall be presented to the electors of the district not later than the next succeeding election for members of the governing board.

(b) If a petition requesting an election on a proposal to rearrange trustee area boundaries is filed, containing at least 5 percent of the signatures of the district's registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

(c) If a petition requesting an election on a proposal to establish or abolish trustee areas, to increase or decrease the number of
members of the board, or to adopt one of the alternative methods of electing governing board members specified in Section 5030 is filed, containing at least 10 percent of the signatures of the district’s registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

(d) For each proposal there shall be a separate proposition on the ballot. The ballot shall contain the following words:

"For the establishment (or abolition or rearrangement) of trustee areas in ______ (insert name) School District—Yes" and "For the establishment (or abolition or rearrangement) of trustee areas in ______ (insert name) School District—No."

"For increasing the number of members of the governing board of ______ (insert name) School District from five to seven—Yes" and "For increasing the number of members of the governing board of ______ (insert name) School District from five to seven—No."

"For decreasing the number of members of the governing board of ______ (insert name) School District from seven to five—Yes" and "For decreasing the number of members of the governing board of ______ (insert name) School District from seven to five—No."

"For the election of each member of the governing board of the ______ (insert name) School District by the registered voters of the entire ______ (insert name) School District—Yes" and "For the election of each member of the governing board of the ______ (insert name) School District by the registered voters of the entire ______ (insert name) School District—No."

"For the election of one member of the governing board of the ______ (insert name) School District residing in each trustee area elected by the registered voters in that trustee area—Yes" and "For the election of one member of the governing board of the ______ (insert name) School District residing in each trustee area elected by the registered voters in that trustee area—No."

"For the election of one member, or more than one member for one or more trustee areas, of the governing board of the ______ (insert name) School District residing in each trustee area elected by the registered voters of the entire ______ (insert name) School District—Yes" and "For the election of one member, or more than one member for one or more trustee areas, of the governing board of the ______ (insert name) School District residing in each trustee area elected by the registered voters of the entire ______ (insert name) School District—No."

If more than one proposal appears on the ballot, all must carry in order for any to become effective, except that a proposal to adopt one of the methods of election of board members specified in Section 5030 which is approved by the voters shall become effective unless
a proposal which is inconsistent with that proposal has been approved by a greater number of voters. An inconsistent proposal approved by a lesser number of voters than the number which have approved a proposal to adopt one of the methods of election of board members specified in Section 5030 shall not be effective.

SEC. 3. Section 5030 of the Education Code is amended to read:

5030. Except as provided in Sections 5027 and 5028, in any school district or community college district having trustee areas, the county committee on school district organization and the registered voters of a district, pursuant to Sections 5019 and 5020, respectively, may at any time recommend one of the following alternate methods of electing governing board members:

(a) That each member of the governing board be elected by the registered voters of the entire district.

(b) That one or more members residing in each trustee area be elected by the registered voters of that particular trustee area.

(c) That each governing board member be elected by the registered voters of the entire school district or community college district, but reside in the trustee area which he or she represents.

The recommendation shall provide that any affected incumbent member shall serve out his or her term of office and that succeeding board members shall be nominated and elected in accordance with the method recommended by the county committee.

Whenever trustee areas are established in a district, provision shall be made for one of the alternative methods of electing governing board members.

In counties with a population of less than 25,000, the county committee on school district organization or the county board of education, if it has succeeded to the duties of the county committee, may at any time, by resolution, with respect to trustee areas established for any school district, other than a community college district, amend the provision required by this section without additional approval by the electors, to require one of the alternate methods for electing board members to be utilized.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(g) "Business day," as used in this section, has the meaning specified in Section 9.

SEC. 2. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property or an estate for years therein hereafter executed has, prior to the maturity date fixed in that obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of that obligation or of the deed of trust or mortgage, taxes, assessments, premiums for insurance, or advances made by beneficiary or mortgagee in accordance with the terms of that obligation or of the deed of trust or mortgage, the trustor or mortgagor or his or her successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a
subordinate lien or encumbrance of record thereon, at any time within the period specified in subdivision (e), if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount due, at the time payment is tendered, with respect to (A) all amounts of principal, interest, taxes, assessments, insurance premiums, or advances actually known by the beneficiary to be, and that are, in default and shown in the notice of default, under the terms of the deed of trust or mortgage and the obligation secured thereby, (B) all amounts in default on recurring obligations not shown in the notice of default, and (C) all reasonable costs and expenses, subject to subdivision (c), which are actually incurred in enforcing the terms of the obligation, deed of trust, or mortgage, and trustee's or attorney's fees, subject to subdivision (d), other than the portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if the acceleration had not occurred. This section does not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the Public Utilities Code. For the purposes of this subdivision, the term “recurring obligation” means all amounts of principal and interest on the loan, or rents, subject to the deed of trust or mortgage in default due after the notice of default is recorded; all amounts of principal and interest or rents advanced on senior liens or leaseholds which are advanced after the recordation of the notice of default; and payments of taxes, assessments, and hazard insurance advanced after recordation of the notice of default. Where the beneficiary or mortgagee has made no advances on defaults which would constitute recurring obligations, the beneficiary or mortgagee may require the Trustor or mortgagee to provide reliable written evidence that the amounts have been paid prior to reinstatement.

(2) If the Trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, the beneficiary or mortgagee shall, within 21 days following the reinstatement, execute and deliver to the Trustee a notice of rescission which rescinds the declaration of default and demand for sale and advises the Trustee of the date of reinstatement. The Trustee shall cause the notice of rescission to be recorded within 30 days of receipt of the notice of rescission and of all allowable fees and costs.

No charge, except for the recording fee, shall be made against the Trustor or mortgagor for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person
pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

"IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, [14-point boldface type if printed or in capital letters if typed] and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within the time permitted by law for reinstatement of your account, which is normally five business days prior to the date set for the sale of your property. No sale date may be set until three months from the date this notice of default may be recorded (which date of recordation appears on this notice).

This amount is ___________ as of ________________

(Date)

and will increase until your account becomes current.

While your property is in foreclosure, you still must pay other obligations (such as insurance and taxes) required by your note and deed of trust or mortgage. If you fail to make future payments on the loan, pay taxes on the property, provide insurance on the property, or pay other obligations as required in the note and deed of trust or mortgage, the beneficiary or mortgagee may insist that you do so in order to reinstate your account in good standing. In addition, the beneficiary or mortgagee may require as a condition to reinstatement that you provide reliable written evidence that you paid all senior liens, property taxes, and hazard insurance premiums.

Upon your written request, the beneficiary or mortgagee will give you a written itemization of the entire amount you must pay. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay all amounts in default at the time payment is made. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any
other reason, contact:

(Name of beneficiary or mortgagee)

(Mailing address)

(Telephone)

If you have any questions, you should contact a lawyer or the governmental agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]"

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or paragraph (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of the contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or the assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (c) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by Sections 2924 to 2924i, inclusive, postponement upon the written request of the trustor pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.
(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed two hundred dollars ($200) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where the charge does not exceed the amounts authorized herein.

(e) Reinstatement of a monetary default under the terms of an obligation secured by a deed of trust, or mortgage may be made at any time within the period commencing with the date of recordation of the notice of default until five business days prior to the date of sale set forth in the initial recorded notice of sale.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from that date until five business days prior to the date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from that date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale, whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, or their agents or successors shall be liable in any manner to a trustor, mortgagor, their agents or successors for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created by this section. Any right of reinstatement created
by this section is terminated five business days prior to the date of
sale set forth in the initial date of sale, and is revived only as
prescribed herein and only as of the date set forth herein.

As used in this subdivision, the term "business day" has the same
meaning as specified in Section 9.

SEC. 3. Section 2924f of the Civil Code is amended to read:

2924f. (a) As used in this section and Sections 2924g and 2924h
"property" means real property or a leasehold estate therein.

(b) Except as provided in subdivision (c), before any sale of
property can be made under the power of sale contained in any deed
of trust or mortgage, or any resale resulting from a rescission for a
failure of consideration pursuant to subdivision (c) of Section 2924h,
notice of the sale thereof shall be given by posting a written notice
of the time of sale and of the street address and the specific place at
the street address where the sale will be held, and describing the
property to be sold including the county assessor's parcel number, at
least 20 days before the date of sale in one public place in the city
where the property is to be sold, if the property is to be sold in a city,
or, if not, then in one public place in the judicial district in which the
property is to be sold, and publishing a copy once a week for the same
period, in a newspaper of general circulation published in the city in
which the property or some part thereof is situated, if any part
thereof is situated in a city, if not, then in a newspaper of general
circulation published in the judicial district in which the property or
some part thereof is situated, or in case no newspaper of general
circulation is published in the city or judicial district, as the case may
be, in a newspaper of general circulation published in the county in
which the property or some part thereof is situated, or in case no
newspaper of general circulation is published in the city or judicial
district or county, as the case may be, in a newspaper of general
circulation published in the county in this state that (1) is contiguous
to the county in which the property or some part thereof is situated,
and (2) has, by comparison with all similarly contiguous counties, the
highest population based upon total county population as
determined by the most recent federal decennial census published
by the Bureau of the Census. A copy of the notice of sale shall also
be posted in a conspicuous place on the property to be sold at least
20 days before the date of sale, where possible and where not
restricted for any reason. If the property is a single-family residence
the posting shall be on a door of the residence, but, if not possible or
restricted, then the notice shall be posted in a conspicuous place on
the property; however, if access is denied because a common
entrance to the property is restricted by a guard gate or similar
impediment, the property may be posted at that guard gate or
similar impediment to any development community. Additionally,
the notice of sale shall be recorded with the county recorder of the
county in which the property or some part thereof is situated at least
14 days prior to the date of sale. The notice of sale shall contain the
name, street address, and telephone number of the trustee or other
person conducting the sale, and the name of the original trustor, and also shall contain the statement required by paragraph (3) of subdivision (c). In addition to any other description of the property, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but if the property has no street address or other common designation, the notice shall contain the name and address of the beneficiary at whose request the sale is to be conducted and a statement that directions may be obtained pursuant to a written request submitted to the beneficiary within 10 days from the first publication of the notice. Directions shall be deemed reasonably sufficient to locate the property if information as to the location of the property is given by reference to the direction and approximate distance from the nearest crossroads, frontage road, or access road. If a legal description of the property is given, the validity of the notice and the validity of the sale shall not be affected by the fact that the street address, other common designation, name and address of the beneficiary, county assessor's parcel number, or the directions obtained therefrom are erroneous or that the street address, other common designation, name and address of the beneficiary, county assessor's parcel number, or directions obtained therefrom are omitted. The term newspaper of general circulation as used in this section has the same meaning as defined in Article 1 (commencing with Section 6000) of Chapter 1 of Division 7 of Title 1 of the Government Code.

The notice of sale shall contain a statement of the total amount of the unpaid balance of the obligation secured by the property to be sold and reasonably estimated costs, expenses, advances at the time of the initial publication of the notice of sale, and, if republished pursuant to a cancellation of a cash equivalent pursuant to subdivision (d) of Section 2924h, a reference of that fact; provided, that the trustee shall incur no liability for any good faith error in stating the proper amount. An inaccurate statement of this amount shall not affect the validity of any sale to a bona fide purchaser for value, nor shall the failure to post the notice of sale on a door as provided by this subdivision affect the validity of any sale to a bona fide purchaser for value.

(c) (1) This subdivision applies only to deeds of trust or mortgages which contain a power of sale and which are secured by real property containing a single-family, owner-occupied residence, where the obligation secured by the deed of trust or mortgage is contained in a contract for goods or services subject to the provisions of the Unruh Act (Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3).

(2) Except as otherwise expressly set forth in this subdivision, all other provisions of law relating to the exercise of a power of sale shall govern the exercise of a power of sale contained in a deed of trust or mortgage described in paragraph (1).

(3) If any default of the obligation secured by a deed of trust or mortgage described in paragraph (1) has not been cured within 30
days after the recordation of the notice of default, the trustee or mortgagee shall mail to the trustor or mortgagor, at his or her last known address, a copy of the following statement:

YOU ARE IN DEFAULT UNDER A

(Deed of trust or mortgage)

DATED __________. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

(4) All sales of real property pursuant to a power of sale contained in any deed of trust or mortgage described in paragraph (1) shall be held in the county where the residence is located and shall be made to the person making the highest offer. The trustee may receive offers during the 10-day period immediately prior to the date of sale and if any offer is accepted in writing by both the trustor or mortgagor and the beneficiary or mortgagee prior to the time set for sale, the sale shall be postponed to a date certain and, prior to which the property may be conveyed by the trustor to the person making the offer according to its terms. The offer is revocable until accepted. The performance of the offer following acceptance, according to its terms by a conveyance of the property to the offeror shall operate to terminate any further proceeding under the notice of sale and it shall be deemed revoked.

(5) In addition to the trustee fee pursuant to Section 2924c, the trustee or mortgagee pursuant to a deed of trust or mortgage subject to this subdivision shall be entitled to charge an additional fee of fifty dollars ($50).

(6) This subdivision applies only to property on which notices of default were filed on or after the effective date of this subdivision.

SEC. 4. Section 2924g of the Civil Code is amended to read:

2924g. (a) All sales of property under the power of sale contained in any deed of trust or mortgage shall be held in the county where the property or some part thereof is situated, and shall be made at auction, to the highest bidder, between the hours of 9 a.m. and 5 p.m. on any business day, Monday through Friday.

The sale shall commence at the time and location specified in the notice of sale. Any postponement shall be announced at the time and location specified in the notice of sale for commencement of the sale or pursuant to paragraph (1) of subdivision (c).

If the sale of more than one parcel of real property has been scheduled for the same time and location by the same trustee, (1) any postponement of any of the sales shall be announced at the time published in the notice of sale, (2) the first sale shall commence at the time published in the notice of sale or immediately after the announcement of any postponement, and (3) each subsequent sale
shall take place as soon as possible after the preceding sale has been completed.

(b) When the property consists of several known lots or parcels they shall be sold separately unless the deed of trust or mortgage provides otherwise. When a portion of the property is claimed by a third person, who requires it to be sold separately, the portion subject to the claim may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when the property consists of several known lots or parcels which may be sold to advantage separately, and the trustee shall follow that direction. After sufficient property has been sold to satisfy the indebtedness no more can be sold.

If the property under power of sale is in two or more counties the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion thereof is located.

(c) (1) There may be a postponement of the sale proceedings at any time prior to the completion of the sale at the discretion of the trustee, or upon instruction by the beneficiary to the trustee that the sale proceedings be postponed.

There may be a maximum of three postponements of the sale proceedings pursuant to this subdivision. In the event that the sale proceedings are postponed three times, the scheduling of any further sale proceedings shall be preceded by the giving of a new notice of sale in the manner prescribed by Section 2924f.

(2) The trustee shall postpone the sale upon the order of any court of competent jurisdiction, or where stayed by operation of law, or by the mutual agreement, whether oral or in writing, of any trustor and any beneficiary or any mortgagor and any mortgagee. Any postponement pursuant to this paragraph shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision nor shall a postponement resulting from the prohibition upon a sale within seven days from the expiration of an injunction, restraining order, or stay as provided in subdivision (d) be deemed a postponement for purposes of this subdivision.

(d) The notice of each postponement and the reason therefor shall be given by public declaration by the trustee at the time and place last appointed for sale. Such a public declaration of postponement shall also set forth the new date, time, and place of sale and the place of sale shall be the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given. However, the sale shall be conducted no sooner than seven days after the earlier of (1) dismissal of the action or (2) expiration or termination of the injunction, restraining order, or stay (which required postponement of the sale), whether by entry of an order by a court of competent jurisdiction, operation of law, or otherwise, unless the injunction, restraining order, or subsequent order
expressly directs the conduct of the sale within that seven-day period. If the sale had been scheduled to occur, but this subdivision precludes its conduct during that seven-day period, a new notice of postponement shall be given if the sale had been scheduled to occur during that seven-day period. The trustee shall maintain records of each postponement and the reason therefor.

SEC. 5. Section 2924h of the Civil Code is amended to read:

2924h. (a) Each and every bid made by a bidder at a trustee’s sale under a power of sale contained in a deed of trust or mortgage shall be deemed to be an irrevocable offer by that bidder to purchase the property being sold by the trustee under the power of sale for the amount of the bid. Any second or subsequent bid by the same bidder or any other bidder for a higher amount shall be a cancellation of the prior bid.

(b) At the trustee’s sale the trustee shall have the right (1) to require every bidder to show evidence of the bidder’s ability to deposit with the trustee the full amount of his or her final bid in cash, a cashier’s check drawn on a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state, or a cash equivalent which has been designated in the notice of sale as acceptable to the trustee prior to and as a condition to the recognizing of the bid, and to conditionally accept and hold these amounts for the duration of the sale, and (2) to require the last and highest bidder to deposit, if not deposited previously, the full amount of the bidder’s final bid in cash, a cashier’s check drawn on a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state, or a cash equivalent which has been designated in the notice of sale as acceptable to the trustee, immediately prior to the completion of the sale, the completion of the sale being so announced by the fall of the hammer or in other customary manner. The present beneficiary of the deed of trust under foreclosure shall have the right to offset his or her bid(s) only to the extent of the total amount due the beneficiary including the trustee’s fees and expenses.

(c) In the event the trustee accepts a check drawn by a credit union or a savings and loan association pursuant to this subdivision or a cash equivalent designated in the notice of sale, the trustee may withhold the issuance of the trustee’s deed to the successful bidder submitting the check drawn by a state or federal credit union or savings and loan association or the cash equivalent until funds become available to the payee or endorsee as a matter of right.

For the purposes of this subdivision, the trustee’s sale shall be deemed final upon the acceptance of the last and highest bid. However, the sale is subject to an automatic rescission for a failure of consideration in the event the funds are not available to the payee.
or endorsee as a matter of right as defined in subdivision (d) of Section 12413 of the Insurance Code. The trustee shall send a notice of rescission for a failure of consideration to the last and highest bidder submitting the check or alternative instrument, if the address of the last and highest bidder is known to the trustee.

If a sale results in an automatic right of rescission for failure of consideration pursuant to this subdivision, the interest of any lienholder shall be reinstated in the same priority as if the previous sale had not occurred.

(d) If the trustee has not required the last and highest bidder to deposit the cash, a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state, or a cash equivalent which has been designated in the notice of sale as acceptable to the trustee in the manner set forth in paragraph (2) of subdivision (b), the trustee shall complete the sale. If the last and highest bidder then fails to deliver to the trustee, when demanded, the amount of his or her final bid in cash, a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state, or a cash equivalent which has been designated in the notice of sale as acceptable to the trustee, that bidder shall be liable to the trustee for all damages which the trustee may sustain by the refusal to deliver to the trustee the amount of the final bid, including any court costs and reasonable attorneys' fees.

If the last and highest bidder willfully fails to deliver to the trustee the amount of his or her final bid in cash, a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state, or a cash equivalent which has been designated in the notice of sale as acceptable to the trustee, or if the last and highest bidder cancels an instrument submitted to the trustee as a cash equivalent, that bidder shall be guilty of a misdemeanor punishable by a fine of not more than two thousand five hundred dollars ($2,500).

In the event the last and highest bidder cancels an instrument submitted to the trustee as a cash equivalent, the trustee shall provide a new notice of sale in the manner set forth in Section 2924f and shall be entitled to recover the costs of the new notice of sale as provided in Section 2924c.

(e) Any postponement or discontinuance of the sale proceedings shall be a cancellation of the last bid.

(f) In the event that this section conflicts with any other statute, then this section shall prevail.

(g) It shall be unlawful for any person, acting alone or in concert
with others, (1) to offer to accept or accept from another, any consideration of any type not to bid, or (2) to fix or restrain bidding in any manner, at a sale of property conducted pursuant to a power of sale in a deed of trust or mortgage. However, it shall not be unlawful for any person, including a trustee, to state that a property subject to a recorded notice of default or subject to a sale conducted pursuant to this chapter is being sold in an "as-is" condition.

In addition to any other remedies, any person committing any act declared unlawful by this subdivision or any act which would operate as a fraud or deceit upon any beneficiary, trustor, or junior lienor shall, upon conviction, be fined not more than ten thousand dollars ($10,000) or imprisoned in the county jail for not more than one year, or be punished by both that fine and imprisonment.

SEC. 6. Section 2924j of the Civil Code is amended to read:

2924j. (a) Unless an interpleader action has been filed, within 30 days of the execution of the trustee's deed resulting from a sale in which there are proceeds remaining after payment of the amounts required by paragraphs (1) and (2) of subdivision (a) of Section 2924k, the trustee shall send written notice to all persons with recorded interests in the real property as of the date immediately prior to the trustee's sale who would be entitled to notice pursuant to subdivisions (b) and (c) of Section 2924b. The notice shall be sent by first-class mail in the manner provided in paragraph (1) of subdivision (c) of Section 2924b and inform each entitled person of each of the following:

(1) That there has been a trustee's sale of the described real property.

(2) That the noticed person may have a claim to all or a portion of the sale proceeds remaining after payment of the amounts required by paragraphs (1) and (2) of subdivision (a) of Section 2924k.

(3) The noticed person may contact the trustee at the address provided in the notice to pursue any potential claim.

(4) That before the trustee can act, the noticed person shall submit a written claim to the trustee, executed under penalty of perjury, stating the following:

(A) The amount of the claim to the date of trustee's sale.

(B) An itemized statement of the principal, interest, and other charges.

(C) That claims must be received by the trustee at the address stated in the notice no later than 30 days after the date the trustee sends notice to the potential claimant.

(b) The trustee shall exercise due diligence to determine the priority of the written claims received by the trustee to the trustee's sale surplus proceeds from those persons to whom notice was sent pursuant to subdivision (a).

(c) If, after due diligence, the trustee is unable to determine the priority of the written claims received by the trustee to the trustee's sale surplus of multiple persons or if the trustee determines there is
a conflict between potential claimants, the trustee may file a
declaration of the unresolved claims and deposit with the clerk of the
superior or municipal court, as applicable, of the county in which the
sale occurred, that portion of the sales proceeds that cannot be
distributed, less any fees charged by the clerk pursuant to this
subdivision. The declaration shall specify the date of the trustee's
sale, a description of the property, the names and addresses of all
persons sent notice pursuant to subdivision (a), a statement that the
trustee exercised due diligence pursuant to subdivision (b), that the
trustee provided written notice as required by subdivisions (a) and
(d) and the amount of the sales proceeds deposited by the trustee
with the superior or municipal court. Further, the trustee shall
submit a copy of the trustee's sales guarantee and any information
relevant to the identity, location, and priority of the potential
claimants with the superior or municipal court and shall file proof of
service of the notice required by subdivision (d) on all persons
described in subdivision (a).

The clerk shall deposit the amount with the county treasurer
subject to order of the superior or municipal court upon the
application of any interested party. The clerk may charge a
reasonable fee for the performance of activities pursuant to this
subdivision equal to the fee for filing an interpleader action pursuant
to Article 2 (commencing with Section 26820) of Division 2 of Title
3 of the Government Code. Upon deposit of that portion of the sale
proceeds that cannot be distributed by due diligence, the trustee
shall be discharged of further responsibility for the disbursement of
sale proceeds. A deposit with the clerk of the superior or municipal
court pursuant to this subdivision may be either for the total
proceeds of the trustee's sale, less any fees charged by the clerk, if
a conflict or conflicts exist with respect to the total proceeds, or that
portion that cannot be distributed after due diligence, less any fees
charged by the clerk.

(d) Before the trustee deposits the funds with the clerk of the
court pursuant to subdivision (c), the trustee shall send written
notice by first-class mail, postage prepaid, to all persons described in
subdivision (a) informing them that the trustee intends to deposit
the funds with the clerk of the superior or municipal court, as
applicable, and that a claim for the funds must be filed with the court
within 30 days from the date of the notice, providing the address of
the court in which the funds were deposited, and a phone number
for obtaining further information.

Within 90 days after deposit with the clerk, the court shall consider
all claims filed at least 15 days before the date on which the hearing
is scheduled by the court, the clerk shall serve written notice of the
hearing by first-class mail on all claimants identified in the trustees'
declaration at the addresses specified therein. The court shall
distribute the deposited funds to any and all claimants entitled
thereto.

(e) Nothing in this section restricts the ability of a trustee to file
an interpleader action in order to resolve a dispute about the proceeds of a trustee's sale. Once an interpleader action has been filed, thereafter the provisions of this section shall not apply.

(f) "Due diligence," for the purposes of this section means that the trustee researched the written claims submitted or other evidence of conflicts and determined that a conflict of priorities exists between two or more claimants which the trustee is unable to resolve.

CHAPTER 352

An act to add Chapter 4 (commencing with Section 14450) to Part 5 of Division 3 of Title 2 of the Government Code, to add Section 99315.6 to the Public Utilities Code, and to add Section 203 to the Streets and Highways Code, relating to transportation.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 14450) is added to Part 5 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 4. CALIFORNIA TRANSPORTATION RESEARCH AND INNOVATION PROGRAM

14450. The department, in preparing its research and development program, shall consult with other parts of the transportation industry, including the private and public sectors, in order to obtain maximum input designed to develop a balanced multimodal research and development program. The department shall also consult with affected state agencies, including the Department of Motor Vehicles, the State Air Resources Board, the State Energy Resources Conservation and Development Commission, and the Department of the California Highway Patrol.

14451. The department shall prepare an annual report which discusses the accomplishments of the research and innovation program and includes a recommended program for the next fiscal year. The report shall be submitted to the Legislature not later than August 1 in advance of the preparation of the Governor's proposed budget.

14452. (a) All funds made available pursuant to Section 99315.6 of the Public Utilities Code and Section 203 of the Streets and Highways Code shall be allocated to transportation research and development projects, including both the research and development of new technologies and the application of existing technologies to
transportation purposes. All state funded research and development work conducted on intelligent vehicle highway systems shall be funded with funds made available pursuant to Section 99315.6 of the Public Utilities Code and Section 203 of the Streets and Highways Code or with available federal funds.

(b) The department shall adopt a balanced, multimodal research and development program and shall ensure that adequate resources are devoted to research and development of nonhighway transportation modes, including, but not limited to, transit buses and other public transportation, and nonmotorized modes. The research and development program shall be evaluated to determine to what extent the program benefits highways or alternative modes. As an overall program goal, the department should strive to allocate a minimum of 50 percent of state funds made available pursuant to Section 99315.6 of the Public Utilities Code and Section 203 of the Streets and Highways Code to projects which relate to research and development of alternative modes of transportation.

(c) Funds made available pursuant to Section 203 of the Streets and Highways Code may be used for any research and development project which is designed to enhance or improve the operation of highways.

14453. The department’s role in this program shall be limited to research and development. The department shall consider the following guidelines in evaluating and selecting a site for a research and development center:

(a) Sources of funding for the center, with the stipulation that the state’s funding share does not exceed one-third of the total costs of the center, with the remaining funds provided from local, federal, and private sources. The department shall seek to maximize private participation in the funding of a center, and state funds shall be expended only for facilities to be used by the state to be located on real property owned by the state, including acquisition of real property to be owned by the state in fee simple or pursuant to a lease-purchase contract.

(b) Accessibility to the center by rail or bus service operating at frequency headways of not less than one-half hour during peak commute hours.

(c) Other criteria to be used in the evaluation of a site for the center, which shall include, but not be limited to, the following:

1. The ability of the project to enhance environmental quality, including the dedication of open space for preservation of open space, wetlands, and other wildlife habitat.

2. The ability of the project to rely on existing infrastructure, including water and sewer hookups to existing systems and access by existing roads and transit systems, or alternatively, an assurance by the local jurisdiction or jurisdictions that an infrastructure development plan has been adopted which provides for the timely construction of necessary infrastructure and which is fully funded.

3. The extent to which the project will result in the least cost to
public agencies, direct and indirect, including costs incurred by state and local agencies other than the department.

(4) The extent to which the project provides a return on investment of public funds to public agencies.

(d) Contracting for consultant services to assist it in selecting a site for a center.

(e) Receiving and evaluating proposals for the center, to be ranked in priority order consistent with this section.

(f) Not committing any state funds to the project other than for the development of a request for proposals and the evaluation of proposals received in response to the request, unless funds are specifically appropriated as a separate item in the annual Budget Act for the financing, planning, design, and construction of the center. Prior to funds being included in the annual Budget Act for the center, the department shall submit a report to the Legislature which fully describes any proposal which incorporates all information and activities required by this section.

(g) Construction of the center shall be subject to prevailing wage laws and minority enterprise and women business enterprise participation laws applicable to the department's highway construction projects.

14454. (a) If a decision is made to proceed with a research and development center, proceeds from the sale or lease of existing facilities owned by the department due to the transfer of the functions performed at those facilities to the research and development center shall be available, upon appropriation by the Legislature, for allocation for research and development purposes.

(b) Prior to recommending a site, the department shall hold at least one public hearing.

(c) The department shall not acquire a site for the center unless, at the time of the selection, construction of the center on that site is consistent with the applicable city or county general plan. With respect to this subdivision, the state shall not supercede local planning and zoning decisions.

14455. (a) Research contracts approved by the department shall require the contractor to disclose administrative overhead as a separate cost item, with a detailed statement identifying what activities will be paid as administrative overhead.

(b) Proposed research contracts shall be circulated by the department to interested private sector parties as well as public and private academic institutions.

14456. Pursuant to Section 14453, the department may enter into a joint powers agreement with other entities for development and operation of the center.

SEC. 2. Section 99315.6 is added to the Public Utilities Code, to read:

99315.6. Funds available pursuant to subdivision (b) of Section 99315.5 shall be allocated either in accordance with that section or pursuant to Chapter 4 (commencing with Section 14450) of Part 5 of
Division 3 of Title 2 of the Government Code, or both, consistent with Section 99310.5. The department shall consider making an allocation pursuant to subdivision (b) of Section 99315.5, so long as the funds will be used as part of the program adopted pursuant to Section 14452 of the Government Code.

SEC. 3. Section 203 is added to the Streets and Highways Code, to read:

203. It is the intent of the Legislature that each annual proposed budget prepared pursuant to Section 165 include state funds from the State Highway Account for the California Transportation Research and Innovation Program, in accordance with Chapter 4 (commencing with Section 14450) of Part 5 of Division 3 of Title 2 of the Government Code. These funds shall be identified as a distinct line-item in each proposed budget and shall be in addition to existing research and development conducted by the department.

CHAPTER 353

An act to add and repeal Section 21670.3 of the Public Utilities Code, relating to airports.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 21670.3 is added to the Public Utilities Code, to read:

21670.3. (a) Notwithstanding the deadlines in Sections 21671.5 and 21675.1, the commission in the County of Mendocino shall adopt the comprehensive land use plans required pursuant to Section 21675 by June 30, 1993, for all public airports in the county except the Willits Municipal Airport.

(b) Until the commission adopts a comprehensive land use plan, the city or county shall first submit all actions, regulations, and permits within the vicinity of a public airport to the commission for review and approval. Before the commission approves or disapproves any actions, regulations, or permits, the commission shall give public notice in the same manner as the city or county is required to give for those actions, regulations, or permits. As used in this section, "vicinity" means land which will be included or reasonably could be included within the plan. If the commission has not designated a study area for the plan, then "vicinity" means land within two miles of the boundary of a public airport.

(c) The commission may approve an action, regulation, or permit if it finds, based on substantial evidence in the record, all of the following:

(1) The commission is making substantial progress toward the
completion of the plan.

(2) There is a reasonable probability that the action, regulation, or permit will be consistent with the plan being prepared by the commission.

(3) There is little or no probability of substantial detriment to or interference with the future adopted plan if the action, regulation, or permit is ultimately inconsistent with the plan.

(d) If the commission disapproves an action, regulation, or permit, the commission shall notify the city or county. The city or county may overrule the commission, by a two-thirds vote of its governing body, if it makes specific findings that the proposed action, regulation, or permit is consistent with the purposes of this article, as stated in Section 21670.

(e) If a city or county overrules the commission pursuant to subdivision (d), that action shall not relieve the city or county from further compliance with this article after the commission adopts the plan.

(f) If a city or county overrules the commission pursuant to subdivision (d) with respect to a publicly owned airport that the city or county does not operate, the operator of the airport is not liable for damages to property or personal injury resulting from the city’s or county’s decision to proceed with the action, regulation, or permit.

(g) A commission may adopt rules and regulations which exempt any ministerial permit for single-family dwellings from the requirements of subdivision (b) if it makes the findings required pursuant to subdivision (c) for the proposed rules and regulations, except that the rules and regulations may not exempt either of the following:

(1) More than two single-family dwellings by the same applicant within a subdivision prior to June 30, 1993.

(2) Single-family dwellings in a subdivision where 25 percent or more of the parcels are undeveloped.

(h) Until June 30, 1993, no action pursuant to Section 21679 to postpone the effective date of a zoning change, a zoning variance, the issuance of a permit, or the adoption of a regulation by a local agency, directly affecting the use of land within one mile of the boundary of a public airport, shall be commenced in the County of Mendocino.

(i) This section shall become inoperative on June 30, 1993, and is repealed on that date.

SEC. 2. In enacting Section 21670.3 of the Public Utilities Code pursuant to Section 1 of this bill, the Legislature finds and declares that:

(a) The Legislature has not extended the deadlines in Sections 21671.5 and 21675.1 of the Public Utilities Code for the Willits Municipal Airport.

(b) This act shall have no effect on the pending litigation brought by the City of Willits regarding the lack of a comprehensive land use plan for the Willits Municipal Airport.
(c) The Legislature does not intend to further extend the deadlines in Sections 21671.5 and 21675.1 of the Public Utilities Code for the County of Mendocino.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the commission in the County of Mendocino. The facts constituting the special circumstances are:

There are unique problems involved for the commission in preparing the comprehensive land use plans with sufficient resources and broad public involvement, taking into consideration such factors as the county's natural resources and lands of high scenic values.

CHAPTER 354

An act to amend Sections 871.5, 874, 875, 876, 878, 879, and 879.5 of, and to repeal and add Section 873 of, the Public Utilities Code, relating to telephones.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 871.5 of the Public Utilities Code is amended to read:

871.5. The Legislature finds and declares all of the following:

(a) The offering of high quality basic telephone service at affordable rates to the greatest number of citizens has been a longstanding goal of the state.

(b) The Moore Universal Telephone Service Act has been, and continues to be, an important means for achieving universal service by making basic residential telephone service affordable to low-income citizens through the creation of a lifeline class of service.

(c) Every means should be employed by the commission and telephone corporations operating within service areas which furnish lifeline telephone service to ensure that every person qualified to receive lifeline telephone service is informed of and is afforded the opportunity to subscribe to that service.

(d) The furnishing of lifeline telephone service is in the public interest and should be supported fairly and equitably by every telephone corporation, and the commission, in administering the lifeline telephone service program, should implement the program in a way that is equitable, nondiscriminatory, and without competitive consequences for the telecommunications industry in California.
SEC. 2. Section 873 of the Public Utilities Code is repealed.

SEC. 3. Section 873 is added to the Public Utilities Code, to read:
873. (a) The commission shall annually do all of the following:
(1) Designate a class of lifeline service necessary to meet minimum residential communications needs.
(2) Set the rates and charges for that service.
(3) Develop eligibility criteria for that service.
(4) Assess the degree of achievement of universal service, including telephone penetration rates by income, ethnicity, and geography.
This information shall be annually reported to the Legislature by the commission in a document which can be made public.
(b) Minimum residential communications needs includes, but is not limited to, the ability to originate and receive calls and the ability to access electronic information services.

SEC. 4. Section 874 of the Public Utilities Code is amended to read:
874. The lifeline telephone service rates and charges shall be as follows:
(a) In a residential subscriber’s service area where measured service is not available, the lifeline telephone service rates shall not be more than 50 percent of the rates for basic flat rate service, exclusive of federally mandated end user access charges, available to the residential subscriber.
(b) In a residential subscriber’s service area where measured service is available, the subscriber may elect either of the following:
(1) A lifeline telephone service measured rate of not more than 50 percent of the basic rate for measured service, exclusive of federally mandated end user access charges, available to the residential subscriber.
(2) A lifeline flat rate of not more than 50 percent of the rates for basic flat rate service, exclusive of federally mandated end user access charges, available to the residential subscriber.
(c) The lifeline telephone service installation or connection charge, or both, shall not be more than 50 percent of the charge for basic residential service installation or connection, or both. The commission may limit the number of installation and connection charges, or both, that may be incurred at the reduced rate in any given period.
(d) There shall be no charge to the residential customer who has filed a valid eligibility statement for changing out of lifeline service.
(e) The commission shall assess whether there is a problem with customers who fraudulently obtain lifeline telephone service. If the commission determines that there is a problem, it shall recommend and promulgate appropriate solutions. The results of this assessment and the solutions determined by the commission shall be reported to the Legislature on or before December 31, 1993. This assessment and the solutions determined by the commission shall not, in and of themselves, change the procedures developed pursuant to Section
SEC. 5. Section 875 of the Public Utilities Code is amended to read:

875. (a) In addition to Section 874, every lifeline telephone service subscriber shall be given an allowance, reduced by the amount of any credit or allowance authorized by the Federal Communications Commission, equal to the then current or announced federally mandated residential end user access charges.

(b) The commission may, in a separate proceeding, establish procedures necessary to ensure that the lifeline telephone service program qualifies for any federal funds available for the support of those programs.

SEC. 6. Section 876 of the Public Utilities Code is amended to read:

876. The commission shall require every telephone corporation providing telephone service within a service area to file a schedule of rates and charges providing a class of lifeline telephone service. Every telephone corporation providing service within a service area shall inform all eligible subscribers of the availability of lifeline telephone service, and how they may qualify for and obtain service, and shall accept applications for lifeline telephone service according to procedures specified by the commission.

SEC. 7. Section 878 of the Public Utilities Code is amended to read:

878. A lifeline telephone service subscriber shall be provided with one single party line at his or her principal place of residence, and no other member of that subscriber's family or household who maintains residence at that place is eligible for lifeline telephone service.

An applicant for lifeline telephone service may report only one address in this state as the principal place of residence.

SEC. 8. Section 879 of the Public Utilities Code is amended to read:

879. (a) The commission shall, at least annually, initiate a proceeding to set rates for lifeline telephone service. All telephone corporations providing lifeline telephone service shall annually file, on a date set by the commission, proposed lifeline telephone service rates and a statement of projected revenue needs to meet the funding requirements to provide lifeline telephone service to qualified subscribers, together with proposed funding methods to provide the necessary funding. These funding methods shall include identification of those services whose rates shall be adjusted to provide the necessary funding.

(b) The commission shall commence a proceeding within 30 days after the date set for the filings required in subdivision (a), giving interested parties an opportunity to comment on the proposed rates and funding requirements and the proposed funding methods. The commission may change the rates, funding requirements, and funding methods proposed by the telephone corporations in any
manner necessary, including reasonably spreading the funding among the services offered by the telephone corporations, to meet the public interest. Within 60 days of the annual filing, the commission shall issue an order setting lifeline telephone service rates and funding methods for each telephone corporation making a filing as required in subdivision (a). The commission may establish a lifeline service pool composed of the rate adjustments and surcharges imposed by the commission pursuant to this section for the purpose of funding lifeline telephone service.

(c) Any order issued by the commission pursuant to this section shall require telephone corporations providing lifeline telephone service to apply the funding requirement in the form of a surcharge to service rates which may be separately identified on the bills of customers using those services. The commission shall not allow any surcharge under this section on the rates charged by those telephone corporations for lifeline telephone service.

(d) The commission shall permit telephone corporations operating between service areas to adjust the rates of any service which may be affected by any surcharge imposed by this section.

SEC. 9. Section 879.5 of the Public Utilities Code is amended to read:

879.5. Notwithstanding Section 879, the commission shall issue its initial order adopting required rates and funding requirements not later than October 31, 1987, and prior to the issuance of that order, may fund lifeline telephone service through the use of an interim surcharge on service rates for telephone service provided by telephone corporations operating between service areas. The interim surcharge shall not exceed 4 percent of the service rates.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
CHAPTER 355

An act to amend Sections 2580, 3602, and 3611 of, and to add Sections 3604 and 3605 to, the Probate Code, relating to trusts.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 2580 of the Probate Code is amended to read:

2580. (a) The conservator or other interested person may file a petition under this article for an order of the court authorizing or requiring the conservator to take a proposed action for any one or more of the following purposes:

1. Benefiting the conservatee or the estate.
2. Minimizing current or prospective taxes or expenses of administration of the conservatorship estate or of the estate upon the death of the conservatee.
3. Providing gifts for any purposes, and to any charities, relatives (including the other spouse), friends, or other objects of bounty, as would be likely beneficiaries of gifts from the conservatee.

(b) The action proposed in the petition may include, but is not limited to, the following:

1. Making gifts of principal or income, or both, of the estate, outright or in trust.
2. Conveying or releasing the conservatee’s contingent and expectant interests in property, including marital property rights and any right of survivorship incident to joint tenancy or tenancy by the entirety.
3. Exercising or releasing the conservatee’s powers as donee of a power of appointment.
4. Entering into contracts.
5. Creating for the benefit of the conservatee or others, revocable or irrevocable trusts of the property of the estate, which trusts may extend beyond the conservatee’s disability or life. A special needs trust for money paid pursuant to a compromise or judgment for a conservatee may be established only under Chapter 4 (commencing with Section 3600) of Part 8, and not under this article.
6. Exercising options of the conservatee to purchase or exchange securities or other property.
7. Exercising the rights of the conservatee to elect benefit or payment options, to terminate, to change beneficiaries or ownership, to assign rights, to borrow, or to receive cash value in return for a surrender of rights under any of the following:
   (i) Life insurance policies, plans, or benefits.
   (ii) Annuity policies, plans, or benefits.
(iii) Mutual fund and other dividend investment plans.
(iv) Retirement, profit sharing, and employee welfare plans and benefits.

(8) Exercising the right of the conservatee to elect to take under or against a will.

(9) Exercising the right of the conservatee to disclaim any interest that may be disclaimed under Part 8 (commencing with Section 260) of Division 2.

(10) Exercising the right of the conservatee (i) to revoke a revocable trust or (ii) to surrender the right to revoke a revocable trust, but the court shall not authorize or require the conservator to exercise the right to revoke a revocable trust if the instrument governing the trust (i) evidences an intent to reserve the right of revocation exclusively to the conservatee, (ii) provides expressly that a conservator may not revoke the trust, or (iii) otherwise evidences an intent that would be inconsistent with authorizing or requiring the conservator to exercise the right to revoke the trust.

(11) Making an election referred to in Section 13502 or an election and agreement referred to in Section 13503.

SEC. 2. Section 3602 of the Probate Code is amended to read:

3602. (a) If there is no guardianship of the estate of the minor or conservatorship of the estate of the incompetent person, the remaining balance of the money and other property (after payment of all expenses, costs, and fees as approved and allowed by the court under Section 3601) shall be paid, delivered, deposited, or invested as provided in Article 2 (commencing with Section 3610).

(b) Except as provided in subdivisions (c) and (d), if there is a guardianship of the estate of the minor or conservatorship of the estate of the incompetent person, the remaining balance of the money and other property (after payment of all expenses, costs, and fees as approved and allowed by the court under Section 3601) shall be paid or delivered to the guardian or conservator of the estate. Upon application of the guardian or conservator, the court making the order or giving the judgment referred to in Section 3600 or the court in which the guardianship or conservatorship proceeding is pending may, with or without notice, make an order that all or part of the money paid or to be paid to the guardian or conservator under this subdivision be deposited or invested as provided in Section 2456.

(c) Upon ex parte petition of the guardian or conservator or upon petition of any person interested in the guardianship or conservatorship estate, the court making the order or giving the judgment referred to in Section 3600 may for good cause shown order either or both of the following:

(1) That all or part of the remaining balance of money not become a part of the guardianship or conservatorship estate and instead be deposited in an insured account in a financial institution in this state, or in a single-premium deferred annuity, subject to withdrawal only upon authorization of the court.

(2) If there is a guardianship of the estate of the minor, that all or
part of the remaining balance of money and other property not become a part of the guardianship estate and instead be transferred to a custodian for the benefit of the minor under the California Uniform Transfers to Minors Act, Part 9 (commencing with Section 3900).

(d) Upon petition of the guardian, conservator, or any person interested in the guardianship or conservatorship estate, the court making the order or giving the judgment referred to in Section 3600 may order that all or part of the remaining balance of money not become a part of the guardianship or conservatorship estate and instead be paid to a special needs trust established under Section 3604 for the benefit of the minor or incompetent person.

(e) If the petition is by a person other than the guardian or conservator, notice of hearing on a petition under subdivision (c) shall be given for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1.

(f) Notice of the time and place of hearing on a petition under subdivision (d), and a copy of the petition, shall be mailed to the State Director of Health Services, the Director of Mental Health, and the Director of Developmental Services at the office of each director in Sacramento at least 15 days before the hearing.

SEC. 3. Section 3604 is added to the Probate Code, to read:

3604. (a) If a court makes an order under Section 3602 or 3611 that money of a minor or incompetent person be paid to a special needs trust, the terms of the trust shall be reviewed and approved by the court and shall satisfy the requirements of this section. The trust is subject to continuing jurisdiction of the court, and is subject to court supervision to the extent determined by the court. The court may transfer jurisdiction to the court in the proper county for commencement of a proceeding as determined under Section 17005.

(b) A special needs trust may be established and continued under this section only if the court determines all of the following:

(1) That the minor or incompetent person has a disability that substantially impairs the individual's ability to provide for the individual's own care or custody and constitutes a substantial handicap.

(2) That the minor or incompetent person is likely to have special needs that will not be met without the trust.

(3) That money to be paid to the trust does not exceed the amount that appears reasonably necessary to meet the special needs of the minor or incompetent person.

(c) If at any time it appears (1) that any of the requirements of subdivision (b) are not satisfied or the trustee refuses without good cause to make payments from the trust for the special needs of the beneficiary, and (2) that the State Department of Health Services, the State Department of Mental Health, the State Department of Developmental Services, or a county or city and county in this state has a claim against trust property, that department, county, or city and county may petition the court for an order terminating the trust.
(d) A court order under Section 3602 or 3611 for payment of money to a special needs trust shall include a provision that all statutory liens in favor of the State Department of Health Services, the State Department of Mental Health, the State Department of Developmental Services, and any county or city and county in this state shall first be satisfied.

SEC. 4. Section 3605 is added to the Probate Code, to read:

3605. (a) This section applies only to a special needs trust established under Section 3604 on or after January 1, 1993.

(b) While the special needs trust is in existence, the statute of limitations otherwise applicable to claims of the State Department of Health Services, the State Department of Mental Health, the State Department of Developmental Services, and any county or city and county in this state is tolled. Notwithstanding any provision in the trust instrument, at the death of the special needs trust beneficiary or on termination of the trust, the trust property is subject to claims of the State Department of Health Services, the State Department of Mental Health, the State Department of Developmental Services, and any county or city and county in this state to the extent authorized by law as if the trust property is owned by the beneficiary or is part of the beneficiary’s estate.

(c) At the death of the special needs trust beneficiary or on termination of the trust, the trustee shall give notice of the beneficiary’s death or the trust termination, in the manner provided in Section 1215, to all of the following:

1. The State Department of Health Services, the State Department of Mental Health, and the State Department of Developmental Services, addressed to the director of that department at the Sacramento office of the director.

2. Any county or city and county in this state that has made a written request to the trustee for notice, addressed to that county or city and county at the address specified in the request.

(d) Failure to give the notice required by subdivision (c) prevents the running of the statute of limitations against the claim of the department, county, or city and county not given the notice.

(e) The department, county, or city and county has four months after notice is given in which to make a claim with the trustee. If the trustee rejects the claim, the department, county, or city and county making the claim may petition the court for an order under Chapter 3 (commencing with Section 17200) of Part 5 of Division 9, directing the trustee to pay the claim. A claim made under this subdivision shall be paid as a preferred claim prior to any other distribution. If trust property is insufficient to pay all claims under this subdivision, the trustee shall petition the court for instructions and the claims shall be paid from trust property as the court deems just.

(f) If trust property is distributed before expiration of four months after notice is given without payment of the claim, the department, county, or city and county has a claim against the distributees to the full extent of the claim, or each distributee’s share of trust property,
whichever is less. The claim against distributees includes interest at a rate equal to that earned in the Pooled Money Investment Account, Article 4.5 (commencing with Section 16480) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code, from the date of distribution or the date of filing the claim, whichever is later, plus other accruing costs as in the case of enforcement of a money judgment.

SEC. 5. Section 3611 of the Probate Code is amended to read:

3611. In any case described in Section 3610, the court making the order or giving the judgment referred to in Section 3600 shall order any one or more of the following:

(a) That a guardian of the estate or conservator of the estate be appointed and that the remaining balance of the money and other property be paid or delivered to the person so appointed.

(b) That the remaining balance of any money paid or to be paid be deposited with the county treasurer, provided that (1) the county treasurer has been authorized by the county board of supervisors to handle the deposits, (2) the county treasurer shall receive and safely keep all money deposited with the county treasurer pursuant to this subdivision, shall pay the money out only upon the order of the court, and shall credit each estate with the interest earned by the funds deposited less the county treasurer's actual cost authorized to be recovered under Section 27013 of the Government Code, (3) the county treasurer and sureties on the official bond of the county treasurer are responsible for the safekeeping and payment of the money, (4) the county treasurer shall ensure that the money deposited is to earn interest or dividends, or both, at the highest rate which the county can reasonably obtain as a prudent investor, and (5) funds so deposited with the county treasurer shall only be invested or deposited in compliance with the provisions governing the investment or deposit of state funds set forth in Chapter 5 (commencing with Section 16640) of Part 2 of Division 4 of Title 2 of the Government Code, the investment or deposit of county funds set forth in Chapter 4 (commencing with Section 53600) of Part 1 of Division 2 of Title 5 of the Government Code, or as authorized under Chapter 6 (commencing with Section 2400) of Part 4 of this code; or in an insured account in a financial institution in this state, or in a single-premium deferred annuity, subject to withdrawal only upon the authorization of the court, and that the remaining balance of any other property delivered or to be delivered be held on such conditions as the court determines to be in the best interest of the minor or incompetent person.

(c) That the remaining balance of any money be paid to a special needs trust established under Section 3604 for the benefit of the minor or incompetent person.

(d) If the remaining balance of the money and other property to be paid or delivered does not exceed twenty thousand dollars ($20,000) in value, that all or any part of the money and other property be held on such other conditions as the court in its
discretion determines to be in the best interest of the minor or incompetent person.

(e) If the remaining balance of the money and other property to be paid or delivered does not exceed five thousand dollars ($5,000) in value and is to be paid or delivered for the benefit of a minor, that all or any part of the money and the other property be paid or delivered to a parent of the minor, without bond, upon the terms and under the conditions specified in Article 1 (commencing with Section 3400) of Chapter 2.

(f) If the remaining balance of the money or other property to be paid or delivered is to be paid or delivered for the benefit of the minor, that all or any part of the money and other property be transferred to a custodian for the benefit of the minor under the California Uniform Transfers to Minors Act, Part 9 (commencing with Section 3900).

CHAPTER 356

An act to amend Sections 4370.5, 4800.10, 4800.11, and 5127 of, and to add Sections 4372 and 4373 to, the Civil Code, relating to family law.

[Approved by Governor July 24, 1992. Filed with Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 4370.5 of the Civil Code is amended to read:

4370.5. (a) The court may make an award of attorneys' fees and costs under this chapter where the making of the award, and the amount of the award, is just and reasonable under the relative circumstances of the respective parties.

(b) In determining what is just and reasonable under the relative circumstances, the court shall take into consideration the need for the award to enable each party, to the extent practical, to have sufficient financial resources to adequately present his or her case, taking into consideration to the extent relevant the circumstances of the respective parties described in subdivision (a) of Section 4801. The fact that the party requesting an award of attorneys' fees and costs has the resources from which he or she could pay his or her own attorneys' fees and costs is not itself a bar to an order that the other party pay part, or all of the fees and costs requested. Financial resources are only one factor for the court to consider in determining how to apportion the overall cost of the litigation equitably between the parties under their relative circumstances.

(c) The court may order payment of an award from any type of property, whether community or separate, principal or income.

(d) Either party may, at any time prior to the hearing of the cause
on the merits, upon noticed motion, request the court to make a finding that the case involves complex or substantial issues of fact or law related to property rights, visitation, custody, or support. Upon that finding, the court may in its discretion direct the implementation of a case management plan for the purpose of allocating attorney's fees, court costs, expert fees, and consultant fees equitably between the parties. The case management plan shall focus on specific, designated issues. The plan may provide for the allocation of separate or community assets, security against these assets, and for payments from income or anticipated income of either party for the purpose described in this subdivision and for the benefit of one or both parties. Payments shall be authorized only upon agreement of the parties or, in the absence thereof, by court order. The court may order that a referee be appointed pursuant to Section 639 of the Code of Civil Procedure to oversee the case management plan.

SEC. 2. Section 4372 is added to the Civil Code, to read:

4372. (a) Either party may encumber his or her interest in community real property to pay reasonable attorney's fees in order to retain or maintain legal counsel in an action under this part. This encumbrance shall be known as a "family law attorney's real property lien" and shall attach only to the encumbering party's interest in the community real property.

(b) Notice of a family law attorney's real property lien shall be served either personally or upon the other party's attorney of record at least 15 days before the encumbrance is recorded. This notice shall contain a declaration signed under penalty of perjury containing the following:

(1) A full description of the real property.
(2) The party's belief as to the fair market value of the property and documentation supporting that belief.
(3) Encumbrances on the property as of the date of the declaration.
(4) A list of community assets and liabilities and their estimated values as of the date of the declaration.
(5) The amount of the family law attorney's real property lien.
(c) The nonencumbering party may file an ex parte objection to the family law attorney's real property lien. The objection shall include a request to stay the recordation until further notice of the court and shall contain a copy of the notice received. It shall also include a declaration signed under penalty of perjury as to the following:

(1) Specific objections to the family law attorney's real property lien and to the specific items in the notice.
(2) The objector's belief as to the appropriate items or value and any documentation supporting that belief.
(3) A declaration specifically stating why recordation of the encumbrance at this time would likely result in an unequal division of property or would otherwise be unjust under the circumstances.
of the case.

(d) Except as otherwise provided by this section, existing procedural rules regarding ex parte motions shall apply.

(e) An attorney for whom a family law attorney's real property lien is obtained shall comply with Rule 3-300 of the Rules of Professional Conduct of the State Bar of California.

SEC. 3. Section 4373 is added to the Civil Code, to read:

4373. (a) Upon application of either party, the court may deny the family law attorney's real property lien described in Section 4372 based upon a finding that the encumbrance would likely result in an unequal division of property because it would impair the encumbering party's ability to meet his or her fair share of the community obligations or would otherwise be unjust under the circumstances of the case. The court may also for good cause limit the amount of the family law attorney's real property lien. A limitation by the court is not to be construed as a determination of reasonable attorney's fees.

(b) Upon receiving an objection to the establishment of a family law attorney's real property lien, the court may on its own motion determine whether the case involves complex or substantial issues of fact or law related to property rights, visitation, custody, or support. If the court finds that the case involves one or more of these complex or substantial issues, the court may direct the implementation of a case management plan as provided in subdivision (d) of Section 4370.5.

(c) The court has jurisdiction to resolve any dispute arising from the existence of a family law attorney's real property lien.

SEC. 4. Section 4800.10 of the Civil Code, as added by Section 1 of Chapter 37 of the Statutes of 1992, is amended to read:

4800.10. (a) The Legislature finds and declares as follows:

It is the policy of the State of California (1) to marshal, preserve, and protect community and quasi-community assets and liabilities that exist at the date of separation so as to avoid dissipation of the community estate prior to distribution, (2) to ensure fair and sufficient child and spousal support awards, and (3) to achieve a division of community and quasi-community assets and liabilities upon the dissolution of marriage as provided for under California law.

Sound public policy further favors the reduction of the adversarial nature of marital dissolution and the attendant costs by fostering full disclosure and cooperative discovery.

In order to promote this public policy, a full and accurate disclosure of all assets and liabilities in which one or both parties have or may have an interest must be made in the early stages of the dissolution of marriage action, regardless of the characterization as community or separate, together with a disclosure of all income and expenses of the parties. Moreover, each party has a continuing duty to update and augment that disclosure so that at the time the parties enter into an agreement for the resolution of any of these issues, or
at the time of trial on these issues, each party will have as full and
complete knowledge of the relevant underlying facts as is reasonably
possible under the circumstances of the case.

(b) From the date of separation to the date of the distribution of
the community asset or liability in question, each party shall be
subject to the standards set forth in Section 5103, as to all activities
that affect the property rights of the other party, including, but not
limited to, the following activities:

(1) The accurate and complete disclosure of all assets and
liabilities in which the party has or may have an interest or obligation
and all current earnings, accumulations, and expenses.

(2) The accurate and complete written disclosure of any
investment opportunity that presents itself after the date of
separation, but which results directly from any activity, involvement,
or investment of either spouse from the date of marriage to the date
of separation, inclusive. The written disclosure shall be made in
sufficient time for the other spouse to make an informed decision as
to whether he or she desires to participate in the investment
opportunity.

In the event of nondisclosure of such an investment opportunity,
the division of any gain resulting from that investment opportunity
shall be governed by the standard set forth in Section 4353.

(3) The operation or management of a business or an interest in
a business in which the community may have an interest.

(c) In order to provide full and accurate disclosure of all assets and
liabilities in which one or both parties may have an interest, each
party to the dissolution action shall serve upon the other a
preliminary declaration of disclosure and a final declaration of
disclosure.

1. (A) Except by court order upon good cause or by stipulation
of the parties, within 60 days of service of the petition for dissolution
of marriage, each party shall serve upon the other a preliminary
declaration of disclosure, executed under penalty of perjury upon a
form prescribed by the Judicial Council. The commission of perjury
on the preliminary declaration of disclosure may be grounds for
setting aside the judgment, or any part or parts thereof, pursuant to
Section 4800.11, in addition to any and all other remedies, civil or
criminal, that otherwise are available under existing law for the
commission of perjury. The preliminary declaration of disclosure
shall not be filed with the court, except upon court order. The parties
may agree in writing to accelerate or delay the time in which to
exchange the preliminary declaration of disclosure.

(B) The preliminary declaration of disclosure shall set forth with
sufficient particularity which a person of reasonable and ordinary
intelligence can ascertain, the identity of all assets in which the
declarant has or may have an interest and all liabilities for which the
declarant is or may be liable, regardless of the characterization of the
asset or liability as community, quasi-community, or separate. The
declarant shall set forth his or her percentage of ownership in each
asset and percentage of obligation for each liability where property is not solely owned by one or both of the parties to the dissolution action and may set forth his or her characterization of each asset or liability. Along with the preliminary declaration of disclosure, each party shall provide the other with a completed income and expense declaration unless an income and expense declaration has already been provided and is current and valid. A party shall be permitted to amend his or her preliminary declaration of disclosure without leave of the court.

(2) Prior to the time the parties enter into an agreement for the resolution of property or support issues other than pendente lite support, or, in the event the case goes to trial, no later than 30 days before the first trial date is assigned, each party shall file and serve upon the other a final declaration of disclosure and a current income and expense declaration, executed under penalty of perjury upon a form prescribed by the Judicial Council. The commission of perjury on the final declaration of disclosure may be grounds for setting aside the judgment, or any part or parts thereof, pursuant to Section 4800.11, in addition to any and all other remedies, civil or criminal, that otherwise are available under existing law for the commission of perjury. Unless it has already been filed pursuant to the foregoing, the final declaration of disclosure shall be filed with the court at the time of the filing of the judgment. All of the following information shall be included in the final declaration of disclosure:

(A) All material facts and information regarding the characterization of all assets and liabilities.

(B) All material facts and information regarding the valuation of all assets which are contended to be community or in which it is contended the community has an interest.

(C) All material facts and information regarding the amounts of all obligations which are contended to be community obligations or in which it is contended the community has liability.

(D) All material facts and information regarding the earnings, accumulations, and expenses of each party which have been set forth in the income and expense declaration. An updated income and expense declaration shall be served and filed at this time unless a current income and expense declaration is on file.

(d) No agreement shall be enforceable, and no judgment shall be entered, with respect to the parties’ property rights without each party having executed and filed with the court a copy of the final declaration of disclosure, unless the court finds that denial of entry of judgment would unfairly prejudice a party who has complied with the disclosure requirements of this section and who has requested entry of judgment, or the court otherwise finds that the interests of justice would not be served if judgment were not entered.

(e) In the event that one party fails to exchange and serve upon the other party either a preliminary or a final declaration of disclosure pursuant to this section, or fails to provide the information in the respective declaration of disclosure with sufficient
particularity, and if the other party has served the respective declaration of disclosure on the noncomplying party, the complying party shall, within a reasonable time, request preparation of the appropriate declaration of disclosure or further particularity. In the event the noncomplying party fails to comply, the complying party may do either or both of the following:

(1) File a motion to compel a further response.
(2) File a motion for an order preventing the noncomplying party from presenting evidence on issues that should have been covered in the declaration of disclosure.

(f) In the event of a party's failure to comply with any provision of this section the court shall, in addition to any other remedy provided by law, order the noncomplying party to pay to the complying party any and all reasonable attorney's fees, expert fees, and any other costs incurred as a result of the failure to comply with any provision of this section.

(g) At any time during the proceedings, the court has the authority, upon application of a party and upon good cause, to order the liquidation of community or quasi-community assets so as to avoid unreasonable market or investment risks, given the relative nature, scope, and extent of the community estate. However, in no event shall the court grant the application unless, as provided in this section, the appropriate declaration of disclosure has been served by the moving party.

(h) Unless the context otherwise requires, the following definitions apply to this section:

(1) "Asset" includes, but is not limited to, any real or personal property of any nature, whether tangible or intangible.
(2) "Liability" includes, but is not limited to, any debt or obligation, whether currently existing or contingent.
(3) "Earnings and accumulations" includes, but is not limited to, wages, salary, net rents, issues, profits, and business perquisites.
(4) "Expenses" includes, but is not limited to, all personal living expenses, but shall not include business related expenses.

(i) This section shall be applicable to any proceeding commenced on or after January 1, 1993.

SEC. 5. Section 4800.11 of the Civil Code, as added by Section 1 of Chapter 36 of the Statutes of 1992, is amended to read:

4800.11. (a) The Legislature finds and declares as follows:

(1) The State of California has a strong policy of ensuring the division of community and quasi-community property in the dissolution of a marriage as set forth in Section 4800, and of providing for fair and sufficient child and spousal support awards. These policy goals can only be implemented with full disclosure of community, quasi-community, and separate assets, liabilities, income and expenses, as provided for in Section 4800.10, and decisions freely and knowingly made.

(2) It occasionally happens that the division of property or the award of support, whether made as a result of agreement or trial, are
inequitable when made due to the nondisclosure or other misconduct of one of the parties.

(3) The public policy of assuring finality of judgments must be balanced against the public interest in ensuring proper division of marital property, in ensuring sufficient support awards, and in deterring misconduct.

(4) The law governing the circumstances under which a judgment can be set aside, after the time for relief under Section 473 of the Code of Civil Procedure has passed, has been the subject of considerable confusion which has led to increased litigation and unpredictable and inconsistent decisions at the trial and appellate levels.

(b) In actions under the Family Law Act, the court may, upon such terms as may be just, relieve a spouse from a judgment, or any part or parts thereof, adjudicating support or division of property, after the six-month time limit of Section 473 of the Code of Civil Procedure has run, based upon the grounds, and within the time limits, set forth in this section.

(c) In all proceedings under this section, before granting relief, the court shall find that the facts alleged as the grounds for relief materially affected the original outcome and that the moving party would materially benefit from the granting of the relief.

(d) The grounds and time limits for a motion to set aside a judgment, or any part or parts thereof, shall be governed by this section and shall be one of the following:

(1) Actual fraud where the defrauded party was kept in ignorance or in some other manner, other than his or her own lack of care or attention, was fraudulently prevented from fully participating in the proceeding. Motions based upon fraud shall be brought within one year of the date on which the complaining party either did discover, or should have discovered, the fraud.

(2) Perjury in the declarations of disclosures required under Section 4800.10. Motions based upon perjury shall be brought within one year of the date on which the complaining party either did discover, or should have discovered, the perjury.

(3) Duress. Motions based upon duress shall be brought within two years from the date of entry of judgment.

(4) Mental incapacity. Motions based upon mental incapacity shall be brought within two years from the date of entry of judgment.

(5) As to stipulated or uncontested judgments or that part of a judgment stipulated to by the parties, mistake, either mutual or unilateral, whether mistake of law or mistake of fact. Motions based upon mistake shall be brought within one year of the date of entry of judgment.

(e) Notwithstanding any other provision of this section, or any other law, a judgment may not be set aside simply because the court finds that it was inequitable when made, nor simply because subsequent circumstances caused the division of assets or liabilities to become inequitable, or the support to become inadequate.
(f) The negligence of an attorney shall not be imputed to a client to bar an order setting aside a judgment, unless the court finds that the client knew or should have known, of the attorney’s negligence and unreasonably failed to protect himself or herself.

(g) When ruling on a motion to set aside a judgment, the court shall set aside only those provisions materially affected by the circumstances leading to the court’s decision to grant relief. However, the court shall have the discretion to set aside the entire judgment, if necessary, for equitable considerations.

(h) As to assets or liabilities for which a judgment or part of a judgment is set aside, the date of valuation shall be subject to equitable considerations. The court shall equally divide the asset or liability, unless the court finds upon good cause shown that the interests of justice require an unequal division.

(i) As to motions filed under this section, if a timely request is made, the court shall render a statement of decision where the court has resolved controverted factual evidence.

(j) Nothing in this section prohibits a party from seeking relief under Section 4353.

(k) Nothing in this section changes existing law with respect to contract remedies where the contract has not been merged or incorporated into a judgment.

(l) Nothing in this section is intended to restrict a family law court from acting as a court of equity.

(m) Nothing in this section is intended to limit existing law with respect to the modification or enforcement of support orders.

(n) Nothing in this section shall affect the rights of a bona fide lessee, purchaser, or encumbrancer for value of real property.

(o) This section shall be applicable to judgments entered on or after January 1, 1993.

SEC. 6. Section 5127 of the Civil Code is amended to read:

5127. Except as provided in Sections 5110.150 and 5128, either spouse has the management and control of the community real property, whether acquired prior to or on or after January 1, 1975, but both spouses either personally or by duly authorized agent, must join in executing any instrument by which such community real property or any interest therein is leased for a longer period than one year, or is sold, conveyed, or encumbered; provided, however, that nothing herein contained shall be construed to apply to a lease, mortgage, conveyance, or transfer of real property or of any interest in real property between husband and wife; provided, also, however, that the sole lease, contract, mortgage or deed of the husband, holding the record title to community real property, to a lessee, purchaser, or encumbrancer, in good faith without knowledge of the marriage relation, shall be presumed to be valid if executed prior to January 1, 1975, and that the sole lease, contract, mortgage, or deed of either spouse, holding the record title to community real property to a lessee, purchaser, or encumbrancer, in good faith without knowledge of the marriage relation, shall be presumed to be valid if
executed on or after January 1, 1975. No action to avoid any instrument mentioned in this section, affecting any property standing of record in the name of either spouse alone, executed by the spouse alone, shall be commenced after the expiration of one year from the filing for record of that instrument in the recorder's office in the county in which the land is situate, and no action to avoid any instrument mentioned in this section, affecting any property standing of record in the name of the husband alone, which was executed by the husband alone and filed for record prior to the time this act takes effect, in the recorder's office in the county in which the land is situate, shall be commenced after the expiration of one year from the date on which this act takes effect.

Nothing in this section shall preclude either spouse from encumbering his or her interest in community real property as provided in Section 4372, to pay reasonable attorney's fees in order to retain or maintain legal counsel in an action under this part.

(b) (1) A fee of three dollars ($3) shall be paid by a public agency or licensed private adoption agency applicant for a certified copy of a birth certificate that the agency is required to obtain in the ordinary course of business. A fee of seven dollars ($7) shall be paid by any other applicant for a certified copy of a birth certificate. Four dollars ($4) of any seven-dollar ($7) fee is exempt from subdivision (e) and shall be paid to either a county children’s trust fund or to the State Children’s Trust Fund, in conformity with Article 5 (commencing with Section 18965) of Chapter 11 of Part 6 of Division 9 of the Welfare and Institutions Code.

(2) (A) As a pilot project, Contra Costa, Los Angeles, Orange, Sacramento, San Diego, Santa Clara, and Tulare Counties may increase the fee for a certified copy of a birth certificate by up to three dollars ($3), through December 31, 1996, for the purpose of providing dependency mediation services in the juvenile court. Public agencies shall be exempt from paying this portion of the fee. However, if a county increases this fee, neither the revenue generated from the fee increase nor the increased expenditures made for these services shall be considered in determining the court’s progress towards achieving its cost reduction goals pursuant to Section 68113 of the Government Code if the net effect of the revenue and expenditures is a cost increase. In each county participating in the pilot project up to 5 percent of the revenue generated from the fee increase may be apportioned to the county recorder for the additional accounting costs of the program.

(B) On or before December 31, 1995, each participating county
shall submit an independent study of the project to the Legislature. The study shall consider the effectiveness of mediation, the cost-avoidance realized, what model of juvenile court mediation should be promoted statewide, and at what point mediation is most effective.

(C) The presiding judge of the superior court of each participating county shall designate a person who will facilitate access to case files and any other data necessary for the independent study.

(D) Variables to be evaluated and measured to indicate the success of the pilot projects shall include, but not be limited to:

(i) At least 75 percent of all participants should be satisfied or very satisfied with the dependency mediation process.

(ii) The range of creative solutions for resolution of the families' problems within the development of the court ordered plan shall increase by 10 percent.

(iii) At least 70 percent of matters coming before the court should be settled in less time using dependency mediation than if adjudicated.

(iv) Dependency mediation shall result in a 25 percent reduction in foster care placements.

(c) A fee of three dollars ($3) shall be paid by a public agency applicant for a certified copy of a marriage record, that has been filed with the county recorder or county clerk, that the agency is required to obtain in the ordinary course of business. A fee of six dollars ($6) shall be paid by any other applicant for a certified copy of a marriage record that has been filed with the county recorder or county clerk. Three dollars ($3) of any six-dollar ($6) fee is exempt from subdivision (e) and shall be transmitted monthly by each local registrar, county recorder, and county clerk to the state for deposit into the General Fund as provided by Section 5183 of the Civil Code.

(d) A fee of three dollars ($3) shall be paid by a public agency applicant for a certified copy of a marriage dissolution record obtained from the State Registrar that the agency is required to obtain in the ordinary course of business. A fee of six dollars ($6) shall be paid by any other applicant for a certified copy of a marriage dissolution record obtained from the State Registrar.

(e) Each local registrar, county recorder, or county clerk collecting a fee pursuant to this section shall transmit 15 percent of the fee for each certified copy to the State Registrar by the 10th day of the month following the month in which the fee was received.

(f) The additional three dollars ($3) authorized to be charged to applicants other than public agency applicants for certified copies of marriage records by subdivision (c) may be increased pursuant to Section 114.

SEC. 2. Section 350 of the Welfare and Institutions Code is amended to read:

350. (a) (1) The judge of the juvenile court shall control all proceedings during the hearings with a view to the expeditious and
effective ascertainment of the jurisdictional facts and the ascertainment of all information relative to the present condition and future welfare of the person upon whose behalf the petition is brought. Except where there is a contested issue of fact or law, the proceedings shall be conducted in an informal nonadversary atmosphere with a view to obtaining the maximum cooperation of the minor upon whose behalf the petition is brought and all persons interested in his or her welfare with any provisions that the court may make for the disposition and care of the minor.

(2) Each juvenile court in Contra Costa, Los Angeles, Orange, Sacramento, San Diego, Santa Clara, and Tulare Counties is encouraged to develop a dependency mediation program to provide a problem-solving forum for all interested persons to develop a plan in the best interests of the child, emphasizing family preservation and strengthening. The Legislature finds that mediation of these matters assists the court in resolving conflict, and helps the court to intervene in a constructive manner in those cases where court intervention is necessary. Notwithstanding any other provision of law, no person, except the mediator, who is required to report suspected child abuse pursuant to the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code), shall be exempted from those requirements under Section 1152.5 of the Evidence Code because he or she agreed to participate in a dependency mediation program established in one of these juvenile courts.

If a dependency mediation program has been established in one of these juvenile courts, and if mediation is requested by any person who the judge or referee deems to have a direct and legitimate interest in the particular case, or on the court's own motion, the matter may be set for confidential mediation to develop a plan in the best interests of the child, utilizing resources within the family first and within the community if required.

(b) The testimony of a minor may be taken in chambers and outside the presence of the minor's parent or parents, if the minor's parent or parents are represented by counsel, the counsel is present and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) At any hearing in which the probation department bears the
burden of proof, after the presentation of evidence on behalf of the
probation department has been closed, the court, on motion of the
minor, parent or guardian, or on its own motion, shall order whatever
action the law requires of it if the court, upon weighing the evidence
then before it, finds that the probation department has not met its
burden. That action includes, but is not limited to, the dismissal of
the petition and release of the minor at a jurisdictional hearing, the
return of the minor at an out-of-home review held prior to the
permanency planning hearing, or the termination of jurisdiction at
an in-home review. If the motion is not granted, the minor, parent,
or guardian may offer evidence without first having reserved that
right.

SEC. 3. This act is an urgency statute necessary for the
immediate preservation of the public peace, health, or safety within
the meaning of Article IV of the Constitution and shall go into
immediate effect. The facts constituting the necessity are:

In order to ensure that families involved in dependency
proceedings for child abuse may continue to take full advantage of
mediation services currently available, and that counties may
receive funding from the increased fee on birth certificates for the
payment of these mediation programs, it is necessary that this act
take effect immediately.

An act to amend Section 56842 of the Government Code, relating to local government reorganization, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1992. Filed with Secretary of State July 27, 1992]

The people of the State of California do enact as follows:

SECTION 1. Section 56842 of the Government Code is amended to read:

56842. (a) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section.

(b) The commission shall notify the county auditor of the proposal and the services which the new jurisdiction proposes to assume within the area, and identify for the auditor the existing service providers within the area subject to the proposal.

(c) If the proposal would not transfer all of an affected agency's service responsibilities to the proposed city or district, the commission and the county auditor shall do all of the following:

(1) The county auditor shall determine the proportion that the amount of property tax revenue derived by each affected local agency pursuant to subdivision (b) of Section 93 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by each affected local agency in the prior fiscal year. For purposes of making this determination and the determination required by paragraph (3), "total amount of revenue from all sources available for general purposes" means the total amount of revenue which an affected local agency may use on a discretionary basis for any purpose and does not include any of the following:

(A) Revenue which, by statute, is required to be used for a specific purpose.
(B) Revenue from fees, charges, or assessments which are levied to specifically offset the cost of particular services and do not exceed the cost reasonably borne in providing these services.

(C) Revenue received from the federal government which is required to be used for a specific purpose.

(2) The commission shall determine, based on information submitted by each affected local agency, an amount equal to the total net cost to each affected local agency during the prior fiscal year of providing those services which the new jurisdiction will assume within the area subject to the proposal. For purposes of this paragraph, "total net cost" means the total direct and indirect costs which were funded by general purpose revenues of the affected local agency and excludes any portion of the total cost which was funded by any revenues of that agency which are specified in subparagraphs (A), (B), and (C) of paragraph (1).

(3) The commission shall multiply the amount determined pursuant to paragraph (2) for each affected local agency by the corresponding proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by each affected local agency during the prior fiscal year within the area subject to the proposal. The county auditor shall adjust the amount described in the previous sentence by the annual tax increment according to the procedures set forth in Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code, to the fiscal year in which the new city or district receives its initial allocation of property taxes.

(4) For purposes of this subdivision, in any county in which, prior to the adoption of Article XIII A of the California Constitution, and continuing thereafter, a separate fund or funds were established consisting of revenues derived from the unincorporated area of the county and from which fund or funds services rendered in the unincorporated area have been paid, the amount of property tax revenues derived pursuant to paragraph (3), may, at the discretion of the commission, be transferred to the proposed city over a period not to exceed 12 fiscal years following its incorporation. In determining whether the transfer of the amount of property tax revenues determined pursuant to paragraph (3) shall occur entirely within the fiscal year immediately following the incorporation of the proposed city or shall be phased in over a period not to exceed 12 full fiscal years following the incorporation, the commission shall consider each of the following:

(A) The total amount of revenue from all sources available to the proposed city.

(B) The fiscal impact of the proposed transfer on the transferring agency.

(C) Any other relevant facts which interested parties to the exchange may present to the commission in written form.

The decision of the commission shall be supported by written findings setting forth the basis for its decision.
(d) If the proposal would transfer all of an affected agency’s service responsibilities to the proposed city or district, the commission shall request the auditor to determine the property tax revenue generated for the affected service providers by tax rate area, or portion thereof, and transmit that information to the commission.

(e) The executive officer shall notify the auditor of the amount determined pursuant to paragraph (3) of subdivision (c) or subdivision (d), as the case may be, and, where applicable, the period of time within which and the procedure by which the transfer of property tax revenues will be effected pursuant to paragraph (4) of subdivision (c), at the time the executive officer records a certificate of completion pursuant to Section 57203 for any proposal described in subdivision (a), and the auditor shall transfer that amount to the new jurisdiction.

(f) The amendments to this section enacted during the 1985–86 Regular Session of the Legislature shall apply to any proposal described in subdivision (a) for which a certificate of completion is recorded with the county recorder on or after January 1, 1987.

(g) For purposes of this section, “prior fiscal year” means the most recent fiscal year for which data on actual direct and indirect costs and revenues needed to perform the calculations required by this section are available preceding the fiscal year in which the commission approves by resolution the city’s proposal to incorporate or the district’s proposal to form.

(h) An action brought by a city or district to contest any determinations of the county auditor or the commission with regard to the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section shall be commenced within three years of the effective date of the city’s incorporation or the district’s formation. These actions may be brought by any city that incorporated or by any district that formed on or after January 1, 1986.

(i) This section applies to any city that incorporated or district that formed on or after January 1, 1986.

The insurer shall have access to and the right to copy all accounts and records related to its business in a form usable by the insurer and the commissioner shall have access to all books, bank accounts, and records of the MGA in a form usable to the commissioner. Those records shall be retained by the MGA, and shall be the joint property of the insurer and MGA.

(h) Where electronic claims files are in existence, the contract shall address the timely transmission of the data.
(i) If the contract provides for a sharing of interim profits by the MGA, and the MGA has the authority to determine the amount of the interim profits by establishing loss reserves or controlling claim payments, or in any other manner, interim profits will not be paid to the MGA until one year after they are earned for property insurance business and five years after they are earned on casualty business and not until the profits have been verified pursuant to Section 769.84.
(j) The MGA shall not do any of the following:

(4) Without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, which shall not exceed 1 percent of the insurer’s policyholder’s surplus as of December 31 of the last completed calendar year.

(5) Collect any payment from a reinsurer or commit the insurer to any claim settlement with a reinsurer, without prior approval of the insurer. If prior approval is given, a report shall be promptly forwarded to the insurer.

(e) The notice required by subdivision (d) may be printed on a
periodic billing statement or given separately.

(f) Subdivision (d) does not apply to a credit card as defined in

CHAPTER 367

An act to amend Section 19605.71 of the Business and Professions
Code, relating to horseracing, and declaring the urgency thereof, to
take effect immediately.

[Approved by Governor July 27, 1992 Filed with
Secretary of State July 27, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 19605.71 of the Business and Professions
Code is amended to read:

19605.71. The total percentage deducted from wagers at satellite
wagering facilities in the central and southern zone shall be the same
as the percentage deducted from wagers at the racetrack where the
racing meeting is being conducted and shall be distributed as set
forth in this section. Amounts deducted by a satellite wagering
facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount
handled by the satellite wagering facility on conventional wagers
and 4 percent on exotic wagers shall be distributed to the racing
association for payment to the state as a license fee, 2 percent
retained by the satellite wagering facility as a commission, 2.5
percent or the amount of actual operating expenses, as determined
by the board, whichever is less, distributed to an organization
described in Section 19608.2, and four-tenths of 1 percent deposited
with the official registering agency pursuant to subdivision (a) of
Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and one-tenth of 1 percent distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and one-tenth of 1 percent shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition, for thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Notwithstanding any other provision of law, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in the County of Orange or Los Angeles, or both, excluding the 50th District Agricultural Association, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities shall be one-half of 1 percent. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion
funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. To the extent that funds representing a percentage greater than one-half of 1 percent of funds wagered on thoroughbred races conducted in the Counties of Orange and Los Angeles have been distributed, prior to the effective date of the amendments made to this section during the 1992 portion of the 1991–92 Regular legislative Session, to an organization described in Section 19608.2 for promotion activities, but remain unused, those funds shall be redistributed, 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating the racing meeting. Additionally, thirty-three hundredths of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 424 of the Statutes of 1991 amended Section 19605.71 of the Business and Professions Code to (1) require that amounts handled by satellite wagering facilities on certain wagers at specified meetings be distributed to the racing association for payment to the state as license fees, and (2) reduce, for harness, quarter horse, Appaloosa, or Arabian meetings, the percentage of the amount handled by satellite wagering facilities on these wagers to be paid to the state as a license fee from 1 1/2 percent to 1 percent for conventional wagers and from 3 percent to 1 percent for exotic wagers.

Chapter 424 also amended Section 19605.71 to require that, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in either of those two counties, or both, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities be one-half of 1 percent.

Chapter 484 of the Statutes of 1991 also amended Section 19605.71. Chapter 484 included the changes described in (1) and (2), above, made by Chapter 424, but did not include the change with respect to the promotion of the satellite wagering program in the Counties of Orange and Los Angeles.

This bill would amend Section 19605.71 to include the latter change, and in order for this change to take effect as the Legislature intended at the earliest possible time, it is necessary that this act take effect immediately.
An act to amend Section 10494 of, and to add Sections 778.4 and 1730.6 to, the Insurance Code, relating to insurance.

The people of the State of California do enact as follows:

SECTION 1. Section 778.4 is added to the Insurance Code, to read:

778.4. (a) Every fire and casualty broker-agent shall, prior to arranging premium financing for any new or renewal policy of insurance specified in Section 660, do all of the following:

(1) Provide the applicant or prospective insured with any information that is required by the federal Truth in Lending Act (15 U.S.C. Sec. 1601 et seq.).

(2) Obtain the signature of the applicant or prospective insured on the following disclosure, which shall be in 10-point bold face type on a separate form or sheet of paper:

Some insurance companies and the California Automobile Assigned Risk Plan (CAARP) provide the opportunity to make payments on insurance premiums. Your agent or broker is required to disclose these options, if any are available for the insurance you are purchasing. If you choose to enter into a contract that provides for premium financing, your agent is required by law to make certain disclosures concerning interest, fees, or other charges. If your insurance has been financed by any person or business other than your insurance company, and your insurance is canceled for any reason, your loan may be subject to continued interest charges, or other charges that may result from delays by your insurance company in repaying the premium finance company. You should understand all of the charges associated with your financing plan. If you are uncertain about how the financing plan works, you should ask your insurance agent or broker.

(b) Every fire and casualty agent-broker shall comply with the requirements of the Consumer Contract Awareness Act of 1990 (Title 1.86 (commencing with Section 1799.200) of Part 4 of Division 3 of the Civil Code) to the extent that its provisions are applicable to any transaction subject to this section.

(c) If a transaction subject to subdivision (a) is conducted over the telephone, the fire and casualty broker-agent shall be deemed to have complied with the requirements of subdivision (a) if, within 72 hours after transacting the contract or agreement, the disclosure form and other information required by subdivision (a) is mailed to the applicant or insured at the address provided by the applicant or insured. Proof of mailing shall be established by the method described in Section 38.
SEC. 2. Section 1730.6 is added to the Insurance Code, to read: 1730.6. (a) Every fire and casualty broker-agent shall, prior to arranging premium financing or transacting any agreement for the periodic payment of premium for any new or renewal policy of insurance specified in Section 660, disclose to any applicant or prospective insured any options for premium financing or the periodic payment of premium from the insurer or, if applicable, the California Automobile Assigned Risk Plan, that are available for the insurance being purchased. This disclosure may be in the form of a written document. In the event the applicant or prospective insured elects to enter into an agreement for premium financing, the fire and casualty broker-agent shall comply with the requirements of Section 778.4.

(b) For purposes of this section and Section 778.4:
(1) "Periodic payment of premium" means the payment plan provided by the California Automobile Assigned Risk Plan, or a payment plan provided by the insurer that allows the total premium to be paid in more than one installment.
(2) "Arrange premium financing" means assisting an applicant or prospective insured to arrange for payment of the premium through a premium finance agreement as defined in Section 778.1.

SEC. 3. Section 10494 of the Insurance Code is amended to read: 10494. Such a benefit and relief association shall not provide for payment of a death benefit of more than two thousand dollars ($2,000) or for disability benefits of more than five hundred dollars ($500) to any one person in any one period of 12 consecutive months and shall not issue to its members a policy or benefit certificate or any other evidence of benefits except that found in the articles of the association or the bylaws thereof. However, a benefit and relief association described in paragraph (1) of subdivision (c) of Section 10493 may provide for a death benefit up to two thousand dollars ($2,000), disability benefits up to one thousand dollars ($1,000) or insurance protection for medical and hospital expenses up to one thousand five hundred dollars ($1,500), or any combination or all thereof.

(c) All amounts appropriated in subdivision (a) are for the purposes of meeting the funding guarantee for education programs pursuant to Section 8 of Article XVI of the California Constitution.

(d) If any of the scheduled amounts in subdivision (a) or (b) are insufficient to provide full reimbursement of costs, the Controller may, upon notifying the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein, except that unencumbered balances in any paragraph of subdivision (a) may be used to augment deficient amounts only in other paragraphs in that subdivision, and except that unencumbered balances in any paragraph of subdivision (b) may be used to augment deficient amounts only in other paragraphs of that subdivision. No order may be issued pursuant to this provision unless written notification of necessity is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 40424.5 of the Health and Safety Code is amended to read:

40424.5. Voting by the south coast district board on the adoption of all items on its agenda shall be by rollcall. Unless any board member objects, a substitute rollcall may be used on any agenda item. A substitute rollcall shall consist of a unanimous voice vote of the south coast district board members in attendance and shall be recorded by the clerk of the board as an "aye" vote for all members present. For purposes of this section, any consent calendar is a single item.

The inadvertent failure to mail notice to any particular person as provided in this subdivision shall not invalidate any action taken by the south coast district board.

(c) In addition to the summary description of the effect of the proposal, as required by subdivision (b) of Section 40725, the notice shall include the following:

1. A description of the air quality objective that the proposed rule or regulation is intended to achieve and the reason or reasons for the proposed rule or regulation.

(d) Regardless of whether a workshop was previously conducted on the subject of the proposed rule or regulation, the south coast district may conduct one or more supplemental workshops prior to the public hearing on the proposed rule or regulation.

(e) If the south coast district board makes changes in the text of the proposed rule or regulation that was the subject of notice given
pursuant to this section, further consideration of the rule or regulation shall be governed by Section 40726.

(d) If the south coast district thereafter proposes the adoption, amendment, or repeal of a rule or regulation that was the subject of a workshop, the south coast district shall respond to all written comments submitted during the workshop in preparing the environmental assessment on the proposed rule or regulation.

(e) The time and place for a workshop shall be selected on the basis of affording an opportunity to participate to the greatest number of persons expected to be interested in the workshop.

(f) The requirements of this section are not intended to restrict the south coast district in conducting other public workshops and other meetings for the exchange of information under circumstances not specifically addressed in this section.

(g) A workshop or other meeting shall not constitute consideration of a "regulatory measure" within the meaning of
Section 40923.

(h) This section is not intended to change, and shall not be construed as changing, any entitlement or protection conferred by the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(7) Programs to encourage lawful cooperation among small businesses and other persons to further compliance with air quality regulations.

(8) Mechanisms to assure that small businesses receive notice of the assistance available pursuant to this section.

SEC. 5. Section 40452 of the Health and Safety Code is amended to read:

40452. On or before April 1, 1991, and annually thereafter, the south coast district shall submit a report to the state board and the Legislature summarizing its regulatory activities for the preceding calendar year. The report shall include:

The summary shall include emission reductions to be accomplished by each rule or regulation; the cost per ton of emission reduction to be achieved from each rule or regulation; other alternatives that were considered through the
environmental assessment process; the cost per ton of comparable emission reductions that could have been achieved from each alternative; a statement of the reason why a given alternative was chosen; the conclusions and recommendations of the district's socioeconomic analysis, including any evaluations of employment impacts; and the source of funding for the rule or regulation. For the purposes of this section, a major rule or rule amendment is one that is intended to significantly affect air quality or which imposes emission limitations.

Budget and staff increases shall be related to existing programs and rules, and to new programs or rules to be adopted during the following years. The budget forecast shall provide a workload justification for proposed budget and staff changes and shall identify any cost savings to be achieved by program or staff changes. The budget forecast shall include increases in permit fees and other fees proposed for the following fiscal year and projected for the next two fiscal years. Budget information developed by the district pursuant to Section 42311.1 may be used to comply with the requirements established under this section.

(e) An identification of the source of all revenues collected that are used, or proposed to be used, to finance activities related to either stationary or nonstationary sources.

(f) A response to audit recommendations pursuant to Sections 40453 and 42311.1. The response shall include proposed statutory changes needed to implement the recommendations.

SEC. 6. Section 40466 of the Health and Safety Code is amended to read:

(b) Notice of the times and places of the public hearings shall be given not less than 45 days prior to the first hearing and shall be published in each county in the south coast district in accordance with the requirements of Section 6061 of the Government Code. The period of notice shall commence on the first day of publication. Notice shall be mailed to every person who filed a written request for notice concerning the plan with the south coast district and any person the south coast district believes to be interested in the plan.
The notice shall include a list of supporting information, documents, and other materials relevant to the plan revision prepared by the south coast district or at its direction, any environmental assessment, and the name, address, and telephone number of the district officer and employee from whom these materials, and a copy of the draft plan, may be obtained.

SEC. 7. Section 40503 is added to the Health and Safety Code, to read:

40503. (a) The south coast district hearing board, in determining whether or not the petitioner has presented evidence sufficient to make the finding specified in subdivision (b) of Section 42352, shall consider, in addition to any other relevant factors, both of the following:

1. In determining whether or not conditions exist which are beyond the reasonable control of the petitioner, the hearing board shall consider whether or not the petitioner took actions to comply or seek a variance, which were timely and reasonable under the circumstances. In so doing, the hearing board shall consider actions taken by the petitioner since the adoption of the rule from which the variance is sought.

2. In determining whether or not requiring compliance would result in either an arbitrary or unreasonable taking of property or the practical closing and elimination of a lawful business, the hearing board shall consider whether or not an unreasonable burden would be imposed upon the petitioner if immediate compliance is required.

(b) (1) As used in this subdivision, "small business" means a business that is independently owned and operated and meets all of the following criteria:

(A) The number of employees is 10 or less.

(B) The total gross annual receipts are five hundred thousand dollars ($500,000) or less.

(C) Emits not more than four tons per year of any nonattainment air contaminant or its precursor.

(2) If the petitioner is a small business, the hearing board shall consider the factors specified in subdivision (a) in the following manner:

(A) In determining whether or not the petitioner took timely actions to comply or seek a variance, the hearing board shall make specific inquiries into the reasons for any claimed ignorance of the requirement from which a variance is sought.

(B) In determining whether or not the petitioner took reasonable actions to comply, the hearing board shall make specific inquiries into the petitioner’s financial and other capabilities to comply.

(C) In determining whether or not the burden of requiring immediate compliance would be unreasonable, the hearing board shall make specific inquiries into, and shall balance, the impact to the petitioner’s business and the benefit to the environment which would result if the petitioner is required to immediately comply.

(c) Where the petitioner is a governmental agency, public
district, or any other governmental or public entity, in determining whether or not an unreasonable burden would be imposed, the hearing board shall consider any effects of requiring immediate compliance on the availability of essential public services.

SEC. 8. Section 40506.1 is added to the Health and Safety Code, to read:

40506.1. (a) The south coast district shall establish a consolidated permit which serves as (1) an authority to build, erect, alter, or replace an article, machine, equipment, or contrivance which may cause the issuance of air contaminants, and (2) an authority to operate or use that article, machine, equipment, or contrivance.

(b) The district shall establish postconstruction enforcement procedures adequate to ensure that sources are built, erected, altered, replaced, operated, or used in the manner required by the consolidated permits.

SEC. 9. Section 40506.2 is added to the Health and Safety Code, to read:

40506.2. The south coast district may establish a program to certify private environmental professionals to prepare permit applications. The program shall provide for all of the following:

(a) Certification by the district of private environmental professionals who meet minimum qualifications established by the district and who successfully complete a district training program in the methods of preparing permit applications. The training program shall include a description of permit requirements established by district rules as well as any additional requirements established by the district for applications submitted by certified private environmental professionals.

(b) Expedited review by district personnel of permit applications that, at the option and expense of the permit applicant, are prepared by a certified private environmental professional.

(c) Full district review of a sample of permit applications prepared by certified private environmental professionals to determine whether or not district requirements for preparation of applications have been followed.

(d) Decertification of any certified private environmental professional found by the district to have done any of the following:

1. Knowingly or negligently submitted false data as part of a permit application.

2. Prepared any permit application in a manner contrary to district requirements.

3. Prepared a permit application where the person has a financial conflict of interest as defined in guidelines to be adopted by the district.

At the June meeting, the final fee schedules shall be adopted by the south coast district board by rule or regulation.

Whenever a reference to numbered salary schedules and notes is made in this section, those found in the Los Angeles County Code, Title 6, shall apply. Whenever the compensation of superior court judges is adjusted, the flat-rate salaries for court commissioners and referees shall be adjusted to maintain the salary relationship of 85 percent of the annual compensation of superior court judges.

As defined in the Los Angeles County Code, Section 6.28.030, the following prefixes are used instead of schedule numbers:
F—Flat rate per month
FD—Flat rate per day
FH—Flat rate per hour
N.W.—As defined in the Los Angeles County Code Section 6.28.050.
N.X.—As defined in the Los Angeles County Code Section 6.28.050.
N.Z.—As defined in the Los Angeles County Code Section 6.28.050.
“R” or “A” indicates a position’s inclusion in the County’s
Performance Based Pay Plan. The grade number following the "R" or "A" designation indicates the salary range. Compensation of such positions is in accordance with Sections 6.08.305 to 6.08.360, inclusive, of the county code.

All personnel appointed pursuant to this article shall serve at the pleasure of the court and may at any time be removed by the court in its discretion.

SEC. 2. Section 69894.6 of the Government Code is amended to read:

69894.6. Notwithstanding Section 69894.1, in the County of Los Angeles, a majority of the judges of the superior court may appoint 363 court reporters at salary schedule 81A, NZ, N3. The salary schedule and notes are those found in the Los Angeles County Code, Title 6. Court reporters shall serve at the pleasure of the court and may at any time be removed by the court in its discretion.

SEC. 3. Section 72602.15 of the Government Code is amended to read:

72602.15. Notwithstanding Section 72602, the San Antonio Municipal Court District and South Gate Municipal Court District are consolidated into the Southeast Municipal Court District which shall have five judges.

The officers and attachés of the San Antonio Municipal Court District and the South Gate Municipal Court District employed by those districts on the operative date of this section shall be the officers and attachés of the Southeast Municipal Court District with all of the rights and benefits to which they were entitled as employees of those districts.

SEC. 4. Section 72604 of the Government Code is amended to read:

72604. Notwithstanding Article 9 (commencing with Section 69941) of Chapter 5, or any other provision of law in conflict with this section, in each municipal court district in counties having a population of 2,000,000 inhabitants, or over, as determined by the 1970 federal census, except in municipal court districts where a statute provides otherwise, the official reporter and official reporters pro tempore in those municipal court districts governed by this section shall receive for their services the same per diem fee paid to official court reporters pro tempore of the Superior Court of Los Angeles County. All other fees of these reporters for transcription shall be as provided in Article 9 (commencing with Section 69941) of Chapter 5.

SEC. 5. Section 72607 of the Government Code is amended to read:

72607. Notwithstanding the numbers and classifications of court officers and attachés specified in Articles 1.5 (commencing with Section 72620), 1.6 (commencing with Section 72630), 2 (commencing with Section 72640), 3 (commencing with Section 72700), and 4 (commencing with Section 72750), the judges of a municipal court in a county having a population of 3,000,000 or over,
with the approval of the board of supervisors, may appoint and employ additional commissioners, officers, and attachés that are necessary to the performance of duties and exercise of powers within the jurisdiction of the court. The compensation of these appointees shall be as provided in that chapter for the same position, or, where not so provided, as may be established by the judges with the approval of the board of supervisors.

The majority of municipal court judges in the county, with the approval of the board of supervisors, may authorize the marshal, and the judges of any municipal court in that county, with that approval, may authorize the clerk of the court, to adjust rates of compensation, to appoint additional deputies in any classifications that may be required for the prompt and faithful discharge of the duties of the respective offices. Deputies so appointed shall receive the respective rates of pay provided for existing classifications, or, if there be no existing classification for which a pay rate has been established, then they shall receive the rates of pay as shall be established by the judges authorizing the appointments and approved by the board of supervisors.

Appointments and adjustments made pursuant to this section shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature. It is the intention of the Legislature that this section be cumulative to, and not in abrogation of, other provisions of law governing the additional or emergency appointment of deputy clerks and deputy marshals.

SEC. 6. Section 72608 of the Government Code is amended to read:

72608. Certain classes of positions prescribed in Article 1.5 (commencing with Section 72620), Article 1.6 (commencing with Section 72630), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), and Article 4 (commencing with Section 72750) are deemed to be related in job and compensation to position classifications included in the Los Angeles County Code, and in the case of certain classes of positions, to the administrative series included in Section 69894.1. In order to maintain the relationship of compensation and employee rights and benefits between officers and attachés of municipal courts and county or superior court employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee rights and benefits for related classes of court positions, this section shall govern salary adjustments and employee rights and benefits for officers and attachés of municipal courts in Los Angeles County.

On the effective date of any amendment to that code adjusting the salary of a county employee classification listed in the table of positions set forth in this section, or on the effective date of a resolution or ordinance by the board of supervisors approving interim salary adjustments for superior court classes pursuant to
Section 69894.2, the salary of the related municipal court position listed opposite thereto shall be adjusted an equivalent number of schedules or steps in a schedule in the salary schedule to which that position is attached. If the level of compensation established by any salary adjustment is not reflected in the salary schedule number provided for any court classification, the adjustment shall apply to each position in the classification on the effective date of the act fixing the salary schedule number. Classes of positions in the Performance-Based Pay Plan shall be compensated and adjusted in accordance with provisions approved by the board of supervisors.

Likewise, the salary of any court classification being enumerated in Article 1.5 (commencing with Section 72620), Article 1.6 (commencing with Section 72630), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), or Article 4 (commencing with Section 72750) for the first time as an amendment to this chapter shall be adjusted as necessary on the effective date of that amendment to provide the same relationship to the county classification to which it is attached as that established when the court classification was approved in accordance with Section 72607.

All classes of positions approved by a majority of the judges of the municipal court and the board of supervisors for inclusion in the Los Angeles County Performance-Based Pay Plan will be compensated in accordance with this plan as set forth in Part 3, Chapter 6.08, of the Los Angeles County Code. All of these provisions are applicable to participants in the marshal's department, except that for the marshal, the appointing authority is the municipal court judges of

51610
Los Angeles County, and for all other participants in the marshal's department, the appointing authority is the marshal. For purposes of PBP administration only, the appointing authority for the court administrator, Los Angeles Judicial District, is the court's executive committee. The court administrator, is the appointing authority for all other participants in the Los Angeles Judicial District.

The presiding judge, the immediate past presiding judge (if still a member of the Los Angeles Municipal Court) and the assistant presiding judge will confer with the court administrator to establish new performance goals and evaluate the completion of previously established goals; these judges will then rate the court administrator's performance using the PBP rating categories established in the county code. The presiding judge shall present this rating to the executive committee for ratification at its July meeting. In the event that the executive committee does not act upon the rating, the presiding judge shall forward the rating to the CAO for inclusion in the Los Angeles Municipal Court's Merit Salary Increase Guideline. In the event a rating is not completed, the court administrator's salary will be adjusted in accordance with the Los Angeles Municipal Court Merit Increase Guideline based on a "fully meets expectations" rating.

Any existing special pay provision applicable to court classes included in PBP and which is expressed in terms of additional schedules of compensation will be converted to a percentage basis in accordance with the county's plan which equates each schedule with 2.75 percent.

Salary adjustments made pursuant to this section shall be on an interim basis and shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

Officers and attachés of municipal courts in Los Angeles County shall be entitled to all employee rights, programs and benefits, including, but not limited to, paid medical plans, management incentive, pay for performance, deferred compensation plans, flexible benefit plans, and early separation programs, parking and cafeteria privileges, longevity pay, shooting allowance, uniform and equipment allowance, and the same rights to meet with those entities which prescribe their compensation, that are provided for or made applicable to the related Los Angeles County and superior court employee classification. Participation in management incentive early separation programs and pay for performance shall be established by joint action and approval of a majority of the board of supervisors and a majority of the judges of the court, except in the Los Angeles Judicial District where joint action shall be approved by a majority of the board of supervisors and a majority of the court's executive committee.

Bonus Level I assignments of deputy marshals are as follows:
Nineteen positions—assistant commander, small division.
Twelve positions—court supervisor.
Nine positions—field supervisor.
Nine positions—office supervisor.
Three positions—communications and fleet management supervisor.
One position—training officer.
One position—real estate levy/bookkeeping section supervisor.

Bonus Level II assignments of deputy marshals are as follows:
One position security liaison and investigations.

Deputy marshals with Bonus Level I assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level I positions. Deputy marshals with Bonus Level II assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level II positions.

In addition to the salary adjustment otherwise provided by this section, persons employed in the classifications of executive secretary, M.C., senior management secretary, M.C., and secretary to the presiding judge shall receive a one-time only two-schedule salary increase effective January 1, 1989. The resulting salary rate shall constitute the base rates for subsequent salary adjustments.

In addition to the salary provided by the applicable performance-based pay provisions, a 16.5 percent bonus shall be paid to no more than one position of deputy court administrator in the Los Angeles Municipal Court who is admitted to practice law before all courts in California and required to render legal opinions and provide legal advice to the court administrator and judges.

Any deputy municipal court clerk I, deputy municipal court clerk II, deputy clerk III, M.C., or deputy clerk IV, M.C. who, in addition to a regular courtroom assignment, is required to operate and monitor electronic recording equipment to produce the official record of the court proceedings shall receive a two-schedule increase in compensation while so engaged. Effective January 3, 1989, any deputy clerk IV, M.C. assigned to a courtroom, who in addition to his or her regular duties, is required to operate and monitor electronic recording equipment to produce a record of court proceedings shall receive an increase of eight standard salary levels while so engaged. However, in no event shall a person who is receiving additional compensation for performing duties involving greater skill and responsibility as described in subdivision (b) of Section 72705 or subdivision (k), (l), or (m) of Section 72755 be eligible to receive additional compensation pursuant to this subdivision, except for a deputy clerk III, M.C. assigned to the regular duties of a deputy clerk IV, M.C. as provided in subdivision (j) of Section 72755.

SEC. 7. Section 72609 of the Government Code is amended to read:

(A) The dollar limit applicable pursuant to Section 415(b)(1)(A) of the Internal Revenue Code; as appropriately modified by Section 415(b)(2)(F) and (G).

(B) One hundred percent of the member's average compensation (within the meaning of Treasury Regulation Section 1.451-2(d)) for the three consecutive years of service which produces the highest aggregate amount.

(2) However, the annual retirement benefit payable to a member shall be deemed not to exceed the limitations prescribed in subparagraphs (A) and (B) of paragraph (1) if the benefit does not exceed ten thousand dollars ($10,000) and the member has at no time participated in a tax qualified defined contribution plan maintained by the employer.

(b) These limitations shall be applied pursuant to Section
415(b)(10) of the Internal Revenue Code.

(c) Part 3 (commencing with Section 20000) shall be construed as if it included this section.

SEC. 4. Section 21752.5 is added to the Government Code, to read:

21752.5. Notwithstanding any other provision of law, the retirement allowance of a member shall be increased to reflect cost-of-living adjustments to the limits contained in Section 415 of the Internal Revenue Code as provided in Section 415(d) of that code, provided that the member's allowance determined without regard to Section 415 equals or exceeds the applicable limit as indexed. Nothing in this section is intended to, nor shall be construed to, entitle a retired member to a cost-of-living adjustment to his or her allowance in excess of that provided pursuant to Part 3 (commencing with Section 20000).

SEC. 5. Section 21752.6 is added to the Government Code, to read:

21752.6. In addition to the benefit limitations specified in this part, if a member participates in other benefit plans maintained by the employer, to the extent the aggregation of benefits payable under those plans and pursuant to Part 3 (commencing with Section 20000) are subject to and exceed the limits prescribed by Section 415 of the Internal Revenue Code, the benefits payable pursuant to Part 3 (commencing with Section 20000) shall be reduced, but not below zero, to the extent necessary to satisfy Section 415, before adjustments under any other plans are made. Nothing in this section shall limit a member's entitlement to replacement benefits as provided by Section 21755.

SEC. 6. Section 21752.7 is added to the Government Code, to read:

21752.7. Internal Revenue Service Procedure 92-42 shall apply to all changes in benefit structure adopted by any employer regardless of whether the change was adopted before August 3, 1992, or on or after August 3, 1992. Internal Revenue Service Notice 89-45 shall not be applied to any changes in benefit structure adopted by any employer.
CHAPTER 375

An act to amend Section 44380 of the Health and Safety Code, relating to air pollution.

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 44380 of the Health and Safety Code is amended to read:

44380. (a) The state board shall adopt a regulation which does all of the following:

(1) Sets forth the amount of revenue which the district must collect to recover the reasonable anticipated cost which will be incurred by the state board and the Office of Environmental Health Hazard Assessment to implement and administer this part.

(2) Requires each district to adopt a fee schedule which recovers the costs of the district and which assesses a fee upon the operator of every facility subject to this part. A district may request the state board to adopt a fee schedule for the district if the district's program costs are approved by the district board and transmitted to the state board by April 1 of the year in which the request is made.

(3) Requires any district that has an approved toxics emissions inventory compiled pursuant to this part by August 1 of the preceding year to adopt a fee schedule, as described in paragraph (2), which imposes on facility operators fees which are, to the maximum extent practicable, proportionate to the extent of the releases identified in the toxics emissions inventory and the level of priority assigned to that source by the district pursuant to Section 44360.

(b) Commencing August 1, 1992, and annually thereafter, the state board shall review and may amend the fee regulation.

(c) The district shall notify each person who is subject to the fee of the obligation to pay the fee. If a person fails to pay the fee within 60 days after receipt of this notice, the district, unless otherwise provided by district rules, shall require the person to pay an additional administrative civil penalty. The district shall fix the penalty at not more than 100 percent of the assessed fee, but in an amount sufficient in its determination, to pay the district's additional expenses incurred by the person's noncompliance. If a person fails to pay the fee within 120 days after receipt of this notice, the district may initiate permit revocation proceedings. If any permit is revoked, it shall be reinstated only upon full payment of the overdue fee plus any late penalty, and a reinstatement fee to cover administrative costs of reinstating the permit.

(d) Each district shall collect the fees assessed pursuant to subdivision (a). After deducting the costs to the district to
implement and administer this part, the district shall transmit the remainder to the Controller for deposit in the Air Toxics Inventory and Assessment Account, which is hereby created in the General Fund. The money in the account is available, upon appropriation by the Legislature, to the state board and the Office of Environmental Health Hazard Assessment for the purposes of administering this part.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(1) The original, or a certified copy, of the unrevoked appointment, power of attorney, bylaws, or other instrument entitling or authorizing the person who executed the bond to do so.

(2) A certified copy of the certificate of authority of the insurer issued by the Insurance Commissioner.

(3) A certificate from the county clerk of the county in which the court or officer is located that the certificate of authority of the insurer has not been surrendered, revoked, canceled, annulled, or suspended or, in the event that it has, that renewed authority has been granted.

statement shall be made by an officers' certificate as defined in Section 173 of the Corporations Code. In the case of a foreign insurer the financial statement may, instead of an officers' certificate, be verified by the oath of the principal officer or manager residing within the United States.

(b) If the admitted surety insurer complies with subdivision (a) and if it appears that the bond was duly executed, that the insurer is authorized to transact surety insurance in the state, and that its assets exceed its liabilities in an amount equal to or in excess of the amount of the bond, then notwithstanding the provisions of any state or local law, including, but not limited to, any ordinance, resolution, policy, or other act, the insurer is sufficient and shall be accepted or approved as surety on the bond, subject to Section 12090 of the Insurance Code.

CHAPTER 380

(b) The party at whose request the subpoena is issued shall reimburse the public entity for the full cost to the public entity incurred in paying the peace officer, firefighter, or state employee his or her salary or other compensation and traveling expenses as provided for in this section, for each day that the peace officer, firefighter, or state employee is required to remain in attendance pursuant to the subpoena. The amount of one hundred fifty dollars ($150), together with the subpoena, shall be tendered to the public entity for each day that the peace officer, firefighter, or state employee is required to remain in attendance pursuant to the subpoena.

(c) If the actual expenses should later prove to be less than the amount tendered, the excess of the amount tendered shall be refunded.

(d) If the actual expenses should later prove to be more than the amount deposited, the difference shall be paid to the public entity by the party at whose request the subpoena is issued.

(e) If a court continues a proceeding on its own motion, no additional witness fee shall be required prior to the issuance of a subpoena or the making of an order directing the peace officer, firefighter, or state employee to appear on the date to which the proceeding is continued.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

An act to amend Sections 300 and 361 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 300 of the Welfare and Institutions Code is amended to read:

300. Any minor who comes within any of the following descriptions is within the jurisdiction of the juvenile court which may adjudge that person to be a dependent child of the court:

(a) The minor has suffered, or there is a substantial risk that the minor will suffer, serious physical harm inflicted nonaccidentally upon the minor by the minor's parent or guardian. For the purposes of this subdivision, a court may find there is a substantial risk of serious future injury based on the manner in which a less serious injury was inflicted, a history of repeated inflictions of injuries on the minor or the minor's siblings, or a combination of these and other actions by the parent or guardian which indicate the child is at risk of serious physical harm. For purposes of this subdivision, "serious physical harm" does not include reasonable and age-appropriate spanking to the buttocks where there is no evidence of serious physical injury.

(b) The minor has suffered, or there is a substantial risk that the minor will suffer, serious physical harm or illness, as a result of the failure or inability of his or her parent or guardian to adequately supervise or protect the minor, or the willful or negligent failure of the minor's parent or guardian to adequately supervise or protect the minor from the conduct of the custodian with whom the minor has been left, or by the willful or negligent failure of the parent or guardian to provide the minor with adequate food, clothing, shelter, or medical treatment, or by the inability of the parent or guardian to provide regular care for the minor due to the parent's or guardian's mental illness, developmental disability, or substance abuse. No minor shall be found to be a person described by this subdivision solely due to the lack of an emergency shelter for the family. Whenever it is alleged that a minor comes within the jurisdiction of the court on the basis of the parent's or guardian's willful failure to provide adequate medical treatment or specific decision to provide spiritual treatment through prayer, the court shall give deference to the parent's or guardian's medical treatment, nontreatment, or spiritual treatment through prayer alone in accordance with the tenets and practices of a recognized church or religious denomination, by an accredited practitioner thereof, and shall not assume jurisdiction unless necessary to protect the minor
from suffering serious physical harm or illness. In making its
determination, the court shall consider (1) the nature of the
treatment proposed by the parent or guardian (2) the risks to the
minor posed by the course of treatment or nontreatment proposed
by the parent or guardian (3) the risk, if any, of the course of
treatment being proposed by the petitioning agency, and (4) the
likely success of the courses of treatment or nontreatment proposed
by the parent or guardian and agency. The minor shall continue to
be a dependent child pursuant to this subdivision only so long as is
necessary to protect the minor from risk of suffering serious physical
harm or illness.

(c) The minor is suffering serious emotional damage, or is at
substantial risk of suffering serious emotional damage, evidenced by
severe anxiety, depression, withdrawal, or untoward aggressive
behavior toward self or others, as a result of the conduct of the parent
or guardian or who has no parent or guardian capable of providing
appropriate care. No minor shall be found to be a person described
by this subdivision if the willful failure of the parent or guardian to
provide adequate mental health treatment is based on a sincerely
held religious belief and if a less intrusive judicial intervention is
available.

(d) The minor has been sexually abused, or there is a substantial
risk that the minor will be sexually abused, as defined in Section
11165.1 of the Penal Code, by his or her parent or guardian or a
member of his or her household, or the parent or guardian has failed
to adequately protect the minor from sexual abuse when the parent
or guardian knew or reasonably should have known that the minor
was in danger of sexual abuse.

(e) The minor is under the age of five and has suffered severe
physical abuse by a parent, or by any person known by the parent,
if the parent knew or reasonably should have known that the person
was physically abusing the minor. For the purposes of this
subdivision, "severe physical abuse" means any of the following: any
single act of abuse which causes physical trauma of sufficient severity
that, if left untreated, would cause permanent physical disfigurement, permanent physical disability, or death; any single act
of sexual abuse which causes significant bleeding, deep bruising,
or significant external or internal swelling; or more than one act of
physical abuse, each of which causes bleeding, deep bruising,
significant external or internal swelling, bone fracture, or
unconsciousness; or the willful, prolonged failure to provide
adequate food. A minor may not be removed from the physical
custody of his or her parent or guardian on the basis of a finding of
severe physical abuse unless the probation officer has made an
allegation of severe physical abuse pursuant to Section 332.

(f) The minor's parent or guardian has been convicted of causing
the death of another child through abuse or neglect.

(g) The minor has been left without any provision for support; the
minor's parent has been incarcerated or institutionalized and cannot
arrange for the care of the minor; or a relative or other adult custodian with whom the child resides or has been left is unwilling or unable to provide care or support for the child, the whereabouts of the parent is unknown, and reasonable efforts to locate the parent have been unsuccessful.

(h) The minor has been freed for adoption from one or both parents for 12 months by either relinquishment or termination of parental rights or an adoption petition has not been granted.

(i) The minor has been subjected to an act or acts of cruelty by the parent or guardian or a member of his or her household, or the parent or guardian has failed to adequately protect the minor from an act or acts of cruelty when the parent or guardian knew or reasonably should have known that the minor was in danger of being subjected to an act or acts of cruelty.

(j) The minor’s sibling has been abused or neglected, as defined in subdivision (a), (b), (d), (e), or (i), and there is a substantial risk that the minor will be abused or neglected, as defined in those subdivisions. The court shall consider the circumstances surrounding the abuse or neglect of the sibling, the age and gender of each child, the nature of the abuse or neglect of the sibling, the mental condition of the parent or guardian, and any other factors the court considers probative in determining whether there is a substantial risk to the minor.

It is the intent of the Legislature in enacting this section to provide maximum protection for children who are currently being physically, sexually, or emotionally abused, being neglected, or being exploited, and to protect children who are at risk of that harm. This protection includes provision of a full array of social and health services to help the child and family and to prevent reabuse of children. That protection shall focus on the preservation of the family whenever possible. Nothing in this section is intended to disrupt the family unnecessarily or to intrude inappropriately into family life, to prohibit the use of reasonable methods of parental discipline, or to prescribe a particular method of parenting. Further, nothing in this section is intended to limit the offering of voluntary services to those families in need of assistance but who do not come within the descriptions of this section. To the extent that savings accrue to the state from child welfare services funding obtained as a result of the enactment of the act that enacted this section, those savings shall be used to promote services which support family maintenance and family reunification plans, such as client transportation, out-of-home respite care, parenting training, and the provision of temporary or emergency in-home caretakers and persons teaching and demonstrating homemaking skills. The Legislature further declares that a physical disability, such as blindness or deafness, is no bar to the raising of happy and well-adjusted children and that a court’s determination pursuant to this section shall center upon whether a parent’s disability prevents him or her from exercising care and control.
As used in this section "guardian" means the legal guardian of the child.

SEC. 2. Section 361 of the Welfare and Institutions Code is amended to read:

361. (a) In all cases in which a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over the dependent child by any parent or guardian and shall by its order clearly and specifically set forth all such limitations. Any limitation on the right of the parent or guardian to make educational decisions for the child shall be specifically addressed in the court order. The limitations shall not exceed those necessary to protect the child.

(b) No dependent child shall be taken from the physical custody of his or her parents or guardian or guardians with whom the child resides at the time the petition was initiated unless the juvenile court finds clear and convincing evidence of any of the following:

(1) There is a substantial danger to the physical health of the minor or would be if the minor was returned home, and there are no reasonable means by which the minor's physical health can be protected without removing the minor from the minor's parents' or guardians' physical custody. The fact that a minor has been adjudicated a dependent child of the court pursuant to subdivision (e) of Section 300 shall constitute prima facie evidence that the minor cannot be safely left in the custody of the parent or guardian with whom the minor resided at the time of injury.

(2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366.25 or 366.26, the minor may be declared permanently free from their custody and control.

(3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, and there are no reasonable means by which the minor's emotional health may be protected without removing the minor from the physical custody of his or her parent or guardian.

(4) The minor or a sibling of the minor has been sexually abused, or is deemed to be at substantial risk of being sexually abused, by a parent, guardian, or member of his or her household, or other person known to his or her parent, and there are no reasonable means by which the minor can be protected from further sexual abuse or a substantial risk of sexual abuse without removing the minor from his or her parent or guardian, or the minor does not wish to return to his or her parent or guardian.

(5) The minor has been left without any provision for his or her support, or a parent who has been incarcerated or institutionalized cannot arrange for the care of the minor, or a relative or other adult custodian with whom the child has been left by the parent is unwilling or unable to provide care or support for the child and the
whereabouts of the parent is unknown and reasonable efforts to locate him or her have been unsuccessful.

(c) The court shall make a determination as to whether reasonable efforts were made to prevent or to eliminate the need for removal of the minor from his or her home or, if the minor is removed for one of the reasons stated in paragraph (5) of subdivision (b), whether it was reasonable under the circumstances not to make any such efforts. The court shall state the facts on which the decision to remove the minor is based.

(d) The court shall make all of the findings required by subdivision (a) of Section 366 in either of the following circumstances:

(1) The minor has been taken from the custody of his or her parents or guardians and has been living in an out-of-home placement pursuant to Section 319.

[Approved by Governor July 29, 1992. Filed with Secretary of State July 30, 1992.]

The people of the State of California do enact as follows:

SECTION 1. Section 3260 of the Civil Code is amended to read:

3260. (a) This section is applicable with respect to all contracts entered into on or after July 1, 1991, relating to the construction of any private work of improvement. However, the amendments made to this section during the 1992 portion of the 1991–92 Regular Session
of the Legislature are applicable only with respect to contracts entered into on or after January 1, 1993 relating to the construction of any private work of improvement.

(b) The retention proceeds withheld from any payment by the owner from the original contractor, or by the original contractor from any subcontractor, shall be subject to this section.

(c) Within 45 days after the date of completion, the retention withheld by the owner shall be released. "Date of completion," for purposes of this section, means any of the following:

(1) The date of issuance of any certificate of occupancy covering the work by the public agency issuing the building permit.

(3) The date of completion as defined in Section 3086.

However, release of retentions withheld for any portion of the work of improvement which ultimately will become the property of a public agency, may be conditioned upon the acceptance of the work by the public agency. In the event of a dispute between the owner and the original contractor, the owner may withhold from the final payment an amount not to exceed 150 percent of the disputed amount.

(d) Subject to subdivision (e), within 10 days from the time that all or any portion of the retention proceeds are received by the original contractor, the original contractor shall pay each of its subcontractors from whom retention has been withheld, each subcontractor's share of the retention received. However, if a retention payment received by the original contractor is specifically designated for a particular subcontractor, payment of the retention shall be made to the designated subcontractor, if the payment is consistent with the terms of the subcontract.

(e) The original contractor may withhold from a subcontractor its portion of the retention proceeds if a bona fide dispute exists between the subcontractor and the original contractor. The amount withheld from the retention payment shall not exceed 150 percent of the estimated value of the disputed amount.

(f) In the event that retention payments are not made within the time periods required by this section, the owner or original contractor withholding the unpaid amounts shall be subject to a charge of 2 percent per month on the improperly withheld amount, in lieu of any interest otherwise due. Additionally, in any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs.

(g) It shall be against public policy for any party to require any other party to waive any provision of this section.

(h) This section shall not be construed to apply to retentions withheld by a lender in accordance with the construction loan agreement.

(i) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which
is chaptered on or before January 1, 1996, deletes or extends that
date. Notwithstanding its repeal, this section shall continue to apply
to all contracts entered into on or after July 1, 1991, and before
January 1, 1996.
