Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major con-

struction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category", "program", or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract.

(b) "Operating expenses and equipment," which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of ac-

curate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration and associated costs.

(f) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 1993–94," submitted by the Governor to the Legislature at the 1993 portion of the 1993–94 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 et seq. of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. SEC. 6.50. (a) The Department of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category, program, or project designated in any schedule set forth for the appropriation by transfer from any of the other designated categories, programs, or projects within the same schedule. The Department of Finance shall furnish the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee with a report on all authorizations given pursuant to this section during the preceding quarter.

SEC. 7.50. Whenever an expenditure is authorized from the reserve for contingencies or emergencies, from price increase funds, from employee benefits or special salary adjustments funds, from total equivalent compensation funds, from the salary increase funds, or from a fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 8.50. (a) In making appropriations to state agencies which are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury Fund established for the purpose of receiving the federal assistance subject to any provisions of this act which are applicable to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairperson of the committee in each house which considers appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include a plan of reduced expenditures for the federal block grant programs affected. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act is made deficient by such a charge, funding augmentations must follow the regular budget processes including Section 27.00 of the Budget Act. However, the 30-day notification requirement is waived for payments mandated by federal courts.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of

the unencumbered balance of the project shall be determined in accordance with Section 14959 of the Government Code. Upon receipt of bids for the project, an estimate of the amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

No expenditure, disbursement, or transfer shall be made from the California Unitary Fund except in accordance with Chapter 1558 of the Statutes of 1988 or this act.

limit" of thirty-six billion five hundred ninety-nine million dollars ($36,599,000,000) for the 1993–94 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the "appropriations limit" for the 1993–94 fiscal year shall be commenced within 45 days of the effective date of this act.

The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

(b) For the purpose of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed limited to the lesser of the following amounts:

(1) The amounts stated in this act or

(2) The amount encumbered or expended as of June 30, 1993, against each appropriation. The amount of the appropriations expended or encumbered shall be determined on the basis of the State of California Preliminary Annual Report—Accrual Basis. Any subsequent adjustments shall be determined jointly by the Controller and the Director of Finance.

(c) Of the amount appropriated to the Special Fund for Economic Uncertainties, the Director of Finance may allocate a sufficient amount, not to exceed $10,000,000, to the Department of Forestry and Fire Protection for emergency fire suppression for the 1993–94 fiscal year.

(d) Of the amount appropriated to the Special Fund for Economic Uncertainties, the Director of Finance may allocate a sufficient amount, not to exceed $20,000,000, for emergency or disaster response operation and other related costs incurred by state or local agencies for the 1993–94 fiscal year. These allocations would be made as a result of a state of emergency proclamation by the Governor.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations which are subject to Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance where that designation is consistent with legislative intent, 30 days after notification in writing of the proposed designation to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time that the chairperson of the joint committee, or his or her designee, determines.

(b) Notwithstanding any other provision of law, only pupils, excepting those permitted pursuant to subdivisions (a), (b), and (d) of

The individualized review shall include representatives of the court, the county department of education, the county probation department, and either the school district of residence or, in cases in which the pupil resides in a group home or institution, the school district in which the group or institution is located, and, in each case, the school district representative must agree to the appropriateness of the proposed placement and pupils so placed must have a probation officer or other appropriate designee of the probation department assigned to their case.

(c) The provision of subdivision (b) that allows an appropriate designee of the probation department, in lieu of a probation officer, to be assigned to the case of each pupil enrolled in a community school pursuant to subdivision (c) of Section 1981 of the Education Code, shall be operative only if legislation is enacted that does the following: (1) redefines, as appropriate, the types of pupils that are placed in each community school program, (2) addresses the appropriateness of limits on participation in the programs, and (3) becomes operative as of July 1, 1993.

(d) (1) Notwithstanding any other provision of law, and solely for the purpose of Section 15 of Chapter 703 of the Statutes of 1992, the Superintendent of Public Instruction shall deem each school district to have received a 1992–93 supplemental grant apportionment that is the product of the following:

(A) An amount that is the greater of the supplemental grant apportionment it received in the 1992–93 fiscal year or the average of the supplemental grant apportionments it received in the 1990–91 and 1991–92 fiscal years.

(B) The amount available for this purpose in Item 6110-230-001 of this act divided by the statewide sum of the amounts calculated in subparagraph (a).

(2) Notwithstanding any other provision of law, each county superintendent of schools shall notify the Superintendent of Public Instruction, not later than April 15, 1994, of the manner in which each of the school districts within his or her county requests the funds received pursuant to paragraph (1) of subdivision (e) to be allocated. If any county superintendent of schools requests, for this purpose, that the funds be added to the funding a school district receives for

one or more categorical programs instead of to its base revenue limit on a per ADA basis, the Superintendent of Public Instruction shall so notify the Director of the Department of Finance not later than May 5, 1994.

(3) Notwithstanding any other provision of law, and in order to ensure an orderly transition of the supplemental grant program, the Superintendent of Public Instruction shall apportion the funds appropriated pursuant to paragraph (1) as a separate apportionment for the 1993–94 fiscal year only. The superintendent shall cite on the apportionment schedule the request for allocation made by each school district pursuant to paragraph (2). Each school district shall credit the funds received pursuant to this section to the income account code appropriate to the selection made pursuant to paragraph (2).

(4) Notwithstanding any other provision of law, commencing with the 1994–95 fiscal year and for each fiscal year thereafter, the Department of Finance shall increase the amount available in each of the categorical programs affected pursuant to paragraph (3) for allocation to each school district requesting that transfer, not to exceed the amount calculated for the district pursuant to paragraph (2).

(f) Notwithstanding any other provision of law, any advanced placement class offered by a school district at one or more schools of the district during evening hours, on weekends, or both, shall qualify for instructional minutes, subject to subdivision (a) of Section 46300 of the Education Code. may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other provisions of law, the unencumbered balances as of June 30, 1993, of the appropriations made by Items 0160-001-001 and 8840-001-001 of the Budget Act of 1992 are reappropriated and shall be available for encumbrance until June 30, 1994, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other provisions of law, all money that is received as payment for the sale of services or personal property by the agency that has not been taken into consideration in the schedule of Item 0160-001-001 or is in excess of the amount so taken into consideration is to be credited to that item and is hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 13.50. SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of the Department of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the department to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(B) Any other programs required by law or regulations.

(4) Any SLIAG education funds unexpended from previous fiscal years shall be reappropriated for education programs.

These transfers may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house which consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(5) In any situations not discussed in paragraphs (1), (2), (3), or (4), the provisions of Section 28.00 shall apply.

Other funding mechanisms which may use variables different than population shall similarly be interpreted to utilize such variables only as they apply to newly legalized persons.

(e) All SLIAG reimbursable costs shall be identified to ensure that California's allotment of federal SLIAG funds is maximized.

(f) The Health and Welfare Agency and administering departments, including, as applicable, the State Department of Education (SDE), shall take the steps necessary to subrogate to the providers of service, the financial liability for inappropriate expenditure or nonuse of federal funds. Whenever current program requirements do not specify such responsibility, the appropriate state agency shall enter into agreements with providers calling for their acceptance of financial responsibility in return for allocation of funds by the state. Funds shall not be allocated to any provider by administering departments absent acceptance of financial responsibility for audit exceptions by the provider.

(g) Records of services provided to newly legalized persons will be kept at the local level except for those programs that use central fiscal intermediary functions to process claims. Individual programs will require periodic reports from providers and will provide their managing state departments with summary data at suitable intervals. The managing departments will track the provision and cost of services to newly legalized persons.

(h) Each state department which receives or administers SLIAG funds shall make available, where necessary, through existing programs, technical assistance and training to service providers. Technical assistance may include information and training in cost tracking and identification systems, accounting procedures and program accountability, reimbursement claim preparation, and identification procedures for newly legalized persons. The departments shall ensure that this assistance is allowable under federal SLIAG regulations and guidelines. The departments may provide this technical assistance directly through existing programs or through contracts with individuals or organizations having expertise in program areas, and may implement this technical assistance through any of the following:

He or she shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

(d) All positions administratively established pursuant to this section during the 1993–94 fiscal year shall terminate on June 30, 1994, except for those positions which have been (a) included in the 1994–95 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1994–95 Governor's Budget submission to the Legislature. The positions set forth in (a) and (b) above may be reestablished by the Department of Finance during the 1994–95 fiscal year, provided these positions are shown in the 1995–96 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in establishment of positions deleted by the Legislature through the 1994–95 budget process.

(e) Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. A copy of this document shall be submitted to the Department of Finance upon request. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to the allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages ap-

proved by the Department of Finance. This transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

(f) No money in any 1993–94 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action (s) unless the Department of Finance certifies to the salary and other compensation-setting authority prior to the adoption of these action (s) that funds are available to pay the increased salary or employee compensation resulting therefrom. Prior to certification, the Department of Finance shall determine whether this increase in salary range or employee compensation action will require supplemental funding in the 1994–95 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(g) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that these expenditures comply with the provisions of this section.

(h) Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

The people of the State of California do enact as follows:

SECTION 1. Section 5718 of the Business and Professions Code is repealed.

SEC. 2. Section 11201 of the Education Code is amended to read:

11201. The State Department of Education shall take a leadership role in providing school districts and county offices of education that elect to use microcomputers in school business applications with information and other material that will facilitate their use of microcomputers. In addition, the State Department of Education may make grants, not to exceed ten thousand dollars ($10,000) each, to develop microcomputer software that will assist a large number of school districts and county offices of education.

SEC. 4. Article 5 (commencing with Section 33570) of Chapter 4 of Part 20 of the Education Code is repealed.

SEC. 6. Section 60200 of the Education Code is amended to read:

60200. The state board shall adopt basic instructional materials for use in kindergarten and grades 1 to 8, inclusive, for governing boards, subject to the following provisions:

(a) The state board shall adopt at least five basic instructional materials for all applicable grade levels in each of the following categories:

(1) Language arts.

(2) Mathematics.

(3) Reading.
(4) Science.
(5) Social science.
(6) Bilingual or bicultural subjects.
(7) Any other subject, discipline, or interdisciplinary areas for which the state board determines the adoption of instructional materials to be necessary or desirable.

(b) The state board shall adopt any of the following for basic instructional materials in each subject in each grade:
(1) Instructional materials.
(2) Instructional materials systems.
(3) Instructional materials sets.
(4) A combination of instructional materials, instructional materials systems, and instructional materials sets, as the state board may select.

(c) The state board shall adopt procedures for the submission of basic instructional materials in order to comply with each of the following:
(1) Instructional materials may be submitted for adoption in any of the subject areas pursuant to subdivision (a) at least every two years so that there will be submissions in each subject consistent with the framework cycles established by the state board. The state board may prescribe reasonable conditions to restrict the resubmission of materials that have been previously rejected if those resubmitted materials have no substantive changes.
(2) Submitted instructional materials shall be adopted or rejected within six months of the submission date of the materials pursuant to paragraph (1), unless the state board determines that a longer period of time, not to exceed an additional three months, is necessary due to the estimated volume or complexity of the materials for that subject in that year, or due to other circumstances beyond the reasonable control of the state board.

(d) In reviewing and adopting or recommending for adoption submitted basic instructional materials, the state board shall use, and ensure that, in its judgment, all of the following conditions are met:
(1) The submitted basic instructional materials are consistent with the criteria and the standards of quality prescribed in the state board's adopted curriculum framework. In making this determination, the state board shall consider both the framework and the submitted instructional materials as a whole.
(2) The submitted basic instructional materials comply with the requirements of Sections 60040, 60041, 60042, 60043, 60044, 60200.5, and 60200.6, and the state board's guidelines for social content.
(3) The submitted instructional materials are factually accurate and incorporate principals of instruction reflective of current and confirmed research.
(4) The submitted instructional materials adequately cover the subject area for the grade level or levels for which they are submitted.

(5) The submitted instructional materials meet other criteria as are established by the state board as being necessary to accomplish the intent of Section 7.5 of Article IX of the California Constitution and of Section 1 of this act, provided that the criteria are approved by resolution at the time the resolution adopting the framework for the current adoption is approved, or at least 30 months prior to the date that the materials are to be approved for adoption.

(e) If basic instructional materials are rejected, the state board shall provide a specific, written explanation of the reasons why the submitted materials were not adopted, based upon one or more of the criteria established under subdivision (d). In providing this explanation, the state board may use, in whole or in part, materials written by the commission or any other advisors to the state board.

(f) The state board may adopt fewer than five basic instructional materials in each subject area for each grade level if either of the following occurs:

(1) Fewer than five basic instructional materials are submitted.

(2) The state board specifically finds that fewer than five basic instructional materials meet the criteria prescribed by paragraphs (1) to (5), inclusive, of subdivision (d), or the materials fail to meet the state board's adopted curriculum framework. In the event that the state board adopts fewer than five basic instructional materials in any subject for any grade level, the state board shall conduct a review of the degree to which the criteria and procedures used to evaluate the submitted materials for that adoption were consistent with the state board's adopted curriculum framework.

(g) Nothing in this section shall limit the authority of the state board to adopt materials that are not basic instructional materials.

(h) In the event that a district board establishes to the satisfaction of the state board that the state-adopted instructional materials do not promote the maximum efficiency of pupil learning in the district, the state board shall authorize that district board to use its instructional materials allowances to purchase materials as specified by the state board, in accordance with standards and procedures established by the state board.

(i) Consistent with the quality criteria for the state board's adopted curriculum framework, the state board shall prescribe procedures to provide the most open and flexible materials submission system and ensure that the adopted materials in each subject, taken as a whole, provide for the educational needs of the diverse pupil populations in the public schools, provide collections of instructional materials that illustrate diverse points of view, represent cultural pluralism, and provide a broad spectrum of knowledge, information, and technology-based materials to meet the goals of the program and the needs of pupils.

(j) Upon making an adoption, the state board shall make available to listed publishers and manufacturers and all school interests a listing of instructional materials, including the most current unit cost of those materials as computed pursuant to subdivision (b) of Section

60222 and Section 60223. Items placed upon lists shall remain thereon, and be available for procurement through the state's systems of financing, for a period beginning with the date of the adoption of the item and ending on a date established by the state board as being not less than 30 months after the state board's approval of the curriculum framework that will succeed the framework on which the current adoption is based. All previous adoptions shall be integrated on lists and made available by subject and grade level. The lists shall terminate and shall no longer be effective on the date prescribed by the state board pursuant to this subdivision.

(k) The state board may approve multiple lists of instructional materials, without designating a grade or subject, and the state board may designate more than one grade or subject whenever it determines that a single subject designation or a single grade designation would not promote the maximum efficiency of pupil learning. Any materials so designated may be placed on single grade or single subject lists, or multigrade or interdisciplinary lists, or may be placed on separate lists including other materials with similar grade or subject designations.

(*l*) A composite listing in the format of an order form may be used to meet the requirements of this section.

(m) The lists maintained pursuant to this section shall not be deemed to control the use period by any local district.

(n) Upon making an adoption, the state board shall establish the date upon which those adopted materials shall initially be available for use by schools.

(b) These forms shall be utilized for the Cal Grant Program, all other programs funded by the state or a public institution of postsecondary education (except for the Board of Governors' Financial Assistance Program authorized by Chapter 1118 of the Statutes of 1987, for which a simplified form designed for that sole purpose may be used), and all federal programs administered by a public postsecondary education institution.

decide whether to, use the standard application forms for funds provided by private donors.

(e) The Legislature finds and declares that it is in the best interest of students that all postsecondary education institutions in California participating in federal and state-funded financial aid programs accept the standard application forms authorized by the Student Aid Commission.

CHAPTER 11. DEPARTMENT OF PERMIT ASSISTANCE

Article 1. General Provisions

15399.50. (a) The Department of Permit Assistance is hereby created in the Trade and Commerce Agency. The department succeeds to, and is vested with, all of the duties, purposes, and responsibilities required to be performed by the Office of Planning and Research and the Office of Permit Assistance relating to permit assistance pursuant to Division 1 (commencing with Section 65000) of Title 7. The department shall develop guidelines to provide technical assistance to counties and cities in establishing and operating an expedited development permit process. The guidelines shall include, but not be limited to, all of the following elements of a local permit process:

(1) A central contact point with a public agency where all permit applications can be filed and information on all permit requirements can be obtained.

(2) A referral process to: (A) refer the applicant to the appropriate functional area for resolution of problems and fulfillment of requirements; (B) refer the applicant to cities within the county in whose sphere of influence the proposed project lies for review, comment, or imposition of condition permits; (C) assign an individual from the local government to be responsible for guiding the application through all local permit bodies; or (D) include any combination of the above.

(b) A master permit document that covers permits for all functional areas and which could be used for obtaining the approvals of the various functional areas.

(c) A method of tracking progress on various permit applications, which may include identifying a staff person responsible for monitoring permits.

(d) A determination as to completeness of the master permit document upon its submission and a written statement of specific information that is missing, if any.

(e) Timetables for action on individual permits.

(f) An expedited appeal process to ensure fair treatment to the applicant using existing agencies, staffs, commissions, or boards, where possible.

(g) A variety of administrative mechanisms that will describe the least costly approaches for implementation in a variety of local circumstances. In developing the guidelines, local variations in population rate of growth, types of proposed development projects, geography, and differences in local government structure shall be recognized.

15399.51. (a) (1) Every city, county, or city and county shall provide for coordination of review and decisionmaking and the provision of information regarding the status of all applications and permits for residential, commercial, and industrial developments, as required by the city, county, or city and county, by a single administrative entity. The city, county, or city and county may charge fees to defray costs which are directly attributable to the coordination of an application of a developer by a single administrative entity.

(2) For the purposes of this section, "administrative entity" means a person or agency designated by the legislative body of the city, county, or city and county to coordinate the review and decisionmaking and provide information regarding the status of all permits or applications required by the local agency.

(3) A city, county, or city and county may adopt, by resolution or ordinance, procedures for the implementation of this section by the designated administrative entity.

(b) (1) At the request of an applicant, the administrative entity may coordinate the review and decisionmaking process with

affected special districts and the administrative entity designated by the legislative body of any other city, county, or city and county within whose jurisdiction application for approval of the development is also being made in order to provide concurrent processing within those jurisdictions.

(2) The department shall evaluate the extent to which this subdivision has resulted in an expedited development permit process and shall report its findings and conclusions to the Legislature on or before January 1, 1996.

(3) This subdivision shall have no application or effect on and after January 1, 1997.

15399.52. The guidelines established by the department pursuant to Section 15399.50 shall be advisory in nature. In no way shall these guidelines constitute a mandate upon cities or counties to take any of the actions contained therein.

15399.53. The department shall provide technical assistance and, subject to availability of funds appropriated, grants-in-aid, to assist counties and cities in establishing an expedited permit process pursuant to Section 15399.50. Any city or county receiving such a grant shall enact an expedited permit process within 10 months of the date of receipt. Nothing in this section or in Section 15399.50, shall in any way preclude a county or city from establishing an expedited permit process pursuant to a procedure established solely by that county or city. If the office has adopted guidelines pursuant to Section 15399.50, and a county or city has established an expedited permit process pursuant to its own procedures, in all cases the process established by the city or county shall prevail over conflicting provisions of the guidelines.

15399.54. The department shall provide information to developers explaining the permit approval process at the state and local level. The department shall ensure that all state agencies comply with applicable requirements of this chapter.

15399.55. (a) The department may call a conference of parties to resolve questions or mediate disputes arising from permit applications on any proposed development project.

(b) The department shall assist state and local agencies in an attempt to streamline the permit approval process at the state and local level.

(c) The office shall provide information to developers to assist them in meeting the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

15399.56. (a) The department, in consultation with the Resources Agency and the Environmental Protection Agency, shall develop a consolidated project information form which may be used by applicants for development projects. This form shall provide for sufficient information to allow state agencies to determine whether or not the project will be subject to the requirement for a permit from the agency.

(b) Applicants for development projects may submit the form provided by subdivision (a) to the department for distribution to state agencies which have permit responsibilities for development projects. The department shall send copies of the form to these agencies within three days of receipt.

(c) Within 30 days of receipt of the form, each agency shall notify the department in writing whether or not a permit from that agency may be required. The agency shall then send the department the appropriate permit application forms.

(d) Within 15 days of receipt of the completed form from the agencies, the department shall notify the applicant for a development project in writing of any permits required for the project specified, and it shall send the applicant the appropriate permit application forms received from the state agencies.

(e) The department, in consultation with the Resources Agency, and the Environmental Protection Agency, shall develop a consolidated project application form which may be used by applicants for development projects. The application form shall contain sufficient information to allow state agencies, departments, commissions, boards, and other administrative divisions within the agencies, to act on a permit for the project.

(f) Each state agency may develop an agency consolidated project application form which may be used by applicants for development projects. The application form shall contain sufficient information to allow the agency and any department, commission, board, and other administrative division within that agency to act on a permit.

(g) The department, in consultation with local governments, shall develop a consolidated project application form which may be used by applicants for development projects. The application form shall contain sufficient information to allow local agencies to act on a permit for the project and shall allow for additional information needs of local agencies.

(h) The department may charge an applicant for a development project a fee, not to exceed the estimated reasonable cost of providing the services performed pursuant to this section. Before levying or changing a fee, the department shall adopt or amend regulations pursuant to the Administrative Procedures Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2). The department shall make available to the public upon request data indicating the amount of cost, or estimated cost, required to provide the service and the revenue sources anticipated to provide the service, including general or special fund revenues.

The departmental or agency affirmative action officer shall, among other duties, analyze and report on appointments of employees, request appropriate action of the departmental director or agency secretary, submit an evaluation of the effectiveness of the total affirmative action program to the State Personnel Board annually, monitor the composition of oral panels in departmental examinations, and perform other duties necessary for the effective implementation of the departmental and agency affirmative action plans.

CHAPTER 57

An act to add Sections 17717.1 and 35001.1 to, and Chapter 3.1 (commencing with Section 41470) to Part 24 of, the Education Code, relating to school funding, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The Richmond Unified School District has had significant financial difficulties during the past several years, causing it to seek financial assistance in the form of two loans, which the school district is obligated to repay to the State of California over the next several years.

(b) Since the November 1991 governing board election, the governing board of the Richmond Unified School District has been comprised primarily of new school board members.

(c) The Richmond Unified School District has selected a new superintendent who has a significant number of years of experience in public education and a track record of guiding a large urban elementary school district through severe economic times while maintaining that school district's solvency.

(d) Through significant fiscal austerity measures, the Richmond Unified School District has restructured its operating cost bases, and a financial recovery plan has been adopted, resulting in a 1992–93 fiscal year district budget being balanced with a 2-percent reserve.

(e) Although the district is able to meet its current financial obligations due to the budget reductions, the repayment of the state loans from the general funds of the district would cause severe

financial hardship and would expose the district to potential bankruptcy.

(f) It is, therefore, the Legislature's intent that the Richmond Unified School District, renamed the West Contra Costa Unified School District, be authorized to use any proceeds derived from the lease, rent, sale, or other utilization of, district real properties and facilities as one means to repay specified loans from the General Fund.

SEC. 2. Section 17717.1 is added to the Education Code, to read:

17717.1. (a) The West Contra Costa Unified School District shall be ineligible for any state school facilities funding for a period of five years from the date of enactment of this legislation, or until the date of the final payment on its entire debt to the state, including both principal and interest, whichever is later.

Notwithstanding the above, the school district may continue to receive funding for deferred maintenance activities and for those purposes specified in subdivision (b).

(b) The State Allocation Board shall approve funding for only those Richmond Unified School District State School Building Lease-Purchase Program projects which were approved for Phase II apportionments on or before April 1, 1993. All West Contra Costa Unified School District projects may be considered for funding by the State Allocation Board either in five years or after the complete repayment of the loan established under Section 41471, whichever is later.

(c) In the event that the State Allocation Board approves the replacement of the existing Belding Elementary School with funds currently allocated for the modernization of the Harry Ells Middle School and the Samuel Gompers Middle School, that approval shall be considered allowable exemption under subdivision (b). Authority for this exemption is repealed on November 1, 1993, if approval of Phase III construction apportionment for the replacement of the existing Belding Elementary School has not occurred.

In allowing for the possibility of this exemption, it is not the intent of the Legislature to interfere in any way with the decisionmaking authority and process of the State Allocation Board. It is the intent of the Legislature that a proposal to replace the existing Belding Elementary School with funds currently allocated to the modernization of the Harry Ells Middle School and the Samuel Gompers Middle School be submitted to the State Allocation Board under its existing procedures and policies. The State Allocation Board's decision shall be based on the merits of the proposal, not this exemption authority. Specifically, this subdivision may not be used as justification for approval of a project to replace the Belding Elementary School.

(d) Any properties or facilities designated by the school district to be used for other than school purposes to generate capital to repay the outstanding debt shall be ineligible for deferred maintenance funding. Should any facilities receive funding for those purposes

after the enactment of this legislation, and later be declared available for purposes intended to repay the debt, the value of state funding received for deferred maintenance at that facility shall be deducted from ongoing or future deferred maintenance projects in the district.

If no projects are available for offset of apportionments, the value of the deferred maintenance performed will be added to the outstanding loan balance.

SEC. 3. Section 35001.1 is added to the Education Code, to read:

35001.1. Notwithstanding Section 35001, the Richmond Unified School District is hereby renamed and shall be known as the "West Contra Costa Unified School District."

SEC. 4. Chapter 3.1 (commencing with Section 41470) is added to Part 24 of the Education Code, to read:

CHAPTER 3.1. EMERGENCY APPORTIONMENT REPAYMENT FOR WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT

Article 1. Repayment of Loan Obligations

41470. Notwithstanding any other provision of law, the West Contra Costa Unified School District is authorized to lease, rent, sell, or otherwise utilize, excess school district real properties and facilities, the proceeds of which shall be used for the exclusive and sole purpose of repaying specified loans from the General Fund. Those properties may include the properties identified by prior resolution of the Richmond Unified School District. No real properties upon which state funds have been expended for acquisition or construction of new, or renovation of existing, structures for which an encumbrance to the state is currently in effect, may be used for this purpose. Any proposed utilization of school district properties or facilities shall be specified in a general district plan that is part of the financial recovery plan developed by the district pursuant to Section 41327.

41471. (a) The loan obligations to which this chapter applies are as follows:

(1) The loan of nine million five hundred twenty-five thousand dollars ($9,525,000) made to the Richmond Unified School District from the General Fund as an emergency apportionment pursuant to Chapter 171 of the Statutes of 1990, less any principal payments made prior to enactment of this bill.

(2) The loan of nineteen million dollars ($19,000,000) to the Richmond Unified School District, made pursuant to the May 2, 1991, order of the Superior Court of Contra Costa County.

(3) Interest charges through January 31, 1993, at the rates established by the initial loan agreements or legislation, as reflected in the repayment schedule specified in paragraph (b) of Section 41472. Interest charges beginning February 1, 1993, apply at a rate equal to the daily investment rate of the Pooled Money Investment Account on January 1, 1993.

(b) The loans specified in paragraphs (1) and (2) of subdivision (a) are hereby consolidated into one outstanding debt in the amount of twenty-eight million five hundred twenty-five thousand dollars ($28,525,000), less any principal payments made prior to enactment of this bill.

(c), (d), or (e) of Section 11357 or subdivision (b) of Section 11360, shall not be kept beyond two years from the date of the conviction, or from the date of the arrest if there was no conviction, except with respect to a violation of subdivision (e) of Section 11357 the records shall be retained until the offender attains the age of 18 years at which time the records shall be destroyed as provided in this section. Any court or agency having custody of the records shall provide for the timely destruction of the records in accordance with subdivision (c). The requirements of this subdivision do not apply to records of any conviction occurring prior to January 1, 1976, or records of any arrest not followed by a conviction occurring prior to that date.

(b) This subdivision applies only to records of convictions and arrests not followed by conviction occurring prior to January 1, 1976, for any of the following offenses:

(1) Any violation of Section 11357 or a statutory predecessor thereof.

The application shall be submitted upon a form supplied by the Department of Justice and shall be accompanied by a fee, which shall be established by the department in an amount which will defray the cost of administering this subdivision and costs incurred by the state under subdivision (c), but which shall not exceed thirty-seven dollars and fifty cents ($37.50). a refund of all or a portion of the fee submitted with the application, as provided in this section. If the applicant fails or refuses to submit fingerprints in accordance with the department's request within a reasonable time which shall be established by the department, or if the applicant requests a refund of the fee, the department shall promptly mail a refund to the applicant at the address specified in the application or at any other address which may be specified by the applicant. However, if the department has notified the applicant that election to abandon the application will result in forfeiture of a specified amount which is a portion of the fee, the department may retain a portion of the fee which the department determines will defray the actual costs of processing the application, provided the amount of the portion retained shall not exceed ten dollars ($10).

Upon receipt of a sufficient application, the Department of Justice shall destroy records of the department, if any, pertaining to the arrest or conviction in the manner prescribed by subdivision (c) and shall notify the Federal Bureau of Investigation, the law enforcement agency which arrested the applicant, and, if the applicant was convicted, the probation department which investigated the applicant and the Department of Motor Vehicles, of the application.

(c) Destruction of records of arrest or conviction pursuant to subdivision (a) or (b) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest or conviction, and the record shall be prepared again so that it appears that the arrest or conviction never occurred. However, where (1) the only entries upon the record pertain to the arrest or conviction and (2) the record can be destroyed without necessarily effecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(d) Notwithstanding subdivision (a) or (b), written transcriptions of oral testimony in court proceedings and published judicial appellate reports are not subject to this section. Additionally, no records shall be destroyed pursuant to subdivision (a) if the defendant or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of those records has received a certified copy of the complaint in the civil action, until the civil action has finally been resolved. Immediately following the final resolution of the civil action, records subject to subdivision (a) shall be destroyed pursuant to subdivision (c) if more than two years have elapsed from the date of the conviction or arrest without conviction.

(b) Each employer subject to this section shall keep a copy of each employee's personnel file at the place the employee reports to work, or shall make such file available at such place within a reasonable period of time after a request therefor by the employee.

(c) This section does not apply to the records of an employee relating to the investigation of a possible criminal offense. It shall not apply to letters of reference.

(d) If a local agency has established an independent employee relations board or commission, any matter or dispute pertaining to this section shall be under the jurisdiction of that board or commission, but an employee shall not be prohibited from pursuing any available judicial remedy, whether or not relief has first been sought from a board or commission.

(e) This section shall not apply to public employers, including, but not limited to, every city, county, city and county, district, and every public and quasi-public agency. This section shall not apply to the state or any state agency, and shall not apply to public school districts with respect to employees covered by Section 44031 of the Education Code. Nothing in this section shall be construed to limit the rights of employees pursuant to Section 31011 of the Government Code or Section 87031 of the Education Code, or to provide access by a public safety employee to confidential preemployment information.

SEC. 14. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be

considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert such information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon,

other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, burglary, burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and was armed with such a weapon at either of those times.

(2) Any person who used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, or 288a, 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machine gun under Section 12220, or a silencer under Section 12520.

(f) When probation is granted in a case which comes within the provisions of subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement in any case where the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4).

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 14. Section 14206 of the Penal Code is amended to read:

14206. (a) (1) When any person makes a report of a missing person to a police department, sheriff's department, district attorney's office, California Highway Patrol, or other law enforcement agency, the report shall be given in person or by mail in a format acceptable to the Attorney General. That form shall include a statement authorizing the release of the dental or skeletal X-rays, or both, of the person reported missing and authorizing the release of a recent photograph of a person reported missing who is under 18 years of age. Included with the form shall be instructions which state that if the person reported missing is still missing 30 days after the report is made, the release form signed by a member of the family or next of kin of the missing person shall be taken by the family member or next of kin to the dentist, physician and surgeon, or medical facility in order to obtain the release of the dental or skeletal X-rays, or both, of that person or may be taken by a peace officer, if others fail to take action, to secure those X-rays. Notwithstanding any other provision of law, dental or skeletal X-rays, or both, shall be released by the dentist, physician and surgeon, or medical facility to the person presenting the request and shall be submitted within 10 days by that person to the police or sheriff's department or other law enforcement agency having jurisdiction over the investigation. When the person reported missing has not been found within 30 days and no family or next of kin exists or can be located, the law enforcement agency may execute a written declaration, stating that an active investigation seeking the location of the missing person is being conducted, and that the dental or skeletal X-rays, or both, are necessary for the exclusive purpose of furthering the investigation. Notwithstanding any other provision of law, the written declaration, signed by a peace officer, is sufficient authority for the dentist, physician and surgeon, or medical facility to release the missing person's dental or skeletal X-rays, or both.

(2) The form provided under this subdivision shall also state that if the person reported missing is under 18 years of age, the completed form shall be taken to the dentist, physician and surgeon, or medical facility immediately when the law enforcement agency determines that the disappearance involves evidence that the person is at risk or when the law enforcement agency determines that the person missing is under 12 years of age and has been missing at least 14 days. The form shall further provide that the dental or skeletal X-rays, or both, and a recent photograph of the missing child shall be submitted immediately to the law enforcement agency. Whenever authorized under this subdivision to execute a written declaration to obtain the release of dental or skeletal X-rays, or both, is provided, the investigating law enforcement agency may obtain those X-rays when a person reported missing is under 18 years of age and the law enforcement agency determines that the disappearance involves evidence that the person is at risk. In each case, the law enforcement agency may confer immediately with the coroner or medical

examiners and may submit its report including the dental or skeletal X-rays, or both, within 24 hours thereafter to the Attorney General. The Attorney General's office shall code and enter the dental or skeletal X-rays, or both, into the center.

(b) When a person reported missing has not been found within 45 days, the sheriff, chief of police, or other law enforcement agency conducting the investigation for the missing person may confer with the coroner or medical examiner prior to the preparation of a missing person report. The coroner or medical examiner shall cooperate with the law enforcement agency. After conferring with the coroner or medical examiner, the sheriff, chief of police, or other law enforcement agency initiating and conducting the investigation for the missing person may submit a missing person report and the dental or skeletal X-rays, or both, and photograph received pursuant to subdivision (a) to the Attorney General's office in a format acceptable to the Attorney General.

Nothing in this section prohibits a parent or guardian of a child, reported to a law enforcement agency as missing, from voluntarily submitting fingerprints, and other documents, to the law enforcement agency accepting the report for inclusion in the report which is submitted to the Attorney General.

SEC. 16. Section 1513 of the Probate Code is amended to read:

1513. (a) Unless waived by the court, a court investigator, probation officer, or domestic relations investigator may make an investigation and file with the court a report and recommendation concerning each proposed guardianship of the person or guardianship of the estate. Investigations where the proposed guardian is a relative shall be made by a court investigator. Investigations where the proposed guardian is a nonrelative shall be made by the county agency designated to investigate potential dependency. The report for the guardianship of the person shall include, but need not be limited to, an investigation and discussion of all of the following:

(1) A social history of the guardian.

(2) A social history of the proposed ward, including, to the extent feasible, an assessment of any identified developmental, emotional, psychological, or educational needs of the proposed ward and the capability of the petitioner to meet those needs.

(3) The relationship of the proposed ward to the guardian, including the duration and character of the relationship, where applicable, the circumstances whereby physical custody of the proposed ward was acquired by the guardian, and a statement of the proposed ward's attitude concerning the proposed guardianship, unless the statement of the attitude is affected by the proposed ward's developmental, physical, or emotional condition.

(4) The anticipated duration of the guardianship and the plans of both natural parents and the proposed guardian for the stable and permanent home for the child. The court may waive this requirement for cases involving relative guardians.

(b) The report shall be read and considered by the court prior to ruling on the petition for guardianship, and shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(c) If the investigation finds that any party to the proposed guardianship alleges the minor's parent is unfit, as defined by Section 300 of the Welfare and Institutions Code, the case shall be referred to the county agency designated to investigate potential dependencies. Guardianship proceedings shall not be completed until the investigation required by Sections 328 and 329 of the Welfare and Institutions Code is completed and a report is provided to the court in which the guardianship proceeding is pending.

(d) The report authorized by this section is confidential and shall only be made available to persons who have been served in the proceedings or their attorneys. The county clerk shall make provisions for the limitation of the report exclusively to persons entitled to its receipt.

(e) For the purpose of writing the report authorized by this section, the person making the investigation and report shall have access to the proposed ward's school records, probation records, and public and private social services records, and to an oral or written summary of the proposed ward's medical records and psychological records prepared by any physician, psychologist, or psychiatrist who made or who is maintaining those records. The physician, psychologist, or psychiatrist shall be available to clarify information regarding these records pursuant to the investigator's responsibility to gather and provide information for the court.

(f) This section does not apply to guardianships resulting from a permanency plan for a dependent child pursuant to Section 366.25 of the Welfare and Institutions Code.

SEC. 17. Section 21670 of the Public Utilities Code is amended to read:

21670. (a) The Legislature hereby finds and declares that:

(1) It is in the public interest to provide for the orderly development of each public use airport in this state and the area surrounding these airports so as to promote the overall goals and objectives of the California airport noise standards adopted pursuant to Section 21669 and to prevent the creation of new noise and safety problems.

(2) It is the purpose of this article to protect public health, safety, and welfare by ensuring the orderly expansion of airports and the adoption of land use measures that minimize the public's exposure to excessive noise and safety hazards within areas around public airports to the extent that these areas are not already devoted to incompatible uses.

(b) In order to achieve the purposes of this article, every county in which there is located an airport which is served by a scheduled airline may establish an airport land use commission. Every county, in which there is located an airport which is not served by a

scheduled airline, but is operated for the benefit of the general public, may establish an airport land use commission, except that the board of supervisors of the county may, after consultation with the appropriate airport operators and affected local entities and after a public hearing, adopt a resolution finding that there are no noise, public safety, or land use issues affecting any airport in the county which require the creation of a commission and declaring the county exempt from that requirement. The board may, in this event, transmit a copy of the resolution to the Director of Transportation. For purposes of this section, "commission" means an airport land use commission. Each commission shall consist of seven members to be selected as follows:

(1) Two representing the cities in the county, appointed by a city selection committee comprised of the mayors of all the cities within that county, except that if there are any cities contiguous or adjacent to the qualifying airport, at least one representative shall be appointed therefrom. If there are no cities within a county, the number of representatives provided for by paragraphs (2) and (3) shall each be increased by one.

(2) Two representing the county, appointed by the board of supervisors.

(3) Two having expertise in aviation, appointed by a selection committee comprised of the managers of all of the public airports within that county.

(4) One representing the general public, appointed by the other six members of the commission.

(c) Public officers, whether elected or appointed, may be appointed and serve as members of the commission during their terms of public office.

(d) Each member shall promptly appoint a single proxy to represent him or her in commission affairs and to vote on all matters when the member is not in attendance. The proxy shall be designated in a signed written instrument which shall be kept on file at the commission offices, and the proxy shall serve at the pleasure of the appointing member. A vacancy in the office of proxy shall be filled promptly by appointment of a new proxy.

(e) A person having an "expertise in aviation" means a person who, by way of education, training, business, experience, vocation, or avocation has acquired and possesses particular knowledge of, and familiarity with, the function, operation, and role of airports, or is an elected official of a local agency which owns or operates an airport. The commission shall be constituted pursuant to this section on and after March 1, 1988.

SEC. 18. Section 20018 of the Vehicle Code is amended to read:

20018. Every law enforcement agency having traffic law enforcement responsibility as specified in subdivision (a) of Section 830.1 and in subdivision (a) of Section 830.2 of the Penal Code may develop, adopt, and implement a written policy for its officers to provide assistance to disabled motorists on highways within its

primary jurisdiction. A copy of the policy, if adopted, shall be available to the public upon request.

SEC. 19. Section 209 of the Welfare and Institutions Code, as amended by Section 26 of Chapter 695 of the Statutes of 1992, is amended to read:

The judge shall note in the minutes of the court whether the facility is a suitable place for confinement of minors.

If a judge of the juvenile court, after inspection of a jail, juvenile hall, special purpose juvenile hall, or lockup, finds that it is not being operated and maintained as a suitable place for the confinement of minors, the juvenile court shall give notice of its finding to all persons having authority to confine minors pursuant to this chapter and commencing 60 days thereafter the facility shall not be used for confinement of minors until the judge finds, after reinspection of the facility that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for confinement of minors.

The custodian of each jail, juvenile hall, special purpose juvenile hall, and lockup may make any reports as may be requested by the Department of the Youth Authority or the juvenile court to effectuate the purposes of this section.

(b) A judge of the juvenile court shall conduct an annual inspection, either in person or through a delegated member of the appropriate county or regional juvenile justice commission, of any law enforcement facility which contains a lockup for adults which, in the preceding year, was used for the secure detention of any minor.

If the judge finds after inspection that the facility is not being operated and maintained in conformity with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2, the juvenile court shall give notice of its finding to all persons having authority to securely detain minors in the facility, and, commencing 60 days thereafter, the facility shall not be used for the secure detention of a minor until the judge finds, after reinspection, that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for the confinement of minors in conformity with all requirements of law.

shall annually publish this information in the form as it deems appropriate for the purpose of providing public information on continuing compliance with the requirements of Section 207.1.

(d) Every person in charge of a jail, juvenile hall, special purposes juvenile hall, or lockup that, in the preceding calendar year, was used for confinement, for more than 24 hours, of any minor, may certify annually to the Department of the Youth Authority that the facility is in conformity with the regulations adopted by the department under Section 210 or 210.2, whichever is applicable. The department may provide forms and instructions to local jurisdictions to facilitate compliance with this subdivision.

(e) This section shall remain operative until July 1, 1995, on which date it shall be repealed.

SEC. 20. Section 209 of the Welfare and Institutions Code, as amended by Section 27 of Chapter 695 of the Statutes of 1992, is amended to read:

The judge shall note in the minutes of the court whether the facility is a suitable place for confinement of minors.

The Department of the Youth Authority shall likewise conduct an annual inspection of each jail, juvenile hall, lockup, or special purpose juvenile hall situated in this state which, during the preceding calendar year, was used for confinement, for more than 24 hours, of any minor.

If either a judge of the juvenile court or the department, after inspection of a jail, juvenile hall, special purpose juvenile hall, or lockup, finds that it is not being operated and maintained as a suitable place for the confinement of minors, the juvenile court or the department shall give notice of its finding to all persons having authority to confine minors pursuant to this chapter and commencing 60 days thereafter the facility shall not be used for confinement of minors until the time the judge or department, as the case may be, finds, after reinspection of the facility that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for confinement of minors.

The custodian of each jail, juvenile hall, special purpose juvenile hall, and lockup may make any reports as may be requested by the department or the juvenile court to effectuate the purposes of this section.

(b) The Department of the Youth Authority may inspect any law enforcement facility which contains a lockup for adults and which it has reason to believe may not be in compliance with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2.

A judge of the juvenile court shall conduct an annual inspection, either in person or through a delegated member of the appropriate county or regional juvenile justice commission, of any law enforcement facility which contains a lockup for adults which, in the preceding year, was used for the secure detention of any minor.

If either the judge or the department finds after inspection that the facility is not being operated and maintained in conformity with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2, the juvenile court or the department shall give notice of its finding to all persons having authority to securely detain minors in the facility, and, commencing 60 days thereafter, the facility shall not be used for the secure detention of a minor until the time the judge or the department, as the case may be, finds, after reinspection, that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for the confinement of minors in conformity with all requirements of law.

The custodian of each law enforcement facility which contains a lockup for adults may make any report as may be requested by the department or by the juvenile court to effectuate the purposes of this subdivision.

(c) The department shall collect annual data on the number, place, and duration of confinements of minors in jails and lockups, as defined in subdivision (i) of Section 207.1, and shall annually publish this information in the form as it deems appropriate for the purpose of providing public information on continuing compliance with the requirements of Section 207.1.

(d) This section shall become operative on July 1, 1995.

(a) Whenever any person applies to the probation officer to commence proceedings in the juvenile court, the application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer may make any investigation he or she deems

necessary to determine whether proceedings in the juvenile court shall be commenced.

(b) Except as provided in subdivision (c), if the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person to be a ward of the juvenile court on the basis that he or she is a person described in Section 602, the probation officer may cause the affidavit to be taken to the prosecuting attorney.

(c) Notwithstanding the provisions of subdivision (b), the probation officer may cause the affidavit to be taken within 48 hours to the prosecuting attorney in all of the following cases:

(1) If it appears to the probation officer that the minor has been referred to the probation officer for any violation of an offense listed in subdivision (b) of Section 707.

(2) If it appears to the probation officer that the minor is under 16 years of age at the date of the offense and that the offense constitutes a second felony referral to the probation officer.

(3) If it appears to the probation officer that the minor was 16 years of age or older at the date of the offense and that the offense constitutes a felony referral to the probation officer.

(4) If it appears to the probation officer that the minor has been referred to the probation officer for the sale or possession for sale of a controlled substance as defined in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

(5) If it appears to the probation officer that the minor has been referred to the probation officer for a violation of Section 11350 or 11377 of the Health and Safety Code where the violation takes place at a public or private elementary, vocational, junior high school, or high school, or a violation of Section 245.5, 626.9, or 626.10 of the Penal Code.

(7) If it appears to the probation officer that the minor has previously been placed in a program of informal probation pursuant to Section 654.

(8) If it appears to the probation officer that the minor has committed an offense in which the restitution owed to the victim exceeds one thousand dollars ($1,000). For purposes of this paragraph, the definition of "victim" in paragraph (1) of subdivision (a) of Section 729.6 and "restitution" in subdivision (d) of Section 729.6 shall apply.

Except for offenses listed in paragraph (5), the provisions of subdivision (c) shall not apply to a narcotics and drug offense set forth in Section 1000 of the Penal Code.

(d) In all matters where the minor is not in custody and is already a ward of the court or a probationer under Section 602, the prosecuting attorney, within five judicial days of receipt of the affidavit from the probation officer, shall institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code, unless it appears to the prosecuting attorney that the affidavit was not properly referred or that the offense for which the minor was referred requires additional substantiating information, in which case he or she shall immediately notify the probation officer of what further action he or she is taking.

(e) This section shall become operative on January 1, 1993, unless a later enacted statute, which is enacted before January 1, 1993, changes that date.

SEC. 23. The Legislature finds and declares that certain state-mandated local programs which in prior years have been suspended through nonappropriation in the state budget should be permanently eliminated and that this is the purpose of this act.

SEC. 24. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 8261 of the Education Code is amended to read:

8261. (a) The Superintendent of Public Instruction shall adopt rules and regulations pursuant to this chapter. The rules and regulations shall include, but not be limited to, provisions which do all of the following:

(1) Provide clear guidelines for the selection of agencies when child development contracts are let, including, but not limited to, specification that any agency headquartered in the proposed service area on January 1, 1985, will be given priority for a new contract in that area, unless the State Department of Education makes a written determination that (A) the agency is not able to deliver the level of services specified in the request for proposal, or (B) the department has notified the agency that it is not in compliance with the terms of its contract.

(2) Provide for a contract monitoring system to ensure that agencies expend funds received pursuant to this chapter in accordance with the provisions of their contracts.

(3) Specify adequate standards of agency performance.

(4) Establish reporting requirements for service reports, including provisions for varying the frequency with which these reports are to be submitted on the basis of agency performance.

(5) Specify standards for withholding payments to agencies that fail to submit required fiscal reports.

(6) Set forth standards for state department site visits to contracting agencies, including, but not limited to, specification as to the purpose of the visits, the personnel that will perform these visits, and the frequency of these visits which shall be as frequently as staff and budget resources permit. On an annual basis, beginning September 1985, the department shall report to the Senate Education, Senate Health and Human Services, Assembly Education, and Assembly Human Services Committees on the number of visits conducted during the previous fiscal year pursuant to this paragraph.

(b) The superintendent shall consult with the State Department of Social Services with respect to rules and regulations adopted relative to the disbursal of federal funds under Title XX of the federal Social Security Act.

(c) For purposes of expediting the implementation of state or federal legislation to expand child care services, the superintendent may waive (1) the regulations regarding the point qualifications for, and the process and scoring of, interviews of contract applicants pursuant to Section 18002 of Title 5 of the California Code of Regulations, or (2) the time limitations for scheduling and notification of appeal hearings and their results pursuant to Section

18003 of Title 5 of the California Code of Regulations. The superintendent shall ensure that the appeal hearings provided for in Section 18003 of Title 5 of the California Code of Regulations are conducted in a timely manner.

(d) Any county agency that provides contracting services pursuant to this chapter shall not be subject to any rules and regulations adopted by the superintendent which provide for self-evaluation or self-assessment.

SEC. 2. Section 45452 of the Education Code is repealed.

SEC. 3. Section 45452.5 of the Education Code is repealed.

SEC. 4. Section 30501 of the Food and Agricultural Code is amended to read:

30501. (a) The board of supervisors of any county or the governing body of any city may adopt Sections 30801, 30802, 30803, 30804, 30805, 30952, 31105, 31106, 31107, 31108, 31152, 31153, 31251, 31252, and 31254. If those sections are adopted by the board of supervisors of any county or the governing body of any city, those sections shall apply within the territorial limits of the county or the city, as the case may be. Nothing in this division requires a county to enforce those provisions within the territorial limits of any city located within the county.

(b) Whenever the term "board of supervisors," "county," "county clerk," or "animal control officer" is used in this division, those terms shall also be deemed to include the governing body of a city, a city, the city clerk, or the animal control officer of a city, respectively.

SEC. 5. Section 8690.6 of the Government Code is amended to read:

8690.6. (a) There is hereby established in the Reserve for Economic Uncertainties a Disaster Response-Emergency Operations Account. Notwithstanding Section 13340, moneys in the account are continuously appropriated, without regard to fiscal years, for allocation by the Director of Finance to state agencies for disaster response operation costs incurred by state agencies as a result of a state of emergency proclamation by the Governor. These allocations may be for emergency protective measures for the preservation of life or property within the state, or activities necessary for the resumption of regular state and local government operations and services.

(b) It is the intent of the Legislature that the Disaster Response-Emergency Operations Account have an unencumbered balance of one million dollars ($1,000,000) at the beginning of each fiscal year. In the event that this account requires additional moneys to meet claims against the account, the Director of Finance may transfer moneys from the Special Fund for Economic Uncertainties to the account in that amount sufficient to pay the amount of the claims that exceed the unencumbered balance in the account.

(c) The funds shall be allocated subject to the conditions of this section and in accordance with Section 27.00 of the annual Budget Act, except that the allocations may be made 30 days or less after

notification of the Legislature pursuant to subdivision (b) of that section.

(d) No funds allocated under this section shall be used to supplant federal funds otherwise available in the absence of state financial relief.

(e) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state-funded disaster assistance, shall be deducted from sums received in payment of damage claims asserted against the state, its agents, or employees, for causing or contributing to the effects of the proclaimed disaster.

(f) No public entity administering disaster assistance to individuals shall receive funds under this section unless it administers that assistance pursuant to the following criteria:

(1) All applications, forms, and other written materials presented to persons seeking assistance shall be available in English and in the same language as that used by the major non-English-speaking group within the disaster area.

(2) Bilingual staff who reflect the demographics of the disaster area shall be available to applicants.

(g) The Legislature finds and declares that the amendments made to subdivision (c) of this section by Chapter 16 of the Statutes of 1986 declare the intent of the Legislature at the time when this section was originally added to this code by Chapter 1562 of the Statutes of 1985.

(h) This section shall become inoperative on June 30, 1996, and, as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. Section 46050.1 of the Health and Safety Code is amended to read:

46050.1. Notwithstanding Section 65040.2 of the Government Code, the office shall adopt, in coordination with the Office of Planning and Research and each state department and agency as it deems appropriate, guidelines for the preparation and content of noise elements as required by Section 65302 of the Government Code.

In adding Section 39850.1 to the Health and Safety Code, which was the predecessor to this section, and amending Section 65302 of the Government Code by Chapter 1124 of the Statutes of 1975, it was the intent of the Legislature to ensure, insofar as possible, that new and periodically revised noise elements in local governments' general plans be more standardized, comprehensive, and utilitarian than they had been previously.

However, the Legislature also recognized that some cities and counties had already adopted noise elements pursuant to the existing Section 65302 of the Government Code and that others had received extensions on the due date of their noise element until September 20, 1975. Those cities and counties were not required to resubmit new

noise elements consistent with Section 65302 of the Government Code, or to recognize guidelines adopted pursuant to this section, but are required, upon initial and periodic revision of the noise element, to comply with Section 65302 of the Government Code and to recognize those guidelines.

The requirement that the office adopt guidelines for the preparation and content of noise elements shall be inoperative during the 1993–94 fiscal year.

SEC. 7. Section 3711 of the Labor Code is amended to read:

3711. The director may, at any time, require any employer to furnish a written statement showing the name of his or her insurer or the manner in which the employer has complied with the provisions of Section 3700. Failure of the employer for a period of 10 days to furnish the written statement is prima facie evidence that he or she has failed or neglected in respect to the matters so required. The 10-day period shall not be construed to allow an uninsured employer, so found by the director, any extension of time from the application of the provisions of Section 3710.1. An insured employer who fails to respond to an inquiry respecting his or her status as to his or her workers' compensation security shall be assessed and required to pay a penalty of five hundred dollars ($500) to the director for deposit in the State Treasury to the credit of the Uninsured Employers Fund. In any prosecution under this article, the burden of proof is upon the defendant to show that he or she has secured the payment of compensation in one of the two ways set forth in Section 3700.

SEC. 8. Section 42911 of the Public Resources Code is amended to read:

42911. (a) By September 1, 1994, each local agency shall adopt an ordinance relating to adequate areas for collecting and loading recyclable materials in development projects.

(b) If by September 1, 1994, a local agency has not adopted an ordinance for collecting and loading recyclable materials in development projects, the model ordinance adopted pursuant to Section 42910 shall take effect on that date and shall be enforced by the local agency and have the same force and effect as if adopted by the local agency as an ordinance.

SEC. 9. Section 4108.5 of the Revenue and Taxation Code is amended to read:

4108.5. (a) The records and accounts of the tax collector pursuant to this part shall be audited at least once each three years.

(b) This section shall become inoperative on July 1, 1993, and shall remain inoperative until July 1, 1994, on which date this section shall become operative.

SEC. 10. Section 10878 is added to the Revenue and Taxation Code, to read:

10878. (a) Notwithstanding Sections 10877 and 10951, on and after July 1, 1993, the responsibility for the collection of delinquent vehicle license fees, including local vehicle license fees, and

registration fees imposed pursuant to Division 3 (commencing with Section 4000) of the Vehicle Code, and any related penalties shall be transferred from the department to the Franchise Tax Board, and any reference in this part to the department in connection with the duty to collect delinquent vehicle license fees and any related penalties shall be deemed a reference to the Franchise Tax Board.

(b) The fees and related penalties shall be collected as though they were a tax imposed under Part 10 (commencing with Section 17001). Part 10.2 (commencing with Section 18401) or any other applicable law shall apply for this purpose in the same manner and with the same force and effect as if the language of Part 10.2 or the other applicable law is incorporated in full into this authority to collect these fees and penalties, except to the extent that the provision is either inconsistent with the collection of these fees and penalties or is not relevant to the collection of these fees and penalties.

SEC. 11. Section 2105 of the Streets and Highways Code is amended to read:

2105. In addition to the apportionments prescribed by Sections 2104, 2106, and 2107, from the revenues derived from a per gallon tax imposed pursuant to Section 7351 of the Revenue and Taxation Code, and a per gallon tax imposed pursuant to Section 8651 of that code, the following apportionments shall be made:

(a) A sum equal to the net revenue from a tax of 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Section 7351 of the Revenue and Taxation Code, and 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Section 8651 of that code, shall be apportioned among the counties, including a city and county.

The amount of apportionment to each county, including a city and county, during a fiscal year shall be calculated as follows:

(1) One million dollars ($1,000,000) for apportionment to all counties, including a city and county, in proportion to each county's receipts during the prior fiscal year under Sections 2104 and 2106.

(2) One million dollars ($1,000,000) for apportionment to all counties, including a city and county, as follows:

(A) Seventy-five percent in the proportion that the number of fee-paid and exempt vehicles which are registered in the county bears to the number of fee-paid and exempt vehicles registered in the state.

(B) Twenty-five percent in the proportion that the number of miles of maintained county roads in the county bears to the miles of maintained county roads in the state.

(3) For each county, determine its factor which is the higher amount calculated pursuant to paragraph (1) or (2) divided by the sum of the higher amounts for all of the counties.

(4) The amount to be apportioned to each county is equal to its factor multiplied by the amount available for apportionment.

(b) A sum equal to the net revenue from a tax of 11.5 percent of

any per gallon tax in excess of nine cents ($0.09) per gallon under Section 7351 of the Revenue and Taxation Code, and 11.5 percent of any per gallon tax in excess of nine cents ($0.09) per gallon under Section 8651 of that code, shall be apportioned to cities, including a city and county, in the proportion that the total population of the city bears to the total population of all the cities in the state.

(c) In order to receive any allocation pursuant to this section, the city or county, as the case may be, shall annually expend from its general fund for street and highway purposes an amount not less than the annual average of its expenditures from its general fund during the 1987–88, 1988–89, and 1989–90 fiscal years, as reported to the Controller pursuant to Section 2151. For purposes of this subdivision, in calculating a city's or county's annual general fund expenditures and its average general fund expenditures for the 1987–88, 1988–89, and 1989–90 fiscal years, any unrestricted funds which the city or county may expend at its discretion, including vehicle in-lieu tax revenues and revenues from fines and forfeitures, expended for street and highway purposes are expenditures from the general fund. This subdivision shall not be applicable for the 1992–93, 1993–94, 1994–95, 1995–96, and 1996–97 fiscal years.

(d) The Controller may request fiscal data from cities and counties, in addition to data provided pursuant to Section 2151, for the 1987–88, 1988–89, and 1989–90 fiscal years. Each city and county shall furnish the data to the Controller not later than 120 days after receiving the request. The Controller may withhold payment to cities and counties that do not comply with the request for information or provide incomplete data.

(e) At the conclusion of each fiscal year during which a city or county receives funds under this section, the Controller shall verify the city's or county's compliance with subdivision (c). Any city or county which has not complied with this requirement shall reimburse the state for the funds it received during that fiscal year. The Controller shall offset payments pursuant to Sections 2104, 2105, 2106, and 2107 to any city or county which has not complied with subdivision (c) until the state is reimbursed for the subventions under this section during the fiscal year when the city or county did not comply.

(f) For any city incorporated after July 1, 1987, the Controller shall calculate the annual average of expenditures pursuant to subdivision (c) for the period between July 1, 1987, and June 30, 1990, that the city was incorporated.

(g) Any funds that are returned to the state as a result of noncompliance with subdivision (c) shall be added to the base and redistributed among cities and counties for the fiscal year during which it is returned.

(h) The Controller shall determine the average amount of unrestricted revenues, which a city or county may expend at its discretion, received from fines and forfeitures, federal general revenue sharing, and the proceeds from the sale of real property or

bonds during the 1987–88, 1988–89, and 1989–90 fiscal years, and the amount of each of those sources expended for street and highway purposes for those fiscal years, which latter amount shall be included in the calculation of general fund expenditures pursuant to subdivision (c). If the amount of revenues received by a city or county from any of those sources during a subsequent fiscal year is less than the average revenues from the same source as determined by the Controller in accordance with this subdivision, the city's or county's expenditure requirements pursuant to subdivision (c) from that source shall be reduced in the same proportion as the reduced revenue bears to the average revenue from the same source. The reduction in the city's or county's expenditure requirements may only be granted upon submittal to and review by the Controller of financial information.

(i) If a city or county fails to comply with the requirements of subdivision (c) in a particular fiscal year, the city or county may expend during that fiscal year and the following fiscal year, a total amount which is not less than the total amount required to be expended for those years for purposes of complying with subdivision (c), as adjusted pursuant to subdivision (h). For cities and counties that fail to comply with subdivision (c) using the two-year period, the Controller shall begin withholding funds pursuant to subdivision (e) at the end of the two-year period.

(j) Revenues from any fee imposed by a city or county on or after January 1, 1990, which are used on or after July 1, 1990, by that city or county for maintenance purposes on its streets or highways shall be considered as general fund expenditures for the purpose of subdivision (c).

(k) A city or county shall provide all necessary information requested by the Controller if the city or county requests an adjustment to its average base year or annual expenditures that are the result of any amendment of this section after January 1, 1991. The Controller shall not make any change to the average base year or annual expenditure until the Controller has received and verified the accuracy of the necessary data.

SEC. 12. Section 275 of the Welfare and Institutions Code is amended to read:

275. (a) For the purpose of handling the reimbursement and other payments provided for in this chapter, the probation officer or other county officer designated by the board of supervisors of the county shall keep suitable books and accounts and shall give and keep suitable receipts and vouchers.

(b) The auditor of the county shall audit these books and accounts annually, or at least biennially if so ordered by the board of supervisors upon the recommendation of the county auditor, on a fiscal year basis ending June 30 and shall make a report thereon to the judge of the court and to the supervisors of the county prior to the 31st day of the next succeeding month of January. This subdivision shall become inoperative on July 1, 1993, and shall remain

inoperative until July 1, 1994, on which date this section shall become operative.

SEC. 13. Notwithstanding subdivision (a) of Section 41850 of the Public Resources Code, for a period of two years after July 1, 1993, the California Integrated Waste Management Board shall not impose any civil penalties for failure to implement a source reduction and recycling element or a household hazardous waste element.

SEC. 14. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to apply the provisions of this act to the entire 1993–94 fiscal year in order to facilitate the orderly administration of its provisions, it is necessary that this act take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.6 (commencing with Section 20547) is added to Chapter 4 of Part 3 of Division 5 of Title 2 of the Government Code, to read:

Article 3.6. Second Tier Plan for Contracting Agencies

20547. (a) Effective January 1, 1994, contracting agencies as defined in Section 20010, some or all of whose employees are miscellaneous members included in the federal system, may amend their contracts with the board to provide an alternate level of benefits pursuant to this article. The alternate level of benefits shall be provided to all local miscellaneous members of a contracting agency whose services are also covered under the federal system who first become members of the system on and after the contract amendment effective date and shall be made available by election to eligible members who were employees of the contracting agency

prior to the effective date of the employer's contract amendment as specified in Section 20547.7.

(b) This article shall not apply to any agency with a memorandum of understanding that precludes any changes in the retirement coverage of the employee bargaining unit subject to that agreement.

20547.1. The normal rate of contribution for a local miscellaneous member subject to this article shall be 2 percent of compensation paid the member. A contracting agency may pay all or a portion of the member's normal contributions, pursuant to Section 20615.

20547.2. (a) Except as provided in subdivision (b), a local miscellaneous member subject to this article may be retired for service upon his or her written application to the board if he or she has attained age 55 and is credited with five years of service.

(b) Any person who was a member of the system prior to the effective date of the employer's contract amendment to be subject to this article, and who elects to become subject to this article, may be retired for service upon his or her written application to the board if he or she has attained age 50 and is credited with five years of combined service.

20547.3. (a) The service retirement allowance for a local miscellaneous member subject to this article shall be calculated in accordance with Section 21251.133.

(b) "Final compensation" for purposes of determining any benefits payable under this part for any local miscellaneous member service subject to this article shall be as defined by Section 20024.01 and shall not be reduced by any fraction or amount for any member included in the federal system.

20547.4. (a) Participation in the plan afforded by this article shall be made available to any employee who was a member of the system prior to the effective date of the employer's contract amendment to be subject to this article. The election shall be irrevocable, shall be effective on the first of the pay period following the member's election and shall apply to all future service rendered by the member with that agency. Each contracting agency shall ensure each eligible member receives sufficient information to permit an informed election, is counseled regarding the benefits provided by this article, and receives an election document. The election document shall be filed with the contracting agency, and the contracting agency shall report the member's irrevocable election to the board.

(b) A member subject to this article shall be subject to all other provisions of this part. However, in the event of a conflict, this article shall supersede and prevail over other provisions contained in this part.

20547.5. The employer contribution rate of a contracting agency subject to this article shall be determined by the board as otherwise provided by this part.

20547.6. The monthly allowances payable to members based on service subject to this article shall be annually adjusted pursuant to Section 21224.

20547.7. The disability retirement pension for local miscellaneous service subject to this article shall be one of the following:

(a) Ninety percent of the factor applicable at age 65 as set forth in Section 20547.3 times final compensation multiplied by the number of years of service credited to him or her.

(b) If the disability retirement allowance computed under subdivision (a) does not exceed one-third of his or her final compensation, 90 percent of the benefit that would be payable to the member had the member continued in employment until age 65 but in that case the retirement allowance shall not exceed one-third of the final compensation. This subdivision is not applicable to members who are not entitled, at the time of retirement, to be credited with at least 10 years of service.

(c) If the disability retirement allowance is derived from this section and Section 21296, and would otherwise exceed the maximums provided by these sections, the pension payable with respect to each section shall be reduced in the same proportion as the allowance computed as though there was no limit, so that the total of the pensions shall equal the maximum allowed.

20547.8. This article shall not apply to a contracting agency nor its employees unless and until, first, it is agreed to in a written memorandum of understanding entered into by an employer and representatives of employees and, second, the contracting agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this article with respect to a local miscellaneous member shall be the effective date of the amendment to his or her employer's contract electing to be subject to this article.

SEC. 2. Section 21251.133 is added to the Government Code, to read:

21251.133. [Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 17053.5 of the Revenue and Taxation Code, as amended by Section 12 of Chapter 117 of the Statutes of 1991, is amended to read:

17053.5. (a) In the case of qualified renters, there shall be allowed credits against their "net tax" (as defined in Section 17039). The amount of the credit shall be as follows:

(1) For married couples filing joint returns, heads of household and surviving spouses (as defined in Section 17046) the credit shall be as follows:

(A) One hundred twenty dollars ($120) if adjusted gross income is forty thousand dollars ($40,000), or less.

(B) Sixty dollars ($60) if adjusted gross income is greater than forty thousand dollars ($40,000), but less than forty-one thousand one dollars ($41,001).

(C) No credit shall be allowed if adjusted gross income is equal to or greater than forty-one thousand one dollars ($41,001).

(2) For other individuals, the credit shall be as follows:

(A) Sixty dollars ($60) if adjusted gross income is twenty thousand dollars ($20,000), or less.

(B) Thirty dollars ($30) if adjusted gross income is greater than twenty thousand dollars ($20,000), but less than twenty thousand five hundred one dollars ($20,501).

(C) No credit shall be allowed if adjusted gross income is equal to or greater than twenty thousand five hundred one dollars ($20,501).

(b) Except as provided in subdivision (c), a husband and wife shall receive but one credit under this section. If the husband and

wife file separate returns, the credit may be taken by either or equally divided between them, except as follows:

(1) If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for part or all of the taxable year, the resident spouse shall be allowed one-half the credit allowed to married persons and the nonresident spouse shall be permitted one-half the credit allowed to married persons, prorated as provided in subdivision (f).

(2) If both spouses were nonresidents for part of the taxable year, the credit allowed to married persons shall be divided equally between them subject to the proration provided in subdivision (f).

(c) In the case of a husband and wife, if each spouse maintained a separate place of residence and resided in this state during the entire taxable year, each spouse will be allowed one-half the full credit allowed to married persons provided in subdivisions (a) and (b).

(d) For purposes of this section, a "qualified renter" means an individual who:

(1) Was a resident of this state, as defined in Section 17014, and

(2) Rented and occupied premises in this state which constituted his or her principal place of residence during at least 50 percent of the taxable year.

(e) The term "qualified renter" does not include any of the following:

(1) An individual who for more than 50 percent of the taxable year rented and occupied premises which were exempt from property taxes, except that an individual, otherwise qualified, shall be deemed a qualified renter if he or she or his or her landlord pays possessory interest taxes, or the owner of those premises makes payments in lieu of property taxes which are substantially equivalent to property taxes paid on properties of comparable market value.

(2) An individual whose principal place of residence for more than 50 percent of the taxable year is with any other person who claimed such individual as a dependent for income tax purposes.

(3) An individual who has been granted or whose spouse has been granted the homeowners' property tax exemption during the taxable year. This paragraph shall not apply in the case of an individual whose spouse has been granted the homeowners' property tax exemption if each spouse maintained a separate residence for the entire taxable year.

(f) Any otherwise qualified renter who is a nonresident for any portion of the taxable year shall claim the credits set forth in subdivision (a) at the rate of one-twelfth of those credits for each full month that individual resided within this state during the taxable year.

(g) Every person claiming the credit provided in this section shall, as part of that claim, and under penalty of perjury, furnish that information as the Franchise Tax Board prescribes on a form supplied by the board.

(h) The credit provided in this section shall be claimed on returns in the form as the Franchise Tax Board may from time to time prescribe.

(i) For the purposes of this section, the term "premises" means a house or a dwelling unit used to provide living accommodations in a building or structure and the land incidental thereto, but does not include land only, except in the case where the dwelling unit is a mobilehome. The credit shall not be allowed for any taxable year for the rental of land upon which a mobilehome is located if the mobilehome has been granted a homeowners' exemption under Section 218 in that year.

(j) In the case of qualified renters whose credits provided in this section exceed their tax liability computed under this part the excess shall be credited against other amounts due, if any, from the qualified renter and the balance, if any, shall be refunded to the qualified renter.

(1) The California Department of Industrial Relations shall transmit annually to the Franchise Tax Board the percentage change in the California Consumer Price Index for all items from June of the prior calendar year to June of the current calendar year, no later than August 1 of the current calendar year.

(2) The Franchise Tax Board shall compute an inflation adjustment factor by adding 100 percent to that portion of the percentage change figure which is furnished pursuant to paragraph (1) and dividing the result by 100.

(3) The Franchise Tax Board shall multiply the amounts in the preceding taxable year by the inflation adjustment factor determined in paragraph (2), and round off the resulting products to the nearest one dollar ($1).

(4) In computing the amounts pursuant to this subdivision, the amounts provided in paragraph (1) of subdivision (a) shall be twice the amount provided in paragraph (2) of subdivision (a).

(3) This section shall remain in effect until December 1, 1996, and as of that date is repealed.

SEC. 2. The amendments made by this act shall become operative only if Senate Constitutional Amendment 9 is approved by both houses of the Legislature before the 1993 Interim Study Recess.

SEC. 2. Section 13306 of the Government Code is amended to read:

13306. (a) The Department of Finance, with the concurrence of the Controller, may establish additional funds as are necessary to properly manage and account for the financial activities and resources of the state, provided that only the minimum number of funds necessary to comply with legal requirements, "Generally Accepted Accounting Principles," and effective financial administration shall be established. The department may abolish funds established under the authority of this subdivision.

(b) The Department of Finance, with the concurrence of the

Controller, may abolish funds established by statute that have been inactive for a period of four years upon notification in writing to the Joint Legislative Budget Committee. Abolition of funds established by statute shall become effective no earlier than 30 days after the date of this notification. If these funds are abolished and subsequently are found to be needed, the department, with the concurrence of the Controller, may reestablish these funds.

(c) Because complete conformance to "Generally Accepted Accounting Principles" may be impractical or not authorized, the Department of Finance is authorized to deviate from them if conformance would not be in the best interests of the state, and if the department notifies the Controller of additional major deviations and the Controller agrees with the deviations prior to implementation.

(d) The Department of Finance shall notify the Joint Legislative Budget Committee when major changes are proposed to the accounting system to bring it into conformance to "Generally Accepted Accounting Principles." The notification shall include an estimate of the fiscal effect of the major changes being proposed.

Further, it is the intent of the Legislature that, using the state's own resources, the amount of one billion two hundred million dollars ($1,200,000,000) shall be applied under this article to pay that deficit, to supplement an amount of approximately one billion six hundred million dollars ($1,600,000,000) otherwise being applied to reduce that deficit. The Legislature further intends that the Treasurer, the Controller, and the Director of Finance work toward an efficient and cost-effective process for carrying out this article.

17291. (a) The Deficit Retirement Fund is hereby established in the State Treasury for the purpose of setting aside state moneys for the payment and redemption of registered reimbursement warrants issued pursuant to this chapter, to fund the General Fund deficit accumulated prior to July 1, 1993. The Deficit Retirement Fund shall consist of all moneys deposited in the fund pursuant to this article. Moneys are deposited in the Deficit Retirement Fund pursuant to this article for the sole purpose of setting aside specific state funds to be applied toward retiring the accumulated deficit, at the times and in the manner set forth in this article.

(b) For purposes of this article, the "accumulated deficit" is the

amount in the Special Fund for Economic Uncertainties for the 1992–93 fiscal year, as stated in the Governor's Final Change Book for the 1993–94 fiscal year.

17292. The Controller shall transfer from the General Fund to the Deficit Retirement Fund, upon the order of the Director of Finance, the total amount of one billion two hundred million dollars ($1,200,000,000), to be transferred in two equal installments on or before each of the following dates: September 15, 1994; and December 15, 1994.

17293. After June 30, 1994, and before December 31, 1994, the Controller shall transfer from the Deficit Retirement Fund to the General Fund, upon order of the Director of Finance, an amount necessary to pay and redeem registered reimbursement warrants, not to exceed the total sum of one billion two hundred million dollars ($1,200,000,000).

17294. Moneys deposited in the Deficit Retirement Fund shall be available for transfer to the General Fund pursuant to Section 16310.

17295. This article shall remain in effect only until July 1, 1995, and as of that date is repealed. The Controller shall transfer to the General Fund any balance remaining in the Deficit Retirement Fund as of that date.

SEC. 4. Section 25616 of the Public Resources Code is amended to read:

25616. (a) It is the intent of the Legislature to encourage local agencies to expeditiously review permit applications to site energy projects, and to encourage energy project developers to consider all cost-effective and environmentally superior alternatives that achieve their project objectives.

(b) Subject to the availability of funds appropriated therefor, the commission shall provide technical assistance and grants-in-aid to assist local agencies to do either or both of the following:

(1) Site energy production or transmission projects which are not otherwise subject to the provisions of Chapter 6 (commencing with Section 25500).

(2) Integrate into their planning processes, and incorporate into their general plans, methods to achieve cost-effective energy efficiency.

(d) As used in this section, an energy project is any project designed to produce, convert, or transmit energy as one of its primary functions.

SEC. 5. Section 4 of this act shall become operative only if legislation adding Section 15399.50 to the Government Code to create the Department of Permit Assistance is enacted and becomes operative on or before January 1, 1994.

SEC. 6. If any provision of this act or the application thereof to

any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

The department shall allocate funds to each county in accordance with Sections 11814 and 11983. The department shall predicate its contract negotiations on the availability of a mutually agreeable dedicated capacity.

(b) The department shall submit a final report by January 1, 1995, to the Chairperson of the Senate Health and Human Services Committee, the Chairperson of the Assembly Health Committee, and the Chairperson of the Assembly Human Services Committee as to whether the use of negotiated net amount contracts under this pilot project result in improved levels of efficiency, local discretion and flexibility, reduced local administrative overhead and costs, and increased program funds for services, as well as maintenance of quality and access within the counties requesting to participate in the pilot project.

SEC. 10. Section 11758.11 of the Health and Safety Code is repealed.

SEC. 11. Section 11758.12 of the Health and Safety Code is amended to read:

11758.12. (a) A negotiated net amount, for the purposes of this chapter, shall be determined by calculating the total budget for services less the amount of projected revenue. These net amounts for alcohol or drug services, or both, shall be negotiated for each year of the contract between the participating county and the department and shall be disbursed to participating counties monthly in arrears, upon enactment of the Budget Act. Monthly disbursements to the participating county at the beginning of each fiscal year shall be based on the preliminary allocation of funds issued by the department. The payments shall be based on appropriations made by

the Legislature and monthly payments shall be adjusted to reflect reductions and deletions made by the Legislature. The department shall have the option to either terminate this agreement or amend the contract to reflect the reduced funding. The payments shall continue at the adjusted level until the negotiated contract is amended to reflect the final state budget for the fiscal year and the final allocation to the counties.

(b) (1) No contracts shall become final until approved by both the county and the department. For the 1994–95 fiscal year and every fiscal year thereafter, contract negotiations shall conclude by May 1 of the prior fiscal year, and the contract shall be approved by October 1 of the contracted fiscal year, and shall cover the period July 1, to June 30, inclusive.

(2) If negotiations are not concluded by May 1 of each fiscal year or the contract is approved by October 1, of each fiscal year, the following remedies shall be the exclusive remedies:

(A) If the contract is not timely negotiated or timely approved as a result of the county failing to comply with scheduled timeframes and schedule meetings, or as a result of administrative delays at the county level, the county shall be required to revert to a cost reimbursement mechanism, and payments shall be subject to contract approval, or both.

(B) If the contract is not timely negotiated or timely approved as a result of the department failing to comply with scheduled timeframes and scheduled meetings, or as a result of administrative delays at the state level, the department shall grant additional days for contract negotiations or contract approval in direct proportion to the number of days of delay resulting from department action or state action, or both.

(c) Once the negotiated net amount is approved by the department, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), shall be bound to that amount as the cost of providing alcohol or drug services, or both, as described in the contract. Where the State Department of Health Services adopts regulations for determining reimbursement of county alcohol and drug program plan services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of these services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries.

(d) Participating counties shall report to the department any information required by the department in accordance with, but shall not exceed, any statutory restrictions, limitations, or conditions enacted by the Legislature, including the applicable Budget Act, or federal law and regulations.

(e) Absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a county's expenditure or retention of state

General Fund funds received pursuant to this chapter.

(f) The county shall notify the department by a date specified in the contract, in each fiscal year, of any unspent federal funds that are to be added to the county's contract for the following fiscal year. These funds shall be spent first by the county in the next contract year.

(g) Unspent federal funds identified after a date specified in the contract shall be retained by the department, except for those funds awarded to the department by the federal government for specified providers or federal categorical projects.

(h) Unspent general funds identified after a date specified in the contract shall be retained by the county and spent on identifiable drug and alcohol service priorities in accordance with the contract.

(a) Provision for an adequate quality and quantity of services.

(b) Provision for access to services by persons otherwise eligible for county drug and alcohol programs.

(c) Provision for access by the department to financial and service records for the purpose of verifying conformance to provisions of the contract and the establishment of data necessary for subsequent contract negotiation.

(d) (1) Prior to opening of negotiations, the local program administrator shall submit to the local advisory board an outline of issues to be negotiated and the intended agreement on each issue.

(2) At each regular meeting of the advisory board during the period of negotiations, the local program administrator shall inform the advisory board of progress on each issue and shall request the advisory board's advice on how to further proceed on the negotiations.

(e) A provision requiring that all funds paid out by the state under this chapter shall be used exclusively by the participating county for the purposes for which it was paid out.

(f) The participating county shall bear the financial risk in providing any alcohol or drug services, or both, to the population described and enumerated in the approved contract within the net amount.

(g) Negotiated net amount contracts shall not preclude the county from subcontracting to purchase all or part of the delivery of alcohol or drug services, or both, from noncounty providers.

(h) Funds for negotiated net amount contracts in those counties with a population under 200,000 may be adjusted between alcohol programs and drug programs as negotiated by the State Department of Alcohol and Drug Programs and the county in their contracts.

(i) Each county, as part of the negotiated net contracts process between the county and the State Department of Alcohol and Drug Programs, shall adhere to Sections 11840 and 11987.4 requiring

matching funds by the county for programs and services under this section.

(j) A provision requiring that the county comply with applicable state and federal laws, regulations, and standards in expending money for the provision of drug and alcohol services.

(k) A provision requiring counties to submit, prior to negotiations and in accordance with subdivision (h) of Section 11758.12, a plan for the expenditure of all unspent state general funds.

(*l*) The terms of the contract shall include a provision for the resolution of disputed audit findings.

(m) A provision defining and expanding upon dedicated capacity. At a minimum "dedicated capacity" shall be defined as a historically calculated service modality and service capacity that is adjusted for the projected expansion or reduction in services that the counties agree to make available to provide drug and alcohol services to persons otherwise eligible for county services.

12301. (a) The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with the appropriation provided for those services in the annual Budget Act and this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

(b) Each county shall be notified of its allocation and projected caseload by July 31 of each year or 30 days after enactment of the annual Budget Act, whichever occurs later.

(c) (1) The department may reallocate funds from the existing appropriation to forestall the requirement of any service reductions on a county-by-county basis.

(2) If, during any fiscal year, a county cannot keep expenditures within the amount of its allocation plus any required matching funds, the county may reduce services on the basis of a case-by-case assessment of each recipient's level of need and living situation, upon notification to the department of the county's intention to reduce services.

(d) (1) If a county elects to implement service reductions pursuant to subdivision (c), the levels shall be calculated to reduce services only by an amount which would enable the county to remain within its allocation, together with required matching funds.

(2) None of the service reductions authorized by this section may be made for applicants or recipients for whom the reduction of services would result in imminent out-of-home placement.

(e) Counties shall use the following priorities in the implementation of any needed program reductions:

(1) Reduction in the frequency with which nonessential services are provided.

(2) Elimination of nonessential service categories.

(3) Termination or denial of eligibility to persons requiring only domestic services.

(4) Termination or denial of eligibility to persons who, in the

absence of services, would not require placement in a medical out-of-home care facility.

(5) Per capita reduction in the cost of services authorized.

(f) Any program reductions shall be implemented so as to avoid, to the extent feasible within budgetary constraints, out-of-home placements.

(g) Counties shall use the options authorized by subdivision (e) in the order they are listed therein. In no event shall services be terminated or denied to any eligible person who in the absence of these services would become unemployed.

(h) (1) For purposes of this section "nonessential services" means routine mending, ironing, heavy cleaning, domestic services, yard hazard abatement, except for snow removal, teaching and demonstration, and any other services specified by the department.

(2) Restrictions on nonessential services shall be excepted on a case-by-case basis when denial or termination of such services would result in placement in an out-of-home facility or in a loss of employment, in a life threatening situation in conditions which represent a substantial threat to health or safety, or in any other condition specified by the department.

(3) Essential services shall, at a minimum, include those services listed in subdivision (e) of Section 12304.

(i) The department shall notify the Joint Legislative Budget Committee and the fiscal committees of each house of the Legislature by January 10 of each year of any county which is required to implement service reductions pursuant to this section.

(j) This section shall be effective from July 1, 1993, until June 30, 1994.

SEC. 48. Section 12301 of the Welfare and Institutions Code, as amended by Section 50.5 of Chapter 722 of the Statutes of 1992, is amended to read:

12301. (a) The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with this chapter and, for the 1992–93 fiscal year the appropriation provided for those services in the Budget Act, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment

when needed during necessary travel to health-related appointments and protective supervision.

(b) Each county shall be notified of its allocation and projected caseload by July 31 of each fiscal year, or 30 days after the enactment of the Budget Act, whichever occurs later.

(c) This section shall remain operative until July 1, 1993, and on and after that date, shall remain inoperative until July 1, 1994, at which date, this section shall become operative.

(2) A county may, upon notifying the department of the transfers authorized by this paragraph, reduce the level of financial maintenance of effort required of the county by subparagraph (A) of paragraph (1) by the amount of the funds transferred from the Health Account pursuant to Section 17600.20.

(b) For purposes of this section, if a county desires to use any of its allocation pursuant to this chapter or Chapter 4 (commencing with Section 16930) for programs and costs not reported as part of the plan and budget required by Section 16800, the county, as a condition of using its allocation for these purposes, must maintain an amount of county funding for those programs and costs at least equal to the 1988–89 fiscal year levels.

(c) Moneys received by a county under this chapter shall be accounted for as revenue in the plan and budget which is required pursuant to Section 16800 and shall not be used as county matching funds for any other program requiring a county match.

(d) If a county fails to maintain financial maintenance of effort at least equal to the total of the amounts specified in subparagraphs (A) and (B) of paragraph (1) of subdivision (a), the department shall recover funds allocated to the county under this part sufficient to

bring the county into compliance with the financial maintenance of effort provisions. Funds shall be recovered proportionately from the Hospital Services Account, the Physician Services Account, and the Unallocated Account.

SEC. 51. Section 17001.7 is added to the Welfare and Institutions Code, to read:

17001.7. (a) In adopting standards of aid and care for the indigent and dependent poor of the county or city and county, the board of supervisors or the agency authorized by the county charter may, for purposes of determining eligibility for aid and care, deem the income and resources of any person who, as a sponsor of the entry of a general assistance applicant or recipient into the United States, executed an affidavit of support or similar agreement with respect to that applicant or recipient, and the income and resources of the sponsor's spouse, to be the income and resources of that applicant or recipient, in accordance with subdivisions (b) and (c), for a period of three years after the individual's entry into the United States. Any such deemed income shall be treated as unearned income of the general assistance applicant or recipient.

(b) (1) The amount of income of a sponsor and the sponsor's spouse that shall be deemed to be the unearned income of an alien for any month shall be determined as follows:

(A) The total amount of earned and unearned income of the sponsor and the sponsor's spouse, if the spouse is living with the sponsor, shall be determined for that month.

(B) The amount determined under subparagraph (A) shall be reduced by an amount equal to the following:

(i) One hundred seventy-five dollars ($175), or 20 percent of the total of any amounts received by the sponsor and the sponsor's spouse in that month as wages or salary or as net earnings from self-employment, plus the full amount of any costs incurred by them in producing self-employment income in that month, whichever is less.

(ii) The amount of maximum aid established pursuant to Section 11450 for a family of the same size and composition as the sponsor and those other individuals living in the same household as the sponsor who are claimed by the sponsor as dependents for purposes of determining the sponsor's federal personal income tax liability, but whose needs are not taken into account in making a determination for eligibility for Aid to Families with Dependent Children program under Section 602(a)(7) of Title 42 of the United States Code.

(iii) Any amounts paid by the sponsor or the sponsor's spouse to individuals not living in the sponsor's household who are claimed by the sponsor as dependents for purposes of determining the sponsor's federal personal income tax liability.

(iv) Any payments of spousal or child support by the sponsor or the sponsor's spouse with respect to individuals not living in the sponsor's household.

(2) The amount of resources of a sponsor and the sponsor's spouse that shall be deemed to be the resources of an alien for any month shall be the total amount of resources determined as if the sponsor were applying for general assistance under this chapter of the sponsor and the sponsor's spouse, if the spouse is living with the sponsor, and in accordance with the standards adopted by the county or city and county, reduced by one thousand five hundred dollars ($1,500).

(c) Any sponsor of an alien, and the alien, shall be jointly and severally liable for an amount equal to any overpayment of aid made to the alien during the period of three years after the alien's entry into the United States, on account of the sponsor's failure to provide correct information under this section, except where that sponsor was without fault, or where good cause of that failure existed.

(d) In any case where a person is the sponsor of two or more aliens who are living in the same home, the income and resources of the sponsor and the sponsor's spouse, to the extent they would be deemed the income and resources of any one of these aliens under subdivisions (a) to (c), inclusive, shall be divided into two or more equal shares, the number of shares being the same as the number of these aliens, and the income and resources of each of those aliens shall be deemed to include one share.

(e) As a condition to providing aid pursuant to this chapter, the county or city and county may require the alien to provide the name and address of the alien's sponsor and may require the alien or the alien's sponsor to provide all information regarding the income and

assets of the sponsor and the sponsor's spouse necessary to enforce this section.

(f) The deeming of sponsor's and sponsor's spouse's income and resources shall not apply to an alien whose sponsor has abandoned his or her duty to support the alien. For purposes of this section, abandonment of the duty to support shall include, but not be limited to, abuse, battery, neglect, or refusal to support. Evidence of abandonment may be demonstrated by documentary evidence or collateral statements.

(g) This section shall not apply to an alien to which any of the following applies:

(a) As a condition of deposit of funds from the Sales Tax Account of the Local Revenue Fund into a county's local health and welfare trust fund mental health account, the county or city shall deposit each month local matching funds in accordance with a schedule developed by the State Department of Mental Health based on county or city standard matching obligations for the 1990–91 fiscal year for mental health programs.

(b) For the 1993–94 and the 1994–95 fiscal years only, a county or city may limit its deposit of matching funds to the amount necessary to meet minimum federal maintenance of effort requirements, as calculated by the State Department of Mental Health, subject to the approval of the Department of Finance. However, the amount of the reduction permitted by the limitation provided for by this subdivision shall not exceed fifteen million dollars ($15,000,000) per fiscal year on a statewide basis.

SEC. 59. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 60. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 65

An act to amend Section 16142 of the Government Code, relating to open-space subventions, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16142 of the Government Code is amended to read:

16142. The Secretary of the Resources Agency shall direct the Controller to pay annually out of the funds appropriated by Section 16140, to each eligible county, city, or city and county, the following amounts for each acre of land within its regulatory jurisdiction that is assessed pursuant to Section 423, 423.3, or 423.5 of the Revenue and Taxation Code:

(a) Five dollars ($5) for prime agricultural land, as defined in Section 51201.

(b) One dollar ($1) for all land, other than prime agricultural land, which is devoted to open-space uses of statewide significance, as defined in Section 16143.

The amount per acre in subdivision (a) may be increased by the Secretary of the Resources Agency to a figure which would offset any savings due to a more restrictive determination by the secretary as to what land is devoted to open-space use of statewide significance.

SEC. 2. The sum of twenty million nine hundred two thousand two hundred ninety dollars ($20,902,290) is hereby appropriated from the General Fund in augmentation of schedule (e) of Item 9100-101-001 of the Budget Act of 1993 for the purpose of increasing subventions to counties and cities for open space pursuant to Section 16142 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide fiscal management authority as soon as possible for the urgent needs of the state and local governments in light of the current shortfall in state revenues, it is necessary that this act take effect immediately.

CHAPTER 66

An act to amend Sections 40043, 41203.1, 41204.5, 41206, 41339, 42243.6, 42243.9, 42246, 42247, 42247.2, 42249.2, 51216, 51226, 66161.5, and 76300 of, to amend and repeal Section 14022.3 of, and to add Sections 1983.5, 2558.4, 2558.45, 2558.6, 14002.1, 41204.6, 41206.1, 41601.3, 42238.14, 42238.145, 42238.16, 42238.17, 42238.18, 42238.19, 46010.3, 46015, 46300.2, 46300.6, 46300.7, 51747.3, and 84751 to, the Education Code, to amend Section 97.5 of the Revenue and Taxation Code, and to amend Sections 18, 19, 20, and 28 of, and to repeal Sections 22, 23, 26, and 27 of, Chapter 703 of the Statutes of 1992, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1983.5 is added to the Education Code, to read:

1983.5. (a) Notwithstanding any other provision of law, community school apportionments may be claimed only for pupils enrolled in grades 7 to 12, inclusive.

(b) Notwithstanding any other provision of law, apportionments claimed by a county office of education for units of average daily attendance for pupils enrolled pursuant to subdivision (c) of Section 1981 in excess of the number claimed by that county office in the 1991–92 fiscal year shall be funded at the statewide average revenue

limit per unit of average daily attendance for that category of enrollment.

SEC. 2. Section 2558.4 is added to the Education Code, to read:

2558.4. For the purposes of this article, the revenue limit for the 1993–94 fiscal year for each county superintendent of schools determined pursuant to this article and adjusted pursuant to Section 2558.6 shall be reduced by a 9.77 percent deficit factor.

SEC. 3. Section 2558.45 is added to the Education Code, to read:

2558.45. (a) For the purposes of this article, the revenue limit for the 1994–95 fiscal year for each county superintendent of schools determined pursuant to this article and adjusted pursuant to Section 2558.6 shall be reduced by a deficit factor calculated as follows:

$$100 - \frac{(90.23 \times 100)}{(100 + C)}$$

For purposes of this calculation, "C" is the percentage determined pursuant to subdivision (b) of Section 42238.1 for the 1994–95 fiscal year.

(b) Notwithstanding subdivision (a), the revenue limit for each county superintendent of schools for the 1995–96 fiscal year and each fiscal year thereafter shall be determined as if the revenue limit for that county superintendent of schools had been determined for the 1994–95 fiscal year without being reduced by that deficit factor.

SEC. 4. Section 2558.6 is added to the Education Code, to read:

2558.6. (a) Notwithstanding any other provision of law, the county superintendent of schools shall increase or decrease, as appropriate, the total revenue limit computed pursuant to paragraph (2) of subdivision (c) of Section 2550 and subdivision (b) of Section 14054 by the amount of the increased or decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of the act adding this section, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the current fiscal year.

(b) For the 1993–94 fiscal year, the amount per average daily attendance for each county office of education computed pursuant to paragraph (2) of subdivision (c) of Section 2550 and subdivision (b) of Section 14054 shall be reduced by the 1992–93 Public Employees' Retirement System reduction computed pursuant to Provision 3 of Item 6110-106-001 of Section 2.00 of the Budget Act of 1992, excluding Investment Dividend Disbursement Account (IDDA) and Extraordinary Performance Dividend Account (EPDA) credits, divided by the 1992–93 "other purpose average daily attendance" computed pursuant to paragraph (2) of subdivision (c) of Section 2550 and subdivision (b) of Section 14054.

(c) The increase or decrease shall be calculated as follows:

(1) For the 1993–94 fiscal year and each fiscal year thereafter:

(A) Determine the amount of employer contributions that would have been made in the current fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect was 7.578 percent.

(B) If the rate computed for the current fiscal year is less than 7.578 percent, subtract the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year from the amount determined in subparagraph (A). The resulting remainder shall be deducted from the total base revenue limit computed pursuant to paragraph (2) of subdivision (c) of Section 2550 and subdivision (b) of Section 14054. If the rate computed for the current fiscal year is greater than 7.578 percent, subtract the amount determined in subparagraph (A) from the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year. The resulting remainder shall be added to the total base revenue limit computed pursuant to paragraph (2) of subdivision (c) of Section 2550 and subdivision (b) of Section 14054.

(C) For the purposes of this section, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified in subparagraph (B):

(i) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(ii) Positions supported by funds received pursuant to Section 42243.6.

(iii) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single education agency, from a non-General Fund revenue source determined to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

SEC. 4.5. Section 14002.1 is added to the Education Code, to read:

(1) Second principal apportionment regular average daily attendance for kindergarten and grades 1 to 12, inclusive, as defined in subdivision (b) of Section 42238.5, and as adjusted for any average daily attendance audit findings.

(2) Annual average daily attendance for county offices of education, as calculated pursuant to subdivision (c) of Section 41601, and as adjusted for any average daily attendance audit findings.

(b) Any determination or computation of enrollment for purposes of this section shall be based upon actual data from prior years. For the next succeeding year, any determination or computation of enrollment for purposes of this section shall be the estimated enrollment, adjusted as actual data become available.

SEC. 6. Section 14022.3 of the Education Code, as added by Chapter 82 of the Statutes of 1989, is repealed.

SEC. 7. Section 40043 of the Education Code is amended to read:

40043. (a) The governing board of any school district shall authorize the use of any school facilities or grounds under its control, when an alternative location is not available, to nonprofit organizations, and clubs or associations organized to promote youth and school activities, including, but not limited to:

(1) Girl Scouts, Boy Scouts, Camp Fire, Inc.

(2) Parent-teachers' associations.

(3) School-community advisory councils.

This subdivision shall not apply to any group that uses school facilities or grounds for fundraising activities that are not beneficial to youth or public school activities of the district, as determined by the governing board.

(b) Except as otherwise provided by law, the governing board may charge an amount not to exceed its direct costs for use of its school facilities. Each governing board that decides to levy these charges shall first adopt a policy specifying which activities shall be charged an amount not to exceed direct costs.

(c) The governing board of any school district that authorizes the use of school facilities or grounds for the purpose specified in paragraph (3) of subdivision (b) of Section 40041 shall charge the church or religious denomination an amount at least equal to the district's direct costs.

(d) In the case of entertainments or meetings where admission fees are charged or contributions are solicited and the net receipts are not expended for the welfare of the pupils of the district or for charitable purposes, a charge shall be levied for the use of school facilities or grounds which charge shall be equal to fair rental value.

(e) If any group activity results in the destruction of school property, the group may be charged for an amount necessary to

repay the damages, and further use of facilities may be denied.

(f) As used in this section, "direct costs" to the district for the use of school facilities or grounds means those costs of supplies, utilities, janitorial services, services of any other district employees, and salaries paid school district employees necessitated by the organization's use of the school facilities and grounds of the district.

(g) As used in this section, "fair rental value" means the direct costs to the district, plus the amortized costs of the school facilities or grounds used for the duration of the activity authorized.

(h) Any school district authorizing the use of school facilities or grounds under subdivision (a) shall be liable for any injuries resulting from the negligence of the district in the ownership and maintenance of those facilities or grounds. Any group using school facilities or grounds under subdivision (a) shall be liable for any injuries resulting from the negligence of that group during the use of those facilities or grounds. The district and the group shall each bear the cost of insuring against its respective risks and shall each bear the costs of defending itself against claims arising from those risks. Notwithstanding any other provision of law, this subdivision shall not be waived. Nothing in this subdivision shall be construed to limit or affect a school district's immunity or liability under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, for injuries caused by a dangerous condition of public property.

SEC. 8. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount

calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other provision of law, this section shall not apply to the 1992–93 fiscal year.

(d) Notwithstanding any other provision of law, this section shall not apply to the 1993–94 fiscal year.

SEC. 9. Section 41204.5 of the Education Code is amended to read:

41204.5. (a) The Legislature finds and declares this section to be in furtherance of the purposes set forth in Section 41204.

(b) Notwithstanding any other provision of law, for the 1992–93 fiscal year, the percentage of "General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986–87," for purposes of paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, shall be deemed to be the percentage of General Fund revenues that would have been appropriated for those entities if the amendments made to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code by statutes enacted during the 1991–92 Regular Session having the effect that property tax revenues are shifted from one or more counties, cities, or special districts to one or more school districts or community college districts, had been operative for the 1986–87 fiscal year.

(c) Notwithstanding any other provision of law, for the 1993–94 fiscal year and each year thereafter, the percentage of "General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986–87," for purposes of paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, shall be deemed to be the percentage of General Fund revenues that would have been appropriated for those entities if the amendments made to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code by statutes enacted during the 1991–92 Regular Session and the amendments made to that chapter by statutes enacted during the 1993–94 Regular Session having the effect that property tax revenues are shifted from one or more counties, cities, or special districts to one or more school districts or community college districts, had been operative for the 1986–87 fiscal year.

41204.6. Notwithstanding any other provisions of law, for the purposes of determining the minimum state school funding obligation pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution for the 1993–94 fiscal year and the supplemental appropriation for school districts and community college districts pursuant to subdivision (a) of Section 41203.5 of the Education Code for the 1993–94 fiscal year, the 1993–94 fiscal year "appropriations for all other programs and services from General Fund proceeds of taxes appropriated pursuant to Article XIII B of the California Constitution, excluding any revenues allocated

pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution," as used in subdivision (b) of Section 41203.5, shall be deemed to be appropriations for all other programs and services from General Fund proceeds of taxes appropriated pursuant to Article XIIIB of the California Constitution, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution, that would have been appropriated for those entities if the amendments made to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code by statutes enacted during the 1993–94 Regular Session having the effect that property tax revenues are shifted from one or more counties, cities, or special districts to one or more school districts, county offices of education, or community college districts, had not been enacted.

SEC. 10.5. Section 41206 of the Education Code is amended to read:

41206. (a) For purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution, all determinations of percentages, amounts, revenues, appropriations, allocations, proceeds of taxes, increases in cost of living, or enrollments shall be based upon the best available estimate until actual data becomes available, and then upon actual data when it is available.

(b) (1) Within nine months following the end of any fiscal year, the Superintendent of Public Instruction and the Director of Finance shall recalculate, as necessary, and jointly certify all actual data pertaining to school districts, as defined, for the prior fiscal year. Any amount of funding required by subdivision (b) of Section 8 of Article XVI of the California Constitution to be appropriated to school districts for that year, less any amounts already appropriated for that year including any amounts appropriated for deficiencies pursuant to paragraph (2), shall be set aside by the Controller and, if not appropriated to school districts by the Legislature within 90 days, shall be allocated to school districts by the Controller in proportion to the enrollment in school districts as determined for purposes of Section 8.5 of Article XVI of the California Constitution.

(2) For purposes of Section 8 of Article XVI of the California Constitution, appropriations for deficiencies or prior year adjustments shall be deemed to be appropriations in the fiscal year in which the deficiencies or prior year adjustments occurred, unless otherwise provided by law.

(c) Within nine months following the end of any fiscal year, the Chancellor of the California Community Colleges and the Director of Finance shall recalculate, as necessary, and jointly certify all actual data pertaining to community college districts, as defined, for the prior fiscal year. Any amount of funding required by subdivision (b) of Section 8 of Article XVI of the California Constitution to be appropriated to community college districts for that year, less any amounts already appropriated for that year, shall be set aside by the Controller and, if not appropriated to community college districts by

the Legislature within 90 days, shall be allocated to community college districts by the Controller in proportion to the enrollment in community college districts as determined for purposes of Section 8.5 of Article XVI of the California Constitution.

SEC. 12. Section 41601.3 is added to the Education Code, to read:

41601.3. Notwithstanding any other provision of law, participation in on-the-job work experience education by a pupil enrolled in continuation education shall not be included in the determination of that pupil's total days of attendance for the purposes of calculating average daily attendance pursuant to subdivision (a) of Section 41601 unless the pupil is 18 years of age or less or has been continuously enrolled in a kindergarten to grade 12 program since his or her 18th birthday.

SEC. 13. Section 42238.14 is added to the Education Code, to read:

42238.14. For the purposes of this article, the revenue limit for the 1993–94 fiscal year for each school district determined pursuant to this article and adjusted pursuant to Section 42238.16 shall be reduced by a 8.14 percent deficit factor.

SEC. 14. Section 42238.145 is added to the Education Code, to read:

42238.145. (a) For the purposes of this article, the revenue limit for the 1994–95 fiscal year for each school district determined pursuant to this article and adjusted pursuant to Section 42238.16 shall be reduced by a deficit factor calculated as follows:

$$100 - \frac{(91.86 \times 100)}{(100 + C)}$$

For purposes of this calculation, "C" is the percentage determined pursuant to subdivision (b) of Section 42238.1 for the 1994–95 fiscal year.

(b) Notwithstanding subdivision (a), the revenue limit for each school district for the 1995–96 fiscal year, and each fiscal year thereafter, shall be determined as if the revenue limit for that school district had been determined for the 1994–95 fiscal year without being reduced by that deficit factor.

SEC. 15. Section 42238.16 is added to the Education Code, to read:

42238.16. (a) Notwithstanding any other provision of law, the county superintendent shall increase or decrease, as appropriate, the total revenue limit computed pursuant to Section 42238 by the amount of the increased or decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of the act adding this section, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the current fiscal year.

(b) For the 1993–94 fiscal year, the base revenue limit per average daily attendance for each school district computed pursuant to Section 42238 shall be reduced by the 1992–93 Public Employees' Retirement System reduction computed pursuant to Provision 7 of Item 6110-101-001 of Section 2.00 of the Budget Act of 1992, excluding Investment Dividend Disbursement Account (IDDA) and Extraordinary Performance Dividend Account (EPDA) credits, divided by the sum of the following:

(1) The district's average daily attendance for 1992–93 computed pursuant to Section 42238.5.

(2) The units of average daily attendance in 1992–93 resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280).

(c) (1) The increase or decrease shall be calculated for the 1993–94 fiscal year and each fiscal year thereafter by determining the amount of employer contributions that would have been made in the current fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect was 7.578 percent. For purposes of this calculation, no school district shall have a contribution rate higher than 7.578 percent.

(2) If the rate computed for the current fiscal year is less than 7.578 percent, the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year

shall be subtracted from the amount determined in paragraph (1). This amount shall be deducted from the total revenue limit computed pursuant to Section 42238. If the rate computed for the current fiscal year is greater than 7.578 percent, the amount determined in subdivision (a) shall be subtracted from the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year. This amount shall be added to the total base revenue limit computed pursuant to Section 42238.

(3) For the purposes of this section, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation made pursuant to this section:

(A) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single education agency, from a non-General Fund revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

SEC. 16. Section 42238.17 is added to the Education Code, to read:

42238.17. Notwithstanding any other provision of law, for any school district that was reorganized effective July 1, 1992, as a unified school district and that is congruent to a school district that was reorganized as an elementary school district effective July 1, 1990, the Superintendent of Public Instruction shall compute apportionments using the following data:

(a) For the purposes of paragraph (1) of subdivision (d) of Section 42238 for the 1990–91 and 1991–92 fiscal years, the superintendent shall use the actual number of units of average daily attendance for the 1990–91 fiscal year second principal apportionments.

(b) For the purposes of paragraph (1) of subdivision (d) of Section 42238, for the 1992–93 fiscal year and each fiscal year thereafter, the superintendent shall use the actual number of units of average daily attendance for the 1992–93 fiscal year second principal apportionment.

SEC. 17. Section 42238.18 is added to the Education Code, to read:

42238.18. (a) Notwithstanding any other provision of law, only those pupils enrolled in county office of education programs while detained in a juvenile hall, juvenile home, day center, juvenile ranch, juvenile camp, or regional youth educational facility established pursuant to Article 14 (commencing with Section 850), Article 15 (commencing with Section 880), and Article 24.5 (commencing with

Section 894) of Chapter 2 of Division 2 of the Welfare and Institutions Code shall be counted as juvenile court school pupils. For purposes of apportionments, those pupils in any group home housing 25 or more children placed pursuant to Sections 362, 727, and 730 of the Welfare and Institutions Code or in any group home housing 25 or more children and operating one or more additional sites under a central administration for children placed pursuant to Section 362, 727, or 730 of the Welfare and Institutions Code shall be reported as county group home and institutions pupils to the Superintendent of Public Instruction and shall be counted as juvenile court school pupils for purposes of apportionments.

(b) Notwithstanding any other provision of law, any county superintendent of schools operating juvenile court schools, county group home and institutions schools, or community schools, or any combination of these schools shall maintain an account in their general fund to be known as the juvenile court and community school account, and shall deposit all funds derived from the operation of juvenile court, county group home and institutions schools, and community schools into that account. Expenditures from the juvenile court and community school account shall be limited to the following:

(1) Those expenditures defined as direct costs of instructional programs by the California State School Accounting Manual.

(2) Expenditures that are defined as documented direct support costs by the California State School Accounting Manual, however, costs charged for probation officers shall be limited to not more than the number of full-time equivalent probation officers paid for by the county office of education during the 1988–89 fiscal year.

(3) Expenditures that are defined as allocated direct support costs by the California State School Accounting Manual.

(4) Other expenditures for support and indirect charges. However, these charges may not exceed 10 percent of the sum of the expenditures in paragraphs (1), (2), and (3).

Expenditures that represent contract payments to other agencies for the operation of juvenile court and community school programs shall be included in the juvenile court and community school account and the contract costs distributed to the cost categories defined in paragraphs (1), (2), (3), and (4). At the end of any given school year the net ending balance in the juvenile court and community school account may be distributed to a reserved account for economic contingencies or to a reserved account for capital outlay, provided that the combined total transferred does not exceed 15 percent of the previous year's authorized expenditures as specified above and also provided that funds placed in the reserved accounts shall only be expended for juvenile court, county group home and institutions, or community school programs. The net ending balance, except for those funds placed in a capital outlay fund, shall not exceed 15 percent of the previous year's expenditures. A county may accumulate over a period of two or more given school years a net

ending balance in the capital outlay reserved account of more than 15 percent of the previous fiscal year's expenditures under provisions of a resolution of the governing board. Funds in the capital outlay reserve are to be used for capital outlay only. The Superintendent of Public Instruction shall require an annual certification by county superintendents of schools beginning in the 1989–90 fiscal year that juvenile court, county group home and institutions, and community school funds have been expended as provided in this section and shall withhold from the subsequent year's apportionment an amount equal to any ending balance in the juvenile court and community school account in excess of the transfers to reserves for economic contingencies and capital outlay as described in this section.

(c) Notwithstanding any other provision of law, only pupils except those permitted pursuant to subdivisions (a), (b), and (d) of Section 1981, who are referred by the county probation department under Section 601 or 654 of the Welfare and Institutions Code, after an individualized review and certification of the appropriateness of enrollment in the county group home and institution's school or county community school, shall be enrolled and eligible for apportionments in county community schools. The individualized review shall include representatives of the court, the county department of education, the county probation department, and either the school district of residence or, in cases in which the pupil resides in a group home or institution, the school district in which the group home or institution is located, and, in each case, the school district representative shall agree to the appropriateness of the proposed placement and pupils so placed shall have a probation officer assigned to their case.

SEC. 18. Section 42238.19 is added to the Education Code, to read:

42238.19. For federal audit actions that became final by entry of judgment or final administrative decision on or after July 1, 1987, and that require repayment of funds to the federal government by the State Department of Education for federal audit exceptions based on findings in any school district or any other agency receiving federal funds through the department, the amount of the repayments, with interest due the federal government, may be deducted from the apportionment made to those districts or agencies by the Superintendent of Public Instruction. The amount that is repaid to the state under the provisions of Section 459 of the General Education Provisions Act (20 U.S.C. Sec. 1234h) shall be apportioned to the district in accordance with any grant back plan submitted by the district and the department and approved by the United States Department of Education.

SEC. 19. Section 42243.6 of the Education Code is amended to read:

42243.6. (a) A school district may be reimbursed by the amount necessary to pay costs mandated by the courts, as defined in Section 2205 of the Revenue and Taxation Code, pursuant to final court

orders issued after January 1, 1978, to pay costs mandated by the federal government, as defined in Section 2206 of the Revenue and Taxation Code, pursuant to any federal statutes or regulations enacted or issued after January 1, 1978, and to pay costs mandated by an initiative enactment, as defined in Section 2206.5 of the Revenue and Taxation Code, by means of any initiative statutes or amendments adopted or enacted after January 1, 1978.

(b) Prior to submitting to the Controller any claim for the payment of prior year actual costs pursuant to this section, a school district shall subject the claim to audit in accordance with the standards and procedures established pursuant to subdivision (b) of Section 42246. Each claim for the payment of actual costs submitted to the Controller shall be accompanied by the audit and any related reports issued by the entity performing the audit, unless the school district contracts with the Controller for the performance of the audit. This subdivision is not intended to require that estimated current year claims be subjected to audit prior to submission to the Controller.

(c) The Controller shall reimburse a claim for the payment of actual costs pursuant to this section, or any portion of that claim, only to the extent that the claim is submitted in compliance with subdivision (b).

(d) A claim submitted pursuant to this section may include the full costs of performing the audit described in subdivision (b).

(e) Prior to payment, the Controller shall review any request for reimbursement under this section and any data related to the establishment thereof. If the Controller determines that the cost of reimbursement exceeds a limit which would be necessary to meet the federally mandated, initiative-mandated, or court-mandated costs, or if the Controller determines that the cost of reimbursement has been increased to pay any cost mandated by a court which has resulted from litigation entered into in order to avoid the revenue limits established by this chapter, or if the Controller determines that a school district has erroneously concluded that it is subject to costs mandated by the courts or costs mandated by the federal government, or if the Controller determines that the amount of the request is excessive or unreasonable, the Controller shall reduce the amount of the request by an appropriate amount.

(f) Any amount heretofore or hereafter established pursuant to the provisions of this section shall not be invalidated and may continue to be in effect to meet recurring costs resulting from any program or activity undertaken or implemented by a school district in order to comply with a mandate by the federal government, by initiative enactment, or by the courts, notwithstanding the reversal, repeal, stay, or invalidation of that mandate, if the reversal, repeal, stay, or invalidation of the mandate occurred or occurs after the school district has received reimbursement pursuant to this section to satisfy continuing contractual obligations entered into in order to undertake, implement, or continue the mandated program or

activity.

The reimbursement shall not continue in effect if the reversal, repeal, stay, or invalidation of the mandate is upheld by a final court order.

SEC. 20. Section 42243.9 of the Education Code is amended to read:

42243.9. The governing board of any school district maintaining a program designed to remedy the harmful effects of racial segregation that originated under a court mandate may, in accordance with procedures established by the Commission on State Mandates, submit a claim for reimbursement to the Controller for the costs of the program not otherwise reimbursed due to insufficient funds under Section 42243.6, or any other provision of law. Any claim for the payment of actual costs under this section shall be submitted in accordance with the standards and procedures established pursuant to subdivision (b) of Section 42246. The Controller shall review each claim submitted and shall approve reimbursement for the full costs of these programs not otherwise reimbursed, except that, as to a claim for the payment of actual costs, the Controller shall provide reimbursement only to the extent that the claim is submitted in compliance with the standards and procedures established pursuant to subdivision (b) of Section 42246 and the claim otherwise would not be reimbursed. Claims for reimbursement shall be approved only for school districts which are eligible to receive reimbursement for programs to remedy the harmful effects of racial segregation under Section 42243.6. This section is not intended to require that estimated current year claims be subjected to audit prior to submission to the Controller.

SEC. 21. Section 42246 of the Education Code is amended to read:

42246. (a) For the purposes of this article, the Superintendent of Public Instruction shall prescribe regulations that will provide consistent and uniform implementation of the law herein, except as specified in subdivision (b).

(b) The Controller shall establish standards and procedures governing the auditing of claims by school districts for the payment of actual costs as necessary to ensure compliance with Sections 42243.6, 42243.8, 42243.9, 42247, 42247.1, 42247.2, 42247.3, 42247.4, 42248, 42249, and 42249.2, and to determine all of the following:

(1) That the costs and programs are for the purposes of desegregation or alleviation of the harmful effects of racial segregation, as provided in the plan submitted by the school district pursuant to Section 42247.1.

(2) That the costs are costs in excess of the school district's expenditure levels for regular educational programs.

(3) That the costs are neither excessive nor unreasonable.

(c) The Controller shall make available to school districts the standards and procedures established pursuant to subdivision (b), and shall update the standards and procedures as may be required.

SEC. 22. Section 42247 of the Education Code is amended to read:

42247. (a) Notwithstanding any other provision of law, reimbursements authorized by Sections 42243.9 and 42249 for desegregation costs incurred in the 1985–86 fiscal year, and each fiscal year thereafter, shall not exceed the following amounts:

(1) For desegregation programs operating pursuant to a final court order issued prior to the effective date of this section, or January 1, 1986, as appropriate, the amount calculated pursuant to Section 42247.3.

(2) For desegregation programs initiated after the 1984–85 fiscal year, the amount in excess of one-fifth of the audited costs approved by the Controller for the first full year of operation, adjusted pursuant to Section 42247.2, provided that the school district has contributed in the prior fiscal year not less than one-fifth of the audited costs approved by the Controller for that fiscal year. For purposes of this paragraph, desegregation programs initiated after the 1984–85 fiscal year shall not include expansion of desegregation activities by school districts that were reimbursed pursuant to Section 42249 for desegregation costs incurred during the 1984–85 fiscal year, except as otherwise provided by Section 42247.2.

(3) For all other desegregation programs, the amount in excess of one-fifth of the audited desegregation costs approved by the Controller and incurred in the 1984–85 fiscal year, adjusted pursuant to Section 42247.2, provided that the school district has contributed in the prior fiscal year not less than one-fifth of the audited costs approved by the Controller for that fiscal year.

(b) Claims for reimbursement of desegregation program costs shall be subject to audit by the Controller to determine all of the following:

(1) That the costs and programs are for purposes of desegregation or alleviation of the harmful effects of racial segregation, as provided in the plan submitted by the district pursuant to Section 42247.1.

(2) That the costs are costs in excess of the district's expenditure levels for regular educational programs.

(3) That the costs are neither excessive nor unreasonable.

(c) School districts shall subject any claim for the reimbursement of actual desegregation program costs to audit in accordance with the standards and procedures established pursuant to subdivision (b) of Section 42246. Each claim for the payment of actual costs submitted to the Controller shall be accompanied by the audit any any related reports issued by the entity performing the audit, unless the school district contracts with the Controller for the performance of the audit. This subdivision is not intended to require that estimated current year claims be subjected to audit prior to submission to the Controller.

(d) Claims for reimbursement of desegregation program costs shall not include costs for school construction, reconstruction, replacement of facilities, purchase of facilities, purchase of land, or modernization of facilities.

SEC. 23. Section 42247.2 of the Education Code is amended to

read:

42247.2. The amount of reimbursement authorized by Section 42247 shall be increased annually by the percentage increase calculated pursuant to Section 42238.1, and by the percentage increase in each participating districts' total average daily attendance from the prior fiscal year.

SEC. 24. Section 42249.2 of the Education Code is amended to read:

42249.2. (a) Notwithstanding any other provision of law, a school district that meets all of the following conditions shall be reimbursed pursuant to Section 42249 based on costs incurred in the 1981–82 fiscal year:

(1) The district developed a voluntary desegregation plan in the 1980–81 fiscal year.

(2) The district's voluntary desegregation plan was first implemented in the 1981–82 fiscal year.

(3) The district has filed a claim for costs incurred in the 1983–84 and 1984–85 fiscal years prior to the effective date of this section.

(b) A school district that has not filed a claim pursuant to Section 42249 for the 1983–84 or 1984–85 fiscal year prior to July 8, 1985, shall not be eligible for reimbursement for costs incurred in those fiscal years, except that any district that filed a claim pursuant to Section 42249 for the 1984–85 or 1985–86 fiscal year prior to November 30, 1985, shall be eligible for reimbursement for costs incurred in the 1984–85 fiscal year. Any such district shall be eligible for reimbursement for the 1985–86 fiscal year and any fiscal year thereafter on the basis of audited desegregation costs incurred during the 1984–85 fiscal year as if approved by the Controller pursuant to Section 42247.

(c) (1) Commencing with the 1985–86 fiscal year, and each fiscal year thereafter, to be eligible to receive reimbursement pursuant to Section 42249 a district shall submit an estimated cost claim to the Superintendent of Public Instruction and the Controller on or before November 30 of that fiscal year. An estimated cost claim may include the full costs of performing the audit required pursuant to paragraph (2). This subdivision is not intended to require that estimated current year claims be subjected to audit prior to submission to the Controller.

(2) School districts shall subject any claim for the payment of actual costs under this subdivision to audit in accordance with the standards and procedures established pursuant to subdivision (b) of Section 42246.

SEC. 25. Section 46010.3 is added to the Education Code, to read:

46010.3. Notwithstanding subdivision (a) of Section 46010 or any other provision of law, for purposes of calculating days of attendance in order to compute any apportionment of state funding under this code, a pupil enrolled in a regular day class, including opportunity classes and classes conducted in county community schools, for the minimum day that is applicable to that pupil is deemed to be present

for the entire schoolday, unless he or she is absent for the entire schoolday. This section does not apply to any pupil whose attendance is required under this code, or under Title 5 of the California Code of Regulations, to be recorded by clock hours.

SEC. 26. Section 46015 is added to the Education Code, to read:

46015. The absence of any pupil may be claimed for apportionment credit pursuant to Section 46010 only if an employee of the school district or county office of education verifies and records the reason for the absence not more than four calendar weeks after its occurrence. "Four calendar weeks" means 20 schooldays, not to exceed 14 calendar days after the last schoolday of the school year.

SEC. 27. Section 46300.2 is added to the Education Code, to read:

46300.2. The State Department of Education shall apportion funds for community school and independent study average daily attendance only for average daily attendance claimed by school districts and county superintendents of schools for pupils who officially reside in the county in which the apportionment claim is reported, or who officially reside in a county immediately adjacent to the county in which the apportionment claim is reported.

SEC. 28. Section 46300.6 is added to the Education Code, to read:

46300.6. The State Department of Education shall not apportion funds to a local education agency for a pupil in the independent study program if that agency has provided any funds or other things of value to the pupil or his or her parent or guardian that the agency does not provide to pupils who attend regular classes or to their parents or guardians.

SEC. 29. Section 46300.7 is added to the Education Code, to read:

46300.7. Notwithstanding any other provision of law, no school district or county office of education shall receive apportionments for any pupil in independent study unless that entity receives written permission from the parent or guardian of the pupil prior to the commencement of independent study by that pupil. The written permission shall specify the actual dates of participation, the methods of study and evaluation, and the resources to be made available for the independent study program for the pupil.

SEC. 30. Section 51216 of the Education Code is amended to read:

51216. (a) The governing board of each district shall take appropriate steps to ensure that the progress towards proficiency in basic skills is assessed in the English language during the regular instructional program at least once during the 4th through 6th grade experience, once during the 7th through 9th grade experience and twice during the 10th through 11th grade experience. If a district determines that a pupil who has been identified as limited-English proficient pursuant to Section 52164.1 does not possess sufficient English language skills to be assessed for basic skills proficiency in the English language, the district may defer the assessment for a period of up to 24 calendar months of enrollment in the California public school system until the pupil has met the reclassification criteria

pursuant to Section 52164.6 and completed six months of instruction in reading, writing, and comprehension in the English language subsequent to his or her reclassification. The prescribed six months of instruction in reading, writing, and comprehension in the English language shall be provided within the maximum 24-month assessment deferment period required under this section. Each pupil enrolled in grades 4, 5, and 6 shall be tested at least once in grades 4 to 8, inclusive, within 24 months of his or her enrollment in the school.

However, a limited-English-proficient pupil shall be assessed for basic skills in the English language upon his or her own request or upon the request of his or her parent or guardian. A school district may grant reciprocity in proficiency assessment results from another school district for a pupil in any grade, except 12th grade, who has transferred from that district. However, no school district shall reassess for purposes of graduation eligibility any pupil in 12th grade who has demonstrated proficiency up to the prescribed level for high school graduation. Nothing in this section shall preclude any district from conducting an assessment of any pupil in English and in the native language of such pupil.

(b) Proficiency assessments shall be used to determine whether pupils need additional assistance in basic skills, and if so, the appropriate content and mode of any additional assistance. No individual English-speaking pupil or limited-English-proficient pupil shall receive a high school diploma unless he or she has passed the English language proficiency assessment normally required for graduation.

It is the intent of the Legislature that pupil assessments measure the progress of each pupil in mastering basic skills rather than the pupil's performance relative to his or her classmates.

It is the intent of the Legislature that the governing board of each school district make every effort possible to periodically screen assessment instruments for racial, cultural, and sexual bias.

(c) (1) In the case of any pupil who does not demonstrate sufficient progress toward mastery of basic skills so that he or she will be able to meet prescribed standards upon exit from the 6th, 8th, or 12th grade, whichever is appropriate, the principal may arrange a conference among the parent or guardian of the pupil and a certificated employee familiar with the pupil's progress to discuss the results of the individual pupil assessment and recommended actions to further the pupil's progress.

(2) The conference to discuss the results of the individual assessment may be conducted on an individual basis among the parent or guardian of the pupil, the certificated employee familiar with the pupil's progress, and the pupil, as the case may be.

(3) If those conferences are conducted on a group basis, the pupil or the parent or guardian may request, and may be granted, a conference on an individual basis without having to attend the group conference.

(4) The secondary school pupil shall attend the conference. The elementary school pupil shall attend the conference unless the principal's designee and the parent or guardian agree that his or her presence would not be in the pupil's best interest.

(5) The pupil and the parent or guardian may be requested in writing to attend the conference. The notice may be written in the primary language of the parent or guardian, whenever practicable. If the conference is to be conducted on a group basis, the notice may specify the right of the pupil or the parent or guardian to request and be granted a conference on an individual basis without having to attend the group conference.

Notices to pupils in grades 9 to 12 shall inform the parent or guardian that the pupil shall not receive a high school diploma unless the prescribed standards are met.

(6) Absent a response from the parent or guardian the school may communicate directly the information contained in the written request.

(7) At the conference, the instructional program which shall be provided to assist the pupil to master basic skills shall be described. If the parent or guardian does not attend the conference, that information shall be communicated to the parent or guardian by other means within 10 days of the date of the conference.

(d) Instruction in basic skills shall be provided for any pupil who does not demonstrate sufficient progress toward mastery of basic skills and shall continue until the pupil has been given numerous opportunities to achieve mastery. That instruction may be provided in summer school programs. Pupils who a district determines do not possess sufficient English language skills to be assessed for basic skills proficiency in the English language shall be deemed not to demonstrate sufficient progress towards mastery of basic skills for purposes of this section. The appropriate contents and mode of the remediation assistance for pupils of limited English proficiency who are not assessed in the English language for their proficiency in basic skills pursuant to this section shall be based upon, but need not be limited to, the diagnostic assessment procedures prescribed by Section 52164.1.

SEC. 31. Section 51226 of the Education Code is amended to read:

51226. The Superintendent of Public Instruction shall coordinate the development, on a cyclical basis, of model curriculum standards for the course of study required by Section 51225.3 and for a vocational education course of study necessary to assist school districts with complying with subdivision (b) of Section 51228. The superintendent shall set forth these standards in terms of a wide range of specific competencies, including higher level skills, in each academic subject area. The superintendent shall review currently available textbooks in conjunction with the curriculum standards. The superintendent shall seek the advice of classroom teachers, school administrators, parents, postsecondary educators, and representatives of business and industry in developing these

curriculum standards. The superintendent shall recommend policies to the State Board of Education for consideration and adoption by the board. The State Board of Education shall adopt these policies no later than January 1, 1985. However, neither the superintendent nor the board shall adopt rules or regulations for course content or methods of instruction.

The superintendent shall, to the extent applicable, incorporate the integration of vocational and academic education into the development of curriculum standards for vocational education courses. The standards for a vocational education course of study shall be adopted no later than May 1, 1991.

SEC. 32. Section 51747.3 is added to the Education Code, to read:

51747.3. (a) No local education agency may claim state funding for the independent study of a pupil, whether characterized as home study or otherwise, if the agency has provided any funds or other thing of value to the pupil or his or her parent or guardian that the agency does not provide to students who attend regular classes or to their parents or guardians.

(b) Notwithstanding any other provision of law, community school and independent study average daily attendance shall be claimed by school districts and county superintendents of schools only for pupils who are residents of the county in which the apportionment claim is reported, or who are residents of a county immediately adjacent to the county in which the apportionment claim is reported.

(c) The Superintendent of Public Instruction shall not apportion funds for reported average daily attendance, through full-time independent study, of pupils who are enrolled in school pursuant to subdivision (f) of Section 48204.

(d) In conformity with Provisions 25 and 28 of Section 2.00 of the Budget Act of 1992, this section is applicable to average daily attendance reported for apportionment purposes beginning July 1, 1992. The provisions of this section are not subject to waiver by the State Board of Education, by the State Superintendent of Public Instruction, or under any provision of Part 26.8 (commencing with Section 47600).

SEC. 33. Section 66161.5 of the Education Code is amended to read:

66161.5. (a) For the 1991–92 academic year, notwithstanding Sections 66156, 66158, 66160, and 66161, the Trustees of the California State University are authorized to increase fees by an amount not to exceed 20 percent of the fee fixed for the prior academic year. The full amount of the fee increase authorized pursuant to this subdivision shall be included in the base fee level for the 1992–93 academic year, and each academic year thereafter.

(b) For the 1992–93 academic year, notwithstanding Sections 66156, 66158, 66160, and 66161, the Trustees of the California State University are authorized to increase fees by an amount not to exceed 40 percent of the fee fixed for the 1991–92 academic year. The

amount of the fee increase for the 1992–93 academic year shall be included in the base fee for the 1993–94 academic year, and each academic year thereafter.

SEC. 34. Section 76300 of the Education Code, as added by Chapter 8 of the Statutes of 1993, is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) The fee prescribed by this section shall be fifteen dollars ($15) per unit per semester up to a total not to exceed one hundred fifty dollars ($150) per student per semester.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivisions (g) and (h) shall be deemed to be local property tax revenue within the meaning of Section 84751.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84711.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be defrayed pursuant to Section 76310 for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(h) The fee requirements of this section shall be defrayed pursuant to Section 76310 for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the

active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) Student financial aid funds appropriated for the purpose of assisting students to pay the fee required by this section may be awarded without regard to the requirements of Chapter 2 (commencing with Section 69500) of Part 42.

(j) The board of governors shall adopt regulations implementing this section.

(k) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1995, deletes or extends that date.

SEC. 35. Section 84751 is added to the Education Code, to read:

84751. In calculating each community college district's revenue level for each fiscal year pursuant to subdivision (a) of Section 84750, the chancellor shall subtract, from the total revenues owed, all of the following:

(a) The local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption.

(b) Ninety-eight percent of the fee revenues collected pursuant to Section 76300 and moneys received for fees defrayed pursuant to subdivisions (g) and (h) of that section.

(c) Motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code.

(d) Timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code.

SEC. 35.5. Section 97.5 of the Revenue and Taxation Code is amended to read:

97.5. Except as otherwise provided in Section 97.51 or 97.52, for the purpose of apportioning property tax revenues each fiscal year:

(a) The amount of property tax revenue allocated pursuant to subdivisions (a) and (b) of Section 96 or subdivision (a) of Section 97, modified by any adjustments made pursuant to Section 99 or 99.4, and subdivision (e) of Section 98, shall be combined to compute the total amount of property tax revenue allocated to the jurisdiction with respect to the tax rate area.

(b) The total amount of property tax revenue allocated to each jurisdiction with respect to all tax rate areas as determined pursuant to subdivision (a) shall be added to compute a total amount of property tax revenue for a jurisdiction in all tax rate areas.

(c) Each amount determined pursuant to subdivision (b) shall be divided by the total of all such amounts computed. The quotient determined shall be used to apportion actual property tax collections and shall be known as the "property tax apportionment factors."

(d) (1) Notwithstanding any other provision of law, for the 1990–91 fiscal year and each fiscal year thereafter, the auditor shall divide the sum of the amounts calculated with respect to each

jurisdiction or community redevelopment agency pursuant to Sections 97, 98.6, and 98.9, and Section 33670 of the Health and Safety Code, by the countywide total of those calculated amounts. The resulting ratio shall be known as the "administrative cost apportionment factor" and shall be multiplied by the sum of the property tax administrative costs incurred in the immediately preceding fiscal year by the assessor, tax collector, and auditor to determine the fiscal year property tax administrative costs proportionately attributable to each jurisdiction or community redevelopment agency. For purposes of this paragraph, property tax administrative costs shall also include applicable administrative overhead costs allowed by the federal Office of Management and Budget Circular A-87 standards, but shall not include any amount reimbursed pursuant to Sections 75.60 and 98.6, or include any amount in excess of the amounts reimbursable pursuant to Section 75.60, unless a county meets the conditions of paragraph (2) of subdivision (b) of Section 75.60.

(2) Each proportionate share of property tax administrative costs determined pursuant to paragraph (1), except for those proportionate shares determined with respect to a school entity, shall be deducted from the property tax revenue allocation of the relevant jurisdiction or community redevelopment agency, and shall be added to the property tax revenue allocation of the county. For purposes of applying this paragraph for the 1990–91 fiscal year, each proportionate share of property tax administrative costs shall be deducted from those amounts allocated to the relevant jurisdiction or community redevelopment agency after January 1, 1991.

(4) Reductions made pursuant to this subdivision to property tax revenue allocations shall be made without regard to Section 907 of the Government Code.

(5) Any additional amounts of property tax revenue allocated to the county pursuant to this subdivision shall be used only to fund costs incurred by the county in assessing and collecting property taxes, and in allocating property tax revenues, and shall constitute charges for those services, not exceeding the actual and reasonable costs incurred by the county in performing those services.

(6) It is the intent of the Legislature in enacting this subdivision to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for other jurisdictions and for redevelopment agencies. The Legislature finds and declares that this subdivision is intended to fairly apportion the burden of collecting property tax revenues and is not a reallocation of property tax revenue shares or a transfer of any financial or program responsibility.

(7) Commencing with the 1992–93 fiscal year and each fiscal year thereafter, this subdivision shall supersede and replace subdivisions (e), (f), and (g) of Section 97, as that section read on January 1, 1992,

as authority for a county to recover property tax administrative costs.

(e) For 1980–81 and each year thereafter, the property tax apportionment factors for the current year shall be used to apportion the total amount paid to a county annually for reimbursement of tax loss from business inventory exemptions pursuant to Chapter 1150 of the Statutes of 1979.

(f) For 1980–81 and each year thereafter, prior years' property tax revenues shall be apportioned using the factors determined pursuant to subdivision (c) for the immediately preceding fiscal year.

(g) For 1979–80, prior years' property tax revenues shall be apportioned using the tax allocation factors computed pursuant to Section 26912 of the Government Code.

(h) Notwithstanding the provisions of this section property tax revenues may be apportioned by tax rate area.

(i) Supplemental property tax revenues for 1985–86 and each year thereafter, generated by Sections 75 to 75.80, inclusive, shall be apportioned using the property tax apportionment factors for the current year.

(j) This section, as amended by Senate Bill 399 of the 1993–94 Regular Session, shall apply to the entire 1993–94 fiscal year, regardless of the operative date of Senate Bill 399, and to each fiscal year thereafter.

SEC. 36. Section 18 of Chapter 703 of the Statutes of 1992 is amended to read:

Sec. 18. Notwithstanding Section 2.00 of Chapter 118 of the Statutes of 1991, or any other provision of law, of the amounts set forth in Item 6110-101-001 of that section, the sum of one billion eighty-three million dollars ($1,083,000,000) shall be deemed to be and is hereby reclassified as an appropriation for the purposes of an emergency loan.

SEC. 37. Section 19 of Chapter 703 of the Statutes of 1992 is amended to read:

Sec. 19. (a) The emergency loan described in Section 18 of Chapter 703 of the Statutes of 1992, as amended by Section 36 of Senate Bill 399 of the 1993–94 Regular Session in the amount of one billion eighty-three million dollars ($1,083,000,000), shall be distributed to school districts for the 1991–92 fiscal year pursuant to Section 42238 of the Education Code in the same manner that funds are apportioned pursuant to Schedule (a) of Item 6110-101-001 of Section 2.00 of the Budget Act of 1991, as set forth in Chapter 118 of the Statutes of 1991.

(b) No interest payment shall be required with regard to the emergency loan described in Section 18 of Chapter 703 of the Statutes of 1992, as amended by Section 36 of Senate Bill 399 of the 1993–94 Regular Session. The repayment of that loan shall be governed by subdivisions (a) and (b) of Section 20 of Chapter 703 of the Statutes of 1992, as amended by Section 38 of Senate Bill 399 of the 1993–94 Regular Session.

(c) The emergency loan described in Section 18 of Chapter 703 of

the Statutes of 1992, as amended by Section 36 of Senate Bill 399 of the 1993–94 Regular Session, shall not be considered, for any fiscal year, to be either "General Fund revenues appropriated for school districts" or any part of "total allocations to school districts" for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 38. Section 20 of Chapter 703 of the Statutes of 1992 is amended to read:

Sec. 20. (a) (1) The sum of one billion eighty-three million dollars ($1,083,000,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts for the 1992–93 fiscal year pursuant to Section 42238 of the Education Code.

(2) The sum appropriated pursuant to paragraph (1) shall be reduced by the amount of one billion eighty-three million dollars ($1,083,000,000) in discharge of the emergency loan described in Section 18 of Chapter 703 of the Statutes of 1992, as amended by Section 36 of Senate Bill 399 of the 1993–94 Regular Session.

(b) The appropriation made by paragraph (1) of subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts" for the 1992–93 fiscal year and included within "total allocations to school districts" for that fiscal year, for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 39. Section 22 of Chapter 703 of the Statutes of 1992 is repealed.

SEC. 40. Section 23 of Chapter 703 of the Statutes of 1992 is repealed.

SEC. 41. Section 26 of Chapter 703 of the Statutes of 1992 is repealed.

SEC. 42. Section 27 of Chapter 703 of the Statutes of 1992 is repealed.

SEC. 43. Section 28 of Chapter 703 of the Statutes of 1992 is amended to read:

Sec. 28. (a) Subdivision (b) shall be operative in the event that any appellate court of this state determines that Section 41204.5 of the Education Code, as added by Section 4 of Chapter 703 of the Statutes of 1992, or that any portion of Sections 18, 19, and 20, of Chapter 703 of the Statutes of 1992, as amended by Sections 36, 37, and 38, respectively, of Senate Bill 399 of the 1993–94 Regular Session, is unconstitutional, unenforceable, or otherwise invalid.

(b) (1) Subject to subdivision (a), and pursuant to the authority set forth in subdivision (h) of Section 8 of Article XVI of the California Constitution, the Legislature hereby suspends for the 1992–93 fiscal year subdivision (b) of Section 8 of Article XVI of the California Constitution, except that subparagraph (B) of paragraph (3) of subdivision (b) of that section is not suspended for the 1992–93 fiscal year.

(2) The Legislature finds and declares that the state is faced with an unprecedented fiscal crisis and that successive years of declining revenue and increasing program costs have strained state resources

to the maximum. The Legislature further finds and declares that if the condition set forth in subdivision (a) occurs then the suspension of subdivision (b) of Section 8 of Article XVI, as set forth in paragraph (1), would be necessary in order to avoid substantial reductions in other state services, including, but not necessarily limited to, health care and subsistence programs.

(3) It is the intent of the Legislature that the amount of General Fund revenues appropriated for the support of school districts and community college districts that would otherwise be considered to be appropriated for the purposes of subdivision (b) of Section 8 of Article XVI not exceed fifteen billion five hundred thirty-seven million dollars ($15,537,000,000) for the 1992–93 fiscal year. It is further the intent of the Legislature that any amount appropriated in excess of that amount shall not be considered, for any fiscal year, to be either "General Fund revenues appropriated for school districts and community college districts" or any part of "total allocations to school districts and community college districts from General Fund proceeds of taxes" for the purposes of Section 8 of Article XVI of the California Constitution.

(4) This paragraph shall become operative if, pursuant to this subdivision, subdivision (b) of Section 8 of Article XVI of the California Constitution, excepting subparagraph (B) of paragraph (3) of subdivision (b) of Section 8, is suspended for the 1992–93 fiscal year because an appellate court of this state determines that any portion of Sections 18, 19, and 20, inclusive, of Chapter 703 of the Statutes of 1992, as amended by Sections 36, 37, and 38, respectively, of Senate Bill 399 of the 1993–94 Regular Session, is unconstitutional, unenforceable, or otherwise invalid. Notwithstanding any other provision of law, in the event of a suspension as described in this paragraph, the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes, as calculated pursuant to paragraphs (2) and (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution for purposes of determining the minimum state school funding obligation under that constitutional provision for the 1993–94 fiscal year, shall be deemed to be the sum of the actual amounts allocated from these sources for the 1992–93 fiscal year, not including the amounts appropriated as emergency loans pursuant to Sections 21 and 25 of this act, and the amount of one billion eighty-three million dollars ($1,083,000,000). If this amount exceeds the constitutionally required minimum state school funding obligation, the difference shall be applied toward any outstanding maintenance factor obligation pursuant to subdivision (h) of Section 8 of Article XVI of the California Constitution.

SEC. 44. The Legislature finds and declares all of the following:

(a) Sections 18, 19, and 20 of Chapter 703 of the Statutes of 1992 were intended to be interrelated provisions that must be implemented as a unit, to accomplish all the following:

(1) To recapture the amount appropriated to the State School Fund for apportionment to school districts by Item 6110-101-001 of Section 2 of Chapter 118 of the Statutes of 1991 that was in excess of the minimum funding requirements for the 1991–92 fiscal year for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution, by reducing the appropriation made by that item by the amount of one billion eighty-three million dollars ($1,083,000,000).

(2) To appropriate one billion eighty-three million dollars ($1,083,000,000) as an emergency loan to school districts for the 1991–92 fiscal year to replace the amount of the reduction described in paragraph (1). The intent of the Legislature in making that reduction and that emergency loan is to reclassify as an appropriation of an emergency loan the amount appropriated to school districts in excess of the minimum funding requirements for the 1991–92 fiscal year for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(3) To withhold in the 1992–93 fiscal year, as repayment of that emergency loan, the amount of one billion eighty-three million dollars ($1,083,000,000) from an amount appropriated for that purpose to the State School Fund for apportionment to school districts for the 1992–93 fiscal year.

(b) Following the enactment of the Budget Act of 1992 (Chapter 587 of the Statutes of 1992), it became apparent that this intent of the Legislature in enacting Chapter 703 of the Statutes of 1992 might not be fully realized.

(c) Implementation of Chapter 703 of the Statutes of 1992, consistent with the intended purposes described in subdivision (a), is an essential element of the design of the 1992–93 fiscal year budget plan, as reflected in the Budget Act of 1992.

(d) Accordingly, Sections 36, 37, 38, and 43 of this act are necessary solely for the purpose of clarifying the intent of the Legislature in enacting Chapter 703 of the Statutes of 1992. The provisions of law set forth in Sections 36, 37, 38, and 43 of this act do not constitute a change in, but are declarative of, existing law as enacted by Chapter 703 of the Statutes of 1992. To this end, pertinent provisions of Chapter 703 of the Statutes of 1992 are amended and reenacted as set forth in this act.

SEC. 45. It is not the intent of the Legislature, in any provision of this act, to extinguish, expand, or in any way alter any cause of action or any statute of limitations enacted as part of Chapter 703 of the Statutes of 1992.

SEC. 46. Notwithstanding any other provision of law, if for any reason the reclassification of the sum of one billion eighty-three million dollars ($1,083,000,000) as an emergency loan pursuant to Section 18 of Chapter 703 of the Statutes of 1992, as amended by Section 36 of Senate Bill 399 of the 1993–94 Regular Session, is not implemented, in whole or in part, then there shall be no emergency

loan for distribution to school districts nor any appropriation for loan repayment as would otherwise be required by Sections 19 and 20 of Chapter 703 of the Statutes of 1992, as amended by Sections 37 and 38, respectively, of Senate Bill 399 of the 1993–94 Regular Session.

SEC. 47. (a) There is hereby appropriated one hundred eighteen thousand dollars ($118,000) from the General Fund to the Superintendent of Public Instruction for apportionment to the Sacramento County Office of Education for the purposes of Chapter 1358 of the Statutes of 1989.

(b) There is hereby appropriated one million seven hundred fifty thousand dollars ($1,750,000) from the General Fund to the Superintendent of Public Instruction for apportionment to the county offices of education in the following manner:

(1) One million dollars ($1,000,000) shall be for the purposes provided in paragraph (1) of subdivision (a) of Section 29 of Chapter 1213 of the Statutes of 1991.

(2) Seven hundred fifty thousand dollars ($750,000) shall be for allocation to a selected county office of education to meet the costs of participation under Section 42127.8 of the Education Code.

(c) Notwithstanding any other provision of law, for fiscal year 1993–94, the Superintendent of Public Instruction shall apportion not more than a total of one hundred sixty million eighty-five thousand dollars ($160,085,000) from all sources for the average daily attendance of pupils pursuant to subdivision (c) of Section 1981 of the Education Code.

(d) There is hereby appropriated fifty thousand dollars ($50,000) from the General Fund to the Superintendent of Public Instruction for apportionment to the Alameda County Office of Education for expenses associated with the oversight monitoring of the Oakland City School District.

SEC. 48. (a) The sum of six hundred eight million six hundred ninety-one thousand dollars ($608,691,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts and county superintendents of schools for the 1993–94 fiscal year as an emergency loan.

(b) The funds appropriated pursuant to subdivision (a) shall be distributed to county superintendents of schools and school districts for the 1993–94 fiscal year for the purposes of revenue limits as determined pursuant to Sections 2558.4 and 42238.14 of the Education Code, respectively.

(c) No interest payment shall be required with regard to the emergency loans authorized under subdivision (a). The repayment of that emergency loan shall be governed by statutory provisions that expressly address repayment of that emergency loan.

(d) The moneys appropriated for emergency loan purposes under subdivision (a) shall not be deemed, for any fiscal year, to be either "General Fund revenues appropriated for school districts" or any part of "total allocations to school districts" for purposes of Section

8 of Article XVI of the California Constitution.

SEC. 49. (a) The sum of one hundred seventy-eight million dollars ($178,000,000) is hereby appropriated from the General Fund for transfer to Section B of the State School Fund for apportionment to community college districts for the 1993–94 fiscal year as an emergency loan.

(b) The funds appropriated pursuant to subdivision (a) shall be allocated to community college districts for apportionments determined pursuant to Article 2 (commencing with Section 84750) of Chapter 5 of Part 50 of the Education Code, for the 1993–94 fiscal year.

(c) No interest payment shall be required with regard to the emergency loan authorized pursuant to subdivision (a). The repayment of that emergency loan shall be governed by statutory provision that expressly addresses that emergency loan.

(d) The moneys appropriated for emergency loan purposes under subdivision (a) shall not be deemed, for any fiscal year, to be either "General Fund revenues appropriated for community college districts" or any part of "total allocations to community college districts" for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 50. The funds appropriated in Item 6110-230-001 of Section 2.00 of the Budget Act of 1993 for those programs listed in Provision 1 are in lieu of the amount that would otherwise be required to be appropriated pursuant to any other provision of law.

SEC. 51. Notwithstanding subdivision (a) of Section 46300 of the Education Code, in computing the average daily attendance claimed by the El Dorado County Office of Education for the 1989–90, 1990–91, and 1991–92 fiscal years there shall be included the attendance of pupils while engaged in educational activities required of those pupils in the El Dorado County's Rite of Passage Juvenile Delinquency Prevention Program.

SEC. 51.5. Notwithstanding any other provision of law, in the case of the Oakland Unified School District, the Controller shall identify the 1993–94 fiscal year as "the first full year of operations" for purposes of Section 42247 of the Education Code, provided that the amount of audited costs approved by the Controller for the first full year of operation shall not exceed nine million seven hundred thousand dollars ($9,700,000).

SEC. 52. Notwithstanding Section 2.00 of Chapter 587 of the Statutes of 1992, of the appropriation made under Schedule (a) of Item 6110-101-001 of that section, an amount equal to the amount appropriated for purposes of an emergency loan pursuant to Section 53 of this act shall revert, as of the effective date of this act, to the unappropriated balance of the General Fund.

SEC. 53. (a) The sum of one hundred ninety million, two hundred twenty-one thousand dollars ($190,221,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts as an

emergency loan for the 1992–93 fiscal year. That apportionment shall be distributed to school districts pursuant to Section 42238 of the Education Code in the same manner that funds are apportioned pursuant to Schedule (a) of Item 6110-101-001 of Section 2.00 of the Budget Act of 1992, as set forth in Chapter 587 of the Statutes of 1992.

(b) No interest payment shall be required with regard to the loan authorized under subdivision (a). The repayment of that loan shall be governed by statutory provisions that expressly addresses that loan.

(c) The moneys appropriated for loan purposes under subdivision (a) shall not be deemed, for any fiscal year, to be either "General Fund revenues appropriated for school districts" or any part of "total allocations to school districts" for purposes of Section 8 of Article XVI of the California Constitution.

SEC. 54. (a) (1) The sum of one hundred ninety million two hundred twenty-one thousand dollars ($190,221,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for apportionment to school districts for the 1993–94 fiscal year pursuant to Section 42238 of the Education Code.

(2) The sum appropriated pursuant to paragraph (1) shall be reduced by the amount of one hundred ninety million two hundred twenty-one thousand dollars ($190,221,000) in discharge of the emergency loan in that amount made to school districts from the General Fund pursuant to subdivision (a) of Section 53 of this act.

(b) The appropriation made by paragraph (1) of subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts" for the 1993–94 fiscal year and "total allocations to school districts" for that fiscal year, for purposes of Section 8 of Article XVI of the California Constitution.

(c) This section shall become operative July 1, 1993.

SEC. 55. Notwithstanding Section 2.00 of the Budget Act of 1990 (Chapter 467 of the Statutes of 1990), of the amount appropriated in Item 6110-196-001 of that Budget Act, the sum of twenty-five million four hundred twenty-three thousand dollars ($25,423,000) shall revert, as of the effective date of this act, to the unappropriated balance of the General Fund.

SEC. 56-57. Notwithstanding Section 2.00 of the Budget Act of 1992 (Chapter 587 of the Statutes of 1992), of the amount appropriated in Item 6110-101-001 of that Budget Act, twenty-four million seven hundred twenty-seven thousand dollars ($24,727,000) shall revert, as of the effective date of this act, to the unappropriated balance of the General Fund.

SEC. 58. Notwithstanding Section 2.00 of the Budget Act of 1992 (Chapter 587 of the Statutes of 1992), of the amount appropriated in Item 6110-101-001 of that act, the sum of eighty-six million seven hundred forty-five thousand dollars ($86,745,000) shall apply to the state school funding obligation, as determined under subdivision (b) of Section 8 of Article XVI of the California Constitution, for the 1991–92 fiscal year, the sum of five million two hundred

seventy-three thousand dollars ($5,273,000) shall apply to the state school funding obligation, as determined under subdivision (b) of Section 8 of Article XVI of the California Constitution, for the 1989–90 fiscal year, and the sum of six million one hundred forty-nine thousand dollars ($6,149,000) shall apply to the state school funding obligation for the 1988–89 fiscal year, rather than for the 1992–93 fiscal year.

SEC. 59. Subsequent to the reversion pursuant to Section 56 of this act, in the event there is a deficiency in the appropriation made in Schedule (a) of Item 6110-101-001 or Item 6110-106-001 of Chapter 587 of the Statutes of 1992, the Superintendent of Public Instruction may transfer funds between those items. The superintendent shall adjust the apportionments in those items so that the deficit factor for county offices of education is 1.63 percentage points greater than the deficit factor for school districts for the 1992-93 fiscal year.

SEC. 60. Notwithstanding Sections 1909 and 41841.5 of the Education Code, or any other provision of law, from funds appropriated for allocation pursuant to Sections 2558 and 41841.5 of the Education Code for each county office of education or school district that maintains schools or classes for prisoners in the 1993-94 fiscal year, the superintendent shall allow in the 1993–94 fiscal year an amount equal to the actual current expenses of the programs, but in no event shall the amount allowed exceed the statewide revenue limit at which those schools or classes were funded in the 1992–93 fiscal year, as adjusted by any cost-of-living adjustment funded in the Budget Act of 1993.

SEC. 61. (a) (1) The appropriations of emergency loans made in Sections 48 and 49 of this act and in Sections 21 and 25 of Chapter 703 of the Statutes of 1992 shall be considered as, and is hereby deemed to be, one loan to be repaid from amounts appropriated for the purpose of meeting the minimum funding requirements for school districts and community colleges imposed by Section 8 of Article XVI of the California Constitution.

(2) In any fiscal year in which this subdivision becomes operative pursuant to subdivision (b), one or more of the appropriations made in the Budget Act for that fiscal year for apportionment to school districts, county offices of education, and community college districts shall be reduced, as specified in that Budget Act, by a total amount determined pursuant to subdivision (c).

(b) Paragraph (2) of subdivision (a) shall become operative in any fiscal year in which, as estimated pursuant to Section 62 of this act, the total of the amounts arrived at pursuant to paragraphs (1), (2), and (3) is less than the amount arrived at pursuant to paragraph (4), as follows:

(1) An amount determined by multiplying the per pupil amount of funding provided for kindergarten and grades 1 to 12, inclusive, (hereafter K-12) pursuant to Section 8 of Article XVI of the California Constitution for the fiscal year prior to the fiscal year in which paragraph (2) of subdivision (a) becomes operative by the

average daily attendance of pupils enrolled in K-12 for the fiscal year in which paragraph (2) of subdivision (a) becomes operative. For purposes of this paragraph the "funding provided for K-12 by Section 8 of Article XVI of the California Constitution" is the General Fund revenues and allocated local proceeds of taxes provided for programs for K-12, adjusted for shifts between fiscal years in a manner that reflects the actual funding available to schools in the fiscal year in which paragraph (2) of subdivision (a) becomes operative and the fiscal year prior to that fiscal year.

(2) An amount calculated as the General Fund revenues and allocated local proceeds of taxes for community colleges in the fiscal year prior to the fiscal year in which paragraph (2) of subdivision (a) becomes operative, adjusted for growth in the adult population for the fiscal year in which paragraph (2) of subdivision (a) becomes operative, and adjusted for shifts between fiscal years in a manner that reflects the actual funding available to community colleges in the fiscal year in which paragraph (2) of subdivision (a) becomes operative and the fiscal year prior to that fiscal year.

(3) The General Fund amount appropriated to the state agencies identified in Section 41205 of the Education Code.

(4) Total General Fund revenues and allocated local proceeds of taxes as determined pursuant to Section 8 of Article XVI of the California Constitution for the fiscal year in which paragraph (2) of subdivision (a) becomes operative.

(c) The amount of loan repayment shall be calculated as 50 percent of the total amount determined pursuant to paragraph (1) or the amount determined pursuant to paragraph (2), as follows:

(1) Subtract the total of the amounts determined pursuant to paragraphs (1), (2), and (3) of subdivision (b) from the amount determined pursuant to paragraph (4) of subdivision (b).

(2) If the amount calculated in paragraph (1) exceeds the amount of any portion of the loan described in paragraph (1) that has not been repaid, the amount of loan repayment shall equal that portion of the loan that has not been repaid.

SEC. 62. The amounts in paragraphs (1) to (4), inclusive, of subdivision (b) of Section 61 of this act shall be calculated, for each fiscal year to which those paragraphs may apply, by the Department of Finance as estimates and shall be certified by the department to the Legislature annually not later than May 1 preceding each fiscal year. For purposes of paragraphs (1) to (4), inclusive, of subdivision (b) of Section 61 of this act, pupil enrollment shall be determined pursuant to Sections 14022 and 14022.3 of the Education Code.

SEC. 63. It is the intent of the Legislature that until such time as the condition defined in either subdivision (a) or (b) occurs, the aggregate sum of funds appropriated for the purposes of Section 8 of Article XVI of the California Constitution for education programs for kindergarten and grades 1 to 12, inclusive, (hereafter K-12), less any amounts appropriated for revenue limits for school districts and county offices of education and special education programs and

services, shall not exceed the total amount appropriated for those education programs for the 1993–94 fiscal year.

(a) A loan payment is made pursuant to Section 61 of this act.

(b) The aggregate sum of funds appropriated for the purposes of Section 8 of Article XVI of the California Constitution for education programs for K-12, is less than four thousand two hundred seventeen dollars ($4,217) per 'enrollment' as defined in subdivision (a) of Section 14022.3 of the Education Code. For the purposes of this subdivision, "the aggregate sum of funds appropriated for the purposes of Section 8 of Article XVI of the California Constitution for education programs for K-12' is General Fund revenues and allocated local proceeds of taxes provided to programs for K-12 pursuant to Section 8 of Article XVI of the California Constitution, adjusted for loans and shifts between fiscal years in a manner that reflects actual funding available for education programs for kindergarten and grades 1 to 12, inclusive, for the fiscal year in which this subdivision applies.

SEC. 64. Notwithstanding any provision of law to the contrary, for the 1993–94 and 1994–95 fiscal years, the Superintendent of Public Instruction shall certify to the Controller for purposes of Sections 14002, 14004, and 41301 of the Education Code amounts that do not exceed the amounts needed to fund school district revenue limits pursuant to Section 42238 of the Education Code, as adjusted pursuant to Sections 42238.14 and 42238.145 of the Education Code, and county office of education revenue limits pursuant to Section 2558 of the Education Code, as adjusted pursuant to Section 2558.4 and 2558.45 of the Education Code. In determining the amounts to be certified to the Controller, the Superintendent of Public Instruction shall include and reflect the emergency loan made and distributed pursuant to Section 48.

SEC. 65. Any judicial action or proceeding to challenge, review, set aside, void, or annul the provisions of Sections 18, 19, 20, and 28, of Chapter 703 of the Statutes of 1992, as amended by Sections 36, 37, 38, and 43, respectively, of Senate Bill 399 of the 1993–94 Regular Session or any other provision of this act, shall proceed by application or complaint filed within 45 days of the effective date of this act.

SEC. 66. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 67. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 68. (a) Subdivision (b) shall be operative in the event that any appellate court of this state determines that any of Sections 9, 36, 37, 38, 43, 48, or 49 of this act are unconstitutional, unenforceable, or otherwise invalid.

(b) (1) Subject to subdivision (a), and pursuant to the authority set forth in subdivision (h) of Section 8 of Article XVI of the California Constitution, the Legislature hereby suspends for the 1993–94 fiscal year subdivision (b) of Section 8 of Article XVI of the California Constitution, excepting subparagraph (B) of paragraph (3) of subdivision (b) of that section.

(2) The Legislature finds and declares that the state is faced with an unprecedented fiscal crisis and that successive years of declining revenue and increasing program costs have strained state resources to the maximum. The Legislature further finds and declares that, if the condition set forth in subdivision (a) occurs, the suspension of subdivision (b) of Section 8 of Article XVI, as set forth in paragraph (1), would be necessary in order to avoid substantial reductions in other state services, including health care and subsistence programs.

(3) It is the intent of the Legislature that the amount of General Fund revenues appropriated for the support of school districts and community college districts that would otherwise be considered to be appropriated for the purposes of subdivision (b) of Section 8 of Article XVI not exceed thirteen billion five hundred two million seven hundred ninety-three thousand dollars ($13,502,793,000) for the 1993–94 fiscal year. It is further the intent of the Legislature that any amount appropriated in excess of that amount shall not be considered, for any fiscal year, to be either "General Fund revenues appropriated for school districts and community college districts" or any part of "total allocations to school districts and community college districts from General Fund proceeds of taxes" for the purposes of Section 8 of Article XVI of the California Constitution.

SEC. 69. Under no circumstances shall the State Department of Education interpret or use Section 15 of Chapter 703 of the Statutes of 1992 as an appropriation.

SEC. 70. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make certain essential changes in education-related financing at the earliest possible opportunity, it is necessary that this act take effect immediately.

CHAPTER 67

An act to amend Section 76300 of the Education Code, relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 76300 of the Education Code is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) The fee prescribed by this section shall be thirteen dollars ($13) per unit per semester.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivisions (g) and (h) shall be deemed to be local property tax revenue within the meaning of Section 84751.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84711.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be defrayed pursuant to Section 76310 for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance

program.

(h) The fee requirements of this section shall be defrayed pursuant to Section 76310 for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) Student financial aid funds appropriated for the purpose of assisting students to pay the fee required by this section may be awarded without regard to the requirements of Chapter 2 (commencing with Section 69500) of Part 42.

(j) The board of governors shall adopt regulations implementing this section.

(k) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1995, deletes or extends that date.

SEC. 2. Notwithstanding any other provision of law, Section 66156 of the Education Code shall not apply to the imposition of student fees by the Trustees of the California State University for the 1993–94 academic year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act regarding student fees to take effect for the fall 1993 semester, it is necessary that this act take effect immediately.

CHAPTER 68

An act to amend Sections 33020, 33680, 33681, 33682, and 33683 of, and to add Sections 33681.5 and 33682.5 to, the Health and Safety Code, and to amend Sections 95.1 and 97.04 of, to add Sections 97.02, 97.035, 11005.4, and 11005.7 to, and to repeal Sections 98.6, 98.65, 98.66, 98.67, and 98.68 of, the Revenue and Taxation Code, relating to local government finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 33020 of the Health and Safety Code is amended to read:

33020. "Redevelopment" means the planning, development, replanning, redesign, clearance, reconstruction, or rehabilitation, or any combination of these, of all or part of a survey area, and the provision of those residential, commercial, industrial, public, or other structures or spaces as may be appropriate or necessary in the interest of the general welfare, including recreational and other facilities incidental or appurtenant to them and payments to school and community college districts in the 1992–93, 1993–94, and 1994–95 fiscal years as provided in Sections 33681 and 33681.5.

SEC. 2. Section 33680 of the Health and Safety Code is amended to read:

33680. (a) The Legislature finds and declares that the effectuation of the primary purposes of the Community Redevelopment Law, including job creation, attracting new private commercial investments, the physical and social improvement of residential neighborhoods, and the provision and maintenance of low- and moderate-income housing, is dependent upon the existence of an adequate and financially solvent school system which is capable of providing for the safety and education of students who live within both redevelopment project areas and housing assisted by redevelopment agencies. The attraction of new businesses to redevelopment project areas depends upon the existence of an adequately trained work force, which can only be accomplished if education at the primary and secondary schools is adequate and general education and job training at community colleges is available. The ability of communities to build residential development and attract residents in redevelopment project areas depends upon the existence of adequately maintained and operating schools serving the redevelopment project area. The development and maintenance of low- and moderate-income housing both within redevelopment project areas and throughout the community can only be successful if adequate schools exist to serve the residents of this housing.

(b) Redevelopment agencies have financially assisted schools which benefit and serve the project area by paying part or all of land and the construction of school facilities and other improvements pursuant to the authority in Section 33445. Redevelopment agencies have financially assisted schools to alleviate the financial burden or detriment caused by the establishment of redevelopment project areas pursuant to the authority in Sections 33401 and 33445.5. Funds also have been allocated to schools and community colleges pursuant to the authority in Section 33676.

(c) The Legislature further finds and declares that, because of the reduced funds available to the state to assist schools and community colleges which benefit and serve redevelopment project areas during the 1992–93, 1993–94, and 1994–95 fiscal years, it is necessary for redevelopment agencies to make additional payments to assist the programs and operations of these schools and colleges in order to ensure that the objectives stated in this section can be met. The Legislature further finds and declares that the payments to schools and community college districts pursuant to Section 33681 are of benefit to redevelopment project areas.

SEC. 3. Section 33681 of the Health and Safety Code is amended to read:

33681. (a) (1) During the 1992–93 fiscal year, a redevelopment agency shall remit, prior to May 10, 1993, an amount equal to the amount determined for that agency pursuant to subparagraph (D) of paragraph (2) to the county auditor for deposit in the Educational Revenue Augmentation Fund created pursuant to Section 97.03 of the Revenue and Taxation Code.

(2) For the 1992–93 fiscal year, on or before October 1, 1992, the Director of Finance shall do each of the following:

(A) Determine the total amount of property taxes apportioned to each agency pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401 or 33676, in the 1990–91 fiscal year.

(B) Determine the total amount of property taxes apportioned to all agencies pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401 or 33676, in the 1990–91 fiscal year.

(C) Determine a percentage factor by dividing two hundred five million dollars ($205,000,000) by the amount determined pursuant to subparagraph (B).

(E) Notify each agency and each legislative body of the amount determined pursuant to subparagraph (D).

(F) Notify each county auditor of the amounts determined pursuant to subparagraph (D) for each agency in his or her county.

(b) (1) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, and any other provision of law, in order to make the full allocation required by this section, an agency may borrow up to 50 percent of the amount required to be allocated to the Low- and Moderate-Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 during the 1992–93 fiscal year, unless executed contracts exist that would be impaired if the agency reduced the amount allocated to the Low- and Moderate-Income Housing Fund pursuant to the authority of this section.

(2) As a condition for borrowing pursuant to this subdivision, an agency shall make a finding that there are insufficient other moneys

to meet the requirements of subdivision (a). Funds borrowed pursuant to this subdivision shall be repaid in full on or before June 30, 2003.

(c) In order to make the allocation required by this section, an agency may use any funds that are legally available and not legally obligated for other uses, including, but not limited to, reserve funds, proceeds of land sales, proceeds of bonds or other indebtedness, lease revenues, interest, and other earned income. No moneys held in a low- and moderate-income fund as of July 1, 1992, may be used for this purpose.

(d) The legislative body shall, by March 1, 1993, report to the county auditor as to how the agency intends to fund the allocation required by this section.

(e) The allocation obligations imposed by this section, including amounts owed, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(f) It is the intent of the Legislature, in enacting this section, that these allocations directly or indirectly assist in the financing or refinancing, in whole or in part, of the community's redevelopment projects pursuant to Section 16 of Article XVI of the California Constitution.

(g) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 33681 of the Health and Safety Code as added by Senate Bill 617 of the 1991–92 Regular Session.

(h) This section shall be operative only until July 1, 2003. This section shall remain in effect only until January 1, 2004, and as of that date is repealed.

SEC. 4. Section 33681.5 is added to the Health and Safety Code, to read:

33681.5. (a) (1) During each of the 1993–94 and 1994–95 fiscal years, a redevelopment agency shall remit prior to May 10 an amount equal to the amount determined for that agency pursuant to subparagraph (D) of paragraph (2) to the county auditor for deposit in the Educational Revenue Augmentation Fund created pursuant to Section 97.03 of the Revenue and Taxation Code.

(2) For each of the 1993–94 and 1994–95 fiscal years, on or before October 1, the Director of Finance shall do each of the following:

(A) Determine the net tax increment apportioned to each agency pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401 or 33676, in the 1990–91 fiscal year.

(B) Determine the net tax increment apportioned to all agencies pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401 or 33676, in the 1990–91 fiscal year.

(C) Determine a percentage factor by dividing sixty-five million dollars ($65,000,000) by the amount determined pursuant to subparagraph (B).

(D) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (A) by the percentage factor determined pursuant to subparagraph (C).

(E) Notify each agency and each legislative body of the amount determined pursuant to subparagraph (D).

(F) Notify each county auditor of the amounts determined pursuant to subparagraph (D) for each agency in his or her county.

(b) (1) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, and any other provision of law, in order to make the full allocation required by this section, an agency may borrow up to 50 percent of the amount required to be allocated to the Low- and Moderate-Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 during the 1993–94 and 1994–95 fiscal years, unless executed contracts exist that would be impaired if the agency reduced the amount allocated to the Low- and Moderate-Income Housing Fund pursuant to the authority of this section.

(2) As a condition of borrowing pursuant to this subdivision, an agency shall make a finding that there are insufficient other moneys to meet the requirements of subdivision (a). Funds borrowed pursuant to this subdivision shall be repaid in full on or before June 30, 2004.

(c) In order to make the allocation required by this section, an agency may use any funds that are legally available and not legally obligated for other uses, including, but not limited to, reserve funds, proceeds of land sales, proceeds of bonds or other indebtedness, lease revenues, interest, and other earned income. No moneys held in a low- and moderate-income fund as of July 1 of that fiscal year may be used for this purpose.

(d) The legislative body shall by March 1 report to the county auditor as to how the agency intends to fund the allocation required by this section.

(e) The allocation obligations imposed by this section, including amounts owed, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(f) It is the intent of the Legislature, in enacting this section, that these allocations directly or indirectly assist in the financing or refinancing, in whole or in part, of the community's redevelopment projects pursuant to Section 16 of Article XVI of the California Constitution.

(g) For the purpose of making the determinations required by subdivision (a), the Director of Finance shall use those amounts reported as the "net tax increment to agency" for all agencies and for each agency in Table 6 of the 1990–91 fiscal year State Controller's

Annual Report on Financial Transactions Concerning Community Redevelopment Agencies of California.

(h) This section shall be operative only until July 1, 2004. This section shall remain in effect only until January 1, 2005, and as of that date is repealed.

SEC. 5. Section 33682 of the Health and Safety Code is amended to read:

33682. (a) (1) For the purposes of this section, "existing indebtedness" means one or more of the following obligations incurred by a redevelopment agency prior to the effective date of the statute that adds this chapter, the payment of which is to be made in whole or in part, directly or indirectly, out of taxes allocated to the agency pursuant to Section 33670, and which is required by law or provision of the existing indebtedness to be made during the 1992–93 fiscal year:

(A) Bonds, notes, interim certificates, debentures, or other obligations issued by an agency (whether funded, refunded, assumed, or otherwise) pursuant to Article 5 (commencing with Section 33640).

(B) Loans or moneys advanced to the agency, including, but not limited to, loans from federal, state, or local agencies, or a private entity.

(C) A contractual obligation which, if breached, could subject the agency to damages or other liabilities or remedies.

(D) An obligation incurred pursuant to Section 33445.

(E) Indebtedness incurred pursuant to Section 33334.2.

(F) An amount, to be expended for the operation and administration of the agency, which may not exceed 90 percent of the amount spent for those purposes in the 1991–92 fiscal year.

(G) Obligations imposed by law with respect to activities which occurred prior to the effective date of the act that adds this chapter.

(2) Existing indebtedness incurred prior to the effective date of the statute that adds this article may be refinanced, refunded, or restructured after that date, and shall remain existing indebtedness for the purposes of this section, if the annual debt service during the 1992–93 fiscal year does not increase and the refinancing does not reduce the ability of the agency to make the payment required by subdivision (a) of Section 33681.

(3) For the purposes of this section, indebtedness shall be deemed to be incurred prior to the effective date of this chapter if the agency has entered into a binding contract subject to normal marketing conditions, to deliver the indebtedness, or if the redevelopment agency has received bids for the sale of the indebtedness prior to that date and the indebtedness is issued for value and evidence thereof is delivered to the initial purchaser no later than 30 days after the date of the contract or sale.

(b) During the 1992–93 fiscal year, an agency that has adopted a resolution pursuant to subdivision (c) may, pursuant to subdivision (a) of Section 33681, allocate to the auditor less than the amount

required by subdivision (a) of Section 33681, if the agency finds that either of the following has occurred:

(1) That the difference between the amount allocated and the amount required by subdivision (a) of Section 33681 is necessary to make payments on existing indebtedness that are due or required to be committed, set aside, or reserved by the agency during the 1992–93 fiscal year and that are used by the agency for that purpose, and the agency has no other funds that can be used to pay this existing indebtedness, and no other feasible method to reduce or avoid this indebtedness.

(2) The agency has no other funds to make the allocation required by subdivision (a) of Section 33681.

(c) (1) Any agency that, pursuant to subdivision (b), allocates to the auditor less than the amount required by subdivision (a) of Section 33681 shall adopt, prior to December 31, 1992, for the 1992–93 fiscal year, after a noticed public hearing, a resolution which lists all of the following:

(A) Each existing indebtedness incurred prior to the effective date of the act that adds this article.

(B) Each indebtedness on which a payment is required to be made during the 1992–93 fiscal year.

(C) The amount of each payment, the time when it is required to be paid, and the total of the payments required to be made during the 1992–93 fiscal year. For indebtedness that bears interest at a variable rate, or for short-term indebtedness that is maturing during the fiscal year and expected to be refinanced, the amount of payments during the fiscal year shall be estimated by the agency.

(2) The information contained in the resolution required by this subdivision shall be certified by the chief fiscal officer of the agency.

(3) The legislative body shall additionally adopt the resolution required by this section.

(d) (1) Any agency that, pursuant to subdivision (b), determines that it will be unable to allocate the full amount required by subdivision (a) of Section 33681 shall, subject to paragraph (3), enter into an agreement with the legislative body by February 15, 1993, to fund the payment of the difference between the full amount required to be paid pursuant to subdivision (a) of Section 33681 and the amount available for allocation by the agency.

(2) The obligations imposed by paragraph (1) are hereby declared to be indebtedness incurred by the redevelopment agency to finance a portion of a redevelopment project within the meaning of Section 16 of Article XVI the California Constitution. This indebtedness shall be payable from tax revenues allocated to the agency pursuant to Section 33670, and any other funds received by the agency. The obligations imposed by paragraph (1) shall remain an indebtedness of the agency to the legislative body until paid in full, or until the agency and the legislative body otherwise agree.

(3) The agreement described in paragraph (1) shall be subject to these terms and conditions specified in a written agreement

between the legislative body and the agency.

(e) If the agency fails, under either Section 33681 or subdivision (d), to transmit the full amount of funds required by Section 33681, is precluded by court order from transmitting that amount, or is otherwise unable to meet its full obligation pursuant to Section 33681, the county auditor, by no later than May 15, 1993, shall transfer any amount necessary to meet the obligation determined for that agency in subparagraph (D) of paragraph (2) of subdivision (a) of Section 33681 from the legislative body's property tax allocation pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 33682 of the Health and Safety Code as added by Senate Bill 617 of the 1991–92 Regular Session.

SEC. 6. Section 33682.5 is added to the Health and Safety Code, to read:

33682.5. (a) (1) For the purposes of this section, "existing indebtedness" means one or more of the following obligations incurred by a redevelopment agency prior to the effective date of the statute that adds this chapter, the payment of which is to be made in whole or in part, directly or indirectly, out of taxes allocated to the agency pursuant to Section 33670, and which is required by law or provision of the existing indebtedness to be made during the fiscal year of the relevant allocation required by Section 33681.5:

(A) Bonds, notes, interim certificates, debentures, or other obligations issued by an agency (whether funded, refunded, assumed, or otherwise) pursuant to Article 5 (commencing with Section 33640).

(B) Loans or moneys advanced to the agency, including, but not limited to, loans from federal, state, or local agencies, or a private entity.

(C) A contractual obligation that, if breached, could subject the agency to damages or other liabilities or remedies.

(D) An obligation incurred pursuant to Section 33445.

(E) Indebtedness incurred pursuant to Section 33334.2.

(F) An amount, to be expended for the operation and administration of the agency, that may not exceed 90 percent of the amount spent for those purposes in the 1991–92 fiscal year.

(G) Obligations imposed by law with respect to activities which occurred prior to the effective date of the act that adds this chapter.

(2) Existing indebtedness incurred prior to the effective date of the statute that adds this article may be refinanced, refunded, or restructured after that date, and shall remain existing indebtedness for the purposes of this section, if the annual debt service during that fiscal year does not increase over the prior fiscal year and the refinancing does not reduce the ability of the agency to make the payment required by subdivision (a) of Section 33681.5.

(3) For the purposes of this section, indebtedness shall be deemed

to be incurred prior to the effective date of this chapter if the agency has entered into a binding contract subject to normal marketing conditions, to deliver the indebtedness, or if the redevelopment agency has received bids for the sale of the indebtedness prior to that date and the indebtedness is issued for value and evidence thereof is delivered to the initial purchaser no later than 30 days after the date of the contract or sale.

(b) During the 1993–94 or 1994–95 fiscal year, an agency that has adopted a resolution pursuant to subdivision (c) may, pursuant to subdivision (a) of Section 33681.5, allocate to the auditor less than the amount required by subdivision (a) of Section 33681.5, if the agency finds that either of the following has occurred:

(1) That the difference between the amount allocated and the amount required by subdivision (a) of Section 33681.5 is necessary to make payments on existing indebtedness that are due or required to be committed, set aside, or reserved by the agency during the applicable fiscal year and that are used by the agency for that purpose, and the agency has no other funds that can be used to pay this existing indebtedness, and no other feasible method to reduce or avoid this indebtedness.

(2) The agency has no other funds to make the allocation required by subdivision (a) of Section 33681.5.

(c) (1) Any agency that, pursuant to subdivision (b), allocates to the auditor less than the amount required by subdivision (a) of Section 33681.5 shall adopt, prior to December 31 of the relevant fiscal year, after a noticed public hearing, a resolution which lists all of the following:

(A) Each existing indebtedness incurred prior to the effective date of the act that adds this article.

(B) Each indebtedness on which a payment is required to be made during the relevant fiscal year.

(C) The amount of each payment, the time when it is required to be paid, and the total of the payments required to be made during the relevant fiscal year. For indebtedness that bears interest at a variable rate, or for short-term indebtedness that is maturing during the fiscal year and expected to be refinanced, the amount of payments during the fiscal year shall be estimated by the agency.

(2) The information contained in the resolution required by this subdivision shall be reviewed for accuracy by the chief fiscal officer of the agency.

(3) The legislative body shall additionally adopt the resolution required by this section.

(d) (1) Any agency that, pursuant to subdivision (b), determines that it will be unable in either the 1993–94 or 1994–95 fiscal year to allocate the full amount required by subdivision (a) of Section 33681.5 shall, subject to paragraph (3), enter into an agreement with the legislative body by February 15 of the relevant fiscal year to fund the payment of the difference between the full amount required to be paid pursuant to subdivision (a) of Section 33681.5 and the amount

available for allocation by the agency.

(2) The obligations imposed by paragraph (1) are hereby declared to be indebtedness incurred by the redevelopment agency to finance a portion of a redevelopment project within the meaning of Section 16 of Article XVI the California Constitution. This indebtedness shall be payable from tax revenues allocated to the agency pursuant to Section 33670, and any other funds received by the agency. The obligations imposed by paragraph (1) shall remain an indebtedness of the agency to the legislative body until paid in full, or until the agency and the legislative body otherwise agree.

(3) The agreement described in paragraph (1) shall be subject to these terms and conditions specified in a written agreement between the legislative body and the agency.

(e) If the agency fails, under either Section 33681.5 or subdivision (d), to transmit the full amount of funds required by Section 33681.5, is precluded by court order from transmitting that amount, or is otherwise unable to meet its full obligation pursuant to Section 33681.5, the county auditor, by no later than May 15 of the fiscal year, shall transfer any amount necessary to meet the obligation determined for that agency in subparagraph (D) of paragraph (2) of subdivision (a) of Section 33681.5 from the legislative body's property tax allocation pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

SEC. 7. Section 33683 of the Health and Safety Code is amended to read:

33683. For the purpose of calculating the amount which has been divided and allocated to the redevelopment agency to determine whether the limitation adopted pursuant to Section 33333.2 or 33333.4 or pursuant to agreement or court order has been reached, any payments made pursuant to subdivision (a) of Sections 33681 and 33681.5 or subdivision (d) of Sections 33682 and 33682.5 with property tax revenues shall be deducted from the amount of property tax dollars deemed to have been received by the agency.

SEC. 8. Section 95.1 of the Revenue and Taxation Code is amended to read:

95.1. For purposes of this chapter, "excess tax school entity" means an educational agency for which the amount of the state funding entitlement determined under Section 2558, 42238, 84750, or 84751 of the Education Code, as appropriate, is zero.

SEC. 9. Section 97.02 is added to the Revenue and Taxation Code, to read:

97.02. (a) Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year as follows:

(1) The amount of property tax revenue deemed allocated to the county or city and county in the prior fiscal year shall be reduced by an amount equal to eighty cents ($0.80) per each resident of the

county or city and county. In addition, the amount of property tax revenue deemed allocated in the prior fiscal year to each city or city and county shall be reduced by an amount equal to one dollar and two cents ($1.02) per each resident of that city or city and county.

(2) The amount of property tax revenues not allocated to the county, city and county, and any city as a result of the reductions calculated pursuant to paragraph (1) shall be deposited in the Educational Revenue Augmentation Fund established pursuant to paragraph (1) of subdivision (d) of Section 97.03.

(b) For the purpose of this section, the population of a city, county, or city and county shall be the population determined pursuant to Section 11005.

SEC. 10. Section 97.035 is added to the Revenue and Taxation Code, immediately following Section 97.03, to read:

97.035. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars ($1,998,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993–94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county or city and county's proportionate share of total taxable sales in all counties in the 1991–92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars ($288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993–94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars ($382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents ($19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue

reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars ($244,000,000) in the 1993–94 fiscal year.

(2) For purposes of this section, "special district" does not include a local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code, a water agency that does not sell water at retail, or a transit district.

(3) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of Section 98.6 as that section read on June 15, 1993. In those counties that were subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In no event shall the amount determined by this paragraph be less than zero.

(4) On or before September 15, 1993, the county auditor shall determine an amount for each special district which is engaged in fire protection activities, as reported to the Controller for inclusion in the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," which is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. In those counties subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount which is equal to the amount by which the allocation of each special district for fire protection activities exceeds the allocation which would have been received by that district for fire protection activities had Section 98.6 continued to govern the allocation of property tax revenues to special districts in those counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.03. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992–93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district and county office of education that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to

community college districts only to those community college districts within the county that are not excess tax school entities, as defined in Section 95.1. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 97 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 11. Section 97.04 of the Revenue and Taxation Code is amended to read:

97.04. Notwithstanding Section 97.03 or 97.035 or any other provision of this chapter, in implementing the changes in allocations of property tax revenues required by Sections 97.01, 97.02, 97.03, and 97.035, the county auditor may elect to determine and give effect to the changes in allocations of property tax revenues required by Sections 97.01, 97.02, 97.03, and 97.035 on a countywide, rather than tax rate area, basis. If the county auditor so elects, he or she shall ensure adequate recognition of year-to-year revenue growth so that the results of changes implemented on a countywide basis do not differ materially from the results which would be obtained from the use of a tax rate area basis.

(A) It shall provide alternative methods and procedures of eligibility administration.

(B) It shall not conflict with the basic purposes or coverage provided by law.

(C) The director shall determine, based on estimates, the impact of the proposed changes on AFDC and food stamp recipients. The order shall be implemented only if no more than 5 percent of the recipients are expected to experience a net benefit reduction.

(D) Applications for, and restorations of, aid shall be processed in the shorter of the time periods required for the AFDC and food stamp programs, when differences exist between the two programs.

(E) It shall not be general in scope and shall apply only to the project authorized by this section.

(3) The order establishing the waiver authorized by paragraph (1) shall take effect only if the appropriate federal agencies have agreed to approve the demonstration project and to waive those federal requirements that are necessary for waiver under the project.

(c) Applicants and recipients under this chapter shall be entitled to the same rights and fair hearings and appeals as those to which they would otherwise be entitled under the AFDC program (Chapter 2 (commencing with Section 11200) of Part 3) and the Food Stamp Program (Chapter 10 (commencing with Section 18900) of Part 6).

(c) It shall not be presumed that any transfer of property made within three months prior to the time the application was made for purposes of becoming eligible for food stamps.

(n) Both programs shall compute the value of any motor vehicle not exempt from consideration in determining eligibility by subtracting the amount of encumbrances from the fair market value. If an applicant, a recipient, or a county does not agree with the value of a vehicle arrived at through this methodology, the applicant or recipient shall be entitled to the use of either of the following methods for evaluating the motor vehicle:

(1) Submit three appraisals. An appraisal may be made under this paragraph by a car dealer, insurance adjuster, or a personal property appraiser. The average of the three independent appraisals shall be used by the county in evaluating the motor vehicle.

(2) Obtain an appraisal from a county-appointed appraiser.

(o) Adoption of an exclusion from income for both the AFDC and Food Stamp programs of one hundred dollars ($100) per quarter, in lieu of the AFDC nonrecurring gift exclusion and the food stamp irregular or infrequent income exclusion.

The director shall prepare appropriate amendments in the state plan for these programs and waiver requests of federal requirements that are necessary for the implementation of this chapter.

(b) The director and the State Director of Health Services shall, by formal order, waive the enforcement of those regulations and standards necessary to implement the project with federal approval, in order to implement the demonstration project.

10841. (a) The department may establish a demonstration project that tests one or more modifications in verifications of eligibility information to reduce paperwork and achieve program savings while maintaining or improving program integrity.

(b) Aid payments may be made once monthly.

10842. (a) The State Department of Social Services and the State Department of Health Services shall jointly, in consultation with the County Welfare Directors Association, establish a consolidated county administrative performance system that shall establish state subventions for county administrative costs for the Aid to Families with Dependent Children program, Medi-Cal, and the Food Stamp Program.

(b) Subventions shall be based on actual caseload for each program, including intake and continuing cases, experienced by each county. Reimbursement per case shall be uniform for similar size counties and shall be based on standards for workload performance, or cases per worker, overhead rates, and salary levels for welfare department personnel.

(c) Administrative standards shall be based on actual performance in the most recent fiscal year for which appropriate data is available.

(d) Allocation of costs among welfare programs shall, to the extent feasible, be based on ongoing random moment studies. Sampling rates shall be high enough to provide reasonably accurate and statistically valid updates of prior allocation ratios.

(e) This performance system shall be implemented in each county upon the establishment of a statewide automated welfare system.

SEC. 20. Section 11155.2 is added to the Welfare and Institutions Code, to read:

11155.2. (a) In addition to the personal property permitted by

this part, recipients of aid to families with dependent children shall be permitted to retain savings for specified purposes up to a maximum of five thousand dollars ($5,000) per family. This section shall not apply to applicants. Funds may be used by the family for postsecondary education or training for a child or children, for starting a business, or for the purchase of a home. Recipients who wish to retain savings for these purposes shall enter into a written agreement with the county to establish a separate savings account with a financial institution, with the account to be used solely for the purpose of accumulating funds for later withdrawal for a qualifying expenditure. A qualifying expenditure shall be defined by department regulations and shall be verified by the recipient. The recipient shall agree to provide periodic verification of account activity, as required by department regulations. The agreement shall notify the recipient of the penalty for nonqualifying withdrawal of funds.

(b) Any nonqualifying withdrawal of funds from the account shall result in a calculation of a period of ineligibility for all persons in the assistance unit, to be determined by dividing the balance in the account immediately prior to the withdrawal by the minimum basic standard of adequate care for the members of the assistance unit, as set forth in Section 11452. The resulting whole number shall be the number of months of ineligibility. The period of ineligibility may be reduced when the minimum basic standard of adequate care of the assistance unit, including special needs, increases.

(c) This section shall be implemented on the first day of the month following the month in which the director executes a declaration that shall be retained by the director, stating that federal approval for implementation of this section has been obtained, and specifying the duration of that approval, and shall continue to be implemented only until the end of the period of federal approval.

SEC. 21. Section 11255 is added to the Welfare and Institutions Code, to read:

11255. The department shall implement the waiver obtained from the federal government to allow the thirty dollars ($30) and one-third earned income disregard to be continued without regard to the 12-month and 4-month limitations for income earned after August 31, 1993.

SEC. 22. Section 11265.6 is added to the Welfare and Institutions Code, to read:

11265.6. (a) The department may conduct up to five demonstrations of alternatives to the current monthly reporting system, food stamp recertification, and AFDC redeterminations. These demonstrations shall be designed to reduce paperwork, achieve administrative savings, and maintain or enhance program integrity. The department, in consultation with the counties that request designation as a demonstration county, shall determine the scope of the demonstrations.

(b) The director may waive, with federal approval, the

enforcement of specific Food Stamp Program requirements, regulations, and standards necessary to conduct these demonstrations.

SEC. 23. Section 11265.7 is added to the Welfare and Institutions Code, to read:

11265.7. (a) The department may conduct a demonstration in up to three counties of alternatives to the current monthly reporting system, food stamp recertification, and AFDC redeterminations for recipients of alternative assistance. This demonstration shall be designed to reduce paperwork, achieve administrative savings, and maintain or enhance program integrity. The department, in consultation with the counties which request designation as a demonstration county shall determine the scope of the demonstrations.

(b) The director may waive, with federal approval, the enforcement of specific Food Stamp Program requirements, regulations, and standards necessary to conduct these demonstrations.

SEC. 24. Section 11280 is added to the Welfare and Institutions Code, to read:

11280. (a) The Alternative Assistance Program is hereby created.

(b) Recipients of, and applicants eligible for, aid under this chapter, who have earned income, shall be eligible for the Alternative Assistance Program if they decline or refuse a cash grant. Alternative assistance participants are eligible to receive child care assistance and Medi-Cal benefits. For the purposes of Medi-Cal eligibility, alternative assistance participants shall be considered to be AFDC recipients.

(c) Recipients of, and applicants for, aid under this chapter shall be notified of the availability of alternative assistance under this section at the time of application or redetermination of eligibility. The notification shall specify that the family would be foregoing a cash grant, and any person choosing alternative assistance under this section shall sign a statement stating that he or she understands this choice.

(d) To the extent permitted by federal law, the child care assistance shall be paid for at the actual cost or the reimbursement maximum based on the regional market rate. The regional market rate means care costing no more than the 75th percentile of the cost of care for that region.

(e) It is the intent of the Legislature that, to the extent feasible, participants in the Alternative Assistance Program shall receive child care services through existing child care resources including the At-Risk Child Care program as specified in Section 8352 of the Education Code, funds made available under Section 11008.19 and the federal Child Care and Development Block Grant of 1990, established by the Omnibus Budget Reconciliation Act of 1990 (Public Law 101-508).

(f) A family whose eligibility for this program terminates due to employment or increased earnings shall, to the extent federal financial participation is possible, be eligible for transitional child care benefits established under Article 8 (commencing with Section 11500) and transitional Medi-Cal benefits provided for under Section 14005.8.

(g) This section shall be implemented only if the director executes a declaration, that shall be retained by the director, stating that federal approval for use of funds under Part A (commencing with Section 601) of Subchapter IV of Chapter 7 of Title 42 of the United States Code for the program and that federal approval for implementation of this section has been obtained, and specifying the duration of that approval.

SEC. 25. Section 11310 of the Welfare and Institutions Code is amended to read:

11310. (a) Except as provided in subdivision (b), every individual, as a condition for eligibility for aid under this chapter, shall register for manpower services, training, and employment.

(b) The following individuals are not required to register:

(1) An individual under 16 years, except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative.

(2) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, a child attending an elementary, secondary, vocational, or technical school on a full-time basis. A person who is 16 or 17 years of age, or a person described in subdivision (d) who loses this exemption, shall not requalify for the exemption by attending school as a required activity under the Greater Avenues for Independence program. For purposes of this subdivision, school does not include postsecondary education.

(3) An individual who is ill, incapacitated, or of advanced age.

(4) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, an individual so remote from a program activity that his or her effective participation is precluded.

(5) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, an individual whose presence in the home is required because of illness or incapacity of another member of the household.

(6) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, a parent or other relative who meets the criteria described in subparagraph (A) or (B).

(A) Has primary responsibility for personally providing care to a child under the age of three years. An individual may be exempt only once for this reason during a period of continuous eligibility. An individual who has primary responsibility for personally providing care to a child under three years of age who has previously received this exemption shall be exempt for a period of four months, upon the birth or adoption of a child. An individual meeting this criterion who

volunteers to register may not be required to participate unless it is guaranteed that: (1) child care will be provided and (2) participation will not be required for more than 20 hours per week.

(B) Has primary responsibility for personally providing care to a child aged three to five years, inclusive, unless it is guaranteed that: (1) child care will be provided and (2) participation will not be required for more than 20 hours per week.

(C) In a family eligible for Aid to Families with Dependent Children payments due to the unemployment of the principal wage earner, the exemption criteria contained in subparagraph (A) or (B) shall be applied to only one parent.

(7) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, a woman who is pregnant and it has been medically verified that the anticipated delivery date is the month of required participation or is within the six-month period immediately following the month of required participation.

(8) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, an individual who is working not less than 30 hours per week in unsubsidized employment which is expected to last a minimum of 30 days. This exemption continues to apply if there is a temporary break in full-time employment which is expected to last no longer than 10 working days.

(9) An individual who is a full-time volunteer serving under the Volunteers in Service to America (VISTA) program, pursuant to Title 1 of the federal Domestic Volunteer Service Act of 1973 (P.L. 93-113).

(c) Any individual not required to register may choose to register voluntarily for manpower services, training, and employment, and may withdraw that registration at any time without loss of eligibility for aid under this chapter, if his or her status has not changed in a way that would require registration.

(d) Notwithstanding subdivision (a), a custodial parent who is under 20 years of age and who has not earned a high school diploma or its equivalent, and who is not exempt or whose only basis for exemption is subparagraph (A) of paragraph (6) of subdivision (b), shall be required to register solely for the purpose of earning a high school diploma or its equivalent. During that time that Article 3.5 (commencing with Section 11331) is operative, this subdivision shall only apply to a custodial parent.

(1) Notwithstanding subparagraph (B) of paragraph (6) of subdivision (b), full-time participation shall be required of the parent.

(2) Paragraph (7) of subdivision (c) of Section 11325.2 shall apply to a custodial parent who is 18 or 19 years of age who is required to participate under this article. Any referral pursuant to a progress evaluation conference that results in an assignment to any training or work activity shall be subject to subparagraph (B) of paragraph (6) of subdivision (b).

(3) Custodial mothers under 20 years of age who have not earned a high school diploma or its equivalent shall be exempted due to incapacity as provided in paragraph (3) of subdivision (b) after the birth of the child for a period of postpartum recovery as prescribed by a physician.

(e) Notwithstanding subdivision (d), the county may determine at appraisal that participation in education activities for the purpose of earning a high school diploma or equivalent is inappropriate for an 18 or 19 year old custodial parent only if that parent is already in an educational or vocational training program that is approvable as a self-initiated program as specified in paragraph (5) of subdivision (c) of Section 11325.2. If that determination is made, the parent shall be allowed to continue participation in the self-initiated program subject to paragraph (5) of subdivision (c) of Section 11325.2. During that time that Article 3.5 (commencing with Section 11331) is operative, this subdivision shall only apply to a custodial parent who is 19 years of age or younger.

SEC. 26. Section 11322 of the Welfare and Institutions Code is amended to read:

11322. (a) The county welfare department shall submit to the department a program budget proposal in conjunction with the administrative cost control plan for Aid to Families with Dependent Children, Medi-Cal, and Food Stamp programs. The budget proposal shall specify the costs associated with providing the range of services included in the county plan in the most cost-effective manner.

(b) Prior to final approval of the county's budget proposal, the department shall notify each county of the amount of its allocation of funds to carry out the plan and the assumptions used to develop that allocation. If the allocation is less than the amount of funds that the county proposed in the program budget, the department shall notify the county that the proposed program budget exceeds the funds available. The department shall specify how the costs proposed by the county exceed the costs used to develop the county's allocation. The county may provide any additional documentation to justify the higher funding level. If, after reviewing the additional information, the department finds that the proposed program costs are not reasonable or cost-effective, the county shall submit the necessary revisions to its program budget to keep program expenditures within the amount of its allocation.

(c) (1) The state share of the nonfederal costs of the Greater Avenues for Independence program shall be 70 percent of the actual nonfederal expenditures for that program or the amount appropriated by the Legislature for that purpose, whichever is less.

(2) Notwithstanding paragraph (1), once the county has met the requirements of subdivision (d), the state shall pay 100 percent of the actual nonfederal expenditures above that requirement, up to the amount of the county's GAIN allocation.

(d) A county shall have no share of any nonfederal expenditures above the actual amount of nonfederal expenditures for this program

in the 1992–93 fiscal year, provided that the county has maintained the level of county matching funds it provided for this program in the 1992–93 fiscal year.

SEC. 27. Section 11322.2 of the Welfare and Institutions Code is amended to read:

11322.2. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a revised plan.

(b) Counties shall achieve cost reductions pursuant to a revised plan required by subdivision (a), primarily by reducing the number of participants in the program in a manner consistent with Section 11322.4. Counties may make program efficiencies to the extent those reductions do not threaten the guarantee of services as required by subdivision (b) of Section 11321.2. In its review, the department shall ensure that any efficiencies do not create an effective barrier to participation on the part of current or future clients.

(c) The state share of the nonfederal costs of the Greater Avenues of Independence program shall be 70 percent of the actual nonfederal expenditures for that program or the amount appropriated by the Legislature for that purpose, whichever is less.

(d) A county shall have no share of any nonfederal expenditures above the actual amount of nonfederal expenditures for this program in the 1992–93 fiscal year, provided that the county has maintained the level of county matching funds it provided for this program in the 1992–93 fiscal year.

SEC. 28. Section 11322.4 of the Welfare and Institutions Code is amended to read:

11322.4. (a) In determining which clients shall receive services, counties shall give existing participants highest priority. If resources are not sufficient to serve all existing participants, the county shall temporarily exclude clients from participation in the following order:

(1) Participants who are not members of the target population.

(2) Participants who are members of the target population who do not volunteer for program services.

(3) Participants who are members of the target population who volunteer to receive program services.

(b) If funds are sufficient to serve all existing participants, priority for intake shall be extended to new program registrants according to the following list in descending order:

(1) Members of the target population who are required to register under this article and who volunteer to receive GAIN services.

(2) Members of the target population who are exempt from the requirement to register under this article and who volunteer to receive GAIN services.

(3) AFDC applicants and recipients who are required to register

under this article and who are members of the target population who do not volunteer to receive program services.

(4) Recipients of AFDC who are not members of the target population.

(5) Applicants for AFDC who are not members of the target population.

(c) The number of years, in whole year increments, each individual has received AFDC during the immediately preceding two year period shall determine which individuals shall receive the highest priority in the categories described in paragraphs (4) and (5) of subdivision (b), with those who received AFDC during the greatest amount of time receiving the highest priority.

(d) Target population means a group composed of all or any of the following groups of individuals:

(1) Individuals applying for AFDC aid who have received AFDC aid for 36 of the 60 months immediately preceding the most recent month for which application has been made.

(2) Individuals receiving AFDC aid who have received AFDC aid for any 36 of the preceding 60 months.

(3) Custodial parents under the age of 24 who had little or no work experience in the preceding year.

(4) Custodial parents under the age of 24 who have not completed a high school education and are not enrolled in high school, or in a high school equivalency course of instruction.

(5) Members of a family in which the youngest child is within two years of being ineligible for AFDC because of age.

(e) For the purposes of this section, "volunteer" means any person eligible to participate in the program, either exempt or mandatory, who expresses a desire to participate.

(f) Notwithstanding any other provisions of this article, any individual who fails to obtain unsubsidized employment after receiving post-assessment education and employment training services pursuant to subdivision (a), (c), (d), or (e) of Section 11322.8 shall not receive additional training or education services until all other persons qualified for those services are being served. However, additional training and education services pursuant to subdivision (a), (c), (d), or (e) of Section 11322.8 may be provided in extenuating circumstances as defined by the department. Extenuating circumstances shall be defined to include, but shall not be limited to, cases in which educational and training services previously provided cannot lead to employment within the local labor market area.

(g) This section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331) during that time the article is operative.

SEC. 29. Section 11323.4 of the Welfare and Institutions Code is amended to read:

11323.4. (a) Payments for supportive services, as described in Section 11323.2, shall be advanced to the participant, wherever

necessary, and when desired by the participant, so that the participant need not use his or her funds to pay for these services.

(b) The county welfare department shall take all reasonable steps necessary to promptly correct any overpayment or underpayment of supportive services payments to a recipient or a service provider, including, but not limited to, all cases involving fraud and abuse, consistent with procedures developed by the department. The department's procedures shall not jeopardize federal financial participation.

(c) Notwithstanding any other provision of this article, any participant in on-the-job training who becomes ineligible for AFDC due to earned income, hours worked, or loss of income disregards, shall remain a participant in the GAIN program for the duration of the on-the-job training assignment and shall be eligible for supportive services during the duration of the on-the-job training. Each month of child care benefits provided pursuant to this subdivision shall reduce the number of months of transitional child care available to participants under Section 11500.

(d) (1) Notwithstanding any other provision of this article, any participant in on-the-job training, grant diversion, supported work, or transitional employment who remains eligible for aid pursuant to this chapter, shall be eligible for transportation and ancillary expenses pursuant to subdivisions (b) and (c) of Section 11323.2 only to the extent that federal financial participation is available.

(2) Participants shall be encouraged to apply for educational grants, scholarships, and awards.

(3) To the extent permitted by federal law, the county shall coordinate with financial aid offices to establish procedures whereby the educational expenses of participants are met through available financial aid and the supportive services described in Section 11323.2. These procedures shall not result in duplication of payments, and shall require determinations to be made on an individual basis to ensure that using financial assistance will not prevent the person's participation in his or her program.

(4) The department shall promulgate regulations to implement this subdivision.

SEC. 30. Section 11324.4 of the Welfare and Institutions Code is amended to read:

11324.4. (a) The sponsor of a preemployment preparation assignment shall assist and encourage qualified preemployment preparation participants to compete for job openings occurring within the sponsor's organization for which they qualify.

(b) Workers assigned to public agencies shall be allowed to participate in classified service examinations equivalent to the positions they occupy, as well as all open and promotional examinations for which experience in the position or other relevant experience is qualifying under merit system rules. To the extent permitted under federal or state law, local ordinance, or applicable collective bargaining agreements, time worked in the

preemployment preparation positions shall apply toward seniority in the merit public agency positions.

SEC. 31. Section 11324.6 of the Welfare and Institutions Code is amended to read:

11324.6. Any employment or training program position created pursuant to this article, other than a preemployment preparation position, may not be created as a result of, or may not result in, any of the following:

(a) Displacement or partial displacement of current employees, including overtime currently worked by these employees.

(b) The filling of positions which would otherwise be promotional opportunities for current employees.

(c) The filling of a position, prior to compliance with applicable personnel procedures or provisions of collective bargaining agreements.

(d) The filling of a position created by termination, layoff, or reduction in workforce, caused by the employer's intent to fill the position with a subsidized position pursuant to this article.

(e) A strike, lockout, or other bona fide labor dispute, or violation of any existing collective bargaining agreement between employees and employers.

SEC. 32. Section 11325 of the Welfare and Institutions Code is amended to read:

11325. Unless otherwise exempt, the following persons shall not be required to participate in program components, beyond registration, until the county welfare department determines that the situation not requiring participation no longer exists:

(a) (1) Any person who, at the time of initial appraisal, is enrolled on a full-time basis in a program leading to a degree or certificate. If the individual is attending less than full time at the time of initial appraisal, but he or she agrees to full-time attendance as soon as possible, the individual shall be considered to be attending on a full-time basis.

(2) Any person subject to this subdivision shall participate on a full-time basis and make satisfactory progress in that program according to the standards of the provider.

(3) A person may participate on a basis of less than full time, but not less than a half-time basis, if full-time participation is not feasible due to good cause, as defined in Section 11328.

(b) A person who is so seriously dependent upon alcohol or drugs that work or training is precluded.

(c) A person who is having an emotional or mental problem that precludes participation.

(d) A person who is involved in legal difficulties, such as court-maintained appearances, which preclude participation.

(e) A person who does not have the legal right to work in the United States.

(f) A person who has a severe family crisis.

(g) A person who is in good standing in a union which controls

referrals and hiring in the occupation.

(h) A person who is temporarily laid off from a job with a definite call-back date.

(i) A person who is employed for 15 or more hours per week.

(j) A person, or a family member, has a medically verified illness.

(k) A parent or other adult relative caring for a child, if the parent or other adult relative meets all of the following requirements:

(1) The other parent or other adult relative is in the home.

(2) The other parent or other adult relative is not excluded by paragraph (1), (2), (3), (4), or (5) of subdivision (b) of Section 11310.

(3) The other parent or other adult relative has not failed to register, as required by Section 11310.

(*l*) A woman in the first trimester of pregnancy.

(m) A person who lacks the necessary child care for children described in subdivision (a) of Section 11323.2 or for children described in that subdivision but who are not members of the assistance unit, or a person who lacks necessary transportation.

(n) Participation of individuals who are attending a self-initiated program upon entering GAIN may be deferred in order to permit completion of the program semester, quarter, or increment of not more than six months.

The state department shall promulgate regulations that specify when the county welfare department shall determine whether an individual meets any of the criteria listed in subdivisions (a) to (n), inclusive.

This section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331), during that time that article is operative.

For all other registrants, the county shall develop a preliminary employability plan. The plan shall, at a minimum, take into account the registrant's employment experience and his or her employment goals.

SEC. 33. Section 11325.4 of the Welfare and Institutions Code is amended to read:

11325.4. (a) A participant described in paragraph (4) of subdivision (c) of Section 11325.2, and any participant described in paragraph (2) or (3) of that subdivision who has not obtained employment after his or her three weeks of participation in job club or supervised job search, shall work with the county welfare department to initiate the development of an employment plan. In developing the employment plan pursuant to this subdivision, the county and the participant shall develop an assessment of the skills and needs of the participant, which shall include at least all of the following:

(1) The participant's work history, including an inventory of his or her employment skills, knowledge, and abilities.

(2) The participant's educational history and present educational competency level.

(3) The participant's need for supportive services in order to obtain the greatest benefit from the employment and training services offered under this article.

(4) The employment goals of the participant, and an evaluation of the chances for the achievement of these goals given the current potential skills of the participant and the local labor market conditions.

(5) A goal to be attained upon completion of the program, including the period of time it will take to achieve this goal, and the resources available under this program for its achievement. This assessment shall be done by a person qualified by education or experience to provide counseling, guidance, assessment, or career planning. The county may contract with outside parties, including local educational agencies and service delivery areas, to provide the assessment required by this subdivision.

(b) (1) When the county and the participant have completed the assessment process required pursuant to subdivision (a), and they have agreed upon a goal to be attained under this program and the resources to be utilized in attaining that goal, the county and the participant shall amend the basic contract entered into pursuant to Section 11325.2.

(2) The contract amendment shall specify the goal to be attained, the training or education services to be provided to the participant in order to attain the goal, which may consist of either one or more of the program components provided for in Sections 11322.8 and 11323.2, and the criteria for successful completion of these services and attainment of the goal. With respect to education and training programs, the criteria shall include regular attendance, satisfactory progress, and completion of the program. The contract amendment shall provide for supportive services as necessary for participation in this program.

(3) Once the participant has begun his or her training or education, he or she shall have 30 days in which to request a change or reassignment to another component. The county shall grant the participant's request for reassignment to another component that is consistent with the results of the assessment. This grace period shall be specified in the contract amendment and shall be available only once to each participant.

(c) This section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331) during that time that article is operative.

SEC. 34. Section 11327.4 of the Welfare and Institutions Code is amended to read:

11327.4. (a) Whenever an individual has failed or refused to comply with program requirements without good cause in a program component to which he or she is assigned pursuant to this article, and the participant continues to fail or refuses to comply with program requirements after a period of conciliation between the county and the participant, the individual shall be subject to

sanctions specified in Section 11327.5. For the purposes of this article, "failing or refusing to comply with program requirements" shall be limited to: failing or refusing to sign a participant contract, participate in an assigned program activity, or accept employment; terminating employment; or reducing earnings. To the extent required by federal law or regulations, an individual who participates in the GAIN program and subsequently obtains employment of 30 hours or more per week and who remains on aid shall be considered to be refusing to comply with program requirements if he or she terminates that employment without good cause.

(b) The county shall schedule a time during which each individual who has failed or refused to comply with program requirements has an opportunity to demonstrate that he or she had good cause for that refusal or failure. The county shall schedule an appointment within 10 working days of the discovery of the non-participation. The individual shall be allowed to reschedule the cause determination appointment once. This rescheduled appointment shall take place within five working days of the initial appointment, unless delayed by extenuating circumstances. The county shall send a written notice that shall inform the individual of the scheduled appointment. The cause determination process shall not exceed 15 working days from the date of discovery of the nonparticipation, unless delayed by extenuating circumstances. The county notice shall include a list of the reasons that constitute good cause for not participating in the program, proposed date and time for an appointment and identify the transportation and child care services that a person is entitled to, as needed in order to attend the appointment. This notice shall inform the individual that failure to either attend the cause determination appointment or reschedule this appointment shall result in a cause determination in his or her absence, based on available evidence. Whenever a determination of good cause has been made, the county shall issue a written notice to the individual that reflects this determination.

(c) Whenever a county determines that a person failed or refused to meet program requirements without good cause, the county shall notify the individual, in writing, of this determination. The notice also shall inform the individual that he or she has entered into a 20-calendar-day period of conciliation, during which the county and the individual shall attempt to resolve any problems that are contributing to the failure or refusal to meet program requirements. This notice shall be mailed within five working days of the cause determination, unless delayed by extenuating circumstances. The 20-calendar-day period shall begin on the date the county issues the notice of the beginning of conciliation. The county may shorten the 20-calendar-day conciliation period only if one of the following conditions is met: (1) both the individual and the county agree, in writing, to terminate conciliation, or (2) the determination of no good cause has been reversed.

(d) The notice that begins the conciliation period shall identify

the specific act or actions that has caused the individual to be out of compliance with participation requirements under this article, the proposed steps that the registrant may take to resolve the problem, the right to offer a counter-proposed conciliation plan, and the names, telephone numbers, and addresses of the local legal services office and welfare rights office, or the Coalition of California Welfare Rights Organizations if there is no welfare rights or legal aid office in the county, who could assist the individual with conciliation. The notice shall also contain the date and time of the conciliation appointment and identify the transportation and child care services the individual is entitled to in order to attend the meeting.

(e) Any issue that directly affects an individual's failure or refusal to meet program requirements may be discussed during conciliation. This includes providing further information demonstrating the individual had good cause for his or her nonparticipation. The individual also may request a supervisor of employees to review the good cause determination. If, as a result of a supervisor's review, the determination that the individual did not have good cause is reversed, the county shall notify the individual in writing of this reversal and that the conciliation period has been terminated.

(f) In conducting conciliation, counties shall make reasonable efforts to discuss with each individual in person or by telephone those issues affecting participation. At a minimum, counties shall do all of the following:

(1) Schedule one meeting with the individual to discuss resolving the barriers to participation. Counties shall reschedule the meeting once at the request of the individual.

(2) Directly contact by phone those individuals who fail to attend the meeting required in paragraph (1). Written contact is required for those individuals who do not have a phone or who cannot be reached by phone.

(g) When the individual and the county reach agreement on program participation during the conciliation period, a written conciliation plan shall be entered into and signed by the county and the individual. If the individual subsequently fulfills the terms of the conciliation plan, conciliation shall be considered successful. The conciliation plan shall specify that the individual must complete the agreed upon activity, which may include signing the participant contract, attending orientation, or participating in a program component or participate for the first two weeks of the agreed upon program component, whichever is shorter.

(h) If an individual fails to fulfill the terms of the agreed-upon conciliation plan as specified in subdivision (g), the county shall make reasonable efforts to contact the individual to determine the reason for the failure, and shall maintain written documentation of those efforts. If the county determines, based on information available to it after making a reasonable effort to contact the individual, that the individual did not have good cause for the failure to meet the terms of the conciliation plan, sanctions shall be imposed

in accordance with Section 11327.5.

(i) If, at the end of the 20-calendar-day conciliation period, the individual continues to fail or refuse to comply with program requirements, sanctions shall be imposed in accordance with Section 11327.5. An additional 10-calendar-day extension of the conciliation period shall be available upon the agreement of the individual and the county only if both of the following conditions are met:

(1) The client has made a reasonable effort to conciliate during the initial 20-calendar-day conciliation period and that significant progress has been made toward a resolution to the dispute during that time.

(2) The county believes that an additional 10 calendar days of conciliation is likely to lead to agreement between the individual and the county on a conciliation plan.

(j) For the purpose of determining the length of the sanction that applies to an individual as described in Section 11327.5, an instance of noncompliance without good cause is considered to have occurred when the county issues a notice of action proposing to impose the sanction.

SEC. 35. Section 11330.11 is added to the Welfare and Institutions Code, to read:

11330.11. This article shall be operative only during that time that Article 3.5 (commencing with Section 11331) is not operative.

SEC. 36. Article 3.5 (commencing with Section 11331) is added to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.5. Cal-Learn Program

11331. (a) The Legislature finds and declares that the connection between teenage parenting and long-term welfare dependency has been well documented by recent social science research. An estimated 60 percent of teenage parents who are currently receiving welfare will have 10 or more years of dependency on aid. Average time on aid for teenage parents is significantly longer than for parents who begin families at an older age.

(b) The Legislature finds that teenage parents who receive assistance under the Aid to Families with Dependent Children program have unique education, vocational, training, health, and other social service needs that are not specifically provided for as part of the Greater Avenues for Independence (GAIN) program. Research shows that successful programs that help teenage parents achieve self-sufficiency contain the following features:

(1) A comprehensive range of health and social services.

(2) Adequate supportive services.

(3) A sympathetic and supportive program atmosphere.

(4) Individual attention, especially regarding education pace and plan.

(5) An open format and an extended period of program availability.

(6) Caring, nonjudgmental staff.

(7) Strong case management systems, including followup activities to determine whether a student is progressing in his or her studies.

(c) The Legislature declares that this article is intended to ensure that the GAIN program does all of the following:

(1) Provide the education and training services needed by teenage parents to help them earn a high school diploma or its equivalent, including vocational training and preparation that may be available through local education agencies.

(2) Link teenagers to other needed health and social services available in the community.

11331.5. (a) Recipients of aid under this chapter who are under 19 years of age, who are pregnant or custodial parents, and who are required to register pursuant to Section 11310 shall be required to participate in the program, subject to both of the following requirements:

(1) The teenage parent shall participate in the program until the registrant earns his or her high school diploma or its equivalent.

(2) The teenage parent shall participate in the program as a student attending school on a full-time basis, as normally defined by the school in which the participant enrolls.

(b) For the purpose of subdivision (a), exemptions from registration specified in paragraphs (1), (2), (4), (5), (6), (7), and (8) of subdivision (b) of Section 11310 and the deferrals from participation in Section 11325 shall not apply.

(c) Notwithstanding subdivision (a), the county shall exempt a teenage parent from the program as verified by the county when any of the following conditions occur:

(1) The teenage parent is expelled from school and obtains verification that no other school in the district will permit him or her to attend, and the case manager cannot arrange for enrollment in an alternative school.

(2) The teenage parent cannot receive payment for child care or transportation expenses due to lack of program funding.

(3) Child care is necessary and unavailable.

(4) Public or private transportation is necessary and unavailable.

(5) An AFDC-FC payment is made on behalf of the teenage parent.

(d) For the purposes of this article, "teen" or "teenage parent" means a custodial parent or pregnant woman under 19 years of age, who is required to participate pursuant to subdivision (a).

11331.7. Counties shall arrange for the provision of education and supportive services that teenage parents need to successfully participate in the Cal-Learn Program. The county shall identify the need of each individual for, and the method of providing, the following services:

(a) Supportive services, including child care and transportation, as specified in Section 11323.2. Supportive services shall be limited to those that are necessary to enable the teenage parent to attend school regularly.

(b) Intensive case management services, as described in Section 11332.5.

11332. (a) Participation by a teenage parent shall be deferred if the county determines that any of the services an individual is assessed as needing pursuant to Section 11331.7 are not available.

(b) Participation by a teenage parent shall be deferred so long as the individual has a special need that directly affects his or her ability to attend school or be successful in earning a high school diploma and the special need cannot be addressed.

11332.5. (a) Counties shall arrange for the provision of case management services and counseling to teenage parents to assist their participation in the Cal-Learn Program. Case management services shall include all of the following:

(1) Designing a realistic plan that maximizes the ability of each client to reach his or her goal.

(2) Providing referrals to appropriate community services needed to assist the teenage parent's return to school.

(3) Monitoring each client's progress and making the necessary changes to improve the individual's program.

(4) (A) Acting as a counselor, colleague, and role model so that each teenage parent has someone to trust and to turn to for advice, guidance, and ideas.

(B) Case managers should be prepared to provide intensive counseling during all phases of a teenage parent's progress through the program.

(5) Ensuring that each teenage parent understands the program requirements and the consequences of not making adequate or satisfactory progress required under this article.

(b) Counties shall afford case managers assigned to assist teenage parents sufficient time to provide the needed case management services.

(c) (1) Case managers assigned to assist teenage parents shall possess an expertise in understanding the education, training, and other social and health service needs of teenage parents, as well as the local programs that provide these services.

(2) Each county, in conjunction with the department, shall provide training to persons assigned to work with teenage parents to develop the expertise required by subparagraph (A).

(d) The county plan required by Section 11320.6 shall describe the way each county proposes to provide case management services to teenage parents.

11332.7. (a) Notwithstanding Article 3.2 (commencing with Section 11320), there shall be no limits on the amount of time that a teenage parent under the age of 19 may participate in the initial education components of the program in order to achieve a high

school diploma or its equivalent.

(b) Teenage parents who begin participation in the program before the age of 19 may continue to receive needed intensive case management services after the age of 19 until the individual earns a high school diploma or its equivalent.

11333. (a) Except as provided in subdivision (b), counties shall contract for the provision of case management services, as described in subdivision (b) of Section 11331.7 and in Section 11332.5, with public or nonprofit agencies or school districts that administer services under the Adolescent Family Life Program (Article 3.2 (commencing with Section 309.100) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(b) Counties may contract with other public or nonprofit agencies or school districts for case management services or provide case management services directly in cases where services from contractors under the Adolescent Family Life Program are not available or cost-effective, or where the county has an existing teen services program, and if all the following conditions are met:

(1) The Director of Health Services has determined that the services conform to the standards and scope of services provided through the Adolescent Family Life Program.

(2) The county plan includes a justification for not contracting with the Adolescent Family Life Program.

(3) The services are designed with the cooperation of the local health agency.

(c) Counties shall include Adolescent Family Life Program contractors in their planning of Cal-Learn implementation.

11333.5. (a) Counties shall develop linkages with local service providers that serve teenage parents, to the extent that they are required under subdivision (a) of Section 11320.8.

(b) The county plan required by Sections 11320.6 and 11320.8 shall specifically describe those required services that are available to teenage parents, as follows:

(1) An identification of available services to teenagers.

(2) The extent to which these programs are currently serving AFDC recipients.

(3) The resources that these programs may make available to GAIN participants.

(4) The linkages established with these programs.

(c) The department shall review each county's plan to determine both of the following:

(1) Whether the intensity of case management services provided by the county meets the requirements of subdivision (b) of Section 11331.7.

(2) Whether the requirements specified in Sections 11320.6 and 11320.8 address the availability of services to teenagers.

11333.7. (a) Any participant required to participate pursuant to Section 11331.5 who maintains satisfactory progress in school shall, not more than four times in a calendar year, receive a one hundred

dollar ($100) supplement to the amount of aid paid pursuant to Section 11450. The supplement shall be paid to the family in the month following submission of the report card, if received by the county no later than the eleventh calendar day of the month, or in the second month following submission of the report card, if received by the county after the eleventh calendar day of the month.

(b) (1) Any participant required to participate pursuant to Section 11331.5 who fails to demonstrate that he or she has made adequate progress in school, either by failing to provide the report card or based on the grades on the report card, shall, not more than four times in a calendar year, be subject to a sanction that shall be a reduction of one hundred dollars ($100) of the amount that would otherwise be paid under Section 11450 apportioned equally over a two-month period.

(2) Participants subject to this sanction may seek to demonstrate good cause for lack of progress, and have all or part of the sanction waived if the county determines that there is good cause for lack of adequate progress. Participants shall not otherwise be subject to conciliation under Section 11327.4 and sanctions under Section 11327.5, and shall be referred to case management services to determine the causes of poor school performance and how it can be improved.

(c) Any participant required to participate pursuant to Section 11331.7 who successfully completes high school or a California high school equivalency examination shall receive a five hundred dollar ($500) supplement to the amount of aid to the family paid pursuant to Section 11450. No family shall receive both a one hundred dollar ($100) supplement and a five hundred dollar ($500) supplement for the same participant for the same budget month. The supplement shall be paid to the teenage parent in the month following submission of the record of completion, if received by the county no later than the eleventh calendar day of the month, or in the second month following submission of the record of completion, if received by the county after the eleventh calendar day of the month.

(d) The sanction specified in subdivision (b) shall be applied only once per report card, not to exceed fifty dollars ($50) in any single month, and shall be applied to the amount of aid paid to the participant's family pursuant to Section 11450. The participant shall submit a copy of the report card to the case manager within 10 working days of receipt of the report card.

(e) (1) For purposes of this section, in schools that provide periodic report cards with letter grades, satisfactory progress means maintaining a grade point average of at least 2.0 on a scale where A equals 4.0 points and F equals 0 points, and adequate progress means maintaining a grade point average of at least 1.0 on the same scale.

(2) For the purposes of this section, in schools or other educational programs that do not provide letter grades indicating student performance, satisfactory progress or inadequate progress shall be determined by the school's regular assessment of periodic progress.

(f) In cases where a participant is subject to a sanction pursuant to subdivision (b), case managers shall do all of the following:

(1) Fully inform teenage parents of the consequences of continuing to fail to comply with the program.

(2) Make reasonable efforts to reach teenage parents who they believe are in danger of continuing to fail to make satisfactory or adequate progress or not to attend school.

(3) Make reasonable efforts to secure a face-to-face meeting with a teenage parent before initiating a sanction.

(g) If a teenage parent fails or refuses to comply with program requirements without good cause, the case manager shall again inform the client of the consequences of not participating in the program, and shall provide the teenage parent with the telephone number and address of the local welfare rights organization or legal aid society, should he or she need further assistance.

11334. Upon graduation from high school, participants shall not be entitled to exemption from GAIN pursuant to paragraph (6) of subdivision (b) of Section 11310.

11334.2. This article shall become operative on the date that, and only if, the Director of Social Services has executed a declaration, that shall be retained by the director, stating that the appropriate federal waivers permitting funding pursuant to Part A (commencing with Section 601) of Subchapter IV of Chapter 7 of Title 42 of the United States Code have been obtained, but not sooner than January 1, 1994. This article shall remain operative only so long as the waivers are effective and federal financial participation is available. The program shall be operated by all counties not later than 12 months from the operative date of this article. Sanctions and bonuses pursuant to Section 11333.7 shall be applied in the first quarter following participant notification of program requirements.

11334.5. Notwithstanding Sections 11322 and 11322.2, the state shall fund 100 percent of the nonfederal share of case management and supportive services provided under the Cal-Learn program. The net costs of bonuses and sanctions provided pursuant to Section 11330.10 shall be subject to the same financial participation as payment under subdivision (a) of Section 11450, and administrative cost associated with applying these bonuses and sanctions shall be subject to the financial participation specified in Section 15204.2.

11334.7. The director may provide funds to support this article in an item separate from other GAIN activities, and these funds shall not be subject to Section 11322.4.

SEC. 37. Section 11450.015 is added to the Welfare and Institutions Code, to read:

11450.015. (a) Notwithstanding any other provision of law, the maximum aid payments in effect on June 30, 1993, in accordance with paragraph (1) of subdivision (a) of Section 11450 as reduced by subdivisions (a) and (b) of Section 11450.01, shall be reduced by 2.7 percent beginning the first of the month following 60 days after the enactment of this section.

(b) Commencing July 1, 1996, the maximum aid payment levels in effect on June 30, 1996, shall be increased by the total dollar amount of the decrease made in each payment level during the 1992–93 fiscal year pursuant to Section 11450.01.

SEC. 38. Section 11451.7 is added to the Welfare and Institutions Code, to read:

11451.7. There shall be paid to each family eligible under this chapter, together with the amounts paid pursuant to Section 11450, a supplemental child care payment, to the maximum extent consistent with federal law and subject to federal financial participation.

SEC. 39. Section 11461 of the Welfare and Institutions Code is amended to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, the per child per month rates in the following schedule shall be in effect for the period July 1, 1989, through December 31, 1989:

Age	Basic rate
0–4	$ 294
5–8	319
9–11	340
12–14	378
15–20	412

(b) (1) Any county that, as of October 1, 1989, has in effect a basic rate that is at the levels set forth in the schedule in subdivision (a), shall continue to receive state participation, as specified in subdivision (c) of Section 15200, at these levels.

(2) Any county that, as of October 1, 1989, has in effect a basic rate that exceeds a level set forth in the schedule in subdivision (a), shall continue to receive the same level of state participation as it received on October 1, 1989.

(c) The amounts in the schedule of basic rates in subdivision (a) shall be adjusted as follows:

(1) Effective January 1, 1990, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 12 percent.

(2) Effective May 1, 1990, any county which did not increase the basic rate by 12 percent on January 1, 1990, shall do all of the following:

(A) Increase the basic rate in effect December 31, 1989, for which state participation is received by 12 percent.

(B) Increase the basic rate, as adjusted pursuant to subparagraph (A) by an additional 5 percent.

(3) (A) Except as provided in subparagraph (B), effective July 1, 1990, for the 1990–91 fiscal year, the amounts in the schedule of basic rates in subdivision (a) shall be increased by an additional 5 percent.

(B) The rate increase required by subparagraph (A) shall not be

applied to rates increased May 1, 1990, pursuant to paragraph (2).

(d) (1) Beginning with the 1991–92 fiscal year, the schedule of basic rates in subdivision (a) shall be adjusted by the percentage changes in the California Necessities Index, computed pursuant to the methodology described in Section 11453, subject to the availability of funds.

(2) Any county that, as of the 1991–92 fiscal year, receives state participation for a basic rate that exceeds the amount set forth in the schedule of basic rates in subdivision (a) shall receive an increase each year in state participation for that basic rate of one-half of the percentage adjustments specified in paragraph (1) until the difference between the county's adjusted state participation level for its basic rate and the adjusted schedule of basic rates is eliminated.

(3) If a county has, after receiving the adjustments specified in paragraph (2), a state participation level for a basic rate that is below the amount set forth in the adjusted schedule of basic rates for that fiscal year, the state participation level for that rate shall be further increased to the amount specified in the adjusted schedule of basic rates.

(e) (1) As used in this section, "specialized care increment" means an approved amount paid with state participation on behalf of an AFDC-FC child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. On the effective date of this section, the department shall continue and maintain the current ratesetting system for specialized care.

(2) Any county that, as of the effective date of this section, has in effect specialized care increments that have been approved by the department, shall continue to receive state participation for those payments.

(3) Any county that, as of the effective date of this section, has in effect specialized care increments that exceed the amounts that have been approved by the department, shall continue to receive the same level of state participation as it received on the effective date of this section.

(4) (A) Except for subparagraph (B), beginning January 1, 1990, specialized care increments shall be adjusted in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall receive state participation for any increases in a specialized care increment which exceeds the adjustments made in accordance with this methodology.

(B) Notwithstanding subdivision (e) of Section 11460, for the 1993–94 fiscal year, an amount equal to 5 percent of the State Treasury appropriation for family homes shall be added to the total augmentation for the AFDC-FC program in order to provide incentives and assistance to counties in the area of specialized care. This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop county systems to encourage

the placement of children in family homes. It is the intent of the Legislature that in the use of these funds, federal financial participation shall be claimed whenever possible.

(5) The department shall report, in consultation with counties, the State Foster Parents Association, and representatives of other foster care providers, to the Legislature by December 31, 1990, on the department's specialized care ratesetting system regarding its effectiveness in meeting the special needs of children in foster care. At a minimum, the department's report shall address the following:

(A) A description of the current specialized care system and its strengths and weaknesses.

(B) The characteristics of children receiving specialized care and the cost of that care.

(C) The types of specialized care which are needed by children but which are not readily available for these children; the cost of providing that care; and the current placements of children with special needs in the absence of that care.

(D) The extent to which specialized foster family care can provide an alternative to group home care and the costs and savings which would be associated with greater emphasis on specialized family foster care.

(E) Recommendations on needed improvements to specialized family foster care.

(f) (1) As used in this section, "clothing allowance" means the amount paid with state participation in addition to the basic rate for the provision of additional clothing for an AFDC-FC child, including, but not limited to, an initial supply of clothing and school or other uniforms.

(2) Any county that, as of the effective date of this section, has in effect clothing allowances, shall continue to receive the same level as it received on the effective date of this section.

(3) Beginning January 1, 1990, clothing allowances shall be adjusted annually in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall be reimbursed for any increases in clothing allowances which exceed the adjustments made in accordance with this methodology.

SEC. 40. Section 11462 of the Welfare and Institutions Code, as amended by Section 40 of Chapter 722 of the Statutes of 1992, is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under

subdivision (h) of Section 11400.

(3) The department shall terminate the rate, effective January 1, 1993, of any group home that is not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, the single rate established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a "rate floor" has been established for each RCL.

(2) The rate floor for the 1990–91 fiscal year shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for the 1991–92 fiscal year for each RCL, shall be equal to the standard rate for each RCL for the period July 1, 1992, to September 13, 1992, inclusive, and shall be 92.5 percent of the standard rate for each RCL for the period September 14, 1992, to June 30, 1993, inclusive.

(3) The rate floor for each RCL shall be 95 percent of the standard rate for each RCL for the 1993–94 fiscal year. The rate floor shall be equal to the standard rate for each RCL for the 1994–95 fiscal year and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program's historical costs, the department shall establish the rate for the 1990–91 fiscal year by determining the RCL on a retrospective basis, according to the level of care and services actually provided between July 1 and December 31, 1989, or between

July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(g) The standardized schedule of rates for the 1990–91 fiscal year is:

Rate Classification Level	Point Ranges	FY 1990–91 Standard Rate	FY 1990–91 Rate Floor (85%)
1	Under 60	$1,183	$1,006
2	60– 89	1,478	1,256
3	90–119	1,773	1,507
4	120–149	2,067	1,757
5	150–179	2,360	2,006
6	180–209	2,656	2,258
7	210–239	2,950	2,508
8	240–269	3,245	2,758
9	270–299	3,539	3,008
10	300–329	3,834	3,259
11	330–359	4,127	3,508
12	360–389	4,423	3,760
13	390–419	4,720	4,012
14	420 & Up	5,013	4,261

(h) (1) For the 1990–91 fiscal year, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year 1990–91 RCL shall receive their 1989–90 rate plus an amount equal to the California Necessities Index (CNI). The rate for the 1990–91 fiscal year at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's 1989–90 fiscal year rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for the 1989–90 fiscal year at or above the standard rate for the RCL for the 1990–91 fiscal year shall continue to receive the 1989–90 fiscal year rate.

(2) For the 1996–97 fiscal year and the 1997–98 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to CNI computed pursuant to the methodology described in Section

11453.

(3) Notwithstanding paragraph (2), on and after the operative date of this paragraph the standardized rate for each RCL in effect on June 30, 1992, shall be the standardized rate for the remainder of fiscal year 1992–93. The department shall adjust rates downward, as necessary to comply with this paragraph.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(4) Beginning with the 1994–95 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) (A) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(B) On and after the operative date of this subparagraph, the department shall not, prior to July 1, 1993, establish a rate for a new group home program of a new or existing provider. However, in order to allow for the continued operation of group homes which, prior to January 1, 1993, had a rate established as a group home organized and operated on a for-profit basis and which have subsequently organized and operated on a nonprofit basis, the department shall establish a rate for the remainder of the 1992–93 fiscal year for those providers not to exceed the RCL and AFDC-FC rate received by the provider prior to the operative date of this subparagraph.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(3) The department shall encourage the establishment of

consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or the AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) (A) Prior to July 1, 1993, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective June 30, 1992. For rate increases as a result of a program change which become effective between July 1, 1992, and the effective date of this paragraph, the department shall adjust rates downward, as necessary, to comply with this chapter. Notwithstanding any other provision of law, a group home provider shall be allowed to change a group home program to reflect a decrease in services due to the provisions of this paragraph.

(B) For the 1993–94 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1993, except as provided in paragraph (3).

(3) (A) Commencing with the operative date of this paragraph and only during the 1992–93 fiscal year, and the 1993–94 fiscal year, the department shall not establish a rate for a new program of a new or existing provider, or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as the result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if the licensee obtains a letter of recommendation from the host county, primary placing county, or regional

consortium of counties regarding the proposed program change or new program and the new program or program change will result in a reduction of referrals to state hospitals during the 1992–93 fiscal year or the 1993–94 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(n) Following the initial implementation of the group home ratesetting system described in this section, the department, with the advice and assistance of the counties and representatives of providers of group home care, may submit to the Legislature recommendations to modify the program classification point system, number of rate classification levels, amounts that make up the standardized schedule of rates, or other components of the system. These recommendations shall be based on the department's review and evaluation of the program classification system, group home cost data collected pursuant to Section 11466.3, and information from the Group Home Program Statements and Level of Care Assessments specified in Section 11467.

(o) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before July 1, 1995, deletes or extends that date.

SEC. 41. Section 11462 of the Welfare and Institutions Code, as amended by Section 41 of Chapter 722 of the Statutes of 1992, is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and

operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, the single rate established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a "rate floor" has been established for each RCL.

(2) The rate floor for fiscal year 1990–91 shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for fiscal year 1991–92 for each RCL, shall be equal to the standard rate for each RCL for the period July 1, 1992, to September 13, 1992, inclusive, and shall be 92.5 percent of the standard rate for each RCL for the period September 14, 1992, to June 30, 1993, inclusive.

(3) The rate floor for each RCL shall be 95 percent of the standard rate for each RCL for the 1993–94 fiscal year. The rate floor shall be equal to the standard rate for each RCL for the 1994–95 fiscal year and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program's historical costs, the department shall establish the rate for fiscal year 1990–91 by determining the RCL on a retrospective basis, according to the level of care and services actually provided between July 1 and December 31, 1989, or between July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level

of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(g) The standardized schedule of rates for fiscal year 1990–91 is:

Rate Classification Level	Point Ranges	FY 1990–91 Standard Rate	FY 1990–91 Rate Floor (85%)
1	Under 60	$1,183	$1,006
2	60– 89	1,478	1,256
3	90–119	1,773	1,507
4	120–149	2,067	1,757
5	150–179	2,360	2,006
6	180–209	2,656	2,258
7	210–239	2,950	2,508
8	240–269	3,245	2,758
9	270–299	3,539	3,008
10	300–329	3,834	3,259
11	330–359	4,127	3,508
12	360–389	4,423	3,760
13	390–419	4,720	4,012
14	420 & Up	5,013	4,261

(h) (1) For fiscal year 1990–91, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year 1990–91 RCL shall receive their 1989–90 rate plus an amount equal to the California Necessities Index (CNI). The rate for fiscal year 1990–91 at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's fiscal year 1989–90 rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for fiscal year 1989–90 at or above the standard rate for the RCL for fiscal year 1990–91 shall continue to receive that fiscal year 1989–90 rate.

(2) For the 1996–97 and 1997–98 fiscal years, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(3) Beginning with the 1994–95 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) (A) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(B) On and after the operative date of this subparagraph, the department shall not, prior to July 1, 1993, establish a rate for a new group home program of a new or existing provider.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(3) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not

constitute a program change.

(2) (A) Prior to July 1, 1993, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective June 30, 1992. For rate increases as a result of a program change which became effective between July 1, 1992, and the effective date of this paragraph, the department shall adjust rates downward as necessary to comply with this chapter. Notwithstanding any other provisions of law, a group home provider shall be allowed to change a group home program to reflect a decrease in services due to the provisions of this paragraph.

(B) For the 1993–94 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1993, except as provided in paragraph (3).

(3) (A) For the 1993–94 fiscal year, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC capacity of the program as a result of decreases in the AFDC-FC or RCL rate for rate, or increases the licensed another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1993–94 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(n) Following the initial implementation of the group home ratesetting system described in this section, the department, with the advice and assistance of the counties and representatives of providers of group home care, may submit to the Legislature recommendations to modify the program classification point system, number of rate classification levels, amounts that make up the standardized schedule of rates, or other components of the system. These recommendations shall be based on the department's review and evaluation of the program classification system, group home cost data collected pursuant to Section 11466.3, and information from the Group Home Program Statements and Level of Care Assessments specified in Section 11467.

(o) This section shall become operative on July 1, 1995.

SEC. 42. Section 12200.015 is added to the Welfare and Institutions Code, to read:

12200.015. (a) Notwithstanding any other provision of law, the maximum aid payments in effect on June 30, 1993, in accordance with Section 12200, as reduced by subdivision (a) of Section 12200.01, except subdivisions (e), (g), and (h) of Section 12200, shall be reduced by 2.7 percent beginning the first of the month following 60 days after the enactment of this section.

(b) Commencing July 1, 1996, the maximum aid payment levels in effect on June 30, 1996, that were reduced by Section 12200.01 shall be increased by the dollar amount of the decrease made in each payment level during the 1992–93 fiscal year pursuant to Section 12200.01.

(c) Notwithstanding subdivision (a), in no event shall the payment schedules be reduced below the level required by the federal Social Security Act in order to maintain eligibility for federal funding under Title XIX of the federal Social Security Act, contained in Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

SEC. 43. Section 12201.03 of the Welfare and Institutions Code is amended to read:

12201.03. (a) For the 1992, 1993, 1994, 1995, and 1996 calendar years, if no cost-of-living adjustment is made pursuant to Section 12201, the payment schedules set forth in Sections 12200, 13920, and 13921, as adjusted pursuant to Section 12201, shall include the pass along of any cost-of-living increases in federal benefits under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code.

(b) Notwithstanding paragraph (2) of subdivision (d) of Section 12201, any adjustments made pursuant to this section to reflect the pass along of federal cost-of-living adjustments shall be included in the base amounts for purposes of determining cost-of-living adjustments made pursuant to Section 12201.

(c) Notwithstanding subdivision (a), no pass along of any cost-of-living increase in federal benefits under Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the

United States Code shall be made in 1994. This provision shall not apply to those persons receiving payments pursuant to subdivisions (e), (g), and (h) of Section 12200.

(d) Notwithstanding subdivision (a), in no event shall the payment schedules be reduced below the level required by the federal Social Security Act in order to maintain eligibility for federal funding under Title XIX of the federal Social Security Act, contained in Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

SEC. 44. Section 12301.6 of the Welfare and Institutions Code is amended to read:

12301.6. (a) Notwithstanding Sections 12302 and 12302.1, a county board of supervisors may, at its option, elect to do either of the following:

(1) Contract with a nonprofit consortium for the delivery on in-home supportive services.

(2) Establish, by ordinance, a public authority to provide for the delivery of in-home supportive services.

(b) (1) To the extent that a county elects to establish a public authority pursuant to paragraph (2) of subdivision (a), the enabling ordinance shall specify the membership of the governing body of the public authority, the qualifications for individual members, the manner of appointment, selection, or removal of members, how long they shall serve, and other matters as the board of supervisors deems necessary for the operation of the public authority. A public authority so established shall be an entity separate from the county, and shall file the statement required by Section 53051 of the Government Code.

(2) A public authority established pursuant to paragraph (2) of subdivision (a) shall be both of the following:

(A) An entity separate from the county, and shall be required to file the statement required by Section 53051 of the Government Code.

(B) A corporate public body, exercising public and essential governmental functions and that has all powers necessary or convenient to carry out the delivery of in-home supportive services. Employees of the public authority shall not be employees of the county for any purpose.

(3) (A) As an alternative, the enabling ordinance may designate the board of supervisors as the governing body of the public authority.

(B) Any enabling ordinance that designates the board of supervisors as the governing body of the public authority shall also specify that no fewer than 50 percent of the membership of the advisory committee shall be individuals who are current or past users of personal assistance services paid for through public or private funds or recipients of services under this article.

(C) If the enabling ordinance designates the board of supervisors as the governing body of the public authority, it shall also require the

appointment of an advisory committee of not more than 11 individuals who shall be designated in accordance with subparagraph (B).

(D) Prior to making designations of committee members pursuant to subparagraph (C), or governing body members in accordance with paragraph (4), the board of supervisors shall solicit recommendations of qualified members of either the governing body of the public authority or of any advisory committee through a fair and open process that includes the provision of reasonable, written notice to, and a reasonable response time by, members of the general public and interested persons and organizations.

(4) If the enabling ordinance does not designate the board of supervisors as the governing body of the public authority, the enabling ordinance shall require the membership of the governing body to meet the requirements of subparagraph (B) of paragraph (3).

(c) (1) Any public authority created pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients under this section within the meaning of Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code. Recipients shall retain the right to select, terminate, and direct the work of any in-home supportive services personnel providing services to them.

(2) (A) Any nonprofit consortium contracting with a county pursuant to this section shall be deemed to be the employer of in-home supportive services personnel for the purposes of collective bargaining over wages, hours, and other terms and conditions of employment.

(B) Recipients shall retain the right to select, terminate, and direct the work of any in-home supportive services personnel providing services for them.

(d) Any nonprofit consortium contracting with a county pursuant to this section or any public authority established pursuant to this section shall provide all of the following services under this article, but shall not be limited to those services:

(1) The provision of assistance to recipients in finding in-home supportive services personnel through the establishment of a registry.

(2) Investigation of the qualifications and background of potential personnel.

(3) Establishment of a referral system under which in-home supportive services personnel shall be referred to recipients.

(4) Performing any other functions related to ensuring that qualified personnel are available to perform in-home supportive services and to meet the requirements of the personal care option.

(e) (1) Any nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section shall be deemed not to be the employer of in-home supportive services personnel referred to recipients under this

section for purposes of liability due to the negligence or intentional torts of the in-home supportive services personnel.

(2) In no case shall a nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section be held liable for action or omission of any in-home supportive services personnel whom the nonprofit consortium or public authority did not list on its registry or otherwise refer to a recipient.

(3) Counties shall be immune from any liability resulting from their implementation of this section in the administration of the In-Home Supportive Services program. Any obligation of the public authority or consortium pursuant to this section, whether statutory, contractual, or otherwise, shall be the obligation solely of the public authority or nonprofit consortium, and shall not be the obligation of the county or state.

(f) Any nonprofit consortium contracting with a county pursuant to this section shall ensure that it has a governing body that complies with the requirements of subparagraph (B) of paragraph (2) of subdivision (b) or an advisory committee that complies with subparagraph (C) of paragraph (2) of subdivision (b).

(g) Recipients of services under this section may elect in-home supportive services personnel who are not referred to them by the public authority or nonprofit consortium. Those personnel shall be referred to the public authority or nonprofit consortium for the purposes of wages, benefits, and other terms and conditions of employment.

(h) Nothing in this section shall be construed to interfere with the state payroll system and other provisions of Section 12302.4 for individual providers of in-home supportive services, or to affect the state's responsibility with respect to unemployment insurance, or workers' compensation for providers of in-home supportive services.

(i) To the extent permitted by federal law, personal care option funds, obtained pursuant to Title XIX of the Social Security Act (Title 42 U.S.C., Section 1396 et seq.), along with matching funds using the state and county sharing ratio established in subdivision (c) of Section 12306, or any other funds that are obtained pursuant to Title XIX, may be used to establish and operate an entity authorized by this section.

(j) Notwithstanding Section 12302.7, in exercising its option purusant to this section, a county shall not be subject to competitive bidding requirements.

(k) (A) The department may adopt regulations implementing this section as emergency regulations in accordance with Chapter 3.5 (commending with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedures Act, the adoption of the regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division

3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law.

(B) Notwithstanding subdivision (h) of Section 11364.1 and Section 11349.6 of the Government Code, the department shall transmit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State.

(C) The Office of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these regulations shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

SEC. 45. Section 12302.7 is added to the Welfare and Institutions Code, to read:

12302.7. (a) (1) Notwithstanding any other provision of law, any county may issue invitations for bids for managed care contracts to serve nonseverely impaired in-home supportive services recipients who are 65 years of age or older when they initially qualify at a capitated rate. The contracts shall apply to recipients becoming eligible for these services on or after the start date of the contract. Persons who qualified for in-home supportive services prior to hospitalization or long-term care and who return home shall be considered as current recipients for purposes of this section. The cost of these contracts shall not exceed 88 percent of the county's June 1992 average cost per nonseverely impaired case for persons who are 65 years of age or older, if those cost figures cannot be made available, by the average cost of all nonseverely impaired persons, adjusted to reflect subsequent increases in state or federal minimum wage requirements and any adjustments for wages provided in subsequent budget acts. At the county's option nonseverely impaired recipients who became eligible prior to the start date and who are at least 65 years of age may elect to be served under a contract subject to this subdivision, provided they are informed of the managed care service delivery method and its obligation to deliver all the services identified, but not necessarily the same number of service hours currently identified as needed by the county, are informed that the recipients have the right to choose their home attendant and replace the home attendant if so desired and voluntarily consent to services under this method.

(2) This section does not apply to persons who qualify for in-home supportive services on the basis of disability or blindness and who are under 65 years of age when they initially qualify.

(b) Bidding under this section shall be open to the public agencies or authorities, nonprofit agencies, consortiums, proprietary business entities, or any qualified, in-home supportive services provider.

(c) A county subject to subdivision (a) may award contracts to the

lowest responsible bidder, or to the two lowest responsible bidders, or to the three lowest responsible bidders as provided in this subdivision. If there are two or more responsible bidders with bids for a rate not in excess of 88 percent of the June 1992 average cost per nonseverely impaired case of persons who are 65 years of age or older, if those cost figures cannot be made available, of the June, 1992 average cost of all nonseverely impaired case, for the county, as adjusted in accordance with subdivision (a) the county shall contract with the two lowest but not more than the three lowest bidders. If there is only one such bidder the county shall contract with that bidder, but shall allow nonseverely impaired recipients otherwise required to obtain services from the contract, the option of an individual provider. To assist the nonseverely impaired in-home supportive services recipients subject to this section who have the option of choosing between the managed care and individual provider method, the county shall inform them of the managed care service delivery method and its obligation to deliver all of the services identified but not necessarily with the same number of service hours identified as needed by the county at the time of intake, and that the recipients have the right to choose their home attendant and replace the home attendant if so desired.

(d) (1) Notwithstanding Section 12306, any county that enters into a managed care capitation contract or expands an existing contract for in-home supportive services pursuant to this section and that reduces average monthly IHSS case expenditures under the contract more than 12 percent below the June 1992 average cost per nonseverely impaired case for persons who are 65 years of age or older or, if those cost figures cannot be made available, by the average cost of all nonseverely impaired cases for the county, as adjusted in accordance with subdivision (a), shall be entitled to additional funds from the state, representing a percentage of state savings as determined in this subdivision. For purposes of this subdivision, "state savings" means the amount of the difference between the state share of the June 1992 average cost per nonseverely impaired case of persons 65 years of age or older or, if those cost figures cannot be made available, of the June, 1992 average cost of all nonseverly impaired cases for the county, as adjusted in accordance with subdivision (a), and the state share under Section 12306 of the managed care contract cost per case for all county contract cases, provided that there is no increase in the percentage of persons who qualify for in-home supportive services on the basis of age, moving into out-of-home care over the contract period as compared to the 1991–92 fiscal year, and provided, further, that if there is only a negligible increase in the out-of-home placement, the share of state savings going to the county may be reduced to the extent determined appropriate by the director.

(2) During the first year of the contract operation, the county shall be entitled to 55 percent of the state savings.

(3) Funds to which a county is entitled pursuant to this

subdivision shall be payable to the county on a basis agreed to by the county and the department.

(e) A county that has an existing contract for in-home supportive services that is not a managed care capitation contract may negotiate a managed care capitation contract on a sole source basis with the current contractor to serve new nonseverely impaired recipients who are 65 years of age or older who become eligible after the start date of the contract. This shall not apply to persons who qualify for in-home supportive services prior to hospitalization or long-term care and who return home, and for purposes of this section, those persons shall be considered to be current recipients. The contract shall be negotiated for a term not to exceed two years.

(f) The department shall expedite approval of invitations for bid and contracts to which subdivision (a) and (e) apply.

(g) (1) The director shall specify performance and quality assurance standards to be included in managed care, capitation contracts for in-home supportive services to assure delivery of all required services at the time the services are needed, including weekends and nights, establish proper screening, training, and supervision of persons providing direct services and institute frequent periodic quality control audits and utilization review of all services. (B) A surviving child who is under age 21.

(C) A surviving child who is blind or permanently and totally disabled, within the meaning of Section 1614 of the federal Social Security Act (42 U.S.C.A. Sec. 1382c).

(2) The department shall notify individuals of the waiver provision and the opportunity for a hearing to establish that a waiver should be granted.

(3) Waivers shall be granted consistent with emergency regulations, which the department shall adopt pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, to implement this section. The adoption of regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the department in order to implement this section shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

The regulations shall, at a minimum, consider all of the following:

(B) The length of time the dependent, heir, or survivor lived with the decedent and the level and type of care provided by the dependent, heir, or survivor which delayed or prevented institutional placement of the eligible person.

(C) The dependent's, heir's or survivor's employability.

(e) The department shall comply with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code within the 120-day period during which the emergency regulations adopted by the department pursuant to subdivision (c) are in effect.

SEC. 52. Section 14105.3 of the Welfare and Institutions Code is amended to read:

14105.3. Nothing in this section shall interfere with usual and customary distribution practices in the drug industry.

(b) The department may enter into exclusive or nonexclusive contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of appliances, durable medical equipment, medical supplies, and other product-type health care services and with laboratories for clinical laboratory services for the purpose of obtaining the most favorable prices to the state and to assure adequate quality of the product or service. This subdivision shall not apply to pharmacies licensed pursuant to Section 4080 of the Business and Professions Code.

(c) The department shall begin negotiation for contracts with manufacturers of durable medical equipment and for contracts with clinical laboratories for the provision of clinical laboratory services not later than August 31, 1993. Contracts shall have no force and effect unless approved by the Department of Finance.

(f) The department may contract with less than all manufacturers or clinical laboratories including only one manufacturer or clinical laboratory, on a bid or nonbid basis.

All state agencies shall take all necessary steps to supply the most recent data available to the department to meet these deadlines. The Office of Statewide Health Planning and Development shall provide to the department, no later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year (except that for the 1991–92 payment adjustment year, the Office of Statewide Health Planning and Development shall provide

(4) To determine a hospital's Medi-Cal inpatient utilization rate and low-income utilization rate for purposes of disproportionate share lists, the department shall utilize the same methodology, formulae, and data sources as set forth in connection with interim determinations in Attachment 4.19-A of the Medi-Cal State Plan (effective on or about July 1, 1990), except that the following shall apply:

(5) For purposes of payment adjustment amounts under this section, each disproportionate share list shall be considered complete when issued by the department pursuant to paragraph (1). Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason, other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(E) A ten dollar ($10) payment adjustment for each percentage point, from 65 percent to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(3) If the sum calculated under paragraph (2) is less than zero, it

shall be disregarded for payment purposes.

(h) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is a children's hospital, the hospital shall be paid the sum of four hundred fifty dollars ($450), except as limited by other applicable provisions of this section.

(i) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is an acute psychiatric hospital or an alcohol-drug rehabilitation hospital, the hospital shall be paid the sum of all of the following amounts, except as limited by other applicable provisions of this section:

(1) A minimum payment adjustment of fifty dollars ($50).

(E) A one dollar ($1) payment adjustment for each percentage point, from 65 to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(3) If the sum calculated under paragraph (2) is less than zero, it shall be disregarded for payment purposes.

(j) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital does not meet the criteria for receiving payments under subdivision (g), (h), or (i) above, the hospital shall be paid the sum of all of the following amounts, except as limited by other applicable provisions of this section:

(1) A minimum payment adjustment of one hundred dollars ($100).

(2) If the hospital is an emergency services hospital at the time the payment adjustment is paid, a two hundred dollar ($200) payment adjustment.

(3) The sum of the following amounts minus one hundred dollars

($100), and minus an additional two hundred dollars ($200) if the hospital is an emergency services hospital at the time the payment adjustment is paid:

(A) A forty dollar ($40) payment adjustment for each percentage point, from 25 percent to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A thirty-five dollar ($35) payment adjustment for each percentage point, from 30 percent to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A thirty dollar ($30) payment adjustment for each percentage point, from 35 percent to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A twenty dollar ($20) payment adjustment for each percentage point, from 45 percent to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A fifteen dollar ($15) payment adjustment for each percentage point, from 65 percent to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(4) If the sum calculated under paragraph (3) is less than zero, it shall be disregarded for payment purposes.

(k) (1) For any particular payment adjustment year, no hospital may qualify for payments under more than one subdivision among subdivisions (g), (h), (i), and (j). If any hospital qualifies under more than one subdivision, the department shall determine which subdivision shall apply for payments.

(2) For each payment adjustment year beginning with 1992–93, the total applicable per diem payment adjustment amount calculated for each eligible hospital pursuant to subdivision (g), (h), (i), or (j) shall be adjusted by a percentage identical to the percentage increase in transfer amounts that the department has authorized for use pursuant to paragraph (1) of subdivision (h) of Section 14163 for the particular fiscal year.

(3) If an eligible hospital ordinarily is paid by or on behalf of the department for Medi-Cal acute inpatient hospital services based on a payment methodology other than per diem payments, the eligible hospital shall receive payment adjustment amounts under this section based on its approved Medi-Cal days of acute inpatient hospital care, in the same fashion as all other eligible hospitals under this section.

(*l*) (1) (A) In determining Medi-Cal days of service for purposes of payment adjustments under this section, the department shall recognize all acute inpatient hospital days of service required to be taken into account under federal law.

(B) For the 1992–93 payment year, the department may consider the Medi-Cal days of service provided by the qualifying hospitals for

Medi-Cal patients covered by the prepaid health plans contracting directly with the Medi-Cal program in achieving their maximum payments.

(C) For 1993–94 and subsequent payment years, the department may consider the Medi-Cal days of service provided by hospitals for Medi-Cal patients covered by the prepaid health plans contracting directly with the Medi-Cal program in determining the Medi-Cal utilization rate and the maximum days of payment. Additionally, the department may consider the days of service provided by the qualifying hospitals for Medi-Cal patients covered by the prepaid health plans contracting directly with the Medi-Cal program in achieving their maximum payments in those payment years.

(2) Notwithstanding paragraph (1), there shall be, for each eligible hospital, a maximum limit on the number of Medi-Cal acute inpatient hospital days for which payment adjustment amounts may be paid under this section with respect to each payment adjustment year. The maximum limit shall be that number of days that equals 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days, as determined from all Medi-Cal paid claims records available through April 1 preceding the beginning of the payment adjustment year.

(m) No payment rate for any service rendered by any hospital under the Medi-Cal selective provider contracting program shall be reduced as a result of this section.

(n) Notwithstanding any other provision of law, to the extent consistent with Section 1396a(h) of Title 42 of the United States Code, and except as provided by this section, no maximum payment limit shall be placed on the amount of Medi-Cal payment adjustments which may be made to disproportionate share hospitals. The payments made to disproportionate share hospitals pursuant to this section and Section 14105.99 shall not cause any other amounts paid or payable to a hospital to be deemed in excess of any applicable maximum payment limit.

(o) The department shall promptly seek any necessary federal approvals in order to implement this section. Pursuant to Section 1396r-4 of Title 42 of the United States Code, and related federal medicaid statutes and regulations, payment adjustment systems for inpatient hospital services rendered by disproportionate share hospitals shall be included in a state's medicaid plan. Therefore, the department shall, prior to the end of the calendar quarter during which this section is enacted, submit for federal approval an amendment to the Medi-Cal State Plan in connection with the payment adjustment program.

(p) If, for any payment adjustment year, the amounts in the fund, when matched by federal funds pursuant to customary Medi-Cal accounting procedures, are insufficient to pay some or all of the payment adjustment amounts otherwise due under this section, payment adjustment amounts shall be reduced in accordance with the following paragraphs to resolve the insufficiency.

(1) All payment adjustment amounts for the entire payment adjustment year shall be reduced proportionately not to exceed 2 percent of the total payment adjustment amounts which otherwise would have been paid for the entire payment adjustment year.

(2) If the payment reductions authorized by paragraph (1) do not resolve the insufficiency for the payment adjustment year, then, to the extent permitted by federal law, the following shall apply:

(A) The payment adjustment amounts, as reduced by paragraph 1, shall remain in effect for each eligible hospital whose low-income number is 30 percent or more.

(B) The payment adjustment amounts, as reduced by paragraph (1), for all other eligible hospitals shall be further reduced proportionately to resolve the insufficiency, but in no event to a level which would result in total payments to the eligible hospital in an amount less than 65 percent of the total payment adjustment amounts which would have been payable to the eligible hospital for the entire payment adjustment year had no reductions taken place.

(3) If the steps set forth in paragraph (2) are not permissible under federal law, or are not adequate to resolve the insufficiency, the payments to all eligible hospitals for the entire payment adjustment year shall be further reduced proportionately to resolve the insufficiency, but in no event to a level which would result in total payments to the eligible hospital in an amount less than 65 percent of the total payment adjustment amounts which would have been payable to the eligible hospital for the entire payment adjustment year had no reductions taken place.

(4) At such time as all eligible hospitals have been reduced to the 65 percent payment level set forth in paragraphs (2) and (3), the payments to all eligible hospitals for the payment adjustment year shall be further reduced proportionately to resolve any remaining insufficiency.

(q) (1) If it is necessary to apply the provisions of paragraph (3) of subdivision (p) at any time, the department shall, as soon as practicable, evaluate why the insufficiency arose and identify the projected occurrence and duration of any future insufficiencies.

(2) If the department determines as a result of the evaluations under paragraph (1) that (A) implementation of paragraph (3) of subdivision (p) will likely be necessary to resolve additional insufficiencies for the current payment adjustment year or the next payment adjustment year; and (B) that the level of federal financial participation realized by the payment adjustment program, for the current payment adjustment year as a whole, will be less than 30 percent of the percentage of federal financial participation that normally is applicable for Medi-Cal expenditures for acute inpatient hospital services, and that the level of federal financial participation for the payment adjustment program is expected to continue to remain below that 30 percent level for the next payment adjustment year as a whole, the department shall, as soon as practicable, implement paragraphs (3) and (4).

(3) If the department determines that the circumstances described in paragraph (2) are present, the payment adjustment program shall be terminated, effective as of the earliest date permissible under federal law. In that event, all installment payments to the fund which are already due pursuant to Section 14163 at the time of the department's determination shall remain due, and shall be collected by the Controller. However, installment payments which are not yet due at that time shall not become due.

(4) Within 90 days after the termination of the payment adjustment program, as referred to in paragraph (3), or as soon as practicable, the department shall determine whether any amounts remain in the fund which are not needed to pay prior payment adjustment amounts under this section. If remaining amounts exist in the fund, they shall be refunded to transferor entities on a pro rata basis, within 45 days after the date of the department's determination.

(r) The state shall be held harmless from any federal disallowance resulting from payments made under this section, and from payments made to hospitals based on transfers accepted by the department under Section 14164. Any hospital that has received payments under this section, or based on transfers accepted by the department under Section 14164 shall be liable for any audit exception or federal disallowance only with respect to the payments made to that hospital. The department shall recoup from a hospital the amount of any audit exception or federal disallowance in the manner authorized by applicable laws and regulations.

(s) (1) The department may utilize existing administrative appeal procedures for purposes of any appealable matter that arises under the payment adjustment program. The matters that may be appealed shall be limited to those related to the following:

(A) Paragraph (5) of subdivision (f).

(B) State audit disallowances of amounts paid to hospitals under the payment adjustment program.

(2) Calculations which are final pursuant to paragraph (4) or (5) of subdivision (f) or the procedures or data on which those calculations are based, shall not be appealed.

(n) It is the intent of the Legislature that this entire section be an inseparable whole and that no part of it be severable. If any portion of this section is found to be invalid, as determined by a final judgment of a court of competent jurisdiction, this section shall become inoperative.

(o) This section shall become inoperative on July 1, 1996, and, as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 56. Section 14133.9 of the Welfare and Institutions Code is amended to read:

14133.9. The implementation of prior authorization permitted by subdivision (a) of Section 14133 shall be subject to all of the following provisions:

(a) The department shall secure a toll free phone number for the use of providers of Medi-Cal services listed in Section 14132. For providers, the department shall provide access to an individual knowledgeable in the program to provide Medi-Cal providers with information regarding available services. Access shall include a toll-free phone number that provides reasonable access to that person. The number shall be operated 24 hours a day, seven days a week.

(b) For major categories of treatment subject to prior authorization, the department shall publicize and continue to develop its list of objective medical criteria that indicate when authorization should be granted. Any request meeting these criteria, as determined by the department, shall be approved, or deferred as authorized in subdivision (e) by specific medical information.

(c) The objective medical criteria required by subdivision (d) shall be adopted and published in accordance with the Administrative Procedure Act, and shall be made available at appropriate cost.

(d) When a proposed treatment meets objective medical criteria, and is not contraindicated, authorization for the treatment shall be provided within an average of five working days. When a treatment authorization request is not subject to objective medical criteria, a

decision on medical necessity shall be made by a professional medical employee or contractor of the department within an average of five working days.

(e) Notwithstanding the provisions of subdivisions (c) and (d), the department shall adopt, by emergency regulations as provided by this subdivision, a list of elective services that the director determines may be nonurgent. In determining these services, the department shall be guided by commonly accepted medical practice parameters. Authorization for these services may be deferred for a period of up to 90 days. In making determinations regarding these referrals, the department may use criteria separate from, or in addition to, those specified in subdivision (c). These deferrals shall be determined through the treatment authorization request process. When a proposed service is on the list of elective services that the director determines may be considered nonurgent, authorization for the service shall be granted or deferred within an average of 10 working days. The State Department of Health Services may adopt emergency regulations to implement this subdivision in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety or general welfare. Initial emergency regulations and the first readoption of those regulations shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this subdivision shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations and shall remain in effect for no more than 120 days.

(f) The department shall submit to the Legislature, every three months, its treatment authorization request status report.

(g) Final decisions of the department on denial of requests for prior authorization for inpatient acute hospital care shall be reviewable upon request of a provider by a Professional Standards Review Organization established pursuant to Public Law 92-603, or a successor organization if either of the following applies:

(1) The original decision on the request was not performed by a Professional Standards Review Organization, or its successor organization.

(2) The original decision on the request was performed by a Professional Standards Review Organization, or its successor organization, and the original decision was reversed by the department. The department shall contract with one or more of these organizations to, among other things, perform the review function required by this subdivision. The review performed by the contracting organization shall result in a finding that the department's decision is either appropriate or unjustified, in accordance with existing law, regulation, and medical criteria. The

cost of each review shall be borne by the party that does not prevail.

The decision of this body shall be reviewable by civil action.

(h) This section, and any amendments made to Section 14103.6 by Assembly Bill 2254 of the 1985–86 Regular Legislative Session, shall not apply to treatment or services provided under contracts awarded by the department under which the contractor agrees to assume the risk of utilization or costs of services.

SEC. 57. Section 14148 of the Welfare and Institutions Code is amended to read:

14148. (a) The department shall adopt the federal option provided under Section 4101 of the Omnibus Budget Reconciliation Act of 1987 (Public Law 100-203) to extend eligibility for medical assistance under Medicaid to all pregnant women and infants with family incomes not in excess of 185 percent of the federal poverty level. If a premium is imposed, the amount of the premium shall not exceed 10 percent of the amount by which the family's income, less actual child care costs, exceeds 150 percent of the federal poverty level as required by Section 4101 (a) of the 1987 Medicaid Budget Reconciliation Agreement. The department shall implement this section by emergency regulation.

The department shall advise the Chairperson of the Assembly Ways and Means Committee, the Senate Budget and Fiscal Review Committee, the Assembly Health Committee, and the Senate Committee on Health and Human Services, on a quarterly basis, regarding the identification and redirection of existing department funds or General Fund money necessary to implement this section. The department shall notify these committees 30 days prior to redirecting those funds to implement this section.

(b) Upon order of the Department of Finance, the State Controller shall transfer funds from Item 4260-101-001 of the Budget Act of 1988 to Item 4260-111-001 of the 1988 Budget Act of 1988 during the 1988-89 fiscal year for the purpose of funding outreach efforts for perinatal services.

(c) Notwithstanding subdivision (a), the state may limit implementation of this section during the 1988–89 fiscal year, based upon the availability of department funds. The department may use maternal and child health funds to finance the increased costs of implementing an expansion of Medi-Cal eligibility to women and children with incomes of up to 185 percent of federal poverty levels if both of the following conditions exist:

(1) The department has allocated for expenditure at least sixteen million dollars ($16,000,000) in funds redirected from the Medi-Cal program for that expansion.

(2) If, and to the extent, the department determines that estimates of costs based on actual data indicate that the funds are needed to cover costs.

(d) This section shall be fully implemented no later than April 1, 1990.

(e) To assist Medi-Cal eligible pregnant women in receiving

prenatal care promptly, all pregnant women applying for Medi-Cal shall be determined to have an immediate need. Counties, within existing resources, shall expedite the eligibility determination process for all pregnant women on the basis of their immediate needs. Upon determination of eligibility, a Medi-Cal card shall be issued immediately.

(f) To the extent federal financial participation is available, the department shall apply the more liberal income deduction described in Section 1396a(r) of Title 42 of the United States Code when determining eligibility for pregnant women and infants under this section. The amount of this deduction shall be the difference between the 185 percent and the 200 percent federal poverty level applicable to the size of the family.

SEC. 58. Section 14148.5 of the Welfare and Institutions Code is amended to read:

14148.5. (a) State funded perinatal services shall be provided under the Medi-Cal program to pregnant women and state funded medical services to infants up to one year of age in families with incomes above 185 percent, but not more than 200 percent of the federal poverty level, in the same manner that these services are being provided to the Medi-Cal population, including eligibility requirements and integration of eligibility determinations and payment of claims, except as follows:

(1) The assets of the family shall not be considered in making the eligibility determination.

(2) The income deduction specified in subdivision (f) of Section 14148 shall not be applied.

(b) Services provided under this section shall not be subject to any share-of-cost requirements.

(c) (1) The department, in implementing the Medi-Cal program and public health programs, in coordination with the Major Risk Medical Insurance Programs Access for Infants and Mothers component shall provide for outreach activities in order to enhance participation and access to perinatal services. Notwithstanding Section 30122 of the Revenue and Taxation Code, funding for these outreach activities shall be made available from the funds appropriated for purposes of this section, and to the extent permissible, from funding received pursuant to Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code. Funding received pursuant to the federal provisions shall be used to expand perinatal outreach activities.

(2) Those outreach activities required by paragraph (1) shall be targeted toward both Medi-Cal and non-Medi-Cal eligible high risk or uninsured pregnant women and infants. Outreach activities may include, but not be limited to, all of the following:

(A) Education of the targeted women on the availability and importance of early prenatal care and referral to Medi-Cal and other programs.

(B) Information provided through toll-free telephone numbers.

(C) Recruitment and retention of perinatal providers.

(d) The amendment made to paragraph (1) of subdivision (c) by Senate Bill 99 of the 1991–92 Regular Session constitutes an amendment to the Tobacco Tax and Health Protection Act of 1988.

(e) This section shall remain operative only until July 1, 1994, and shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 59. Section 14163 of the Welfare and Institutions Code is amended to read:

14163. (a) For purposes of this section, the following definitions shall apply:

(1) "Public entity" means a county, a city, a city and county, the University of California, a local hospital district, a local health authority, or any other political subdivision of the state.

(2) "Hospital" means a health facility that is licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code to provide acute inpatient hospital services, and includes all components of the facility.

(3) "Disproportionate share hospital" means a hospital providing acute inpatient services to Medi-Cal beneficiaries that meets the criteria for disproportionate share status relating to acute inpatient services set forth in Section 14105.98.

(4) "Disproportionate share list" means the annual list of disproportionate share hospitals for acute inpatient services issued by the department pursuant to Section 14105.98.

(5) "Fund" means the Medi-Cal Inpatient Payment Adjustment Fund.

(6) "Eligible hospital" means, for a particular state fiscal year, a hospital on the disproportionate share list that is eligible to receive payment adjustment amounts under Section 14105.98 during that state fiscal year.

(7) "Transfer year" means the particular state fiscal year during which public entities are required by this section to make an intergovernmental transfer of funds to the Controller.

(8) "Transferor entity" means a public entity that, for a particular transfer year, is required by this section to make an intergovernmental transfer of funds to the Controller.

(9) "Transfer amount" means the amount of the intergovernmental transfer of funds that this section requires for a particular transferor entity for a particular transfer year.

(10) "Intergovernmental transfer" means a transfer of funds from a public entity to the state, that is local government financial participation in Medi-Cal pursuant to the terms of this section.

(11) "Licensee" means an entity that has been issued a license to operate a hospital by the department.

(12) "Annualized Medi-Cal inpatient paid days" means the total number of Medi-Cal acute inpatient hospital days, regardless of dates of service, for which payment was made by or on behalf of the

department to a hospital, under present or previous ownership, during the most recent calendar year ending prior to the beginning of a particular transfer year, including all Medi-Cal acute inpatient covered days of care for hospitals which are paid on a different basis than per diem payments.

(b) The Medi-Cal Inpatient Payment Adjustment Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in subdivision (d). The fund shall consist of the following:

(1) Transfer amounts collected by the Controller under this section, whether submitted by transferor entities pursuant to subdivision (i) or obtained by offset pursuant to subdivision (j).

(2) Any other intergovernmental transfers deposited in the fund, as permitted by Section 14164.

(3) Any interest that accrues with respect to amounts in the fund.

(c) Moneys in the fund, which shall not consist of any state general funds, shall be used as the source for the nonfederal share of payments to hospitals pursuant to Section 14105.98. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures, and used to make payments pursuant to Section 14105.98.

(d) Except as otherwise provided in Section 14105.98 or in any provision of law appropriating a specified sum of money to the department for administering this section and Section 14105.98, moneys in the fund shall be used only for the following:

(1) Payments to hospitals pursuant to Section 14105.98.

(2) (A) Except as provided in subparagraph (B), and except for the amount transferred pursuant to paragraph (3), transfers to the Health Care Deposit Fund in an amount equal to 11.419 percent of all transfer amounts deposited in the fund, the amount to be determined on a fiscal year basis. These transfers from the fund shall be made on a monthly basis to the Medi-Cal local assistance appropriation item (Item 4260-101-001 of the annual Budget Act) in support of Medi-Cal expenditures. No reductions shall apply to the percentage transferred to the Health Care Deposit Fund.

(B) (i) Except for the amount transferred pursuant to paragraph (3), transfers to the Health Care Deposit Fund in an amount equal to 13.988 percent of all transfer amounts deposited in the fund, the amount determined on a fiscal year basis. These transfers from the fund shall be made on a monthly basis to the Medi-Cal local assistance appropriation item (Item 4260-101-001 of the annual Budget Act) in support of Medi-Cal expenditures. No reductions shall apply to the percentage transferred to the Health Care Deposit Fund.

(ii) If the disproportionate share payments are not increased to the level necessary to yield an additional fifty million dollars ($50,000,000) net to the General Fund revenue by January 1, 1994,

this subparagraph shall become operative on that date, subparagraph (A) shall become inoperative, and this subparagraph shall be applied retroactively to July 1, 1993.

(3) In the 1993–94 fiscal year, in addition to the amount transferred as specified in paragraph (2), fifteen million dollars ($15,000,000) shall also be transferred to the Medi-Cal local assistance appropriation item (Item 4260-101-001) of the Budget Act of 1993. The percentage requirement contained in paragraph (2) shall not apply to this additional transfer.

(e) For the 1991–92 state fiscal year, the department shall determine, no later than 70 days after the enactment of this section, the transferor entities for the 1991–92 transfer year. To make this determination, the department shall utilize the disproportionate share list for the 1991–92 fiscal year, which shall be issued by the department no later than 65 days after the enactment of this section, pursuant to paragraph (1) of subdivision (f) of Section 14105.98. The department shall identify each eligible hospital on the list for which a public entity is the licensee as of July 1, 1991. The public entity that is the licensee of each identified eligible hospital shall be a transferor entity for the 1991–92 transfer year.

(f) The department shall determine, no later than 70 days after the enactment of this section, the transfer amounts for the 1991–92 transfer year. The transfer amounts shall be determined as follows:

(1) The eligible hospitals for 1991–92 shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(2) The eligible hospitals for 1991–92 involving transferor entities as licensees shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals with transferor entities as licensees shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be divided by the aggregate sum determined under paragraph (2), yielding a factor to be utilized in paragraph (4).

(4) (A) Except as provided in subparagraph (B), the factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by

1.771, yielding a transfer amount for the particular transferor entity for the transfer year, except as provided by paragraph (5).

(B) (i) The factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by 1.720, yielding a transfer amount for the particular transferor entity for the transfer year, except as provided by paragraph (5).

(ii) If the disproportionate share payments are not increased to the level necessary to yield an additional fifty million dollars ($50,000,000) net to the General Fund revenue by January 1, 1994, this subparagraph shall become operative on that date, subparagraph (A) shall become inoperative, and this subparagraph shall be applied retroactively to July 1, 1993.

(5) Only for the transfer year with respect to which the payment adjustment program set forth in Section 14105.98 first gains federal approval, a reduction in the transfer amount determined pursuant to paragraph (4) shall be applicable under the following circumstances:

(A) To determine any such reduction, the transfer amount determined pursuant to paragraph (4) shall first be multiplied by a fraction, the numerator of which is the number of days of the transfer year for which federal approval is effective and the denominator of which is 365.

(B) If the product of the calculation under subparagraph (A) is 80 percent or more of the transfer amount determined under paragraph (4), no reduction of the transfer amount determined under paragraph (4) shall apply.

(C) If the product of the calculation under subparagraph (A) is less than 80 percent of the transfer amount determined under paragraph (4), a reduction shall apply to the transfer amount determined under paragraph (4). The reduction shall be that particular amount which is equal to the difference between (i) the transfer amount determined under paragraph (4) and (ii) the amount calculated under subparagraph (A) divided by 80 percent.

(D) Any reduction of a transfer amount applicable under subparagraph (C) shall be spread equally among the installments referred to in subdivision (i).

(g) For the 1991–92 transfer year, the department shall notify each transferor entity in writing of its applicable transfer amount or amounts no later than 70 days after the enactment of this section, which amount or amounts shall be subject to adjustment pursuant to subdivisions (f) and (i).

(h) For the 1992–93 transfer year and subsequent transfer years, transfer amounts shall be determined in the same procedural manner as set forth in subdivision (f), except:

(1) The department shall use all of the following:

(A) The disproportionate share list applicable to the particular transfer year, which shall be issued no later than five days after the beginning of the transfer year, to determine the eligible hospitals.

(B) The total per diem payment adjustment amounts calculated under Section 14105.98 for the particular transfer year.

(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.

(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.

Further, the transfer amounts calculated by the department may be increased by a percentage amount consistent with the Medi-Cal State Plan.

(2) The department shall prepare preliminary analyses and calculations regarding potential transfer amounts, and potential transferor entities shall be notified by the department of estimated transfer amounts, at least 60 days before the beginning of the particular transfer year. Written notices of transfer amounts shall be issued no later than five days after the beginning of the particular transfer year. All state agencies shall take all necessary steps in order to supply applicable data to the department to meet these deadlines. The Office of Statewide Health Planning and Development shall provide to the department, no later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year (except that for the 1991–92 transfer year, the Office of Statewide Health Planning and Development shall provide data as it existed on the statewide data base file as of August 30, 1991), from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 of the Health and Safety Code, for hospital fiscal years which ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(3) For the 1993–94 fiscal year, the transfer amount that would otherwise be required from the University of California pursuant to subdivision (f) shall be increased by fifteen million dollars ($15,000,000).

(i) (1) For the 1991–92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in

the fund, in eight equal installments. Except as provided below, the first installment shall accrue on July 25, 1991, and all other installments shall accrue on the 5th day of each month thereafter from August through February.

(2) Notwithstanding paragraph (1), no installment shall be payable to the Controller until that date which is 20 days after the department notifies the transferor entity in writing that the payment adjustment program set forth in Section 14105.98 has gained federal approval as part of the Medi-Cal program. For purposes of this section, federal approval requires both (i) approval by appropriate federal agencies of an amendment to the Medi-Cal State Plan, as referred to in subdivision (o) of Section 14105.98, and (ii) confirmation by appropriate federal agencies regarding the availability of federal financial participation for the payment adjustment program set forth in Section 14105.98 at a level of at least 40 percent of the percentage of federal financial participation that is normally applicable for Medi-Cal expenditures for acute inpatient hospital services.

(3) If any installment that would otherwise be payable under paragraph (1) is not paid because of the provisions of paragraph (2), then subparagraphs (A) and (B) shall be followed when federal approval is gained.

(A) All installments that were deferred based on the provisions of paragraph (2) shall be paid no later than 20 days after the department notifies the transferor entity in writing that federal approval has been gained, in an amount consistent with subparagraph (B).

(B) The installments paid pursuant to subparagraph (A) shall be paid in full, subject to an adjustment in amount pursuant to paragraph (5) of subdivision (f).

(4) All installments for the 1991–92 transfer year that arise in months after federal approval is gained shall be paid by the 5th day of the month or 20 days after the department notifies the transferor entity in writing that federal approval has been gained, whichever is later. These installments shall be subject to an adjustment in amount pursuant to paragraph (5) of subdivision (f).

(5) For the 1992–93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments. The first installment shall be payable on July 10 of each transfer year. All other installments shall be payable on the 5th day of each month thereafter from August through February.

(6) A transferor entity may use any of the following funds for purposes of meeting its transfer obligations under this section:

(A) General funds of the transferor entity.

(B) Any other funds permitted by law to be used for these purposes, except that a transferor entity shall not submit to the Controller any federal funds unless those federal funds are authorized by federal law to be used to match other federal funds.

In addition, no private donated funds from any health care provider, or from any person or organization affiliated with such a health care provider, shall be channeled through a transferor entity or any other public entity to the fund. The transferor entity shall be responsible for determining that funds transferred meet the requirements of this subparagraph.

(j) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(k) All amounts received by the Controller pursuant to subdivision (i), or offset by the Controller pursuant to subdivision (j), shall immediately be deposited in the fund.

(*l*) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.

(n) No amount submitted to the Controller pursuant to subdivision (i), or offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

SEC. 60. Section 15204.7 is added to the Welfare and Institutions Code, to read:

15204.7. Subject to Section 15204.5, the state may pay 100 percent of the nonfederal administrative costs, when cost-effective, as determined by the state, of followup activities in the Income Eligibility and Verification System for recipients.

SEC. 61. Section 16809 of the Welfare and Institutions Code, as amended by Section 137 of Chapter 722 of the Statutes of 1992, is amended to read:

16809. (a) The board of supervisors of a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year and of any county with a population under 300,000, as determined in accordance with the 1990 decennial census, may enter

into a contract with the department and the department may enter into a contract with that county under which the department agrees to administer the program responsibilities for specified health services to county residents certified eligible for those services by the county.

(b) (1) Each county intending to contract with the department pursuant to this section shall submit to the department a notice of intent to contract adopted by the board of supervisors. The notice shall be submitted no later than April 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department.

(2) For the 1991–92 fiscal year only, and notwithstanding paragraph (2) of subdivision (a) of Section 1498.1 of Title 17 of the California Code of Regulations, the notice of intent to contract submitted by an eligible county pursuant to this section shall not be legally binding on that county or the state until 15 days after the enactment of the Budget Act of 1991.

(3) For the 1991–92 fiscal year only, contracts entered into pursuant to this section shall be governed by the following provisions:

(A) For a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year, the county may unilaterally terminate its contract and the effective date of termination shall be no earlier than the first day of the calendar month subsequent to 45 days after enactment of the Budget Act of 1991.

(B) For a county eligible pursuant to subdivision (a) which did not contract with the department pursuant to Section 16709 during the 1990–91 fiscal year, the county and the department may enter into a contract which shall have an effective date, at the discretion of the department no later than January 1, 1992.

(C) For a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year, the effective date of contracting shall be July 1, 1991, unless the county terminates participation pursuant to subparagraph (A).

(c) A county contracting with the department pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) The department shall establish the County Medical Services Program Account in the County Health Services Fund. The following amounts may be deposited in the program account:

(1) Any interest earned upon money deposited in the program account.

(2) Moneys provided by participating counties or appropriated by the Legislature to the program account.

(3) Moneys loaned pursuant to subdivision (q).

(e) Moneys in the program account shall be used by the department for both of the following purposes:

(1) To pay for health care services provided to the county

residents meeting the eligibility criteria established pursuant to subdivision (j).

(2) (A) To pay for services for persons requiring emergency treatment, regardless of their county of residence, including those persons whose immigration status has not been established, who are unable to pay for those services, and for whom payment will not be made through any private coverage or by any other program funded in whole or in part by the state or the federal government.

(B) (i) Notwithstanding any other provision of this section, except as provided in clause (ii), money in the program account shall not be used to pay for services for individuals who are not residents of counties that contract with the department pursuant to this section.

(ii) Clause (i) does not apply to services that are related to any accident or illness that occurs within a county that contracts with the department pursuant to this section.

(f) (1) Moneys in the program account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) Any interest or other increment resulting from the investment shall be deposited in the program account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, or for expenditure to augment the program's rates, benefits or eligibility criteria pursuant to subdivision (j).

(g) The department shall establish a separate County Medical Services Program Reserve Account, hereafter referred to as the reserve account, in the County Health Services Fund. (B) As a condition of the state assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by participating counties in conjunction with the department. The department in consultation with the counties may revise these eligibility criteria and benefits or alter rates of payment in order to ensure that expenditures do not exceed the funds available in the program account.

SEC. 66. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Service Program, and unless the context requires otherwise, shall have the following meanings:

(1) "Supported employment" means paid work that is integrated in the community for persons with developmental disabilities whose vocational handicap is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Integrated work" means the engagement of an employee with a disability in work in a natural community employment setting, including, but not limited to, groups and individual placements, in which the degree of integration is measured by the extent to which the disabled employee has opportunities to interact with nondisabled individuals other than those providing direct support services to the disabled employee.

(3) "Group placement" means the engagement of a group containing at least three, but not more than eight, persons with developmental disabilities in paid work in an integrated work setting in the community, usually at employer sites, and which represents a

minority of the employer's work force.

(4) "Individual placement" means placing a person with a developmental disability with an employer in the community and providing specialized services which are intended to lead to employer-paid and employer-supervised employment, and where services decrease as the individual adjusts to the job; and ongoing postemployment services necessary for the individual to retain the job.

(5) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program, for the purpose of achieving supported employment as an outcome for persons with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting task analysis on a supported employment opportunity for a specific consumer or group of consumers.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they are engaged in integrated work designed to achieve supported employment unless other arrangements for consumer supervision, such as employer supervision reimbursed by the work-activity program, are approved by the Habilitation Services Program.

(C) Social skills training which is necessary to ensure job adjustment and retention, and which is provided in an integrated setting, unless otherwise approved by the Habilitation Services Program.

(D) Training in certain independent living skills, such as independent travel or money management, which is necessary to ensure job adjustment and retention and which is provided in the community, unless otherwise approved by the Habilitation Services Program.

(E) Counseling with family, care providers, or others to ensure necessary support to consumers' job adjustment or to overcome problems affecting their job performance.

(F) Direct action to advocate on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention of an integrated job.

(G) Intervention with the employer to review a consumer's job performance, resolve job problems or facilitate the employer's hiring of the consumer as an employee.

(H) In the case of groups which must take equipment or materials to and from the worksite, the time the group members spend preparing for, and ending, the day's work.

(I) In the case of individual placements, job development to the extent authorized by the Habilitation Services Program, and ongoing postemployment support services needed to ensure the consumer's retention of the job.

(J) In the case of groups, the staff time spent obtaining and

arranging the jobsite for a specific group of consumers.

(b) (1) Notwithstanding subdivision (c) of Section 19353, the department's habilitation services and vocational rehabilitation programs may mutually serve individuals whose individual written rehabilitation program provides for placement into supported employment, or who are in vocational rehabilitation extended evaluation. Consistent with the intent of Section 19355.5, effective July 1, 1993, the department shall restore Vocational Rehabilitation Work Activity Program and Vocational Rehabilitation Supported Employment Program rates to their July 1, 1992, level.

(2) Section 19351 shall not be interpreted to limit the authority provided by this subdivision to mutually serve consumers.

(c) (1) The Habilitation Services Program shall set hourly rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide community-integrated services under former paragraph (3) of subdivision (d) of Section 19356.5, and to new programs or components approved by the Habilitation Services Program to provide supported employment services following enactment of this section. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) The hourly rate for work crews and enclaves shall be four dollars ($4) per client or, in the case of new components of existing programs, the work-activity program's daily rate converted to an hourly rate according to the formula set forth in subdivision (d), whichever hourly rate is the higher. In addition, the Habilitation Services Program may, at its discretion, negotiate a higher hourly rate for work crews or enclaves, based upon a submitted budget that is approved by the Habilitation Services Program, when there is documentation that demonstrates a need for a higher rate because of the nature and severity of the disabilities of the clients served or unique local needs, as determined by the Habilitation Services Program. All negotiated rate increases based on unique local needs shall be contingent upon review and approval by the Department of Finance.

(3) The hourly rate for individual placement shall be twenty dollars ($20) per consumer for one-to-one services. If more than one client is receiving placement services simultaneously at the same site, the amount to be reimbursed per hour of service provided shall not exceed twenty dollars ($20) regardless of the number of consumers receiving service during the hour.

(4) These hourly rates shall be subject to rate adjustments provided by law commencing with the 1987–88 fiscal year.

(5) (A) Commencing July 1, 1991, the department shall add to each supported employment program rate an amount that is the

equivalent of the hourly reimbursement received by the program for administrative services delivered during the period of July 1, 1990, to March 31, 1991, inclusive.

(B) For programs approved after July 1, 1991, pursuant to Section 19356.7, the statewide average for hourly reimbursement for administrative services shall be applied to the rate.

(d) (1) When a consumer receives traditional work-activity services and supported employment services during the same payment period, the Habilitation Services Program shall convert the daily rate for the traditional work-activity services into an hourly rate for the purpose of paying for those traditional work-activity services received by that consumer. In its conversion of the daily rate into any hourly rate, the Habilitation Services Program shall use the formula in paragraph (2).

(2) The daily rate of the work-activity program shall be divided by the number of hours in the program day of the traditional work-activity program during the historical period on which its rate is based, or as of the date the Habilitation Services Program approved the work-activity program as a new provider of habilitation services plus 5 percent.

(e) This section shall become inoperative on October 1, 1996, and, as of January 1, 1997, is repealed unless a later enacted statute which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 74

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 17053.20 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 23615 of the Revenue and Taxation Code is repealed.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 75

An act to amend Sections 7093.5, 7204.3, 7273, and 19442 of, to amend and repeal Sections 19133 and 25782 of, and to repeal Sections 17053.20 and 23615 of, the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Auditor General prepared a report in March 1992, entitled "The Board of Equalization Needs To Adjust Its Model For Setting Reimbursement Rates For Special Tax Jurisdictions."

(b) This report made recommendations to ensure that special tax jurisdictions pay an equitable reimbursement amount to the State Board of Equalization for the administration of local transactions and use taxes. These recommendations suggest that the State Board of Equalization take the following actions:

(1) Exclude the costs for registering taxpayers, processing returns, auditing accounts, and collecting taxes receivable that are related to counties that do not have special tax jurisdictions from costs that are shared between the state, cities and counties, and special tax jurisdictions.

(2) Use a workload standard basis for allocating costs between special tax jurisdictions located in counties with one special tax jurisdiction and special tax jurisdictions located in counties with more than one special tax jurisdiction.

(3) Incorporate an adjustment mechanism into the model that considers the over or under collection of reimbursed amounts.

(c) The amendments to Section 7204.3 of the Revenue and Taxation Code made by this act are intended to implement recommendations made in the Auditor General's report.

(d) Chapter 85 of the Statutes of 1991 increased the state sales and use tax and imposed a tax for allocation to cities and counties as part of state and local program realignment. Despite the fact that local government is benefiting from the increase in taxes, the state is assuming the entire incremental costs of administration. Neither the costs nor revenues raised are to be considered in distributing the remaining costs of the State Board of Equalization to the state local entities under the provisions of this act.

SEC. 2. Section 7093.5 of the Revenue and Taxation Code is amended to read:

7093.5. (a) (1) In addition to the authority provided by Section 7093 and subject to paragraph (2), the executive director or chief counsel, if authorized by the executive director, of the board may recommend to the State Board of Equalization, itself, a settlement of any civil tax matter disputes.

(2) No recommendation of settlement shall be submitted to the board unless and until that recommendation has been submitted by the executive director or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise in writing the

executive director or chief counsel of the board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. The executive director or chief counsel shall, with each recommendation of settlement submitted to the board, also submit the Attorney General's written conclusions obtained pursuant to this paragraph.

(3) The members of the board shall not participate in the settlement of these tax matters, except as provided in subdivision (c).

(b) Whenever a reduction of tax in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file in the office of the executive director of the board a public record with respect to that settlement. The public record shall include all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount involved.

(3) The amount payable or refundable pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the State of California.

(5) The Attorney General's conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

The public record shall not include any information that relates to any trade secret, patent, process, style of work, apparatus, business secret, or organizational structure that, if disclosed, would adversely affect the taxpayer or the national defense.

(c) (1) Any recommendation for settlement shall be approved or disapproved by the board, itself, within 45 days of the submission of that recommendation to the board. Any recommendation for settlement that is not either approved or disapproved by the board within 45 days of the submission of that recommendation shall be deemed approved. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive director or chief counsel in accordance with the decision of the board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the board. Where the board disapproves a recommendation for settlement, the matter shall be remanded to board staff for further negotiation, and may be resubmitted to the board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive director or chief counsel.

(d) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(e) Any proceedings undertaken by the board itself pursuant to a settlement as described in this section shall be conducted in a

closed session or sessions. Except as provided in subdivision (b), any settlement entered into pursuant to this section shall constitute confidential tax information for purposes of Section 7056.

(f) This section shall apply only to civil tax matter disputes existing on July 1, 1993, with respect to which recommendations for settlement, pursuant to paragraph (2) of subdivision (a), are first submitted to the Attorney General no later than June 30, 1994, and are first submitted to the board no later than September 15, 1994.

(g) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any determination, rule, notice, or guideline established or issued by the board in implementing and administering the settlement program authorized by this section.

SEC. 3. Section 7204.3 of the Revenue and Taxation Code is amended to read:

7204.3. The board shall charge a city, city and county, redevelopment agency, or county an amount for the board's services in administering the sales and use tax ordinance of the local entity, as determined by the board with the concurrence of the Department of Finance, as follows:

(a) Beginning with the 1993–94 fiscal year, the amount charged shall be based on the total local entity cost reflected in the annual Budget Act. This amount comprises the categories of direct, shared, and central agency costs incurred by the board and shall include the following:

(1) The amount charged to each entity shall be based on the recommendations incorporated in the March 1992 report by the Auditor General entitled "The Board of Equalization Needs To Adjust Its Model For Setting Reimbursement Rates For Special Tax Jurisdictions."

(2) The amount charged may be adjusted in the current fiscal year to reflect the difference between the board's budgeted costs and any significant revised estimate of costs. Any adjustment shall be subject to budgetary controls included in the Budget Act. Prior to any adjustment, the Department of Finance shall notify the Chairperson of the Joint Legislative Budget Committee not later than 30 days prior to the effective date of the adjustment.

(3) For the 1995–96 fiscal year and each fiscal year thereafter, the amount charged shall be adjusted to reflect the difference between the board's recovered costs and the actual costs incurred by the board during the fiscal year two years prior.

The amounts determined by subdivision (a) shall be deducted in equal amounts from the quarterly allocation of taxes collected by the board for the city, city and county, redevelopment agency, or county.

SEC. 4. Section 7273 of the Revenue and Taxation Code is amended to read:

7273. In addition to the amounts otherwise provided for

preparatory costs, the board shall charge an amount for its services in administering the transactions and use tax determined by the board with the concurrence of the Department of Finance, as follows:

(a) Beginning with the 1993–94 fiscal year, the amount charged shall be based on the total special taxing jurisdiction costs reflected in the annual Budget Act. This amount comprises the categories of direct, shared, and central agency costs incurred by the board and shall include the following:

(1) The amount charged to each entity shall be based on the recommendations incorporated in the March 1992, report by the Auditor General entitled "The Board of Equalization Needs To Adjust Its Model For Setting Reimbursement Rates For Special Tax Jurisdictions."

(2) The amount charged may be adjusted in the current fiscal year to reflect the difference between the board's budgeted costs and any significant revised estimate of costs. Any adjustment shall be subject to budgetary controls included in the Budget Act. Prior to any adjustment, the Department of Finance shall notify the Chairperson of the Joint Legislative Budget Committee not later than 30 days prior to the effective date of the adjustment.

(3) For the 1995–96 fiscal year and each fiscal year thereafter, the amount charged shall be adjusted to reflect the difference between the board's recovered costs and the actual costs incurred by the board during the fiscal year two years prior.

(b) The board shall notify districts by June 1 of the amount that it anticipates will be assessed for the next fiscal year. The districts shall be notified of the actual amounts that will be assessed within 30 days after enactment of the Budget Act for that fiscal year.

(c) The amount charged a transactions and use tax district which becomes operative during the fiscal year shall be estimated for that fiscal year based on that district's proportionate share of direct, indirect, and shared costs.

(d) The amounts determined by subdivision (a) shall be deducted in equal amounts from the quarterly allocation of taxes collected by the board for a given district.

CHAPTER 76

An act to make an appropriation in augmentation of Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1992, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993.]

I am reducing the non-Proposition 98 General Fund appropriation contained in Section 1(a) 1 of Senate Bill No. 543 by a net amount of $112,768,000 to reflect more recent estimates of need.

Reductions can be made for the following six programs:

The Health Services' deficiency for utilization of Medi-Cal benefits is lower than originally estimated by $60,580,000.

Funding requirements for social services SSI/SSP program deficiency is lower than originally estimated by $33,886,000.

The deficiency of $19,000,000 for the Renters' Tax Relief program is no longer necessary.

The Correction's deficiency for custody and support staff can be reduced by $5,115,000.

The Health Services deficiency of $1,665,000 for Family Health Programs is no longer necessary.

The Social Services' deficiency for the Community Care Licensing program can be lowered by $49,000.

I have offset a portion of the above reductions by the following increased needs:

An additional $6,071,000 is needed for the Board of Equalization to fund a shortfall in reimbursements from local government.

An additional $1,033,000 is needed for the Military Department for funding civil disturbance preparation costs.

An additional $423,000 is needed for the Department of Rehabilitation's Support Employment Programs.

With these net reductions of $112,768,000, I approve Senate Bill No. 543.

PETE WILSON, Governor

SECTION 1. The Legislature finds and declares all of the following:

(a) Various and conflicting definitions of clinical nurse specialists are being created and applied by public agencies and private employers within the State of California.

(b) Federal law has acknowledged the existence of clinical nurse specialists as advanced practice nurses, but has deferred to the states the responsibility to recognize these highly expert registered nurses.

(c) The public may be harmed by conflicting usage of the title clinical nurse specialist and lack of corresponding qualifications for registered nurses using that title.

(d) The public interest would be served by determining the legitimate uses of the title "clinical nurse specialist" by registered nurses.

SEC. 2. Section 2718 is added to the Business and Professions Code, to read:

2718. (a) The board shall conduct a study regarding the recognition and definition of clinical nurse specialists. The board shall report the results of the study to the Legislature on or before January 1, 1995. The study shall address all of the following:

CHAPTER 78

An act relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1993. Filed with Secretary of State July 1, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of ten million five hundred thousand dollars ($10,500,000) is hereby appropriated from the General Fund to Section A of the State School Fund, without regard to fiscal year, for apportionment by the Superintendent of Public Instruction to the Compton Unified School District for the purpose of an emergency loan. In order to qualify for that loan, the district shall comply with Article 2.5 (commencing with Section 41325) of Chapter 3 of Part 24 of the Education Code and the conditions stipulated in this act.

(b) With the exception of funds that may be needed by the district to meet its cash obligations, as described in subdivision (c), no funds shall be disbursed from the proceeds of the loan until the conditions set forth in Section 41327 of the Education Code have been met.

(c) Based on the needs of the district to meet its cash obligations, the Superintendent of Public Instruction may direct the Controller to disburse, on a monthly basis, specific amounts of the emergency loan prior to the approval of all the conditions established by this act. Notwithstanding subparagraph (A) of paragraph (2) of subdivision (a) of Section 41327 of the Education Code, the emergency loan shall be repaid to the state over a period of no more than eight years. The Superintendent of Public Instruction shall establish a repayment schedule consistent with subparagraph (A) of paragraph (2) of subdivision (a) of Section 41327 of the Education Code, together with interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the date of the disbursement of funds to the district.

(d) Because of the fiscal emergency in which the district finds itself, the Legislature finds and declares that it is necessary for the Superintendent of Public Instruction to appoint an administrator immediately. In addition, the Superintendent of Public Instruction may contract for the services of one or more persons having legal, accounting, labor negotiation, or other expertise as necessary to assist the administrator-district trustee. In order to facilitate the appointment process, the State Department of Education is exempt

from Part 2 (commencing with Section 10100) of the Public Contract Code and Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code when contracting for the services of an administrator and other persons as described in this subdivision.

(e) Notwithstanding Article 6 (commencing with Section 45240) of Chapter 5 of Part 25 of the Education Code, the administrator appointed pursuant to this section shall assume all the legal rights, duties, and powers of the Personnel Commission of the Compton Unified School District. The existing Personnel Commission of the Compton Unified School District shall provide advice and assistance to the administrator appointed pursuant to this section.

(f) The Legislature finds and declares that it is not realistic to believe that all of the district's fiscal problems may be solved immediately. During the two years immediately following the district's initial receipt of proceeds from this emergency loan, the Superintendent of Public Instruction, after consultation with the Los Angeles County Superintendent of Schools, may approve the use of timelines and criteria and standards for the submission and review of the district's budget, interim reports, and other financial reports required of the district, that vary from the timelines, criteria, and standards required pursuant to Sections 33127, 41020, and 42127 to 42130, inclusive, of the Education Code, as necessary to accomplish the full fiscal recovery of the district.

SEC. 2. As a condition of the acceptance of any or all of the proceeds of the emergency loan provided pursuant to Section 1 of this act, the administrator appointed pursuant to Section 1 of this act and Section 41326 of the Education Code shall report to the Legislature by no later than January 1, 1994, on implementation of recommendations contained in the "Report of Priority Corrective Actions for Compton Unified School District" issued May 4, 1993, pursuant to Assembly Bill No. 2503 (Chapter 1046, Statutes of 1992). The administrator shall specifically address actions taken by the district to do all of the following:

(a) Improve educational services to limited-English-proficient pupils.

(b) Improve communication with Latino parents of pupils.

(c) Recruit and hire culturally sensitive personnel that are reflective of the district's cultural and ethnic diversity.

SEC. 3. Due to unique circumstances relating to the fiscal emergency in the Compton Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the

Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address the fiscal emergency in which the Compton Unified School District finds itself and to ensure that it meets its cash obligations for this fiscal year, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 25100.1 of the Corporations Code is repealed.

SEC. 2. Notwithstanding the repeal of Section 25100.1 of the Corporations Code, it is the express intent of the Legislature that a national securities exchange or interdealer quotation system seeking certification from the Commissioner of Corporations under subdivision (o) of Section 25100 of the Corporations Code adopt corporate governance listing standards or criteria, including voting rights listing standards or criteria, consistent with the standards or criteria adopted by previously certified entities and in addition to the requirements set forth in subdivision (o) of Section 25100. CHAPTER 86

An act to amend Section 4024.2 of the Penal Code, relating to work release.

[Approved by Governor July 8, 1993. Filed with Secretary of State July 9, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 4024.2 of the Penal Code is amended to read:

4024.2. (a) Notwithstanding any other law, the board of supervisors of any county may authorize the sheriff or other official in charge of county correctional facilities to offer a voluntary program under which any person committed to the facility may participate in a work release program pursuant to criteria described in subdivision (b), in which one day of participation will be in lieu of one day of confinement.

(b) The criteria for a work release program are the following:

(1) The work release program shall consist of any of the following:

(A) Manual labor to improve or maintain levees or public facilities, including, but not limited to, streets, parks, and schools.

(B) Manual labor in support of nonprofit organizations, as approved by the sheriff or other official in charge of the correctional facilities. As a condition of assigning participants of a work release program to perform manual labor in support of nonprofit organizations pursuant to this section, the board of supervisors shall obtain workers' compensation insurance which shall be adequate to cover work-related injuries incurred by those participants, in accordance with Section 3363.5 of the Labor Code.

(C) Any person who is not able to perform manual labor as specified in subparagraph (A) or (B) because of a medical condition, physical disability, or age, may participate in a work release program involving any other type of public sector work that is designated and

approved by the sheriff or other official in charge of county correctional facilities.

(2) In addition, the sheriff or other official may permit a prisoner participating in a work release program to receive work release credit for participation in education, vocational training, or substance abuse programs in lieu of performing labor in a work release program on an hour-for-hour basis. However, credit for that participation may not exceed one-half of the hours established for the work release program, and the remaining hours shall consist of labor described in paragraph (1).

(3) The work release program shall be under the direction of a responsible person appointed by the sheriff or other official in charge.

(4) The hours of labor to be performed pursuant to this section shall be uniform for all persons committed to a facility in a county and may be determined by the sheriff or other official in charge of county correctional facilities, and each day shall be a minimum of 8 and a maximum of 10 hours, in accordance with the normal working hours of county employees assigned to supervise the programs. However, reasonable accommodation may be made for participation in a program under paragraph (2).

As used in this section, "nonprofit organizations" means organizations established or operated for the benefit of the public or in support of a significant public interest, as set forth in Section 501(c)(3) of the Internal Revenue Code. Organizations established or operated for the primary purpose of benefiting their own memberships are specifically excluded.

(c) The board of supervisors may prescribe reasonable rules and regulations under which a work release program is operated and may provide that participants wear clothing of a distinctive character while performing the work. As a condition of participating in a work release program, a person shall give his or her promise to appear for work or assigned activity by signing a notice to appear before the sheriff or at the education, vocational, or substance abuse program at a time and place specified in the notice and shall sign an agreement that the sheriff may immediately retake the person into custody to serve the balance of his or her sentence if the person fails to appear for the program at the time and place agreed to, does not perform the work or activity assigned, or for any other reason is no longer a fit subject for release under this section. A copy of the notice shall be delivered to the person and a copy shall be retained by the sheriff. Any person who willfully violates his or her written promise to appear at the time and place specified in the notice is guilty of a misdemeanor.

Whenever a peace officer has reasonable cause to believe the person has failed to appear at the time and place specified in the notice or fails to appear or work at the time and place agreed to or has failed to perform the work assigned, the peace officer may, without a warrant, retake the person into custody, or the court may

issue an arrest warrant for the retaking of the person into custody, to complete the remainder of the original sentence. A peace officer may not retake a person into custody under this subdivision, without a warrant for arrest, unless the officer has a written order to do so, signed by the sheriff or other person in charge of the program, that describes with particularity the person to be retaken.

(d) Nothing in this section shall be construed to require the sheriff or other official in charge to assign a person to a program pursuant to this section if it appears from the record that the person has refused to satisfactorily perform as assigned or has not satisfactorily complied with the reasonable rules and regulations governing the assignment or any other order of the court.

A person shall be eligible for work release under this section only if the sheriff or other official in charge concludes that the person is a fit subject therefor.

(e) The board of supervisors may prescribe a program administrative fee, not to exceed the pro rata cost of administration, to be paid by each person according to his or her ability to pay.

(1) On additional vehicles for up to seven days following the effective date of coverage.

(2) On replacement vehicles, an insurer may provide the same type or level of collision or comprehensive coverage, or both, that covered the replaced vehicle without a request for coverage by the insured. The board shall designate the officially recognized organization

representing Appaloosa and Arabian horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses of up to, but not to exceed, 10 percent of the total awards fund.

17605. (a) For the 1992–93 fiscal year, the Controller shall deposit into the Caseload Subaccount of the Sales Tax Growth Account of the Local Revenue Fund, from revenues deposited into the Sales Tax Growth Account, an amount to be determined by the Department of Finance, that represent the sum of the shortfalls between the actual realignment revenues received by each county and each city and county from the Social Services Subaccount of the Local Revenue Fund in the 1991–92 fiscal year and the net costs incurred by each of those counties and cities and counties in the fiscal year for the programs described in Sections 10101, 10101.1, 11322, 11322.2, 12306, subdivisions (a), (b), (c), and (d) of Section 15200, and Sections 15204.2 and 18906.5. The Department of Finance shall provide the Controller with an allocation schedule on or before August 15, 1993, that shall be used by the Controller to allocate funds deposited to the Caseload Subaccount under this subdivision. The Controller shall allocate these funds no later than August 27, 1993.

(b) (1) For the 1993–94 fiscal year and fiscal years thereafter, the Controller shall deposit into the Caseload Subaccount of the Sales Tax Growth Account of the Local Revenue Fund, from revenues deposited into the Sales Tax Growth Account, an amount determined by the Department of Finance, in consultation with the appropriate state departments and the California State Association of Counties, that is sufficient to fund the net cost for the realigned portion of the county or city and county share of growth in social services caseloads, as specified in paragraph (2). The Department of Finance shall provide the Controller with an allocations schedule on or before March 15 of each year. The schedule shall be used by the Controller to allocate funds deposited into the Caseload Subaccount under this subdivision.

(2) For purposes of this subdivision, "growth" means the increase in the actual caseload expenditures for the prior fiscal year over the actual caseload expenditures for the fiscal year preceding the prior fiscal year for the programs described in Section 12306, subdivisions (a), (b), (c), and (d) of Section 15200, and Sections 10101, 15204.2 and 18906.5 of this code, and subdivision (b) of Section 265 of the Health and Safety Code.

(3) The difference in caseload expenditures between the fiscal years shall be multiplied by the factors that represent the change in county or city and county shares of the realigned programs. These products shall then be added or subtracted, taking into account whether the county's or city and county's share of costs was increased or decreased as a result of realignment, to yield each county's or city and county's allocation for caseload growth. Allocations for counties or cities and counties with allocations of less than zero shall be set at

zero.

(c) On or before the 27th day of each month, the Controller shall allocate, to the local health and welfare trust fund social services account, the amounts deposited and remaining unexpended and unreserved on the 15th day of the month in the Caseload Subaccount, pursuant to the schedule of allocations of caseload growth described in subdivision (b). If there are insufficient funds to fully satisfy all caseload growth obligations, each county's or city and county's allocation for each program specified in subdivision (d) shall be prorated.

(d) Prior to allocating funds pursuant to subdivision (b), to the extent that funds are available from funds deposited in the Caseload Subaccount in the Sales Tax Growth Account in the Local Revenue Fund, the Controller shall allocate money to counties or cities and counties to correct any inequity or inequities in the computation of the child welfare services portion of the schedule required by subdivision (a) of Section 17602.

(b) (1) For the 1993–94 fiscal year and succeeding years, the Controller shall allocate, on a monthly basis, to the appropriate accounts of the local health and welfare trust fund those funds deposited in the Indigent Health Equity Subaccount, the Community Health Equity Subaccount, the Mental Health Equity Subaccount, and the State Hospital Mental Health Equity Subaccount in the Sales Tax Growth Account in accordance with a schedule prepared in accordance with subdivision (c) by the Department of Finance.

(2) The Department of Finance shall annually consult with The California State Association of Counties prior to submitting any schedule of allocations to the Controller.

(3) If deposits to the Indigent Health Equity Subaccount, the Community Health Equity Subaccount, the Mental Health Equity Subaccount, and the State Hospital Mental Health Equity Subaccount are not sufficient to eliminate poverty-population shortfalls as described in subdivision (c), each eligible jurisdiction shall receive an allocation which equals its pro rata share of funds in the subaccount based on the jurisdiction's percentage share of the poverty-population shortfall.

(c) (1) A poverty-population percentage shall be computed annually by the Department of Finance for each county, city, and city and county by averaging each jurisdiction's share of the state's total population and each jurisdiction's percentage share of the state's total cash-grant certified AFDC and SSI/SSP eligible populations residing in the county, city, or city and county, as determined by the Department of Finance.

(2) (A) For each subaccount, the Department of Finance shall calculate the poverty-population shortfall for each county, city, and city or county, which received funding from the state, including any equity allocation made pursuant to this section, in the prior fiscal year and excluding any transfers to or from other subaccounts under Section 17600.20.

(B) The poverty-population shortfalls shall be calculated for the following programs or funding sources:

(i) State funding under Part 4.5 (commencing with Section 16700), as operative on June 29, 1991, for indigent health programs.

(ii) State funding under Part 4.5 (commencing with Section 16700), as operative on June 29, 1991, for community health programs.

(iii) State hospital funding.

(iv) Funding provided for purposes of implementation of Division 5 (commencing with Section 5000) for the organization and financing of community mental health programs.

(C) The calculation shall identify the amount by which the allocations for the programs or funding sources identified in subparagraph (B) are less than the amount the jurisdiction would have received if its percentage share of the prior year funding had been equal to its poverty-population percentage. Data necessary to complete this calculation shall be submitted to the Department of Finance by the California State Association of Counties no later than December 31, 1994.

(D) The calculation of the poverty-population shortfall for clause (iv) of subparagraph (B) shall include all allocations received pursuant to paragraph (2) of subdivision (a) of Section 5701, including all distributions made pursuant to subdivision (b) of Section 5701, unless those funds are intended for pilot program or demonstration projects or are exempted from this requirement by other provisions of law.

(3) For each subaccount, the Department of Finance shall total the amounts calculated in paragraph (2) and determine the percentage of that total represented by each amount.

(4) Each county's, city's, or city and county's percentage share of each subaccount specified in subdivision (b) of Section 17606.05 shall equal the percentage computed in paragraph (3).

(6) All calculations made pursuant to this subdivision shall be compiled and made available by the Department of Finance, upon request, to all counties, cities, and cities and counties eligible for funding pursuant to this subdivision, and city and counties, receiving funding pursuant to this article at least 30 days prior to submission of schedules of allocations to the Controller.

SEC. 23. Section 17606.10 of the Welfare and Institutions Code is amended to read:

Statutes of 1989, Chapter 51 of the Statutes of 1990, and Chapter 1323 of the Statutes of 1990, and state hospital funding and funding distributed for programs administered under Sections 1794, 10101.1, and 11322.2, as annually adjusted by the Department of Finance, in conjunction with the appropriate state department to reflect changes in equity status from the base percentages. However, for the 1992–93 fiscal year, the allocation for community mental health services shall be based on the following schedule:

CHAPTER 101

An act to amend Sections 1805.4, 1810.4, and 2982 of the Civil Code, and to amend Sections 18218.5, 22458.7, and 24458.7 of, and to add Section 26480 to, the Financial Code, relating to civil law.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1805.4 of the Civil Code is amended to read:

1805.4. The finance charge shall be inclusive of all charges incident to investigating and making the contract and for the extension of the credit provided for in the contract, and no fee, expense or other charge whatsoever shall be taken, received, reserved or contracted for except as otherwise provided in this chapter.

The seller or holder of a retail installment contract may charge and collect a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft issued in connection with the retail installment contract. The fee is not included in charges as defined in this chapter or in determining the applicable charges which may be made under this chapter.

SEC. 2. Section 1810.4 of the Civil Code is amended to read:

1810.4. The finance charge shall include all charges incident to investigating and making the retail installment account. No fee, expense, delinquency, collection, or other charge whatsoever shall be taken, received, reserved, or contracted by the seller or holder of a retail installment account except as provided in this section. A seller may, however, in an agreement which is signed by the buyer and of which a copy is given or furnished to the buyer provide for the payment of attorney's fees and costs in conformity with Article 11 (commencing with Section 1811.1). When credit cards are issued in connection with a retail installment account, the seller, either in the agreement or after giving the notice required by subdivision (d) of Section 1810.3, may require the payment of an annual fee of not more than fifteen dollars ($15) for membership in the credit card plan, which fee shall not be deemed a finance charge or interest for any purpose of the law.

The seller or holder of a retail installment account may charge and collect a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft issued in connection with the retail installment account. The fee is not included in charges as defined in

this chapter or in determining the applicable charges which may be made under this chapter.

SEC. 3. Section 2982 of the Civil Code is amended to read:

2982. Every conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled "itemization of the amount financed":

(1) (A) The cash price, exclusive of document preparation fees, taxes imposed on the sale, pollution control certification fees, and the amount charged for a service contract.

(B) The fee to be retained by the seller for document preparation.

(C) The fee charged by the seller for certifying that the motor vehicle complies with applicable pollution control requirements.

(D) Taxes imposed on the sale.

(E) The amount charged for a service contract.

(F) The total cash price, which is the sum of subparagraphs (A) to (E), inclusive.

(2) An itemization of the amounts to be paid to any public officer for license, certificate of title, motor vehicle smog impact fee, and registration.

(3) The aggregate amount of premiums agreed, upon execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge.

(4) The amount of the state fee for issuance of a certificate of compliance, noncompliance, or waiver pursuant to any applicable pollution control statute.

(5) A subtotal representing the sum of the foregoing items.

(6) The amount of the buyer's downpayment itemized to show the following:

(A) The net agreed value of the property being traded in.

(B) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and which is not subject to a finance charge.

(C) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(D) The remaining amount paid or to be paid by the buyer as a

downpayment.

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) Where the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you

prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) Where the contract includes a finance charge which is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows:

"If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, California 95818, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

_____

Buyer's Signature"

(i) (1) The contract shall contain an itemization of any insurance

included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) The dollar amount of the disclosed finance charge shall not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), 1⅙ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900), ⅚ of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed one thousand six hundred fifty dollars ($1,650), and $^{13}/_{24}$ of 1 percent on that portion of the unpaid balance which exceeds one thousand six hundred fifty dollars ($1,650); or

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract shall not charge, collect, or receive a finance charge which exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of the administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) When a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(*l*) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which the payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisfied. (q) The contract shall disclose on its face, by printing the word "new" or "used" within a box outlined in red, that is not smaller than one-half inch high and one-half inch wide, whether the vehicle is sold as a new vehicle, as defined in Section 430 of the Vehicle Code, or a used vehicle, as defined in Section 665 of the Vehicle Code.

18218.5. With respect to a loan under this division, a fee not to exceed fifteen dollars ($15) for return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft may be charged and collected by the licensee. The fee is not included in charges as defined in this division or in determining the applicable maximum charges which may be made under this article.

SEC. 5. Section 22458.7 of the Financial Code is amended to read:

22458.7. With respect to a loan under this division, a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft may be charged and collected by the licensee. The fee is not included in charges as defined in this division or in determining the applicable maximum charges which may be made under this article.

SEC. 6. Section 24458.7 of the Financial Code is amended to read:

CHAPTER 102

An act to amend Section 798.25 of the Civil Code, relating to mobilehome parks.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.25 of the Civil Code is amended to read:

798.25. (a) When the management proposes an amendment to the park's rules and regulations, the management shall meet and consult with the homeowners in the park, their representatives, or both, after written notice has been given to all the homeowners in the park 10 days or more before the meeting. The notice shall set forth the proposed amendment to the park rules and regulations and shall state the date, time, and location of the meeting.

(b) Following the meeting and consultation with the homeowners, the noticed amendment to the park rules and regulations may be implemented, as to any homeowner, with the consent of that homeowner, or without the homeowner's consent upon written notice of not less than six months, except for regulations applicable to recreational facilities, which may be amended without homeowner consent upon written notice of not less than 60 days.

(c) Written notice to a homeowner whose tenancy commences within the required period of notice of a proposed amendment to the park's rules and regulations under subdivision (b) shall constitute compliance with this section where the written notice is given before the inception of the tenancy.

CHAPTER 103

An act to amend Section 678.1 of, and to add Section 678.2 to, the Insurance Code, relating to insurance.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 678.1 of the Insurance Code is amended to read:

678.1. (a) This section applies only to policies of insurance of commercial insurance which are subject to Sections 675.5 and 676.6.

(b) A notice of nonrenewal shall be in writing and shall be delivered or mailed to the producer of record and to the named insured at the mailing address shown on the policy. Subdivision (a)

of Section 1013 of the Code of Civil Procedure shall be applicable if the notice is mailed.

(c) An insurer, at least 60 days, but not more than 120 days, in advance of the end of the policy period, shall give notice of nonrenewal, and the reasons for the nonrenewal, if the insurer intends not to renew the policy, or to condition renewal upon reduction of limits, elimination of coverages, increase in deductibles, or increase of more than 25 percent in the rate upon which the premium is based.

(d) If an insurer fails to give timely notice required by subdivision (c), the policy of insurance shall be continued, with no change in its terms or conditions, for a period of 60 days after the insurer gives the notice.

(e) With respect to policies defined in subdivision (b) of Section 676.6, in addition to the bases for conditional renewal set forth in subdivision (c), an insurer may also condition renewal upon requirements relating to the underlying policy or policies. If the requirements are not satisfied as of (1) the expiration date of the policy, or (2) 30 days after mailing or delivery of such notice, whichever is later, the conditional renewal notice shall be treated as an effective notice of nonrenewal, providing the insurer has sent written confirmation to the first named insured and the producer of record that the conditions were not met and that coverage ceased at the expiration date shown in the expiring policy.

(f) A notice of nonrenewal shall not be required in any of the following situations:

(1) The transfer of, or renewal of, a policy without a change in its terms or conditions or the rate on which the premium is based between insurers which are members of the same insurance group.

(2) The policy has been extended for 90 days or less, if the notice required in subdivision (c) has been given prior to the extension.

(3) The named insured has obtained replacement coverage or has agreed, in writing, within 60 days of the termination of the policy, to obtain that coverage.

(4) The policy is for a period of no more than 60 days and the insured is notified at the time of issuance that it may not be renewed.

(5) The named insured requests a change in the terms or conditions or risks covered by the policy within 60 days prior to the end of the policy period.

(6) The insurer has made a written offer to the insured, within the time period specified in subdivision (c), to renew the policy under changed terms or conditions or at a changed premium rate. As used herein, "terms or conditions" includes, but is not limited to, a reduction in limits, elimination of coverages, or an increase in deductibles.

SEC. 2. Section 678.2 is added to the Insurance Code, to read:

678.2. The provisions of subdivisions (c) and (e) of Section 678.1 which prohibit notice of nonrenewal earlier than 120 days in advance of the end of the policy period shall not apply to professional liability

policies issued to health care providers.

CHAPTER 104

An act to amend Section 25304 of the Elections Code, relating to elections.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25304 of the Elections Code is amended to read:

25304. In any county or any judicial district in which only the incumbent has filed nomination papers for the office of superior court judge, municipal court judge, justice court judge, or constable of a justice court, his or her name shall not appear on the ballot unless there is filed with the elections official, within 10 days after the final date for filing nomination papers for the office, a petition indicating that a write-in campaign will be conducted for the office and signed by 100 registered voters qualified to vote with respect to the office.

If a petition indicating that a write-in campaign will be conducted for the office at the general election, signed by 100 registered voters qualified to vote with respect to the office, is filed with the elections official not less than 83 days before the general election, the name of the incumbent shall be placed on the general election ballot if it has not appeared on the direct primary election ballot.

If, in conformity with this section, the name of the incumbent does not appear either on the primary ballot or general election ballot, the elections official, on the day of the general election, shall declare the incumbent reelected. Certificates of election specified in Section 17112 or 17123 shall not be issued to a person reelected pursuant to this section before the day of the general election.

CHAPTER 105

An act to add Section 16952.5 to the Welfare and Institutions Code, relating to county health services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16952.5 is added to the Welfare and Institutions Code, to read:

16952.5. (a) Notwithstanding subdivision (g) of Section 16952, expenses incurred by Solano County for the development of managed care systems to increase access for indigents to physician emergency services shall be reimbursed subject to the availability of unexpended 1990–91 and 1991–92 fiscal year funds, up to a maximum of four hundred thousand dollars ($400,000).

(b) The county shall consult with the local medical society before seeking reimbursement pursuant to this subdivision.

SEC. 2. Due to unique facts and circumstances applicable to Solano County, it is necessary to limit the applicability of this act to Solano County, because Solano County is the only one of three recently authorized counties that is scheduled to proceed with the operation of its county organized health system consistent with federal and state law on January 1, 1994, and the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify Solano County's ability to use funds from the Physician Services Account in the Cigarette and Tobacco Products Surtax Fund to deal with the immediate and urgent problem of indigent access to necessary medical care, it is necessary that this act take effect immediately.

CHAPTER 106

An act to add Section 11020.1 to the Government Code, relating to state government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11020.1 is added to the Government Code, to read:

11020.1. Notwithstanding Section 11020, the Department of Motor Vehicles may reduce its hours of service for transacting business during the period between 8 a.m. to 5 p.m., inclusive, Monday to Friday, inclusive, in order to ensure that service for transacting business may be provided within existing resources

before 8 a.m. or after 5 p.m., Monday to Friday, inclusive, or on Saturday. This authority may not be exercised so as to do any of the following:

(a) Conflict with subdivision (b) of Section 11020.

(b) Require a full-time employee to work in excess of five consecutive days as part of a regular workweek of 40 hours.

(c) Relieve the department of any obligation under an approved memorandum of understanding relating to hours of work, overtime, or alternative work schedules.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the Department of Motor Vehicles the necessary authority to reduce its hours of service for transacting business during the regular workweek at the earliest possible time, thereby allowing the department to ensure that service may be provided before 8 a.m. or after 5 p.m., Monday to Friday, inclusive, and on Saturday, it is necessary that this act take effect immediately.

CHAPTER 107

An act to repeal Section 855 of, and to repeal Article 1.5 (commencing with Section 865) of Chapter 7 of Division 1 of, the Financial Code, relating to financial institutions.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 855 of the Financial Code is repealed.

SEC. 2. Article 1.5 (commencing with Section 865) of Chapter 7 of Division 1 of the Financial Code is repealed.

SEC. 3. The federal deposit disclosure laws largely cover the subject matter of the California deposit disclosure laws. Although the federal deposit disclosure laws differ in many respects from the California deposit disclosure laws, the differences are mainly in points of detail, and the federal deposit disclosure laws provide adequate safeguards for consumers.

Subdivision (g) of Section 865.6 of the Financial Code provides that banks shall not be liable for any failure to comply with the disclosure law to the extent that its provisions are inconsistent with federal statutes or regulations. Because of the many differences between state and federal disclosure laws, several provisions of the California deposit disclosure laws were repealed on a de facto basis with the enactment of the federal deposit disclosure laws.

It would not be in the public interest to continue to require banks

to comply with, and regulatory agencies to enforce, both the California deposit disclosure laws and the federal deposit disclosure laws.

Considering all the relevant circumstances, it is appropriate that the California deposit disclosure laws be repealed.

CHAPTER 108

An act to add Section 72408 to the Government Code, relating to courts.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 72408 is added to the Government Code, to read:

72408. (a) Notwithstanding Section 72400, in Santa Barbara County, upon adoption of a resolution described in subdivision (b) by the board of supervisors, the judges of the municipal court may appoint a traffic referee or a hearing officer who may hear traffic matters and exercise the powers of a traffic referee. Either the traffic referee or the hearing officer shall hold office at the pleasure of the judges of the municipal court.

(b) The county shall be bound by, and the resolution adopted by the board of supervisors shall specifically recognize, the following conditions:

(1) The county has sufficient funds for the support of either position and any staff who will provide direct support to the position, agrees to assume any additional costs that may result therefrom, and agrees that no state funds shall be made available, or shall be used, in support of this position or any staff who provide direct support to this position.

(2) Neither the traffic referee nor the hearing officer shall be deemed a judicial position for purposes of calculating trial court funding pursuant to Section 77202.

(3) The salary for either position and for any staff who provide direct support to the position shall not be considered as part of court operations for purposes of Sections 77003 and 77204.

(4) The county agrees not to seek funding from the state for payment of the salary, benefits, or other compensation for such a referee or hearing officer or for any staff who provide direct support to the position.

CHAPTER 109

An act to amend Sections 19815, 19849.11, 19849.13, 19850.1, 19853, 19858.1, 19859.3, 19879, 19880, 19991.6, 19994.20, 20017.82, 20017.99, and 20022.05 of the Government Code, relating to state employees.

[Approved by Governor July 12, 1993. Filed with Secretary of State July 13, 1993.]

Dills Act (Chapter 10.3 (commencing with Section 3512), Division 4, Title 1), supervisory employees as defined in subdivision (g) of Section 3513, managerial employees as defined in subdivision (e) of Section 3513, confidential employees as defined in subdivision (f) of Section 3513, employees of the Legislative Counsel Bureau, employees of the Bureau of State Audits, employees of the Public Employment Relations Board, employees of the California Maritime Academy, conciliators employed by the State Conciliation Service within the Department of Industrial Relations, employees of the Department of Personnel Administration, professional employees of the Department of Finance engaged in technical or analytical state budget preparation other than audit staff, intermittent athletic inspectors who are employees of the State Athletic Commission, professional employees in the Personnel/Payroll Services Division of the Controller's office and all employees of the executive branch of government who are not elected to office.

SEC. 2. Section 19849.11 of the Government Code is amended to read:

19849.11. The Department of Personnel Administration, subject to such conditions as it may establish, subject to existing statutes governing health benefits and group term life insurance offered through the Public Employees' Retirement System, and subject to all other applicable provisions of state law, may enter into contracts for the purchase of employee benefits with respect to managerial and confidential employees as defined by subdivisions (e) and (f) of Section 3513, and employees excluded from the definition of state employee in subdivision (c) of Section 3513, and officers or employees of the executive branch of government who are not

members of the civil service, and supervisory employees as defined in subdivision (g) of Section 3513. Benefits shall include, but not be limited to, group life insurance, group disability insurance, long-term disability insurance, group automobile liability and physical damage insurance, and homeowners' and renters' insurance.

The department may self-insure the long-term disability insurance program if it is cost-effective to do so.

If it is determined that a self-insured long-term disability insurance program will be established, the department shall provide its cost analysis to the Joint Legislative Budget Committee at least 30 days prior to initiating the establishment of the program.

SEC. 3. Section 19849.13 of the Government Code is amended to read:

19849.13. Notwithstanding Sections 19839, 19858.1, 19858.3, 19858.4, 19859, and 19859.3, the Department of Personnel Administration may provide for vacation, sick leave, annual leave, and bereavement leave benefits, including the lump-sum payment of any amount of accumulated leave, with respect to each state officer and employee who either is excluded from the definition of state employee in subdivision (c) of Section 3513, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service.

SEC. 4. Section 19850.1 of the Government Code is amended to read:

19850.1. (a) State employees shall be responsible for the purchase of uniforms required as a condition of employment. The state shall provide for an annual uniform allowance to state employees for the replacement of uniforms worn on a full-time basis, and an annual uniform allowance to state employees for the replacement of uniforms worn on a part-time basis, in amounts agreed upon in a memorandum of understanding reached pursuant to Section 3517.5.

(b) Notwithstanding the provisions of subdivision (a), the state shall provide any employee, who is either excluded from the definition of state employee in subdivision (c) of Section 3513, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service, an annual uniform allowance for the replacement of uniforms worn on a full-time basis, and an annual uniform allowance for the replacement of uniforms worn on a part-time basis, in amounts determined by the department.

SEC. 5. Section 19853 of the Government Code is amended to read:

19853. (a) Except as provided in subdivision (c), all employees shall be entitled to the following holidays: January 1, the third Monday in January, February 12, the third Monday in February, the last Monday in May, July 4, the first Monday in September, the second Monday in October, November 11, the day after Thanksgiving, December 25, the day chosen by an employee

pursuant to the provisions of Section 19854, and every day appointed by the Governor of this state for a public fast, thanksgiving, or holiday.

When a day herein listed falls on a Sunday, the following Monday shall be deemed to be the holiday in lieu of the day observed. If November 11th falls upon a Saturday, the preceding Friday shall be deemed to be the holiday in lieu of the day observed. Any employee who may be required to work on any of the holidays herein mentioned, and who does work on any of these holidays, shall be entitled to be paid compensation or given compensating time off for that work in accordance with their classification's assigned workweek group. For the purpose of computing the number of hours worked, time when an employee is excused from work because of holidays, sick leave, vacation, annual leave, or compensating time off, shall be considered as time worked by the employee.

(b) If the provisions of subdivision (a) are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

The holiday credit shall be accrued on the actual date of the holiday and shall be used within the same fiscal year.

(4) When a holiday other than a personal holiday falls on Sunday, employees shall be entitled to the following Monday as a holiday with pay.

(5) Employees who are required to work on a holiday shall be entitled to pay or compensating time off for this work in accordance

with their classification's assigned workweek group.

(6) Less than full-time employees shall receive holidays in accordance with Department of Personnel Administration rules.

SEC. 6. Section 19858.1 of the Government Code is amended to read:

19858.1. (a) Except as provided in subdivision (c), following completion of six months of continuous service, for each completed calendar month of service, except as provided in Section 19858.2, each state officer and employee who is employed full time shall receive credit for vacation with pay in accordance with the following schedule:

The computation of credit for the month of January 1964, and each month thereafter, shall be based upon the schedule set forth in this subdivision, except that the rate of vacation credit allowed shall not be reduced for any officer or employee employed prior to January 1, 1964. The time when vacation shall be taken shall be determined by the appointing power of the officer or employee.

(b) If the provisions of subdivision (a) are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(c) Following completion of six months of continuous service, for each completed calendar month of service, except as provided in Section 19858.2, each state officer and employee who is employed full time and is either excluded from the definition of state employee in subdivision (c) of Section 3513, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service, shall receive credit for vacation in accordance with the following schedule:

The employee shall give advance notice to the employee's immediate supervisor and shall provide substantiation to support the request.

(b) For any one occurrence, the bereavement leave shall not exceed three days. However, if the death occurred outside this state, a request for two additional days of bereavement leave shall be granted, at the option of the employee, as either without pay or as a charge against any accrued sick leave credit.

SEC. 8. Section 19879 of the Government Code is amended to read:

19879. (a) When an employee is disabled, whether temporarily or permanently, the employee shall become entitled, subject to the provisions of this article, to receive nonindustrial disability benefits in an amount equal to one-half full pay, but not to exceed one hundred twenty-five dollars ($125) per week, payable monthly for a period not exceeding 26 weeks for any one disability benefit period, but in no case shall benefits be payable for any day on and after death or separation or retirement from state service.

(b) For purposes of this section, the "full pay" of a part-time or intermittent employee only shall be established in accordance with the following:

(2) Where employment is intermittent or irregular, the payments shall be determined on the basis of the proportionate part of a monthly rate established by the total hours actually employed in the 18 monthly pay periods immediately preceding the pay period in which the disability begins as compared to the regular rate for a full-time employee in the same group or class.

(c) If the provisions of this section conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

19880. A disabled employee is eligible to receive nonindustrial disability benefits under this article equal to one-seventh of his or her weekly benefit amount specified in Section 19879 for each full day during which he or she is unemployed due to a disability only if the Director of Employment Development finds that:

(a) He or she has made a claim for disability benefits as required by authorized regulations.

(1) Is excluded from the definition of state employee contained in subdivision (c) of Section 3513.

(2) Is a nonelected officer or employee of the executive branch of state government and is not a member of the civil service.

(b) Each commission shall adopt appropriate criteria by which claims shall be analyzed and evaluated, and shall approve only those claims which will provide for a coordinated public transportation system consistent with the adopted transportation improvement program and adopted regional transportation plan and which will not result in undesirable duplication of public transportation services.

(c) In considering proposals, the Los Angeles County Metropolitan Transportation Authority shall consider, among other things, the fare revenue to operating cost ratio and the public transit

service mileage of each operator in the authority operating area, but under no circumstances shall the included municipal operators in existence and receiving formula allocation program funding on July 1, 1990, receive less than 15 percent of the funds allocated under that program from state and federal funding sources.

(d) Subdivision (c) shall only remain in effect until the Los Angeles County Metropolitan Transportation Authority has, following a public hearing, adopted a formula for the allocation of funds available in the authority operating area to the authority operator and eligible "included municipal operators" as defined in subdivisions (a) and (d) of Section 99207.

The formula adopted by the Los Angeles County Metropolitan Transportation Authority shall be the same as the formula in existence on July 1, 1990, and shall remain in effect for at least five full fiscal years, commencing with the 1993–94 fiscal year. The authority shall not reduce the total percentage share of revenues allocated during the 1990–91 fiscal year to the included municipal operators, as a whole, in existence on July 1, 1990, for at least five full fiscal years, commencing with the 1993–94 fiscal year. If a municipal operator significantly reduces service, a proportional share of that operator's funds allocated pursuant to this section may be reallocated.

(f) (1) For the 1998–99 and subsequent fiscal years, a two-thirds vote of the members of the Los Angeles County Metropolitan Transportation Authority shall be required in order to adopt or modify the formula for allocation of funds available in the authority operating area to the authority operator and included municipal operators as defined in subdivisions (a) and (d) of Section 99207. Subdivision (c) shall be applicable if the authority fails to adopt a formula.

(2) A two-thirds vote of the members shall be required in order to establish or change the criteria for admitting new included municipal operators for eligibility for funds allocated under Article 4 (commencing with Section 99260).

(3) A two-thirds vote of the members shall be required, based on the criteria in effect under paragraph (2), to allocate funds under Article 4 (commencing with Section 99260) to any "included municipal operator," as defined in subdivision (d) of Section 99207, which has not previously received funds under this article.

(g) The Los Angeles County Metropolitan Transportation Authority shall give equal consideration to the capital projects of all operators in the county, and shall allocate available regional bus

transit capital funds based on objective criteria adopted by a two-thirds vote of the members.

(D) Married couple and child or children.

(3) (A) In determining rates for small employers, a plan that operates statewide shall use no more than nine geographic regions in the state, have no region smaller than an area in which the first three digits of all its ZIP Codes are in common within a county, and divide no county into more than two regions. Plans shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a plan that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the population, as determined in the last federal census, of all counties that are included in their entirety in a plan's service are divided by the total population of the state, as determined in the last federal census, multiplied by nine. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common

within a county, and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No plan shall have less than one geographic area.

Nothing in this section shall be construed to require a plan to establish a new service area or to offer health coverage on a statewide basis, outside of the plan's existing service area.

(*l*) "Small employer" means any person, firm, proprietary or nonprofit corporation, partnership, public agency, or association that is actively engaged in business or service, that, on at least 50 percent of its working days during the preceding calendar quarter, employed at least three, but no more than 50, eligible employees, the majority of whom were employed within this state, which was not formed primarily for purposes of buying health care service plan contracts and in which a bona fide employer-employee relationship exists. However, for purposes of subdivisions (a), (b), and (c) of Section 1357.03, the definition shall include employers with at least five eligible employees until July 1, 1994, four eligible employees until July 1, 1995, and three eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined tax return for purposes of state taxation shall be considered one employer. Subsequent to the issuance of a health benefit plan contract to a small employer pursuant to this article, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided in this article, provisions of this article that apply to a small employer shall continue to apply until the plan contract anniversary following the date the employer no longer meets the requirements of this definition.

(m) "Standard employee risk rate" means the rate applicable to an eligible employee in a particular risk category in a small employer group.

SEC. 2. Section 1357.03 of the Health and Safety Code is amended to read:

1357.03. (a) Upon the effective date of this article, a plan shall fairly and affirmatively offer, market, and sell all of the plan's health care service plan contracts that are sold to small employers or to associations that include small employers to all small employers in each service area in which the plan provides or arranges for the provision of health care services. A plan contracting to participate in the voluntary purchasing pool for small employers provided for under Article 4 (commencing with Section 10730) of Chapter 14 of Part 2 of Division 2 of the Insurance Code shall be deemed in compliance with this requirement for a contract offered through the voluntary purchasing pool established under Article 4 (commencing with Section 10730) of Chapter 14 of Part 2 of Division 2 of the Insurance Code in those geographic regions in which plans participate in the pool, if the contract is offered exclusively through

the pool. Each plan shall make available to each small employer all small employer health care service plan contracts which the plan offers and sells to small employers or to associations that include small employers in this state. No plan or solicitor shall induce or otherwise encourage a small employer to separate or otherwise exclude an employee from a health care service plan contract that is provided in connection with the employee's employment.

(b) Every plan shall file with the commissioner the reasonable employee participation requirements and employer contribution requirements that will be applied in offering its plan contracts. Participation requirements shall be applied uniformly among all small employer groups, except that a plan may vary application of minimum employee participation requirements by the size of the small employer group. Employer contribution requirements shall not vary by employer size.

(c) The plan may not reject an application from a small employer for a health care service plan contract if all of the following are met:

(1) The small employer offers health benefits to 100 percent of its eligible employees. Employees who waive coverage on the grounds that they have other group coverage shall not be counted as eligible employees.

(2) The small employer agrees to make the required premium payments.

(3) The small employer agrees to inform the small employers' employees of the availability of coverage and the provision that those not electing coverage must wait one year to obtain coverage through the group if they later decide they would like to have coverage.

(4) The employees and their dependents who are to be covered by the plan contract work or reside in the service area in which the plan provides or otherwise arranges for the provision of health care services.

(d) No plan or solicitor shall, directly or indirectly, engage in the following activities:

(1) Encourage or direct small employers to refrain from filing an application for coverage with a plan because of the health status, claims experience, industry, occupation of the small employer, or geographic location provided that it is within the plan's approved service area.

(2) Encourage or direct small employers to seek coverage from another plan or the voluntary purchasing pool established under Article 4 (commencing with Section 10730) of Chapter 14 of Part 2 of Division 2 of the Insurance Code because of the health status, claims experience, industry, occupation of the small employer, or geographic location provided that it is within the plan's approved service area.

(e) No plan shall, directly or indirectly, enter into any contract, agreement, or arrangement with a solicitor that provides for or results in the compensation paid to a solicitor for the sale of a health care service plan contract to be varied because of the health status,

claims experience, industry, occupation, or geographic location of the small employer. This subdivision shall not apply with respect to a compensation arrangement that provides compensation to a solicitor on the basis of percentage of premium, provided that the percentage shall not vary because of the health status, claims experience, industry, occupation, or geographic area of the small employer.

SEC. 2.5. Section 1357.04 of the Health and Safety Code is amended to read:

1357.04. (a) After a small employer submits a completed application form for a plan contract, the plan shall, within 30 days, notify the employer of the employer's actual premium charges for that plan contract established in accordance with Section 1357.12. The employer shall have 30 days in which to exercise the right to buy coverage at the quoted premium charges.

(b) When a small employer submits a premium payment, based on the quoted premium charges, and that payment is delivered or postmarked, whichever occurs earlier, within the first 15 days of the month, coverage under the plan contract shall become effective no later than the first day of the following month. When that payment is neither delivered nor postmarked until after the 15th day of a month, coverage shall become effective no later than the first day of the second month following delivery or postmark of the payment.

(c) During the first 30 days after the effective date of the plan contract, the small employer shall have the option of changing coverage to a different plan contract offered by the same health care service plan. If a small employer notifies the plan of the change within the first 15 days of a month, coverage under the new plan contract shall become effective no later than the first day of the following month. If a small employer notifies the plan of the change after the 15th day of a month, coverage under the new plan contract shall become effective no later than the first day of the second month following notification.

SEC. 3. Section 1357.09 of the Health and Safety Code is amended to read:

1357.09. No plan shall be required to offer a health care service plan contract or accept applications for such a contract pursuant to this article in the case of any of the following:

(a) To a small employer, where the small employer is not physically located in a plan's approved service areas, or where an employee and eligible dependents who are to be covered by the plan contract do not work or reside within a plan's approved service areas.

(b) Within a specific service area or portion of a service area where a plan reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have sufficient health care delivery resources to assure that health care services will be available and accessible to the eligible employee and dependents of the employee because of its obligations to existing enrollees.

(1) A plan that cannot offer a health care service plan contract to

small employers because it is lacking in sufficient health care delivery resources within a service area or a portion of a service area may not offer a contract in the area in which the plan is not offering coverage to small employers to new employer groups with more than 50 eligible employees until the plan notifies the commissioner that it has the ability to deliver services to small employer groups, and certifies to the commissioner that from the date of the notice it will enroll all small employer groups requesting coverage in that area from the plan unless the plan has met the requirements of subdivision (d).

(2) Nothing in this article shall be construed to limit the commissioner's authority to develop and implement a plan of rehabilitation for a health care service plan whose financial viability or organizational and administrative capacity have become impaired.

(c) Offer coverage to a small employer group which, within 12 months of application for coverage, disenrolled from a plan contract offered by the plan.

(d) The commissioner approves the plan's certification that the number of eligible employees and dependents enrolled under contracts issued during the current calendar year equals or exceeds (1) in the case of a plan that administers any self-funded health coverage arrangements in California, 10 percent of the total enrollment of the plan in California as of December 31 of the preceding year, or (2) in the case of a plan that does not administer any self-funded health coverage arrangements in California, 8 percent of the total enrollment of the plan in California as of December 31 of the preceding year. If that certification is approved, the plan shall not offer any health care service plan contract to any small employers during the remainder of the current year.

(1) If a health care service plan treats an affiliate or subsidiary as a separate carrier for the purpose of this article because one health care service plan is qualified under the federal Health Maintenance Organization Act and does not offer coverage to small employers, while the affiliate or subsidiary offers a plan contract that is not qualified under the federal Health Maintenance Organization Act and offers plan contracts to small employers, the health care service plan offering coverage to small employers shall enroll new eligible employees and dependents, equal to the applicable percentage of the total enrollment of both the health care service plan qualified under the federal Health Maintenance Organization Act and its affiliate or subsidiary.

(2) The certified statement filed pursuant to this subdivision shall state the following:

(A) Whether the plan administers any self-funded health coverage arrangements in California.

(B) The plan's total enrollment as of December 31 of the preceding year.

(C) The number or eligible employees and dependents enrolled

under contracts issued to small employer groups during the current calendar year.

The commissioner shall, within 45 days, approve or disapprove the certified statement. If the certified statement is disapproved, the plan shall continue to issue coverage as required by Section 1357.03 and be subject to disciplinary action as set forth in Article 7 (commencing with Section 1386).

(e) A health care service plan that, as of December 31 of the prior year, had a total enrollment of fewer than 100,000 and 50 percent or more of the plan's total enrollment have premiums paid by the Medi-Cal program.

SEC. 4. Section 1357.12 of the Health and Safety Code is amended to read:

1357.12. Premiums for contracts offered or delivered by plans on or after the effective date of this article shall be subject to the following requirements:

(a) (1) The premium for new business shall be determined for an employee in a particular risk category after applying a risk adjustment factor to the plan's standard employee risk rates. The risk adjusted employee risk rate may not be more than 120 percent or less than 80 percent of the plan's applicable standard employee risk rate until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent.

(2) The premium charged a small employer for new business shall be equal to the sum of the risk adjusted employee risk rates.

(3) The premium charged a small employer for new business shall be in effect for no less than six months.

(b) (1) The premium for renewal of in force business shall be determined for an employee in a particular risk category after applying a risk adjustment factor to the plan's standard employee risk rates. The risk adjusted employee risk rates may not be more than 120 percent or less than 80 percent of the plan's applicable standard employee risk rate until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent. The risk adjustment factor applied to a small employer may not increase by more than 10 percentage points from the risk adjustment factor applied in the prior rating period. The risk adjustment factor for a small employer may not be modified more frequently than every 12 months.

(2) The premium charged a small employer for renewal of in force business shall be equal to the sum of the risk adjusted employee risk rates and shall be in effect for no less than six months.

(3) For a contract that a plan has discontinued offering, the risk adjustment factor applied to the standard employee risk rates for the first rating period of the new contract that the small employer elects to purchase shall be no greater than the risk adjustment factor applied in the prior rating period to the discontinued contract. However, the risk adjusted employee risk rate may not be more than 120 percent or less than 80 percent of the plan's applicable standard

employee risk rate until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent. The risk adjustment factor for a small employer may not be modified more frequently than every 12 months.

(c) (1) For any small employer having 10 or more employees covered under a contract, a plan may, with the consent of the small employer, establish composite employee and dependent rates for either new business or renewal of in force business. The composite rates shall be determined as the average of the risk adjusted employee risk rates for the small employer, as determined in accordance with the requirements of subdivisions (a) and (b). The sum of the composite rates so determined shall be equal to the sum of the risk adjusted employee risk rates for the small employer.

(2) The composite rates shall be used for all employees and dependents covered throughout a rating period of no less than six months, except that a plan may reserve the right to redetermine the composite rates if the enrollment under the contract changes by more than a specified percentage during the rating period. Any redetermination of the composite rates shall be based on the same risk adjusted employee risk rates used to determine the initial composite rates for the rating period. If a plan reserves the right to redetermine the rates and the enrollment changes more than the specified percentage, the plan shall redetermine the composite rates if the redeterminated rates would result in a lower premium for the small employer. A plan reserving the right to redetermine the composite rates based upon a change in enrollment shall use the same specified percentage to measure that change with respect to all small employers electing composite rates.

SEC. 4.5. Section 1357.14 of the Health and Safety Code is amended to read:

1357.14. In connection with the offering for sale of any plan contract to a small employer, each plan shall make a reasonable disclosure, as part of its solicitation and sales materials, of the following:

(c) Provisions relating to the guaranteed issue of contracts.

(d) Provisions relating to the effect of any preexisting condition provision.

(e) Provisions relating to the small employer's right to apply for any contract written, issued, or administered by the plan at the time of application for a new health care service plan contract, or at the time of renewal of a health care service plan contract.

(f) The availability, upon request, of a listing of all the plan's contracts offered to small employers, including the rates for each contract.

(g) At the time it offers a contract to a small employer, each plan shall provide the small employer with a statement of all of its plan contracts offered to small employers, including the rates for each plan contract, in the service area in which the employer's employees and eligible dependents who are to be covered by the plan contract work or reside. For purposes of this subdivision, companies that are affiliated companies or that are eligible to file a consolidated income tax return shall be treated as one health plan.

(h) Each plan shall do all of the following:

(1) Prepare a brochure that summarizes all of its plan contracts offered to small employers and to make this summary available to any small employer and to solicitors upon request. The summary shall include for each contract information on benefits provided, a generic description of the manner in which services are provided, such as how access to providers is limited, benefit limitations, required copayments and deductibles, standard employee risk rates, and a phone number that can be called for more detailed benefit information. Plans are required to keep the information contained in the brochure accurate and up to date and, upon updating the brochure, send copies to solicitors and solicitor firms with whom the plan contracts to solicit enrollments or subscriptions.

(2) For each contract, prepare a more detailed evidence of coverage and make it available to small employers, solicitors, and solicitor firms upon request. The evidence of coverage shall contain all information that a prudent buyer would need to be aware of in making contract selections.

(3) Provide to small employers and solicitors, upon request, for any given small employer the sum of the standard employee risk rates and the sum of the risk adjusted employee risk rates. When requesting this information, small employers, solicitors, and solicitor firms shall provide the plan with the information the plan needs to determine the small employer's risk adjusted employee risk rate.

(4) Provide copies of the current summary brochure to all solicitors and solicitor firms contracting with the plan to solicit enrollments or subscriptions from small employers.

For purposes of this subdivision, companies that are affiliated companies or that are eligible to file a consolidated income tax return shall be treated as one health plan.

(i) Every solicitor or solicitor firm contracting with one or more plans to solicit enrollments or subscriptions from small employers shall do all of the following:

(1) When providing information on contracts to a small employer but making no specific recommendations on particular plan contracts:

(A) Advise the small employer of the plan's obligation to sell to any small employer any plan contract it offers to small employers and

provide them, upon request, with the actual rates that would be charged to that employer for a given contract.

(B) Notify the small employer that the solicitor or solicitor firm will procure rate and benefit information for the small employer on any plan contract offered by a plan whose contract the solicitor sells.

(C) Notify the small employer that upon request the solicitor or solicitor firm will provide the small employer with the summary brochure required under paragraph (1) of subdivision (h) for any plan contract offered by a plan with whom the solicitor or solicitor firm has contracted with to solicit enrollments or subscriptions.

(2) When recommending a particular benefit plan design or designs, advise the small employer that, upon request, the agent will provide the small employer with the brochure required by paragraph (1) of subdivision (h) containing the benefit plan design or designs being recommended by the agent or broker.

(3) Prior to filing an application for a small employer for a particular contract:

(A) For each of the plan contracts offered by the plan whose contract the solicitor or solicitor firm is offering, provide the small employer with the benefit summary required in paragraph (1) of subdivision (h) and the sum of the standard employee risk rates for that particular employer.

(B) Notify the small employer that, upon request, the solicitor or solicitor firm will provide the small employer with an evidence of coverage brochure for each contract the plan offers.

(C) Notify the small employer that, from July 1, 1993, to July 1, 1996, actual rates may be 20 percent higher or lower than the sum of the standard employee risk rates, and from July 1, 1996, and thereafter, actual rates may be 10 percent higher or lower than the sum of the standard employee risk rates, depending on how the plan assesses the risk of the small employer's group.

(D) Notify the small employer that, upon request, the solicitor or solicitor firm will submit information to the plan to ascertain the small employer's sum of the risk adjusted employee risk rate for any contract the plan offers.

(E) Obtain a signed statement from the small employer acknowledging that the small employer has received the disclosures required by this section.

(v) "Risk adjustment factor" means the percent adjustment to be applied equally to each standard employee risk rate for a particular

small employer, based upon any expected deviations from standard claims. This factor may not be more than 120 percent or less than 80 percent until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent.

(w) "Risk category" means the following characteristics of an eligible employee: age, geographic region, and family size of the employee, plus the benefit plan design selected by the small employer.

(1) No more than the following age categories may be used in determining premium rates:

Under 30

40–49

(3) (A) In determining rates for small employers, a carrier that operates statewide shall use no more than nine geographic regions in the state, have no region smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and shall divide no county into more than two regions. Carriers shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a carrier that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the population, as determined in the last federal census, of all counties which are included in their entirety in a carrier's service area divided by the total population of the state, as determined in the last federal census, multiplied by nine. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No carrier shall have less than one geographic area.

However, for purposes of subdivisions (b) and (h) of Section 10705, the definition shall include employers with at least five eligible employees until July 1, 1994, four eligible employees until July 1, 1995, and three eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies, and that are eligible to file a combined income tax return for purposes of state taxation shall be considered one employer. Subsequent to the issuance of a health benefit plan to a small employer pursuant to this chapter, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided, provisions of this chapter that apply to a small employer shall continue to apply until the health benefit plan anniversary following the date the employer no longer meets the requirements of this definition.

(y) "Standard employee risk rate" means the rate applicable to an eligible employee in a particular risk category in a small employer group.

(z) An association is a nonprofit organization comprised of a group of individuals or employers who associate based solely on participation in a specified profession or industry, accepting for membership any individual or small employer meeting its membership criteria, which do not condition membership directly or indirectly on the health or claims history of any person, which uses membership dues solely for and in consideration of the membership and membership benefits, except that the amount of the dues shall not depend on whether the member applies for or purchases insurance offered by the association, which is organized and maintained in good faith for purposes unrelated to insurance, which has been in active existence on January 1, 1992, and at least five years prior to that date, which has a constitution and bylaws, or other analogous governing documents which provide for election of the governing board of the association by its members, which has contracted with one or more carriers to offer one or more health benefit plans to all individual members and small employer members in this state.

SEC. 8. Section 10704 of the Insurance Code is amended to read:

notify the commissioner in writing of any comments on the regulations. The Commissioner of Corporations' comments shall be included in the public notice issued on the regulations. Any rules and regulations issued pursuant to this subdivision may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Until December 31, 1994, the adoption of these regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The regulations shall be enforced by the commissioner.

SEC. 9. Section 10705 of the Insurance Code is amended to read:

10705. Upon the effective date of this act:

(a) No group or individual policy or contract or certificate of group insurance or statement of group coverage providing benefits to employees of small employers as defined in this chapter shall be issued or delivered by a carrier subject to the jurisdiction of the commissioner regardless of the situs of the contract or master policyholder or of the domicile of the carrier nor, except as otherwise provided in Sections 10270.91 and 10270.92, shall a carrier provide coverage subject to this chapter until a copy of the form of the policy, contract, certificate, or statement of coverage is filed with and approved by the commissioner in accordance with Sections 10290 and 10291, and the carrier has complied with the requirements of Section 10717.

(b) Each carrier, except a self-funded employer, shall fairly and affirmatively offer, market, and sell all of the carrier's benefit plan designs that are sold to, offered through, or sponsored by, small employers or associations that include small employers to all small employers in each geographic region in which the carrier makes coverage available or provides benefits. A carrier contracting to participate in the Voluntary Alliance Uniting Employers Purchasing Program shall be deemed to be in compliance with this requirement for a benefit plan design offered through the program in those geographic regions in which the carrier participates in the program and the benefit plan design is offered exclusively through the program.

(1) Nothing in this section shall be construed to require an association to offer, market or sell a benefit plan design to those who are not members of the association. However, if the association markets, offers or sells a benefit plan design to those who are not members of the association it is subject to the requirements of this section.

(2) A carrier which (A) effective January 1, 1992, and at least 20 years prior to that date, markets, offers, or sells benefit plan designs only to all members of one association and (B) does not market, offer or sell any other individual, selected group, or group policy or contract providing medical, hospital and surgical benefits shall not be required to market, offer, or sell to those who are not members of

the association. However, if the carrier markets, offers or sells any benefit plan design or any other individual, selected group, or group policy or contract providing medical, hospital and surgical benefits to those who are not members of the association it is subject to the requirements of this section.

(3) Each carrier that sells health benefit plans to members of one association pursuant to paragraph (2) shall submit an annual statement to the commissioner which states that the carrier is selling health benefit plans pursuant to paragraph (2) and which, for the one association, lists all the information required by paragraph (4).

(4) Each carrier that sells health benefit plans to members of any association shall submit an annual statement to the commissioner which lists each association to which the carrier sells health benefit plans, the industry or profession which is served by the association, the association's membership criteria, a list of officers, the state in which the association is organized, and the site of its principal office.

(c) Each carrier shall make available to each small employer all benefit plan designs that the carrier offers or sells to small employers or to associations that include small employers. Notwithstanding subdivision (e) of Section 10700, for purposes of this subdivision, companies that are affiliated companies or that are eligible to file a consolidated income tax return shall be treated as one carrier.

(d) Each carrier shall do all of the following:

(1) Prepare a brochure that summarizes all of its benefit plan designs and make this summary available to small employers, agents and brokers upon request. The summary shall include for each benefit plan design information on benefits provided, a generic description of the manner in which services are provided, such as how access to providers is limited, benefit limitations, required copayments and deductibles, standard employee risk rates, and a phone number that can be called for more detailed benefit information. Carriers are required to keep the information contained in the brochure accurate and up to date, and, upon updating the brochure, send copies to agents and brokers representing the carrier. Any entity that provides administrative services only with regard to a benefit plan design written or issued by another carrier shall not be required to prepare a summary brochure which includes that benefit plan design.

(2) For each benefit plan design, prepare a more detailed evidence of coverage and make it available to small employers, agents and brokers upon request. The evidence of coverage shall contain all information that a prudent buyer would need to be aware of in making selections of benefit plan designs. An entity that provides administrative services only with regard to a benefit plan design written or issued by another carrier shall not be required to prepare an evidence of coverage for that benefit plan design.

(3) Provide to small employers, agents, and brokers, upon request, for any given small employer the sum of the standard employee risk rates and the sum of the risk adjusted standard

employee risk rates. When requesting this information, small employers, agents and brokers shall provide the carrier with the information the carrier needs to determine the small employer's risk adjusted employee risk rate.

(4) Provide copies of the current summary brochure to all agents or brokers who represent the carrier and, upon updating the brochure, send copies of the updated brochure to agents and brokers representing the carrier for the purpose of selling health benefit plans.

(5) Notwithstanding subdivision (e) of Section 10700, for purposes of this subdivision, companies that are affiliated companies or that are eligible to file a consolidated income tax return shall be treated as one carrier.

(e) Every agent or broker representing one or more carriers for the purpose of selling health benefit plans to small employers shall do all of the following:

(1) When providing information on a health benefit plan to a small employer but making no specific recommendations on particular benefit plan designs:

(A) Advise the small employer of the carrier's obligation to sell to any small employer any of the benefit plan designs it offers to small employers and provide them, upon request, with the actual rates that would be charged to that employer for a given benefit plan design.

(B) Notify the small employer that the agent or broker will procure rate and benefit information for the small employer on any benefit plan design offered by a carrier for whom the agent or broker sells health benefit plans.

(C) Notify the small employer that, upon request, the agent or broker will provide the small employer with the summary brochure required in paragraph (1) of subdivision (d) for any benefit plan design offered by a carrier whom the agent or broker represents.

(2) When recommending a particular benefit plan design or designs, advise the small employer that, upon request, the agent will provide the small employer with the brochure required by paragraph (1) of subdivision (d) containing the benefit plan design or designs being recommended by the agent or broker.

(3) Prior to filing an application for a small employer for a particular health benefit plan:

(A) For each of the benefit plan designs offered by the carrier whose benefit plan design the agent or broker is presenting, provide the small employer with the benefit summary required in paragraph (1) of subdivision (d) and the sum of the standard employee risk rates for that particular employer.

(B) Notify the small employer that, upon request, the agent or broker will provide the small employer with an evidence of coverage brochure for each benefit plan design the carrier offers.

(C) Notify the small employer that, from July 1, 1993 to July 1, 1996, actual rates may be 20 percent higher or lower than the sum of the standard employee risk rates, and from July 1, 1996, and

thereafter, actual rates may be 10 percent higher or lower than the sum of the standard employee risk rates depending on how the carrier assesses the risk of the small employer's group.

(D) Notify the small employer that, upon request, the agent or broker will submit information to the carrier to ascertain the small employer's sum of the risk adjusted standard employee risk rate for any benefit plan design the carrier offers.

(E) Obtain a signed statement from the small employer acknowledging that the small employer has received the disclosures required by paragraph (3) of subdivision (e) and by Section 10716.

(f) No carrier, agent, or broker shall induce or otherwise encourage a small employer to separate or otherwise exclude an employee from a health benefit plan which is provided in connection with the employee's employment.

(g) No carrier shall reject an application from a small employer for a benefit plan design provided:

(1) The small employer offers health benefits to 100 percent of its eligible employees. Employees who waive coverage on the grounds that they have other group coverage shall not be counted as eligible employees.

(2) The small employer agrees to make the required premium payments.

(h) No carrier or agent or broker shall, directly or indirectly, engage in the following activities:

(1) Encourage or direct small employers to refrain from filing an application for coverage with a carrier because of the health status, claims experience, industry, occupation, or geographic location within the carrier's approved service area of the small employer or the small employer's employees.

(2) Encourage or direct small employers to seek coverage from another carrier or the program because of the health status, claims experience, industry, occupation, or geographic location within the carrier's approved service area of the small employer or the small employer's employees.

(i) No carrier shall, directly or indirectly, enter into any contract, agreement, or arrangement with an agent or broker that provides for or results in the compensation paid to an agent or broker for a health benefit plan to be varied because of the health status, claims experience, industry, occupation, or geographic location of the small employer or the small employer's employees. This subdivision shall not apply with respect to a compensation arrangement that provides compensation to an agent or broker on the basis of percentage of premium, provided that the percentage shall not vary because of the health status, claims experience, industry, occupation, or geographic area of the small employer.

(j) If a carrier enters into a contract, agreement, or other arrangement with a third-party administrator or other entity to provide administrative, marketing, or other services related to the offering of health benefit plans to small employers in this state, the

third-party administrator shall be subject to this chapter.

(k) (1) With respect to the obligation to provide coverage newly issued under subdivision (d), the carrier may cease enrolling new small employer groups if it certifies to the commissioner that the number of eligible employees and dependents, of the employers newly enrolled or insured during the current calendar year by the carrier equals or exceeds: (A) in the case of a carrier that administers any self-funded health benefits arrangement in California, 10 percent of the total number of eligible employees, or eligible employees and dependents, respectively, enrolled or insured in California by that carrier as of December 31 of the preceding year, or (B) in the case of a carrier that does not administer any self-funded health benefit arrangements in California, 8 percent of the total number of eligible employees, or eligible employees and dependents, respectively, enrolled or insured by the carrier in California as of December 31 of the preceding year.

(2) Certification shall be deemed approved if not disapproved within 45 days after submission to the commissioner. If that certification is approved, the small employer carrier shall not offer coverage to any small employers under any health benefit plans during the remainder of the current year. If the certification is not approved, the carrier shall continue to issue coverage as required by subdivision (d) and be subject to administrative penalties as established in Section 10718.

SEC. 10. Section 10706.5 of the Insurance Code is amended to read:

10706.5. (a) After a small employer submits a completed application, the carrier shall, within 30 days notify the employer of the employer's actual rates in accordance with Section 10714. The employer shall have 30 days in which to exercise the right to buy coverage at the quoted rates.

(b) When a small employer submits a premium payment, based on the quoted rates, and that payment is delivered or postmarked, whichever occurs earlier, within the first 15 days of a month, coverage shall become effective no later than the first day of the following month. When that payment is neither delivered nor postmarked until after the 15th day of a month, coverage shall become effective no later than the first day of the second month following delivery or postmark of the payment.

(c) During the first 30 days of coverage, the small employer shall have the option of changing coverage to a different benefit plan design offered by the same carrier. If a small employer notifies the carrier of the change within the first 15 days of a month, coverage under the new benefit plan design shall become effective no later than the first day of the following month. If a small employer notifies the carrier of the change after the 15th day of a month, coverage under the new benefit plan design shall become effective no later than the first day of the second month following notification.

(d) all eligible employees and dependents listed on the small

employer's completed application shall be covered on the effective date of the health benefit plan.

SEC. 11. Section 10714 of the Insurance Code is amended to read:

10714. Premiums for benefit plan designs written, issued, or administered by carriers on or after the effective date of this act, shall be subject to the following requirements:

(a) (1) The premium for new business shall be determined for an employee in a particular risk category after applying a risk adjustment factor to the carrier's standard employee risk rates. The risk adjusted employee risk rate may not be more than 120 percent or less than 80 percent of the carrier's applicable standard employee risk rate until July 1, 1996. Effective July 1, 1996, the risk adjusted employee risk rate may not be more than 110 percent or less than 90 percent.

(2) The premium charged a small employer for new business shall be equal to the sum of the risk adjusted employee risk rates.

(3) The premium charged a small employer for new business shall be in effect for no less than six months.

(b) (1) The premium for renewal of in force business shall be determined for an employee in a particular risk category after applying a risk adjustment factor to the carrier's standard employee risk rates. The risk adjusted employee risk rates may not be more than 120 percent or less than 80 percent of the carrier's applicable standard employee risk rate until July 1, 1996. Effective July 1, 1996, the risk adjusted employee risk rate may not be more than 110 percent or less than 90 percent. The risk adjustment factor applied to a small employer may not increase by more than 10 percentage points from the risk adjustment factor applied in the prior rating period. The risk adjustment factor for a small employer may not be modified more frequently than every 12 months.

(2) The premium charged a small employer for renewal of in force business shall be equal to the sum of the risk adjusted employee risk rates and shall be in effect for no less than six months.

(3) For a benefit plan design that a carrier has discontinued offering, the risk adjustment factor applied to the standard employee risk rates for the first rating period of the new benefit plan design that the small employer elects to purchase shall be no greater than the risk adjustment factor applied in the prior rating period to the discontinued benefit plan design. However, the risk adjusted employee rate may not be more than 120 percent or less than 80 percent of the carrier's applicable standard employee risk rate until July 1, 1996. Effective July 1, 1996, the risk adjusted employee risk rate may not be more than 110 percent or less than 90 percent. The risk adjustment factor for a small employer may not be modified more frequently than every 12 months.

(c) (1) For any small employer having 10 or more employees covered under a health benefit plan, a carrier may, with the consent of the small employer, establish composite employee and dependent rates for either new business or renewal of in force business. The

composite rates shall be determined as the average of the risk adjusted employee risk rates for the small employer, as determined in accordance with the requirements of subdivisions (a) and (b). The sum of the composite rates so determined shall be equal to the sum of the risk adjusted employee risk rates for the small employer.

(2) The composite rates shall be used for all employees and dependents covered throughout a rating period of no less than six months, nor more than 12 months, except that a carrier may reserve the right to redetermine the composite rates if the enrollment under the health benefit plan changes by more than a specified percentage during the rating period. Any redetermination of the composite rates shall be based on the same risk adjusted employee risk rates used to determine the initial composite rates for the rating period. If a carrier reserves the right to redetermine the rates and the enrollment changes more than the specified percentage, the carrier shall redetermine the composite rates if the redeterminated rates would result in a lower premium for the small employer. A carrier reserving the right to redetermine the composite rates based upon a change in enrollment shall use the same specified percentage to measure that change with respect to all small employers electing composite rates.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the availability and affordability of small employer health coverage at the earliest possible time, it is necessary that this act take effect immediately.

PART 4. BOND AND LOAN INSURANCE

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

51600. The Legislature finds and declares as follows:

(a) For reasons of prudent investment policy, California's public and private lending institutions are not making mortgage financing available for certain single- and multifamily residential housing occupied or intended to be occupied by substantial numbers of persons and families of low and moderate income because of the perceived risks these loans entail. The absence of this financing has also caused and contributed to the deterioration of residential neighborhoods, has inhibited government in its attempts to arrest and reverse deterioration through local code enforcement programs, and has generally reduced or limited the supply of safe, decent, and sanitary housing available to persons and families of low and moderate income.

(b) The absence of financing has resulted in persons and families who are not able to realize financial security through equity accumulation and psychological security through a sense of permanence and control over the direction of their lives, as well as a lack of job creation linked to housing construction or the sale of existing housing.

(c) The percentage of California residents who own their own homes is considerably lower than the national average.

(d) All of the factors set forth in subdivisions (a) to (c), inclusive, have hindered the state's economy and the general well-being of the state's populace.

(e) The state has authorized state agencies, local agencies, redevelopment agencies, and housing authorities to provide financing for preservation and construction of residential structures, including single-family and multifamily residential housing, to enhance housing opportunities for persons and families of low or moderate income. However, some of these local public entities will be unable to sell bonds pursuant to that authorization on terms sufficiently favorable to enable them to make loans at less than the market-rate interest because of a lack of adequate bond security.

(f) Although the agencies are empowered to sell bonds in order to raise funds for housing assistance, they may be unable to market these bonds on terms and at interest rates adequate to enable these agencies to accomplish their purposes.

(g) For reasons of prudent investment policy, private lending institutions and public agencies are not making mortgage financing

available for the rehabilitation of buildings identified by local jurisdictions as being potentially hazardous.

(h) For reasons of prudent investment policy, private lending institutions and public agencies are not making mortgage financing available for residential housing for low- and moderate-income households in California due to an inadequate supply of reliable, consistent, and affordable mortgage guaranty insurance.

(i) To provide credit enhancements for the development of new, or the purchase or refinancing of existing, low-income and moderate-income multifamily housing.

51601. It is the intent of the Legislature in enacting this part to establish programs of bond and loan insurance for the following purposes:

(a) To encourage homeownership opportunities for low- and moderate-income rental households and to encourage multifamily residential construction and rehabilitation, all of which will revitalize the state's economy and provide security for these households.

(b) To encourage and facilitate the preservation of existing housing and improve housing opportunities by reducing the risk factor for all of the following:

(1) Loans to persons and families of low and moderate income for housing in older deteriorating areas and neighborhood preservation areas.

(2) Bonds issued by governmental agencies for the purpose of providing housing for persons and families of low or moderate income.

(3) Loans to provide housing for persons and families of low or moderate income.

(4) Privately financed loans for multifamily residential housing that benefits low- and moderate-income households.

(5) Construction loan loss guarantee assistance for rehabilitation of buildings in need of rehabilitation improvements, where the building has been identified by local jurisdictions as being potentially hazardous.

(c) To encourage and facilitate housing opportunities for low-income and moderate-income households which might not readily be available in the private market due to, in part, location, type of housing, and income group serviced, provided, however, that the actuarial soundness of the insurance fund not be jeopardized.

(d) To provide single-family and multifamily residential housing mortgage guaranty insurance.

(e) To provide single-family and multifamily residential guaranty insurance for construction loans.

(f) To provide credit enhancements for the development of new, or the purchase or refinancing of existing, low-income and moderate-income housing.

51601.5. The Legislature finds and declares the following:

The California Housing Finance Agency, in administering the mortgage guaranty insurance program, as it is currently constituted

in law, will adopt a new five-year business plan pursuant to board resolution at the June 9, 1993, meeting of the agency's board of directors. The business plan will contain all of the financial resources of the agency necessary for this insurance fund to create a mortgage guaranty insurance underwriting capacity for single-family loans at one billion two hundred million dollars ($1,200,000,000) of gross insurance. In order to initiate this program, the agency will provide its 1993 commitment of eighteen million dollars ($18,000,000) as soon as reasonably practicable following the adoption of the June 9, 1993, board resolution. The agency will also commit that it will provide its 1994 pledge of eleven million dollars ($11,000,000) at its January 1994 board of directors meeting. During the five-year time period, the program will result in a significant beneficial economic impact on the state's economy, particularly on the homebuilding and real estate resale markets. As such, the agency will remain fully committed to implementing the plan, unless the economic and fiscal expectations of the agency fail to materialize so that implementation of the plan, in whole or in part, is no longer possible without jeopardizing the fiscal integrity or the bond rating of the agency.

51602. (a) The agency shall require that occupancy of housing for which a loan is insured pursuant to this part shall be open to all regardless of race, color, sex, marital status, religion, national origin, ancestry, familial status, or disability and that contractors and subcontractors engaged in the construction or rehabilitation of housing funded by a loan insured pursuant to this part shall provide an equal opportunity for employment without discrimination as to race, color, sex, marital status, religion, national origin, ancestry, familial status, or disability.

CHAPTER 2. ADMINISTRATION

51610. (a) The agency shall, with respect to the implementation of this part, and notwithstanding any other provision of law, have the general powers set forth in Sections 51050 and 51058 and in this part and, in addition, may do any and all things necessary to carry out its purposes and exercise the powers expressly granted by this part.

(b) The fund shall develop and maintain complete and current statistics and other information with respect to the loan insurance program, including, but not limited to, each of the following:

(1) Mortgage arrearages, defaults, and foreclosures on insured loans.

(2) Expenses incurred as a result of those arrearages, defaults, and foreclosures.

(3) The extent of displacement caused by availability of insured loans.

(c) The information required by subdivision (b) shall be provided in the agency's annual report as required by Section 51622.

51611. (a) The California Housing Loan Insurance Fund is hereby created in the State Treasury.

(b) The California Housing Insurance Fund is hereby renamed the California Housing Loan Insurance Fund. All references in any provision of law to the California Housing Insurance Fund shall be deemed to refer to the California Housing Loan Insurance Fund. Notwithstanding Section 13340 of the Government Code, all money in the insurance fund is hereby continuously appropriated to the agency without regard to fiscal year for the purpose of insuring loans and bonds pursuant to this part and for the purpose of defraying administrative expenses incurred by the agency in operating these

programs of loan and bond insurance. All insurance premiums shall be deposited in the insurance fund. Mortgage insurance in force under certificates of insurance by the California Housing Insurance Fund shall continue in force without interruption after the effective date of this act.

(c) Notwithstanding Chapter 2 (commencing with Section 12850) of Part 2.5 of Division 3 of Title 2 of the Government Code, Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, or any other provision of law, expenditures of the insurance fund shall not be subject to the supervision or approval of any other officer or division of state government. However, the agency's budget respecting the insurance fund shall be prepared and reviewed in accordance with Section 50913.

(d) The agency shall, from time to time, direct the Treasurer to invest moneys in the insurance fund which are not required for its current needs in eligible securities designated by the agency from among those specified in Section 16430 of the Government Code or as otherwise permitted by law. The agency may direct the Treasurer to deposit moneys in the insurance fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. To the extent permitted by law, the agency may invest moneys in the fund in obligations of financial institutions, as permitted by board resolution. The agency may also require the transfer of moneys in the insurance fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

51614. (a) The agency is hereby vested with full power, authority, and jurisdiction over the insurance fund. The agency may perform all acts necessary or convenient in the exercise of any power, authority, or jurisdiction over the insurance fund, either in the administration thereof or in connection with the business administered under this part, as fully and completely as the governing body of a private insurance carrier.

(b) The agency may create task forces and advisory committees, when appropriate and as the members deem necessary, for the purpose of obtaining advice on issues arising as a result of the agency's activities under this part. Ex officio members of those task forces and advisory committees may include, but are not limited to, the Insurance Commissioner or his or her designee, the Director of Housing and Community Development or his or her designee, the Director of the Seismic Safety Commission or his or her designee, and the Director of the Office of Emergency Services or his or her designee.

51615. Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of; and Article 9 (commencing with Section 11120) of Chapter 1 of, Chapter 3.5 (commencing with Section 11340) of, Chapter 4 (commencing with Section 11370) of, and Chapter 5

(commencing with Section 11500) of, Part 1 of Division 3 of Title 2 of; the Government Code shall not apply to any of the following: the agency's activities and records relating to establishing rates and premiums; the development of bids for insurance, coinsurance, and reinsurance; or to other matters necessary to maintain the competitiveness of the agency in the mortgage insurance industry.

51616. The state shall not be liable beyond the assets of the insurance fund for any obligations in connection therewith.

51618. There shall be within the agency a Director of Insurance of the fund, appointed by the Governor and serving at the pleasure of the executive director. The Director of Insurance of the fund shall demonstrate knowledge of, and expertise in, mortgage insurance. The Director of Insurance of the fund shall manage and conduct the business and affairs of the insurance fund under the direction and supervision of the agency, and shall perform any other duties as the executive director prescribes.

51619. The agency may delegate to the Director of Insurance of the fund, under the resolutions of the board and subject to the conditions as it from time to time prescribes, any power, function, or duty conferred by law on the agency in connection with the administration, management, and conduct of the business and affairs of the insurance fund. The Director of Insurance may exercise the powers and functions and perform the duties with the same force and effect as the executive director, but subject to his or her approval.

51620. In conducting the business and affairs of the insurance fund, the executive director may do any of the following:

(a) Enter into contracts of insurance.

(b) Decline to insure any risk in which the minimum requirements of the insurance fund are not complied with, or which is beyond the safe carrying of the insurance fund.

(c) Reinsure any risk or any part thereof.

(d) Make rules for the settlement of claims against the insurance fund and determine to whom and through whom the payments are to be made.

(e) Enter into any contracts or obligations relating to the fund.

(f) Invest and reinvest the moneys belonging to the fund as provided by this part or Part 3 (commencing with Section 50900).

(g) Conduct all business and affairs and perform all acts relating to the fund whether or not specifically designated in this part.

51622. (a) The agency may contract with any private person or public agency for review of the administration of this part and for assistance in implementing this part.

(b) The agency shall prepare an annual report on the condition of the program of loan and bond insurance authorized by this part. The report of the evaluation shall include an evaluation of program effectiveness in relation to cost and shall include recommendations and suggested legislation for the improvement of the program, if any. The report shall also include an audit of the insurance fund's books

and accounts with respect to its activities under this part to be made at least once for each calendar year by an independent certified public accountant. A copy of the annual report shall be transmitted to the Governor and to each Member of the Legislature and made available for review by interested parties no later than March 31 of each year.

51623. (a) The California Housing Loan Insurance Fund, as provided for pursuant to Section 51653 as it read prior to the effective date of the act that adds this part, is continued in existence, and, pursuant to Section 51603, is referred to as the insurance fund. Notwithstanding Section 13340 of the Government Code, all money in the insurance fund is hereby continuously appropriated to the agency without regard to fiscal year for the purpose of insuring loans and bonds pursuant to this part and for the purpose of defraying administrative expenses incurred by the fund in operating those programs of loan and bond insurance. All insurance premiums shall be deposited in the insurance fund.

(b) The insurance fund shall be administered by the agency for the purpose of insuring loans and bonds as provided in this part. Any appropriation made therefrom or thereto before the effective date of this section shall continue to be available for the purposes for which it was made.

51624. The agency shall prepare a preliminary budget for the agency's activities under this part on or before December 1 of each year for the ensuing fiscal year, to be reviewed by the Secretary of the Business, Transportation and Housing Agency, the Director of Finance, and the Joint Legislative Budget Committee.

51625. (a) The agency shall cause all moneys in the insurance fund which are in excess of current requirements to be invested and reinvested, from time to time, in the same manner as provided for private insurance carriers pursuant to Article 3 (commencing with Section 1170) of Chapter 2 of Part 2 of Division 1 of the Insurance Code.

(b) All interest or other increment resulting from the investment shall be deposited in the insurance fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the insurance fund shall not be subject to transfer to any other fund pursuant to Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund.

51626. The insurance fund shall be organized as a public enterprise fund.

51627. The assets of the insurance fund shall be applicable to the payment of losses sustained on account of insurance and to the payment of the salaries and other expenses charged against it in accordance with this part.

51628. The agency shall, after a reasonable time during which it may establish a business, be fairly competitive with other insurers, and it is the intent of the Legislature that the insurance fund shall ultimately become neither more nor less than self-supporting.

However, this section shall not be construed to preclude the insurance fund from operating in a manner that will permit the agency to create additional reserves from operations in order that the agency can maximize its insurance capacity.

51632. Claims arising out of activities of the agency on behalf of the insurance fund pursuant to this part are exempted from the provisions of Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code.

51636. Except as provided in this part, the agency, on behalf of the insurance fund pursuant to this part, shall not be subject to the provisions of the Government Code made applicable to state agencies generally or collectively, unless the section specifically names the fund as an agency to which the provision applies.

51637. With respect to the administration of the insurance fund, the agency shall be subject to the provisions of Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of, and Division 5 (commencing with Section 18000) of Title 2 of, the Government Code, and any other personnel management provisions in law that are generally applicable to state employees. Notwithstanding subdivision (e) of Section 3513 of the Government Code, up to five positions of the insurance fund of the agency may be designated as managerial under Section 18801.1 of the Government Code. All other position designations in the insurance fund of the agency are subject to Sections 3513 and 18801.1 of the Government Code. In making these designations, consideration shall be given to the agency's need and continued ability to attract and maintain qualified individuals within the insurance fund.

51639. The agency shall establish reserve accounts for unearned premiums, losses, and potential catastrophic losses caused by economic cycles. The agency shall not cause sums to be withdrawn from the loan insurance reserve account in amounts which would reduce the moneys therein to less than the insurance reserve requirement, except as necessary to satisfy liabilities arising under contracts of loan insurance. In the event that the loan insurance reserve account is reduced to less than the insurance reserve requirement, the agency shall cease making commitments for, and contracts of, insurance until the loan insurance reserve account has been restored to satisfy that requirement.

51640. There is hereby continued in existence a bond insurance reserve account in the insurance fund to secure commitments under contracts to insure bonds. The agency shall take all reasonable steps to ensure that the bond reserve account is continuously maintained at not less than the bond reserve requirement. The agency shall not cause sums to be withdrawn from the bond insurance reserve account in amounts which would reduce the moneys therein to less than the bond reserve requirement, except as necessary to satisfy liabilities arising under contracts of bond insurance. In the event that the bond insurance reserve account is reduced to less than the bond reserve requirement, the agency shall cease making contracts of

bond insurance until the account has been restored to satisfy that requirement.

51641. The agency may create other accounts within the insurance fund as it deems are necessary or convenient to carry out the purposes of this part.

51642. (a) The obligation of the agency and of the state to pay any insurance benefit pursuant to contracts of insurance insuring loans or bonds shall not exceed amounts deposited in the insurance fund which are made available therefor under the respective contracts of insurance. Nothing in this part shall require the Legislature to appropriate moneys from the General Fund in the State Treasury to the insurance fund on account of these obligations. The insurance of loans or bonds under this part shall not directly, indirectly, or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

(b) All contracts of insurance insuring loans or bonds pursuant to this part shall contain on the face thereof a statement to the following effect: "Neither the faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this contract of insurance."

(c) Moneys in the insurance fund received from the proceeds of bonds issued pursuant to the California Housing and Jobs Investment Bond Act may not be transferred to any other fund of the agency except as necessary to pay the expenses of operating the program of loan and bond insurance for single-family residential housing authorized by this part, nor shall the agency utilize any of these moneys under the direction and control of the agency, other than moneys in the insurance fund, to satisfy liabilities arising from contracts of insurance authorized by this part.

(d) Moneys in the insurance fund may not be transferred to any other fund of the agency except as necessary to pay the expenses of operating the program of loan and bond insurance authorized by this part, nor shall the agency utilize any moneys under the direction and control of the agency to satisfy liabilities arising from contracts of insurance authorized by this part.

(e) The agency, on behalf of the California Housing Loan Insurance Fund, may borrow or receive moneys from the agency or from any federal, state, or local agency or private entity, in order to create reserves in the insurance fund for loan or bond insurance as provided in this part and as authorized by resolution of the board of directors.

(f) The agency shall create a separate reserve account for insuring mortgages of multifamily housing developments which shall consist of all of the following:

(1) Funds transferred by redevelopment agencies pursuant to Section 33334.2. The use of these funds shall be consistent with Section 33334.4.

(2) Any other funds available for insuring mortgages of

multifamily housing developments as may be made available for that purpose by law and as provided in this part.

(g) Reserve funds for the single-family mortgage guarantee insurance program and the multifamily residential mortgage guaranty insurance program shall not be commingled.

51643. The agency shall not be required to pay any tax or assessment on any property owned by the fund or upon the income therefrom.

51643.5. The agency shall be subject to, and comply with, the same reserve certification requirements as mortgage guaranty insurers who are licensed pursuant to Chapter 2A (commencing with Section 12640.01) of Part 6 of Division 2 of the Insurance Code.

CHAPTER 3. PROGRAM PRIORITIES

51645. The agency shall establish priorities for the allocation of loan-insurance assistance in accordance with the purposes and general provisions of Chapter 2 (commencing with Section 50950) of Part 3 of this division and Article 6 (commencing with Section 51225) of Chapter 5 of Part 3 of this division, in compliance with the needs identified in the California Statewide Housing Plan, and as provided in this part.

51646. Insured loans shall not be made available pursuant to this part in areas where there exists widespread damage of a substantial nature to residential structures resulting from any natural or other disaster, including fire, flood, wind, and earthquake.

51647. The agency shall establish and maintain separate accounts in the insurance fund for a single-family mortgage guaranty insurance program and a multifamily residential mortgage guaranty insurance program. Each program shall be actuarially sound and shall be capitalized through separate insurance funds.

51648. The agency shall make efforts to equitably distribute insurance based on a regionalized basis, weighted in accordance with the geographic distribution of the state's population. While maintaining the actuarial soundness of the fund, the agency shall focus on housing opportunities that benefit households with incomes at or below area median income, households that require mortgages at or above 95 percent of the price of the home, or households that are participating in locally administered housing programs.

CHAPTER 4. LOAN INSURANCE

51650. (a) To be qualified for loan insurance, a borrower shall be, or by reason of a loan insured pursuant to this part shall become, the owner of a multifamily rental housing development or a single-family residential structure for which an insured loan is authorized, and shall be able to bear the usual expenses of maintaining the housing development, development, or structure and repay the loan. To be qualified for loan insurance on a

single-family residential housing unit, the borrower shall also qualify as a person or family of low or moderate income, as that term is defined in Section 51603. The agency may, by resolution, establish additional requirements that it deems necessary to accomplish the purposes of this part.

(b) For the purpose of increasing the efficiency and minimizing the cost of the loan insurance program, the agency may insure or issue commitments to insure loans upon the certification of an officer of an approved lending institution that the borrower is qualified for loan insurance according to eligibility requirements specified by the agency.

51651. The agency shall specify the percentage of the outstanding principal indebtedness which may be insured under this part with respect to each category of loan authorized to be insured under this part. Loans not secured by a mortgage of first priority may be insured for an amount equal to 100 percent of the outstanding principal indebtedness. All other categories of loans may be insured only for the percentage of the amount of risk that the agency determines is necessary to induce approved lending institutions to make the loans for the purposes specified in this part.

51652. Loans insured under this part shall meet all of the following requirements:

(a) The loans shall be made for a period acceptable to the agency not to exceed 40 years or four-fifths of the remaining life of the structure, as determined by the agency, whichever is less.

(b) The loans shall be subject to maximum loan amounts for each category of loan authorized to be insured under this part.

(c) The loans shall be secured by mortgages, or the loan shall be wholly or partially insured or guaranteed by an agency or instrumentality of the United States, except for property improvement loans under limits established by the agency.

(d) The agency may establish loan-to-value limitations for each category of loan and may set forth limitations on the further encumbrance of structures and other real property securing loans, but only to the extent necessary to prevent unreasonable impairment of the agency's security. In no case involving refinancing shall the loan have a principal obligation in an amount exceeding the sum of the estimated cost of rehabilitation, if any, and the amount required to refinance existing indebtedness secured by the property and settlement and closing costs incurred in connection therewith.

(e) Loans involving the rehabilitation of residential structures shall have a principal obligation not exceeding an amount which, when added to any outstanding indebtedness constituting a lien upon the property securing the loan, creates a total outstanding indebtedness which would be reasonably secured by a mortgage of first priority on the property pursuant to subdivision (d), and as set forth by the agency.

(f) Loans involving refinancing may be insured only if refinancing is necessary to permit a borrower to afford the cost of rehabilitation,

to lower his or her monthly debt-to-income payments, minimize rent increases for occupants of the residential structure, where the rents would otherwise exceed affordable rents due to the expense of rehabilitation, or to achieve another purpose specified in this division.

(g) With respect to loans involving the rehabilitation of a residential structure, the agency shall determine that the rehabilitation is economically feasible. For purposes of this subdivision, the economic feasibility of rehabilitation projects involving commercial space in a mixed residential and commercial structure shall be determined independently for any structure to be rehabilitated for mixed residential and commercial uses.

(h) For the purpose of increasing the efficiency and minimizing the cost of the loan insurance program, the agency may insure, or issue commitments to insure, loans, upon the certification of an officer of an approved lending institution that the proposed rehabilitation conforms to requirements specified by the agency regarding economic feasibility.

(i) The agency shall contract with the insured or the borrower, or both, during the term of the insurance if the agency determines that either or both of those contracts is necessary to maintain residential rentals available to lower income households at affordable rents.

(j) Relocation payments shall be made to persons and families displaced in making a site or residential structure available for rehabilitation or construction financed by loans insured under this part, and relocation advisory assistance provided to those persons, as specified by Section 51063. Relocation payments for rehabilitation or construction financed by loans insured by this part, shall also be made to owners involuntarily displaced because of inability to afford costs of compliance required pursuant to this part, but any payment pursuant to Section 4623 of Title 42 of the United States Code or Section 7263 of the Government Code shall be limited to the reasonable costs of a replacement dwelling adequate to accommodate the displaced person or family without regard to whether the dwelling is otherwise comparable to the dwelling formerly occupied, less the amount received from sale of the dwelling. Relocation payments may be made from the proceeds of insured loans as authorized by the agency.

(k) The residential structure for which a loan is insured pursuant to this part shall be insured against loss due to fire and other causes, as provided by the agency.

(*l*) Any other terms and conditions as the agency determines are necessary to further the purposes of this part.

51653. Notwithstanding any other provision of law, any rental housing development which is financed from mortgages insured pursuant to this part is exempt from both of the following:

(a) Any local government prohibitions against condominium conversion any time after 10 years from the date a certificate of occupancy is issued. Any condominium conversion shall be made in

accordance with the requirements of Article 2.5 (commencing with Section 66452.50) of Chapter 3 of Division 2 of Title 7 of the Government Code.

(b) Any rent control, except for units made available to lower income households as provided pursuant to subdivision (b) of Section 51226.

51654. The agency may provide insurance pursuant to this part for loans for residential structures which will be occupied primarily by persons and families of low or moderate income and for loans for privately or publicly financed rental housing developments which will benefit lower income households. "Privately financed rental housing development," as used in this section, includes rental housing developments financed by local public entities, as defined in Section 50079.

51655. Subject to this part, the agency may insure or guarantee loans made by qualified mortgage lenders for the purposes described in Section 51320.

51656. Notwithstanding any other provision of this part, the agency may establish a program of insuring reverse mortgages as authorized by resolution of the board.

51657. (a) The agency shall establish, and may from time to time revise, after public hearings, a schedule of insurance premium rates. The premiums may vary according to the category of the loan and the degree of risk related to the loan. Premiums shall be calculated in an amount which, when added to the other revenues of the insurance program, will be adequate to defray losses occasioned by defaults and the operating expenses of the program, to repay amounts advanced to the agency for purposes of this part, and gradually to expand the insurance availability of the program. Approved lending institutions shall remit premiums to the fund at intervals specified by the agency.

(b) The agency may prescribe other charges that it finds necessary, including service charges and appraisal, inspection, and other fees.

51658. (a) The agency shall establish procedures to be followed by approved lending institutions in the event of default on a loan insured under this part. The agency may require that, prior to submitting a claim, an approved lending institution shall foreclose or exercise a power of sale and take possession of the property or otherwise acquire title and possession of the property within the time specified by the agency. The agency may, upon submission of the claim, pursue one of the following alternatives:

(1) Pay the approved lending institution the benefit of the insurance.

(2) Upon conveyance to the agency of all the right, title, and interest of the approved lending institution in the foreclosed property and the assignment of all claims of the approved lending institution against the defaulting borrower to the agency, pay to the qualified mortgage lender the sum of the unpaid principal balance

of the loan, foreclosure costs, accrued interest, and other costs defined by contract.

(3) Pay a partial claim prior to foreclosure by agreement with the insured.

(b) In any case in which the agency has insured only a portion of the outstanding principal indebtedness of a loan, it may further provide that not more than an equivalent percentage of the total accrued interest and costs shall be payable by the agency pursuant to this section in the event of a default.

51659. In the event of a default on an insured loan not secured by a first mortgage, the agency may, in lieu of proceeding under Section 51658, acquire the insured loan and any security therefor upon payment to the approved lending institution of an amount equal to the unpaid principal balance of the loan, accrued interest, and other costs that the agency finds are fair, reasonable, and authorized.

51660. The agency may initiate programs of coinsurance or reinsurance with, and may procure reinsurance from, any state agency, local agency, agency of the United States, or private mortgage insurer in order to accomplish more effectively the purposes of this part. The agency may coinsure or reinsure loans made or originated by approved lending institutions which are otherwise insurable under this part.

51661. The agency may provide for, and require attendance at, homeownership counseling and training courses as a condition to the insurance of loans for the purchase or refinancing of residential structures under this part.

51662. The agency may commence any action to protect or enforce any right conferred upon it by any law, mortgage, contract of insurance, or any other agreement. The agency may bid for and purchase property sold in satisfaction thereof at any foreclosure or other sale or may otherwise acquire and take possession of that property.

CHAPTER 5. BOND INSURANCE

51670. (a) The agency may insure bonds issued by state or local agencies to finance or refinance the construction, rehabilitation, acquisition, or preservation of single-family and multifamily residential housing for persons and families of low and moderate income. The agency may charge and collect insurance premiums for the insurance and fees for services performed in conjunction with the processing and approval of insurance applications as determined by the agency. The agency shall take all reasonable steps to ensure that bonds insured pursuant to this chapter are in a form satisfactory to the agency and contain provisions relating to the underlying security for the bonds as may be required by the agency.

(b) The agency shall take reasonable steps to ensure that both of the following occur:

(1) The bonds contain, or are subject to, terms respecting

repayment, dates of maturity, and other provisions satisfactory to the agency.

(2) The bonds contain, or are subject to, provisions that the agency deems necessary with respect to security interests of the agency, including provisions relating to subrogation, liens and releases of liens, payment of taxes, escrow or trusteeship requirements, or other matters.

51671. The agency may insure bonds pursuant to this chapter only if it determines that the proceeds of the bonds will be utilized, to the maximum extent feasible, for one of the following purposes:

(a) Construction or rehabilitation of multifamily rental housing for persons and families of low or moderate income.

(b) Construction or rehabilitation of housing that utilizes federal rental or other subsidies.

(c) Construction or rehabilitation of other dwelling units for persons and families of low or moderate income.

CHAPTER 6. LOAN LOSS GUARANTEE PROGRAM

51680. The agency may administer a loan loss guarantee program in order to induce private lenders to make construction loans for seismic rehabilitation improvements which are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, structural engineer, or an architect for a property which has been identified by a local jurisdiction as being potentially hazardous, as defined in Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2 of the Government Code, or as being hazardous in the event of an earthquake, as defined in Article 4 (commencing with Section 19160) of Chapter 2 of Part 3 of Division 13.

51681. (a) Except as provided in subdivision (b), the agency shall only issue rehabilitation loan loss guarantees on single-family homes or on buildings with five or more residential units and where any commercial use in those buildings is limited to the basement and ground floors or where the commercial use occupies less than 15 percent of the total square footage of the building.

(b) For the purpose of using the program enacted by this chapter in conjunction with the multifamily seismic retrofit program authorized by Section 50668.5, the 15-percent limitation on commercial space required by subdivision (a) may be waived in order to facilitate the seismic retrofit of lower income housing.

51683. The agency may issue a loan loss guarantee in the amount of 25 percent of the actual loss of a loan guaranteed under this section. The fund may not guarantee any loan loss in excess of the amount of permanent loan financing for the property. No guarantee shall be made for a property which does not have a binding, unconditional, permanent financing commitment from a lender acceptable to the agency, nor for a property in which the owner has less than a 20-percent equity interest.

51684. (a) The agency shall collect a premium for a loan loss guarantee as provided in Section 51657. All premiums shall be deposited in the Seismic Rehabilitation Loan Loss Guarantee Account within the insurance fund, which is hereby created.

(b) Premiums shall be calculated in an amount which, when added to the other revenues of the account, will be adequate to, in the following order of priority: pay losses on claims made under loan loss guarantees issued hereunder, pay actual operating costs of the program, and repay moneys transferred to the account pursuant to Section 51685. The agency is authorized to transfer from the account actual operating expenses necessary for its administration of this program. Any excess premiums shall be retained in the account and used to expand the loan loss guarantee program hereunder.

(c) Moneys in the account shall be segregated from other moneys of the insurance fund and shall not be transferred from the account for any purpose, except as provided in this chapter. Loan loss guarantees issued by the agency for the benefit of either construction lenders or borrowers shall specify that only the moneys in the account are available to pay claims under loan loss guarantees and that the other assets of the insurance fund, the assets of the agency, and the assets of the State of California are not available to pay claims or damages resulting from loan loss guarantees.

51685. Moneys transferred to the insurance fund under this section may be used to create reserves for loan loss guarantees authorized by this chapter and for the initial administrative expenses of the program which are not offset by premium income.

51685.5. (a) Notwithstanding any other provision of law, the California Housing Insurance Fund may borrow one million eight hundred thousand dollars ($1,800,000) from the Local Agency Indebtedness Fund, established pursuant to Article 6.5 (commencing with Section 16496) of Chapter 3 of Division 4 of Title 2 of the Government Code, for the purpose of establishing the Seismic Rehabilitation Loan Loss Guarantee Account within the fund as authorized by subdivision (d) of Section 51642.

(b) Upon request of the agency, the Pooled Money Investment Board shall transfer from the Local Agency Indebtedness Fund amounts authorized hereunder and upon terms and conditions to which the agency and the board shall agree. Moneys borrowed hereunder shall constitute a loan, which shall be repaid with simple interest accrued at the pooled money investment rate exclusively from premium income collected by the agency for seismic rehabilitation loan loss guarantees issued under this chapter. No other moneys of the agency shall be liable for repayment of the loan from the Local Agency Indebtedness Fund. The loan authorized, along with accrued interest, shall be due and payable not later than one year from the date of expiration of the last outstanding loan loss guarantee issued, or not later than January 1, 2010, whichever comes first, or unless the Legislature extends the sunset provision of this program because of the success and continuing need for the

program.

(c) Moneys transferred to the agency under this section may be used to create reserves for loan loss guarantees authorized by this chapter and for the initial administrative expenses of the program which are not offset by premium income.

51686. In addition to the powers expressly granted by this chapter, the agency shall have all the powers granted under this part in administering this program which are not inconsistent with this chapter.

51687. This chapter shall be inoperative if moneys are not transferred to the fund pursuant to Section 51685.5 for the purposes defined in Section 51680.

52533.6. This part shall remain in effect only until the Director of Finance certifies, in writing, to the Secretary of State that all mortgages made, and all debts incurred, pursuant to this part on or before the date of the approval of the California Housing and Jobs Investment Bond Act (Part 6.1 (commencing with Section 52534)) by the California electorate, have been extinguished, and as of the date of that certification is repealed, unless a later enacted statute, which is enacted before that certification, deletes or extends that date.

SEC. 3. Part 6.1 (commencing with Section 52534) is added to Division 31 of the Health and Safety Code, to read:

PART 6.1. CALIFORNIA HOUSING AND JOBS INVESTMENT BOND ACT

52534. This part shall be known and may be cited as the California Housing and Jobs Investment Bond Act.

52534.1. The Legislature finds and declares all of the following:

(a) The First-Time Home Buyers Bond Act of 1982 authorized two hundred million dollars ($200,000,000) in bonds for a program that became unworkable. There remains one hundred eighty-five million dollars ($185,000,000) in authorized but unissued bonds under the First-Time Home Buyers Bond Act of 1982.

(b) Pursuant to Section 1 of Article XVI of the California Constitution, the Legislature may reduce the amount of indebtedness authorized under a bond act approved by the voters to an amount not less than the amount issued under the bond act at the time of the reduction.

(c) It is desirable to reduce the authorized indebtedness under the First-Time Home Buyers Bond Act of 1982 to an amount equal to the amount of the bonds that have been issued under that act and seek the voters' approval of the expenditure of the unused portion of that amount, which will then be used to improve the availability of mortgage financing for residential housing for persons and families of low and moderate income as provided in Part 4 (commencing with Section 51600).

52534.2. As used in this part, the following terms have the following meanings:

(a) "Board" means the board of directors of the California Housing Finance Agency. The board shall be the "board" as that

(b) "Committee" means the Housing Loan Insurance Bond Committee, which is hereby created, consisting of the Director of Finance, the Treasurer, the executive director of the agency, and the Controller. The Treasurer shall serve as chairperson of the committee. The committee shall be the "committee" as that term is used in the State General Obligation Bond Law.

(c) "Fund" means the California Housing Loan Insurance Fund as authorized by Section 51623.

52534.3. The proceeds of bonds issued and sold pursuant to this part shall be deposited in the fund. Notwithstanding Section 13340 of the Government Code, all amounts in the fund are continuously appropriated for the purpose of mortgage guaranty insurance for low and moderate income first-time home buyers, as specified in Part 4 (commencing with Section 51600), and the expenses of sale of the bonds.

52534.4. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) is hereby adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this part, and the provisions of that law are included in this part as though set out in full in this part. Section 16727 of the Government Code shall not apply to proceeds of bonds issued pursuant to this part.

52534.5. The committee is hereby authorized and empowered to create a debt or debts and a liability or liabilities of the State of California, in the aggregate amount of one hundred eighty-five million dollars ($185,000,000), not including the amount of any refunding bonds, or so much thereof as necessary, for carrying out the purposes specified in Section 52534.3, and shall be deposited in the fund. The proceeds of the bonds may also be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

52534.6. Notwithstanding Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, the committee may, whenever it deems it necessary to effectuate this part or to conduct an effective sale, authorize the Treasurer to sell any issue of bonds under either, or both, of the following conditions:

(a) With interest payments to be made less frequently than semiannually, and an initial interest payment later than one year after the date of the bonds, if the interest payment date is not later than the maturity date of the bonds and is fixed to coincide, as nearly as the fund may deem it to be practicable, with the dates and amounts of the estimated revenues estimated to accrue to the fund pursuant to this part.

(b) At less than the par value thereof if necessary to an effective sale, but the discount pursuant to this subdivision shall not exceed 6

percent of the par value thereof.

52534.7. The committee, upon the request of the board, shall determine whether or not it is necessary or desirable to issue any bonds authorized under this part, and if so, the amount of bonds then to be issued and sold. The committee may authorize the Treasurer to sell all or any part of the bonds herein authorized at a time or times fixed by the Treasurer. The bonds may be sold with interest subject to federal income taxation.

52534.8. (a) All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereon.

(b) There shall be collected annually in the same manner and at the same time as other state revenue is collected, a sum, in addition to the ordinary revenues of the state, that shall be required to pay the principal and interest on the bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which shall be necessary to collect any additional sum.

52534.9. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this part, the sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this part, as the principal and interest become due and payable.

52534.10. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

52534.11. Bonds issued and sold pursuant to this part may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code.

52534.12. Notwithstanding any provision of this part or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this part the interest on which is intended to be excluded from gross income for federal tax purposes, the Treasurer shall be authorized to maintain separate accounts for the investment of bond proceeds and the investment earnings on these proceeds, and the Treasurer shall be authorized to use or direct the use of these proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

52534.13. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account,

in accordance with Section 16312 of the Government Code, for the purposes of carrying out this part. The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this part. The board shall execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund for use in accordance with this part.

52534.14. The board shall determine annually whether the moneys earned from the use of the fund exceed the required program costs and reserves so that they should be transferred to the General Fund to repay the cost, which includes principal and interest, of the bonds issued pursuant to this part. In making this determination, the board of directors shall consider the capital and surplus reserve requirements, earnings, future business needs, regulatory costs, financial conditions, and any other factors appropriate to the prudent management of the programs prescribed pursuant to this part, and the board of directors shall use actuarially sound methods and generally accepted accounting principles.

52534.15. The Legislature may, from time to time, amend the provisions of law relating to programs to which funds are, or have been, allocated pursuant to Section 52534.5 for the purpose of improving the efficiency and effectiveness of the program. The Legislature may also, from time to time, amend the provisions of law relating to the programs to which funds are, or have been, allocated pursuant to Section 52534.5 for the purpose of furthering the goals of the program.

SECTION 1. Section 3208.3 of the Labor Code is amended to read:

3208.3. (a) A psychiatric injury shall be compensable if it is a mental disorder which causes disability or need for medical treatment, and it is diagnosed pursuant to procedures promulgated under paragraph (4) of subdivision (j) of Section 139.2 or, until these procedures are promulgated, it is diagnosed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(b) (1) In order to establish that a psychiatric injury is compensable, an employee shall demonstrate by a preponderance of the evidence that actual events of employment were predominant as to all causes combined of the psychiatric injury.

(2) Notwithstanding paragraph (1), in the case of employees whose injuries resulted from being a victim of a violent act or from direct exposure to a significant violent act, the employee shall be required to demonstrate by a preponderance of the evidence that actual events of employment were a substantial cause of the injury.

(3) For the purposes of this section, "substantial cause" means at least 35 to 40 percent of the causation from all sources combined.

(c) It is the intent of the Legislature in enacting this section to establish a new and higher threshold of compensability for psychiatric injury under this division.

(d) Notwithstanding any other provision of this division, no compensation shall be paid pursuant to this division for a psychiatric injury related to a claim against an employer unless the employee has been employed by that employer for at least six months. The six months of employment need not be continuous. This subdivision shall not apply if the psychiatric injury is caused by a sudden and extraordinary employment condition. Nothing in this subdivision shall be construed to authorize an employee, or his or her dependents, to bring an action at law or equity for damages against the employer for a psychiatric injury, where those rights would not exist pursuant to the exclusive remedy doctrine set forth in Section 3602 in the absence of the amendment of this section by the act

adding this subdivision.

(e) Where the claim for compensation is filed after notice of termination of employment or layoff, including voluntary layoff, and the claim is for an injury occurring prior to the time of notice of termination or layoff, no compensation shall be paid unless the employee demonstrates by a preponderance of the evidence that actual events of employment were predominant as to all causes combined of the psychiatric injury and one or more of the following conditions exist:

(1) Sudden and extraordinary events of employment were the cause of the injury.

(2) The employer has notice of the psychiatric injury under Chapter 2 (commencing with Section 5400) prior to the notice of termination or layoff.

(3) The employee's medical records compiled prior to notice of termination or layoff contain evidence of treatment of the psychiatric injury.

(4) Upon a finding of sexual or racial harassment by any trier of fact, whether contractual, administrative, regulatory, or judicial.

(5) Evidence that the date of injury, as specified in Section 5411 or 5412, is subsequent to the date of the notice of termination or layoff, but prior to the effective date of the termination or layoff.

(f) For purposes of this section, an employee provided notice pursuant to Sections 44948.5, 44949, 44951, 44955, 44955.6, 72411, 87740, and 87743 of the Education Code shall be considered to have been provided a notice of termination or layoff only upon a district's final decision not to reemploy that person.

(g) A notice of termination or layoff that is not followed within 60 days by that termination or layoff shall not be subject to the provisions of this subdivision, and this subdivision shall not apply until receipt of a later notice of termination or layoff. The issuance of frequent notices of termination or layoff to an employee shall be considered a bad faith personnel action and shall make this subdivision inapplicable to the employee.

(h) No compensation under this division shall be paid by an employer for a psychiatric injury if the injury was substantially caused by a lawful, nondiscriminatory, good faith personnel action. The burden of proof shall rest with the party asserting the issue.

(i) When a psychiatric injury claim is filed against an employer, and an application for adjudication of claim is filed by an employer or employee, the division shall provide the employer with information concerning psychiatric injury prevention programs.

SEC. 2. Section 3600 of the Labor Code is amended to read:

3600. (a) Liability for the compensation provided by this division, in lieu of any other liability whatsoever to any person except as otherwise specifically provided in Sections 3602, 3706, and 4558, shall, without regard to negligence, exist against an employer for any injury sustained by his or her employees arising out of and in the course of the employment and for the death of any employee if the

injury proximately causes death, in those cases where the following conditions of compensation concur:

(1) Where, at the time of the injury, both the employer and the employee are subject to the compensation provisions of this division.

(2) Where, at the time of the injury, the employee is performing service growing out of and incidental to his or her employment and is acting within the course of his or her employment.

(3) Where the injury is proximately caused by the employment, either with or without negligence.

(4) Where the injury is not caused by the intoxication, by alcohol or the unlawful use of a controlled substance, of the injured employee. As used in this paragraph, "controlled substance" shall have the same meaning as prescribed in Section 11007 of the Health and Safety Code.

(5) Where the injury is not intentionally self-inflicted.

(6) Where the employee has not willfully and deliberately caused his or her own death.

(7) Where the injury does not arise out of an altercation in which the injured employee is the initial physical aggressor.

(8) Where the injury is not caused by the commission of a felony, or a crime which is punishable as specified in subdivision (b) of Section 17 of the Penal Code, by the injured employee, for which he or she has been convicted.

(9) Where the injury does not arise out of voluntary participation in any off-duty recreational, social, or athletic activity not constituting part of the employee's work-related duties, except where these activities are a reasonable expectancy of, or are expressly or impliedly required by, the employment. The administrative director shall promulgate reasonable rules and regulations requiring employers to post and keep posted in a conspicuous place or places a notice advising employees of the provisions of this subdivision. Failure of the employer to post the notice shall not constitute an expression of intent to waive the provisions of this subdivision.

(10) Except for psychiatric injuries governed by subdivision (e) of Section 3208.3, where the claim for compensation is filed after notice of termination or layoff, including voluntary layoff, and the claim is for an injury occurring prior to the time of notice of termination or layoff, no compensation shall be paid unless the employee demonstrates by a preponderance of the evidence that one or more of the following conditions apply:

(A) The employer has notice of the injury, as provided under Chapter 2 (commencing with Section 5400), prior to the notice of termination or layoff.

(B) The employee's medical records, compiled prior to the notice of termination or layoff, contain evidence of the injury.

(C) The date of injury, as specified in Section 5411, is subsequent to the date of the notice of termination or layoff, but prior to the effective date of the termination or layoff.

(D) The date of injury, as specified in Section 5412, is subsequent to the date of the notice of termination or layoff.

For purposes of this paragraph, an employee provided notice pursuant to Sections 44948.5, 44949, 44951, 44955, 44955.6, 72411, 87740, and 87743 of the Education Code shall be considered to have been provided a notice of termination or layoff only upon a district's final decision not to reemploy that person.

A notice of termination or layoff that is not followed within 60 days by that termination or layoff shall not be subject to the provisions of this paragraph, and this paragraph shall not apply until receipt of a later notice of termination or layoff. The issuance of frequent notices of termination or layoff to an employee shall be considered a bad faith personnel action and shall make this paragraph inapplicable to the employee.

(b) Where an employee, or his or her dependents, receives the compensation provided by this division and secures a judgment for, or settlement of, civil damages pursuant to those specific exemptions to the employee's exclusive remedy set forth in subdivision (b) of Section 3602 and Section 4558, the compensation paid under this division shall be credited against the judgment or settlement, and the employer shall be relieved from the obligation to pay further compensation to, or on behalf of, the employee or his or her dependents up to the net amount of the judgment or settlement received by the employee or his or her heirs, or that portion of the judgment as has been satisfied.

SEC. 3. The provisions of this act apply only to injuries occurring on or after the effective date of this act.

SEC. 4. This act shall become operative only if AB 110, AB 1300, SB 484, and SB 983 of the 1993–94 Regular Session are all enacted and become effective on or before January 1, 1994.

A violation of this section constitutes unprofessional conduct and grounds for disciplinary action.

SEC. 2. Section 6154 of the Business and Professions Code is amended to read:

6154. (a) Any contract for professional services secured by any attorney at law or law firm in this state through the services of a runner or capper is void. In any action against any attorney or law firm under the Unfair Practices Act, Chapter 4 (commencing with Section 17000) of Division 7, or Chapter 5 (commencing with Section 17200) of Division 7, any judgment shall include an order divesting the attorney or law firm of any fees and other compensation received pursuant to any such void contract. Moneys deposited into the Workers' Compensation Fraud Account pursuant to this subdivision shall be used in the investigation and prosecution of workers' compensation fraud, as appropriated by the Legislature.

SEC. 2.5. Chapter 2.7 (commencing with Section 5499.30) is added to Division 3 of the Business and Professions Code, to read:

(b) As used in this section, the term "legal services" includes any service which refers potential clients to any attorney.

(b) Offering or giving an incidental nonmonetary gift or gratuity to a person who has made a recommendation resulting in the employment of the attorney or law firm, provided that the gift or gratuity was not offered in consideration of any promise, agreement, or understanding that the gift or gratuity would be forthcoming or that referrals would be made or encouraged in the future.

(c) Offering or giving a bonus to an employee who has made a referral or recommendation resulting in the employment of the attorney or law firm, provided that the bonus was not offered in consideration of any promise, agreement, or understanding that the bonus would be forthcoming or that referrals or recommendations would be made or encouraged in the future.

SEC. 3. Section 1871.4 of the Insurance Code is amended to read:

1871.4. (a) It is unlawful to do any of the following:

(1) Make or cause to be made any knowingly false or fraudulent material statement or material representation for the purpose of obtaining or denying any compensation, as defined in Section 3207 of the Labor Code.

(2) Present or cause to be presented any knowingly false or fraudulent written or oral material statement in support of, or in opposition to, any claim for compensation for the purpose of obtaining or denying any compensation, as defined in Section 3207 of the Labor Code.

(3) Knowingly assist, abet, conspire with, or solicit any person in an unlawful act under this section.

(4) Make or cause to be made any knowingly false or fraudulent statements with regard to entitlement to benefits with the intent to discourage an injured worker from claiming benefits or pursuing a claim.

For the purposes of this subdivision, "statement" includes, but is not limited to, any notice, proof of injury, bill for services, payment for services, hospital or doctor records, X-ray, test results, medical-legal expense as defined in Section 4620 of the Labor Code, other evidence of loss, injury, or expense, or payment.

(b) Every person who violates subdivision (a) shall be punished by imprisonment in county jail for one year, or in the state prison, for two, three, or five years, or by a fine not exceeding fifty thousand dollars ($50,000) or double the value of the fraud, whichever is greater, or by both imprisonment and fine. Restitution shall be ordered, including restitution for any medical evaluation or treatment services obtained or provided. The court shall determine the amount of restitution and the person or persons to whom the restitution shall be paid.

(c) Any person who violates subdivision (a) and who has a prior felony conviction of that subdivision, of former Section 1871.1, or of Section 548 or 550 of the Penal Code, shall receive a two-year enhancement for each prior conviction in addition to the sentence provided in subdivision (b).

The existence of any fact that would subject a person to a penalty

enhancement shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(d) This section shall not be construed to preclude the applicability of any other provision of criminal law that applies or may apply to any transaction.

SEC. 3.1. Section 1871.5 is added to the Insurance Code, to read:

1871.5. Any person convicted of workers' compensation fraud pursuant to Section 1871.4 or Section 550 of the Penal Code shall be ineligible to receive or retain any compensation, as defined in Section 3207 of the Labor Code, where that compensation was owed or received as a result of a violation of Section 1871.4 or Section 550 of the Penal Code for which the recipient of the compensation was convicted.

SEC. 3.2. Section 1871.6 is added to the Insurance Code, to read:

1871.6. The provisions of Section 781 of the Penal Code are applicable to any prosecutions for violations of Section 1871.4. This section is declaratory of existing law and shall not be interpreted to limit the applicability of Section 781 of the Penal Code to any other criminal provisions.

SEC. 3.3. Section 1871.7 is added to the Insurance Code, to read:

1871.7. (a) It is unlawful to knowingly employ runners, cappers, steerers, or other persons to procure clients or patients to perform or obtain services or benefits pursuant to Division 4 (commencing with Section 3200) of the Labor Code.

(b) Every person who violates any provision of this section shall be subject, in addition to any other penalties that may be prescribed by law, to a civil penalty of not less than five thousand dollars ($5,000) nor more than ten thousand dollars ($10,000), plus an assessment of not more than three times the amount of each claim for compensation, as defined in Section 3207 of the Labor Code, submitted in connection with violation of this section.

(c) Any person who violates subdivision (a) and who has a prior felony conviction of an offense set forth in Section 1871.1 or 1871.4, or in Section 549 of the Penal Code, shall be subject, in addition to the penalties set forth in subdivision (b), to a civil penalty of five thousand dollars ($5,000) for each item or service with respect to which a violation of subdivision (a) occurred.

(d) The Attorney General or district attorney may bring a civil action under this section.

(e) (1) Any interested persons may bring a civil action for a violation of this section for the person and for the State of California. The action shall be brought in the name of the state. The action may be dismissed only if the court and the Attorney General give written consent to the dismissal and their reasons for consenting.

(2) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be

served on the state. The complaint shall be filed in camera, shall remain under seal for at least 60 days, and shall not be served on the defendant until the court so orders. The Attorney General or local district attorney may elect to intervene and proceed with the action within 60 days after he or she receives both the complaint and the material evidence and information. If both the Attorney General and the district attorney elect to intervene, the Attorney General shall have precedence.

(3) The Attorney General or district attorney may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2). The motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed under this section until 20 days after the complaint is unsealed and served upon the defendant.

(4) Before the expiration of the 60-day period or any extensions obtained under paragraph (3), the Attorney General or district attorney shall either:

(A) Proceed with the action, in which case the action shall be conducted by the Attorney General or district attorney.

(B) Notify the court that it declines to take over the action, in which case the person bringing the action shall have the right to conduct the action.

(5) When a person brings an action under this section, no person other than the Attorney General or district attorney may intervene or bring a related action based on the facts underlying the pending action.

(f) (1) If the Attorney General or district attorney proceeds with the action, he or she shall have the primary responsibility for prosecuting the action, and shall not be bound by an act of the person bringing the action. That person shall have the right to continue as a party to the action, subject to the limitations set forth in paragraph (2).

(2) (A) The Attorney General or district attorney may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the Attorney General or district attorney of the filing of the motion, and the court has provided the person with an opportunity for a hearing on the motion.

(B) The Attorney General or district attorney may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be held in camera.

(C) Upon a showing by the Attorney General or district attorney that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the Attorney General's or district attorney's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the

court may, in its discretion, impose limitations on the person's participation, including, but not limited to, the following:

(i) Limiting the number of witnesses the person may call.

(ii) Limiting the length of the testimony of such witnesses.

(iii) Limiting the person's cross-examination of witnesses.

(iv) Otherwise limiting the participation by the person in the litigation.

(D) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(3) If the Attorney General or district attorney elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the Attorney General or district attorney so requests, he or she shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts, at the Attorney General's or district attorney's expense. When a person proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the Attorney General or district attorney to intervene at a later date upon a showing of good cause.

(4) Whether or not the Attorney General or district attorney proceeds with the action, upon a showing by the Attorney General or district attorney that certain actions of discovery by the person initiating the action would interfere with the Attorney General's or district attorney's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than 60 days. A hearing on a request for the stay shall be conducted in camera. The court may extend the 60-day period upon a further showing in camera that the Attorney General or district attorney has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(5) Notwithstanding subdivision (e), the Attorney General or district attorney may elect to pursue its claim through any alternate remedy available to the Attorney General or district attorney. If any such alternate remedy is pursued in another proceeding, the person initiating the action shall have the same rights in that proceeding as the person would have had if the action had continued under this section. Any finding of fact or conclusion of law made in the other proceeding that has become final shall be conclusive on all parties to an action under this section. For purposes of the preceding sentence, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court, if all time for filing an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(g) (1) If the Attorney General or district attorney proceeds with

an action brought by a person under subdivision (e), that person shall, subject to the second sentence of this paragraph, receive at least 15 percent but not more than 25 percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action. Where the action is one that the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the action, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative or administrative report, hearing, audit, or investigation, or from the news media, the court may award such sums as it considers appropriate, but in no case more than 10 percent of the proceeds, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation. Any payment to a person under the first or second sentence of this paragraph shall be made from the proceeds. Any such person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(2) If the Attorney General or district attorney does not proceed with an action under this section, the person bringing the action or settling the claim shall receive an amount that the court decides is reasonable for collecting the civil penalty and damages. The amount shall not be less than 25 percent and not more than 30 percent of the proceeds of the action or settlement and shall be paid out of the proceeds. That person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(3) Whether or not the Attorney General or district attorney proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation of this section, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. The dismissal shall not prejudice the right of the Attorney General or district attorney to continue the action on behalf of the state.

(4) If the Attorney General or district attorney does not proceed with the action, and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(h) (1) In no event may a person bring an action under subdivision (e) that is based upon allegations or transactions that are the subject of a civil suit or an administrative civil money penalty proceeding in which the Attorney General or district attorney is already a party.

(2) (A) No court shall have jurisdiction over an action under this section based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing in a legislative or administrative report, hearing, audit, or investigation, or from the news media, unless the action is brought by the Attorney General or the person bringing the action is an original source of the information.

(B) For purposes of this paragraph, "original source" means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the Attorney General or district attorney before filing an action under this section which is based on the information.

(i) The Attorney General or district attorney is not liable for expenses that a person incurs in bringing an action under this section.

(j) In civil actions brought under this section by the Attorney General or district attorney, the court shall award to a prevailing defendant reasonable attorneys' fees and expenses unless the court finds that the position of the Attorney General or district attorney was substantially justified or that special circumstances make an award unjust.

(k) Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of lawful acts done by the employee on behalf of the employee or others in furtherance of an action under this section, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under this section, shall be entitled to all relief necessary to make the employee whole. That relief shall include reinstatement with the same seniority status the employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee may bring an action in the appropriate superior court for the relief provided in this subdivision. The remedies under this section are in addition to any other remedies provided by existing law.

SEC. 3.6. Section 1877.5 of the Insurance Code is amended to read:

1877.5. No insurer, or agent authorized by an insurer to act on its behalf, who furnishes information, written or oral, pursuant to this article, and no authorized governmental agency or its employees who (a) furnishes or receives information, written or oral, pursuant to this article, or (b) assists in any investigation of a suspected violation of Section 1871.1, 1871.4, 11760, or 11880, or of Section 549 of the Penal Code, or of Section 3215 or 3219 of the Labor Code conducted by an authorized governmental agency, shall be subject to any civil liability in a cause or action of any kind where the insurer, authorized agent, or authorized governmental agency acts in good

faith, without malice, and reasonably believes that the action taken was warranted by the then known facts, obtained by reasonable efforts. Nothing in this chapter is intended to, nor does in any way or manner, abrogate or lessen the existing common law or statutory privileges and immunities of an insurer, agent authorized by that insurer to act on its behalf, or any authorized governmental agency or its employees.

(b) Section 3215 shall not be construed to prohibit a public defender or assigned counsel from making known his or her availability as a criminal defense attorney to persons unable to afford legal counsel, whether or not those persons are in custody.

(c) Any person who commits an act that violates both Section 3215 and either Section 650 of the Business and Professions Code or Section 750 of the Insurance Code shall, upon conviction, have judgment and sentence imposed for only one violation for any act.

SEC. 4. Section 3219 is added to the Labor Code, to read:

3219. (a) (1) Except as otherwise permitted by law, any person acting individually or through his or her employees or agents, who offers or delivers any rebate, refund, commission, preference, patronage, dividend, discount, or other consideration to any adjuster of claims for compensation, as defined in Section 3207, as compensation, inducement, or reward for the referral or settlement of any claim, is guilty of a felony.

SEC. 4.5. Article 5 (commencing with Section 3820) is added to Chapter 4 of Division 4 of the Labor Code, to read:

Article 5. Workers' Compensation Misrepresentations

3820. (a) In enacting Sections 1871.5 and 1871.6, the Legislature declares that there exists a compelling interest in eliminating fraud in the workers' compensation system. The Legislature recognizes that the conduct prohibited by these sections is, for the most part, already subject to criminal penalties pursuant to other provisions of law. However, the Legislature finds and declares that the addition of civil money penalties will provide necessary enforcement flexibility. The Legislature, in exercising its plenary authority related to workers' compensation, declares that these sections are both necessary and carefully tailored to combat the fraud and abuse that is rampant in the workers' compensation system.

(b) It is unlawful to do any of the following:

(1) Willfully misrepresent any fact in order to obtain workers' compensation insurance at less than the proper rate.

(2) Present or cause to be presented any knowingly false or fraudulent written or oral material statement in support of, or in opposition to, any claim for compensation for the purpose of obtaining or denying any compensation, as defined in Section 3207.

(3) Knowingly solicit, receive, offer, pay, or accept any rebate, refund, commission, preference, patronage, dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for soliciting or referring clients or patients to obtain services or benefits pursuant to Division 4 (commencing with Section 3200) unless the payment or receipt of consideration for services other than the referral of clients or patients is lawful pursuant to Section 650 of the Business and Professions Code or expressly permitted by the Rules of Professional Conduct of the State Bar.

(4) Knowingly operate or participate in a service that, for profit, refers or recommends clients or patients to obtain medical or medical-legal services or benefits pursuant to Division 4 (commencing with Section 3200).

(5) Knowingly assist, abet, solicit, or conspire with any person who engages in an unlawful act under this section.

(c) For the purposes of this section, "statement" includes, but is not limited to, any notice, proof of injury, bill for services, payment for services, hospital or doctor records, X-ray, test results, medical-legal expenses as defined in Section 4620, or other evidence of loss, expense, or payment.

(d) Any person who violates any provision of this section shall be subject, in addition to any other penalties that may be prescribed by law, to a civil penalty of not less than two thousand dollars ($2,000) nor more than five thousand dollars ($5,000), plus an assessment of not more than three times the amount of the medical treatment expenses paid pursuant to Article 2 (commencing with Section 4600) and medical-legal expenses paid pursuant to Article 2.5 (commencing with Section 4620) for each claim for compensation submitted in violation of this section.

(e) Any person who violates subdivision (b) and who has a prior felony conviction of an offense set forth in Section 1871.1 or 1871.4 of the Insurance Code, or in Section 549 of the Penal Code, shall be subject, in addition to the penalties set forth in subdivision (d), to a civil penalty of two thousand dollars ($2,000) for each item or service with respect to which a violation of subdivision (b) occurred.

(f) The penalties provided for in subdivisions (d) and (e) shall be assessed and recovered In a civil action brought in the name of the people of the State of California by any district attorney.

(g) In assessing the amount of the civil penalty the court shall consider any one or more of the relevant circumstances presented by any of the parties to the case, including, but not limited to, the following: the nature and seriousness of the misconduct, the number of violations, the persistence of the misconduct, the length of time over which the misconduct occurred, the willfulness of the defendant's misconduct, and the defendant's assets, liabilities, and net worth.

(h) All penalties collected pursuant to this section shall be paid to the Workers' Compensation Fraud Account in the Insurance Fund

pursuant to Section 1872.83 of the Insurance Code. All costs incurred by district attorneys in carrying out this article shall be funded from the Workers' Compensation Fraud Account. It is the intent of the Legislature that the program instituted by this article be supported entirely from funds produced by moneys deposited into the Workers' Compensation Fraud Account from the imposition of civil money penalties for workers' compensation fraud collected pursuant to this section. All moneys claimed by district attorneys as costs of carrying out this article shall be paid pursuant to a determination by the Fraud Assessment Commission established by Section 1372.83 of the Insurance Code and on appropriation by the Legislature.

SEC. 5. Section 4628 of the Labor Code is amended to read:

If the report discloses that the evaluation performed or the time spent performing such evaluation was not in compliance with the guidelines established by the Industrial Medical Council or the administrative director, the report shall explain, in detail, any variance and the reason or reasons therefor.

(c) If the initial outline of a patient's history or excerpting of prior medical records is not done by the physician, the physician shall review the excerpts and the entire outline and shall make additional inquiries and examinations as are necessary and appropriate to identify and determine the relevant medical issues.

(d) No amount may be charged in excess of the direct charges for the physician's professional services and the reasonable costs of laboratory examinations, diagnostic studies, and other medical tests, and reasonable costs of clerical expense necessary to producing the report. Direct charges for the physician's professional services shall include reasonable overhead expense.

(e) Failure to comply with the requirements of this section shall make the report inadmissible as evidence and shall eliminate any

liability for payment of any medical-legal expense incurred in connection with the report.

(f) Knowing failure to comply with the requirements of this section shall subject the physician to a civil penalty of up to one thousand dollars ($1,000) for each violation to be assessed by a workers' compensation judge or the appeals board.

(i) Any person billing for medical-legal evaluations, diagnostic procedures, or diagnostic services performed by persons other than those employed by the reporting physician or physicians, or a medical corporation owned by the reporting physician or physicians shall specify the amount paid or to be paid to those persons for the evaluations, procedures, or services. This subdivision shall not apply to any procedure or service defined or valued pursuant to Section 5307.1.

(j) The report shall contain a declaration by the physician signing the report, under penalty of perjury, stating:

"I declare under penalty of perjury that the information contained in this report and its attachments, if any, is true and correct to the best of my knowledge and belief, except as to information that I have indicated I received from others. As to that information, I declare under penalty of perjury that the information accurately describes the information provided to me and, except as noted herein, that I believe it to be true."

The foregoing declaration shall be dated and signed by the reporting physician and shall indicate the county wherein it was signed.

(k) The physician shall provide a curriculum vitae upon request by a party and include a statement concerning the percent of the physician's total practice time that is annually devoted to medical treatment.

The appeals board may determine what constitutes a reasonable amount.

(b) No attorney or agent shall demand or accept any fee from an employee or dependent of an employee for the purpose of representing the employee or dependent of an employee in any proceeding of the division, appeals board, or any appellate procedure related thereto until the amount of the fee has been approved or set by the appeals board.

The plan shall include a budget and identify the insurer's methodology for selecting the employers and the number, type, and size of employers who will be targeted. The plan shall be accompanied by a description of the insurer's safety and health loss control activities for the prior year, including, but not limited to, costs, the number, type, and size of businesses served, and any additional information required by the director. (c) Assessments shall be levied by the director only on all insured employers with a workers' compensation insurance experience rating modification of 1.25 or more and private self-insured employers with an equivalent experience rating of 1.25 or more. The director shall promulgate reasonable rules and regulations governing the manner of collection of the assessment and to determine the equivalent experience rating of 1.25 or more for self-insured employers. The rules shall require the assessment to be paid by employers expressed as a percentage of premium. In no event shall the assessment paid by insured employers be considered a premium for computation of a gross premium tax or agents' commissions. This assessment shall not be continued after the employer's experience modification or equivalent experience modification drops below 1.25.

(d) Amounts assessed pursuant to this section shall not exceed 50 percent of the amounts appropriated from the General Fund for the support of the occupational safety and health program in 1993–94 adjusted for inflation.

It is the intent of the Legislature that the information system be compatible with the Electronic Data Interchange System of the International Association of Industrial Accident Boards and Commissions. The director shall issue a report on the development of the system, and recommendations for any necessary legislative action, no later than July 1, 1995, and shall, upon request, make the report available to the Governor, the Legislature, and the public.

SEC. 17. Section 139.05 is added to the Labor Code, to read:

139.05. The Industrial Medical Council shall conduct a study of the technical feasibility of requiring objective medical findings for soft tissue injuries. The council shall prepare a report with its findings and submit it to the Legislature by January 1, 1995.

SEC. 18. Section 139.2 of the Labor Code is amended to read:

139.2. (a) The Industrial Medical Council shall appoint qualified medical evaluators in each of the respective specialties as required for the evaluation of medical issues. The appointments shall be for two-year terms.

(b) The council shall appoint as qualified medical evaluators physicians, as defined in Section 3209.3, who are licensed to practice in this state and who demonstrate that they meet each of the following requirements:

(1) Pass an examination written and administered by the Industrial Medical Council for the purpose of demonstrating competence in evaluating medical issues in the workers' compensation system. The council shall administer the first examination on or before July 1, 1994.

(2) Devote at least one-third of total practice time to providing direct medical treatment, or has served as an agreed medical evaluator on eight or more occasions in the 12 months prior to applying to be a qualified medical evaluator.

(3) Meet one of the following requirements:

(A) Is board certified, or board eligible, within a time period specified by the council, in his or her specialty by an appropriate board recognized by the council or, if a chiropractor, is certified in California workers' compensation evaluation by an appropriate California professional chiropractic association or accredited California college recognized by the council, or, if a psychologist, meets one of the following requirements:

(i) Is board certified in clinical psychology by a board recognized by the council.

(ii) Holds a doctoral degree in psychology from a university or professional school recognized by the council and has not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders.

(4) Does not have a conflict of interest as determined under the regulations promulgated by the administrative director pursuant to subdivision (o).

(5) Meets any additional medical or professional standards adopted pursuant to paragraph (6) of subdivision (j).

(c) The council shall promulgate standards for appointment of physicians who are retired or who hold teaching positions who are exceptionally well qualified to serve as a qualified medical evaluator even though they do not otherwise qualify under paragraph (1) of subdivision (b). In no event shall a physician whose full-time practice is limited to the forensic evaluation of disability be appointed as a qualified medical evaluator under this subdivision.

(d) The qualified medical evaluator, upon request, shall be reappointed if he or she meets the qualifications for appointment and meets all of the following criteria:

(1) Has completed all medical evaluations within a reasonable time after assignment.

(2) Has not had more than five of his or her evaluations which were considered by a workers' compensation judge at a contested hearing rejected by the judge pursuant to this section during the most recent two-year period during which the physician served as a qualified medical evaluator. If the judge rejects the qualified medical evaluator's report on the basis that it fails to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board, the judge shall make a specific finding to that effect, and shall give notice to the medical evaluator and to the Industrial Medical Council.

(3) Has completed within the previous 48 months at least 24 hours of continuing education in impairment evaluation or workers' compensation-related medical dispute evaluation approved by the Industrial Medical Council.

(4) Has not been terminated, suspended, placed on probation, or otherwise disciplined by the council during his or her most recent term as a qualified medical evaluator.

If the evaluator does not meet any one of these criteria, the Industrial Medical Council may in its discretion reappoint or deny reappointment according to regulations promulgated by the council. In no event may a physician who does not currently meet the requirements for initial appointment or who has been terminated under subdivision (e) be reappointed.

(e) Except as provided in subdivision (k), the evaluator shall not be terminated during his or her term of office unless his or her licensing authority has suspended, revoked, or terminated his or her license to practice in California.

(f) The Industrial Medical Council shall furnish a physician, upon

request, a written statement of its reasons for termination of or for denying appointment or reappointment as a qualified medical evaluator. Upon receipt of a specific response to the statement of reasons, the Industrial Medical Council shall review its decision not to appoint or reappoint the physician or to terminate the physician and shall notify the physician of its final decision within 60 days after receipt of the physician's response.

(g) The council shall establish agreements with qualified medical evaluators to assure the expeditious evaluation of cases assigned to them for comprehensive medical evaluations.

(h) When the injured worker is not represented by an attorney, the medical director appointed pursuant to Section 122, shall assign three-member panels of qualified medical evaluators within five working days after receiving a request for a panel. If a panel is not assigned within 15 working days, the employee shall have the right to obtain a medical evaluation from any qualified medical evaluator of his or her choice. The medical director shall use a random selection method for assigning panels of qualified medical evaluators. The medical director shall select evaluators who are specialists of the type selected by the employee. The medical director shall advise the employee that he or she should consult with his or her treating physician prior to deciding which type of specialist to request. The Industrial Medical Council shall promulgate a form which shall notify the employee of the physicians selected for his or her panel. The form shall include, for each physician on the panel, the physician's name, address, telephone number, specialty, number of years in practice, and a brief description of his or her education and training, and shall advise the employee that he or she is entitled to receive transportation expenses and temporary disability for each day necessary for the examination. The form shall also state in a clear and conspicuous location and type: "You have the right to consult with an information and assistance officer at no cost to you prior to selecting the doctor to prepare your evaluation, or you may consult with an attorney. If your claim eventually goes to court, the judge will consider the evaluation prepared by the doctor you select to decide your claim." When compiling the list of evaluators from which to select randomly, the medical director shall include all qualified medical evaluators who do not have a conflict of interest in the case, as defined by regulations adopted pursuant to subdivision (o) of the appropriate specialty type as recognized by an appropriate, recognized board within the general geographic area of the employee's residence, and shall have no authority to exclude qualified medical evaluators based on any other criteria. When the medical director determines that an employee has requested an evaluation by a type of specialist which is appropriate for the employee's injury, but there are not enough qualified medical evaluators of that type within the general geographic area of the employee's residence to establish a three-member panel, the medical director shall include sufficient qualified medical evaluators

from other geographic areas and the employer shall pay all necessary travel costs incurred in the event the employee selects an evaluator from another geographic area.

(i) The medical director appointed pursuant to Section 122, shall continuously review the quality of comprehensive medical evaluations and reports prepared by agreed and qualified medical evaluators and the timeliness with which evaluation reports are prepared and submitted. The review shall include, but not be limited to, a review of a random sample of reports submitted to the division, and a review of all reports alleged to be inaccurate or incomplete by a party to a case for which the evaluation was prepared. The medical director shall submit to the administrative director an annual report summarizing the results of the continuous review of medical evaluations and reports prepared by agreed and qualified medical evaluators and make recommendations for the improvement of the system of medical evaluations and determinations.

(j) After public hearing pursuant to Section 5307.4, the council shall promulgate rules and regulations concerning the following medical issues:

(1) Standards governing the timeframes within which medical evaluations shall be prepared and submitted by agreed and qualified medical evaluators. The timeframe for initial medical evaluations to be prepared and submitted shall be no more than 30 days after the evaluator has seen the employee or otherwise commenced the medical evaluation procedure. The council shall develop a written policy governing the provision of extensions of the 45-day period in cases where the evaluator has not received test results or consulting physician's evaluations in time to meet the 45-day deadline. The council shall develop timeframes governing availability of qualified medical evaluators for unrepresented employees under Section 4061. These timeframes shall give the employee the right to the addition of a new evaluator to his or her panel, selected at random, for each evaluator not available to see the employee within a specified period of time, but shall also permit the employee to waive this right for a specified period of time thereafter.

(2) Procedures to be followed by all physicians in evaluating the existence and extent of permanent impairment and limitations resulting from an injury. In order to produce complete, accurate, uniform, and replicable evaluations, the procedures shall require that an evaluation of anatomical loss, functional loss, and the presence of physical complaints be supported, to the extent feasible, by medical findings based on standardized examinations and testing techniques generally accepted by the medical community.

(3) Procedures governing the determination of any disputed medical issues.

(4) Procedures to be used in determining the compensability of psychiatric injury. The procedures shall be in accordance with Section 3208.3 and shall require that the diagnosis of a mental disorder be expressed using the terminology and criteria of the

American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(5) Guidelines for the range of time normally required to perform the following:

(A) A medical-legal evaluation that has not been defined and valued pursuant to Section 5307.6. However, the council may recommend guidelines for evaluations that have been defined and valued pursuant to Section 5307.6 for the purpose of governing the appointment, reappointment, and discipline of qualified medical evaluators. The guidelines shall establish minimum times for patient contact in the conduct of the evaluations, and shall be consistent with regulations adopted pursuant to Section 5307.6.

(B) Any treatment procedures that have not been defined and valued pursuant to Section 5307.1.

(C) Any other evaluation procedure requested by the administrative director, the Insurance Commissioner, or the council itself.

If, without good cause, the council fails to adopt the guidelines required by subparagraph (A) or (B) by March 31, 1994, or fails, without good cause, to adopt a guideline pursuant to subparagraph (C) within six months after a request by the administrative director or the Insurance Commissioner, then the administrative director shall have the authority to adopt the guideline.

(6) Any additional medical or professional standards which a medical evaluator shall meet as a condition of appointment, reappointment, or maintenance in the status of a medical evaluator.

(k) The Industrial Medical Council may, in its discretion, suspend or terminate the privilege of a physician to serve as a qualified medical evaluator if the council, after hearing pursuant to subdivision (*l*), determines, based on substantial evidence, that a qualified medical evaluator:

(1) Has violated any non-ministerial statutory or administrative duty.

(2) Has failed to follow the medical procedures or qualifications established by the council pursuant to paragraph (2), (3), (4), or (5) of subdivision (j).

(3) Has failed to comply with the timeframe standards established by the council pursuant to subdivision (j).

(4) Has failed to meet the requirements of subdivision (b) or (c).

(5) Has prepared medical-legal evaluations that fail to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board.

(*l*) The council shall cite the qualified medical evaluator for a violation listed in subdivision (k) and shall set a hearing on the alleged violation within 30 days of service of the citation on the qualified medical evaluator. In addition to the authority to terminate

or suspend the qualified medical evaluator upon finding a violation listed in subdivision (k), the council may, in its discretion, place a qualified medical evaluator on probation subject to appropriate conditions, including ordering continuing education or training. The council shall report to the appropriate licensing board the name of any qualified medical evaluator who is disciplined pursuant to this subdivision.

(m) The council shall terminate from the list of medical evaluators any physician where licensure has been terminated by the relevant licensing board, or who has been convicted of a misdemeanor or felony related to the conduct of his or her medical practice, or of a crime of moral turpitude. The council shall suspend or terminate as a medical evaluator any physician who has been suspended or placed on probation by the relevant licensing board.

(n) Each qualified medical evaluator shall pay a fee, as determined by the Industrial Medical Council, for appointment or reappointment. Any qualified medical evaluator appointed prior to January 1, 1993, shall also pay the same fee as specified herein. These fees shall be based on a sliding scale as established by the council. All revenues from fees paid under this subdivision shall be deposited into the Industrial Medicine Fund, which is hereby created for the administration of the Industrial Medical Council. Moneys paid into the Industrial Medicine Fund for the activities of the Industrial Medical Council shall not be used by any other department or agency or for any purpose other than administration of the council. The funds provided to the council from the Industrial Medicine Fund shall not supplant any funds appropriated to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source. Any future annual appropriation to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source shall not be less than the amount appropriated or provided during the 1991–92 fiscal year.

(o) An evaluator may not request or accept any compensation or other thing of value from any source that does or could create a conflict with his or her duties as an evaluator under this code. The administrative director, after consultation with the council and the Commission on Health and Safety and Workers' Compensation, shall adopt regulations to implement this subdivision on or before July 1, 1994.

SEC. 19. Section 139.3 of the Labor Code is repealed.

(b) For purposes of this section and Section 139.31, the following shall apply:

(1) "Diagnostic imaging" includes, but is not limited to, all X-ray, computed axial tomography magnetic resonance imaging, nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

(2) "Immediate family" includes the spouse and children of the physician, the parents of the physician, and the spouses of the children of the physician.

(3) "Physician" means a physician as defined in Section 3209.3.

(4) A "financial interest" includes, but is not limited to, any type of ownership, interest, debt, loan, lease, compensation, remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, between a licensee and a person or entity to whom the physician refers a person for a good or service specified in subdivision (a). A financial interest also exists if there is an indirect relationship between a physician and the referral recipient, including, but not limited to, an arrangement whereby a physician has an ownership interest in any entity that leases property to the referral recipient. Any financial interest transferred by a physician to, or otherwise established in, any person or entity for the purpose of avoiding the prohibition of this section shall be deemed a financial interest of the physician.

(5) A "physician's office" is either of the following:

(A) An office of a physician in solo practice.

(B) An office in which the services are performed personally by an appropriately licensed or certified individual who is employed by the physician and under direct or general supervision appropriate to the scope of practice of the appropriately licensed or certified individual.

(6) The "office of a group practice" is an office or offices in which two or more physicians are legally organized as a partnership, professional corporation, or not-for-profit corporation licensed according to subdivision (a) of Section 1204 of the Health and Safety Code for which all of the following are applicable:

(A) Each physician who is a member of the group provides substantially the full range of services that the physician routinely provides, including medical care, consultation, diagnosis, or treatment, through the joint use of shared office space, facilities, equipment, and personnel.

(B) Substantially all of the services of the physicians who are members of the group are provided through the group and are billed in the name of the group and amounts so received are treated as receipts of the group, and except that in the case of multispecialty clinics, as defined in subdivision (*l*) of Section 1206 of the Health and Safety Code, physician services are billed in the name of the

multispecialty clinic and amounts so received are treated as receipts of the multispecialty clinic.

(C) The overhead expenses of, and the income from, the practice are distributed in accordance with methods previously determined by members of the group.

(c) (1) It is unlawful for a licensee to enter into an arrangement or scheme, such as a cross-referral arrangement, that the licensee knows, or should know, has a principal purpose of ensuring referrals by the licensee to a particular entity that, if the licensee directly made referrals to that entity, would be in violation of this section.

(2) It shall be unlawful for a physician to offer, deliver, receive, or accept any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for a referred evaluation or consultation.

(d) No claim for payment shall be presented by an entity to any individual, third-party payor, or other entity for a good or service furnished pursuant to a referral prohibited under this section.

(e) A physician who refers to or seeks consultation from an organization in which the physician has a financial interest shall disclose this interest to the patient or if the patient is a minor, to the patient's parents or legal guardian in writing at the time of the referral.

(f) No insurer, self-insurer, or other payor shall pay a charge or lien for any good or service resulting from a referral in violation of this section.

(g) A violation of subdivision (a) shall be a misdemeanor. The appropriate licensing board shall review the facts and circumstances of any conviction pursuant to subdivision (a) and take appropriate disciplinary action if the licensee has committed unprofessional conduct. Violations of this section may also be subject to civil penalties of up to five thousand dollars ($5,000) for each offense, which may be enforced by the Insurance Commissioner, Attorney General, or a district attorney. A violation of subdivision (c), (d), (e), or (f) is a public offense and is punishable upon conviction by a fine not exceeding fifteen thousand dollars ($15,000) for each violation and appropriate disciplinary action, including revocation of professional licensure, by the Medical Board of California or other appropriate governmental agency.

SEC. 21. Section 139.31 is added to the Labor Code, to read:

139.31. The prohibition of Section 139.3 shall not apply to or restrict any of the following:

(a) A physician may refer a patient for a good or service otherwise prohibited by subdivision (a) of Section 139.3 if the physician's regular practice is located outside a metropolitan statistical area and there is no alternative provider of the service within either 25 miles or 40 minutes traveling time, via the shortest route on a paved road. A physician who refers to, or seeks consultation from, an organization in which the physician has a financial interest under this subdivision

shall disclose this interest to the patient or the patient's parents or legal guardian in writing at the time of referral.

(b) A physician who has one or more of the following arrangements with another physician, a person, or an entity, is not prohibited from referring a patient to the physician, person, or entity because of the arrangement:

(1) A loan between a physician and the recipient of the referral, if the loan has commercially reasonable terms, bears interest at the prime rate or a higher rate that does not constitute usury, is adequately secured, and the loan terms are not affected by either party's referral of any person or the volume of services provided by either party.

(2) A lease of space or equipment between a physician and the recipient of the referral, if the lease is written, has commercially reasonable terms, has a fixed periodic rent payment, has a term of one year or more, and the lease payments are not affected by either party's referral of any person or the volume of services provided by either party.

(3) A physician's ownership of corporate investment securities, including shares, bonds, or other debt instruments that were purchased on terms that are available to the general public through a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the physician's referral of persons to the corporation, do not have a separate class or accounting for any persons or for any physicians who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation's most recent fiscal year, total gross assets exceeding one hundred million dollars ($100,000,000).

(c) (1) A physician may refer a person to a health facility as defined in Section 1250 of the Health and Safety Code, or to any facility owned or leased by a health facility, if the recipient of the referral does not compensate the physician for the patient referral, and any equipment lease arrangement between the physician and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

(2) Nothing shall preclude this subdivision from applying to a physician solely because the physician has an ownership or leasehold interest in an entire health facility or an entity that owns or leases an entire health facility.

(3) A physician may refer a person to a health facility for any service classified as an emergency under subdivision (a) or (b) of Section 1317.1 of the Health and Safety Code. For nonemergency outpatient diagnostic imaging services performed with equipment for which, when new, has a commercial retail price of four hundred thousand dollars ($400,000) or more, the referring physician shall obtain a service preauthorization from the insurer, or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(d) A physician compensated or employed by a university may

refer a person to any facility owned or operated by the university, or for a physician service, to another physician employed by the university, provided that the facility or university does not compensate the referring physician for the patient referral. For nonemergency diagnostic imaging services performed with equipment that, when new, has a commercial retail price of four hundred thousand dollars ($400,000) or more, the referring physician shall obtain a service preauthorization from the insurer or self-insured employer. An oral authorization shall be memorialized in writing within five business days. In the case of a facility which is totally or partially owned by an entity other than the university, but which is staffed by university physicians, such physicians may not refer patients to the facility if the facility compensates the referring physician for such referrals.

(e) The prohibition of Section 139.3 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a physician's office, or the office of a group practice. With respect to diagnostic imaging services performed with equipment that, when new, had a commercial retail price of four hundred thousand dollars ($400,000) or more, or for physical therapy services, or for psychometric testing which exceeds the routine screening battery protocols, with a time limit of two to five hours, established by the Industrial Medical Council, the referring physician obtains a service preauthorization from the insurer or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(f) The prohibition of Section 139.3 shall not apply where the physician is in a group practice as defined in Section 139.3 and refers a person for services specified in Section 139.3 to a multispecialty clinic, as defined in subdivision (*l*) of Section 1206 of the Health and Safety Code. For diagnostic imaging services performed with equipment that, when new, had a commercial retail price of four hundred thousand dollars ($400,000) or more, or physical therapy services, or psychometric testing which exceeds the routine screening battery protocols, with a time limit of two to five hours, established by the Industrial Medical Council, performed at the multispecialty facility, the referring physician shall obtain a service preauthorization from the insurer or self insured employer. Any oral authorization shall be memorialized in writing within five business days.

(g) The requirement for preauthorization in sections (c), (e), and (f) shall not apply to a patient for which the physician or group accepts payment on a capitated risk basis.

(h) The prohibition of Section 139.3 shall not apply to any facility when used to provide health care services to an enrollee of a health care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

SEC. 22. Section 139.5 of the Labor Code is amended to read:

139.5. (a) The administrative director shall establish within the Office of Benefit Determination a vocational rehabilitation unit, which shall include appropriate professional staff, and which shall have the following duties:

(1) To foster, review, and approve vocational rehabilitation plans developed by a qualified rehabilitation representative of the employer, insurer, state agency, or employee. Plans agreed to by the employer and employee do not require approval by the vocational rehabilitation unit unless the employee is unrepresented.

(2) To develop rules and regulations, to be promulgated by the administrative director, providing for a procedure in which an employee may waive the services of a qualified rehabilitation representative where the employee has been enrolled and made substantial progress toward completion of a degree or certificate from a community college, California State University, or the University of California and desires a plan to complete the degree or certificate. These rules and regulations shall provide that any such waiver as well as any plan developed without the assistance of a qualified rehabilitation representative must be approved by the rehabilitation unit.

(3) To develop rules and regulations, to be promulgated by the administrative director, which would expedite and facilitate the identification, notification and referral of industrially injured employees to vocational rehabilitation services.

(4) To coordinate and enforce the implementation of vocational rehabilitation plans.

(5) To develop a fee schedule, to be promulgated by the administrative director, governing reasonable fees for vocational rehabilitation services provided on and after January 1, 1991. The initial fee schedule promulgated under this paragraph shall be designed to reduce the cost of vocational rehabilitation services by 10 percent from the level of fees paid during 1989. On or before July 1, 1994, the administrative director shall establish the maximum aggregate permissible fees that may be charged for counseling. Those fees shall not exceed four thousand five hundred dollars ($4,500) and shall be included within the sixteen thousand dollar ($16,000) cap. The fee schedule shall establish maximum aggregate permissible fees for evaluation, plan development, and job placement services.

(6) To develop standards, to be promulgated by the administrative director, for governing the timeliness and the quality of vocational rehabilitation services.

(b) The salaries of the personnel of the vocational rehabilitation unit shall be fixed by the Department of Personnel Administration.

(c) When an employee is determined to be medically eligible and chooses to participate in a vocational rehabilitation program, he or she shall continue to receive temporary disability indemnity payments only until his or her medical condition becomes permanent and stationary and, thereafter, may receive a

maintenance allowance. Rehabilitation maintenance allowance payments shall begin after the employee's medical condition becomes permanent and stationary, upon a request for vocational rehabilitation services. Thereafter, the maintenance allowance shall be paid for a period not to exceed 52 weeks in the aggregate, except where the overall cap on vocational rehabilitation services can be exceeded under this section or Section 4642 or subdivision (d) or (e) of Section 4644.

The employee also shall receive additional living expenses necessitated by the vocational rehabilitation services, together with all reasonable and necessary vocational training, at the expense of the employer, but in no event shall the expenses, counseling fees, training, maintenance allowance, and costs associated with, or arising out of, vocational rehabilitation services incurred after the employee's request for vocational rehabilitation services, except temporary disability payments, exceed sixteen thousand dollars ($16,000). The administrative director shall adopt regulations to ensure that the continued receipt of vocational rehabilitation maintenance allowance benefits is dependent upon the injured worker's regular and consistent attendance at, and participation in, his or her vocational rehabilitation training program.

(d) The amount of the maintenance allowance due under subdivision (c) shall be two-thirds of the employee's average weekly earnings at the date of injury payable as follows:

(1) The amount the employee would have received as continuing temporary disability indemnity, but not more than two hundred forty-six dollars ($246) a week for injuries occurring on or after January 1, 1990.

(2) At the employee's option, an additional amount from permanent disability indemnity due or payable, sufficient to provide the employee with a maintenance allowance equal to two-thirds of the employee's average weekly earnings at the date of injury subject to the limits specified in subdivision (a) of Section 4453 and the requirements of Section 4661.5. In no event shall temporary disability indemnity and maintenance allowance be payable concurrently.

If the employer disputes the treating physician's determination of medical eligibility, the employee shall continue to receive that portion of the maintenance allowance payable under paragraph (1) pending final determination of the dispute. If the employee disputes the treating physician's determination of medical eligibility and prevails, the employee shall be entitled to that portion of the maintenance allowance payable under paragraph (1) retroactive to the date of the employee's request for vocational rehabilitation services. These payments shall not be counted against the maximum expenditures for vocational rehabilitation services provided by this section.

(e) No provision of this section nor of any rule, regulation, or vocational rehabilitation plan developed or promulgated under this section nor any benefit provided pursuant to this section shall apply

to an injured employee whose injury occurred prior to January 1, 1975. Nothing in this section shall affect any plan, benefit, or program authorized by this section as added by Chapter 1513 of the Statutes of 1965 or as amended by Chapter 83 of the Statutes of 1972.

(f) The time within which an employee may request vocational rehabilitation services is set forth in Sections 5405.5, 5410, and 5803.

(g) An offer of a job within state service to a state employee in State bargaining unit 1, 4, 15, 18, or 20 at the same or similar salary and the same or similar geographic location is a prima facie offer of vocational rehabilitation under this statute.

(h) It shall be unlawful for a qualified rehabilitation representative or rehabilitation counselor to refer any employee to any work evaluation facility or to any education or training program if the qualified rehabilitation representative or rehabilitation counselor, or a spouse, employer, coemployee, or any party with whom he or she has entered into contract, express or implied, has any proprietary interest in or contractual relationship with the work evaluation facility or education or training program. It shall also be unlawful for any insurer to refer any injured worker to any rehabilitation provider or facility if the insurer has a proprietary interest in the rehabilitation provider or facility or for any insurer to charge against any claim for the expenses of employees of the insurer to provide vocational rehabilitation services unless those expenses are disclosed to the insured and agreed to in advance.

(i) Any charges by an insurer for the activities of an employee who supervises outside vocational rehabilitation services shall not exceed the vocational rehabilitation fee schedule, and shall not be counted against the overall cap for vocational rehabilitation or the limit on counselor's fees provided for in this section. These charges shall be attributed as expenses by the insurer and not losses for purposes of insurance rating pursuant to Article 2 (commencing with Section 11730) of Chapter 3 of Division 2 of the Insurance Code.

SEC. 23. Section 139.6 of the Labor Code is amended to read:

139.6. (a) The administrative director shall establish and effect within the Division of Workers' Compensation a continuing program to provide information and assistance concerning the rights, benefits, and obligations of the workers' compensation law to employees and employers subject thereto. The program shall include, but not be limited to, the following:

(1) The preparation, publishing, and as necessary, updating, of guides to the California workers' compensation system for employees and employers. The guides shall detail, in easily understandable language, the rights and obligations of employees and employers, the procedures for obtaining benefits, and the means provided for resolving disputes. Separate guides may be prepared for employees and employers. The appropriate guide shall be provided to all labor and employer organizations known to the administrative director, and to any other person upon request.

(2) The preparation, publishing, and as necessary, updating, of a

pamphlet advising injured workers of their basic rights under workers' compensation law, and informing them of rights under the Americans with Disabilities Act, and the provisions of the Fair Employment and Housing Act relating to individuals with a disability. The pamphlet shall be written in easily understandable language. The pamphlet shall be available in both English and Spanish, and shall include basic information concerning the circumstances under which injured employees are entitled to the various types of workers' compensation benefits, the protections against discrimination because of an injury, the procedures for resolving any disputes which arise, and the right to seek information and advice from an information and assistance officer or an attorney.

(b) In each district office of the division, the administrative director shall appoint an information and assistance officer, and any other deputy information and assistance officers as the work of the district office may require. The administrative director shall provide office facilities and clerical support appropriate to the functions of these information and assistance officers.

(c) Each information and assistance officer shall be responsible for the performance of the following duties:

(1) Providing continuing information concerning rights, benefits, and obligations under workers' compensation laws to injured workers, employers, lien claimants, and other interested parties.

(2) Upon request by the injured worker, assisting in the prompt resolution of misunderstanding, disputes, and controversies arising out of claims for compensation, without formal proceedings, in order that full and timely compensation benefits shall be furnished. In performing this duty, information and assistance officers shall not be responsible for reviewing applications for adjudication or declarations of readiness to proceed. This function shall be performed by workers' compensation judges. This function may also be performed by settlement conference referees upon delegation by the appeals board.

(3) Distributing any information pamphlets in English and Spanish as are prepared and approved by the administrative director to all inquiring injured workers and any other parties that may request copies of these pamphlets.

(4) Establishing and maintaining liaison with the persons located in the geographic area served by the district office, with other affected state agencies, and with organizations representing employees, employers, insurers, and the medical community.

SEC. 24. Section 3208.4 is added to the Labor Code, to read:

3208.4. In any proceeding under this division involving an injury arising out of alleged conduct that constitutes sexual harassment, sexual assault, or sexual battery, any party seeking discovery concerning sexual conduct of the applicant with any person other than the defendant, whether consensual or nonconsensual or prior or subsequent to the alleged act complained of, shall establish specific facts showing good cause for that discovery on a noticed motion to

the appeals board. The motion shall not be made or considered at an ex parte hearing.

The procedures set forth in Section 783 of the Evidence Code shall be followed if evidence of sexual conduct of the applicant is offered to attack his or her credibility. Opinion evidence, evidence of reputation, and evidence of specific instances of sexual conduct of the applicant with any person other than the defendant, or any of such evidence, is not admissible by the defendant to prove consent by or the absence of injury to the applicant, unless the injury alleged by the applicant is in the nature of loss of consortium.

SEC. 25. Section 3700 of the Labor Code is amended to read:

3700. Every employer except the state shall secure the payment of compensation in one or more of the following ways:

(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure either as an individual employer, or as one employer in a group of employers, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his or her employees.

(c) For any county, city, city and county, municipal corporation, public district, public agency, or any political subdivision of the state, including each member of a pooling arrangement under a joint exercise of powers agreement (but not the state itself), by securing from the Director of Industrial Relations a certificate of consent to self-insure against workers' compensation claims, which certificate may be given upon furnishing proof satisfactory to the director of ability to administer workers' compensation claims properly, and to pay workers' compensation claims that may become due to its employees. On or before March 31, 1979, a political subdivision of the state which, on December 31, 1978, was uninsured for its liability to pay compensation, shall file a properly completed and executed application for a certificate of consent to self-insure against workers' compensation claims. The certificate shall be issued and be subject to the provisions of Section 3702.

SEC. 26. Section 3702.10 of the Labor Code is amended to read:

3702.10. The director, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, may adopt, amend, and repeal rules and regulations reasonably necessary to carry out the purposes of Section 129 and Article 1 (commencing with Section 3700), Article 2 (commencing with Section 3710), and Article 2.5 (commencing with Section 3740). This authorization includes, but is not limited to, the adoption of regulations to do all of the following:

(a) Specifying what constitutes ability to self-insure and to pay any compensation which may become due under Section 3700.

(b) Specifying what constitutes a marked reduction of an

employer's financial strength.

(c) Specifying what constitutes a failure or inability to fulfill the employer's obligations under Section 3702.

(d) Interpreting and defining the terms used.

(e) Establishing procedures and standards for hearing and determinations, and providing for those determinations to be appealed to the appeals board.

(f) Specifying the standards, form, and content of agreements, forms, and reports between parties who have obligations pursuant to this chapter.

(g) Providing for the combinations and relative liabilities of security deposits, assumptions, and guarantees used pursuant to this chapter.

(h) Disclosing otherwise confidential financial information concerning self-insureds to courts or the Self-Insurers' Security Fund and specifying appropriate safeguards for that information.

(i) Requiring an amount to be added to each security deposit to secure the cost of administration of claims and to pay all legal costs.

(j) Authorizing and encouraging group self-insurance.

SEC. 27. Section 3761 of the Labor Code is amended to read:

3761. (a) An insurer securing an employer's liability under this division shall notify the employer, within 15 days, of each claim for indemnity filed against the employer directly with the insurer if the employer has not timely provided to the insurer a report of occupational injury or occupational illness pursuant to Section 6409.1. The insurer shall furnish an employer who has not filed this report with an opportunity to provide to the insurer, prior to the expiration of the 90-day period specified in Section 5402, all relevant information available to the employer concerning the claim.

(b) An employer shall promptly notify its insurer in writing at any time during the pendency of a claim when the employer has actual knowledge of any facts which would tend to disprove any aspect of the employee's claim. When an employer notifies its insurer in writing that, in the employer's opinion, no compensation is payable to an employee, at the employer's written request, to the appeal board, the appeals board may approve a compromise and release agreement, or stipulation, that provides compensation to the employee only where there is proof of service upon the employer by the insurer, to the employer's last known address, not less than 15 days prior to the appeals board action, of notice of the hearing at which the compromise and release agreement or stipulation is to be approved.

Failure by the insurer to provide the required notice shall not prohibit the board from approving a compromise and release agreement, or stipulation; however, the board shall order the insurer to pay reasonable expenses as provided in Section 5813.

(c) In establishing a reserve pursuant to a claim that affects premiums against an employer, an insurer shall provide the employer, upon request, a written report of the reserve amount

established. The written report shall include, at a minimum, the following:

(1) Estimated medical-legal costs.

(2) Estimated vocational rehabilitation costs, if any.

(3) Itemization of all other estimated expenses to be paid from the reserve.

(d) When an employer properly provides notification to its insurer pursuant to subdivision (b), and the appeals board thereafter determines that no compensation is payable under this division, the insurer shall reimburse the employer for any premium paid solely due to the inclusion of the successfully challenged payments in the calculation of the employer's experience modification. The employee shall not be required to refund the challenged payment.

SEC. 28. Section 3762 is added to the Labor Code, to read:

3762. The insurer shall discuss all elements of the claim file with the employer that affect the employer's premium, and shall supply copies of the documents that affect the premium at the employer's expense during reasonable business hours. The right provided by this section shall not extend to any document that the insurer is prohibited from disclosing to the employer under the attorney-client privilege, any other applicable privilege, or statutory prohibition upon disclosure, or under Section 1877.4 of the Insurance Code.

SEC. 29. Section 4060 is added to the Labor Code, to read:

4060. (a) This section shall apply to disputes over the compensability of any injury. This section shall not apply where injury to any part or parts of the body is accepted as compensable by the employer.

(b) Neither the employer nor the employee shall be liable for any comprehensive medical-legal evaluation performed by other than the treating physician either in whole or in part on behalf of the employee prior to the filing of a claim form and prior to the time the claim is denied or becomes presumptively compensable under Section 5402. However, reports of treating physicians shall be admissible.

(c) If a medical evaluation is required to determine compensability at any time after the period specified in subdivision (b), and the employee is represented by an attorney, each party may select a qualified medical evaluator to conduct a comprehensive medical-legal evaluation. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense. The parties may, at any time, agree on one medical evaluator to evaluate the issues in dispute.

(d) If the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare a comprehensive medical-legal evaluation. The employee may select a qualified medical evaluator to prepare a comprehensive medical-legal evaluation. The division shall assist unrepresented employees, and shall make available to them the list of medical

evaluators compiled under Section 139.2. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense. If an employee has received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation at the employer's expense.

(e) Evaluations performed under this section shall not be limited to the issue of the compensability of the injury, but shall address all medical issues in dispute.

SEC. 30. Section 4061 of the Labor Code is amended to read:

4061. (a) Together with the last payment of temporary disability indemnity, the employer shall, in a form prescribed by the administrative director pursuant to Section 138.4, provide the employee one of the following:

(1) Notice either that no permanent disability indemnity will be paid because the employer alleges the employee has no permanent impairment or limitations resulting from the injury or notice of the amount of permanent disability indemnity determined by the employer to be payable. The notice shall include information concerning how the employee may obtain a formal medical evaluation pursuant to subdivision (c) if he or she disagrees with the position taken by the employer. If the employer determines permanent disability indemnity is payable, the employer shall advise the employee of the amount determined payable and the basis on which the determination was made and whether there is need for continuing medical care.

(2) Notice that permanent disability indemnity may be or is payable, but that the amount cannot be determined because the employee's medical condition is not yet permanent and stationary. The notice shall advise the employee that his or her medical condition will be monitored until it is permanent and stationary, at which time the necessary evaluation will be performed to determine the existence and extent of permanent impairment and limitations for the purpose of rating permanent disability and to determine the need for continuing medical care, or at which time the employer will advise the employee of the amount of permanent disability indemnity the employer has determined to be payable. If an employee is provided notice pursuant to this paragraph and the employer later takes the position that the employee has no permanent impairment or limitations resulting from the injury, or later determines permanent disability indemnity is payable, the employer shall in either event, within 14 days of the determination to take either position, provide the employee with the notice specified in paragraph (1).

(b) Each notice required by subdivision (a) shall describe the administrative procedures available to the injured employee and advise the employee of his or her right to consult an information and assistance officer or an attorney. It shall contain the following

language:

"Should you decide to be represented by an attorney, you may or may not receive a larger award, but, unless you are determined to be ineligible for an award, the attorney's fee will be deducted from any award you might receive for disability benefits. The decision to be represented by an attorney is yours to make, but it is voluntary and may not be necessary for you to receive your benefits."

(c) If the parties do not agree to a permanent disability rating based on the treating physician's evaluation or the assessment of need for continuing medical care, and the employee is represented by an attorney, the employer shall seek agreement with the employee on a physician to prepare a comprehensive medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed to by the parties, the parties may not later select an agreed medical evaluator. Evaluations of an employee's permanent impairment and limitations obtained prior to the period to reach agreement shall not be admissible in any proceeding before the appeals board. After the period to reach agreement has expired, either party may select a qualified medical evaluator to conduct the comprehensive medical evaluation. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense.

(d) If the parties do not agree to a permanent disability rating based on the treating physician's evaluation, and if the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare an additional medical evaluation. The employer shall immediately provide the employee with a form prescribed by the medical director with which to request assignment of a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare an independent medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury.

The report of the qualified medical evaluator and the reports of the treating physician or physicians shall be the only admissible reports and shall be the only reports obtained by the employee or the employer on the issues subject to this section. If the employee has received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation. In no event shall the employer be entitled to obtain another report in these cases.

(e) The represented employee shall be responsible for making an appointment with an agreed medical evaluator.

(f) The unrepresented employee shall be responsible for making an appointment with a qualified medical evaluator selected from a panel of three qualified medical evaluators. The evaluator shall give the employee, at the appointment, a brief opportunity to ask

questions concerning the evaluation process and the evaluator's background. The unrepresented employee shall then participate in the evaluation as requested by the evaluator unless the employee has good cause to discontinue the evaluation. For purposes of this subdivision, "good cause" shall include evidence that the evaluator is biased against the employee because of his or her race, sex, national origin, religion, or sexual preference or evidence that the evaluator has requested the employee to submit to an unnecessary medical examination or procedure. If the unrepresented employee declines to proceed with the evaluation, he or she shall have the right to a new panel of three qualified medical evaluators from which to select one to prepare a comprehensive medical evaluation. If the appeals board subsequently determines that the employee did not have good cause to not proceed with the evaluation, the cost of the evaluation shall be deducted from any award the employee obtains.

(g) Upon selection or assignment pursuant to subdivision (c) or (d), the medical evaluator shall perform a comprehensive medical evaluation according to the procedures promulgated by the Industrial Medical Council under paragraphs (2) and (3) of subdivision (j) of Section 139.2 and summarize the medical findings on a form prescribed by the Industrial Medical Council. The comprehensive medical evaluation shall address all contested medical issues arising from all injuries reported on one or more claim forms prior to the date of the employee's initial appointment with the medical evaluator. If, after a comprehensive medical evaluation is prepared, the employer or the employee subsequently objects to any new medical issue, the parties, to the extent possible, shall utilize the same medical evaluator who prepared the previous evaluation to resolve the medical dispute.

(h) Except as provided in Section 139.3, the medical evaluator may obtain consultations from other physicians who have treated the employee for the injury whose expertise is necessary to provide a complete and accurate evaluation.

(i) The qualified medical evaluator who has evaluated an unrepresented employee shall serve the comprehensive medical evaluation and the summary form on the employee, employer, and the Office of Benefit Determination. The unrepresented employee or the employer may submit the treating physician's evaluation for the calculation of a permanent disability rating. Within 20 days of receipt of the comprehensive medical evaluation, the Office of Benefit Determination shall calculate the permanent disability rating according to Section 4660 and serve the rating on the employee and employer.

(j) Any comprehensive medical evaluation concerning an unrepresented employee which indicates that part or all of an employee's permanent impairment or limitations may be subject to apportionment pursuant to Sections 4663 or 4750 shall first be submitted by the Office of Benefit Determination to a workers' compensation judge who may refer the report back to the qualified

medical evaluator for correction or clarification if the judge determines the proposed apportionment is inconsistent with the law.

(k) Within 30 days of receipt of the rating, if the employee is unrepresented, the employee or employer may request that the Office of Benefit Determination reconsider the recommended rating or obtain additional information from the treating physician or medical evaluator to address issues not addressed or not completely addressed in the original comprehensive medical evaluation or not prepared in accord with the procedures of the Industrial Medical Council promulgated under paragraph (2) or (3) of subdivision (j) of Section 139.2. This request shall be in writing, shall specify the reasons the rating should be reconsidered, and shall be served on the other party. If the administrative director finds the comprehensive medical evaluation is not complete or not in compliance with the required procedures, the administrative director shall return the report to the treating physician or qualified medical evaluator for appropriate action as the administrative director instructs. Upon receipt of the treating physician's or qualified medical evaluator's final comprehensive medical evaluation and summary form, the Office of Benefit Determination shall recalculate the permanent disability rating according to Section 4660 and serve the rating, the comprehensive medical evaluation, and the summary form on the employee and employer.

(*l*) If a comprehensive medical evaluation from the treating physician or an agreed medical evaluator or a qualified medical evaluator selected from a three-member panel resolves any issue so as to require an employer to provide compensation, the employer shall commence the payment of compensation or promptly commence proceedings before the appeals board to resolve the dispute for adjudication of claim. If the employee and employer agree to a stipulated findings and award as provided under Section 5702 or to compromise and release the claim under Chapter 2 (commencing with Section 5000) of Part 3, or if the employee wishes to commute the award under Chapter 3 (commencing with Section 5100) of Part 3, the appeals board shall first determine whether the agreement or commutation is in the best interests of the employee and whether the proper procedures have been followed in determining the permanent disability rating. The Office of Benefit Determination shall promulgate a form to notify the employee, at the time of service of any rating under this section, of the options specified in this subdivision, the potential advantages and disadvantages of each option, and the procedure for disputing the rating.

(m) No issue relating to the existence or extent of permanent impairment and limitations or the need for continuing medical care resulting from the injury may be the subject of a declaration of readiness to proceed of claim unless there has first been a medical evaluation by a treating physician or an agreed or qualified medical evaluator. With the exception of an evaluation or evaluations

prepared by the treating physician or physicians, no evaluation of permanent impairment and limitations or need for continuing medical care resulting from the injury shall be obtained prior to service of the comprehensive medical evaluation on the employee and employer if the employee is unrepresented, or prior to the attempt to select an agreed medical evaluator if the employee is represented. Evaluations obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury and comprehensive medical evaluations prepared by a qualified medical evaluator selected by an unrepresented employee from a three-member panel shall be admissible.

SEC. 31. Section 4061.5 is added to the Labor Code, to read:

4061.5. The treating physician primarily responsible for managing the care of the injured worker or the physician designated by that treating physician shall, in accordance with rules promulgated by the administrative director, render opinions on all medical issues necessary to determine eligibility for compensation. In the event that there is more than one treating physician, a single report shall be prepared by the physician primarily responsible for managing the injured worker's care that incorporates the findings of the various treating physicians.

SEC. 32. Section 4062 of the Labor Code is amended to read:

4062. (a) If either the employee or employer objects to a medical determination made by the treating physician concerning the permanent and stationary status of the employee's medical condition, the employee's preclusion or likely preclusion to engage in his or her usual occupation, the extent and scope of medical treatment, the existence of new and further disability, or any other medical issues not covered by Section 4060 or 4061, the objecting party shall notify the other party in writing of the objection within 20 days if the employee is represented by an attorney or within 30 days if the employee is not represented by an attorney. These time limits may be extended for good cause or by mutual agreement. Parties shall seek agreement with the other party on a physician, who need not be a qualified medical evaluator, to prepare a report resolving the disputed issue. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed upon by the parties, the parties may not later select an agreed medical evaluator. Evaluations obtained prior to the period to reach agreement shall not be admissible in any proceeding before the appeals board. After the period to reach agreement has expired, the objecting party may select a qualified medical evaluator to conduct the comprehensive medical evaluation. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense. The nonobjecting party may continue to rely on the treating physician's report or may select a qualified medical

evaluator to conduct an additional evaluation.

(b) If the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare the comprehensive medical evaluation. The employer shall immediately provide the employee with a form prescribed by the medical director with which to request assignment of a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare a comprehensive medical evaluation. The evaluation of the qualified medical evaluator selected from a panel of three and the reports of the treating physician or physicians shall be the only admissible reports and shall be the only reports obtained by the employee or employer on issues subject to this section in a case involving an unrepresented employee. If the employee has received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation.

(c) Upon completing a determination of the disputed medical issue, the physician selected under subdivision (a) or (b) to perform the medical evaluation shall summarize the medical findings on a form prescribed by the Industrial Medical Council and shall serve the formal medical evaluation and the summary form on the employee, employer, and administrative director. The medical evaluation shall address all contested medical issues arising from all injuries reported on one or more claim forms prior to the date of the employee's initial appointment with the medical evaluator. If, after a medical evaluation is prepared, the employer or the employee subsequently objects to any new medical issue, the parties, to the extent possible, shall utilize the same medical evaluator who prepared the previous evaluation to resolve the medical dispute.

(d) No disputed medical issue specified in subdivision (a) may be the subject of a declaration of readiness to proceed unless there has first been an evaluation by the treating physician or an agreed or qualified medical evaluator.

(e) With the exception of a report or reports prepared by the treating physician or physicians, no report determining disputed medical issues set forth in subdivision (a) shall be obtained prior to the expiration of the period to reach agreement on the selection of an agreed medical evaluator under subdivision (a). Reports obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury shall be admissible.

SEC. 33. Section 4062.9 is added to the Labor Code, to read:

4062.9. In cases where an additional comprehensive medical evaluation is obtained under Section 4061 or 4062, the findings of the treating physician are presumed to be correct. This presumption is rebuttable and may be controverted by a preponderance of medical opinion indicating an different level of impairment. However, this

presumption shall not apply where both parties select qualified medical examiners.

SEC. 34. Section 4064 of the Labor Code is amended to read:

4064. (a) The employer shall be liable for the cost of each reasonable and necessary comprehensive medical-legal evaluation obtained by the employee pursuant to Sections 4060, 4061, and 4062. Each comprehensive medical-legal evaluation shall address all contested medical issues arising from all injuries reported on one or more claim forms. An unrepresented employee who has already obtained a medical evaluation under Sections 4060, 4061, or 4062 shall not obtain any additional comprehensive medical evaluations at the employer's expense.

(b) Subject to Section 4906, if an employer files an application for adjudication and the employee is unrepresented at the time the application is filed, the employer shall be liable for any attorney's fees incurred by the employee in connection with the application for adjudication if the employee does not obtain a rebuttal report.

(c) The employer shall not be liable for the cost of any comprehensive medical evaluations obtained by the employee other than those authorized pursuant to Sections 4060, 4061, and 4062. However, this does not prohibit any party from obtaining any medical evaluation or consultation an the party's own expense. In no event shall an employer or employee be liable for an evaluation obtained in violation of subdivision (b) of Section 4060. All comprehensive medical evaluations obtained by any party shall be admissible in any proceeding before the appeals board except as provided in subdivisions (d) and (m) of Section 4061 and subdivisions (b) and (e) of Section 4062.

(d) This section shall become operative for injuries occurring on and after January 1, 1991.

SEC. 35. Section 4065 is added to the Labor Code, to read:

4065. (a) In cases where either the employer or the employee have obtained evaluations of the employee's permanent impairment and limitations from a qualified medical evaluator under Section 4061 and either party contests the comprehensive medical evaluation of the other party, the workers' compensation judge or the appeals board shall be limited to choosing between either party's proposed permanent disability rating.

(b) The employee's permanent disability benefit awarded under paragraph (a) shall be adjusted based on the disability rating selected by the appeals board. If the appeals board chooses the permanent disability rating recommended by the employer, then the employee's permanent disability benefit award shall be reduced by the cost of the employee's comprehensive medical-legal evaluation. If the judge chooses the permanent disability rating recommended by the employee, the permanent disability benefit award shall be increased by the cost of the employer's comprehensive medical-legal evaluation.

SEC. 36. Section 4068 is added to the Labor Code, to read:

4068. (a) Upon determining that a treating physician's report contains opinions that are the result of conjecture, are not supported by adequate evidence, or that indicate bias, the appeals board shall so notify the administrative director in writing in a manner he or she has specified.

(b) If the administrative director believes that any treating physician's reports show a pattern of unsupported opinions, he or she shall notify in writing the physician's applicable licensing body of his findings. If the treating physician is a medical evaluator, the administrative director shall also notify the Industrial Medical Council.

(4) Agrees to provide the administrative director with information, reports, and records prepared and submitted to the Department of Insurance in compliance with the Insurance Code relating to financial solvency, provider accessibility, peer review, utilization review, and quality assurance, upon request, if the administrative director determines the information is necessary to verify that the plan is providing medical treatment to injured employees consistent with the intent of this article.

Disclosure of peer review proceedings and records of the administrative director shall not alter the status of the proceedings or records as privileged and confidential communications pursuant to subdivision (d) of Section 10133 of the Insurance Code.

(5) Demonstrates the capability to provide occupational medicine and related disciplines.

(6) Complies with any other requirement the administrative director determines is necessary to provide medical services to injured employees consistent with the intent of this article, including, but not limited to, a written patient grievance policy.

(g) (1) Charges for services provided by health care organizations paid on a capitated basis certified by this section shall not be subject to the schedules adopted by the administrative director pursuant to Section 5307.1.

(2) Nothing in this section shall prohibit a health care facility paid by an employer on a fee-for-service basis from being paid fees different than those set forth in the official medical fee schedule by an employer, insurance carrier, third party administrator on behalf of employers, or preferred provider organization representing an employer or insurance carrier provided that:

(A) The fee is an alternative discounted rate which covers all services in lieu of separate fees for itemized services, whether or not the itemized services are specified on the fee schedule, and

(B) The administrative director has determined that the alternative discounted rates between the health care organization and a payor, a third party administrator on behalf of employers, or a preferred provider organization will produce greater savings in the

aggregate than if each item on facility billings were to be charged at the schedule rate.

(h) Nothing in this section shall be construed to expand or constrict any requirements imposed by law on a health care service plan or insurer when operating as other than a health care organization pursuant to this section.

(i) In consultation with interested parties, including the Department of Corporations and the Department of Insurance, the administrative director shall adopt rules necessary to carry out this section.

(j) This section shall not apply to an employee who is receiving medical treatment for an accepted injury or occupational disease on the operative date of this section until the worker is found to be medically stationary or the worker changes physicians, whichever event first occurs.

(k) The administrative director shall refuse to certify or may revoke or suspend the certification of any health care organization under this section if the director finds that:

(1) The plan for providing medical treatment fails to meet the requirements of this section.

(2) A health care service plan licensed by the Department of Corporations, a workers' compensation health care provider organization authorized by the Department of Corporations, or a carrier licensed by the Department of Insurance is not in good standing with its licensing agency.

(*l*) (1) When an injured employee requests chiropractic treatment for work-related injuries, the health care organization shall provide the injured worker with access to the services of a chiropractor pursuant to guidelines for chiropractic care established by paragraph (2). Within five working days of the employee's request to see a chiropractor, the health care organization and any person or entity who directs the kind or manner of health care services for the plan shall refer an injured employee to an affiliated chiropractor for work-related injuries that are within the guidelines for chiropractic care established by paragraph (2). Chiropractic care rendered in accordance with guidelines for chiropractic care established pursuant to paragraph (2) shall be provided by duly licensed chiropractors affiliated with the plan.

(2) The health care organization shall establish guidelines for chiropractic care in consultation with affiliated chiropractors who are participants in the health care organization's utilization review process for chiropractic care, which may include qualified medical evaluators knowledgeable in the treatment of chiropractic conditions. The guidelines for chiropractic care shall, at a minimum, explicitly require the referral of any injured employee who so requests to an affiliated chiropractor for the evaluation or treatment, or both of neuromusculoskeletal conditions.

(3) Whenever a dispute concerning the appropriateness or necessity of chiropractic care for work-related injuries arises, the dispute shall be resolved by the health care organization's utilization review process for chiropractic care in accordance with the health care organization's guidelines for chiropractic care established by paragraph (2).

Chiropractic utilization review for work-related injuries shall be conducted in accordance with the health care organization's approved quality assurance standards and utilization review process for chiropractic care. Chiropractors affiliated with the plan shall have access to the health care organization's provider appeals process and, in the case of chiropractic care for work-related injuries, the review shall include review by a chiropractor affiliated with the health care organization, as determined by the health care organization.

SEC. 41. Section 4614 is added to the Labor Code, to read:

4614. (a) (1) Where the employee's provider of health care services rendered under this division and paid on a fee-for-service basis is also the provider of health care services under contract with the employee's health benefit program, and the service or treatment provided is included within the range of benefits of the employee's health benefit program, and paid on a fee-for-service basis, the amount of payment for services provided under this division, for a work-related occurrence or illness, shall be no more than the amount that would have been paid for the same services under the health benefit plan, for a non-work-related occurrence or illness.

(2) Where the employee's provider of health care services rendered under this division is also the provider of a capitated health care service plan under contract with the employee's health benefit program, it shall be paid for on a capitated basis.

(b) (1) Where the employee's provider of health care services rendered under this division as a provider under a managed care contract is not the provider of health care services under contract with the employee's health benefit program or where the services rendered under this division are not within the benefits provided under the employer-sponsored health benefit program, the provider shall receive payment that is no more than the average of the payment that would have been paid by five of the largest health benefit programs by geographic region. Physicians, as defined in Section 3209.3, shall be reimbursed at the same averaged rates, regardless of licensure, for the delivery of services under the same code procedure. This subdivision shall not apply to a health care plan that provides its services on a capitated basis.

(2) The administrative director shall identify the regions and the five largest carriers in each region. The carriers shall provide the necessary information to the administrative director in the form and manner requested by the administrative director. The administrative director shall make this information available to the affected providers on an annual basis.

(c) Nothing in this section shall prohibit a health care provider from being paid fees different than those set forth in the official medical fee schedule by an employer, insurance carrier, third party administrator on behalf of employers, or preferred provider organization representing an employer or insurance carrier provided that:

(1) The fee is an alternative discounted rate which covers all services in lieu of separate fees for itemized services, whether or not the itemized services are specified on the fee schedule, and

(2) The administrative director has determined that the alternative discounted rates between the health care organization and a payor, a third party administrator on behalf of employers, or a preferred provider organization will produce greater savings in the aggregate than if each item on facility billings were to be charged at the scheduled rate.

SEC. 42. Section 4614.1 is added to the Labor Code, to read:

4614.1. Notwithstanding subdivision (f) of Section 1345 of the Health and Safety Code, a health care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act and certified by the administrative director pursuant to Section 4600.5 to provide health care pursuant to Section 4600.3 shall be permitted to accept payment from a self-insured employer, a group of self-insured employers, or the insurer of an employer on a fee-for-service basis for the provision of such health care.

SEC. 43. Section 4621 of the Labor Code is amended to read:

4621. (a) In accordance with the rules of practice and procedure of the appeals board, the employee, or the dependents of a deceased employee, shall be reimbursed for his or her medical-legal expenses and reasonably, actually, and necessarily incurred, except as provided in Section 4064. The reasonableness of, and necessity for, incurring these expenses shall be determined with respect to the time when the expenses were actually incurred. Costs for medical evaluations, diagnostic tests, and interpreters' services incidental to the production of a medical report shall not be incurred earlier than the date of receipt by the employer, the employer's insurance carrier, or, if represented, the attorney of record, of all reports and documents required by the administrative director incidental to the services. This subdivision is not applicable unless there has been compliance with Section 4620.

(b) Except as provided in subdivision (c) and Sections 4061 and 4062, no comprehensive medical-legal evaluations, except those at the request of an employer, shall be performed during the first 60 days after the notice of claim has been filed pursuant to Section 5401,

and neither the employer nor the employee shall be liable for any expenses incurred for comprehensive medical-legal evaluations performed within the first 60 days after the notice of claim has been filed pursuant to Section 5401.

(c) Comprehensive medical-legal evaluations may be performed at any time after the claim form has been filed pursuant to Section 5401 if the employer has rejected the claim.

(d) Where, at the request of the employer, the employer's insurance carrier, the administrative director, the appeals board, or a referee, the employee submits to examination by a physician, he or she shall be entitled to receive, in addition to all other benefits herein provided, all reasonable expenses of transportation, meals, and lodging incident to reporting for the examination to the same extent and manner as provided for in Section 4600.

SEC. 44. Section 4635 of the Labor Code is amended to read:

4635. As used in this article:

(a) "Qualified injured worker" means an employee who meets both of the following requirements:

(1) The employee's expected permanent disability as a result of the injury, whether or not combined with the effects of a prior injury or disability, if any, permanently precludes, or is likely to preclude, the employee from engaging in his or her usual occupation or the position in which he or she was engaged at the time of injury, hereafter referred to as "medical eligibility."

(2) The employee can reasonably be expected to return to suitable gainful employment through the provision of vocational rehabilitation services, hereafter referred to as "vocational feasibility."

(b) "Qualified rehabilitation representative" means a person capable of developing and implementing a vocational rehabilitation plan and whose experience and regular duties involve the evaluation, counseling, or placement of disabled persons, and who is familiar with this article. It is the intent of the Legislature to allow use of an in-house qualified rehabilitation representative. If the injured worker is represented by an attorney, and an in-house qualified rehabilitation representative is utilized, communication directly with that in-house qualified rehabilitation representative by the injured worker's attorney shall not constitute a violation of Rule 2-100 of the State Bar Rules of Professional Conduct.

(c) "Independent vocational evaluator" means a qualified rehabilitation representative, who, in addition to the requirements of subdivision (b), has one of the following qualifications:

(1) A doctorate or master's degree in vocational counseling or its equivalent and one or more years full-time experience in vocational counseling of industrially injured employees.

(2) A doctor of medicine degree and one or more years full-time experience in psychiatric or psychological evaluation of disabled adults in relation to rehabilitation counseling.

(3) A doctorate or master's degree in counseling or psychology or

their equivalent and two or more years full-time employment using rehabilitation counseling techniques and conducting vocational evaluations of disabled adults under the direct supervision of an independent vocational evaluator.

(4) A baccalaureate degree in any field and three or more years full-time employment using rehabilitation counseling techniques and conducting vocational evaluations of disabled adults under the direct supervision of an independent vocational evaluator.

(d) "Vocational rehabilitation services" means those services required to determine if an employee can reasonably be expected to return to suitable gainful employment and those services reasonably necessary to provide an employee with the opportunity to return to suitable gainful employment. These services may include, but are not limited to, vocational and medical evaluation, counseling, job analysis, job modification assistance, retraining, including on-the-job training or training for alternative employment, formal training, academic instruction, and job placement assistance.

(e) "Vocational rehabilitation plan" means the written description of and rationale for the manner and means by which it is proposed that a qualified injured worker may be returned to suitable gainful employment. The plan may contemplate direct job placement assistance, on-the-job training, formal training, academic instruction, job placement assistance, or self-employment. The plan shall specify the anticipated completion date of vocational rehabilitation services and the amount and source of payments to be made to the qualified injured workers during the pendency of the plan. The plan shall also define the responsibilities of the employee, employer, qualified rehabilitation representative, and any other parties in implementing the plan. The plan may contemplate modification of the employee's occupation at the time of injury or provision for alternative work if the employer has initially failed or refused to provide modified or alternative work to the injured worker.

(f) "Suitable gainful employment" means that employment or self-employment which is reasonably attainable and which offers an opportunity to restore the employee as soon as practicable and as near as possible to maximum self-support, due consideration being given to the employee's qualifications, likely permanent disability, vocational interests and aptitudes, preinjury earnings and future earning capacity, and the present and projected labor market. No one factor shall be considered solely in determining suitable gainful employment.

SEC. 45. Section 4635.1 is added to the Labor Code, to read:

4635.1. (a) The Legislature finds and declares that vocational rehabilitation provides an important tool for the retraining of injured workers. However, it is equally important that this retraining should be provided in an efficient and cost-effective manner.

(b) The Legislature further finds that community colleges can provide a cost-effective alternative to existing vocational

rehabilitation services, and declares its intent to encourage the implementation of vocational rehabilitation services at community colleges.

SEC. 46. Section 4635.2 is added to the Labor Code, to read:

4635.2. The administrative director and the Chancellor of the Community Colleges shall establish a task force to create vocational rehabilitation schooling plans at the community colleges. This task force should focus on the underutilized potential of the schools to provide meaningful rehabilitation services in an affordable and cost-effective manner.

SEC. 47. Section 4636 of the Labor Code is amended to read:

4636. (a) When aggregate total disability continues for 90 days, the employer immediately shall provide to the employee in the form and manner prescribed by the administrative director, information that provides notice of rights under the Americans with Disabilities Act and the provisions of the Fair Employment and Housing Act relating to individuals with a disability, and that explains the employee's rights and obligations pertaining to vocational rehabilitation, the nature and scope of vocational rehabilitation services to which the employee may be entitled, the maintenance allowance payable under Section 139.5, the effect of any delay in the treating physician's determination of medical eligibility, and that additional information may be obtained from an information assistance officer. When aggregate total disability exceeds 90 days and the employee has not previously been identified as meeting the medical eligibility requirements of paragraph (1) of subdivision (a) of Section 4635, the employer shall provide the employee's treating physician with a job description, developed jointly with the employee and the employer, and the physical requirements of the employee's duties at the time of injury in the form and manner prescribed by the administrative director, and request the treating physician to determine the employee's medical eligibility for vocational rehabilitation services. The treating physician's determination of medical eligibility shall take into account the employee's current and probable future medical condition, an estimate of the employee's current and potential functional limitations, the ability of the employee to accept and participate in vocational rehabilitation services if and when indicated, recommendations for subsequent evaluation or services, if any, the ability of the employee to engage in light work in a modified or alternative capacity, if available, and other information as may reasonably be prescribed by rules and regulations of the administrative director.

(b) If the employee's treating physician is unable to make the assessment of medical eligibility at the time of initial contact, the employer shall continue to monitor the employee's recovery and request the treating physician to report as soon as the physician is able to determine whether the employee is medically eligible for vocational rehabilitation services. The treating physician shall report

to both the employer and the employee no less frequently than every 60 days thereafter. The report also shall include an opinion concerning the physical capabilities of the employee at the time of each report. The reports shall continue to be made until the physician provides a report concluding one of the following:

(1) The employee is released to return to work at his or her usual occupation or, if the employee was engaged in another occupation at the time of injury, the occupation the employee was engaged in at the time of injury.

(2) The employee's permanent disability as the result of the injury, whether or not combined with the effects of a prior injury or disability, if any, permanently precludes, or is likely to preclude, the employee from engaging in the employee's usual occupation or the occupation in which the employee was engaged at the time of injury.

(c) When aggregate total disability exceeds 365 days and the employee has not been previously identified as medically eligible for vocational rehabilitation, there shall be a rebuttable presumption that the employee is medically eligible for vocational rehabilitation services.

(d) Immediately upon receipt of the treating physician's final report required by this section, the employer shall provide a copy to the employee together with notice of the procedure to be followed in contesting the treating physician's determination. The notice shall be in writing in the form and manner prescribed by the administrative director, and shall include the following:

(1) Notice of whether the employer will be able or unable to offer modified or alternative work.

(2) Notice that the employee may be eligible for services if the employee is unable to return either to his or her usual occupation or the occupation in which he or she was engaged at the time of injury.

SEC. 48. Section 4638 of the Labor Code is amended to read:

4638. (a) If the employee is determined to be a qualified injured worker, and the employer notifies the injured worker, pursuant to paragraph (1) of subdivision (d) of Section 4636 that the employer will be unable to provide modified or alternative work to that injured worker, the qualified rehabilitation representative and the employee, jointly, shall develop an agreed-upon vocational rehabilitation plan.

Vocational rehabilitation plans which utilize an employee's transferable skills and experience shall be preferable to plans that propose training for an occupation in which the employee has no skills or experience.

An insured employer in whose employment the injury occurred shall receive a refund, payable in the same manner as a return of a standard insurance premium, from the insurer that provided the security for the payment of compensation on the date of injury when the employer, pursuant to Section 4644, returns the qualified injured worker to modified or alternative work at the employer's place of employment for 12 consecutive months. The refund shall be equal to

the standard premium computed on the wages paid by the employer to the qualified injured worker during the 12-month period and shall be calculated as follows: multiply the workers' compensation insurance premium rate times the wages reported for workers' compensation insurance for the qualified injured worker during that 12-month period. For this calculation, the workers' compensation insurance rate shall be the insurance premium rate or rates per one hundred dollars ($100) of payroll which were applicable to the payroll reported for the qualified injured worker during that 12-month period, modified by the experience modification factor or factors, if any, which were applicable to the employer during that 12-month period. During and after the 12-month period, the qualified injured worker shall be protected against discrimination pursuant to Section 132a.

(b) Within 90 days after determination of the employee's vocational feasibility, the employer shall do either of the following:

(1) Submit a vocational rehabilitation plan agreed to by the employee to the Office of Benefit Determination for review and approval.

(2) Request the Office of Benefit Determination to resolve any dispute concerning the provision of vocational rehabilitation services.

SEC. 50. Section 4642 of the Labor Code is amended to read:

4642. (a) If the employer fails to assign a qualified rehabilitation representative or to commence vocational rehabilitation service in a timely manner as required by Section 4637, or otherwise causes any delay in the provision of vocational rehabilitation services, the full maintenance allowance shall be paid in its entirety by the employer, including the amount payable under paragraph (2) of subdivision (d) of Section 139.5, for the period of the delay. The maintenance allowance and any costs attributable to the delay shall not be subject to the overall cap on vocational rehabilitation services provided for by Section 139.5.

(b) If the failure to meet the requirements of subdivision (a) is primarily the result of actions by the insurer, any increase in the costs that result shall be charged against the insurer's expenses.

SEC. 51. Section 4644 of the Labor Code is amended to read:

4644. (a) The liability of the employer for vocational rehabilitation services shall terminate when any of the following events occur:

(1) An employee who has received notice of potential eligibility to participate in a rehabilitation plan under Section 4637 declines vocational rehabilitation services in the form and manner prescribed by the administrative director.

(2) A qualified injured worker completes a vocational rehabilitation plan except as otherwise provided in subdivisions (c) and (d).

(3) The qualified injured worker unreasonably failed to complete a vocational rehabilitation plan.

(4) An employee has not requested vocational rehabilitation services within 90 days of the notification that the employee is medically eligible for vocational rehabilitation services. The liability of the employer for vocational rehabilitation services shall not terminate under this paragraph unless the employer, not earlier than 45 days nor later than 70 days after the employee's receipt of the notice required by Section 4637, reminds the employee of his or her right to vocational rehabilitation services or until the 21st day after the employee receives the reminder notification. The reminder notification shall be in writing, in the form and manner prescribed by the administrative director, and shall be served by certified mail. The provisions of this paragraph shall not apply if the employee shows he or she was unable to comprehend the consequences of failing to timely request vocational rehabilitation services, or that, because of conditions beyond the control of the employee, the employee was unable to exercise his or her right to accept or decline vocational rehabilitation services.

(5) The employer offers, and the employee accepts or rejects, in the form and manner prescribed by the administrative director, modified work lasting at least 12 months, provided that an employer who offers modified work that is available for the 12-month period required by this paragraph meets the requirements of this paragraph even if the employee voluntarily quits prior to the end of that 12-month period.

(6) The employer offers and the employee accepts or rejects, in the form and manner prescribed by the administrative director, alternative work meeting all of the following conditions:

(A) The employee has the ability to perform the essential functions of the job provided.

(B) The job provided is in a regular position lasting at least 12 months. An employer who offers alternative work that is available for the 12-month period required by this paragraph meets the requirements of this paragraph even if the employee voluntarily quits prior to the end of the 12-month period.

(C) The job provided offers wages and compensation that are within 15 percent of those paid to the employee at the time of injury.

(D) The job is located within reasonable commuting distance of the employee's residence at the time of injury.

(7) The employer offers, and the employee accepts, in the form and manner prescribed by the administrative director, work not meeting the conditions of paragraph (5) or (6) provided that the work lasts at least 12 months. The employee shall be required to reject the offer, in the form and manner prescribed by the administrative director, in order for the employee to be eligible for vocational rehabilitation services. An employer who offers work that is available for the 12-month period meets the requirements of this paragraph, even if the employee voluntarily quits prior to the end of that 12-month period.

(b) Nothing in this article shall preclude the deferral or

interruption of vocational rehabilitation services upon agreement of the employee and employer or, if no agreement can be reached, upon a good cause determination by the administrative director.

(c) Except as provided in this section, vocational rehabilitation plans prepared pursuant to Section 4638 shall be limited to one plan per injured worker. The plans shall be completed within an 18-month period after approval of the plan, and shall not include a period of job placement exceeding 60 days. The employee shall be entitled to one additional vocational rehabilitation plan only if the original plan is determined to be inappropriate due to one of the following:

(1) The employee's disability has deteriorated to the point where the worker is unable to meet the physical demands of the first plan.

(2) The first plan is disrupted due to circumstances beyond the control of the employee.

(3) Failure by the employer to provide timely service required by this article and the vocational rehabilitation plan when the plan has not been completed.

The cost of the original and the additional plan plus all other vocational rehabilitation costs shall not exceed the overall cap and the counselor fee cap established in subdivision (c) of Section 139.5.

(d) Notwithstanding subdivision (c), an employee may apply to the rehabilitation unit for approval of a second vocational rehabilitation plan which exceeds the overall cap provided for in subdivision (c) of Section 139.5 if all of the following conditions are met:

(1) The employee has a permanent disability rating of 25 percent or greater. In reaching this determination, the rehabilitation unit shall consider any treating physicians' reports.

(2) The first plan cannot be completed due to circumstances beyond the control of the employee.

(3) The rehabilitation unit finds that a second plan is necessary for the proper rehabilitation of the employee.

However, in no case shall the cost solely attributable to the second plan exceed the overall cap and the counseling fee cap contained in subdivision (c) of Section 139.5.

(e) Notwithstanding subdivision (c), an employee may receive a second vocational rehabilitation plan that exceeds the overall cap provided for in subdivision (c) of Section 139.5 if the rehabilitation unit finds that the employee cannot complete the plan because the school or other training facility has closed or the worker has a sudden and unexpected change in disability that renders the plan inappropriate or other similar circumstances.

(f) Notwithstanding paragraph (2) of subdivision (a), if a qualified injured worker returns to modified or alternative work with the same employer or to work with a different employer as a result of direct job placement assistance and that employment terminates, other than for cause, within 12 months of the date the employee was employed at the modified or alternative work, and if

that work is unavailable in the labor market, the employer shall be liable, subject to Section 4642, for additional vocational rehabilitation services, provided that the employer's liability for vocational rehabilitation services shall terminate if the employee voluntarily quits prior to the end of that 12-month period. To qualify for additional vocational rehabilitation services, the employee shall demonstrate an inability to compete for suitable gainful employment with his or her existing skills.

(g) An employer shall not be liable to provide vocational rehabilitation services at a location outside the state, unless upon agreement of the employer and the employee, or a determination by the Division of Workers' Compensation that those services are more cost-effective than similar services provided in the state.

SEC. 52. Section 4645 of the Labor Code is amended to read:

4645. (a) (1) For unrepresented employees, all disputed matters regarding the provision of vocational rehabilitation services shall be submitted initially to the Office of Benefit Determination for its recommendation except as otherwise provided in this section.

(2) For represented employees, all disputed matters shall be submitted to arbitration pursuant to Part 3.5 (commencing with Section 5270), except as otherwise provided in this section and Section 4643.

(b) Where the question of entitlement to vocational rehabilitation services is first raised before a workers' compensation judge and there are good faith issues which, if resolved against the employee, would defeat his or her right to all compensation, the judge shall determine the issues and, if appropriate, refer the question of entitlement to vocational rehabilitation services to the Office of Benefit Determination or arbitration for its recommendation.

(c) Where the question of entitlement to vocational rehabilitation services is first raised before a workers' compensation judge and there are no issues which would bar the employee's right to compensation, the judge shall refer the question of entitlement to the vocational rehabilitation services to the Office of Benefit Determination or arbitration for its recommendations before entering a finding, decision, or award on the issue of vocational rehabilitation.

(d) Any determination or recommendation of the Office of Benefit Determination or by the arbitrator shall be binding unless a petition is filed with the appeals board within 20 days after service of the determination or recommendation. Nothing in this section shall affect an employee's rights pursuant to Sections 5405.5, 5410, and 5803.

SEC. 52.5. Section 4659 of the Labor Code is amended to read:

4659. (a) If the permanent disability is at least 70 percent but less than 100 percent, 1.5 percent of the average weekly earnings for each 1 percent of disability in excess of 60 percent is to be paid during the remainder of life, after payment for the maximum number of weeks specified in Section 4658 has been made. For the purposes of this

subdivision only, average weekly earnings shall be taken at not more than one hundred seven dollars and sixty-nine cents ($107.69). For injuries occurring on or after July 1, 1994, average weekly wages shall not be taken at more than one hundred fifty-seven dollars and sixty-nine cents ($157.69). For injuries occurring on or after July 1, 1995, average weekly wages shall not be taken at more than two hundred seven dollars and sixty-nine cents ($207.69). For injuries occurring on or after July 1, 1996, average weekly wages shall not be taken at more than two hundred fifty-seven dollars and sixty-nine cents ($257.69).

(b) If the permanent disability is total, the indemnity based upon the average weekly earnings determined under Section 4453 shall be paid during the remainder of life.

SEC. 53. Section 4660 of the Labor Code is amended to read:

4660. (a) In determining the percentages of permanent disability, account shall be taken of the nature of the physical injury or disfigurement, the occupation of the injured employee, and his age at the time of such injury, consideration being given to the diminished ability of such injured employee to compete in an open labor market.

(b) The administrative director may prepare, adopt, and from time to time amend, a schedule for the determination of the percentage of permanent disabilities in accordance with this section. Such schedule shall be available for public inspection, and without formal introduction in evidence shall be prima facie evidence of the percentage of permanent disability to be attributed to each injury covered by the schedule.

(c) Any such schedule and any amendment thereto or revision thereof shall apply prospectively and shall apply to and govern only those permanent disabilities which result from compensable injuries received or occurring on and after the effective date of the adoption of such schedule, amendment or revision, as the fact may be.

(d) On or before January 1, 1995, the administrative director shall review and revise the schedule for the determination of the percentage of permanent disabilities. The revision shall include, but not be limited to, an updating of the standard disability ratings and occupations to reflect the current labor market. However, no change in standard disability ratings shall be adopted without the approval of the Commission of Health and Safety and Workers' Compensation. A proposed revision shall be submitted to the commission on or before July 1, 1994.

SEC. 53.5. Section 4702 of the Labor Code is amended to read:

4702. (a) Except as otherwise provided in this section and Sections 4553, 4554, 4557, and 4558, the death benefit in cases of total dependency shall be as follows:

(1) In the case of two or more total dependents and regardless of the number of partial dependents, ninety-five thousand dollars ($95,000), for injuries occurring on and after January 1, 1991, one hundred fifteen thousand dollars ($115,000), for injuries occurring on

or after July 1, 1994, one hundred thirty-five thousand dollars ($135,000), and for injuries occurring on or after July 1, 1996, one hundred forty-five thousand dollars ($145,000).

SEC. 54. Part 3.2 (commencing with Section 5150) is added to Division 4 of the Labor Code, to read:

PART 3.2. WORKERS' COMPENSATION HEALTH CARE PROVIDER ORGANIZATION ACT

CHAPTER 1. GENERAL

5150. This part shall be known and may be cited as the Workers' Compensation Health Care Provider Organization Act of 1993.

5151. Responsibility for the administration and enforcement of this part is vested in the Commissioner of Corporations. All references to commissioner in this part shall be references to the Commissioner of Corporations and all references to department shall be references to the Department of Corporations.

5152. It is the intent of the Legislature that workers' compensation health care provider organizations be subject only to those antitrust prohibitions applicable to the conduct of other presumptively legitimate enterprises.

This section does not change existing antitrust law as it relates to any agreement or arrangement to exclude from any of the above-described groups, any person who is lawfully qualified to perform the services to be performed by the members of the group, where the ground for exclusion is failure to possess the same license or certification as is possessed by the members of the group.

5153. The commissioner shall consult with the Director of the Department of Industrial Relations prior to the adoption of regulations applicable to workers' compensation health care provider organizations subject to this part for the purpose of ensuring, to the extent practical, that there is consistency of regulations adopted by the director and the Commissioner of Corporations.

5154. In any proceeding under this part, the burden of providing an exemption or an exception from a definition is upon the person claiming it.

5155. (a) The commissioner may from time to time adopt, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this part, including rules governing applications and reports, and defining any terms, whether or not used in this part, insofar as the definitions are not inconsistent with the provisions of this part. For the purpose of rules and forms, the commissioner may classify persons and matters within the commissioner's jurisdiction, and may prescribe different requirements for different classes. The commissioner may waive any requirement of any rule or form in situations where in the commissioner's discretion such requirement is not necessary in the public interest or for the protection of the public, persons, or organizations subject to this part.

(b) The commissioner may honor requests from interested parties for interpretive opinions.

(c) No provision of this part imposing any liability applied to any act done or omitted in good faith in conformity with any rule, form,

order, or written interpretive opinion of the commissioner, or any such opinion of the Attorney General, notwithstanding that the rule, form, order, or written interpretive opinion may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(d) Notwithstanding the provisions of the Administrative Procedure Act, the Legislature has determined that an emergency exists, and that to promote the public interest, the commissioner is authorized to adopt emergency regulations. After the public comment period required by the Administrative Procedure Act, the Office of Administrative Law shall, immediately upon receiving the regulations adopted by the commissioner, file the regulations with the Secretary of State for immediate effectiveness.

5160. In addition to the requirements of Section 5159 and upon request of the commissioner, each application shall be accompanied by authorization for disclosure to the commissioner of financial records of each organization authorized under this part pursuant to Section 7473 of the Government Code. For the purpose of this part, the authorization for disclosure shall also include the financial records of any association, partnership, or corporation controlling, controlled by, or otherwise affiliated with an organization.

5161. (a) An authorized organization shall, within 30 days after any change in the information contained in its application, other than financial or statistical information, file an amendment thereto in the manner the commissioner may by rule prescribe setting forth the changed information. However, the addition of any association, partnership, or corporation in a controlling, controlled, or affiliated status relative to the organization shall necessitate the filing, within a 30-day period, of an authorization for disclosure to the commissioner of financial records of the person pursuant to Section 7473 of the Government Code.

(b) Prior to any material modification of its contracts or operations, an organization shall give notice thereof to the commissioner, who shall, within 20 business days or such additional time as the organization may specify, by order approve, disapprove, suspend, or postpone the effectiveness of any such change, subject to Section 5164.

(c) An organization shall, within five days, give written notice to the commissioner in the form as by rule may be prescribed, of any change in the officers, directors, partners, controlling shareholders, principal creditors, or persons occupying similar positions or performing similar functions, of the organization and of any management company of the organization, and of any parent company of the organization or management company. The

commissioner may by rule define the positions, duties, and relationships which are referred to in this subdivision.

(d) The fee for filing a notice of major modification pursuant to subdivision (b) shall be the actual cost to the commissioner of processing the notice, including overhead, but shall not exceed seven hundred fifty dollars ($750).

5162. (a) Except as provided in subdivision (b), no organization shall enter into any new or modified contract or publish or distribute, or allow to be published or distributed on its behalf, any disclosure form, unless (1) a true copy thereof has first been filed with the commissioner, at least 30 days prior to any such use, or any shorter period as the commissioner by rule or order may allow, and (2) the commissioner by notice has not found the contract, disclosure form, or evidence of coverage wholly or in part, to be untrue, misleading, deceptive, or otherwise not in compliance with this part or the rules thereunder, and specified the deficiencies, within at least 30 days or any shorter time as the commissioner by rule or order may allow.

(b) Except as provided in subdivision (c), an authorized organization which has been continuously authorized under this part for the preceding 18 months and which has had group contracts in effect at all times during that period may enter a new or modified contract or may publish or distribute, or allow to be published or distributed on its behalf, any disclosure form without having filed the same for the commissioner's prior approval, if the contracts and the materials comply with each of the following conditions:

(1) The contract, disclosure form, or any material provision thereof, has not been previously disapproved by the commissioner by written notice to the organization and the organization reasonably believes that the contract and disclosure form do not violate any requirements of this part or the rules thereunder.

(2) The organization files the contract and any related disclosure form with the commissioner not later than 10 business days after entering the contract, or within any additional period as the commissioner by rule or order may provide.

(c) The commissioner by order may require an organization which has entered any contract or published or distributed, or allowed to be published or distributed on its behalf, any disclosure form in violation of this part or the rules thereunder to comply with subdivision (a) prior to entering contracts and prior to publishing or distributing, or allowing to be published or distributed on its behalf, related disclosure forms. An order issued pursuant to this subdivision shall be effective for 12 months from its issuance, and may be renewed by order if the contracts or disclosure forms submitted under this subdivision indicate difficulties of voluntary compliance with the applicable provisions of this part and the rules thereunder.

(d) An authorized organization or other person regulated under this part may, within 30 days after receipt of any notice or order under this section, file a written request for a hearing with the commissioner.

5163. (a) The commissioner shall issue an authorization to any person filing an application pursuant to this chapter, if the commissioner, upon due consideration of the application and of the information obtained in any investigation, including, if necessary, an onsite inspection, determines that the applicant has satisfied the provisions of this part and that, in the judgment of the commissioner, a disciplinary action pursuant to Section 5191 would not be warranted against such applicant. Otherwise, the commissioner shall deny the application.

(b) Prior to the operative date of this part, an applicant may file an application for authorization on the first five business days of the fourth month prior to the operative date. The commissioner shall provide a written comment letter to the applicant within the 60-day period from the date of the filing of an application.

5164. Upon denial of application for authorization, or the issuance of an order pursuant to Section 5161 disapproving, suspending, or postponing a material modification, the commissioner shall notify the applicant in writing, stating the reason for the denial and that the applicant has the right to a hearing if the applicant makes written request within 30 days after the date of mailing of the notice of denial. Service of the notice required by this subdivision may be made by certified mail addressed to the applicant at the latest address filed by the applicant in writing with the department.

5165. Every organization's authorization issued under this part shall remain in effect until revoked or suspended by the commissioner.

5166. (a) Each organization applying for licensure under this part shall reimburse the commissioner for the actual cost of processing the application, including overhead, up to an amount not to exceed twelve thousand five hundred dollars ($12,500). The cost shall be billed not more frequently than monthly and shall be remitted by the applicant to the commissioner within 30 days of the date of billing. The commissioner shall not issue a license to any applicant prior to receiving payment in full for all amounts charged pursuant to this subdivision.

(b) In addition to other fees and reimbursements required to be paid under this part, each organization authorized under this part shall pay to the commissioner an amount as estimated by the commissioner for the ensuing fiscal year, as a reimbursement of its share of all costs and expenses, including routine financial examinations, medical surveys, and overhead, reasonably incurred in the administration of this part and not otherwise recovered by the commissioner under this part or from the State Corporations Fund. The amount may be paid in two equal installments. The first installment shall be paid on or before July 1 of each year, and the second installment shall be paid on or before December 15 of each year.

(c) The amount paid by each organization shall be an amount calculated by multiplying a number which equals the ratio of the

gross revenues of the organization attributable to the provisions of workers' compensation health care as of the preceding March 31 to the total gross revenues attributable to the provision of workers' compensation health care of all of those organizations for the same period multiplied by the total assessment for the ensuing year. An additional assessment shall be imposed during the first four years to pay back the initial loan to the Department of Corporations for implementation of this act. The assessment shall be fixed by the commissioner by notice to all organizations authorized under this part on or before May 15 of each year.

In determining the amount assessed, the commissioner shall consider all appropriations from the State Corporations Fund for the support of this part and all reimbursements provided for in this part.

(d) In no case shall the reimbursement, payment, or other fee authorized by this section exceed the cost, including overhead, reasonably incurred in the administration of this part.

(e) During the first 12 months after the operative date of this part, the commissioner may levy a special assessment at the end of the first six months from the operative date to cover unanticipated costs of administration of this part, over and above the initial appropriation from the General Fund as provided for in this chapter. The assessment shall be calculated pursuant to subdivision (c) and shall be paid by the organization within 30 days of notice of the assessment. Funds deposited in the State Corporations Fund from this special assessment shall be immediately appropriated from that fund to the commissioner for the support of this part.

5167. Notwithstanding subdivision (e) of Section 4876, if the commissioner determines that the charges and assessments set forth in this part for any year are in excess of the amount necessary, or are insufficient, to meet the expenses of administration of this part, for that year, the assessments and charges for the following year shall be adjusted on a pro rata basis in accordance with the percentage of the excess or insufficiency as related to the actual charges and assessments for the year for which the excess or insufficiency occurred, in order to recover the actual costs of administration.

CHAPTER 4. SOLICITORS

5168. (a) The commissioner may require that solicitors and solicitor firms, and principal persons engaged in the supervision of solicitation for organizations of solicitor firms, meet such reasonable and appropriate standards with respect to training, experience, and other qualifications as the commissioner finds necessary and appropriate in the public interest or for the protection of organizations and employees. For such purposes, the commissioner may do the following:

(1) Appropriately classify such persons and individuals.

(2) Specify that all or any portion of such standards shall be applicable to any such class.

(3) Require individuals in any such class to pass examinations prescribed in accordance with such rules.

(b) The commissioner may prescribe by rule reasonable fees and charges to defray the costs of carrying out this section, including, but not limited to, fees for any examination administered by the commissioner or under his or her direction.

(c) The commissioner may consult with the Director of the Department of Industrial Relations and the Industrial Medical Council in promulgating advertising requirements in order to minimize duplicative requirements under Sections 139.4, 139.43, and 139.45.

5169. (a) No organization, solicitor, solicitor firm, or representative shall use or permit the use of any advertising or solicitation which is untrue or misleading, or any form of disclosure that is deceptive. For purposes of this chapter:

(1) A written or printed statement or item of information shall be deemed untrue if it does not conform to fact in any respect which is or may be significant to an employer or employee, or potential employer or employee.

(2) A written or printed statement or item of information shall be deemed misleading whether or not it may be literally true, if, in the total context in which the statement is made or such item of information is communicated, such statement or item of information may be understood by a person not possessing special knowledge regarding health care coverage, as indicating any benefit or advantage, or the absence of any exclusion, limitation, or disadvantage of possible significance to an employer or employee, or potential employer or employee.

(3) A disclosure form shall be deemed to be deceptive if the disclosure form taken as a whole and with consideration given to typography and format, as well as language, shall be such as to cause a reasonable person, not possessing special knowledge of workers' compensation health care, and the disclosure form therefor, to expect benefits, service charges, or other advantages which the disclosure form does not provide or which the organization issuing such disclosure form does not regularly make available to employees.

(b) No organization, solicitor, or representative shall use or permit the use of any verbal statement which is untrue, misleading, or deceptive or make any representations about health care offered by the organization or its cost that does not conform to fact. All verbal statements are to be held to the same standards as those for printed matter provided in subdivision (a).

5170. It is unlawful for any person, including an organization, subject to this part to represent or imply in any manner that the person or organization has been sponsored, recommended, or approved, or that the person's or organization's abilities or qualifications have in any respect been passed upon, by the commissioner.

5171. (a) Except as provided in subdivision (b), no organization

shall publish or distribute, or allow to be published or distributed on its behalf, any advertisement not subject to Section 5162 unless (1) a true copy thereof has first been filed with the commissioner, at least 30 days prior to any such use, or any shorter period as the commissioner by rule or order may allow, and (2) the commissioner by notice has not found the advertisement, wholly or in part, to be untrue, misleading, deceptive, or otherwise not in compliance with this part or the rules thereunder, and specified the deficiencies, within the 30 days or any shorter time as the commissioner by rule or order may allow.

(b) Except as provided in subdivision (c), an authorized organization which has been continuously authorized under this part for the preceding 18 months may publish or distribute or allow to be published or distributed on its behalf an advertisement not subject to Section 5162 without having filed the same for the commissioner's prior approval, if the organization and the material comply with each of the following conditions:

(1) The advertisement or a material provision thereof has not been previously disapproved by the commissioner by written notice to the organization and the organization reasonably believes that the advertisement does not violate any requirement of this part or the rules thereunder.

(2) The organization files a true copy of each new or materially revised advertisement, used by it or by any person acting on behalf of the organization, with the commissioner not later than 10 business days after publication or distribution of the advertisement or within such additional period as the commissioner may allow by rule or order.

(c) If the commissioner finds that any advertisement of an organization has materially failed to comply with this part or the rules thereunder, the commissioner may, by order, require the organization to publish in the same or similar medium, an approved correction or retraction of any untrue, misleading, or deceptive statement contained in the advertising, and may prohibit the organization from publishing or distributing, or allowing to be published or distributed on its behalf, the advertisement or any new materially revised advertisement without first having filed a copy thereof with the commissioner, 30 days prior to the publication or distribution thereof, or any shorter period specified in the order. An order issued under this subdivision shall be effective for 12 months from its issuance, and may be renewed by order if the advertisements submitted under this subdivision indicate difficulties of voluntary compliance with the applicable provisions of this part and the rules thereunder.

(d) An authorized organization or other person regulated under this part may, within 30 days after receipt of any notice or order under this section, file a written request for a hearing with the commissioner.

(e) The commissioner by rule or order may classify organizations

and advertisements and exempt certain classes, wholly or in part, either unconditionally or upon specified terms and conditions or for specified periods, from the application of subdivisions (a) and (b).

5172. As used in Sections 5173 and 5174:

(a) "Presenting for examination or sale" means either (1) publication and dissemination of any brochure, mailer, advertisement, or form which constitutes a presentation of the provisions of a contract and which provides an organization enrollment or application form, or (2) consultations or discussions between prospective organization members or their contract agents and solicitors or representatives of an organization, when such consultations or discussions include presentation of formal, organized information about the organization which is intended to influence or inform the prospective employer, such as brochures, summaries, charts, slides, or other modes of information.

(b) "Disclosure form" means the disclosure form, material, or information required pursuant to Section 5173.

5173. (a) The commissioner shall require the use by each organization of disclosure forms or materials containing such information regarding the health care and terms of the workers' compensation health care contract as the commissioner may require, so as to afford the public, employers, and employees with a full and fair disclosure of the provisions of the contract in readily understood language and in a clearly organized manner. The commissioner may require that the materials be presented in a reasonably uniform manner so as to facilitate comparisons between contracts of the same or other types of organizations. The disclosure form shall describe the health care that is required by the Director of the Department of Industrial Relations under Sections 4600.3 and 4600.5, and shall provide that all information be in concise and specific terms, relative to the contract, together with such additional information as may be required by the commissioner, in connection with the organization or contract.

(b) All organizations, solicitors, and representatives of a medical group shall, when presenting any contract for examination or sale to a prospective employee, provide the employee with a properly completed disclosure form, as prescribed by the commissioner pursuant to this section for each contract so examined or sold.

(c) In addition to the other disclosures required by this section, every organization and any agent or employee of the organization shall, when representing an organization for examination or sale to any individual purchaser or the representative of a group consisting of 25 or fewer individuals, disclose in writing the ratio of premium costs to health care paid for contracts with individuals and with groups of the same or similar size for the organization's preceding fiscal year. An organization may report that information by geographic area, provided the organization identifies the geographic area and reports information applicable to that geographic area.

5174. Where the commissioner finds it necessary in the interest

of full and fair disclosure, all advertising and other consumer information disseminated by an organization for the purpose of influencing persons to become members of an organization shall contain such supplemental disclosure information as the commissioner may require.

5175. (a) No organization shall refuse to enter into any contract or shall cancel or decline to renew or reinstate any contract because of the race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, or age of any contracting party, prospective contracting party, or person reasonably expected to benefit from that contract as an employee or otherwise.

(b) The terms of any contract shall not be modified, and the benefits or coverage of any contract shall not be subject to any limitations, exceptions, exclusions, reductions, copayments, coinsurance, deductibles, reservations, or premium, price, or charge differentials, or other modifications because of the race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, or age of any contracting party, potential contracting party, or person reasonably expected to benefit from that contract as an employee or otherwise; except that premium, price, or charge differentials because of the sex or age of any individual when based on objective, valid, and up-to-date statistical and actuarial data are not prohibited. Nothing in this section shall be construed to permit an organization to charge different rates to individual employees within the same group solely on the basis of the employee's sex.

(c) It shall be deemed a violation of subdivision (a) for any organization to utilize marital status, living arrangements, occupation, gender, beneficiary designation, ZIP Codes or other territorial classification, or any combination thereof for the purpose of establishing sexual orientation. Nothing in this section shall be construed to alter in any manner the existing law prohibiting organizations from conducting tests for the presence of human immunodeficiency virus or evidence thereof.

(d) This section shall not be construed to limit the authority of the commissioner to adopt or enforce regulations prohibiting discrimination because of sex, marital status, or sexual orientation.

5176. (a) No organization may use in its name, any of the words "insurance," "casualty," "health care service plan," "health plan," "surety," "mutual," or any other words descriptive of the health plan, insurance, casualty, or surety business or use any name similar to the name or description of any health care service plan, insurance, or surety corporation doing business in this state unless such organization controls or is controlled by an entity licensed as a health care service plan or insurer pursuant to the provisions of the Health and Safety Code or the Insurance Code and the organization employs a name related to that of such controlled or controlling entity.

(b) Section 2415 of the Business and Professions Code, pertaining to fictitious names, shall not apply to organizations.

(c) No organization or solicitor firm may adopt a name style that is deceptive, or one that could cause the public to believe the organization is affiliated with or recommended by any governmental or private entity unless such affiliation or endorsement exists.

CHAPTER 5. STANDARDS

5177. Each organization shall meet the following requirements:

(a) All facilities located in this state, including, but not limited to, clinics, hospitals, and skilled nursing facilities, to be utilized by the organization shall be licensed by the State Department of Health Services, if such licensure is required by law. Facilities not located in this state shall conform to all licensing and other requirements of the jurisdiction in which they are located.

(b) All personnel employed by or under contract to the organization shall be licensed or certified by their respective board or agency, where such licensure or certification is required by law.

(c) All equipment required to be licensed or registered by law shall be so licensed or registered and the operating personnel for such equipment shall be licensed or certified as required by law.

(d) The organization shall furnish services in a manner providing continuity of care and ready referral of patients to other providers at such times as may be appropriate consistent with good professional practice.

(e) All health care shall be readily available at reasonable times to all employees. To the extent feasible, the organization shall make all health care readily accessible to all employees.

(f) The organization shall employ and utilize allied health manpower for the furnishing of health care to the extent permitted by law and consistent with good health care practice.

(g) The organization shall have the organizational and administrative capacity to provide services to employees. The organization shall be able to demonstrate to the department that health care decisions are rendered by qualified providers, unhindered by fiscal and administrative management.

(h) All contracts with employers, insurers of employers, and self-insured employers and all contracts with providers, and other persons furnishing services, equipment, or facilities to or in connection with the medical group, shall be fair, reasonable, and consistent with the objectives of this part.

(i) Each organization shall provide to employees all workers' compensation health care required by this code. The commissioner shall not determine the scope of workers' compensation health care to be offered by an organization.

5178. (a) Every organization shall establish and maintain a grievance system approved by the commissioner under which employees may submit their grievances to the organization. Each system shall provide reasonable procedures in accordance with regulations adopted by the commissioner which shall ensure

adequate consideration of employee grievances and rectification when appropriate.

(b) Every organization shall inform employees upon enrollment and annually thereafter of such procedures for processing and resolving grievances. Such information shall include the location and telephone number where grievances may be submitted.

(c) Every organization shall provide forms for complaints to be given to employees who wish to register written complaints. The forms used by organizations authorized pursuant to Section 5163 shall be approved by the commissioner in advance as to format.

(d) The organization shall keep in its files all copies of complaints, and the responses thereto, for a period of five years.

5179. Every organization shall establish procedures in accordance with department regulations for continuously reviewing the quality of care, performance of medical personnel, utilization of services and facilities, and costs. Notwithstanding any other provision of law, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any person who participates in quality of care or utilization reviews by peer review committees which are composed chiefly of physicians, as defined by Section 3209.3, for any act performed during the reviews if the person acts without malice, has made a reasonable effort to obtain the facts of the matter, and believes that the action taken is warranted by the facts, and neither the proceedings nor the records of the reviews shall be subject to discovery, nor shall any person in attendance at the reviews be required to testify as to what transpired thereat. Disclosure of the proceedings or records to the governing body of an organization or to any person or entity designated by the organization to review activities of the committees shall not alter the status of the records or of the proceedings as privileged communications.

The above prohibition relating to discovery or testimony shall not apply to the statements made by any person in attendance at a review who is a party to an action or proceeding the subject matter of which was reviewed, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits, or to the commissioner in conducting surveys pursuant to Section 5186.

This section shall not be construed to confer immunity from liability on any medical group. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against an organization, the cause of action shall exist notwithstanding the provisions of this section.

5180. Nothing in this chapter shall be construed to prevent an organization from utilizing subcommittees to participate in peer review activities, nor to prevent a plan from delegating the responsibilities required by Section 5179 as it determines to be appropriate, to subcommittees including subcommittees composed

of a majority of nonphysician health care providers licensed pursuant to the Business and Professions Code, as long as the organization controls the scope of authority delegated and may revoke all or part of this authority at any time. Persons who participate in the subcommittees shall be entitled to the same immunity from monetary liability and actions for civil damages as persons who participate in organization or provider peer review committees pursuant to Section 5179.

CHAPTER 6. REGULATION

5181. (a) Every organization shall have and shall demonstrate to the commissioner that it has all of the following:

(1) A fiscally sound operation.

(2) Adequate provision for continuity of care.

(3) A procedure for prompt payment and denial of provider claims.

(b) In determining whether the conditions of this section have been met, the commissioner shall consider, but not be limited to, the following:

(1) The financial soundness of the organization's arrangements for health care and the schedule of rates and charges used by the organization.

(2) The adequacy of working capital.

(3) Agreements with providers for the provision of health care.

5182. (a) No organization shall conduct any activity regulated by this part in contravention of such rules and regulations as the commissioner may prescribe as necessary or appropriate in the public interest or for the protection of organizations and employees to provide safeguards with respect to the requirements of the preceding section.

(b) Each solicitor and solicitor firm shall handle funds received for the account of medical groups, subscribers, or groups in accordance with such rules as the commissioner may adopt pursuant to this subdivision.

5183. (a) No organization shall provide or undertake to arrange for the provision of health care to employees, or to pay for or to reimburse any part of the cost for such health care in return for a prepaid or periodic charge paid by or on behalf of such employees.

(b) Every organization shall operate on a "fee-for-service" basis. As used in this part, "fee-for-service" refers to the situation where the amount of reimbursement paid by the employee to the organization or providers of health care is determined by the amount and type of health care rendered by the organization or provider of health care.

(c) An authorized organization is prohibited from assuming risk.

5184. No organization shall expend for administrative costs in any fiscal year an excessive amount of the aggregate payments received by the organization for providing health care to employees. The term "administrative costs," as used herein, includes costs incurred

in connection with the solicitation of subscribers or enrollees for the organization.

This section shall not preclude an organization from expending additional sums of money for administrative costs provided such money is not derived from revenue obtained from subscribers or enrollees of the organization.

5185. Every contract between an organization and an employer or insurer of an employer, and every contract between an organization and a provider of health care, shall be in writing.

5186. (a) The commissioner shall conduct periodically an onsite medical survey of the health care delivery system of each organization. The survey shall include a review of the procedures for obtaining health care, the procedures for regulating utilization, peer review mechanisms, internal procedures for assuring quality of care, and the overall performance of the organization in providing health care and meeting the health needs of employees.

(b) The survey shall be conducted by a panel of qualified health professionals experienced in evaluating the delivery of workers' compensation health care. The commissioner shall be authorized to contract with professional organizations or outside personnel to conduct medical surveys. These organizations or personnel shall have demonstrated the ability to objectively evaluate the delivery of such health care.

(c) Surveys performed pursuant to this section shall be conducted as often as deemed necessary by the commissioner to assure the protection of employees, but not less frequently than once every five years. Nothing in this section shall be construed to require the survey team to visit each clinic, hospital office, or facility of the organization.

(d) Nothing in this section shall be construed to require the medical survey team to review peer review proceedings and records conducted and compiled under Section 5179 or medical records. However, the commissioner shall be authorized to require onsite review of these peer review proceedings and records or medical records where necessary to determine that quality health care is being delivered to employees. Where medical record review is authorized, the survey team shall ensure that the confidentiality of the physician-patient relationship is safeguarded in accordance with existing law and neither the survey team nor the commissioner or the commissioner's staff may be compelled to disclose such information except in accordance with the physician-patient relationship. The commissioner shall ensure that the confidentiality of the peer review proceedings and records is maintained. The disclosure of the peer review proceedings and records to the commissioner or the medical survey team shall not alter the status of the proceedings or records as privileged and confidential communications pursuant to Sections 5179 and 5180.

(e) The procedures and standards utilized by the survey team shall be made available to the organizations prior to the conducting of medical surveys.

(f) During the survey, the members of the survey team shall offer such advice and assistance to the organization as deemed appropriate.

(g) The commissioner shall notify the organization of deficiencies found by the survey team. The commissioner shall give the organization a reasonable time to correct the deficiencies, and failure on the part of the organization to comply to the commissioner's satisfaction shall constitute cause for disciplinary action against the organization.

(h) Reports of all surveys, deficiencies, and correction plans shall be open to public inspection, except that no surveys, deficiencies, or correction plans shall be made public unless the organization has had an opportunity to review the survey and file a statement or response within 30 days, to be attached to the report. Deficiencies shall not be made public if they are corrected within 30 days of the date that the organization was notified.

(i) Nothing in this section shall be construed as affecting the commissioner's authority pursuant to Chapter 7 (commencing with Section 5191) or Chapter 8 (commencing with Section 5195).

5187. (a) All records, books, and papers of an organization, management company, solicitor, solicitor firm, and any provider or subcontractor providing medical or other services to an organization, management company, solicitor, or solicitor firm shall be open to inspection during normal business hours by the commissioner.

(b) To the extent feasible, all such records, books, and papers described in subdivision (a) shall be located in this state. In examining such records outside this state, the commissioner shall consider the cost to the organization, consistent with the effectiveness of the commissioner's examination, and may upon reasonable notice require that such records, books, and papers, or a specified portion thereof, be made available for examination in this state, or that a true and accurate copy of such records, books, and papers, or a specified portion thereof, be furnished to the commissioner.

5188. (a) The commissioner shall conduct an examination of the fiscal and administrative affairs of any organization, and each person with whom the organization has made arrangements for administrative, management, or financial services, as often as deemed necessary to protect the interest of employees, but not less frequently than once every five years.

(b) The expense of conducting any additional or nonroutine examinations pursuant to this section, and the expense of conducting any additional or nonroutine medical surveys pursuant to Section 5186 shall be charged against the organization being examined or surveyed. The amount shall include the actual salaries or compensation paid to the persons making the examination or survey, the expenses incurred in the course thereof, and overhead costs in connection therewith as fixed by the commissioner. In determining the cost of examinations or surveys, the commissioner may use the

estimated average hourly cost for all persons performing examinations or surveys of medical groups for the fiscal year. The amount charged shall be remitted by the organization to the commissioner. If recovery of these costs cannot be made from the organization, these costs may be added to, but subject to the limitation of, the assessment provided for in subdivision (b) of Section 5166.

(c) Reports of all examinations shall be open to public inspection, except that no examination shall be made public, unless the organization has had an opportunity to review the examination report and file a statement or response within 30 days, to be attached to the report. Deficiencies shall not be made public if they are corrected within 30 days of the date that the organization was notified of the deficiency.

(d) Upon receipt of the written request of the Director of the Department of Industrial Relations, the commissioner may, consistent with Section 6254.5 of the Government Code, permit the Department of Industrial Relations to review the organization's examination report.

5189. (a) Within 90 days after receipt of a request from the commissioner, an organization or other person subject to this part shall submit to the commissioner an audit report containing audited financial statements covering the 12 calendar months next preceding the month of receipt of the request, or such other period as the commissioner may require.

(b) An organization whose authorization has been surrendered or revoked shall submit to the commissioner on or before 105 days after the effective date of such surrender or revocation, a closing audit report containing audited financial statements as of such effective date for the 12 months ending with such effective date, or for such other period as the commissioner may specify. Such report shall include other relevant information as specified by rule of the commissioner.

(c) Each organization shall submit financial statements prepared as of the close of its fiscal year within 120 days after the close of such fiscal year. The financial statements referred to in this subdivision and in subdivisions (a) and (b) shall be accompanied by a report, certificate, or opinion of an independent certified public accountant or independent public accountant. The audits shall be conducted in accordance with generally accepted auditing standards and the rules and regulations of the commissioner. However, financial statements from public entities or political subdivisions of the state need not include a report, certificate, or opinion by an independent certified public accountant or independent public accountant, and the audit shall be conducted in accordance with governmental auditing standards.

(d) An organization, solicitor, or solicitor firm shall make such special reports to the commissioner as the commissioner may from time to time require.

(e) For good cause and upon written request, the commissioner may extend the time for compliance with subdivisions (a), (b), and (h).

(f) An organization, solicitor, or solicitor firm shall, when requested by the commissioner, for good cause, submit its unaudited financial statement, prepared in accordance with generally accepted accounting principles and consisting of at least a balance sheet and statement of income, as of the date and for the period specified by the commissioner. The commissioner may require the submission of such reports on a monthly or other periodic basis.

(g) If the report, certificate, or opinion of the independent accountant referred to in subdivision (c) is in any way qualified, the commissioner may require the organization to take such action as the commissioner deems appropriate to permit an independent accountant to remove such qualification from the report, certificate, or opinion.

(h) The commissioner may reject any financial statement, report, certificate, or opinion filed pursuant to this section by notifying the organization, solicitor, or solicitor firm required to make such filing of its rejection and the cause thereof. Within 30 days after the receipt of such notice, such person shall correct such deficiency, and the failure so to do shall be deemed a violation of this part. The commissioner shall retain a copy of all filings so rejected.

(i) The commissioner may make rules and regulations specifying the form and content of the reports and financial statements referred to in this section, and may require that such reports and financial statements be verified by the organization or other person subject to this part in such manner as the commissioner may prescribe.

5190. Each organization, solicitor, and solicitor firm shall keep and maintain current such books of account and other records as the commissioner may by rule require for the purposes of this part. Every organization shall require all providers who contract with the organization to report to the organization in writing all surcharge and copayment moneys paid by employees directly to such providers, unless the commissioner expressly approves otherwise.

CHAPTER 7. DISCIPLINE

5191. (a) The commissioner may suspend or revoke any authorization issued under this part to an organization or assess civil penalties if the commissioner determines that the licensee has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the commissioner:

(1) The organization is operating at variance with the basic organizational documents as filed pursuant to Section 5159 or 5161 or with its published plan, or in any manner contrary to that described in, and reasonably inferred from, the contract as contained in its

application for authorization and annual report, or any modification thereof, unless amendments allowing the variation have been submitted to, and approved by, the commissioner.

(2) The organization has issued, or permits others to use, a disclosure form or uses a schedule of charges for health care which do not comply with those published in the latest disclosure form found unobjectionable by the commissioner.

(3) The organization does not provide health care to its employees as set forth in the disclosure form.

(4) The organization is no longer able to meet the standards set forth in Chapter 5 (commencing with Section 5177).

(5) The continued operation of the organization will constitute a substantial risk to employees.

(6) The organization has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this part or any rule or regulation adopted by the commissioner pursuant to this part.

(7) The organization has engaged in any conduct which constitutes fraud or dishonest dealing or unfair competition, as defined by Section 17200 of the Business and Professions Code.

(8) The organization has permitted, or aided or abetted, any violation by an employee or contractor who is a holder of any certificate, license, permit, registration, or exemption issued pursuant to the Business and Professions Code, the Health and Safety Code, or this code which would constitute grounds for discipline against the certificate, license, permit, registration, or exemption.

(9) The organization has aided or abetted or permitted the commission of any illegal act.

(10) The engagement of a person as an officer, director, employee, associate, or provider of the organization contrary to the provisions of an order issued by the commissioner pursuant to subdivision (c) or pursuant to subdivision (d) of Section 5193.

(11) The engagement of a person as a solicitor or supervisor of solicitation contrary to the provisions of an order issued by the commissioner pursuant to Section 5193.

(12) The organization, its management company, or any other affiliate of the organization, or any controlling person, officer, director, or other person occupying a principal management or supervisory position in the organization, management company, or affiliate, has been convicted of or pleaded nolo contendere to a crime, or committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with this part. The commissioner may revoke or deny an authorization hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) The commissioner may prohibit any person from serving as an officer, director, employee, associate, or provider of any organization or solicitor firm, or of any management company of any organization,

or as a solicitor, if (1) the prohibition is in the public interest and the person has committed or caused, participated in, or had knowledge of a violation of this part by an organization, management company, or solicitor firm, or (2) the person was an officer, director, employee, associate, or provider of an organization or of a management company or solicitor firm of any organization whose license has been suspended or revoked pursuant to this section and the person had knowledge of, or participated in, any of the prohibited acts for which the license was suspended or revoked. A proceeding for the issuance of an order under this subdivision may be included with a proceeding against an organization under this section or may constitute a separate proceeding, subject in either case to appropriate notice and opportunity for hearing to the person affected in accordance with subdivision (a) of Section 5207.

5192. (a) Any person who violates any provision of this part, or who violates any rule or order adopted or issued pursuant to this part, shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the commissioner in any court of competent jurisdiction.

(b) As applied to the civil penalties for acts in violation of this part, the remedies provided by this section and by other sections of this part are not exclusive, and may be sought and employed in any combination to enforce this part.

(c) No action shall be maintained to enforce any liability created under subdivision (a), unless brought before the expiration of four years after the act or transaction constituting the violation.

5193. (a) The commissioner may, after appropriate notice and opportunity for hearing, by order censure a person acting as a solicitor or solicitor firm, or suspend for a period not exceeding 24 months or bar a person from operating as a solicitor or solicitor firm, or assess civil penalties against a person acting as a solicitor or solicitor firm if the commissioner determines that such person has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the commissioner:

(1) The continued operation of the solicitor or solicitor firm in a manner which may constitute a substantial risk to an organization or employees.

(2) The solicitor or solicitor firm has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this part or any rule or regulation adopted by the commissioner pursuant to the part.

(3) The solicitor or solicitor firm has engaged in any conduct which constitutes fraud or dishonest dealing or unfair competition, as defined by Section 17200 of the Business and Professions Code.

(4) The engagement of a person as an officer, director, employee, or associate of the solicitor firm contrary to the provisions of an order issued by the commissioner pursuant to subdivision (d) of this section or subdivision (c) of Section 5191.

(5) The solicitor or solicitor firm, or its management company, or any other affiliate of the solicitor firm, or any controlling person, officer, director, or other person occupying a principal management or supervisory position in such solicitor firm, management company, or affiliate, has been convicted of or pleaded nolo contendere to a crime, or committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with the provisions of this part. The commissioner may issue an order hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) The commissioner shall notify organizations of any order issued pursuant to subdivision (a) which suspends or bars a person from engaging in operations as a solicitor or solicitor firm. It shall be unlawful for any organization, after receipt of notice of such an order, to receive any new subscribers or enrollees through such a person or to otherwise utilize any solicitation services of such person in violation thereof.

(d) The commissioner may prohibit any person from serving as an officer, director, employee, or associate of any organization or solicitor firm, or as a solicitor, if such person was an officer, director, employee, or associate of a solicitor firm which has been the subject of an order of suspension or bar from engaging in operations as a solicitor firm pursuant to this section and such person had knowledge of, or participated in, any of the prohibited acts for which such order was issued. A proceeding for the issuance of an order under this subdivision may be included with a proceeding against a solicitor firm under this section or may constitute a separate proceeding, subject in either case to appropriate notice and opportunity for hearing to the person affected in accordance with the provisions of subdivision (a) of Section 5207.

5194. (a) A person whose authorization has been revoked, or suspended for more than one year, may petition the commissioner to reinstate the license as provided by Section 11522 of the Government Code. No petition may be considered if the petitioner is under criminal sentence for a violation of this part, or any offense which would constitute grounds for discipline, or denial of licensure under this part, including any period of probation or parole.

(b) A person who is barred, or suspended for more than one year, from acting as a solicitor or solicitor firm pursuant to Section 5193, or who is subject to an order, pursuant to subdivision (c) of Section 5191 or subdivision (d) of Section 5193, which by its terms is effective for more than one year, may petition the commissioner to reduce by order such penalty in a manner generally consistent with the provisions of Section 11522 of the Government Code. No petition

may be considered if the petitioner is under criminal sentence for a violation of this part, or any offense which would constitute grounds for discipline under this part, including any period of probation or parole.

(c) The petition for restoration shall be in the form prescribed by the commissioner and the commissioner may condition the granting of such petition upon such additional information and undertakings as the commissioner may require in order to determine whether such person, if restored, would engage in business in full compliance with the objectives and provisions of this part and the rules and regulations adopted by the commissioner pursuant to this part.

(d) The fee for the filing of a petition for restoration pursuant to this section is two hundred fifty dollars ($250). In addition, the commissioner may condition the granting of such a petition to an organization upon payment of the assessment due and unpaid pursuant to subdivision (b) of Section 5166 as of the 15th day of December occurring within the preceding 12 calendar months and, if the organization's suspension or revocation was in effect for more than 12 months, upon the filing of a new organization application and the payment of the fee prescribed by subdivision (a) of Section 5166.

CHAPTER 8. CRIMES

5195. Any person who willfully violates any provision of this part or of any rule or order thereunder shall upon conviction be fined not more than ten thousand dollars ($10,000) or imprisoned in the state prison, or in a county jail for not more than one year, or be punished by both such fine and imprisonment, but no person may be imprisoned for the violation of any rule or order if it is proven that such person had no knowledge of the rule or order.

5196. (a) The commissioner may issue an order directing an organization, solicitor firm, or any representative thereof, or a solicitor to cease and desist from engaging in any act or practice in violation of the provisions of this part.

If that person fails to file a written request for a hearing within one year from the date of service of the order, the order shall be deemed a final order of the commissioner and shall not be subject to review by any court or agency, notwithstanding subdivision (b) of Section 5207.

(b) If a timely request for a hearing is made by an authorized organization, the request shall automatically stay the effect of the order only to the extent that the order requires the cessation of operation of the organization or prohibits acceptance of new members by the organization or both. However, no automatic stay shall be issued if any examination or inspection of the organization performed by the commissioner discloses, or reports or documents submitted to the commissioner by the organization on their face show, that the organization is in violation of any fiscal requirement of this part or in violation of any requirement of Section 5189 or 5190.

In the event of an automatic stay, only that portion of the order requiring cessation of operation or prohibiting contracting shall be stayed and all other portions of the order shall remain effective. If a hearing is held, and a finding is made that the health or safety of the employees and potential employees to be provided health care by the organization might be adversely affected by its continued operation, the stay shall be terminated. Such a finding shall be made, if at all, not later than 30 days after the date of the hearing.

(c) If a timely request for a hearing is made by an unauthorized organization the commissioner may stay the effect of the order to the extent that the order requires the cessation of operation of the organization or prohibits acceptance of new members by the organization, for such period and subject to such conditions as the commissioner may require, upon a determination by the commissioner that the action would be in the public interest.

5197. (a) In the case of any violation of the provisions of this part, the commissioner may institute a proceeding, or the commissioner may request the Attorney General to institute a proceeding, to obtain injunctive or other equitable relief, including the appointment of a receiver or conservator for the defendant or the defendant's assets, in the superior court in and for the county in which the violation occurs, or in which the principal place of business of the organization is located. The proceeding under this section shall conform with the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the commissioner shall not be required to allege facts necessary to show lack of adequate remedy at law, or to show irreparable loss or damage.

(b) Upon a proper showing, the court shall grant the relief provided by law and requested by the commissioner.

(c) A receiver or conservator appointed by the superior court pursuant to this section may, with the approval of the court, exercise all of the powers of the officers and directors of the organization, including the filing of a petition for bankruptcy. No action at law or in equity may be maintained by any party against the commissioner, or a receiver or conservator, by reason of their exercising the powers of the officers and directors of an organization pursuant to the order of, or with the approval of, the superior court.

5198. (a) The superior court of the county in which is located the principal office of the organization in this state shall, upon the filing by the commissioner of a verified application showing any of the conditions enumerated in Section 5191 to exist, issue its order vesting title to all of the assets of the organization, wheresoever situated, in the commissioner or the commissioner's successor in office, in his or her official capacity as such, and direct the commissioner to take possession of all of its books, records, property, real and personal, and assets, and to conduct, as conservator, the business or portion of the business of the person to the commissioner as may seem appropriate, and enjoining the person and its officers, directors, agents, servants,

and employees from the transaction of its business or disposition of its property until the further order of the court.

(b) Whenever it appears to the commissioner that irreparable loss and injury to the property and business of the organization has occurred or may occur unless the commissioner acts immediately, the commissioner, without notice and before applying to the court for any order, shall take possession of the property, business, books, records, and accounts of such organization, and of the offices and premises occupied by it for the transaction of its business, and retain possession subject to the order of the court. Any person having possession of and refusing to deliver any of the books, records, or assets of an organization against whom a seizure order has been issued by the commissioner, shall be guilty of a misdemeanor and punishable by fine not exceeding one thousand dollars ($1,000) or imprisonment not exceeding one year, or both such fine and imprisonment.

5199. (a) A person who violates Section 5158, or any person who directly or indirectly participates in the direction of the management or policies of the person in violation of Section 5158, including, but not limited to, any officer, director, partner, or other person occupying a principal management or supervisory position, shall be liable for civil penalties as follows:

(1) A sum not exceeding two thousand five hundred dollars ($2,500), and

(2) A sum not exceeding five hundred dollars ($500) for each employee under a contract that was entered into or renewed while such person was in violation of Section 5158.

(b) The civil penalty may be assessed and recovered only in a civil action. The cause of action may be brought in the name of the people of the State of California by the Attorney General or the commissioner, as determined by the commissioner.

5200. The civil, criminal, and administrative remedies available to the commissioner pursuant to this chapter are not exclusive, and may be sought and employed in a combination deemed advisable by the commissioner to enforce the provisions of this part.

5201. Notwithstanding any other provision of law, the commissioner may file a verified complaint for involuntary dissolution of an organization on any one or more of the grounds specified in subdivision (b) of Section 5191. The complaint shall be filed in the superior court of the county where the principal executive office of the organization is located or, if the principal executive office of the organization is not located in this state, or the organization has no such office, the County of Sacramento.

5202. Notwithstanding any other provision of law, in any involuntary dissolution of an organization as provided for in Section 5201, or other insolvency proceeding involving an organization, the following expenses and claims have priority in the following order:

(a) First, administrative expenses allowed by the superior court and any fees and charges assessed against the estate of the dissolved

organization in conjunction with the dissolution of the estate.

(b) Second, taxes due the State of California.

(c) Third, claims having preference by the laws of the United States and by the laws of this state.

(d) Fourth, claims of organization contract holders for reimbursement for health care rendered by providers to employees.

(e) Fifth, any and all claims, including all officers' and directors' claims for indemnity, arising against the estate of the dissolved organization.

5203. Except as provided for in Sections 5201 and 5202, the involuntary dissolution of an organization shall be in accordance with either:

(1) Chapter 18 (commencing with Section 1800) of Division 1 of Title 1 of the Corporations Code if the organization is incorporated under the General Corporation Law.

(2) Chapter 15 (commencing with Section 8510) of Part 3 of Division 2 of Title 1 of the Corporations Code if the organization is incorporated under the Nonprofit Corporation Law.

CHAPTER 8.5. SERVICE OF PROCESS

5204. When any person, including any nonresident of this state, engages in conduct prohibited or made actionable by this chapter of any rule, regulation, or order adopted hereunder, whether or not the person has filed a power of attorney under subdivision (j) of Section 5159, and personal jurisdiction equivalent over the person cannot otherwise be obtained in this state, that conduct shall be considered equivalent to the appointment of the commissioner or the commissioner's successor in office to be the attorney in fact to receive any lawful process in any noncriminal suit, action, or proceeding instituted by him or her, with the same force and validity as if personally served. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless the plaintiff or petitioner, who may be the commissioner in a suit, action, or proceeding instituted by him or her, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his or her last known address or takes other steps which are reasonably calculated to give actual notice, and in a court action, an affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows. In the case of administrative orders issued by the commissioner, the affidavit of compliance need not be filed with the administrative tribunal unless the respondent requests a hearing.

CHAPTER 9. MISCELLANEOUS

5205. Notwithstanding Article 6 (commencing with Section 650) of Chapter 1 of Division 2 of the Business and Professions Code, any

organization may, except as limited by this subdivision, solicit or advertise with regard to the cost of subscription or enrollment, facilities and services rendered, provided, however, Article 5 (commencing with Section 600) of Chapter 1 of Division 2 of the Business and Professions Code remains in effect. Any price advertisement shall be exact, without the use of such phrases as "as low as," "and up," "lowest prices," or words or phrases of similar import. Any advertisement which refers to health care, or costs for such health care, and which uses words of comparison must be based on verifiable data substantiating the comparison. Any organization so advertising shall be prepared to provide information sufficient to establish the accuracy of such comparison. Price advertising shall not be fraudulent, deceitful, or misleading, nor contain any offers of discounts, premiums, gifts, or bait of similar nature. In connection with price advertising, the price for health care shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

Nothing in this part shall be construed to repeal, abolish, or diminish the effect of Section 431 of the Health and Safety Code.

5206. It is unlawful for any person willfully to make any untrue statement of material fact in any application, notice, amendment, report, or other submission filed with the commissioner under this part or regulations adopted thereunder, or willfully to omit to state in any application, notice, or report any material fact which is required to be stated therein.

5207. (a) Whenever reference is made in this part to a hearing before or by the commissioner, the hearing shall be held in accordance with the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and the commissioner shall have all of the powers granted under that act.

(b) Every final order, decision, license, or other official act of the commissioner under this part is subject to judicial review in accordance with the law.

5208. Neither the commissioner nor any employee of the Department of Corporations shall be precluded from choosing to receive care from an organization which is subject to the provisions of this part, subject to such rules as may be adopted hereunder or pursuant to other proper authority.

5209. (a) Surrender of an organization's authorization becomes effective 30 days after receipt of an application to surrender the authorization or within a shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the surrender is instituted within 30 days after the application is filed. If such a proceeding is pending or instituted, surrender becomes effective at the time and

upon the conditions as the commissioner by order determines.

(b) If the commissioner finds that any organization is no longer in existence, or has ceased to do business or has failed to initiate business activity as a licensee within six months after authorization, or cannot be located after reasonable search, the commissioner may by order summarily revoke such authorization.

(c) The commissioner may summarily suspend or revoke the authorization of an organization upon (1) failure to pay any fee required by this part within 15 days after notice by the commissioner that such fee is due and unpaid, or (2) failure to file any amendment or report required under this part within 15 days after notice by the commissioner that the report is due.

5210. This part shall become operative August 1, 1994. However, this part shall not be implemented unless the Legislature appropriates money to the Department of Corporations for costs related to the department's initial duties in authorizing workers' compensation health care provider organizations.

SEC. 55. Section 5275 of the Labor Code is amended to read:

5275. (a) Disputes involving the following issues shall be submitted for arbitration:

(1) Insurance coverage.

(2) Right of contribution in accordance with Section 5500.5.

(3) Permanent disability, where an informal rating has indicated that the permanent disability will be 15 percent standard or less, and the presiding judge determines that the case will not be set for hearing within 110 calendar days from the date of the filing of the application for adjudication.

(4) Permanent disability, where an informal rating has indicated that the permanent disability will be 20 percent standard or less, and the presiding judge determines that the case will not be set for hearing within 150 calendar days from the date of the filing of the application for adjudication.

(5) Requests for rehabilitation unit dispute resolution if the administrative director determines that the matter will not be set for conference within 90 calendar days from the date of the filing of the request.

(6) Appeals from decisions and orders of the vocational rehabilitation unit within the Office of Benefit Determination if the presiding judge determines that the appeal will not be set for hearing within 120 calendar days from the date of the filing of the appeal.

(b) Paragraphs (3) and (4) of subdivision (a) shall not be applicable if the applicant has requested and received a continuance or delay in the time periods for proceedings set forth in Section 5502.

(c) Paragraphs (3) and (4) of subdivision (a) shall become operative on January 1, 1991, and paragraphs (5) and (6) of subdivision (a) shall become operative January 1, 1994, regardless of the date of injury.

(d) By agreement of the parties, any issue arising under Division 1 (commencing with Section 50) or Division 4 (commencing with

Section 3200) may be submitted for arbitration, regardless of the date of injury.

SEC. 56. Section 5307.1 of the Labor Code is amended to read:

5307.1. (a) (1) The administrative director, after public hearings, shall adopt and revise, no less frequently than biennially, an official medical fee schedule which shall establish reasonable maximum fees paid for medical services provided pursuant to this division. No later than January 1, 1995, the administrative director shall have revised the schedule. By no later than January 1, 1996, the schedule shall include services for health care facilities licensed pursuant to Section 1250 of the Health and Safety Code, and drugs and pharmacy services. The fee schedule for health care facilities shall take into consideration cost and service differentials for various types of facilities.

(2) The administrative director shall include services provided by physical therapists in the official fee schedule adopted and revised pursuant to paragraph (1). Nothing in this paragraph shall affect the ability of physicians to continue to be reimbursed for their services in accordance with the official medical fee schedule adopted pursuant to paragraph (1) for the provision of services within their scope of practice.

(3) The administrative director shall consult with statewide professional organizations representing affected providers on the update of the official medical fee schedule.

(b) Nothing in this section shall prohibit a medical provider or a licensed health care facility from being paid by an employer or carrier fees in excess of those set forth on the official medical fee schedule, provided that the fee is:

(1) Reasonable.

(2) Accompanied by itemization and justified by an explanation of extraordinary circumstances related to the unusual nature of the medical services rendered.

In no event shall a physician charge in excess of his or her usual fee.

(c) In the event of a dispute between the physician and the employer or carrier concerning the medical fees charged, the physician may be allowed a reasonable fee for testimony, if a physician testifies pursuant to the employer's or carrier's subpoena, and the referee determines that the medical fee charged was reasonable.

(d) Except as provided in Section 4626, the official medical fee schedule shall not apply to medical-legal expenses as defined by Section 4620.

SEC. 57. Section 5307.6 of the Labor Code is amended to read:

5307.6. (a) The administrative director shall adopt and revise a fee schedule for medical-legal expenses as defined by Section 4620, which shall be prima facie evidence of the reasonableness of fees charged for medical-legal expenses at the same time he or she adopts and revises the medical fee schedule pursuant to Section 5307.1.

The schedule shall consist of a series of procedure codes, relative values, and a conversion factor producing fees which provide remuneration to physicians performing medical-legal evaluations at a level equivalent to that provided to physicians for reasonably comparable work, and which additionally recognizes the relative complexity of various types of evaluations, the amount of time spent by the physician in direct contact with the patient, and the need to prepare a written report.

(b) A provider shall not be paid fees in excess of those set forth in the fee schedule established under this section unless the provider provides an itemization and explanation of the fee that shows that it is both a reasonable fee and that extraordinary circumstances relating to the medical condition being evaluated justify a higher fee; provided, however, that in no event shall a provider charge in excess of his or her usual fee.

(c) In the event of a dispute between the provider and the employer or carrier concerning the fees charged, the provider may be allowed a reasonable fee for testimony if the provider testified pursuant to the employer's or carrier's subpoena and the judge or referee determines that the fee charged was reasonable and justified by extraordinary circumstances.

(d) No evaluator may request nor accept any compensation, including, but not limited to, any kind of remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, from any source for medical-legal expenses if such compensation is in addition to the fees authorized by this section. In addition to being subject to discipline pursuant to the provisions of subdivision (k) of Section 139.2, any provider violating this subdivision is subject to disciplinary action by the appropriate licensing board.

SEC. 58. Section 5401 of the Labor Code is amended to read:

5401. (a) Within one working day of receiving notice or knowledge of injury under Section 5400 or 5402, which injury results in lost time beyond the date of injury or which results in medical treatment beyond first aid, the employer shall provide, personally or by first-class mail, a claim form and a notice of potential eligibility for benefits under this division to the injured employee, or in the case of death, to his or her dependents. As used in this subdivision, "first aid" means any one-time treatment of minor scratches, cuts, burns, splinters, or other minor industrial injury. "Minor industrial injury" shall not include serious exposure to a hazardous substance as defined in subdivision (i) of Section 6302. The claim form shall request the injured employee's name and address, social security number, the time and address where the injury occurred, and the nature of and part of the body affected by the injury. The notice shall include a description of the procedures and assistance available to the employee on his or her own behalf, the procedure to be used to commence proceedings for the collection of compensation for the purposes of this chapter, the telephone number of the division's

information and assistance services, and a statement that the employee has a right to consult an attorney or information and assistance officer, or both, for assistance. Claims forms shall be available at district offices of the Employment Development Department and the division. Claims forms may be made available to the employee from any other source.

(b) The completed claim form shall be filed with the employer by the injured employee, or, in the case of death, by a dependent of the injured employee, or by an agent of the employee or dependent. Except as provided in subdivision (c), a claim form is deemed filed when it is personally delivered to the employer or received by the employer by first-class or certified mail. A dated copy of the completed form shall be provided by the employer to the employer's insurer and to the employee, dependent, or agent who filed the claim form.

(c) The claim form shall be filed with the employer prior to the injured employee's entitlement to late payment supplements under subdivision (d) of Section 4650, or prior to the injured employee's request for a medical evaluation under Section 4061 or 4062. Filing of the claim form with the employer shall toll the time limitations set forth in Sections 5405 and 5406 until the claim is denied by the employer or the injury becomes presumptively compensable pursuant to Section 5402. For purposes of this subdivision, a claim form is deemed filed when it is personally delivered to the employer or mailed to the employer by first-class or certified mail.

SEC. 59. Section 5401.5 of the Labor Code is repealed.

SEC. 60. Section 5401.6 of the Labor Code is repealed.

SEC. 61. Section 5401.7 of the Labor Code is amended to read:

5401.7. The claim form shall contain, prominently stated, the following statement:

"Any person who makes or causes to be made any knowingly false or fraudulent material statement or material representation for the purpose of obtaining or denying workers' compensation benefits or payments is guilty of a felony."

SEC. 62. Section 5404.5 is added to the Labor Code, to read:

5404.5. (a) Where a claim form has been filed prior to January 1, 1994, and where the claim is denied by the employer, the claim may be dismissed if there has been no activity for the previous 180 days and if the claims adjuster has served notice pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of the Code of Civil Procedure. The notice shall specify that the claim will be dismissed by operation of law unless an application for adjudication of the claim is filed within 180 days of service of the notice.

(b) Where a claim form has been filed prior to January 1, 1994, and where benefits have been furnished by the employer, the claim may be dismissed if there has been no activity for the previous 180 days and if the claims adjuster has served notice pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of the Code of Civil Procedure. The notice shall specify that the claim will be

dismissed by operation of law unless an application for adjudication of the claim is filed within five years of the date of injury or within one year of the last furnishing of benefits, whichever is later.

(c) The administrative director may adopt rules of practice and procedure consistent with this section.

(d) The provisions of subdivisions (a) and (b) do not limit the jurisdiction of the appeals board.

SEC. 63. Section 5500 of the Labor Code is amended to read:

5500. No pleadings other than the application and answer shall be required. Both shall be in writing and shall conform to forms prescribed by the appeals board in its rules of practice and procedure, simply but clearly and completely delineating all relevant matters of agreement and all issues of disagreement within the jurisdiction of the appeals board, and providing for the furnishing of any additional information as the appeals board may properly determine necessary to expedite its hearing and determination of the claim.

The amendment of this section made during the 1993 portion of the 1993–94 Regular Session shall apply to all applications filed on or after January 1, 1994.

SEC. 64. Section 5502 of the Labor Code is amended to read:

5502. (a) Except as provided in subdivisions (b) and (d), the hearing shall be held not less than 10 days, and not more than 60 days, after the date a declaration or readiness to proceed is filed.

(b) The administrative director shall establish a priority calendar for issues requiring an expedited hearing and decision. A hearing shall be held and a determination as to the rights of the parties shall be made and filed within 30 days after the declaration of readiness to proceed is filed if the issues in dispute are any of the following:

(1) The employee's entitlement to medical treatment pursuant to Section 4600.

(2) The employee's entitlement to, or the amount of, temporary disability indemnity payments.

(3) The employee's entitlement to vocational rehabilitation services, or the termination of an employer's liability to provide these services to an employee.

(4) The employee's entitlement to compensation from one or more responsible employers when two or more employers dispute liability as among themselves.

(5) Any other issues requiring an expedited hearing and determination as prescribed in rules and regulations of the administrative director.

(c) The administrative director shall report quarterly to the Governor and to the Legislature concerning the frequency and types of issues which are not heard and decided within the period prescribed in this section and the reasons therefor.

(d) (1) In all cases, a mandatory settlement conference shall be conducted not less than 10 days, and not more than 30 days, after the filing of a declaration of readiness to proceed. If the dispute is not

resolved, the regular hearing shall be held within 75 days after the declaration of readiness to proceed is filed.

(2) The settlement conference shall be conducted by a workers' compensation judge or by a referee who is eligible to be a workers' compensation judge or eligible to be an arbitrator under Section 5270.5. At the mandatory settlement conference, the referee or workers' compensation judge shall have the authority to resolve the dispute, including the authority to approve a compromise and release or issue a stipulated finding and award, and if the dispute cannot be resolved, to frame the issues and stipulations for trial. The appeals board shall adopt any regulations needed to implement this subdivision. The presiding workers' compensation judge shall supervise settlement conference referees in the performance of their judicial functions under this subdivision.

(3) If the claim is not resolved at the mandatory settlement conference, the parties shall file a pretrial conference statement noting the specific issues in dispute, each party's proposed permanent disability rating, and listing the exhibits, and disclosing witnesses. Discovery shall close on the date of the mandatory settlement conference. Evidence not disclosed or obtained thereafter shall not be admissible unless the proponent of the evidence can demonstrate that it was not available or could not have been discovered by the exercise of due diligence prior to the settlement conference.

(e) In cases involving the Director of the Department of Industrial Relations in his or her capacity as administrator of the Uninsured Employers Fund, this section shall not apply unless proof of service, as specified in paragraph (1) of subdivision (d) of Section 3716 has been filed with the appeals board and provided to the Director of Industrial Relations, valid jurisdiction has been established over the employer, and the fund has been joined.

SEC. 65. Section 5710 of the Labor Code is amended to read:

5710. (a) The appeals board, a workers' compensation judge, or any party to the action or proceeding, may, in any investigation or hearing before the appeals board, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior courts of this state. To that end the attendance of witnesses and the production of records may be required. Depositions may be taken outside the state before any officer authorized to administer oaths. The appeals board or a workers' compensation judge in any proceeding before the appeals board may cause evidence to be taken in other jurisdictions before the agency authorized to hear workers' compensation matters in those other jurisdictions.

(b) Where the employer or insurance carrier requests a deposition to be taken of an injured employee, or any person claiming benefits as a dependent of an injured employee, the deponent is entitled to receive in addition to all other benefits:

(1) All reasonable expenses of transportation, meals and lodging

incident to the deposition.

(2) Reimbursement for any loss of wages incurred during attendance at the deposition.

(3) A copy of the transcript of the deposition, without cost.

(4) A reasonable allowance for attorney's fees for the deponent, if represented by an attorney licensed by the state bar of this state. The fee shall be discretionary with, and, if allowed, shall be set by, the appeals board, but shall be paid by the employer or his or her insurer.

(5) A reasonable allowance for interpreter's fees for the deponent, if interpretation services are needed and provided by a language interpreter certified or deemed certified pursuant to Section 11513 or 68566 of the Government Code. The fee shall be in accordance with the fee schedule set by the administrative director and paid by the employer or his or her insurer. Payment for interpreter's services shall be allowed for deposition of a non-English-speaking injured worker, and for such other deposition-related events as permitted by the administrative director.

SEC. 65.5. Section 5811 of the Labor Code is amended to read:

5811. (a) No fees shall be charged by the clerk of any court for the performance of any official service required by this division, except for the docketing of awards as judgments and for certified copies of transcripts thereof. In all proceedings under this division before the appeals board, costs as between the parties may be allowed by the appeals board.

(b) It shall be the responsibility of any party producing a witness requiring an interpreter to arrange for the presence of a qualified interpreter. A qualified interpreter is a language interpreter who is certified, or deemed certified, pursuant to Section 11513 or 68566 of the Government Code.

Interpreter fees which are reasonably, actually, and necessarily incurred shall be allowed as cost under this section, provided they are in accordance with the fee schedule set by the administrative director.

A qualified interpreter may render services during the following:

(1) A deposition.

(2) An appeals board hearing.

(3) During those settings which the administrative director determines are reasonably necessary to ascertain the validity or extent of injury to an employee who cannot communicate in English.

SEC. 66. Section 5813 is added to the Labor Code, to read:

5813. (a) The appeals board may order a party, the party's attorney, or both, to pay any reasonable expenses, including attorney's fees and costs, incurred by another party as a result of bad-faith actions or tactics that are frivolous or solely intended to cause unnecessary delay. In addition, the appeals board, in its sole discretion, may order additional sanctions not to exceed two thousand five hundred dollars ($2,500) to be transmitted to the

General Fund.

(b) The determination of sanctions shall be made after written application by the party seeking sanctions or upon the appeal board's own motion.

(c) This section shall apply to all applications for adjudication that are filed on or after January 1, 1994.

SEC. 67. Section 6314.1 of the Labor Code is repealed.

SEC. 68. Section 6314.1 is added to the Labor Code, to read:

6314.1. (a) The division shall establish a program for targeting employers in high hazardous industries with the highest incidence of preventable occupational injuries and illnesses and workers' compensation losses. The employers shall be identified from any or all of the following data sources: the California Work Injury and Illness program, the Occupational Injuries and Illness Survey, the federal hazardous employers' list, experience modification and other relevant data maintained and furnished by all rating organizations as defined in Section 11750.1 of the Insurance Code, histories of violations of Occupational Safety and Health Act standards, and any other source deemed to be appropriate that identifies injury and illness rates.

(b) The division shall establish procedures for ensuring that the highest hazardous employers in the most hazardous industries are inspected on a priority basis. The division may send a letter to the high hazard employers who are identified pursuant to this section informing them of their status and directing them to submit a plan, including the establishment of joint labor-management health and safety committees, within a time determined by the division for reducing their occupational injury and illness rates. Employers who submit plans that meet the requirements of the division may be placed on a secondary inspection schedule. Employers on that schedule shall be inspected on a random basis as determined by the division. Employers who do not submit plans meeting the requirements of the division within the time specified by the division shall be placed on the primary inspection list. Every employer on the primary inspection list shall be subject to an inspection. The division shall employ sufficient personnel to meet minimum federal targeted inspection standards.

(c) The division shall establish and maintain regional plans for allocating the division's resources for the targeted inspection program in addition to the inspections required or authorized in Sections 6309, 6313, and 6320. Each regional plan shall focus on industries selected from the targeted inspection program as well as any other scheduled inspections that the division determines to be appropriate to the region, including the cleanup of hazardous waste sites. All targeted inspections shall be conducted on a priority basis, targeting the worst employers first.

(d) In order to maximize the impact of the regional plans, the division shall coordinate its education, training, and consulting services with the priorities established in the regional plans.

SEC. 69. Section 6354 of the Labor Code is amended to read:

6354. The division shall, upon request, provide a full range of occupational safety and health consulting services to any employer or employee group. These consulting services shall include:
