22660. (a) The nonmember spouse who is awarded a separate account shall have the right to designate, pursuant to Sections 23300 to 23304, inclusive, a beneficiary or beneficiaries to receive the accumulated retirement contributions remaining in the separate account of the nonmember spouse on his or her date of death, and any accrued allowance attributable to the separate account which is unpaid on the date of the death of the nonmember spouse.

(b) This section shall not be construed to provide the nonmember spouse with any right to elect to modify a retirement allowance

under Section 24300.

22661. The nonmember spouse who is awarded a separate account shall have the right to a refund of accumulated retirement contributions in the separate account of the nonmember.

(a) The right of the nonmember spouse to a refund of accumulated retirement contributions is subject to Section 23105.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain the refund.

(c) The refund is effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file in the system.

(d) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit and represented by the accumulated retirement contributions when the refund becomes effective.

(e) The nonmember spouse may not cancel a refund after the refund is effective.

(f) The nonmember spouse shall have no right to elect to redeposit the refunded accumulated retirement contributions after the refund is effective and shall have no right to redeposit under Section 22662 or purchase additional service credit under Section 22663 after the refund becomes effective.

(g) If the total service credit in the separate account of the nonmember spouse, including service credit purchased under Sections 22662 and 22663, is less than two and one-half years, the board shall refund the balance of the account without an application from the nonmember spouse.

22662. The nonmember spouse who is awarded a separate account may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court required by Section 22652.

(a) The nonmember spouse may redeposit only those accumulated retirement contributions that were previously refunded to the member and that the court has determined to be the community property interest of the nonmember spouse in the accumulated retirement contributions.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order addressing the redeposit rights of the nonmember spouse is entered. The nonmember spouse shall elect to redeposit on a form provided by the system within 30 days after the system mails the election form and the billing.

(c) If the nonmember spouse elects to redeposit, he or she shall repay the accumulated retirement contributions and shall pay regular interest from the date of the refund to the date of payment.

(d) An election to redeposit shall be considered an election to repay all accumulated retirement contributions previously refunded. All payments shall be received by the system before the

effective date of retirement of the nonmember spouse. If any payment due because of the election is not received at the Sacramento office of the system within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall have no right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions whether or not the nonmember spouse elects to redeposit. However, any previously refunded accumulated retirement contributions not explicitly awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

22663. The nonmember spouse who is awarded a separate account shall have the right to purchase additional service credit in accordance with the determination of the court required by Section 22652.

(a) The nonmember spouse may purchase only the service credit that the court, pursuant to Section 22652, has determined to be the community property interest of the nonmember spouse.

(b) The nonmember spouse shall inform the system in writing of his or her intent to purchase additional service credit within 180 days after the date the judgment or court order addressing the right of the nonmember spouse to purchase additional service credit is entered. The nonmember spouse shall elect to purchase additional service credit on a form provided by the system within 30 days after the system mails the election form and the billing.

(c) If the nonmember spouse elects to purchase additional service credit, he or she shall pay, prior to retirement, all contributions with respect to the additional service at the contribution rate for additional service credit in effect at the time of election and regular interest from July 1 of the year following the year upon which contributions are based.

(1) (A) The nonmember spouse shall purchase additional service credit by paying the required contributions and interest in one lump sum, or in not more than 60 monthly installments, provided that no installment, except the final installment, shall be less than twenty-five dollars ($25). Regular interest shall be charged on the monthly unpaid balance if the nonmember spouse pays in installments.

(B) If any payment due because of the election is not received at the Sacramento office of the system within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(2) The contributions shall be based on the compensation earnable of the member in the most recent school year during which the member was employed, preceding the date of separation established by the court pursuant to Section 22652.

(3) All payments of contributions and interest shall be received by the system before the effective date of the retirement of the nonmember.

(d) The nonmember spouse shall have no right to purchase additional service credit after the effective date of a refund of the accumulated contributions in the separate account of the nonmember spouse.

(e) The member has no right to purchase the community property interest of the nonmember spouse of additional service credit whether or not the nonmember spouse elects to purchase the additional service credit. However, any additional service credit eligible for purchase that is not explicitly awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

22664. The nonmember spouse who is awarded a separate account shall have the right to a service retirement allowance.

(a) The nonmember spouse shall be eligible to retire for service if the following conditions are satisfied:

(1) The member had performed at least five years of creditable California service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated contributions, if five of the member's six years of credited service immediately before the dissolution or legal separation had been in California. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, and permissive service credit which the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained the age of 55 years or more.

(b) A service retirement allowance of a nonmember spouse shall become effective upon any date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for service retirement on a form provided by the system, which is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month in which the application is received by the system in Sacramento and the effective date is after the date the judgment was entered.

(c) Upon service retirement, the nonmember spouse shall receive a retirement allowance that shall consist of an annual allowance payable in monthly installments upon retirement at normal retirement age or over, equal to 2 percent of final compensation for each year of credited service. If the nonmember spouse's retirement is effective at less than normal retirement age and between early

retirement age and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month, that will elapse until the nonmember spouse would have reached normal retirement age.

(1) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse on the last day of the month in which the retirement allowance begins to accrue shall be used.

(2) Final compensation, for purposes of calculating the service retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22133 or Section 22135, whichever is applicable, and shall be based on the earnable compensation of the member up to the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) If the member is or was receiving a disability allowance with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse shall not be eligible to retire until after the disability allowance of the member terminates.

If the member who is or was receiving a disability allowance returns to a position requiring membership or has his or her allowance terminated under Section 24015, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to a position requiring membership, or the termination of the disability allowance and the employment or self-employment of the member. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 24015, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance the member was receiving, exclusive of the benefits for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the benefits for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's retirement allowance shall be the lesser of the share of the nonmember spouse under this subdivision or the retirement

allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Section 24213.

(e) The nonmember spouse who receives a retirement allowance is not a retirant. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions, including, but not limited to, Sections 24411, 24412, and 24415 based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

22665. The system shall include the service credit awarded to a nonmember spouse in the judgment or court order to determine the eligibility of a member for a service retirement, disability retirement, or disability allowance. That portion of awarded service credit based on previously refunded contributions or on permissive service credit may not be used by the member for eligibility requirements until the member has redeposited or purchased his or her portion of the service credit. The service retirement or disability allowance of a member shall be calculated based on the service credit in the account of the member on the effective date of disability or retirement.

22666. It is the intent of the Legislature to abolish any remaining application of the terminable interest doctrine in California relating to the division of public retirement benefits of a member in the event of dissolution of marriage or death if the division is made under this chapter.

CHAPTER 13. SERVICE CREDIT

22700. This chapter governs the computation of service to be credited to a member for the purpose of determining whether the member qualifies for retirement, the amount of contributions required of the member, and the amount of benefits paid to a retirant.

22701. (a) Service performed prior to July 1, 1972, shall be credited according to the provisions of the law in effect at the time service was performed.

(b) Service performed on or after July 1, 1972, by a member shall be credited in the proportion the compensation paid bears to the compensation the member would have received if he or she had been employed on a full-time day basis in the particular position in which he or she is employed throughout the school term, school year, or for a period of service at least the equivalent to a school term.

22702. Persons employed on a part-time basis, including persons employed in night schools and adult education programs, shall receive credit for time served in the proportion that the salary

earned bears to the salary that would have been earned if employed full-time. When a person is employed on an hourly or daily basis, full-time employment shall be considered as the number of days of service required by the district to be performed by its full-time employees in a school year and employees employed on an hourly or daily basis shall receive credit for time served in the proportion that the total hourly or daily service performed in a school year bears to the full-time employment for that school year.

22703. (a) Service shall be computed by school years and not by calendar years, portions of years served being accumulated and counted as service. All of the service performed during any one school year in a position requiring membership in this system shall not count for more than one year.

(b) In lieu of any other benefits provided by this part, any member who performed service prior to July 1, 1956, shall receive retirement benefits for that service at least equal to the benefits which he or she would have received for that service under the provisions of this part as they existed on June 30, 1956. The provisions of this paragraph do not apply to service which is credited in the San Francisco City and County Employees Retirement System.

22704. In any school district that is conducting a year-round school operation or a continuous school program, service shall be credited to the school year in which the service began.

22705. No time shall be included for which a member is entitled to receive a pension in a lump sum or installment payments, for other than naval or military service from any source other than this system, or under the American Gratuity Act No. 4151 relating to service in the Philippine Islands under which 15 or more years of creditable service has accrued, or a local retirement system. If a retirant becomes entitled to such a pension, his or her retirement allowance shall be reduced thereafter to exclude the time upon which the pension is based, without other change in his retirement status.

22706. No time shall be included during which a person is a retirant or receiving disability allowance from this system.

22707. Except as otherwise specifically provided in this part no member shall receive credit for service performed outside this state.

22708. The calculations of retirement allowances for state employees in the personal leave program shall include credit for service that would have been credited had the employee not been in the personal leave program. The costs that result from the increased service credit shall be paid for by the employer in a manner prescribed by the system.

22709. A member shall receive credit for time during which he or she is prevented from performing service in a position requiring membership, by act of God, or by reason of the closing of a school by any duly authorized officer or body. If by reason of a member's Japanese ancestry, he or she was required by the Wartime Civil Control Administration to leave his or her teaching position in California and returned prior to July 1, 1972, to a position requiring

membership in the State Teachers' Retirement System, he or she shall be given by the system four years of service credit in the system.

22710. Service shall be credited, upon payment of the contributions required under Sections 22901 and 22950, for that time during which a member is excused from performance of duties and for which the member receives workers' compensation, or compensation from an insurance carrier of the employer, due to injury or illness that arose out of and in the course of the member's employment. Service for that time shall be credited in the proportion that the compensation paid to the member bears to the compensation earnable by the member. The amount of creditable compensation paid to the member shall not exceed the compensation earnable by the member during the period of that absence.

22711. (a) A member shall receive full credit for time during which the member serves as an elected officer of an employee organization while on a compensated leave of absence pursuant to Section 44987 or 87768.5, if all of the following conditions are met:

(1) The member was employed and performed service in a position requiring membership in this system in the month prior to commencement of the leave of absence.

(2) The member contributes to the Teachers' Retirement Fund the amount that would have been contributed had the member been employed full-time.

(3) The member's employing agency contributes to the Teachers' Retirement Fund an amount based upon the salary that would have been paid to the member had the member been employed full-time and at a rate specified by the board.

(b) The maximum amount of credit earned by a member for service as an elected officer of an employee organization shall not exceed 12 calendar years.

22712. A member shall receive credit for time served as an exchange teacher in any location.

22713. (a) Notwithstanding any other provision of this chapter, the governing board of a school district or a community college district or a county superintendent of schools may establish regulations that allow an employee who is a member of this system to reduce his or her workload from full-time to part-time duties, and receive the service credit the member would receive if the member was employed on a full-time basis and have his or her retirement allowance, as well as other benefits that the member is entitled to under this part, based upon the salary that the member would have received if employed on a full-time basis.

(b) The regulations shall include, but shall not be limited to, the following:

(1) The option of part-time employment shall be exercised at the request of the member and can be revoked only with the mutual consent of the employer and the member.

(2) The member shall have been employed full-time in a position

requiring membership in this system for at least 10 years of which the immediately preceding five years were full-time employment.

(3) During the period immediately preceding a request for a reduction in workload, the employee shall have been employed full-time in a position requiring membership in this system for a total of at least five years without a break in service. For purposes of this subdivision, sabbaticals and other approved leaves of absence shall not constitute a break in service. Time spent on a sabbatical or other approved leave of absence shall not be used in computing the five-year full-time service requirement prescribed by this subdivision.

(4) The member shall have reached the age of 55 years prior to reduction in workload.

(5) The period of part-time employment shall not exceed 10 years.

(6) The minimum part-time employment shall be the equivalent of one-half of the number of days of service required by the member's contract of employment during his or her final year of service in a full-time position.

(7) The member shall be paid a salary that is the pro rata share of the salary the member would be earning had he or she not elected to exercise the option of part-time employment.

(c) Prior to the reduction of an employee's workload under this section, the district personnel responsible for the administration of this program, in conjunction with the administrative staff of the State Teachers' Retirement System and the Public Employees' Retirement System, shall verify the eligibility of the applicant for the reduced workload program.

(d) The member shall contribute to the Teachers' Retirement Fund the amount that would have been contributed had the member been employed full-time.

(e) The employer shall contribute to the Teachers' Retirement Fund an amount based upon the salary that would have been paid to the member had the member been employed full-time and at the rate specified by the board.

(f) The employer shall maintain the necessary records to separately identify each member receiving credit pursuant to this section.

22715. (a) Notwithstanding any other provisions of this part, whenever the Governor, by executive order, determines that because of an impending curtailment of, or change in the manner of performing service, the best interest of the state would be served by encouraging the retirement of state employees, and that sufficient economies could be realized to offset any cost to state agencies resulting from this section, an additional two years of service shall be credited to members, who are state employees, if the following conditions exist:

(1) The member is credited with five or more years of service and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the date of issuance of the Governor's

executive order specifying that period.

(2) The appointing power, as defined in Section 18524 of the Government Code, transmits to the retirement fund an amount determined by the board that is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without the service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(3) The appointing power determines that it is electing to exercise the provisions of this section, pursuant to the Governor's order, and certifies to the Department of Finance and to the Legislative Analyst, as to the specific economies that will be realized were the additional service credit towards retirement granted.

(b) As used in this section, "member" means a state employee who is employed in a job classification, department, or other organizational unit designated by the appointing power, as defined in Section 18524 of the Government Code.

(c) The amount of service credit shall be two years regardless of credited service, but shall not exceed the number of years intervening between the date of the member's retirement and the date the member would be required to be retired because of age. The appointing power shall make the payment with respect to all eligible employees who retired pursuant to this section.

(d) Any member who qualifies under this section, upon subsequent reentry to the system, shall forfeit the service credit acquired under this section.

(e) This section shall not be applicable to any member otherwise eligible if that member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the date of issuance of the executive order or if the member is not eligible to retire without the additional credit available under this section.

(f) The benefit provided by this section shall not be applicable to the employees of any appointing power until the Director of Finance approves the transmittal of funds by that appointing power or the Board of Regents or the Board of Trustees to the retirement fund pursuant to paragraph (2) of subdivision (a).

(g) The Director of Finance shall approve the transmittal of funds by the appointing power not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the chairperson of the Joint Legislative Budget Committee, or not sooner than any lesser time that the chairperson of the committee, or his or her designee, may in each instance determine. If there is any written communication between the Director of Finance and the Legislative Analyst, a copy of the communication shall be transmitted to the chairperson of each appropriate policy committee.

22716. Notwithstanding any other provision of law, a member upon any subsequent service under unpaid contract or any other unpaid basis with the trustees, shall not be required to forfeit the service credits acquired under former Section 22732, as it read on June 29, 1993.

22717. (a) A member shall be credited at service retirement for each day of accumulated and unused leave of absence for illness or injury for which full salary is allowed that the member was entitled to on the final day the member performed service for the school district or other employing agency by which the member was last employed in a position requiring membership in the system.

(b) The number of years of service credit to be granted shall be determined by dividing the number of days of accumulated and unused leave of absence for illness or injury by the number of days of service required by the member's contract of employment during the final year of service in a position requiring membership in the system. In no event shall the divisor be less than 175.

(c) When the member has made application for service retirement under this part, the school district or other employing agency shall certify to the board, within 30 days following the effective date of the member's service retirement, the number of days of accumulated and unused leave of absence for illness or injury that the employee is entitled to on the final day of employment. The board may assess a penalty on delinquent reports.

(d) This section shall not be applicable to any person who became a member of the system on or after July 1, 1980, whether or not the person was ever a member prior to that date.

22718. (a) The Teachers' Retirement Board shall establish rules and regulations for the purpose of billing school employers for service credit awarded for sick leave, including, but not limited to, both of the following provisions:

(1) The billing shall be authorized only if the employer grants more than one day of sick leave per pay period of at least four weeks for members of the State Teachers' Retirement System.

(2) The employer shall be billed only for the present value of sick leave greater than one day per pay period of at least four weeks that is granted to members of the State Teachers' Retirement System.

(b) If a school employer fails to pay a bill charged according to the rules and regulations established pursuant to subdivision (a), the Teachers' Retirement Board may request the Superintendent of Public Instruction or the Chancellor of the California Community Colleges, as appropriate, to reduce state apportionments to the school employer by an amount equal to the amount billed. The superintendent or chancellor shall make the reduction, and if requested by the board, direct the Controller to reduce the amount transferred from the General Fund to Section A or Section B, as appropriate, of the State School Fund by an equal amount, which shall instead be transferred to the Teachers' Retirement Fund.

22719. If a retirant returns to active service, the employing school

district or other employing agency shall not reinstate sick leave for which retirement credit has been given. A retirant who reinstates to membership in the system or on or after July 1, 1980, and subsequently retires shall not receive service credit for the unused sick leave accrued after reinstatement.

22720. The benefits accorded pursuant to Section 22717 shall not be used in the calculation of final compensation under this system.

22721. Except as provided in Section 22717, no credit toward retirement shall be granted for any payment made for accumulated sick leave upon transfer from one district to another, upon termination of service, upon death, or retirement. No contributions shall be taken from those payments. Payments for accumulated sick leave shall not be included in any payroll warrant paid to the teacher but shall be paid by separate warrant. The payments shall not be included in the computation for the purposes of determining "final compensation." No continued leave of absence shall be granted a member solely for the purpose of allowing the member to receive compensation for accumulated sick leave for which the member could otherwise have elected to receive payment.

CHAPTER 14. PERMISSIVE AND ADDITIONAL SERVICE CREDIT

22800. (a) Claims for creditable service shall be corroborated by a statement from the superintendent of schools or custodian of records of the employing agency or public school where the service was performed.

(b) Claims for creditable service performed outside the United States or in federal schools within the United States shall be corroborated by a statement from the custodian of records.

(c) When the official records of the service have been destroyed, the claim may be corroborated by one or more affidavits of knowledge of the service, preferably by persons who served with the member at the time the service was performed.

22801. (a) A member who elects to receive additional service credit as provided in this chapter shall pay, prior to retirement, all contributions with respect to that service at the contribution rate for additional service credit in effect at the time of election.

(b) If the member is currently employed in a position requiring membership in this system, the contributions shall be based upon the compensation earnable in the current school year or either of the two immediately preceding school years, whichever is highest.

(c) If the member is not currently employed in a position requiring membership in this system, the contributions shall be based upon the compensation earnable in the last school year of credited service or either of the two immediately preceding school years, whichever is highest. Regular interest shall be charged on all contributions from the end of the school year on which the contributions were based to the date of payment.

(d) The employer may pay the amount required as employer

contributions for additional service credited under paragraphs (2), (6), (7), (8), and (9) of subdivision (a) of Section 22803.

(e) Regular interest shall be charged on the monthly unpaid balance if the member pays in installments.

22802. A member who was previously excluded from membership in this system may elect to receive credit for:

(a) Substitute service excluded under Section 22602.

(b) Part-time service excluded under Section 22604.

(c) Adult education service excluded under Section 22603.

(d) Service as a school nurse excluded under Section 22606.

(e) Service performed in a position prior to the date the position was made eligible for membership in this system.

(f) Service performed in a position requiring membership in this system while a member of another California public retirement system, provided the member has ceased to be a member of, and has ceased to be entitled to benefits from, the other retirement system. The member shall not receive credit for the service if the member may redeposit withdrawn contributions and subsequently be eligible for any benefits based upon the same service or based upon other full-time service performed during the same period, from another California public retirement system. A member who elects to receive credit for service performed while excluded from membership shall pay for all such service.

22803. (a) A member may elect to receive credit for any of the following:

(1) Service performed in a teaching position in a publicly supported and administered university or college in this state.

(2) Service performed in a certificated teaching position in a child care center operated by a county superintendent of schools or a school district in this state.

(3) Service performed in a teaching position in the California School for the Deaf or the California School for the Blind, or in special classes maintained by the public schools of this state for the instruction of the deaf, the hard of hearing, the blind, or the semisighted.

(4) Service performed in a certificated teaching position in a federally supported and administered Indian school in this state.

(5) Time served, not to exceed two years, in a certificated teaching position in a job corps center administered by the United States government in this state if the member was employed in a position requiring membership in this system within one year prior to entering the service and returned to a position requiring membership in this system within six months following the date of termination of service in the job corps.

(6) Time spent on a sabbatical leave after July 1, 1956.

(7) Time spent on an approved leave to participate in any program under the federal Mutual Educational and Cultural Exchange Program.

(8) Time spent on an approved maternity or paternity leave of

two years or less in duration, regardless of whether or not the leave was taken before or after the addition of this subdivision.

(9) Time spent on an approved leave, up to four months in any 24-month period, for family care leave purposes, as defined by Section 12945.2 of the Government Code, excluding maternity and paternity leave.

(b) In no event shall the member receive credit for service or time described in paragraphs (1) to (9), inclusive, of subdivision (a) if the member has received or is eligible to receive credit for the same service or time in another retirement system.

22804. For the purposes of this chapter, war with a foreign power exists under any of the following conditions:

(a) Whenever Congress has declared war and peace has not been formally restored.

(b) Whenever the United States is engaged in active military operations against any foreign power, whether or not war has been formally declared.

(c) Whenever the United States is assisting the United Nations, in actions involving the use of armed force, to maintain or restore international peace and security.

22805. (a) A member may elect to receive credit for time served in the active military service of the United States or of this state, including active service in any uniformed auxiliary to any branch of that military service authorized as an auxiliary by the United States Congress or the California State Legislature, or in the full-time paid service of the American Red Cross prior to September 1957, if both of the following conditions exist:

(1) The time served was during war with any foreign power or during other national emergency, or in time of peace if the member was drafted for that service by the United States government.

(2) The member was employed in a position requiring membership in this system within one year prior to entering that service. Time included under this section shall be considered as served in the state in which the member was last employed before entering that service.

(b) Time during which the member is absent without compensation for other cause, on leave, or otherwise, shall not be included.

22806. (a) A member who is a state employee or a retirant who retired on or after December 31, 1981, and who was at retirement a state employee may elect to receive credit, of not to exceed four years, for time served of not less than one year, prior to entering this system, in the armed forces of the United States or in the Merchant Marine of the United States prior to January 1, 1950. Service credit shall not be granted if that service terminated with a discharge under dishonorable conditions. The service credit to be accorded pursuant to this section for that service shall be on the basis of one year of credit for each five years of credited service, but shall not exceed a total of four years of service credit regardless of the number of years

of either that service or subsequent service. A member or a retirant electing to receive a credit for that service shall have been credited with at least 10 years of service on the date of election or the date of retirement.

(b) An election by a member with respect to service credit under this section may be made only while the member is in state or university employment, and a retirant shall have retired immediately following service as a member who was at retirement a state employee. The retirement allowance of a retirant who elects to receive service credit pursuant to this section shall be increased only with respect to the allowance payable on and after the date of election.

(c) A member or retirant who elects to become subject to this section shall pay all reasonable administrative costs and contributions, sufficient to cover the total employer and employee cost plus interest of the military service credit, at rates to be determined by the board. The amount shall be contributed in lump sum or by installments over the period and subject to those minimum payments as may be prescribed by regulations of the board. Payments for administrative costs shall be credited to the current appropriation for support of the board and available for expenditure by the board to fund positions deemed necessary by the board to implement this section.

(d) The board has no duty to locate or notify any retirant or to provide the name or address of any retirant, agency, or entity for the purpose of notifying those persons.

22807. (a) A member who voluntarily requests or agrees to an extension of his or her original term of enlistment, service, or tour of duty shall not receive credit for time served during the extension of military service after December 31, 1958.

(b) In no event shall a member receive credit for more than four years of military service performed after June 30, 1968.

22808. A member shall not be required to pay contributions to receive credit for service under Section 22805 under any of the following conditions:

(a) The service was performed after September 15, 1940, and the member returned to a position requiring membership in this system prior to March 19, 1948.

(b) The service was performed prior to January 1, 1950, and the member was continuously performing the service prior to that date and returned to a position requiring membership in this system within six months following the termination of the service.

(c) The service was performed prior to September 14, 1978, and the member entered that service after December 31, 1949, and returned to a position requiring membership in this system within six months following the termination of the service.

(d) The service was performed prior to January 1, 1992, and the member entered that service after August 1, 1990, and retired or returned to a position requiring membership in this system and

earned additional service credit within six months following the termination of that service or within six months after the completion of any period of rehabilitation offered by the United States government, excluding rehabilitation solely for educational purposes. Notwithstanding Section 22250, 22251, or 22253, the school districts, community college districts, or other agencies employing those members shall not be required to make the contributions required by Chapter 16 (commencing with Section 22950).

22809. A member may elect to receive credit for teaching service performed within and outside of this state in a war relocation center administered by the Wartime Civil Control Administration if all of the following conditions exist:

(a) By reason of the member's Japanese ancestry the member was placed in a war relocation center prior to entering membership in this system.

(b) The member received compensation for service in a teaching capacity in the relocation center.

(c) The member possessed a valid California teaching credential issued by the State Department of Education or had a bachelor's degree in education from a California postsecondary institution.

22810. (a) Any member, who was a member of this system on June 30, 1944, may elect to receive credit for the following service performed prior to July 1, 1944, in other states, territories, or possessions of the United States, or in Canada:

(1) Service in a teaching position that in this state would require membership in this system.

(2) Service in a teaching position in a publicly supported and administered university or college.

(3) Service in a teaching position with the Civilian Conservation Corps or in an Indian school supported and administered by the United States government.

(4) Service in a publicly supported residential school for the deaf or the blind.

(b) In no event shall the member receive credit for this service if the member has received or is eligible to receive credit for the same service in another retirement system.

CHAPTER 15. EMPLOYEE CONTRIBUTIONS

22900. Acceptance of employment in a position requiring membership in the system is consent to have deductions from salary taken for the system.

22901. Each member of this system shall contribute to the retirement fund an amount equivalent to 8 percent of the member's compensation.

22902. Members' accumulated retirement contributions and those other contributions required for credited service shall be in the amounts required based on rates of contribution applicable for the years included in that period.

22903. Notwithstanding Sections 22901, 22956, and 23000, each school district, community college district, county board of education, and county superintendent of schools, may pick up, for the sole purpose of deferring taxes, as authorized by Section 414(h) (2) of the Internal Revenue Code of 1986 (26 U.S.C.A. Sec. 414(h) (2)) and Section 17501 of the Revenue and Taxation Code, all of the employee's contributions towards retirement made by members of the State Teachers' Retirement System.

22904. Notwithstanding any other provision of law, the state may pick up all or a portion of the normal contributions required to be paid by a state employee who is a member of the State Teachers' Retirement System. The pick up of member contributions shall be through a salary reduction program pursuant to Section 414(h) (2) of the Internal Revenue Code. These contributions shall be reported as employer-paid member contributions, and shall be credited to member accounts.

22905. Contributions made by a member and member contributions made by an employer pursuant to Section 22903 and 22904 shall be credited by the board to the individual account of the member.

22906. If at the time of retirement, disability, or death, there are contributions remaining to the credit of the member that were made with respect to time on the basis of which the member will not be entitled to receive a benefit, the board shall refund to the member accumulated contributions as it may allocate to the time.

22907. Accumulated contributions credited to the account of a member whose date of birth is changed in the records of the system after December 31, 1979, shall be adjusted to the proper amount based on the correct birth date by either of the following methods:

(a) A refund of the excess contributions plus credited interest from the end of the school year in which contributions were overpaid because of the incorrect birth date.

(b) Payment by the member of the contributions due the system plus regular interest from the end of the school year in which the contributions were underpaid to the date of payment.

22908. (a) Subject to rules prescribed by the board, any member may elect to make annuity deposit contributions for the purpose of providing additional retirement income. However, on and after January 1, 1983, the system shall not accept any annuity deposit contributions.

(b) Accumulated annuity deposit contributions may be withdrawn as provided in Section 23107.

CHAPTER 16. EMPLOYER AND STATE CONTRIBUTIONS

22950. The school districts and other agencies employing members of the State Teachers' Retirement System shall contribute monthly to the Teachers' Retirement Fund 8 percent of the total of the salaries upon which members' contributions are based.

22951. In addition to any other contributions required by this part, the school districts and other agencies employing members of the State Teachers' Retirement System shall contribute monthly to the Teachers' Retirement Fund 0.25 percent of the total of the salaries upon which members' contributions are based.

22952. Effective January 1, 1980, the school districts and other employing agencies in the state, in addition to all other contributions required by this part, on account of liability for benefits pursuant to Section 24407, shall contribute monthly to the Teachers' Retirement Fund 0.307 percent of the total of the salaries upon which members' contributions are based.

22953. (a) Effective January 1, 1981, the school districts and other employing agencies in the state, in addition to all other contributions required by this chapter, on account of liability for benefits pursuant to Section 24408, shall contribute monthly to the Teachers' Retirement Fund 0.108 percent of the total of the salaries upon which members' contributions are based.

(b) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

22954. (a) In addition to any other contributions required by this part, on July 1, 1990, and on July 1 of each subsequent year, the Controller, subject to Section 24414, shall transfer, based on estimated payroll data provided by the board, the following percentages of the total of the prior year salaries upon which members' contributions are based to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund, for the purpose of funding the supplemental payments authorized under Section 24415:

(1) For the fiscal year ending June 30, 1991	0.50%
(2) For the fiscal year ending June 30, 1992	1.00%
(3) For the fiscal year ending June 30, 1993	1.50%
(4) For the fiscal year ending June 30, 1994	2.00%
(5) For the fiscal year ending June 30, 1995, and each fiscal year thereafter	2.50%

These transfers shall be based upon estimated payroll data provided to the Director of Finance by the board and shall be adjusted in January of that same fiscal year to reflect actual payroll data.

(b) The board may deduct from the annual state contributions made pursuant to this section an amount necessary for the administrative expenses to implement Section 24415, subject to the annual Budget Act.

(c) Notwithstanding any other provision of law, it is the intent of the Legislature, in establishing the Supplemental Benefit Maintenance Program embodied in this section and Sections 22400, 24414, and 24415, to manifest a contractually enforceable promise to

repay the Teachers' Retirement Fund in full, with interest, as provided in subdivision (b) of Section 24414, for all transfers or advances made from the Teachers' Retirement Fund pursuant to subdivision (a) of Section 24414 and for any funds appropriated by Item No. 1920-111-835 of the Budget Act of 1989 from the Teachers' Retirement Fund to provide purchasing power protection payments.

(d) Except as provided in subdivision (c), the Legislature reserves the right to reduce or terminate the state's contributions to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund provided by this section and to reduce or terminate the distributions required by Section 24415. It is intended that any legislative reduction or termination of the state's contributions to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund provided by this section or any reduction or termination of distributions required by Section 24415, shall be effectuated by a separate statute rather than by the annual Budget Act.

22955. (a) Notwithstanding Section 13340 of the Government Code, commencing October 1, 1991, a continuous appropriation is hereby made from the General Fund to the Controller, pursuant to this section, for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 4.3 percent of the total of the salaries of the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments. The percentage shall be adjusted to reflect the contribution required to fund the normal cost deficit when the unfunded obligation has been deemed to be eliminated by the board based upon a recommendation from its actuary. If a rate increase or decrease is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer exceed 4.3 percent of the total of the salaries of the immediately preceding calendar year upon which members' contributions are based.

(b) The funds transferred pursuant to subdivision (a) shall first be applied to meeting the normal cost deficit, if any, for that fiscal year.

(c) The transfers made pursuant to this section are in lieu of the state contributions formerly made pursuant to Sections 23401 and 23402.

(d) For the purposes of this section, the term "normal cost deficit" means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22226 and the total of the member contribution rate required under Section 22804 and the employer contribution rate required under Section 23400, and shall exclude (1) the portion for unused sick leave service granted pursuant to Section 22719, and (2) the cost of benefit increases which occur after July 1, 1990. The contribution rates prescribed in Section 22804 and Section 23400 on July 1, 1990, shall be utilized to make the calculations. The normal cost deficit shall then be multiplied by the total of the salaries upon which member contributions are based to

determine the dollar amount of the normal cost deficit for the year.

(e) Pursuant to Section 22001 and the case law, the members are entitled to a financially sound retirement system. The Legislature recognizes that the system shall, pursuant to this act, receive less funds in the short term than it would have received under former Sections 23401 and 23402 (Chapter 282 of the Statutes of 1979). However, it is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(f) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

(g) This section shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or change in contribution rate that occurs after July 1, 1990.

(h) The amendments to this section during the 1991–92 Regular Session shall be construed and implemented to be in conformity with the judicial intent expressed by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

22956. Employer and state contributions made to the system are to finance the employer obligation for all of the members of the system and, therefore, shall not be credited to the individual accounts of the members of the system. These contributions shall be held in the reserves of the system to finance the employers' share of the cost of all benefits payable by the system. Under no circumstances shall employer contributions be allocated or awarded to individual members, retirants, their spouses, or beneficiaries.

22957. (a) Any employer, other than the state, on behalf of any group of members or any member, may elect to make tax-sheltered annuity contributions for the purpose of providing additional benefits. An election by an employer to make these contributions does not require any member to make contributions. These contributions shall continue in effect for the period specified in the election filed with the board. A member shall acquire no right by reason of his or her employment while the election is in effect to a continuation of the contributions beyond the period specified in the election.

(b) Whenever in this part provision is made with respect to accumulated tax-sheltered annuity contributions of a member, that term shall include contributions made by an employer pursuant to this section.

(c) Contributions made by an employer under this section are excluded from the definitions of "compensation" and "salary" as provided in Section 22114.

CHAPTER 17. EMPLOYER COLLECTION AND REPORTING PROCEDURES

23000. The governing board of each school district, the county superintendent of schools, the county auditor, and any other employing department or agency shall deduct from the salary of employee members of this system the contributions required by this part and shall pay to the system those contributions plus the employer contributions required by this part and Section 44987.

23001. The county superintendent shall draw his or her requisitions for contributions required by Sections 22901 and 22950 in favor of the State Teachers' Retirement System, and the requisitions, when allowed and signed by the county auditor, shall constitute a warrant against the county treasury. The county superintendent thereupon shall forward the warrants to the board in Sacramento. The amounts received shall be deposited immediately in the State Treasury to the Teachers' Retirement Fund.

23002. Member and employer contributions required by this part and Section 44987 are due in the office of the system five working days immediately following the period covered by the monthly report upon which the salary earned during the period is being reported and from and upon which the contributions are due. Payments shall be delinquent on the sixth working day thereafter and regular interest on delinquent payments shall begin to accrue as of that day. The board shall authorize estimated payments of not less than 95 percent of the contributions due, and, in that case, the balance of contributions payable shall be due in the office of the system no more than 15 working days following the period covered by the monthly report upon which the contributions are based. This additional payment shall be delinquent on the 16th working day thereafter, and regular interest shall begin to accrue as of that day.

23002.5. Member and employer contributions from school districts conducting a year-round school operation or a continuous school program shall be reported as part of the school year in which the service began.

23003. (a) If a county superintendent of schools or employing agency other than a school district or community college district fails to make payment of contributions as provided in Section 23002, the board may assess penalties.

(b) The board may charge regular interest on any delinquent contributions until they have been paid to the system.

23004. The county superintendent of schools or employing agency other than a school district or a county or community college district shall make a report monthly to the system containing such information as the board may require in the administration of the system.

23005. Monthly reports are due in the office of the system 30 calendar days immediately following the month in which the salary being reported was earned, and are delinquent 15 calendar days

immediately thereafter.

23006. (a) If a county superintendent of schools or employing agency other than a school district or community college district submits monthly reports late or in unacceptable form, the board may assess penalties.

(b) The board may assess penalties, based on the sum of the employer and employee contributions required by the report for late or unacceptable submission of reports, at a rate of interest equal to the regular interest rate or a fee of five hundred dollars ($500), whichever is greater.

23007. Should any county superintendent fail to make payment of any assessment by the board, the Controller shall, upon order of the board, withhold subsequent payments from the State School Fund to the county for deposit in the county school service fund or, upon the request of a county superintendent of schools to the county auditor, he or she shall withhold payments to a school district for deposit in the district general fund until the contributions and report are received in acceptable form in the office of the system and the board directs the Controller to make those payments less the amount of the assessments to the county that would have been paid had no payments been withheld. The Controller shall thereupon pay to the system the amount of the assessments withheld for deposit in the State Treasury to the Teachers' Retirement Fund.

23008. (a) If more or less than the required contributions specified in this part and Section 44987 are paid to the system based on any salary payment to a member, proper adjustments shall be made by the county superintendent or other employing agency on a monthly report within 60 days of discovery or of notification by the system.

(b) The board may assess penalties for late or improper adjustments. These penalties shall be no more than the regular interest as defined in Section 22142. The penalty so assessed shall be deemed interest earned in the year in which it was received.

(c) If a required report contains erroneous information and the system, acting in good faith, disburses funds based on that information, the county superintendent or other employing agency who submitted the report shall reimburse the system in full for the amount of the disbursement. Reimbursement shall be made immediately upon notification by the system.

23009. The board, if in the interest of the system, may, in connection with adjustments to the required contributions referred to in Section 23008, receive or make payments directly from or to the member or beneficiary with interest.

CHAPTER 18. REFUND OF CONTRIBUTIONS

23100. (a) Upon the termination of a member's employment by any cause other than death or retirement there shall be paid to the member, pursuant to this part, both of the following:

(1) The accumulated retirement contributions made after June 30, 1935.

(2) The accumulated annuity deposit contributions.

(b) Accumulated contributions include credited interest through the date of payment.

23101. When a member's contributions are returned to him or her, as provided in Section 23100, all rights to benefits pertaining to the service credits represented by those contributions are forfeited. Those rights and benefits, based upon service performed prior to refund, shall not be restored until the member has redeposited the total of the refunded contributions, and paid the regular interest thereon as provided in Chapter 19 (commencing with Section 23200).

23102. Prior to the system paying a refund of contributions, the employer or superintendent of schools shall certify that the member's employment has been terminated.

23103. Refunds to a member shall be made upon request of the member, or may be made without a request if it appears to the board that the member's employment is permanently terminated and the member does not have enough service under the system to qualify for receipt of a retirement benefit.

23104. (a) Deposit in the United States mail of an initial warrant drawn in favor of a member as a refund of contributions upon termination of employment, and addressed to the latest address on file for the member, shall constitute a return of the member contributions.

(b) If a person to whom the warrant is mailed returns the warrant to the system's office for cancellation, within 30 days from the mailing date, the refund shall be canceled and the person shall be reinstated to membership with all the rights and privileges restored.

23105. The board shall deduct 4 percent of the refundable balance or twenty-five dollars ($25), whichever is less, from each refund made upon termination of service. The amounts deducted are appropriated to the State Teachers' Retirement System and shall be credited to the support appropriation provided for in Section 22304 as reimbursements for the fiscal year during which those amounts are deducted.

23106. If a member ceases to be entitled to credit for service in this system because he or she has become entitled to credit for that service in another retirement system supported wholly or in part by funds of the United States government, or any state government or political subdivision thereof, he or she is entitled to a refund of the accumulated retirement contributions made during the period for which he or she is entitled to credit in the other retirement system.

23107. Any member without terminating membership and upon making application on forms provided by the system shall be paid a refund of the accumulated annuity deposit contribution.

CHAPTER 19. REDEPOSIT OF CONTRIBUTIONS

23200. (a) If a person, whose accumulated retirement contributions have been refunded, again becomes a member of the system he or she may elect to redeposit those contributions with regular interest from the date of refund to the date of payment. If the member elects to redeposit, the member shall repay all accumulated contributions that were previously refunded. The redeposit shall also include the amount deducted for administration expense under Section 23105.

(b) For time prior to July 1, 1944, regular interest shall be at 2½ percent compounded annually.

23201. Any person whose accumulated contributions were refunded to him or her and who has received, or will qualify for the receipt of, a retirement allowance from the Public Employees' Retirement System, the University of California Retirement System, the Legislators' Retirement System, or the San Francisco City and County Employees' Retirement System may elect to redeposit the accumulated contributions that were refunded, with regular interest from the date of refund to the date of payment, without being employed in a position requiring membership in this system. A person who elects to redeposit pursuant to this section shall not receive credit for service that might otherwise be creditable under Section 22810.

23202. (a) An election pursuant to Section 23200 to redeposit accumulated retirement contributions may be made by a member anytime prior to the date of the retirement of the member.

(b) An election to redeposit refunded contributions shall be considered as an election to repay all contributions previously refunded.

(c) If any payment due because of this election is not received at the Sacramento office of the system within 120 days of its due date, the election shall be canceled. Upon the cancellation of election any payments made under the election shall be refunded.

(d) In the event of cancellation of the election the member may at any time prior to the date of the retirement of the member, again elect to redeposit accumulated retirement contributions previously withdrawn or refunded, in accordance with Section 23200 and all the laws, rules, and regulations pertaining thereto.

23203. Repayment of withdrawn accumulated retirement contributions shall be made in one sum, or in not more than 60 monthly installments, provided that no installment, except the final installment, shall be less than twenty-five dollars ($25).

CHAPTER 20. BENEFICIARY DESIGNATION

23300. (a) A member or retirant may at any time designate a beneficiary to receive benefits payable under this part, except that no beneficiary designation may be made in derogation of the

community property share of any nonmember spouse when any such benefit is derived, in whole or in part, from community property contributions or service credited during the period of marriage, unless the nonmember spouse has previously obtained an alternative order for distribution pursuant to Section 2610 of the Family Code. Any change of beneficiary shall be in writing on a form prescribed by the system, executed by the member, witnessed by two witnesses, neither of whom may be beneficiaries. To be valid the instrument shall be received in the office of the system in Sacramento before the member's death.

(b) Except as otherwise stated in this section, the designation of beneficiary, other than an option beneficiary, may be revoked at the pleasure of the person making the nomination, and a different beneficiary designated in the same manner as provided in this section.

23301. A corporation, trust, eleemosynary, parochial institution, or public entity may be designated as a beneficiary. However, they may not be designated as option beneficiaries.

23302. Payment to a beneficiary designated in the form on file in the system at the date of death by a warrant drawn prior to any claim under community property rights shall constitute full discharge of any and all liability of the board and system by reason of the member's death.

23303. (a) The board, if the whereabouts of the nominated beneficiary cannot be determined, or if the beneficiary is the estate of the deceased person, may pay to the undertaker who conducted the funeral, or to any person who, or any organization that, has paid the undertaker from funds owned by the person or organization, in its discretion all or a portion of any amount payable under the system, but not to exceed the funeral expenses of the deceased person, or the portion of the expenses paid by the person or organization, as evidenced by the sworn itemized statement of the undertaker, person, or organization and by any other documents the board may require.

(b) The payment shall be in full and complete discharge and acquittance of the board and system up to the amount paid.

23304. If no beneficiary designation is in effect on the date of death, any benefit payable shall be paid to the estate of the member. Payment pursuant to the board's determination in good faith upon evidence satisfactory to it of the existence, identity or other facts relating to entitlement of persons under this section shall constitute a complete discharge of and release of the system from liability for the benefit.

CHAPTER 21. PRE-1972 BENEFITS

23400. (a) If, prior to attaining the age of 55 years, a person who is entitled to receive a retirement allowance because of his or her retirement for disability prior to July 1, 1972, engages in a gainful

occupation, the board shall reduce the portion of his or her monthly retirement allowance that is not provided by his or her accumulated contributions, to an amount, which when added to the compensation earned monthly by him or her, does not exceed the amount of the compensation that would be earnable by a person holding the same or an equal position as or to that which he or she held at the time of his or her retirement, and in the same salary step or rating, or if no such position then exists, the compensation earnable immediately prior to its abolition.

(b) If his or her earnings are further altered, the board shall further alter that portion of his or her retirement allowance to the lower of the following amounts:

(1) The amount of that portion of his or her retirement allowance as it would be if not reduced under this section.

(2) An amount that, when added to the compensation earned by him or her, equals the amount of the compensation that would be earnable by a person holding the same or an equal position as or to that which he or she held at the time of his or her retirement, and in the same salary step or rating, or if no such position then exists, the compensation earnable immediately prior to its abolition.

(c) For purposes of this section, the retirement allowance subject to adjustment is the unmodified allowance irrespective of the option elected.

(d) When he or she attains the age of 55 years, his or her retirement allowance shall be made equal to the amount it would be if not reduced under this section, and may not again be modified under this section. Section 24015 does not apply to those persons affected by this section.

23401. The board may require any disability retirant who retired, prior to July 1, 1972, and who has not attained 58 years of age, to undergo a medical examination. If the examination, together with other available information, shows to the satisfaction of the board that he or she is no longer disabled, his or her retirement allowance shall cease, and he or she shall be reinstated to membership in the system. Should any retirant refuse to submit to medical examination, as provided in this section, payments to the retirant under disability retirement shall be discontinued and all rights of the retirant in the disability retirement allowance shall be revoked.

23402. Benefits payable on account of deaths that occurred prior to July 1, 1972, and provided under former Section 14193, as it read prior to July 1, 1972, shall be continued. Former Sections 14195 and 14196 as they read prior to that date shall continue to apply to these payments.

23403. Survivor benefits payable on account of deaths that occurred prior to July 1, 1972, shall be continued in the amounts and under the conditions stated in Sections 23804 and 23811, as they read prior to July 1, 1972.

23404. Upon termination of the retirement allowance that began to accrue prior to July 1, 1972, the member's individual account shall

be credited with amounts that are the actuarial equivalents at that time, as based on the disabled life, where retirement had been for disability, or on the active life where the retirement had been for service of the allowance and annuities being paid from accumulated retirement contributions, accumulated annuity deposit contributions, or accumulated tax-sheltered annuity contributions. These credited amounts shall not exceed the amount of his or her accumulated contributions as they were in those accounts at the date of retirement.

CHAPTER 21.5. ELECTION OF DISABILITY AND DEATH BENEFIT COVERAGE

23700. (a) New survivor benefit and disability retirement programs that are provided pursuant to Chapter 23 (commencing with Section 23850) and Chapter 26 (commencing with Section 24100), are effective as of October 16, 1992. All members with an effective date of membership on or after October 16, 1992, shall be covered by these survivor benefit and disability retirement programs.

(b) The purpose of this chapter is to set forth the criteria for granting certain members of the system, as defined in Section 23702, the opportunity to elect to either retain coverage under the current family allowance and disability allowance programs pursuant to Chapter 22 (commencing with Section 23800), and Chapter 25 (commencing with Section 24001) or to be covered under the survivor benefit and disability retirement programs.

23701. (a) The election of disability and death benefit programs shall be made during the 180-day period commencing on October 16, 1992, and ending on April 13, 1993. All elections made during this period shall be effective as of October 16, 1992.

(b) If a member has made an election and subsequently becomes disabled or dies, the benefits shall be paid under the elected program provisions as though the election had been executed on October 16, 1992.

23702. (a) All members of the State Teachers' Retirement System on October 15, 1992, who are not receiving a disability allowance or a retirement allowance with an effective date prior to October 16, 1992, shall be eligible to make an irrevocable election, pursuant to this chapter, to retain coverage under either the disability allowance and family allowance programs or to have coverage under the disability retirement and survivor benefit programs.

(b) The member's eligibility to participate in the election shall be based on the member's status with the system on October 15, 1992, only, and not on prior or subsequent events.

23703. A member's election of disability or death benefit coverage shall meet all of the following requirements:

(a) The member is eligible to participate in the election pursuant

to Section 23702.

(b) The election is filed on a form provided by the system.

(c) Except as provided in Section 23704, the election document contains the signature of the spouse of the member, unless the member declares, in writing, under penalty of perjury, that one of the following conditions exists:

(1) The member does not know, and has taken all reasonable steps to determine, the whereabouts of the spouse.

(2) The spouse is incapable of executing the acknowledgement because of an incapacitating mental or physical condition.

(3) The member and spouse have executed a marriage settlement agreement pursuant to Chapter 2 (commencing with Section 1600) of Part 5 of Division 4 of the Family Code that makes the community property law inapplicable to the marriage.

(4) The member is not married.

(5) The current spouse has no identifiable community property interest in future benefits.

(d) The election document is signed and dated during the 180-day election period specified in Section 23701.

(e) The signatures of the member and the member's spouse on the election document are witnessed by a third party who is at least 18 years of age.

(f) The election document is received in the system's office in Sacramento within 30 days after the date of signature, but no later than May 1, 1993.

23704. If a spouse refuses to sign the election document, the member may bring an action in court to enforce the spousal signature requirement or to waive the spousal signature requirement. Either party may bring an action pursuant to Section 1101 of the Family Code to determine the rights of the party.

23705. After receipt of a member's election document, the system shall mail an acknowledgement notice to the member that indicates the member's choice of disability and death benefit programs. If the member does not agree with the system's recording of his or her election choice, the member has 30 days from the date of the acknowledgement notice to notify the system in writing.

23706. (a) Failure to file an election pursuant to this chapter shall be deemed to be an election to retain coverage under the disability allowance and family allowance programs.

(b) Failure to meet all of the requirements for submitting an election pursuant to this chapter shall be deemed to be a failure to file an election.

CHAPTER 22. ACTIVE DEATH BENEFITS: FAMILY ALLOWANCE

23800. This chapter governs the eligibility, benefit provisions, allowance computations, and related provisions for the death benefits payable upon the death of eligible members. "Members," as used in this chapter, means all members who were disabilitants on

October 15, 1992, and all persons who were members of the system on October 15, 1992, who elected, pursuant to Chapter 21.5 (commencing with Section 23700), to retain coverage under the death benefit provisions of this chapter.

23801. (a) A death payment of five thousand dollars ($5,000) shall be paid to the beneficiary upon receipt of proof of death of a member who had one or more years of credited service, at least one of which had been performed subsequent to the most recent refund of accumulated retirement contributions, if the member died during any one of the following periods:

(1) While in active employment.

(2) While disabled, if the disability had been continuous from the last day for which compensation had been paid.

(3) Within four months after terminating employment.

(4) Within four months after termination of a disability allowance if no service was performed after the termination.

(5) Within 12 months of the last day for which compensation was paid, if the member was on an approved leave of absence without compensation for reasons other than disability or military service.

(b) A death payment pursuant to this section shall not be payable for the death of a member that occurs within one year commencing with the effective date of reinstatement from service retirement pursuant to Section 24208.

(c) The board may adjust the death payment amount following each actuarial valuation based on changes in the All Urban California Consumer Price Index.

23802. (a) Upon receipt of proof of death of a member who has no preretirement option in effect, and who has no eligible survivors for a family allowance, there shall be paid to the beneficiary both of the following:

(1) The accumulated retirement contributions after July 1, 1935.

(2) The accumulated annuity deposit contributions.

(b) Accumulated contributions include credited interest through the date of payment.

23803. Notwithstanding Chapter 3 (commencing with Section 13100) of Part 1 of Division 8 of the Probate Code, or any other provision of law, death payments and return of contributions pursuant to Sections 23801 and 23802, if any, may be requested by the beneficiary and paid by the system as soon as practicable after receipt of proof of death.

23804. (a) A family allowance is payable upon the death of a member or a disabilitant who was receiving a disability allowance that began to accrue after June 30, 1972.

(b) (1) For the family allowance to be payable upon the death of a member, all of the following conditions shall be met at the time of death:

(A) Death occurred after June 30, 1972.

(B) A preretirement election of an option is not in effect.

(C) The provisions for the death payment under this part have

been met.

(2) In addition to the conditions specified in paragraph (1), at least one-half year of credited service had been performed subsequent to the end of the last break, if a break in service of more than one year had occurred.

(3) In addition to the conditions specified in paragraph (1), at least one year of credited service had been performed subsequent to the last reinstatement date, if reinstated from retirement.

(c) The family allowance is in lieu of the return of the member's accumulated retirement contributions.

(d) The family allowance may be terminated, if all eligible beneficiaries formally waive their rights in accordance with the requirements established by the system.

23805. A family allowance is payable in the amount and to the specified persons in the following order of priority:

(a) To the member's or disabilitant's surviving spouse who has financial responsibility for at least one child, an amount equal to 40 percent of the deceased member's final compensation or the disabilitant's projected final compensation plus 10 percent of the deceased member's final compensation or the disabilitant's projected final compensation for each child, up to a maximum allowance of 90 percent.

(b) If there is no surviving spouse or upon the death of the surviving spouse, to each child, an amount equal to 10 percent of the deceased member's final compensation or the disabilitant's projected final compensation, up to a maximum allowance of 50 percent. If there are more than five children, they shall share equally in the maximum allowance of 50 percent.

(c) To the surviving spouse at age 60 or over without children, an amount equal to Option 3 as provided under this part computed on the member's or disabilitant's projected final compensation and projected service to normal retirement age. The allowance payable under this subdivision shall be increased by application of the benefit improvement factor for time that elapses between the date the member or disabilitant would have attained normal retirement age and the date the family allowance under this subdivision begins to accrue. The benefit calculation shall include credit for the unused sick leave that had accrued to the member as of the date of the member's death.

(d) If there is no surviving spouse or children upon the member's or disabilitant's death, to the dependent parent age 60 years or over, an amount equal to Option 3 as provided under this part computed on the member's or disabilitant's projected final compensation and projected service to normal retirement age. The benefit calculation shall include credit for the unused sick leave that had accrued to the member as of the date of the member's death. If there are two dependent parents, a single family allowance shall be computed on the assumption that the younger parent is the beneficiary and the allowance shall be divided equally for as long as there are two

dependent parents. Thereafter, the allowance shall be payable to the surviving dependent parent.

(e) If there are no children who qualify under Section 22111, a spouse or the dependent parent or parents may elect, prior to the receipt of the first payment under subdivision (c) or (d), to receive the accumulated contributions in a lump sum subject to a reduction for any payments made from the account for any prior qualified persons.

23806. (a) If there are eligible dependent children who are not in the care of the surviving spouse, they shall be included in the calculation of the family allowance.

(b) An allowance increment payable for an eligible dependent child shall be paid to the guardian of the estate of the child, the natural or adoptive parent having custody of the child, or if none, then to the trustee of the trust established for the benefit of the child. In the case of a child age 18 years or older, the child's share of the allowance shall be paid to the guardian of the estate of the child, trustee of the trust established for the benefit of the child, or if none, then to the child.

23807. To determine eligibility for benefits payable under family and disability allowances as a full-time student, all of the following shall apply:

(a) An individual shall be deemed to be a full-time student during any normal period of vacation or holiday of the institution involved, and there is sufficient evidence to satisfy the board of the intention to continue in full-time attendance at the educational institution immediately following the period of vacation or holiday.

(b) If the individual fails to return to full-time attendance following vacation or holiday, the allowance ceases as of the first of the month in which return to full-time attendance was required.

(c) An individual does not qualify as a full-time student during any period of nonattendance if the nonattendance is due to expulsion or suspension.

(d) An individual shall not qualify as a full-time student if attendance at an educational institution is paid for and provided by the employer or is in the course of on-the-job training, unless the on-the-job training is part of the regularly established school training for which credit toward a diploma, certificate, or graduation is given. An individual shall not qualify as a full-time student for any full-time course of study which is directly paid for and sponsored under the Job Corps of the Economic Opportunity Act of 1964 (Public Law 88-452), as amended, or paid for or sponsored by any armed forces for this state or the United State of America.

23808. A stepchild or adopted child acquired subsequent to the death of the member shall not be entitled to any allowance and shall be excluded in the determination of allowances under this chapter.

23809. The family allowance payable to the surviving spouse who has financial responsibility for at least one child, or payable to the children, shall be reduced by an amount equal to the unmodified

benefits paid or payable from other public systems for the same event which qualified the member or disabilitant for the family allowance.

23810. If the person or persons to whom a family allowance is payable dies or no longer qualifies for the allowance, the allowance shall be terminated on the day of that event except as provided in Section 24600.

23811. (a) Upon termination of family allowances under this part and prior to the payment of allowances equal to the amount of the member's accumulated retirement contributions at the time of death, the balance shall be paid to the member's beneficiary.

(b) Payments provided under this section shall include credited interest on the unpaid balance calculated from the date family allowances were last paid or from the date of death, if no family allowance payments were made, to the date the balance is paid.

CHAPTER 23. ACTIVE DEATH BENEFITS: SURVIVOR BENEFITS

23850. This chapter governs the eligibility, benefit provisions, allowance computations, and related provisions for the death benefits payable upon the death of eligible members. "Member," as used in this chapter, means all persons who became members of the system on and after October 16, 1992, and all persons who were members as of October 15, 1992, who elected, pursuant to Chapter 21.5 (commencing with Section 23700), to be covered under the death benefit provisions of this chapter.

23851. (a) A death payment of twenty thousand dollars ($20,000) shall be paid to the beneficiary, as designated pursuant to Section 23300, upon receipt of proof of death of a member who had one or more years of credited service, at least one of which had been performed subsequent to the most recent refund of accumulated retirement contributions, if the member died during any one of the following periods:

(1) While in active employment.

(2) Within four months after terminating employment.

(3) Within 12 months of the last day for which compensation was paid, if the member was on an approved leave of absence without compensation for reasons other than disability or military service.

(b) A death payment pursuant to this section shall not be payable for the death of a member that occurs within one year commencing with the effective date of reinstatement from service retirement pursuant to Section 24208 or during the calendar six months commencing with the effective date of reinstatement from disability retirement pursuant to Section 24117.

(c) The board may adjust the death payment amount following each actuarial valuation based on changes in the All Urban California Consumer Price Index.

23852. Upon receipt of proof of death of a member who has no preretirement option in effect:

(a) The surviving spouse may elect to receive either of the following:

(1) The member's accumulated retirement contributions in a lump sum.

(2) The survivor benefit allowance pursuant to Sections 23854 and 23855.

(b) If there is no eligible surviving spouse, the member's accumulated retirement contributions shall be paid to the member's beneficiary in a lump sum.

(c) The member's accumulated annuity deposit contributions shall be paid to the member's beneficiary in a lump sum.

The payment of accumulated contributions in a lump sum shall include credited interest through the date of payment.

23853. Notwithstanding Chapter 3 (commencing with Section 13100) of Part 1 of Division 8 of the Probate Code or any other provision of law to the contrary, death payments and return of contributions pursuant to Sections 23851 and 23852, if any, may be requested by the surviving spouse or beneficiary and paid by the system as soon as practicable after receipt of proof of death.

23854. (a) A survivor benefit allowance is payable upon the death of a member, as defined in Section 23850.

(b) For the survivor benefit allowance to be payable upon the death of a member, all of the following conditions shall be met at the time of death:

(1) Death occurred after October 15, 1992.

(2) A preretirement election of an option is not in effect.

(3) Death occurs during any one of the following periods:

(A) While in active employment.

(B) Within four months after termination of employment.

(C) Within four months after reinstatement from disability allowance.

(D) Within four months after reinstatement from disability retirement.

(E) Within 12 months following the last day for which compensation was paid if the member was on an approved leave of absence without compensation for reasons other than disability or military service.

(4) At least one-half year of credited service had been performed subsequent to the end of the last break, if a break in service of more than one year had occurred.

(5) At least one year of credited service had been performed subsequent to the last reinstatement date, if reinstated from service retirement.

(c) The survivor benefit allowance is in lieu of the return of the member's accumulated retirement contributions.

23855. (a) The survivor benefit allowance is a monthly allowance equal to one-half of the modified retirement allowance the member would have received at age 60 years, if the member had elected an Option 3 naming the spouse as the option beneficiary.

(b) The Option 3 allowance shall be based on the member's actual service credit and final compensation at time of death, the age 60 retirement factor, and the member's and spouse's ages as of the member's 60th birthday anniversary. If death occurs after the member attained age 60 years, the actual final compensation, retirement factor, and the member's and spouse's ages as of the date of death shall be used in the Option 3 allowance calculation.

(c) The allowance calculation shall include service credit for the unused sick leave that the member was entitled to on the date of the member's death. Eligibility for the use of sick leave and calculation of service credit shall be determined pursuant to Section 22717.

(d) The surviving spouse may elect to begin receiving the survivor benefit allowance immediately as of the date of the member's death or to defer receipt of the allowance to the date the member would have attained age 60 years. If the payments to the surviving spouse commence prior to the date the member would have attained age 60 years, the allowance payable shall be subject to a reduction as periodically determined by the board.

(e) If the spouse elects, pursuant to Section 23852, to receive the survivor benefit allowance, an additional increment of 10 percent of final compensation is payable for each eligible dependent child up to the attainment of age 21 years, up to a maximum of 50 percent of final compensation for the children's increment. The children's increment shall begin to accrue on the day following the member's date of death and shall be payable even if the spouse elects to postpone receipt of the base survivor benefit allowance until the member's 60th birthday anniversary.

23856. (a) If there are eligible dependent children who are not in the care of the surviving spouse, they shall be included in the calculation of the children's increment portion of the survivor benefit allowance.

(b) Allowances payable to the eligible dependent children shall be paid to the guardian of the estate of the child, the natural or adoptive parent having custody of the child, or if none, then to the trustee of the trust established for the benefit of the child. In the case of a child who is age 18 years or older, the child's share of the allowance shall be paid to the guardian of the estate of the child, trustee of the trust established for the benefit of the child, or if none, then to the child.

23857. A stepchild or adopted child acquired subsequent to the death of the member shall not be entitled to any allowance and shall be excluded in the determination of allowances under this chapter.

23858. If the person or persons to whom a survivor benefit allowance is payable dies or no longer qualifies for the allowance, the allowance shall be terminated on the day of the event except as provided in Section 24600.

23859. (a) Upon termination of a survivor benefit allowance pursuant to this chapter and prior to the payment of allowances equal to the amount of the member's accumulated retirement

contributions at the time of death, the remaining balance shall be paid to the estate of the spouse.

(b) Payments provided under this section shall include credited interest on the unpaid balance calculated from the date survivor benefit allowances were last paid or from the date of death of the member, if no survivor benefit allowance payments were made, to the date the balance is paid.

CHAPTER 24. RETIRED DEATH BENEFITS

23880. (a) A death payment of five thousand dollars ($5,000) shall be paid to the beneficiary upon receipt of proof of death of either of the following:

(1) A retirant.

(2) A member, if the death payment pursuant to Section 23801 would have otherwise been payable or if the conditions specified pursuant to paragraph (3) of subdivision (b) of Section 23854 are met, and if the member's death occurs within one of the following periods:

(A) One year commencing with the effective date of reinstatement from service retirement pursuant to Section 24208.

(B) Six months commencing with the effective date of reinstatement from disability retirement pursuant to Section 24117.

(C) Six months commencing with the date of reinstatement from disability allowance.

(b) The board may adjust the death payment amount following each actuarial valuation based on changes in the All Urban California Consumer Price Index.

23881. (a) Upon receipt of proof of death of a retirant who retired after June 30, 1972, and of the retirant's option beneficiary, prior to the time the total retirement allowance paid or payable equals the accumulated retirement contributions at retirement, the difference shall be paid to the beneficiary, if no option was elected, or to the estate of the option beneficiary, if an option was elected.

(b) Payments provided under this section shall include credited interest on the unpaid balance calculated from the date retirement allowances were last paid to the date the balance is paid.

23882. Notwithstanding Chapter 3 (commencing with Section 13100) of Part 1 of Division 8 of the Probate Code or any other provision of law, death payments and return of contributions pursuant to Sections 23880 and 23881, if any, may be requested by the beneficiary and paid by the system as soon as practicable after receipt of proof of death.

CHAPTER 25. DISABILITY ALLOWANCE

24001. (a) A member may apply for a disability allowance if the member has five or more years of credited service and if all of the following requirements are met:

(1) At least four years were credited for actual service performed in a position requiring membership in the system. Credit received because of workers' compensation payments shall be counted toward the four-year requirement.

(2) The last five years of credited service have been served in this state.

(3) At least one year was credited for service performed subsequent to the date on which the member was reinstated to membership under Section 24208.

(4) At least one year was credited for service performed subsequent to the most recent refund of accumulated retirement contributions.

(5) The member has not attained normal retirement age, or has unused sick leave with sufficient days to have the member receive salary on account of sick leave to normal retirement age.

(6) The member is not applying for a disability allowance because of a physical or mental condition known to exist at the time the most recent membership in this system commenced and remains substantially unchanged at the time of application.

(b) Nothing in this section shall affect the right of a member to a disability allowance if the reason that the member has less than four years of actual service is due to an on-the-job injury or disease in a position requiring membership in the system.

(c) A member shall not be eligible for disability under this system while on a leave of absence to serve as a full-time elected officer of an employee organization, even if receiving service credit under Section 22711.

24002. The board may authorize payment of a disability allowance to any member who is qualified upon application by the member, the guardian or conservator, or the employer, if the application is made during any one of the following periods:

(a) While the member is employed or on a compensated leave of absence.

(b) While the member is physically or mentally incapacitated for performance of his or her duty and the incapacity has been continuous from the last day for which compensation was paid to the member.

(c) While the member is on a leave of absence without compensation, granted for reason other than mental or physical incapacity for performance of his or her duty, and within four months after the last day of employment for which compensation was paid to the member, or within 12 months while on an official district leave to study at an approved college or university.

(d) Within four months after the termination of the member's employment in a position requiring membership in the system, if the application was not made under subdivision (b) and was not made more than four months after the last day for which compensation was paid to the member.

(e) A member with children who becomes disabled prior to

normal retirement age, and whose sick leave will extend beyond normal retirement age, may be awarded a disability allowance with an effective date after normal retirement age, if application is filed prior to attaining normal retirement age.

(f) The member is not applying for a disability allowance because of a physical or mental condition that existed at the time the most recent membership in this system commenced and that remains substantially unchanged at the time of application.

24003. (a) The member shall provide medical documentation related to the impairment qualifying him or her for the disability allowance.

(b) On receipt of an application for disability allowance, the system may order a medical examination of a member to determine whether the member is incapacitated for further service. The medical examination shall be conducted by a practicing physician, selected by the board, with expertise in the member's disability and the board shall pay all costs associated with the examination. The board shall pay all other reasonable costs related to travel and meals in accordance with the rates set for state employees by the Department of Personnel Administration. If the member refuses to submit to the required medical examination, the application for disability allowance shall be rejected. The member shall either remain in the state, or return to this state at the member's own expense, to undergo the initial evaluations or examinations, or the application shall be disallowed, unless this requirement is waived by the board. If the member is too ill to be examined, the system shall postpone the examination until the member can be examined. The member or the member's treating physician shall inform the system, in writing, when the medical examination can be rescheduled.

(c) The system may reject the disability allowance application if the member fails to provide requested medical documentation to substantiate a disability, as defined in Section 22125, within 45 days from the date of the request or within 30 days from the time that a legally designated representative is empowered to act on behalf of a member who is too mentally or physically incapacitated to comply.

(d) If the board determines that a member who has applied for a disability allowance may perform his or her usual duties or those of a comparable level position with the assistance of reasonable accommodation, the board may require the member to request reasonable accommodation from the employer. Failure of the member to request reasonable accommodation, as directed by the board, may be grounds for cancellation of the disability allowance application.

(e) In the event that the employer fails or refuses to provide reasonable accommodation, the board may require the member to pursue an administrative appeal of the employer's denial as a condition for receiving a disability allowance.

24004. In those cases of willful substance abuse or where the board determines a member qualifying for a disability allowance

pursuant to Section 24001 has mental, physical, or vocational rehabilitation potential, the board may limit the disability allowance to a period not to exceed two years from the date of approval of the disability allowance. Notwithstanding Section 24013, the disability allowance shall terminate at the end of the period granted unless extended by the board.

24005. (a) A disability allowance shall become effective upon any date designated by the member, provided all of the following conditions are met:

(1) An application for disability allowance is filed on a form provided by the system.

(2) The effective date is later than the last day of service for which salary is payable to the member.

(3) The effective date is no earlier than either the first day of the month in which the application is received by the system in Sacramento, or the date upon and continuously after which the member is determined to the satisfaction of the board to have been mentally incompetent.

(b) If the member is employed in a position requiring membership in the system at the time the disability allowance is approved, the member shall notify the system in writing, within 90 days, of the last day on which he or she will perform service. If the member does not respond within 90 days, or if the last day on which service will be performed is more than 90 days after the date the system notifies the member of approval of the disability allowance, the member's application for a disability allowance shall be rejected and a disability allowance shall not be payable to the member.

24006. Upon qualification for disability, a member shall receive a disability allowance equal to 50 percent of final compensation payable in monthly installments. The allowance shall be increased by 10 percent of the final compensation for each child, to a maximum of four children.

24007. A member who qualifies for a disability allowance under this chapter and who has reached age 45 years, but who is not yet age 60 years, shall have his or her own allowance also calculated upon service with each year of credited California service providing 5 percent of final compensation. The disabilitant shall receive the lesser of this benefit or that provided by Section 24006 for the disabilitant's own allowance. The benefits for dependent children shall be as specified in Section 24006.

24008. To determine eligibility for benefits payable under family and disability allowances as a full-time student, all of the following shall apply:

(a) An individual shall be deemed to be a full-time student during any normal period of vacation or holiday of the institution involved, and there is sufficient evidence to satisfy the board of the intention to continue in full-time attendance at the educational institution immediately following the period of vacation or holiday.

(b) If the individual fails to return to full-time attendance

following vacation or holiday, the allowance ceases as of the first of the month in which return to full-time attendance was required.

(c) An individual does not qualify as a full-time student during any period of nonattendance if the nonattendance is due to expulsion or suspension.

(d) An individual shall not qualify as a full-time student if attendance at an educational institution is paid for and provided by the employer or is in the course of on-the-job training, unless the on-the-job training is part of the regularly established school training for which credit toward a diploma, certificate, or graduation is given. An individual shall not qualify as a full-time student for any full-time course of study which is directly paid for and sponsored under the Job Corps of the Economic Opportunity Act of 1964 (Public Law 88-452), as amended, or paid for or sponsored by any armed forces for this state or the United States of America.

24009. Allowances payable under Sections 24006 and 24007 on account of children shall be reduced when children become ineligible. The reduction shall take into account the increases made by application of the improvement factor. However, the member's disability allowance shall not be less than it would have been if there had never been any eligible children.

24010. Allowances payable under Sections 24006 and 24007 shall be reduced by an amount equal to the unmodified benefits paid or payable under other public systems for the same impairment or impairments that qualify the member for a disability allowance.

24011. Any member qualifying for disability allowance pursuant to this chapter with a disabling impairment amenable to treatment that could be expected to restore ability to perform the member's usual duties or those of a comparable level position shall participate in a treatment program prescribed by the member's treatment sources. Willful failure to initiate and continue participation in the program shall cause the disability allowance to be terminated. In determining whether a member has good cause for failure to follow the treatment, the board shall take into account whether treatment would abridge the member's right to the free exercise of religion.

24012. (a) Any member qualifying for a disability allowance pursuant to this chapter who is determined by the board to have a mental, physical, or vocational rehabilitation potential that could be expected to restore ability to perform the member's usual duties or those of a comparable level position shall participate in an appropriate program approved by the board. The board shall pay all reasonable costs of the approved program. Willful failure to initiate and continue participation in the program shall cause the disability allowance to be terminated. In determining whether a member has good cause for failure to participate in the program the board shall take into account whether the participation would abridge the member's right to the free exercise of religion.

(b) Any cost for the approved rehabilitation program prescribed by the board shall be paid directly by the system.

24013. The board may require any member receiving a disability allowance to undergo medical examination at such times as it deems necessary. The system may request the treating physician, upon authorization by the disabilitant, to complete a medical reevaluation questionnaire. The system shall reimburse the disabilitant for all reasonable costs related to this questionnaire if the cost of the questionnaire is no greater than two hundred fifty dollars ($250) and the disabilitant has no other health coverage for the costs of the medical questionnaire. The board may authorize any subsequent medical examination to be conducted by the treating source of the disabilitant at the expense of the disabilitant and, in any case, may require a medical examination to be conducted by a physician selected by the board, in which event, the board shall pay all reasonable costs associated with the examination. The board shall, in scheduling medical examinations, give consideration to the interests and convenience of the disabilitant. If the examination, together with other available information, shows to the satisfaction of the board that the disabilitant is no longer disabled, the disability allowance shall cease. Should the disabilitant refuse to submit to medical examination, as provided in this section, the disability allowance payments shall be discontinued and all rights of the disabilitant in the disability allowance shall be revoked.

24014. A disabilitant may be employed in a position requiring certification qualifications. The employment does not operate to terminate or suspend the disability allowance except as provided in Sections 23401 and 24015, and no deduction shall be made from the disabilitant's salary as contributions to this system.

24015. If a person who begins to receive a disability allowance after June 30, 1972, is employed, or is self-employed in any capacity in which his or her average earnings for any prior continuous six months amount to 66⅔ percent of the indexed final compensation, the person shall be presumed capable of performing gainful employment and no longer disabled. The disability allowance shall be terminated on the first day of the month following the six-month period. Any allowance paid thereafter shall be considered an overpayment and recovery shall be made.

24016. (a) For any one or more months in which a disabilitant's allowance, exclusive of amounts payable on account of minor children or full-time students, and earnings exceed 100 percent of indexed final compensation, 100 percent of the amount in excess shall be considered overpaid and recovery shall be made.

(b) This action does not apply to disabilitants who have allowances terminated under Section 24015 or who are enrolled in an approved rehabilitation program.

24017. If a person who began receiving a disability allowance after June 30, 1972, is enrolled in an approved rehabilitation program and the disability allowance, exclusive of amounts payable on account of minor children or full-time students, and earnings exceed 100 percent of indexed final compensation, 50 percent of the amount

in excess shall be considered as overpayment and recovery shall be made.

24018. Where a disabilitant returns to work in a comparable level position and within six months of return experiences a recurrence of the original disability, that can be medically substantiated, it shall be considered, for the purpose of determining the duration of the disability, that the condition had its onset as of the date the member first became disabled. The former disability allowance shall be restored as of the later of the first day of the month in which the recurrence of the disability occurred or the last day of compensation provided the member complies with the provisions in Section 24003.

CHAPTER 26. DISABILITY RETIREMENT

24100. This chapter governs the eligibility, allowance computations, and related provisions for the disability retirement program. This chapter applies to all persons who become members of the system on and after October 16, 1992, all persons who reenter membership on and after October 16, 1992, following a refund, and to all members as of October 15, 1992, who elect, pursuant to Chapter 21.5 (commencing with Section 23700), to be covered by the disability retirement program set forth in this chapter.

24101. (a) A member may apply for a disability retirement if the member has five or more years of credited service and if all of the following requirements are met:

(1) At least four years were credited for actual service performed in a position requiring membership in the system. Credit received because of workers' compensation payments shall be counted toward the four-year requirement.

(2) The last five years of credited service have been served in this state.

(3) At least one year (1.00) of credited service was earned subsequent to the date on which the member was reinstated to membership under Section 24208.

(4) At least one year (1.00) of credited service was earned subsequent to the date on which the member's disability allowance was terminated.

(5) At least one year (1.00) of credited service was earned subsequent to the most recent refund of accumulated retirement contributions.

(6) The member is not applying for a disability retirement because of a physical or mental condition known to exist at the time the most recent membership in this system commenced and that remains substantially unchanged at the time of application.

(b) Nothing in this section shall affect the right of a member to a disability retirement if the reason that the member has less than four years of actual service is due to an on-the-job injury or disease in a position requiring membership in the system.

(c) A member shall not be eligible for disability under this system

while on a leave of absence to serve as a full-time elected officer of an employee organization, even if receiving service credit under Section 22711.

24102. The board may authorize payment of a disability retirement allowance to any member who is qualified upon application by the member, the guardian or conservator, or the employer, if the application is made during any one of the following periods:

(a) While the member is employed or on a compensated leave of absence.

(b) While the member is physically or mentally incapacitated for performance of his or her duty and the incapacity has been continuous from the last day for which compensation was paid to the member.

(c) While the member is on a leave of absence without compensation, granted for reason other than mental or physical incapacity for performance of his or her duty, and within four months after the last day of employment for which compensation was paid to the member, or within 12 months while on an official district leave to study at an approved college or university.

(d) Within four months after the termination of the member's employment in a position requiring membership in the system, if the application was not made under subdivision (b) and was not made more than four months after the last day for which compensation was paid to the member.

(e) The member is not applying for a disability retirement allowance because of a physical or mental condition that existed at the time the most recent membership in this system commenced and that remains substantially unchanged at the time of application.

24103. (a) The member shall provide medical documentation related to the impairment qualifying him or her for the disability retirement.

(b) On receipt of an application for disability retirement, the system may order a medical examination of a member to determine whether the member is incapacitated for further service. The medical examination shall be conducted by a practicing physician, selected by the board, with expertise in the member's disability, and the board shall pay all costs associated with the examination. The board shall pay all other reasonable costs related to travel and meals in accordance with the rates set for state employees by the Department of Personnel Administration. If the member refuses to submit to the required medical examination, the application for disability retirement shall be rejected. The member shall either remain in this state, or return to this state at the member's own expense, to undergo the initial evaluations or examinations or the application shall be disallowed, unless this requirement is waived by the board. If the member is too ill to comply with this examination, the system shall postpone the examination until a time that the member can attend. The member or the member's treating

physician shall inform the system, in writing, when the medical examination can be rescheduled.

(c) The system may reject the disability retirement application if the member fails to provide requested medical documentation to substantiate a disability, as defined in Section 22125, within 45 days from the date of the request or within 30 days from the time that a legally designated representative is empowered to act on behalf of a member who is too incapacitated mentally or physically to comply.

(d) If the board determines that a member who has applied for disability retirement may perform his or her usual duties or those of a comparable level position with the assistance of reasonable accommodation, the board may require the member to request reasonable accommodation from the employer. Failure of the member to request reasonable accommodation, as directed by the board, may be grounds for cancellation of the disability retirement application.

(e) If the employer fails or refuses to provide reasonable accommodation, the board may require the member to pursue an administrative appeal of the employer's denial as a condition for receiving a disability retirement allowance.

24104. In those cases of willful substance abuse or where the board determines a member qualifying for disability retirement pursuant to this chapter has mental, physical, or vocational rehabilitation potential, the board may limit the disability retirement to a period not to exceed two years from the date of approval of the disability retirement. Notwithstanding Section 24112, the disability retirement allowance shall terminate at the end of the period granted unless extended by the board.

24105. (a) A disability retirement allowance shall become effective upon any date designated by the member, provided that all of the following conditions are met:

(1) An application for disability retirement is filed on a form provided by the system.

(2) The effective date is later than the last day of service for which salary is payable to the member.

(3) The effective date is no earlier than either the first day of the month in which the application is received by the system in Sacramento, or the date upon and continuously after which the member is determined to the satisfaction of the board to have been mentally incompetent.

(b) If a member's application for disability retirement does not contain an election of either an unmodified allowance or an allowance modified under an option and if the member subsequently submits an election, but not within the 30-day period established pursuant to Section 24301, the board shall set a benefit effective date which is no earlier than the first day of the month in which the subsequent election is received by the system. If the member fails to submit an election pursuant to Section 24301 and within six months of the date the acknowledgement notice is mailed pursuant to

Section 24301, the member's application for disability retirement shall be rejected.

(c) If the member is employed in a position requiring membership in the system at the time the disability retirement is approved, the member shall notify the system in writing, within 90 days, of the last day on which he or she will perform service. If the member does not respond within 90 days, or if the last day on which service will be performed is more than 90 days after the date the system notifies the member of the approval of disability retirement, the member's application for disability retirement shall be rejected and a disability retirement allowance shall not be payable to the member.

24106. Upon retirement for disability pursuant to this chapter, a member shall receive a retirement allowance which shall consist of all of the following:

(a) An annual allowance equal to 50 percent of final compensation payable in monthly installments.

(b) An additional 10 percent of final compensation for each eligible dependent child, up to a maximum of 40 percent of final compensation.

(c) An annuity which shall be the actuarial equivalent of the accumulated annuity deposit contributions standing to the credit of the member's account on the effective date of the disability retirement.

24107. A disability retirant may elect an option pursuant to Sections 24301 and 24304 to modify the disability retirement allowance payable pursuant to subdivision (a) of Section 24106.

24108. Retirement allowances payable pursuant to Section 24106 on account of eligible dependent children shall be reduced when children become ineligible. The reduction shall take into account the increases made by application of the improvement factor. However, the retirant's allowance shall not be less than it could have been if there had never been any eligible dependent children.

24109. Retirement allowances payable pursuant to subdivision (a) of Section 24106 shall be reduced by an amount equal to the unmodified benefits paid or payable under a workers' compensation program for the same impairment or impairments that qualify the member for a disability retirement allowance.

24110. Any member qualifying for disability retirement pursuant to this chapter with a disabling impairment amenable to treatment that could be expected to restore ability to perform the member's usual duties or those of a comparable level position shall participate in a treatment program prescribed by the member's primary treating physician. Willful failure to initiate and continue participation in the program shall cause the disability retirement allowance to be terminated. In determining whether a member has good cause for failure to follow that treatment, the board shall take into account whether the treatment would abridge the member's right to the free exercise of religion or whether the medical

condition has worsened as determined by the member's treating physician and substantiated by medical evidence.

24111. (a) Any member qualifying for disability retirement pursuant to this chapter who is determined by the board to have a mental, physical, or vocational rehabilitation potential that could be expected to restore ability to perform the member's usual duties or those of a comparable level position shall participate in an appropriate program approved by the board. The board shall pay all reasonable costs of the approved program. Willful failure to initiate and continue participation in the program shall cause the disability retirement allowance to be terminated. In determining whether a member has good cause for failure to participate in the program the board shall take into account whether the participation would abridge the member's right to the free exercise of religion or whether the medical condition has worsened as determined by the member's treating physician and substantiated by medical evidence.

(b) Any cost for the approved rehabilitation program prescribed by the board shall be paid directly by the system.

24112. The board may require any disability retirant receiving an allowance to undergo medical examination at such times as it deems necessary. The system may request the treating physician, upon authorization by the disability retirant, to complete a medical reevaluation questionnaire. The system shall reimburse the disability retirant for all reasonable costs related to this questionnaire if the cost of completing the questionnaire is no greater than two hundred fifty dollars ($250) and the disability retirant has no other health coverage that pays for the cost of completing the medical questionnaire. The board may authorize any subsequent medical examination to be conducted by the treating source of the retirant at the expense of the retirant and, in any case, may require a medical examination to be conducted by a physician selected by the board, in which event, the board shall pay all reasonable costs associated with the examination. The board shall, in scheduling medical examinations, give consideration to the interests and convenience of the disability retirant receiving the disability retirement allowance. If the examination, together with other available information, shows to the satisfaction of the board that the retirant is no longer disabled, the disability retirement allowance shall cease. Should the retirant refuse to submit to medical examination, as provided in this section, payments to the member under the disability shall be discontinued and all rights of the member in the disability retirement allowance shall be revoked.

24113. A disability retirant may be employed in a position requiring certification qualifications. The employment does not operate to terminate or suspend the disability retirement allowance and no deduction shall be made from the disability retirant's salary as contributions to this system.

24114. A member who begins to receive a disability retirement allowance after October 15, 1992, may be employed or self-employed

in any capacity. In any one calendar year, the retirant may earn not more than the maximum amount earnable as determined by the board pursuant to Section 24214. The earnings limitation shall not be applicable to a disability retirant who is participating in an approved rehabilitation program pursuant to Section 24111.

24115. (a) In any calendar year in which a disability retirant's earnings from all employment exceeds the earnings limit established pursuant to Section 24114, the allowance of the retirant shall be reduced by the amount of the excess.

(b) This section does not apply to a disability retirant who is enrolled in an approved rehabilitation program.

24116. Any disability retirant whose last employment was in the California State University, as a member of this system or the Public Employees' Retirement System, may serve as a member of the teaching staff of the California State University and shall be subject to the employment limitations as provided by the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code).

24117. (a) Any retirant who is retired for disability pursuant to this chapter may be reinstated to membership by the board upon receipt of the retirant's written request to terminate the disability retirement allowance and reinstate to membership in the system.

(b) The allowance of a disability retirant who is determined by the board to no longer be eligible to receive a disability retirement allowance pursuant to this chapter shall be terminated and the disability retirant shall be reinstated to membership in the system.

24118. (a) Upon termination of a disability retirement allowance that was payable pursuant to this chapter, the individual account of the member shall be credited with the amount of the member's accumulated retirement contributions as they were on the effective date of disability retirement, less the sum of all payments made under subdivisions (a) and (b) of Section 24106. The reduction shall not be greater than the total of the accumulated retirement contributions.

(b) Upon the termination of a disability retirement, the accumulated annuity deposit contribution account of the member shall be credited with the amounts of those contributions as they were on the date the annuity became payable because of that retirement less the sum of all payments made pursuant to subdivision (c) of Section 24106.

24119. Where a disability retirant returns to work in a comparable level position and within six months of return experiences a recurrence of the original disability, which can be medically substantiated, it shall be considered, for the purpose of determining the duration of the disability, that the condition had its onset as of the date the member first became disabled. The former disability retirement allowance shall be restored as of the later of the first day of the month in which the recurrence of the disability occurred or the last day of compensation, provided the member

complies with Section 24103.

CHAPTER 27. SERVICE RETIREMENT

24201. (a) Any member who comes within any of the following descriptions may be retired for service at his or her option upon written application for retirement to the board, subject to the following conditions:

(1) The member has attained age 55 years or more and has at least five years of credited California service, at least one year of which has been performed subsequent to the most recent refund of accumulated retirement contributions, if five of the final six years of credited service have been in this state.

(2) The member is credited with service that is not used as a basis for benefits under any other public retirement system, if he or she has attained age 55 years and retires concurrently under the Public Employees' Retirement System, the Legislators' Retirement System, the University of California Retirement System, or a local system.

(b) In the calculation of allowances of members who qualify for retirement under paragraph (1) of subdivision (a) and who are not qualified for retirement under paragraph (2) of that subdivision, there shall be excluded any service performed in other states of the United States, its territories and possessions, or in Canada.

(c) Application for retirement under paragraph (2) of subdivision (a) may be made at any time, and those applicants are not subject to Section 24220.

24202. (a) Upon retirement for service that became effective after June 30, 1972, a member shall receive a retirement allowance that shall consist of both of the following:

(1) An annual allowance payable in monthly installments, upon retirement at normal retirement age or over, equal to 2 percent of the final compensation for each year of credited service. If the retirement of a member is effective at less than normal retirement age and between early retirement age and normal retirement age, this allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month that will elapse until the member will attain normal retirement age.

(2) An annuity that shall be the actuarial equivalent of the accumulated annuity deposit contributions standing to the credit of his or her account at the time of his or her retirement.

(b) In computing the amounts described in subdivision (a), the age of the member at the last day of the month in which the retirement allowance begins to accrue or such later date as provided in Section 24204 shall be used.

24203. (a) Members with 30 years of credited service may retire at age 50 years or older and receive an annual allowance equal to 2 percent of final compensation for each year of credited service. If the member has attained age 50 years, but has not attained early retirement age, the allowance shall be reduced by one-quarter of 1

percent for each full month or fraction of a month that will elapse until the member will attain early retirement age and one-half of 1 percent for each full month, or fraction between early retirement age and normal retirement age.

(b) In computing the amounts described in subdivision (a), the age of the member at the last day of the month in which the retirement allowance begins to accrue or any later date provided in Section 24204 shall be used.

24204. A retirement allowance shall become effective upon any date designated by the member, subject to all of the following conditions:

(a) An application for retirement allowance is filed on a form provided by the system, which is executed no earlier than six months before the effective date of retirement allowance.

(b) The effective date is later than the last day of credited service for which salary is payable to the member.

(c) The effective date is no earlier than the first day of the month in which the application is received by the system in Sacramento.

(d) Either of the following conditions exists:

(1) The effective date is no earlier than one year following the date on which the member was reinstated to membership from disability allowance or was reinstated under Section 24208, or subdivision (a) of Section 24117.

(2) The effective date is no earlier than the date upon and continuously after which the member is determined to the satisfaction of the board to have been mentally incompetent.

24205. (a) The board shall, in consultation with members, develop, adopt, and implement an additional optional retirement plan that will allow an employee to receive a minimum retirement allowance prior to normal retirement age if the employee has at least attained early retirement age. Under the plan, the member shall continue to receive the minimum retirement allowance past normal retirement age until the amounts paid prior to normal retirement age equal the difference between the minimum retirement allowance and the benefits that would have been provided to the member under regular service retirement at normal retirement age, and thereafter shall be paid the regular service retirement allowance for normal retirement age. The board shall determine the age past normal retirement at which the increase will be made by determining how long the minimum retirement allowance would have to be paid beyond age 60 years in order for the amount paid prior to age 60 years to equal the difference between the minimum retirement allowance and the amount that would have been provided to the member under regular service retirement at normal retirement age. The board shall integrate the optional plan adopted under this section with the other retirement options that a member may elect under this part.

(b) For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be

determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

(c) The additional employer contributions required, if any, under this section shall be computed as a level percentage of member compensation. The additional contribution rate required, if any, shall not be less than the sum of (1) the actuarial normal cost, plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from January 1, 1979.

24206. The minimum unmodified allowance, exclusive of annuities from accumulated annuity deposit contributions payable for service retirement, shall not be less than ten dollars ($10) per month multiplied by the years of credited service. This guaranteed amount shall be reduced by the amount of an unmodified allowance payable from a local system based on service credited by this system. If the retirement is effective at less than age 60 years this allowance shall be reduced by one-half of 1 percent for each full month or fraction of a month that will elapse until the member would have reached age 60 years.

24207. If a service retirant reenters the system as a member and subsequently retires, the minimum retirement allowance is the allowance provided by Section 24206.

24208. Any retirant who is retired for service may be reinstated to membership by the board upon receipt of the retirant's written request to terminate the retirement allowance and reinstate to membership in the system.

24209. Upon retirement for service following a prior service retirement and subsequent reinstatement to membership in the system, the member shall receive a service retirement allowance that shall equal the sum of both of the following:

(a) An amount equal to the monthly allowance the member was receiving immediately preceding the most recent reinstatement, exclusive of any amounts payable pursuant to Section 22714 or 22715, increased by the improvement factor that would have been applied to the allowance if the member had not reinstated.

(b) An amount calculated pursuant to Section 24202, 24203, or 24206 on service credited subsequent to the most recent reinstatement, the member's age at retirement, and final compensation.

24210. Upon retirement for service following a prior disability retirement granted pursuant to Chapter 26 (commencing with Section 24100) and subsequent reinstatement to membership in the system, the member shall receive a service retirement allowance calculated pursuant to Section 24202, 24203, or 24206 and equal to the sum of both of the following:

(a) An amount based on service credit accrued prior to the effective date of the disability retirement, the member's age as of the effective date of the service retirement, and indexed final

compensation to the effective date of the service retirement.

(b) An amount based on the service credit accrued after reinstatement from disability retirement, the member's age as of the effective date of service retirement, and final compensation.

24211. When a member who has been granted a disability allowance after June 30, 1972, returns to employment requiring membership in the system and performs:

(a) Less than three years of credited service after termination of the disability allowance, the member shall receive a retirement allowance which is the sum of the allowance calculated on service credit accrued after the termination date of the disability allowance, the age of the member on the last day of the month in which the retirement allowance begins to accrue, and final compensation using compensation earnable and projected final compensation, plus the greater of either of the following:

(1) A service retirement allowance calculated on service credit accrued as of the effective date of the disability allowance, the age of the member on the last day of the month in which the retirement allowance begins to accrue, and projected final compensation to the termination date of the disability allowance.

(2) The disability allowance the member was receiving immediately prior to termination of that allowance, exclusive of increments added for children.

(b) Three or more years of credited service after termination of the disability allowance, the member shall receive a retirement allowance that is the greater of the following:

(1) A service retirement allowance calculated on all actual and projected service, the age of the member on the last day of the month in which the retirement allowance begins to accrue, and final compensation using compensation earnable, or projected final compensation, or a combination of both.

(2) The disability allowance the member was receiving immediately prior to termination of that allowance, exclusive of increments added for children.

24212. If a disability allowance granted after June 30, 1972, is terminated for reasons other than those specified in Section 24213 and the member does not return to employment pursuant to Section 22131, the service retirement allowance, when payable, shall be based on projected service, projected final compensation, and the age of the member on the last day of the month in which the retirement allowance begins to accrue. The allowance payable under this section, excluding annuities payable from accumulated annuity deposit contributions, shall not be greater than the terminated disability allowance exclusive of increments added for children.

24213. (a) When a member who has been granted a disability allowance after June 30, 1972, attains normal retirement age, or at a later date when there are no children, the disability allowance shall be terminated and the member is eligible for service retirement. The retirement allowance shall be calculated on the projected final

compensation and projected service to normal retirement age. The allowance payable under this section, excluding annuities payable from accumulated annuity deposit contributions, shall not be greater than the terminated disability allowance.

(b) Upon retirement, the member may elect to modify the service retirement allowance payable in accordance with any option provided under this part.

24214. (a) Any service retirant may be employed by a school district or other employing agency and earn not more than fifteen thousand dollars ($15,000) in any one school year and the rate of pay for that employment shall not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties. The employment shall not operate to reinstate the retirant as a member of this system, or to terminate or suspend his or her retirement allowance, and no deduction shall be made from his or her salary as contributions to this system.

(b) The maximum amount earnable under this section shall be adjusted by the board on July 1, 1991, and on each July 1, thereafter, by the annual amount of increase in the All Urban California Consumer Price Index using December 1989 as the base.

24215. Any service retirant whose last employment was in the California State University, as a member of this system or the Public Employees' Retirement System, may serve as a member of the teaching staff of the California State University and shall be subject to the employment limitations as provided by the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code).

24216. If a service retirant receives payment in excess of the limitation set forth in Section 24214 or 24215, the allowance of the service retirant shall be reduced by the amount of that excess.

24217. A person who was a member on June 30, 1972, and had five or more years of service and who had attained age 55 years, shall have the option of receiving the allowance payable under Section 14245, as it read on that date in lieu of the allowance payable under subdivision (a) of Section 24202.

24218. For the purpose of calculating retirement allowances, credit for service performed between June 30, 1956, and July 1, 1968, on a part-time basis in each school year shall be based on the ratio that service performed bears to the minimum full-time service required for credit for a year of service.

24219. Members who were retired under a previously existing local teachers' retirement system or the San Francisco City and County Employees' Retirement System prior to July 1, 1972, who have not retired under the State Teachers' Retirement System, for the allowance that existed for local system service performed prior to July 1, 1972, shall have that part of the retirement allowance computed under the law in effect on June 30, 1972, whenever they retire in the future.

24220. (a) If the last day of a member's service was performed

prior to July 1, 1935, he or she shall have the right to make application for retirement only after performing additional service in a status requiring membership in this system, of not less than two years, after June 30, 1950.

(b) Subdivision (a) shall not be applicable if a member performed at least three schooldays of service on or after July 1, 1935, and prior to July 1, 1950, even though compensation for that service was not paid out of any public funds, and if that person taught for 15 years or more before July 1, 1935. This provision became effective on November 10, 1969.

(c) Insofar as subdivision (b) creates any rights to a retirement or disability allowance under this chapter, that allowance shall only be payable for periods commencing with November 10, 1969.

CHAPTER 28. OPTIONS

24300. (a) Any member prior to the effective date of the member's retirement may elect an option that is an actuarially modified retirement allowance payable throughout the life of the member and his or her option beneficiary as follows:

(1) Option 2. Upon the retirant's death, the modified retirement allowance equal to the modified amount the retirant was receiving shall be paid to the option beneficiary.

(2) Option 3. Upon the retirant's death, one-half of the modified retirement allowance the retirant was receiving shall be paid to the option beneficiary.

(3) Option 4. The modified retirement allowance shall be paid to the retirant so long as both the retirant and the option beneficiary are living. Upon the death of either the retirant or the option beneficiary, two-thirds of the modified retirement allowance shall be paid to the surviving retirant or the surviving option beneficiary.

(4) Option 5. The modified retirement allowance shall be paid to the retirant so long as both the retirant and the option beneficiary are living. Upon the death of either the retirant or the option beneficiary, one-half of the modified retirement allowance shall be paid to the surviving retirant or surviving option beneficiary.

(5) Option 6. Upon the retirant's death, the modified retirement allowance equal to the modified amount the retirant was receiving shall be paid to the option beneficiary. However, if the option beneficiary predeceases the retirant, the retirement allowance without modification for the option shall be payable to the retirant.

(6) Option 7. Upon the retirant's death, one-half of the modified retirement allowance the retirant was receiving shall be paid to the option beneficiary. However, if the option beneficiary predeceases the retirant, the retirement allowance without modification for the option shall be payable to the retirant.

(b) The option beneficiary, for purposes of this section, shall have been designated by the retirant by written designation duly executed and filed with the system at the time of the member's

retirement.

(c) A member may revoke or change his or her election of an option at any time prior to the effective date of the member's retirement.

24301. (a) Any member who has filed an application for a disability retirement pursuant to Chapter 26 (commencing with Section 24100) may elect, as provided in Section 24300, to receive an actuarially modified disability retirement allowance. After receipt of a disability retirement application from a member, the board shall mail an acknowledgement notice to the member. A 30-day period shall commence with the mailing of the notice, during which time the member may change the option election made on the disability retirement application.

(b) The option shall be effective on the effective date of the disability retirement allowance. The modification of the disability retirement allowance under the option elected shall be based on the ages of the disability retirant and the named option beneficiary as of the effective date of the disability retirement.

(c) The elected option may not be revoked or changed after the later of the effective date of the disability retirement allowance or 30 days after the mailing of the acknowledgement notice pursuant to this section.

(d) If a member dies prior to electing an unmodified allowance or an option, the member will be considered to have died while in active status, regardless of whether the disability retirement application is or would have been approved.

24302. Upon a member's reinstatement to membership pursuant to Section 24208, any option elected at the time of retirement pursuant to Section 24300 shall be considered to be a preretirement election of an option elected as of the effective date of the prior retirement and shall be subject to the same provisions as an option elected under Section 24307.

24303. Reinstatement to membership pursuant to Section 24208 does not cancel an option elected under the provisions of Section 24300 or 24307. The option shall remain in effect unchanged and shall be reapplied to the allowance payable upon the subsequent retirement.

24304. Upon reinstatement of a retirant to membership from disability retirement pursuant to Section 24117, any option elected at the time of retirement pursuant to Section 24301 shall be voided as of the effective date of the reinstatement. The preretirement election of option subsequent to reinstatement pursuant to Section 24117 is subject to the following:

(a) Members may not make a preretirement election of option pursuant to Section 24307 prior to attaining 55 years of age.

(b) Any member who was receiving an unmodified disability retirement allowance prior to reinstatement may not make a preretirement election of option earlier than six months following the date on which the member reinstated pursuant to Section 24117.

(c) Any member who is elected an option pursuant to Section 24301, and is otherwise eligible to make a preretirement election of an option, may make the election anytime during the six months following the date on which the member reinstated pursuant to Section 24117. The member shall elect the same option and retain the same option beneficiary as made under Section 24301 when making the election during the six-month period following the date of reinstatement from disability retirement.

24305. (a) A retirant may cancel the option elected as provided in Section 24300 if the option beneficiary is the retirant's spouse or former spouse in the event a final decree of dissolution of marriage or a judgment of nullity has been entered or an order of separate maintenance has been made on or after January 1, 1978, by a court of competent jurisdiction. A retirant may make the cancellation before or after the first retirement allowance check.

(b) The retirant shall notify the board in writing, and notification shall not be sooner than the effective date of the judgment or order and shall include a certified copy of the final decree of dissolution, or judgment of nullity, or an order of separate maintenance, and any property settlement agreement.

(c) Upon notification to the board, the retirant may elect (1) to receive the unmodified retirement benefit from the date of receipt of notification; or (2) a new joint and survivor option under Section 24300, naming a new option beneficiary. The modification of the retirement allowance under the new option elected shall be based on the ages of the retirant and the nominated option beneficiary at the date the election was received. However, a retirant may not elect a joint and survivor option that would result in any additional liability to the fund. The election shall be consistent with the final judgment or property settlement agreement.

24306. (a) (1) A retirant who elected Option 2, Option 3, Option 4, or Option 5 may name a new beneficiary and select a second joint and survivor option described in Section 24300 if the option beneficiary designated at the time the option was elected predeceases the retirant.

(2) The effective date of the election of the new joint and survivor option shall be one year following the date notification is received by the board, provided both the retirant and the designated option beneficiary are then living. The notification shall include a certified copy of the death certificate of the predeceased beneficiary and a properly executed form for the new joint and survivor option.

(3) The selection of the new joint and survivor option under this subdivision and Section 24300 is subject to an actuarial modification in the amount of the retirement allowance. However, a retirant may not elect a joint and survivor option that would result in any additional liability to the fund.

(b) If the option beneficiary designated in the preretirement election of an Option 6 or 7 pursuant to Section 24307 dies prior to the member's retirement, preretirement election shall be

automatically canceled as of the day following the date of death pursuant to Section 24309 and the member's subsequent retirement allowance shall be subject to the allowance reduction prescribed in that section.

(c) If the option beneficiary designated in the election of an Option 6 or 7 pursuant to Section 24300 or 24307 dies after the member's retirement, the retirement allowance without modification for the option shall be payable to the retirant upon notification to the board and shall commence to accrue to the retirant as of the day following the date of the death of the option beneficiary. Notification to the board shall include a certified copy of the death certificate of the predeceased beneficiary.

24307. (a) Any member who has qualified to make application for retirement allowance under Section 24201 may elect, as provided in Section 24300, and except as provided in Section 24305, without right of revocation or change after the effective date of his or her retirement, to receive an actuarially modified service retirement allowance as of the date of retirement, of the retirement allowance payable to the member when and if the member retires for service. If the death of the member occurs after the date upon which the election has been signed, the election shall be in full force and effect. The election shall be void if not received in the system's office in Sacramento within 30 days after the date of signature.

(b) Upon the member's death, prior to the effective date of retirement, the beneficiary who was designated under the option elected and who survives shall receive an allowance calculated under the option, upon the assumption that the member retired for service on the date of death. The payment of the allowance to the option beneficiary shall be in lieu of the family allowance provided in Section 23804, the payment provided in subdivision (a) of Section 23802, the survivor benefit allowance provided in Section 23854, and the payment provided in paragraphs (1) and (2) of subdivision (a) of Section 23852, except that if the beneficiary dies before all accumulated contributions are paid, the balance, if any, shall be paid to the estate of the person last receiving or entitled to receive the allowance. The accumulated annuity deposit contributions and the death payment provided in Sections 23801 and 23851, shall be paid to the designated beneficiary in a lump sum.

(c) If the member subsequently retires for service, and the elected option has not been canceled pursuant to Section 24309, a modified service retirement allowance computed under Section 24300 and the option elected shall be paid.

(d) The amount of the service retirement allowance prior to applying the option factor shall be calculated as of the earlier of the member's age at death before retirement, or age on the last day of the month in which the member requested service retirement be effective. The modification of the service retirement allowance under the option elected shall be based on the ages of the member and the beneficiary designated under the option, at the date the

election was signed.

(e) Any member reinstated to membership pursuant to Section 24208 is not eligible to file a preretirement election of an option until one year after the date of reinstatement.

(f) The system shall inform members who are qualified to make application for a preretirement election of an option, through the annual statements of account, that the option is available.

24308. (a) The election of an option as provided in Section 24307 shall preclude the payment of a disability allowance or family allowance to the member or any beneficiary. Members receiving a disability allowance under Section 24006 or 24007 may not file an election of option as provided in Section 24307.

(b) The preretirement election of an option made by the member pursuant to Section 24307 shall be voided by the board as of the effective date of an approved disability retirement. Members receiving a disability retirement allowance pursuant to Chapter 26 (commencing with Section 24100) may not file an election of option as provided in Section 24307.

24309. If a member cancels the election of an option made pursuant to Section 24307, written cancellation shall be received by the board on or before the day preceding the effective date of retirement or during the period between reinstatement pursuant to Section 24208 or Section 24117 and the effective date of the subsequent retirement. Regardless of how the member elects to receive his or her retirement allowance, that allowance shall be reduced by one-half of 1 percent for each year or partial year that Option 3, Option 5, or Option 7 is in effect, or by six-tenths of 1 percent for each year or partial year that Option 4 is in effect, or by three-fourths of 1 percent for each year or partial year that Option 2 or Option 6 is in effect.

24310. If a member cancels an election under Section 24307, the member may again elect an option under the provisions of that section. If the member elects to change an option during any year, the reduction for that year shall be that for the option to which the greater reduction under Section 24309 is applicable.

24311. (a) A member who has a preretirement election of an option in effect on December 31, 1990, may change his or her preretirement election of Option 2, Option 3, Option 4, or Option 5, to either Option 6 or Option 7 without the allowance reduction prescribed in Sections 24309 and 24310, provided the change is made on or after January 1, 1991, and prior to the earlier of January 1, 1992, or the member's retirement.

(b) If the member elects to change his or her option under this section, then the member shall retain the same option beneficiary as named in the prior preretirement election. The election to change the preretirement election under this section shall be void if not received in the system's office in Sacramento at least 30 days prior to the death of the option beneficiary.

CHAPTER 29. BENEFIT MAINTENANCE

24400. The Legislature recognizes that inflation erodes the purchasing power of benefits paid under the State Teachers' Retirement System. It is the intent of the Legislature to understand the degree of erosion of these benefits. The board shall report to the Governor and Legislature no later than April 1 of each year on the extent to which inflation has eroded the purchasing power of benefits under the State Teachers' Retirement System. The board shall indicate the amount of supplementary increases in retirement allowances required to preserve the purchasing power of benefits provided by the system. The board shall also determine and report on the increases.

24401. This chapter does not give any retirant, or his or her successors in interest, or his or her beneficiary, any claim against the system for any increase in any allowance paid or payable prior to July 1, 1972.

24402. (a) Service retirement allowances, disability allowances, disability retirement allowances, family allowances, and survivor benefit allowances payable pursuant to this part shall be increased by application of the benefit improvement factor.

(b) Allowances payable to beneficiaries on account of options elected under Section 24300, 24301, or 24307 shall be increased by application of the improvement factor. This factor shall be applicable on the same date when it would have been applied to the allowance of the deceased person.

(c) The benefit improvement factor shall not be applied to an annuity that is the actuarial equivalent of the accumulated annuity deposit contributions standing to the credit of the member's account on the effective date of a service or disability retirement.

24403. The allowances that commenced to accrue prior to July 1, 1972, and payable on August 1, 1972, exclusive of annuities from the Annuity Deposit Fund and tax-sheltered annuities payable under former Sections 14193, 14280 and 14284, as those sections read on June 30, 1972, shall be increased by application of the benefit improvement factor on September 1, 1973, and annually thereafter.

24404. (a) Effective July 1, 1973, the benefits of persons eligible for survivor benefits pursuant to Section 23804 as it read on June 30, 1972, shall be increased as follows:

(1) Those eligible for ninety dollars ($90) per month shall be increased to one hundred five dollars ($105) per month.

(2) Those eligible for one hundred eighty dollars ($180) per month shall be increased to two hundred ten dollars ($210) per month.

(3) Those eligible for two hundred fifty dollars ($250) per month shall be increased to two hundred ninety-five dollars ($295) per month.

(b) These benefits shall be subject to the provisions of Section 22139 and 24403 with the first annual improvement to occur on

September 1, 1974, and annually thereafter.

24405. The first three hundred dollars ($300) of the monthly allowances payable by the system to retirants, disabilitants, and beneficiaries are increased as of July 1, 1976, as follows if the member had 20 or more years of credited service:

(a) For those with effective dates prior to July 1, 1972, 9 percent.

(b) For those with effective dates from July 1, 1972, to June 30, 1973, 6 percent.

(c) For those with effective dates from July 1, 1973, to June 30, 1974, 3 percent.

24406. The first three hundred dollars ($300) of the monthly allowances payable by the system to retirants, disabilitants, and beneficiaries are increased as of July 1, 1978, for those members receiving allowances on July 1, 1978, if the member had less than 20 years of credited service, as follows:

(a) For those with effective dates prior to July 1, 1972, 9 percent.

(b) For those with effective dates from July 1, 1972, to June 30, 1973, 6 percent.

(c) For those with effective dates from July 1, 1973, to June 30, 1974, 3 percent.

24407. (a) The monthly allowances payable by the system to retirants, disabilitants, and beneficiaries are increased as of January 1, 1980, for those persons receiving allowances with respect to members who retired or died prior to June 30, 1973, to the amount that results when the initial allowance that was received by those members is multiplied by the percentage set forth opposite the year of retirement or death in the following schedule:

Period During Which Retirement or Death Occurred	Percentage
On or before June 30, 1958	180.4
12 months ending June 30, 1959	175.8
12 months ending June 30, 1960	172.2
12 months ending June 30, 1961	169.8
12 months ending June 30, 1962	167.8
12 months ending June 30, 1963	165.5
12 months ending June 30, 1964	163.0
12 months ending June 30, 1965	159.8
12 months ending June 30, 1966	156.7
12 months ending June 30, 1967	153.1
12 months ending June 30, 1968	147.5
12 months ending June 30, 1969	141.6
12 months ending June 30, 1970	134.5
12 months ending June 30, 1971	128.7
12 months ending June 30, 1972	124.5
12 months ending June 30, 1973	119.6

(B) For those retirants, disabilitants, and beneficiaries receiving an allowance with an effective date prior to July 1, 1965, the initial

allowance, for purposes of this section, shall be deemed to be the allowance payable on July 1, 1965. However, for purposes of determining the allowance payable under this section, the percentage corresponding to the actual year of retirement shall be applied.

24408. (a) The minimum unmodified allowance, exclusive of annuities from accumulated annuity deposit and tax-sheltered contributions, of a person retired prior to January 1, 1981, shall be an amount equal to at least sixteen dollars ($16) per month multiplied by the years of credited service. This guaranteed amount shall be increased as of October 1, 1980, and shall be reduced by the amount of an unmodified allowance payable from a local system based on service credited by this system. If the retirement was effective at less than age 60 years, this allowance shall be reduced by one-half of 1 percent for each full month or fraction of a month that would have elapsed until the retirant would have reached age 60 years. If the retirant elected to have his or her allowance modified under Option 2 or 3, the increase in the retirant's allowance shall be modified under the option selected.

(b) The board may make lump sum payments for increases between October 1, 1980 and January 1, 1981.

24409. The minimum unmodified allowance, exclusive of annuities from accumulated annuity deposit and tax-sheltered contributions, of (a) a person who retired on or before December 31, 1981, (b) the option beneficiary of a person who retired on or before December 31, 1981, or (c) a person receiving a monthly allowance in lieu of the death benefit payable on account of the death of a member whose death occurred prior to July 1, 1972, shall be an amount equal to at least eighteen dollars ($18) per month multiplied by the years of credited service. This guaranteed amount is increased as of September 1, 1981, and is applicable to allowances paid on and after September 1, 1981. If the retirement was effective at less than age 60 years, this allowance shall be reduced by one-quarter of 1 percent for each full month or fraction of a month that would have elapsed until the retirant reached age 55 years, and the allowance shall be reduced by one-half of 1 percent for each full month or fraction of a month between age 55 and age 60 years. If the retirant elected to have his or her allowance modified under Option 2 or 3, the increase in the retirant's allowance shall be modified under the option selected.

24410. (a) If the projected final compensation is used to calculate the service retirement allowance following the termination of the disability allowance or if the disability allowance is continued as the smaller of the two allowance calculations under Section 24213 or 24212, then the original disability allowance effective date shall be retained as the base date for purposes of determining postretirement benefit increases.

(b) This section shall be applicable for determining the base date for applicable postretirement increases made on or after January 1,

1982.

(c) This section shall only apply to service retirements effective the day after the termination date of the disability allowance.

24411. (a) (1) Annual cost-of-living adjustments for retirants, disabilitants, and beneficiaries in excess of the 2-percent adjustment authorized by Section 22139 may be included as a General Fund appropriation in the annual Budget Act. In the annual budget submitted to the Legislature, the Governor shall include a budget item equal to 5 percent of the average annualized statewide increase in payroll for certificated personnel over the three previous school years among school districts, county offices of education, and community college districts.

(2) The amount submitted in the annual Budget Act pursuant to this section shall be considered as part of the overall budget allocations to the public schools and community colleges.

(b) The annual appropriation shall be made to the system on July 1, and shall be placed in a segregated account called the Retirees' Purchasing Power Protection Account. The proceeds of that account are continuously appropriated and shall be distributed annually in quarterly payments commencing on September 1 to retirants, disabilitants, and beneficiaries as follows:

(1) The proceeds shall be allocated among those retirants, disabilitants, and beneficiaries whose allowances, after applying the 2-percent adjustment authorized by Section 22139, have the lowest purchasing power percentage, based on the amount that would be paid had the original allowance been increased by the increases in the index then being used by the Department of Finance to measure changes in the cost of living, increasing those allowances to a common minimum purchasing power level. In any year in which the purchasing power of the allowances of all retirants, disabilitants, and beneficiaries equals not less than 75 percent and additional funds remain from the allocation authorized by this section, those funds shall be allocated by the board to general accounts to reduce the unfunded actuarial liability of the fund.

(2) The board may deduct from the annual appropriation an amount necessary for administrative expenses to implement this section.

(c) The board shall inform each recipient of benefits under subdivision (b) that the increases are not cumulative, are not part of the base retirement allowance, and shall be available only as appropriated annually in the annual Budget Act.

(d) The adjustments authorized by this section shall not be included in the base allowance for purposes of calculating the 2-percent adjustment authorized by Section 22139.

(e) It is the ultimate intent and purpose of the Legislature in amending this section by Chapters 323 and 780 of the Statutes of 1983, to achieve a common minimum purchasing power level equal to 75 percent of the purchasing power of the original retirement allowance. It is the present intent of the Legislature that until

adequate funds are available to fulfill the ultimate intent, those persons whose retirement allowances have been most impacted by inflation shall be accorded first priority in receiving, pursuant to this section, supplemental cost-of-living adjustments from the Retirees' Purchasing Power Protection Account.

(f) This section shall not be operative in any fiscal year during which, as determined by the board, distributions provided for by Section 24415 are being made.

24412. (a) The annual revenues deposited to the Teachers' Retirement Fund pursuant to Section 6217.5 of the Public Resources Code are continuously appropriated without regard to fiscal year for the purposes of this section and shall be distributed annually in quarterly supplemental payments commencing on September 1 of each year to retirants, disabilitants, and beneficiaries. The amount available for distribution in any year shall be the income for that year from the sale or use of school lands and lieu lands, as estimated by the State Lands Commission prior to the beginning of the fiscal year, adjusted by the difference between the estimated and actual income for the preceding fiscal year. The board shall deduct from the revenues an amount necessary for administrative expenses to implement this section.

(b) The net revenues to be distributed shall be allocated among those retirants, disabilitants, and beneficiaries whose allowances, after sequentially applying the annual improvement factor as defined in Section 22139 and the annual supplemental payment as defined in Section 24411, if any, are below 75 percent of original purchasing power. The purchasing power calculation for each individual allowance shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of the distribution. The allocation shall provide a pro rata share of the amount needed to restore the allowance payable, after sequential application of the current year annual improvement factor and the supplemental payment under Section 24411, to 75 percent of original purchasing power.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) In any year that the net revenues from school lands and lieu lands is greater than that needed to adjust the allowances of all retirants, disabilitants, and beneficiaries to 75 percent of original purchasing power, the net revenues in excess of that needed for distribution shall be used by the board to reduce the unfunded actuarial obligation of the fund.

(e) The board shall inform each recipient of supplemental payments under this section that the increases are not cumulative and are not part of the base retirement allowance.

24413. Notwithstanding Section 24412, revenues from school lands or lieu lands related to the claim of the State of California to

the school lands within the area referred to as the Elk Hills Naval Petroleum Reserve, shall be deposited in the School Land Bank Fund established by Section 8711 of the Public Resources Code. Interest earnings from this source of revenue deposited in the School Land Bank Fund shall be transmitted to the retirement fund pursuant to Section 6217.5 of the Public Resources Code and shall be distributed pursuant to Section 24412.

24414. (a) Beginning in the 1989-90 fiscal year, and until the first fiscal year in which the Supplemental Benefit Maintenance Account established by Section 22400 derives sufficient resources from the General Fund pursuant to Section 22954 to provide purchasing power of 68.2 percent as authorized by Section 24415, the board shall transfer from the retirement fund to the Supplemental Benefit Maintenance Account those funds that are necessary to provide purchasing power of 68.2 percent as authorized by Section 24415. This subdivision shall become inoperative in the first fiscal year following the joint determination by the board and the Director of Finance that the funds scheduled for transfer from the General Fund pursuant to Section 22954 to the Supplemental Benefit Maintenance Account are adequate to meet the purposes of Section 24415.

(b) The funds advanced pursuant to subdivision (a) and any funds appropriated by Item 1920-111-835 of the Budget Act of 1989 from the retirement fund to provide purchasing power protection payments shall be repaid from those funds transferred pursuant to Section 22954 that are in excess of the resources required to meet the purposes of Section 24415. Repayment shall commence in any year in which those excess funds exist and shall continue until the time all funds advanced under this section and any funds appropriated by Item 1920-111-835 of the Budget Act of 1989 from the retirement fund to provide purchasing power protection payments are repaid. Repayment shall include regular interest from the time funds are advanced or appropriated until the time of repayment. After full repayment is made, the Director of Finance shall, notwithstanding Section 22954, adjust the percentage of the General Fund transfer in the amount which causes the balance in the account to equal a three-year reserve at the end of the subsequent fiscal year. The Director of Finance may base the adjusted rate on data provided by the board for projected payments in subject years, projected payroll, projected interest accrual to the account, and any other factors deemed relevant by the board.

(c) Notwithstanding Section 24415 or any other provision of law, if the state's contributions to the retirement fund provided by Section 22954 are, for any reason whatsoever, reduced or terminated before the retirement fund is fully repaid, as provided in subdivision (b), for all advances or transfers made pursuant to subdivision (a) and for any appropriations made by Item 1920-111-835 of the Budget Act of 1989 from the retirement fund to provide purchasing power protection payments, all duties of the board to make the advances or transfers required by subdivision (a) and to make the distributions

required by Section 24415 shall immediately cease and shall have no further force or effect.

(d) It is the intent of the Legislature, in enacting the Supplemental Benefit Maintenance Program embodied in this section and Section 22400, subdivision (b) of Section 22954, Section 24415, subdivision (b) of Section 44929, and subdivision (b) of Section 87488, not to manifest any promise, except as provided in subdivision (c) of Section 22954, that, when accepted, would create a contract, express or implied. Notwithstanding any other provision of this part, nothing in the sections establishing the Supplemental Benefit Maintenance Program shall be construed as a basis for any implied contractual obligation, or as an element of exchange of consideration by a private party for consideration offered by the state, or as an intent to grant private rights of contract, or as conferring any vested right whatsoever on any present or future member, present or future annuitant, present or future surviving spouse of a present or future member or a present or future annuitant, surviving child of a present or future member or a present or future annuitant, or present or future beneficiary of the system.

(e) Upon the mandatory inclusion of all members of the system within the Social Security system, the board shall review the benefit structure established by Section 24415 and the funding mechanism provided therefor by this section and Section 22954 and shall be prepared to provide an alternate benefit structure similar to those set forth in the report of the system entitled "Development of an Alternative Retirement Plan," dated March 1, 1989, and prepared pursuant to Section 22334.

(f) The board shall report annually to the Director of Finance and the appropriate fiscal and policy committees of the Legislature upon the benefits paid pursuant to Section 24415 and all actions taken pursuant to Section 22954 and this section.

24415. (a) The proceeds of the Supplemental Benefit Maintenance Account shall, except as otherwise provided by Section 24414, be distributed annually in quarterly supplemental payments commencing on September 1, 1990, to retirants, disabilitants, and beneficiaries. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 68.2 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Section 24412.

(b) The net revenues to be distributed shall be allocated among those retirants, disabilitants, and beneficiaries whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22139 and 22140, and the annual supplemental payment as defined in Section 24412, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of

distribution. In any year in which the purchasing power of the allowances of all retirants, disabilitants, and beneficiaries equals not less than 68.2 percent and additional funds remain from the allocation authorized by this section, those funds shall remain in the Supplemental Benefit Maintenance Account for allocation in future years.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The benefits provided by subdivision (b) are not cumulative, not part of the base retirement allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The adjustments authorized by this section are not vested and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Sections 22139 and 22140.

CHAPTER 30. SUBROGATION

24500. Notwithstanding Sections 11042 and 11043 of the Government Code, if a disability retirement allowance, disability allowance, family allowance, or survivor benefit allowance is payable under this part due to the injury to or death of a member and the injury or death is the proximate consequence of the act of a third person or entity, other than the member's employer, the board may, upon adoption of a resolution, recover from that person or entity on behalf of the system, an amount equal to the actuarial equivalent of benefits paid by the system because of the injury to or death of the member less any amounts the system may be obligated to pay without regard to the actions of the third party. This chapter shall be deemed to create a right of subrogation only to amounts paid as disability retirement allowances, disability allowances, family allowances, or survivor benefit allowances.

24501. The board may act on its own or contract with the State Compensation Insurance Fund or Attorney General for recovery on behalf of the system of any amounts recoverable from third persons under this chapter, Chapter 5 (commencing with Section 3850) of Part 1 of Division 4 of the Labor Code, Section 11662 of the Insurance Code, or otherwise.

24502. In the exercise of its rights under this part, the board or the agent under contract may commence or prosecute actions, file liens, intervene in court proceedings, join parties to the action and consolidate actions all in the same manner and to the same extent provided in Chapter 5 (commencing with Section 3850) of Part 1 of Division 4 of the Labor Code except that recovery shall not be made from benefits payable under this part because of the injury or death.

24503. The State Compensation Insurance Fund or Attorney General as agent for the board may compromise claims before or

after commencement of suit or entry of judgment for an amount as may be approved by a person duly authorized by the board for that purpose.

24504. Any amount recovered by way of subrogation by the board on behalf of the member, shall be applied first to the amount which the system paid or is obligated to pay including court costs, attorney fees, and expenses.

24505. Actions brought by the board or its agent under contract pursuant to this chapter shall be commenced within three years after the liability of the system to pay benefits is fixed. Liability of the system is fixed at the time the board approves the payment of benefits under this part.

CHAPTER 31. PROCEDURES CONCERNING PAYMENT

24600. (a) The service retirement allowance or disability allowance begins to accrue on the effective date of the retirement or disability.

(b) On the death of the retirant, a person receiving a disability allowance or a person who is reinstated to membership, the allowance ceases on the day in which the death or reinstatement occurs.

(c) Family benefits begin to accrue on the day of the month following the day the death of the member occurs and cease on the day of the event that terminates eligibility.

(d) The survivor benefit allowances payable pursuant to Chapter 23 (commencing with Section 23850) on account of surviving spouses begin to accrue on the anniversary of the member's 60th birthday or on the day following the day of the member's death, if elected by the surviving spouse, and ceases on the day of the surviving spouse's death.

(e) Option benefits begin to accrue on the day of the month following the day the retirant died and cease on the day in which the death of the beneficiary occurs.

(f) Family allowances payable on account of a full-time student begin to accrue on the day of the month following the day the death of the member occurs. Disability allowances payable on account of a full-time student begin to accrue on the effective date of the disability allowance. The allowances payable on account of a full-time student shall terminate on the first day of the month following the end of the school quarter or semester that was in progress in the month of attainment of age 22 years. However, any adjustments to a family or disability allowance on account of a full-time student's periods of nonattendance shall be made as follows: the allowance shall cease on the beginning of the month in which the nonattendance was initiated and again accrues on the beginning of a subsequent month in which reattendance occurs.

(g) Disability retirement allowances payable pursuant to Chapter 26 (commencing with Section 24100) on account of dependent

children begin to accrue on the effective date of the retirement allowance and shall terminate on the earlier of termination of the child's eligibility or termination of the disability retirant's eligibility for reasons other than death.

(h) The survivor benefits payable pursuant to Chapter 23 (commencing with Section 23850) on account of dependent children shall begin to accrue on the day of the month following the member's date of death and shall terminate upon termination of the child's eligibility.

24601. Whenever the system determines that payments in the correct amount due cannot be made when payable because required information or documentation is not yet on file in the system, payment of estimated allowances based on preliminary information in the possession of the system may be made, the system may present claims therefore, and the Controller shall draw warrants in payment of the claims.

24602. The board may establish a special account and procedures to pay, on an emergency basis, allowances, death payments and up to 75 percent of the return of the balance of the accumulated retirement contributions as a result of termination of employment or death. Disbursements under the special account shall be by checks issued by the system and subject to the auditing requirements of the Controller. Payments under the special account shall be deducted from allowances, death benefits, and payment of accumulated retirement contributions, otherwise due.

24603. If any estimated allowances are more or less than the correct amount due, the difference between the correct amount and the estimated allowance shall be adjusted in subsequent payments or the Controller may state an account with the retirant, disabilitant, or beneficiary, pursuant to Section 12419 of the Government Code.

24604. (a) Upon the receipt of a request from any retirant, disabilitant, or beneficiary, the board may transmit payments to a bank, savings and loan association, or credit union for deposit in the retirant's, disabilitant's, or beneficiary's account by electronic fund transfer or by mail. The transmittal of the payment shall fully discharge the board and the system from any claim resulting from actions taken under this section.

(b) The board shall send a copy of the benefit payment information to any retirant, disabilitant, or beneficiary who has payments transmitted directly by electronic fund transfer or by mail to a financial institution.

24605. Upon receipt of proof satisfactory to the board, that a warrant drawn in payment of a retirement allowance or in payment of any other account due from the system, has been lost or that payment transmitted electronically cannot be credited to an account, the Controller upon the request of the board shall issue a replacement warrant in payment of the same amount, without requiring a bond from the payee, and any loss incurred in connection therewith shall be charged against the fund from which the payment

was derived.

24606. (a) Whenever any warrant drawn in payment of contributions or accumulated contributions or benefits under this system remains unclaimed or the legal claimant cannot be found, the board shall redeposit the proceeds of the warrant in the retirement fund, and shall hold the proceeds for the legal claimant without further accumulation of interest, and the redeposit shall not operate to reinstate the membership of the claimant in this system.

(b) Subdivision (a) shall apply to warrants drawn and canceled by the Controller pursuant to Section 17070 of the Government Code, except that upon notice of cancellation, the proceeds revert to and become a part of the retirement fund, and shall be applied to meet the liabilities of the retirement fund.

(c) The board may at any time, after reversion of proceeds as provided above to the retirement fund and upon receipt of proper information satisfactory to it, return from the retirement fund an amount equal to those proceeds to the credit of the legal claimant.

24607. Any warrant in an amount less than two thousand dollars ($2,000) paid by the system, for the month in which a retirant or disabilitant dies, shall not be invalidated by the system, except upon the request of the beneficiary of the retirant or disabilitant.

24608. (a) Persons entitled to receive allowances under this system may authorize deductions to be made from those allowances, in accordance with procedures established by the board.

(b) The board shall determine the additional cost involved in making deductions under this section, and may require the public agency, association, insurance carrier, or unit thereof to pay the amount of the additional cost to the board for deposit in the retirement fund.

24609. Any retirement allowance payable to a retirant, that has accrued and remains unpaid at the time of his or her death, shall be paid to either of the following:

(a) The beneficiary entitled to payment in accordance with an optional settlement chosen by the member.

(b) The beneficiary entitled to receive the lump-sum death benefit provided upon death of a retirant if the member has not chosen an optional settlement.

24610. Any disability allowance that has accrued and remains unpaid to a disabilitant at the time of death shall be paid to the person entitled to receive a family allowance or, if none, to the beneficiary entitled to receive the death payment.

24611. Part 5 (commencing with Section 220) of Division 2 of the Probate Code, when applicable, shall govern the distribution of the proceeds of any death benefit payable under the system. In applying Part 5 (commencing with Section 220) of Division 2 of the Probate Code with respect to proceeds payable to a beneficiary, membership in the system shall be considered as having the same status as an insurance policy issued after December 31, 1984.

24612. (a) If any person entitled to a benefit from the system is

a minor who has no guardian of his or her estate, the benefit, not to exceed two thousand dollars ($2,000), may be paid to the person entitled to the custody of the minor to hold for the minor, upon the written statement, duly acknowledged and verified, of the person that the total estate of the minor does not exceed two thousand five hundred dollars ($2,500) in value.

(b) The payment shall constitute full discharge of any and all liabilities of the board and system.

(c) The person shall account to the minor for the money when the minor reaches the age of majority.

(d) Notwithstanding any other provision of this section, a natural parent or an adoptive parent having custody of the minor shall not be required to establish a guardianship for the purpose of collecting a survivor benefit, family benefit, or death benefit.

24613. (a) Payment pursuant to the board's determination in good faith of the existence, identity, or other facts relating to entitlement of persons constitutes a complete discharge and release of the system from liability for that payment.

(b) Notwithstanding Sections 751 and 1100 of the Family Code relating to community property interests, whenever payment or refund is made by this system to a member, former member, or beneficiary of a member pursuant to this part, the payment shall fully discharge the system from all adverse claims thereto unless, before payment is made, the system has received at its office in Sacramento a written notice of adverse claim.

24614. (a) This section shall only be applicable to a district retirement salary plan in a unified district presently having an average daily attendance of less than 200,000 pupils and which was discontinued by the governing board of the district.

(b) The district shall continue to pay monthly to teachers and other persons who were retired prior to the date of the discontinuance an amount equal to the amount by which the retirement allowance to which any of the retired teachers or other persons were entitled under the plan exceeds the increase in the teacher's or other person's retirement allowance under the State Teachers' Retirement System resulting from the discontinuance. The arrangement under which those amounts are paid by the district shall not be considered to be a local retirement system for the purposes of this part, nor shall those amounts be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System.

(c) The reserve fund created by the district from the assets delivered to it by the discontinued district retirement plan under subdivision (c) of former Section 14690 prior to its repeal is continued in existence and the amounts payable under subdivision (b) of this section shall be paid from that reserve fund.

24615. If the board determines that contributions are due the system from a retirant, disabilitant, or a person who has died and the person is unable to pay the amount due, the board may withhold all

or part of subsequent payments due the retirant, disabilitant, or survivor, until the amounts withheld equal the contributions due plus regular interest to the date of payment. Total contributions plus regular interest due shall be recovered by the system within 18 months.

24616. Any overpayment made to or on behalf of any member, former member, beneficiary, disabilitant, or retirant, including but not limited to contributions, interest, benefits of any kind, federal or state tax, or insurance premiums, shall be deducted from any subsequent benefit that may be payable by the system. These deductions shall be permitted concurrently with any suit for restitution, and recovery of overpayment by adjustment shall reduce by the amount of the recovery the extent of liability for restitution.

24617. (a) To recover an amount overpaid, the corrected monthly allowance may be reduced by no more than 5 percent if the overpayment was due to error by system staff, the county superintendent of schools, a school district, or a community college district, and by no more than 15 percent if the error was due to inaccurate information or nonsubmission of information by the recipient of the allowance.

(b) This section shall not apply to the collection of overpayments due to fraud or intentional misrepresentation of facts by the recipient of the allowance.

24618. Losses or gains resulting from overpayment or underpayment of contributions or other amounts within the limits set by the State Board of Control for automatic writeoff, and losses or gains in greater amounts specifically approved for writeoffs by the State Board of Control, shall be debited or credited, as the case may be, to the appropriate reserve in the retirement fund.

24619. The system shall annually report to the board the following information:

(a) The amount of underpayment made to recipients.

(b) The amount to be recovered because of overpayments and the number of overpayments.

(c) The actions taken by the board and the system to reduce the number and amount of overpayments and underpayments.

24620. (a) The special reserve resulting from the discontinuance of a district retirement salary plan as provided in former Section 14690 prior to its repeal, and a part of which is used annually in the interest of the employees of the district at the discretion of the governing board, is continued in existence and shall continue to be used first as provided in this section.

(b) The district in which the district retirement plan was discontinued and that credited each teacher or other person employed by the district at the time of discontinuance, in a status requisite for membership in the system, with an amount that bears the same ratio to the portion of the assets delivered to the district pursuant to former subdivision (c) of Section 14690 prior to its repeal, that remained after the creation of the reserve fund for payments

under former subdivision (d) of Section 14690 prior to its repeal, as required by former subdivision (e) of Section 14690 prior to its repeal, as the accumulated contributions credited to the member in his or her individual contribution account under the discontinued retirement plan at the time of discontinuance, bore to the total accumulated contributions so credited to all such teachers and persons, but this credit to any active member shall not exceed the amount of the member's accumulated contributions so credited at that time. The amount so credited to any person shall continue to be increased by interest at rates approved from time to time by the governing board of the district. The accumulated amount at the date upon which the person retires for service or disability under the system shall continue to be applied according to rates and tables adopted by the governing board and then in effect, to provide an annuity payable to the person throughout the balance of his or her life or a lump-sum payment of the total account balance on the date of retirement at the option of the governing board. If the person dies prior to retirement, the amount, with credited interest, shall be paid to his or her designated beneficiary, as it appears on the records of the district, if any, otherwise to the member's estate. If the person ceases to be employed by the district for any reason other than death, retirement, or attainment of the age at which his or her classification as a permanent employee ceases, he or she shall no longer be credited with or have any right to the accumulated amount, but the amount shall revert to and belong to the district. The arrangement under which annuities and death benefits are paid by a district under this subdivision shall not be considered to be a local retirement system for the purposes of this part, nor shall those payments be taken into account in the calculation of retirement allowances under the system.

(c) The reserve fund created by the district from the assets delivered to it pursuant to subdivision (c) of former Section 14690 prior to its repeal is continued in existence and in the amount equal in amount to the total contributions credited to employees of the district, under former subdivision (b) of former Section 14691 prior to its repeal, and the annuities and death benefits payable under subdivision (b) of former Section 14691 prior to its repeal shall continue to be paid from this reserve fund. If the reserve fund as first created proves insufficient to make the payments required under subdivision (b) of former Section 14691, the district shall continue to make any additions to the reserve fund necessary to provide for those payments.

(d) (1) In addition to any other investments authorized by law for the investment of those funds, the funds of any specialized reserve or reserve fund established pursuant to former Section 14690 or former Section 14691 prior to their repeal may continue to be invested as authorized by Section 31595 of the Government Code for the investment of the funds of a county employees' retirement system.

(2) The governing board may employ investment advisers to advise it on these investments and the fees for these services may be paid from the special reserve or reserve funds.

(e) The governing board may make additional cost-of-living adjustments in the payments to persons who retired prior to January 1, 1953.

CHAPTER 32. SAN FRANCISCO LOCAL SYSTEM

24700. On July 1, 1972, and thereafter all persons who first enter employment in the San Francisco Unified School District and the San Francisco Community College District in positions requiring membership in the system are members of the system in accordance with Section 22501. These new members are excluded from coverage under Subchapter II (commencing with Section 401) of Chapter 7 of Title 42 of the United States Code, for service performed as a member of the system.

24701. Those credentialed members of the San Francisco City and County Employees' Retirement System on June 30, 1972, who make an irrevocable election to be covered only by the State Teachers' Retirement System for prior and future service performed in San Francisco, shall be allowed to be covered for other certificated service concurrently, where the provisions of the city and county charter permit. This shall not include any credited service, as defined in Section 22120.

24702. (a) All persons on the San Francisco system retired rolls on June 30, 1972, shall remain on the local rolls. The State Teachers' Retirement System shall continue the subvention in Section 24706 for those persons, shall apply the percentage update and annual improvement factor to payments being made by the State Teachers' Retirement System directly to the retirant, and shall pay the retired death payment upon their death.

(b) The allowance that would have been payable had the member retired solely under the State Teachers' Retirement System, including the percentage update calculated under Sections 14332, 14333, and 14334 of the Education Code, as enacted by Chapter 2 of the Statutes of 1959, as those sections read on December 31, 1974, shall be taken into account in computing the amount of increase for the ten dollar ($10) a month per year of service minimum benefit.

24703. Persons who select to be covered only by the State Teachers' Retirement System and already have credit for classified or other noncertificated service in the San Francisco local system shall not have that credit transferred to the State Teachers' Retirement System.

24704. The San Francisco City and County Employees' Retirement System shall provide concurrent retirement benefits for classified and other noncertificated service in the San Francisco system according to the provisions applicable to miscellaneous employees of the time of the concurrent retirement for:

(a) Members of that system who transfer to the State Teachers' Retirement System after June 30, 1972.

(b) Persons who were members of both retirement systems on June 30, 1972.

(c) Any person who could have qualified under subdivision (b) if he or she had not taken a refund from either but not both systems, provided he or she qualifies for and redeposits prior to retirement.

24705. Notwithstanding the provisions in Section 24201, a member of the San Francisco local system may retire concurrently and receive credit for service performed in other states of the United States, its territories and possessions, and in Canada provided that person is eligible under Section 22707.

24706. The system shall pay to the San Francisco Unified School District and the San Francisco Community College District the amounts due for subventions required prior to July 1, 1972, on account of persons who retired or died prior to that date.

CHAPTER 33. LOS ANGELES UNIFIED SCHOOL DISTRICT PLAN

24750. Those members who took a refund of their accumulated contributions from the former Los Angeles Unified School District Retirement System or the former Los Angeles Community College District Retirement System or the San Francisco City and County Employees' Retirement System, prior to July 1, 1972, and who have former Permanent Fund contributions only on deposit related to former local system service shall have those accumulated former Permanent Fund contributions on deposit as of July 1, 1972, treated in the same manner as accumulated retirement contributions of all nonlocal members. Upon discovery and notification to those members, they shall do either of the following:

(a) Redeposit the contributions required to bring the account into full balance with regular interest prior to retirement.

(b) Leave those former Permanent Fund accumulated contributions on deposit and receive a reduced retirement allowance under the law as it read on June 30, 1972.

24751. Those members who took a refund of their accumulated contributions from the former Los Angeles Unified School District Retirement System or the former Los Angeles Community College District Retirement System or the San Francisco City and County Employees' Retirement System, prior to July 1, 1972, and who also took a refund of their Permanent Fund contributions from the State Teachers' Retirement System, and who redeposited their contributions in the local system but did not redeposit their Permanent Fund contributions in the State Teachers' Retirement System, shall redeposit the contributions required to bring the account into full balance with regular interest from the date of refund to the date of payment. The redeposit may be made immediately upon notification by the system and shall be made prior to retirement. The redeposit shall be made in a lump sum or by

installment payments as specified by the chief executive officer.

CHAPTER 34. ADMINISTRATION OF THE DISTRICT RETIREMENT SALARY PLAN

24800. (a) All payments from the district retirement fund shall be made in the same manner as payments from school district funds but shall be subject to approval of the district retirement board. Warrants drawn on the fund shall be signed by at least one member of the district retirement board who shall be designated by the board.

(b) The duties imposed upon the county treasurer shall be a part of his or her official duties, for the faithful performance of which he or she shall be liable upon his or her official bond.

24801. (a) Any other provisions of law to the contrary notwithstanding, whenever any retirement benefits under a district retirement system payable solely by reason of death of the retired member to his or her estate, heir or beneficiary have been unclaimed for a period of four years from the date of notification, by the district retirement system, by means of United States mail, to the estate, heir or beneficiary, such funds shall revert to and become a part of the contributions of the district and shall be applied to reduce the cost to the taxpayers of the district maintaining the retirement system.

(b) The district retirement system may at any time after reversion of these benefits to the district and upon receipt of proper information satisfactory to it, return from district contributions, an amount equal to that which had, on account of the deceased member, reverted to the district.

24802. (a) Notwithstanding any other provision of law, whenever any warrant drawn in payment of contributions or accumulated contributions or benefits under a district retirement system, remains unclaimed or the claimant cannot be found, the proceeds of the warrant shall be redeposited in the respective fund, or funds, from which they were derived, and held for the claimant, without further accumulation of interest, and the redeposit shall not operate to reinstate the membership of the claimant in the district retirement system. If the proceeds, whether heretofore or hereafter redeposited, are not claimed within four years after the date of redeposit, they shall revert to and become a part of the contributions of the district and shall be applied to reduce the cost to the taxpayers of the district maintaining the retirement system and on account of which the contributions were made.

(b) The provisions of this section shall apply to warrants drawn under a district retirement system and that would become void under Section 85270.

(c) The district retirement system may at any time, after the reversion of proceeds to the district maintaining the retirement system, and upon receipt of proper information satisfactory to it, return from district contributions, an amount equal to those proceeds, to the credit of the claimant to be administered in the

manner prescribed under the district retirement system.

(d) The deposit in those funds of the proceeds of unclaimed and unpaid warrants prior to September 7, 1955, in accordance with the procedure specified in this section, is hereby validated, ratified, and confirmed.

24803. (a) If any benefit is payable by a district retirement system to the estate of a deceased person, whether because the estate is the beneficiary of the person or because no beneficiary was designated or because an allowance payable to the person had accrued and remained unpaid at the date of the death, and the estate would not be administered if no amount were due from the system, then the benefit shall be paid directly without procuring letters of administration to the surviving next of kin of the deceased, or the guardians of the survivors' estates, share and share alike. The payment shall be made in the same order in which the following groups are listed:

(1) Husband or wife.

(2) Children and issue of deceased children by right of representation.

(3) Father and mother.

(4) Brothers and sisters.

(5) Nieces and nephews.

(b) Payment may also be made to persons in the groups listed in subdivision (a) to the extent those persons are the only beneficiaries under the last will and testament of a deceased former member of a district retirement system, without the probate of the will.

24804. Except in the case where the deceased former member of a district retirement system leaves a will, no payment shall be made to persons included in any group specified in subdivision (a) of Section 24803, if at the date of death of any person or persons to whom any benefit is payable by a district retirement system there are living persons in any of the groups preceding it, as listed. Payment to the persons in any group, upon receipt from them of an affidavit upon a form supplied by the system, that there were no surviving individuals in the groups preceding it, or that they are one of the beneficiaries in any group specified in subdivision (a) of Section 24803 under the will of the deceased former member, and that the estate of the deceased will not be administered, is in full discharge of the liability of the board and system on account of the death.

24805. (a) Notwithstanding any other provision of law, whenever any member of the district retirement system dies while in active membership status, including those on a deferred membership status, or within four months after the termination of the member's employment in a status requisite for membership in the retirement system, benefits payable at death, unless a claim by someone other than the designated beneficiary or beneficiaries is filed with the retirement system during the period provided in this section, shall be paid to the beneficiary or beneficiaries designated

by him on a form provided by the retirement system and on file in the office of the retirement system prior to the death of the member.

(b) Payment to a beneficiary or beneficiaries designated in the form on file in the retirement system at the date of death by a warrant drawn prior to any claim under a will or under community property rights, shall constitute full discharge of any and all liability of the district retirement board and retirement system by reason of the member's death. The retirement system shall provide a 30-day claim period subsequent to notification of death before drawing a warrant in favor of the designated beneficiary or beneficiaries.

24806. (a) A district retirement salary plan established under Sections 24800 to 24812, inclusive, in any school district or districts, in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board, may be discontinued by the governing board of the district or districts, with the consent of the majority of the active members of the system expressing their desires with respect to the discontinuance of the plan evidenced in the manner as the governing board may prescribe. However, no discontinuance of any retirement plan shall be effective for any purpose unless provision is made for retirement allowances for active and retired employees of the district as provided in subdivisions (b), (c), (d), and (e).

(b) (1) Active and retired employees of the district or districts who otherwise would be members of the plan, other than teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System or who were so employed prior to retirement, shall be made members and beneficiaries, respectively, of the Public Employees' Retirement System according to Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code, including transfer to the system of the accumulated contributions of the employees, together with any other assets of the plan as may be determined.

(2) With respect to persons who are members of the plan at its discontinuance, it shall be provided in the contract making the employees members of the Public Employees' Retirement System, that their respective rates of contribution under the system shall be based on the age at the nearest birthday on July 1, 1944, or at the respective later effective dates of their membership in the plan, all instead of the age at the nearest birthday at the effective date of membership in the employees' system.

(3) Each employee of the district or districts who is included in the contract, but who during all or part of his or her employment in a status requisite for membership in the plan was not a member thereof, because of his or her election under an available option, or who failed to redeposit upon reentry into membership contributions previously withdrawn, shall have the right to elect by written document filed with the Board of Administration of the Public Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make the election is mailed

by the system to the member's latest address on file in the office of the system, and prior to the date of retirement, to contribute to the system, subject to minimum payments fixed by the board of administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his or her accumulated contributions, including interest, transferred as required in paragraph (1), will make a total amount equal to the accumulated contributions, including interest, that would have been credited to him or her in the plan, if he or she had never elected not to be a member thereof, or if he or she had redeposited the withdrawn contributions upon reentry, as the case may be. The employee shall pay to the Public Employees' Retirement System interest on the unpaid balance of the amount payable to the system, beginning with the date of discontinuance of the plan at the rate of interest currently used from time to time under the system. If the employee elects to make, and makes the contributions, and pays the interest, but not otherwise, he or she shall receive credit under the employees' system, as state service, for all the service rendered while he or she was not a member of the plan, because of his or her optional exclusion, or for all service upon which the withdrawn contributions were based, and for the purpose of paragraph (2) shall be considered as a member of the plan at its discontinuance and from November 1, 1937, or later beginning date of the service. Regardless of whether the contributions are made, the employee shall receive credit for service with which he or she was credited or would have been credited if he or she had been a member, as prior service under the plan. The contributions under this paragraph shall be added to and administered in the same manner as the contributions transferred under paragraph (1).

(4) Service rendered by active employees, who are made members of the Public Employees' Retirement System, prior to the assumption by the district or districts of the function under which the service was rendered, such as, but not limited to, cafeterias and student body activities, shall be credited under the employees' system, provided the service qualified for credit under the discontinued plan.

(5) The contract making the active employees members of the Public Employees' Retirement System, shall include the employees with respect to service rendered in a status in which they are not eligible for membership in the State Teachers' Retirement System, as provided in Section 20491 of the Government Code, and also with respect to service rendered in a status in which they are eligible for membership, but that is no longer credited under the retirement system, and the service shall be credited in the same manner applicable to service otherwise qualifying for credit.

(6) Retirement allowances being paid under the discontinued plan to retired employees of the district or districts, who are made beneficiaries of the Public Employees' Retirement System, shall be changed by action of the governing board of the districts, effective

at the discontinuance of the plan, to retirement allowances calculated on the basis of service used in the calculation of the respective allowances under the plan, and average annual salary earnable during the highest three consecutive years of creditable service, calculated according to the methods used at the date of discontinuance, under the plan in determining salary earnable, but excluding any salary based on overtime as provided in Section 20025.2 of the Government Code, but otherwise according to the formulae under the employees' system that apply to active employees who are made members thereof. The changed allowances shall be paid to beneficiaries for time commencing on the date they are made beneficiaries of the employees' system. No allowance shall be reduced by the change.

(7) If two or more districts under the control and management of a single governing board are participants in the plan, one contract between the board of administration and the governing board may include all the districts. The governing board may apportion the total contributions required under the contract, among the districts on the basis of total salaries upon which the contributions are computed, and on the basis of other pertinent information.

(8) Notwithstanding paragraph (1), the contract making active employees members of the Public Employees' Retirement System, shall include teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System, with respect to service rendered in a status in which they would have been eligible for membership in the Public Employees' Retirement System, if the district or districts by which they were employed had been participating in that system under Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code. Contributions deducted from salary earned by the employees in that service, together with credited interest, and standing to the credit of the employees at the effective date of discontinuance of the plan, shall be subject to paragraph (1), in the same manner as they would have been so subject if the employees had been employed at the date of the discontinuance, in a status which was not requisite for membership in the State Teachers' Retirement System. The employees shall be members of the Public Employees' Retirement System with the same effect, but only with respect to that service, as if they had been employed in a status that would have qualified them for membership under other paragraphs of this section. The employees shall continue in membership and shall be entitled to benefits in the same manner as if they individually were credited with at least five hundred dollars ($500) in accumulated contributions. In the computation of the members' benefits under the Public Employees' Retirement System, their compensation earnable while they are members of the State Teachers' Retirement System shall be taken into consideration.

(c) Notwithstanding Sections 35161, 35162, Article 1 (commencing with Section 7000) of Chapter 1 of Part 5, Article 2

(commencing with Section 10010) of Chapter 1 of Part 7, Article 1 (commencing with Section 12500) of Chapter 5 of Part 8, this part, Article 5 (commencing with Section 32340) of Chapter 3 of Part 19, and Part 25 (commencing with Section 44000), contributions to the discontinued district retirement plan made by teachers and other persons employed by the district or districts in a status requisite for membership in the State Teachers' Retirement System standing to their individual credit at the date of discontinuance of the district retirement plan shall be deposited in the Retirement Annuity Fund with credited interest, to be applied on the amount due from the teachers, but not to exceed the amount due. Likewise an amount equal to the actuarial equivalent of the annuity portion of the retirement allowance to which the respective retired teachers and other persons employed by the district or districts, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System were entitled under the plan, based on the interest rate and mortality tables used in its determination, shall be deposited in the Retirement Annuity Fund, to be applied on the amount due from the respective retired teachers, but not to exceed the amount due. Any excess of the contributions with credited interest or the actuarial equivalents, as the case may be, over the respective amounts due under those sections, shall be paid to the respective active and retired teachers and other persons. Further amounts, if any, due under those sections after the deposits, shall be paid to the Retirement Annuity Fund by the respective active and retired teachers and other persons. If any of the teachers or other persons who is not retired, is not entitled to credit under the State Teachers' Retirement System for all or part of his or her service credited under the plan, or if any of the retired teachers or other persons is not entitled to a retirement allowance from the system, either before or after the discontinuance, the provisions of this subdivision about contributions and credited interest or about the actuarial equivalent of annuity portions of retirement allowances, as the case may be, shall not apply to him or her with respect to service that is not credited under the state system, until and unless he or she becomes entitled to credit for that service or to an allowance from the state system, based on service that was credited to him or her under the discontinued plan. The balance of the assets held in the various funds of the discontinued district retirement plan after the transfers, deposits, and payments required by this section, or after establishment of reserves from which the transfers, deposits, and payments shall be made, shall be delivered to the district or districts in which the plan is discontinued.

(d) The district or districts in which the district retirement plan is discontinued shall pay monthly to teachers and other persons employed by the district or districts, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System who were retired prior to the date of the discontinuance an amount equal to the amount by which the retirement allowance to which any

of the retired teachers or other persons was entitled under the plan exceeds the increase in the teacher's or other person's retirement allowance under the State Teachers' Retirement System resulting from the discontinuance. If the amount payable to any teacher or other person, under the previous sentence, is less than two dollars ($2), the district or districts may pay, in lieu of that amount, one amount which shall be actuarially equivalent to the monthly amount thereafter payable, according to the interest rate and mortality table used in the determination of the teacher's or other person's retirement allowance under the district retirement plan. The payment of the actuarially equivalent amount shall discharge fully the district's liability to the teacher or other person under this subdivision. The arrangement under which the amounts are paid by the district shall not be considered to be a local retirement system for the purposes of Chapter 1 (commencing with Section 22000) to Chapter 19 (commencing with Section 23200), inclusive, and Chapter 21.5 (commencing with Section 23700), nor shall the amount be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System. If any of the teachers or other persons is not entitled to a retirement allowance from the State Teachers' Retirement System, either before or after discontinuance, the district or districts shall pay monthly to him or her, an amount equal to his or her retirement allowance under the plan prior to the discontinuance. If any teacher or other person has left the service of the district or districts, and is in a status under the plan, which if continued would qualify him or her for a retirement allowance without his or her return to that service, but is in a status which would otherwise not qualify him or her for retirement under the state system, the district or districts shall pay monthly to the teacher or other person, beginning at the date upon which he or she would have qualified for service retirement under the plan, an amount equal to the retirement allowance for which he or she would have qualified if the plan had not been discontinued. If any teacher or other person has credit under the plan for service that does not qualify for credit under either the State Teachers' Retirement System or Public Employees' Retirement System, the district or districts shall pay monthly to the teacher or other person, beginning on the date upon which he or she would have qualified for service retirement under the plan, an amount equal to the retirement allowance for which he or she would have qualified on the basis of that service if the plan had not been discontinued. If the individual at a later date becomes entitled to a retirement allowance from the state system, based on service that was credited to him or her under the discontinued plan, the monthly payments shall cease, and he or she shall become subject to subdivision (c), and the first four sentences of this subdivision, in the same manner as he or she would have been subject, if he or she had been entitled to a retirement allowance at the date of discontinuance, but calculation of actuarial equivalents and amounts

payable shall be made as of the later date.

(e) If any person who was retired prior to the discontinuance from a position requisite for membership in the State Teachers' Retirement System, under a district retirement salary plan that is discontinued pursuant to this section, elected either under the plan or under the system, but not under both, to have the retirement allowance modified according to an option under which he or she would receive a smaller allowance and provide a benefit for his or her beneficiary, the person shall have the right, to be exercised not later than 60 days after the discontinuance of the plan, to change his or her election under the State Teachers' Retirement System with respect to the options. Any computations of actuarial equivalent under a changed election shall be made as of the date of discontinuance of the plan, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

24807. The balance of the assets delivered to the district pursuant to subdivision (c) of Section 24806, after the transfers, deposits and payments required by that section, or after establishment of reserves from which those deposits and payments shall be made, shall be allocated and distributed as follows:

(a) Sixty-five percent of the balance shall be distributed to the undistributed reserve of the general fund of the district to be reduced to cash as necessary and appropriated in any year by majority vote of the governing board. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable. Ten percent of this amount shall be used only for maintenance operation.

(b) Twenty percent of the balance shall be transferred to a special account in the undistributed reserve of the district's general fund to be reduced to cash as necessary in order to be used only for the purpose of reducing the tax collected pursuant to former Section 23401, as it read on January 1, 1979, in order to provide the contributions required by Section 22950 to the Teacher's Retirement Fund. In the event that the special account is not wholly distributed for the purpose of making the contribution, the balance in the special account shall be released to the undistributed reserve. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable.

(c) (1) Fifteen percent of the balance shall be held intact by the district in an annuity reserve fund from which shall be provided a supplementary annuity at time of retirement under any California public retirement system to or on behalf of those members of the local district retirement system who were on the active roll or

members on the retired roll of such local district retirement system as of June 30, 1972, and those members added to the active and retired rolls between June 30, 1972, and any later date of discontinuance, and those probationary or permanent certificated employees of the district holding memberships in California public retirement systems other than the local district retirement system who are making contributions to those systems on June 30, 1972, or on any later date of discontinuance. The supplement annuity may be paid in lump sum or in installments for the life of the person eligible, or his or her beneficiary, after his or her retirement.

(2) No participant in the annuity reserve fund shall have vested rights to the benefits of this annuity reserve fund until he or she has continued in active service for a period of five years from the date of discontinuance of the local district retirement system, except participants who have separated from service by reason of retirement, including deferred retirement, or death.

(3) An account shall be opened in the name of each person eligible to participate in the benefits of the annuity reserve fund to which shall be credited his or her share of the annuity reserve fund. The individual participant's share of this fund shall bear the same ratio to the total of this fund as his or her annuity savings contributions, including interest earned, to the retirement system, to which he or she is making annuity contributions as of June 30, 1972, or any later date of discontinuance, or, if a retired member, the date of retirement prior to June 30, 1972, bears to the total annuity savings contributions, including interest earned, of all such participants in the retirement systems to which they are making contributions at the date of discontinuance, including total contributions to the local district retirement system previously made by living members on the retired roll. The fund shall include principal and interest in the account of any participant forfeited because the participant separated from service, except by reason of retirement, including deferred retirement, or death, within five years from June 30, 1972, or other date of discontinuance. The forfeiture shall be treated as earnings of the fund.

(4) As of June 30 each year, and on any other dates the annuity reserve fund board may determine, the earnings of the fund less administrative expense shall be credited to the accounts of the remaining participants in the annuity reserve fund on the ratio that the participant's individual account balance bears to the total balance of the annuity reserve fund. The cost of administering the fund shall be charged against the assets of the fund, as approved by the governing board of the school district.

(5) When a participant separates from service, the earnings since the preceding date on which the earnings of the fund, less administrative expenses, were credited to the accounts of the participants, shall remain in the fund. Any member whose accumulated contributions to the local retirement system exceed the amount required by law to be deposited by the member in the State

Teachers' Retirement System's Annuity Fund upon discontinuance of the local system may deposit to his or her credit all or part of the excess amount in the annuity reserve fund.

(6) The governing board of the school district that maintained the discontinued local district retirement system shall establish an annuity reserve fund board of not more than seven members, the majority of whom shall be composed of certificated employees who are participants in the annuity reserve fund. The certificated employees on the annuity reserve fund board shall be elected by participants in the annuity reserve fund. The annuity reserve fund board shall have the authority to make rules and regulations necessary for the management of the annuity reserve fund in accordance with modern business practice. The local district retirement board shall continue to function as the annuity reserve board pending its establishment.

(7) Except as otherwise restricted by the California Constitution or by law, the annuity reserve fund board may, in its discretion, invest or reinvest the assets of the fund through the purchase, holding, or sale thereof of any investment, financial instrument, or financial transaction, if the investment, financial instrument, or financial transaction is prudent in the informed opinion of the annuity reserve fund board.

(8) All securities and cash of the annuity reserve fund shall be held in a trust fund in the county treasury. The county treasurer, as one of his or her official duties, shall be a member ex officio of the annuity reserve fund board established to invest the assets of this fund.

(9) Any funds raised for the support of the local district retirement system and not appropriated to any specific account shall be transferred to the annuity reserve fund. All payments from the district's annuity reserve fund shall be made in the same manner as payments from school district funds. The annuity reserve fund board may, at its discretion, request the district governing board to hold an election among existing annuity reserve fund participants as to whether the board should distribute existing funds in the annuity fund. The annuity reserve fund board may prescribe all rules and regulations regarding such an election and may distribute the funds if a majority of the members so elect.

24807.5. Any certificated employee of a district having an annuity reserve fund may enter into an amendment of his or her employment contract for the purpose of effecting a reduction in salary. The reduction shall be deposited by the employer, at the employee's request, in the district's annuity reserve fund. The deposits shall be used to provide the employee an annuity within the meaning of Section 403(b) of the Internal Revenue Code of 1986 (26 U.S.C.A. Sec. 403(b)).

24807.7. Notwithstanding Section 24807, the annuity reserve fund board may adopt rules allowing participants who have reached 70 years of age to withdraw their benefits.

24808. The governing board may provide that members of the

annuity reserve fund board be paid one hundred dollars ($100) for each meeting, not to exceed one meeting each month, if they are not being paid by the governing board for any other assignment at the time of the meeting. The compensation shall be a charge against the annuity reserve fund.

24810. (a) Notwithstanding Section 24806, persons other than teachers and other persons employed in a status requisite for membership in the State Teachers' Retirement System, who are active or retired members of a district retirement salary plan established under Sections 24800 to 24812, inclusive, in any school district or districts in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board, may be transferred by the governing board of the district or districts, with the consent of the majority of the active members of the plan expressing their desires with respect to the transfer evidenced in the manner the governing board prescribes. However, no transfer of the active and retired members shall be effective for any purpose unless provision is made for retirement allowances for active and retired employees of the district as provided in subdivision (b).

(b) (1) Active and retired employees, including future employees, of the district or districts who otherwise would be members of the plan, persons who are members of the district's retirement salary plan, and persons who were employees on June 30, 1957, and who attained age 65 years or over during the 12 months immediately preceding July 1, 1957, other than teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System or who were so employed prior to retirement, shall be made members and beneficiaries, respectively, of the Public Employees' Retirement System according to the provisions of Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code, including transfer to the system of the accumulated contributions of the members, together with the other assets of the plan as may be determined. However, the total of the other assets transferred shall not be greater than the portion of the reserves of the plan that is allocable to the active and retired employees, as determined by actuarial valuation. In the valuation the portion of the reserves allocable to the active and retired employees proposed to be transferred shall be determined as an amount which bears the same ratio to the total reserves under the plan as the liabilities under the plan on account of the active and retired employees bear to the total liabilities under the plan on account of all active and retired employees under the plan. On the effective date of the contract making the active employees members of the Public Employees' Retirement System, the employees shall cease to be members of the plan, and neither they nor retired persons who are made beneficiaries of the state system, shall be paid or have any right to any allowance or other benefit under the plan for time beginning with the effective date.

(2) With respect to persons who are members of the plan at the transfer, it shall be provided in the contract making the employees members of the Public Employees' Retirement System, that their respective rates of contribution under the plan shall be based on the age at the nearest birthday at July 1, 1944, or at the respective later effective dates of their membership in the plan, all instead of the age at the nearest birthday at the effective date of membership in the employees' system.

(3) Each employee of the district or districts who is included in the contract, but who during all or part of his or her employment in a status requisite for membership in the plan was not a member thereof, because of his or her election under an available option, or who, while employed in a status not requisite for membership in the plan, was a member of the State Teachers' Retirement System and was contributing to that system, or who did not redeposit upon reentry into membership contributions previously withdrawn, shall have the right to elect by written document filed with the Board of Administration of the Public Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make the election is mailed by the system either to the member's latest address on file in the office of the system, or to the office of the governing board of the district or districts, and prior to the date of retirement, to contribute to the system, subject to minimum payments fixed by the board of administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his or her accumulated contributions, including interest, transferred as required in paragraph (1), will make a total amount equal to the accumulated contributions, including interest, that would have been credited to him or her in the plan, if he or she had never elected not to be a member thereof, or if he or she had been a member of the plan during the time he or she was a member of the State Teachers' Retirement System and was contributing to the system, or if he or she had redeposited the withdrawn contributions upon reentry, as the case may be. The employee shall pay to the Public Employees' Retirement System interest on the unpaid balance of the amount payable to the system, beginning with the date of transfer, at the rate of interest currently used from time to time under the system. If the employee elects to make, and makes the contributions, and pays the interest, but not otherwise, he or she shall receive credit under the employees' system, as state service, for all the service rendered while he or she was not a member of the plan, because of his or her optional exclusion, or for service rendered while he or she was contributing to the State Teachers' Retirement System, provided the service is no longer credited under the teachers' system, or for all service upon which the withdrawn contributions were based, and for the purpose of paragraph (2) shall be considered as a member of the plan at the transfer and from November 1, 1937, or later beginning date of the service. Regardless of whether the contributions are made, the employee shall receive

credit for service with which he or she was credited or would have been credited if he or she had been a member, as prior service under the plan. The contributions under this paragraph shall be added to and administered in the same manner as the contributions transferred under paragraph (1).

(4) Service rendered by active employees who are made members of the Public Employees' Retirement System prior to or after the assumption by the district or districts of the function under which the service was rendered, but prior to the effective date of the contract making active employees members, and the compensation for which was paid wholly or in part from funds other than the funds of the district or districts, shall be credited under the employees' system, provided the service qualified for credit under the plan.

(5) The contract making the active employees members of the Public Employees' Retirement System, shall include the employees with respect to service rendered in a status in which they are not eligible for membership in the State Teachers' Retirement System, as provided in Section 20491 of the Government Code, and also with respect to service rendered in a status in which they are eligible for that membership, but that is no longer credited under the teachers' retirement system, and the service shall be credited in the manner applicable to service otherwise qualifying for credit.

(6) Retirement allowances being paid under the plan to retired employees of the district or districts, who are made beneficiaries of the Public Employees' Retirement System, shall be changed by action of the governing board of the district, effective at the transfer, to retirement allowances calculated on the basis of service used in the calculation of the respective allowances under the plan, and average annual salary earnable during the highest three consecutive years of creditable service, calculated according to the methods used at the date of transfer, under the plan in determining salary earnable, but excluding any salary based on overtime as provided in Section 20025.2 of the Government Code, but otherwise according to the formulae under the employees' system that apply to active employees who are made members of the employees' system. The changed allowances shall be paid to the beneficiaries for time commencing on the date they are made beneficiaries of the employees' system. No allowance shall be reduced by the change.

(7) If two or more districts under the control and management of a single governing board are participants in the plan, one contract between the board of administration and the governing board may include all the districts. The governing board may apportion the total contributions required under the contract, among the districts on the basis of total salaries upon which the contributions are computed, and on the basis of other pertinent information.

(8) The contract making these active employees members of the Public Employees' Retirement System shall provide that the service included in the calculation of the completed years of service as a basis for the portion of the basic death benefit provided in subdivision (b)

of Section 21361 of the Government Code for persons who were members of the plan at transfer, shall not be limited to service under the Public Employees' Retirement System, but instead that service rendered as members of the plan shall also be included.

24811. If two or more districts have been included in one contract between the Board of Administration of the Public Employees' Retirement System, and the governing board of the districts, as provided in paragraph (7) of subdivision (b) of Section 24810, and if, since that inclusion, two or more of the districts have been combined into a unified district, the unified district, by amendment to the contract, may, notwithstanding Section 20580 of the Government Code, be substituted for the districts so combined, and for all purposes of the contract.

24812. If two districts, one of which is a community college district, have been included in one contract between the Board of Administration of the Public Employees' Retirement System and the governing board of the districts, as provided in paragraph (7) of subdivision (b) of Section 24810, and thereafter members of the governing board of the community college district are precluded by law from serving as members of the governing body of the other district, the contract shall be deemed a separate contract as to each district. The Board of Administration of the Public Employees' Retirement System shall determine the accumulated contributions held for or as having been made by each district and its employees, and shall credit the contributions to the respective contracts. Benefits based on all service of an employee to the districts prior to the date upon which employees' elections to serve the respective districts are effective shall be a liability of the contract of the district employing the person on the effective date. A person retired prior to the effective date shall, for all purposes of this section, be deemed an employee of the district other than the community college district.

24813. (a) The contract executed under Section 24810, and making persons other than teachers and other persons employed in a status requisite for membership in the State Teachers' Retirement System, who are active or retired members of a district retirement salary plan established under Sections 24800 to 24812, inclusive, members and beneficiaries of the Public Employees' Retirement System, shall be amended to include as members or beneficiaries, teachers and other persons who were employed in a status requisite for membership in the State Teachers' Retirement System, who ceased to be members of the plan if it was discontinued, or if the plan was not discontinued, who resign instead of retiring and are refunded their accumulated contributions under that plan, or who retire or have retired under the district plan and relinquish or have relinquished their right to allowances from the plan with credit for service rendered in a status in which they would have been eligible for membership in the Public Employees' Retirement System, if the district or districts by which they were employed had been

participating in that system under Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code, but only if the service qualified for credit under the plan and is not credited under any other retirement system.

(b) The service of a person who ceased to be a member, or resigns or has resigned instead of retiring, or who relinquishes or has relinquished, shall be administered under the contract in exactly the same manner as that applied to service of persons who were retired under the local retirement system at the effective date of that contract, and were made beneficiaries, or who were not retired and were made members of the system on that date. The retirement allowances being received by the relinquishing persons, on account of service that would have been credited under the Public Employees' Retirement System as stated, shall be adjusted in the same manner that allowances were adjusted under paragraph (6) of subdivision (b) of Section 24810. Any member who is credited with service in accordance with this section, shall pay to the Public Employees' Retirement System, at times and in the manner fixed by the board of administration of that system, an amount equal to contributions with interest, that the member received as a refund from the plan, and that were based on service credited, plus interest from the date of refund to the date of the payment, at the interest rate in effect under the system at the date of payment. Contributions required of the district or districts shall be determined by proper valuation, and the contributions set forth in the contract shall be adjusted accordingly.

(c) A retirement allowance based on the credited service shall be payable and retirement shall become effective, under the Public Employees' Retirement System beginning on the first day of the month next following the effective date of this section, in the case of a person who then is retired under the State Teachers' Retirement System, or otherwise on the later effective date of the member's retirement under the teachers' system. The allowance shall be based on the person's age when the allowance begins, and on the same average salary as that upon which his or her allowance under the State Teachers' Retirement System, is based.

CHAPTER 35. JOINT DISTRICT SALARY RETIREMENT PLAN

Article 1. Establishment of Plan

24900. The governing boards of two or more school districts, in none of which the employees are entitled to the benefits of a pension or retirement system maintained by a city, city and county, or county in which the district, or a part thereof, is located, meeting in joint session, may in their discretion, submit to the qualified electors of the districts, and upon petition signed by not less than 10 percent of the qualified electors of each district the governing boards shall submit to the qualified electors of the districts the proposition of establishing

a joint plan for a retirement salary to be paid by the districts to all teachers fulfilling the requirements of the plan in the public schools of the districts and to other employees of the districts as the governing boards may determine, or, in the case of a petition, other employees specified in the petition, and to provide, out of funds of the districts, a portion of the cost thereunder, including expenses incident to the administration of the plan.

24901. The proposition of establishing the plan may be submitted to the electors of the districts at any general or special election called and held in the districts, as the governing boards of the districts may determine. The governing boards of the school districts may order the elections that shall be called and held in accordance with the provisions of Chapter 3 (commencing with Section 5300) of Part 4.

24902. The governing boards calling the election shall consolidate the election and submit to the electors of the respective districts on the same day the question of whether a district retirement plan shall be established in the districts. Within the territory affected by the order of consolidation, the election precinct polling places and voting booths shall, in every case, be the same. There shall be only one set of election officers in each precinct. The propositions to be voted upon within the respective districts may be set forth on one ticket or ballot. All proceedings had in the premises shall be recorded in one set of election papers, and the election shall be held in all respects as though there were only one election.

24903. The election may be consolidated with any other election pursuant to Part 2.5 (commencing with Section 23300) of Division 14 of the Elections Code.

24904. The election shall be called by posting notices, signed by a majority of the governing board of each district, not less than 10 days before the election. If there is a newspaper of general circulation published in any of the districts, notice shall be published in such a newspaper at least once, and at least 10 days prior to the election.

24905. In all respects not otherwise specified the election shall be called and held, and returns canvassed and the result announced in the manner provided for the holding of elections for the purpose of authorizing bonds of the school districts, so far as the provisions of the laws are applicable. The governing boards of the school districts in which the election is held shall, for the purposes of this section, be considered as one board.

24906. There shall be printed on the ballots to be used at the election the proposition: "Shall the governing boards of (here insert the names of the districts under the control of the boards submitting the proposition) school districts be authorized to establish a plan for a joint district retirement salary for the teachers and such other employees of the districts as the governing boards or the petition determines." To the right of the proposition shall be printed the words "Yes" and "No" with voting squares.

24907. If, at the election, a majority of the voters in each district

voting on the proposition cast their ballots in favor of the proposition, the governing boards shall establish a joint district retirement salary plan for the teachers and for such other employees of the districts as the boards or the petition determine.

24908. If a majority of the votes cast in each district on the proposition is in the negative, the governing boards shall not submit the proposition again within a period of six months after the date of the election.

Article 2. Administration of the Plan

24920. Every teacher and every other employee of the school districts for which the plan for district retirement is adopted, who is employed by the districts at the time of the adoption of the plan, and who signs an agreement to be subject to the burdens of the district retirement plan, shall be entitled to the benefits and subject to the burdens of the plan and of this chapter. Every teacher employed in the public schools of the districts after the adoption of the provisions of this chapter by the governing boards of the districts, and any other employees the boards or the petition determines, shall be bound by the benefits and burdens of this chapter.

24921. Any plan shall not be adopted or established until the governing boards, after any inquiry and hearing they may direct, find that the respective contributions of the teachers and other employees and the districts provided for in the plan, are substantially in accordance with the more recent generally prevailing rates of contributions in public institutions that have established retirement systems, and that the plan is in accordance with sound business practice and with recognized actuarial methods.

24922. The plan may provide that the retirement salary shall be a stipulated monthly sum, or that all benefits under the retirement feature of the plan shall be based upon the monthly salary for each year of future active service in the district earned by the employee up to the date of retirement and upon the average monthly salary earned by the teacher or other eligible employee during the year immediately preceding the adoption of the plan and the number of years of past active service of the employee in the district, and subject to those provisions made in the plan for minimum benefits. No employee with less than 15 years' service in the district prior to normal retirement age shall receive the benefit of the minimum. In no instance shall the retirement benefits be based upon or allowed for any amount of salary in excess of the sum of five hundred dollars ($500) per month.

24923. In lieu of the authorizations or requirements provided for in Sections 24920 and 24922, the plan may provide only that the retirement salary shall be based on service rendered prior to the effective date of the plan or prior to July 1, 1944, and shall be an amount which, when added to the retirement allowance the respective member is entitled to receive under the State Teachers'

Retirement System, shall equal a sum of not less than one hundred dollars ($100) per month and Sections 24920 and 24922 shall not be applicable thereto. The costs of the benefits under such a plan may be met by the contributions of the districts alone, notwithstanding Sections 35161, 35162, Article 1 (commencing with Section 7000) of Chapter 1 of Part 5, Article 2 (commencing with Section 10010) of Chapter 1 of Part 7, Article 1 (commencing with Section 12500) of Chapter 5 of Part 8, this part, Article 5 (commencing with Section 32340) of Chapter 3 of Part 19, and Part 25 (commencing with Section 44000), and only teachers who have credit for service rendered prior to that date shall be subject to the plan.

24924. (a) A plan established under this chapter that is intended to provide supplemental benefits only on account of service rendered before July 1, 1944, may be discontinued by the governing board of the district, subject to the following conditions:

(1) Notwithstanding Sections 35161, 35162, Article 1 (commencing with Section 7000) of Chapter 1, Article 2 (commencing with Section 10010) of Chapter 1 of Part 7, Article 1 (commencing with Section 12500) of Chapter 5 of Part 8, this part, Article 5 (commencing with Section 32340) of Chapter 3 of Part 19, and Part 25 (commencing with Section 44000), any teacher who is not retired on July 1, 1956, shall be entitled to the contributions made by him or her to the discontinued plan with interest credited in accordance with the rules and regulations of the local retirement plan up to and including June 30, 1957. Likewise, a teacher who retired prior to July 1, 1956, shall be entitled to a refund equal to the actuarial equivalent, at his or her attained age, of the annuity that would have been provided by the total contributions required of the member under the system, based on interest and mortality tables currently in use, less the amount of any contributions remaining unpaid on the date of discontinuance. The amount to which any teacher is entitled under this section shall be paid to him or her within 90 days of his or her request in writing on a form provided by and filed with the local retirement system. All requests shall be filed prior to July 1, 1959.

(2) The district in which the plan is discontinued shall pay monthly to teachers, who were retired prior to the date of the discontinuance, an amount equal to the amount by which the retirement allowance to which any of these retired teachers was entitled under the plan exceeds the increase in the teacher's retirement allowance under the State Teachers' Retirement System after the discontinuance. In lieu of the monthly payment, the district may elect to pay in a single sum the amount that shall be the actuarial equivalent to the monthly amount thereafter payable, according to the interest rate and mortality table currently in use under the plan. Payment of the amount shall discharge fully the district's liability to the teacher under this subdivision. The arrangement under which the amounts are paid by the district shall not be considered to be a local retirement system for the purposes of Chapter 1 (commencing

with Section 22000) to Chapter 31 (commencing with Section 24600), inclusive, nor shall the amount be taken into account in the calculation of the retirement allowances under the State Teachers' Retirement System.

(b) Any person who was retired prior to July 1, 1956, from a position requisite for membership in the State Teachers' Retirement System, under a district supplemental retirement salary plan which has been discontinued pursuant to this section, and elected either under the plan or under the system, but not under both, to have a portion of his or her retirement allowance modified according to an option under which he or she would receive a smaller allowance and provide for a benefit for his or her beneficiary, that person shall have the right, to be exercised not later than 60 days after July 5, 1956, to change his or her election under the State Teachers' Retirement System with respect to those options. Any computations of actuarial equivalents under a changed election shall be made as of the effective date, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

(c) When any local retirement plan is discontinued under this section, all funds remaining in the district retirement fund of the local system shall be transferred to the general fund of the school district in which the plan is discontinued. Thereafter any payments to meet continuing obligations of the district arising from the establishment or discontinuance of the plan shall be paid from the general fund of the district.

24925. The governing boards, after the adoption of the plan, shall at regular intervals, each not exceeding a period of five years, secure a general survey and actuarial report of the plan, and the boards shall from time to time amend the plan in any manner found to be advisable to meet changed conditions, or, in the light of experience, considered necessary.

24926. A plan under which the districts establishing it agree to pay to employees who become entitled to retirement salaries within a specified period, not exceeding 15 years, after the establishment of the plan, a specified sum that, during the life expectancy of the employees, will be approximately equal, in the aggregate, to the aggregate difference, during the life expectancy, between the maximum salary paid to employees in the respective classes of the retiring employees, and the salaries paid to beginning employees in the classes, shall be construed to comply with the provisions of this chapter requiring the plan to be in accordance with sound business practices and recognized actuarial methods.

24927. For the purpose of providing funds that may be necessary to make the payments required by any joint district retirement plan, district taxes shall be levied and collected annually by the respective districts at the same time and in the same manner as other district taxes are levied and collected. The tax shall be in addition to any other district tax now or hereafter authorized by law, and shall not

be considered in fixing maximum rates of tax for school district or community college district purposes.

24928. Every joint district retirement plan shall provide that only those teachers and other employees who have served as teachers or employees of the districts for at least 20 years of service immediately preceding retirement, and who have reached a minimum age specified in the joint district retirement plan, which shall not be less than 55 years, shall be entitled to a district retirement salary.

24929. The plan may provide for the retirement of teachers or other employees on account of disability after 10 years of service immediately prior to the retirement, the proportion of the disability retirement salary to the full retirement salary to be specified in the plan.

24930. Absence from service by reason of a leave of absence granted by the governing board of an employing district shall not be construed as a break in the continuity of service or by any district retirement plan adopted pursuant to the provisions hereof, but the period of leave shall not be counted as time served toward retirement unless the period is so counted under the State Teachers Retirement Act.

24931. Time of service may be counted in the aggregate and fractions of years amounting to whole years may be counted as whole years when payments by the teacher or other employee have been made for all of the time counted.

24932. The governing boards of the districts shall in all cases determine the teachers and other employees who are entitled to retirement salaries, and make and keep a list of the teachers and other employees, known as the retired list. For the purpose of making the retired list the boards may take testimony and examine witnesses under oath, which may be administered by any member of the board.

24933. The governing boards of the districts may make all necessary and proper rules and regulations in aid or furtherance of the provisions of this chapter and in order to carry out and administer the provisions.

24934. When a joint district retirement plan is established there shall be created in the treasury of the county in which the districts are located, or, if the districts are located in more than one county, in the treasury of the county selected by the governing boards of the districts meeting in joint session, and open upon the books of the auditor and treasurer of the county, a trust fund account designated as the "joint district retirement fund." All moneys, whether from contributions by teachers or other employees, or by the districts, or from any source, properly belonging to the joint district retirement fund shall be placed in the fund. Upon approval of the joint district retirement board all incidental expenses, including actual and necessary clerical or other help, incurred in carrying out the provisions of this chapter shall be paid out of the fund and in the same manner as other expenditures are paid from district funds.

24935. Members of governing boards shall discharge the powers, duties, purposes, responsibilities, and jurisdiction conferred or imposed upon the governing boards under this chapter without extra or additional compensation.

24936. The governing boards of the districts establishing the retirement plan shall provide for the administration of the funds and the payment of retirement salaries by a joint district retirement board composed of three persons not officers or employees of any of the districts, one representative of each district, one representative of the teachers of each district and one representative of the other employees of each district, who shall serve without compensation. The representatives chosen by the teachers and other employees shall be chosen by secret ballot. The county treasurer of the county in the county treasury of which the joint district retirement fund is created shall be ex officio a member of the joint district retirement board. All members of the retirement board shall serve for such terms as may be specified by the governing boards in establishing a plan. The joint district retirement board shall have such further powers and duties as may be prescribed by the governing boards of the districts.

24937. (a) The joint district retirement board shall have charge and control of the district retirement fund of the district and of the payment of all retirement salaries and annuities payable from the fund. The joint district retirement board shall invest the funds in securities that are legal for the investment of funds of savings banks in this state and shall sell the securities and reinvest the proceeds in securities legal for investment of funds of savings banks when in the judgment of the joint district retirement board the sale and reinvestment is advisable. No investment in or sale of securities shall be made except upon authorization of the joint district retirement board at a meeting of the board.

(b) The board also shall collect the income from the securities and pay it into the joint district retirement fund.

24938. The joint district retirement board may sue in its own name when necessary to carry out the powers and duties conferred upon it. The district attorney, or, if there is a county counsel, the county counsel of the county in which are employed the largest number of employees entitled to the benefits and subject to the burdens of the joint district retirement plan shall act as attorney for the joint district retirement board without additional compensation.

24939. All securities purchased by the joint district retirement board shall be deposited with the county treasurer for safekeeping.

24940. (a) All payments from the joint district retirement fund shall be made in the same manner as payments from school district funds but shall be subject to approval of the joint district retirement board. Warrants drawn on the fund shall be signed by at least one member of the joint district retirement board who shall be designated by the board.

(b) The duties imposed upon the county treasurer shall be a part

of his or her official duties, for the faithful performance of which he or she shall be liable upon his or her official bond.

24941. The county auditor of the county in the county treasury of which the "joint district retirement fund" is created shall audit the accounts of the joint district retirement board at least once every 12 months and report upon the financial condition thereof to the governing boards of the districts.

24942. The retirement salaries provided for in this chapter shall be in addition to any other retirement salaries received by any person under Chapter 1 (commencing with Section 22000) to Chapter 31 (commencing with Section 24600), inclusive, or as may be otherwise provided by law.

24943. The retirement salaries provided for in this chapter for all other employees, shall be in addition to any other retirement salaries that may be provided by law.

24944. Whenever by the provisions of this chapter, the governing boards of two or more school districts are required, or authorized, to perform any act, the act may be done only at joint meetings of the boards, and no action shall be taken by the boards except upon the affirmative vote of a majority of the members of a majority of the boards.

SEC. 3. It is the intent of the Legislature in enacting this act to reorganize and clarify the State Teachers' Retirement Law and thus facilitate its administration. It is not the intent of the Legislature to make any substantive change in the law. Thus, if, in the opinion of any court or administrative officer, a different result under any provision of the State Teachers' Retirement Law as it read on December 31, 1993, would occur because of the enactment of this act, the provision as it read on December 31, 1993, shall be followed and the result shall be as it would have been on December 31, 1993. Further, it is the intent of the Legislature that no new or additional rights vest in any member, retirant, or beneficiary as a result of the enactment of this act. No provision of this act may be interpreted to vest any such new or additional right. No dollar amount of any current or future benefit under this act shall be revised in any way because of the enactment of this act.

SEC. 4. Any section of any act enacted in 1993 at the 1993–94 Regular Session of the Legislature that amends, adds, or repeals any section of the State Teachers' Retirement Law (Part 13 (commencing with Section 22000) of the Education Code) and that is chaptered either before or after this act is chaptered shall prevail over this act.

CHAPTER 894

An act to amend Sections 14000, 14300, 14307, 14308, and 14581 of, to add Sections 14004, 14311, 14312, 14313, 14314, 14315, and 14316 to, and to repeal Section 14105 of, the Public Resources Code, relating to the California Conservation Corps, and making an appropriation therefor.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14000 of the Public Resources Code is amended to read:

14000. (a) The Legislature hereby finds and declares that every California youth should be encouraged to reach his or her full potential, but that many youths require guidance and support to reach their goals and make positive changes in their lives.

(b) The Legislature finds and declares that conserving or developing natural resources, and enhancing and maintaining environmentally important lands and waters through the use of California's young women and men, is beneficial not only to the youth of the state by providing them with educational and work opportunities, but also is beneficial for the state's economy and its environment.

(c) The Legislature further finds and declares that the California Conservation Corps continues to offer California a unique opportunity to meet both the goal of increasing understanding and appreciation of the environment and the goal of helping youths become productive adults.

(d) The Legislature therefore reaffirms its intent that the corps' mission includes increasing awareness of and improving our natural resources, but more importantly, includes instilling basic skills and a healthy work ethic in California youth, building their character, self-esteem, and self-discipline, and establishing within them a strong sense of civic responsibility and understanding of the value of a day's work for a day's wages.

(e) It is the further intent of the Legislature that corpsmembers graduate from the corps with good work habits, positive attitudes, and broadened professional horizons. It is the intent of the Legislature that the corps blend academic and job skills training with personal growth opportunities in order to develop productive youths who can make substantial contributions as California workers and citizens.

(f) It is the further intent of the Legislature, in memory of Brien Thomas "B.T." Collins and John E. "Jack" Dugan, and on behalf of their passion, support, and commitment to the mission of the corps, to ensure that the corps is an entrepreneurial and incentive-based

program with stable and predictable funding. In pursuit of that goal, it is the intent of the Legislature that all state agencies look to the corps first to perform those projects that meet the mission of the corps.

SEC. 2. Section 14004 is added to the Public Resources Code, to read:

14004. In memory of Brien Thomas "B.T." Collins, and on behalf of his passion, support, and commitment to the mission of the corps, the California Conservation Corps headquarters in Sacramento is hereby named the "B.T. Collins California Conservation Corps Building."

SEC. 3. Section 14105 of the Public Resources Code is repealed.

SEC. 4. Section 14300 of the Public Resources Code is amended to read:

14300. Young women and men participating in the corps program shall generally be engaged in projects which do the following:

(a) Preserve, maintain, and enhance environmentally important lands and waters.

(b) Accomplish useful and needed public works projects in both urban and rural areas.

(c) Conserve, maintain, improve, and develop natural resources in both urban and rural areas.

(d) Provide opportunities for public use of, or education in, the areas, projects, and resources described in subdivisions (a), (b), and (c).

(e) Assist in emergency operations, such as natural disaster relief and the rescue of lost and injured persons.

(f) Assist in fire prevention and suppression.

(g) Directly contribute to the conservation of energy.

(h) Contribute toward making public facilities accessible to persons with disabilities.

(i) Assist departments within the Resources Agency in developing, rehabilitating, and restoring parklands, recreational facilities, and historical resources; restoring salmon and steelhead spawning, nursery, and rearing habitat; restoring and preserving wildlife habitat; and enhancing reforestation in both urban and rural areas.

SEC. 5. Section 14307 of the Public Resources Code is amended to read:

14307. Fire prevention, fire suppression, and disaster relief shall be a major emphasis of the program. Certain corps centers designated by the director as fire centers in locations specifically needed to assure emergency capability and readiness for firefighting and natural disaster relief shall be administered and directed jointly by the director of the corps and the Director of Forestry and Fire Protection. The director of the corps shall be responsible for setting the policies under which these centers shall be operated and shall be responsible for the recruitment, orientation, job training, project

planning, and educational and other services generally provided in the corps at its base centers. The Director of Forestry and Fire Protection, and his or her designee, shall be responsible for the supervision of corpsmembers engaged in public service conservation work and for the training, supervision, and direction of corpsmembers engaged in fire prevention, fire suppression, and other emergency activities.

SEC. 6. Section 14308 of the Public Resources Code is amended to read:

14308. In carrying out this division, the director may utilize any services, materials, or property of any agency of the state and may make any agreements with any agency of the state, or take any other actions, that are reasonable and necessary.

SEC. 7. Section 14311 is added to the Public Resources Code, to read:

14311. In keeping with the corps' entrepreneurial nature and to expand the corpsmember population, the corps shall actively seek reimbursable work projects from state and nonstate entities that are in keeping with its mission. The corps shall use the following criteria in reviewing such a project offer:

(a) The project will provide opportunities to expand corpsmember population.

(b) The project will provide corpsmembers with education and training in employable skills.

(c) The project will attract community support, participation, and funding.

(d) The project conserves or enhances the state's natural resources, or has other public benefits.

SEC. 8. Section 14312 is added to the Public Resources Code, to read:

14312. (a) The Collins-Dugan California Conservation Corps Fund is hereby created in the State Treasury, for support of the corps.

(b) Funds from various sources, including funds received in payment for reimbursable work projects, available special funds, donations, and any other available money, but excluding General Fund money, may be deposited in the Collins-Dugan California Conservation Corps Fund.

(c) Notwithstanding Section 13340 of the Government Code, the money in the Collins-Dugan California Conservation Corps Fund is hereby continuously appropriated to the corps for the following program activities:

(1) Program expansion to hire more corpsmembers.

(2) Enhancement of corpsmember education and educational support services.

(3) Enhancement of equipment used by corpsmembers in projects meeting the corps' mission.

(4) Program support when legislatively directed reimbursement targets are unmet in a given fiscal year.

SEC. 9. Section 14313 is added to the Public Resources Code, to read:

14313. To assist the corps' operation as an entrepreneurial and incentive-based program, the director may seek and accept donations from private entities, foundations, or other sources outside of state government for purposes of accomplishing the corps' mission.

SEC. 10. Section 14314 is added to the Public Resources Code, to read:

14314. (a) On and after July 1, 1994, to further long-term strategic planning, the development of performance measures, operational and administrative efficiency and flexibility, and commitment to quality improvement, the corps shall be designated by the Department of Finance as a performance budget department whose annual budget shall take the form of a budget contract between the Legislature and the corps.

(b) The Legislature hereby requests the Governor to issue an executive order establishing performance goals for the corps, by which the Legislature may evaluate a proposed corps contract, and that the executive order includes such goals as increasing the number of corpsmembers, increasing the number of corpsmember hours dedicated to public service conservation work and emergency response, and developing specific and quantifiable measures of the corps' success.

(c) On or before January 1, 1999, the corps shall report to the Legislature regarding the status of the Collins-Dugan California Conservation Corps Fund, the entrepreneurial incentives that financial support provides to the corps, the impact that the funding has had on the program and the development of corpsmembers through work, service, and education, and the corps' success as a performance budget department based on its ability over a five-year period to meet established performance goals.

SEC. 11. Section 14315 is added to the Public Resources Code, to read:

14315. (a) State agencies shall use the services of the corps to the maximum extent feasible to carry out projects that promote the mission of the corps.

(b) The corps may contract with any state agency for the performance of activities consistent with this division.

(c) Upon appropriation by the Legislature and execution of a contract pursuant to subdivision (b), the Controller may transfer money to the Collins-Dugan California Conservation Corps Fund from other funds under the control of the contracting state agency, including, but not limited to, the following funds and accounts:

(1) Hazardous Waste Control Account in the General Fund.

(2) State Highway Account in the State Transportation Fund.

(3) Transportation Planning and Development Account in the State Transportation Fund.

(4) California Environmental License Plate Fund.

(5) Fish and Game Preservation Fund.

(6) Public Resources Account in the Cigarette and Tobacco Products Surtax Fund.

(7) Unallocated Account in the Cigarette and Tobacco Products Surtax Fund.

(8) Habitat Conservation Fund.

(9) Motor Vehicle Fuel Account in the Transportation Tax Fund pursuant to Section 8352.6 of the Revenue and Taxation Code (OMV Fund).

(10) Oil Spill Prevention and Administration Fund.

(11) Integrated Waste Management Account in the Integrated Waste Management Fund.

(12) State Parks and Recreation Fund.

(13) Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund.

(14) Employment Training Fund.

(15) Harbors and Watercraft Revolving Fund.

(16) California Beverage Container Recycling Fund.

(d) Expenditures from the Collins-Dugan California Conservation Corps Fund of amounts transferred pursuant to subdivision (c) shall be limited to purposes which are consistent with the requirements of each fund or account contributing each amount to the Collins-Dugan California Conservation Corps Fund.

SEC. 12. Section 14316 is added to the Public Resources Code, to read:

14316. The Department of Finance may make a loan from the General Fund to the Collins-Dugan California Conservation Corps Fund, in an amount not to exceed a cumulative total of one million five hundred thousand dollars ($1,500,000) to meet cash flow needs due to delays in collecting reimbursements. Any loan made by the Department of Finance pursuant to this section shall only be made if the corps has a valid contract or certification signed by a client agency that demonstrates that sufficient funds will be available to repay the loan. All money so transferred shall be repaid to the General Fund as soon as possible, but not later than one year from the date of the loan, with interest at the average rate earned by the Surplus Money Investment Fund.

SEC. 13. Section 14581 of the Public Resources Code is amended to read:

14581. Subject to the availability of funds, the department may expend the money set aside in the fund, pursuant to subdivision (c) of Section 14580 for the purposes of this section, in the following order of priority:

(a) The department shall annually expend seven million dollars ($7,000,000) plus the proportional share of the cost-of-living adjustment as provided in subdivision (d) in the form of grants issued to certified community conservation corps, either existing or those established in the future, designated by a city or a city and county to perform litter abatement, recycling, and related activities, if the

city or the city and county has a population, as determined by the last federal census, of more than 250,000 persons. Any grants provided pursuant to this subdivision shall not comprise more than 75 percent of the annual budget of a community conservation corps.

(b) The department shall annually expend up to eighteen million five hundred thousand dollars ($18,500,000) for the payment of handling fees, pursuant to Section 14585, until January 1, 1996.

(c) The department shall annually expend two million dollars ($2,000,000) plus the proportional share of the cost-of-living adjustment as provided in subdivision (d) in the form of grants to nonprofit organizations or governmental entities, as determined by the department.

(d) The nine million dollars ($9,000,000) set aside in subdivisions (a) and (c), is a base amount which the department shall adjust annually to reflect increases or decreases in the cost of living, as measured by the Department of Labor or a successor agency of the United States government.

CHAPTER 895

An act to amend Section 23116 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 23116 of the Vehicle Code is amended to read:

23116. (a) No person driving a pickup truck or a flatbed motor truck on a highway shall transport any person in or on, and no person shall ride in or on, the back of the truck.

(b) Subdivision (a) does not apply if the person in the back of the truck is secured with a restraint system. The restraint system shall meet or exceed the federal motor vehicle safety standards published in Sections 571.207, 571.209, and 571.210 of Title 49 of the Code of Federal Regulations.

(c) Subdivisions (a) and (b) do not apply if the person in the back of the truck or the flatbed is being transported in an emergency response situation by a public agency or pursuant to the direction or authority of a public agency.

As used in this subdivision "emergency response situation" means instances in which necessary measures are needed in order to prevent injury or death to persons or to prevent, confine, or mitigate damage or destruction to property.

(d) Subdivision (a) does not apply if the person in the back of the truck is being transported in an enclosed camper or camper shell

that prevents the person from being discharged.

(e) This section does not affect requirements imposed by the Labor Code or by any other state or federal law or regulation regarding the transportation of employees in a motortruck.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 896

An act to amend Sections 5093.547, 5093.548, 5093.55, and 5093.56 of, and to repeal Section 5093.65 of, the Public Resources Code, relating to wild and scenic rivers, and making an appropriation therefor.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5093.547 of the Public Resources Code is amended to read:

5093.547. (a) (1) The secretary shall study and submit to the Governor and the Legislature reports on the suitability or nonsuitability for addition to the system of rivers or segments thereof which are designated by the Legislature as potential additions to the system. The secretary shall report to the Legislature his or her recommendations and proposals with respect to the designation of a river or segment.

(2) With respect to the rivers and segments thereof designated in Section 5093.548, the secretary shall complete the studies and submit the reports to the Governor and the Legislature on or before January 1, 1995. Prior to submitting the reports, the secretary shall conduct one or more hearings within the local area for the purpose of receiving public comments and suggestions with respect to the suitability or nonsuitability of the river and river segments designated as potential additions to the system.

(b) Each report, including maps and illustrations, shall show, among other things, the area included within the report, the characteristics which do or do not make the area a worthy addition to the system, the current status of land ownership and use in the

immediate environment, and the reasonably foreseeable potential uses of the land and water which will be enhanced, foreclosed, or curtailed if the river or river segment were included in the system. Each report shall also specifically address the need for future flood control facilities or improvements, potential conjunctive uses of water within the region and the Sacramento-San Joaquin Delta, local groundwater management planning studies or programs, and any fishery restoration projects or facilities that will be enhanced, foreclosed, or curtailed if the river or river segment is included in the system.

SEC. 2. Section 5093.548 of the Public Resources Code is amended to read:

5093.548. The following rivers and segments thereof are hereby designated for potential addition to the system:

(a) Mill Creek. The main stem from its source near Mt. Lassen within Section 15 T30N R4E to the confluence with the Sacramento River.

(b) Deer Creek. The main stem from its source at Butt Mountain from the southern boundary of Section 10 T28N R5E to the confluence with the Sacramento River.

SEC. 3. Section 5093.55 of the Public Resources Code is amended to read:

5093.55. (a) Other than temporary flood storage facilities permitted pursuant to Section 5093.57, no dam, reservoir, diversion, or other water impoundment facility shall be constructed on any river and segment thereof designated in Section 5093.54; nor shall any water diversion facility be constructed on the river and segment unless and until the secretary determines that the facility is needed to supply domestic water to the residents of the county or counties through which the river and segment flows, and unless and until the secretary determines that the facility will not adversely affect the free-flowing condition and natural character of the river and segment.

(b) No dam, reservoir, diversion, or other water impoundment facility shall be constructed on any river and segment thereof designated in Section 5093.548 for study by the secretary as a potential addition to the system until January 1, 1996.

SEC. 4. Section 5093.56 of the Public Resources Code is amended to read:

5093.56. No department or agency of the state shall assist or cooperate, whether by loan, grant, license, or otherwise, with any department or agency of the federal, state, or local government, in the planning or construction of any dam, reservoir, diversion, or other water impoundment facility that could have an adverse effect on the free-flowing condition and natural character of (1) the river and segments thereof designated in Section 5093.54 as included in the system, and (2) the rivers and segments thereof designated in Section 5093.548 for study by the secretary as potential additions to the system until January 1, 1996.

SEC. 5. Section 5093.65 of the Public Resources Code is repealed.

SEC. 6. Notwithstanding Sections 3 and 4 of this act or any other provision of law, nothing in this act shall prejudice, alter, affect in any way, or interfere with, the exercise of existing water rights.

SEC. 7. Notwithstanding Sections 3 and 4 of this act or any other provision of law, nothing in this act shall prejudice, alter, affect in any way, or interfere with, the ability of public agencies or private landowners to maintain existing flood control facilities and projects or undertake emergency flood control activities or repairs required due to acts of God, provided that those activities or projects do not interfere with the passage of migrating anadromous fish.

SEC. 8. Notwithstanding Sections 3 and 4 of this act, nor any other provision of law, nothing in this act shall prejudice, alter, affect in any way, or interfere with, the implementation or construction of any fishery restoration or improvement project that is authorized, required, or recommended pursuant to the Central Valley Improvement Act (Public Law 102-575) or the upper Sacramento River Fisheries and Riparian Habitat Management Plan development pursuant to Chapter 885 of the Statutes of 1986, or of any other fishery restoration or improvement project, including, but not limited to, those developed and implemented by the Spring-Run Salmon Restoration Action Plan Committee.

SEC. 9. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the Public Resources Account in the Cigarette and Tobacco Products Surtax Fund to the Secretary of the Resources Agency for expenditure in the 1993–94 and 1994–95 fiscal years for the conduct of suitability studies and the preparation and submission of reports pursuant to Section 5093.547 of the Public Resources Code for the creeks designated for potential addition to the California Wild and Scenic Rivers System in Section 5093.548 of the Public Resources Code.

CHAPTER 897

An act to amend Section 18025 of the Education Code, relating to libraries.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 18025 of the Education Code is amended to read:

18025. (a) For the 1982–83 fiscal year and each fiscal year thereafter, the State Librarian shall determine the amount to which each public library is entitled for support of the library during the fiscal year. The amount shall be equal to 10 percent of the cost of the

foundation program as determined pursuant to Section 18022.

(b) If local revenues appropriated for a public library for the 1982–83 fiscal year and each fiscal year thereafter, including tax revenues made available under Chapter 282 of the Statutes of 1979, total less than 90 percent of the cost of the foundation program as determined pursuant to Section 18022, the state allocation for that fiscal year shall be reduced proportionately.

(c) If local revenues appropriated for a public library for the 1982–83 fiscal year and each fiscal year thereafter, including tax revenues made available under the provisions of Chapter 282 of the Statutes of 1979, total more than 90 percent of the cost of the foundation program as determined pursuant to Section 18022, the state allocation for that fiscal year shall remain at 10 percent of the cost of the foundation program as determined pursuant to Section 18022.

(d) In order for a public library to receive state funds under this chapter in the 1983–84 fiscal year and any fiscal year thereafter, the total amount of local revenues appropriated for the public library for that fiscal year, including tax revenues made available under Chapter 282 of the Statutes of 1979 and other revenues deemed to be local revenues according to Section 18023, shall be equal to at least the total amount of local revenues, as defined, appropriated for the public library in the previous fiscal year. State funds provided under this chapter shall supplement, but not supplant, local revenues appropriated for the public library.

(e) (1) Notwithstanding subdivision (d), or any other provision of law, in the 1993–94 fiscal year, any city, county, district, or city and county, that reduces local revenues appropriated for the public library for the 1993–94 fiscal year shall continue to receive state funds appropriated under this chapter for the 1993–94 fiscal year only, provided that the amount of the reduction to the appropriation to that public library for the 1993–94 fiscal year is no more than 20 percent of the 1992–93 fiscal year appropriation made to that public library as certified by the fiscal officer of the public library and transmitted to the State Librarian pursuant to Section 18023.

(2) Commencing with the 1993–94 fiscal year, and each fiscal year thereafter, any city, county, district, or city and county may request from the State Librarian a waiver of the requirements of subdivision (d) or of paragraph (1) by demonstrating that the percentage of the reduction in local revenues appropriated for the public library is no greater than the percentage of the reduction of local revenues received by the city, county, district, or city and county operating the public library as a result of changes made to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code by statutes enacted during or after the 1991–92 Regular Session having the effect of shifting property tax revenues from cities, counties, special districts, and redevelopment agencies to school districts and community colleges. Requests for the waiver and the substantiating documentation shall be submitted to the State Librarian along with

the annual report of appropriation required by Section 18023 or any other report of appropriations applying to public libraries required by any other provision of law.

(f) In the event that the state allocations computed pursuant to this section exceed the total amount of funds appropriated for such purposes in any fiscal year, the State Librarian shall adjust on a pro rata basis public library allocations prescribed by this section so that the total amount in each fiscal year does not exceed this amount.

CHAPTER 898

An act to amend Sections 8172, 8173, 8174, 8178, 8179, and 8180 of, to amend the heading of Chapter 1.9 (commencing with Section 8180) of Part 6 of, and to add Sections 8181 and 8182 to, the Education Code, relating to child care, and making an appropriation therefor.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 8172 of the Education Code is amended to read:

8172. (a) The Department of Justice shall establish a trustline registry pursuant to this chapter. Upon submission of the trustline application and fingerprints pursuant to subdivision (a) of Section 8171, the Department of Justice shall enter into the trustline registry the provider's name, identification card number, and an indicator that the provider has submitted an application and fingerprints. This provider shall be known as a "trustline applicant."

(b) Upon completion of the searches of the California Criminal History System and the California Child Abuse Central Index, if no reported criminal conviction or substantiated child abuse information that would disqualify the provider from being licensed by the State Department of Social Services as a child care provider is found, the Department of Justice shall enter that finding in the provider's record in the trustline registry and shall notify the provider of the action. This provider shall be known as a "registered trustline child care provider."

(c) If, in any of the two searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could not request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall notify the provider that he or she is not eligible to be a registered trustline child care provider, or in the case where a provider was previously registered, that he or she is no longer eligible to be a registered trustline child care provider.

Also the provider's record as a trustline applicant or a registered child care provider shall be removed from the registry.

(d) (1) If, in any of the two searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall review the information and either register the person as a registered trustline child care provider or deny the registration. In either case, the Department of Justice shall notify the provider of its action. In the event of a denial, the Department of Justice shall remove the provider's record as a trustline applicant from the registry.

(2) If the Department of Justice denies registration pursuant to paragraph (1), it shall advise the provider of the right to appeal. The provider shall have 15 days to appeal the denial. Upon receipt by the Department of Justice of the appeal, the appeal shall be set for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted in that chapter.

(e) (1) The Department of Justice shall adopt regulations that are parallel to those used by the State Department of Social Services in determining whether a person applying for a license for a child day care facility may be granted an exemption to work in a day care facility despite a criminal conviction or a determination of substantiated child abuse. If an appeal is requested, the Department of Justice shall make the determination within 30 days, based upon the regulations adopted.

(2) Notwithstanding paragraph (1), the background examination required pursuant to this chapter shall not include review of the Automated Name Index of the Department of Motor Vehicles.

(3) In order to expedite the implementation of this chapter, regulations adopted for the purposes of Chapter 3.65 (commencing with Section 1597.80) shall be used for the purposes of this chapter to the extent that those regulations are consistent with this chapter.

(f) The Department of Justice may charge a provider initiating a background examination a fee. Apportionment of the proceeds collected by the Department of Justice from this fee will occur on a percentage basis with a portion of the fee being allocated to the Department of Justice and the remainder to the State Department of Education. The percentages allocated will be reviewed annually by the Department of Justice, the State Department of Education, and the California Child Care Resource Referral Network. The Department of Justice and the State Department of Education shall enter into an interagency agreement for the purpose of transferring funds to offset the costs incurred by the California Child Care Resource and Referral Network to implement the trustline program pursuant to this chapter. The maximum fee may not exceed the total

actual costs of all of the following:

(1) The searches of the California Criminal History System and the California Child Abuse Central Index performed by the Department of Justice.

(2) The information and technical assistance provided by the California Child Care Resource and Referral Network to parents, providers, and employment agencies.

(3) The implementation by the local child care resource and referral programs of the trustline program.

All moneys collected by the Department of Justice to implement this chapter shall be continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this chapter.

(g) The Department of Justice shall maintain and continually update an index of reports of substantiated child abuse by, and pertinent criminal convictions of, providers and shall review the reports received from the child abuse index pursuant to Section 11170 of the Penal Code to determine if the child abuse of the provider is substantiated. The Department of Justice shall continually update the trustline registry pursuant to the actions required in subdivisions (c) and (d) of this section.

(h) The Department of Justice shall provide the California Child Care Resource and Referral Network with a continually updated record of the trustline applicants and the registered trustline child care providers.

(i) Notwithstanding any provision of law to the contrary, including Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code, state officers or employees shall not be liable for any damages caused by their conduct pursuant to this chapter except for intentional acts or gross negligence.

(j) Nothing in this chapter shall preclude the Superintendent of Public Instruction from compiling additional information from any source concerning the employment of any child care provider who is compensated with funds administered by the State Department of Education.

SEC. 2. Section 8173 of the Education Code is amended to read:

8173. (a) The State Department of Education shall enter into a contract with the California Child Care Resource and Referral Network to administer the trustline.

(b) The California Child Care Resources and Referral Network may subcontract with local resource and referral programs for the implementation of the trustline program at the local level as it relates to providers paying a fee pursuant to subdivision (f) of Section 8172.

SEC. 3. Section 8174 of the Education Code is amended to read:

8174. (a) The California Child Care Resource and Referral Network shall have the following responsibilities:

(1) Establish and maintain a toll-free telephone line to allow parents, employment agencies, child care referral groups and registries, alternative payment programs, and others to determine if a provider is a trustline applicant or a registered trustline child care

provider.

(2) Develop a statewide promotion plan, publicize statewide the existence, benefits, and methods of accessing the trustline for both parents and providers, and distribute trustline applications statewide.

(3) Monitor and provide assistance to the child care resource and referral agencies in carrying out their trustline responsibilities.

(4) Collect data for the purposes of Section 8179.

(5) Seek private financial support for the trustline.

(6) Ensure that the trustline is accessible to all persons in the state, regardless of their ability to speak English.

(b) Officers or employees of the California Child Care Resource and Referral Network shall not be liable for any injury caused by their conduct pursuant to paragraph (1) of subdivision (a), except for intentional conduct or gross negligence.

SEC. 4. Section 8178 of the Education Code is amended to read:

8178. A child care resource and referral agency established pursuant to Article 2 (commencing with Section 8210) of Chapter 2 shall have the following responsibilities in the administration of the trustline within its local geographic area of service:

(a) Implement the local elements of the promotion plan designed by the California Child Care Resource and Referral Network pursuant to Section 8174. Publicize the availability, purpose, and benefits of the trustline to parents, child care providers, prospective child care providers, and institutions and agencies which have frequent contact with parents and providers.

(b) Cooperate with the California Child Care Resource and Referral Network in promotional and data collection efforts.

(c) Report annually to the California Child Care Resource and Referral Network on local promotional efforts, problems encountered, and recommendations for program improvement.

(d) Ensure that the trustline is accessible to all persons in the state, regardless of their ability to speak English.

(e) Provide information and technical assistance on the trustline process to parents, child care providers, and other interested parties.

SEC. 5. Section 8179 of the Education Code is amended to read:

8179. (a) The State Department of Education shall, in consultation with the representatives pursuant to Section 8175, select, contract with, and monitor a private consultant for the purpose of evaluating the trustline. The evaluation shall at a minimum address the following:

(1) The extent to which the trustline's registration system identifies persons seeking child care employment who have a reported criminal conviction or about whom there is substantiated child abuse information.

(2) The level of participation by parents, guardians, and child care providers.

(3) Obstacles to maximizing the benefits of the trustline registry.

(4) The total public cost per applicant.

(b) The State Department of Education shall transmit interim evaluation reports to the Legislature on or before September 30 of the second calendar year in which the program established by this chapter is in operation, and on or before September 30 of each subsequent year in which this program is in operation. The State Department of Education shall transmit the final evaluation report developed pursuant to subdivision (a), along with conclusions and recommendations that it develops in consultation with the Child Care Resource and Referral Network and the representatives pursuant to Section 8175, to the Legislature on or before January 1 of the fifth year in which the program is in operation.

SEC. 6. The heading of Chapter 1.9 (commencing with Section 8180) of Part 6 of the Education Code is amended to read:

CHAPTER 1.9. REGISTRATION OF CHILD CARE PROVIDERS FUNDED THROUGH THE ALTERNATIVE PAYMENT PROGRAM OR A FEDERAL PROGRAM

SEC. 7. Section 8180 of the Education Code is amended to read:

8180. (a) Each child care provider, as defined pursuant to Section 8170, who is compensated, in whole or in part, with funds provided pursuant to the Alternative Payment Program (Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code) or pursuant to the federal Child Care and Development Block Grant Program, except a provider who is, by marriage, blood, or court decree, the grandparent, aunt, or uncle of the child in care, shall be registered pursuant to Sections 8171 and 8172 in order to be eligible to receive this compensation. Registration under this chapter shall be required for providers who receive funds under Section 601 and following of Title 42 of the United States Code only to the extent permitted by that law and the regulations adopted pursuant thereto. Registration under this chapter shall be required for providers who receive funds under the federal Child Care and Development Block Grant Program only to the extent permitted by that program and the regulations adopted pursuant thereto.

(b) For the purposes of registration of the providers identified in subdivision (a), the following procedures shall apply:

(1) Notwithstanding subdivision (a) of Section 8171, the provider shall submit the fingerprints and trustline application to the local child care resource and referral agency established pursuant to Article 2 (commencing with Section 8210) of Chapter 2 of Part 6 of the Education Code. The local child care resource and referral agency shall transmit the fingerprints and completed trustline applications to the Department of Justice and address any local problems that occur in the registration system. If a fee is charged by the local child care resource and referral agency that takes a provider's fingerprints, the provider shall be reimbursed for this charge by the State Department of Education, through the local child care resource and referral agency, from federal Child Care and

Development Block Grant funds to the extent that those funds are available.

(2) The Department of Justice shall adhere to the requirements of Sections 8171 and 8172 and shall notify the California Child Care Resource and Referral Network of any action it takes pursuant to Section 8172.

(3) The California Child Care Resource and Referral Network shall notify the applicable local child care resource and referral agencies, alternative payment programs, and county welfare departments of the status of the trustline applicants and registered trustline child care providers. The network shall maintain a toll-free telephone line to provide information to the local resource and referral agencies, the alternative payment programs, and the child care recipients of the status of providers.

(c) This chapter shall become operative only if funds appropriated for the purposes of this chapter from Item 6110-196-890 of Section 2 of the Budget Act of 1991 are incorporated into and approved as part of the state plan that is required pursuant to Section 658(E)(a) of the federal Child Care Block Grant Act of 1990 (Sec. 5082, P.L. 101-508).

SEC. 8. Section 8181 is added to the Education Code, to read:

8181. (a) Each child care provider, as defined by Section 8170, who is compensated, in whole or in part, with funds provided pursuant to the Greater Avenues for Independence (GAIN) program (Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code), Transitional Child Care (TCC) program (Article 8 (commencing with Section 11500) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code), Non-Gain Education Training (NET), or the At Risk Child Care program (Article 15.5 (commencing with Section 8350) of Chapter 2 of Part 6), except a provider who is, by marriage, blood, or court decree, the grandparent, aunt, or uncle of the child in care, shall be registered pursuant to Sections 8171 and 8172 in order to be eligible to receive this compensation. Registration is required for providers who receive funds under Section 601 and following of Title 42 of the United States Code only to the extent permitted by that law and the regulations adopted pursuant thereto. This section applies only to child care providers, as defined by Section 8170, who register for payment from the Greater Avenues for Independence (GAIN) program, Transitional Child Care (TCC) program, Non-Gain Education Training (NET), or the At Risk Child Care program after the implementation of the trustline registration system and does not apply to providers who had been receiving payment prior to implementation.

(b) Except as set forth in subdivisions (c) and (d), subdivision (a) shall not be implemented unless funding is specifically provided in the Budget Act or in other legislation.

(c) To the extent that funding is available through the At Risk Child Care program, subdivision (a) shall apply only to child care

providers compensated with funds provided by that program. If funding through the At Risk Child Care program is not available, the Department of Social Services shall notify the State Department of Education 90 days after this legislation is enacted and this subdivision shall not be implemented. If funding through the At Risk Child Care program is available and to the extent that funding for trustline registration is allowable according to federally approved cost-sharing principles, the Department of Justice and the California Child Care Resource and Referral Network shall enter into an agreement with the Department of Social Services to fund the duties specified in this subdivision for the At Risk Child Care program.

(d) Notwithstanding any other provision of law, if funding for subdivision (c) is not available from the At Risk Child Care program for the 1993-94 fiscal year, the State Department of Education may provide interim funding for this program from the federal Child Care and Development Block Grant in an amount not to exceed two hundred fifty thousand dollars ($250,000) to the extent that funds are available and their use does not violate any federal regulations and is in accordance with the Child Care and Development Block Grant State Plan. If this subdivision is implemented, the Department of Justice and the California Child Care Resource and Referral Network shall enter into an agreement with the State Department of Education to fund the duties specified in this section for the At Risk Child Care program.

SEC. 9. Section 8182 is added to the Education Code, to read:

8182. The State Department of Education shall evaluate the trustline registration system as it relates to the At Risk Child Care program and, if funded, the Greater Avenues for Independence (GAIN) program, Transitional Child Care (TCC) program, and Non-Gain Education Training (NET). The department shall complete its evaluation no later than 28 months after the trustline registration system as it relates to the At Risk Child Care program has begun to be implemented. The evaluation shall at a minimum address the following:

(a) The extent to which the trustline registration system identifies child care providers compensated with funds provided by the At Risk Child Care program who have a reported criminal conviction or about whom there is substantiated child abuse information.

(b) The level of participation by parents, guardians, and child care providers.

(c) Obstacles to maximizing the benefits of the trustline registry.

(d) The total public cost per applicant.

SEC. 10. The State Department of Education shall identify, and report to the State Department of Finance and the office of the Legislative Analyst, federal Child Care and Development Block Grant funds and work with the California Child Care Resource and Referral Network to develop a funding plan to implement subdivision (d) of Section 8181 of the Education Code by February

1, 1994.

CHAPTER 899

An act to amend Sections 12810, 13353.2, 13353.3, 13551, 13557, 13558, 23158.2, and 23159.5 of, to add Sections 12802.5, 13353.1, and 13353.8 to, and to add Article 1.3 (commencing with Section 23136) to Chapter 12 of Division 11 of, the Vehicle Code, relating to driver's licenses.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The "drinking age" in all 50 states is 21 years, and it is illegal in all 50 states for persons under that age to purchase or possess alcoholic beverages.

(b) Currently, there is no penalty for persons under 18 years of age who drive a motor vehicle with a blood alcohol content of less than 0.05 percent, by weight; nor is there a penalty for persons between 18 and 21 years of age who drive a motor vehicle with a blood alcohol content of less than 0.08 percent, by weight.

(c) Every year, drinking drivers under 21 years of age maim and kill other drivers or pedestrians, causing not only untold grief and suffering, but also causing unnecessary increases in automobile insurance rates. In 1990 alone, this group of drivers killed 60 Californians and injured an additional 1,591 persons.

(d) It is the intent of the Legislature, in enacting this act, to close this loophole, thereby enhancing the safety of our highways, by prohibiting any person under 21 years of age from driving a motor vehicle for one year if that person drove with a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

SEC. 2. Section 12802.5 is added to the Vehicle Code, to read:

12802.5. Before issuing a driver's license or permit to any person under 21 years of age, both of the following shall occur:

(a) The department shall inform the applicant of the following, pursuant to Article 1.3 (commencing with Section 23136) of Chapter 12 of Division 11:

(1) It is unlawful to drive with a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

(2) The penalty for so driving is a one-year suspension of the driving privilege.

(3) A refusal to take, or a failure to complete, a preliminary

alcohol screening test for the purpose of determining the level of alcohol pursuant to Section 23137 shall result in a one-year suspension of the driving privilege.

(4) The fee for reissuance of a driver's license after suspension for a violation of Section 23136 is one hundred dollars ($100). This fee is in addition to any other fees that may be imposed by the department in connection with reissuance of a driver's license.

(b) The applicant shall sign a statement that acknowledges that he or she has been notified of the information specified in subdivision (a).

SEC. 3. Section 12810 of the Vehicle Code is amended to read:

12810. In determining the violation point count, the following shall apply:

(a) Any conviction of failure to stop in the event of an accident in violation of Section 20001 or 20002 shall be given a value of two points.

(b) Any conviction of a violation of Section 23152 or 23153 shall be given a value of two points.

(c) Any conviction of reckless driving shall be given a value of two points.

(d) (1) Any conviction of a violation of subdivision (c) of Section 192 of the Penal Code, or of Section 2800.2, subdivision (b) of Section 21651, subdivision (b) of Section 22348, subdivision (a) of Section 23109, subdivision (c) of Section 23109, or Section 31602 of this code, shall be given a value of two points.

(2) Any conviction of a violation of subdivision (a) or (b) of Section 23140 shall be given a value of two points.

(e) Except as provided in subdivision (g), any other traffic conviction involving the safe operation of a motor vehicle upon the highway shall be given a value of one point.

(f) Any accident in which the operator is deemed by the department to be responsible shall be given a value of one point.

(g) (1) A violation of paragraph (1), (2), (3), or (5) of subdivision (b) of Section 40001 shall not result in a violation point count being given to the driver if the driver is not the owner of the vehicle.

(2) Any conviction of a violation of subdivision (a) of Section 21116, Section 21207.5, 21708, 21710, 21716, 23120, 24800, or 26707 shall not be given a violation point count.

(3) A violation of Section 23136 shall not result in a violation point count.

(h) A conviction for only one violation arising from one occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section.

(i) Any conviction of a violation of Section 14601, 14601.1, 14601.2, or 14601.3 shall be given a value of two points.

(j) Any conviction of a violation of Section 27360 within a 37-month period shall be given a value of one point.

SEC. 4. Section 13353.1 is added to the Vehicle Code, to read:

13353.1. (a) If any person refuses an officer's request to submit

to, or fails to complete, a preliminary alcohol screening test pursuant to Section 23137, upon receipt of the officer's sworn statement, submitted pursuant to Section 23158.2, that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23136, and that the person had refused to submit to, or did not complete, the test after being requested by the officer, the department immediately shall suspend the person's privilege to operate a motor vehicle for a period of one year.

(b) The notice of the order of suspension or revocation under this section shall be served on the person by the peace officer pursuant to Section 23137. The notice of the order of suspension or revocation shall be on a form provided by the department. If the notice of the order of suspension or revocation has not been served by the peace officer pursuant to Section 23137, the department immediately shall notify the person in writing of the action taken. The peace officer who serves the notice, or the department, if applicable, also shall provide, if the officer or department, as the case may be, determines that it is necessary to do so, the person with the appropriate non-English notice developed pursuant to subdivision (d) of Section 14100.

(c) Upon receipt of the officer's sworn statement, the department shall review the record. For purposes of this section, the scope of the administrative review shall cover all of the following issues:

(1) Whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23136.

(2) Whether the person was lawfully detained.

(3) Whether the person refused to submit to, or did not complete, the test after being requested by a peace officer.

(d) The person may request an administrative hearing pursuant to Section 13558. Except as provided in subdivision (e) of Section 13558, the request for an administrative hearing does not stay the order of suspension or revocation.

SEC. 5. Section 13353.2 of the Vehicle Code is amended to read:

13353.2. (a) The department shall immediately suspend the privilege of any person to operate a motor vehicle if the person was driving a motor vehicle when the person was 21 years of age or older and had 0.08 percent or more, by weight, of alcohol in his or her blood, or when the person was under 21 years of age and had a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

(b) The notice of the order of suspension under this section shall be served on the person by a peace officer pursuant to Section 23137 or 23158.5. The notice of the order of suspension shall be on a form provided by the department. If the notice of the order of suspension has not been served upon the person by the peace officer pursuant to Section 23137 or 23158.5, upon the receipt of the report of a peace officer submitted pursuant to Section 23158.2, the department shall mail written notice of the order of the suspension to the person at the last known address shown on the department's records and, if the

address of the person provided by the peace officer's report differs from the address of record, to that address.

(c) The notice of the order of suspension shall clearly specify the reason and statutory grounds for the suspension, the effective date of the suspension, the right of the person to request an administrative hearing, the procedure for requesting an administrative hearing, and the date by which a request for an administrative hearing shall be made in order to receive a determination prior to the effective date of the suspension.

(d) The department shall make a determination of the facts in subdivision (a) on the basis of the report of a peace officer submitted pursuant to Section 23158.2. The determination of the facts, after administrative review pursuant to Section 13557, by the department is final, unless an administrative hearing is held pursuant to Section 13558 and any judicial review of the administrative determination after the hearing pursuant to Section 13559 is final.

(e) The determination of the facts in subdivision (a) is a civil matter which is independent of the determination of the person's guilt or innocence, shall have no collateral estoppel effect on a subsequent criminal prosecution, and shall not preclude the litigation of the same or similar facts in the criminal proceeding. If a person is acquitted of criminal charges relating to a determination of facts under subdivision (a), or if the person's driver's license was suspended pursuant to Section 23137 and the department finds no basis for a suspension pursuant to that section, the department shall immediately reinstate the person's privilege to operate a motor vehicle if the department has suspended it administratively pursuant to subdivision (a), and the department shall return or reissue for the remaining term any driver's license which has been taken from the person pursuant to Section 23158.5 or otherwise. No fee shall be imposed pursuant to Section 14905 for the return or reissuing of a driver's license pursuant to this subdivision. The disposition of a suspension action under this section does not affect any action to suspend or revoke the person's privilege to operate a motor vehicle under any other provision of this code, including, but not limited to, Section 13352 or 13353, or Chapter 3 (commencing with Section 13800).

SEC. 5.1. Section 13353.2 of the Vehicle Code is amended to read:

13353.2. (a) The department shall immediately suspend the privilege of any person to operate a motor vehicle if the person was driving a motor vehicle when the person was 21 years of age or older and had 0.08 percent or more, by weight, of alcohol in his or her blood, or when the person was under 21 years of age and had a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

(b) The notice of the order of suspension under this section shall be served on the person by a peace officer pursuant to Section 23137 or 23158.5. The notice of the order of suspension shall be on a form provided by the department. If the notice of the order of suspension

has not been served upon the person by the peace officer pursuant to Section 23137 or 23158.5, upon the receipt of the report of a peace officer submitted pursuant to Section 23158.2, the department shall mail written notice of the order of the suspension to the person at the last known address shown on the department's records and, if the address of the person provided by the peace officer's report differs from the address of record, to that address.

(c) The notice of the order of suspension shall clearly specify the reason and statutory grounds for the suspension, the effective date of the suspension, the right of the person to request an administrative hearing, the procedure for requesting an administrative hearing, and the date by which a request for an administrative hearing shall be made in order to receive a determination prior to the effective date of the suspension.

(d) The department shall make a determination of the facts in subdivision (a) on the basis of the report of a peace officer submitted pursuant to Section 23158.2. The determination of the facts, after administrative review pursuant to Section 13557, by the department is final, unless an administrative hearing is held pursuant to Section 13558 and any judicial review of the administrative determination after the hearing pursuant to Section 13559 is final.

(e) The determination of the facts in subdivision (a) is a civil matter which is independent of the determination of the person's guilt or innocence, shall have no collateral estoppel effect on a subsequent criminal prosecution, and shall not preclude the litigation of the same or similar facts in the criminal proceeding. If a person is acquitted of criminal charges relating to a determination of facts under subdivision (a), or if the person's driver's license was suspended pursuant to Section 23137 and the department finds no basis for a suspension pursuant to that section, the department shall immediately reinstate the person's privilege to operate a motor vehicle if the department has suspended it administratively pursuant to subdivision (a), and the department shall return or reissue for the remaining term any driver's license which has been taken from the person pursuant to Section 23158.5 or otherwise. Notwithstanding subdivision (b) of Section 13558, if criminal charges under Section 23152 or 23153 are not filed by the district attorney because of a lack of evidence, or if those charges are filed but are subsequently dismissed by the court because of an insufficiency of evidence, the person has a renewed right to request an administrative hearing before the department. The request for a hearing shall be made within one year from the date of arrest.

(f) The department shall furnish a form that requires a detailed explanation specifying which evidence was defective or lacking and detailing why that evidence was defective or lacking. The form shall be made available to the person to provide to the district attorney. The department shall hold an administrative hearing, and the hearing officer shall consider the reasons for the failure to prosecute given by the district attorney on the form provided by the

department. If applicable, the hearing officer shall consider the reasons stated on the record by a judge who dismisses the charges. No fee shall be imposed pursuant to Section 14905 for the return or reissuing of a driver's license pursuant to this subdivision. The disposition of a suspension action under this section does not affect any action to suspend or revoke the person's privilege to operate a motor vehicle under any other provision of this code, including, but not limited to, Section 13352 or 13353, or Chapter 3 (commencing with Section 13800).

SEC. 6. Section 13353.3 of the Vehicle Code, as amended by Section 6 of Chapter 1281 of the Statutes of 1992, is amended to read:

13353.3. (a) An order of suspension of a person's privilege to operate a motor vehicle pursuant to Section 13353.2 shall become effective 30 days after the person is served with the notice pursuant to Section 23137 or 23158.5, or subdivision (b) of Section 13353.2.

(b) The period of suspension of a person's privilege to operate a motor vehicle under Section 13353.2 is as follows:

(1) Except as provided in Section 13353.6, if the person has not been convicted of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23152 or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or the person has not been administratively determined to have refused chemical testing pursuant to Section 13353 or to have been driving with an excessive concentration of alcohol pursuant to Section 13353.2 on a separate occasion, which offense or occurrence occurred within seven years of the occasion in question, the person's privilege to operate a motor vehicle shall be suspended for four months.

(2) If the person has been convicted of one or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23152 or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or the person has been administratively determined to have refused chemical testing pursuant to Section 13353 or to have been driving with an excessive concentration of alcohol pursuant to Section 13353.2 on a separate occasion, which offense or occasion occurred within seven years of the occasion in question, the person's privilege to operate a motor vehicle shall be suspended for one year.

(3) Notwithstanding any other provision of law, if a person has been administratively determined to have been driving in violation of Section 23136, the period of suspension shall not be for less than one year.

(c) If a person's privilege to operate a motor vehicle is suspended pursuant to Section 13353.2 and the person is convicted of a violation of Section 23152 or 23153, including a violation described in Section 23156, arising out of the same occurrence, both the suspension under Section 13353.2 and the suspension or revocation under Section 13352 shall be imposed, except that, notwithstanding Section 13354, the periods of suspension or revocation shall run concurrently, and the total period of suspension or revocation shall not exceed the longer

of the two suspension or revocation periods. This subdivision shall not affect a suspension or revocation pursuant to Section 13353 for refusal to submit to chemical testing or the imposition of consecutive periods of suspension or revocation pursuant to Section 13354 for that refusal.

(d) This section shall become operative on July 1, 1993.

SEC. 7. Section 13353.8 is added to the Vehicle Code, to read:

13353.8. (a) Notwithstanding any other provision of law, after the department has issued an order suspending or delaying driving privileges as a result of a violation of Section 23136, the department, upon petition of the person affected, may review the order and may impose restrictions on the person's privilege to drive based upon a showing of a critical need to drive.

(b) As used in this section, "critical need to drive" means the circumstances which are required to be shown for the issuance of a junior permit pursuant to Section 12513.

(c) The restriction shall remain in effect for the balance of the period of suspension or restriction in this section.

SEC. 8. Section 13551 of the Vehicle Code is amended to read:

13551. (a) Whenever the department revokes or suspends the privilege of any person to operate a motor vehicle, the revocation or suspension shall apply to all driver's licenses held by that person, and, unless previously surrendered to the court, all of those licenses shall be surrendered to the department, or, pursuant to Section 23137, 23157, or 23158.5, to a peace officer on behalf of the department. Whenever the department cancels a driver's license, the license shall be surrendered to the department. All suspended licenses shall be retained by the department. The department shall return the license to the licensee, or may issue the person a new license upon the expiration of the period of suspension or revocation, if the person is otherwise eligible for a driver's license.

(b) The department shall return the license to the licensee, or may issue the person a new license, whenever the department determines that the grounds for suspension, revocation, or cancellation did not exist at the time the action was taken, if the person is otherwise eligible for a driver's license.

SEC. 9. Section 13557 of the Vehicle Code is amended to read:

13557. (a) The department shall review the determination made pursuant to Section 13353, 13353.1, or 13353.2 relating to any person who has received a notice of an order of suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.1, 13353.2, 23137, 23157, or 23158.5. The department shall consider the sworn report submitted by the peace officer pursuant to Section 23157 or 23158.2 and any other evidence accompanying the report.

(b) (1) If the department determines in the review of a determination made under Section 13353 or 13353.1, by a preponderance of the evidence, all of the following facts, the department shall sustain the order of suspension or revocation:

(A) That the peace officer had reasonable cause to believe that the person had been driving a motor vehicle in violation of Section 23137, 23152, or 23153.

(B) That the person was placed under arrest or, if the alleged violation was of Section 23236, that the person was lawfully detained.

(C) That the person refused or failed to complete the chemical test or tests after being requested by a peace officer.

(D) That, except for the persons described in Section 23157 who are incapable of refusing, the person had been told that his or her privilege to operate a motor vehicle would be suspended or revoked if he or she refused to submit to, and complete, the required testing.

If the department determines, by a preponderance of the evidence, that any of those facts were not proven, the department shall rescind the order of suspension or revocation and, provided the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. The determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(2) If the department determines in the review of a determination made under Section 13353.2, by the preponderance of the evidence, all of the following facts, the department shall sustain the order of suspension or revocation, or if the person is under 21 years of age and does not yet have a driver's license, the department shall delay issuance of that license for one year:

(A) That the peace officer had reasonable cause to believe that the person had been driving a motor vehicle in violation of Section 23136, 23152, or 23153.

(B) That the person was placed under arrest or, if the alleged violation was of Section 23136, that the person was lawfully detained.

(C) That the person was driving a motor vehicle when the person was 21 years of age or over and had 0.08 percent or more, by weight, of alcohol in his or her blood, or when the person was under 21 years of age and had a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

If the department determines that any of those facts were not proven by the preponderance of the evidence, the department shall rescind the order of suspension or revocation and, provided that the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. For persons under 21 years of age, the determination of the department pursuant to this paragraph is final unless a hearing is requested within 10 days of the determination, which hearing shall be conducted according to the provisions of Section 13558. For persons over 21 years of age, the determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(c) The department shall make the determination upon administrative review before the effective date of the order of suspension or revocation.

(d) The administrative review does not stay the suspension or

revocation of a person's privilege to operate a motor vehicle. If the department is unable to make a determination on administrative review within the time limit in subdivision (c), the department shall stay the effective date of the order of suspension or revocation pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23137, 23157, or 23158.5, the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23137, 23157, or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended or revoked.

(e) A person may request and be granted a hearing pursuant to Section 13558 without first receiving the results of an administrative review pursuant to this section. After receiving a request for a hearing, the department is not required to conduct an administrative review of the same matter pursuant to this section.

(f) A determination of facts by the department under this section has no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 10. Section 13558 of the Vehicle Code is amended to read:

13558. (a) Any person, who has received a notice of an order of suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.2, 23137, 23157, or 23158.5 or a notice pursuant to Section 13557, may request a hearing on the matter pursuant to Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section.

(b) If the person wishes to have a hearing before the effective date of the order of suspension or revocation, the request for a hearing shall be made within ten days of the receipt of the notice of the order of suspension or revocation. The hearing shall be held at a place designated by the department as close as practicable to the place where the arrest occurred, unless the parties agree to a different location. Any evidence at the hearing shall not be limited to the evidence presented at an administrative review pursuant to Section 13557.

(c) (1) The only issues at the hearing on an order of suspension or revocation pursuant to Section 13353 or 13353.1 shall be those facts listed in paragraph (1) of subdivision (b) of Section 13557. Notwithstanding Section 14106, the period of suspension or revocation specified in Section 13353 or 13353.1 shall not be reduced and, notwithstanding Section 14105.5, the effective date of the order of suspension or revocation shall not be stayed pending review at a hearing pursuant to this section.

(2) The only issues at the hearing on an order of suspension pursuant to Section 13353.2 shall be those facts listed in paragraph (2) of subdivision (b) of Section 13557. Notwithstanding Section 14106, the period of suspension specified in Section 13353.3 shall not be

reduced.

(d) The department shall hold the administrative hearing before the effective date of the order of suspension or revocation if the request for the hearing is postmarked or received by the department on or before ten days after the person's receipt of the service of the notice of the order of suspension or revocation pursuant to Section 13353.2, 23137, or 23158.5.

(e) A request for an administrative hearing does not stay the suspension or revocation of a person's privilege to operate a motor vehicle. If the department does not conduct an administrative hearing and make a determination after an administrative hearing within the time limit in subdivision (d), the department shall stay the effective date of the order of suspension or revocation pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23137, 23157, or 23158.5, the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23137, 23157, or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, provided the person is otherwise eligible, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended or revoked.

(f) The department shall give written notice of its determination pursuant to Section 14105. If the department determines, upon a hearing of the matter, to suspend or revoke the person's privilege to operate a motor vehicle, notwithstanding the term of any temporary permit issued pursuant to Section 23137, 23157, or 23158.5, the temporary permit shall be revoked and the suspension or revocation of the person's privilege to operate a motor vehicle shall become effective five days after notice is given. If the department sustains the order of suspension or revocation, the department shall include notice that the person has a right to review by the court pursuant to Section 13559.

(g) A determination of facts by the department upon a hearing pursuant to this section has no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 11. Article 1.3 (commencing with Section 23136) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

Article 1.3. Offenses by Persons Under 21 Years of Age Involving Alcohol

23136. (a) Notwithstanding Sections 23152 and 23153, it is unlawful for a person under the age of 21 years who has a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test, to drive a vehicle. However, this section shall not be a bar to prosecution under Section 23152 or 23153 or any other provision of law.

(b) A person shall be found to be in violation of subdivision (a) if

the person was, at the time of driving, under the age of 21 years, and the trier of fact finds that the person had consumed an alcoholic beverage and was driving a vehicle with a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

(c) (1) Any person under the age of 21 years who drives a motor vehicle is deemed to have given his or her consent to a preliminary alcohol screening test for the purpose of determining the presence of alcohol in the person, if lawfully detained for an alleged violation of subdivision (a).

(2) The testing shall be incidental to a lawful detention and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of subdivision (a).

(3) The person shall be told that his or her failure to submit to, or the failure to complete, a preliminary alcohol screening test as requested will result in the suspension of the person's privilege to operate a motor vehicle for a period of one year.

23137. (a) (1) If a peace officer lawfully detains a person under 21 years of age who is driving a motor vehicle, and the officer has reasonable cause to believe that the person is in violation of Section 23136, the officer shall request that the person take a preliminary alcohol screening test to determine the presence of alcohol in the person, if a preliminary alcohol screening test device is immediately available.

(2) If a preliminary alcohol screening test device is not immediately available, this section shall not apply to a person between 18 and 21 years of age with a blood-alcohol concentration of less than 0.08 percent, by weight, nor to a person under 18 years of age with a blood-alcohol concentration of less than 0.05 percent, by weight.

(b) If the person refuses to take, or fails to complete, the preliminary alcohol screening test or if the person takes the preliminary alcohol screening test and that test reveals a blood-alcohol concentration of 0.01 percent or greater, the officer shall proceed as follows:

(1) The officer, acting on behalf of the department, shall serve the person with a notice of an order of suspension of the person's driving privilege for one year.

(2) The officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license, the officer shall issue, on behalf of the department, a temporary driver's license. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of issuance, or until receipt of the order of suspension from the department, whichever occurs first.

(3) The officer immediately shall forward a copy of the completed notice of order of suspension form, and any driver's license taken into

possession under paragraph (2), with the report required by Section 23158.2, to the department. For purposes of this section, "immediately" means on or before the end of the fifth ordinary business day after the notice of order of suspension was served.

(c) For the purposes of this section, a preliminary alcohol screening test device is an instrument designed and used to measure the presence of alcohol in a person based on a breath sample.

23138. Notwithstanding Section 40000.1, a violation of Section 23136 is neither an infraction nor a public offense, as defined in Section 15 of the Penal Code. A violation of Section 23136 is only subject to civil penalties. Those civil penalties shall be administered by the department through the civil administrative procedures set forth in this code.

23139. Any person whose license is suspended or delayed issuance pursuant to Section 23137 shall pay to the department, in addition to any other fees required for the reissuance or issuance of a driver's license, one hundred dollars ($100) for the reissuance or issuance of his or her driver's license.

SEC. 12. Section 23158.2 of the Vehicle Code is amended to read:

23158.2. (a) If a peace officer serves a notice of an order of suspension pursuant to Section 23137, or arrests any person for a violation of Section 23152 or 23153, the peace officer shall immediately forward to the department a sworn report of all information relevant to the enforcement action, including information which adequately identifies the person, a statement of the officer's grounds for belief that the person violated Section 23136, 23152, or 23153, a report of the results of any chemical tests which were conducted on the person or the circumstances constituting a refusal to submit to or complete the chemical testing pursuant to Section 23137 or 23157, a copy of any notice to appear under which the person was released from custody, and, if immediately available, a copy of the complaint filed with the court. For purposes of this section, subdivision (b) of Section 23137, and subdivision (g) of Section 23157, "immediately" means on or before the end of the fifth ordinary business day following the arrest.

(b) The peace officer's sworn report shall be made on forms furnished or approved by the department.

SEC. 13. Section 23159.5 of the Vehicle Code is amended to read:

23159.5. (a) The Department of Motor Vehicles shall not issue or renew a driver's license to any person unless the person consents in writing to submit to a chemical test or tests of that person's blood, breath, or urine pursuant to Section 23157, or a preliminary alcohol screening test pursuant to Section 23136, when requested to do so by a peace officer.

(b) All application forms for driver's license or driver's license renewal notices shall include a requirement that the applicant sign the following declaration as a condition of licensure:

"I agree to submit to a chemical test of my blood, breath, or urine for the purpose of determining the alcohol or drug content of my

blood when testing is requested by a peace officer acting in accordance with Section 23137 or 23157 of the Vehicle Code."

(c) The Department of Motor Vehicles is not, incident to this section, required to maintain, copy, or store any information other than that to be incorporated into the standard application form.

SEC. 14. Section 5.1 of this bill incorporates amendments to Section 13353.2 of the Vehicle Code proposed by both this bill and SB 126. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 13353.2 of the Vehicle Code, and (3) this bill is enacted after SB 126, in which case Section 5 of this bill shall not become operative.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 900

An act to add Section 97.038 to the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.038 is added to the Revenue and Taxation Code, to read:

97.038. Notwithstanding Section 97.035, the amount of property tax revenues of a community service district that is subject to reduction pursuant to that section shall not include those property tax revenues, up to the amount of ninety thousand dollars ($90,000), that are allocated by that district to "police protection and personal safety" activities, as indicated in the 1989–90 edition of the State Controller's Report on the Financial Transactions of Special Districts in California.

CHAPTER 901

An act to add Section 97.036 to the Revenue and Taxation Code, and to amend Section 99 of the Tahoe-Truckee Sanitation Agency Act (Chapter 1560 of the Statutes of 1971), relating to Tahoe water quality districts.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.036 is added to the Revenue and Taxation Code, to read:

97.036. (a) Notwithstanding any other provision of this chapter, the water quality control compliance costs of a qualified special district for the relevant fiscal year shall be deducted from the amount of property tax revenue subject to reduction with respect to that district under Section 97.03 for the 1992–93 fiscal year, under Section 97.035 for the 1993–94 fiscal year, and under any statute with respect to any subsequent fiscal year that would reduce the amount of property tax revenue deemed allocated in the prior fiscal year to that district for purposes of increasing the amount of property tax revenue allocated to another jurisdiction.

(b) For purposes of this section:

(1) A "qualified special district" means any special district that is required to comply with Chapter 12 (commencing with Section 13950) of Division 7 of the Water Code.

(2) "Water quality control compliance costs" mean those costs, including, but not limited to, reserves for nongrowth facility augmentation and replacement and environmental protection, that are determined by the county auditor in accordance with subdivision (a) to have been incurred by a qualified special district in complying with Chapter 12 (commencing with Section 13950) of Division 7 (commencing with Section 13000) of the Water Code.

(c) The auditor may assess each qualified special district its share of the auditor's actual and reasonable costs of complying with this section. For purposes of this subdivision, each share of costs shall be determined in accordance with that district's proportional share of the total amount of water quality control compliance costs determined by the auditor for purposes of this section for each fiscal year.

SEC. 2. Section 99 of the Tahoe-Truckee Sanitation Agency Act (Chapter 1560 of the Statutes of 1971) is amended to read:

Sec. 99. (a) Each member of the board of directors shall receive the compensation prescribed, by ordinance, by the board, which may not exceed the maximum amount specified in Section 6489 of the Health and Safety Code.

(b) Members of the board of directors may receive

reimbursement from the agency for travel expenses expended on behalf of the agency.

(c) The members of the board of directors may not receive compensation from more than one public agency for attendance at a board meeting or for each day of service rendered as a member of the board.

SEC. 3. No reimbursement is required by Section 1 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by Section 1 of this act. In addition, no reimbursement is required by Section 2 of this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in Section 2 of this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 902

An act to add Article 13 (commencing with Section 53595) to Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, and to add Sections 33681.6 and 33682.1 to the Health and Safety Code, relating to local agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Article 13 (commencing with Section 53595) is added to Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 13. Collateralized Borrowing

53595. As used in this article:

(a) "Debt instruments" means bonds, notes, certificates of participation, or other evidences of indebtedness issued by a local agency pursuant to this article.

(b) "Indenture" means the instrument providing the terms and conditions for the issuance of the debt instruments, and may be a resolution, order, agreement, or other instrument.

(c) "Legislative body" means the city council, board of supervisors, or other legislative or governing body of a local agency.

(d) "Local agency" means any city, county, city and county, district, including, but not limited to, a school district or other public entity authorized to enter into a tax increment agreement.

(e) "Redevelopment agency" means a redevelopment agency established pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code and includes a community development commission exercising the powers granted to a redevelopment agency pursuant to Section 34141 of the Health and Safety Code.

(f) "Tax increment" means that portion of tax revenues allocated to a redevelopment agency pursuant to subdivision (b) of Section 33670 of the Health and Safety Code.

(g) "Tax increment agreement" means any agreement between a local agency and a redevelopment agency which allocates tax increment to the local agency pursuant to Section 33401 of the Health and Safety Code.

(h) "Tax increment revenues" means tax increment received or receivable by a local agency pursuant to a tax increment agreement.

53595.5. This article shall apply only to local agencies located within a county with a population of over 4,000,000 persons.

53595.10. A local agency may pledge, sell, transfer, assign, or otherwise dispose of tax increment revenues for any purpose for which the general funds of the local agency may be expended.

53595.15. (a) A pledge by a local agency of tax increment revenues received pursuant to a tax increment agreement shall be valid and binding upon the local agency from the time the pledge is made for the benefit of pledgees and successors in interest thereof. The tax increment revenues pledged by the local agency or its assignees shall immediately, upon receipt by the local agency from the redevelopment agency, be subject to the lien of the pledge without physical delivery or further act.

(b) Except as otherwise specified in this section, the lien of the pledge shall be valid and binding against all parties, irrespective of whether the parties have notice of the claim. The indenture by which the pledge is created need not be recorded. The pledge shall remain a valid and binding pledge until the debt instruments secured by the pledge are no longer outstanding.

(c) Nothing in this article affects the rights, duties, or obligations of a redevelopment agency with regard to the allocation of tax increment by a redevelopment agency to a local agency pursuant to a tax increment agreement, the terms of which shall exclusively govern the rights, duties, and obligations of the redevelopment agency. This article does not vest in any pledgee, holder of debt instruments, successor in interest thereof, or any person, other than the local agency, any lien, right, claim, interest, or cause of action against a redevelopment agency for tax increment revenues held by, or to be received by, the redevelopment agency.

53595.20. (a) A local agency may, from time to time, issue its negotiable debt instruments payable from, secured by, collateralized

by, or representing interests in, tax increment revenues. The debt instruments may be issued to provide funds for capital expenditures, payment of rent or debt service, purchases of fixed assets, deposits into reserves created to improve the financial condition of the local agency, or other similar expenditures. The debt instrument proceeds may also be used to pay operating costs of the local agency if that use has been approved by a four-fifths vote of all the members of the governing body of the local agency. In no case, however, shall the proceeds of any debt instrument be used to pay for increased salary or benefit for officers or employees of a local agency.

(b) (1) The debt instruments may be issued as serial debt instruments, term debt instruments, or both, and may be issued in those series or classes as the legislative body of the local agency may determine. The debt instruments shall bear the date or dates, mature at the time or times, bear interest at the rate or rates, fixed or variable, be payable at the time or times, be in the denominations, be in the form, either coupon or registered, carry the registration privileges, be executed in the manner, be payable in lawful money of the United States of America at the place or places, and be subject to terms of redemption, as the indenture relating to the debt instruments may provide.

(2) The debt instruments may be sold at public or private sale, for the price or prices and upon these terms and conditions as the legislative body of the local agency shall determine. The local agency may sell the debt instruments at a price below the par value thereof. Pending preparation of the definitive debt instruments, the local agency may issue interim receipts or certificates or temporary debt instruments which shall be exchanged for the definitive debt instruments. The recitals of regularity of proceedings in any debt instrument issued or sold under this article shall be conclusive evidence of compliance with this article and of the validity of the debt instrument.

(c) The debt instruments shall be signed by the chairperson of the legislative body and by any authorized officer of the local agency by manual or facsimile signature. Neither the members of the legislative body of a local agency nor any person executing the debt instruments shall be personally liable on the debt instruments or be subject to any personal liability or accountability by reason of the issuance or execution thereof.

(d) The local agency shall have the power to purchase its debt instruments out of any funds available therefor. The local agency may hold, pledge, cancel, or resell the debt instruments, subject to, and in accordance with, agreements with holders of debt instruments.

53595.25. (a) A local agency may provide for the issuance of debt instruments for the purpose of refunding any debt instruments or any class, series, or issue of debt instruments of the local agency then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of

redemption, purchase, or maturity of debt instruments.

(b) The proceeds of any debt instruments issued for the purpose of refunding of outstanding debt instruments may, in the discretion of the local agency, be (1) applied to the purchase, redemption prior to maturity, or retirement at maturity of any outstanding debt instruments on their redemption date or dates, or (2) paid to a third person to assume the local agency's obligation to make the payments, and may, pending that application, be placed in escrow to be reapplied to the purchase, retirement at maturity, or redemption on the date or dates determined by the local agency.

(c) Any proceeds placed in escrow may, pending their use, be invested and reinvested in obligations or securities authorized by resolutions of the legislative body of the local agency, payable or maturing at the time or times as are appropriate to ensure the prompt payment of the principal, interest, and redemption premium if any, of the outstanding debt instruments to be refunded. The interest, income, and profits, if any, earned or realized on this investment may also be applied to the payment of the outstanding debt instruments to be refunded or to the payment of interest on the refunding debt instruments. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income, and profits, if any, earned or realized on the investment thereof may be returned to the local agency for use by the local agency.

(d) All of the refunding debt instruments are subject to this article in the same manner, and to the same extent, as other debt instruments issued pursuant to this article.

53595.30. (a) All moneys received pursuant to this article and pledged to the payment of any class, series, or issue of debt instruments, whether as tax increment revenues or from any other source, shall be deemed to be trust funds to be held and applied solely as provided in this article. Until the funds are applied as provided by this article, and notwithstanding any other provision of law, the moneys may be invested in obligations or securities authorized by resolutions of the legislative body of the local agency authorizing the issuance of debt instruments.

(b) Any officer with whom, or any bank or trust company with which, the moneys are deposited shall act as trustee of the moneys and shall hold and apply the moneys for the purpose of this article, subject to any regulations of the local agency adopted pursuant to this article and the indenture securing the bonds.

53595.35. (a) In the discretion of the legislative body of a local agency, any debt instruments issued under this article may be secured by an indenture by and between the local agency and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the state. The indenture or resolution providing for the issuance of the debt instruments may pledge or assign the tax increment revenues or the interest of the local agency therein. The indenture may

contain provisions for protecting and enforcing the rights and remedies of the holders of debt instruments as may be reasonable and proper and not in violation of law, including particular provisions specifically authorized by law to be included in any indenture of the local agency authorizing debt instruments pursuant to this article. The indenture may set forth the rights and remedies of the holders of debt instruments and of the trustee or trustees, and may restrict rights of action of holders of debt instruments. In addition to the foregoing, the indenture may contain other provisions as the local agency may deem necessary or desirable to facilitate the issuance and sale of the debt instruments or for the protection and security of the holders of debt instruments.

(b) Any holder of debt instruments issued under this article or any of the coupons appertaining thereto, and the trustee or trustees under any indenture, except to the extent the rights herein given may be restricted by any indenture securing the debt instruments, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the state or granted by this article or under indenture, and may enforce and compel the performance of all duties required by this article or by the indenture to be performed by the local agency or by any officer, employee, or agent thereof.

53595.40. (a) Debt instruments issued under this article shall be payable solely from the tax increment revenues herein provided and not from any other assets or revenues of the issuing local agency.

(b) The local agency issuing the debt instruments shall not pledge the faith or credit of the state or of any municipality or political subdivision thereof to secure the debt instruments. All debt instruments shall contain on the face thereof a statement to the effect that neither the State of California nor the local agency issuing the debt instruments shall be obligated to pay the principal of, premium, if any, or interest on the debt instruments, except from the revenues of the local agency pledged for payment, and that neither the faith and credit nor the taxing power of the State of California nor of any municipality or political subdivision thereof is pledged to the payment of the principal of, premium, if any, or interest on the debt instruments.

(c) The issuance of debt instruments under this article shall not directly or indirectly or contingently obligate the state, a municipality, or any political subdivision of the state to levy or pledge any form of taxation whatever therefor or to make any appropriation for the payment thereof.

53595.45. (a) Debt instruments issued by a local agency under this article are hereby made securities in which all (1) banks, bankers, savings banks, trust companies, and other persons carrying on a banking business, (2) all insurance companies, insurance associations, and other persons carrying on an insurance business, (3) all administrators, executors, guardians, trustees, and other fiduciaries, and (4) all other persons whatsoever who now are or may

hereafter be authorized to invest in debt instruments or other obligations of the state, may properly and legally invest any funds, including capital belonging to them or within their control.

(b) The debt instruments are hereby made securities which may properly and legally be deposited with, and received by, any state or municipal officers or agency of the state or municipality or political subdivision thereof for any purpose for which the deposit of debt instruments or other obligations of the state is now, or may hereafter be, authorized by law.

53595.50. Any debt instruments issued under this article, their transfer, and in the income therefrom shall at all times be free from taxation of every kind by the state and by all municipalities and political subdivisions in the state.

53595.55. This article shall be deemed to provide a complete, additional, and alternative method for doing the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws. This article shall be liberally construed so as to effectuate its purposes. To the extent that this article is inconsistent with any other general statute or special act or parts thereof, this article shall be deemed controlling.

SEC. 2. Section 33681.6 is added to the Health and Safety Code, to read:

33681.6. Notwithstanding any other provision of this article to the contrary, the amounts determined pursuant to subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 33681.5 shall not include any tax increment apportioned to the downtown project area of a charter city meeting all of the criteria specified in Section 33608.

SEC. 3. Section 33682.1 is added to the Health and Safety Code, to read:

33682.1. For the purposes of Section 33682, "existing indebtedness" also means an obligation incurred pursuant to a reimbursement agreement made for the purpose of funding an unfunded liability of a fire and police retirement system of a charter city meeting all of the criteria specified in Section 33608. This section shall not be applied retroactively.

SEC. 4. Notwithstanding any other provision of law, if Assembly Bill 1519 is chaptered and takes effect during the 1993 calendar year, both of the following shall occur whether Assembly Bill 1519 is chaptered prior to, or subsequent to, this act:

(a) Section 2 of this act shall prevail over any section of Assembly Bill 1519 that adds Section 33681.6 to the Health and Safety Code.

(b) Section 3 of this act shall prevail over any section of Assembly Bill 1519 that adds Section 33682.1 to the Health and Safety Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enhance the ability of local governments to better

finance their operations without delay, it is necessary that this act take effect immediately.

CHAPTER 903

An act to amend Section 14070 of the Corporations Code, relating to small business.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14070 of the Corporations Code is amended to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's corporate fund established pursuant to Section 14040.

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the executive director with the approval of the board. The guarantee percentage rate shall be set by the executive director upon approval of the board.

(c) The corporation shall guarantee loans wherever possible. However, earnings from the trust funds may be used for direct lending provided that corporate direct loan funds do not constitute more than one-third of the loan.

Any corporation located in a rural area that is making a direct loan to a farmer or farm corporation is exempt from the one-third limitation and may use trust funds from both the income and trust account, provided that the direct loan is guaranteed or that at least 50 percent of the direct loan portfolio is guaranteed by a governmental agency, excluding any state government agency. The total trust funds committed by a corporation shall not exceed 50 percent of the trust fund, including trust income, as determined at the time each loan is made. Only unencumbered funds shall be available for direct lending. Each corporation located in a rural area shall submit an application to the department for participation in the direct loan program under this section. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. Funds raised through the secondary market, and funds repaid by the borrower and ineligible for reborrowing, shall not be considered in determining the maximum drawings of trust funds by a corporation. Any direct loan made by a corporation under this section shall not exceed three hundred fifty thousand dollars ($350,000). The department, in consultation with the board, shall issue regulations governing these direct loans.

(d) In furtherance of the purposes of this part, up to one-half of

the corporate funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the Office of Small Business may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan by the Office of Small Business to the corporation shall be up to the amount of, and on terms similar to, the loan between the corporation and the borrower. The loan between the Office of Small Business and the corporation shall be evidenced by a credit agreement. In the event that the loan between the corporation and borrower is not guaranteed by a governmental agency, the credit agreement shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the Office of Small Business. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the Office of Small Business is limited to the repayment received by the corporation from the borrower, except in a case where the Farmers Home Administration requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the Office of Small Business if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the Office of Small Business from the corporation shall be deposited in the small business development corporation loan guarantee account of that corporation.

(f) Upon the approval of the executive director, a corporation shall be authorized to borrow trust funds from the Office of Small Business for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the executive director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars ($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the Office of Small Business that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount determined by the Office of Small Business pursuant to regulation. The program provided for in this

subdivision shall be available in all geographic areas of the state.

SEC. 2. Section 14070 of the Corporations Code is amended to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's corporate fund and the expansion fund established pursuant to Section 14040.

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the executive director with the approval of the board. The guarantee percentage rate shall be set by the executive director upon approval of the board.

(c) The expansion fund and corporate accounts shall be used exclusively to guarantee obligations and pay the administrative costs of the corporations, except that a corporation located in a rural area may utilize the funds for direct lending to farmers as long as at least 90 percent of the corporate fund farm loans, calculated by dollar amount, and all expansion fund farm loans are guaranteed by the United States Farmers Home Administration. The amount of funds available for direct farm lending shall be determined by the executive director. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. The agency, in consultation with the board, shall issue regulations governing these direct loans, including the maximum amount of these loans.

(d) In furtherance of the purposes of this part, up to one-half of the corporate funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the Office of Small Business may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan by the Office of Small Business to the corporation shall be on terms similar to the loan between the corporation and the borrower. The amount of the loan may be in excess of the amount of a loan to any individual farm borrower, but actual disbursements pursuant to the Office of Small Business loan agreement shall be required to be supported by a loan agreement between the farm borrower and the corporation in an amount at least equal to the requested disbursement. The loan between the Office of Small Business and the corporation shall be evidenced by a credit agreement. In the event that any loan between the corporation and borrower is not guaranteed by a governmental agency, the portion of the credit agreement attributable to that loan shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the Office of Small Business. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the

liability of the corporation to repay the loan to the Office of Small Business is limited to the repayment received by the corporation from the borrower except in a case where the Farmers Home Administration requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the Office of Small Business if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the Office of Small Business from the corporation shall be deposited into the same account from which the funds were originally borrowed.

(f) Upon the approval of the executive director, a corporation shall be authorized to borrow trust funds from the Office of Small Business for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the executive director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars ($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the Office of Small Business that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount determined by the Office of Small Business pursuant to regulation. The program provided for in this subdivision shall be available in all geographic areas of the state.

SEC. 3. Section 2 of this bill incorporates amendments to Section 14070 of the Corporations Code proposed by both this bill and SB 852. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 14070 of the Corporations Code, and (3) this bill is enacted after SB 852, in which case Section 1 of this bill shall not become operative.

CHAPTER 904

An act to amend Section 97.035 of the Revenue and Taxation Code, relating to local government finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.035 of the Revenue and Taxation Code, as amended by Chapter 130 of the Statutes of 1993, is amended to read:

97.035. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars ($1,998,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties and cities and counties under the proposal specified in the "May Revision of the 1993–94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's office on June 1, 1993.

(B) Each county or city and county's proportionate share of total taxable sales in all counties in the 1991–92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for

counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (1) for any county or city and county that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue allocated to school districts, county offices of education, and community college districts that would not have been allocated for the 1993–94 fiscal year but for the implementation of that alternative procedure.

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars ($288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993–94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars ($382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents ($19.31), as determined in

accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars ($244,000,000) in the 1993–94 fiscal year.

(2) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(A) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(B) A water agency that does not sell water at retail.

(C) A transit district.

(D) A special district that was a multicounty special district as of July 1, 1979.

(3) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1992–93 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of Section 98.6 as that section read on June 15, 1993. In those counties that were subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council, that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the

county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district which is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989–90 edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of Section 98.6 in the 1992–93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In those counties subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount which is equal to the amount by which the allocation of each special district for fire protection activities exceeds the allocation which would have been received by that district for fire protection activities had Section 98.6 continued to govern the allocation of property tax revenues to special districts in those counties.

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.03. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be

allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992–93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in Section 95.1. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the

Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 97 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the allocation of state and local governmental revenues in a manner consistent with the resolution of the current severe shortfall in state revenues, it is necessary that this act take effect immediately.

CHAPTER 905

An act to amend Sections 26220, 30052, and 30054 of, and to add Sections 24308 and 29300.5 to, the Government Code, to add Sections 33681.6 and 33682.1 to the Health and Safety Code, to add and repeal Section 1463.008 to the Penal Code, to amend Sections 75.41, 97.035, 2188.8, and 7285.3 of, and to add Sections 97.036, 97.07, and 97.09 to, the Revenue and Taxation Code, and to add Section 15200.99 to the Welfare and Institutions Code, relating to local government finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 24308 is added to the Government Code, to read:

24308. (a) Notwithstanding Sections 24300 and 24304, the board of supervisors of any county may organize, pursuant to ordinance or charter, the delivery of any services for which county government is responsible under state law, into departments or agencies that provide multiple services, except those duties and responsibilities of other elected county officials mandated by the California Constitution or by statute. Any county board of supervisors that elects to organize the delivery of services may consolidate, integrate, or separate duties and functions of county offices and organizational units within departments, to the extent deemed necessary by the board of supervisors.

(b) All personnel, including the heads of units within departments organized pursuant to this section and formed from units formerly within other county departments, shall possess the particular qualifications required by the statutes governing provision of the services provided by those departments. These qualifications include standards of education and experience to assure competence appropriate for the direction of the departments or the local administration of county functions.

(c) This section shall not permit the occupant of a consolidated, integrated, or separated office to practice any profession or trade for the practice of which a license, permit, or registration is required, without that license, permit, or registration.

(d) This section shall not be construed to affect any other statutory or regulatory provision governing county services or programs, however reorganized or renamed, except for the organizational requirements specified in this section.

SEC. 2. Section 26220 of the Government Code is amended to read:

26220. (a) The board of supervisors may by a four-fifths vote of its members assign for purposes of collection under such terms and

conditions as the board may prescribe any or all delinquent bills, claims, and accounts, 30 days after the date upon which they are due and payable to the county, and any or all money judgments taken in the name of the county, to a collection agency duly licensed by the State of California.

(b) The board of supervisors may, by a four-fifths vote of its members, and with the approval of the tax collector, assign for purposes of collection under such terms and conditions as the board may prescribe, any or all delinquent unsecured taxes 90 days after the date upon which they are due and delinquent when, in the judgment of the tax collector, the remedy set forth in Section 2951 of the Revenue and Taxation Code will not be used by the tax collector.

(c) The board of supervisors may assign, for purposes of securing any financing of the same, any obligations arising out of any delinquent assessments or taxes levied on the secured roll by the county or any other political subdivision of the state. No assignment to a collection agency shall be made of obligations arising out of any delinquent assessments or taxes levied on the secured roll by the county or any other political subdivision of the state.

SEC. 3. Section 29300.5 is added to the Government Code, to read:

29300.5. (a) Notwithstanding any other provisions of law, for the 1993–94 fiscal year, unreserved and undesignated fund balances in county or city and county special funds may be transferred to the county or city and county general fund for the general purposes of the county or city and county, provided that the special fund was created pursuant to Sections 41901 and 41902 of the Public Resources Code.

(b) Notwithstanding any other provision of law, the legislative body of a county or city and county, which also acts as the legislative body of a special district, commencing with the 1993–94 fiscal year, may make transfers of unreserved and undesignated fund balances from the special district to the general fund of the county or city and county for the general purposes of the county or city and county, provided that the district contributed to the Special District Augmentation Fund during the 1990–91 fiscal year and received no distribution from that fund in the same fiscal year.

(c) No provision of this section shall be construed to permit the legislative body of a county or city and county to make transfers from a local hospital district, as described in Division 23 (commencing with Section 32000) of the Health and Safety Code, a water agency that does not sell water at retail other than an agency the primary function of which, as determined on the basis of total revenues, is flood control, a transit district, a police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code, a district engaged in fire protection activities, or a special district that was a multicounty special district as of July 1, 1979.

(d) A transfer of moneys pursuant to this section shall be authorized by a resolution adopted by a majority vote of the board of supervisors, specifying each fund and the amount of moneys in those funds that are to be transferred to the general fund.

(e) A transfer of moneys pursuant to this section shall not result in a county or city and county imposing or increasing any fee, assessment, or other charge to replace the moneys transferred to the general fund of the county or city and county.

SEC. 4. Section 30052 of the Government Code is amended to read:

30052. (a) Notwithstanding Section 13340, the two accounts in the Local Public Safety Fund created in Section 30051 are hereby continuously appropriated, without regard to fiscal years, to the Controller for allocation to each qualified county in proportion to its share of the total taxable sales in all qualified counties during the most recent calendar year for which sales have been reported by the State Board of Equalization. The amounts so allocated shall be available only for public safety services, and shall be allocated in each qualified county in the manner and amount determined pursuant to Section 30054.

(b) For purposes of this chapter:

(1) "Public safety services" includes, but is not limited to, sheriffs, police, fire protection, county district attorneys, county corrections, and ocean lifeguards. "Public safety services" does not include courts.

(2) "Qualified county" means:

(A) With respect to the Interim Public Safety Account, any county in which the board of supervisors, on or before August 1, 1993, adopts a resolution that does both of the following:

(i) Requests an allocation of revenue from the Local Public Safety Fund.

(ii) Ratifies the statewide imposition of an additional ½ percent rate of sales and use tax pursuant to Senate Constitutional Amendment 1 on the November 2, 1993, special election ballot.

(B) With respect to the Public Safety Account, any county in which the board of supervisors has adopted a resolution as described in subparagraph (A) or in which the tax levied pursuant to Section 35 of Article XIII of the California Constitution is approved by a majority of the county's voters voting on the issue at the November 2, 1993, special election.

(c) The board of supervisors of a qualified county shall send a copy of the resolution adopted pursuant to subdivision (b) to the Controller.

SEC. 5. Section 30054 of the Government Code is amended to read:

30054. (a) The amounts allocated pursuant to Sections 30052 and 30053 shall be available only for public safety services, and shall be allocated in each qualified county to local agencies as provided in subdivision (b).

(b) (1) Each county shall create a Public Safety Augmentation Fund that shall consist of all revenues received by the county as a result of the allocations pursuant to Sections 30052 and 30053.

(2) Except as provided in paragraph (3) or (4), for the 1993–94 fiscal year and each fiscal year thereafter, the augmentation fund described in paragraph (1) shall be allocated among the county and each city in the county that provides public safety services as follows:

(A) The auditor shall determine an allocation factor for each city within the county, the numerator of which shall be the amount of revenue shifted from that city to the Educational Revenue Augmentation Fund pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94 fiscal year less the amount of vehicle license fee revenues allocated to the city pursuant to Section 11005.4 of the Revenue and Taxation Code for the 1993–94 fiscal year and the denominator of which shall be the amount of revenue shifted from all cities in the county and from the county to the Educational Revenue Augmentation Fund pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94 fiscal year less the amount of vehicle license fee revenues allocated to the county and all cities in the county pursuant to Section 11005.4 of the Revenue and Taxation Code for the 1993–94 fiscal year.

(B) The auditor shall multiply the amount in the augmentation fund by the allocation factor determined in subparagraph (A) for each city.

(C) The allocation factor to be used for each city for the 1993–94 fiscal year shall not result in an allocation that exceeds 50 percent of the difference between the following:

(i) The amount by which the city's allocation of property tax revenues was reduced pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94 fiscal year.

(ii) The amount of vehicle license fee revenues allocated to the city pursuant to Section 11005.4 of the Revenue and Taxation Code for the 1993–94 fiscal year.

(D) The allocation factor determined pursuant to this paragraph for the 1993–94 fiscal year shall also be applied in each fiscal year thereafter.

(3) Notwithstanding paragraph (2), for the 1993–94 fiscal year and each fiscal year thereafter, the amount in the augmentation fund established pursuant to paragraph (1) of each county described in subparagraph (C) shall be allocated to the cities in the county that provide public safety services as follows:

(A) The auditor shall determine an allocation factor for each city within the county, the numerator of which shall be the amount of the revenue shifted from that city to the Educational Revenue Augmentation Fund pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94 fiscal year, and the denominator of which shall be the amount of revenue shifted from all cities in the county to the Educational Revenue Augmentation Fund pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94

fiscal year.

(B) The auditor shall multiply 5 percent of the amount in the augmentation fund established pursuant to paragraph (1) by the allocation factor determined in subparagraph (A). The amount so computed shall be allocated to each respective city.

(C) This paragraph applies only to the Counties of Fresno, Kings, Merced, San Bernardino, San Diego, San Joaquin, Solano, and Yolo.

(D) This paragraph shall apply to a particular county described in subparagraph (C) only if the total amount allocated under this paragraph to all of the cities therein that provide public safety services is less than the amount that would otherwise be allocated to all of those cities pursuant to paragraph (2).

(4) Notwithstanding paragraph (2), for the 1993–94 fiscal year and each fiscal year thereafter, the amount in the augmentation fund established pursuant to paragraph (1) for the County of Alameda shall be allocated to the cities in the County of Alameda that provide public safety services as follows:

(A) The auditor shall determine an allocation factor for each city within the county, the numerator of which shall be the amount of the revenue shifted from that city to the Educational Revenue Augmentation Fund pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94 fiscal year, and the denominator of which shall be the amount of revenue shifted from all cities in the County of Alameda to the Educational Revenue Augmentation Fund pursuant to Section 97.035 of the Revenue and Taxation Code for the 1993–94 fiscal year.

(B) The auditor shall multiply 6.1 percent of the amount in the augmentation fund established pursuant to paragraph (1) by the allocation factor determined in subparagraph (A). The amount so computed shall be allocated to each city.

(5) All moneys in the Public Safety Augmentation Fund not allocated to any city within the county pursuant to paragraph (2), (3), or (4) shall be allocated to the county.

SEC. 6. Section 33681.6 is added to the Health and Safety Code, to read:

33681.6. Notwithstanding any other provision of this article to the contrary, the amount determined pursuant to subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 33681.5 shall not include any tax increment apportioned to the downtown project area of a charter city meeting all of the criteria specified in Section 33608.

SEC. 7. Section 33682.1 is added to the Health and Safety Code, to read:

33682.1. For purposes of Section 33682, "existing indebtedness" also means an obligation incurred pursuant to a reimbursement agreement made for the purpose of funding an unfunded liability of a fire and police retirement system of a charter city meeting all of the criteria specified in Section 33608. This section shall not be applied retroactively.

SEC. 8. Section 1463.008 is added to the Penal Code, to read:

1463.008. (a) The County of San Diego may deduct and deposit in the county treasury, from revenues collected by means of the program authorized in Section 1463.007, and prior to making any distribution of revenues to any other governmental entities required by any other provision of law, the cost incurred to identify and collect fines and forfeitures that have not been paid after 30 days from the date on which they were due and payable, with or without warrant having been issued against the alleged violator, that are not being paid through time payments and for which the base fine excluding state and county penalties is at least one hundred dollars ($100), provided that the cost shall not exceed the direct and indirect amounts budgeted by the county for that comprehensive collection program in the 1993–94 fiscal year as adjusted annually for population growth and inflation.

(b) This section shall remain in effect only until June 30, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1996, deletes or extends that date.

SEC. 9. Section 75.41 of the Revenue and Taxation Code is amended to read:

75.41. (a) The auditor shall apply the current year's tax rate, as defined in Section 75.4, to the supplemental assessment or assessments, computing the amount of taxes that would be due for a full year. If the tax rate for the "roll being prepared" is known, the rate may be used with respect to the fiscal year to which it applies, rather than the current year's tax rate as defined in Section 75.4. If the tax rate for the "roll being prepared" is not known, the current year's tax rate as defined in Section 75.4 shall be used. For property on the supplemental roll, the taxes due shall be computed in two equal installments.

(b) The taxes due shall be adjusted by a proration factor to reflect the portion of the tax year remaining as determined by the date on which the change in ownership occurred or the new construction was completed. In computing the portion of the tax year remaining, the change in ownership or completion of new construction shall be presumed to have occurred on the first day of the month following the date on which change in ownership or completion of new construction occurred.

(c) (1) If the presumed date specified in subdivision (b) is April 1, the taxes on the supplemental assessment for the current roll shall be multiplied by 0.25; and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(2) If the presumed date specified in subdivision (b) is May 1, the taxes on the supplemental assessment for the current roll shall be multiplied by 0.17; and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(3) If the presumed date specified in subdivision (b) is June 1, the taxes on the supplemental assessment for the current roll shall be multiplied by 0.08; and the taxes on the supplemental assessment for

the roll being prepared shall be multiplied by 1.00.

(4) If the presumed date specified in subdivision (b) is July 1, no supplemental assessment shall be made on the current roll, and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(5) If the presumed date specified in subdivision (b) is on or after August 1, and on or before March 1, the following table of factors shall be used:

If the presumed date is:	The taxes on the supplemental assessment on the current roll shall be multiplied by:
August 1	0.92
September 1	0.83
October 1	0.75
November 1	0.67
December 1	0.58
January 1	0.50
February 1	0.42
March 1	0.33

(d) After computing the supplemental taxes due, if the total is twenty dollars ($20) or less, the auditor may cancel the amount as provided by Section 4986.8.

(e) If the supplemental assessment is a negative amount, the auditor shall follow the procedures of this section to determine the amount of refund to which the assessee may be entitled.

SEC. 10. Section 97.035 of the Revenue and Taxation Code, as amended by Chapter 130 of the Statutes of 1993, is amended to read:

97.035. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars ($1,998,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993–94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax

Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991–92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (1) for any county or city and county that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue allocated to school districts, county offices of education, and community college districts that would not have been allocated for the 1993–94 fiscal year but for the implementation of that alternative procedure.

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars ($288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be

attributable in the 1993–94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars ($382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents ($19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars ($244,000,000) in the 1993–94 fiscal year.

(2) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(A) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(B) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(C) A transit district.

(D) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(E) A special district that was a multicounty special district as of July 1, 1979.

(3) On or before September 15, 1993, the county auditor shall

determine an amount for each special district equal to the amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of Section 98.6 as that section read on June 15, 1993. In those counties that were subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(4) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989–90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of Section 98.6 in the 1992–93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to Section 98.65, 98.66, 98.67, or 98.68, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(5) The total amount of property taxes allocated to special

districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.03. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992–93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools

may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in Section 95.1. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 97 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 11. Section 97.036 is added to the Revenue and Taxation Code, to read:

97.036. (a) The Director of Finance may reduce the amount of the transfer to the Educational Revenue Augmentation Account determined pursuant to subdivision (a) of Section 97.035 for any eligible county as described in subdivision (b) of this section. The total amount of the reductions for all counties which may be authorized pursuant to this section shall not exceed two million

dollars ($2,000,000).

(b) For purposes of this section, an "eligible county" is a county with a population of less than 350,000 as reported in the 1990 federal census that had a fire element of the tax bill in 1977–78, that continues to fund some portion of those costs from the county general fund in 1993–94, and that provides these services in the same manner as a special district less than countywide and has so indicated in the Controller's Report on Financial Transactions Concerning Counties.

(c) For each eligible county, the county auditor may submit the following information to the Director of Finance not later than November 1, 1993:

(1) The amount of property tax allocated to the county fire district in the 1977–78 fiscal year.

(2) The amount allocated from the county budget to the county fire district in the 1978–79 fiscal year.

(3) The amount of property tax reduction for the county fire district attributable to the passage of Article XIII A of the California Constitution by the voters in the primary election in June 1978.

(4) The amount of money allocated from the county budget to the county fire district in the 1993–94 fiscal year.

(5) The amount allocated to the county fire district from the Special District Augmentation Fund in the 1992–93 fiscal year.

(d) For each eligible county that submits to the Director of Finance by November 1, 1993, the information described in subdivision (c), the Director of Finance shall make the following calculations:

(1) Multiply the amount of property tax allocated to the county fire district in the 1977–78 fiscal year by the change in the value of the property tax base for the county from the 1977–78 fiscal year to the 1978–79 fiscal year.

(2) Subtract the amount reported pursuant to paragraph (3) of subdivision (c) from the amount determined pursuant to paragraph (1).

(3) Multiply the amount determined pursuant to paragraph (2) by an amount determined by the Director of Finance to be the change in assessed value for the county from the 1978–79 fiscal year to the 1993–94 fiscal year.

(4) Multiply the amount reported pursuant to paragraph (5) of subdivision (c) by 1.038.

(5) Add the amount determined pursuant to paragraph (3) to the amount determined pursuant to paragraph (4).

(6) Subtract the amount determined pursuant to paragraph (5) from the amount reported pursuant to paragraph (4) of subdivision (c).

(e) The Director of Finance shall determine the sum of all the amounts determined pursuant paragraph (6) of subdivision (d).

(f) If the sum determined pursuant to subdivision (e) is greater than two million dollars ($2,000,000), then the Director of Finance shall proportionately reduce the amount for each county so that the

total of the amounts for all counties does not exceed two million dollars ($2,000,000). If the sum determined pursuant to subdivision (e) does not exceed two million dollars ($2,000,000), then the Director of Finance shall not reduce the amount determined for each county.

(g) The Director of Finance shall by January 15, 1994, notify each county of its reduction in the amount to be transferred to the Educational Revenue Augmentation Account pursuant to subdivision (a) of Section 97.035. The maximum amount of the reduction that may be authorized pursuant to this section is one-half the amount determined pursuant to subdivision (f).

SEC. 12. Section 97.07 is added to the Revenue and Taxation Code, to read:

97.07. (a) Notwithstanding any other provision of this chapter, for the 1993–94 fiscal year, the amounts of property tax revenue that are required to be shifted pursuant to Section 97.035 from a city described in the second clause of paragraph (2) of subdivision (h) of Section 95 or a city described in paragraph (2) of subdivision (b) of Section 16700 of the Welfare and Institutions Code, and from the county in which those cities are located, to the Educational Relief Augmentation Fund, shall each be reduced by an amount equal to the sum of the property tax revenue loss incurred by the city or county as a result of the Oakland/Berkeley Fire that occurred in October 1991. The auditor shall certify to the Department of Finance the amount of the property tax revenue loss for each city and the county as a result of those properties that were reassessed as a result of that fire. The property tax revenue loss shall be the difference between the property tax revenues, including property tax revenue attributable to tax rates levied pursuant to subdivision (b) of Section 1 of Article XIII A of the California Constitution, that would have been derived based on the original assessed value of those properties for the 1991–92 fiscal year prior to any reassessment for disaster relief, increased by 2 percent, and the property tax revenues derived from the assessed value of those properties for the 1992–93 fiscal year.

(b) In each of the 1994–95, 1995–96, and 1996–97 fiscal years, for the county and cities described in subdivision (a), one-third of the adjustments made pursuant to subdivision (a) for each described city and the county shall be added to the amount of property tax revenue deemed allocated to each city and the county in the prior fiscal year.

SEC. 13. Section 97.09 is added to the Revenue and Taxation Code, to read:

97.09. Notwithstanding any other provision of this chapter, in the County of Santa Cruz, the auditor shall, for the 1993–94 fiscal year only, deposit those property tax revenues that would otherwise be allocated to enterprise special districts in a Supplemental Allocation Fund. The county board of supervisors shall allocate moneys in the fund for the 1993–94 fiscal year only to either enterprise special districts or the County Library Fund.

SEC. 14. Section 2188.8 of the Revenue and Taxation Code is

amended to read:

2188.8. (a) Whenever the assessor receives a written request for separate assessment of timeshare estates in a timeshare project, as defined in Section 11003.5 of the Business and Professions Code and as specified in subdivision (h) of this section, the assessor shall, on the first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess each timeshare estate in the project if the assessor determines that the conditions specified in subdivision (c) have been met. Whenever estates in a timeshare project are separately assessed, they shall continue to be separately assessed in subsequent fiscal years and once a request for separate assessment is made with respect to a project, it is binding on all future timeshare estate owners.

(b) The interest that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a specific period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) The separate assessment of a timeshare estate may not be made by the assessor unless:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally; and

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each timeshare estate owner, and a list of every timeshare estate owner, with a date notation thereon showing when, according to the organization's records, each timeshare estate was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor setting forth any changes to such required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408.

(d) Notwithstanding the provisions of subdivision (c), this section shall not be construed to require any person making a request for separate assessment to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment.

(e) The tax on a timeshare estate that is separately assessed pursuant to this section shall be a lien solely on the timeshare estate and shall be entered on and be subject to all provisions of law applicable to taxes on the secured roll, provided:

(1) If the taxes on any timeshare estate that is separately assessed remain unpaid at the time set for declaration of default for

delinquent taxes, the taxes on the timeshare estate, together with any penalties and costs that may have accrued thereon while on the secured roll, may be transferred to the unsecured roll.

(2) Defaulted timeshare estate taxes remaining unpaid on any prior year secured tax roll may be transferred to the unsecured roll and collected like any other tax on the unsecured roll.

(f) The assessor shall provide to the principal office of each timeshare project within the taxing jurisdiction, at such time and in such manner as he deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(g) The county may charge a fee for processing an application for separate assessment and for the initial and the ongoing costs, not to exceed the actual cost, of the separate assessment and billing, and mailings, with respect to a timeshare project. This fee shall be subject to Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code, and shall be proportionately allocated to each of the timeshare estate owners. This fee may be collected commencing with the initial separate tax bills, and on subsequent tax bills, and deposited in the county's general fund.

(h) For purposes of this section, "timeshare estate" applies to timeshare estates, as defined in Section 11003.5 of the Business and Professions Code, which include a fee simple interest in the underlying property involved. However, "timeshare estate" does not include timeshare estates that are coupled with a leasehold interest or an estate for years.

SEC. 15. Section 7285.3 of the Revenue and Taxation Code, as added by Chapter 73 of the Statutes of 1993, is amended to read:

7285.3. Except as provided in Sections 7251.3 and 7251.4, the combined rate of all taxes imposed in any county pursuant to this chapter and pursuant to Part 1.6 (commencing with Section 7251) shall not exceed the rate specified in Section 7251.1.

SEC. 16. Section 15200.99 is added to the Welfare and Institutions Code, to read:

15200.99. (a) Notwithstanding Section 15200.97, the Counties of Merced and Stanislaus, in concurrence with their respective district attorneys, may use moneys in the fund for, and only for, children-related services, including, but not limited to, services with respect to child health, child abuse, and child molestation.

(b) The authority of subdivision (a) shall apply only if all of the following requirements are met:

(1) The county is eligible to receive the performance rate, and remains eligible to receive that rate for the entire period that this section is effective.

(2) The county maintains a fund balance sufficient for the county to meet its milestones for transition to the statewide automated system due to be completed in 1995.

(3) The county in each fiscal year equals or exceeds the

recoupment rate of the prior fiscal year.

(c) This section shall remain in effect only until June 30, 1996, and as of that date is repealed, unless a later enacted statute, that is enacted before June 30, 1996, deletes or extends that date.

SEC. 17. The Legislature finds and declares that Section 97.035 of the Revenue and Taxation Code as amended by Section 10 of this act is inapplicable to the issues in San Ramon Valley Fire Protection District v. The Board of Supervisors of the County of Contra Costa, Contra Costa County Superior Court Case No. C92-04453, currently on appeal to the Court of Appeal, First Appellate District No. A061952. The Legislature further finds and declares that case concerns a matter disputing the applicability of, and calculations under, former Section 98.6 of the Revenue and Taxation Code as that section read on, and before, June 15, 1993, and is a matter assigned to the judicial branch of state government for final resolution.

SEC. 18. Notwithstanding any other provision of law, for the purpose of calculating revenue limit apportionments pursuant to Section 42238 of the Education Code, funds received by the Hemet Unified School District pursuant to Chapter 450 of the Statutes of 1991, shall for the 1993–94 and 1994–95 fiscal years only, be added, in lieu of the provisions of that chapter, to the amount computed pursuant to subdivision (d) of Section 42238 of the Education Code.

SEC. 19. It is the intent of the Legislature in enacting Sections 97.03 and 97.035 of the Revenue and Taxation Code to transfer in each county to the Educational Revenue Augmentation Fund an amount of property tax revenue not to exceed the greater of the following:

(a) The amount of property tax revenues attributable to state assistance payments received pursuant to Chapter 282 of the Statutes of 1979.

(b) The reductions made pursuant to Section 97.03.

SEC. 20. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances with respect to the Counties of Merced, Stanislaus, Santa Cruz, and San Diego and the Hemet Unified School District. The facts constituting this necessity are:

(a) In the Counties of Merced and Stanislaus, there is an unusually severe shortage of local moneys available to fund child-related services during a period of greatly increased demand for those services, while at the same time programs in those counties for the collection of child support are adequately funded.

(b) In the County of Santa Cruz, local libraries are currently experiencing funding shortages, reductions in operations, and closures at a level beyond those similar difficulties being experienced by other comparable counties.

(c) The County of San Diego has experienced unique difficulties in the funding of particular public services that are most efficiently addressed by expediting the collection of delinquent fines and

forfeitures.

(d) The Hemet Unified School District is subject to unusually severe geographic and logistical burdens in providing educational services, and thus, is subject to unusually high operating costs as compared to otherwise similar districts.

SEC. 21. No reimbursement is required by Section 13 of this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in Section 13 of this act. However, with respect to the remaining sections of this act, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 22. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the allocation of state and local governmental revenues in a manner consistent with the resolution of the current severe shortfall in state revenues, it is necessary that this act take effect immediately.

CHAPTER 906

An act to amend Sections 25210.9c, 26802.5, 56036, 56111.11, 57132, 61621.5, 66450, 66470, 66492, 66493, 66499.20¼, and 66499.20½ of, and to add Sections 17558.5 and 31641.97 to, the Government Code, to amend Sections 13143.5, 13869.7, and 19870 of the Health and Safety Code, to amend the heading of Article 86.5 (commencing with Section 21195) of Chapter 1.5 of Part 3 of Division 2 of, and to amend Section 21195 of, the Public Contract Code, to amend Section 93.035 of, and to add Section 97.038 to, the Revenue and Taxation Code, to amend Section 30540 of the Water Code, to amend Section 201 of the Placer County Flood Control and Water Conservation District Act (Statutes of 1984, Chapter 689), to amend Section 7.1 of the Santa Clara County Flood Control and Water District Act, and to amend Sections 4 and 6 of the Sonoma County Flood Control and Water Conservation Act, relating to local government and declaring the

urgency thereof, to take effect immediately.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Omnibus Local Government Act of 1993.

SEC. 2. Section 17558.5 is added to the Government Code, to read:

17558.5. (a) A reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to audit by the Controller no later than four years after the end of the calendar year in which the reimbursement claim is filed or last amended. However, if no funds are appropriated for the program for the fiscal year for which the claim is made, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim.

(b) The Controller shall notify the claimant in writing within 30 days after issuance of a remittance advice of any adjustment to a claim for reimbursement that results from an audit or review. The notification shall specify the claim components adjusted, the amounts adjusted, and the reason for the adjustment. Remittance advices and other notices of payment action shall not constitute notice of adjustment from an audit or review.

(c) Nothing in this section shall be construed to limit the adjustment of payments when inaccuracies are determined to be the result of the intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the claimant or inability to reach agreement on terms of final settlement.

SEC. 2.4. Section 25210.9c of the Government Code is amended to read:

25210.9c. (a) Pursuant to a resolution adopted by a four-fifths vote of all the members of its board of supervisors, a county may appropriate any of its available moneys to a revolving fund not to exceed one million dollars ($1,000,000) to be used for the acquisition of real or personal property, environmental impact studies, fiscal analysis, engineering services, salaries, wages, services, supplies, or the construction of structures or improvements needed in whole or in part to provide one or more extended services to a county service area located wholly within the county. The revolving fund shall be reimbursed from service fees, connection charges, tax revenues, or other moneys available from the service area, and no sums shall be disbursed from the fund until the board has, by resolution, established the method by and the term, not exceeding 10 years, within which the county service area is to reimburse the fund. The service area shall reimburse the fund for any amount disbursed to the service area within 10 years after disbursement, together with

interest at the current rate per annum received on similar types of investments by the county as determined by the county treasurer.

(b) Notwithstanding subdivision (a), the Board of Supervisors of the County of Santa Barbara may disburse money from the revolving fund to county service areas without complying with the requirement for reimbursement.

SEC. 2.5. Section 26802.5 of the Government Code is amended to read:

26802.5. In a county of the 11th, 15th, 17th, 21st, 22nd, 25th, or 36th class, as ascertained and determined by Section 28020, a registrar of voters may be appointed by the board of supervisors in the same manner as other county officers are appointed. In those counties, the county clerk is not ex officio registrar of voters, and the registrar of voters shall discharge all duties vested by law in the county clerk which duties relate to and are a part of the election procedure.

SEC. 2.7. Section 31641.97 is added to the Government Code, to read:

31641.97. (a) This section shall be applicable in the retirement system of any county of the 10th class, as defined by Sections 28020 and 28031, as amended by Chapter 1204 of the Statutes of 1971, if the board of supervisors adopts, by majority vote, a resolution implementing this section.

(b) The purpose of this section is to authorize persons hired by the county before January 1, 1993, and employed by the county on December 31, 1992, to receive credit in the retirement system for prior military service by contributing to the retirement system an amount equal to the full cost, including interest, of the employee and county liability for the additional credit.

(c) Notwithstanding any other provision of this chapter, an eligible person must meet the following requirements in order to receive credit for prior military service:

(1) The person must have been hired by the county before January 1, 1993, and must have been an active employee on December 31, 1992.

(2) The person must file written notice with the retirement board before January 1, 1995, electing to receive credit and providing such information as the board may require.

(3) The person must contribute to the retirement system prior to the effective date of his or her retirement, by lump-sum payment or by installment payments over a period not to exceed five years, an amount equal to the full cost, including interest, of the employee and county liability for the additional credit.

(4) The person must not be entitled to receive a pension or retirement allowance for the prior military service and must provide the certification required by Section 31641.4.

(5) A person who was hired by the county before January 1, 1993, who was actively employed by the county on December 31, 1992, and who retired or elected deferred retirement after December 31, 1992,

and before December 31, 1993, may also elect to receive credit under this section by filing the written notice and making the entire contribution before July 1, 1994, less whatever additional amounts would have been paid to that person by the retirement system if the person had made the entire contribution prior to retirement.

(d) The board of supervisors may include additional terms and conditions in the resolution implementing this section, provided the terms and conditions do not include the system paying for any of the employee or county cost of the military service credit.

(e) The full cost, including interest, of the employee and county liability for the additional credit under this section shall be determined by the board of retirement on actuarial advice, and shall be the actuarial equivalent of the difference between the retirement benefits the person will receive after receipt of credit for prior military service under this section and the retirement benefits the person would have received without that credit.

SEC. 3. Section 56036 of the Government Code is amended to read:

56036. (a) "District" or "special district" means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries. "District" or "special district" includes a county service area, but excludes all of the following:

(1) The state.

(2) A county.

(3) A city.

(4) A school district or a community college district.

(5) A special assessment district.

(6) An improvement district.

(7) A community facilities district formed pursuant to the Mello-Roos Community Facilities Act of 1982, Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5.

(8) A permanent road division formed pursuant to Article 3 (commencing with Section 1160) of Chapter 4 of Division 2 of the Streets and Highways Code.

(9) An air pollution control district or an air quality maintenance district.

(10) A service zone of a fire protection district.

(b) Except as otherwise provided in paragraph (1), each of the entities listed in paragraph (1) is a "district" or a "special district" for the purposes of this division.

(1) For the purposes of Chapter 1 (commencing with Section 57000) to Chapter 7 (commencing with Section 57175), inclusive, of Part 4 or Part 5 (commencing with Section 57300), none of the following entities is a "district" or a "special district":

(A) A unified or union high school library district.

(B) A bridge and highway district.

(C) A joint highway district.

(D) A transit or rapid transit district.

(E) A metropolitan water district.
(F) A separation of grade district.
(2) Any conducting authority proceedings for a change of organization involving an entity described in paragraph (1) shall be conducted pursuant to the principal act authorizing the establishment of that entity.
(c) Except as otherwise provided in paragraph (1), each of the entities listed in paragraph (1) is a "district" or "special district" for purposes of this division.
(1) For the purposes of Chapter 1 (commencing with Section 57000) to Chapter 7 (commencing with Section 57175), inclusive, of Part 4 or Part 5 (commencing with Section 57300), none of the following entities is a "district" or "special district" if the commission of the principal county determines, in accordance with Sections 56127 and 56128, that the entity is not a "district" or "special district."
(A) A flood control district.
(B) A flood control and floodwater conservation district.
(C) A flood control and water conservation district.
(D) A conservation district.
(E) A water conservation district.
(F) A water replenishment district.
(G) The Orange County Water District.
(H) A California water storage district.
(I) A water agency.
(J) A county water authority or a water authority.
(2) If the commission determines that an entity described in paragraph (1) is not a "district" or "special district," any conducting authority proceedings for a change of organization involving the entity shall be conducted pursuant to the principal act authorizing the establishment of that entity.
SEC. 4. Section 56111.11 of the Government Code is amended to read:
56111.11. (a) Notwithstanding Section 56110, upon approval of the commission, the City of El Centro or the City of Imperial may annex noncontiguous territory of not more than 1,960 acres in area, located in the County of Imperial and which constitutes a state correctional facility. If, after the completion of the annexation, the State of California sells that territory or any part thereof, all of that territory which is no longer owned by the state shall cease to be a part of that city.
(b) If territory is annexed pursuant to this section, the city may not annex any territory not owned by the State of California and not contiguous to the city although that territory is contiguous to the territory annexed pursuant to this section.
(c) When territory ceases to be part of the city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon

adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4 of Division 3.

(d) If territory annexed to the City of El Centro or the City of Imperial pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) In any commission order giving approval to an annexation pursuant to this section, the commission may require, as a condition of that approval, that the City of El Centro or the City of Imperial enter into an agreement with the other city under which the city apportions any increase in state subventions resulting from the annexation of territory pursuant to this section.

SEC. 5. Section 57132 of the Government Code is amended to read:

57132. The election on the question of the change of organization or reorganization shall be called and held on the next regular election date occurring at least 88 days after the date upon which the resolution calling the election was adopted. This section does not apply to any election conducted solely by mailed ballot pursuant to Chapter 5 (commencing with Section 1340) of Division 2 of the Elections Code.

SEC. 6. Section 61621.5 of the Government Code is amended to read:

61621.5. (a) Except as otherwise provided in this section, a district may by ordinance adopt regulations binding upon all persons to govern the construction and use of its facilities and property, including regulations imposing reasonable charges for the use thereof. Violation of any regulation relating to the construction and use of sanitation facilities or of roads is a misdemeanor.

(b) A district may by ordinance adopt regulations binding upon all persons to govern the use of its park and recreational facilities and property, including regulations imposing reasonable charges for the use thereof. Violation of any regulation relating to the use of park and recreational facilities is a misdemeanor.

(c) A district granted consent of the governing body of the county or city to exercise the powers provided in subdivision (j) or (k) of Section 61600 shall have the powers, duties, and authority of a county road commissioner granted under Article 2 (commencing with Section 1460) of Chapter 5.5 of Division 2 of the Streets and Highways Code to issue written permits to do the acts permitted by Section 1460 of the Streets and Highways Code in and on the streets accepted for maintenance by the district in accordance with the applicable provisions of the chapter. Any person who does any of the acts specified in Section 1460 of the Streets and Highways Code without the authority of a written permit from the district is guilty of a misdemeanor and is liable to the district for all expenses and damages caused thereby.

SEC. 7. Section 66450 of the Government Code is amended to read:

66450. (a) If a subdivision for which a parcel map is required lies within an unincorporated area, a certificate or statement by the county surveyor is required. If a subdivision lies within a city, a certificate or statement by the city engineer or city surveyor is required. The appropriate official shall sign, date, and, below or immediately adjacent to the signature, indicate his or her registration or license number with expiration date and the stamp of his or her seal and state that:

(1) He or she examined the map.

(2) The subdivision as shown is substantially the same as it appeared on the tentative map, if required, and any approved alterations thereof.

(3) All provisions of this chapter and of any local ordinances applicable at the time of approval of the tentative map, if required, have been complied with.

(4) He or she is satisfied that the map is technically correct.

(b) City or county engineers registered as civil engineers after January 1, 1982, shall only be qualified to certify the statements of paragraphs (1), (2), and (3) of subdivision (a). The statement specified in paragraph (4) of subdivision (a) shall only be certified by a person authorized to practice land surveying pursuant to the Professional Land Surveyors' Act (Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code) or a person registered as a civil engineer prior to January 1, 1982, pursuant to the Professional Engineers' Act (Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code).

(c) The county surveyor, city engineer, or city surveyor, as the case may be, or other public official or employee qualified and authorized to perform the functions of one of those officials, shall complete his or her certificate or statement, as required by this section, within 20 days from the time the parcel map is submitted to him or her by the subdivider for approval. The completed parcel map shall be delivered to the county recorder or, if required by local ordinance, filed with the legislative body prior to delivery to the county recorder, within the same 20-day period.

SEC. 7.5. Section 66470 of the Government Code is amended to read:

66470. The amending map or certificate of correction shall be prepared and signed by a registered civil engineer or licensed land surveyor. An amending map shall conform to the requirements of Section 66434, if a final map, or subdivisions (a) to (d), inclusive, and (f) to (i), inclusive, of Section 66445, if a parcel map. The amending map or certificate of correction shall set forth in detail the corrections made and show the names of the present fee owners of the property affected by the correction or omission. Upon recordation of a certificate of correction, the county recorder shall within 60 days of recording transmit a certified copy to the county surveyor or county engineer who shall maintain an index of recorded

certificates of correction.

The county recorder may charge a fee, in addition to the fee charged for recording the certificate of correction, which shall be transmitted to the county surveyor or the county engineer, as compensation for the cost of maintaining an index of recorded certificates of correction. The amount of this additional fee shall not exceed the fee which is charged for recording the certificate of correction.

If the property affected by a map is located within a city, the county recorder shall, upon request of the city engineer, provide copies of recorded certificates of correction to the city engineer.

SEC. 8. Section 66492 of the Government Code is amended to read:

66492. Prior to the filing of the final map or parcel map with the legislative body, the subdivider shall, in accordance with procedures established by the county, file with the county recorder of the county in which any part of the subdivision is located, a certificate or statement from the official computing redemptions in any public agency in which any part of the subdivision is located, showing that, according to the records of that office, there are no liens against the subdivision or any part thereof for unpaid, state, county, municipal or local taxes or special assessments collected as taxes, except taxes or special assessments not yet payable.

This section shall not be applicable to amending maps filed in accordance with the provisions of Section 66469.

SEC. 9. Section 66493 of the Government Code is amended to read:

66493. (a) Whenever any part of the subdivision is subject to a lien for taxes or special assessments collected as taxes which are not yet payable, the final map or parcel map shall not be recorded until the owner or subdivider does both of the following:

(1) Files with the clerk of the board of supervisors of the county wherein any part of the subdivision is located a certificate or statement prepared by the appropriate state or local official giving his or her estimate of those taxes or assessments.

(2) Executes and files with the clerk of the board of supervisors of the county wherein any part of the subdivision is located, security conditioned upon the payment of all state, county, municipal, and local taxes and the current installment of principal and interest of all special assessments collected as taxes, which at the time the final map is recorded are a lien against the property, but which are not yet payable.

(b) If the land being subdivided is a portion of a larger parcel shown on the last preceding tax roll as a unit, the security for payment of taxes need be only for the sum which may be determined by the county to be sufficient to pay the current and delinquent taxes on the land being subdivided, together with all accrued penalties and costs if those taxes have been or are allowed to become delinquent. Separate assessor's parcel numbers shall be given to the portion of

the larger parcel which is not within the proposed subdivision and to the parcel or parcels which are within the proposed subdivision.

If the land being subdivided is tax-defaulted, it may be redeemed without the redemption of the remainder of the larger parcel of which it is a part pursuant to the Revenue and Taxation Code as if it were held in ownership separate from and other than the ownership of the remainder.

(c) Whenever land subject to a special assessment or bond which may be paid in full is divided by the line of a lot or parcel of the subdivision, that assessment or bond shall be paid in full; security shall be filed with the clerk of the board of supervisors, payable to the county as trustee for the assessment bondholders for the payment of the special assessment or bond; or the responsibility for payment of the assessment shall be certified as segregated pursuant to subdivision (d).

(d) Whenever land subject to a special assessment for payment of a bond would be divided by the line of a lot or parcel of a subdivision, and the special assessment is not paid in full or secured pursuant to subdivision (c), the final map or parcel map shall not be recorded until the owner or subdivider files with the clerk of the board of supervisors of the county a certificate prepared by the clerk of the legislative body that created the assessment district. The certificate shall certify that the legislative body has determined that provision has been made for segregation of the responsibility of each of the proposed new parcels for a portion of the assessment payment obligation in the manner provided in the statute pursuant to which the assessments were levied or to which the bonds were issued.

(e) In computing the amount of security for "taxes" in subdivision (a) or "current taxes" in subdivision (b), it shall only be necessary to consider amounts shown on the regular assessment roll or shown on any supplemental rolls prepared pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(f) This section shall not be applicable to amending maps filed in accordance with Section 66469.

SEC. 10. Section 66499.20¼ of the Government Code is amended to read:

66499.20¼. A city or county may, by ordinance, authorize a parcel map to be filed under the provisions of this chapter for the purpose of reverting to acreage land previously subdivided and consisting of four or less contiguous parcels under the same ownership. Any map so submitted shall be accompanied by evidence of title and nonuse or lack of necessity of any public streets or public easements which are to be vacated or abandoned. Any public streets or public easements to be left in effect after the reversion shall be adequately delineated on the map. After approval of the reversion by the governing body or advisory agency the map shall be delivered to the county recorder. The filing of the map shall constitute legal reversion to acreage of the land affected thereby, and shall also constitute

abandonment of all public streets or public easements not shown on the map, provided however that written notation of each abandonment is listed by reference to the recording data creating those public streets or public easements and certified to on the map by the clerk of the legislative body or the designee of the legislative body approving the map. The filing of the map shall also constitute a merger of the separate parcels into one parcel for purposes of this chapter and shall thereafter be shown as such on the assessment roll subject to the provisions of Section 66445. Except as provided in subdivision (f) of Section 66445, on any parcel map used for reverting acreage, a certificate shall appear signed and acknowledged by all parties having any record title interest in the land being reverted, consenting to the preparation and filing of the parcel map.

SEC. 11. Section 66499.20½ of the Government Code is amended to read:

66499.20½. Subdivided lands may be merged and resubdivided without reverting to acreage by complying with all the applicable requirements for the subdivision of land as provided by this division and any local ordinances adopted pursuant thereto. The filing of the final map or parcel map shall constitute legal merging of the separate parcels into one parcel and the resubdivision of such parcel, and the real property shall thereafter be shown with the new lot or parcel boundaries on the assessment roll. Any unused fees or deposits previously made pursuant to this division pertaining to the property shall be credited pro rata towards any requirements for the same purposes which are applicable at the time of resubdivision. Any public streets or public easements to be left in effect after the resubdivision shall be adequately delineated on the map. After approval of the merger and resubdivision by the governing body or advisory agency the map shall be delivered to the county recorder. The filing of the map shall constitute legal merger and resubdivision of the land affected thereby, and shall also constitute abandonment of all public streets and public easements not shown on the map, provided that a written notation of each abandonment is listed by reference to the recording data creating these public streets or public easements, and certified to on the map by the clerk of the legislative body or the designee of the legislative body approving the map.

SEC. 12. Section 13143.5 of the Health and Safety Code is amended to read:

13143.5. (a) Notwithstanding Part 2 (commencing with Section 13100) of Division 12, Part 1.5 (commencing with Section 17910) of Division 13, and Part 2.5 (commencing with Section 18901) of Division 13, any city, county, or city and county may, by ordinance, make changes or modifications that are more stringent than the requirements published in the California Building Standards Code relating to fire and panic safety and the other regulations adopted pursuant to this part. Any changes or modifications that are more stringent than the requirements published in the California Building

Standards Code relating to fire and panic safety shall be subject to subdivision (b) of Section 18941.5.

(b) Nothing in this section shall authorize a local jurisdiction to mandate, nor prohibit a local jurisdiction from mandating, the installation of residential fire sprinkler systems within newly constructed dwelling units or in new additions to existing dwelling units, including, but not limited to, manufactured homes as defined in Section 18007.

(c) Nothing in this section shall authorize a local jurisdiction to mandate, nor prohibit a local jurisdiction from mandating, the retrofitting of existing dwelling units for the installation of residential fire sprinkler systems, including, but not limited to, manufactured homes as defined in Section 18007.

(d) Nothing in this section shall apply in any manner to litigation filed prior to January 1, 1991, regarding an ordinance or regulation which mandates the installation of residential fire sprinkler systems within newly constructed dwelling units or new additions to existing dwelling units.

(e) This section shall not apply to fire and panic safety requirements for the public schools adopted by the State Fire Marshal pursuant to Section 13143.

(f) (1) A city, county, or city and county that adopts an ordinance relating to fire and panic safety pursuant to this section shall delegate the enforcement of the ordinance to either of the following:

(A) The chief of the fire authority of the city, county, or city and county, or his or her authorized representative.

(B) The chief building official of the city, county, or city and county, or his or her authorized representative.

(2) Any fee charged pursuant to the enforcement authority of this subdivision shall not exceed the estimated reasonable cost of providing the service for which the fee is charged, pursuant to Section 66014 of the Government Code.

(g) On or before October 1, 1991, and each October 1 thereafter, the Department of Housing and Community Development, in conjunction with the office of the State Fire Marshal, shall transmit a report to the State Building Standards Commission on the more stringent requirements, adopted by a city, county, or city and county, pursuant to this section or adopted by a fire protection district and ratified pursuant to Section 13869.7, to the building standards relating to fire and panic safety adopted by the State Fire Marshal and contained in the California Building Standards Code. The report shall be for informational purposes only and shall include a summary by the department and the office of the reasons cited as the necessity for the more stringent requirements. The report required pursuant to this subdivision shall apply to any more stringent requirements adopted or ratified on or after January 1, 1991.

(h) All structures governed by Part 2.7 (commencing with Section 18950) of Division 13 are exempt from the permissive authority granted by subdivision (a).

SEC. 13. Section 13869.7 of the Health and Safety Code is amended to read:

13869.7. (a) Any fire protection district organized pursuant to Part 2.7 (commencing with Section 13800) of Division 12 may adopt building standards relating to fire and panic safety that are more stringent than those building standards adopted by the State Fire Marshal and contained in the California Building Standards Code. For these purposes, the district board shall be deemed a legislative body and the district shall be deemed a local agency. Any changes or modifications that are more stringent than the requirements published in the California Building Standards Code relating to fire and panic safety shall be subject to subdivision (b) of Section 18941.5.

(b) Any fire protection district that proposes to adopt an ordinance pursuant to this section shall, not less than 30 days prior to noticing a proposed ordinance for public hearing, provide a copy of that ordinance, together with the adopted findings made pursuant to subdivision (a), to the city, county, or city and county where the ordinance will apply. The city, county, or city and county, may provide the district with written comments, which shall become part of the fire protection district's public hearing record.

(c) The fire protection district shall transmit the adopted ordinance to the city, county, or city and county where the ordinance will apply. The legislative body of the city, county, or city and county, may ratify, modify, or deny an adopted ordinance and transmit its determination to the district within 15 days of the determination. Any modification or denial of an adopted ordinance shall include a written statement describing the reasons for any modifications or denial. No ordinance adopted by the district shall be effective until ratification by the city, county, or city and county where the ordinance will apply. Upon ratification of an adopted ordinance, the city, county, or city and county, shall file a copy of the findings of the district, and any findings of the city, county, or city and county, together with the adopted ordinance expressly marked and identified to which each finding refers, with the Department of Housing and Community Development.

(d) Nothing in this section shall authorize a district to mandate, nor prohibit a district from mandating, the installation of residential fire sprinkler systems within newly constructed dwelling units or in new additions to existing dwelling units, including, but not limited to, manufactured homes as defined in Section 18007.

(e) Nothing in this section shall authorize a district to mandate, nor prohibit a district from mandating, the retrofitting of existing dwelling units for the installation of residential fire sprinkler systems, including, but not limited to, manufactured homes as defined in Section 18007.

(f) Nothing in this section shall apply in any manner to litigation filed prior to January 1, 1991, regarding an ordinance or regulation which mandates the installation of residential fire sprinkler systems within newly constructed dwelling units or in new additions to

existing dwelling units.

(g) This section shall not apply to fire and panic safety requirements for the public schools adopted by the State Fire Marshal pursuant to Section 13143.

(h) (1) A city, county, or city and county that ratifies an ordinance relating to fire and panic safety pursuant to this section shall delegate the enforcement of the ordinance to either of the following:

(A) The chief of the fire protection district that adopted the ordinance, or his or her authorized representative.

(B) The chief building official of the city, county, or city and county, or his or her authorized representative.

(2) Any fee charged pursuant to the enforcement authority of this subdivision shall not exceed the estimated reasonable cost of providing the service for which the fee is charged, pursuant to Section 66014 of the Government Code.

SEC. 14. Section 19870 of the Health and Safety Code is amended to read:

19870. (a) As a result of construction inspection, an enforcement agency shall not impose a new or modified building standard different from those specified in the plans and specifications approved during plan checking functions for which a building permit is issued, unless the enforcement agency determines that any of the following apply:

(1) The standard is necessary to correct a violation of the governing code or standard and to protect the public health or safety.

(2) The plans and specifications did not reference the standard or were not in sufficient detail.

(3) There is a deviation, addition, or deletion from the plan.

(4) There are modifications to the plan by the permittee.

(5) The permit is deemed expired because the building or work authorized by the permit is not commenced within 180 days from the date of the permit, or the permittee has suspended or abandoned the work authorized by the permit at any time after the work is commenced.

(6) The permit is deemed suspended or revoked pursuant to subdivision (e) of Section 303 of the latest adopted version of the Uniform Building Code.

(b) As used in this chapter:

(1) "Building standard" means a building standard as defined in Section 18909, or other standard adopted by a local agency pursuant to Section 17958 or subdivision (c) of Section 18941.5, that was effective on the date of the application for the building permit.

(2) "Enforcement agency" means any department of a local agency that has the authority to inspect a construction or renovation project and enforce health, safety, or building codes including, but not limited to, the building department or building division, the fire department or fire district, and the health department.

(3) "Local agency" means a city, county, or city and county.

(4) "Plans and specifications" mean the plans, drawings, and specifications for a construction or renovation project, for which a building permit was issued, which relates to buildings classified for occupancy as a building of Group A, B, and R-1, pursuant to the 1991, Edition of the Uniform Building Code of the International Conference of Building Officials.

(5) "Building inspector" means any employee or contractor of an enforcement agency who performs inspections of a construction or renovation project for the purpose of assuring compliance with adopted uniform building codes and standards.

(6) "Supervisor" means any employee of any enforcement agency to whom a building inspector reports and who is responsible for reviewing a building inspector's project approvals or denials or modification orders.

(7) "Permittee" means a building owner, building property manager, or authorized representative to whom a building permit is issued by the enforcement agency.

(c) (1) If an enforcement agency requires that a new or modified building standard be met pursuant to the condition set forth in paragraph (1) of subdivision (a), the building inspector, within two working days of ordering the standard shall provide the permittee, in writing on a form prescribed by the enforcement agency, a description of the specific threat to public health and safety and the section of the applicable building code or standard that has been violated or not complied with, and the interpretations and reasons for differing from the approved plans and specifications.

(2) If an enforcement agency requires that a new or modified building standard be met pursuant to the condition set forth in paragraph (2) of subdivision (a), the building inspector, within two working days of ordering the standard, shall provide the permittee, in writing on a form prescribed by the enforcement agency, the applicable building code or standard that has been violated or not complied with, and a description of how that standard is applicable and necessary to the construction or renovation project for which the building permit is issued.

(3) If an enforcement agency requires that a new or modified building standard be met pursuant to the condition set forth in paragraph (3) or (4) of subdivision (a), the building inspector, within two working days of ordering the standard, shall provide the permittee, in writing on a form prescribed by the enforcement agency, the applicable building code or standard that has been violated or not complied with, and the deviations, additions, or deletions from, or the modifications to, the plan, as the case may be, which results in a violation or noncompliance with an applicable building code or standard.

(d) If an enforcement agency requires a new or modified building standard that the permittee certifies to the enforcement agency would result in a cumulative increase in the overall cost of the construction or renovation project of 10 percent or more, all findings

made by a building inspector pursuant to subdivision (c) shall be reviewed and approved in writing by the supervisor of the construction inspector within five working days of the order for a new or modified building standard. No certificate of occupancy may be denied if the findings of a construction supervisor are not so approved.

(e) A copy of all findings made by the building inspector pursuant to subdivision (c) shall be sent to the department within the local agency that is responsible for reviewing and approving the plans and specifications during the plan checking functions for which the building permit is issued.

(f) Compliance with subdivisions (c) and (d) shall not be required if, at the time an enforcement agency imposes a new or modified building standard, the building inspector, the building inspector's supervisor, and the permittee consult with one another within two working days of imposing the standard, and the permittee agrees with the enforcement agency's order.

SEC. 14.3. The heading of Article 86.5 (commencing with Section 21195) of Chapter 1.5 of Part 3 of Division 2 of the Public Contract Code is amended to read:

Article 86.5. Solano County Water Agency

SEC. 14.4. Section 21195 of the Public Contract Code is amended to read:

21195. The provisions of this article shall apply to contracts by the Solano County Water Agency, as provided for in Chapter 573 of the Statutes of 1989.

SEC. 14.5. Section 97.035 of the Revenue and Taxation Code, as amended by Assembly Bill 1519 of the 1993–94 Regular Session of the Legislature, is amended to read:

97.035. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars ($1,998,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May

Revision of the 1993–94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991–92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (1) for any county or city and county that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue allocated to school districts, county offices of education, and community college districts that would not have been allocated for the 1993–94 fiscal year but for the implementation of that alternative procedure.

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars ($288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of

reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993–94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars ($382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents ($19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars ($244,000,000) in the 1993–94 fiscal year.

(2) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(A) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(B) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(C) A transit district.

(D) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(E) A special district that was a multicounty special district as of

July 1, 1979.

(3) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of Section 98.6 as that section read on June 15, 1993. In those counties that were subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989–90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of Section 98.6 in the 1992–93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to Section 98.65, 98.66, 98.67, or 98.68, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the

amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.03. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992–93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools

shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in Section 95.1. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 97 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 14.6. Section 97.038 is added to the Revenue and Taxation Code, to read:

97.038. Notwithstanding Section 97.035, a special district does not include, for purposes of the reductions required by that section, a memorial district formed pursuant to Article 1 (commencing with Section 1170) of Chapter 1 of Part 2 of Division 6 of the Military and Veteran's Code.

SEC. 15. Section 30540 of the Water Code is amended to read:

30540. (a) The board shall, at its first meeting or as soon thereafter as practicable, appoint by a majority vote a general manager and a secretary.

(b) The board shall also, by majority vote, do either of the following:

(1) Appoint an auditor or treasurer to carry out the duties required by Section 30582 and other duties required by the board.

(2) Retain an auditor as an independent contractor, other than the auditor or treasurer appointed pursuant to paragraph (1), to conduct an annual audit of the district's books, records, and financial affairs.

SEC. 16. Section 201 of the Placer County Flood Control and Water Conservation District Act (Statutes of 1984, Chapter 689) is amended to read:

Sec. 201. The board of supervisors acting ex officio as the board of directors may, upon the vote of at least four of its members, adopt a resolution either: (1) appointing a board of directors composed of one director for each supervisorial district in the county, each of whom shall be an eligible voter within the supervisorial district he or she is appointed to represent, and fixing a time and date on which the newly appointed directors shall take office, at which time the board of supervisors shall cease to be the ex officio board of directors, (2) call a general district election or special election to fill the seats on the board of directors by election, in which event the board of supervisors shall cease to be the ex officio board of directors at the time the elected board of directors takes office, or (3) providing for a board of directors composed of two members of the board of supervisors, one member at large appointed by the board of supervisors, and one member of the city council of each incorporated city within the county appointed by the city council.

SEC. 17. Section 7.1 of the Santa Clara County Flood Control and Water District Act is amended to read:

Sec. 7.1. Each of the five elected members shall be nominated and elected by the electors of the supervisorial district which he represents at the times and in the manner provided by general law for the election of county supervisors. Elected directors from the second, third and fifth supervisorial districts shall be first elected at the general election held in 1968. Elected directors from the first and fourth districts shall be first elected at the general election held in 1970. At each general election thereafter, either three or two directors, as the case may be, shall be elected. The term of office shall

begin at noon on the first Monday in January following the election period. In order to be eligible for election or appointment each director must be a qualified elector in the district he represents, and must continue to reside therein during his incumbency in office provided however no change in boundaries of a supervisorial district shall affect the term of office of any director. Every member of the board, whether elected or appointed, may be recalled by the voters in accordance with the recall provisions of Chapter 2 (commencing with Section 27200) of Division 14 of the Elections Code applicable to officers of counties.

SEC. 18. Section 4 of the Sonoma County Flood Control and Water Conservation District Act is amended to read:

Sec. 4. The Board of Supervisors of the County of Sonoma shall be, and they are hereby designated as, and empowered to act as, ex officio the board of the district and shall exercise the powers of the district enumerated in this act, except as otherwise provided, and may perform all other acts necessary or proper, in their discretion, to accomplish the purposes of this act. The board may adopt and enforce reasonable rules and regulations for the administration and government of the district and to facilitate the exercise of its powers and duties herein set forth and may employ and fix the compensation of all necessary agents and employees to look after the performance of any work or improvement provided in this act. The members of the board of directors of the district shall receive no additional compensation for their services as such, but each shall receive his or her actual and necessary expenses in the performance of his or her duties under this act, payable from the fund of said district. The directors shall elect a chairman, who shall preside at all meetings of the board and in case of his or her absence or inability to act, the members present must by an order entered in their minutes, select one of their number to act as chairman temporarily. Any member of the board may administer oaths, when necessary in the performance of his or her official duties. A majority of the members of the board shall constitute a quorum for the transaction of business, and no act of the board shall be valid or binding unless a majority of all members present concur therein.

SEC. 19. Section 6 of the Sonoma County Flood Control and Water Conservation District Act is amended to read:

Sec. 6. The county administrator, county clerk, county assessor, county tax collector, county auditor, county treasurer, county counsel, county purchasing agent, district attorney, their successors in office, and their assistants, deputies, clerks, and employees shall be, unless otherwise provided by the board of directors, ex officio such officials of the district, and shall respectively perform, without additional compensation, the same various duties for the district as for the county in order to carry out the provisions of this act. The district may, by agreement with the county, reimburse the county for all costs and expenses incurred by reason of the performance of those duties by the county clerk, county administrator, and by

members of the board of supervisors, for the district. Any agreement shall require the filing by county and approval by the district of itemized claims for those costs and expenses.

SEC. 20. Section 19 of Assembly Bill 1519 of the 1993–94 Regular Session of the Legislature is amended to read:

Sec. 19. (a) It is the intent of the Legislature in enacting Section 97.035 of the Revenue and Taxation Code to transfer from special districts to the Educational Revenue Augmentation Fund an amount of property tax revenue not to exceed the greater of the following:

(1) The amount of property tax revenues attributable to the current value of fiscal relief pursuant to Article XIII A of the California Constitution.

(2) The reductions made pursuant to Section 97.03.

(b) This section shall be operative only if Assembly Bill 1519 of the 1993–94 Regular Session of the Legislature is chaptered.

SEC. 21. Section 14.5 of this bill incorporates amendments to Section 97.035 of the Revenue and Taxation Code proposed by both this bill and AB 1519. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 97.035 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 1519, in which case Section 97.035 of the Revenue and Taxation Code, as amended by AB 1519, shall remain operative only until the operative date of this bill, at which time Section 14.5 of this bill shall become operative.

SEC. 23. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 24. All sections of this bill except Sections 14.5 and 20 shall become operative January 1, 1994.

SEC. 25. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify ambiguities under current law which will enable local agencies to carry out their duties and responsibilities in a timely, effective, and efficient manner, it is necessary that this act take immediate effect.

CHAPTER 907

An act to add Section 25511 to the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25511 is added to the Business and Professions Code, to read:

25511. (a) Notwithstanding any other provision of this division, any licensee or officer, director, employee, or agent of a licensee that holds no more than eight on-sale licenses may also hold not more than 16.67 percent of the stock of a corporation that holds beer manufacturer licenses issued pursuant to paragraph (1) of subdivision (a) of Section 23320 that are located in Sacramento, Placer, El Dorado, Marin, or Napa County, and may serve on the board of directors and as an officer or employee of that corporate licensed beer manufacturer.

(b) An on-sale licensee specified in subdivision (a) shall purchase no alcoholic beverages for sale in this state other than from a licensed wholesaler or winegrower.

(c) In enacting this section, the Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exception established by this section to the general prohibition against tied-house interests must be limited to its expressed terms so as not to undermine the general prohibition, and intends that this section be construed accordingly.

CHAPTER 908

An act to amend Sections 747, 1032, 1063.5, 1731, 3553, 3584, and 3593 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 747 of the Public Utilities Code is amended to read:

747. (a) In addition to the incentives program required by Section 746, the commission shall require one or more electric utilities to implement pilot projects to accomplish the following:

(1) On or before June 30, 1991, begin to test separately from any generation resource bidding system the ability of demand side bidding to deliver benefits to utility customers.

(2) At the earliest practicable time, test the feasibility of an integrated bidding system that includes both generation resources and demand side programs.

(b) The commission shall establish a pilot program for gas utilities which tests a program of competitive bidding auctions for demand side services which deliver benefits to utility customers. However, a pilot program shall not apply to customer classes for which the gas utility is at risk for loss of sales or revenues due to the lack of a sales adjustment mechanism.

(c) At the earliest practicable time, the commission, in consultation with the State Energy Resources Conservation and Development Commission, shall report the results of the pilot projects required by subdivisions (a) and (b) to the Legislature. The report shall assess the feasibility and implications of implementing the tested bidding systems and shall include recommendations on whether or not the state should adopt either, or both, of the following:

(1) An integrated bidding system that allows demand side services to compete with generation resources to fulfill future electric utility resource needs, or a program of separate bidding auctions for demand side services which deliver benefits to electric utility customers.

(2) A program of separate bidding auctions for demand side services which deliver benefits to natural gas utility customers.

SEC. 1.5. Section 1032 of the Public Utilities Code is amended to read:

1032. (a) Every applicant for a certificate shall file in the office of the commission an application therefor in the form required by the commission. The applicant shall forward a copy of the application to each public transit operator operating in any portion of the territory sought to be served by the applicant. The commission may, with or without a hearing, issue the certificate as requested, or refuse to issue it, or issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by the certificate terms and conditions that, in its judgment, the public convenience and necessity require.

(b) The commission may, after a hearing, issue a certificate to operate in a territory already served by a certificate holder under this part only when the existing passenger stage corporation or corporations serving the territory will not provide that service to the satisfaction of the commission.

(c) Before issuing a certificate, the commission shall consider the effect of the applicant's proposed operations on the services, either

provided directly or by contract, furnished by any public transit operator.

SEC. 2. Section 1063.5 of the Public Utilities Code is amended to read:

1063.5. (a) The commission shall issue or authorize the transfer of no certificate under this article except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the certificate.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class A driver's license under the certificate.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission the certificate of workers' compensation insurance coverage or statement required by Section 460.5.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(b) With respect to paragraphs (2) and (6) of subdivision (a), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(c) The commission shall, commencing on April 15, 1989, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 3553.

SEC. 3. Section 1731 of the Public Utilities Code is amended to read:

1731. (a) The commission shall set an effective date when issuing

an order or decision. The commission may set the effective date of an order or decision prior to the date of issuance of the order or decision.

(b) After any order or decision has been made by the commission, any party to the action or proceeding, or any stockholder or bondholder or other party pecuniarily interested in the public utility affected, may apply for a rehearing in respect to any matters determined in the action or proceeding and specified in the application for rehearing. The commission may grant and hold a rehearing on those matters, if in its judgment sufficient reason is made to appear. No cause of action arising out of any order or decision of the commission shall accrue in any court to any corporation or person unless the corporation or person has filed an application to the commission for a rehearing within 30 days after the date of issuance or within 10 days after the date of issuance in the case of an order issued pursuant to either Article 5 (commencing with Section 816) or Article 6 (commencing with Section 851) of Chapter 4 relating to security transactions and the transfer or encumbrance of utility property. For purposes of this article, "date of issuance" means the date when the commission mails the order or decision to the parties to the action or proceeding.

SEC. 4. Section 3553 of the Public Utilities Code is amended to read:

3553. (a) The commission shall issue or authorize the transfer of no permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class A driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the

California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission the certificate of workers' compensation insurance coverage or statement required by Section 3554.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(b) With respect to paragraphs (2) and (6) of subdivision (a), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(c) The commission shall, commencing on April 15, 1989, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 4.5. Section 3553 of the Public Utilities Code is amended to read:

3553. (a) The commission shall issue or authorize the transfer of no permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class A driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission the workers' compensation document required by Section 3554 for its employees or a certificate of consent to self-insure, issued by the Director of Industrial Relations or its successor agency.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(b) With respect to paragraphs (2) and (6) of subdivision (a), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(c) As provided in subdivision (d) of Section 3584, the commission may delegate to its executive director or the executive director's designee the authority to issue, or authorize the transfer of, seasonal agricultural carrier permits and to make the findings specified in subdivisions (a) and (b) of this section and subdivisions (b) and (c) of Section 3584 necessary to exercise the delegated authority.

(d) The commission shall, commencing on April 15, 1989, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 5. Section 3584 of the Public Utilities Code is amended to read:

3584. (a) Except as provided in Section 3583, any highway carrier desiring a permit to operate as a livestock carrier or an agricultural carrier shall file an application therefor with the commission. The application shall set forth all of the following:

(1) The name and address of the applicant.

(2) The names and addresses of its officers, if any.

(3) Full information concerning the financial condition and physical properties of the applicant.

(4) Such other information necessary to the enforcement of this article as the commission may require.

(b) The commission shall not issue or authorize the transfer of any permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class A

driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission a certificate of workers' compensation insurance coverage for its employees or a certificate of consent to self-insure issued by the Director of Industrial Relations.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(c) With respect to paragraphs (2) and (6) of subdivision (b), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(d) The commission shall, commencing on April 15, 1991, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 5.5. Section 3584 of the Public Utilities Code is amended to read:

3584. (a) Except as provided in Section 3583, any highway carrier desiring a permit to operate as a livestock carrier or an agricultural carrier shall file an application therefor with the commission. The application shall set forth all of the following:

(1) The name and address of the applicant.

(2) The names and addresses of its officers, if any.

(3) Full information concerning the financial condition and physical properties of the applicant.

(4) Other information necessary to the enforcement of this article as the commission may require.

(b) The commission shall not issue or authorize the transfer of any permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its

vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class A driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission a certificate of workers' compensation insurance coverage for its employees or a certificate of consent to self-insure issued by the Director of Industrial Relations.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(c) With respect to paragraphs (2) and (6) of subdivision (b), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(d) The commission may delegate to its executive director or the executive director's designee the authority to issue, or authorize the transfer of, seasonal agricultural carrier permits and to make the findings specified in subdivisions (b) and (c) necessary to exercise the delegated authority.

(e) The commission shall, commencing on April 15, 1991, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 6. Section 3593 of the Public Utilities Code is amended to read:

3593. (a) Except as provided in Section 3592.5, any highway carrier desiring a permit to operate as a tank truck or vacuum truck carrier shall file a petition therefor with the commission. The petition shall set forth all of the following:

(1) The name and address of the applicant.

(2) The names and addresses of the applicant's officers, if any.

(3) Full information concerning the financial condition and physical properties of the applicant.

(4) Such other information necessary to the enforcement of this chapter as the commission may require.

(b) The commission shall not issue or authorize the transfer of any permit under this chapter except upon a showing before the

commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class A driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission a certificate of workers' compensation insurance coverage for its employees or a certificate of consent to self-insure issued by the Director of Industrial Relations.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(c) With respect to paragraphs (2) and (6) of subdivision (b), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(d) The commission shall, commencing on April 15, 1991, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 7. Section 4.5 of this bill incorporates amendments to Section 3553 of the Public Utilities Code proposed by both this bill and AB 1646. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 3553 of the Public Utilities Code, and (3) this bill is enacted after AB 1646, in which case Section 4 of this bill shall not become operative.

SEC. 8. Section 5.5 of this bill incorporates amendments to

Section 3584 of the Public Utilities Code proposed by both this bill and AB 1646. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 3584 of the Public Utilities Code, and (3) this bill is enacted after AB 1646, in which case Section 5 of this bill shall not become operative.

CHAPTER 909

An act to amend Sections 695.220 and 695.520 of the Code of Civil Procedure, to amend Sections 22754.1, 68113, 68511.3, 68544, and 77003 of, to add Section 68114.7 to, and to repeal Sections 77001, 77009, 77010 and 77011 of, the Government Code, to amend Sections 94 and 1170.4 of, and to add Section 809 to, the Penal Code, and to amend Section 40508 of the Vehicle Code, relating to the judiciary.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 695.220 of the Code of Civil Procedure is amended to read:

695.220. Money received in satisfaction of a money judgment, except a money judgment for child support, is to be credited as follows:

(a) The money is first to be credited against the amounts described in subdivision (b) of Section 685.050 that are collected by the levying officer.

(b) Any remaining money is next to be credited against any fee due the court pursuant to Section 6103.5 or 68511.3 of the Government Code, which are to be remitted to the court by the levying officer.

(c) Any remaining money is next to be credited against the accrued interest that remains unsatisfied.

(d) Any remaining money is to be credited against the principal amount of the judgment remaining unsatisfied. If the judgment is payable in installments, the remaining money is to be credited against the matured installments in the order in which they matured.

(e) Satisfaction of a money judgment for child support is to be credited as follows:

(1) The money is first to be credited against the current month's support.

(2) Any remaining money is next to be credited against the accrued interest that remains unsatisfied.

(3) Any remaining money is to be credited against the principal amount of the judgment remaining unsatisfied.

(4) Notwithstanding the above, a collection received as a result of

a tax refund offset is first to be credited against past due support assigned to the state prior to satisfaction pursuant to paragraphs (1), (2), and (3).

SEC. 2. Section 699.520 of the Code of Civil Procedure is amended to read:

699.520. The writ of execution shall require the levying officer to whom it is directed to enforce the money judgment and shall include the following information:

(a) The date of issuance of the writ.

(b) The title of the court where the judgment is entered and the cause and number of the action.

(c) The name and address of the judgment creditor and the name and last known address of the judgment debtor.

(d) The date of the entry of the judgment and of any subsequent renewals and where entered in the records of the court.

(e) The total amount of the money judgment as entered or renewed, together with costs thereafter added to the judgment pursuant to Section 685.090 and the accrued interest on the judgment from the date of entry or renewal of the judgment to the date of issuance of the writ, reduced by any partial satisfactions and by any amounts no longer enforceable.

(f) The amount required to satisfy the money judgment on the date the writ is issued.

(g) The amount of interest accruing daily on the principal amount of the judgment from the date the writ is issued.

(h) Whether any person has requested notice of sale under the judgment and, if so, the name and mailing address of such person.

(i) The sum of the fees and costs added to the judgment pursuant to Section 6103.5 or 68511.3 of the Government Code and which is in addition to the amount owing to the judgment creditor on the judgment.

SEC. 3. Section 22754.1 of the Government Code is amended to read:

22754.1. (a) As used in this part, unless the context otherwise requires, the term "employee" includes any judge of a municipal court or justice court, and the terms "employer" and "contracting agency" with respect to such a judge enrolled in a health benefits plan include the county in which the municipal court or justice court is located, provided that adoption of a resolution under Section 22850 shall not be required. The state is not obligated to make any contribution to health benefit plans for active and retired municipal or justice court judges, except for municipal or justice court judges serving on senior judge status and then only during the time as a municipal or justice court judge is actively serving as a senior judge. A municipal or justice court judge may elect to come under the provisions of this part only within 90 days of assuming office for the first time as such a judge. If a municipal or justice court judge elects to come under the provisions of this part, the county employing the judge shall contribute to the Public Employees' Contingency

Reserve Fund the sums as it would have otherwise contributed to a health benefit plan provided for county employees, unless the municipal or justice court judge elects to enroll under the county health benefit plan. Those contributions shall be applied first to the contribution required of it as an employer under Section 22831 and any remainder shall be applied to the contribution required under Sections 22825 and 22825.6. The municipal or justice court judge whether enrolled as an employee or annuitant shall contribute the cost of that enrollment plus the amount required of an employer under Section 22831 less the amount, if any, contributed by his or her county. A county shall not be required to contribute any portion of the cost of a health benefits plan under this part for a judge after retirement unless the health benefits plan provided for county employees provides that coverage.

(b) No conversion of a county's justice courts to municipal courts or consolidations of justice or municipal court districts pursuant to Chapter 6 (commencing with Section 71001) of Title 8, and no election by a judge or judge's failure to make any election pursuant to those provisions, shall have any effect on the continuation of rights and obligations under this section. Obligations of the county as employer or contracting agency and the rights of a judge as employee under this section are identical and are continuous and of equal force, whether the judge serves on a justice court or municipal court. Nothing in this section shall be construed to authorize any county to pay the member contributions to the Judges' Retirement Fund.

SEC. 4. Section 68113 of the Government Code is amended to read:

68113. (a) The superior, municipal, and justice courts in each county shall submit a report to the Judicial Council on progress towards achieving the cost reduction goals associated with the coordination plans and factors impacting the cost of court operations and the collection of revenues. The report shall also include financial information prepared by the county auditor on expenditures for court operations and revenues according to a uniform chart of accounts adopted by the Judicial Council. The reports shall be submitted quarterly on or before the first day of the third month following the end of the quarter.

(b) For purposes of the reporting requirements of this section, a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units corresponding to the organization of the court or courts under a coordination plan where reporting courtwide would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

(c) The Judicial Council shall submit a report to the Legislature on or before November 1 following the end of each fiscal year setting forth all of the following:

(1) The revenues and expenditures for each superior, municipal,

and justice court in the state and statewide totals.

(2) A summary of the savings achieved by each county and statewide.

(3) Factors impacting the cost of court operations and the collection of revenues.

SEC. 5. Section 68114.7 is added to the Government Code, to read:

68114.7. The coordination, consolidation, merger, or conversion of any court pursuant to this chapter or otherwise shall not of itself cause any reduction in judicial or nonjudicial court employee benefit programs provided or administered by the county pursuant to Chapter 2 (commencing with Section 53200) of Part 1 of Division 2 of Title 5, or pursuant to a memorandum or agreement in effect prior to the effective date of this section. This section does not constitute a change in, but is declaratory of, the existing law. Any reduction or cessation of benefits contrary to this section made between June 30, 1992, and the effective date of this section shall be restored.

SEC. 6. Section 68511.3 of the Government Code, is amended to read:

68511.3. (a) The Judicial Council shall formulate and adopt uniform forms and rules of court for litigants proceeding in forma pauperis. These rules shall provide: (1) for standard procedures for considering and determining applications for permission to proceed in forma pauperis, including, in the event of a denial of such permission, a written statement detailing the reasons for denial and an evidentiary hearing where there is a substantial evidentiary conflict; (2) for standard procedures to toll relevant time limitations when a pleading or other paper accompanied by such an application is timely lodged with the court and delay is caused due to the processing of the application to proceed in forma pauperis; (3) for proceeding in forma pauperis at every stage of the proceedings at both the appellate and trial levels of the court system; (4) for the confidentiality of the financial information provided to the court by these litigants; (5) that the court may authorize the clerk of the court, county financial officer, or other appropriate county officer to make reasonable efforts to verify the litigant's financial condition without compromising the confidentiality of the application; and (6) that permission to proceed in forma pauperis be granted (A) to litigants who declare under penalty of perjury that they are receiving benefits pursuant to the Supplemental Security Income (SSI) and State Supplemental Payments (SSP) programs (Sections 12200–12205.2 of the Welfare and Institutions Code), the Aid to Families with Dependent Children (AFDC) program (42 United States Code 601–644), the Food Stamp program (7 United States Code 2011–2027) or Section 17000 of the Welfare and Institutions Code and (B) to litigants who declare under penalty of perjury that their monthly income is 125 percent or less of the current monthly poverty line annually established by the Secretary of Health and Human Services pursuant to the Omnibus Budget Reconciliation Act

of 1981, as amended, and who submit a financial statement setting forth each item which makes up their monthly income in support of the averment as part of the declaration. The rules shall further provide that the court shall grant permission to proceed in forma pauperis in any other instance in which, in its discretion, such permission is appropriate because the litigant is unable to proceed without using money which is necessary for the use of the litigant or the litigant's family to provide for the common necessaries of life.

(b) The forms and rules shall provide for the disclosure of both of the following:

(1) The current address of the litigant.

(2) The date of birth of the litigant.

The information furnished by the litigant shall be used by the court in determining his or her ability to pay all or a portion of the fees and costs.

(c) At any time within three years after the court has granted a litigant permission to proceed in forma pauperis, the clerk of the court, county financial officer, or other appropriate county officer may notify the court of any changed financial circumstances which may enable the litigant to pay all or a portion of the fees and costs which had been waived. The court may authorize the clerk of the court, county financial officer or other appropriate county officer to require the litigant to appear before and be examined by the court; provided, that no litigant shall be required to appear more than once in any four-month period. The court may then order the litigant to pay to the county such sum and in such manner as the court believes is compatible with the litigant's financial ability.

In any action or proceeding in which the litigant whose fees and costs have been waived would have been entitled to recover those fees and costs from another party to the action or proceeding had they been paid, the court may assess the amount of the waived fees and costs against the other party and order the other party to pay that sum to the county or to the clerk and serving and levying officers respectively, or the court may order the amount of the waived fees and costs added to the judgment and so identified by the clerk.

Execution may be issued on any order provided for in this subdivision in the same manner as on a judgment in a civil action. When an amount equal to the sum due and payable to the clerk has been collected upon the judgment, these amounts shall be remitted to the clerk within 30 days. Thereafter when an amount equal to the sum due to the serving and levying officers has been collected upon the judgment, these amounts shall be due and payable to those officers and shall be remitted within 30 days. If the remittance is not received by the clerk within 30 days or there is a filing of a partial satisfaction of judgment in an amount at least equal to the fees and costs payable to the clerk or a satisfaction of judgment has been filed, notwithstanding any other provision of law, the court may issue an abstract of judgment, writ of execution, or both for recovery of those sums, plus the fees for issuance and execution and an additional fee

for administering this section. The county board of supervisors shall establish a fee, not to exceed actual costs of administering this subdivision and in no case exceeding twenty-five dollars ($25), which shall be added to the writ of execution.

(d) The clerk of the court may dispose of applications for in forma pauperis status three years after the date of filing without the need for microfilming, or the clerk may dispose of applications immediately upon their being microfilmed.

SEC. 7. Section 68544 of the Government Code, as amended by Chapter 158 of the Statutes of 1993, is amended to read:

68544. When the judge files a claim, the Judicial Council shall draw warrants for the payment of extra compensation or expenses as provided in this article.

SEC. 8. Section 77001 of the Government Code is repealed.

SEC. 9. Section 77003 of the Government Code, as amended by Chapter 2 of the Statutes of 1993, is amended to read:

77003. (a) As used in this chapter, "court operations" means all of the following:

(1) Salaries, benefits, and public agency retirement contributions for superior, municipal, and justice court judges and for subordinate judicial officers.

(2) The salary, benefits, and public agency retirement contributions for other court staff including all municipal court staff positions specifically prescribed by statute.

(3) Those marshals, constables, and sheriffs as the court deems necessary for court operations.

(4) Court-appointed counsel in juvenile court dependency proceedings and counsel appointed by the court to represent a minor pursuant to Chapter 10 (commencing with Section 3150) of Part 2 of Division 8 of the Family Code.

(5) Services and supplies relating to court operations.

(6) Collective bargaining under the Meyers-Milias-Brown Act with respect to court employees specified in Section 3501.5.

(7) Actual indirect costs, not to exceed 18 percent of state trial court funding payments to counties for county general services attributable to court operations, but specifically excluding, but not limited to, law library operations conducted by a trust pursuant to statute; courthouse construction; district attorney services; probation services; indigent criminal defense; grand jury expenses and operations; and pretrial release services.

(8) In a county with a population of 350,000 or less as determined by the Department of Finance, to the extent that the block grant for a given fiscal year exceeds the 1987–88 funding level for the trial courts in that county, as adjusted by the current consumer price index, "court operations" includes probation services, indigent criminal defense, and pretrial release services.

(9) The salaries, benefits, and public agency retirement contributions to be used in computing "court operations" are those salaries, benefits, and public agency retirement contributions in

existence on June 30, 1991, and any reclassification made thereafter primarily for purposes of granting a salary increase shall not be applicable for purposes of this section.

SEC. 10. Section 77009 of the Government Code is repealed.

SEC. 11. Section 77010 of the Government Code is repealed.

SEC. 12. Section 77011 of the Government Code is repealed.

SEC. 13. Section 94 of the Penal Code is amended to read:

94. Every judicial officer who asks or receives any emolument, gratuity, or reward, or any promise thereof, except such as may be authorized by law, for doing any official act, is guilty of a misdemeanor. The lawful compensation of a temporary judge shall be prescribed by Judicial Council rule. Every judicial officer who shall ask or receive the whole or any part of the fees allowed by law to any stenographer or reporter appointed by him or her, or any other person, to record the proceedings of any court or investigation held by him or her, shall be guilty of a misdemeanor, and upon conviction thereof shall forfeit his or her office. Any stenographer or reporter, appointed by any judicial officer in this state, who shall pay, or offer to pay, the whole or any part of the fees allowed him or her by law, for his or her appointment or retention in office, shall be guilty of a misdemeanor, and upon conviction thereof shall be forever disqualified from holding any similar office in the courts of this state.

SEC. 14. Section 809 is added to the Penal Code, to read:

809. The night-time commissioner of the Santa Clara County Superior Court shall be considered a magistrate for the purpose of conducting prompt probable cause hearings for persons arrested without an arrest warrant as mandated by law.

SEC. 15. Section 1170.4 of the Penal Code is amended to read:

1170.4. The Judicial Council shall collect and analyze relevant information relating to sentencing practices in this state and other jurisdictions. Such information shall be taken into consideration by the Judicial Council in the adoption of rules pursuant to Section 1170.3.

SEC. 16. Section 40508 of the Vehicle Code is amended to read:

40508. (a) Any person willfully violating his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before a person authorized to receive a deposit of bail is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested.

(b) Any person willfully failing to pay a lawfully imposed fine for a violation of any provision of this code or a local ordinance adopted pursuant to this code within the time authorized by the court and without lawful excuse having been presented to the court on or before the date the fine is due is guilty of a misdemeanor regardless of the full payment of the fine after such time.

(c) Any person willfully failing to comply with a condition of a court order for a violation of this code, other than for failure to

appear or failure to pay a fine, is guilty of a misdemeanor, regardless of their subsequent compliance with the order.

(d) If a person convicted of an infraction fails to pay a fine or any installment thereof within the time authorized by the court, the court may, except as otherwise provided in this subdivision, impound the person's driver's license and order the person not to drive for a period not to exceed 30 days. Before returning the license to the person, the court shall endorse on the reverse side of the license that the person was ordered not to drive, the period for which that order was made, and the name of the court making the order. If a defendant with a class 3 or 4 driver's license satisfies the court that impounding his or her driver's license and ordering the defendant not to drive will affect his or her livelihood, the court shall order that the person limit his or her driving for a period not to exceed 30 days to driving that is essential in the court's determination to the person's employment, including the person's driving to and from his or her place of employment if other means of transportation are not reasonably available. The court shall provide for the endorsement of the limitation on the person's license. The impounding of the license and ordering the person not to drive or the order limiting the person's driving does not constitute a suspension of the license, but a violation of the order constitutes contempt of court.

CHAPTER 910

An act to amend Sections 5151, 5154, 6161, and 6165 of the Business and Professions Code, to amend Sections 13401, 13405, 13406, 13407, 13408, 13409, and 13410 of, and to add Section 13404.5 to, the Corporations Code, relating to corporations.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5151 of the Business and Professions Code is amended to read:

5151. An applicant for registration as an accountancy corporation shall supply to the board all necessary and pertinent documents and information requested by the board concerning the applicant's plan of operation. The board may provide forms of application. If the board finds that the corporation is duly organized and existing under the General Corporation Law or the foreign corporation is duly qualified for the transaction of intrastate business pursuant to the General Corporation Law, that each officer, director, shareholder and, except as otherwise permitted under Section 5053, each employee who will render professional services is a licensed person as defined in the Moscone-Knox Professional Corporation Act, or a

person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and that from the application it appears that the affairs of the corporation will be conducted in compliance with law and the rules and regulations of the board, the board shall upon payment of the registration fee in such amount as it may determine issue a certificate of registration. The applicant shall include with the application, for each shareholder of the corporation licensed in a foreign country but not in this state or in any other state, territory, or possession of the United States, a certificate from the authority in the foreign country currently having final jurisdiction over the practice of accounting, which shall verify the shareholder's admission to practice in the foreign country, the date thereof, and the fact that the shareholder is currently in good standing as the equivalent of a certified public accountant or public accountant. If the certificate is not in English, there shall be included with the certificate a duly authenticated English translation thereof. The application shall be signed and verified by an officer of the corporation.

SEC. 1.5. Section 5154 of the Business and Professions Code is amended to read:

5154. Except as provided in Section 13403 of the Corporations Code, each director, shareholder, and officer of an accountancy corporation shall be a licensed person as defined in the Moscone-Knox Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices.

SEC. 1.7. Section 6161 of the Business and Professions Code is amended to read:

6161. An applicant for registration as a law corporation shall supply to the State Bar all necessary and pertinent documents and information requested by the State Bar concerning the applicant's plan of operation, including, but not limited to, a copy of its articles of incorporation, certified by the Secretary of State, a copy of its bylaws, certified by the secretary of the corporation, the name and address of the corporation, the names and addresses of its officers, directors, shareholders and employees who will render professional services, the address of each office, and any fictitious name or names which the corporation intends to use. The State Bar may provide forms of application. If the Board of Governors or a committee authorized by it finds that the corporation is duly organized and existing or duly qualified for the transaction of intrastate business pursuant to the General Corporation Law, that each officer (except as provided in Section 13403 of the Corporations Code), director, shareholder and each employee who will render professional services is a licensed person as defined in the Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and that from the application it appears that the affairs of the corporation will be conducted in compliance with law and the

rules and regulations of the State Bar, the State Bar shall upon payment of the registration fee in such amount as it may determine issue a certificate of registration. The applicant shall include with the application, for each shareholder of the corporation licensed in a foreign country but not in this state or in any other state, territory, or possession of the United States, a certificate from the authority in the foreign country currently having final jurisdiction over the practice of law, which shall verify the shareholder's admission to practice in the foreign country, the date thereof, and the fact that the shareholder is currently in good standing as an attorney or counselor at law or the equivalent. If the certificate is not in English, there shall be included with the certificate a duly authenticated English translation thereof. The application shall be signed and verified by an officer of the corporation.

SEC. 1.75. Section 6161 of the Business and Professions Code is amended to read:

6161. An applicant for registration as a law corporation shall supply to the State Bar all necessary and pertinent documents and information requested by the State Bar concerning the applicant's plan of operation, including but not limited to a copy of its articles of incorporation, certified by the Secretary of State, a copy of its bylaws, certified by the secretary of the corporation, the name and address of the corporation, the names and addresses of its officers, directors, shareholders, members, if any, and employees who will render professional services, the address of each office, and any fictitious name or names which the corporation intends to use. The State Bar may provide forms of application. If the Board of Governors or a committee authorized by it finds that the corporation is duly organized and existing or duly qualified for the transaction of intrastate business pursuant to the General Corporation Law, or pursuant to subdivision (b) of Section 13406 of the Corporations Code, that each officer (except as provided in Section 13403 of the Corporations Code), director, shareholder (except as provided in subdivision (b) of Section 13406 of the Corporations Code), and each employee who will render professional services is a licensed person as defined in the Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and that from the application it appears that the affairs of the corporation will be conducted in compliance with law and the rules and regulations of the State Bar, the State Bar shall upon payment of the registration fee in such amount as it may determine issue a certificate of registration. The applicant shall include with the application, for each shareholder of the corporation licensed in a foreign country but not in this state or in any other state, territory, or possession of the United States, a certificate from the authority in the foreign country currently having final jurisdiction over the practice of law, which shall verify the shareholder's admission to practice in the foreign country, the date thereof, and the fact that the shareholder is

currently in good standing as an attorney or counselor at law or the equivalent. If the certificate is not in English, there shall be included with the certificate a duly authenticated English translation thereof. The application shall be signed and verified by an officer of the corporation.

SEC. 1.8. Section 6165 of the Business and Professions Code is amended to read:

6165. Except as provided in Section 13403 of the Corporations Code, each director, shareholder, and each officer of a law corporation shall be a licensed person as defined in the Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices.

SEC. 1.9. Section 6165 of the Business and Professions Code is amended to read:

6165. Except as provided in Sections 13403 and 13406 of the Corporations Code, each director, shareholder, and each officer of a law corporation shall be a licensed person as defined in the Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices.

SEC. 2. Section 13401 of the Corporations Code is amended to read:

13401. As used in this part:

(a) "Professional services" means any type of professional services which may be lawfully rendered only pursuant to a license, certification, or registration authorized by the Business and Professions Code or the Chiropractic Act.

(b) "Professional corporation" means a corporation organized under the General Corporation Law which is engaged in rendering professional services in a single profession, except as otherwise authorized in Section 13401.5, pursuant to a certificate of registration issued by the governmental agency regulating the profession as herein provided and which in its practice or business designates itself as a professional or other corporation as may be required by statute. However, any professional corporation rendering professional services by persons duly licensed by the Medical Board of California or any examining committee under the jurisdiction of the board, the State Board of Pharmacy, the Board of Examiners in Veterinary Medicine, the Board of Architectural Examiners, the Certified Shorthand Reporters Board, or the Board of Registered Nursing shall not be required to obtain a certificate of registration in order to render those professional services.

(c) "Foreign professional corporation" means a corporation organized under the laws of a state of the United States other than this state that is engaged in a profession of a type for which there is authorization in the Business and Professions Code for the performance of professional services by a foreign professional corporation.

(d) "Licensed person" means any natural person who is duly licensed under the provisions of the Business and Professions Code or the Chiropractic Act to render the same professional services as are or will be rendered by the professional corporation or foreign professional corporation of which he or she is or intends to become, an officer, director, shareholder, or employee.

(e) "Disqualified person" means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services which the particular professional corporation or foreign professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

SEC. 2.5. Section 13401 of the Corporations Code is amended to read:

13401. As used in this part:

(a) "Professional services" means any type of professional services which may be lawfully rendered only pursuant to a license, certification, or registration authorized by the Business and Professions Code or the Chiropractic Act.

(b) "Professional corporation" means a corporation organized under the General Corporation Law or pursuant to subdivision (b) of Section 13406 which is engaged in rendering professional services in a single profession, except as otherwise authorized in Section 13401.5, pursuant to a certificate of registration issued by the governmental agency regulating the profession as herein provided and which in its practice or business designates itself as a professional or other corporation as may be required by statute. However, any professional corporation rendering professional services by persons duly licensed by the Medical Board of California or any examining committee under the jurisdiction of the board, the State Board of Pharmacy, the Board of Examiners in Veterinary Medicine, the Board of Architectural Examiners, the Certified Shorthand Reporters Board, or the Board of Registered Nursing shall not be required to obtain a certificate of registration in order to render those professional services.

(c) "Foreign professional corporation" means a corporation organized under the laws of a state of the United States other than this state that is engaged in a profession of a type for which there is authorization in the Business and Professions Code for the performance of professional services by a foreign professional corporation.

(d) "Licensed person" means any natural person who is duly licensed under the provisions of the Business and Professions Code or the Chiropractic Act to render the same professional services as are or will be rendered by the professional corporation or foreign professional corporation of which he or she is or intends to become, an officer, director, shareholder, or employee.

(e) "Disqualified person" means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services which the particular professional

corporation or foreign professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

SEC. 3. Section 13404.5 is added to the Corporations Code, to read:

13404.5. (a) A foreign professional corporation may qualify as a foreign corporation to transact intrastate business in this state in accordance with Chapter 21 (commencing with Section 2100) of Division 1. A foreign professional corporation shall be subject to the provisions of the General Corporation Law applicable to foreign corporations, except where those provisions are in conflict with or inconsistent with the provisions of this part. The statement and designation filed by the foreign professional corporation pursuant to Section 2105 shall contain a specific statement that the corporation is a foreign professional corporation within the meaning of this part.

(b) No foreign professional corporation shall render professional services in this state without a currently effective certificate of registration issued by the governmental agency regulating the profession in which that corporation proposes to be engaged, pursuant to the applicable provisions of the Business and Professions Code expressly authorizing those professional services to be rendered by a foreign professional corporation.

(c) If the California board, commission, or other agency that prescribes the rules or regulations governing a particular profession either now or hereafter requires that the shareholders of the professional corporation bear any degree of personal liability for the acts of the corporation, either by personal guarantee or in some other form that the governing agency prescribes, the shareholders of a foreign corporation that has been qualified to do business in this state in the same profession shall, as a condition of doing business in this state, be subject, with regard to the rendering of professional services by the professional corporation in California, or for California residents, to the same degree of personal liability, if any, as is prescribed by the governing agency for shareholders of a California professional corporation rendering services in the same profession.

(d) Each application by a foreign professional corporation to qualify to do business in this state shall contain the following statement:

"The shareholders of the undersigned foreign professional corporation shall be subject, with regard to the rendering of professional services by the professional corporation in California, or for California residents, to the same degree of personal liability, if any, in California as is from time to time prescribed by the agency governing the profession in this state for shareholders in a California professional corporation rendering services in the same profession. This application accordingly constitutes a submission to the jurisdiction of the courts of California to the same extent, but only to the same extent, as applies to the shareholders of a California professional corporation in the same profession. The foregoing submission to jurisdiction is a condition of qualification to do business

in this state."

SEC. 4. Section 13405 of the Corporations Code is amended to read:

13405. (a) Subject to the provisions of Section 13404, a professional corporation may lawfully render professional services in this state, but only through employees who are licensed persons. The corporation may employ persons not so licensed, but such persons shall not render any professional services rendered or to be rendered by that corporation in this state. A professional corporation may render professional services outside of this state, but only through employees who are licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices. Nothing in this section is intended to prohibit the rendition of occasional professional services in another jurisdiction as an incident to the licensee's primary practice, so long as it is permitted by the governing agency that regulates the particular profession in the jurisdiction. Nothing in this section is intended to prohibit the rendition of occasional professional services in this state as an incident to a professional employee's primary practice for a foreign professional corporation qualified to render professional services in this state, so long as it is permitted by the governing agency that regulates the particular profession in this state.

(b) Subject to Section 13404.5, a foreign professional corporation qualified to render professional services in this state may lawfully render professional services in this state, but only through employees who are licensed persons, and shall render professional services outside of this state only through persons who are licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices. The foreign professional corporation may employ persons in this state who are not licensed in this state, but those persons shall not render any professional services rendered or to be rendered by the corporation in this state.

(c) Nothing in this section or in this part is intended to, or shall, augment, diminish or otherwise alter existing provisions of law, statutes or court rules relating to services by a California attorney in another jurisdiction, or services by an out-of-state attorney in California. These existing provisions, including, but not limited to, admission pro hac vice and the taking of depositions in a jurisdiction other than the one in which the deposing attorney is admitted to practice, shall remain in full force and effect.

SEC. 5. Section 13406 of the Corporations Code is amended to read:

13406. Shares of capital stock in a professional corporation may be issued only to a licensed person or to a person who is licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and any shares issued in violation of this restriction shall be void. Unless there is a public offering of securities by a professional corporation or by a foreign professional corporation qualified to render professional services in

this state, its financial statements shall be treated by the Commissioner of Corporations as confidential, except to the extent that such statements shall be subject to subpoena in connection with any judicial or administrative proceeding, and may be admissible in evidence therein. No shareholder of a professional corporation or of a foreign professional corporation qualified to render professional services in this state shall enter into a voting trust, proxy, or any other arrangement vesting another person (other than another person who is a shareholder of the same corporation) with the authority to exercise the voting power of any or all of his or her shares, and any such purported voting trust, proxy or other arrangement shall be void.

SEC. 5.5. Section 13406 of the Corporations Code is amended to read:

13406. (a) Subject to the provisions of subdivision (b), shares of capital stock in a professional corporation may be issued only to a licensed person or to a person who is licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and any shares issued in violation of this restriction shall be void. Unless there is a public offering of securities by a professional corporation or by a foreign professional corporation qualified to render professional services in this state, its financial statements shall be treated by the Commissioner of Corporations as confidential, except to the extent that such statements shall be subject to subpoena in connection with any judicial or administrative proceeding, and may be admissible in evidence therein. No shareholder of a professional corporation or of a foreign professional corporation qualified to render professional services in this state shall enter into a voting trust, proxy, or any other arrangement vesting another person (other than another person who is a shareholder of the same corporation) with the authority to exercise the voting power of any or all of his or her shares, and any such purported voting trust, proxy or other arrangement shall be void.

(b) A professional law corporation may be incorporated as a nonprofit public benefit corporation under the Nonprofit Public Benefit Corporation Law under either of the following circumstances:

(1) The corporation is a qualified legal services project or a qualified support center within the meaning of subdivisions (a) and (b) of Section 6213 of the Business and Professions Code.

(2) The professional law corporation otherwise meets all of the requirements and complies with all of the provisions of the Nonprofit Public Benefit Corporation Law, as well as all of the following requirements:

(A) All of the members of the corporation, if it is a membership organization as described in the Nonprofit Corporation Law, are persons licensed to practice law in California.

(B) All of the members of the professional law corporation's board of directors are persons licensed to practice law in California.

(C) Seventy percent of the clients to whom the corporation provides legal services are lower income persons as defined in Section 50079.5 of the Health and Safety Code, and to other persons who would not otherwise have access to legal services.

(D) The corporation shall not enter into contingency fee contracts with clients.

(c) A professional law corporation incorporated as a nonprofit public benefit corporation that is a recipient in good standing as defined in subdivision (c) of Section 6213 of the Business and Professions Code shall be deemed to have satisfied all of the filing requirements of a professional law corporation under Sections 6161.1, 6162, and 6163 of the Business and Professions Code.

SEC. 6. Section 13407 of the Corporations Code is amended to read:

13407. Shares in a professional corporation or a foreign professional corporation qualified to render professional services in this state may be transferred only to a licensed person, to a shareholder of the same corporation, to a person licensed to practice the same profession in the jurisdiction or jurisdictions in which the person practices, or to such professional corporation, and any transfer in violation of this restriction shall be void.

A professional corporation may purchase its own shares without regard to any restrictions provided by law upon the repurchase of shares, if at least one share remains issued and outstanding.

If a professional corporation or a foreign professional corporation qualified to render professional services in this state shall fail to acquire all of the shares of a shareholder who is disqualified from rendering professional services in this state or of a deceased shareholder who was, on his or her date of death, licensed to render professional services in this state, or if such a disqualified shareholder or the representative of such a deceased shareholder shall fail to transfer said shares to the corporation, to another shareholder of the corporation, to a person licensed to practice the same profession in the jurisdiction or jurisdictions in which the person practices, or to a licensed person, within 90 days following the date of disqualification, or within six months following the date of death of such shareholder, as the case may be, then the certificate of registration of such corporation may be suspended or revoked by the governmental agency regulating the profession in which such corporation is engaged. In the event of such suspension or revocation such corporation shall cease forthwith to render professional services in this state.

SEC. 7. Section 13408 of the Corporations Code is amended to read:

13408. The following shall be grounds for the suspension or revocation of the certificate of registration of a professional corporation or a foreign professional corporation qualified to render professional services in this state: (a) if all shareholders who are licensed persons of such corporation shall at any one time become

disqualified persons, or (b) if the sole shareholder shall become a disqualified person, or (c) if such corporation shall knowingly employ or retain in its employment a disqualified person, or (d) if such corporation shall violate any applicable rule or regulation adopted by the governmental agency regulating the profession in which such corporation is engaged, or (e) if such corporation shall violate any statute applicable to a professional corporation or to a foreign professional corporation, or (f) any ground for such suspension or revocation specified in the Business and Professions Code relating to the profession in which such corporation is engaged. In the event of such suspension or revocation of its certificate of registration such corporation shall cease forthwith to render professional services in this state.

SEC. 8. Section 13409 of the Corporations Code is amended to read:

13409. (a) A professional corporation may adopt any name permitted by a law expressly applicable to the profession in which such corporation is engaged or by a rule or regulation of the governmental agency regulating such profession. The provisions of subdivision (b) of Section 201 shall not apply to the name of a professional corporation if such name shall contain and be restricted to the name or the last name of one or more of the present, prospective, or former shareholders or of persons who were associated with a predecessor person, partnership or other organization or whose name or names appeared in the name of such predecessor organization, and the Secretary of State shall have no authority by reason of subdivision (b) of Section 201 to refuse to file articles of incorporation which set forth such a name; provided, however, that such name shall not be substantially the same as the name of a domestic corporation, the name of a foreign corporation qualified to render professional services in this state which is authorized to transact business in this state, or a name which is under reservation for another corporation. The Secretary of State may require proof by affidavit or otherwise establishing that the name of the professional corporation complies with the requirements of this section and of the law governing the profession in which such professional corporation is engaged. The statements of fact in such affidavits may be accepted by the Secretary of State as sufficient proof of the facts.

(b) A foreign professional corporation qualified to render professional services in this state may transact intrastate business in this state by any name permitted by a law expressly applicable to the profession in which the corporation is engaged, or by a rule or regulation of the governmental agency regulating the rendering of professional services in this state by the corporation. The provisions of subdivision (b) of Section 201 shall not apply to the name of a foreign professional corporation if the name contains and is restricted to the name or the last name of one or more of the present, prospective, or former shareholders or of persons who were

associated with a predecessor person, partnership, or other organization, or whose name or names appeared in the name of the predecessor organization, and the Secretary of State shall have no authority by reason of subdivision (b) of Section 201 to refuse to issue a certificate of qualification to a foreign professional corporation that sets forth that name in its statement and designation; provided, however, that such a name shall not be substantially the same as the name of a domestic corporation, the name of a foreign corporation qualified to render professional services in the state, or a name that is under reservation for another corporation. The Secretary of State may require proof by affidavit or otherwise establishing that the name of the foreign professional corporation qualified to render professional services in this state complies with the requirements of this section and of the law governing the profession in which the foreign professional corporation qualified to render professional services in this state proposes to engage in this state. The statements of fact in such affidavits may be accepted by the Secretary of State as sufficient proof of the facts.

SEC. 10. Section 13410 of the Corporations Code is amended to read:

13410. (a) A professional corporation or a foreign professional corporation qualified to render professional services in this state shall be subject to the applicable rules and regulations adopted by, and all the disciplinary provisions of the Business and Professions Code expressly governing the practice of the profession in this state, and to the powers of, the governmental agency regulating the profession in which such corporation is engaged. Nothing in this part shall affect or impair the disciplinary powers of any such governmental agency over licensed persons or any law, rule or regulation pertaining to the standards for professional conduct of licensed persons or to the professional relationship between any licensed person furnishing professional services and the person receiving such services.

(b) With respect to any foreign professional corporation qualified to render professional services in this state, each such governmental agency shall adopt rules, regulations, and orders as appropriate to restrict or prohibit any disqualified person from doing any of the following:

(1) Being a shareholder, director, officer, or employee of the corporation.

(2) Rendering services in any profession in which he or she is a disqualified person.

(3) Participating in the management of the corporation.

(4) Sharing in the income of the corporation.

SEC. 11. Section 1.75 of this bill incorporates amendments to Section 6161 of the Business and Professions Code proposed by both this bill and SB 312. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 6161 of the Business and Professions Code, and (3) this bill is enacted after SB 312, in which case Section 1.7 of

this bill shall not become operative.

SEC. 12. Section 1.9 of this bill incorporates amendments to Section 6165 of the Business and Professions Code proposed by both this bill and SB 312. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 6165 of the Business and Professions Code, and (3) this bill is enacted after SB 312, in which case Section 1.8 of this bill shall not become operative.

SEC. 13. Section 2.5 of this bill incorporates amendments to Section 13401 of the Corporations Code proposed by both this bill and SB 312. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 13401 of the Corporations Code, and (3) this bill is enacted after SB 312, in which case Section 2 of this bill shall not become operative.

SEC. 14. Section 5.5 of this bill incorporates amendments to Section 13406 of the Corporations Code proposed by both this bill and SB 312. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 13406 of the Corporations Code, and (3) this bill is enacted after SB 312, in which case Section 5 of this bill shall not become operative.

CHAPTER 911

An act to add Section 24200.3 to the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 24200.3 is added to the Education Code, to read:

24200.3. (a) Any service retirant who retired under Option 2 or Option 3 with an effective date prior to January 1, 1991, may elect to change Option 2 to Option 6 or Option 3 to Option 7 under all of the following conditions:

(1) The election is made during the six-month period commencing July 1, 1994, and ending December 31, 1994.

(2) The same beneficiary under Option 2 or Option 3 is named as beneficiary under Option 6 or Option 7.

(3) The change in options is consistent with Sections 22401.6 and 24200.1.

(4) The option beneficiary is not afflicted with any known terminal illness and the service retirant shall state under penalty of perjury that to the best of his or her knowledge the option

beneficiary is not afflicted with any known terminal illness.

(5) The option beneficiary has not predeceased the retirant as of the effective date of the change in options.

(b) The change in options shall be effective on the date the election is signed, provided that the election is received in the office of the system in Sacramento within 30 days after the date of the signature.

(c) If an election to change options is made pursuant to this section, the modified allowance shall be reduced in a manner determined by the board to ensure that no additional liability shall be incurred by the system pursuant to this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 912

An act to amend Sections 25205.12 and 25205.14 of, and to add Section 25144.6 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25144.6 is added to the Health and Safety Code, to read:

25144.6. (a) As used in this section, "reusable soiled textile materials" means textile items, including, but not limited to, shop towels, uniforms, gloves, and linens and towels which may become soiled with hazardous waste during commercial or industrial use, and are made reusable by laundering or comparable methods of cleaning.

(b) Reusable soiled textile materials which meet all of the following requirements are exempt from Section 25205.5 and from Article 6 (commencing with Section 25160) and Article 6.5 (commencing with Section 25167.1):

(1) The materials or the management of the materials are not otherwise regulated by the Environmental Protection Agency pursuant to the federal act.

(2) The materials are not used to clean up or control a spill or release that is required to be reported to any state or federal agency.

(3) No hazardous waste has been added after the materials' original use.

(4) No free liquids, as defined by Section 66260.10 of Title 22 of the California Code of Regulations, are released during transportation or storage of the materials.

(5) The facility laundering or cleaning the materials maintains records of the date, type, and quantities by piecework or weight of the materials collected and laundered.

(6) The facility laundering or cleaning the materials prepares a contingency plan which specifies procedures for handling both onsite and offsite emergencies involving the materials, and employees are trained in its execution.

(c) Notwithstanding Sections 25201 and 25245, a facility laundering or using comparable methods of cleaning reusable soiled textile materials and performing the pretreatment necessary to remove metals and organics from the wastewater resulting from the wash process is not required to obtain a hazardous waste facilities permit or other grant of authorization, and is exempt from the requirements of Article 12 (commencing with Section 25245), if the facility meets all of the following requirements:

(1) Management procedures are in place to ensure that the reusable soiled textile materials are managed in accordance with all the requirements specified in subdivision (b).

(2) The waste wash water conveyances and containers are constructed of materials to ensure that they are impervious under the conditions of use, and are visually inspected at least twice a year to ensure that waste wash water is not leaking to the underlying soil. A facility which is in compliance with this paragraph is not subject to the requirements of Section 66264.193 of Title 22 of the California Code of Regulation.

(3) The sludge collected from the washing process is managed in accordance with this chapter.

(4) The facility has a training program in place that ensures that the facility personnel are able to safely and properly handle and clean the reusable soiled textile materials and to respond effectively to emergencies by familiarizing them with emergency procedures, equipment, and systems.

(5) The facility is in compliance with the requirements of paragraphs (1) to (6), inclusive, and paragraphs (8) and (10), of subdivision (d) of Section 25201.5.

(6) The facility submits a notification to the department in accordance with paragraph (7) of subdivision (d) of Section 25201.5 on or before April 1, 1994, submits the fee required pursuant to subdivision (b) of Section 25205.14 for the 1994 reporting period on that date, and pays the fee required by that section for subsequent reporting periods of operation when billed by the department or the Board of Equalization.

SEC. 2. Section 25205.12 of the Health and Safety Code is amended to read:

25205.12. (a) The operator of a hazardous waste facility authorized by the department to operate pursuant to a permit-by-rule, under a grant of conditional authorization pursuant to Section 25200.3, or pursuant to subdivision (a) or (c) of Section 25201.5, or exempted pursuant to Section 25144.6 is exempt from the facility fee specified in Section 25205.2 for any activities authorized by the permit-by-rule, under a grant of conditional authorization pursuant to Section 25200.3, or exempted pursuant to subdivision (a) or (c) of Section 25201.5, or exempted pursuant to Section 25144.6 at that facility for any year or reporting period during which the facility is operating.

(b) The retroactive portion of the facility fee exemption provided by subdivision (a) does not apply to any facility which was authorized by the department to operate on or before June 1, 1991, for any fees paid or billed prior to January 1, 1993.

(c) The operator of a hazardous waste facility eligible to operate pursuant to a standardized permit, as specified in Section 25201.6, is exempt from the facility fee specified in Sections 25205.2 and 25205.4 for any year or reporting period prior to January 1, 1993, during which the facility operated, if the hazardous waste treatment or storage activity was conducted prior to January 1, 1993, the owner or operator was in compliance with the notification and application requirements of Section 25201.6, and one of the following circumstances applies:

(1) The owner or operator was not authorized by the department before July 1, 1993, to conduct the eligible treatment or storage activity.

(2) The owner or operator did not pay a hazardous waste facility fee, as specified in Section 25205.2, for any year or reporting period prior to July 1, 1993, for the facility that is the subject of the standardized permit.

SEC. 3. Section 25205.14 of the Health and Safety Code is amended to read:

25205.14. (a) The owner or operator of a facility or transportable treatment unit operating pursuant to a permit-by-rule shall pay a fee to the board per facility or transportable treatment unit for each reporting period, or portion thereof. The fee for the 1993 reporting period shall be one thousand one hundred forty dollars ($1,140) . Thereafter, the fees shall be adjusted annually by the board to reflect increases and decreases in the cost of living, as measured by the United States Department of Labor or a successor agency. The owner or operator of a facility or transportable treatment unit operating pursuant to a permit-by-rule shall also pay a fee in the amount of 50 percent of the fee specified in this subdivision for each modification of the notification required by subdivision (f) of Section 25200.3. The reporting period shall begin January 1 of each calendar year. On or before January 31 of each calendar year, the department

shall notify the board of all known owners or operators operating pursuant to a permit-by-rule. The department shall also notify the board of any owner or operator authorized to operate under conditional authorization or pursuant to a permit-by-rule within 60 days after being authorized.

(b) A generator operating under a grant of conditional authorization pursuant to Section 25200.3 shall pay a fee to the board per facility for each reporting period, or portion thereof. The fee for the 1993 reporting period shall be one thousand one hundred forty dollars ($1,140). Thereafter, the fees shall be adjusted annually by the board to reflect increases and decreases in the cost of living, as measured by the United States Department of Labor or a successor agency. A generator shall also pay a fee in the amount of 50 percent of the fee specified in the subdivision for each modification of the notification required by Sections 67450.2 and 67450.3 of Title 22 of the California Code of Regulations, as those sections read on January 1, 1993. The reporting period shall begin January 1 of each calendar year. On or before January 31 of each calendar year, the department shall notify the board of all known generators operating pursuant to a grant of conditional authorization under Section 25200.3. The department shall also notify the board of any generator authorized to operate under conditional authorization within 60 days of the receipt of notification.

(c) A generator performing treatment conditionally exempted pursuant to Section 25144.6 or subdivision (a) or (c) of Section 25201.5 shall pay one hundred dollars ($100) to the board per facility for the operating period, or portion thereof, and fifty ($50) every reporting period thereafter. The reporting period shall begin January 1 of each calendar year. On or before January 31 of each calendar year, the department shall notify the board of all known facilities performing treatment conditionally exempted by subdivision (a) or (c) of Section 25201.5. The department shall also notify the board of any generator who notifies the department that the generator is conducting a conditionally exempt treatment operation within 60 days of the receipt of the notification.

(d) The fees imposed pursuant to this section shall be paid in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(e) Notwithstanding subdivisions (a), (b), and (c), the fees for the 1993 reporting period for facilities operating permit-by-rule fixed treatment units or for generators conditionally authorized to operate pursuant to Section 25200.3 or performing treatment conditionally exempted pursuant to Section 25201.5 shall be remitted to the department at the time the notifications required by Sections 25200.3, 25201.5, and 25202.13 are submitted to the department.

SEC. 4. If Senate Bill 922 of the 1993–94 Regular Session of the Legislature is enacted and takes effect on or before January 1, 1994, and amends Section 25205.12 of the Health and Safety Code, that section of that bill shall prevail over Section 2 of this act, whether that

act is enacted prior to, or subsequent to, this act.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 913

An act to amend Sections 25158, 25163, 25174.7, 25200.10, 25201, 25205.1, and 25205.7 of, to repeal Section 25158.1 of, and to repeal and add Article 10.8 (commencing with Section 25218) of Chapter 6.5 of Division 20 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25158 of the Health and Safety Code is amended to read:

25158. (a) Except as provided in subdivision (f), any person generating hazardous waste, or owning or operating a facility for the treatment, storage, or disposal of hazardous waste, shall file with the director, or the director's designee, on a form provided by the director, or the director's designee, a hazardous waste notification statement. An amended statement shall be filed with the department whenever there has been a substantial change in the information provided on the previously filed notification statement. A person shall not generate, treat, store, or dispose of hazardous waste, unless the person files a notification statement with the director pursuant to this section, unless exempted pursuant to subdivision (f).

(b) A hazardous waste notification statement shall include all of the following information:

(1) The name and address of the person owning the facility or conducting the activity specified in subdivision (a).

(2) The address and location of the activity or facility, including the city and county.

(3) The name and 24-hour telephone number of the contact person in the event of an emergency involving the facility or activity.

(4) The quantities of hazardous waste annually handled pursuant

to the activity or at the facility.

(5) A description of the hazardous waste activity being conducted, such as generation, treatment, storage, or disposal.

(6) A general description of the hazardous waste being handled.

(c) The department shall prepare and distribute the hazardous waste notification statement forms. The form shall include a statement which clearly states who is required to file the form. The form shall also include a statement that the form is not a substitute for the federal notification required by the Environmental Protection Agency pursuant to subsection (a) of Section 6930 of Title 42 of the United States Code.

(d) Any person who is required to submit a hazardous waste notification statement to the director pursuant to subdivision (a) and who fails to do so is subject to a civil penalty of not less than fifty dollars ($50) and not more than five hundred dollars ($500) for each day for which the department does not receive a statement. Any person who knowingly submits false information to the department is subject to a civil penalty of not less than two thousand dollars ($2,000) and not more than twenty thousand dollars ($20,000) for each day that the false information goes uncorrected.

(e) The director shall compile and organize the statements by the city and county within which each activity and facility are located, and shall transmit the compiled statements to the appropriate regional offices, the California regional water quality control boards, and county health officers.

(f) Subdivision (a) does not apply to any of the following:

(1) A person who has filed notification with the Administrator of the Environmental Protection Agency pursuant to subsection (a) of Section 6930 of Title 42 of the United States Code.

(2) A person who only produces household hazardous waste, as defined in subdivision (d) of Section 25218.1.

(3) Any person who owns property on which a cleanup of, or other removal of, or remedial action to, a hazardous waste site is taking place, or who is engaged in any of those activities on a hazardous waste site.

SEC. 2. Section 25158.1 of the Health and Safety Code is repealed.

SEC. 3. Section 25163 of the Health and Safety Code, as amended by Section 1 of Chapter 1346 of the Statutes of 1992, is amended to read:

25163. (a) (1) Except as otherwise provided in subdivisions (b), (c), (f), and (g), it is unlawful for any person to carry on, or engage in, the transportation of hazardous wastes, unless the person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a transporter who does not hold a valid registration issued by the department. A person who holds a valid registration issued by the department pursuant to this section is a registered hazardous waste transporter, for purposes of this chapter. Any registration issued by the department to a transporter of hazardous waste is not

transferable from the person to whom it was issued to any other person.

(2) Any person who transports hazardous waste in a vehicle shall have a valid registration issued by the department in his or her possession while transporting the hazardous waste. The registration certificate shall be shown upon demand to any representative of the department, officer of the Department of the California Highway Patrol, any local health officer, or any public officer designated by the department. Any person registered pursuant to this section may obtain additional copies of the registration from the department upon the payment of a fee of two dollars ($2) for each copy requested, in accordance with Section 12196 of the Government Code.

(3) Commencing January 1, 1986, the hazardous waste information required and collected for registration pursuant to this subdivision shall be recorded and maintained in the management information system operated by the Department of the California Highway Patrol.

(b) Persons transporting only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or the health officer's authorized representative pursuant to Chapter 6 (commencing with Section 25000) are exempt from the requirements of subdivision (a).

(c) Persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the requirements of subdivisions (a) and (e) and from the requirements of Section 25160 concerning possession of the manifest while transporting hazardous waste, upon meeting all of the following conditions:

(1) The hazardous wastes are transported in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the transporting.

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste or acutely hazardous waste, the extremely hazardous waste or acutely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces not more than 100 kilograms of hazardous waste in any month.

(5) The person transporting the hazardous waste does not accumulate more than a total of 1,000 kilograms of hazardous waste onsite at any one time.

(d) Any person registered as a hazardous waste transporter

pursuant to subdivision (a) is not subject to the registration requirements of Chapter 6 (commencing with Section 25000), but shall comply with those terms, conditions, orders, and directions that the health officer or the health officer's authorized representative may determine to be necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city or county in which the registered hazardous waste transporter will be conducting the activities described in Section 25001.

(e) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the Department of the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to United States Department of Transportation regulations, which has not been inspected by the Department of the California Highway Patrol, or in a rolloff bin which has not been inspected, certified, and maintained in compliance with subdivisions (b) and (c) of Section 25169.1.

(f) Any person authorized to collect solid waste, as defined in Section 40191 of the Public Resources Code, who unknowingly transports hazardous waste to a solid waste facility, as defined in Section 40194 of the Public Resources Code, incidental to the collection of solid waste is not subject to subdivisions (a) and (e).

(g) Any person transporting household hazardous waste or a conditionally exempt small quantity generator transporting hazardous waste to an authorized household hazardous waste collection facility pursuant to Section 25218.5 is exempt from subdivisions (a) and (e) and from paragraph (1) of subdivision (d) of Section 25160 requiring possession of the manifest while transporting hazardous waste.

(h) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

SEC. 4. Section 25163 of the Health and Safety Code, as amended by Section 2 of Chapter 1346 of the Statutes of 1992, is amended to read:

25163. (a) (1) Except as otherwise provided in subdivisions (b), (c), (f), and (g), it is unlawful for any person to carry on, or engage in, the transportation of hazardous wastes, unless the person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a transporter who does not hold a valid registration issued by the department. A person who holds a valid registration issued by the department pursuant to this section is a registered hazardous waste transporter, for purposes of this chapter. Any registration issued by the department to a transporter of hazardous waste is not

transferable from the person to whom it was issued to any other person.

(2) Any person who transports hazardous waste in a vehicle shall have a valid registration issued by the department in his or her possession while transporting the hazardous waste. The registration certificate shall be shown upon demand to any representative of the department, officer of the Department of the California Highway Patrol, any local health officer, or any public officer designated by the department. Any person registered pursuant to this section may obtain additional copies of the registration from the department upon the payment of a fee of two dollars ($2) for each copy requested, in accordance with Section 12196 of the Government Code.

(3) The hazardous waste information required and collected for registration pursuant to this subdivision shall be recorded and maintained in the management information system operated by the Department of the California Highway Patrol.

(b) Persons transporting only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or the health officer's authorized representative pursuant to Chapter 6 (commencing with Section 25000) are exempt from the requirements of subdivision (a).

(c) Persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the requirements of subdivisions (a) and (e) and from the requirements of Section 25160 concerning possession of the manifest while transporting hazardous waste, upon meeting all of the following conditions:

(1) The hazardous wastes are transported in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the transporting.

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste or acutely hazardous waste, the extremely hazardous waste or acutely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces not more than 100 kilograms of hazardous waste in any month.

(5) The person transporting the hazardous waste does not accumulate more than a total of 1,000 kilograms of hazardous waste onsite at any one time.

(d) Any person registered as a hazardous waste transporter pursuant to subdivision (a) is not subject to the registration

requirements of Chapter 6 (commencing with Section 25000), but shall comply with those terms, conditions, orders, and directions that the health officer or the health officer's authorized representative may determine to be necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city or county in which the registered hazardous waste transporter will be conducting the activities described in Section 25001.

(e) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the Department of the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to United States Department of Transportation regulations, which has not been inspected by the Department of the California Highway Patrol.

(f) Any person authorized to collect solid waste, as defined in Section 40191 of the Public Resources Code, who unknowingly transports hazardous waste to a solid waste facility, as defined in Section 40194 of the Public Resources Code, incidental to the collection of solid waste is not subject to subdivisions (a) and (e).

(g) Any person transporting household hazardous waste or a conditionally exempt small quantity generator transporting hazardous waste to an authorized household hazardous waste collection facility pursuant to Section 25218.5 is exempt from subdivisions (a) and (e) and from paragraph (1) of subdivision (d) of Section 25160 requiring possession of the manifest while transporting hazardous waste.

(h) This section shall become operative January 1, 1995.

SEC. 5. Section 25174.7 of the Health and Safety Code is amended to read:

25174.7. (a) The fees provided for in Sections 25174.1 and 25205.5 do not apply to any of the following:

(1) Hazardous wastes which result when a state or local agency, or its contractor, removes or remedies a release of hazardous waste caused by another person.

(2) Hazardous wastes generated or disposed of by a public agency or person operating a household hazardous waste collection facility pursuant to Article 10.8 (commencing with Section 25218), including, but not limited to, hazardous waste received from conditionally exempt small quantity commercial generators, authorized pursuant to Section 25218.3.

(3) Hazardous wastes generated or disposed of by local vector control agencies which have entered into a cooperative agreement pursuant to Section 2426 or by county agricultural commissioners, if the hazardous wastes result from their control or regulatory activities and if they comply with the requirements of this chapter and

regulations adopted pursuant thereto.

(4) Hazardous waste disposed of, or submitted for disposal or treatment, by any person, which is discovered and separated from solid waste as part of a load checking program.

(b) (1) If the original release did not result from willful misconduct by the responsible person, any person who has assumed responsibility for conducting a removal or remedial action at a hazardous substance release site in compliance with the time schedule set forth in the remedial action plan issued pursuant to Section 25356.1 shall be subject to a rate, as follows, with respect to the fee provided for in Section 25174.1 for the disposal of hazardous waste generated in the course of the removal or remedial action:

(A) From October 1, 1990, to June 30, 1991, 45 percent of the amount that would otherwise be due in the absence of the exemption provided by this subdivision.

(B) From July 1, 1991, to June 30, 1992, 55 percent of the amount that would otherwise be due in the absence of the exemption provided by this subdivision.

(2) For purposes of paragraph (1), a responsible person shall not be deemed out of compliance with the time schedule set forth in the remedial action plan unless a final determination of noncompliance with that time schedule has been made in accordance with paragraph (2) of subdivision (a) of Section 25355.5.

(3) The term "remedial action plan" as used in this subdivision does not include an imminent and substantial endangerment order issued as an exception to the remedial action plan requirements pursuant to paragraph (1) of subdivision (g) of Section 25356.1.

(c) Notwithstanding paragraph (1) of subdivision (a), any person responsible for a release of hazardous waste, which has been removed or remedied by a state or local agency, or its contractor, shall pay the fee pursuant to Section 25174.1.

(d) Any person who acquires land for the sole purpose of owner-occupied single-family residential use, and who acquires that land without actual or constructive notice or knowledge that there is a tank containing hazardous waste on or under that property, is exempt from the fees imposed pursuant to Sections 25174.1, 25205.5, and 25345, in connection with the removal of the tank.

SEC. 6. Section 25200.10 of the Health and Safety Code is amended to read:

25200.10. (a) Except as provided in subdivisions (d) and (e), the department shall require, and any permit issued by the department shall require, corrective action for all releases of hazardous waste or constituents from a solid waste management unit or a hazardous waste management unit at a facility engaged in hazardous waste management, regardless of the time at which waste was released at the facility. Any corrective action required pursuant to this section shall require that corrective action be taken beyond the facility boundary where necessary to protect human health or the environment, unless the owner or operator demonstrates to the

satisfaction of the department that despite the owner's or operator's best efforts, the owner or operator is unable to obtain the necessary permission to undertake this action. When corrective action cannot be completed prior to issuance of the permit, the permit shall contain schedules of compliance for corrective action and assurances of financial responsibility for completing the corrective action.

(b) This section does not limit the department's authority to require corrective action pursuant to Section 25187.

(c) For purposes of this section, "facility" means the entire site that is under the control of the owner or operator seeking a hazardous waste facilities permit.

(d) This section does not apply to a permit issued to a public agency or person for the operation of a temporary household hazardous waste collection facility pursuant to Article 10.8 (commencing with Section 25218).

(e) The corrective action required by subdivision (a) does not apply to a generator who treats hazardous waste pursuant to subdivision (a) or (c) of Section 25201.5. This subdivision does not limit the department's authority or the authority of a local health officer authorized pursuant to Section 25187.7 to order corrective action pursuant to Section 25187.

SEC. 7. Section 25201 of the Health and Safety Code is amended to read:

25201. (a) Except as provided in subdivision (c) and Section 25201.5, no owner or operator of a storage facility, treatment facility, transfer facility, resource recovery facility, or disposal site shall accept, treat, store, or dispose of a hazardous waste at the facility, area, or site, unless the owner or operator holds a hazardous waste facilities permit or other grant of authorization from the department to use and operate the facility, area, or site.

(b) Except as necessary to comply with Section 25159.18, any person planning to construct a new hazardous waste facility or a new hazardous waste management unit, which would manage RCRA hazardous waste, shall obtain a hazardous waste facilities permit or a permit amendment from the department prior to commencing construction.

(c) A hazardous waste facilities permit is not required for a recycle-only household hazardous waste collection facility operated in accordance with subdivision (b) of Section 25218.8.

SEC. 8. Section 25201 of the Health and Safety Code is amended to read:

25201. (a) Except as provided in subdivisions (c) and (d) and in Section 25201.5, no owner or operator of a storage facility, treatment facility, transfer facility, resource recovery facility, or disposal site shall accept, treat, store, or dispose of a hazardous waste at the facility, area, or site, unless the owner or operator holds a hazardous waste facilities permit or other grant of authorization from the department to use and operate the facility, area, or site.

(b) Except as necessary to comply with Section 25159.18, any

person planning to construct a new hazardous waste facility or a new hazardous waste management unit, which would manage RCRA hazardous waste, shall obtain a hazardous waste facilities permit or a permit amendment from the department prior to commencing construction.

(c) A hazardous waste facilities permit is not required for a recycle-only household hazardous waste collection facility operated in accordance with subdivision (b) of Section 25218.8.

(d) A hazardous waste facilities permit is not required for a facility that meets the requirements of Section 13263.2 of the Water Code.

SEC. 9. Section 25205.1 of the Health and Safety Code is amended to read:

25205.1. For purposes of this article the following definitions apply:

(a) "Board" means the State Board of Equalization.

(b) "Facility" means any units or other structures, and all contiguous land, used for the treatment, transfer, storage, resource recovery, disposal, or recycling of hazardous waste, which has been issued or deemed to hold a permit or a grant of interim status by the department pursuant to Article 9 (commencing with Section 25200) or which is operated in such a manner that the facility is required to obtain a permit or grant of interim status. "Facility" does not include any of the following:

(1) Any household hazardous waste collection facility operated pursuant to Article 10.8 (commencing with Section 25218).

(2) Any facility operated by a local government agency, or by any person operating a hazardous waste collection program under an agreement with a public agency, which is used for wastes which meet the requirements of paragraph (3) of subdivision (a) of Section 25174.7.

(3) That portion of a solid waste management facility permitted pursuant to Chapter 3 (commencing with Section 44001) of Part 4 of Division 30 of the Public Resources Code, which is used for the segregation, handling, and storage of hazardous waste separated from solid waste loads received by the facility, pursuant to a load checking program.

(4) A facility used solely for the treatment, transfer, storage, resource recovery, disposal, or recycling of hazardous waste which results when a government agency, or its contractor, investigates, removes, or remedies a release of hazardous waste caused by another person.

(5) (A) For purposes of fees assessed in any reporting period beginning July 1, 1990, or subsequently, a facility which has been issued a permit for the purpose of storing hazardous waste onsite, and whose permit has expired, if all of the following has occurred:

(i) The facility has received no waste from offsite since the permit expired.

(ii) The owner or operator gave the department timely notification of intent to close the facility, pursuant to regulations

adopted by the department.

(iii) At least 90 days have elapsed since the owner or operator gave the department that notification.

(iv) The department did not complete its review of the closure plan within 90 days of receiving the notification.

(B) This exclusion shall take effect the reporting period following the reporting period in which the facility first satisfied the requirements of subparagraph (A) and did not accumulate waste onsite for more than 90 consecutive days.

(c) "Large storage facility" means a storage facility which stores 1,000 or more tons of hazardous waste during any one month of the current reporting period commencing on or after July 1, 1991.

(d) "Large treatment facility" means a treatment facility which treats or recycles 1,000 or more tons of hazardous waste during any one month of the current reporting period commencing on or after July 1, 1991.

(e) "Generator" means a person who generates volumes of hazardous waste on or after July 1, 1988, in those amounts specified in subdivision (b) of Section 25205.5 at an individual site commencing on or after July 1, 1988.

(f) "Ministorage facility" means a storage facility which stores 0.5 tons (1,000 pounds) or less of hazardous waste during any one month of the current reporting period commencing on or after July 1, 1991.

(g) "Minitreatment facility" means a treatment facility which treats or recycles 0.5 tons (1,000 pounds) or less of hazardous waste during any one month of the current reporting period commencing on or after July 1, 1991.

(h) "Site" means the location of an operation which generates hazardous wastes and which is noncontiguous to any other location of these operations owned by the generator.

(i) "Small storage facility" means a storage facility which stores more than 0.5 tons (1,000 pounds), but less than 1,000 tons, of hazardous waste during any one month of the current reporting period commencing on or after July 1, 1991.

(j) "Small treatment facility" means a treatment facility which treats or recycles more than 0.5 tons (1,000 pounds), but less than 1,000 tons, of hazardous waste during any month of the current reporting period commencing on or after July 1, 1991.

SEC. 10. Section 25205.7 of the Health and Safety Code is amended to read:

25205.7. (a) The board shall assess a fee for any application for a new hazardous waste facilities permit, a permit for a hazardous waste facility which would manage extremely hazardous waste, a variance, or a permit modification issued by the department pursuant to this chapter or the regulations adopted pursuant to this chapter. The board shall also assess a fee for any hazardous waste facility which intends to operate pursuant to a permit-by-rule governed by this chapter or the regulations adopted pursuant to this chapter. The fee shall be nonrefundable, even if the application is withdrawn or the

permit, variance, or certification is denied. The department shall provide the board with any information which is necessary to assess fees pursuant to this section. The fee shall be collected in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, and deposited into the Hazardous Waste Control Account. A hazardous waste facility which is assessed a fee pursuant to more than one of subdivisions (c) to (h), inclusive, shall pay only the higher fee.

(b) The amounts stated in this section shall be base rates for the 1989–90 fiscal year. Thereafter the fees shall be adjusted annually to reflect increases or decreases in the cost of living, as measured by the Consumer Price Index for the United States, as reported by the Department of Labor or a successor agency of the United States government. The fee shall be assessed upon application or notification to the department.

(c) A person submitting a hazardous waste facilities permit application for a land disposal facility shall pay eighty-three thousand dollars ($83,000) for a small facility, one hundred seventy-seven thousand dollars ($177,000) for a medium facility, and three hundred four thousand dollars ($304,000) for a large facility.

(d) A person submitting a hazardous waste facilities permit application for any incinerator shall pay fifty thousand dollars ($50,000) for a small facility, one hundred six thousand dollars ($106,000) for a medium facility, and one hundred eighty-two thousand dollars ($182,000) for a large facility.

(e) A person submitting a hazardous waste facilities permit application for a storage facility, a treatment facility, or a storage and treatment facility shall pay seventeen thousand dollars ($17,000) for a small facility, thirty-one thousand dollars ($31,000) for a medium facility, and sixty thousand dollars ($60,000) for a large facility.

(f) A person submitting a hazardous waste facilities permit application for a transportable treatment unit shall pay thirteen thousand dollars ($13,000) for a small unit, thirty thousand dollars ($30,000) for a medium unit, and sixty thousand dollars ($60,000) for a large unit.

(g) (1) A person submitting a request for a variance shall pay three thousand dollars ($3,000) for a variance from any hazardous waste storage requirements imposed by this chapter, three hundred dollars ($300) for a variance issued pursuant to Section 25179.8, three hundred dollars ($300) for a variance to allow the use of a test method or analytical method which is an alternative to the methods prescribed by regulation for use in classifying a waste, eight hundred dollars ($800) for a variance from the requirements for hazardous waste haulers imposed by this chapter.

(A) A person submitting a request for a variance not otherwise listed in this paragraph shall pay eight thousand dollars ($8,000), unless the applicant is a small business and the department determines in its discretion that payment of this fee would cause financial or other unreasonable hardship to the applicant. If that

finding is made, the department may assess the applicant up to 50 percent of the standard fee. For the purposes of this subparagraph, "small business" means a business which is independently owned and operated, has 25 employees or less, and has a gross annual income which does not exceed two million dollars ($2,000,000).

(B) If the variance application requests a variance from more than one specific statute or regulation, a separate fee may be assessed for each statute or regulation from which the variance is requested.

(2) If the variance contains no significant changes from a variance previously issued to the same owner or operator, the fee shall be 25 percent of the amount otherwise provided for by this section. A change is a significant change if, had it been made to a permit, it would have been a class 2 or class 3 modification, as specified in subdivision (i).

(3) Any variance granted pursuant to Article 6.6 (commencing with Section 66565) of Chapter 30 of Division 4 of Title 22 of the California Code of Regulations is not subject to a fee under this section.

(h) A person applying for approval of an application to manage extremely hazardous waste shall pay two hundred dollars ($200), in addition to any other fee imposed by this section.

(i) (1) A person requesting a class 1 permit modification, as defined in the regulations, shall pay a fee of one thousand five hundred dollars ($1,500).

(2) A person requesting a class 2 permit modification, as defined in the regulations, shall pay a fee equal to 40 percent of the fee for a new hazardous waste facilities permit for that facility, except that person shall pay 30 percent of the fee for a new permit for a land disposal facility or an incinerator.

(3) A person requesting a class 3 permit modification, as defined in the regulations, shall pay a fee equal to 80 percent of the fee for a new hazardous waste facilities permit for that facility, except that person shall pay 60 percent of the fee for a new permit for a land disposal facility or an incinerator.

(j) (1) Permits for postclosure shall be required for hazardous waste facilities if hazardous wastes remain after closure which will not be subject to the requirements of any other hazardous waste facilities permit issued by the department at the time of postclosure permit approval.

(2) A person submitting a hazardous waste facilities permit application for a postclosure permit shall pay a fee of eight thousand dollars ($8,000) for a small facility, eighteen thousand dollars ($18,000) for a medium facility, and thirty thousand dollars ($30,000) for a large facility.

(3) For purposes of this subdivision and paragraph (8) of subdivision (c) of Section 25205.4, and notwithstanding subdivision (k), any facility or unit is "small" if 0.5 tons (1,000 pounds) or less of hazardous waste remain after closure, "medium" if more than 0.5 tons (1,000 pounds), but less than 1,000 tons of hazardous waste

remain after closure, and "large" if 1,000 or more tons of hazardous waste remain after closure.

(k) For purposes of this section, and notwithstanding Section 25205.1, any facility or unit is "small" if it manages 0.5 tons (1,000 pounds) or less of hazardous waste during any one month of the state's current fiscal year, "medium" if it manages more than 0.5 tons (1,000 pounds), but less than 1,000 tons, of hazardous waste during any one month of the state's current fiscal year, and "large" if it manages 1,000 or more tons of hazardous waste during any one month of the state's current fiscal year.

(*l*) The fees assessed pursuant to this section do not apply to any permit or variance to operate a research, development, and demonstration facility, if the duration of the permit or variance is not longer than one year, unless the permit or variance is renewed pursuant to the regulations adopted by the department. For purposes of this section, a "research, development, and demonstration facility" is a facility which proposes to utilize an innovative and experimental hazardous waste treatment technology or process for which regulations prescribing permit standards have not been adopted.

(m) (1) The fees assessed pursuant to this section do not apply to an extremely hazardous waste permit.

(2) The fees assessed pursuant to this section do not apply to any variance issued to a public agency to transport wastes for purposes of operating a household hazardous waste collection facility or from a household hazardous waste collection facility receiving household hazardous waste or hazardous waste from conditionally exempted small quantity generators pursuant to Article 10.8 (commencing with Section 25218).

(n) The fees assessed pursuant to subdivision (h) do not apply to any government agency for hazardous wastes which result when the government agency, or its contractor, investigates, removes, or remedies a release of hazardous waste caused by another person.

(o) In each instance when a government agency uses its extremely hazardous waste permit for emergency response activities, the government agency shall send a copy of the permit to the department.

SEC. 11. Article 10.8 (commencing with Section 25218) of Chapter 6.5 of Division 20 of the Health and Safety Code is repealed.

SEC. 12. Section 25205.7 of the Health and Safety Code is amended to read:

25205.7. (a) The board shall assess a fee for any application for a new hazardous waste facility permit, a permit for a hazardous waste facility which would manage extremely hazardous waste, a variance, or a permit modification issued by the department pursuant to this chapter or the regulations adopted pursuant to this chapter. The board shall also assess a fee for any hazardous waste facility which intends to operate pursuant to a permit-by-rule governed by this chapter or the regulations adopted pursuant to this chapter. The fee

shall be nonrefundable, even if the application is withdrawn or the permit, variance, or certification is denied. The department shall provide the board with any information which is necessary to assess fees pursuant to this section. The fee shall be collected in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, and deposited into the Hazardous Waste Control Account. A hazardous waste facility which is assessed a fee pursuant to more than one of subdivisions (c) to (h), inclusive, shall pay only the higher fee.

(b) The amounts stated in this section shall be base rates for the 1989–90 fiscal year. Thereafter the fees shall be adjusted annually to reflect increases or decreases in the cost of living, as measured by the Consumer Price Index for the United States, as reported by the Department of Labor or a successor agency of the United States government. The fee shall be assessed upon application or notification to the department.

(c) A person submitting a hazardous waste facility permit application for a land disposal facility shall pay eighty-three thousand dollars ($83,000) for a small facility, one hundred seventy-seven thousand dollars ($177,000) for a medium facility, and three hundred four thousand dollars ($304,000) for a large facility.

(d) A person submitting a hazardous waste facility permit application for any incinerator shall pay fifty thousand dollars ($50,000) for a small facility, one hundred six thousand dollars ($106,000) for a medium facility, and one hundred eighty-two thousand dollars ($182,000) for a large facility.

(e) (1) Except as provided in paragraphs (2) and (3), a person submitting a hazardous waste facility permit application for a storage facility, a treatment facility, or a storage and treatment facility shall pay seventeen thousand dollars ($17,000) for a small facility, thirty-one thousand dollars ($31,000) for a medium facility, and sixty thousand dollars ($60,000) for a large facility.

(2) A person submitting an application for a standardized permit for a storage facility, a treatment facility, or a storage and treatment facility, as specified in Section 25201.6, shall pay thirty thousand fifty-one dollars ($30,051) for a Series A standardized permit, eighteen thousand seven hundred sixty-two dollars ($18,762) for a Series B standardized permit, and five thousand dollars ($5,000) for a Series C standardized permit. The board shall assess these fees based upon the classifications adopted by the department pursuant to subdivision (e) of Section 25205.4.

(3) In addition to the fees specified in paragraph (2), the board shall assess a fee equal to the department's costs in reviewing and overseeing any corrective action program described in the application for a standardized permit pursuant to subparagraph (C) of paragraph (2) of subdivision (c) of Section 25201.6 and in reviewing and overseeing any corrective action work undertaken at the facility pursuant to that corrective action program.

(f) A person submitting a hazardous waste facilities permit

application for a transportable treatment unit shall pay thirteen thousand dollars ($13,000) for a small unit, thirty thousand dollars ($30,000) for a medium unit, and sixty thousand dollars ($60,000) for a large unit.

(g) (1) A person submitting a request for a variance shall pay three thousand dollars ($3,000) for a variance from any hazardous waste storage requirements imposed by this chapter, three hundred dollars ($300) for a variance issued pursuant to Section 25179.8, three hundred dollars ($300) for a variance to allow the use of a test method or analytical method which is an alternative to the methods prescribed by regulation for use in classifying a waste, eight hundred dollars ($800) for a variance from the requirements for hazardous waste haulers imposed by this chapter.

(A) A person submitting a request for a variance not otherwise listed in this paragraph shall pay eight thousand dollars ($8,000), unless the applicant is a small business and the department determines in its discretion that payment of this fee would cause financial or other unreasonable hardship to the applicant. If that finding is made, the department may assess the applicant up to 50 percent of the standard fee. For the purposes of this subparagraph, "small business" means a business which is independently owned and operated, has 25 employees or less, and has a gross annual income which does not exceed two million dollars ($2,000,000).

(B) If the variance application requests a variance from more than one specific statute or regulation, a separate fee may be assessed for each statute or regulation from which the variance is requested.

(2) If the variance contains no significant changes from a variance previously issued to the same owner or operator, the fee shall be 25 percent of the amount otherwise provided for by this section. A change is a significant change if, had it been made to a permit, it would have been a class 2 or class 3 modification, as specified in subdivision (i).

(3) Any variance granted pursuant to Article 6.6 (commencing with Section 66565) of Chapter 30 of Division 4 of Title 22 of the California Code of Regulations is not subject to a fee under this section.

(h) A person applying for approval of an application to manage extremely hazardous waste shall pay two hundred dollars ($200), in addition to any other fee imposed by this section.

(i) (1) A person requesting a class 1 permit modification, as defined in the regulations, shall pay a fee of one thousand five hundred dollars ($1,500), except a person requesting a class 1 permit modification to a standardized permit issued pursuant to Section 25201.6 shall pay a fee of seven hundred fifty dollars ($750).

(2) A person requesting a class 2 permit modification, as defined in the regulations, shall pay a fee equal to 40 percent of the fee for a new hazardous waste facilities permit for that facility, except that person shall pay 30 percent of the fee for a new permit for a land disposal facility or an incinerator and except that a person requesting

a class 2 permit modification to a standardized permit issued pursuant to Section 25201.6 shall pay a fee equal to 40 percent of the fee for a new standardized permit for that facility.

(3) A person requesting a class 3 permit modification, as defined in the regulations, shall pay a fee equal to 80 percent of the fee for a new hazardous waste facilities permit for that facility, except that person shall pay 60 percent of the fee for a new permit for a land disposal facility or an incinerator and except that a person requesting a class 2 permit modification, to a standardized permit issued pursuant to Section 25201.6 shall pay a fee equal to 80 percent of the fee for a new standardized permit for that facility.

(j) Permits for postclosure shall be required for hazardous waste facilities if hazardous wastes remain after closure which will not be subject to the requirements of any other hazardous waste facilities permit issued by the department at the time of postclosure permit approval.

(1) A person submitting a hazardous waste facilities permit application for a postclosure permit shall pay a fee of eight thousand dollars ($8,000) for a small facility, eighteen thousand dollars ($18,000) for a medium facility, and thirty thousand dollars ($30,000) for a large facility.

(2) For purposes of this subdivision and paragraph (8) of subdivision (c) of Section 25205.4, and notwithstanding subdivision (k), any facility or unit is "small" if 0.5 tons (1,000 pounds) or less of hazardous waste remain after closure, "medium" if more than 0.5 tons (1,000 pounds), but less than 1,000 tons of hazardous waste remain after closure, and "large" if 1,000 or more tons of hazardous waste remain after closure.

(k) For purposes of this section, and notwithstanding Section 25205.1, any facility or unit is "small" if it manages 0.5 tons (1,000 pounds) or less of hazardous waste during any one month of the state's current fiscal year, "medium" if it manages more than 0.5 tons (1,000 pounds), but less than 1,000 tons, of hazardous waste during any one month of the state's current fiscal year, and "large" if it manages 1,000 or more tons of hazardous waste during any one month of the state's current fiscal year.

(*l*) The fees assessed pursuant to this section do not apply to any permit or variance to operate a research, development, and demonstration facility, if the duration of the permit or variance is not longer than one year, unless the permit or variance is renewed pursuant to the regulations adopted by the department. For purposes of this section, a "research, development, and demonstration facility" is a facility which proposes to utilize an innovative and experimental hazardous waste treatment technology or process for which regulations prescribing permit standards have not been adopted.

(m) (1) The fees assessed pursuant to this section do not apply to an extremely hazardous waste permit.

(2) The fees assessed pursuant to this section do not apply to any

variance issued to a public agency to transport wastes for purposes of operating a household hazardous collection waste facility or to transport wastes from a household hazardous waste collection facility receiving hazardous waste from small quantity generators pursuant to Article 10.8 (commencing with Section 25218).

(3) A permanent household hazardous waste collection facility.

(n) The fees assessed pursuant to subdivision (h) do not apply to any government agency for hazardous wastes which result when the government agency, or its contractor, investigates, removes, or remedies a release of hazardous waste caused by another person.

(o) In each instance when a government agency uses its extremely hazardous waste permit for emergency response activities, the government agency shall send a copy of the permit to the department.

(p) Except as provided in paragraph (3) of subdivision (e), the department shall not assess any fees for the department's costs in reviewing and overseeing a corrective action taken in conjunction with a hazardous waste facilities permit application.

SEC. 13. Article 10.8 (commencing with Section 25218) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 10.8. Household Hazardous Waste and Small Quantity Generator Waste

25218. The Legislature hereby finds and declares all of the following:

(a) Residential households which generate household hazardous waste and very small businesses which generate small amounts of hazardous waste in the state need an appropriate and economic means of disposing of the hazardous waste they generate.

(b) Abandonment or illegal disposal of household hazardous waste and hazardous waste from small businesses and the continued disposal of those wastes into the solid waste stream is a threat to public health and safety and to the environment.

(c) It is the shared responsibility of citizens, commercial small quantity generators, disposal facility operators, hazardous waste processors, manufacturers, sellers, solid waste handlers, and state and local agencies to ensure the proper recycling and disposal of household hazardous waste and conditionally exempt small quantity generator waste.

25218.1. For purposes of this article, the following terms have the following meaning:

(a) "Conditionally exempt small quantity generator" or "CESQG" means a business concern which meets the criteria specified in Section 261.5 of Title 40 of the Code of Federal Regulations.

(b) "Curbside household hazardous waste collection program" means a service authorized by a public agency which collects recyclable household hazardous waste materials, including latex

paint, used oil, used oil filters, and small batteries, and which is operated in accordance with Section 25163.

(c) "Door-to-door household hazardous waste collection program" or "household hazardous waste residential pickup service" means a program operated by a public agency, or its contractor, that collects household hazardous waste from individual residences, and transports that waste in an inspected and certified hazardous waste transport vehicle to an authorized household hazardous waste collection facility.

(d) "Household" means a single detached residence or a single unit of a multiple residence unit and all appurtenant structures.

(e) "Household hazardous waste" means any hazardous waste generated incidental to owning or maintaining a place of residence. Household hazardous waste does not include any waste generated in the course of operating a business concern at a residence.

(f) "Household hazardous waste collection facility" means a facility operated by a public agency, or its contractor, for the purpose of collecting, handling, treating, storing, recycling, or disposing of household hazardous waste, and its operation may include accepting hazardous waste from conditionally exempt small quantity generators if that acceptance is authorized pursuant to Section 25218.3. Household hazardous waste collection facilities include permanent household hazardous waste collection facilities, as defined in subdivision (g), temporary household hazardous waste collection facilities, as defined in subdivision (k), recycle-only household hazardous waste collection facilities, as defined in subdivision (j), curbside household hazardous waste collection programs, as defined in subdivision (b), and mobile household hazardous waste collection facilities, as defined in subdivision (f).

(g) "Mobile household hazardous waste collection facility" means a portable structure within which a household hazardous waste collection facility is operated and which meets all of the following conditions:

(1) The facility is operated not more than four times in any one calendar year at the same location.

(2) The facility is operated not more than three consecutive weeks within a two-month period at the same location.

(3) Upon the termination of operations, all equipment, materials, and waste are removed from the site within 144 hours.

(h) "Permanent household hazardous waste collection facility" means a permanent or semipermanent structure at a fixed location which meets both of the following conditions:

(1) The facility is operated at the same location on a continuous, regular schedule.

(2) The hazardous waste stored at the facility is removed within one year after collection.

(i) "Public agency" means a state or federal agency, county, city, or district.

(j) "Recyclable household hazardous waste material" means those

materials for which proven and authorized recycling technology exists and is readily available, and includes only used oil, used oil filters, latex paint, antifreeze, used small batteries, and spent lead-acid batteries.

(k) "Recycle-only household hazardous waste collection facility" means a household hazardous waste collection facility which is operated in accordance with Section 25218.8 and accepts for recycling only recyclable household hazardous waste materials.

(*l*) "Temporary household hazardous waste collection facility" means a household hazardous waste collection facility which meets both of the following conditions:

(1) The facility is operated not more than once for a period of not more than two days in any one month at the same location.

(2) Upon termination of operations, all equipment, materials, and waste are removed from the site within 144 hours.

25218.2. Prior to commencing operations, a public agency, or its contractor, which intends to operate a household hazardous waste collection facility shall submit the following written information to the department:

(a) A certification that the household hazardous waste collection facility will be operated in accordance with this article and with any other requirement that may be imposed by the department by regulation.

(b) All of the following information:

(1) The facility's name.

(2) The facility's location.

(3) The facility's generator identification number.

(4) The date that the facility will begin operation.

(5) The facility's operating schedule. The public agency shall also subsequently notify the department of any significant change in the operating schedule.

25218.3. (a) The department may authorize any household hazardous waste collection facility to accept hazardous waste from conditionally exempt small quantity generators.

(b) A household hazardous waste collection facility which is authorized to accept hazardous waste from CESQGs pursuant to subdivision (a) shall not accept more than 100 kilograms of hazardous waste, or 1 kilogram of extremely hazardous waste, from any one CESQG in a calendar month.

(c) A public agency, or its contractor, that accepts hazardous waste from CESQGs pursuant to this section may charge the CESQGs a fee for the cost incurred in handling their hazardous waste.

(d) The department may adopt and revise regulations for household hazardous waste collection facilities, including those which are authorized to accept hazardous waste from CESQGs. The regulations shall provide for all of the following:

(1) Promoting the reduction, reclamation, and recycling of hazardous waste over other hazardous waste management

alternatives.

(2) Ensuring the safe transport of household hazardous waste and hazardous waste to authorized collection programs.

(3) Ensuring the compliance of participating CESQGs with the monthly quantity limitations specified in Section 261.5 of Title 40 of the Code of Federal Regulations.

25218.4. Any person who transports household hazardous waste, and any CESQG that transports hazardous waste to an authorized household hazardous waste collection facility, who meets the conditions of Section 25218.5, is exempt from subdivisions (a) and (c) of Section 25163 and from the requirement for possession of a manifest in paragraph (1) of subdivision (d) of Section 25160.

25218.5. (a) Hazardous waste transported to a household hazardous waste collection facility shall be transported by the individual or CESQG who generated the waste, a curbside household hazardous waste collection program, or by a door-to-door household hazardous waste collection program or household hazardous waste residential pickup service.

(b) An individual transporting household hazardous waste generated by that person and a CESQG transporting hazardous waste generated by the CESQG to a household hazardous waste collection facility shall meet all of the following conditions:

(1) The total amount of household hazardous waste or hazardous waste transported to a household hazardous waste collection facility by either the person or a CESQG shall not exceed a total liquid volume of five gallons or a total dry weight of 50 pounds. If the hazardous waste transported is both liquid and nonliquid, the total amount transported shall not exceed a combined weight of 50 pounds.

(2) The household hazardous waste and CESQG hazardous waste which is transported shall be in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during transport.

(3) Different household hazardous wastes or different CESQG hazardous wastes shall not be mixed within a container before or during transport.

(4) If the hazardous waste is an extremely hazardous waste or an acutely hazardous waste, the total amount transported by a CESQG shall not exceed 2.2 pounds.

(c) The total combined volume or weight of latex paint, used oil filters, antifreeze, and small batteries transported to a recycle-only household hazardous waste collection facility by any one individual shall not exceed a total volume of 10 gallons or a total dry weight of 100 pounds. Up to two spent lead-acid batteries and 20 gallons of used oil may be transported at the same time in the same vehicle if all of the following conditions are met:

(1) Not more than 20 gallons of used oil is transported at a time.

(2) The contents of any single container does not exceed five gallons.

(3) The volume of each individual container does not exceed five gallons.

(d) A curbside household hazardous waste collection program shall meet all of the following conditions:

(1) Not more than a total combined weight of 10 pounds of used oil filters and small batteries shall be collected from a single residence at one time.

(2) Not more than five gallons of used oil shall be collected from a single residence at one time, and the volume of each individual container collected shall not exceed five gallons.

(3) Not more than five gallons of latex paint shall be collected from a single residence at one time, and the volume of each individual container collected shall not exceed five gallons.

(4) Spent lead-acid batteries and antifreeze shall not be collected by curbside household hazardous waste collection programs.

(5) The transported household hazardous waste shall be in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during transport.

(6) Different household hazardous wastes shall not be mixed within a container before or during transport.

(e) A door-to-door household hazardous waste collection program or household hazardous waste residential pickup service shall meet all of the following conditions:

(1) The transported household hazardous waste shall be in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during transport.

(2) Different household hazardous wastes shall not be mixed within a container before or during transport.

(3) A door-to-door household hazardous waste collection program or household hazardous waste residential pickup service is exempt from the requirements of Section 25160 regarding the use of a manifest when transporting household hazardous waste collected from individual residences to an authorized hazardous waste collection facility. In lieu of a manifest, a receipt shall be issued for the household hazardous waste collected from an individual residence, and a copy of the receipt shall be retained by the public agency for a period of at least three years.

25218.6. The fees imposed by Article 7 (commencing with Section 25170) and Article 9.1 (commencing with Section 25205.1) do not apply to either of the following:

(a) Hazardous wastes generated or disposed of by a public agency, or its contractor, operating a household hazardous waste collection facility, including, but not limited to, hazardous waste received from CESQGs.

(b) A household hazardous waste collection facility operated in accordance with this article.

25218.7. The corrective action provisions of Section 25200.10 do not apply to a permit issued for the operation of a temporary household hazardous waste collection facility.

25218.8. (a) Except as provided in subdivision (b), a hazardous waste facilities permit shall be obtained for the operation of a household hazardous waste collection facility.

(b) A hazardous waste facilities permit is not required for the operation of a recycle-only household hazardous waste collection facility if all of the following conditions are met:

(1) The facility accepts only the following recyclable household hazardous waste materials for subsequent transport to an authorized recycling facility:

(A) Latex paint.

(B) Used oil.

(C) Used oil filters.

(D) Antifreeze.

(E) Spent lead-acid batteries.

(F) Nickel-cadium, alkaline, carbon-zinc, or other small batteries, if the facility is in compliance with Section 25216.1.

(2) No hazardous wastes or other materials are handled at the facility other than the materials specified in paragraph (1).

(3) The materials are transported to the collection facility by either of the following:

(A) The person who generated the material.

(B) The authorized curbside household hazardous waste collection program.

(4) The materials transported to the facility are transported in accordance with Section 25218.5.

(5) The materials collected are not stored at the facility for more than 180 days, except that less than one ton of spent lead-acid batteries may be stored at the facility for up to one year. More than one ton of spent lead-acid batteries shall not be stored at the facility for more than 180 days.

(6) The materials collected are managed in accordance with the hazardous waste labeling, containerization, emergency response, and personnel training requirements of this chapter.

(7) The facility is in compliance with Section 25218.2.

25218.9. On or before October 1 of each year, a public agency, or its contractor, operating a household hazardous waste collection facility shall submit to the department a copy of the completed California Intergrated Waste Management Board Form 303 that is required to be submitted to that board for the prior fiscal year pursuant to regulations adopted by that board.

25218.10. The department and the California Integrated Waste Management Board shall jointly develop and maintain a data base of all household hazardous waste collection events, facilities, and programs within the state. The department and the California Integrated Waste Management Board shall both maintain that information, as a cooperative effort, and shall make information from the data base available to the public upon request. However, the department and the California Integrated Waste Management Board shall implement this section only to the extent that funds are

appropriated therefor by the Legislature.

SEC. 14. Section 8 of this bill incorporates amendments to Section 25201 of the Health and Safety Code proposed by both this bill and SB 796. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 25201 of the Health and Safety Code, and (3) this bill is enacted after SB 796, in which case Section 7 of this bill shall not become operative.

SEC. 15. Section 12 of this bill incorporates amendments to Section 25205.7 of the Health and Safety Code proposed by both this bill and SB 27. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 25205.7 of the Health and Safety Code, and (3) this bill is enacted after SB 27, in which case Section 25205.7 of the Health and Safety Code, as amended by SB 27, shall remain operative only until the operative date of this bill, at which time Section 12 of this bill shall become operative, and Section 11 of this bill shall not become operative.

SEC. 16. If SB 922 of the 1993–94 Regular Session of the Legislature is enacted and becomes effective on or before January 1, 1994, and amends Sections 25174.7, 25205.1, and 25205.7 of the Health and Safety Code, the changes proposed by SB 922 to Sections 25174.7, 25205.1, and 25205.7 of the Health and Safety Code shall prevail over the changes made by this bill to those sections, regardless of whether this bill is chaptered before or after SB 922.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 914

An act to amend Section 25205.2 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25205.2 of the Health and Safety Code is amended to read:

25205.2. (a) Except as provided in subdivision (c), in addition to the fees specified in Section 25174.1, each operator of a facility shall pay a facility fee for each reporting period, or any portion thereof, to the board based on the size and type of the facility, as specified in Section 25205.4. On or before January 31 of each calendar year, the department shall notify the board of all known facility operators by facility type and size. The department shall also notify the board of any operator who has been issued a permit or grant of interim status within 30 days after a permit or grant of interim status is issued to the operator. The fee specified in this section does not apply to facilities operating pursuant to a permit-by-rule, as specified in Section 25205.12.

(b) The board shall deposit all fees collected pursuant to subdivision (a) in the Hazardous Waste Control Account in the General Fund. The fees so deposited may be expended by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (b) of Section 25174.

(c) Notwithstanding subdivision (a), a person who is issued a variance by the department from the requirement of obtaining a hazardous waste facilities permit or grant of interim status, or a person who is in a closure period approved by the department pursuant to Article 9 (commencing with Section 25200) and Article 12 (commencing with Section 25245), is not subject to the fee, for any reporting period following the reporting period in which the variance or closure was granted or approved by the department or in the reporting period following any reporting period in which the facility has completed all activities necessary for the department to approve the closure, including, but not limited to, the submittal of a certification that these activities are completed to the department.

(d) Notwithstanding any other provision of this article, the board shall not assess a facility fee pursuant to this section against a city, located in the County of Santa Cruz, that operates a municipal landfill and that has not received any hazardous waste on or after January 1, 1986, if the city did not receive a written annual notification from the department or the board, in accordance with the requirements specified in Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, that the fee would be due on or after January 1, 1986.

SEC. 2. Section 25205.2 of the Health and Safety Code is amended to read:

25205.2. (a) Except as provided in subdivision (c), in addition to the fees specified in Section 25174.1, each operator of a facility shall pay a facility fee for each reporting period, or any portion thereof, to the board based on the size and type of the facility, as specified in Section 25205.4. On or before January 31 of each calendar year, the department shall notify the board of all known facility operators by facility type and size. The department shall also notify the board of any operator who has been issued a permit or grant of interim status within 30 days from the date that the permit or grant of interim

status is issued to the operator. The fee specified in this section does not apply to facilities operating pursuant to a permit-by-rule, as specified in Section 25205.12.

(b) The board shall deposit all fees collected pursuant to subdivision (a) in the Hazardous Waste Control Account in the General Fund. The fees so deposited may be expended by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (b) of Section 25174.

(c) Notwithstanding subdivision (a), a person who is issued a variance by the department from the requirement of obtaining a hazardous waste facilities permit or grant of interim status, or a person who is in a closure period approved by the department pursuant to Article 9 (commencing with Section 25200) and Article 12 (commencing with Section 25245), is not subject to the fee, for any reporting period following the reporting period in which the variance or closure was granted or approved by the department or in the reporting period following any reporting period in which the facility has completed all activities that are necessary for the department to approve the closure, including, but not limited to, the submittal of a certification that these activities are completed to the department.

(d) Notwithstanding any other provision of this article, the board shall not assess a facility fee pursuant to this section against a city, located in the County of Santa Cruz, that operates a municipal landfill and that has not received any hazardous waste on or after January 1, 1986, if the city did not receive a written annual notification from the department or the board, in accordance with the requirements specified in Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, that the fee would be due on or after January 1, 1986.

(e) Notwithstanding subdivision (a), a facility operating pursuant to a standardized permit, as specified in Section 25201.6, is exempt from the annual facility fee imposed by this section for a period of time equal to the number of years that the facility lawfully operated prior to the operative date of the act amending this section pursuant to a hazardous waste facility permit or other grant or authorization and paid facility fees for the operation of the facility pursuant to this section.

SEC. 3. The Legislature finds and declares that due to the unique circumstances regarding the City of Santa Cruz, the amendment of Section 25205.2 of the Health and Safety Code made by Section 1 of this act does not violate Section 16 of Article IV of the California Constitution, since a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. The facts constituting those unique circumstances are as follows:

(a) The City of Santa Cruz municipal landfill has not received any hazardous waste since 1985 and was prohibited from accepting hazardous waste after that date.

(b) Unlike any other city in the state, the City of Santa Cruz was never notified by the Department of Toxic Substances Control or the State Board of Equalization, in the manner required by law, that the facility fee would be imposed on the operation of the municipal landfill pursuant to Section 25205.2 of the Health and Safety Code, for fee periods after 1985, when hazardous waste was no longer being accepted by that facility.

SEC. 4. The amendments made by this act to Section 25205.2 of the Health and Safety Code shall not take effect if Senate Bill 922 of the 1993–94 Session of the Legislature is enacted and takes effect January 1, 1994, and amends Section 25205.2 of the Health and Safety Code to prohibit a facility from being subject to a facility fee for treatment, storage, or disposal, if that activity took place before July 1, 1986, and if the fee for the activity was not paid prior to January 1, 1994, whether that act is enacted prior to, or subsequent to, this act.

SEC. 5. Section 2 of this bill incorporates amendments to Section 25205.2 of the Health and Safety Code proposed by this bill and SB 27. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 25205.2 of the Health and Safety Code, (3) this bill is enacted after SB 27, and (4) SB 922 is not enacted or does not take effect on January 1, 1994, in which case Section 25205.2 of the Health and Safety Code, as amended by SB 27, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 915

An act to amend Sections 35160.5, 48209.1, 48209.7, 48209.9, and 48209.11, and 48209.14 and 48980 of the Education Code, relating to school attendance.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 35160.5 of the Education Code is amended to read:

35160.5. (a) On or before December 1, 1984, the governing board of each school district shall, as a condition for the receipt of school apportionments from the State School Fund, adopt rules and regulations establishing school district policies as they relate to the following:

(1) Certification that personnel assigned to evaluate teachers have demonstrated competence in instructional methodologies and evaluation for teachers they are assigned to evaluate. The

determination of whether school personnel meet the district's adopted policies shall be made by the governing board.

(2) The establishment of district policies ensuring that each probationary certificated employee is assigned to a school within the district with assurances that his or her status as a new teacher and his or her potential needs for training, assistance, and evaluations will be recognized by the district.

(3) The establishment of policies and procedures that parents or guardians of pupils enrolled in the district may use to present complaints regarding employees of the district. These policies and procedures shall provide for appropriate mechanisms to respond to, and where possible, to resolve the complaints.

(b) The governing board of each school district that maintains one or more schools containing any of grades 7 to 12, inclusive, shall, as a condition for the receipt of an inflation adjustment pursuant to Section 42238.1, establish a school district policy regarding participation in extracurricular and cocurricular activities by pupils in grades 7 to 12, inclusive. The criteria, which shall be applied to extracurricular and cocurricular activities, shall ensure that pupil participation is conditioned upon satisfactory educational progress in the previous grading period. Pupils who are eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 are covered by this section consistent with that subdivision. No person shall classify a pupil as eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 for the purpose of circumventing the intent of this subdivision.

(1) For purposes of this subdivision, "extracurricular activity" means a program that has all of the following characteristics:

(A) The program is supervised or financed by the school district.

(B) Pupils participating in the program represent the school district.

(C) Pupils exercise some degree of freedom in either the selection, planning, or control of the program.

(D) The program includes both preparation for performance and performance before an audience or spectators.

(2) For purposes of this subdivision, an "extracurricular activity" is not part of the regular school curriculum, is not graded, does not offer credit, and does not take place during classroom time.

(3) For purposes of this subdivision, a "cocurricular activity" is defined as a program that may be associated with the curriculum in a regular classroom.

(4) Any teacher graded or required program or activity for a course which satisfies the entrance requirements for admission to the California State University or the University of California, is not an extracurricular or cocurricular activity as defined by this section.

(5) For purposes of this subdivision, "satisfactory educational progress" shall include, but not be limited to, the following:

(A) Maintenance of minimum passing grades, which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

(B) Maintenance of minimum progress toward meeting the high school graduation requirements prescribed by the governing board.

(6) For purposes of this subdivision, "previous grading period" does not include any grading period in which the pupil was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work. In that event, "previous grading period" is deemed to mean the grading period immediately prior to the grading period or periods excluded pursuant to this paragraph.

(7) A program that has, as its primary goal, the improvement of academic or educational achievements of pupils is not an extracurricular or cocurricular activity as defined by this section.

(8) The governing board of each school district may adopt, as part of its policy established pursuant to this subdivision, provisions that would allow a pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), in the previous grading period to remain eligible to participate in extracurricular and cocurricular activities during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), during the probationary period shall not be allowed to participate in extracurricular and cocurricular activities in the subsequent grading period.

(9) Nothing in this subdivision shall preclude the governing board of a school district from imposing a more stringent academic standard than that imposed by this subdivision. If the governing board of a school district imposes a more stringent academic standard, the governing board shall establish the criteria for participation in extracurricular and cocurricular activities at a meeting open to the public pursuant to Section 35145.

The governing board of each school district shall annually review the school district policies adopted pursuant to the requirements of this section.

(c) (1) On or before July 1, 1994, the governing board of each school district shall, as a condition for the receipt of school apportionments from the state school fund, adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to any school district that has only one school or any school district with schools that do not serve any of the same grade level.

(2) The policy shall include all of the following elements:

(A) It shall provide that the parents or guardian of each schoolage child who is a resident in the district may select the schools the child shall attend, irrespective of the particular locations of his or her residence within the district, except that school districts shall retain the authority to maintain appropriate racial and ethnic balances among their respective schools at the school districts' discretion or as specified in applicable court-ordered or voluntary desegregation

plans.

(B) It shall include a selection policy for any school that receives requests for admission in excess of the capacity of the school that ensures that selection of pupils to enroll in the school is made through a random, unbiased process that prohibits an evaluation of whether any pupil should be enrolled based upon his or her academic or athletic performance. For purposes of this subdivision, the governing board of the school district shall determine the capacity of the schools in its district. However, school districts of choice may employ existing entrance criteria for specialized schools or programs if the criteria are uniformly applied to all applicants.

(C) It shall provide that no pupil who currently resides in the attendance area of a school shall be displaced by pupils transferring from outside the attendance area.

(3) It is the intent of the Legislature that, upon the request of the pupil's parent or guardian and demonstration of financial need, each school district provide transportation assistance to the pupil to the extent that the district otherwise provides transportation assistance to pupils.

SEC. 2. Section 48209.1 of the Education Code, as added by Chapter 160 of the Statutes of 1993, is amended to read:

48209.1. (a) The governing board of any school district may accept interdistrict transfers. No school district that receives an application for attendance under this article is required to admit pupils to its schools. If, however, the governing board elects to accept transfers as authorized under this article, it shall, by resolution, elect to accept transfer pupils, determine and adopt the number of transfers it is willing to accept under this article, and ensure that pupils admitted under the policy are selected through a random, unbiased process that prohibits an evaluation of whether or not the pupil should be enrolled based upon his or her academic or athletic performance. Any pupil accepted for transfer shall be deemed to have fulfilled the requirements of Section 48204.

(b) Either the pupil's school district of residence or the school district of choice may prohibit the transfer of a pupil under this article or limit the number of pupils so transferred if the governing board of the district determines that the transfer would negatively impact any of the following:

(1) The court-ordered desegregation plan of the district.

(2) The voluntary desegregation plan of the district that meets the criteria of Section 42249.

(3) The racial and ethnic balance of the district.

SEC. 3. Section 48209.7 of the Education Code, as added by Chapter 160 of the Statutes of 1993, is amended to read:

48209.7. (a) A school district of residence with average daily attendance greater than 50,000 may limit the number of pupils transferring out each year under this article to 1 percent of its current year estimated average daily attendance.

(b) A school district of residence with average daily attendance

less than 50,000 may limit the number of pupils transferring out under this article to 3 percent of its current year estimated average daily attendance and may limit the maximum number of pupils transferring out under this article for the duration of the program authorized by this article to 10 percent of the average daily attendance for that period.

SEC. 4. Section 48209.9 of the Education Code, as added by Chapter 160 of the Statutes of 1993, is amended to read:

48209.9. (a) Commencing January 1, 1994, any application for transfer under this article shall be submitted by the pupil's parent or guardian to the school district of choice that has elected to accept transfer pupils pursuant to Section 48209.1 prior to January 1 of the school year preceding the school year for which the pupil is to be transferred. This application deadline may be waived upon agreement of the pupil's school district of residence and the school district of choice. No applications shall be submitted after January 1, 1999.

(b) The application shall be submitted on a form provided for this purpose by the State Department of Education and may request enrollment of the pupil in a specific school or program of the district.

(c) Not later than 90 days after the receipt by a school district of an application for transfer, the governing board of the district shall notify the parent or guardian in writing whether the application has been provisionally accepted or rejected or of the pupil's position on any waiting list. Final acceptance or rejection shall be made by May 15 preceding the school year for which the pupil is to be transferred. In the event of an acceptance, that notice shall be provided also to the school district of residence. If the application is rejected, the district governing board shall set forth in the written notification to the parent or guardian the specific reason or reasons for that determination, and shall ensure that the determination, and the specific reason or reasons therefor, are accurately recorded in the minutes of the board meeting in which the determination was made.

(d) Final acceptance of the transfer is applicable for one school year and will be renewed automatically each year unless the school district of choice through the adoption of a resolution withdraws from participation in the program and no longer will accept any transfer pupils from other districts. However, if a school district of choice withdraws from participation in the program, high school pupils admitted under this article may continue until they graduate from high school.

SEC. 5. Section 48209.11 of the Education Code, as added by Chapter 160 of the Statutes of 1993, is amended to read:

48209.11. (a) The average daily attendance for pupils admitted by a school district of choice pursuant to this article shall be credited to that district pursuant to Section 46607.

(b) Notwithstanding other provisions of law, state aid for categorical education programs for pupils admitted under this article shall be apportioned to the school district of choice.

(c) The State Allocation Board shall develop procedures to ensure that the average daily attendance of pupils admitted by a school district of choice pursuant to this article shall be credited to that school district for the purposes of any determination under Chapter 22 (commencing with Section 17700) of Part 10 that utilizes an average daily attendance calculation.

SEC. 6. Section 48209.14 of the Education Code, as added by Chapter 160 of the Statutes of 1993, is amended to read:

48209.14. (a) Pursuant to this article, each school district shall keep an accounting of all requests made for alternative attendance and records of all disposition of those requests that shall include, but are not to be limited to, all of the following:

(1) The number of requests granted, denied, or withdrawn. In the case of denied requests, the records shall indicate the reasons for the denials.

(2) The number of pupils transferred out of the district.

(3) The number of pupils transferred into the districts.

(b) The information maintained pursuant to subdivision (a) shall be reported to the governing board of the school district at an open meeting of the governing board. After the information is reported to the governing board of the school district, the information shall be reported to the Superintendent of Public Instruction no later than January 1, 1996, and annually thereafter, and the superintendent shall make the information available to the Governor, the Legislature, and the public.

SEC. 7. Section 48980 of the Education Code is amended to read:

48980. (a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under Sections 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51240, and 51550, and Chapter 2.3 (commencing with Section 32255) of Part 19.

(b) The notification also shall advise the parent or guardian of the availability of individualized instruction as prescribed by Section 48206.3, and of the program prescribed by Article 9 (commencing with Section 49510) of Chapter 9.

(c) The notification also may advise the parent or guardian of the importance of investing for future college or university education for their children and of considering appropriate investment options including, but not limited to, United States Savings Bonds.

(d) Each school district that elects to provide a fingerprinting program pursuant to Article 10 (commencing with Section 32390) shall inform parents or guardians of the program as specified in Section 32390.

(e) Until June 30, 1995, the notification shall also advise the parent or guardian of the availability of the employment-based school attendance options pursuant to subdivision (f) of Section 48204.

(f) The notification also shall include a copy of the district's written policy on sexual harassment established pursuant to Section

212.6, as it relates to pupils.

(g) The notification shall advise the parent or guardian of all current statutory attendance options and local attendance options available in the school district. That notification shall include all options for meeting residency requirements for school attendance, programmatic options offered within the local attendance areas, and any special programmatic options available on both an interdistrict and intradistrict basis. That notification also shall include a description of all options, a description of the procedure for application for alternative attendance areas or programs, an application form from the district for requesting a change of attendance, and a description of the appeals process available, if any, for a parent or guardian denied a change of attendance. The notification shall also include an explanation of the current statutory attendance options, including, but not limited to, those available under Section 35160.5, Chapter 5 (commencing with Section 46600) of Part 26, subdivision (f) of Section 48204, and Article 1.5 (commencing with Section 48209) of Chapter 2 of Part 27. The State Department of Education shall produce this portion of the notification and shall distribute it to all school districts.

It is the intent of the Legislature that the governing board of each school district annually review the enrollment options available to the pupils within their districts and that the school districts strive to make available enrollment options that meet the diverse needs, potential, and interests of California's pupils.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 916

An act to amend Sections 2621.5, 2621.7, 2623, 2624, 2692, 26505, 26507, and 26525 of, and to repeal and add Section 2621.8 of, the Public Resources Code, relating to geological hazards.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2621.5 of the Public Resources Code is amended to read:

2621.5. (a) It is the purpose of this chapter to provide for the adoption and administration of zoning laws, ordinances, rules, and regulations by cities and counties in implementation of the general plan that is in effect in any city or county. The Legislature declares that this chapter is intended to provide policies and criteria to assist cities, counties, and state agencies in the exercise of their responsibility to prohibit the location of developments and structures for human occupancy across the trace of active faults. Further, it is the intent of this chapter to provide the citizens of the state with increased safety and to minimize the loss of life during and immediately following earthquakes by facilitating seismic retrofitting to strengthen buildings, including historical buildings, against ground shaking.

(b) This chapter is applicable to any project, as defined in Section 2621.6, which is located within a delineated earthquake fault zone, upon issuance of the official earthquake fault zones maps to affected local jurisdictions, except as provided in Section 2621.7.

(c) The implementation of this chapter shall be pursuant to policies and criteria established and adopted by the board.

SEC. 2. Section 2621.7 of the Public Resources Code is amended to read:

2621.7. This chapter, except Section 2621.9, shall not apply to any of the following:

(a) The conversion of an existing apartment complex into a condominium.

(b) Any development or structure in existence prior to May 4, 1975, except for an alteration or addition to a structure that exceeds the value limit specified in subdivision (c).

(c) An alteration or addition to any structure if the value of the alteration or addition does not exceed 50 percent of the value of the structure.

(d) (1) Any structure located within the jurisdiction of the City of Berkeley or the City of Oakland which was damaged by fire between October 20, 1991, and October 23, 1991, if granted an exemption pursuant to this subdivision.

(2) The city may apply to the State Geologist for an exemption

and the State Geologist shall grant the exemption only if the structure located within the earthquake fault zone is not situated upon a trace of an active fault line, as delineated in the official earthquake fault zone map or in more recent geologic data, as determined by the State Geologist.

(3) When requesting an exemption, the city shall submit to the State Geologist all of the following information:

(A) Maps noting the parcel numbers of proposed building sites that are at least 50 feet from an identified fault and a statement that there is not any more recent information to indicate a geologic hazard.

(B) Identification of any sites that are within 50 feet of an identified fault.

(C) Proof that the property owner has been notified that the granting of an exemption is not any guarantee that a geologic hazard does not exist.

(4) The granting of the exemption does not relieve a seller of real property or an agent for the seller of the obligation to disclose to a prospective purchaser that the property is located within a delineated earthquake fault zone, as required by Section 2621.9.

(e) (1) Alterations which include seismic retrofitting, as defined in Section 8894.2 of the Government Code, to any of the following listed types of buildings in existence prior to May 4, 1975:

(A) Unreinforced masonry buildings, as described in subdivision (a) of Section 8875 of the Government Code.

(B) Concrete tilt-up buildings, as described in Section 8893 of the Government Code.

(C) Reinforced concrete moment resisting frame buildings as described in Applied Technology Council Report 21 (FEMA Report 154).

(2) The exemption granted by paragraph (1) shall not apply unless a city or county acts in accordance with all of the following:

(A) The building permit issued by the city or county for the alterations authorizes no greater human occupancy load, regardless of proposed use, than that authorized for the existing use permitted at the time the city or county grants the exemption. This may be accomplished by the city or county making a human occupancy load determination that is based on, and no greater than, the existing authorized use, and including that determination on the building permit application as well as a statement substantially as follows: "Under subparagraph (A) of paragraph (2) of subdivision (e) of Section 2621.7 of the Public Resources Code, the occupancy load is limited to the occupancy load for the last lawful use authorized or existing prior to the issuance of this building permit, as determined by the city or county."

(B) The city or county requires seismic retrofitting, as defined in Section 8894.2 of the Government Code, which is necessary to strengthen the entire structure and provide increased resistance to ground shaking from earthquakes.

(C) Exemptions granted pursuant to paragraph (1) are reported in writing to the State Geologist within 30 days of the building permit issuance date.

(3) Any structure with human occupancy restrictions under subparagraph (A) of paragraph (2) shall not be granted a new building permit that allows an increase in human occupancy unless a geologic report, prepared pursuant to subdivision (d) of Section 3603 of Title 14 of the California Code of Regulations in effect on January 1, 1994, demonstrates that the structure is not on the trace of an active fault, or the requirement of a geologic report has been waived pursuant to Section 2623.

(4) A qualified historical building within an earthquake fault zone that is exempt pursuant to this subdivision may be repaired or seismically retrofitted using the State Historical Building Code, except that, notwithstanding any provision of that building code and its implementing regulations, paragraph (2) shall apply.

SEC. 3. Section 2621.8 of the Public Resources Code is repealed.

SEC. 4. Section 2621.8 is added to the Public Resources Code, to read:

2621.8. Notwithstanding Section 818.2 of the Government Code, a city or county which knowingly issues a permit that grants an exemption pursuant to subdivision (e) of Section 2621.7 that does not adhere to the requirements of paragraph (2) of subdivision (e) of Section 2621.7, may be liable for earthquake-related injuries or deaths caused by its failure to so adhere.

SEC. 5. Section 2623 of the Public Resources Code is amended to read:

2623. (a) The approval of a project by a city or county shall be in accordance with policies and criteria established by the State Mining and Geology Board and the findings of the State Geologist. In the development of those policies and criteria, the State Mining and Geology Board shall seek the comment and advice of affected cities, counties, and state agencies. Cities and counties shall require, prior to the approval of a project, a geologic report defining and delineating any hazard of surface fault rupture. If the city or county finds that no undue hazard of that kind exists, the geologic report on the hazard may be waived, with the approval of the State Geologist.

(b) After a report has been approved or a waiver granted, subsequent geologic reports shall not be required, provided that new geologic data warranting further investigations is not recorded.

(c) The preparation of geologic reports that are required pursuant to this section for multiple projects may be undertaken by a geologic hazard abatement district.

SEC. 6. Section 2624 of the Public Resources Code is amended to read:

2624. Notwithstanding any provision of this chapter, cities and counties may do any of the following:

(1) Establish policies and criteria which are stricter than those established by this chapter.

(2) Impose and collect fees in addition to those required under this chapter.

(3) Determine not to grant exemptions authorized under this chapter.

SEC. 7. Section 2692 of the Public Resources Code is amended to read:

2692. (a) It is the intent of the Legislature to provide for a statewide seismic hazard mapping and technical advisory program to assist cities and counties in fulfilling their responsibilities for protecting the public health and safety from the effects of strong ground shaking, liquefaction, landslides, or other ground failure and other seismic hazards caused by earthquakes.

(b) It is further the intent of the Legislature that maps and accompanying information provided pursuant to this chapter be made available to local governments for planning and development purposes.

(c) It is further the intent of the Legislature that the Division of Mines and Geology, in implementing this chapter, shall, to the extent possible, coordinate its activities with, and use existing information generated from, the earthquake fault zones mapping program pursuant to Chapter 7.5 (commencing with Section 2621), the landslide hazard identification program pursuant to Chapter 7.7 (commencing with Section 2670), and the inundation maps prepared pursuant to Section 8589.5 of the Government Code.

SEC. 8. Section 26505 of the Public Resources Code is amended to read:

26505. "Improvement" means any activity that is necessary or incidental to the prevention, mitigation, abatement, or control of a geologic hazard, including, but not limited to, all of the following:

(a) Acquisition of property or any interest therein.

(b) Construction.

(c) Maintenance, repair, or operation of any improvement.

(d) Preparation of geologic reports required pursuant to Section 2623 for multiple projects within an earthquake fault zone or zones.

(e) Issuance and servicing of bonds, notes, or debentures issued to finance the costs of the improvements specified in subdivisions (a), (b), (c), and (d).

SEC. 9. Section 26507 of the Public Resources Code is amended to read:

26507. "Geologic hazard" means an actual or threatened landslide, land subsidence, soil erosion, earthquake, fault movement, or any other natural or unnatural movement of land or earth.

SEC. 10. Section 26525 of the Public Resources Code is amended to read:

26525. A geologic hazard abatement district may be formed pursuant to this division for the following purposes:

(a) Prevention, mitigation, abatement, or control of a geologic hazard.

(b) Mitigation or abatement of structural hazards that are partly

or wholly caused by geologic hazards.

SEC. 11. All existing special studies zone maps shall be known as earthquake fault zone maps and shall continue to be valid. The maps need not be reissued to incorporate the change in name.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 917

An act to amend Sections 3701 and 3702.2 of the Labor Code, relating to workers' compensation.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 3701 of the Labor Code is amended to read:

3701. (a) Each year every private self-insuring employer shall secure incurred liabilities for the payment of compensation and the performance of the obligations of employers imposed under this chapter by renewing the prior year's security deposit or by making a new deposit of security. If a new deposit is made, it shall be posted within 60 days of the filing of the self-insured employer's annual report with the director, but in no event later than May 1.

(b) The minimum deposit shall be 125 percent of the private self-insurer's estimated future liability for compensation to secure payment of compensation plus 10 percent of the private self-insurer's estimated future liability for compensation to secure payment of all administrative and legal costs relating to or arising from the employer's self-insuring. In no event shall the security deposit for the incurred liabilities for compensation be less than two hundred twenty thousand dollars ($220,000).

(c) In determining the amount of the deposit required to secure incurred liabilities for the payment of compensation and the performance of obligations of a self-insured employer imposed under this chapter, the director shall offset estimated future liabilities for the same claims covered by a self-insured plan under the Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sec. 901 et seq.), but in no event shall the offset exceed the estimated future liabilities for the claims under this chapter.

(d) The director may only accept as security, and the employer

shall deposit as security, cash, securities, surety bonds, or irrevocable letters of credit in any combination the director, in his or her discretion, deems adequate security. The current deposit shall include within its coverage all amounts covered by terminated surety bonds or excess insurance policies.

(e) Surety bonds, irrevocable letters of credit, and documents showing issuance of any irrevocable letter of credit shall be deposited with, and be in a form approved by, the director, shall be exonerated only according to its terms and, in no event, by the posting of additional security.

(f) The director may accept as security a joint security deposit that secures an employer's obligation under this chapter and that also secures that employer's obligations under the federal Longshore and Harbor Workers' Compensation Act.

(g) The liability of the Self-Insurers' Security Fund, with respect to any claims brought under both this chapter and under the federal Longshore and Harbor Workers' Compensation Act, to pay for shortfalls in a security deposit shall be limited to the amount of claim liability owing the employee under this chapter offset by the amount of any claim liability owing under the Longshore and Harbor Workers' Compensation Act, but in no event shall the liability of the fund exceed the claim liability under this chapter. At the employee's option, recovery may be pursued under either the state or federal program.

(h) Securities shall be deposited on behalf of the director by the self-insured employer with the Treasurer. Securities shall be accepted by the Treasurer for deposit and shall be withdrawn only upon written order of the director.

(i) Cash shall be deposited in a financial institution approved by the director, and in the account assigned to the director. Cash shall be withdrawn only upon written order of the director.

(j) Upon the sending by the director of a request to renew, request to post, or request to increase or decrease a security deposit, a perfected security interest is created in the private self-insured's assets in favor of the director to the extent of any then unsecured portion of the self-insured's incurred liabilities. That perfected security interest is transferred to any cash or securities thereafter posted by the private self-insured with the director and is released only upon either of the following:

(1) The acceptance by the director of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation.

(2) The return of cash or securities by the director.

The private self-insured employer loses all right, title, and interest in, and any right to control, all assets or obligations posted or left on deposit as security. The director may liquidate the deposit as provided in Section 3701.5 and apply it to the self-insured employer's incurred liabilities either directly or through the Self-Insurers' Security Fund.

SEC. 2. Section 3702.2 of the Labor Code is amended to read:

3702.2. (a) All self-insured employers shall file a self-insurer's annual report in a form prescribed by the director.

(b) To enable the director to determine the amount of the security deposit required by subdivision (c) of Section 3701, the annual report of a self-insured employer who has self-insured both state and federal workers' compensation liability shall also set forth (1) the amount of all compensation liability incurred, paid-to-date, and estimated future liability under both this chapter and under the federal Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sec. 901 et seq.), and (2) the identity and the amount of the security deposit securing the employer's liability under state and federal self-insured programs.

CHAPTER 918

An act to amend Section 871 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 871 of the Welfare and Institutions Code is amended to read:

871. (a) Any person under the custody of a probation officer or any peace officer in a county juvenile hall, or committed to a county juvenile home, ranch, camp, or forestry camp, or any person being transported to or from a county juvenile hall, home, ranch, camp, or forestry camp, who escapes or attempts to escape from that place or during transportation to or from that place, is guilty of a misdemeanor, punishable by imprisonment in the county jail not exceeding one year.

(b) Any person who commits any of the acts described in subdivision (a) by use of force or violence shall be punished by imprisonment in a county jail for not more than one year or by imprisonment in the state prison.

(c) The willful failure of a person under the custody of a probation officer or any peace officer in a county juvenile hall, or committed to a county juvenile home, ranch camp, or forestry camp, to return to the county juvenile hall, home, ranch, camp, or forestry camp at the prescribed time while outside or away from the county facility on furlough or temporary release constitutes an escape punishable as provided in subdivision (a). However, a willful failure to return at the prescribed time shall not be considered an escape if the failure to return was reasonable under the circumstances.

SEC. 2. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 919

An act to amend Sections 557.6 and 669.5 of the Insurance Code, relating to insurance.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 557.6 of the Insurance Code is amended to read:

557.6. Any peace officer or firefighter as defined pursuant to this section who has been involved in an accident shall submit to his or her private automobile insurer within 30 days of the accident his or her written declaration under penalty of perjury stating whether or not at the time of the accident he or she was operating an authorized emergency vehicle, as defined in subdivision (a) or (f) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) of Section 165 of the Vehicle Code in the performance of his or her duty during the hours of his or her employment. In lieu of a written declaration, the peace officer or firefighter may submit to the private automobile insurer a copy of the incident report filed by the peace officer or firefighter with his or her employer.

As used in this section, "peace officer" means every person defined in Section 830.1, subdivisions (a), (b), (c), (d), (e), (f), (g), and (h) of Section 830.2, subdivisions (a), (b), and (d) of Section 830.31, subdivisions (a) and (b) of Section 830.32, subdivisions (a), (b), (c), (d), and (e) of Section 830.33, subdivisions (a) and (b) of Section 830.5, and Sections 830.38 and 830.6, of the Penal Code, and "firefighter" means every person defined in Section 50925 of the Government Code.

SEC. 2. Section 669.5 of the Insurance Code is amended to read:

669.5. No insurer shall fail to renew any private automobile insurance policy of a peace officer, member of the California Highway Patrol, or firefighter, with respect to his or her operation of a private motor vehicle, for the reason that the insured has been involved in an accident while operating an authorized emergency

vehicle, as defined in subdivision (a) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) or (f) of Section 165 of the Vehicle Code, in the performance of his or her duty during the hours of his or her employment. As used in this section, "peace officer" shall have the same meaning as defined in Section 830.1, subdivisions (a), (b), (c), (d), (e), (g), and (h) of Section 830.2, subdivisions (a), (b), and (d) of Section 830.31, subdivisions (a) and (b) of Section 830.32, subdivisions (a), (b), (c), (d), and (e) of Section 830.33, Section 830.38, subdivisions (a) and (b) of Section 830.5, and Section 830.6 of the Penal Code, and "firefighter" means every person defined in Section 50925 of the Government Code.

In the case of a volunteer firefighter, this section applies to the regular employer of the volunteer firefighter to the extent that the involvement of the volunteer firefighter in the accident shall not be cause for the employer's insurer's decision to renew the employer's insurance policy as it applies to the employee covered by this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 920

An act to amend Sections 22143, 22221, 23701, 24200.2, 24205, and 24612 of, to add Sections 22401.1 and 22401.2 to, to repeal Section 22801 of, and to repeal and add Section 24609 of, the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 22143 of the Education Code is amended to read:

22143. "Proof of death" means providing to the system such evidence of death as may be required by the system.

SEC. 2. Section 22221 of the Education Code is amended to read:

22221. (a) Data filed by any member, retirant, or beneficiary with the board is confidential. No official or employee who has access to the individual records shall divulge any information concerning those records to any person other than the member or retirant to

whom the information relates or that person's authorized representative, the governing board of the school district or agency by which the member or retirant is employed, or any state department or agency, except as necessary to locate a person to whom a benefit or refund may be payable. The information shall be used by the board for the sole purpose of carrying into effect the provisions of this part.

(b) The information is not open to inspection by anyone except the board and its officers and employees, and any person authorized by the Legislature to make inspections.

(c) Information filed with the board in a beneficiary designation form may be released, after the death of the member or retirant, to those persons who can provide information necessary for the distribution of benefits.

SEC. 3. Section 22401.1 is added to the Education Code, to read:

22401.1. (a) Upon request by the system, a member shall provide proof of his or her date of birth to resolve any discrepancy between the member's date of birth as originally documented on the records of the system and the member's birthdate as subsequently submitted.

(b) A member shall provide proof of the date of birth of a person designated by the member as beneficiary under an option selected pursuant to Chapter 23 (commencing with Section 24200) if the beneficiary is not also a member of the system.

(c) Documentation substantiating the birthdate of a member's child shall be provided if a disability allowance, a disability retirement allowance, a family allowance, or a survivor benefit allowance payable under this part will include an amount for that child.

(d) At the time application is made for payment of a family allowance or survivor benefit allowance to a surviving spouse or dependent parent, a member's surviving spouse or dependent parent shall provide proof of his or her date of birth.

(e) At the discretion of the board, an original document, a certified copy of the original, or a photocopy shall be acceptable to establish proof of the date of birth.

SEC. 4. Section 22401.2 is added to the Education Code, to read:

22401.2. The system may withhold benefit payments until proof of the date of birth of a member, beneficiary under an option selected pursuant to Chapter 23 (commencing with Section 24200), child, surviving spouse, or dependent parent has been received and accepted by the system.

SEC. 5. Section 22801 of the Education Code is repealed.

SEC. 6. Section 23701 of the Education Code is amended to read:

23701. If no beneficiary designation is in effect on the date of death, any benefit payable shall be paid to the estate of the member or retirant.

Payment pursuant to the board's determination in good faith upon evidence satisfactory to it of the existence, identity or other facts

relating to entitlement of persons under this section shall constitute a complete discharge of and release of the system from liability for the benefit.

SEC. 7. Section 24200.2 of the Education Code is amended to read:

24200.2. (a) A retirant who elected Option 2, Option 3, Option 4, or Option 5 may name a new option beneficiary and select a second joint and survivor option described in Section 24200 if the option beneficiary designated at the time the option was elected predeceases the retirant.

The effective date of the election of the new joint and survivor option shall be one year following the date notification is received by the board, provided both the retirant and the designated option beneficiary are then living. The notification shall include proof of death of the predeceased beneficiary and a properly executed form for the new joint and survivor option.

The selection of the new joint and survivor option under this subdivision and Section 24200 is subject to an actuarial modification in the amount of the retirement allowance; provided, that a retirant may not elect a joint and survivor option that would result in any additional liability to the fund.

(b) If the option beneficiary designated in the election of an Option 6 or Option 7 pursuant to Section 24200 or 24203 dies after the member's retirement, the retirement allowance without modification for the option shall be payable to the retirant upon notification to the board and shall commence to accrue to the retirant as of the day following the date of the death of the option beneficiary. Notification to the board shall include proof of death of the predeceased beneficiary.

SEC. 8. Section 24205 of the Education Code is amended to read:

24205. (a) If a member cancels the election of an option made pursuant to Section 24203, written cancellation shall be received by the board on or before the day preceding the effective date of retirement or during the period between reinstatement pursuant to Section 23913 or Section 24166 and the effective date of the subsequent retirement. Regardless of how the member elects to receive his or her retirement allowance, that allowance shall be reduced by one-half of 1 percent for each year or partial year that Option 3, Option 5, or Option 7 is in effect, or by six-tenths of 1 percent for each year or partial year that Option 4 is in effect, or by three-fourths of 1 percent for each year or partial year that Option 2 or Option 6 is in effect.

(b) If the option beneficiary designated in the preretirement election of an option pursuant to Section 24203 dies prior to the member's retirement, the preretirement election shall be canceled as of the day following the date of death and the member's subsequent retirement allowance shall be subject to the allowance reduction prescribed in this section.

SEC. 9. Section 24609 of the Education Code is repealed.

SEC. 10. Section 24609 is added to the Education Code, to read:

24609. If a benefit or refund of contributions cannot be paid because, after a good faith effort, the member or beneficiary cannot be located, the amounts payable shall be retained in the Teachers' Retirement Fund until such time as the party entitled to payment is located.

Interest shall continue to accrue on the accumulated contributions pursuant to this part.

SEC. 11. Section 24612 of the Education Code is amended to read:

24612. The initial payment to a retirant shall be issued within 45 days of either the effective date of retirement or receipt by the system of a completed application for retirement, whichever is later. The initial payment to an option beneficiary shall be issued within 45 days following receipt by the system of a completed application for death benefits and proof of death of the member or retirant. Monthly payments shall continue thereafter. Payments may be based on a good faith estimated amount pending receipt by the system of all necessary employment information.

The retirant or option beneficiary shall be placed on the final roll and issued a retroactive payment, if one is due, within 45 days of receipt by the system of all necessary information.

CHAPTER 921

An act to amend Section 95 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the funding of county free libraries should not be jeopardized because of a recent, controversial interpretation of legislation enacted more than 10 years ago. Chapter 242 of the Statutes of 1981 made technical and related amendments to the definition of "special district" in Section 95 of the Revenue and Taxation Code. The interpretation of those amendments that would exclude county free libraries from being considered as special districts would deprive those libraries of a secure and important part of their funding.

The Legislature further finds and declares that this act is necessary to clarify the intent of Section 95 of the Revenue and Taxation Code and to thereby assure libraries of a vital source of funding.

SEC. 2. Section 95 of the Revenue and Taxation Code is amended to read:

95. For the purpose of this chapter:

(a) "Local agency" means a city, county, and special district.

(b) "Jurisdiction" means a local agency, school district, community college district, or county superintendent of schools.

For jurisdictions located in more than one county, the county auditor of each county in which that jurisdiction is located shall, for the purposes of computing the amount for that jurisdiction pursuant to this chapter, treat the portion of the jurisdiction located within that county as a separate jurisdiction.

(c) "Property tax revenue" includes the amount of state reimbursement for the homeowners' exemption.

"Property tax revenue" does not include the amount of property tax levied for the purpose of making payments for the interest and principal on (1) general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, including tax rates levied pursuant to Part 10 (commencing with Section 15000) of Division 1 of, and Sections 39308 and 39311 and former Sections 81338 and 81341 of the Education Code, and Section 26912.7 of the Government Code, and (2) bonded indebtedness for the acquisition or improvement of real property approved by two-thirds of the voters on or after June 4, 1986.

(d) "Taxable assessed value" means total assessed value minus all exemptions other than the homeowners' and business inventory exemptions.

(e) "Jurisdictional change" includes a change of organization, as defined in Section 35027 of the Government Code, an incorporation, as defined in Section 35037 of the Government Code, a municipal reorganization, as defined in Section 35042 of the Government Code, a change of organization, as defined in Section 56028 of the Government Code, a formation, as defined in Section 56042 of the Government Code, and a reorganization, as defined in Section 56068 of the Government Code. "Jurisdictional change" also includes any change in the boundary of those special districts which are not under the jurisdiction of a local agency formation commission.

"Jurisdictional change" also includes a functional consolidation where two or more local agencies, except two or more counties, exchange or otherwise reassign functions and any change in the boundaries of a school district or community college district or county superintendent of schools.

(f) "School entities" means school districts, community college districts, the Educational Revenue Augmentation Fund, and county superintendents of schools.

(g) Except as otherwise provided in this subdivision, "tax rate area" means a specific geographic area all of which is within the jurisdiction of the same combination of local agencies and school entities for the current fiscal year.

In the case of a jurisdictional change pursuant to Section 99, the area subject to the change shall constitute a new tax rate area, except that if the area subject to change is within the same combinations of local agencies and school entities as an existing tax rate area, the two tax rate areas may be combined into one tax rate area.

Existing tax rate areas having the same combinations of local agencies and school entities may be combined into one tax rate area. For the combination of existing tax rate areas, the factors used to allocate the annual tax increment pursuant to Section 98 shall be determined by calculating a weighted average of the annual tax increment factors used in the tax rate areas being combined.

(h) "State assistance payments" means:

(1) For counties, amounts determined pursuant to subdivision (b) of Section 16260 of the Government Code, increased by the amount specified for each county pursuant to Section 94 of Chapter 282 of the Statutes of 1979, with the resultant sum reduced by an amount derived by the calculation made pursuant to Section 16713 of the Welfare and Institutions Code.

(2) For cities, 82.91 percent of the amounts determined pursuant to subdivisions (b) and (i) of Section 16250 of the Government Code, plus for any city an additional amount equal to one-half of the amount of any outstanding debt as of June 30, 1978, for "museums" as shown in the Controller's "Annual Report of Financial Transactions of Cities for Fiscal Year 1977–78."

(3) For special districts, 95.24 percent of the amounts received pursuant to Chapter 3 (commencing with Section 16270) of Part 1.5 of Division 4 of Title 2 of the Government Code, Section 35.5 of Chapter 332 of the Statutes of 1978, and Chapter 12 of the Statutes of 1979.

(i) "City clerk" means the clerk of the governing body of a city or city and county.

(j) "Executive officer" means the executive officer of a local agency formation commission.

(k) "City" means any city whether general law or charter, except a city and county.

(*l*) "County" means any chartered or general law county. "County" includes a city and county.

(m) "Special district" means any agency of the state for the local performance of governmental or proprietary functions within limited boundaries. "Special district" includes a county service area, a maintenance district or area, an improvement district or improvement zone, or any other zone or area, formed for the purpose of designating an area within which a property tax rate will be levied to pay for a service or improvement benefiting that area. "Special district" includes the Bay Area Air Quality Management District. "Special district" does not include a city, a county, a school district or a community college district. "Special district" does not include any agency which is not authorized by statute to levy a property tax rate. However, any special district authorized to levy a property tax by the statute under which the district was formed shall be considered a special district. Additionally, a county free library established pursuant to Article 1 (commencing with Section 19100) of Chapter 6 of Part 11 of Division 1 of Title 1 of the Education Code, and for which a property tax was levied in the 1977–78 fiscal year,

shall be considered a special district.

SEC. 3. The Legislature finds and declares that the changes made by this act are declaratory of existing law and do not constitute a change in existing law. For that reason, the Legislature further finds and declares that this act does not mandate a new program or higher level of service that will result in any additional cost to any local government.

SEC. 4. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 922

An act to amend Section 43501 of, and to add Sections 40131.5 and 43501.5 to, the Public Resources Code, relating to solid waste.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 40131.5 is added to the Public Resources Code, to read:

40131.5. "Federal act" means the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6901 et seq.).

SEC. 2. Section 43501 of the Public Resources Code is amended to read:

43501. (a) Any person owning or operating a solid waste landfill, as defined in Section 46027, shall do both of the following:

(1) Upon application to become an operator of a solid waste facility pursuant to Section 44001, certify to the board and the local enforcement agency that all of the following have been accomplished:

(A) The owner or operator has prepared an initial estimate of closure and postclosure maintenance costs. The board shall adopt regulations that provide for an increase in the initial cost estimate to account for cost overruns due to unforseeable circumstances, and to provide a reasonable contingency comparable to that which is built into cost estimates for other, similar public works projects.

(B) The owner or operator has established a trust fund or

equivalent financial arrangement acceptable to the board, as specified in Article 4 (commencing with Section 43600).

(C) The amounts that the owner or operator will deposit annually in the trust fund or equivalent financial arrangement acceptable to the board will ensure adequate resources for closure and postclosure maintenance.

(2) Submit to the regional water board, the local enforcement agency, and the board a plan for the closure of the solid waste landfill and a plan for the postclosure maintenance of the solid waste landfill.

(b) Notwithstanding subparagraph (C) of paragraph (1) of subdivision (a) or any other provision of law, if the owner or operator is a county with a population of 200,000 or less, as determined by the 1990 decennial census, the county shall not be required to make annual deposits in excess of the amount required by the federal act or any other applicable federal law, or by any board-approved formula which meets the requirements of the federal act.

(c) If not in conflict with federal law or regulations, a county or city may, with regard to a solid waste landfill owned or operated by the county or city, base its estimate of closure and postclosure maintenance costs on the costs of employing county or city employees or persons under contract with the county or city in performing closure and postclosure maintenance. However, even if, to meet federal requirements, the costs estimate is based on the most expensive costs of closure and postclosure maintenance performed by a third party, the county or city may, to effect cost savings, employ county or city employees or employ persons under contract to actually perform closure operations or postclosure maintenance operations.

SEC. 3. Section 43501.5 is added to the Public Resources Code, to read:

43501.5. (a) On or before January 1, 1995, the board shall conduct and complete a study to determine reasonable and necessary closure and postclosure maintenance requirements for class III landfills, as classified by Section 2520 of Title 23 of the California Code of Regulations, in counties that have a population of 200,000 or less, as determined by the 1990 decennial census, and report the results of the study to the Legislature. The study shall include, but not be limited to, both of the following:

(1) A review and assessment of existing closure and postclosure maintenance requirements for those solid waste landfills.

(2) An analysis of the economic impact, fiscal constraints, geographic and demographic factors, and any other impediments to closure and postclosure maintenance of those solid waste landfills.

(b) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

CHAPTER 923

An act to amend Sections 1240, 1622, 1625, 42127, 42127.3, and 42131 of the Education Code, relating to school finance.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1240 of the Education Code is amended to read:

1240. The superintendent of schools of each county shall:

(a) Superintend the schools of his or her county.

(b) Visit and examine each school in his or her county at reasonable intervals to observe its operation and to learn of its problems. He or she may annually present a report of the state of the schools in his or her county, and of his or her office, including, but not limited to, his or her observations while visiting the schools, to the board of education and the board of supervisors of his or her county.

(c) Distribute all laws, reports, circulars, instructions, and blanks that he or she may receive for the use of the school officers.

(d) Keep in his or her office the reports of the Superintendent of Public Instruction.

(e) Keep a record of his or her official acts, and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants for certificates who have been examined, which shall be open to the inspection of any applicant or his or her authorized agent.

(f) Enforce the course of study.

(g) Enforce the use of state textbooks and of high school textbooks regularly adopted by the proper authority.

(h) Preserve carefully all reports of school officers and teachers.

(i) Deliver to his or her successor, at the close of his or her official term, all records, books, documents, and papers belonging to the office, taking a receipt for them, which shall be filed with the State Department of Education.

(j) Submit two reports during the fiscal year to the county board of education in accordance with the following:

(1) The first report shall cover the financial and budgetary status of the county office of education for the period ending October 31. The second report shall cover the period ending January 31. Both reports shall be reviewed by the county board of education and approved by the county superintendent of schools no later than 45 days after the close of the period being reported.

(2) As part of each report, the superintendent shall certify in writing whether or not the county office of education is able to meet its financial obligations for the remainder of the fiscal year and, based

on current forecasts, for the subsequent fiscal year. The certifications shall be classified as positive, qualified, or negative, pursuant to standards prescribed by the Superintendent of Public Instruction, for the purposes of determining subsequent state agency actions pursuant to Section 1240.1. For purposes of this subdivision, a negative certification shall be assigned to any county office of education that, based upon current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or for the subsequent fiscal year. A qualified certification will be assigned to any county office of education that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification will be assigned to any county office of education that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. In accordance with those standards, the Superintendent of Public Instruction may reclassify any certification. As to any county office of education having a negative certification, the Superintendent of Public Instruction or his or her designee may exercise the authority set forth in subdivision (b) of Section 1630. Copies of each certification, and of the report containing that certification, shall be sent to the Superintendent of Public Instruction at the time the certification is submitted to the county board of education. Copies of each qualified or negative certification, and of the report containing that certification, shall be sent to the Controller at the time the certification is submitted to the county board of education.

(3) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent of Public Instruction, and shall be based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127. The reports, and supporting data, shall be made available by the county superintendent of schools to any interested party upon request.

(4) This subdivision does not preclude the submission of additional budgetary or financial reports by the superintendent to the county board of education or to the Superintendent of Public Instruction.

(k) When so requested, act as agent for the purchase of supplies for the city and high school districts of his or her county.

(*l*) For purposes of Section 44421.5, report to the Commission on Teacher Credentialing the identity of any certificated person who knowingly and willingly reports false fiscal expenditure data relative to the conduct of any educational program. This requirement applies only if, in the course of his or her normal duties, the county superintendent of schools discovers information that gives him or her reasonable cause to believe that false fiscal expenditure data relative to the conduct of any educational program has been reported.

SEC. 2. Section 1622 of the Education Code is amended to read:

1622. (a) On or before July 1 of each fiscal year, the county board of education shall adopt an annual budget for the budget year and

shall file that budget with the Superintendent of Public Instruction, the county board of supervisors, and the county auditor. The budget, and supporting data, shall be maintained and made available for public review. The budget shall indicate the date, time, and location at which the county board of education held the public hearing required under Section 1620.

(b) The Superintendent of Public Instruction shall examine the budget to determine whether it (1) complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets, (2) allows the county office of education to meet its financial obligations during the fiscal year, and (3) is consistent with a financial plan that will enable the county office of education to satisfy its multiyear financial commitments. In addition, the Superintendent shall identify any technical corrections to the budget that must be made. On or before August 15, the Superintendent of Public Instruction shall approve or disapprove the budget and, in the event of a disapproval, transmit to the county office of education in writing his or her recommendations regarding revision of the budget and the reasons for those recommendations.

(c) On or before September 8, the county board of education shall revise the county office of education budget to reflect changes in projected income or expenditures subsequent to July 1, and to include any response to the recommendations of the Superintendent of Public Instruction, shall adopt the revised budget, and shall file the revised budget with the Superintendent of Public Instruction, the county board of supervisors, and the county auditor. Prior to revising the budget, the county board of education shall hold a public hearing regarding the proposed revisions, which shall be made available for public inspection not less than three working days prior to the hearing. The agenda for that hearing shall be posted at least 72 hours prior to the public hearing and shall include the location where the budget will be available for public inspection. The revised budget, and supporting data, shall be maintained and made available for public review.

(d) The Superintendent of Public Instruction shall examine the revised budget to determine whether it complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets and, no later than October 8, shall approve or disapprove the revised budget. If the Superintendent of Public Instruction disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 1623.

(e) Notwithstanding any other provision of this section, the budget review for a county office of education shall be governed by paragraphs (1), (2), and (3) of this subdivision, rather than by subdivisions (c) and (d), if the county board of education so elects, and notifies the Superintendent of Public Instruction in writing of that decision, no later than October 31 of the immediately preceding

calendar year.

(1) In the event of the disapproval of the budget of a county office of education pursuant to subdivision (b), on or before September 8, the county superintendent of schools and the county board of education shall review the recommendations of the Superintendent of Public Instruction at a regularly scheduled meeting of the county board of education and respond to those recommendations. That response shall include the proposed actions to be taken, if any, as a result of those recommendations.

(2) No later than October 8, after receiving the response required under paragraph (1), the Superintendent of Public Instruction shall review that response and either approve or disapprove the budget of the county office of education. If the Superintendent of Public Instruction disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 1623.

(3) Not later than 45 days after the Governor signs the annual Budget Act, the county office of education shall make available for public review any revisions in revenues and expenditures that it has made to its budget to reflect the funding made available by that Budget Act.

SEC. 3. Section 1625 of the Education Code is amended to read:

1625. The county superintendent of schools for any county office of education that reports a negative unrestricted fund balance or a negative cash balance in the annual report required by Section 1622 or in the audited annual financial statements required by Section 41020 shall include, with the budget submitted in accordance with Section 1622 and the certifications required by subdivision (j) of Section 1240, a statement identifying the reasons for the negative unrestricted fund balance or negative cash balance and the steps that will be taken to ensure that the negative balance will not occur at the end of the budget year.

SEC. 4. Section 42127 of the Education Code is amended to read:

42127. (a) On or before July 1 of each year, the governing board of each school district shall accomplish the following:

(1) Hold a public hearing on the budget to be adopted for the subsequent fiscal year. The agenda for that hearing shall be posted at least 72 hours prior to the public hearing and shall include the location where the budget will be available for public inspection.

(2) Adopt a budget. Not later than five days after that adoption or by July 1, whichever occurs first, the governing board shall file that budget with the county superintendent of schools. That budget, and supporting data, shall be maintained and made available for public review. If the governing board of the district does not want all or a portion of the property tax requirement levied for the purpose of making payments for the interest and redemption charges on indebtedness as described in paragraph (1) or (2) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, the budget shall include a statement of the amount or portion for which a levy shall not be made.

(b) The county superintendent of schools may accept changes in any statement included in the budget, pursuant to subdivision (a), of the amount or portion for which a property tax levy shall not be made. The county superintendent or the county auditor shall compute the actual amounts to be levied on the property tax rolls of the district for purposes that exceed apportionments to the district pursuant to Sections 95 to 100, inclusive, of the Revenue and Taxation Code. Each school district shall provide all data needed by the county superintendent or the county auditor to compute the amounts. On or before August 15, the county superintendent shall transmit the amounts so computed to the county auditor who shall compute the tax rates necessary to produce the amounts. On or before September 1, the county auditor shall submit the rate so computed to the board of supervisors for adoption.

(c) The county superintendent of schools shall do all of the following:

(1) Examine the adopted budget to determine whether it complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets. The superintendent shall identify, if necessary, any technical corrections that must be made to bring the budget into compliance with those standards and criteria.

(2) Determine whether the adopted budget will allow the district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments.

(d) On or before August 15, the county superintendent of schools shall approve or disapprove the adopted budget for each school district. If, pursuant to the review conducted pursuant to subdivision (c), the superintendent determines that the adopted budget for a school district does not satisfy paragraph (1) or (2) of that subdivision, he or she shall disapprove the budget and, not later than August 15, transmit to the governing board of the school district, in writing, his or her recommendations regarding revision of the budget and the reasons for those recommendations. The county superintendent of schools may assign a fiscal adviser to assist the district to develop a budget in compliance with those revisions. In addition, the county superintendent of schools may appoint a committee to examine and comment on the superintendent's review and recommendations, subject to the requirement that the committee report its findings to the superintendent no later than August 20.

(e) On or before September 8, the governing board of the school district shall revise the adopted budget to reflect changes in projected income or expenditures subsequent to July 1, and to include any response to the recommendations of the county superintendent of schools, shall adopt the revised budget, and shall file the revised budget with the county superintendent of schools. Prior to revising the budget, the governing board shall hold a public

hearing regarding the proposed revisions, to be conducted in accordance with Section 42103. The revised budget, and supporting data, shall be maintained and made available for public review.

(f) On or before September 22, the county superintendent of schools shall provide a list to the Superintendent of Public Instruction identifying all school districts for which budgets may be disapproved.

(g) The county superintendent of schools shall examine the revised budget to determine whether it (1) complies with the standards and criteria adopted by the State Board of Education pursuant to Section 33127 for application to final local educational agency budgets, (2) allows the district to meet its financial obligations during the fiscal year, and (3) is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments, and, not later than October 8, shall approve or disapprove the revised budget. If the county superintendent of schools disapproves the budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1.

(h) Not later than October 8, the county superintendent of schools shall submit a report to the Superintendent of Public Instruction identifying all school districts for which budgets have been disapproved, including a copy of the written response transmitted to each of those districts pursuant to subdivision (d).

(i) Notwithstanding any other provision of this section, the budget review for a school district shall be governed by paragraphs (1), (2), and (3) of this subdivision, rather than by subdivisions (e) and (g), if the governing board of the school district so elects, and notifies the county superintendent in writing of that decision, not later than October 31 of the immediately preceding calendar year. On or before July 1, the governing board of a school district for which the budget review is governed by this subdivision, rather than by subdivisions (e) and (g), shall conduct a public hearing regarding its proposed budget in accordance with Section 42103.

(1) In the event of the disapproval of the adopted budget of a school district pursuant to subdivision (d), on or before September 8, the governing board of the school district, in conjunction with the county superintendent of schools, shall review the superintendent's recommendations at a regular meeting of the governing board and respond to those recommendations. The response shall include any revisions to the adopted budget and other proposed actions to be taken, if any, as a result of those recommendations.

(2) On or before September 22, the county superintendent of schools will provide a list to the Superintendent of Public Instruction identifying all school districts for which a budget may be tentatively disapproved.

(3) Not later than October 8, after receiving the response required under paragraph (1), the county superintendent of schools shall review that response and either approve or disapprove the budget. If the county superintendent of schools disapproves the

budget, he or she shall call for the formation of a budget review committee pursuant to Section 42127.1.

(4) Not later than 45 days after the Governor signs the annual Budget Act, the school district shall make available for public review any revisions in revenues and expenditures that it has made to its budget to reflect the funding made available by that Budget Act.

(j) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (c) to (h), inclusive, but is governed instead by the budget procedures set forth in Section 1622.

SEC. 5. Section 42127.3 of the Education Code is amended to read:

42127.3. (a) If the budget review committee established pursuant to Sections 42127.1 and 42127.2 recommends approval of the school district budget, the county superintendent of schools shall accept the recommendation of the budget review committee and approve the budget.

(b) If the budget review committee established pursuant to Sections 42127.1 and 42127.2 disapproves the school district budget, the school district governing board, not later than five working days after receipt of the report described in paragraph (2) of subdivision (b) of Section 42127.2, may submit a response to the Superintendent of Public Instruction, including any revisions to the adopted final budget and any other proposed actions to be taken as a result of the recommendations of the budget review committee. Based upon the recommendations of the budget review committee, and any response to those recommendations provided by the school district governing board, the Superintendent of Public Instruction shall either approve or disapprove the budget. If the Superintendent of Public Instruction disapproves the budget, he or she shall notify the school district governing board in writing of the reasons for that disapproval and, for the remainder of the current fiscal year, the county superintendent of schools shall do all of the following:

(1) Not later than November 30, develop and adopt, in consultation with the Superintendent of Public Instruction and the school district governing board, a fiscal plan and budget that will govern the district and will allow the district to meet its financial obligations, both in the current fiscal year and with regard to the district's multiyear financial commitments. The governing board of the district shall govern the operation of the district for the current fiscal year in accordance with that adopted budget.

(2) Cancel purchase orders, prohibit the issuance of nonsalary warrants, and otherwise stay or rescind any action that is inconsistent with the budget adopted pursuant to paragraph (1). The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.

(3) Monitor and review the operation of the district.

(c) If, during the selection of the budget review committee or

during the review by the budget review committee, an agreement is reached between the governing board of the school district and the county superintendent of schools, and the school district revises its budget to comply with this agreement, the county superintendent of schools shall approve the district budget and the budget review committee selection, or its review of the budget, shall be canceled.

(d) The school district shall pay reasonable fees charged by the county superintendent of schools for actual administrative expenses incurred pursuant to subdivision (b). The Superintendent of Public Instruction shall develop, and distribute to affected school districts and county offices of education, advisory guidelines regarding the appropriate amount of any fees charged pursuant to this subdivision.

(e) This section shall not be construed to authorize the county superintendent of schools to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools disapproved the budget of the school district pursuant to subdivision (b).

SEC. 6. Section 42131 of the Education Code is amended to read:

42131. (a) (1) Pursuant to the reports required by Section 42130, the governing board of each school district shall certify, in writing, within 45 days after the close of the period being reported, whether or not the school district is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent fiscal year. These certifications shall be based upon the board's assessment, on the basis of standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127, of the district budget, as revised to reflect current information regarding the adopted state budget, district property tax revenues pursuant to Sections 95 to 100, inclusive, of the Revenue and Taxation Code, and ending balances for the preceding fiscal year as reported pursuant to Section 42100. The certifications shall be classified as positive, qualified, or negative, as prescribed by the Superintendent of Public Instruction for the purposes of determining subsequent actions by the Superintendent of Public Instruction, the Controller, or the county superintendent of schools, pursuant to subdivisions (b) and (c). These certifications shall be based upon the financial and budgetary reports required by Section 42130 but may include additional financial information known by the governing board to exist at the time of each certification. For purposes of this subdivision, a negative certification shall be assigned to any school district that, based upon current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or for the subsequent fiscal year. A qualified certification shall be assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification shall be assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years.

(2) A copy of each certification and a copy of the report submitted to the governing board pursuant to Section 42130 shall be filed with the county superintendent of schools. If a county office of education receives a positive certification when it determines a negative or qualified certification should have been filed, the county superintendent of schools shall change the certification to negative or qualified, as appropriate, and, no later than 75 days after the close of the period being reported, shall provide notice of that action to the governing board of the school district and to the Superintendent of Public Instruction. No later than five days after a school district receives notice of a change by the county superintendent of schools in the district's certification to negative or qualified, the governing board of the district may submit an appeal to the Superintendent of Public Instruction regarding the validity of that change, in accordance with the criteria applied to those designations pursuant to this subdivision. No later than 30 days after receiving that appeal, the Superintendent of Public Instruction shall determine the certification to be assigned to the district, and shall notify the school district governing board and the county superintendent of schools of that determination.

Copies of any certification in which the governing board is unable to certify unqualifiedly that these financial obligations will be met and a copy of the report submitted to the governing board pursuant to Section 42130 shall be sent to the Controller and the Superintendent of Public Instruction at the time of the certification, together with a completed transmittal form provided by the Superintendent of Public Instruction. Within 75 days after the close of the reporting period on all school district certifications that are classified as qualified or negative pursuant to this section, the appropriate county superintendent of schools shall submit to the Superintendent of Public Instruction and the Controller his or her comments on those certifications and report any action proposed or taken pursuant to subdivision (b).

(3) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent of Public Instruction, and shall be based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127.

(4) This subdivision shall not preclude the submission of additional budgetary or financial reports by the county superintendent of schools to the district governing board, or to the Superintendent of Public Instruction.

(b) As to any school district having a negative or qualified certification, the county superintendent of schools may do one or more of the following:

(1) Exercise the authority granted in Section 42637, in accordance with the provisions of that section.

(2) Direct the district to submit to the county superintendent of schools a proposal for addressing the fiscal conditions that resulted in

the negative or qualified certification.

(3) As to any school district having a negative certification, exercise the authority granted in subdivision (c) of Section 42127.6, in accordance with the provisions of that section.

(c) Whenever a district governing board transmits to the Controller and the Superintendent of Public Instruction a qualified or negative certification as required by subdivision (a), the Superintendent of Public Instruction, in cooperation with the Controller's office, shall review the certification and the attached report together with the comments of the county superintendent of schools and any other pertinent information available to them, and shall review the actions proposed or taken by the county superintendent of schools pursuant to subdivision (b). After consulting with the county superintendent of schools, the Superintendent of Public Instruction, in cooperation with the Controller's office, may take the following actions, or other actions as appropriate:

(1) With respect to qualified certifications, direct the county superintendent of schools to exercise his or her authority as prescribed in Section 42637.

(2) With respect to negative certifications, conduct an onsite review, direct the county superintendent of schools to exercise the authority granted in Section 42637 or in subdivision (c) of Section 42127.6, or direct the district to prepare alternative plans for resolving the identified fiscal problems.

(d) Within 75 days after the close of each reporting period, each county superintendent of schools shall report to the Controller and the Superintendent of Public Instruction as to whether the governing board of each of the school districts under his or her jurisdiction has submitted the certification required by subdivision (a). That report shall account for all districts under the jurisdiction of the county office of education and indicate the type of certification filed by each district.

(e) The Controller's office may conduct an audit or review of the fiscal condition of any district having a negative or qualified certification.

(f) The governing board of each school district that files a qualified or negative certification for the second report required for any fiscal year under Section 42130, or for which the second report is classified as qualified or negative by the county superintendent of schools, shall provide to the county superintendent of schools, the Controller, and the Superintendent of Public Instruction no later than June 1, a financial statement that projects the fund and cash balances of the district as of June 30. The governing boards of all other school districts are encouraged to develop a similar financial statement for use in developing the beginning fund balances of the district for the ensuing fiscal year.

(g) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (a) to (f),

inclusive, but is governed instead by the interim report, monitoring, and review procedures set forth in subdivision (j) of Section 1240 and in Article 2 (commencing with Section 1620) of Chapter 5 of Part 2.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 924

An act to amend Sections 1240, 1240.1, 1624, 42127.3, 42127.8, 42127.9, 42128, and 42131 of, to add Sections 41020.8, 41322, 42120, and 42652 to, and to repeal and add Sections 1630 and 42127.6 of, the Education Code, and to add Section 3540.2 to the Government Code, relating to education, and making an appropriation therefor.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1240 of the Education Code is amended to read:

1240. The superintendent of schools of each county shall:

(a) Superintend the schools of his or her county.

(b) Visit and examine each school in his or her county at reasonable intervals to observe its operation and to learn of its problems. He or she may annually present a report of the state of the schools in his or her county, and of his or her office, including, but not limited to, his or her observations while visiting the schools, to the board of education and the board of supervisors of his or her county.

(c) Distribute all laws, reports, circulars, instructions, and blanks that he or she may receive for the use of the school officers.

(d) Keep in his or her office the reports of the Superintendent of Public Instruction.

(e) Keep a record of his or her official acts, and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants for certificates who have been examined, which shall be open to the inspection of any

applicant or his or her authorized agent.

(f) Enforce the course of study.

(g) Enforce the use of state textbooks and of high school textbooks regularly adopted by the proper authority.

(h) Preserve carefully all reports of school officers and teachers.

(i) Deliver to his or her successor, at the close of his or her official term, all records, books, documents, and papers belonging to the office, taking a receipt for them, which shall be filed with the State Department of Education.

(j) Submit two reports during the fiscal year to the county board of education in accordance with the following:

(1) The first report shall cover the financial and budgetary status of the county office of education for the period ending October 31. The second report shall cover the period ending January 31. Both reports shall be reviewed by the county board of education and approved by the county superintendent of schools no later than 45 days after the close of the period being reported.

(2) As part of each report, the superintendent shall certify in writing whether or not the county office of education is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent fiscal year. The certifications shall be classified as positive, qualified, or negative, pursuant to standards prescribed by the Superintendent of Public Instruction, for the purposes of determining subsequent state agency actions pursuant to Section 1240.1. For purposes of this subdivision, a negative certification shall be assigned to any county office of education that, based upon current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or for the subsequent fiscal year. A qualified certification will be assigned to any county office of education that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification will be assigned to any county office of education that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. In accordance with those standards, the Superintendent of Public Instruction may reclassify any certification. If a county office of education receives a negative certification, the Superintendent of Public Instruction, or his or her designee, may exercise the authority set forth in subdivision (c) of Section 1630. Copies of each certification, and of the report containing that certification, shall be sent to the Superintendent of Public Instruction at the time the certification is submitted to the county board of education. Copies of each qualified or negative certification, and of the report containing that certification, shall be sent to the Controller at the time the certification is submitted to the county board of education.

(3) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent of Public Instruction, and shall be based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to

Section 33127. The reports, and supporting data, shall be made available by the county superintendent of schools to any interested party upon request.

(4) This subdivision does not preclude the submission of additional budgetary or financial reports by the superintendent to the county board of education or to the Superintendent of Public Instruction.

(k) When so requested, act as agent for the purchase of supplies for the city and high school districts of his or her county.

(*l*) For purposes of Section 44421.5, report to the Commission on Teacher Credentialing the identity of any certificated person who knowingly and willingly reports false fiscal expenditure data relative to the conduct of any educational program. This requirement applies only if, in the course of his or her normal duties, the county superintendent of schools discovers information that gives him or her reasonable cause to believe that false fiscal expenditure data relative to the conduct of any educational program has been reported.

SEC. 2. Section 1240.1 of the Education Code is amended to read:

1240.1. Whenever a county superintendent of schools transmits to the Controller and the Superintendent of Public Instruction a qualified or negative certification as required by subdivision (j) of Section 1240, the State Department of Education, in cooperation with the Controller's office, shall review the certification and the attached report and any other pertinent information, and the Superintendent of Public Instruction shall exercise his or her authority pursuant to Section 1630.

SEC. 3. Section 1624 of the Education Code is amended to read:

1624. (a) If the budget review committee established pursuant to Section 1623 disapproves the budget of the county office of education, within five working days following the receipt of the committee's report, the county superintendent of schools and the county board of education may submit a response to the Superintendent of Public Instruction, including any revisions to the adopted budget and any other proposed action to be taken as a result of the recommendations of the budget review committee.

(b) Based upon the recommendations of the budget review committee provided pursuant to subdivision (c) of Section 1623, and any response provided pursuant to subdivision (a), the Superintendent of Public Instruction shall either approve or disapprove the budget of the county office of education. If the Superintendent of Public Instruction disapproves the budget, the superintendent or his or her designee may do any of the following for the remainder of the current fiscal year:

(1) On or before November 30, develop and adopt, in consultation with the county superintendent of schools and the county board of education, a fiscal plan and budget for the county office of education that will allow the county office of education to meet its financial obligations both in the budget year and with regard to the multiyear financial commitments. The county board of education and the

county superintendent of schools shall govern the operation of the county office of education for the budget year in accordance with that fiscal plan and budget. The deadline set forth in this paragraph shall be modified to reflect any extension granted under subdivision (d) of Section 1623.

(2) Cancel purchase orders, prohibit the issuance of nonsalary warrants, and otherwise stay or rescind any action that is inconsistent with the fiscal plan and budget adopted pursuant to paragraph (1). The Superintendent of Public Instruction shall inform the county board of education and the county superintendent of schools in writing of his or her justification for any exercise of authority under this paragraph.

(3) Monitor and review the operation of the county office of education.

(4) Determine the need for additional staff and may employ, at county office of education expense, short-term analytical assistance or expertise to validate financial information if the district staff does not have the expertise or staff.

(5) Require the county office of education to encumber all contracts and other obligations, to prepare appropriate cash flow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(6) Determine whether there are any financial problem areas and may employ, at county office of education expense a certified public accounting firm to investigate financial problem areas.

(7) Withhold compensation of the members of the county board of education and the county superintendent for failure to provide requested financial information.

(c) The county office of education shall pay reasonable fees charged by the Superintendent of Public Instruction for actual administrative expenses incurred pursuant to subdivision (b), or costs associated with improving the county office of education's financial management practices.

(d) This section shall not be construed to authorize the Superintendent of Public Instruction to abrogate any provision of a collective bargaining agreement that was entered into by a county office of education prior to the date upon which the Superintendent of Public Instruction disapproved the budget of the county office of education pursuant to subdivision (b).

(e) As he or she deems necessary for the purposes set forth in subdivision (b), the Superintendent of Public Instruction may seek from the county office of education, or otherwise obtain, additional information regarding the budget or operations of the county office of education, through a financial or management review of the county office of education, a cash-flow projection, or other appropriate means.

SEC. 4. Section 1630 of the Education Code is repealed.

SEC. 5. Section 1630 is added to the Education Code, to read:

1630. (a) If at any time during the fiscal year the Superintendent

of Public Instruction determines that the county office of education may be unable to meet its financial obligations for the current or two subsequent fiscal years or if the county office has a qualified or negative certification pursuant to Section 1240, he or she shall notify the county board of education and the county superintendent in writing of that determination, the basis for the determination, and shall do the following, as necessary, to ensure that the county office meets its financial obligations:

(1) Assign a fiscal expert, paid for by the Superintendent of Public Instruction, to advise the county office on its financial problems.

(2) Conduct a study of the financial and budgetary conditions of the county office. If, in the course of this review, the Superintendent of Public Instruction determines that his or her office requires analytical assistance or expertise that is not available through the county office, he or she may employ, at county office expense, on a short-term basis, staff, including certified public accountants, to provide the assistance and expertise.

(3) Direct the county office to submit a financial projection of all fund and cash balances of the county office as of June 30 of the current year and subsequent fiscal years as he or she requires.

(4) Require the county office to encumber all contracts and other obligations, to prepare appropriate cash flow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(5) Direct the county office to submit a proposal for addressing the fiscal conditions that resulted in the determination that the county office may not be able to meet its financial obligations.

(6) Withhold compensation of the county board of education and the county superintendent for failure to provide requested financial information.

(b) If, after taking the actions identified in subdivision (a), the Superintendent of Public Instruction determines that a county office will be unable to meet its financial obligations for the current or subsequent fiscal year, he or she shall notify the county board of education and the county superintendent in writing of that determination and the basis for that determination.

(c) If the Superintendent of Public Instruction makes that determination, or if the county office has a negative certification pursuant to Section 1240, the Superintendent of Public Instruction, shall, as necessary to enable the county office to meet its financial obligations, do one or more of the following:

(1) Develop and impose, in consultation with the county office governing board and the county superintendent, revisions to the county office budget that will enable the district to meet its financial obligations.

(2) Stay or rescind any action that is inconsistent with any revision adopted pursuant to paragraph (1). The Superintendent of Public Instruction shall inform the county office governing board in writing of his or her justification for any exercise of authority under this

paragraph.

(d) This section does not authorize the Superintendent of Public Instruction to abrogate any provision of a collective bargaining agreement that was entered into by a county office prior to the date upon which the Superintendent of Public Instruction assumed authority pursuant to subdivision (c).

(e) The county office shall pay reasonable fees charged by the Superintendent of Public Instruction for any administrative expenses incurred pursuant to subdivision (c) or costs associated with improving the office's financial management practices.

(f) Notwithstanding any other provision of law, a county treasurer shall not honor any warrant when the Superintendent of Public Instruction, as appropriate, has disapproved that warrant, or has disapproved the order on county office funds for which a warrant was prepared.

(g) For any purpose of errors and liability insurance, a fiscal expert appointed pursuant to this section shall be deemed to be an employee of the county office of education.

(h) If staff are hired pursuant to paragraph (2) of subdivision (a), the Superintendent of Public Instruction may certify to the Controller an amount to be transferred to the State Department of Education, from the funds that otherwise would be apportioned to the county office of education pursuant to Section 2558, for the purpose of paying all costs incurred by that staff in performing their respective services. The Controller, upon receipt of that certification, shall transfer that amount.

SEC. 6. Section 41020.8 is added to the Education Code, to read:

41020.8. Notwithstanding any other provision of law, the auditor conducting the annual audit pursuant to Section 41020 shall, upon request, provide the county superintendent or the Superintendent of Public Instruction with fiscal information on a school district within his or her jurisdiction if the county superintendent of schools determines, pursuant to Section 42127.6, that a school district may not be able to meet its obligations of the current or subsequent fiscal year. Information provided by an auditor to a county superintendent or the Superintendent of Public Instruction pursuant to this section shall be submitted simultaneously to the named district and shall not constitute a violation of auditor-client confidentiality.

SEC. 7. Section 41322 is added to the Education Code, to read:

41322. (a) If a trustee has been appointed over a school district pursuant to Section 41320.1, the trustee may stay or rescind the actions of the personnel commission of the school district if a personnel commission exists.

(b) If an administrator has been appointed over a school district pursuant to Section 41326, the administrator shall suspend the actions of the personnel commission of the school district if a personnel commission exists.

SEC. 8. Section 42120 is added to the Education Code, to read:

42120. If the county board of education neglects or refuses to

make a county office of education budget in the manner as prescribed by this article, the Superintendent of Public Instruction shall not make any apportionment of state or federal money for that particular county office of education for the current fiscal year, and the Superintendent of Public Instruction shall notify the appropriate county official that he or she shall not approve any warrants issued by the county office of education.

SEC. 9. Section 42127.3 of the Education Code is amended to read:

42127.3. (a) If the budget review committee established pursuant to Sections 42127.1 and 42127.2 recommends approval of the school district budget, the county superintendent of schools shall accept the recommendation of the budget review committee and approve the budget.

(b) If the budget review committee established pursuant to Sections 42127.1 and 42127.2 disapproves the school district budget, the school district governing board, not later than five working days after receipt of the report described in paragraph (2) of subdivision (b) of Section 42127.2, may submit a response to the Superintendent of Public Instruction, including any revisions to the adopted final budget and any other proposed actions to be taken as a result of the recommendations of the budget review committee. Based upon the recommendations of the budget review committee, and any response to those recommendations provided by the school district governing board, the Superintendent of Public Instruction shall either approve or disapprove the budget. If the Superintendent of Public Instruction disapproves the budget, he or she shall notify the school district governing board in writing of the reasons for that disapproval and, for the remainder of the current fiscal year, the county superintendent of schools shall do all of the following:

(1) Not later than November 30, develop and adopt, in consultation with the Superintendent of Public Instruction and the school district governing board, a fiscal plan and budget that will govern the district and will allow the district to meet its financial obligations, both in the current fiscal year and with regard to the district's multiyear financial commitments. The governing board of the district shall govern the operation of the district for the current fiscal year in accordance with that adopted budget.

(2) Cancel purchase orders, prohibit the issuance of nonsalary warrants, and otherwise stay or rescind any action that is inconsistent with the budget adopted pursuant to paragraph (1). The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.

(3) Monitor and review the operation of the district.

(4) Determine the need for additional staff and may employ, subject to approval by the Superintendent of Public Instruction, short-term analytical assistance or expertise to validate financial information if the district staff does not have the expertise or staff.

(5) Require the district to encumber all contracts and other obligations, to prepare appropriate cash flow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(6) Determine whether there are any financial problem areas and may employ, subject to approval by the Superintendent of Public Instruction, a certified public accounting firm to investigate financial problem areas.

(7) Withhold compensation of the members of the governing board and the district superintendent for failure to provide requested financial information. A forfeiture may be appealed to the Superintendent of Public Instruction pursuant to subdivision (b) of Section 42127.6.

(c) If, during the selection of the budget review committee or during the committee's review of the budget, an agreement is reached between the governing board of the school district and the county superintendent of schools, and the school district revises its budget to comply with this agreement, the county superintendent of schools shall approve the district budget and the budget review committee selection, or its review of the budget, shall be canceled.

(d) The school district shall pay 75 percent and the county office of education shall pay 25 percent of the actual administrative expenses incurred pursuant to subdivision (b), or costs associated with improving the district's financial management practices. The Superintendent of Public Instruction shall develop, and distribute to affected school districts and county offices of education, advisory guidelines regarding the appropriate amount of any fees charged pursuant to this subdivision.

(e) This section shall not be construed to authorize the county superintendent of schools to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools disapproved the budget of the school district pursuant to subdivision (b).

SEC. 10. Section 42127.6 of the Education Code is repealed.

SEC. 11. Section 42127.6 is added to the Education Code, to read:

42127.6. (a) If at any time during the fiscal year the county superintendent of schools determines that a school district may be unable to meet its financial obligations for the current or two subsequent fiscal years or if a school district has a qualified or negative certification pursuant to Section 42131, he or she shall notify the school district governing board and the Superintendent of Public Instruction in writing of that determination, the basis for the determination, and shall do the following, as necessary, to ensure that the district meets it financial obligations:

(1) Assign a fiscal expert, paid for by the county superintendent, to advise the district on its financial problems.

(2) Conduct a study of the financial and budgetary conditions of the district. If, in the course of this review, the county

superintendent determines that his or her office requires analytical assistance or expertise that is not available through the district, he or she may employ, on a short-term basis, with the approval of the Superintendent of Public Instruction, staff, including certified public accountants, to provide the assistance and expertise. The school district shall pay 75 percent and the county office of education shall pay 25 percent of these staff costs.

(3) Direct the school district to submit a financial projection of all fund and cash balances of the district as of June 30 of the current year and subsequent fiscal years as he or she requires.

(4) Require the district to encumber all contracts and other obligations, to prepare appropriate cash flow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(5) Direct the district to submit a proposal for addressing the fiscal conditions that resulted in the determination that the district may not be able to meet its financial obligations.

(6) Withhold compensation of the members of the governing board and the district superintendent for failure to provide requested financial information. This action may be appealed to the Superintendent of Public Instruction pursuant to subdivision (b).

Any contract entered into by a county superintendent of schools for the purposes of this subdivision is subject to the approval of the Superintendent of Public Instruction.

(b) Within five days of the county superintendent making the determination specified in subdivision (a), a school district may appeal the basis of the determination, and any of the proposed actions that the county superintendent has indicated that he or she will take to further examine the financial condition of the district. The Superintendent of Public Instruction shall sustain or deny any or all parts of the appeal within 10 days.

(c) If, after taking the actions identified in subdivision (a), the county superintendent determines that a district will be unable to meet its financial obligations for the current or subsequent fiscal year, he or she shall notify the school district governing board and the Superintendent of Public Instruction in writing of that determination and the basis for that determination.

(d) Within five days of the county superintendent making the determination specified in subdivision (c), a school district may appeal that determination to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall sustain or deny the appeal within 10 days.

(e) If the appeal described in subdivision (d) is denied or the district has a negative certification pursuant to Section 42131, the county superintendent, in consultation with the Superintendent of Public Instruction, shall, as necessary to enable the district to meet its financial obligation, do one or more of the following:

(1) Develop and impose, in consultation with the Superintendent of Public Instruction and the school district governing board,

revisions to the school district budget that will enable the district to meet its financial obligations.

(2) Stay or rescind any action that is inconsistent with any revision adopted pursuant to paragraph (1). The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.

(f) This section does not authorize the county superintendent to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools assumed authority pursuant to subdivision (e).

(g) The school district shall pay 75 percent and the county office of education shall pay 25 percent of the administrative expenses incurred pursuant to subdivision (e) or costs associated with improving the district's financial management practices. The Superintendent of Public Instruction shall develop, and distribute to affected school districts and county offices of education, advisory guidelines regarding the appropriate amount of administrative expenses charged pursuant to this subdivision.

(h) Notwithstanding Section 42647 or 42650, or any other provision of law, a county treasurer shall not honor any warrant when, pursuant to Sections 42127 to 42127.6, inclusive, the county superintendent of schools or the Superintendent of Public Instruction, as appropriate, has disapproved that warrant, or has disapproved the order on school district funds for which a warrant was prepared.

SEC. 12. Section 42127.8 of the Education Code is amended to read:

42127.8. (a) The governing board provided for in subdivision (b) shall establish a unit to be known as the County Office Fiscal Crisis and Management Assistance Team. The team shall consist of persons having extensive experience in school district budgeting, accounting, data processing, risk management, food services, pupil transportation, purchasing and warehousing, facilities maintenance and operation, personnel administration, organization, and staffing. The Superintendent of Public Instruction may appoint one employee of the State Department of Education to serve on the unit. The unit shall be operated under the immediate direction of an appropriate county office of education selected jointly, in response to an application process, by the Superintendent of Public Instruction and the Secretary of Child Development and Education.

(b) The unit established under subdivision (a) shall be selected and governed by an eleven-member governing board consisting of one representative chosen by the California Association of County Superintendents of Schools from each of the 10 county service regions designated by the association, and one representative from the State Department of Education chosen by the Superintendent of Public Instruction.

(c) The Superintendent of Public Instruction may request the unit to provide the assistance described in subdivision (b) of Section 1624, Section 1630, Section 33132, subdivision (b) of Section 42127.3, subdivision (c) of Section 42127.6, and Section 42127.9, and to review the fiscal and administrative condition of any county office of education.

(d) In addition to the functions described in subdivision (c), the unit shall provide management assistance at the request of any school district or county office of education. Each district or county office of education receiving that assistance shall be required to pay the onsite personnel costs and travel costs incurred by the unit for that purpose, pursuant to rates determined by the governing board established under subdivision (b). The governing board annually shall distribute rate information to each school district and county office of education.

(e) The governing board shall reserve not less than 25 percent, nor more than 50 percent, of its revenues each year for expenditure for the costs of contracts and professional services as management assistance to school districts or county offices of education in which the board determines a fiscal emergency to exist.

(f) The governing board established under subdivision (b) may levy an annual assessment against each county office of education that elects to participate under this section in an amount not to exceed twenty cents ($0.20) per unit of total average daily attendance for all school districts within the county. The revenues collected pursuant to that assessment shall be applied to the expenses of the unit.

(g) The governing board established under subdivision (b) may pay to the State Department of Education, from any available funds, a reasonable amount to reimburse the department for actual administrative expenses incurred in the review of the budgets and fiscal conditions of school districts and county offices of education.

(h) When employed as a fiscal advisor by the State Department of Education pursuant to Section 1630, employees of the unit established pursuant to subdivision (a) shall be considered employees of the state department for purposes of errors and omissions liability insurance.

SEC. 13. Section 42127.9 of the Education Code is amended to read:

42127.9. (a) No later than five days after a school district receives notice of any change or changes adopted by the county superintendent of schools in the district's budget pursuant to subdivision (b) of Section 42127.3, subdivision (e) of Section 42127.6, or subdivision (b) of Section 42131, the governing board of the district may submit an appeal to the Superintendent of Public Instruction, based upon the contention that the change or changes would do one or more of the following:

(1) Exceed the financial or program changes necessary to allow the district to meet its financial obligations in the current fiscal year

and with regard to its multiyear financial commitments. It is the intent of the Legislature that any change or changes adopted by the county superintendent of schools in a school district's budget minimize, to the extent possible, any impact upon the educational program of the district.

(2) Require reductions that are unnecessary in view of other reductions that are proposed by the governing board of the district and that reasonably can be expected to be realized.

(3) Make one or more changes in the district's operations that are inconsistent with any provision of state or federal law.

(b) No later than five days after receiving that appeal, the Superintendent of Public Instruction shall deny or uphold the appeal. If the appeal is denied, the district shall implement the change or changes adopted by the county superintendent of schools. If the appeal is upheld, the Superintendent of Public Instruction may revise the change or changes adopted by the county superintendent of schools or issue guidelines governing the manner in which the governing board of the district or the county superintendent of schools shall be required to change the district budget.

SEC. 14. Section 42128 of the Education Code is amended to read:

42128. If the governing board of any school district neglects or refuses to make a school district budget as prescribed by this article, the county superintendent of schools shall not make any apportionment of state or county school money for the particular school district for the current school year, and the county superintendent shall notify the appropriate county official that he or she shall not approve any warrants issued by the school district.

SEC. 15. Section 42131 of the Education Code is amended to read:

42131. (a) (1) Pursuant to the reports required by Section 42130, the governing board of each school district shall certify, in writing, within 45 days after the close of the period being reported, whether or not the school district is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent fiscal year. These certifications shall be based upon the board's assessment, on the basis of standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127, of the district budget, as revised to reflect current information regarding the adopted state budget, district property tax revenues pursuant to Sections 95 to 100, inclusive, of the Revenue and Taxation Code, and ending balances for the preceding fiscal year as reported pursuant to Section 42100. The certifications shall be classified as positive, qualified, or negative, as prescribed by the Superintendent of Public Instruction for the purposes of determining subsequent actions by the Superintendent of Public Instruction, the Controller, or the county superintendent of schools, pursuant to subdivisions (b) and (c). These certifications shall be based upon the financial and budgetary reports required by Section 42130 but may include additional financial information known by the governing board to exist at the time of each certification. For

purposes of this subdivision, a negative certification shall be assigned to any school district that, based upon current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year. A qualified certification shall be assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification shall be assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years.

(2) A copy of each certification and a copy of the report submitted to the governing board pursuant to Section 42130 shall be filed with the county superintendent of schools. If a county office of education receives a positive certification when it determines a negative or qualified certification should have been filed, the county superintendent of schools shall change the certification to negative or qualified, as appropriate, and, no later than 75 days after the close of the period being reported, shall provide notice of that action to the governing board of the school district and to the Superintendent of Public Instruction. No later than five days after a school district receives notice of a change by the county superintendent of schools in the district's certification to negative or qualified, the governing board of the district may submit an appeal to the Superintendent of Public Instruction regarding the validity of that change, in accordance with the criteria applied to those designations pursuant to this subdivision. No later than 10 days after receiving that appeal, the Superintendent of Public Instruction shall determine the certification to be assigned to the district, and shall notify the school district governing board and the county superintendent of schools of that determination.

Copies of any certification in which the governing board is unable to certify unqualifiedly that these financial obligations will be met and a copy of the report submitted to the governing board pursuant to Section 42130 shall be sent to the Controller and the Superintendent of Public Instruction at the time of the certification, together with a completed transmittal form provided by the Superintendent of Public Instruction. Within 75 days after the close of the reporting period on all school district certifications that are classified as qualified or negative pursuant to this section, the appropriate county superintendent of schools shall submit to the Superintendent of Public Instruction and the Controller his or her comments on those certifications and report any action proposed or taken pursuant to subdivision (b).

(3) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent of Public Instruction, and shall be based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127.

(4) This subdivision shall not preclude the submission of additional budgetary or financial reports by the county

superintendent of schools to the district governing board, or to the Superintendent of Public Instruction.

(b) As to any school district having a negative or qualified certification, the county superintendent of schools shall exercise his or her authority pursuant to Section 42127.6.

(c) Within 75 days after the close of each reporting period, each county superintendent of schools shall report to the Controller and the Superintendent of Public Instruction as to whether the governing board of each of the school districts under his or her jurisdiction has submitted the certification required by subdivision (a). That report shall account for all districts under the jurisdiction of the county office of education and indicate the type of certification filed by each district.

(d) The Controller's office may conduct an audit or review of the fiscal condition of any district having a negative or qualified certification.

(e) The governing board of each school district that files a qualified or negative certification for the second report required for any fiscal year under Section 42130, or for which the second report is classified as qualified or negative by the county superintendent of schools, shall provide to the county superintendent of schools, the Controller, and the Superintendent of Public Instruction no later than June 1, a financial statement that projects the fund and cash balances of the district as of June 30. The governing boards of all other school districts are encouraged to develop a similar financial statement for use in developing the beginning fund balances of the district for the ensuing fiscal year.

(f) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (a) to (f), inclusive, but is governed instead by the interim report, monitoring, and review procedures set forth in subdivision (j) of Section 1240 and in Article 2 (commencing with Section 1620) of Chapter 5 of Part 2.

SEC. 16. Section 42652 is added to the Education Code, to read:

42652. (a) The approval of a school district to draw all warrants on the county treasury pursuant to Section 42647 may be revoked or suspended by the Superintendent of Public Instruction for any school district that has a qualified or negative certification pursuant to Section 42131.

(b) The approval of a school district to draw warrants on the county treasury pursuant to Section 42650 may be revoked or suspended by the county superintendent of schools for any school district that has a qualified or negative certification pursuant to Section 42131.

SEC. 17. Section 3540.2 is added to the Government Code, to read:

3540.2. (a) A school district that has a qualified or negative certification pursuant to Section 42131 of the Education Code shall allow the county office of education in which the school district is located at least six working days to review and comment on any

proposed agreement made between the exclusive representative and the public school employer, or designated representatives of the employer, pursuant to this chapter. The appropriate parties shall provide the county superintendent of schools with all information relevant to yield an understanding of the financial impact of that agreement.

(b) The Superintendent of Public Instruction shall develop standardized forms for use by the appropriate parties in generating the financial information required pursuant to subdivision (a).

(c) The county superintendent of schools shall notify the school district publicly within those six days if, in his or her opinion, the agreement reviewed pursuant to subdivision (a) would endanger the fiscal well-being of the school district.

SEC. 18. The sum of nine million four hundred fifty-one thousand two hundred fifty-nine dollars ($9,451,259) is hereby appropriated from the General Fund to Section A of the State School Fund, without regard to fiscal year, for apportionment by the Superintendent of Public Instruction to the Compton Unified School District for the purpose of an emergency loan. In order to qualify for the loan, the district shall comply with the terms and conditions set forth in Chapter 78 of the Statutes of 1993 and Article 2.5 (commencing with Section 41325) of Chapter 3 of Part 24 of the Education Code. The funds appropriated in this section shall be expended by the district according to the following schedule:

(a) Capital Facilities Fund	$ 900,790
(b) Deductible Insurance Fund	$1,277,000
(c) Worker's Compensation Fund	$2,692,000
(d) Payroll Clearance Fund	$1,212,000
(e) Child Development Fund	$ 69,469
(f) General Restricted Fund	$3,300,000

SEC. 19. Due to the unique circumstances relating to the Compton Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 20. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs that are in accordance with the request of a local agency or school district which desired legislative authority to carry out the programs specified in this act.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state in addition to those costs that are in accordance with the request of a local agency or school district, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars

($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 925

An act to amend Section 575.1 of, and to add Section 575.6 to, the Code of Civil Procedure, and to amend Section 68070 of the Government Code, relating to courts.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 575.1 of the Code of Civil Procedure is amended to read:

575.1. (a) The presiding judge of each superior, municipal, and justice court may prepare, with the assistance of appropriate committees of the court, proposed local rules designed to expedite and facilitate the business of the court. The rules need not be limited to those actions on the civil active list, but may provide for the supervision and judicial management of actions from the date they are filed. Rules prepared pursuant to this section shall be submitted for consideration to the judges of the court and, upon approval by a majority of the judges, the judges shall have the proposed rules published and submitted to the local bar and others, as specified by the Judicial Council, for consideration and recommendations.

(b) After a majority of the judges have officially adopted the rules, 61 copies or a greater number as specified by Judicial Council rule, shall be filed with the Judicial Council as required by Section 68071 of the Government Code. The Judicial Council shall deposit a copy of each rule and amendment with each county law library or county clerk where it shall be made available for public examination. The local rules shall also be published for general distribution in accordance with rules adopted by the Judicial Council. Each court shall make its local rules available for inspection and copying in every location of the court that generally accepts filing of papers. The court may impose a reasonable charge for copying the rules and may impose a reasonable page limit on copying. The rules shall be accompanied by a notice indicating where a full set of the rules may be purchased.

(c) If a judge of a court adopts a rule which applies solely to cases in that judge's courtroom, or a particular branch or district of a court adopts a rule that applies solely to cases in that particular branch or

district of a court, the court shall publish these rules as part of the general publication of rules required by the California Rules of Court. The court shall organize the rules so that rules on a common subject, whether individual, branch, district, or courtwide appear sequentially. Individual judges' rules and branch and district rules are local rules of court for purposes of this section and for purposes of the adoption, publication, comment, and filing requirements set forth in the Judicial Council rules applicable to local court rules.

SEC. 2. Section 575.6 is added to the Code of Civil Procedure, to read:

575.6. Notwithstanding Section 575.5, the superior court of each county shall adopt a rule enabling the appearance of counsel by telephone at trial setting conferences in civil cases. A local rule adopted pursuant to this section may require the personal appearance of counsel at a civil trial setting conference for good cause stated.

SEC. 3. Section 68070 of the Government Code is amended to read:

68070. (a) Every court may make rules for its own government and the government of its officers not inconsistent with law or with the rules adopted and prescribed by the Judicial Council. These rules shall not:

(1) Impose any tax, charge, or penalty upon any legal proceeding, or for filing any pleading allowed by law.

(2) Give any allowance to any officer for services.

(b) The Judicial Council shall adopt rules or procedures to encourage uniformity of requirements throughout a court and statewide. The subjects on which uniformity should be sought shall include, but are not limited to, (1) the form of papers, (2) limitations on the filing of papers, (3) rules relating to law and motion, and (4) requirements concerning documents to be filed at or prior to trial.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 926

An act to amend Sections 6086.13 and 17204 of the Business and Professions Code, to amend Sections 575.1, 712.020, 1094.6, 1987.5, 2020, and 2025 of, and to repeal Section 1167.6 of, the Code of Civil Procedure, and to amend Sections 6259 and 26800 of the Government Code, relating to civil remedies.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6086.13 of the Business and Professions Code is amended to read:

6086.13. (a) Any order of the Supreme Court imposing suspension or disbarment of a member of the State Bar, or accepting a resignation with a disciplinary matter pending may include an order that the member pay a monetary sanction not to exceed five thousand dollars ($5,000) for each violation, subject to a total limit of fifty thousand dollars ($50,000).

(b) Monetary sanctions collected under subdivision (a) shall be deposited into the Client Security Fund.

(c) The State Bar shall, with the approval of the Supreme Court, adopt rules setting forth guidelines for the imposition and collection of monetary sanctions under this section.

(d) The authority granted under this section is in addition to the provisions of Section 6086.10 and any other authority to impose costs or monetary sanctions.

(e) Monetary sanctions imposed under this section shall not be collected to the extent that the collection would impair the collection of criminal penalties or civil judgments arising out of transactions connected with the discipline of the attorney. In the event monetary sanctions are collected under this section and criminal penalties or civil judgments arising out of transactions connected with the discipline of the attorney are otherwise uncollectible, those penalties or judgments may be reimbursed from the Client Security Fund to the extent of the monetary sanctions collected under this section.

SEC. 2. Section 17204 of the Business and Professions Code is amended to read:

17204. Actions for any relief pursuant to this chapter shall be prosecuted exclusively in a court of competent jurisdiction by the Attorney General or any district attorney or by any county counsel authorized by agreement with the district attorney in actions involving violation of a county ordinance, or any city attorney of a city, or city and county, having a population in excess of 750,000, and, with the consent of the district attorney, by a city prosecutor in any city having a full-time city prosecutor or, with the consent of the district attorney, by a city attorney in any city and county in the

name of the people of the State of California upon their own complaint or upon the complaint of any board, officer, person, corporation or association or by any person acting for the interests of itself, its members or the general public.

SEC. 3. Section 575.1 of the Code of Civil Procedure is amended to read:

575.1. (a) The presiding judge of each superior or municipal court may prepare with the assistance of appropriate committees of the court, proposed local rules designed to expedite and facilitate the business of the court. The rules need not be limited to those actions on the civil active list, but may provide for the supervision and judicial management of actions from the date they are filed. Rules prepared pursuant to this section shall be submitted for consideration to the judges of the court and, upon approval by a majority of the judges, the judges shall have the proposed rules published and submitted to the local bar for consideration and recommendations.

(b) After a majority of the judges have officially adopted the rules, 61 copies shall be filed with the Judicial Council as required by Section 68071 of the Government Code. The Judicial Council shall deposit a copy of each rule and amendment with each county law library or county clerk where it shall be made available for public examination. The local rules shall also be published for general distribution.

(c) Rules adopted pursuant to this section shall not be inconsistent with law or with the rules adopted and prescribed by the Judicial Council. The clerk of the court may charge a reasonable fee to persons requesting copies of the local rules, to cover the cost of reproduction and distribution.

SEC. 3.5. Section 575.1 of the Code of Civil Procedure is amended to read:

575.1. (a) The presiding judge of each superior, municipal, and justice court may prepare, with the assistance of appropriate committees of the court, proposed local rules designed to expedite and facilitate the business of the court. The rules need not be limited to those actions on the civil active list, but may provide for the supervision and judicial management of actions from the date they are filed. Rules prepared pursuant to this section shall be submitted for consideration to the judges of the court and, upon approval by a majority of the judges, the judges shall have the proposed rules published and submitted to the local bar and others, as specified by the Judicial Council, for consideration and recommendations.

(b) After a majority of the judges have officially adopted the rules, 61 copies or a greater number as specified by Judicial Council rule, shall be filed with the Judicial Council as required by Section 68071 of the Government Code. The Judicial Council shall deposit a copy of each rule and amendment with each county law library or county clerk where it shall be made available for public examination. The local rules shall also be published for general distribution in

accordance with rules adopted by the Judicial Council. Each court shall make its local rules available for inspection and copying in every location of the court that generally accepts filing of papers. The court may impose a reasonable charge for copying the rules and may impose a reasonable page limit on copying. The rules shall be accompanied by a notice indicating where a full set of the rules may be purchased.

(c) If a judge of a court adopts a rule which applies solely to cases in that judge's courtroom, or a particular branch or district of a court adopts a rule that applies solely to cases in that particular branch or district of a court, the court shall publish these rules as part of the general publication of rules required by the California Rules of Court. The court shall organize the rules so that rules on a common subject, whether individual, branch, district, or courtwide appear sequentially. Individual judges' rules and branch and district rules are local rules of court for purposes of this section and for purposes of the adoption, publication, comment, and filing requirements set forth in the Judicial Council rules applicable to local court rules.

SEC. 4. Section 712.020 of the Code of Civil Procedure is amended to read:

712.020. A writ of possession or sale issued pursuant to this division shall require the levying officer to whom it is directed to enforce the judgment and shall include the following information:

(a) The date of issuance of the writ.

(b) The title of the court where the judgment for possession or sale is entered and the cause and number of the action.

(c) The name and address of the creditor and the name and last known address of the judgment debtor.

(d) The date the judgment was entered, and the date of any subsequent renewals, and where entered in the records of the court.

(e) If the judgment for possession or sale includes a money judgment, the amount required to satisfy the money judgment on the date the writ is issued and the amount of interest accruing daily on the principal amount of the judgment from the date the writ is issued may be included on the writ at the option of the creditor.

(f) Whether any person has requested notice of sale under the judgment and, if so, the name and address of such person.

(g) Any other information required to be included in the particular writ.

SEC. 5. Section 1094.6 of the Code of Civil Procedure is amended to read:

1094.6. (a) Judicial review of any decision of a local agency, other than school district, as the term local agency is defined in Section 54951 of the Government Code, or of any commission, board, officer or agent thereof, may be had pursuant to Section 1094.5 of this code only if the petition for writ of mandate pursuant to such section is filed within the time limits specified in this section.

(b) Any such petition shall be filed not later than the 90th day following the date on which the decision becomes final. If there is no

provision for reconsideration of the decision, or for a written decision or written findings supporting the decision, in any applicable provision of any statute, charter, or rule, for the purposes of this section, the decision is final on the date it is announced. If the decision is not announced at the close of the hearing, the date, time, and place of the announcement of the decision shall be announced at the hearing. If there is a provision for reconsideration, the decision is final for purposes of this section upon the expiration of the period during which such reconsideration can be sought; provided, that if reconsideration is sought pursuant to any such provision the decision is final for the purposes of this section on the date that reconsideration is rejected. If there is a provision for a written decision or written findings, the decision is final for purposes of this section upon the date it is mailed by first-class mail, postage prepaid, including a copy of the affidavit or certificate of mailing, to the party seeking the writ. Subdivision (a) of Section 1013 does not apply to extend the time, following deposit in the mail of the decision or findings, within which a petition shall be filed.

(c) The complete record of the proceedings shall be prepared by the local agency or its commission, board, officer, or agent which made the decision and shall be delivered to the petitioner within 190 days after he has filed a written request therefor. The local agency may recover from the petitioner its actual costs for transcribing or otherwise preparing the record. Such record shall include the transcript of the proceedings, all pleadings, all notices and orders, any proposed decision by a hearing officer, the final decision, all admitted exhibits, all rejected exhibits in the possession of the local agency or its commission, board, officer, or agent, all written evidence, and any other papers in the case.

(d) If the petitioner files a request for the record as specified in subdivision (c) within 10 days after the date the decision becomes final as provided in subdivision (b), the time within which a petition pursuant to Section 1094.5 may be filed shall be extended to not later than the 30th day following the date on which the record is either personally delivered or mailed to the petitioner or his attorney of record, if he has one.

(e) As used in this section, decision means a decision subject to review pursuant to Section 1094.5, suspending, demoting, or dismissing an officer or employee, revoking, or denying an application for a permit, license, or other entitlement, or denying an application for any retirement benefit or allowance.

(f) In making a final decision as defined in subdivision (e), the local agency shall provide notice to the party that the time within which judicial review must be sought is governed by this section.

As used in this subdivision, "party" means an officer or employee who has been suspended, demoted or dismissed; a person whose permit, license, or other entitlement has been revoked or suspended, or whose application for a permit, license, or other entitlement has been denied; or a person whose application for a retirement benefit

or allowance has been denied.

(g) This section shall prevail over any conflicting provision in any otherwise applicable law relating to the subject matter, unless the conflicting provision is a state or federal law which provides a shorter statute of limitations, in which case the shorter statute of limitations shall apply.

SEC. 6. Section 1167.6 of the Code of Civil Procedure is repealed.

SEC. 7. Section 1987.5 of the Code of Civil Procedure is amended to read:

1987.5. The service of a subpoena duces tecum is invalid unless at the time of such service a copy of the affidavit upon which the subpoena is based is served on the person served with the subpoena. In the case of a subpoena duces tecum which requires appearance and the production of matters and things at the taking of a deposition, the subpoena shall not be valid unless a copy of the affidavit upon which the subpoena is based and the designation of the materials to be produced, as set forth in the subpoena, is attached to the notice of taking the deposition served upon each party or its attorney as provided in Chapter 3 (commencing with Section 2002). If matters and things are produced pursuant to a subpoena duces tecum in violation of this section, any other party to the action may file a motion for, and the court may grant, an order providing appropriate relief, including, but not limited to, exclusion of the evidence affected by the violation, a retaking of the deposition notwithstanding any other limitation on discovery proceedings, or a continuance. The party causing the subpoena to be served shall retain the original affidavit until final judgment in the action, and shall file the affidavit with the court only upon reasonable request by any party or witness affected thereby. This section does not apply to deposition subpoenas commanding only the production of business records for copying under subdivision (d) of Section 2020.

SEC. 8. Section 2020 of the Code of Civil Procedure is amended to read:

2020. (a) The method for obtaining discovery within the state from one who is not a party to the action is an oral deposition under Section 2025, a written deposition under Section 2028, or a deposition for production of business records and things under subdivisions (d) and (e). Except as provided in paragraph (1) of subdivision (h) of Section 2025, the process by which a nonparty is required to provide discovery is a deposition subpoena. The deposition subpoena may command any of the following:

(1) Only the attendance and the testimony of the deponent, under subdivision (c).

(2) Only the production of business records for copying, under subdivision (d).

(3) Both the attendance and the testimony of the deponent, as well as the production of business records, other documents, and tangible things, under subdivision (e).

Except as modified in this section, the provisions of Chapter 2

(commencing with Section 1985), and of Article 4 (commencing with Section 1560) of Chapter 2 of Division 11 of the Evidence Code, apply to a deposition subpoena.

(b) The clerk of the court in which the action is pending shall issue a deposition subpoena signed and sealed, but otherwise in blank, to a party requesting it, who shall fill it in before service. In lieu of the court-issued deposition subpoena, an attorney of record for any party may sign and issue a deposition subpoena; the deposition subpoena in that case need not be sealed.

(c) A deposition subpoena that commands only the attendance and the testimony of the deponent shall specify the time when and the place where the deponent is commanded to attend for the deposition. It shall set forth a summary of (1) the nature of a deposition, (2) the rights and duties of the deponent, and (3) the penalties for disobedience of a deposition subpoena described in subdivision (h). If the deposition will be recorded by videotape under paragraph (2) of subdivision (*l*) of Section 2025, the deposition subpoena shall state that it will be recorded in that manner. If the deponent is an organization, the deposition subpoena shall describe with reasonable particularity the matters on which examination is requested, and shall advise that organization of its duty to make the designation of employees or agents who will attend described in subdivision (d) of Section 2025.

(d) (1) A deposition subpoena that commands only the production of business records for copying shall designate the business records to be produced either by specifically describing each individual item or by reasonably particularizing each category of item. This deposition subpoena need not be accompanied by an affidavit or declaration showing good cause for the production of the business records designated in it. It shall be directed to the custodian of those records or another person qualified to certify the records. It shall command compliance in accordance with paragraph (4) on a date that is no earlier than 20 days after the issuance, or 15 days after the service, of the deposition subpoena, whichever date is later.

(2) If, under Section 1985.3, the one to whom the deposition subpoena is directed is a witness, and the business records described in the deposition subpoena are personal records pertaining to a consumer, the service of the deposition subpoena shall be accompanied either by a copy of the proof of service of the notice to the consumer described in subdivision (e) of Section 1985.3, or by the consumer's written authorization to release personal records described in paragraph (2) of subdivision (c) of Section 1985.3.

(3) The officer for a deposition seeking discovery only of business records for copying under this subdivision shall be a professional photocopier registered under Chapter 20 (commencing with Section 22450) of Division 8 of the Business and Professions Code, or a person exempted from the registration requirements of that chapter under Section 22451 of the Business and Professions Code. This deposition officer shall not be financially interested in the action, or a relative

or employee of any attorney of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the date of production or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(4) Unless directed to make the records available for inspection or copying by the subpoenaing party's attorney or a representative of that attorney at the witness' business address under subdivision (e) of Section 1560 of the Evidence Code, the custodian of the records or other qualified person shall, in person, by messenger, or by mail, deliver only to the deposition officer specified in the deposition subpoena (1) a true, legible, and durable copy of the records, and (2) an affidavit in compliance with Section 1561 of the Evidence Code. If this delivery is made to the office of the deposition officer, the records shall be enclosed, sealed, and directed as described in subdivision (c) of Section 1560 of the Evidence Code. If this delivery is made at the office of the business whose records are the subject of the deposition subpoena, the custodian of those records or other qualified person shall (1) permit the deposition officer specified in the deposition subpoena to make a copy of the originals of the designated business records, or (2) deliver to that deposition officer a true, legible, and durable copy of the records on receipt of payment in cash or by check, by or on behalf of the party serving the deposition subpoena, of the reasonable costs of preparing that copy as determined under subdivision (b) of Section 1563 of the Evidence Code. This copy need not be delivered in a sealed envelope. Unless the parties, and if the records are those of a consumer as defined in Section 1985.3, the consumer, stipulate to an earlier date, the custodian of the records shall not deliver to the deposition officer the records that are the subject of the deposition subpoena prior to the date and time specified in the deposition subpoena. The following legend shall appear in boldface type on the deposition subpoena immediately following the date and time specified for production: "Do not release the requested records to the deposition officer prior to the date and time stated above."

(5) Promptly on or after the deposition date and after the receipt or the making of a copy of business records under this subdivision, the deposition officer shall provide that copy to the party at whose instance the deposition subpoena was served, and a copy of those records to any other party to the action who then or subsequently notifies the deposition officer that the party desires to purchase a copy of those records.

(6) The provisions of Section 1562 of the Evidence Code concerning the admissibility of the affidavit of the custodian or other qualified person apply to a deposition subpoena served under this subdivision.

(e) A deposition subpoena that commands both the attendance and the testimony of the deponent, as well as the production of business records, documents, and tangible things, shall (1) comply

with the requirements of subdivision (c), (2) designate the business records, documents, and tangible things to be produced either by specifically describing each individual item or by reasonably particularizing each category of item, and (3) specify any testing or sampling that is being sought. This deposition subpoena need not be accompanied by an affidavit or declaration showing good cause for the production of the documents and things designated.

Where, as described in Section 1985.3, the person to whom the deposition subpoena is directed is a witness, and the business records described in the deposition subpoena are personal records pertaining to a consumer, the service of the deposition subpoena shall be accompanied either by a copy of the proof of service of the notice to the consumer described in subdivision (e) of Section 1985.3, or by the consumer's written authorization to release personal records described in paragraph (2) of subdivision (c) of Section 1985.3.

(f) Subject to paragraph (1) of subdivision (d), service of a deposition subpoena shall be effected a sufficient time in advance of the deposition to provide the deponent a reasonable opportunity to locate and produce any designated business records, documents, and tangible things, and, where personal attendance is commanded, a reasonable time to travel to the place of deposition. Any person may serve the subpoena by personal delivery of a copy of it (1) if the deponent is a natural person, to that person, and (2) if the deponent is an organization, to any officer, director, custodian of records, or to any agent or employee authorized by the organization to accept service of a subpoena.

If a deposition subpoena requires the personal attendance of the deponent, under subdivision (c) or (e), the party noticing the deposition shall pay to the deponent in cash or by check the same witness fee and mileage required by Chapter 1 (commencing with Section 68070) of Title 8 of the Government Code for attendance and testimony before the court in which the action is pending. This payment, whether or not demanded by the deponent, shall be made, at the option of the party noticing the deposition, either at the time of service of the deposition subpoena, or at the time the deponent attends for the taking of testimony.

Service of a deposition subpoena that does not require the personal attendance of a custodian of records or other qualified person, under subdivision (d), shall be accompanied, whether or not demanded by the deponent, by a payment in cash or by check of the witness fee required by paragraph (6) of subdivision (b) of Section 1563 of the Evidence Code.

(g) Personal service of any deposition subpoena is effective to require of any deponent who is a resident of California at the time of service (1) personal attendance and testimony, if the subpoena so specifies, (2) any specified production, inspection, testing, and sampling, and (3) the deponent's attendance at a court session to consider any issue arising out of the deponent's refusal to be sworn,

or to answer any question, or to produce specified items, or to permit inspection or specified testing and sampling of the items produced.

(h) A deponent who disobeys a deposition subpoena in any manner described in subdivision (g) may be punished for contempt under Section 2023 without the necessity of a prior order of court directing compliance by the witness, and is subject to the forfeiture and the payment of damages set forth in Section 1992.

SEC. 9. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the

person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audio tape or video tape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*).

(6) Any intention to reserve the right to use at trial a video tape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the video tape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office in California, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office in California of the organization.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the

deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party-deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena. However, in unlawful detainer actions, an oral deposition shall be scheduled for a date at least five days after service of the deposition notice, but not later than five days before trial.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection

specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a video tape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in

the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not

be a relative or employee of any attorney of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audio tape or video tape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audio tape or video tape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audio tape or video tape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audio tape or video tape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a video tape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audio tape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on

whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audio tape.

(F) The oath shall be administered to the deponent on camera or on the audio tape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audio tape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audio tape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audio tape or video tape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audio taped or video taped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audio taped or video taped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audio tape or video tape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a video tape or an audio tape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party,

attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a

deposition is recorded by audio tape or video tape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audio tape or video tape shall promptly (1) permit that other party to hear the audio tape or to view the video tape, and (2) furnish a copy of the audio tape or video tape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audio tape or video tape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony for each session of the deposition is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record that the reading, correcting, and signing of the transcript of the testimony will be waived or that the reading, correcting, and signing of a transcript of the testimony will take place after the entire deposition has been concluded or at some other specific time. For 30 days following each such notice,

unless the attending parties and the deponent agree on the record or otherwise in writing to a longer or shorter time period, the deponent may change the form or the substance of the answer to an question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person. If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audio tape or video tape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply such signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses

by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) The deposition officer shall certify on the transcript of the deposition, or in the writing accompanying an audio taped or video taped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)", and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audio tape or video tape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audio tape or the video tape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audio tape or video tape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audio

tape or video tape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who has been served with a deposition notice pursuant to subdivision (c) may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined as a result of that person's designation to testify on behalf of an organization under subdivision (d).

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to

allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a video tape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 10. Section 6259 of the Government Code is amended to read:

6259. (a) Whenever it is made to appear by verified petition to the superior court of the county where the records or some part thereof are situated that certain public records are being improperly withheld from a member of the public, the court shall order the officer or person charged with withholding the records to disclose the public record or show cause why he or she should not do so. The court shall decide the case after examining the record in camera, if permitted by subdivision (b) of Section 915 of the Evidence Code, papers filed by the parties and any oral argument and additional evidence as the court may allow.

(b) If the court finds that the public official's decision to refuse disclosure is not justified under Section 6254 or 6255, he or she shall order the public official to make the record public. If the judge determines that the public official was justified in refusing to make the record public, he or she shall return the item to the public official without disclosing its content with an order supporting the decision refusing disclosure.

(c) In an action filed on or after January 1, 1991, an order of the court, either directing disclosure by a public official or supporting the decision of the public official refusing disclosure, is not a final judgment or order within the meaning of Section 904.1 of the Code of Civil Procedure from which an appeal may be taken, but shall be immediately reviewable by petition to the appellate court for the issuance of an extraordinary writ. Upon entry of any order pursuant

to this section, a party shall, in order to obtain review of the order, file a petition within 20 days after service upon him or her of a written notice of entry of the order, or within such further time not exceeding an additional 20 days as the trial court may for good cause allow. If the notice is served by mail, the period within which to file the petition shall be increased by five days. A stay of an order or judgment shall not be granted unless the petitioning party demonstrates it will otherwise sustain irreparable damage and probable success on the merits. Any person who fails to obey the order of the court shall be cited to show cause why he or she is not in contempt of court.

(d) The court shall award court costs and reasonable attorney fees to the plaintiff should the plaintiff prevail in litigation filed pursuant to this section. The costs and fees shall be paid by the public agency of which the public official is a member or employee and shall not become a personal liability of the public official. If the court finds that the plaintiff's case is clearly frivolous, it shall award court costs and reasonable attorney fees to the public agency.

SEC. 11. Section 26800 of the Government Code is amended to read:

26800. The county clerk shall act as clerk of the superior court in and for his or her county. However, in any county in which a superior court executive officer has been appointed pursuant to Section 69898, the term "county clerk" shall mean the superior court executive officer to the extent that the superior court, by local rule, has delegated any duties of the county clerk to the superior court executive officer.

SEC. 11.5. Section 3.5 of this bill incorporates amendments to Section 575.1 of the Code of Civil Procedure proposed by both this bill and SB 425. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 575.1 of the Code of Civil Procedure, and (3) this bill is enacted after SB 425, in which case Section 3 of this bill shall not become operative.

SEC. 12. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 927

An act to amend Section 6401.7 of the Labor Code, relating to occupational safety and health.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written, except as provided in subdivision (e), and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program.

(e) (1) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b),

(c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees in industries with insignificant occupational safety or health hazards.

(2) Notwithstanding subdivision (a), for employers with fewer than 20 employees who are in industries that are not on a designated list of high hazard industries and who have a workers' compensation experience modification rate of 1.1 or less, and for any employers with fewer than 20 employees who are in industries that are on a designated list of low hazard industries, the board shall adopt a standard setting forth the employer's duties under this section consistent with the requirements specified in subdivisions (a), (b), and (c), except that the standard shall only require written documentation to the extent of documenting the person or persons responsible for implementing the program pursuant to paragraph (1) of subdivision (a), keeping a record of periodic inspections pursuant to paragraph (2) of subdivision (a), and keeping a record of employee training pursuant to paragraph (4) of subdivision (a). To any extent beyond the specifications of this subdivision, the standard shall not require the employer to keep the records specified in subdivision (d).

(3) The division shall establish a list of high hazard industries using the methods prescribed in Section 6314.1 for identifying and targeting employers in high hazard industries. For purposes of this subdivision, the "designated list of high hazard industries" shall be the list established pursuant to this paragraph.

For the purpose of implementing this subdivision, the Department of Industrial Relations shall periodically review, and as necessary revise, the list.

(4) For the purpose of implementing this subdivision, the Department of Industrial Relations shall also establish a list of low hazard industries, and shall periodically review, and as necessary revise, that list.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement

action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers whom the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer that controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

CHAPTER 928

An act to amend Sections 6401.7 and 6427 of, and to add Section 6319.3 to, the Labor Code, relating to occupational safety and health.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6319.3 is added to the Labor Code to read:

6319.3. (a) Except as provided in subdivision (b) of this section and subdivision (j) of Section 6401.7, no civil penalty shall be assessed against any new employer in the state for a violation of any standard developed pursuant to subdivision (a) of Section 6401.7 for a period of one year after the date the new employer establishes a business in the state.

(b) Subdivision (a) shall only apply to an employer who has made a good faith effort to comply with any standard developed pursuant to subdivision (a) of Section 6401.7, but shall not apply if the employer is found to have committed a serious, willful, or repeated violation of that standard, or fails to abate the violation and is assessed a penalty pursuant to Section 6430.

SEC. 2. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use employee training provided to the employer's employees under a construction industry occupational safety and health training program approved by the division to comply with the requirements of subdivision (a) relating to employee training, and shall only be required to provide training on hazards specific to an employee's job duties.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program. Beginning January 1, 1994, employers in the construction industry who are required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use records relating to employee training provided to the employer in connection with an occupational safety and health training program approved by the division to comply with the requirements of this subdivision, and shall only be required to keep records of those steps

taken to implement and maintain the program with respect to hazards specific to an employee's job duties.

(e) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b), (c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

(j) (1) The division shall prepare a Model Injury and Illness Prevention Program for Non-High-Hazard Employment, and shall make copies of the model program prepared pursuant to this subdivision available to employers, upon request, for posting in the workplace. An employer who adopts and implements the model program prepared by the division pursuant to this paragraph in good faith shall not be assessed a civil penalty for the first citation for a violation of this section issued after the employer's adoption and implementation of the model program.

(2) For purposes of this subdivision, the division shall establish a list of non-high-hazard industries in California, that may include the industries that, pursuant to Section 14316 of Title 8 of the California Code of Regulations, are not currently required to keep records of occupational injuries and illnesses under Article 2 (commencing with Section 14301) of Subchapter 1 of Chapter 7 of Division 1 of Title 8 of the California Code of Regulations. These industries, identified by their Standard Industrial Classification Codes, as published by the United States Office of Management and Budget in the Manual of Standard Industrial Classification Codes, 1987 Edition, are apparel and accessory stores (Code 56), eating and drinking places (Code 58), miscellaneous retail (Code 59), finance, insurance, and real estate (Codes 60–67), personal services (Code 72), business services (Code 73), motion pictures (Code 78) except motion picture production and allied services (Code 781), legal services (Code 81), educational services (Code 82), social services (Code 83), museums, art galleries, and botanical and zoological gardens (Code 84), membership organizations (Code 86), engineering, accounting, research, management, and related services (Code 87), private households (Code 88), and miscellaneous services (Code 89). To further identify industries that may be included on the list, the division shall also consider data from a rating organization as defined in Section 11750.1 of the Insurance Code, the Division of Labor Statistics and Research, including the logs of occupational injuries and illnesses maintained by employers on Form CAL/OSHA No. 200, or its equivalent, as required by Section 14301 of Title 8 of the California Code of Regulations, and all other appropriate information. The list shall be established by June 30, 1994, and shall be reviewed, and as necessary revised, biennially.

(3) The division shall prepare a Model Injury and Illness Prevention Program for Employers in Industries with Intermittent Employment, and shall determine which industries have historically utilized seasonal or intermittent employees. An employer in an industry determined by the division to have historically utilized seasonal or intermittent employees shall be deemed to have complied with the requirements of subdivision (a) with respect to a written injury prevention program if the employer adopts the model program prepared by the division pursuant to this paragraph and complies with any instructions relating thereto.

SEC. 2.5. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written, except as provided in subdivision (e), and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use employee training provided to the employer's employees under a construction industry occupational safety and health training program approved by the division to comply with the requirements of subdivision (a) relating to employee training, and shall only be required to provide training on hazards specific to an employee's job duties.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use records relating to employee training provided to the employer in connection with an occupational safety and health training program approved by the division to comply with the requirements of this subdivision, and shall only be required to keep records of those steps taken to

implement and maintain the program with respect to hazards specific to an employee's job duties.

(e) (1) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b), (c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(2) Notwithstanding subdivision (a), for employers with fewer than 20 employees who are in industries that are not on a designated list of high hazard industries and who have a workers' compensation experience modification rate of 1.1 or less, and for any employers with fewer than 20 employees who are in industries that are on a designated list of low hazard industries, the board shall adopt a standard setting forth the employer's duties under this section consistent with the requirements specified in subdivisions (a), (b), and (c), except that the standard shall only require written documentation to the extent of documenting the person or persons responsible for implementing the program pursuant to paragraph (1) of subdivision (a), keeping a record of periodic inspections pursuant to paragraph (2) of subdivision (a), and keeping a record of employee training pursuant to paragraph (4) of subdivision (a). To any extent beyond the specifications of this subdivision, the standard shall not require the employer to keep the records specified in subdivision (d).

(3) The division shall establish a list of high hazard industries using the methods prescribed in Section 6314.1 for identifying and targeting employers in high hazard industries. For purposes of this subdivision, the "designated list of high hazard industries" shall be the list established pursuant to this paragraph.

For the purpose of implementing this subdivision, the Department of Industrial Relations shall periodically review, and as necessary revise, the list.

(4) For the purpose of implementing this subdivision, the Department of Industrial Relations shall also establish a list of low hazard industries, and shall periodically review, and as necessary revise, that list.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in

injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

(j) (1) The division shall prepare a Model Injury and Illness Prevention Program for Non-High-Hazard Employment, and shall make copies of the model program prepared pursuant to this subdivision available to employers, upon request, for posting in the workplace. An employer who adopts and implements the model program prepared by the division pursuant to this paragraph in good faith shall not be assessed a civil penalty for the first citation for a violation of this section issued after the employer's adoption and implementation of the model program.

(2) For purposes of this subdivision, the division shall establish a list of non-high-hazard industries in California, that may include the industries that, pursuant to Section 14316 of Title 8 of the California Code of Regulations, are not currently required to keep records of occupational injuries and illnesses under Article 2 (commencing with Section 14301) of Subchapter 1 of Chapter 7 of Division 1 of Title 8 of the California Code of Regulations. These industries, identified by their Standard Industrial Classification Codes, as published by the United States Office of Management and Budget in the Manual of Standard Industrial Classification Codes, 1987 Edition, are apparel and accessory stores (Code 56), eating and drinking places (Code

58), miscellaneous retail (Code 59), finance, insurance, and real estate (Codes 60–67), personal services (Code 72), business services (Code 73), motion pictures (Code 78) except motion picture production and allied services (Code 781), legal services (Code 81), educational services (Code 82), social services (Code 83), museums, art galleries, and botanical and zoological gardens (Code 84), membership organizations (Code 86), engineering, accounting, research, management, and related services (Code 87), private households (Code 88), and miscellaneous services (Code 89). To further identify industries that may be included on the list, the division shall also consider data from a rating organization as defined in Section 11750.1 of the Insurance Code, the Division of Labor Statistics and Research, including the logs of occupational injuries and illnesses maintained by employers on Form CAL/OSHA No. 200, or its equivalent, as required by Section 14301 of Title 8 of the California Code of Regulations, and all other appropriate information. The list shall be established by June 30, 1994, and shall be reviewed, and as necessary revised, biennially.

(3) The division shall prepare a Model Injury and Illness Prevention Program for Employers in Industries with Intermittent Employment, and shall determine which industries have historically utilized seasonal or intermittent employees. An employer in an industry determined by the division to have historically utilized seasonal or intermittent employees shall be deemed to have complied with the requirements of subdivision (a) with respect to a written injury prevention program if the employer adopts the model program prepared by the division pursuant to this paragraph and complies with any instructions relating thereto.

SEC. 3. Section 6427 of the Labor Code is amended to read:

6427. Any employer who violates any occupational safety or health standard, order, or special order, or Section 25910 of the Health and Safety Code, and the violation is specifically determined not to be of a serious nature, may be assessed a civil penalty of up to seven thousand dollars ($7,000) for each violation.

SEC. 4. Section 2.5 of the bill incorporates amendments to Section 6401.7 of the Labor Code proposed by this bill and AB 1930. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 6401.7 of the Labor Code, and (3) this bill is enacted after AB 1930, in which case Section 2 of this shall not become operative.

CHAPTER 929

An act to amend Section 6401.7 of the Labor Code, relating to employment.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program.

(e) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b),

(c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

(j) With respect to any county, city, city and county, or district, or any public or quasi-public corporation or public agency therein, including any public entity, other than a state agency, that is a member of, or created by, a joint powers agreement, the provisions of subdivision (d) shall not apply.

SEC. 2. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written, except as provided in subdivision (e), and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program.

(e) (1) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b), (c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(2) Notwithstanding subdivision (a), for employers with fewer than 20 employees who are in industries that are not on a designated list of high hazard industries and who have a workers' compensation experience modification rate of 1.1 or less, and for any employers with fewer than 20 employees who are in industries that are on a

designated list of low hazard industries, the board shall adopt a standard setting forth the employer's duties under this section consistent with the requirements specified in subdivisions (a), (b), and (c), except that the standard shall only require written documentation to the extent of documenting the person or persons responsible for implementing the program pursuant to paragraph (1) of subdivision (a), keeping a record of periodic inspections pursuant to paragraph (2) of subdivision (a), and keeping a record of employee training pursuant to paragraph (4) of subdivision (a). To any extent beyond the specifications of this subdivision, the standard shall not require the employer to keep the records specified in subdivision (d).

(3) The division shall establish a list of high hazard industries using the methods prescribed in Section 6314.1 for identifying and targeting employers in high hazard industries. For purposes of this subdivision, the "designated list of high hazard industries" shall be the list established pursuant to this paragraph.

For the purpose of implementing this subdivision, the Department of Industrial Relations shall periodically review, and as necessary revise, the list.

(4) For the purpose of implementing this subdivision, the Department of Industrial Relations shall also establish a list of low hazard industries, and shall periodically review, and as necessary revise, that list.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

(j) With respect to any county, city, city and county, or district, or any public or quasi-public corporation or public agency therein, including any public entity, other than a state agency, that is a member of, or created by, a joint powers agreement, the provisions of subdivision (d) shall not apply.

SEC. 3. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the

employer receives notification of a new or previously unrecognized hazard. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use employee training provided to the employer's employees under a construction industry occupational safety and health training program approved by the division to comply with the requirements of subdivision (a) relating to employee training, and shall only be required to provide training on hazards specific to an employee's job duties.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use records relating to employee training provided to the employer in connection with an occupational safety and health training program approved by the division to comply with the requirements of this subdivision, and shall only be required to keep records of those steps taken to implement and maintain the program with respect to hazards specific to an employee's job duties.

(e) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b), (c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

(j) (1) The division shall prepare a Model Injury and Illness Prevention Program for Non-High-Hazard Employment, and shall make copies of the model program prepared pursuant to this subdivision available to employers, upon request, for posting in the workplace. An employer who adopts and implements the model program prepared by the division pursuant to this paragraph in good faith shall not be assessed a civil penalty for the first citation for a violation of this section issued after the employer's adoption and implementation of the model program.

(2) For purposes of this subdivision, the division shall establish a list of non-high-hazard industries in California, that may include the industries that, pursuant to Section 14316 of Title 8 of the California Code of Regulations, are not currently required to keep records of occupational injuries and illnesses under Article 2 (commencing with Section 14301) of Subchapter 1 of Chapter 7 of Division 1 of Title 8 of the California Code of Regulations. These industries, identified by their Standard Industrial Classification Codes, as published by the United States Office of Management and Budget in the Manual of Standard Industrial Classification Codes, 1987 Edition, are apparel and accessory stores (Code 56), eating and drinking places (Code 58), miscellaneous retail (Code 59), finance, insurance, and real estate (Codes 60–67), personal services (Code 72), business services (Code 73), motion pictures (Code 78) except motion picture production and allied services (Code 781), legal services (Code 81), educational services (Code 82), social services (Code 83), museums, art galleries, and botanical and zoological gardens (Code 84), membership organizations (Code 86), engineering, accounting, research, management, and related services (Code 87), private households (Code 88), and miscellaneous services (Code 89). To further identify industries that may be included on the list, the

division shall also consider data from a rating organization as defined in Section 11750.1 of the Insurance Code, the Division of Labor Statistics and Research, including the logs of occupational injuries and illnesses maintained by employers on Form CAL/OSHA No. 200, or its equivalent, as required by Section 14301 of Title 8 of the California Code of Regulations, and all other appropriate information. The list shall be established by June 30, 1994, and shall be reviewed, and as necessary revised, biennially.

(3) The division shall prepare a Model Injury and Illness Prevention Program for Employers in Industries with Intermittent Employment, and shall determine which industries have historically utilized seasonal or intermittent employees. An employer in an industry determined by the division to have historically utilized seasonal or intermittent employees shall be deemed to have complied with the requirements of subdivision (a) with respect to a written injury prevention program if the employer adopts the model program prepared by the division pursuant to this paragraph and complies with any instructions relating thereto.

(k) With respect to any county, city, city and county, or district, or any public or quasi-public corporation or public agency therein, including any public entity, other than a state agency, that is a member of, or created by, a joint powers agreement, the provisions of subdivision (d) shall not apply.

SEC. 4. Section 6401.7 of the Labor Code is amended to read:

6401.7. (a) Every employer shall establish, implement, and maintain an effective injury prevention program. The program shall be written, except as provided in subdivision (e), and shall include, but not be limited to, the following elements:

(1) Identification of the person or persons responsible for implementing the program.

(2) The employer's system for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices.

(3) The employer's methods and procedures for correcting unsafe or unhealthy conditions and work practices in a timely manner.

(4) An occupational health and safety training program designed to instruct employees in general safe and healthy work practices and to provide specific instruction with respect to hazards specific to each employee's job assignment.

(5) The employer's system for communicating with employees on occupational health and safety matters, including provisions designed to encourage employees to inform the employer of hazards at the worksite without fear of reprisal.

(6) The employer's system for ensuring that employees comply with safe and healthy work practices, which may include disciplinary action.

(b) The employer shall correct unsafe and unhealthy conditions and work practices in a timely manner based on the severity of the hazard.

(c) The employer shall train all employees when the training program is first established, all new employees, and all employees given a new job assignment, and shall train employees whenever new substances, processes, procedures, or equipment are introduced to the workplace and represent a new hazard, and whenever the employer receives notification of a new or previously unrecognized hazard. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use employee training provided to the employer's employees under a construction industry occupational safety and health training program approved by the division to comply with the requirements of subdivision (a) relating to employee training, and shall only be required to provide training on hazards specific to an employee's job duties.

(d) The employer shall keep appropriate records of steps taken to implement and maintain the program. Beginning January 1, 1994, an employer in the construction industry who is required to be licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code may use records relating to employee training provided to the employer in connection with an occupational safety and health training program approved by the division to comply with the requirements of this subdivision, and shall only be required to keep records of those steps taken to implement and maintain the program with respect to hazards specific to an employee's job duties.

(e) (1) The standards board shall adopt a standard setting forth the employer's duties under this section, on or before January 1, 1991, consistent with the requirements specified in subdivisions (a), (b), (c), and (d). The standards board, in adopting the standard, shall include substantial compliance criteria for use in evaluating an employer's injury prevention program. The board may adopt less stringent criteria for employers with few employees and for employers in industries with insignificant occupational safety or health hazards.

(2) Notwithstanding subdivision (a), for employers with fewer than 20 employees who are in industries that are not on a designated list of high hazard industries and who have a workers' compensation experience modification rate of 1.1 or less, and for any employers with fewer than 20 employees who are in industries that are on a designated list of low hazard industries, the board shall adopt a standard setting forth the employer's duties under this section consistent with the requirements specified in subdivisions (a), (b), and (c), except that the standard shall only require written documentation to the extent of documenting the person or persons responsible for implementing the program pursuant to paragraph (1) of subdivision (a), keeping a record of periodic inspections pursuant to paragraph (2) of subdivision (a), and keeping a record of employee training pursuant to paragraph (4) of subdivision (a).

To any extent beyond the specifications of this subdivision, the standard shall not require the employer to keep the records specified in subdivision (d).

(3) The division shall establish a list of high hazard industries using the methods prescribed in Section 6314.1 for identifying and targeting employers in high hazard industries. For purposes of this subdivision, the "designated list of high hazard industries" shall be the list established pursuant to this paragraph.

For the purpose of implementing this subdivision, the Department of Industrial Relations shall periodically review, and as necessary revise, the list.

(4) For the purpose of implementing this subdivision, the Department of Industrial Relations shall also establish a list of low hazard industries, and shall periodically review, and as necessary revise, that list.

(f) The standard adopted pursuant to subdivision (e) shall specifically permit employer and employee occupational safety and health committees to be included in the employer's injury prevention program. The board shall establish criteria for use in evaluating employer and employee occupational safety and health committees. The criteria shall include minimum duties, including the following:

(1) Review of the employer's (A) periodic, scheduled worksite inspections, (B) investigation of causes of incidents resulting in injury, illness, or exposure to hazardous substances, and (C) investigation of any alleged hazardous condition brought to the attention of any committee member. When determined necessary by the committee, the committee may conduct its own inspections and investigations.

(2) Upon request from the division, verification of abatement action taken by the employer as specified in division citations.

If an employer's occupational safety and health committee meets the criteria established by the board, it shall be presumed to be in substantial compliance with paragraph (5) of subdivision (a).

(g) The division shall adopt regulations specifying the procedures for selecting employee representatives for employer-employee occupational health and safety committees when these procedures are not specified in an applicable collective bargaining agreement. No employee or employee organization shall be held liable for any act or omission in connection with a health and safety committee.

(h) The employer's injury prevention program, as required by this section, shall cover all of the employer's employees and all other workers who the employer controls or directs and directly supervises on the job to the extent these workers are exposed to worksite and job assignment specific hazards. Nothing in this subdivision shall affect the obligations of a contractor or other employer which controls or directs and directly supervises its own employees on the job.

(i) Where a contractor supplies its employee to a state agency

employer on a temporary basis, the state agency employer may assess a fee upon the contractor to reimburse the state agency for the additional costs, if any, of including the contract employee within the state agency's injury prevention program.

(j) (1) The division shall prepare a Model Injury and Illness Prevention Program for Non-High-Hazard Employment, and shall make copies of the model program prepared pursuant to this subdivision available to employers, upon request, for posting in the workplace. An employer who adopts and implements the model program prepared by the division pursuant to this paragraph in good faith shall not be assessed a civil penalty for the first citation for a violation of this section issued after the employer's adoption and implementation of the model program.

(2) For purposes of this subdivision, the division shall establish a list of non-high-hazard industries in California, that may include the industries that, pursuant to Section 14316 of Title 8 of the California Code of Regulations, are not currently required to keep records of occupational injuries and illnesses under Article 2 (commencing with Section 14301) of Subchapter 1 of Chapter 7 of Division 1 of Title 8 of the California Code of Regulations. These industries, identified by their Standard Industrial Classification Codes, as published by the United States Office of Management and Budget in the Manual of Standard Industrial Classification Codes, 1987 Edition, are apparel and accessory stores (Code 56), eating and drinking places (Code 58), miscellaneous retail (Code 59), finance, insurance, and real estate (Codes 60–67), personal services (Code 72), business services (Code 73), motion pictures (Code 78) except motion picture production and allied services (Code 781), legal services (Code 81), educational services (Code 82), social services (Code 83), museums, art galleries, and botanical and zoological gardens (Code 84), membership organizations (Code 86), engineering, accounting, research, management, and related services (Code 87), private households (Code 88), and miscellaneous services (Code 89). To further identify industries that may be included on the list, the division shall also consider data from a rating organization as defined in Section 11750.1 of the Insurance Code, the Division of Labor Statistics and Research, including the logs of occupational injuries and illnesses maintained by employers on Form CAL/OSHA No. 200, or its equivalent, as required by Section 14301 of Title 8 of the California Code of Regulations, and all other appropriate information. The list shall be established by June 30, 1994, and shall be reviewed, and as necessary revised, biennially.

(3) The division shall prepare a Model Injury and Illness Prevention Program for Employers in Industries with Intermittent Employment, and shall determine which industries have historically utilized seasonal or intermittent employees. An employer in an industry determined by the division to have historically utilized seasonal or intermittent employees shall be deemed to have complied with the requirements of subdivision (a) with respect to a

written injury prevention program if the employer adopts the model program prepared by the division pursuant to this paragraph and complies with any instructions relating thereto.

(k) With respect to any county, city, city and county, or district, or any public or quasi-public corporation or public agency therein, including any public entity, other than a state agency, that is a member of, or created by, a joint powers agreement, the provisions of subdivision (d) shall not apply.

SEC. 5. (a) Section 2 of this bill incorporates amendments to Section 6401.7 of the Labor Code proposed by both this bill and AB 1930. It shall only become operative if (1) both bills are enacted and become effective January 1, 1994, (2) each bill amends Section 6401.7 of the Labor Code, and (3) AB 395 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 1930, in which case Sections 1, 3, and 4 of this bill shall not become operative.

(b) Section 3 of this bill incorporates amendments to Section 6401.7 of the Labor Code proposed by both this bill and AB 395. It shall only become operative if (1) both bills are enacted and become effective January 1, 1994, (2) each bill amends Section 6401.7 of the Labor Code, (3) AB 1930 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 395 in which case Sections 1, 2, and 4 of this bill shall not become operative.

(c) Section 4 of this bill incorporates amendments to Section 6401.7 of the Labor Code proposed by this bill, AB 1930, and AB 395. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1994, (2) all three bills amend Section 6401.7 of the Labor Code, and (3) this bill is enacted after AB 1930 and AB 395, in which case Sections 1, 2, and 3 of this bill shall not become operative.

CHAPTER 930

An act to amend Sections 1250 and 1428 of the Health and Safety Code, relating to long-term health care facilities.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250 of the Health and Safety Code, as amended by Chapter 70 of the Statutes of 1993, is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted

for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally

disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59

beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides outpatient health services, in addition to inpatient health services, to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a city, county, or city and county law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of security and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, dental, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the facilities at the California Medical Facility, the California Men's Colony, and the California Institution for Men that were in the process of licensure in 1987.

(6) This subdivision as it applies to local agencies shall remain operative only until January 1, 1996.

(k) "Nursing facility" means a facility that is certified to

participate as a provider of care in the federal medicaid program under Title XIX of the federal Social Security Act and is licensed as either of the following:

(1) Skilled nursing facility.

(2) Intermediate care facility.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time correctional facilities are exempt from any licensing requirements.

SEC. 2. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If the licensee desires to contest a citation or the proposed assessment of a civil penalt, therefor, the licensee shall use the processes described in subdivisions (b) and (c) for classes "AA," "A," or "B" citations. As a result of a citation review conference, a citation or the proposed assessment of a civil penalty may be affirmed, modified, or dismissed by the director or the director's designee. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within 15 business days after he or she receives the decision by the director's designee.

(b) If a licensee notifies the director that he or she intends to contest a class "AA" or a class "A" citation, the licensee may first within 15 business days after service of the citation notify the director in writing of his or her request for a citation review conference. The licensee shall inform the director in writing, within 15 business days of the service of the citation or the receipt of the decision of the director's designee after the citation review conference, of the licensee's intent to adjudicate the validity of the citation in the municipal or superior court in the county in which the long-term health care facility is located. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the municipal or superior court in the county in which the long-term health care facility is located. The action shall be filed no later than 90 calendar days after a licensee notifies the director he or she intends to contest the citation, or no later than 90 days after the receipt of the decision by the director's designee after the citation review conference, and served not later than 90 days after filing. Notwithstanding any other provision of law, for those citations issued after January 1, 1993, a licensee prosecuting a judicial appeal shall file and serve an at-issue memorandum pursuant to Rule 209 of the California Rules of Court by July 1, 1993, or within six months after the state department files its answer in the appeal, whichever is later. Notwithstanding subdivision (d), the court shall dismiss the appeal upon motion of the

state department if the at-issue memorandum is not filed by the facility within the period specified.

(c) If a licensee desires to contest a class "B" citation, the licensee may request, within 15 business days after service of the citation, a citation review conference, by writing the director or the director's designee of the licensee's intent to appeal the citation through the citation review conference. If the licensee wishes to appeal the citation which has been upheld in a citation review conference, the licensee shall, within 15 working days from the date the citation review conference decision was rendered, notify the director or the director's designee that he or she wishes to appeal the decision through the procedures set forth in subdivision (c) of Section 14123 of the Welfare and Institutions Code. The administrative law judge may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. The licensee may choose to have his or her appeal heard by the administrative law judge without having first appealed the decision to a citation review conference by notifying the director in writing within 15 business days of the service of the citation.

(d) If a licensee is dissatisfied with the decision of the administrative law judge, the licensee may, in lieu of seeking judicial review of the decision as provided in Section 1094.5 of the Code of Civil Procedure, elect to submit the matter to binding arbitration by filing, within 60 days of its receipt of the decision, a request for arbitration with the American Arbitration Association. The parties shall agree upon an arbitrator designated from the American Arbitration Association in accordance with the association's established rules and procedures. The arbitration hearing shall be set within 45 days of the election to arbitrate, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. Except as otherwise specifically provided in this subdivision, the arbitration hearing shall be conducted in accordance with the American Arbitration Association's established rules and procedures.

(e) If an appeal is prosecuted under this section, including an appeal taken in accordance with subdivision (c) of Section 14123 of the Welfare and Institutions Code, the state department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged violation did occur, (2) the alleged violation met the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The state department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation, or the proposed assessment of a civil penalty therefor, or the decision made by the director's designee, after a citation review conference, within the time specified in this section, the decision by the director's designee after a citation review conference shall be deemed a final

order of the state department and shall not be subject to further administrative review, except that the licensee may seek judicial relief from the time limits specified in this section. If a licensee appeals a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the state department.

(f) The director or the director's designee shall establish an independent unit of trained citation review conference hearing officers within the state department to conduct citation review conferences. Citation review conference hearing officers shall be directly responsible to the deputy director for licensing and certification, and shall not be concurrently employed as supervisors, district administrators, or regional administrators with the licensing and certification division. Specific training shall be provided to members of this unit on conducting an informal conference, with emphasis on the regulatory and legal aspects of long-term health care.

Where the state department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the citation review conference:

(1) The complainant and his or her designated representative.

(2) A personal health care provider, designated by the resident.

(3) A personal attorney, only if the long-term health care facility has an attorney present.

(4) Any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code.

Where the state department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents' council shall designate which representative will participate.

The complainant, affected resident, or their designated representatives shall be notified by the state department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

(g) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to, all of the following:

(1) The probability and severity of the risk which the violation presents to the patient's or resident's mental and physical condition.

(2) The patient's or resident's medical condition.

(3) The patient's or resident's mental condition and his or her history of mental disability.

(4) The good faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(h) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second and subsequent violation for which a citation of the same class was issued within any 12-month period. Trebling shall occur only if the first citation issued within the 12-month period was issued in the same class, a civil penalty was assessed, and a plan of correction was submitted for the previous same-class violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the state department.

If the class "B" citation is issued for a patient's rights violation, as defined in subdivision (d) of Section 1424, it shall not be trebled unless the state department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

(i) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.

(j) Actions brought under this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. Times for responsive pleading and for hearing the proceeding shall be set by the judge of the court with the object of securing a decision as to subject matters at the earliest possible time.

(k) If the citation is dismissed, the state department shall take action immediately to ensure that the public records reflect in a prominent manner that the citation was dismissed.

(*l*) Penalties paid on violations under this chapter shall be applied against the state department's accounts to offset any costs incurred by the state pursuant to this chapter. Any costs or penalties assessed pursuant to this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this requirement, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the state department determines that it would cause undue hardship to the facility or to patients or residents of the facility.

(m) The amendments made to subdivisions (a) and (c) of this section by Chapter 84 of the Statutes of 1988, to extend the number of days allowed for the provision of notification to the director, do not

affect the right, that is also contained in those amendments, to request judicial relief from these time limits.

CHAPTER 931

An act to amend Section 1250 of, and to add Sections 1250.01 and 1250.02 to, the Health and Safety Code, relating to health facilities.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250 of the Health and Safety Code, as amended by Chapter 70 of the Statutes of 1993, is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

A "general acute care hospital" includes a "rural general acute care hospital". However, a "rural general acute care hospital" shall not be required by the department to provide surgery and anesthesia services. A "rural general acute care hospital" shall meet either of the following conditions:

(1) The hospital meets the criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(2) The hospital meets the criteria for designation within peer

group five or seven, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, and has no more than 76 acute care beds and is located in a census dwelling place of 15,000 or less population according to the 1980 federal census.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of 4 to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides outpatient health services, in addition to inpatient health services, to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a city, county, or city and county law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of security and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, dental, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the facilities at the California Medical Facility, the California Men's Colony, and the California Institution for Men that were in the process of licensure in 1987.

(6) This subdivision as it applies to local agencies shall remain operative only until January 1, 1996.

(k) "Nursing facility" means a facility that is licensed as either of the following:

(1) Skilled nursing facility.

(2) Intermediate care facility.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time correctional facilities are exempt from any licensing requirements.

SEC. 2. Section 1250.1 is added to the Health and Safety Code, to read:

1250.1. A rural general acute care hospital that does not provide surgical and anesthesia services shall maintain written transfer agreements with one or more general acute care hospitals that

provide surgical and anesthesia services.

SEC. 3. Section 1250.02 is added to the Health and Safety Code, to read:

1250.02. Article 9 (commencing with Section 70901) of Chapter 1 of Division 5 of Title 22 of the California Code of Regulations, as adopted to implement the requirements of Section 2 of Chapter 67 of the Statutes of 1988, shall apply to a rural general acute care hospital as defined in Section 1250. Any reference in those provisions to the Office of Statewide Health Planning and Development shall instead refer to the department. Any reference in those provisions to a small and rural hospital shall instead refer to a rural general acute care hospital. The department may adopt regulations to implement or administer this action.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 932

An act to amend Sections 1250, 1250.1, 1267.10, 15026, and 15076 of the Health and Safety Code, to amend Section 6007 of, to add Sections 6006.5 and 6009 to, to add a chapter heading immediately preceding Section 6006 of Title 7 to Part 3 of, to add Title 8.7 (commencing with Section 7570) to Part 3 of, and to repeal Title 8.7 (commencing with Section 7580) of Part 3 of, the Penal Code, relating to correctional institutions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 7, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250 of the Health and Safety Code, as amended by Section 7 of Chapter 70 of the Statutes of 1993, is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these

purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation,

developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes

of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the California Department of Corrections from obtaining a correctional treatment center license at these sites.

(6) This subdivision shall remain operative only until January 1,

1997.

(k) "Nursing facility" means a facility that is licensed as either of the following:

(1) Skilled nursing facility.

(2) Intermediate care facility.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

SEC. 1.3. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

A "general acute care hospital" includes a rural general acute care hospital". However, a "rural general acute care hospital" shall not be required by the department to provide surgery and anesthesia services. A "rural general acute care hospital" shall meet either of the following conditions:

(1) The hospital meets the criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(2) The hospital meets the criteria for designation within peer group five or seven, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, and

has no more than 76 acute care beds and is located in a census dwelling place of 15,000 or less population according to the 1980 federal census.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no

more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the California Department of Corrections from obtaining a correctional treatment center license at these sites.

(6) This subdivision shall remain operative only until January 1, 1997.

(k) "Nursing facility" means a facility that is licensed as either of the following:

(1) Skilled nursing facility.

(2) Intermediate care facility.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

SEC. 1.5. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the

diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff

that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which

of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed

to prohibit the California Department of Corrections from obtaining a correctional treatment center license at these sites.

(6) This subdivision shall remain operative only until January 1, 1997.

(k) "Nursing facility" means a facility that is certified to participate as a provider of care in the federal medicaid program under Title XIX of the federal Social Security Act and is licensed as either of the following:

(1) Skilled nursing facility.

(2) Intermediate care facility.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

SEC. 1.7. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital that exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital that, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

A "general acute care hospital" includes a "rural general acute care hospital". However, a "rural general acute care hospital" shall not be required by the department to provide surgery and anesthesia services. A "rural general acute care hospital" shall meet either of the following conditions:

(1) The hospital meets criteria for designation within peer group

six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(2) The hospital meets the criteria for designation within peer group five or seven, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, and has no more than 76 acute care beds and is located in a census dwelling place of 15,000 or less population according to the 1980 federal census.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility that provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff that provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility that provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons

who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

(i) (1) "Congregate living health facility" means a residential home with a capacity, except as provided in paragraph (4), of no more than six beds, that provides inpatient care, including the following basic services: medical supervision, 24-hour skilled nursing and supportive care, pharmacy, dietary, social recreational, and at least one type of service specified in paragraph (2). The primary need of congregate living health facility residents shall be for availability of skilled nursing care on a recurring, intermittent, extended, or continuous basis. This care is generally less intense than that provided in general acute care hospitals but more intense than that provided in skilled nursing facilities.

(2) Congregate living health facilities shall provide one of the following services:

(A) Services for persons who are mentally alert, physically disabled persons, who may be ventilator dependent.

(B) Services for persons who have a diagnosis of terminal illness, a diagnosis of a life-threatening illness, or both. Terminal illness means the individual has a life expectancy of six months or less as stated in writing by his or her attending physician and surgeon. A "life-threatening illness" means the individual has an illness that can lead to a possibility of a termination of life within five years or less as stated in writing by his or her attending physician and surgeon.

(C) Services for persons who are catastrophically and severely disabled. A catastrophically and severely disabled person means a person whose origin of disability was acquired through trauma or nondegenerative neurologic illness, for whom it has been determined that active rehabilitation would be beneficial and to whom these services are being provided. Services offered by a congregate living health facility to a catastrophically disabled person shall include, but not be limited to, speech, physical, and occupational therapy.

(3) A congregate living health facility license shall specify which of the types of persons described in paragraph (2) to whom a facility is licensed to provide services.

(4) (A) A facility operated by a city and county for the purposes of delivering services under this section may have a capacity of 59 beds.

(B) A congregate living health facility not operated by a city and county servicing persons who are terminally ill, persons who have been diagnosed with a life-threatening illness, or both, that is located in a county with a population of 500,000 or more persons may have not more than 25 beds for the purpose of serving terminally ill persons.

(C) A congregate living health facility not operated by a city and county serving persons who are catastrophically and severely disabled, as defined in subparagraph (C) of paragraph (2) that is

located in a county of 500,000 or more persons may have not more than 12 beds for the purpose of serving catastrophically and severely disabled persons.

(5) A congregate living health facility shall have a noninstitutional, homelike environment.

(j) (1) "Correctional treatment center" means a health facility operated by the Department of Corrections, the Department of the Youth Authority, or a county, city, or city and county law enforcement agency that, as determined by the state department, provides inpatient health services to that portion of the inmate population who do not require a general acute care level of basic services. This definition shall not apply to those areas of a law enforcement facility that houses inmates or wards that may be receiving outpatient services and are housed separately for reasons of improved access to health care, security, and protection. The health services provided by a correctional treatment center shall include, but are not limited to, all of the following basic services: physician and surgeon, psychiatrist, psychologist, nursing, pharmacy, and dietary. A correctional treatment center may provide the following services: laboratory, radiology, perinatal, and any other services approved by the state department.

(2) Outpatient surgical care with anesthesia may be provided, if the correctional treatment center meets the same requirements as a surgical clinic licensed pursuant to Section 1204, with the exception of the requirement that patients remain less than 24 hours.

(3) Correctional treatment centers shall maintain written service agreements with general acute care hospitals to provide for those inmate physical health needs that cannot be met by the correctional treatment center.

(4) Physician and surgeon services shall be readily available in a correctional treatment center on a 24-hour basis.

(5) It is not the intent of the Legislature to have a correctional treatment center supplant the general acute care hospitals at the California Medical Facility, the California Men's Colony, and the California Institution for Men. This subdivision shall not be construed to prohibit the California Department of Corrections from obtaining a correctional treatment center license at these sites.

(6) This subdivision shall remain operative only until January 1, 1997.

(k) "Nursing facility" means a facility that is certified to participate as a provider of care in the federal medicaid program under Title XIX of the federal Social Security Act and is licensed as either of the following:

(1) Skilled nursing facility.

(2) Intermediate care facility.

(*l*) Regulations defining a correctional treatment center described in subdivision (j) that is operated by a county, city, or city and county, the Department of Corrections, or the Department of the Youth Authority, shall not become effective prior to, or if

effective, shall be inoperative until January 1, 1996, and until that time these correctional facilities are exempt from any licensing requirements.

SEC. 2. Section 1250.1 of the Health and Safety Code is amended to read:

1250.1. (a) The state department shall adopt regulations that define all of the following bed classifications for health facilities:

(1) General acute care.

(2) Skilled nursing.

(3) Intermediate care-developmental disabilities.

(4) Intermediate care-other.

(5) Acute psychiatric.

(6) Specialized care, with respect to special hospitals only.

(7) Chemical dependency recovery.

(8) Intermediate care facility/developmentally disabled habilitative.

(9) Intermediate care facility/developmentally disabled nursing.

(10) Congregate living health facility.

(11) Pediatric day health and respite care facility, as defined in Section 1760.2.

(12) Correctional treatment center. For correctional treatment centers that provide psychiatric and psychological services provided by county mental health agencies in local detention facilities, the State Department of Mental Health shall adopt regulations specifying acute and nonacute levels of 24-hour care. Licensed inpatient beds in a correctional treatment center shall be used only for the purpose of providing health services. This paragraph shall remain operative only until January 1, 1997.

(b) Except as provided in Section 1253.1, beds classified as intermediate care beds, on September 27, 1978, shall be reclassified by the state department as intermediate care-other. This reclassification shall not constitute a "project" within the meaning of Section 437.10 and shall not be subject to any requirement for a certificate of need under Part 1.5 (commencing with Section 437) of Division 1, and regulations of the state department governing intermediate care prior to the effective date shall continue to be applicable to the intermediate care-other classification unless and until amended or repealed by the state department.

SEC. 3. Section 1267.10 of the Health and Safety Code is amended to read:

1267.10. (a) The state department, in conjunction with the Office of Statewide Health Planning and Development and in consultation with the Department of Corrections, the Department of the Youth Authority, and the State Department of Mental Health, shall develop and adopt licensure regulations for correctional treatment centers, as defined in subdivision (j) of Section 1250. The regulations shall be submitted for review by the Assembly Health Committee, the Senate Health and Human Services Committee, the Joint Legislative Committee on Prison Construction and Operation

and the Joint Legislative Budget Committee 60 days prior to adoption. These regulations shall prescribe standards, based on the need of the inmate population, of adequacy, safety, and sanitation of the physical plant, staffing with duly licensed personnel, and services. The regulations shall prescribe a standard of care commensurate with community standards of practice applicable to the private sector health care delivery system in California. The department shall include with the regulations submitted for review during the public hearing required before adoption of regulations and for review by the legislative committees a list of differences between the requirements for license of a correctional treatment center and the requirements for license as an acute care general hospital, including, but not limited to, any special services or supplemental services, as appropriate. The list shall also include a rationale for the differences and the effect on services.

Correctional treatment center regulations shall be developed with assistance from the California Conference of Local Health Officers, the California Mental Health Directors Association, the California Conference of Directors of Environmental Health, the Board of Corrections, and the California State Sheriffs' Association. In developing the regulations, the state department and the State Department of Mental Health shall be guided by the need to provide safe and adequate medical care in a prison health facility where there is also a need to maintain integrity of the security of the correctional institution as determined by the Director of Corrections.

(b) The Maternal and Child Health Branch of the state department shall monitor and evaluate the standards and protocols of perinatal care utilized by the state department for the treatment of pregnant prisoners or inmates.

The state department shall report on these standards and protocols of perinatal care to the Legislature including submission of reports to the Chairpersons of the Senate Health and Human Services and Assembly Health Committees, as well as the Chairperson of the Joint Legislative Committee on Prison Construction and Operation, on or before June 1, 1988, and annually thereafter.

(c) During the legislative hearings on the 1994–95 Budget Act, the Department of Corrections shall provide detailed plans and cost estimates and schedules for implementation of correctional treatment center regulations.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute that is enacted prior to January 1, 1997, deletes or extends that date.

SEC. 4. Section 15026 of the Health and Safety Code is amended to read:

15026. (a) (1) "Hospital building" includes any building not specified in subdivision (b) that is used, or designed to be used, for a health facility of a type required to be licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2.

(2) Except as provided in paragraph (9) of subdivision (b),

hospital building includes a correctional treatment center, as defined in subdivision (j) of Section 1250, the construction of which was completed on or after March 7, 1973.

(b) "Hospital building" does not include any of the following:

(1) Any building in which outpatient clinical services of a health facility licensed pursuant to Section 1250 are provided that is separated from a building in which hospital services are provided. If any one or more outpatient clinical services in the building provides services to inpatients, the building shall not be included as a "hospital building" if those services provided to inpatients represent no more than 25 percent of the total outpatient services provided at the building. Hospitals shall maintain on an ongoing basis, data on the patients receiving services in these buildings, including the number of patients seen, categorized by their inpatient or outpatient status. Hospitals shall submit this data annually to the State Department of Health Services.

(2) Any building used, or designed to be used, for a skilled nursing facility or intermediate care facility if the building is of single-story, wood-frame or light steel frame construction.

(3) Any building of single-story, wood-frame or light steel frame construction in which only skilled nursing or intermediate care services are provided if the building is separated from a building housing other patients of the health facility receiving higher levels of care.

(4) Any freestanding structures of a chemical dependency recovery hospital exempted under the provisions of subdivision (c) of Section 1275.2.

(5) Any building licensed to be used as an intermediate care facility/developmentally disabled habilitative with six beds or less and any intermediate care facility/developmentally disabled habilitative of 7 to 15 beds that is a single-story, wood-frame or light steel frame building.

(6) Any building that has been used as a community care facility licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2, and was originally licensed to provide that level of care prior to March 7, 1973, if (A) the building complied with applicable building and safety standards at the time of that licensure, (B) the Director of Health Services, upon application, determines that in order to continue to properly serve the facility's existing client population, relicensure as an intermediate care facility/developmentally disabled will be required, and (C) a notice of intent to obtain a certificate of need was filed with the area health planning agency and the Office of Statewide Health Planning and Development on or before March 1, 1983. The exemption provided in this paragraph extends only to use of the building as an intermediate care facility/developmentally disabled.

(7) Any building that has been used as a community care facility pursuant to paragraph (1) or (2) of subdivision (a) of Section 1502, and was originally licensed to provide that level of care if all of the

following conditions are satisfied:

(A) The building complied with applicable building and safety standards for a community care facility at the time of that licensure.

(B) The facility conforms to the 1973 Edition of the Uniform Building Code of the International Conference of Building Officials as a community care facility.

(C) The facility is other than single story, but no more than two stories, and the upper story is licensed for ambulatory patients only.

(D) A certificate of need was granted prior to July 1, 1983, for conversion of a community care facility to an intermediate care facility.

(E) The facility otherwise meets all nonstructural construction standards for intermediate care facilities in existence on the effective date of this act or obtains waivers from the appropriate agency.

The exemption provided in this paragraph extends only to use of the building as an intermediate care facility as defined in subdivision (d) of Section 1250 and the facility is in Health Facilities Planning Area 1420.

(8) Any building subject to licensure as a correctional treatment center, as defined in subdivision (j) of Section 1250, the construction of which was completed prior to March 7, 1973.

(9) (A) Any building that meets the definition of a correctional treatment center, pursuant to subdivision (j) of Section 1250, for which the final design documents were completed or the construction of which was begun prior to January 1, 1994, operated by or to be operated by the Department of Corrections, the Department of the Youth Authority, or by a law enforcement agency of a city, county, or a city and county.

(B) In the case of reconstruction, alteration, or addition to, the facilities identified in this paragraph, and paragraph (8) or any other building subject to licensure as a general acute care hospital, acute psychiatric hospital, correctional treatment center, or nursing facility, as defined in subdivisions (a), (b), (j), and (k) of Section 1250, operated or to be operated by the Department of Corrections, the Department of the Youth Authority, or by a law enforcement agency of a city, county, or city and county, only the reconstruction, alteration, or addition, itself, and not the building as a whole, nor any other aspect thereof, shall be required to comply with this chapter or the regulations adopted pursuant thereto.

SEC. 4.5. Section 15076 of the Health and Safety Code is amended to read:

15076. Subject to the complete exemption contained in paragraphs (8) and (9) of subdivision (b) of Section 15026, and notwithstanding any other provision of law, plans for the construction or alteration of any hospital building, as defined in Section 1250, or any building specified in Section 15071, that are prepared by or under the supervision of the Department of Corrections or on behalf of the Department of the Youth Authority shall not require the review and approval of the statewide office. In

lieu of review and approval by the statewide office, the Department of Corrections and the Department of the Youth Authority shall certify to the statewide office that their plans and construction are in full conformance with all applicable building standards, including, but not limited to, fire and life and safety standards, and the requirements of this chapter for the architectural, structural, mechanical, plumbing, and electrical systems. The Department of Corrections and the Department of the Youth Authority shall use a secondary peer review procedure to review designs to ensure the adherence to all design standards for all new construction projects, and shall ensure that the construction is inspected by a competent, onsite inspector to ensure the construction is in compliance with the design and plan specifications.

Subject to the complete exemption contained in paragraphs (8) and (9) of subdivision (b) of Section 15026, and notwithstanding any other provision of law, plans for the construction or alteration of any correctional treatment center that are prepared by or under the supervision of a law enforcement agency of a city, county, or city and county shall not require the review and approval of the statewide office. In lieu of review and approval by the statewide office, the law enforcement agency of a city, county, or city and county shall certify to the statewide office that the plans and construction are in full conformance with all applicable building standards, including, but not limited to, fire and life and safety standards, and the requirements of this chapter for the architectural, structural, mechanical, plumbing, and electrical systems.

It is the intent of the Legislature that, except as specified in this section, all hospital buildings as defined by this chapter constructed by or under the supervision of the Department of Corrections or local law enforcement agencies, or constructed on behalf of the Department of the Youth Authority shall at a minimum meet all applicable regulations adopted pursuant to this chapter and all other applicable state laws.

SEC. 5. A chapter heading is added immediately preceding Section 6006 of Title 7 of Part 3 of the Penal Code, to read:

CHAPTER 4.5. EXAMINATION OF STAFF FOR TUBERCULOSIS

SEC. 6. Section 6006.5 is added to the Penal Code, to read:

6006.5. For purposes of this chapter, the following definitions shall apply:

(a) "Department" means the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, or the Youthful Offender Parole Board.

(b) "Examination or test" means methods, processes, or other means, including a chest X-ray, conducted in accordance with the recommendations of the Centers for Disease Control and Prevention and as specified in the department's guidelines for tuberculosis control, to determine if a person has, has had, or has been exposed

to tuberculosis.

(c) "Medical evaluation" means taking a history or gathering other information and may include, but is not limited to, listening to the chest or other examinations or tests, as specified in the department's guidelines for tuberculosis control, used to diagnose and assess the health conditions of the person.

(d) "Followup care" means the continued medical evaluations, monitoring, or care of a person after his or her initial visit, examination, or test, including, but not limited to, preventive therapy.

(e) "Certificate" means the official document developed and issued by the department that indicates the absence of tuberculosis in an infectious stage and that is signed by a physician and surgeon who is licensed by the Medical Board of California or the Osteopathic Medical Board of California under Division 2 (commencing with Section 500) of the Business and Professions Code or his or her designee. The certificate shall indicate that the examination, test, or evaluation was performed in accordance with the recommendations of the Centers for Disease Control and Prevention and as specified in the department's guidelines for tuberculosis control.

(f) "Negative skin test" shall have the same meaning as it is defined by the Centers for Disease Control and Prevention and the department's guidelines for tuberculosis control as the definition reads at the time of the examination.

(g) "Positive skin test" shall have the same meaning as it is defined by the Centers for Disease Control and Prevention and the department's guidelines for tuberculosis control as the definition reads at the time of the examination.

(h) "Institution" means any state prison, camp, center, office, or other facility under the jurisdiction of the Department of Corrections or the Department of the Youth Authority.

(i) "Infectious or contagious stage" means the period when a disease is capable of being transmitted from one person to another with or without contact.

(j) "Tuberculosis converter" shall have the same meaning as it is defined by the Centers for Disease Control and Prevention.

SEC. 7. Section 6007 of the Penal Code is amended to read:

6007. (a) No person shall be employed initially by the department unless that person, after an offer of employment, completes an examination, a test, or a medical evaluation and is found to be free of tuberculosis in an infectious or contagious stage prior to assuming work duties.

(b) As a condition of continued employment with the department, those employees who are skin-test negative shall receive an examination or test at least once a year, or more often if directed by the department, for as long as the employee remains skin-test negative. If an employee has a documented positive skin test, the employee shall have a medical evaluation to determine the need for followup care. An employee with a positive skin test shall

follow the department's guidelines for tuberculosis control.

(c) The department shall ensure that all examinations or tests and medical evaluations, as defined in subdivisions (b) and (c) of Section 6006.5, to diagnose and assess the health conditions of the person, meet the following conditions:

(1) Are made available to the employee promptly at a reasonable time and place.

(2) Are made available at no cost to the employee.

(3) Are performed by, or under the supervision of, a licensed health care professional.

(d) The examinations or tests or medical evaluations required pursuant to this chapter shall be offered by the department. The department may contract with a medical provider to administer the examinations or tests or medical evaluations. Employees who elect not to accept the department's offer shall obtain the examinations or tests or medical evaluations through their personal health care providers at no cost to the department.

(e) Followup care for tuberculosis infection or treatment for tuberculosis disease shall be pursued through the workers' compensation system as provided in Division 4 (commencing with Section 3200) and Division 5 (commencing with Section 6300) of the Labor Code for job-related incidents or through the employee's health insurance plan for non-job-related incidents. The department shall file a first report of injury for an employee whose examination or test for tuberculosis is positive. In addition, the department shall follow the guidelines, policies, and procedures of the workers' compensation early intervention program pursuant to Section 3214 of the Labor Code.

(f) Each employee, including employees who are employed initially, shall submit a signed certificate to the department annually that may be reviewed by the chief medical officer of the department.

(g) The department shall maintain a file containing an up-to-date certificate for each employee.

(h) Nothing in this section shall prevent the department from requiring and providing more extensive or more frequent examinations or tests.

(i) The department shall not discriminate against any employee because the employee tested positive for tuberculosis.

(j) All volunteers of the department shall be required to furnish the department with a certificate prior to assuming their volunteer duties and annually thereafter, showing that the volunteer has been examined and found to be free of tuberculosis in an infectious or contagious stage.

(k) The department shall maintain a file containing an up-to-date certificate for each volunteer.

(*l*) Employees from other state agencies, including, but not limited to, the State Department of Mental Health and the Department of Forestry and Fire Protection, who are assigned to work in an institution, as defined in subdivision (h) of Section 6006.5,

or who are assigned to work with inmates or wards on a regular basis, as defined in the department's guidelines, shall comply with the following requirements:

(1) Receive an examination or test prior to assuming their duties and at least once a year thereafter, or more often if directed by the department, for as long as the employee remains skin-test negative.

(2) Receive a medical evaluation to determine the need for followup care and follow the department's guidelines for tuberculosis control if an employee has a documented positive skin test.

(3) Submit a signed certificate to the department prior to assuming his or her duties and annually thereafter, showing that the employee has been found to be free of tuberculosis in an infectious or contagious state.

(4) Pursue followup care for tuberculosis infection or treatment for tuberculosis disease through the appropriate programs in their agency or department.

(m) The department shall offer the examinations, tests, or medical evaluations required pursuant to this chapter to employees of other state agencies or departments and may contract with a medical provider to administer the examinations, tests, or medical evaluations. Employees of other state agencies or departments who elect not to accept the department's offer shall obtain the examinations, tests, or medical evaluations from their personal health care provider at no cost to the department.

(n) The department shall maintain a file containing an up-to-date certificate for each employee from other state agencies who works in an institution.

SEC. 8. Section 6009 is added to the Penal Code, to read:

6009. In enacting this chapter, the Legislature hereby finds and declares that tuberculosis is a serious contagious disease. It is vital to the health and safety of inmates, employees, and the public at large, to conduct appropriate examinations and testing and to ensure that staff who test positive for tuberculosis obtain appropriate treatment in order to control the spread of tuberculosis in California's institutions.

SEC. 9. Title 8.7 (commencing with Section 7570) is added to Part 3 of the Penal Code, to read:

TITLE 8.7. EXAMINATION OF INMATES AND WARDS FOR TUBERCULOSIS

7570. In enacting this chapter, the Legislature hereby finds and declares that tuberculosis is a serious contagious disease. It is vital to the health and safety of inmates, employees, and the public at large, to conduct appropriate examinations, testing, and treatment in order to control the spread of tuberculosis in California's institutions.

7571. For purposes of this title, the following definitions shall apply:

(a) "Chief medical officer" means the chief medical officer or acting chief medical officer of a state prison or any facility under the jurisdiction of the Department of Corrections or the Department of the Youth Authority.

(b) "Inmate or ward" means any person incarcerated within the jurisdiction of the Department of Corrections or the Department of the Youth Authority, with the exception of a person on parole.

(c) "Institution" means any state prison, camp, center, office, or other facility under the jurisdiction of the Department of Corrections or the Department of the Youth Authority.

(d) "Examination, test, or treatment" means methods, processes, or other means, including medical evaluations, testing, followup examinations, or treatment, in accordance with the recommendations of the Centers for Disease Control and Prevention and as specified in the guidelines for tuberculosis control of the Department of Corrections and the Department of the Youth Authority.

(e) "Medical evaluation" means taking a history or gathering other information and may include, but is not limited to, listening to the chest or other examinations or tests as specified in the guidelines for tuberculosis control of the Department of Corrections and the Department of the Youth Authority.

(f) "Department" means the Department of Corrections and the Department of the Youth Authority.

(g) "Chief of medical services" means the medical officer, acting medical officer, or designee responsible for all medical services of the Department of Corrections or the Department of the Youth authority.

7572. The chief of medical services, or his or her designee, shall use every available means to ascertain the existence of, and to immediately investigate all reported or suspected cases of, tuberculosis in the infectious stages and to ascertain the source or sources of the infections. In carrying out these investigations, the chief of medical services, or his or her designee, is hereby invested with full powers of inspection, examination, and quarantine or isolation of all inmates or wards known to be, or reasonably suspected to be, infected with tuberculosis in an infectious stage.

7573. (a) The chief medical officer shall order an inmate or ward to receive an examination or test, or may order an inmate or ward to receive treatment if the medical officer has a reasonable suspicion that the inmate or ward has, has had, or has been exposed to tuberculosis in an infectious stage and the chief medical officer has reasonable grounds to believe that it is necessary for the preservation and protection of staff and inmates or wards.

(b) The chief medical officer shall ensure that examinations or tests for tuberculosis on all inmates or wards are conducted upon incarceration and at least annually thereafter.

7574. Notwithstanding Section 2600 or 2601, or any other provision of law, any inmate or ward who refuses to submit to an

examination, test, or treatment for tuberculosis as described in Section 7572 or 7573, or who refuses treatment for tuberculosis, or who, after notice, violates, or refuses or neglects to conform to, any rule, order, guideline, or regulation prescribed by the department with regard to tuberculosis control shall be tested involuntarily and may be treated involuntarily. This inmate or ward shall be subject to disciplinary action as described in Title 15 of the California Code of Regulations.

7575. To provide effective control of the spread of tuberculosis in institutions and to identify those among the inmate and ward populations with tuberculosis, the Department of Corrections shall operate pursuant to guidelines developed in consultation with the State Department of Health Services, which shall be adopted on or before July 1, 1994. The guidelines shall include, but not be limited to, establishing a reporting system which emphasizes standardized, uniform data collection, reporting, and assessment, as specified in Section 7576.

7576. (a) The Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, and the Youthful Offender Parole Board shall compile information through each department's respective reporting systems for individual institutions and each respective department as a whole and shall provide the results to the State Department of Health Services annually. The information reported shall consist of the following:

(1) Prevalence rates and conversion rates (tuberculin incidence) for tuberculosis infection for inmates or wards and staff in each institution.

(2) Case numbers and case rates for tuberculosis disease for inmates or wards in each institution.

(b) Subject to additional staffing resources provided through the state budget process, the departments described in subdivision (a) shall also compile the following information for individual institutions and each respective department as a whole and shall provide the results to the State Department of Health Services annually:

(1) Percentage of inmates and wards with tuberculosis disease who complete the prescribed course of directly observed curative therapy in accordance with the Centers for Disease Control and Prevention recommendations and as specified in the department's guidelines for tuberculosis control.

(2) Percentage of inmates and wards with culture positive sputum that convert to culture negative in accordance with the Centers for Disease Control and Prevention recommendations and as specified in the department's guidelines for tuberculosis control.

(3) Percentage of inmates and wards with tuberculosis who complete the prescribed INH (isoniazid) or other appropriate directly observed preventive therapy in accordance with the Centers for Disease Control and Prevention recommendations and as specified in the department's guidelines for tuberculosis control.

SEC. 10. Title 8.7 (commencing with Section 7580) of Part 3 of the Penal Code is repealed.

SEC. 11. The full costs of implementing Section 7 of this act regarding tuberculosis testing shall be met by the Department of Corrections.

SEC. 11.5. (a) Section 1.3 of this bill incorporates amendments to Section 1250 of the Health and Safety Code proposed by both this bill and AB 972. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, but this bill becomes operative first, (2) each bill amends Section 1250 of the Health and Safety Code, and (3) this bill is enacted after AB 972, in which case Section 1250 of the Health and Safety Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 972, at which time Section 1.3 of this bill shall become operative.

(b) Section 1.5 of this bill incorporates amendments to Section 1250 of the Health and Safety Code proposed by both this bill and SB 560. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, but this bill becomes operative first, (2) each bill amends Section 1250 of the Health and Safety Code, and (3) this bill is enacted after SB 560, in which case Section 1250 of the Health and Safety Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 560, at which time Section 1.5 of this bill shall become operative.

(c) Section 1.7 of this bill incorporates amendments to Section 1250 of the Health and Safety Code proposed by both this bill AB 972 and SB 560. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 1994, but this bill becomes operative first, (2) each bill amends Section 1250 of the Health and Safety Code, and (3) this bill is enacted after AB 972 and SB 560, in which case Section 1250 of the Health and Safety Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 972 and SB 560, at which time Section 1.7 of this bill shall become operative.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because of costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is vital to the health and safety of inmates, wards, employees, and the public at large to conduct appropriate examination, testing, and treatment to control the spread of tuberculosis in California's correctional system. In order to provide the public, employees, inmates, and wards within the state correctional system with immediate increased protection against the threat of tuberculosis, it is necessary that this act take effect immediately.

CHAPTER 933

An act relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) For purposes of this section, the following definitions shall apply:

(1) "Capital outlay" means revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (Title 42 U.S.C. 1396d(a)(2)(C)) used for projects that involve the acquisition, construction, renovation, improvement, modernization, expansion, or replacement of a plant, buildings, or fixed or movable equipment, including debt service, for facilities used in the provision of county health care services.

(2) "County health care services" means those services described in subdivision (a) of section 16801 of the Welfare and Institutions Code.

(3) "County financial maintenance of effort" means the level of financial support required of a county pursuant to Section 16990 of the Welfare and Institutions Code.

(4) "County" means a county of the sixteenth class as determined by Section 28037 of the Government Code.

(b) (1) The county shall deposit all revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) into a fund or funds other than the county general fund, and shall retain these revenues until utilized for the purpose described in this section.

(2) All revenues received pursuant to Section 1905(a)(2)(C) of

the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) are intended to support health care services rendered by a Federally Qualified Health Center (FQHC), including, but not limited to, health services and capital outlay. Revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) shall not be used to supplant or offset county general funds or other funds that were expended or encumbered for those purposes prior to July 1, 1991.

(3) Revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) shall be included in computing county financial maintenance of effort only as set forth in subdivision (c).

(c) For the 1991–92 fiscal year, and for each fiscal year thereafter, for purposes of computing county financial maintenance of effort, revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) deposited in accordance with subdivision (b) shall be treated as follows to the extent permitted by federal law:

(1) Revenues utilized by a county for capital outlay, shall not be counted as revenue in the computation of county financial maintenance of effort.

(2) Revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) not utilized as described in paragraph (1) shall be counted as revenue in the computation of county financial maintenance of effort only to the extent that by not counting these revenues for a particular fiscal year, a county's net county costs for county health services exceeds the amount of county funds required to satisfy the requirements of Section 16990 of the Welfare and Institutions Code for that fiscal year.

(3) Revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) counted as revenue in the calculation of county financial maintenance of effort for a particular fiscal year pursuant to paragraph (2), shall not be counted as revenue in the calculation of county financial maintenance of effort relating to any subsequent fiscal year.

(d) As a condition of receiving the benefits of this section, the county shall make no health care curtailments and take no action to reduce health care services within the county's department of health services below the level that existed in the 1992–93 fiscal year in any fiscal year in which the county excludes from computation of its county financial maintenance of effort revenues received pursuant to Section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)). Except as provided in subdivision (e), these curtailments and reductions shall include all of the following:

(1) A reduction in the number or capacity of county clinics, hospitals, or other health care facilities maintained by the county's department of health services.

(2) A significant reduction in total staffing of all county health facilities within the county's department of health services.

(3) A change in the eligibility standards for health care services that results in a reduction in the number of eligible beneficiaries. This paragraph shall not prevent changes in verification methods otherwise permitted by law.

(4) A reduction in the level or scope of benefits provided.

(e) Subdivision (d) shall not apply to curtailments or reductions brought about by strike, natural disaster, a reduction in patient demand, or other factors beyond the control of the county, provided that staffing and service levels are restored to their levels as soon as practical.

(f) The county shall provide to the State Department of Health Services comparable baseline data and such other information as the department may require to verify compliance with this section. The data submitted pursuant to this subdivision shall be used only for the purposes of this act, and shall not affect any current or future reporting requirements pertaining to the distribution of funds from the Cigarette and Tobacco Tax Products Surtax Fund, revenues distributed to counties under the realignment of state and local programs under Chapters 89 and 97 of the Statutes of 1991, or any other revenue distributed to counties for county health services.

(g) If the county fails to comply with subdivisions (b), (c), or (d), the State Department of Health Services shall include the revenues in the computation of net county cost in determining financial maintenance of effort that would otherwise have been excluded pursuant to this section, and shall recover funds pursuant to subdivision (d) of Section 16990 of the Welfare and Institutions Code.

(h) Revenues received pursuant to section 1905(a)(2)(C) of the federal Social Security Act (42 U.S.C. 1396d(a)(2)(C)) shall not be used for deposits required by Sections 17608.05 and 17608.10 of the Welfare and Institutions Code, or as county funds required by Section 16990 of the Welfare and Institutions Code.

(i) This section shall become inoperative on July 1, 1994, and shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the allocation of, and avoid the recoupment of, Cigarette and Tobacco Products Surtax revenues intended for the provision of needed health and mental health services by local agencies in the 1993–94 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 934

An act relating to health services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding Section 16990 of the Welfare and Institutions Code, and paragraph (2) of subdivision (b) of Section 16990.5 of the Welfare and Institutions Code, as added by Assembly Bill 1433 of the 1993 portion of the 1993–94 Regular Session, for the 1993–94 fiscal year, the State Department of Health Services and a county with a population over seven million in computing the level of net county costs for the 1993–94 fiscal year to determine compliance with the financial maintenance of effort provisions of Section 16990 of the Welfare and Institutions Code shall exclude from allowable revenues an amount to be determined by the county, but no more than one hundred ten million dollars ($110,000,000) in allowable revenues the county actually receives through disproportionate share hospital payment adjustments for the 1993–94 fiscal year made pursuant to Section 14105.98 of the Welfare and Institutions Code and to the extent permitted by federal law provided the county complies with the following provisions:

(1) The county complies with the provisions of Sections 17608.10 and 17608.15 of the Welfare and Institutions Code pertaining to deposits of funds in the health account of its local health and welfare trust fund.

(2) The county make no health and mental health care curtailments within the county's department of health services and takes no action to reduce health and mental health care services within the county's department of health services in the 1993–94 fiscal year below the levels that existed in the 1992–93 fiscal year.

(b) (1) For purposes of paragraph (2) of subdivision (a), curtailments and reductions shall include the following:

(A) A reduction in the numbers or capacity of county clinics, hospitals, or other health care facilities or mental health facilities maintained by the county's department of health services.

(B) A significant reduction in the total staffing of all county health and mental health facilities within the county's department of health services.

(C) A change in the eligibility standards for health care services that results in a reduction in the number of eligible beneficiaries. A reduction described in this subparagraph shall not prevent changes in verification methods otherwise permitted by law.

(D) A reduction in the level or scope of benefits provided.

(2) Curtailments and reductions specified in paragraph (1) shall

not include reductions brought about by strike, natural disaster, a reduction in patient demand, or any other factor beyond the control of the county, so long as staffing and service levels are restored to the 1992–93 levels as soon as possible.

(c) (1) The county shall provide on a monthly basis, during the 1993–94 fiscal year, to the State Department of Health Services all of the following data relating to each facility operated by the county department of health services:

(A) The total number of employees, to the extent available.

(B) The number of full-time equivalent employees, to the extent available.

(C) The number of inpatient days.

(D) The number of outpatient visits.

(E) The number of budgeted beds.

(2) Data required pursuant to paragraph (1) shall be provided to the State Department of Health Services as soon as it becomes available. The county shall also provide to the State Department of Health Services comparable baseline data and such other information as the department may require to verify compliance with this section.

(3) The data submitted pursuant to this subdivision shall be used only for the purposes of this section, and shall not affect any current or future reporting requirements pertaining to the distribution of funds from the Cigarette and Tobacco Tax Products Surtax Fund, revenues distributed to counties under the realignment of state and local programs pursuant to Chapters 89 and 97 of the Statutes of 1991, or any other revenue distributed to counties for county health services.

(d) (1) The State Department of Health Services shall, in the course of its routine monitoring activities, review the county's compliance with this section, on a quarterly basis, as soon as the data is provided for each quarter of the 1993–94 fiscal year.

(2) (A) If the State Department of Health Services determines that there has been a reduction in overall services levels in violation of this section, the county shall, within 15 days of receipt of the department's determination, submit a plan of correction to the department. The department shall immediately review the county's plan of correction and approve or disapprove the plan within 15 days of receipt.

(B) If the State Department of Health Services is unable to negotiate an acceptable plan of correction with the county, or the county does not immediately and fully implement the plan, the State Department of Health Services may withhold further payment of funds to the county under Chapter 5 (commencing with Section 16940) of Part 4.7 of Division 9 of the Welfare and Institutions Code, until such time as the county complies with paragraph (2) of subdivision (a).

(e) This section shall not limit the right of the county to forego funding from the Cigarette and Tobacco Products Surtax Fund for

the California Health Care for the Indigent Program, provided for pursuant to Chapter 5 (commencing with Section 16940) of Part 4.7 of Division 9 of the Welfare and Institutions Code, to withdraw from the California Health Care for the Indigent Program pursuant to the provisions of its program contract with the State Department of Health Services, and to be relieved of any further responsibilities under this section.

(f) This section is not intended to alter the requirements of Sections 10000, 17000, and 17001 of the Welfare and Institutions Code.

(g) If the county fails to comply with the provisions of paragraphs (1) and (2) of subdivision (a), the department shall include the revenues in the computation of net county costs in determining financial maintenance of effort that would otherwise have been excluded pursuant to subdivision (a) and shall recover funds pursuant to subdivision (d) of Section 16990 of the Welfare and Institutions Code.

(h) This act shall be operative for the 1993–94 fiscal year and is repealed on July 1, 1995.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the provisions are voluntary on the part of the county.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the allocation of, and avoid the recoupment of, Cigarette and Tobacco Products Surtax revenues intended for the provision of needed health and mental health services by local agencies in the 1993–94 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 935

An act to amend Sections 4057 and 4323 of, and to add Section 4057.5 to, the Family Code, relating to family law.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 4057 of the Family Code, as added by Section 138 of Chapter 219 of the Statutes of 1993, is amended to read:

4057. (a) The amount of child support established by the formula provided in subdivision (a) of Section 4055 is presumed to be the correct amount of child support to be ordered.

(b) The presumption of subdivision (a) is a rebuttable presumption affecting the burden of proof and may be rebutted by

admissible evidence showing that application of the formula would be unjust or inappropriate in the particular case, consistent with the principles set forth in Section 4053, because one or more of the following factors is found to be applicable by a preponderance of the evidence, and the court finds, in writing or on the record, that application of the formula would be unjust or inappropriate in the particular case and that the revised amount is in the best interests of the children:

(1) The parties have stipulated to a different amount of child support under subdivision (a) of Section 4065.

(2) The sale of the family residence is deferred pursuant to Chapter 8 (commencing with Section 3800) of Part 1 and the rental value of the family residence in which the children reside exceeds the mortgage payments, homeowner's insurance, and property taxes. The amount of any adjustment pursuant to this paragraph shall not be greater than the excess amount.

(3) The parent being ordered to pay child support has an extraordinarily high income and the amount determined under the formula would exceed the needs of the children.

(4) A party is not contributing to the needs of the children at a level commensurate with that party's custodial time.

(5) Application of the formula would be unjust or inappropriate due to special circumstances in the particular case. These special circumstances include, but are not limited to, the following:

(A) Cases in which the parents have different time-sharing arrangements for different children.

(B) Cases in which both parents have substantially equal time-sharing of the children and one parent has a much lower or higher percentage of income used for housing than the other parent.

(C) Cases in which the children have special medical or other needs that could require child support that would be greater than the formula amount.

SEC. 1.5. Section 4057 of the Family Code, as added by Section 138 of Chapter 219 of the Statutes of 1993, is amended to read:

4057. (a) The amount of child support established by the formula provided in subdivision (a) of Section 4055 is presumed to be the correct amount of child support to be ordered.

(b) The presumption of subdivision (a) is a rebuttable presumption affecting the burden of proof and may be rebutted by admissible evidence showing that application of the formula would be unjust or inappropriate in the particular case, consistent with the principles set forth in Section 4053, because one or more of the following factors is found to be applicable by a preponderance of the evidence, and the court states in writing or on the record the information required in subdivision (a) of Section 4056:

(1) The parties have stipulated to a different amount of child support under subdivision (a) of Section 4065.

(2) The sale of the family residence is deferred pursuant to Chapter 8 (commencing with Section 3800) of Part 1 and the rental

value of the family residence in which the children reside exceeds the mortgage payments, homeowner's insurance, and property taxes. The amount of any adjustment pursuant to this paragraph shall not be greater than the excess amount.

(3) The parent being ordered to pay child support has an extraordinarily high income and the amount determined under the formula would exceed the needs of the children.

(4) A party is not contributing to the needs of the children at a level commensurate with that party's custodial time.

(5) Application of the formula would be unjust or inappropriate due to special circumstances in the particular case. These special circumstances include, but are not limited to, the following:

(A) Cases in which the parents have different time-sharing arrangements for different children.

(B) Cases in which both parents have substantially equal time-sharing of the children and one parent has a much lower or higher percentage of income used for housing than the other parent.

(C) Cases in which the children have special medical or other needs that could require child support that would be greater than the formula amount.

SEC. 2. Section 4057.5 is added to the Family Code, to read:

4057.5. (a) (1) The income of the obligor parent's subsequent spouse or nonmarital partner shall not be considered when determining or modifying child support, except in an extraordinary case where excluding that income would lead to extreme and severe hardship to any child subject to the child support award, in which case the court shall also consider whether including that income would lead to extreme and severe hardship to any child supported by the obligor or by the obligor's subsequent spouse or nonmarital partner.

(2) The income of the obligee parent's subsequent spouse or nonmarital partner shall not be considered when determining or modifying child support, except in an extraordinary case where excluding that income would lead to extreme and severe hardship to any child subject to the child support award, in which case the court shall also consider whether including that income would lead to extreme and severe hardship to any child supported by the obligee or by the obligee's subsequent spouse or nonmarital partner.

(b) For purposes of this section, an extraordinary case may include a parent voluntarily or intentionally quitting work or reducing income.

(c) If any portion of the income of either parent's subsequent spouse or nonmarital partner is allowed to be considered pursuant to this section, discovery for the purposes of determining income shall be based on W2 and 1099 income tax forms, except where the court determines that application would be unjust or inappropriate.

(d) If any portion of the income of either parent's subsequent spouse or nonmarital partner is allowed to be considered pursuant to this section, the court shall allow a hardship deduction based on the

minimum living expenses for one or more stepchildren of the party subject to the order.

(e) The enactment of this section constitutes cause to bring an action for modification of a child support order entered prior to the operative date of this section.

SEC. 3. Section 4323 of the Family Code is amended to read:

4323. (a) (1) Except as otherwise agreed to by the parties in writing, there is a rebuttable presumption, affecting the burden of proof, of decreased need for spousal support if the supported party is cohabiting with a person of the opposite sex. Upon a determination that circumstances have changed, the court may modify or terminate the spousal support as provided for in Chapter 6 (commencing with Section 3650) of Part 1.

(2) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this subdivision.

(b) The income of a supporting spouse's subsequent spouse or nonmarital partner shall not be considered when determining or modifying spousal support.

(c) Nothing in this section precludes later modification or termination of spousal support on proof of change of circumstances.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 4057 of the Family Code proposed by both this bill and SB 541. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 4057 of the Family Code, and (3) this bill is enacted after SB 541, in which case Section 1 of this bill shall not become operative.

CHAPTER 936

An act to add Sections 1257.7 and 1257.8 to the Health and Safety Code, and to amend Section 14083 of the Welfare and Institutions Code, relating to health facilities.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Violence is an escalating problem in hospital emergency departments throughout California and the nation.

(b) The emergency department is particularly vulnerable to violence because of its accessibility to all members of the public. The emergency department is open 24 hours a day, seven days a week, to anyone desiring care.

(c) During the past few years in California, deaths to nurses and

other health care workers occurred in emergency rooms, psychiatric hospitals, and community mental health clinics.

(d) Actual incidence of the problem in all types of health care facilities is greater than documented because of failure to report or failure to maintain records of incidents that are reported.

(e) A 1991 national survey of emergency room nurses found that two-thirds reported at least one assault during their careers, and over a third had been assaulted at least once during the previous year.

(f) A 1992 survey of California hospitals reported that nearly 60 percent of hospitals in Fresno, Los Angeles, Sacramento, San Diego, and San Francisco reported injuries to staff, visitors, or patients. Over 40 percent of the incidents involved the use of a gun.

(g) Patients and emergency personnel should be assured of access to health care in a safe environment. Personnel training and appropriate safety controls should be implemented to minimize the risks and dangers affecting all people in emergency room settings.

(h) Many hospitals have undertaken numerous efforts to assure that patients and workers are safe from violence. These efforts will be enhanced by the enactment of this act.

SEC. 2. Section 1257.7 is added to the Health and Safety Code, to read:

1257.7. (a) By July 1, 1995, all hospitals licensed pursuant to subdivisions (a), (b), and (f) of Section 1250 shall conduct a security and safety assessment and, using the assessment, develop a security plan with measures to protect personnel, patients, and visitors from aggressive or violent behavior. The security and safety assessment shall examine trends of aggressive or violent behavior at the facility. These hospitals shall track incidents of aggressive or violent behavior as part of the quality assessment and improvement program and for the purposes of developing a security plan to deter and manage further aggressive or violent acts of a similar nature. The plan may include, but shall not be limited to, security considerations relating to all of the following:

(1) Physical layout.

(2) Staffing.

(3) Security personnel availability.

(4) Policy and training related to appropriate responses to violent acts.

In developing this plan, the hospital shall consider any guidelines or standards on violence in health care facilities issued by the state department, the Division of Occupational Safety and Health, and the federal Occupational Safety and Health Administration. As part of the security plan, a hospital shall adopt security policies including, but not limited to, personnel training policies designed to protect personnel, patients, and visitors from aggressive or violent behavior.

(b) The individual or members of a hospital committee responsible for developing the security plan shall be familiar with all of the following:

(1) The role of security in hospital operations.

(2) Hospital organization.
(3) Protective measures, including alarms and access control.
(4) The handling of disturbed patients, visitors, and employees.
(5) Identification of aggressive and violent predicting factors.
(6) Hospital safety and emergency preparedness.
(7) The rudiments of documenting and reporting crimes, including, by way of example, not disturbing a crime scene.

(c) The hospital shall have sufficient personnel to provide security pursuant to the security plan developed pursuant to subdivision (a). Persons regularly assigned to provide security in a hospital setting shall be trained regarding the role of security in hospital operations, including the identification of aggressive and violent predicting factors, and management of violent disturbances.

(d) Any act of assault, as defined in Section 240 of the Penal Code, or battery, as defined in Section 242 of the Penal Code, against any on-duty hospital personnel shall be reported to the local law enforcement agency within 72 hours of the incident. Any individual knowingly interfering with or obstructing the reporting process shall be guilty of a misdemeanor.

SEC. 3. Section 1257.8 is added to the Health and Safety Code, to read:

1257.8. (a) All hospital employees regularly assigned to the emergency department shall receive, by July 1, 1995, and thereafter, on a continuing basis as provided for in the security plan developed pursuant to Section 1257.7, security education and training relating to the following topics:
(1) General safety measures.
(2) Personal safety measures.
(3) The assault cycle.
(4) Aggression and violence predicting factors.
(5) Obtaining patient history from a patient with violent behavior.
(6) Characteristics of aggressive and violent patients and victims.
(7) Verbal and physical maneuvers to diffuse and avoid violent behavior.
(8) Strategies to avoid physical harm.
(9) Restraining techniques.
(10) Appropriate use of medications as chemical restraints.
(11) Any resources available to employees for coping with incidents of violence, including, by way of example, critical incident stress debriefing or employee assistance programs.

(b) As provided in the security plan developed pursuant to Section 1257.7, members of the medical staff of each hospital and all other practitioners, including, but not limited to, nurse practitioners, physician assistants, and other personnel, who are regularly assigned to the emergency department or other departments identified in the security plan shall receive the same training as that provided to hospital employees or, at a minimum, training determined to be sufficient pursuant to the security plan.

(c) Temporary personnel shall be oriented as required pursuant to the security plan. This section shall not be construed to preempt state law or regulations generally affecting temporary personnel in hospitals.

SEC. 4. Section 14083 of the Welfare and Institutions Code is amended to read:

14083. The factors to be considered by the negotiator in negotiating contracts under this article, or in drawing specifications for competitive bidding, include, but are not limited to, all of the following:

(a) Beneficiary access.

(b) Utilization controls.

(c) Ability to render quality services efficiently and economically.

(d) Demonstrated ability to provide or arrange needed specialized services.

(e) Protection against fraud and abuse.

(f) Any other factor which would reduce costs, promote access, or enhance the quality of care.

(g) The capacity to provide a given tertiary service, such as specialized children's services, on a regional basis.

(h) Recognition of the variations in severity of illness and complexity of care.

(i) Existing labor-management collective bargaining agreements.

(j) The situation of county hospitals and university medical centers contracting with counties for provision of health care to indigent persons entitled to care under Section 17000, which are burdened to a greater extent than private hospitals with bad debts, indirect costs, medical education programs, and capital needs.

(k) The special circumstances of hospitals serving a disproportionate number of Medi-Cal beneficiaries and patients who are not covered by other third-party payers, including the costs associated with assuring an adequate supply of registered nurses.

(*l*) The costs of providing complex emergency services, including the costs of meeting and maintaining state and local requirements for trauma center designation.

(m) The hospital does any of the following:

(1) Provides additional obstetrical beds.

(2) Contracts with one or more comprehensive perinatal providers.

(3) Permits certified nurse midwives, subject to hospital rules, and consistent with existing laws and regulations, to admit patients to the health facility.

(4) Expands overall obstetrical services in the hospital.

(n) The special circumstances of hospitals whose Medi-Cal inpatient utilization rate exceeds the mean Medicaid inpatient utilization rate by at least one-half of one standard deviation.

(o) The ability and capacity of the contracting hospital in a closed health facility planning area to provide health care services to beneficiaries who are in life threatening or emergency situations, but

have been sufficiently stabilized at another noncontracting facility in order to facilitate transportation to the contracting hospital.

(p) The ability of the contracting hospital to provide a secure environment for the provision of health care services. In this regard, the negotiator shall consider additional security measures that the contracting hospital may have taken to provide a secure environment, including, but not limited to, the use of detection equipment or procedures to detect lethal weapons, the appropriate use of surveillance cameras, limiting access of unauthorized personnel to the emergency department, installation of bullet proof glass as appropriate in designated areas, the use of emergency "panic" buttons to alert local law enforcement agencies, and assigning full-time security personnel to the emergency department.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 937

An act to amend Sections 19005, 19008, 19010, 19011, 19013, 19013.5, 19017, 19018, 19100, 19150, 19151, 19152, 19154, 19400, 19401, 19402, 19403, 19404, 19700.1, 19702, 19703, 19706, 19709, 19750, 19751, 19752, 19753, and 19801 of, to add Sections 19090, 19091, 19092, 19101, 19102, 19103, 19104, and 19104.5 to, to repeal and add Section 19000 of, to repeal Sections 19105 and 19707 of, to repeal Article 1.5 (commencing with Section 19450) of Chapter 5 of, and to repeal Chapter 4 (commencing with Section 19300) of, Division 10 of, the Welfare and Institutions Code, relating to disabled persons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to bring California statutes into compliance with the federal Rehabilitation Act Amendments of 1992.

SEC. 2. Section 19000 of the Welfare and Institutions Code is repealed.

SEC. 2.5. Section 19000 is added to the Welfare and Institutions

Code, to read:

19000. (a) The Legislature finds and declares as follows:

(1) Work is a valuable and important activity, both for individuals and society, and fulfills the need of an individual to be productive, promotes independence, enhances self-esteem, and allows for participation in the mainstream of life.

(2) Disability is a natural part of human experience and in no way diminishes the capacity of individuals to live independently, enjoy self-determination, make choices, contribute to society, pursue meaningful careers, and enjoy inclusion and integration in the economic, political, social, cultural, and educational mainstream of society.

(3) As a group, individuals with disabilities experience staggering levels of unemployment and poverty.

(4) Increased employment of, and independent living for, individuals with disabilities can be achieved by providing individualized training, independent living services, educational and support services, and meaningful opportunities for employment in integrated work settings with reasonable accommodations.

(5) Individuals with disabilities, including individuals with the most severe disabilities, have demonstrated their ability to achieve gainful employment in integrated settings if appropriate services and supports are provided.

(6) The provision of vocational rehabilitation services can enable individuals with disabilities, including individuals with the most severe disabilities, to pursue meaningful careers by securing gainful employment commensurate with their abilities and capabilities.

(b) The purpose of this division is to assist the Department of Rehabilitation in operating comprehensive, coordinated, effective, efficient, and accountable programs of vocational rehabilitation and independent living that are designed to assess, plan, develop, and provide services for individuals with disabilities, particularly individuals with the most severe disabilities, consistent with their strengths, resources, priorities, concerns, abilities, and capabilities, so that these individuals may prepare for and engage in gainful employment and live more independently.

(c) The Department of Rehabilitation's vocational rehabilitation and independent living programs shall be consistent with the national policy toward people with disabilities articulated in the Americans with Disabilities Act of 1990 (Public Law 101-336) and the 1992 Amendments to the Rehabilitation Act of 1973 (Public Law 102-569).

(d) It shall be the goal of the Department of Rehabilitation to provide individuals with disabilities with the tools necessary do all of the following:

(1) Make informed choices and decisions.

(2) Maximize employment, independence, and economic and social self-sufficiency in the mainstream of society.

(3) Achieve equality of opportunity and inclusion and integration

into all aspects of society.

(e) The Department of Rehabilitation's vocational rehabilitation and independent living programs, projects, and activities shall be carried out in a manner consistent with the following principles:

(1) Respect for individual dignity, personal responsibility, self-determination, and pursuit of independent living and meaningful careers, based on informed choice of individuals with disabilities.

(2) Respect for the privacy, rights, and equal access of individuals with disabilities, including, but not limited to, the use of accessible formats.

(3) Individuals with disabilities, including individuals with the most severe disabilities, shall be generally presumed to be capable of engaging in gainful employment, and the provision of individualized vocational rehabilitation services can improve their ability to become gainfully employed.

(4) Promotion of independence, inclusion, integration, and full participation of individuals with disabilities.

(5) Individuals with disabilities shall be provided the opportunities to obtain competitive employment in integrated settings.

(6) Individuals with disabilities shall be active participants in their own rehabilitation programs, including, but not limited to, making meaningful and informed choices about the selection of their vocational goals and objectives and the vocational rehabilitation services they receive.

(7) Support for the involvement of a parent, a family member, a guardian, an advocate, or an authorized representative, if an individual with a disability requests, desires, or needs that support.

(8) Individuals with disabilities and their advocates are full partners in the vocational rehabilitation and independent living programs and shall be involved on a regular basis and in a meaningful manner with respect to policy development and implementation.

(9) Qualified vocational rehabilitation counselors, and other qualified personnel facilitate the accomplishment of the employment and independent living goals and objectives of an individual.

(10) Accountability measures must facilitate and not impede the accomplishment of the goals and objectives of the department's programs, including providing vocational rehabilitation and independent living services to, among others, individuals with the most severe disabilities.

SEC. 3. Section 19005 of the Welfare and Institutions Code is amended to read:

19005. The department is vested with all necessary powers and authority to cooperate with the government of the United States or any agency or agencies thereof in the administration of any act of Congress and rules and regulations lawfully adopted thereunder relating to individuals with disabilities or their vocational

rehabilitation and independent living.

SEC. 4. Section 19008 of the Welfare and Institutions Code is amended to read:

19008. To the extent resources are available, the department may utilize funds from appropriations by Congress, by gifts, grants, or reimbursements from private or public sources or by state appropriations, or both, or by transfer of funds from other state departments subject to usual budgetary controls for the purpose of establishing and operating rehabilitation programs, including an orientation center for the blind, or of providing vocational rehabilitation or independent living services including related administrative costs, or of cooperating with other public or private agencies for these purposes.

SEC. 5. Section 19010 of the Welfare and Institutions Code is amended to read:

19010. Pursuant to agreements the department shall cooperate with the federal government in carrying out the purposes of any federal statutes pertaining to the purposes of this division and may adopt the methods of administration found necessary by the federal government for the proper and efficient operation of the agreements or plans for vocational rehabilitation and independent living services and may comply with the conditions as may be necessary to secure the full benefits of such federal statutes.

SEC. 6. Section 19011 of the Welfare and Institutions Code is amended to read:

19011. The people of the state accept the provisions and benefits of the act of Congress entitled "The Rehabilitation Act Amendments of 1992," (29 U.S.C. 701, et seq.) and any subsequent amendments thereto.

SEC. 7. Section 19013 of the Welfare and Institutions Code is amended to read:

19013. (a) (1) The department may cooperate with other departments, agencies, and institutions, both public and private, in providing the services authorized by this division to individuals with disabilities, in studying the problems involved therein, and in establishing, developing, and providing, in conformity with the purposes of this division, such programs, facilities, and services as may be necessary or desirable.

(2) Cooperation may include contracts and cost-sharing agreements, to the extent permitted by the Rehabilitation Act of 1973 (P.L. 93-112), as amended, and the implementing federal regulations.

(3) Within the scope of the federal Rehabilitation Act, through cooperative agreements with other public agencies, the department shall maximize the resources of each agency to better mutually serve individuals with disabilities through enhanced services. To provide these services, within the provisions of federal law, the department and other agencies shall share facilities, utilize existing eligibility and assessment information, participate in cross-training for agencies

participating in cooperative programs, and engage in other cooperative activities to reduce duplication of services and to provide a new enhanced pattern of services for individuals with disabilities.

(b) The department may cooperate with the State Department of Education and with the state public postsecondary education system to provide instruction, individual counseling and guidance, and related rehabilitation services for eligible students with disabilities.

(c) The department may cooperate with school districts, with public secondary schools, and with the state public postsecondary education system to employ personnel to assist in the vocational orientation of students with disabilities.

SEC. 8. Section 19013.5 of the Welfare and Institutions Code is amended to read:

19013.5. (a) In performing any rehabilitative services or in contracting with other public or private agencies for rehabilitative services, the department shall take into consideration the needs of non-English-speaking individuals with disabilities and shall provide language assistance to those individuals participating in the department's public or private rehabilitation programs.

(b) To the extent funds are available, the department also shall take into consideration the needs of individuals with disabilities who rely on alternate modes of communication, such as manual communication, tactile, oral, and nonverbal communication devices, and shall provide communication assistance to those individuals participating in the department's programs.

SEC. 9. Section 19017 of the Welfare and Institutions Code is amended to read:

19017. The department may conduct research and compile statistics relating to the provision of services or the need of services by individuals with disabilities.

SEC. 10. Section 19018 of the Welfare and Institutions Code is amended to read:

19018. Financial need shall be considered in the furnishing or denial of services in accordance with the Federal Vocational Rehabilitation Act and regulations adopted thereunder.

SEC. 11. Section 19090 is added to the Welfare and Institutions Code, to read:

19090. (a) Pursuant to federal law, there is a State Rehabilitation Advisory Council, that shall advise and assist the director in carrying out the vocational rehabilitation provisions of this division.

(b) The membership of the council shall be appointed by the Governor and shall be composed of the representatives specified in Section 725 of Title 29 of the United States Code.

SEC. 12. Section 19091 is added to the Welfare and Institutions Code, to read:

19091. (a) Pursuant to federal law, there is a State Independent Living Advisory Council, that shall advise and assist the director in carrying out the independent living provisions of this division and

federal law.

(b) The membership of the council shall be appointed by the Governor and shall be composed of the representatives specified in Section 726d of Title 29 of the United States Code.

SEC. 13. Section 19092 is added to the Welfare and Institutions Code, to read:

19092. (a) The functions of the State Rehabilitation Advisory Council and the State Independent Living Advisory Council and terms of appointment of the members thereof shall be governed by Chapter 16 (commencing with Section 701) of Title 29 of the United States Code.

(b) Members of the councils described in subdivision (a) shall be reimbursed for the actual costs of reasonable and necessary expenses, including child care and personal assistance services, incurred when attending council meetings and or performing council duties. In addition, any member who is unemployed or who is required to forfeit wages from other employment shall be compensated one hundred dollars ($100) per day for each day the member is engaged in attending council meetings and or performing duties of the council.

(c) The director, in consultation with the councils, shall provide necessary staff support and assistance for the respective councils to carry out their functions.

SEC. 14. Section 19100 of the Welfare and Institutions Code is amended to read:

19100. (a) The department shall provide the services defined and authorized by this part to individuals with physical or mental disabilities who are found to be eligible therefor.

(b) To the maximum extent appropriate, and consistent with federal law, existing information available from other programs and providers, particularly information used by education officials and the United States Social Security Administration, and information that can be provided by the individual with a disability or the family of the individual, may be used for purposes of determining eligibility for vocational rehabilitation services and for choosing rehabilitation goals, objectives, and services.

SEC. 14.5. Section 19101 is added to the Welfare and Institutions Code, to read:

19101. Pursuant to federal law, the department may conduct an evaluation, when necessary, including, but not limited to, diagnostic and related services, necessary to determine eligibility for vocational rehabilitation services and for choosing rehabilitation goals, objectives, and services.

SEC. 15. Section 19102 is added to the Welfare and Institutions Code, to read:

19102. Pursuant to federal law, the department shall establish a priority order to be followed in selecting individuals to whom vocational rehabilitation services will be provided.

SEC. 16. Section 19103 is added to the Welfare and Institutions

Code, to read:

19103. (a) Any individual with a disability, as defined in Section 19151, who requires vocational rehabilitation services to prepare for, enter, engage in, or retain gainful employment, is eligible for services under this chapter.

(b) For the purposes of Section 19151, it shall be presumed that an individual can benefit in terms of an employment outcome from vocational rehabilitation services unless it can be demonstrated by clear and convincing evidence that the individual is incapable of doing so.

(c) Eligibility determinations for vocational rehabilitation services shall be completed within the timeframes specified in federal law and, to the extent possible, shall rely upon the information specified in Section 19100.

SEC. 17. Section 19104 is added to the Welfare and Institutions Code, to read:

19104. (a) Subject to the limitation of Section 19102 and to the extent federal funds are available, an individualized written rehabilitation program shall be developed for each individual determined to be eligible under this chapter.

(b) The individualized written rehabilitation program shall do all of the following:

(1) Be designed to achieve the employment objective of the individual, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of the individual, and, to the maximum extent appropriate, to include placement in integrated settings.

(2) Be jointly developed and agreed upon by the eligible individual, or when appropriate the individual's parent, family member, guardian, advocate, or authorized representative, and the department. In developing the program, the department shall inform the individual about and involve the individual in choosing among alternative goals, objectives, available services, entities providing the services, and the methods used to provide or procure the services.

(3) Contain all of the information required by federal law and regulations, including a statement of the specific vocational goods and services, as defined in Section 19150, to be provided and the terms and conditions under which available goods and services will be provided, to the extent federal funds are available, to the individual in the most integrated setting.

(4) To the extent possible, utilize the information specified in Section 19100.

SEC. 17.5. Section 19104.5 is added to the Welfare and Institutions Code, to read:

19104.5. (a) For the purpose of ensuring, consistent with federal law, that eligible individuals are given meaningful, informed, and increased choices in the rehabilitation process, identification of all of the following shall occur for each eligible individual with the full

participation of that individual:

(1) Possible alternative employment goals and outcomes that are consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of the individual.

(2) The service options that are available to achieve the employment goals and outcomes selected by the individual.

(3) For each service selected by the individual, the entities available to provide those services.

(b) Choices made by the eligible individual in accordance with subdivision (a) shall be incorporated into the individual written rehabilitation program.

SEC. 18. Section 19105 of the Welfare and Institutions Code is repealed.

SEC. 18.5. Section 19150 of the Welfare and Institutions Code is amended to read:

19150. (a) The term "vocational rehabilitation services" means the following services and goods:

(1) An assessment for determining eligibility and vocational rehabilitation needs by qualified personnel, including if appropriate, an assessment by personnel skilled in rehabilitation technology or an assessment for supported employment as an employment outcome.

(2) Counseling, guidance, and work-related placement services for persons with disabilities, including job search assistance, placement assistance, job retention services, personal assistance services, followup services, and specific postemployment services necessary to assist those individuals in maintaining, regaining, or advancing in their employment, both competitive and supported.

(3) Training services for persons with disabilities, which shall include personal and vocational adjustment, books, and other training materials.

(4) Auxiliary aide services, such as reader services for individuals who are blind and interpreter services for individuals who are deaf.

(5) Job coaching services that may include any of all of the following:

(A) On-the-job skill training.

(B) Observation or supervision at the worksite.

(C) Consultation or training, or both, of coworkers and supervisors.

(D) Assistance in integrating into the work environment.

(E) Destination training.

(F) Assistance with public support agencies.

(G) Family and residential provider consultation.

(H) Any other on- or off-the-job support services needed to reinforce and stabilize job placement.

(6) Recruitment and training services for persons with disabilities to provide them with new employment opportunities in the fields of rehabilitation, health, welfare, public safety, and law enforcement, and other appropriate service employment.

(7) Physical and mental restoration services, including, but not

limited to the following:

(A) Corrective surgery or therapeutic treatment necessary to correct or substantially modify a physical or mental condition which is stable or slowly progressive and constitutes an impediment to employment, but is of such a nature that the correction or modification may reasonably be expected to eliminate or substantially reduce the impediment to employment within a reasonable length of time.

(B) Necessary hospitalization in connection with surgery or treatment.

(C) Prosthetic and orthotic devices.

(D) Eyeglasses and visual services as prescribed by a physician skilled in the diseases of the eye or by an optometrist.

(8) Maintenance, not exceeding the additional costs incurred while participating in rehabilitation.

(9) Occupational licenses, tools, equipment, and initial stocks and supplies.

(10) Rehabilitation technology services, which shall include rehabilitation engineering and assistive technology services and devices.

(11) On-the-job or other related personal assistance services provided to an individual with a disability who is receiving other vocational rehabilitation services.

(12) Transition services to students, pursuant to cooperative agreements established under Section 19013, that promote or facilitate the accomplishment of long-term rehabilitation goals and intermediate rehabilitation objectives.

(13) Referral and other services designed to assist individuals with disabilities in securing needed services from other agencies through agreements developed pursuant to Section 19013.

(14) The provision of other programs and services when provided for the benefit of groups of individuals, including, but not limited to, any of the following:

(A) In the case of any type of small business operated by individuals with severe disabilities, the operation of which can be improved by management services and supervision provided by the department, the provision of those services and supervision, alone or together with the acquisition by the department of vending stands and other equipment and initial stocks and supplies.

(B) The establishment, development, or improvement of community rehabilitation programs that promise to contribute substantially to the rehabilitation of a group of individuals but that are not related directly to the rehabilitation plan of any one individual with a disability, providing the program is used to provide services that promote integration and competitive employment, including supported employment.

(C) Technical assistance and support services to businesses that are not subject to Subchapter 1 (commencing with Section 12111) of Chapter 126 of Title 42 of the United States Code and that are seeking

to employ individuals with disabilities.

(15) Transportation in connection with the rendering of any other vocational rehabilitation service.

(16) Any other goods and services necessary to render a person with disabilities employable.

(17) Services to the families of persons with disabilities when those services will contribute substantially to the rehabilitation of those individuals.

(b) For the purposes of subdivision (a), full consideration of eligibility for any comparable service or benefit shall be utilized to the extent permitted by federal law.

SEC. 19. Section 19151 of the Welfare and Institutions Code is amended to read:

19151. (a) The term "individual with a disability" means any individual who:

(1) Has a physical or mental impairment which constitutes or results in a substantial impediment to employment.

(2) Can benefit in terms of an employment outcome from vocational rehabilitation services provided pursuant to this chapter.

(b) The term "Individual with a severe disability" shall have the same meaning as specified in the federal Rehabilitation Act and includes, but is not limited to, any individual who has a disability or is blind as determined pursuant to Subchapter 2 (commencing with Section 401) and Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code.

SEC. 20. Section 19152 of the Welfare and Institutions Code is amended to read:

19152. (a) "Community rehabilitation program" means a program which is operated for the primary purpose of providing directly or facilitating the provision of vocational rehabilitation services to persons with disabilities and which provides singly or in combination one or more of the following services to enable persons with disabilities to maximize opportunities for employment, including career advancement:

(1) Comprehensive rehabilitation services which shall include, under one management, medical, psychological, social, and vocational services.

(2) Testing, fitting, or training in the use of prosthetic and orthotic devices.

(3) Recreational therapy.

(4) Physical and occupational therapy.

(5) Speech, language, and hearing therapy.

(6) Psychiatric, psychological, and social services.

(7) Personal and work adjustment.

(8) Vocational training (in combination with other rehabilitation services).

(9) Evaluation or control of special disabilities.

(10) Assessment for determining eligibility and vocational needs, including evaluation for supported employment, development, and

placement in jobs.

(11) Development of, and placement in, jobs.

(12) Job coaching services to enable a person with disabilities to obtain or maintain supported or competitive employment.

(13) Extended employment for persons with severe disabilities who cannot be readily absorbed into the competitive labor market.

(14) Personal assistance services.

(15) To the extent provided under federal law, services similar to the services described in paragraphs (1) to (13), inclusive.

(b) All medical and related health services shall be prescribed by, or under the formal supervision of, persons licensed to practice medicine or surgery in the state.

SEC. 21. Section 19154 of the Welfare and Institutions Code is amended to read:

19154. Establishment of a community rehabilitation program means the acquisition, expansion, remodeling, or alteration of existing buildings necessary to adapt them to community rehabilitation program purposes or to increase their effectiveness for such purposes (subject, however, to such limitations as the federal government or the director may, by regulation, prescribe in order to prevent impairment of the objectives of, or duplication of, other laws providing assistance in the construction of such facilities for community rehabilitation programs), and may include additional equipment and staffing permitted by federal law or regulation.

SEC. 22. Chapter 4 (commencing with Section 19300) of Division 10 of the Welfare and Institutions Code is repealed.

SEC. 23. Section 19400 of the Welfare and Institutions Code is amended to read:

19400. It is the purpose of this chapter to extend the opportunities for individuals with disabilities for employment through encouragement of local communities to develop rehabilitation programs and to provide the state with information concerning their effectiveness in providing employment and rehabilitation services to individuals with disabilities.

SEC. 24. Section 19401 of the Welfare and Institutions Code is amended to read:

19401. The department may provide consultive services to organizations in the establishment and operation of community rehabilitation programs for individuals with disabilities. These consultive service shall include the bringing together of persons interested in the established community rehabilitation programs, surveying community needs, securing the cooperation of other community agencies, planning methods of financing, securing work contracts, establishing professional standards, and maintaining of appropriate records.

SEC. 25. Section 19402 of the Welfare and Institutions Code is amended to read:

19402. The department may contract with qualified persons or firms for consultation in such technical fields as accounting,

engineering and sales so that the directors and governing bodies of the community rehabilitation programs may be advised as to the desirability of any undertaking and the best methods of achieving their objectives.

SEC. 26. Section 19403 of the Welfare and Institutions Code is amended to read:

19403. It is the intent of the Legislature to encourage state organizations, cities, counties, districts, and other political subdivisions to purchase products manufactured by and services provided by public or private nonprofit California corporations operating workshops serving individuals with disabilities whenever it is feasible to do so and the proximity of the public or private nonprofit California corporations operating workshops serving individuals with disabilities makes the purchases reasonably convenient and to provide equality of competitive advantage for organizations operating workshops for individuals with disabilities and organizations operating workshops for individuals who are blind.

SEC. 27. Section 19404 of the Welfare and Institutions Code is amended to read:

19404. Any state agency, city or county, political subdivision, or district of this state may, without advertising or calling for bids, purchase materials and supplies manufactured and services provided by public or private nonprofit California corporations operating community rehabilitation programs serving persons with disabilities who have indicated an interest in supplying those goods and services and may, on an equitable basis apportion the business among the interested community rehabilitation programs, provided the goods or services meet the specifications and needs of the purchasing agency and are purchased at a fair market price, as determined by the appropriate state or local agency and provided that the public or private nonprofit California corporations comply with all of the following requirements:

(a) (1) Contract work obtained under this section shall be performed by a labor force which is comprised primarily of persons with disabilities, as measured by the percentage of person-hours of direct labor devoted to the contract work.

(2) For purposes of this paragraph, "primarily" means 75 percent or greater.

(3) Agree to make those elections permitted of any nonprofit corporation under the federal Insurance Contributions Act and the California Unemployment Insurance Code in order to provide social security and unemployment and disability benefits for its employees commencing with its first contract or purchase order under this section and continuing thereafter. In the event that the nonprofit corporation ceases to provide those benefits, any existing contract or purchase order under this section with the corporation is terminated and no further contracts or purchase orders shall be awarded to that corporation for the period of two years after the corporation ceases to provide the benefits. For the purposes of this subdivision, a person

with a disability shall be considered an employee when performing productive work.

(4) Provide in its articles of incorporation that at least two of the directors of its board of directors shall be comprised of persons with disabilities or the parents, guardians, or conservators of individuals with disabilities. Directors who are also employees of the nonprofit corporation shall not participate in or be present at discussions of the board of directors concerned with labor-management contract negotiations.

(5) Provide for disabled employees of the nonprofit corporation benefits and other employer-employee agreements substantially equal to those benefits and agreements entered into between each nonprofit corporation and the representatives designated by a majority of the employees.

(6) Not commit any unfair labor practices as defined in Section 8(a) of the National Labor Relations Act.

(7) Abide by the provisions of the Federal Fair Labor Standards Act, the Walsh-Healy Public Contract Act, the Wagner O'Day Act, and the regulations of the State Division of Industrial Welfare.

(b) For purposes of this section a "person with a disability" means any person, other than a person who is blind, who is so severely incapacitated by any physical or mental disability that he or she cannot currently engage in normal competitive employment because of the disability.

SEC. 28. Article 1.5 (commencing with Section 19450) of Chapter 5 of Division 10 of the Welfare and Institutions Code is repealed.

SEC. 29. Section 19700.1 of the Welfare and Institutions Code is amended to read:

19700.1. For the purposes of this chapter, the following definitions shall apply:

(a) "Appellant" means an applicant or client who has filed an oral or written request for an administrative review or a written request for a fair hearing.

(b) "Applicant" means any individual who has applied for vocational rehabilitation or independent living services which the department provides. The term also refers to individuals who apply for such services and are found ineligible.

(c) "Client" means any person receiving vocational rehabilitation or independent living services or support from the department.

SEC. 30. Section 19702 of the Welfare and Institutions Code is amended to read:

19702. (a) The members of the board shall meet whenever required to hear appeals that have been filed with the board. Special meetings shall be approved by the director and called by the chairperson, who shall notify the other members of the time and place of those meetings.

(b) The director, in consultation with the board, shall determine and provide necessary staff support and assistance for the board in conducting fair hearings and issuing decisions.

(c) Three members of the board shall constitute a quorum for the performance of any duty or the exercise of any power of the board.

SEC. 30.5. Section 19703 of the Welfare and Institutions Code is amended to read:

19703. (a) The provisions of this chapter relative to vocational rehabilitation or independent living services, or both, shall be administered fairly to the end that all persons who are eligible and apply for those services shall receive the services to which they are entitled under state and federal statutes and regulations promptly and with due consideration for their needs.

(b) Any applicant for services, or client of the department shall be informed as to the provisions of eligibility and his or her responsibility for reporting facts material to a correct determination of his or her eligibility for services.

(c) Any applicant for services, or client of the department who is denied vocational rehabilitation or independent living services, or both shall be notified in writing of the grounds on which the denial is based.

SEC. 31. Section 19706 of the Welfare and Institutions Code is amended to read:

19706. (a) In each appeal to the Rehabilitation Appeals Board, the written notification required by Section 19703, and, if applicable, the decision of the reviewer required pursuant to Section 19704, shall form part of the record.

(b) Three or more members of the board shall hear all relevant evidence and shall consider each case on the basis of the laws and regulations controlling the department and shall render a final decision that has been approved by a majority of the board members present at the hearing within 45 days.

(c) The board shall send its written decision by certified mail to the appellant, the appellant's authorized representative, and the department.

SEC. 31.5. Section 19707 of the Welfare and Institutions Code is repealed.

SEC. 32. Section 19709 of the Welfare and Institutions Code is amended to read:

19709. (a) The appellant, within six months after receiving notice of the board's final decision, may file a petition with the superior court, under Section 1094.5 of the Code of Civil Procedure, praying for a review of the entire proceedings in the matter, upon questions of law involved in the case. The review, if granted, shall be the exclusive remedy available to the appellant for review of the board's final decision. The department shall be the sole respondent in the proceedings.

(b) No filing fee shall be required for the filing of a petition pursuant to this section. Any of these petitions to the superior court shall be entitled to a preference in setting a date for hearing on the petition. No bond shall be required in the case of any petition for review, nor in any appeal therefrom. The appellant shall be entitled

to reasonable attorney's fees and costs, if he or she obtains a decision in his or her favor.

SEC. 32.5. Section 19750 of the Welfare and Institutions Code is amended to read:

19750. The purpose of this chapter is to establish program standards and authorize procedures utilized for subgranting funds, auditing records, and monitoring the delivery of services pursuant to the Independent Living Services Program created pursuant to this chapter.

SEC. 33. Section 19751 of the Welfare and Institutions Code is amended to read:

19751. The department shall administer the Independent Living Services Program. This program shall provide services to individuals with severe disabilities, in accordance with federal law. The department shall, in the administration of the program, subgrant its allocation of federal funds, and shall comply with all requirements set forth in the federal Rehabilitation Act of 1973 and any subsequent amendments thereto, and with all rules and regulations adopted thereunder.

SEC. 33.5. Section 19752 of the Welfare and Institutions Code is amended to read:

19752. Notwithstanding any other provision of law, expenditures shall be limited to providing only those services specified in Section 706 of Title 29 of the United States Code, when those services cannot be secured through any other source of funding. Services shall only be provided to the extent that federal funds designated for ILRS have been received by the department.

SEC. 34. Section 19753 of the Welfare and Institutions Code is amended to read:

19753. Financial need shall be considered in the furnishing or denial of independent living services in accordance with the federal Rehabilitation Act of 1973 and any subsequent amendments thereto, and regulations adopted thereunder.

SEC. 34.5. Section 19801 of the Welfare and Institutions Code is amended to read:

19801. An independent living center shall:

(a) Be a private, nonprofit organization controlled by a board of directors. A majority of the board shall be comprised of individuals with disabilities;

(b) Be staffed by persons trained to assist persons with disabilities in achieving social and economic independence. The staff shall include as large a proportion as is practicable of individuals with disabilities;

(c) Provide, but not be limited to, the following services to individuals with disabilities:

(1) Peer counseling,

(2) Advocacy,

(3) Attendant referral,

(4) Housing assistance and

(5) Information and referral.

(d) Provide other services and referrals as may be deemed necessary, such as transportation, job development, equipment maintenance and evaluation, training in independent living skills, mobility assistance, and communication assistance.

(e) Promote and practice the independent living philosophy of:

(1) Consumer control of the center regarding decisionmaking, service delivery, management, and establishment of the policy and direction of the center.

(2) Self-help and self-advocacy.

(3) Development of peer relationships and peer role models.

(4) Equal access of individuals with disabilities to society and to all services, programs activities, resources, and facilities, whether public or private and regardless of the funding source.

SEC. 35. Any regulations the department determines to be necessary to implement this chapter or Public Law 102-569 shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Regulations adopted pursuant to this section shall remain in effect for no more than 120 days.

SEC. 36. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure compliance with federal law, and to make important changes in programs for services to individuals with disabilities at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 938

An act to amend Section 14093.05 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14093.05 of the Welfare and Institutions Code is amended to read:

14093.05. (a) The director shall enter into contracts with managed care plans under this chapter and Chapter 8 (commencing with Section 14200), including, but not limited to, health maintenance organizations, prepaid health plans, and primary care

case management plans; counties, primary care providers, independent practice associations, private foundations, children's hospitals, community health centers, rural health centers, community clinics, and university medical center systems, or other entities for the provision of medical benefits to all persons who are eligible to receive medical benefits under publicly supported programs. The director may also amend existing Medi-Cal managed care contracts to include the provision of medical benefits to persons who are eligible to receive medical benefits under publicly supported programs. Contracts may be on an exclusive or nonexclusive basis.

(b) Contractors pursuant to this article and participating providers acting pursuant to subcontracts with those contractors, shall agree to hold harmless the beneficiaries of the publicly supported programs if the contract between the sponsoring government agency and the contractor does not ensure sufficient funding to cover program benefits.

(c) Any managed care contractor serving children with conditions eligible under the California Children's Services (CCS) program shall maintain and follow standards of care established by the program, including use of paneled providers and CCS-approved special care centers and shall follow treatment plans approved by the program, including specified services and providers of services. If there are insufficient paneled providers willing to enter into contracts with the managed care contractor, the program shall seek to establish new paneled providers willing to contract. If a paneled provider cannot be found, the managed care contractor shall seek program approval to use a specific nonpaneled provider with appropriate qualifications.

(d) (1) Any managed care contractor serving children with conditions eligible under the CCS program shall report expenditures and savings separately for CCS covered services and CCS eligible children.

(2) If the managed care contractor is paid according to a capitated or risk-based payment methodology, there shall be separate actuarially sound rates for CCS eligible children.

(3) Notwithstanding paragraph (2), a managed care pilot project may, if approval is obtained from the State CCS program director, utilize an alternative rate structure for CCS eligible children.

(e) This article is not intended to and shall not be interpreted to permit any reduction in benefits or eligibility levels under the CCS program. Any medically necessary service not available under the managed care contracts authorized under this article shall remain the responsibility of the state and county.

(f) To assure CCS benefits are provided to enrollees with a CCS eligible condition according to CCS program standards, there shall be oversight by the state and local CCS program agencies for both services covered and not covered by the managed care contract.

(g) Any managed care contract which will affect the delivery of

care to CCS eligible children shall be approved by the state CCS program director prior to execution. The state CCS program shall continue to be responsible for selection of CCS paneled providers and monitoring of contractors to see that CCS state standards are maintained.

CHAPTER 939

An act to amend Sections 56155.5, 56160, 56365, 56366, 56740, and 56775 of, to amend and renumber Section 56366.1 of, to add Sections 56034, 56035, 56042, 56366.1, 56366.3, 56366.4, 56366.6, 56366.7, and 56505.2 to, and to repeal and add Section 56168 of, the Education Code, and to add Section 7579.2 to the Government Code, relating to special education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 56034 is added to the Education Code, to read:

56034. "Nonpublic, nonsectarian school" means a private, nonsectarian school that enrolls individuals with exceptional needs pursuant to an individualized education program, employs at least one full-time teacher who holds an appropriate credential authorizing special education services, and is certified by the department. It does not include an organization or agency that operates as a public agency or offers public services, including, but not limited to, a state or local agency, an affiliate of a state or local agency, including a private, nonprofit corporation established or operated by a state or local agency, or a public university or college. A nonpublic, nonsectarian school also shall meet standards as prescribed by the superintendent and board.

SEC. 2. Section 56035 is added to the Education Code, to read:

56035. "Nonpublic, nonsectarian agency" means a private, nonsectarian establishment or individual that provides related services necessary for an individual with exceptional needs to benefit educationally from the pupils' educational program pursuant to an individualized education program and that is certified by the department. It does not include an organization or agency that operates as a public agency or offers public service, including, but not limited to, a state or local agency, an affiliate of a state or local agency, including a private, nonprofit corporation established or operated by a state or local agency, a public university or college, or a public hospital. The nonpublic, nonsectarian agency shall also meet standards as prescribed by the superintendent and board.

SEC. 3. Section 56042 is added to the Education Code, to read:

56042. Notwithstanding any other provision of law, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement in a nonpublic, nonsectarian school or agency with which the attorney or advocate is employed or contracted, or otherwise has a conflict of interest or from which the attorney or advocate receives a benefit.

SEC. 4. Section 56155.5 of the Education Code is amended to read:

56155.5. (a) As used in this article, "licensed children's institution" means a residential facility which is licensed by the state, or other public agency which has delegated authority by contract with the state to license, to provide nonmedical care to children, including, but not limited to, individuals with exceptional needs. "Licensed children's institution" in addition, includes a group home as defined by subdivision (a) of Section 80001 of Title 22 of the California Code of Regulations. As used in this article and Article 8.5 (commencing with Section 56775) of Chapter 7, a "licensed children's institution" does not include any of the following:

(1) A juvenile court school, juvenile hall, juvenile home, day center, juvenile ranch, or juvenile camp administered pursuant to Article 2.5 (commencing with Section 48645) of Chapter 4 of Part 27.

(2) A county community school program provided pursuant to Section 1981.

(3) Any special education program provided pursuant to Section 56150.

(4) Any other public agency.

(b) As used in this article, "foster family home" means a family residence which is licensed by the state, or other public agency which has delegated authority by contract with the state to license, to provide 24-hour nonmedical care and supervision for not more than six foster children, including, but not limited to, individuals with exceptional needs. "Foster family home," in addition, includes a small family home as defined in paragraph (6) of subdivision (a) of Section 1502 of the Health and Safety Code.

SEC. 5. Section 56160 of the Education Code is amended to read:

56160. (a) The superintendent shall apportion, pursuant to Chapter 7 (commencing with Section 56700), funds directly to each district or county office operating programs under this article.

(b) Reimbursements for nonpublic, nonsectarian school or agency placements shall be made pursuant to Sections 56366, 56740, and 56775 to each district or county office that contracts for services under this article.

(c) For purposes of the revenue calculations required pursuant to subdivision (a) of Section 56712, the district in which the licensed children's institution or foster family home is located shall be considered the district of residence.

SEC. 6. Section 56168 of the Education Code is repealed.

SEC. 7. Section 56168 is added to the Education Code, to read:

56168. (a) A public hospital, state licensed children's hospital, psychiatric hospital, proprietary hospital, or a health facility for medical purposes located either within and outside of this state is ineligible for certification as a nonpublic, nonsectarian school pursuant to Section 56034 and Sections 56365 to 56366.5, inclusive, to provide special education to individuals with exceptional needs. Districts, special education local plan areas, or county offices shall have until September 1, 1994, to find an appropriate alternative placement for any children currently served in one of these programs.

(b) The district, special education local plan area, or county office in which the hospital or health facility is located has the educational responsibility for individuals with exceptional needs who reside in these facilities.

(c) A hospital or health facility is eligible for certification as a nonpublic, nonsectarian agency pursuant to Section 56035 and Sections 56365 to 56366.5, inclusive, to provide designated instruction and services to individuals with exceptional needs whether the child attends a public or nonpublic school or is enrolled in both a public and nonpublic school program as specified in Section 56361.5.

SEC. 8. Section 56365 of the Education Code is amended to read:

56365. (a) Nonpublic, nonsectarian school services, including services by nonpublic, nonsectarian agencies shall be available. These services shall be provided pursuant to Section 56366 under contract with the district, special education local plan area, or county office to provide the appropriate special educational facilities, special education, or designated instruction and services required by the individual with exceptional needs when no appropriate public education program is available.

(b) Pupils enrolled in nonpublic, nonsectarian schools and agencies under this section shall be deemed to be enrolled in public schools for all purposes of Chapter 4 (commencing with Section 41600) of Part 24 and Section 42238. The district, special education local plan area, or county office shall be eligible to receive allowances under Chapter 7 (commencing with Section 56700) for services that are provided to individuals with exceptional needs pursuant to the contract.

(c) If the state participates in the federal program of assistance for state operated or state supported programs for children with disabilities (P.L. 89-313, Sec. 6), pupils enrolled in nonpublic, nonsectarian schools shall be deemed to be enrolled in state supported institutions for all purposes of that program and shall be eligible to receive allowances under Chapter 7 (commencing with Section 56700) for supplemental services provided to individuals with exceptional needs pursuant to a contract with a district, special education local plan area, or county office of education. In order to participate in the federal program, the state must find that participation will not result in any additional expenditures from the General Fund.

(d) The district, special education local plan area, or county office shall pay to the nonpublic, nonsectarian school or agency the full amount of the tuition for individuals with exceptional needs that are enrolled in programs provided by the nonpublic, nonsectarian school pursuant to the contract.

(e) Before contracting with a nonpublic, nonsectarian school or agency outside of this state, efforts shall be documented by the district, special education local plan area, or county office to utilize public schools, or to locate an appropriate nonpublic, nonsectarian school or agency program, or both, within the state. If an appropriate public school program or nonpublic, nonsectarian school or agency placement is not available, the district, special education local plan area, or county office shall submit a waiver request pursuant to Section 56101. The waiver request shall include information about the special education and related services provided by the out-of-state program placement and the costs of the special education and related services provided as specified in subdivisions (a) and (b) of Section 56741 and shall indicate the efforts of the local educational agency to locate an appropriate public school or nonpublic, nonsectarian school or agency, or a combination thereof, within the state. The board shall approve or deny the waiver upon receipt of the waiver request from the local education agency at the next scheduled meeting of the board.

(f) All waivers shall be resubmitted to the board no later than March 30 each year for reapproval of the pupil's out-of-state placement for the following fiscal year. In addition to the information required as part of the initial waiver request, the district, special education local plan area, or county office shall indicate the anticipated date for the return of the pupil to a public or nonpublic, nonsectarian school or agency placement, or a combination thereof, located in the state and shall document efforts during the previous placement year to return the pupil.

(g) In addition to meeting the requirements of Section 56366.1, a nonpublic, nonsectarian school or agency that operates a program outside of this state shall be certified or licensed by that state to provide, respectively, special education and related services to pupils under the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

SEC. 9. Section 56366 of the Education Code is amended to read:

56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, county offices, and parents.

(a) The contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or

agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program on forms provided by the superintendent in January of each year for the following fiscal year. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) The contract shall include an individual services agreement on forms provided by the superintendent in January of each year for the following fiscal year for each pupil placed by a district, special education local plan area, or county office that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(3) The contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract.

(5) Related services provided pursuant to a nonpublic, nonsectarian agency contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(6) The nonpublic, nonsectarian school or agency shall report

attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting district, special education local plan area, or county office on forms developed by the superintendent.

(b) The contract or individual services agreement shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by a district, special education local plan area, or county office for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a school district or county office for costs related to the provision of nonpublic, nonsectarian school or agency placements if the superintendent finds that the local education agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) (1) No contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part. The procedures, methods, and areas of certification shall be established

by rules and regulations issued by the board that shall include, but not be limited to, procedures for conducting onsite reviews of the nonpublic, nonsectarian school or agency program and provisions specific to the provision of special education and related services to individuals with exceptional needs from birth to preschool. In addition to the standards adopted by the board, the school or agency shall meet all applicable standards relating to fire, health, sanitation, and building safety.

(e) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

(A) 1–5 pupils—$150.
(B) 6–10 pupils—$250.
(C) 11–24 pupils—$500.
(D) 25–75 pupils—$750.
(E) 76 pupils and over—$1,000.

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(f) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold, or are receiving training under the supervision of staff who hold, a current valid California credential or license in the service rendered shall be eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) Nothing in this subdivision restricts student teachers, interns, or other staff who are enrolled in training programs that lead to a license or credential that authorize the holder to render services to special education pupils and who are under the direct supervision of a staff member who holds a current valid California credential, license, or certificate of registration.

(3) A nonpublic, nonsectarian school or agency that employs only persons who hold a valid California credential authorizing substitute teaching pursuant to Section 56060 shall not be certified. At least one full-time person with a current valid California credential, license, or certificate of registration in the area of service to be rendered, or a current valid credential, license, or certificate of registration for

appropriate special education and related services rendered that is required in another state, shall be required for purposes of certification under subdivision (d).

(4) A nonpublic, nonsectarian school or agency that employs persons holding a valid emergency credential shall document efforts of recruiting appropriately credentialed, licensed, or registered personnel for the special education and related services rendered as a condition renewing certification.

SEC. 10. Section 56366.1 of the Education Code is amended and renumbered to read:

56366.2. (a) A district, special education local plan area, county office, nonpublic, nonsectarian school, or nonpublic, nonsectarian agency may petition the superintendent to waive one or more of the requirements under Sections 56365, 56366, 56366.1, 56366.3, 56366.6, and 56366.7. The petition shall state the reasons for the waiver request, and shall include the following:

(1) Sufficient documentation to demonstrate that the waiver is necessary to the content and implementation of a specific pupil's individualized education program and the pupil's current placement.

(2) The period of time that the waiver will be effective during any one school year.

(3) Documentation and assurance that the waiver does not abrogate any right provided individuals with exceptional needs and their parents or guardians under state or federal law, and does not hinder the compliance of a district, special education local plan area, or county office with the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400, et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), and federal regulations relating thereto.

(b) No waiver shall be granted for reimbursement of those costs prohibited under Section 56740 or 56775 or certification pursuant to Section 56366.1 unless approved by the board pursuant to Section 56101.

(c) In submitting the annual report on waivers granted under Section 56101 and this section to the board, the superintendent shall specify information related to the provision of special education and related services to individuals with exceptional needs through contracts with nonpublic, nonsectarian schools and agencies located in the state, nonpublic, nonsectarian school and agency placements in facilities located out-of-state, and the specific section waived pursuant to this section.

SEC. 11. Section 56366.1 is added to the Education Code, to read:

56366.1. (a) A nonpublic, nonsectarian school or agency that seeks certification shall file an application with the superintendent on forms provided by the department and include the following information on the application:

(1) A description of the special education and designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian school

certification.

(2) A description of the designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian agency certification.

(3) A list of appropriately qualified staff, a description of the credential, license, or registration that qualifies each staff member to render special education or designated instruction and services, and copies of their credentials, licenses, or certificates of registration with the appropriate state or national organization that has established standards for the service rendered.

(4) An annual operating budget.

(5) Affidavits and assurances necessary to comply with all applicable federal, state, and local laws and regulations which include criminal record summaries required of all nonpublic school or agency personnel having contact with minor children under Section 44237.

(b) Unless the board grants a waiver pursuant to Section 56101, a nonpublic, nonsectarian school or agency shall file an application for certification between January 1 and March 1.

(c) If the applicant operates a facility or program on more than one site, each site shall be certified.

(d) If the applicant is part of a larger program or facility on the same site, the superintendent shall consider the effect of the total program on the applicant. A copy of the policies and standards for the nonpublic, nonsectarian school or agency and the larger program shall be available to the superintendent.

(e) Prior to certification, the superintendent shall conduct an onsite review of the facility and program for which the applicant seeks certification. The superintendent may be assisted by representatives of the special education local plan area in which the applicant is located and a nonpublic, nonsectarian school or agency representative who does not have a conflict of interest with the applicant. The superintendent shall conduct an additional onsite review of the facility and program within five years of the certification effective date unless the superintendent conditionally certifies the school or agency or unless the superintendent receives a formal complaint against the school or agency. In the latter two cases, the superintendent shall conduct an onsite review at least annually.

(f) The superintendent shall make a determination on an application within 120 days of receipt of the application and shall certify, conditionally certify, or deny certification to the applicant. If the superintendent fails to take one of these actions within 120 days, the applicant is automatically granted conditional certification for a period terminating on August 31, of the current school year. If certification is denied, the superintendent shall provide reasons for the denial. The superintendent may certify the school or agency for a period of not longer than five years.

(g) Certification becomes effective on the date the nonpublic,

nonsectarian school or agency meets all the application requirements and is approved by the superintendent. Certification may be retroactive if the school or agency met all the requirements of this section on the date the retroactive certification is effective. Certification expires on August 31, of the terminating year.

(h) The superintendent shall annually review the certification of each nonpublic, nonsectarian school and agency. For this purpose, a certified school or agency shall annually update its application between August 1 and October 31, unless the board grants a waiver pursuant to Section 56101. The superintendent may conduct an onsite review as part of the annual review.

(i) The superintendent may monitor a nonpublic, nonsectarian school or agency onsite at any time without prior notice when there is substantial reason to believe that there is an immediate danger to the health, safety, or welfare of a child. The superintendent shall document the concern and submit it to the nonpublic, nonsectarian school or agency at the time of the onsite monitoring. The superintendent shall require a written response to any noncompliance or deficiency found.

(j) (1) Notwithstanding any other provision of law, the superintendent may not certify a nonpublic, nonsectarian school or agency that proposes to initiate or expand services to pupils currently educated, or pupils who were educated in the immediate prior fiscal year, in a juvenile court program, community school pursuant to Section 56150, or other nonspecial education program, including independent study or adult school, or both, unless the nonpublic, nonsectarian school or agency notifies the county superintendent of schools and the special education local plan area in which the proposed new or expanded nonpublic, nonsectarian school or agency is located of its intent to seek certification. The notification shall occur no later than the last day of the second school year prior to the date on which the proposed or expanding school or agency intends to initiate services. The notice shall include the following:

(A) The specific date upon which the proposed nonpublic, nonsectarian school or agency is to be established.

(B) The location of the proposed program or facility.

(C) The number of pupils proposed for services, the number of pupils currently served in the juvenile court, community school, or other nonspecial education program, the current school services including special education and related services provided for these pupils, and the specific program of special education and related services to be provided under the proposed program.

(D) The reason for the proposed change in services.

(2) In addition to the requirements in subdivisions (a) through (e), inclusive, the superintendent shall require and consider the following in determining whether to certify a nonpublic, nonsectarian school or agency as described in this subdivision:

(A) A complete statement of the information required as part of

the notice under paragraph (1).

(B) Documentation of the steps taken in preparation for the conversion to a nonpublic, nonsectarian school or agency, including information related to changes in the population to be served and the services to be provided pursuant to each pupil's individualized education program.

(3) Before certifying the school or agency, the superintendent shall determine that certification of the new or expanding school or agency program is necessary for the provision of a free appropriate special education program to the affected pupils in the least restrictive environment.

(4) Notwithstanding any other provision of law, the certification becomes effective no earlier than the first day of the second school year beginning after the school or agency provided the notification required pursuant to paragraph (1).

SEC. 12. Section 56366.3 is added to the Education Code, to read:

56366.3. No contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be reimbursed by the state pursuant to Sections 56740 and 56775 if the contract covers special education, related services, administration, or supervision by an individual who was an employee of the district, special education local plan area, or county office within the last 365 days.

SEC. 13. Section 56366.4 is added to the Education Code, to read:

56366.4. (a) The superintendent may revoke or suspend the certification of a nonpublic, nonsectarian school or agency for any of the following reasons:

(1) Violation of any applicable state or federal rule or regulation, or aiding, abetting, or permitting the violation of any applicable state or federal rule or regulation.

(2) Falsification or intentional misrepresentation of any element of the application, pupil records, or program presented for certification purposes.

(3) Conduct in the operation or maintenance of the nonpublic, nonsectarian school or agency that is harmful to the health, welfare, or safety of an individual with exceptional needs.

(4) Failure to comply with any provision in the contract with the local education entity.

(5) Failure to notify the department in writing of any of the following within 60 days of the occurrence:

(A) Changes in credentialed, licensed, or registered staff who render special education and related services, ownership, management, or control of the nonpublic, nonsectarian school or agency.

(B) Major modification or relocation of facilities.

(C) Significant modification of the nonpublic, nonsectarian school or agency program.

(6) Failure to implement recommendations and compliance requirements following an onsite review of the school or agency.

(7) Failure to provide appropriate services, supplies, equipment, or facilities for a pupil as required in his or her individualized education program.

(8) Failure to notify the superintendent in writing within 10 days of the revocation or suspension of any license or permit including, but not limited to, any residential care license, business license, or other required license or permit.

(9) Failure to implement a pupil's individualized education program.

(10) Failure to notify the superintendent in writing within 10 days of the death of a pupil or any other individual of unnatural causes within the school or agency, including the circumstances surrounding the death and any appropriate preventative measures being taken or recommended.

(b) The superintendent shall notify contracting local education agencies and the special education local plan area in which the nonpublic, nonsectarian school or agency is located of the determination to suspend or revoke state certification.

SEC. 14. Section 56366.6 is added to the Education Code, to read:

56366.6. (a) Within 20 working days following the nonpublic, nonsectarian school's or agency's receipt of the notice of denial, revocation, or suspension of certification, the nonpublic, nonsectarian school or agency may file a written petition to request a review of the decision by the superintendent. The petition may include written arguments or a request to present an oral argument.

(b) Within 30 working days after the receipt of the written petition, the superintendent or a designee shall review the decision and the applicant's petition and render a written, reasoned decision that shall be the final administrative decision. The designee of the superintendent shall be impartial, unbiased, and shall not have participated in the department decision to deny, revoke, or suspend the nonpublic, nonsectarian school or agency certification.

(c) Any public education agency that contracts with a certified nonpublic, nonsectarian school or agency may request the superintendent to review the status of the nonpublic school or agency. The request shall be in writing and a copy sent to the nonpublic school or agency.

SEC. 14.5. Section 56366.7 is added to the Education Code, to read:

56366.7. As a condition of certification, a nonpublic, nonsectarian school or agency shall submit, on forms developed by the superintendent in consultation with statewide organizations representing providers of special education and designated instruction and services, a list of uniform tuition fees for providing special education and designated instruction and services to individuals with exceptional needs who are served through contracts with local education agencies.

SEC. 15. Section 56505.2 is added to the Education Code, to read:

56505.2. (a) A hearing officer may not render a decision that

results in the placement of an individual with exceptional needs in a nonpublic, nonsectarian school, or that results in a service for an individual with exceptional needs provided by a nonpublic agency, if the school or agency has not been certified pursuant to Section 56366.1.

(b) A hearing officer shall consider Sections 56365, 56365.5, 56366, and 56366.1 during a due process hearing concerning an issue of placement of an individual with exceptional needs in a nonpublic, nonsectarian school, or services for an individual with exceptional needs provided by a nonpublic, nonsectarian agency.

SEC. 16. Section 56740 of the Education Code is amended to read:

56740. (a) The superintendent shall apportion to each district and county office 70 percent of the cost of tuition in excess of the revenue limit and applicable federal funds for pupils enrolled in nonpublic, nonsectarian schools and agencies pursuant to Sections 56365 and 56366.

(b) The superintendent also may apportion to each nonpublic, nonsectarian school providing special education and designated instruction and services to individuals with exceptional needs an amount for pupils counted under the federal program of assistance for state operated or state supported programs for children with disabilities (P.L. 89-313, Sec. 6).

(c) The cost of contracts with nonpublic, nonsectarian schools and agencies that a district or county office of education reports under this section shall not include any of the following costs that a district, county office, or special education local plan area may incur:

(1) Administrative or indirect costs for the local education agency.

(2) Direct support costs for the local education agency.

(3) Transportation costs provided either directly, or through a nonpublic, nonsectarian school or agency contract for use of services or equipment owned, leased, or contracted, by a district, special education local plan area, or county office for any pupils enrolled in nonpublic, nonsectarian school or agencies, unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency pursuant to subdivisions (a) and (b) of Section 56366.

(4) Costs for services routinely provided by the district or county office including the following, unless the board grants a waiver under Section 56101:

(A) School psychologist services other than those described in Sections 56324 and 56363 and included in a contract and individual services agreement under subdivision (a) of Section 56366.

(B) School nurse services other than those described in Sections 49423.5, 56324, and 56363 and included in a contract and individual services agreement under subdivision (a) of Section 56366.

(C) Language, speech, and hearing services other than those included in a contract and individual services agreement under subdivision (a) of Section 56366.

(D) Modified, specialized, or adapted physical education services

other than those included in a contract and individual services agreement under subdivision (a) of Section 56366.

(5) Costs for nonspecial education programs or settings, including those provided for individuals with exceptional needs between the ages of birth and five years, inclusive, pursuant to Sections 56431 and 56441.8.

(6) Costs for nonpublic, nonsectarian school or agency placements outside of the state unless the board has granted a waiver pursuant to subdivisions (e) and (f) of Section 56365.

(7) Costs for related nonpublic, nonsectarian school pupil assessments by a school psychologist or school nurse pursuant to Sections 56320 and 56324.

(8) Costs for services that the nonpublic, nonsectarian school or agency is not certified to provide.

(9) Costs for services provided by personnel who do not meet the requirements specified in subdivision (e) of Section 56366.

(d) A nonpublic, nonsectarian school or agency shall not claim and is not entitled to receive reimbursement for attendance unless the site where the pupil is receiving special education or designated instruction and services is certified.

SEC. 17. Section 56775 of the Education Code is amended to read:

56775. (a) For the 1980–81 fiscal year and each fiscal year thereafter, the superintendent shall apportion to each district and county superintendent providing programs pursuant to Article 5 (commencing with Section 56155) of Chapter 2 an amount equal to the difference, if any, between (1) the costs of contracts with nonpublic, nonsectarian schools to provide special education instruction, related services, or both, to pupils in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities funded under this chapter, and (2) the state and federal income received by the district or county superintendent for providing these programs. The sum of the excess cost, plus any state or federal income for these programs, shall not exceed the cost of contracts with nonpublic, nonsectarian schools to provide special education and related services for these pupils, as determined by the superintendent.

(b) The cost of contracts with nonpublic, nonsectarian schools and agencies that a district or county office of education reports under this section shall not include any of the following costs that a district, county office, or special education local plan area may incur:

(1) Administrative or indirect costs for the local education agency.

(2) Direct support costs for the local education agency.

(3) Transportation costs provided either directly, or through a nonpublic, nonsectarian school or agency contract for use of services or equipment owned, leased, or contracted, by a district, special education local plan area, or county office for any pupils enrolled in nonpublic, nonsectarian school or agencies, unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency

pursuant to subdivisions (a) and (b) of Section 56366.

(4) Costs for services routinely provided by the district or county office including the following, unless the board grants a waiver under 56101:

(A) School psychologist services other than those described in Sections 56324 and 56363 and included in a contract and individual services agreement under subdivision (a) of Section 56366.

(B) School nurse services other than those described in Sections 49423.5, 56324, and 56363 and included in a contract and individual services agreement under subdivision (a) of Section 56366.

(C) Language, speech, and hearing services other than those included in a contract and individual services agreement under subdivision (a) of Section 56366.

(D) Modified, specialized, or adapted physical education services other than those included in a contract and individual services agreement under subdivision (a) of Section 56366.

(5) Costs for nonspecial education programs or settings, including those provided for individuals with exceptional needs between the ages of birth and five years, inclusive, pursuant to Sections 56431 and 56441.8.

(6) Costs for nonpublic, nonsectarian school or agency placements outside of the state unless the board has granted a waiver pursuant to subdivisions (e) and (f) of Section 56365.

(7) Costs for related nonpublic, nonsectarian school pupil assessments by a school psychologist or school nurse pursuant to Sections 56320 and 56324.

(8) Costs for services that the nonpublic, nonsectarian school or agency is not certified to provide.

(9) Costs for services provided by personnel who do not meet the requirements specified in subdivision (e) of Section 56366.

(d) A nonpublic, nonsectarian school or agency shall not claim and is not entitled to receive reimbursement for attendance unless the site where the pupil is receiving special education or designated instruction and services is certified.

SEC. 18. Section 7579.2 is added to the Government Code, to read:

7579.2. It is the intent of the Legislature that any disabled individual who has an active individualized education program and is being discharged from a state developmental center or state hospital be discharged to the community as close as possible to the home of the individual's parent, guardian, or conservator in keeping with the individual's right to receive special education and related services in the least restrictive environment.

SEC. 19. (a) The Superintendent of Public Instruction shall convene a 12-member nonpublic, nonsectarian school and agency work group comprised of statewide organizations that represent providers of special education and related services to individuals with exceptional needs including, but not limited to, the following:

(1) The California Association of Private Specialized Education

and Services.

(2) The California Association of Services for Children.

(3) The Special Education Local Plan Area Administrators.

(4) The Special Education Administrators of County Offices of Education.

(5) The Advisory Commission on Special Education.

(6) The Association of California School Administrators.

(7) The State Department of Education.

(8) The Commission on Teacher Credentialing.

(9) The office of the Governor.

(10) A representative of the Legislature

(11) Other individuals and organizations.

(b) The work group shall consider and collect data on the programmatic and funding issues that have resulted in increased costs for special education and related services provided by nonpublic, nonsectarian schools and agencies to pupils with exceptional needs and related annual deficiencies incurred by local education agencies.

(c) The work group shall gather necessary data utilizing, to the extent possible, existing data gathering systems and shall consult with appropriate groups and individuals involved in the provision of special education and related services to individuals with disabilities, including parents.

(d) The work group shall make findings and recommendations that include, but not be limited to, the following:

(1) Costs that should be considered in the development of the Budget Act of 1994.

(2) Certification standards that clarify the requirements for the provision of a free appropriate public education by nonpublic schools and agencies, including those that serve pupils residing in licensed children's institutions and those that provide early special education programs for individuals with disabilities from birth to the age of five years.

(3) Interagency responsibilities for providing related services to special education pupils and the programmatic and fiscal impact of these related services on the costs for nonpublic, nonsectarian schools and agencies.

(4) The programmatic and fiscal impact of licensed children's institutions on special education local plan areas as this impact relates to special education and related services provided by nonpublic, nonsectarian schools and agencies.

(5) Costs that should be included in tuition charged by nonpublic, nonsectarian schools and agencies and reimbursed to local education agencies by the state.

(6) The impact of decisions resulting from prehearing mediation conferences and due process hearings.

(7) Cost-sharing allocations between the state and contracting local education agencies pursuant to Sections 56740 and 56775 and any other portions of the special education funding system that relate

to these cost-sharing allocations.

(8) The impact of pupils placed in out-of-state facilities in order to receive appropriate special education, designated instruction, and related services as specified in their individualized education program.

(e) The work group shall submit its report of the data collected, findings, and recommendations in two phases. It shall submit a preliminary report by December 1, 1993, and a final report by March 1, 1994. The work group shall submit these reports to the appropriate legislative budget committees, the Legislative Analyst, the Director of Finance, the Superintendent of Public Instruction, the office of the Governor and the Secretary of Health and Welfare. The work group shall cease to exist after June 30, 1994.

(f) The sum of one hundred thousand dollars ($100,000) shall be transferred to Budget Item 6110-001-890 for the Superintendent of Public Instruction to use for purposes of this section from increases received in federal funds provided under Part B of the federal Individuals with Disabilities Education Act in the 1993-94 fiscal year contained in Item 6110-161-890 of Section 2.00 of the Budget Act of 1993.

SEC. 20. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 21. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for pupils who are placed in nonpublic, nonsectarian schools and agencies through a contract with a local education agency to receive a free appropriate public education as required by the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) within limits imposed by the Budget Act of 1993, it is necessary that this act take effect immediately.

CHAPTER 940

An act to amend Sections 11302, 11311, 11313, 11320, 11321, 11323, 11324, 11325, 11340, 11350, 11351, 11360, 11400, 11404, 11405, 11406, 11408, 11421, and 11422 of, to add Sections 11326, 11343, and 11344 to, and to repeal Section 11313.5 of, the Business and Professions Code, relating to real estate appraisers.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11302 of the Business and Professions Code is amended to read:

11302. For the purpose of applying this part, the following terms, unless otherwise expressly indicated, shall mean and have the following definitions:

(a) "Agency" means the Business, Transportation and Housing Agency.

(b) "Appraisal" means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion in a federally related transaction as to the market value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information.

The term "appraisal" does not include an opinion given by a real estate licensee or engineer or land surveyor in the ordinary course of his or her business in connection with a function for which a license is required under Chapter 7 (commencing with Section 6700) or Chapter 15 (commencing with Section 8700) of Division 3, or Chapter 3 (commencing with Section 10130) or Chapter 7 (commencing with Section 10500) and the opinion shall not be referred to as an appraisal. This part does not apply to a probate referee acting pursuant to Sections 400 to 408, inclusive, of the Probate Code unless the appraised transaction is federally related.

(c) "Appraisal Foundation" means the Appraisal Foundation that was incorporated as an Illinois not-for-profit corporation on November 30, 1987.

(d) "Appraisal Subcommittee" means the Appraisal Subcommittee of the Federal Financial Institutions Examination Council.

(e) "Certificate" means a certificate issued by the office authorizing the person to whom it is issued to act within this state as a state certified real estate appraiser.

(f) "Certification" means the procedures and requirements a person shall comply with in order to qualify for issuance of a certificate and includes the issuance of the certificate.

(g) "Certified real estate appraisal report" means an appraisal report performed, given, or signed and certified as such by a state

certified real estate appraiser.

(h) "Committee" means the Real Estate Appraisers' Advisory Committee.

(i) "Director" means the Director of the Office of Real Estate Appraisers.

(j) "Federal financial institutions regulatory agency" means the Federal Reserve Board, Federal Deposit Insurance Corporation, Office of the Comptroller of the Currency, Office of Thrift Supervision, Federal Home Loan Bank System, National Credit Union Administration, the Resolution Trust Corporation, and any other agency determined by the director to have jurisdiction over transactions subject to this part.

(k) "Federally related real estate appraisal activity" means the act or process of making or performing an appraisal on real estate or real property in a federally related transaction and preparing either an appraisal or certified real estate appraisal as a result of that activity.

(*l*) "Federally related transaction" means any real estate-related financial transaction which a federal financial institution's regulatory agency engages in, contracts for or regulates and which requires the services of a state licensed real estate appraiser or state certified real estate appraiser regulated by this part. This term also includes any transaction identified as such by a federal financial institutions regulatory agency.

(m) "License" means a license issued by the office authorizing the person to whom it is issued to act within this state as a state licensed real estate appraiser.

(n) "Licensure" means the procedures and requirements a person shall comply with in order to qualify for issuance of a license and includes the issuance of the license.

(o) "Office" means the Office of Real Estate Appraisers.

(p) "Secretary" means the Secretary of the Business, Transportation and Housing Agency.

(q) "State certified real estate appraiser" is a person who holds a current valid certificate issued to him or her under this part to perform, make, or approve and sign a certified real estate appraisal. A state certified real estate appraiser may use the abbreviation SCREA in his or her real property appraisal business.

(r) "State licensed real estate appraiser" is a person who is issued and holds a current valid license under this part to perform, make, or approve and sign an appraisal. A state licensed real estate appraiser may use the abbreviation SLREA in his or her real property appraisal business.

SEC. 2. Section 11311 of the Business and Professions Code is amended to read:

11311. The secretary shall appoint the Real Estate Appraisers' Advisory Committee to assist the director in the administration of this part. The committee shall advise the director generally on matters relating to the appraisal of real property, on matters relating to ethics and standards requirements, courses of instruction,

equivalent education and experience, continuing education requirements, and discipline and enforcement procedures. Before promulgating any regulation pursuant to this part, the director shall consult with and seek advice thereon from the committee.

Each member of the committee shall serve at the pleasure of the secretary.

The committee shall consist of nine members, two of whom shall be primarily involved in residential real estate appraisal, two of whom shall be state certified real estate appraisers, and five of whom shall be members of the public.

Each initial appraiser member appointed to the committee shall be a person who satisfies all of the prerequisites to taking the examination for licensure or certification as prescribed in this part.

Public members shall include at least two real estate licensees and at least two members from federally insured institutions with experience in real estate secured lending.

SEC. 3. Section 11313 of the Business and Professions Code is amended to read:

11313. The office is under the supervision and control of the secretary. The duty of enforcing and administering this part is vested in the director and he or she is responsible to the secretary therefor. The director shall adopt and enforce rules and regulations as are determined reasonably necessary to carry out the purposes of this part. Those rules and regulations shall be adopted pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Any emergency regulations filed with the Office of Administrative Law by December 31, 1993, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, and general welfare.

SEC. 4. Section 11313.5 of the Business and Professions Code is repealed.

SEC. 5. Section 11320 of the Business and Professions Code is amended to read:

11320. No person shall engage in federally related real estate appraisal activity governed by this part or assume or use the title of or any title designation or abbreviation as a licensed or certified real estate appraiser in this state without first becoming a state licensed real estate appraiser or state certified real estate appraiser as defined in Section 11302. Any person who willfully violates this provision is guilty of a public offense punishable by imprisonment in the state prison, or in a county jail for not more than one year, or by a fine not exceeding ten thousand dollars ($10,000), or by both the imprisonment and fine. The possession of a license or certificate issued pursuant to this part does not preempt the application of other statutes including the requirement for specialized training or licensure pursuant to Article 3 (commencing with Section 750) of Chapter 2.5 of Division 1 of the Public Resources Code.

SEC. 6. Section 11321 of the Business and Professions Code is

amended to read:

11321. No person other than a state licensed real estate appraiser or state certified real estate appraiser may assume or use that title or any title, designation, or abbreviation likely to create the impression of state licensure or certification as a real estate appraiser in this state.

Only an individual who has qualified as a state licensed or state certified real estate appraiser is authorized to perform and sign a certified real estate appraisal report relating to real estate or real property in this state.

SEC. 7. Section 11323 of the Business and Professions Code is amended to read:

11323. No state licensed real estate appraiser or state certified real estate appraiser shall engage in any appraisal activity in connection with the purchase, sale, or transfer of real property if his or her compensation is affected by the sales commission generated by the transaction for which the appraisal was made.

SEC. 8. Section 11324 of the Business and Professions Code is amended to read:

11324. An individual who is not a state licensed real estate appraiser or state certified real estate appraiser may assist in the preparation of an appraisal under the following conditions:

(a) The assistance is under the direction of an individual who is a state licensed real estate appraiser or state certified real estate appraiser but the final conclusion as to value is made by a state licensed real estate appraiser or state certified real estate appraiser.

(b) The final appraisal document is approved and signed, with acceptance of full responsibility, by the supervising individual who is licensed or certified by the state pursuant to this part, identifies the assisting individual, and identifies the scope of work performed by the individual who assisted in preparation of the appraisal.

SEC. 9. Section 11325 of the Business and Professions Code is amended to read:

11325. (a) The director shall adopt regulations which determine the parameters of appraisal work which may be performed by licensed and certified appraisers.

(b) Regulations adopted by the director pursuant to this section shall, at a minimum, meet the standards established by federal financial institution regulatory agencies as required by Section 1112 of Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989, Public Law 101-73.

SEC. 10. Section 11326 is added to the Business and Professions Code, to read:

11326. (a) The county assessor shall, upon request, disclose information, furnish abstracts, copies of maps, construction permits, notices of completion, sales confirmation, and permit access to all records in his or her office or branch offices, to the Office of Real Estate Appraisers when it is conducting an investigation related to professional conduct of appraisers.

(b) Whenever the assessor discloses information, furnishes abstracts, and all of the above and permits access to records to the Office of Real Estate Appraisers, the office shall reimburse the assessor for any reasonable cost incurred as a result thereof.

SEC. 11. Section 11340 of the Business and Professions Code is amended to read:

11340. The director shall adopt regulations governing the process and the procedure of applying for and renewing a real estate appraiser license and real estate appraiser certificate which shall include, but not be limited to, necessary experience or education, equivalency, and minimum requirements of the Appraisal Foundation, if any.

(a) For purposes of the educational background requirements established under this section, the director shall grant credits for any courses taken on real estate appraisal ethics or practices pursuant to subparagraph (C) of paragraph (2), and subparagraph (C) of paragraph (1), of subdivision (a) of Section 10153.2, or which are deemed by the director to meet standards established pursuant to this part and federal law.

(b) For the purpose of implementing and applying this section, the director shall, with the advice and assistance of the committee, prescribe by regulation "equivalent courses" and "equivalent experience." The experience of employees of an assessor's office or of the State Board of Equalization in setting forth opinions of value of real property for tax purposes shall be deemed equivalent to experience in federally related real estate appraisal activity.

(c) The director shall adopt regulations governing the process of applying for certification as a state certified real estate appraiser which shall meet, at a minimum, the requirements and standards established by the Appraisal Foundation, the Resolution Trust Corporation, and the federal financial institutions regulatory agencies acting pursuant to Section 1112 of the Financial Institutions Reform Recovery and Enforcement Act of 1989, Public Law 101-73 (FIRREA). The director shall, by regulation, require the application for a real estate appraiser license and real estate appraiser certificate to include the applicant's social security number.

SEC. 12. Section 11343 is added to the Business and Professions Code, to read:

11343. (a) Each applicant for licensure and certification as a real estate appraiser shall submit a completed fingerprint card.

(b) The fingerprint card shall be used for the purpose of a criminal record check.

SEC. 13. Section 11344 is added to the Business and Professions Code, to read:

11344. (a) Notwithstanding Sections 11341 and 11342, a temporary license or a temporary certification may be issued pending the outcome of the fingerprint check. A temporary license or temporary certification may be valid for up to 120 days. A temporary license or temporary certificate may be renewed once at

the discretion of the director.

(b) The director may issue a probationary license or certificate as follows:

(1) By term.

(2) By conditions to be observed in the exercise of the privileges granted.

SEC. 14. Section 11350 of the Business and Professions Code is amended to read:

11350. The director shall recognize on a temporary basis the certification or license of an appraiser issued by another state subject to the following:

(a) The property to be appraised is part of a federally related transaction.

(b) The appraiser's business is of a temporary nature.

(c) The appraiser registers with the state as provided by regulations of the director.

(d) The certification or licensing standards of the appraiser's state shall be comparable to the standards required by this part for the specific appraisal to be made.

(e) The appraiser pays the fee set by the director.

SEC. 15. Section 11351 of the Business and Professions Code is amended to read:

11351. Temporary practice is not required under this chapter if the appraiser from another state assists in the performance of the appraisal as provided by Section 11324.

SEC. 16. Section 11360 of the Business and Professions Code is amended to read:

11360. The director shall adopt regulations governing the process and procedures for renewal of a real estate appraiser license or real estate appraiser certificate which shall include, but not be limited to, continuing education requirements.

SEC. 17. Section 11400 of the Business and Professions Code is amended to read:

11400. (a) Initial application fees, including examination fees, shall be paid to the office at the time of application.

(b) All issuance-related fees shall be paid to the office at the time the issuance application is submitted to the office.

(c) All fees shall be paid by cashier's check, certified check, or money order. All fees shall be deemed earned by the office upon receipt and are refundable at the discretion of the director.

SEC. 18. Section 11404 of the Business and Professions Code is amended to read:

11404. The fee for an original or renewal real estate appraiser license shall not exceed six hundred dollars ($600).

SEC. 19. Section 11405 of the Business and Professions Code is amended to read:

11405. The fee for an original or renewal certification as a state certified real estate appraiser shall not exceed seven hundred dollars ($700).

SEC. 20. Section 11406 of the Business and Professions Code is amended to read:

11406. (a) The director shall by regulation establish fees for approval of basic education and continuing education courses or their equivalent, or for the evaluation of petitions of applicants based upon claims of equivalency pursuant to Section 11340. The fees established by regulation shall be sufficient to cover the costs incurred by the office in processing applications for course approvals and petitions for equivalency.

(b) The director shall by regulation establish fees for approval of courses of study required to be taken by applicants for the real estate appraiser license examination and the state certified real estate appraiser license examination. The fees established by regulation shall be sufficient to cover the costs incurred by the office in processing applications for course approvals and petitions for equivalency.

SEC. 21. Section 11408 of the Business and Professions Code is amended to read:

11408. (a) Application for issuance of a license or certificate must be submitted to the office within one year of the successful completion of the examination.

(b) Every state licensed real estate appraiser or state certified real estate appraiser shall pay federal registry fees and state registry processing fees to the state as part of issuance-related fees.

SEC. 22. Section 11421 of the Business and Professions Code is amended to read:

11421. On or before June 30, 1995, the office shall study the need for, and feasibility of, changes to this part in the following areas:

(a) Whether appraisal of some types of real estate-related personalty, such as heavy equipment or business fixtures, merits regulation in this part.

(b) Whether it is appropriate to impose additional supervised training or apprenticeship requirements for appraisers.

(c) The type and sources of information that are and should be available to appraisers.

(d) The appropriateness and potential cost of applying this part to other types of property.

SEC. 23. Section 11422 of the Business and Professions Code is amended to read:

11422. The office shall, on or before February 1, 1994, and at least annually thereafter, transmit to the appraisal subcommittee specified in subdivision (d) of Section 11302 a roster of persons licensed or certified pursuant to this part.

SEC. 24. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, no reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for other costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law for those other costs.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 941

An act to amend Sections 11324 and 11340 of the Business and Professions Code, relating to real estate.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11324 of the Business and Professions Code is amended to read:

11324. An individual who is not a state licensed or certified appraiser may assist in the preparation of an appraisal under the following conditions:

(a) The assistance is under the direct supervision of an individual who is a licensed or certified appraiser and the final conclusion as to value is made by a licensed or certified appraiser.

(b) The final appraisal document is approved and signed, with acceptance of full responsibility, by the supervising individual who is licensed or certified by the state pursuant to this part, identifies the assisting individual, and identifies the scope of work performed by the individual who assisted in preparation of the appraisal.

SEC. 2. Section 11340 of the Business and Professions Code is amended to read:

11340. The director shall adopt regulations governing the process and the procedure of applying for a real estate appraiser license and real estate appraiser certificate which shall include, but not be limited to, necessary experience or education, equivalency, and minimum requirements of the Appraisal Foundation, if any.

(a) For purposes of the educational background requirements established under this section, the director shall grant credits for any courses taken on real estate appraisal ethics or practices pursuant to Section 10153.2, or which are deemed by the director to meet standards established pursuant to this part and federal law.

(b) For the purpose of implementing and applying this section, the director shall, with the advice and assistance of the committee, prescribe by regulation "equivalent courses" and "equivalent experience." The experience of employees of an assessor's office or of the State Board of Equalization in setting forth opinions of value of real property for tax purposes shall be deemed equivalent to experience in federally related real estate appraisal activity. Notwithstanding any other law, a holder of a valid real estate broker license shall be deemed to have completed appraisal license application experience requirements upon proof that he or she has accumulated 1,000 hours of experience in the valuation of real property.

(c) The director shall adopt regulations governing the process of applying for certification as a state certified real estate appraiser which shall meet, at a minimum, the requirements and standards established by the Appraisal Foundation, the Resolution Trust Corporation, and the federal financial institutions regulatory agencies acting pursuant to Section 1112 of the Financial Institutions Reform Recovery and Enforcement Act of 1989, Public Law 101-73 (FIRREA). The director shall, by regulation, require the application for a real estate appraiser license and real estate appraiser certificate to include the applicant's social security number.

(d) In evaluating the experience of any applicant for licensure, regardless of the number of hours required of that applicant, the director shall apply the same standards to the experience of all applicants.

CHAPTER 942

An act to amend Sections 42238 and 84751 of the Education Code, and to amend Sections 33030, 33031, 33080.1, 33080.4, 33320.1, 33328.5, 33333.2, 33333.3, 33334.2, 33334.12, 33344.5, 33352, 33353.2, 33354.6, 33367, 33401, 33433, 33445, 33486, 33641, 33675, 33676, and 33678 of, to amend, repeal, and add Section 33413 of, to add Sections 33333.6, 33426.5, 33444.5, 33444.6, 33607.5, and 33607.7 to, to add Article 16.5 (commencing with Section 33490) to Chapter 4 of Part 1 of Division 24 of, and to repeal Sections 33012, 33032, 33338.1, 33348.5, 33353, 33353.1, 33353.3, 33353.4, 33353.5, 33353.6, 33353.7, and 33354.4 of, the Health and Safety Code, and to repeal Sections 7200.1 and 7202.6 of the Revenue and Taxation Code, relating to redevelopment.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Community Redevelopment Law Reform Act of 1993.

SEC. 1.3. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985–86 and 1986–87 fiscal years only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of, Part 0.5 of Division 1 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of Division 2 of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code.

(4) Prior years taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(7) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, and except for any amount received pursuant to Section 33492.15, 33607.5, or 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(i) This section shall become operative July 1, 1984.

SEC. 1.5. Section 84751 of the Education Code, as added by Chapter 66 of the Statutes of 1993, is amended to read:

84751. In calculating each community college district's revenue level for each fiscal year pursuant to subdivision (a) of Section 84750, the chancellor shall subtract, from the total revenues owed, all of the following:

(a) The local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption.

(b) Ninety-eight percent of the fee revenues collected pursuant to Section 76300 and moneys received for fees defrayed pursuant to subdivisions (g) and (h) of that section.

(c) Motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code.

(d) Timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code.

(e) Any amounts received pursuant to Section 33492.15, 33607.5, or 33607.7 of the Health and Safety Code that are allocated exclusively for educational facilities.

SEC. 2. Section 33012 of the Health and Safety Code is repealed.

SEC. 3. Section 33030 of the Health and Safety Code is amended to read:

33030. (a) It is found and declared that there exist in many communities blighted areas which constitute physical and economic liabilities, requiring redevelopment in the interest of the health, safety, and general welfare of the people of these communities and of the state.

(b) A blighted area is one that contains both of the following:

(1) An area that is predominantly urbanized, as that term is defined in Section 33320.1, and is an area in which the combination of conditions set forth in Section 33031 is so prevalent and so substantial that it causes a reduction of, or lack of, proper utilization

of the area to such an extent that it constitutes a serious physical and economic burden on the community which cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

(2) An area that is characterized by either of the following:

(A) One or more conditions set forth in any paragraph of subdivision (a) of Section 33031 and one or more conditions set forth in any paragraph of subdivision (b) of Section 33031.

(B) The condition described in paragraph (4) of subdivision (a) of Section 33031.

(c) A blighted area also may be one that contains the conditions described in subdivision (b) and is, in addition, characterized by the existence of inadequate public improvements, parking facilities, or utilities.

SEC. 4. Section 33031 of the Health and Safety Code is amended to read:

33031. (a) This subdivision describes physical conditions that cause blight:

(1) Buildings in which it is unsafe or unhealthy for persons to live or work. These conditions can be caused by serious building code violations, dilapidation and deterioration, defective design or physical construction, faulty or inadequate utilities, or other similar factors.

(2) Factors that prevent or substantially hinder the economically viable use or capacity of buildings or lots. This condition can be caused by a substandard design, inadequate size given present standards and market conditions, lack of parking, or other similar factors.

(3) Adjacent or nearby uses that are incompatible with each other and which prevent the economic development of those parcels or other portions of the project area.

(4) The existence of subdivided lots of irregular form and shape and inadequate size for proper usefulness and development that are in multiple ownership.

(b) This subdivision describes economic conditions that cause blight:

(1) Depreciated or stagnant property values or impaired investments, including, but not necessarily limited to, those properties containing hazardous wastes that require the use of agency authority as specified in Article 12.5 (commencing with Section 33459).

(2) Abnormally high business vacancies, abnormally low lease rates, high turnover rates, abandoned buildings, or excessive vacant lots within an area developed for urban use and served by utilities.

(3) A lack of necessary commercial facilities that are normally found in neighborhoods, including grocery stores, drug stores, and banks and other lending institutions.

(4) Residential overcrowding or an excess of bars, liquor stores, or other businesses that cater exclusively to adults, that has led to

problems of public safety and welfare.

(5) A high crime rate that constitutes a serious threat to the public safety and welfare.

SEC. 5. Section 33032 of the Health and Safety Code is repealed.

SEC. 6. Section 33080.1 of the Health and Safety Code is amended to read:

33080.1. Every redevelopment agency shall present an annual report to its legislative body within six months of the end of the agency's fiscal year. The annual report shall contain all of the following:

(a) (1) An independent financial audit report for the previous fiscal year. "Audit report" means an examination of, and opinion on, the financial statements of the agency which present the results of the operations and financial position of the agency, including all financial activities with moneys required to be held in a separate Low and Moderate Income Housing Fund pursuant to Section 33334.3, and including an opinion with respect to the accuracy of the statement of the information contained in the resolution adopted pursuant to Section 33682 and the existence of other funds to make the payments required by Section 33681. This audit shall be conducted in accordance with generally accepted auditing standards and the rules governing audit reports promulgated by the State Board of Accountancy. The audit report shall also include an opinion of the agency's compliance with laws, regulations, and administrative requirements governing activities of the agency.

(2) However, the legislative body may elect to omit from inclusion in the audit report any distinct activity of the agency that is funded exclusively by the federal government and that is subject to audit by the federal government.

(b) A fiscal statement for the previous fiscal year that contains the information required pursuant to Section 33080.5.

(c) A description of the agency's activities affecting housing and displacement which contains the information required by Sections 33080.4 and 33080.7.

(d) Any other information which the agency believes useful to explain its programs, including, but not limited to, the number of jobs created as a result of its activities.

SEC. 7. Section 33080.4 of the Health and Safety Code is amended to read:

33080.4. (a) For the purposes of compliance with subdivision (c) of Section 33080.1, the description of the agency's activities shall contain the following information regardless of whether each activity is funded exclusively by the state or federal government, for each project area and for the agency overall:

(1) Pursuant to Section 33413, the total number of nonelderly and elderly households, including separate subtotals of the numbers of very low income households, other lower income households, and persons and families of moderate income, that were displaced or moved from their dwelling units as part of a redevelopment project

of the agency during the previous fiscal year.

(2) Pursuant to Section 33413.5, the total number of nonelderly and elderly households, including separate subtotals of the numbers of very low income households, other lower income households, and persons and families of moderate income, that the agency estimates will be displaced or will move from their dwellings as part of a redevelopment project of the agency during the present fiscal year and the date of adoption of a replacement housing plan for each project area subject to Section 33413.5.

(3) The total number of dwelling units housing very low income households, other lower income households, and persons and families of moderate income, respectively, which have been destroyed or removed from the low- or moderate-income housing market during the previous fiscal year as part of a redevelopment project of the agency, specifying the number of those units which are not subject to Section 33413.

(4) The total numbers of agency-assisted dwelling units which were constructed, rehabilitated, acquired, or subsidized during the previous fiscal year for occupancy at an affordable housing cost by elderly persons and families, but only if the units are restricted by agreement or ordinance for occupancy by the elderly, and by very low income households, other lower income households, and persons and families of moderate income, respectively, specifying those units which are not currently so occupied, those units which have replaced units destroyed or removed pursuant to subdivision (a) of Section 33413, and the length of time any agency-assisted units are required to remain available at affordable costs.

(5) The total numbers of new or rehabilitated units subject to paragraph (2) of subdivision (b) of Section 33413, including separate subtotals of the number originally affordable to and currently occupied by, elderly persons and families, but only if the units are restricted by agreement or ordinance for occupancy by the elderly, and by very low income households, other lower income households, and persons and families of moderate income, respectively, and the length of time these units are required to remain available at affordable costs.

(6) The status and use of the Low and Moderate Income Housing Fund created pursuant to Section 33334.3, including information on the use of this fund for very low income households, other lower income households, and persons and families of moderate income, respectively. If the Low and Moderate Income Housing Fund is used to subsidize the cost of onsite or offsite improvements, then the description of the agency's activities shall include the number of housing units affordable to persons and families of low or moderate income which have been directly benefited by the onsite or offsite improvements.

(7) A compilation of the annual reports obtained by the agency under Section 33418 including identification of the number of units occupied by persons and families of moderate income, other lower

income households, and very low income households, respectively, and identification of projects in violation of this part or any agreements in relation to affordable units.

(8) The total amount of funds expended for planning and general administrative costs as defined in subdivisions (d) and (e) of Section 33334.3.

(9) Any other information which the agency believes useful to explain its housing programs, including, but not limited to, housing for persons and families of other than low and moderate income.

(10) The total number of dwelling units for very low income households, other lower income households, and persons and families of moderate income to be constructed under the terms of an executed agreement or contract and the name and execution date of the agreement or contract. These units may only be reported for a period of two years from the execution date of the agreement or contract.

(11) The date and amount of all deposits and withdrawals of moneys deposited to and withdrawn from the Low and Moderate Income Housing Fund.

(b) As used in this section:

(1) "Elderly," has the same meaning as specified in Section 50067.

(2) "Persons and families of moderate income," has the same meaning as specified in subdivision (b) of Section 50093.

(3) "Other lower income households," has the same meaning as "lower income households" as specified in Section 50079.5, exclusive of very low income households.

(4) "Persons and families of low or moderate income," has the same meaning as specified in Section 50093.

(5) "Very low income households," has the same meaning as specified in Section 50105.

(c) Costs associated with preparing the report required by this section may be paid with moneys from the Low and Moderate Income Housing Fund.

SEC. 7.5. Section 33320.1 of the Health and Safety Code is amended to read:

33320.1. (a) "Project area" means, except as provided in Section 33320.2, 33320.3, or 33320.4, a predominantly urbanized area of a community which is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part, and which is selected by the planning commission pursuant to Section 33322.

(b) As used in this section, "predominantly urbanized" means that not less than 80 percent of the land in the project area :

(1) Has been or is developed for urban uses.

(2) Is characterized by the conditions described in paragraph (4) of subdivision (a) of Section 33031.

(3) Is an integral part of one or more areas developed for urban uses which are surrounded or substantially surrounded by parcels which have been or are developed for urban uses. Parcels separated

by only an improved right-of-way shall be deemed adjacent for the purpose of this subdivision.

(c) For the purposes of this section, a parcel of property as shown on the official maps of the county assessor is developed if that parcel is developed in a manner which is either consistent with zoning or is otherwise permitted under law.

(d) The requirement that a project be predominantly urbanized shall apply only to a project area for which a final redevelopment plan is adopted on or after January 1, 1984, or to an area which is added to a project area by an amendment to a redevelopment plan, which amendment is adopted on or after January 1, 1984.

SEC. 7.7. Section 33328.5 of the Health and Safety Code is amended to read:

33328.5. (a) If a redevelopment agency proposes to use the equalized assessment roll for the year following the equalized assessment roll which the redevelopment agency advised it would use pursuant to Section 33328, the redevelopment agency shall, prior to the adoption of the redevelopment plan using that different equalized assessment roll, either notify the county officials, taxing agencies, and the State Board of Equalization of the change in the equalized assessment roll that it proposes to use for the allocation of taxes pursuant to Section 33670 or prepare a report containing the information specified in subdivisions (a), (b), (c), (d), (e), and (f) of Section 33328.

(b) Upon receipt of a notice pursuant to subdivision (a), the county officials charged with the responsibility of allocating taxes under Section 33670 and 33670.5 shall prepare and deliver to the redevelopment agency a report containing the information specified in subdivisions (a), (b), (c), (d), (e), and (f) of Section 33328. The report shall be prepared and delivered within the time periods specified in Section 33328 for reports prepared pursuant to that section. If a redevelopment agency gives the notice specified in subdivision (a), the redevelopment plan specified in the notice shall not be adopted until the time period for delivery of the report has expired.

(c) At least 14 days prior to the public hearing on the redevelopment plan for which the redevelopment agency proposes to use a different equalized assessment roll, the redevelopment agency shall prepare and deliver to each taxing agency a supplementary report analyzing the effect of the use of the different equalized assessment roll which shall include those subjects required by subdivisions (b), (c), and (m) of Section 33352. In lieu of a supplementary report, a redevelopment agency may include in the report required to be prepared pursuant to Section 33352, the information required to be included in the supplementary report.

(d) A redevelopment agency shall not be required to prepare a subsequent preliminary report specified in Section 33344.5, unless the report prepared pursuant to subdivision (b) states that the total assessed value in the project area is less than the total assessed value

in the project area contained in the original report prepared pursuant to Section 33328, in which case a new preliminary report shall be prepared.

(e) The use of a different assessment roll pursuant to this section shall meet the requirements of Section 16 of Article XVI of the California Constitution.

(f) This section shall only apply to redevelopment plans adopted on or after January 1, 1993. The Legislature finds and declares that the enactment of this section shall not be deemed to invalidate or limit the adoption of redevelopment plans pursuant to a different procedure prior to January 1, 1993.

SEC. 8. Section 33333.2 of the Health and Safety Code is amended to read:

33333.2. (a) A redevelopment plan containing the provisions set forth in Section 33670 shall contain all of the following limitations. A redevelopment plan that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (5):

(1) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the adoption of the redevelopment plan, except by amendment of the redevelopment plan as authorized by subparagraph (B). This limit, however, shall not prevent agencies from incurring debt to be paid from the Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's housing obligations under Section 33413. The loans, advances, or indebtedness may be repaid over a period of time longer than this time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) significant blight remains within the project area; and (ii) this blight cannot be eliminated without the establishment of additional debt. However, this amended time limitation may not exceed 30 years from the effective date of the ordinance adopting the redevelopment plan.

(2) A time limit, not to exceed 30 years from the adoption of the redevelopment plan, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and to enforce existing covenants or contracts, unless the agency has not completed its housing obligations pursuant to Section 33413, in which case the agency shall retain its authority to implement requirements under Section 33413, including its ability to incur and pay indebtedness for this purpose, and shall use this authority to complete these housing obligations as soon as is reasonably possible.

(3) A time limit, not to exceed 45 years from the adoption of the redevelopment plan, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670.

(4) A time limit, not to exceed 12 years from the adoption of the redevelopment plan, for commencement of eminent domain proceedings to acquire property within the project area. This time limitation may be extended only by amendment of the redevelopment plan.

(b) This section shall apply only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) of this chapter on or after January 1, 1994.

SEC. 8.5. Section 33333.3 of the Health and Safety Code is amended to read:

33333.3. The redevelopment agency shall send a notice of preparation and a copy of a draft environmental impact report to each affected taxing entity, as defined in Section 33353.2, prepared in accordance with the provisions of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and regulations adopted pursuant thereto.

SEC. 9. Section 33333.6 is added to the Health and Safety Code, to read:

33333.6. The limitations of this section shall apply to every redevelopment plan adopted on or before December 31, 1993.

(a) (1) The time limit on the establishing of loans, advances, and indebtedness adopted pursuant to paragraph (2) of subdivision (a) of Section 33333.2 or paragraph (2) of subdivision (a) of Section 33333.4 shall not exceed 20 years from the adoption of the redevelopment plan or January 1, 2004, whichever is later. This limit, however, shall not prevent agencies from incurring debt to be paid from the Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's housing obligations under Section 33413.

(2) The time limitation established by this subdivision may be extended, only by amendment of the redevelopment plan, after the agency finds, based on substantial evidence that: (A) significant blight remains within the project area; and (B) this blight cannot be eliminated without the establishment of additional debt. However, this amended time limitation may not exceed 10 years from the time limit established pursuant to this subdivision or the time limit on the effectiveness of the plan established pursuant to subdivision (b), whichever is earlier.

(b) The effectiveness of every redevelopment plan to which this section applies shall terminate at a date which shall not exceed 40 years from the adoption of the redevelopment plan or January 1, 2009, whichever is later. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act

pursuant to the redevelopment plan except to pay previously incurred indebtedness and to enforce existing covenants, contracts, or other obligations.

(c) Except as provided in subdivisions (g) and (h), a redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670 after 10 years from the termination of the effectiveness of the redevelopment plan pursuant to subdivision (b).

(d) (1) If plans which had different dates of adoption were merged on or before December 31, 1993, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan. If an amendment to a redevelopment plan added territory to the project area on or before December 31, 1993, the time limitations required by this section shall commence, with respect to the redevelopment plan, from the date of the adoption of the redevelopment plan, and, with respect to the added territory, from the date of the adoption of the amendment.

(2) If plans that had different dates of adoption are merged on or after January 1, 1994, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan.

(e) (1) Unless a redevelopment plan adopted prior to January 1, 1994, contains all of the limitations required by this section and each of these limitations does not exceed the applicable time limits established by this section, the legislative body, acting by ordinance on or before December 31, 1994, shall amend every redevelopment plan adopted prior to January 1, 1994, either to amend an existing time limit that exceeds the applicable time limit established by this section or to establish time limits that do not exceed the provisions of subdivision (a), (b), or (c).

(2) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance required by this section, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(f) (1) If a redevelopment plan adopted prior to January 1, 1994, contains one or more limitations required by this section, and the limitation does not exceed the applicable time limit required by this section, this section shall not be construed to require an amendment of this limitation.

(2) A redevelopment plan adopted prior to January 1, 1994, that has a limitation shorter than the terms provided in this section may be amended to extend the limitation, within the applicable time limit established by this section, pursuant to Section 33354.6.

(g) The limitations established in the ordinance adopted pursuant to this section shall not be applied to limit allocation of taxes to an

agency to the extent required to eliminate project deficits created under subdivision (e) of Section 33320.5, subdivision (g) of Section 33334.6, or subdivision (d) of Section 33487, in accordance with the plan adopted pursuant thereto for the purpose of eliminating the deficits or to implement a replacement housing program pursuant to Section 33413. In the event of a conflict between these limitations and the obligations under Section 33334.6 or to implement a replacement housing program pursuant to Section 33413, the legislative body shall amend the ordinance adopted pursuant to this section to modify the limitations to the extent necessary to permit compliance with the plan adopted pursuant to subdivision (g) of Section 33334.6 and to allow full expenditure of moneys in the agency's Low and Moderate Income Housing Fund in accordance with Section 33334.3 or to permit implementation of the replacement housing program pursuant to Section 33413. The procedure for amending the ordinance pursuant to this subdivision shall be the same as for adopting the ordinance under subdivision (e).

(h) This section shall not be construed to affect the validity of any bond, indebtedness, or other obligation, including any mitigation agreement entered into pursuant to Section 33401, authorized by the legislative body, or the agency pursuant to this part, prior to January 1, 1994. Nor shall this section be construed to affect the right of an agency to receive property taxes, pursuant to Section 33670, to pay the indebtedness or other obligation.

(i) A redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670, with respect to a redevelopment plan adopted prior to January 1, 1994, after the date identified in subdivision (c) or the date identified in the redevelopment plan, whichever is earlier, except as provided in paragraph (2) of subdivision (f) or in subdivision (h).

(j) The Legislature finds and declares that the amendments made to this section by the act that adds this subdivision are intended to add limitations to the law on and after January 1, 1994, and are not intended to change or express legislative intent with respect to the law prior to that date. It is not the intent of the Legislature to affect the merits of any litigation regarding the ability of a redevelopment agency to sell bonds for a term that exceeds the limit of a redevelopment plan pursuant to law that existed prior to January 1, 1994.

SEC. 10. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes which are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner which would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes which are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article

10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need which can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions which are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on the provisions of this paragraph. Agencies which make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income

households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies which make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income

households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

SEC. 11. Section 33334.12 of the Health and Safety Code is amended to read:

33334.12. (a) (1) Upon failure of the agency to expend or encumber excess surplus in the Low and Moderate Income Housing Fund within one year from the date the moneys become excess surplus, as defined in paragraph (1) of subdivision (g), the agency

shall do either of the following:

(A) Disburse voluntarily its excess surplus to the county housing authority or to another public agency exercising housing development powers within the territorial jurisdiction of the agency in accordance with subdivision (b).

(B) Expend or encumber its excess surplus within two additional years.

(2) If an agency, after three years has elapsed from the date that the moneys become excess surplus, has not expended or encumbered its excess surplus, the agency shall be subject to sanctions pursuant to subdivision (e), until the agency has expended or encumbered its excess surplus plus an additional amount, equal to 50 percent of the amount of the excess surplus. The additional expenditure shall not be from the agency's Low and Moderate Income Housing Fund, but shall be used in a manner that meets all requirements for expenditures from that fund.

(b) The housing authority or other public agency to which the money is transferred shall utilize the moneys for the purposes of, and subject to the same restrictions that are applicable to, the redevelopment agency under this part, and for that purpose may exercise all of the powers of a housing authority under Part 2 (commencing with Section 34200) to an extent not inconsistent with these limitations.

(c) Notwithstanding Section 34209 or any other provision of law, for the purpose of accepting a transfer of, and using, moneys pursuant to this section, the housing authority of a county or other public agency may exercise its powers within the territorial jurisdiction of a city redevelopment agency located in that county.

(d) The amount of excess surplus that shall be transferred to the housing authority or other public agency because of a failure of the redevelopment agency to expend or encumber excess surplus within one year shall be the amount of the excess surplus that is not so expended or encumbered. The housing authority or other public agency to which the moneys are transferred shall expend or encumber these moneys for authorized purposes not later than three years after the date these moneys were transferred from the Low and Moderate Income Housing Fund.

(e) Until a time when the agency has expended or encumbered excess surplus moneys pursuant to subdivision (a), the agency shall be prohibited from encumbering any funds or expending any moneys derived from any source, except that the agency may encumber funds and expend moneys to pay the following obligations, if any, that were incurred by the agency prior to three years from the date the moneys became excess surplus:

(A) Bonds, notes, interim certificates, debentures, or other obligations issued by an agency, whether funded, refunded, assumed, or otherwise, pursuant to Article 5 (commencing with Section 33640).

(B) Loans or moneys advanced to the agency, including, but not

limited to, loans from federal, state, or local agencies, or a private entity.

(C) Contractual obligations which, if breached, could subject the agency to damages or other liabilities or remedies.

(D) Obligations incurred pursuant to Section 33445.

(E) Indebtedness incurred pursuant to Section 33334.2 or 33334.6.

(F) Obligations incurred pursuant to Section 33401.

(G) An amount, to be expended for the operation and administration of the agency, that may not exceed 75 percent of the amount spent for those purposes in the preceding fiscal year.

(f) Nothing in this section shall be construed to limit any authority a redevelopment agency may have under other provisions of this part to contract with a housing authority for increasing or improving the community's supply of low- and moderate-income housing.

(g) For purposes of this section:

(1) "Excess surplus" means any unexpended and unencumbered amount in an agency's Low and Moderate Income Housing Fund that exceeds the greater of one million dollars ($1,000,000) or the aggregate amount deposited into the Low and Moderate Income Housing Fund pursuant to Sections 33334.2 and 33334.6 during the agency's preceding four fiscal years. The first fiscal year to be included in this computation is the 1989–90 fiscal year, and the first date on which an excess surplus may exist is July 1, 1994.

(2) Moneys shall be deemed encumbered if committed pursuant to a legally enforceable contract or agreement for expenditure for purposes specified in Section 33334.2 or 33334.3.

(3) (A) For purposes of determining whether an excess surplus exists, it is the intent of the Legislature to give credit to agencies which convey land for less than fair market value, on which low- and moderate-income housing is built or is to be built if at least 49 percent of the units developed on the land are available at affordable housing cost to lower income households for at least the time specified in subdivision (e) of Section 33334.3, and otherwise comply with all of the provisions of this division applicable to expenditures of moneys from a low- and moderate-income housing fund established pursuant to Section 33334.3. Therefore, for the sole purpose of determining the amount, if any, of an excess surplus, an agency may make the following calculation: if an agency sells, leases, or grants land acquired with moneys from the Low and Moderate Income Housing Fund, established pursuant to Section 33334.3, for an amount which is below fair market value, and if at least 49 percent of the units constructed or rehabilitated on the land are affordable to lower income households, as defined in Section 50079.5, the difference between the fair market value of the land and the amount the agency receives may be subtracted from the amount of moneys in an agency's Low and Moderate Income Housing Fund.

(B) If taxes that otherwise would have been required to be deposited in the Low and Moderate Income Housing Fund are used as security for bonds or other indebtedness, the proceeds of the

bonds or other indebtedness shall not be counted in determining whether an excess surplus exists. Instead, the calculation made pursuant to paragraph (1) shall be made as if the bonds or other indebtedness had not been sold or incurred, and the agency had deposited the taxes in the Low and Moderate Income Housing Fund in accordance with Section 33334.3.

(C) Nothing in this subdivision shall be construed to restrict the authority of an agency provided in any other provision of this part to expend funds from the Low and Moderate Income Housing Fund.

(h) Communities in which an agency has disbursed excess surplus funds pursuant to this section shall not disapprove a low- or moderate-income housing project funded in whole or in part by the excess surplus funds if the project is consistent with applicable building codes and the land use designation specified in any element of the general plan as it existed on the date the application was deemed complete. A local agency may require compliance with local development standards and policies appropriate to and consistent with meeting the quantified objectives relative to the development of housing, as required in housing elements of the community pursuant to subdivision (b) of Section 65583 of the Government Code.

(i) Notwithstanding subdivision (a), any agency that has funds that become excess surplus on July 1, 1994, shall have, pursuant to subdivision (a), until January 1, 1995, to decide to transfer the funds to a housing authority or other public agency, or until January 1, 1997, to expend or encumber those funds, or face sanctions pursuant to subdivision (e).

SEC. 11.3. Section 33338.1 of the Health and Safety Code is repealed.

SEC. 11.5. Section 33344.5 of the Health and Safety Code is amended to read:

33344.5. After receiving the report prepared pursuant to Section 33328, or after the time period for preparation of that report has passed, a redevelopment agency, which includes a provision for the division of taxes pursuant to Section 33670 in the redevelopment plan, shall prepare and send to each affected taxing entity, as defined in Section 33353.2, a preliminary report which shall contain all of the following:

(a) The reasons for the selection of the project area.

(b) A description of the physical and economic conditions existing in the project area.

(c) A description of the project area which is sufficiently detailed for a determination as to whether the project area is predominantly urbanized. The description shall include at least the following information, which shall be based upon the terms described and defined in Section 33320.1:

(1) The total number of acres within the project area.

(2) The total number of acres that is characterized by the conditions described in subdivision (a), (b), or (e) of Section 33032.

(3) The total number of acres that is an integral part of an area developed for urban uses.

(4) The percent of property within the project area that is predominantly urbanized.

(5) A map of the project area that identifies the property described in paragraphs (2) and (3) and the property not developed for an urban use.

(d) A preliminary assessment of the proposed method of financing the redevelopment of the project area, including an assessment of the economic feasibility of the project and the reasons for including a provision for the division of taxes pursuant to Section 33670 in the redevelopment plan.

(e) A description of the specific project or projects then proposed by the agency.

(f) A description of how the project or projects to be pursued by the agency in the project area will improve or alleviate the conditions described in subdivision (b).

SEC. 11.7. Section 33348.5 of the Health and Safety Code is repealed.

SEC. 12. Section 33352 of the Health and Safety Code is amended to read:

33352. Every redevelopment plan submitted by the agency to the legislative body shall be accompanied by a report containing all of the following:

(a) The reasons for the selection of the project area, a description of the specific projects then proposed by the agency, a description of how these projects will improve or alleviate the conditions described in subdivision (b).

(b) A description of the physical and economic conditions specified in Section 33031 that exist in the area that cause the project area to be blighted. The description shall include a list of the conditions described in Section 33031 that exist within the project area and a map showing where in the project the conditions exist.

(c) An implementation plan that describes specific goals and objectives of the agency, specific projects then proposed by the agency, including a program of actions and expenditures proposed to be made within the first five years of the plan, and a description of how these projects will improve or alleviate the conditions described in Section 33031.

(d) An explanation of why the elimination of blight and the redevelopment of the project area cannot reasonably be expected to be accomplished by private enterprise acting alone or by the legislative body's use of financing alternatives other than tax increment financing.

(e) The proposed method of financing the redevelopment of the project area in sufficient detail so that the legislative body may determine the economic feasibility of the plan.

(f) A method or plan for the relocation of families and persons to be temporarily or permanently displaced from housing facilities in

the project area, which method or plan shall include the provision required by Section 33411.1 that no persons or families of low and moderate income shall be displaced unless and until there is a suitable housing unit available and ready for occupancy by the displaced person or family at rents comparable to those at the time of their displacement.

(g) An analysis of the preliminary plan.

(h) The report and recommendations of the planning commission.

(i) The summary referred to in Section 33387.

(j) The report required by Section 65402 of the Government Code.

(k) The report required by Section 21151 of the Public Resources Code.

(*l*) The report of the county fiscal officer as required by Section 33328.

(m) If the project area contains low- or moderate-income housing, a neighborhood impact report which describes in detail the impact of the project upon the residents of the project area and the surrounding areas, in terms of relocation, traffic circulation, environmental quality, availability of community facilities and services, effect on school population and quality of education, property assessments and taxes, and other matters affecting the physical and social quality of the neighborhood. The neighborhood impact report shall also include all of the following:

(1) The number of dwelling units housing persons and families of low or moderate income expected to be destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project.

(2) The number of persons and families of low or moderate income expected to be displaced by the project.

(3) The general location of housing to be rehabilitated, developed, or constructed pursuant to Section 33413.

(4) The number of dwelling units housing persons and families of low or moderate income planned for construction or rehabilitation, other than replacement housing.

(5) The projected means of financing the proposed dwelling units for housing persons and families of low and moderate income planned for construction or rehabilitation.

(6) A projected timetable for meeting the plan's relocation, rehabilitation, and replacement housing objectives.

(n) (1) An analysis by the agency of the report submitted by the county as required by Section 33328, which shall include a summary of the consultation of the agency, or attempts to consult by the agency, with each of the affected taxing entities as required by Section 33328. If any of the affected taxing entities have expressed written objections or concerns with the proposed project area as part of these consultations, the agency shall include a response to these concerns, additional information, if any, and, at the discretion of the

agency, proposed or adopted mitigation measures.

(2) As used in this subdivision:

(A) "Mitigation measures" may include the amendment of the redevelopment plan with respect to the size or location of the project area, time duration, total amount of tax increment to be received by the agency, or the proposed use, size, density, or location of development to be assisted by the agency.

(B) "Mitigation measures" shall not include obligations to make payments to any affected taxing entity.

SEC. 13. Section 33353 of the Health and Safety Code is repealed.

SEC. 14. Section 33353.1 of the Health and Safety Code is repealed.

SEC. 14.5. Section 33353.2 of the Health and Safety Code is amended to read:

33353.2. "Affected taxing entity" means any governmental taxing agency, other than the community that proposes to adopt or has adopted the redevelopment project, which levied a property tax on all or any portion of the property located in the proposed project area in the fiscal year prior to the fiscal year in which the report prepared pursuant to Section 33328 is issued.

SEC. 15. Section 33353.3 of the Health and Safety Code is repealed.

SEC. 16. Section 33353.4 of the Health and Safety Code is repealed.

SEC. 17. Section 33353.5 of the Health and Safety Code is repealed.

SEC. 18. Section 33353.6 of the Health and Safety Code is repealed.

SEC. 19. Section 33353.7 of the Health and Safety Code is repealed.

SEC. 20. Section 33354.4 of the Health and Safety Code is repealed.

SEC. 21. Section 33354.6 of the Health and Safety Code is amended to read:

33354.6. (a) When an agency proposes to amend a redevelopment plan which utilizes tax increment financing to add new territory to the project area, to increase either the limitation on the number of dollars to be allocated to the redevelopment agency or the time limit on the establishing of loans, advances, and indebtedness established pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33333.2 or pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33333.4, to lengthen the period during which the redevelopment plan is effective, to merge project areas, or to add significant additional capital improvement projects, as determined by the agency, the agency shall follow the same procedure, and the legislative body is subject to the same restrictions as provided for in this article for the adoption of a plan.

(b) When an agency proposes to increase the limitation on the number of dollars to be allocated to the redevelopment agency, it

shall describe and identify, in the report required by Section 33352, the remaining blight within the project area, identify the portion, if any, that is no longer blighted, the projects that are required to be completed to eradicate the remaining blight and the relationship between the costs of those projects and the amount of increase in the limitation on the number of dollars to be allocated to the agency. The ordinance adopting the amendment shall contain findings that both (1) significant blight remains with the project area and (2) the blight cannot be eliminated without the establishment of additional debt and the increase in the limitation on the number of dollars to be allocated to the redevelopment agency.

SEC. 22. Section 33367 of the Health and Safety Code is amended to read:

33367. The ordinance shall contain all of the following:

(a) The purposes and intent of the legislative body with respect to the project area.

(b) The plan incorporated by reference.

(c) A designation of the approved plan as the official redevelopment plan of the project area.

(d) The findings and determinations of the legislative body that:

(1) The project area is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part.

(2) The redevelopment plan would redevelop the area in conformity with this part and in the interests of the public peace, health, safety, and welfare.

(3) The adoption and carrying out of the redevelopment plan is economically sound and feasible.

(4) The redevelopment plan conforms to the general plan of the community, including, but not limited to, the community's housing element, which substantially complies with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(5) The carrying out of the redevelopment plan would promote the public peace, health, safety, and welfare of the community and would effectuate the purposes and policy of this part.

(6) The condemnation of real property, if provided for in the redevelopment plan, is necessary to the execution of the redevelopment plan and adequate provisions have been made for payment for property to be acquired as provided by law.

(7) The agency has a feasible method or plan for the relocation of families and persons displaced from the project area, if the redevelopment plan may result in the temporary or permanent displacement of any occupants of housing facilities in the project area.

(8) (A) There are, or shall be provided, in the project area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and persons displaced from the

project area, decent, safe, and sanitary dwellings equal in number to the number of and available to the displaced families and persons and reasonably accessible to their places of employment.

(B) Families and persons shall not be displaced prior to the adoption of a relocation plan pursuant to Sections 33411 and 33411.1. Dwelling units housing persons and families of low or moderate income shall not be removed or destroyed prior to the adoption of a replacement housing plan pursuant to Sections 33334.5, 33413, and 33413.5.

(9) All noncontiguous areas of a project area are either blighted or necessary for effective redevelopment and are not included for the purpose of obtaining the allocation of taxes from the area pursuant to Section 33670 without other substantial justification for their inclusion.

(10) Inclusion of any lands, buildings, or improvements which are not detrimental to the public health, safety, or welfare is necessary for the effective redevelopment of the area of which they are a part; that any area included is necessary for effective redevelopment and is not included for the purpose of obtaining the allocation of tax increment revenues from the area pursuant to Section 33670 without other substantial justification for its inclusion.

(11) The elimination of blight and the redevelopment of the project area could not be reasonably expected to be accomplished by private enterprise acting alone without the aid and assistance of the agency.

(12) The project area is predominantly urbanized, as defined by subdivision (b) of Section 33320.1.

(13) The time limitation and, if applicable, the limitation on the number of dollars to be allocated to the agency that are contained in the plan are reasonably related to the proposed projects to be implemented in the project area and to the ability of the agency to eliminate blight within the project area.

(e) A statement that the legislative body is satisfied that permanent housing facilities will be available within three years from the time occupants of the project area are displaced and that, pending the development of the facilities, there will be available to the displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement.

SEC. 23. Section 33401 of the Health and Safety Code is amended to read:

33401. The agency may in any year during which it owns property in a redevelopment project that is tax exempt pay directly to any city, county, city and county, district, including, but not limited to, a school district, or other public corporation for whose benefit a tax would have been levied upon the property had it not been exempt, an amount of money in lieu of taxes that may not exceed the amount of money the public entity would have received if the property had not been tax exempt.

SEC. 24. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project which is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) At least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(ii) To satisfy the provisions of this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing costs, to persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have had to be available inside a project area.

(iii) As used in this paragraph and in paragraph (1), "substantially rehabilitated dwelling units" means substantially rehabilitated multifamily rented dwelling units with three or more units or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), "substantial rehabilitation" means rehabilitation, the value of which constitutes

25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy the provisions of this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, provided that the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing costs for not less than 30 years. At least 50 percent of the units shall be made available to very low income households pursuant to paragraph (1) and subparagraph (A) through the purchase or acquisition of long-term affordability covenants pursuant to this paragraph.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) (A) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with the housing element cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years.

(B) The plan adopted pursuant to this paragraph shall include estimates of the number of new or rehabilitated residential units to be developed within one or more project areas pursuant to paragraph (2) and the number of units for very low income households and low- and moderate-income households which will be developed in order to meet the requirements of paragraph (2). The

plan shall also include estimates of the number of agency developed residential units which will be developed during the next five years if any, and the number of units for very low income households and, low- and moderate-income households which will be developed during the same period of time to meet the requirements of paragraph (1). If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low income, moderate income, and very low income households, respectively, for the longest feasible time, as determined by the agency, but for not less than the period of the land use controls established in the redevelopment plan, except for the following:

(1) A longer period of time may be required by other provisions of law:

(2) (A) The agency may permit sales of owner-occupied units prior to the expiration of the period of the land use controls established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units under this subparagraph, expend funds to make affordable an equal number of units at the same income level as units sold under this subparagraph.

(B) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision. The requirements of this subdivision shall be made enforceable in the same manner as provided in subdivision (f) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996,

irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equal or exceed the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 24.5. Section 33413 is added to the Health and Safety Code, to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project which is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons

and families of low and moderate income, as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a) and in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) (A) Each redevelopment agency shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with the housing element cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years.

(B) The plan shall include estimates of the number of new or rehabilitated residential units to be developed within the project area and the number of units for very low income households and low- and moderate-income households which will be developed in order to meet the requirements of paragraph (2). The plan shall also include estimates of the number of agency developed residential units which will be developed during the next five years if any, and the number of units for very low income households and, low- and moderate-income households which will be developed during the same period of time to meet the requirements of paragraph (1). If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low

income, moderate income, and very low income households, respectively, for the longest feasible time, as determined by the agency, but for not less than the period of the land use controls established in the redevelopment plan, except to the extent a longer period of time may be required by other provisions of law. If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in the previous sentence. These requirements shall be made enforceable in the same manner as provided in subdivision (e) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equal or exceed the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) This section shall become operative on January 1, 1997.

SEC. 25. Section 33426.5 is added to the Health and Safety Code, to read:

33426.5. Notwithstanding the provisions of Sections 33391, 33430, 33433, and 33445, or any other provision of this part, an agency shall not provide any form of direct assistance to:

(a) An automobile dealership which will be or is on a parcel of land which has not previously been developed for urban use, unless, prior to the effective date of the act that adds this section, the agency either owns the land or has entered into an enforceable agreement, for the purchase of the land or of an interest in the land, including, but not limited to, a lease or an agreement containing covenants affecting real property, that requires the land to be developed and used as an automobile dealership.

(b) (1) A development that will be or is on a parcel of land of five acres or more which has not previously been developed for urban use and that will, when developed, generate sales or use tax pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code, unless the principal permitted use of the development is office, hotel, manufacturing, or industrial, or unless, prior to the effective date of the act that adds this section, the agency either owns the land or has entered into an enforceable agreement, for the purchase of the land or of an interest in the land, including, but not limited to, a lease or an agreement containing covenants affecting real property, that requires the land to be developed.

(2) For the purposes of this subdivision, a parcel shall include land on an adjacent or nearby parcel on which a use exists that is necessary for the legal development of the parcel.

(c) This section shall not be construed to apply to agency assistance in the construction of public improvements that serve all or a portion of a project area and that are not required to be constructed as a condition of approval of a development described in subdivision (a) or (b), or to prohibit assistance in the construction of public improvements that are being constructed for a development that is not described in subdivision (a) or (b).

SEC. 26. Section 33433 of the Health and Safety Code is amended to read:

33433. (a) (1) Except as provided in subdivision (c), before any property of the agency acquired in whole or in part, directly or indirectly, with tax increment moneys is sold or leased for development pursuant to the redevelopment plan, the sale or lease shall first be approved by the legislative body by resolution after public hearing. Notice of the time and place of the hearing shall be published in a newspaper of general circulation in the community at least once per week for at least two successive weeks, as specified in Section 6066 of the Government Code, prior to the hearing.

(2) The agency shall make available, for public inspection and copying at a cost not to exceed the cost of duplication, a report no later than the time of publication of the first notice of the hearing mandated by this section. This report shall contain both of the following:

(A) A copy of the proposed sale or lease.

(B) A summary which describes and specifies all of the following:

(i) The cost of the agreement to the agency, including land acquisition costs, clearance costs, relocation costs, the costs of any improvements to be provided by the agency, plus the expected interest on any loans or bonds to finance the agreements.

(ii) The estimated value of the interest to be conveyed or leased, determined at the highest and best uses permitted under the plan.

(iii) The estimated value of the interest to be conveyed or leased, determined at the use and with the conditions, covenants, and development costs required by the sale or lease. The purchase price or sum of the lease payments which the lessor will be required to make during the term of the lease. If the sale price or total rental amount is less than the fair market value of the interest to be conveyed or leased, determined at the highest and best use consistent with the redevelopment plan, then the agency shall provide as part of the summary an explanation of the reasons for the difference.

(iv) An explanation of why the sale or lease of the property will assist in the elimination of blight, with reference to all supporting facts and materials relied upon in making this explanation.

(v) The report shall be made available to the public no later than the time of publication of the first notice of the hearing mandated by this section.

(b) The resolution approving the lease or sale shall be adopted by a majority vote unless the legislative body has provided by ordinance for a two-thirds vote for that purpose and shall contain findings to the effect that the sale or lease of the property will assist in the elimination of blight and shall also contain one of the following findings:

(1) The consideration is not less than the fair market value at its highest and best use in accordance with the plan.

(2) The consideration is not less than the fair reuse value at the use and with the covenants and conditions and development costs authorized by the sale or lease.

(c) (1) At the election of the legislative body, subdivisions (a) and (b) shall not apply to the sale or lease of a small housing project, as defined by Section 33013. If the legislative body so elects, the agency shall, instead, hold a public hearing in conformity with the requirements of subdivision (a) and shall also report the sale or lease to the legislative body on or before 30 days after the end of the agency's fiscal year during which the sale or lease occurred. The report shall disclose the name of the buyer, the legal description or street address of the property, the date of the sale or lease, the consideration for which the property was sold or leased by the agency to the buyer or lessee, and the date on which the agency held its public hearing for the sale or lease pursuant to Section 33431.

(2) As used in this subdivision and Section 33413, "persons and families of low or moderate income" has the same meaning as

defined by Section 50093.

SEC. 27. Section 33444.5 is added to the Health and Safety Code, to read:

33444.5. An agency may establish a program under which it loans funds to owners or tenants for the purpose of rehabilitating commercial buildings or structures within the project area.

SEC. 28. Section 33444.6 is added to the Health and Safety Code, to read:

33444.6. (a) Within a project area and as part of an agreement that provides for the development or rehabilitation of property that will be used for industrial or manufacturing purposes, an agency may assist with the financing of facilities or capital equipment, including, but not necessarily limited to, pollution control devices.

(b) Prior to entering into an agreement for a development that will be assisted pursuant to this section, the agency shall find, after a public hearing, that the assistance is necessary for the economic feasibility of the development and that the assistance cannot be obtained on economically feasible terms in the private market.

SEC. 29. Section 33445 of the Health and Safety Code is amended to read:

33445. (a) Notwithstanding Section 33440, an agency may, with the consent of the legislative body, pay all or a part of the value of the land for and the cost of the installation and construction of any building, facility, structure, or other improvement which is publicly owned either within or without the project area, if the legislative body determines both of the following:

(1) That the buildings, facilities, structures, or other improvements are of benefit to the project area or the immediate neighborhood in which the project is located, regardless of whether the improvement is within another project area, or in the case of a project area in which substantially all of the land is publicly owned that the improvement is of benefit to an adjacent project area of the agency.

(2) That no other reasonable means of financing the buildings, facilities, structures, or other improvements, are available to the community.

(3) That the payment of funds for the acquisition of land or the cost of buildings, facilities, structures, or other improvements will assist in the elimination of one or more blighting conditions inside the project area.

(b) The determinations by the agency and the local legislative body pursuant to subdivision (a) shall be final and conclusive. For redevelopment plans, and amendments to those plans which add territory to a project, adopted after October 1, 1976, acquisition of property and installation or construction of each facility shall be provided for in the redevelopment plan. A redevelopment agency shall not pay for the normal maintenance or operations of buildings, facilities, structures, or other improvements which are publicly owned. Normal maintenance or operations do not include the

construction, expansion, addition to, or reconstruction of, buildings, facilities, structures, or other improvements which are publicly owned otherwise undertaken pursuant to this section.

(c) When the value of the land or the cost of the installation and construction of the building, facility, structure, or other improvement, or both, has been, or will be, paid or provided for initially by the community or other public corporation, the agency may enter into a contract with the community or other public corporation under which it agrees to reimburse the community or other public corporation for all or part of the value of the land or all or part of the cost of the building, facility, structure, or other improvement, or both, by periodic payments over a period of years.

(d) The obligation of the agency under the contract shall constitute an indebtedness of the agency for the purpose of carrying out the redevelopment project for the project area, which indebtedness may be made payable out of taxes levied in the project area and allocated to the agency under subdivision (b) of Section 33670, or out of any other available funds.

(e) In a case where the land has been or will be acquired by, or the cost of the installation and construction of the building, facility, structure or other improvement has been paid by, a parking authority, joint powers entity, or other public corporation to provide a building, facility, structure, or other improvement which has been or will be leased to the community, the contract may be made with, and the reimbursement may be made payable to, the community.

(f) With respect to the financing, acquisition, or construction of a transportation, collection, and distribution system and related peripheral parking facilities, in a county with a population of 4,000,000 persons or more, the agency shall, in order to exercise the powers granted by this section, enter into an agreement with the rapid transit district which includes the county, or a portion thereof, in which agreement the rapid transit district shall be given all of the following responsibilities:

(1) To participate with the other parties to the agreement to design, determine the location and extent of the necessary rights-of-way for, and construct, the transportation, collection, and distribution systems and related peripheral parking structures and facilities.

(2) To operate and maintain the transportation, collection, and distribution systems and related peripheral parking structures and facilities in accordance with the rapid transit district's outstanding agreements and the agreement required by this paragraph.

(g) (1) Notwithstanding any other authority granted in this section, an agency shall not pay for, either directly or indirectly, with tax increment funds the construction or rehabilitation of a building that is, or that will be used as, a city hall or county administration building.

(2) This subdivision shall not preclude an agency from making payments to construct, rehabilitate, or replace a city hall if an agency

does any of the following:

(A) Allocates tax increment funds for this purpose during the 1988–89 fiscal year and each fiscal year thereafter in order to comply with federal and state seismic safety and accessibility standards.

(B) Uses tax increment funds for the purpose of rehabilitating or replacing a city hall that was seriously damaged during an earthquake that was declared by the President of the United States to be a natural disaster.

(C) Uses the proceeds of bonds, notes, certificates of participation, or other indebtedness that was issued prior to January 1, 1994, for the purpose of constructing or rehabilitating a city hall, as evidenced by documents approved at the time of the issuance of the indebtedness.

SEC. 29.5. Section 33486 of the Health and Safety Code is amended to read:

33486. (a) For the purpose of allocating taxes pursuant to Section 33670 and subject to the provisions of this article, redevelopment project areas under the jurisdiction of a redevelopment agency for which redevelopment plans have been adopted pursuant to Article 5 (commencing with Section 33360), may be merged, without regard to contiguity of the areas, by the amendment of each affected redevelopment plan as provided in Article 12 (commencing with Section 33450). Except as provided in subdivision (b) of this section, taxes attributable to each project area merged pursuant to this section which are allocated to the redevelopment agency pursuant to Section 33670 may be allocated, as provided in subdivision (b) to the entire merged project area for the purpose of paying the principal of, and interest on, indebtedness incurred by the redevelopment agency to finance or refinance, in whole or in part, the merged redevelopment project.

(b) If the redevelopment agency has, prior to merger of redevelopment project areas pursuant to subdivision (a), incurred any indebtedness on account of a constituent project area so merged, taxes attributable to that area which are allocated to the agency pursuant to Section 33670 shall be first used to comply with the terms of any bond resolution or other agreement pledging the taxes from the constituent project area.

(c) After merger of redevelopment projects pursuant to subdivision (a), the clerk of the legislative body shall transmit a copy of the ordinance amending the plans for projects to be merged to the governing body of each of the taxing agencies which levies taxes upon any property in the project.

SEC. 30. Article 16.5 (commencing with Section 33490) is added to Chapter 4 of Part 1 of Division 24 of the Health and Safety Code, to read:

Article 16.5. Adoption of Implementation Plans

33490. (a) (1) On or before December 31, 1994, and each five years thereafter, each agency that has adopted a redevelopment plan prior to December 31, 1993, shall adopt, after a public hearing, an implementation plan that shall contain the specific goals and objectives of the agency for the project area, the specific projects and expenditures proposed to be made during the next five years, and an explanation of how the goals and objectives, projects, and expenditures will eliminate blight within the project area and implement the requirements of Sections 33334.2, 33334.4, 33334.6, and 33413.

(2) The parts of the implementation plan that address Sections 33334.2, 33334.4, 33334.6, and 33413 shall contain, for each of the five years, an annual housing program with sufficient detail to measure performance pursuant to the implementation plan. The implementation plan shall include the number of housing units developed, rehabilitated, price-restricted, otherwise assisted, or destroyed. The implementation plan shall describe the agency's plans for using annual deposits in the Low and Moderate Income Housing Fund, including making the funds available annually, transfer of the funds to a housing authority or other public entity, or the accrual of funds for specific projects.

(3) If the implementation plan contains a project that will result in the destruction or removal of dwelling units that will have to be replaced pursuant to subdivision (a) of Section 33413, the implementation plan shall identify proposed locations suitable for those replacement dwelling units.

(b) For a project area for which a redevelopment plan is adopted on or after January 1, 1994, the implementation plan prepared pursuant to subdivision (c) of Section 33352 shall constitute the initial implementation plan and thereafter the agency after a public hearing shall adopt an implementation plan every five years commencing with the fifth year after the plan has been adopted. Agencies may adopt implementation plans that include more than one project area.

(c) Every agency, at least once within the five-year term of the plan, shall conduct a public hearing and hear testimony of all interested parties for the purpose of reviewing the redevelopment plan and the corresponding implementation plan for each redevelopment project within the jurisdiction and evaluating the progress of the redevelopment project. The hearing required by this subdivision shall take place no earlier than two years and no later than three years after the adoption of the implementation plan. An agency may hold one hearing for two or more project areas if those project areas are included within the same implementation plan.

(d) Notice of public hearings conducted pursuant to this section shall be published pursuant to Section 6063 of the Government Code and posted in at least four permanent places within the project area

for a period of three weeks. Publication and posting shall be completed not less than 10 days prior to the date set for hearing.

SEC. 31. Section 33607.5 is added to the Health and Safety Code, to read:

33607.5. (a) (1) This section shall apply to each redevelopment project area that, pursuant to a redevelopment plan which contains the provisions required by Section 33670 is either: (A) adopted on or after January 1, 1994, including later amendments to these redevelopment plans; or (B) adopted prior to January 1, 1994, but amended, after January 1, 1994, to include new territory. For plans amended after January 1, 1994, only the tax increments from territory added by the amendment shall be subject to this section. All the amounts calculated pursuant to this section shall be calculated after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 has been deducted from the total amount of tax increment funds received by the agency in the applicable fiscal year.

(2) The payments made pursuant to this section shall be in addition to any amounts the affected taxing entities receive pursuant to subdivision (a) of Section 33670. The payments made pursuant to this section to the affected taxing entities shall be allocated among the affected taxing entities in proportion to the percentage share of property taxes each affected taxing entity receives during the fiscal year the funds are allocated. The agency shall reduce its payments pursuant to this section to an affected taxing entity by any amount the agency has paid, directly or indirectly, pursuant to Section 33445, 33445.5, 33446, or any other provision of law other than this section for, or in connection with, a public facility owned or leased by that affected taxing agency, except: (A) any amounts the agency has paid directly or indirectly pursuant to an agreement with a taxing entity adopted prior to January 1, 1994; or (B) any amounts that are unrelated to the specific project area or amendment governed by this section.

(3) (A) Of the total amount paid each year pursuant to this section to school districts, 43.9 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 56.1 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used for educational facilities.

(B) Of the total amount paid each year pursuant to this section to community college districts, 47.5 percent shall be considered to be property taxes for the purposes of Section 84750 of the Education Code, and 52.5 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used for educational facilities.

(C) Of the total amount paid each year pursuant to this section to county offices of education, 19.0 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 81.0 percent shall not be

considered to be property taxes for the purposes of that section and shall be available to be used for educational facilities.

(D) Of the total amount paid each year pursuant to this section for special education, 19.0 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 81.0 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used as education facilities.

(4) Local education agencies that use funds received pursuant to this section for educational facilities shall spend these funds at schools that are: (A) within the project area, (B) attended by students from the project area, (C) attended by students generated by projects that are assisted directly by the redevelopment agency, or (D) determined by a local education agency to be of benefit to the project area.

(b) Commencing with the first fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities an amount equal to 25 percent of the tax increments received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted.

(c) Commencing with the 11th fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities, in addition to the amounts paid pursuant to subdivision (b) and after deducting the amount allocated to the Low and Moderate Income Housing Fund, an amount equal to 21 percent of the portion of tax increments received by the agency, which shall be calculated by applying the tax rate against the amount of assessed value by which the current year assessed value exceeds the first adjusted base year assessed value. The first adjusted base year assessed value is the assessed value of the project area in the 10th fiscal year in which the agency receives tax increment.

(d) Commencing with the 31st fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities, in addition to the amounts paid pursuant to subdivisions (b) and (c) and after deducting the amount allocated to the Low and Moderate Income Housing Fund, an amount equal to 14 percent of the portion of tax increments received by the agency, which shall be calculated by applying the tax rate against the amount of assessed value by which the current year assessed value exceeds the second adjusted base year assessed value. The second adjusted base year assessed value is the assessed value of the project area in the 30th fiscal year in which the agency receives tax increments.

(e) (1) Prior to incurring any loans, bonds, or other indebtedness,

except loans or advances from the community, the agency may subordinate to the loans, bonds or other indebtedness the amount required to be paid to an affected taxing entity by this section, provided that the affected taxing entity has approved these subordinations pursuant to this subdivision.

(2) At the time the agency requests an affected taxing entity to subordinate the amount to be paid to it, the agency shall provide the affected taxing entity with substantial evidence that sufficient funds will be available to pay both the debt service and the payments required by this section, when due.

(3) Within 45 days after receipt of the agency's request, the affected taxing entity shall approve or disapprove the request for subordination. An affected taxing entity may disapprove a request for subordination only if it finds, based upon substantial evidence, that the agency will not be able to pay the debt payments and the amount required to be paid to the affected taxing entity. If the affected taxing entity does not act within 45 days after receipt of the agency's request, the request to subordinate shall be deemed approved and shall be final and conclusive.

(f) In any fiscal year, the community that has adopted the redevelopment project area may elect to receive, and the agency shall pay to it, an amount equal to the amount the community would have received pursuant to subdivision (b) if it were an affected entity.

(g) (1) The Legislature finds and declares both of the following:

(A) The payments made pursuant to this section are necessary in order to alleviate the financial burden and detriment that affected taxing entities may incur as a result of the adoption of a redevelopment plan, and payments made pursuant to this section will benefit redevelopment project areas.

(B) The payments made pursuant to this section are the exclusive payments that are required to be made by a redevelopment agency to affected taxing entities during the term of a redevelopment plan.

(2) Notwithstanding any other provision of law, a redevelopment agency shall not be required, either directly or indirectly, as a measure to mitigate a significant environmental effect or as part of any settlement agreement or judgment brought in any action to contest the validity of a redevelopment plan pursuant to Section 33501, to make any other payments to affected taxing entities, or to pay for public facilities that will be owned or leased to an affected taxing entity.

(h) As used in this section, a "local education agency" includes a school district, a community college district, or a county office of education.

SEC. 31.5. Section 33607.7 is added to the Health and Safety Code, to read:

33607.7. (a) This section shall apply to a redevelopment plan amendment for any redevelopment plans adopted prior to January 1, 1994, that increases the limitation on the number of dollars to be

allocated to the redevelopment agency or the time limit on the establishing of loans, advances, and indebtedness established pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33333.2, or that lengthens the period during which the redevelopment plan is effective if the redevelopment plan being amended contains the provisions required by subdivision (b) of Section 33670. However, this section shall not apply to those redevelopment plans that add new territory.

(b) If a redevelopment agency adopts an amendment that is governed by the provisions of this section, it shall pay to each affected taxing entity either of the following:

(1) If an agreement exists that requires payments to the taxing entity, the amount required to be paid by an agreement between the agency and an affected taxing entity entered into prior to January 1, 1994.

(2) If an agreement does not exist, the amounts required pursuant to subdivisions (b), (c), (d), and (e) of Section 33607.5, until termination of the redevelopment plan, calculated against the amount of assessed value by which the current year assessed value exceeds an adjusted base year assessed value. The amounts shall be allocated between property taxes and educational facilities according to the appropriate formula in paragraph (3) of subdivision (a) of Section 33607.5. In determining the applicable amount under Section 33607.5, the first fiscal year shall be the first fiscal year following the fiscal year in which the adjusted base year value is determined.

(c) The adjusted base year assessed value shall be the assessed valued of the project area in the year in which the limitation being amended would have taken effect without the amendment or, if more than one limitation is being amended, the first year in which one of more of the limitations would have taken effect without the amendment. The agency shall commence making these payments pursuant to the terms of the agreement, if applicable, or, if an agreement does not exist, in the first fiscal year following the fiscal year in which the adjusted base year value is determined.

SEC. 32. Section 33641 of the Health and Safety Code is amended to read:

33641. An agency may issue any types of bonds which it may determine, including bonds on which the principal and interest are payable:

(a) Exclusively from the income and revenues of the redevelopment projects financed with the proceeds of the bonds, or with the proceeds together with financial assistance from the state or federal government in aid of the projects.

(b) Exclusively from the income and revenues of certain designated redevelopment projects whether or not they were financed in whole or in part with the proceeds of the bonds.

(c) In whole or in part from taxes allocated to, and paid into a special fund of, the agency pursuant to the provisions of Article 6

(commencing with Section 33670).

(d) In whole or in part from taxes imposed pursuant to Section 7280.5 of the Revenue and Taxation Code which are pledged therefor.

(e) From its revenues generally.

(f) From any contributions or other financial assistance from the state or federal government.

(g) By any combination of these methods.

SEC. 33. Section 33675 of the Health and Safety Code is amended to read:

33675. (a) The portion of taxes required to be allocated pursuant to subdivision (b) of Section 33670 shall be allocated and paid to the agency by the county auditor or officer responsible for the payment of taxes into the funds of the respective taxing agencies pursuant to the procedure contained in this section.

(b) Not later than October 1 of each year, for each redevelopment project for which the redevelopment plan provides for the division of taxes pursuant to Section 33670, the agency shall file, with the county auditor or officer described in subdivision (a), a statement of indebtedness and a reconciliation statement certified by the chief financial officer of the agency.

(c) (1) For each redevelopment project for which a statement of indebtedness is required to be filed, the statement of indebtedness shall contain all of the following:

(A) For each loan, advance, or indebtedness incurred or entered into, all of the following information:

(i) The date the loan, advance, or indebtedness was incurred or entered into.

(ii) The principal amount, term, purpose, interest rate, and total interest of each loan, advance, or indebtedness.

(iii) The principal amount and interest due in the fiscal year in which the statement of indebtedness is filed for each loan, advance, or indebtedness.

(iv) The total amount of principal and interest remaining to be paid for each loan, advance, or indebtedness.

(B) The sum of the amounts determined under clause (iii) of subparagraph (A).

(C) The sum of the amounts determined under clause (iv) of subparagraph (A).

(D) The available revenues as of the end of the previous year, as determined pursuant to paragraph (10) of subdivision (d).

(2) The agency may estimate the amount of principal or interest, the interest rate, or term of any loan, advance, or indebtedness if the nature of the loan, advance, or indebtedness is such that the amount of principal or interest, the interest rate or term cannot be precisely determined. The agency may list on a statement of indebtedness any loan, advance, or indebtedness incurred or entered into on or before the date the statement is filed.

(d) For each redevelopment project for which a reconciliation

statement is required to be filed, the reconciliation statement shall contain all of the following:

(1) A list of all loans, advances, and indebtedness listed on the previous year's statement of indebtedness.

(2) A list of all loans, advances, and indebtedness, not listed on the previous year's statement of indebtedness, but incurred or entered into in the previous year and paid in whole or in part from revenue received by the agency pursuant to Section 33670. This listing may aggregate loans, advances, and indebtedness incurred or entered into in the previous year for a particular purpose (such as relocation expenses, administrative expenses, consultant expenses, or property management expenses) into a single item in the listing.

(3) For each loan, advance, or indebtedness described in paragraph (1) or (2), all of the following information:

(A) The total amount of principal and interest remaining to be paid as of the later of the beginning of the previous year or the date the loan, advance, or indebtedness was incurred or entered into.

(B) Any increases or additions to the loan, advance, or indebtedness occurring during the previous year.

(C) The amount paid on the loan, advance, or indebtedness in the previous year from revenue received by the agency pursuant to Section 33670.

(D) The amount paid on the loan, advance, or indebtedness in the previous year from revenue other than revenue received by the agency pursuant to Section 33670.

(E) The total amount of principal and interest remaining to be paid as of the end of the previous fiscal year.

(4) The available revenues of the agency as of the beginning of the previous fiscal year.

(5) The amount of revenue received by the agency in the previous fiscal year pursuant to Section 33670.

(6) The amount of available revenue received by the agency in the previous fiscal year other than pursuant to Section 33670.

(7) The sum of the amounts specified in subparagraph (D) of paragraph (3), to the extent that the amounts are not included as available revenues pursuant to paragraph (6).

(8) The sum of the amounts specified in paragraphs (4), (5), (6), and (7).

(9) The sum of the amounts specified in subparagraphs (C) and (D) of paragraph (3).

(10) The amount determined by subtracting the amount determined under paragraph (9) from the amount determined under paragraph (8). The amount determined pursuant to this paragraph shall be the available revenues as of the end of the previous fiscal year.

(e) For the purposes of this section, available revenues shall include all cash or cash equivalents held by the agency that were received by the agency pursuant to Section 33670 and all cash or cash equivalents held by the agency that are irrevocably pledged or

restricted to payment of a loan, advance, or indebtedness that the agency has listed on a statement of indebtedness. In no event shall available revenues include funds in the agency's Low and Moderate Income Housing Fund established pursuant to Section 33334.3. For the purposes of determining available revenues as of the end of the 1992–93 fiscal year, an agency shall conduct an examination or audit of its books and records for the 1990–91, 1991–92, and 1992–93 fiscal years to determine the available revenues as of the end of the 1992–93 fiscal year.

(f) For the purposes of this section, the amount an agency will deposit in its Low and Moderate Income Housing Fund established pursuant to Section 33334.3 shall constitute an indebtedness of the agency. For the purposes of this section, no loan, advance, or indebtedness that an agency intends to pay from its Low and Moderate Income Housing Fund established pursuant to Section 33334.3 shall be listed on a statement of indebtedness or reconciliation statement as a loan, advance, or indebtedness of the agency. For the purposes of this section, any statutorily authorized deficit in or borrowing from an agency's Low and Moderate Income Housing Fund established pursuant to Section 33334.3 shall constitute an indebtedness of the agency.

(g) The county auditor or officer shall, at the same time or times as the payment of taxes into the funds of the respective taxing agencies of the county, allocate and pay the portion of taxes provided by subdivision (b) of Section 33670 to each agency. The amount allocated and paid shall not exceed the amount determined pursuant to subparagraph (C) of paragraph (1) of subdivision (c) minus the amount determined pursuant to subparagraph (D) of paragraph (1) of subdivision (c).

(h) (1) The statement of indebtedness constitutes prima facie evidence of the loans, advances, or indebtedness of the agency.

(2) (A) If the county auditor or other officer disputes the amount of loans, advances, or indebtedness as shown on the statement of indebtedness, the county auditor or other officer shall, within 30 days after receipt of the statement, give written notice to the agency thereof.

(B) The agency shall, within 30 days after receipt of notice pursuant to subparagraph (A), submit any further information it deems appropriate to substantiate the amount of any loans, advances, or indebtedness which has been disputed. If the county auditor or other officer still disputes the amount of loans, advances, or indebtedness, final written notice of that dispute shall be given to the agency, and the amount disputed may be withheld from allocation and payment to the agency as otherwise required by subdivision (g). In that event, the auditor or other officer shall bring an action in the superior court in declaratory relief to determine the matter not later than 90 days after the date of the final notice.

(3) In any court action brought pursuant to this section, the issue shall involve only the amount of loans, advances, or indebtedness,

and not the validity of any contract or debt instrument or any expenditures pursuant thereto. Payments to a trustee under a bond resolution or indenture of any kind or payments to a public agency in connection with payments by that public agency pursuant to a lease or bond issue shall not be disputed in any action under this section. The matter shall be set for trial at the earliest possible date and shall take precedence over all other cases except older matters of the same character. Unless an action is brought within the time provided for herein, the auditor or other officer shall allocate and pay the amount shown on the statement of indebtedness as provided in subdivision (g).

(i) Nothing in this section shall be construed to permit a challenge to or attack on matters precluded from challenge or attack by reason of Sections 33500 and 33501. However, nothing in this section shall be construed to deny a remedy against the agency otherwise provided by law.

(j) The Controller shall prescribe a uniform form of statement of indebtedness and reconciliation statement. These forms shall be consistent with this section. In preparing these forms, the Controller shall obtain the input of county auditors, redevelopment agencies, and organizations of county auditors and redevelopment agencies.

(k) For the purposes of this section, a fiscal year shall be a year that begins on July 1 and ends the following June 30.

SEC. 34. Section 33676 of the Health and Safety Code is amended to read:

33676. (a) Prior to the adoption by the legislative body of a redevelopment plan providing for tax-increment financing pursuant to Section 33670, any affected taxing agency may elect to be allocated, and every school district and community college district shall be allocated, in addition to the portion of taxes allocated to the affected taxing agency pursuant to subdivision (a) of Section 33670, all or any portion of the tax revenues allocated to the agency pursuant to subdivision (b) of Section 33670 attributable to one or more of the following:

(1) Increases in the rate of tax imposed for the benefit of the taxing agency which levy occurs after the tax year in which the ordinance adopting the redevelopment plan becomes effective.

(2) If an agency pursuant to Section 33354.5 amends a redevelopment plan which does not utilize tax increment financing to add tax increment financing, and pursuant to subdivision (a) of Section 33670 uses the assessment roll last equalized prior to the effective date of the ordinance originally adopting the redevelopment plan, an affected taxing agency may elect to be allocated all or any portion of the tax revenues allocated to the agency pursuant to subdivision (b) of Section 33670 which the affected taxing agency would receive if the agency were to use the assessment roll last equalized prior to the effective date of the ordinance amending the redevelopment plan to add tax increment financing.

(b) (1) Any local education agency that is a basic aid district or office at the time the ordinance adopting a redevelopment plan is adopted and that receives no state funding, other than that provided pursuant to Section 6 of Article IX of the California Constitution, pursuant to Section 2558, 42238, or 84750, as appropriate, of the Education Code, shall receive annually its percentage share of the property taxes from the project area allocated among all of the affected taxing entities during the fiscal year the funds are allocated, increased by an amount equal to the lesser of the following:

(A) The percentage growth in assessed value that occurs throughout the district, excluding the portion of the district within the redevelopment project area.

(B) Eighty percent of the growth in assessed value that occurs within the portion of the district within the redevelopment project area.

(2) Subparagraphs (A) and (B) of paragraph (1) shall not apply to a redevelopment plan adopted by the legislative body of a community if both of the following occur:

(A) The median household income in the community in which the redevelopment project area is located is less than 80 percent of the median household income in the county in which the redevelopment project area is located.

(B) The preliminary plan for the redevelopment plan was adopted on or before September 1, 1993, and the redevelopment plan was adopted on or before August 1, 1994.

(3) Any local education agency that is a basic aid district or office at the time the ordinance amending a redevelopment plan is adopted pursuant to Section 33607.7 and that receives no state funding, other than that provided pursuant to Section 6 of Article IX of the California Constitution, pursuant to Section 2558, 42238, or 84750, as appropriate, of the Education Code, shall receive either of the following:

(A) If an agreement exists that requires payments to the basic aid district, the amount required to be paid by an agreement between the agency and the basic aid district entered into prior to January 1, 1994.

(B) If an agreement does not exist, the percentage share of the increase in property taxes from the project area allocated among of all of the affected taxing entities during the fiscal year the funds in the project area are allocated, derived from 80 percent of the growth in assessed value that occurs within the portion of the district within the redevelopment project area from the year in which the amendment takes effect pursuant to subdivision (c) of Section 33607.7.

(4) The redevelopment agency shall subtract from any payments made pursuant to this section the amount that a basic aid district receives pursuant to Section 33607.5 for the purposes of either paragraph (1) of subdivision (h) of Section 42238 of the Education Code or Section 84750 of the Education Code.

(c) The governing body of any affected taxing agency, other than a school district and a community college district, electing to receive allocation of taxes pursuant to this section in addition to taxes allocated to it pursuant to subdivision (a) of Section 33670 shall adopt a resolution to that effect and transmit the same, prior to the adoption of the redevelopment plan, to (1) the legislative body, (2) the agency, and (3) the official or officials performing the functions of levying and collecting taxes for the affected taxing agency. Upon receipt by the official or officials of the resolution, allocation of taxes pursuant to this section to the affected taxing agency which has elected to receive the allocation pursuant to this section by the adoption of the resolution and allocation of taxes pursuant to this section to every school district and community college district shall be made at the time or times allocations are made pursuant to subdivision (a) of Section 33670.

(d) An affected taxing agency, at any time after the adoption of the resolution, may elect not to receive all or any portion of the additional allocation of taxes pursuant to this section by rescinding the resolution or by amending the same, as the case may be, and giving notice thereof to the legislative body, the agency, and the official or officials performing the functions of levying and collecting taxes for the affected taxing agency. After receipt of a notice by the official or officials that an affected taxing agency has elected not to receive all or a portion of the additional allocation of taxes by rescission or amendment of the resolution, any allocation of taxes to the affected taxing agency required to be made pursuant to this section shall not thereafter be made but shall be allocated to the agency and the affected taxing agency shall thereafter be allocated only the portion of taxes provided for in subdivision (a) of Section 33670. After receipt of a notice by the official or officials that an affected taxing agency has elected to receive additional tax revenues attributable to only a portion of the increases in the rate of tax, only that portion of the tax revenues shall thereafter be allocated to the affected taxing agency in addition to the portion of taxes allocated pursuant to subdivision (a) of Section 33670, and the remaining portion thereof shall be allocated to the agency.

(e) As used in this section, "affected taxing agency" means and includes every public agency for the benefit of which a tax is levied upon property in the project area, whether levied by the public agency or on its behalf by another public agency.

(f) This section shall apply only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) of Chapter 4 on or after January 1, 1977.

SEC. 35. Section 33678 of the Health and Safety Code is amended to read:

33678. (a) This section implements and fulfills the intent of this article and of Article XIII B and Section 16 of Article XVI of the California Constitution. The allocation and payment to an agency of

the portion of taxes specified in subdivision (b) of Section 33670 for the purpose of paying principal of, or interest on, loans, advances, or indebtedness incurred for redevelopment activity, as defined in subdivision (b) of this section, shall not be deemed the receipt by an agency of proceeds of taxes levied by or on behalf of the agency within the meaning or for the purposes of Article XIII B of the California Constitution, nor shall such portion of taxes be deemed receipt of proceeds of taxes by, or an appropriation subject to limitation of, any other public body within the meaning or for purposes of Article XIII B of the California Constitution or any statutory provision enacted in implementation of Article XIII B. The allocation and payment to an agency of this portion of taxes shall not be deemed the appropriation by a redevelopment agency of proceeds of taxes levied by or on behalf of a redevelopment agency within the meaning or for purposes of Article XIII B of the California Constitution.

(b) As used in this section, "redevelopment activity" means either of the following:

(1) Redevelopment meeting all of the following criteria:

(A) Is redevelopment as prescribed in Sections 33020 and 33021.

(B) Primarily benefits the project area.

(C) None of the funds are used for the purpose of paying for employee or contractual services of any local governmental agency unless these services are directly related to the purpose of Sections 33020 and 33021 and the powers established in this part.

(2) Payments authorized by Section 33607.5.

(c) Should any law hereafter enacted, without a vote of the electorate, confer taxing power upon an agency, the exercise of that power by the agency in any fiscal year shall be deemed a transfer of financial responsibility from the community to the agency for that fiscal year within the meaning of subdivision (a) of Section 3 of Article XIII B of the California Constitution.

SEC. 36. Section 7200.1 of the Revenue and Taxation Code is repealed.

SEC. 37. Section 7202.6 of the Revenue and Taxation Code is repealed.

SEC. 38. (a) The Legislature finds and declares that the amendment of Section 33641 of the Health and Safety Code, and the repeal of Section 7202.6 of the Revenue and Taxation Code, as provided for in this act, shall not be deemed or construed to invalidate, impair, or otherwise affect the following:

(1) An ordinance adopted by a redevelopment agency, prior to January 1, 1994, pursuant to either of the above code sections.

(2) The receipt of revenues by a redevelopment agency, after January 1, 1994, under an ordinance adopted prior to that date, pursuant to either of the above code sections.

(3) The pledge of revenues described in paragraph (2) by a redevelopment agency, pursuant to an agreement entered into prior to January 1, 1994.

(4) The refunding of bonds issued pursuant to Section 33641 of the Health and Safety Code.

(5) The issuance of bonds on which the principal and interest are payable from taxes imposed by an ordinance adopted by a redevelopment agency pursuant to Section 7202.6 of the Revenue and Taxation Code prior to January 1, 1994, whether those bonds are issued prior to or after January 1, 1994, provided that the issuance of those bonds are pursuant to an enforceable agreement, effective prior to January 1, 1994, that contains a pledge of sales taxes or provisions for the use of sales taxes for project financing purposes.

(b) The Legislature further finds and declares that the amendment of Sections 33401 and 33676 of the Health and Safety Code, as provided for in this act, shall not be deemed or construed to invalidate, impair, or otherwise affect an agreement between a redevelopment agency and an affected taxing entity, entered into pursuant to either of those sections prior to January 1, 1994.

(c) The Legislature further finds and declares that the amendments to Section 33031 of the Health and Safety Code, and specifically the addition of paragraph (5) to subdivision (b) of that section, as made by this measure, are not intended to, and do not, expand the activities a community redevelopment agency may finance pursuant to the Community Redevelopment Law, Part 24 (commencing with Section 33000) of the Health and Safety Code.

SEC. 39. Notwithstanding Section 33354.6 of the Health and Safety Code, or any other provision that is amended or added by this act, a redevelopment agency that is amending one or more redevelopment plans to merge three areas and that has approved and sent to the affected taxing entities the preliminary report required by Section 33344.5 of the Health and Safety Code prior to September 1, 1993, shall not be required to comply with this act in the adoption of an amendment that is adopted prior to March 31, 1994. In that event, the redevelopment agency shall comply with the provisions of law that governed the adoption of plan amendments as these provisions existed prior to January 1, 1994.

SEC. 40. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 943

An act to amend Sections 42238 and 84751 of the Education Code, and to amend Sections 33320.1 and 33670 of, and to add Chapter 4.5 (commencing with Section 33492) to Part 1 of Division 24 of, the Health and Safety Code, relating to redevelopment.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985–86 and 1986–87 fiscal years only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance

shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate

sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of, Part 0.5 of Division 1 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of Division 2 of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code.

(4) Prior years taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(7) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section 33492.15, 33607.5, or 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(i) This section shall become operative July 1, 1984.

SEC. 1.5. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985–86 and 1986–87 fiscal years only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base

revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of

1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of, Part 0.5 of Division 1 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of Division 2 of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code.

(4) Prior years taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(7) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section 33492.15 of the Health and Safety Code that is allocated exclusively for educational facilities.

(i) This section shall become operative July 1, 1984.

SEC. 2. Section 84751 of the Education Code, as added by

Chapter 66 of the Statutes of 1993, is amended to read:

84751. In calculating each community college district's revenue level for each fiscal year pursuant to subdivision (a) of Section 84750, the chancellor shall subtract, from the total revenues owed, all of the following:

(a) The local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption.

(b) Ninety-eight percent of the fee revenues collected pursuant to Section 76300 and moneys received for fees defrayed pursuant to subdivisions (g) and (h) of that section.

(c) Motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code.

(d) Timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code.

(e) Any amounts received pursuant to Section 33492.15, 33607.5, or 33607.7 of the Health and Safety Code that are allocated exclusively for educational facilities.

SEC. 2.5. Section 84751 of the Education Code as added by Chapter 66 of the Statutes of 1993, is amended to read:

84751. In calculating each community college district's revenue level for each fiscal year pursuant to subdivision (a) of Section 84750, the chancellor shall subtract, from the total revenues owed, all of the following:

(a) The local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption.

(b) Ninety-eight percent of the fee revenues collected pursuant to Section 76300 and moneys received for fees defrayed pursuant to subdivisions (g) and (h) of that section.

(c) Motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code.

(d) Timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code.

(e) Any amounts received pursuant to Section 33492.15 of the Health and Safety Code that are allocated exclusively for educational facilities.

SEC. 3. Section 33320.1 of the Health and Safety Code is amended to read:

33320.1. (a) "Project area" means, except as provided in Section 33320.2, 33320.3, 33320.4, or 33492.3, a predominantly urbanized area of a community which is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part, and which is selected by the planning commission pursuant to Section 33322.

(b) As used in this section, "predominantly urbanized" means that not less than 80 percent of the land in the project area:

(1) Has been or is developed for urban uses; or

(2) Is characterized by the conditions described in subdivision (a), (b), or (e) of Section 33032; or

(3) Is an integral part of one or more areas developed for urban

uses which are surrounded or substantially surrounded by parcels which have been or are developed for urban uses. Parcels separated by only an improved right-of-way shall be deemed adjacent for the purpose of this subdivision.

(c) For the purposes of this section, a parcel of property as shown on the official maps of the county assessor is developed if that parcel is developed in a manner which is either consistent with zoning or is otherwise permitted under law.

(d) The requirement that a project be predominantly urbanized shall apply only to a project area for which a final redevelopment plan is adopted on or after January 1, 1984, or to an area which is added to a project area by an amendment to a redevelopment plan, which amendment is adopted on or after January 1, 1984.

SEC. 4. Chapter 4.5 (commencing with Section 33492) is added to Part 1 of Division 24 of the Health and Safety Code, to read:

CHAPTER 4.5. MILITARY BASE CLOSURE REDEVELOPMENT AGENCIES

Article 1. General Provisions

33492. With enactment of this chapter, it is the intent of the Legislature to provide a means of mitigating the economic and social degradation that is faced by communities the jurisdictions of which include military bases that have been ordered to be closed by the federal Base Closure Commission.

33492.1. The Legislature finds and declares that extraordinary measures must be taken to mitigate the effects of the federal government's efforts to reduce the number of military bases throughout the country.

33492.3. For any redevelopment project area formed pursuant to this chapter, the project area may include all, or any portion of, property within a military base that the federal Base Closure Commission has voted to close when that action has been sustained by the President and Congress of the United States, regardless of the percentage of urbanized land, as defined in Section 33320.1, within the military base. The project area may include territory outside the military base if inclusion of that territory is authorized by this chapter.

33492.5. (a) In any community in which a military base is located, the Base Closure Commission has voted to close that military base, and the action of the Base Closure Commission has been sustained by the President and Congress of the United States, a project area may be adopted pursuant to the following requirements:

(1) If the project area is located entirely within the boundaries of a city, then the city redevelopment agency may adopt the redevelopment project area pursuant to this part as modified by this chapter.

(2) If the project area is located entirely within the

unincorporated area of a single county, then the county redevelopment agency may adopt the redevelopment project area pursuant to this part as modified by this chapter.

(3) If the project area includes property within the jurisdictions of two or more cities, or two or more counties, or a city and a county, or any combination of the foregoing, then all of the cities and counties the jurisdictions of which include property within the boundaries of the military base and any other territory to be included within the redevelopment project area may enter into a joint powers agreement, an agreement entered into pursuant to Section 33210, or other appropriate agreement for the purpose of creating a redevelopment agency and adopting a project area pursuant to this part as modified by this chapter.

(b) A redevelopment agency to which this chapter is applicable may adopt a project area either pursuant to this chapter or pursuant to other relevant provisions of this part.

33492.7. (a) Paragraph (11) of subdivision (d) of Section 33367 shall not apply to the territory within the military base for any redevelopment project area adopted pursuant to this chapter.

(b) For any project area adopted pursuant to this chapter, Section 33492.11 may be used in lieu of Section 33031.

33492.9. Notwithstanding any other provision of law, in each county in which a redevelopment agency is formed, or a redevelopment plan is adopted, pursuant to this chapter, the county auditor shall certify to the Director of Finance the date of the final day of the first fiscal year in which one hundred thousand dollars ($100,000) or more of tax increment funds from the redevelopment project area adopted pursuant to this chapter are paid to the redevelopment agency pursuant to subdivision (d) of Section 33675.

33492.10. A blighted area is a military base in which the combination of conditions set forth in Section 33492.11 is so prevalent and so substantial that it causes a reduction of, or lack of, proper utilization of the area to such an extent that it constitutes a serious physical and economic burden on the community which cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

33492.11. (a) This subdivision describes physical conditions that cause blight:

(1) Buildings in which it is unsafe or unhealthy for persons to live or work. These conditions can be caused by serious building code violations, dilapidation and deterioration, defective design or physical construction, faulty or inadequate infrastructure, or other similar factors.

(2) Factors that prevent or substantially hinder the economically viable reuse or capacity of buildings or areas. This condition can be caused by a substandard design, inadequate size given present standards and market conditions, lack of parking, or other similar factors that are unique to military bases.

(3) Adjacent or nearby uses that are incompatible with each other

and that prevent the economic development of those parcels or other portions of the project area.

(4) The existence of subdivided lots of irregular form and shape and inadequate size for proper usefulness and development that are in multiple ownership.

(b) This subdivision describes economic conditions that cause blight:

(1) Depreciated or stagnant property values or impaired investments, including, but not necessarily limited to, those properties containing hazardous wastes that require the use of agency authority as specified in Article 12.5 (commencing with Section 33459).

(2) Abnormally high business vacancies, abnormally low lease rates, high turnover rates, abandoned buildings, or excessive vacant lots within an area developed for urban use or used as a military base.

(3) A lack of necessary commercial facilities that are normally found in neighborhoods, including grocery stores, drugstores, and banks and other lending institutions.

(4) Residential overcrowding or an excess of bars, liquor stores, or other businesses that cater exclusively to adults, that has led to problems of public safety and welfare.

(5) A high crime rate that constitutes a serious threat to the public safety and welfare.

33492.13. (a) A redevelopment plan, adopted pursuant to this chapter and containing the provisions set forth in Section 33670, shall contain all of the following limitations:

(1) A limitation on the number of dollars of taxes which may be divided and allocated to the redevelopment agency pursuant thereto. Taxes shall not be divided and shall not be allocated to the redevelopment agency beyond this limitation, except by amendment of the redevelopment plan pursuant to Section 33354.6.

(2) (A) The time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the date the county auditor certifies pursuant to Section 33492.9, except by amendment of the redevelopment plan as authorized by subparagraph (B). The loans, advances, or indebtedness may be repaid over a period of time longer than the time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) substantial blight remains within the project area; (ii) this blight cannot be eliminated without the establishment of additional debt; and (iii) the elimination of blight cannot reasonably be accomplished by private enterprise acting alone or by the legislative body's use of financing

alternatives other than tax increment financing. However, this amended time limitation may not exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9.

(3) A time limit, not to exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and enforce existing covenants or contracts.

(4) A time limit, not to exceed 45 years from the date the county auditor certifies pursuant to Section 33492.9, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670.

(b) (1) A redevelopment plan, adopted pursuant to this chapter, that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (2).

(2) A time limit, not to exceed 12 years from the date the county auditor certifies pursuant to Section 33492.9, for commencement of eminent domain proceedings to acquire property within the project area. This time limitation may be extended only by amendment of the redevelopment plan.

33492.15. Notwithstanding any other provision of law, all of the following shall occur:

(a) Any redevelopment agency administering a redevelopment project area adopted pursuant to this chapter shall make the following apportionments to school districts and community college districts with territory located within that project area unless an alternative formula for determining the allocation to the school district or community college district is approved pursuant to other provisions of this chapter:

(1) In the fifth fiscal year beginning after the date the county auditor certifies to the Director of Finance pursuant to Section 33492.9, 10 percent of that portion of taxes in excess of the amount identified in subdivision (a) of Section 33670 in the year of adoption of the redevelopment plan which are attributable to each school district and each community college district with territory in the project area shall be allocated to, and when collected shall be paid into, the fund of the school district or community college district.

(2) Beginning in the sixth fiscal year after the date the county auditor certifies to the Director of Finance pursuant to Section 33492.9, the amount of taxes required to be allocated to each school district and to each community college district shall be increased by increments of 10 percent of the taxes in excess of the amount identified in subdivision (a) of Section 33670 in the year of adoption of the redevelopment plan which are attributable to each school district and each community college district with territory within the project area each successive year, so that in the 15th year following certification pursuant to Section 33492.9, 100 percent of the taxes in

excess of the amount identified in subdivision (a) of Section 33670 in the year of adoption of the redevelopment plan which are attributable to each school district and each community college district with territory located within the project area shall be allocated to, and when collected shall be paid into, the fund of that school district or community college district.

(3) "Taxes attributable to each school district" means the sum of the following two amounts:

(A) The amount of property taxes which, based on the assessed value within the project area, would have been allocated to each school district if they were not allocated to the redevelopment agency.

(B) An amount equal to the product of the amount determined pursuant to subparagraph (A) and the quotient of the amount in the county or counties in which the project area lies which is deposited in the Educational Revenue Augmentation Fund from cities, counties, and special districts, divided by the total property tax which is allocated directly to all schools or to the county office of education in the county or counties in which the project area lies.

(4) The allocation of funds pursuant to this subdivision shall be made before there is a determination made regarding the amount to be allocated to schools in the affected counties from the Educational Revenue Augmentation Fund.

(b) Once a mutually agreed-upon alternative agreement is reached, and affected school districts and community college districts have been provided for pursuant to this chapter, these affected school districts and affected community college districts shall not be considered "affected taxing entities" for purposes of Sections 33492.17, 33492.19, 33492.23, 33492.27, and 33492.29.

(c) Prior to incurring any bonded indebtedness, any redevelopment agency administering a project area pursuant to this chapter may subordinate to the bonded debt the amount required to be paid to an affected school district or community college district pursuant to this section upon a finding, based upon substantial evidence, that the agency will have sufficient funds available to pay both the bonded debt payments and the payments required by this section.

(d) It is the intent of the Legislature that, if there is an identified impaction relative to the redevelopment plan and an alternative formula is proposed pursuant to this section, then appropriate legislation shall be considered and enacted.

(e) In the event the redevelopment agency receives two million dollars ($2,000,000) or more of tax increment funds in any one fiscal year during the period from the date certified to the Director of Finance pursuant to Section 33492.9 until the end of the fifth full fiscal year thereafter, in the following fiscal year the redevelopment agency shall commence making payments of tax increment funds to school districts and community college districts in accordance with the schedule set forth in subdivision (a).

33492.17. (a) For any project area formed pursuant to this chapter, the agency may pay to any taxing agency with territory located within a project area, other than the community which has adopted the project, any amounts of money which the agency has found are necessary and appropriate to alleviate any financial burden or detriment caused to any taxing agency by a redevelopment project. The payments to a taxing agency in any single year shall not exceed the amount of property tax revenues which would have been received by that taxing agency if all the property tax revenues from the project area had been allocated to all the affected taxing agencies without regard to the division of taxes required by Section 33670, except that a greater payment may be established by agreement between the agency and one or more taxing agencies, except a school district, if the other taxing agencies agree to defer payments for one or more years in order to accomplish the purposes of the project at an earlier time than would otherwise be the case. The amount of any greater payments shall not exceed the amount of payment deferred.

(b) The payments made pursuant to this section shall be approved by a resolution, adopted by the redevelopment agency, which shall contain findings, supported by substantial evidence, that the redevelopment project will cause or has caused a financial burden or detriment to the taxing agency and that the payments are necessary to alleviate the financial burden or detriment.

33492.19. Notwithstanding any other provision of law:

(a) Any affected taxing entity may call for the creation of a fiscal review committee within 15 days after receipt of the preliminary report from the agency pursuant to Section 33344.5. The fiscal review committee shall be composed of one representative from each affected taxing entity, excluding a school district or community college district.

(b) Within 15 days after receiving notification that a fiscal review committee has been created, and prior to sending a redevelopment plan to the fiscal review committee, the agency shall commence consultations with the fiscal review committee regarding the impact of the proposed redevelopment project upon the affected taxing entities.

(c) (1) The purpose of the consultations commenced pursuant to this section shall be to identify the fiscal effects of the proposed redevelopment plan upon the affected taxing entities, to specify additional information, if any, needed to enable those fiscal effects to be identified and analyzed, and to suggest possible provisions in the redevelopment plan which would alleviate or eliminate a financial burden or detriment.

(2) During consultations with the fiscal review committee and affected taxing entities, the agency shall provide all written information it possesses concerning all public or private development which is planned for or taking place in the project area, except records which disclose trade secrets or the financial condition

of contractors or potential contractors with the agency.

33492.21. Notwithstanding any other provision of law:

(a) In the event a fiscal review committee is created pursuant to Section 33492.19, the redevelopment agency shall send the redevelopment plan to the chairperson of the fiscal review committee. The county representative or chief administrative officer shall be the temporary chairperson of the fiscal review committee for the purpose of convening the fiscal review committee's first meeting.

(b) The chairperson of the fiscal review committee shall convene the fiscal review committee with all due dispatch, and hold a hearing not less than 25, and not more than 40, days from the receipt of the plan. The hearing may be continued by the fiscal review committee but shall be completed within 15 days from the date of the initial hearing unless the agency and the fiscal review committee agree to an additional period of time.

33492.23. Notwithstanding any other provision of law:

(a) In the event a fiscal review committee is created pursuant to Section 33492.19, the fiscal review committee shall analyze and report to the agency, within 30 days of the conclusion of the hearing held pursuant to Section 33492.21, on the fiscal impact of the redevelopment plan or the amendment to the redevelopment plan on each of the members of the fiscal review committee, including a determination whether the redevelopment plan or amendment will have either a beneficial effect or a financial burden or detriment upon one or more members of the fiscal review committee.

(b) The analysis prepared pursuant to this section shall be based upon all of the following information:

(1) The preliminary report prepared pursuant to Section 33344.5.

(2) The redevelopment plan or amendment.

(3) Information derived from the consultations convened between the agency and fiscal review committee pursuant to Section 33492.19.

(4) Information derived from the hearing held by the fiscal review committee pursuant to Section 33492.21.

(5) The report prepared pursuant to Section 33328.

(6) Any additional information developed by the fiscal review committee.

(c) If the report of the fiscal review committee concludes that the redevelopment plan will cause a financial burden or detriment upon one or more members of the fiscal review committee, the report shall specifically describe that fiscal burden or detriment and shall contain evidence supporting that conclusion.

(d) If the report of the fiscal review committee concludes that the redevelopment plan will cause a financial burden or detriment upon one or more members of the fiscal review committee, the report may include recommended actions to be implemented by the agency which would alleviate or eliminate the financial burden or detriment, including, but not limited to, the following:

(1) Amendments to the redevelopment plan that would:

(A) Modify the total amount of tax increments to be received by the redevelopment agency.

(B) Modify the duration of the redevelopment plan.

(C) Modify the size of the project area.

(D) Modify, in kind or number, specific projects then proposed to be undertaken by the agency.

(E) Include specific actions or projects to be undertaken by the agency that would reduce or eliminate the detrimental fiscal effect upon the members of the fiscal review committee.

(2) Payments by the agency to a member of the fiscal review committee authorized by Section 33492.25.

33492.25. Notwithstanding any other provision of law:

(a) The agency may also pay to any taxing agency with territory located within a project area, other than the community which has adopted the project, any amounts of money which the agency has found are necessary and appropriate to alleviate any financial burden or detriment caused to any taxing agency by a redevelopment project.

(b) The payments to a taxing agency made, in any single year, pursuant to this section, shall not exceed the amount of property tax revenues which would have been received by that taxing agency if all the property tax revenues from the project area had been allocated to all the affected taxing agencies without regard to the division of taxes required by Section 33670, except that a greater payment may be established by agreement between the agency and one or more taxing agencies, except a school district, if the other taxing agencies agree to defer payments for one or more years in order to accomplish the purposes of the project at an earlier time than would otherwise be the case. The amount of any greater payments shall not exceed the amount of payment deferred.

(c) The payments made pursuant to this section shall be approved by a resolution, adopted by the redevelopment agency, which shall contain findings, supported by substantial evidence, that the redevelopment project will cause or has caused a financial burden or detriment to the taxing agency and that the payments are necessary to alleviate the financial burden or detriment.

(d) The requirement that the agency may make payments to a taxing entity only to alleviate a financial burden or detriment, as defined in Section 33012, and only after approval by a resolution which contains specified findings, shall apply only to payments made by an agency pursuant to an agreement between an agency and a taxing entity which is executed by the agency on or after the effective date of amendments to this section enacted by the Statutes of 1984.

33492.27. For the purposes of this chapter, "affected taxing entity" means any governmental taxing agency that levied a property tax on all or any portion of the property located in the proposed project area in the fiscal year prior to submission of the plan

to the committee.

33492.29. An ordinance adopting a redevelopment plan under this chapter shall include a finding that the effect of tax increment financing will not cause a significant financial burden or detriment on any taxing agency deriving revenues from a project area. This finding shall only be required when the project is financed in part or in whole from revenues derived from the allocation of taxes pursuant to Section 33670.

Article 2. Castle Air Force Base Redevelopment Project Area

33492.50. (a) With the enactment of this article, it is the intent of the Legislature to provide precise and specific means to mitigate the very serious economic effects of the closure of Castle Air Force Base on surrounding communities.

(b) The Legislature finds and declares all of the following:

(1) The County of Merced, with a population of 180,000, is already in a very significantly depressed condition, with an unemployment rate exceeding 18 percent, extraordinarily high costs relating to the Aid for Dependent Children program, and low property tax revenues.

(2) The closure of Castle Air Force Base will result in the elimination of over 6,000 jobs, which is one in every 20 jobs in the County of Merced and a payroll loss of $220,000,000.

(3) The impact of the closure of Castle Air Force Base will fall in an area where 70 percent of public assistance recipients live within 10 miles of the base.

(4) This act is the result of a specific agreement between the County of Merced and affected local cities to resolve the situation created by the closure of Castle Air Force Base.

(5) The Legislature grants the temporary authorization for the Castle Joint Powers Redevelopment Agency to defer 50 percent of its Low and Moderate Income Housing Fund requirements for up to five years to allow the agency to receive a larger cash-flow to help the agency pay for its initial costs. The Legislature grants this authorization only in recognition of the unusual circumstances facing the agency.

33492.51. (a) Notwithstanding any other provision of law, there is hereby created the Castle Joint Powers Redevelopment Agency, which shall be composed of the City of Atwater, the City of Merced, and the County of Merced.

(b) The Castle Joint Powers Redevelopment Agency shall have all the powers, authorities, and duties granted to it under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code and this part, except as modified by Section 33320.66 for the exclusive purpose of establishing the Castle Air Force Base project area within the unincorporated territory of the County of Merced.

33492.53. (a) In addition to the powers of any agency, the Castle

Joint Powers Redevelopment Agency shall also act as the legislative body and planning commission for all approvals and actions required and authorized by this part for the adoption and implementation of a redevelopment plan. However, all land use, planning and development decisions with regard to the land within the project area shall continue to be under the control and jurisdiction of each of the respective local legislative bodies or planning commissions, as applicable.

(b) In adopting a redevelopment project area for the area within the unincorporated territory of the County of Merced contained within the Castle Air Force Base, the following shall apply, subject to the requirements of Section 33492.13:

(1) The limitation on dollars of taxes which may be divided and allocated to the Castle Air Force Base project area shall be two hundred fifty million dollars ($250,000,000).

(2) The limitation on the time by which the agency may commence eminent domain proceedings shall be 15 years.

(c) The Castle Joint Powers Redevelopment Agency may amend the limitations enumerated in paragraph (1) of subdivision (b) pursuant to existing law.

(d) The Castle Joint Powers Redevelopment Agency may defer up to 50 percent of its Low and Moderate Income Housing Fund requirements for the Castle Air Force Base project area for up to five years. The amount of the deferral shall be considered an indebtedness and shall be repaid to the Low and Moderate Income Housing Fund within eight years of the establishment of the Castle Air Force Base project area. If the indebtedness is not eliminated by the eighth year, the county auditor or controller shall withhold an amount equal to the indebtedness and deposit those moneys into a separate Low and Moderate Income Housing Fund for use by the Castle Joint Powers Redevelopment Agency under this section.

(e) The agency shall comply with the requirements of Chapter 16 (commencing with Section 7260) of Division 4 of Title 1 of the Government Code. In addition, if any housing occupied by persons of very low, low, or moderate income who have resided in the housing for at least two years is destroyed by redevelopment agency activities, the displaced persons shall receive relocation benefits which enable those persons to lease or rent a comparable replacement dwelling for a period not to exceed 96 months.

(f) (1) The agency shall comply with the requirements of Section 33413.

(2) In addition, if any housing occupied by persons of very low, low, or moderate income is destroyed by redevelopment agency activities, the destroyed units shall be replaced with housing, of the same or greater size, which shall be affordable in direct proportion to the income levels of the persons or households displaced by the redevelopment agency activities. This housing shall be provided simultaneously with the development for which it was destroyed.

(3) The requirements imposed by paragraph (2) of this

subdivision shall not apply to any dormitory building located, as of the effective date of the act which adds this section, on Castle Air Force Base.

(4) The requirements imposed by paragraph (2) of this subdivision shall not apply to any housing removed if the vacancy rate for low-income housing within the jurisdiction of the Castle Joint Powers Redevelopment Agency, as determined by the agency, is 6 percent or higher.

(g) Notwithstanding Section 33320.65, the Castle Joint Powers Redevelopment Agency may establish a project area and adopt and amend a redevelopment plan, as modified by subdivision (a) and other provisions of this chapter, if all of the following conditions are met:

(1) The Castle Joint Powers Redevelopment Agency makes a finding of benefit to the Castle Air Force Base project area, and the approval of the County of Merced, the City of Merced, and the City of Atwater is obtained.

(2) The project area is entirely contained in two concentric and overlapping circles one of which whose center is directly in front of the main gate and has a radius of 4.75 miles. The second is centered at the intersection of Yosemite Avenue and G Street in the City of Merced with a radius of 6.5 miles. At no time shall the aggregate acreage of the project areas established pursuant to this section exceed 2 percent of either city or 1 percent of the unincorporated area of the circles.

(3) The resolution adopting a survey area pursuant to Section 33310 shall be transmitted to all affected entities, including affected school districts, within 30 days of adoption. The planning commission, in formulating the preliminary plan pursuant to Section 33330, shall consult with all affected taxing entities.

(h) The Castle Joint Powers Redevelopment Agency shall not adopt a redevelopment plan pursuant to this section until the City of Atwater adopts a housing element, pursuant to Section 65585 of the Government Code, that substantially complies with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

33492.55. As used in this chapter, "fiscal year" means a year commencing on July 1 and ending on the next June 30.

SEC. 5. Section 33670 of the Health and Safety Code is amended to read:

33670. Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing

agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of that property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to and when collected shall be paid to the respective taxing agencies as taxes by or for the taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which that territory has been annexed or otherwise included after that effective date, the assessment roll of the county last equalized on the effective date of the ordinance shall be used in determining the assessed valuation of the taxable property in the project on the effective date); and

(b) Except as provided in subdivision (e) or in Section 33492.15, that portion of the levied taxes each year in excess of that amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in that project as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid to the respective taxing agencies. When the loans, advances, and indebtedness, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in the redevelopment project shall be paid to the respective taxing agencies as taxes on all other property are paid.

(c) In any redevelopment project in which taxes have been divided pursuant to this section prior to 1968, located within any county with total assessed valuation subject to general property taxes for the 1967–68 fiscal year between two billion dollars ($2,000,000,000) and two billion one hundred million dollars ($2,100,000,000), if the total assessed valuation of taxable property within the redevelopment project for the 1967–68 fiscal year was reduced, the total sum of the assessed value of taxable property used as the basis for apportionment of taxes under subdivision (a) shall be reduced by 10 percent for the 1968–69 fiscal year and fiscal years thereafter.

(d) For the purposes of this section, taxes shall not include taxes from the supplemental assessment roll levied pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 of Division 1 of the Revenue and Taxation Code for the 1983–84 fiscal year.

(e) That portion of the taxes in excess of the amount identified in subdivision (a) which are attributable to a tax rate levied by a taxing

agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to, and when collected shall be paid into, the fund of that taxing agency. This subdivision shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

SEC. 6. The Legislature finds and declares that, because of the unique circumstances applicable to the closure of Castle Air Force Base in the County of Merced, and set forth in Section 33492.50 of the Health and Safety Code, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution, and the enactment of Article 2 (commencing with Section 33492.50) of Chapter 4.5 of Part 1 of Division 24 of the Health and Safety Code is therefore necessary.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

However, as to any costs incurred by the County of Merced pursuant to this act, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. (a) Section 1 of this bill incorporates amendments to Section 42238 of the Education Code proposed by both this bill and AB 1290. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 42238 of the Education Code, and (3) this bill is enacted after AB 1290, in which case Section 1.5 of this bill shall not become operative.

(b) Section 2 of this bill incorporates amendments to Section 84751 of the Education Code proposed by both this bill and AB 1290. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 84751 of the Education Code, and (3) this bill is enacted after AB

1290, in which case Section 2.5 of this bill shall not become operative.

CHAPTER 944

An act to amend Sections 42238 and 84751 of the Education Code, and to amend Sections 33320.1 and 33670 of, and to add Chapter 4.5 (commencing with Section 33492) to Part 1 of Division 24 of, the Health and Safety Code, relating to redevelopment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985–86 and 1986–87 fiscal years only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year

by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this

subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior years taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(7) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section 33492.15, 33607.5, or 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(i) This section shall become operative July 1, 1984.

SEC. 2. Section 84751 of the Education Code, as added by Chapter 66 of the Statutes of 1993, is amended to read:

84751. In calculating each community college district's revenue level for each fiscal year pursuant to subdivision (a) of Section 84750, the chancellor shall subtract, from the total revenues owed, all of the following:

(a) The local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption.

(b) Ninety-eight percent of the fee revenues collected pursuant to Section 76300 and moneys received for fees defrayed pursuant to subdivisions (g) and (h) of that section.

(c) Motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code.

(d) Timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code.

(e) Any amounts received pursuant to Section 33492.15, 33607.5,

or 33607.7 of the Health and Safety Code, except those amounts that are allocated exclusively for educational facilities.

SEC. 3. Section 33320.1 of the Health and Safety Code is amended to read:

33320.1. (a) "Project area" means, except as provided in Section 33320.2, 33320.3, 33320.4, or 33492.3, a predominantly urbanized area of a community which is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part, and which is selected by the planning commission pursuant to Section 33322.

(b) As used in this section, "predominantly urbanized" means that not less than 80 percent of the land in the project area:

(1) Has been or is developed for urban uses; or

(2) Is characterized by the conditions described in subdivision (a), (b), or (e) of Section 33032; or

(3) Is an integral part of one or more areas developed for urban uses which are surrounded or substantially surrounded by parcels which have been or are developed for urban uses. Parcels separated by only an improved right-of-way shall be deemed adjacent for the purpose of this subdivision.

(c) For the purposes of this section, a parcel of property as shown on the official maps of the county assessor is developed if that parcel is developed in a manner which is either consistent with zoning or is otherwise permitted under law.

(d) The requirement that a project be predominantly urbanized shall apply only to a project area for which a final redevelopment plan is adopted on or after January 1, 1984, or to an area which is added to a project area by an amendment to a redevelopment plan, which amendment is adopted on or after January 1, 1984.

SEC. 4. Chapter 4.5 (commencing with Section 33492) is added to Part 1 of Division 24 of the Health and Safety Code, to read:

CHAPTER 4.5. MILITARY BASE CLOSURE REDEVELOPMENT AGENCIES

Article 1. General Provisions

33492. With enactment of this chapter, it is the intent of the Legislature to provide a means of mitigating the economic and social degradation that is faced by communities the jurisdictions of which include military bases that have been ordered to be closed by the federal Base Closure Commission.

33492.1. The Legislature finds and declares that extraordinary measures must be taken to mitigate the effects of the federal government's efforts to reduce the number of military bases throughout the country.

33492.3. For any redevelopment project area formed pursuant to this chapter, the project area may include all, or any portion of, property within a military base that the federal Base Closure

Commission has voted to close when that action has been sustained by the President and Congress of the United States, regardless of the percentage of urbanized land, as defined in Section 33320.1, within the military base. The project area may include territory outside the military base if inclusion of that territory is authorized by this chapter.

33492.5. (a) In any community in which a military base is located, the Base Closure Commission has voted to close that military base, and the action of the Base Closure Commission has been sustained by the President and Congress of the United States, a project area may be adopted pursuant to the following requirements:

(1) If the project area is located entirely within the boundaries of a city, then the city redevelopment agency may adopt the redevelopment project area pursuant to this part as modified by this chapter.

(2) If the project area is located entirely within the unincorporated area of a single county, then the county redevelopment agency may adopt the redevelopment project area pursuant to this part as modified by this chapter.

(3) If the project area includes property within the jurisdictions of two or more cities, or two or more counties, or a city and a county, or any combination of the foregoing, then all of the cities and counties the jurisdictions of which include property within the boundaries of the military base and any other territory to be included within the redevelopment project area may enter into a joint powers agreement, an agreement entered into pursuant to Section 33210, or other appropriate agreement for the purpose of creating a redevelopment agency and adopting a project area pursuant to this part as modified by this chapter.

(b) A redevelopment agency to which this chapter is applicable may adopt a project area either pursuant to this chapter or pursuant to other relevant provisions of this part.

33492.7. (a) Paragraph (11) of subdivision (d) of Section 33367 shall not apply to the territory within the military base for any redevelopment project area adopted pursuant to this chapter.

(b) For any project area adopted pursuant to this chapter, Section 33492.11 may be used in lieu of Section 33031.

33492.9. Notwithstanding any other provision of law, in each county in which a redevelopment agency is formed, or a redevelopment plan is adopted, pursuant to this chapter, the county auditor shall certify to the Director of Finance the date of the final day of the first fiscal year in which one hundred thousand dollars ($100,000) or more of tax increment funds from the redevelopment project area adopted pursuant to this chapter are paid to the redevelopment agency pursuant to subdivision (d) of Section 33675.

33492.10. A blighted area is a military base in which the combination of conditions set forth in Section 33492.11 is so prevalent and so substantial that it causes a reduction of, or lack of, proper utilization of the area to such an extent that it constitutes a serious

physical and economic burden on the community which cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

33492.11. (a) This subdivision describes physical conditions that cause blight:

(1) Buildings in which it is unsafe or unhealthy for persons to live or work. These conditions can be caused by serious building code violations, dilapidation and deterioration, defective design or physical construction, faulty or inadequate infrastructure, or other similar factors.

(2) Factors that prevent or substantially hinder the economically viable reuse or capacity of buildings or areas. This condition can be caused by a substandard design, inadequate size given present standards and market conditions, lack of parking, or other similar factors that are unique to military bases.

(3) Adjacent or nearby uses that are incompatible with each other and that prevent the economic development of those parcels or other portions of the project area.

(4) The existence of subdivided lots of irregular form and shape and inadequate size for proper usefulness and development that are in multiple ownership.

(b) This subdivision describes economic conditions that cause blight:

(1) Depreciated or stagnant property values or impaired investments, including, but not necessarily limited to, those properties containing hazardous wastes that require the use of agency authority as specified in Article 12.5 (commencing with Section 33459).

(2) Abnormally high business vacancies, abnormally low lease rates, high turnover rates, abandoned buildings, or excessive vacant lots within an area developed for urban use or used as a military base.

(3) A lack of necessary commercial facilities that are normally found in neighborhoods, including grocery stores, drugstores, and banks and other lending institutions.

(4) Residential overcrowding or an excess of bars, liquor stores, or other businesses that cater exclusively to adults, that has led to problems of public safety and welfare.

(5) A high crime rate that constitutes a serious threat to the public safety and welfare.

33492.13. (a) A redevelopment plan, adopted pursuant to this chapter and containing the provisions set forth in Section 33670, shall contain all of the following limitations:

(1) A limitation on the number of dollars of taxes which may be divided and allocated to the redevelopment agency pursuant thereto. Taxes shall not be divided and shall not be allocated to the redevelopment agency beyond this limitation, except by amendment of the redevelopment plan pursuant to Section 33354.6.

(2) (A) The time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received

pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the date the county auditor certifies pursuant to Section 33492.9, except by amendment of the redevelopment plan as authorized by subparagraph (B). The loans, advances, or indebtedness may be repaid over a period of time longer than the time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) substantial blight remains within the project area; (ii) this blight cannot be eliminated without the establishment of additional debt; and (iii) the elimination of blight cannot reasonably be accomplished by private enterprise acting alone or by the legislative body's use of financing alternatives other than tax increment financing. However, this amended time limitation may not exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9.

(3) A time limit, not to exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and enforce existing covenants or contracts.

(4) A time limit, not to exceed 45 years from the date the county auditor certifies pursuant to Section 33492.9, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670.

(b) (1) A redevelopment plan, adopted pursuant to this chapter, that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (2).

(2) A time limit, not to exceed 12 years from the date the county auditor certifies pursuant to Section 33492.9, for commencement of eminent domain proceedings to acquire property within the project area. This time limitation may be extended only by amendment of the redevelopment plan.

33492.15. Notwithstanding any other provision of law, all of the following shall occur:

(a) Any redevelopment agency administering a redevelopment project area adopted pursuant to this chapter shall make the following apportionments to school districts and community college districts with territory located within that project area unless an alternative formula for determining the allocation to the school district or community college district is approved pursuant to other provisions of this chapter:

(1) In the fifth fiscal year beginning after the date the county auditor certifies to the Director of Finance pursuant to Section

33492.9, 10 percent of that portion of taxes in excess of the amount identified in subdivision (a) of Section 33670 in the year of adoption of the redevelopment plan which are attributable to each school district and each community college district with territory in the project area shall be allocated to, and when collected shall be paid into, the fund of the school district or community college district.

(2) Beginning in the sixth fiscal year after the date the county auditor certifies to the Director of Finance pursuant to Section 33492.9, the amount of taxes required to be allocated to each school district and to each community college district shall be increased by increments of 10 percent of the taxes in excess of the amount identified in subdivision (a) of Section 33670 in the year of adoption of the redevelopment plan which are attributable to each school district and each community college district with territory within the project area each successive year, so that in the 15th year following certification pursuant to Section 33492.9, 100 percent of the taxes in excess of the amount identified in subdivision (a) of Section 33670 in the year of adoption of the redevelopment plan which are attributable to each school district and each community college district with territory located within the project area shall be allocated to, and when collected shall be paid into, the fund of that school district or community college district.

(3) "Taxes attributable to each school district" means the sum of the following two amounts:

(A) The amount of property taxes which, based on the assessed value within the project area, would have been allocated to each school district if they were not allocated to the redevelopment agency.

(B) An amount equal to the product of the amount determined pursuant to subparagraph (A) and the quotient of the amount in the county or counties in which the project area lies which is deposited in the Educational Revenue Augmentation Fund from cities, counties, and special districts, divided by the total property tax which is allocated directly to all schools or to the county office of education in the county or counties in which the project area lies.

(4) The allocation of funds pursuant to this subdivision shall be made before there is a determination made regarding the amount to be allocated to schools in the affected counties from the Educational Revenue Augmentation Fund.

(b) Once a mutually agreed-upon alternative agreement is reached, and affected school districts and community college districts have been provided for pursuant to this chapter, these affected school districts and affected community college districts shall not be considered "affected taxing entities" for purposes of Sections 33492.17, 33492.19, 33492.23, 22492.27, and 33492.29.

(c) Prior to incurring any bonded indebtedness, any redevelopment agency administering a project area pursuant to this chapter may subordinate to the bonded debt the amount required to be paid to an affected school district or community college district

pursuant to this section upon a finding, based upon substantial evidence, that the agency will have sufficient funds available to pay both the bonded debt payments and the payments required by this section.

(d) It is the intent of the Legislature that, if there is an identified impact relative to the redevelopment plan and an alternative formula is proposed pursuant to this section, then appropriate legislation shall be considered and enacted.

(e) In the event the redevelopment agency receives two million dollars ($2,000,000) or more of tax increment funds in any one fiscal year during the period from the date certified to the Director of Finance pursuant to Section 33492.9 until the end of the fifth full fiscal year thereafter, in the following fiscal year the redevelopment agency shall commence making payments of tax increment funds to school districts and community college districts in accordance with the schedule set forth in subdivision (a).

33492.17. (a) For any project area formed pursuant to this chapter, the agency may pay to any taxing agency with territory located within a project area, other than the community which has adopted the project, any amounts of money which the agency has found are necessary and appropriate to alleviate any financial burden or detriment caused to any taxing agency by a redevelopment project. The payments to a taxing agency in any single year shall not exceed the amount of property tax revenues which would have been received by that taxing agency if all the property tax revenues from the project area had been allocated to all the affected taxing agencies without regard to the division of taxes required by Section 33670, except that a greater payment may be established by agreement between the agency and one or more taxing agencies, except a school district, if the other taxing agencies agree to defer payments for one or more years in order to accomplish the purposes of the project at an earlier time than would otherwise be the case. The amount of any greater payments shall not exceed the amount of payment deferred.

(b) The payments made pursuant to this section shall be approved by a resolution, adopted by the redevelopment agency, which shall contain findings, supported by substantial evidence, that the redevelopment project will cause or has caused a financial burden or detriment to the taxing agency and that the payments are necessary to alleviate the financial burden or detriment.

33492.19. Notwithstanding any other provision of law:

(a) Any affected taxing entity may call for the creation of a fiscal review committee within 15 days after receipt of the preliminary report from the agency pursuant to Section 33344.5. The fiscal review committee shall be composed of one representative from each affected taxing entity, excluding a school district or community college district.

(b) Within 15 days after receiving notification that a fiscal review committee has been created, and prior to sending a redevelopment

plan to the fiscal review committee, the agency shall commence consultations with the fiscal review committee regarding the impact of the proposed redevelopment project upon the affected taxing entities.

(c) (1) The purpose of the consultations commenced pursuant to this section shall be to identify the fiscal effects of the proposed redevelopment plan upon the affected taxing entities, to specify additional information, if any, needed to enable those fiscal effects to be identified and analyzed, and to suggest possible provisions in the redevelopment plan which would alleviate or eliminate a financial burden or detriment.

(2) During consultations with the fiscal review committee and affected taxing entities, the agency shall provide all written information it possesses concerning all public or private development which is planned for or taking place in the project area, except records which disclose trade secrets or the financial condition of contractors or potential contractors with the agency.

33492.21. Notwithstanding any other provision of law:

(a) In the event a fiscal review committee is created pursuant to Section 33492.19, the redevelopment agency shall send the redevelopment plan to the chairperson of the fiscal review committee. The county representative or chief administrative officer shall be the temporary chairperson of the fiscal review committee for the purpose of convening the fiscal review committee's first meeting.

(b) The chairperson of the fiscal review committee shall convene the fiscal review committee with all due dispatch, and hold a hearing not less than 25, and not more than 40, days from the receipt of the plan. The hearing may be continued by the fiscal review committee but shall be completed within 15 days from the date of the initial hearing unless the agency and the fiscal review committee agree to an additional period of time.

33492.23. Notwithstanding any other provision of law:

(a) In the event a fiscal review committee is created pursuant to Section 33492.19, the fiscal review committee shall analyze and report to the agency, within 30 days of the conclusion of the hearing held pursuant to Section 33492.21, on the fiscal impact of the redevelopment plan or the amendment to the redevelopment plan on each of the members of the fiscal review committee, including a determination whether the redevelopment plan or amendment will have either a beneficial effect or a financial burden or detriment upon one or more members of the fiscal review committee.

(b) The analysis prepared pursuant to this section shall be based upon all of the following information:

(1) The preliminary report prepared pursuant to Section 33344.5.

(2) The redevelopment plan or amendment.

(3) Information derived from the consultations convened between the agency and fiscal review committee pursuant to Section 33492.19.

(4) Information derived from the hearing held by the fiscal review committee pursuant to Section 33492.21.

(5) The report prepared pursuant to Section 33328.

(6) Any additional information developed by the fiscal review committee.

(c) If the report of the fiscal review committee concludes that the redevelopment plan will cause a financial burden or detriment upon one or more members of the fiscal review committee, the report shall specifically describe that fiscal burden or detriment and shall contain evidence supporting that conclusion.

(d) If the report of the fiscal review committee concludes that the redevelopment plan will cause a financial burden or detriment upon one or more members of the fiscal review committee, the report may include recommended actions to be implemented by the agency which would alleviate or eliminate the financial burden or detriment, including, but not limited to, the following:

(1) Amendments to the redevelopment plan that would:

(A) Modify the total amount of tax increments to be received by the redevelopment agency.

(B) Modify the duration of the redevelopment plan.

(C) Modify the size of the project area.

(D) Modify, in kind or number, specific projects then proposed to be undertaken by the agency.

(E) Include specific actions or projects to be undertaken by the agency that would reduce or eliminate the detrimental fiscal effect upon the members of the fiscal review committee.

(2) Payments by the agency to a member of the fiscal review committee authorized by Section 33492.25.

33492.25. Notwithstanding any other provision of law:

(a) The agency may also pay to any taxing agency with territory located within a project area, other than the community which has adopted the project, any amounts of money which the agency has found are necessary and appropriate to alleviate any financial burden or detriment caused to any taxing agency by a redevelopment project.

(b) The payments to a taxing agency made, in any single year, pursuant to this section, shall not exceed the amount of property tax revenues which would have been received by that taxing agency if all the property tax revenues from the project area had been allocated to all the affected taxing agencies without regard to the division of taxes required by Section 33670, except that a greater payment may be established by agreement between the agency and one or more taxing agencies, except a school district, if the other taxing agencies agree to defer payments for one or more years in order to accomplish the purposes of the project at an earlier time than would otherwise be the case. The amount of any greater payments shall not exceed the amount of payment deferred.

(c) The payments made pursuant to this section shall be approved by a resolution, adopted by the redevelopment agency, which shall

contain findings, supported by substantial evidence, that the redevelopment project will cause or has caused a financial burden or detriment to the taxing agency and that the payments are necessary to alleviate the financial burden or detriment.

(d) The requirement that the agency may make payments to a taxing entity only to alleviate a financial burden or detriment, as defined in Section 33012, and only after approval by a resolution which contains specified findings, shall apply only to payments made by an agency pursuant to an agreement between an agency and a taxing entity which is executed by the agency on or after the effective date of amendments to this section enacted by the Statutes of 1984.

33492.27. For the purposes of this chapter, "affected taxing entity" means any governmental taxing agency that levied a property tax on all or any portion of the property located in the proposed project area in the fiscal year prior to submission of the plan to the committee.

33492.29. An ordinance adopting a redevelopment plan under this chapter shall include a finding that the effect of tax increment financing will not cause a significant financial burden or detriment on any taxing agency deriving revenues from a project area. This finding shall only be required when the project is financed in part or in whole from revenues derived from the allocation of taxes pursuant to Section 33670.

Article 3. Mather Air Force Base Redevelopment Project Area

33492.60. (a) With the enactment of this article, it is the intent of the Legislature to provide for precise and specific means to mitigate the very serious economic effects of the closure of Mather Air Force Base on the County of Sacramento and surrounding communities by enabling the County of Sacramento to facilitate the planning and implementation of the reuse and redevelopment of the lands comprising Mather Air Force Base and surrounding areas, in accordance with the county's land use plans and facilities financing plans, through the redevelopment process and prior to the disposition of lands by the federal government to public entities and private parties.

(b) The Legislature finds and declares all of the following:

(1) Mather Air Force Base comprises over 5,700 acres in a growing outlying area of the County of Sacramento adjacent to existing urban development.

(2) The closure of Mather Air Force Base will result in the elimination of nearly 6,700 jobs at a time when the economy of the County of Sacramento is depressed and reduced tax revenues have caused serious reductions in the county budget for essential government services.

(3) The disposition by the federal government of the lands comprising Mather Air Force Base, and the development of adjacent

properties, will, unless it is undertaken pursuant to comprehensive county planning therefor and adequate public financing and other implementation measures, seriously impair the ability of the County of Sacramento to master plan the area and adjacent areas, provide for affordable housing, provide for appropriate infrastructure financing, and for phasing and provision of public services. This disposition will also jeopardize measures of the pending county general plan update to achieve compact, transit-oriented, mixed-use development phased for adequate infrastructure and public services, and thereby achieve important goals relating to air quality, transportation, open space, and protection of environmental and natural resources, affordable housing, and job-creating economic development.

(4) This chapter is necessary to allow the County of Sacramento to act quickly under the special circumstances applicable to the closure of Mather Air Force Base. This chapter promotes important local, regional, and statewide goals.

33492.61. (a) The County of Sacramento may include within a redevelopment project area all or any portion of the area described in Section 33859.2 that, for purposes of this chapter, shall be referred to as the "Mather Air Force Base Redevelopment Project Area," notwithstanding a different designation thereof by the County of Sacramento.

(b) Notwithstanding Section 33334.2, the redevelopment agency of the County of Sacramento may defer up to 50 percent of its Low and Moderate Income Housing Fund requirements for the Mather Air Force Base Redevelopment Project Area for up to 10 years. The amount of the deferral shall be considered an indebtedness, and shall be repaid to the Low and Moderate Income Housing Fund within the 11th to the 20th years after the establishment of the Mather Air Force Base Redevelopment Project Area. If the indebtedness is not eliminated by the end of the 20th year, the county auditor or controller shall withhold an amount equal to the indebtedness and deposit those funds into a separate Low and Moderate Income Housing Fund for use by the redevelopment agency pursuant to this section.

(c) Notwithstanding subdivision (d) of Section 33324 and paragraph (4) of subdivision (d) of Section 33367, the preliminary plan and redevelopment plan for the Mather Air Force Base Redevelopment Project Area shall be in conformance with the land use designation in the pending county general plan update. The adoption of a specific plan or other comprehensive land use plan for the Mather Air Force Base Redevelopment Project Area shall require a finding of conformity with the county general plan, including the housing element, as updated and as in compliance with applicable state law. The redevelopment agency shall not expend any tax increment funds allocated to it from the project area for expenses related to carrying out the project unless and until the County of Sacramento does both of the following:

(1) Adopts a housing element, pursuant to Section 65585 of the Government Code, that substantially complies with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) Finds that the redevelopment plan conforms to the county general plan, including the housing element thereof.

(d) Notwithstanding Section 33328, the report required by that section need only be as complete as the information then available will permit.

(e) Notwithstanding Section 33344.5, the preliminary report required by that section need not contain the information required by subdivision (c) of Section 33344.5.

(f) Notwithstanding any other provision of law:

The report submitted by the redevelopment agency to the legislative body pursuant to Section 33352 need only contain the items listed in subdivisions (a), (b), (c), (d), (h), (j), (k), and (m) of Section 33352, as modified by subdivision (e) of this section. The ordinance adopted by the legislative body pursuant to Section 33367 need only contain the items listed in subdivisions (a), (b), and (c) of, and paragraphs (2) and (4), as modified by subdivision (e) of this section, of subdivision (d) of, and paragraphs (5), (6), (11), and (12) of subdivision (d) of, Section 33367.

33492.63. (a) The territory within the Mather Air Force Base Redevelopment Project Area shall be the area specified in subdivision (b).

(b) The Mather Air Force Base Redevelopment Project Area shall consist of:

All that property situated and lying in the County of Sacramento, as follows:

(1) Parcel 1:

Beginning at a point, said point being the most northwesterly corner of that land conveyed by the Natomas Company, a corporation, to the United States of America by deed dated May 9, 1956, and recorded May 23, 1956, in Volume 3086 of Official Records, page 647, et seq., County of Sacramento, Instrument No. 38415, said point also being described as being on the west boundary of Lot 59, as said lot is described in said deed, and 415.74 feet northerly of the southwest corner of said parcel; thence, N89°44'E, 1,562.86 feet to a point located N01°24'E, 415.91 feet from the southeast corner of Lot 57 as said lot is shown on the "Amended Map of Natomas American River Subdivision No. 4," filed in the office of the County Recorder, County of Sacramento, October 19, 1918, in Book 15 of Maps, Map No. 44; thence, along the southwesterly line of that certain 80-foot strip of land described as Parcel No. 5 conveyed by the Natomas Company, a corporation, to the County of Sacramento in that certain deed dated June 24, 1942, recorded July 21, 1942, in Book 968 of Official Records, page 58, County of Sacramento, to a point where said southwesterly line intersects the centerline of the 50" Private Road, as said road is shown on the aforementioned "Amended Map

of Natomas American River Subdivision No. 4," said point located N00°16'W, 158 feet, more or less, from a concrete monument "N-7-5" as said monument is shown on said map; thence along said centerline of said Private Road N00°16'W, 960.4 feet to a point located on said centerline and 612.97 feet northerly of the southwesterly corner of Lot 4, Block 6, as said lot and block are shown on the "Official Map of Natomas Consolidated of California Subdivision No. 3," filed in the office of the County Recorder, County of Sacramento, September 13, 1913, in Book 14 of Maps, Map No. 46; thence N89°44'E, 1,950.3 feet, more or less, to a point on the east boundary of Lot 1, Block 6, as said lot and block are shown on said map; said point also being on the northerly line of Lower Placerville Road, as said road is shown on said map; thence crossing said road continuing on course N89°44'E to a point on the east line of Lot 6 and the extended east lines of Lots 8 and 9 as said lots are shown on the official "Map of Subdivision of George Hanlon No. 1 Tract" filed in the office of the County Recorder, County of Sacramento, July 6, 1923, in Book 17 of Maps, Map No. 28; thence southerly along the east lines of said Lots 6, 8, and 9, 2,450 feet, more or less, to the point of intersection of the east line of said Lot 9 and the northeasterly boundary of that parcel of land described in that certain deed dated May 17, 1920, and recorded May 20, 1920, in Book 531 of Deeds at page 124, County of Sacramento, executed by the Natomas Company of California, a corporation, to the United States of America; thence N86°05'30"E, 712 feet, more or less, to a point on the east boundary of said land, said point also being on the northerly boundary of that land conveyed by the Natomas Company, a California corporation, to the United States of America in a deed dated August 8, 1940, and recorded August 8, 1940, in Book 837 of Official Records, County of Sacramento, page 43; thence along said northerly boundary N89°59'E to a point, said point also being the southeasterly corner of that parcel of land described in the deed from Aerojet-General Corporation, an Ohio corporation, to the United States of America, dated March 12, 1959, and recorded July 30, 1959, in Volume 3843 of Official Records of the County of Sacramento, page 250; thence N46°36'E, 170.78 feet; thence S36°16'E, 128.4 feet, more or less, to a point, said point located 1,639.90 feet westerly along the southerly boundary of and from the southeast corner of Lot 10, as said lot is shown on the aforesaid "Map of George Hanlon No. 1 Tract," from which point the southeast corner of Lot 10 as said lot is shown on the aforesaid "Map of George Hanlon No. 1 Tract" bears S88°29'30"W, 1,639.90 feet; thence continuing along the northerly boundary of said land N88°29'30"E, 2,875 feet, more or less, to the southwest corner of that parcel of land described in the deed from Aerojet-General Corporation, an Ohio corporation, to the United States of America, dated March 12, 1959, and recorded July 30, 1959, in Volume 3843 of Official Records of the County of Sacramento, page 248, Instrument No. 76138; thence continuing along said northerly boundary N87°56'E, 3,188 feet, more or less, to a point, said point being more particularly described as a point in the north

boundary of the Wm. E. Bryan 2,129.33 acre tract as said tract is shown on the Plat of Subdivision of the Rancho Rio de los Americanos recorded April 4, 1866, in Book 1 of Maps at page 2, Records of Sacramento County, said point also bears S71°50'W, 1,155.2 feet from a 60-penny spike marking the northwest corner of Tract 6 of the division of the Joseph E. Fitzgerald 375.19 acre tract as shown on the map recorded October 28, 1921, in Book 2 of Record of Surveys, page 31, records of Sacramento County; thence from said point along the north boundary of said Wm. E. Bryan tract and extension thereof S07°19'E, 3,287 feet, more or less, to a point which bears S07°19'E, 3,477.6 feet from said 60-penny spike marking the northwest corner of the Joseph E. Fitzgerald 375.19 Division Tract 6; thence along the following courses and distances: S89°43'E, 117.1 feet; S00°19'W, 96.5 feet to a point tangent to a curve; thence along said curve to the left with a radius of 520.0 feet in arc distance of 714.4 feet to a point (last said point bears S39°02'E a chord distance of 659.5 feet from the beginning of said curve); thence tangent to the preceding curve S78°24'E, 603.0 feet to a point tangent to the following curve; thence along a curve to the right with a radius of 780.0 feet an arc distance of 433.1 feet to a point (last said point bears S62°29'E a chord distance of 427.6 feet from the beginning of said curve); thence tangent to the preceding curve S46°35'E, 1,713.0 feet to a point tangent to the following curve and along said curve to the right with a radius of 780.0 feet an arc distance of 622.7 feet to a point tangent to the curve at last said point bears S00°51'E (last said point bears S20°43'E a chord distance of 606.3 feet from the beginning of said curve); thence S00°17'E, 514.2 feet; thence S00°51'E, 2,000.0 feet; thence S00°34'E, 5,000.1 feet; thence S00°51'E, 914.4 feet to a point tangent to the following curve and along said curve to the right with a radius of 750.0 feet an arc distance of 121.4 feet to a point tangent to the curve at last said point bears S08°26'W, last said point bears S03°48'W, chord distance of 121.3 feet from the beginning of said curve; thence S06°10'W, 886.8 feet to a point tangent to the following curve at last said point, bears S08°26'W; thence along a curve to the left with a radius of 1,215.0 feet an arc distance of 185.5 feet to a point (last said point bears S04°03'W a chord distance of 185.3 feet from the beginning of said curve); thence tangent to the preceding curve S00°19'E, 85.9 feet to a point in the south boundary of Section 19, Township Eight (8) North, Range Seven (7) East, Mount Diablo Base and Meridian, last said point bears N89°55'W, 664.8 feet from the southeast corner of said Section 19; thence westerly and northwesterly along the southerly boundaries of that land described as Parcels No. 5 and 8 in the aforementioned Natomas Company deed to the United States of America dated August 8, 1940, as follows: west along said boundary of Section 19, 1,320 feet, more or less, to the point of intersection of said south boundary and the north-south centerline of said Section 19; thence N71°43'09"W, 2,294.89 feet; N73°07'40"E, 2,725.41 feet to the southeast corner of that certain parcel described in the deed from the United States of America to

George Morris and William Monson dated 1 March 81 and recorded 1 July 81, in Book 81-07-01, page 1108 of Official Records, County of Sacramento Instrument No. 102099; thence northerly along the east boundary of said parcel and parallel to the north-south centerline of said Section 24, 1,756.55 feet; thence N85°58'38"W, 5,377.03 feet, more or less, to the said southerly boundary; thence along said southerly boundary the following courses and distances: N68°40'05"W, 873.00 feet; N67°39'42"E, 519.16 feet; N49°31'51"W, 1,880.70 feet; N84°03'49"E, 906.28 feet; N85°11'30"W, 1,199.16 feet; N85°28'40"E, 999.98 feet; S86°50'27"E, 2,191.08 feet; thence along the west boundary of said certain parcel N01°40'22"W, 1,718.27 feet to the southeast corner of that tract of land described as tract No. 1 in the deed from Natomas Company of California, a California corporation, to the United States of America dated 3 March 1945 and recorded 5 March 1945 in Book 1126 of Deeds, page 260, County of Sacramento; thence from said southeast corner along the southern boundary of said tract No. 1, S85°56'37"W, 254.91 feet, more or less, to the easterly corner of that certain 7.96 acre tract of land described as Tract A-109 in the Declaration of Taking (Civil 7511) filed March 15, 1957, in the United States District Court, Northern District of California, Northern Division; thence along the southeasterly boundary of said tract S53°44'W, 1,240.32 feet to the southeasterly corner of that parcel of land described in the deed from the Natomas Company of California, a California corporation, to the United States of America, dated 19 June 1957 and recorded June 21, 1957, in Book 3322 of Official Records, page 566, County of Sacramento; thence along the southerly boundary of said parcel of land S53°44'W, 1,224.1 feet, more or less, to the northeasterly corner of that certain 1.76 acre tract of land described as Tract A-115 in said Declaration of Taking; thence along the southeasterly boundary of said tract, S53°44'W, 74.7 feet, more or less, to the easterly corner of that certain 4.69 acre tract of land described as Tract A-110 in said Declaration of Taking; thence along the southeasterly boundary of said tract, S53°44'W, 797 feet, more or less, to the most southerly point of that certain 3.59 acre tract of land described as Tract A-111 in said Declaration of Taking; thence along the southwesterly boundary of said tract N37°16'W, 348.98 feet to the southeasterly corner of that certain 10.47 acre tract of land described as Tract 704 in the Declaration of Taking (CIV-S-78-367-PCV), filed 14 July 1978 in the United States District Court, Eastern District of California, Northern Division; thence along the southern and western boundaries of said parcel N89°41'45"W, 1,094.57 feet, N01°45'45"W, 577.98 feet to the northwestern corner of said parcel which is also the southwestern corner of that parcel of land described in the deed from the Natomas Real Estate Company, a California corporation, to the United States of America, dated November 3, 1988, and, recorded December 6, 1988, in Official Records of Sacramento County, Instrument No. 274857; thence along the western boundary of said parcel N00°17'46"W, 66.42 feet, more or less, to the southwest corner of that

certain 23.16 acre tract of land described as Tract A-112 in the aforesaid March 15, 1957, Declaration of Taking; thence along the western boundary of said tract N03°47'W, 791.0 feet to the southwest corner of that certain 23.16 acre tract of land described as Tract A-113 in the aforesaid March 15, 1957, Declaration of Taking; thence along the western boundary of said tract N03°47'W, 802.8 feet to the southwest corner of that certain 28.76 acre tract of land described as Tract A-112 in the aforesaid March 15, 1957, Declaration of Taking; thence along the western boundary of said tract N03°47'W, 480.1 feet to the southwest corner of that parcel of land described in the deed from John Rand and Gertrude M. Rand to the United States of America dated 7 December 1972 and recorded December 19, 1972, in Book 72 12 19, page 37 of Official Records, Sacramento County; thence along the western and northern boundaries of said parcel N04°12'51"W, 85.68 feet to the northwest corner of said parcel; thence N53°14'49"S, 1,070.45 feet to the most westerly point of the land described in the deed from Dave I. Kawamura et al. to the United States of America dated 5 December 1972 and recorded December 21, 1972, in Book 72 12 21, page 90 of Official Records, Sacramento County; thence along the northern boundary of said parcel N53°14'49"E, 358.44 feet to a point where said northern boundary intersects the west boundary of that certain 211.59 acre parcel of land described as Tract A-107 in the Declaration of Taking (Civil 38082-7716) filed April 2, 1958, in the District Court of the United States, Northern District of California, Southern Division; thence northerly along said west boundary N02°10'W, 455 feet more or less to the southwest corner of that certain tract of land described in the deed from Nelson Shaver to Nelson Horatio Shaver dated June 29, 1892, and recorded in Book 142 of Deeds, page 347, Sacramento County; thence continuing along said west boundary N02°01'W, 900.3 feet; thence N00°37'E, 1,213.2 feet to a point in the centerline of Old Placerville Road, said point also being the northwest corner of said Tract A-107; thence along the northerly boundary of said tract and the centerline of Old Placerville Road, N49°22'E, 1,317.8 feet; thence N58°15'E, 748.8 feet, more or less, to a point, said point being the northeast corner of said Tract A-107; thence S04°03'23"E, 28.5 feet, more or less, to a point in the southern boundary of Old Placerville Road, said point also being the northwest corner of that certain 136.36 acre tract of land described as Tract A-102 in the Declaration of Taking (Civil 4477) filed June 16, 1942, in the District Court of the United States, Northern District of California, Northern Division; thence along the northern boundary of said Tract A-102 N56°49'37"E, 1,600.0 feet to the northwest corner of that certain parcel of land described in the deed from the Natomas Company of California, a California corporation, to the United States of America, dated May 17, 1920, and recorded May 20, 1920, in Book 531 of Deeds, page 124, County of Sacramento; thence along the northern boundary of said parcel, said northern boundary also being the southern boundary of said Old Placerville Road, N59°56'E, 640 feet, more or less, to the most

southerly point of that certain parcel of land described as a portion of Lower Placerville Road in the deed from the Natomas Company, a California corporation, to the United States of America dated 9 May 1956 and recorded May 11, 1956, in Volume 3079, page 139, Official Records of the County of Sacramento, Instrument Number 35227, said point also being the intersection of the southeasterly extension of the westerly line of Lot 69 as said lot is shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4," and the southerly boundary of said parcel; thence northerly along said westerly line of Lot 69 and its southeasterly extension and the west boundaries of Lots 55, 54, and 53, as said lots are shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4" the following courses and distances: N31°12'30"W, 67.32 feet; thence along a curve to the right having a radius of 1,432.69 feet and a central angle of 31°34' and an arc distance of 779.54 feet; N00°15'W, 1,447.42 feet, more or less, to the point of beginning.

Parcel 1 contains approximately 5,707 acres.

(2) Parcel 2:

Beginning at a point, said point being the southwesterly corner of that land shown on the "Amended Map of Natomas American River Subdivision No. 4" filed in the office of the County Recorder, County of Sacramento, October 19, 1918, in Book 15 of Maps, Map No. 44, said point also being a concrete monument "N-7-10" as said monument is shown on said map, said point also being the southwesterly corner of that certain 10.58 acre parcel of land described in the deed from the Natomas Company, a corporation, to the United States of America dated 30 November 1943 and recorded January 15, 1949, in book 1598 of Official Records at page 312, Sacramento County; thence northerly along the west boundary of said land N23°38'W, 168.03 feet to a point where said west boundary intersects the west boundary of the land described as Parcel 2 in the deed from A. Teichert & Sons, Inc., a California corporation, to the United States of America dated 3 April 1945, said point also being the most southerly point of said .01 acre parcel; thence along said west boundary and along a curve to the right, the center of which bears N53°01'02"E, 746.34 feet from said southerly point of said Parcel 2, an arc distance of 76.47 feet to the southwest corner of the 0.27 acre parcel of land described as Parcel 1 in said deed, thence along the west boundary of said Parcel 2 and continuing along said curve to the right 93.45 feet; thence N23°38'E, 220.39 feet to the beginning of a curve to the right with a radius of 746.34 feet and an arc distance 287.61 feet; thence N01°51'15"W, 65.87 feet to the southwest corner of that 0.29 acre parcel of land described in the deed from William D. Coyle et al. to the United States of America dated 25 May 1945; thence northerly along the west boundary of said 0.29 acre parcel N01°51'15"W, 700.84 feet to the southwest corner of that certain 0.52 acre parcel of land described in the deed from Ruth Johnson to the United States of America dated 26 May 1945 and recorded August 16,

1950, in Book 1890 of Official Records, page 316, Sacramento County; thence northerly along the west boundary of said 0.52 acre parcel N01°51'15"W, 1,413.94 feet to the southwesterly corner of that certain 0.98 acre parcel of land described as Parcel 3 in the deed from the State of California to the United States of America dated 25 June 1974 and recorded August 21, 1974, in Book 7408-21 of Official Records, page 224, Sacramento County; thence northerly along the westerly boundary of said Parcel 3 from a tangent that bears N04°08'53"W along a curve to the left with a radius of 400.00 feet, an angle of 39°50'52", and an arc distance of 278.19 feet; thence N43°59'45"W, 163.20 feet; thence along a tangent curve to the right with a radius of 487.84 feet, an angle of 44°00'00", and an arc distance of 374.63 feet; thence N00°00'15"E, 88.73 feet to the southwest corner of that certain 0.66 acre parcel of land described as Parcel 2 in said State of California deed; thence northerly along the westerly boundary of said Parcel 2 N00°00'15"E, 461.58 feet to the southwest corner of that certain 0.57 acre parcel of land described as Parcel 1 in said State of California deed; thence northerly along the westerly boundary of said Parcel 1 in said state of California deed; thence northerly along the westerly boundary of said Parcel 1 N00°00'15"E, 89.16 feet; thence along a tangent curve to the right with a radius of 633.11 feet, an angle of 16°30'00", and an arc distance of 182.32 feet; thence N16°30'15"E, 122.75 feet; thence along a curve to the left with a radius of 950.00 feet, an angle of 16°28'28", and an arc distance of 273.16 feet to a point, said point bears S00°01'47"W, 244.66 feet from the southerly terminus of the westerly line of that certain parcel of land described as Parcel 7 in the aforementioned Natomas Company deed; thence northerly along said westerly line N00°32'30"E, 1,163.92 feet; thence N00°32'30"W, 723.15 feet, more or less, to a point in the north boundary of Lot 71 as said lot is shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4;" thence northeasterly along said north boundary N57°51'30"E, 61.39 feet to a point, said point being the northeast corner of said Lot 71, said point also being the northwest corner of that certain 0.15 acre parcel of land described in the deed from Mable Le Couteur, a widow, to the United States of America dated 25 May 1945 and recorded March 4, 1957, in Book 3265 of Official Records, page 327, Instrument No. 18942, Sacramento County; thence northeasterly along the northerly boundary of said parcel N57°51'30"E, 29.60 feet; N57°41'30"E, 89.38 feet; thence southwesterly along a curve to the left, the center of which bears S52°30'E, 452.68 feet from a point located N57°51'30"E, 29.60 feet from the northwest corner of Lot 6, as said lot is shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4," with a radius of 452.68 feet, an arc distance of 171.65 feet; thence S12°44'30"W, 93.66 feet to a point, said point being the easterly point of that certain 0.01 acre land described in the deed from Antone J. Rodrigues and Lucinda R. Rodrigues to the United States of America dated 25 May 1945 and recorded December 17, 1957, in Volume 3420 of Official Records,

page 568, Sacramento County; thence along the easterly boundary of said parcel S12°44'30"W, 24.21 feet to a point being the intersection of said easterly boundary and the west boundary of the aforementioned Lot 6; thence southerly along the west boundary of said Lot 6 and Lots 7, 8, and 9, as said lots are also shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4," N00°32'30"E, 1,808.85 feet to a point, said point being the southwest corner of said Lot 9; thence N00°01'47"W, 79.22 feet; thence along a curve to the right with a radius of 600 feet and a central angle of 16°28'28", and an arc distance of 172.52 feet; thence S16°30'15"W, 68.22 feet to a point on the easterly boundary of the aforementioned 0.98 acre parcel of land conveyed as Parcel 1 by the State of California to the United States of America; thence along the east boundaries of said Parcel 1 and the aforementioned Parcels 2 and 3 conveyed by the State of California to the United States of America S16°30'15"W, 58.23 feet; thence along a tangent curve to the left with a radius of 573.11 feet, an angle of 16°30'00", and an arc distance of 165.04 feet; thence S00°00'15"W, 639.47 feet; thence along a tangent curve to the left with a radius of 427.84 feet, an angle of 44°00'00", and an arc distance of 328.56 feet; thence S43°59'45"E, 148.15 feet; thence along a tangent curve to the right with a radius of 500.00 feet, an angle of 01°56'15", and an arc distance of 16.91 feet to a point on the west boundary of the aforementioned 10.58 acre parcel of land from Natomas Company to the United States of America; thence along a curve to the right with a radius of 500.00 feet, a central angle of 39°41'47" and an arc distance of 346.41 feet to a point on the east boundary of said 10.58 acre parcel; thence S02°21'43"E, 4.31 feet; thence southerly along said east boundary S01°51'E, 1,357.8 feet, more or less, to a point, said point being on the north boundary of and bearing N89°45'W, 5.00 feet from the northwest corner of Lot 55 as said lot is shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4"; thence S01°51'15"E, 661.29 feet to a point on the west boundary of said Lot 55; thence S01°51'15"E, 114.14 feet to a point on a curve to the left with a radius of 686.34 feet, the center of which bears N79°53'40"E; thence along said curve to the left an arc distance of 266.85 feet; thence S23°51'E, 220.46 feet; thence along a curve to the left with a radius of 686.78 feet, the center of which bears N53°01'20"E, an arc distance of 321.05 feet, more or less, to the south line of Lot 77 as said lot is shown on the aforementioned "Amended Map of Natomas American River Subdivision No. 4"; thence along said south line S59°51'W, 144.84 feet to the point of beginning.

Parcel 2 contains approximately 8.9 acres.

33492.65. (a) Notwithstanding Section 21090 of the Public Resources Code, the redevelopment agency for the County of Sacramento or the legislative body of the County of Sacramento may determine at a noticed public hearing that the adoption of a redevelopment plan for the Mather Air Force Base Redevelopment Project Area pursuant to this chapter is not subject to the California

Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), except that projects implementing the redevelopment plan, including specific plans, rezonings, and ministerial projects, that may have a significant effect on the environment shall be subject to the California Environmental Quality Act. The environmental document for any implementing project shall include an analysis and mitigation of potential cumulative impacts that otherwise will not be known until an environmental impact report for the redevelopment plan is certified.

(b) The notice of the public hearing required pursuant to subdivision (a) shall include the date, time, and place of the hearing, a brief description of the proposed project and its location, the date when notice will be provided pursuant to Section 21092 of the Public Resources Code, and the address where copies of the notice of exemption are available for review.

(c) The notice required by this section shall be given to all organizations and individuals who have previously requested notice pursuant to the California Environmental Quality Act, and shall be given by publication, no fewer times than required by Section 6061 of the Government Code, by the public agency in a newspaper of general circulation in the area affected by the proposed project.

(d) If the redevelopment agency for the County of Sacramento or the legislative body of the County of Sacramento determines, pursuant to subdivision (a), that the adoption of a redevelopment plan is not subject to the California Environmental Quality Act, the redevelopment agency shall prepare and certify an environmental impact report for the redevelopment plan within 18 months after the effective date of the ordinance adopting the redevelopment plan. An environmental impact report prepared and certified for a specific plan or other comprehensive land use plan for the Mather Air Force Base Redevelopment Project Area shall satisfy the requirement of this subdivision.

33492.67. For the project area formed on the former Mather Air Force Base pursuant to this article, the total amount to be allocated to affected school districts pursuant to Section 33492.15 shall be 78 percent of the amount calculated pursuant to paragraphs (1), (2), (3), and (4) of subdivision (a) of Section 33492.15.

33492.69. As used in this chapter, "fiscal year" means a year commencing on July 1 and ending on the next June 30.

SEC. 5. Section 33670 of the Health and Safety Code is amended to read:

33670. Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of that property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to and when collected shall be paid to the respective taxing agencies as taxes by or for the taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which that territory has been annexed or otherwise included after that effective date, the assessment roll of the county last equalized on the effective date of the ordinance shall be used in determining the assessed valuation of the taxable property in the project on the effective date); and

(b) Except as provided in subdivision (e) or in Section 33492.15, that portion of the levied taxes each year in excess of that amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in that project as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid to the respective taxing agencies. When the loans, advances, and indebtedness, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in the redevelopment project shall be paid to the respective taxing agencies as taxes on all other property are paid.

(c) In any redevelopment project in which taxes have been divided pursuant to this section prior to 1968, located within any county with total assessed valuation subject to general property taxes for the 1967–68 fiscal year between two billion dollars ($2,000,000,000) and two billion one hundred million dollars ($2,100,000,000), if the total assessed valuation of taxable property within the redevelopment project for the 1967–68 fiscal year was reduced, the total sum of the assessed value of taxable property used as the basis for apportionment of taxes under subdivision (a) shall be reduced by 10 percent for the 1968–69 fiscal year and fiscal years thereafter.

(d) For the purposes of this section, taxes shall not include taxes from the supplemental assessment roll levied pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 of Division 1 of the Revenue and Taxation Code for the 1983–84 fiscal year.

(e) That portion of the taxes in excess of the amount identified in subdivision (a) which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to, and when collected shall be paid into, the fund of that taxing agency. This subdivision shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

SEC. 6. The Legislature finds and declares that, because of the unique circumstances set forth in Section 33492.60 of the Health and Safety Code, applicable only to the County of Sacramento and its redevelopment agency due to the closure of Mather Air Force Base and the actions of the federal government to dispose of the land and improvements consisting of Mather Air Force Base to public and private parties before the County of Sacramento can adopt a comprehensive plan for the land use, infrastructure, and public services deemed appropriate by the county for the area comprising Mather Air Force Base and surrounding areas, and because these actions by the federal government, if not taken within the context of a comprehensive county plan, could seriously impair the ability of the County of Sacramento to achieve important local, regional, and statewide goals pertaining to air quality, transportation, open space and protection of environmental and natural resources, affordable housing, and job-creating economic development, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. The enactment of Article 3 (commencing with Section 33492.60) of Chapter 4.5 of Part 1 of Division 24 of the Health and Safety Code is therefore necessary.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

However, as to any costs incurred by the County of Sacramento pursuant to this act, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the

Government Code unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and goes into immediate effect. The facts constituting the urgency are:

The federal government is in the process of closing several military facilities throughout the state. The affected local government entities need to have procedures in place to deal with the social and economic dislocations caused by these base closures. More specifically, for example, the federal government is closing Mather Air Force Base in the County of Sacramento and disposing of land and improvements comprising Mather Air Force Base. Urgent action by the County of Sacramento and its redevelopment agency is required in order to properly plan for the redevelopment and reuse of the area comprising Mather Air Force Base and surrounding areas. In order to do this, the County of Sacramento and its redevelopment agency need to be able to act quickly to establish a redevelopment project area and adopt a redevelopment plan. In like manner, other communities affected by base closures need to have authority to deal with these situations. It is, therefore, necessary that this act take effect immediately.

CHAPTER 945

An act to repeal and add Title 14 (commencing with Section 95000) of the Government Code, relating to early intervention services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Title 14 (commencing with Section 95000) of the Government Code is repealed.

SEC. 2. Title 14 (commencing with Section 95000) is added to the Government Code, to read:

TITLE 14. CALIFORNIA EARLY INTERVENTION SERVICES ACT

CHAPTER 1. GENERAL PROVISIONS

95000. This title may be cited as the California Early Intervention Services Act.

95001. (a) The Legislature hereby finds and declares all of the following:

(1) There is a need to provide appropriate early intervention services individually designed for infants and toddlers from birth through two years of age, who have disabilities or are at risk of having disabilities, to enhance their development and to minimize the potential for developmental delays.

(2) Early intervention services for infants and toddlers with disabilities or at risk represent an investment of resources, in that these services reduce the ultimate costs to our society, by minimizing the need for special education and related services in later school years and by minimizing the likelihood of institutionalization. These services also maximize the ability of families to better provide for the special needs of their child. Early intervention services for infants and toddlers with disabilities maximize the potential to be effective in the context of daily life and activities, including the potential to live independently, and exercise the full rights of citizenship. The earlier intervention is started, the greater is the ultimate cost-effectiveness and the higher is the educational attainment and quality of life achieved by children with disabilities.

(3) The family is the constant in the child's life, while the service system and personnel within those systems fluctuate. Because the primary responsibility of an infant or toddler's well-being rests with the family, services should support and enhance the family's capability to meet the special developmental needs of their infant or toddler with disabilities.

(4) Family to family support strengthens families' ability to fully participate in services planning and their capacity to care for their infant or toddler with disabilities.

(5) Meeting the complex needs of infants with disabilities and their families requires active state and local coordinated, collaborative and accessible service delivery systems that are flexible, culturally competent and responsive to family identified needs. When health, developmental, educational and social programs are coordinated, they are proven to be cost-effective, not only for systems, but for families as well.

(6) Family-professional collaboration contributes to changing the ways that early intervention services are provided and to enhancing their effectiveness.

(7) Infants and toddlers with disabilities are a part of their communities, and as citizens make valuable contributions to society as a whole.

(b) Therefore, it is the intent of the Legislature that:

(1) Funding provided under Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.), be used to improve and enhance early intervention services as defined in this title by developing innovative ways of providing family focused, coordinated services, which are built upon existing systems.

(2) The State Department of Developmental Services, the

California Department of Education, the State Department of Health Services, the State Department of Mental Health, the State Department of Social Services, and the State Department of Alcohol and Drug Programs coordinate services to infants and toddlers with disabilities and their families. These agencies need to collaborate with families and communities to provide family centered, comprehensive, multidisciplinary, interagency community-based, early intervention services for infants and toddlers with disabilities.

(3) Families be well informed, supported, and respected as capable and collaborative decisionmakers regarding services for their child.

(4) Professionals be supported to enhance their training and maintain a high level of expertise in their field, as well as knowledge of what constitutes most effective early intervention practices.

(5) Families and professionals join in collaborative partnerships to develop early intervention services which meet the needs of infants and toddlers with disabilities, and that such partnerships be the basis for the development of services which meet the needs of the culturally and linguistically diverse population of California.

(6) To the maximum extent possible, infants and toddlers with disabilities and their families be provided services in the most natural environment, and include the use of natural supports and existing community resources.

(7) The services delivery system be responsive to the families and children it serves within the context of cooperation and coordination among the various agencies.

(8) Early intervention program quality be assured and maintained through established early intervention program and personnel standards.

(9) The early intervention system be responsive to public input and participation in the development of implementation policies and procedures for early intervention services through the forum of an interagency coordinating council established pursuant to federal regulations under Part H of the Individuals with Disabilities Education Act.

(c) It is not the intent of the Legislature to require the State Department of Education to implement this title unless adequate reimbursement, as specified and agreed to by the department, is provided to the department from federal funds from Part H of the Individuals with Disabilities Education Act.

95002. The purpose of this title is to provide a statewide system of coordinated, comprehensive, family-centered, multidisciplinary, interagency programs, responsible for providing appropriate early intervention services and support to all eligible infants and toddlers and their families.

95003. (a) The state's participation in Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) shall be contingent on the receipt of federal funds to cover the costs of complying with the federal statutes and regulations that impose new

requirements on the state. The State Department of Developmental Services and the State Department of Education shall annually report to the Department of Finance during preparation of the Governor's Budget, and the May revision, the budget year costs and federal funds projected to be available.

(b) If the amount of funding provided by the federal government pursuant to Part H of the Individuals with Disabilities Education Act for the 1993–94 fiscal year, or any fiscal year thereafter, is not sufficient to fund the full increased costs of participation in this federal program by the local education agencies, as required pursuant to this title, for infants and toddlers from birth through two years of age identified pursuant to Section 95014, and that lack of federal funding would require an increased contribution from the General Fund or a contribution from a local educational agency in order to fund those required and supplemental costs, the state shall terminate its participation in the program. Termination of the program shall occur on July 1 if local education agencies have been notified of the termination prior to March 10 of that calendar year. If this notification is provided after March 10 of a calendar year, then termination shall not occur earlier than July 1 of the subsequent calendar year. The voluntary contribution by a state or local agency of funding for any of the programs or services required pursuant to this title shall not constitute grounds for terminating the state's participation in that federal program. It is the intent of the Legislature that if the program terminates, the termination shall be carried out in an orderly manner with notification of parents and certificated personnel.

(c) This title shall remain in effect only until the state terminates its participation in Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) for individuals from birth through two years of age and notifies the Secretary of the Senate of the termination, and as of that later date is repealed. As the lead agency, the State Department of Developmental Services shall, upon notification by the Department of Finance or the State Department of Education as to the insufficiency of federal funds and the termination of this program, be responsible for the payment of services pursuant to this title when no other agency or department is required to make these payments.

95004. The early intervention services specified in this title shall be provided as follows:

(a) Direct services for eligible infants and toddlers and their families shall be provided pursuant to the existing regional center system under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code) and the existing local education agency system under appropriate sections of Part 30 (commencing with Section 56000) of the Education Code and regulations adopted pursuant thereto, and Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.).

(b) Existing obligations of the state to provide these services at state expense shall not be expanded.

(c) It is the intent of the Legislature that services be provided in accordance with Sections 303.124, 303.126, and 303.527 of Title 34 of the Code of Federal Regulations.

CHAPTER 2. ADMINISTRATION

95006. This title shall be administered under the shared direction of the Secretary of the Health and Welfare Agency and the Superintendent of Public Instruction. The planning, development, implementation, and monitoring of the statewide system of early intervention services shall be conducted by the State Department of Developmental Services in collaboration with the State Department of Education with the advice and assistance of an interagency coordinating council established pursuant to federal regulations.

95007. The State Department of Developmental Services shall serve as the lead agency responsible for administration and coordination of the statewide system. The specific duties and responsibilities of the State Department of Developmental Services shall include, but are not limited to, all of the following:

(a) Establishing a single point of contact with the federal Office of Special Education Programs for the administration of Part H of the Individuals with Disabilities Education Act.

(b) Administering the state early intervention system in accordance with Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.), and applicable regulations and approved state application.

(c) Administering mandatory and discretionary components as specified in Sections 95022 and 95024.

(d) Administering fiscal arrangements and interagency agreements with participating agencies and community-based organizations to implement this title.

(e) Establishing interagency procedures, including the designation of local coordinating structures, as are necessary to share agency information and to coordinate policymaking activities.

(f) Adopting written procedures for receiving and resolving complaints regarding violations of Part H of the Individuals with Disabilities Education Act by public agencies covered under this title, as specified in Section 1476(b)(9) of Title 20 of the United States Code and appropriate federal regulations.

(g) Establishing, adopting, and implementing procedural safeguards that comply with the requirements of Part H of the Individuals with Disabilities Education Act, as specified in Section 1480 of Title 20 of the United States Code and appropriate federal regulations.

(h) Monitoring of agencies, institutions, and organizations receiving assistance under this title.

(i) Establishing innovative approaches to information

distribution, family support services, and interagency coordination at the local level.

(j) Ensuring the provision of appropriate early intervention services to all infants eligible under Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) and under Section 95014, except for those infants who have solely a low incidence disability as defined in Section 56026.5 of the Education Code and who are not eligible for services under the Lanterman Development Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code).

The development and implementation of subdivisions (e) to (h), inclusive, shall be a collaborative effort between the State Department of Developmental Services and the State Department of Education. In establishing the written procedures for receiving and resolving complaints as specified in subdivision (f) and in establishing and implementing procedural safeguards as specified in subdivision (g), it is the intent of the Legislature that these procedures be identical for all infants served under this act and shall be in accordance with Section 303.400 and subdivision (b) of Section 303.420 of Title 34 of the Code of Federal Regulations. The procedural safeguards and due process requirements established under this title shall replace and be used in lieu of due process procedures contained in Chapter 1 (commencing with Section 4500) of Division 4.5 of the Welfare and Institutions Code and Part 30 (commencing with Section 56500) of the Education Code for infants and their families eligible under this title.

95008. The State Department of Education shall be responsible for administering services and programs for infants with solely visual, hearing, and severe orthopedic impairments, and any combination thereof, who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d), or (e) of Section 3030 of, and Section 3031 of, Title 5 of the California Code of Regulations and Part H of the Individuals with Disabilities Education Act (20 U.S.C. Section 1471 et seq.) and who are not eligible for services under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code).

95009. The development of joint regulations for meeting the requirements of this title shall be the shared responsibility of the State Department of Developmental Services on behalf of the Secretary of the Health and Welfare Agency, and the State Department of Education on behalf of the Superintendent of Public Instruction. The joint regulations shall be agreed upon by both departments. These regulations shall be developed and approved by October 1, 1995. The Department of Finance shall review and comment upon the joint regulations prior to any public hearing on them.

CHAPTER 3. STATE INTERAGENCY COORDINATION

95012. (a) The following departments shall cooperate and coordinate their early intervention services for eligible infants and their families under this title:

(1) State Department of Developmental Services.
(2) State Department of Education.
(3) State Department of Health Services.
(4) State Department of Social Services.
(5) State Department of Mental Health.
(6) State Department of Alcohol and Drug Programs.

(b) Each participating department shall enter into an interagency agreement with the State Department of Developmental Services. Each interagency agreement shall specify, at a minimum, the agency's current and continuing level of financial participation in providing services to infants and toddlers with disabilities and their families. Each interagency agreement shall also specify procedures for resolving disputes in a timely manner. Interagency agreements shall also contain provisions for ensuring effective cooperation and coordination among agencies concerning policymaking activities associated with the implementation of this title, including legislative proposals, regulation development, and fiscal planning. All interagency agreements shall be reviewed annually and revised as necessary.

CHAPTER 4. ELIGIBILITY

95014. (a) The term "eligible infant or toddler" for the purposes of this title means infants and toddlers from birth through two years of age, for whom a need for early intervention services, as specified in the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) and applicable regulations, is documented by means of assessment and evaluation as required in Sections 95016 and 95018 and who meet one of the following criteria:

(1) Infants and toddlers with a developmental delay in one or more of the following five areas: cognitive development; physical and motor development, including vision and hearing; communication development; social or emotional development; or adaptive development. Developmentally delayed infants and toddlers are those who are determined to have a significant difference between the expected level of development for their age and their current level of functioning. This determination shall be made by qualified personnel who are recognized by, or part of, a multidisciplinary team, including the parents.

(2) Infants and toddlers with established risk conditions, who are infants and toddlers with conditions of known etiology or conditions with established harmful developmental consequences. The conditions shall be diagnosed by a qualified personnel recognized by, or part of, a multidisciplinary team, including the parents. The

condition shall be certified as having a high probability of leading to developmental delay if the delay is not evident at the time of diagnosis.

(3) Infants and toddlers who are at high risk of having substantial developmental disability due to a combination of biomedical risk factors, the presence of which is diagnosed by qualified clinicians recognized by, or part of, a multidisciplinary team, including the parents.

(b) Regional centers and local education agencies shall be responsible for ensuring that eligible infants and toddlers are served as follows:

(1) The State Department of Developmental Services and regional centers shall be responsible for the provision of appropriate early intervention services in accordance with Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) for all infants eligible under Section 95014, except for those infants with solely a visual, hearing, or severe orthopedic impairment, or any combination thereof, who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d), or (e) of Section 3030 of, and Section 3031 of, Title 5 of the California Code of Regulations.

(2) The State Department of Education and local education agencies shall be responsible for the provision of appropriate early intervention services in accordance with Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) for infants with solely a visual, hearing, or severe orthopedic impairment, or any combination thereof who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d), or (e) of Section 3030 of, and Section 3031 of, Title 5 of the California Code of Regulations, and who are not eligible for services under the Lanterman Developmental Services Disabilities Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code).

(c) For infants and toddlers and their families who are eligible to receive services from both a regional center and a local education agency, the regional center shall be the agency responsible for providing or purchasing appropriate early intervention services that are beyond the mandated responsibilities of local education agencies. The local education agency shall provide special education services up to its funded program capacity as established annually by the State Department of Education in consultation with the State Department of Developmental Services and the Department of Finance.

(d) No agency or multidisciplinary team, including any agency listed in Section 95012, shall presume or determine eligibility, including eligibility for medical services, for any other agency. However, regional centers and local education agencies shall coordinate intake, evaluation, assessment, and individualized family service plans for infants and toddlers and their families who are

served by an agency.

(e) Upon termination of the program pursuant to Section 95003, the State Department of Developmental Services shall be responsible for the payment of services pursuant to this title.

CHAPTER 5. SERVICES

95016. (a) Each infant or toddler referred for evaluation for early intervention services shall have a timely, comprehensive, multidisciplinary evaluation of his or her needs and level of functioning in order to determine eligibility. If the infant or toddler is determined eligible, an assessment shall be conducted to identify the child's unique strengths and needs and the services appropriate to meet those needs; and the resources, priorities and concerns of the family and the supports and services necessary to enhance the family's capacity to meet the developmental needs of their infant or toddler. Family assessments shall be family directed and voluntary on the part of the family.

(b) Regional centers and local education agencies or their designees shall be responsible for ensuring that the requirements of this section are implemented. The procedures, requirements, and timelines for evaluation and assessment shall be consistent with the statutes and regulations under Part H of the Individuals with Disabilities Education Act (20 U.S.C. 1471 et seq.), applicable regulations, and this title, and shall be specified in regulations adopted pursuant to Section 95028.

95018. Each eligible infant or toddler and family shall be provided a service coordinator who will be responsible for facilitating the implementation of the individualized family service plan and for coordinating with other agencies and persons providing services to the family. The qualifications, responsibilities, and functions of service coordinators shall be consistent with the statutes and regulations under Part H and this title, and shall be specified in regulations adopted pursuant to Section 95028. Pursuant to Section 303.521 of Title 34 of the Code of Federal Regulations, service coordination is not subject to any fees that might be established for any other federal or state program.

95020. (a) Each eligible infant or toddler shall have an individualized family service plan. The individualized family service plan shall be used in place of an individualized program plan required pursuant to Sections 4646 and 4646.5 of the Welfare and Institutions Code, the individual education plan required pursuant to Section 56340 of the Education Code, or any other applicable service plan.

(b) For an infant or toddler who has been evaluated for the first time, a meeting to determine eligibility and to develop the initial individualized family service plan shall be conducted within 45 calendar days of receipt of the written referral. Written parent consent to evaluate and assess shall be obtained within the 45-day

timeline. A regional center, local education agency, or their designees shall initiate and conduct this meeting.

(c) The individualized family service plan shall be in writing and shall address all of the following:

(1) A statement of the infant or toddler's present levels of physical development including vision, hearing, and health status, cognitive development, communication development, social and emotional development, and adaptive developments.

(2) With the concurrence of the family, a statement of the family's concerns, priorities, and resources related to meeting the special developmental needs of the eligible infant or toddler.

(3) A statement of the major outcomes expected to be achieved for the infant or toddler and family where services for the family are related to meeting the special developmental needs of the eligible infant or toddler.

(4) The criteria, procedures, and timelines used to determine the degree to which progress toward achieving the outcomes is being made and whether modifications or revisions are necessary.

(5) A statement of the specific early intervention services necessary to meet the unique needs of the infant or toddler as identified in paragraph (3), including, but not limited to, the frequency, intensity, location, duration, and method of delivering the services, and ways of providing services in natural environments.

(6) A statement of the agency responsible for providing the identified services.

(7) The name of the service coordinator who shall be responsible for facilitating implementation of the plan and coordinating with other agencies and persons.

(8) The steps to be taken to ensure transition of the infant or toddler upon reaching three years of age to other appropriate services. These may include, as appropriate, special education or other services offered in natural environments.

(9) The projected dates for the initiation of services in paragraph (5) and the anticipated duration of those services.

(d) Each service identified on the individualized family service plan shall be designated as one of three types:

(1) An early intervention service, as defined in Part H (20 U.S.C. Section 1472 (2)), and applicable regulations, that is provided or purchased through the regional center, local education agency, or other participating agency. The State Department of Health Services, State Department of Social Services, State Department of Mental Health, and State Department of Alcohol and Drug Programs shall provide services in accordance with state and federal law and applicable regulations, and up to the level of funding as appropriated by the Legislature. Early intervention services identified on an individualized family service plan that exceed the funding, statutory, and regulatory requirements of these departments shall be provided or purchased by regional centers or local education agencies under subdivisions (b) and (c) of Section 95014. The State Department of

Health Services, State Department of Social Services, State Department of Mental Health, and State Department of Alcohol and Drug Programs shall not be required to provide early intervention services over their existing funding, statutory, and regulatory requirements.

(2) Any other service, other than those specified in paragraph (1), which the eligible infant or toddler or his or her family may receive from other state programs, subject to the eligibility standards of those programs.

(3) A referral to a nonrequired service that may be provided to an eligible infant or toddler or his or her family. Nonrequired services are those services that are not defined as early intervention services or do not relate to meeting the special developmental needs of an eligible infant or toddler related to the disability, but which may be helpful to the family. The granting or denial of nonrequired services by any public or private agency is not subject to appeal under this title.

(e) An annual review, and other periodic reviews of the individualized family service plan for an infant's or toddler and the infant or toddler's family shall be conducted to determine the degree of progress that is being made in achieving the outcomes specified in the plan and whether modification or revision of the outcomes or services is necessary. The frequency, participants, purpose, and required processes for annual and periodic reviews shall be consistent with the statutes and regulations under Part H and this title, and shall be specified in regulations adopted pursuant to Section 95028.

95022. The statewide system of early intervention shall be administered by the State Department of Developmental Services in collaboration with the State Department of Education and with the advice and assistance of an interagency coordinating council established pursuant to federal regulations and shall include all of the following mandatory components:

(a) A central directory that includes information about early intervention services, resources, and experts available in the state, professionals and other groups providing services to eligible infants and toddlers, and research and demonstration projects being conducted in the state. The central directory shall specify the nature and scope of the services available and the telephone number and address for each of the sources listed in the directory.

(b) A public awareness program focusing on early identification of eligible infants and toddlers and the dissemination of information about the purpose and scope of the system of early intervention services and how to access evaluation and other early intervention services.

(c) Personnel standards that ensure that personnel are appropriately and adequately prepared and trained.

(d) A comprehensive system of personnel development that provides training for personnel including, but not limited to, public

and private providers, primary referral sources, paraprofessionals, and persons who will serve as service coordinators. The training shall specifically address at least all of the following:

(1) Understanding the early intervention services system, including the family service plan process.

(2) Meeting the interrelated social, emotional, and health needs of eligible infants and toddlers.

(3) Assisting families in meeting the special developmental needs of the infant or toddler, assisting professionals to utilize best practices in family focused early intervention services and promoting family professional collaboration.

(4) Reflecting the unique needs of local communities and promoting culturally competent service delivery.

(e) A comprehensive child-find system, including policies and procedures that ensure that all infants and toddlers who may be eligible for services under this title are identified, located, and evaluated, that services are coordinated between participating agencies, and that infants and toddlers are referred to the appropriate agency.

(f) A surrogate parent program established pursuant to Section 303.405 of Title 34 of the Code of Federal Regulations to be used by regional centers and local education agencies.

CHAPTER 6. FUNDING

95024. (a) Any increased cost to local educational agencies due to the implementation of this title shall be funded from the Part H federal funds provided for the purposes of this title.

(b) Any increased costs to regional centers due to the implementation of this title shall be funded from the Part H federal funds provided for the purposes of this title.

(c) The annual Budget Act shall specify the amount of federal Part H funds allocated for local assistance and for state operations individually, for the State Department of Developmental Services, and for the State Department of Education.

(d) If federal funds are available after mandatory components and increased costs in subdivisions (a) and (b), if any, are funded, the lead agency, in consultation with the State Department of Education, may do the following:

(1) Designate local interagency coordination areas throughout the state and allocate available Part H funds to fund interagency coordination activities, including, but not limited to, outreach and public awareness, and interagency approaches to service planning and delivery. If the lead agency chooses to designate and fund local interagency coordination areas, the lead agency shall first offer to enter into a contract with the regional center or a local education agency. If the regional center or any of the local education agencies do not accept the offer, the lead agency, in consultation with the State Department of Education and the approval of the regional

center and local education agencies in the area, may directly enter into a contract with a private, nonprofit organization. Nothing in this section shall preclude a regional center or local education agency that enters into a contract with the lead agency from subcontracting with a private, nonprofit organization.

(2) Allocate funds to support family resource services, including, but not limited to, parent-to-parent support, information dissemination and referral, public awareness, family-professional collaboration activities, and transition assistance for families.

(e) If an expenditure plan is developed under subdivision (d), the lead agency, in consultation with the State Department of Education, shall give high priority to funding family resource services.

(f) Nothing in this section shall be construed to limit the lead agency's authority, in consultation with the State Department of Education, to allocate discretionary Part H funds for any legitimate purpose consistent with the statutes and regulations under Part H (20 U.S.C. Secs. 1471 to 1485, inclusive) and this title.

CHAPTER 7. DATA COLLECTION

95026. The lead agency shall maintain a system for compiling data required by the federal Office of Special Education Programs, through Part H of the Individuals with Disabilities Education Act, including the number of eligible infants and toddlers and their families in need of appropriate early intervention services, the number of eligible infants and toddlers and their families served, the types of services provided, and other information required by the federal Office of Special Education Programs. All participating agencies listed in Section 95012 shall assist in the development of the system and shall cooperate with the lead agency in meeting federal data requirements. The feasibility of using existing systems and including social security numbers shall be explored to facilitate data collection.

CHAPTER 8. REGULATIONS

95028. (a) On or before October 1, 1995, the State Department of Developmental Services, on behalf of the Secretary of the Health and Welfare Agency, and the State Department of Education, on behalf of the Superintendent of Public Instruction, shall jointly develop, approve, and implement regulations, as necessary, to comply with the requirements of this title and Part H, as specified in federal statutes and regulations.

(b) The regulations developed pursuant to this section shall include, but are not limited to, the following requirements:

(1) The administrative structure for planning and implementation of the requirements of this title and Part H.

(2) Eligibility for Part H services.

(3) Evaluation and assessment.
(4) Individualized family service plans.
(5) Service coordination.
(6) The program and service components of the statewide system for early intervention services.
(7) The duties and responsibilities of the lead agency as specified in Section 95006, including procedural safeguards and the process for resolving complaints against a public agency for violation of the requirements of Part H.

(c) The State Department of Developmental Services shall adopt regulations to implement this title in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. Initial regulations to implement this title shall be adopted as emergency regulations. The adoption of these initial emergency regulations shall be considered by the Office of Administrative Law to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The initial emergency regulations shall remain in effect for no more than 180 days. These regulations shall be jointly developed by the State Department of Developmental Services and the State Department of Education by July 1, 1994. The Department of Finance shall review and comment upon the emergency regulations prior to their adoption.

CHAPTER 9. EVALUATION

95029. The State Department of Developmental Services and the State Department of Education shall ensure that an independent evaluation of the program and its structure is completed by October 1, 1996. The evaluation shall address the following issues:

(a) The efficiency and cost-effectiveness of the state administrative structure, the local interagency coordinating structure, and the mandatory program components.

(b) The degree to which programs and services provided through regional centers and local education agencies fulfill the purpose of Part H of the Individuals with Disabilities Education Act.

(c) The extent to which implementation of the program has resulted in improved services for infants and their families, and greater satisfaction with service delivery by families.

(d) The outcomes and effectiveness of family resource centers.

(e) The adequacy of the Part H funding models. The evaluation shall be funded with federal funds.

CHAPTER 10. TERMINATION

95030. Unless repealed earlier pursuant to subdivision (c) of Section 95003, this division shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1998, deletes or extends that

date.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. Title 14 (commencing with Section 95000) is added to the Government Code, to read:

TITLE 14. CALIFORNIA EARLY INTERVENTION SERVICES ACT

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

Article 1. General Provisions

95000. The Legislature finds that disabled and high-risk infants now survive the newborn period due to greatly improved surgical and medical care services; however, in any communities, services which provide the careful nurturing and stimulation that these infants need to develop to their potential are not available. The Legislature hereby finds and declares that individualized early intervention services for infants, who are at high risk or who have disabling condition, and for their families, which provide educational, developmental, health, and social services with active parent involvement, can significantly reduce the potential impact of many disabling conditions and positively influence later development when the child reaches school age.

The Legislature further finds that infants have unique needs and therefore require both a unique service delivery model, which may be different from any system currently in place in California, and unique program and personnel standards specific to the needs of infants who are at high risk or who have a disabling condition and their families.

The Legislature further acknowledges that early intervention services are cost-effective, in that these services frequently make productive citizens of children and eliminate the far greater costs of long-term remedial treatment for, and unnecessary lifelong dependency on others.

95002. It is the intent of the Legislature that those agencies which possess the greatest expertise in providing early intervention services to infants and their families in the past continue to provide

these services. It is the further intent of the Legislature that existing early intervention services rendered by state and local public agencies and private agencies be coordinated and maximized through interagency services with specific state and local government responsibilities.

95003. It is the intent of the Legislature that the State Department of Health Services, the State Department of Developmental Services, the State Department of Mental Health, the State Department of Social Services, and the State Department of Education work together to provide coordinated, interagency services to high-risk and disabled infants and their families.

95004. This title shall become operative upon the repeal of Title 14 (commencing with Section 95000) as added by Section 3 of Senate Bill 1085 of the 1993–94 Regular Session.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that early intervention services may be available to infants and toddlers with disabilities and their families in accordance with federal program requirements, it is necessary that this act take effect immediately.

CHAPTER 946

An act to amend Section 25128 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25128 of the Revenue and Taxation Code is amended to read:

25128. (a) Notwithstanding Section 38006, all business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus twice the sales factor, and the denominator of which is four, except as provided in subdivision (b).

(b) If a taxpayer has more than 50 percent of its "gross business receipts" derived from conducting an extractive or agricultural business activity, all the business income of the taxpayer shall be apportioned to this state by multiplying the business income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

(c) For purposes of this section:

(1) "Gross business receipts" means gross receipts derived in the production of business income subject to apportionment.

(2) "Agricultural business activity" means activities relating to any stock, dairy, poultry, fruit, furbearing animal, or truck farm, plantation, ranch, nursery, or range. "Agricultural business activity" also includes activities relating to cultivating the soil or raising or harvesting any agricultural or horticultural commodity, including, but not limited to, the raising, shearing, feeding, caring for, training, or management of animals on a farm as well as the handling, drying, packing, grading, or storing on a farm any agricultural or horticultural commodity in its unmanufactured state, but only if the owner, tenant, or operator of the farm regularly produces more than one-half of the commodity so treated.

(3) "Extractive business activity" means activities relating to the production, refining, or processing of oil, natural gas, or mineral ore.

(4) In any case where the income and apportionment factors of two or more affiliated banks or corporations are required to be included in a combined report under Section 25101, the term "taxpayer" shall refer to all of those corporations.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 947

An act to add Section 2056 to the Business and Professions Code, relating to medicine.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 8, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2056 is added to the Business and Professions Code, to read:

2056. (a) The purpose of this section is to provide protection against retaliation for physicians who advocate for medically appropriate health care for their patients pursuant to Wickline v. State of California 192 Cal. App. 3d 1630.

(b) It is the public policy of the State of California that a physician and surgeon be encouraged to advocate for medically appropriate health care for his or her patients. For purposes of this section, "to advocate for medically appropriate health care" means to appeal a payor's decision to deny payment for a service pursuant to the reasonable grievance or appeal procedure established by a medical group, independent practice association, preferred provider organization, foundation, hospital medical staff and governing body, or payer, or to protest a decision, policy, or practice that the physician, consistent with that degree of learning and skill ordinarily

possessed by reputable physicians practicing in the same or a similar locality and under similar circumstances, reasonably believes impairs the physician's ability to provide medically appropriate health care to his or her patients.

(c) The application and rendering by any person of a decision to terminate an employment or other contractual relationship with or otherwise penalize a physician and surgeon principally for advocating for medically appropriate health care consistent with that degree of learning and skill ordinarily possessed by reputable physicians practicing in the same or a similar locality and under similar circumstances violates the public policy of this state.

(d) This section shall not be construed to prohibit a payer from making a determination not to pay for a particular medical treatment or service, or to prohibit a medical group, independent practice association, preferred provider organization, foundation, hospital medical staff, hospital governing body acting pursuant to Section 809.05, or payer from enforcing reasonable peer review or utilization review protocols or determining whether a physician has complied with those protocols.

(e) Medically appropriate health care in a hospital licensed pursuant to Section 1250 of the Health and Safety Code shall be defined by the hospital medical staff and approved by the governing body, consistent with that degree of learning and skill ordinarily possessed by reputable physicians practicing in the same or a similar locality and under similar circumstances.

(f) Nothing in this section shall be construed to prohibit the governing body of a hospital from taking disciplinary actions against a physician and surgeon as authorized by Sections 809.05, 809.4, and 809.5.

(g) Nothing in this section shall be construed to prohibit the Medical Board of California from taking disciplinary actions against a physician and surgeon under Article 12 (commencing with Section 2220).

(h) For purposes of this section, "person" has the same meaning as set forth in Section 2032.

CHAPTER 948

An act to amend Sections 46003 and 46003.5 of, and to add Section 46015 to, the Food and Agricultural Code, and to amend Sections 26200.5, 26569.22, 26569.23, 26569.29, 26569.30, 26569.31, 26569.32, 26569.34, 26569.35, and 26569.36 of, and to add Sections 26569.51, 26569.52, 26569.53, and 26850.6 to, the Health and Safety Code, relating to organic foods, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 46003 of the Food and Agricultural Code is amended to read:

46003. (a) The director shall establish an advisory board, which shall be known as the Organic Food Advisory Board, for the purpose of advising the director with respect to his or her responsibilities under this chapter and Article 4.5 (commencing with Section 26569.20) of Chapter 5 of Division 21 of the Health and Safety Code.

(b) The advisory board shall be comprised of 14 members. Six members shall be producers, at least one of whom shall be a producer of meat, fowl, fish, dairy products, or eggs. Two members shall be processors, one member shall be a handler or a retailer, two members shall be consumer representatives, one member shall be an environmental representative, and two members shall be technical representatives with scientific credentials related to agricultural chemicals, toxicology, or food science. Except for the consumer, environmental, and technical representatives, the members of the advisory board shall have derived a substantial portion of their business income, wages, or salary from the production, handling, processing, or retailing of food sold as organic for at least three years preceding their appointment to the advisory board. The consumer and environmental representatives shall not have a financial interest in the organic food industry and shall be representatives of recognized nonprofit organizations whose principal purpose is the protection of consumer health or protection of the environment. The technical representatives shall not have a financial interest in the organic food industry.

(c) The members of the advisory board described in subdivision (b) shall be reimbursed for the reasonable expenses actually incurred in the performance of their duties, as determined by the advisory board and approved by the director.

(d) The State Director of Health Services, or his or her representative, and a county agricultural commissioner shall be appointed as ex officio members of the advisory board.

SEC. 2. Section 46003.5 of the Food and Agricultural Code is amended to read:

46003.5. (a) On or before July 1, 1996, the director, in consultation with the Organic Food Advisory Board, shall adopt regulations listing specific substances that are in compliance or not in compliance with the definition of "prohibited materials," as defined in subdivision (p) of Section 26569.21 of the Health and Safety Code, for use in the production and handling of organic foods.

Prior to the promulgation of the national materials list by the United States Department of Agriculture pursuant to the federal Organic Foods Production Act of 1990 (7 U.S.C. Secs. 6501 to 6522,

incl.) the Organic Food Advisory Board, in consultation with the director, shall determine which, if any, substance may be allowed for use in the production and handling of organic foods in this state. Within 90 days of promulgation of the national materials list by the United States Department of Agriculture, the Organic Food Advisory Board, in consultation with the director, shall determine which, if any, substance allowed for use by the national materials list may be allowed for use in the production and handling of organic foods in this state.

(b) Prior to adoption of these regulations, the director shall issue administratively a preliminary, nonexhaustive list of materials that are in compliance or not in compliance with subdivision (p) of Section 26569.21 of the Health and Safety Code based on the listings of permitted materials published by California Certified Organic Farmers, the Organic Foods Production Association of North America, and the Departments of Agriculture of the States of Oregon and Washington.

SEC. 3. Section 46015 is added to the Food and Agricultural Code, to read:

46015. Except as provided in paragraphs (1) and (2) of subdivision (b) of Section 26569.22 of the Health and Safety Code, it is unlawful for any person to commingle nonorganic commodities with commodities sold as organic either in the same container, as defined in Section 42506, or when displaying commodities for sale at retail.

SEC. 4. Section 26200.5 of the Health and Safety Code is amended to read:

26200.5. The Food Safety Fund is hereby created as a special fund in the State Treasury. All moneys collected by the department under Section 26506.2 and under Article 4.5 (commencing with Section 26569.20) of Chapter 5 shall be deposited in the Food Safety Fund, for use by the department, upon appropriation by the Legislature, for the purposes of providing funds necessary to carry out and implement the inspection provisions of this division relating to food and the registration provisions of Article 4.5 (commencing with Section 26569.20) of Chapter 5.

SEC. 5. Section 26569.22 of the Health and Safety Code is amended to read:

26569.22. Except as otherwise provided in this article, no food shall be sold as organic unless it consists entirely of any of the following:

(a) Raw agricultural commodities that meet the following requirements:

(1) The commodity has been produced and handled without any prohibited material or color additive having been applied, and without irradiation.

(2) In the case of any raw agricultural commodity produced from seed, the seed has not been treated with any prohibited material. If untreated seed is not available, seed treated with a fungicide may be

used, except for seed used for sprouts, as described in paragraph (6).

(3) Prior to January 1, 1995, in the case of perennial crops, no prohibited material shall have been applied to the crop, field, management unit, or area where the commodity is grown for 12 months prior to the appearance of flower buds. During the 1995 calendar year, in the case of perennial crops, no prohibited material shall have been applied to the crop, field, management unit, or area where the commodity is grown for 24 months prior to harvest. Commencing January 1, 1996, in the case of perennial crops, no prohibited material shall have been applied to the crop, field, management unit, or area where the commodity is grown for 36 months prior to harvest.

(4) Prior to January 1, 1995, in the case of annual or two-year crops, no prohibited material shall have been applied to the field, management unit, or area where the commodity is grown for 12 months prior to seed planting or transplanting. During the 1995 calendar year, in the case of annual or two-year crops, no prohibited material shall have been applied to the crop, field, management unit, or area where the commodity is grown for 24 months prior to harvest. Commencing January 1, 1996, in the case of annual or two-year crops, no prohibited material shall have been applied to the crop, field, management unit, or area where the commodity is grown for 36 months prior to harvest.

(5) In the case of any raw agricultural commodity that is grown in any growing medium, such as fungi grown in compost or transplants grown in potting mix:

(A) The growing medium must have been manufactured or produced:

(i) Without any prohibited material having been included in the medium.

(ii) Without any prohibited material having been applied to the area where the medium is manufactured or produced during seeding or inoculation of the medium.

(iii) Using methods that will minimize the migration or accumulation of any pesticide chemical residue in food grown in the medium.

(B) No prohibited material shall have been applied to the area where the commodity is grown during seeding or inoculation. If a prohibited material is applied in the area prior to seeding or inoculation, a residue test shall be performed on the commodity grown from that seeding or inoculation.

(6) In the case of any raw agricultural commodity that is grown directly from seed without soil or any growing medium, including, by way of example, sprouts, no prohibited material shall have been applied to the seed, and no prohibited material shall have been applied to the area where the commodity is grown after introduction of the seed. After January 1, 1992, the seed shall have been produced, handled, and processed in accordance with this article.

(b) Processed food manufactured only from raw agricultural

commodities as described in subdivision (a), except as follows:

(1) Water, air, and salt may be added to the processed food.

(2) Ingredients other than raw agricultural commodities as described in subdivision (a) may be added to the processed food if these ingredients are included in the national list adopted by the United States Secretary of Agriculture pursuant to Section 6517 of the federal Organic Foods Production Act (7 U.S.C. Sec. 6501 et seq.) and do not represent more than 5 percent of the weight of the total finished product, excluding salt and water.

(c) Processed food manufactured only from a combination of raw agricultural commodities as described in subdivision (a) and processed food as described in subdivision (b).

(d) Meat, fowl, fish, dairy products, or eggs that are produced, distributed, and processed without any prohibited material having been applied or administered.

SEC. 6. Section 26569.23 of the Health and Safety Code is amended to read:

26569.23. No food that contains any prohibited material residue as a result of spray drift or any other contamination beyond the control of the producer, handler, processor, or retailer, may be sold as organic unless the amount of residue does not exceed 5 percent of the federal Environmental Protection Agency tolerance level.

SEC. 7. Section 26569.29 of the Health and Safety Code is amended to read:

26569.29. (a) Notwithstanding any other provision of law, any producer, handler, processor, or retailer of food sold as organic shall immediately make available for inspection by, and shall upon request, within 72 hours of the request, provide a copy to, the director, the Attorney General, any prosecuting attorney, any governmental agency responsible for enforcing laws related to the production or handling of food sold as organic, or the Director of Food and Agriculture of any record required to be kept under this section for purposes of carrying out this article and Chapter 10 (commencing with Section 46000) of Division 17 of the Food and Agricultural Code. Records acquired pursuant to this subdivision shall not be public records as that term is defined in Section 6252 of the Government Code and shall not be subject to Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

(b) Upon written request of any person that establishes cause for the request, the director and the Director of Food and Agriculture shall obtain and provide to the requesting party within 10 working days of the request a copy of any of the following records required to be kept under this article that pertain to a specific product sold or offered for sale, and that identify substances applied, administered, or added to that product, except that financial information about an operation or transaction, information regarding the quantity of a substance administered or applied, the date of each administration or application, information regarding the

identity of suppliers or customers, and the quantity or price of supplies purchased or products sold shall be removed before disclosure and shall not be released to any person other than persons and agencies authorized to acquire records under subdivision (a):

(1) Records of a producer, as described in paragraph (1) of subdivision (a) and in paragraph (3) of subdivision (b) of Section 26569.28.

(2) Records of a handler, as described in paragraphs (4) and (5) of subdivision (c) of Section 26569.28, records of previous handlers, if any, and producers as described in paragraph (1) of subdivision (a) of, paragraph (3) of subdivision (b) of, and paragraphs (4) and (5) of subdivision (c) of, Section 26569.28, without identifying the previous handlers or producers, and, if applicable, records obtained as required in subdivision (d).

(3) Records of a processor, as described in paragraph (4) of subdivision (d) of Section 26569.28, except for processing aids that are not residual in the product and spices and seasonings exempt from labeling requirements in Parts 145 and 146 of Title 21 of the Code of Federal Regulation, records of previous processors and handlers, if any, and producers as described in paragraph (1) of subdivision (a) of, paragraph (3) of subdivision (b) of, paragraphs (4) and (5) of subdivision (c) of, and paragraph (4) of subdivision (d) of, Section 26569.28, without identifying the previous processors, handlers, or producers, and, if applicable, records obtained as required in subdivision (d).

(4) Records of a retailer, as described in paragraphs (4) and (5) of subdivision (e) of Section 26569.28, records of previous processors and handlers, if any, and producers as described in paragraph (1) of subdivision (a) of, paragraph (3) of subdivision (b) of, paragraphs (4) and (5) of subdivision (c), and paragraph (4) of subdivision (d) of, Section 26569.28, without identifying the previous processors, handlers, or producers, and, if applicable, records obtained as required in subdivision (d).

This subdivision shall be the exclusive means of public access to records required to be kept by producers, processors, handlers, and retailers under this article.

(c) Information specified in subdivision (b) that is required to be released upon request shall not be considered a "trade secret" under Section 26235, Section 1060 of the Evidence Code, or the Uniform Trade Secrets Act (Title 5 (commencing with Section 3426) of Part 1 of Division 4 of the Civil Code).

(d) The director or the Director of Food and Agriculture may charge the person requesting records a reasonable fee to reimburse him or her self or the source of the records for the cost of reproducing the records requested.

(e) Any person who first imports into this state, for resale, food sold as organic shall obtain and provide to the enforcement authority, upon request, proof that the products being sold have been certified by an accredited certifying organization or have otherwise been

produced in compliance with this article.

(f) The director shall not be required to obtain records not in his or her possession in response to a subpoena. Prior to releasing records required to be kept pursuant to this chapter in response to a subpoena, the director shall delete any information regarding the identity of suppliers or customers and the quantity or price of supplies purchased or products sold.

(g) Subdivisions (b), (c), and (d) shall become inoperative on January 1, 1995.

SEC. 8. Section 26569.30 of the Health and Safety Code is amended to read:

26569.30. (a) Commencing January 1, 1992, the term "certified" and variations of that term may be used in connection with food sold as organic only in accordance with this section, subdivisions (c) and (d) of Section 26569.24, Sections 26569.31 to 26569.34, inclusive, and Section 46009 of the Food and Agricultural Code.

(b) Food sold as organic may be certified only by a certification organization registered pursuant to subdivisions (c) and (d), by the director pursuant to subdivision (f), by a certification organization registered pursuant to Section 46009 of the Food and Agricultural Code, or by the Director of Food and Agriculture or a county agricultural commissioner pursuant to Section 46009 of the Food and Agricultural Code or a federally accredited certification organization.

(c) In order to be registered, a certification organization shall meet all of the following minimum qualifications:

(1) Be the certification organization for at least five legally separate and distinct, financially unrelated, and independently controlled persons involved in the production or processing of food sold as organic.

(2) Be a legally separate and distinct entity from any person whose food is certified by the organization. A certification organization shall be considered legally separate and distinct notwithstanding the fact that persons or representatives of persons whose food is certified serve as directors, officers, or in other capacities for the certification organization, so long as those persons or representatives of those persons do not exercise decisionmaking authority over certification of that particular food.

(3) Have no financial interest in the sale of the food, except that fees charged by the certification organization to cover the reasonable costs of operating the certification organization do not constitute a financial interest for purposes of this section.

(d) Effective January 1, 1992, a certification organization which certifies processed food sold as organic, except for processed meat, fowl, or dairy products, shall register with the director and shall thereafter annually renew the registration unless no longer engaged in the activities requiring the registration. Registration shall be on a form provided by the director, shall include the filing of a certification plan as specified in Section 26569.33 and payment of the

fee specified in subdivision (f). The director shall make forms available for this purpose on or before December 1, 1993. The registration form shall include a written statement affirming compliance with all requirements for certification organizations specified in Section 26569.30 to 26569.34, inclusive, and confirmation that each component of the organization's certification plan has been filed as specified in Section 26569.33. The director shall reject a registration submission that is incomplete or not in compliance with this article.

(e) Commencing July 31, 1991, the director may, upon the request of a sufficient number of persons to fund the program's cost, establish and maintain a certification program for processors of food sold as organic and shall establish and collect a fee from all processors of food certified under that program to cover all of the department's costs of administering the program. The certification program shall be subject to all provisions regarding certification organizations contained in this article, except that the requirements of subdivisions (c) and (d) shall not apply.

(f) The registration fee shall be five hundred dollars ($500), unless the certification organization is also registered as a certifier of producers by the Director of Food and Agriculture under Section 46009 of the Food and Agricultural Code, in which case the registration fee shall be one hundred dollars ($100).

(g) The director may audit the organization's certification procedures and records at any time. Records of certification organizations not otherwise required to be released upon request or made publicly available shall not be released by the director except to other employees of the department, the Department of Food and Agriculture, a county agricultural commissioner, the Attorney General, any prosecuting attorney, or any government agency responsible for enforcing laws related to the activities of the person subject to this division.

SEC. 9. Section 26569.31 of the Health and Safety Code is amended to read:

26569.31. Prior to initial certification of a producer, a registered certification organization shall conduct at least one initial physical inspection of the premises at which the food to be certified is produced. This inspection shall include the recordkeeping system necessary for compliance with Section 26569.28 and the area or facility at which the food is produced.

SEC. 10. Section 26569.32 of the Health and Safety Code is amended to read:

26569.32. (a) A registered certification organization shall no less often than, at the end of each calendar quarter, prepare a list by name of all persons whose production or processing of food is certified or pending certification by the certification organization. This list shall be filed with the department or the Department of Food and Agriculture, as applicable, by the certification organization and made publicly available within 30 days after the end of each

quarter.

(b) A registered certification organization or a federally accredited certification organization shall, at least annually, physically inspect the premises at which the food to be certified is produced and processed. The inspection shall include an examination of recordkeeping.

SEC. 11. Section 26569.34 of the Health and Safety Code is amended to read:

26569.34. (a) Only food that has been produced, handled, and processed in accordance with this article may be certified by a registered certification organization.

(b) Processed or multiingredient food sold as organic may only be certified if all the organic ingredients are certified.

SEC. 12. Section 26569.35 of the Health and Safety Code is amended to read:

26569.35. (a) Every person engaged in this state in the processing or handling of processed food sold as organic, including the handling or processing of fish or seafood sold as organic, except for processors and handlers of processed meat, fowl, or dairy products, shall register with the director, and shall thereafter annually renew the registration unless no longer so engaged. Processors and handlers of processed food that are registered with the department pursuant to Article 1.5 (commencing with Section 26506) shall register under this section in conjunction with the annual renewal of their registration pursuant to Article 1.5 (commencing with Section 26506). All others required to register under this subdivision shall register within 30 days of forms being made available for this purpose. Any processor or handler of processed foods required to register under this subdivision that does not pay the registration fee required by subdivision (c) within 30 days of the date on which the fee is due and payable shall pay a penalty of 1 percent per month on the unpaid balance.

(b) Registration shall be on a form provided by the director and shall be valid for a period of one calendar year from the date of validation of the completed registration form. The director shall make forms available for this purpose on or before January 1, 1994. The information provided on the registration form shall include all of the following:

(1) The nature of the registrant's business, including the types and quantities of each type of product that are sold as organic.

(2) The total current annual gross sales in dollars of products sold as organic.

(3) The names of all certification organizations and governmental entities, if any, providing certification to the registrant pursuant to this article.

(c) A registration form shall be accompanied by payment of a nonrefundable registration fee of one hundred dollars ($100), payable to the department.

(d) To the extent feasible, the director shall coordinate the

registration and fee collection procedures of this section with similar licensing or registration procedures applicable to registrants.

(e) The director shall reject a registration submission which is incomplete or not in compliance with this article.

(f) The director shall provide a validated copy of the completed registration form to the registrant.

(g) Registration forms shall be made available to the public for inspection and copying at the main office of the department. Copies of registration forms shall also be made available by mail, upon written request and payment of a reasonable fee, as determined by the director. Registration information regarding quantity of products sold and gross sales volume in dollars shall be deleted prior to public inspection and copying and shall not be released to any person except other employees of the department, the Department of Food and Agriculture, a county agricultural commissioner, the Attorney General, any prosecuting attorney, or any government agency responsible for enforcing laws related to the activities of the person subject to this division.

(h) The requirements of this section shall not apply to retailers of food sold as organic.

SEC. 13. Section 26569.36 of the Health and Safety Code is amended to read:

26569.36. This article shall apply to all food sold as organic within the state, wherever produced, handled, or processed, and to all food produced, handled, or processed in the state, wherever sold as organic; except that in lieu of registration under this article, the director may recognize a certification program operating outside the state which certifies processed food sold as organic, except for processed meat, fowl, or dairy products, as functionally equivalent to a certification organization registered under Section 26569.30, so long as that program meets minimum standards substantially similar to those contained in subdivision (c) of Section 26569.30 and Sections 26569.31 to 26569.34, inclusive. The director may administratively establish a procedure whereby certification organizations operating outside the state may apply for and receive recognition.

SEC. 14. Section 26569.51 is added to the Health and Safety Code, immediately following Section 26569.50, to read:

26569.51. (a) All organic food regulations and any amendments to those regulations adopted pursuant to the Organic Foods Production Act of 1990 (7 U.S.C. Sec. 6501 et seq.), that are in effect on the date this bill is enacted or that are adopted after that date shall be the organic food regulations of this state.

(b) The department may, by regulation, prescribe conditions under which organic foods may be sold in this state whether or not these conditions are in accordance with regulations adopted pursuant to the Organic Foods Production Act of 1990 (7 U.S.C. Sec. 6501 et seq.) if the director submits these regulations for approval to the federal Secretary of Agriculture as required by Section 6507 of Title 7 of the United States Code and the Secretary approves the

regulations pursuant to the federal Organic Foods Production Act.

SEC. 15. Section 26569.52 is added to the Health and Safety Code, to read:

26569.52. It shall be unlawful for a person to represent in advertising or labeling that the person or the foods of the person are registered pursuant to this article.

SEC. 16. Section 26569.53 is added to the Health and Safety Code, to read:

26569.53. On or before March 1, 1995, the director shall compile and publish a summary of information collected under Section 26569.35, including the following:

(a) The total number of registrations received under this section.

(b) The total number and quantity of each type of product sold as organic by all registrants combined.

(c) The total annual organic gross sales volume of all registrants combined, and the median gross annual organic sales of all registrants.

(d) The names of all registrants.

(e) The number of registrants in each of the following ranges of annual gross sales volume:

(1) $0–$5,000
(2) $5,001–$10,000
(3) $10,001–$25,000
(4) $25,001–$50,000
(5) $50,001–$75,000
(6) $75,001–$100,000
(7) $100,001–$125,000
(8) $125,001–$150,000
(9) $150,001–$175,000
(10) $175,001–$200,000
(11) $200,001–$250,000
(12) $250,001–$300,000
(13) $300,001–$400,000
(14) $400,001–$500,000
(15) $500,001–$750,000
(16) $750,001–$1,000,000
(17) $1,000,001–$1,500,000
(18) $1,500,001–$2,000,000
(19) $2,000,001–$2,500,000
(20) $2,500,001–$5,000,000
(21) $5,000,001–$7,500,000
(22) $7,500,001–$10,000,000
(23) $10,000,001–$15,000,000
(24) $15,000,001–$20,000,000
(25) $20,000,001 and above.

(f) The report published pursuant to this section shall present the required information in an aggregate form that preserves the confidentiality of the proprietary information of individual registrants.

SEC. 17. Section 26850.6 is added to the Health and Safety Code, to read:

26850.6. Notwithstanding any provision of this division, or any other provision of law, the department shall have no affirmative obligation to administer, regulate, or enforce the provisions of state law relating to organic foods except Section 26569.30, which relates to the registration of persons who certify processors of organic foods, and Section 26569.35, which relates to the registration of processors of organic foods.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 19. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for organic food to meet the standards necessary to protect public health and safety, it is necessary that this act take effect immediately.

CHAPTER 949

An act to add Section 2025 to the Business and Professions Code, relating to pain management.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2025 is added to the Business and Professions Code, to read:

2025. The board through its regular mailing shall notify all licensees of the existence of pain management guidelines published by the Agency for Health Care Policy and Research of the Public Health Service within the United States Department of Health and Human Services, and shall provide the published guidelines to licensees upon request.

CHAPTER 950

An act to amend Sections 11462, 11466.2, and 11467 of, and to add Sections 11462.05 and 11469.1 to, the Welfare and Institutions Code, relating to aid to families with dependent children, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The federal Adoption Assistance and Child Welfare Act of 1980 (Public Law 96-272), as implemented in this state by Chapter 978 of the Statutes of 1982 and subsequent legislation, led to an appropriate focus of safely maintaining abused and neglected children in their natural homes whenever possible. In order to promote long-term stability of children, permanency planning efforts have been oriented toward prompt and decisive action either to maintain a child in his or her own home, or, if this is not feasible, to arrange for placement in a permanent home with another family.

(b) Since the enactment of federal Public Law 96-272, significant changes have occurred in child welfare services and foster care. The nature of children receiving services has changed dramatically, with more children having serious emotional, medical, and behavioral problems. Additionally, the large number of substance-exposed infants born in the last decade has placed increased demands on the child welfare services and foster care systems.

(c) Due to the changing needs of children, the types of services required and delivered have changed in the last decade, while retaining a commitment to community-based services in the least restrictive and most familylike setting possible. A continuum of different types of caregivers in settings ranging from in-home family care with few supportive services to institutional care with intensive treatment has developed to address the range of different needs on both a permanent and temporary basis.

(d) Chapter 1294 of the Statutes of 1989 provides a solid foundation for bridging the gap between a child's need for services with appropriate provision of those services while ensuring accountability in service delivery. Chapter 1294 of the Statutes of 1989 not only requires comprehensive assessment and documentation of a child's needs, including the need for mental health services, via the level of care assessment process, but also requires performance standards and outcome measures to evaluate the appropriateness of county placement decisions and group home care.

(e) Concurrent with the changing nature of children in care and the delivery of services, the availability of public and private resources to fund services has undergone considerable change. The fiscal capacity of federal, state, and county governments to fund child welfare services and foster care changed significantly pursuant to the 1991 realignment of social services programs. Moreover, providers of out-of-home care have faced increasing costs and proportionately declining reimbursements for services provided.

(f) Recent important policy changes encouraging the prevention of out-of-home placements when possible, family reunification, adoption and other long-term stable placements when reunification is not feasible, and a greater local share of the costs of foster care have caused a reduction in the statewide average occupancy of group homes. The Legislature recognizes that the 90 percent occupancy standard used to initially determine service level points may penalize some group homes unfairly by requiring them to provide staffing for children who are not actually in the group home.

(g) In light of the changes that have occurred subsequent to the passage of federal Public Law 96-272 and Chapter 1294 of the Statutes of 1989, an evaluation of the child welfare services and foster care programs should be undertaken to identify modifications needed to ensure that progress continues to be made toward the goal of assessing and addressing the needs of children while maintaining accountability for service delivery. The evaluation should include, but not be limited to, all of the following elements of Chapter 1294 of the Statutes of 1989:

(1) The level of care assessment tool, including the status of its implementation and the appropriate population to whom it should be applied.

(2) Performance standards and outcome measures for county placement decisions and group home care, including indicators of quality of care, such as stability of placement, reduction of recidivism, and educational progress, and not be limited to fiscal indicators, such as cost avoidance due to reduction or avoidance of out-of-home care.

(3) The rate classification level system for establishing rates for group home care.

SEC. 2. Section 11462 of the Welfare and Institutions Code, as amended by Section 40 of Chapter 69 of the Statutes of 1993, is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home

is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) The department shall terminate the rate, effective January 1, 1993, of any group home that is not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, the single rate established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a "rate floor" has been established for each RCL.

(2) The rate floor for the 1990–91 fiscal year shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for the 1991–92 fiscal year for each RCL, shall be equal to the standard rate for each RCL for the period July 1, 1992, to September 13, 1992, inclusive, and shall be 92.5 percent of the standard rate for each RCL for the period September 14, 1992, to June 30, 1993, inclusive.

(3) The rate floor for each RCL shall be 95 percent of the standard rate for each RCL for the 1993–94 fiscal year. The rate floor shall be equal to the standard rate for each RCL for the 1994–95 fiscal year and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program's historical costs, the department shall establish the rate for the 1990–91 fiscal year by determining the RCL on a retrospective basis, according to the level of care and services

actually provided between July 1 and December 31, 1989, or between July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) Beginning July 1, 1994, for group homes paid at rates below the standard rate established by subdivision (g), a group home program shall remain at its current RCL if it maintains at least the level of care and services associated with that percentage of the points required to be at that RCL that equals the percentage of the standard rate used to establish the group home's rate. In no event, however, shall points per child per month be reduced more than ten points below the minimum required for the current RCL. The RCL for a program shall not increase due to the operation of this paragraph absent any program changes approved by the department pursuant to subdivision (k).

(5) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(g) The standardized schedule of rates for the 1990–91 fiscal year is:

Rate Classification Level	Point Ranges	FY 1990–91	
		Standard Rate	Rate Floor (85%)
1	Under 60	$1,183	$1,006
2	60– 89	1,478	1,256
3	90–119	1,773	1,507
4	120–149	2,067	1,757
5	150–179	2,360	2,006
6	180–209	2,656	2,258
7	210–239	2,950	2,508
8	240–269	3,245	2,758
9	270–299	3,539	3,008

10	300–329	3,834	3,259
11	330–359	4,127	3,508
12	360–389	4,423	3,760
13	390–419	4,720	4,012
14	420 & Up	5,013	4,261

(h) (1) For the 1990–91 fiscal year, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year 1990–91 RCL shall receive their 1989–90 rate plus an amount equal to the California Necessities Index (CNI). The rate for the 1990–91 fiscal year at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's 1989–90 fiscal year rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for the 1989–90 fiscal year at or above the standard rate for the RCL for the 1990–91 fiscal year shall continue to receive the 1989–90 fiscal year rate.

(2) For the 1996–97 fiscal year and the 1997–98 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to CNI computed pursuant to the methodology described in Section 11453.

(3) Notwithstanding paragraph (2), on and after the operative date of this paragraph the standardized rate for each RCL in effect on June 30, 1992, shall be the standardized rate for the remainder of fiscal year 1992–93. The department shall adjust rates downward, as necessary to comply with this paragraph.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(4) Beginning with the 1994–95 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL

in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) (A) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(B) On and after the operative date of this subparagraph, the department shall not, prior to July 1, 1993, establish a rate for a new group home program of a new or existing provider. However, in order to allow for the continued operation of group homes which, prior to January 1, 1993, had a rate established as a group home organized and operated on a for-profit basis and which have subsequently organized and operated on a nonprofit basis, the department shall establish a rate for the remainder of the 1992–93 fiscal year for those providers not to exceed the RCL and AFDC-FC rate received by the provider prior to the operative date of this subparagraph.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(3) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or the AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) (A) Prior to July 1, 1993, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective June 30, 1992. For rate increases as a result of a program change which become effective between July 1, 1992, and the effective date of this paragraph, the department shall adjust rates downward, as necessary, to comply with this chapter.

Notwithstanding any other provision of law, a group home provider shall be allowed to change a group home program to reflect a decrease in services due to the provisions of this paragraph.

(B) For the 1993–94 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1993, except as provided in paragraph (3).

(3) (A) Commencing with the operative date of this paragraph and only during the 1992–93 fiscal year, and the 1993–94 fiscal year, the department shall not establish a rate for a new program of a new or existing provider, or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as the result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program and the new program or program change will result in a reduction of referrals to state hospitals during the 1992–93 fiscal year or the 1993–94 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(n) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before July 1, 1995, deletes or extends that date.

SEC. 3. Section 11462 of the Welfare and Institutions Code, as amended by Section 41 of Chapter 69 of the Statutes of 1993, is

amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, the single rate established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a "rate floor" has been established for each RCL.

(2) The rate floor for fiscal year 1990–91 shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for fiscal year 1991–92 for each RCL, shall be equal to the standard rate for each RCL for the period July 1, 1992, to September 13, 1992, inclusive, and shall be 92.5 percent of the standard rate for each RCL for the period September 14, 1992, to June 30, 1993, inclusive.

(3) The rate floor for each RCL shall be 95 percent of the standard rate for each RCL for the 1993–94 fiscal year. The rate floor shall be equal to the standard rate for each RCL for the 1994–95 fiscal year and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program's historical costs, the department shall establish the rate for fiscal year 1990–91 by determining the RCL on a retrospective basis, according to the level of care and services actually provided between July 1 and December 31, 1989, or between July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) Beginning July 1, 1994, for group homes paid at rates below the standard rate established by subdivision (g), a group home program shall remain at its current RCL if it maintains at least the level of care and services associated with that percentage of the points required to be at that RCL that equals the percentage of the standard rate used to establish the group home's rate. In no event, however, shall points per child per month be reduced more than ten points below the minimum required for the current RCL. The RCL for a program shall not increase due to the operation of this paragraph absent any program changes approved by the department pursuant to subdivision (k).

(5) A group home program that substantially changes it staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(g) The standardized schedule of rates for fiscal year 1990–91 is:

Rate Classification Level	Point Ranges	FY 1990–91 Standard Rate	FY 1990–91 Rate Floor (85%)
1	Under 60	$1,183	$1,006
2	60– 89	1,478	1,256
3	90–119	1,773	1,507
4	120–149	2,067	1,757
5	150–179	2,360	2,006
6	180–209	2,656	2,258
7	210–239	2,950	2,508
8	240–269	3,245	2,758
9	270–299	3,539	3,008
10	300–329	3,834	3,259
11	330–359	4,127	3,508
12	360–389	4,423	3,760
13	390–419	4,720	4,012
14	420 & Up	5,013	4,261

(h) (1) For fiscal year 1990–91, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year 1990–91 RCL shall receive their 1989–90 rate plus an amount equal to the California Necessities Index (CNI). The rate for fiscal year 1990–91 at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's fiscal year 1989–90 rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for fiscal year 1989–90 at or above the standard rate for the RCL for fiscal year 1990–91 shall continue to receive that fiscal year 1989–90 rate.

(2) For the 1996–97 and 1997–98 fiscal years, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(3) Beginning with the 1994–95 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) (A) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(B) On and after the operative date of this subparagraph, the department shall not, prior to July 1, 1993, establish a rate for a new group home program of a new or existing provider.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(3) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) (A) Prior to July 1, 1993, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective June 30, 1992. For rate increases as a result of a program change which became effective between July 1, 1992, and the effective date of this paragraph, the department shall

adjust rates downward as necessary to comply with this chapter. Notwithstanding any other provisions of law, a group home provider shall be allowed to change a group home program to reflect a decrease in services due to the provisions of this paragraph.

(B) For the 1993–94 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1993, except as provided in paragraph (3).

(3) (A) For the 1993–94 fiscal year, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1993–94 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(n) This section shall become operative on July 1, 1995.

SEC. 4. Section 11462.05 is added to the Welfare and Institutions Code, to read:

11462.05. By October 1, 1995, the department shall review and recommend to the appropriate policy and fiscal committees of the Legislature, a new or revised ratesetting system for facilities

receiving reimbursement under Sections 11462 and 11462.01. The department shall conduct this review and develop recommendations with the advice and assistance of county placement agencies, group home provider associations, an other individuals and organizations as designated by the director. The recommendations shall be based on the department's review and evaluation of the current program classification system, group home actual cost data, and information from the group home program statements and level of care assessments specified in Section 11467.

SEC. 5. Section 11466.2 of the Welfare and Institutions Code is amended to read:

11466.2. (a) The department shall perform or have performed group home program and fiscal audits as needed. Group home programs shall maintain all child-specific, programmatic, personnel, fiscal, and other information affecting group home ratesetting and AFDC-FC payments for a period not less than five years.

(b) (1) The department shall develop regulations to correct a group home program's RCL, and to adjust the rate and to recover any overpayments resulting from an overstatement of the projected level of care and services.

(2) Beginning in fiscal year 1990–91, the department shall modify the amount of the overpayment pursuant to paragraph (1) in cases where the level of care and services provided per child in placement equals or exceeds the level associated with the program's RCL. In making this modification, the department shall determine whether services other than child care supervision were provided to children in placement in an amount that is at least proportionate on a per child basis to the amount projected in the group home's rate application. In cases where these services are provided in less than a proportionate amount, staffing for child care supervision in excess of its proportionate share not be substituted for non-child care supervision staff hours.

(c) (1) In any audit conducted by the department, the department, or other public or private audit agency with which the department contracts, shall coordinate with the department's licensing and ratesetting entities so that a consistent set of standards, rules, and auditing protocols are maintained. The department, or other public or private audit agency with which the department contracts, shall make available to all group home providers, in writing, any standards, rules, and auditing protocols to be used in those audits.

(2) The department shall provide exit interviews with providers whenever deficiencies found are explained and the opportunity exists for providers to respond. The department shall develop regulations specifying the procedure for the appeal of audit findings.

SEC. 6. Section 11467 of the Welfare and Institutions Code is amended to read:

11467. (a) It is the intent of the Legislature that dependent children of the court and wards of the court in need of, or at risk of,

out-of-home care are appropriately placed with caregivers that meet their needs. This can initially be accomplished by developing and implementing a level of care assessment process and instrument or instruments that identify the child's needs for structure, supervision, and services, and matches those needs to program statements for group homes, foster family agencies, and small family homes that identify the level of structure, supervision, and services provided by the facility. Ultimately, the goal of the level of care assessment process is to ensure that all dependent children of the court and wards of the court are appropriately placed by matching assessed needs to the full range of placement resources, including family-based resources.

(b) By July 1, 1994, the State Department of Social Services, in consultation with the State Department of Developmental Services, county probation, social service, and mental health departments and foster care providers, shall develop a standard form for program statements for ratesetting, community care licensing, and county placement purposes for all of the following facility types, in the order listed:

(1) Group homes.

(2) Foster family agencies.

(3) Small family homes.

(c) By July 1, 1994, the State Department of Social Services, in consultation with the State Department of Mental Health, county probation, social service, and mental health departments and foster care providers, shall develop and implement a level of care assessment instrument and process which shall match the assessed needs of the dependent child of the court or ward of the court and his or her family with the structure, supervision, and services provided by appropriate placement resources, if applicable, as determined by the standard program statements established pursuant to this subdivision.

(d) The level of care assessment instrument developed pursuant to subdivision (b) shall include specified indicators of a child's need for mental health treatment, for purposes of placement determination. The department shall annually analyze, on a sampling basis, the indicators of mental health need specified on the level of care assessment instrument for all dependent children of the court and wards of the court in out-of-home placement, in order to determine their unmet mental health services needs, and shall make that information available to the Legislature, on request.

(e) No later than January 1, 1995, the department and the Department of Mental Health, jointly, shall report to the Legislature on the requirements specified, and on the progress of plans for meeting the Legislature's intent for a level of care assessment instrument process for all dependent children of the court and wards of the court.

SEC. 7. Section 11469.1 is added to the Welfare and Institutions Code, to read:

11469.1. The performance standards and outcome measures required by Section 11469 shall meet all of the following requirements:

(a) They shall include indicators of quality of care, including, but not limited to, stability of placement, reduction in recidivism, educational progress, and improvement in social behavior, and shall not consist solely of fiscal indicators, such as cost-avoidance due to reduction or avoidance of out-of-home care.

(b) They shall apply to all providers of out-of-home care, including, but not limited to, providers of services provided either directly by, or under contract with, a county welfare department or county probation department.

(c) They shall be used to develop baseline standards against which to measure future performance and to provide a basis for making comparisons among different programs and placements.

SEC. 8. The State Department of Social Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to implement this act. The adoption of regulations pursuant to this section in order to implement this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted pursuant to this section shall not be subject to review and approval of the Office of Administrative Law. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect for more than 120 days unless the adopting agency complies with all of the provisions of Chapter 3.5 (commencing with Section 11340), as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 9. (a) For the purpose of implementing this act in the 1993–94 fiscal year, the sum of three hundred eighty-four thousand dollars ($384,000) is appropriated from the General Fund to the State Department of Social Services in augmentation of Item 5180-001-001 of Chapter 55 of the Statutes of 1993, Program 10, Welfare Program Operations, and the sum of one hundred sixty-seven thousand dollars ($167,000) is appropriated from the Federal Trust Fund to the State Department of Social Services in augmentation of Item 5180-001-890 of Chapter 55 of the Statutes of 1993, Program 10, Welfare Program Operations.

(b) It is the intent of the Legislature that funding for costs related to the implementation of this act in fiscal years subsequent to the 1993–94 fiscal year shall be provided in the annual Budget Act.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that needed services are appropriately and

cost-effectively provided to abused, neglected, and delinquent children as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 951

An act to add and repeal Chapter 12.85 (commencing with Section 18987) of Part 6 of Division 9 of the Welfare and Institutions Code, relating to youths.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The condition of California's children is in sharp decline.

(b) In 1991, 1.8 million of, or 22.3 percent of, California's children lived in poverty, 200,000 more than in 1988.

(c) Over the past four years, the birth rate for teenage mothers has risen by 25 percent.

(d) Child abuse and neglect reports rose from 63.5 to 70.2 per 1,000 children between 1988 and 1991.

(e) In 1992, 10 percent of all children were separated from their parents and were living in foster care.

(f) Homicides among youth rose from 456 in 1987 to 702 in 1990.

(g) California's performance was worse than national data on 83 percent of measures of children's welfare included on a 1992 statewide "report card."

(h) The current service delivery system for children and families, based on a multitude of narrow uncoordinated, separately funded, narrowly targeted categorical programs emphasizes short-term crisis management over prevention, and typically fails to address the broader needs of the child or family.

(i) Collaborative, integrated child and family services delivery systems, such as those being developed under the Healthy Start Supportive Services for Children Act (Chapter 5 (commencing with Section 8800) of Part 5 of the Education Code), and other efforts, are showing great promise in addressing the comprehensive needs of children and families.

(j) These integrated services efforts have identified the myriad of separate funding streams for child and family services to be a serious impediment to the provision of comprehensive child and family services. Not only does current funding prevent families from receiving appropriate services, but administrative requirements often use up to 25 percent of program funds and bury local agencies in duplicative paperwork.

(k) The report of the 1992 Children's Summits, representing the views of county, city, and school officials, called for studying "... methods of decategorizing the system ... that address an array of services and allow the blending of funding streams."

(*l*) The Legislative Analyst, in the 1993–94 Perspectives and Issues Report on the Budget, recommended that the Legislature enact legislation to "... allocate a portion of existing categorical funds as block grants to local agencies and establish outcome-based performance measures."

(m) In order to determine whether local communities can better serve children and families if categorical funds are blended, a pilot project that is needed that will test the feasibility of allowing communities to do all of the following:

(1) Make decisions locally regarding the best use of state and local human services funds.

(2) Blend funding streams to facilitate integrated services programs for children and families.

(3) Increase the efficiency of administering human services.

SEC. 2. Chapter 12.85 (commencing with Section 18987) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 12.85. YOUTH PILOT PROGRAM

18987. (a) Notwithstanding any other provision of law related to the funding and delivery of state programs and services specified in this section, designated counties, if they comply with the provisions of this chapter, shall be authorized to transfer, to the extent possible, into a county child and family services fund, for five years, some or all funds for at least four of the following services for children and families:

(1) Adoption services.
(2) Child abuse prevention services.
(3) Child welfare services.
(4) Delinquency prevention services.
(5) Drug and alcohol services.
(6) Eligibility determination.
(7) Employment and training services.
(8) Foster care services.
(9) Health services.
(10) Juvenile facilities.
(11) Mental health services.
(12) Probation services.
(13) Housing.
(14) Youth development services.
(15) All other appropriately identified and targeted services for children and families.

(b) Local education agencies, cities, or private, nonprofit agencies may also allocate funds to the county child and family services fund for recreation, juvenile justice, or other services provided to children

and families.

(c) The county child and family services fund shall be used to fund comprehensive, integrated services for high-risk, low-income, multiproblem children and families in alternative and innovative ways, as detailed in county strategic plans. The fund may be used to provide services in a designated geographical area within the county or to a targeted population.

18987.05. (a) Not later than December 1, 1994, the Governor, or the Governor's designee shall select up to five counties from among eligible counties that apply to participate in the program.

(b) A county shall be eligible for participation only if all of the following apply:

(1) The county has a demonstrated record of successful interagency collaboration and service integration.

(2) The county has submitted a strategic plan that complies with the requirements of Section 18987.3.

(3) The county's strategic plan and pilot project include one or more local education agencies.

(c) At least one of the counties selected for the pilot program shall be a rural county, if at least one rural county applies and complies with this chapter.

18987.1. Counties selected to participate may implement the program on either January 1, 1995, or July 1, 1995.

18987.15. The Governor or the Governor's designee shall be responsible for all of the following:

(a) Facilitation of any state interagency coordination necessary for the implementation of a participating county's plan.

(b) Coordination of technical assistance to the counties participating in the pilot program.

(c) Applying to the federal government, where appropriate and feasible, for federal waivers necessary to carry out or enhance projects under the pilot program.

(d) Monitoring county compliance with the requirements of this chapter.

(e) Seeking nonstate resources to conduct county evaluations pursuant to subdivision (f) of Section 18987.3.

18987.2. (a) (1) In order to participate in the pilot program authorized by this chapter, a county board of supervisors shall establish a child and family interagency coordinating council.

(2) A council established pursuant to this subdivision shall plan, implement, monitor, and evaluate the pilot program.

(b) A county board of supervisors may designate an existing interagency coordination council to perform the functions specified in paragraph (2) of subdivision (a) if the existing interagency coordination council meets the representation requirements of Section 18987.25.

(c) City and local education agency representatives shall be appointed by the appropriate governing bodies.

(d) The board of supervisors shall undertake reasonable measures

to ensure that membership of the interagency coordinating council reflects the cultures and ethnicities of the pilot program area.

(e) The board of supervisors of a county, as a condition of participation in the pilot program, shall approve both the strategic plan developed pursuant to Section 18987.3 and the county's participation in the pilot program authorized by this chapter. If city or school services or funds are included in the pilot program, the strategic plan shall also be approved by the governing bodies of any city or local education agency whose services or funds will be involved in the pilot program.

(f) Approved strategic plans shall be submitted to the Governor or his or her designee not later than October 1, 1994.

18987.25. A council established pursuant to Section 18987.2 shall be comprised of, at a minimum, all of the following:

(a) The county superintendent of schools, or the superintendent of each school district included in the pilot project.

(b) A representative of the county juvenile justice system.

(c) County, city, and school officials responsible for funds or services included in the pilot program.

(d) Representatives of all of the following:

(1) Service providers affected by the strategic plan.

(2) Labor organizations representing public employees who will be affected by the strategic plan.

(3) Recipients of services included in the strategic plan.

18987.3. Each child and family interagency coordinating council shall develop a strategic plan to use blended funding. The plan shall contain all of the following:

(a) A list of the members of the county child and family interagency coordinating council, and a description of project responsibilities for each member.

(b) Identification of the county or the area within the county to be served by blended funds.

(c) A description of the population to be served, the amount and types of current services available from public, private non-for-profit, and community-based services agencies, the needs of that population, and the goals, objectives, and outcomes of the services to be provided.

(d) A timeline showing how the county proposes to implement the pilot project.

(e) A description of existing collaborative, integrated services efforts and how blended funding will be used in conjunction with these efforts.

(f) A description of the services to be funded by the county child and family services fund.

(g) An identification of the state and local funds to be consolidated and how those blended funds shall be used.

(h) (1) A description of an evaluation plan that meets all of the following requirements:

(A) It is based on community needs and service plans.

(B) It includes baseline data and performance indicators and outcomes relevant to services funded by the county child and family services fund.

(C) It measures outcomes for children, families, and communities targeted by the pilot project.

(D) It utilizes, where applicable, state-adopted performance and outcome measures developed for specific populations included in the county plan.

(2) The evaluation shall also identify obstacles encountered in implementation of the pilot program.

18987.36. The board of supervisors of each participating county shall submit, to the Governor or the Governor's designee, and to the agency responsible for evaluating the success of the pilot project, all of the following:

(a) An annual report showing which funds were transferred into the county child and family services fund and an annual status update indicating the extent to which the plan has been implemented.

(b) Interim evaluation reports on the implementation and measurements of progress toward performance outcomes of the pilot program, to be submitted following the second and fourth year of the implementation of the pilot program.

(c) A final evaluation of the pilot program, to be submitted not later than six months after the completion of the fifth year of the implementation of the pilot program.

18987.45. The pilot program authorized by this chapter shall be deemed successful in a given county if, at a minimum, the outcomes from the services funded by the county child and family services fund show improvement over baseline performance.

18987.5. This chapter shall remain operative only until July 1, 2001, shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date.

CHAPTER 952

An act to amend Sections 17021.5, 17021.6, 17031.8, 17056, 17060.2, 17062, and 50408 of, and to add Section 17062.5 to, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor October 8, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 17021.5 of the Health and Safety Code is amended to read:

17021.5. (a) Any employee housing which has qualified, or is intended to qualify, for a permit to operate pursuant to this part may invoke the provisions of this section.

(b) Any employee housing providing accommodations for six or fewer employees shall be deemed a single-family structure with a residential land use designation for the purposes of this section. For the purpose of all local ordinances, employee housing shall not be included within the definition of a boarding house, rooming house, hotel, dormitory, or other similar term that implies that the employee housing is a business run for profit or differs in any other way from a family dwelling. No conditional use permit, zoning variance, or other zoning clearance shall be required of employee housing that serves six or fewer employees that is not required of a family dwelling of the same type in the same zone. Use of a family dwelling for purposes of employee housing serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) or local building codes.

(c) Except as otherwise provided in this part, employee housing that serves six or fewer employees shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other family dwellings of the same type in the same zone are not likewise subject. Nothing in this subdivision shall be construed to forbid the imposition of local property taxes, fees for water services and garbage collection, fees for normal inspections, local bond assessments, and other fees, charges, and assessments to which other family dwellings of the same type in the same zone are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee to the owner, operator or any resident for enforcing fire inspection regulations pursuant to state law or regulation or local ordinance, with respect to employee housing which serves six or fewer persons.

(d) For the purposes of any contract, deed, or covenant for the transfer of real property, employee housing which serves six or fewer employees shall be considered a residential use of property and a use of property by a single household, notwithstanding any disclaimers to the contrary. For purposes of this section, "employee housing" includes employee housing defined in subdivision (b) of Section 17008, even if the housing accommodations or property are not located in a rural area, as defined by Section 50101.

(e) The Legislature hereby declares that it is the policy of this state that each county and city shall permit and encourage the development and use of sufficient numbers and types of employee housing facilities as are commensurate with local needs. This section shall apply equally to any charter city, general law city, county, city and county, district and any other local public entity.

SEC. 2. Section 17021.6 of the Health and Safety Code is amended to read:

17021.6. (a) The owner of any employee housing who has qualified, or is intended to qualify, for a permit to operate pursuant

to this part may invoke the provisions of this section.

(b) Any employee housing providing accommodations for 12 or fewer employees shall be deemed an agricultural land use designation for the purposes of this section. For the purpose of all local ordinances, employee housing shall not be deemed a use that implies that the employee housing is an activity that differs in any other way from an agricultural use. No conditional use permit, zoning variance, or other zoning clearance shall be required of employee housing that serves 12 or fewer employees that is not required of any other agricultural activity in the same zone. The permitted occupancy in employee housing in an agricultural zone shall include agricultural employees who do not work on the property where the employee housing is located.

(c) Except as otherwise provided in this part, employee housing that serves 12 or fewer employees shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other agricultural activities in the same zone are not likewise subject. Nothing in this subdivision shall be construed to forbid the imposition of local property taxes, fees for water services and garbage collection, fees for normal inspections, local bond assessments, and other fees, charges, and assessments to which other agricultural activities in the same zone are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee to the owner, operator, or any resident for enforcing fire inspection regulation pursuant to state law or regulation or local ordinance, with respect to employee housing that serves 12 or fewer persons.

(d) For the purposes of any contract, deed, or covenant for the transfer of real property, employee housing which serves 12 or fewer employees shall be considered an agricultural use of property, notwithstanding any disclaimers to the contrary. For purposes of this section, "employee housing" includes employee housing defined in subdivision (b) of Section 17008, even if the housing accommodations or property are not located in a rural area, as defined by Section 50101.

(e) The Legislature hereby declares that it is the policy of this state that each county and city shall permit and encourage the development and use of sufficient numbers and types of employee housing facilities as are commensurate with local need. This section shall apply equally to any charter city, general law city, county, city and county, district, and any other local public entity. For the purposes of this section, "12 or fewer employees" does not include the family members of any employee.

SEC. 3. Section 17031.8 of the Health and Safety Code is amended to read:

17031.8. (a) An agency which exercises the responsibility for the enforcement of this part pursuant to Section 17050 shall submit to the Department of Housing and Community Development the information specified in subdivision (c) by June 30 of each year regarding the previous calendar year.

(b) The Department of Housing and Community Development shall gather the information specified in subdivision (c) for all permittees for which it acts as the enforcement agency and include a summary of the information from the permittees and enforcement agencies in the annual report submitted pursuant to Section 50408 regarding housing programs administered by the department, and shall submit the information specified in subdivision (c) to the Legislative Analyst, the Assembly Committee on Housing and Community Development, and the Senate Committee on Housing and Urban Affairs pursuant to subdivision (d) of Section 17056 as part of the annual report required pursuant to Section 50408.

(c) The following information shall be provided for purposes of subdivisions (a) and (b):

(1) The number and location of employee housing, including the number of current-year and past-year permits for employee housing, previously inactive employee housing, and previously permitted employee housing.

(2) The number and location of employee housing found operating without a permit.

(3) The number and location of inactive employee housing and the number of occupants residing in the employee housing when it was most recently occupied.

(4) The number of preoccupancy inspections, occupancy inspections, and reinspections performed.

(5) A schedule of permit fees charged and the total amount of fees collected, and the total amount in reinspection fees collected.

(6) The number and character of any complaints received during the time the housing has been operated as employee housing.

(7) The number and character of violations of this part, building standards published in the State Building Standards Code relating to employee housing, and other regulations adopted pursuant to this part, or conditions of the permits. The information required by this paragraph shall include the number of violations that resulted in civil citations, the number of cases referred to prosecutorial agencies such as the Attorney General or local district attorneys, the number of cases filed to enforce this part, and the amounts of all fines and civil penalties collected as a result of the enforcement of this part.

(8) The number of staff hours dedicated to the implementation of the Employee Housing Act (Part 1 (commencing with Section 17000)).

(9) The number and location of employee housing receiving an exemption pursuant to Section 17031, 17031.3, 17031.4, or 17033.

SEC. 4. Section 17056 of the Health and Safety Code is amended to read:

17056. (a) In every part of the state, notwithstanding assumption of responsibilities by local enforcement agencies pursuant to Section 17050, the department shall establish procedures and devote resources to locating and prosecuting the most serious violators of this part and those who refuse to apply for or obtain permits to

operate pursuant to this part, as determined by the department.

(b) The department shall maximize the efforts of personnel implementing this part by seeking to use new resources and nontraditional means, by coordinating with state, local, and federal agencies and by training and coordinating with local health and building departments.

(c) All of the requirements of this part shall be performed by civil service employees of the department who, to the extent feasible, shall be bilingual in Spanish and English.

(d) The Legislative Analyst shall provide a report to the Legislature, as part of the report on the Governor's 1994–95 Budget, and may provide reports in annual budget reports thereafter. This report shall describe in detail the implementation of this part. This report shall be based on the information collected by the department pursuant to Section 17031.8. This report shall also include the approximate level of personnel years allocated for the purposes of this section, the number of new permits to operate issued or number of prosecutions undertaken, all fines and civil penalties collected, and other relevant information. Each year, the department shall provide the information collected pursuant to Section 17031.8 for the Legislative Analyst to prepare this report. Each report also shall include proposed amendments to this part which would facilitate the provision and maintenance of housing consistent with the requirements of this part, and which would facilitate enforcement of this part.

SEC. 5. Section 17060.2 of the Health and Safety Code is amended to read:

17060.2. (a) Notwithstanding any other provision of law, the operator of employee housing shall provide a resident of every unit in the employee housing with a written copy in English and Spanish of every order or notice of violation issued by an enforcement agency accompanied by an explanation of the owner's or operator's anticipated response to the order or notice. Each notice shall also advise the occupants of the right to a hardship deferral and the procedure for obtaining this, as set forth in subdivision (c). These copies may be provided by first class mail or by posting a copy of the notice in a prominent place on each residential unit.

(b) (1) The enforcement agency shall not require the vacating of all or any part of an accommodation unless it concurrently orders the operator to provide for the relocation of the tenants consistent with the requirements of Section 17062 prior to the date the vacating is required and requires expeditious demolition or repair to comply with this part, the building standards related to employee housing, or other rules and regulations adopted pursuant to this part. Any local government may, prior to January 1, 1994, enact a local relocation ordinance that imposes requirements more stringent than those contained in this section. The tenant or tenant association may enforce the relocation remedies of this section, and the enforcement agency, to the extent feasible, shall cooperate in these efforts. The

enforcement agency may require vacation and demolition or itself vacate the building, repair, demolish, or institute any other appropriate action or proceeding, if either of the following occurs:

(A) The repair work is not done as scheduled or cannot be completed within a reasonable period of time.

(B) There is a significant threat to the residents' or public health and safety.

(2) Prior to vacating and demolishing the accommodation, the public agency shall exert every reasonable effort to obtain or cause repairs. In addition, to the extent feasible, if the public entity causes vacation of the accommodation, it shall cooperate in efforts to obtain compensation from the owner or operator to compensate the displaced residents for their relocation expenses, including rent differentials.

(c) The enforcement agency or a court of competent jurisdiction may, in cases of extreme hardship to tenants of employee housing, provide for deferral of the effective date of orders of abatement. Any deferral of the effective date of any order of abatement shall include conditions, including, but not limited to, payment of rent to an appropriate receiver, which will ensure progress towards correcting defects, or assist in relocation of tenants prior to closure of the employee housing.

SEC. 6. Section 17062 of the Health and Safety Code is amended to read:

17062. (a) Any state or local agency which participated in the investigation and enforcement pursuant to this part shall be reimbursed for its investigative and legal costs prior to and subsequent to the judgment.

(b) Notwithstanding any other provision of law, upon motion by the enforcement agency, the operator, or the tenants, the court may issue an order which would result in correction of defects, rather than closure of the employee housing. The order may provide, notwithstanding subdivision (a), that fines and penalties be paid for improvements, or that a lien be levied against the property to pay the costs of an independent receiver to complete repairs, or any other just and reasonable procedures.

(c) (1) (A) If employee housing is maintained in a manner that violates any provision of this part, including any rule, standard, or regulation promulgated pursuant to this part, and the violation is so extensive and of such a nature that the health and safety of residents or the public is substantially endangered, and if the owner or operator does not, within a reasonable time after issuance of the notice or order by the enforcement agency, correct the condition that is the cause of the violation, the enforcement agency, tenant, or tenant association or organization may, in addition to any other remedies provided by law, seek the appointment of a receiver pursuant to this subdivision.

(B) In its petition to the court, the enforcement agency, tenant, or tenant association or organization shall include proof that notice

of the petition was served not less than five days prior to filing the petition, pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2 of the Code of Civil Procedure, to all persons with a recorded interest in the real property upon which the substandard employee housing exists.

(C) In appointing a receiver, the court shall consider whether the owner has been afforded a reasonable opportunity to correct the conditions cited in the notice of violation. The court shall not appoint any person as a receiver unless the person has demonstrated to the court his or her capacity, willingness, and expertise to develop and supervise a viable financial and construction plan for the satisfactory rehabilitation of the employee housing. If a receiver is appointed, the owner and his or her agent of the substandard employee housing shall be enjoined from collecting rents from the tenants, interfering with the receiver in the operation of the substandard employee housing, and encumbering or transferring the substandard employee housing or real property upon which the employee housing is situated.

(2) Any receiver appointed pursuant to this section shall have all of the following powers and duties in the order of priority listed in this paragraph, unless the court otherwise permits:

(A) To take full and complete control of the substandard employee housing.

(B) To manage the substandard employee housing and pay expenses of the operation of the substandard employee housing and real property upon which the employee housing is located, including taxes, insurance, utilities, general maintenance, and debt secured by an interest in the real property. However, the receiver shall not operate the employee housing for a longer period each year than the period it previously was operated as employee housing each year by the operator or owner.

(C) To secure a cost estimate and construction plan from a licensed contractor for the repairs necessary to correct the conditions cited in the notice of violation.

(D) To enter into contracts and employ a licensed contractor as necessary to correct the conditions cited in the notice of violation.

(E) To collect all rents and income from the substandard employee housing.

(F) To use all rents and income from the substandard employee housing to pay for the cost of rehabilitation and repairs determined by the court as necessary to correct the conditions cited in the notice of violation.

(G) To borrow funds to pay for repairs necessary to correct the conditions cited in the notice of violation and to borrow funds to pay for any relocation benefits authorized by paragraph (4) and secure that debt, with court approval, with a lien on the real property upon which the substandard employee housing is located. The lien shall be recorded in the county recorder's office in the county within which the employee housing is located.

(H) To exercise the powers granted receivers under Section 568 of the Code of Civil Procedure.

(3) The receiver shall be entitled to the same fees, commissions, and necessary expenses as receivers in actions to foreclose mortgages.

(4) If the conditions of the employee housing or the repair or rehabilitation thereof significantly affect the safe and sanitary use of the substandard employee housing by any tenant, to the extent that the tenant cannot safely reside in his or her unit, then the receiver shall provide relocation benefits in accordance with paragraph (3) of subdivision (d).

(5) The relocation compensation provided for in this section shall not preempt any local ordinance that provides for greater relocation assistance.

(6) In addition to any reporting required by the court, the receiver shall prepare monthly reports to the state or local enforcement agency which shall contain information on at least the following items:

(A) The total amount of rent payment received.

(B) Nature and amount of contracts negotiated relative to the operation or repair of the property.

(C) Payments made toward the repair of the premises.

(D) Progress of necessary repairs.

(E) Other payments made relative to the operation of the employee housing.

(F) Amount of tenant relocation benefits paid.

(7) The receiver shall be discharged when the conditions cited in the notice of violation have been remedied in accordance with the court order or judgment and a complete accounting of all costs and repairs has been delivered to the court. Upon removal of the condition, the owner, the mortgagee, or any lienor of record may apply for the discharge of all moneys not used by the receiver for removal of the condition and all other costs authorized by this section.

(8) The prevailing party in an action pursuant to this section shall at the court's equitable discretion be entitled to reasonable attorney's fees and court costs as may be fixed by the court.

(9) The county recorder may charge and collect fees for the recording of all notices and other documents required by this section pursuant to Article 5 (commencing with Section 27360) of Chapter 6 of Division 2 of Title 3 of the Government Code.

(10) Nothing in this section shall be construed to limit those rights available to tenants and owners under any other provision of the law.

(11) Nothing in this section shall be construed to deprive an owner of substandard employee housing of all procedural due process rights guaranteed by the California Constitution and the United States Constitution, including, but not limited to, receipt of notice of the violation claimed and an adequate and reasonable period of time to comply with any orders that are issued by the

enforcement agency or the court.

(d) If the court finds that the employee housing is in a condition that substantially endangers the health and safety of residents pursuant to subdivision (a) of Section 17980.6, upon the entry of any order or judgment, the court shall do all of the following:

(1) Order the owner to pay all reasonable and actual costs of the enforcement agency including, but not limited to, inspection costs, investigation costs, enforcement costs, attorney's fees or costs, and all costs of prosecution.

(2) Order that the local enforcement agency shall provide the tenants with notice of the court order or judgment.

(3) Order that, if the owner undertakes repairs or rehabilitation as a result of being cited for a notice under this chapter, and if the conditions of the premises or the repair or rehabilitation thereof significantly affect the safe and sanitary use of the premises by any lawful tenant, so that the tenant cannot safely reside in the premises, then the owner shall provide or pay relocation benefits to each lawful tenant as specified in subdivision (b) of Section 17060.2. These benefits shall consist of actual reasonable moving and storage costs and relocation compensation. The actual moving and storage costs shall consist of all the following:

(A) Transportation of the tenant's personal property to the new location. The new location shall be in close proximity to the substandard premises, except where relocation to a new location beyond a close proximity is determined by the court to be justified.

(B) Packing, crating, unpacking, and uncrating the tenant's personal property.

(C) Insurance of the tenant's property while in transit.

(D) The reasonable replacement value of property lost, stolen, or damaged (not through the fault or negligence of the displaced person, his or her agent, or his or her employee) in the process of moving, where insurance covering the loss, theft, or damage is not reasonably available.

(E) The cost of disconnecting, dismantling, removing, reassembling, reconnecting, and reinstalling machinery, equipment, or other personal property of the tenant, including connection charges imposed by utility companies for starting utility service.

(e) (1) The relocation compensation shall be an amount equal to the differential between the contract rent and the fair market rental value determined by the United States Department of Housing and Urban Development for a unit of comparable size within the area for the period that the unit is being repaired, not to exceed 120 days or the duration that the camp is open, or the term of employment, whichever is less.

(2) (A) If the court finds that a tenant has been substantially responsible for causing or substantially contributing to the substandard conditions, then the relocation benefits of this section shall not be paid to this tenant. Each other tenant on the premises who has been ordered to relocate due to the substandard conditions

and who is not substantially responsible for causing or contributing to the conditions shall be paid these benefits and moving costs at the time that he or she actually relocates.

(B) The court shall determine the date when the tenant is to relocate, and order the tenant to notify the enforcement agency and the owner of the address of the premises to which he or she has relocated, within five days after the relocation.

(C) (i) The court shall order that the owner shall offer the first right to occupancy of the premises to each tenant who received benefits pursuant to paragraph (3) of subdivision (d), before letting the unit for rent to a third party. The owner's offer on the first right to occupancy to the tenant shall be in writing, and sent by first-class certified mail to the address given by the tenant at the time of relocation. If the owner has not been provided the tenant's address by the tenant as prescribed by this section, the owner shall not be required to provide notice under this section or offer the tenant the right to return to occupancy.

(ii) The tenant shall notify the owner in writing that he or she will occupy the unit. The notice shall be sent by first-class certified mail no later than 10 days after the notice has been mailed by the owner.

(D) The court shall order that failure to comply with any abatement order under this chapter shall be punishable by civil contempt penalties under Chapter 6 (commencing with Section 17995) of Part 1.5, and any other penalties and fines as are available.

(f) The initiation of a proceeding or entry of a judgment pursuant to this section or Section 17980.6 shall be deemed to be a "proceeding" or "judgment" as provided by paragraph (4) or (5) of subdivision (a) of Section 1942.5 of the Civil Code.

(g) The term "owner," for the purposes of this section, shall include the owner, including any public entity that owns residential real property, at the time of the initial notice or order and any successor in interest who had actual or constructive knowledge of the notice, order, or prosecution.

(h) The remedies authorized by this section shall be in addition to those provided by any other law.

(i) Nothing in this section or in Section 17980.6 shall impair the rights of an owner exercising his or her rights established pursuant to Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code.

SEC. 7. Section 17062.5 is added to the Health and Safety Code, to read:

17062.5. All fines, civil penalties, and damages awarded pursuant to this part shall be paid as provided in this section. The court order shall direct payment of these moneys for the costs authorized by subdivision (a) of Section 17062 or subdivision (d) of Section 17055. Thereafter, 50 percent of the balance of the total award shall be paid to the agency, person, or entity to which subdivision (a) of Section 17062 or subdivision (d) of Section 17055 is applicable. The balance of the award, if at least one thousand dollars ($1,000) is paid to that

agency, person, or entity, shall be deposited in the Farmworker Housing Grant Fund, created pursuant to Section 50517.5, for expenditure by the department without further appropriation in a manner consistent with the other requirements of Section 50517.5, for any of the following purposes:

(a) Rental housing that serves lower and very low income households, as defined in Sections 50079.5 and 50105, respectively, who are agricultural employees.

(b) Rental dormitories for unaccompanied men or women who are agricultural employees.

(c) Rehabilitation or replacement of existing employee housing for seasonal use.

SEC. 8. Section 50408 of the Health and Safety Code is amended to read:

50408. (a) On or before December 31 of each year, the department shall submit an annual report to the Governor and both houses of the Legislature on the operations and accomplishments during the previous fiscal year of the housing programs administered by the department.

(b) The report shall include all of the following information:

(1) The number of units assisted by those programs.

(2) The number of individuals and households served and their income levels.

(3) The distribution of units among various areas of the state.

(4) The amount of other public and private funds leveraged by the assistance provided by those programs.

(5) Information detailing the assistance provided to various groups of persons by programs that are targeted to assist those groups.

(6) The information required to be reported pursuant to Section 17031.8.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 953

An act to add Sections 18904.3 and 18904.35 to, and to add and repeal Section 18904.4 of, the Welfare and Institutions Code, relating to food stamps.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) High unemployment and increasing poverty means that more people are hungry.

(b) While food stamp participation in California is at a record high, it is estimated that 45 percent of those eligible for benefits do not receive them.

(c) Many of those not receiving food stamps are unaware of their potential eligibility.

SEC. 2. Section 18904.3 is added to the Welfare and Institutions Code, to read:

18904.3. (a) Where private nonprofit organizations are successful in raising money for food stamp outreach activities and have secured a local governmental agency to serve as the contracting agency, the department shall, upon request and subject to approval by the United States Department of Agriculture, act as their state entity for receipt of matching funds.

(b) Any reduction in federal funding to the state that is due to the result of any audit of food stamp outreach contracts or activities shall be applied to the appropriate local government that served as the contracting agency for food stamp outreach activities.

SEC. 3. Section 18904.35 is added to the Welfare and Institutions Code, to read:

18904.35. Upon approval of a final plan for food stamp outreach activities, in accordance with Section 18904.4, the department shall, in determining whether to request federal matching funds for a food stamp outreach activity, give priority consideration to those activities that implement the final plan.

SEC. 4. Section 18904.4 is added to the Welfare and Institutions Code, to read:

18904.4. (a) The State Department of Social Services shall establish a Food Stamp Outreach Task Force, to develop a state plan for food stamp outreach, especially targeted, but not limited to, the working poor and recently unemployed, eligible seasonal and migrant farmworkers, applicants who primarily speak languages other than English, and households with disabled or homebound members. In preparing the state plan, the task force shall review food stamp outreach efforts conducted in California and elsewhere, as

well as outreach efforts for other income or food assistance programs. The final plan shall contain criteria for determining the eligibility of a nonprofit organization to receive federal matching funds. This section shall not be construed as permitting additional requirements to be imposed upon the counties or the department. The final plan shall be subject to the approval of the department and the United States Department of Agriculture.

(b) The task force shall consist of 18 members, or a smaller number of members if any of the entities specified in this subdivision do not agree to become members. The task force shall be comprised of the following, except for any of the entities specified in this subdivision that does not desire to become a member:

(1) The State Department of Social Services.
(2) California Food Policy Advocates.
(3) Western Center on Law and Poverty.
(4) Children's Advocacy Institute.
(5) California Council of Churches.
(6) California Hunger Action Coalition.
(7) Children Now.
(8) Cal/Neva Community Action Association.
(9) Southern California Interfaith Hunger Coalition.
(10) California Association of Information and Referral Services.
(11) United States Department of Agriculture.
(12) State Employees International Union.
(13) Southern California Public Utility Corporation.
(14) California Welfare Directors Association.
(15) Cooperative Extension.
(16) Coalition of California Welfare Rights Organizations, Inc.
(17) Two at-large members, chosen by the other members of the task force.

(c) Members of the task force established pursuant to this act shall serve without compensation.

(d) The Legislature finds and declares that, as a voluntary organization, the task force shall be funded from private sources or the expenses shall be borne by participating private members at no cost to the public.

(e) The task force shall meet a minimum of three times over six months beginning January 1, 1994. The state plan shall be completed no later than July 1, 1994. All task force meetings shall be held in Sacramento.

(f) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

CHAPTER 954

An act to amend Sections 12403.7, 12403.8, and 12450 of, and to add Article 6 (commencing with Section 12460) to Chapter 4 of Title 2 of Part 4 of, the Penal Code, relating to weapons, and making an appropriation therefor.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 12403.7 of the Penal Code is amended to read:

12403.7. (a) Notwithstanding any other law, any person may purchase, possess, or use tear gas and tear gas weapons for the projection or release of tear gas if the tear gas and tear gas weapons are approved by the Department of Justice and are used solely for self-defense purposes, subject to the following requirements:

(1) No person convicted of a felony or any crime involving an assault under the laws of the United States, of the State of California, or any other state, government, or country or convicted of misuse of tear gas under paragraph (8) shall purchase, possess, or use tear gas or tear gas weapons.

(2) No person who is addicted to any narcotic drug shall purchase, possess, or use tear gas or tear gas weapons.

(3) No person shall sell or furnish any tear gas or tear gas weapon to a minor.

(4) No person who is a minor shall purchase, possess, or use tear gas or tear gas weapons.

(5) (A) No person shall purchase, possess, or use any tear gas weapon that expels a projectile, or that expels the tear gas by any method other than an aerosol spray, or that is of a type, or size of container, other than authorized by regulation of the Department of Justice.

(B) The department, with the cooperation of the State Department of Health Services, shall develop standards regarding the type of tear gas and tear gas weapons that may lawfully be purchased, possessed, and used pursuant to this section.

(C) Every tear gas container and tear gas weapon that may be lawfully purchased, possessed, and used pursuant to this section shall have a label that states: "WARNING: The use of this substance or device for any purpose other than self-defense is a felony under the law. The contents are dangerous—use with care."

(D) After January 1, 1984, every tear gas container and tear gas weapon that may be lawfully purchased, possessed, and used pursuant to this section shall have a label that discloses the date on which the useful life of the tear gas weapon expires.

(6) Effective March 1, 1994, every tear gas container and tear gas

weapon that may be lawfully purchased, possessed, and used pursuant to this section be accompanied by an insert including directions for use, first aid information, safety and storage information, and explanation of the legal ramifications of improper use of the tear gas container or tear gas product. The Department of Justice may issue informational guidelines that shall be used as a minimum standard for compliance with this insert requirement.

(7) (A) No person shall purchase, possess, or use any tear gas or any tear gas weapon that has been certified by the Department of Justice without first obtaining a tear gas instruction card issued by the Department of Justice. Any person who legally possesses a tear gas certificate issued by the Department of Justice prior to March 1, 1994, shall obtain oleoresin capsicum certification pursuant to this section to purchase, possess, or use a tear gas weapon in which the active ingredient is oleoresin capsicum. Commencing March 1, 1994, the department shall issue a tear gas instruction card to an applicant if any of the following criteria are satisfied:

(i) The applicant has completed a course in the use of tear gas and tear gas weapons certified by the Department of Justice.

(ii) The applicant has completed an objective test as prescribed by the Department of Justice that includes a requirement that the participant test spray a tear gas canister that contains inert ingredients. The purpose of the objective test is to ensure knowledge of tear gas safety. The test shall consist of not less than 20, nor more than 30, questions. An applicant shall respond successfully to at least 75 percent of the total number of questions to pass the test. This test shall be administered by a licensed point-of-sale tear gas retailer or by a certified tear gas training institution.

(iii) Completion of point-of-sale instruction, administered by a licensed point-of-sale tear gas retailer, or by a certified tear gas training institution that satisfies each of the following criteria:

(I) Includes an instructional videotape not more than 30 minutes that has been approved by the Department of Justice. The instructional training for oleoresin capsicum certification shall not exceed 10 minutes, as specified by the department, for any person who legally possesses a tear gas certificate issued by the Department of Justice prior to March 1, 1994.

(II) Requires the course participants to test spray a tear gas canister that contains inert ingredients.

(B) If the purchase of tear gas or any tear gas weapon is denied, the retailer denying the purchase shall inform the person in writing of the reason for the denial. The valid instruction card shall be carried on the person when carrying tear gas or tear gas weapons and shall be presented for examination to the retailer from whom any tear gas or tear gas weapons are purchased. The sale of tear gas or tear gas weapons by a retailer to a person who fails to present a valid instruction card is a violation of Section 12420.

(C) The following fees shall be established by the Department of Justice. The establishment of these fees is exempt from Chapter 3.5

(commencing with Section 11340) of Part 1 of Division 3 of the Government Code. The following fees may be charged:

(i) A fee charged to the applicant for the tear gas instruction card not to exceed ten dollars ($10) paid to the Department of Justice for the cost of the Department of Justice to administer the program.

(ii) A fee, not to exceed five dollars ($5), paid to the Department of Justice by each person requesting a replacement certificate from the department.

(iii) A fee to the applicant for the objective test or point-of-sale instruction not to exceed ten dollars ($10) paid to the point-of-sale retailer or administrator of the objective test or Department of Justice certified tear gas training institution.

(iv) A fee, not to exceed five dollars ($5), paid to the Department of Justice by each person who legally possesses a tear gas certificate issued prior to March 1, 1994, and who requests oleoresin capsicum certification to obtain a tear gas weapon in which oleoresin capsicum is the active ingredient.

(v) Pursuant to clause (i) of subparagraph (A) of paragraph (7), Department of Justice certified tear gas training institutions are hereby authorized to charge a fee covering the actual cost of that training.

(8) Any person who uses tear gas or tear gas weapons except in self-defense is guilty of a public offense and is punishable by imprisonment in a state prison for 16 months, or two or three years or in a county jail not to exceed one year or by a fine not to exceed one thousand dollars ($1,000), or by both the fine and imprisonment, except that if the use is against a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, engaged in the performance of his or her official duties and the person committing the offense knows or reasonably should know that the victim is a peace officer, the offense is punishable by imprisonment in a state prison for 16 months or two or three years or by a fine of one thousand dollars ($1,000), or by both the fine and imprisonment.

(b) Notwithstanding Section 12420, any person who has not obtained a tear gas instruction card issued by the Department of Justice and who uses in self-defense, or purchases or possesses for the purpose of self-defense, any tear gas or tear gas weapon that has been certified by the Department of Justice as acceptable pursuant to Article 5 (commencing with Section 12450) is guilty of an infraction, punishable by a fine not to exceed one hundred dollars ($100). Any person who uses in self-defense, or purchases or possesses for the purpose of self-defense, any tear gas or tear gas weapon that has not been certified by the Department of Justice is guilty of a misdemeanor, punishable by imprisonment in a county jail for a period not to exceed one year, or by a fine not to exceed two thousand dollars ($2,000), or by both the fine and imprisonment.

(c) The tear gas instruction card specified in paragraph (7) of subdivision (a) shall be valid, provided the person meets the requirements in subdivision (a), and shall be nontransferable.

(d) Documentation necessary to administer this section shall be uniform throughout the state as prescribed by the Department of Justice.

(e) The Department of Justice may adopt and promulgate regulations concerning the purchase and disposal of self-defense tear gas weapons, the standards for tear gas training courses, and the approval of facilities at which the training shall occur as necessary to ensure the safe use and possession of any tear gas weapon.

(f) The Department of Justice may develop standards and promulgate regulations concerning the requirements for obtaining a tear gas instruction card.

SEC. 2. Section 12403.8 of the Penal Code is amended to read:

12403.8. (a) Notwithstanding paragraph (4) of subdivision (a) of Section 12403.7, a minor who has attained the age of 16 years may purchase, possess, and use tear gas or tear gas weapons pursuant to this chapter if he or she has signed an affidavit in a format prescribed by the Department of Justice stating under penalty of perjury his or her intent to use the tear gas or tear gas weapon solely for self-defense purposes and has obtained the written consent of his or her parent or guardian, as specified in subdivision (b).

(b) Notwithstanding paragraph (3) of subdivision (a) of Section 12403.7, a person may sell or furnish tear gas or a tear gas weapon to a minor who has attained the age of 16 years and who presents a statement of consent signed and verified by the minor's parent or guardian and a signed affidavit in a format prescribed by the Department of Justice stating under penalty of perjury the person's intent to use the tear gas or tear gas weapon solely for self-defense purposes.

(c) Any civil liability of a minor arising out of his or her use of tear gas or a tear gas weapon other than for self-defense is imposed upon the person who signed and verified the statement of consent specified in subdivision (b) who shall be jointly and severally liable with the minor for any damages proximately resulting from the negligent or wrongful act or omission of the minor in the use of the tear gas or a tear gas weapon.

(d) The Department of Justice shall prescribe the form of the statement of consent required by subdivision (b).

SEC. 3. Section 12450 of the Penal Code is amended to read:

12450. Except as specified in Section 12460, no tear gas or tear gas weapon shall be possessed, sold, or transported in this state after January 1, 1971, unless, pursuant to this article, the Department of Justice has certified that particular type and brand of tear gas or tear gas weapon to be acceptable.

SEC. 4. Article 6 (commencing with Section 12460) is added to Chapter 4 of Title 2 of Part 4 of the Penal Code, to read:

Article 6. Oleoresin Capsicum

12460. Notwithstanding Section 12450, any person who is otherwise in compliance with this chapter may purchase, possess, or use tear gas, or a tear gas weapon, in which the active ingredient is oleoresin capsicum. However, no oleoresin capsicum tear gas weapon that will cause or permit the release or emission of oleoresin capsicum either as a liquid or gas through being vaporized or otherwise dispersed in the air shall be purchased, possessed, used, sold, or transported in this state unless the Department of Justice has certified that the particular brand of oleoresin capsicum tear gas or type of oleoresin capsicum tear gas weapon is acceptable pursuant to Article 5 (commencing with Section 12450).

SEC. 5. The sum of ninety-six thousand dollars ($96,000) is hereby appropriated from the General Fund to the Department of Justice to meet startup costs associated with this article. It is the intent of the Legislature that these funds be repaid to the General Fund no later than January 1, 1996.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 955

An act to amend Sections 6161, 6165, and 6180.14 of, and to amend, repeal, and add Section 6171 of, the Business and Professions Code, and to amend Sections 13401, 13404, and 13406 of the Corporations Code, relating to professional law corporations.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6161 of the Business and Professions Code is amended to read:

6161. An applicant for registration as a law corporation shall supply to the State Bar all necessary and pertinent documents and information requested by the State Bar concerning the applicant's plan of operation, including but not limited to a copy of its articles of incorporation, certified by the Secretary of State, a copy of its

bylaws, certified by the secretary of the corporation, the name and address of the corporation, the names and addresses of its officers, directors, shareholders, members, if any, and employees who will render professional services, the address of each office, and any fictitious name or names which the corporation intends to use. The State Bar may provide forms of application. If the Board of Governors or a committee authorized by it finds that the corporation is duly organized and existing pursuant to the General Corporation Law, or pursuant to subdivision (b) of Section 13406 of the Corporations Code, that each officer (except as provided in Section 13403 of the Corporations Code), director, shareholder (except as provided in subdivision (b) of Section 13406 of the Corporations Code), and each employee who will render professional services is a licensed person as defined in the Professional Corporation Act, and that from the application it appears that the affairs of the corporation will be conducted in compliance with law and the rules and regulations of the State Bar, the State Bar shall upon payment of the registration fee in such amount as it may determine issue a certificate of registration. The application shall be signed and verified by an officer of the corporation.

SEC. 1.5. Section 6161 of the Business and Professions Code is amended to read:

6161. An applicant for registration as a law corporation shall supply to the State Bar all necessary and pertinent documents and information requested by the State Bar concerning the applicant's plan of operation, including, but not limited to, a copy of its articles of incorporation, certified by the Secretary of State, a copy of its bylaws, certified by the secretary of the corporation, the name and address of the corporation, the names and addresses of its officers, directors, shareholders, members, if any, and employees who will render professional services, the address of each office, and any fictitious name or names which the corporation intends to use. The State Bar may provide forms of application. If the Board of Governors or a committee authorized by it finds that the corporation is duly organized and existing or duly qualified for the transaction of intrastate business pursuant to the General Corporation Law, or pursuant to subdivision (b) of Section 13406 of the Corporations Code, that each officer (except as provided in Section 13403 of the Corporations Code), director, shareholder (except as provided in subdivision (b) of Section 13406 of the Corporations Code), and each employee who will render professional services is a licensed person as defined in the Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and that from the application it appears that the affairs of the corporation will be conducted in compliance with law and the rules and regulations of the State Bar, the State Bar shall upon payment of the registration fee in such amount as it may determine issue a certificate of registration. The application shall be signed and verified by an officer

of the corporation.

SEC. 2. Section 6165 of the Business and Professions Code is amended to read:

6165. Except as provided in Sections 13403 and 13406 of the Corporations Code, each director, shareholder, and each officer of a law corporation shall be a licensed person as defined in the Professional Corporation Act.

SEC. 2.5. Section 6165 of the Business and Professions Code is amended to read:

6165. Except as provided in Sections 13403 and 13406 of the Corporations Code, each director, shareholder, and each officer of a law corporation shall be a licensed person as defined in the Professional Corporation Act, or a person licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices.

SEC. 3. Section 6171 of the Business and Professions Code is amended to read:

6171. With the approval of the Supreme Court, the State Bar may formulate and enforce rules and regulations to carry out the purposes and objectives of this article, including rules and regulations requiring all of the following:

(a) That the articles of incorporation or bylaws of a law corporation shall include a provision whereby the capital stock of the corporation owned by a disqualified person (as defined in the Professional Corporation Act) or a deceased person shall be sold to the corporation or to the remaining shareholders of the corporation within such time as the rules and regulations may provide.

(b) That a law corporation as a condition of obtaining a certificate pursuant to the Professional Corporation Act and this article shall provide and maintain security by insurance or otherwise for claims against it by its clients for errors and omissions arising out of the rendering of professional services; provided that a law corporation described in subdivision (b) of Section 13406 of the Corporations Code shall be deemed to have fulfilled its obligations under this subdivision if the corporation is the insured for claims against it by its clients for errors and omissions arising out of the rendering of professional services on an errors and omissions liability insurance policy, or, if no such policy exists, if the board of directors of the corporation had made all reasonable efforts in good faith to obtain available liability insurance.

(c) That the name of the law corporation and any name or names under which it renders legal services shall be in compliance with the rules and regulations; provided that a law corporation described in subdivision (b) of Section 13406 of the Corporations Code may use a name which does not contain the last name of any person.

(d) That the law corporation shall obtain from the State Bar and maintain current a fictitious name permit when required by the rules and regulations; that the permit may be obtained, maintained, suspended, and revoked pursuant to procedures set forth in the rules

and regulations; and that the law corporation shall pay an application and renewal fee for the permit in such amounts as may be determined by the State Bar.

(e) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 3.5. Section 6171 is added to the Business and Professions Code, to read:

6171. With the approval of the Supreme Court, the State Bar may formulate and enforce rules and regulations to carry out the purposes and objectives of this article, including rules and regulations requiring all of the following:

(a) That the articles of incorporation or bylaws of a law corporation shall include a provision whereby the capital stock of the corporation owned by a disqualified person (as defined in the Professional Corporation Act) or a deceased person shall be sold to the corporation or to the remaining shareholders of the corporation within such time as the rules and regulations may provide.

(b) That a law corporation, as a condition of obtaining a certificate pursuant to the Professional Corporation Act and this article, shall provide and maintain security by insurance or otherwise for claims against it by its clients for errors and omissions arising out of the rendering of professional services.

(c) That the name of the law corporation and any name or names under which it renders legal services shall be in compliance with the rules and regulations.

(d) That the law corporation shall obtain from the State Bar, and maintain current, a fictitious name permit when required by the rules and regulations; that the permit may be obtained, maintained, suspended, and revoked pursuant to procedures set forth in the rules and regulations; and that the law corporation shall pay an application and renewal fee for the permit in such amounts as may be determined by the State Bar.

(e) This section shall become operative January 1, 1996.

SEC. 4. Section 6180.14 of the Business and Professions Code is amended to read:

6180.14. As used in this article, "attorney" means a member or former member of the State Bar; "law practice" means (a) a law practice conducted by an individual; (b) a law practice conducted by a partnership, if Section 6180 applies to all partners; and (c) a law practice conducted by a law corporation, if Section 6180 applies to all shareholders of the corporation or if the corporation is described in subdivision (b) of Section 13406 of the Corporations Code. This article does not apply to legal services rendered as an employee, or under a contract which does not create the relationship of lawyer and client.

SEC. 5. Section 13401 of the Corporations Code is amended to read:

13401. As used in this part:

(a) "Professional services" means any type of professional services which may be lawfully rendered only pursuant to a license, certification, or registration authorized by the Business and Professions Code or the Chiropractic Act.

(b) "Professional corporation" means a corporation organized under the General Corporation Law or pursuant to subdivision (b) of Section 13406 which is engaged in rendering professional services in a single profession, except as otherwise authorized in Section 13401.5, pursuant to a certificate of registration issued by the governmental agency regulating the profession as herein provided and which in its practice or business designates itself as a professional or other corporation as may be required by statute. However, any professional corporation rendering professional services by persons duly licensed by the Medical Board of California or any examining committee under the jurisdiction of the board, the State Board of Pharmacy, the Board of Examiners in Veterinary Medicine, the Board of Architectural Examiners, the Certified Shorthand Reporters Board, or the Board of Registered Nursing shall not be required to obtain a certificate of registration in order to render those professional services.

(c) "Licensed person" means any natural person who is duly licensed under the provisions of the Business and Professions Code or the Chiropractic Act to render the same professional services as are or will be rendered by the professional corporation of which he or she is or intends to become, an officer, director, shareholder, or employee.

(d) "Disqualified person" means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services which the particular professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

SEC. 5.3. Section 13401 of the Corporations Code is amended to read:

13401. As used in this part:

(a) "Professional services" means any type of professional services which may be lawfully rendered only pursuant to a license, certification, or registration authorized by the Business and Professions Code or the Chiropractic Act.

(b) "Professional corporation" means a corporation organized under the General Corporation Law or pursuant to subdivision (b) of Section 13406 which is engaged in rendering professional services in a single profession, except as otherwise authorized in Section 13401.5, pursuant to a certificate of registration issued by the governmental agency regulating the profession as herein provided and which in its practice or business designates itself as a professional or other corporation as may be required by statute. However, any professional corporation or foreign professional corporation rendering professional services by persons duly licensed by the Medical Board of California or any examining committee under the

jurisdiction of the board, the State Board of Pharmacy, the Board of Examiners in Veterinary Medicine, the Board of Architectural Examiners, the Certified Shorthand Reporters Board, or the Board of Registered Nursing shall not be required to obtain a certificate of registration in order to render those professional services.

(c) "Foreign professional corporation" means a corporation organized under the laws of a state of the United States other than this state that is engaged in a profession of a type for which there is authorization in the Business and Professions Code for the performance of professional services by a professional corporation.

(d) "Licensed person" means any natural person who is duly licensed under the provisions of the Business and Professions Code or the Chiropractic Act to render the same professional services as are or will be rendered by the professional corporation or foreign professional corporation of which he or she is or intends to become, an officer, director, shareholder, or employee.

(e) "Disqualified person" means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services which the particular professional corporation or foreign professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

SEC. 5.5. Section 13401 of the Corporations Code is amended to read:

13401. As used in this part:

(a) "Professional services" means any type of professional services which may be lawfully rendered only pursuant to a license, certification, or registration authorized by the Business and Professions Code or the Chiropractic Act.

(b) "Professional corporation" means a corporation organized under the General Corporation Law or pursuant to subdivision (b) of Section 13406 which is engaged in rendering professional services in a single profession, except as otherwise authorized in Section 13401.5, pursuant to a certificate of registration issued by the governmental agency regulating the profession as herein provided and which in its practice or business designates itself as a professional or other corporation as may be required by statute. However, any professional corporation rendering professional services by persons duly licensed by the Medical Board of California or any examining committee under the jurisdiction of the board, the State Board of Pharmacy, the Board of Examiners in Veterinary Medicine, the Board of Architectural Examiners, the Certified Court Reporters Board, or the Board of Registered Nursing shall not be required to obtain a certificate of registration in order to render those professional services.

(c) "Licensed person" means any natural person who is duly licensed under the provisions of the Business and Professions Code or the Chiropractic Act to render the same professional services as are or will be rendered by the professional corporation of which he or she is or intends to become, an officer, director, shareholder, or

employee.

(d) "Disqualified person" means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services which the particular professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

SEC. 5.7. Section 13401 of the Corporations Code is amended to read:

13401. As used in this part:

(a) "Professional services" means any type of professional services which may be lawfully rendered only pursuant to a license, certification, or registration authorized by the Business and Professions Code or the Chiropractic Act.

(b) "Professional corporation" means a corporation organized under the General Corporation Law or pursuant to subdivision (b) of Section 13406 which is engaged in rendering professional services in a single profession, except as otherwise authorized in Section 13401.5, pursuant to a certificate of registration issued by the governmental agency regulating the profession as herein provided and which in its practice or business designates itself as a professional or other corporation as may be required by statute. However, any professional corporation or foreign professional corporation rendering professional services by persons duly licensed by the Medical Board of California or any examining committee under the jurisdiction of the board, the State Board of Pharmacy, the Board of Examiners in Veterinary Medicine, the Board of Architectural Examiners, the Certified Court Reporters Board, or the Board of Registered Nursing shall not be required to obtain a certificate of registration in order to render those professional services.

(c) "Foreign professional corporation" means a corporation organized under the laws of a state of the United States other than this state that is engaged in a profession of a type for which there is authorization in the Business and Professions Code for the performance of professional services by a professional corporation.

(d) "Licensed person" means any natural person who is duly licensed under the provisions of the Business and Professions Code or the Chiropractic Act to render the same professional services as are or will be rendered by the professional corporation or foreign professional corporation of which he or she is or intends to become, an officer, director, shareholder, or employee.

(e) "Disqualified person" means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services which the particular professional corporation or foreign professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

SEC. 6. Section 13404 of the Corporations Code is amended to read:

13404. A corporation may be formed under the General Corporation Law or pursuant to subdivision (b) of Section 13406 for

the purposes of qualifying as a professional corporation in the manner provided in this part and rendering professional services. The articles of incorporation of a professional corporation shall contain a specific statement that the corporation is a professional corporation within the meaning of this part. Except as provided in subdivision (b) of Section 13401, no professional corporation shall render professional services in this state without a currently effective certificate of registration issued by the governmental agency regulating the profession in which such corporation is or proposes to be engaged, pursuant to the applicable provisions of the Business and Professions Code or the Chiropractic Act expressly authorizing such professional services to be rendered by a professional corporation.

SEC. 7. Section 13406 of the Corporations Code is amended to read:

13406. (a) Subject to the provisions of subdivision (b), shares of capital stock in a professional corporation may be issued only to a licensed person, and any shares issued in violation of this restriction shall be void. Unless there is a public offering of securities by a professional corporation, its financial statements shall be treated by the Commissioner of Corporations as confidential, except to the extent that such statements shall be subject to subpoena in connection with any judicial or administrative proceeding, and may be admissible in evidence therein. No shareholder of a professional corporation shall enter into a voting trust, proxy, or any other arrangement vesting another person (other than another licensed person who is a shareholder of the same corporation) with the authority to exercise the voting power of any or all of his shares, and any such purported voting trust, proxy, or other arrangement shall be void.

(b) A professional law corporation may be incorporated as a nonprofit public benefit corporation under the Nonprofit Public Benefit Corporation Law under either of the following circumstances:

(1) The corporation is a qualified legal services project or a qualified support center within the meaning of subdivisions (a) and (b) of Section 6213 of the Business and Professions Code.

(2) The professional law corporation otherwise meets all of the requirements and complies with all of the provisions of the Nonprofit Public Benefit Corporation Law, as well as all of the following requirements:

(A) All of the members of the corporation, if it is a membership organization as described in the Nonprofit Corporation Law, are persons licensed to practice law in California.

(B) All of the members of the professional law corporation's board of directors are persons licensed to practice law in California.

(C) Seventy percent of the clients to whom the corporation provides legal services are lower income persons as defined in Section 50079.5 of the Health and Safety Code, and to other persons who would not otherwise have access to legal services.

(D) The corporation shall not enter into contingency fee contracts with clients.

(c) A professional law corporation incorporated as a nonprofit public benefit corporation that is a recipient in good standing as defined in subdivision (c) of Section 6213 of the Business and Professions Code shall be deemed to have satisfied all of the filing requirements of a professional law corporation under Sections 6161.1, 6162, and 6163 of the Business and Professions Code.

SEC. 7.5. Section 13406 of the Corporations Code is amended to read:

13406. (a) Subject to the provisions of subdivision (b), shares of capital stock in a professional corporation may be issued only to a licensed person or to a person who is licensed to render the same professional services in the jurisdiction or jurisdictions in which the person practices, and any shares issued in violation of this restriction shall be void. Unless there is a public offering of securities by a professional corporation or by a foreign professional corporation in this state, its financial statements shall be treated by the Commissioner of Corporations as confidential, except to the extent that such statements shall be subject to subpoena in connection with any judicial or administrative proceeding, and may be admissible in evidence therein. No shareholder of a professional corporation or of a foreign professional corporation qualified to render professional services in this state shall enter into a voting trust, proxy, or any other arrangement vesting another person (other than another person who is a shareholder of the same corporation) with the authority to exercise the voting power of any or all of his or her shares, and any such purported voting trust, proxy or other arrangement shall be void.

(b) A professional law corporation may be incorporated as a nonprofit public benefit corporation under the Nonprofit Public Benefit Corporation Law under either of the following circumstances:

(1) The corporation is a qualified legal services project or a qualified support center within the meaning of subdivisions (a) and (b) of Section 6213 of the Business and Professions Code.

(2) The professional law corporation otherwise meets all of the requirements and complies with all of the provisions of the Nonprofit Public Benefit Corporation Law, as well as all of the following requirements:

(A) All of the members of the corporation, if it is a membership organization as described in the Nonprofit Corporation Law, are persons licensed to practice law in California.

(B) All of the members of the professional law corporation's board of directors are persons licensed to practice law in California.

(C) Seventy percent of the clients to whom the corporation provides legal services are lower income persons as defined in Section 50079.5 of the Health and Safety Code, and to other persons who would not otherwise have access to legal services.

(D) The corporation shall not enter into contingency fee contracts with clients.

(c) A professional law corporation incorporated as a nonprofit public benefit corporation that is a recipient in good standing as defined in subdivision (c) of Section 6213 of the Business and Professions Code shall be deemed to have satisfied all of the filing requirements of a professional law corporation under Sections 6161.1, 6162, and 6163 of the Business and Professions Code.

SEC. 8. Section 1.5 of this bill incorporates amendments to Section 6161 of the Business and Professions Code proposed by both this bill and SB 687. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 6161 of the Business and Professions Code, and (3) this bill is enacted after SB 687, in which case Section 1 of this bill shall not become operative.

SEC. 9. Section 2.5 of this bill incorporates amendments to Section 6165 of the Business and Professions Code proposed by both this bill and SB 687. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 6165 of the Business and Professions Code, and (3) this bill is enacted after SB 687, in which case Section 2 of this bill shall not become operative.

SEC. 10. (a) Section 5.3 of this bill incorporates amendments to Section 13401 of the Corporations Code proposed by both this bill and SB 687. It shall only become operative if (1) both bills are enacted and become effective January 1, 1994, (2) each bill amends Section 13401 of the Corporations Code, (3) AB 1807 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 687, in which case Sections 5, 5.5, and 5.7 of this bill shall not become operative.

(b) Section 5.5 of this bill incorporates amendments to Section 13401 of the Corporations Code proposed by both this bill and AB 1807. It shall only become operative if (1) both bills are enacted and become effective January 1, 1994, (2) each bill amends Section 13401 of the Corporations Code, (3) SB 687 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 1807 in which case Sections 5, 5.3, and 5.7 of this bill shall not become operative.

(c) Section 5.7 of this bill incorporates amendments to Section 13401 of the Corporations Code proposed by this bill, SB 687, and AB 1807. It shall only become operative if (1) all three bills are enacted and become effective January 1, 1994, (2) all three bills amend Section 13401 of the Corporations Code, and (3) this bill is enacted after SB 687 and AB 1807, in which case Sections 5, 5.3, and 5.5 of this bill shall not become operative.

SEC. 11. Section 7.5 of this bill incorporates amendments to Section 13406 of the Corporations Code proposed by both this bill and SB 687. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends

Section 13406 of the Corporations Code, and (3) this bill is enacted after SB 687, in which case Section 7 of this bill shall not become operative.

CHAPTER 956

An act to amend Sections 40448.5, 40452, and 40512 of the Health and Safety Code, and to amend Section 9250.11 of the Vehicle Code, relating to air pollution.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 40448.5 of the Health and Safety Code is amended to read:

40448.5. (a) The south coast district shall establish a program to encourage voluntary participation in projects to increase the utilization of clean-burning fuels. The south coast district shall coordinate its program with the state board, the State Energy Resources Conservation and Development Commission, and other appropriate state and federal agencies and private organizations that are conducting activities to promote the use of clean-burning fuels.

(b) After holding at least two public hearings to solicit public comment on a clean-burning fuels program, the south coast district shall adopt a program of activities for increasing the use of clean-burning fuels in the transportation and stationary source sectors.

(c) The program shall include an identification of potential funding sources, including, but not limited to, state and federal funds; private-sector funds; revenues from district permit, variance, and emission fees; proceeds from district penalty settlements and judgments; and funds from other sources under the jurisdiction of the south coast district.

(d) In developing its program, the south coast district shall consider promoting projects in the transportation and stationary source sectors utilizing methanol fuel, fuel cells, liquid petroleum gas, natural gas, including compressed natural gas, combination fuels, synthetic fuels, electricity, including electric vehicles, and other clean-burning fuels.

(e) When considering which clean fuels projects to promote, the south coast district shall consider, among other factors, the current and projected economic costs and availability of fuels, the cost-effectiveness of emission reductions associated with clean fuels compared with other pollution control alternatives, the use of new pollution control technologies in conjunction with traditional fuels as an alternative means of reducing emissions, potential effects on

public health, ambient air quality, visibility within the region, and other factors determined to be relevant by the south coast district.

(f) When implementing clean fuels projects, the south coast district shall consider limiting the use of clean fuels to specific seasons, time of day, and locations if those limitations are found by the district to further the goals of the program.

(g) The south coast district shall coordinate the clean-burning fuels program with transportation control measures adopted pursuant to paragraph (4) of subdivision (b) of Section 40440 to reduce traffic congestion, air pollution, and motor vehicle fuel consumption.

SEC. 2. Section 40452 of the Health and Safety Code is amended to read:

40452. On or before April 1, 1991, and annually thereafter, the south coast district shall submit a report to the state board and the Legislature summarizing its regulatory activities for the preceding calendar year. The report shall include:

(a) A summary of each major rule and rule amendment adopted by the south coast district board. The summary shall include emission reductions to be accomplished by each rule or regulation; the cost per ton of emission reduction to be achieved from each rule or regulation; other alternatives that were considered through the environmental assessment process; the cost per ton of comparable emission reductions that could have been achieved from each alternative; a statement of the reason why a given alternative was chosen; the conclusions and recommendations of the district's socioeconomic analysis, including any evaluations of employment impacts; and the source of funding for the rule or regulation. For the purposes of this subdivision, a major rule or rule amendment is one that is intended to significantly affect air quality or which imposes emission limitations.

(b) The number of permits to operate or to construct, by type of industry, that are issued and denied, and the number of permits to operate that are not renewed.

(c) Data on emission offset transactions and applications, by pollutant, during the previous fiscal year, including an accounting of the number of applications for permits for new or modified sources that were denied because of the unavailability of emission offsets.

(d) The district's forecast of budget and staff increases proposed for the following fiscal year, and projected for the next two fiscal years. Budget and staff increases shall be related to existing programs and rules, and to new programs or rules to be adopted during the following years. The budget forecast shall provide a workload justification for proposed budget and staff changes and shall identify any cost savings to be achieved by program or staff changes. The budget forecast shall include increases in permit fees and other fees proposed for the following fiscal year and projected for the next two fiscal years. Budget information developed by the district pursuant to Section 42311.1 may be used to comply with the requirements

established under this section.

(e) An identification of the source of all revenues collected that are used, or proposed to be used, to finance activities related to either stationary or nonstationary sources.

(f) A response to audit recommendations pursuant to Sections 40453 and 42311.1. The response shall include proposed statutory changes needed to implement the recommendations.

(g) The results of the clean fuels program as specified in Section 40448.5. This element of the report shall be submitted biennially.

SEC. 3. Section 40512 of the Health and Safety Code is amended to read:

40512. (a) The south coast district board may impose a fee surcharge based on a formula associated with quantity of emissions and the effect of these emissions on ambient air quality within the south coast district to generate sufficient revenues to pay for any of its costs associated with the development and implementation of Section 40448.5.

(b) The total amount of funds collected from these surcharge fees shall not exceed five hundred thousand dollars ($500,000) in each of the first two fiscal years of the development or implementation of Section 40448.5. All surcharge fees received by the south coast district pursuant to this section shall be deposited in a clean fuels and transportation control measures account which shall be established and maintained by the south coast district.

(c) In subsequent fiscal years, the total amount of funds collected from these surcharge fees shall not exceed 25 percent of the amount of fees received the previous fiscal year from registered motor vehicle owners pursuant to Section 9250.11 of the Vehicle Code. The surcharge fees received by the south coast district pursuant to this section shall be used to pay for the initial costs incurred by the Department of Motor Vehicles to implement the motor vehicle fee program established by Section 9250.11 of the Vehicle Code.

(d) All fees received by the south coast district pursuant to Section 9250.11 of the Vehicle Code shall be deposited in the clean fuels and transportation control measures account and shall be used solely for transportation and vehicular-related program activities within the program established by this section. Not more than 2½ percent of the funds in the account shall be used for the south coast district administrative costs.

SEC. 4. Section 9250.11 of the Vehicle Code is amended to read:

9250.11. (a) In addition to any other fees specified in this code and the Revenue and Taxation Code, a fee of one dollar ($1) may be imposed by the South Coast Air Quality Management District and shall be paid to the department, upon renewal of registration of any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code and registered in the south coast district, except any vehicle that is expressly exempted under this code from the payment of registration fees.

(b) Prior to imposing fees pursuant to this section, the south coast

district board shall approve the imposition of the fees through the adoption of a resolution by both a majority of the district board and a majority of the district board who are elected officials. After deducting all costs incurred pursuant to this section, the department shall distribute the additional fees collected pursuant to subdivision (a) to the south coast district, which shall use the fees to reduce air pollution from motor vehicles through implementation of Section 40448.5 of the Health and Safety Code.

(c) Any memorandum of understanding reached between the district and a county prior to the imposition of a one dollar ($1) fee by a county shall remain in effect and govern the allocation of the funds generated in that county by that fee.

(d) The South Coast Air Quality Management District shall adopt accounting procedures to ensure that revenues from motor vehicle registration fees are not commingled with other program revenues.

(e) This section shall become inoperative on August 1, 1999, and, as of January 1, 2000, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 957

An act to amend Section 30796.7 of the Streets and Highways Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 30796.7 of the Streets and Highways Code is amended to read:

30796.7. (a) Notwithstanding any other provision of law, the San Diego Association of Governments may impose a toll on vehicles crossing the San Diego-Coronado Bridge. The toll shall be established by the association after conducting at least one public hearing.

(b) The authority of the commission relative to tolls on the bridge is hereby transferred to the San Diego Association of Governments.

All tolls established by the commission shall remain in effect until June 30, 1995, unless changed by the San Diego Association of Governments. Thereafter, all tolls on the bridge shall be at the rates established by the San Diego Association of Governments, except that at no time shall the rate of toll for Class 1 vehicles exceed one dollar and fifty cents ($1.50) per vehicle.

(c) (1) The revenues from any tolls imposed on the bridge shall be used first for expenses related to the collection of tolls and operation of the bridge, including, but not limited to, reimbursement for any operating and maintenance costs and, second, for improvements to the bridge and its approaches. Tolls shall be established at an amount which will generate revenue sufficient to meet the requirements set forth in this paragraph, as determined by the department.

(2) The revenues from any tolls imposed on the bridge may also be used for costs incurred by the San Diego Association of Governments in administering this section and for either or both of the following:

(A) Transportation services that either increase the capacity of the bridge and its approaches or reduce the demand for travel in the transportation corridor that includes the bridge.

(B) Alternative forms of transportation, within the transportation corridor that includes the bridge, that reduce congestion and air pollution, including, but not limited to, ferry service and public transit.

(d) For the purposes of this section, "transportation corridor" means the San Diego-Coronado Bridge and its approaches which extend from Route 5 in the City of San Diego to the North Island Naval Air Station via Route 282, and to the Naval Amphibious Base via Route 75 in the City of Coronado.

(e) All money deposited in the San Diego-Coronado Toll Bridge Revenue Fund prior to March 26, 1992, and not expended, encumbered, or programmed before January 1, 1994, is appropriated to the Controller for allocation to the San Diego Association of Governments for the purposes of paragraph (2) of subdivision (c).

(f) Not later than June 30, 1995, and not later than June 30 of every even-numbered year thereafter, the San Diego Association of Governments shall adopt an expenditure plan specifying the projects and programs that are to be funded with toll revenues, and shall submit copies of each plan to the Senate Committee on Transportation and the Assembly Committee on Transportation.

(g) If the San Diego Association of Governments imposes tolls pursuant to subdivision (a), it shall reimburse the department for costs incurred by the department in operating the bridge, collecting tolls, and performing other related services. The association and the department shall enter into an agreement which provides for the full reimbursement of the department for all operating and maintenance costs.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that toll revenues from the San Diego-Coronado Bridge may be used for the purposes that were intended by legislation enacted in 1992, it is necessary for this act to take effect immediately.

CHAPTER 958

An act to amend Sections 4000.1 and 24007 of, and to add Section 5751.5 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 4000.1 of the Vehicle Code is amended to read:

4000.1. (a) Except as otherwise provided in subdivision (b), (c), or (d) of this section, or subdivision (b) of Section 43654 of the Health and Safety Code, the department shall require upon initial registration, and upon transfer of ownership and registration, of any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and upon registration of a motor vehicle previously registered outside this state which is subject to those provisions of the Health and Safety Code, a valid certificate of compliance or a certificate of noncompliance, as appropriate, issued in accordance with Section 44015 of the Health and Safety Code.

(b) With respect to new vehicles certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code, the department shall accept a statement completed pursuant to subdivision (b) of Section 24007 in lieu of the certificate of compliance.

(c) For purposes of determining the validity of a certificate of compliance or noncompliance submitted in compliance with the requirements of this section, the definitions of new and used motor vehicle contained in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code shall control.

(d) Subdivision (a) does not apply to a transfer of ownership and registration under any of the following circumstances:

(1) In any district in which biennial certification is required and a valid certificate was issued in connection with the most recent renewal of registration of the vehicle, and the transfer occurred not more than 60 days following the date by which that renewal of registration was required.

(2) The transferor is either the parent, grandparent, child,

grandchild, or spouse of the transferee.

(3) A vehicle registered to a sole proprietorship is transferred to the proprietor as owner.

(4) The transfer is between companies whose principal business is leasing vehicles, if there is no change in the lessee or operator of the vehicle or between the lessor and the person who has been, for at least one year, the lessee's operator of the vehicle.

(5) The transfer is between the lessor and lessee of the vehicle, if there is no change in the lessee or operator of the vehicle.

(6) The vehicle was manufactured prior to the 1966 model-year.

(e) The State Air Resources Board, under Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, may exempt designated classifications of motor vehicles from subdivision (a) as it deems necessary, and shall notify the department of that action.

SEC. 2. Section 5751.5 is added to the Vehicle Code, to read:

5751.5. (a) Upon transfer of the title or interest of the registered owner of a motor vehicle that is subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, if no certificate of compliance or certificate of noncompliance is submitted to the department pursuant to the exemptions described in paragraph (1) of subdivision (d) of Section 4000.1, the transferor of that vehicle shall sign and deliver to the transferee, upon completion of the transaction, the original copy of a statement, under penalty of perjury, that he or she has not modified the emissions system of the vehicle and does not have any personal knowledge of anyone else modifying the system in a manner that causes the emission system to fail to qualify for the issuance of a certificate of compliance pursuant to Section 44015 of the Health and Safety Code. The transferor shall keep a duplicate copy of the statement delivered to the transferee pursuant to this section. The department shall prescribe and make available to transferors the necessary forms to comply with this subdivision.

(b) Any form prescribed by the department pursuant to subdivision (a) shall contain the following statement and a space for the signatures of the transferor and transferee at the end of the statement:

"WARNING TO THE BUYER

"A certificate of compliance was submitted to the Department of Motor Vehicles for this vehicle within the past 60 days. However, at present, you may be purchasing a vehicle that may not be in compliance with specified emission standards.

"By signing this statement, you acknowledge that the seller is not required to provide you with an additional certificate of compliance prior to the completion of this transaction.

"You may have this vehicle tested at a licensed smog check station prior to completion of this transaction to verify compliance. If the

vehicle passes the test, you shall be responsible for the costs of the test. If the vehicle fails the test, the seller is obligated to reimburse you the cost of having the vehicle tested and, without expense to you, must have the vehicle repaired to comply with specified emission standards prior to completion of this transaction.

(Transferor)	(Date)
(Transferee)	(Date)"

(c) Any sale of a motor vehicle with regard to which the transferor is found to have committed perjury, as described in subdivision (a), may be rescinded by the transferee within 60 days of the date that the transferee obtained knowledge of the perjury. The transferee shall be entitled to recover all consideration paid to the transferor and any interest from the date of sale. In addition, the court may, upon motion, award reasonable attorney's fees to the prevailing plaintiff.

SEC. 3. Section 24007 of the Vehicle Code is amended to read:

24007. (a) (1) No dealer or person holding a retail seller's permit shall sell a new or used vehicle which is not in compliance with this code and departmental regulations adopted pursuant to this code, unless the vehicle is sold to another dealer, sold for the purpose of being legally wrecked or dismantled, or sold exclusively for off-highway use.

(2) Paragraph (1) does not apply to any vehicle sold by either (A) a dismantler after being reported for dismantling pursuant to Section 11520 or (B) a salvage pool after obtaining a salvage certificate pursuant to Section 11515.

(b) (1) Except as provided in Section 24007.5, no person shall sell, or offer or deliver for sale, to the ultimate purchaser or to any subsequent purchaser a new or used motor vehicle, as those terms are defined in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code, subject to Part 5 (commencing with Section 43000) of that Division 26 which is not in compliance with that Part 5 and the rules and regulations of the State Air Resources Board, unless the vehicle is sold to a dealer or sold for the purpose of being legally wrecked or dismantled.

(2) Prior to or at the time of delivery for sale, the seller shall provide the purchaser a valid certificate of compliance or certificate of noncompliance, as appropriate, issued in accordance with Section 44015 of the Health and Safety Code.

(3) Paragraph (2) does not apply to any vehicle whose transfer of ownership and registration is described in subdivision (d) of Section 4000.1.

(4) Paragraphs (1) and (2) do not apply to any vehicle sold by either (A) a dismantler after being reported for dismantling pursuant to Section 11520 or (B) a salvage pool after obtaining a

salvage certificate pursuant to Section 11515.

(c) (1) With each application for initial registration of a new motor vehicle or transfer of registration of a motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, a dealer, the purchaser, or his or her authorized representative, shall transmit to the Department of Motor Vehicles a valid certificate of compliance or noncompliance, as appropriate, issued in accordance with Section 44015 of the Health and Safety Code.

(2) Notwithstanding paragraph (1) of this subdivision, with respect to new vehicles certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code, a dealer may transmit, in lieu of a certificate of compliance, a statement, in a form and containing information deemed necessary and appropriate by the Director of Motor Vehicles and the Executive Officer of the State Air Resources Board, to attest to the vehicle's compliance with that Chapter 2. The statement shall be certified under penalty of perjury, and shall be signed by the dealer or the dealer's authorized representative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 959

An act to add and repeal Article 2.1 (commencing with Section 12170) of Chapter 4 of Part 2 of Division 2 of the Public Contract Code, relating to state and local purchasing.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.1 (commencing with Section 12170) is added to Chapter 4 of Part 2 of Division 2 of the Public Contract Code, to read:

Article 2.1. Recycled Fluids, Paints, and Solvents

12170. Fitness and quality being equal, all state agencies shall purchase the following products whenever available:

(a) Rerefined automotive lubricants, including, but not limited to, crank case oil, engine oil, transmission fluid, and power steering fluid, for all state vehicles, including, but not limited to, all fleet cars, trucks, and buses, so long as the cost of the rerefined automotive lubricants are not more than 5 percent greater than the lowest price quoted by suppliers offering nonrecycled automotive lubricant.

(b) Recycled antifreeze fluid so long as the cost of the antifreeze fluid is not more than 5 percent greater than the lowest price quoted by suppliers offering nonrecycled antifreeze fluid.

(c) Recycled solvents so long as the cost of the recycled solvents is not more than 5 percent greater than the lowest price quoted by suppliers offering nonrecycled solvents.

(d) Recycled paints, so long as the cost of the recycled paints is not more than 5 percent greater than the lowest price quoted by suppliers offering nonrecycled paints.

(e) "Fitness and quality" shall be defined in this section as meeting all specifications required of the product for its specific use, including those required of a manufacturer's warranty. Procuring agencies may set special standards for motor oil used in engines that operate under extreme conditions, including law enforcement vehicles that run at excessive speeds or for long periods of operation.

(f) "Available" shall be defined in this section as providing comparable delivery services and packaging specifications as the agency requires from all suppliers of that product.

(g) "Rerefined motor oil" shall be defined in this section as having a neutral oil content consisting of at least 70 percent rerefined oil.

(h) "Recycled paint" shall be defined in this section as having a recycled content consisting of at least 50 percent postconsumer paint. Preconsumer or secondary paint shall not qualify as "recycled paint" pursuant to this subdivision.

(i) "Recycled antifreeze fluid" and "recycled solvents" shall be defined in this section as having a recycled content of at least 70 percent recycled materials.

(j) State agencies may submit claims to the board pursuant to the pilot program in Section 12162.

(k) This article shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute which is chaptered prior to that date extends or deletes that date.

CHAPTER 960

An act to amend and repeal Sections 12162, 12205, and 12310 of, and to add and repeal Sections 12159 and 12305.5 of, the Public Contract Code, relating to recycling.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) The Purchasing Division of the City of San Jose, which specifies recycled content in its bid solicitations, paid competitive prices or less for recycled-content products in the 1991–92 fiscal year.

(b) The Bureau of Street Maintenance of the City of Los Angeles saved approximately eight million dollars ($8,000,000) in paving material cost over the past five years by using recycled asphalt pavement.

(c) The City of Santa Rosa saves over thirty-three thousand dollars ($33,000) annually by using retreaded tires on the back portion of its city buses.

(d) A California vendor of rerefined oil reports that the quality of rerefined motor oil is the same as virgin motor oil and that costs are competitive.

(e) Some private companies that buy recycled products, such as bond paper, toilet tissue, and cardboard boxes, find that total recycled paper purchases cost not more than 2 to 4 percent more than virgin paper products, which is below the state's 5-percent price preference for recycled paper.

(f) A 1992 study conducted by Integrated Recycling Inc. for the California Integrated Waste Management Board found that many cities and counties are buying recycled content plastic products. Board staff estimates that the cost of recycling plastic products was either less than the cost of virgin products or not more than 5 to 10 percent higher.

(g) Minimum recycled content requirements for glass containers are the major factor influencing the Department of General Services' and California State University system's high rate for purchases of recycled glass products, which was 79 percent in 1990.

(h) Recycled latex paint, which is very similar to the virgin product in quality, consistency, and performance, is offered free of charge to the public by some counties and is offered for from three dollars ($3) to five dollars ($5) per gallon in other counties to cover collection and transportation costs. A California waste management company has saved thirty thousand dollars ($30,000) in paint costs to date by using rerefined latex paint on its bins.

(i) Compost produced from yard trimmings has been purchased

by the state at a slightly lower price than shredded bark for mulching highway landscaping. Co-compost is available in bulk from several commercial producers for under eight dollars ($8) per cubic yard and has been used to diminish the total costs of commercial fertilizers and water usage in the production of San Joaquin Valley cotton.

(j) Substituting recycled materials for virgin resources provides additional savings by (1) extending the life of solid waste landfills, (2) saving solid waste landfill operation and maintenance costs and, consequently, total disposal costs, (3) saving energy, (4) reducing air pollution, (5) conserving water and other significant natural resources, (6) reducing mining wastes, and (7) providing employment opportunities, ranging from water extraction to recycled product manufacturing.

(k) Furthermore, Executive Order W-7-91 states that "California should set the example of leadership in minimizing waste and promoting increased use of recycled products." The Governor's Task Force on Waste Reduction and Recycling has recommended that a coordinator for each state agency should "ensure that all measures are taken to reduce waste, reuse materials when possible, recycle all recyclable items, and procure materials with recycled content . . . in all state offices and facilities."

(*l*) Accordingly, the purpose of this act is to do all of the following:

(1) Maximize the state procurement of recycled products, as well as maximize source reduction, by using funds appropriated in the Budget Act. It is recognized that, if certain products made with recycled materials cost more than the same products made with virgin material, a state agency may need to purchase fewer products or apply cost savings from buying other products made with recycled materials toward the purchase of those more costly products.

(2) Assist state agencies in complying with Executive Order W-7-91 and the recommendations of the Governor's Task Force on Waste Reduction and Recycling and, as a result, generate new or expanding markets for recycled products and increase recycling-related businesses in the state.

(3) Maximize the amount of secondary and postconsumer waste in products purchased by the state.

(4) Help achieve the goals of the California Integrated Waste Management Board's Market Development Plan, including job creation and the diversion of solid waste from landfills.

SEC. 2. Section 12159 is added to the Public Resources Code, to read:

12159. (a) If a recycled product, as defined in subdivision (a) of Section 12200, costs more than the same product made with virgin material, the state agency shall, if feasible, purchase fewer of those more costly products or apply cost savings, if any, gained from buying other recycled products towards the purchase of those more costly products to meet the solid waste diversion goals of Section 41780.

(b) All state agencies shall, if feasible, establish purchasing practices which ensure the purchase of materials, goods, and supplies

which may be recycled or reused. Each state agency shall initiate activities for the collection, separation, and recycling of recyclable materials and may appoint a recycling coordinator to assist in implementing this section.

(c) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute which is chaptered prior to that date extends or deletes that date.

SEC. 3. Section 12162 of the Public Contract Code is amended to read:

12162. (a) The department shall set the following goals for the purchase of recycled paper products:

(1) By January 1, 1994, at least 40 percent of the total dollar amount of paper products purchased or procured shall be a recycled paper product, as defined in Section 12161. In addition, at least 15 percent of the total fine writing and printing paper purchased or procured shall be a recycled paper product, as defined in Section 12161.

(2) By January 1, 1996, at least 50 percent of the total dollar amount of paper products purchased or procured shall be a recycled paper product, as defined in Section 12161. In addition, at least 25 percent of the total fine writing and printing paper purchased or procured shall be a recycled paper product, as defined in Section 12161.

(b) All state agencies shall report to the department and to the board on their progress in meeting the goals specified in this section and Section 12205 and shall submit to the department and to the board a detailed plan to meet those goals. The department shall develop a uniform reporting procedure which state agencies shall follow. If at any time a goal has not been met, the department, in consultation with the board, shall review procurement policies and shall make recommendations for immediate revisions to ensure that the goal is met. The department, in consultation with the board, shall present its conclusions and recommendations on these revisions of procurement policies to the Legislature in the department's annual report pursuant to Section 12225.

(c) (1) All state agencies shall give a purchase preference, not to exceed 10 percent, to recycled paper products, if the product's fitness, quality, availability, and price meet the requirements of Section 12161. The board, in consultation with the department, shall establish, on or before May 1, 1994, and every two years thereafter, price preferences for the purposes of meeting the goals set forth in this section and Section 12205 for recycled products. For those priority commodities, as defined by the board, the price preference established by the board shall not be less than 5 percent. The board shall publish the established price preferences annually in the board's report to the Legislature pursuant to Section 40507 of the Public Resources Code.

(2) In establishing the price preferences, the board shall take into consideration the following factors:

(A) Materials that comprise the largest percentage of the state's solid waste stream.

(B) Materials that have the highest percentage of postconsumer waste.

(C) Materials that require expanded markets.

(D) Any other market factors as determined by the board.

(3) The combined dollar amount of preference granted pursuant to this section and any other provision of law shall not exceed one hundred thousand dollars ($100,000).

(d) Notwithstanding paragraph (1) of subdivision (c), the recycled paper bidder preference shall not exceed fifty thousand dollars ($50,000) if a preference exceeding that amount would preclude an award to a small business that offers nonrecycled paper products and is qualified in accordance with Section 14838 of the Government Code.

(e) The board shall implement a pilot program, from January 1, 1994, to January 1, 1997, for funding claims submitted by state agencies for providing the price preferences required by this section and Section 12205. A state agency's purchase of recycled paper products pursuant to subdivision (a) shall be ineligible for claims under the pilot program. On or before March 31, 1996, in conjunction with the annual report required by Section 40507 of the Public Resources Code, the board shall report to the Legislature and Governor on the pilot program and make recommendations concerning the continuation or modification of the program. A sum of not more than three hundred thousand dollars ($300,000) total, or one hundred thousand dollars ($100,000) annually, shall be expended for the purposes of implementing the pilot program. This subdivision shall be operative only if adequate funds for the pilot program are made available.

(f) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute which is chaptered prior to that date extends or deletes that date.

SEC. 4. Section 12205 of the Public Contract Code is amended to read:

12205. (a) (1) All state agencies shall require all contractors to certify in writing the minimum percentage, if not the exact percentage, of postconsumer and secondary material in the materials, goods, or services provided or used. This certification shall be furnished under penalty of perjury.

(2) The department, in consultation with the board, shall review and revise the procurement specifications currently used by state agencies in order to eliminate restrictive specifications and discrimination against the procurement or purchase of recycled products. Fitness and quality being equal, all state agencies shall purchase recycled products instead of nonrecycled products whenever recycled products are available at the same total cost as nonrecycled products. All state agencies shall allow a price preference as determined by the board pursuant to Section 12162. In

determining procurement specifications, with the exception of any specifications which have been established to preserve the public health and safety, all state procurement and purchasing specifications shall be established in a manner which results in the maximum state procurement and purchase of recycled products.

(c) (1) To assist the state in meeting the goals of subdivision (a) of Section 12162 and subdivision (e) of this section, the department, in consultation with the board, may also establish recycled-content disclosure, recycled product-only bids, cooperative purchasing arrangements or conduct an analysis of solid waste diversion from disposal facilities to meet the goals for recycled products and to encourage the maximum state procurement and purchase of recycled products. All state agencies shall, if feasible, implement recycled product-only bids for recycled products as defined in subdivision (a) of Section 12200, in order to meet the goals for recycled products set forth in this section and Section 12162.

(2) This subdivision applies to the procurement or purchase of the following materials, goods, and supplies, or products containing the following recycled resources:

(A) Paper products, which include, but are not limited to, fine papers, such as xerographic and envelope papers and form bond, corrugated boxes, newsprint, tissue, and toweling.

(B) Compost and co-compost products.

(C) Glass.

(D) Oil.

(E) Plastic.

(F) Solvents and paint, including water-based paint.

(G) Tires.

(d) All state agencies shall, if feasible, establish purchasing practices which ensure the purchase of materials, goods, and supplies which may be recycled or reused when discarded.

(e) The department shall set the following goals for purchases made by state agencies:

(1) By January 1, 1996, at least 20 percent of state purchases are of recycled products.

(2) By January 1, 1998, at least 30 percent of state purchases are of recycled products.

(3) By January 1, 2000, at least 50 percent of state purchases are of recycled products.

(4) The goals specified in this subdivision shall be applied to the purchases of state agencies for products listed in this section, except in subparagraph (A) of paragraph (2) of subdivision (c) for which goals are specified in Section 12162.

(f) The purchases of the state agencies shall meet each goal for, and be applied to the total dollar amount of, each specified product category as defined in this section.

(g) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute which is chaptered prior to that date extends or deletes that date.

SEC. 5. Section 12305.5 is added to the Public Contract Code, to read:

12305.5. (a) If a recycled product costs more than the same product made with virgin material, the Legislature shall purchase fewer of those more costly products or apply cost savings, if any, gained from buying other recycled products towards the purchase of those more costly products.

(b) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute which is chaptered prior to that date extends or deletes that date.

SEC. 6. Section 12310 of the Public Contract Code is amended to read:

12310. (a) The Legislature shall set the following goals in the purchase of recycled paper products:

(1) By January 1, 1995, at least 40 percent of the total dollar amount of paper products purchased or procured by the Legislature shall be purchased as a recycled paper product, as defined in Section 12301. In addition, at least 15 percent of the total fine writing and printing paper purchased by the Legislature shall be recycled paper products, as defined in Section 12301.

(2) By January 1, 1997, at least 50 percent of the total dollar amount of paper products purchased or procured by the Legislature shall be purchased as a recycled paper product, as defined in Section 12301. In addition, at least 25 percent of the total fine writing and printing paper purchased by the Legislature shall be recycled paper products, as defined in Section 12301.

(3) If at any time the goal for recycled products has not been met, the Legislature and the department, in consultation with the board, shall review the procurement policies of the Legislature and shall make recommendations for immediate revisions to ensure that each goal is met. Revisions include, but are not limited to, raising the purchasing preference and altering the goals for each or all recycled products. The department, in consultation with the board, shall present its conclusions and recommendations on these revisions of procurement policies to the Legislature in the department's biennial report pursuant to Section 12225.

(b) When contracting with the Legislature for the sale of recycled paper products, the contractor shall certify in writing to the contracting officer or his or her representative, that the recycled paper products offered contain the minimum percentage of waste materials required by subdivision (c) of Section 12301. The contractor shall specify the minimum, if not the exact, percentage of recycled product in the paper product, including both the secondary and postconsumer waste content. This certification shall be furnished under penalty of perjury.

(c) The Legislature may, in consultation with the board, print a symbol on paper products selected by the Legislature. The symbol shall be similar to the following:

Printed on recycled paper. This symbol shall be printed only on

paper products meeting the definition of recycled paper products in Section 12301.

(d) This section shall not prevent the Legislature from using existing stocks of paper products.

(e) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute which is chaptered prior to that date extends or deletes that date.

CHAPTER 961

An act to amend Section 40980 of, to add Sections 40322.5, 40701.5, and 40704.5 to, to repeal and add Sections 40100 and 40152 of, and to repeal Section 40153 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 40100 of the Health and Safety Code is repealed.

SEC. 2. Section 40100 is added to the Health and Safety Code, to read:

40100. (a) On and after July 1, 1994, the membership of the governing board of each county district, including any district formed on or after that date, shall include (1) one or more members who are mayors, city council members, or both, and (2) one or more members who are county supervisors.

(b) The number of those members and their composition shall be determined jointly by the county and the cities within the district, and shall be approved by the county, and by a majority of the cities which contain a majority of the population in the incorporated area of the district.

(c) The governing board shall reflect, to the extent feasible and practicable, the geographic diversity of the district and the variation of population between the cities in the district.

(d) The members of the governing board who are mayors or city council members shall be selected by the city selection committee. The members of the governing board who are county supervisors shall be selected by the county.

(e) This section does not apply to any district in which the population of the incorporated area of the county is 35 percent or less of the total county population, as determined by the district on June 30, 1994, or to a county district having a population of more than 2,500,000 as of June 30, 1990.

(f) If a district fails to comply with subdivisions (a) and (b), the membership of the governing board shall be determined as follows:

(1) In districts in which the population in the incorporated areas represents between 36 and 50 percent of the total county population, one-third of the members of the governing board shall be mayors or city council members, and two-thirds shall be county supervisors.

(2) In districts in which the population in the incorporated areas represents more than 50 percent of the total county population, one-half of the members of the governing board shall be mayors or city council members, and one-half shall be county supervisors.

(3) The number of those members shall be determined as provided in subdivision (b) and the members shall be selected pursuant to subdivision (d).

(4) For purposes of paragraphs (1) and (2), if any number which is not a whole number results from the application of the term "one-third," "one-half," or "two-thirds," the number of county supervisors shall be increased to the nearest integer, and the number of mayors or city council members decreased to the nearest integer.

SEC. 3. Section 40152 of the Health and Safety Code is repealed.

SEC. 4. Section 40152 is added to the Health and Safety Code, to read:

40152. (a) On and after July 1, 1994, the membership of the governing board of each unified district, including any district formed on or after that date, shall include (1) one or more members who are mayors, city council members, or both, and (2) one or more members who are county supervisors.

(b) The number of those members and their composition shall be determined jointly by the counties and cities within the district, and shall be approved by a majority of the counties, and by a majority of the cities which contain a majority of the population in the incorporated area of the district.

(c) The governing board shall reflect, to the extent feasible and practicable, the geographic diversity of the district and the variation of population between the cities in the district.

(d) The members of the governing board who are mayors or city council members shall be selected by a majority of the cities in the district. The members of the governing board who are county supervisors shall be selected by a majority of the counties in the district.

(e) If a district fails to comply with subdivisions (a) and (b), the membership of the governing board shall be determined as follows:

(1) In districts in which the population in the incorporated areas represents 35 percent or less of the total district population, one-fourth of the members of the governing board shall be mayors or city council members, and three-fourths shall be county supervisors.

(2) In districts in which the population in the incorporated areas represents between 36 and 50 percent of the total county population, one-third of the members of the governing board shall be mayors or city council members, and two-thirds shall be county supervisors.

(3) In districts in which the population in the incorporated areas

represents more than 50 percent of the total county population, one-half of the members of the governing board shall be mayors or city council members, and one-half shall be county supervisors.

(4) The number of those members shall be determined as provided in subdivision (b) and the members shall be selected pursuant to subdivision (d).

(5) For purposes of paragraphs (1) to (3), inclusive, if any number which is not a whole number results from the application of the term "one-fourth," "one-third," "one-half," "two-thirds," or "three-fourths," the number of county supervisors shall be increased to the nearest integer, and the number of mayors or city council members decreased to the nearest integer.

(f) This section does not apply to a district if the membership of the governing board of the district includes both county supervisors and mayors or city council members on June 30, 1994.

SEC. 5. Section 40153 of the Health and Safety Code is repealed.

SEC. 6. Section 40322.5 is added to the Health and Safety Code, to read:

40322.5. (a) Notwithstanding any other provision of this chapter, on and after July 1, 1994, the membership of the governing board of each regional district, including any district formed on or after that date, shall include (1) one or more members who are mayors, city council members, or both, and (2) one or more members who are county supervisors.

(b) The number of those members and their composition shall be determined jointly by the counties and cities within the district, and shall be approved by a majority of the counties, and by a majority of the cities which contain a majority of the population in the incorporated area of the district.

(c) The governing board shall reflect, to the extent feasible and practicable, the geographic diversity of the district and the variation of population between the cities in the district.

(d) The members of the governing board who are mayors or city council members shall be selected by a majority of the cities in the district. The members of the governing board who are county supervisors shall be selected by a majority of the counties in the district.

(e) If a district fails to comply with subdivisions (a) and (b), the membership of the governing board shall be determined as follows:

(1) In districts in which the population in the incorporated areas represents 35 percent or less of the total county population, one-fourth of the members of the governing board shall be mayors or city council members, and three-fourths shall be county supervisors.

(2) In districts in which the population of the incorporated areas represents between 36 and 50 percent of the total county population, one-third of the members of the governing board shall be mayors or city council members, and two-thirds shall be county supervisors.

(3) In districts in which the population of the incorporated areas

represents more than 50 percent of the total county population, one-half of the members of the governing board shall be mayors or city council members, and one-half shall be county supervisors.

(4) The number of those members shall be determined as provided in subdivision (b) and the members shall be selected pursuant to subdivision (d).

(5) For purposes of paragraphs (1) to (3), inclusive, if any number which is not a whole number results from the application of the term "one-fourth," "one-third," "one-half," "two-thirds," or "three-fourths," the number of county supervisors shall be increased to the nearest integer, and the number of mayors or city council members decreased to the nearest integer.

(f) This section does not apply to a district if the membership of the governing board of the district includes both county supervisors and mayors or city council members on June 30, 1994.

SEC. 7. Section 40701.5 is added to the Health and Safety Code, to read:

40701.5. (a) Funding for a district may be provided by, but is not limited to, any one or any combination of the following sources:

(1) Grants.

(2) Subventions.

(3) Permit fees.

(4) Penalties.

(5) A surcharge or fee pursuant to Section 41081 or 44223 on motor vehicles registered in the district.

(6) An annual per capita assessment on those cities which have agreed to have a member on the district board for purposes of Section 40100, 40152, 40322.5, 40704.5, or 40980 and on counties included within the district. Any annual per capita assessment imposed by the district on those cities and counties included within the district shall be imposed on an equitable per capita basis.

(b) Paragraph (6) of subdivision (a) does not apply to the San Joaquin Valley Unified Air Pollution Control District or, if that unified district ceases to exist, the valley district.

SEC. 8. Section 40704.5 is added to the Health and Safety Code, to read:

40704.5. (a) Notwithstanding any other provision of law, on and after July 1, 1994, the membership of the governing board of an air quality management district, including any district formed on or after that date, shall include (1) one or more members who are mayors, city council members, or both, and (2) one or more members who are county supervisors.

(b) The number of those members and their composition shall be determined jointly by the counties and cities within the district, and shall be approved by a majority of the counties, and by a majority of the cities which contain a majority of the population in the incorporated area of the district.

(c) The governing board shall reflect, to the extent feasible and practicable, the geographic diversity of the district and the variation

of population between the cities in the district.

(d) The members of the governing board who are mayors or city council members shall be selected by the city selection committee if the district only contains one county, or a majority of the cities within the district if the district contains more than one county. The members of the governing board who are county supervisors shall be selected by the county if the district only contains one county or a majority of counties within the district if the district contains more than one county.

(e) If a district fails to comply with subdivisions (a) and (b), the composition of the governing board shall be determined as follows:

(1) In districts in which the population in the incorporated areas represents 35 percent or less of the total county population, one-fourth of the members of the governing board shall be mayors or city council members, and three-fourths shall be county supervisors.

(2) In districts in which the population in the incorporated areas represents between 36 and 50 percent of the total county population, one-third of the members of the governing board shall be mayors or city council members, and two-thirds shall be county supervisors.

(3) In districts in which the population in the incorporated areas represents more than 50 percent of the total county population, one-half of the members of the governing board shall be mayors or city council members and one-half shall be county supervisors.

(4) The number of those members shall be determined as provided in subdivision (b) and the members shall be selected pursuant to subdivision (d).

(5) For purposes of paragraphs (1) to (3), inclusive, if any number which is not a whole number results from the application of the term "one-fourth," "one-third," "one-half," "two-thirds," or "three-fourths," the number of county supervisors shall be increased to the nearest integer, and the number of mayors or city council members decreased to the nearest integer.

(f) This section does not apply to a district if the membership of the governing board of the district includes both county supervisors and mayors or city council members on June 30, 1994.

SEC. 9. Section 40980 of the Health and Safety Code is amended to read:

40980. (a) The Sacramento district shall, at a minimum, be governed by a district board composed of the Board of Supervisors of the County of Sacramento.

(b) If the County of Placer submits a resolution of inclusion, pursuant to Section 40963, one or more elected officials from that county shall be included on the Sacramento district board, pursuant to agreement between that county and the Sacramento district board.

(c) (1) On and after July 1, 1994, the membership of the Sacramento district board shall include (A) one or more members who are mayors or city council members, or both, and (B) one or

more members who are county supervisors.

(2) The number of those members and their composition shall be determined jointly by the counties and cities within the district, and shall be approved by a majority of the counties, and by a majority of the cities which contain a majority of the population in the incorporated area of the district.

(d) The governing board shall reflect, to the extent feasible and practicable, the geographic diversity of the district and the variation of population between the cities in the district.

(e) The members of the governing board who are mayors or city council members shall be selected by the city selection committee if the district only contains one county, or a majority of the cities within the district if the district contains more than one county. The members of the governing board who are county supervisors shall be selected by the county if the district only contains one county or a majority of counties within the district if the district contains more than one county.

(f) (1) If the district fails to comply with subdivision (c), one-third of the members of the governing board shall be mayors or city council members, and two-thirds shall be county supervisors. The number of those members shall be determined as provided in paragraph (2) of subdivision (c) and the members shall be selected pursuant to subdivision (e).

(2) For purposes of paragraph (1), if any number which is not a whole number results from the application of the term "one-third" or "two-thirds," the number of county supervisors shall be increased to the nearest integer, and the number of mayors or city council members decreased to the nearest integer.

SEC. 10. Sections 1 to 6, inclusive, and Sections 8 and 9 of this act shall become operative July 1, 1994.

SEC. 11. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 962

An act to add and repeal Section 149.1 to the Streets and Highways Code, relating to transportation.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The San Diego Association of Governments (SANDAG) has been awarded a federal technical assistance grant, and has another federal grant pending to conduct a congestion pricing and transit development demonstration program on the Interstate Highway Route 15 (I-15) high-occupancy vehicle expressway for purposes of increasing revenues for transit development in the I-15 corridor.

(2) The I-15 corridor lacks adequate transit service and there are currently no funds available for additional service. For this reason, the cities in the County of San Diego and the county itself have acted at SANDAG to unanimously support the implementation of this demonstration program.

(3) The grants will assist SANDAG, in cooperation with the Federal Transit Administration, the Federal Highways Administration, the Department of Transportation, the San Diego Metropolitan Transit Development Board, the North San Diego County Transit Development Board, and the Cities of San Diego and Poway to design and demonstrate the implementation of congestion pricing mechanisms on the I-15 high-occupancy vehicle expressway by authorizing single-occupant vehicles, for a fee, to use the excess capacity on the high-occupancy vehicle lanes during the peak period.

(4) The revenues available for, and generated by, the demonstration program will be used to support the development of a light rail equivalent transit system along the I-15 corridor to benefit lower income communities and transit dependent individuals.

(5) The demonstration program is designed to demonstrate the feasibility of low and high technology congestion pricing mechanisms, such as a simple monthly pass, automated vehicle identification, and automated toll collection, and to improve the region's air quality and reduce traffic congestion.

(6) In order to conduct the demonstration program, it is necessary to authorize the use of high-occupancy vehicle lanes by single-occupant vehicles, for a fee.

(b) The Legislature further finds and declares that the demonstration program authorized in this section is unique and is not intended to be expanded to include other highways or other areas of the state.

(c) It is the Legislature's intent that the demonstration program be conducted in such a manner as not to reduce the use of or access to high-occupancy vehicle lanes by high-occupancy vehicles.

SEC. 2. Section 149.1 is added to the Streets and Highways Code, to read:

149.1. (a) Notwithstanding Sections 149 and 30800 of this code, and Section 21655.5 of the Vehicle Code, the San Diego Association of Governments (SANDAG) may conduct, administer, and operate a congestion pricing and transit development demonstration program on the Interstate Highway Route 15 (I-15) high-occupancy vehicle expressway. The program may, under the circumstances described in subdivision (b), direct and authorize the entry and use of the I-15 high-occupancy vehicle lanes by single-occupant vehicles during peak periods, as defined by SANDAG, for a fee. The amount of the fee shall be established from time to time by SANDAG, and collected in a manner determined by SANDAG.

(b) Implementation of the demonstration program is subject to each of the following mandatory conditions:

(1) Approval of the program by the United States Department of Transportation shall be obtained before the project is implemented.

(2) Level of Service B, as measured by the most recent issue of the Highway Capacity Manual, as adopted by the Transportation Research Board, or the level of service of a high-occupancy vehicle lane without single-occupant vehicles, shall be maintained at all times in the high-occupancy vehicle lanes. Unrestricted access to the lanes by high-occupancy vehicles shall be available at all times. At least annually, the department shall audit the level of service during peak traffic hours.

(c) Single-occupant vehicles that are certified or authorized by SANDAG for entry into and use of the I-15 high-occupancy vehicle lanes are exempt from Section 21655.5 of the Vehicle Code, and the driver shall not be in violation of the Vehicle Code because of that entry and use.

(d) SANDAG shall carry out the program in cooperation with the department, and shall consult the department in the operation of the project and on matters related to highway design and construction. With the assistance of the department, SANDAG shall establish appropriate traffic flow guidelines for the purpose of ensuring optimal use of the express lanes by high-occupancy vehicles.

(e) (1) Agreements between SANDAG, the department, and the Department of the California Highway Patrol shall identify the respective obligations and liabilities of those entities and assign them responsibilities relating to the demonstration program, including clear and concise procedures for enforcement by the Department of the California Highway Patrol of laws prohibiting the unauthorized use of the high-occupancy vehicle lanes. The agreements shall provide for reimbursement of state agencies, from revenues generated by the program, federal funds specifically allocated to SANDAG for the program by the federal government, or other

funding sources that are not otherwise available to state agencies for transportation related projects, for costs incurred in connection with the implementation or operation of the demonstration program. Reimbursement for SANDAG's program-related planning and administrative costs in the first year of operation of the program shall not exceed 5 percent of the revenues generated, and shall not exceed 3 percent of revenues for any year thereafter.

(2) All remaining revenue shall be used in the I-15 corridor exclusively for (A) the improvement of transit service, including, but not limited to, support for transit operations, and (B) high-occupancy vehicle facilities and shall not be used for any other purpose.

(f) SANDAG, the San Diego Metropolitan Transit Development Board, and the department shall cooperatively develop a single transit capital improvement plan for the I-15 corridor.

(g) Upon completion of the demonstration program, SANDAG shall submit a report to the Legislature on its findings, conclusions, and recommendations concerning the demonstration program.

(h) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

CHAPTER 963

An act to add Article 16 (commencing with Section 13161) to Chapter 2 of Division 7 of the Food and Agricultural Code, relating to economic poisons.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is in the best, long-term interests of California's economic vitality to promote a vigorous, competitive agricultural industry.

(b) It is also in the best, long-term interests of protecting California's environment and public health to maintain the high standards of data requirements and review for the registration of pesticides for use in the state.

(c) To preserve the productivity and competitiveness of California's agricultural industry while also preserving California's environment and the health of her citizens, effective and affordable pest management systems must be developed and implemented that encourage the sustainable use of resources and reduce the risk of adverse effects on public health and the environment.

(d) To achieve a safe and workable balance between the

environmental and economic interests of California, the director should be vested with the authority to grant California interim registrations to pesticides that can be identified as an important and safe component of a pest management system, but do not yet meet all of the data requirements for registration in the state.

SEC. 2. Article 16 (commencing with Section 13161) is added to Chapter 2 of Division 7 of the Food and Agricultural Code, to read:

Article 16. The Interim Data Gap Exemption for Qualified Federally Registered Pesticides

13161. For the purposes of this article, the following definitions apply:

(a) "Feasible alternative" means other chemical or nonchemical procedures that can reasonably accomplish the same pest control function as existing procedures with comparable effectiveness and reliability, taking into account economic, environmental, sociological, technological, and ecological factors, including impact on beneficial and other nontarget organisms, pest resistance to pesticides, and timeliness of control.

(b) "Pest management system" means a systematic approach to pest control that stresses the application of biological and cultural pest control techniques with the selective use of pesticides when necessary to achieve acceptable levels of control with the least possible harm to nontarget organisms and the environment as described in subdivision (f) of Section 11501.

13162. The director may issue a certificate of interim registration allowing the sale and use of a pesticide that otherwise meets the requirements of this chapter if all of the following conditions are met:

(a) The certificate stipulates which of the California data requirements listed in Section 13163 are being deferred for completion during the time of interim registration.

(b) The certificate stipulates a period of time, not to exceed three years, for each deferral determined by the director as reasonably sufficient for the generation, submission, and review of the data.

(c) The certificate stipulates any limitations on the use of the pesticide that the director may deem appropriate pursuant to Section 13166 or on the sale of the pesticide.

13163. In granting a certificate of interim registration, the director may defer no more than three of the following registration data requirements:

(a) Efficacy studies pursuant to Section 12824.

(b) KOW (octanol water partition coefficient) pursuant to paragraph (3) of subdivision (a) of Section 13143.

(c) Soil photolysis pursuant to paragraph (6) of subdivision (a) of Section 13143.

(d) A field dissipation study pursuant to paragraph (6) of subdivision (a) of Section 13143.

(e) A study pursuant to subdivision (a) of Section 13143 that will

be redone to correct errors or a study conducted under California conditions or guidelines, if the weight of evidence from all other submitted data support a scientific judgment in favor of interim registration.

13164. Consistent with the limitations of Section 13163, a registrant or a user group of any pesticide registered by the United States Environmental Protection Agency may apply for a California certificate of interim registration if the applicant does all of the following:

(a) The applicant provides information that the product would fill a need and significantly enhance a systems approach to pest management during the period the applicant completes requirements for a full California registration. Additionally, the information supporting an interim registration shall be based upon one or more of the following conclusions that the product will:

(1) Reduce risks to the public health, the pesticide workplace, or the environment by reducing the overall use of chemical controls within a pest management system.

(2) Reduce risks to the public health, the pesticide workplace, or the environment by providing a more benign alternative to an existing use pattern.

(3) Reduce risks of pest resistance problems such as loss of economic efficacy and increased amounts or frequency of chemical applications by providing better integrated management of a pest or pest complex.

(4) Reduce a substantial economic hardship to a segment of California's agricultural industry due to a pest infestation for which there is no other feasible alternative.

(b) The applicant provides the director with all data that is required to support the federal and California registrations of the pesticide product, except the data which may be deferred pursuant to Section 13163, and any other available data that the director may deem appropriate.

(c) The applicant makes a commitment to generate all data required in California for a full certificate of registration within a reasonable period of time to be determined by the director and reflected in the certificate of interim registration. The written commitment shall identify the developing party or parties for each deferred data requirement within 90 days of the issuance of the certificate of interim registration and identify a schedule of quarterly progress reports that will be submitted.

13165. Notwithstanding Section 13163, the director shall not grant a certificate of interim registration unless he or she consults with the Pesticide Registration and Evaluation Committee on the proposed interim registration, and makes a written finding, after consultation, declaring all of the following:

(a) That the pesticide is needed and will be a significant component of a pest management system as demonstrated by the applicant pursuant to subdivision (a) of Section 13164.

(b) That the interim use of the pesticide, in conformance with the limitations established by the director pursuant to Section 13166, is not expected to cause any significant adverse effect on the public health, the safety of the pesticide workplace, or the environment, including a finding that the pesticide does not threaten to pollute the groundwater of the state.

(c) That the weight of evidence supports a scientific judgment in favor of interim registration.

13166. The director shall limit the use of any pesticide granted a certificate of interim registration to specific uses within a pest management system meeting the requirements of subdivision (a) of Section 13164. The director may place additional restrictions on the use of any pesticide granted a certificate of interim registration, including, but not limited to, requiring a restricted material permit or the written recommendation of a specially trained pest control advisor or specially trained certified private applicator, or limiting the quantity, area, and manner of application.

13167. The director shall revoke or refuse to renew a certificate of interim registration at any time that he or she finds that the interim registration no longer meets all the requirements of this article, including the registrant's failure to submit a progress report for any deferred study, a failure to show in the report that a good faith effort to complete an acceptable study is making satisfactory progress, or the period of time from the issuance of the certificate has exceeded the three year limit set forth in Section 13162. The director shall provide the registrant with the basis for the decision in writing.

13168. The director may adopt regulations to carry out this article.

13169. To the extent that this article conflicts with other provisions in Article 15 of this chapter, this article shall prevail. Unless otherwise specified in this article, a certificate of interim registration shall be subject to all other provisions governing certificates of registration in Division 6 (commencing with Section 11401) and this division.

13170. The department shall impose a fee in an amount sufficient to cover the department's costs of reviewing and processing the application on any person who applies for a certificate of interim registration pursuant to this article. Fee revenue shall be deposited in the Department of Pesticide Regulation Fund and shall be available, upon appropriation by the Legislature, to offset the department's costs to process and review these applications.

CHAPTER 964

An act to amend Sections 4650.1 and 6211 of the Public Resources Code, relating to timber.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 4650.1 of the Public Resources Code is amended to read:

4650.1. (a) Notwithstanding any other provision of law, timber from state forests shall not be sold to any California division of a primary manufacturer, or to any person for resale to a primary manufacturer, who does either of the following:

(1) Uses that timber at any plant not located within the United States unless it is sawn on four sides to dimensions not greater than 4 inches by 12 inches.

(2) Within one year prior to the bid date and one year after the termination of the contract, sells unprocessed timber, which is harvested from private timberlands and is exported into foreign commerce from this state.

(b) Any purchaser of timber from state forests who makes use of timber in violation of paragraph (1) of subdivision (a) is prohibited from purchasing state forest timber for a period of five years and may have his or her license suspended for a period of up to one year.

(c) The department may adopt appropriate regulations to prevent the substitution of timber from state forests for timber exported from private timberlands.

(d) For purposes of this section, "unprocessed timber" means trees or portions of trees or other roundwood not processed to standards and specifications suitable for end product use, but does not include timber processed into any of the following:

(1) Lumber or construction timbers, except Western Red Cedar, meeting current American Lumber Standards Grades or Pacific Lumber Inspection Bureau Export R or N list grades, sawn on four sides, not intended for remanufacture.

(2) Lumber, construction timbers, or cants for remanufacture, except Western Red Cedar, meeting current American Lumber Standards Grades or Pacific Lumber Inspection Bureau Export R or N list clear grades, sawn on four sides, not to exceed 12 inches in thickness.

(3) Lumber, construction timbers, or cants for remanufacture, except Western Red Cedar, that do not meet the grades referred to in paragraph (2) and are sawn on four sides, with wane less than ¼ of any face, not exceeding 8¾ inches in thickness.

(4) Chips, pulp, or pulp products.

(5) Veneer or plywood.

(6) Poles, posts, or piling cut or treated with preservatives for use as such.

(7) Shakes or shingles.

(8) Aspen or other pulpwood bolts, not exceeding 100 inches in length, exported for processing into pulp.

(9) Pulp logs or cull logs processed at domestic pulp mills, domestic chip plants, or other domestic operations for the purpose of conversion of the logs into chips.

SEC. 2. Section 6211 of the Public Resources Code is amended to read:

6211. (a) Whenever a parcel of timbered land under the jurisdiction of the commission is totally surrounded by, or is contiguous to, a national forest or a state forest, the commission may, if it is in the best interests of the state to do so, and after 10 days' prior notice to the Secretary of the Resources Agency for the receipt of comments, provide for the harvesting of timber from that land at the same time as the orderly harvesting of the surrounding or adjacent federal-owned or state-owned timber is conducted. In carrying out this section, the commission may enter into agreements with the United States or the Department of Forestry and Fire Protection for the inclusion of timbered lands under the jurisdiction of the commission within a total parcel to be offered for timber harvesting contracts. On or before December 1 of each year, the commission shall report to the Legislature a summary of any actions taken pursuant to this section during the preceding 12 months, including any comments made by interested state agencies.

(b) Notwithstanding any other provision of law, timber from lands under the jurisdiction of the commission shall not be sold to any California division of a primary manufacturer, or to any person for resale to a primary manufacturer, who does either of the following:

(1) Uses that timber at any plant not located within the United States, unless it is sawn on four sides to dimensions not greater than 4 inches by 12 inches.

(2) Within one year prior to the bid date and one year after the termination of the contract, sells unprocessed timber which is harvested from private timberlands and is exported into foreign commerce. For the purposes of this section, "unprocessed timber" has the same meaning as set forth in subdivision (d) of Section 4650.1.

(c) Any purchaser of timber from lands under the jurisdiction of the commission who makes use of the timber in violation of paragraph (1) of subdivision (b) is prohibited from making any further purchases of timber from any such lands for a period of five years.

(d) The commission may adopt appropriate regulations to prevent the substitution of timber from lands under its jurisdiction for timber exported from private timberlands.

CHAPTER 965

An act to add Section 14009 to the Government Code, relating to state agencies.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the state's budget is limited and funding for all agencies is at risk of being reduced. A technologically advanced computer information base could reduce costs associated with time and the availability of information necessary to make decisions.

SEC. 2. Section 14009 is added to the Government Code, to read:

14009. (a) Not later than June 30, 1994, the department shall apply for federal funding to be used for a comprehensive, rapid conversion of data pertaining to the state highway system from paper storage to intelligent computer information.

(b) Within six months of having its application for federal funding approved, the department shall commence implementation of the conversion process.

SEC. 3. Following completion of the conversion referred to in Section 14009 of the Government Code by the Department of Transportation; the Multi/Agency Information Management Authority (MIMA) shall coordinate the availability of an online information data base for state agencies and departments.

CHAPTER 966

An act to add Part 5.5 (commencing with Section 11151) to Division 2 of the Revenue and Taxation Code, and to add Section 9250.12 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Part 5.5 (commencing with Section 11151) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 5.5. LOCAL VEHICLE LICENSE FEE SURCHARGE

11151. (a) For purposes of this part, "department" means the Department of Motor Vehicles.

(b) For purposes of this part, "county" means the City and

County of San Francisco.

11152. The county may impose a local vehicle license fee surcharge if both of the following occur:

(a) The board of supervisors finds both of the following:

(1) That there is traffic congestion within the county that can be alleviated by the operation of public transit and that the cost of funding public transit exceeds the revenues to be collected from a vehicle license fee surcharge.

(2) That the imposition of the vehicle license fee surcharge will reduce the need for any public transit fare increases during the period that the vehicle license fee surcharge is in effect.

(b) The ordinance or resolution proposing the surcharge is adopted by two-thirds of the voters of the county voting on the issue.

11152.5. If public transit fares are increased at any time while the vehicle license fee surcharge authorized by this part is in effect, the surcharge may not continue to be imposed.

This part shall become inoperative on the date those fares are increased and shall be repealed on January 1 next following that date. The board of supervisors shall notify the department of any increase in public transit fares occurring while the surcharge is in effect.

11153. A vehicle license fee surcharge ordinance or resolution adopted pursuant to this part shall be operative on January 1 of the year following adoption of the ordinance or resolution. A local vehicle license fee surcharge shall apply to any original registration occurring on or after that January 1, and to any renewal of registration with an expiration date on or after that January 1.

11154. The local vehicle license fee surcharge shall be imposed for the privilege of operating upon the public highways in the county any vehicle of a type that is subject to registration under the Vehicle Code, except those vehicles expressly exempted from payment of vehicle registration fees and commercial vehicles weighing more than 4,000 pounds, unladen, and shall include provisions in substance as follows:

(a) A provision that the annual amount of the local vehicle license fee surcharge shall be a sum equal to not more than 15 percent of the vehicle license fee imposed pursuant to Part 5 (commencing with Section 10701).

(b) A provision that the county contract prior to the effective date of the local vehicle license fee surcharge ordinance or resolution with the department to perform all functions incident to the administration or operation of the local vehicle license fee surcharge ordinance or resolution of the county.

(c) A provision that the revenue derived from any vehicle license fee surcharge ordinance or resolution imposed pursuant to this part shall be distributed to the county for use exclusively for the provision of public transit, including capital outlay, security, and maintenance costs, and including, but not limited to, removal of graffiti from public transit vehicles and facilities, and to pay the costs of compliance with subdivision (b) of Section 11152.

11155. All local vehicle license fee surcharge revenues, less refunds, collected by the department pursuant to a contract with a county, after deduction of the administrative costs incurred by the department in carrying out this part, shall be paid to that county.

11156. A person shall, for the purposes provided for in Section 11154, be presumed to be operating a vehicle on the public highways only in the county in which he or she resides, or, in the case of other than a natural person, only in the county in which the vehicle is principally garaged, and he or she shall be subject to a local vehicle license fee surcharge only in that county.

SEC. 2. Section 9250.12 is added to the Vehicle Code, to read:

9250.12. (a) For purposes of this section, "county" means the City and County of San Francisco.

(b) In addition to any other fees specified in this code and the Revenue and Taxation Code, a fee of four dollars ($4) shall be paid at the time of registration or renewal of registration of every vehicle registered to an address within a county, except those vehicles expressly exempted from payment of registration fees and commercial vehicles weighing more than 4,000 pounds, unladen, if all of the following occur:

(1) The county board of supervisors finds both of the following:

(A) That there is traffic congestion within the county that can be alleviated by the operation of public transit and that the cost of funding public transit exceeds the revenues to be collected from a service fee imposed on vehicles.

(B) That the imposition of the additional registration fee will reduce the need for any public transit fare increases during the period that the fee is in effect.

(2) The county board of supervisors adopts an ordinance or resolution imposing the additional registration fee.

(3) The ordinance or resolution adopted pursuant to paragraph (2) is approved by two-thirds of the voters in the county who voted on the measure.

(c) The fee imposed pursuant to this section shall apply to any original registration occurring on or after the January 1 following the adoption of the ordinance pursuant to paragraph (3) of subdivision (b) and to any renewal of registration with an expiration date on or after that January 1.

(d) After deducting all costs incurred pursuant to this section, the department shall distribute the revenues to the county. The amount of revenues distributed by the department to the county shall be equal to the net amount of revenues received from that county that were derived from the imposition of the additional fees.

(e) Money allocated to the county pursuant to this section shall be expended only to fund programs for the provision of public transit, including capital outlay, security, and maintenance costs, and including, but not limited to, removal of graffiti from public transit vehicles and facilities, and to pay the costs of compliance with paragraph (3) of subdivision (b).

(f) If public transit fees are increased at any time the additional registration fee authorized by the section is in effect, the fee may not continue to be imposed. This section shall become inoperative on the date those fares are increased and shall be repealed on January 1 next following that date. The board of supervisors shall notify the department of any increase in public transit fares occurring while the additional registration fee is in effect.

CHAPTER 967

An act to add Section 294 to the Penal Code, relating to crimes, and making an appropriation therefor.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 294 is added to the Penal Code, to read:

294. (a) Upon conviction of any person for a violation of Section 273a, 273d, 288.5, 311.2, 311.3, or 647.6, the court may, in addition to any other penalty or restitution fine imposed, order the defendant to pay a restitution fine based on the defendant's ability to pay not to exceed five thousand dollars ($5,000), upon a felony conviction, or one thousand dollars ($1,000), upon a misdemeanor conviction, to be deposited in the Restitution Fund to be transferred to the county children's trust fund for the purposes of child abuse prevention.

(b) Upon conviction of any person for a violation of Section 261, 264.1, 285, 286, 288a, or 289 where the violation is with a minor under the age of 14 years, the court may, in addition to any other penalty or restitution fine imposed, order the defendant to pay a restitution fine based on the defendant's ability to pay not to exceed five thousand dollars ($5,000), upon a felony conviction, or one thousand dollars ($1,000), upon a misdemeanor conviction, to be deposited in the Restitution Fund to be transferred to the county children's trust fund for the purpose of child abuse prevention.

(c) If the perpetrator is a member of the immediate family of the victim, the court shall consider in its decision to impose a fine under this section any hardship that may impact the victim from the imposition of the fine.

(d) If the court orders a fine to be imposed pursuant to this section, the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

CHAPTER 968

An act to amend Section 33320.5 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 33320.5 of the Health and Safety Code is amended to read:

33320.5. (a) Notwithstanding Section 33320.1, the requirement that privately owned land within a project area be "predominantly urbanized," as that term is defined in subdivision (b) of Section 33320.1, shall not apply to privately owned land within a project area, if the privately owned land is adjacent or in proximity to a military facility or installation which is proposed to be closed pursuant to Public Law 100-526 and the inclusion of the privately owned land is found by an entity formed pursuant to subdivision (b) to be necessary for the effective redevelopment of the military facility or installation and the adjacent area.

(b) The legislative bodies for communities having territory within, adjacent to or in proximity to a military facility or installation described in subdivision (a) may create a separate joint powers agency pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, which shall have and exclusively exercise powers of an agency in furtherance of the redevelopment of a project area approved by the joint powers agency. The joint powers agency so formed shall include as one of its members the county in which the project area is located. In addition to the powers of an agency, the joint powers agency so formed shall also act as the legislative body and planning commission for all approvals and actions required by this part of legislative bodies and planning commissions for the adoption and implementation of a redevelopment plan. However, all land use, planning, and development decisions with regard to the land within the project area shall continue to be under the control and jurisdiction of each of the respective local legislative bodies or planning commissions, as applicable.

(c) The territory included within the project and project area may be contiguous or noncontiguous, and any project area may be located in whole or in part within one or more of the communities impacted by the closure of the military facility or installation, and the land to be included within the project area within the community or communities in proximity to the military facility or installation shall be found necessary for the effective redevelopment of the military facility or installation and the adjacent area. A project area shall not include territory outside the jurisdiction of the communities that are

parties to the joint powers agency without the consent of the legislative body having jurisdiction over the territory proposed to be included within the project area.

(d) A redevelopment plan for the project area shall contain all of the provisions required by this part. However, if the agency finds, based on substantial evidence on the record, that compliance with the requirements of Sections 33333.2 and 33334.1 would make it impracticable to achieve the policies of this section, the agency may eliminate or modify the requirements of Sections 33333.2 and 33334.1.

(e) The redevelopment plan shall provide for either of the following:

(1) A Low- and Moderate-Income Housing Fund, as required by Section 33334.2.

(2) A deferral for depositing all or part of the 20 percent of taxes allocated to the agency pursuant to Section 33670 in the Low- and Moderate-Income Housing Fund if the agency, after conducting a noticed public hearing, makes, and the executive committee of the Southern California Association of Governments reviews and approves, findings supported by substantial evidence that all of the following apply:

(A) The military facility or installation cannot be acquired or developed by private enterprise without the assistance of the agency.

(B) There are no feasible alternative means of financing the acquisition or development of the military facility or installation other than by utilizing the low- and moderate-income housing portion of the taxes which are allocated to the agency pursuant to subdivision (b) of Section 33670.

(C) Failure of the agency to finance the acquisition or development of the military facility or installation would lead to serious economic hardship and job loss.

(D) The redevelopment plan shall specify the period during which less than 20 percent of the taxes which are allocated to the agency pursuant to subdivision (b) of Section 33670, is to be deposited in the Low- and Moderate-Income Housing Fund. The redevelopment plan shall also contain a repayment plan which specifies a date at which time the agency will have made up the deficit created by the deferral, including repayment of the interest at the highest rate received by the agency on funds it deposits during the period of deferral. The repayment plan shall reduce the deficit in the shortest feasible time consistent with the needs of the agency, as specified in the agency's findings.

(f) The joint powers agency acting as the agency, the legislative body or the planning commission, shall follow all procedures under this part applicable to the adoption and amendment of redevelopment plans, except with respect to Sections 33347.5, 33353 to 33353.6, inclusive, Sections 33354.4 to 33354.6, inclusive, and Section 33385.

(g) The agency shall create a fiscal advisory group to consult with

each affected taxing agency and to advise and report to the agency in the manner required of a fiscal review committee by Section 33353.5 on any potential fiscal impact upon affected taxing agencies within the project area. The fiscal advisory group shall consist of the financial officer or treasurer of each city and each county which created the joint powers authority.

(h) The agency shall prepare and distribute to each affected taxing agency a report which includes the information required by Section 33328. The agency shall also prepare an analysis of the report required of a fiscal review committee pursuant to subdivision (m) of Section 33352 and an analysis of the report required of the fiscal advisory group pursuant to subdivision (g).

(i) As used in this section, "in proximity to" means within three miles of the boundary of Norton Air Force Base and within eight miles of George Air Force Base.

(j) The Legislature finds and declares that the closure of two or more military facilities or installations within the County of San Bernardino will cause serious economic hardship in that county, including loss of jobs, increased unemployment, deterioration of properties and land utilization and undue disruption of the lives and activities of the people. Therefore, the Legislature finds and declares that to avoid serious economic hardship and accompanying blight, it is necessary to enact this act which shall apply only within the County of San Bernardino. In enacting this act, it is the policy of the Legislature to assist communities within the County of San Bernardino in their attempt to preserve the military facilities and installations for their continued use as airports and aviation-related purposes.

It is the intent of the Legislature and the commitment of the local authorities to ensure that the existing airfields at both Norton Air Force Base and George Air Force Base are protected, developed, and enhanced as civil aviation public use airports. Therefore, the joint powers authorities authorized by this section should make every reasonable effort to guarantee that these vital airport facilities are retained for general aviation use now and into the future.

(k) Any joint powers agreement entered into pursuant to this section shall provide that the financial needs of each of the parties shall be considered prior to adoption of a redevelopment plan, and may provide that the number of years shall be limited during which bonded indebtedness may be paid using taxes which are allocated to the agency pursuant to subdivision (b) of Section 33670.

(l) A joint powers agency operating within the area of Norton Air Force Base shall appoint a project area citizens committee for the purpose of consultation and advice regarding policy matters that relate to planning and programs affecting the residents, businesses, and educational institutions within the project area, implementation of the redevelopment plan, and the development and implementation of amendments to the redevelopment plan.

(2) The committee shall be comprised of residential owners,

residential tenants, business owners, small business owners, business tenants, educational institution representatives, and community groups currently operating, living, or working within the project area. The membership of the Project Area Citizens Committee shall be appointed by the legislative body of the agency and shall be representative, both racially and ethnically, of the people who live and work within the project area.

(3) For the purposes described above the committee shall meet at lease once quarterly or more often to review policy matters and implementation issues as determined necessary by the legislative body.

(*l*) Amendments to any redevelopment plans adopted pursuant to this section shall not be required to comply with the provisions of Section 33452, provided that notice of the public hearing for any amendment adopted pursuant to Section 33540, and following, is published pursuant to Section 6063 of the Government Code and mailed by regular mail to the governing body of each of the taxing agencies which levies taxes upon any property in the project area designated in the redevelopment plan as proposed to be amended.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances faced by the County of San Bernardino.

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 969

An act to add Section 65863.4 to the Government Code, relating to land use.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 65863.4 is added to the Government Code, to read:

65863.4. (a) Prior to noticing a public hearing on a proposed zoning ordinance or amendment to a zoning ordinance reducing the density permitted on property authorized for multifamily dwelling uses, the planning commission and legislative body shall approve a nonconforming use ordinance for multifamily dwellings that are involuntarily damaged or destroyed, which may be conditioned on the approval of an ordinance or amendment to a zoning ordinance reducing the density permitted on property authorized for multifamily dwelling uses.

(b) The planning commission and legislative body shall hold a public hearing on the proposed nonconforming use ordinance. Notice of the public hearing shall be given pursuant to Section 65090. If this hearing is held at the same time as a hearing under Section 65353 or 65854, notice for the hearings may be combined.

(c) A nonconforming multifamily dwelling ordinance need not apply to multifamily dwellings which have been abandoned for a specified period prior to being involuntarily damaged or destroyed, or to multifamily dwellings constituting a public nuisance prior to being involuntarily damaged or destroyed.

(d) For purposes of this section, "multifamily dwelling" means any structure designed for human habitation that has been divided into two or more legally created independent living quarters.

(e) This section shall not apply to either of the following:

(1) A city, county, or city and county that has adopted a nonconforming use ordinance that applies to multifamily dwellings that are involuntarily damaged or destroyed.

(2) A proposed zoning ordinance or amendment to a zoning ordinance reducing the density permitted on property authorized for multifamily dwelling uses, that has been requested by the owner of the property authorized for multifamily dwelling uses.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 970

An act to amend Section 881.5 of, and to add Chapter 12.95 (commencing with Section 18986.50) to Part 6 of Division 9 of, the Welfare and Institutions Code, relating to youth services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 881.5 of the Welfare and Institutions Code is amended to read:

881.5. (a) (1) If a county receives funds pursuant to Section 17602, the county reduces the capacity of its juvenile homes, ranches, camps, or forestry camps below the capacity for those facilities during the 1990–91 fiscal year, and if during the 12-month period subsequent to the month of reduction, there is an increase in the rate of commitments from the county's juvenile court to the Department of the Youth Authority above the commitments per 100,000 of the county's juvenile population, aged 12 to 17 years, during the 1990–91 fiscal year, the county shall contribute to the Department of the Youth Authority an amount equivalent to the actual cost, as determined by the Department of the Youth Authority.

(2) Paragraph (1) shall not apply to a county of the fifth class, for reductions in the capacity of its juvenile homes, ranches, camps, or forestry camps that were made prior to January 1, 1993, if the reductions were due to fiscal constraints.

(b) Any county that provides juvenile home, ranch, or camp space to another county pursuant to contract shall contribute to the Department of the Youth Authority an amount equivalent to the actual costs associated with any increase in the rate of commitments to which subdivision (a) applies, per 100,000, by the county's juvenile court to the Department of the Youth Authority above the rate of commitments during the 1991–92 fiscal year that are not attributable to a reduced capacity in juvenile homes, ranches, camps, or forestry camps.

(c) The Department of the Youth Authority may notify the Controller of any county or counties that have experienced an increase in the rate of commitments for purposes of recovering the costs associated with that increase. Upon receiving this notice, the Controller shall redirect, from the funds that are provided to that county or counties pursuant to Section 17602, an amount equal to the costs associated with the increased commitments. Within 30 days of the notification of the Controller the Department of the Youth Authority shall also notify each county from which they are seeking reimbursement pursuant to subdivision (b).

SEC. 2. Chapter 12.95 (commencing with Section 18986.50) is

added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 12.95. INTERAGENCY DAY CARE PROGRAM

18986.50. (a) (1) It is the intent of the Legislature, in enacting this chapter, to encourage the development of programs and services, in keeping with Chapter 12.8 (commencing with Section 18986) and Chapter 12.9 (commencing with Section 18986.40), that enhance the successful development of children and reduce the incidence of juvenile crime and delinquency in the community.

(2) The San Bernardino County Youth Justice Center shall provide all available evaluative and operational studies related to its program to any county that requests that information in order to replicate the model or implement a similar program.

(b) This chapter is intended to augment existing interagency collaborative efforts by proposing an additional model.

(c) Nothing in this chapter is intended to supersede or duplicate existing programs, services, or interagency agreements.

18986.53. (a) Any county may implement an interagency day care program for multiple needs youths who are either being served by, or are at risk of being served by, the juvenile justice system pursuant to Article 14 (commencing with Section 600) of Chapter 2 of Part 1 of Division 2. This program shall be based on the San Bernardino County Youth Justice Center model.

(b) The program shall include, but need not be limited to, all of the following:

(1) A day treatment center, for the provision of support services for juveniles referred by any of the interagency coordination council members, without the removal of the juvenile from his or her home.

(2) Case management services, coordinating the provision of support services by the participating agencies, including county agencies that provide probation services, health services, mental health services, social services, and educational services.

(3) Family support and preservation services, including support services for the parents and siblings of the juvenile and for the juvenile.

(4) A goal of positive community readjustment and personal responsibility for the juveniles and their families.

(5) A process for conflict resolution among agencies.

(6) An evaluation component, to track the outcome of treatment under this section and to evaluate effectiveness and cost effectiveness of the program in savings in the costs of incarceration of the juveniles, the costs of out-of-home placement, and other measures determined by the evaluator to be useful in the evaluation of the effectiveness of the program.

(c) Notwithstanding any other provision of law, any county may consolidate the functions of the coordinating body implementing the coordination of services for purposes of this chapter into a single

body that also includes all of the following:

(1) The interagency placement committee meeting the requirements of Section 4096.

(2) The interagency case management council established in compliance with Section 5866.

(3) The children's multidisciplinary services team defined in subdivision (b) of Section 18986.40.

(d) If a county develops, or is in the process of developing, an evaluation component to identify outcome, cost, and other measures to determine the effectiveness of the program and its cost-effectiveness in providing interagency services for children and adolescents, the evaluation requirements of this chapter shall be integrated with existing evaluation capabilities.

(e) The local agency or the department shall seek private funding for the program, particularly money to be used to augment the operation of the program and the support of the affected youth service agencies.

SEC. 3. Given the fiscal constraints facing counties and the State of California, it is the intent of the Legislature to encourage the counties to determine the cost savings that are likely to be engendered by not detaining, prosecuting, incarcerating, or placing youth affected by this act, and to direct the cost savings to interagency day care programs.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. The Legislature finds and declares that a special law regarding Section 881.5 of the Welfare and Institutions Code is necessary and that a general law cannot be applicable within the meaning of Section 16 of Article IV of the California Constitution because, due to serious fiscal constraints, those counties subject to this act were forced to reduce bed capacity in order to keep other programs, for which funding is authorized under Section 17602 of the Welfare and Institutions Code, adequately funded.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide timely relief to counties that would otherwise be forced to utilize resources that are needed to fund other juvenile

and social services programs to pay the Department of the Youth Authority cost, it is necessary that this act take effect immediately.

CHAPTER 971

An act to add Section 7073.9 to the Government Code, relating to enterprise zones.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 7073.9 is added to the Government Code, to read:

7073.9. (a) The department may accept and consider applications for designation of enterprise zones filed on or before June 30, 1994, by cities whose population on December 31, 1992, was less than 25,000.

(b) The department may assist the preparation of applications by those cities.

(c) The department may designate two enterprise zones from the applications submitted by those cities.

CHAPTER 972

An act to add Section 5164 to the Public Resources Code, relating to parks and recreation.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5164 is added to the Public Resources Code, to read:

5164. A county or city or city and county or special district shall not hire a person for employment at, or hire a volunteer to perform services at, a county or city or city and county or special district operated park, playground, recreational center, or beach used for recreational purposes, in a position having supervisory or disciplinary authority over any minor, if the person has been convicted of any offense specified in paragraph (1) of subdivision (g) of Section 11105.3 of the Penal Code, or any offense specified in paragraph (3) of subdivision (g) of Section 11105.3 of the Penal Code. However, this section shall not apply to a misdemeanor conviction under paragraph (3) of subdivision (g) of Section 11105.3 of the

Penal Code, unless the person has a total of three or more misdemeanor or felony convictions specified in Section 11105.3 of the Penal Code within the immediately preceding 10-year period. To give effect to this section, a county or city or city and county or special district may screen, pursuant to Section 11105.3 of the Penal Code, any such prospective employee or volunteer for their criminal background.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 973

An act to amend Section 21151.1 of the Public Resources Code, relating to hazardous waste.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 21151.1 of the Public Resources Code is amended to read:

21151.1. (a) Notwithstanding paragraph (6) of subdivision (b) of Section 21080, or Section 21080.5 or 21084, or any other provision of law, except as provided in this section, a lead agency shall prepare or cause to be prepared by contract, and certify the completion of, an environmental impact report or, if appropriate, a modification, addendum, or supplement to an existing environmental impact report, for any project involving any of the following:

(1) (A) The burning of municipal wastes, hazardous waste, or refuse-derived fuel, including, but not limited to, tires, if the project is either of the following:

(i) The construction of a new facility.

(ii) The expansion of an existing facility which burns hazardous waste which would increase its permitted capacity by more than 10 percent.

(B) This paragraph does not apply to any project exclusively burning hazardous waste, for which a final determination under Section 21080.1 has been made prior to July 14, 1989.

(2) The initial issuance of a hazardous waste facilities permit to a land disposal facility, as defined in subdivision (d) of Section 25199.1 of the Health and Safety Code.

(3) The initial issuance of a hazardous waste facilities permit pursuant to Section 25200 of the Health and Safety Code to an offsite large treatment facility, as defined pursuant to subdivision (d) of Section 25205.1 of the Health and Safety Code.

(b) For purposes of clause (ii) of subparagraph (A) of subparagraph (B) of paragraph (1) of subdivision (a), the amount of expansion of an existing facility shall be calculated by comparing the proposed facility capacity with whichever of the following is applicable:

(1) The facility capacity authorized in the facility's hazardous waste facilities permit pursuant to Section 25200 of the Health and Safety Code or its grant of interim status pursuant to Section 25200.5 of the Health and Safety Code, or the facility capacity authorized in any state or local agency permit allowing the construction or operation of a facility for the burning of hazardous waste, granted before January 1, 1990.

(2) The facility capacity authorized in the facility's original hazardous waste facilities permit, grant of interim status, or any state or local agency permit allowing the construction or operation of a facility for the burning of hazardous waste, granted on or after January 1, 1990.

(c) Paragraph (1) of subdivision (a) does not apply to any project which does any of the following:

(1) Exclusively burns digester gas produced from manure or any other solid or semisolid animal waste.

(2) Exclusively burns methane gas produced from a disposal site, as defined in Section 40122, which is used only for the disposal of solid waste, as defined in Section 40191.

(3) Exclusively burns forest, agricultural, wood, or other biomass wastes.

(4) Exclusively burns hazardous waste in an incineration unit which is transportable and which is either at a site for not longer than three years or is part of a remedial or removal action. For purposes of this paragraph, "transportable" means any equipment which performs a "treatment" as defined in Section 66216 of Title 22 of the California Code of Regulations, and which is transported on a vehicle as defined in Section 66230 of Title 22 of the California Code of Regulations.

(5) Exclusively burns refinery waste in a flare on the site of generation.

(6) Exclusively burns in a flare methane gas produced at a municipal sewage treatment plant.

(7) Exclusively burns hazardous waste, or exclusively burns hazardous waste as a supplemental fuel, as part of a research, development, or demonstration project which, consistent with federal regulations implementing the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6901 et seq.), has been determined to be innovative and experimental by the Department of Toxic Substances Control and which is limited in type

and quantity of waste to that necessary to determine the efficacy and performance capabilities of the technology or process; provided, however, that any facility which operated as a research, development, or demonstration project and for which an application is thereafter submitted for a hazardous waste facility permit for operation other than as a research, development, or demonstration project shall be considered a new facility for the burning of hazardous waste and shall be subject to subdivision (a) of Section 21151.1.

(8) Exclusively burns soils contaminated only with petroleum fuels or the vapors from these soils.

(9) Exclusively treats less than 3,000 pounds of hazardous waste per day in a thermal processing unit operated in the absence of open flame, and submits a worst-case health risk assessment of the technology to the Department of Toxic Substances Control for review and distribution to the interested public. This assessment shall be prepared in accordance with guidelines set forth in the Air Toxics Assessment Manual of the California Air Pollution Control Officers Association.

(10) Exclusively burns less than 1,200 pounds per day of medical waste, as defined in Section 25023.2 of the Health and Safety Code, on hospital sites.

(11) Exclusively burns chemicals and fuels as part of firefighter training.

(12) Exclusively conducts open burns of explosives subject to the requirements of the air pollution control district or air quality management district and in compliance with OSHA and Cal-OSHA regulations.

(13) Exclusively conducts onsite burning of less than 3,000 pounds per day of fumes directly from a manufacturing or commercial process.

(14) Exclusively conducts onsite burning of hazardous waste in an industrial furnace that recovers hydrogen chloride from the flue gas if the hydrogen chloride is subsequently sold, distributed in commerce, or used in a manufacturing process at the site where the hydrogen chloride is recovered, and the burning is in compliance with the requirements of the air pollution control district or air quality management district and the Department of Toxic Substances Control.

(d) Paragraph (1) of subdivision (a) does not apply to any project for which the State Energy Resources Conservation and Development Commission has assumed jurisdiction under Chapter 6 (commencing with Section 25500) of Division 15.

(e) Paragraphs (2) and (3) of subdivision (a) shall not apply if the facility only manages hazardous waste which is identified or listed pursuant to Section 25140 or 25141 on or after January 1, 1992, but not before that date, or only conducts activities which are regulated pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code on or after January 1, 1992,

but not before that date.

(f) This section does not exempt any project from any other requirement of this division.

(g) For purposes of this section, offsite facility means a facility that serves more than one generator of hazardous waste.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 974

An act to amend Sections 1021, 1025.5, 1033, 1035.5, 1067.02, 1067.04, 1152, 1215, 1215.4, 1215.5, 10530, 12380, 12382.2, and 12382.5 of, to add Chapter 6.5 (commencing with Section 10550) to Part 2 of Division 2 of, to repeal and add Article 14.7 (commencing with Section 1067) of Chapter 1 of Part 2 of Division 1 of, to repeal Section 12465 of, to repeal Article 14.6 (commencing with Section 1066) of Chapter 1 of Part 2 of Division 1 of, and to repeal Chapter 3 (commencing with Section 3010) of Part 1 of Division 2 of, the Insurance Code, relating to insurance.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1021 of the Insurance Code is amended to read:

1021. (a) Upon the making of an order to liquidate the business of such person, the commissioner shall cause to be published notice to its policyholders, creditors, shareholders, and all other persons interested in its assets. Such notice shall require claimants to file their claims with the commissioner, together with proper proofs thereof, within six months after the date of first publication of such notice, in the manner specified in this article.

(b) The six-month period specified in subdivision (a) shall not apply to the California Insurance Guarantee Association or the California Life and Health Insurance Guarantee Association provided it files with the commissioner a notice of possible claim within such six-month period and files actual claim or claims within such periods of time as may be permitted by order of court.

SEC. 1.2. Section 1025.5 of the Insurance Code is amended to read:

1025.5. Notwithstanding the provisions of Sections 1021 to 1025, inclusive, the commissioner may, in lieu of requiring claimants to file separate claims:

(a) File a claim himself or herself on behalf of all claimants for return premiums.

(b) Permit any assignee of the right of the insured to a return premium by virtue of a valid assignment, as security or otherwise, made prior to an order under Section 1011 or a seizure under Section 1013, whichever is earlier in time in the particular case, to file one claim as assignee on behalf of all insureds having assigned rights to the assignee, which shall set forth such information as may be required under Section 1023.

(c) Permit the California Insurance Guarantee Association under subdivision (b) of Section 1063.4, or the California Life and Health Insurance Guarantee Association under paragraph (1) of subdivision (m) of Section 1067.07 to file one claim, for its association, combining all assigned claims and setting forth the information that the commissioner may require under Section 1023.

SEC. 1.3. Section 1033 of the Insurance Code is amended to read:

1033. (a) Claims allowed in a proceeding under this article shall be given preference in the following order:

(1) Expense of administration.

(2) Unpaid charges due under the provisions of Section 736.

(3) Taxes due to the State of California.

(4) Claims having preference by the laws of the United States and by laws of this state.

(5) All claims of the California Insurance Guarantee Association, the California Life and Health Insurance Guarantee Association, and associations or entities performing a similar function in other states, together with claims for refund of unearned premiums and all claims of policyholders of an insolvent insurer that are not covered claims.

Claims excluded by paragraphs (3) (except claims for refund of unearned premiums), (4), (5), (7), and (8) of subdivision (c) of Section 1063.1, and subdivisions (h) and (i) of Section 1063.2, shall be excluded from this priority.

(6) All other claims.

(b) Upon the issuance of an order appointing a conservator or liquidator for any person under the provisions of either Section 1011 or 1016 or both such sections, the lien of taxes due to the State of California imposed by Article 4 (commencing with Section 12491) of Chapter 4 of Part 7 of Division 2 of the Revenue and Taxation Code shall become subordinate to the reasonable administrative expenses of the proceeding under the order.

SEC. 1.4. Section 1035.5 of the Insurance Code is amended to read:

1035.5. Notwithstanding the provisions of Article 14 (commencing with Section 1010), with regard only to those insurers subject to this article:

(a) Within 120 days of the issuance of an order directing the

winding up and liquidation of the business of an insolvent insurer under Section 1016, the commissioner shall make application to the court for approval of a proposal to disburse the insurer's assets, from time to time as such assets become available, to the California Insurance Guarantee Association, or the California Life and Health Insurance Guarantee Association, and to any entity or person performing a similar function in another state.

(b) The proposal shall at least include the following provisions for:

(1) Reserving amounts for the payment of expenses of administration and the payment of claims of secured creditors (to the extent of the value of the security held) and claims falling within the priorities established in paragraphs (1) to (4), inclusive, of subdivision (a) of Section 1033.

(2) Disbursement of the assets marshaled to date and subsequent disbursements of assets as they become available.

(3) Equitable allocation of disbursements to each of the associations entitled thereto.

(4) The securing by the commissioner from each of the associations entitled to disbursements pursuant to this section of an agreement to return to the commissioner such assets previously disbursed as may be required to pay claims of secured creditors and claims falling within the priorities established in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1033 in accordance with the priorities. No bond shall be required of any association.

(5) A full report to be made by the association to the commissioner accounting for all assets so disbursed to the association, all disbursements made therefrom, any interest earned by the association on the assets, and any other matter as the court may direct.

(c) The commissioner's proposal shall provide for disbursements to the associations in amounts estimated at least equal to the claim payments made or to be made by the associations for which such associations could assert a claim against the commissioner, and shall further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of the claim payments made or to be made by the associations, then disbursements shall be in the amount of available assets. The reserves of the insolvent insurer on the date of the order of liquidation shall be used for purposes of determining the pro rata allocation of funds among eligible associations.

(d) The commissioner shall offset the amount disbursed to any entity or person performing a function in any other state similar to that function performed by the California Insurance Guarantee Association, or the California Life and Health Insurance Guarantee Association, by the amount of any statutory deposit, premiums, or any other asset of the insolvent insurer held in that state.

(e) Notice of such application shall be given to the associations in and to the commissioners of insurance of each of the states. Any such notice shall be deemed to have been given when deposited in the

United States certified mails, first-class postage prepaid, at least 30 days prior to submission of such application to the court. Action on the application may be taken by the court provided the above required notice has been given and provided further that the commissioner's proposal complies with paragraphs (1) and (4) of subdivision (b).

SEC. 1.5. Article 14.6 (commencing with Section 1066) of Chapter 1 of Part 2 of Division 1 of the Insurance Code is repealed.

SEC. 1.6. Article 14.7 (commencing with Section 1067) of Chapter 1 of Part 2 of Division 1 of the Insurance Code is repealed.

SEC. 1.7. Article 14.7 (commencing with Section 1067) is added to Chapter 1 of Part 2 of Division 1 of the Insurance Code, to read:

Article 14.7. California Life and Health Insurance Guarantee Association

1067. This article shall be known and may be cited as the California Life and Health Insurance Guarantee Association Act.

1067.01. (a) The purpose of this article is to protect, subject to certain limitations, the persons specified in Section 1067.02 against failure in the performance of contractual obligations, under life and health insurance policies and annuity contracts specified in Section 1067.02, because of the impairment or insolvency of the member insurer that issued the policies or contracts.

(b) To provide this protection, an association of insurers is created to pay benefits and to continue coverages as limited herein, and members of the association are subject to assessment to provide funds to carry out the purposes of this article.

1067.02. (a) This article shall provide coverage for the policies and contracts specified in subdivision (b) to all of the following:

(1) To persons who, regardless of where they reside (except for nonresident certificate holders under group policies or contracts), are the beneficiaries, assignees, or payees of the persons covered under paragraph (2).

(2) To persons who are owners of or certificate holders under those policies or contracts, and who either:

(A) Are residents of this state.

(B) Are not residents, but only under all of the following conditions:

(i) The insurers that issued the policies or contracts are domiciled in this state.

(ii) The insurers never held a license or certificate of authority in the states in which the persons reside.

(iii) The states in which the persons reside have associations similar to the association created by this article.

(iv) The persons are not eligible for coverage by those associations.

(b) (1) This article shall provide coverage to the persons specified in subdivision (a) for direct, nongroup life, health, annuity,

and supplemental policies or contracts and for certificates under direct group life, health, annuity, and supplemental policies and contracts, except as limited by this article. Annuity contracts and certificates under group annuity contracts include, but are not limited to, structured settlement agreements, allocated annuity contracts, and any immediate or deferred annuity contracts.

(2) This article shall not provide coverage for any of the following:

(A) Any portion of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policyholder or contractholder.

(B) Any policy or contract of reinsurance, unless assumption certificates have been issued.

(C) Any portion of a policy or contract to the extent that the rate of interest on which it is based exceeds either or both of the following:

(i) The extent to which the rate of interest, averaged over the period of four years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the association became obligated, not to go below a minimum of 0 percent.

(ii) The extent to which the rate of interest, on and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average as most recently available, not to go below a minimum of 3 percent.

(D) Guaranteed investment contracts, guaranteed interest contracts, funding agreements, deposit administration contracts, and all other unallocated annuity contracts.

(E) Any plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees or members to the extent that the plan or program is self-funded or uninsured, including, but not limited to, benefits payable by an employer, association, or similar entity under any of the following:

(i) A multiple employer welfare arrangement as defined in Section 514 of the federal Employee Retirement Income Security Act of 1974, as amended.

(ii) A minimum premium group insurance plan.

(iii) A stop-loss group insurance plan.

(iv) An administrative services only contract.

(F) Any portion of a policy or contract to the extent that it provides dividends or experience rating credits, or provides that any fees or allowances be paid to any person, including the policyholder or contractholder, in connection with the service to or administration of the policy or contract.

(G) Any policy or contract issued in this state by a member

insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state.

(H) Any annuity issued by a charitable organization that is duly qualified as such under applicable provisions of the Internal Revenue Code.

(c) The benefits for which the association may become liable for life insurance and annuity policies shall in no event exceed the lesser of the following:

(1) Eighty percent of the contractual obligations for each policy or contract as modified pursuant to subparagraph (C) of paragraph (2) of subdivision (b), for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer.

(2) (A) With respect to any one life, regardless of the number of policies or contracts:

(i) Two hundred fifty thousand dollars ($250,000) in life insurance death benefits, but not more than one hundred thousand dollars ($100,000) in net cash surrender and net cash withdrawal values for life insurance.

(ii) One hundred thousand dollars ($100,000) in the present value of annuity benefits, including net cash surrender and net cash withdrawal values.

(B) However, in no event shall the association be liable to expend more than two hundred fifty thousand dollars ($250,000) in the aggregate with respect to any one individual under subparagraph (A).

(C) With respect to any one owner of multiple policies of individual life insurance, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, five million dollars ($5,000,000) in benefits regardless of the number of the policies and contracts held by the owner.

(d) The health insurance benefits for which the association may become liable shall in no event exceed the lesser of the following:

(1) The contractual obligations for which the insurer is liable or for which the insurer would have been liable if it were not an impaired or insolvent insurer.

(2) Two hundred thousand dollars ($200,000) in health insurance benefits; an amount that shall annually increase or decrease based upon the health care cost component of the consumer price index.

1067.03. This article shall be liberally construed to effect the purpose under Section 1067.01 which shall constitute an aid and guide to interpretation.

1067.04. As used in this article:

(a) "Account" means any of the three accounts created under Section 1067.05.

(b) "Association" means the California Life and Health Insurance Guarantee Association created pursuant to Section 1067.05.

(c) "Commissioner" means the Insurance Commissioner.

(d) "Contractual obligation" means any obligation under a policy or contract, or certificate under a group policy or contract, or portion thereof, for which coverage is provided under Section 1067.02.

(e) "Covered policy" means any policy or contract within the scope of this article under Section 1067.02.

(f) "Impaired insurer" means a member insurer which, after the effective date of this article, is not an insolvent insurer, and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

(g) "Health insurance" means the class of insurance described as disability insurance in Section 106.

(h) "Insolvent insurer" means a member insurer which, after the effective date of this article, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(i) "Member insurer" means any insurer licensed or which holds a certificate of authority to transact in this state any kind of insurance for which coverage is provided under Section 1067.02 and includes any insurer whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn, but does not include any of the following:

(1) A fraternal benefit society.

(2) A mandatory state pooling plan.

(3) A mutual assessment company or any entity that operates on an assessment basis.

(4) An insurance exchange.

(5) A nonprofit hospital service plan.

(6) A health care service plan.

(7) A grants and annuities society holding a certificate of authority under Section 11520.

(8) Any entity similar to any of the above.

(j) "Moody's Corporate Bond Yield Average" means the Monthly Average Corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(k) "Person" means any individual, corporation, partnership, association, or voluntary organization.

(*l*) "Premiums" means amounts received on covered policies or contracts less premiums, considerations, and deposits returned thereon, and less dividends and experience credits thereon. "Premiums" does not include any amounts received for any policies or contracts or for the portions of any policies or contracts for which coverage is not provided under subdivision (b) of Section 1067.02 except that assessable premium shall not be reduced on account of paragraph (2) of subdivision (c) of Section 1067.02 relating to limitations with respect to any one individual, any one participant, and any one contractholder; provided that "premiums" shall not include any premiums in excess of five million dollars ($5,000,000) with respect to multiple policies of individual life insurance issued to any one owner, whether the policyowner is an individual, firm,

corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, regardless of the number of policies held by the owner.

(m) "Resident" means any person who resides in this state at the time a member insurer is determined to be an impaired or insolvent insurer and to whom a contractual obligation is owed. A person may be a resident of only one state, which in the case of a person other than a natural person shall be its principal place of business.

(n) "Supplemental contract" means any agreement entered into for the distribution of policy or contract proceeds.

(o) "Unallocated annuity contract" means any annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under that contract or certificate.

1067.05. (a) There is created a nonprofit legal entity to be known as the California Life and Health Insurance Guarantee Association. All member insurers shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under the plan of operation established and approved under Section 1067.09 and shall exercise its powers through a board of directors established under Section 1067.06. For purposes of administration and assessment, the association shall maintain the following three accounts:

(1) The life insurance account.

(2) The annuity account.

(3) The health insurance account.

(b) The association shall come under the immediate supervision of the commissioner and shall be subject to the applicable provisions of the insurance laws of this state. Meetings or records of the association may be opened to the public upon majority vote of the board of directors of the association.

1067.06. (a) The board of directors of the association shall consist of not less than nine nor more than 13 member insurers serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to the approval of the commissioner. To select the initial board of directors, and initially organize the association, the commissioner shall give notice to all member insurers of the time and place of the organizational meeting. In determining voting rights at the organizational meeting each member insurer shall be entitled to one vote in person or by proxy. If the board of directors is not selected within 60 days after notice of the organizational meeting, the commissioner may appoint the initial members.

(b) In approving selections or in appointing members to the board, the commissioner shall consider, among other things, whether

all member insurers are fairly represented.

(c) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors, but members of the board shall not otherwise be compensated by the association for their services.

1067.07. (a) If a member insurer is an impaired domestic insurer, the association may, in its discretion, and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer, that are approved by the commissioner, and that are, except in cases of court-ordered conservation or rehabilitation, also approved by the impaired insurer, do any of the following:

(1) Guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer.

(2) Provide moneys, pledges, notes, guarantees, or other means proper to effectuate paragraph (1) and assure payment of the contractual obligations of the impaired insurer pending action under paragraph (1).

(3) Loan money to the impaired insurer.

(b) (1) If a member insurer is an impaired insurer, whether domestic, foreign, or alien, and the insurer is not paying claims timely, then subject to the preconditions specified in paragraph (2), the association shall, in its discretion, either:

(A) Take any of the actions specified in subdivision (a), subject to the conditions therein.

(B) Provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for health claims, periodic annuity benefit payments, death benefits, supplemental benefits, and cash withdrawals for policy or contract owners who petition therefor under claims of emergency or hardship in accordance with standards proposed by the association and approved by the commissioner.

(2) The association shall be subject to the requirements of paragraph (1) only if subparagraphs (A) and (B) apply:

(A) The laws of the state of domicile of the impaired member insurer provide that until all payments of or on account of the impaired insurer's contractual obligations by all guarantee associations, along with all expenses thereof and interest on all of those payments and expenses, shall have been repaid to the guarantee associations or a plan of repayment by the impaired insurer shall have been approved by the guarantee associations, all of the following apply:

(i) The delinquency, rehabilitation, or conservation proceeding shall not be dismissed.

(ii) Neither the impaired insurer nor its assets shall be returned to the control of its shareholders or private management.

(iii) It shall not be permitted to solicit or accept new business or have any suspended or revoked license restored.

(B) Either clause (i) or (ii) applies:

(i) The impaired insurer is a domestic insurer, and it has been placed under an order of conservation or rehabilitation by a court of competent jurisdiction in this state.

(ii) The impaired insurer is a foreign or alien insurer, and all of the following apply:

(I) It has been prohibited from soliciting or accepting new business in this state.

(II) Its certificate of authority has been suspended or revoked in this state.

(III) A petition for conservation, rehabilitation, or liquidation has been filed in a court of competent jurisdiction in its state of domicile by the commissioner of the state.

(c) If a member insurer is an insolvent insurer, the association shall, in its discretion, either do those things described in paragraph (1) or in paragraph (2):

(1) (A) Guarantee, assume, or reinsure, or cause to be guaranteed, assumed or reinsured, the policies or contracts of the insolvent insurer; or

(B) Assure payment of the contractual obligations of the insolvent insurer; and

(C) Provide those moneys, pledges, guarantees, or other means as are reasonably necessary to discharge the duties.

(2) With respect only to life and health insurance policies, provide benefits and coverages in accordance with subdivision (d).

(d) When proceeding under subparagraph (B) of paragraph (1) of subdivision (b), or paragraph (2) of subdivision (c), the association shall, with respect to only life and health insurance policies:

(1) Assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer, for claims incurred:

(A) With respect to group life insurance policies, not later than the earlier of the next renewal date under the policies or contracts or 45 days, but in no event less than 30 days, after the date on which the association becomes obligated with respect to the policies.

(B) With respect to group health insurance policies, individual health insurance policies and individual life insurance policies, not later than the earlier of the next renewal date, if any, under the policies or contracts or one year, but in no event less than 30 days, from the date on which the association becomes obligated with respect to such policies.

(2) Make diligent efforts to provide all known insureds or group policyholders, with respect to group policies, 30 days notice of the termination of the benefits provided.

(3) With respect to individual policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not

eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of paragraph (4), if the insureds had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.

(4) (A) In providing the substitute coverage required under paragraph (3), the association may offer either to reissue the terminated coverage or to issue an alternative policy and shall consider obtaining coverage for a medically uninsurable person from the program established under Part 6.5 (commencing with Section 12700) of Division 2.

(B) Alternative or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.

(C) The association may reinsure any alternative or reissued policy.

(5) (A) Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency.

(B) Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

(C) Any alternative policy issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.

(6) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner or by a court of competent jurisdiction.

(7) The association's obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy shall cease on the date that coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(e) When proceeding under subparagraph (B) of paragraph (1) of subdivision (b) or under subdivision (c) with respect to any policy or contract carrying guaranteed minimum interest rates, the

association shall assure the payment or crediting of a rate of interest consistent with subparagraph (C) of paragraph (2) of subdivision (b) of Section 1067.02.

(f) Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the association's obligations under the policy or coverage under this article with respect to that policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this article.

(g) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy or contract owners arising after the entry of that order.

(h) The protection provided by this article shall not apply where any guarantee protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(i) In carrying out its duties under subdivisions (b) and (c), the association may, subject to approval by the court, do either of the following:

(1) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this article are less than the amounts needed to assure full and prompt performance of the association's duties under this article, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of the permanent policy or contract liens, to be in the public interest.

(2) Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

(j) If the association fails to act within a reasonable period of time as provided in subparagraph (B) of paragraph (1) of subdivision (b), and subdivisions (c) and (d), with respect to an impaired or insolvent insurer, the commissioner shall have the powers and duties of the association under this article with respect to the impaired or insolvent insurer.

(k) The association may render assistance and advice to the commissioner, upon his or her request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(*l*) The association shall have standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this article. That standing shall extend to all matters germane to the powers and duties of the association, including, but not limited to,

proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over a third party against whom the association may have rights through subrogation of the insurer's policyholders.

(m) (1) Any person receiving benefits under this article shall be deemed to have assigned the rights under, and any causes of action relating to, the covered policy or contract to the association to the extent of the benefits received because of this article, whether the benefits are payments of or on account of contractual obligations, continuation of coverage or provision of substitute or alternative coverages. The association may require an assignment to it of those rights and cause of action by any payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this article upon that person.

(2) The subrogation rights of the association under this subdivision shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this article.

(3) In addition to paragraphs (1) and (2), the association shall have all common law rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to such policy or contracts.

(n) The association may do any of the following:

(1) Enter into contracts necessary or proper to carry out the provisions and purposes of this article.

(2) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under Section 1067.08 and to settle claims or potential claims against it.

(3) Borrow money to effect the purposes of this article. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets.

(4) Employ or retain an executive director and other persons necessary to handle the financial transactions of the association, and to perform other functions necessary or proper under this article provided that the executive director shall be subject to the approval of the commissioner.

(5) Take legal action necessary to avoid payment of improper claims.

(6) Exercise, for the purposes of this article and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its

obligations under this article.

(o) The association may join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

(p) There shall be no liability on the part of and no cause of action shall arise against the association or against any transferee from the association in connection with the transfer by reinsurance or otherwise of all or any part of an impaired or insolvent insurer's business by reason of any action taken or any failure to take any action by the impaired or insolvent insurer at any time.

(q) With respect to covered policies for which the association becomes obligated after an entry of an order or liquidation or rehabilitation, the association may elect to succeed to the rights of the insolvent insurer arising after the date of the order of liquidation or rehabilitation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that such contract provides coverage for losses occurring after the date of the order of liquidation or rehabilitation. As a condition to making this election, the association must pay premiums for coverage relating to periods after the date of the order of liquidation or rehabilitation.

1067.08. (a) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of director shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not more than 30 days after prior written notice to the member insurers and shall accrue interest at the rate of 10 percent per annum on and after the due date.

(b) There shall be two assessments, as follows:

(1) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of subdivision (e) of Section 1067.11. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer.

(2) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under Section 1067.07 with regard to an impaired or an insolvent insurer.

(c) (1) The amount of any class A assessment shall be determined by the board and may be made on a pro rata or non-pro rata basis. If pro rata, the board may provide that it be credited against future class B assessments. A non-pro rata assessment shall not exceed two hundred fifty dollars ($250) per member insurer in any one calendar year. The amount of any class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(2) Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in

this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this state for those calendar years by all assessed member insurers.

(3) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this article. Classification of assessments under subdivision (b) and computation of assessments under this subdivision shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(d) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which that assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(e) (1) The total of all assessments upon a member insurer for any account shall not in any one calendar year exceed one percent of the insurer's average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in that account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this article.

(2) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(f) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

(g) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to life or annuity of insurance within the scope of this article, to consider the amount reasonably necessary to meet its assessment obligations under this

article.

(h) The association shall issue to each insurer paying an assessment under this article, other than class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or date of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in the form and for the amount, if any, and period of time as the commissioner may approve.

(i) (1) Subject to the provisions of paragraph (3), the plan of operation adopted pursuant to Section 1067.09 shall contain provisions whereby each member insurer is required to recoup over a reasonable length of time a sum reasonably calculated to recoup the assessments with respect to the health insurance account paid by the member insurer under this article by way of a surcharge on premiums charged for health insurance policies to which this article applies. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agent's commission.

(2) Member insurers who collect surcharges in excess of assessments paid pursuant to this section for an insolvent insurer shall remit the excess to the association as an additional assessment within 120 days after the end of the collection period as determined by the association. The excess shall be applied to reduce future health insurance account assessments for that insurer.

(3) The plan of operation may permit a member insurer to omit the collection of the surcharge from its insureds when it determines the amount of the surcharge collectible from each insured would be unreasonably small in relation to the potential confusion of or objection by the insureds even if the aggregate surcharges collectible from all insureds exceeds the expense of collection.

(j) Any statement of the amount of surcharge required to be provided by the association shall include a description of, and purpose for, the California Life and Health Insurance Guarantee Association, as follows:

"Companies writing health insurance business in California are required to participate in the California Life and Health Insurance Guarantee Association. If a company writing health insurance becomes insolvent, the California Life and Health Insurance Guarantee Association settles unpaid claims and assesses each insurance company for its fair share."

"California law requires all companies to surcharge policies to recover these assessments. If your policy is surcharged, "CA Surcharge" with an amount will be displayed on your premium notice."

1067.09. (a) (1) The association shall submit to the commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any

amendments thereto shall become effective upon the commissioner's written approval or unless he or she has not disapproved it within 30 days.

(2) If the association fails to submit a suitable plan of operation within 120 days following the effective date of this article or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt and promulgate those reasonable rules necessary or advisable to effectuate the provisions of this article. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(b) All member insurers shall comply with the plan of operation.

(c) The plan of operation shall, in addition to requirements enumerated elsewhere in this article, do all of the following:

(1) Establish procedures for handling the assets of the association.

(2) Establish the amount and method of reimbursing members of the board of directors under Section 1067.06.

(3) Establish regular places and times for meetings including telephone conference calls of the board of directors.

(4) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors.

(5) Establish the procedure whereby selections for the board of directors will be made and submitted to the commissioner.

(6) Establish any additional procedures for assessments under Section 1067.08.

(7) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(d) The plan of operation may provide that any or all powers and duties of the association, except those under paragraph (3) of subdivision (n) of Section 1067.07 and Section 1067.08, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. That corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this subdivision shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this article.

1067.10. In addition to the duties and powers enumerated elsewhere in this article:

(a) The commissioner shall do all of the following:

(1) Upon request of the board of directors, provide the association with a statement of the premiums in this and any other appropriate states for each member insurer.

(2) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired

insurer to make good the impairment within a reasonable time; notice to the impaired insurer shall constitute notice to its shareholders, if any; the failure of the insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under this article.

(3) In any liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator.

(b) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. The forfeiture shall not exceed 5 percent of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars ($100) per month.

(c) Any action of the board of directors or the association may be appealed to the commissioner by any member insurer if the appeal is taken within 60 days of the final action being appealed. If a member company is appealing an assessment, the amount assessed shall be paid to the association and available to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member company. Any final action or order of the commissioner shall be subject to judicial review in a court of competent jurisdiction.

(d) The liquidator, rehabilitator, or conservator of any impaired insurer or insolvent insurer may notify all interested persons of the effect of this article.

1067.11. To aid in the detection and prevention of insurer insolvencies or impairments:

(a) It shall be the duty of the commissioner to do the following:

(1) To notify the commissioners of all the other states, territories of the United States, and the District of Columbia when he or she takes any of the following actions against a member insurer:

(A) Revocation of license.

(B) Suspension of license.

(C) Makes any formal order that the company restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policyholders or creditors.

The notice shall be mailed to all commissioners within 30 days following the action taken or the date on which the action occurs.

(2) To report to the board of directors, the Legislature, and the Governor when he or she has taken any of the actions set forth in paragraph (1) or has received a report from any other commissioner indicating that any action has been taken in another state. The report to the board of directors, the Legislature, and the Governor shall contain all significant details of the action taken on the report

received from another commissioner.

(3) To report to the board of directors when he or she has reasonable cause to believe from any examination, whether completed or in process, of any member company that the company may be an impaired or insolvent insurer.

(4) To furnish to the board of directors the NAIC Insurance Regulatory Information System (IRIS) ratios and listings of companies not included in the ratios developed by the National Association of Insurance Commissioners, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. The report and the information contained therein shall be kept confidential by the board of directors until that time as it is made public by the commissioner or other lawful authority.

(b) The commissioner may seek the advice and recommendations of the board of directors concerning any matter affecting his or her duties and responsibilities regarding the financial condition of member insurers and companies seeking admission to transact insurance business in this state.

(c) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this state. Those reports and recommendations shall not be considered public documents.

(d) It shall be the duty of the board of directors, upon majority vote, to notify the commissioner of any information indicating any member insurer may be an impaired or insolvent insurer.

(e) The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be an impaired or insolvent insurer. Within 30 days of the receipt of the request, the commissioner shall begin the examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by persons that the commissioner designates. The cost of the examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall the examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with subdivision (a).

The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(f) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

(g) The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the commissioner containing the information that it may have in its possession bearing on the history and causes of the insolvency. The board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer, and may adopt by reference any report prepared by the other associations.

(h) Reports, information, and recommendations from the board to the commissioner and from the commissioner to the board under this Section 1067.11 shall be treated as confidential and shall not be considered public documents except as otherwise specifically provided in this section or by specific action of the board or commissioner.

1067.12. (a) Nothing in this article shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(b) Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under Section 1067.07. Records of the negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this subdivision shall limit the duty of the association to render a report of its activities under Section 1067.13.

(c) For the purpose of carrying out its obligations under this article, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to Section 1067.07. Assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by this article. Assets attributable to covered policies, as used in this subdivision, are that proportion of the assets which the reserves that should have been established for those policies bear to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(d) (1) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, and policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of the insolvent insurer. In the determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(2) No distribution to stockholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under Section 1067.07 with respect to the insurer have been fully recovered by the association.

(e) (1) If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under the order shall have a right to recover on behalf of the insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of paragraphs (2) to (4), inclusive.

(2) No such distribution shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) Any person who was an affiliate that controlled the insurer at the time the distributions were paid shall be liable up to the amount of distributions he or she received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared, shall be liable up to the amount of distributions he or she would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

(4) The maximum amount recoverable under this subdivision shall be the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

(5) If any person liable under paragraph (3) is insolvent, all its affiliates that controlled it at the time the distribution was paid, shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

1067.13. The association shall be subject to examination and regulation by the commissioner. The board of directors shall submit to the commissioner, the Governor, and the Legislature each year, not later than 120 days after the association's fiscal year, a financial report in a form approved by the commissioner and a report of its activities during the preceding fiscal year.

1067.14. The association shall be exempt from payment of all fees and all taxes levied by this state or any of its subdivisions, except taxes levied on real property.

1067.15. There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer or its agents or employees, the association or its agents or employees, members of the board of directors, or the commissioner or his or her representatives, for any action or omission by them in the

performance of their powers and duties under this article. The immunity shall extend to the participation in any organization of one or more other state associations of similar purposes and to that organization and its agents or employees.

1067.16. All proceedings in which the insolvent insurer is a party in any court in this state shall be stayed not less than 60 days from the date an order of liquidation, rehabilitation, or conservation is final, to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment under any decision, order, verdict, or finding based on default the association may apply to have the judgment set aside by the same court that made the judgment and shall be permitted to defend against the suit on the merits.

1067.17. (a) No person, including an insurer, agent, or affiliate of an insurer shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement, or statement, written or oral, which uses the existence of the California Life and Health Insurance Guarantee Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance covered by the California Life and Health Insurance Guarantee Association Act. Provided, however, that this section shall not apply to the California Life and Health Insurance Guarantee Association or any other entity which does not sell or solicit insurance.

(b) The association shall prepare a summary document describing the general purposes and current limitations of the article and complying with subdivision (c). This document shall be submitted to the commissioner for approval. Sixty days after receiving approval, no insurer may deliver a policy or contract described in paragraph (1) of subdivision (b) of Section 1067.02 to a policyholder or contractholder unless the document is delivered to the policy or contract holder prior to or at the time of delivery of the policy or contract except if subdivision (d) applies. The document should also be available upon request by the policyholder. The distribution, delivery, or contents or interpretation of this document shall not mean that either the policy or the contract or the holder thereof would be covered in the event of the impairment or insolvency of a member insurer. The description document shall be revised by the association as amendments to the article may require. Failure to receive this document does not give the policyholder, contractholder, certificate holder, or insured any greater rights than those stated in this article.

(c) The document prepared under subdivision (b) shall contain a clear and conspicuous disclaimer on its face. The commissioner shall promulgate a rule establishing the form and content of the

disclaimer. The disclaimer shall do all of the following:

(1) State the name and address of the life and health insurance guarantee association and insurance department.

(2) Prominently warn the policyholder or contractholder that the California Life and Health Insurance Guarantee Association may not cover the policy or, if coverage is available, it will be subject to substantial limitations and exclusions and conditioned on continued residence in the state.

(3) State that the insurer and its agents are prohibited by law from using the existence of the California Life and Health Insurance Guarantee Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance.

(4) Emphasize that the policyholder or contractholder should not rely on coverage under the California Life and Health Insurance Guarantee Association when selecting an insurer.

(5) Provide other information as directed by the commissioner.

(d) No insurer or agent may deliver a policy or contract described in paragraph (1) of subdivision (b) of Section 1067.02, and excluded under subparagraph (A) of paragraph (2) of subdivision (b) of Section 1067.02 from coverage under this article unless the insurer or agent, prior to or at the time of delivery, gives the policyholder or contractholder a separate written notice which clearly and conspicuously discloses that the policy or contract is not covered by the California Life and Health Insurance Guarantee Association. The commissioner shall by rule specify the form and content of the notice.

1067.18. This article shall not apply to any insurer that was declared to be insolvent or impaired, or as to which delinquency proceedings had been commenced, on or before October 1, 1990.

SEC. 1.71. Section 1067.02 of the Insurance Code, as added by Section 1.7 of this act, is amended to read:

1067.02. (a) This article shall provide coverage for the policies and contracts specified in subdivision (b) to all of the following:

(1) To persons who, regardless of where they reside (except for nonresident certificate holders under group policies or contracts), are the beneficiaries, assignees, or payees of the persons covered under paragraph (2).

(2) To persons who are owners of or certificate holders under those policies or contracts, and who either:

(A) Are residents of this state.

(B) Are not residents, but only under all of the following conditions:

(i) The insurers that issued the policies or contracts are domiciled in this state.

(ii) The insurers never held a license or certificate of authority in the states in which the persons reside.

(iii) The states in which the persons reside have associations similar to the association created by this article.

(iv) The persons are not eligible for coverage by those

associations.

(b) (1) This article shall provide coverage to the persons specified in subdivision (a) for direct, nongroup life, health, annuity, and supplemental policies or contracts and for certificates under direct group life, health, annuity, and supplemental policies and contracts, except as limited by this article. Annuity contracts and certificates under group annuity contracts include, but are not limited to, structured settlement agreements, allocated annuity contracts, and any immediate or deferred annuity contracts, and unallocated annuity contracts except those expressly excluded pursuant to subparagraph (D) of paragraph (2) of this subdivision.

(2) This article shall not provide coverage for any of the following:

(A) Any portion of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policyholder or contractholder.

(B) Any policy or contract of reinsurance, unless assumption certificates have been issued.

(C) Any portion of a policy or contract to the extent that the rate of interest on which it is based exceeds either or both of the following:

(i) The extent to which the rate of interest, averaged over the period of four years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the association became obligated, not to go below a minimum of 0 percent.

(ii) The extent to which the rate of interest, on and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average as most recently available, not to go below a minimum of 3 percent.

(D) Guaranteed investment contracts, guaranteed interest contracts, funding agreements, deposit administration contracts, and all other unallocated annuity contracts; provided however, coverage may be provided for unallocated annuity contracts sold by an insurer as to which an order of liquidation, which contained a finding of insolvency and which later became final, was entered by a court of competent jurisdiction in the state of its domicile, after December 20, 1991, but prior to December 20, 1992, and sold to an employer prior to December 20, 1992, for purposes of providing the employees of the employer with deferred compensation or pension benefits and (i) the individual employees have an option to participate or not participate in the contract, and (ii) the individual employee contributes from his or her wages some portion of the funds paid into the plan provided by the contract.

(E) Any plan or program of an employer, association, or similar

entity to provide life, health, or annuity benefits to its employees or members to the extent that the plan or program is self-funded or uninsured, including, but not limited to, benefits payable by an employer, association, or similar entity under any of the following:

(i) A multiple employer welfare arrangement as defined in Section 514 of the federal Employee Retirement Income Security Act of 1974, as amended.

(ii) A minimum premium group insurance plan.

(iii) A stop-loss group insurance plan.

(iv) An administrative services only contract.

(F) Any portion of a policy or contract to the extent that it provides dividends or experience rating credits, or provides that any fees or allowances be paid to any person, including the policyholder or contractholder, in connection with the service to or administration of the policy or contract.

(G) Any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state.

(H) Any annuity issued by a charitable organization that is duly qualified as such under applicable provisions of the Internal Revenue Code, and that is not engaged in the business of insurance as its primary business.

(c) The benefits for which the association may become liable for life insurance and annuity policies shall in no event exceed the lesser of the following:

(1) Eighty percent of the contractual obligations for each policy or contract as modified pursuant to subparagraph (C) of paragraph (2) of subdivision (b), for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer.

(2) (A) With respect to any one life, regardless of the number of policies or contracts:

(i) Two hundred fifty thousand dollars ($250,000) in life insurance death benefits, but not more than one hundred thousand dollars ($100,000) in net cash surrender and net cash withdrawal values for life insurance.

(ii) One hundred thousand dollars ($100,000) in the present value of annuity benefits, including net cash surrender and net cash withdrawal values.

(B) However, in no event shall the association be liable to expend more than two hundred fifty thousand dollars ($250,000) in the aggregate with respect to any one individual under subparagraph (A).

(C) With respect to any one owner of multiple policies of individual life insurance, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, five million dollars ($5,000,000) in benefits regardless of the number of the policies and contracts held by the owner.

(d) The health insurance benefits for which the association may become liable shall in no event exceed the lesser of the following:

(1) The contractual obligations for which the insurer is liable or for which the insurer would have been liable if it were not an impaired or insolvent insurer.

(2) Two hundred thousand dollars ($200,000) in health insurance benefits; an amount that shall annually increase or decrease based upon the health care cost component of the consumer price index.

(e) No unallocated annuity contract that is not covered by the association may be offered to an employer after January 1, 1994, unless prior to being offered to the employer, or the participation by the employee, the insurer or agent has disclosed to the employer and employee in writing in a conspicuous manner that the contract is not covered by the association.

SEC. 1.72. Section 1067.04 of the Insurance Code, as added by Section 1.7 of this act, is amended to read:

1067.04. As used in this article:

(a) "Account" means any of the three accounts created under Section 1067.05.

(b) "Association" means the California Life and Health Insurance Guarantee Association created pursuant to Section 1067.05.

(c) "Commissioner" means the Insurance Commissioner.

(d) "Contractual obligation" means any obligation under a policy or contract, or certificate under a group policy or contract, or portion thereof, for which coverage is provided under Section 1067.02.

(e) "Covered policy" means any policy or contract within the scope of this article under Section 1067.02.

(f) "Impaired insurer" means a member insurer which, after the effective date of this article, is not an insolvent insurer, and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

(g) "Health insurance" means the class of insurance described as disability insurance in Section 106.

(h) "Insolvent insurer" means a member insurer which, after the effective date of this article, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(i) "Member insurer" means any insurer licensed or which holds a certificate of authority to transact in this state any kind of insurance for which coverage is provided under Section 1067.02 and includes any insurer whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn, but does not include any of the following:

(1) A fraternal benefit society.

(2) A mandatory state pooling plan.

(3) A mutual assessment company or any entity that operates on an assessment basis.

(4) An insurance exchange.

(5) A nonprofit hospital service plan.

(6) A health care service plan.

(7) A grants and annuities society holding a certificate of authority under Section 11520.

(8) Any entity similar to any of the above.

(j) "Moody's Corporate Bond Yield Average" means the Monthly Average Corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(k) "Person" means any individual, corporation, partnership, association, or voluntary organization.

(*l*) "Premiums" means amounts received on covered policies or contracts less premiums, considerations, and deposits returned thereon, and less dividends and experience credits thereon. "Premiums" does not include any amounts received for any policies or contracts or for the portions of any policies or contracts for which coverage is not provided under subdivision (b) of Section 1067.02 except that assessable premium shall not be reduced on account of paragraph (2) of subdivision (c) of Section 1067.02 relating to limitations with respect to any one individual, any one participant, and any one contractholder; provided that "premiums" shall not include any premiums in excess of five million dollars ($5,000,000) with respect to multiple policies of individual life insurance issued to any one owner, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, regardless of the number of policies held by the owner.

(m) "Resident" means any person who resides in this state at the time a member insurer is determined to be an impaired or insolvent insurer and to whom a contractual obligation is owed. A person may be a resident of only one state, which in the case of a person other than a natural person shall be its principal place of business.

(n) "Supplemental contract" means any agreement entered into for the distribution of policy or contract proceeds.

(o) "Unallocated annuity contract" means any annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under that contract or certificate and except to the extent allowed in subparagraph (D) of paragraph (2) of subdivision (b) of Section 1067.02.

SEC. 1.8. Section 1152 of the Insurance Code is amended to read:

1152. (a) Domestic incorporated stock insurers, except those governed by Sections 10530, 12373, and 12640.06, shall be governed by the provisions of this section and, if the insurer is subject to registration pursuant to Sections 1215.4 and 1215.5, as to payment or distribution of dividends to stockholders. Such insurers may make dividends only from earned surplus.

(b) No dividends shall be declared out of earned surplus derived from the mere net appreciation in the value of assets not yet realized, nor shall any dividends be declared from any part of such earned

surplus derived from an exchange of assets, unless and until such earned surplus have been realized or unless the assets received are currently realizable in cash.

(c) An insurer may declare and distribute a dividend otherwise prohibited by this section if (1) following payment of the dividend the insurer's surplus as regards policyholders is (A) reasonable in relation to its outstanding liabilities and (B) adequate to its financial needs as prescribed in Section 1215.5, and (2) the commissioner has given approval for the dividend prior to payment.

(d) For purposes of this section, "earned surplus" means unassigned funds, as required to be reported on the insurer's annual statement.

SEC. 1.9. Section 1215 of the Insurance Code is amended to read:

1215. As used in this article, the following terms shall have the respective meanings hereinafter set forth, unless the context shall otherwise require:

(a) An "affiliate" of, or person "affiliated" with, a specific person, is a person that directly, or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(b) The term "control" includes the terms "controlling," "controlled by," and "under common control with," and means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, more than 10 percent of the voting securities of any other person. This presumption may be rebutted by a showing that control does not exist in fact in accordance with subdivision (i) of Section 1215.4. The commissioner may, after furnishing all persons in interest notice and opportunity to be heard, determine that control exists in fact, notwithstanding the absence of a presumption to that effect.

(c) An "insurance holding company system" consists of two or more affiliated persons, one or more of which is an insurer.

(d) "Insurer" shall have the same meaning as set forth in Section 826 of this code, excluding subdivisions (e) and (f) of such section.

(e) "Person" is an individual, a corporation, a partnership, an association, a joint stock company, a business trust, an unincorporated organization, or any similar entity, or any combination thereof acting in concert.

(f) A "subsidiary" of a specified person is an affiliate controlled by such person directly, or indirectly through one or more intermediaries.

(g) "Business day" is any day other than Saturday, Sunday, and any other day that is specified or provided for as a holiday in the

Government Code.

SEC. 2. Section 1215.4 of the Insurance Code is amended to read:

1215.4. (a) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. Such exemption from registration for such foreign insurers shall not apply to any commercially domiciled insurer within this state, as provided in Section 1215.13. Any insurer which is subject to registration under this section shall register within 60 days after the effective date of this article or 15 days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within such extended time. The commissioner may require a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of domiciliary jurisdiction.

(b) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about the following:

(1) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling such insurer;

(2) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

(i) Loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

(ii) Purchases, sales, or exchanges of assets;

(iii) Transactions not in the ordinary course of business;

(iv) Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) All management and service contracts and all cost-sharing arrangements, other than cost-allocation arrangements based upon generally accepted accounting principles;

(vi) Reinsurance agreements covering all or substantially all of one or more lines of insurance of the ceding company.

(3) Other matters as may be included in registration forms adopted by the National Association of Insurance Commissioners, to the extent required by the commissioner.

(c) No information need be disclosed on the registration statement filed pursuant to subdivision (b) of this section if such information is not material for the purposes of this article.

(1) Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments made within the immediately preceding 12 months involving, in the net aggregate, one-half of 1 percent or less of an insurer's admitted assets, or 5 percent or less of an insurer's surplus as to policyholders, determined by whichever is greater, as of the 31st day of December next preceding, shall not be deemed material for purposes of this section.

(2) Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments made within the immediately preceding 12 months involving in the net aggregate more than either 5 percent of the insurer's admitted assets or 25 percent of the insurer's surplus as to policyholders, determined by whichever is the lesser, as of the 31st day of December next preceding shall be deemed material transactions of an extraordinary type.

(d) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within 15 days after the end of the month in which it learns of each such change or addition. However, subject to this subdivision, each registered insurer shall so report all dividends and other distributions to shareholders within five business days following declaration. No dividend or other distribution to shareholders may be paid until at least 10 business days after receipt by the commissioner, at the office of the department prescribed by the commissioner by notice to all insurers, of a notice of the declaration of the dividend or other distribution. Material transactions that are of the extraordinary type, as defined in paragraph (2) of subdivision (c), shall not be consummated without prior approval of the commissioner. The commissioner shall require the payment of one thousand one hundred eighty dollars ($1,180), as a fee for the approval of the forms filed pursuant to this subdivision. The payment shall accompany the filing of the form.

(e) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(f) The commissioner may require or allow two or more affiliated insurers subject to registration hereunder to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(g) The commissioner may allow any insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subdivision (a) of this section and to file all information and material required to be filed under this article.

(h) The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by rule, regulation, or order shall exempt the same from the

provisions of this section as not comprehended within the purposes of this section.

(i) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or such a disclaimer may be filed by such insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer, as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with such person unless and until the commissioner disallows such a disclaimer. The commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support such disallowance.

(j) The failure to file a registration statement or any amendment thereto required by this section within the time specified for such filing shall be a violation of this article.

SEC. 3. Section 1215.5 of the Insurance Code is amended to read:

1215.5. (a) Material transactions by registered insurers with their affiliates shall be subject to each of the following standards:

(1) The terms shall be fair and reasonable;

(2) The books, accounts, and records of each party shall be so maintained as to clearly and accurately disclose the precise nature and details of the transactions;

(3) The insurer's surplus as regards policyholders following any dividends or distributions to shareholder affiliates shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) For purposes of this article, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, shall be considered:

(1) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

(2) The extent to which the insurer's business is diversified among the several lines of insurance;

(3) The number and size of risks insured in each line of business;

(4) The extent of the geographical dispersion of the insurer's insured risks;

(5) The nature and extent of the insurer's reinsurance program;

(6) The quality, diversification, and liquidity of the insurer's investment portfolio;

(7) The recent past and projected future trend in the size of the insurer's surplus as regards policyholders;

(8) The surplus as regards policyholders maintained by other, comparable insurers;

(9) The adequacy of the insurer's reserves;

(10) The quality and liquidity of investments in subsidiaries made pursuant to Section 1215.1. The commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his or her judgment such investment so warrants.

(11) The quality of the company's earnings and the extent to which the reported earnings include extraordinary accounting items.

(c) No insurer subject to registration under Section 1215.4 shall pay any extraordinary dividend or make any other extraordinary distribution to its stockholders until 30 days after the commissioner has received notice of the declaration thereof and has not within such period disapproved such payment, or the commissioner shall have approved such payment within such 30-day period.

For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution which, together with other dividends or distributions made within the preceding 12 months, exceeds the greater of (1) 10 percent of such insurer's surplus as regards policyholders as of the 31st day of December next preceding, or (2) the net gain from operations of such insurer, if such insurer is a life insurer or the net income, if such insurer is not a life insurer, for the 12-month period ending the 31st day of December next preceding.

Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the commissioner's approval thereof, and such a declaration shall confer no rights upon stockholders until the commissioner has approved the payment of such dividend or distribution or until the commissioner has not disapproved such payment within the 30-day period referred to in this subdivision.

SEC. 4. Chapter 3 (commencing with Section 3010) of Part 1 of Division 2 of the Insurance Code is repealed.

SEC. 5. Section 10530 of the Insurance Code is amended to read:

10530. (a) A domestic incorporated life insurer issuing policies on the reserve plan shall not make any dividends, except from earned surplus.

(b) No dividends shall be declared out of earned surplus derived from the mere appreciation in the value of assets not yet realized, nor shall any dividends be declared from any part of earned surplus derived from an exchange of assets, unless and until earned surplus has been realized, or unless the assets received are currently realizable in cash.

(c) An insurer may declare and distribute a dividend otherwise prohibited by this section if (1) following payment of the dividend the insurer's surplus as regards policyholders is (A) reasonable in relation to its outstanding liabilities and (B) adequate to its financial needs as prescribed in Section 1215.5, and (2) the commissioner has given approval for the dividend prior to payment.

(d) For purposes of this section, "earned surplus" means unassigned funds, as required to be reported on the insurer's annual

statement.

SEC. 6. Chapter 6.5 (commencing with Section 10550) is added to Part 2 of Division 2 of the Insurance Code, to read:

CHAPTER 6.5. RISK-BASED CAPITAL FOR LIFE INSURERS

10550. As used in this chapter, these terms shall have the following meanings:

(a) "Adjusted RBC Report" means a Risk-Based Capital (RBC) report that has been adjusted by the commissioner in accordance with subdivision (c) of Section 10552.

(b) "Corrective Order" means an order issued by the commissioner specifying corrective actions that the commissioner has determined are required.

(c) "Domestic insurer" means any life insurer organized in this state.

(d) "Foreign insurer" means any life insurer that is licensed to do business in this state but is not domiciled in this state.

(e) "NAIC" means the National Association of Insurance Commissioners.

(f) "Negative Trend" means a negative trend over a period of time, as determined in accordance with the "Trend Test Calculation" included in the RBC Instructions defined in subdivision (g).

(g) "RBC Instructions" means the RBC Report including risk-based capital instructions adopted by the NAIC, as such RBC Instructions may be amended by the NAIC from time to time in accordance with the procedures adopted by the NAIC.

(h) "RBC Level" means an insurer's Company Action Level RBC, Regulatory Action Level RBC, Authorized Control Level RBC, or Mandatory Control Level RBC where:

(1) "Company Action Level RBC" means, with respect to any insurer, the product of 2.0 and its Authorized Control Level RBC.

(2) "Regulatory Action Level RBC" means the product of 1.5 and its Authorized Control Level RBC.

(3) "Authorized Control Level RBC" means the number determined under the risk-based capital formula in accordance with the RBC Instructions.

(4) "Mandatory Control Level RBC" means the product of .70 and the Authorized Control Level RBC.

(i) "RBC Plan" means a comprehensive financial plan containing the elements specified in subdivision (b) of Section 10553. If the commissioner rejects the RBC Plan, and it is revised by the insurer, with or without the commissioner's recommendation, the plan shall be called the "Revised RBC Plan."

(j) "RBC Report" means the report required in Section 10552.

(k) "Total Adjusted Capital" means the sum of:

(1) An insurer's statutory capital and surplus.

(2) Such other items, if any, as the RBC Instructions may provide.

10552. (a) Every domestic insurer shall, on or prior to each March 15 (the "filing date"), prepare and submit to the commissioner a report of its RBC Levels as of the end of the calendar year just ended, in a form and containing such information as is required by the RBC Instructions. In addition, every domestic insurer shall file its RBC Report:

(1) With the NAIC in accordance with the RBC Instructions.

(2) With the insurance commissioner in any state in which the insurer is authorized to do business, if the insurance commissioner has notified the insurer of its request in writing, in which case the insurer shall file its RBC Report not later than the later of:

(A) Fifteen days from the receipt of notice to file its RBC Report with that state.

(B) The filing date.

(b) An insurer's RBC shall be determined in accordance with the formula set forth in the RBC Instructions. The formula shall take into account, and may adjust for the covariance between, the following:

(1) The risk with respect to the insurer's assets.

(2) The risk of adverse insurance experience with respect to the insurer's liabilities and obligations.

(3) The interest rate risk with respect to the insurer's business.

(4) All other business risks and such other relevant risks as are set forth in the RBC Instructions.

In each case, these shall be determined by applying the factors in the manner set forth in the RBC Instructions.

(c) If a domestic insurer files an RBC Report that in the judgment of the commissioner is inaccurate, then the commissioner shall adjust the RBC Report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. An RBC Report as so adjusted is referred to as an Adjusted RBC Report.

10553. (a) "Company Action Level Event" means any of the following events:

(1) The filing of an RBC Report by an insurer that indicates either of the following:

(A) The insurer's Total Adjusted Capital is greater than or equal to its Regulatory Action Level RBC but less than its Company Action Level RBC.

(B) The insurer has Total Adjusted Capital that is greater than or equal to its Company Action Level RBC but less than the product of its Authorized Control Level RBC and 2.5 and has a negative trend.

(2) The notification by the commissioner to the insurer of an Adjusted RBC Report that indicates the event in subparagraph (A) or (B) of paragraph (1), provided the insurer does not challenge the Adjusted RBC Report under Section 10557.

(3) If the insurer challenges an Adjusted RBC Report that indicates the event in subparagraph (A) or (B) of paragraph (1) under Section 10557, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the

insurer's challenge.

(b) In the event of a Company Action Level Event, the insurer shall prepare and submit to the commissioner a comprehensive financial plan which shall do all of the following:

(1) Identify the conditions in the insurer that contribute to the Company Action Level Event.

(2) Contain proposals of corrective actions that the insurer intends to take and would be expected to result in the elimination of the Company Action Level Event.

(3) Provide projections of the insurer's financial results in the current year and at least the four succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory operating income, net income, capital, or surplus, or a combination. The projections for both new and renewal business may include separate projections for each major line of business and separately identify each significant income, expense, and benefit component.

(4) Identify the key assumptions impacting the insurer's projections and the sensitivity of the projections to the assumptions.

(5) Identify the quality of, and problems associated with, the insurer's business, including, but not limited to, its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance in each case, if any.

(c) The RBC Plan shall be submitted as follows:

(1) Within 45 days of the Company Action Level Event.

(2) If the insurer challenges an Adjusted RBC Report pursuant to Section 10557, within 45 days after notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(d) Within 60 days after the submission by an insurer of an RBC Plan to the commissioner, the commissioner shall notify the insurer whether the RBC Plan shall be implemented or is, in the judgment of the commissioner, unsatisfactory. If the commissioner determines the RBC Plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions that will render the RBC Plan satisfactory, in the judgment of the commissioner. Upon notification from the commissioner, the insurer shall prepare a Revised RBC Plan, which may incorporate by reference any revisions proposed by the commissioner, and shall submit the Revised RBC Plan to the commissioner as follows:

(1) Within 45 days after the notification from the commissioner.

(2) If the insurer challenges the notification from the commissioner under Section 10557, within 45 days after a notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(e) In the event of a notification by the commissioner to an insurer that the insurer's RBC Plan or Revised RBC Plan is unsatisfactory, the commissioner may at the commissioner's discretion, subject to the insurer's right to a hearing under Section

10557, specify in the notification that the notification constitutes a Regulatory Action Level Event.

(f) Every domestic insurer that files an RBC Plan or Revised RBC Plan with the commissioner shall file a copy of the RBC Plan or Revised RBC Plan with the insurance commissioner in any state in which the insurer is authorized to do business if the following apply:

(1) That state has an RBC provision substantially similar to subdivision (a) of Section 10555.

(2) The insurance commissioner of that state has notified the insurer of its request for the filing in writing, in which case the insurer shall file a copy of the RBC Plan or Revised RBC Plan in that state no later than the later of:

(A) Fifteen days after the receipt of notice to file a copy of its RBC Plan or Revised RBC Plan with the state.

(B) The date on which the RBC Plan or Revised RBC Plan is filed under subdivision (c) of Section 10557.

10554. (a) "Regulatory Action Level Event" means, with respect to any insurer, any of the following events:

(1) The filing of an RBC Report by the insurer that indicates that the insurer's Total Adjusted Capital is greater than or equal to its Authorized Control Level RBC but less than its Regulatory Action Level RBC.

(2) The notification by the commissioner to an insurer of an Adjusted RBC Report that indicates the event in paragraph (1), provided the insurer does not challenge the Adjusted RBC Report under Section 10557.

(3) If the insurer challenges an Adjusted RBC Report that indicates the event in paragraph (1) under Section 10557, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(4) The failure of the insurer to file an RBC Report by the filing date, unless the insurer has provided an explanation for such failure that is satisfactory to the commissioner and has cured the failure within 10 days after the filing date.

(5) The failure of the insurer to submit an RBC Plan to the commissioner within the time period set forth in subdivision (c) of Section 10553.

(6) Notification by the commissioner to the insurer of the following:

(A) The RBC Plan or revised RBC Plan submitted by the insurer is, in the judgment of the commissioner, unsatisfactory.

(B) That notification constitutes a Regulatory Action Level Event with respect to the insurer, provided the insurer has not challenged the determination under Section 10557.

(7) If the insurer challenges a determination by the commissioner under paragraph (6) pursuant to Section 10557, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected such challenge.

(8) Notification by the commissioner to the insurer that the

insurer has failed to adhere to its RBC Plan or Revised RBC Plan, but only if such failure has a substantial adverse effect on the ability of the insurer to eliminate the Regulatory Action Level Event in accordance with its RBC Plan or Revised RBC Plan and the commissioner has so stated in the notification, provided the insurer has not challenged the determination under Section 10557.

(9) If the insurer challenges a determination by the commissioner under paragraph (8) pursuant to Section 10557, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the challenge, unless the failure of the insurer to adhere to its RBC Plan or Revised RBC Plan has no substantial adverse effect on the ability of the insurer to eliminate the Regulatory Action Level Event with respect to the insurer.

(b) In the event of a Regulatory Action Level Event the commissioner shall do all of the following:

(1) Require the insurer to prepare and submit an RBC Plan or, if applicable, a Revised RBC Plan.

(2) Perform such examination or analysis as the commissioner deems necessary of the assets, liabilities, and operations of the insurer, including a review of its RBC Plan or Revised RBC Plan.

(3) Subsequent to the examination or analysis, issue a corrective order specifying such corrective actions as the commissioner shall determine are required.

(c) In determining corrective actions, the commissioner may take into account such factors as are deemed relevant with respect to the insurer based upon the commissioner's examination or analysis of the assets, liabilities, and operations of the insurer, including, but not limited to, the results of any sensitivity tests undertaken pursuant to the RBC Instructions. The RBC Plan or Revised RBC Plan shall be submitted as follows:

(1) Within 45 days after the occurrence of the Regulatory Action Level Event.

(2) If the insurer challenges an Adjusted RBC Report pursuant to Section 10557 and the challenge is not in the judgment of the commissioner frivolous, within 45 days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(3) If the insurer challenges a Revised RBC Plan under Section 10557, within 45 days after notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(d) The commissioner may retain actuaries and investment experts and other consultants as may be necessary in the judgment of the commissioner to review the insurer's RBC Plan or Revised RBC Plan, examine or analyze the assets, liabilities, and operations of the insurer and formulate the Corrective Order with respect to the insurer. The fees, costs, and expenses relating to consultants shall be borne by the affected insurer or such other party as directed by the commissioner.

10555. (a) "Authorized Control Level Event" means any of the

following events:

(1) The filing of an RBC Report by the insurer that indicates that the insurer's Total Adjusted Capital is greater than or equal to its Mandatory Control Level RBC but less than its Authorized Control Level RBC.

(2) The notification by the commissioner to the insurer of an Adjusted RBC Report that indicates the event in paragraph (1), provided the insurer does not challenge the Adjusted RBC Report under Section 10557.

(3) If the insurer challenges an Adjusted RBC Report that indicates the event in paragraph (1) under Section 10557, notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(4) The failure of the insurer to respond, in a manner satisfactory to the commissioner, to a Corrective Order, provided the insurer has not challenged the Corrective Order under Section 10557.

(5) If the insurer has challenged a Corrective Order under Section 10557 and the commissioner has, after a hearing, rejected the challenge or modified the Corrective Order, the failure of the insurer to respond, in a manner satisfactory to the commissioner, to the Corrective Order subsequent to rejection or modification by the commissioner.

(b) In the event of an Authorized Control Level Event with respect to an insurer, the commissioner shall do the following:

(1) Take such actions as are required under Section 10557 regarding an insurer with respect to which a Regulatory Action Level Event has occurred.

(2) If the commissioner deems it to be in the best interests of the policyholders and creditors of the insurer and of the public, take such actions as are necessary to cause the insurer to be placed under regulatory control under Article 14 (commencing with Section 1010), Article 14.3 (commencing with Section 1064.1), Article 14.5 (commencing with Section 1065.1), and Article 15.5 (commencing with Section 1077). In the event the commissioner takes such actions, the Authorized Control Level Event shall be deemed sufficient grounds for the commissioner to take that action, and the commissioner shall have the rights, powers, and duties with respect to the insurer as are set forth in those provisions. In the event the commissioner takes actions under this paragraph pursuant to an Adjusted RBC Report, the insurer shall be entitled to such protections as are afforded to insurers under the provisions pertaining to summary proceedings.

10556. (a) "Mandatory Control Level Event" means any of the following events:

(1) The filing of an RBC Report that indicates that the insurer's Total Adjusted Capital is less than its Mandatory Control Level RBC.

(2) Notification by the commissioner to the insurer of an Adjusted RBC Report that indicates the event in paragraph (1), provided the insurer does not challenge the Adjusted RBC Report under Section

10557.

(3) If the insurer challenges an Adjusted RBC Report that indicates the event in paragraph (1) under Section 10557, notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(b) In the event of a Mandatory Control Level Event, the commissioner shall take actions as are necessary to cause the insurer to be placed under regulatory control under Article 14 (commencing with Section 1010), Article 14.3 (commencing with Section 1064.1), Article 14.5 (commencing with Section 1065.1), and Article 15.5 (commencing with Section 1077). In that event, the Mandatory Control Level Event shall be deemed sufficient grounds for the commissioner to take action under those acts, and the commissioner shall have the rights, powers, and duties with respect to the insurer as are set forth therein. In the event the commissioner takes actions pursuant to an Adjusted RBC Report, the insurer shall be entitled to such protections as are afforded to insurers under those provisions. Notwithstanding any of the foregoing, the commissioner may forego action for up to 90 days after the Mandatory Control Level Event if he or she finds there is a reasonable expectation that the Mandatory Control Level Event may be eliminated within the 90-day period.

10557. Upon any of the events described in subdivision (a), (b), (c), or (d), the insurer shall have the right to a departmental hearing, on the record, at which the insurer may challenge any determination or action by the commissioner. The insurer shall notify the commissioner of its request for a hearing within five days after the notification by the commissioner under subdivision (a), (b), (c), or (d). Upon receipt of the insurer's request for a hearing, the commissioner shall set a date for the hearing, which date shall be no less than 10 nor more than 30 days after the date of the insurer's request.

(a) Notification to an insurer by the commissioner of an Adjusted RBC Report.

(b) Notification to an insurer by the commissioner that:

(1) The insurer's RBC Plan or Revised RBC Plan is unsatisfactory.

(2) Such notification constitutes a Regulatory Action Level Event with respect to such insurer.

(c) Notification to any insurer by the commissioner that the insurer has failed to adhere to its RBC Plan or Revised RBC Plan and that such failure has a substantial adverse effect on the ability of the insurer to eliminate the Company Action Level Event with respect to the insurer in accordance with its RBC Plan or Revised RBC Plan.

(d) Notification to an insurer by the commissioner of a Corrective Order with respect to the insurer.

10558. (a) All RBC Reports, to the extent the information therein is not required to be set forth in a publicly available annual statement schedule, and RBC Plans, including the results or report of any examination or analysis of an insurer performed pursuant hereto, and any Corrective Order issued by the commissioner

pursuant to examination or analysis, with respect to any domestic insurer or foreign insurer, that are filed with the commissioner constitute information that might be damaging to the insurer if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information shall not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner pursuant to this chapter or any other provision of the insurance laws of this state.

(b) It is the judgment of the Legislature that the comparison of an insurer's Total Adjusted Capital to any of its RBC Levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not intended as a means to rank insurers generally. Therefore, except as otherwise required under the provisions of this chapter, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the RBC Levels of any insurer, or of any component derived in the calculation, by any insurer, agent, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited; provided, however, that if any materially false statement with respect to the comparison regarding an insurer's Total Adjusted Capital to its RBC Levels (or any of them) or an inappropriate comparison of any other amount to the insurers' RBC Levels is published in any written publication and the insurer is able to demonstrate to the commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

10559. The provisions of this chapter are supplemental to any other provisions of the laws of this state, and shall not preclude or limit any other powers or duties of the commissioner under such laws.

10560. (a) Any foreign insurer shall, upon the written request of the commissioner, submit to the commissioner an RBC Report as of the end of the calendar year just ended the later of:

(1) The date an RBC Report would be required to be filed by a domestic insurer under this chapter.

(2) Fifteen days after the request is received by the foreign insurer.

Any foreign insurer shall, at the written request of the commissioner, promptly submit to the commissioner a copy of any RBC Plan that is filed with the insurance commissioner of any other

state.

(b) In the event of a Company Action Level Event or Regulatory Action Level Event with respect to any foreign insurer as determined under the RBC statute applicable in the state of domicile of the insurer, or, if no RBC provision is in force in that state, under the provisions of this chapter, if the insurance commissioner of the state of domicile of the foreign insurer fails to require the foreign insurer to file an RBC Plan in the manner specified under the RBC statute, or, if no RBC provision is in force in the state, under Section 10553, the commissioner may require the foreign insurer to file an RBC Plan with the commissioner. In such event, the failure of the foreign insurer to file an RBC Plan with the commissioner shall be grounds to order the insurer to cease and desist from writing new insurance business in this state.

(c) In the event of a Mandatory Control Level Event with respect to any foreign insurer, if no domiciliary receiver has been appointed with respect to the foreign insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign insurer, the commissioner may make application to the superior with respect to the liquidation of property of foreign insurers found in this state, and the occurrence of the Mandatory Control Level Event shall be considered adequate grounds for the application.

10561. If any provision of this chapter, or the application thereof to any person or circumstance, is held invalid, such determination shall not affect the provisions or applications of this chapter that can be given effect without the invalid provision or application, and to that end the provisions of this chapter are severable.

10562. All notices by the commissioner to an insurer that may result in regulatory action hereunder shall be effective upon dispatch if transmitted by registered or certified mail, or in the case of any other transmission shall be effective upon the insurer's receipt of such notice.

10563. For RBC Reports required to be filed with respect to 1993, the following requirements shall apply in lieu of the provisions of Section 10553:

(a) In the event of a Company Action Level Event with respect to a domestic insurer, the commissioner shall take no regulatory action hereunder.

(b) In the event of an Regulatory Action Level Event under paragraph (1), (2), or (3) of subdivision (a) of Section 10554, the commissioner shall take the actions required under Section 10553.

(c) In the event of an Regulatory Action Level Event under paragraph (4), (5), (6), (7), (8), or (9) of subdivision (a) of Section 10554 or an Authorized Control Level Event, the commissioner shall take the actions required under Section 10554 with respect to the insurer.

(d) In the event of a Mandatory Control Level Event with respect to an insurer, the commissioner shall take the actions required under Section 10555 with respect to the insurer.

SEC. 7. Section 12380 of the Insurance Code is amended to read:

12380. Unless the provision or context otherwise requires, the following definitions govern the construction of this article:

(a) "Total charges for policies of title insurance" means (i) the total of fees and charges as shown on policies, as required by Section 12412, less any amount paid for coinsurance of such policy to any coinsuring title insurer and (ii) the total sum charged by any coinsuring title insurer for acting as a coinsurer in respect to any policy of title insurance.

(b) "Ceding company" means a title insurer which shall have purchased a policy or contract of reinsurance from a reinsuring company.

(c) "Reinsuring company" means a title insurer which shall have sold a policy or contract of reinsurance to a ceding company.

(d) "Unearned premium reserve" means that reserve that is generally known as the statutory premium reserve.

SEC. 8. Section 12382.2 of the Insurance Code is amended to read:

12382.2. (a) Out of total charges for policies of title insurance, a title insurer shall add to and set aside in its unearned premium reserve commencing as of January 1, 1965, an amount equal to 2 percent of those total charges for policies of title insurance, which amount shall be deemed and shall constitute the unearned premiums due or received from all such policies or contracts. Except as otherwise provided in Section 12382.6, if any policy of title insurance shall be reinsured, the reinsuring company shall be required to set aside in its unearned premium reserve only that portion, if any, of that 2 percent as shall have not theretofore been set aside by the ceding company. This subdivision shall apply to policies issued and reinsured prior to January 1, 1988.

(b) Out of total charges for policies of title insurance, a title insurer shall add to and set aside in its unearned premium reserve, an amount equal to 2½ percent of those total charges for policies of title insurance, which amount shall be deemed and shall constitute the unearned premiums due or received from all such policies or contracts. Except as otherwise provided in Section 12382.6, if any policy of title insurance shall be reinsured, the reinsurer shall be required to set aside in its unearned premium reserve only that portion, if any, of the 2½ percent as shall have not theretofore been set aside by the ceding company. This subdivision shall apply to policies issued and reinsured on and after January 1, 1988, and prior to January 1, 1994.

(c) Commencing January 1, 1994, a title insurer shall add to and set aside in its unearned premium reserve an amount equal to 4½ percent of the sum of the following items, for all jurisdictions where the title insurer operates, set forth in the title insurer's annual statement filed in this state:

(1) "Direct premiums written" as set forth in Schedule T.

(2) "Other income" as set forth in Schedule T.

(3) "Premiums written during year - reinsurance assumed" less "Premiums for reinsurance ceded during year."

(d) The insurer shall calculate an adjusted unearned premium reserve as of December 31, 1993. The adjusted unearned premium reserve shall be calculated as if subdivision (c) of this section and subdivision (c) of Section 12382.5 had been in effect for all years beginning on or after January 1, 1974. For purposes of this calculation, the balance of the unearned premium reserve as of December 31, 1973, shall be deemed to be zero. If the adjusted unearned premium reserve so calculated exceeds the aggregate amount set aside for unearned premiums in the insurer's December 31, 1993, Annual Statement (Form 9), the insurer shall increase its unearned premium reserve by an amount that is not less than one-sixth of that excess in each of the succeeding six years, commencing no later than the year beginning January 1, 1994, until the entire excess has been added.

SEC. 9. Section 12382.5 of the Insurance Code is amended to read:

12382.5. (a) The aggregate of the amounts set aside in unearned premium reserve in any calendar year pursuant to subdivision (a) of Section 12382.2 shall be released from that reserve and restored to net profits pursuant to the following formula: one-tenth of that aggregate sum on July 1 of each of the five years next succeeding the year of addition to the reserve and one-thirtieth of that aggregate sum on July 1 of each succeeding year thereafter until the entire sum shall have been so released and restored to net profits. The aggregate of the amounts set aside in unearned premium reserve pursuant to subdivision (a) of Section 12382 shall be released from the reserve and restored to net profits and surplus pursuant to the foregoing formula, provided that the amounts so set aside shall be treated as if subdivision (a) of Section 12382 and this section had been effective during the calendar years 1962, 1963, and 1964.

(b) The aggregate of the amounts set aside in unearned premium reserve in any calendar year pursuant to subdivision (b) of Section 12382.2 shall be released from the reserve and restored to net profits pursuant to the following formula: one-tenth of the aggregate sum on July 1 of each of the 10 years next succeeding the year of addition to the reserve until the entire sum shall have been so released and restored to net profits.

(c) The aggregate of the amounts set aside in unearned premium reserve in any calendar year pursuant to subdivision (c) of Section 12382.2 shall be released from the reserve and restored to net profits over a period of 20 years pursuant to the following formula: 10 percent of the aggregate sum on July 1 of each of the five years next succeeding the year of addition; 9 percent of the aggregate sum on July 1 of each of the next succeeding five years; and one-half of 1 percent of the aggregate sum on July 1 of each of the last 10 years.

(d) The aggregate of the amounts set aside in unearned premium reserve in any calendar year as adjustments to the insurer's unearned

premium reserve pursuant to subdivision (d) of Section 12382.2 shall be released from the reserve and restored to net profits, or equity if the additions required by subdivision (d) of Section 12382.2 reduced equity directly, over a period not exceeding 10 years pursuant to the following table:

Year of addition	Release
1994	Equally over 10 years
1995	Equally over 9 years
1996	Equally over 8 years
1997	Equally over 7 years
1998	Equally over 6 years
1999	Equally over 5 years

SEC. 10. Section 12465 of the Insurance Code is repealed.

SEC. 11. Section 1.71 of this bill incorporates changes to Section 1067.02 of the Insurance Code proposed by both this bill and SB 435. It shall become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) SB 435 amends Section 1067.02 of the Insurance Code and this bill repeals and adds Section 1067.02 of the Insurance Code, and (3) this bill is enacted after SB 435, in which case Section 1067.02 of the Insurance Code, as amended by Section 1.71 shall supersede Section 1067.02 as added by Section 1.7.

SEC. 9. Section 1.72 of this bill incorporates changes to Section 1067.04 of the Insurance Code proposed by both this bill and SB 435. It shall become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) SB 435 amends Section 1067.04 of the Insurance Code and this bill repeals and adds Section 1067.04 of the Insurance Code, and (3) this bill is enacted after SB 435, in which case Section 1067.04 of the Insurance Code, as amended by Section 1.72 shall supersede Section 1067.04 as added by Section 1.7.

CHAPTER 975

An act to amend Sections 1067.02, 1067.04, and 1067.18 of the Insurance Code, relating to insurance.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1067.02 of the Insurance Code is amended to read:

1067.02. (a) This article shall provide coverage for the policies and contracts specified in subdivision (b) to the following:

(1) Persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees of the persons covered under paragraph (2).

(2) To persons who are owners of or certificate holders under those policies or contracts, and who either:

(A) Are residents of this state.

(B) Are not residents, but only under all of the following conditions:

(i) The insurers that issued the policies or contracts are domiciled in this state.

(ii) The insurers never held a license or certificate of authority in the states in which the persons reside.

(iii) The states in which the persons reside have associations similar to the association created by this article.

(iv) The persons are not eligible for coverage by those associations.

(b) (1) This article shall provide coverage to the persons specified in subdivision (a) for direct, nongroup life, annuity, and supplemental policies or contracts and for certificates under direct group policies and contracts, except as limited by this article. Annuity contracts and certificates under group annuity contracts include, but are not limited to, structured settlement agreements, allocated annuity contracts, any immediate or deferred annuity contracts, and unallocated annuity contracts except those expressly excluded pursuant to subparagraph (D) of paragraph (2) of this subdivision.

(2) This article shall not provide coverage for any of the following:

(A) Any portion of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policyholder or contractholder.

(B) Any policy or contract of reinsurance, unless assumption certificates have been issued.

(C) Any portion of a policy or contract to the extent that the rate of interest on which it is based exceeds either or both of the following:

(i) The extent to which the rate of interest, averaged over the period of four years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the association became obligated.

(ii) The extent to which the rate of interest, on and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average as most recently available, not to go below a minimum of three percentage points.

(D) Guaranteed investment contracts, guaranteed interest contracts, funding agreements, deposit administration contracts, and all other unallocated annuity contracts; provided however, coverage may be provided for unallocated annuity contracts sold by an insurer as to which an order of liquidation, which contained a finding of insolvency and which later became final, was entered by a court of competent jurisdiction in the state of its domicile, after December 20, 1991, but prior to December 20, 1992, and sold to an employer prior to December 20, 1992, for purposes of providing the employees of the employer with deferred compensation or pension benefits and (i) the individual employees have an option to participate or not participate in the contract, and (ii) the individual employee contributes from his or her wages some portion of the funds paid into the plan provided by the contract.

(E) Any plan or program of an employer, association, or similar entity to provide life or annuity benefits to its employees or members to the extent that the plan or program is self-funded or uninsured, including, but not limited to, benefits payable by an employer, association, or similar entity under any of the following:

(i) A multiple employer welfare arrangement as defined in Section 514 of the Employee Retirement Income Security Act of 1974, as amended.

(ii) A minimum premium group insurance plan.

(iii) A stop-loss group insurance plan.

(iv) An administrative services only contract.

(F) Any portion of a policy or contract to the extent that it provides dividends or experience rating credits, or provides that any fees or allowances be paid to any person, including the policyholder or contractholder, in connection with the service to or administration of the policy or contract.

(G) Any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state.

(H) Any annuity issued by a charitable organization that is duly qualified as such under applicable provisions of the Internal Revenue Code.

(c) The benefits for which the association may become liable shall in no event exceed the lesser of the following:

(1) Eighty percent of the contractual obligations, as modified pursuant to subparagraph (C) of paragraph (2) of subdivision (b), the 80 percent of the contractual obligations measured on the basis of any one life, each individual participant, or any one owner in accordance with the provisions of subparagraphs (A), (B), and (C) of paragraph (2), for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer.

(2) (A) With respect to any one life, regardless of the number of policies or contracts:

(i) Two hundred fifty thousand dollars ($250,000) in life insurance death benefits, but not more than one hundred thousand dollars

($100,000) in net cash surrender and net cash withdrawal values for life insurance.

(ii) One hundred thousand dollars ($100,000) in the present value of annuity benefits, including net cash surrender and net cash withdrawal values.

(B) However, in no event shall the association be liable to expend more than two hundred fifty thousand dollars ($250,000) in the aggregate with respect to any one individual under subparagraph (A).

(C) With respect to any one owner of those policies or contracts, whether the policyowner is an individual, firm, corporation, or other legal entity, five million dollars ($5,000,000) in benefits, irrespective of the number of the policies and contracts held by the owner.

(d) No unallocated annuity contract that is not covered by the association may be offered to an employer after January 1, 1994, unless prior to being offered to the employer, or the participation by the employee, the insurer or agent has disclosed to the employer and employee in writing in a conspicuous manner that the contract is not covered by the association.

SEC. 1.5. Section 1067.02 of the Insurance Code, as added by Section 1.7 of Senate Bill 482, is amended to read:

1067.02. (a) This article shall provide coverage for the policies and contracts specified in subdivision (b) to all of the following:

(1) To persons who, regardless of where they reside (except for nonresident certificate holders under group policies or contracts), are the beneficiaries, assignees, or payees of the persons covered under paragraph (2).

(2) To persons who are owners of or certificate holders under those policies or contracts, and who either:

(A) Are residents of this state.

(B) Are not residents, but only under all of the following conditions:

(i) The insurers that issued the policies or contracts are domiciled in this state.

(ii) The insurers never held a license or certificate of authority in the states in which the persons reside.

(iii) The states in which the persons reside have associations similar to the association created by this article.

(iv) The persons are not eligible for coverage by those associations.

(b) (1) This article shall provide coverage to the persons specified in subdivision (a) for direct, nongroup life, health, annuity, and supplemental policies or contracts and for certificates under direct group life, health, annuity, and supplemental policies and contracts, except as limited by this article. Annuity contracts and certificates under group annuity contracts include, but are not limited to, structured settlement agreements, allocated annuity contracts, and any immediate or deferred annuity contracts, and unallocated annuity contracts except those expressly excluded

pursuant to subparagraph (D) of paragraph (2) of this subdivision.

(2) This article shall not provide coverage for any of the following:

(A) Any portion of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policyholder or contractholder.

(B) Any policy or contract of reinsurance, unless assumption certificates have been issued.

(C) Any portion of a policy or contract to the extent that the rate of interest on which it is based exceeds either or both of the following:

(i) The extent to which the rate of interest, averaged over the period of four years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the association became obligated, not to go below a minimum of 0 percent.

(ii) The extent to which the rate of interest, on and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting six percentage points from Moody's Corporate Bond Yield Average as most recently available, not to go below a minimum of 3 percent.

(D) Guaranteed investment contracts, guaranteed interest contracts, funding agreements, deposit administration contracts, and all other unallocated annuity contracts; provided however, coverage may be provided for unallocated annuity contracts sold by an insurer as to which an order of liquidation, which contained a finding of insolvency and which later became final, was entered by a court of competent jurisdiction in the state of its domicile, after December 20, 1991, but prior to December 20, 1992, and sold to an employer prior to December 20, 1992, for purposes of providing the employees of the employer with deferred compensation or pension benefits and (i) the individual employees have an option to participate or not participate in the contract, and (ii) the individual employee contributes from his or her wages some portion of the funds paid into the plan provided by the contract.

(E) Any plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees or members to the extent that the plan or program is self-funded or uninsured, including, but not limited to, benefits payable by an employer, association, or similar entity under any of the following:

(i) A multiple employer welfare arrangement as defined in Section 514 of the federal Employee Retirement Income Security Act of 1974, as amended.

(ii) A minimum premium group insurance plan.

(iii) A stop-loss group insurance plan.

(iv) An administrative services only contract.

(F) Any portion of a policy or contract to the extent that it provides dividends or experience rating credits, or provides that any fees or allowances be paid to any person, including the policyholder or contractholder, in connection with the service to or administration of the policy or contract.

(G) Any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state.

(H) Any annuity issued by a charitable organization that is duly qualified as such under applicable provisions of the Internal Revenue Code, and that is not engaged in the business of insurance as its primary business.

(c) The benefits for which the association may become liable for life insurance and annuity policies shall in no event exceed the lesser of the following:

(1) Eighty percent of the contractual obligations for each policy or contract as modified pursuant to subparagraph (C) of paragraph (2) of subdivision (b), for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer.

(2) (A) With respect to any one life, regardless of the number of policies or contracts:

(i) Two hundred fifty thousand dollars ($250,000) in life insurance death benefits, but not more than one hundred thousand dollars ($100,000) in net cash surrender and net cash withdrawal values for life insurance.

(ii) One hundred thousand dollars ($100,000) in the present value of annuity benefits, including net cash surrender and net cash withdrawal values.

(B) However, in no event shall the association be liable to expend more than two hundred fifty thousand dollars ($250,000) in the aggregate with respect to any one individual under subparagraph (A).

(C) With respect to any one owner of multiple policies of individual life insurance, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, five million dollars ($5,000,000) in benefits regardless of the number of the policies and contracts held by the owner.

(d) The health insurance benefits for which the association may become liable shall in no event exceed the lesser of the following:

(1) The contractual obligations for which the insurer is liable or for which the insurer would have been liable if it were not an impaired or insolvent insurer.

(2) Two hundred thousand dollars ($200,000) in health insurance benefits; an amount that shall annually increase or decrease based upon the health care cost component of the consumer price index.

(e) No unallocated annuity contract that is not covered by the association may be offered to an employer after January 1, 1994,

unless prior to being offered to the employer, or the participation by the employee, the insurer or agent has disclosed to the employer and employee in writing in a conspicuous manner that the contract is not covered by the association.

SEC. 2. Section 1067.04 of the Insurance Code is amended to read:

1067.04. As used in this article:

(a) "Account" means either of the two accounts created under Section 1067.05.

(b) "Association" means the California Life Insurance Guaranty Association created under Section 1067.05.

(c) "Commissioner" means the Insurance Commissioner.

(d) "Contractual obligation" means any obligation under a policy or contract or certificate under a group policy or contract, or portion thereof for which coverage is provided under Section 1067.02.

(e) "Covered policy" means any policy or contract within the scope of this article under Section 1067.02.

(f) "Impaired insurer" means a member insurer which, after the effective date of this article, is not an insolvent insurer, and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

(g) "Insolvent insurer" means a member insurer which, after the effective date of this article, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(h) "Member insurer" means any insurer licensed or which holds a certificate of authority to transact in this state any kind of insurance for which coverage is provided under Section 1067.02 and includes any insurer whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn, but does not include any of the following:

(1) A fraternal benefit society.

(2) A mandatory state pooling plan.

(3) A mutual assessment company or any entity that operates on an assessment basis.

(4) An insurance exchange.

(5) A grants and annuities society holding a certificate of authority under Section 11520.

(6) Any entity similar to any of the above.

(i) "Moody's Corporate Bond Yield Average" means the Monthly Average Corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(j) "Person" means any individual, corporation, partnership, association, or voluntary organization.

(k) "Premiums" means amounts received on covered policies or contracts less premiums, considerations and deposits returned thereon, and less dividends and experience credits thereon. "Premiums" does not include any amounts received for any policies or contracts or for the portions of any policies or contracts for which

coverage is not provided under subdivision (b) of Section 1067.02 except that assessable premium shall not be reduced on account of paragraph (2) of subdivision (c) of Section 1067.02 relating to limitations with respect to any one individual, any one participant, and any one contractholder; provided that "premiums" shall not include any premiums in excess of five million dollars ($5,000,000) with respect to policies and contracts issued to any one owner, whether the policy owner is an individual, firm, corporation, or other legal entity, irrespective of the number of policies and contracts held by the owner.

(*l*) "Resident" means any person who resides in this state at the time a member insurer is determined to be an impaired or insolvent insurer and to whom a contractual obligation is owed. A person may be a resident of only one state, which in the case of a person other than a natural person shall be its principal place of business.

(m) "Supplemental contract" means any agreement entered into for the distribution of policy or contract proceeds.

(n) "Unallocated annuity contract" means any annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under that contract or certificate, and except to the extent allowed in subparagraph (D) of paragraph (2) of subdivision (b) of Section 1067.02.

SEC. 2.5. Section 1067.04 of the Insurance Code, as added by Section 1.7 of Senate Bill 482, is amended to read:

1067.04. As used in this article:

(a) "Account" means any of the three accounts created under Section 1067.05.

(b) "Association" means the California Life and Health Insurance Guarantee Association created pursuant to Section 1067.05.

(c) "Commissioner" means the Insurance Commissioner.

(d) "Contractual obligation" means any obligation under a policy or contract, or certificate under a group policy or contract, or portion thereof, for which coverage is provided under Section 1067.02.

(e) "Covered policy" means any policy or contract within the scope of this article under Section 1067.02.

(f) "Impaired insurer" means a member insurer which, after the effective date of this article, is not an insolvent insurer, and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

(g) "Health insurance" means the class of insurance described as disability insurance in Section 106.

(h) "Insolvent insurer" means a member insurer which, after the effective date of this article, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(i) "Member insurer" means any insurer licensed or which holds a certificate of authority to transact in this state any kind of insurance for which coverage is provided under Section 1067.02 and includes

any insurer whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn, but does not include any of the following:

(1) A fraternal benefit society.

(2) A mandatory state pooling plan.

(3) A mutual assessment company or any entity that operates on an assessment basis.

(4) An insurance exchange.

(5) A nonprofit hospital service plan.

(6) A health care service plan.

(7) A grants and annuities society holding a certificate of authority under Section 11520.

(8) Any entity similar to any of the above.

(j) "Moody's Corporate Bond Yield Average" means the Monthly Average Corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(k) "Person" means any individual, corporation, partnership, association, or voluntary organization.

(*l*) "Premiums" means amounts received on covered policies or contracts less premiums, considerations, and deposits returned thereon, and less dividends and experience credits thereon. "Premiums" does not include any amounts received for any policies or contracts or for the portions of any policies or contracts for which coverage is not provided under subdivision (b) of Section 1067.02 except that assessable premium shall not be reduced on account of paragraph (2) of subdivision (c) of Section 1067.02 relating to limitations with respect to any one individual, any one participant, and any one contractholder; provided that "premiums" shall not include any premiums in excess of five million dollars ($5,000,000) with respect to multiple policies of individual life insurance issued to any one owner, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, regardless of the number of policies held by the owner.

(m) "Resident" means any person who resides in this state at the time a member insurer is determined to be an impaired or insolvent insurer and to whom a contractual obligation is owed. A person may be a resident of only one state, which in the case of a person other than a natural person shall be its principal place of business.

(n) "Supplemental contract" means any agreement entered into for the distribution of policy or contract proceeds.

(o) "Unallocated annuity contract" means any annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under that contract or certificate, and except to the extent allowed in subparagraph (D) of paragraph (2) of subdivision (b) of Section 1067.02.

SEC. 3. Section 1067.18 of the Insurance Code is amended to

read:

1067.18. This article shall not apply to any insurer that was declared to be insolvent or impaired, or as to which delinquency proceedings had been commenced, on or before October 1, 1990.

SEC. 4. The amendments to Sections 1067.02 and 1067.04 of the Insurance Code shall apply to any contract which was in force at the time of, and issued by, an insurer which was not subject to conservation or liquidation proceedings at the time of the effective date of the California Life Insurance Guaranty Association Act. However, Sections 1067.02 and 1067.04 of the Insurance Code, as amended by this act, shall also apply to contracts issued by any foreign insurer that was declared by a court of competent jurisdiction after October 1, 1990, but before January 1, 1991, to be insolvent or impaired.

SEC. 5. Section 1.5 of this bill incorporates changes to Section 1067.02 of the Insurance Code proposed by both this bill and SB 482. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) SB 482 repeals and adds Section 1067.02 to the Insurance Code and this bill amends Section 1067.02 of the Insurance Code, and (3) this bill is enacted after SB 482, in which case Section 1 of this bill shall not become operative.

SEC. 6. Section 2.5 of this bill incorporates changes to Section 1067.04 of the Insurance Code proposed by both this bill and SB 482. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) SB 482 repeals and adds Section 1067.04 to the Insurance Code and this bill amends Section 1067.04 of the Insurance Code, and (3) this bill is enacted after SB 482, in which case Section 2 of this bill shall not become operative.

CHAPTER 976

An act to amend Section 14672.15 of, and to add Section 14673.8 to, the Government Code, relating to public parks.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14672.15 of the Government Code is amended to read:

14672.15. (a) Notwithstanding Section 14670, the Director of General Services, with the consent of the Department of Corrections, upon any terms and conditions as the director deems in the best interests of the state and without any monetary consideration, may let to the City of Chino real property not to

exceed 140 acres which belongs to the state and which is retained by the state primarily to provide a peripheral buffer area, or zone, between real property upon which is located the California Institution for Men and adjacent real property. The initial term of the lease authorized by this section shall expire not later than 25 years from the effective date of the amendments made to this section by Senate Bill No. 154 of the 1993–94 Regular Session of the Legislature provided that the lease may be renewed by the City of Chino for an additional term not to exceed 20 years. Permitted uses under the lease shall be for the development and maintenance of public park and recreational improvements and facilities, and shall include commercial enterprises which are incidental to or consistent with public park or recreational uses. The lease shall be nonassignable provided that the city shall have the right to sublease a portion or all of the premises for uses consistent with those permitted in the lease. The lease shall be subject to periodic review after the fifth anniversary of the lease. This review shall be made by the Director of General Services who shall ascertain whether the original purposes of the lease are being carried out. In the event the City of Chino subleases a portion of the premises, the review shall be conducted separately for the subleased portion of the premises, and in no event shall a default of a sublease with respect to one portion of the premises result in a termination of the lease with respect to any portion of the premises as to which the default does not exist.

(b) Notwithstanding Section 14670, the Director of General Services, with the consent of the Department of Corrections, upon any terms and conditions as the director deems in the best interest of the state and without any monetary consideration, may let to the City of Chino, for the purpose of expanding the park described in subdivision (a), real property that belongs to the state.

The real property may consist of up to 30 acres of land located in proximity to the California Department of Forestry and Fire Protection, Camp Prado.

SEC. 2. Section 14673.8 is added to the Government Code, to read:

14673.8. (a) The Director of General Services, with the concurrence of the Director of Parks and Recreation, may convey to, exchange, or lease for a term of longer than five years, with the City of Los Angeles, at less than fair market value, approximately 28 acres of property known as Pan Pacific Park, located in the City of Los Angeles. The city shall develop, maintain, operate, and preserve the park for the use and recreation of the public and shall succeed to the interests of the state in any contracts relating to the operation and maintenance of the park.

(b) The deed or other instrument of transfer shall provide that the property shall be used only for public park and recreation purposes, and if this condition is violated, the state shall have the right to reenter and take possession of the property, and, upon that reentry, title thereto shall revert to the State of California. The deed

or other instrument of transfer shall further provide for the property to revert to the state if, within a period not to exceed 10 years from the date of transfer, the property is not developed to provide for public recreational use and enjoyment. The Director of General Services may provide additional terms and conditions which he or she determines to be in the best interest of the state.

(c) Any costs incurred by the Department of General Services in administering the conveyance or exchange authorized in subdivision (a) shall be paid by the joint powers agency or entity receiving the property.

(d) A condition of state conveyance shall be a cooperative agreement between the City of Los Angeles and the County of Los Angeles that shall become effective upon the transfer or lease of the park and shall contain a provision making the transfer or lease subject to a right in the County of Los Angeles to place and operate a museum on the property. The agreement shall provide that the location, size, and shape of the museum as well as other park development projects proposed by the city shall be subject to the site plan diagram in the 1992 Pan Pacific Auditorium Site Development Plan or other mutual agreement of the City of Los Angeles and the County of Los Angeles. The exercise of the right by the County of Los Angeles to place and operate a museum shall be conditioned on the county's commitment of sufficient funds for construction and operation of the museum.

(e) The 1978 Operating Agreement between the state and the County of Los Angeles shall be terminated by operation of law upon the transfer or lease of the park to the City of Los Angeles.

SEC. 3. The Legislature hereby finds and declares that the conveyance or exchange of property authorized by this act serves a broad public benefit by allowing for the development of a public park and recreation area under administration and management of the City of Los Angeles.

CHAPTER 977

An act to amend and repeal Section 6355 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6355 of the Revenue and Taxation Code, as amended by Section 1 of Chapter 1042 of the Statutes of 1990, is amended to read:

6355. (a) There are exempted from the taxes imposed by this

part the gross receipts from the sales in bulk of monetized bullion, nonmonetized gold or silver bullion, and numismatic coins that are substantially equivalent to transactions in securities or commodities through a national securities or commodities exchange and the storage, use, or other consumption in this state of monetized bullion, nonmonetized gold or silver bullion, and numismatic coins so sold.

(b) (1) A sale in bulk, for purposes of this section, shall be deemed to have occurred if the amount of monetized bullion, nonmonetized gold or silver bullion, and numismatic coins sold in the transaction totals, in market value, the sum of one thousand dollars ($1,000) or more, or its equivalent.

(2) The board shall adjust the one thousand dollar ($1,000) amount specified in paragraph (1) as follows:

(A) On or before September 1, 1994, and on or before each September 1 of each year thereafter, the board shall multiply the amount applicable for the current calendar year by the inflation factor adjustment determined by the Franchise Tax Board pursuant to subdivision (h) of Section 17041, the resulting amount to be the applicable amount for the succeeding calendar year. The applicable amount shall be operative as an adjustment of the amount specified in paragraph (1) only when the applicable amount computed is equal to or exceeds a new operative threshold, as defined in subparagraph (C).

(B) When the applicable amount equals or exceeds an operative threshold specified in subparagraph (C), the resulting applicable amount, rounded to the nearest multiple of five hundred dollars ($500), shall be operative for purposes of paragraph (1) beginning January 1 of the succeeding calendar year.

(C) For purposes of this paragraph, "operative threshold" means an amount that exceeds by at least five hundred dollars ($500), the greater of either the amount specified in paragraph (1) or the amount computed pursuant to subparagraphs (A) and (B) as the operative adjustment to the amount specified in paragraph (1).

(c) "Monetized bullion," for purposes of this section, means coins or other forms of money manufactured of gold, silver, or other metal and heretofore, now, or hereafter used as a medium of exchange under the laws of this state, the United States, or any foreign nation. "Monetized bullion," for purposes of this section, also means gold medallions struck under authority of the American Arts Gold Medallion Act (Title IV of Public Law 95-630).

(d) A sale of monetized bullion, nonmonetized gold or silver bullion, or numismatic coins, for purposes of this section, shall be deemed to be substantially equivalent to a transaction in securities or commodities through a national securities or commodities exchange, if the sale is by or through a person registered pursuant to the Commodity Exchange Act (7 U.S.C. Sec. 1 et seq.) or not required to be registered under the Commodity Exchange Act.

SEC. 2. Section 6355 of the Revenue and Taxation Code, as added by Section 3 of Chapter 1042 of the Statutes of 1990, is repealed.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 978

An act to amend Sections 2105, 2250, and 3611 of, and to add Section 1419.5 to, the Probate Code, relating to guardians and conservators.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1419.5 is added to the Probate Code, to read:

1419.5. "Custodial parent" means the parent who either (a) has been awarded sole legal and physical custody of the child in another proceeding, or (b) with whom the child resides if there is currently no operative custody order. If the child resides with both parents, then they are jointly the custodial parent.

SEC. 2. Section 2105 of the Probate Code is amended to read:

2105. (a) The court, in its discretion, may appoint for a ward or conservatee:

(1) Two or more joint guardians or conservators of the person.

(2) Two or more joint guardians or conservators of the estate.

(3) Two or more joint guardians or conservators of the person and estate.

(b) When joint guardians or conservators are appointed, each shall qualify in the same manner as a sole guardian or conservator.

(c) Subject to subdivisions (d) and (e):

(1) Where there are two guardians or conservators, both must concur to exercise a power.

(2) Where there are more than two guardians or conservators, a majority must concur to exercise a power.

(d) If one of the joint guardians or conservators dies or is removed or resigns, the powers and duties continue in the remaining joint guardians or conservators until further appointment is made by the court.

(e) Where joint guardians or conservators have been appointed and one or more are (1) absent from the state and unable to act, (2) otherwise unable to act, or (3) legally disqualified from serving, the court may, by order made with or without notice, authorize the remaining joint guardians or conservators to act as to all matters embraced within its order.

(f) If a custodial parent has been diagnosed as having a terminal

condition, as evidenced by a declaration executed by a licensed physician, the court, in its discretion, may appoint the custodial parent and a person nominated by the custodial parent as joint guardians of the person of the minor. However, such an appointment shall not be made over the objection of a noncustodial parent without a finding that the noncustodial parent's custody would be detrimental to the minor, as provided in Section 3041 of the Family Code.

"Terminal condition," for purposes of this subdivision, means an incurable and irreversible condition that, without the administration of life-sustaining treatment, will, within reasonable medical judgment, result in death within two years.

SEC. 3. Section 2250 of the Probate Code is amended to read:

2250. (a) On or after the filing of a petition for appointment of a guardian or conservator, any person entitled to petition for appointment of the guardian or conservator may file a petition for appointment of:

(1) A temporary guardian of the person or estate or both.

(2) A temporary conservator of the person or estate or both.

(b) The petition shall state facts which establish good cause for appointment of the temporary guardian or temporary conservator. The court, upon such petition or other showing as it may require, may appoint a temporary guardian of the person or estate or both, or a temporary conservator of the person or estate or both, to serve pending the final determination of the court upon the petition for the appointment of the guardian or conservator.

(c) Unless the court for good cause otherwise orders, not less than five days before the appointment of the temporary guardian or temporary conservator, notice of the proposed appointment shall be personally delivered to the proposed ward if 12 years of age or older or to the proposed conservatee, to the parent or parents if the proposed ward is a minor, and to any person having a valid visitation order with the proposed ward that was effective at the time of the filing of the petition. In a proceeding for temporary guardianship of the person, evidence that a custodial parent has died or become incapacitated and that the petitioner is the nominee of the custodial parent may constitute good cause for the court to order that this notice not be delivered.

(d) If a temporary guardianship is granted ex parte and the hearing on the general guardianship petition is not to be held within 30 days of the granting of the temporary guardianship, the court shall set a hearing within 30 days to reconsider the temporary guardianship. Notice of the hearing for reconsideration of the temporary guardianship shall be provided pursuant to Section 1511.

(e) Visitation orders with the proposed ward granted prior to the filing of a petition for temporary guardianship shall remain in effect, unless for good cause the court orders otherwise.

(f) One petition may request the appointment of a guardian or conservator and also the appointment of a temporary guardian or

conservator or these appointments may be requested in separate petitions.

(g) If the court suspends powers of the guardian or conservator under Section 2334 or 2654 or under any other provision of this division, the court may appoint a temporary guardian or conservator to exercise those powers until the powers are restored to the guardian or conservator or a new guardian or conservator is appointed.

(h) If for any reason a vacancy occurs in the office of guardian or conservator, the court, on a petition filed under subdivision (a) or on its own motion, may appoint a temporary guardian or conservator to exercise the powers of the guardian or conservator until a new guardian or conservator is appointed.

SEC. 4. Section 3611 of the Probate Code is amended to read:

3611. In any case described in Section 3610, the court making the order or giving the judgment referred to in Section 3600 shall order any one or more of the following:

(a) That a guardian of the estate or conservator of the estate be appointed and that the remaining balance of the money and other property be paid or delivered to the person so appointed.

(b) That the remaining balance of any money paid or to be paid be deposited with the county treasurer, provided that (1) the county treasurer has been authorized by the county board of supervisors to handle the deposits, (2) the county treasurer shall receive and safely keep all money deposited with the county treasurer pursuant to this subdivision, shall pay the money out only upon the order of the court, and shall credit each estate with the interest earned by the funds deposited less the county treasurer's actual cost authorized to be recovered under Section 27013 of the Government Code, (3) the county treasurer and sureties on the official bond of the county treasurer are responsible for the safekeeping and payment of the money, (4) the county treasurer shall ensure that the money deposited is to earn interest or dividends, or both, at the highest rate which the county can reasonably obtain as a prudent investor, and (5) funds so deposited with the county treasurer shall only be invested or deposited in compliance with the provisions governing the investment or deposit of state funds set forth in Chapter 5 (commencing with Section 16640) of Part 2 of Division 4 of Title 2 of the Government Code, the investment or deposit of county funds set forth in Chapter 4 (commencing with Section 53600) of Part 1 of Division 2 of Title 5 of the Government Code, or as authorized under Chapter 6 (commencing with Section 2400) of Part 4 of this code; or in an insured account in a financial institution in this state, or in a single-premium deferred annuity, subject to withdrawal only upon the authorization of the court, and that the remaining balance of any other property delivered or to be delivered be held on conditions the court determines to be in the best interest of the minor or incompetent person.

(c) After a hearing by the court, that the remaining balance of any

money be paid to a special needs trust established under Section 3604 for the benefit of the minor or incompetent person. Notice of the time and place of the hearing and a copy of the petition shall be mailed to the State Director of Health Services, the Director of Mental Health, and the Director of Developmental Services at the office of each director in Sacramento at least 15 days before the hearing.

(d) If the remaining balance of the money and other property to be paid or delivered does not exceed twenty thousand dollars ($20,000) in value, that all or any part of the money and other property be held on any other conditions the court in its discretion determines to be in the best interest of the minor or incompetent person.

(e) If the remaining balance of the money and other property to be paid or delivered does not exceed five thousand dollars ($5,000) in value and is to be paid or delivered for the benefit of a minor, that all or any part of the money and the other property be paid or delivered to a parent of the minor, without bond, upon the terms and under the conditions specified in Article 1 (commencing with Section 3400) of Chapter 2.

(f) If the remaining balance of the money or other property to be paid or delivered is to be paid or delivered for the benefit of the minor, that all or any part of the money and other property be transferred to a custodian for the benefit of the minor under the California Uniform Transfers to Minors Act, Part 9 (commencing with Section 3900).

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 979

An act to add Sections 196.61, 196.62, 196.63, 17208.4, and 24347.51 to the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 196.61 is added to the Revenue and Taxation Code, to read:

196.61. In the 1992–93 fiscal year, or as soon as possible thereafter, the county auditor of an eligible county, proclaimed by the Governor to be in a state of disaster as a result of storm, flooding, or any other related casualty that occurred in the Counties of Alpine, Contra Costa, Fresno, Humboldt, Imperial, Lassen, Los Angeles, Madera, Mendocino, Modoc, Monterey, Napa, Orange, Plumas, Riverside, San Bernardino, San Diego, Santa Barbara, Sierra, Siskiyou, Sonoma, Tehama, Trinity, and Tulare, and the City of Fillmore in January 1993, shall certify to the Director of Finance an estimate of the total amount of the reduction in property tax revenues on both the regular secured roll and the supplemental roll for that fiscal year resulting from the reassessment of eligible properties by the county assessor pursuant to Section 170, except that the amount certified shall not include any estimated property tax revenue reductions to school districts (other than basic state aid school districts), county offices of education, and community college districts. For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 2. Section 196.62 is added to the Revenue and Taxation Code, to read:

196.62. After the county auditor of an eligible county, as described in Section 196.61, has made the applicable certification to the Director of Finance pursuant to Section 196.61, the director shall, within 30 days after verification of the county auditor's estimate, certify this amount to the Controller for allocation to the county. Upon receipt of certification from the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days thereafter.

SEC. 3. Section 196.63 is added to the Revenue and Taxation Code, to read:

196.63. On or before December 31, 1993, each eligible county, as described in Section 196.61, shall compute and remit to the

Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 196.61, less the actual amount of its property tax revenue lost in the immediately preceding fiscal year on the regular secured and supplemental rolls with respect to eligible properties as a result of the reassessment of those properties pursuant to Section 170, excluding any property tax revenue lost by school districts (other than basic state aid school districts), county offices of education, and community college districts. For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution. If the amount computed pursuant to this subdivision for an eligible county described in this subdivision is less than zero, the Controller shall allocate that amount to the county.

SEC. 4. Section 17208.4 is added to the Revenue and Taxation Code, to read:

17208.4. For taxable years beginning on or after January 1, 1993, in addition to the losses specified in Section 17207, the provisions of that section shall apply to any loss sustained as a result of storm, flooding, or any other related casualty that occurred in the Counties of Alpine, Contra Costa, Fresno, Humboldt, Imperial, Lassen, Los Angeles, Madera, Mendocino, Modoc, Monterey, Napa, Orange, Plumas, Riverside, San Bernardino, San Diego, Santa Barbara, Sierra, Siskiyou, Sonoma, Tehama, Trinity, and Tulare, and the City of Fillmore in January 1993.

SEC. 5. Section 24347.51 is added to the Revenue and Taxation Code, to read:

24347.51. For income years beginning on or after January 1, 1993, in addition to the losses specified in Section 24347.5, the provisions of that section shall apply to any loss sustained as a result of storm, flooding, or any other related casualty that occurred in the Counties of Alpine, Contra Costa, Fresno, Humboldt, Imperial, Lassen, Los Angeles, Madera, Mendocino, Modoc, Monterey, Napa, Orange, Plumas, Riverside, San Bernardino, San Diego, Santa Barbara, Sierra, Siskiyou, Sonoma, Tehama, Trinity, and Tulare, and the City of Fillmore in January 1993.

SEC. 6. The Legislature finds and declares that this act fulfills a statewide public purpose because of both of the following:

(a) The Governor of California has officially proclaimed that the flooding that occurred in the Counties of Alpine, Contra Costa, Fresno, Humboldt, Imperial, Lassen, Los Angeles, Madera, Mendocino, Modoc, Monterey, Napa, Orange, Plumas, Riverside, San Bernardino, San Diego, Santa Barbara, Sierra, Siskiyou, Sonoma, Tehama, Trinity, and Tulare, and the City of Fillmore in January 1993, were disasters, thus qualifying persons affected for various forms of governmental assistance and relief.

(b) This act is consistent with and supplements the proclaimed

disaster relief by providing necessary tax relief to affected taxpayers to allow them to repair damage to, and to restore, their homes and businesses.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to promptly provide vitally necessary relief and facilitate recovery from the heavy damage to lives and property inflicted by the flooding that took place in California in January 1993, and to permit the more efficient operation of county government as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 980

An act to amend Section 13554.2 of, and to add Sections 13552.2, 13552.4, 13552.6, and 13552.8 to, the Water Code, relating to water.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 13552.2 is added to the Water Code, to read:

13552.2. (a) The Legislature hereby finds and declares that the use of potable domestic water for the irrigation of residential landscaping is a waste or an unreasonable use of water within the meaning of Section 2 of Article X of the California Constitution if reclaimed water, for this use, is available to the residents and meets the requirements set forth in Section 13550, as determined by the state board after notice and a hearing.

(b) The state board may require a public agency or person subject to this section to submit information that the state board determines may be relevant in making the determination required in subdivision (a).

SEC. 2. Section 13552.4 is added to the Water Code, to read:

13552.4. (a) Any public agency, including a state agency, city, county, city and county, district, or any other political subdivision of the state, may require the use of reclaimed water for irrigation of residential landscaping, if all of the following requirements are met:

(1) Reclaimed water, for this use, is available to the user and meets the requirements set forth in Section 13550, as determined by the state board after notice and a hearing.

(2) The use of reclaimed water does not cause any loss or diminution of any existing water right.

(3) The irrigation systems are constructed in accordance with Chapter 3 (commencing with Section 60301) of Division 4 of Title 22 of the California Code Regulations.

(b) This section applies to both of the following:

(1) New subdivisions for which the building permit is issued on or after March 15, 1994, or, if a building permit is not required, new structures for which construction begins on or after March 15, 1994, for which the State Department of Health Services has approved the use of reclaimed water.

(2) Any residence that is retrofitted to permit the use of reclaimed water for landscape irrigation and for which the State Department of Health Services has approved the use of reclaimed water.

(c) (1) Division 13 (commencing with Section 21000) of the Public Resources Code does not apply to any project which only involves the repiping, redesign, or use of reclaimed water for irrigation of residential landscaping necessary to comply with a requirement prescribed by a public agency under subdivision (a).

(2) The exemption in paragraph (1) does not apply to any project to develop reclaimed water, to construct conveyance facilities for reclaimed water, or any other project not specified in this subdivision.

SEC. 3. Section 13552.6 is added to the Water Code, to read:

13552.6. (a) The Legislature hereby finds and declares that the use of potable domestic water for floor trap priming, cooling towers, and air-conditioning devices is a waste or an unreasonable use of water within the meaning of Section 2 of Article X of the California Constitution if reclaimed water, for these uses, is available to the user, and the water meets the requirements set forth in Section 13550, as determined by the state board after notice and a hearing.

(b) The state board may require a public agency or person subject to this section to submit information that the state board determines may be relevant in making the determination required in subdivision (a).

SEC. 4. Section 13552.8 is added to the Water Code, to read:

13552.8. (a) Any public agency, including a state agency, city, county, city and county, district, or any other political subdivision of the state, may require the use of reclaimed water in floor trap priming, cooling towers, and air-conditioning devices, if all of the following requirements are met:
