EFFECTIVE DATES

Regular Session

The 1993–94 Regular Session convened on December 7, 1992, and the interim study recess commenced on September 11, 1993. Statutes enacted in 1993, other than those taking immediate effect, will become effective January 1, 1994.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

An initiative statute or referendum or a constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

Statutes Which Take Effect Immediately. An urgency statute, and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

Operative Date. The provisions of a statute normally become operative on the date it takes effect. However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency or until a specified time. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

[*New section adopted November 7, 1972. Initiative measure.*]

SEC. 28. [*Renumbered Section 26 June 8, 1976. See Section 28, below.*]

[*"The Victims' Bill of Rights"*]

SEC. 28. (a) The People of the State of California find and declare that the enactment of comprehensive provisions and laws ensuring a bill of rights for victims of crime, including safeguards in the criminal justice system to fully protect those rights, is a matter of grave statewide concern.

The rights of victims pervade the criminal justice system, encompassing not only the right to restitution from the wrongdoers for financial losses suffered as a result of criminal acts, but also the more basic expectation that persons who commit felonious acts causing injury to innocent victims will be appropriately detained in custody, tried by the

courts, and sufficiently punished so that the public safety is protected and encouraged as a goal of highest importance.

Such public safety extends to public primary, elementary, junior high, and senior high school campuses, where students and staff have the right to be safe and secure in their persons.

To accomplish these goals, broad reforms in the procedural treatment of accused persons and the disposition and sentencing of convicted persons are necessary and proper as deterrents to criminal behavior and to serious disruption of people's lives.

(b) Restitution. It is the unequivocal intention of the People of the State of California that all persons who suffer losses as a result of criminal activity shall have the right to restitution from the persons convicted of the crimes for losses they suffer.

Restitution shall be ordered from the convicted persons in every case, regardless of the sentence or disposition imposed, in which a crime victim suffers a loss, unless compelling and extraordinary reasons exist to the contrary. The Legislature shall adopt provisions to implement this section during the calendar year following adoption of this section.

(c) Right to Safe Schools. All students and staff of public primary, elementary, junior high and senior high schools have the inalienable right to attend campuses which are safe, secure and peaceful.

(d) Right to Truth-in-Evidence. Except as provided by statute hereafter enacted by a two-thirds vote of the membership in each house of the Legislature, relevant evidence shall not be excluded in any criminal proceeding, including pretrial and post conviction motions and hearings, or in any trial or hearing of a juvenile for a criminal offense, whether heard in juvenile or adult court. Nothing in this section shall affect any existing statutory rule of evidence relating to privilege or hearsay, or Evidence Code, Sections 352, 782 or 1103. Nothing in this section shall affect any existing statutory or constitutional right of the press.

(e) Public Safety Bail. A person may be released on bail by sufficient sureties, except for capital crimes when the facts are evident or the presumption great. Excessive bail may not be required. In setting, reducing or denying bail, the judge or magistrate shall take into consideration the protection of the public, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case. Public safety shall be the primary consideration.

A person may be released on his or her own recognizance in the court's discretion, subject to the same factors considered in setting bail. However, no person charged with the commission of any serious felony shall be released on his or her own recognizance.

Before any person arrested for a serious felony may be released on bail, a hearing may be held before the magistrate or judge, and the prosecuting attorney shall be given notice and reasonable opportunity to be heard on the matter.

When a judge or magistrate grants or denies bail or release on a person's own recognizance, the reasons for that decision shall be stated in the record and included in the court's minutes.

(f) Use of Prior Convictions. Any prior felony conviction of any person in any criminal proceeding, whether adult or juvenile, shall subsequently be used without limitation for purposes of impeachment or enhancement of sentence in any criminal proceeding. When a prior felony conviction is an element of any felony offense, it shall be proven to the trier of fact in open court.

(g) As used in this article, the term "serious felony" is any crime defined in Penal Code, Section 1192.7(c). [*New section adopted June 8, 1982. Initiative measure.*]

[*Criminal Cases—Due Process of Law—Speedy and Public Trial*]

SEC. 29. In a criminal case, the people of the State of California have the right to due process of law and to a speedy and public trial. [*New section adopted June 5, 1990. Initiative measure.*]

[*Criminal Cases—Jointure-Hearsay Evidence—Discovery*]

SEC. 30. (a) This Constitution shall not be construed by the courts to prohibit the joining of criminal cases as prescribed by the Legislature or by the people through the initiative process.

(b) In order to protect victims and witnesses in criminal cases, hearsay evidence shall be admissible at preliminary hearings, as prescribed by the Legislature or by the people through the initiative process.

(c) In order to provide for fair and speedy trials, discovery in criminal cases shall be reciprocal in nature, as prescribed by the Legislature or by the people through the initiative process. [*New section adopted June 5, 1990. Initiative measure.*]

[*Referendum*]

SEC. 9. (a) The referendum is the power of the electors to approve or reject statutes or parts of statutes except urgency statutes, statutes calling elections, and statutes providing for tax levies or appropriations for usual current expenses of the State.

(b) A referendum measure may be proposed by presenting to the Secretary of State, within 90 days after the enactment date of the statute, a petition certified to have been signed by electors equal in number to 5 percent of the votes for all candidates for Governor at the last gubernatorial election, asking that the statute or part of it be submitted to the electors. In the case of a statute enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, the petition may not be presented on or after January 1 next following the enactment date unless a copy of the petition is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article II before January 1.

(c) The Secretary of State shall then submit the measure at the next general election held at least 31 days after it qualifies or at a special statewide election held prior to that general election. The Governor may call a special statewide election for the measure. [*As amended June 5, 1990.*]

[*Initiative and Referendum—Vote and Effective Date—Conflicts—Legislative Repeal or Amendment—Titling*]

SEC. 10. (a) An initiative statute or referendum approved by a majority of votes thereon takes effect the day after the election unless the

measure provides otherwise. If a referendum petition is filed against a part of a statute the remainder shall not be delayed from going into effect.

(b) If provisions of 2 or more measures approved at the same election conflict, those of the measure receiving the highest affirmative vote shall prevail.

(c) The Legislature may amend or repeal referendum statutes. It may amend or repeal an initiative statute by another statute that becomes effective only when approved by the electors unless the initiative statute permits amendment or repeal without their approval.

(d) Prior to circulation of an initiative or referendum petition for signatures, a copy shall be submitted to the Attorney General who shall prepare a title and summary of the measure as provided by law.

(e) The Legislature shall provide the manner in which petitions shall be circulated, presented, and certified, and measures submitted to the electors. [*Former Section 24 of Article IV, as renumbered June 8, 1976.*]

[*Initiative and Referendum—Cities or Counties*]

SEC. 11. Initiative and referendum powers may be exercised by the electors of each city or county under procedures that the Legislature shall provide. This section does not affect a city having a charter. [*Former Section 25 of Article IV, as renumbered June 8, 1976.*]

[*Naming Individual or Private Corporation to Office or Duty Prohibited*]

SEC. 12. No amendment to the Constitution, and no statute proposed to the electors by the Legislature or by initiative, that names any individual to hold any office, or names or identifies any private corporation to perform any function or to have any power or duty, may be submitted to the electors or have any effect. [*Former Section 26 of Article IV, as renumbered June 8, 1976.*]

[*Recall Defined*]

SEC. 13. Recall is the power of the electors to remove an elective officer. [*New section adopted June 8, 1976.*]

[*Recall Petitions*]

SEC. 14. (a) Recall of a state officer is initiated by delivering to the Secretary of State a petition alleging reason for recall. Sufficiency of reason is not reviewable. Proponents have 160 days to file signed petitions.

(b) A petition to recall a statewide officer must be signed by electors equal in number to 12 percent of the last vote for the office, with signatures from each of 5 counties equal in number to 1 percent of the last vote for the office in the county. Signatures to recall Senators, members

of the Assembly, members of the Board of Equalization, and judges of courts of appeal and trial courts must equal in number 20 percent of the last vote for the office.

(c) The Secretary of State shall maintain a continuous count of the signatures certified to that office. [*New section adopted June 8, 1976.*]

[*Recall Elections*]

SEC. 15. An election to determine whether to recall an officer and, if appropriate, to elect a successor shall be called by the Governor and held not less than 60 days nor more than 80 days from the date of certification of sufficient signatures. If the majority vote on the question is to recall, the officer is removed and, if there is a candidate, the candidate who receives a plurality is the successor. The officer may not be a candidate, nor shall there be any candidacy for an office filled pursuant to subdivision (d) of Section 16 of Article VI. [*New section adopted June 8, 1976.*]

[*Legislature to Provide for Petitions, Etc.*]

SEC. 16. The Legislature shall provide for circulation, filing, and certification of petitions, nomination of candidates, and the recall election. [*New section adopted June 8, 1976.*]

[*Recall of Governor or Secretary of State*]

SEC. 17. If recall of the Governor or Secretary of State is initiated, the recall duties of that office shall be performed by the Lieutenant Governor or Controller, respectively. [*New section adopted June 8, 1976.*]

[*Reimbursement of Recall Election Expenses*]

SEC. 18. A state officer who is not recalled shall be reimbursed by the State for the officer's recall election expenses legally and personally incurred. Another recall may not be initiated against the officer until six months after the election. [*New section adopted June 8, 1976.*]

[*Recall of Local Officers*]

SEC. 19. The Legislature shall provide for recall of local officers. This section does not affect counties and cities whose charters provide for recall. [*New section adopted June 8, 1976.*]

[*Terms of Elective Offices*]

SEC. 20. Terms of elective offices provided for by this Constitution, other than Members of the Legislature, commence on the Monday after January 1 following election. The election shall be held in the last even-numbered year before the term expires. [*New section adopted June 8, 1976.*]

ARTICLE III. [*Repealed November 7, 1972. See Article III, below.*]

ARTICLE III *

STATE OF CALIFORNIA

[*United States Constitution Supreme Law*]

SEC. 1. The State of California is an inseparable part of the United States of America, and the United States Constitution is the supreme law of the land. [*New section adopted November 7, 1972.*]

[*Boundaries of the State—Sacramento Seat of Government*]

SEC. 2. The boundaries of the State are those stated in the Constitution of 1849 as modified pursuant to statute. Sacramento is the capital of California. [*New section adopted November 7, 1972.*]

[*Separation of Powers*]

SEC. 3. The powers of state government are legislative, executive, and judicial. Persons charged with the exercise of one power may not exercise either of the others except as permitted by this Constitution. [*New section adopted November 7, 1972.*]

[*Administrative Agencies: Declaration Statute Unenforceable or Unconstitutional Prohibited*]

SEC. 3.5. An administrative agency, including an administrative agency created by the Constitution or an initiative statute, has no power:

(a) To declare a statute unenforceable, or refuse to enforce a statute, on the basis of it being unconstitutional unless an appellate court has made a determination that such statute is unconstitutional;

(b) To declare a statute unconstitutional;

(c) To declare a statute unenforceable, or to refuse to enforce a statute on the basis that federal law or federal regulations prohibit the enforcement of such statute unless an appellate court has made a determination that the enforcement of such statute is prohibited by federal law or federal regulations. [*New section adopted June 6, 1978.*]

[*Salaries of Elected State Officers—Salaries of Judges*]

SEC. 4. (a) Except as provided in subdivision (b), salaries of elected state officers may not be reduced during their term of office. Laws that set these salaries are appropriations.

(b) Beginning on January 1, 1981, the base salary of a judge of a court of record shall equal the annual salary payable as of July 1, 1980, for that office had the judge been elected in 1978. The Legislature may

* New Article III adopted November 7, 1972.

prescribe increases in those salaries during a term of office, and it may terminate prospective increases in those salaries at any time during a term of office, but it shall not reduce the salary of a judge during a term of office below the highest level paid during that term of office. Laws setting the salaries of judges shall not constitute an obligation of contract pursuant to Section 9 of Article I or any other provision of law. [*As amended November 4, 1980.*]

[*Suits Against State*]

SEC. 5. Suits may be brought against the State in such manner and in such courts as shall be directed by law. [*New section adopted November 7, 1972.*]

[*Official State Language*]

SEC. 6. (a) Purpose.

English is the common language of the people of the United States of America and the State of California. This section is intended to preserve, protect and strengthen the English language, and not to supersede any of the rights guaranteed to the people by this Constitution.

(b) English as the Official Language of California.

English is the official language of the State of California.

(c) Enforcement.

The Legislature shall enforce this section by appropriate legislation. The Legislature and officials of the State of California shall take all steps necessary to insure that the role of English as the common language of the State of California is preserved and enhanced. The Legislature shall make no law which diminishes or ignores the role of English as the common language of the State of California.

(d) Personal Right of Action and Jurisdiction of Courts.

Any person who is a resident of or doing business in the State of California shall have standing to sue the State of California to enforce this section, and the Courts of record of the State of California shall have jurisdiction to hear cases brought to enforce this section. The Legislature may provide reasonable and appropriate limitations on the time and manner of suits brought under this section. [*New section adopted November 4, 1986. Initiative measure.*]

[*Retirement Benefits for Elected Constitutional Officers*]

SEC. 7. (a) The retirement allowance for any person, all of whose credited service in the Legislators' Retirement System was rendered or was deemed to have been rendered as an elective officer of the State whose office is provided for by the California Constitution, other than a judge and other than a Member of the Senate or Assembly, and all or any part of whose retirement allowance is calculated on the basis of the compensation payable to the officer holding the office which the member last held prior to retirement, or for the survivor or beneficiary of such a person, shall not be increased or affected in any manner by

changes on or after November 5, 1986, in the compensation payable to the officer holding the office which the member last held prior to retirement.

(b) This section shall apply to any person, survivor, or beneficiary described in subdivision (a) who receives, or is receiving, from the Legislators' Retirement System a retirement allowance on or after November 5, 1986, all or any part of which allowance is calculated on the basis of the compensation payable to the officer holding the office which the member last held prior to retirement.

(c) It is the intent of the people, in adopting this section, to restrict retirement allowances to amounts reasonably to be expected by certain members and retired members of the Legislators' Retirement System and to preserve the basic character of earned retirement benefits while prohibiting windfalls and unforeseen advantages which have no relation to the real theory and objective of a sound retirement system. It is not the intent of this section to deny any member, retired member, survivor, or beneficiary a reasonable retirement allowance. Thus, this section shall not be construed as a repudiation of a debt nor the impairment of a contract for a substantial and reasonable retirement allowance from the Legislators' Retirement System.

(d) The people and the Legislature hereby find and declare that the dramatic increase in the retirement allowances of persons described in subdivison (a) which would otherwise result when the compensation for those offices increases on November 5, 1986, or January 5, 1987, are not benefits which could have reasonably been expected. The people and the Legislature further find and declare that the Legislature did not intend to provide in its scheme of compensation for those offices such windfall benefits. [*New section adopted November 4, 1986.*]

[*California Citizens Compensation Commission*]

SEC. 8. (a) The California Citizens Compensation Commission is hereby created and shall consist of seven members appointed by the Governor. The commission shall establish the annual salary and the medical dental, insurance, and other similar benefits of state officers.

(b) The commission shall consist of the following persons:

(1) Three public members, one of whom has expertise in the area of compensation, such as an economist, market researcher, or personnel manager; one of whom is a member of a nonprofit public interest organization; and one of whom is representative of the general population and may include, among others, a retiree, homemaker, or person of median income. No person appointed pursuant to this paragraph may, during the 12 months prior to his or her appointment, have held public office, either elective or appointive, have been a candidate for elective public office, or have been a lobbyist, as defined by the Political Reform Act of 1974.

(2) Two members who have experience in the business community, one of whom is an executive of a corporation incorporated in this State which ranks among the largest private sector employers in the State

based on the number of employees employed by the corporation in this State and one of whom is an owner of a small business in this State.

(3) Two members, each of whom is an officer or member of a labor organization.

(c) The Governor shall strive insofar as practicable to provide a balanced representation of the geographic, gender, racial, and ethnic diversity of the State in appointing commission members.

(d) The Governor shall appoint commission members and designate a chairperson for the commission not later than 30 days after the effective date of this section. The terms of two of the initial appointees shall expire on December 31, 1992, two on December 31, 1994, and three on December 31, 1996, as determined by the Governor. Thereafter, the term of each member shall be six years. Within 15 days of any vacancy, the Governor shall appoint a person to serve the unexpired portion of the term.

(e) No current or former officer or employee of this State is eligible for appointment to the commission.

(f) Public notice shall be given of all meetings of the commission, and the meetings shall be open to the public.

(g) On or before December 3, 1990, the commission shall, by a single resolution adopted by a majority of the membership of the commission, establish the annual salary and the medical, dental, insurance, and other similar benefits of state officers. The annual salary and benefits specified in that resolution shall be effective on and after December 3, 1990.

Thereafter, at or before the end of each of each fiscal year, the commission shall, by a single resolution adopted by a majority of the membership of the commission, adjust the annual salary and the medical, dental, insurance, and other similar benefits of state officers. The annual salary and benefits specified in the resolution shall be effective on and after the first Monday of the next December.

(h) In establishing or adjusting the annual salary and the medical, dental, insurance, and other similar benefits, the commission shall consider all of the following:

(1) The amount of time directly or indirectly related to the performance of the duties, functions, and services of a state officer.

(2) The amount of the annual salary and the medical, dental, insurance, and other similar benefits for other elected and appointed officers and officials in this State with comparable responsibilities, the judiciary, and, to the extent practicable, the private sector, recognizing, however, that state officers do not receive, and do not expect to receive, compensation at the same levels as individuals in the private sector with comparable experience and responsibilities.

(3) The responsibility and scope of authority of the entity in which the state officer serves.

(i) Until a resolution establishing or adjusting the annual salary and the medical, dental, insurance, and other similar benefits for state

officers takes effect, each state officer shall continue to receive the same annual salary and the medical, dental, insurance, and other similar benefits received previously.

(j) All commission members shall receive their actual and necessary expenses, including travel expenses, incurred in the performance of their duties. Each member shall be compensated at the same rate as members, other than the chairperson, of the Fair Political Practices Commission, or its successor, for each day engaged in official duties, not to exceed 45 days per year.

(k) It is the intent of the Legislature that the creation of the commission should not generate new state costs for staff and services. The Department of Personnel Administration, the Board of Administration of the Public Employees' Retirement System, or other appropriate agencies, or their successors, shall furnish, from existing resources, staff and services to the commission as needed for the performance of its duties.

(*l*) "State officer," as used in this section, means the Governor, Lieutenant Governor, Attorney General, Controller, Insurance Commissioner, Secretary of State, Superintendent of Public Instruction, Treasurer, member of the State Board of Equalization, and Member of the Legislature. [*New section adopted June 5, 1990.*]

ARTICLE IV

LEGISLATIVE

[*Heading as amended November 8, 1966.*]

SECTION 1. [*Repealed November 8, 1966. See Section 1, below.*]

[*Legislative Power*]

SEC. 1. The legislative power of this State is vested in the California Legislature which consists of the Senate and Assembly, but the people reserve to themselves the powers of initiative and referendum. [*New section adopted November 8, 1966.*]

SEC. 1a. [*Renumbered Section 20 of Article XIII and amended November 8, 1966.*]

SEC. 1b. [*Repealed November 8, 1966.*]

SEC. 1c. [*Repealed November 8, 1966.*]

SEC. 1d. [*Repealed November 8, 1966.*]

[*Legislators—Limitation on Incumbency—Restriction of Retirement Benefits—Limitation of Staff and Support Services—Number of Terms*]

SEC. 1.5. The people find and declare that the Founding Fathers established a system of representative government based upon free, fair, and competitive elections. The increased concentration of political

power in the hands of incumbent representatives has made our electoral system less free, less competitive, and less representative.

The ability of legislators to serve unlimited number of terms, to establish their own retirement system, and to pay for staff and support services at state expense contribute heavily to the extremely high number of incumbents who are reelected. These unfair incumbent advantages discourage qualified candidates from seeking public office and create a class of career politicians, instead of the citizen representatives envisioned by the Founding Fathers. These career politicians become representatives of the bureaucracy, rather than of the people whom they are elected to represent.

To restore a free and democratic system of fair elections, and to encourage qualified candidates to seek public office, the people find and declare that the powers of incumbency must be limited. Retirement benefits must be restricted, state-financed incumbent staff and support services limited, and limitations placed upon the number of terms which may be served. [*New section adopted November 6, 1990. Initiative measure.*]

SEC. 2. [*Repealed November 8, 1966. See Section 2, below.*]

[*Senate and Assembly—Membership—Elections—Number of Terms—Qualifications—Vacancies*]

SEC. 2. (a) The Senate has a membership of 40 Senators elected for 4-year terms, 20 to begin every 2 years. No Senator may serve more than 2 terms.

The Assembly has a membership of 80 members elected for 2-year terms. No member of the Assembly may serve more than 3 terms.

Their terms shall commence on the first Monday in December next following their election.

(b) Election of members of the Assembly shall be on the first Tuesday after the first Monday in November of even-numbered years unless otherwise prescribed by the Legislature. Senators shall be elected at the same time and places as members of the Assembly.

(c) A person is ineligible to be a member of the Legislature unless the person is an elector and has been a resident of the legislative district for one year, and a citizen of the United States and a resident of California for 3 years, immediately preceding the election.

(d) When a vacancy occurs in the Legislature the Governor immediately shall call an election to fill the vacancy. [*As amended November 6, 1990. Initiative measure.*]

SEC. 3. [*Repealed November 8, 1966. See Section 3, below.*]

[*Legislative Sessions—Regular and Special Sessions*]

SEC. 3. (a) The Legislature shall convene in regular session at noon on the first Monday in December of each even-numbered year and each house shall immediately organize. Each session of the Legis-

lature shall adjourn sine die by operation of the Constitution at midnight on November 30 of the following even-numbered year.

(b) On extraordinary occasions the Governor by proclamation may cause the Legislature to assemble in special session. When so assembled it has power to legislate only on subjects specified in the proclamation but may provide for expenses and other matters incidental to the session. [*As amended June 8, 1976.*]

SEC. 4. [*Repealed November 8, 1966. See Section 4, below.*]

[*Legislators—Conflict of Interest—Prohibited Compensation—Earned Income*]

SEC. 4. (a) To eliminate any appearance of a conflict with the proper discharge of his or her duties and responsibilities, no Member of the Legislature may knowingly receive any salary, wages, commissions, or other similar earned income from a lobbyist or lobbying firm, as defined by the Political Reform Act of 1974, or from a person who, during the previous 12 months, has been under a contract with the Legislature. The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any Member who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the Legislature, other than an action or decision involving a bill described in subdivision (c) of Section 12 of this article, which he or she knows, or has reason to know, would have a direct and significant financial impact on the lobbyist employer and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession.

[*Legislators—Travel and Living Expenses*]

(b) Travel and living expenses for Members of the Legislature in connection with their official duties shall be prescribed by statute passed by rollcall vote entered in the journal, two-thirds of the membership of each house concurring. A Member may not receive travel and living expenses during the times that the Legislature is in recess for more than three calendar days, unless the Member is traveling to or from, or is in attendance at, any meeting of a committee of which he or she is a member, or a meeting, conference, or other legislative function or responsibility as authorized by the rules of the house of which he or she is a member, which is held at a location at least 20 miles from his or her place of residence.

[*Legislators—Retirement*]

(c) The Legislature may not provide retirement benefits based on any portion of a monthly salary in excess of five hundred dollars ($500)

paid to any Member of the Legislature unless the Member receives the greater amount while serving as a Member in the Legislature. The Legislature may, prior to their retirement, limit the retirement benefits payable to Members of the Legislature who serve during or after the term commencing in 1967.

When computing the retirement allowance of a Member who serves in the Legislature during the term commencing in 1967 or later, allowance may be made for increases in cost of living if so provided by statute, but only with respect to increases in the cost of living occurring after retirement of the Member. However, the Legislature may provide that no Member shall be deprived of a cost of living adjustment based on a monthly salary of five hundred dollars ($500) which has accrued prior to the commencement of the 1967 Regular Session of the Legislature. [*As amended June 5, 1990.*]

[*Legislators—Retirement*]

SEC. 4.5. Notwithstanding any other provision of this Constitution or existing law, a person elected to or serving in the Legislature on or after November 1, 1990, shall participate in the Federal Social Security (Retirement, Disability, Health Insurance) Program and the State shall pay only the employer's share of the contribution necessary to such participation. No other pension or retirement benefit shall accrue as a result of service in the Legislature, such service not being intended as a career occupation. This Section shall not be construed to abrogate or diminish any vested pension or retirement benefit which may have accrued under an existing law to a person holding or having held office in the Legislature, but upon adoption of this Act no further entitlement to nor vesting in any existing program shall accrue to any such person, other than Social Security to the extent herein provided. [*New section adopted November 6, 1990. Initiative measure.*]

SEC. 5. [*Repealed November 8, 1966. See Section 5, below.*]

[*Legislators—Qualifications—Expulsion*]

SEC. 5. (a) Each house shall judge the qualifications and elections of its Members and, by rollcall vote entered in the journal, two thirds of the membership concurring, may expel a Member.

[*Legislators—Honoraria*]

(b) No Member of the Legislature may accept any honorarium. The Legislature shall enact laws that implement this subdivision.

[*Legislators—Gifts—Conflict of Interest*]

(c) The Legislature shall enact laws that ban or strictly limit the acceptance of a gift by a Member of the Legislature from any source if the acceptance of the gift might create a conflict of interest.

[*Legislators—Prohibited Compensation or Activity*]

(d) No Member of the Legislature may knowingly accept any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any state government board or agency. If a Member knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the Member may not, for a period of one year following the acceptance of the compensation, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the Legislature, other than an action or decision involving a bill described in subdivision (c) of Section 12 of this article, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession. However, a Member may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers' Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person before a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the Member is a member if the Member does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

[*Legislators—Lobbying*]

(e) The Legislature shall enact laws that prohibit a Member of the Legislature whose term of office commences on or after December 3, 1990, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the Legislature for 12 months after leaving office.

[*Legislators—Conflict of Interest*]

(f) The Legislature shall enact new laws, and strengthen the enforcement of existing laws, prohibiting Members of the Legislature from engaging in activities or having interests which conflict with the proper discharge of their duties and responsibilities. However, the people reserve to themselves the power to implement this requirement pursuant to Article II. [*As amended June 5, 1990. Subdivision (b) operative December 3, 1990.*]

SEC. 6. [*Repealed June 3, 1980. See Section 6, below.*]

[*Senatorial and Assembly Districts*]

SEC. 6. For the purpose of choosing members of the Legislature, the State shall be divided into 40 Senatorial and 80 Assembly districts to be called Senatorial and Assembly Districts. Each Senatorial district

shall choose one Senator and each Assembly district shall choose one member of the Assembly. [*New section adopted June 3, 1980.*]

SEC. 7. [*Repealed November 8, 1966. See Section 7, below.*]

[*House Rules—Officers—Quorum*]

SEC. 7. (a) Each house shall choose its officers and adopt rules for its proceedings. A majority of the membership constitutes a quorum, but a smaller number may recess from day to day and compel the attendance of absent members.

[*Journals*]

(b) Each house shall keep and publish a journal of its proceedings. The rollcall vote of the members on a question shall be taken and entered in the journal at the request of 3 members present.

[*Public Proceedings—Closed Sessions*]

(c) (1) The proceedings of each house and the committees thereof shall be open and public. However, closed sessions may be held solely for any of the following purposes:

(A) To consider the appointment, employment, evaluation of performance, or dismissal of a public officer or employee, to consider or hear complaints or charges brought against a Member of the Legislature or other public officer or employee, or to establish the classification or compensation of an employee of the Legislature.

(B) To consider matters affecting the safety and security of Members of the Legislature or its employees or the safety and security of any buildings and grounds used by the Legislature.

(C) To confer with, or receive advice from, its legal counsel regarding pending or reasonably anticipated, or whether to initiate, litigation when discussion in open session would not protect the interests of the house or committee regarding the litigation.

(2) A caucus of the Members of the Senate, the Members of the Assembly, or the Members of both houses, which is composed of the members of the same political party, may meet in closed session.

(3) The Legislature shall implement this subdivision by concurrent resolution adopted by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, or by statute, and shall prescribe that, when a closed session is held pursuant to paragraph (1), reasonable notice of the closed session and the purpose of the closed session shall be provided to the public. If there is a conflict between a concurrent resolution and statute, the last adopted or enacted shall prevail.

[*Recess*]

(d) Neither house without the consent of the other may recess for more than 10 days or to any other place. [*As amended June 5, 1990. Subdivision (c) operative December 3, 1990.*]

[*Legislature—Total Aggregate Expenditures*]

SEC. 7.5. In the fiscal year immediately following the adoption of this Act, the total aggregate expenditures of the Legislature for the compensation of members and employees of, and the operating expenses and equipment for, the Legislature may not exceed an amount equal to nine hundred fifty thousand dollars ($950,000) per member for that fiscal year or 80 percent of the amount of money expended for those purposes in the preceding fiscal year, whichever is less. For each fiscal year thereafter, the total aggregate expenditures may not exceed an amount equal to that expended for those purposes in the preceding fiscal year, adjusted and compounded by an amount equal to the percentage increase in the appropriations limit for the State established pursuant to Article XIII B. [*New section adopted November 6, 1990. Initiative measure.*]

SEC. 8. [*Repealed November 8, 1966. See Section 8, below.*]

[*Bills and Statutes—30-day Waiting Period*]

SEC. 8. (a) At regular sessions no bill other than the budget bill may be heard or acted on by committee or either house until the 31st day after the bill is introduced unless the house dispenses with this requirement by rollcall vote entered in the journal, three fourths of the membership concurring.

[*Bills and Statutes—3 Readings*]

(b) The Legislature may make no law except by statute and may enact no statute except by bill. No bill may be passed unless it is read by title on 3 days in each house except that the house may dispense with this requirement by rollcall vote entered in the journal, two thirds of the membership concurring. No bill may be passed until the bill with amendments has been printed and distributed to the members. No bill may be passed unless, by rollcall vote entered in the journal, a majority of the membership of each house concurs.

[*Bills and Statutes—Effective Date*]

(c) (1) Except as provided in paragraphs (2) and (3) of this subdivision, a statute enacted at a regular session shall go into effect on January 1 next following a 90-day period from the date of enactment of the statute and a statute enacted at a special session shall go into effect on the 91st day after adjournment of the special session at which the bill was passed.

(2) A statute, other than a statute establishing or changing boundaries of any legislative, congressional, or other election district, enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, shall go into effect on January 1 next following the enactment date of the statute unless, before January 1, a copy of a

referendum petition affecting the statute is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article II, in which event the statute shall go into effect on the 91st day after the enactment date unless the petition has been presented to the Secretary of State pursuant to subdivision (b) of Section 9 of Article II.

(3) Statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes shall go into effect immediately upon their enactment.

[*Bills and Statutes—Urgency Statutes*]

(d) Urgency statutes are those necessary for immediate preservation of the public peace, health, or safety. A statement of facts constituting the necessity shall be set forth in one section of the bill. The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any state officer who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on the

If a state officer knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the state officer may not, for a period of one year following the acceptance of the compensation, make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the state agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession. However, a state officer may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers' Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person before a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the state officer is a member if the state officer does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

[*State Officers—Lobbying*]

(e) The Legislature shall enact laws that prohibit a state officer, or a secretary of an agency or director of a department appointed by the Governor, who has not resigned or retired from state service prior to January 7, 1991, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the executive branch of state government for 12 months after leaving office.

[*Taxation of Local Government Real Property*]

SEC. 11. (a) Lands owned by a local government that are outside its boundaries, including rights to use or divert water from surface or underground sources and any other interests in lands, are taxable if (1) they are located in Inyo or Mono County and (a) they were assessed for taxation to the local government in Inyo County as of the 1966 lien date, or in Mono County as of the 1967 lien date, whether or not the assessment was valid when made, or (b) they were acquired by the local government subsequent to that lien date and were assessed to a prior owner as of that lien date and each lien date thereafter, or (2) they are located outside Inyo or Mono County and were taxable when acquired by the local government. Improvements owned by a local government that are outside its boundaries are taxable if they were taxable when acquired or were constructed by the local government to replace improvements which were taxable when acquired.

(b) Taxable land belonging to a local government and located in Inyo County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1966 lien date and in an amount derived by multiplying its 1966 assessed value by the ratio of the statewide per capita assessed value of land as of the last lien date prior to the current lien date to $766, using civilian population only. Taxable land belonging to a local government and located in Mono County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1967 lien date and in an amount determined by the preceding formula except that the 1967 lien date, the 1967 assessed value, and the figure $856 shall be used in the formula. Taxable land belonging to a local government and located outside of Inyo and Mono counties shall be assessed at the place where located and in an amount that does not exceed the lower of (1) its fair market value times the prevailing percentage of fair market value at which other lands are assessed and (2) a figure derived in the manner specified in this Section for land located in Mono County.

If land acquired by a local government after the lien date of the base year specified in this Section was assessed in the base year as part of a larger parcel, the assessed value of the part in the base year shall be that fraction of the assessed value of the larger parcel that the area of the part is of the area of the larger parcel.

If a local government divests itself of ownership of land without water rights and this land was assessed in Inyo County as of the 1966 lien date or in Mono County as of the 1967 lien date, the divestment shall not diminish the quantity of water rights assessable and taxable at the place where assessed as of that lien date.

(c) In the event the Legislature changes the prevailing percentage of fair market value at which land is assessed for taxation, there shall be used in the computations required by Section 11(b) of this Article, for the first year for which the new percentage is applicable, in lieu of the statewide per capita assessed value of land as of the last lien date prior to the current lien date, the statewide per capita assessed value of land on the prior lien date times the ratio of the new prevailing percentage of fair market value to the previous prevailing percentage.

(d) If, after March 1954, a taxable improvement is replaced while owned by and in possession of a local government, the replacement improvement shall be assessed, as long as it is owned by a local government, as other improvements are except that the assessed value shall not exceed the product of (1) the percentage at which privately owned improvements are assessed times (2) the highest full value ever used for taxation of the improvement that has been replaced. For purposes of this calculation, the full value for any year prior to 1967 shall be conclusively presumed to be 4 times the assessed value in that year.

(e) No tax, charge, assessment, or levy of any character, other than those taxes authorized by Sections 11(a) to 11(d), inclusive, of this Article, shall be imposed upon one local government by another local government that is based or calculated upon the consumption or use of water outside the boundaries of the government imposing it.

(f) Any taxable interest of any character, other than a lease for agricultural purposes and an interest of a local government, in any land owned by a local government that is subject to taxation pursuant to Section 11(a) of this Article shall be taxed in the same manner as other taxable interests. The aggregate value of all the interests subject to taxation pursuant to Section 11(a), however, shall not exceed the value of all interests in the land less the taxable value of the interest of any local government ascertained as provided in Sections 11(a) to 11(e), inclusive, of this Article.

(g) Any assessment made pursuant to Sections 11(a) to 11(d), inclusive, of this Article shall be subject to review, equalization, and adjustment by the State Board of Equalization, but an adjustment shall conform to the provisions of these Sections. [*New section adopted November 5, 1974.*]

(b) In any year in which the assessment ratio is changed, the Legislature shall adjust the rate described in subdivision (a) to maintain equality between property on the secured and unsecured rolls. [*As amended November 2, 1976.*]

tion charges on (1) any indebtedness approved by the voters prior to July 1, 1978, or (2) any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition. [*As amended June 3, 1986.*]

[*Valuation of Real Property—Appraised Value After 1975 Assessment—Replacement Dwelling*]

SEC. 2. (a) The full cash value means the county assessor's valuation of real property as shown on the 1975–76 tax bill under "full cash value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. All real property not already assessed up to the 1975–76 full cash value may be reassessed to reflect that valuation. For purposes of this section, "newly constructed" does not include real property which is reconstructed after a disaster, as declared by the Governor, where the fair market value of the real property, as reconstructed, is comparable to its fair market value prior to the disaster. Also, the term "newly constructed" shall not include the portion of reconstruction or improvement to a structure, constructed of unreinforced masonry bearing wall construction, necessary to comply with any local ordinance relating to seismic safety during the first 15 years following that reconstruction or improvement.

However, the Legislature may provide that under appropriate circumstances and pursuant to definitions and procedures established by the Legislature, any person over the age of 55 years who resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII and any implementing legislation may transfer the base year value of the property entitled to exemption, with the adjustments authorized by subdivision (b), to any replacement dwelling of equal or lesser value located within the same county and purchased or newly constructed by that person as his or her principal residence within two years of the sale of the original property. For purposes of this section, "any person over the age of 55 years" includes a married couple one member of which is over the age of 55 years. For purposes of this section, "replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section, a two-dwelling unit shall be considered as two separate single-family dwellings. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after November 5, 1986.

In addition, the Legislature may authorize each county board of supervisors, after consultation with the local affected agencies within the county's boundaries, to adopt an ordinance making the provisions of this subdivision relating to transfer of base year value also applicable to situations in which the replacement dwellings are located in that county and the original properties are located in another county within

this State. For purposes of this paragraph, "local affected agency" means any city, special district, school district, or community college district which receives an annual property tax revenue allocation. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after the date the county adopted the provisions of this subdivision relating to transfer of base year value, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

The Legislature may extend the provisions of this subdivision relating to the transfer of base year values from original properties to replacement dwellings of homeowners over the age of 55 years to severely disabled homeowners, but only with respect to those replacement dwellings purchased or newly constructed on or after the effective date of this paragraph.

[*Full Cash Value Reflecting Inflationary Rate*]

(b) The full cash value base may reflect from year to year the inflationary rate not to exceed 2 percent for any given year or reduction as shown in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced to reflect substantial damage, destruction or other factors causing a decline in value.

[*"Newly Constructed"*]

(c) For purposes of subdivision (a), the Legislature may provide that the term "newly constructed" shall not include any of the following:

(1) The construction or addition of any active solar energy system.

(2) The construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement, as defined by the Legislature, which is constructed or installed after the effective date of this paragraph.

(3) The construction, installation, or modification on or after the effective date of this paragraph of any portion or structural component of a single or multiple family dwelling which is eligible for the homeowner's exemption if the construction, installation, or modification is for the purpose of making the dwelling more accessible to severely disabled person.

(4) The construction or installation of seismic retrofitting improvements or improvements utilizing earthquake hazard mitigation technologies, which are constructed or installed in existing buildings after the effective date of this paragraph. The Legislature shall define eligible improvements. This exclusion does not apply to seismic safety reconstruction or improvements which qualify for exclusion pursuant to the last sentence of the first paragraph of subdivision (a).

[*"Change in Ownership"*]

(d) For purposes of this section, the term "change in ownership" shall not include the acquisition of real property as a replacement for comparable property if the person acquiring the real property has been displaced from the property replaced by eminent domain proceedings, by acquisition by a public entity, or governmental action which has resulted in a judgment of inverse condemnation. The real property acquired shall be deemed comparable to the property replaced if it is similar in size, utility, and function, or if it conforms to state regulations defined by the Legislature governing the relocation of persons displaced by governmental actions. The provisions of this subdivision shall be applied to any property acquired after March 1, 1975, but shall affect only those assessments of that property which occur after the provisions of this subdivision take effect.

[*Disasters—Replacement Property*]

(e) (1) Notwithstanding any other provision of this section, the Legislature shall provide that the base year value of property which is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county that is acquired or newly constructed as a replacement for the substantially damaged or destroyed property.

(2) Except as provided in paragraph (3), this subdivision shall apply to any comparable replacement property acquired or newly constructed on or after July 1, 1985, and to the determination of base year values for the 1985–86 fiscal year and fiscal years thereafter.

(3) In addition to the transfer of base year value of property within the same county that is permitted by paragraph (1), the Legislature may authorize each county board of supervisors to adopt, after consultation with affected local agencies within the county, an ordinance allowing the transfer of the base year value of property that is located within another county in the State and is substantially damaged or destroyed by a disaster, as declared by the Governor, to comparable replacement property of equal or lesser value that is located within the adopting county and is acquired or newly constructed within three years of the substantial damage or destruction of the original property as a replacement for that property. The scope and amount of the benefit provided to a property owner by the transfer of base year value of property pursuant to this paragraph shall not exceed the scope and amount of the benefit provided to a property owner by the transfer of base year value of property pursuant to subdivision (a). For purposes of this paragraph, "affected local agency" means any city, special district, school district, or community college district that receives an annual allocation of ad valorem property tax revenues. This paragraph shall apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster, as declared by the Governor, occuring on or after

October 20, 1991, and to the determination of base year values for the 1991–92 fiscal year and fiscal years thereafter.

[*Disasters—Replacement Property*]

(f) For the purposes of subdivision (e):

(1) Property is substantially damaged or destroyed if it sustains physical damage amounting to more than 50 percent of its value immediately before the disaster. Damage includes a diminution in the value of property as a result of restricted access caused by the disaster.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property which it replaces, and if the fair market value of the acquired property is comparable to the fair market value of the replaced property prior to the disaster.

[*Real Property Transfers between Spouses*]

(g) For purposes of subdivision (a), the terms "purchased" and "change in ownership" shall not include the purchase or transfer of real property between spouses since March 1, 1975, including, but not limited to, all of the following:

(1) Transfers to a trustee for the beneficial use of a spouse, or the surviving spouse of a deceased transferor, or by a trustee of such a trust to the spouse of the trustor.

(2) Transfers to a spouse which take effect upon the death of a spouse.

(3) Transfers to a spouse or former spouse in connection with a property settlement agreement or decree of dissolution of a marriage or legal separation.

(4) The creation, transfer, or termination, solely between spouses, of any coowner's interest.

(5) The distribution of a legal entity's property to a spouse or former spouse in exchange for the interest of the spouse in the legal entity in connection with a property settlement agreement or a decree of dissolution of a marriage or legal separation.

[*Real Property Transfers between Parents and Children*]

(h) For purposes of subdivision (a), the terms "purchased" and "change of ownership" shall not include the purchase or transfer of the principal residence of the transferor in the case of a purchase or transfer between parents and their children, as defined by the Legislature, and the purchase or transfer of the first $1,000,000 of the full cash value of all other real property between parents and their children, as defined by the Legislature. This subdivision shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree.

[*Effectiveness of Amendments*]

(i) Unless specifically provided otherwise, amendments to this section adopted prior to November 1, 1988, shall be effective for changes in ownership which occur, and new construction which is completed, after the effective date of the amendment. Unless specifically provided otherwise, amendments to this section adopted after November 1, 1988, shall be effective for changes in ownership which occur, and new construction which is completed, on or after the effective date of the amendment. [*As amended November 2, 1993.*]

[*Changes in State Taxes—Vote Requirement*]

SECTION 3. From and after the effective date of this article, any changes in state taxes enacted for the purpose of increasing revenues collected pursuant thereto whether by increased rates or changes in methods of computation must be imposed by an Act passed by not less than two-thirds of all members elected to each of the two houses of the Legislature, except that no new ad valorem taxes on real property, or sales or transaction taxes on the sales of real property may be imposed. [*New section adopted June 6, 1978. Initiative measure.*]

[*Imposition of Special Taxes*]

SECTION 4. Cities, Counties and special districts, by a two-thirds vote of the qualified electors of such district, may impose special taxes on such district, except ad valorem taxes on real property or a transaction tax or sales tax on the sale of real property within such City, County or special district. [*New section adopted June 6, 1978. Initiative measure.*]

[*Effective Date of Article*]

SECTION 5. This article shall take effect for the tax year beginning on July 1 following the passage of this Amendment, except Section 3 which shall become effective upon the passage of this article. [*New section adopted June 6, 1978. Initiative measure.*]

[*Severability*]

SECTION 6. If any section, part, clause, or phrase hereof is for any reason held to be invalid or unconstitutional, the remaining sections shall not be affected but will remain in full force and effect. [*New section adopted June 6, 1978. Initiative measure.*]

ARTICLE XIII B *

GOVERNMENT SPENDING LIMITATION

[*Total Annual Appropriations*]

SEC. 1. The total annual appropriations subject to limitation of the State and of each local government shall not exceed the appropriations limit of the entity of government for the prior year adjusted for the change in the cost of living and the change in population, except as otherwise provided in this article. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Appropriations Limit Annual Calculation—Review*]

SEC. 1.5. The annual calculation of the appropriations limit under this article for each entity of local government shall be reviewed as part of an annual financial audit. [*New section adopted June 5, 1990. Operative July 1, 1990.*]

[*Revenues in Excess of Limitation*]

SEC. 2. (a) (1) Fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the State in compliance with this article during that fiscal year and the fiscal year immediately following it shall be transferred and allocated, from a fund established for that purpose, pursuant to Section 8.5 of Article XVI.

(2) Fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the State in compliance with this article during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

(b) All revenues received by an entity of government, other than the State, in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the entity in compliance with this article during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Appropriations Limit—Adjustments*]

SEC. 3. The appropriations limit for any fiscal year pursuant to Sec. 1 shall be adjusted as follows:

(a) In the event that the financial responsibility of providing services is transferred, in whole or in part, whether by annexation, incorporation or otherwise, from one entity of government to another, then

* New Article XIII B adopted November 6, 1979. Initiative measure.

for the year in which such transfer becomes effective the appropriations limit of the transferee entity shall be increased by such reasonable amount as the said entities shall mutually agree and the appropriations limit of the transferor entity shall be decreased by the same amount.

(b) In the event that the financial responsibility of providing services is transferred, in whole or in part, from an entity of government to a private entity, or the financial source for the provision of services is transferred, in whole or in part, from other revenues of an entity of government, to regulatory licenses, user charges or user fees, then for the year of such transfer the appropriations limit of such entity of government shall be decreased accordingly.

(c) (1) In the event an emergency is declared by the legislative body of an entity of government, the appropriations limit of the affected entity of government may be exceeded provided that the appropriations limits in the following three years are reduced accordingly to prevent an aggregate increase in appropriations resulting from the emergency.

(2) In the event an emergency is declared by the Governor, appropriations approved by a two-thirds vote of the legislative body of an affected entity of government to an emergency account for expenditures relating to that emergency shall not constitute appropriations subject to limitation. As used in this paragraph, "emergency" means the existence, as declared by the Governor, of conditions of disaster or extreme peril to the safety of persons and property within the State, or parts thereof, caused by such conditions as attack or probable or imminent attack by an enemy of the United States, fire, flood, drought, storm, civil disorder, earthquake, or volcanic eruption. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Appropriations Limit—Establishment or Change*]

SEC. 4. The appropriations limit imposed on any new or existing entity of government by this Article may be established or changed by the electors of such entity, subject to and in conformity with constitutional and statutory voting requirements. The duration of any such change shall be as determined by said electors, but shall in no event exceed four years from the most recent vote of said electors creating or continuing such change. [*New section adopted November 6, 1979. Initiative measure.*]

[*Contingency, Emergency, Unemployment, Etc., Funds—Contributions—Withdrawals—Transfers*]

SEC. 5. Each entity of government may establish such contingency, emergency, unemployment, reserve, retirement, sinking fund, trust, or similar funds as it shall deem reasonable and proper. Contributions to any such fund, to the extent that such contributions are derived from the proceeds of taxes, shall for purposes of this Article constitute appropriations subject to limitation in the year of contribution. Neither

withdrawals from any such fund, nor expenditures of (or authorizations to expend) such withdrawals, nor transfers between or among such funds, shall for purposes of this Article constitute appropriations subject to limitation. [*New section adopted November 6, 1979. Initiative measure.*]

[*Prudent State Reserve*]

SECTION 5.5. *Prudent State Reserve.* The Legislature shall establish a prudent state reserve fund in such amount as it shall deem reasonable and necessary. Contributions to, and withdrawals from, the fund shall be subject to the provisions of Section 5 of this Article. [*New section adopted November 8, 1988. Initiative measure.*]

[*Mandates of New Programs or Higher Levels of Service—State Subvention—Exceptions*]

SEC. 6. Whenever the Legislature or any state agency mandates a new program or higher level of service on any local government, the State shall provide a subvention of funds to reimburse such local government for the costs of such program or increased level of service, except that the Legislature may, but need not, provide such subvention of funds for the following mandates:

(a) Legislative mandates requested by the local agency affected;

(b) Legislation defining a new crime or changing an existing definition of a crime; or

(c) Legislative mandates enacted prior to January 1, 1975, or executive orders or regulations initially implementing legislation enacted prior to January 1, 1975. [*New section adopted November 6, 1979. Initiative measure.*]

[*Bonded Indebtedness*]

SEC. 7. Nothing in this Article shall be construed to impair the ability of the State or of any local government to meet its obligations with respect to existing or future bonded indebtedness. [*New section adopted November 6, 1979. Initiative measure.*]

[*Definitions*]

SEC. 8. As used in this article and except as otherwise expressly provided herein:

(a) "Appropriations subject to limitation" of the State means any authorization to expend during a fiscal year the proceeds of taxes levied by or for the State, exclusive of state subventions for the use and operation of local government (other than subventions made pursuant to Section 6) and further exclusive of refunds of taxes, benefit payments from retirement, unemployment insurance, and disability insurance funds.

(b) "Appropriations subject to limitation" of an entity of local government means any authorization to expend during a fiscal year the

proceeds of taxes levied by or for that entity and the proceeds of state subventions to that entity (other than subventions made pursuant to Section 6) exclusive of refunds of taxes.

(c) "Proceeds of taxes" shall include, but not be restricted to, all tax revenues and the proceeds to an entity of government, from (1) regulatory licenses, user charges, and user fees to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service, and (2) the investment of tax revenues. With respect to any local government, "proceeds of taxes" shall include subventions received from the State, other than pursuant to Section 6, and, with respect to the State, proceeds of taxes shall exclude such subventions.

(d) "Local government" means any city, county, city and county, school district, special district, authority, or other political subdivision of or within the State.

(e) (1) "Change in the cost of living" for the State, a school district, or a community college district means the percentage change in California per capita personal income from the preceding year.

(2) "Change in the cost of living" for an entity of local government, other than a school district or a community college district, shall be either (A) the percentage change in California per capita personal income from the preceding year, or (B) the percentage change in the local assessment roll from the preceding year for the jurisdiction due to the addition of local nonresidential new construction. Each entity of local government shall select its change in the cost of living pursuant to this paragraph annually by a recorded vote of the entity's governing body.

(f) "Change in population" of any entity of government, other than the State, a school district, or a community college district, shall be determined by a method prescribed by the Legislature.

"Change in population" of a school district or a community college district shall be the percentage change in the average daily attendance of the school district or community college district from the preceding fiscal year, as determined by a method prescribed by the Legislature.

"Change in population" of the State shall be determined by adding (1) the percentage change in the State's population multiplied by the percentage of the State's budget in the prior fiscal year that is expended for other than educational purposes for kindergarten and grades one to 12, inclusive, and the community colleges, and (2) the percentage change in the total statewide average daily attendance in kindergarten and grades one to 12, inclusive, and the community colleges, multiplied by the percentage of the State's budget in the prior fiscal year that is expended for educational purposes for kindergarten and grades one to 12, inclusive, and the community colleges.

Any determination of population pursuant to this subdivision, other than that measured by average daily attendance, shall be revised, as necessary, to reflect the periodic census conducted by the United States Department of Commerce, or successor department.

(g) "Debt service" means appropriations required to pay the cost of interest and redemption charges, including the funding of any reserve or sinking fund required in connection therewith, on indebtedness existing or legally authorized as of January 1, 1979, or on bonded indebtedness thereafter approved according to law by a vote of the electors of the issuing entity voting in an election for that purpose.

(h) The "appropriations limit" of each entity of government for each fiscal year is that amount which total annual appropriations subject to limitation may not exceed under Sections 1 and 3. However, the "appropriations limit" of each entity of government for fiscal year 1978–79 is the total of the appropriations subject to limitation of the entity for that fiscal year. For fiscal year 1978–79, state subventions to local governments, exclusive of federal grants, are deemed to have been derived from the proceeds of state taxes.

(i) Except as otherwise provided in Section 5, "appropriations subject to limitation" do not include local agency loan funds or indebtedness funds, investment (or authorizations to invest) funds of the State, or of an entity of local government in accounts at banks or savings and loan associations or in liquid securities. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Exceptions to Appropriations Subject to Limitation*]

SEC. 9. "Appropriations subject to limitation" for each entity of government do not include:

(a) Appropriations for debt service.

(b) Appropriations required to comply with mandates of the courts or the federal government which, without discretion, require an expenditure for additional services or which unavoidably make the provision of existing services more costly.

(c) Appropriations of any special district which existed on January 1, 1978, and which did not as of the 1977–78 fiscal year levy an ad valorem tax on property in excess of 12½ cents per $100 of assessed value; or the appropriations of any special district then existing or thereafter created by a vote of the people, which is totally funded by other than the proceeds of taxes.

(2) Sales and use taxes collected on that increment of the tax specified in paragraph (1).

(3) That portion of the weight fee imposed on commercial vehicles which exceeds the weight fee imposed on those vehicles on January 1, 1990. [*As amended June 5, 1990. Operative July 1, 1990.*]

SEC. 10. This Article shall be effective commencing with the first day of the fiscal year following its adoption. [*New section adopted November 6, 1979. Initiative measure.*]

[*Appropriations Limit on or after July 1, 1990*]

SEC. 10.5. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986–87 fiscal year adjusted for the changes made from that fiscal year pursuant to this article, as amended by the measure adding this section, adjusted for the changes required by Section 3. [*New section adopted June 5, 1990. Operative July 1, 1990.*]

[*Exceptions to Appropriations Subject to Limitation*]

SEC. 12. "Appropriations subject to limitation" of each entity of government shall not include appropriations of revenue from the Cigarette and Tobacco Products Surtax Fund created by the Tobacco Tax and Health Protection Act of 1988. PUBLIC FINANCE

[*Heading as amended November 5, 1974.*]

[*State Indebtedness—Limitation—Two-thirds Vote to Submit Bond Law—Submission of Law to Electors*]

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars ($300,000), except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect unless it has been passed by a two-thirds vote of all the members elected to each house of the Legislature and until, at a general election or at a direct primary, it

shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created. Full publicity as to matters to be voted upon by the people is afforded by the setting out of the complete text of the proposed laws, together with the arguments for and against them, in the ballot pamphlet mailed to each elector preceding the election at which they are submitted, and the only requirement for publication of such law shall be that it be set out at length in ballot pamphlets which the Secretary of State shall cause to be printed. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

Notwithstanding any other provision of this Constitution, Members of the Legislature who are required to meet with the State Allocation Board shall have equal rights and duties with the nonlegislative members to vote and act upon matters pending or coming before such board for the allocation and apportionment of funds to school districts for school construction purposes or purposes related thereto.

Notwithstanding any other provision of this constitution, or of any bond act to the contrary, if any general obligation bonds of the State heretofore or hereafter authorized by vote of the people have been offered for sale and not sold, the Legislature may raise the maximum rate of interest payable on all general obligation bonds authorized but not sold, whether or not such bonds have been offered for sale, by a statute passed by a two-thirds vote of all members elected to each house thereof.

The provisions of Senate Bill No. 763† of the 1969 Regular Session, which authorize an increase of the state general obligation bond maximum interest rate from 5 percent to an amount not in excess of 7 percent and eliminate the maximum rate of interest payable on notes given in anticipation of the sale of such bonds, are hereby ratified. [*As amended June 2, 1970.*]

[*General Obligation Bond Proceeds Fund*]

SEC. 1.5. The Legislature may create and establish a "General Obligation Bond Proceeds Fund" in the State Treasury, and may provide for the proceeds of the sale of general obligation bonds of the State heretofore or hereafter issued, including any sums paid as accrued interest thereon, under any or all acts authorizing the issuance of such bonds, to be paid into or transferred to, as the case may be, the "General Obligation Bond Proceeds Fund." Accounts shall be maintained in the "General Obligation Bond Proceeds Fund" of all moneys deposited

in the State Treasury to the credit of that fund and the proceeds of each bond issue shall be maintained as a separate and distinct account and shall be paid out only in accordance with the law authorizing the issuance of the particular bonds from which the proceeds were derived. The Legislature may abolish, subject to the conditions of this section, any fund in the State Treasury heretofore or hereafter created by any act for the purpose of having deposited therein the proceeds from the issuance of bonds if such proceeds are transferred to or paid into the "General Obligation Bond Proceeds Fund" pursuant to the authority granted in this section; provided, however, that nothing in this section shall prevent the Legislature from re-establishing any bond proceeds fund so abolished and transferring back to its credit all proceeds in the "General Obligation Bond Proceeds Fund" which constitute the proceeds of the particular bond fund being re-established. [*New section adopted November 6, 1962.*]

SEC. 2. [*Repealed November 6, 1962. See Section 2, below.*]

[*Bond Issues—Submission by Constitutional Amendment Prohibited—Repeal of Certain Constitutional Provisions*]

SEC. 2. (a) No amendment to this Constitution which provides for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors, nor shall any such amendment to the Constitution hereafter submitted to or approved by the electors become effective for any purpose.

Each measure providing for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors in the form of a bond act or statute.

(b) The provisions of this Constitution enumerated in subdivision (c) of this section are repealed and such provisions are continued as statutes which have been approved, adopted, legalized, ratified, validated, and made fully and completely effective, by means of the adoption by the electorate of a ratifying constitutional amendment, except that the Legislature, in addition to whatever powers it possessed under such provisions, may amend or repeal such provisions when the bonds issued thereunder have been fully retired and when no rights thereunder will be damaged.

(c) The enumerated provisions of this Constitution are: Article XVI, Sections 2, 3, 4, 4½, 5, 6, 8, 8½, 15, 16, 16.5, 17, 18, 19, 19.5, 20 and 21. [*New section adopted November 6, 1962.*]

[*Gifts or Loans of Public Moneys or Pledging of Credit Prohibited—Stock of Corporations*]

[*School Funding Priority*]

SEC. 8. (a) From all state revenues there shall first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education.

(b) Commencing with the 1990–91 fiscal year, the moneys to be applied by the State for the support of school districts and community college districts shall be not less than the greater of the following amounts:

(1) The amount which, as a percentage of General Fund revenues which may be appropriated pursuant to Article XIII B, equals the percentage of General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986–87.

(2) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall not be less than the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B. This paragraph shall be operative only in a fiscal year in which the percentage growth in California per capita personal income is less than or equal to the percentage growth in per capita General Fund revenues plus one half of one percent.

(3) (A) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall equal the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in per capita General Fund revenues.

(B) In addition, an amount equal to one-half of one percent times the prior year total allocations to school districts and community colleges from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment.

(C) This paragraph (3) shall be operative only in a fiscal year in which the percentage growth in California per capita personal income

in a fiscal year is greater than the percentage growth in per capital General Fund revenues plus one half of one percent.

(c) In any fiscal year, if the amount computed pursuant to paragraph (1) of subdivision (b) exceeds the amount computed pursuant to paragraph (2) of subdivision (b) by a difference that exceeds one and one-half percent of General Fund revenues, the amount in excess of one and one-half percent of General Fund revenues shall not be considered allocations to school districts and community colleges for purposes of computing the amount of state aid pursuant to paragraph (2) or 3 of subdivision (b) in the subsequent fiscal year.

(d) In any fiscal year in which school districts and community college districts are allocated funding pursuant to paragraph (3) of subdivision (b) or pursuant to subdivision (h), they shall be entitled to a maintenance factor, equal to the difference between (1) the amount of General Fund moneys which would have been appropriated pursuant to paragraph (2) of subdivision (b) if that paragraph had been operative or the amount of General Fund moneys which would have been appropriated pursuant to subdivision (b) had subdivision (b) not been suspended, and (2) the amount of General Fund moneys actually appropriated to school districts and community college districts in that fiscal year.

(e) The maintenance factor for school districts and community college districts determined pursuant to subdivision (d) shall be adjusted annually for changes in enrollment, and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B, until it has been allocated in full. The maintenance factor shall be allocated in a manner determined by the Legislature in each fiscal year in which the percentage growth in per capita General Fund revenues exceeds the percentage growth in California per capita personal income. The maintenance factor shall be reduced each year by the amount allocated by the Legislature in that fiscal year. The minimum maintenance factor amount to be allocated in a fiscal year shall be equal to the product of General Fund revenues from proceeds of taxes and one-half of the difference between the percentage growth in per capita General Fund revenues from proceeds of taxes and in California per capita personal income, not to exceed the total dollar amount of the maintenance factor.

(f) For purposes of this section, "changes in enrollment" shall be measured by the percentage change in average daily attendance. However, in any fiscal year, there shall be no adjustment for decreases in enrollment between the prior fiscal year and the current fiscal year unless there have been decreases in enrollment between the second prior fiscal year and the prior fiscal year and between the third prior fiscal year and the second prior fiscal year.

(h) Subparagraph (B) of paragraph (3) of subdivision (b) may be suspended for one year only when made part of or included within any bill enacted pursuant to Section 12 of Article IV. All other provisions of subdivision (b) may be suspended for one year by the enactment of an

urgency statute pursuant to Section 8 of Article IV, provided that the urgency statute may not be made part of or included within any bill enacted pursuant to Section 12 of Article IV. [*As amended June 5, 1990. Operative July 1, 1990.*]

(a) In addition to the amount required to be applied for the support of school districts and community college districts pursuant to Section 8, the Controller shall during each fiscal year transfer and allocate all revenues available pursuant to paragraph 1 of subdivision (a) of Section 2 of Article XIII B to that portion of the State School Fund restricted for elementary and high school purposes, and to that portion of the State School Fund restricted for community college purposes, respectively, in proportion to the enrollment in school districts and community college districts respectively.

(1) With respect to funds allocated to that portion of the State School Fund restricted for elementary and high school purposes, no transfer or allocation of funds pursuant to this section shall be required at any time that the Director of Finance and the Superintendent of Public Instruction mutually determine that current annual expenditures per student equal or exceed the average annual expenditure per student of the 10 states with the highest annual expenditures per student for elementary and high schools, and that average class size equals or is less than the average class size of the 10 states with the lowest class size for elementary and high schools.

(2) With respect to funds allocated to that portion of the State School Fund restricted for community college purposes, no transfer or allocation of funds pursuant to this section shall be required at any time that the Director of Finance and the Chancellor of the California Community Colleges mutually determine that current annual expenditures per student for community colleges in this State equal or exceed the average annual expenditure per student of the 10 states with the highest annual expenditure per student for community colleges.

(b) Notwithstanding the provisions of Article XIII B, funds allocated pursuant to this section shall not constitute appropriations subject to limitation.

(c) From any funds transferred to the State School Fund pursuant to subdivision (a), the Controller shall each year allocate to each school district and community college district an equal amount per enrollment in school districts from the amount in that portion of the State School Fund restricted for elementary and high school purposes and an equal amount per enrollment in community college districts from that portion of the State School Fund restricted for community college purposes.

(d) All revenues allocated pursuant to subdivision (a) shall be expended solely for the purposes of instructional improvement and accountability as required by law.

(e) Any school district maintaining an elementary or secondary school shall develop and cause to be prepared an annual audit accounting for such funds and shall adopt a School Accountability Report Card for each school. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Taxation of Redevelopment Projects*]

SEC. 16. All property in a redevelopment project established under the Community Redevelopment Law as now existing or hereafter amended, except publicly owned property not subject to taxation by reason of that ownership, shall be taxed in proportion to its value as provided in Section 1 of this article, and those taxes (the word "taxes" as used herein includes, but is not limited to, all levies on an ad valorem basis upon land or real property) shall be levied and collected as other taxes are levied and collected by the respective taxing agencies.

The Legislature may provide that any redevelopment plan may contain a provision that the taxes, if any, so levied upon the taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of those taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of that property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to, and when collected shall be paid into, the funds of the respective taxing agencies as taxes by or for those taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which that territory has been annexed or otherwise included after the ordinance's effective date, the assessment roll of the county last equalized on the effective date of that ordinance shall be used in determining the assessed valuation of the taxable property in the project on that effective date); and

(b) Except as provided in subdivision (c), that portion of the levied taxes each year in excess of that amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed or otherwise)

incurred by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in the project as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and interest thereon, have been paid, then all moneys thereafter received from taxes upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes identified in subdivision (b) which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to, and when collected shall be paid into, the fund of that taxing agency. This paragraph shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

The Legislature may also provide that in any redevelopment plan or in the proceedings for the advance of moneys, or making of loans, or the incurring of any indebtedness (whether funded, refunded, assumed, or otherwise) by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project, the portion of taxes identified in subdivision (b), exclusive of that portion identified in subdivision (c), may be irrevocably pledged for the payment of the principal of and interest on those loans, advances, or indebtedness.

It is intended by this section to empower any redevelopment agency, city, county, or city and county under any law authorized by this section to exercise the provisions hereof separately or in combination with powers granted by the same or any other law relative to redevelopment agencies. This section shall not affect any other law or laws relating to the same or a similar subject but is intended to authorize an alternative method of procedure governing the subject to which it refers.

The Legislature shall enact those laws as may be necessary to enforce the provisions of this section. [*As amended November 8, 1988.*]

[*State's Credit—Investment of Public Pension or Retirement Funds*]

SEC. 17. The State shall not in any manner loan its credit, nor shall it subscribe to, or be interested in the stock of any company, association, or corporation, except that the State and each political subdivision, district, municipality, and public agency thereof is hereby authorized to acquire and hold shares of the capital stock of any mutual water

company or corporation when the stock is so acquired or held for the purpose of furnishing a supply of water for public, municipal or governmental purposes; and the holding of the stock shall entitle the holder thereof to all of the rights, powers and privileges, and shall subject the holder to the obligations and liabilities conferred or imposed by law upon other holders of stock in the mutual water company or corporation in which the stock is so held.

Notwithstanding any other provisions of law or this Constitution to the contrary, the retirement board of a public pension or retirement system shall have plenary authority and fiduciary responsibility for investment of moneys and administration of the system, subject to all of the following:

(a) The retirement board of a public pension or retirement system shall have the sole and exclusive fiduciary responsibility over the assets of the public pension or retirement system. The retirement board shall also have sole and exclusive responsibility to administer the system in a manner that will assure prompt delivery of benefits and related services to the participants and their beneficiaries. The assets of a public pension or retirement system are trust funds and shall be held for the exclusive purposes of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system.

(b) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system. A retirement board's duty to its participants and their beneficiaries shall take precedence over any other duty.

(c) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(d) The members of the retirement board of a public pension or retirement system shall diversify the investments of the system so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly not prudent to do so.

(e) The retirement board of a public pension or retirement system, consistent with the exclusive fiduciary responsibilities vested in it, shall have the sole and exclusive power to provide for actuarial services in order to assure the competency of the assets of the public pension or retirement system.

(f) With regard to the retirement board of a public pension or retirement system which includes in its composition elected employee members, the number, terms, and method of selection or removal of members of the retirement board which were required by law or

otherwise in effect on July 1, 1991, shall not be changed, amended, or modified by the Legislature unless the change, amendment, or modification enacted by the Legislature is ratified by a majority vote of the electors of the jurisdiction in which the participants of the system are or were, prior to retirement, employed.

(g) The Legislature may by statute continue to prohibit certain investments by a retirement board where it is in the public interest to do so, and provided that the prohibition satisfies the standards of fiduciary care and loyalty required of a retirement board pursuant to this section.

(h) As used in this section, the term "retirement board" shall mean the board of administration, board of trustees, board of directors, or other governing body or board of a public employees' pension or retirement system; provided, however, that the term "retirement board" shall not be interpreted to mean or include a governing body or board created after July 1, 1991 which does not administer pension or retirement benefits, or the elected legislative body of a jurisdiction which employs participants in a public employees' pension or retirement system. Notwithstanding any provisions for debt limitation or majority protest as in this section provided, if, after the giving of such reasonable notice by publication and posting and the holding of such public hearing as the legislative body of any such chartered county, chartered city or chartered city and county shall have prescribed, such legislative body by no less than a four-fifths vote of all members thereof, finds and determines that the public convenience and necessity require such improvements or acquisitions, such debt limitation and majority protest provisions shall not apply.

Nothing contained in this section shall require the legislative body of any such city, county, or city and county to prepare or to cause to be prepared, hear, notice for hearing or report the hearing of any report as to any such proposed construction or acquisition or both. The Alcoholic Beverage Control Appeals Board shall consist of three members appointed by the Governor, subject to confirmation by a majority vote of all of the members elected to the Senate. Each member, at the time of his initial appointment, shall be a resident of a different county from the one in which either of the other members resides. The members of the board may be removed from office by the Governor, and the Legislature shall have the power, by a majority vote of all mem-

bers elected to each house, to remove any member from office for dereliction of duty or corruption or incompetency.

[*Appeals—Reviews—Reversals*]

When any person aggrieved thereby appeals from a decision of the department ordering any penalty assessment, issuing, denying, transferring, suspending or revoking any license for the manufacture, importation, or sale of alcoholic beverages, the board shall review the decision subject to such limitations as may be imposed by the Legislature. In such cases, the board shall not receive evidence in addition to that considered by the department. Review by the board of a decision of the department shall be limited to the questions whether the department has proceeded without or in excess of its jurisdiction, whether the department has proceeded in the manner required by law, whether the decision is supported by the findings, and whether the findings are supported by substantial evidence in the light of the whole record. In appeals where the board finds that there is relevant evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the department it may enter an order remanding the matter to the department for reconsideration in the light of such evidence. In all other appeals the board shall enter an order either affirming or reversing the decision of the department. When the order reverses the decision of the department, the board may direct the reconsideration of the matter in the light of its order and may direct the department to take such further action as is specially enjoined upon it by law, but the order shall not limit or control in any way the discretion vested by law in the department. Orders of the board shall be subject to judicial review upon petition of the director or any party aggrieved by such order.

[*Removal of Director or Board Members*]

A concurrent resolution for the removal of either the director or any member of the board may be introduced in the Legislature only if five Members of the Senate, or 10 Members of the Assembly, join as authors.

[*Licenses—Regulation—Fees*]

Until the Legislature shall otherwise provide, the privilege of keeping, buying, selling, serving, and otherwise disposing of alcoholic beverages in bona fide hotels, restaurants, cafes, cafeterias, railroad dining or club cars, passenger ships, and other public eating places, and in bona fide clubs after such clubs have been lawfully operated for not less than one year, and the privilege of keeping, buying, selling, serving, and otherwise disposing of beers on any premises open to the general public shall be licensed and regulated under the applicable provisions of the Alcoholic Beverage Control Act, insofar as the same are not inconsistent with the provisions hereof, and excepting that the license fee to be charged bona fide hotels, restaurants, cafes, cafeterias, railroad

dining or club cars, passenger ships, and other public eating places, and any bona fide clubs after such clubs have been lawfully operated for not less than one year, for the privilege of keeping, buying, selling, or otherwise disposing of alcoholic beverages, shall be the amounts prescribed as of the operative date hereof, subject to the power of the Legislature to change such fees.

The State Board of Equalization shall assess and collect such excise taxes as are or may be imposed by the Legislature on account of the manufacture, importation and sale of alcoholic beverages in this State.

The Legislature may authorize, subject to reasonable restrictions, the sale in retail stores of alcoholic beverages contained in the original packages, where such alcoholic beverages are not to be consumed on the premises where sold; and may provide for the issuance of all types of licenses necessary to carry on the activities referred to in the first paragraph of this section, including, but not limited to, licenses necessary for the manufacture, production, processing, importation, exportation, transportation, wholesaling, distribution, and sale of any and all kinds of alcoholic beverages.

The Legislature shall provide for apportioning the amounts collected for license fees or occupation taxes under the provisions hereof between the State and the cities, counties and cities and counties of the State, in such manner as the Legislature may deem proper.

All constitutional provisions and laws inconsistent with the provisions hereof are hereby repealed.

The provisions of this section shall be self-executing, but nothing herein shall prohibit the Legislature from enacting laws implementing and not inconsistent with such provisions.

This amendment shall become operative on January 1, 1957. [*As amended November 6, 1956.*]

MEASURES SUBMITTED TO VOTE OF ELECTORS

Special Statewide Election, November 2, 1993

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

SPECIAL ELECTION PROCLAMATION

I, PETE WILSON, Governor of the State of California, pursuant to Article II, Section 8(c) of the California Constitution, and Sections 2651 and 3525 of the Elections Code, do hereby proclaim and order that a statewide special election shall be held on the 2nd day of November, 1993, to submit the following qualified initiative and legislative constitutional amendments to the voters, including but not limited to:

558. Education. Parental Choice. Scholarships.
Initiative Constitutional Amendment

SCA 17 Low rent housing projects.
Res. Ch. 109, Statutes of 1992

SCA 32 Budget implementation bill: subject requirement.
Res. Ch. 114, Statutes of 1992

ACA 6 School facilities funds: bonds.
Res. Ch. 135, Statutes of 1992

ACA 41 Property taxation: transfer of base year value.
Res. Ch. 136, Statutes of 1992

In addition, the election will provide an opportunity for voters in each county to decide whether to increase the local sales tax to pay for local services if county officials place the sales tax measures on the ballot.

California requires a restructuring of the fiscal relationship between state and local governments.

For fifteen years, the state has supplemented local tax yields, through state subventions, while local officials controlled expenditure levels. As a result of the state government's continuing revenue loss and as a result of the requirement imposed on state government by the California Constitution to finance primary and secondary education as its priority responsibility, the state can no longer provide the same level of support to other critically needed state functions, and has been compelled to shift $2.6 billion in property tax from local governments to schools in the same county.

The people have the right and should have the opportunity to control their own destiny. It is vitally important to the future of California that the cost of local services be approved and funded by local taxpayers. Accountability to taxpayers requires that those officials who spend tax moneys also raise them or, as in this special statewide election, let the voters decide the level of their taxation.

Therefore, I urge local governments, if they so choose, to take advantage of the opportunity provided by this statewide special election to place local sales tax measures on the ballot.

Funds necessary to pay the claims of local agencies arising from the special statewide election shall be included in the State Budget for the 1994-95 fiscal year, or in an earlier enacted claims bill.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 7th day of June 1993.

Governor of California

(e) *(1)* Notwithstanding any other provision of this section, the Legislature shall provide that the ~~baseyear~~ *base year* value of property which is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property, within the same county, that is acquired or newly constructed as a replacement for the substantially damaged or destroyed property.

(2) Except as provided in paragraph (3), ~~This~~ *this* subdivision shall apply to any comparable replacement property acquired or newly constructed on or after July 1, 1985, and to the determination of ~~baseyear~~ *base year* values for the 1985–86 fiscal year and fiscal years thereafter.

(3) In addition to the transfer of base year value of property within the same county that is permitted by paragraph (1), the Legislature may authorize each county board of supervisors to adopt, after consultation with affected local agencies within the county, an ordinance allowing the transfer of the base year value of property that is located within another county in the State and is substantially damaged or destroyed by a disaster, as declared by the Governor, to comparable replacement property of equal or lesser value that is located within the adopting county and is acquired or newly constructed within three years of the substantial damage or destruction of the original property as a replacement for that property. [Rejected by electors November 2, 1993.]

PROPOSED AMENDMENT TO ARTICLE XXXIV, SECTION 1

Section 1. ~~No low rent housing project shall hereafter be developed, constructed, or acquired in any manner by any State public body until, a majority of the qualified electors of the city, town or county, as the case may be, in which it is proposed to develop, construct, or acquire the same, voting upon such issue, approve such project by voting in favor thereof at an election to be held for that purpose, or at any general or special election.~~ *(a) Before one or more state public bodies develop, construct, or acquire a low rent housing project, the state public body shall provide public notice pursuant to standards adopted by the Legislature governing notice for adoption of ordinances or other official actions of the proposed development, construction, or acquisition. If a low rent housing project is proposed to be located in a city, city and county, or the unincorporated territory of a county or areas thereof, the state public body providing notice shall specify in the public notice the unincorporated territory of the county, and any area of any city within the county, or of any city and county, it determines will incur a significant negative impact with regard to revenues of the city, city and county, or county, and with regard to the physical appearance of the surrounding community as a result of the proposed low rent housing project.

(b) An election on the proposed low rent housing project shall be held if a petition signed by electors of the city, city and county, or the unincorporated territory of the county or areas thereof specified in the public notice, equal in number to at least the percentage of signatures of registered voters required by statute to qualify a local referendum measure for the ballot within the city, city and county, or unincorporated territory of the county or areas thereof at the last gubernatorial election for all candidates for Governor, is submitted to the clerk of the legislative body of the city, county, or city and county within 30 days of the date of the first approval by the state public body of the development, construction, or acquisition of a low rent housing project. If a majority of the electors of the city, city and county, or unincorporated territory of the county or areas thereof voting on the issue reject the proposed development, construction, or acquisition of the low rent housing project, the state public body shall not proceed with the proposed assistance to the project. If an election is not held pursuant to this section, or if held, the proposed development, construction, or acquisition is not rejected, the state public body may proceed with the development, construction, or acquisition of the low rent housing project, and the development, construction, or acquisition of the project shall not be subject to further election.

(c) For the purposes of this ~~Article~~ *article* the term "low rent housing project" shall mean any development *consisting of 16 or more housing units in a rural area or 24 or more housing units in an urban area* composed of ~~urban or rural~~ dwellings, apartments, or other living accommodations for persons of low income, *which is owned by a state public body and receives an ad valorem property tax exemption not substantially reimbursed to all taxing agencies and which is either* financed *with loans or grants* in whole or in part by the ~~Federal Government or a State public body~~ *federal government* or to which the ~~Federal Government or a State public body~~ *federal government* extends assistance by supplying all or part of the labor, by guaranteeing the payment of liens, or otherwise. For the purposes of this ~~Article~~ *article* only there shall be excluded from the term "low rent housing project" any ~~such~~ project where there shall be in existence on the effective date hereof, a contract for financial assistance between any state public body and the ~~Federal Government~~ *federal government* in respect to ~~such~~ *that* project *and any project whose operation does not have a significant negative impact on the revenues of the city, county, or city and county in which it is located and whose physical appearance does not have a significant negative impact on the surrounding community.*

(d) For the purposes of this ~~Article~~ *article* only "persons of low income" shall mean persons or families who lack the amount of income which is necessary (as determined by the state public body developing, constructing, or acquiring the housing project) to enable them, without financial assistance, to live in decent, safe and sanitary dwellings, without overcrowding.

(e) For the purposes of this ~~Article~~ *article* the term "state public body" shall mean this State, or any city, city and county, county, district, authority, agency, or any other subdivision or public body of this State.

(f) For the purposes of this ~~Article~~ *article* the term "~~Federal Government~~ *federal government*" shall mean the United States of America, or any agency or instrumentality, corporate or otherwise, of the United States of America.

PROPOSED AMENDMENT TO ARTICLE IV, SECTION 9

SEC. 9. ~~A~~ *(a) Except as provided in subdivision (b), a* statute shall embrace but one subject, which shall be expressed in its title. If a statute embraces a subject not expressed in its title, only the part not expressed is void.

(b) One statute enacted during each calendar year of the biennium of the legislative session may embrace more than one subject if the statute makes changes in law that are directly related to the implementation of the appropriations in the Budget Act enacted that year, that fact is expressed in its title, and

If the statute makes a change in law that is not directly related to the implementation of one or more appropriations in the Budget Act, that change is void. The Governor, while approving other portions of the bill that enacts the statute, may eliminate one or more changes in law. INITIATIVE CONSTITUTIONAL AMENDMENT

174. **Education. Vouchers.**

[Submitted by the initiative and rejected by electors November 2, 1993.]

PROPOSED LAW

THE PARENTAL CHOICE IN EDUCATION INITIATIVE

The following section, the "Parental Choice in Education Amendment," is hereby added to Article IX of the California Constitution:

Section 17. Purpose. The people of California, desiring to improve the quality of education available to all children, adopt this section to: (1) enable parents to determine which schools best meet their children's needs; (2) empower parents to send their children to such schools; (3) establish academic accountability based on national standards; (4) reduce bureaucracy so that more educational dollars reach the classroom; (5) provide greater opportunities for teachers; and (6) mobilize the private sector to help accommodate our burgeoning school-age population.

Therefore: All parents are hereby empowered to choose any school, public or private, for the education of their children, as provided in this section.

(a) Empowerment of Parents; Granting of Scholarships. The State shall annually provide a scholarship to every resident school-age child. Scholarships may be redeemed by the child's parent at any scholarship-redeeming school.

(1) The scholarship value for each child shall be at least fifty percent (50%) of the average amount of State and local government spending per public school student for education in kindergarten and grades one through twelve during the preceding fiscal year, calculated on a statewide basis, including every cost to the State, school districts, and county offices of education of maintaining kindergarten and elementary and secondary education, but excluding expenditures on scholarships granted pursuant to this section and excluding any unfunded pension liability associated with the public school system.

(2) Scholarship value shall be equal for every child in any given grade. In case of student transfer, the scholarship shall be prorated. The Legislature may award supplemental funds for reasonable transportation needs for low-income children and special needs attributable to physical impairment or learning disability. Nothing in this section shall prevent the use in any school of supplemental assistance from any source, public or private.

(3) If the scholarship amount exceeds the charges imposed by a scholarship-redeeming school for any year in which the student is in attendance, the surplus shall become a credit held in trust by the State for the student for later application toward charges at any scholarship-redeeming school or any institution of higher education in California, public or private, which meets the requirements imposed on scholarship-redeeming schools in paragraphs (1) and (3) of subdivision (b) of this section. Any surplus remaining on the student's twenty-sixth birthday shall revert to the state treasury.

(4) Scholarships provided hereunder are grants of aid to children through their parents and not to the schools in which the children are enrolled. Such scholarships shall not constitute taxable income. The parent shall be free to choose any scholarship-redeeming school, and such selection shall not constitute a decision or act of the State or any of its subdivisions. No other provision of this Constitution shall prevent the implementation of this section.

(5) Children enrolled in private schools on October 1, 1991, shall receive scholarships, if otherwise eligible, beginning with the 1995–96 fiscal year. All other children shall receive scholarships beginning with the 1993–94 fiscal year.

(6) The State Board of Education may require each public school and each scholarship-redeeming school to choose and administer tests reflecting national standards for the purpose of measuring individual academic improvement. Such tests shall be designed and scored by independent parties. Each school's composite results for each grade level shall be released to the public. Individual results shall be released only to the school and the child's parent.

(7) Governing boards of school districts shall establish a mechanism consistent with federal law to allocate enrollment capacity based primarily on parental choice. Any public school which chooses not to redeem scholarships shall, after district enrollment assignments based primarily on parental choice are complete, open its remaining enrollment capacity to children regardless of residence. For fiscal purposes, children shall be deemed residents of the school district in which they are enrolled.

(8) No child shall receive any scholarship under this section or any credit under paragraph (3) of this subdivision for any fiscal year in which the child enrolls in a non-scholarship-redeeming school, unless the Legislature provides otherwise.

(b) Empowerment of Schools; Redemption of Scholarships. A private school may become a scholarship-redeeming school by filing with the State Board of

Education a statement indicating satisfaction of the legal requirements which applied to private schools on October 1, 1991, and the requirements of this section.

(1) No school which discriminates on the basis of race, ethnicity, color, or national origin may redeem scholarships.

(2) To the extent permitted by this Constitution and the Constitution of the United States, the State shall prevent from redeeming scholarships any school which advocates unlawful behavior; teaches hatred of any person or group on the basis of race, ethnicity, color, national origin, religion, or gender; or deliberately provides false or misleading information respecting the school.

(3) No school with fewer than 25 students may redeem scholarships, unless the Legislature provides otherwise.

(4) Private schools, regardless of size, shall be accorded maximum flexibility to educate their students and shall be free from unnecessary, burdensome, or onerous regulation. No regulation of private schools, scholarship- redeeming or not, beyond that required by this section and that which applied to private schools on October 1, 1991, shall be issued or enacted, unless approved by a three-fourths vote of the Legislature or, alternatively, as to any regulation pertaining to health, safety, or land use imposed by any county, city, district, or other subdivision of the State, a two-thirds vote of the governmental body issuing or enacting the regulation and a majority vote of qualified electors within the affected jurisdiction. In any legal proceeding challenging such a regulation as inconsistent with this section, the governmental body issuing or enacting it shall have the burden of establishing that the regulation: (A) is essential to assure the health, safety, or education of students, or, as to any land use regulation, that the governmental body has a compelling interest in issuing or enacting it; (B) does not unduly burden or impede private schools or the parents of students therein; and (C) will not harass, injure, or suppress private schools.

(5) Notwithstanding paragraph (4) of this subdivision, the Legislature may (A) enact civil and criminal penalties for schools and persons who engage in fraudulent conduct in connection with the solicitation of students or the redemption of scholarships, and (B) restrict or prohibit individuals convicted of (i) any felony, (ii) any offense involving lewd or lascivious conduct, or (iii) any offense involving molestation or other abuse of a child, from owning, contracting with, or being employed by any school, public or private.

(6) Any school, public or private, may establish a code of conduct and discipline and enforce it with sanctions, including dismissal. A student who is deriving no substantial academic benefit or is responsible for serious or habitual misconduct related to the school may be dismissed.

(7) After the parent designates the enrolling school, the State shall disburse the student's scholarship funds, excepting funds held in trust pursuant to paragraph (3) of subdivision (a) of this section, in equal amounts monthly, directly to the school for credit to the parent's account. Monthly disbursals shall occur within 30 days of receipt of the school's statement of current enrollment.

(8) Expenditures for scholarships issued under this section and savings resulting from the implementation of this section shall count toward the minimum funding requirements for education established by Sections 8 and 8.5 of Article XVI. Students enrolled in scholarship- redeeming schools shall not be counted toward enrollment in public schools and community colleges for purposes of Sections 8 and 8.5 of Article XVI.

(c) Empowerment of Teachers; Conversion of Schools. Within one year after the people adopt this section, the Legislature shall establish an expeditious

process by which public schools may become independent scholarship-redeeming schools. Such schools shall be common schools under this article, and Section 6 of this article shall not limit their formation.

(1) Except as otherwise required by this Constitution and the Constitution of the United States, such schools shall operate under laws and regulations no more restrictive than those applicable to private schools under subdivision (b) of this section.

(2) Employees of such schools shall be permitted to continue and transfer their pension and health care programs on the same terms as other similarly situated participants employed by their school district so long as they remain in the employ of any such school.

(d) Definitions.

(1) "Charges" include tuition and fees for books, supplies, and other educational costs.

(2) A "child" is an individual eligible to attend kindergarten or grades one through twelve in the public school system.

(3) A "parent" is any person having legal or effective custody of a child.

(4) "Qualified electors" are persons registered to vote, whether or not they vote in any particular election. The alternative requirement in paragraph (4) of subdivision (b) of this section of approval by a majority vote of qualified electors within the affected jurisdiction shall be imposed only to the extent permitted by this Constitution and the Constitution of the United States.

(5) The Legislature may establish reasonable standards for determining the "residency" of children.

(6) "Savings resulting from the implementation of this section" in each fiscal year shall be the total amount disbursed for scholarships during that fiscal year subtracted from the product of (A) the average enrollment in scholarship-redeeming schools during that fiscal year multiplied by (B) the average amount of State and local government spending per public school student for education in kindergarten and grades one through twelve, calculated on a statewide basis, during that fiscal year.

(7) A "scholarship-redeeming school" is any school, public or private, located within California, which meets the requirements of this section. No school shall be compelled to become a scholarship-redeeming school. No school which meets the requirements of this section shall be prevented from becoming a scholarship-redeeming school.

(8) "State and local government spending" in paragraph (1) of subdivision (a) of this section includes, but is not limited to, spending funded from all revenue sources, including the General Fund, federal funds, local property taxes, lottery funds, and local miscellaneous income such as developer fees, but excluding bond proceeds and charitable donations. Notwithstanding the inclusion of federal funds in the calculation of "State and local government spending," federal funds shall constitute no part of any scholarship provided under this section.

(9) A "student" is a child attending school.

(e) Implementation. The Legislature shall implement this section through legislation consistent with the purposes and provisions of this section.

(f) Limitation of actions. Any action or proceeding contesting the validity of (1) this section, (2) any provision of this section, or (3) the adoption of this section, shall be commenced within six months from the date of the election at which this section is approved; otherwise this section and all of its provisions

shall be held valid, legal, and uncontestable. However, this limitation shall not of itself preclude an action or proceeding to challenge the application of this section or any of its provisions to a particular person or circumstance.

(g) Severability. If any provision of this section or the application thereof to any person or circumstance is held invalid, the remaining provisions or applications shall remain in force. To this end the provisions of this section are severable.

BOND ACT SUBMITTED BY LEGISLATURE

173. **California Housing and Jobs Investment Bond Act. $185 Million Legislative Bond Act.** (Statutes 1993, Chapter 116, AB 215)

[Rejected by electors November 2, 1993.]

PROPOSED LAW

SEC. 3. Part 6.1 (commencing with Section 52534) is added to Division 31 of the Health and Safety Code, to read:

PART 6.1. CALIFORNIA HOUSING AND JOBS INVESTMENT BOND ACT

52534. This part shall be known and may be cited as the California Housing and Jobs Investment Bond Act.

52534.1. The Legislature finds and declares all of the following:

(a) The First-Time Home Buyers Bond Act of 1982 authorized two hundred million dollars ($200,000,000) in bonds for a program that became unworkable. There remains one hundred eighty-five million dollars ($185,000,000) in authorized but unissued bonds under the First-Time Home Buyers Bond Act of 1982.

(b) Pursuant to Section 1 of Article XVI of the California Constitution, the Legislature may reduce the amount of indebtedness authorized under a bond act approved by the voters to an amount not less than the amount issued under the bond act at the time of the reduction.

(c) It is desirable to reduce the authorized indebtedness under the First-Time Home Buyers Bond Act of 1982 to an amount equal to the amount of the bonds that have been issued under that act and seek the voters' approval of the expenditure of the unused portion of that amount, which will then be used to improve the availability of mortgage financing for residential housing for persons and families of low and moderate income as provided in Part 4 (commencing with Section 51600).

52534.2. As used in this part, the following terms have the following meanings:

(a) "Board" means the board of directors of the California Housing Finance Agency. The board shall be the "board" as that term is used in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code).

(b) "Committee" means the Housing Loan Insurance Bond Committee, which is hereby created, consisting of the Director of Finance, the Treasurer, the executive director of the agency, and the Controller. The Treasurer shall serve as chairperson of the committee. The committee shall be the "committee" as that term is used in the State General Obligation Bond Law.

(c) "Fund" means the California Housing Loan Insurance Fund as authorized by Section 51623.

52534.3. The proceeds of bonds issued and sold pursuant to this part shall be deposited in the fund. Notwithstanding Section 13340 of the Government Code, all amounts in the fund are continuously appropriated for the purpose of mortgage guaranty insurance for low and moderate income first-time home buyers, as specified in Part 4 (commencing with Section 51600), and the expenses of sale of the bonds.

52534.4. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) is hereby adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this part, and the provisions of that law are included in this part as though set out in full in this part. Section 16727 of the Government Code shall not apply to proceeds of bonds issued pursuant to this part.

52534.5. The committee is hereby authorized and empowered to create a debt or debts and a liability or liabilities of the State of California, in the aggregate amount of one hundred eighty-five million dollars ($185,000,000), not including the amount of any refunding bonds, or so much thereof as necessary, for carrying out the purposes specified in Section 52534.3, and shall be deposited in the fund. The proceeds of the bonds may also be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

52534.6. Notwithstanding Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, the committee may, whenever it deems it necessary to effectuate this part or to conduct an effective sale, authorize the Treasurer to sell any issue of bonds under either, or both, of the following conditions:

(a) With interest payments to be made less frequently than semiannually, and an initial interest payment later than one year after the date of the bonds, if the interest payment date is not later than the maturity date of the bonds and is fixed to coincide, as nearly as the fund may deem it to be practicable, with the dates and amounts of the estimated revenues estimated to accrue to the fund pursuant to this part.

(b) At less than the par value thereof if necessary to an effective sale, but the discount pursuant to this subdivision shall not exceed 6 percent of the par value thereof.

52534.7. The committee, upon the request of the board, shall determine whether or not it is necessary or desirable to issue any bonds authorized under this part, and if so, the amount of bonds then to be issued and sold. The committee may authorize the Treasurer to sell all or any part of the bonds herein authorized at a time or times fixed by the Treasurer. The bonds may be sold with interest subject to federal income taxation.

52534.8. (a) All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereon.

(b) There shall be collected annually in the same manner and at the same time as other state revenue is collected, a sum, in addition to the ordinary revenues of the state, that shall be required to pay the principal and interest on the bonds as

herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which shall be necessary to collect any additional sum.

52534.9. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this part, the sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this part, as the principal and interest become due and payable.

52534.10. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

52534.11. Bonds issued and sold pursuant to this part may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code.

52534.12. Notwithstanding any provision of this part or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this part the interest on which is intended to be excluded from gross income for federal tax purposes, the Treasurer shall be authorized to maintain separate accounts for the investment of bond proceeds and the investment earnings on these proceeds, and the Treasurer shall be authorized to use or direct the use of these proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

52534.13. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this part. The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this part. The board shall execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund for use in accordance with this part.

52534.14. The board shall determine annually whether the moneys earned from the use of the fund exceed the required program costs and reserves so that they should be transferred to the General Fund to repay the cost, which includes principal and interest, of the bonds issued pursuant to this part. In making this determination, the board of directors shall consider the capital and surplus reserve requirements, earnings, future business needs, regulatory costs, financial conditions, and any other factors appropriate to the prudent management of the programs prescribed pursuant to this part, and the board of directors shall use actuarially sound methods and generally accepted accounting principles.

52534.15. The Legislature may, from time to time, amend the provisions of law relating to programs to which funds are, or have been, allocated pursuant to Section 52534.5 for the purpose of improving the efficiency and effectiveness of the program. The Legislature may also, from time to time, amend the provisions of law relating to the programs to which funds are, or have been, allocated pursuant to Section 52534.5 for the purpose of furthering the goals of the program.

STATUTES OF CALIFORNIA

1993–94

REGULAR SESSION

1993 CHAPTERS

CHAPTER 1

An act to amend Section 11383 of the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 6, 1993. Filed with Secretary of State February 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11383 of the Health and Safety Code is amended to read:

11383. (a) Any person who possesses both methylamine and phenyl-2-propanone (phenylacetone) at the same time with the intent to manufacture methamphetamine, or who possesses both ethylamine and phenyl-2-propanone (phenylacetone) at the same time with the intent to manufacture Nethylamphetamine, is guilty of a felony and shall be punished by imprisonment in the state prison for two, four, or six years.

(b) Any person who possesses at the same time any of the following combinations, or a combination product thereof, with intent to manufacture phencyclidine (PCP) or any of its analogs specified in paragraph (22) of subdivision (d) of Section 11054 or paragraph (3) of subdivision (e) of Section 11055 is guilty of a felony and shall be punished by imprisonment in the state prison for two, four, or six years:

(1) Piperidine and cyclohexanone.

(2) Pyrrolidine and cyclohexanone.

(3) Morpholine and cyclohexanone.

(c) Any person who, with intent to manufacture methamphetamine or any of its analogs specified in subdivision (d) of Section 11055, possesses ephedrine or pseudoephedrine, or any salts, isomers, or salts of isomers of ephedrine or pseudoephedrine, or who possesses a substance containing ephedrine or pseudoephedrine, or any salts, isomers, or salts of isomers of ephedrine or pseudoephedrine, or who possesses at the same time any of the following, or a combination product thereof, is guilty of a felony and shall be punished by imprisonment in the state prison for two, four, or six years:

(1) Ephedrine, pseudoephedrine, norpseudoephedrine, N-methylephedrine, N-ethylephedrine, N-methylpseudoephedrine, N-ethylpseudoephedrine, or phenylpropanolamine, plus hydriodic acid.

(2) Ephedrine, pseudoephedrine, norpseudoephedrine, N-methylephedrine, N-ethylephedrine, N-methylpseudoephedrine, N-ethylpseudoephedrine, or phenylpropanolamine, thionyl chloride and hydrogen gas.

(3) Ephedrine, pseudoephedrine, norpseudoephedrine,

N-methylephedrine, N-ethylephedrine, N-methylpseudoephedrine, N-ethylpseudoephedrine, or phenylpropanolamine, plus phosphorus pentachloride and hydrogen gas.

(4) Ephedrine, pseudoephedrine, norpseudoephedrine, N-methylephedrine, N-ethylephedrine, N-methylpseudoephedrine, N-ethylpseudoephedrine, chloroephedrine and chloropseudoephedrine, or phenylpropanolamine, plus any "reducing" agent.

(d) For purposes of this section, "reducing" means a chemical reaction in which hydrogen combines with another substance or in which oxygen is removed from a substance.

(e) For purposes of this section, possession of the optical, positional, or geometric isomer of any of the compounds listed in this section shall be deemed to be possession of the derivative substance.

(f) For purposes of this section, possession of immediate precursors sufficient for the manufacture of methylamine, ethylamine, phenyl-2-propanone, piperidine, cyclohexanone, pyrrolidine, morpholine, ephedrine, pseudoephedrine, norpseudophedrine, N-methylephedrine, N-ethylephedrine, phenylpropanolamine, hydriodic acid, thionyl chloride, or phosphorus pentachloride shall be deemed to be possession of such a derivative substance. Additionally, possession of any compound or mixture containing piperidine, cyclohexanone, pyrrolidine, or morpholine ephedrine, pseudoephedrine, norpseudoephedrine, N-methylephedrine, N-ethylephedrine, phenylpropanolamine, hydriodic acid, thionyl chloride, or phosphorus pentachloride shall be deemed to be possession of the substance.

(g) Subdivisions (a), (b), (c), (e), and (f) do not apply to drug manufacturers licensed by this state or person authorized by regulation of the Board of Pharmacy to possess those substances or combinations of substances.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To enable law enforcement to more effectively restrict the manufacture of methamphetamine in this state as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 2

An act to amend Sections 26826, 26826.1, 77003, 77200, and 77205.3 of the Government Code, relating to the courts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1993. Filed with Secretary of State March 2, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 26826 of the Government Code is amended to read:

26826. (a) The total fee for filing the first paper in the action on behalf of any defendant, intervenor, respondent, or adverse party, whether separately or jointly, except for the purpose of making disclaimer shall be one hundred eighty-two dollars ($182).

(b) As used in this section the term "paper" does not include any of the following:

(1) A stipulation for the appointment of a temporary judge or of a court investigator, or the report made by the court investigator.

(2) The declaration of a spouse filed in an order to show cause proceeding.

(3) A marital settlement agreement which is signed by a defaulted respondent and intended for incorporation in a proposed decree of dissolution of marriage.

(4) A stipulation regarding the date of termination of the marital status when the court has retained jurisdiction over that date.

(5) A document relating to a stipulated postjudgment modification of child support.

(6) A stipulation to modify a marital settlement agreement which was signed by a defaulted respondent and incorporated in a decree of dissolution if the stipulation is presented by the petitioner.

SEC. 1.5. Section 26826.1 of the Government Code is amended to read:

26826.1. In addition to the total filing fee authorized pursuant to Section 26820.4, 26826, or 26827 or any other fee authorized by this code, after giving notice and holding a public hearing on the proposal, the Board of Supervisors of Riverside County may impose a surcharge not to exceed fifty dollars ($50) for the filing in superior court of (a) a complaint, petition, or other first paper in a civil or probate action or special proceeding, (b) a first paper on behalf of any defendant, respondent, intervenor, or adverse party, (c) a motion for change of venue from another court, (d) a petition for sole custody of a minor, (e) a first paper on behalf of any party in a proceeding under Section 98.2 of the Labor Code, or (f) any motion, order to show cause, or other proceeding seeking to modify or enforce any judgment or order. The surcharge shall be in an amount

determined to be necessary by the board of supervisors to cover the costs of the seismic stabilization, construction, and rehabilitation of the Riverside County Courthouse, and the Indio Branch Courthouse, and collection thereof shall terminate upon repayment of the amortized costs incurred.

SEC. 2. Section 77003 of the Government Code is amended to read:

77003. As used in this chapter, "court operations" means the county share of superior and municipal court judges' salaries, benefits, and public agency retirement contributions, and the salary, benefits, and public agency retirement contributions for justice court judges, subordinate judicial officers, other court staff including all municipal court staff positions specifically prescribed by statute, those deputy marshals, constables, and sheriffs as the court deems necessary for court operations, court-appointed counsel in juvenile court dependency proceedings, counsel appointed by the court to represent a minor pursuant to Chapter 10 (commencing with Section 3150) of Part 2 of Division 8 of the Family Code, services and supplies relating to court operations, collective bargaining under the Meyers-Milias-Brown Act with respect to court employees specified in Section 3501.5, and actual indirect costs, not to exceed 18 percent of the block grant, and other state trial court funding payments to counties for county general services attributable to court operations, but specifically excluding, but not limited to, law library operations conducted by a trust pursuant to statute; courthouse construction; district attorney services; probation services; indigent criminal defense; grand jury expenses and operations; and pretrial release services. However, in a county with a population of 350,000 or less as determined by the Department of Finance, to the extent that the block grant for a given fiscal year exceeds the 1987–88 funding level for the trial courts in that county, as adjusted by the current consumer price index, "court operations" includes probation services, indigent criminal defense, and pretrial release services. The salaries, benefits, and public agency retirement contributions to be used in computing "court operations" are those salaries, benefits, and public agency retirement contributions in existence on June 30, 1991, and any reclassification made thereafter primarily for purposes of granting a salary increase shall not be applicable for purposes of this section.

SEC. 3. Section 77200 of the Government Code is amended to read:

77200. (a) Beginning with the 1992–93 fiscal year, it is the intent of the Legislature to increase trial court funding by an amount sufficient to fund 55 percent of the annual costs for court operations. It is the intent of the Legislature that this funding shall increase to 60 percent for the 1993–94 fiscal year, to 65 percent for the 1994–95 fiscal year, and to 70 percent for the 1995–96 fiscal year.

(b) In any year in which the amounts provided pursuant to this section are reduced, a county may reduce total expenditures for

court operations by an amount up to, but not exceeding the total dollar amount of, the reduction to the county in state block grant funding.

(c) (1) Quarterly payments shall be transmitted by the Controller on or before the 25th day of that quarter, except that the quarterly apportionment shall be withheld from any county that is delinquent in making the full transfer of funds pursuant to Section 1463.001 of the Penal Code.

(2) Upon receipt of any delinquent payment, the Controller shall make the quarterly apportionment on or before the 25th day of the month following the month in which the delinquent payment was received from the county. The Controller shall calculate a penalty on any delinquent payment and that amount shall be deducted from the next quarterly apportionment. The penalty shall be calculated by multiplying the amount of the delinquent payment by the Pooled Money Investment Account rate at the end of the prior fiscal year.

(3) Before making any apportionments under this section, the Controller shall deduct, from the annual appropriation for that purpose, the estimated actual administrative costs that will be incurred under this section.

(4) Penalty amounts withheld under paragraph (2), up to the amount of administrative costs deducted from the annual appropriation pursuant to paragraph (3), shall be allocated to the counties in the same proportion as their annual allocations. The remainder of any such penalty amounts shall be deposited in the General Fund.

(d) (1) It is the intent of the Legislature that the state's share of funding for trial court operations shall be provided in block grants to the counties in the 1992–93 fiscal year only, and that thereafter it shall be included in the Budget Act as part of the judicial branch budget. Each option county shall receive, in the first six months of the 1992–93 fiscal year only, a portion of the amount appropriated in the Budget Act for trial court operations as indicated in paragraph (2) of this subdivision. The remainder of the amount appropriated in the Budget Act for trial court operations shall be allocated pursuant to paragraph (3).

The Judicial Council shall submit to the Controller a report on the annual expenditures on or before December 1 following each fiscal year. The Controller shall deduct the amount in excess of 100 percent from the subsequent quarterly apportionment.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 3

An act to amend Section 2034 of the Code of Civil Procedure, relating to discovery, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 25, 1993. Filed with Secretary of State March 26, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) After the setting of the initial trial date for the action, any party may obtain discovery by demanding that all parties simultaneously exchange information concerning each other's expert trial witnesses to the following extent:

(1) Any party may demand a mutual and simultaneous exchange by all parties of a list containing the name and address of any natural person, including one who is a party, whose oral or deposition testimony in the form of an expert opinion any party expects to offer in evidence at the trial.

(2) If any expert designated by a party under paragraph (1) is a party or an employee of a party, or has been retained by a party for the purpose of forming and expressing an opinion in anticipation of the litigation or in preparation for the trial of the action, the designation of that witness shall include or be accompanied by an expert witness declaration under paragraph (2) of subdivision (f).

(3) Any party may also include a demand for the mutual and simultaneous production for inspection and copying of all discoverable reports and writings, if any, made by any expert described in paragraph (2) in the course of preparing that expert's opinion.

This section does not apply to exchanges of lists of experts and valuation data in eminent domain proceedings under Chapter 7 (commencing with Section 1258.010) of Title 7 of Part 3.

(b) Any party may make a demand for an exchange of information concerning expert trial witnesses without leave of court. A party shall make this demand no later than the 10th day after the initial trial date has been set, or 70 days before that trial date, whichever is closer to the trial date.

(c) A demand for an exchange of information concerning expert trial witnesses shall be in writing and shall identify, below the title of the case, the party making the demand. The demand shall state that it is being made under this section.

The demand shall specify the date for the exchange of lists of expert trial witnesses, expert witness declarations, and any demanded production of writings. The specified date of exchange shall be 50 days before the initial trial date, or 20 days after service

of the demand, whichever is closer to the trial date, unless the court, on motion and a showing of good cause, orders an earlier or later date of exchange.

(d) The party demanding an exchange of information concerning expert trial witnesses shall serve the demand on all parties who have appeared in the action.

(e) A party who has been served with a demand to exchange information concerning expert trial witnesses may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. The protective order may include, but is not limited to, one or more of the following directions:

(1) That the demand be quashed because it was not timely served.

(2) That the date of exchange be earlier or later than that specified in the demand.

(3) That the exchange be made only on specified terms and conditions.

(4) That the production and exchange of any reports and writings of experts be made at a different place or at a different time than specified in the demand.

(5) That some or all of the parties be divided into sides on the basis of their identity of interest in the issues in the action, and that the designation of any experts as described in paragraph (2) of subdivision (a) be made by any side so created.

(6) That a party or a side reduce the list of employed or retained experts designated by that party or side under paragraph (2) of subdivision (a).

If the motion for a protective order is denied in whole or in part, the court may order that the parties against whom the motion is brought, provide or permit the discovery against which the protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) All parties who have appeared in the action shall exchange information concerning expert witnesses in writing on or before the date of exchange specified in the demand. The exchange of information may occur at a meeting of the attorneys for the parties involved or by a mailing on or before the date of exchange.

(1) The exchange of expert witness information shall include either of the following:

(A) A list setting forth the name and address of any person whose expert opinion that party expects to offer in evidence at the trial.

(B) A statement that the party does not presently intend to offer the testimony of any expert witness.

(2) If any witness on the list is an expert as described in paragraph (2) of subdivision (a), the exchange shall also include or be accompanied by an expert witness declaration signed only by the attorney for the party designating the expert, or by that party if that party has no attorney. This declaration shall be under penalty of perjury and shall contain:

(A) A brief narrative statement of the qualifications of each expert.

(B) A brief narrative statement of the general substance of the testimony that the expert is expected to give.

(C) A representation that the expert has agreed to testify at the trial.

(D) A representation that the expert will be sufficiently familiar with the pending action to submit to a meaningful oral deposition concerning the specific testimony, including any opinion and its basis, that the expert is expected to give at trial.

(E) A statement of the expert's hourly and daily fee for providing deposition testimony.

(g) If a demand for an exchange of information concerning expert trial witnesses includes a demand for production of reports and writings as described in paragraph (3) of subdivision (a), all parties shall produce and exchange, at the place and on the date specified in the demand, all discoverable reports and writings, if any, made by any designated expert described in paragraph (2) of subdivision (a).

(h) Within 20 days after the exchange described in subdivision (f), any party who engaged in the exchange may submit a supplemental expert witness list containing the name and address of any experts who will express an opinion on a subject to be covered by an expert designated by an adverse party to the exchange, if the party supplementing an expert witness list has not previously retained an expert to testify on that subject. This supplemental list shall be accompanied by an expert witness declaration under paragraph (2) of subdivision (f) concerning those additional experts, and by all discoverable reports and writings, if any, made by those additional experts. The party shall also make those experts available immediately for a deposition under subdivision (i), which deposition may be taken even though the time limit for discovery under Section 2024 has expired.

(i) On receipt of an expert witness list from a party, any other party may take the deposition of any person on the list. The procedures for taking oral and written depositions set forth in Sections 2025, 2026, 2027, and 2028 apply to a deposition of a listed trial expert witness except as follows:

(1) The deposition of any expert described in paragraph (2) of subdivision (a) shall be taken at a place that is within 75 miles of the courthouse where the action is pending. However, on motion for a protective order by the party designating an expert witness, and on

a showing of exceptional hardship, the court may order that the deposition be taken at a more distant place from the courthouse.

(2) A party desiring to depose any expert witness, other than a party or employee of a party, who is either (A) an expert described in paragraph (2) of subdivision (a) except one who is a party or an employee of a party, (B) a treating physician and surgeon or other treating health care practitioner who is to be asked to express an opinion during the deposition, or (C) an architect, professional engineer, or licensed land surveyor, who was involved with the original project design or survey for which he or she is asked to express an opinion within his or her expertise and relevant to the action or proceeding, shall pay the expert's reasonable and customary hourly or daily fee for any time spent at the deposition from the time noticed in the deposition subpoena or from the time of the arrival of the expert witness should that time be later than the time noticed in the deposition subpoena, until the time the expert witness is dismissed from the deposition, whether or not the expert is actually deposed by any party attending the deposition. If any counsel representing the expert or a nonnoticing party is late to the deposition, the expert's reasonable and customary hourly or daily fee for the time period determined from the time noticed in the deposition subpoena until the counsel's late arrival, shall be paid by that tardy counsel. However, the hourly or daily fee shall not exceed the fee charged the party who retained the expert except where the expert donated his or her services to a charitable or other nonprofit organization. In a worker's compensation case arising under Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code, a party desiring to depose any expert on another party's expert witness list shall pay this fee.

The party taking the deposition shall either accompany the service of the deposition notice with a tender of the expert's fee based on the anticipated length of the deposition or tender that fee at the commencement of the deposition. The expert's fee shall be delivered to the attorney for the party designating the expert. If the deposition of the expert takes longer than anticipated, the party giving notice of the deposition shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the deposition and for traveling to the place of the deposition, as well as for any travel expenses of the expert.

(3) The service of a proper deposition notice accompanied by the tender of the expert witness fee described in paragraph (2) is effective to require the party employing or retaining the expert to produce the expert for the deposition. If the party noticing the deposition fails to tender the expert's fee under paragraph (2), the expert shall not be deposed at that time unless the parties stipulate otherwise.

(4) If a party desiring to take the deposition of an expert witness under this subdivision deems that the hourly or daily fee of that

expert for providing deposition testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing deposition testimony if it determines that the fee demanded by that expert is unreasonable.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to set the expert witness fee, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) Except as provided in subdivisions (k), (*l*), and (m), on objection of any party who has made a complete and timely compliance with subdivision (f), the trial court shall exclude from evidence the expert opinion of any witness that is offered by any party who has unreasonably failed to do any of the following:

(1) List that witness as an expert under subdivision (f).

(2) Submit an expert witness declaration.

(3) Produce reports and writings of expert witnesses under subdivision (g).

(4) Make that expert available for a deposition under subdivision (i).

(k) On motion of any party who has engaged in a timely exchange of expert witness information, the court may grant leave to (1) augment that party's expert witness list and declaration by adding the name and address of any expert witness whom that party has subsequently retained, or (2) amend that party's expert witness declaration with respect to the general substance of the testimony that an expert previously designated is expected to give. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The demand, and all expert witness lists and declarations exchanged in response to it, shall be lodged with the court when their contents become relevant to an issue in any pending matter in the action. The court shall grant leave to augment or amend an expert witness list or declaration only after taking into account the extent to which the opposing party has relied on the list of expert witnesses, and after determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party either (1) would not in the exercise of reasonable diligence have determined to call

that expert witness or have decided to offer the different or additional testimony of that expert witness, or (2) failed to determine to call that expert witness, or to offer the different or additional testimony of that expert witness as a result of mistake, inadvertence, surprise, or excusable neglect, provided that the moving party (1) has sought leave to augment or amend promptly after deciding to call the expert witness or to offer the different or additional testimony, and (2) has promptly thereafter served a copy of the proposed expert witness information concerning the expert or the testimony described in subdivision (f) on all other parties who have appeared in the action. Leave shall be conditioned on the moving party making the expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to augment or amend expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(*l*) On motion of any party who has failed to submit expert witness information on the date specified in a demand for that exchange, the court may grant leave to submit that information on a later date. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall grant leave to submit tardy expert witness information only after taking into account the extent to which the opposing party has relied on the absence of a list of expert witnesses, and determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party (1) failed to submit that information as the result of mistake, inadvertence, surprise, or excusable neglect, (2) sought that leave promptly after learning of the mistake, inadvertence, surprise, or excusable neglect, and (3) has promptly thereafter served a copy of the proposed expert witness information described in subdivision (f) on all other parties who have appeared in the action. This order shall be conditioned on the moving party making that expert available immediately for a deposition under subdivision (i), and on such other terms as may be

just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to submit tardy expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(m) A party may call as a witness at trial an expert not previously designated by that party if: (1) that expert has been designated by another party and has thereafter been deposed under subdivision (i), or (2) that expert is called as a witness to impeach the testimony of an expert witness offered by any other party at the trial. This impeachment may include testimony to the falsity or nonexistence of any fact used as the foundation for any opinion by any other party's expert witness, but may not include testimony that contradicts the opinion.

(n) The demand for an exchange of information concerning expert trial witnesses, and any expert witness lists and declarations exchanged shall not be filed with the court. The party demanding the exchange shall retain both the original of the demand, with the original proof of service affixed, and the original of all expert witness lists and declarations exchanged in response to the demand until six months after final disposition of the action. At that time, all originals may be destroyed unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide needed clarification of the law regarding the deposing of expert witnesses at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 4

An act to amend Sections 139.2, 3202.5, 4620, 4621, 4622, 4625, and 5705 of, to add Section 5307.6 to, and to repeal Sections 4623 and 4624 of, the Labor Code, relating to workers' compensation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1993. Filed with Secretary of State April 3, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 139.2 of the Labor Code is amended to read:

139.2. (a) The Industrial Medical Council shall appoint qualified medical evaluators in each of the respective specialties as required for the evaluation of medical issues. The appointments shall be for four-year terms.

(b) The council shall appoint as qualified medical evaluators every physician, as defined in Section 3209.3, who is licensed to practice in this state and who meets both of the following requirements:

(1) Devotes at least 20 percent of total practice time to providing medical treatment, or has served as an agreed medical evaluator on eight or more occasions in the 12 months prior to applying to be a qualified medical evaluator.

(2) Meets one of the following requirements:

(A) Is board certified, or qualified for board certification, within a time period specified by the council, in his or her specialty by an appropriate board recognized by the council or, if a chiropractor, is certified in disability evaluation by an appropriate California professional chiropractic association or accredited California college recognized by the council, or, if a psychologist, meets one of the following requirements:

(i) Is board certified in clinical psychology by a board recognized by the council.

(ii) Holds a doctoral degree in psychology from a university or professional school recognized by the council and has not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders.

(iii) Has not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders, and has served as an agreed medical evaluator on eight or more occasions prior to January 1, 1990.

(B) Served as an agreed medical evaluator on eight or more occasions prior to January 1, 1970.

(c) The council shall promulgate standards for appointment of physicians who are retired or who hold teaching positions who are exceptionally well qualified to serve as a qualified medical evaluator even though they do not otherwise qualify under paragraph (1) of

subdivision (b). In no event shall a physician whose full-time practice is limited to the forensic evaluation of disability be appointed as a qualified medical evaluator under this subdivision.

(d) The evaluator, upon request, shall be reappointed if he or she meets the qualifications for appointment and meets all of the following criteria:

(1) Has completed formal medical evaluations within a reasonable time after assignment.

(2) Has not had more than 30 percent of his or her evaluations of unrepresented employees which were considered by a workers' compensation judge at a contested hearing rejected by the judge during the most recent four-year period during which the physician served as a qualified medical evaluator. If the judge does not rely on the qualified medical evaluator, the judge shall make a specific finding to that effect, and shall give notice to the evaluator.

(3) Has completed within the previous 24 months at least eight hours of continuing education in disability evaluation approved by the Industrial Medical Council.

(4) Has not been terminated under subdivision (e) or terminated or suspended under subdivision (k) during his or her most recent term as a qualified medical evaluator.

If the evaluator does not meet any of these criteria, the Industrial Medical Council may in its discretion reappoint or deny reappointment according to regulations promulgated by the council. In no event may a physician who has been terminated under subdivision (e) be reappointed.

(e) Except as provided in subdivision (k), the evaluator shall not be terminated during his or her term of office unless his or her licensing authority has suspended, revoked, or terminated his or her license to practice in California.

(f) The Industrial Medical Council shall furnish a physician, upon request, a written statement of its reasons for termination of or for denying appointment or reappointment as a qualified medical evaluator. Upon receipt of a specific response to the statement of reasons, the Industrial Medical Council shall review its decision not to appoint or reappoint the physician or to terminate the physician and shall notify the physician of its final decision within 60 days after receipt of the physician's response.

(g) The council shall establish agreements with qualified medical evaluators to assure the expeditious evaluation of cases assigned to them for formal medical evaluations.

(h) The medical director appointed pursuant to Section 122, shall assign three-member panels of qualified medical evaluators within five working days after receiving a request for a panel pursuant to Section 4061. If a panel is not assigned within 15 working days, the employee shall have the right to obtain a formal medical evaluation from any qualified medical evaluator of his or her choice. The medical director shall use a random selection method for assigning panels of qualified medical evaluators. The medical director shall

select evaluators who are specialists of the type selected by the employee. The medical director shall advise the employee that he or she should consult with his or her treating physician prior to deciding which type of specialist to request. The Industrial Medical Council shall promulgate a form which shall notify the employee of the physicians selected for his or her panel. The form shall include, for each physician on the panel, the physician's name, address, telephone number, specialty, number of years in practice, and a brief description of his or her education and training, and shall advise the employee that he or she is entitled to receive transportation expenses and temporary disability for each day necessary for the examination. The form shall also state in a clear and conspicuous location and type: "You have the right to consult with an attorney prior to selecting the doctor to prepare your evaluation. If your claim eventually goes to court, the judge will consider the evaluation prepared by the doctor you select to decide your claim." When compiling the list of evaluators from which to select randomly, the medical director shall include all qualified medical evaluators of the appropriate specialty type as recognized by an appropriate, recognized board within the general geographic area of the employee's residence, and shall have no authority to exclude qualified medical evaluators based on any other criteria. When the medical director determines that an employee has requested an evaluation by a type of specialist which is appropriate for the employee's injury, but there are not enough qualified medical evaluators of that type within the general geographic area of the employee's residence to establish a three-member panel, the medical director shall include sufficient qualified medical evaluators from other geographic areas and the employer shall pay all necessary travel costs incurred in the event the employee selects an evaluator from another geographic area.

(i) The medical director appointed pursuant to Section 122, shall continuously review the quality of formal medical evaluations and reports prepared by agreed and qualified medical evaluators and the timeliness with which evaluation reports are prepared and submitted. The review shall include, but not be limited to, a review of a random sample of reports submitted to the division, and a review of all reports alleged to be inaccurate or incomplete by a party to a case for which the evaluation was prepared. The medical director shall submit to the administrative director an annual report summarizing the results of the continuous review of medical evaluations and reports prepared by agreed and qualified medical evaluators and make recommendations for the improvement of the system of medical evaluations and determinations.

(j) After public hearing pursuant to Section 5307.4, the council shall promulgate rules and regulations concerning the following medical issues:

(1) Standards governing the timeframes within which formal medical evaluations shall be prepared and submitted by agreed and

qualified medical evaluators. The timeframe for initial formal medical evaluations to be prepared and submitted shall be no more than 45 days after the evaluator has seen the employee or otherwise commenced the formal medical evaluation procedure. The council shall develop a written policy governing the provision of extensions of the 45-day period in cases where the evaluator has not received test results or consulting physician's evaluations in time to meet the 45-day deadline. The council shall develop timeframes governing availability of qualified medical evaluators for unrepresented employees under Section 4061. These timeframes shall give the employee the right to the addition of a new evaluator to his or her panel, selected at random, for each evaluator not available to see the employee within a specified period of time, but shall also permit the employee to waive this right for a specified period of time thereafter.

(2) Procedures to be followed by all physicians in evaluating the existence and extent of permanent impairment and limitations resulting from an injury. In order to produce complete, accurate, uniform, and replicable evaluations, the procedures shall require that an evaluation of anatomic loss, functional loss, and the presence of physical complaints be supported, to the extent feasible, by medical findings based on standardized examinations and testing techniques generally accepted by the medical community.

(3) Procedures governing the determination of disputed medical issues specified in Sections 4061 and 4062.

(4) Procedures to be used in determining the compensability of psychiatric injury. The procedures shall be in accordance with Section 3208.3 and shall require that the diagnosis of a mental disorder be expressed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(5) Guidelines for the range of time normally required to perform the following:

(A) A medical-legal evaluation that has not been defined and valued pursuant to Section 5307.6.

(B) Any treatment procedures that have not been defined and valued pursuant to Section 5307.1.

(C) Any other evaluation procedure requested by the administrative director, the Insurance Commissioner, or the council itself.

If, without good cause, the council fails to adopt the guidelines required by subparagraph (A) or (B) by March 31, 1993, or fails, without good cause, to adopt a guideline pursuant to subparagraph (C) within six months after a request by the administrative director or the Insurance Commissioner, then the administrative director shall have the authority to adopt the guideline.

(k) The Industrial Medical Council may, in its discretion, suspend

or terminate the privilege of a physician to serve as a qualified medical evaluator if the council, after hearing pursuant to subdivision (*l*), determines that a qualified medical evaluator:

(1) Has violated Section 139.3 or Section 4628.

(2) Has failed to follow the medical procedures established by the council pursuant to paragraph (2), (3), (4), or (5) of subdivision (j) in 10 or more formal medical evaluations during a 12-month period.

(3) Has failed to comply with the timeframe standards established by the council pursuant to subdivision (j) on 10 or more occasions during a 12-month period.

(4) Has failed to meet the requirements of subdivision (b) or (c).

(*l*) The council shall cite the qualified medical evaluator for a violation listed in subdivision (k) and shall set a hearing on the alleged violation within 30 days of service of the citation on the qualified medical evaluator. In addition to the authority to terminate or suspend the qualified medical evaluator upon finding a violation listed in subdivision (k), the council may, in its discretion, place a qualified medical evaluator on probation subject to appropriate conditions, including ordering continuing education or training. The council shall report to the appropriate licensing board the name of any qualified medical evaluator who is disciplined pursuant to this subdivision.

(m) Each qualified medical evaluator shall pay a fee, as determined by the Industrial Medical Council, for appointment or reappointment. Any qualified medical evaluator appointed prior to January 1, 1993, shall also pay the same fee as specified herein. These fees shall be based on a sliding scale as established by the council. All revenues from fees paid under this subdivision shall be deposited into the Industrial Medicine Fund, which is hereby created for the administration of the Industrial Medical Council. Moneys paid into the Industrial Medicine Fund for the activities of the Industrial Medical Council shall not be used by any other department or agency or for any purpose other than administration of the council. The funds provided to the council from the Industrial Medicine Fund shall not supplant any funds appropriated to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source. Any future annual appropriation to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source shall not be less than the amount appropriated or provided during the 1991–92 fiscal year.

SEC. 1.5. Section 3202.5 of the Labor Code is amended to read:

3202.5. Nothing contained in Section 3202 shall be construed as relieving a party or a lien claimant from meeting the evidentiary burden of proof by a preponderance of the evidence. "Preponderance of the evidence" means such evidence as, when weighed with that opposed to it, has more convincing force and the greater probability of truth. When weighing the evidence, the test is not the relative number of witnesses, but the relative convincing

force of the evidence.

SEC. 2. Section 4620 of the Labor Code is amended to read:

4620. (a) For purposes of this article, a medical-legal expense means any costs and expenses incurred by or on behalf of any party, the administrative director, the board, or a referee for X-rays, laboratory fees, other diagnostic tests, medical reports, medical records, medical testimony, and, as needed, interpreter's fees, for the purpose of proving or disproving a contested claim.

(b) A contested claim exists when the employer knows or reasonably should know that the employee is claiming entitlement to any benefit arising out of a claimed industrial injury and one of the following conditions exists:

(1) The employer rejects liability for a claimed benefit.

(2) The employer fails to accept liability for benefits after the expiration of a reasonable period of time within which to decide if it will contest the claim.

(3) The employer fails to respond to a demand for payment of benefits after the expiration of any time period fixed by statute for the payment of indemnity.

(c) Costs of medical evaluations, diagnostic tests, and interpreters incidental to the production of a medical report do not constitute medical-legal expenses unless the medical report is capable of proving or disproving a disputed medical fact, the determination of which is essential to an adjudication of the employee's claim for benefits. In determining whether a report meets the requirements of this subdivision, a judge shall give full consideration to the substance as well as the form of the report, as required by applicable statutes and regulations.

SEC. 3. Section 4621 of the Labor Code is amended to read:

4621. (a) In accordance with the rules of practice and procedure of the appeals board, the employee, or the dependents of a deceased employee, shall be reimbursed for his or her medical-legal expenses reasonably, actually, and necessarily incurred. The reasonableness of, and necessity for, incurring these expenses shall be determined with respect to the time when the expenses were actually incurred. Costs for medical evaluations, diagnostic tests, and interpreters' services incidental to the production of a medical report shall not be incurred earlier than the date of receipt by the employer, the employer's insurance carrier, or, if represented, the attorney of record, of all reports and documents required by the administrative director incidental to the services. This subdivision is not applicable unless there has been compliance with Section 4620.

(b) Where, at the request of the employer, the employer's insurance carrier, the administrative director, the appeals board, or a referee, the employee submits to examination by a physician, he or she shall be entitled to receive, in addition to all other benefits herein provided, all reasonable expenses of transportation, meals, and lodging incident to reporting for the examination to the same extent and manner as provided for in Section 4600.

SEC. 4. Section 4622 of the Labor Code is amended to read:

4622. All medical-legal expenses for which the employer is liable shall, upon receipt by the employer of all reports and documents required by the administrative director incident to the services, be paid to whom the funds and expenses are due, as follows:

(a) Except as provided in subdivision (b), within 60 days after receipt by the employer of each separate, written billing and report, and where payment is not made within this period, that portion of the billed sum then unreasonably unpaid shall be increased by 10 percent, together with interest thereon at the rate of 7 percent per annum retroactive to the date of receipt of the bill and report by the employer. Where the employer, within the 60-day period, contests the reasonableness and necessity for incurring the fees, services, and expenses, payment shall be made within 20 days of the filing of an order of the appeals board directing payment.

The penalty provided for in this subdivision shall not apply if (1) the employer pays the provider that portion of his or her charges which do not exceed the amount deemed reasonable pursuant to subdivision (c) of Section 4624 within 60 days of receipt of the report and itemized billing, and, (2) the appeals board sustains the employer's position in contesting the reasonableness or necessity for incurring the expenses. If the employer prevails before the appeals board, the referee shall order the physician to reimburse the employer for the amount of the paid charges found to be unreasonable.

(b) Where requested by the employee, or the dependents of a deceased employee, within 20 days from the filing of an order of the appeals board directing payment, and where payment is not made within that period, that portion of the billed sum then unpaid shall be increased by 10 percent, together with interest thereon at the rate of 7 percent per annum retroactive to the date of the filing of the order of the board directing payment.

(c) The employer shall notify, in writing, the provider of the services, the employee, or if represented, his or her attorney, if the employer contests the reasonableness or necessity of incurring these expenses, and shall indicate the reasons therefor.

The appeals board shall promulgate all necessary and reasonable rules and regulations to insure compliance with this section, and shall take such further steps as may be necessary to guarantee that the rules and regulations are enforced.

The provisions of Sections 5800 and 5814 shall not apply to this section.

(d) Nothing contained in this section shall be construed to create a rebuttable presumption of entitlement to payment of an expense upon receipt by the employer of the required reports and documents. This section is not applicable unless there has been compliance with Sections 4620 and 4621.

SEC. 5. Section 4623 of the Labor Code is repealed.

SEC. 6. Section 4624 of the Labor Code is repealed.

SEC. 7. Section 4625 of the Labor Code is amended to read:

4625. (a) Notwithstanding subdivision (d) of Section 4628, all charges for medical-legal expenses for which the employer is liable that are not in excess of those set forth in the official medical-legal fee schedule adopted pursuant to Section 5307.6 shall be paid promptly pursuant to Section 4622.

(b) If the employer contests the reasonableness of the charges it has paid, the employer may file a petition with the appeals board to obtain reimbursement of the charges from the physician that are considered to be unreasonable.

SEC. 8. Section 5307.6 is added to the Labor Code, to read:

5307.6. (a) The administrative director shall adopt and revise a fee schedule for medical-legal expenses as defined by Section 4620, which shall be prima facie evidence of the reasonableness of fees charged for medical-legal expenses, at the same time he or she adopts and revises the medical fee schedule pursuant to Section 5307.1.

The schedule shall consist of a series of procedure codes, relative values, and a conversion factor producing fees which provide remuneration to physicians performing medical-legal evaluations at a level equivalent to that provided to physicians for comparable work, and which additionally recognizes the relative complexity of various types of medical-legal evaluations, the amount of time spent by the physician in direct contact with the patient, and the need to prepare a written report.

(b) A provider shall not charge fees in excess of those set forth in the official medical-legal fee schedule unless the provider provides an itemization and explanation of the fee that shows that it is both a reasonable fee and that extraordinary circumstances justify a higher fee; provided, however, that in no event shall a provider charge in excess of his or her usual fee.

(c) In the event of a dispute between the provider and the employer or carrier concerning the fees charged, the provider may be allowed a reasonable fee for testimony if the provider testified pursuant to the employer's or carrier's subpoena and the judge or referee determines that the fee charged was reasonable and justified by extraordinary circumstances.

SEC. 9. Section 5705 of the Labor Code is amended to read:

5705. The burden of proof rests upon the party or lien claimant holding the affirmative of the issue. The following are affirmative defenses, and the burden of proof rests upon the employer to establish them:

(a) That an injured person claiming to be an employee was an independent contractor or otherwise excluded from the protection of this division where there is proof that the injured person was at the time of his or her injury actually performing service for the alleged employer.

(b) Intoxication of an employee causing his or her injury.

(c) Willful misconduct of an employee causing his or her injury.

(d) Aggravation of disability by unreasonable conduct of the

employee.

(e) Prejudice to the employer by failure of the employee to give notice, as required by Sections 5400 and 5401.

SEC. 10. The amendments made by Sections 2 to 4, inclusive, of this act are declaratory of existing law.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To change the standard for adjusting the medical-legal fee schedule to stop a likely increase in fees due to the operation of the current schedule from taking place this year, and to effectuate savings in medical-legal costs, it is necessary for this act to take effect immediately.

CHAPTER 5

The people of the State of California do enact as follows:

SECTION 1. Section 3423 of the Civil Code is amended to read:

3423. An injunction cannot be granted:

(a) To stay a judicial proceeding pending at the commencement of the action in which the injunction is demanded, unless this restraint is necessary to prevent a multiplicity of proceedings.

(b) To stay proceedings in a court of the United States.

(c) To stay proceedings in another state upon a judgment of a court of that state.

(d) To prevent the execution of a public statute, by officers of the law, for the public benefit.

(e) To prevent the breach of a contract, other than a contract in writing for the rendition or furnishing of personal services from one to another where the minimum compensation for the service is at the rate of six thousand dollars ($6,000) per annum to and including December 31, 1993, and after that date the rate shall be fifty thousand dollars ($50,000) per annum, and where the promised service is of a special, unique, unusual, extraordinary, or intellectual character, which gives it peculiar value the loss of which cannot be reasonably or adequately compensated in damages in an action at law, the performance of which would not be specifically enforced. However, an injunction may be granted to prevent the breach of a contract entered into between any nonprofit cooperative corporation or

association and a member or stockholder thereof in respect to any provision regarding the sale or delivery to the corporation or association of the products produced or acquired by the member or stockholder.

(f) To prevent the exercise of a public or private office, in a lawful manner, by the person in possession.

(g) To prevent a legislative act by a municipal corporation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to rescind the changes made by Chapter 177 of the Statutes of 1992 until January 1, 1994, it is necessary that this act take effect immediately.

CHAPTER 6

An act relating to workers' compensation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1993. Filed with Secretary of State April 3, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million twenty thousand dollars ($2,020,000) is hereby appropriated from the General Fund in augmentation of Item 8450-001-001 of the Budget Act of 1992 for payment of the additional compensation of subsequent injuries provided for by Sections 4750 to 4755, inclusive, of the Labor Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The funds appropriated in the Budget Act of 1992 for the Subsequent Injuries Fund will be exhausted by March 1993, leaving recipients of workers' compensation indemnity through this fund without compensation and causing a severe hardship on these claimants. It is therefore necessary that this act take effect immediately.

CHAPTER 7

An act to amend Sections 12300 of, and to amend and repeal Section 14132.95 of, the Welfare and Institutions Code, relating to social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1993. Filed with Secretary of State April 3, 1993.]

The people of the State of California do enact as follows:

inadequate care.

These providers shall be paid only for the following:

(1) Services related to domestic services.

(2) Personal care services.

(3) Accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites.

(b) The department shall seek federal approval of a state plan amendment necessary to include personal care as a medicaid service pursuant to subdivision (f) of Section 440.170 of Title 42 of the Code of Federal Regulations.

(c) Subdivision (a) shall not be implemented unless the department has obtained federal approval of the state plan amendment described in subdivision (b), and the Department of Finance has determined, and has informed the department in writing, that the implementation of this section will not result in additional costs to the state relative to state appropriation for in-home supportive services under Article 7 (commencing with Section 12300) of Chapter 3, in the 1992–93 fiscal year.

(d) (1) For purposes of this section, personal care services shall

mean all of the following:

(e) (1) (A) After consulting with the State Department of Social Services, the department shall adopt emergency regulations to establish the amount, scope, and duration of personal care services available to persons described in subdivision (a) in the fiscal year whenever the department determines that General Fund expenditures for personal care services provided under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3, are expected to exceed the General Fund appropriation and the federal appropriation under Title XX of the federal Social Security Act provided for the 1992–93 fiscal year pursuant to Article 7 (commencing with Section 12300) of Chapter 3, as it read on June 30, 1992, as adjusted for caseload growth or as increased in the Budget Act or appropriated by statute. At least 30 days prior to filing these regulations with the Secretary of State, the department shall give notice of the expected content of these regulations to the fiscal committees of both houses of the Legislature.

(B) In establishing the amount, scope, and duration of personal care services, the department shall ensure that General Fund expenditures for personal care services provided for under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3, do not exceed the General Fund appropriation and the federal appropriation under Title XX of the federal Social Security Act provided for the 1992–93 fiscal year pursuant to Article 7 (commencing with Section 12300) of Chapter 3, as it read on June 30, 1992, as adjusted for caseload growth or as increased in the Budget Act or appropriated by statute.

(2) In establishing the amount, scope, and duration of personal care services pursuant to this subdivision, the department may define and take into account, among other things:

(A) The extent to which the particular personal care services are essential or nonessential.

(B) Standards establishing the medical necessity of the services to be provided.

(C) Utilization controls.

(D) A minimum number of hours of personal care services that must first be assessed as needed as a condition of receiving personal care services pursuant to this section.

The level of personal care services shall be established so as to avoid, to the extent feasible within budgetary constraints, medical out-of-home placements.

(3) To the extent that General Fund expenditures for services provided under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3 in the 1992–93 fiscal year, adjusted for caseload growth, exceed General Fund expenditures for services provided under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3 in any fiscal year, the excess of these funds shall be expended for any purpose as directed in the Budget Act or as otherwise statutorily disbursed by the Legislature.

(f) Services pursuant to this section shall be rendered, under the administrative direction of the State Department of Social Services, in the manner authorized in Article 7 (commencing with Section 12300) of Chapter 3, for the In-Home Supportive Services program. A provider of personal care services shall be qualified to provide the service and shall be a person other than a member of the family. For purposes of this section, a family member means a parent of a minor child or a spouse.

(g) A beneficiary who is eligible for assistance under this section shall receive services that do not exceed 283 hours per month of personal care services.

(h) Personal care services shall not be provided to residents of facilities licensed by the department, and shall not be provided to residents of a community care facility or a residential care facility for the elderly licensed by the Community Care Licensing Division of

the State Department of Social Services.

(i) Subject to any limitations that may be imposed pursuant to subdivision (e), determination of need and authorization for services shall be performed in accordance with Article 7 (commencing with Section 12300) of Chapter 3.

The faculty member of the board appointed by the Governor pursuant to this subdivision shall not participate on any subcommittee of the board responsible for collective bargaining negotiations.

The term of office of the faculty member of the board shall commence on July 1 and expire on June 30 two years thereafter.

SEC. 1.5. Section 66606 of the Education Code is amended to read:

66606. The Trustees of the California State University shall succeed to the powers, duties, and functions with respect to the management, administration, and control of the state colleges heretofore vested in the State Board of Education or in the Director of Education, including all powers, duties, obligations, and functions specified in Article 2 (commencing with Section 90010) of Chapter 8 of Part 55, and all obligations assumed by the State Board of Education pursuant to that article prior to July 1, 1961.

On and after July 1, 1961, the Trustees of the California State University shall have full power and responsibility in the construction and development of any state university campus, and any buildings or other facilities or improvements connected with the California State University. The powers shall be exercised by the Trustees of the California State University notwithstanding Chapter 10 (commencing with Section 14950) of Part 5.5 of Division 3 of Title 2 of the Government Code and Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except that the powers shall be carried out pursuant to Chapter 2.5 (commencing with Section 10700) of Part 2 of Division 2 of the Public Contract Code known as the California State University Contract Law.

The Trustees of the California State University may accept gifts of land, or gifts of options on land, may accept and expend gifts of money for the purchase of land or options on land, and may enter into negotiations and contracts for the purchase of land for a future state university site in the vicinity of any of the areas specified in the recommendations contained in the Master Plan for Higher Education printed on page 42, paragraph 5, Senate Journal (Regular Session) for February 1, 1960, except that the gifts, expenditures, negotiations, and contracts shall not obligate the expenditure of any state funds for the purchase of the land or for development on the land, unless the Legislature subsequently approves the obligation by appropriating the funds for that specific purpose.

Any acceptance, acceptance and expenditure, or negotiations and contract may be conditioned upon an automatic reversion back to the donor or automatic termination of the negotiations and contract if a new state university is not established at a specific site prior to

a specific date designated by the trustees and the donor or the trustees and the person or corporation with whom the trustees are negotiating or contracting.

SEC. 2. Section 66901 of the Education Code is amended to read:

66901. There is hereby created the California Postsecondary Education Commission, which shall be advisory to the Governor, the Legislature, other appropriate governmental officials, and institutions of postsecondary education. The commission shall be composed of the following members:

(a) One representative of the Regents of the University of California designated by the regents, one representative of the Trustees of the California State University designated by the trustees, and one representative of the Board of Governors of the California Community Colleges designated by the board. Representatives of the regents, the trustees, and the board of governors shall be chosen from among the appointed members of their respective boards, but in no instance shall an ex officio member of a governing board serve on the commission.

(b) One representative of the independent California colleges and universities that are formed and operated as nonprofit corporations in this state and are accredited by a regional association that is recognized by the United States Department of Education. This member shall be appointed by the Governor from a list or lists submitted by an association or associations of those institutions.

(c) The chair or the designee of the chair of the Council for Private Postsecondary and Vocational Education.

(d) The President of the State Board of Education or his or her designee from among the other members of the board.

(e) Nine representatives of the general public appointed as follows: three by the Governor, three by the Senate Rules Committee, and three by the Speaker of the Assembly. It is the intent of the Legislature that the commission be broadly and equitably representative of the general public in the appointment of its public members and that the appointing authorities, therefore, shall confer to assure that their combined appointments include adequate representation on the basis of sex and on the basis of the significant racial, ethnic, and economic groups in the state.

(f) Two student representatives, each of whom shall be enrolled at a California postsecondary education institution at the time of appointment and during the term of service, except that a student member who graduates from an institution with no more than six months of his or her term remaining shall be permitted to serve for the remainder of the term. The Governor shall appoint the student members from persons nominated by the appropriate student organizations of each of the postsecondary education segments. For each student member of the commission, the appropriate student organization may submit a list of nominees. The list shall specify not less than three and not more than five nominees. The appropriate student organization for each segment shall be a composite group of

at least five representative student government associations, as determined by the commission.

(g) The student member appointed to the commission shall not be enrolled in the same segment as the outgoing student member or in the same segment of the other sitting student member.

(h) No person who is employed by any institution of public or private postsecondary education shall be appointed to or serve on the commission, except that a person who is not a permanent, full-time employee and who has part-time teaching duties that do not exceed six hours per week may be appointed to and serve on the commission.

The commission members designated in subdivisions (a), (c), and (d) shall serve at the pleasure of their respective appointing authorities. The member designated in subdivision (b) shall serve a three-year term. The members designated in subdivision (e) shall each serve a six-year term. The members designated in subdivision (f) shall each serve a two-year term. The respective appointing authority may appoint an alternate for each member who may, during the member's absence, serve on the commission and vote on matters before the commission. When vacancies occur prior to expiration of terms, the respective appointing authority may appoint a member for the remainder of the term.

Any person appointed pursuant to this section may be reappointed to serve additional terms.

All terms subsequent to the initial appointments, which became effective on January 10, 1974, shall begin on January 1 of the year in which the respective terms are to start.

Any person appointed pursuant to this section who no longer has the position that made him or her eligible for appointment may nonetheless complete his or her term of office on the commission.

No person appointed pursuant to this section shall, with respect to any matter before the commission, vote for or on behalf of, or in any way exercise the vote of, any other member of the commission.

The commission shall meet as often as it deems necessary to carry out its duties and responsibilities.

Any member of the commission who in any calendar year misses more than one-third of the meetings of the full commission forfeits his or her office, thereby creating a vacancy.

The commission shall select a chair from among the members representing the general public. The chair shall hold office for a term of one year and may be selected to successive terms.

There is established an advisory committee to the commission and the director, consisting of the chief executive officers of each of the public segments, or their designees, the Superintendent of Public Instruction or his or her designee, and an executive officer from each of the groups of institutions designated in subdivisions (b) and (c) to be designated by the respective commission representative from these groups. Commission meeting agenda items and associated documents shall be provided to the committee in a timely manner

for its consideration and comments.

The commission may appoint any subcommittees or advisory committees it deems necessary to advise the commission on matters of educational policy. The advisory committees may consist of commission members or nonmembers, or both, including students, faculty members, segmental representatives, governmental representatives, and representatives of the public.

The commission shall appoint and may remove a director in the manner hereafter specified. The director shall appoint persons to any staff positions the commission may authorize.

The commission shall prescribe rules for the transaction of its own affairs, subject, however, to all the following requirements and limitations:

(1) The votes of all representatives shall be recorded.

(2) Effective action shall require the affirmative vote of a majority of all the duly appointed members of the commission, not including vacant commission seats.

(3) The affirmative votes of two-thirds of all the duly appointed members of the commission, not including vacant commission seats, shall be necessary to the appointment of the director.

SEC. 3. Section 66904 of the Education Code is amended to read:

66904. It is the intent of the Legislature that sites for new institutions or branches of the University of California and the California State University, and the classes of off-campus centers as the commission shall determine, shall not be authorized or acquired unless recommended by the commission.

It is further the intent of the Legislature that California community colleges shall not receive state funds for acquisition of sites or construction of new institutions, branches, or off-campus centers unless recommended by the commission. Acquisition or construction of nonstate-funded community college institutions, branches, and off-campus centers, and proposals for acquisition or construction shall be reported to, and may be reviewed and commented upon by, the commission.

It is further the intent of the Legislature that existing or new institutions of public education, other than those described in subdivision (a) of Section 66010, shall not be authorized to offer instruction beyond the 14th grade level.

All proposals for new postsecondary educational programs shall be forwarded to the commission for review together with supporting materials and documents that the commission may specify. The commission shall review the proposals within a reasonable length of time, which time shall not exceed 60 days following submission of the program and the specified materials and documents. For the purposes of this section, "new postsecondary educational programs" means all proposals for new schools or colleges, all series of courses arranged in a scope or sequence leading to (1) a graduate or undergraduate degree, or (2) a certificate of a type defined by the commission, which have not appeared in a segment's or district's

academic plan within the previous two years, and all proposals for new research institutes or centers which have not appeared in a segment's or district's academic plan within the previous two years.

It is further the intent of the Legislature that the advice of the commission be utilized in reaching decisions on requests for funding new and continuing graduate and professional programs, enrollment levels, and capital outlay for existing and new campuses, colleges, and off-campus centers.

(1) Officials and employees of the college or university, if that person has a legitimate educational interest to inspect a record.

(2) Authorized representatives of the Comptroller General of the United States, the Secretary of Education, an administrative head of an education agency, state education officials, or their respective designees, or the United States Office for Civil Rights, if that information is necessary to audit or evaluate a state or federally supported education program or pursuant to a federal or state law, except that when the collection of personally identifiable information is specifically authorized by federal law, any data collected by those officials shall be protected in a manner that will not permit the personal identification of students or their parents by other than those officials, and any personally identifiable data shall be destroyed when no longer needed for that audit, evaluation, and enforcement of federal legal requirements.

(3) Other state and local officials or authorities to the extent that information is specifically required to be reported pursuant to state law adopted prior to November 19, 1974.

However, information permitting the personal identification of students may be disclosed only as may be necessary for those purposes in order to determine the eligibility of the student for financial aid, the amount of the financial aid, or the conditions that will be imposed regarding the

(8) Appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons, or subject to any regulations issued by the Secretary of Education.

No person, persons, agency, or organization permitted access to student records pursuant to this section shall permit access to any information obtained from those records by any other person, persons, agency, or organization without the written consent of the student. However, this paragraph shall not require prior student consent when information obtained pursuant to this section is shared with other persons within the educational institution, agency or organization obtaining access, as long as those persons have a legitimate educational interest in the information.

(b) The alleged victim of any sexual assault or physical abuse, including rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat or assault, or any conduct that threatens the health and safety of the alleged victim, which is the basis of any disciplinary action taken by a college or university, shall be permitted access to that information. For the purposes of this subdivision, access to student record information shall be in the form of notice of the results of any disciplinary action by the college or university and the results of any appeal, which shall be provided to the alleged victim within three days following that disciplinary action or appeal. The alleged victim shall keep the results of that disciplinary action and appeal confidential.

67380. (a) The governing board of each community college district, the Trustees of the California State University, the Board of Directors of the Hastings College of the Law, the Regents of the University of California, and the governing board of any postsecondary institution receiving public funds for student financial

assistance shall do all of the following:

(1) Require the appropriate officials at each campus within their respective jurisdictions to compile records of both of the following:

(A) All occurrences reported to campus police, campus security personnel, or campus safety authorities of, and arrests for, crimes that are committed on campus and that involve violence, hate violence, theft or destruction of property, illegal drugs, or alcohol intoxication.

(B) All occurrences of noncriminal acts of hate violence reported to, and for which a written report is prepared by, designated campus authorities.

(2) Require any written record of a noncriminal act of hate violence to include, but not be limited to, the following:

(A) A description of the act of hate violence.

(B) Victim characteristics.

(C) Offender characteristics, if known.

(3) Make the information concerning the crimes compiled pursuant to subparagraph (A) of paragraph (1) available within two business days following the request of any student or employee of, or applicant for admission to, any campus within their respective jurisdictions, or to the media, unless the information is the type of information exempt from disclosure pursuant to subdivision (f) of Section 6254 of the Government Code, in which case the information is not required to be disclosed. Notwithstanding paragraph (2) of subdivision (f) of Section 6254 of the Government Code, the name of a victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, or 422.75 of the Penal Code shall not be disclosed without the permission of the victim, or the victim's parent or guardian if the victim is a minor.

(4) Require the appropriate officials at each campus within their respective jurisdictions to prepare, prominently post, and copy for distribution on request a campus safety plan that sets forth all of the following: the availability and location of security personnel, methods for summoning assistance of security personnel, any special safeguards that have been established for particular facilities or activities, any actions taken in the preceding 18 months to increase safety, and any changes in safety precautions expected to be made during the next 24 months. For the purposes of this section, posting and distribution may be accomplished by including relevant safety information in a student handbook or brochure that is made generally available to students.

(5) Require the appropriate officials at each campus within their respective jurisdictions to report information compiled pursuant to paragraph (1) relating to hate violence to the governing board,

trustees, board of directors, or regents, as the case may be. The governing board, trustees, board of directors, or regents, as the case may be, shall, upon collection of that information from all of the campuses within their jurisdiction, transmit a report containing a compilation of that information to the California Postsecondary Education Commission no later than January 1 of each year, commencing January 1, 1993. The commission shall submit a report to the Legislature and the Governor on July 1, 1993, and every two years thereafter, on the type and number of incidents of hate violence occurring in institutions of public higher education in California. It is the intent of the Legislature that the governing board of each community college district, the Trustees of the California State University, the Board of Directors of the Hastings College of the Law, the Regents of the University of California, and the governing board of any postsecondary institution receiving public funds for student financial assistance establish guidelines for identifying and reporting occurrences of hate violence. It is the intent of the Legislature that the guidelines established by these institutions of higher education be as consistent with each other as possible. These guidelines shall be developed in consultation with the California Postsecondary Education Commission, the Department of Fair Employment and Housing, and the California Association of Human Rights Organizations. The report shall include, but not be limited to, the following:

(A) A comparison of incidents occurring in the year being reported to previous years for which there is hate violence data.

(B) To the extent possible, a comparison of incidents of hate violence occurring at community colleges, the California State University, the Hastings College of the Law, the University of California, and postsecondary institutions receiving funds for student financial assistance with incidents occurring at colleges and universities in other states and private universities in California.

(C) Findings and recommendations to the Legislature on the means of addressing hate violence at community colleges, the California State University, the Hastings College of the Law, the University of California, and postsecondary institutions receiving public funds for student financial assistance.

(b) Any person who is refused information required to be made available pursuant to subparagraph (A) of paragraph (1) of subdivision (a) may maintain a civil action for damages against any institution that refuses to provide the information, and the court shall award that person an amount not to exceed one thousand dollars ($1,000) if the court finds that the institution refused to provide the information.

(c) For purposes of this section, "hate violence" means any act of physical intimidation or physical harassment, physical force or physical violence, or the threat of physical force or physical violence, that is directed against any person or group of persons, or the property of any person or group of persons because of the ethnicity,

race, national origin, religion, sex, sexual orientation, disability, or political or religious beliefs of that person or group.

(d) This section does not apply to the governing board of any private postsecondary institution receiving funds for student financial assistance with a full-time enrollment of less than 1,000 students.

(e) This section shall apply to a campus of one of the public postsecondary educational systems identified in subdivision (a) only if that campus has a full-time equivalent enrollment of more than 1,000 students.

(f) Notwithstanding any other provision of this section, this section shall not apply to the California Community Colleges unless and until the Legislature makes funds available to the California Community Colleges for the purposes of this section.

SEC. 11. Section 67381 of the Education Code is repealed.

SEC. 12. Section 67382 of the Education Code is repealed.

SEC. 13. The heading of Chapter 15.6 (commencing with Section 67385) of Part 40 of the Education Code is repealed.

SEC. 14. Section 68052 of the Education Code is amended to read:

68052. (a) It is the intent of the Legislature that California's public institutions of higher education shall establish nonresident student tuition policies that are consistent with their resident student fee policies. Nonresident student tuition shall be determined by each of the public postsecondary segments through the adoption of a methodology that annually establishes the nonresident student tuition rate. It is further the intent of the Legislature that, while the public institutions are to be provided flexibility in establishing their nonresident tuition, under no circumstances shall the level of nonresident tuition plus required fees fall below the marginal cost of instruction for that segment.

(b) The following state policies regarding nonresident student tuition are hereby established:

(1) Unless otherwise prescribed by statute, an admission fee and rate of tuition fixed by each public postsecondary governing board shall be required of each nonresident student. Each public postsecondary education governing body shall develop its own methodology for establishing the nonresident tuition level and its annual adjustment level of nonresident student tuition, unless otherwise prescribed by statute.

(2) As California's public postsecondary education segments annually adjust the level of nonresident tuition they charge out-of-state students, the nonresident tuition methodologies they develop and use should take into consideration, at minimum, the following two factors:

(A) For the University of California and the California State University, the total nonresident charges imposed by each of their public comparison institutions, as identified by the California Postsecondary Education Commission.

(B) The full average cost of instruction of their segment.

(3) It is the intent of the Legislature that under no circumstances shall an institution's level of nonresident tuition plus required student fees fall below the marginal cost of instruction for that segment.

(4) The University of California, the California State University, the Hastings College of the Law, and the California Maritime Academy should endeavor to ensure that increases in the level of nonresident tuition are gradual, moderate, and predictable by providing nonresident students with a minimum of a 10-month notice of tuition increases.

(c) No provision of this section shall be applicable to the California Community Colleges.

(d) In the event that state revenues and expenditures are substantially imbalanced due to factors unforeseen by the Governor and the Legislature, including, but not limited to, initiative measures, natural disasters, or sudden deviations from expected economic trends, the nonresident student tuition at the University of California, the California State University, the Hastings College of the Law, and the California Maritime Academy, shall not be subject to this section.

SEC. 34. Chapter 2 (commencing with Section 76300) is added to Part 47 of the Education Code, to read:

CHAPTER 2. FEES

Article 1. Enrollment Fees and Financial Aid

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) The fee prescribed by this section shall be ten dollars ($10) per unit per semester.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivisions (g) and (h) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84711.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be defrayed pursuant to Section 72252.1 for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(h) The fee requirements of this section shall be defrayed pursuant to Section 72252.1 for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) Student financial aid funds appropriated for the purpose of assisting students to pay the fee required by this section may be awarded without regard to the requirements of Chapter 2 (commencing with Section 69500) of Part 42.

(j) The board of governors shall adopt regulations implementing this section.

(k) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1995, deletes or extends that date.

76310. (a) It is the intent of the Legislature to provide adequate funding for the purpose of providing financial aid funds directly to low-income students who cannot pay the fees specified in subdivision (b) of Section 76300, and for the purpose of defraying fees pursuant to subdivisions (g) and (h) of Section 76300.

(b) It is the intent of the Legislature that all funds provided pursuant to subdivision (a) be allocated to community college districts. In prescribing the manner of allocation, the board shall endeavor to ensure that students with similar characteristics are treated similarly with respect to the provision of financial aid pursuant to this section, regardless of the community college they attend.

In allocating funds pursuant to this section, the board shall consider the number of students eligible for assistance in the prior academic year and other factors that may have bearing on the amount of these funds required by each community college district.

The board may allocate up to 7 percent of the total amount of funds provided pursuant to subdivision (a) to community college districts for delivery of student financial aid services required as a result of this section. Funds so allocated to a district for delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1983–84 fiscal year, adjusted annually in

accordance with the cost-of-living adjustment to the general apportionments.

The board shall be provided adequate resources through the annual Budget Act to support state administration of this financial aid program.

(c) Financial aid shall be provided pursuant to this section only to those students required to pay the fee specified in subdivision (b) of Section 76300, and only in an amount equal to the fee actually charged the student pursuant to those sections. In addition, the chancellor shall pay districts the amount of fees defrayed pursuant to subdivisions (g) and (h) of Section 76300.

(d) Districts that receive an allocation of funds pursuant to this section shall administer and award the funds in accordance with regulations adopted by the board of governors.

(e) If the amount of funds provided pursuant to subdivision (a) exceeds the need for financial aid to students who cannot afford to pay the fee charged pursuant to subdivision (b) of Section 76300, the excess shall revert to the General Fund.

(f) If the amount needed for financial aid to students who cannot afford the fee charged pursuant to subdivision (b) of Section 76300 and to pay districts for the total amount of fees defrayed pursuant to subdivisions (g) and (h) of Section 76300 is greater than the amount of funds provided pursuant to subdivision (a), the chancellor shall certify to the Department of Finance the amount of the additional funds that are required. Upon receipt of this certification, the Director of Finance shall take any administrative action available to him or her to transfer the additional funds, pursuant to the Budget Act or as otherwise provided by the Legislature.

76320. The fee requirements of Section 76300 shall be defrayed pursuant to Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session for any student who, at the time of enrollment, is a child or dependent of a veteran, as specified in subdivision (a), (b), or (c) of Section 32320.

76330. (a) The governing board of each community college district shall charge a fee of fifty dollars ($50) per semester unit, or the quarter unit equivalent, to each student who previously has been awarded a baccalaureate or graduate degree from any public or private postsecondary educational institution.

(b) The governing board shall exempt from subdivision (a), and charge the fees specified in Section 72252 to, a student who is any of the following:

(1) A dislocated worker, as certified by a state agency in accordance with Subchapter III of the federal Job Training Partnership Act (29 U.S.C. Sec. 1651 et seq.).

(2) A displaced homemaker, as defined in accordance with the Higher Education Act of 1965, as amended (20 U.S.C. Sec. 1001 et seq.).

(3) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security

Income/State Supplementary Program, or a general assistance program.

(c) Nonresident students who pay nonresident tuition shall be exempt from subdivision (a).

(d) The governing board of a community college district may require each student who is eligible for an exemption from subdivision (a) to file a written oath or affirmation that he or she is eligible for the exemption at the time of enrollment.

(e) It is the intent of the Legislature that governing boards conduct selective audits of any oath or affirmation filed by students pursuant to subdivision (d).

(f) It is the further intent of the Legislature that students who have not previously been awarded a baccalaureate or graduate degree be given priority for enrollment.

(g) (1) This section shall be operative beginning with the first regular academic semester, quarter, or term commencing after January 1, 1993.

(2) Notwithstanding subdivision (c) of Section 84750, decreases in the 1992–93 fiscal year in credit full-time equivalent students (FTES) resulting from the implementation of this section shall not result in any reduction in revenue for the 1993–94 fiscal year. Decreases in FTES in the 1992–93 fiscal year shall result in a revenue reduction over the three-year period beginning with the 1994–95 fiscal year, except that community college districts shall be entitled to restore any reductions in apportionment revenue if there is a subsequent increase in FTES.

(3) The board of governors shall report to the Legislature on or before January 1, 1994, on the implementation and impact of this section.

(h) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

Article 2. Authorized Fees

76350. Except as provided in Section 3074.7 of the Labor Code, no charges or fees shall be required to be paid by a resident or nonresident apprentice, or by his or her parent or guardian, for admission or attendance in any course of activity that is offered pursuant to Section 3074 of the Labor Code in accordance with the instructional hours requirements specified in subdivision (d) of Section 3078 of the Labor Code.

76355. (a) The governing board of a district maintaining a community college may require community college students to pay a fee in the total amount of not more than ten dollars ($10) for each semester, seven dollars ($7) for summer school, or seven dollars ($7) for each quarter for health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, or both.

Commencing with the semester or quarter that begins after January 1, 1993, the governing board of each community college district may increase this fee by the same percentage increase as the Implicit Price Deflator for State and Local Government Purchase of Goods and Services. Whenever that calculation produces an increase of one dollar ($1) above the existing fee, the fee may be increased by one dollar ($1).

(b) If pursuant to this section a fee is required, the governing board of the district shall decide the amount of the fee, if any, that a part-time student is required to pay. The governing board may decide whether the fee shall be mandatory or optional.

(c) The governing board of a district maintaining a community college shall adopt rules and regulations that exempt the following students from any fee required pursuant to subdivision (a):

(1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.

(2) Students who are attending a community college under an approved apprenticeship training program.

(3) Low-income students, including those students receiving financial aid pursuant to Section 72252.1.

(d) All fees collected pursuant to this section shall be deposited in the fund of the district designated by the California Community Colleges Budget and Accounting Manual. These fees shall be expended only to provide health services as specified in regulations adopted by the board of governors.

Authorized expenditures shall not include, among other things, athletic trainers' salaries, athletic insurance, medical supplies for athletics, physical examinations for intercollegiate athletics, ambulance services and the salaries of health professionals for athletic events, any deductible portion of accident claims filed for athletic team members, or any other expense that is not available to all students. No student shall be denied a service supported by student health fees on account of participation in athletic programs.

(e) Any community college district that provided health services in the 1986–87 fiscal year shall maintain health services, at the level provided during the 1986–87 fiscal year, in the 1987–88 fiscal year, and each fiscal year thereafter. If the cost to maintain that level of service exceeds the limits specified in subdivision (a), the excess cost shall be borne by the district.

(f) A district that begins charging a health fee during the 1992–93 fiscal year, or any fiscal year thereafter, may use funds for startup costs from other district funds and recover all or part of those funds from health fees collected within the first five years following the commencement of charging the fee.

(g) The board of governors shall adopt regulations that generally describe the types of health services included in the health service program.

76360. (a) The governing board of a community college district

may require students in attendance and employees of the district to pay a fee, in an amount not to exceed forty dollars ($40) per semester and twenty dollars ($20) per intersession to be fixed by the board, for parking services.

To encourage ridesharing and carpooling, for a student who certifies, in accordance with procedures fixed by the board, that he or she regularly has two or more passengers commuting to the community college with him or her in the vehicle parked at the community college, the fee shall not exceed thirty dollars ($30) per semester and ten dollars ($10) per intersession.

The fee shall only be required of students and employees using parking services. Students who receive financial assistance pursuant to any of the programs described in subdivision (g) of Section 76300 shall be exempt from parking fees in excess of twenty dollars ($20) per semester.

(b) The governing board of a community college district may also require the payment of a fee, to be fixed by the governing board, for the use of parking services by persons other than students and employees.

(c) All parking fees collected shall be deposited in the designated fund of the district in accordance with the California Community Colleges Budget and Accounting Manual and shall be expended only for parking services or for purposes of reducing the costs to students and employees of the college of using public transportation to and from the college.

Fees collected for use of parking services provided for by investment of student body funds under the authority of Section 76064 shall be deposited in a designated fund in accordance with the California Community Colleges Budget and Accounting Manual for repayment to the student organization.

"Parking services," as used in this section, means the purchase, construction, and operation and maintenance of parking facilities for vehicles and motor vehicles as defined by Sections 415 and 670 of the Vehicle Code, and the reduction of costs to students and employees of using public transportation to and from the college.

The fee required pursuant to this section shall not exceed the actual cost of providing parking services.

(d) The governing board of a community college district may require students in attendance and employees at a campus of the district to pay a fee for purposes of reducing fares for services provided by common carriers or municipally owned transit systems to these students and employees, as provided in subdivision (e).

(e) Fees authorized by subdivision (d) for transportation services may be required only of students and employees using the services, or, in the alternative, of either of the following groups of people:

(1) Upon the favorable vote of a majority of the students and a majority of the employees of a campus of the district, voting at an election on the question of whether or not the governing board should require all students and employees at the campus to be

assessed fees for transportation services for a two-year period, the fees may be required of all students and all employees of a campus of the community college district.

(2) Upon the favorable vote of a majority of the students at a campus of the district voting at an election on the question of whether or not the governing board should require all students to be assessed fees for transportation services for a two-year period, the fees may be required of all students at the campus of the community college district. However, the employees shall not be entitled to use the services.

(f) If fees are required to be assessed to all students and employees or all students as provided in paragraphs (1) and (2) of subdivision (e) for a two-year period, those fees may be continued for additional two-year periods by the governing board maintaining the campus, upon the favorable vote of a majority of the students and a majority of the employees or, in the case of paragraph (2) of subdivision (e), upon the favorable vote of a majority of the students of the campus, voting in an election on the question of whether or not the required fees should be continued.

(g) If, pursuant to this section, a fee is required of students for transportation services, any fee required of a part-time student shall be a pro rata lesser amount than the fee charged to full-time students, depending on the number of units for which the part-time student is enrolled. In addition, a governing board maintaining transportation services shall adopt rules and regulations governing the exemption of low-income students from required fees, and may adopt rules and regulations that provide for the exemption of others.

(h) The total fees to be fixed by the governing board of a community college district pursuant to this section shall not exceed the amount prescribed in this section.

(i) No community college district shall increase its parking fees above forty dollars ($40) per year to an amount within an authorized level pursuant to this section until the board of trustees of the community college district has made sufficient findings that a fee increase is necessary. The findings shall be based, at a minimum, on all of the following:

(1) A community college's ability to adequately finance its parking program.

(2) A demonstration that the community college has exhaustively explored all other options for financing the parking program, including entering into arrangements with local governments.

(3) A demonstration that the community college actively promotes modes of public transportation.

76365. The board of governors shall adopt regulations regarding the authority of community college districts to require students to provide various types of instructional materials. These regulations shall reflect the intent of the Legislature that community college districts are not required to provide all materials, textbooks, equipment, and clothing necessary for each course and program.

These regulations shall specify the conditions under which districts may require students to provide those materials that are of continuing value to the student outside of the classroom setting, including, but not limited to, textbooks, tools, equipment, clothing, and those materials that are necessary for the student's vocational training and employment. The regulations shall establish a process for monitoring district compliance with these regulations.

76370. The governing board of a community college district may authorize a person to audit a community college course and may charge that person a fee pursuant to this section.

(a) If a fee for auditing is charged, it shall not exceed fifteen dollars ($15) per unit per semester.

The governing board shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002, and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the governing board may round the per unit fee and the per term or per session fee to the nearest dollar.

(b) Students enrolled in classes to receive credit for 10 or more semester credit units shall not be charged a fee to audit three or fewer semester units per semester.

(c) No student auditing a course shall be permitted to change his or her enrollment in that course to receive credit for the course.

(d) Priority in class enrollment shall be given to students desiring to take the course for credit towards a degree or certificate.

(e) Classroom attendance of students auditing a course shall not be included in computing the apportionment due a community college district.

(f) The board of governors shall adopt any necessary regulations implementing this section as regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

76375. (a) The board of trustees of a community college district may establish an annual building and operating fee for the purpose of financing, constructing, enlarging, remodeling, refurbishing, and operating a student body center, which fee shall be required of all students attending a community college where the student body center is to be located. The fee shall be imposed by the board of trustees, at its option, only after a favorable vote of two-thirds of the students voting in an election held for that purpose at a community college, in the manner prescribed by the Chancellor of the California Community Colleges, and open to all regular students enrolled in credit classes at the community college. The election shall occur on a regularly scheduled schoolday and at least 20 percent of the students enrolled in credit classes as of October 1 of the school year during which the election is held must cast a ballot for the election to be declared valid. The annual building and operating fee shall not exceed one dollar ($1) per credit hour up to a maximum of ten

dollars ($10) per student per fiscal year. The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84711. The fee requirement shall not apply to a student who is a recipient of the benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or the General Assistance program.

The fee authorized by this section shall be supplemental to all other fees charged to community college students.

If fee income is used to retire obligations the district incurs when it uses a revenue bond to construct a student center, the fee shall remain in effect at least until the bond obligation is retired.

(b) The chief fiscal officer of each community college district shall be responsible for the custody of the moneys collected pursuant to this section and shall provide the necessary accounting records and controls thereof. The district shall be reimbursed from these funds in an amount to cover the cost of custodial and accounting services provided by the district in connection with these funds. These funds may be expended by the chief fiscal officer only upon submission and approval of the appropriate claim schedule by the student government or its designee.

(c) All unexpended funds and money collected by any community college district pursuant to this section shall be available for financing, constructing, enlarging, remodeling, refurbishing, and operating a student body center, and until so used, shall, subject to the approval of the student government, be deposited or invested in trust by the chief fiscal officer of the district in any one or more of the following ways:

(1) Deposits in trust accounts of a bank or banks whose accounts are insured by the Federal Deposit Insurance Corporation.

(2) Investment certificates or withdrawable shares in state chartered savings and loan associations and savings accounts of federal savings and loan associations, if the associations are doing business in this state and have their accounts insured by the Federal Savings and Loan Insurance Corporation.

(3) Purchase of any of the securities authorized for investment by Section 16430 of the Government Code.

(4) Participation funds that are exempt from federal income tax pursuant to Section 501 (c) (3) of the Internal Revenue Code and that are open exclusively to nonprofit colleges, universities, and independent schools.

(5) Investment certificates or withdrawable shares in federal or state credit unions, if the credit unions are doing business in this state and have their accounts insured by the National Credit Union Administration and if any money so invested or deposited is invested or deposited in certificates, shares, or accounts fully recovered by that insurance.

(6) Deposits with the county treasurer of the county in which the district is located.

(d) The student government of a community college with an annual building and operating fee pursuant to this section shall determine the appropriate uses of the fee income and the student body center facility itself.

76380. (a) An adult enrolled in a noncredit course shall not be required by the governing board of the district maintaining the class to pay nonresident tuition or any fee or charge of any kind for a class in English and citizenship for foreigners, a class in an elementary subject, a class designated by the governing board as a class for which high school credit is granted when the class is taken by a person who does not hold a high school diploma, or any class offered by a community college district pursuant to Section 8531, 8532, 8533, or 8534.

(b) The average daily attendance of adults in classes described in subdivision (a) shall be computed as prescribed by Section 84520 or 84524.5.

76385. A student enrolled in a class offered by a community college district that is not eligible for state apportionments may be required by the governing board of the district maintaining the class to pay a fee for the class. The total revenues derived from the fee shall not exceed the estimated cost of all of these classes maintained.

76390. Notwithstanding Section 76360, the governing board of the Pasadena Community College District may require payment of a parking fee at a campus in excess of the limits set forth in subdivision (a) of Section 76360 for the purpose of funding the construction of an on-campus parking structure if both of the following conditions exist at the campus:

(a) The average daily attendance (ADA) per parking space on the campus exceeds the statewide average ADA per parking space on community college campuses.

(b) The market price per square foot of land adjacent to the campus exceeds the statewide average market price per square foot of land adjacent to community college campuses.

CHAPTER 9

An act to amend Section 798.17 of the Civil Code, relating to mobilehomes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 28, 1993. Filed with Secretary of State April 29, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.17 of the Civil Code is amended to read:

798.17. (a) (1) Rental agreements meeting the criteria of subdivision (b) shall be exempt from any ordinance, rule, regulation,

or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent. The terms of a rental agreement meeting the criteria of subdivision (b) shall prevail over conflicting provisions of an ordinance, rule, regulation, or initiative measure limiting or restricting rents in mobilehome parks, only during the term of the rental agreement or one or more uninterrupted, continuous extensions thereof. If the rental agreement is not extended and no new rental agreement in excess of 12 months' duration is entered into, then the last rental rate charged for the space under the previous rental agreement shall be the base rent for purposes of applicable provisions of law concerning rent regulation, if any.

(2) In the first sentence of the first paragraph of a rental agreement entered into on or after January 1, 1993, pursuant to this section, there shall be set forth a provision in at least 12-point boldface type if the rental agreement is printed, or in capital letters if the rental agreement is typed, giving notice to the homeowner that the rental agreement will be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the following criteria:

(1) The rental agreement shall be in excess of 12 months' duration.

(2) The rental agreement shall be entered into between the management and a homeowner for the personal and actual residence of the homeowner.

(3) The homeowner shall have at least 30 days from the date the rental agreement is first offered to the homeowner to accept or reject the rental agreement.

(4) The homeowner who executes a rental agreement offered pursuant to this section may void the rental agreement by notifying management in writing within 72 hours of the homeowner's execution of the rental agreement.

(c) If, pursuant to paragraph (3) or (4) of subdivision (b), the homeowner rejects the offered rental agreement or rescinds a signed rental agreement, the homeowner shall be entitled to instead accept, pursuant to Section 798.18, a rental agreement for a term of 12 months or less from the date the offered rental agreement was to have begun. In the event the homeowner elects to have a rental agreement for a term of 12 months or less, including a month-to-month rental agreement, the rental agreement shall contain the same rental charges, terms, and conditions as the rental agreement offered pursuant to subdivision (b), during the first 12 months, except for options, if any, contained in the offered rental agreement to extend or renew the rental agreement.

(d) Nothing in subdivision (c) shall be construed to prohibit the management from offering gifts of value, other than rental rate

reductions, to homeowners who execute a rental agreement pursuant to this section.

(e) With respect to any space in a mobilehome park that is exempt under subdivision (a) from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity that establishes a maximum amount that a landlord may charge a homeowner for rent, and notwithstanding any ordinance, rule, regulation, or initiative measure, a mobilehome park shall not be assessed any fee or other exaction for a park space that is exempt under subdivision (a) imposed pursuant to any ordinance, rule, regulation, or initiative measure. No other fee or other exaction shall be imposed for a park space that is exempt under subdivision (a) for the purpose of defraying the cost of administration thereof.

(f) At the time the rental agreement is first offered to the homeowner, the management shall provide written notice to the homeowner of the homeowner's right (1) to have at least 30 days to inspect the rental agreement, and (2) to void the rental agreement by notifying management in writing within 72 hours of the acceptance of a rental agreement. The failure of the management to provide the written notice shall make the rental agreement voidable at the homeowner's option upon the homeowner's discovery of the failure. The receipt of any written notice provided pursuant to this subdivision shall be acknowledged in writing by the homeowner.

(g) No rental agreement subject to subdivision (a) that is first entered into on or after January 1, 1993, shall have a provision which authorizes automatic extension or renewal of, or automatically extends or renews, the rental agreement for a period beyond the initial stated term at the sole option of either the management or the homeowner.

(h) This section does not apply to or supersede other provisions of this part or other state law.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid the adverse impact of the unfair imposition of fees for the administration of a local rent control ordinance on mobilehome owners and residents who live on mobilehome spaces that are exempt from rent control, it is necessary that this act take effect immediately.

[Approved by Governor May 4, 1993. Filed with Secretary of State May 5, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 10101 of the Insurance Code is amended to read:

10101. On and after July 1, 1993, no policy of residential property insurance may be first issued or, with respect to policies already in effect on January 1, 1994, initially renewed in this state by any insurer unless the named insured is provided a copy of the California Residential Property Insurance disclosure statement as contained in Section 10102.

SEC. 2. Section 10102 of the Insurance Code is amended to read:

10102. (a) The disclosure required by Section 10101 shall be in no less than 10-point type face and shall be provided prior to, or concurrent with, the application for or initial renewal of a policy of residential property insurance. In the event that an application is made by telephone, an insurer that mails a copy of the disclosure within three business days shall be in compliance with this section. For policies issued on or after July 1, 1993, at the time of the original application, the agent or insurer shall obtain the applicant's signature acknowledging receipt of the disclosure form within 60 days of the date of the application. When the insurer or agent establishes delivery of the disclosure form by obtaining the signature of the applicant or insured, or when an insurer or agent provides the applicant with the disclosure form and the applicant does not return a signed acknowledgment of receipt within 60 days of the date it was provided, there shall be a conclusive presumption that the insurer or agent has complied with the disclosure requirement of this chapter. The insurer or agent shall have the burden of demonstrating in accordance with California Rules of Evidence that the disclosure was provided to the applicant or insured. A signature shall not be required at the time of renewal.

If the disclosure is mailed to the named insured or applicant, it shall be mailed to the mailing address shown on the policy of residential property insurance or to the address requested by the

applicant. First-class mail shall be deemed adequate for proof of mailing. The insurer shall have the burden of demonstrating in accordance with California Rules of Evidence that the disclosure was mailed to the applicant or insured.

The disclosure shall contain the following language:

CALIFORNIA RESIDENTIAL PROPERTY INSURANCE DISCLOSURE

This disclosure is required by California law (Section 10102 of the Insurance Code). It describes the principal forms of insurance coverage in California for residential dwellings. It also identifies the form of dwelling coverage you have purchased or selected.

This disclosure form contains only a general description of coverages and is not part of your residential property insurance policy. Only the specific provisions of your policy will determine whether a particular loss is covered and, if so, the amount payable. Regardless of which type of coverage you purchase, your policy may exclude or limit certain risks.

READ YOUR POLICY CAREFULLY. If you do not understand any part of it or have questions about what it covers, contact your insurance agent or company. You may also call the California Department of Insurance consumer information line at [_____].

FORMS OF COVERAGE FOR DWELLINGS	Dwelling Coverage selected or purchased
GUARANTEED REPLACEMENT COST COVERAGE WITH FULL BUILDING CODE UPGRADE PAYS REPLACEMENT COSTS WITHOUT REGARD TO POLICY LIMITS, AND INCLUDES COSTS RESULTING FROM CODE CHANGES. In the event of any covered loss to your home, the insurance company will pay the full amount needed to repair or replace the damaged or destroyed dwelling with like or equivalent construction regardless of policy limits. Your policy will specify whether you must actually repair or replace the damaged or destroyed dwelling in order to recover guaranteed replacement cost. The amount of recovery will be reduced by any deductible you have agreed to pay. This coverage includes all additional costs of repairing or replacing your damaged or destroyed dwelling to comply with any new building standards (such as building codes or zoning laws) required by government agencies and in effect at the time of rebuilding. To be eligible to recover full guaranteed replacement costs with building code upgrade, you must insure the dwelling to its full replacement cost at the time the policy is issued, with possible periodic increases in the amount of coverage to adjust for inflation and increases in building costs; you must permit inspections of the dwelling by the insurance company; and you must notify the insurance company about any alterations that increase the value of the insured dwelling by a certain amount (see your policy for that amount).	
GUARANTEED REPLACEMENT COST COVERAGE WITH LIMITED OR NO BUILDING CODE UPGRADE PAYS REPLACEMENT COSTS WITHOUT REGARD TO POLICY LIMITS BUT LIMITS OR EXCLUDES COSTS RESULTING FROM CODE CHANGES. In the event of any covered loss to your home, the insurance company will pay the full amount needed to repair or replace the damaged or destroyed dwelling with like or equivalent construction regardless of policy limits. Your policy will specify whether you must actually repair or replace the damaged or destroyed dwelling in order to recover guaranteed replacement cost. The amount of recovery will be reduced by any deductible you have agreed to pay. This coverage does not include all additional costs of repairing or replacing your damaged or destroyed dwelling to comply with any new building standards (such as building codes or zoning laws) required by government agencies and in effect at the time of rebuilding. Consult your policy for the applicable exclusions or limits with respect to these costs. To be eligible to recover full guaranteed replacement cost with limited or no building code upgrade, you must insure the dwelling to its full replacement cost at the time the policy is issued, with possible periodic increases in the amount of coverage to adjust for inflation and increases in building costs; you must permit an inspection of the dwelling by the insurance company; and you must notify the insurance company about any alterations that increase the value of the insured dwelling by a certain amount (see your policy for that amount).	

FORMS OF COVERAGE FOR DWELLINGS	Dwelling Coverage selected or purchased
EXTENDED REPLACEMENT COST COVERAGE PAYS REPLACEMENT COSTS UP TO A SPECIFIED AMOUNT ABOVE THE POLICY LIMIT. In the event of any covered loss to your home, the insurance company will pay to repair or replace the damaged or destroyed dwelling with like or equivalent construction up to a specified percentage over the policy's limits of liability. See the declarations page of your policy for the limit that applies to your dwelling. Your policy will specify whether you must actually repair or replace the damaged or destroyed dwelling in order to recover extended replacement costs. The amount of recovery will be reduced by any deductible you have agreed to pay. To be eligible to recover extended replacement cost coverage, you must insure the dwelling to its full replacement cost at the time the policy is issued, with possible periodic increases in the amount of coverage to adjust for inflation; you must permit an inspection of the dwelling by the insurance company; and you must notify the insurance company about any alterations that increase the value of the insured dwelling by a certain amount (see your policy for that amount). Your policy will specify whether or not you must actually repair or replace the damaged or destroyed dwelling in order to recover extended replacement cost. Read your declaration page to determine whether your policy includes coverage for building code upgrades.	
REPLACEMENT COST COVERAGE PAYS REPLACEMENT COSTS UP TO POLICY LIMITS. In the event of any covered loss to your home, the insurance company will pay to repair or replace the damaged or destroyed dwelling with like or equivalent construction up to the policy's limit of liability. See the declarations page of your policy for the limit that applies to your dwelling. Your policy will specify whether you must actually repair or replace the damaged or destroyed dwelling in order to recover replacement costs. The amount of recovery will be reduced by any deductible you have agreed to pay. To be eligible to recover replacement cost, you must insure the dwelling to [company shall denote percentage] [ ] percent of its replacement cost at the time of loss. Read your declaration page to determine whether your policy includes coverage for building code upgrades.	
ACTUAL CASH VALUE COVERAGE PAYS THE FAIR MARKET VALUE OF THE DWELLING AT THE TIME OF LOSS, UP TO POLICY LIMIT. In the event of any covered loss to your home, the insurance company will pay either the depreciated fair market value of the damaged or destroyed dwelling at the time of the loss or the cost of replacing or repairing the damaged or destroyed dwelling with like or equivalent construction up to the policy limit. The amount of recovery will be reduced by any deductible you have agreed to pay. Read your declaration page to determine whether your policy includes coverage for building code upgrades.	
BUILDING CODE UPGRADE—ORDINANCE AND LAW COVERAGE PAYS, UP TO LIMITS SPECIFIED IN YOUR POLICY, ADDITIONAL COSTS REQUIRED TO BRING THE DWELLING "UP TO CODE." In the event of any covered loss, the insurance company will pay any additional costs, up to the stated limits, of repairing or replacing a damaged or destroyed dwelling to conform with any building standards such as building codes or zoning laws required by government agencies and in effect at the time of the loss or rebuilding (see your policy).	

(b) The agent or insurer shall indicate on the disclosure form which category of coverage the applicant or insured has selected or purchased.

(c) The disclosure statement may contain additional provisions not in conflict with or in derogation of the foregoing.

(d) Following the issuance or initial renewal of the policy of residential property insurance, the insurer shall provide the disclosure statement to the insured on an every-other-year basis at the time of renewal. The disclosure required by this section may be transmitted with the material required by Section 10086.1.

(e) No policy of residential property insurance may be initially issued on and after January 1, 1993, as guaranteed replacement cost coverage if it contains any maximum limitation of coverage based on any set dollar limits, percentage amounts, construction cost limits, indexing, or any other preset maximum limitation for covered damage to the insured dwelling. The limitations referred to in this section are solely applicable to dwelling structure coverages. Endorsements covering additional risks to the insurer's dwelling structure coverage may have internal limits as long as those endorsements are not called guaranteed replacement cost coverage.

(f) On and after July 1, 1993, no policy of residential property insurance may be renewed as guaranteed replacement cost coverage if it contains any maximum limitation of coverage based on any set dollar limits, percentage amounts, construction cost limits, indexing, or any other preset maximum limitation for covered damage to the insured dwelling. The limitations referred to in this section are solely applicable to dwelling structure coverages. Endorsements covering additional risks to the insurer's dwelling structure coverage may have internal limits as long as those endorsements are not called guaranteed replacement cost coverage.

(g) Coverage provided for building code upgrades by a policy of residential property insurance shall be applicable to building codes, ordinances, standards, or laws only to the extent that those codes, ordinances, standards, or laws do not impose stricter standards on the property on the basis of the level of insurance coverage applicable to the property.

(h) The disclosure required by Section 10101 shall also be provided to the mortgagor in the event that a policy is forced placed by an insurer at the request of a mortgagee. In such cases, neither the insurer nor the mortgagee shall be required to obtain a signature from the mortgagor. No disclosure shall be required to be provided with respect to blanket policies issued to a mortgagee, and designed to provide interim coverage for losses occurring prior to the mortgagee obtaining knowledge of the lapse of the policy and prior to placement of a policy on behalf of the mortgagor.

(i) On and after July 1, 1994, insurers shall add to the disclosure, in no less than 10-point type the following statement:

This disclosure form does not explain the types of contents coverage (furniture, clothing, etc.) provided by your policy. Some

policies do not replace contents with new items, but instead, only pay for the current market value of an item. If you have any questions, contact your insurer or agent.

SEC. 3. Section 10104 of the Insurance Code is amended to read:

10104. (a) As used in this chapter, "policy of residential property insurance" shall have the same meaning as defined in Section 10087, except that it shall not include a tenant's policy, a policy covering individually owned mobilehomes and their contents, a renter's policy, or a policy insuring individually owned condominium units, when those policies do not provide dwelling structure coverage. SEC. 4.5. Section 10106 of the Insurance Code is amended to read:

The commissioner's authority to modify the disclosure statement shall be limited solely to determining the clarity and accuracy of the information provided in the disclosure to ensure that the disclosure accurately reflects a new or existing product. It is the intent of the Legislature that the disclosure form be kept as brief as clarity and accuracy permit. Any modification to the disclosure statement shall be approved in writing by the commissioner.

CHAPTER 6.5 STATE AUDITOR

Article 1. General Provisions

8543. There is hereby created in state government the Bureau of State Audits under the direction of the Milton Marks Commission on

California State Government Organization and Economy. In order to be free of organizational impairments to independence, the bureau shall be independent of the executive branch and legislative control.

8543.1. The duties of the Bureau of State Audits are to examine and report annually upon the financial statements prepared by the executive branch of the state and to perform other related assignments, including performance audits, that are mandated by statute.

8543.2. (a) The head of the bureau is the State Auditor, who shall be appointed by the Governor from a list of three qualified individuals submitted by the Joint Legislative Audit Committee by a vote of at least a majority of the committee membership from each house of the Legislature. The term of any individual appointed as the State Auditor shall be four years. Any vacancy in the office shall be filled in the same manner provided by this subdivision for a full term.

(b) As the head of the bureau, the State Auditor may establish constituent parts of the bureau to carry out the powers and duties of the bureau unless otherwise specified by law.

(c) The bureau has a Chief Deputy State Auditor.

8543.3. The State Auditor shall be chosen without reference to party affiliation and solely on the ground of fitness to perform the duties of the office. Prior to selection, the State Auditor shall possess a combination of education and experience in auditing and management necessary to perform the duties of the office.

8543.5. The Chief Deputy State Auditor shall be appointed by the State Auditor. The Chief Deputy State Auditor shall carry out those duties prescribed by the State Auditor and shall act for the State Auditor when the State Auditor is absent or unable to serve or when the office of the State Auditor is vacant. The tenure of any incumbent Chief Deputy State Auditor shall expire on any date that an individual is appointed State Auditor, but any incumbent Chief Deputy State Auditor may be reappointed pursuant to this section.

8543.6. The State Auditor may be removed for cause at any time by concurrent resolution of the Legislature. A State Auditor removed pursuant to this section may not be reappointed to the office.

8543.7. (a) The annual salary for the State Auditor shall be equal to that of agency secretaries of the executive branch of government pursuant to Section 11550.

(b) The State Auditor shall be repaid all actual expenses incurred or paid by him or her in the discharge of his or her duties.

8544. Consistent with the provisions of Section 19825, the State Auditor may employ and fix the compensation, in accordance with Article VII of the California Constitution, of those professional assistants and technical, clerical, deputy state auditors, and other officers and employees as he or she deems necessary for the effective conduct of the work under his or her charge.

In establishing and adjusting classes of positions, and establishing and adjusting salary ranges for each class of position, to provide for

the continued ability to attract and maintain qualified individuals within the Bureau of State Audits, consideration shall be given to the following: the level of education, experience, knowledge, and ability required of the employees in the bureau is generally higher than that of state service generally, due to the unique duties and responsibilities imposed on the bureau and the relatively small number of employees. When fixing compensation for employees, the State Auditor shall consider prevailing rates for comparable service in other public employment and private business.

8544.1. As of the effective date of this chapter, the Auditor General or Acting Auditor General pursuant to Section 10504 shall act as the Acting State Auditor pursuant to this chapter until an appointment is made pursuant to Section 8543.2 or the expiration of 90 days, whichever occurs first. The office of Auditor General or Acting Auditor General shall be deemed vacant as of the effective date of this chapter until a successor is selected pursuant to Section 10504. The State Personnel Board shall authorize temporary appointment authority under Section 5 of Article VII of the California Constitution and Section 19058 to the individual serving as the State Auditor and shall authorize appointments and conduct examinations necessary to accomplish the prompt filling of employee positions in the Bureau of State Audits. The State Auditor may contract with the board or another appointing authority for the purpose of designing, publicizing, or administering examinations. All persons employed by the Office of the Auditor General on or after January 1, 1991, may participate in departmental promotional examinations for the bureau for a period of one year beginning on the effective date of this chapter. The Department of Personnel Administration shall assist the bureau in its formation, as necessary.

8544.2. Persons employed by the Bureau of State Audits pursuant to Section 8544.1 shall be allowed to enroll in civil service employee benefit programs.

8544.3. All persons employed by the Bureau of State Audits pursuant to Section 8544.1 who were members of the Public Employees' Retirement System as of November 3, 1992, shall retain their existing classification within the system and shall be considered state miscellaneous members as defined in Section 20014.

8544.4. The permanent office of the State Auditor shall be in Sacramento, where he or she shall be provided with suitable and sufficient offices. When in his or her judgment the conduct of the work requires, he or she may maintain offices at other places in the state.

8544.5. (a) There is hereby established in the State Treasury the State Audit Fund. Notwithstanding Section 13340, the State Audit Fund is continuously appropriated for the expenses of the State Auditor. There shall be appropriated annually in the Budget Act to the State Audit Fund, from the General Fund, the amount necessary to reimburse the State Audit Fund for the cost of audits to be performed. "Cost of audits" means all direct and indirect costs of

conducting the audits and any other related expenses incurred by the State Auditor in fulfilling his or her statutory responsibilities.

(b) Upon certification by the State Auditor of estimated costs on a monthly basis, the Controller shall transfer the amount thus certified from the General Fund to the State Audit Fund. The Controller shall thereafter issue warrants drawn against the State Audit Fund upon receipt of claims certified by the State Auditor.

(c) As of the effective date of this chapter, all unallocated funds in the Auditor General Fund pursuant to former Section 10507 shall be available for transfer to the State Audit Fund pursuant to subdivision (b). The amount of funds provided in Item 8855-011-001 of Chapter 587 of the Statutes of 1992 (Budget Act of 1992) shall be available for transfer to the State Audit Fund pursuant to subdivision (b) without regard to Provision 1 of that item.

(d) To ensure adequate oversight of the operations of the bureau, the Milton Marks Commission on California State Government Organization and Economy shall annually obtain the services of an independent public accountant to audit the State Audit Fund and the operation of the bureau to assure compliance with state law, including Section 8546. The results of this audit shall be submitted to the commission and shall be a public record.

(e) In order to ensure that audits of the Milton Marks Commission on California State Government Organization and Economy are conducted in conformity with government auditing standards, any audit of the commission that is required or permitted by law shall be conducted by the independent public accountant selected pursuant to subdivision (d).

8544.6. Expenditures of the Bureau of State Audits are defined as "administrative costs" defined in Section 11270.

8545. The State Auditor shall not destroy any papers or memoranda used to support a completed audit sooner than three years after the audit report is released to the public. All books, papers, records, and correspondence of the bureau pertaining to its work are public records subject to Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 and shall be filed at any of the regularly maintained offices of the State Auditor, except that none of the following items or papers of which these items are a part shall be released to the public by the State Auditor, his or her employees, or members of the commission:

(a) Personal papers and correspondence of any person receiving assistance from the State Auditor when that person has requested in writing that his or her papers and correspondence be kept private and confidential. Those papers and correspondence shall become public records if the written request is withdrawn or upon the order of the State Auditor.

(b) Papers, correspondence, or memoranda pertaining to any audit or investigation not completed, when in the judgment of the State Auditor, disclosure of those papers, correspondence, or memoranda will impede the audit or investigation.

(c) Papers, correspondence, or memoranda pertaining to any audit or investigation that has been completed, which papers, correspondence, or memoranda are not used in support of any report resulting from the audit or investigation.

8545.1. It is a misdemeanor for the State Auditor or any employee or former employee of the bureau to divulge or make known in any manner not expressly permitted by law to any person not employed by the bureau any particulars of any record, document, or information the disclosure of which is restricted by law from release to the public. This prohibition is also applicable to any person or business entity that is contracting with or has contracted with the State Auditor and to the employees and former employees of that person or business entity or the employees of any state agency or public entity that has assisted the State Auditor in the course of any audit or investigative audit or that has been furnished a draft copy of any report for comment or review.

8545.2. (a) Notwithstanding any other provision of law, the State Auditor during regular business hours shall have access to and authority to examine and reproduce, any and all books, accounts, reports, vouchers, correspondence files, and other records, bank accounts, and money or other property, of any agency of the state, whether created by the California Constitution or otherwise, and any public entity, including any city, county, and school or special district for any audit or investigative audit. Any officer or employee of any agency or entity having these records or property in his or her possession or under his or her control shall permit access to, and examination and reproduction thereof, upon the request of the State Auditor or his or her authorized representative.

(b) For the purposes of access to and examination and reproduction of the records and property described in subdivision (a), an authorized representative of the State Auditor is an employee or officer of the agency or public entity involved and is subject to any limitations on release of the information as may apply to an employee or officer of the agency or public entity. For the purpose of conducting any audit or investigation, the State Auditor or his or her authorized representative shall have access to the records and property of any public entity being audited or investigated to the same extent that employees or officers of that agency or public entity have access. No provision of law providing for the confidentiality of any records or property shall prevent disclosure pursuant to subdivision (a), unless the provision specifically refers to and precludes access and examination and reproduction pursuant to subdivision (a). This subdivision does not apply to records compiled pursuant to Part 1 (commencing with Section 8900) or Part 2 (commencing with Section 10200) of Division 2.

(c) Any officer or person who fails or refuses to permit access and examination and reproduction, as required by this section, is guilty of a misdemeanor.

8545.3. It is a misdemeanor for the State Auditor or any employee

of the State Auditor to release any information received pursuant to Section 10850 of the Welfare and Institutions Code or that is otherwise prohibited by law to be disclosed.

8545.4. (a) In connection with any audit or investigative audit conducted by the State Auditor, the State Auditor or his or her designee, may do any of the following:

(1) Administer oaths.

(2) Certify to all official acts.

(3) Issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, or documents, or for the making of oral or written sworn statements, in any investigative interview conducted as part of an audit or investigative audit.

(b) Any subpoena issued under this section extends as process to all parts of the state and may be served by any person authorized to serve process of courts of record or by any person designated for that purpose by the State Auditor or his or her designee. The person serving this process may receive compensation as allowed by the State Auditor or his or her designee, not to exceed the fees prescribed by law for similar service.

8545.5. (a) The superior court in the county in which any investigative interview is held under the direction of the State Auditor or his or her designee has jurisdiction to compel the attendance of witnesses, the making of oral or written sworn statements, and the production of papers, books, accounts, and documents, as required by any subpoena issued by the State Auditor or his or her designee.

(b) If any witness refuses to attend or testify or produce any papers required by the subpoena, the State Auditor or his or her designee may petition the superior court in the county in which the hearing is pending for an order compelling the person to attend and answer questions under penalty of perjury or produce the papers required by the subpoena before the person named in the subpoena. The petition shall set forth all of the following:

(1) That due notice of the time and place of attendance of the person or the production of the papers has been given.

(2) That the person has been subpoenaed in the manner prescribed in Section 8545.4.

(3) That the person has failed and refused to attend or produce the papers required by subpoena before the State Auditor or his or her designee as named in the subpoena, or has refused to answer questions propounded to him or her in the course of the investigative interview under penalty of perjury.

(c) Upon the filing of the petition, the court shall enter an order directing the person to appear before the court at a specified time and place and then and there show cause why he or she has not attended, answered questions under penalty of perjury, or produced the papers as required. A copy of the order shall be served upon him or her. If it appears to the court that the subpoena was regularly issued by the State Auditor or his or her designee, the court shall

enter an order that the person appear before the person named in the subpoena at the time and place fixed in the order and answer questions under penalty of perjury or produce the required papers. Upon failure to obey the order, the person shall be dealt with as for contempt of court.

Article 2. Powers and Duties

8546. It is the intent of the Legislature that the Bureau of State Audits have the independence necessary to conduct all of its audits in conformity with "Government Auditing Standards" published by the Comptroller General of the United States and the standards published by the American Institute of Certified Public Accountants, free from influence of existing state control agencies that could be the subject of audits conducted by the bureau. Therefore, all of the following exclusions apply to the office:

(a) Notwithstanding Section 19790, the State Auditor shall establish an affirmative action program which shall meet the criteria and objectives established by the State Personnel Board and shall report annually to the State Personnel Board and the commission.

(b) Notwithstanding Section 12470, the State Auditor shall be responsible for maintaining its payroll system. In lieu of audits of the uniform payroll system performed by the Controller, the office shall contract pursuant to subdivision (d) of Section 8544.5 for an annual audit of its payroll and financial operations by an independent public accountant.

(c) The State Auditor is delegated the authority to establish and administer the fiscal policy of the bureau in conformity with the provisions of the State Administrative Manual without oversight by the Department of Finance.

(d) Notwithstanding Section 11032, the State Auditor may approve actual and necessary traveling expenses for travel outside the state for officers and employees of the bureau.

(e) Notwithstanding Section 11033, the State Auditor or officers and employees of the bureau may be absent from the state on business of the state upon approval of the State Auditor or Chief Deputy State Auditor.

(f) Sections 11040, 11042, and 11043 shall not apply to the Bureau of State Audits. The State Auditor may employ legal counsel under those terms that he or she deems necessary to conduct the legal business of, or render legal counsel to, the State Auditor.

(g) The provisions and definitions of Section 11342 shall not be construed to include the Bureau of State Audits. The State Auditor may adopt regulations necessary for the operation of the bureau pursuant to the provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Division 3), but these regulations shall not be subject to the review or approval of the Office of Administrative Law.

(h) The State Auditor shall be exempt from all contract

requirements of the Public Contract Code that require oversight, review, or approval by the Department of General Services or any other state agency. The State Auditor may contract on behalf of the State of California for goods and services that he or she deems necessary for the furtherance of the purposes of the bureau.

8546.1. The State Auditor shall conduct financial and performance audits as directed by statute. The State Auditor may conduct these audits of any state agency as defined by Section 11000, whether created by the California Constitution or otherwise, and any local governmental agency, including any city, county, and school or special district. However, the State Auditor shall not audit the activities of the Milton Marks Commission on California State Government Organization and Economy or the Legislature to assure compliance with government auditing standards.

The State Auditor shall conduct any audit of a state or local governmental agency that is requested by the Joint Legislative Audit Committee to the extent that funding is available and in accordance with the priority established by the committee with respect to other audits requested by the committee. Members of the Legislature may submit requests for audits to the committee for its consideration and approval. Any audit request approved by the committee shall be forwarded to the State Auditor as a committee request.

The State Auditor shall complete any audit in a timely manner and in accordance with the "Government Auditing Standards" published by the Comptroller General of the United States. Immediately upon completion of the audit, the State Auditor shall transmit a copy of the audit report to the commission. Not later than 24 hours after delivery to the commission, the commission shall deliver the report to the Legislature, appropriate committees or subcommittees of the Legislature, and the Governor. Once transmitted to these parties, the report shall be made available to the public.

8546.3. The State Auditor shall examine and report annually upon the financial statements otherwise prepared by the executive branch of the state to the end that the Legislature and the public will be informed as to the adequacy of those financial statements in compliance with generally accepted accounting principles applied on a basis consistent with that of the preceding fiscal year. In making that examination, he or she is authorized to make the audit examination of accounts and records, accounting procedures, and internal auditing performance as he or she may determine to be necessary to disclose all material facts necessary to proper reporting in accordance with the statement of purposes set forth in Section 8521.5.

8546.4. (a) The State Auditor shall annually issue an auditor's report based upon the general purpose financial statements included in the Controller's annual report that is submitted to the Governor pursuant to Section 12460. The auditor's report shall be in accordance with the "Government Auditing Standards" published by the Comptroller General of the United States and the standards

published by the American Institute of Certified Public Accountants.

(b) The State Auditor, in the performance of this annual audit, may examine all the financial records, accounts, and documents of any state agency as defined by Section 11000.

(c) The State Auditor shall rely, to the maximum extent possible, upon the audits performed by the Controller, the Department of Finance, internal auditors of state agencies, and independent contractors. The Director of Finance shall be responsible for coordinating and providing technical assistance to the internal auditors of state agencies. Nothing in this article is intended to reduce or restrict the operations of internal auditors whose review of internal financial and administrative controls of state agencies is essential for coordinated audits.

(d) State agencies receiving federal funds shall be primarily responsible for arranging for federally required financial and compliance audits. State agencies shall immediately notify the Director of Finance, the State Auditor, and the Controller when they are required to obtain federally required financial and compliance audits. The Director of Finance, the State Auditor, and the Controller shall coordinate the procurement by state agencies, including any negotiations with cognizant federal agencies, of federally required financial and compliance audits.

(e) To prevent duplication of the annual audit conducted by the State Auditor pursuant to subdivision (a), except for those state agencies that are required by state law to obtain an annual audit, no state agency shall enter into a contract for a financial or compliance audit without prior written approval of the Controller and the Director of Finance, which approval shall state the reason for the contract and shall be filed with the State Auditor at least 30 days prior to the award of the contract. No funds appropriated by the Legislature shall be encumbered for the purpose of funding any contract for an audit that duplicates the annual financial audit conducted by the State Auditor.

(f) Notwithstanding any other provision of this article, nothing in this section shall be construed to limit, restrict, or otherwise infringe upon the constitutional or statutory authority of the Controller to superintend the fiscal concerns of the state.

(g) Notwithstanding any other provision of this article, nothing in this section shall be construed to limit, restrict, or otherwise infringe upon the statutory authority of the Director of Finance to supervise the financial and business policies of the state.

8546.5. The Director of Finance, in coordinating the internal auditors of state agencies, shall ensure that these auditors utilize the "Standards for the Professional Practices of Internal Auditing." The State Auditor, in conjunction with the annual audit of state financial statements, shall test compliance with this section and report to the Legislature, the Governor, and respective governmental entities on the significant variances from the general and specific standards for the professional practice of internal auditing.

8546.6. The State Auditor, in connection with any audit or investigation conducted pursuant to this chapter, shall be deemed to be a department head for the purposes of Section 11189.

8546.7. Notwithstanding any other provision of law, every contract involving the expenditure of public funds in excess of ten thousand dollars ($10,000) entered into by any state agency, board, commission, or department or by any other public entity, including a city, county, city and county, or district, shall be subject to the examination and audit of the State Auditor, at the request of the public entity or as part of any audit of the public entity, for a period of three years after final payment under the contract. Every contract shall contain a provision stating that the contracting parties shall be subject to that examination and audit. The failure of a contract to contain this provision shall not preclude the State Auditor from conducting an examination and audit of the contract at the request of the public entity entering into the contract or as part of any audit of the public entity.

It is the intent of the Legislature that the Regents of the University of California include in contracts involving the expenditure of state funds in excess of ten thousand dollars ($10,000) a provision stating that the contracting parties shall be subject to the examination and audit of the State Auditor, at the request of the regents or as part of any audit of the university, for a period of three years after final payment under the contract.

The examinations and audits under this section shall be confined to those matters connected with the performance of the contract, including, but not limited to, the costs of administering the contract.

8546.8. Unless the contrary is stated or clearly appears from the context, any reference to the Auditor General, the Office of the Auditor General, or the Joint Legislative Audit Committee in any statute or contract in effect on the effective date of this chapter, other than Chapter 4 (commencing with Section 10500), with respect to the performance of audits, shall be construed to refer to the State Auditor, the Bureau of State Audits, and the Milton Marks Commission on California State Government Organization and Economy, respectively.

Article 3. Reporting of Improper Governmental Activities

8547. This article shall be known and may be cited as the "Reporting of Improper Governmental Activities Act."

8547.1. It is the intent of the Legislature that state employees and other persons should disclose, to the extent not expressly prohibited by law, improper governmental activities.

8547.2. For the purposes of this article:

(a) "Employee" means any individual appointed by the Governor or employed or holding office in a state agency as defined by Section 11000.

(b) "Improper governmental activity" means any activity by a

state agency or by an employee that is undertaken in the performance of the employee's official duties, whether or not that action is within the scope of his or her employment, and that (1) is in violation of any state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property, fraudulent claims, fraud, coercion, conversion, malicious prosecution, misuse of government property, or willful omission to perform duty, or (2) is economically wasteful, or involves gross misconduct, incompetency, or inefficiency. For purposes of Sections 8547.4, 8547.5, 8547.10, and 8547.11, "improper governmental activity or activities" includes any activity by the University of California or by an employee, including an officer or faculty member, that otherwise meets the criteria of this subdivision.

(c) "Person" means any individual, corporation, trust, association, any state or local government, or any agency or instrumentality of any of the foregoing.

(d) "State agency" is defined by Section 11000. "State agency" includes the University of California for purposes of Sections 8547.5 to 8547.7, inclusive.

8547.3. (a) An employee may not directly or indirectly use or attempt to use the official authority or influence of the employee for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to disclose to the State Auditor matters within the scope of this article.

(b) For the purpose of subdivision (a), "use of official authority or influence" includes promising to confer, or conferring, any benefit; effecting, or threatening to effect, any reprisal; or taking, or directing others to take, or recommending, processing, or approving, any personnel action, including, but not limited to, appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

(c) Any employee who violates subdivision (a) may be liable in an action for civil damages brought against the employee by the offended party.

(d) Nothing in this section shall be construed to authorize an individual to disclose information otherwise prohibited by or under law.

8547.4. The State Auditor shall administer the provisions of this article and shall investigate and report on improper governmental activities.

8547.5. Upon receiving specific information that any employee or state agency has engaged in an improper governmental activity, the State Auditor may conduct an investigative audit of the matter. The identity of the person providing the information that initiated the investigative audit shall not be disclosed without the written permission of the person providing the information unless the disclosure is to a law enforcement agency that is conducting a criminal investigation.

8547.6. The State Auditor may request the assistance of any state department, agency, or employee in conducting any investigative audit required by this article. If an investigative audit conducted by the State Auditor involves access to confidential academic peer review records of University of California academic personnel, these records shall be provided in a form consistent with university policy effective on August 1, 1992. No information obtained from the State Auditor by any department, agency, or employee as a result of the State Auditor's request for assistance, nor any information obtained thereafter as a result of further investigation, shall be divulged or made known to any person without the prior approval of the State Auditor.

8547.7. (a) If the State Auditor determines that there is reasonable cause to believe that an employee or state agency has engaged in any improper governmental activity, he or she shall report the nature and details of the activity to the head of the employing agency, or the appropriate appointing authority. If appropriate, the State Auditor shall report this information to the Attorney General, the policy committees of the Senate and Assembly having jurisdiction over the subject involved, and to any other authority that the State Auditor determines appropriate.

(b) The State Auditor shall not have any enforcement power. In any case in which the State Auditor submits a report of alleged improper activity to the head of the employing agency or appropriate appointing authority, that individual shall report to the State Auditor with respect to any action taken by the individual regarding the activity, the first report being transmitted no later than 30 days after the date of the State Auditor's report and monthly thereafter until final action has been taken.

(c) Every investigative audit shall be kept confidential, except that the State Auditor may issue any report of an investigation that has been substantiated, keeping confidential the identity of the individual or individuals involved, or release any findings resulting from an investigation conducted pursuant to this article that is deemed necessary to serve the interests of the state.

(d) This section shall not limit any authority conferred upon the Attorney General or any other department or agency of government to investigate any matter.

8547.8. (a) A state employee or applicant for state employment who files a written complaint with his or her supervisor, manager, or the appointing power alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 8547.3, may also file a copy of the written complaint with the State Personnel Board, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint filed with the board, shall be filed within 12 months of the most recent act of reprisal complained about.

(b) Any person who intentionally engages in acts of reprisal,

retaliation, threats, coercion, or similar acts against a state employee or applicant for state employment for having disclosed improper governmental activities, is subject to a fine not to exceed ten thousand dollars ($10,000) and imprisonment in the county jail for up to a period of one year. Any state civil service employee who intentionally engages in that conduct shall be disciplined by adverse action as provided by Section 19572. If no adverse action is instituted by the appointing power, the State Personnel Board shall invoke adverse action as provided in Section 19583.5.

(c) In addition to all other penalties provided by law, any person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a state employee or applicant for state employment for having disclosed improper governmental activities shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, any action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the State Personnel Board pursuant to subdivision (a) of this section, and the board has failed to reach a decision regarding any hearing conducted pursuant to Section 19683.

(d) This section is not intended to prevent an appointing power, manager, or supervisor from taking, directing others to take, recommending, or approving any personnel action or from taking or failing to take a personnel action with respect to any state employee or applicant for state employment if the appointing power, manager, or supervisor reasonably believes any action or inaction is justified on the basis of evidence separate and apart from the fact that the person has disclosed improper governmental activities as defined in subdivision (b) of Section 8547.2.

8547.9. Notwithstanding Section 19572, if the State Personnel Board determines that there is a reasonable basis for an alleged violation, or finds an actual violation of Section 8547.3 or 19683, it shall transmit a copy of the investigative report to the State Auditor. All working papers pertaining to the investigative report shall be made available under subpoena in a civil action brought under Section 19683.

8547.10. (a) A University of California employee, including an officer or faculty member, or applicant for employment may file a written complaint with his or her supervisor or manager, or with any other university officer designated for that purpose by the regents, alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts for having disclosed improper governmental activities, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint shall be filed within 12 months of the most recent act of reprisal complained

about.

(b) Any person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a University of California employee, including an officer or faculty member, or applicant for employment for having disclosed improper governmental activities, is subject to a fine not to exceed ten thousand dollars ($10,000) and imprisonment in the county jail for up to a period of one year. Any university employee, including an officer or faculty member, who intentionally engages in that conduct shall also be subject to discipline by the university.

(c) In addition to all other penalties provided by law, any person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a university employee, including an officer or faculty member, or applicant for employment for having disclosed improper governmental activities shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, any action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the university officer identified pursuant to subdivision (a), and the university has failed to reach a decision regarding that complaint within the time limits established for that purpose by the regents.

(d) This section is not intended to prevent a manager or supervisor from taking, directing others to take, recommending, or approving any personnel action or from taking or failing to take a personnel action with respect to any university employee, including an officer or faculty member, or applicant for employment if the manager or supervisor reasonably believes any action or inaction is justified on the basis of evidence separate and apart from the fact that the person has disclosed improper governmental activities.

8547.11. (a) A University of California employee, including an officer or faculty member, may not directly or indirectly use or attempt to use the official authority or influence of the employee for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to disclose to a University of California official, designated for that purpose by the regents, or the State Auditor matters within the scope of this article.

(b) For the purpose of subdivision (a), "use of official authority or influence" includes promising to confer, or conferring, any benefit; effecting, or threatening to effect, any reprisal; or taking or directing others to take, or recommending, processing, or approving, any personnel action, including, but not limited to, appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

(c) Any employee who violates subdivision (a) may be liable in an action for civil damages brought against the employee by the offended party.

(d) Nothing in this section shall be construed to authorize an individual to disclose information otherwise prohibited by or under law.

SEC. 9. Section 10500 of the Government Code is amended to read:

10500. It is the desire of the Legislature to create the Office of the Auditor General, whose primary duties shall be to perform performance audits as may be requested by the Legislature. The authority of the office under the direction of the Joint Legislative Audit Committee is confined to examining and reporting and is in no way to interfere with adequate internal audit to be conducted by the executive branch of the government or the state audit or other audits required by statute to be performed by the State Auditor.

The Legislature also finds that a significant portion of the state budget consists of subventions to local governments and, therefore, it is necessary for the Legislature to establish independent fiscal oversight capability necessary to determine funding priorities and to evaluate the efficiency and necessity of state-supported local programs and state programs administered by local governments.

2550.4. Commencing January 1, 1993, any county office of education may request the Superintendent of Public Instruction to make a one-time base revenue limit adjustment for the next fiscal year, provided that the request is made before April 15 preceding the fiscal year for which the adjustment is to be made, unless the Superintendent of Public Instruction approves a later request date. In response to each request, the Superintendent of Public Instruction, subject to the approval of the Director of Finance, shall make a one-time adjustment to the base revenue limit of each county office of education for those programs which, prior to the adjustment year, were authorized in subdivision (b) of Section 46010 and in Section 46010.5 to report certain absences for apportionment credit. Those one-time adjustments shall apply for the fiscal year for which the request for adjustment was made, and for each fiscal year thereafter, but not for any prior year, and shall be accomplished by revision of the prior fiscal year base revenue limits calculated for those programs, as follows:

(a) Determine revised base revenue limits for the fiscal year prior

to the first year of adjustment for each of the programs. Each revised base revenue limit shall equal funding received for the program for that prior fiscal year that is directly attributable to the original base revenue limit for that program, divided by the actual attendance for that program in that prior fiscal year.

(b) If the actual attendance as a percentage of the program's total apportionment attendance in that prior fiscal year is lower than the corresponding statewide average percentage in the 1990–91 school year for programs of the same type, the divisor shall be the product of the program's total apportionment attendance in the prior year, multiplied by the statewide average percentage of actual attendance for those programs in 1990–91.

(a) Determine a revised base revenue limit for the fiscal year prior to the first year of adjustment for each school district. That revised base revenue limit shall equal the amount of funding received by the school district for that prior fiscal year that is directly attributable to the original base revenue limit for the district, divided by the actual attendance for that district in that prior fiscal year.

(b) If the actual attendance as a percentage of the district's total apportionment attendance in that prior year is lower than the corresponding statewide average percentage for elementary school districts, high school districts, or unified school districts, as applicable to the requesting district, in the 1990–91 school year, the divisor shall be the product of the district's total apportionment attendance in the prior year, multiplied by the statewide average percentage of actual attendance for districts of the same type in 1990–91.

The amount resulting from the application of subdivision (b) of Section 46010 shall be used in comparison with the year prior to the initial year for which the one-time base revenue limit adjustment is made. The amount calculated without applying subdivision (b) of Section 46010 shall be used in comparison with the year subsequent to that initial fiscal year.

(b) For purposes other than determining base revenue limit apportionments and changes in enrollment as provided in subdivision (a), the total days of attendance by pupils in schools and classes maintained by a county office of education or school district shall first be calculated according to subdivision (a) of Section 46010, and then increased by the same percentage of apportionable absences authorized pursuant to subdivision (b) of Section 46010 for that county office of education or school district in the 1990–91 school year. This amount shall not exceed the corresponding statewide average in that year, for county offices of education or elementary school districts, high school districts, or unified school districts, as applicable, of the number of days of attendance by pupils in the 1990–91 school year, calculated as provided in subdivision (a) of Section 46010.

CHAPTER 28

An act to amend Section 1722 of the Civil Code, relating to contracts.

[Approved by Governor June 9, 1993. Filed with Secretary of State June 10, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1722 of the Civil Code is amended to read:

1722. (a) (1) Whenever a contract is entered into between a consumer and a retailer with 25 or more employees relating to the sale of merchandise which is to be delivered by the retailer or the retailer's agent to the consumer at a later date, and the parties have agreed that the presence of the consumer is required at the time of delivery, the retailer shall specify either at the time of the sale or at a later date prior to the delivery date, a four-hour time period within which any delivery shall be made. Whenever a contract is entered into between a consumer and a retailer with 25 or more employees for service or repair of merchandise, whether or not the merchandise was sold by the retailer to the consumer, and the parties have agreed that the presence of the consumer is required at the time of service or repair, upon receipt of a request for service or repair under the contract, the retailer shall specify, prior to the date of service or repair, a four-hour period within which the service or repair shall be commenced. Once a delivery, service, or repair time is established, the retailer or the retailer's agent shall deliver the merchandise to the consumer, or commence service or repair of the merchandise, within that four-hour period.

(2) If the merchandise is not delivered, or service or repair are not

commenced, within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the retailer, the consumer may bring an action in small claims court against the retailer for lost wages, expenses actually incurred, or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the consumer was not present at the time, within the specified period, when the retailer or the retailer's agent attempted to make the delivery, service, or repairs or made a diligent attempt to notify the consumer of its inability to do so because of unforeseen or unavoidable occurrences beyond its control.

(4) In any small claims action, logs and other business records maintained by the retailer or the retailer's agent in the ordinary course of business shall be prima facie evidence of the time period specified for the delivery, service, or repairs and of the time when the merchandise was delivered, or of a diligent attempt by the retailer or the retailer's agent to notify the consumer of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the consumer of the delay caused by unforeseen or unavoidable occurrences beyond the control of the retailer or the retailer's agent, or the retailer or the retailer's agent was unable to notify the consumer of the delay because of the consumer's absence or unavailability during the four-hour period, and, in either instance, the retailer or the retailer's agent makes the delivery, service, or repairs within two hours of a newly agreed upon time or, if the consumer unreasonably declines to arrange a new time for the delivery, service, or repairs.

(b) (1) Cable television companies shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair, or by notifying their subscribers by mail three times a year of this service. Whenever a subscriber contracts with a cable television company for a service connection or repair which is to take place at a later date, and the parties have agreed that the presence of the subscriber is required, the cable company shall specify, prior to the date of service connection or repair, the time for the commencement of the four-hour period for the service connection or repair if the subscriber requests.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable occurrences beyond the control of the company, the subscriber may bring an action in small claims court against the company for lost wages, expenses actually incurred or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the subscriber was not

present at the time, within the specified period, that the company attempted to make the service connection or repair.

(4) In any small claims action, logs and other business records maintained by the company or its agents in the ordinary course of business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and the time that the company or its agents attempted to make the service connection or repair, or of a diligent attempt by the company to notify the subscriber of a delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made to notify the subscriber of delay caused by unforeseen or unavoidable occurrences beyond the control of the company or its agents, or the company or its agents were unable to notify the subscriber because of the subscriber's absence or unavailability during the four-hour period, and, in either instance, the cable television company commenced service or repairs within a newly agreed upon two-hour period.

(6) No action shall be considered valid against a cable television company pursuant to this section when the franchise or any local ordinance provides the subscriber with a remedy for a delay in commencement of a service connection or repair and the subscriber has elected to pursue that remedy. If a subscriber elects to pursue his or her remedies against a cable television company under this section, the franchising or state or local licensing authority shall be barred from imposing any fine, penalty, or other sanction against the company, arising out of the same incident.

(c) (1) Utilities shall inform their subscribers of their right to service connection or repair within a four-hour period, if the presence of the subscriber is required, by offering the four-hour period at the time the subscriber calls for service connection or repair, or by notifying the subscriber by mail three times a year of this service. Whenever a subscriber contracts with the utility for a service connection or repair, and the parties have agreed that the presence of the subscriber is required, the utility shall specify, prior to the date of service connection or repair, the time for the commencement of the four-hour period for the service connection or repair if the subscriber requests.

(2) If the service connection or repair is not commenced within the specified four-hour period, except for delays caused by unforeseen or unavoidable circumstances beyond the control of the utility, the subscriber may bring an action in small claims court against the utility for lost wages, expenses actually incurred, or other actual damages not exceeding a total of five hundred dollars ($500).

(3) No action shall be considered valid if the subscriber was not present at the time, within the specified period, that the utility attempted to make the service connection or repair.

(4) In any small claims action, logs and other business records maintained by the utility or its agents in the ordinary course of

business shall be prima facie evidence of the time period specified for the commencement of the service connection or repair and of the time that the utility attempted to make the service connection or repair, or of a diligent attempt by a utility to notify the subscriber of delay caused by unforeseen or unavoidable occurrences.

(5) It shall be a defense to the action if a diligent attempt was made by the utility to notify the subscriber of delay caused by unforeseen or unavoidable occurrences beyond the control of the utility, and the utility commenced service within a newly agreed upon two-hour period.

(d) Any provision of a delivery, service, or repair contract in which the consumer or subscriber agrees to modify or waive any of the rights afforded by this section shall be void as contrary to public policy.

CHAPTER 30

An act relating to sex offenders, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 15, 1993. Filed with Secretary of State June 16, 1993.]

I am reducing the $280,000 appropriation contained in Section 1 of Senate Bill 164 by $150,000 to $130,000.

This bill would appropriate $280,000 from the Sexual Habitual Offender Fund to the Department of Justice to implement the Serious Habitual Offender Program. However, at this time, the Department of Justice only needs $130,000 for the remainder of the 1992–93 fiscal year. Resources to maintain the program beyond the current fiscal year have been proposed in the 1993–94 budget.

With this reduction, I hereby approve Senate Bill 164.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of two hundred eighty thousand dollars ($280,000) is hereby appropriated from the Department of Justice Sexual Habitual Offender Fund to the Department of Justice for costs incurred in implementing the Sexual Habitual Offender Program.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to support the efforts of the criminal justice community through a focused effort by law enforcement and prosecuting agencies to identify, locate, apprehend, and prosecute habitual sex offenders, it is necessary that this act effect immediately.

Article 1. General Application

18401. Each provision of this part shall apply to Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001), unless otherwise provided.

18402. (a) Except where the context otherwise requires, the general provisions and definitions provided in Chapter 1 (commencing with Section 17001) of Part 10 and in Chapter 1 (commencing with Section 23001) of Part 11 shall apply to this part.

(b) For purposes of this part, "person" includes an individual, fiduciary, partnership, bank, corporation, or organization exempt from taxation under Section 23701.

(c) (1) Whenever provisions of this part are applied in connection with Part 10 (commencing with Section 17001), the terms "taxpayer," "corporation" and "taxable year" have the same meaning as defined in Chapter 1 (commencing with Section 17001) of Part 10.

(2) Whenever provisions of this part are applied in connection with Part 11 (commencing with Section 23001), the terms "taxpayer," "corporation" and "taxable year" have the same meaning as defined in Article 2 (commencing with Section 23030) of

Chapter 1 of Part 11.

18403. For purposes of this part, any return, declaration, report, statement, or other document required to be made or filed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) shall be deemed to have been required to be made or filed under this part.

Article 2. Continuity with Prior Law

18412. The provisions of this part insofar as they are substantially the same as statutory provisions relating to the same subject matter in Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001), as those provisions, including applicable regulations, existed on December 31, 1993, shall be construed as restatements and continuations thereof, and not as new enactments.

18413. The repeal of any provision in Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) made by the act adding this section shall not affect any act done or any right accruing or accrued, or any suit, appeal, or other proceeding having commenced under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001), before that repeal; but all rights and liabilities under that law shall continue, and may be enforced in the same manner, as if that repeal had not been made.

18414. Any provision of this part that refers to the application of any portion of this part to a prior period (or which depends upon the application to a prior period of any portion of this part) shall, when appropriate and consistent with the purpose of that provision, be deemed to refer to (or depend upon the application of) the corresponding provision of Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) as was applicable to the prior period.

18415. Unless otherwise specifically provided therein, the provisions of any act:

(a) That affect the imposition or computation of taxes, additions to tax other than Sections 19136 or 19142, penalties, or the allowance of credits against the tax, shall be applied to taxable (or income) years beginning on or after January 1 of the year in which the act takes effect.

(b) That change the provisions of Sections 19023 to 19027, inclusive, (relating to payment of estimated tax) or Section 19136 or Sections 19142 to 19151, inclusive, (relating to underpayment of estimated tax) shall be applied to taxable (or income) years beginning on or after January 1 of the year immediately after the year in which the act takes effect.

(c) That otherwise affect the provisions of this part shall be applied on and after the date the act takes effect.

18416. Unless expressly otherwise provided in this part, any notice may be given by first-class mail postage prepaid.

18417. Provisions in other codes or general law statutes that are related to this part include all of the following:

(a) Chapter 20.6 (commencing with Section 9891) of Division 3 of the Business and Professions Code, relating to tax preparers.

(b) Sections 1502, 2204 to 2206, inclusive, 6210, 6810, 8210, and 8810 of the Corporations Code, relating to the corporation officer statement penalty.

(c) Section 2104 of the Corporations Code, which prevents the application of any provision of this part against any foreign lending institution whose activities in this state are limited to those described in subdivision (d) of Section 191 of the Corporations Code.

(d) Sections 15700 to 15702.1, inclusive, of the Government Code, relating to the Franchise Tax Board.

(e) Part 10 (commencing with Section 17001) of this division, relating to the Personal Income Tax Law.

(f) Part 10.5 (commencing with Section 20501) of this division, relating to the Senior Citizens Property Tax Assistance and Postponement Law.

(g) Part 10.7 (commencing with Section 21001) of this division, relating to the Taxpayers' Bill of Rights.

(h) Part 11 (commencing with Section 23001) of this division, relating to the Bank and Corporation Tax Law.

CHAPTER 2. RETURNS

Article 1. Individuals and Fiduciaries

18501. (a) Every individual taxable under Part 10 (commencing with Section 17001) shall make a return to the Franchise Tax Board, stating specifically the items of the individual's gross income from all sources and the deductions and credits allowable, if the individual has any of the following for the taxable year:

(1) An adjusted gross income from all sources in excess of six thousand dollars ($6,000), if single.

(2) An adjusted gross income from all sources in excess of twelve thousand dollars ($12,000), if married.

(3) A gross income from all sources in excess of eight thousand dollars ($8,000), if single, and sixteen thousand dollars ($16,000) if married, regardless of the amount of adjusted gross income.

(b) If a husband and wife have for the taxable year an adjusted gross income from all sources in excess of twelve thousand dollars ($12,000) or a gross income from all sources in excess of sixteen thousand dollars ($16,000), each shall make a return or the income of each shall be included on a single joint return as otherwise provided in this article.

18503. If an individual is unable to make a return, the return shall be made by a duly authorized agent or by the guardian, fiduciary, conservator, or other person charged with the care of the person or property of the individual.

18504. Every resident or nonresident who is taxable upon income of an estate or trust shall include that income in his or her gross income.

18505. (a) Every fiduciary (except a receiver appointed by authority of law in possession of part only of the property of an individual) taxable under Part 10 (commencing with Section 17001) shall make a return, which shall contain or be verified by a written declaration that it is made under the penalties of perjury, for any of the following taxpayers for whom he or she acts, stating specifically the items of gross income of the taxpayer and the deductions and credits allowed:

(1) Every individual having an adjusted gross income for the taxable year in excess of six thousand dollars ($6,000), if single.

(2) Every individual having an adjusted gross income for the taxable year in excess of twelve thousand dollars ($12,000), if married.

(3) Every individual having a gross income for the taxable year in excess of eight thousand dollars ($8,000), regardless of the amount of adjusted gross income.

(4) Every estate the net income of which for the taxable year is in excess of one thousand dollars ($1,000).

(5) Every trust (not treated as a corporation under Section 23038) the net income of which for the taxable year is in excess of one hundred dollars ($100).

(6) Every estate or trust (not treated as a corporation under Section 23038) the gross income of which for the taxable year is in excess of eight thousand dollars ($8,000), regardless of the amount of the net income.

(7) Every decedent, for the year in which death occurred, and for prior years, if returns for those years should have been filed but have not been filed by the decedent, under the rules and regulations that the Franchise Tax Board may prescribe.

(b) The fiduciary of any estate or trust required to file a return under subdivision (a), for any taxable year shall, on or before the date on which that return was required to be filed, furnish to each beneficiary (or nominee thereof) a statement in accordance with the provisions of Section 6034A of the Internal Revenue Code.

18506. A trust that qualifies under Section 401 (a) of the Internal Revenue Code and which is exempt is not required to file a return unless it changes the character of its organization, the purpose for which it was organized, or its method of operation or unless the trust has unrelated business taxable income. Where an exempt trust has unrelated business taxable income which exceeds one thousand dollars ($1,000) it shall file a return, verified by an executive officer under penalties of perjury in the form prescribed by the Franchise Tax Board on or before the 15th day of the fourth month following the close of the taxable year.

18507. If the requirements of Section 18501 do not apply, any individual who is a nonresident for all or any portion of the taxable

year shall be required to file a return, regardless of the amount of his or her adjusted gross income, if he or she is required to pay any tax pursuant to Part 10 (commencing with Section 17001).

18508. Under the rules and regulations that the Franchise Tax Board may prescribe, a return filed by one of two or more joint fiduciaries is sufficient. The fiduciary filing the return, which shall contain or be verified by a written declaration that it is made under the penalties of perjury, shall state both of the following:

(a) That he or she has sufficient knowledge of the affairs of the taxpayer for whom the return is made to enable him or her to make the return.

(b) That the return is, to the best of his or her knowledge and belief, true and correct.

18509. Any fiduciary required to make a return under Section 18505 is subject to all the provisions of Part 10 (commencing with Section 17001) and this part that apply to individuals.

18510. For purposes of Sections 18501, 18505, and 18521, gross income shall be computed without regard to the exclusion provided for in Section 121 of the Internal Revenue Code, relating to the one-time exclusion of gain from the sale of principal residence by an individual who has attained age 55 years.

18521. (a) Except as otherwise provided in this article, an individual shall use the same filing status that he or she used on his or her federal income tax return filed for the same taxable year.

(b) Except as provided in subdivision (d), if a joint federal income tax return is filed for the taxable year, the income of each shall be included in a single joint return.

(c) Except as provided in subdivision (d), in the case of a husband and wife who file a joint federal income tax return, where either spouse was a nonresident for any portion of the taxable year, the husband and wife shall file a joint nonresident return.

(d) Notwithstanding subdivisions (b) and (c), and subject to the prohibitions of subdivision (e), a husband and wife may file separate returns if either spouse was either of the following during the taxable year:

(1) An active member of the armed forces or any auxiliary branch thereof.

(2) A nonresident for the entire taxable year who had no income from a California source.

(e) For any taxable year with respect to which a joint return has been filed, a separate return shall not be made by either spouse after the period for either to file a separate return has expired.

(f) A joint return may not be filed if the husband and wife have different taxable years; except that if their taxable years begin on the same day and end on different days because of the death of either or both, then a joint return may be made with respect to the taxable year of each. The above exception shall not apply if the surviving spouse remarries before the close of his or her taxable year, or if the taxable year of either spouse is a fractional part of a year under

Section 443(a) of the Internal Revenue Code.

(g) In the case of the death of one spouse or both spouses the joint return with respect to the decedent may be made only by the decedent's executor or administrator; except that, in the case of the death of one spouse, the joint return may be made by the surviving spouse if (1) no return for the taxable year has been made by the decedent, (2) no executor or administrator has been appointed, and (3) no executor or administrator is appointed before the last day prescribed by law for filing the return of the surviving spouse. If an executor or administrator of the decedent is appointed after the making of the joint return by the surviving spouse, the executor or administrator may disaffirm the joint return by making, within one year after the last day prescribed by law for filing the return of the surviving spouse, a separate return for the taxable year of the decedent with respect to which the joint return was made, in which case the return made by the survivor shall constitute his or her separate return.

18522. If an individual has filed a separate return for a taxable year for which a joint return could have been made by him or her and his or her spouse under Section 18521, and the time prescribed for filing the return for that taxable year has expired, that individual and his or her spouse may nevertheless make a joint return for that taxable year, provided a joint federal income tax return is made under the provisions of Section 6013(b) of the Internal Revenue Code. A joint return filed by the husband and wife in that case shall constitute the return of the husband and wife for that taxable year, and all payments, credits, refunds, or other repayments made or allowed with respect to the separate return of either spouse for that taxable year shall be taken into account in determining the extent to which the tax based upon the joint return has been paid.

18523. If a joint return is made under Section 18522, any election (other than the election to file a separate return) made by either spouse in his or her separate return for the taxable year with respect to the treatment of any income, deduction, or credit of the spouse shall not be changed in the making of the joint return where the election would have been irrevocable if the joint return had not been made.

18524. If a joint return is made under Section 18522 after the death of either spouse, the return with respect to the decedent may be made only by his or her executor or administrator.

18525. A joint return may be made under Section 18522 only if there is paid in full at or before the time of the filing of the joint return all of the following:

(a) All amounts previously assessed with respect to either spouse for that taxable year.

(b) All amounts shown as the tax by either spouse upon his or her separate return for that taxable year.

(c) Any amount determined, at the time of the filing of the joint return, as a proposed deficiency with respect to either spouse for that

taxable year if, prior to the filing, a notice under Section 19033 of the proposed deficiency has been mailed.

18526. A joint return may not be made under Section 18522 in any of the following situations:

(a) After the expiration of four years from the last date prescribed by law for filing the return for the taxable year (determined without regard to any extension of time granted to either spouse).

(b) After there has been mailed to either spouse, with respect to the taxable year, a notice of deficiency under Section 19033, if the spouse, as to that notice, files a protest under Section 19041 or appeal under Section 19045.

(c) After either spouse has commenced a suit in any court for the recovery of any part of the tax for that taxable year.

(d) After either spouse has entered into a closing agreement under Section 19441 with respect to the taxable year.

18527. For the purposes of Article 1 (commencing with Section 19301) of Chapter 6 (relating to refunds and credits), a joint return made under Section 18522 shall be deemed to have been filed on the last date prescribed for filing the return for the taxable year (determined without regard to any extension of time granted to either spouse).

18528. For the purposes of Sections 19057 to 19067, inclusive (relating to period of limitations upon assessment and collection), and for the purposes of Section 19131 (relating to delinquent returns), a joint return made under Section 18522 shall be deemed to have been filed in any of the following circumstances:

(a) Where both spouses filed separate returns prior to making the joint return, on the date the last separate return was filed (but not earlier than the last date prescribed by this part for filing the return of either spouse).

(b) Where one spouse filed a separate return prior to the making of the joint return, and the other spouse had six thousand dollars ($6,000) or less of adjusted gross income and eight thousand dollars ($8,000) or less of gross income for the taxable year, on the date of the filing of the separate return (but not earlier than the last date prescribed by law for the filing of the separate return).

(c) Where only one spouse filed a separate return prior to the making of a joint return and the other spouse had an adjusted gross income in excess of six thousand dollars ($6,000) or a gross income in excess of eight thousand dollars ($8,000) for the taxable year, on the date of the filing of the joint return.

18529. If a joint return is made under Section 18522, the period of limitations provided in Sections 19057 to 19067, inclusive, on the making of assessments and collecting taxes shall with respect to that return include one year immediately after the date of the filing of the joint return (computed without regard to Section 18528).

18530. Where the amount shown as the tax by the husband and wife on a joint return made under Section 18522 exceeds the aggregate of the amounts shown as the tax upon the separate return

of each spouse, each of the following shall apply:

(a) If any part of the excess is attributable to negligence or intentional disregard of rules and regulations (but without intent to defraud) at the time of the making of the separate return, then 20 percent of the total amount of the excess shall be assessed, collected and paid, in lieu of the 20 percent addition to the tax provided in subdivision (a) of Section 19164.

(b) If any part of the excess is attributable to fraud with intent to evade tax at the time of the making of the separate return, then 75 percent of the total amount of the excess shall be assessed, collected and paid, in lieu of the 75 percent addition to the tax provided in subdivision (b) of Section 19164.

18531. For the purposes of Chapter 9 (commencing with Section 19701) which relates to criminal penalties in the case of fraudulent returns, the term "return" includes a separate return filed by a spouse with respect to a taxable year for which a joint return is made under Section 18522 after the filing of the separate return.

18532. For the purposes of this article, the status as husband and wife of two individuals having taxable years beginning on the same day shall be determined as follows:

(a) If both have the same taxable year, then as of the close of that year.

(b) If one dies before the close of the taxable year of the other, then as of the time of the death.

18533. (a) Under regulations prescribed by the Franchise Tax Board, if —

(1) A joint return has been made under this chapter for a taxable year and on that return taxable income was understated by either the omission of an amount properly includable therein, or by erroneous deductions or credits, which is attributable to one spouse,

(2) The other spouse establishes that in signing the return he or she did not know of, and had no reason to know of, that understatement, and

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement of taxable income and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax for that taxable year attributable to that understatement,

then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) for that taxable year to the extent that the liability is attributable to that understatement of taxable income.

(b) For purposes of this section, the determination of the spouse to whom items of taxable income understatement are attributable shall be made without regard to community property laws.

(c) This section shall apply to all taxable years, but shall not apply to a year which has been closed by a statute of limitations, res judicata

or otherwise.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement.

(e) For purposes of this section, with respect to an omission of an item from income, "attributable to one spouse" may be determined by whether a spouse rendered substantial service in producing the item of income to which the understatement is attributable. If neither spouse rendered substantial services in producing that income, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

18534. (a) Under regulations prescribed by the Franchise Tax Board, if:

(1) An individual does not file a joint return for any taxable year,

(2) That individual does not include in gross income for that taxable year an item of community income properly includable therein,

(3) The individual establishes that he or she did not know of, and had no reason to know of, that item of community income, and

(4) Taking into account all facts and circumstances, it is inequitable to include that item of community income in that individual's gross income, then, for purposes of Part 10 (commencing with Section 17001) and this part, that item of community income shall be included in the gross income of the other spouse (and not in the gross income of the individual).

(b) The Franchise Tax Board may disallow the benefits of any community property law to any taxpayer with respect to any income if that taxpayer acted as if solely entitled to that income and failed to notify the taxpayer's spouse before the due date (including extensions) for filing the return for the taxable year in which the income was derived of the nature and amount of that income.

18535. (a) In lieu of electing nonresident partners filing a return pursuant to Section 18501 or 18507, the Franchise Tax Board may, pursuant to requirements and conditions set forth in forms and instructions, provide for the filing of a group return for electing nonresident partners by a partnership doing business in, or deriving income from, sources in California. The tax rate or rates applicable to each electing partner's distributive share shall be the highest marginal rate or rates provided by Part 10 (commencing with Section 17001). Except as provided in subdivision (b), no deductions shall be allowed except those necessary to determine each partner's distributive share, and no credits shall be allowed except those directly attributable to the partnership. As required by the Franchise Tax Board, the partnership as agent for the electing partners shall make the payments of tax, additions to tax, interest, and penalties otherwise required to be paid by the electing partners.

(b) Deductions provided by Chapter 5 (commencing with

Section 17501) of Part 10, attributable to earned income of a partner derived from a partnership filing a group return on behalf of electing nonresident partners under subdivision (a), shall be allowed if the partner certifies, in the form and manner as the Franchise Tax Board may prescribe, that he or she has no earned income from any other source.

(c) This section shall also be applicable to nonresident shareholders of a corporation which is treated as an "S corporation" under Chapter 4.5 (commencing with Section 23800) of Part 11. In that case, the provisions of subdivisions (a) and (b) are modified to refer to "shareholders" in lieu of "partners" and to "S corporation" in lieu of "partnership."

18542. Notwithstanding any other provision of law, the Franchise Tax Board may design tax returns to provide for the designation of contributions to specified funds, as otherwise provided by law, on a separate schedule which shall be attached to the primary return form.

18547. (a) Any person required to register a tax shelter with the Secretary of the Treasury under Section 6111 of the Internal Revenue Code shall, if that tax shelter is organized in California, be required to send a duplicate of that registration information to the Franchise Tax Board not later than the day on which the first offering for sale of interests in that tax shelter occurs.

(b) Any person required to register under Section 6111 of the Internal Revenue Code who receives a tax registration number from the Secretary of the Treasury shall, within 30 days after request by the Franchise Tax Board, file a statement of that registration number.

(c) Section 6111(b) of the Internal Revenue Code, relating to inclusion of tax shelter identification numbers on returns, shall be applicable.

18551. Section 13021 of the Unemployment Insurance Code sets forth requirements for the filing of returns and payment of tax by every employer required to withhold any personal income tax on wages.

18552. The Franchise Tax Board is authorized to require that information with respect to persons subject to the taxes imposed by Article 4 (commencing with Section 18631) of Chapter 2 (relating to tax withheld at source) as is necessary or helpful in securing proper identification of those persons.

18566. Returns filed under this article on the basis of the calendar year shall be filed on or before the 15th day of April following the close of the calendar year. Returns made on the basis of a fiscal year shall be filed on or before the fifteenth day of the fourth month following the close of the fiscal year.

18567. (a) The Franchise Tax Board may grant a reasonable extension of time for filing any return, declaration, statement or other document required by Part 10 (commencing with Section 17001) or this part in the manner and form as the Franchise Tax

Board may determine. Except for a taxpayer residing or traveling abroad, no extension shall be for more than six months. In the case of a taxpayer residing or traveling abroad, returns shall be filed no later than the 15th day of the sixth month following the close of the taxable year, unless the requirements for extension have been fulfilled on or before that date.

(b) An extension of time granted pursuant to this section or Section 21022 is not an extension of time for payment of tax required to be paid on or before the due date of the return without regard to extension. Underpayment of tax penalties shall be imposed as provided by law without regard to any extension granted under this section or Section 21022.

(c) A reasonable extension for payment of tax required by this part may be granted by the Franchise Tax Board whenever in its judgment good cause exists.

18570. (a) In the case of an individual who is serving as a member of the armed forces of the United States or any auxiliary branch thereof, or the merchant marine, beyond the boundaries of the United States, the Franchise Tax Board shall automatically grant, without application being made therefor, an extension of time, free from interest and penalties, for filing the return (except income withheld at source), for payment of the tax (except income withheld at source), for taking any of the steps required by Sections 19041, 19045, 19306, 19324, and 19331, until 180 days after his or her return to the United States.

(b) "United States," as used in subdivision (a), means the 50 states of the United States and the District of Columbia.

(c) This section shall also apply to the spouse of any individual described in subdivision (a).

18571. (a) The provisions of Section 7508 of the Internal Revenue Code, relating to time for performing certain acts postponed by reason of service in combat zone, shall apply.

(b) Section 7508(e)(1) of the Internal Revenue Code, relating to tax in jeopardy, etc., is modified to refer to jeopardy assessments and liens authorized under this part, in lieu of the references to Section 6851 and Chapter 70 or 71 of the Internal Revenue Code.

(c) Notwithstanding Section 17034, this section shall be operative without regard to taxable years and shall be operative with respect to any actions specified in Section 18570 that are required or permitted to be taken on or after August 2, 1990.

Article 2. Banks and Corporations

18601. (a) Except as provided in subdivision (b) or (c), every taxpayer subject to the tax imposed by Part 11 (commencing with Section 23001) shall, within two months and 15 days after the close of its income year, transmit to the Franchise Tax Board a return in a form prescribed by it, specifying for the income year, all the facts as it may by rule, or otherwise, require in order to carry out this part.

A tax return, disclosing net income for any income year, filed pursuant to Chapter 2 (commencing with Section 23101) or Chapter 3 (commencing with Section 23501) of Part 11 shall be deemed filed pursuant to the proper chapter of Part 11 for the same income period, if the chapter under which the return is filed is determined erroneous.

(b) In the case of cooperative associations described in Section 24404, returns shall be filed on or before the 15th day of the ninth month following the close of its income year.

(c) In the case of taxpayers, other than taxpayers described in subdivision (d), which dissolve or withdraw, each taxpayer shall within two months and 15 days after the close of the month in which the dissolution or withdrawal takes place, transmit to the Franchise Tax Board a return in a form prescribed by it, specifying for the period involved, all such facts as it may by rule, or otherwise, require in order to carry out this part.

(d) In the case of taxpayers filing under Chapter 17 (commencing with Section 25101) of Part 11 as part of a unitary business, each taxpayer shall file with the Franchise Tax Board, within two months and 15 days after the close of the income year of the unitary group within which dissolution or withdrawal takes place, a return in a form prescribed by it specifying for the period involved, all the facts as it may by rule, or otherwise require, in order to carry out Part 11 (commencing with Section 23001).

18602. In the event that taxes, interest, and penalties have been or shall be assessed against, paid by, or collected from a corporation under Chapter 2 (commencing with Section 23101) of Part 11, which assessment, payment, or collection should have been made under Chapter 3 (commencing with Section 23501) of Part 11, those taxes, interest, and penalties shall be considered as having been assessed, paid, or collected under Chapter 3 (commencing with Section 23501) of Part 11 as of the date or dates they were made.

18604. (a) The Franchise Tax Board may grant a reasonable extension of time for filing any return, declaration, statement, or other document required by Part 11 (commencing with Section 23001), in the manner and form as the Franchise Tax Board may determine. No extension or extensions shall aggregate more than seven months from the due date for filing the return.

(b) An extension for the filing of the return of taxes imposed by Part 11 (commencing with Section 23001) shall be allowed any bank or corporation if, in the manner and at the time as the Franchise Tax Board may prescribe, that bank or corporation pays, on or before the date prescribed for payment of the tax, the amount properly estimated as provided in Section 19023 or 19024.

(c) An extension of time granted pursuant to this section is not an extension of time for payment of tax required to be paid on or before the due date of the return without regard to extension. Underpayment of tax penalties shall be imposed as provided by law without regard to any extension granted under this section.

18605. A reasonable extension of time for filing a return, statement, or other document required under Section 23772 or 23774 may be granted by the Franchise Tax Board whenever in its judgment good cause exists. The Franchise Tax Board may prescribe rulings and regulations as are necessary and reasonable to carry out this section.

18606. (a) In cases where receivers, trustees in a case under Title 11 of the United States Code, or assignees are operating the property or business of a bank or corporation those receivers, trustees, or assignees shall make returns for that bank or corporation in the same manner and form as that bank or corporation is required to make a return.

(b) Any tax due on the basis of returns made by receivers, trustees, or assignees shall be collected in the same manner as if collected from the bank or corporation of whose business or property they have custody and control.

Article 3. General Provisions Applicable to All Persons

(e) (1) In the case of any disposition of a California real property interest by a person (but not a partnership as determined in accordance with Subchapter K of Chapter 1 of Subtitle A of the Internal Revenue Code, or a corporation), when the return required to be filed with the Secretary of the Treasury under Section 6045(e) of the Internal Revenue Code indicates, or the authorization for the disbursement of the transaction's funds instructs, that the funds be disbursed either to a transferor with a last known street address outside the boundaries of this state at the time of the transfer of the title to the California real property or to the financial intermediary of the transferor, the transferee shall be required to withhold an amount equal to 3⅓ percent of the sales price of the California real property conveyed.

(2) In the case of any disposition of a California real property interest by a corporation, the transferee shall be required to withhold an amount equal to 3⅓ percent of the sales price of the California real property conveyed, if the corporation immediately after the transfer of the title to the California real property has no permanent place of business in California. For purposes of this subdivision, a corporation has no permanent place of business in California if all of the following apply:

(A) It is not organized and existing under the laws of California.

(B) It does not qualify with the office of the Secretary of State to transact business in California.

(C) It does not maintain and staff a permanent office in California.

(3) Notwithstanding any other provision of this subdivision, all of the following shall apply:

(A) No transferee shall be required to withhold any amount under this subdivision if the sales price of the California real property conveyed does not exceed one hundred thousand dollars ($100,000).

(B) No transferee shall be required to withhold any amount under this subdivision unless written notification of the withholding requirements of this subdivision has been provided by the real estate escrow person.

(C) No transferee shall be required to withhold under this subdivision when the transferor is a bank acting as trustee other than a trustee of a deed of trust.

(D) No transferee shall be required to withhold under this subdivision when the transferee is a bank or corporate beneficiary under a mortgage or beneficiary under a deed of trust and the California real property is acquired in judicial or nonjudicial foreclosure or by a deed in lieu of foreclosure.

(E) No transferee shall be required to withhold any amount

under this subdivision if the transferee, in good faith and based on all the information of which he or she has knowledge, relies on a written certificate executed by the transferor, certifying under penalty of perjury, any of the following:

(i) That the transferor is a resident of California.

(ii) That the California real property being conveyed is the principal residence of the transferor, within the meaning of Section 1034 of the Internal Revenue Code.

(iii) The transferor, if a corporation, has a permanent place of business in California.

(4) (A) At the request of the transferor, the Franchise Tax Board may authorize that a reduced amount or no amount be withheld under this subdivision if the Franchise Tax Board determines that to substitute a reduced amount or no amount shall not jeopardize the collection of tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001). If the transferor provides documentation sufficient for the Franchise Tax Board to determine the actual gain required to be recognized on the transaction, the Franchise Tax Board may authorize a reduced amount based on the amount of the gain, as determined, which will result in a sum which is substantially equivalent to the amount of tax reasonably estimated to be due under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) from the inclusion of the gain in the gross amount of the transferor.

(B) Within 45 days after receiving a request that a reduced amount or no amount be withheld, the Franchise Tax Board shall either authorize a reduced amount or no amount, or deny the request.

(C) In the case where the parties to the transaction are requesting that a reduced amount or no amount be withheld and the response by the Franchise Tax Board to the request has not been received at the time title to the California real property is transferred, the parties may direct the real estate escrow person to hold in trust for 45 days the amount required to be withheld under this subdivision. The parties shall instruct the real estate escrow person that at the end of 45 days the real estate escrow person shall remit the amount withheld to the Franchise Tax Board in accordance with this section, unless the Franchise Tax Board has authorized that a reduced amount or no amount be withheld.

(5) Amounts withheld and payments made in accordance with this subdivision shall be reported and remitted to the Franchise Tax Board in the form and at the time as the Franchise Tax Board shall determine.

(6) "California real property interest" means an interest in real property located in California and defined in Section 897(c)(1)(A)(i) of the Internal Revenue Code.

(7) For purposes of this subdivision, "financial intermediary" means an agent for the purpose of receiving and transferring funds to a principal.

(8) For purposes of this subdivision, "real estate escrow person" means any of the following persons involved in the real estate transaction:

(A) The person (including any attorney, escrow company, or title company) responsible for closing the transaction.

(B) If no other person described in subparagraph (A) is responsible for closing the transaction, then any other person who receives and disburses the consideration or value for the interest or property conveyed.

(9) (A) Unless the real estate escrow person provides "assistance," it shall be unlawful for any real estate escrow person to charge any customer for complying with the requirements of this subdivision.

(B) For purposes of this paragraph, "assistance" includes, but is not limited to, helping the parties clarify with the Franchise Tax Board the issue of whether withholding is required under this subdivision, helping the parties request that the Franchise Tax Board authorize a reduced amount or no amount be withheld under this subdivision, or, upon request of the parties, withholding an amount under this subdivision and remitting the amount to the Franchise Tax Board.

(C) For purposes of this paragraph, "assistance" does not include providing the written notification of the withholding requirements of this subdivision, or providing the certification that either:

(i) The transferor is a resident of California or that the California real property being conveyed is the transferor's principal residence.

(ii) The transferor, if a corporation, has a permanent place of business in California.

(D) In a case where the real estate escrow person provides "assistance" in complying with the withholding requirements of this subdivision, it shall be unlawful for the real estate escrow person to charge any customer a fee that exceeds forty-five dollars ($45).

(10) For purposes of this subdivision, "sales price" means the sum of all of the following:

(A) The cash paid, or to be paid. The term "cash paid, or to be paid" does not include stated or unstated interest or original issue discount (as determined by Sections 1271 to 1275, inclusive, of the Internal Revenue Code).

(B) The fair market value of other property transferred, or to be transferred.

(C) The outstanding amount of any liability assumed by the transferee or to which the California real property interest is subject immediately before and after the transfer.

(f) Whenever any person has withheld any amount pursuant to this section, the amount so withheld shall be held in trust for the State of California. The amount of the fund shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations (including penalties) as are applicable with respect to the taxes imposed by Part 10 (commencing with Section 17001), Part 11

(commencing with Section 23001), or this part.

18663. (a) The Franchise Tax Board shall annually (or more often if necessary) prepare and make available to the Employment Development Department, wage withholding tables which shall be used by every employer making payment of any wages to a resident employee for services performed either within or without this state; or to a nonresident employee for services performed in this state, to deduct and withhold from those wages for each payroll period, a tax computed in a manner as to produce, so far as practicable, with due regard to the credits for personal exemptions allowable under Section 17054, a sum which is substantially equivalent to the amount of tax reasonably estimated to be due under Part 10 (commencing with Section 17001) resulting from the inclusion in the gross income of the employee the wages which were subject to withholding.

(b) (1) For supplemental wages paid on or after January 1, 1992, the rate of withholding that may be applied to supplemental wages in lieu of the wage withholding tables specified in subdivision (a) shall be 6 percent.

(2) For purposes of this subdivision, "supplemental wages" includes, but is not limited to, bonus payments, overtime payments, commissions, sales awards, back pay including retroactive wage increases, and reimbursements for nondeductible moving expenses that are paid for the same or a different period, or without regard to a particular period.

18664. (a) The Franchise Tax Board shall implement a pilot project of withholding on payments to independent contractors doing business with state agencies. The purpose of the pilot project is to withhold income taxes on payments to independent contractors in a manner similar to current withholding on wages.

(b) The Franchise Tax Board may require the Controller or any officer or department of the state or any agency of the state to withhold an amount, as prescribed in subdivision (c), on all payments made pursuant to a contract between the state and any person other than a corporation, for which the primary purpose is the providing of personal services to the state and for which the total price of the contract exceeds six hundred dollars ($600). For purposes of this section, "personal services" does not include services rendered as part of a construction contract. The amount withheld shall be transmitted to the Franchise Tax Board at the time and in a manner that the Franchise Tax Board may require.

(c) The amount to be withheld shall be 1 percent of each payment under the contract. That percentage is deemed to take into account the trade or business expenses allowable under Part 10 (commencing with Section 17001). In lieu of this, the contractor may elect that the amount to be withheld be 3 percent of each payment under the contract less a reasonable allowance for trade or business expenses allowable under Part 10 (commencing with Section 17001). The contractor shall demonstrate the reasonableness of the allowance for trade or business expenses to the Franchise Tax Board in a manner

that the Franchise Tax Board may require.

(d) The Franchise Tax Board shall develop and publish forms and procedures for reporting and remitting payments made and taxes withheld under this section.

(e) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1995, deletes or extends that date.

18665. Unless otherwise specifically provided, the provisions of any law effecting changes in withholding shall begin with withholding in the calendar year succeeding the year the provision was chaptered, or the provision is operative, whichever is later.

18666. (a) Section 1446 of the Internal Revenue Code shall apply to the extent that the amounts represent income from California sources, except as otherwise provided.

(b) (1) The rate of tax referred to in Section 1446(b) (2) (A) of the Internal Revenue Code shall be the maximum tax rate specified in Section 17041, rather than the rate specified in Section 1 of the Internal Revenue Code.

(2) The rate of tax referred to in Section 1446(b) (2) (B) of the Internal Revenue Code shall be the rate specified in Section 23151, 23181, or 23183, as applicable, rather than the rate specified in Section 11 of the Internal Revenue Code.

18667. The Franchise Tax Board may require employers to submit copies of income tax withholding exemption certificates. If the Franchise Tax Board determines that a certificate is invalid for state income tax purposes, the Franchise Tax Board shall notify the employer and the affected employee of its determination. An employee who disagrees with the Franchise Tax Board's determination may request review of the determination by filing a written petition in the form and within the time prescribed by the Franchise Tax Board. After review, the Franchise Tax Board shall give written notification of its decision to both the employer and the employee.

18668. (a) Every person required under this article to deduct and withhold any tax is hereby made liable for that tax, to the extent provided by this section and, insofar as they are not inconsistent with this article, all the provisions of this part relating to penalties, interest, assessment, and collections shall apply to persons subject to this part, and for these purposes any amount required to be deducted and paid to the Franchise Tax Board under this article shall be considered the tax of the person. Any person who fails to withhold from any payments any amount required to be withheld under this article is liable for the amount withheld or the amount of taxes due from the taxpayer to whom the payments are made but not in excess of the amount required to be withheld, whichever is more, unless it is shown that the failure to withhold is due to reasonable cause.

(b) If any amount required to be withheld under this article is not paid to the Franchise Tax Board on or before the due date required by regulations, interest shall be assessed at the adjusted annual rate

established pursuant to Section 19521, computed from the due date to the date paid.

(c) Whenever any person has withheld any amount pursuant to this article, the amount so withheld shall be held to be a special fund in trust for the State of California.

(d) In lieu of the amount provided for in subdivision (a), unless it is shown that the failure to withhold is due to reasonable cause, whenever any transferee is required to withhold any amount pursuant to subdivision (e) of Section 18662, the transferee is liable for the greater of the following amounts for failure to withhold only after the transferee, as specified, is notified in writing of the requirements under subdivision (e) of Section 18662:

(1) Five hundred dollars ($500).

(2) Ten percent of the amount required to be withheld under subdivision (e) of Section 18662.

(e) (1) Unless it is shown that the failure to notify is due to reasonable cause, the real estate escrow person shall be liable for the amount specified in subdivision (d), when written notification of the withholding requirements of subdivision (e) of Section 18662 is not provided to the transferee and the California real property disposition is subject to withholding under subdivision (e) of Section 18662.

(2) The real estate escrow person shall provide written notification to the transferee in substantially the same form as follows:

"In accordance with Section 18662 of the Revenue and Taxation Code, a buyer may be required to withhold an amount equal to 3⅓ percent of the sales price in the case of a disposition of California real property interest by either:

1. A seller who is an individual with a last known street address outside of California or when the disbursement instructions authorize the proceeds to be sent to a financial intermediary of the seller, OR

2. A corporate seller which has no permanent place of business in California.

The buyer may become subject to penalty for failure to withhold an amount equal to the greater of 10 percent of the amount required to be withheld or five hundred dollars ($500).

However, notwithstanding any other provision included in the California statutes referenced above, no buyer will be required to withhold any amount or be subject to penalty for failure to withhold if:

1. The sales price of the California real property conveyed does not exceed one hundred thousand dollars ($100,000), OR

2. The seller executes a written certificate, under the penalty of perjury, certifying that the seller is a resident of California, or if a corporation, has a permanent place of business in California, OR

3. The seller, who is an individual, executes a written certificate, under the penalty of perjury, that the California real property being

conveyed is the seller's principal residence (as defined in Section 1034 of the Internal Revenue Code)."

The seller is subject to penalty for knowingly filing a fraudulent certificate for the purpose of avoiding the withholding requirement.

The California statutes referenced above include provisions which authorize the Franchise Tax Board to grant reduced withholding and waivers from withholding on a case-by-case basis.

(3) The real estate escrow person shall not be liable under this subdivision, if the tax due as a result of the disposition of California real property is paid by the original or extended due date of the transferor's return for the taxable or income year in which the disposition occurred.

(4) The real estate escrow person and the transferee shall not be liable under paragraph (1) or subdivision (d), if the failure to withhold is the result of the real estate escrow person's reliance, based on good faith and on all the information of which he or she has knowledge, upon a written certificate executed by the transferor under penalty of perjury certifying to any of the following:

(A) That the transferor is a resident of California.

(B) That the California real property being conveyed is the principal residence of the transferor within the meaning of Section 1034 of the Internal Revenue Code.

(C) The transferor, if a corporation, has a permanent place of business in California.

(5) Any transferor who for the purpose of avoiding the withholding requirements of subdivision (e) of Section 18662 knowingly executes a false certificate pursuant to this subdivision shall be liable for twice the amount specified in subdivision (d).

(6) Unless the failure to notify is due to willful disregard of the withholding requirements of subdivision (e) of Section 18662, the real estate escrow person shall not be liable under this subdivision if the disposition of California real property occurs prior to July 1, 1991.

(f) The amount of tax required to be deducted and withheld under this article shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations (including penalties) as are applicable with respect to the taxes imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

18669. (a) Whenever any payer required to deduct and withhold tax under this article sells, transfers, dissolves, withdraws, terminates, or otherwise disposes of the business or a substantial portion of its assets, the successors (including assigns, purchasers, heirs, distributees, beneficiaries, or other persons acquiring either a substantial portion of the assets or the business) shall withhold in trust a sufficient part of the purchase price or set aside in trust money or property to cover the amount of the taxes required to be withheld and any interest or penalties with respect thereto which are due or unpaid by the payer. The money, property or portion of the purchase price shall be held in trust until a certificate is issued by the Franchise

Tax Board stating that no amount of such tax, interest, or penalties are due or unpaid from the payer.

(b) Upon written request by the successor, the Franchise Tax Board shall, within 60 days, issue a certificate or a statement showing the amount of tax, interest, and penalties due from the payer. Except as provided in subdivision (c), failure to issue a certificate or statement within the 60-day period shall be deemed equivalent to the issuance of a certificate stating that no tax, interest, or penalties are due. If the Franchise Tax Board issues a statement showing that taxes, interest, and penalties are claimed to be due, the amount stated therein (not in excess of the fair market value of the assets or business acquired) shall be paid by the successor to the Franchise Tax Board within (1) 30 days after the statement is mailed or delivered to the successor, or (2) on the day the business or assets are acquired, whichever occurs last. If a request for a certificate is not made by the successor, the amount of tax, interest, or penalties due or unpaid by the payer shall be paid by the successor to the Franchise Tax Board on the day the business or assets are acquired. If a successor fails to pay the amount required by this section by the time prescribed in this subdivision, a penalty of 10 percent of the amount payable shall be levied.

(c) The issuance of a certificate stating that no taxes, interest, and penalties are due, or the failure to issue the certificate or statement within the period of 60 days shall not release the payer from liability on account of any taxes, interest, and penalties then or thereafter determined to be due from him or her, but shall release the successor from any further liability on account of any such taxes, interest, and penalties. Payment by the successor pursuant to subdivision (b) shall not release the payer from liability except to the extent of the amount paid by the successor.

(d) Any successor that fails to withhold money or other property or fails to pay the amount or value of the property withheld as provided in this section shall be personally liable for the payment of the taxes, interest, and penalties due from the payer up to but not exceeding the fair market value of the assets or business acquired. The Franchise Tax Board shall have all of the remedies for collection against any successor that acquires the business or substantially all the assets thereof of a payer as provided by this part against any payer liable for taxes, interest, and penalties. The time within which the obligation may be enforced against the successor acquiring the business or substantially all the assets thereof of a payer shall commence from (1) the date the successor acquires the assets or business, (2) the date an assessment against the successor payer becomes final, or (3) 31 days after the statement is mailed or delivered to the successor if a certificate is requested by the successor as provided in subdivision (b), whichever of the three events is later.

18670. (a) The Franchise Tax Board may by notice, served personally or by first-class mail, require any employer, person, officer or department of the state, political subdivision or agency of the

state, including the Regents of the University of California, a city organized under a freeholders' charter, or a political body not a subdivision or agency of the state, having in their possession, or under their control, any credits or other personal property or other things of value, belonging to a taxpayer or to an employer or person who has failed to withhold and transmit amounts due pursuant to this article, to withhold, from the credits or other personal property or other things of value, the amount of any tax, interest, or penalties due from the taxpayer or the amount of any liability incurred by that employer or person for failure to withhold and transmit amounts due from a taxpayer under this part and to transmit the amount withheld to the Franchise Tax Board at the times that it may designate. However, in the case of a depository institution, as defined in Section 19(b) of the Federal Reserve Act (12 U.S.C.A. Sec. 461(b)(1)(A)), amounts due from a taxpayer under this part shall be transmitted to the Franchise Tax Board not less than 10 business days from receipt of the notice. To be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch or office reported in information returns filed with the Franchise Tax Board, or the branch or office where the credits or other property is held, unless another branch or office is designated by the employer, person, officer or department of the state, political subdivision or agency of the state, including the Regents of the University of California, a city organized under a freeholders' charter or a political body not a subdivision or agency of the state.

(b) (1) At least 45 days before sending a notice to withhold to the address indicated on the information return, the Franchise Tax Board shall request a depository institution to do either of the following:

(A) Verify that the address on its information return is its designated address for receiving notices to withhold.

(B) Provide the Franchise Tax Board with a designated address for receiving notices to withhold.

(2) Once the depository institution has specified a designated address pursuant to paragraph (1), the Franchise Tax Board shall send all notices to that address unless the depository institution provides notification of another address. The Franchise Tax Board shall send all notices to withhold to a new designated address 30 days after notification.

(3) Failure to verify or provide a designated address within 30 days of receiving the request shall be deemed verification of the address on the information return as the depository institution's designated address.

(c) Any bank, corporation, or person failing to withhold the amounts due from any taxpayer and transmit them to the Franchise Tax Board after service of the notice shall be liable for those amounts. However, in the case of a depository institution, if a notice to withhold is mailed to the branch where the account is located or principal banking office, the depository institution shall be liable for

a failure to withhold only to the extent that the accounts can be identified in information normally maintained at that location in the ordinary course of business.

18671. (a) Subject to the limitations in subdivisions (b) and (c), the Franchise Tax Board, may, by notice, served personally or by first-class mail, require any person, officer, department of the state, or political subdivision or agency of the state including the Regents of the University of California, a city organized under a freeholder's charter, or a political body not a subdivision or agency of the state, to withhold the amount of any tax, interest, or penalties due from a taxpayer, or the amount due from an employer or person who has failed to withhold and transmit amounts due pursuant to this article, from any payments due the taxpayer, employer, or person and from any payments becoming due the taxpayer, employer, or person after receipt of the notice. The amounts withheld shall be transmitted to the Franchise Tax Board at those times as it may designate.

(b) The effect of a levy made pursuant to subdivision (a) shall be continuous from the date the notice is received until the amount due stated on the notice has been withheld, until the notice has been withdrawn, or until one year after the date the notice is received, whichever occurs first.

(c) The amount required to be withheld pursuant to a notice issued under subdivision (a) is the lesser of the amount due stated on the notice, or either of the following:

(1) If the taxpayer, employer, or person is not a natural person, 100 percent of the amount of each payment due or becoming due the taxpayer, employer, or person during the period the levy is in effect as provided in subdivision (b).

(2) If the taxpayer, employer, or person is a natural person, 25 percent of the amount of each payment due or becoming due the taxpayer, employer, or person during the period the levy is in effect as provided in subdivision (b).

(d) For purposes of this section, the term "payments" does not include earnings as defined in subdivision (a) of Section 706.011 of the Code of Civil Procedure or funds in a deposit account as defined in Section 9105 of the Commercial Code. The term "payments" does include any of the following:

(1) Payments due for services of independent contractors, dividends, rents, royalties, residuals, patent rights, mineral, or other natural resource rights.

(2) Payments or credits due or becoming due as a result of written or oral contracts for services or sales whether denominated as wages, salary, commission, bonus, or otherwise.

(3) Any other payments or credits due or becoming due periodically as a result of an enforceable obligation to the taxpayer, employer, or person.

18672. Any employer or person failing to withhold the amount due from any taxpayer and to transmit the same to the Franchise Tax Board after service of a notice pursuant to Section 18670 or 18671 is

liable for those amounts.

18674. (a) Any employer or person required to withhold and transmit any amount pursuant to this article shall comply with the requirement without resort to any legal or equitable action in a court of law or equity. Any employer or person paying to the Franchise Tax Board any amount required by it to be withheld is not liable therefor to the person from whom withheld unless the amount withheld is refunded to the withholding agent. However, if a depository institution, as defined in 12 U.S.C. Sec. 461 (b) (1) (A) withholds and pays to the Franchise Tax Board pursuant to this article any moneys held in a deposit account in which the delinquent taxpayer and another person or persons have an interest, or in an account held in the name of a third party or parties in which the delinquent taxpayer is ultimately determined to have no interest, the depository institution paying those moneys to the Franchise Tax Board is not liable therefor to any of the persons who have an interest in the account, unless the amount withheld is refunded to the withholding agent.

(b) In the case of a deposit account or accounts for which this notice to withhold applies, the depository institution shall send a notice by first-class mail to each person named on the account or accounts included in the notice from the Franchise Tax Board, provided that a current address for each person is available to the institution. This notice shall inform each person as to the reason for the hold placed on the account or accounts, the amount subject to being withheld, and the date by which this amount is to be remitted to the Franchise Tax Board. An institution may assess the account or accounts of each person receiving this notice a reasonable service charge not to exceed three dollars ($3).

(c) Any employer or person required under this article to withhold payments from a taxpayer may file an action in interpleader when a bona fide dispute has arisen as to priority of lien between the tax levied under this part and that of a federal taxing agency.

18675. Any person from whom a tax is collected by withholding under this article or under Section 13020 of the Unemployment Insurance Code is entitled to the remedies set forth in Articles 1 (commencing with Section 19301) and 3 (commencing with Section 19381) of Chapter 6. Any refund of the tax under Chapter 6 (commencing with Section 19301) shall be made to the withholding agent instead of directly to the taxpayer, if requested in writing by the withholding agent at the time the amounts refundable were transmitted to the Franchise Tax Board.

18676. Whenever, under any provision of this article, service is authorized upon the state of any notice to withhold, unless expressly exempted from the provisions of this section, the service to be effective must, in addition to any other requirements, be made on the state agency owing the obligation prior to the time the agency presents the claim for payment thereof to the Controller.

18677. (a) For purposes of this article, if a lender, surety, or other person, who is not an employer under those sections with respect to an employee or group of employees, pays wages directly to such an employee or group of employees, employed by one or more employers, or to an agent on behalf of the employee or employees, the lender, surety, or other person shall be liable in his or her own person and estate to this state in a sum equal to the taxes (together with interest) required to be deducted and withheld from the wages by the employer.

(b) If a lender, surety, or other person supplies funds to or for the account of an employer for the specific purpose of paying wages of the employees of the employer, with actual notice or knowledge that the employer does not intend to or will not be able to make timely payment or deposit of the amounts of tax required by this part to be deducted and withheld by the employer from those wages, the lender, surety, or other person shall be liable in his or her own person and estate to the State of California in a sum equal to the taxes (together with interest) which are not paid over to this state by the employer with respect to the wages. However, the liability of the lender, surety, or other person shall be limited to an amount equal to 25 percent of the amount so supplied to or for the account of the employer for that purpose.

(c) Any amounts paid to this state pursuant to this section shall be credited against the liability of the employer.

CHAPTER 3. VOLUNTARY CONTRIBUTIONS

Article 1. California Election Campaign Fund

18701. This article shall be known and may be cited as the California Election Campaign Fund Act.

18702. The Legislature finds and declares:

(a) Candidates are now frequently dependent on large contributions from wealthy individuals and interest groups for campaign financing. Individuals and interest groups who make large contributions thus may enjoy disproportionate access to public officials and influence in government decisionmaking. Large contributions may also impede the solicitation of small contributions.

(b) This act seeks to reduce candidate dependence on large contributions and the excessive influence of large contributors, by providing qualified political parties with a campaign fund based on small contributions, which fund shall be used to assist candidates under the direction of the state parties and certain of their elected representatives.

18703. (a) Every individual, who is lawfully able to make contributions to qualified political parties in California, may designate the payment of one dollar ($1), five dollars ($5), ten dollars ($10), or twenty-five dollars ($25), in addition to his or her income tax liability to be paid over to the California Election

Campaign Fund in accordance with the provisions of this article. In the case of a joint return of individuals, each spouse may separately designate that one dollar ($1), five dollars ($5), ten dollars ($10), or twenty-five dollars ($25), shall be paid to that fund.

(b) For the purposes of subdivision (a), the California income tax liability of an individual for any taxable year is the amount of his or her total income tax liability for that taxable year pursuant to the applicable provisions of this code.

(c) If an individual chooses to contribute an amount as provided for in subdivision (a) to the California Election Campaign Fund under subdivision (a), he or she shall designate on the applicable California tax return which of the qualified political parties of the State of California the contribution shall benefit. The Franchise Tax Board shall revise the forms for reporting California tax liability in accordance with this section.

18704. (a) There is hereby established in the State Treasury a special fund to be known as the California Election Campaign Fund (hereafter referred to as "the fund"), to which the Controller shall transfer an amount not in excess of the sum of the amounts certified by the Franchise Tax Board under subdivision (b). There is hereby appropriated to the fund for each fiscal year from the General Fund, an amount equal to the sum of the amounts so certified during each fiscal year, which shall remain available to the fund without fiscal year limitation; provided, however, that the Controller and the Franchise Tax Board may designate a reasonable amount to be retained by the state from the fund in order to compensate the state for reasonable administrative expenses connected with the operation of the fund.

(b) (1) On or before July 1 of each year, the Franchise Tax Board shall certify to the Controller the total amount designated by April 15 of that year for the benefit of each qualified political party in accordance with this section. On or before July 15 of each year, the Controller shall pay to each qualified political party from the fund the amount so certified.

(2) The Chair of the State Central Committee of each qualified political party is hereby authorized to receive payments on behalf of that party from the fund.

18705. On or before each calendar year, the Secretary of State shall forward to the Franchise Tax Board a list of qualified political parties. Qualification in the State of California shall be determined in accordance with Section 6430 of the Elections Code from the most recent election for which officially canvassed results are available. Article 8. Designations to the California Breast Cancer Research Fund

18791. The Legislature finds and declares all of the following:

(a) Breast cancer is a devastating health condition which will affect one out of nine American women during their lifetimes. Every three minutes a woman is diagnosed with breast cancer and every 12 minutes a woman dies of breast cancer. In 1992, 182,000 women in the United States will be diagnosed with breast cancer and 46,300 will die from the disease. In 1992, nearly 19,000 California women will be diagnosed with breast cancer and 7,000 will die from the disease. Periodic mammography screening has reduced breast cancer mortality by almost 50 percent. Nearly 15 percent of early tumors are not detected on mammograms. Thirty percent of all tumors found on mammograms are missed due to poorly performed or misinterpreted tests. The direct and indirect costs concerning a breast cancer diagnosis exact a huge economic toll of eight billion dollars ($8,000,000,000) a year, with the impact on the health system, the loss of worktime, the loss of women employees and lives lost to a disease that bankrupts families emotionally and economically.

(b) There is no known cause, cure, or prevention at this time for breast cancer. Women are encouraged to screen themselves and be screened for breast cancer. According to some studies early detection through mammography reduces the rate of death from breast cancer by 30 to 50 percent. The state of breast cancer screening must be continually improved to identify breast tumors.

Current techniques for breast cancer screening include mammography, both film screen and xerography, and ultrasound.

(c) It is the intent of the Legislature in enacting this article, to establish a systematic program to conduct research regarding the cause, cure, and prevention of breast cancer. The outcome of this research may have direct effects and consequences on the development of a comprehensive system which may identify the cause, cure, and prevention of breast cancer as well as improving the screening, diagnoses and treatment of victims of breast cancer. This program shall award grants to eligible physicians, hospitals, laboratories, educational institutions, and other organizations and persons for the purpose of enabling organizations and persons to conduct research.

18792. For the purpose of this article, "research" shall include, but not be limited to, expenditures to develop and advance the understanding, techniques, and modalities effective in the prevention, cure, screening, and treatment of breast cancer.

18793. (a) Any individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Breast Cancer Research Fund, which is established by Section 18794.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation shall be made for any taxable year on the individual return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the individual's account, do not exceed the individual's liability, the return shall be treated as though no designation has been made. In the event that no designee is specified, the contribution shall be transferred to the General Fund, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and the administration of funds under this article.

(d) In the event an individual designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the forms of the return to include a space labeled the "California Breast Cancer Research Fund" to allow for the designation permitted. The forms shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to conduct research relating to the cure, screening, and treatment of breast cancer.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18794. There is in the State Treasury the California Breast Cancer Research Fund to receive contributions made pursuant to Section

18793. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money which taxpayers have designated pursuant to Section 18793 to be transferred to the California Breast Cancer Research Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Breast Cancer Research Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18793 for payment into that fund. It is the intent of the Legislature that the 1992 tax return include a space for the California Breast Cancer Research Fund to take the place of the United States Olympic Committee Fund, as it appeared on the 1990 tax return.

18795. All money transferred to the California Breast Cancer Research Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the State Department of Health Services. These funds shall be expended for the purpose of conducting research relating to the prevention, cure, screening, and treatment of breast cancer disease through contracts or grants developed and awarded as determined by the State Department of Health Services.

18796. (a) This article shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes that date, in which event subdivision (b) shall apply.

(b) If the repeal date specified in subdivision (a) has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c), as may be applicable, then this article is repealed with respect to taxable years beginning on and after January 1 of that calendar year. If necessary, for years after the repeal date in subdivision (a) is deleted, the Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(c) For each calendar year, beginning with calendar year 1993, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 4. PAYMENTS AND ASSESSMENTS

Article 1. Payment of Tax by All Persons

19001. Except as provided by Article 2 (commencing with Section 19021), the tax imposed under Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001) shall be paid at the time and place fixed for filing the return (determined without regard to any extension of time for filing the return).

19002. (a) The amount withheld under Article 5 (commencing with Section 18661) of Chapter 2 or Section 13020 of the Unemployment Insurance Code during any calendar year shall be allowed to the recipient of the income as a credit against the tax for the taxable year with respect to which the amount was withheld.

(b) In the case of a partnership or S corporation filing a group return as agent for electing nonresident partners or shareholders in accordance with Section 18535, for purposes of this part, the amount withheld under Article 5 (commencing with Section 18661) of Chapter 2 during any taxable year shall be allowed as a credit attributable to the partnership or S corporation on the group return for the taxable year with respect to which that amount was withheld.

(c) (1) For purposes of Section 19306, any tax actually deducted and withheld during any calendar year under Article 5 (commencing with Section 18661) of Chapter 2 or Section 13020 of the Unemployment Insurance Code shall, in respect of the recipient of the income, be deemed to have been paid on the last day prescribed for filing the return under Article 1 (commencing with Section 18501) or Article 2 (commencing with Section 18601) of Chapter 2 (without regard to any extension of time for filing the return), with respect to which the tax is allowable as a credit under subdivision (a) or (b).

(2) For purposes of Sections 19306 and 19340, any amount paid as estimated tax under Section 19025 or 19136 of this code or Section 13043 of the Unemployment Insurance Code for any taxable year shall be deemed to have been paid on the last day prescribed for filing the return under Article 1 (commencing with Section 18501) or Article 2 (commencing with Section 18601) of Chapter 2 (without regard to any extension of time for filing the return).

(d) Notwithstanding subdivision (b) or (c), for purposes of

Section 19306 with respect to any tax deducted and withheld under Article 5 (commencing with Section 18661) of Chapter 2 or Section 13020 of the Unemployment Insurance Code both of the following shall apply:

(1) If a return is filed before the due date for that return, the return shall be considered filed on the due date.

(2) If a tax with respect to an amount paid is paid before the due date for that return, the tax shall be considered paid on the due date.

(e) If any overpayment of income tax is claimed as a credit against estimated tax for the succeeding taxable year, that amount shall be considered as a payment of estimated tax in accordance with Section 19007, for the succeeding taxable year, and no claim for credit or refund of the overpayment shall be allowed for the taxable year in which the overpayment arises.

19004. A taxpayer may elect to pay the tax prior to the date prescribed for its payment.

19005. (a) The tax, and any interest and penalties, shall be paid to the Franchise Tax Board. Except as provided in Section 19029, remittances may be in the form of a check, payable to the Franchise Tax Board, at the time and in the manner as the Franchise Tax Board may prescribe. If a check is not paid by the bank on which it is drawn, the taxpayer tendering the check remains liable for the payment of the tax, and all interest and penalties, as if the check had not been tendered.

(b) Notwithstanding Title 1.3 (commencing with Section 1747) of Part 4 of Division 3 of the Civil Code, the Franchise Tax Board may allow remittances to be in the form of a credit account number and authorization to draw upon a specified credit account, at that time and under those conditions as the Franchise Tax Board may prescribe. Remittances in the form of an authorization to draw upon a specified credit account shall include an amount, not to exceed 2 percent of the balance otherwise due, for purposes of paying the discount rate associated with drawing upon the credit account.

(c) Remittances made pursuant to subdivision (b) may be drawn on an account with a financial institution which agrees to add the discount rate associated with the use of the credit account number to the credit card holder's billing. Remittances drawn as described in this subdivision shall not include an amount for purposes of paying the discount rate associated with drawing upon the credit account.

19006. (a) The spouse who controls the disposition of or who receives or spends community income as well as the spouse who is taxable on the income is liable for the payment of the taxes imposed by Part 10 (commencing with Section 17001) on that income.

(b) Whenever a joint return is filed by a husband and wife, the liability for the tax on the aggregate income is joint and several. The liability may be revised by a court in a proceeding for dissolution of the marriage of the husband and wife, provided:

(1) The order revising tax liability may not relieve a spouse of tax liability on income earned by or subject to the exclusive

management and control of the spouse. The liability of the spouse for the tax, penalties, and interest due for the taxable year shall be in the same ratio to total tax, penalties, and interest due for the taxable year as the income earned by or subject to the management and control of the spouse is to total gross income reportable on the return.

(2) The order revising tax liability:

(A) Must separately state the taxable years for which revision of tax liability is granted.

(B) Shall not revise a tax liability that has been fully paid prior to the effective date of the order; however, any unpaid amount may be revised.

(C) Shall become effective when the Franchise Tax Board is served with or acknowledges receipt of the order.

(D) Shall not be effective if the gross income reportable on the return exceeds fifty thousand dollars ($50,000) or the amount of tax liability the spouse is relieved of exceeds two thousand five hundred dollars ($2,500) unless a tax revision clearance certificate is obtained from the Franchise Tax Board and filed with the court.

(c) Notwithstanding subdivisions (a) and (b), whenever a joint return is filed by a husband and wife and the tax liability is not fully paid, that liability, including interest and penalties, may be revised by the Franchise Tax Board as to one spouse.

(1) However, the liability shall not be revised:

(A) To relieve a spouse of tax liability on income earned by or subject to the exclusive management and control of the spouse. The liability of the spouse for the tax, penalties, and interest due for the taxable year shall be in the same ratio to total tax, penalties, and interest due for the taxable year as the income earned by or subject to the management and control of the spouse is to total gross income reportable on the return.

(B) To relieve a spouse of liability below the amount actually paid on the liability prior to the granting of relief, including credit from any other taxable year available for application to the liability.

(2) The liability may be revised only if the spouse whose liability is to be revised establishes that he or she did not know of, and had no reason to know of, the nonpayment at the time the return was filed. For purposes of this paragraph, "reason to know" means whether or not a reasonably prudent person would have had reason to know of the nonpayment.

(3) For purposes of this section, the determination of the spouse to whom items of gross income are attributable shall be made without regard to community property laws.

(4) The determination of the Franchise Tax Board as to whether the liability is to be revised as to one spouse shall be made not less than 30 days after notification of the other spouse and shall be based upon whether, under all of the facts and circumstances surrounding the nonpayment, it would be inequitable to hold the spouse requesting revision liable for the nonpayment. Any action taken under this section shall be treated as though it were action on a

protest taken under Section 19044 and shall become final upon the expiration of 30 days from the date that notice of the action is mailed to both spouses, unless, within that 30-day period, one or both spouses appeal the determination to the board as provided in Section 19045.

(5) This subdivision shall apply to all taxable years subject to the provisions of this part, but shall not apply to any taxable year which has been closed by a statute of limitations, res judicata, or otherwise.

19007. Payment of the estimated tax, or any installment thereof, shall be considered payment on account of the taxes imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) for the taxable year.

19008. The Franchise Tax Board may, in cases of financial hardship, as determined by the Franchise Tax Board, allow an individual or fiduciary to enter into installment payment agreements with the Franchise Tax Board to pay taxes due, plus applicable interest and penalties over the life of the installment period. Failure by an individual or fiduciary to comply fully with the terms of the installment payment agreement shall render the agreement null and void, unless the Franchise Tax Board determines that the failure was due to a reasonable cause, and the total amount of tax, interest, and all penalties shall be immediately due and payable.

19009. (a) Whenever any person or employer who is required to collect, account for, and pay over any tax—

(1) At the time and in the manner prescribed by law or regulations (A) fails to collect, truthfully account for, or pay over the tax, or (B) fails to make deposits, payments, or returns of the tax, and

(2) Is notified, by notice delivered in hand or by registered mail of any such failure,

then all the requirements of subdivision (b) shall be complied with. In the case of a bank, corporation, partnership, or trust, notice to an officer, partner, or trustee, shall, for purposes of this section, be deemed to be sufficient notice to the bank, corporation, partnership, or trust and to all officers, partners, trustees, and employees thereof.

(b) Any person or employer who is required to collect, account for, and pay over any tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001), if notice has been delivered to that person or employer in accordance with subdivision (a), shall collect the taxes, which become collectible after delivery of the notice, shall (not later than the end of the second banking day after any amount of the taxes is collected) deposit that amount in a separate account in a bank located within the limits of this state, and shall keep the amount of those taxes in that account until payment over to the Franchise Tax Board. Any such account shall be designated as a special fund in trust for the Franchise Tax Board, payable to the Franchise Tax Board by that person or employer as trustee.

(c) Whenever the Franchise Tax Board is satisfied, with respect to any notification made under subdivision (a), that all requirements

of law and regulations with respect to the taxes, will henceforth be complied with, it may cancel the notification. The cancellation shall take effect at the time as is specified in the notice of the cancellation.

19010. Unless otherwise provided, any provision of this part that relates to the assessment and collection of tax shall also apply to the assessment and collection of estimated tax.

Article 2. Banks and Corporations

19021. In the case of taxpayers subject to the tax imposed by Article 3 (commencing with Section 23181) of Chapter 2 of Part 11, there shall be due and payable on or before the 15th day of the third month following the close of the preceding year from each such taxpayer a percentage of its net income as disclosed by its return which is equal to the rate applicable to corporations subject to the tax imposed by Article 2 (commencing with Section 23151) of Chapter 2 of Part 11 plus the personal property tax rate equivalent included in the bank and financial corporation tax rate determination by the Franchise Tax Board pursuant to Sections 23186 and 23186.1, less the credit allowable by Section 23184. The payment required by this section shall not be less than the minimum tax specified in Section 23153.

19022. The amount of tax payable by taxpayers subject to the tax imposed by Article 3 (commencing with Section 23181) of Chapter 2 of Part 11 as set forth in a notice mailed to the taxpayers pursuant to Section 23186.1 shall be due and payable on or before the 15th day following the mailing of the notice by the Franchise Tax Board.

19023. For purposes of this article, in the case of a corporation other than a financial corporation, the term "estimated tax" means the amount which the corporation estimates as the amount of the tax imposed by Part 11 (commencing with Section 23001); but in no event shall the estimated tax of a corporation subject to the tax imposed by Article 2 (commencing with Section 23151) of Chapter 2 of Part 11 be less than the minimum tax prescribed in Section 23153.

19024. (a) In the case of banks and financial corporations, "estimated tax" means the amount which the bank or financial corporation estimates as the amount of the tax imposed by Part 11 (commencing with Section 23001) at the rate determined by the Franchise Tax Board for the preceding year pursuant to Section 23186.1, less the offset allowable by Section 23184, but in no event shall the estimated tax of a financial corporation be less than the minimum tax prescribed in Section 23153.

(b) In case of an increase or decrease in the rate of tax imposed under Section 23151 (tax on general corporations), a bank or financial corporation shall be required to increase or decrease the rate determined by the Franchise Tax Board for the preceding year by the same amount as the change in the rate imposed under Section 23151 determined in accordance with Section 24251 (relating to computation of tax when law changed).

19025. (a) If the amount of estimated tax does not exceed the minimum tax specified by Section 23153, the entire amount of the estimated tax shall be due and payable on or before the 15th day of the fourth month of the income year.

(b) If the amount of estimated tax exceeds the minimum tax specified by Section 23153, the amount payable shall be paid in installments as follows:

If the requirements of this subdivision are first met—	The following percentages of the estimated tax shall be paid on the 15th day of the—			
	4th month	6th month	9th month	12th month
Before the 1st day of the 4th month of the income year ..	25 (but not less than the minimum tax provided in Section 23153)	25	25	25
After the last day of the 3rd month and before the 1st day of the 6th month of the income year	——	33⅓	33⅓	33⅓
After the last day of the 5th month and before the 1st day of the 9th month of the income year	——	——	50	50
After the last day of the 8th month and before the 1st day of the 12th month of the income year	——	——	——	100

19026. If, after paying any installment of estimated tax required by subdivision (b) of Section 19025, the taxpayer makes a new estimate, the amount of each remaining installment (if any) shall be the amount which would have been payable if the new estimate had been made when the first estimate for the income year was made, increased or decreased (as the case may be) by the amount computed by dividing—

(a) The difference between—

(1) The amount of estimated tax required to be paid before the date on which the new estimate is made, and

(2) The amount of estimated tax which would have been required to be paid before that date if the new estimate had been made when the first estimate was made, by

(b) The number of installments remaining to be paid on or after the date on which the new estimate is made.

19027. The application of this article to income years of less than 12 months shall be in accordance with regulations prescribed by the Franchise Tax Board.

19029. (a) All payments required under this part regardless of the income year to which the payments apply shall be remitted to the Franchise Tax Board by electronic funds transfer pursuant to Division 11 (commencing with Section 11101) of the Commercial Code, once any of the following conditions is met with respect to any taxpayer:

(1) The estimated tax payment made pursuant to Section 19025 or the payment made pursuant to Section 18604 with regard to an extension of time to file exceeds fifty thousand dollars ($50,000) in any income year beginning on or after January 1, 1991, or twenty thousand dollars ($20,000) in any income year beginning on or after January 1, 1995.

(2) The total tax liability exceeds two hundred thousand dollars ($200,000) in any income year beginning on or after January 1, 1991, or eighty thousand dollars ($80,000) in any income year beginning on or after January 1, 1995. For purposes of this section, total tax liability shall be the total tax liability as shown on the original return, after any adjustment pursuant to Section 19051.

(3) A taxpayer submits a request to the Franchise Tax Board and is granted permission to make electronic funds transfers.

(4) A taxpayer required to remit payments to the Franchise Tax Board by electronic funds transfer may elect to discontinue making payments where the threshold requirements set forth in paragraphs (1) and (2) were not met for the preceding income year. The election shall be made in a form and manner prescribed by the Franchise Tax Board.

(b) Any taxpayer required to remit payment by electronic funds transfer pursuant to this section who makes payment by other means shall pay a penalty of 10 percent of the amount paid, unless it is shown that the failure to make payment as required was for reasonable cause and was not the result of willful neglect.

(c) Any taxpayer required to remit payments by electronic funds transfer pursuant to this section may request a waiver of those requirements from the Franchise Tax Board. The Franchise Tax Board may grant a waiver only if it determines that the particular amounts paid in excess of the threshold amounts established in this section were not representative of the taxpayer's tax liability. If a taxpayer is granted a waiver, subsequent remittances by electronic funds transfer shall be required only on those terms set forth in the waiver.

(d) The Franchise Tax Board shall accept remittances by electronic funds transfer pursuant to this section no later than January 1, 1993. Electronic funds transfer procedures, in addition to those described in subdivision (e), shall be as prescribed by the Franchise Tax Board. Payment is deemed complete on the date the electronic funds transfer is initiated, if settlement to the state's demand account occurs on or before the banking day following the date the transfer is initiated. If settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed to occur on the date settlement occurs.

(e) For purposes of this section:

(1) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape, so as to order, instruct, or authorize a financial institution to debit or credit an account. Electronic funds transfer shall be accomplished by an automated clearinghouse debit, automated clearinghouse credit, or by Federal Reserve Wire Transfer (Fedwire).

(2) "Automated clearinghouse" means any federal reserve bank, or an organization established by agreement with the National Automated Clearing House Association, that operates as a clearinghouse for transmitting or receiving entries between banks or bank accounts and that authorizes an electronic transfer of funds between those banks or bank accounts.

(3) "Automated clearinghouse debit" means a transaction in which any department of the state, through its designated depository bank, originates an automated clearinghouse transaction debiting the taxpayer's bank account and crediting the state's bank account for the amount of tax. Banking costs incurred for the automated clearinghouse debit transaction by the taxpayer shall be paid by the state.

(4) "Automated clearinghouse credit" means an automated clearinghouse transaction in which the taxpayer, through its own bank, originates an entry crediting the state's bank account and debiting its own bank account. Banking costs incurred by the state for the automated clearinghouse credit transaction may be charged to the taxpayer.

(5) "Fedwire" means any transaction originated by the taxpayer

and utilizing the national electronic payment system to transfer funds through federal reserve banks, pursuant to which the taxpayer debits its own bank account and credits the state's bank account. Electronic funds transfers may be made by Fedwire only if prior approval is obtained from the Franchise Tax Board and the taxpayer is unable, for reasonable cause, to make payments pursuant to paragraph (3) or (4). Banking costs charged to the taxpayer and to the state may be charged to the taxpayer.

(6) In determining whether a payment or total tax liability exceeds the amounts established in subdivision (a), all taxpayers whose income derived from, or attributable to, sources within this state is required to be determined by a combined report shall be aggregated and the total aggregate amount shall be considered to be the payment or total tax liability of a single taxpayer.

Article 3. Deficiency Assessments

19031. The Franchise Tax Board may proceed under this article or Article 5 (commencing with Section 19081) whether or not it requires a return as an amended return under Section 18622.

19032. As soon as practicable after the return is filed, the Franchise Tax Board shall examine it and shall determine the correct amount of the tax.

19033. If the Franchise Tax Board determines that the tax disclosed by the original or amended return is less than the tax disclosed by its examination, it shall mail notice or notices to the taxpayer of the deficiency proposed to be assessed.

19034. Each notice shall set forth the reasons for the proposed deficiency assessment and the computation thereof.

19035. In the case of a joint return filed by husband and wife, the notice of proposed deficiency assessment may be a single joint notice, except that if the Franchise Tax Board is notified by either spouse that separate residences have been established, it shall mail to each spouse, in lieu of the single joint notice, duplicate originals of the joint notice.

19036. Notwithstanding any provision to the contrary, any interest, penalty or addition to tax, imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part may be assessed and collected in the same manner as if it were a deficiency.

19041. Within 60 days after the mailing of each notice of proposed deficiency assessment the taxpayer may file with the Franchise Tax Board a written protest against the proposed deficiency assessment, specifying in the protest the grounds upon which it is based.

19042. If no protest is filed, the amount of the proposed deficiency assessment becomes final upon the expiration of the 60-day period provided in Section 19041.

19043. (a) For purposes of this part, "deficiency" means the amount by which the tax imposed by Part 10 (commencing with

Section 17001) or Part 11 (commencing with Section 23001) exceeds the excess of—

(1) The sum of—

(A) The amount shown as the tax by the taxpayer on an original or amended return, if an original or amended return was filed, plus

(B) The amounts previously assessed (or collected without assessment) as a deficiency, over—

(2) The amount of rebates, as defined in paragraph (2) of subdivision (b), made.

(b) For purposes of this section—

(1) The tax imposed and the tax shown on an original or amended return shall both be determined without regard to payments on account of estimated tax, and without regard to the credit under Section 19002.

(2) "Rebate" means so much of an abatement, credit, refund, or other repayment, as was made on the ground that the tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) was less than the excess of the amount specified in paragraph (1) of subdivision (a) over the rebates previously made.

(3) "Deficiency" includes the amount by which a credit subject to carryover is reduced by any action of the Franchise Tax Board.

19044. If a protest is filed, the Franchise Tax Board shall reconsider the assessment of the deficiency and, if the taxpayer has so requested in his or her protest, shall grant the taxpayer or his or her authorized representatives an oral hearing. The Franchise Tax Board may act on the protest in whole or in part. In the event the Franchise Tax Board acts on the protest in part only, the remaining part of the protest shall continue to be under protest until the Franchise Tax Board acts on that part.

19045. The Franchise Tax Board's action upon the protest, whether in whole or in part, is final upon the expiration of 30 days from the date when it mails notice of its action to the taxpayer, unless within that 30-day period the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

19046. Two copies of the appeal and two copies of any supporting documents shall be addressed and mailed to the State Board of Equalization at Sacramento, California. Upon receipt of the appeal, the board shall provide one copy of the appeal and one copy of any supporting documents to the Franchise Tax Board at Sacramento, California.

19047. The board shall hear and determine the appeal and thereafter shall forthwith notify the taxpayer and the Franchise Tax Board of its determination and the reasons therefor.

19048. The board's determination becomes final upon the expiration of 30 days from the time of the determination unless within the 30-day period the taxpayer or the Franchise Tax Board files a petition for rehearing with the board. In that event the determination becomes final upon the expiration of 30 days from the

time the board issues its opinion on the petition.

19049. When a deficiency is determined and the assessment becomes final, the Franchise Tax Board shall mail notice and demand to the taxpayer for the payment thereof. The deficiency assessed is due and payable at the expiration of 10 days from the date of the notice and demand.

19050. A certificate by the Franchise Tax Board or of the board, as the case may be, of the mailing of the notices specified in this article is prima facie evidence of the assessment of the deficiency and of the giving of the notices.

19051. Any amount of tax in excess of that disclosed by the return, due to a mathematical error, notice of which has been mailed to the taxpayer, is not a deficiency assessment. The taxpayer has no right of protest or appeal based on that notice; however, the amount of tax erroneously omitted in the return may be assessed and collected in the manner provided in this part as in the case of deficiency assessments.

19052. Notwithstanding any provision in this part, denial of credits or refunds claimed in accordance with Section 17053.5 may be made pursuant to Section 19051 except that in such cases claimants shall have the right of protest and appeal provided by this article.

19053. Any tax imposed pursuant to Articles 4 (commencing with Section 23221), 5 (commencing with Section 23251), and 6 (commencing with Section 23281) of Chapter 2 of Part 11 based on the net income as disclosed by the return, shall not be considered a deficiency assessment within the meaning of this article.

19054. (a) If on any return or claim for refund of taxes imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001), there is an overstatement of the credit for income tax withheld, or of the amount paid as estimated income tax, the amount so overstated which is allowed against the tax shown on the return or which is allowed as a credit or refund may be assessed by the Franchise Tax Board in the same manner as is provided by Section 19051 in the case of a mathematical error appearing on the return.

(b) No unpaid amount of estimated tax under Section 19025 or 19136 shall be assessed.

19057. (a) Except in the case of a fraudulent return and except as otherwise expressly provided in this part, every notice of a proposed deficiency assessment shall be mailed to the taxpayer within four years after the return was filed. No deficiency shall be assessed or collected with respect to the year for which the return was filed unless the notice is mailed within the four-year period or the period otherwise provided.

(b) The running of the period of limitations provided in subdivision (a) on mailing a notice of proposed deficiency assessment shall, in a case under Title 11 of the United States Code, be suspended for any period during which the Franchise Tax Board

is prohibited by reason of that case from mailing the notice of proposed deficiency assessment and 60 days thereafter.

(c) Where, within the 60-day period ending on the day on which the time prescribed in this section for the assessment of any tax imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) for any taxable year would otherwise expire, the Franchise Tax Board receives a written document, other than an amended return or a report required by Section 18622, signed by the taxpayer showing that the taxpayer owes an additional amount of that tax for that taxable year, the period for the assessment of that additional amount shall not expire before the day 60 days after the day on which the Franchise Tax Board receives that document.

(d) If a taxpayer determines in good faith that it is an exempt organization and files a return as such under Section 23772, and if the taxpayer is thereafter held to be a taxable organization for the taxable year for which the return is filed, that return shall be deemed the return of the organization for the purposes of this section.

19058. (a) If the taxpayer omits from gross income an amount properly includable therein which is in excess of 25 percent of the amount of gross income stated in the return, a notice of a proposed deficiency assessment may be mailed to the taxpayer within six years after the return was filed. Additionally, in the case of a bank or corporation, a proceeding in court for the collection of the tax may be commenced without assessment at any time within six years after the return was filed.

(b) For purposes of this section both of the following shall apply:

(1) In the case of a trade or business, the term "gross income" means the total of the amounts received or accrued from the sale of goods or services (if the amounts are required to be shown on the return) prior to diminution by the cost of the sales or service.

(2) In determining the amount omitted from gross income, there shall not be taken into account any amount which is omitted from gross income stated in the return if the amount is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the Franchise Tax Board of the nature and amount of the item.

19059. (a) If a taxpayer is required by subdivision (a) of Section 18622 to report a change or correction by the Commissioner of Internal Revenue or other officer of the United States or other competent authority and does report the change or correction within six months after the final federal determination, a notice of proposed deficiency assessment resulting from those adjustments may be mailed to the taxpayer within two years from the date when the notice is filed with the Franchise Tax Board by the taxpayer, or within the periods provided in Section 19057, 19058, or 19065, whichever period expires the later.

(b) If a taxpayer is required by subdivision (b) of Section 18622 to file an amended return and does file the return within six months of

filing an amended return with the Commissioner of Internal Revenue, a notice of proposed deficiency assessment in excess of the self-assessed tax on the amended return, and resulting from the adjustments may be mailed to the taxpayer within two years from the date when the amended return is filed with the Franchise Tax Board by the taxpayer, or within the periods provided in Section 19057, 19058, or 19065, whichever period expires later.

19060. (a) If a taxpayer fails to report a change or correction by the Commissioner of Internal Revenue or other officer of the United States or other competent authority or fails to file an amended return as required by Section 18622, a notice of proposed deficiency assessment resulting from the adjustment may be mailed to the taxpayer at any time after the change, correction, or amended return is reported to or filed with the federal government.

(b) If, after the six-month period required in Section 18622, a taxpayer reports a change or correction by the Commissioner of Internal Revenue or other officer of the United States or other competent authority or files an amended return as required by Section 18622, a notice of proposed deficiency assessment resulting from the adjustment may be mailed to the taxpayer within four years from the date the taxpayer notifies the Franchise Tax Board of that change or correction or files that return.

19061. In case of a deficiency described in Sections 24945 and 24946, and in Sections 1033(a)(2)(C) and 1033(a)(2)(D) of the Internal Revenue Code, the deficiency may be assessed at any time prior to the expiration of the time therein provided.

19062. In the case of a deficiency described in Section 1034(j) of the Internal Revenue Code, the deficiency may be assessed at any time prior to the expiration of the time therein provided.

19063. (a) In the case of any tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) with respect to any person, the period for assessing a deficiency attributable to any partnership item of a federally registered partnership shall not expire before the later of the following:

(1) The date which is five years after the date on which the partnership return of the federally registered partnership for the partnership taxable year in which the item arose was filed (or later, if the date prescribed for filing the return).

(2) If the name or address of the person does not appear on the partnership return, the date which is one year after the date on which the information is furnished to the Franchise Tax Board in the manner and at the place as it may prescribe.

(b) For purposes of this section, "partnership item" means both of the following:

(1) Any item required to be taken into account for the partnership taxable year under any provision of subchapter K of Chapter 1 of Title 26 of the Internal Revenue Code to the extent that regulations prescribed by the Franchise Tax Board provide that for

purposes of this part that item is more appropriately determined at the partnership level than at the partner level.

(2) Any other item to the extent affected by an item described in paragraph (1).

(c) The extensions referred to in subsection (c) (4) of Section 6501 of the Internal Revenue Code, insofar as they relate to partnership items, may, with respect to any person, be consented by either of the following:

(1) Except to the extent the Franchise Tax Board is otherwise notified by the partnership, by a general partner of the partnership.

(2) By any person authorized to do so by the partnership in writing.

(d) For purposes of this section, "federally registered partnership" means, with respect to any partnership taxable year, any partnership for which either of the following apply:

(1) Interests have been offered for sale at any time during that taxable year or a prior taxable year in any offering required to be registered with the Securities and Exchange Commission.

(2) At any time during that taxable year or a prior taxable year, was subject to the annual reporting requirements of the Securities and Exchange Commission which relate to the protection of investors in the partnership.

19064. (a) If any person initiates a motion to quash a subpoena, as provided by Sections 7465 to 7476, inclusive, of the Government Code, and that person is the person with respect to whose liability the subpoena is issued (or is the agent, nominee, or other person acting under the direction or control of that person), then the running of any period of limitations under Section 19057 (relating to deficiency assessments), Section 19087 (relating to false or fraudulent returns), or Section 19704 (relating to criminal prosecutions) with respect to that person shall be suspended for the period during which a proceeding, and appeals therein, with respect to the enforcement of the subpoena is pending.

(b) In the absence of the resolution of a response to a subpoena served to a third-party recordkeeper (as defined in Section 7609(a)(3) of the Internal Revenue Code) issued under Section 19504 (power of examination) the running of any period of limitations under Section 19057 (relating to deficiency assessments), Section 19087 (relating to false or fraudulent returns), or Section 19704 (relating to criminal prosecutions) with respect to any person whose liability the subpoena was issued (other than a person taking action as provided by subdivision (a)) shall be suspended for the period beginning on the date which is six months after the service of the subpoena and ending with the final resolution of that response.

19065. If any taxpayer agrees with the United States Commissioner of Internal Revenue for an extension or renewals thereof of the period for proposing and assessing deficiencies in federal income taxes for any year, the period for mailing a notice of a proposed deficiency shall be four years after the return was filed

or six months after the date of the expiration of the agreed period for assessing deficiencies in the federal income tax, whichever period expires the later.

19066. (a) For the purposes of Sections 19057, 19058, and 19065, a return of tax imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) except a return required by Article 5 (commencing with Section 18661) of Chapter 2 (relating to withholding), filed before the last day prescribed by law for filing (determined without regard to any extension of time for filing the return), shall be considered as filed on that day. For purposes of Section 19306, payment of any portion of the tax made before the last day prescribed for the payment of the tax shall be considered made on the last day.

(b) For purposes of this section, if a return required by Article 5 (commencing with Section 18661) of Chapter 2 (relating to withholding) or a return of tax imposed by Section 13020 of the Unemployment Insurance Code (relating to withholding tax on wages), for any period ending with or within a calendar year is filed before April 15 of the succeeding calendar year, that return shall be considered filed on April 15 of that calendar year.

19067. Where before the expiration of the time prescribed for the mailing of a notice of a proposed deficiency assessment, the taxpayer consents in writing to an assessment after that time, the assessment may be made at any time prior to the expiration of the period agreed upon. The period agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 4. Assessments against Persons Secondarily Liable

19071. The taxes imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) upon any taxpayer other than a transferee for which any person other than the taxpayer is liable may be assessed against that person in the manner provided for the assessment of deficiencies. The taxes may be assessed at any time within which deficiency assessments may be made against the taxpayer; provided, however, the running of the period of limitations upon the assessment of the liability imposed upon any person other than the taxpayer shall, after the mailing of the notice provided for in Section 19033 to the taxpayer, be suspended for the period during which the taxpayer exercises an administrative remedy as provided in Section 19041, 19045, or 19048.

19072. The provisions of this part respecting the collection of taxes apply to the collection of the taxes from the person secondarily liable to the same extent and with the same force and effect as though that person were the taxpayer.

19073. The amounts of the following liabilities, except as hereinafter provided in this section and Section 19074, shall be assessed, collected, and paid in the same manner and subject to the

same provisions and limitations as in the case of a deficiency (including the provisions in the case of a delinquency in payment after notice and demand, the provisions authorizing proceedings in court for collection, and the provisions prohibiting claims and suits for refunds):

(a) The liability, at law or in equity, of a transferee of property of a taxpayer, in respect of the tax (including interest, additional amounts, and additions to the tax provided by law) imposed upon the taxpayer.

(b) The liability of a fiduciary under Part 10 (commencing with Section 17001) in respect of the payment of any such tax from the estate of the taxpayer.

Any such liability may be either as to the amount of tax shown on the return or as to any deficiency in tax.

19074. The period of limitation for assessment of the liability of any person other than the taxpayer who is a transferee or fiduciary of the taxpayer shall be as follows:

(a) In the case of the liability of an initial transferee of the property of the taxpayer, within one year after the expiration of the period of limitation for assessment against the taxpayer.

(b) In the case of the liability of a transferee of a transferee of the property of the taxpayer, within one year after the expiration of the period of limitation for assessment against the preceding transferee, but only if within three years after the expiration of the period of limitation for assessment against the taxpayer; except that if before the expiration of the period of limitation for the assessment of the liability of the transferee of a transferee, a court proceeding for the collection of the tax or liability in respect thereof has been begun against the taxpayer or last preceding transferee, respectively, then the period of limitation for assessment of the liability of the transferee of a transferee shall expire one year after the return of execution in the court proceeding.

(c) In the case of the liability of a fiduciary, not later than one year after the liability arises or not later than the expiration of the period for collection of the tax in respect of which the liability arises, whichever is the later;

(d) Where before the expiration of the time prescribed in subdivision (a), (b) or (c) for the assessment of the liability, both the Franchise Tax Board and the transferee or fiduciary have consented in writing to its assessment after that time, the liability may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(e) Notwithstanding any of the above subdivisions, the running of the period of limitations upon the assessment of liability against any transferee shall be suspended for the period during which the taxpayer exercises an administrative remedy as provided in Section 19041, 19045, or 19048.

Article 5. Jeopardy Assessments

19081. If the Franchise Tax Board finds that the assessment or the collection of a tax or a deficiency for any year, current or past, will be jeopardized in whole or in part by delay, it may mail or issue notice of its findings to the taxpayer, or its transferee or transferees, together with a demand for immediate payment of the tax or the deficiency declared to be in jeopardy, including interest and penalties and additions thereto. Any assessment issued under this article shall also be an assessment issued pursuant to Section 19033, if an assessment has not already been issued pursuant to Section 19033 with respect to that taxable or income year for that amount.

19082. In the case of a tax for a current period, if the Franchise Tax Board finds that the assessment or collection of the tax will be jeopardized in whole or in part by delay, the Franchise Tax Board may declare the income or taxable period of the taxpayer immediately terminated. The Franchise Tax Board shall mail or issue notice of its finding and declaration to the taxpayer, together with a demand for a return and immediate payment of the tax based on the period declared terminated, including therein income accrued and deductions incurred up to the date of termination if not otherwise properly includible or deductible in respect of the period, and the tax shall be immediately due and payable whether or not the time otherwise allowed by law for filing the return and paying the tax has expired.

19083. (a) A jeopardy assessment is immediately due and payable, and proceedings for collection may be commenced at once.

(b) The collection of the whole or any amount of a jeopardy assessment may be stayed, at any time before the assessment becomes final, by filing with the Franchise Tax Board: (1) a bond in an amount equal to the amount (together with interest thereon to the date of payment) as to which the stay is desired, conditioned upon the payment of the amount, the collection of which is stayed by the bond, upon notice and demand by the Franchise Tax Board after the assessment becomes final; or (2) other security in the amount as the Franchise Tax Board may deem necessary, not exceeding double the amount (together with interest thereon to the date of payment) as to which the stay is desired.

(c) Upon the filing of the bond or other security the collection of so much of the amount assessed as is covered by the bond or other security shall be stayed. The taxpayer shall have the right to waive the stay at any time in respect of the whole or any part of the amount covered by the bond or other security, and if as a result of the waiver any part of the amount covered by the bond or other security is paid, then the bond or other security shall, at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, the bond or other security shall, at the request of the taxpayer, be proportionately reduced.

(d) The Franchise Tax Board, prior to the time the assessment

becomes final, may stay collection of the whole or any amount of a jeopardy assessment if it finds that jeopardy does not exist.

(e) Where collection of the whole or any amount of a jeopardy assessment has been stayed under this section, the period of limitation on any action to collect shall be tolled during the time of the stay.

19084. (a) (1) Within five days after the day on which either a notice and demand for payment is mailed or issued pursuant to Section 19081, or notice and demand for a return and payment is mailed or issued pursuant to Section 19082, the Franchise Tax Board shall mail or issue the taxpayer a written statement of the information upon which the Franchise Tax Board relies in issuing that notice and demand.

(2) Within 30 days after the day on which the taxpayer is furnished the written statement described in paragraph (1), or within 30 days after the last day of the period within which the statement is required to be furnished, the taxpayer may petition the Franchise Tax Board to review whether its finding pursuant to Section 19081 or 19082 is reasonable under the circumstances, specifying the grounds on which the petition is based. The filing of a petition for review shall not operate to stay collection. Collection may be stayed only as provided in Section 19083. A petition filed pursuant to this paragraph shall also be considered a protest filed pursuant to Section 19041 against the proposed additional tax.

(3) If a petition for review under paragraph (2) is not made within the 30-day period set forth in that paragraph, the finding of the Franchise Tax Board pursuant to Section 19081 or 19082 is final.

(4) After a petition for review is filed under paragraph (2), the Franchise Tax Board shall determine whether or not the issuance of notice and demand under Section 19081 or 19082 is reasonable under the circumstances. In making this determination, the Franchise Tax Board shall grant the taxpayer or authorized representative an oral hearing if the taxpayer has so requested in the petition. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(5) The Franchise Tax Board shall make the determination under paragraph (4) within 90 days of the filing of the petition for review unless the taxpayer requests, in writing, additional time.

(6) In making the determination required by paragraph (4), the Franchise Tax Board shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(b) (1) Within 60 days after the earlier of the following days, the taxpayer may appeal the determination to the State Board of Equalization in the manner provided in Section 19085:

(A) The day the Franchise Tax Board notifies the taxpayer of the

determination described in paragraph (4) of subdivision (a).

(B) One day after the time period prescribed by paragraph (5) of subdivision (a) for the Franchise Tax Board to make its determination.

(2) If an appeal is not filed before the expiration of the time periods, the Franchise Tax Board's determination is final. Filing of an appeal shall not operate to stay collection. Collection may be stayed only as provided in Section 19083.

(3) Within 60 days after an appeal is filed under paragraph (1), the board shall determine whether the issuance of notice and demand under Section 19081 or 19082 is reasonable under the circumstances. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(4) If the board determines that a jeopardy status does not apply to all or part of the assessment, the board may modify the amount of the assessment to which the jeopardy attaches. If the board does not act within the time period provided in paragraph (3) as modified by paragraph (6), the board will be deemed to have denied the taxpayer's appeal.

(5) In making the determination required by paragraph (3), the board shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(6) If either party requests an extension of the 60-day period set forth in paragraph (3) and establishes reasonable grounds why the extension should be granted, the board may grant an extension of not more than 30 additional days.

(c) (1) Within 60 days after the earlier of the following days, either party may bring a civil action against the other in superior court for a judicial determination as to whether or not the issuance of the notice and demand under Section 19081 or 19082 is reasonable under the circumstances:

(A) The day the board notifies the taxpayer of its determination described in paragraph (3), as modified by paragraph (6), of subdivision (b).

(B) If the board fails to make a timely determination, then one day after the time prescribed for the board to make its determination.

(2) If a civil action under this subdivision is not commenced within the 60-day period set forth in paragraph (1), the board's determination is final. The filing of the civil action shall not operate to stay collection. Collection shall be stayed only as provided by Section 19083.

(3) Within 60 days after proper service is made, the superior court shall determine whether the issuance of notice and demand under

Section 19081 or 19082 is reasonable under the circumstances. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(4) If the court determines that a jeopardy status does not apply to all or part of the assessment, the court may modify the amount of the assessment to which the jeopardy attaches.

(5) In making the determination required by paragraph (3), the superior court shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(6) If either party in the action requests an extension of the 60-day period set forth in paragraph (3) of subdivision (c) and establishes reasonable grounds why the extension should be granted, the superior court may grant an extension of not more than 30 additional days.

(7) Actions filed pursuant to this section shall be filed in the Superior Court of the County of Los Angeles, the City and County of San Francisco, the County of San Diego, or the County of Sacramento. Sections 19387 and 19389 shall apply to those actions.

(8) The determination made by a superior court under this section shall be final and conclusive and shall not be reviewed by any other court.

19085. The taxpayer may appeal to the board from the Franchise Tax Board's action on the petition for review. The appeal shall be made in the manner prescribed by Section 19046. Article 3 (commencing with Section 19031) of Chapter 4 relating to an appeal from the action of the Franchise Tax Board on a protest against an additional tax proposed to be assessed applies to the appeal.

19086. In any proceeding brought to enforce payment of taxes made due and payable by this article, the finding of the Franchise Tax Board under Section 19081, whether made after notice to the taxpayer or not, is for all purposes presumptive evidence that the assessment or collection of the tax or the deficiency was in jeopardy. A certificate of the Franchise Tax Board of the mailing or issuing of the notices specified in this article is presumptive evidence that the notices were mailed or issued.

19087. (a) If any taxpayer fails to file a return, or files a false or fraudulent return with intent to evade the tax, for any taxable year, the Franchise Tax Board, at any time, may require a return or an amended return under penalties of perjury or may make an estimate of the net income, from any available information, and may propose to assess the amount of tax, interest, and penalties due. All the provisions of this part relative to delinquent taxes shall be applicable to the tax, interest, and penalties computed hereunder.

(b) When any assessment is proposed under subdivision (a), the taxpayer shall have the right to protest the same and to have an oral

hearing thereon if requested, and also to appeal to the board from the Franchise Tax Board's action on the protest; the taxpayer must proceed in the manner and within the time prescribed by Sections 19041 to 19048, inclusive.

19088. (a) On the appointment of a receiver for any taxpayer in any receivership proceeding before any court of the United States or of any state or territory or of the District of Columbia, any deficiency (together with all interest, additional amounts, or additions to the tax provided for by law) determined by the Franchise Tax Board in respect of a tax upon the taxpayer may be immediately assessed.

(b) Any deficiency (together with all interest, additional amounts, and additions to the tax provided by law) determined by the Franchise Tax Board in respect of a tax on either of the following:

(1) The debtor's estate in a case under Title 11 of the United States Code.

(2) The debtor, but only if liability for the tax has become res judicata pursuant to a determination in a case under Title 11 of the United States Code,

may be immediately assessed if that deficiency has not previously been assessed in accordance with law.

19089. (a) Every trustee in a case under Title 11 of the United States Code, receiver, assignee for the benefit of creditors or like fiduciary shall give notice of qualification as such to the Franchise Tax Board in the manner and at the time that may be required by regulations of the Franchise Tax Board. The Franchise Tax Board may by regulation provide for any exemptions from the requirements of this section that the Franchise Tax Board deems proper.

(b) If the regulations issued pursuant to this section require the giving of any notice by any fiduciary in any case under Title 11 of the United States Code, or by a receiver in any other court proceeding to the Franchise Tax Board of qualification as such, the running of the period for mailing notice of proposed additional assessments shall be suspended for the period from the date of the institution of the proceeding to a date 30 days after the date upon which the notice from the receiver or other fiduciary is received by the Franchise Tax Board; but the suspension under this section shall in no case be for a period in excess of two years.

19090. (a) Claims for the deficiency and such interest, additional amounts and additions to the tax may be presented, for adjudication in accordance with law, to the court before which the receivership proceeding (or case under Title 11 of the United States Code) is pending, despite the pendency of an appeal to the board.

(b) In the case of a receivership proceeding, no appeal shall be filed with the board after the appointment of the receiver.

19091. Upon notice and demand from the Franchise Tax Board after termination of the receivership proceeding, the taxpayer shall pay any portion of the claim allowed in the proceeding which is unpaid. The unpaid amount may be collected in the manner

provided in this part for the collection of delinquent taxes at any time within six years after termination of the proceeding.

19092. The Franchise Tax Board may prescribe rules and regulations necessary to properly carry out this article.

19093. (a) If the individual who is in physical possession of cash in excess of ten thousand dollars ($10,000) does not claim that cash in any of the capacities specified in paragraphs (1) and (2), then for purposes of Sections 19081 and 19082, it shall be presumed that the cash represents gross income of a single individual for the taxable year in which the possession occurs, and that the collection of tax will be jeopardized by delay:

(1) The cash is not claimed as his or hers.

(2) The cash is not claimed as belonging to another person whose identity the Franchise Tax Board can readily ascertain and who acknowledges ownership of that cash.

(b) In the case of any assessment resulting from the application of subdivision (a), all of the following apply:

(1) The entire amount of the cash shall be treated as taxable income for the taxable year in which the possession occurs.

(2) That income shall be treated as taxable at the maximum rate under Section 17041.

(3) Except as provided in subdivision (c), the possessor of the cash shall be treated (solely with respect to that cash) as the taxpayer for purposes of Chapter 4 (commencing with Section 19001) and Chapter 5 (commencing with Section 19201).

(c) If, after an assessment resulting from the application of subdivision (a), that assessment is abated and replaced by an assessment against the owner of the cash, that later assessment shall be treated for purposes of all laws relating to lien, levy, and collection as relating back to the date of the original assessment.

(d) For purposes of this section, the following definitions apply:

(1) "Cash" includes any cash equivalent.

(2) "Cash equivalent" means any of the following:

(A) Foreign currency.

(B) Any bearer obligation.

(C) Any medium of exchange to which both of the following apply:

(i) It is of a type which has been frequently used in illegal activities.

(ii) It is specified as a cash equivalent for purposes of this part in regulations prescribed by the Franchise Tax Board.

(3) Any cash equivalent shall be taken into account in the following manner:

(A) In the case of a bearer obligation, at its face amount.

(B) In the case of any other cash equivalent, at its fair market value.

Article 6. Interest

19101. If the tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001), whether assessed by the Franchise Tax Board or the taxpayer, or any portion of the tax is not paid on or before the date prescribed for its payment, interest shall be assessed, collected, and paid in the same manner as the tax upon the unpaid amount at the adjusted annual rate established pursuant to Section 19521 from the date prescribed for its payment until it is paid.

19102. If the time for the payment of the tax or any installment agreement entered into under Section 19008 is extended, interest thereon shall be assessed, collected, and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19521 from the date upon which the payment should have been made if no extension had been granted until the date the tax is paid.

19103. The last date prescribed for payment by Section 19102 shall be determined without regard to any notice and demand for payment issued, by reason of jeopardy (as provided in Article 5 (commencing with Section 19081) of this chapter), prior to the last date otherwise prescribed for the payment.

19104. (a) Interest upon the amount assessed as a deficiency shall be assessed, collected, and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19521 from the date prescribed for the payment of the tax or, if the tax is paid in installments, from the date prescribed for payment of the first installment, until the date the tax is paid. If any portion of the deficiency is paid prior to the date it is assessed, interest shall accrue on such portion only to the date paid.

(b) If the Franchise Tax Board makes or allows a refund or credit which it determines to be erroneous, in whole or in part, the amount erroneously made or allowed may be assessed and collected after notice and demand pursuant to Section 19051 (pertaining to mathematical errors), except that the rights of protest and appeal shall apply with respect to amounts assessable as deficiencies without regard to the running of any period of limitations provided elsewhere in this part. Notice and demand for repayment must be made within two years after the refund or credit was made or allowed, or during the period within which the Franchise Tax Board may mail a notice of proposed deficiency assessment, whichever period expires the later. Interest on amounts erroneously made or allowed shall not accrue until 30 days from the date the Franchise Tax Board mails a notice and demand for repayment as provided by this subdivision.

(c) (1) In the case of any assessment of interest, the Franchise Tax Board may abate the assessment of all or any part of that interest for any period in either of the following circumstances:

(A) Any deficiency attributable in whole or in part to any error or delay by an officer or employee of the Franchise Tax Board

(acting in his or her official capacity) in performing a ministerial act.

(B) Any payment of any tax described in Section 19033 to the extent that any delay in that payment is attributable to that officer or employee being dilatory in performing a ministerial act.

For purposes of this paragraph, an error or delay shall be taken into account only if no significant aspect of that error or delay can be attributed to the taxpayer involved, and after the Franchise Tax Board has contacted the taxpayer in writing with respect to that deficiency or payment.

(2) The Franchise Tax Board shall abate the assessment of all interest on any erroneous refund for which an action for recovery is provided under Section 19411 until 30 days after the date demand for repayment is made, unless either of the following has occurred:

(A) The taxpayer (or a related party) has in any way caused that erroneous refund.

(B) That erroneous refund exceeds fifty thousand dollars ($50,000).

19105. In the case of an individual or fiduciary, the Franchise Tax Board shall not assess interest charges pursuant to Section 19104 for the period between 45 days after the date of final review of an audit determining an additional amount is owed and the date a notice of proposed deficiency assessment is sent to the taxpayer.

19106. Except as provided in Section 19111, interest shall be imposed under Section 19101 with respect to any assessable penalty, additional amount, or addition to tax imposed under this article, as follows:

(a) In the case of a penalty, additional amount, or addition to tax which, when assessed, is due and payable on notice and demand, other than a penalty imposed under Section 19131 (relating to failure to file a return on or before the due date), Section 19132 (relating to underpayment of tax), or Section 19164 (relating to imposition of the accuracy-related penalty), interest shall be imposed from the date of the notice and demand to the date of payment.

(b) In the case of a penalty, additional amount, or addition to tax which is initially assessed as a deficiency, other than a penalty imposed under Section 19131 (relating to failure to file a return on or before the due date), Section 19132 (relating to underpayment of tax), or Section 19164 (relating to imposition of the accuracy-related penalty), interest shall be imposed from the date of the notice of proposed assessment to the date of payment.

(c) In the case of a penalty or addition to tax imposed by Section 19131 (relating to failure to file a return on or before the due date), Section 19132 (relating to underpayment of tax), or Section 19164 (relating to imposition of the accuracy-related penalty), for the period that—

(1) Begins on the date on which the return of the tax with respect to which that penalty is imposed is required to be filed (including any extensions), and

(2) Ends on the date of payment of that penalty or addition to tax.

19107. Where an overpayment is made by any individual for any year, and a deficiency is owing from the husband or wife of the taxpayer for the same year, and both husband and wife notify the Franchise Tax Board in writing prior to the expiration of the time within which credit for the overpayment may be allowed that the overpayment may be credited against the deficiency, no interest shall be assessed on that portion of the deficiency as is extinguished by the credit for the period of time subsequent to the date the overpayment was made.

19108. (a) Where an overpayment is made by any taxpayer for any year, and a deficiency is owing from the same taxpayer for any other year, the overpayment, if the period within which credit for the overpayment may be allowed has not expired, shall be credited on the deficiency, if the period within which assessment of the deficiency may be proposed has not expired, and the balance, if any, shall be credited or refunded to the taxpayer. No interest shall be assessed on the portion of the deficiency as is extinguished by the credit for the period of time subsequent to the date the overpayment was made.

(b) For the purposes of this section the returns of a decedent and his or her estate shall be considered returns of the same taxpayer and the returns for the decedent and his or her estate filed for the year of death shall be considered returns for different taxable years.

(c) This section is not intended, nor shall it be construed, as a limitation on the Franchise Tax Board's right to offset or recoup barred assessments against overpayments.

19110. (a) When the correction of an erroneous inclusion or deduction of an item or items in the computation of income of a trust, estate, parent, husband, or wife for any year results in an overpayment for that year by the trust, estate, parent, husband, or wife, and also results in a deficiency for the same year for a grantor of the trust or beneficiary of the estate or trust, or child of the parent, or spouse of the child, or the spouse of the husband or wife, the overpayment, if the period within which credit for the overpayment may be allowed has not expired, shall be credited on the deficiency, if the period within which the deficiency may be proposed has not expired, and the balance, if any, shall be credited or refunded. No interest shall be assessed on the portion of the deficiency as is extinguished by the credit for the period of time subsequent to the date the overpayment was made.

(b) When the correction of an erroneous inclusion or deduction of an item or items in the computation of income of a grantor of a trust, beneficiary of an estate or trust, a child, or spouse of the child, or a husband or wife for any year results in an overpayment for that year by the grantor, beneficiary, child or husband or wife, and also results in a deficiency for the same year for the grantor's or beneficiary's trust, the beneficiary's estate, the child's parent, or spouse of the child, or the beneficiary's spouse, the overpayment, if the period within which credit for the overpayment may be allowed

has not expired, shall be credited on the deficiency, if the period within which the deficiency may be proposed has not expired, and the balance, if any, shall be credited or refunded. No interest shall be assessed on the portion of the deficiency as is extinguished by the credit for the period of time subsequent to the date the overpayment was made.

(c) Subdivisions (a) and (b) are not intended, nor shall they be construed as a limitation on the Franchise Tax Board's right to offset or recoup barred assessments against overpayments.

19111. If notice is made for payment of any amount, and if that amount is paid within 10 days after the date of the notice, interest under this article on the amount so paid shall not be imposed for the period after the date of the notice.

19112. Interest may be waived for any period for which the Franchise Tax Board determines that an individual or fiduciary demonstrates inability to pay that interest solely because of extreme financial hardship caused by significant disability or other catastrophic circumstance. Any waiver under this section shall be withdrawn retroactively if made because of fraud, malfeasance, misrepresentation, or omission of any material fact.

19113. If any portion of a tax is satisfied by credit of an overpayment, then no interest shall be imposed under this article on the portion of the tax so satisfied for any period during which, if the credit had not been made, interest would have been allowable with respect to the overpayment.

19114. Interest prescribed under this article on any tax may be assessed and collected at any time during the period within which the tax to which the interest relates may be collected.

19115. Sections 19101 to 19114, inclusive, shall not apply to any failure to pay estimated tax required by Section 19025 or 19136.

Article 7. Penalties and Additions to Tax

19131. (a) If any taxpayer fails to make and file a return required by this part on or before the due date of the return or the due date as extended by the Franchise Tax Board, then, unless it is shown that the failure is due to reasonable cause and not due to willful neglect, 5 percent of the tax shall be added to the tax for each month or fraction thereof elapsing between the due date of the return (determined without regard to any extension of time for filing) and the date on which filed, but the total penalty shall not exceed 25 percent of the tax. In the case of a commencing corporation, the penalty shall apply to all tax accruable on the due date of the return. The penalty so added to the tax shall be due and payable upon notice and demand from the Franchise Tax Board.

(b) In the case of an individual or fiduciary who fails to file a return of tax required by this part within 60 days of the date prescribed for filing of that return (determined with regard to any extension of time for filing), unless it is shown that the failure is due

to reasonable cause and not due to willful neglect, this penalty shall not be less than the lesser of one hundred dollars ($100) or 100 percent of the amount of tax required to be shown on the return.

(c) For purposes of this section, the amount of tax required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed upon the return.

(d) If any failure to file any return is fraudulent, subdivision (a) shall be applied by:

(1) Substituting "15 percent" for "5 percent," and

(2) Substituting "75 percent" for "25 percent."

(e) This section shall not apply to any failure to pay any estimated tax required by Section 19025 or 19136.

19132. (a) (1) Unless it is shown that the failure is due to reasonable cause and not due to willful neglect, a penalty computed in accordance with paragraph (2) is hereby imposed in the case of failure to pay any of the following:

(A) The amount shown as tax on any return on or before the date prescribed for payment of that tax (determined with regard to any extension of time for payment).

(B) Any amount in respect of any tax required to be shown on a return which is not so shown (including an assessment made pursuant to Section 19051) within 10 days of the date of the notice and demand therefor.

(C) The amount required to be paid by Section 19021, if applicable, that is not paid.

(2) The penalty imposed under paragraph (1) shall consist of both of the following:

(A) Five percent of the total tax unpaid (as defined in subdivision (c)).

(B) An amount computed at the rate of 0.5 percent per month of the "remaining tax" (as defined in subdivision (d)) for each additional month or fraction thereof (not to exceed 40 months) during which the "remaining tax" is greater than zero.

(3) The aggregate amount of penalty imposed by this subdivision shall not exceed 25 percent of the total unpaid tax and shall be due and payable upon notice and demand by the Franchise Tax Board. The tender of a check or money order does not constitute payment of the tax for purposes of this section unless the check or money order is paid on presentment.

(b) The penalty prescribed by subdivision (a) shall not be assessed if, for the same taxable year, the sum of any penalties imposed under Section 19131 (relating to failure to file return) and Section 19133 (relating to failure to file return after demand) is equal to or greater than the subdivision (a) penalty. In the event the penalty imposed under subdivision (a) is greater than the sum of any penalties imposed under Sections 19131 and 19133, the penalty imposed under subdivision (a) shall be the amount which exceeds

the sum of any penalties imposed under Sections 19131 and 19133.

(c) For purposes of this section, total tax unpaid means the amount of tax shown on the return reduced by both of the following:

(1) The amount of any part of the tax which is paid on or before the date prescribed for payment of the tax.

(2) The amount of any credit against the tax which may be claimed upon the return.

(d) For purposes of this section, "remaining tax" means total tax unpaid reduced by the amount (if any) of any payment of the tax.

(e) If the amount required to be shown as a tax on a return is less than the amount shown as tax on that return, subdivisions (a), (c), and (d) shall be applied by substituting that lower amount.

(f) No interest shall accrue on the portion of the penalty described in subparagraph (B) of paragraph (2) of subdivision (a).

19133. If any taxpayer fails or refuses to furnish any information requested in writing by the Franchise Tax Board or fails or refuses to make and file a return required by this part upon notice and demand by the Franchise Tax Board, then, unless the failure is due to reasonable cause and not willful neglect, the Franchise Tax Board may add a penalty of 25 percent of the amount of tax determined pursuant to Section 19087 or of any deficiency tax assessed by the Franchise Tax Board concerning the assessment of which the information or return was required.

19134. (a) The provisions of Section 6657 of the Internal Revenue Code, relating to bad checks, shall apply except as otherwise provided.

(b) Section 6657 of the Internal Revenue Code, relating to bad checks, is modified to apply to payments made by credit card remittance or electronic funds transfer (as provided by Section 19029) in addition to payments made by check or money order.

(c) For payments received prior to January 1, 1993, this section shall be applied only to payments pertaining to taxable (or income) years beginning on or after January 1, 1990.

(d) For payments received on or after January 1, 1993, this section shall be applied to all payments, without regard to taxable (or income) year.

19135. Whenever any foreign corporation which fails to qualify to do business in this state or whose powers, rights, and privileges have been forfeited, or any domestic corporation which has been suspended, and which is doing business in this state, within the meaning of Section 23101, fails to make and file a return as required by this part, the Franchise Tax Board shall impose a penalty of two thousand dollars ($2,000) per income year, unless the failure to file is due to reasonable cause and not willful neglect. The penalty shall be in addition to any other penalty which may be due under this part. The penalty shall be imposed if the return is not filed within 60 days after the Franchise Tax Board sends the taxpayer a notice and demand to file the required tax return.

19136. (a) An amount shall be added to the tax imposed under

Section 17041 or 17048 for any underpayment of estimated tax. The amount shall be determined in accordance with Section 6654 of the Internal Revenue Code, except as otherwise provided in this section.

(b) The applicable annual rate specified in Section 6654(a)(1) of the Internal Revenue Code shall be the rate determined under Section 19521.

(c) (1) For purposes of Section 6654(d) of the Internal Revenue Code, relating to the amount of required installments, any reference to "90 percent" is modified to read "80 percent."

(2) Section 6654(d)(2)(C)(ii) of the Internal Revenue Code, relating to applicable percentages, is modified as follows:

In the case of the following required installments:	The applicable percentage is:
1st	20
2nd	40
3rd	60
4th	80

(3) The annualized income installment, determined under Section 6654(d)(2) of the Internal Revenue Code, shall not include "alternative minimum taxable income" or "adjusted self-employment income."

(d) (1) Section 6654(e)(1) of the Internal Revenue Code, relating to exceptions where the tax is a small amount, shall not apply.

(2) No addition to the tax shall be imposed under this section if any of the following apply:

(A) The tax imposed under Section 17041 or 17048 for the preceding taxable year, minus the sum of any credits against the tax provided by Part 10 (commencing with Section 17001) or this part, or the tax computed under Section 17041 or 17048 upon the estimated income for the taxable year, minus the sum of any credits against the tax provided by Part 10 (commencing with Section 17001) or this part, is less than one hundred dollars ($100), except in the case of a separate return filed by a married person the amount shall be less than fifty dollars ($50).

(B) Eighty percent or more of the tax imposed under Section 17041 or 17048 for the preceding taxable year, less any credits against the tax other than the credit allowed under Section 19002.

(C) Eighty percent or more of the estimated tax for the taxable year will be paid by withholding of tax pursuant to Section 18662 or 18666 of this code or Section 13020 of the Unemployment Insurance Code.

(D) Eighty percent or more of the adjusted gross income for the taxable year consists of items subject to withholding pursuant to Section 18662 or 18666 of this code or Section 13020 of the Unemployment Insurance Code.

(3) Paragraph (2) shall not apply if the employee files a false or

fraudulent withholding exemption certificate for the taxable year, or the taxpayer provides a false or fraudulent document or documents to obtain reduced withholding at source for the taxable year.

(e) Section 6654(f) of the Internal Revenue Code shall not apply and for purposes of this section the term "tax" means the tax imposed under Section 17041 or 17048, less any credits against the tax provided by Part 10 (commencing with Section 17001) or this part, other than the credit provided by subdivision (a) of Section 19002.

(f) The credit for tax withheld on wages, as specified in Section 6654(g) of the Internal Revenue Code, shall be the credit allowed under subdivision (a) of Section 19002.

(g) This section shall apply to a nonresident individual.

19141. Upon certification by the Secretary of State pursuant to subdivision (a) of Section 2204 of the Corporations Code, the Franchise Tax Board shall assess a penalty of two hundred fifty dollars ($250). Upon certification by the Secretary of State pursuant to subdivision (a) of Section 6810 or subdivision (a) of Section 8810 of the Corporations Code, the Franchise Tax Board shall assess a penalty of fifty dollars ($50). Any such penalty shall be a final assessment due and payable at the time of assessment but no interest shall accrue thereon. The assessment shall be collected as other taxes, interest, and penalties are collected by the Franchise Tax Board unless the Secretary of State decertifies the name of the corporation as provided in subdivision (e) or (f) of Section 2204, subdivision (e) of Section 6810, or subdivision (e) of Section 8810 of the Corporations Code.

19141.5. (a) (1) The provisions of Section 6038A of the Internal Revenue Code, relating to information with respect to certain foreign-owned corporations, shall apply.

(2) A penalty shall be imposed under this part for failure to furnish information or maintain records and that penalty shall be determined in accordance with the provisions of Section 6038A of the Internal Revenue Code.

(3) The provisions of Section 11314 of Public Law 101-508, relating to application of amendments made by Section 7403 of the Revenue Reconciliation Act of 1989 to taxable years beginning on or before July 10, 1989, shall apply.

(4) Section 6038A(e) of the Internal Revenue Code, relating to enforcement of requests for certain records, is modified as follows:

(A) Each reference to Section 7602, 7603, or 7604 of the Internal Revenue Code shall instead refer to Section 19504.

(B) Each reference to "summons" shall instead refer to "subpoena duces tecum."

(C) Section 6038A(e)(4)(C) of the Internal Revenue Code shall refer to "superior courts of the State of California for the Counties of Los Angeles, Sacramento, and San Diego, and for the City and County of San Francisco," instead of "United States district court for the district in which the person (to whom the summons is issued) resides or is found."

(b) (1) The provisions of Section 6038B of the Internal Revenue Code, relating to notice of certain transfers to foreign persons, shall apply.

(2) A penalty shall be imposed under this part for failure to furnish information or maintain records and that penalty shall be determined in accordance with the provisions of Section 6038B of the Internal Revenue Code.

(c) (1) The provisions of Section 6038C of the Internal Revenue Code, relating to information with respect to foreign corporations engaged in United States business, shall apply.

(2) A penalty shall be imposed under this part for failure to furnish information or maintain records and that penalty shall be determined in accordance with the provisions of Section 6038C of the Internal Revenue Code.

(3) Section 6038C(d) of the Internal Revenue Code, relating to enforcement of requests for certain records, is modified as follows:

(A) Each reference to Section 7602, 7603, or 7604 of the Internal Revenue Code shall instead refer to Section 19504.

(B) Each reference to "summons" shall instead refer to "subpoena duces tecum."

(d) For purposes of this part, the information required to be filed with the Franchise Tax Board pursuant to this section shall be a copy of the information filed with the Internal Revenue Service.

19142. Except as provided in Sections 19147 and 19148, in the case of any underpayment of tax imposed under Part 11 (commencing with Section 23001) there shall be added to the tax for the income year an amount determined at the rate established under Section 19521 on the amount of the underpayment for the period of the underpayment.

19144. For the purposes of Section 19142 the amount of the underpayment shall be the excess of—

(a) (1) The amount of the installment which would be required to be paid if the estimated tax were equal to 95 percent of the tax shown on the return for the income year, or (2) in the case of the tax imposed by Article 3 (commencing with Section 23181) of Chapter 2 of Part 11 an amount equal to 95 percent of the lesser of the tax computed at the rate provided by Section 19024 (but otherwise on the basis of the facts shown on the return and the law applicable to the income year), or the tax shown on the return for the income year as prescribed by Section 19021, or (3) if no return was filed, 95 percent of the tax for that year, over

(b) The amount, if any, of the installment paid on or before the last date prescribed for payment.

19145. For purposes of Section 19142, the period of the underpayment shall run from the date the installment was required to be made to whichever of the following date is the earlier:

(a) The 15th day of the third month following the close of the income year, except in the case of a corporation which is subject to the tax imposed under Section 23731, in which case "fifth" shall be

substituted for "third."

(b) With respect to any portion of the underpayment, the date on which that portion is paid. For purposes of this subdivision, a payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent the payment exceeds the amount of the installment determined under subdivision (a) of Section 19144 for the installment date.

19147. (a) Notwithstanding Sections 19142 to 19145, inclusive, the addition to the tax with respect to any underpayment of any installment shall not be imposed if the total amount of all payments of estimated tax paid on or before the last date prescribed for the payment of the installment equals or exceeds the amount which would have been required to be paid on or before that date if the estimated tax were whichever of the following is the lesser:

(1) (A) The tax shown on the return of the taxpayer for the preceding income year if a return showing a liability for tax was filed by the taxpayer for the preceding year and that preceding year was a year of 12 months. The tax shown on the return, in the case of the tax imposed by Article 3 (commencing with Section 23181) of Chapter 2 of Part 11, means the amount of tax shown on the return for the income year as prescribed in Section 19021.

(B) In the case of a large corporation, subparagraph (A) shall not apply, except as provided in clauses (i) and (ii).

(i) Subparagraph (A) shall apply for purposes of determining the amount of the first required installment for any income year.

(ii) Any reduction in the first required installment by reason of clause (i) shall be recaptured by increasing the amount of the next required installment by the amount of that reduction.

(2) (A) An amount equal to 95 percent of the tax for the income year computed by placing on an annualized basis the taxable income:

(i) For the first three months of the income year, in the case of the installment required to be paid in the fourth month,

(ii) For the first three months or for the first five months of the income year, in the case of the installment required to be paid in the sixth month,

(iii) For the first six months or for the first eight months of the income year in the case of the installment required to be paid in the ninth month, and

(iv) For the first nine months or for the first 11 months of the income year, in the case of the installment required to be paid in the 12th month of the taxable year.

(B) For purposes of this paragraph, the taxable income shall be placed on an annualized basis by—

(i) Multiplying by 12 the taxable income referred to in subparagraph (A), and

(ii) Dividing the resulting amount by the number of months in the income year referred to in subparagraph (A).

"Taxable income" as used in this paragraph means, "net income" includable in the measure of tax or "alternative minimum taxable

income" (as defined by Section 23455).

(C) In the case of any corporation which is subject to the tax imposed under Section 23731, each of the following shall apply:

(i) Any reference to taxable income shall be treated as including a reference to unrelated business taxable income.

(ii) Clauses (i) and (ii) of subparagraph (A) shall be applied by substituting "two months" for "three months."

(iii) Clause (ii) of subparagraph (A) shall be applied by substituting "four months" for "five months."

(iv) Clause (iii) of subparagraph (A) shall be applied by substituting "seven months" for "eight months."

(v) Clause (iv) of subparagraph (A) shall be applied by substituting "ten months" for "eleven months."

(3) Ninety-five percent or more of the tax for the income year was paid by withholding of tax pursuant to Section 18662.

(4) Ninety-five percent or more of the net income for the income year consists of items from which an amount was withheld pursuant to Section 18662 and the amount of the first installment, including payments applied pursuant to subdivision (c) of Section 19025, equals at least the minimum franchise tax specified in Section 23153.

(b) (1) For purposes of this section, "large corporation" means any corporation or bank if that corporation or bank (or any predecessor corporation or bank) had taxable income (computed without regard to net operating loss deductions) of one million dollars ($1,000,000) or more for any income year during the testing period.

(2) For purposes of this subdivision, "testing period" means the three income years immediately preceding the income year involved.

19148. (a) Notwithstanding Sections 19142 to 19147, inclusive, the addition to the tax with respect to any underpayment of any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of that installment equals or exceeds 95 percent of the amount determined under subdivision (b).

(b) The amount determined under this subdivision for any installment shall be determined in the following manner:

(1) Take the net income for all months during the income year preceding the filing month,

(2) Divide that amount by the base period percentage for all months during the income year preceding the filing month,

(3) Determine the tax on the amount determined under paragraph (2), and

(4) Multiply the tax computed under paragraph (3) by the base period percentage for the filing months and all months during the income year preceding the filing month.

(c) For purposes of this subdivision:

(1) The base period percentage for any period of months shall be the average percent which the net income for the corresponding

months in each of the three preceding income years bears to the net income for the three preceding income years.

(2) "Filing month" means the month in which the installment is required to be paid.

(3) This subdivision shall only apply if the base period percentage for any six consecutive months of the income year equals or exceeds 70 percent.

(4) The Franchise Tax Board may by regulations provide for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

19149. (a) Notwithstanding any other provision of Sections 19142 to 19151, inclusive, if the amount of estimated tax due and payable under Section 19025 is only the minimum franchise tax imposed by Section 23153, then the addition to the tax with respect to any underpayment of any installment imposed by Section 19142 shall be calculated only on the basis of the amount of the minimum franchise tax.

(b) This section shall not apply to a large corporation as defined in subdivision (b) of Section 19147.

19150. The application of Sections 19142 to 19151, inclusive, to income years of less than 12 months shall be in accordance with regulations prescribed by the Franchise Tax Board.

19151. Notwithstanding Sections 19142 to 19150, inclusive, the addition to the tax with respect to underpayment of any installment shall not be imposed on an exempt corporation whose exemption is retroactively revoked unless the corporation has notice that the estimated tax should have been paid. The denial of the organization's exemption application or the revocation of its exemption by the Internal Revenue Service normally satisfies the notice requirement.

19161. (a) No addition to the tax shall be made under Section 19132, 19136, or 19142 for failure to make timely payment of tax with respect to a period during which a case is pending under Title 11 of the United States Code in either of the following situations:

(1) If that tax was incurred by the estate and the failure occurred pursuant to an order of the court finding probable insufficiency of funds of the estate to pay administrative expenses.

(2) If:

(A) That tax was incurred by the debtor before the earlier of the order for relief or (in the involuntary case) the appointment of a trustee, and

(B) (i) The petition was filed before the due date prescribed by law (including extensions) for filing a return of that tax, or

(ii) The date for making the addition to the tax occurs on or after the day on which the petition was filed.

(b) Subdivision (a) shall not apply to any liability for an addition to the tax which arises from the failure to pay or deposit a tax withheld or collected from others and required to be paid to the State of California.

19164. (a) (1) An accuracy-related penalty shall be imposed

under this part and shall be determined in accordance with the provisions of Section 6662 of the Internal Revenue Code, relating to imposition of accuracy-related penalty.

(2) With respect to banks and corporations, this subdivision shall apply to all of the following:

(A) All income years beginning on or after January 1, 1990.

(B) Any other income year for which an assessment is made after July 16, 1991.

(d) The provisions of Section 6665 of the Internal Revenue Code, relating to applicable rules, shall apply.

19166. A penalty shall be imposed for understatement of any taxpayer's liability by a tax return preparer. The penalty shall be determined in accordance with Section 6694 of the Internal Revenue Code, except that Section 6694(c) of the Internal Revenue Code shall not be applicable and, in lieu thereof, the following shall apply:

(a) If, within 30 days after the day on which notice and demand of any penalty under Section 6694(a) or 6694(b) of the Internal Revenue Code is made against any person who is an income tax return preparer, that person pays an amount which is not less than 15 percent of the amount of that penalty and files a claim for refund of the amount so paid, no levy or proceeding in court for the collection of the remainder of that penalty shall be made, begun, or prosecuted until the final resolution of a proceeding begun as provided in subdivision (b). Notwithstanding Section 19381, the beginning of that proceeding or levy during the time that prohibition is in force may be enjoined in a proceeding in the superior court.

(b) If, within 30 days after the day on which a claim for refund of any partial payment of any penalty under Section 6694(a) or 6694(b) of the Internal Revenue Code is denied (or, if earlier, within 30 days after the expiration of six months after the day on which the claim for refund has been filed), the income tax return preparer fails to begin a proceeding in the superior court for the determination of his or her liability for that penalty, subdivision (a) shall cease to apply with respect to that penalty, effective on the day following the close of the applicable 30-day period referred to in this subdivision.

(c) The running of the period of limitations provided in Section 19371 on the collection by levy or by a proceeding in court in respect of any penalty described in subdivision (a) shall be suspended for the period during which the Franchise Tax Board is prohibited from collecting by levy or a proceeding in court.

19167. A penalty shall be imposed under this section for any of the following:

Code, for failure to furnish a copy of the return to the taxpayer, as required by Section 19255.

(b) In accordance with Section 6695(c) of the Internal Revenue Code, for failure to furnish an identifying number, as required by Section 19254.

(c) In accordance with Section 6695(d) of the Internal Revenue Code, for failure to retain a copy or list, as required by Section 19255.

19168. The following rules shall apply to any penalty imposed under Section 19166 or 19167:

(a) The penalties shall be in addition to any other penalties provided by law.

(b) Article 3 (commencing with Section 19031) of this chapter (relating to deficiency assessments) shall not be applicable.

19169. (a) In addition to the criminal penalty provided by Section 19712, any tax preparer who endorses or otherwise negotiates (directly or through an agent) any warrant made in respect of the taxes imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) which is issued to a taxpayer (other than the tax preparer) shall pay a penalty of two hundred fifty dollars ($250) with respect to each warrant. The preceding sentence shall not apply with respect to the deposit by a bank (as defined by Section 581 of the Internal Revenue Code) of the full amount of the warrant in the taxpayer's account in that bank for the benefit of the taxpayer.

(b) For purposes of subdivision (a), "tax preparer" means any person who prepares for compensation, or who employs one or more persons to prepare for compensation, any return of tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) or any claim for refund of tax imposed by Part 10 or Part 11. For purposes of the preceding sentence, the preparation of a substantial portion of a return or claim for refund shall be treated as if it were the preparation of that return or claim for refund.

A person shall not be a "tax preparer" merely because the person does any of the following:

(1) Furnishes typing, reproducing, or other mechanical assistance.

(2) Prepares a return or claim for refund of the employer (or of an officer or employee of the employer) by whom that person is regularly and continuously employed.

(3) Prepares as a fiduciary a return or claim for refund for any person.

(c) This section shall not apply where the tax preparer has advanced the taxpayer an amount of money equal to or greater than the amount of the taxpayer's refund.

19172. (a) In addition to the penalty imposed by Section 19706 (relating to willful failure to file return, supply information, or pay tax), if any partnership required to file a return under Section 18633 for any taxable year does either of the following:

(1) Fails to file the return at the time prescribed therefor (determined with regard to any extension of time for filing).

(2) Files a return which fails to show the information required under Section 18633, that partnership shall be liable for a penalty determined under subdivision (b) for each month (or fraction thereof) during which that failure continues (but not to exceed five months), unless it is shown that the failure is due to reasonable cause.

(b) For purposes of subdivision (a), the amount determined under this subdivision for any month is the product of the following:

(1) Ten dollars ($10), multiplied by

(2) The number of persons who were partners in the partnership during any part of the taxable year.

(c) The penalty imposed by subdivision (a) shall be assessed against the partnership.

(d) Article 3 (commencing with Section 19031) of this chapter (relating to deficiency assessments) shall not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

19173. (a) In addition to the penalty imposed by Section 19701 (relating to willful failure to file a return or supply information), if any person required to file a return under Section 18648 for any calendar year does any of the following: (1) fails to file a return within 60 days of a request, (2) files a return which fails to show the information required under Section 18648, or (3) fails to furnish the required statement to each investor, that person shall be liable for a penalty determined under subdivision (b), unless it is shown that such a failure is due to reasonable cause.

(b) For purposes of subdivision (a), the amount determined under this subdivision is the product of one thousand dollars ($1,000), multiplied by the number of investors required to be shown on the return. If the number of investors cannot be determined by the Franchise Tax Board, the amount determined under this subdivision shall be one hundred thousand dollars ($100,000).

(c) The penalty imposed by subdivision (a) shall be assessed against that person required to file a return under Section 18648.

(d) Article 3 (commencing with Section 19031) of this chapter (relating to deficiency assessments) shall not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

19174. (a) Any person who has a duty to file returns under Section 18648 and fails to keep the records required by subdivision (d) of Section 18648 shall pay a penalty for each calendar year for which there is any failure to keep those records, unless it is shown that the failure is due to reasonable cause.

(b) The penalty for any person for any calendar year shall be one thousand dollars ($1,000), multiplied by the number of investors with respect to whom that failure occurs in the calendar year reporting period. If the number of investors cannot be determined by the Franchise Tax Board, the amount determined under this subdivision

for any calendar year reporting period shall be one hundred thousand dollars ($100,000).

(c) The penalty under this section shall be assessed against the person required to file a return under Section 18648.

(d) Article 3 (commencing with Section 19031) of this chapter (relating to deficiency assessments) shall not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

19175. (a) In addition to the penalty imposed by Section 19183 (relating to failure to file information returns), if any person or entity fails to report amounts paid as remuneration for personal services as required under Section 13050 of the Unemployment Insurance Code or Sections 18637 and 18638 on the date prescribed therefor (determined with regard to any extension of time for filing), that person or entity may be liable for a penalty determined under subdivision (b).

(b) For purposes of subdivision (a), the amount determined under this subdivision is the maximum rate under Section 17041 multiplied by the unreported amounts paid as remuneration for personal services.

(c) The penalty imposed by subdivision (a) shall be assessed against that person or entity required to file a return under Section 13050 of the Unemployment Insurance Code or Section 18637 or 18638.

(d) Article 3 (commencing with Section 19031) of this chapter (relating to deficiency assessments) shall not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

(e) The penalty imposed under subdivision (a) shall be in lieu of the penalty imposed under Section 13052.5 of the Unemployment Insurance Code (relating to unreported compensation). In the event that a penalty is imposed under this section and Section 13052.5 of the Unemployment Insurance Code, only the penalty imposed under Section 13052.5 of the Unemployment Insurance Code shall apply.

19176. (a) In addition to any criminal penalty provided by law if:

(1) Any individual makes a statement under Section 13040, 13041, or 13042 of the Unemployment Insurance Code which results in a decrease in the amounts deducted and withheld under Division 6 (commencing with Section 13000) of the Unemployment Insurance Code; and

(2) As of the time the statement was made, there was no reasonable basis for the statement, the individual shall pay a penalty of five hundred dollars ($500) for the statement. Any penalty so imposed shall be paid upon notice and demand from the Franchise Tax Board and shall be collected as a tax.

(b) The Franchise Tax Board may waive (in whole or in part) the penalty imposed under subdivision (a) if the taxes imposed under Part 10 (commencing with Section 17001) with respect to the individual for the taxable year are equal to or less than the sum of

both of the following:

(1) The credits against those taxes allowed by Chapter 2 (commencing with Section 17041) of Part 10 and Section 19002.

(2) The payments of estimated tax which are considered payments on account of those taxes.

(c) This section supersedes Section 13101 of the Unemployment Insurance Code and shall apply to acts and failures to act after December 31, 1981.

19178. A penalty shall be imposed for aiding and abetting understatement of tax liability. The penalty shall be determined in accordance with Section 6701 of the Internal Revenue Code.

19179. A penalty shall be imposed for filing a frivolous return. The penalty shall be determined in accordance with Section 6702 of the Internal Revenue Code, except that it shall be applied to returns required to be filed under this part.

19180. (a) In any proceeding involving the issue of whether or not any person is liable for a penalty under Section 19177, 19178, or 19179, the burden of proof with respect to that issue shall be on the Franchise Tax Board.

(b) Sections 19041 to 19049, inclusive, (relating to deficiency procedures) shall not apply with respect to the assessment or collection of the penalties provided by Section 19177, 19178, or 19179.

(c) (1) If, within 30 days after the day on which notice and demand of any penalty under Section 19177, 19178, or 19179 is made against any person, that person pays an amount which is not less than 15 percent of the amount of that penalty and files a claim for refund of the amount so paid, no levy or proceeding in court for the collection of the remainder of that penalty shall be made, begun, or prosecuted until the final resolution of a proceeding begun as provided in paragraph (2). Notwithstanding Section 19381, the beginning of that proceeding or levy during the time that prohibition is in force may be enjoined by a proceeding in the superior court.

(2) If, within 30 days after the day on which the claim for refund of any partial payment of any penalty under Section 19177, 19178, or 19179 is denied (or, if earlier, within 30 days after the expiration of six months after the day on which a claim for refund was filed), the person fails to begin a proceeding in the superior court for the determination of the liability for that penalty, paragraph (1) shall cease to apply with respect to that penalty, effective on the day following the close of the applicable 30-day period referred to in this paragraph.

(3) The running of the period of limitations provided in Section 19371 on the collection by levy or by a proceeding in court in respect of any penalty described in paragraph (1) shall be suspended for the period during which the Franchise Tax Board is prohibited from

CHAPTER 5. COLLECTION OF TAX

Article 1. Judgment for Tax

19201. If any amount due under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or any amount that may be collected by the Franchise Tax Board as though it were a tax, is not paid, the Franchise Tax Board may file in the Office of the County Clerk of Sacramento County, or any other county, a certificate specifying the amount due, the name and last known address of the taxpayer liable for the amount due, and the fact that the Franchise Tax Board has complied with all provisions of the law in the computation and levy of the amount due, and a request that judgment be entered against the taxpayer in the amount set forth in the certificate.

19202. The county clerk immediately upon the filing of the certificate shall enter a judgment for the people of the State of California against the taxpayer in the amount set forth in the certificate. The county clerk may file the judgment in a loose-leaf book entitled "Personal Income Tax Judgments" or "Bank and Corporation Tax Judgments," as appropriate.

19203. An abstract or a copy of the judgment may be recorded with the county recorder of any county. From the time of the recording, the amount set forth constitutes a lien upon all real property of the taxpayer in the county, owned by the taxpayer or afterward and before the lien expires acquired by the taxpayer. Such lien has the force, effect, and priority of a judgment lien and continues for 10 years from the date of the recording unless sooner released or otherwise discharged.

19204. Within 10 years from the date of the recording or within 10 years from the date of the last extension of the lien in the manner provided in this section, the lien may be extended by recording in the office of the county recorder of any county an abstract or copy of the judgment. From the time of the recording the lien extends to the property in the county for 10 years unless sooner released or otherwise discharged.

19205. Execution shall issue upon the judgment upon request of the Franchise Tax Board in the same manner as execution may issue upon other judgments, and sales shall be held under the execution

as prescribed in the Code of Civil Procedure.

19206. The Franchise Tax Board may, at any time, release all or any portion of the property subject to any lien provided for in this article from the lien or subordinate the lien to other liens if it determines that the taxes are sufficiently secured by a lien on other property of the taxpayer or that the release or subordination of the lien will not endanger or jeopardize the collection of the taxes.

19207. The Franchise Tax Board may release any lien imposed under Section 19203 or 19204 if it finds that the liability represented by the lien, including any interest accrued thereon, is legally unenforceable.

19208. A certificate by the Franchise Tax Board to the effect that any property has been released from a lien or that the lien has been subordinated to other liens is conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

19209. If the Franchise Tax Board records a certificate of release pursuant to Section 19206 or 19207, the cost of recording is an obligation of the taxpayer and may be collected from the taxpayer in any manner provided in this part for the collection of the tax.

Article 2. Lien of Tax

19221. (a) If any taxpayer or person fails to pay any liability imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) at the time that it becomes due and payable, the amount thereof, (including any interest, additional amount, addition to tax, or penalty, together with any costs that may accrue in addition thereto) shall thereupon be a perfected and enforceable state tax lien. Such a lien is subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates:

(1) For amounts of any liability disclosed on a return filed on or before the date payment is due (with regard to any extension of time to pay), the date the amount is established on the records of the Franchise Tax Board, except that in no case will it be prior to the day after such payment due date;

(2) For amounts of any liability disclosed on a return filed after the date payment is due (with regard to any extension of time to pay), the date the amount is established on the records of the Franchise Tax Board;

(3) For amounts of any liability determined under Section 19081 or 19082 (pertaining to jeopardy assessments), the date the notice of the Franchise Tax Board's finding is mailed or issued;

(4) For all other amounts of liability, the date the assessment is final.

19222. For the purposes of this section, if any certified,

treasurer's, or cashier's check (or other guaranteed draft), or any money order received in payment of any liability imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part is not duly paid, the state shall, in addition to its right to exact payment from the party originally indebted therefor, have a perfected and enforceable state tax lien for the amount of that check (or draft) upon all the assets of the financial institution on which drawn or for the amount of that money order upon all the assets of the issuer thereof. The lien referred to in the preceding sentence shall be subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

19223. Upon recordation or filing of a notice of state tax lien pursuant to Section 7171 of the Government Code by the Franchise Tax Board for any taxes due from the grantor of a trust on income of the trust which is taxable to the grantor under Part 10 (commencing with Section 17001), and upon its giving notice of the recording or filing pursuant to Section 7171 of the Government Code to the fiduciary of the trust, or in case there is more than one fiduciary to any one of the fiduciaries, the amount of the taxes constitutes a lien upon all the real or personal property of the trust in the county owned by the trust or afterwards and before the lien expires acquired by the trust. The lien has the force, effect, and priority of a lien created pursuant to Section 19221.

19224. The notice required to be given by Section 19223 may be served upon the fiduciary personally, or by mail; if by mail, service shall be made pursuant to Section 1013 of the Code of Civil Procedure and shall be addressed to the fiduciary at his or her address as it appears in the records of the Franchise Tax Board.

Article 3. Warrant for Collection of Tax

19231. The Franchise Tax Board or its authorized representative may issue a warrant for the collection of any tax, interest, or penalty and for the enforcement of any lien.

19232. The warrant shall be directed to any sheriff, constable, marshal, or the California State Police and shall have the same force and effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same force and effect as a levy of and sale pursuant to a writ of execution.

19233. The Franchise Tax Board shall pay or advance to the sheriff, constable, marshal, or the California State Police the same fees, commissions, and expenses as are provided by law for similar services pursuant to a writ of execution. The Franchise Tax Board, and not the court, shall approve the fees for publication in a newspaper.

19234. The fees, commissions, and expenses are an obligation of the taxpayer and may be collected from the taxpayer by virtue of the warrant or in any other manner provided in this part for the collection of a tax.

19235. Whenever property is levied upon by warrant pursuant to Section 19231, the reasonable costs associated with the sale of that property, including, but not limited to, appraisers' fees, auctioneers' fees, and advertising fees are an obligation of the taxpayer and may be collected from the taxpayer by virtue of the warrant or in any other manner provided in this part for the collection of tax.

Article 4. Miscellaneous Provisions

19251. The remedies of the state provided for in this chapter are cumulative, and no action taken by the Franchise Tax Board constitutes an election by the state to pursue any remedy to the exclusion of any other remedy for which provision is made in this part.

19252. In all proceedings under this chapter the Franchise Tax Board may act on behalf of the people of the State of California.

19253. The amounts required to be paid by any person under this part together with interest and penalties shall be satisfied first in any of the following cases:

(a) Whenever the person is insolvent.

(b) Whenever the person makes a voluntary assignment of assets.

(c) Whenever the estate of the person in the hands of executors, administrators, or heirs is insufficient to pay all the debts due from the deceased.

(d) Whenever the estate and effects of an absconding, concealed, or absent person required to pay any amount under this part are levied upon by process of law.

This section does not give the state a preference over any lien or security interest which was recorded or perfected prior to the time when the state records or files its lien as provided in Section 7171 of the Government Code.

The preference given to the state by this section shall be subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

19254. (a) (1) If any person fails to pay any amount of tax, penalty, addition to tax, interest, or other liability imposed and delinquent under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part, a collection cost recovery fee shall be imposed if the Franchise Tax Board has mailed notice to that person for payment that advises that continued failure to pay the amount due may result in collection action, including the imposition of a collection cost recovery fee. The collection cost recovery fee shall be in the amount of:

(A) In the case of an individual, partnership, or fiduciary, eighty-eight dollars ($88) or an amount as adjusted under subdivision (b).

(B) In the case of a bank or corporation, one hundred sixty-six dollars ($166) or an amount as adjusted under subdivision (b).

(2) If any person fails or refuses to make and file a tax return

required by Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part, within 25 days after formal legal demand to file the tax return is mailed to that person by the Franchise Tax Board, the Franchise Tax Board shall impose a filing enforcement cost recovery fee in the amount of:

(A) In the case of an individual, partnership, or fiduciary, fifty-one dollars ($51) or an amount as adjusted under subdivision (b).

(B) In the case of a bank or corporation, one hundred nineteen dollars ($119) or an amount as adjusted under subdivision (b).

(b) For fees imposed under this section during the fiscal year 1993–94 and fiscal years thereafter, the amount of those fees shall be set to reflect actual costs and shall be specified in the annual Budget Act.

(c) Interest shall not accrue with respect to the cost recovery fees provided by this section.

(d) The amounts provided by this section are obligations imposed by this part and may be collected in any manner provided under this part for the collection of a tax.

(e) Subdivision (a) is operative with respect to the notices for payment or formal legal demands to file, either of which is mailed on or after September 15, 1992.

(f) The Franchise Tax Board shall determine the total amount of the cost recovery fees collected or accrued through June 30, 1993, and shall notify the Controller of that amount. The Controller shall transfer that amount to the Franchise Tax Board, and that amount is hereby appropriated to the board for the 1992–93 fiscal year for reimbursement of its collection and filing enforcement efforts.

19256. The Franchise Tax Board may, in the allowance of any amount as a credit or refund, or in the collection of any amount as a deficiency or underpayment, of any tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001), disregard a fractional part of a dollar unless it amounts to fifty cents ($0.50) or more, in which case it shall be increased to one dollar ($1).

19262. (a) At any time within which an action can be brought to collect any delinquent amounts as provided in Article 2 (commencing with Section 19371) of Chapter 6, the Franchise Tax Board may collect the tax, together with penalties and interest, in the following manner: The Franchise Tax Board shall seize any personal property owned by the taxpayer against whom the tax is assessed, and thereafter sell at public auction the property so seized, or a sufficient portion thereof, to pay the tax due hereunder, together with any interest, and any penalty or penalties imposed hereby for that delinquency, and any and all costs that may have been incurred on account of the seizure and sale. Notice of the intended sale and the time and place thereof, shall be given to the delinquent taxpayer and to all persons appearing of record to have an interest in the property, in writing, at least 10 days before the date set for the sale by enclosing the notice in an envelope addressed to the taxpayer at

its last known place of business in this state if any, and, in the case of any person appearing of record to have an interest in the property, addressed to that person at the last known place of residence, if any, and depositing the same in the United States mail, postage prepaid, and by publication for at least 10 days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold; provided, however, that if there be no newspaper of general circulation in that county then by the posting of the notice in three public places in the county for the 10-day period. The notice shall contain a description of the property to be sold, together with a statement of the amount of the taxes, interest, penalties, and costs, the name of the taxpayer, and the further statement that, unless the taxes, interest, penalties, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much thereof as may be necessary, will be sold in accordance with law and the notice.

(b) For purposes of this section, the term tax shall include any liability imposed pursuant to Article 7 (commencing with Section 19131) of Chapter 4, and any interest imposed thereon.

19263. At any sale authorized by Section 19262, the property shall be sold by the Franchise Tax Board or its duly authorized agent in accordance with law and the notice of sale, and the Franchise Tax Board shall deliver to the purchaser a bill of sale for the property so sold and the bill of sale shall vest title in the purchaser. The unsold portion of any property so seized may be left at the place of sale at the risk of the taxpayer. If, upon any sale, the moneys so received exceed the amount of all taxes, interest, penalties and costs due the state from the taxpayer, any excess shall be returned to the taxpayer and a receipt therefor obtained. However, if any person having an interest in or lien upon the property has filed with the Franchise Tax Board prior to any sale notice of the interest or lien, the Franchise Tax Board shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction.

If, for any reason, the receipt of the taxpayer is not available, the Franchise Tax Board shall deposit the excess moneys with the Treasurer, as trustee for the owner, subject to the order of the taxpayer or his or her trust or estate, or in the case of a bank or corporation, its successor through reorganization, merger, or consolidation, or its stockholders upon dissolution.

Article 5. Collection of Child Support

19271. (a) When a child support delinquency is reported to the State Department of Social Services pursuant to Title 5.5 (commencing with Section 4750) of Part 5 of Division 4 of the Civil Code, the county district attorney reporting that delinquency may refer, pursuant to the guidelines prescribed by the State Department of Social Services and the Franchise Tax Board for purposes of

implementing this article, the delinquency to the Franchise Tax Board for collection. For the period from January 1, 1993, to December 31, 1995, inclusive, for purposes of the manageable implementation and evaluation of the program authorized by this article, requests for referral shall only be made from district attorneys representing six counties, selected upon application, which may include two rural counties, two suburban counties, and two urban counties. These counties shall be selected by the State Department of Social Services and the Franchise Tax Board in consultation with county representatives.

(b) (1) When a delinquency is referred to the Franchise Tax Board pursuant to subdivision (a), the amount of the child support delinquency, and any interest accruing under subdivision (c), shall be collected from obligated parents by the Franchise Tax Board in any manner authorized under this part for the collection of a delinquent personal income tax liability.

(2) Any compensation, fee, commission, expense, or any other fee for service incurred by the Franchise Tax Board in the collection of a child support delinquency authorized under this article shall not be an obligation of, or collected from, the obligated parent. A referred child support delinquency shall be final and due and payable to the State of California upon written notice to the obligated parent by the Franchise Tax Board.

(3) For purposes of administering this article:

(A) This chapter and Chapter 7 (commencing with Section 19501) shall apply, except as otherwise provided by this article.

(B) Any services, information, or enforcement remedies available to a district attorney or the Title IV-D agency in collecting support delinquencies or locating absent or noncustodial parents shall be available to the Franchise Tax Board for purposes of collecting child support delinquencies under this article.

(C) A request by the Franchise Tax Board for information from a financial institution shall be treated in the same manner and to the same extent as a request for information from a district attorney referring to a support order pursuant to Section 11475.1 of the Welfare and Institutions Code for purposes of Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code (relating to governmental access to financial records), notwithstanding any other provision of law which is inconsistent or contrary to this paragraph.

(D) "Earnings" may include the items described in subdivision (c) of Section 4390 of the Civil Code.

(c) Interest on the delinquency shall be computed pursuant to Section 685.010 of the Code of Civil Procedure and shall be computed from the day the Franchise Tax Board receives the delinquency from the county. When notice of the amount due, including interest, is mailed by the Franchise Tax Board, and that amount is paid within 10 days after the date of the notice from the Franchise Tax Board, interest shall not be imposed for the period after the date of the

notice.

(d) In the event the collection action would cause undue financial hardship to the obligated parent, would threaten the health or welfare of the obligated parent or his or her family, or would cause undue irreparable loss to the obligated parent, the obligated parent may notify the Franchise Tax Board, which shall upon being notified refer the obligated parent to the referring county district attorney, unless the Franchise Tax Board is directed otherwise by the county district attorney for purposes of more effectively administering this article.

(e) (1) In no event shall a collection under this article be construed to be a payment of income taxes imposed under this part.

(2) In the event an obligated parent overpays a liability imposed under this part, the overpayment shall not be credited against any delinquency collected pursuant to this article. In the event an overpayment of a liability imposed under this part is offset and distributed to a referring county district attorney pursuant to Sections 12419.3 and 12419.5 of the Government Code or Section 708.740 of the Code of Civil Procedure, and thereby reduces the amount of the referred delinquency, the referring county district attorney shall immediately notify the Franchise Tax Board of that reduction, unless otherwise directed for purposes of more effectively administering this article.

(f) Except as otherwise provided in this article, any child support delinquency referred to the Franchise Tax Board pursuant to this article shall be treated as a child support delinquency for all other purposes, and any collection action by the county district attorney or the Franchise Tax Board with respect to any delinquency referred pursuant to this article shall have the same priority against attachment, execution, assignment, or other collection action as is provided by any other provision of state law.

(g) For purposes of this article, "child support" means support of a child, spouse, or family as provided in subdivision (h) of Section 4390 of the Civil Code.

(h) Nothing in this article shall be construed to modify the tax intercept provisions of Article 8 (commencing with Section 708.710) of Chapter 6 of Division 2 of Part 2 of the Code of Civil Procedure.

(i) The child support collection activities authorized by this article shall not interfere with the primary mission of the Franchise Tax Board to fairly and efficiently administer the Revenue and Taxation Code for which it is responsible.

19272. (a) Any child support delinquency collected by the Franchise Tax Board, including those amounts that result in overpayment of a child support delinquency, shall be distributed as specified by interagency agreement executed by the Franchise Tax Board and the State Department of Social Services, with the concurrence of the Controller.

(b) When a child support delinquency, or any portion thereof, has been collected by the Franchise Tax Board pursuant to this article,

the district attorney shall be notified that the delinquency or some portion thereof has been collected and shall be provided any other necessary relevant information requested.

(c) The referring county district attorney shall receive credit for no less than 50 percent of the amount of collections made pursuant to the referral, and shall receive no less than 50 percent of the applicable child support enforcement incentives pursuant to Section 15200.85 of the Welfare and Institutions Code. Pursuant to guidelines prescribed by the State Department of Social Services and the Franchise Tax Board, the referring county district attorney's percentage of the incentive credit may exceed 50 percent, depending upon the type of case referred to the Franchise Tax Board for collection, provided that state operations costs are recovered from incentive payments or other federal reimbursement. The remainder of the child support enforcement incentives, if any, shall be received by the Franchise Tax Board for reimbursement of the board's collection costs.

19273. (a) For the collection pursuant to this article of any child support delinquency from any obligated parent who is out of state, the Franchise Tax Board may utilize the procedures and mechanisms currently available for collection of taxes owed from out-of-state taxpayers, pursuant to Section 19376. As necessary, the Franchise Tax Board shall seek reciprocal agreements with other states to improve its ability to collect child support payments from out-of-state obligated parents on behalf of custodial parents residing in California. The Franchise Tax Board shall also share with the Internal Revenue Service any tax return information with respect to the location of the obligated parent, and may pursue agreements with the Internal Revenue Service, as permitted by federal law, to improve collections of child support delinquencies from out-of-state obligated parents through cooperative agreements with the service.

(b) The Statewide Automated Child Support System, established pursuant to Section 10815 of the Welfare and Institutions Code, shall, for purposes of this article, include the capacity to interface and exchange information with the Franchise Tax Board, and if feasible, the Internal Revenue Service, to enable the immediate reporting and tracking of obligated parent information.

(c) The State Department of Social Services and the Franchise Tax Board shall enter into any interagency agreements that are necessary for the implementation of this article.

19274. (a) This article shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes this date.

(b) Notwithstanding the repeal of this article, any collections attributable to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 6. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

19301. (a) If the Franchise Tax Board or the board, as the case may be, finds that there has been an overpayment of any liability imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part by a taxpayer for any year for any reason, the amount of the overpayment may be credited against any amount then due from the taxpayer and the balance shall be refunded to the taxpayer.

(b) In the case of a joint return filed under Section 18521, the amount of the overpayment may be credited against the amount then due from both taxpayers and the balance shall be refunded to both taxpayers in the names under which the return was paid.

(c) In the case of a bank or corporation, the balance shall be refunded to the taxpayer or its successor through reorganization, merger, or consolidation, or to its shareholders upon dissolution.

19302. (a) Except as provided in subdivision (b), if the Franchise Tax Board determines that the taxpayer paid an amount not required to be paid under this part, the Franchise Tax Board without obtaining the approval of the State Board of Control, shall set forth that fact in its records and may either credit the amount on any amounts then due and payable under this part from the taxpayer by whom the amount was paid or refund the amount or the balance to the taxpayer or the taxpayer's successors, administrators, or executors.

(b) No refund exceeding fifty thousand dollars ($50,000) shall be allowed or made until approved by the State Board of Control. Notwithstanding the preceding sentence, State Board of Control approval shall not be required with respect to a refund resulting from withholding, payment of estimated tax, or prepayment of taxes, or a rate determination pursuant to Section 23186.1 (relating to bank and financial corporation rates) for the taxable year, or from a settlement approved pursuant to Section 19442.

19306. No credit or refund shall be allowed or made after four years from the last day prescribed for filing the return (determined without regard to any extension of time for filing the return) or after one year from the date of the overpayment, whichever period expires the later, unless before the expiration of the period a claim therefor is filed by the taxpayer, or unless before the expiration of the period the Franchise Tax Board allows a credit, makes a refund, mails a notice of proposed overpayment on a preprinted form prescribed by the Franchise Tax Board, or certifies the overpayment to the State Board of Control for approval of the refunding thereof.

19307. For purposes of Section 19306, a return filed within four years from the last day prescribed for filing the return showing a credit allowable by Section 19002 or estimated tax paid pursuant to Section 19023, 19024, or 19136 in excess of the tax due, shall be

considered a claim for refund of the excess if the amount thereof is more than one dollar ($1). No refund of tax withheld or estimated tax paid shall be allowed to an employee or taxpayer who fails to file a return for the taxable year in respect of which the tax withheld or estimated tax was allowable as a credit.

19308. The period within which a claim for credit or refund may be filed, or credit or refund allowed or made if no claim is filed, shall be the period within which the Franchise Tax Board may mail a notice of proposed deficiency assessment under the same circumstances, if either of the following apply:

(a) The taxpayer has, within the period prescribed in Section 19306, agreed in writing, under Article 3 (commencing with Section 19031) of Chapter 4, to extend the time within which the Franchise Tax Board may propose a deficiency assessment.

(b) The taxpayer has agreed with the United States Commissioner of Internal Revenue for an extension (or renewals thereof) of the period for proposing and assessing deficiencies in federal income tax for any year.

19309. Section 19306 shall apply to any claim filed, or credit or refund allowed or made, before the execution of an agreement pursuant to Section 19308.

19311. (a) If a change or correction is made or allowed by the Commissioner of Internal Revenue or other officer of the United States or other competent authority, or an amended return is required under Section 18622 and is filed timely, a claim for credit or refund resulting from the adjustment may be filed by the taxpayer within two years from the date of the final federal determination, or within the period provided in Section 19306, 19307, or 19308, whichever period expires later.

(b) This section shall apply to any federal determination that becomes final on or after January 1, 1993.

19312. Insofar as the claim for credit or refund relates to an overpayment on account of the deductibility, under Section 24348 of this code or Section 166 of the Internal Revenue Code, of a debt as one which became worthless, or a loss from worthlessness of a security under Section 24347 or 24348 of this code or Section 165(g) or 166 of the Internal Revenue Code, or an erroneous inclusion of an amount attributable to the recovery of a bad debt, prior tax or delinquency amount, under Section 111 of the Internal Revenue Code due to an adjustment of a bad debt deduction under Section 24348 of this code or Section 166 of the Internal Revenue Code, or a loss deduction from worthlessness of a security under Section 24347 of this code or Section 165(g) of the Internal Revenue Code, in lieu of the period of limitations prescribed in Section 19306, the period shall be seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made.

19313. (a) In the case of any tax imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001) with respect to any person, the period for filing a

claim for credit or refund of any overpayment attributable to any partnership item of a federally registered partnership shall not expire before the later of the following:

(1) The date which is five years after the date prescribed by law (including extensions thereof) for filing the partnership return for the partnership taxable year in which the item arose.

(2) If an agreement under Section 6501(c)(4) of the Internal Revenue Code of 1954 extending the period for the assessment of any deficiency attributable to the partnership item is made before the date specified in paragraph (1), the date six months after the expiration of the extension.

In any case to which the preceding sentence applies, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in Section 19306 or 19308, whichever is applicable.

(b) For purposes of this subdivision, "partnership item" and "federally registered partnership" have the same meanings as when used in Section 19063.

19314. (a) Notwithstanding any statute of limitations otherwise provided for in this part, any overpayment due a taxpayer for any year, shall be allowed as an offset in computing any deficiency in tax, for the same or any other year, if the overpayment results from any of the following:

(1) A transfer of items of income or deductions or both to or from another year for the same taxpayer.

(2) A transfer of items of income or deductions or both for the same year for a related taxpayer described in Section 19110.

(3) A transfer of items of income or deductions, or both, to or from another taxpayer for the same or different years if the items of income or deductions are transferred between affiliated taxpayers whose tax is determined under Chapter 17 (commencing with Section 25101) of Part 11.

(b) The offset provided under subdivision (a) shall not be allowed after the expiration of seven years from the due date of the return or returns on which the overpayment is determined.

(c) No refund shall be allowed under subdivision (a) unless before the period set forth in Section 19306 a claim therefor is filed by the taxpayer or unless before the expiration of that period the Franchise Tax Board has allowed a credit, made a refund, or certified the overpayment to the State Board of Control for approval of the refunding thereof.

19321. A refund claim upon which action has become final shall not thereafter be considered a refund claim within the meaning of Section 19306 except to the extent it has been allowed.

19322. Every claim for refund shall be in writing, shall be signed by the taxpayer or the taxpayer's authorized representative, and shall state the specific grounds upon which it is founded. A claim filed for or on behalf of a class of taxpayers shall do all of the following:

(a) Be accompanied by written authorization from each taxpayer

sought to be included in the class.

(b) Be signed by each taxpayer or taxpayer's authorized representative.

(c) State the specific grounds on which the claim is founded.

19323. If the Franchise Tax Board disallows any claim for refund, it shall notify the taxpayer accordingly.

19324. (a) Except as provided in subdivision (b), at the expiration of 90 days from the mailing of the notice, the Franchise Tax Board's action upon the claim is final unless within the 90-day period the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

(b) If within the period set forth in Section 19384 for filing a suit for refund the Franchise Tax Board receives information which it determines clearly establishes that a disallowed claim should have been allowed, in whole or in part, the Franchise Tax Board shall credit the amount of the overpayment against any taxes due from the taxpayer under this part and the balance shall be refunded to the taxpayer.

19325. No interest shall be allowed or paid with respect to a claim for credit or refund based upon an overpayment which is the result of federal law, including treaties, which reduces taxes for taxable years prior to the enactment date of the federal law or the approval date of the treaty.

19331. If the Franchise Tax Board fails to mail notice of action on any refund claim within six months after the claim is filed, the taxpayer may prior to mailing of notice of action on the refund claim consider the claim disallowed and appeal to the board. For substitution of the 120-day period for the six-month period contained in this section in a Title 11 case, see Section 505(a)(2) of Title 11 of the United States Code.

19332. Two copies of the appeal and two copies of any supporting documents shall be addressed and mailed to the State Board of Equalization at Sacramento, California. Upon receipt of the appeal, the board shall provide one copy of the appeal and one copy of any supporting documents to the Franchise Tax Board at Sacramento, California.

19333. The board shall hear and determine the appeal and thereafter shall forthwith notify the taxpayer and the Franchise Tax Board of its determination and the reasons therefor.

19334. The determination of the board is final upon the expiration of 30 days from the date of the determination unless within the 30-day period, the taxpayer or Franchise Tax Board files a petition for rehearing with the board. In that event the determination becomes final upon the expiration of 30 days from the date the board issues its opinion on the petition.

19335. If, with or after the filing of a protest or an appeal to the State Board of Equalization pursuant to Article 3 (commencing with Section 19031) of Chapter 4, a taxpayer pays the tax protested before the Franchise Tax Board acts upon the protest, or the board upon the

appeal, the Franchise Tax Board or board shall treat the protest or the appeal as a claim for refund or an appeal from the denial of a claim for refund filed under this article.

19340. Interest shall be allowed and paid on any overpayment in respect of any tax, at the adjusted annual rate established pursuant to Section 19521 as follows:

(a) In the case of a credit, from the date of the overpayment to the due date of the amount for which the credit is allowed. Any interest allowed on any credit shall first be credited on any taxes due from the taxpayer under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

(b) In the case of a refund, including a refund in excess of tax liability as prescribed in subdivision (j) of Section 17053.5, from the date of the overpayment to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the Franchise Tax Board.

19341. (a) Except as provided in subdivisions (b), (c), and (d), if any overpayment of tax is refunded or credited within 90 days after the return is filed, or within 90 days after the last day prescribed for filing the return of tax (determined without regard to any extension of time for filing the return), whichever is later, no interest shall be allowed under Section 19340 on the overpayment.

For the purposes of this section, "overpayment of tax" includes a refund in excess of tax liability as prescribed in subdivision (j) of Section 17053.5.

(b) In the case of returns which set forth no determination or amount of tax liability, or credits other than that allowed under Section 17053.5, and which are filed solely for the purpose of claiming the renter credit, no interest shall be allowed on refunds made within 90 days from the date on which the return is filed, or within 90 days after the last day prescribed for filing the return, whichever is later. This subdivision applies only when communication with the claimant or other verification is necessary to determine entitlement to the claimed credit.

(c) In the case of an individual or fiduciary taxable under Part 10 (commencing with Section 17001), for the 1982 taxable year and each taxable year thereafter, the 90-day time periods specified in subdivision (a) shall be 45 days.

(d) In the case of a return of tax which is filed after the last date prescribed for filing the return (determined with regard to extensions), no interest shall be allowed or paid for any day before the date on which the return is filed.

19342. If the Franchise Tax Board disallows interest on any claim for refund, it shall notify the taxpayer accordingly.

19343. At the expiration of 90 days from the mailing of the notice specified in Section 19342, the Franchise Tax Board's action upon the disallowance of the interest shall be final unless within the 90-day period, the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

19344. Two copies of the appeal and two copies of any supporting documents shall be addressed and mailed to the State Board of Equalization at Sacramento, California. Upon receipt of the appeal, the board shall provide one copy of the appeal and one copy of any supporting documents to the Franchise Tax Board at Sacramento, California.

19345. The board shall hear and determine the same and thereafter shall forthwith notify the taxpayer and the Franchise Tax Board of its determination and the reasons therefor.

19346. The determination is final upon the expiration of 30 days from the date of the determination unless within the 30-day period, the taxpayer or Franchise Tax Board files a petition for rehearing with the board. In that event the determination becomes final upon the expiration of 30 days from the date the board issues its opinion upon the petition.

19347. Within 90 days after the mailing of the notice of the Franchise Tax Board's action disallowing interest upon any refund claim, or, in the case of an appeal to the board from the disallowance of interest on any refund claim, within the 90 days after the mailing of the notice of the board's determination of the appeal, the taxpayer may bring an action against the Franchise Tax Board on the grounds set forth for interest in the claim for the recovery of the interest.

19348. If the Franchise Tax Board fails to mail notice of action of disallowance of interest on any refund claim within six months after the interest was claimed, the taxpayer may, prior to mailing notice of action of disallowance of interest on the refund claim, consider the interest disallowed and bring an action against the Franchise Tax Board on the grounds set forth for interest in the claim for the recovery of the interest.

19349. A payment not made incident to a bona fide and orderly discharge of an actual liability or one reasonably assumed to be imposed by law, is not an overpayment for the purposes of Section 19340 and interest is not payable thereon.

19350. If a credit or refund of any part of an overpayment would be barred under Section 19306, except for Section 19312, no interest shall be allowed or paid with respect to that part of the overpayment for any period beginning after the expiration of the period of limitation provided in Section 19306 for filing claim for credit or refund of that part of the overpayment and ending at the expiration of six months after the date on which the claim was filed or, in case no claim was filed and the overpayment was found by the board, ending at the time the appeal was filed with the board.

19351. The provisions of Section 19066, which are applicable in determining the period of limitation on credit or refund, shall be applicable in determining the date of payment for purposes of Sections 19340, 19341, 19363, and 19391.

19354. If the amount allowable as a credit under Section 19002 (relating to credit for tax withheld) exceeds the tax imposed by Part 10 (commencing with Section 17001), against which the credit is

allowable, the amount of the excess shall be considered an overpayment.

19355. Any action of the Franchise Tax Board in refunding the excess of tax withheld under Section 18662 or 18666 or estimated tax paid pursuant to Section 19136 or any action of the Employment Development Department in refunding to the employer the excess tax withheld under Section 13020 of the Unemployment Insurance Code shall not constitute a determination of the correctness of the return of the taxpayer for purposes of this part.

19361. In the case of an overpayment of tax imposed by Section 18662 or 18666, refund or credit shall be made to the employer or to the withholding agent, as the case may be, only to the extent that the amount of the overpayment was not deducted and withheld by the employer or withholding agent. No interest shall be allowed on the overpayment.

19362. The Franchise Tax Board is authorized to prescribe regulations providing for the crediting against the estimated tax for any taxable year of the amount determined by the taxpayer or the Franchise Tax Board to be an overpayment of the tax for a preceding taxable year.

19363. Credits or refunds of overpayments of estimated tax shall be made by the Franchise Tax Board as provided in this article. Any amount paid as estimated tax for any taxable year shall be deemed to have been paid on the last day prescribed for filing the return for the income or taxable year (determined without regard to any extension of time for filing the return).

Article 2. Suit for Tax

19371. (a) At any time within 10 years after the determination of liability for any tax, penalties, and interest, or within the period during which a lien is in force as the result of the recording of an abstract under Section 19203 or of the recording or filing of a notice of state tax lien under Section 7171 of the Government Code, the Franchise Tax Board may bring an action in the courts of this state, of any other state, or of the United States in the name of the people of the State of California to recover the amount of any taxes, penalties, and interest due and unpaid under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part.

(b) The amendments made by Sections 41 and 108 of Chapter 117 of the Statutes of 1991 shall apply to any of the following:

(1) Taxes assessed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part after July 16, 1991.

(2) Taxes assessed on or before July 16, 1991, under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part, if the period specified in subdivision (a), determined without regard to those amendments, has not expired on

July 16, 1991.

19372. The Attorney General or the counsel for the Franchise Tax Board shall prosecute the action. The action shall be tried in the County of Sacramento unless the court with the consent of the prosecutor orders a change of place of trial.

19373. In the action a writ of attachment may be issued in the manner provided by Chapter 5 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure without the showing required by Section 485.010 of the Code of Civil Procedure.

19374. In the action a certificate by the Franchise Tax Board showing the delinquency shall be prima facie evidence of the levy of the tax, penalties and interest of the delinquency, and of the compliance by the Franchise Tax Board and the board with all the provisions of Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), and this part in relation to the computation and levy of the tax.

19375. The Franchise Tax Board may bring an appropriate action, whether in the form of a common law action of debt or indebitatus assumpsit or a code or other action, in any court of competent jurisdiction in the United States or in a foreign country, in the name of the people of the State of California, to recover the amount of any tax, penalties, and interest due. The Attorney General or the counsel for the Franchise Tax Board shall prosecute the action.

19376. (a) For the purpose of collecting taxes, interest, additions to tax, and penalties, the Franchise Tax Board may enter into agreement with one or more private persons, companies, associations, or corporations providing debt collection services outside this state with respect to the collection of taxes, interest, additions to tax, and penalties. That agreement may provide, at the discretion of the Franchise Tax Board, the rate of payment and the manner in which compensation for services shall be paid. The compensation may be added to the amount of the tax, interest, additions to tax, and penalties, and collected as a part thereof, by the contractor from the tax debtor. The Franchise Tax Board shall provide the necessary information for the contractor to fulfill its obligation under this agreement.

(b) At the discretion of the Franchise Tax Board, the contractor may, as part of the collection process, refer the tax debt for litigation by its legal representatives in the name of the Franchise Tax Board.

19377. (a) The Franchise Tax Board may enter into agreement with one or more persons for the purpose of collecting delinquent accounts with respect to amounts assessed or imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part, provided the agreements do not cause the net displacement of civil service employees. The agreement may provide for the rate and manner of payment for the contracted collection services. However, the consideration payable by the Franchise Tax Board under the agreement shall not be included in the amounts to be collected from the tax debtor by the contractor

providing collection services.

(b) For purposes of this section, "displacement" includes layoff, demotion, involuntary transfer to a new class, involuntary transfer to a new location requiring a change of residence, and time base reductions. "Displacement" does not include changes in shifts or days off, nor does it include reassignment to any other position within the same class and general location.

19378. (a) The Franchise Tax Board shall determine the total amount collected under Section 19377, and shall notify the Controller of the amount to be transferred to the Delinquent Tax Collection Fund. In addition, the Franchise Tax Board shall determine the amount of each of the following:

(1) The costs of implementing and administering Section 19377.

(2) The contracting costs incurred under Section 19377.

The Franchise Tax Board shall notify the Controller of these amounts.

(b) The Controller shall transfer these amounts from the Delinquent Tax Collection Fund to the Franchise Tax Board for reimbursement of its implementation and administrative costs and for the contracting costs. The moneys remaining in the Delinquent Tax Collection Fund after disbursements shall be transferred to the Personal Income Tax Fund or the Bank and Corporation Tax Fund, as appropriate, by the Controller upon notification by the Franchise Tax Board. Notwithstanding Section 13340 of the Government Code, the moneys transferred pursuant to this section are hereby continuously appropriated, without regard to fiscal years.

(c) The funds generated through this section shall not be used in place of funds from other sources which are available for appropriation to the Franchise Tax Board.

(d) This section shall remain in effect only until July 1, 1993, and as of that date is repealed.

19378. (a) The Franchise Tax Board shall determine the amount of the contracting costs incurred under Section 19377 and notify the Controller of that amount which shall be transferred from the Personal Income Tax Fund or the Bank and Corporation Tax Fund to the Delinquent Tax Collection Fund, which is hereby created.

(b) The Controller shall transfer that amount determined pursuant to subdivision (a) from the Delinquent Tax Collection Fund to the Franchise Tax Board for reimbursement of its contracting costs. The moneys remaining in the Delinquent Tax Collection Fund after disbursements shall be transferred to the Personal Income Tax Fund or the Bank and Corporation Tax Fund by the Controller upon notification by the Franchise Tax Board. Notwithstanding Section 13340 of the Government Code, the moneys transferred pursuant to this section are hereby continuously appropriated, without regard to fiscal years.

(c) The funds generated through this section shall not be used in place of funds from other sources that are available for appropriation to the Franchise Tax Board.

(d) This section shall become operative on July 1, 1993.

Article 3. Suit for Refund

19381. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any court against this state or against any officer of this state to prevent or enjoin the assessment or collection of any tax under this part; provided, however, that any individual after protesting a notice or notices of deficiency assessment issued because of his or her alleged residence in this state and after appealing from the action of the Franchise Tax Board to the State Board of Equalization, may within 60 days after the action of the State Board of Equalization becomes final commence an action, on the grounds set forth in his or her protest, in the Superior Court of the County of Sacramento, in the County of Los Angeles or in the City and County of San Francisco against the Franchise Tax Board to determine the fact of his or her residence in this state during the year or years set forth in the notice or notices of deficiency assessment. No tax based solely upon the residence of such an individual shall be collected from that individual until 60 days after the action of the State Board of Equalization becomes final and, if he or she commences an action pursuant to this section, during the pendency of the action, other than by way of or under the jeopardy assessment provisions of this part.

19382. Except as provided in Section 19385, after payment of the tax and denial by the Franchise Tax Board of a claim for refund, any taxpayer claiming that the tax computed and assessed is void in whole or in part may bring an action, upon the grounds set forth in that claim for refund, against the Franchise Tax Board for the recovery of the whole or any part of the amount paid.

19383. The credit of an overpayment of any tax in satisfaction of any tax liability shall, for the purpose of any suit for refund of the tax liability so satisfied, be deemed to be a payment in respect of the tax liability at the time the credit is allowed.

19384. The action provided by Section 19382 shall be filed within four years from the last date prescribed for filing the return or within one year from the date the tax was paid, or within 90 days after (a) notice of action by the Franchise Tax Board upon any claim for refund, or (b) final notice of action by the State Board of Equalization on an appeal from the action of the Franchise Tax Board on a claim for refund, whichever period expires the later.

19385. If the Franchise Tax Board fails to mail notice of action on any refund claim within six months after the claim was filed, the taxpayer may, prior to mailing of notice of action on the refund claim, consider the claim disallowed and bring an action against the Franchise Tax Board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment. For substitution of the 120-day period for the six-month period contained in this section in a Title 11 case, see

Section 505(a)(2) of Title 11 of the United States Code.

19387. Whenever an action is commenced against the Franchise Tax Board under this article, a copy of the complaint and the summons shall be served upon the Franchise Tax Board or the executive officer. A second copy of the complaint and the summons shall be furnished to the Franchise Tax Board, but this requirement is not jurisdictional.

19388. Any action against the Franchise Tax Board under this article shall be commenced and tried in any city or city and county in which the Attorney General maintains an office.

19389. The Attorney General or the counsel for the Franchise Tax Board of California shall defend the action.

19390. Failure to begin an action within the time specified in this article shall be a bar against the recovery of taxes.

19391. In any judgment of any court rendered for any overpayment, interest shall be allowed at the adjusted annual rate established pursuant to Section 19521 upon the amount of the overpayment, from the date of the payment or collection thereof to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the Franchise Tax Board.

19392. If judgment is rendered against the Franchise Tax Board, the amount thereof shall first be credited against any taxes and interest due from the taxpayer and the remainder refunded to the taxpayer or his or her trust or estate, or in the case of a bank or corporation, its successor through reorganization, merger, or consolidation, or its stockholders upon dissolution, by the Treasurer on warrants drawn by the Controller.

Article 4. Recovery of Erroneous Refunds

19411. The Franchise Tax Board may recover any refund or credit or any portion thereof which is erroneously made or allowed, together with interest at the adjusted annual rate established pursuant to Section 19521 from the date demand for recovery was made, in an action brought in a court of competent jurisdiction in the County of Sacramento in the name of the people of the State of California within whichever of the following period expires the later:

(a) Two years after the refund or credit was made.

(b) During the period within which the Franchise Tax Board may mail a notice of proposed additional assessment.

(c) In the case of a bank or corporation, interest shall be computed from the date the refund was made or the credit allowed, instead of the date a demand for recovery was made.

19412. The action shall be tried in the County of Sacramento unless the court with the consent of the prosecutor orders a change of place of trial.

19413. The Attorney General or the counsel for the Franchise Tax Board shall prosecute the action, and the provisions of the Code of

Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings.

Article 5. Cancellations

19431. If a tax has been illegally levied against a taxpayer, the Franchise Tax Board shall set forth on its records the reasons therefor and thereafter shall authorize the cancellation of the tax.

Article 6. Closing Agreements

19441. (a) The Franchise Tax Board or any person authorized in writing by the Franchise Tax Board is authorized to enter into an agreement in writing with any person (or of the person or estate for whom that person acts) in respect of any tax, interest, penalty, or addition to tax levied under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part for any taxable period.

(b) If the agreement is approved by the State Board of Control, within the time as may be stated in the agreement, or later agreed to, the agreement shall be final and conclusive, and except upon a showing of fraud or malfeasance, or misrepresentation of a material fact:

(1) The case shall not be reopened as to the matters agreed upon or the agreement modified, by any officer, employee, or agent of the state, and

(2) In any suit, action, or proceeding, the agreement, or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance therewith, shall not be annulled, modified, set aside, or disregarded.

19442. (a) (1) Subject to paragraph (2), the executive officer or chief counsel, if authorized by the executive officer, of the Franchise Tax Board may recommend to the Franchise Tax Board, itself, a settlement of any civil tax matter disputes.

(2) No recommendation of settlement shall be submitted to the Franchise Tax Board unless and until that recommendation has been submitted by the executive officer or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise in writing the executive officer or chief counsel of the Franchise Tax Board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. The executive officer or chief counsel shall, with each recommendation of settlement submitted to the Franchise Tax Board, also submit the Attorney General's written conclusions obtained pursuant to this paragraph.

(3) The members of the Franchise Tax Board shall not participate in the settlement of these tax matters, except as provided in subdivision (c).

(b) Whenever a reduction of tax in excess of five hundred dollars

($500) is approved pursuant to this section, there shall be placed on file in the office of the executive officer of the Franchise Tax Board a public record with respect to that settlement. The public record shall include all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount involved.

(3) The amount payable or refundable pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the State of California.

(5) The Attorney General's conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

The public record shall not include any information that relates to any trade secret, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or the national defense.

(c) (1) Any recommendation for settlement shall be approved or disapproved by the Franchise Tax Board, itself, within 45 days of the submission of that recommendation to the board. Any recommendation for settlement that is not either approved or disapproved by the board within 45 days of the submission of that recommendation shall be deemed approved. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive officer or chief counsel in accordance with the decision of the Franchise Tax Board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the Franchise Tax Board. Where the Franchise Tax Board disapproves a recommendation for settlement, the matter shall be remanded to board staff for further negotiation, and may be resubmitted to the Franchise Tax Board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive officer or chief counsel.

(d) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(e) Any proceedings undertaken by the Franchise Tax Board itself pursuant to a settlement as described in this section shall be conducted in a closed session or sessions. Except as provided in subdivision (b), any settlement entered into pursuant to this section shall constitute confidential tax information for purposes of Article 2 (commencing with Section 19542) of Chapter 7.

(f) This section shall apply only to civil tax matter disputes existing on July 1, 1992, with respect to which recommendations for settlement, pursuant to paragraph (2) of subdivision (a), are first submitted to the Attorney General no later than June 30, 1993, and are first submitted to the Franchise Tax Board no later than September 15, 1993.

(g) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any determination, rule, notice, or guideline established or issued by the Franchise Tax Board in implementing and administering the settlement program authorized by this section.

CHAPTER 7. ADMINISTRATION OF TAX

Article 1. Powers and Duties of Franchise Tax Board

19501. The Franchise Tax Board shall administer and enforce Part 10 (commencing with Section 17001), Part 10.7 (commencing with Section 21001), Part 11 (commencing with Section 23001), and this part. For this purpose, it may divide the state into a reasonable number of districts, in each of which a branch office or offices may be maintained during all or part of the time as may be necessary.

19502. In the establishment of the districts and offices, the Franchise Tax Board shall give due consideration to the matter of economy of administration and service to the taxpayers.

19503. The Franchise Tax Board shall prescribe all rules and regulations necessary for the enforcement of Part 10 (commencing with Section 17001), Part 10.7 (commencing with Section 21001), Part 11 (commencing with Section 23001), and this part and may prescribe the extent to which any ruling or regulation shall be applied without retroactive effect.

19504. (a) The Franchise Tax Board, for the purpose of administering its duties under this part, including ascertaining the correctness of any return; making a return where none has been made; determining or collecting the liability of any person in respect of any liability imposed by Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part (or the liability at law or in equity of any transferee in respect of that liability); shall have the power to require by demand, that an entity of any kind including, but not limited to, employers, persons, or financial institutions provide information or make available for examination or copying at a specified time and place, or both, any book, papers, or other data which may be relevant to that purpose. Any demand to a financial institution shall comply with the California Right to Financial Privacy Act set forth in Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code. Information which may be required upon demand includes, but is not limited to, any of the following:

(1) Addresses and telephone numbers of persons designated by the Franchise Tax Board.

(2) Information contained on Federal Form W-2 (Wage and Tax Statement), Federal Form W-4 (Employee's Withholding Allowance Certificate), or State Form DE-4 (Employee's Withholding

Allowance Certificate).

(b) The Franchise Tax Board may require the attendance of the taxpayer or of any other person having knowledge in the premises and may take testimony and require material proof for its information and administer oaths to carry out this part.

(c) The Franchise Tax Board may issue subpoenas or subpoenas duces tecum, which subpoenas must be signed by any member of the Franchise Tax Board and may be served on any person for any purpose.

(d) Obedience to subpoenas or subpoenas duces tecum issued in accordance with this section may be enforced by application to the superior court as set forth in Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

19505. The Franchise Tax Board may appoint and remove, in the manner provided by law, those officers, agents, branch office income tax deputies, and other employees as it deems necessary. They shall have the duties and powers as the Franchise Tax Board from time to time prescribes.

19506. The Franchise Tax Board may appoint one or more deputies or assistants to conduct hearings, prescribe regulations, or perform any other duty imposed by this part or other laws of the state upon the Franchise Tax Board.

19507. Any temporary appointments of branch office income tax deputies and other branch office employees shall be made from eligible residents of the district in which the branch office is located.

19508. The salaries of the personnel required by the Franchise Tax Board shall be such as it may prescribe, in the manner provided by law, and the Franchise Tax Board and its personnel shall be allowed reasonable and necessary traveling and other expenses incurred in the performance of their duties.

19509. The Franchise Tax Board may require officers, agents, deputies, and other employees designated by it to give bond for the faithful performance of their duties in the sum and with the sureties as it may determine. It shall pay all premiums on the bonds out of moneys appropriated for the administration of this part.

19511. The Franchise Tax Board and officers and employees designated by it may administer an oath to any person or take the acknowledgment of any person in respect of any return or report required by this part or the rules and regulations of the Franchise Tax Board.

19512. Any person acting in a fiduciary capacity shall assume the duties and, upon giving notice to the Franchise Tax Board, shall assume the rights and privileges of the taxpayers in respect of any tax, additions to tax, penalties, and interest imposed by Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part except as otherwise specifically provided, until he or she gives notice that his or her fiduciary has terminated. He or she shall give notice under this section pursuant to rules and

regulations prescribed by the Franchise Tax Board.

19513. (a) If assets of an estate are distributable to one or more nonresident beneficiaries, the final account of the fiduciary shall not be allowed by the probate court unless the fiduciary obtains from the Franchise Tax Board and files with the court a certificate to the effect that all taxes, additions to tax, penalties, and interest imposed by Part 10 (commencing with Section 17001) or this part upon the estate or decedent which have become payable have been paid, and that all taxes, additions to tax, penalties, and interest which may become due are secured by bond, deposit or otherwise.

(b) This section only applies if the value of the assets of the estate at the death of the decedent and the value of the assets distributable to one or more nonresidents exceed amounts prescribed by regulations promulgated by the Franchise Tax Board.

19514. Within 30 days after receiving a request for a certificate, the Franchise Tax Board shall either issue the certificate or notify the person requesting the certificate of the amount that shall be paid or the amount of bond, deposit, or other security that shall be furnished as a condition of issuance of the certificate.

19515. The certificate of the Franchise Tax Board does not relieve the estate for which the fiduciary acts of liability for any amounts which are due and unpaid at the time the certificate is issued or which may become due from the decedent or estate after the issuance of the certificate. It also does not relieve the fiduciary of the liability imposed by Section 19516.

19516. Every fiduciary who pays in whole or in part any claim, other than claims for taxes, expenses of administration, funeral expenses, expenses of last illness, family allowance, or wage claims as defined in Section 11402 of the Probate Code, against the person, estate, or trust for whom or for which the fiduciary acts, or who makes any distribution of the assets of the person, estate, or trust, before satisfaction and payment of taxes, interest, and penalties, except penalties due from a decedent, which are imposed by Part 10 (commencing with Section 17001) or this part on the person, estate, or trust for whom or for which the fiduciary acts, or which constitute a claim against the person, estate, or trust, or which are a lien or charge on or against the assets of the person, estate, or trust, is personally liable to the state for the taxes, interest, and penalties to the extent of the payments and distributions.

19517. (a) In the case of income received or accrued during the lifetime of a decedent, or by his or her estate during the period of administration, or by a trust, the Franchise Tax Board shall mail notices proposing to assess the tax, and shall commence any proceeding in court without assessment for the collection of the tax, within 18 months after written request therefor (filed after the return is made) by the fiduciary of the estate or trust or by any other person liable for the tax or any portion thereof.

(b) After filing a request pursuant to subdivision (a), a fiduciary may consent in writing to waive the limitation prescribed by

subdivision (a).

19518. (a) The trustee of a trust described in Section 401(a) of the Internal Revenue Code which is exempt from tax under Section 17631 to which contributions have been paid under a plan on behalf of any owner-employee (as defined in Section 401(c)(3) of the Internal Revenue Code), and each insurance company or other person which is the issuer of a contract purchased by such a trust, or purchased under a plan described in Section 403(a) of the Internal Revenue Code, contributions for which have been paid on behalf of any owner-employee, shall file the returns (in the form and at the times), keep the records, make the identification of contracts and funds (and accounts within the funds), and supply the information, as the Franchise Tax Board shall by forms or regulations prescribe.

(b) Every individual on whose behalf contributions have been paid as an owner-employee (as defined in Section 401(c)(3) of the Internal Revenue Code) —

(1) To a trust described in Section 401(a) of the Internal Revenue Code which is exempt from tax under Section 17631, or

(2) To an insurance company or other person under a plan described in Section 403(a) of the Internal Revenue Code,

shall furnish the trustee, insurance company, or other person, as the case may be, the information at the times and in the form and manner as the Franchise Tax Board shall prescribe by forms or regulations.

19519. The Franchise Tax Board shall transmit to the Director of Employment Development claims for credit or refund allowed pursuant to Section 17061 of this code and subdivision (a) of Section 1176.5 of the Unemployment Insurance Code.

19521. (a) The rate established under this section (referred to in other code sections as "the adjusted annual rate") shall be determined in accordance with Section 6621 of the Internal Revenue Code, except that:

(1) The overpayment rate specified in Section 6621(a)(1) of the Internal Revenue Code shall be modified to be equal to the underpayment rate determined under Section 6621(a)(2) of the Internal Revenue Code; and

(2) The determination specified in Section 6621(b) of the Internal Revenue Code shall be modified to be determined semiannually as follows:

(A) The rate for January shall apply during the following July through December, and

(B) The rate for July shall apply during the following January through June.

(b) (1) For purposes of this part, Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), and any other provision of law referencing this method of computation, in computing the amount of any interest required to be paid by the state or by the taxpayer, or any other amount determined by reference to that amount of interest, that interest and that amount

shall be compounded daily.

(2) Paragraph (1) shall not apply for purposes of computing the amount of any addition to tax under Section 19136 or 19142.

(c) Section 6621(c) of the Internal Revenue Code, relating to increase in underpayment rate for large corporate underpayments, is modified as follows:

(1) The applicable date shall be the 30th day after the earlier of either of the following:

(A) The date on which the proposed deficiency assessment is issued.

(B) The date on which the notice and demand is sent.

(2) This subdivision shall apply for purposes of determining interest for periods after December 31, 1991.

19522. (a) (1) (A) On or before the 10th of January each year, the Franchise Tax Board shall submit to the Legislature a report on all changes to the Internal Revenue Code enacted into law in the prior year. To the extent possible, the report shall contain an estimate of the revenue effect of conforming California law to each of those changes.

(B) In the event that changes to the Internal Revenue Code are enacted after September 15 of any year, the report described in subparagraph (A) shall be submitted to the Legislature within 120 days after signature by the President of the United States, rather than the 10th of January.

(2) The report required by this section shall be made available to the public.

(3) It is the intent of the Legislature that the policy committee of each house of the Legislature hold at least one public hearing on the report required by this section.

(b) For any introduced bill which proposes changes in any of the dates in Section 17024.5, the Franchise Tax Board shall prepare a complete analysis of the bill which describes all changes to state law which will automatically occur by reference to federal law as of the changed date. The Franchise Tax Board shall immediately update and supplement that analysis upon any amendment to the bill. That analysis shall be made available to the public and shall be submitted to the Legislature for publication in the daily journal of each house of the Legislature. The digest of the Legislative Counsel shall indicate that an analysis of the bill shall be prepared by the Franchise Tax Board and printed in the daily journal of each house of the Legislature.

19523. If the Secretary of the Treasury has, under the authority of Section 330(c) of Title 31 of the United States Code:

(a) Assessed a penalty under Section 6701(a) of the Internal Revenue Code, and

(b) Provided that appraisals by an appraiser shall not have any probative effect in any administrative proceeding before the Department of the Treasury or the Internal Revenue Service, and

(c) Barred that appraiser from presenting evidence or testimony

in that proceeding, then appraisals by that person shall be presumed to have no probative effect in any administrative proceeding before the State Board of Equalization or the Franchise Tax Board.

19524. (a) The Franchise Tax Board shall prescribe regulations providing standards for determining which returns shall be filed on magnetic media or in other machine-readable form. The Franchise Tax Board shall not require returns of any tax imposed by Part 10 (commencing with Section 17001) on individuals, estates, and trusts to be other than on paper forms supplied by the Franchise Tax Board. In prescribing those regulations, the Franchise Tax Board shall take into account, among other relevant factors, the ability of the taxpayer to comply at a reasonable cost with that filing requirement.

(b) Subdivision (a) is applicable only to taxpayers required to file returns on magnetic media or in other machine-readable form pursuant to Section 6011(e) of the Internal Revenue Code and the regulations adopted thereto. In addition, the regulations under subdivision (a) shall not require that returns filed on magnetic media or in other machine-readable form contain more information than is required to be included in similar returns filed with the Internal Revenue Service under Section 6011(e) of the United States Internal Revenue Code and the regulations adopted thereto.

(c) In lieu of the magnetic media or other machine-readable form returns required by this section, a copy of the similar magnetic media or other machine-readable form returns filed with the Internal Revenue Service pursuant to Section 6011(e) of the Internal Revenue Code, and the regulations adopted thereto, may be filed with the Franchise Tax Board.

19525. The Franchise Tax Board, under regulations prescribed by the Franchise Tax Board, may establish a reward program for information resulting in the identification of underreported or unreported income subject to taxes imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001). Any reward may not exceed 10 percent of the taxes collected as a result of the information provided. Any person employed by or under contract with any state or federal tax collection agency shall not be eligible for a reward provided for pursuant to this section.

19526. The Franchise Tax Board shall develop and maintain a taxpayer cross-reference file which shall be used as a part of a nonwage earner filing enforcement program. The taxpayer cross-reference file may include information from taxpayer identification information available from tax returns, application forms, other documents, and any other files as already exist and are maintained by the state's major revenue agencies. The taxpayer cross-reference file shall only be used for the purposes of tax law enforcement and administration.

19528. (a) Notwithstanding any other provision of law, the Franchise Tax Board may require any board, as defined in Section 22

of the Business and Professions Code, and the State Bar, the Department of Real Estate, and the Insurance Commissioner (hereinafter referred to as licensing board) to provide to the Franchise Tax Board the following information with respect to every licensee:

(1) Name.

(2) Address or addresses of record.

(3) Federal employer identification number (if the entity is a partnership) or social security number (for all others).

(4) Type of license.

(5) Effective date of license or renewal.

(6) Expiration date of license.

(7) Whether license is active or inactive, if known.

(8) Whether license is new or renewal.

(b) The Franchise Tax Board may do the following:

(1) Send a notice to any licensee failing to provide the identification number or social security number as required by subdivision (a) of Section 30 of the Business and Professions Code and subdivision (a) of Section 1666.5 of the Insurance Code, describing the information that was missing, the penalty associated with not providing it, and that failure to provide the information within 30 days will result in the assessment of the penalty.

(2) After 30 days following the issuance of the notice described in paragraph (1), assess a one hundred dollar ($100) penalty, due and payable upon notice and demand, for any licensee failing to provide either its federal employer identification number (if the licensee is a partnership) or his or her social security number (for all others) as required in Section 30 of the Business and Professions Code and Section 1666.5 of the Insurance Code.

(c) Notwithstanding Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, the information furnished to the Franchise Tax Board pursuant to Section 30 of the Business and Professions Code or Section 1666.5 of the Insurance Code shall not be deemed to be a public record and shall not be open to the public for inspection.

19530. The Franchise Tax Board shall preserve reports and tax returns for three years from the due dates thereof and thereafter until it orders them to be destroyed. Information returns and other documents filed pursuant to Article 4 (commencing with Section 18631) or Article 5 (commencing with Section 18661) of Chapter 2 shall be preserved until the Franchise Tax Board orders them to be destroyed.

19531. (a) The Franchise Tax Board may charge fees for its "Tax News" publication and its "California Package X." The fees shall include preparation and production costs and other related costs, including, but not limited to handling of requests, printing, and postage.

(b) This section shall not apply to documents distributed to public distribution sites.

(c) Fees received under this section shall be handled in accordance with Section 19605.

Article 2. Disclosure of Information

19542. The Franchise Tax Board shall, in preparing tax forms, make every effort to ease taxpayers' compliance burden, including, but not limited to, (a) designing forms so that, to the maximum extent possible, items already entered on the federal return may be copied to the state form, (b) reducing the number of state schedules by attaching copies of comparable federal schedules to the state return, where appropriate, and (c) choosing a weight and quality of paper, color of ink, and general form design which will facilitate the preparation of returns.

(3) (A) No award for reasonable litigation costs may be made under subdivision (a) with respect to any declaratory judgment proceeding.

(iii) Reasonable fees paid or incurred for the services of attorneys in connection with the civil proceeding, except that those fees shall not be in excess of seventy-five dollars ($75) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding, justifies a higher rate.

(2) (A) "Prevailing party" means any party to any proceeding described in subdivision (a) (other than the State of California or any creditor of the taxpayer involved) that:

(i) Establishes that the position of the State of California in the civil proceeding was not substantially justified, and

consolidated, or

(2) A case or cases involving a return or returns of the same taxpayer (including joint returns of married individuals) which could have been joined in a single proceeding in the same court, the actions or cases shall be treated as one civil proceeding regardless of whether the joinder or consolidation actually occurs, unless the court in which the action is brought determines, in its discretion, that it would be inappropriate to treat the actions or cases as joined or consolidated for purposes of this section.

(e) An order granting or denying an award for reasonable litigation costs under subdivision (a), in whole or in part, shall be incorporated as a part of the decision or judgment in the case and shall be subject to appeal in the same manner as the decision or judgment.

Nothing in this section shall be construed to limit the liability under any provision of law of any person who engages in the procurement or production of false or fraudulent wage statements or similar documents to any person for purposes of legalization under the federal Immigration Reform and Control Act.

This section does not apply to penalties assessed or criminal actions filed prior to May 1, 1987.

This section does not apply where the Employment Development Department, through independent means, discovers that an employer has withheld personal income tax and disability insurance contributions from workers' paychecks and has not remitted those moneys to the department.

The immunity from liability pursuant to this section shall apply only to facts disclosed in the wage statement or similar document provided on or after the effective date of this section and only until the date of the termination of the legalization provisions for agricultural and nonagricultural workers of the federal Immigration Reform and Control Act. However, the immunity from liability pursuant to this section shall continue until the cause of action is

tolled by the applicable statute of limitations.

(2) The presence of employees in this state only for the purpose of attending a public or private school, college or university.

The filing of that petition shall be deemed a waiver of the confidentiality provisions of Section 19542 with respect to the facts alleged in the petition and any additional evidence produced with respect to those facts.

(c) If such determination is made, it shall remain in force for five years as long as the corporation continues to meet the above criteria; provided that, with respect to corporations meeting the above criteria on or before January 1, 1978, the determination shall remain

Pending that determination, the Franchise Tax Board shall issue proposed deficiency assessments disallowing those offsets claimed on returns for income years beginning in 1983 and thereafter. However, final action on the proposed deficiencies shall be deferred pending the final court determination. If the final court determination upholds the imposition of those taxes, then the proposed deficiencies shall be withdrawn. If the final court determination does not uphold the imposition of those taxes, the proposed deficiencies shall become final upon written notice thereof by the Franchise Tax Board and the deficiency assessments shall be due and payable within 30 days of the date of that notice by the Franchise Tax Board. If full payment is made within that 30-day period, interest shall not be imposed for the period after the date of the notice. (b) For purposes of this section, the political organization taxable income of any organization for any taxable year is an amount equal to the excess over one hundred dollars ($100) (if any) of—

(1) The gross income for the taxable year (excluding any exempt function income), over

(c) For purposes of this section, the term "exempt function income" means any amount received as—

(1) A contribution of money or other property,

(2) Membership dues, a membership fee or assessment from a member of the political organization, or

(3) Proceeds from a political fundraising or entertainment event, or proceeds from the sale of political campaign materials, which are not received in the ordinary course of any trade or business,

(1) Contributes any amount to or for the use of any political organization which is treated as exempt from tax under subdivision (a) of this section,

(2) Contributes any amount to or for the use of any organization described in paragraph (1) or (2) of Section 509(a) of the Internal Revenue Code of 1954, which is exempt from tax under Section 23701, or

(3) Deposits any amount in the General Fund or the Treasury of the United States or in the General Fund of any state or local government,

such amount shall be treated as an amount not diverted for the personal use of the candidate or any other person. No deduction shall be allowed under this part for the contribution or deposit of any amount described in the preceding sentence.

(e) For purposes of this section—

(1) The term "political organization" means a party, committee, association, fund, (including the trust of an individual candidate) or other organization (whether or not incorporated) organized and operated primarily for the purpose of directly or indirectly accepting contributions or making expenditures, or both, for an exempt function.

(2) The term "exempt function" means the function of influencing or attempting to influence the selection, nomination, election, or appointment of any individual to any federal, state, or local public office or office in a political organization, or the election of Presidential or Vice Presidential electors, whether or not such individual or electors are selected, nominated, elected, or appointed. The term includes the making of expenditures relating to an office described in the preceding sentence which, if incurred by the individual, would be allowable as a deduction under Section 162(a) of the Internal Revenue Code.

(3) The term "contributions" has the meaning given to such term by paragraph (2) of subdivision (b) of Section 24434.

(4) The term "expenditures" has the meaning given to such term by paragraph (3) of subdivision (b) of Section 24434.

(f) For purposes of paragraph (1) of subdivision (e), a separate segregated fund (within the meaning of Section 610 of Title 18 of the United States Code or of any similar state statute, or within the meaning of any state statute which permits the segregation of dues money for exempt functions, within the meaning of paragraph (2) of subdivision (e)) which is maintained by an organization described in Sections 23701a through 23701p or Section 23701s which is exempt from tax under Section 23701 shall be treated as a separate organization.

candidate (within the meaning of paragraph (3)) for nomination or election to, any federal, state, or local elective public office for use by such individual exclusively for the preparation and circulation of such individual's newsletter shall, except as provided in paragraph (2), be treated as if such fund constituted a political organization.

(2) In the case of any fund described in paragraph (1) the exempt function shall be only the preparation and circulation of the newsletter.

(3) For purposes of paragraph (1), "candidate" means with respect to any federal, state, or local elective public office, an individual who does both of the following:

(A) Publicly announces that he or she is a candidate for nomination or election to that office.

(B) Meets the qualifications prescribed by law to hold that office.

(h) The requirements set forth in subdivisions (a), (b) and (c) of Section 23701 shall not apply to a political organization or newsletter fund described in this section. However, in the case of a corporation incorporated or organized in this state or qualified to do business in this state, such corporation shall either pay the minimum tax provided in Section 23153 or obtain a certificate of exemption from the Franchise Tax Board before the corporation files with the Secretary of State its articles of incorporation or a duly certified copy thereof.

(i) The requirements set forth in Section 23772 or Section 23774 shall not apply to a political organization or newsletter fund. Further, the requirements set forth in Sections 18505, 18506, and 18601 shall not apply to a political organization or newsletter fund described in this section, except that if it has political organization taxable income for any taxable year, the political organization shall be required to file income tax returns or statements as determined by the Franchise Tax Board under Chapter 3 (commencing with Section 23501).

SEC. 41. Section 23772 of the Revenue and Taxation Code is amended to read:

23772. (a) For the purposes of this part—

(1) Except as provided in paragraph (2) every organization exempt from taxation under Section 23701 and every trust treated as a private foundation because of Section 4947(a)(1) of the Internal Revenue Code shall file an annual return, stating specifically the items of gross income, receipts, and disbursements, and such other information for the purpose of carrying out the laws under this part as the Franchise Tax Board may by rules or regulations prescribe, and shall keep such records, render under oath such statements, make such other returns, and comply with such rules and regulations as the Franchise Tax Board may from time to time prescribe. The return shall be filed on or before the 15th day of the fifth full calendar month following the close of the income year.

(2) Exceptions from filing—

(A) Mandatory exceptions—Paragraph (1) shall not apply to—

(i) Churches, their integrated auxiliaries, and conventions or

association of churches,

(iii) The exclusively religious activities of any religious order,

(B) Discretionary exceptions—The Franchise Tax Board may permit the filing of a simplified return for organizations based on either gross receipts or total assets or both gross receipts and total assets, or may permit the filing of an information statement (without fee), or may permit the filing of a group return for incorporated or unincorporated branches of a state or national organization where it determines that an information return is not necessary to the efficient administration of this part.

(3) An organization that is required to file an annual information return shall pay a filing fee of ten dollars ($10) on or before the due date for filing the annual information return (determined with regard to any extension of time for filing the return) required by this section. In case of failure to pay the fee on or before such due date unless it is shown that such failure is due to reasonable cause, the filing fee shall be twenty-five dollars ($25). All collection remedies provided in Article 5 (commencing with Section 18661) of Chapter 2 of Part 10.2 shall be applicable to collection of the filing fee. However, the filing fee shall not apply to the organization described in paragraph (4).

(4) Paragraph (3) shall not apply to: (A) a religious organization exempt under Section 23701d; (B) an educational organization exempt under Section 23701d, if such organization normally maintains a regular faculty and curriculum and normally has a regularly organized body of pupils or students in attendance at the place where its educational activities are regularly carried on; (C) a charitable organization, or an organization for the prevention of cruelty to children or animals, exempt under Section 23701d, if such organization is supported, in whole or in part, by funds contributed by the United States or any state or political subdivision thereof, or is primarily supported by contributions of the general public; (D) an organization exempt under Section 23701d, if such organization is operated, supervised, or controlled by or in connection with a religious organization described in subparagraph (A).

(b) Every organization described in Section 23701d which is subject to the requirements of subdivision (a) shall furnish annually information, at such time and in such manner as the Franchise Tax Board may by rules or regulations prescribe, setting forth—

(3) Its disbursements within the year for the purposes for which it is exempt,

(4) A balance sheet showing its assets, liabilities, and net worth as of the beginning of such year,

(5) The total of the contributions and gifts received by it during the year, and the names and addresses of all substantial contributors,

(6) The names and addresses of its foundation manager (within the meaning of Section 4946 of the Internal Revenue Code) and highly compensated employees,

(7) The compensation and other payments made during the year to each individual described in paragraph (6),

(8) In the case of an organization with respect to which an election under Section 23704.5 is effective for the taxable year, the following amounts for such organization for such taxable year:

(A) The lobbying expenditures (as defined in Section 23740(c)(1)).

(B) The lobbying nontaxable amount (as defined in Section 23740(c)(2)).

(C) The grassroots expenditures (as defined in Section 23740(c)(3)).

(D) The grassroots nontaxable amount (as defined in Section 23740(c)(4)). For purposes of this paragraph, if Section 23740(f) applies to the organization for the taxable year, the organization shall furnish the amounts with respect to the affiliated group as well as with respect to the organization.

(9) Such other information with respect to direct or indirect transfers to, and other direct or indirect transactions and relationships with, other organizations described in Sections 23701a to 23701w, inclusive (other than Sections 23701d, 23701k, and 23701t), as the Franchise Tax Board may require to prevent either of the following:

(A) Diversion of funds from the organization's exempt purpose.

(B) Misallocation of revenue or expense, and

(10) Any other relevant information as the Franchise Tax Board may prescribe.

(c) In addition to the above annual return any organization which is required to file an annual report under Section 6056 of the Internal Revenue Code will furnish a copy of the report to the Franchise Tax Board at the time the annual return is due.

(d) For the purposes of this part—

(1) In the case of a failure to file a return required under this section on the date and in the manner prescribed therefor (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the exempt organization or trust failing so to file, five dollars ($5) for each month or part thereof during which such failure continues, but the total amount imposed hereunder on any organization for failure to file any return shall not exceed forty dollars ($40).

(2) The Franchise Tax Board may make written demand upon a private foundation failing to file under paragraph (1) of this subdivision or subdivision (c) specifying therein a reasonable future

date by which such filing shall be made, and if such filing is not made on or before such date, and unless it is shown that failure so to file is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the person failing so to file, in addition to the penalty prescribed in paragraph (1), a penalty of five dollars ($5) each month or part thereof after the expiration of the time specified in the written demand during which such failure continues, but the total amount imposed hereunder on all persons for such failure to file shall not exceed twenty-five dollars ($25). If more than one person is liable under this paragraph for a failure to file, all such persons shall be jointly and severally liable with respect to such failure. The term "person" as used herein means any officer, director, trustee, employee, member, or other individual who is under a duty to perform the act in respect of which the violation occurs.

(e) The reporting requirements and penalties shall be applicable for income years beginning after December 31, 1970, except that the provisions of subparagraph (B) of paragraph (2) of subdivision (a) shall apply to income years ending after December 31, 1970.

(2) In the case of an "S corporation" which is also a financial corporation, the rate of tax specified in paragraph (1) shall be increased by the excess of the rate imposed under Section 23183 over the rate imposed under Section 23151 and Section 23184 shall be applicable.

(c) An "S corporation" shall be subject to the minimum franchise tax imposed under Section 23153.

(d) (1) For purposes of subdivision (b), an "S corporation" shall be allowed a deduction under Section 24416 or 24416.1 (relating to net operating loss deductions), but only with respect to losses incurred during periods in which the corporation had in effect a valid election to be treated as an "S corporation" for purposes of this part.

(4) For purposes of subdivision (b) of Section 17276, relating to limitations on loss carryovers, losses passed through to shareholders of an "S corporation," to the extent otherwise allowable without application of that subdivision, shall be fully included in the net operating loss of that shareholder and then that subdivision shall be applied to the entire net operating loss.

(2) The provisions of Section 465 of the Internal Revenue Code, relating to limitation of deductions to the amount at risk, shall be applied in the same manner as in the case of an individual.

(3) (A) The provisions of Section 469 of the Internal Revenue Code, relating to limitations on passive activity losses and credits, shall be applied in the same manner as in the case of an individual. For purposes of the tax imposed under Section 23151 or 23501, as modified by this section, material participation shall be determined in accordance with Section 469(h) of the Internal Revenue Code, relating to certain closely held "C corporations" and personal service corporations.

(B) For purposes of this paragraph, the "adjusted gross income" of the "S corporation" shall be equal to its "net income," as determined under Section 24341 with the modifications required by this subdivision, except that no deduction shall be allowed for contributions allowed by Section 24357.

SEC. 45. Section 23811 of the Revenue and Taxation Code is amended to read:

23811. Except as otherwise provided in this section, there is hereby imposed a tax on passive investment income attributable to California sources, determined in accordance with the provisions of Section 1375 of the Internal Revenue Code, relating to tax imposed on passive investment income, as modified by this section.

(a) The tax imposed under this section shall not be imposed on an "S corporation" that has no excess net passive income for federal purposes determined in accordance with Section 1375 of the Internal Revenue Code.

(b) (1) The rate of tax shall be equal to the rate of tax imposed under Section 23151 in lieu of Section 11(b) of the Internal Revenue Code.

(e) (1) In the case of a corporation which elects to be treated as an "S corporation" for purposes of this part for its first income year beginning in 1987, or for its first income year for which it has in effect a valid federal S election, there shall be allowed as a deduction in determining that corporation's subchapter C earnings and profits at the close of any income year the amount of any consent dividend (as provided in paragraph (2)) paid after the close of such income year.

(2) In the event there is a determination that a corporation described in paragraph (1) has subchapter C earnings and profits at the close of any income year, that corporation shall be entitled to

distribute a consent dividend to its shareholders. The amount of the consent dividend shall not exceed the difference between the corporation's subchapter C earnings and profits determined under subdivision (d) at the close of the income year with respect to which the determination is made and the corporation's subchapter C earnings and profits for federal income tax purposes at the same date. A consent dividend must be paid within 90 days of the date of the determination that the corporation has subchapter C earnings and profits. For this purpose, the date of a determination means the effective date of a closing agreement pursuant to Section 19441, the date an assessment of tax imposed by this section becomes final, or the date of execution by the corporation of an agreement with the Franchise Tax Board relating to liability for the tax imposed by this section. (b) If a taxpayer exercises the election provided for in subdivision (a), the amount included in gross income shall be the face amount of such allocations.

(c) If a taxpayer elects to exclude noncash patronage allocations from gross income for the income year in which received, such allocations shall be included in gross income in the year that they are redeemed or realized upon.

(1) When the taxpayer, with the approval of the Franchise Tax Board, changes its annual accounting period. In such a case, the return shall be made for the short period beginning on the day after the close of the former income year and ending at the close of the day before the day designated as the first day of the new income year.

Income of such a bank or corporation derived from or attributable to sources within the United States as determined by federal income tax laws shall be limited to and determined from the books of account maintained by the bank or corporation with respect to its activities conducted within the United States.

(6) Export trade corporations, as described in Sections 970 to 972, inclusive, of the Internal Revenue Code.

(7) Any affiliated bank or corporation which is a "controlled foreign corporation," as defined in Section 957 of the Internal Revenue Code, if all or part of the income of that affiliate is defined in Section 952 of Subpart F of the Internal Revenue Code ("Subpart F income"). The income and apportionment factors of any affiliate to be included under this paragraph shall be determined by multiplying the income and apportionment factors of that affiliate without application of this paragraph by a fraction (not to exceed one), the numerator of which is the "Subpart F income" of that bank or corporation for that income year and the denominator of which is the "earnings and profits" of that bank or corporation for that income year, as defined in Section 964 of the Internal Revenue Code.

(8) (A) The income and factors of the above-enumerated banks and corporations shall be taken into account only if the income and factors would have been taken into account under Section 25101 if this section had not been enacted.

(B) The income and factors of a bank or corporation which is not described in paragraphs (1) to (4), inclusive, and (6) and which is an electing taxpayer under this subdivision shall be taken into account in determining its income only to the extent set forth in

paragraph (5).

(b) For purposes of this article and Section 24411:

(1) An "affiliated bank or corporation" means a bank or corporation which is related to a bank or corporation, required to file under this part, because of any of the following:

(A) It owns directly or indirectly more than 50 percent of the voting stock of the bank or corporation required to file under this part.

(B) More than 50 percent of its voting stock is owned directly or indirectly by a bank or corporation required to file under this part.

(C) More than 50 percent of voting stock of both it and the bank or corporation required to file under this part is owned or controlled directly or indirectly by any bank or person (as defined in Section 7701(a)(1) of the Internal Revenue Code).

(2) A "qualified taxpayer" means a bank or corporation which does both of the following:

(A) Files with the state tax return on which the water's-edge election is made a consent to the taking of depositions at the time and place most reasonably convenient to all parties from key domestic corporate individuals and to the acceptance of subpoenas duces tecum requiring reasonable production of documents to the Franchise Tax Board as provided in Section 19504 or by the State Board of Equalization as provided in Title 18, California Code of Regulations, Section 5005, or by the courts of this state as provided in Chapter 2 (commencing with Section 1985) of Title 3 of Part 4 of, and Section 2025 of, the Code of Civil Procedure. The consent relates to issues of jurisdiction and service and does not waive any defenses a taxpayer may otherwise have. The consent shall remain in effect so long as the water's-edge election is in effect and shall be limited to providing that information necessary to review or to adjust income or deductions in a manner authorized under Sections 482, 861, Subpart F of Part III of Subchapter N, or similar provisions of the Internal Revenue Code, together with the regulations adopted pursuant to those provisions, and for the conduct of an investigation with respect to any unitary business in which the taxpayer may be involved.

(B) Agrees that for purposes of this article, dividends received by any bank or corporation whose income and apportionment factors are taken into account pursuant to subdivision (a) from either of the following are functionally related dividends and shall be presumed to be business income:

(i) A bank or corporation of which more than 50 percent of the voting stock is owned, directly or indirectly, by members of the unitary group and which is engaged in the same general line of business.

(ii) Any bank or corporation which is either a significant source of supply for the unitary business or a significant purchaser of the output of the unitary business, or which sells a significant part of its output or obtains a significant part of its raw materials or input from

the unitary business. "Significant," as used in this subparagraph, means an amount of 15 percent or more of either input or output.

All other dividends shall be classified as business or nonbusiness income without regard to this subparagraph.

(3) The definitions and locations of property, payroll, and sales shall be determined under the laws and regulations which set forth the apportionment formulas used by the individual states to assign net income subject to taxes on or measured by net income in that state. If a state does not impose a tax on or measured by net income or does not have laws or regulations with respect to the assignment of property, payroll, and sales, the laws and regulations provided in Article 2 (commencing with Section 25120) shall apply.

Sales shall be considered to be made to a state only if the bank or corporation making the sale may otherwise be subject to a tax on or measured by net income under the Constitution or laws of the United States, and shall not include sales made to a bank or corporation whose income and apportionment factors are taken into account pursuant to subdivision (a) in determining the amount of income of the taxpayer derived from or attributable to sources within this state.

(4) "The United States" means the 50 states of the United States and the District of Columbia.

(c) All references in this part to income determined pursuant to Section 25101 shall also mean income determined pursuant to this section.

SEC. 54. Section 25111 of the Revenue and Taxation Code is amended to read:

25111. (a) A water's-edge election shall be made by contract with the Franchise Tax Board in the original return for a year and shall be effective only if every taxpayer which is a member of the water's-edge group and which is subject to tax under this part makes the election. A single taxpayer which is engaged in more than one business activity subject to allocation and apportionment as provided in Article 2 (commencing with Section 25120) of Chapter 17 may make a separate election for each business. The form and manner of making the water's-edge election shall be prescribed by the Franchise Tax Board. Each contract making a water's-edge election shall be for an initial term of five years, except as provided in subdivisions (b) and (c). Each contract shall provide that on the anniversary date of the contract or any other annual date specified by the contract a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in subdivision (f). Each contract shall be conditioned by an agreement to pay the amount specified in Section 25115. Except as provided in subdivisions (b) and (c), the Franchise Tax Board shall enter into a contract as provided by this section with any qualified taxpayer which wishes to make a water's-edge election. An affiliated bank or corporation which is a member of the water's-edge group and subsequently becomes subject to tax under this part or is a nonelecting taxpayer

which is subsequently proved to be a member of the water's-edge group pursuant to Franchise Tax Board audit determination, as evidenced by a notice of deficiency proposed to be assessed or a notice of tax change, shall be deemed to have elected.

No water's-edge election shall be made for an income year beginning prior to January 1, 1988.

(b) A water's-edge election may be terminated by a taxpayer prior to the end of the five-year period if any of the following occurs:

(1) The taxpayer is acquired directly or indirectly by a nonelecting entity which alone or together with those affiliates included in its combined report is larger than the taxpayer as measured by equity capital.

(2) The taxpayer ceases to be affiliated with any bank or corporation whose income and apportionment factors the taxpayer would be required to take into account in determining its income under Section 25101 but for the election and the taxpayer is not itself a bank or corporation doing business within and without the United States.

(3) With the permission of the Franchise Tax Board.

(4) Pursuant to a Franchise Tax Board audit determination, as evidenced by a notice of the deficiency proposed to be assessed or a notice of tax change, a substantial modification is made to the composition of the water's-edge group as filed, in which case the election may be terminated only with respect to income years beginning on or after January 1 of the year in which the audit determination is made.

No refund of any amounts paid pursuant to Section 25115 shall be made for those years during which the election was in effect.

(c) A water's-edge election may be disregarded by the Franchise Tax Board, only if any of the following occurs:

(1) A bank or corporation willfully fails to comply substantially with Section 18634 or any federal law requiring the filing of domestic spreadsheets.

(2) After a reasonable adjustment of transfer prices, royalty rates, the allocation of common expenses, and similar adjustments, the return filed pursuant to this section fails to prevent the willful evasion of taxes.

(3) An otherwise qualified taxpayer willfully fails to do any of the following:

(A) Retain and make available upon request the documents and information, including any questionnaires completed and submitted to the Internal Revenue Service or qualified states, which are necessary to audit issues involving attribution of income to the United States or foreign jurisdictions under Sections 482, 861, 863, 902, and 904, and Subpart F of Part III of Subchapter N, or similar sections of the Internal Revenue Code.

(B) Identify, upon request, principal officers or employees who have substantial knowledge of, and access to, documents and records which discuss pricing policies, profit centers, cost centers, and the

methods of allocating income and expense among these centers. The information shall include the employees' titles and addresses.

(C) Retain and make available upon request all documents and correspondence ordinarily available to a bank or corporation included in the water's-edge election which are submitted to or obtained from the Internal Revenue Service, foreign countries or their territories or possessions, and competent authority pertaining to ruling requests, rulings, settlement resolutions, and competing claims involving jurisdictional assignment and sourcing of income that affect the assignment of income to the United States. The documents shall include all ruling requests and rulings on reorganizations involving foreign incorporation of branches, all ruling requests and rulings on changing a bank or corporation's jurisdictional incorporation, and all documents which are ordinarily available to a bank or corporation included in the water's-edge election which pertain to the determination of foreign tax liability, including examination reports issued by foreign taxing administrations. If the documents have been translated, the translations shall be furnished.

(D) Upon request, prepare and make available for each bank or corporation included in the disclosure spreadsheet referred to in Section 18634 in which the taxpayer is included, a list of each state of the United States, including the District of Columbia, territories or possessions, and each foreign country in which it has payroll, property, or sales. The sales shall be determined by destination whether or not the taxpayer is taxable in the destination jurisdiction.

(E) Retain and make available, upon request, information filed with the Internal Revenue Service to comply with Sections 6038, 6038A, 6038B, 6038C, and 6041 of the Internal Revenue Code.

(F) Upon request, prepare and make available for each bank or corporation organized or created under the laws of the United States or a political subdivision thereof, of which 50 percent or more of its voting stock is directly or indirectly owned or controlled, the information which would be included in the forms described in subparagraph (E) if those forms were required for United States corporations.

(G) Retain and make available, upon request, all state tax returns filed by each bank or corporation included under subdivision (a) in each state, including the District of Columbia.

(H) Comply with reasonable requests for information necessary to determine or verify its net income, apportionment factors, or the geographic source of that income pursuant to the Internal Revenue Code.

(I) For purposes of this subdivision, information for any year shall be retained for that period of time in which the taxpayer's income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed or during which an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of

this state or the United States with respect to California franchise or income tax.

(d) The taxpayer shall be provided 90 days' prior written notice that the Franchise Tax Board intends to disregard a water's-edge election under subdivision (c). The taxpayer shall have the right to seek review in the superior court of the Franchise Tax Board's intended decision to disregard the election.

(e) In disregarding an election or in granting a change of election, the Franchise Tax Board shall impose any conditions which are necessary to prevent the avoidance of tax or clearly reflect income for the period the election was, or was purported to be, in effect. These conditions may include a requirement that income, including dividends paid from income earned while a water's-edge election was in effect, which would have been included in determining the income of the taxpayer from sources within and without this state pursuant to Section 25101 but for the water's-edge election shall be included in income in the year in which the election is changed or disregarded.

(f) If the taxpayer desires in any year not to renew the contract, the taxpayer shall serve written notice of nonrenewal of the contract upon the board in advance of the annual renewal date of the contract. Unless that written notice is served by the taxpayer at least 90 days prior to the renewal date, the contract shall be considered renewed as provided in subdivision (a).

(g) If the taxpayer serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

SEC. 55. Section 25112 of the Revenue and Taxation Code is amended to read:

25112. (a) If a taxpayer electing under Section 25110 fails to supply any required information, in addition to being subject to disqualification by the Franchise Tax Board pursuant to Section 25111 and to any penalties otherwise provided by this part, the taxpayer shall pay a penalty of one thousand dollars ($1,000) for each income year with respect to which the failure occurs.

(b) If the failure continues for more than 90 days after the date on which the Franchise Tax Board mails notice of that failure to the taxpayer, the taxpayer shall pay a penalty (in addition to the amount required under subdivision (a)) of one thousand dollars ($1,000) for each 30-day period (or fraction thereof) during which the failure continues after the expiration of the 90-day period. The increase in any penalty under this subdivision shall not exceed twenty-four thousand dollars ($24,000).

(c) If the taxpayer fails to comply substantially with any formal document request arising out of the examination of the tax treatment of any item (hereinafter in this section referred to as the "examined item") before the 90th day after the date of the mailing of the request, any court having jurisdiction of a civil proceeding in which

the tax treatment of the examined item is an issue may, upon motion by the Franchise Tax Board, prohibit the introduction by the taxpayer of documentation covered by that request.

(d) For purposes of this section, the time in which information is to be furnished (and the beginning of the 90-day period after notice by the Franchise Tax Board) shall be treated as beginning not earlier than the last day on which reasonable cause existed for failure to furnish the information.

(e) This section shall not apply with respect to any requested documentation if the taxpayer establishes that the failure to provide the documentation, as requested by the Franchise Tax Board, is due to reasonable cause. For purposes of subdivision (c), the fact that a foreign jurisdiction would impose a civil or criminal penalty on the taxpayer (or any other person) for disclosing the requested documentation is not reasonable cause unless, after in-camera review of the documentation, the court finds otherwise.

(f) For purposes of this section, the term "formal document request" means any request (made after the normal request procedures have failed to produce the requested documentation) for the production of documentation which is mailed by registered or certified mail to the taxpayer at its last known address and which sets forth all of the following:

(1) The time and place for the production of the documentation.

(2) A statement of the reason the documentation previously produced (if any) is not sufficient.

(3) A description of the documentation being sought.

(4) The consequences to the taxpayer of the failure to produce the documentation described in this section.

(g) Notwithstanding any other law or rule of law, any taxpayer to whom a formal document request is mailed may begin a proceeding to quash that request not later than the 90th day after the date the request was mailed. In any such proceeding, the Franchise Tax Board may seek to compel compliance with the request.

(h) The superior courts of the State of California for the Counties of Los Angeles, Sacramento, and San Diego, and for the City and County of San Francisco shall have jurisdiction to hear any proceeding brought under subdivision (g). An order denying the petition shall be deemed a final order which may be appealed.

The running of the 90-day period referred to in subdivision (b) shall be suspended during any period during which a proceeding brought under subdivision (g) is pending.

(i) For purposes of this section, "documentation" means any documentation which may be relevant or material to the tax treatment of the examined item.

(j) The Franchise Tax Board, and any court having jurisdiction over a proceeding under subdivision (g), may extend the 90-day period referred to in subdivision (b).

(k) If any bank or corporation takes any action as provided in subdivision (g), the running of any period of limitations under

Sections 19057 to 19067, inclusive (relating to the assessment and collection of tax), or under Section 19704 (relating to criminal prosecutions) with respect to that bank or corporation shall be suspended for the period during which the proceedings under subdivision (g) and appeals thereto are pending.

(b) This section shall apply to any federal determination that becomes final on or after January 1, 1993.

SEC. 60. Chapter 23 (commencing with Section 26131) of Part 11 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 60.5. Section 26313 of the Revenue and Taxation Code is amended to read:

26313. (a) (1) If any person or bank fails to pay any amount of tax, penalty, addition to tax, interest, or other liability imposed and delinquent under this part, a collection cost recovery fee shall be imposed if the Franchise Tax Board has mailed a notice to the person for payment that advises that continued failure to pay the amount due may result in collection action, including the imposition of a collection cost recovery fee. The collection cost recovery fee in the amount of one hundred sixty-six dollars ($166) or an amount as adjusted under subdivision (b).

(2) If any person or bank fails or refuses to make and file a tax return required by this part within 25 days after formal legal demand to file the tax return is mailed to that person or bank by the Franchise Tax Board, the Franchise Tax Board shall add a filing enforcement cost recovery fee in the amount of one hundred nineteen dollars ($119) or an amount as adjusted under subdivision (b).

(b) For fees charged during the 1993–94 fiscal year and fiscal years thereafter, the amount of those fees shall be set to reflect actual costs and shall be specified in the annual Budget Act.

(c) Interest shall not accrue with respect to the cost recovery fees provided by this section.

(d) The amounts provided by this section are obligations imposed by this part and may be collected in any manner provided under this part for the collection of a tax.

(e) Subdivision (a) is operative with respect to notices for payment or legal demands to file, either of which is mailed on or after the effective date of this section.

(f) The Franchise Tax Board shall determine the total amount of the cost recovery fees collected or accrued through June 30, 1993, and shall notify the Controller of that amount. The Controller shall transfer that amount to the Franchise Tax Board, and that amount is hereby appropriated to the board for reimbursement of its collection and filing enforcement efforts.

SEC. 61. Chapter 24 (commencing with Section 26422) of Part 11 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 62. Section 803 of the Unemployment Insurance Code is amended to read:

803. (a) As used in this section "entity" means any employing unit that is authorized by any provision of Article 4 (commencing with Section 701) of this chapter or by Section 801 or 802 to elect a method of financing coverage permitted by this section.

(b) In lieu of the contributions required of employers, an entity may elect any one of the following:

(1) To pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(2) Two or more entities may, pursuant to authorized regulations, file an application with the director for the establishment of a joint account for the purpose of determining the rate of contributions they shall pay into the Unemployment Fund to reimburse the fund for benefits paid with respect to employment for such entities. The members of the joint account may share the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on the base period wages with respect to employment for such members and charged to the joint account in the manner provided by Section 1026. The director shall prescribe authorized regulations for the establishment, maintenance, and dissolution of joint accounts, and for the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions by the members of joint accounts, on the cost of benefits charged in the manner provided by Section 1026.

(c) Sections 1030, 1031, 1032, and 1032.5, and any provision of this

division for the noncharging of benefits to the account of an employer, shall not apply to an election under subdivision (b). The cost of benefits charged to an entity under this section shall include, but not be limited to, benefits or payments improperly paid in excess of a weekly benefit amount, or in excess of a maximum benefit amount, or otherwise in excess of the amount which should have been paid, due to any computational or other error of any type by the Employment Development Department or the Department of Benefit Payments, whether or not the error could be anticipated.

(d) In making the payments prescribed by subdivision (b) there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, those sums as he or she estimates the Unemployment Fund will be entitled to receive from each entity for each calendar quarter, reduced or increased by any sum by which he or she finds that his or her estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. The estimates may be made upon the basis of statistical sampling, or any other method as may be determined by the director.

Upon making that determination, the director shall give notice of the determination, pursuant to Section 1206, to the entity. The director may cancel any contributions or portion thereof which he or she finds has been erroneously determined. The director shall charge to any special fund, which is responsible for the salary of any employee of an entity, the amount determined by the director for which the fund is liable pursuant to this section. The contributions due from the entity shall be paid from the liable special fund, the General Fund, or other liable fund to the Unemployment Fund by the Controller or other officer or person responsible for disbursements on behalf of the entity within 30 days of the date of mailing of the director's notice of determination to the entity. The director for good cause may extend for not to exceed 60 days the time for paying without penalty the amount determined and required to be paid. Contributions are due upon the date of mailing of the notice of determination and are delinquent if not paid on or before the 30th day following the date of mailing of the notice. Any entity which fails to pay the contributions required within the time required shall be liable for interest on the contributions at the adjusted annual rate and by the method established pursuant to Section 19521 of the Revenue and Taxation Code from and after the date of delinquency until paid, and any entity which without good cause fails to pay any contributions required within the time required shall pay a penalty of 10 percent of the amount of the contributions. If the entity fails to pay the contributions required on or before the delinquency date, the director may assess the entity for the amount required by the notice of determination. Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 with respect to the assessment of contributions, and Chapter 7 (commencing with Section 1701) of Part 1 with respect to the collection of contributions, shall apply to the

assessments provided by this section. Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section. Sections 1222, 1223, 1224, 1241, and 1242 shall apply to matters arising under this section.

(e) The director may terminate the election of any entity for financing under this section if the entity is delinquent in the payment of advances or reimbursements required by the director under this section. After any such termination the entity may again make an election pursuant to this section but only if it is not delinquent in the payment of contributions and not delinquent in the payment of advances or reimbursements required by the director under this section.

(f) Notwithstanding any other provision of this section, no entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(g) After the termination of any election under this section, the entity shall remain liable for its proportionate share of the cost of benefits paid and charged to its account in the manner provided by Section 1026, which are based on wages paid for services during the period of the election. That liability may be charged against any remaining balance of a prior reserve account used by the entity pursuant to Section 712 or 713. Any portion of the remaining balance shall be included in the reserve account of the entity following any termination of an election under this section which occurs prior to the expiration of a period of three consecutive years commencing with the effective date of such election. For purposes of Section 982, the period of an election under Section 803 shall, to the extent permitted by federal law, be included as a period during which a reserve account has been subject to benefit charges.

SEC. 63. Section 828 of the Unemployment Insurance Code is amended to read:

828. Each school employer shall be responsible for a quarterly local experience charge as set forth below, together with the charges or penalties set by the administrator for administrative indiscretions, including tardiness and error, as well as all costs for benefits and administration resulting from failure to properly cover an employee. The reimbursement for charges shall be delinquent 30 days from the date of notice and if not paid within the time required, the school employer shall pay a penalty of 10 percent of the unpaid amount, plus interest at the adjusted annual rate established pursuant to Section 19521 of the Revenue and Taxation Code from and after the date of delinquency until paid. The local experience charge to be levied against each school employer shall be computed as follows:

Local Experience Charge

(a) The local experience charge rate shall be 10 percent for the first three complete fiscal years of participation in the School Employees Fund.

(b) The local experience charge rate for the fourth fiscal year, and each succeeding fiscal year, shall be determined by dividing the reserve balance at the end of the fiscal year which began 24 months prior to the fiscal year for which the rate is being calculated by the benefits paid for that same prior fiscal year.

The factor derived is the employer's reserve ratio. If, as of the computation date, the school employer's reserve ratio equals or exceeds that which appears on any line in column 1 of the following table, but is less than that which appears in column 2 of that table, the local experience charge rate shall be the figure appearing on that same line in column 3 of that table.

Line	Reserve Ratio	Rate
1	negative to 1.00	15%
2	1.00 to 2.00	10%
3	2.00 to 3.00	5%
4	3.00 or more	0

(c) The rate determined in subdivision (a) or (b) shall be multiplied by the employer's quarterly benefit charges to compute the local experience charges.

The administrator shall, not later than March 31 of each year, notify each school employer participating in the School Employees Fund of their local experience charge rate for the succeeding fiscal year.

SEC. 64. Section 1111 of the Unemployment Insurance Code is amended to read:

1111. The director for good cause may extend for not to exceed 60 days the time for making a return or paying without penalty any amount required to be paid under this division. Any employer to whom an extension is granted and who pays the amount required within the period for which the extension is granted shall pay, in addition to the contributions, interest at the adjusted annual rate and by the method established pursuant to Section 19521 of the Revenue and Taxation Code from the date on which the payment would have been delinquent without the extension until the date of payment.

SEC. 65. Section 1113 of the Unemployment Insurance Code is amended to read:

1113. Any employer who fails to pay any contributions required of him or of his workers, except amounts assessed under Article 8 (commencing with Section 1126), within the time required shall become liable for interest on such contributions at the adjusted annual rate and by the method established pursuant to Section 19521

of the Revenue and Taxation Code from and after the date of delinquency until paid.

SEC. 66. Section 1129 of the Unemployment Insurance Code is amended to read:

1129. The amount of each assessment shall bear interest at the adjusted annual rate and by the method established pursuant to Section 19521 of the Revenue and Taxation Code from and after the last day of the month following the close of the calendar quarter, or from and after the 15th day of the month following the close of the calendar month, for which the contributions should have been returned until the date of payment.

SEC. 67. Section 1181 of the Unemployment Insurance Code is amended to read:

1181. Interest shall be allowed and paid only to the extent that interest and penalties collected under this division are available therefor upon any overpayment of contributions at the adjusted rate per month, or fraction thereof, established pursuant to Section 19521 of the Revenue and Taxation Code, from the date of overpayment to the date of the allowance of the refund or credit, but no interest shall be allowed if the director determines that any overpayment was made intentionally or by reason of negligence on the part of the employing unit.

SEC. 68. Section 1184 of the Unemployment Insurance Code is amended to read:

1184. If any refund or portion thereof is erroneously made, the director shall assess that amount to the employing unit or other person to whom the refund was made, together with any interest paid thereon, but no assessment shall be made with respect to any amount of worker contributions which the employer has refunded to his or her employees. The amount of the assessment shall bear interest at the adjusted annual rate and by the method established pursuant to Section 19521 of the Revenue and Taxation Code commencing 30 days after the service of notice of the assessment, if not paid within that period, until the date of repayment. The director shall give the employing unit against whom the assessment is made a written notice of the assessment pursuant to Section 1206.

The notice shall be given within three years from the date the refund was made unless the employing unit waives this limitation period or consents to its extension. Sections 1135, 1136, 1222, 1223, and 1224 shall apply to assessments made under this section. The director shall collect the amount of any assessment made under this section in the same manner that other assessments are collected.

SEC. 69. Section 13003 of the Unemployment Insurance Code is amended to read:

13003. (a) Except where the context otherwise requires, the definitions set forth in this chapter, and in addition the definitions and provisions of the Personal Income Tax Law referred to and hereby incorporated by reference as set forth in the following provisions of the Revenue and Taxation Code, shall apply to and

13020. (a) Every employer who pays wages to a resident employee for services performed either within or without this state, or to a nonresident employee for services performed in this state, shall deduct and withhold from such wages, except as provided in Sections 13025 and 13026, for each payroll period, a tax computed in that manner as to produce, so far as practicable, with due regard to the credits for personal exemptions allowable under Section 17054 of the Revenue and Taxation Code, a sum which is substantially equivalent to the amount of tax reasonably estimated to be due under Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code resulting from the inclusion in the gross income of the employee of the wages which were subject to withholding. The method of determining the amount to be withheld shall be prescribed by the Franchise Tax Board pursuant to Section 18663 of the Revenue and Taxation Code.

(b) The department upon request may permit the use of accounting machines to calculate the proper amount to be deducted and withheld from such wages, if such calculation produces an amount substantially equivalent to the amount of tax required to be withheld under subdivision (a).

SEC. 71. Section 13028 of the Unemployment Insurance Code is amended to read:

13028. (a) (1) For purposes of this division (and so much of Part 10 (commencing with Section 17001) and Part 10.2 (commencing with Section 18401) of Division 2 of the Revenue and Taxation Code as relates to this division) pensions, annuities, and other deferred income, as described in Section 3405 of the Internal Revenue Code, are wages and subject to withholding under this division.

(2) Notwithstanding paragraph (1), amounts excluded from gross income by Section 17131.5 of the Revenue and Taxation Code are not wages and are not subject to withholding under this division.

(b) If an individual makes an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code not to have tax withheld, that election shall apply to withholding under this division, unless the individual elects, with the consent of the payer, to have those payments subject to withholding under this division. If an individual has not made an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code, that individual may elect to exclude those payments from withholding under this division. Elections provided in this subdivision shall be made pursuant to regulations of the director.

(c) Where Section 3405 of the Internal Revenue Code provides that tables or other computational procedures shall be prescribed by the Secretary of the Treasury, for the purposes of this division, any of the following amounts may be withheld, upon election of the payer:

(f) The department shall, in consultation with the affected payers and payees, issue regulations to implement this section.

Those regulations shall provide for delay (but not beyond July 1, 1987) of the application of this section with respect to any payer or class of payers until that time as the payers are able to comply without undue hardship with the requirements of this section. In that case, no retroactive compliance shall be required.

SEC. 72. Section 13028.5 of the Unemployment Insurance Code is amended to read:

13028.5. (b) For purposes of subdivision (a), "supplemental unemployment compensation benefits" means amounts which are paid to an employee, pursuant to a plan to which the employer is a party, because of an employee's involuntary separation from employment (whether or not that separation is temporary), resulting directly from a reduction in force, the discontinuance of a plant or operation, or other similar conditions, but only to the extent those benefits are includable in the employee's gross income.

SEC. 73. Section 13028.6 of the Unemployment Insurance Code is amended to read:

13028.6. (a) For purposes of this division (and so much of Part 10 (commencing with Section 17001) and Part 10.2 (commencing with Section 18401) of Division 2 of the Revenue and Taxation Code as relates to this division), any payment to an individual of sick pay which does not constitute wages (determined without regard to this subdivision), if at the time the payment is made a request that such sick pay be subject to withholding under this division is in effect, shall be treated as if it were a payment of wages by an employer to an employee for a payroll period.

(1) Is paid to an employee pursuant to a plan to which the employer is a party.

(2) Constitutes remuneration or a payment in lieu of remuneration for any period during which the employee is

temporarily absent from work on account of sickness or personal injuries.

(c) If a payee makes a request that any sick pay be subject to withholding under this chapter, the amount to be deducted and withheld under this chapter from any payment to which that request applies shall be an amount (not less than a minimum amount determined by the Franchise Tax Board) specified by the payee in that request. The amount deducted and withheld with respect to a payment which is greater or less than a full payment shall bear the same relation to the specified amount as that payment bears to a full payment.

(1) A request that any sick pay be subject to withholding under this chapter shall satisfy all of the following:

(A) Shall be made by the payee in writing to the person making the payments and shall contain the social security number of the payee.

(B) Shall specify the amount to be deducted and withheld from each full payment.

(C) Shall take effect with respect to payments made more than seven days after the date on which that request is furnished to the payer, or as the department shall by regulations prescribe. That request may be changed or terminated by furnishing to the person making the payments a written statement of change or termination which shall take effect in the same manner as provided in the preceding sentence. At the election of the payer, any such request (or statement of change or revocation) may take effect earlier than as provided in this subparagraph.

(2) Any sick pay paid pursuant to a collective bargaining agreement between employee representatives and one or more employers which contains a provision specifying that this paragraph is to apply to sick pay paid pursuant to that agreement and contains a provision for determining the amount to be deducted and withheld from each payment of that sick pay as follows:

(A) The requirement of paragraph (3) of subdivision (a) that a request for withholding be in effect shall not apply.

(B) Except as provided in Section 13026, the amounts to be deducted and withheld under this chapter shall be determined in accordance with that agreement.

The preceding sentence shall not apply with respect to sick pay paid pursuant to any agreement to any individual, unless the social security number of that individual is furnished to the payer and the payer is furnished with that information as is necessary to determine whether the payment is pursuant to the agreement and to determine the amount to be deducted and withheld.

SEC. 74. Section 13029 of the Unemployment Insurance Code is amended to read:

13029. The department may by authorized regulations provide for withholding—

(a) From remuneration for services performed by an employee

for his or her employer which (without regard to this section) does not constitute wages, and

(b) From any other type of payment with respect to which the department finds that withholding would be appropriate under the provisions of this division,

if the employer and the employee, or in the case of any other type of payment the person making and the person receiving the payment, agree to the withholding. The agreement shall be made in the form and manner as the department may by authorized regulations provide. For purposes of this division (and so much of Part 10 (commencing with Section 17001) and Part 10.2 (commencing with Section 18401) of Division 2 of the Revenue and Taxation Code as relates to this division) remuneration or other payments with respect to which the agreement is made shall be treated as if they were wages paid by an employer to an employee to the extent that the remuneration is paid or other payments are made during the period for which the agreement is in effect.

(b) For purposes of subdivision (a), the amount determined under this subdivision is the maximum rate under Section 17041 of the Revenue and Taxation Code multiplied by the unreported amounts paid as remuneration for personal services.

(f) The penalty imposed by this section may be assessed in lieu of, or in addition to, the penalty imposed by Section 13052 with respect to the failure to furnish a withholding statement to an employee.

(b) The department may waive, in whole or in part, the penalty imposed under subdivision (a) if the taxes imposed with respect to the individual under Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code for the taxable year are equal to or less than the sum of both of the following:

(1) The credits against those taxes allowed by Sections 17052.1 through 17053.7 and Section 19002.

This section does not prohibit the issuance of coupons, premiums, certificates, or similar devices to be redeemed in connection with the retail sale of dairy products other than those classified as class 1, if all the costs incurred in the issuance and redemption is borne by the person issuing and redeeming the coupons, premiums, certificates, or similar devices. The issuance and redemption of premiums, coupons, certificates, and similar devices in connection with the retail sale of dairy products, to the extent permitted under this section, shall otherwise comply with all the requirements of this chapter.

(c) Notwithstanding Section 61384, coupons redeemed with the retail sale of dairy products for which coupons are permitted pursuant to subdivision (b), or pursuant to Section 61375.5, shall not themselves cause a product to be sold below cost if, on a per-unit basis, the face value of the coupon does not exceed 25 percent of the issuing distributor's lowest lawful wholesale invoice price for the couponed product in effect during the period of the promotion in the area in which the coupon is offered, except as follows:

(1) For all yogurt and fromage frais products, the percentage is 50 percent of the issuing distributor's lowest lawful wholesale invoice price, and for sour cream products, cottage cheese products, class 4b products, kefir, fruit kefir, flavored milks and fluid milk products to which cultures are added, the percentage is 35 percent of the issuing distributor's lowest lawful wholesale invoice price.

(2) If a coupon is issued by a wholesale customer, the wholesale price to which the percentage is applied is the issuing wholesale customer's lowest current invoice or replacement cost for the couponed product in the area where the coupon is in effect. However, in the case of a wholesale customer who, by virtue of single integrated ownership, is also a distributor, as those terms are defined by Sections 61317 and 61306, respectively, the percentage shall be applied to the replacement cost of the product involved in the promotion. "Replacement cost" includes all procurement and processing costs and distribution and other costs incurred in supplying the couponed product to the consumer outlet owned by the wholesale customer.

(3) This subdivision does not preclude a distributor from issuing a coupon with a face value that exceeds the applicable percentage of the lowest lawful wholesale invoice price, if on a per-unit basis, the coupon promotion does not result in the product being sold below cost pursuant to Section 61384.

(d) Notwithstanding Section 61384, consumer premiums offered

in conjunction with the retail sale of dairy products for which consumer premiums are permitted pursuant to subdivision (b), or pursuant to Section 61375.5, shall not themselves cause a product to be sold below cost if, on a per-unit basis, the cost of the premium to the issuing distributor does not exceed 25 percent of the issuing distributor's lowest lawful wholesale invoice price for the product involved in the promotion in effect during the period of the promotion in the area in which the promotion is offered, except as follows:

(1) For all yogurt and fromage frais products, the percentage is 50 percent of the lowest lawful wholesale invoice price, and for sour cream products, cottage cheese products, class 4b products, kefir, fruit kefir, flavored milks and fluid milk products to which cultures are added, the percentage is 35 percent of the lowest lawful wholesale invoice price.

(2) If a consumer premium is offered by a wholesale customer, the wholesale price to which the percentage is applied is the issuing wholesale customer's lowest current invoice price for the product involved in the promotion in effect in the area where the promotion is in effect. However, in the case of a wholesale customer who, by virtue of single integrated ownership, is also a distributor, as those terms are defined by Sections 61317 and 61306, respectively, the percentage shall be applied to the replacement cost of the product involved in the promotion. "Replacement cost" includes all procurement and processing costs and distribution and other costs incurred in supplying the product involved in the promotion to the consumer outlet owned by the wholesale customer.

(3) For purposes of this subdivision, "consumer premium" means an offer to a consumer of anything of value, excluding cents-off coupons for a dairy product, with less than full remuneration by the consumer for the value of the premium received, conditioned on the purchase of one or more units of a dairy product for which consumer premiums are permitted pursuant to subdivision (b), and requiring the consumer to initiate some postpurchase action to acquire the premium.

(4) The cost of the premium is a value in excess of zero dollars ($0.00) reflective of the true wholesale price of the premium purchased in the appropriate quantity or its replacement cost for a like quantity.

(5) This subdivision does not preclude a distributor from offering a consumer premium with a cost that exceeds the applicable percentage of the lowest lawful wholesale invoice price, if, on a per-unit basis, the promotion does not result in the product being sold below cost pursuant to Section 61384.

(e) Except as expressly provided to the contrary in this section, this section shall have no effect on Section 61384 or any regulations adopted pursuant to that section. To the extent of any conflict between this section and Section 61384, this section shall prevail.

SEC. 3. Section 61375.5 is added to the Food and Agricultural

Code, to read:

61375.5. (a) Notwithstanding subdivision (b) of Section 61375, coupons, premiums, certificates, or similar devices to be redeemed in connection with the retail sale of kefir, fruit kefir, flavored milks, and fluid milk products to which cultures are added, including, but not limited to, lactobacillus acidophilus, may be issued subject to the conditions in subdivisions (c) and (d) of Section 61375.

(b) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 4. Section 61378.5 is added to the Food and Agricultural Code, to read:

61378.5. (a) Notwithstanding subdivision (a) of Section 61378, the allowance or gift of any money, credit, or compensation, or the lending of anything of value, to a wholesale customer for advertising or display in connection with the sale of kefir, fruit kefir, and fluid milk products to which cultures are added, including, but not limited to, lactobacillus acidophilus, is not an unlawful practice.

(b) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 5. Section 61379 is added to the Food and Agricultural Code, to read:

61379. This article does not prohibit a distributor of products classified as class 4b from engaging in cross-promotion.

(a) As used in this section, "cross-promotion" means any promotional activity jointly entered into by a distributor of a class 4b product and any other firm or firms, including another distributor of a class 4b product, whereby products marketed by the class 4b distributor and the other firm or firms are jointly advertised or promoted for sale in a manner that conveys a benefit in the purchase of one product earned by the purchase of the other product.

(b) Class 4b products sold during a cross-promotion shall not be sold at less than cost pursuant to Section 61384, where the class 4b distributor shall be presumed to bear half of the costs of the cross-promotion unless the distributor proves a different cost allocation between the cross-promotion participants.

(c) For purposes of enforcing this section, the director may use typical or average costs of promotional programs as provided by advertising companies, marketing companies, or research organizations in determining costs that will apply to a particular cross-promotion, if no other accurate and reliable information is available to the director. The intent of this subdivision is to ensure that this section is enforced on a timely basis to prevent the initiation or continuance of cross-promotions that violate this section.

(d) For the purpose of determining the cost of the class 4b product, cross-promotion costs shall be amortized over the number of units of the class 4b product sold, or reasonably expected to be sold, within the geographic area of the promotion, during the period of

the cross-promotion, but in no case to exceed those units of product sold, or expected to be sold, within that geographic area, in a 90-day period.

(e) The department may require class 4b distributors to submit information in advance of the commencement of a cross-promotion necessary to determine the likelihood that the planned cross-promotion will conform to this article.

(f) This section shall have no effect on the applicability of this article to cross-promotions involving other dairy products.

(g) Cross-promotions under this section shall not be subject to the generic cross-promotion conditions provided in Section 61373.

(h) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

The people of the State of California do enact as follows:

SECTION 1. Section 13131 of the Food and Agricultural Code is amended and renumbered to read:

13134. (a) The department, in cooperation with the State Department of Health Services, shall conduct an assessment of dietary risks associated with the consumption of produce and processed foods treated with pesticides. This assessment shall integrate adequate data on acute effects and the mandatory health effects studies specified in subdivision (c) of Section 13123, appropriate dietary consumption estimates, and relevant residue data based on the department's and the State Department of Health Services' monitoring data and appropriate field experimental and food technology information to quantify consumer risk. Differences in age, sex, ethnic, and regional consumption patterns shall be considered. The department shall submit each risk assessment to the State Department of Health Services, with necessary supporting documentation, for peer review, which shall consider the adequacy of public health protection. The State Department of Health Services may provide comments to the department. The department shall formally respond to all of the comments made by the State Department of Health Services. The department shall modify the risk assessment to incorporate the comments as deemed appropriate by the director. All correspondence between the department and the State Department of Health Services in this matter shall be made available to any person, upon request, pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(b) The department shall consider those pesticides designated for priority food monitoring pursuant to Section 12535 and the results of the department's or the State Department of Health Services' monitoring in establishing priorities for the dietary risk assessments.

(c) (1) If the department lacks adequate data on the acute effects of pesticide active ingredients or mandatory health effects studies specified in subdivision (c) of Section 13123 necessary to accurately estimate dietary risk, the department shall require the appropriate data to be submitted by the registrant of products whose labels include food uses. This subdivision shall not be construed to affect the timeframes established pursuant to Section 13127.

(2) No applicant for registration, or current registrant, of a pesticide who proposes to purchase or purchases a registered pesticide from another producer in order to formulate the purchased pesticide into an end use product shall be required to submit or cite data pursuant to this section or offer to pay reasonable compensation for the use of any such data if the producer is engaged in fulfilling the data requirements of this section.

(d) (1) If a registrant fails to submit the data requested by the director pursuant to this section within the time specified by the director, the director shall issue a notice of intent to suspend the registration of that pesticide. The director may include in the notice of intent to suspend any provisions that are deemed appropriate concerning the continued sale and use of existing stocks of that pesticide. Any proposed suspension shall become final and effective 30 days from the receipt by the registrant of the notice of intent to suspend, unless during that time a request for hearing is made by a person adversely affected by the notice or the registrant has satisfied the director that the registrant has complied fully with the requirements that served as a basis for the notice of intent to suspend. If a hearing is requested, a hearing shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The only matter for resolution at the hearing shall be whether the registrant has failed to take the action that served as the basis for the notice of intent to suspend the registration of the pesticide for which additional data is required and whether the director's determination with respect to the disposition of existing stocks is consistent with this subdivision.

(2) A hearing shall be held and a determination made within 75 days after receipt of a request for a hearing. The decision rendered after completion of the hearing shall be final. Any registration suspended shall be reinstated by the director if the director determines that the registrant has complied fully with the requirements that served as a basis for the suspension of the registration.

(e) If the department finds that any pesticide use represents a dietary risk that is deleterious to the health of humans, the department shall prohibit or take action to modify that use or modify the tolerance pursuant to Section 12561, or both, as necessary to protect the public.

SEC. 2. Section 13132 of the Food and Agricultural Code is amended and renumbered to read:

13135. The department and the State Department of Health

Services shall jointly review the existing federal and state pesticide registration and food safety system and determine if the existing programs adequately protect infants and children from dietary exposure to pesticide residues. The review shall commence as early as possible in 1990, so that any policy or administrative adjustments determined to be necessary as a result of the joint review can be made on a timely basis. The department shall consult with the University of California and other qualified public and private entities in conducting the joint review. The joint review shall continue for a sufficient time in order to evaluate the report of infant exposure to pesticide residues, which is presently being undertaken by the National Academy of Sciences. Within six months of the official release of the National Academy of Sciences' study, the department shall finalize a report describing the evaluation that was conducted pursuant to this section, including any recommendations for modification of the existing regulatory system in order to adequately protect infants and children. A copy of this report shall be submitted to the Governor and the Legislature.

(c) (1) Vehicles selling or offering for sale nonprepackaged foods, as specified in subdivision (a), except produce and approved beverages made without cream, milk, or similar dairy products, shall be equipped with a food compartment as specified in subdivision (a) of Section 27675.

(2) In addition, those vehicles handling nonprepackaged hot dogs, popcorn, frozen ice cream bars, snow cones, or beverages described in paragraph (10) of subdivision (a) shall comply with subdivisions (b), (c), (d) and (e) of Section 27675.

(3) Vehicles selling unpackaged frozen ice cream bars and beverages described in paragraph (10) of subdivision (a) shall have overhead protection, utensils and equipment equal or equivalent to National Sanitation Foundation Standards, a commissary for cleaning utensils, compartments, and vessels used for product storage, and shall also meet all sanitary design and operating requirements of the local enforcement officials. Vehicles selling unpackaged frozen ice cream bars or holding cream, milk, or similar dairy products shall be equipped with refrigeration units, as described in Section 27534.

(4) Those vehicles handling unpackaged whole fish and aquatic invertebrates shall comply with subdivision (e) of Section 27675, for drainage of waste water from display and storage compartments.

(d) Frozen ice cream bars may be sold from vehicles in an unpackaged state if the frozen ice cream bars are prepackaged at a facility approved by the enforcement agency pursuant to subdivision (b) of Section 27672 and unpackaged for the purpose of adding condiments.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the protection of public health and safety, it is necessary that uniform standards for sanitary conditions and refrigeration of dairy products used in food sale vehicles that provide coffee-based products be applied at the earliest possible time.

CHAPTER 48

An act to amend Section 74.3 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 74.3 of the Revenue and Taxation Code is amended to read:

74.3. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, "newly constructed" does not include the construction, installation, or modification of any portion or structural component of an existing single- or multiple-family dwelling which is eligible for the homeowner's exemption as described in Section 218, if the construction, installation, or modification is for the purpose of making the dwelling more accessible to a severely and permanently disabled person who is a permanent resident of the dwelling.

(b) For purposes of this section, "a severely and permanently disabled person" is any person who has a physical disability or impairment, whether from birth or by reason of accident or disease, which results in a functional limitation as to employment or substantially limits one or more major life activity of that person, and which has been diagnosed as permanently affecting the person's ability to function, including, but not limited to, any disability or impairment which affects sight, speech, hearing, or the use of any limbs.

(c) For purposes of this section, "accessible" means that combination of elements with regard to any dwelling which provides for access to, circulation throughout, and the full use of, the dwelling and any fixture, facility, or item therein. The construction of an entirely new addition, such as a bedroom or bath, which duplicates existing facilities in the dwelling that are not otherwise available to the disabled resident solely because of his or her disability, shall be deemed to make the dwelling more accessible within the meaning and for the purposes of this section.

(d) The exclusion provided by this section shall apply only to those improvements or features that specially adapt a dwelling accessibility by a severely and permanently disabled person. The value of any improvement, addition, or modification excluded pursuant to this section shall not include any other functional improvement, addition, or modification to the property unless it is merely incidental to the qualified improvements or features.

(e) The exclusion provided by this section shall not apply to the construction of an entirely new dwelling.

(f) The construction, installation, or modification, with regard to

an existing building, for purposes of making the structure more accessible to a disabled person, shall be eligible for exclusion pursuant to this section only if the disabled person, or his or her spouse or legal guardian, submits to the assessor both of the following:

(1) A statement signed by a licensed physician or surgeon, of appropriate specialty which certifies that the person is severely and permanently disabled as defined in subdivision (b), and identifies specific disability-related requirements necessitating accessibility improvements or features.

(2) A statement that identifies the construction, installation, or modification that was in fact necessary to make the structure more accessible to the disabled person.

(g) The assessor may charge a fee to the disabled person or his or her spouse or legal guardian sufficient to reimburse the assessor for the costs of processing and administering the statement required by subdivision (f).

(f) This section shall apply to construction, installations, or modifications completed on or after June 6, 1990.

CHAPTER 49

An act to amend Sections 23357.2 and 23671 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 23357.2 of the Business and Professions Code is amended to read:

23357.2. (a) An out-of-state beer manufacturer's certificate may be issued by the department upon the written undertaking and agreement by the applicant:

(1) That it and its agents and all agencies within this state controlled by it will comply with all laws of this state and all rules of the department with respect to the sale of alcoholic beverages, including, but not limited to, Chapter 12 (commencing with Section 25000) of Division 9, and Section 25509, to the same extent as licensees.

(2) That it will make available, both in California and outside the state, for inspection and copying by the department, all books, documents, and records, located both within and without this state, which are pertinent to the activities of the applicant, its agents and agencies within this state controlled by it, in connection with the sale and distribution of its products within this state.

(b) The department may suspend or revoke an out-of-state beer manufacturer's certificate for cause in the manner provided for the

suspension or revocation of licenses, and after a hearing which shall be held in the City of Sacramento or in such other county seat in this state as the department determines to be convenient to the holder of an out-of-state certificate.

(c) The annual fees for an out-of-state beer manufacturer's certificate shall be determined by the department, and shall approximate the department's cost of investigation of the applicant and of issuance of such certificate.

(d) All money collected from the fees provided for in this section shall be deposited in the Alcohol Beverage Control Fund as provided by Section 25761.

SEC. 2. Section 23671 of the Business and Professions Code is amended to read:

23671. No beer importer shall purchase any beer not manufactured within the state or cause any beer to be transported into the state for sale in the state, unless the out-of-state vendor making shipment of the beer into the state holds a certificate of compliance issued by the department. A certificate of compliance shall be granted when the out-of-state vendor makes a written agreement with the department to furnish to the board, on or before the 10th day of each month, a report on a form prescribed by the board, showing the quantity of beer shipped by the out-of-state vendor to each licensed beer importer in this state during the preceding month. The out-of-state vendor shall further agree that it and its agents and all agencies within this state controlled by it will comply with all laws of this state and all rules of the department with respect to the sale of alcoholic beverages, including, but not limited to, Chapter 12 (commencing with Section 25000) of Division 9, and Section 25509, to the same extent as licensees.

If any out-of-state vendor, after obtaining the certificate, fails to submit the report or to comply with Section 14575 of the Public Resources Code, the department may suspend or revoke the certificate of compliance in the manner provided for the suspension or revocation of licenses, and after a hearing which shall be held in the City of Sacramento or in any other county seat in this state which the department determines to be convenient to the holder of the certificate. No fee shall be charged for the certificate of compliance which shall remain in effect until revoked by the department.

CHAPTER 50

An act to amend Section 19355.5 of the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19355.5 of the Welfare and Institutions Code is amended to read:

19355.5. Notwithstanding any other provision of law, effective the first day of the month after which this section is enacted, all rates established for the 1992–93 fiscal year pursuant to Section 19356 under this chapter for work-activity programs shall be reduced proportionately by the percentage necessary to effect a total savings of not less than four million seventy-one thousand dollars ($4,071,000) and not more than six million seven hundred seventy-eight thousand dollars ($6,778,000) of General Fund money. The department is encouraged to increase the number of individuals mutually served and the utilization of federal dollars, pursuant to subdivision (b) of Section 19356.6, to minimize this rate reduction in the 1992–93 fiscal year while achieving the required savings in General Fund money. Should the utilization of federal funds during the 1992–93 fiscal year so permit, the department may adjust the rate of each work-activity program prior to July 1, 1993, in an amount not to exceed the adjustment to be given effective July 1, 1993. Commencing July 1, 1993, the rate established for the 1992–93 fiscal year pursuant to this section shall be adjusted to the extent necessary to achieve a savings of six million seven hundred seventy-eight thousand dollars ($6,778,000) in the subsequent 12-month period. The rate in effect as of July 1, 1993, shall remain in effect until July 1, 1996.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to apply the provisions of this act to the entire 1993–94 fiscal year, and so facilitate the orderly administration of the system for providing rehabilitation services it is necessary that this act take effect immediately.

CHAPTER 51

An act to amend Sections 56170 and 56828 of the Education Code, relating to special education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 56170 of the Education Code is amended to read:

56170. The governing board of a school district shall elect to do one of the following:

(a) If of sufficient size and scope, under standards adopted by the board, submit to the superintendent a local plan for the education of all individuals with exceptional needs residing in the district in accordance with Section 56200.

(b) In conjunction with one or more districts, submit to the superintendent a local plan for the education of individuals with exceptional needs residing in those districts in accordance with Section 56200. The plan shall, through joint powers agreements or other contractual agreements, include all the following:

(1) Provision of a governance structure and any necessary administrative support to implement the plan.

(2) Establishment of a system for determining the responsibility of participating agencies for the education of each individual with exceptional needs residing within the special education local plan area.

(3) Designation of a responsible local agency or alternative administrative entity to perform such functions as the receipt and distribution of regionalized services funds, provision of administrative support, and coordination of the implementation of the plan. Any participating agency may perform any of the services required by the plan.

(c) Join with the county office, to submit to the superintendent a plan in accordance with Section 56200 to assure access to special education and services for all individuals with exceptional needs residing in the geographic area served by the plan. The county office shall coordinate the implementation of the plan, unless otherwise specified in the plan. The plan shall include, through contractual agreements, all of the following:

(1) Establishment of a system for determining the responsibility of participating agencies for the education of each individual with exceptional needs residing within the geographical area served by the plan.

(2) Designation of the county office, of a responsible local agency, or of any other administrative entity to perform such functions as the

receipt and distribution of regionalized services funds, provision of administrative support, and coordination of the implementation of the plan. Any participating agency may perform any of these services required by the plan.

(d) The service area covered by the local plan developed under subdivision (a), (b), or (c) shall be known as the special education local plan area.

(e) Nothing in this section shall be construed to limit the authority of a county office and a school district or group of school districts to enter into contractual agreements for services relating to the education of individuals with exceptional needs, subject to the following:

(1) Except for instructional personnel service units serving infants, the county office of education or school district that reports a unit for funding shall be the agency that employs the personnel who staff the unit, unless the combined unit rate and support service ratio of the nonemploying agency is equal to or lower than that of the employing agency and both agencies agree that the nonemploying agency will report the unit for funding.

(2) For the 1992–93 fiscal year only, paragraph (1) does not apply to instructional personnel service units that were operated and reported for funding by a nonemploying county office or school district during the 1990–91 fiscal year, if the total number of units operated under contract within the special education local plan area in the 1992–93 fiscal year does not exceed the total number operated under contract in 1990–91.

SEC. 2. Section 56828 of the Education Code is amended to read:

56828. (a) No educational programs already in operation in school districts pursuant to Part 30 (commencing with Section 56000) shall be transferred to the county superintendent of schools, or to other school districts, or from the county superintendent of schools to school districts, without the approval of the Superintendent of Public Instruction.

(b) The Superintendent of Public Instruction shall not approve a program transfer unless all of the following conditions have been met:

(1) A detailed plan has been developed that addresses, at a minimum, the following considerations:

(A) Pupil needs.

(B) Availability of the full continuum of services to affected pupils.

(C) Functional continuation of the current individualized education plans of all affected pupils.

(D) Provision of services in the least restrictive environment from which the affected pupils can benefit.

(E) Maintenance of all appropriate support services.

(F) Adherence to all state laws and regulations and special education local plan area policies.

(G) Representation of parents and staff in the planning process.

(2) The date on which the program transfer will take effect is no earlier than the first day of the second fiscal year beginning after the date on which the sending or receiving agency informed the other agency, in writing, of its intent to transfer the program, except that units being operated in 1992–93 by a local education agency, other than the one that is claiming them for state funding under contract arrangements, may be transferred immediately.

(3) The sending agency, the receiving agency, and the governing body of the special education local plan area of which the agencies are members, agree to the transfer. If only two of the three entities agree to the transfer, they may appeal to the superintendent to approve the transfer without the agreement of the third.

(c) If the transfer is approved, the Superintendent of Public Instruction shall ensure that the transfer does not result in an increase or decrease in cost to the state by recalculating the appropriate support service ratio and instructional personnel service unit rates of the receiving school district or county superintendent of schools as follows: determining a weighted average of the sending and receiving agencies' support service ratios and instructional personnel service unit rates that were applied to the units transferred and the units in operation at the receiving agency for the second principal apportionment immediately preceding the initial year of the program transfer. The recalculated ratio and unit rates thereafter shall become the support service ratio and instructional personnel service unit rates of the school district or county superintendent of schools operating the transferred program.

(d) If, as a result of a program transfer, no special education programs will be operated by a school district that has a local general fund contribution calculated pursuant to Article 6 (commencing with Section 56750) of this chapter, the Superintendent of Public Instruction shall adjust permanently the school district's base revenue limit by an amount equal to the local general fund contribution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure an equitable allocation of funds for the special education services already delivered in the 1992–93 fiscal year to individuals with exceptional needs, it is necessary that this act take effect before July 1, 1993.

CHAPTER 52

An act to add Sections 60326.1 and 60327.1 to the Water Code, relating to water.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 60326.1 is added to the Water Code, to read:

60326.1. Notwithstanding Section 60326, the operator of each water-producing facility in the Water Replenishment District of Southern California shall file with the district, by the last day of the month following the statement period, a sworn statement declaring all of the following:

(a) The facility's total groundwater production, measured in acre-feet, during the month preceding the filing of the statement.

(b) A general description or number locating the facility.

(c) The method used to compute the groundwater production.

(d) Other information that the district may require.

SEC. 2. Section 60327.1 is added to the Water Code, to read:

60327.1. Notwithstanding Section 60327, each producer shall pay the Water Replenishment District of Southern California a replenishment assessment, imposed pursuant to this act, in monthly installments due on the last day for filing the groundwater production statement required by Section 60326.1. The assessment amount shall be computed by multiplying the facility's stated groundwater production, measured in acre-feet, by the replenishment assessment rate imposed by the district board for the fiscal year in which the production occurs.

SEC. 3. The Legislature finds and declares that Sections 1 and 2 of this act, which are applicable only to the Water Replenishment District of Southern California, are necessary because of unique and special domestic water system problems in the area included in the district. It is, therefore, hereby declared that a general law, within the meaning of Section 16 of Article IV of the California Constitution, cannot be made applicable to the district and that the enactment of these special laws is necessary for the conservation, development, control, and use of that water by the district for the public good.

CHAPTER 53

An act to add Section 13556 to the Water Code, relating to water.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 13556 is added to the Water Code, to read:

13556. In addition to any other authority provided in law, any water supplier described in subdivision (b) of Section 1745 may acquire, store, provide, sell, and deliver reclaimed water for any beneficial use, including, but not limited to, municipal, industrial, domestic, and irrigation uses, if the water use is in accordance with statewide reclamation criteria and regulations established pursuant to this chapter.

CHAPTER 54

An act to amend Sections 15399.12 and 16429.34 of, to repeal Sections 6546.8, 6546.9, and 6546.10 of, and to repeal Chapter 7 (commencing with Section 15398) of Part 6.7 of Division 3 of Title 2 of, the Government Code, and to repeal Article 7.7 (commencing with Section 25392) of Chapter 6.8 of Division 20 of the Health and Safety Code, relating to state agencies.

[Approved by Governor June 29, 1993. Filed with Secretary of State June 30, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6546.8 of the Government Code is repealed.

SEC. 2. Section 6546.9 of the Government Code is repealed.

SEC. 3. Section 6546.10 of the Government Code is repealed.

SEC. 4. Chapter 7 (commencing with Section 15398) of Part 6.7 of Division 3 of Title 2 of the Government Code is repealed.

SEC. 5. Section 15399.12 of the Government Code is amended to read:

15399.12. The department shall only make loan funds available to loan applicants which meet all of the following eligibility requirements:

(a) The loan applicant is a small business, as defined in subdivision (c) of Section 14837.

(b) The loan applicant owns or operates a project tank.

(c) Loan funds are not obtainable, upon reasonable terms, from private financial institutions, the California Pollution Control Financing Authority, or any other government agency.

(d) The loan applicant demonstrates the ability to repay the loan, and the availability of adequate collateral to secure the loan.

(e) All tanks owned or operated by the loan applicant are subject to compliance with Chapter 6.7 (commencing with Section 25280) of Division 20 of the Health and Safety Code and the regulations adopted pursuant to that chapter.

(f) The loan applicant has complied, or will comply, with the financial responsibility requirements specified in Section 25299.31 of the Health and Safety Code and the regulations adopted pursuant to this section.

SEC. 6. Section 16429.34 of the Government Code is amended to read:

16429.34. Twenty percent of the money deposited in the Future Infrastructure State Targeted Account shall be available for expenditure only for the following purposes and uses upon appropriation by the Legislature:

(a) Support of the California Export Finance Program Law (Chapter 5 (commencing with Section 15390) of Part 6.7 of Division 3).

(b) Support of the California Export Promotion and Policy Program (Chapter 1.9 (commencing with Section 15365) of Part 6.7 of Division 3).

(c) Support of the Foreign Market Development Export Incentive Program for California Agriculture Act, as established by Chapter 1189 of the Statutes of 1985.

SEC. 7. Article 7.7 (commencing with Section 25392) of Chapter 6.8 of Division 20 of the Health and Safety Code is repealed.

CHAPTER 55

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1993. Filed with Secretary of State June 30, 1993]

I object to the following appropriations contained in Senate Bill 80.

Item 0250-001-001—For support of Judiciary. I delete Provision 2.

I am deleting Provision 2 because it improperly limits the authority of the Judiciary to internally allocate and reallocate funds. The Judicial Branch will require maximum flexibility in order to fulfill its constitutional mandate and to manage anticipated increases in caseload in the face of the reduced appropriation that has been granted.

The Judiciary, as an independent branch of government, has the power and duty to utilize appropriated resources in order to fulfill its constitutional functions and to manage its own affairs. Provision 2 would render the Judiciary unable to do so and thus is inconsistent with the constitutional separation of powers provision concerning Judicial Branch authority.

Item 0690-011-254—For transfer by the Controller from the Street and Highway Account, Natural Disaster Assistance Fund (Account No. 254) to the Public Facilities and Local Agency Disaster Response Account, Natural Disaster Assistance Fund (Account No. 251). I delete this item.

I am deleting this item to conform with the action taken in Item 0690-101-251 and Item 0690-101-254.

Item 0690-101-001—For local assistance, Office of Emergency Services. I delete Provisions 1 and 2.

I am deleting Provisions 1 and 2 of this item which authorize the use of monies in the Public Facilities and Local Agency Disaster Response Account, Natural Disaster Assistance Fund as appropriated in Item 0690-101-251 and in the Street and Highway Account, Natural Disaster Assistance Fund as appropriated in Item 0690-101-254 for any disaster and allows transfers between the two items. These accounts contain a mixture of funds derived from the quarter-cent sales tax dedicated to recovery from the Loma Prieta Earthquake and amounts transferred from the General Fund. These provisions were added by the Legislature to permit funds from the quarter-cent sales tax which are deposited in the Disaster Relief Fund to be used for disasters other than the Loma Prieta Earthquake.

I am deleting these provisions because the disbursement of Disaster Relief Fund revenues for any purpose other than the payment of claims resulting from the Loma Prieta Earthquake is prohibited by existing statute. Additionally, the quarter-cent sales tax and its related fund was created because of the extraordinarily high cost of the damages and expenses incurred as a result of the Loma Prieta Earthquake and should continue to be available for that purpose.

I recognize that this action will necessitate a transfer from the Special Fund for Economic Uncertainties pursuant to Government Code Section 8690.4 subdivision (e) to cover the State's share of disaster costs for disasters other than the Loma Prieta Earthquake in the 1993–94 fiscal year.

Item 0690-101-251—For local assistance, Office of Emergency Services. I delete this item.

The funds in the Public Facilities and Local Agency Disaster Response Account are continuously appropriated pursuant to Government Code Section 8690.2. It is necessary to retain this continuous appropriation feature to enable the provisions of Government Code Section 8690.4 to operate as needed to provide funds for local governments' disaster-related costs as quickly as possible during and after an emergency.

Item 0690-101-254—For local assistance, Office of Emergency Services. I delete this item.

The funds in the Street and Highway Account, Natural Disaster Assistance Fund are continuously appropriated pursuant to Government Code Section 8690.2. It is necessary to retain this continuous appropriation feature to enable the provisions of Government Code Section 8690.4 to operate as needed to provide funds for local governments' disaster-related costs as quickly as possible during and after an emergency.

Item 0695-001-372—For transfer by the Controller from the reserve of the Disaster Relief Fund to the General Fund. I delete this item.

I am deleting this item because the disbursement of Disaster Relief Fund revenues for any purpose other than the payment of claims resulting from the Loma Prieta Earthquake is prohibited by existing statute. Additionally, the quarter-cent sales tax and its related fund was created because of the extraordinarily high cost of damages and expenses incurred as a result of the Loma Prieta Earthquake and should continue to be available for that purpose.

Item 0820-001-001—For support of Department of Justice. I revise this item by deleting Provision 5.

I am deleting Provision 5 which would have required the redirection of $1 million General Fund to expedite fingerprint clearances processed by the department's fee supported applicant Fingerprint Program. This language would infringe upon the ability of the department and the Executive Branch to effectively manage limited General Fund resources. As an alternative, I have sustained a $2.5 million legislative augmentation from the Fingerprint Fee Account to reduce the turnaround time for clearance of fingerprint applications.

Item 0820-011-001—For support of the Department of Justice. I delete this item.

This item is unnecessary since Item 6110-002-001 provides sufficient authority for the transfer of resources from the Department of Education to the Department of Justice for the costs related to the state's defense in the *ABC Unified School District v. State of California.*

Item 0860-001-001—For support of Board of Equalization. I reduce this item from $155,639,000 to $154,739,000 by reducing:

(b) 300000 - Operating Expenses and Equipment from $62,082,000 to $61,182,000.

The Board of Equalization has indicated a reduction of $2,683,000 can be made to its budget with no adverse impact on its programs or revenue generating activities. The Legislature reduced only $1,783,000 and retained $900,000 and 15 positions for the Property Tax Program. Therefore, I am reducing the budget by $900,000 and 15 positions to capture the full amount of identified savings. I am reducing operating expenses and equipment because the funds for these positions were inadvertently added to the operating expense and equipment budget.

Item 0890-001-001—For support of Secretary of State. I delete Provision 1.

I am deleting Provision 1 because it prohibits the Secretary of State from scheduling any portion of the unallocated General Fund reduction from the support for the Political Reform Division. Given the magnitude of the reduction in this item and the nondiscretionary nature of the programs supported by the General Fund, this provision infringes upon the Secretary of State's ability to manage the fiscal resources provided by the Legislature.

Item 1140-002-326—For support of Athletic Commission. I delete Provision 2.

This provision would require the Director of the Department of Consumer Affairs to authorize a loan from the Vehicle Inspection and Repair Fund to the Athletic Commission Fund for fiscal year 1992-93 through 1995-96, inclusive, to provide the

Commission sufficient revenue to fund a $191,000 legislative augmentation to this item. I understand the augmentation is consistent with the Commission's historical spending level and I am supportive of allowing the Athletic Commission to increase expenditures to a level necessary to adequately regulate boxing and martial arts. Therefore, I am sustaining the augmentation in order to allow the Commission to expend at that level if appropriate legislation with support of the fee payers is passed which generates sufficient revenue.

However, Provision 2 of this item does not take into consideration the Commission's ability to repay the loan and would allow a level of expenditure that the Commission may not be able to support through its own revenues. This could result in a gift of funds from the Vehicle Inspection and Repair Fund to the Athletic Commission Fund which is not consistent with the laws creating these funds. The language is mandatory and provides for no review by the Department of Finance, unlike the loan authority contained in Section 14.00. The provisions of Section 14.00 are sufficient if the Commission requires a loan.

Item 1920-011-001—For transfer by the Controller to the Teachers' Retirement Fund from the General Fund. I delete this item and Provision 1.

This item provides a capped General Fund transfer for the Elder Full Funding Program. Any increase in the amount of General Fund needed, based on the statutory formula, would require an appropriation in legislation separate from the Budget Act. This requirement for separate legislation could potentially result in the program being underfunded. In *CTA v. Cory*, the Third District Court of Appeal established that in-lieu appropriations that underfund pension programs with vested benefits, which would otherwise be funded by continuous appropriation, constitute an unconstitutional violation of contract. Consequently, it is necessary to delete this Budget Act transfer item and retain the continuous appropriation for the General Fund transfer for this program.

Item 1920-012-001—For transfer by the Controller to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund from the General Fund. I delete this item and Provision 1.

This item provides a capped General Fund transfer for the Purchasing Power Program. Any increase in the amount of General Fund needed, based on the statutory formula, would require an appropriation in legislation separate from the Budget Act. This requirement for separate legislation could potentially result in the program being underfunded. Existing statutes obligate the State to repay the Teachers' Retirement Fund for prior advances made for this program. Failure to fund this program consistent with the statutory continuous appropriation could result in a claim to fulfill this obligation. Consequently, it is necessary to delete this Budget Act transfer item and retain the continuous appropriation for the General Fund transfer for this program.

Item 1970-301-036—For capital outlay, Veterans' Home of California, Department of Veterans Affairs. I delete Provision 1.

Chapter 557, Statutes of 1992 authorized the Department of Veterans Affairs to construct and establish a second veterans' home to be located in Southern California. It was the intent of this statute to commit the State's matching share of the project cost in a timely fashion to ensure federal funding for construction of this needed second veterans' home.

I am deleting Provision 1 because it would delay construction of this second veterans' home which will lead to the loss of the $20 million State Veterans Home Grant already provided by the United States Department of Veterans Affairs.

Item 2100-011-081—For support of the Department of Alcoholic Beverage Control Board. I delete this item and Provision 1.

I am deleting the $4,500,000 transfer from the Alcoholic Beverage Control Fund to the General Fund proposed by the Legislature. This transfer would leave the department with insufficient reserves to meet emergencies or contingencies which might occur during the fiscal year. Also, Chapter 900, Statutes of 1992, requires the department to transfer revenues from specified fees to the General Fund annually. For the 1993–94 fiscal year, the transfer pursuant to that legislation is estimated to be

$13,046,000. The remaining reserves should be retained to meet program needs.

I am deleting Provision 1 to conform to this action.

Item 2140-001-136—For support of Department of State Banking. I reduce this item from $15,164,000 to $15,163,000 by reducing:

(a) 10-Licensing and Supervision of Banks and Trust Companies from $14,631,000 to $14,630,000,

and by deleting Provision 1.

I am deleting Provision 1 because it requires the department to submit a joint report to the Joint Legislative Budget Committee, and to the respective fiscal and policy committees of the Legislature, on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

Item 2180-001-067—For support of Department Corporations. I reduce this item from $28,115,000 to $28,114,000 by reducing:

(b) 20-Lender-Fiduciary Program from $11,427,000 to $11,426,000,

and by deleting Provision 1.

I am deleting Provision 1 because it requires the department to submit a joint report to the Joint Legislative Budget Committee and to the respective fiscal and policy committees of the Legislature on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect the savings that will be achieved based on vetoing language contained in Provision 1 of this item.

Item 2240-001-001—For support of Department of Housing and Community Development. I delete Provision 1.

I am deleting Provision 1 which requires the department to allocate $328,000 to the Rural Development Assistance Program (RDAP) from its 1993–94 General Fund support appropriation. This program was eliminated as a result of reductions pursuant to Section 3.90 of the 1992 Budget Act. Although I recognize the past effectiveness of this program in bringing economic development and housing resources to rural areas of the state, the program is not legislatively mandated and the department made the reduction only after careful consideration of all other available options. I have also been advised that recent revisions to the federally funded Community Development Block Grant and Home Investment Partnerships Act (HOME) programs will provide funding for technical assistance activities in areas previously served by RDAP. Since the department's appropriation was reduced by this Act, restoration of RDAP would likely require elimination of other legislatively mandated housing programs for which no alternative funding is available.

Item 2240-101-001—For local assistance, Department of Housing and Community Development. I delete Provision 1.

I am deleting Provision 1 which states that no farm worker housing center shall be closed as a result of budgetary reductions unless and until the department raises rents at farm worker centers to approximately the same level as charged by the Farmers' Home Administration (FmHA). This provision is unnecessarily restrictive and would impair the ability of the department to manage and administer the operations of its Office of Migrant Service (OMS) Centers in the most efficient manner possible. The Administration is committed to reviewing all opportunities to implement appropriate rent increases in the OMS Centers. However, such increases need to be considered on a case-by-case basis so as to not unduly or unfairly charge those individuals living at the centers. Therefore, this provision interferes with the Administration's ability to manage this program by restricting its management flexibility during these times of unprecedented fiscal constraints.

Item 2290-011-217—For transfer by the Controller from the reserve of the Insurance Fund to the General Fund. I delete this item.

I am deleting this item because the combination of the $6,985,000 transfer and the transfer of any reserves in excess of the proposed $956,000 cap on the Insurance Fund balance would not leave a sufficient operating reserve for the Department of Insurance, especially since the department's revenue collections fluctuate a great deal throughout the year. Additionally, retention of a prudent reserve will reduce the need for the Insurance Commissioner to increase license fees in order to maintain the funding necessary to cover expenditures authorized for departmental support and local assistance in the 1993–94 fiscal year.

Item 2320-001-317—For support of Department of Real Estate. I reduce this item from $25,552,000 to $25,551,000 by reducing:

(b) 20-Regulatory and Recovery from $15,191,000 to $15,190,000,

and by deleting Provision 1.

I am deleting Provision 1 because it requires the department to submit a joint report to the Joint Legislative Budget Committee and to the respective fiscal and policy committees of the Legislature on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

Item 2340-001-337—For support of Office of Savings and Loan. I reduce this item from $450,000 to $449,000 by reducing:

(b) 300000-Operating Expenses and Equipment from $220,000 to $219,000,

and by deleting Provisions 1 and 2.

I am deleting Provision 1 which requires the Department of Corporations to provide funding from the Corporation Fund for expenses that exceed the amount appropriated to the Office of Savings and Loan. It is inappropriate to utilize Corporation Fund revenues, which are paid to the Department of Corporations for the purpose of funding the department's licensing and regulatory functions, to fund the Office of Savings and Loan. This administrative action is unnecessary. Funds appropriated for the administration of the Office of Savings and Loan should be adequate.

I am deleting Provision 2 because it requires the department to submit a joint report to the Joint Legislative Budget Committee and to the respective fiscal and policy committees of the Legislature on implementing the consolidation of lender-fiduciary and regulatory programs into a single department. The report would result in an unnecessary expenditure because this issue has already been studied sufficiently and it has been determined that such a consolidation would not be practical or appropriate.

I am reducing this item by $1,000 to reflect savings that will be achieved based on vetoing language contained in Provision 2 of this item.

Item 2600-001-046—For support of California Transportation Commission. I revise this item by deleting Provision 1.

I am deleting Provision 1 which would prohibit the Commission from using any funds appropriated in this item for out-of-state travel expenses and would limit in-state travel to no more than $55,000. This language constitutes an infringement on the separation of powers by limiting Executive Branch authority to effectively administer State Government.

Item 2660-001-042—For support of Department of Transportation. I revise this item by deleting Provisions 5 and 6.

I am deleting Provision 5 in order to correct a technical drafting error. This provision was deleted by the Conference Committee on the budget, but inadvertently included in the final budget bill.

I am deleting Provision 6, which would provide the Department the authority to provide a grant of $250,000 to San Jose State University for support of the International Institute for Surface Transportation Policy Studies (IISTPS). This grant request should be submitted for consideration through the normal budget development process so that it may be reviewed and evaluated in the context of competing needs for available funds.

Item 2660-125-042—For local assistance, Department of Transportation (Proposition 111). I reduce this item from $278,267,000 to $257,267,000 by reducing:

(c) 30-Mass Transportation from $93,767,000 to $72,767,000,

I am reducing this item by $21 million to correct a technical error in which Article XIX guideway funding, contained in subdivision (c) of this item, was inadvertently augmented by $21 million from the Transportation Planning and Development Account. This correction will maintain the Article XIX guideway funding and Transit Capital Outlay funding and provide the full $130 million Transportation Planning and Development Account backfill for the State Highway Account as contemplated by the Administration and the Legislature in the final budget agreement.

Item 2920-001-001—For support of California Trade and Commerce Agency. I reduce this item from $20,118,000 to $20,117,000 by reducing:

(a) 10-Economic Development from $7,992,000 to $7,991,000,

and by deleting Provisions 2, 3, and 4,

and by reducing Program 40 to reflect a technical correction;

(e) 40-Contracts, Grants, and Loans from $2,077,500 to $1,077,500.

I am deleting Provision 2, which states legislative intent that any reductions made to the appropriation in this item shall not be applied to the World Trade Commission program.

This language would interfere with the flexibility of the Administration to administer its programs and allocate reductions among programs on a priority basis. The Trade and Commerce Agency should be provided the opportunity to allocate reductions in a way that will maintain the highest priority programs and address the economic development needs of the state.

I am reducing this item by $1,000 and deleting Provision 3, which would require the Trade and Commerce Agency to develop a program to provide technical, financial, marketing, and management assistance to minority-owned, women-owned and disabled veteran-owned businesses to assist these businesses in competing for contracts, grants and projects.

The need expressed in this provision is currently being met and there is no need to establish a new program. The Trade and Commerce Agency currently offers numerous programs to these businesses through its Economic Development Programs and, in addition, the Office of Small Business provides this type of assistance to these businesses through the Small Business Development Centers, the Business Environmental Assistance Centers, and the Small Business Development Corporations. Therefore, this language is unnecessary.

I am reducing this item by $1,000 to reflect the savings that will be achieved based on vetoing language contained in Provision 3.

I am deleting Provision 4, which would prohibit the expenditure of $290,000 for the Small Business Loan Guarantee Program by the Trade and Commerce Agency if legislation to revise the program is not enacted. This language is an infringement on the separation of powers in that it interferes with the ability of the Executive Branch to administer its programs.

Item 2920-101-001—For local assistance, California Trade and Commerce Agency. I revise this item by deleting Provisions 4, 6, 7 and 8.

I am deleting Provision 4 which specifies that any reductions to the appropriation made by this item shall not be applied to the World Trade Commission program. I am taking this action to conform to my action on Item 2920-001-001, Provision 2.

I am deleting Provision 6 which would require the Trade and Commerce Agency to develop a program to provide technical, financial, marketing, and management assistance to minority-owned, women-owned and disabled veteran- owned businesses to assist these businesses in competing for contracts, grants and projects. I am taking this action to conform to my action in Item 2920-001-001, Provision 3.

I am deleting Provisions 7 and 8. Provision 7 would specify that $2.5 million of funds budgeted for the Strategic Technology Program shall only be available for defense base reuse, and can be used as state match for federal funds that can be used for base reuse.

Provision 8 would specify that $2 million of the funds budgeted for the Strategic Technology Program shall only be available upon enactment of AB 2222 of the 1993 Legislative session, and shall only be available for the purposes of the bill.

These provisions inappropriately limit the flexibility of the Trade and Commerce Agency by restricting the use of funds relating to defense industry conversion.

I recently issued an executive order establishing the Defense Industry Conversion and Technology Assessment Council. This is an interagency task force to guide the Administration's response to Federal defense conversion policies. The Council has identified $65 million in total state resources to match Federal Technology Reinvestment Projects funding. While providing assistance for the transition and reuse of closed bases is a high Administration priority, the language in Provision 7 would inappropriately limit the Administration's flexibility to provide matching grants for high value, technology-related jobs.

I object to Provision 8 because it is inappropriate to tie the budget to legislation which has not been enacted, however, my administration will continue to work with the Legislature and the Congressional delegation to develop a uniform California position on State and Federal defense conversion policies.

Item 3360-001-465—For support of State Energy Resources Conservation and Development Commission. I am making technical adjustments to this item by reducing:

(c) Special Items of Expense from $47,529,000 to $30,575,000,
(3) Energy Conservation Assistance Loans from $6,844,000 to $4,470,000, and eliminating,
(4) Geysers Effluent Pipeline Project $2,000,000,
(e) Amount payable from State Energy Conservation Assistance Account (Item 3360-001-033) from −$7,000,000 to −$4,626,000, and
(p) Amount payable from Local Government Geothermal Resources Revolving Subaccount (Item 3360-001-497) from −$2,108,000 to −$108,000,

and by deleting Provision 1 and revising Provision 3.

I am reducing these schedules to accurately reflect the intended action of the Legislature. These reductions do not reduce the total appropriation for this item.

I am deleting Provision 1 to conform to the action I have taken above.

I am revising Provision 3 to accurately reflect the intended action of the Legislature.

"3. Notwithstanding any other provision of law, the funds appropriated in Categories *y* (c) (2) ~~and (c)(10)~~ may be used by the commission to provide grants, loans, or repayable research contracts. When the commission evaluates proposals, a high-point scoring method may be used in lieu of lowest cost. Repayment terms shall be determined by the commission."

Item 3360-001-497—For support of State Energy Resources Conservation and Development Commission. I am making a technical adjustment by reducing this item from $208,000 to $108,000.

I am reducing this item to conform to the actions taken in Item 3360-001-465.

Item 3480-001-035—For support of Department of Conservation. I revise this item by deleting Provision 1.

I am deleting Provision 1 because the language is unnecessarily restrictive. It specifies that the remaining amount of $480,000 in the Mineral Land Classification Project, after the $660,000 Surface Mining and Reclamation Account (SMARA) funds reduction in lieu of a General Fund reduction, would be used for this project only. By making specific reductions of $660,000 to the Mineral Land Classification Project and restricting the use of the remaining funds, this provision interferes with the Administration's ability to manage its programs, and restricts my authority to administer a budget which reflects my spending priorities within the available resources.

Item 3540-101-235—For local assistance, Department of Forestry and Fire Protection. I delete this item.

I am deleting the $72,000 legislative augmentation to provide four remote automated weather stations for the East Bay Regional Park District. This project has not been reviewed and evaluated in the context of competing needs for this fund source.

Item 3600-001-200—For support of Department of Fish and Game. I reduce this item from $73,888,000 to $73,887,000 by reducing:

(a) 10-Enforcement of Laws and Regulations from $29,729,000 to $29,728,000, and deleting Provisions 4.5, 6 and 7.

I am deleting Provision 4.5, which restricts expenditures for legal services to the amount scheduled in the Legal Services Program, prohibits the transfer of funds into the Legal Services Program, and prohibits the expenditure of funds for the salaries of a Chief Counsel or other in-house legal counsel. This provision constitutes an infringement on the separation of powers provision concerning Executive Branch authority and interferes with the ability of the Department to manage its programs.

I am deleting Provision 6, which provides for the reduction of $4,819,000 if AB 899, or other legislation, is enacted to repeal authority to collect filing fees. Should such legislation be enacted, the Department of Fish and Game would need to reduce expenditures to reflect the actual reduction in revenue, which may not be the amount projected at this time. This provision is inappropriate since it would infringe on the Administration's ability to administer State programs.

I am deleting Provision 7, which provides that funds appropriated by this item may be expended only if the Department of Fish and Game works with county district attorneys to develop a plan to enhance funding to support prosecution by district attorneys of Fish and Game Code violations and to report to the Legislature on the status of the plan by December 31, 1993. I believe this Provision interferes with the Administration's ability to manage its programs and would invariably result in increased costs to the state. I am deleting $1,000 to reflect savings that will be achieved based upon the deletion of this provision.

Item 3600-002-200—For support of Department of Fish and Game. I revise this item by deleting Provision 2.

I am deleting Provision 2, which limits the expenditure of funds for support of the Natural Communities Conservation Planning Act program after January 1, 1994, unless the Director of Finance makes specified certifications by December 1, 1993. This provision is inappropriate because the time frame for the certifications is unrealistic and it would infringe on the Administration's ability to administer State programs. More importantly, most of the certifications required have been addressed by the federal listing of the California Gnatcatcher and the work of the State's Scientific Review Panel. Furthermore, it would be more appropriate for the Director of the Department of Fish and Game, rather than the Director of Finance, to submit such a report. Therefore, I am directing the Department of Fish and Game to provide a progress report in meeting the specified goals to the Legislature by December 1, 1993.

Item 3600-301-320—For capital outlay, Department of Fish and Game. I delete Provision 1.

I am deleting Provision 1 of this item because it may unnecessarily delay the construction of the Oiled Wildlife Rescue and Rehabilitation Station which could result in cost increases to the project.

Item 3640-001-140—For support of Wildlife Conservation Board. I reduce this item from $522,000 to $272,000.

I am deleting the $250,000 legislative augmentation for the Suisun Resources Conservation District. This project has not been reviewed or evaluated in the context of competing needs for Environmental License Plate Funds.

Item 3640-001-235—For support of Wildlife Conservation Board. I delete this item.

I am deleting this item to accurately reflect the intended action of the Legislature. This appropriation is unnecessary because the funds appropriated in this item duplicate funds appropriated in Item 3640-001-140 for the same purpose. I delete this item to eliminate that duplication.

Item 3640-001-447—For support of Wildlife Conservation Board. I revise this item by reducing:

(a) 10-Wildlife Conservation Board from $2,437,000 to $2,187,000,

(c) Amount payable from the California Environmental License Plate Fund (Item 3640-001-140) from −$522,000 to −$272,000,

and by deleting Provision 1.

I am revising this item to conform to actions taken in Item 3640-001-140.

Item 3680-001-516—For support of Department of Boating and Waterways. I reduce this item from $5,431,000 to $5,430,000 by reducing:

(d) 40.01-Administration from $999,000 to $998,000,

and by deleting Provision 1.

I am deleting Provision 1 which provides that the second half-year of expenditure authority for the department would not be available until the department submitted a consolidation feasibility report to the Legislature, as specified, by December 1, 1993. This provision interferes with the Administration's ability to manage its programs, and restricts my authority to administer a budget which reflects my spending priorities within the available resources. Additionally, the issue of reorganizing the Department of Boating and Waterways has been previously considered and the determination made that its functions are appropriately placed in the current organizational structure. I am reducing $1,000 from this item to reflect savings that will be achieved based on the deletion of this provision.

Item 3680-011-516—For transfer to the General Fund, Department of Boating and Waterways. I reduce this item from ($33,024,000) to ($26,141,000), and revise Provision 1.

I am deleting the $6,883,000 legislative augmentation which increases the transfer of Harbors and Watercraft Revolving Fund to the General Fund at the expense of reductions to local assistance and capital outlay projects. The recreational boaters of California have already contributed their fair share towards solving the General Fund's revenue shortfall by the $26,141,000 transfer from the Harbors and Watercraft Revolving Fund transfer to the General Fund proposed in my budget plan and retained in this item.

I am revising Provision 1 to conform to this action.

"1. Of the amount transferred in the 1993–94 fiscal year from the Motor Vehicle Fuel Account, Transportation Tax Fund to the Harbors and Watercraft Revolving Fund pursuant to Section 8352.4 of the Revenue and Taxation Code, the Controller shall transfer ~~$33,024,000~~ *$26,141,000* to the General Fund."

Item 3790-011-235—For support of Department of Parks and Recreation. I reduce this item from $2,468,000 to $2,369,000.

I am reducing this item by $99,000. Because revenues from this fund source are now expected to be lower than originally anticipated, this reduction is being made to ensure the financing of other priority appropriations from the Public Resources Account, Cigarette and Tobacco Products Surtax Fund and to ensure the maintenance of a prudent reserve in that fund.

Item 3790-101-235—For local assistance, Department of Parks and Recreation. I delete this item.

I am deleting the $1,425,000 legislative augmentation for several local assistance grants because there are insufficient funds available in the Public Resources Account, Cigarette and Tobacco Products Surtax Fund to pay for these projects. The Legislature has overappropriated this fund source. Consequently, it is necessary to delete the augmentations proposed in this item so that the financing of originally proposed high priority appropriations can be ensured while maintaining a prudent reserve in the fund.

Item 3790-301-140—For capital outlay, Department of Parks and Recreation. I reduce this item from $1,999,000 to $499,000 by reducing:

(2) 90.BC.400-New Brighton SB: Porter-Sesnon Property-Acquisition, ($1,500,000), and by deleting Provision 1.

I am deleting the legislative augmentation of $1,500,000 for the New Brighton SB: Porter-Sesnon Property-Acquisition. While I support this acquisition, there are insufficient monies in the California Environmental License Plate Fund to finance other high priority expenditures and maintain a prudent reserve in the fund. I understand legislation will be introduced to replace the appropriation in this item with an appropriation of $1,500,000 from Park Bond funds.

I am deleting Provision 1 to conform to this action.

Item 3790-301-722—For capital outlay, Department of Parks and Recreation. I delete Provision 2.

Schedule (5) provides $500,000 for the Department to acquire park property that may be available through an opportunity purchase. Provision 2 would specify that these funds be used to acquire Burdell Island ($130,000) and Mt. Barney Island ($70,000).

I am deleting Provision 2 because projects should be submitted for consideration during the normal budget development process so they may be reviewed and evaluated in the context of competing needs for available fund sources.

Item 3790-301-786—For capital outlay, Department of Parks and Recreation. I reduce this item from $3,056,000 to $2,956,000 by deleting:

(12) 90.5X.205-Marconi Conference Center-Minor Projects ($100,000)

I am deleting the $100,000 legislative augmentation for the Marconi Conference Center from the California Wildlife, Coastal, and Park Land Fund of 1988. This project should be submitted for consideration during the normal budget development process so it may be reviewed and evaluated in the context of competing needs for available fund sources.

Item 3860-001-001—For support of Department of Water Resources. I am revising this item by reducing:

(a) 10-Continuing Formulation of the California Water Plan from $17,690,000 to $17,316,000, and

(p) Amount payable from the Renewable Resources Investment Fund (Item 3860-001-940) from −$2,548,000 to −$2,174,000.

I am revising this item to conform to the action taken in Item 3860-001-940.

Item 3860-001-940—For support of Department of Water Resources. I reduce this item from $2,548,000 to $2,174,000.

I am reducing this item by $374,000 to provide revised funding for programs and activities related to the Water Conservation Program. This revision is necessitated by a reduction in revenues from the Geothermal Resources Development Account which provides revenues to the Renewable Resources Investment Fund.

Item 3860-011-144—For transfer of $6,000,000 to the General Fund from the California Water Fund. I delete this item.

I am deleting this transfer from the California Water Fund because there is not an adequate reserve to fund the proposed transfer and to retain it would necessitate reductions to other high priority programs.

Item 3940-001-001—For support of State Water Resources Control Board. I revise this item by reducing:

(a) 10-Water Quality from $220,426,000 to $219,926,000,

(j) Amount payable from the Bay Protection and Toxic Cleanup Fund (Item 3940-001-282) from −$4,520,000 to −$4,020,000,

and by deleting Provision 3.

I am deleting the $500,000 legislative augmentation to conduct an epidemiological study to determine the health effects of urban runoff on swimmers at urban beaches. This study has not been reviewed and evaluated in the context of competing needs for funds from this source.

I am deleting Provision 3 which provides that the second half-year of expenditure authority for the Board would not be available until the Board had complied with Provision 2 of this item. This provision interferes with the Administration's ability to manage its programs, and restricts my authority to administer a budget which reflects my spending priorities within the available resources.

Item 3940-001-282—For support of State Water Resources Control Board. I reduce this item from $4,520,000 to $4,020,000 and delete Provision 1.

I am reducing this item by $500,000 to conform to the action I have taken in Item 3940-001-001.

I am deleting Provision 1 to conform to this action.

Item 4130-001-632—For support of Health and Welfare Agency Data Center. I delete Provision 3.

This provision restricts client agencies from determining the appropriate source of funding when considering participation in the pilot program and creates an undue hardship upon the Health and Welfare Agency Data Center to account for the Info/California pilot project apart from existing data services. The language also limits the content of data applications which could deter cities, counties and special districts from participating in the Info/California pilot project. Info/California can result in cost savings by reducing salary costs and providing a more efficient method of delivering State and local services to the people of California. In this year of reduced resources, client agencies will require maximum flexibility in order to fulfill their mandates and manage increasing workload.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs. I delete Provision 4.

Provision 4 would require the Department of Alcohol and Drug Programs to subvene to counties, pursuant to its existing subvention formula, any unexpended funds from Item 4200-101-001, Budget Act of 1992. Traditional practice is to revert any General Fund subvened to counties but not spent in the year for which it was intended. Given the current constraints on the General Fund, this practice must be continued with regard to savings from the 1992–93 fiscal year. However, I concur with the agreement which has been reached to statutorily expand the net negotiated amount pilot project statewide. This project will enable counties to retain unspent General Fund for approved program services beginning in 1993–94.

Item 4200-101-890—For local assistance, Department of Alcohol and Drug Programs. I delete Provisions 4 and 5.

Provision 4 would require the Department of Alcohol and Drug Programs to subvene to counties, pursuant to its existing subvention formula, any unexpended funds from Item 4200-101-890, Budget Act of 1992. The provision would create inequities among counties by precluding the Department from returning unspent funds to the county of origin. Additionally, it is inconsistent with the agreement reached that would statutorily expand the net negotiated amount pilot project and allow counties to retain unexpended funds for Alcohol and Drug Programs until the following year.

Provision 5 would require that the Department of Alcohol and Drug Programs reach agreement on the methodology for any program reductions with county and association program executives. This provision is likely to result in uncertainty and delays regarding the amount of the allocations to be provided to drug and alcohol treatment and prevention programs. This could, in turn, have a negative impact on client services. This provision unduly restricts the Department's ability to allocate funds. Notwithstanding this deletion, the Department will continue to work with the counties and interested providers on any allocation changes.

Item 4260-101-001—For local assistance, Department of Health Services. I reduce this item from $5,532,058,000 to $5,531,617,000 by reducing:

(a) 20.10.030-Benefits (Medical Care and Services) from $12,926,131,000 to $12,925,249,000, and

(e) Amount payable from the Federal Trust Fund (Item 4260-101-890) from −$8,087,651,000 to −$8,087,210,000.

I am reducing this Item by $441,000 and taking a corresponding action in Item 4260-101-890 by reducing $441,000 in federal funds to conform to my action taken in Item 4300-003-001 to delete the legislative augmentation for health benefits for Department of Developmental Services contracted janitorial employees.

Item 4260-101-890—For local assistance, Department of Health Services. I reduce this item from $8,087,651,000 to $8,087,210,000.

I am deleting the $441,000 legislative augmentation for health benefits for Department of Developmental Services contracted janitorial employees to correspond to my action on this issue in Item 4260-101-001.

Item 4260-111-001—For local assistance, Department of Health Services. I reduce this item from $254,859,000 to $253,058,000 by reducing:

(e) 10.30.060-AIDS from $70,014,000 to $70,013,000,

(f) 20.30-County Health Services from $27,404,000 to $25,604,000,

and by revising Provision 1(c).

I am reducing this item by $1,000 for the AIDS program due to language added by the Legislature which would have required the Office of AIDS to fund two projects which otherwise would not be eligible for funding because applications were not submitted for these projects. This action would take funding away from other meritorious projects which competed for resources through the appropriate available mechanism as well as from other higher priority projects of a statewide nature.

I am revising Provision 1(c) to conform to this action.

"1. (c) The Office of AIDS shall fund a media campaign, augment technical assistance, or fund the State Department of Education for a school-based AIDS education program only after funding is provided at the minimum level to (1) all proposals submitted in response to the Education and Prevention Request for Proposal by applicants that either (i) received a passing score, met other performance criteria, and received a notice of intent to award or (ii) received a passing score, met performance criteria, and were contractors during the 1992-93 fiscal year~~, and (2) all projects that operated a school based AIDS education pilot, were contractors during the 1992-93 fiscal year and met performance criteria~~."

I am deleting the legislative augmentation of $1,800,000 which would increase the funding made available for the County Medical Services Program. Due to limited state resources, this action is necessary to protect vital programs. Even with this reduction, the County Medical Services Program will receive $20.2 million from the General Fund. These resources, in conjunction with other state and local resources, should provide funding for necessary services while the State and counties continue to address long-term restructuring of the overall program.

Item 4300-003-001—For support of Department of Developmental Services, for Developmental Centers. I reduce this item from $14,877,000 to $14,809,000 by reducing:

(a) 20-Developmental Centers Program from $558,489,000 to $557,539,000, and

(b) Reimbursements from −$538,646,000 to −$537,764,000.

I am deleting the $950,000 legislative augmentation ($68,000 General Fund and $882,000 reimbursements) which was intended to fund health benefits for janitorial staff at the Developmental Centers. Contract janitorial staff have been employed at the Developmental Centers since January 1987. Since that time, contracts for these services have been awarded in accordance with existing State contract guidelines and policies which place responsibility for the provision of health benefits with the contractor. In view of these facts, and the ongoing fiscal crisis facing the State, I cannot approve this augmentation.

Item 5100-492—Reappropriation, Employment Development Department. I delete Provision 1 of this item.

I am deleting Provision 1 which provides for an allocation of $2,600,000 to fund the Industry Education Council of California's "Los Angeles Job Journal Employment Network" Program. While the objective of this program is admirable, this language would limit the use of funds already allocated and necessary to support training and employment services in connection with economic recovery from the civil unrest in the Los Angeles area. This provision restricts my authority to prepare a budget and administer programs in a manner which reflects spending priorities that have been jointly developed with the Los Angeles community. If additional funding becomes available, this proposal from the Council should be considered along with other proposals based on the merits of each and the needs of the community.

Item 5240-101-001—For local assistance, Department of Corrections. I reduce this item from $29,037,000 to $29,036,000 by reducing:

(b) 31-Community Correctional Program from $19,598,000 to $19,597,000,

and by revising Provision 1.

I am reducing this item by $1,000 and revising Provision 1(d) which would allow an exemption to the $59 per day cap on parolee detention costs for those local jurisdictions for which court orders produce detention costs above this level and would thereby increase expenditures from this item by at least $1,000. It would be administratively difficult to determine the actual amounts of such court mandated costs and would effectively hold counties partially harmless from the effects of lawsuits regarding jail management and conditions of confinement. This cap is intended as a fiscal incentive to counties to expedite the movement of prison bound inmates from expensive jail cells to less expensive state prison confinement. It would not be cost-effective to reimburse local jail costs at a daily rate which significantly exceeds the cost of housing an inmate in state prison.

"d. To reimburse counties for the cost of detaining state parolees pursuant to Section 4016.5 of the Penal Code. Claims shall be filed by local jurisdictions within six months after the end of the month in which the costs are incurred. Claims filed by local jurisdictions may not include booking fees, may not recover detention costs in excess of $59 per day, and shall be limited to the detention costs for those days on which parolees are held subject only to a Department of Corrections request pursuant to subdivision (b) of Section 4016.5 of the Penal Code. ~~The Department of Corrections may reimburse a local jurisdiction at a higher daily detention cost rate, if that higher rate is based on a court order against the local government and results in daily operating expenses exceeding $59.~~ Expenditures shall be charged to either the fiscal year in which the claim is received by the Department of Corrections or the fiscal year in which the warrant is issued."

Item 5240-303-746—For capital outlay, Department of Corrections. I delete Schedules one through nine and Provision 4 of this item.

I am deleting the capital outlay project Schedule to allow for a single capital outlay appropriation for the preliminary plans, working drawings, and construction phases to construct an electrified perimeter fence system at the following institutions: California Correctional Center, Susanville; California Correctional Institution, Level III,

Tehachapi; California Correctional Institution, maximum A & B, Tehachapi; California State Prison, New Folsom; California Institution for Men, Chino; California State Prison, Solano; Richard J. Donovan Correctional Facility at Rock Mountain; Avenal State; and Chuckawalla Valley State Prison. As initially proposed, this project was sufficiently defined as a Capital Outlay Project for the nine institutions. Consequently, the site specific Schedule would unnecessarily restrict the department's ability to manage and construct this project in the manner in which it was proposed. In addition, it could result in increased project costs as well as jeopardize operational savings, based on the deactivation of guard towers, once this system is operational.

I am also deleting Provision 4 to conform to this action. However, consistent with the Legislature's intent, encumbrance of construction funding for the nine projects in this item will not proceed until the electrified fencing project at the Calipatria State Prison has been activated and the guard tower positions have been deactivated.

Item 5440-001-001—For support of the Board of Prison Terms. I reduce this item from $3,363,000 to $3,362,000 and delete Provision 1.

I am reducing this item by $1,000 and deleting Provision 1 because this language requires the Board to implement a new and unbudgeted program to notify each undocumented felon in State prison that he or she may be eligible to return to their country of origin and to encourage such felons to apply for such transfer, a process which will cost at least $1,000. However, because I support all efforts to reduce State costs for undocumented felons, I am also directing the Board of Prison Terms to assist the Department of Corrections in its efforts to obtain federal reimbursements for these costs and to facilitate the return of undocumented felons to serve their sentences in their home country.

Item 5460-001-001—For support of the Department of the Youth Authority. I reduce this item from $282,188,000 to $282,187,000 by reducing:

(b) 30-Parole Services from $38,545,000 to $38,544,000,

and by deleting Provisions 2, 3 and 5.

I am deleting Provision 2 which would require the Department of the Youth Authority to reinstate inspections of local juvenile detention facilities. My action is consistent with the agreement made with the Legislature for the 1992 Budget Act and with the legislation, Chapter 695 Statutes of 1992, which replaced the inspection process with a self-certification process which should be given a reasonable time to function so that its effectiveness can be evaluated.

Provision 3 would require the Department of the Youth Authority to contract with a private provider to identify alternative placement plans for up to 50 wards who would otherwise be committed to its facilities. Alternative placements for juvenile offenders are now addressed by the county probation departments and are considered by the courts prior to committing offenders to the Department. This provision would therefore impinge upon the authority of the courts to make such commitment decisions and lacks a statutory basis.

I am reducing this item by $1,000 and deleting Provision 5 which would require the Department of the Youth Authority to identify options that will result in the continued operation of county juvenile probation camps and ranches, an administrative process which is estimated to cost at least $1,000. The Department of the Youth Authority maintains an ongoing dialogue with representatives of local law enforcement, juvenile probation and juvenile courts on placement options for juvenile offenders which makes this language unnecessary. The need for a formal report to the Legislature is further mitigated by the provision of an additional $33,000,000 for county juvenile camps and ranches in Item 5460-101-001 which I have agreed to sustain.

Item 6110-001-001—For support of Department of Education. I delete Provision 13.

I am deleting Provision 13 which would specify that no funds shall be made available to the State Board of Education if any Department of Education positions are

transferred or otherwise assigned or redirected to the Board, other than those positions that were assigned to the Board in 1992–93.

This language could inappropriately prevent the Board from performing its constitutionally-mandated activities.

Item 6110-001-890—For support of Department of Education. I delete Provision 8.

I am deleting Provision 8 to conform to the action I have taken in Item 6110-001-001.

Item 6110-161-001—For local assistance, Department of Education (Proposition 98), Program 10.60—Special Education Programs for Exceptional Children. I revise Provision 12.

Provision 12 specifies that $17,556,000 is to be expended for special education entitlements and shall not be applied toward program growth units. This augmentation was necessary to fund the statutory entitlement for special education and was based on prior year entitlement increases. I am reducing the specified amount in this provision to $16,417,000 because increases in budget year property taxes allocated to special education programs reduces the amount of General Fund necessary for this program. This language change conforms to dollar changes already reflected in the appropriation total.

"12. Of the funds appropriated in this item, ~~$17,556,000~~ *$16,417,000* shall be expended to fund special education entitlements for the 1993–94 fiscal year at the level at which those entitlements were calculated for each recipient for the 1992-93 fiscal year. This expenditure shall not be applied to fund program growth between the 1992–93 fiscal year and the 1993–94 fiscal year."

Item 6110-161-890--For local assistance, Department of Education, payable from the Federal Trust Fund, Program 10.60—Special Education Programs for Exceptional Children. I revise Provision 11.

Provision 11 would allow no more than $16,684,932 of PL 94-142 funds be expended for the federal special education preschool program. Current statute requires that this program be terminated if not fully funded through federal sources. By using PL 94-142 supplemental grant increases to fund a portion of this program, California has been able to continue to provide the necessary services to disabled preschool children. The language added by the Legislature could jeopardize the State's ability to dedicate the amount of funding needed to continue this preschool program for disabled children.

"11. ~~No more than $16,684,932 of the federal funds made available under Public Law 94-142 shall be expended for purposes of the special education Preschool Program.~~ The Department of Education shall develop a proposal to ensure that Preschool Program expenditures do not exceed the amount of funding made available in this item, and, no later than January 1, 1994, shall submit to the Joint Legislative Budget Committee a report describing that proposal."

Item 6110-166-890—For local assistance, Department of Education. I delete Provision 4.

I am deleting Provision 4 which would require local educational agencies in receipt of specified federal vocational education funds to expend the funds for vocational education services for disabled pupils. While I am interested in ensuring that the vocational education needs of disabled pupils are met, the sponsors who requested that the Legislature add this language have since recognized that this requirement is not in conformance with the State plan for vocational education and could generate a federal audit exception. A federal audit exception could result in the loss of some or all of these federal funds. Therefore, the sponsors have indicated that this language is not needed, and that they have arrived at an administrative solution to this issue.

Item 6440-301-791—For capital outlay, University of California. I delete this item and Provision 1.

I am deleting funding for the environmental impact report of the proposed "Tenth Campus" since the U.C. Regents have indicated they will not be pursuing the addition of this new campus in the immediate future.

I am deleting Provision 1 to conform to this action.

Item 6610-001-001—For support of the California State University. I revise Provision 1 and delete Provision 5.

I am revising Provision 1 which would require the California State University to notify the Legislature at least 30 days prior to any action increasing compensation. I believe this language is unduly restrictive and could hamper the ability of the California State University Trustees to manage their affairs in the most effective manner possible. Flexibility is especially important in this time of fiscal constraints.

"1. The appropriations in this item are exempt from Section 31.00 of this act, except as provided by the applicable sections of the Government Code referred to in Section 31.00. ~~If the California State University elects to expend funds appropriated in this item for increases in salary ranges or any other employee compensation purpose in the 1993–94 fiscal year, the university shall provide written notification, at least 30 days prior to implementation of that decision, to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or within any lesser time as determined by the Chairperson of the Joint Legislative Budget Committee or his or her designee. This written notification shall describe in detail the proposed increases in salary ranges or other employee compensation proposed to be funded and the associated cost, and shall indicate whether that action will result in the requirement of additional funding for the 1994–95 fiscal year. If additional funding will be required for this purpose for the 1994–95 fiscal year, the written notification shall include an estimate of the amount of that funding and the university's intended source for that funding.~~"

I am deleting Provision 5. This provision would restrict the flexibility of the Trustees to effectively and most efficiently administer the funding appropriated to the California State University.

Item 6870-301-705—For capital outlay, Board of Governors of the California Community Colleges. I delete Provision 1.

I am deleting Provision 1 which relates to the Grossmont-Cuyamaca Campus Entrance project because it would unnecessarily delay the construction of this project.

Item 6870-301-791—For capital outlay, Board of Governors of the California Community Colleges. I am allowing the funding for these equipment requests to stand because of extraordinary circumstances, particularly those related to the availability of job-training opportunities in the Rebuild LA area. Nonetheless, I have serious concerns about the policy implications of this decision and do not wish for anyone to think otherwise. The state's policy has been that funding for replacement equipment not directly related to capital outlay projects should be provided by the support budgets of the institutions, rather than the state.

Although I am allowing these projects to retain funding, I do not intend to support similar requests in the future.

Item 7980-001-001—For support of the Student Aid Commission. I reduce this item from $3,169,000 to $3,094,000 by reducing:

(a) 15-Financial Aid Grants Program from $3,230,000 to $3,155,000,

and by deleting Provision 1.

I am deleting the legislative augmentation of $75,000 and 1.5 personnel years, which would provide funding for six months of administrative expenses for the proposed California Work-Study and Community Services Program. While the goal of the proposed program is worthwhile, it would be more appropriate to include funds for administrative expenses in the pending legislation that would establish the California Work-Study and Community Service program.

I am deleting Provision 1 to conform to this action.

Item 8100-011-241—For transfer from the Local Public Prosecutors and Public Defenders Training Fund to the General Fund. I delete this item.

I am deleting this item, which would transfer $142,000 from the Local Public Prosecutors and Public Defenders Training Fund to the General Fund, because such a transfer would unnecessarily intrude on the ability of the Office of Criminal Justice Planning to properly manage this training fund. This amount represents a reasonable and minimum prudent reserve.

Item 8100-490--Reappropriation, Office of Criminal Justice Planning. I delete this Item.

Gang activity inflicts great pain and suffering upon California's communities. The costs in terms of lost lives, increased crime, and wasted opportunity for our youth is staggering. In Los Angeles County alone, it is estimated that there are over 100,000 active gang members.

It is critical that the State assist local communities to develop innovative solutions that support and encourage alternatives to gangs for our youth. The Office of Criminal Justice Planning (OCJP) has undertaken a new effort to fund anti-gang suppression activities statewide. It is my belief that a primary focus of our efforts must be Los Angeles County, where the gang problem is most severe.

Accordingly, I support the goals of Hope in Youth to provide alternatives to youth who wish to leave gangs through strengthening and empowering families and community in Los Angeles. However, I am concerned that the Conference Committee chose to provide funds to Hope in Youth at the expense of worthwhile proposals submitted to OCJP by other needy communities.

Therefore, I am deleting this item with the following instructions. I have directed the OCJP to award $400,000 of these funds in the 1992–93 fiscal year to the Hope in Youth Campaign. I have also directed the OCJP to allocate the remaining $2.0 million consistent with the original plan developed jointly by the Administration and members of the Legislature to promote drug-free environments through joint school and law enforcement community revitalization efforts. Further, I am willing to sign separate legislation that provides $1.6 million in additional state support to Hope in Youth beyond this initial $400,000 appropriation.

Item 8350-001-913—For support of Department of Industrial Relations. I reduce this item from $884,000 to $883,000, and delete Provision 3.

I am deleting Provision 3 which would require the Department to provide funding within its existing resources for the operation and maintenance of a permanent automated data base to assist the Targeted Industries Partnership Program (TIPP) in its investigative and enforcement activities. I am reducing this item by $1,000 to reflect the minimum costs necessary to begin to meet this requirement. The proposed data base could cost as much as the entire amount budgeted for TIPP. Therefore, compliance with this language could preclude the Department from conducting enforcement and investigative activities. The automation proposal should be thoroughly reviewed through the Feasibility Study Report process by the Department of Finance to evaluate both its fiscal and program implications and to determine the most appropriate automation approach.

Item 8660-001-412—For support of Public Utilities Commission. I delete Provision 1.

This provision would require the Public Utilities Commission to prepare, without resources, an audit of the unfunded rail safety program (Fund 461) by December 1, 1993.

I am deleting Provision 1 because the Public Utilities Commission would have no resources to prepare the audit or to implement the audit recommendations.

Item 8730-001-001—For support of Commission on State Finance. I reduce this item from $710,000 to $178,000 by reducing:

(a) 10-Commission on State Finance from $710,000 to $178,000.

I am substantially reducing funding for this Commission with the intent that the Commission phase out its operations by the end of the first quarter of this fiscal year. This action is consistent with efforts to downsize state government and eliminate boards and commissions which duplicate the functions of other state agencies. I am leaving $178,000 in this item, however, so that the Commission can liquidate any obligations incurred during the phase-out of the Commission.

Item 8885-111-001—For local assistance, Commission on State Mandates (Proposition 98). I reduce this item from $136,214,000 to $130,579,000 by deleting:

(10) 61.00.089.477-Proficiency in Basic Skills ($5,635,000),

and by deleting Provision 5.

I am deleting schedule (10) and reducing the item by $5,635,000 as a technical correction in order to conform with the Legislature's action in Senate Bill 399 of repealing the "Proficiency in Basic Skills" mandate by deleting the funding for that mandate in this item. I understand that it was legislative intent to delete funding in this budget item consistent with its action to repeal the mandate but that the $5,635,000 was inadvertently printed in error in the budget bill.

I am deleting Provision 5 which would prohibit any of the funds appropriated in Schedule (11) of this item to reimburse school districts for their costs of mandated collective-bargaining activities under the Rodda Act from being used by any district with an average daily attendance of 20,000 or more to contract for professional or legal consultant services in the areas of negotiations, mediation, or impasse procedures.

I am deleting this provision because it would unduly restrict a school or community college district's authority to consider operational alternatives which may prove to be beneficial and less costly to them and, ultimately, to the State. This restriction is inconsistent with current law which allows each district to choose how it will conduct labor negotiations. I am not aware of any analysis which indicates that obtaining these services under contract is less effective or more expensive than obtaining them in some other manner.

Item 8940-001-001—For support of Military Department. I delete Provision 3.

I am deleting Provision 3 which would suspend the temperature requirements to operate the Temporary Emergency Shelter program. This program is operated under the executive authority of the Administration, and therefore does not require legislative authority to change temperature requirements.

Item 9896-011-164—For transfer to the General Fund. I reduce this item from ($10,032,000) to ($9,782,000).

I am reducing the transfer to the General Fund in order to maintain a prudent reserve of $250,000 to address any augmentations that may arise from the capital outlay projects funded from the Outer Continental Shelf Lands Act Section 8(g).

SEC. 6.10—Related to maintenance funding. I delete this Control Section.

This section would require that funds included in any appropriation in this Act that are to be expended to maintain state facilities or infrastructure shall not be used for any other purpose.

I am deleting the section because it would limit flexibility and options in managing operations at a time when departments are being asked to manage within reduced fiscal resources.

SEC. 9.10—Related to the Supplemental Report of the Committee on Conference on the Budget Bill. I delete this Control Section.

I am deleting this section because to do otherwise would imply that I concur with the contents of this report. It is unreasonable to expect State agencies to respond to special requests during a year when budget reductions severely impact their ability to perform required statutory duties.

SEC. 11.50—Transfers pursuant to Section 6217 of the Public Resources Code.

I am revising Section 11.50 by reducing the amount of Tidelands Oil Revenue to be allocated to the General Fund from $54,217,000 to $51,000,000, as follows:

(d) Notwithstanding any other provision of law, the sum of ~~fifty-four million two hundred seventeen thousand dollars ($54,217,000)~~ *fifty-one* million dollars ($51,000,000) shall be allocated to the General Fund for the 1993–94 fiscal year from *tidelands oil revenue otherwise* subject to Section 6217 of the Public Resources Code.

This reduction will provide for a prudent reserve to meet any unanticipated cost increases for capital outlay projects funded from this fund source in the current and budget years.

SEC. 12.32—Proposition 98. I revise this Control Section by deleting subsections (e) and (g).

I am deleting the language in subsection (e) which would defer the 1993–94 loan repayment for the Perris Union High School District. Due to a feeder elementary district's unification, Perris Union saw a decline in average daily attendance (ADA) and requested assistance from the State for the 1991–92 fiscal year. The 1991 Budget Act provided such assistance in the form of an artificial increase to the district's ADA for that year, with a reduction to ADA, as a loan repayment, over the subsequent five years. It is my understanding that the district's financial plan provides for a 1993–94 loan repayment while maintaining a balanced budget. Based on such evidence, and a commitment by the district to the initial agreement, I believe that the repayment schedule should be followed.

I am deleting the language in subsection (g) that would provide a permanent necessary small school augmentation for the Hemet Unified School District. Previous legislation provided such an augmentation for the Hamilton School in that district for fiscal years 1991–92 through 1993–94 only. The district's size would preclude it from receiving this additional revenue otherwise. In keeping with the provisions of the original legislation, and in view of the size of Hemet Unified, placing it well over the necessary small school eligibility threshold, the district should manage its budget based on the regular per pupil base revenue limit, as is the case for other districts of similar size.

SEC. 13.81—Related to transfer to the General Fund of the unencumbered balances of specified funds as of June 30, 1994. I revise this Control Section by deleting the following Schedules:

(1) 251—Public Facilities and Local Agency Disaster Response ($969,000),

(2) 254—Street and Highway Account (NDAF) ($1,044,000).

The funds in the Public Facilities and Local Agency Response Account and the Street and Highway Account, Natural Disaster Assistance Fund, by June 30, 1994 will consist entirely of money derived from the Disaster Relief Fund. The Disaster Relief Fund contains the proceeds of the quarter cent sales tax which is dedicated to recovery from the Loma Prieta Earthquake. The quarter-cent sales tax and its related fund was created because of the extraordinarily high cost of damages and expenses incurred as a result of the Loma Prieta Earthquake and should continue to be available for that purpose.

SEC. 21.50—Related to AIM funding redirected to the Child Health and Disability Prevention Program (CHDP). I delete this Control Section.

I am deleting this Control Section because it would transfer $4,000,000 from the Access for Infants and Mothers (AIM) program administered by the Major Risk Medical Insurance Board to the Child Health and Disability Prevention Program administered by the Department of Health Services. The AIM program has demonstrated its value by providing subsidized health insurance for lower income pregnant women and their infants, thus improving the health outcomes for those infants. Since the AIM program opened for enrollment in January, 1992, over 10,000 women and 4,500 infants have been enrolled. This redirection of AIM funding would jeopardize the program's ability to expand enrollment. My veto has the potential to cause a General Fund deficiency in the CHDP program, and that possibility will be assessed as caseload estimates are reviewed this Fall.

SEC. 31.50—Related to the elimination of General Fund positions vacant from July 1, 1992 to March 15, 1993. I delete this Control Section.

I am deleting this section as there could be legal consequences if a department made a hiring commitment, or subsequent to March 15, 1993, filled one of the positions. Further, existing statute already provides for elimination of positions which are continuously vacant for the last nine months of a fiscal year.

With the above deletions, revisions and reductions, I hereby approve Senate Bill 80.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1993."

SEC. 1.25. Notwithstanding any other provision of law, including, but not limited to, Section 13308 of the Government Code or any other provision of Chapter 458 of the Statutes of 1990, no further reductions shall be made to General Fund appropriations on July 1, 1993, pursuant to Chapter 458 of the Statutes of 1990.

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.
