(1) Reclaimed water, for these uses, is available to the user and meets the requirements set forth in Section 13550, as determined by the state board after notice and a hearing.

(2) The use of reclaimed water does not cause any loss or diminution of any existing water right.

(3) If public exposure to aerosols, mist, or spray may occur, appropriate mist mitigation or mist control is provided, such as the use of mist arrestors or the addition of biocides to the water in accordance with criteria established pursuant to Section 13521.

(4) The person intending to use reclaimed water has prepared an engineering report pursuant to Section 60323 of Title 22 of the California Code of Regulations that includes plumbing design,

cross-connection control, and monitoring requirements for the public agency, which are in compliance with criteria established pursuant to Section 13521.

(b) This section applies to both of the following:

(1) New industrial facilities and subdivisions for which the building permit is issued on or after March 15, 1994, or, if a building permit is not required, new structures for which construction begins on or after March 15, 1994, for which the State Department of Health Services has approved the use of reclaimed water.

(2) Any structure that is retrofitted to permit the use of reclaimed water for floor traps, cooling towers, or air-conditioning devices, for which the State Department of Health Services has approved the use of reclaimed water.

(c) (1) Division 13 (commencing with Section 21000) of the Public Resources Code does not apply to any project which only involves the repiping, redesign, or use of reclaimed water for floor trap priming, cooling towers, or air-conditioning devices necessary to comply with a requirement prescribed by a public agency under subdivision (a).

(2) The exemption in paragraph (1) does not apply to any project to develop reclaimed water, to construct conveyance facilities for reclaimed water, or any other project not specified in this subdivision.

SEC. 5. Section 13554.2 of the Water Code is amended to read:

13554.2. (a) Any person who proposes the use of reclaimed water shall reimburse the State Department of Health Services for actual costs that the department incurs in carrying out its responsibilities pursuant to Sections 13552.2, 13552.4, 13552.6, 13552.8, 13553, and 13554.

(b) For purposes of implementing subdivision (a), the State Department of Health Services shall maintain a record of its costs. In determining those costs, the department may consider personnel requirements, materials, travel expenses, office overhead, and other relevant direct and indirect expenses.

CHAPTER 981

An act to add Section 14105.12 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14105.12 is added to the Welfare and Institutions Code, to read:

14105.12. The department shall specify circumstances under

which requests shall be granted for authorization for services provided by a health facility licensed under subdivisions (c) and (d) of Section 1250 of the Health and Safety Code for periods of up to two years. This section shall be implemented not later than July 1, 1994. The department shall consult with nursing facility providers and appropriate health care professionals in the development of the criteria and process for granting two-year authorizations pursuant to this section.

CHAPTER 982

An act to amend Section 6079.1 of, to amend and repeal Section 6086.11 of, to amend, repeal, and add Sections 6147 and 6148 of, and to add Section 6086.14 to, the Business and Professions Code, to add and repeal Section 447 of the Code of Civil Procedure, and to add Section 956.5 to the Evidence Code, relating to attorneys.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6079.1 of the Business and Professions Code is amended to read:

6079.1. (a) The Supreme Court shall appoint a presiding judge of the State Bar Court and no fewer than seven hearing judges, and any additional hearing judges as may be authorized by the Legislature, to efficiently decide any and all regulatory matters pending before the Hearing Department of the State Bar Court. The presiding judge and all other judges of that department shall be appointed for a term of six years and may be reappointed for additional six-year terms. Any judge appointed under this section shall be subject to admonition, censure, removal, or retirement by the Supreme Court upon the same grounds as provided for judges of courts of record of this state.

(b) Judges of the State Bar Court appointed under this section shall not engage in the private practice of law. The State Bar Court shall be broadly representative of the ethnic, sexual, and racial diversity of the population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. Each judge:

(1) Shall have been a member of the State Bar for at least five years.

(2) Shall not have any record of the imposition of discipline as an attorney in California or any other jurisdiction.

(3) Shall meet such other requirements as may be established by subdivision (d) of Section 12011.5 of the Government Code.

(c) The board shall screen and rate all applicants for appointment or reappointment as a State Bar Court judge and submit its

nominations to the Supreme Court, unless otherwise directed by the Supreme Court. The board shall submit its initial nominations to the Supreme Court by April 1, 1989. The board shall hold hearings and allow public comment on the qualifications of nominees submitted to the Supreme Court. Written comment received by the board and any hearing record shall be transmitted to the Supreme Court together with the nominations. The board shall grant a preference to persons with prior judicial experience for all nominations other than that of the lay judge designated under subdivision (a) of Section 6086.65, and submit no fewer than three nominees for each available judicial position.

(d) For judges appointed pursuant to this section or Section 6086.65, the board shall fix and pay reasonable compensation and expenses and provide adequate supporting staff and facilities. Hearing judges shall be paid the same salary as municipal court judges. The presiding judge shall be paid the same salary as a superior court judge.

(e) From among the members of the State Bar or retired judges, the board may appoint pro tempore judges to decide matters in the Hearing Department of the State Bar Court when a judge of the State Bar is unavailable to serve without undue delay to the proceeding. The board may set the qualifications, terms, and conditions of service for pro tempore judges and may, in its discretion, compensate some or all of them out of funds appropriated by the board for this purpose.

(f) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Hearing Department of the State Bar Court shall be decided by a judge or pro tempore judge appointed under this section. From and after that date, a judge or pro tempore judge appointed under this section shall hear every regulatory matter pending in the Hearing Department of the State Bar Court as to which the taking of testimony or offering of evidence at trial has not commenced, and when so assigned, shall sit as the sole adjudicator, except for rulings which are to be made by the presiding judge of the State Bar Court or referees of other departments of the State Bar Court.

(g) Any judge or pro tempore judge of the State Bar Court as well as any employee of the State Bar assigned to the State Bar Court shall have the same immunity which attaches to judges in judicial proceedings in this state. Nothing in this subdivision limits or alters the immunities accorded the State Bar, its officers and employees, or any judge or referee of the State Bar Court as they existed prior to January 1, 1989. This subdivision does not constitute a change in, but is cumulative with, existing law.

(h) Nothing in this section shall be construed to prohibit the board from appointing persons to serve without compensation to arbitrate fee disputes under Article 13 (commencing with Section 6200) of this chapter or to monitor the probation of a member of the State Bar, whether those appointed under Section 6079, as added by Chapter

1114 of the Statutes of 1986, serve in the State Bar Court or otherwise.

(i) Any retired judge or referee appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, prior to July 1, 1989, or any other authority may continue on or after July 1, 1989, to exercise the duties and powers authorized by that section or of the referee's appointment as to any matter assigned to him or her unless the matter has been reassigned under subdivision (f).

SEC. 2. Section 6086.11 of the Business and Professions Code is amended to read:

6086.11. (a) The board of governors shall establish a committee, known as the complainants' grievance panel. The panel shall exercise all of the following powers:

(1) Annually audit closures of complaints in lieu of disciplinary prosecution by the chief trial counsel, including the imposition of admonitions and the issuance of warning letters and agreements in lieu of discipline. The scope of the audit shall be to determine whether too many or too few cases are being closed, whether varying standards of closure are being used and whether the office of the chief trial counsel is applying its policies uniformly and consistently. The panel may order further investigation or recommend that the chief trial counsel file a notice to show cause, take other formal disciplinary action, or other action not involving formal disciplinary charges. The office of the chief trial counsel shall provide to the complainants' grievance panel the written policies concerning closure of complaints in lieu of disciplinary prosecution, including the imposition of admonitions and the issuance of warning letters and agreements in lieu of discipline.

(2) Upon request for review by complainants, review closures of complaints in lieu of disciplinary prosecution by the chief trial counsel, including the imposition of admonitions and the issuance of warning letters and agreements in lieu of discipline. The panel may order further investigation or recommend that the chief trial counsel file a notice to show cause, take other formal disciplinary action, or other action not involving formal disciplinary charges.

(A) Upon receipt of a request for review, the complainants' grievance panel shall inform the respondent it has received a request for review from the complaining witness in those matters in which the office of the chief trial counsel previously informed the respondent that the complaint had been closed. The complainants' grievance panel shall inform the complaining witness and also the respondent, if necessary, of its decision, order, or recommendation.

(B) In the event the request for review from the complaining witness includes new material evidence not previously received or new allegations not previously evaluated, the matter shall be returned directly to the appropriate disciplinary enforcement office for further evaluation. The complainants' grievance panel shall inform the complaining witness of this action and also the respondent in those matters in which the office of the chief trial counsel previously informed the respondent that the complaint had

been closed. The office of the chief trial counsel shall advise the complaining witness and respondent, if necessary, of the result of the evaluation of the new evidence or new allegations.

(C) The office of the chief trial counsel shall report to the complainants' grievance panel the results of the panel's orders for further investigation and, upon request of the panel, the results of its recommendations for formal disciplinary action other than the filing of a notice to show cause or for other action not involving formal disciplinary charges.

(D) In the event the office of the chief trial counsel, in the exercise of its prosecutorial discretion, elects not to file a notice to show cause, as recommended by the complainants' grievance panel, it shall provide a written response to the complainants' grievance panel stating its reasons for declining that action.

(3) Annually audit the alternative dispute resolution discipline mediation program to determine whether too many or too few complaints are being referred to the program; whether varying standards of referral and resolution are being used; and whether the policies of the program are uniformly and consistently applied; and to evaluate the operations of the program concerning priorities and policies including the responsiveness, fairness and courtesy to the public, and its coordination with other State Bar programs.

(b) The complainants' grievance panel shall consist of seven members. The panel shall elect one of their members to be chair of the complainants' grievance panel to preside over their deliberations. Four members of the panel shall consist of public members who have never been members of the State Bar or admitted to practice before any court in the United States. The Governor shall appoint two nonattorney members who shall serve for a term of four years, except that for the initial term after enactment of this section the first nonattorney members appointed shall serve for two years. The Senate Committee on Rules shall appoint one nonattorney member who shall serve for a term of four years. The Speaker of the Assembly shall appoint one nonattorney member who shall serve a term of four years, except that for the initial term after enactment of this section the first nonattorney shall serve for three years.

The board of governors shall appoint three members who shall be members of the State Bar and who shall serve for a term of four years, except that for the initial term after enactment of this section one attorney first appointed shall serve for two years, one for three years, and one for four years, as determined by lot.

Each respective appointing authority shall fill any vacancy in and make any reappointment to each respective office.

(c) The complainants' grievance panel shall provide a written report annually to the Discipline Committee of the Board of Governors of the State Bar as to its findings and recommendations concerning closed cases, including its findings as to whether too many or too few cases are being closed, and whether varying

standards of closure are being used.

(d) Within 60 days of the complainants' grievance panel's rendering a written report to the Discipline Committee of the Board of Governors of the State Bar, the office of the chief trial counsel shall provide a written response to that report and to each of the findings, recommendations, and conclusions set forth in that report. Upon receipt and evaluation of both the complainants' grievance panel report and office of the chief trial counsel response, the Discipline Committee shall direct the office of the chief trial counsel to take whatever action the committee deems appropriate. Copies of the complainants' grievance panel report, the office of the chief trial counsel response and the Discipline Committee direction shall be provided to the Governor, to the Senate Rules Committee, to the Senate and Assembly Judiciary Committees, and to the Chief Justice of the Supreme Court.

The office of the chief trial counsel shall designate a representative or representatives to appear at regularly scheduled meetings of the complainants' grievance panel to provide information concerning the disciplinary enforcement programs, and to respond to questions about specific requests for review or standards and policies of the office of the chief trial counsel.

The complainants' grievance panel shall not consider a request for review if received more than 60 days after written notice of the decision of the chief trial counsel concerning the complaint unless the panel specifically finds the failure of the complainant to request review was a result of mistake, inadvertence, surprise, or excusable neglect as defined in Section 473 of the Code of Civil Procedure, and in no event shall the panel take action on a request after one year from the written notice.

Where workload or other conditions require it, the panel may divide into two divisions of no less than three persons each, as designated by the chair, to consider and decide the applications for review before it. Where that designation has occurred, the decision of the division will constitute the decision of the panel, unless a majority of the panel affirmatively votes to consider a matter en banc.

(e) The public members of the complainants' grievance panel shall be entitled to receive a per diem at the same daily rate specified in Section 11564.5 of the Government Code for each day actually spent in the discharge of their official duties.

(f) This section shall only be in effect until January 1, 1999, and on that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1999, deletes or extends that date.

SEC. 3. Section 6086.14 is added to the Business and Professions Code, to read:

6086.14. (a) The Board of Governors of the State Bar is authorized to formulate and adopt rules and regulations necessary to establish an alternative dispute resolution discipline mediation program to resolve complaints against attorneys which do not

warrant the institution of formal investigation or prosecution. The program should identify sources of client dissatisfaction and provide a mediation process to resolve those complaints or disputes unless the client objects to mediation. The refusal of an attorney to participate in the State Bar's alternative dispute resolution discipline mediation program established pursuant to this section, or the failure of an attorney to comply with any agreement reached in the State Bar's alternative dispute resolution discipline mediation program may subject that attorney to discipline.

(b) The board of governors shall have the authority to formulate and adopt standards and guidelines to implement the alternative dispute resolution discipline mediation program. The standards and guidelines formulated and adopted by the board, as from time to time amended, shall be effective and binding on all members.

(c) It is the intent of the Legislature that the authorization of an alternative dispute resolution discipline mediation program not be construed as limiting or altering the powers of the Supreme Court of this state or the State Bar to disbar or discipline members of the State Bar. The records relating to the alternative dispute resolution discipline mediation program may be made available in any subsequent disciplinary action pursuant to any rule, standard, or guideline adopted by the Board of Governors of the State Bar.

SEC. 4. Section 6147 of the Business and Professions Code is amended to read:

6147. (a) An attorney who contracts to represent a plaintiff on a contingency fee basis shall, at the time the contract is entered into, provide a duplicate copy of the contract, signed by both the attorney and the plaintiff, or his or her guardian or representative, to the plaintiff, or to the plaintiff's guardian or representative. The contract shall be in writing and shall include, but is not limited to, all of the following:

(1) A statement of the contingency fee rate which the client and attorney have agreed upon.

(2) A statement as to how disbursements and costs incurred in connection with the prosecution or settlement of the claim will affect the contingency fee and the client's recovery.

(3) A statement as to what extent, if any, the plaintiff could be required to pay any compensation to the attorney for related matters that arise out of their relationship not covered by their contingency fee contract. This may include any amounts collected for the plaintiff by the attorney.

(4) Unless the claim is subject to the provisions of Section 6146, a statement that the fee is not set by law but is negotiable between attorney and client.

(5) If the claim is subject to the provisions of Section 6146, a statement that the rates set forth in that section are the maximum limits for the contingency fee agreement, and that the attorney and client may negotiate a lower rate.

(6) If the attorney does not meet any of the following criteria, a

statement disclosing that fact:

(A) Maintains errors and omissions insurance coverage.

(B) Has filed with the State Bar an executed copy of a written agreement guaranteeing payment of all claims established against the attorney by his or her clients for errors or omissions arising out of the practice of law by the attorney in the amount specified in paragraph (c) of subsection (1) of Section B of Rule IV of the Law Corporation Rules of the State Bar. The State Bar may charge a filing fee not to exceed five dollars ($5).

(C) If a law corporation, has filed with the State Bar an executed copy of the written agreement required pursuant to paragraph (a), (b), or (c) of subsection (1) of Section B of Rule IV of the Law Corporation Rules of the State Bar.

(b) Failure to comply with any provision of this section renders the agreement voidable at the option of the plaintiff, and the attorney shall thereupon be entitled to collect a reasonable fee.

(c) This section shall not apply to contingency fee contracts for the recovery of workers' compensation benefits.

(d) This section shall remain in effect only until January 1, 1997, and of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 5. Section 6147 is added to the Business and Professions Code, to read:

6147. (a) An attorney who contracts to represent a plaintiff on a contingency fee basis shall, at the time the contract is entered into, provide a duplicate copy of the contract, signed by both the attorney and the plaintiff, or his or her guardian or representative, to the plaintiff, or to the plaintiff's guardian or representative. The contract shall be in writing and shall include, but is not limited to, all of the following:

(1) A statement of the contingency fee rate which the client and attorney have agreed upon.

(2) A statement as to how disbursements and costs incurred in connection with the prosecution or settlement of the claim will affect the contingency fee and the client's recovery.

(3) A statement as to what extent, if any, the plaintiff could be required to pay any compensation to the attorney for related matters that arise out of their relationship not covered by their contingency fee contract. This may include any amounts collected for the plaintiff by the attorney.

(4) Unless the claim is subject to the provisions of Section 6146, a statement that the fee is not set by law but is negotiable between attorney and client.

(5) If the claim is subject to the provisions of Section 6146, a statement that the rates set forth in that section are the maximum limits for the contingency fee agreement, and that the attorney and client may negotiate a lower rate.

(b) Failure to comply with any provision of this section renders the agreement voidable at the option of the plaintiff, and the

attorney shall thereupon be entitled to collect a reasonable fee.

(c) This section shall not apply to contingency fee contracts for the recovery of workers' compensation benefits.

(d) This section shall become operative on January 1, 1997.

SEC. 5.5. Section 6148 of the Business and Professions Code is amended to read:

6148. (a) In any case not coming within Section 6147 in which it is reasonably foreseeable that total expense to a client, including attorney fees will exceed one thousand dollars ($1,000), the contract for services in the case shall be in writing and shall contain all of the following:

(1) The hourly rate and other standard rates, fees, and charges applicable to the case.

(2) The general nature of the legal services to be provided to the client.

(3) The respective responsibilities of the attorney and the client as to the performance of the contract.

(4) If the attorney does not meet any of the following criteria, a statement disclosing that fact:

(A) Maintains errors and omissions insurance coverage.

(B) Has filed with the State Bar an executed copy of a written agreement guaranteeing payment of all claims established against the attorney by his or her clients for errors or omissions arising out of the practice of law by the attorney in the amount specified in paragraph (c) of subdivision (1) of Section B of Rule IV of the Law Corporation Rules of the State Bar. The State Bar may charge a filing a fee not to exceed five dollars ($5).

(C) If a law corporation, has filed with the State Bar an executed copy of the written agreement required pursuant to paragraph (a), (b), or (c) of subsection (1) of Section B of Rule IV of the Law Corporation Rules of the State Bar.

(b) All bills rendered by an attorney to a client shall clearly state the basis thereof. Bills for the fee portion of the bill shall include the amount, rate, basis for calculation, or other method of determination of the attorney's fees and costs. Bills for the cost and expense portion of the bill shall clearly identify the costs and expenses incurred and the amount of the costs and expenses. Upon request by the client, the attorney shall provide a bill to the client no later than 10 days following the request unless the attorney has provided a bill to the client within 31 days prior to the request, in which case the attorney may provide a bill to the client no later than 31 days following the date the most recent bill was provided. The client is entitled to make similar requests at intervals of no less than 30 days following the initial request. In providing responses to client requests for billing information, the attorney may use billing data that is currently effective on the date of the request, or, if any fees or costs to that date cannot be accurately determined, they shall be described and estimated.

(c) Failure to comply with any provision of this section renders

the agreement voidable at the option of the client, and the attorney shall, upon the agreement being voided, be entitled to collect a reasonable fee.

(d) This section shall not apply to any of the following:

(1) Services rendered in an emergency to avoid foreseeable prejudice to the rights or interests of the client or where a writing is otherwise impractical.

(2) An arrangement as to the fee implied by the fact that the attorney's services are of the same general kind as previously rendered to and paid for by the client.

(3) If the client knowingly states in writing, after full disclosure of this section, that a writing concerning fees is not required.

(4) If the client is a corporation.

(e) This section applies prospectively only to fee agreements following its operative date.

(f) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 6. Section 6148 is added to the Business and Professions Code, to read:

6148. (a) In any case not coming within Section 6147 in which it is reasonably foreseeable that total expense to a client, including attorney fees will exceed one thousand dollars ($1,000), the contract for services in the case shall be in writing and shall contain all of the following:

(1) The hourly rate and other standard rates, fees, and charges applicable to the case.

(2) The general nature of the legal services to be provided to the client.

(3) The respective responsibilities of the attorney and the client as to the performance of the contract.

(b) All bills rendered by an attorney to a client shall clearly state the basis thereof. Bills for the fee portion of the bill shall include the amount, rate, basis for calculation, or other method of determination of the attorney's fees and costs. Bills for the cost and expense portion of the bill shall clearly identify the costs and expenses incurred and the amount of the costs and expenses. Upon request by the client, the attorney shall provide a bill to the client no later than 10 days following the request unless the attorney has provided a bill to the client within 31 days prior to the request, in which case the attorney may provide a bill to the client no later than 31 days following the date the most recent bill was provided. The client is entitled to make similar requests at intervals of no less than 30 days following the initial request. In providing responses to client requests for billing information, the attorney may use billing data that is currently effective on the date of the request, or, if any fees or costs to that date cannot be accurately determined, they shall be described and estimated.

(c) Failure to comply with any provision of this section renders

the agreement voidable at the option of the client, and the attorney shall, upon the agreement being voided, be entitled to collect a reasonable fee.

(d) This section shall not apply to any of the following:

(1) Services rendered in an emergency to avoid foreseeable prejudice to the rights or interests of the client or where a writing is otherwise impractical.

(2) An arrangement as to the fee implied by the fact that the attorney's services are of the same general kind as previously rendered to and paid for by the client.

(3) If the client knowingly states in writing, after full disclosure of this section, that a writing concerning fees is not required.

(4) If the client is a corporation.

(e) This section applies prospectively only to fee agreements following its operative date.

(f) This section shall become operative on January 1, 1997.

SEC. 7. Section 447 is added to the Code of Civil Procedure, to read:

447. (a) Except in actions pertaining to personal injury or wrongful death, the signature of an attorney or party constitutes a certificate by him or her that he or she has read the pleading, motion, or other paper; that to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and that it is not interposed for any improper purpose, such as to harass or cause unnecessary delay or needless increase in the cost of litigation. If a pleading, motion, or other paper is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the pleader or movant. If a pleading, motion, or other paper is signed in violation of this section, the court, upon motion or upon its own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay the other party or parties the amount of the reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee. Sanctions may be imposed only after notice and opportunity to be heard. An order imposing sanctions shall be in writing, and shall recite in detail the circumstances justifying sanctions.

(b) This section shall apply only in Riverside County. The Legislature finds and declares that, in order to assess the impact of this section on a limited basis before making it applicable on a statewide basis, it is necessary for this section to be applicable for a limited period of time in those counties.

(c) No sanction may be imposed pursuant to this section in any of the following instances:

(1) Against a party who is proceeding in forma pauperis or a party whom the court has found not to have the financial ability to pay fees or whom the court has found would suffer an unreasonable financial

hardship if ordered to pay fees.

(2) For or against any party with respect to any cause of action under which an award for reasonable attorney's fees is authorized or required by any other federal or California statute.

(3) For or against any party in any action in which one or more of the plaintiffs seek to proceed as a class under Section 382.

(d) This section shall only be in effect until January 1, 1998, and on that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends that date.

SEC. 8. Section 956.5 is added to the Evidence Code, to read:

956.5. There is no privilege under this article if the lawyer reasonably believes that disclosure of any confidential communication relating to representation of a client is necessary to prevent the client from committing a criminal act that the lawyer believes is likely to result in death or substantial bodily harm.

CHAPTER 983

An act to amend Section 25693 of, and to add and repeal Chapter 7.4 (commencing with Section 25645) of Division 15 of, the Public Resources Code, relating to energy resources.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.4 (commencing with Section 25645) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 7.4. ENERGY RESEARCH, DEVELOPMENT, DEMONSTRATION, AND COMMERCIALIZATION PROGRAMS

25645. This chapter shall be known as, and may be cited as, the Energy Research, Development, Demonstration, and Commercialization Act of 1993.

25646. The Legislature hereby finds and declares all of the following:

(a) The state's growing population creates an increasing need to strengthen its infrastructure to achieve adequate economically and environmentally acceptable energy services systems.

(b) The condition of the state's economy makes it necessary to stretch the effective use of funds provided by state and federal government for energy research, development, demonstration, and commercialization projects by substituting loans for contract funding where possible, by requiring at least 50 percent cofunding of contract and grant-funded projects, and by requiring repayment of contract

and grant funds when the cofunded work has become financially rewarding for the recipient.

(c) The placement of provisions relating to the administration of energy research, development, demonstration, and commercialization projects not otherwise provided for by statute in one comprehensive chapter enhances the ability of the commission to use the funds available for those projects with the greatest effectiveness, administrative efficiency, and likelihood of repayment.

(d) California's continued leadership in new energy technology research, development, and demonstration projects is a business and employment asset to the state, and is encouraged through effective partnership between the public and private sectors. New energy technologies have inherent financial and technical risks which limit necessary and important progress without state involvement.

(e) Energy sources and efficiency devices can be developed and offered on the market which provide energy services at lower competitive cost to the energy user, increase energy independence and reliability, make sustainable use of California's indigenous resources, provide a healthier environment, and rebuild the state's economy through employment opportunities in new technology businesses.

(f) Loans are an efficient use of funds, allowing the state to recoup the loan funds, thus promoting continuity of the state's commitment to energy research, development, demonstration, and commercialization programs.

(g) Research contracts and grants to small businesses, with repayment features, allows the state to recoup and replenish funds from financially successful energy projects and inventions, thus providing for the recycling of funds for energy technology advancement.

(h) Grants and loans provide small businesses with access to energy research, development, demonstration, and commercialization cofunding, while providing the state with a mechanism to cofund and administer small business projects with efficiency.

25647. For purposes of this chapter:

(a) "Alternative source of energy" includes, but is not limited to, geothermal power, hydroelectric power equal to or less than 5 megawatts, photovoltaics, wind, biomass, cogeneration, solar thermal energy, fuel cells, alternative fuels, electric vehicles, low-emission vehicles, advanced energy storage, and energy efficiency and conservation measures.

(b) "Loan" means the contractual financing of a qualifying project under a program in which all of the following occur:

(1) The recipient of the loan repays the loan amount, plus accrued interest.

(2) The loan applicant is required to demonstrate the financial capability to repay the loan regardless of the commercial success of

the project.

(3) The loan is required to be secured by appropriate collateral regardless of the commercial success of the project.

(4) Loans are generally provided to those projects using energy technologies that are relatively close to full commercialization, include demonstration or commercialization of the technologies, and have a high probability of generating net positive cash-flow sufficient to repay the loan and the accrued interest within 10 years from the performance determination date of the contract.

(c) "Research contract" means a contractual award made to a qualifying project under a program in which all of the following occur:

(1) The recipient of the award is obligated to repay up to the full amount of the funds disbursed under the award, plus accrued interest, if the project or invention developed partially or completely as a result of the contract award results in the generation of net positive cash-flow, including the expense of repayment. Alternatively, at the commission's discretion, a royalty agreement may be used to obtain reimbursement of program funds.

(2) The contract specifies the method to be used by the commission in determining and establishing the terms of repayment.

(3) Research contracts are provided to those projects that have a moderate to low probability of generating net positive cash-flow sufficient to repay the funds disbursed under the award and the accrued interest within 10 years from the performance determination date of the contract.

(d) "Grant" means a grant award made to a small business certified by the Office of Small and Minority Business of the Department of General Services, or which meets the requirements of Part 121.601 of Title 13 of the Code of Federal Regulations, to cofund a qualifying project under a program in which all of the following occur:

(1) The award includes a royalty agreement. Alternatively, at the commission's discretion, the recipient of the award may be required to repay up to the full amount of the funds disbursed under the award, plus accrued interest if the project or invention developed partially or completely as a result of the grant award, results in the generation of net positive cash-flow, including the expense of repayment.

(2) The award agreement specifies the method to be used by the commission in determining and establishing the terms of repayment.

(e) "Royalty agreement" means a method used at the discretion of the commission to reimburse the commission for funds disbursed under awards and to provide for further awards under this chapter.

(f) "Accrued interest" means the cumulative interest on the outstanding balance of a loan, research contract, or grant. The commission shall specify in the terms of the award the manner in which the commission will compute the interest. The interest rate shall not exceed the average rate of return for money in the Pooled

Money Investment Account over the 90-day period prior to the notice of award, or 8 percent simple interest, whichever is less. Interest shall begin accruing upon the date of first drawdown of funds.

(g) "Performance determination date" means the date at which the commission renders a written decision on the success of the project in meeting the goals and objectives established in the loan, research contract, or grant.

25648. (a) The commission shall make loans, and research contract and grant awards, for purposes of making existing energy technologies more efficient, cost-effective, and environmentally acceptable, and to research, develop, demonstrate, and commercialize new, cost-effective alternative sources of energy, technologies which displace conventional fuels, and energy efficiency and conservation devices.

(b) In selecting projects, the commission shall consider, but is not limited to, the list of opportunity technologies developed in the most current energy development report produced pursuant to Section 25604, or a subset of those opportunity technologies.

(c) The commission shall select the projects through competitive bid procedures, such as invitations for bids, requests for proposals, program opportunity notices, and multistep bids using preapplications, by demonstrating the need for sole source awards, or by evaluating small business grant and loan applications.

(d) The criteria for the selection of projects shall include, but not be limited to, all of the following factors:

(1) The potential of the project to reduce energy consumption or provide an alternative source of energy.

(2) The financial, technical, and management strength of the project applicant.

(3) The near-term and long-term feasibility of the project.

(4) The ability of the project technology to be used throughout California.

(5) The potential of the project for promoting diverse, secure, and resilient energy supplies.

(6) The potential of the project to displace petroleum.

(7) The potential of the project for reducing adverse environmental impacts.

(8) The potential of the project to stimulate economic development, employment, and tax revenues for California.

(9) The potential of the project for reducing short-term and long-term energy costs for the ratepayers of California.

(10) The need of the project for state financing.

(11) The ability of the project to attract private and other public investment.

(12) The investment payback period for the project.

(13) The probability of success in overcoming the risk of the project.

(14) The potential for stimulating small business competition in

the field of alternative energy development.

(15) The ability of the project to generate needed community economic development for participating local jurisdictions.

(16) The extent of the applicant's financial participation.

(17) The degree of innovation of the project.

(18) Whether the project is, in general, consistent with the energy policies of California regarding the energy technologies and priorities as set forth in the biennial report of the commission.

(19) The cost of the project.

(e) The commission shall apply the criteria specified in subdivision (d) consistently within each competitive bid solicitation.

(f) Loans, research contracts, and grants entered into pursuant to this section are not subject to Article 4 (commencing with Section 10335) or Article 5 (commencing with Section 10355) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code.

25648.1. In selecting projects and types of technologies for funding, the commission shall actively solicit recommendations from interested parties, including, but not limited to, representatives of private industry, small businesses, research organizations, public utilities, independent energy producers, local governments, and the federal government.

25648.2. (a) Any loan that is made shall not be greater than 80 percent of the total project cost. The commission may provide a loan which exceeds that limit if it determines, through a four-fifths vote of the commission, that a major state contribution is essential to ensure project success.

(b) The commission's contribution to any research contract or grant funding shall not be greater than 50 percent of the total project cost.

25648.3. (a) Any royalty agreement shall specify that royalties be given to the commission when the award recipient or third party receives, through any kind of grant, equity, or license agreement, economic benefit from the project or invention developed in whole or in part as a result of the award.

(b) The royalty rate shall be determined by the commission and shall not be less than 1 percent nor more than 5 percent of the gross sales revenue derived from the project or invention.

(c) The commission shall determine the duration of the royalty agreement and may negotiate the collection schedule.

(d) The commission, for consideration, may negotiate an early termination of the royalty agreement.

(e) The royalty agreement shall specify the method to be used by the commission in determining and establishing the terms of payment of any royalty.

25648.4. The commission shall apply this chapter to research, development, demonstration, and commercialization projects that are not subject to Chapter 6 (commencing with Section 3800) of Division 3, Chapter 7.8 (commencing with Section 25680) of this division, or Section 1 of Chapter 1338 of the Statutes of 1986.

25648.5. The commission shall include a summary of projects financed under this chapter in its biennial report, or one of the subsidiary documents to the biennial report.

25648.6. This chapter shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 25693 of the Public Resources Code is amended to read:

25693. This chapter shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes or extends that date.

CHAPTER 984

An act to add Section 56370 to the Education Code, relating to special education.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 56370 is added to the Education Code, to read:

56370. In addition to the requirements in Section 56828, a transfer of special education programs from a school district to the county superintendent of schools or to other school districts, or from the county superintendent of schools to school districts, shall not be approved by the Superintendent of Public Instruction if the transfer would result in diminishing the level of services or the opportunity of the affected pupils to interact with the general school population, as required in the individualized education programs of the affected pupils.

CHAPTER 985

An act to add Section 34217 to the Health and Safety Code, and to add Section 10850.5 to the Welfare and Institutions Code, relating to records.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 34217 is added to the Health and Safety Code, to read:

34217. A housing authority created pursuant to this part may, without the need to provide written documentation that consent has been obtained from a client, provide information to a county welfare department in order to aid that department in the administration of public social services programs provided for pursuant to Division 9 (commencing with Section 10000) of the Welfare and Institutions Code. This section may be implemented either through an automated data exchange system or through a manual system. Any housing authority maintaining and providing information pursuant to this section shall comply with confidentiality and privacy laws concerning the collection, maintenance, and dissemination of information, as contained in Section 10850 of the Welfare and Institutions Code and the federal Privacy Act of 1974 contained in Section 552a of Title 5 of the United States Code. The authority shall provide a written form to each person about whom information is to be provided to a county welfare department pursuant to this section. The form shall notify the person that the information exchanges may occur. A copy of the form may be retained by the person and the authority. The form shall specify the purpose for which the information has been solicited, the entities to which the information may be provided, the uses that may be made of the information, as set forth in Section 552a(e)(3) of Title 5 of the United States Code, and the right of the client to request review of the information that has been provided to the county welfare department. The authority may provide only information that is necessary to determine eligibility for county welfare department programs or services for which the client has applied or which he or she is receiving. The authority shall allow the client to review the information it has provided to a county welfare department, upon request of the client. This section is not intended to eliminate any other legal obligation of the authority to obtain consent from a client before releasing information to another entity.

SEC. 2. Section 10850.5 is added to the Welfare and Institutions Code, to read:

10850.5. A county welfare department may, without the need to provide written documentation that consent has been obtained from a client, provide information to a housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, in order to aid the housing authority in the administration of that part. This section may be implemented either through an automated data exchange system or through a manual system. Any housing authority receiving and maintaining information pursuant to this section shall comply with confidentiality and privacy laws concerning the collection, maintenance, and dissemination of information, as contained in Section 10850 and the federal Privacy Act of 1974, contained in Section 552a of Title 5 of the United States Code. The county welfare department shall provide a written form to each person about whom information is to be provided to a housing authority pursuant to this section. The form

shall notify the person that the information exchanges may occur. A copy of the form may be retained by the person and the county welfare department. The form shall specify the purpose for which the information has been solicited, the entities to which the information may be provided, the uses that may be made of the information, as set forth in Section 552a (e) (3) of Title 5 of the United States Code, and the right of the client to request review of the information that has been provided to the authority. The county welfare department may provide only information that is necessary to determine eligibility for housing authority programs or services for which the client has applied or which he or she is receiving. The county welfare department shall allow the client to review the information it has provided to a housing authority, upon request of the client. This section is not intended to eliminate any other legal obligation of the county welfare department to obtain consent from a client before releasing information to another entity.

CHAPTER 986

An act to add and repeal Section 11329.7 of the Welfare and Institutions Code, relating to public assistance.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11329.7 is added to the Welfare and Institutions Code, to read:

11329.7. (a) The Director of Social Services shall authorize the County of Fresno to operate a pilot project pursuant to this section, for a three-year period, but not to extend beyond January 1, 1997. The purpose of the pilot project shall be to test whether requiring recipients of aid under this chapter who work between 15 hours and 30 hours per week to participate in the GAIN program will increase hours of employment or earnings.

(b) (1) At the option of the County of Fresno, individuals who are employed but are not exempt from registration pursuant to paragraph (8) of subdivision (b) of Section 11310 and who do not have primary responsibility for personally providing care to a child under the age of six years may be required to participate in an appropriate program component as provided in Sections 11322.6 and 11322.8, to the extent that other component activities are available outside the individual's work schedule. Total hours of employment and program participation shall not exceed 30 hours per week. Any individual who, in addition to his or her part-time employment of 15 hours or more per week, attends an education or training program that leads to a degree or certificate shall not be subject to this section.

For individuals subject to this section who are employed and participating in a program component activity, the total level of activity shall be considered with regard to applying Sections 11327.4 and 11327.5.

(2) The county shall notify the department of its adoption of the option to provide for participation in a program component activity pursuant to this section as part of its county plan required under Sections 11320.6 and 11320.8. The county shall implement this section in a manner that does not jeopardize regular or enhanced federal funding.

(c) (1) Within six months after the termination of this pilot project, but no later than June 30, 1997, the department, together with the County of Fresno, shall submit an evaluation of the pilot project to the relevant policy and fiscal committees of the Legislature. The director shall determine the standardized data that the county is required to collect for the pilot project. However, the data and the evaluation shall distinguish between AFDC-FG and AFDC-U families.

(2) The evaluation shall include, but not be limited to, any increased or decreased hours of work and earnings; the number of families whose increased earnings resulted in loss of AFDC benefits; any increased or decreased cost of supportive services; and any displacement of potential GAIN participants who are members of a target population, as defined in subdivision (d) of Section 11322.4, if this information is available and accessible.

(3) The director and the County of Fresno shall consult with the United States Department of Health and Human Services and with the contractor designing the evaluation of the pilot project that eliminates the 100-hour rule, known as the LINK-UP project, to develop an evaluation design that distinguishes the effects of the LINK-UP project from the pilot project described in this section. If the evaluator determines that the effects of the pilot projects cannot be distinguished from each other, this pilot project shall not be implemented.

(d) This section shall become inoperative on June 30, 1997, and, as of January 1, 1998, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the unique circumstances concerning the Greater Avenues for Independence program in the County of Fresno.

CHAPTER 987

An act to amend Sections 1370 and 1373 of, to add Article 5.6 (commencing with Section 1374.60) to Chapter 2.2 of Division 2 of, and to repeal Section 1374.70 of, the Health and Safety Code, relating to health coverage.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1370 of the Health and Safety Code is amended to read:

1370. Every plan shall establish procedures in accordance with department regulations for continuously reviewing the quality of care, performance of medical personnel, utilization of services and facilities, and costs. Notwithstanding any other provision of law, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any person who participates in plan or provider quality of care or utilization reviews by peer review committees which are composed chiefly of physicians and surgeons or dentists, psychologists, or optometrists, or any of the above, for any act performed during the reviews if the person acts without malice, has made a reasonable effort to obtain the facts of the matter, and believes that the action taken is warranted by the facts, and neither the proceedings nor the records of the reviews shall be subject to discovery, nor shall any person in attendance at the reviews be required to testify as to what transpired thereat. Disclosure of the proceedings or records to the governing body of a plan or to any person or entity designated by the plan to review activities of the plan or provider committees shall not alter the status of the records or of the proceedings as privileged communications.

The above prohibition relating to discovery or testimony shall not apply to the statements made by any person in attendance at a review who is a party to an action or proceeding the subject matter of which was reviewed, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits, or to the commissioner in conducting surveys pursuant to Section 1380.

This section shall not be construed to confer immunity from liability on any health care service plan. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a health care service plan, the cause of action shall exist notwithstanding the provisions of this section.

SEC. 2. Section 1373 of the Health and Safety Code is amended to read:

1373. (a) A plan contract may not provide an exception for other

coverage where the other coverage is entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code.

Each plan contract shall be interpreted not to provide an exception for the Medi-Cal benefits.

A plan contract may not provide that the benefits payable thereunder are subject to reduction if the individual insured has entitlement to the Medi-Cal benefits.

(b) A plan contract that provides coverage, whether by specific benefit or by the effect of general wording, for sterilization operations or procedures shall not impose any disclaimer, restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization.

As used in this section, "sterilization operations or procedures" shall have the same meaning as that specified in Section 10120 of the Insurance Code.

(c) Every plan contract that provides coverage to the spouse or dependents of the subscriber or spouse shall grant immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any subscriber or spouse covered and to each minor child placed for adoption from and after the date on which the adoptive child's birth parent or other appropriate legal authority signs a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or a relinquishment form, granting the subscriber or spouse the right to control health care for the adoptive child or, absent this written document, on the date there exists evidence of the subscriber's or spouse's right to control the health care of the child placed for adoption. No such plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of, or children placed for adoption with, a subscriber or spouse covered as required by this subdivision.

(d) Every plan contract that provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide in substance that attainment of the limiting age shall not operate to terminate the coverage of the child while the child is and continues to be both (1) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (2) chiefly dependent upon the subscriber for support and maintenance, provided proof of the incapacity and dependency is furnished to the plan by the member within 31 days of the request for the information by the plan or group plan contractholder and subsequently as may be required by the plan or group plan contractholder, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(e) A plan contract which provides coverage, whether by specific

benefit or by the effect of general wording, for both an employee and one or more covered persons dependent upon the employee and provides for an extension of the coverage for any period following a termination of employment of the employee shall also provide that this extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any applicable collective bargaining agreement.

(f) A group contract shall not discriminate against handicapped persons or against groups containing handicapped persons. Nothing in this subdivision shall preclude reasonable provisions in a plan contract against liability for services or reimbursement of the handicap condition or conditions relating thereto, as may be allowed by rules of the commissioner.

(g) Every group contract shall set forth the terms and conditions under which subscribers and enrollees may remain in the plan in the event the group ceases to exist, the group contract is terminated or an individual subscriber leaves the group, or the enrollees' eligibility status changes.

(h) (1) A health care service plan or specialized health care service plan may provide for coverage of, or for payment for, professional mental health services, or vision care services, or for the exclusion of these services. If the terms and conditions include coverage for services provided in a general acute care hospital or an acute psychiatric hospital as defined in Section 1250 and do not restrict or modify the choice of providers, the coverage shall extend to care provided by a psychiatric health facility as defined in Section 1250.2 operating pursuant to licensure by the State Department of Mental Health. A health care service plan that offers outpatient mental health services but does not cover these services in all of its group contracts shall communicate to prospective group contractholders as to the availability of outpatient coverage for the treatment of mental or nervous disorders.

(2) No plan shall prohibit the member from selecting any psychologist who is licensed pursuant to the Psychology Licensing Law (Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code), any optometrist who is the holder of a certificate issued pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code or, upon referral by a physician and surgeon licensed pursuant to the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code), (i) any marriage, family, and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, (ii) any licensed clinical social worker who is the holder of a license under Section 4996 of the Business and Professions Code, or (iii) any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who

possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at the time that the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, and the certificate holder is expressly authorized by law to perform these services.

(3) Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training and experience.

(4) For the purposes of this section, "marriage, family, and child counselor" means a licensed marriage, family, and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981.

(5) Nothing in this section shall be construed to allow a member to select and obtain mental health or psychological or vision care services from a certificate or license holder who is not directly affiliated with or under contract to the health care service plan or specialized health care service plan to which the member belongs. All health care service plans and individual practice associations that offer mental health benefits shall make reasonable efforts to make available to their members the services of licensed psychologists. However, a failure of a plan or association to comply with the requirements of the preceding sentence shall not constitute a misdemeanor.

(6) As used in this subdivision, "individual practice association" means an entity as defined in subsection (5) of Section 1307 of the federal Public Health Service Act (42 U.S.C. Sec. 300e-1, subsec. (5)).

(7) Health care service plan coverage for professional mental health services may include community residential treatment services that are alternatives to inpatient care and which are directly affiliated with the plan or to which enrollees are referred by providers affiliated with the plan.

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract which provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement that are requisite to the commencement of benefits.

SEC. 3. Article 5.6 (commencing with Section 1374.60) is added

to Chapter 2.2 of Division 2 of the Health and Safety Code, to read:

Article 5.6. Point-of-Service Health Care Service Plan Contracts

1374.60. For purpose of this article, the following definitions shall apply:

(a) A "point-of-service plan contract" means any plan contract offered by a health care service plan whereby the health care service plan assumes financial risk for both "in-network coverage or services" and "out-of-network coverage or services."

The term "point-of-service plan contract" shall not apply to a plan contract where the out-of-network coverage or service is underwritten by an insurance company admitted in this state or is provided by a self-insured employer and is offered in conjunction with in-network coverage or services provided pursuant to a health care service plan contract.

(b) "Out-of-network coverage or services" means health care services received either from (1) providers who are not employed by, under contract with, or otherwise affiliated with the health care service plan, except for health care services received from these providers in an emergency or when referred or authorized by the plan under procedures specifically reviewed and approved by the commissioner or (2) providers who are employed by, under contract with, or otherwise affiliated with a health care service plan in instances when the "in-network coverage or services" requirements for care set forth in the health care service plan's approved evidence of coverage are not met.

(c) "In-network coverage or services" means all of the following:

(1) All the health care services provided or offered under the requirements of this chapter that are received from a provider employed by, under contract with, or otherwise affiliated with the health care service plan and in accordance with the procedures set forth in the plan's approved evidence of coverage.

(2) Health care services received from a provider not affiliated with the health care service plan when the plan arranges for the enrollee to receive services from that provider.

(3) Out-of-area emergency care provided in accordance with the procedures set by the health care service plan to be followed in securing these services.

1374.62. A point-of-service plan contract, in which any risk for out-of-network coverage or services is transferred from a health care service plan through reinsurance, shall be subject to this article.

1374.64. (a) Only a plan that has been licensed under this chapter and in operation in this state for a period of five years or more, or a plan licensed under this chapter and operating in this state for a period of five or more years under a combination of (1) licensure under this chapter and (2) pursuant to a certificate of authority issued by the Department of Insurance may offer a point-of-service contract. A specialized health care service plan shall

not offer a point-of-service plan contract unless this plan was formerly registered under the Knox-Mills Health Plan Act (Article 2.5 (commencing with Section 12530) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code), as repealed by Chapter 941 of the Statutes of 1975, and offered point-of-service plan contracts previously approved by the commissioner on July 1, 1976, and on September 1, 1993.

(b) A plan may offer a point-of-service plan contract only if the commissioner has not found the plan to be in violation of any requirements, including administrative capacity, under this chapter or the rules adopted thereunder and the plan meets, at a minimum, the following financial criteria:

(1) The minimum financial criteria for a plan that maintains a minimum net worth of at least five million dollars ($5,000,000) shall be:

(A) (i) Initial tangible net equity so that the plan is not required to file monthly reports with the commissioner as required by Section 1300.84.3(d) (1) (G) of Title 10 of the California Code of Regulations and then have and maintain adjusted tangible net equity to be determined pursuant to either of the following:

(I) In the case of a plan that is required to have and maintain a tangible net equity as required by Section 1300.76(a) (1) or (2) of Title 10 of the California Code of Regulations, multiply 130 percent times the sum resulting from the addition of the plan's tangible net equity required by Section 1300.76(a) (1) or (2) of Title 10 of the California Code of Regulations and the number that equals 10 percent of the plan's annualized health care expenditures for out-of-network services for point-of-service enrollees.

(II) In the case of a plan that is required to have and maintain a tangible net equity as required by Section 1300.76(a) (3) of Title 10 of the California Code of Regulations, recalculate the plan's tangible net equity under Section 1300.76(a) (3) of Title 10 of the California Code of Regulations excluding the plan's annualized health care expenditures for out-of-network services for point-of-service enrollees, add together the number resulting from this recalculation and the number that equals 10 percent of the plan's annualized health care expenditures for out-of-network services for point of services enrollees, and multiply this sum times 130 percent, provided that the product of this multiplication must exceed 130 percent of the tangible net equity required by Section 1300.76(a) (3) of Title 10 of the California Code of Regulations so that the plan is not required to file monthly reports to the commissioner as required by Section 1300.84.3(d) (1) (G) of Title 10 of the California Code of Regulations.

(ii) The failure of a plan offering a point-of-service plan contract under this article to maintain adjusted tangible net equity as determined by this subdivision shall require the filing of monthly reports with the commissioner pursuant to Section 1300.84.3(d) of Title 10 of the California Code of Regulations, in addition to any other requirements that may be imposed by the commissioner on a

plan under this article and chapter.

(iii) The calculation of tangible net equity under any report to be filed by a plan offering a point-of-service plan contract under this article and required of a plan pursuant to Section 1384, and the regulations adopted thereunder, shall be on the basis of adjusted tangible net equity as determined under this subdivision.

(B) Demonstrates adequate working capital, including (i) a current ratio (current assets divided by current liabilities) of at least 1:1, after excluding obligations of officers, directors, owners, or affiliates, or (ii) evidence that the plan is now meeting its obligations on a timely basis and has been doing so for at least the preceding two years. Short-term obligations of affiliates for goods or services arising in the normal course of business that are payable on the same terms as equivalent transactions with nonaffiliates shall not be excluded. For purposes of this subdivision, an obligation is considered short term if the repayment schedule is 30 days or fewer.

(C) Demonstrates a trend of positive earnings over the previous eight fiscal quarters.

(2) The minimum financial criteria for a plan that maintains a minimum net worth of at least one million five hundred thousand dollars ($1,500,000) but less than five million dollars ($5,000,000) shall be:

(A) (i) Initial tangible net equity so that the plan is not required to file monthly reports with the commissioner as required by Section 1300.84.3(d) (1) (G) of Title 10 of the California Code of Regulations and then have and maintain adjusted tangible net equity to be determined pursuant to either of the following:

(I) In the case of a plan that is required to have and maintain a tangible net equity as required by Section 1300.76(a) (1) or (2) of Title 10 of the California Code of Regulations, multiply 130 percent times the sum resulting from the addition of the plan's tangible net equity required by Section 1300.76(a) (1) or (2) of Title 10 of the California Code of Regulations and the number that equals 10 percent of the plan's annualized health care expenditures for out-of-network services for point-of-service enrollees.

(II) In the case of a plan that is required to have and maintain a tangible net equity as required by Section 1300.76(a) (3) of Title 10 of the California Code of Regulations, recalculate the plan's tangible net equity under Section 1300.76(a) (3) excluding the plan's annualized health care expenditures for out-of-network services for point-of-service enrollees, add together the number resulting from this recalculation and the number that equals 10 percent of the plan's annualized health care expenditures for out-of-network services for point-of-services enrollees, and multiply this sum times 130 percent, provided that the product of this multiplication must exceed 130 percent of the tangible net equity required by Section 1300.76(a) (3) of Title 10 of the California Code of Regulations so that the plan is not required to file monthly reports to the commissioner as required by Section 1300.84.3(d) (1) (G) of Title 10 of the California Code of

Regulations.

(ii) The failure of a plan offering a point-of-service plan contract under this article to maintain adjusted tangible net equity as determined by this subdivision shall require the filing of monthly reports with the commissioner pursuant to Section 1300.84.3(d) of Title 10 of the California Code of Regulations, in addition to any other requirements that may be imposed by the commissioner on a plan under this article and chapter.

(iii) The calculation of tangible net equity under any report to be filed by a plan offering a point-of-service plan contract under this article and required of a plan pursuant to Section 1384, and the regulations adopted thereunder, shall be on the basis of adjusted tangible net equity as determined under this subdivision.

(B) Demonstrates adequate working capital, including (i) a current ratio (current assets divided by current liabilities) of at least 1:1, after excluding obligations of officers, directors, owners, or affiliates or (ii) evidence that the plan is now meeting its obligations on a timely basis and has been doing so for at least the preceding two years. Short-term obligations of affiliates for goods or services arising in the normal course of business that are payable on the same terms as equivalent transactions with nonaffiliates shall not be excluded. For purposes of this subdivision, an obligation is considered short term if the repayment schedule is 30 days or fewer.

(C) Demonstrates a trend of positive earnings over the previous eight fiscal quarters.

(D) Demonstrates to the commissioner that it has obtained insurance for the cost of providing any point-of-service enrollee with out-of-network covered health care services, the aggregate value of which exceeds five thousand dollars ($5,000) in any year. This insurance shall obligate the insurer to continue to provide care for the period in which a premium was paid in the event a plan becomes insolvent. Where a plan cannot obtain insurance as required by this subparagraph, then a plan may demonstrate to the commissioner that it has made other arrangements, acceptable to the commissioner, for the cost of providing enrollees out-of-network health care services; but in this case the expenditure for total out-of-network costs for all enrollees in all point-of-service contracts shall be limited to a percentage, acceptable to the commissioner, not to exceed 5 percent of total health care expenditures for all its enrollees.

(c) Within 30 days of the close of each month a plan offering point-of-service plan contracts under paragraph (2) of subdivision (b) shall file with the commissioner a monthly financial report consisting of a balance sheet and statement of operations of the plan, which need not be certified, and a calculation of the adjusted tangible net equity required under subparagraph (A). The financial statements shall be prepared on a basis consistent with the financial statements furnished by the plan pursuant to Section 1300.84.2 of Title 10 of the California Code of Regulations. A plan shall also make

special reports to the commissioner as the commissioner may from time to time require. Each report to be filed by a plan pursuant to this subdivision shall be verified by a principal officer of the plan as set forth in Section 1300.84.2(e) of Title 10 of the California Code of Regulations.

(d) If it appears to the commissioner that a plan does not have sufficient financial viability, or organizational and administrative capacity to assure the delivery of health care services to its enrollees, the commissioner may, by written order, direct the plan to discontinue the offering of a point-of-service plan contract. The order shall be effective immediately.

1374.65. Point-of-service plan contracts shall:

(a) Provide incentives, including financial incentives, for enrollees to use in-network coverage or services.

(b) Only offer coverage or services obtained out-of-network if it also provides coverage or services on an in-network basis.

(c) Shall not consider the following to be out-of-network coverage or services:

(1) Health care services received from a provider not affiliated with the health care service plan when the plan arranges for the enrollee to receive services from that provider.

(2) Out-of-area emergency care provided in accordance with the procedures set by the health care service plan to be followed in securing these services.

1374.66. Any health care service plan that offers a point-of-service plan contract may do all of the following:

(a) Limit or exclude coverage for specific types of services or conditions when obtained out-of-plan.

(b) Include annual out-of-pocket limits, copayments, and annual and lifetime maximum benefit limits for out-of-network coverage or services that are different or separate from any amounts or limits applied to in-network coverage or services, and may impose a deductible on coverage for out-of-network coverage or services.

(c) To the extent permitted under this chapter, may limit the groups to which a point-of-service plan contract is offered, and may adopt nondiscriminatory renewal guidelines under which one or more point-of-service plan contracts would be replaced with other than point-of-service plan contracts. If a point-of-service plan contract is sold to a group, then the group shall offer it to all members of that group who are eligible for coverage by the health care service plan.

(d) Treat as out-of-network services those services that an enrollee obtains from a provider affiliated with the plan, but not in accordance with the authorization procedures set forth in the health care service plan's approved evidence of coverage.

(e) Contracts between health care service plans and medical providers, for the purpose of providing medical services under point-of-service contracts, may include risk-sharing arrangements for out-of-network services, but only if the risk sharing arrangements

meet all of the following conditions:

(1) The contracting medical provider agrees to participate in risk-sharing arrangements applicable to out-of-network services.

(2) If the medical provider is reimbursed on a capitated or prepaid basis, the contract shall clearly disclose the capitation or prepayment amount to be paid to the medical provider for in-network services received by enrollees under point-of-service contracts.

(3) Any capitation or prepayment amounts paid to the medical provider shall not place the medical provider directly at risk for or directly transfer liability for out-of-network services received by enrollees under point-of-service contracts.

(4) The risk-sharing arrangements for out-of-network services may provide a bonus or incentive to the medical provider to attempt to reduce the utilization of out-of-network services, but shall not place the medical provider at risk for any amounts in excess of the amounts used by the plan to budget for or fund the risk-sharing pool for out-of-network services.

(5) The contract between the medical provider and the plan shall clearly disclose the mathematical method by which funding for the risk-sharing arrangement is established, the mathematical method by which and the extent to which payments for out-of-network services are debited against the risk-sharing funds, and the method by which the risk-sharing arrangement is reconciled on no less than an annual basis.

(6) The contract is approved by the commissioner.

1374.67. A health care service plan offering a point-of-service plan contract is subject to the following limitations:

(a) A health care service plan shall limit its offering of point-of-service plan contracts so that no more than 25 percent of the plan's total premium revenue in any fiscal quarter is earned from point-of-service plan contracts.

(b) A health care service plan offering a point-of-service plan contract shall not expend in any fiscal-year quarter more than 8 percent of its total health care expenditures for all its enrollees for out-of-network services for point-of-service enrollees.

(c) If the amount specified in subdivision (a) or (b) is exceeded by 2 percent in any quarter, the health care service plan shall come into compliance with subdivisions (a) and (b) by the end of the next following quarter. If compliance with the amount specified in subdivisions (a) and (b) is not demonstrated in the health care service plan's next quarterly report, the commissioner may prohibit the health care service plan from offering a point-of-service plan contract to new groups, or may require the health care service plan to amend one or more of its point-of-service contracts at the time of renewal to delete some or all of the out-of-network coverage or services as may be necessary for the plan to demonstrate compliance to the commissioner's satisfaction.

(d) The limitation imposed by this section shall not apply to a plan

which in substantial part indemnified subscribers and enrollees pursuant to contracts issued under such plan's former registration under the Knox-Mills Health Plan Act in 1975 and as of that date, and on September 1, 1993, was offering point-of-service plan contracts previously approved by the commissioner.

1374.68. A health care service plan that offers a point-of-service plan contract shall do all of the following:

(a) Deposit with the commissioner or, at the discretion of the commissioner, with any organization or trustee acceptable to the commissioner through which a custodial or controlled account is maintained, cash, securities, or any combination of these, which is acceptable to the commissioner, that at all times have a fair market value equal to the greater of either one of the following:

(1) Two hundred thousand dollars ($200,000).

(2) One hundred twenty percent of the plan's current monthly claims payable plus incurred but not reported balance for coverage out-of-network coverage or services provided under point-of-service contracts.

(b) Track out-of-network point-of-service utilization separately from in-network utilization.

(c) Record point-of-service utilization in a manner that will permit utilization and cost reporting as the commissioner may require.

(d) Demonstrate to the satisfaction of the commissioner that the health care service plan has the fiscal, administrative, and marketing capacity to control its point-of-service plan contract enrollment, utilization, and costs so as not to jeopardize the financial viability or organizational and administrative capacity of the health care service plan.

(e) Maintain the deposit required under subdivision (a) in a manner agreed to by the commissioner, subject to subdivision (a) of Section 1377 and any regulations adopted thereunder.

(f) Any deposit made pursuant to this section shall be a credit against any deposit required by subdivision (a) of Section 1377.

1374.69. At least 20 business days prior to offering a point-of-service plan contract, a health care service plan shall file a notice of material modification in accordance with Section 1352. The notice of material modification shall include, but not be limited to, provisions specifying how the health care service plan shall accomplish all of the following:

(a) Design the benefit levels and conditions of coverage for in-network coverage and services and out-of-network point-of-service utilization.

(b) Provide or arrange for the provision of adequate systems to do all of the following:

(1) Process and pay claims for all out-of-network coverage and services.

(2) Generate accurate financial and utilization data and reports on a timely basis, so that it and any authorized regulatory agency can

evaluate the health care service plan's experience with point-of-service plan contracts and monitor compliance with point-of-service plan contract projections established by the health care service plan and regulatory requirements.

(3) Track and monitor the quality of health care obtained out-of-network by plan enrollees to the extent reasonable and possible.

(4) Respond promptly to enrollee grievances and complaints, written or oral, including those regarding services obtained out-of-network.

(5) Meet the requirements for a point-of-service plan contract set forth in this section and any additional requirements that may be required by the commissioner.

(c) Comply initially and on an ongoing basis with the requirements of this article.

(d) This section shall become operative July 1, 1995.

1374.70. At least 60 business days prior to offering a point-of-service plan contact, a health care service plan shall file a notice of material modification in accordance with Section 1352. Notwithstanding the 20 business days referenced in subdivision (b) of Section 1352, the commissioner shall within 60 business days or such additional time as the plan may specify, by order, approve, disapprove, suspend, or postpone the effectiveness of a point-of-service plan contract. The notice of material modification shall include, but not be limited to, provisions specifying how the health care service plan will:

(a) Design the benefit levels and conditions of coverage for in-network coverage and services and out-of-network point-of-service utilization.

(b) Provide or arrange for the provisions of adequate systems to do all of the following:

(1) Process and pay claims for all out-of-network coverage and services.

(2) Generate accurate financial and utilization data and reports on a timely basis, so that it and any authorized regulatory agency can evaluate the health care service plan's experience with point-of-service plan contracts and monitor compliance with point-of-service plan contract projections established by the health care service plan and regulatory requirements.

(3) Track and monitor the quality of health care obtained out-of-network by plan enrollees to the extent reasonable and possible.

(4) Respond promptly to enrollee grievances and complaints, written or oral, including those regarding services obtained out-of-network.

(5) Meet the requirements for a point-of-service product plan contract set forth in this section and any additional requirements that may be required by the commissioner.

(c) Comply initially and on an ongoing basis with the

requirements of this article.

(d) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1995, deletes or extends that date.

1374.71. No plan formerly registered under the Knox-Mills Health Plan Act (Article 2.5 (commencing with Section 12530) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code) in 1975 shall be required to file a notice of material modification under Section 1374.69 or 1374.70 for any point-of-service plan contract previously approved by the commissioner under this chapter and offered by plan on or before September 1, 1993.

SEC. 4. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 988

An act to amend and supplement the Budget Act of 1993 (Chapter 55 of the Statutes of 1993) by amending Items 1730-001-001, 2740-001-044, and 2740-001-064 of, and adding Items 1730-001-044 and 1730-001-064 to, Section 2.00 thereof, relating to public finance, to take effect immediately as an appropriation for the usual current expenses of the state.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The State of California has the responsibility for administering and collecting the Vehicle License Fee (VLF) for cities and counties. In this capacity, the state assumes responsibility for ensuring administrative efficiency and improving tax compliance.

As part of the budget compromise for the 1993–94 fiscal year, the

Legislature transferred from the Department of Motor Vehicles to the Franchise Tax Board the administrative responsibility of collecting delinquent VLF accounts. In making this transfer, the Legislature expects to increase tax fairness, reduce administrative costs, and increase revenue collections.

(b) Chapter 60 of the Statutes of 1993 implemented this transfer of administrative responsibility. However, that measure did not amend the Budget Act of 1993 to reduce appropriations to the Department of Motor Vehicles or increase appropriations to the Franchise Tax Board as necessary to conform to that transfer.

(c) It is the intent of the Legislature, pursuant to this act, to adjust appropriations made in the Budget Act of 1993 in order to: (1) implement the provisions of Chapter 60 of the Statutes of 1993, (2) increase administrative efficiency, (3) increase tax fairness, and (4) increase VLF allocations to cities and counties, consistent with the property tax provisions of Chapter 68 of the Statutes of 1993.

SEC. 2. Item 1730-001-001 of Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993) is amended to read:

(s) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 1730-001-044).. —2,562,000
(t) Amount payable from the Motor Vehicle License Fee Account, Transportation Tax Fund (Item 1730-001-064) ..... —4,785,000

Provisions:

1. It is the intent of the Legislature that the Franchise Tax Board resolve tax controversies, without litigation, on a basis that is fair to both the state and the taxpayer and in a manner that will enhance voluntary compliance and public confidence in the integrity and efficiency of the board.
2. In accordance with subdivision (b) of Section 18937 of the Revenue and Taxation Code, during the 1993–94 fiscal year the collection cost recovery fee shall be one hundred three dollars ($103) and the filing enforcement cost recovery fee shall be one hundred fourteen dollars ($114).
3. In accordance with subdivision (b) of Section 26313 of the Revenue and Taxation Code, during the 1993–94 fiscal year the collection cost recovery fee shall be one hundred eighty-three dollars ($183) and the filing enforcement cost recovery fee shall be one hundred nineteen dollars ($119).
4. Of the amount appropriated in this item, the Franchise Tax Board shall allocate a sufficient

amount to initiate a strategic planning effort to consolidate the state's tax administration activities, which shall be conducted jointly by the State Board of Equalization and the Franchise Tax Board. Up to $150,000 of that amount may be expended to pay the Franchise Tax Board's share of costs for consulting services needed in connection with the strategic planning effort. It is the intent of the Legislature that the jointly conducted strategic planning efforts produce a plan to facilitate orderly consolidation of the state's tax administration activities, including the identification of methods to resolve critical issues such as the consolidation of computer systems, telecommunications, and office space, and the identification of other critical issues that may need to be resolved through legislation. The strategic planning effort shall include a progress report to the Joint Legislative Budget Committee and the fiscal committees of each house of the Legislature not later than April 1, 1994. This provision shall be operative only upon the enactment of legislation authorizing the consolidation of the state's tax administration activities.

5. Notwithstanding Section 11003 of the Revenue and Taxation Code, funding is appropriated under this item to the Franchise Tax Board from Vehicle License Fee (VLF) collections for the 1993–94 fiscal year to fund the board's enforcement of Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code.

SEC. 3. Item 1730-001-044 is added to Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993), to read:

1730-001-044—For support of Franchise Tax Board, for payment to Item 1730-001-001, payable from the Motor Vehicle Account, State Transportation Fund 2,562,000

SEC. 4. Item 1730-001-064 is added to Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993), to read:

1730-001-064—For support of Franchise Tax Board, for payment to Item 1730-001-001, payable from the Motor Vehicle License Fee Account, Transportation Tax Fund 4,785,000

SEC. 5. Item 2740-001-044 of Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993) is amended to read:

2740-001-044—For support of Department of Motor Vehicles, payable from the Motor Vehicle Account, State Transportation Fund 459,294,000
Schedule:
(a) 11-Vehicle/Vessel Identification and Compliance 274,993,272

(c) 25-Driver Safety 65,154,832
(d) 32-Occupational Licensing and Investigative Services 27,946,000
(e) 35-New Motor Vehicle Board 1,451,000
(f) 41-01-Administration 62,404,000
(g) 41-02-Distributed Administration ..... −62,404,000
(h) Reimbursements ..... −13,964,000
(i) Amount payable from the General Fund (Item 2740-001-001) ..... −60,000
(j) Amount payable from the New Motor Vehicle Board Account (Item 2740-001-054) ..... −1,451,000
(k) Amount payable from the Motor Vehicle License Fee Account, Transportation Tax Fund (Item 2740-001-064) ..... −32,354,000
(*l*) Amount payable from the Harbors and Watercraft Revolving Fund (Item 2740-001-516) ..... −4,385,000
(m) Amount payable from Federal Trust Fund (Item 2740-001-890) .. −69,000
Provisions:
1. Pursuant to Section 14669 of the Government Code, the Director of General Services, acting on behalf of the Department of Motor Vehicles, with the approval of the Department of Finance, may enter into a lease-purchase agreement or a lease with option to purchase, with an initial option purchase price over $2,000,000 to provide adequate office and parking facilities

for field offices in El Centro and Rocklin.

2. The amount appropriated in this item includes funding for the issuance of several series of special license plates, in accordance with new statutes. These funds may be expended, for each plate series, once the Department of Motor Vehicles has received 5,000 applications or reimbursement from each plate series sponsor to recover implementation costs.
3. Of the amount appropriated in this item, $901,000 may be used only to pay fees owed to a contractor pursuant to the contract for collection of delinquent fees. Any of these amounts not encumbered for this purpose before July 1, 1994, shall revert as of that date.
4. Of the amounts appropriated in this item, up to $534,000 may be expended to expand the pilot project demonstrating the use of credit card transactions at telephone service centers.
5. Section 42205 of the Vehicle Code and the requirements of Section 11003 of the Revenue and Taxation Code regarding the allocation of the appropriate costs of the registration program in the Department of Motor Vehicles between the Vehicle License Fee Account in the Transportation Tax Fund, the State Highway Account in the State Transportation Fund and the Motor Vehicle Account in the State Transportation Account shall be superseded during the 1993-94 fiscal year. This action is taken in order to increase the distribution of Vehicle License Fee moneys to cities and counties for the 1993–94 fiscal year.

SEC. 6. Item 2740-001-064 of Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993) is amended to read:

2740-001-064—For support of Department of Motor Vehicles, for payment to Item 2740-001-044, payable from the Motor Vehicle License Fee Account, Transportation Tax Fund 32,354,000

Provisions:

1. Of the amounts appropriated in this item, $1,749,000 may be used only to pay fees owed to a contractor pursuant to the contract for collection of delinquent fees. Any of these amounts not encumbered for this purpose before July 1, 1994, shall revert as of that date.

SEC. 7. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 989

An act to amend Sections 25207.2 and 25207.4 of, to amend and renumber Sections 25207.7, 25207.8, 25207.9, 25207.10, 25207.11, and 25207.12 of, to add Section 25207.7 to, to repeal and add Sections 25207.5 and 25207.6 of, and to repeal Section 25207.13 of, the Health and Safety Code, relating to hazardous wastes.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25207.2 of the Health and Safety Code is amended to read:

25207.2. (a) A county may develop and establish a collection program for the collection of banned, unregistered, or outdated agricultural wastes, which shall be implemented and operated pursuant to this article. In implementing this collection program, the county may consult with the department, the Department of Pesticide Regulation, the Department of the California Highway Patrol, licensed agricultural pest control operators, agricultural pest control advisers, and the University of California.

(b) A county may implement a collection program with the assistance of the county agricultural commissioner.

(c) If a county implements a collection program pursuant to this article, the program shall include the education of eligible participants on the procedures for the disposal of banned, unregistered, or outdated agricultural wastes, and on problems concerning liability with regard to that disposal.

SEC. 2. Section 25207.4 of the Health and Safety Code is amended to read:

25207.4. If a county implements a collection program that includes collection sites for the dropoff of banned, unregistered, or outdated agricultural wastes by eligible participants, the county shall, upon selection of the sites, complete and submit to the department, for review and approval, all of the following:

(a) An application for Hazardous Waste Identification Numbers for each collection site.

(b) A completed application for an extremely hazardous waste disposal permit, which shall identify the collection site.

(c) A notification to operate each collection site under a permit-by-rule.

SEC. 3. Section 25207.5 of the Health and Safety Code is repealed.

SEC. 4. Section 25207.5 is added to the Health and Safety Code, to read:

25207.5. (a) Except as provided in subdivision (b), for purposes of this article, all eligible participants who transport banned, unregistered, or outdated agricultural wastes which are identified in the survey conducted pursuant to Section 25207.3, and which are prepackaged in accordance with the federal regulations specified in subdivision (a) of Section 25207.6 and transported to the collection site in accordance with subdivision (c) of Section 25207.6, or who transport banned, unregistered, or outdated agricultural wastes which are rejected at the collection site and required to be transported back to the point of origin, are exempt from all of the following:

(1) The requirements for hazardous waste transporter registration and vehicle certification specified in Sections 25163 and 25168.3.

(2) The manifest requirement specified in subdivision (c) of Section 25160.

(3) The volume and weight limits specified in subdivision (c) of Section 25163.

(4) The requirement to obtain an extremely hazardous waste disposal permit pursuant to Chapter 43 (commencing with Section 67430.1) of Division 4.5 of Title 22 of the California Code of Regulations.

(b) Notwithstanding subdivision (a), any eligible participant who generates more than 100 kilograms per month of any RCRA hazardous waste or more than one kilogram per month of any extremely hazardous waste shall obtain a hazardous waste identification number and use a manifest as specified in subdivision (a) of Section 25160, when transporting banned, unregistered, or outdated agricultural wastes subject to a collection program, which shall be completed in accordance with the regulations set forth in Part B (commencing with Section 262.20) of Part 262 of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations. The eligible participant shall complete and process the manifest in the following manner:

(1) The blue copy of the manifest shall be sent to the department.

(2) The designated site for the collection of the banned, unregistered, or outdated agricultural wastes shall be listed in Block 9 of the manifest.

(3) The eligible participant shall sign the manifest as both the generator and the transporter, and sign in both Block 16 and Block 17 of the manifest.

(c) Any eligible participant who transports banned, unregistered, or outdated agricultural wastes pursuant to this section shall transport the waste by himself or herself or by an employee of the eligible participant, and the vehicle shall be owned by the eligible participant.

SEC. 5. Section 25207.6 of the Health and Safety Code is repealed.

SEC. 6. Section 25207.6 is added to the Health and Safety Code, to read:

25207.6. All eligible participants shall handle banned, unregistered, or outdated agricultural wastes that are transported pursuant to Section 25207.5 in the following manner:

(a) The wastes shall be prepackaged in accordance with the regulations adopted by the federal Department of Transportation.

(b) The wastes shall be accompanied by a shipping paper with the information required by the federal Department of Transportation for 100 kilograms or less of RCRA or any non-RCRA waste.

(c) The wastes shall be transported in accordance with the Vehicle Code and the regulations adopted by the Department of the California Highway Patrol pursuant to subdivision (b) of Section 34501 of the Vehicle Code.

SEC. 7. Section 25207.7 of the Health and Safety Code is amended and renumbered to read:

25207.8. The banned, unregistered, or outdated agricultural wastes transported from the collection site shall be transported by a registered hazardous waste transporter to an offsite hazardous waste disposal facility in a certified vehicle and container and a manifest shall be completed for the wastes, in accordance with Sections 25160, 25163, and 25168.3. The wastes shall also be handled and transported in accordance with the regulations adopted by the Environmental Protection Agency concerning the management of hazardous waste, including, but not limited to, the regulations specified in Part 260 (commencing with Section 260.1) to Part 270 (commencing with Section 270.1), inclusive, of Subchapter I of Chapter 1 of the Code of Federal Regulations, the regulations adopted by the federal Department of Transportation concerning the transportation of hazardous materials, and any applicable state laws or regulations.

SEC. 8. Section 25207.7 is added to the Health and Safety Code, to read:

25207.7. The county shall act as the operator of the designated site for the collection of the wastes and shall comply with the regulations adopted pursuant to Section 25160 as the operator of that facility, as specified in Section 25207.13.

SEC. 9. Section 25207.8 of the Health and Safety Code is amended and renumbered to read:

25207.9. A report regarding any transportation accident involving banned, unregistered, or outdated agricultural wastes that are transported pursuant to a collection program shall be submitted to the department by the participating county within 10 days of the incident.

SEC. 10. Section 25207.9 of the Health and Safety Code is amended and renumbered to read:

25207.10. (a) A county implementing a collection program pursuant to this article shall charge a fee to eligible participants to cover the county's costs of implementing the program, including, but not limited to, the costs of collecting, handling, transporting,

treating, recycling, and disposing of the wastes. The county shall transfer 10 percent of the fees that are collected pursuant to this subdivision to the department, within 60 days from the date of collection, for deposit in the Hazardous Waste Control Account, for expenditure by the department, upon appropriation by the Legislature, for purposes of implementing this article.

(b) A county implementing a collection program pursuant to this article may also charge a fee to eligible participants to cover registration fees, administrative costs, and overhead expenses.

SEC. 11. Section 25207.10 of the Health and Safety Code is amended and renumbered to read:

25207.11. The collection program shall require, when economically feasible, that the banned, unregistered, or outdated agricultural wastes which are collected are recycled. If not recycled, the wastes shall be treated or disposed of in compliance with this chapter.

SEC. 12. Section 25207.11 of the Health and Safety Code is amended and renumbered to read:

25207.12. (a) Any eligible participant who submits banned, unregistered, or outdated agricultural wastes for collection in a program established pursuant to this article is exempt from the fees imposed by Sections 25174.1, 25205.2, 25205.5, 25205.7, and 25205.8, from the reporting requirements of Section 25342, and from the tax imposed pursuant to Section 25345, with regard to the wastes submitted for collection.

(b) An eligible participant who submits banned, unregistered, or outdated agricultural wastes for collection is exempt from the hazardous waste facilities permit requirements of Section 25201 with regard to the management of the wastes submitted for collection.

(c) A county operating a collection program in compliance with this article shall not be held liable in any cost recovery action brought pursuant to Section 25360 for any hazardous waste which has been properly handled and transported to an authorized hazardous waste treatment or disposal facility, in compliance with this chapter, at a location other than that of the collection program.

SEC. 13. Section 25207.12 of the Health and Safety Code is amended and renumbered to read:

25207.13. For purposes of complying with the manifest requirements of subdivision (b) of Section 25160, a county which collects banned, unregistered, or outdated agricultural wastes pursuant to this article shall be deemed to be the person who produced the hazardous waste, if the banned, unregistered, or outdated agricultural wastes collected by the county is labeled and no remedial or removal action is required.

SEC. 14. Section 25207.13 of the Health and Safety Code is repealed.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district

will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 990

An act to amend Section 830.33 of the Penal Code, to amend Sections 120220, 120224.4, 120450, and 125220 of, to add Section 120550 to, to repeal Section 120354 of, to add Article 8 (commencing with Section 125450) to Chapter 4 of Division 11.5 of, and to add Article 6 (commencing with Section 125600) to Chapter 5 of Division 11.5 of, the Public Utilities Code, relating to transportation.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 830.33 of the Penal Code is amended to read:

830.33. The following persons are peace officers whose authority extends to any place in the state for the purpose of performing their primary duty or when making an arrest pursuant to Section 836 as to any public offense with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of that offense, or pursuant to Section 8597 or 8598 of the Government Code. Those peace officers may carry firearms only if authorized and under terms and conditions specified by their employing agency.

(a) A member of the San Francisco Bay Area Rapid Transit District Police Department appointed pursuant to Section 28767.5 of the Public Utilities Code, if the primary duty of the peace officer is the enforcement of the law in or about properties owned, operated, or administered by the district or when performing necessary duties with respect to patrons, employees, and properties of the district.

(b) Harbor or port police regularly employed and paid in that capacity by a county, city, or district other than peace officers authorized under Section 830.1, if the primary duty of the peace officer is the enforcement of the law in or about the properties owned, operated, or administered by the harbor or port or when performing necessary duties with respect to patrons, employees, and properties of the harbor or port.

(c) Transit police officers or peace officers of a county, city, transit development board, or district, if the primary duty of the peace officer is the enforcement of the law in or about properties owned,

operated, or administered by the employing agency or when performing necessary duties with respect to patrons, employees, and properties of the employing agency.

(d) Any person regularly employed as an airport law enforcement officer by a city, county, or district operating the airport or by a joint powers agency, created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, operating the airport, if the primary duty of the peace officer is the enforcement of the law in or about properties owned, operated, and administered by the employing agency or when performing necessary duties with respect to patrons, employees, and properties of the employing agency.

(e) Any railroad police officer commissioned by the Governor pursuant to Section 8226 of the Public Utilities Code, if the primary duty of the peace officer is the enforcement of the law in or about properties owned, operated, or administered by the employing agency or when performing necessary duties with respect to patrons, employees, and properties of the employing agency.

SEC. 2. Section 120220 of the Public Utilities Code is amended to read:

120220. The board may make contracts and enter into stipulations of any nature whatsoever, either in connection with eminent domain proceedings or otherwise, including, without limiting the generality of the foregoing, contracts and stipulations to indemnify and save harmless, to employ labor, to contract with a private patrol operator licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, with the county sheriff and municipal police departments within the areas described in Section 120054, and with other transit development boards for security, police, and related services, and to do all acts necessary and convenient for the full exercise of the powers granted in this division.

SEC. 3. Section 120224.4 of the Public Utilities Code is amended to read:

120224.4. (a) The Legislature finds and declares that the award of purchase contracts by the board under competitive bid procedures may not be feasible for products and materials which are undergoing rapid technological changes or for the introduction of new technologies into board operations, and that in these circumstances it is in the public interest to consider the broadest possible range of competing products and materials available, fitness of purpose, manufacturer's warranty, and other similar factors in addition to price in the award of these contracts.

(b) Notwithstanding Section 120222 the board may, after a finding by a two-thirds vote that a particular procurement qualifies under subdivision (g), direct that the procurement be conducted through competitive negotiation under this section. For purposes of this section, competitive negotiation includes, but is not limited to, all of the following requirements:

(1) The request for proposals shall be prepared and submitted to an adequate number of qualified sources, as determined by the board, to permit reasonable competition consistent with the nature and requirements of the procurement. In addition, notice of the request for proposals shall be published at least twice in a newspaper of general circulation, at least 10 days before the date for receipt of the proposals. The board shall make every effort to generate the maximum feasible number of proposals from qualified sources and shall make a finding to that effect before proceeding to negotiate if only a single response to the request for proposals is received.

(2) The request for proposals shall identify all significant evaluation factors, including price, and their relative importance.

(3) The board shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for contract award.

(4) Contract awards shall be made to the qualified proposer whose proposal will be most advantageous to the board, with price and all other factors considered. If award is not made to the bidder whose proposal contains the lowest price, the board shall make a finding setting forth the basis for the award.

(c) The board may reject any and all proposals and request new proposals, at its discretion.

(d) Prior to making an award, the board shall prepare a price analysis and shall find that the final negotiated price is fair and reasonable based upon comparable procurements in the marketplace.

(e) Upon making an award to a qualified proposer, the board, upon request, shall make available to all other proposers and to the public, an analysis of the award which provides the basis for the selection of that particular qualified proposal.

(f) A person who submits, or who plans to submit, a proposal may protest any acquisition conducted in accordance with this section as follows:

(1) Protests based on the content of the request for proposals shall be filed with the board within 10 calendar days after the request for proposals is first advertised in accordance with subdivision (c). The board shall issue a written decision on the protest prior to opening of proposals. A protest may be renewed by refiling the protest with the board within 15 calendar days after the mailing of the notice of the recommended award.

(2) Any bidder may protest the recommended award on any ground not based upon the content of the request for proposals by filing a protest with the board within 15 calendar days after the mailing of the notice of the recommended award.

(3) Any protest shall contain a full and complete written statement specifying in detail the grounds of the protest and the facts supporting the protest. Protestors shall have an opportunity to appear and be heard before the board prior to the opening of proposals in the case of protests based on the content of the request

for proposals, or prior to final award in the case of protests based on other grounds or the renewal of protests based on the content of the request for proposals.

(g) This section applies only to the purchase by the board of specialized rail transit equipment, computers, telecommunications equipment, fare collection equipment, microwave equipment, and other related electronic equipment and apparatus, and of rail cars. This section does not apply to contracts for construction or for the procurement of any product available in substantial quantities to the general public.

(h) Provisions in any contract concerning women and minority business enterprises, which provisions are in accordance with the request for proposals, shall not be subject to negotiation with the successful bidder.

SEC. 4. Section 120354 of the Public Utilities Code is repealed.

SEC. 5. Section 120450 of the Public Utilities Code is amended to read:

120450. Violation of any ordinance, rule, or regulation enacted by the board relating to the nonpayment of a fare in any transit facility owned or controlled by the board shall be an infraction punishable by a fine not exceeding seventy-five dollars ($75), except that a violation by a person, after the second conviction under this section, shall be a misdemeanor punishable by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail not exceeding six months, or by both the fine and imprisonment.

SEC. 6. Section 120550 is added to the Public Utilities Code, to read:

120550. The board may establish and maintain a police force. Those employees of the board appointed by the general manager to the police force and who are duly sworn are peace officers and are subject to the powers set forth in Section 830.33 of the Penal Code. The board shall adhere to the standards for recruitment and training of peace officers established by the Commission on Peace Officer Standards and Training pursuant to Title 4 (commencing with Section 13500) of Part 4 of the Penal Code.

SEC. 6.5. Section 125220 of the Public Utilities Code is amended to read:

125220. The board may make contracts and enter into stipulations of any nature whatsoever, either in connection with eminent domain proceedings or otherwise, including, but not limited to, contracts and stipulations to indemnify and save harmless, to employ labor, to contract with a private patrol operator licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code, the county sheriff and municipal police departments within the areas described in Section 125052, and other transit development boards for security, police, and related services, and to do all acts necessary and convenient for the full exercise of the powers granted in this division.

SEC. 7. Article 8 (commencing with Section 125450) is added to

Chapter 4 of Division 11.5 of the Public Utilities Code, to read:

Article 8. Transit Enforcement and Penalties

125450. A violation of any ordinance, rule, or regulation enacted by the board relating to the nonpayment of a fare in any transit facility owned or controlled by the board shall be an infraction punishable by a fine not exceeding seventy-five dollars ($75), except that a violation by a person, after the second conviction under this section, shall be a misdemeanor punishable by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail not exceeding six months, or by both that fine and imprisonment.

125451. No person shall give, either orally or in writing, information to a public officer or employee engaged in the enforcement of this article if that person knows that the information is false. A violation of this section is an infraction punishable by a fine not to exceed seventy-five dollars ($75), except that a violation by a person, after a second conviction of a violation of this section, shall be a misdemeanor punishable by a fine not to exceed five hundred dollars ($500) or by imprisonment in the county jail not to exceed six months, or by both the fine and imprisonment.

This section is in addition to, and does not supersede or limit, any and all other remedies, civil or criminal.

125452. A violation of any ordinance, rule, or regulation enacted by the board prohibiting unauthorized operation or manipulation of transit facilities owned or controlled by the board, or prohibiting unauthorized tampering or interference with, or loitering in or about, transit facilities owned or controlled by the board, is an infraction punishable by a fine not exceeding seventy-five dollars ($75), except that a violation by a person, after the first conviction under this section, is a misdemeanor punishable by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail not exceeding six months, or by both that fine and imprisonment.

125453. A violation of any ordinance, rule, or regulation enacted by the board prohibiting the unauthorized entering into, climbing upon, holding onto, or in any manner attaching oneself to vehicles operated upon exclusive public mass transit guideways owned or controlled by the board, is an infraction punishable by a fine not exceeding seventy-five dollars ($75), except that a violation by a person, after the first conviction under this section, is a misdemeanor punishable by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail not exceeding six months, or by both that fine and imprisonment.

SEC. 8. Article 6 (commencing with Section 125600) is added to Chapter 5 of Division 11.5 of the Public Utilities Code, to read:

Article 6. Transit Police Force

125600. The board may establish and maintain a police force. Those employees of the board appointed by the general manager to the police force and who are duly sworn are peace officers, subject to Section 830.33 of the Penal Code. The board shall comply with the standards for recruitment and training of peace officers established by the Commission on Peace Officer Standards and Training pursuant to Title 4 (commencing with Section 13500) of Part 4 of the Penal Code.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 991

An act to amend Sections 5203, 5220, 5272, and 5442 of, to add Sections 5216.3, 5216.4, 5222.1, 5440.1, and 5442.5 to, and to repeal Sections 5207 and 5352 of, the Business and Professions Code, relating to outdoor advertising.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5203 of the Business and Professions Code is amended to read:

5203. "Advertising structure" means a structure of any kind or character erected, used, or maintained for outdoor advertising purposes, upon which any poster, bill, printing, painting or other advertisement of any kind whatsoever may be placed, including statuary, for advertising purposes.

"Advertising structure" does not include:

(a) Official notices issued by any court or public body or officer;

(b) Notices posted by any public officer in performance of a public duty or by any person in giving legal notice;

(c) Directional, warning or information structures required by or authorized by law or by federal, state or county authority.

(d) A structure erected near a city or county boundary, which contains the name of such city or county and the names of, or any

other information regarding, civic, fraternal or religious organizations located therein.

SEC. 2. Section 5207 of the Business and Professions Code is repealed.

SEC. 3. Section 5216.3 is added to the Business and Professions Code, to read:

5216.3. "Nonconforming advertising display" means an advertising display that was lawfully placed, but that does not conform to the provisions of this chapter, or the administrative regulations adopted pursuant to this chapter, that were enacted subsequent to the date of placing.

SEC. 4. Section 5216.4 is added to the Business and Professions Code, to read:

5216.4. (a) "Officially designated scenic highway or scenic byway" means any state highway that has been officially designated and maintained as a state scenic highway pursuant to Sections 260, 261, 262, and 262.5 of the Streets and Highways Code or that has been officially designated a scenic byway as referred to in Section 131 (s) of Title 23 of the United States Code.

(b) "Officially designated scenic highway or scenic byway" does not include routes listed as part of the State Scenic Highway system, Streets and Highway Code, Section 263, et seq., unless those routes, or segments of those routes, have been designated as officially designated state scenic highways.

SEC. 5. Section 5220 of the Business and Professions Code is amended to read:

5220. "Primary highway" means any highway in the federal-aid system in existence on June 1, 1991, and any highway that is not in that system but which is in the National Highway System.

SEC. 6. Section 5222.1 is added to the Business and Professions Code, to read:

5222.1. "State highway system" means the state highway system as described in Section 300 of the Streets and Highways Code.

SEC. 7. Section 5272 of the Business and Professions Code is amended to read:

5272. With the exception of the provisions contained in Article 4 (commencing with Section 5300) and Sections 5400 and 5404, inclusive, nothing contained in this chapter applies to any advertising display that is not a message center display defined by paragraph (1) of subdivision (d) of Section 5405 and which is used exclusively for any of the following purposes:

(a) To advertise the sale, lease, or exchange of real property upon which the advertising display is placed.

(b) To advertise directions to, and the sale, lease, or exchange of, real property for which the advertising display is placed; provided, that the exemption of this paragraph shall not apply to advertising displays visible from a highway and subject to the Highway Beautification Act of 1965 (23 U.S.C., Sec. 131).

(c) To designate the name of the owner or occupant of the

premises or to identify the premises.

(d) To advertise the business conducted or services rendered or the goods produced or sold upon the property upon which the advertising display is placed if the display is upon the same side of the highway and within 1,000 feet of the point on the property or within 1,000 feet of the entrance to the site at which the business is conducted or services are rendered or goods are produced or sold.

SEC. 8. Section 5352 of the Business and Professions Code is repealed.

SEC. 9. Section 5440.1 is added to the Business and Professions Code, to read:

5440.1. Except as provided in Section 5442.5, no advertising display may be placed or maintained along any highway or segment of any interstate highway or primary highway that before, on, or after the effective date of Section 131(s) of Title 23 of the United States Code is an officially designated scenic highway or scenic byway.

SEC. 10. Section 5442 of the Business and Professions Code is amended to read:

5442. Section 5440 does not apply to any advertising structure or sign if the advertising display is used exclusively for any of the following purposes:

(a) To advertise the sale or lease of the property upon which the advertising display is placed.

(b) To designate the name of the owner or occupant of the premises upon which the advertising display is placed, or to identify the premises.

(c) To advertise goods manufactured or produced, or services rendered, on the property upon which the advertising display is placed.

SEC. 11. Section 5442.5 is added to the Business and Professions Code, to read:

5442.5. Section 5440.1 does not apply to any advertising display if the advertising display is used exclusively for any of the following purposes:

(a) Directional and official signs and notices, including, but not be limited to, signs and notices pertaining to natural wonders or scenic and historical attractions that are otherwise required or authorized by law and conform to regulations adopted by the department.

(b) Signs, displays, and devices advertising the sale or lease of real property upon which they are located.

(c) Signs, displays, and devices, including, but not limited to, those that may be changed at reasonable intervals by electronic process or by remote control, advertising activities conducted on the property on which they are located.

(d) Signs lawfully in existence on October 22, 1965, as determined by the department to be landmark signs, including signs on farm structures or natural surfaces, or of historic or artistic significance the preservation of which, in the opinion of the department, would be

consistent with the purposes of this section, as determined by regulations adopted by the department.

(e) Signs, displays, and devices advertising the distribution by nonprofit organizations of free coffee to individuals traveling on the interstate system or the primary system. For the purpose of this subdivision, the term "free coffee" means, coffee for which a donation may be made, but is not required.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 992

An act to amend Section 11162 of, to amend the heading of Article 2 (commencing with Section 11160) of Title 1 of Part 4 of, to add Sections 11161.9, 11162.5, 11162.7, 11163, and 11163.2 to, and to repeal and add Sections 11160 and 11161 of, the Penal Code, relating to reports of injuries.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 2 (commencing with Section 11160) of Title 1 of Part 4 of the Penal Code is amended to read:

Article 2. Reports of Injuries

SEC. 2. Section 11160 of the Penal Code is repealed.

SEC. 3. Section 11160 is added to the Penal Code, to read:

11160. (a) Any health practitioner employed in a health facility, clinic, or physician's office who has knowledge of, or observes, in his or her professional capacity or within the scope of his or her employment, a patient whom he or she knows or reasonably suspects is a person described as follows, shall immediately make a report in accordance with subdivision (b):

(1) Any person suffering from any wound or other injury inflicted by his or her own act or inflicted by another where the injury is by means of a knife, firearm, or other deadly weapon.

(2) Any person suffering from any wound or other physical injury

inflicted upon the person where the injury is the result of assaultive or abusive conduct.

(b) Any health practitioner employed in a health facility, clinic, or physician's office shall make a report regarding persons described in subdivision (a) to a local law enforcement agency as follows:

(1) A report by telephone shall be made immediately or as soon as practically possible.

(2) A written report shall be prepared and sent to a local law enforcement agency within two working days of receiving the information regarding the person.

(3) A local law enforcement agency shall be notified and a written report shall be prepared and sent pursuant to paragraphs (1) and (2) even if the person who suffered the wound, other injury, or assaultive or abusive conduct has expired, regardless of whether or not the wound, other injury, or assaultive or abusive conduct was a factor contributing to the death, and even if the evidence of the conduct of the perpetrator of the wound, other injury, or assaultive or abusive conduct was discovered during an autopsy.

(4) The report shall include, but shall not be limited to, the following:

(A) The name of the injured person, if known.

(B) The injured person's whereabouts.

(C) The character and extent of the person's injuries.

(D) The identity of any person the injured person alleges inflicted the wound, other injury, or assaultive or abusive conduct upon the injured person.

(c) For the purposes of this section, "injury" shall not include any psychological or physical condition brought about solely through the voluntary administration of a narcotic or restricted dangerous drug.

(d) For the purposes of this section, "assaultive or abusive conduct" shall include any of the following offenses:

(1) Murder, in violation of Section 187.

(2) Manslaughter, in violation of Section 192 or 192.5.

(3) Mayhem, in violation of Section 203.

(4) Aggravated mayhem, in violation of Section 205.

(5) Torture, in violation of Section 206.

(6) Assault with intent to commit mayhem, rape, sodomy, or oral copulation, in violation of Section 220.

(7) Administering controlled substances or anesthetic to aid in commission of a felony, in violation of Section 222.

(8) Battery, in violation of Section 242.

(9) Sexual battery, in violation of Section 243.4.

(10) Incest, in violation of Section 285.

(11) Throwing any vitriol, corrosive acid, or caustic chemical with intent to injure or disfigure, in violation of Section 244.

(12) Assault with a stun gun or taser, in violation of Section 244.5.

(13) Assault with a deadly weapon, firearm, assault weapon, or machine gun, or by means likely to produce great bodily injury, in violation of Section 245.

(14) Rape, in violation of Section 261.

(15) Spousal rape, in violation of Section 262.

(16) Procuring any female to have sex with another man, in violation of Section 266, 266a, 266b, or 266c.

(17) Child abuse or endangerment, in violation of Section 273a or 273d.

(18) Abuse of spouse or cohabitant, in violation of Section 273.5.

(19) Sodomy, in violation of Section 286.

(20) Lewd and lascivious acts with a child, in violation of Section 288.

(21) Oral copulation, in violation of Section 288a.

(22) Genital or anal penetration by a foreign object, in violation of Section 289 or 289.5.

(23) Elder abuse, in violation of Section 368.

(24) An attempt to commit any crime specified in paragraphs (1) to (23), inclusive.

(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of violence that is required to be reported pursuant to this section, and when there is an agreement among these persons to report as a team, the team may select by mutual agreement a member of the team to make a report by telephone and a single written report, as required by subdivision (b). The written report shall be signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(f) The reporting duties under this section are individual, except as provided in subdivision (e).

(g) No supervisor or administrator shall impede or inhibit the reporting duties required under this section and no person making a report pursuant to this section shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established, except that these procedures shall not be inconsistent with this article. The internal procedures shall not require any employee required to make a report under this article to disclose his or her identity to the employer.

(h) For the purposes of this section, it is the Legislature's intent to avoid duplication of information.

SEC. 4. Section 11161 of the Penal Code is repealed.

SEC. 5. Section 11161 is added to the Penal Code, to read:

11161. Notwithstanding Section 11160, the following shall apply to every physician or surgeon who has under his or her charge or care any person described in subdivision (a) of Section 11160:

(a) The physician or surgeon shall make a report in accordance with subdivision (b) of Section 11160 to a local law enforcement agency.

(b) It is recommended that any medical records of a person about whom the physician or surgeon is required to report pursuant to

subdivision (a) include the following:

(1) Any comments by the injured person regarding past domestic violence, as defined in Section 13700, or regarding the name of any person suspected of inflicting the wound, other physical injury, or assaultive or abusive conduct upon the person.

(2) A map of the injured person's body showing and identifying injuries and bruises at the time of the health care.

(3) A copy of the law enforcement reporting form.

(c) It is recommended that the physician or surgeon refer the person to local domestic violence services if the person is suffering or suspected of suffering from domestic violence, as defined in Section 13700.

SEC. 6. Section 11161.9 is added to the Penal Code, to read:

11161.9. (a) A health practitioner who makes a report in accordance with this article shall not incur civil or criminal liability as a result of any report required or authorized by this article.

(b) (1) No person required or authorized to report pursuant to this article, or designated by a person required or authorized to report pursuant to this article, who takes photographs of a person suspected of being a person described in this article about whom a report is required or authorized shall incur any civil or criminal liability for taking the photographs, causing the photographs to be taken, or disseminating the photographs to local law enforcement with the reports required by this article in accordance with this article. However, this subdivision shall not be deemed to grant immunity from civil or criminal liability with respect to any other use of the photographs.

(2) A court may award attorney's fees to a commercial film and photographic print processor when a suit is brought against the processor because of a disclosure mandated by this article and the court finds that the suit is frivolous.

(c) A health practitioner who, pursuant to a request from an adult protective services agency or a local law enforcement agency, provides the requesting agency with access to the victim of a known or suspected instance of abuse shall not incur civil or criminal liability as a result of providing that access.

(d) No employee shall be discharged, suspended, disciplined, or harassed for making a report pursuant to this section.

(e) This section does not apply to mandated reporting of child abuse, as provided for in Article 2.5 (commencing with Section 11164).

SEC. 7. Section 11162 of the Penal Code is amended to read:

11162. A violation of this article is a misdemeanor, punishable by imprisonment in a county jail not exceeding six months, or by a fine not exceeding one thousand dollars ($1,000), or by both that fine and imprisonment.

SEC. 8. Section 11162.5 is added to the Penal Code, to read:

11162.5. As used in this article, the following definitions shall apply:

(a) "Health practitioner" has the same meaning as provided in Section 11165.8.

(b) "Clinic" is limited to include any clinic specified in Sections 1204 and 1204.3 of the Health and Safety Code.

(c) "Health facility" has the same meaning as provided in Section 1250 of the Health and Safety Code.

(d) "Reasonably suspects" means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect.

SEC. 9. Section 11162.7 is added to the Penal Code, to read:

11162.7. This article shall not apply when a report is required to be made pursuant to the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164)), and Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 10. Section 11163 is added to the Penal Code, to read:

11163. (a) The Legislature finds and declares that even though the Legislature has provided for immunity from liability, pursuant to Section 11161.9, for persons required or authorized to report pursuant to this article, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse pursuant to other laws.

In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibility, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions.

(b) (1) Therefore, a health practitioner may present a claim to the State Board of Control for reasonable attorney's fees incurred in any action against that person on the basis of that person reporting in accordance with this article if the court dismisses the action upon a demurrer or motion for summary judgment made by that person or if that person prevails in the action.

(2) The State Board of Control shall allow the claim pursuant to paragraph (1) if the requirements of paragraph (1) are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorney's fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

(3) This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

SEC. 11. Section 11163.2 is added to the Penal Code, to read:

11163.2. (a) In any court proceeding or administrative hearing, neither the physician-patient privilege nor the psychotherapist privilege applies to the information required to be reported pursuant to this article.

(b) The reports required by this article shall be kept confidential

by the health facility, clinic, or physician's office that submitted the report, and by local law enforcement agencies, and shall only be disclosed by local law enforcement agencies to those involved in the investigation of the report or the enforcement of a criminal law implicated by a report. In no case shall the person suspected or accused of inflicting the wound, other injury, or assaultive or abusive conduct upon the injured person or his or her attorney be allowed access to the injured person's whereabouts.

(c) For the purposes of this article, reports of suspected child abuse and information contained therein may be disclosed only to persons or agencies with whom investigations of child abuse are coordinated under the regulations promulgated under Section 11174.

(d) The Board of Prison Terms may subpoena reports that are not unfounded and reports that concern only the current incidents upon which parole revocation proceedings are pending against a parolee.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs that may be incurred by a local agency or school district that will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 993

An act to add Article 13 (commencing with Section 32435) to Chapter 3 of Part 19 of the Education Code, relating to the use of public funds by local educational entities.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Article 13 (commencing with Section 32435) is added to Chapter 3 of Part 19 of the Education Code, to read:

Article 13. Prohibited Uses of Public Funds

32435. (a) No school district, county board of education, or county superintendent of schools shall expend any public funds on the purchase of alcoholic beverages.

(b) If an employee of a school district or county educational agency requests and is erroneously granted a reimbursement for the purchase of alcoholic beverages in violation of subdivision (a) of this section, the employee may refund the reimbursement.

CHAPTER 994

An act relating to economic development.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Treasurer, in consultation with the State Banking Department and the Department of Savings and Loan, shall, on or before June 1, 1994, develop alternatives to current collateral requirements for all financial institutions that are eligible to hold state deposits and provide banking services for the Treasurer. The Treasurer, in evaluating collateral requirement alternatives, shall require a financial institution taking advantage of those requirements to demonstrate and maintain a community reinvestment performance profile that is consistent with promoting economic growth and recovery in California's minority and inner-city communities. It is the intent of the Legislature that the reason for developing new alternatives to collateral requirements is to promote the economic recovery and growth for those areas affected by the civil disturbances in Los Angeles on April 29, 1992, and following days.

CHAPTER 995

An act to amend Sections 836 and 853.6 of the Penal Code, relating to protective orders.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 836 of the Penal Code is amended to read:

836. (a) A peace officer may arrest a person in obedience to a

warrant, or, pursuant to the authority granted to him or her by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, without a warrant, may arrest a person whenever any of the following circumstances occur:

(1) The officer has reasonable cause to believe that the person to be arrested has committed a public offense in the officer's presence.

(2) The person arrested has committed a felony, although not in the officer's presence.

(3) The officer has reasonable cause to believe that the person to be arrested has committed a felony, whether or not a felony, in fact, has been committed.

(b) Any time a peace officer is called out on a domestic call, it shall be mandatory that the officer make a good faith effort to inform the victim of his or her right to make a citizen's arrest. This information shall include advising the victim how to safely execute the arrest.

(c) (1) When a peace officer is responding to a call alleging a violation of a protective order issued under Section 2035, 2045, 5530, 5550, 5650, 7710, 7720, or 7750 of the Family Code or Section 136.2 of this code, and the peace officer has reasonable cause to believe that the person against whom the order is issued has notice of the order and has committed an act in violation of the order, the officer may arrest the person without a warrant and take that person into custody whether or not the violation occurred in the presence of the arresting officer. The officer shall, as soon as possible after the arrest, confirm with the appropriate authorities that a true copy of the protective order has been filed, unless the victim provides the officer with a copy of the protective order.

(2) The person against whom a protective order has been issued shall be deemed to have notice of the order if the victim presents to the officer proof of service of the order, the officer confirms with the appropriate authorities that a true copy of the proof of service is on file, or the person against whom the protective order was issued was present at the protective order hearing or was informed by a peace officer of the contents of the protective order.

(3) In situations where mutual protective orders have been issued under Section 2035, 2045, 5530, 5550, 5650, 7710, 7720, or 7750 of the Family Code, liability for arrest under this subdivision applies only to those persons who are reasonably believed to have been the primary aggressor. In those situations, prior to making an arrest under this subdivision, the peace officer shall make reasonable efforts to identify, and may arrest, the primary aggressor involved in the incident. The primary aggressor is the person determined to be the most significant, rather than the first, aggressor. In identifying the primary aggressor, an officer shall consider (A) the intent of the law to protect victims of domestic violence from continuing abuse, (B) the threats creating fear of physical injury, (C) the history of domestic violence between the persons involved, and (D) whether either person involved acted in self-defense.

SEC. 2. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor, including a violation of any city or county ordinance, and does not demand to be taken before a magistrate, that person shall, instead of being taken before a magistrate, be released according to the procedures set forth by this chapter. If the person is released, the officer or superior shall prepare in duplicate a written notice to appear in court, containing the name and address of the person, the offense charged, and the time when, and place where, the person shall appear in court. If, pursuant to subdivision (i), the person is not released prior to being booked and the officer in charge of the booking or his or her superior determines that the person should be released, the officer or superior shall prepare a written notice to appear in a court.

In any case in which a person is arrested for a misdemeanor violation of a protective court order involving domestic violence, as defined in subdivision (b) of Section 13700, the person shall be taken before a magistrate instead of being released according to the procedures set forth in this chapter, unless the arresting officer determines that there is not a reasonable likelihood that the offense will continue or resume or that the safety of persons or property would be imminently endangered by release of the person arrested. Prior to adopting these provisions, each city, county, or city and county shall develop a protocol to assist officers to determine when arrest and release is appropriate, rather than taking the arrested person before a magistrate. The county shall establish a committee to develop the protocol, consisting of, at a minimum, the police chief or county sheriff within the jurisdiction, the district attorney, county counsel, city attorney, representatives from domestic violence shelters, domestic violence councils, and other relevant community agencies.

Nothing in this subdivision shall be construed to affect a defendant's ability to be released on bail or on his or her own recognizance.

(b) Unless waived by the person, the time specified in the notice to appear shall be at least 10 days after arrest if the duplicate notice is to be filed by the officer with the magistrate.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by that court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, shall give his or her written promise to appear in court as specified in the notice by signing the duplicate notice which shall be retained by the officer. Upon the signing of the duplicate notice, the arresting officer shall immediately release the person arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate

notice, as follows:

(1) It shall be filed with the magistrate if the offense charged is an infraction.

(2) It shall be filed with the magistrate if the prosecuting attorney has previously directed the officer to do so.

(3) The duplicate notice and underlying police reports in support of the charge or charges shall be filed with the prosecuting attorney in cases other than those specified in paragraphs (1) and (2).

If the duplicate notice is filed with the prosecuting attorney, he or she, within his or her discretion, may initiate prosecution by filing the notice or a formal complaint with the magistrate specified in the duplicate notice within 25 days from the time of arrest. If the prosecution is not to be initiated, the prosecutor shall send notice to the person arrested at the address on the notice to appear. The failure by the prosecutor to file the notice or formal complaint within 25 days of the time of the arrest shall not bar further prosecution of the misdemeanor charged in the notice to appear. However, any further prosecution shall be preceded by a new and separate citation or an arrest warrant.

Upon the filing of the notice with the magistrate by the officer, or the filing of the notice or formal complaint by the prosecutor, the magistrate may fix the amount of bail which in his or her judgment, in accordance with Section 1275, is reasonable and sufficient for the appearance of the defendant and shall indorse upon the notice a statement signed by him or her in the form set forth in Section 815a. The defendant may, prior to the date upon which he or she promised to appear in court, deposit with the magistrate the amount of bail set by the magistrate. At the time the case is called for arraignment before the magistrate, if the defendant does not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may, in his or her discretion, order that no further proceedings shall be had in the case, unless the defendant has been charged with violation of Section 374.3 or 374.7 of this code or of Section 11357, 11360, or 13002 of the Health and Safety Code, or a violation punishable under Section 5008.7 of the Public Resources Code, and he or she has previously been convicted of a violation of that section or a violation which is punishable under that section, except in cases where the magistrate finds that undue hardship will be imposed upon the defendant by requiring him or her to appear, the magistrate may declare the bail forfeited and order that no further proceedings be had in the case.

Upon the making of the order that no further proceedings be had, all sums deposited as bail shall immediately be paid into the county treasury for distribution pursuant to Section 1463.

(f) No warrant shall be issued for the arrest of a person who has given a written promise to appear in court, unless and until he or she has violated that promise or has failed to deposit bail, to appear for arraignment, trial, or judgment or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer may book the arrested person prior to release or indicate on the citation that the arrested person shall appear at the arresting agency to be booked or indicate on the citation that the arrested person shall appear at the arresting agency to be fingerprinted prior to the date the arrested person appears in court. If it is indicated on the citation that the arrested person shall be booked or fingerprinted prior to the date of the person's court appearance, the arresting agency at the time of booking or fingerprinting shall provide the arrested person with verification of the booking or fingerprinting by either making an entry on the citation or providing the arrested person a verification form established by the arresting agency. If it is indicated on the citation that the arrested person is to be booked or fingerprinted, the magistrate, judge, or court shall, before the proceedings begin, order the defendant to provide verification that he or she was booked or fingerprinted by the arresting agency. If the defendant cannot produce the verification, the magistrate, judge, or court shall require that the defendant be booked or fingerprinted by the arresting agency before the next court appearance, and that the defendant provide the verification at the next court appearance unless both parties stipulate that booking or fingerprinting is not necessary.

(h) A peace officer shall use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person without a warrant pursuant to Section 836 or in which he or she has taken custody of a person pursuant to Section 847.

(i) Whenever any person is arrested by a peace officer for a misdemeanor, that person shall be released according to the procedures set forth by this chapter unless one of the following is a reason for nonrelease, in which case the arresting officer may release the person, or the arresting officer shall indicate, on a form to be established by his or her employing law enforcement agency, which of the following was a reason for the nonrelease:

(1) The person arrested was so intoxicated that he or she could have been a danger to himself or herself or to others.

(2) The person arrested required medical examination or medical care or was otherwise unable to care for his or her own safety.

(3) The person was arrested under one or more of the circumstances listed in Sections 40302 and 40303 of the Vehicle Code.

(4) There were one or more outstanding arrest warrants for the person.

(5) The person could not provide satisfactory evidence of personal identification.

(6) The prosecution of the offense or offenses for which the person was arrested, or the prosecution of any other offense or offenses, would be jeopardized by immediate release of the person arrested.

(7) There was a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property

would be imminently endangered by release of the person arrested.

(8) The person arrested demanded to be taken before a magistrate or refused to sign the notice to appear.

(9) There is reason to believe that the person would not appear at the time and place specified in the notice. The basis for this determination shall be specifically stated.

The form shall be filed with the arresting agency as soon as practicable and shall be made available to any party having custody of the arrested person, subsequent to the arresting officer, and to any person authorized by law to release him or her from custody before trial.

(j) Once the arresting officer has prepared the written notice to appear and has delivered a copy to the person arrested, the officer shall deliver the remaining original and all copies as provided by subdivision (e).

Any person, including the arresting officer and any member of the officer's department or agency, or any peace officer, who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed, the face side of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the magistrate or with a person authorized by the magistrate to receive deposit of bail, is guilty of a misdemeanor.

If, after an arrested person has signed and received a copy of a notice to appear, the arresting officer determines that, in the interest of justice, the citation or notice should be dismissed, the arresting agency may recommend, in writing, to the magistrate that the charges be dismissed. The recommendation shall cite the reasons for the recommendation and shall be filed with the court.

If the magistrate makes a finding that there are grounds for dismissal, the finding shall be entered in the record and the charges dismissed.

Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal.

(k) For purposes of this section, the term "arresting agency" includes any other agency designated by the arresting agency to provide booking or fingerprinting services.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.

CHAPTER 996

An act to amend Section 668 of, and to add Section 658.3 to, the Harbors and Navigation Code, relating to vessels.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 658.3 is added to the Harbors and Navigation Code, to read:

658.3. (a) No person shall operate a motorboat, sailboat, or vessel that is 26 feet or less in length unless every person who is six years of age or less is wearing a type I, II, or III Coast Guard approved personal flotation device while that motorboat, sailboat, or vessel is underway.

(b) Subdivision (a) does not apply to a person operating a sailboat on which a person who is six years of age or less is restrained by a harness tethered to the vessel, or to a person operating a vessel on which a person who is six years of age or less is in an enclosed cabin.

(c) Subdivision (a) does not apply to a person operating a motorboat, sailboat, or vessel if the operator is reacting to an emergency rescue situation.

(d) The following definitions govern the construction of this section:

(1) "Enclosed cabin" means a space on board a vessel that is surrounded by bulkheads and covered by a roof.

(2) "Operate a motorboat, sailboat, or vessel" means to be in control or in charge of a motorboat, sailboat, or vessel while it is underway.

(3) "Underway" means all times except when the motorboat, sailboat, or vessel is anchored, moored, or aground.

(e) A violation of this section is a infraction punishable as provided in subdivision (a) of Section 668.

SEC. 2. Section 668 of the Harbors and Navigation Code is amended to read:

668. (a) Any person who violates subdivision (c) of Section 652, Section 654, 654.05, 654.06, 658.3, 659, 673, 674, or 754, or any rules or regulations adopted pursuant thereto, is guilty of an infraction, punishable by a fine of not more than two hundred fifty dollars ($250).

(b) (1) Any person who violates Section 655.2 or 655.3, or any regulation adopted pursuant thereto, is guilty of a misdemeanor and shall be punished by a fine of not more than one hundred dollars ($100) or imprisonment in the county jail for not more than five days,

or by both that fine and imprisonment, for each violation.

(2) Any person who violates subdivision (a) or (b) of Section 658 is guilty of a misdemeanor and shall be punished by a fine of not more than two hundred dollars ($200) for each violation.

(3) Any person who violates subdivision (d) of Section 652, Section 652.5, subdivision (a) of Section 655, Section 655.05, 656, or 656.1, subdivision (d) or (e) of Section 658, Section 663.6 or 665, or any rules and regulations adopted pursuant to subdivision (b) or (c) of Section 660, is guilty of a misdemeanor and shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment, for each violation.

(c) Any person convicted of a first violation of subdivision (b), (c), (d), or (e) of Section 655, or of a violation of Section 655.4, shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment. If probation is granted, the court may, as a condition of probation, require the person to participate in, and successfully complete, an alcohol or drug education, training, or treatment program, in addition to imposing any penalties required by this code. In order to enable all persons to participate in licensed programs, every person referred to a program licensed pursuant to Section 11836 of the Health and Safety Code shall pay that program's costs commensurate with that person's ability to pay as determined by Section 11837.4 of the Health and Safety Code.

(d) Any person convicted of a second or subsequent violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of the first conviction of any of those subdivisions or subdivision (f) of Section 655, or any person convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of a separate conviction of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or a separate conviction of Section 23152 or 23153 of the Vehicle Code or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than one year, or by both that fine and imprisonment. If probation is granted, the court may, as a condition of probation, require the person to do either of the following, if available in the county of the person's residence or employment:

(1) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the persons ability to pay as determined

pursuant to Section 11837.4 of the Health and Safety Code.

(2) Participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. A person ordered to treatment pursuant to this paragraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(e) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment in the state prison, or in the county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If probation is granted, the court may, as a condition of probation, require the person to participate in, and successfully complete, a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the person's county of residence or employment, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(f) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 90 days or more

than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court may order, as a condition of probation, that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(g) The court shall not absolve a person who is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), (e), or (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, from the minimum time in confinement provided in this section and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (h).

(h) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

(i) Any person convicted of a violation of Section 656.2 or 656.3 shall be punished by a fine of not more than ten thousand dollars ($10,000) or imprisonment in the state prison or in the county jail for not more than one year, or by both that fine and imprisonment.

(j) Any person convicted of a violation of Section 658.5 shall be punished by a fine of not more than one hundred dollars ($100).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 997

An act to add Section 1797.174 to, and to amend, add, and repeal Sections 1797.112, 1797.172, and 1798.200 of, the Health and Safety Code, relating to emergency medical services.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1797.112 is added to the Health and Safety Code, to read:

1797.112. (a) The Emergency Medical Services Personnel Fund is hereby created in the State Treasury and is continuously appropriated to the authority to maintain the authority's testing and personnel certification program and to make reimbursements to entities for the performance of functions for which fees are collected pursuant to subdivision (a) of Section 1797.185. The authority may transfer unused portions of the Emergency Medical Services Personnel Fund to the Surplus Money Investment Fund.

(b) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1995, deletes or extends that date.

SEC. 2. Section 1797.112 of the Health and Safety Code, as added by Section 1.2 of Chapter 100 of the Statutes of 1993, is amended to read:

1797.112. (a) The Emergency Medical Services Personnel Fund is hereby created in the State Treasury and is continuously appropriated to the authority to maintain the authority's testing and personnel registry program and to make reimbursements to entities for the performance of functions for which fees are collected pursuant to subdivision (a) of Section 1797.185. The authority may transfer unused portions of the Emergency Medical Services Personnel Fund to the Surplus Money Investment Fund.

(b) This section shall be inoperative until January 1, 1995, and shall become operative on that date.

SEC. 3. Section 1797.172 is added to the Health and Safety Code, to read:

1797.172. (a) The authority shall develop, and after the approval of the commission pursuant to Section 1799.50, shall adopt, minimum

standards for the training and scope of practice for EMT-P. Notwithstanding any other provision of law, the authority shall be the agency solely responsible for certification and recertification of EMT-Ps who meet the standards and are not precluded from certification because of any of the reasons listed in Section 1798.200.

(b) The director shall, in consultation with a committee of local EMS medical directors named by the Emergency Medical Directors Association of California, approve any addition to a local optional scope of practice for EMT-P's proposed by the medical director of a local EMS agency prior to implementation of the addition in the local system.

(c) The authority may charge fees, which shall be established in regulations adopted by the authority after the approval of the commission and shall not exceed the authority's actual costs, for the certification and recertification of EMT-Ps. During the 1994 calendar year, the basic fee for certification or recertification of an EMT-P shall not exceed one hundred twenty-five dollars ($125). Separate fees, in addition to the basic fee which shall not exceed the actual costs, may be established, at the option of the authority, for any of the following services that are not shared by all applicants:

(1) Initial application for certification as an EMT-P.

(2) Competency testing, the fee for which shall not exceed thirty dollars ($30).

(3) Fingerprint and criminal record check.

(4) Out-of-state training equivalency determination.

(5) Verification of additional continuing education required for a lapse in certification.

(6) Replacement of a lost certification card.

(d) The authority may also establish fees for information provided from the EMT-P certification data bank to persons or entities other than the certified EMT-P or applicant for certification as an EMT-P to whom the information applies, the EMT-P's or the applicant's advanced life support provider employer, or a local EMS agency.

(e) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1995, deletes or extends that date.

SEC. 4. Section 1797.172 of the Health and Safety Code, as added by Section 1.4 of Chapter 100 of the Statutes of 1993, is amended to read:

1797.172. (a) The authority shall develop, and after the approval of the commission pursuant to Section 1799.50, shall adopt, minimum standards for the training and scope of practice for EMT-P.

(b) The director shall, in consultation with a committee of local EMS medical directors named by the Emergency Medical Directors Association of California, approve any addition to a local optional scope of practice for EMT-Ps proposed by the medical director of a local EMS agency prior to implementation of the addition in the local system.

(c) This section shall be inoperative until January 1, 1995, and shall

become operative on that date.

SEC. 5. Section 1797.174 is added to the Health and Safety Code, to read:

1797.174. In consultation with the commission, the Emergency Medical Directors Association of California, and other affected constituencies, the authority shall develop statewide guidelines for continuing education courses and approval of continuing education courses for EMT-Ps and for quality improvement systems which monitor and promote improvement in the quality of care provided by EMT-Ps throughout the state.

SEC. 6. Section 1798.200 is added to the Health and Safety Code, to read:

1798.200. (a) The medical director of the local EMS agency may place any EMT-I or EMT-II certificate holder on probation or deny certification as an EMT-I or EMT-II or suspend or revoke any EMT-I or EMT-II certificate issued under this division, in accordance with guidelines established by the authority, upon the finding by that medical director of an imminent threat to the public health and safety as evidenced by the occurrence of any of the actions listed in subdivision (d).

(b) The medical director of the local EMS agency may place any EMT-P certificate holder on probation or temporarily suspend or recommend to the authority the suspension or revocation of any EMT-P certificate issued under this division, in accordance with guidelines established by the authority, upon the finding by that medical director of an imminent threat to the public health and safety as evidenced by the occurrence of any of the actions listed in subdivision (d). A recommendation for the suspension or revocation of an EMT-P certificate shall be accompanied by all documentary evidence collected by the medical director relative to the recommendation. The recommendation and accompanying evidence shall be deemed in the nature of an investigative communication and be protected by Section 6254 of the Government Code.

(c) The authority may deny, suspend, or revoke certification as an EMT-P or may place any EMT-P certificate holder on probation, in accordance with guidelines established by the authority, upon the finding by the director of an imminent threat to the public health and safety as evidenced by the occurrence of any of the actions listed in subdivision (d).

(d) Any of the following actions shall be considered evidence of a threat to the public health and safety and may result in the denial, suspension, or revocation of a certificate issued under this division or the placement on probation of a certificate holder:

(1) Fraud in the procurement of any certification under this division.

(2) Gross negligence.

(3) Repeated negligent acts.

(4) Incompetence.

(5) The commission of any fraudulent, dishonest, or corrupt act which is substantially related to the qualifications, functions, and duties of prehospital personnel.

(6) Conviction of any crime which is substantially related to the qualifications, functions, and duties of prehospital personnel. The record of conviction or a certified copy of the record shall be conclusive evidence of such conviction.

(7) Violating or attempting to violate directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this division or the regulations adopted by the authority pertaining to prehospital personnel.

(8) Violating or attempting to violate any federal or state statute or regulation which regulates narcotics, dangerous drugs, or controlled substances.

(9) Addition to the excessive use of, or the misuse of, alcoholic beverages, narcotics, dangerous drugs, or controlled substances.

(10) Functioning outside the supervision of medical control in the field care system operating at the local level, except as authorized by any other license or certification.

(11) Demonstration of irrational behavior or occurrence of a physical disability to the extent that a reasonable and prudent person would have reasonable cause to believe that the ability to perform the duties normally expected may be impaired.

(e) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1995, deletes or extends that date.

SEC. 7. Section 1798.200 of the Health and Safety Code, as added by Section 1.6 of Chapter 100 of the Statutes of 1993, is amended to read:

1798.200. (a) The medical director of the local EMS agency may place on probation any certificate holder or suspend or revoke any certificate issued under this division and in accordance with guidelines established by the authority upon the finding by that medical director of an imminent threat to the public health and safety as evidenced by the occurrence of any of the following actions:

(1) Fraud in the procurement of any certification under this division.

(2) Gross negligence.

(3) Repeated negligent acts.

(4) Incompetence.

(5) The commission of any fraudulent, dishonest, or corrupt act which is substantially related to the qualifications, functions, and duties of prehospital personnel.

(6) Conviction of any crime which is substantially related to the qualifications, functions, and duties of prehospital personnel. The record of conviction or a certified copy of the record shall be conclusive evidence of such conviction.

(7) Violating or attempting to violate directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any

provision of this division or the regulations adopted by the authority pertaining to prehospital personnel.

(8) Violating or attempting to violate any federal or state statute or regulation which regulates narcotics, dangerous drugs, or controlled substances.

(9) Addiction to the excessive use of, or the misuse of, alcoholic beverages, narcotics, dangerous drugs, or controlled substances.

(10) Functioning outside the supervision of medical control in the field care system operating at the local level, except as authorized by any other license or certification.

(11) Demonstration of irrational behavior or occurrence of a physical disability to the extent that a reasonable and prudent person would have reasonable cause to believe that the ability to perform the duties normally expected may be impaired.

(b) This section shall be inoperative until January 1, 1995, and shall become operative on that date.

SEC. 8. (a) The Emergency Medical Services Authority shall conduct an evaluation of the current state EMT-P exam, which tests EMT-Ps on the basic scope of practice, and determines its efficacy as a mechanism for ensuring quality prehospital care provided by EMT-Ps. To the extent data is available, the evaluation shall include, but not be limited to, all of the following:

(1) An explanation and evaluation of the elements of the basic scope of practice exam and a contrast between the knowledge necessary to achieve a passing score on the exam versus the knowledge required of a practicing EMT-P and the knowledge required to provide effective services in the field.

(2) The historic passage rates for EMT-Ps at two and four year intervals.

(3) Other EMT-P testing requirements on specific life support practices which are required at the local level.

(4) The extent to which testing requirements should be tailored to EMT-Ps with differing levels of experience in the field.

(5) The extent of local continuing education and quality improvement programs and the extent to which these programs currently offer an alternative to periodic testing on the basic scope of practice and a mechanism for promoting and maintaining quality prehospital care.

(b) The authority shall provide by August 1, 1994, a copy of its evaluation with recommendations to the Commission on Emergency Medical Services and to the public generally. The commission shall review the evaluation and act upon the recommendations of the authority concerning the necessity of a basic scope of practice exam for recertifying EMT-Ps as a mechanism for ensuring quality prehospital care and any alternative testing, education or practice mechanisms which could, in part or in whole, be utilized to ensure quality prehospital services in lieu of the basic scope of practice exam.

SEC. 9. The Emergency Medical Services Authority shall adopt

regulations pursuant to the Administrative Procedures Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) to implement this act. Initial regulations to implement this act shall be adopted as emergency regulations. The adoption of these emergency regulations shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare.

CHAPTER 998

An act to amend Sections 6314, 6651, 7314, and 7350 of the Labor Code, relating to occupational safety and health.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6314 of the Labor Code is amended to read:

6314. (a) To make an investigation or inspection, the chief of the division and all qualified divisional inspectors and investigators authorized by him or her shall, upon presenting appropriate credentials to the employer, have free access to any place of employment to investigate and inspect during regular working hours, and at other reasonable times when necessary for the protection of safety and health, and within reasonable limits and in a reasonable manner. The chief or his or her authorized representative may, during the course of any investigation or inspection, obtain any statistics, information, or any physical materials in the possession of the employer that are directly related to the purpose of the investigation or inspection, conduct any tests necessary to the investigation or inspection, and take photographs. Photographs taken by the division during the course of any investigation or inspection shall be considered to be confidential information pursuant to the provisions of Section 6322, and shall not be deemed to be public records for purposes of the California Public Records Act.

(b) If permission to investigate or inspect the place of employment is refused, or the facts or circumstances reasonably justify the failure to seek permission, the chief or his or her authorized representative may obtain an inspection warrant pursuant to the provisions of Title 13 (commencing with Section 1822.50) of the Code of Civil Procedure. Cause for the issuance of a warrant shall be deemed to exist if there has been an industrial accident, injury, or illness reported, if any complaint that violations of occupational safety and health standards exist at the place of employment has been received by the division, or if the place of

employment to be inspected has been chosen on the basis of specific neutral criteria contained in a general administrative plan for the enforcement of this division.

(c) The chief and his or her authorized representatives may issue subpoenas to compel the attendance of witnesses and the production of books, papers, records, and physical materials, administer oaths, examine witnesses under oath, take verification or proof of written materials, and take depositions and affidavits for the purpose of carrying out the duties of the division.

(d) In the course of any investigation or inspection of an employer or place of employment by an authorized representative of the division, a representative of the employer and a representative authorized by his or her employees shall have an opportunity to accompany him or her on the tour of inspection. Any employee or employer, or their authorized representatives, shall have the right to discuss safety and health violations or safety and health problems with the inspector privately during the course of an investigation or inspection. Where there is no authorized employee representative, the chief or his or her authorized representatives shall consult with a reasonable number of employees concerning matters of health and safety of the place of employment.

(e) During any investigation of an industrial accident or occupational illness conducted by the division pursuant to the provisions of Section 6313, the chief or his or her authorized representative may issue an order to preserve physical materials or the accident site as they were at the time the accident or illness occurred if, in the opinion of the division, it is necessary to do so in order to determine the cause or causes of the accident or illness, and the evidence is in potential danger of being removed, altered, or tampered with. Under these circumstances, the division shall issue that order in a manner that will avoid, to the extent possible, any interference with normal business operations.

A conspicuous notice that an order has been issued shall be prepared by the division and shall be posted by the employer in the area or on the article to be preserved. The order shall be limited to the immediate area and the machines, devices, apparatus, or equipment directly associated with the accident or illness.

Any person who knowingly violates an order issued by the division pursuant to this subdivision shall, upon conviction, be punished by a fine of not more than five thousand dollars ($5,000).

SEC. 2. Section 6651 of the Labor Code is amended to read:

6651. (a) Notwithstanding Section 340 of the Code of Civil Procedure, an action to collect any civil penalty, fee, or penalty fee under this division shall be commenced within three years from the date the penalty or fee became final.

(b) The amendments made to this section by the act adding this subdivision shall only apply to penalty assessments or fees for which the three-year period prescribed in this section for the commencement of an action to collect a civil penalty or fee has not

expired on the effective date of the act adding this subdivision.

SEC. 3. Section 7314 of the Labor Code is amended to read:

7314. (a) The division may fix and collect fees for the inspection of elevators as it deems necessary to cover the actual costs of having the inspection performed by a division safety engineer, including administrative costs. An additional fee may, in the discretion of the division, be charged for necessary subsequent inspections to determine if applicable safety orders have been complied with.

(b) The division may charge a fee of not more than fifteen dollars ($15) to cover the cost of processing a permit.

(c) The division may fix and collect fees for field consultations regarding elevators as it deems necessary to cover the actual costs of the time spent in the consultation by a division safety engineer, including administrative expenses.

(d) Whenever a person owning or having the custody, management, or operation of an elevator fails to pay the fees required under this chapter within 60 days after the date of notification, he or she shall pay, in addition to the fees required under this chapter, a penalty fee equal to 100 percent of the fee. Failure to pay fees within 60 days after the date of notification shall constitute cause for the division to prohibit use of the elevator.

(e) Any fees required pursuant to this section shall be embodied in regulations that shall be adopted as emergency regulations. These emergency regulations shall not be subject to the review and approval of the Office of Administrative Law pursuant to the provisions of the Administrative Procedure Act provided for in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. These regulations shall become effective immediately upon filing with the Secretary of State.

(f) For purposes of this section, the date of the invoice assessing a fee pursuant to this section shall be considered the date of notification.

SEC. 4. Section 7350 of the Labor Code is amended to read:

7350. (a) The division may fix and collect fees for the inspection of aerial passenger tramways as it deems necessary to cover the actual cost of having the inspection performed by a division safety engineer. The division may not charge for inspections performed by certified insurance inspectors, but may charge a fee of not more than ten dollars ($10) to cover the cost of processing the permit when issued by the division as a result of the inspection.

(b) Whenever a person owning or having custody, management, or operation of an aerial passenger tramway fails to pay any fee required under this chapter within 60 days after the date of notification by the division, the division shall assess a penalty fee equal to 100 percent of the initial fee. For purposes of this section, the date of the invoice fixing the fee shall be considered the date of notification.

CHAPTER 999

An act to amend Section 16367.5 of the Government Code, and to amend Section 13001 of the Welfare and Institutions Code, relating to home energy assistance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16367.5 of the Government Code is amended to read:

16367.5. The Department of Economic Opportunity shall receive and administer the federal Low-Income Home Energy Assistance Programs Block Grant, provided for pursuant to the Low-Income Home Energy Assistance Act of 1981, as amended (42 U.S.C. Sec. 8621 et seq.), and shall allocate funds received as follows:

(a) Five percent of the total federal allocation shall be allocated for purposes of administration. An additional 2.5 percent of the total federal allocation shall be set aside for administrative purposes and made available upon request of the Department of Finance, and pursuant to Section 28 of Chapter 99 of the Statutes of 1981.

(b) An amount between 15 percent and 25 percent of the total federal allocation shall be allocated for weatherization services for eligible individuals. For the purposes of this subdivision, weatherization shall include all energy conservation measures and energy efficient appliances that are cost effective and improve energy efficiency. For the purposes of this subdivision, these services shall be available to households where one or more individuals are receiving aid under Chapter 2 (commencing with Section 11200) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code, county general assistance recipients under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code, Food Stamp Program recipients, provided for under Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code, payments under Section 415, 521, 541, or 542 of Title 38 of the United States Code, or under Section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978, and other households with incomes not exceeding an amount equal to 150 percent of the federally established poverty level.

(d) Twenty-five percent for the Energy Crisis Intervention Program, to consist solely of emergency assistance to eligible individuals for programs specified in this subdivision, who give evidence of one or more of the following conditions:

(1) Proof of utility shutoff notice.

(2) Proof of energy termination.

(3) Insufficient funds to establish a new energy account.

(4) Insufficient funds to pay a current or delinquent utility bill.

(5) Insufficient funds to pay the cost of space heating devices where no alternative source of space heating is reasonably available.

(6) Insufficient funds to pay for essential firewood.

(7) Insufficient funds to pay for the cost of emergency repairs to heating and cooling units.

(8) Insufficient funds to pay energy costs for a household where a household member's medical condition requires use of life support or climate and temperature control systems.

The crisis intervention program shall not include advocacy, community mobilization, or community planning.

The Energy Crisis Intervention Program shall be available to households containing recipients of programs contained in Division 9 (commencing with Section 10000) of the Welfare and Institutions Code and referred to in subdivision (c), and other households with incomes not exceeding 130 percent of the federally established poverty level.

(e) The remainder of the total federal allocation shall be utilized for aid for home energy costs for direct assistance payments, which shall be distributed in accordance with subdivision (b) of Section 16367.6. Services shall be provided to both of the following:

(1) Households where one or more individuals are receiving any of the following:

(A) Aid to families with dependent children under the state's plan approved under Part A of Title IV of the federal Social Security Act (42 U.S.C. Sec. 601 et seq.) and Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, other than aid in the form of foster care received in accordance with Section 408 of the federal Social Security Act.

(B) Supplemental Security Income payments under Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code).

(C) Food stamps received pursuant to Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code.

(D) Payments under Section 415, 521, 541, or 542 of Title 38, United States Code, or under Section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978.

(2) Households with incomes not exceeding the greater of either an amount equal to 150 percent of the poverty level for this state, or an amount equal to 60 percent of the state median income, except that no household may be excluded from eligibility under this paragraph if the household has an income less than 110 percent of the poverty level of this state.

(f) The Department of Economic Opportunity shall contract with local public or private nonprofit agencies to assist with outreach and intake and other activities to enroll eligible individuals.

(g) The program components provided for in subdivisions (c) and (e) shall include activities to enroll eligible individuals, especially the elderly and disabled, and to educate recipients about general energy conservation practices and about the availability of state and utility programs for free weatherization of low-income homes.

(h) The Department of Economic Opportunity and the Office of Planning and Research may enter into an interagency agreement concerning the education component of this section. If an agreement is entered into pursuant to this subdivision, it shall provide that the Office of Planning and Research shall contract with local public or private nonprofit agencies for the education component. In order to maximize the efficiency of these programs, the Office of Planning and Research shall contract, to the extent feasible, with community-based organizations and community-action agencies providing crisis intervention grants under this section.

SEC. 2. Section 13001 of the Welfare and Institutions Code is amended to read:

13001. Funding for social services programs administered by county welfare departments shall include but not be limited to federal funds received under Titles IV, XIX, and XX of the federal Social Security Act, and the State General Fund. The appropriation and allocation of these funds shall be in accordance with the annual Budget Act and the provisions of this chapter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that California law be brought into compliance with federal law at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1000

An act to amend Section 21204 of, and to add Section 21212 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 21204 of the Vehicle Code is amended to read:

21204. (a) No person operating a bicycle upon a highway shall ride other than upon or astride a permanent and regular seat attached thereto.

(b) No operator shall allow a person riding as a passenger, and no person shall ride as a passenger, on a bicycle upon a highway other

than upon or astride a separate seat attached thereto. If the passenger is four years of age or younger, or weighs 40 pounds or less, the seat shall have adequate provision for retaining the passenger in place and for protecting the passenger from the moving parts of the bicycle.

SEC. 2. Section 21212 is added to the Vehicle Code, to read:

21212. (a) A person under 18 years of age shall not operate a bicycle, or ride upon a bicycle as a passenger, upon a street, bikeway, as defined in subdivision (a) of Section 2373 of the Streets and Highways Code, or any other public bicycle path or trail unless that person is wearing a properly fitted and fastened bicycle helmet that meets the standards of the American National Standards Institute (ANSI Z 90.4 bicycle helmet standard) or the Snell Memorial Foundation's Standard for Protective Headgear for Use in Bicycling. This requirement also applies to a person who rides upon a bicycle while in a restraining seat that is attached to the bicycle or in a trailer towed by the bicycle.

(b) Any helmet sold or offered for sale for use by operators and passengers of bicycles shall be conspicuously labeled in accordance with the standard described in subdivision (a) which shall constitute the manufacturer's certification that the helmet conforms to the applicable safety standards.

(c) No person shall sell, or offer for sale, for use by an operator or passenger of a bicycle any safety helmet which is not of a type meeting requirements established by this section.

(d) (1) A person who violates a requirement of this section in 1994 shall be warned of the violation by the enforcing official, but shall not be issued a notice to appear.

(2) Any charge under this subdivision shall be dismissed when the person charged alleges in court, under oath, that the charge against the person is the first charge against that person under this subdivision, unless it is otherwise established in court that the charge is not the first charge against the person.

(e) Except as provided in subdivision (d), a violation of this section is an infraction punishable by a fine of not more than twenty-five dollars ($25).

The parent or legal guardian having control or custody of an unemancipated minor whose conduct violates this section shall be jointly and severally liable with the minor for the amount of the fine imposed pursuant to this subdivision.

(f) Notwithstanding Section 1463 of the Penal Code or any other provision of law, the fines collected for a violation of this section shall be allocated as follows:

(1) Seventy-two and one-half percent of the amount collected shall be deposited in a special account of the county health department, to be used for bicycle safety education and for assisting low-income families in obtaining approved bicycle helmets for children under the age of 18 years, either on a loan or purchase basis. The county may contract for the implementation of this program,

which, to the extent practicable, shall be operated in conjunction with the child passenger restraint program pursuant to Section 27360.

(2) Two and one-half percent of the amount collected shall be deposited in the county treasury to be used by the county to administer the program described in paragraph (1).

(3) If the violation occurred within a city, 25 percent of the amount collected shall be transferred to and deposited in the treasury of that city. If the violation occurred in an unincorporated area, this 25 percent shall be deposited and used pursuant to paragraph (1).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1001

An act to amend Section 18990 of, and to add Section 18993 to, the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 18990 of the Government Code is amended to read:

18990. (a) Notwithstanding any other provision of law or rule, persons employed by the Legislature for two or more consecutive years shall be eligible to apply for promotional civil service examinations, including examinations for career executive assignments, for which they meet the minimum qualifications as prescribed by the class specification. Persons receiving passing scores shall have their names placed on promotional lists resulting from these examinations or otherwise gain eligibility for appointment. In evaluating minimum qualifications, related legislative experience shall be considered state civil service experience in a class deemed comparable by the State Personnel Board, based on the duties and responsibilities assigned.

(b) In cases where promotional examinations are given by more

than one department for the same classification, the employee shall select one department in which to compete. Once this selection is made, it cannot be changed for the duration of the promotional list established from the examination in which the employee participated. Employees may transfer list eligibility between departments in the same manner as provided for civil service employees.

(c) Employees who meet the requirements of this section, are employed by the Legislature as of January 1, 1991, and who resign or are released from service due to a force reduction of the Legislature before January 1, 1992, shall be eligible to take promotional civil service examinations, including examinations for career executive assignments, for three years following their resignation or release in accordance with subdivisions (a) and (b).

(d) Employees who meet the requirements of this section, are employed by the office of the Auditor General or the office of the Legislative Analyst as of January 1, 1992, and who resign or are released from service due to a force reduction of the Legislature before January 1, 1994, shall be eligible to take promotional civil service examinations, including career executive assignments, for three years following their resignation or release in accordance with subdivisions (a) and (b).

(e) An employee who establishes eligibility on a promotional civil service list, either pursuant to subdivision (c) or prior to having resigned or having been released in a manner to which subdivision (c) would apply, shall maintain that eligibility for the duration of that particular list.

SEC. 2. Section 18993 is added to the Government Code, to read:

18993. A legislative or nonelected exempt executive branch employee who met the requirements of either Section 18990 or 18992, was subsequently employed in a career executive assignment position, and whose career executive assignment appointment was terminated, shall be eligible to take promotional civil service examinations, including examinations for career executive assignments, pursuant to Section 18990 or 18992, to the same extent as a legislative or nonelected exempt executive branch employee who had not been employed in the career executive assignment position. Time spent in a career executive assignment position shall be counted for purposes of determining examination eligibility under subdivisions (c) and (d) of Section 18990.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate the movement of certain legislative and nonelected exempt executive branch employees into state civil service employment at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1002

An act to amend Section 402.1 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 402.1 of the Revenue and Taxation Code is amended to read:

402.1. (a) In the assessment of land, the assessor shall consider the effect upon value of any enforceable restrictions to which the use of the land may be subjected. These restrictions shall include, but are not limited to, all of the following:

(1) Zoning.

(2) Recorded contracts with governmental agencies other than those provided in Section 422.

(3) Permit authority of, and permits issued by, governmental agencies exercising land use powers concurrently with local governments, including the California Coastal Commission and regional coastal commissions, the San Francisco Bay Conservation and Development Commission, and the Tahoe Regional Planning Agency.

(4) Development controls of a local government in accordance with any local coastal program certified pursuant to Division 20 (commencing with Section 30000) of the Public Resources Code.

(5) Development controls of a local government in accordance with a local protection program, or any component thereof, certified pursuant to Division 19 (commencing with Section 29000) of the Public Resources Code.

(6) Environmental constraints applied to the use of land pursuant to provisions of statutes.

(7) Hazardous waste land use restriction pursuant to Section 25240 of the Health and Safety Code.

(8) A recorded conservation, trail, or scenic easement, as described in Section 815.1 of the Civil Code, that is granted in favor of a public agency, or in favor of a nonprofit corporation organized pursuant to Section 501 (c) (3) of the Internal Revenue Code that has as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historical, agricultural, forested, or open-space condition or use.

(b) There is a rebuttable presumption that restrictions will not be removed or substantially modified in the predictable future and that they will substantially equate the value of the land to the value attributable to the legally permissible use or uses.

(c) Grounds for rebutting the presumption may include, but are not necessarily limited to, the past history of like use restrictions in

the jurisdiction in question and the similarity of sales prices for restricted and unrestricted land. The possible expiration of a restriction at a time certain shall not be conclusive evidence of the future removal or modification of the restriction unless there is no opportunity or likelihood of the continuation or renewal of the restriction, or unless a necessary party to the restriction has indicated an intent to permit its expiration at that time.

(d) In assessing land with respect to which the presumption is unrebutted, the assessor shall not consider sales of otherwise comparable land not similarly restricted as to use as indicative of value of land under restriction, unless the restrictions have a demonstrably minimal effect upon value.

(e) In assessing land under an enforceable use restriction wherein the presumption of no predictable removal or substantial modification of the restriction has been rebutted, but where the restriction nevertheless retains some future life and has some effect on present value, the assessor may consider, in addition to all other legally permissible information, representative sales of comparable lands that are not under restriction but upon which natural limitations have substantially the same effect as restrictions.

(f) For the purposes of this section the following definitions apply:

(1) "Comparable lands" are lands that are similar to the land being valued in respect to legally permissible uses and physical attributes.

(2) "Representative sales information" is information from sales of a sufficient number of comparable lands to give an accurate indication of the full cash value of the land being valued.

(g) It is hereby declared that the purpose and intent of the Legislature in enacting this section is to provide for a method of determining whether a sufficient amount of representative sales information is available for land under use restriction in order to ensure the accurate assessment of that land. It is also hereby declared that the further purpose and intent of the Legislature in enacting this section and Section 1630 is to avoid an assessment policy which, in the absence of special circumstances, considers uses for land that legally are not available to the owner and not contemplated by government, and that these sections are necessary to implement the public policy of encouraging and maintaining effective land use planning. Nothing in this statute shall be construed as requiring the assessment of any land at a value less than as required by Section 401 or as prohibiting the use of representative comparable sales information on land under similar restrictions when this information is available.

CHAPTER 1003

An act to add Section 15333.3 to the Government Code, relating to the California Spaceport Authority.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Vandenberg Air Force Base, located in the County of Santa Barbara, is recognized as the best location in the United States for polar orbit commercial space activities. Vandenberg Air Force Base possesses, for that purpose, all necessary infrastructure, and an experienced pool of engineers, scientists, and other support personnel, as well as access to universities, colleges, and research centers.

(b) Commercial space activities should be encouraged as a way to stimulate the California economy and replace the thousands of aviation and defense-related jobs that have recently been lost in this state.

SEC. 2. Section 15333.3 is added to the Government Code, to read:

15333.3. (a) The Western Commercial Space Center, a nonprofit corporation, is designated as the California Spaceport Authority to provide the support and unique services required for the development of commercial launch, manufacturing, and academic and research operations related to space flight.

(b) The California Spaceport Authority shall be the official recipient of federal grants for space related studies, services, infrastructure improvements and modernization, and defense transition programs to the extent permitted by federal law.

CHAPTER 1004

An act to amend Section 56.30 of, and to add Section 56.06 to, the Civil Code, relating to medical information.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 56.06 is added to the Civil Code, to read:

56.06. (a) Any corporation organized for the primary purpose of maintaining medical information in order to make the information available to the patient or to a provider of health care at the request

of the patient or a provider of health care, for purposes of diagnosis or treatment of the patient, shall be deemed to be a provider of health care subject to the requirements of this part. However, nothing in this section shall be construed to make a corporation specified in this subdivision a provider of health care for purposes of any law other than this part, including laws that specifically incorporate by reference the definitions of this part.

(b) Any corporation described in subdivision (a) shall maintain the same standards of confidentiality required of a provider of health care with respect to medical information disclosed to the corporation.

(c) Any corporation described in subdivision (a) shall be subject to the penalties for improper use and disclosure of medical information prescribed in this part.

SEC. 2. Section 56.30 of the Civil Code is amended to read:

56.30. The disclosure and use of the following medical information shall not be subject to the limitations of this part:

(a) (Mental health and developmental disabilities) Information and records obtained in the course of providing services under Division 4 (commencing with Section 4001), Division 4.1 (commencing with Section 4400), Division 4.5 (commencing with Section 4500), Division 5 (commencing with Section 5000), Division 6 (commencing with Section 6000), or Division 7 (commencing with Section 7100) of the Welfare and Institutions Code.

(b) (Public social services) Information and records which are subject to Sections 10850, 14124.1, and 14124.2 of the Welfare and Institutions Code.

(c) (State health services, communicable diseases, developmental disabilities) Information and records maintained pursuant to Chapter 2 (commencing with Section 200) of Part 1 of Division 1 of the Health and Safety Code and pursuant to Division 4 (commencing with Section 3000) of the Health and Safety Code.

(d) (Licensing and statistics) Information and records maintained pursuant to Division 2 (commencing with Section 1200) and Division 9 (commencing with Section 10000) of the Health and Safety Code; pursuant to Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code; and pursuant to Section 8608, 8706, 8817, or 8909 of the Family Code.

(e) (Medical survey, workers' safety) Information and records acquired and maintained or disclosed pursuant to Sections 1380 and 1382 of the Health and Safety Code and pursuant to Division 5 (commencing with Section 6300) of the Labor Code.

(f) (Industrial accidents) Information and records acquired, maintained, or disclosed pursuant to Division 1 (commencing with Section 50), Division 4 (commencing with Section 3201), Division 4.5 (commencing with Section 6100), and Division 4.7 (commencing with Section 6200) of the Labor Code.

(g) (Law enforcement) Information and records maintained by a health facility which are sought by a law enforcement agency

under Chapter 3.5 (commencing with Section 1543) of Title 12 of Part 2 of the Penal Code.

(h) (Investigations of employment accident or illness) Information and records sought as part of an investigation of an on-the-job accident or illness pursuant to Division 5 (commencing with Section 6300) of the Labor Code or pursuant to Section 2950 of the Health and Safety Code.

(i) (Alcohol or drug abuse) Information and records subject to the federal alcohol and drug abuse regulations (Part 2 (commencing with Section 2.1) of subchapter A of Chapter 1 of Title 42 of the Code of Federal Regulations) or to Section 11977 of the Health and Safety Code dealing with narcotic and drug abuse.

(j) (Patient discharge data) Nothing in this part shall be construed to limit, expand, or otherwise affect the authority of the California Health Facilities Commission to collect patient discharge information from health facilities pursuant to Section 441.18 of the Health and Safety Code.

(k) Medical information and records disclosed to, and their use by, the Insurance Commissioner, the Commissioner of Corporations, the Division of Industrial Accidents, the Workers' Compensation Appeals Board, the Department of Insurance, or the Department of Corporations.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1005

An act to add Section 14007.2 to the Government Code, relating to the Department of Transportation.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14007.2 is added to the Government Code, to read:

14007.2. (a) There is in the Department of Transportation a unit, known as the Spaceport Office, whose primary responsibility is to seek and obtain federal funding for the commercialization of private

space activities in California.

(b) It is the intent of the Legislature that the responsibilities assigned to the department by this section be carried out with existing resources not exceeding the equivalent of one personnel year annually, and that the department not request an increase in its budget for this purpose.

SEC. 2. The Spaceport Office shall work cooperatively with the Western Commercial Space Center, a not-for-profit corporation formed pursuant to Section 501 (c) (3) of Title 26 of the United States Code, and any other corporations or consortia that are established or operate for the purposes of commercial space applications, in developing plans, grant proposals, bids, and other submissions to federal agencies and private corporations for funds to support the development of commercial space programs in California. The Department of Transportation shall receive, evaluate, and give consideration to, grant proposals and bids submitted by those corporations and consortia.

SEC. 3. The State of California recognizes the Western Commercial Space Center, a not-for-profit corporation formed pursuant to Section 501 (c) (3) of Title 26 of the United States Code, as an eligible recipient of federal, state, and local grants and loans for the purpose of engaging in the planning, development, and operation of commercial and educational space launch facilities at Vandenberg Air Force Base and for the promotion of business opportunities in the space field.

CHAPTER 1006

An act to amend Sections 16500.5, 16500.7, and 16501.1 of, and to add Section 16500.8 to, the Welfare and Institutions Code, relating to children, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16500.5 of the Welfare and Institutions Code is amended to read:

16500.5. (a) (1) The Legislature hereby declares its intent to encourage the continuity of the family unit by:

(A) (i) Providing family preservation services.

(ii) For purposes of this subdivision "family preservation services" means intensive services for families whose children, without these services, would be subject to any of the following:

(I) Be at imminent risk of out-of-home placement.

(II) Remain in existing out-of-home placement for longer periods

of time.

(III) Be placed in a more restrictive out-of-home placement.

(B) Providing supportive services for those children within the meaning of Sections 360, 361, and 364 when they are returned to the family unit or when a minor will probably soon be within the jurisdiction of the juvenile court pursuant to Section 301.

(C) Providing counseling and family support services designed to eradicate the situation that necessitated intervention.

(2) The Legislature finds that maintaining abused and neglected children in foster care grows increasingly costly each year, and that adequate funding for family services which might enable these children to remain in their homes is not as readily available as funding for foster care placement.

(3) The Legislature further finds that other state bodies have addressed this problem through various systems of flexible reimbursement in child welfare programs that provide for more intensive and appropriate services to prevent foster care placement or significantly reduce the length of stay in foster care.

(4) Accordingly, it is the intent of the Legislature in enacting this section to establish a system of flexible reimbursement in order to evaluate its potential as an efficient, economical, and effective alternative to out-of-home placement of children.

(b) It is the intent of the Legislature that family preservation and support services in California conform to the federal definitions contained in Section 431 of the Social Security Act as contained in Public Law 103-66, the Omnibus Budget Reconciliation Act of 1993. The Legislature finds and declares that California's existing family preservation programs meet the intent of this new federal initiative.

(c) (1) (A) (i) Any county, subject to the approval of the State Department of Social Services, may claim, on an annual basis, a portion of the state's share, and to the extent permitted, the federal share, of that county's AFDC-FC expenditures pursuant to subdivision (d) of Section 11450 for children subject to Sections 300, 301, 360, 361, and 364, in advance, provided the county conducts a program of family reunification and family maintenance services for families receiving these services pursuant to Sections 300, 301, 360, 364, and, as permitted by the department, children subject to Sections 601, 602, 726, and 727 of this code, and Section 7572.5 of the Government Code.

(ii) The department or a participating county may terminate a county's participation in the program upon 30 days' notice if the project is deemed unsuccessful by either party.

(iii) For each fiscal year of the program, a participating county may claim in advance an amount not to exceed an actual dollar amount that shall not exceed 25 percent of the state's share, and to the extent permitted, the federal share, of AFDC-FC funds to be expended by that county pursuant to subdivision (d) of Section 11450 for children subject to Sections 300, 301, 360, 361, and 364, and if permitted by the department, Sections 601, 602, 726, and 727,

calculated for the first year of the project.

(iv) The amount of funds to be advanced annually shall be calculated at the beginning of the county's program described in this subdivision. The advance shall be determined by projecting the state share of AFDC-FC General Fund expenditures, and to the extent permitted, the federal share of AFDC-FC expenditures for abused or neglected children pursuant to Sections 300, 301, 360, 361, 364, and, if permitted by the department, Sections 601, 602, 726, and 727, based upon state, and to the extent permitted, federal expenditures for AFDC-FC for the previous five years.

(B) If the county's total AFDC-FC general fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures, added to the amount expended from the advance to the county exceeds, by more than 5 percent, the county's total projected AFDC-FC general fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures for that fiscal year, the county shall fund that portion of the coverage in excess of 5 percent on a 100-percent basis. If the sum of a participating county's total AFDC-FC General Fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures for their children, added to the amount expended from the advance to the county, is less than the total projected AFDC-FC General Fund expenditures and, to the extent permitted by federal law, the federal share of AFDC-FC expenditures for their children for that fiscal year, the county shall receive 25 percent of the amount of the savings.

(2) Services which may be provided under this program may include, but are not limited to, counseling, mental health treatment and substance abuse treatment services, parenting, respite, day treatment, transportation, homemaking, and family support services. Each county that chooses to provide mental health treatment and substance abuse treatment shall identify and develop these services in consultation with county mental health treatment and substance abuse treatment agencies. Additional services may include those enumerated in Sections 16506 and 16507. The services to be provided pursuant to this section may be determined by each participating county. Each county may contract with individuals and organizations for services to be provided pursuant to this section. Each county shall utilize available private nonprofit resources in the county prior to developing new county-operated resources when these private nonprofit resources are of at least equal quality and costs as county-operated resources and shall utilize available county resources of at least equal quality and cost prior to new private nonprofit resources.

(3) Participating counties authorized by this subdivision shall provide specific programs of direct services based on individual family needs as reflected in the service plans to families of the following:

(A) Children who are dependent children not taken from

physical custody of their parents or guardians pursuant to Section 364.

(B) Children who are dependent children removed from the physical custody of their parents or guardian pursuant to Section 361.

(C) Children who it is determined will probably soon be within the jurisdiction of the juvenile court pursuant to Section 301.

(D) Upon approval of the department, children who have been adjudged wards of the court pursuant to Sections 601 and 602.

(E) Upon approval of the department, families of children subject to Sections 726 and 727.

(F) Upon approval of the department, children who are determined to require out-of-home placement pursuant to Section 7572.5 of the Government Code.

(4) The services shall only be provided to families whose children will be placed in out-of-home care without the provision of services or to be children who can be returned to their families with the provision of services.

(5) The services selected by any participating county shall be reasonable and meritorious and shall demonstrate cost effectiveness and success at avoiding out-of-home placement, or reducing the length of stay in out-of-home placement. A county shall not expend more funds for services under this subdivision than that amount which would be expended for placement in out-of-home care.

(6) The program in each county shall be deemed successful if it meets the following standards:

(A) Enables families to resolve their own problems, effectively utilize service systems, and advocate for their children in educational and social agencies.

(B) Enhancing family functioning by building on family strengths.

(C) At least 75 percent of the children receiving services remain in their own home for six months after termination of services.

(D) During the first year after services are terminated:

(i) At least 60 percent of the children receiving services remain at home one year after services are terminated.

(ii) The average length of stay in out-of-home care of children selected to receive services who have already been removed from their home and placed in out-of-home care is 50 percent less than the average length of stay in out-of-home care of children who do not receive program services.

(E) Two years after the termination of family preservation services:

(i) The average length of out-of-home stay of children selected to receive services under this section who, at the time of selection, are in out-of-home care, is 50 percent less than the average length of stay in out-of-home care for children in out-of-home care who do not receive services pursuant to this section.

(ii) At least 60 percent of the children who were returned home pursuant to this section remain at home.

(7) Funds used for services provided under this section shall supplement, not supplant, child welfare services funds available for services pursuant to Sections 16506 and 16507.

(8) Each county participating in the program authorized by this section shall only continue to utilize the advance fund-claiming mechanism specified in paragraph (1) if the department finds the county has demonstrated the successful outcome of the county program, based on the criteria for success specified in paragraph (6).

(9) The department shall submit a report to the Legislature that includes data from each participating county demonstrating to what extent each has met the criteria specified in this section. An interim report shall be submitted by the department no later than six months after the conclusion of the three pilot projects with a final report to be submitted after pilot project completion. Programs authorized after the original pilot projects shall submit data to the department upon the department's request. Subsequent reports to the Legislature on the programs administered pursuant to this section shall be included with the child welfare system report to the Legislature.

(d) (1) A county welfare department social worker or probation officer may, pursuant to an appropriate court order, return a dependent minor or ward of the court removed from the home pursuant to Section 361 to his or her home, with appropriate interagency family preservation program services.

(2) The county probation department may, with the approval of the State Department of Social Services, through an interagency agreement with the county welfare department, refer cases to the county welfare department for the direct provision of services under this subdivision.

(e) State foster care funds shall remain within the administrative authority of the county welfare department and shall be used only for placement services or placement prevention services or county welfare department administrative cost related to the interagency family preservation program.

(f) To the extent permitted by federal law, any federal funds provided for services to families and children may be utilized for the purposes of this section.

(g) A county may establish family preservation programs that serve one or more geographic areas of the county, subject to the approval of the State Department of Social Services.

SEC. 2. Section 16500.7 of the Welfare and Institutions Code is amended to read:

16500.7. (a) (1) Commencing with the 1993–94 fiscal year, each county or city and county with a family preservation program pursuant to Section 16500.5, in operation at least three consecutive years prior to the year in which the transfer is to occur, may request the department to transfer, once, on a permanent basis, funds from the category of General Fund moneys appropriated for out-of-home placement provided pursuant to subdivision (d) of Section 11450 for

children subject to Section 300, 301, 360, 361, or 364 for that county or city and county, to the category of child welfare services as specified in subdivision (j) of Section 16501 for the purposes of providing family preservation services. The county shall make the request as part of the annual application and documentation submitted to the department pursuant to Section 16500.5 commencing with the plan for the 1993–94 fiscal year.

(2) Any county that served children subject to Section 601 or 602, or Section 7572.5 of the Government Code, during the pilot phase may continue to serve the same populations after the permanent transfer described in this section.

(3) Subject to the approval of the department, a county may, at any time after the permanent transfer, request a supplemental permanent transfer to serve additional populations of eligible children who were not served during the pilot phase. The maximum amount that may be transferred pursuant to this paragraph is subject to the limits specified in clause (iii) of subparagraph (A) of paragraph (1) of subdivision (b) of Section 16500.5.

(4) For any county with an approved plan pursuant to Section 16500.5, the three-year period required by paragraph (1) may, at the discretion of the department, include any year in which a county has operated a family preservation program pursuant to Section 16500.5, which has been financed with county funds.

(b) The amount identified for transfer pursuant to this section shall be an amount up to 70 percent of the highest annual amount spent pursuant to Section 16500.5 and agreed to by both the county or city and county and the department as sufficient to maintain family preservation services at a level which ensures the continuation of an appropriate level of family preservation services on a permanent basis. This determination shall be made on a county-by-county basis, relying on the experience each county has with conducting its program under Section 16500.5.

(c) Beginning with the fiscal year in which the transfer takes place, each participating county or city and county shall be required to match these funds consistent with the matching requirements in place for other General Fund moneys appropriated and allocated to counties for child welfare services provided pursuant to Section 16501.

(d) Upon approval of the transfer, the department and the Department of Finance shall incorporate the transferred funding into the base funding allocations in later years provided to the participating counties for services provided under Section 16501.

(e) For counties receiving transfers pursuant to subdivision (a), the provisions of subdivision (b) of Section 16500.5, including the ability to claim additional advances on AFDC-FC funds in subparagraph (A) of that section and the financial risk provisions in subparagraph (B) of that section, shall no longer apply.

(f) (1) In enacting this section, the Legislature establishes the commitment to provide the means by which family preservation

services may convert from pilot projects as established in Chapter 105 of the Statutes of 1988 to ongoing permanent programs. However, in order to assess the feasibility of the approach provided in this section, the Legislature has provided for the repeal of this section.

(2) Subject to paragraph (3), this section shall remain in effect only until six months following the execution of a declaration, that shall be retained by the director, stating that the department has secured a permanent stable federal funding source to support family preservation services, and as of that date shall be repealed.

(3) If the director does not execute the declaration described in paragraph (2) prior to January 1, 1997, this section shall become inoperative on July 1, 1997, and as of January 1, 1998, is repealed unless a later enacted statute, that becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

(4) If the director executes the declaration described in paragraph (2), the department shall make reasonable arrangements to shift those counties operating a family preservation program under a memorandum of understanding with the department, to the newly federally funded family preservation program.

SEC. 3. Section 16500.8 is added to the Welfare and Institutions Code, to read:

16500.8. (a) The department shall, in consultation with the County Welfare Directors Association, seek additional federal revenues to finance the family preservation activities described in Section 16500.7. Those revenue sources shall include, but need not be limited to, all of the following:

(1) Title IV-A of the federal Social Security Act, contained in Part A (commencing with Section 601) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

(2) Title IV-E of the federal Social Security Act contained in Part E (commencing with Section 670) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

(3) Title IV-B of the federal Social Security Act contained in Part B (commencing with Section 620) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

(4) Title XIX of the federal Social Security Act, contained in Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

(b) It is the intent of the Legislature that any additional funds received pursuant to this section shall supplement, and not supplant, existing General Fund support for family preservation services.

SEC. 4. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan

ensures that the child receives protection and proper case management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike setting, selection of the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 275 of the Civil Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.25 or 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances which required child welfare services intervention.

(2) The case plan shall identify specific goals, and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents which led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in

this section.

(6) When out-of-home services are used, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(7) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(8) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the probation officer's facilitation, transportation, or supervision of visits between the child and his or her siblings.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate the timely administration of the provisions of this act with respect to the 1993–94 fiscal year, to provide needed services to families as soon as possible, and to conform with new federal statutes, it is necessary that this act take effect immediately.

CHAPTER 1007

An act to add and repeal Chapter 6.1 (commencing with Section 1780.50) of Part 2 of Division 1 of the Insurance Code, relating to insurance.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.1 (commencing with Section 1780.50) is added to Part 2 of Division 1 of the Insurance Code, to read:

CHAPTER 6.1. SURPLUS LINE ADVISORY ORGANIZATION

1780.50. (a) The Legislature finds and declares that consumers in the State of California have insurance needs which cannot always be met through the admitted insurance market. For this reason, many insurance consumers need access to insurance underwritten by nonadmitted insurers, as permitted by law. To help ensure that insurance consumers have access to financially sound and reputable nonadmitted insurers, it is in the public interest to authorize a surplus line advisory organization within the State of California to perform certain duties delegated by the Insurance Commissioner, as provided in this chapter.

(b) The Legislature further finds and declares that it is in the public interest for the surplus line advisory organization authorized under this chapter to be composed of surplus line brokers or persons involved in the business of surplus line insurance. The advisory organization's activities shall constitute an integral part of the business of insurance. The advisory organization will facilitate the state's ability to monitor and regulate the transfer of risk on a sound basis through surplus line brokers to nonadmitted insurers in accordance with Chapter 6 (commencing with Section 1760) and may perform certain functions in this state's system of monitoring and regulating the persons and entities involved in this state in the surplus line segment of the insurance industry.

(c) The Legislature further finds and declares that the authorization of a surplus line advisory organization to perform the duties delegated by the Insurance Commissioner, as provided in this chapter, will further the policies of the State of California expressed in the findings set forth in this section. The oversight, supervision, and examination by the Insurance Commissioner provided for in this chapter are intended to subject the activities of the advisory organization to active state supervision.

(d) The Legislature further finds and declares that, as it is the obligation and duty of the elected Insurance Commissioner to regulate the business of insurance in the State of California, it is in

the public interest to grant the Insurance Commissioner the authority and discretion to utilize the expertise and knowledge of a surplus line advisory organization to assist in carrying out that responsibility, as provided in this chapter.

1780.51. (a) As used in this chapter, "surplus line advisory organization" shall mean the organization authorized to perform the duties delegated by the commissioner under this chapter and to exercise the authority incidental thereto.

(b) All references in this chapter to "advisory organization" shall mean "surplus line advisory organization."

(c) As used in this chapter, the term "surplus line law" shall refer to Chapter 6 (commencing with Section 1760).

(d) All references in this chapter to the "commissioner" shall mean the Insurance Commissioner of the State of California.

1780.52. (a) The surplus line advisory organization shall be deemed a joint arrangement established by statute to assure the availability of insurance on a sound basis under paragraph (2) of subdivision (b) of Section 1861.03.

(b) All surplus line brokers licensed under the surplus line law shall be deemed to be members of the advisory organization.

1780.53. The commissioner shall remain fully responsible for supervising the implementation and administration of the surplus line law and for all regulatory decisions and initiatives in connection therewith, and nothing in this chapter shall be deemed or construed to diminish or impair the commissioner's authority and responsibility.

1780.54. To be authorized to perform the duties delegated by the commissioner under this chapter and to exercise the authority incidental thereto, an organization must satisfy the requirements of this section.

(a) The organization must be a private, nonprofit organization that has all the following qualifications:

(1) Experience in professional surplus line brokerage, advisory, and regulatory activity in California or whose members possess that experience.

(2) The administrative capability and recordkeeping facilities to process all surplus line filings in California.

(3) The data processing capability and the necessary personnel to perform appropriate security review of all nonadmitted insurers.

(4) The capability to perform the duties that may be delegated by the commissioner under this chapter and to exercise the authority incidental thereto.

(b) An organization that has the qualifications described in subdivision (a) must file with the commissioner all of the following:

(1) A copy of its constitution, its articles of agreement or association, or its certificate of incorporation.

(2) A copy of its bylaws, if any.

(3) A current list of its members.

(4) The name and address of a resident of this state as agent for

service of process.

(5) A plan of operation identifying the duties set forth in Section 1780.56 that the organization proposes to perform and describing how the organization will perform those duties.

(6) Any other documents, evidence, or information necessary to show that the organization complies with the provisions of this chapter.

(c) The advisory organization shall file with the commissioner every material change in the documents required by subdivision (b), including every amendment to its plan of operation required by subdivision (d).

(d) The advisory organization's plan of operation shall be amended whenever necessary to conform to and effectuate the purposes of any amendments to this chapter or to the surplus line law or the regulations pertaining thereto. Further, the plan of operation shall be amended in response to any written request reasonably made by the commissioner to improve the advisory organization's effectiveness in performing the duties delegated by the commissioner under this chapter. The commissioner's requests under this subdivision shall be consistent with technical and economic feasibility and established techniques or practices for performing the types of activities encompassed by the duties delegated by the commissioner.

1780.55. (a) Within 120 days after the filing of the documents required by subdivision (b) of Section 1780.54, the commissioner shall notify the organization in writing of the commissioner's determination to approve or disapprove the organization's qualifications and its plan of operation and which, if any, of the duties identified in the plan of operation the commissioner has determined to delegate to the organization. The commissioner and the organization shall confer to resolve any and all issues that the commissioner may raise concerning the organization's qualifications, its plan of operation, or which duties should be delegated to the organization. Any determination by the commissioner to disapprove the organization's qualifications or plan of operation or not to delegate one or more of the duties identified in the plan of operation shall be accompanied by a statement of the commissioner's reasons therefor.

(b) The commissioner may provisionally approve the organization's qualifications and plan of operation and may provisionally delegate one or more of the duties identified in the plan of operation pending the commissioner's determinations under subdivision (a).

(c) Upon approval of the organization's qualifications and plan of operation and upon delegation to the organization of one or more of the duties identified in the plan of operation, the organization shall commence operations as the advisory organization under this chapter, consistent with the duties delegated by the commissioner. In the event of provisional approval and delegation pursuant to

subdivision (b), the organization shall operate as the advisory organization under this chapter during the period of, and consistent with, the provisional approval and delegation by the commissioner.

(d) Any amendment to the advisory organization's plan of operation that is required by subdivision (d) of Section 1780.54 shall be approved or disapproved pursuant to the procedures set forth in this section.

(e) The time periods set forth in this section may be extended by consent of the organization and the commissioner.

(f) The decision whether to delegate or withdraw one or more of the duties identified in the plan of operation is committed to the commissioner's sound discretion. The commissioner may, upon not less than one year's notice to the advisory organization, withdraw one or more functions that have been delegated to the advisory organization in order that any one or more functions so withdrawn may be performed by the Department of Insurance.

1780.56. (a) The commissioner may delegate one or more of the following duties to a qualified surplus line advisory organization under this chapter:

(1) To receive, review, and record all documents required by law, regulation, or order to be filed with the commissioner or his or her designee with respect to foreign and alien nonadmitted insurers and any insurance placed with nonadmitted insurers, except that the advisory organization shall not receive documents submitted pursuant to subdivision (c) of Section 1763. The review under this subdivision shall be for completeness, accuracy, and any other matters the commissioner reasonably may direct the advisory organization to review. The advisory organization shall notify the filing surplus line broker in writing of any filing that the advisory organization determines to be incomplete or inaccurate, and shall request the filing broker to correct the problem. The advisory organization may, or as directed by the commissioner shall, notify the commissioner of incomplete or inaccurate filings.

(2) To conduct a security review and analysis of all foreign and alien nonadmitted insurers with which surplus line brokers place or propose to place insurance covering property or risks located or persons residing in this state, and to provide to the commissioner a report on any foreign or alien nonadmitted insurer based on that review and analysis. The review and analysis under this subdivision shall take account of any matters the commissioner reasonably may direct the advisory organization to review and any other matters the advisory organization considers necessary or appropriate.

(3) To make confidential recommendations to the commissioner as to the suitability of any foreign or alien nonadmitted insurer to insure property or risks located or persons residing in this state or whether any foreign or alien nonadmitted insurer should be added to or removed from any list of either eligible or disapproved nonadmitted insurers maintained by the commissioner. The advisory organization's recommendations shall be based on any review and

analysis that it performs under this chapter and on any additional information that may come to the advisory organization's attention or that the commissioner reasonably may request the advisory organization to consider.

(4) To report to the commissioner and other appropriate authorities instances of actual fraudulent or illegal insurance activity in the surplus line market that come to the advisory organization's attention and any facts that come to the advisory organization's attention that, in the reasonable judgment of the advisory organization, may indicate the presence of fraudulent or illegal insurance activity in the surplus line market or potential risk of harm to consumers of surplus line insurance.

(5) To maintain and report information necessary or that reasonably may be requested by the commissioner for the calculation and collection of premium taxes on surplus line insurance premiums.

(6) To respond to any request by the commissioner for comments on any proposed legislation or regulation affecting the placement of insurance pursuant to the surplus line law.

(7) To receive and disseminate to its members information relating to surplus line insurance, to educate its members about the surplus line law and the regulations pertaining thereto, and to perform any specific educational activities that the commissioner reasonably may request.

(8) To communicate with organizations of admitted insurers with respect to the proper use of the surplus line market.

(9) To enter into written arrangements with the commissioner whereby the advisory organization will perform any other functions that, in the judgment of the commissioner and the advisory organization, will help the commissioner provide effective and cost-efficient supervision of the surplus line market.

(b) If the commissioner delegates to the advisory organization one or more of the duties set forth in subdivision (a), the advisory organization also shall be authorized to assess a stamping fee for each policy, declarations page, cover note, or other premium bearing document submitted to the advisory organization. The stamping fee shall be established from time to time by the governing body of the advisory organization, shall reflect all reasonable costs associated with the services provided by the advisory organization, and may be reviewed by the commissioner for reasonableness as part of the commissioner's examination of the advisory organization. Except as otherwise provided in this subdivision, the stamping fee may not exceed three-fourths of 1 percent of the premium for the insurance. Any proposed increase in the stamping fee above three-fourths of 1 percent shall be filed with the commissioner along with a written explanation of the reason for the increase, and the increase shall take effect upon the expiration of 60 days after the date of filing unless the commissioner disapproves it within that time. Within 60 days after the date of filing, the commissioner may provisionally approve the proposed increase, in which event the increase shall take effect

immediately. The proposed increase shall be deemed fully approved upon the expiration of 120 days after the date of filing unless the commissioner disapproves the proposed increase within that time. The stamping fee shall be paid by the surplus line broker, provided, however, that the surplus line broker shall be allowed to receive and collect the stamping fee from the insured.

(c) Nothing in this chapter shall affect any delegation by the commissioner pursuant to the surplus line law, provided, however, that once the commissioner delegates one or more of the duties set forth in this section and the advisory organization commences operations under this chapter, no other organization may simultaneously perform the same duties under this chapter or exercise the authority incidental thereto.

(d) The advisory organization may cease performing the duties delegated by the commissioner under this chapter and exercising the authority incidental thereto at any time upon 180 days' written notice to the commissioner. The commissioner may require the advisory organization to continue performing the duties under this chapter for up to an additional 180 days, and the commissioner shall be entitled, following receipt of notice from the advisory organization under this subdivision, to obtain copies of all unprivileged files, documents, and records maintained by the advisory organization on behalf of the commissioner under this chapter.

(e) The commissioner's findings, determinations, rules, rulings, and orders under this chapter shall apply only to the advisory organization's right to perform the duties delegated by the commissioner under this chapter and to exercise the authority incidental thereto. Nothing in this chapter shall be deemed or construed to affect the advisory organization's right to exist and function as a private, nonprofit organization, with all powers attendant thereto, and to engage in lawful activities other than under the authority of this chapter.

1780.57. If the commissioner delegates to the surplus line advisory organization one or more of the duties set forth in Section 1780.56, the advisory organization also shall be authorized to exercise the authority, in connection with those duties and incidental thereto:

(a) To facilitate and encourage compliance by its members with the laws of California and the rules and regulations of the commissioner relating to surplus line insurance.

(b) To maintain files for all documents received under this chapter and any other files the commissioner reasonably may direct the advisory organization to maintain.

(c) To provide comments on any proposed legislation or regulation.

(d) To make contracts necessary or appropriate to effect the purposes of this chapter and to perform the duties delegated by the commissioner under this chapter and to exercise the authority incidental thereto.

(e) To employ and retain whatever persons are necessary to perform the duties delegated by the commissioner under this chapter and to exercise the authority incidental thereto.

(f) To perform any other acts necessary or appropriate to monitor the surplus line business and to effect the purposes of this chapter as well as the surplus line law and the regulations pertaining thereto, consistent with the duties delegated by the commissioner under this chapter.

1780.58. (a) The surplus line advisory organization shall be subject to the supervision of the commissioner, including, but not limited to, the powers of the commissioner pursuant to Article 6.5 (commencing with Section 790) of Chapter 1 of Part 2 of Division 1, and Article 1 (commencing with Section 12919) of Chapter 2 of Division 3.

(b) The advisory organization shall prepare and submit an annual report on the performance of its duties under this chapter in the form and manner required by the commissioner and may advise the commissioner from time to time concerning any other matters relevant to its duties or the regulation of the surplus line market.

(c) The commissioner shall, at least once every three years, make or cause to be made an examination of the advisory organization, including the reasonableness of its costs. The examination may be made by independent auditors retained for that purpose by the commissioner. The reasonable cost of the examination shall be paid to the commissioner or, if the commissioner retains independent auditors for that purpose, directly to the independent auditors, by the advisory organization upon presentation by the commissioner, or by the independent auditors, of a detailed account of the cost. The commissioner shall furnish two copies of the examination report to the advisory organization.

(d) Within 20 days of receiving the commissioner's examination report, the advisory organization may request a hearing on the report or on any facts or recommendations contained therein by mailing written notice to the commissioner specifying the matters to be considered at the hearing. The commissioner shall hold a hearing within 60 days on those aspects of the examination report and on any other aspects of the report that the commissioner designates for consideration.

1780.59. (a) If, as a result of the commissioner's examination of the surplus line advisory organization or otherwise, there is good cause to believe that the advisory organization does not comply with any provision of this chapter or with any written request reasonably made by the commissioner pursuant to the provisions of this chapter, the commissioner shall give notice in writing to the advisory organization, stating in what manner and to what extent noncompliance is alleged to exist and specifying a reasonable time, not less than 10 days thereafter, in which the noncompliance may be corrected. Notices under this section shall be confidential as between the commissioner and the advisory organization unless a hearing is

held under Section 1780.60.

(b) For purposes of this chapter, noncompliance includes any material failure by the advisory organization to perform adequately the duties delegated by the commissioner under this chapter or exercise properly the authority incidental thereto.

1780.60. (a) If there is good cause to believe that the surplus line advisory organization's noncompliance with any provision of this chapter is willful, or if within the period prescribed by the commissioner in the notice required by subdivision (a) of Section 1780.59 the advisory organization does not make the changes necessary to correct the noncompliance specified by the commissioner or establish to the satisfaction of the commissioner that noncompliance does not exist, then the commissioner may hold a hearing in connection therewith, provided that within a reasonable period of time, which shall not be less than 30 days before the date of the hearing, the commissioner shall mail written notice specifying the matters to be considered at the hearing to the advisory organization. The notice shall conform to the requirements for an accusation as prescribed by Section 11503 of the Government Code. If no notice has been given as provided in subdivision (a) of Section 1780.59, notice shall be given as to the manner and extent of noncompliance that is alleged to exist. The hearing shall not include any subjects not specified in the notices required by subdivision (a) of Section 1780.59 or this section, except that if the hearing relates to or is based upon any aspect of the commissioner's examination report on the advisory organization, the hearing shall also include any other aspect of the report that the advisory organization designates for consideration.

(b) In the event the commissioner reasonably determines that the advisory organization is engaged in fraudulent activity or malfeasance in the performance of the duties delegated by the commissioner under this chapter or in the exercise of the authority incidental thereto or otherwise is in violation of or noncompliance with any provision of this chapter, and that conduct has resulted, or is likely to result, in a significant, adverse, and immediate effect on the public or the commissioner's ability to regulate the surplus line business that, because of the emergency nature of the effect on the public or the commissioner's ability to regulate the surplus line business, cannot reasonably be remedied under the other provisions of this chapter, the commissioner may issue an order, without prior hearing, directing the advisory organization to cease and desist from the conduct or suspending or revoking all or part of the advisory organization's authorization to perform the duties delegated by the commissioner under this chapter, in addition to imposing any other penalty provided for in this code. An order under this subdivision may, if necessary, also direct the advisory organization to preserve documents and records and to grant immediate access by the commissioner's authorized representatives to the advisory organization's premises to examine and make copies of any and all

unprivileged documents and records of the advisory organization maintained on behalf of the commissioner pursuant to this chapter. Within five days after issuing an order under this subdivision, the commissioner shall issue the notice and shall thereafter hold the hearing under subdivision (a) of this section, provided, however, that:

(1) The notice shall include a statement of the factual bases for issuance of the order under this subdivision.

(2) The notice shall be delivered to the advisory organization's offices within one day of issuance.

(3) The advisory organization shall be granted a hearing upon 10 days' written request to the commissioner or upon the hearing date set by the commissioner, whichever is earlier.

(4) Within 10 days following the hearing under this subdivision, the commissioner shall confirm, modify, or withdraw the summary order issued prior to hearing under this subdivision.

1780.61. If, after a hearing pursuant to subdivision (d) of Section 1780.58 or subdivision (a) of Section 1780.60, the commissioner finds:

(a) That the advisory organization has violated or failed to comply with any provision of this chapter, the commissioner may issue an order to the advisory organization, specifying in what respect the violation or noncompliance exists and stating when, within a reasonable period of time, the violation or noncompliance shall cease.

(b) That the advisory organization has failed to comply with a final order of the commissioner under subdivision (a) within the time prescribed by the commissioner's order or by any extension thereof which the commissioner may grant, the commissioner may issue an order suspending or revoking all or part of the advisory organization's authorization to perform the duties delegated by the commissioner under this chapter, in addition to imposing any other penalty provided for in this chapter.

(c) That the advisory organization has willfully engaged in any fraudulent or dishonest act or practice, the commissioner may issue an order suspending or revoking all or part of the advisory organization's authorization to perform the duties delegated by the commissioner under this chapter, in addition to imposing any other penalty provided for in this code.

1780.62. Except as otherwise provided in this chapter, the proceedings required or authorized by subdivision (d) of Section 1780.58 and by Sections 1780.60 and 1780.61 shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein. Hearings shall be conducted by administrative law judges chosen under Section 11502 of the Government Code or appointed by the commissioner.

1780.63. (a) Any finding, determination, rule, ruling, or order made by the commissioner under this chapter shall be subject to

review by the courts of this state, and proceedings on review shall be conducted in accordance with the provisions of the Code of Civil Procedure. In proceedings on review, the court shall apply the substantial evidence standard set forth in subdivision (c) of Section 1094.5 of the Code of Civil Procedure.

(b) Notwithstanding any other provision of law to the contrary, a petition for judicial review of any finding, determination, rule, ruling, or order of the commissioner may be filed within 30 days after the effective date thereof. Upon application by the advisory organization, a court may for good cause stay or enjoin the effect of any finding, determination, rule, ruling, or order of the commissioner issued pursuant to this chapter.

(c) The advisory organization shall have legal standing to bring and defend actions, in the name of the advisory organization, in administrative and judicial proceedings, with all powers attendant thereto.

1780.64. (a) If the surplus line advisory organization, or any of its officers, committee members, agents, or employees, fails to comply with a final order of the commissioner under this chapter, the advisory organization or the person shall be liable to the state in an amount not exceeding one hundred dollars ($100), but if the failure is willful, the advisory organization or the person shall be liable to the state in an amount not exceeding five thousand dollars ($5,000) for the failure. The commissioner shall collect the amount so payable and may bring an action in the name of the people of the State of California to enforce collection. These penalties may be in addition to any other penalties provided by law.

(b) A willful violation of any provision of this chapter by any person is a misdemeanor.

1780.65. Any action by the surplus line advisory organization may be reviewed by the commissioner upon petition by any person adversely affected thereby, but only after all applicable remedies available under the advisory organization's constitution, articles, and bylaws, if any, have been exhausted.

1780.66. (a) There shall be no liability on the part of, and no cause of action of any nature shall arise against, the surplus line advisory organization, or its members, officers, committee members, agents, or employees, or the Department of Insurance, the commissioner, or employees or representatives of the Department of Insurance, for any action taken or omitted by any of them in the performance of their duties or the exercise of their authority under this chapter, unless it can be shown that any of the parties specified in this subdivision acted in bad faith. The performance of any duty to the advisory organization delegated by the commissioner under this chapter or the exercise of any authority incidental thereto is an official duty of the advisory organization. Nothing in this subdivision shall be deemed or construed to grant any immunity, or any defense to liability, to a surplus line broker for that broker's failure to comply with the surplus line law or the regulations pertaining thereto.

(b) The advisory organization's communications with the commissioner and other appropriate authorities pursuant to its performance of the duties delegated by the commissioner under this chapter or its exercise of the authority incidental thereto shall be considered communications by an interested person to another interested person under the provisions of subdivision (c) of Section 47 of the Civil Code and shall be deemed confidential communications as defined in Section 12919.

(c) The immunities and privileges afforded by this section shall not affect the availability of any other immunities or privileges afforded by law and shall not affect any of the rights of hearing and review under, or any other provisions of, this chapter.

1780.67. (a) No person shall serve on the governing body of the surplus line advisory organization if in the past 10 years that person has been disciplined for violating the insurance laws or regulations of this state. The commissioner may waive this provision if the prior violation is not material to the person's fitness to serve.

(b) At least 30 days prior to the election of its governing body, the advisory organization shall advise the commissioner of the names of the persons nominated for election to the governing body. If, prior to the election, the commissioner objects on reasonable grounds to the fitness to serve of any nominee or nominees, the nominee or nominees shall not qualify for that election.

(c) The advisory organization shall select and determine the terms of employment of its employees. The name and qualifications of any candidate for the permanent full-time position of executive director, manager, or chief operating officer of the advisory organization shall be submitted for the commissioner's review. If, within 30 days after the submission of the candidate's name and qualifications to the commissioner, the commissioner disapproves on reasonable grounds that candidate's fitness to serve, the candidate shall not serve as the executive director, manager, or chief operating officer of the advisory organization.

1780.68. This chapter shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1995, deletes or extends that date.

SEC. 2. This bill shall not become operative if Senate Bill 959 of the 1993–94 Regular Session is enacted and becomes effective on or before January 1, 1994.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

California Constitution.

CHAPTER 1008

An act to amend Sections 25286 and 25287 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25286 of the Health and Safety Code is amended to read:

25286. (a) An application for a permit to operate an underground storage tank, or for renewal of the permit, shall be made, by the owner, on a standardized form prepared by the board and provided by the local agency and shall be accompanied by the appropriate fee, as specified in Section 25287. As a condition of any permit to operate an underground storage tank, the permittee shall notify the local agency, within the period determined by the local agency, of any changes in the usage of the underground storage tank, including the storage of new hazardous substances, changes in monitoring procedures, and if there has been any unauthorized release from the underground storage tank, as specified in Section 25294 or 25295.

(b) (1) The local agencies shall provide either the California Association of Environmental Health Administrators or the designee of the board with copies of the completed permit applications, using forms, an industry standard computer readable magnetic tape, diskettes, or any other form in a format acceptable to the board.

(2) The board may enter into a contract with the California Association of Environmental Health Administrators or any other designee of the board for the purpose of administering the underground storage tank permit data base, and reimburse the association, or any other designee of the board, upon appropriation by the Legislature, for any costs determined by the board to have been necessary and incurred pursuant to this section, including programming, training, maintenance, actual data-processing expenditures, and any incidental costs of the operation of the data base related to the permitting of underground storage tanks. In selecting a contractor pursuant to this paragraph, the board shall consider the fiscal impact upon local agencies of converting to the database systems and procedures employed by that contractor. The permit application information required in subdivision (c) shall be stored in the data base. The California Association of Environmental Health Administrators or other designee of the board shall submit to the board a quarterly report, including any information required by

the board concerning permit application data. Each local agency shall provide the California Association of Environmental Health Administrators or other designee of the board with a copy of the completed permit application within 30 days after taking final action on the application.

(c) The application form shall include, but not be limited to, requests for the following information:

(1) A description of the age, size, type, location, uses, and construction of the underground storage tank or tanks.

(2) A list of all the hazardous substances which are or will be stored in the underground storage tank or tanks, specifying the hazardous substances for each underground storage tank.

(3) A description of the monitoring program for the underground tank system.

(4) The name and address of the person, firm, or corporation which owns the underground tank system and, if different, the name and address of the person who operates the underground tank system.

(5) The address of the facility at which the underground tank system is located.

(6) The name of the person making the application.

(7) The name and 24-hour phone number of the contact person in the event of an emergency involving the facility.

(8) If the owner or operator of the underground storage tank is a public agency, the application shall include the name of the supervisor of the division, section, or office which operates the tank.

(d) If a permittee stores in an underground storage tank or tanks a hazardous substance which is not listed in the application, as required by paragraph (2) of subdivision (c), the permittee shall apply for a new or amended permit within 30 days after commencing the storage of that hazardous substance.

SEC. 2. Section 25287 of the Health and Safety Code is amended to read:

25287. (a) Except as provided in subdivision (c), a fee shall be paid to the local agency by each person who submits an application for a permit to operate an underground storage tank or to renew or amend a permit. The governing body of the county, or a city which assumes enforcement jurisdiction, shall establish the amount of the fees at a level sufficient to pay the necessary and reasonable costs incurred by the local agency in administering this chapter, including, but not limited to, permitting and inspection responsibilities. The governing body may provide for the waiver of fees when a state or local government agency makes an application for a permit to operate or an application to renew a permit.

(b) This fee shall include a surcharge, the amount of which shall be determined by the Legislature annually to cover the costs of the board in carrying out its responsibilities under this chapter and the costs of the local agency in collecting the surcharges. The local agency may retain 6 percent of any surcharge collected for costs

incurred in its collection. The 6 percent of the surcharge retained by the local agency is the local agency's sole source of reimbursement for the cost of collecting the surcharge. The local agency shall transmit all remaining surcharge revenue collected by the local agency to the board within 45 days after receipt pursuant to subdivision (a). The surcharge shall be deposited in the Underground Storage Tank Fund hereby created in the General Fund. The money in this account is available, upon appropriation by the Legislature, to the board for the purposes of implementing this chapter.

(c) A local agency may waive the fee required by subdivision (a) for an underground storage tank which has a capacity of 5,000 gallons or less, which is located on a farm, and which contains motor vehicle or heating fuel used primarily for agricultural purposes, if the local agency finds that the fee will impose undue economic hardship upon the person applying for the permit. However, the local agency shall not waive the surcharge required under subdivision (b).

(d) If a local agency does not transmit the surcharge for a particular permit application to the board, the local agency shall pay the California Association of Environmental Health Administrators or other designee of the board for any costs associated with processing that application incurred by the data base.

(e) A county of the fifth class, as defined in Section 28020 of the Government Code as a county with a population of 1,000,000 and under 1,070,000, and any city located within that county, is exempt from the requirements of collecting or transmitting to the board the surcharge required to be included in fees paid to a local agency pursuant to this section.

CHAPTER 1009

An act to add Chapter 3.7 (commencing with Section 21504) to Part 1 of Division 9 of, and to repeal Section 21506 of, the Public Utilities Code, relating to public utilities, and making an appropriation therefor.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.7 (commencing with Section 21504) is added to Part 1 of Division 9 of the Public Utilities Code, to read:

CHAPTER 3.7. WIRE STRIKE EDUCATION AND PREVENTION

21504. The Legislature finds and declares as follows:

(a) Representatives from the aviation community, electric utility

industry, and government agencies voluntarily convened a working group in July 1992 to develop a comprehensive program to improve low-level flight safety throughout California.

(b) The working group found that the prevention of aircraft wire strikes and losses through (1) pilot education and awareness and (2) selective marking of those wires and supporting structures that present a hazard to low-level flight safety are equally important to improving low-level flight safety throughout the state.

(c) The working group developed criteria for marking selected wires and supporting structures based upon visibility and likelihood of aircraft activity, which now must be evaluated in the field.

(d) It is, therefore, the intent of the Legislature in enacting this chapter to implement recommendations of the working group to undertake a pilot education and awareness program and to evaluate the criteria for marking selected wires and supporting structures in the field.

21505. (a) The Division of Aeronautics, in cooperation with the aviation industry and the electric utility industry and in consultation with the Federal Aviation Administration, shall coordinate and disseminate information provided by the working group to pilots to increase awareness of wire hazards and to communicate techniques for identifying and avoiding wires.

(b) For purposes of coordinating and disseminating the information provided to the division by the working group pursuant to subdivision (a), every electrical corporation and publicly owned electrical utility in this state which serves 250,000 or more customers shall pay a one-time fee in a sufficient amount so that the total of all fees collected does not exceed one hundred thousand dollars ($100,000). The fee shall be in the proportion that each utility's total miles of transmission line greater than 110 kilovolts bears to the total miles of transmission line greater than 110 kilovolts statewide.

(c) All fees collected pursuant to subdivision (b) shall be deposited in the Aeronautics Account in the State Transportation Fund to be continuously appropriated to the Department of Transportation for the purposes set forth in subdivision (a).

21506. (a) It is the intent of the Legislature in enacting this section to provide a procedure to evaluate criteria used in determining whether wires and supporting structures should be marked.

(b) Any person may request an electrical corporation or a publicly owned electrical utility which serves 250,000 or more customers to mark a wire or supporting structure.

(c) In response to such a request, the utility shall consider the following criteria: the visibility of the wire or supporting structure and the likelihood of aircraft activity at the level of the wire or structure.

(d) The utility shall notify the requester within 90 days of the request whether the wire or supporting structure will be marked.

(e) If the utility determines that the line or supporting structure

should not be marked, the utility shall notify the requester that he or she may submit to the Division of Aeronautics the issue of whether the wire or supporting structure should be marked considering the criteria in subdivision (c). Within 90 days of the request, the division shall provide its recommendation to the utility on this issue.

(f) The division shall be reimbursed at a rate not to exceed one thousand dollars ($1,000) for each recommendation provided to a utility pursuant to subdivision (e). Reimbursement shall be made by the utility to whom the recommendation is made. Reimbursements shall be deposited in the Aeronautics Account in the State Transportation Fund, and shall be continuously appropriated to the Department of Transportation for purposes of subdivision (e).

(g) The electric utility industry, in cooperation with the aviation community, shall prepare and submit to the Division of Aeronautics on or before December 31, 1995, a report describing the results of the efforts to evaluate criteria for marking selected wires and supporting structures.

(h) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute which becomes effective on or before January 1, 1996, deletes or extends the date on which it is repealed.

21507. All costs incurred by an electrical corporation pursuant to this chapter shall be deemed reasonable by the commission and shall be fully recoverable through rates.

CHAPTER 1010

An act to amend Section 50686.5 of the Health and Safety Code, relating to housing.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 50686.5 of the Health and Safety Code is amended to read:

50686.5. (a) Any local agency incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code which is providing, or proposes to provide, housing for persons requiring supportive services may apply to the department for assistance in obtaining federal housing subsidies therefor.

(b) (1) On or after July 1, 1994, the department, with the approval of the federal Department of Housing and Urban Development, shall transfer, in accordance with subdivision (c), all contracts entered into under this section to local agencies incorporated pursuant to Part 1 (commencing with Section 9000) of

Division 2 of Title 1 of the Corporations Code. Prior to the transfer of vouchers and certificates that are specifically designated for the use of persons with disabilities, the local agency shall deliver to the department a letter attesting to its intent to maintain the vouchers and certificates for the use of persons with disabilities, including the maintenance of a separate list of eligible voucher and certificate applicants to the extent allowed by federal law. The list shall be specially coded and identified as a local preference for Aftercare eligible certificate and voucher holders. The department shall make copies of the letters of intent available to any person who requests that information.

(2) Each housing authority shall be required to annually report on its Aftercare activities in its annual Section 8 Certificate and Voucher Program report submitted to the federal Department of Housing and Urban Development and the department and to any representative of the disabled community that requests that information. All information in the annual Aftercare report shall be subject to public comment and review at a properly noticed Housing Authority Commission meeting.

(c) The transfers authorized pursuant to paragraph (1) of subdivision (b) shall not occur unless and until the federal Department of Housing and Urban Development, prior to March 1, 1994, has notified the department, in writing, that the transfer can be structured so that the Aftercare vouchers and certificates will continue to serve the program's existing and future clients.

CHAPTER 1011

An act to add Chapter 5.5 (commencing with Section 6400) to Division 3 of the Business and Professions Code, relating to unlawful detainer.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there currently exist numerous unscrupulous individuals and associations of individuals who purport to offer protection to tenants from eviction. These unscrupulous individuals and associations represent themselves as legitimate tenants' rights associations, legal consultants, professional legal assistants, paralegals, attorneys, or typing services. In fact, these individuals and associations act to defraud tenants of both their funds and their rights under the law. While allegedly acting to assist unsuspecting tenants, these individuals have filed thousands of frivolous or fraudulent legal pleadings in both state and federal courts. In most instances, the

nature of the legal pleadings filed or the very fact of their filing has not been disclosed to the tenant. The acts of these unscrupulous individuals and associations are particularly despicable in that they target low-income and non-English-speaking Californians as victims for their fraudulent practices.

In several counties, including the largest, Los Angeles, the problem has reached epidemic proportions resulting in the defrauding of thousands of tenants, severe economic losses to landlords, and the clogging of both state and federal courts with frivolous or fraudulent proceedings. This has resulted in unnecessary financial burdens and delays in the judicial system. Further, the acts of these individuals and associations, purporting to assist tenants, have brought discredit to the state and federal judicial systems, law enforcement, the State Bar, and to legitimate tenants' rights' organizations and legal assistants.

Law enforcement officials have been frustrated in their attempts to prosecute these unscrupulous individuals due to the transient nature of their operations. Frequently, these individuals and associations literally disappear overnight making prosecution impossible. A registration requirement for unlawful detainer consultants and the printing of a registration number on all advertisements and prepared pleadings will assist law enforcement in locating and prosecuting unscrupulous individuals and associations. Further, the requirement of the posting of a bond will make funds available to those tenants who have been defrauded.

In order to ensure the protection of tenants and landlords, and the esteem of the judicial system, law enforcement, members of the State Bar, and legitimate tenants' rights organizations, the Legislature finds and declares that it is necessary to enact the "Unlawful Detainer Assistants Act."

SEC. 2. Chapter 5.5 (commencing with Section 6400) is added to Division 3 of the Business and Professions Code, to read:

CHAPTER 5.5. UNLAWFUL DETAINER ASSISTANTS

Article 1. General Provisions

6400. (a) "Unlawful detainer assistant" means any individual who for compensation renders assistance or advice in the prosecution or defense of an unlawful detainer claim or action, including any bankruptcy petition that may affect the unlawful detainer claim or action.

(b) "Unlawful detainer claim" means proceeding, filing, or action affecting rights or liabilities of any person which arises under Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure and which contemplates an adjudication by a court.

(c) "Compensation" means money, property, or anything else of value.

6401. This chapter does not apply to any of the following:

(a) Any government employee who is acting in the course of his or her employment.

(b) A member of the State Bar of California, or his or her employee or agent, or an independent contractor while acting on behalf of a member of the State Bar.

(c) Any employee of a nonprofit, tax-exempt corporation who assists clients free of charge.

6401.5. Nothing in this chapter shall be construed to sanction, authorize, or encourage the practice of law by nonlawyers. Registration under this chapter shall not serve in any way to insulate or immunize any person from prosecution pursuant to Section 6125 , 6126, or 6127.

Article 2. Registration Procedures

6402. An unlawful detainer assistant shall be registered pursuant to this chapter by the county clerk of the county in which he or she resides and of each county in which he or she performs acts for which registration is required. No person who has been disbarred or suspended from the practice of law pursuant to Article 6 (commencing with Section 6100) of Chapter 4 shall, during the period of any disbarment or suspension, register as an unlawful detainer assistant.

6403. (a) The application for registration of a natural person shall contain all of the following statements about the applicant:

(1) Name, age, address, and telephone number.

(2) Whether he or she has been convicted of a felony, or of a misdemeanor under Section 6126 or 6127.

(3) Whether he or she has been held liable in a civil action by final judgment or consented to the entry of a stipulated judgment, if the action alleged fraud, or the use of untrue or misleading representations, or the use of an unfair, unlawful, or deceptive business practice.

(b) The application for registration of a partnership or corporation shall contain all of the following statements about the applicant:

(1) The names, ages, addresses, and telephone numbers of the general partners of officers.

(2) Whether the general partners or officers have ever been convicted of a felony.

(3) Whether the general partners or officers have ever been held liable in a civil action by final judgment or have consented to the entry of a stipulated judgment. If the action alleged fraud, whether it involved the use of untrue or misleading representations, or the use of an unfair, unlawful, or deceptive business practice.

6404. An applicant shall pay a fee of one hundred seventy-five dollars ($175) to the county clerk at the time he or she files an application for initial registration or renewal of registration. An

additional fee of ten dollars ($10) shall be paid to the county clerk for each additional identification card.

6405. (a) A certificate of registration shall be accompanied by a bond of twenty-five thousand dollars ($25,000) which is executed by a corporate surety qualified to do business in this state and conditioned upon compliance with this chapter. The total aggregate liability on the bond shall be limited to twenty-five thousand dollars ($25,000). The bond may be terminated pursuant to Section 995.440 of, and Article 13 (commencing with Section 996.310) of Chapter 2 of Title 14 of Part 2 of, the Code of Civil Procedure.

(b) The county clerk shall, upon filing of the bond, deliver the bond forthwith to the county recorder for recording. The recording fee specified in Section 27361 of the Government Code shall be paid by the registrant. The fee may be paid to the county clerk, who shall transmit it to the recorder.

(c) The fee for filing, canceling, revoking, or withdrawing the bond is seven dollars ($7).

(d) The county recorder shall record the bond and any notice of cancellation, revocation, or withdrawal of the bond, and shall thereafter mail the instrument, unless specified to the contrary, to the person named in the instrument and, if no person is named, to the party leaving it for recording. The recording fee specified in Section 27361 of the Government Code for notice of cancellation, revocation, or withdrawal of the bond shall be paid to the county clerk, who shall transmit it to the county recorder.

(e) In lieu of the bond required by subdivision (a), a registrant may deposit twenty-five thousand dollars ($25,000) in cash with the county clerk.

(f) If the certificate is revoked, the bond or cash deposit shall be returned to the bonding party or depositor subject to subdivision (g) and the right of a person to recover against the bond or cash deposit under Section 6412.

(g) The county clerk may retain a cash deposit until the expiration of three years from the date the registrant has ceased to do business, or three years from the expiration or revocation date of the registration, in order to ensure there are no outstanding claims against the deposit. A judge of a municipal or superior court may order the return of the deposit prior to the expiration of three years upon evidence satisfactory to the judge that there are no outstanding claims against the deposit.

6406. A certificate of registration shall be effective for a period of two years. Thereafter, a registrant shall file an application for renewal of registration and pay the fee required by Section 6404.

6407. (a) The county clerk shall maintain a register of unlawful detainer assistants, assign a unique number to each unlawful detainer assistant, and issue an identification card to each one. Additional cards for employees of unlawful detainer assistants shall be issued upon the payment of ten dollars ($10) for each card. Upon renewal of registration, the same number shall be assigned, provided there is

no lapse in the period of registration.

(b) The identification card shall be a card 3½ inches by 2¼ inches, and shall contain at the top, the title "Unlawful Detainer Assistant" followed by the registrant's name, address, registration number, date of expiration, and county of registration. It shall also contain a photograph of the registrant in the lower left corner.

Article 3. Conduct of Business and Prohibited Acts

6408. The registrant's registration number and county of registration shall appear on any solicitation or advertisement, and on the registrant's work product, including, but not limited to, letterhead, correspondence, documents, forms, claims, petitions, checks, receipts, money orders, pleadings, and other papers relating to unlawful detainer claims or actions.

6409. No unlawful detainer assistant shall retain in his or her possession original documents of a client.

6410. (a) Every unlawful detainer assistant who enters into a contract or agreement with a client to provide services shall, prior to providing any services, provide the client with a written contract, the contents of which shall be prescribed by regulations adopted by the Department of Consumer Affairs.

(b) The written contract shall include provisions relating to the following:

(1) The services to be performed.

(2) The costs of the services to be performed.

(3) There shall be printed on the face of the contract in 10-point boldface type a statement that the unlawful detainer assistant is not an attorney and may not perform the legal services that an attorney performs.

(c) The provisions of the written contract shall be stated both in English and, if the client is non-English-speaking, in the language of the client.

(d) Failure of an unlawful detainer assistant to comply with the provisions of subdivisions (a), (b), and (c) shall make the contract or agreement for services voidable at the option of the client. Upon the voiding of the contract, the unlawful detainer assistant shall immediately return in full any fees paid by the client.

(e) The client shall have the right to rescind the contract within 24 hours of the signing of the contract. Upon the voiding or rescinding of the contract or agreement for services, the unlawful detainer assistant shall immediately return to the client any fees paid by the client, except fees for services that were actually, necessarily, and reasonably performed on the client's behalf by the unlawful detainer assistant. The requirements of this subdivision shall be conspicuously set forth in the written contract in both English and, if the client is non-English-speaking, in the language of the client.

6411. It is unlawful for any person engaged in the business or acting in the capacity of an unlawful detainer assistant to do any of

the following:

(a) Make false or misleading statements to a client while providing services to that client.

(b) Make any guarantee or promise to a client, unless the guarantee or promise is in writing and the unlawful detainer assistant has some basis for making the guarantee or promise.

(c) Make any statement that the unlawful detainer assistant can or will obtain special favors or has special influence with a court, or a state or federal agency.

(d) Provide assistance or advice which constitutes the unlawful practice of law pursuant to Section 6125, 6126, or 6127.

6412. (a) Any owner or manager of residential or commercial rental property, tenant, or other person who is awarded damages in any action or proceeding for injuries caused by the acts of a registrant while in the performance of his or her duties as an unlawful detainer assistant may recover damages from the bond or cash deposit required by Section 6405.

(b) Whenever there has been a recovery against a bond or cash deposit under subdivision (a) and the registration has not been revoked pursuant to Section 6413, the registrant shall file a new bond or deposit an additional amount of cash within 30 days to reinstate the bond or cash deposit to the amount required by Section 6405. If the registrant does not file a bond, or deposit this amount within 30 days, his or her certificate of registration shall be revoked.

6413. The county clerk shall revoke the registration of an unlawful detainer assistant upon receipt of an official document or record stating that the registrant has been found guilty of the unauthorized practice of law pursuant to Section 6125 , 6126, or 6127, has been found guilty of a misdemeanor violation of this chapter, or that a civil judgment has been entered against the registrant in an action arising out of the registrant's failure to properly perform his or her obligation as an unlawful detainer assistant. The county clerk shall be given notice of the disposition in any court action by the city attorney, district attorney, or plaintiff, as applicable. A registrant whose registration is revoked pursuant to this section may reapply for registration after one year.

6414. A registrant whose certificate is revoked shall be entitled to challenge the decision in a court of competent jurisdiction.

6415. A failure, by a person who engages in acts of an unlawful detainer assistant, to comply with any of the requirements of Section 6402 or 6408, or subdivision (a), (b), or (c) of Section 6411 is punishable as a misdemeanor punishable by a fine of not less than one thousand dollars ($1,000) or more than two thousand dollars ($2,000), as to each client with respect to whom a violation occurs, or imprisonment for not more than one year, or by both fine and imprisonment. Payment of restitution to a client shall take precedence over payment of a fine.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those

costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1012

An act to add and repeal Section 12804.14 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 12804.14 is added to the Vehicle Code, to read:

12804.14. (a) The department may issue a restricted class A driver's license for the operation of any two-axle vehicle weighing 4,000 pounds or more unladen when towing a livestock trailer not exceeding 15,000 pounds gross vehicle weight rating or gross vehicle weight, if all of the following conditions are met:

(1) The vehicle is controlled and operated by a farmer.

(2) The vehicle is used to transport livestock to or from a farm.

(3) The vehicle is not used in the operations of a common or contract carrier.

(4) The vehicle is used within 150 miles of the person's farm.

(b) A restricted class A driver's license issued pursuant to this section is not valid for the towing of a trailer over 10,000 pounds gross vehicle weight unless the trailer is attached to the towing vehicle with a fifth-wheel connection.

(c) The requirements of subdivision (a) incorporate the guidelines published by the Federal Highway Administration in the Federal Register on September 26, 1988 (53 FR 37313). The department shall follow those guidelines in acting pursuant to this section as those guidelines now exist and as they are hereafter amended.

(d) In lieu of a report of a medical examination required by Sections 12804 and 12804.9, a licensed California driver applying for a restricted license issued pursuant to subdivision (a) shall, upon

application and every two years thereafter, submit medical information on a form approved by the department.

(e) This section shall remain in effect only until January 1, 1996, and on that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 2. The Department of the California Highway Patrol shall report to the Legislature, as needed, on any safety problems or concerns that the department observes as a result of the enactment of Section 12804.14 of the Vehicle Code.

CHAPTER 1013

An act to amend Sections 3553 and 3584 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 3553 of the Public Utilities Code is amended to read:

3553. (a) The commission shall issue or authorize the transfer of no permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class 1 driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the

California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission the certificate of workers' compensation insurance coverage or statement required by Section 3554.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(b) With respect to paragraphs (2) and (6) of subdivision (a), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(c) As provided in subdivision (d) of Section 3584, the commission may delegate to its executive director or the executive director's designee the authority to issue, or authorize the transfer of, seasonal agricultural carrier permits and to make the findings specified in subdivisions (a) and (b) of this section and subdivisions (b) and (c) of Section 3584 necessary to exercise the delegated authority.

(d) The commission shall, commencing on April 15, 1989, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 1.5. Section 3553 of the Public Utilities Code is amended to read:

3553. (a) The commission shall issue or authorize the transfer of no permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class 1 driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with

the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission the workers' compensation document required by Section 3554 for its employees or a certificate of consent to self-insure, issued by the Director of Industrial Relations or its successor agency.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(b) With respect to paragraphs (2) and (6) of subdivision (a), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(c) As provided in subdivision (d) of Section 3584, the commission may delegate to its executive director or the executive director's designee the authority to issue, or authorize the transfer of, seasonal agricultural carrier permits and to make the findings specified in subdivisions (a) and (b) of this section and subdivisions (b) and (c) of Section 3584 necessary to exercise the delegated authority.

(d) The commission shall, commencing on April 15, 1989, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 2. Section 3584 of the Public Utilities Code is amended to read:

3584. (a) Except as provided in Section 3583, any highway carrier desiring a permit to operate as a livestock carrier or an agricultural carrier shall file an application therefor with the commission. The application shall set forth all of the following:

(1) The name and address of the applicant.

(2) The names and addresses of its officers, if any.

(3) Full information concerning the financial condition and physical properties of the applicant.

(4) Other information necessary to the enforcement of this article as the commission may require.

(b) The commission shall not issue or authorize the transfer of any permit under this chapter except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its

vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class 1 driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission the workers' compensation documentation required by Section 3554 for its employees or a certificate of consent to self-insure, issued by the Director of Industrial Relations or its successor agency.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(c) With respect to paragraphs (2) and (6) of subdivision (b), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(d) The commission may delegate to its executive director or the executive director's designee the authority to issue, or authorize the transfer of, seasonal agricultural carrier permits and to make the findings specified in subdivisions (b) and (c) necessary to exercise the delegated authority.

(e) The commission shall, commencing on April 15, 1991, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 2.5. Section 3584 of the Public Utilities Code is amended to read:

3584. (a) Except as provided in Section 3583, any highway carrier desiring a permit to operate as a livestock carrier or an agricultural carrier shall file an application therefor with the commission. The application shall set forth all of the following:

(1) The name and address of the applicant.

(2) The names and addresses of its officers, if any.

(3) Full information concerning the financial condition and physical properties of the applicant.

(4) Other information necessary to the enforcement of this article as the commission may require.

(b) The commission shall not issue or authorize the transfer of any permit under this chapter except upon a showing before the

commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the permit.

(3) Has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the Department of the California Highway Patrol in Title 13 of the California Code of Regulations.

(4) Participates in a program to regularly check the driving records of all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation requiring a class 1 driver's license under the permit.

(5) Has a safety education and training program in effect for all persons, whether employees or subhaulers, operating vehicles used in transportation for compensation.

(6) Will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

(7) Has filed with the commission a certificate of workers' compensation insurance coverage for its employees or a certificate of consent to self-insure issued by the Director of Industrial Relations.

(8) Has provided the commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this section may be inspected by the commission and the Department of the California Highway Patrol.

(c) With respect to paragraphs (2) and (6) of subdivision (b), the commission may base a finding on a certification by the commission that an applicant has filed, with the commission, a sworn declaration of ability to comply and intent to comply.

(d) The commission may delegate to its executive director or the executive director's designee the authority to issue, or authorize the transfer of, seasonal agricultural carrier permits and to make the findings specified in subdivisions (b) and (c) necessary to exercise the delegated authority.

(e) The commission shall, commencing on April 15, 1991, and quarterly thereafter, prepare and submit to the Legislature a report of its implementation of this section. This report may be combined with the report required by Section 1063.5.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 3553 of the Public Utilities Code proposed by both this bill and SB 472. It shall only become operative if (1) both bills are

enacted and become effective on January 1, 1994, (2) each bill amends Section 3553 of the Public Utilities Code, and (3) this bill is enacted after SB 472, in which case Section 1 of this bill shall not become operative.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 3584 of the Public Utilities Code proposed by both this bill and SB 472. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 3584 of the Public Utilities Code, and (3) this bill is enacted after SB 472, in which case Section 2 of this bill shall not become operative.

CHAPTER 1014

An act to amend Section 502.7 of the Penal Code, relating to telephone fraud.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 502.7 of the Penal Code is amended to read:

502.7. (a) Any person who, knowingly, willfully, and with intent to defraud a person providing telephone or telegraph service, avoids or attempts to avoid, or aids, abets or causes another to avoid the lawful charge, in whole or in part, for telephone or telegraph service by any of the following means is guilty of a misdemeanor or a felony, except as provided in subdivision (g):

(1) By charging the service to an existing telephone number or credit card number without the authority of the subscriber thereto or the lawful holder thereof.

(2) By charging the service to a nonexistent telephone number or credit card number, or to a number associated with telephone service which is suspended or terminated, or to a revoked or canceled (as distinguished from expired) credit card number, notice of the suspension, termination, revocation, or cancellation of the telephone service or credit card having been given to the subscriber thereto or the holder thereof.

(3) By use of a code, prearranged scheme, or other similar stratagem or device whereby the person, in effect, sends or receives information.

(4) By rearranging, tampering with, or making connection with telephone or telegraph facilities or equipment, whether physically, electrically, acoustically, inductively, or otherwise, or by using telephone or telegraph service with knowledge or reason to believe that the rearrangement, tampering, or connection existed at the time of the use.

(5) By using any other deception, false pretense, trick, scheme, device, conspiracy, or means, including the fraudulent use of false, altered, or stolen identification.

(b) Any person who does either of the following is guilty of a misdemeanor or a felony, except as provided in subdivision (g):

(1) Makes, possesses, sells, gives, or otherwise transfers to another, or offers or advertises any instrument, apparatus, or device with intent to use it or with knowledge or reason to believe it is intended to be used to avoid any lawful telephone or telegraph toll charge or to conceal the existence or place of origin or destination of any telephone or telegraph message.

(2) Sells, gives, or otherwise transfers to another or offers, or advertises plans or instructions for making or assembling an instrument, apparatus, or device described in paragraph (1) of this subdivision with knowledge or reason to believe that they may be used to make or assemble the instrument, apparatus, or device.

(c) Any person who publishes the number or code of an existing, canceled, revoked, expired, or nonexistent credit card, or the numbering or coding which is employed in the issuance of credit cards, with the intent that it be used or with knowledge or reason to believe that it will be used to avoid the payment of any lawful telephone or telegraph toll charge is guilty of a misdemeanor. Subdivision (g) shall not apply to this subdivision. As used in this section, "publishes" means the communication of information to any one or more persons, either orally, in person or by telephone, radio, or television, or electronic means, including, but not limited to, a bulletin board system, or in a writing of any kind, including without limitation a letter or memorandum, circular or handbill, newspaper, or magazine article, or book.

(d) Any person who is the issuee of a calling card, credit card, calling code, or any other means or device for the legal use of telecommunications services and who receives anything of value for knowingly allowing another person to use the means or device in order to fraudulently obtain telecommunications services is guilty of a misdemeanor or a felony, except as provided in subdivision (g).

(e) Subdivision (a) applies when the telephone or telegraph communication involved either originates or terminates, or both originates and terminates, in this state, or when the charges for service would have been billable, in normal course, by a person providing telephone or telegraph service in this state, but for the fact that the charge for service was avoided, or attempted to be avoided, by one or more of the means set forth in subdivision (a).

(f) Jurisdiction of an offense under this section is in the jurisdictional territory where the telephone call or telegram involved in the offense originates or where it terminates, or the jurisdictional territory to which the bill for the service is sent or would have been sent but for the fact that the service was obtained or attempted to be obtained by one or more of the means set forth in subdivision (a).

(g) Theft of any telephone or telegraph services under this section by a person who has a prior misdemeanor or felony conviction for theft of services under this section within the past five years, is a felony.

(h) Any person or telephone company defrauded by any acts prohibited under this section shall be entitled to restitution for the entire amount of the charges avoided from any person or persons convicted under this section.

(i) Any instrument, apparatus, device, plans, instructions, or written publication described in subdivision (b) or (c) may be seized under warrant or incident to a lawful arrest, and, upon the conviction of a person for a violation of subdivision (a), (b), or (c), the instrument, apparatus, device, plans, instructions, or written publication may be destroyed as contraband by the sheriff of the county in which the person was convicted or turned over to the person providing telephone or telegraph service in the territory in which it was seized.

(j) Any computer, computer system, computer network, or any software or data, owned by the defendant, which is used during the commission of any public offense described in this section or any computer, owned by the defendant, which is used as a repository for the storage of software or data illegally obtained in violation of this section shall be subject to forfeiture.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1015

An act to add and repeal Section 7215.6 to the Business and Professions Code, relating to dogs.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 7215.6 is added to the Business and Professions Code, to read:

7215.6. (a) In order to provide a procedure for the resolution of disputes between guide dog users and guide dog schools relating to

the continued physical custody and use of a guide dog, in all cases except those in which the dog user is the unconditional legal owner of the dog, the following arbitration procedure shall be established as a pilot project.

(b) This procedure establishes an arbitration panel for the settlement of disputes between a guide dog user and a licensed guide dog school regarding the continued use of a guide dog by the user in all cases except those in which the dog user is the unconditional legal owner of the dog. The disputes which may be subject to this procedure concern differences between the user and school over whether or not a guide dog should continue to be used, differences between the user and school regarding the treatment of a dog by the user, and differences over whether or not a user should continue to have custody of a dog pending investigation of charges of abuse. It specifically does not address issues such as admissions to schools, training practices, or other issues relating to school standards.

(c) The licensed guide dog schools in California and the board shall provide to guide dog users graduating from guide dog programs in these schools a new avenue for the resolution of disputes which involve continued use of a guide dog, or the actual physical custody of a guide dog. The licensed guide dog schools and the board shall participate in an arbitration panel pilot project for a period of five years from the effective date of this legislation, in order to settle the kinds of disputes outlined above. Guide dog users who are dissatisfied with decisions of schools regarding continued use of guide dogs may appeal to the board to convene an arbitration panel composed of all of the following:

(1) One person designated by the guide dog user.

(2) One person designated by the licensed guide dog school.

(3) A representative of the board who shall coordinate the activities of the panel and serve as chair.

(d) If the guide dog user or guide dog school wishes to utilize the arbitration panel, this must be stated in writing to the board. The findings and decision of the arbitration panel shall be final and binding.

(e) A licensed guide dog school which fails to comply with any provision of this section shall automatically be subject to a penalty of two hundred fifty dollars ($250) per day for each day in which a violation occurs. The penalty shall be paid to the board. The license of a guide dog school shall not be renewed until all penalties have been paid.

The fine shall be assessed without advance hearing, but the licensee may apply to the board for a hearing on the issue of whether the fine should be modified or set aside. This application shall be in writing and shall be received by the board within 30 days after service of notice of the fine. Upon receipt of this written request, the board shall set the matter for hearing within 60 days.

(f) As a general rule, custody of the guide dog shall remain with the guide dog user pending a resolution by the arbitration panel. In

circumstances where the immediate health and safety of the guide dog user or guide dog is threatened, the licensed school may take custody of the dog at once. However, if the dog is removed from the user's custody without the user's concurrence, the school shall provide to the board the evidence which caused this action to be taken at once and without fail; and within five calendar days a special committee of two members of the board shall make a determination regarding custody of the dog pending hearing by the arbitration panel.

(g) The arbitration panel shall decide the best means to determine final resolution in each case. This shall include, but is not limited to, a hearing of the matter before the arbitration panel at the request of either party to the dispute, an opportunity for each party in the dispute to make presentations before the arbitration panel, examination of the written record, or any other inquiry as will best reveal the facts of the disputes. In any case, the panel shall make its findings and complete its examination within 45 calendar days of the date of filing the request for arbitration, and a decision shall be rendered within 10 calendar days of the examination.

All arbitration hearings shall be held at sites convenient to the parties and with a view to minimizing costs. Each party to the arbitration shall bear its own costs, except that the arbitration panel, by unanimous agreement, may modify this arrangement.

(h) The board may study the effectiveness of the arbitration panel pilot project in expediting resolution and reducing conflict in disputes between guide dog users and guide dog schools and may share its findings with the Legislature upon request.

(i) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

CHAPTER 1016

An act to amend Section 269 of the Code of Civil Procedure, to amend Section 69954 of the Government Code, and to amend Section 190.9 of the Penal Code, relating to courts.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 269 of the Code of Civil Procedure is amended to read:

269. (a) The official reporter of a superior court, or any of them, where there are two or more, shall, at the request of either party, or of the court in a civil action or proceeding, and on the order of the court, the district attorney, or the attorney for the defendant in a

criminal action or proceeding, take down in shorthand all testimony, objections made, rulings of the court, exceptions taken, all arraignments, pleas, and sentences of defendants in criminal cases, arguments of the prosecuting attorney to the jury, and all statements and remarks made and oral instructions given by the judge. If directed by the court, or requested by either party, the official reporter shall, within such reasonable time after the trial of the case as the court may designate, write the transcripts out, or the specific portions thereof as may be requested, in plain and legible longhand, or by typewriter, or other printing machine, and certify that the transcripts were correctly reported and transcribed, and when directed by the court, file the transcripts with the clerk of the court.

(b) In any case where a defendant is convicted of a felony, after a trial on the merits, the record on appeal shall be prepared immediately after the verdict or finding of guilt is announced unless the court determines that it is likely that no appeal from the decision will be made. The court's determination of a likelihood of appeal shall be based upon standards and rules adopted by the Judicial Council.

(c) Any court, party, or person may request delivery of any transcript in a computer-readable form, except that an original transcript shall be on paper. A copy of the original transcript ordered within 120 days of the filing or delivery of the transcript by the official reporter shall be delivered in computer-readable form upon request if the proceedings were produced utilizing computer-aided transcription equipment. Except as modified by standards adopted by the Judicial Council, the computer-readable transcript shall be on disks in standard ASCII code unless otherwise agreed by the reporter and the court, party, or person requesting the transcript. Each disk shall be labeled with the case name and court number, the dates of proceedings contained on the disk, and the page and volume numbers of the data contained on the disk. Each disk as produced by the court reporter shall contain the identical volume divisions, pagination, line numbering, and text of the certified original paper transcript or any portion thereof. Each disk shall be sequentially numbered within the series of disks.

SEC. 2. Section 69954 of the Government Code is amended to read:

69954. (a) Transcripts prepared by a reporter using computer assistance and delivered on a medium other than paper shall be compensated at the same rate set for paper transcripts, except the reporter may also charge an additional fee not to exceed the cost of the medium or any copies thereof.

(b) The fee for a second copy of a transcript on appeal in computer-readable format ordered by or on behalf of a requesting party within 120 days of the filing or delivery of the original transcript shall be compensated at one-third the rate set forth for a second copy of a transcript as provided in Section 69950. A reporter may also charge an additional fee not to exceed the cost of the

medium or any copies thereof.

(c) The fee for a computer-readable transcript shall be paid by the requesting court, party, or person, unless the computer-readable transcript is requested by a party in lieu of a paper transcript required to be delivered to that party by the rules of court. In that event, the fee shall be chargeable as statute or rule provides for the paper transcript.

(d) Any court, party, or person who has purchased a transcript may, without paying a further fee to the reporter, reproduce a copy or portion thereof as an exhibit pursuant to court order or rule, or for internal use, but shall not otherwise provide or sell a copy or copies to any other party or person.

SEC. 3. Section 190.9 of the Penal Code is amended to read:

190.9. (a) In any case in which a death sentence may be imposed, all proceedings conducted in the justice, municipal, and superior courts, including proceedings in chambers, shall be conducted on the record with a court reporter present. The court reporter shall prepare and certify a daily transcript of these proceedings.

The court shall assign a court reporter who uses computer-aided transcription equipment to report all proceedings under this section. Failure to comply with the requirements of this section relating to the assignment of court reporters who use computer-aided transcription equipment shall not be a ground for reversal.

(b) Any computer-readable transcript produced by court reporters pursuant to this section shall conform to the requirements of subdivision (c) of Section 269 of the Code of Civil Procedure.

CHAPTER 1017

An act to add Section 1015.5 to the Health and Safety Code, relating to environmental laboratories.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1015.5 is added to the Health and Safety Code, to read:

1015.5. (a) Notwithstanding any other provision of law, the department may issue a certificate to the owner of a laboratory in a field of testing or method adopted by the federal Environmental Protection Agency pursuant to Part 136 of Title 40 of the Code of Federal Regulations, as amended September 11, 1992, as published in the Federal Register (57 FR 41830), or Part 141 of Title 40 of the Code of Federal Regulations, as amended July 17, 1992, as published in the Federal Register (57 FR 31776), and as subsequently amended and published in the Federal Register.

(b) Notwithstanding any other provision of law, the department shall not be required to meet the requirements of Chapter 3.5 (commencing with Section 11340) of the Government Code in order to issue a certificate pursuant to subdivision (a).

CHAPTER 1018

An act to add Section 27552 to the Health and Safety Code, relating to food facilities.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) All food facilities are required by law to obtain public health permits prior to operating a business.

(b) Itinerant food facilities do not always obtain public health permits along with business licenses.

(c) Local health agencies have public health responsibilities within their jurisdictions.

(d) The lack of coordination between cities and local health agencies in verifying public health permits could jeopardize public health and safety.

(e) Individuals who qualify for a business license do not always meet the criteria for a public health permit.

(f) Cities are encouraged to verify that all food facilities, especially itinerant food vendors, have obtained a public health permit from the responsible local health agency prior to applying for a business license.

SEC. 2. Section 27552 is added to the Health and Safety Code, to read:

27552. Any person operating a food facility or conducting any itinerant food vending shall obtain all necessary permits to conduct business, including but not limited to, a public health permit. In addition to the penalties prescribed under Article 4 (commencing with Section 27560), violators shall be subject to closure of the facility and a penalty not to exceed three times the cost of the public health permit.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1019

An act to add Chapter 1.9 (commencing with Section 65055) to Division 1 of Title 7 of the Government Code, relating to rural economic development.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.9 (commencing with Section 65055) is added to Division 1 of Title 7 of the Government Code, to read:

CHAPTER 1.9. RURAL ECONOMIC DEVELOPMENT

65055. On or before December 31, 1994, the Director of Planning and Research, in consultation with the Governor's Interagency Council on Growth Management and an advisory committee composed of rural landowners and citizens, shall adopt a rural economic growth strategy. The purposes of the strategy shall include, but are not limited to, encouraging all of the following:

(a) A healthy, self-sustaining rural economy and society, including resource-based uses such as agriculture, and their related employment.

(b) A wide variety of land uses and income streams consistent with rural densities, resource-based uses, appropriate siting and design, and economic opportunities.

(c) A balance of equities, opportunities, and responsibilities between urban and rural areas.

(d) (1) Members of the advisory committee shall serve without compensation and shall not be reimbursed for any expenses in connection with their duties.

(2) Any costs incurred in implementing this chapter shall be met within the existing budget of the office.

(e) The advisory committee shall terminate upon adoption of the rural economic growth strategy pursuant to this section.

65055.5 (a) The rural economic growth strategy shall include, but is not limited to, the following components:

(1) Rural economic development.

(2) Rural quality of life.

(3) Rural resources and land use.

(4) Rural infrastructure.

(5) Rural self-governance.

(6) Rural regulatory streamlining.
(7) Rural publicly-owned land.
(b) The rural economic growth strategy shall establish a positive strategy, recognizing rural residents, businesses, employees, and landowners as equal partners in growth, outside of urbanized areas, including, but not limited to, all of the following:
(1) Capital information and financing opportunities.
(2) New market, product, and services development.
(3) Augmentation and allocation of public fiscal resources.
(c) The rural economic growth strategy shall develop one or more practical methods of distinguishing between rural and urban areas for the purposes of this chapter. It shall also evaluate the economic interaction between rural and urban areas, including, but not limited to, the consequences of the urbanization of rural lands, increases in rural population, and the benefits to urban areas provided by rural areas.

CHAPTER 1020

An act to amend Section 1267.13 of, and to add Chapter 9 (commencing with Section 1765.101) to Division 2 of, the Health and Safety Code, relating to health.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1267.13 of the Health and Safety Code is amended to read:

1267.13. Pursuant to paragraph (3) of subdivision (a) and subdivision (b) of Section 1265.7, this section shall be effective until the adoption of permanent regulations. Notwithstanding, the state department has authority to make reasonable accommodation for exceptions to the standards in this section, providing the health, safety, and quality of patient care is not compromised. No exceptions shall be made for building standards. Prior written approval communicating the terms and conditions under which the exception is granted shall be required. Applicants shall request the exception in writing accompanied by detailed, supporting documentation.

Congregate living health facilities serving persons who are terminally ill, persons who are catastrophically and severely disabled, persons who are mentally alert but physically disabled, or any combination of these persons, shall conform to the following:

(a) Facilities shall obtain and maintain a valid fire clearance from the appropriate authority having jurisdiction over the facility, based on compliance with state regulations concerning fire and life safety, as adopted by the State Fire Marshal.

(b) The State Fire Marshal, with the advice of the State Board of Fire Services, shall adopt regulations on or before January 1, 1991, following a public hearing, establishing minimum requirements for the protection of life and property for congregate living health facilities serving terminally ill persons, catastrophically and severely disabled persons, persons who are mentally alert but physically disabled, or any combination of these persons. These minimum requirements shall recognize the residential and noninstitutional setting of congregate living health facilities serving terminally ill persons, catastrophically and severely disabled persons, persons who are mentally alert but physically disabled, or any combination of these persons.

(c) Facilities shall be in a homelike residential setting. Living accommodations and grounds shall be related to the facility's function and clientele. Facilities shall provide sufficient space for comfortable living accommodations and privacy for residents, staff, and others who may reside in the facility.

(d) Common rooms, including, but not limited to, living rooms, dining rooms, and dens or other recreation or activity rooms, shall be provided and shall have sufficient space, separation, or both to promote and facilitate the program of activities and to prevent these activities from interfering with other functions. Accommodations shall ensure adequate space for residents to have visitors and for privacy during visits, if desired.

(e) Resident bedrooms shall have adequate space to allow easy passage throughout; permit comfortable usage of furnishings; promote ease of nursing care; and accommodate use of assistive devices, including, but not limited to, wheelchairs, walkers, and patient lifts, when needed.

(f) No room commonly used for other purposes, including, but not limited to, a hall, stairway, attic, garage, storage area, shed, or similar detached building, shall be used as a sleeping room for any resident.

(g) No resident bedroom shall be used as a passageway to another room, bath, or toilet.

(h) Not more than two residents shall share a bedroom.

(i) Equipment and supplies necessary for personal care and maintenance of adequate hygiene shall be readily available to all residents.

(j) Toilets and bathrooms shall be conveniently located. At least one toilet and washbasin shall be provided per six residents. At least one bathtub or shower shall be provided per 10 residents. Individual privacy shall be provided in all toilet, bath and shower areas. Separate toilet, washbasin, and bathtub or shower accommodations shall be provided for staff.

(k) Sufficient room shall be available throughout the facility to accommodate and serve all persons in comfort and safety. The premises shall be maintained in good repair and shall provide a safe, clean, and healthful environment.

(*l*) Facilities shall have equipment and supplies appropriate to

meet the routine and specialized needs of all residents.

(m) All persons shall be protected from hazards throughout the premises:

(1) Stairways, inclines, ramps, open porches, and other areas of potential hazard to residents with poor balance or eyesight shall be made inaccessible unless well lighted and equipped with sturdy hand railings.

(2) Night lights shall be maintained in hallways and passages to nonprivate bathrooms.

(3) All indoor and outdoor passageways and stairways shall be kept free of obstructions.

(4) Fireplaces, woodstoves, and open-faced heaters shall be adequately screened.

(5) Facilities shall assure the inaccessibility of fishponds, wading pools, hot tubs, swimming pools, or similar bodies of water or other areas of potential hazard when not in active use.

(n) Facilities serving persons who are terminally ill, catastrophically and severely disabled, mentally alert but physically disabled, or any combination of these persons, shall, in addition to the requirements of this chapter and until specific regulations governing their operation are filed, conform to regulations contained in Chapter 3 of Division 5 of Title 22 of the California Code of Regulations of April 1, 1988, with the exception of the following sections or portions of sections: 72007, 72053, 72073, subdivision (a) of Section 72077, 72097, 72099, 72103, 72203, subdivision (a) of Section 72205, 72301, 72305, subdivision (a) of Section 72325, 72327, 72329, 72331, 72337, subdivisions (b), (g), and (h) of Section 72351, 72353, subdivision (a) of Section 72367, 72373, subdivision (b) of Section 72375, 72401, 72403, 72405, 72407, 72409, 72411, 72413, 72415, 72417, 72419, 72421, 72423, 72425, 72427, 72429, 72431, 72433, 72435, 72437, 72439, 72441, 72443, 72445, 72447, 72449, 72451, 72453, 72455, 72457, 72459, 72461, 72463, 72465, 72467, 72469, 72471, 72473, 72475, 72503, paragraph (2) of subdivision (a) of Section 72513, 72520, 72535, 72555, 72557, subdivisions (a) and (b) of Section 72601, subdivision (d) of Section 72607, subdivisions (a) and (d) of Section 72609, 72611, 72615, 72617, 72629, 72631, 72633, 72635, subdivisions (b), (c), and (d) of Section 72639, 72641, and 72665.

(o) (1) Facilities serving persons who are terminally ill, catastrophically and severely disabled, mentally alert but physically disabled, or any combination of these persons, shall have an administrator who is responsible for the day-to-day operation of the facility. The administrator may be either a licensed registered nurse, a nursing home administrator, or the licensee. The administrator shall be present at the facility a sufficient number of hours to ensure the smooth operation of the facility. If the administrator is also the registered nurse fulfilling the duties specified in paragraph (2), the administrator shall not be responsible for more than one facility. In all other circumstances, the administrator shall not be responsible for more than three facilities with an aggregate total of 75 beds and these

facilities shall be within one hour's surface travel time of each other.

(2) (A) For each congregate living health facility of more than six beds serving persons who are terminally ill, catastrophically and severely disabled, mentally alert but physically disabled, or any combination of these persons, there shall be, at a minimum, a registered nurse or licensed vocational nurse awake and on duty at all times. A registered nurse shall be awake and on duty eight hours a day, five days a week.

(B) For each congregate living health facility of six or fewer beds serving persons who are terminally ill, catastrophically and severely disabled, mentally alert but physically disabled, or any combination of these persons, a registered nurse shall visit each patient at least twice a week for approximately two hours, or more as patient care requires.

(C) For all congregate living health facilities serving persons who are terminally ill, catastrophically and severely disabled, mentally alert but physically disabled, or any combination of these persons, a registered nurse shall be available for consultation and able to come into the facility within 30 minutes, if necessary, when no registered nurse is on duty. In addition, certified nurse assistants, or persons with similar training and experience as determined by the department, shall be awake and on duty in the facility in at least the following ratios: facilities with six beds or less, one per shift; facilities with 7 to 12 beds, two per shift; facilities with 13 to 25 beds, three per day and evening shifts and two per nocturnal shift. No nursing services personnel shall be assigned housekeeping or dietary duties.

(3) Notwithstanding the provisions of this subdivision, the facility shall provide appropriately qualified staff in sufficient numbers to meet patient care needs.

(4) Nursing service personnel shall be employed and on duty in at least the number and with the qualifications determined by the department to provide the necessary nursing services for patients admitted for care. The department may require a facility to provide additional professional, administrative, or supportive personnel whenever the state department determines through a written evaluation, that additional personnel are needed to provide for the health and safety of patients.

(5) All staff members shall receive orientation regarding care appropriate for the patients' diagnoses and individual resident needs. Orientation shall include a minimum of 16 hours during the first 40 hours of employment.

(6) Nothing in this chapter shall prevent the use of volunteers; however, volunteers shall not be used as substitutes for the personnel required in the above sections. Volunteers providing patient care services shall:

(A) Be provided clearly defined roles and written job descriptions.

(B) Receive orientation and training equivalent to that provided paid staff.

(C) Possess education and experience equal to that required of paid staff performing similar functions.

(D) Conform to the facility's policies and procedures.

(E) Receive periodic performance evaluations.

(p) The interim standards prescribed by this section shall become inoperative upon the filing of the regulations with the Secretary of State.

SEC. 2. Chapter 9 (commencing with Section 1765.101) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 9. MOBILE HEALTH CARE UNITS

1765.101. This chapter shall be known, and may be cited as, the Mobile Health Care Services Act.

1765.105. As used in this chapter, the following definitions shall apply:

(a) "Parent facility" means a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2, or a clinic licensed pursuant to Chapter 1 (commencing with Section 1200) of Division 2.

(b) (1) "Mobile service unit" or "mobile unit" means a special purpose commercial coach as defined in Section 18012.5, or a commercial coach as defined in Section 18001.8, that provides services as set forth in Section 1765.110, and meets any of the following criteria:

(A) Is approved pursuant to this chapter by the state department as a service of a licensed health facility, as defined in Section 1250.

(B) Is approved by the state department pursuant to this chapter as a service of a licensed clinic, as defined in Section 1200.

(C) Is licensed pursuant to this chapter by the state department as a clinic, as defined in Section 1200.

(D) Is licensed pursuant to this chapter as an "other" type of approved mobile unit by the state department. "Other" types of approved mobile units shall be limited to mobile units performing services within new health facility or clinic licensure categories created after the effective date of this chapter. The State Department of Health Services shall not create a new health facility or clinic licensure category under this subparagraph absent a legislative mandate.

(2) "Mobile service unit" or "mobile unit" does not mean a modular, relocatable, or transportable unit that is designed to be placed on a foundation when it reaches its destination, nor does it mean any entity that is exempt from licensure pursuant to Section 1206.

1765.110. The purpose of this chapter is to provide for the use of mobile units to provide medical, diagnostic, and treatment services, in order to help ensure the availability of quality health care services for patients who receive care in remote or underserved areas and for patients who need specialized types of medical care provided in a

cost-effective way.

1765.115. A mobile unit may operate as one of the following:

(a) As an adjunct to a licensed health facility or to a licensed clinic.

(b) As an independent-freestanding clinic pursuant to Chapter 1 (commencing with Section 1200).

(c) As an "other" type of approved mobile unit.

1765.117. The state department shall charge applicants a licensure fee as follows:

(a) Pursuant to Chapter 1 (commencing with Section 1200), or Chapter 2 (commencing with Section 1250).

(b) Pursuant to the applicable section of the Health and Safety Code that creates a new health facility or clinic licensure category.

(c) No additional licensure fee will be imposed solely because a service is to be provided in a mobile unit.

1765.120. Compliance with all of the following criteria shall be required prior to licensure:

(a) The mobile unit shall comply with the applicable requirements of the Vehicle Code, and shall have a vehicle identification number.

(b) The mobile unit shall bear an insignia issued by the Department of Housing and Community Development pursuant to Section 18026.

1765.125. (a) Except as provided in subdivision (b), no person, political subdivision of the state, or governmental agency shall operate a mobile service unit without first obtaining a license or an addition to existing licensure under this chapter unless exempt from licensure under Section 1206.

(b) Any person, political subdivision of the state, or governmental agency, that was operating a mobile unit as of January 1, 1994, may continue to operate the mobile unit only under the following conditions:

(1) The person, political subdivision of the state, or governmental agency shall apply to the state department for a mobile unit license, or an addition to existing licensure, via a request for licensure under this chapter by March 1, 1994.

(2) The person, political subdivision of the state, or governmental agency shall cease operating the mobile unit upon a final decision of the state department denying the application for licensure or addition to licensure under this chapter.

1765.130. (a) Any applicant under this chapter shall file with the state department an application. The application shall be on forms prescribed and furnished by the state department that shall contain any information as may be required by the state department for the proper administration and enforcement of this chapter.

(b) An applicant health facility or clinic pursuant to this chapter shall submit an application to the licensing and certification district office of the state department stating with specificity all of the following:

(1) The proposed service to be provided.

(2) The expected hours and days of operation.

(3) The type and the manufacturer of the mobile unit contemplated.

(4) The proposed area or areas where the mobile unit will be providing services.

(c) An applicant for licensure as an independently licensed clinic under this chapter shall submit a verified application to the state department on the appropriate forms for the type of clinic for which it wishes to obtain licensure.

(d) Prior to granting approval to an applicant parent facility for operation of a mobile unit under the parent facility's existing licensure pursuant to this chapter, or prior to granting license for an independent mobile unit, the state department shall conduct an onsite inspection, including, but not limited to, a review of policies and procedures.

(e) Supplemental services offered via mobile units shall be listed by the state department as an approved or supplemental service on the license of the parent facility.

(f) Licenses issued by the state department authorizing operation of a mobile unit as an addition to existing parent facility licensure shall be posted at the parent facility. Licenses authorizing operation of a clinic as a mobile unit shall be posted at the administrative headquarters of the licensee. A true copy of the license shall be posted within the mobile unit.

1765.135. (a) To qualify for a license under this chapter, an applicant shall satisfy all the requirements of this chapter, the applicable requirements of Chapter 1 (commencing with Section 1200) or of Chapter 2 (commencing with Section 1250) of Division 2, and all applicable regulations.

(b) The applicant shall file a completed application with the state department.

1765.140. (a) Mobile units that provide services as an addition to the existing license of a parent facility shall be subject to the same requirements and regulations as the parent facility, except that, instead of complying with the physical plant requirements applicable to the parent facility, they shall comply with the mobile unit requirements contained in this chapter.

(b) Clinics licensed as mobile units shall be subject to the same requirements and regulations as any other clinic, except that, instead of complying with the physical plant requirements applicable to the clinic, the mobile unit shall comply with the mobile unit requirements contained in this chapter.

1765.145. A licensee using mobile services pursuant to this chapter shall, at the state department's option, be periodically inspected, in addition to any inspections required pursuant to the parent facility licensure requirements, by a duly authorized representative of the state department. Reports of each inspection shall be prepared by the representative conducting it upon forms prepared and furnished by the state department and filed with the

state department. The inspection shall be for the purpose of ensuring that this chapter and the rules and regulations of the state department adopted under this chapter are being followed.

(b) Any officer, employee, or agent of the state department may enter and inspect any building, premises, or vehicle and may have access to and inspect any document, file, or other record, of a mobile unit or of a parent facility operating a mobile unit, at any reasonable time to assure compliance with, or to prevent violation of, this chapter.

(c) After the initial licensure, or the initial approval of the addition to existing licensure of a parent facility, the mobile unit shall be periodically reviewed for compliance. When approved as additions to the existing licensure of a parent facility, reviews shall be conducted as a part of the parent facility's regular inspection. When the mobile unit is an independently licensed clinic, it shall be reviewed in accordance with the licensing inspection schedule for clinics.

(d) Demonstration of a mock emergency drill shall be observed by state department staff in the mobile unit on a site where patient mobility is limited.

1765.150. (a) The mobile unit shall be of sufficient size and shall be arranged in a manner that is appropriate for the provision of those health care services that it is licensed to provide.

(b) The mobile unit shall be equipped with appropriate utilities for the comfort and safety of patients. The Office of Statewide Health Planning and Development shall review and approve hospital-provided utility connections for mobile units that require utility hookups with general acute care hospitals.

(c) The mobile unit shall be maintained in good repair and in a clean and sanitary manner.

(d) All proposed modifications to previously approved services, procedures, and sites shall be reviewed and approved by the state department before they are implemented. Site changes shall also be reported by the licensee to local authorities, as appropriate. Modifications to the mobile service unit shall be approved by the Department of Housing and Community Development pursuant to Section 18029.

1765.155. (a) The licensed parent facility or clinic shall be responsible for obtaining approvals for the site or sites of the mobile unit from the local planning, zoning, and fire authorities, as required.

(b) The mobile unit shall be situated for safe and comfortable patient access. The mobile unit shall comply with all local parking laws. Any parking restrictions developed by a parent facility or clinic for mobile units shall be strictly enforced by the parent facility or clinic.

(c) The parent facility or clinic shall ensure that there is sufficient lighting around the perimeter of the site from which the mobile unit provides any services.

1765.160. Any licensee using mobile services pursuant to this

chapter shall do all of the following:

(a) Have written policies established by the governing body of the licensee, to govern the services that the mobile unit provides. The policies shall include, but shall not be limited to, policies related to patient care, personnel training and orientation, personnel supervision, and evaluation of services provided by the mobile unit.

(b) Have written policies regarding patient selection criteria.

(c) Develop and implement the written policies and procedures for the mobile unit in consultation with other appropriate health care professionals.

(d) Ensure that the written policies and procedures are consistent with the policies and procedures of the parent facility, if any.

(e) Ensure that the policies and written procedures shall be approved by the governing body, administration, and medical staff of the licensee, where appropriate.

(f) Ensure that the written policies and procedures include, but are not limited to, all of the following:

(1) Scope of services.

(2) Procedures for the performance of the services provided.

(3) Quality assurance.

(4) Infection control.

(5) Medical record documentation of services provided, as appropriate.

(6) Transport of patients, including, but not limited to, method, special equipment, necessary personnel, and protection from inclement weather.

(7) Emergency services and evacuation plan for the mobile unit.

(A) A licensee using mobile services pursuant to this chapter shall specify in writing policies and procedures for emergencies including fire, natural disaster, and medical emergencies. In its policies and procedures, the mobile unit shall address the emergency plan required of the parent facility and state how the plans shall be coordinated.

(B) A licensee using mobile services pursuant to this chapter shall familiarize its employees and each patient with the policies and procedures adopted pursuant to subparagraph (A).

(C) A licensee using mobile services pursuant to this chapter shall maintain written transfer agreements that shall include, but shall not be limited to, provisions for communication with, and transportation to, one or more nearby hospitals and other health facilities as needed to meet medical emergencies. The mobile unit shall develop procedures that include personnel needed to assist in the transfer, as well as provisions for meeting medical needs to accommodate the emergency transfer.

(8) Location.

(9) Schedule of mobile unit services.

(g) Maintain clinical records on each patient, in accordance with regulations.

(h) Maintain a mobile unit services log that shall include, but shall

not be limited to, all of the following:

(1) Patient chart or identification number.

(2) Name, age, and sex of patient.

(3) Site, date, time, and as appropriate, duration of procedure.

1765.165. (a) For general acute care hospitals, mobile unit services shall not be utilized as a primary source for a basic hospital service, as defined in subdivision (a) of Section 1250, unless in response to a natural disaster or other emergency situation.

(b) The mobile services provided in a mobile unit operated by a parent facility shall be licensed to the parent facility, even though it may be operated pursuant to a contract. When a contract of this type exists with a licensed parent facility for the provision of mobile unit services, all of the following shall apply:

(1) Mobile units shall be treated as part of the parent facility for licensure purposes.

(2) Each parent facility shall document the designated service and staff that have administrative responsibility for the mobile unit.

(3) The parent facility shall maintain the administrative and professional responsibility for the mobile unit. All liabilities for noncompliance regarding the provisions of services in the mobile unit shall be that of the parent facility.

(4) Procedures and services to be provided in the mobile unit shall be in accordance with recognized acceptable standards of practice.

(5) Coordination with the owner of the mobile unit vehicle for availability of the vehicle at the site for required inspections shall be the responsibility of the parent facility.

1765.170. The mobile unit shall comply with all of the following:

(a) It shall have supplies and equipment to meet the needs of the patients served.

(b) Any mobile unit X-ray equipment shall be in compliance with the requirements in the California Radiation Control Regulations, Title 17, California Code of Regulations.

(c) The mobile unit shall have fire safety equipment as specified by the fire authority having jurisdiction, including but not limited to, at least two fire extinguishers of 2A:20 BC rating.

(d) Documented evidence of preventative maintenance and calibration procedures of mobile unit equipment shall conform to the manufacturer's specifications.

(e) Use of the equipment in mobile units shall conform to the manufacturer's specifications.

(f) The mobile unit shall have a telecommunications device.

1765.175. The state department shall adopt, amend, or repeal, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, rules and regulations as it determines may be necessary to carry out the purposes and intent of this chapter and to enable the state department to exercise the powers and perform the duties conferred upon it by this chapter. Until the state department adopts regulations

relating to provision of services by a chronic hemodialysis clinic, a surgery clinic, or a rehabilitation clinic, mobile units licensed or seeking licensure, in these categories shall comply with federal certification standards for end stage renal disease clinics, ambulatory surgery clinics, or comprehensive outpatient rehabilitation facilities, as applicable.

SEC. 3. It is the intent of the Legislature by amending subdivision (p) of Section 1267.13 of the Health and Safety Code pursuant to Section 1 of this bill, to make the interim standards set forth in Section 1267.13 of the Health and Safety Code again operative on and after the effective date of this bill, and that those standards become inoperative upon the filing of regulations pursuant to Section 1267.13 of the Health and Safety Code with the Secretary of State.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1021

An act to add Chapter 7 (commencing with Section 20700) to Division 8 of the Business and Professions Code, relating to health.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 20700) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 7. INDUSTRIAL HYGIENIST DEFINITION AND REGISTRATION ACT

Article 1. General Provisions

20700. As used in this chapter:

(a) "Industrial hygiene" means the science and art devoted to the anticipation, recognition, evaluation, and control of environmental

factors or stresses which may cause sickness, impaired health and well-being, or significant discomfort and inefficiency among workers or among the citizens of a community.

(b) "Certified industrial hygienist (CIH)" means a person who has met the education, experience, and examination requirements of an industrial hygiene certification organization.

(c) "Industrial hygiene certification organization" means a professional organization of certified industrial hygienists that has been established to improve the practice and educational standards of the profession of industrial hygiene through a certification process, by certifying industrial hygienists through an examination administered by the certification organization. The organization shall have the certifying examinations evaluated by a national testing service and shall maintain certification criteria that are at least the equivalent of the American Board of Industrial Hygiene.

Article 2. Certification Stamp

20701. A certified industrial hygienist may obtain a stamp from an industrial hygiene certification organization, which shall include a number that uniquely identifies and bears the name of that certified industrial hygienist. The stamp certifies that the industrial hygienist has successfully passed an industrial hygiene examination and met the certification maintenance requirements required and approved by the industrial hygiene certification organization .

20702. All reports, opinions, or official documents prepared for submission to an employer, government agency, or other consumer by any certified industrial hygienist shall be affixed by a stamp, as specified in Section 20701, and signed by that certified industrial hygienist.

Article 3. Professional Practice

20703. No entity of state or local government shall by rule or otherwise regulate the practice of industrial hygiene by any certified industrial hygienist, except where authorized by state statute to regulate a specific activity that may include the practice of industrial hygiene.

Article 4. Unfair Business Practices

20704. It is an unfair business practice for any person to represent themselves as a "certified industrial hygienist" or a "CIH" unless they comply with the requirements of this chapter.

Article 5. Exemptions

20705. This act shall not prohibit:

(a) Any person legally regulated in this state under any other

licensing act or regulation from engaging in the activities permitted under his or her license, provided he or she does not represent himself or herself as a certified industrial hygienist or CIH.

(b) Professional experience or apprenticeship performed in order to meet certification requirements in this chapter.

(c) The practice of a student pursuing a course of professional education under the terms of this chapter, if these activities and services constitute a part of the student's supervised course of study.

CHAPTER 1022

An act to repeal and add Chapter 11.5 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11.5 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code is repealed.

SEC. 2. Chapter 11.5 (commencing with Section 50800) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 11.5. EMERGENCY HOUSING AND ASSISTANCE PROGRAM

50800. (a) It is the intent of the Legislature to encourage the provision of shelter, with effective personal rehabilitation and self-sufficiency development services, to homeless persons at as low a cost and as quickly as possible, without compromising the health and safety of shelter occupants. It is also the intent of the Legislature to encourage the move of homeless persons from shelters to a self-supporting environment as soon as possible, to encourage provision of services for as many persons at risk of homelessness as possible, to encourage compatible and effective funding of homeless services, and to encourage coordination among public agencies that fund or provide services to homeless individuals.

(b) There is hereby created the Emergency Housing and Assistance Program.

(c) To the extent possible, the Emergency Housing and Assistance Program shall not conflict with the federal Stewart B. McKinney Homeless Assistance Act, as approved on July 22, 1987, cited as Public Law 100-77, as it is, from time to time, amended, and regulations promulgated thereunder by the United States Department of Housing and Urban Development, or its successor.

50800.5. (a) There is hereby created in the State Treasury the Emergency Housing and Assistance Fund. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department to carry out the purposes of this chapter. Any repayments, interest, or new appropriations shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Money in the fund shall not be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except to the Surplus Money Investment Fund.

(b) All moneys in the Emergency Housing and Assistance Fund, created pursuant to Section 50800.5 as it existed prior to the effective date of the act that adds this chapter, shall be transferred, on the effective date of the act that adds this chapter, to the Emergency Housing and Assistance Fund created by subdivision (a).

(c) The department may require the transfer of moneys in the Emergency Housing and Assistance Fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest, dividends, and pecuniary gains from these investments shall accrue to the Emergency Housing and Assistance Fund, notwithstanding Section 16305.7 of the Government Code.

50801. As used in this chapter:

(a) "Department" means the Department of Housing and Community Development.

(b) "Designated local board" means a group, including social service providers and a representative of local government, that has met department requirements for distribution of grants allocated by the department pursuant to this chapter.

(c) "Director" means the Director of Housing and Community Development.

(d) "Eligible organization" means an agency of local government or a nonprofit corporation that provides, or contracts with community organizations to provide, emergency shelter or transitional housing, or both.

(e) "Emergency shelter" means housing with minimal supportive services for homeless persons that is limited to occupancy of six months or less by a homeless person. No individual or household may be denied emergency shelter because of an inability to pay.

(f) "Nonurban county" means any county with a population of less than 200,000, as published in the most recent edition of Population Estimates of California Cities and Counties, E-1, prepared by the Department of Finance, Population Research Unit.

(g) "Region" means a county or a consortium of counties voluntarily banding together by action of a designated local board.

(h) "Transitional housing" means housing with supportive services for up to 24 months that is exclusively designated and targeted for recently homeless persons. Transitional housing

includes self-sufficiency development services, with the ultimate goal of moving recently homeless persons to permanent housing as quickly as possible, and limits rents and service fees to an ability-to-pay formula reasonably consistent with the United States Department of Housing and Urban Development's requirements for subsidized housing for low-income persons. Rents and service fees paid for transitional housing may be reserved, in whole or in part, to assist residents in moving to permanent housing.

(i) "Urban county" means any county that is not a nonurban county.

50801.5. (a) The department shall adopt regulations for the administration of the Emergency Housing and Assistance Program. The regulations shall govern the equitable distribution of funds in accordance with the intent and provisions of this chapter, and shall ensure that the program is administered in an effective and efficient manner. The regulations shall provide for reasonable delegation of authority to designated local boards, ensure that local priorities and criteria are reasonably designed to address the needs of homeless people, and ensure that designated local boards meet reasonable standards of inclusiveness, accountability, nondiscrimination, and integrity.

(b) The regulations adopted pursuant to this section shall ensure that emergency shelter and services shall be provided on a first-come, first-served basis for whatever time periods are established by the shelter. No individual or household may be denied shelter or services because of an inability to pay. Nothing in this provision shall be construed to preclude a shelter from accepting payment vouchers provided through any other public or private program so long as no shelter beds are reserved beyond sundown for that purpose. Notwithstanding Section 11135 of the Government Code, nothing in this section shall be construed to preclude a provider of emergency shelter or transitional housing from restricting occupancy on the basis of sex.

50802. (a) The department shall ensure that not less than 20 percent of the moneys in the Emergency Housing and Assistance Fund shall be allocated to nonurban counties during any given fiscal year.

(b) The amount of funds that the department allocates from the Emergency Housing and Assistance Fund to each region, excluding funds allocated pursuant to subdivision (a), shall be based upon a formula that accords at least 20 percent weight to each of the following factors:

(1) The relative number of persons in the region below the poverty line according to the most recent federal census, updated, if possible, with an estimate by the Department of Finance, compared to the total of the urban counties.

(2) The relative number of persons unemployed within each region, based on the most recent one-year period for which data is available, compared to the total of the urban counties.

(c) Grant funds shall be disbursed as expeditiously as possible by the department.

(d) The department shall use not more than 4 percent of the amount available for funds pursuant to this chapter to defray the department's administrative costs pursuant to this chapter.

50802.5. (a) The department shall issue a notice or notices of funding availability to potential applicants and designated local boards, as applicable, as soon as possible after funding becomes available for the Emergency Housing and Assistance Program. Each notice of funding availability shall indicate the amounts and types of funds available under this program.

(b) A designated local board, or the department in the absence of a designated local board, shall solicit, receive, and select among applications for grants pursuant to this chapter from eligible organizations through an open, fair, and competitive process. These applications shall be ranked and selected by a designated local board, or by the department in the absence of a designated local board.

(c) Notwithstanding subdivision (b), the department may restrict a designated local board from selecting any application requesting a grant for capital developments if the amount requested by the application exceeds the limits determined by the department, and the department determines that the designated local board is not qualified to evaluate the application. The department shall establish criteria for distinguishing between a designated local board that may be so restricted and a designated local board that would not be so restricted. A designated local board may appeal to the director, or to the director's designee, any decision made by the department pursuant to this subdivision.

(d) The department, or the designated local board, as applicable, shall not grant more than five hundred thousand dollars ($500,000) to any eligible organization within a region in a funding round even if the eligible organization has filed multiple applications.

(e) The department shall determine requirements of the grant contract and shall contract directly with the grant recipient. The department shall not delegate this function to the designated local boards.

(f) The designated local board shall regulate the performance of any grant contract within their region, subject to department oversight and requirements established by the department.

(g) The department shall not perform a secondary rating or ranking review on those grant applications that have been solicited, received, and selected by a designated local board according to a local ranking criterion that has been approved by the department.

50803. (a) Grants awarded by the department pursuant to this chapter shall be used by a grant recipient to defray costs of eligible activities defined in department regulations, including, but not limited to, any of the following activities:

(1) Operating facilities, including, but not limited to, operations staff salaries, maintenance, repair, utilities, equipment, and debt

reduction.

(2) Providing for capital development programs, such as acquisition, leasing, construction, and rehabilitation of sites for emergency shelter and transitional housing for homeless persons.

(3) Administrative costs.

(4) Operating expenses relating to supervising and counseling clients.

(5) Providing residential rental assistance.

(6) Leasing or renting rooms for provision of temporary shelter.

(b) Funds allocated to a nonurban county pursuant to subdivision (a) of Section 50802 may be used to pay the cost of leasing or renting individual units, hotel rooms, or motel rooms for use as emergency shelters. No more than 15 percent of the funds allocated to a region other than a nonurban county shall be expended for this purpose.

(c) By regulation, the department shall establish a level, not to exceed 5 percent of a grant award, which any eligible recipient may use to defray administrative costs.

50803.5. Each designated local board shall provide a process for appeal of its decisions and comply with the requirements of this chapter and the regulations promulgated hereunder.

50804. (a) Each designated local board shall submit to the department for approval, a local emergency shelter strategy for its region, describing the procedures for complying with requirements pursuant to this chapter and the regulations promulgated thereunder. The department shall establish, by regulation, the types of information that each designated local board shall include in the strategy, including, but not limited to, each of the following:

(1) A statement of goals and how goals will be achieved.

(2) A statement of priorities.

(3) A description of the application process and ranking criteria for the Emergency Housing and Assistance Program.

(4) Copies of application forms for the Emergency Housing and Assistance Program that the designated local board will use to evaluate requests for grants.

(b) The department shall establish a deadline, by which date the designated local board shall be required to submit a strategy for the department's review.

(c) Upon the department's approval of a strategy, the designated local board shall make the strategy broadly available to shelter and service providers and to other interested persons in its region.

50804.5. (a) Project budgets may be changed, within limits established by the department.

(b) Funds allocated to a region shall remain available for funding applications within the region for a time period or dollar limit to be specified by department regulations. The department may designate a time period or dollar limit for the distribution of capital development funds that is different from the time period or dollar limit for the distribution of noncapital development funds. When the designated local board is unable to distribute funds during the time

period designated by the department, the funds shall revert to the fund for distribution.

50805. (a) The director shall establish a statewide advisory body on emergency and transitional housing. The department shall consult with the advisory body in the development of regulations and guidelines for certification of designated local boards, requirements for the local emergency shelter strategies, assessment of statewide needs of homeless persons and providers of services to homeless persons, coordination of services and funds of state agencies, and general guidance and direction related to this chapter. The director shall establish, and the department shall begin consulting with, the advisory body within 30 days of the operative date of the act that adds this chapter.

(b) The advisory body established pursuant to this section shall be appointed by, and serve at the pleasure of, the director and shall represent a broad range of representatives of designated local boards, emergency shelter providers, and transitional housing providers from throughout the state. There shall be at least one member who is homeless or formerly homeless; at least one member who represents a statewide nonprofit advocacy organization concerned with homelessness and low-cost affordable housing; one member who represents a designated local board; one member who represents a federal interagency council concerned with homeless issues; one member representing state services for homeless persons; one member who is a residential building owner or manager; one member who is a commercial building owner or manager; and one member of the public. The department shall not use funds made available pursuant to this chapter to fund the activities of the advisory body.

50806. The department shall report annually to the Governor, and to the policy committees of the Legislature that review bills related to housing, regarding the performance of the Emergency Housing and Assistance Program. The department's report shall include a list that specifies the manner in which funds from the program were used in the previous fiscal year.

50806.5. The department may adopt emergency regulations to implement this chapter, with respect to award of funds and the administration of the program, to the extent necessary before the department issues the first notice of funding availability pursuant to Section 50802.5. The adoption of emergency regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning, or purposes, of Section 11346.1 of the Government Code. Any changes in regulations made by the department pursuant to this section shall be identified in the notice of funding availability published by the department pursuant to Section 50802.5.

SEC. 3. The Legislative Analyst shall, at the request of, and in accordance with the instructions of, the Joint Legislative Budget

Committee, prepare an evaluation of the programs established by Chapter 11.5 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code. A sum sufficient to reimburse the Legislative Analyst for its reasonable costs in preparing the evaluation authorized by this section is hereby appropriated, without regard to fiscal years, from the Emergency Housing and Assistance Fund to the Legislative Analyst.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that state grants through the Emergency Housing and Assistance Fund may serve homeless and low-income persons in a more efficient and effective manner when the next round of funding becomes available, it is necessary that this act take effect immediately.

CHAPTER 1023

An act to add Section 5002.6 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5002.6 is added to the Vehicle Code, to read:

5002.6. The Chancellor or a president of a campus, of the California State University, or the president, or a chancellor of a campus, of the University of California, who is regularly issued a state-owned vehicle may apply to the department for regular series license plates for that vehicle if a request for that issuance is made, in the manner specified by the department, and by the Trustees of the California State University or the Regents of the University of California, as applicable.

(b) Regular series license plates issued pursuant to subdivision (a) shall be surrendered to the department by the trustees or regents, as applicable, upon the reassignment of a vehicle, for which those plates have been issued, to a person other than the person who requested those plates.

CHAPTER 1024

An act to amend Sections 31630.5, 31631, 31633, and 33139 of the Water Code, relating to water.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 31630.5 of the Water Code is amended to read:

31630.5. As used in this chapter:

(a) "Annual" or "year" means a calendar year unless the context indicates a contrary meaning.

(b) "District" means the Coachella Valley Water District.

(c) "Fiscal year" means the period of July 1 through June 30, inclusive.

(d) "Production" or "produce" means the extraction of groundwater by pumping or any other method within the boundaries of the district or the diversion within the district of surface supplies which naturally replenish the groundwater supplies within the district and are used therein.

(e) "Producer" means any individual, partnership, association or group of individuals, lessee, firm, private corporation, or any public agency or public corporation, including, but not limited to, the Coachella Valley Water District.

(f) "Minimal pumper" means any producer who produces 25 or fewer acre-feet in any year.

(g) "Replenishment" and "replenishing" include incentive programs encouraging producers to use reclaimed water supplied by the district, or Colorado River water from the district's Coachella Branch Canal, for irrigation or other purposes, instead of groundwater.

(h) "Supplemental water" means water from the State Water Resources Development System, or from the Colorado River Aqueduct of the Metropolitan Water District of Southern California, or from any other source which is not part of the natural replenishment of the groundwater supplies within the district, including reclaimed water.

SEC. 2. Section 31631 of the Water Code is amended to read:

31631. By May 1 of each year the board shall have prepared and presented to it an engineering survey and report concerning the groundwater supplies within the district. The report shall include the condition of the groundwater supplies, the need for replenishment, and recommendations for any replenishment program, including the source and amount of replenishment water, the cost of purchasing or producing, transporting, and spreading this water, and the cost of "in lieu" programs, including incentives to use Colorado River water

or reclaimed water in place of groundwater. In connection with any proposed replenishment program, the report shall also describe the area or areas benefited, either directly or indirectly, the amount of water production produced in each area during the prior year, and shall recommend the amount of assessment to be levied upon all production within the benefited area or areas.

SEC. 3. Section 31633 of the Water Code is amended to read:

31633. The amount of any replenishment assessment levied within an area of benefit shall be established at the discretion of the board, except that no assessment shall exceed the sum of the following costs and charges:

(a) Those charges imposed under the contract between the district and the state for an imported water supply from the State Water Resources Development System consisting of all of the following:

(1) The variable operation, maintenance, power, and replacement component of the transportation charge.

(2) The off-aqueduct power facilities component of the transportation charge.

(3) The delta water charge.

(4) Any surplus water or unscheduled water charge.

(5) Sums paid by the district to the Desert Water Agency for payment of similar charges under a similar contract the agency has with the state as provided in the water management agreement of July 1, 1976, as amended.

(b) The cost of importing and recharging water from sources other than the State Water Resources Development System.

(c) The cost of treatment and distribution of reclaimed water for recharge or for direct use in lieu of groundwater.

(d) The cost of programs providing incentives to use reclaimed water or Colorado River water in place of groundwater.

SEC. 4. Section 33139 of the Water Code is amended to read:

33139. Notwithstanding anything contained in this part, the surviving district may provide for and carry on the construction, operation, and maintenance of works, improvements, and functions authorized by the Storm Water District Act of 1909 either as authorized in that act or as authorized by this division. The district may raise funds for these purposes in any manner authorized or permitted by either the Storm Water District Act of 1909 or this division, and is specifically authorized to raise funds by special assessment on benefited land in proportion to the benefits derived by the benefited lands.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that

the act takes effect pursuant to the California Constitution.

CHAPTER 1025

An act to add Section 23320.6 to, and to add and repeal Section 23320.7 of, the Business and Professions Code, and to add Section 26530.1 to the Health and Safety Code, relating to wine.

[Approved by Governor October 9, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The wine industry plays a significant role in California's economy, providing jobs and revenue, attracting foreign investment, promoting exports and tourism, and enhancing the state's image around the world.

(b) California's wine industry is a world leader in quality and production techniques, with California wines enjoying increasing popularity throughout the world.

(c) Past reports concerning minute traces of lead detectable in a handful of wines produced in other states and regions have prompted consumer concerns about the safety of wines generally.

(d) Testing by state and federal regulators has since demonstrated that the vast majority of wine sold in California contains lead at levels no higher than those often seen in many fresh fruits, vegetables, and other wholesome agricultural products, and that the levels of lead, if any, in California's wines are generally among the world's lowest.

(e) An industry-funded program already provides warnings advising pregnant women not to drink, utilizing point-of-sale and point-of-display notices that convey a uniform clear and reasonable warning message specified by the state's "Proposition 65" regulations.

(f) Compliance with a new more stringent limit on lead levels in wine will obviate any need for new warnings concerning lead that might dilute the impact and undermine the effectiveness of the uniform warnings now provided pursuant to existing federal laws and the state's "Proposition 65" regulations.

(g) This act, which shall be known, and may be cited, as the "Wine Safety Act" shall establish the world's most stringent limit on the maximum allowable levels of lead in wines sold in California, and shall establish a mechanism whereby the cost of ensuring industry compliance with the new standard is funded by California's wine producers and importers.

(h) To minimize the burden on interstate and foreign commerce,

it is the intent of the Legislature that the sampling method and testing protocol used by the State Department of Health Services to quantify levels of lead in wine shall be consistent with the testing protocol and, to the extent practicable, the sampling method that may be used by the federal Food and Drug Administration or the federal Bureau of Alcohol, Tobacco and Firearms to quantify levels of lead in wine.

SEC. 2. Section 23320.6 is added to the Business and Professions Code, to read:

23320.6. The Wine Safety Fund is hereby created as a special fund in the State Treasury, in trust, to the State Department of Health Services for the purpose of providing funds to better enable its Food and Drug Branch to carry out and supervise a program to ensure that levels of lead in wine sold in this state remain safe and within tolerances established by applicable laws and regulations, for the health and safety of the consuming public upon appropriation by the Legislature in the annual Budget Act. The fees collected pursuant to Section 23320.7 shall be sufficient to cover, but shall not exceed, the costs of administering the testing program conducted pursuant to this section. All moneys collected under Section 23320.7, including any interest accrued thereon, shall be deposited in the Wine Safety Fund.

SEC. 3. Section 23320.7 is added to the Business and Professions Code, to read:

23320.7. (a) Each winegrower or wine blender that has produced or blended wine for sale and consumption in California in the preceding calendar year, shall pay an annual fee, in addition to any other fees imposed by this chapter, in accordance with the following schedule:

Over 5,000 gallons to 20,000 gallons per year	$87.00 per year.
Over 20,000 gallons to 100,000 gallons per year	$163.00 per year.
Over 100,000 gallons to 200,000 gallons per year	$217.00 per year.
Over 200,000 gallons to 1,000,000 gallons per year	$325.00 per year.
For each 1,000,000 gallons or fraction thereof over 1,000,000 gallons, an additional	$217.00 per year.

(b) Each importer of wine that has imported wine for sale and consumption in California in the preceding calendar year, shall pay an annual fee of fifty dollars ($50) in addition to any other fees imposed by this chapter.

(c) This section is repealed, as of January 1, 2000, unless a later enacted statute, that becomes effective on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is

repealed.

SEC. 4. Section 26530.1 is added to the Health and Safety Code, to read:

26530.1. Any food is adulterated if it is wine and any one of the following conditions exists:

(a) It contains lead in concentrations exceeding 150 parts per billion, or in excess of a more stringent tolerance as may be established by federal law or regulation, unless it can be shown by the producer, or if not produced in California, by the licensed importer, that the wine was bottled before January 1, 1994.

(b) A metal foil capsule containing lead in excess of 0.3 percent by dry weight is affixed or attached to its container, unless it can be shown by the producer, or if not produced in California, by the licensed importer, that the wine was bottled before January 1, 1994.

(c) Notwithstanding any other rule or principle of law that may afford a private right of action to bring claims based on alleged violations of laws or standards, the right to commence and pursue civil or administrative actions to impose or collect fines, penalties, damages, or other remedies based on an alleged violation of the Wine Safety Act established pursuant to Senate Bill 1022 of the 1993–94 Regular Session shall be vested exclusively in the state, through the Food and Drug Branch of the State Department of Health Services and the Office of the Attorney General, and with local health officers or city attorneys or district attorneys otherwise empowered to prosecute violations of this division. Retailers of wine, including, but not limited to, "retailers" as defined in Section 23023 of the Business and Professions Code, or food facilities as defined in Section 27521, shall be entitled to all of the same protections for any violations of the Wine Safety Act established pursuant to Senate Bill 1022 of the 1993–94 Regular Session, as are afforded to food dealers pursuant to Chapter 3 (commencing with Section 26300). This subdivision does not apply to, limit, alter, or restrict any action for personal injury or wrongful death, or any action based upon a failure to warn.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1026

An act to repeal and add Article 9.5 (commencing with Section 73660) of Chapter 10 of Title 8 of the Government Code, relating to courts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Article 9.5 (commencing with Section 73660) of Chapter 10 of Title 8 of the Government Code is repealed.

SEC. 2. Article 9.5 (commencing with Section 73660) is added to Chapter 10 of Title 8 of the Government Code, to read:

Article 9.5. Humboldt Judicial District

73660. There is in the County of Humboldt a single municipal court district known as the Humboldt County Municipal Court District.

73660.5. The Humboldt County Municipal Court District consists of the following divisions embracing that territory which was within the specified judicial districts in the County of Humboldt as they existed on December 31, 1991, and as those divisions are thereafter modified by the board of supervisors after public hearing or by operation of law:

(a) The North Humboldt Division, comprising the territory within the former North Humboldt Judicial District.

(b) The Eureka Division, comprising the territory within the former Eureka Judicial District.

(c) The Eel River Division, comprising the territory within the former Eel River Judicial District.

73661. In order that the citizens of each division may have convenient access to the court, sufficient court facilities, including staff and other necessary personnel, shall be maintained in each division as follows, or as otherwise designated from time to time by the board of supervisors:

(a) In the North Humboldt Division, in the Town of Hoopa and in either the City of Arcata or the Town of McKinleyville.

(b) In the Eureka Division, in the City of Eureka.

(c) In the Eel River Division, in the Town of Garberville and the City of Fortuna.

73661.5. The number of judges in each division is as follows:

(a) North Humboldt Division—one.

(b) Eureka Division—two.

(c) Eel River Division—one.

73662. (a) Upon the establishment of the Humboldt County Municipal Court District, judges shall be eligible for office in the

district, as follows:

(1) In the North Humboldt Division, the judge of the North Humboldt Judicial District shall automatically become the judge of the North Humboldt Division.

(2) In the Eureka Division, the two judges of the Eureka Judicial District shall automatically become the two judges of the Eureka Division.

(3) In the Eel River Division, the judge of the Eel River Judicial District shall automatically become the judge of the Eel River Division.

(b) The time for election and qualification of the successor to any judge who becomes a judge of the district pursuant to this section, shall be that previously fixed by law for the election and qualification of the successors for the court and office superseded, had those courts not been superseded.

73662.5. For the purposes of the qualification and election of judges, the "division" referred to in this chapter is and shall continue to be the "district" referred to in subdivision (b) of Section 16 of Article VI of the California Constitution.

73663. Within each division, even in divisions having only one judge, there shall be a presiding judge.

73663.5. The judges of the district shall meet quarterly, and more often if necessary, upon the call in writing of any two judges. At the first meeting of each calendar year, the judges shall do all of the following:

(a) Adopt a districtwide bail schedule.

(b) Review the business of the district.

(c) Formulate rules and regulations, not inconsistent with law or rules and regulations adopted and prescribed by the Judicial Council, for transfer of cases, assignment of judges, scheduling of vacation of judges, and other administrative matters such as will promote uniformity of procedures and efficiency and economy in the business of the districts.

(d) Make such recommendations to the board of supervisors and to the Judicial Council as they deem desirable or necessary to promote the administration of justice in the courts of the district.

73664. (a) In each division of the municipal court district in Humboldt County, there shall be a clerk who shall be the administrative officer of the division and who shall be appointed by, and shall serve at the pleasure, of the judge or judges of each division with the concurrence of the board of supervisors.

(b) Upon the effective date of this article, all of the following shall occur:

(1) The clerk of the court of the North Humboldt Judicial District shall become the clerk of the court of the North Humboldt Division.

(2) The clerk/municipal court executive officer of the Eureka Judicial District shall become the clerk/municipal court executive officer of the Eureka Division.

(3) The clerk of the court of the Eel River Judicial District shall

become the clerk of the court of the Eel River Division.

73664.5. In addition to any other duties imposed on such officers by law, and as directed by the presiding judges, the administrative officers shall meet quarterly, and more often as necessary, for the following purposes:

(a) To direct and coordinate the nonjudicial activities of the district.

(b) To prepare, coordinate, and administer the budget of the district.

(c) To coordinate with county agencies, the acquisition, utilization, maintenance, and disposition of facilities, equipment, and supplies necessary for the operation of each division.

(d) To initiate studies and prepare appropriate recommendations and reports to the presiding judges relating to the business of the district, including, but not limited to, such matters as standardization of forms and procedures and development and coordination of automated accounting and case processing systems.

(e) To collect, compare, and analyze statistical data on a continuing basis concerning the status of judicial and nonjudicial business of the district and to prepare periodic reports and recommendations based on such data.

73665. (a) Each administrative officer may appoint, in his or her division, with the approval of the presiding judge and the concurrence of the board of supervisors, the following deputies:

(1) In the North Humboldt Division, one senior court clerk (.80 full-time equivalent (FTE)), three courtroom clerks, and six court clerks I/II (5.30 FTE).

(2) In the Eureka Division, one deputy municipal court executive officer, four courtroom clerks, eight court clerks I/II, and one court hearing officer.

(3) In the Eel River Division, one senior court clerk, three courtroom clerks, and four court clerks I/II.

(b) This section is not intended, and shall not be construed, to limit the county from changing the number or types of positions set forth herein. The administrative officer of each division shall have the sole responsibility to coordinate the personnel practices of the division in compliance with the rules of the County of Humboldt, to provide for the conduct a program of in-service training for personnel of the division, and to prepare procedural guides for the personnel of the division.

73665.5. (a) There shall be one marshal for each division of the district. Upon the effective date of this chapter:

(1) The elected constable of the North Humboldt Judicial District shall continue in office as the marshal of the North Humboldt Division until the expiration of his or her current elected term of office.

(2) The elected marshal of the Eureka Judicial District shall continue in office as the marshal of the Eureka Division until the expiration of his or her current elected term of office.

(3) The elected constable on the Eel River Judicial District shall continue in office as the marshal of the Eel River Division until the expiration of his or her current elected term in office.

(4) The marshal may appoint in his or her division, with the approval of the presiding judge and the concurrence of the board of supervisors, the following officers:

(A) In the North Humboldt Division, one deputy marshal and one legal office assistant I/II.

(B) In the Eureka Division, one chief deputy marshal, three deputy marshals I/II, one senior legal office assistant, and one legal office assistant I/II.

(C) In the Eel River Division, one deputy marshal and one legal office assistant I/II.

This paragraph is not intended, and shall not be construed, to limit the county from changing the number or types of positions set forth herein.

(b) Notwithstanding any other provision of law, in the event of a vacancy in the position of marshal in any division, whether prior to or subsequent to the expiration of the then current term, an appointment to fill that vacancy shall be made by the presiding judge of that division with the concurrence of the board of supervisors. Each appointed marshal shall serve at the pleasure of the presiding judge and may be removed from office in accordance with any appropriate county personnel resolutions.

73665.6. (a) Before the expiration of the last of the elected marshals' terms in effect on the effective date of this section, the board of supervisors of Humboldt County may find, after holding a public hearing, that cost savings can be realized by consolidation of the three marshals' divisions into one countywide marshal's office. If that finding is made, it shall become effective upon the date that the last of those elected offices become vacant, whether because of the expiration of the term of office of an incumbent marshal, or a retirement, resignation, or otherwise. An election shall be held within 30 days of that finding among all of the judges of the municipal court to determine which of the incumbent division marshals shall be selected as the marshal of the consolidated district who shall serve at the pleasure of the judges. The outcome shall be determined by a simple majority of the votes cast. The registrar of voters of the county shall administer that election and tabulate the results thereof. The results of that election shall be reported within 15 days following the election by the registrar of voters to the board of supervisors and to the judges of the municipal court. When that marshal leaves office, the succeeding marshals shall be appointed by a majority vote of the judges of the municipal court.

(b) All employees of the divisional marshals' offices affected by a consolidation of those offices into a countywide marshal's office shall become employees of the consolidated office at their existing or equivalent classification, salaries, seniority, and benefits.

73666. (a) The officers and attachés of the municipal court shall

be entitled to the same vacation, sick leave, and similar benefits and privileges as are granted to other employees of the County of Humboldt and all such benefits and privileges which have been accrued to any incumbent officer or attaché of the superseded courts shall be retained.

(b) Subject to Section 72001, the compensation for any classification listed in Section 73665 shall be governed by the Humboldt County Salary Resolution and Memoranda of Understanding, if any, with the recognized labor organizations representing court employees in effect on January 1, 1988. The compensation and benefits for the position of marshal of the municipal court shall be set at the level of a sheriff's lieutenant plus 15 salary ranges.

73667. (a) Official reporters shall be appointed by the judges of each municipal court district pursuant to the provisions of Section 72194 and shall serve during the pleasure of the judge to whom he or she is assigned. The number of reporters so appointed shall not exceed at any one time the number of judges provided by law for the court.

(b) A judge of the municipal court may appoint an official reporter pro tempore to serve as the business of the court may require, when an official reporter is unavailable.

(c) The salaries of each regular official reporter and each official reporter pro tempore shall be as provided in Section 70127, except that such changes in compensation made pursuant to this section shall be on an interim basis and shall expire on January 1 of the second calendar year after the calendar year in which the change occurs, unless ratified by the Legislature.

(d) (1) In addition to any fee otherwise required in a civil case in which the court orders a daily transcript necessitating the services of two phonographic reporters, the party requesting the daily transcript shall pay a fee per day equal to the per diem rate for official reporters pro tempore for the services of the second reporter for the first and each successive day.

(2) All fees paid under this subdivision shall be taxed as costs.

73668. All matters affecting the employment of the officers and attachés which are not specifically determined by this article or other provision of state law, including, but not limited to, the initial hiring rate for each position and the procedure for advancement to a higher step, shall be governed and regulated by the then current salary ordinance of the County of Humboldt and the rules of the Civil Service Commission of the County of Humboldt.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that

the act takes effect pursuant to the California Constitution.

CHAPTER 1027

An act to amend Section 711 of the Fish and Game Code, relating to fish and game.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 711 of the Fish and Game Code is amended to read:

711. It is the intent of the Legislature to ensure adequate funding from appropriate sources for the department. To this end, the Legislature finds and declares that:

(a) The costs of nongame fish and wildlife programs and free hunting and fishing license programs shall be provided annually in the Budget Act by appropriating money from the General Fund and sources other than the Fish and Game Preservation Fund to the department for these purposes.

(b) The costs of commercial fishing programs shall be provided out of revenues from commercial fishing taxes, license fees, and other revenues, from reimbursements and federal funds received for commercial fishing programs, and other funds appropriated by the Legislature for this purpose.

(c) The costs of hunting and sportfishing programs shall be provided out of hunting and sportfishing revenues and reimbursements and federal funds received for hunting and sportfishing programs, and other funds appropriated by the Legislature for this purpose. These revenues, reimbursements, and federal funds shall not be used to support commercial fishing programs, free hunting and fishing license programs, or nongame fish and wildlife programs.

(d) The costs of managing lands managed by the department and the costs of wildlife management programs shall be supplemented out of revenues in the Native Species Conservation and Enhancement Account in the Fish and Game Preservation Fund.

(e) The department shall conduct, or contract for, a review, at least every five years, of its programs to ensure consistency with this section.

(f) Hunting, sportfishing, and sport ocean fishing license fees shall be adjusted annually to an amount equal to that computed pursuant to Section 713. However, a substantial increase in the aggregate of hunting and sportfishing programs shall be reflected by appropriate amendments to the sections of this code that establish the base sport license fee levels. The inflationary index provided in Section 713 may

not be used to accommodate a substantial increase in the aggregate of hunting and sportfishing programs.

For purposes of this article, "substantial increase" means an increase in excess of 5 percent of the Fish and Game Preservation Fund portion of the department's current year support budget, excluding cost-of-living increases provided for salaries, staff benefits, and operating expenses.

CHAPTER 1028

An act to amend Section 32960 of the Financial Code, to amend Sections 40448.7, 40717, 40921.5, 41712, and 42311.1 of, to add Section 40500.1 to, to add Article 3 (commencing with Section 40130) to Chapter 2 of Part 3 of Division 26 of, and to add Article 3.5 (commencing with Section 42420) to Chapter 4 of Part 4 of Division 26 of, the Health and Safety Code, relating to the environment.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 32960 of the Financial Code is amended to read:

32960. This chapter shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Article 3 (commencing with Section 40130) is added to Chapter 2 of Part 3 of Division 26 of the Health and Safety Code, to read:

Article 3. District Budget Adoption

40130. The Legislature hereby finds and declares as follows:

(a) It is in the public interest to ensure that districts adopt their budgets in an open process in order to educate the public of the costs and benefits of air quality improvement.

(b) The process required by this article shall be separate from other budget processes to ensure full opportunity for the public to participate in, and comment upon, a district's budget prior to adoption.

(c) This process also shall provide accountability to district boards and to districts in their budget processes.

40131. (a) Each district shall adopt its annual budget in accordance with the following requirements:

(1) The district shall prepare, and make available to the public at

least 30 days prior to public hearing, a summary of its budget and any supporting documents, including, but not limited to, a schedule of fees to be imposed by the district to fund its programs.

(2) The district shall notify each person who was subject to fees imposed by the district in the preceding year of the availability of the information described in paragraph (1).

(3) The district shall notice and hold a public hearing for the exclusive purpose of reviewing its budget and of providing the public with the opportunity to comment upon the proposed district budget. The public hearing required to be held pursuant to this section shall be separate from the hearing at which the district adopts its budget.

(b) This article shall not apply to the south coast district, which shall be governed by Article 8 (commencing with Section 40520) of Chapter 5.5.

SEC. 3. Section 40448.7 of the Health and Safety Code is amended to read:

40448.7. (a) (1) The south coast district shall annually allocate to the fund established pursuant to subdivision (b) not less than one million dollars ($1,000,000) of the funds received from civil and criminal penalties, out-of-court settlements, or other sources, for the purpose of guaranteeing or otherwise participating in the provision of financing assistance for lending programs of other public agencies or private lenders to small businesses for the purpose of complying with the south coast district regulations.

(2) If the balance in the fund established pursuant to subdivision (b) equals or exceeds four million dollars ($4,000,000), the south coast district shall not make that annual allocation to that fund.

(b) In carrying out this section, the south coast district shall establish a special small business assistance fund known as the Air Quality Assistance Fund for the purpose of setting aside funds to be used in underwriting, guaranteeing, or otherwise participating in the provision of financing assistance by other public agencies or private lenders. Moneys in the fund shall be invested and reinvested in the same manner as other surplus government funds and the proceeds deposited in the fund.

(c) In carrying out this section, and its responsibilities for the mitigation of socioeconomic impacts, the south coast district shall utilize, to the maximum extent, the financing instruments and administrative capacity of other public agencies and private lenders with respect to providing financing assistance, and shall endeavor to obtain the maximum leverage of its funds through guarantees and other forms of risk sharing with other public agencies and private lenders, in order to increase the availability of financing assistance to small businesses. The south coast district shall consider, and shall make available to public agencies and private lenders, relevant information contained in environmental and socioeconomic impact assessments conducted by the south coast district.

(d) Notwithstanding any other provision of law, the findings of any environmental audit or assessment conducted by or for a small

business pursuant to this section shall remain the property of the business.

(e) "Small business," for the purposes of this section, has the same meaning as defined by the federal Small Business Administration.

(f) Not later than January 1, 1993, the south coast district shall submit to the Legislature and the Governor a report which assesses the effectiveness of this section in increasing the availability of financial assistance to small businesses subject to the rules and regulations of the district.

(g) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

SEC. 4. Section 40500.1 is added to the Health and Safety Code, to read:

40500.1. Except as required to comply with the federal Clean Air Act (42 U.S.C. Sec. 7401 et seq.), fees assessed on stationary sources in the south coast district pursuant to Sections 40500 and 40510 shall not exceed, for any fiscal year, the actual costs of district programs pursuant to this article for the immediately preceding fiscal year with an adjustment not greater than the change in the annual California Consumer Price Index, as determined pursuant to Section 2212 of the Revenue and Taxation Code.

SEC. 5. Section 40717 of the Health and Safety Code is amended to read:

40717. (a) A district shall adopt, implement, and enforce transportation control measures for the attainment of state or federal ambient air quality standards to the extent necessary to comply with Section 40918, 40919, or 40920.

(b) A district which has entered into an agreement with a council of governments or a regional agency to jointly develop a plan for transportation control measures shall develop the plan in accordance with all of the following:

(1) The district shall establish the quantity of emission reductions from transportation sources that are necessary to attain state and federal ambient air standards. The state board shall, to the extent requested to do so by a district, assist a district in identifying the quantity of emission reductions necessary to comply with this paragraph.

(2) The council of governments or regional agency, in cooperation with the district and any other person or entity authorized by the council of governments or regional agency, shall develop and adopt a plan to control emissions from transportation sources and mobile sources which will achieve the emission reductions established under paragraph (1). The plan shall include, at a minimum, a schedule for implementing transportation control measures, identification of potential implementing agencies and any agreements entered into by agencies to implement portions of the plan, and procedures for monitoring the effectiveness of, and compliance with, the measures in the plan. The council of

governments or regional agency shall submit the plan to the district for its adoption according to a reasonable schedule developed by the district in consultation with the council of governments or regional agency.

(3) Upon receipt of the plan submitted by the council of governments or regional agency, the district shall review and approve or disapprove the plan in the following manner:

(A) The district shall review, adopt, and enforce the plan if it meets the criteria established by the district pursuant to paragraph (1) and has been submitted pursuant to the schedule established under paragraph (2).

(B) If the district determines that the plan does not meet the criteria established pursuant to paragraph (1), the district shall return the plan to the council of governments or regional agency with comments which identify the reasons the plan does not meet the criteria established pursuant to paragraph (1). Within 45 days, the council of governments or regional agency shall review the district's comments, revise the plan to meet the criteria established under paragraph (1), and resubmit the plan to the district. The district shall review and approve the revised plan if it meets the criteria established by the district pursuant to paragraph (1) and has been resubmitted to the district within 45 days.

(C) If the plan is not submitted pursuant to the schedule established under paragraph (2), or if a plan revised by a council of governments or regional agency and resubmitted to a district pursuant to this subparagraph does not meet the criteria established under paragraph (1), the district shall develop, adopt, and enforce an alternative plan for transportation control measures.

(4) Whenever the district revises its establishment of the quantity of emission reductions from transportation sources necessary to attain state and federal ambient air standards, the plan shall be revised, adopted, and enforced in accordance with paragraphs (1), (2), and (3).

(c) Subdivision (b) does not apply to the Sacramento County Air Pollution Control District. Chapter 1541 of the Statutes of 1988 shall govern preparation and enforcement of that plan for transportation control measures for the Sacramento district.

(d) Notwithstanding subdivision (b), a district located in a county of the third class shall develop a plan for transportation control measures as follows:

(1) The district, in consultation with the council of governments, shall develop, approve, and adopt criteria under which the plan shall be developed.

(2) The council of governments shall develop and adopt a plan for transportation control measures which meets the criteria established by the district, and shall submit the plan to the district for its review and adoption according to a reasonable schedule developed by the district in consultation with the council of governments.

(3) Upon receipt of the plan submitted by the council of

governments, the district shall review and approve the plan if it meets the criteria established by the district pursuant to paragraph (1) and has been submitted pursuant to the schedule established under paragraph (2). If the district determines that the plan does not meet the criteria established pursuant to paragraph (1) or if the plan is not submitted pursuant to the schedule established under paragraph (2), the district shall develop and adopt an alternative plan for transportation control measures.

(e) A district may delegate any function with respect to implementation of transportation control measures to any local agency, if all of the following conditions are met:

(1) The local agency submits to the district an implementation plan which provides adequate resources to adopt and enforce the measures, and the district approves the plan.

(2) The local agency adopts and implements measures at least as stringent as those in the district plan.

(3) The district adopts procedures to review the performance of the local agency in implementing the measures to ensure compliance with the district plan.

(f) A district may revoke an authority granted under this section if it determines that the performance of the local agency is in violation of this section or is otherwise inadequate to implement the district plan.

(g) For purposes of this section, "transportation control measures" means any strategy to reduce vehicle trips, vehicle use, vehicle miles traveled, vehicle idling, or traffic congestion for the purpose of reducing motor vehicle emissions.

SEC. 6. Section 40921.5 of the Health and Safety Code is amended to read:

40921.5. (a) For purposes of classifying ozone nonattainment areas pursuant to Sections 40918, 40919, 40920, and 40920.5, the terms moderate, serious, severe, and extreme shall be defined as follows:

(1) Moderate	greater than 0.09 to not more than 0.12 parts per million, inclusive.
(2) Serious	0.13 to 0.15 parts per million, inclusive.
(3) Severe	0.16 to 0.20 parts per million, inclusive.
(4) Extreme	greater than 0.20 parts per million.

(b) For the purposes of classifying carbon monoxide nonattainment areas under Sections 40918 and 40919, the terms moderate and serious shall be defined as follows:

(1) Moderate	greater than 9.0 to 12.7 parts per million, inclusive.
(2) Serious	greater than 12.7 parts per million.

(c) The state board shall determine the ambient concentration of each nonattainment area consistent with the designation criteria established pursuant to subdivision (e) of Section 39607. Classifications for ozone shall be based upon the calendar years 1989 to 1991, inclusive. Classifications for carbon monoxide shall be based upon the 1989–90 and 1990–91 winter seasons.

SEC. 7. Section 41712 of the Health and Safety Code is amended to read:

41712. (a) The state board shall adopt regulations to achieve the maximum feasible reduction in reactive organic compounds emitted by consumer products, if the state board determines that adequate data exists for it to adopt the regulations.

(b) The state board shall not adopt regulations pursuant to subdivision (a) unless the regulations are technologically and commercially feasible, and necessary to carry out this division. The state board shall consider the effect that the regulations proposed for health benefit products will have on the efficacy of those products in killing or inactivating agents of infectious diseases such as viruses, bacteria, and fungi, and the impact the regulations will have on the availability of health benefit products to California consumers.

(c) For purposes of this section, a "consumer product" means a chemically formulated product used by household and institutional consumers, including, but not limited to, detergents; cleaning compounds; polishes; floor finishes; cosmetics; personal care products; home, lawn, and garden products; disinfectants; sanitizers; aerosol paints; and automotive specialty products; but does not include other paint products, furniture coatings, or architectural coatings.

(d) (1) Prior to adopting regulations pursuant to this section governing health benefit products, including, but not limited to, disinfectants, the state board shall consider any recommendations received from federal, state, or local public health agencies and medical experts in the field of public health.

(2) Within 30 days after the adoption of any regulation pursuant to this section governing health benefit products, the state board shall prepare and submit to the Legislature and the Governor a report which summarizes any recommendations received pursuant to paragraph (1) and any conclusions made by the state board concerning the recommendations.

(3) For purposes of this subdivision, the following definitions apply:

(A) "Health benefit product" means an antimicrobial product registered with the Environmental Protection Agency.

(B) "Medical expert" means a physician, including a pediatrician, a microbiologist, or a scientist involved in research related to infectious disease and infection control.

(e) A district shall adopt no regulation relating to a consumer product which is different than any regulation adopted by the state board for that purpose.

(f) (1) It is the intent of the Legislature that air pollution control standards affecting the formulation of aerosol paints and limiting the emissions of reactive organic compounds resulting from the use of aerosol paints be set solely by the state board to ensure uniform standards applicable on a statewide basis. A district shall not adopt or enforce any regulation regarding the reactive organic compound content of, or emissions from, aerosol paints until such time as the state board has adopted a regulation regarding those paints, and any district regulation shall not be different than the state board regulation. A district may observe and enforce a state board regulation regarding aerosol paints in the same manner as a district regulation limiting the issuance of air contaminants. This subdivision shall not apply to any district that has adopted a rule or regulation regarding aerosol paints pursuant to an order of a federal court, until such time as the federal court has authorized the district to observe and enforce the state board regulation in lieu of the district regulation.

(2) On or before January 1, 1995, the state board shall adopt regulations requiring the maximum feasible reduction in reactive organic compounds emitted from the use of aerosol paints. The regulations shall establish final limits and require full compliance not later than December 31, 1999, and shall establish interim limits prior to that date resulting in reductions in reactive organic compounds. For the purposes of this subdivision, "maximum feasible reduction in reactive organic compounds emitted" means at least a 60 percent reduction in the emissions of reactive organic compounds resulting from the use of aerosol paints, calculated with respect to the 1989 baseline year.

(3) On or before December 31, 1998, the state board shall conduct a public hearing on the technological or commercial feasibility of achieving full compliance with the final limits by December 31, 1999. If the state board determines that a 60 percent reduction in emissions of reactive organic compounds from the use of aerosol paints is not technologically or commercially feasible by December 31, 1999, it may grant an extension of time not to exceed five years. During any such extension of time, the most stringent interim limits shall be applicable. Any regulation adopted by the state board shall include a provision authorizing the time extension and requiring a public hearing on technological or commercial feasibility consistent with this subdivision. The state board shall seek to ensure that the final limits for aerosol paints established pursuant to this subdivision do not become federally enforceable prior to the effective date established by the state board for these limits, including any

extension granted under this subdivision.

(4) Reductions required for aerosol paints under this subdivision are not intended to apply to any other consumer product and the regulation of aerosol paints is not subject to subdivision (b).

SEC. 8. Section 42311.1 of the Health and Safety Code is amended to read:

42311.1. (a) Contemporaneously with the annual State Budget, the state board shall prepare a report on the sources of funding for each district with an annual budget which exceeds one million dollars ($1,000,000). The report shall include all of the following:

(1) The annual budget of each district, based upon the most recent fiscal year for which data are available.

(2) A description of each district's budgetary process, including, but not limited to, criteria for allocating costs.

(3) A description of current funding sources for district programs, including, but not limited to, fees, state subventions, federal grants, and local tax revenues, and the approximate amount each source contributes to the district's annual budget.

(4) A comparison of the fees paid by different industries within each district, to the extent these data are available.

(5) A description of program needs, if any, which are not met by current funding levels.

(6) For a district which adopts a schedule of fees for issuance of permits for activities described under Section 42311.2, a comparison between the fees paid by persons or entities issued a permit and district administrative costs for issuing and enforcing those permits.

(7) A fee system to identify the costs and revenues associated with each of the major services and programs of each district, to identify the services and programs supported in whole or in part by each type of fee and how the costs are allocated among fees, and to assess whether the fee system includes a program consistent with the requirements of paragraph (3) of subdivision (b) of Section 7661a of Title 42 of the United States Code.

(8) A statement of district revenues derived from enforcement activities, including a report of how much revenue, as a percentage of a district's overall budget, is derived from fines and penalties levied by the district.

(b) Every district included within subdivision (a) shall provide data and analyses to the state board for inclusion in the report.

(c) The state board shall consult with districts and other interested parties prior to preparing the report required under subdivision (a).

(d) Upon adoption of the report described in subdivision (a), the state board shall transmit copies of the report to the Governor and the Legislature.

(e) This section shall become inoperative on July 1, 1997, and, as of January 1, 1998, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 9. Article 3.5 (commencing with Section 42420) is added to Chapter 4 of Part 4 of Division 26 of the Health and Safety Code, to read:

Article 3.5. Compliance Programs

42420. The Legislature hereby finds and declares as follows:

(a) District enforcement programs should be prioritized to ensure that the imposition of civil and criminal penalties is commensurate with the severity of the violation.

(b) Districts shall endeavor to establish, where appropriate, alternatives to civil or criminal penalties for those circumstances in which the violation neither contributes to, nor potentially conceals, an emission that significantly contributes to unhealthful air quality.

42421. Each district which has a population of one million or more shall establish a compliance program that shall consist of all of the following elements:

(a) Procedures to ensure the consistent issuance of notices of compliance and notices of violations.

(b) A compliance assistance program to provide information to small businesses with regard to statutes and district rules and regulations to which they are subject and to assist them in identifying the most efficient and least costly means of complying with those statutes and rules and regulations.

(c) Settlement agreement procedures whereby persons who are in violation of those statutes or district rules or regulations may agree to take actions to improve air quality in lieu of paying monetary fines or penalties.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1029

An act to amend Section 40717 of, and to add and repeal Section 39613 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 39613 is added to the Health and Safety Code, to read:

39613. (a) The state board shall convene a technical review group to devise and adopt definitions of terms as they relate to employer-based trip reduction, for recommendation to the state board, for statewide use for purposes of this division and Chapter 2.6 (commencing with Section 65088) of Division 1 of Title 7 of the Government Code.

(b) The technical review group shall be composed of 15 members appointed by the state board, as follows:

(1) A representative of a district located in northern California.

(2) A representative of a district located in southern California.

(3) A representative of a county congestion management agency located in northern California.

(4) A representative of a county congestion management agency located in southern California.

(5) Three representatives of environmental organizations.

(6) A representative of a regional rideshare matching agency.

(7) A representative of the state Chamber of Commerce.

(8) A representative of a statewide retail group.

(9) A representative of a statewide manufacturing association.

(10) A representative of a statewide organization representing financial institutions.

(11) A representative of a statewide telecommunications company or regional public utility.

(12) Two representatives of labor unions.

(c) The terms that are to be defined by the technical review group shall include all of the following:

(1) Average vehicle ridership (AVR) calculations.

(2) Carpool.

(3) Compressed workweek.

(4) Contract employee.

(5) Credit for alternative fuels.

(6) Credit for low-emission and zero-emission vehicles.

(7) Disabled employee.

(8) Employee.

(9) Employee transportation coordinator.

(10) Employer.

(11) Part-time employee.

(12) Peak period.
(13) Probationary employee.
(14) Satellite worksite.
(15) Seasonal employee.
(16) Standardized data reporting requirements.
(17) Telecommuting.
(18) Temporary employee.
(19) Vanpool.
(20) Worksite employee threshold.
(21) Any other terms which the technical review group or the state board recommends for definition.

(d) The technical review group may consult with other state agencies, including, but not limited to, the Department of Transportation, regarding definitions of terms.

(e) On or before April 1, 1994, the technical review group shall submit its recommended definitions to the state board.

(f) On the basis of the recommendations of the technical review group, on or before June 30, 1994, the state board shall adopt definitions which the state board determines are needed with regard to employer-based trip reductions.

(g) It is the intent of the Legislature to recommend that districts and county congestion management agencies identify and adopt standardized data reporting requirements, as may be defined pursuant to paragraph (16) of subdivision (c).

(h) This section shall become inoperative on July 1, 1994, and, as of January 1, 1995, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1995, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 40717 of the Health and Safety Code is amended to read:

40717. (a) A district shall adopt, implement, and enforce transportation control measures for the attainment of state or federal ambient air quality standards to the extent necessary to comply with Section 40918, 40919, or 40920.

(b) A district which has entered into an agreement with a council of governments or a regional agency to jointly develop a plan for transportation control measures shall develop the plan in accordance with all of the following:

(1) The district shall establish the quantity of emission reductions from transportation sources necessary to attain state and federal ambient air standards.

(2) The council of governments or regional agency, in cooperation with the district and any other person or entity authorized by the council of governments or regional agency, shall develop and adopt a plan to control emissions from transportation sources which will achieve the emission reductions established under paragraph (1). The plan shall include, at a minimum, a schedule for implementing transportation control measures, identification of potential implementing agencies and any agreements entered into

by agencies to implement portions of the plan, and procedures for monitoring the effectiveness of and compliance with the measures in the plan. The council of governments or regional agency shall submit the plan to the district for its adoption according to a reasonable schedule developed by the district in consultation with the council of governments or regional agency.

(3) Upon receipt of the plan submitted by the council of governments or regional agency, the district shall review and approve or disapprove the plan in the following manner:

(A) The district shall review, adopt, and enforce the plan if it meets the criteria established by the district pursuant to paragraph (1) and has been submitted pursuant to the schedule established under paragraph (2).

(B) If the district determines that the plan does not meet the criteria established pursuant to paragraph (1), the district shall return the plan to the council of governments or regional agency with comments which identify the reasons the plan does not meet the criteria established pursuant to paragraph (1). Within 45 days, the council of governments or regional agency shall review the district's comments, revise the plan to meet the criteria established under paragraph (1), and resubmit the plan to the district. The district shall review and approve the revised plan if it meets the criteria established by the district pursuant to paragraph (1) and has been resubmitted to the district within 45 days.

(C) If the plan is not submitted pursuant to the schedule established under paragraph (2), or if a plan revised by a council of governments or regional agency and resubmitted to a district pursuant to this subparagraph does not meet the criteria established under paragraph (1), the district shall develop, adopt, and enforce an alternative plan for transportation control measures.

(4) Whenever the district revises its establishment of the quantity of emission reductions from transportation sources necessary to attain state and federal ambient air standards, the plan shall be revised, adopted, and enforced in accordance with paragraphs (1), (2), and (3).

(c) Subdivision (b) shall not apply to the Sacramento district. Chapter 10 (commencing with Section 40950) shall govern preparation and enforcement of that plan for transportation control measures for the Sacramento district.

(d) Notwithstanding subdivision (b), a district located in a county of the third class shall develop a plan for transportation control measures as follows:

(1) The district, in consultation with the council of governments, shall develop, approve, and adopt criteria under which the plan shall be developed.

(2) The council of governments shall develop and adopt a plan for transportation control measures which meets the criteria established by the district, and shall submit the plan to the district for its review and adoption according to a reasonable schedule developed by the

district in consultation with the council of governments.

(3) Upon receipt of the plan submitted by the council of governments, the district shall review and approve the plan if it meets the criteria established by the district pursuant to paragraph (1) and has been submitted pursuant to the schedule established under paragraph (2). If the district determines that the plan does not meet the criteria established pursuant to paragraph (1) or if the plan is not submitted pursuant to the schedule established under paragraph (2), the district shall develop and adopt an alternative plan for transportation control measures.

(e) A district may delegate any function with respect to the implementation of transportation control measures to any local agency, if all of the following conditions are met:

(1) The local agency submits to the district an implementation plan that provides adequate resources to adopt and enforce the measures, and the district approves the plan.

(2) The local agency adopts and implements measures at least as stringent as those in the district plan.

(3) The district adopts procedures to review the performance of the local agency in implementing the measures to ensure compliance with the district plan.

(4) Multiple site employers with more than one regulated worksite in the district have the option of complying with the district rule and reporting directly to the district. Employers that exercise this option shall be exempt from the local agency trip reduction measure.

(f) A district may revoke an authority granted under this section if it determines that the performance of the local agency is in violation of this section or otherwise inadequate to implement the district plan.

(g) For purposes of this section, "transportation control measures" means any strategy to reduce vehicle trips, vehicle use, vehicle miles traveled, vehicle idling, or traffic congestion for the purpose of reducing motor vehicle emissions.

(h) Nothing in this section shall preclude a local agency from implementing a transportation control measure that exceeds the requirements imposed by an air pollution control district or an air quality management district if otherwise authorized by law.

CHAPTER 1030

An act to add Section 14114 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Over the past few years, technology dependent children have emerged as a unique service population, distinguished by the chronicity and medical technology needs of the group.

(b) In determining placement and treatment needs of technology dependent children, an effort should be made to place the child in the least costly and least restrictive level of care that still provides for the child's medical safety and dignity.

(c) It is the ultimate goal of the Legislature to ensure that a true continuum of care is available to address the individual developmental and medical needs of technology dependent children.

SEC. 2. Section 14114 is added to the Welfare and Institutions Code, to read:

14114. (a) (1) Notwithstanding any other provision of this chapter, for the provision of benefits to any technology dependent child who is placed at a lower cost facility or at the child's home, reimbursement for the lower cost facility or home-based services shall be made on the basis of actual, allowable, reasonable costs, in accordance with medicare cost reimbursement principles, as applied to economically and efficiently operated technologies, if the overall cost to the state would decrease. Nothing in this section precludes reimbursement for services to technology dependent children receiving care in the home.

(2) Paragraph (1) shall apply to all medical services covered under this chapter that are related to the needs arising from a child's technological dependence.

(3) Effective July 1, 1994, the department shall implement paragraph (1) concurrent with its application for federal financial participation if the reimbursement will result in cost savings to the state.

(4) The department shall not implement paragraph (3) if the department commences implementation of a pediatric care program as described in Section 3 of the act adding this section prior to July 1, 1994, pursuant to the adoption of regulations and the receipt of any necessary federal approvals.

(b) The department shall compile the number of technology dependent children for whom payments are made under this

section, and the reason for the determination to make the payments under this section.

(c) For purposes of this section, "technology dependent child" means a person under 21 years of age who uses a medical technology that compensates for the loss of normal use of a vital body function, and all of the following apply:

(1) He or she requires around-the-clock availability of skilled nursing care that is more intensive than is provided to the majority of patients in a nursing facility licensed as a skilled nursing facility and, in the absence of a pediatric subacute unit, can be provided only in an acute care licensed hospital bed, including daily physician visits.

(2) He or she does not require the services of an acute care hospital, including daily physician visits.

(3) Either of the following applies:

(A) He or she is dependent at least part of each day on mechanical ventilation.

(B) He or she is dependent on device-based respiratory, nutritional, or pharmaceutical medical supports, including, but not necessarily limited to, peritoneal dialysis, tracheostomy tube care, nasogastromic, gastrostomy, or other enteral tube feedings, or intravenous administration of nutritional substance.

(d) Reimbursement for services provided pursuant to this section shall be made only to a facility that meets all of the following service criteria:

(1) The facility ensures that a sufficient number of registered nurses are available seven days a week, 24 hours a day, to provide skilled nursing care, and that such other licensed vocational nurses and certified nurses aides are available as are necessary to ensure a safe level of care with some dignity.

(2) (A) The facility ensures that the provision of developmental services are appropriate to the needs of each individual child.

(B) For purposes of subparagraph (A), developmental services include, but need not be limited to, recreational therapy, occupational therapy, physical therapy, and psychosocial services.

(C) Those developmental services provided pursuant to subparagraph (A) shall be provided under the direction of a qualified mental retardation professional, as defined by federal regulations, who has not less than two years of pediatric experience, except as otherwise provided by the department.

(3) The facility ensures that the provision of pediatric dietary services is under the direction of a registered dietitian.

(e) The department shall, except as otherwise provided in this section, implement this section only to the extent full federal financial participation is available through an approved state plan amendment for services to the population defined in this section.

(f) This section shall be repealed on January 1, 1996, or the date that the department commences implementation, after the adoption of regulations and the receipt of any necessary federal approvals, of the pediatric service continuum described in Section 4 of the act that

added this section to the Welfare and Institutions Code, whichever is earlier.

(g) This section shall become operative on January 1, 1994.

SEC. 3. (a) (1) The State Department of Health Services shall convene a workgroup to address the policy issues related to the development of a pediatric service continuum. The workgroup shall seek input from clinicians and other interested and knowledgeable parties, and shall develop emergency regulations and a reimbursement structure for services to technology dependent children with special needs no later than April 1, 1994.

(2) The department shall continue the efforts of the workgroup beyond April 1, 1994, to address the policy issues related to the development of other services necessary to define and provide a pediatric service continuum that addresses the needs of other children with special health care needs. Those services, subject to the availability of federal financial participation, may include, but are not limited to, the provision of pediatric day health and respite care facility services, as defined in Section 1760.2 of the Health and Safety Code, and congregate living health facility services, as defined in subdivision (i) of Section 1250 of the Health and Safety Code.

(b) The State Department of Health Services shall report the results of the workgroup to the appropriate committees of the Legislature upon development of the regulations and reimbursement structure pursuant to subdivision (a).

SEC. 4. The State Department of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the initial implementation of this act. The adoption of initial regulations pursuant to this section shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the State Department of Health Services in order to implement this act shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State. Initial emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days.

CHAPTER 1031

An act to amend Section 33126 of the Education Code, relating to schools.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 33126 of the Education Code is amended to read:

33126. In order to promote a model statewide standard of instructional accountability and conditions for teaching and learning, the Superintendent of Public Instruction shall, by March 1, 1989, develop and present to the State Board of Education for adoption a statewide model school accountability report card.

(a) The model school accountability report card shall include, but is not limited to, assessment of the following school conditions:

(1) Student achievement in and progress toward meeting reading, writing, arithmetic and other academic goals.

(2) Progress toward reducing drop-out rates.

(3) Estimated expenditures per student and types of services funded.

(4) Progress toward reducing class sizes and teaching loads.

(5) Any assignment of teachers outside their subject areas of competence.

(6) Quality and currency of textbooks and other instructional materials.

(7) The availability of qualified personnel to provide counseling and other student support services.

(8) Availability of qualified substitute teachers.

(9) Safety, cleanliness, and adequacy of school facilities.

(10) Adequacy of teacher evaluations and opportunities for professional improvement.

(11) Classroom discipline and climate for learning.

(12) Teacher and staff training, and curriculum improvement programs.

(13) Quality of school instruction and leadership.

(14) The degree to which students are prepared to enter the work force.

(b) In developing the statewide model school accountability report, the Superintendent of Public Instruction shall consult with a Task Force on Instructional Improvement, to be appointed by the superintendent, composed of practicing classroom teachers, school administrators, parents, school board members, classified employees, and educational research specialists. However, the majority of the task force shall consist of practicing classroom teachers.

SEC. 2. In addition to the task force identified pursuant to

subdivision (b) of Section 33126 of the Education Code, the Superintendent of Public Instruction shall consult with representatives of business and organized labor in the development of the components of the model school accountability report card required pursuant to paragraph (14) of subdivision (a) of Section 33126 of the Education Code.

SEC. 3. The Legislature finds and declares that this act furthers the purposes of the Classroom Instructional Improvement and Accountability Act.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1032

An act to amend Section 16857 of, and to add Section 16852.5 to, the Government Code, to add Section 999.10 to the Military and Veterans Code, and to amend Section 10115.10 of, and to add Sections 2001, 10108.7, and 10115.12 to, the Public Contract Code, relating to public contracts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16852.5 is added to the Government Code, to read:

16852.5. (a) Any awarding department taking bids in connection with the award of any contract shall provide, in the general conditions under which bids will be received, that any person making a bid or offer to perform a contract shall, in his or her bid or offer, set forth the following information:

(1) The name and the location of the place of business of each subcontractor certified as a minority, women, or disabled veteran business enterprise who will perform work or labor or render service to the prime contractor in connection with the performance of the contract and who will be used by the prime contractor to fulfill minority, women, and disabled veteran business enterprise

participation goals.

(2) The portion of work that will be done by each subcontractor under paragraph (1). The prime contractor shall list only one subcontractor for each portion of work as is defined by the prime contractor in his or her bid or offer.

(b) The Subletting and Subcontracting Fair Practices Act (Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code) shall apply to the information required by subdivision (a) relating to subcontractors certified as minority, women, and disabled veteran business enterprises.

(c) For purposes of this section, "subcontractor" and "prime contractor" shall have the same meaning as those terms are defined in Section 4113 of the Public Contract Code.

SEC. 2. Section 16857 of the Government Code is amended to read:

16857. (a) It shall be unlawful for a person to:

(1) Knowingly and with intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain, acceptance or certification as a minority, women, or disabled veteran business enterprise, for the purposes of this chapter.

(2) Willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a state official or employee for the purpose of influencing the acceptance or certification or denial of acceptance or certification of any entity as a minority, women, or disabled veteran business enterprise.

(3) Willfully and knowingly obstruct, impede, or attempt to obstruct or impede, any state official or employee who is investigating the qualifications of a business entity which has requested acceptance or certification as a minority, women, or disabled veteran business enterprise.

(4) Knowingly and with intent to defraud, fraudulently obtain, attempt to obtain, or aid another person in fraudulently obtaining or attempting to obtain, public moneys to which the person or firm is not entitled under this chapter.

(5) Establish, or cooperate in the establishment of, or exercise control over, a firm found to have violated any of paragraphs (1) to (4), inclusive. Any person or firm who violates this paragraph is guilty of a misdemeanor and shall be liable for a civil penalty not to exceed fifty thousand dollars ($50,000) for the first violation, and a civil penalty not to exceed two hundred thousand dollars ($200,000) for each additional or subsequent violation.

(6) This section shall not apply to minority and women business enterprise programs conducted by public utility companies pursuant to the California Public Utilities Commission's General Order 156.

(b) Any person who violates paragraphs (1) to (4), inclusive, of subdivision (a) is guilty of a misdemeanor and shall be liable for a civil penalty not to exceed five thousand dollars ($5,000) for the first

violation, and a civil penalty not to exceed twenty thousand dollars ($20,000) for each additional or subsequent violation.

(c) Any person or firm that violates subdivision (a) shall, in addition to the penalties provided for in subdivision (b), be suspended from bidding on, or participating as either a contractor or subcontractor in, any contract awarded by the state for a period of not less than 30 days nor more than one year. However, for an additional or subsequent violation, the period of suspension shall be extended for a period of up to three years. Any person or firm that fails to satisfy the penalties imposed pursuant to subdivisions (b) and (c) shall be prohibited from further contracting with the state until the penalties are satisfied.

(d) The awarding department shall report all alleged violations of this section to the Office of Small and Minority Business. The office shall subsequently report all alleged violations to the Attorney General who shall determine whether to bring a civil action against any person or firm for violation of this section.

(e) The office shall monitor the status of all reported violations and shall maintain and make available to all state departments a central listing of all firms and persons who have been determined to have committed violations resulting in suspension.

(f) No awarding department shall enter into any contract with any person or firm suspended for violating this section during the period of the person's or firm's suspension. No awarding department shall award a contract to any contractor utilizing the services of any person or firm as a subcontractor suspended for violating this section during the period of the person's or firm's suspension.

(g) The awarding department shall check the central listing provided by the office to verify that the person, firm, or contractor to whom the contract is being awarded, or any person, or firm, being utilized as a subcontractor by that person, firm, or contractor, is not under suspension for violating this section.

SEC. 3. Section 999.10 is added to the Military and Veterans Code, to read:

999.10. (a) Any awarding department taking bids in connection with the award of any contract shall provide, in the general conditions under which bids will be received, that any person making a bid or offer to perform a contract shall, in his or her bid or offer, set forth the following information:

(1) The name and the location of the place of business of each subcontractor certified as a disabled veteran business enterprise who will perform work or labor or render service to the prime contractor in connection with the performance of the contract and who will be used by the prime contractor to fulfill disabled veteran business enterprise participation goals.

(2) The portion of work that will be done by each subcontractor under paragraph (1). Except in cases of emergency where a contract is necessary for the immediate preservation of the public health, welfare, or safety, or protection of state property, the prime

contractor shall list only one subcontractor for each portion of work as is defined by the prime contractor in his or her bid or offer.

(b) The Subletting and Subcontracting Fair Practices Act (Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code) shall apply to the information required by subdivision (a) relating to subcontractors certified as disabled veteran business enterprises.

(c) For purposes of this section, "subcontractor" and "prime contractor" shall have the same meaning as those terms are defined in Section 4113 of the Public Contract Code.

(d) As used in this section, "contract" does not include a contract negotiated pursuant to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

SEC. 4. Section 2001 is added to the Public Contract Code, to read:

2001. (a) Any local agency, as defined in subdivision (d) of Section 2000, that requires that contracts be awarded to the lowest responsible bidder meeting, or making a good faith effort to meet, participation goals for minority, women, or disabled veteran business enterprises shall provide in the general conditions under which bids will be received, that any person making a bid or offer to perform a contract shall, in his or her bid or offer, set forth the following information:

(1) The name and the location of the place of business of each subcontractor certified as a minority, women, or disabled veteran business enterprise who will perform work or labor or render service to the prime contractor in connection with the performance of the contract and who will be used by the prime contractor to fulfill minority, women, and disabled veteran business enterprise participation goals.

(2) The portion of work that will be done by each subcontractor under paragraph (1). The prime contractor shall list only one subcontractor for each portion of work as is defined by the prime contractor in his or her bid or offer.

(b) The Subletting and Subcontracting Fair Practices Act (Chapter 4 (commencing with Section 4100) shall apply to the information required by subdivision (a) relating to subcontractors certified as minority, women, or disabled veteran business enterprises.

(c) For purposes of this section, "subcontractor" and "prime contractor" shall have the same meaning as those terms are defined in Section 4113.

(d) As used in this section, "contract" does not include a contract negotiated pursuant to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

SEC. 5. Section 10108.7 is added to the Public Contract Code, to read:

10108.7. (a) The Department of Corrections shall provide in the general conditions under which bids will be received, that any

person making a bid or offer to perform a contract shall, in his or her bid or offer, set forth the following information:

(1) The name and the location of the place of business of each subcontractor certified as a minority, women, or disabled veteran business enterprise who will perform work or labor or render service to the prime contractor in connection with the performance of the contract and who will be used by the prime contractor to fulfill minority, women, and disabled veteran business enterprise participation goals.

(2) The portion of work that will be done by each subcontractor under paragraph (1). The prime contractor shall list only one subcontractor for each portion of work as is defined by the prime contractor in his or her bid or offer.

(b) The Subletting and Subcontracting Fair Practices Act (Chapter 4 (commencing with Section 4100) of Part 1 shall apply to the information required by subdivision (a) relating to subcontractors certified as minority, women, or disabled veteran business enterprises.

(c) For purposes of this section, "subcontractor" and "prime contractor" shall have the same meaning as those terms are defined in Section 4113.

(d) As used in this section, "contract" does not include a contract negotiated pursuant to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

SEC. 6. Section 10115.10 of the Public Contract Code is amended to read:

10115.10. (a) It shall be unlawful for a person or firm to:

(1) Knowingly and with intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain, acceptance or certification as a minority, women, or disabled veteran business enterprise, for the purposes of this article.

(2) Willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a state official or employee for the purpose of influencing the acceptance or certification or denial of acceptance or certification of any entity as a minority, women, or disabled veteran business enterprise.

(3) Willfully and knowingly obstruct, impede, or attempt to obstruct or impede, any state official or employee who is investigating the qualifications of a business entity which has requested acceptance or certification as a minority, women, or disabled veteran business enterprise.

(4) Knowingly and with intent to defraud, fraudulently obtain, attempt to obtain, or aid another person or firm in fraudulently obtaining or attempting to obtain, public moneys to which the person is not entitled under this article.

(5) Establish, or cooperate in the establishment of, or exercise control over, a firm found to have violated any of paragraphs (1) to

(4), inclusive. Any person or firm who violates this paragraph is guilty of a misdemeanor and shall be liable for a civil penalty not to exceed fifty thousand dollars ($50,000) for the first violation, and a civil penalty not to exceed two hundred thousand dollars ($200,000) for each additional, or subsequent violation.

(6) This section shall not apply to minority and women business enterprise programs conducted by public utility companies pursuant to the California Public Utilities Commission's General Order 156.

(b) Any person who violates paragraphs (1) to (4), inclusive, of subdivision (a) is guilty of a misdemeanor and shall be liable for a civil penalty not to exceed five thousand dollars ($5,000) for the first violation, and a civil penalty not to exceed twenty thousand dollars ($20,000) for each additional or subsequent violation.

(c) Any person or firm that violates subdivision (a) shall, in addition to the penalties provided for in subdivision (b), be suspended from bidding on, or participating as either a contractor, subcontractor, or supplier in, any state contract or project for a period of not less than 30 days nor more than one year. However, for an additional or subsequent violation the period of suspension shall be extended for a period of up to three years. Any person or firm that fails to satisfy the penalties imposed pursuant to subdivisions (b) and (c) shall be prohibited from further contracting with the state until the penalties are satisfied.

(d) The awarding department shall report all alleged violations of this section to the Office of Small and Minority Business. The office shall subsequently report all alleged violations to the Attorney General who shall determine whether to bring a civil action against any person or firm for violation of this section.

(e) The office shall monitor the status of all reported violations and shall maintain and make available to all state departments a central listing of all firms and persons who have been determined to have committed violations resulting in suspension.

(f) No awarding department shall enter into any contract with any person or firm suspended for violating this section during the period of the person's or firm's suspension. No awarding department shall award a contract to any contractor utilizing the services of any person or firm as a subcontractor suspended for violating this section during the period of the person's or firm's suspension.

(g) The awarding department shall check the central listing provided by the office to verify that the person, firm, or contractor to whom the contract is being awarded, or any person or firm being utilized as a subcontractor by that person, firm, or contractor, is not under suspension for violating this section.

SEC. 7. Section 10115.12 is added to the Public Contract Code, to read:

10115.12. (a) Any awarding department taking bids in connection with the award of any contract shall provide in the general conditions under which bids will be received, that any person making a bid or offer to perform a contract shall, in his or her

bid or offer, set forth the following information:

(1) The name and the location of the place of business of each subcontractor certified as a minority, women, or disabled veteran business enterprise who will perform work or labor or render service to the prime contractor in connection with the performance of the contract and who will be used by the prime contractor to fulfill minority, women, and disabled veteran business enterprise participation goals.

(2) The portion of work that will be done by each subcontractor under paragraph (1). Except in cases of emergency where a contract is necessary for the immediate preservation of the public health, welfare, or safety, or protection of state property, the prime contractor shall list only one subcontractor for each portion of work as is defined by the prime contractor in his or her bid or offer.

(b) The Subletting and Subcontracting Fair Practices Act (Chapter 4 (commencing with Section 4100) of Part 1 shall apply to the information required by subdivision (a) relating to subcontractors certified as minority, women, or disabled veteran business enterprises.

(c) For purposes of this section, "subcontractor" and "prime contractor" shall have the same meaning as those terms are defined in Section 4113.

(d) As used in this section, "contract" does not include a contract negotiated pursuant to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1033

An act to add Division 25.2 (commencing with Section 38070) to, and to add and repeal Section 38077.1 of, the Health and Safety Code, relating to direct service contracts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Division 25.2 (commencing with Section 38070) is added to the Health and Safety Code, to read:

DIVISION 25.2. STATE DEPARTMENT OF HEALTH SERVICES COOPERATIVE AGREEMENT ACT

CHAPTER 1. GENERAL PROVISIONS

38070. This act shall be known and may be cited as the State Department of Health Services Cooperative Agreement Act.

38071. The purposes of this division are:

(a) To simplify the administration of public health programs by the State Department of Health Services.

(b) To reduce the administrative cost of public health programs to the department.

(c) To encourage units of state and local government and nonprofit organizations to attempt bold new solutions to local public health problems.

38072. For purposes of this division, the following definitions shall apply:

(a) "Cooperative agreement" means an agreement between the department and a unit of local government, any other unit of state government, or a nonprofit organization that provides for a contract under any of the following programs:

(1) California AIDS Program (Chapter 1.16 (commencing with Section 199.70) of Part 1 of Division 1).

(2) Health of Seasonal Agricultural and Migratory Workers (Chapter 2 (commencing with Section 1181) of Part 6 of Division 1).

(3) American Indian Health Services (Chapter 3 (commencing with Section 1182) of Part 6 of Division 1).

(4) Rural Health Services Development (Chapter 4 (commencing with Section 1183) of Part 6 of Division 1).

(5) Grants-In-Aid for Clinics (Chapter 5 (commencing with Section 1187) of Part 6 of Division 1).

(6) Expanded Access to Primary Care (Part 6.9 (commencing with Section 1189.101) of Division 1).

(7) Birth Defects Monitoring Program (Division 9.5 (commencing with Section 10800)).

(8) Maternal and child health programs, including, but not limited to, (Article 2 (commencing with Section 248) and Article 3 (commencing with Section 300) of Part 1 of Division 1).

(9) Special Supplemental Food Program for Women, Infants, and Children (Article 3.3 (commencing with Section 310) of Part 1 of Division 1).

(10) Perinatal Health Care (Article 2.6 (commencing with Section 289) of Part 1 of Division 1).

(11) Family planning services (Section 14503 of the Welfare and

Institutions Code).

(12) Hereditary Disorders Programs (Chapter 1.5 (commencing with Section 150) of Part 1 of Division 1).

(13) Other public health programs for the protection, preservation, and advancement of public health authorized pursuant to Section 215 or pursuant to an annual Budget Act provision.

(b) "Department" means the State Department of Health Services.

38073. The department shall comply with Sections 38030, 38031, 38032, 38035, and 38036, Chapter 3 (commencing with Section 38020) and Chapter 5 (commencing with Section 38040) of Division 25, and the grievance and appeal provisions set forth in Section 38036, Division 25.1 (commencing with Section 38050), and Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code.

38074. (a) Cooperative agreements shall be procured by means of a request for application or a request for proposal, whichever is applicable, as determined by the department.

(b) A procurement by a request for application is one where the department has funds, regardless of the source, that it seeks to distribute to those entities or organizations specified in Section 38072, that meet the criteria and standards stated in the request for application. A distinguishing feature of a request for application is that, unlike a request for proposal, a request for application is a request where multiple awards are to be made based on the information provided in the application and evaluated against the methodology and criteria specified in the request for application.

(c) All request for proposal cooperative agreement awards shall comply with the requirements of Section 10344 of the Public Contract Code.

(d) A cooperative agreement shall be for a period of up to three years.

(e) A cooperative agreement for a one-year period may provide for up to two annual extensions.

(f) A cooperative agreement may be procured without a request for application or a request for proposal under either of the following circumstances:

(1) When the amount of the cooperative agreement is less than fifty thousand dollars ($50,000) annually. A nonprofit organization shall receive only one of these awards during each fiscal year.

(2) When the amount of the cooperative agreement is less than two hundred thousand dollars ($200,000) a year and from a program that awards five or fewer grants per year.

38075. The department, at its discretion, may enter into a single cooperative agreement with a single contractor based upon the contractor's applications submitted in response to requests for application from several programs.

38076. In administering cooperative agreements, the program staff shall prepare all requests for proposals and requests for

applications, evaluate the proposals and applications received, make the awards, and monitor progress of recipients of awards.

38077. (a) The department shall use only one or more of the following payments systems for cooperative agreements:

(1) Allowable costs up to a maximum amount.

(2) Fixed payment per unit of service.

(3) Fixed monthly payment.

(4) Fixed price agreement.

(b) If the allowable cost payment system is used, the cooperative agreement shall contain a line item budget for the cooperative agreement project, and both of the following shall apply:

(1) Except as required by other funding sources, including, but not limited to, the federal government or private foundations, the line item budget shall specify aggregate costs for the following and no other categories:

(A) Personnel, including, but not limited to, salary, wages, and fringe benefits.

(B) Operating expenses, other than personnel, including, but not limited to, rent, depreciation, use allowance, supplies, utilities, and other operating costs.

(C) Capital expenditures to be paid for by the cooperative agreement.

(D) Other costs as specified in the agreement.

(E) A fixed indirect cost amount or rate.

(2) A nonprofit organization or unit of state or local government that is a party with the department in a cooperative agreement may propose, in writing, scope of work revisions or changes. The contractor shall be notified in writing within 30 calendar days when proposed revisions are approved or disapproved by the department. If written notification does not occur within this time period, the proposed revisions or changes shall be deemed approved.

38077.1. (a) The department may require additional reporting of the budget data contained within the consolidated line item budget described in paragraph (1) of subdivision (c) of Section 38077.

(b) The department shall be notified, through the regular submission of a monthly invoice, of any changes in the additional information required by subdivision (a). If invoices are submitted less frequently than monthly, the department shall be notified within 30 days of any changes in the additional information required by subdivision (a).

(c) Any change in the additional information required by subdivision (a) shall not be considered a contract amendment and shall not require department approval.

(d) This section shall become inoperative on June 30, 1996, and, as of January 1, 1997, is repealed unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

38077.3. (a) The department shall develop uniform cooperative

agreement formats containing standardized agreement language. Each uniform format shall be developed with the participation of the affected parties. The purpose of the uniform formats shall be to consolidate and simplify administrative and programmatic requirements, maintain systemwide consistency, develop procedures that promote ease of use by clients, streamline processes, eliminate unnecessary paperwork, and ensure fiscal accountability. Uniform formats shall be outcome oriented and conducive to the business and operational needs of all parties to the extent practical.

(b) For purposes of this section "standardized agreement language" means language that constitutes terms and conditions of performance necessitated by sound contract management and compliance practices, including, but not limited to, payment and invoicing systems and procedures, record management requirements, and programmatic reporting requirements. Excluded from this definition are scopes of work, line item budgets, funding related provisions, preprinted generic exhibits, and cancellation or amendment clauses.

(c) The department may form working groups including representatives of all affected parties to implement this section.

(d) After finalization of uniform cooperative agreement formats, no unilateral change to standardized agreement language may be implemented without making the changes available for public comment. These changes include changes caused by programmatic decisions, control agency requirements, and administrative needs.

(e) Nothing in this section shall be construed to prevent or delay changes necessitated by state or federal statute or regulations.

38078. All of the following shall apply to cooperative agreements:

(a) The department or contractor may terminate, upon a minimum of 30 days written notice, any cooperative agreement.

(b) The department may reject a request for proposal or a request for application response based on an entity's or organization's failure to comply with contracted requirements in prior contracts or cooperative agreements with the department.

(c) The organization or unit of state and local government shall be liable to return any funds for failure to comply with the requirements of the cooperative agreement.

38078.5. (a) A cooperative agreement involving the purchase of electronic data processing hardware, software, or services, or telecommunication goods and services, up to a purchase amount of fifty thousand dollars ($50,000), shall be exempt from Chapter 3 (commencing with Section 12100) and Chapter 3.5 (commencing with Section 12120) of Part 2 of Division 2 of the Public Contract Code, and from Part 1 (commencing with Section 11000) of Division 3 of Title 2 of the Government Code.

(b) A cooperative agreement with a unit of local or state government that requires the purchase of capital equipment shall utilize the contractor's existing procurement systems for the purchase of equipment.

(c) A cooperative agreement with a nonprofit organization that provides for capital expenditures as part of a line item budget shall utilize a procurement system for the purchase of equipment under a cooperative agreement that meets the following standards:

(1) The nonprofit organization shall maintain a code or standard of conduct that shall govern the performance of its officers, employees, or agents engaged in awarding procurement contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a procurement contract in which, to his or her knowledge, he or she has a financial interest.

(2) Procurements shall be conducted in a manner that provides, to the maximum extent practical, open and free competition.

(3) Procurements shall be conducted in a manner that provides for all of the following:

(A) Avoidance of the purchasing of unnecessary or duplicate items.

(B) Solicitation for capital expenditures based upon a clear and accurate description of the technical requirements of the capital goods to be procured.

(C) The taking of positive steps to utilize small, minority, women, or veteran owned businesses.

(d) Notwithstanding subdivisions (a), (b), and (c), the Director of General Services may exempt from those requirements any purchases in excess of fifty thousand dollars ($50,000) annually of capital equipment, and electronic data processing and telecommunications goods and services made under a cooperative agreement for which, in his or her judgment, the exemption is appropriate and in the best interests of the state. Written notice of an exemption shall be given to the Controller.

(e) Subdivision (a) shall become inoperative on June 30, 1997.

38079. (a) All cooperative agreements, regardless of the size of the contracting nonprofit organization, shall be subject to the late payment provisions set forth in Section 926.15 of the Government Code.

(b) In implementing this division, the department shall have the authority of, and be subject to, the provisions set forth in Chapter 1.1 (commencing with Section 1180.101) of Part 6 of Division 1, except that those provisions shall apply to all cooperative agreements, not only those agreements with clinics. However, notwithstanding Section 1180.121, moneys in the Clinic Revolving Fund of the State Department of Health Services shall be used for purposes of this division only upon appropriation of funds by the Legislature for that purpose.

38080. When the department awards a cooperative agreement pursuant to Section 38074, prior to execution of the agreement, the department may do the following:

(a) Certify to the Controller that a cooperative agreement has been awarded, the name of the organization or agency to which the award has been made, the amount approved by the department for

funding the cooperative agreement, and any other information as may be required by the Controller.

(b) Present a claim to the Controller for payment to the organization or agency, from an appropriation available for such purpose, of an amount not exceeding 25 percent of the funding approved for the cooperative agreement.

38081.1. (a) Cooperative agreements shall be subject to review and approval by the Department of General Services pursuant to Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, except as follows:

(1) Changes in the scope of work approved under paragraph (2) of subdivision (b) of Section 38077.

(2) For allowable cost agreements, changes in line item budgets of up to 10 percent of the annual total, not to exceed fifty thousand dollars ($50,000), so long as the contract total does not increase or decrease.

(3) Agreements, and amendments to those agreements, under programs expressly exempted from the review and approval of the Department of General Services pursuant to statute, including, but not limited to, those exemptions granted prior to January 1, 1994.

(b) (1) A nonprofit organization or governmental agency that is awarded a cooperative agreement shall not be subject to the minority and women business and disabled veterans participation goals set forth in Article 1.5 (commencing with Section 10115 of Chapter 1 of Part 2 of Division 2 of the Public Contract Code with respect to that portion of the cooperative agreement budget that is for personnel related costs of the cooperative agreement, as determined by the department.

(2) A nonprofit organization or governmental agency that is awarded a cooperative agreement shall also be exempt from the participation goals described in paragraph (1) when the cooperative agreement meets any of the following criteria:

(A) The amount of the cooperative agreement is one hundred thousand dollars ($100,000) or less annually.

(B) In the case of a nonprofit organization, the nonprofit organization to be awarded the cooperative agreement has a board of directors of which at least 51 percent of the members are any combination of women, minorities, and disabled veterans.

(C) Cooperative agreements that result from requests for application.

(c) The Director of General Services may exempt from his or her approval or from approval of the department any cooperative agreements for which, in his or her judgment, the exemption is appropriate and in the best interests of the state. Written notice of an exemption shall be given to the Controller.

(d) Subdivision (b) shall become inoperative on June 30, 1997.

SEC. 2. Nothing in this act shall affect any cooperative agreement entered into between the state, the United States Government, and the state primary care association in accordance

with subdivision (h) of Section 254c of Title 42 of the United States Code.

CHAPTER 1034

An act to amend Section 10115.5 of, and to add Section 10115.13 to, the Public Contract Code, relating to state contracts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 10115.5 of the Public Contract Code is amended to read:

10115.5. (a) Notwithstanding Section 7550.5 of the Government Code, on January 1 of each year, each awarding department shall report to the Governor and the Legislature on the level of participation by minority, women, and disabled veteran business enterprises in contracts as identified in this article for the fiscal year beginning July 1 and ending June 30. In addition, the report shall contain the levels of participation by minority, women, and disabled veteran business enterprises for the following categories of contracts:

(1) Construction.

(2) Purchases of materials, supplies, and equipment.

(3) Professional services.

(4) All contracts for a dollar amount of less than twenty-five thousand dollars ($25,000).

(b) If the established goals are not being met, the awarding department shall report the reasons for its inability to achieve the standards and identify remedial steps it shall take.

SEC. 2. Section 10115.13 is added to the Public Contract Code, to read:

10115.13. Notwithstanding any other provision of law, contracts awarded by any state agency, department, officer, or other state governmental entity for the purchase of general public advertisements shall have statewide participation goals of not less than 15 percent for minority business enterprises, not less than five percent for women business enterprises, and three percent for disabled veteran business enterprises. These goals apply to the overall dollar amount expended each year by the awarding state agency, department, offices, or other state governmental entity.

CHAPTER 1035

An act to amend Sections 432, 435, and 632 of, to repeal Sections 441 and 443 of, and to add Sections 409.5 and 432.5 to, the Public Utilities Code, relating to public utilities.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 409.5 is added to the Public Utilities Code, to read:

409.5. The commission shall maintain those records as are necessary to account separately for all fees and charges, including the fees authorized by Section 431, received from each class of utility subject to Article 3 (commencing with Section 431) and remitted pursuant to Section 409.

SEC. 2. Section 432 of the Public Utilities Code is amended to read:

432. The commission shall establish the fee pursuant to Section 431 with the approval of the Department of Finance and in accordance with all of the following:

(a) In its annual budget request, the commission shall specify both of the following:

(1) The amount of its budget to be financed by the fee.

(2) The dollar allocation of the amount of its budget shall be financed by the fee by each class of public utility subject to the fee. The fee allocation among classes of public utilities shall reflect expenditures by the commission on regulatory and other authorized activities affecting each respective class, and shall bear the same ratio that the commission's workload for each class of public utility subject to the fee bears to the commission's total workload for all public utilities subject to the fee.

(b) The commission may establish different and distinct methods of assessing fees for each class of public utility, if the revenues collected are consistent with paragraph (2) of subdivision (a), except that the commission shall establish a uniform charge per kilowatt hour for sales in kilowatt hours for the class of electrical corporations and a uniform charge per therm for sales in therms for the class of gas corporations.

(c) Within each class of public utility subject to the fee, the commission shall allocate among the members of the class the amount of its budget to be financed by the fee using the following methods:

(1) For electrical corporations, the ratio that each corporation's sales in kilowatt hours bears to the total sales in kilowatt hours for the class.

(2) For gas corporations, the ratio that each corporation's sales in

therms bears to the total sales in therms for the class.

(3) For telephone and telegraph corporations, the ratio that each corporation's gross intrastate revenues bears to the total gross intrastate revenues for the class. If the commission determines that there is a need for consultants or advisory services to assist in determining the reasonableness of capital expenditures for a telephone corporation, the commission may adjust the fees within the class so that the expenses for the consultants and advisory services are fully allocated to that telephone corporation.

(4) For water and sewer system corporations, the ratio that each corporation's gross intrastate revenues bears to the total gross intrastate revenues for the class.

(5) For all other public utilities, an appropriate measurement methodology determined by the commission.

(d) Every public utility belonging to more than one class shall be subject to the fee for each class of which it is a member.

(e) For every public utility with annual gross intrastate revenues of seven hundred fifty thousand dollars ($750,000) or less, the commission shall annually establish uniform fees to be paid by each such public utility, if the revenues collected thereby are consistent with paragraph (2) of subdivision (a) and subdivision (c).

SEC. 3. Section 432.5 is added to the Public Utilities Code, to read:

432.5. (a) The commission shall report to the Legislature the collections from each class of utility and expenditures, both direct and indirect, for regulatory and other authorized commission activities affecting each class. Where expenditures are for overhead, allocations of services common to several classes, or for commission-wide activities, the methods used to calculate the expenditures attributed to the class shall be described in reasonable detail.

(b) The report shall be furnished to the Legislature within 60 days after the end of the fiscal year, and shall be subject to audit. The commission shall maintain information and reports necessary to perform an audit pursuant to this section.

SEC. 4. Section 435 of the Public Utilities Code is amended to read:

435. As used in this article:

(a) "Class" means a group of public utilities as specified by the commission for purposes of establishing fees pursuant to this article. The commission shall create separate classes for the following: electrical corporations, gas corporations, heat corporations, water corporations, sewer system corporations, and telephone and telegraph corporations.

(b) "Fee" means that monetary amount determined in accordance with this article.

(c) "Gross intrastate revenues" means those revenues from a public utility subject to the jurisdiction of the commission and accounted for according to the uniform system of accounts

maintained by the commission. For purposes of this article, the amount of gross intrastate revenues of a public utility subject to the jurisdiction of the commission shall be the gross intrastate operating revenues set forth in the annual report of the public utility to the commission.

(d) "Sales in kilowatt hours" means sales in kilowatt hours, subject to the jurisdiction of the commission, for service directly to customers and subscribers of each electrical corporation, and shall not include interdepartmental sales or transfers and sales to other privately owned or publicly owned public utilities furnishing electricity.

(e) "Sales in therms" means deliveries of gas in therms, without regard to ownership of the gas, subject to the jurisdiction of the commission, directly to customers and subscribers of each gas corporation, except interdepartmental sales or transfers and sales to other privately owned or publicly owned public utilities furnishing electricity, gas, or heat.

SEC. 5. Section 441 of the Public Utilities Code is repealed.

SEC. 6. Section 443 of the Public Utilities Code is repealed.

SEC. 7. Section 632 of the Public Utilities Code is amended to read:

632. For purposes of entering into contracts for consultant or advisory services, the requirements of Sections 11042 and 14615 of the Government Code and Sections 10295 and 10318 of the Public Contract Code apply to the activities of the commission, except when the commission makes a finding that extraordinary circumstances justify expedited contracting for consultant or advisory services.

CHAPTER 1036

An act to amend Section 19314 of, and to add Sections 19310.5, 19313.5, 19313.8, 19445, 19446, and 19447 to, the Food and Agricultural Code, and to add Section 27507 to the Health and Safety Code, relating to food.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19310.5 is added to the Food and Agricultural Code, to read:

19310.5. It is unlawful for any person who is not a registered transporter or licensed renderer of inedible kitchen grease to transport that product from any place within this state to any place outside the borders of this state.

SEC. 2. Section 19313.5 is added to the Food and Agricultural Code, to read:

19313.5. It is unlawful for any person to steal, misappropriate, contaminate, or damage inedible kitchen grease, or containers thereof.

SEC. 3. Section 19313.8 is added to the Food and Agricultural Code, to read:

19313.8. No licensed renderer, registered transporter, or any other person shall take possession of inedible kitchen grease from an unregistered transporter or knowingly take possession of stolen inedible kitchen grease.

SEC. 4. Section 19314 of the Food and Agricultural Code is amended to read:

19314. The department may, after notice and hearing, suspend or revoke a registration certificate or a renderer's license if, at any time, it finds any of the following has occurred:

(a) The registrant or licensee has sold or offered for sale to an unlicensed person, any inedible kitchen grease.

(b) The registrant or licensee has stolen, misappropriated, contaminated, or damaged inedible kitchen grease or containers thereof.

(c) The registrant or licensee has violated any provision of this article or any regulations adopted to implement this article.

(d) The registrant or licensee has taken possession of inedible kitchen grease from an unregistered transporter or has knowingly taken possession of inedible kitchen grease that has been stolen.

SEC. 5. Section 19445 is added to the Food and Agricultural Code, to read:

19445. (a) In lieu of levying a civil penalty pursuant to Section 19447, and in lieu of seeking prosecution, upon complaint of the director, the Attorney General may bring an action for civil penalties in any court of competent jurisdiction in this state against any person who violates Article 6 (commencing with Section 19300), Article 6.5 (commencing with Section 19310), or any regulation adopted pursuant to those articles. The civil penalty imposed shall not exceed ten thousand dollars ($10,000) for each violation.

(b) Any funds recovered by the director pursuant to this section shall be deposited in the General Fund.

SEC. 6. Section 19446 is added to the Food and Agricultural Code, to read:

19446. In addition to any other remedies provided by this chapter, but in lieu of seeking prosecution of any violation of Article 6 (commencing with Section 19300) or Article 6.5 (commencing with Section 19310) as a misdemeanor, the director may seek recovery of a civil penalty pursuant to Section 19445 or levy civil penalties pursuant to Section 19447.

SEC. 7. Section 19447 is added to the Food and Agricultural Code, to read:

19447. (a) In lieu of any civil action pursuant to Section 19445, and in lieu of seeking prosecution, the director may levy a civil penalty against a person who violates Article 6 (commencing with

Section 19300), Article 6.5 (commencing with Section 19310), or any regulation adopted pursuant to those articles, in an amount not to exceed one thousand dollars ($1,000) for each violation.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be granted an opportunity to be heard. This shall include the right to review evidence and a right to present evidence on his or her own behalf.

(c) Any person upon whom a civil penalty is levied may appeal to the director within 10 days of the date of receiving notification of the penalty, as follows:

(1) The appeal shall be in writing and signed by the appellant or his or her authorized agent and shall state the grounds for the appeal.

(2) Any party may, at the time of filing the appeal, or within 10 days thereafter, present written evidence and a written argument to the director.

(3) The director may grant oral arguments upon application made at the time written arguments are made.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days prior to the date set therefor. This time requirement may be altered by an agreement between the director and the person appealing the penalty.

(5) The director shall decide the appeal on any oral or written arguments, briefs, and evidence that he or she has received.

(6) The director shall render a written decision within 45 days of the date of appeal, or within 15 days of the date of oral arguments. A copy of the director's decision shall be delivered or mailed to the appellant.

(7) The director may sustain the decision, modify the decision by reducing the amount of the penalty levied, or reverse the decision.

(8) A review of the decision of the director may be sought by the appellant pursuant to Section 1094.5 of the Code of Civil Procedure.

(d) Any funds recovered by the director pursuant to this section shall be deposited in the General Fund.

SEC. 8. Section 27507 is added to the Health and Safety Code, to read:

27507. All animal byproducts and inedible kitchen grease disposed of by any food facility, except restaurants, shall be transported by a renderer licensed under Section 19300 of the Food and Agricultural Code, or a registered transporter of inedible kitchen grease, licensed under Section 19310 of the Food and Agricultural Code. Nothing in this section prevents a food facility from transporting its own animal byproducts in its own vehicles to a central collection point. For the purposes of this section, inedible kitchen grease does not include grease recovered from an interceptor.

"Restaurant," as used in this section, means any coffeeshop, cafeteria, short-order cafe, luncheonette, tavern, cocktail lounge,

sandwich stand, soda fountain, private and public school cafeteria or eating establishment, in-plant or employee eating establishment, studio facility, dinnerhouse, delicatessen, commissary, hotel or motel food service operation, and any other eating establishment, organization, club, including veterans' club, boardinghouse, guesthouse, or political subdivision, which gives, sells, or offers for sale, food to the public, guests, patrons, or employees, as well as kitchens in which food is prepared on the premises for serving elsewhere, including catering functions.

SEC. 9. Nothing in Section 27507 of the Health and Safety Code, as added by Section 8 of this act, is intended to repeal or render ineffective any provision of Chapter 5 (commencing with Section 19200) of Part 3 of Division 9 of the Food and Agricultural Code.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1037

An act to add Sections 44344.3, 44344.5, 44344.7, and 44380.1 to the Health and Safety Code, relating to air pollution.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 44344.3 is added to the Health and Safety Code, to read:

44344.3. (a) A facility shall be granted an exemption by a district from further compliance with this part after meeting all of the following criteria:

(1) The facility was required to comply with this part only as a result of its particulate matter emissions.

(2) The facility has participated in, utilized data derived from, or is eligible to utilize data derived from, approved pooled source testing.

(3) The facility has submitted an emissions inventory plan and report that was subsequently accepted and approved.

(4) The facility has been designated by the district as a low priority facility under the guidelines set forth pursuant to this part

for facility prioritization, and facility emissions do not present a significant health risk as specified in subdivision (b) of Section 44362.

(5) The facility handles, processes, stores, or distributes bulk agricultural commodities or handles, feeds, or rears livestock.

(b) Subdivision (a) does not apply to a facility that, because of information provided pursuant to Section 44344.7, is reclassified as an intermediate or high priority facility by the district.

(c) The operator of a facility that has been granted an exemption pursuant to this section shall biennially submit a statement to the district for the district's review, with a copy of the most recent emissions inventory for the facility, indicating that, except as to matters for which an emissions inventory update has been or will be submitted pursuant to Section 44344.7, there has been no significant change in facility operations or activities. The district shall not impose any fee upon the operator with regard to the submission of the statement.

SEC. 2. Section 44344.5 is added to the Health and Safety Code, to read:

44344.5. The operator of any new facility that previously has not been subject to this part shall prepare and submit an emissions inventory plan and report.

SEC. 3. Section 44344.7 is added to the Health and Safety Code, to read:

44344.7. The operator of a facility exempted pursuant to subdivision (a) of Section 44344.3 shall submit an emissions inventory update for those sources and substances for which a change in activities or operations has occurred, as follows:

(a) The facility emits a newly listed substance.

(b) A sensitive receptor has been established or constructed on or after January 1, 1994, within 500 meters of the facility.

(c) The facility emits a substance for which the potency factor has increased.

(d) The facility has begun emission of a listed substance not included in the previous emissions inventory.

SEC. 4. Section 44380.1 is added to the Health and Safety Code, to read:

44380.1. A facility shall be granted an exemption by a district from paying a fee in accordance with Section 44380 if all of the following criteria are met:

(a) The facility primarily handles, processes, stores, or distributes bulk agricultural commodities or handles, feeds, or rears livestock.

(b) The facility was required to comply with this part only as a result of its particulate matter emissions.

(c) The fee schedule adopted by the district or the state board for these types of facilities is not solely based on toxic emissions weighted for potency or toxicity.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service

charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1038

An act to amend Section 11346.53 of the Government Code, relating to regulations.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11346.53 of the Government Code is amended to read:

11346.53. (a) (1) State agencies proposing to adopt or amend any administrative regulation shall assess the potential for adverse economic impact on California business enterprises and individuals, avoiding the imposition of unnecessary or unreasonable regulations or reporting, recordkeeping, or compliance requirements. For purposes of this paragraph, assessing the potential for adverse economic impact shall require agencies, when adopting new regulations or reviewing or amending existing regulations, to adhere to the following requirements, to the extent that these requirements do not conflict with other state or federal laws:

(A) The regulations shall be based on adequate information concerning the need for, and consequences of, proposed governmental action.

(B) The state agency, prior to submitting regulations to the Office of Administrative Law, shall consider the impact on business when initiating, processing, and adopting regulations with consideration of industries affected.

It is not the intent of this section to impose additional criteria on agencies, above that which exists in current law, in assessing adverse economic impact on California business enterprises, but only to assure that the assessment is made early in the process of initiation and development of proposed regulations or amendments to regulations.

(2) If a state agency, in proposing to adopt or amend any administrative regulation, determines that the action may have a significant adverse economic impact on business, including the ability of California businesses to compete with businesses in other states, it shall include the following information in the notice of proposed action:

(A) Identification of the types of businesses that would be

affected.

(B) A description of the projected reporting, recordkeeping, and other compliance requirements that would result from the proposed action.

(C) The following statement: "The (name of agency) finds that the (adoption/amendment) of this regulation may have a significant adverse economic impact on businesses, including the ability of California businesses to compete with businesses in other states. The (name of agency) (has/has not) considered proposed alternatives that would lessen any adverse economic impact on business and invites you to submit proposals. Submissions may include the following considerations:

(i) The establishment of differing compliance or reporting requirements or timetables which take into account the resources available to businesses.

(ii) Consolidation or simplification of compliance and reporting requirements for businesses.

(iii) The use of performance standards rather than prescriptive standards.

(iv) Exemption or partial exemption from the regulatory requirements for businesses."

(b) The state agency proposing to adopt or amend any regulation shall refer in the notice to any studies or relevant data which were relied upon in making the determination that the regulation has no adverse impact.

(c) If a state agency, in adopting or amending any administrative regulation, determines that the action will not have a significant adverse economic impact on business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect in the notice of proposed action. In making this finding, the agency shall provide, in the record, facts, evidence, documents or testimony, or other evidence upon which the agency relies to support that finding.

(d) An agency's determination and declaration that a proposed regulation may have or will not have a significant, adverse impact on businesses, including the ability of California businesses to compete with businesses in other states, shall not be grounds for the office to refuse to publish the notice of proposed action.

(e) A state agency shall also include in the notice of proposed action a statement of the potential cost impact of the proposed action on private persons or businesses directly affected, as considered by the agency during the regulatory development process.

For purposes of this subdivision "cost impact" means the reasonable range of costs, or a description of the type and extent of costs, direct or indirect, that a representative private person or business necessarily incurs in reasonable compliance with the proposed action.

(f) No administrative regulation which requires a report shall apply to businesses unless the state agency adopting the regulation

makes a finding that it is necessary for the health, safety, or welfare of the people of the state that the regulation apply to businesses.

This subdivision, as revised in 1992, applies only to administrative regulations adopted on or after January 1, 1993.

(g) For purposes of evaluating the impact on the ability of California businesses to compete with businesses in other states, an agency shall consider, but not be limited to, information supplied by interested parties.

CHAPTER 1039

An act to add Section 23027 to the Government Code, relating to taxation.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 23027 is added to the Government Code, to read:

23027. The board of supervisors of any county may impose a special tax pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 and any other procedures as may be applicable. The special taxes shall be applied uniformly to all taxpayers or all real property within the county, or any involved portion thereof, except that unimproved property may be taxed at a lower rate than improved property.

CHAPTER 1040

An act to amend Section 238 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 238 of the Public Utilities Code is amended to read:

238. (a) "Vessel" includes every species of watercraft, by whatsoever power operated, which is owned, controlled, operated or managed for public use in the transportation of persons or property, except rowboats, sailing boats, barges under 20 tons dead weight carrying capacity, and vessels which are both under the burden of five tons net register and under 30 feet in length. However, a vessel

which is under the burden of five tons net register but is 30 or more feet in length is not a "vessel" for the purpose of this section if it is used to provide ship-to-shore services by which stores, supplies, spares, passengers, or crew of oceangoing ships are transported to or from ship and shore and payment for such services is made by, or arranged through, the oceangoing shipping company (commonly referred to as water taxi services).

(b) Nothing in this code except those provisions relating to the regulation of rates shall apply to the transportation by a water carrier of commodities in bulk when the cargo space of the vessel in which such commodities are transported is being used for the carrying of not more than three such commodities. This subsection shall apply only in the case of commodities, in bulk which are loaded and carried without wrappers or containers and received and delivered by the carrier without transportation mark or count. For the purposes of this subsection two or more vessels while navigated as a unit shall be considered to be a single vessel.

(c) Nothing in this code shall apply to the transportation by water of liquid cargoes in bulk in tank vessels designed for use exclusively in such service.

(d) Any person or corporation lawfully engaged in business in the transportation of persons or property during the entire one-year period preceding March 1, 1993, and continuously thereafter, and which, solely by virtue of the amendment to subdivision (a) made by the act that adds this subdivision, will become subject to commission regulation as a common carrier by vessel, shall file with the commission, prior to March 1, 1994, an application for a certificate of public convenience and necessity to operate as a common carrier by vessel. However, in lieu of all other fees required by law, the applicant shall pay a fee of fifty dollars ($50). The commission shall issue the certificate without further proceedings authorizing operation over the specific routes or within the specific area which conforms to proof of actual service in the transportation of persons or property as produced by the applicant with respect to its operations during the entire one-year period preceding March 1, 1993, and continuously thereafter.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1041

An act to amend Sections 44344 and 44391 of the Health and Safety Code, relating to air pollution.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 44344 of the Health and Safety Code is amended to read:

44344. Except as provided in Section 44391, emissions inventories developed pursuant to this chapter shall be updated every four years, in accordance with the procedures established by the state board. Those updates shall take into consideration improvements in measurement techniques and advancing knowledge concerning the types and toxicity of hazardous material released or potentially released.

SEC. 2. Section 44391 of the Health and Safety Code is amended to read:

44391. (a) Whenever a health risk assessment approved pursuant to Chapter 4 (commencing with Section 44360) indicates, in the judgment of the district, that there is a significant risk associated with the emissions from a facility, the facility operator shall conduct an airborne toxic risk reduction audit and develop a plan to implement airborne toxic risk reduction measures that will result in the reduction of emissions from the facility to a level below the significant risk level within five years of the date the plan is submitted to the district. The facility operator shall implement measures set forth in the plan in accordance with this chapter.

(b) The period to implement the plan required by subdivision (a) may be shortened by the district if it finds that it is technically feasible and economically practicable to implement the plan to reduce emissions below the significant risk level more quickly or if it finds that the emissions from the facility pose an unreasonable health risk.

(c) A district may lengthen the period to implement the plan required by subdivision (a) by up to an additional five years if it finds that a period longer than five years will not result in an unreasonable risk to public health and that requiring implementation of the plan within five years places an unreasonable economic burden on the facility operator or is not technically feasible.

(d) (1) The state board and districts shall provide assistance to smaller businesses that have inadequate technical and financial resources for obtaining information, assessing risk reduction methods, and developing and applying risk reduction techniques.

(2) Risk reduction audits and plans for any industry subject to this chapter which is comprised mainly of small businesses using

substantially similar technology may be completed by a self-conducted audit and checklist developed by the state board. The state board, in coordination with the districts, shall provide a copy of the audit and checklist to small businesses within those industries to assist them to meet the requirements of this chapter.

(e) The audit and plan shall contain all the information required by Section 44392.

(f) The plan shall be submitted to the district, within six months of a district's determination of significant risk, for review of completeness. Operators of facilities that have been notified prior to January 1, 1993, that there is a significant risk associated with emissions from the facility shall submit the plan by July 1, 1993. The district's review of completeness shall include a substantive analysis of the emission reduction measures included in the plan, and the ability of those measures to achieve emission reduction goals as quickly as feasible as provided in subdivisions (a) and (b).

(g) The district shall find the audit and plan to be satisfactory within three months if it meets the requirements of this chapter, including, but not limited to, subdivision (f). If the district determines that the audit and plan does not meet those requirements, the district shall remand the audit and plan to the facility specifying the deficiencies identified by the district. A facility operator shall submit a revised audit and plan addressing the deficiencies identified by the district within 90 days of receipt of a deficiency notice.

(h) Progress on the emission reductions achieved by the plan shall be reported to the district in emissions inventory updates. Emissions inventory updates shall be prepared as required by the audit and plan found to be satisfactory by the district pursuant to subdivision (g).

(i) If new information becomes available after the initial risk reduction audit and plan, on air toxics risks posed by a facility, or emission reduction technologies that may be used by a facility that would significantly impact risks to exposed persons, the district may require the plan to be updated and resubmitted to the district.

(j) This section does not authorize the emission of a toxic air contaminant in violation of an airborne toxic control measure adopted pursuant to Chapter 3.5 (commencing with Section 39650) or in violation of Section 41700.

CHAPTER 1042

An act to add Article 7.5 (commencing with Section 3537.10) to Chapter 7.7 of Division 2 of the Business and Professions Code, relating to physician assistants.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Approximately one-third of all doctors in the United States are family practitioners and only one-sixth of all medical school graduates are pursuing degrees in family practice.

(b) There has been a massive shift in the proportion of physicians in family practice since 1911 when the ratio was 50/50. This ratio began to change in 1962.

(c) Despite the growth in the number of physicians over the last 30 years, to the current figure of 600,000, there continue to be large urban and rural areas that suffer from a shortage of family practitioners.

(d) Several national reports have underscored the severe shortage of family practitioners and a major surplus of medical specialists.

(e) The continued surplus of specialists escalates the cost of physician services and medical care of patients undergoing more detailed medical examinations.

(f) The implementation of any form of universal health insurance cannot be pursued until sufficient numbers of family practitioners are able to provide care.

(g) In California, more than 40 percent of the Latino population is uninsured. This is three times the percentage of non-Latino uninsured in the state.

(h) Over the next decade, California's population is expected to add 6.3 million residents, primarily from immigration. An estimated one-third of these immigrants will come from other states and two-thirds from foreign countries.

(i) 31.5 percent of California's population speak a foreign language, and more than 50 percent of these persons cannot speak English very well.

(j) Experts have forecasted that the shortage of family practitioners cannot be corrected immediately due to neglect, the decreasing ratio of family practitioners to specialists, and the growing number of monolingual patients and uninsured.

(k) There is an urgent need to facilitate improving the supply of more medical practitioners who can provide relief for the growing demand for medical care and the shortage in the capacity to provide

that care.

SEC. 2. It is the intent of the Legislature to allow international medical graduates to take the written examination for licensure as a physician assistant required under Section 3517 of the Business and Professions Code, in order to provide relief for the growing demand for medical care and the shortage in the capacity to provide that care.

SEC. 3. Article 7.5 (commencing with Section 3537.10) is added to Chapter 7.7 of Division 2 of the Business and Professions Code, to read:

Article 7.5. International Medical Graduate Physician Assistants

3537.10. (a) Subject to the other provisions of this article, the Office of Statewide Health Planning and Development, hereafter in this article referred to as the office, shall coordinate the establishment of an international medical graduate physician assistant training program, to be conducted at an appropriate educational institution or institutions. The goal of the program shall be to place as many international medical graduate physician assistants in medically underserved areas as possible in order to provide greater access to care for the growing population of medically indigent and underserved. The method for accomplishing this goal shall be to train foreign medical graduates to become licensed as physician assistants at no cost to the participants in return for a commitment from the participants to serve full-time in underserved areas for a four-year period.

(b) By February 1, 1994, or one month after federal funds to implement this article become available, whichever occurs later, the office shall establish a training program advisory task force. The task force shall be comprised of representatives from all of the following groups:

(1) Physician assistant program directors.
(2) Foreign medical graduates.
(3) The California Academy of Physician Assistants.
(4) Nonprofit community health center directors.
(5) Physicians.
(6) The committee, at the committee's option.

The office may, instead, serve solely as a consultant to the task force.

(c) The task force shall do all of the following:

(1) Develop a recommended curriculum for the training program that shall be from 12 to 15 months in duration and shall, at a minimum, meet curriculum standards consistent with the committee's regulations. The program shall be subject to the committee's approval. By April 1, 1994, or three months after federal funds to implement this article become available, whichever occurs later, the curriculum shall be presented by the office to the Committee on Allied Health Education and Accreditation of the

American Medical Association, or its successor organization, for approval.

(2) Develop recommended admission criteria for participation in the pilot and ongoing program.

(3) Assist in development of linkages with academic institutions for the purpose of monitoring and evaluating the pilot program.

3537.15. (a) Prior to establishment of an ongoing international medical graduate physician assistant training program, the Office of Statewide Health Planning and Development shall coordinate the establishment of a pilot program commencing September 1, 1994, or eight months after federal funds to implement this article become available, whichever occurs later, to test the validity and effectiveness of the recommended training curriculum developed by the task force. The task force shall, with the advice and assistance of the academic institutions offering the pilot program curriculum, and subject to their approval, select 10 international medical graduates to participate in the pilot program.

(b) After two classes have graduated from the pilot program, the task force, with the advice and assistance of the academic institutions, shall evaluate the results of the pilot program, to determine whether a permanent program should be established. The office may modify curriculum as needed and make appropriate revisions in order to ensure program integrity and compliance with established standards. Any permanent international medical graduate physician assistant training program shall commence at the beginning of the year following the completion of the evaluation.

3537.20. Any person who has satisfactorily completed the program established by this article shall be eligible for licensure by the committee as a "physician assistant" if the person has complied with all of the following requirements:

(a) Has successfully completed the written examination required under Section 3517.

(b) Has successfully completed the Test of English as a Foreign Language (TOEFL).

3537.25. Both the pilot and the ongoing training program shall provide training at no cost to the participants in return for a written, enforceable agreement by the participants to, upon obtaining licensure under this article, serve a minimum of four years as a full-time physician assistant in an area of California designated by the Office of Statewide Health Planning and Development as a medically underserved area pursuant to Section 3537.35.

3537.30. (a) The Legislature recognizes that the goal of this program would be compromised if participants do not observe their commitments under this program to provide the required service in a medically underserved area. The goal of this program would not be met if all that it accomplished was merely to license physician assistants that served populations that are not medically underserved.

(b) Since damages would be difficult or impossible to ascertain in

the event of default by the participant, this section shall set forth the extent of liquidated damages that shall be recoverable by the program in the case of default.

(c) In the case of default by a participant who has successfully completed the program and has obtained licensure under this article, the program shall collect the following damages from the participant:

(1) The total cost expended by the program for the training of the applicant, and interest thereon from the date of default.

(2) The total amount needed for the program to seek cover as set forth in subdivision (b) of Section 3537.35.

(3) The costs of enforcement, including, but not limited to, the costs of collecting the liquidated damages, the costs of litigation, and attorney's fees.

(d) The Attorney General may represent the office, or the committee, or both in any litigation necessitated by this article, or, if the Attorney General declines, the office, or the committee, or both may hire other counsel for this purpose.

(e) Funds collected pursuant to subdivision (c) shall be allocated as follows:

(1) Costs of training recovered pursuant to paragraph (1) of subdivision (c) shall be allocated to the office to be used upon appropriation for the continuing training program pursuant to this article.

(2) Costs of seeking cover recovered pursuant to paragraph (2) of subdivision (c) shall be deposited in the Physician Assistant Training Fund established pursuant to Section 3537.40 for the purposes of providing grants pursuant to subdivision (c) of Section 3537.35.

(3) Costs of enforcement recovered pursuant to paragraph (3) of subdivision (c) shall be allocated between the office, and the Attorney General, or other counsel, according to actual costs.

3537.35. The Office of Statewide Health Planning and Development shall, in addition to other duties described in this article, do all of the following:

(a) Determine those areas of the state that are medically underserved in that they have a higher percentage of medically underserved and indigent persons and would benefit from the services of additional persons licensed as physician assistants.

(b) Determine the total cost of seeking cover as specified in paragraph (2) of subdivision (c) of Section 3537.30. To determine the cost, the office shall study the market forces that are at work creating the scarcity of these physician assistants in these medically underserved areas, and determine the annual level of additional funding that would be required by a health facility, clinic, or other health care provider in those areas to motivate a physician assistant to serve full-time in those underserved areas. This amount shall be calculated so that when added to the prevailing rate for these services in the underserved area, would make these positions so attractive that physician assistants would be motivated to serve in

those areas. This amount, which shall equal the cost to the office to place a qualified physician assistant in the underserved area, times four years shall be the total cost of seeking cover.

(c) Provide grants, as funds become available in the Physician Assistant Training Fund, to applicant health care providers that provide services in medically underserved areas for the purpose of funding additional full-time physician assistant positions in those areas to provide services in lieu of defaulting physician assistants. Participating providers shall use these grants to attract physician assistants that are from outside the area and shall demonstrate that the grant actually increases the number of physician assistants serving the underserved population. The grantee shall demonstrate that the grant did not merely shift a physician assistant from one medically underserved area to another, but rather, resulted in a net increase in the number of physician assistants serving the underserved population as a whole. Licensees under this article shall not directly or indirectly receive grants under this section.

3537.40. The Physician Assistant Training Fund is hereby created in the State Treasury for the purpose of receipt of funds collected pursuant to paragraph (2) of subdivision (c) of Section 3537.30. The Physician Assistant Training Fund shall be available to the Office of Statewide Health Planning and Development for the purpose of providing grants pursuant to subdivision (c) of Section 3537.35, upon appropriation by the Legislature.

3537.45. The program established pursuant to this article shall not be funded, directly or indirectly, from an increase in the fees charged to physician assistants, supervising physicians, or physician assistant training programs pursuant to Section 3521, 3521.1, or 3521.2. This article does not excuse physician assistants trained pursuant to this article or their supervising physicians from paying the fees established pursuant to Section 3521 or 3521.1.

3537.50. No General Fund revenues shall be expended to carry out this article. The implementation of the pilot program and, if applicable, the permanent program established by this article shall be contingent upon the availability of federal funds, which do not divert or detract from funds currently utilized to underwrite existing physician assistant training programs or to fund existing functions of the committee. The new funding shall be sufficient to cover the full additional cost to the educational institution or institutions that establish the program or programs, the cost of tuition and attendance for the students in the program or programs, and any additional costs, including enforcement costs, that the office or the committee incurs as a result of implementing this article. Nothing in this article shall be construed as imposing any obligations upon the office, the committee, or any physician assistant training program in the absence of adequate funding as described in this section. Nothing in this article shall be construed either as precluding applicants for the program established by this article from seeking state or federal scholarship funds, or state and federal loan repayment funds

available to physician assistant students, or as requiring that any applicants be granted preference in the award of those funds. Nothing in this article shall be construed as impairing the autonomy of any institution that offers a physician assistant training program.

CHAPTER 1043

An act to amend Section 980 of the Military and Veterans Code, relating to veterans.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 980 of the Military and Veterans Code is amended to read:

980. (a) As used in this chapter, "veteran" means any of the following:

(1) Any citizen of the United States who served in the active military, naval, or air service of the United States on or after April 6, 1917, and prior to November 12, 1918; received an honorable discharge or was released from active duty under honorable conditions; was, at the time of entry into active duty, a native of or a bona fide resident of this state or, if a minor at that time, entered active duty while in this state; and had lived in this state for six months immediately preceding entry into active duty.

(2) Any person who served in the active military, naval, or air service of the United States for a period of not less than 90 consecutive days or was discharged from the service due to a service-connected disability within that 90-day period; received an honorable discharge or was released from active duty under honorable conditions; was at the time of entry into active duty a native of or bona fide resident of this state or, if a minor at that time, entered active duty while in this state and had lived in this state for six months immediately preceding entry into active duty; and performed any portion of that service during any of the following periods:

(A) On or after December 7, 1941, and prior to January 1, 1947.

(B) On or after June 27, 1950, and prior to February 1, 1955.

(C) On or after August 5, 1964, and prior to May 8, 1975.

(D) On or after August 2, 1990, to and including the date on which the territories in and around the Arabian Peninsula cease to be designated as a place where the armed forces of the United States are engaged in combat, as described in Executive Order 12744 of the President of the United States. It is the intent of the Legislature, in enacting this subparagraph, that the benefits provided by this chapter shall be available to all veterans who were on active duty in

the armed forces of the United States or who were called to active duty in the reserves or National Guard during the pendency of the deployment of forces for Operation Desert Shield or Desert Storm, which resulted in Executive Order 12744, irrespective of whether these veterans served overseas or in the United States.

(E) At any time, in a campaign or expedition for service in which a medal has been authorized by the government of the United States, regardless of the number of days served on active duty.

(F) At any time in Somalia, or in direct support of the troops in Somalia, including, but not limited to, persons stationed on ships of the United States armed forces conducting support activities offshore in the vicinity of Somalia, during Operation Restore Hope, regardless of the number of days served.

(3) Any member of the reserves or National Guard who is called to, and released from, active duty, regardless of the number of days served; called during any period when a presidential executive order specifies the United States is engaged in combat; received an honorable discharge or was released from active duty under honorable conditions; was at the time of entry into active duty a native of, or bona fide resident of this state or, if a minor at that time, entered active duty while in this state and had lived in this state for six months immediately preceding entry into active duty.

(b) This chapter does not include any of the following:

(1) A person who was separated from the armed forces under other than honorable conditions.

(2) A person who was separated from the armed forces on account of alienage.

(3) A person who performed no military duty whatever or refused to wear the uniform.

(4) A person who has received from another state a bonus, compensation, or benefit, the prerequisite of which is service in the armed forces, which service is the basis for the claim of benefits under this chapter.

(5) A person who served only in an auxiliary or reserve component of the armed forces whose service therein did not provide an exemption from the operation of the Selective Training and Service Act of 1940 (54 Stat. 885, as amended).

(6) A person whose service with the armed forces was due to temporary active duty orders for the sole purpose of training duty, processing, or a physical examination.

(7) A person whose only service during a qualifying period was as a student at a military academy and who, for any reason, failed to complete the course of study and subsequently did not serve on active duty.

SEC. 2. Section 980 of the Military and Veterans Code is amended to read:

980. (a) As used in this chapter, "veteran" means any of the following:

(1) Any citizen of the United States who served in the active

military, naval, or air service of the United States on or after April 6, 1917, and prior to November 12, 1918, and who received an honorable discharge or was released from active duty under honorable conditions.

(2) Any person who did all of the following:

(A) Served in the active military, naval, or air service of the United States for a period of not less than 90 consecutive days or was discharged from the service due to a service-connected disability within that 90-day period.

(B) Received an honorable discharge or was released from active duty under honorable conditions.

(C) Performed any portion of that service during any of the following periods:

(i) On or after December 7, 1941, and prior to January 1, 1947.

(ii) On or after June 27, 1950, and prior to February 1, 1955.

(iii) On or after August 5, 1964, and prior to May 8, 1975.

(iv) On or after August 2, 1990, to and including the date on which the territories in and around the Arabian Peninsula cease to be designated as a place where the armed forces of the United States are engaged in combat, as described in Executive Order 12744 of the President of the United States. It is the intent of the Legislature, in enacting this clause, that the benefits provided by this chapter shall be available to all veterans who were on active duty in the armed forces of the United States or who were called to active duty in the reserves or National Guard during the pendency of the deployment of forces for Operation Desert Shield or Desert Storm, which resulted in Executive Order 12744, irrespective of whether these veterans served overseas or in the United States.

(v) At any time, in a campaign or expedition for service in which a medal has been authorized by the government of the United States, regardless of the number of days served on active duty.

(vi) At any time in Somalia, or in direct support of the troops in Somalia, including, but not limited to, persons stationed on ships of the United States armed forces conducting support activities offshore in the vicinity of Somalia, during Operation Restore Hope, regardless of the number of days served.

(3) Any member of the reserves or National Guard who does all the following:

(A) Is called to, and released from, active duty, regardless of the number of days served.

(B) Is called during any period when a presidential executive order specifies the United States is engaged in combat.

(C) Has received an honorable discharge or was released from active duty under honorable conditions.

(4) Any person who did all of the following:

(A) Served in the Merchant Marine Service of the United States.

(B) Has been granted veteran status by the United States Secretary of Defense under Title IV of the GI Improvement Act of 1977 (Public Law 95-202, as amended).

(b) For purposes of this chapter "veteran" does not include any of the following:

(1) A person who was separated from the armed forces under other than honorable conditions.

(2) A person who was separated from the armed forces on account of alienage.

(3) A person who performed no military duty whatever or refused to wear the uniform.

(4) A person who served only in an auxiliary or reserve component of the armed forces whose service therein did not provide an exemption from the operation of the Selective Training and Service Act of 1940 (54 Stat. 885, as amended).

(5) A person whose service with the armed forces was due to temporary active duty orders for the sole purpose of training duty, processing, or a physical examination.

(6) A person whose only service during a qualifying period was as a student at a military academy and who, for any reason, failed to complete the course of study and subsequently did not serve on active duty.

SEC. 3. Section 2 of this bill incorporates amendments to Section 980 of the Military and Veterans Code proposed by both this bill, SB 603, and SB 837. It shall only become operative if (1) this bill and SB 603, or this bill and SB 837, or all three, are enacted and become effective on or before January 1, 1994, (2) each bill enacted amends Section 980 of the Military and Veterans Code, and (3) this bill is enacted after SB 603 and SB 837, or either if only one of those bills is enacted, in which case Section 980 of the Military and Veterans Code, as amended by SB 603, or SB 837, or both, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and in which case Section 1 of this bill shall not become operative.

CHAPTER 1044

An act to amend Section 1185 of the Civil Code, and to amend Sections 8211, 8219.5 and 12197.1 of the Government Code, relating to notaries public.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1185 of the Civil Code is amended to read:

1185. (a) The acknowledgment of an instrument shall not be taken unless the officer taking it personally knows, or has satisfactory evidence that the person making the acknowledgment is, the individual who is described in and who executed the instrument.

(b) For purposes of this article, "personally knows" means having an acquaintance, derived from association with the individual in relation to other people and based upon a chain of circumstances surrounding the individual, which establishes the individual's identity with at least reasonable certainty.

(c) For the purposes of this section "satisfactory evidence" means the absence of any information, evidence, or other circumstances which would lead a reasonable person to believe that the person making the acknowledgment is not the individual he or she claims to be and any one of the following:

(1) The oath or affirmation of a credible witness personally known to the officer that the person making the acknowledgment is personally known to the witness and that each of the following are true:

(A) The person making the acknowledgment is the person named in the document.

(B) The person making the acknowledgment is personally known to the witness.

(C) That it is the reasonable belief of the witness that the circumstances of the person making the acknowledgment are such that it would be very difficult or impossible for that person to obtain another form of identification.

(D) The person making the acknowledgment does not possess any of the identification documents named in paragraphs (3) and (4).

(E) The witness does not have a financial interest in the document being acknowledged and is not named in the document.

(2) The oath or affirmation under penalty of perjury of two credible witnesses, whose identities are proven to the officer upon the presentation of satisfactory evidence, that each statement in paragraph (1) of this subdivision is true.

(3) Reasonable reliance on the presentation to the officer of any one of the following, if the document is current or has been issued within five years:

(A) An identification card or driver's license issued by the California Department of Motor Vehicles.

(B) A passport issued by the Department of State of the United States.

(4) Reasonable reliance on the presentation of any one of the following, provided that a document specified in subparagraphs (A) to (E), inclusive, shall either be current or have been issued within five years and shall contain a photograph and description of the person named on it, shall be signed by the person, shall bear a serial or other identifying number, and, in the event that the document is a passport, shall have been stamped by the United States Immigration and Naturalization Service:

(A) A passport issued by a foreign government.

(B) A driver's license issued by a state other than California or by a Canadian or Mexican public agency authorized to issue drivers'

licenses.

(C) An identification card issued by a state other than California.

(D) An identification card issued by any branch of the armed forces of the United States.

(E) An inmate identification card issued on or after January 1, 1988, by the Department of Corrections, if the inmate is in custody.

(F) An inmate identification card issued prior to January 1, 1988, by the Department of Corrections, if the inmate is in custody.

(d) An officer who has taken an acknowledgment pursuant to this section shall be presumed to have operated in accordance with the provisions of law.

(e) Any party who files an action for damages based on the failure of the officer to establish the proper identity of the person making the acknowledgment shall have the burden of proof in establishing the negligence or misconduct of the officer.

(f) Any person convicted of perjury under this section shall forfeit any financial interest in the document.

SEC. 2. Section 8211 of the Government Code is amended to read:

8211. Fees charged by a notary public for the following services shall not exceed the fees prescribed by this section.

(a) For taking an acknowledgment or proof of a deed, or other instrument, to include the seal and the writing of the certificate, the sum of ten dollars ($10) for each signature taken.

(b) For administering an oath or affirmation to one person and executing the jurat, including the seal, the sum of ten dollars ($10).

(c) For all services rendered in connection with the taking of any deposition, the sum of twenty dollars ($20), and in addition thereto, the sum of five dollars ($5) for administering the oath to the witness and the sum of five dollars ($5) for the certificate to such deposition.

(d) For every protest for the nonpayment of a promissory note or for the nonpayment or nonacceptance of a bill of exchange, draft, or check, the sum of ten dollars ($10).

(e) For serving every notice of nonpayment of a promissory note or of nonpayment or nonacceptance of a bill of exchange, order, draft, or check, the sum of five dollars ($5).

(f) For recording every protest, the sum of five dollars ($5).

(g) No fee shall be charged to notarize signatures on absentee ballot identification envelopes or other voting materials.

SEC. 3. Section 8219.5 of the Government Code is amended to read:

8219.5. (a) Every notary public who is not an attorney who advertises the services of a notary public in a language other than English by signs or other means of written communication, with the exception of a single desk plaque, shall post with that advertisement a notice in English and in the other language which sets forth the following:

(1) This statement: I am not an attorney and, therefore, cannot give legal advice about immigration or any other legal matters.

(2) The fees set by statute which a notary public may charge.

(b) The notice required by subdivision (a) shall be printed and posted as prescribed by the Secretary of State.

(c) Literal translation of the phrase "notary public" into Spanish is prohibited. For purposes of this subdivision, "literal translation" of a word or phrase from one language to another means the translation of a word or phrase without regard to the true meaning of the word or phrase in the language which is being translated.

(d) The Secretary of State shall suspend for a period of not less than one year or revoke the commission of any notary public who fails to comply with subdivision (a), provided, however, that on the third offense the license of such notary public shall be revoked permanently.

SEC. 4. Section 12197.1 of the Government Code is amended to read:

12197.1. The Secretary of State shall establish by regulation an application, examination, and commission fee which shall not exceed the amount necessary to cover the costs of commissioning notaries public and the enforcement of laws governing notaries public. The fee shall not exceed one hundred dollars ($100) per commission.

CHAPTER 1045

An act to amend Section 98.9 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 98.9 of the Revenue and Taxation Code is amended to read:

98.9. Notwithstanding any other provision of law, commencing with the 1988–89 fiscal year, property tax assessed value attributable to unitary and operating nonunitary property, as defined in Sections 723 and 723.1, which is assessed by the State Board of Equalization shall be allocated by county as provided in Section 756, and the assessed value and revenues attributable to that allocation shall be allocated within each county as follows:

(a) Each county shall establish one countywide tax rate area. The assessed value of all unitary and operating nonunitary property shall be assigned to this tax rate area. No other property shall be assigned to this tax rate area.

(b) Property assigned to the tax rate area created by subdivision (a) shall be taxed at a rate equal to the sum of the following two rates:

(1) A rate determined by dividing the county's total ad valorem tax levies for the secured roll, including levies made pursuant to

Section 100, for the prior year, exclusive of levies for debt service, by the county's total ad valorem secured roll assessed value for the prior year.

(2) A rate determined as follows:

(A) By dividing the county's total ad valorem tax levies for unitary and operating nonunitary property for the prior year debt service only by the county's total unitary and operating nonunitary assessed value for the prior year.

(B) Beginning with the 1989–90 fiscal year, adjusting the rate determined pursuant to subparagraph (A) by the percentage change between the two preceding fiscal years in the county's ad valorem debt service levy for the secured roll, not including unitary and operating nonunitary debt service.

(c) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (1) of subdivision (b) shall be allocated as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, each taxing jurisdiction shall be allocated an amount of property tax revenue equal to 102 percent of the amount of the aggregate property tax revenue it received from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(2) If the amount of property tax revenue available for allocation in the current fiscal year is insufficient to make the allocations required by paragraph (1), the amount of revenue to be allocated to each taxing jurisdiction shall be prorated based on a factor determined by dividing the total amount of property tax revenue available to all taxing jurisdictions from unitary and operating nonunitary property in the current year, exclusive of revenue attributable to levies for debt service, by the total amount of property tax revenue received by all taxing jurisdictions from unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(3) If the amount of property tax revenue available for allocation to all taxing jurisdictions in the current fiscal year from unitary and operating nonunitary property, exclusive of revenue attributable to levies for debt service, exceeds 102 percent of the property tax revenue received by all taxing jurisdictions from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service, the amount of revenue in excess of 102 percent shall be allocated to all taxing jurisdictions in the county by a ratio determined by dividing each taxing jurisdiction's share of the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service, by the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service.

(d) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a)

by the use of the tax rate determined in paragraph (2) of subdivision (b) shall be allocated as follows:

(1) An amount shall be computed for each taxing jurisdiction which shall be determined by multiplying the amounts required in the current year pursuant to subdivisions (a) and (c) of Section 93 by that percentage which shall be determined by dividing the amount of property tax revenue the jurisdiction received in the prior year from unitary property and operating nonunitary property by the total amount of property tax revenue the jurisdiction received in the prior year from all property.

(2) The amount of property tax revenue available for allocation pursuant to this subdivision shall be allocated among taxing jurisdictions in the proportion that the amount computed for each taxing jurisdiction pursuant to paragraph (1) bears to the total amount computed pursuant to paragraph (1) for all taxing jurisdictions.

(3) If a taxing jurisdiction is levying a tax rate for debt service for the first time in the current fiscal year, for purposes of determining the percentage specified in paragraph (1), that percentage shall be the percentage determined by dividing the amount of property tax revenue received by that taxing jurisdiction in the prior year pursuant to subdivision (c) from unitary and operating nonunitary property by the total amount of property tax revenue received by that taxing jurisdiction in the prior year from all property within the taxing jurisdiction.

(e) For purposes of this section:

(1) "The county's total ad valorem tax levies for the secured roll" means all ad valorem tax levies for the county's secured roll, including the general tax levy, levies for debt service (including land only and land and improvement rates), and levies for redevelopment agencies.

(2) "The county's total ad valorem secured roll" means the county's local roll, after all exemptions except the homeowner's exemption, and the county's utility roll.

(3) "Taxing jurisdiction" includes a redevelopment agency, and a Special District Augmentation Fund created pursuant to Section 98.6.

(f) The assessed value of the unitary and operating nonunitary property shall be kept separate for each state assessee throughout the allocation process.

(g) Each state assessee shall be issued only one tax bill for all unitary and operating nonunitary property within the county.

(h) This section does not apply to unitary property of regulated railway companies.

(i) This section does not apply to property which on July 1, 1987, was undeveloped and owned by a utility and which is located within a city, county, or city and county which adopts a resolution stating that the property is subject to a development plan or agreement and that this section shall not apply to that property, and the city, county,

or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county's auditor-controller prior to January 1, 1988.

(j) (1) For property that on July 1, 1990, was undeveloped and owned by a utility and that is located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement and that this subdivision applies to that property, and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the county auditor prior to August 1, 1991, the allocation of property tax revenues derived with respect to that property pursuant to Sections 97, 97.35, 97.36, 97.41, 97.5, and 97.65, shall be subject to the allocation required by paragraph (2).

(2) The county auditor shall annually allocate to a city, county, or city and county, that has adopted and transmitted a resolution pursuant to paragraph (1), the amount of property tax revenues derived with respect to the property described in paragraph (1) that would be allocated to that city, county, or city and county if that property were subject to assessment by the county assessor. In order to provide the allocations required by this paragraph, the county auditor shall make any necessary pro rata reductions in allocations to local agencies other than that city, county, or city and county adopting and transmitting a resolution pursuant to paragraph (1), of property tax revenues derived with respect to the property described in paragraph (1).

(k) (1) For property subject to this section that is owned by a utility that serves no more than two counties and is located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement for new construction and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county auditor prior to January 1, 1995, the allocation of property tax revenues derived with respect to that property pursuant to Sections 97, 97.35, 97.36, 97.41, and 97.65 shall be subject to the requirements of paragraph (2) until December 31, 2004.

(2) If the city, county, or city and county has adopted and transmitted a resolution pursuant to paragraph (1), the county auditor shall annually allocate the property tax revenue attributable to the new construction described in the development plan or agreement, as if that new construction were subject to assessment by the county assessor, according to the following formula:

(A) An amount of property tax revenue to school entities, as defined in subdivision (f) of Section 95, equivalent to the same percentage the school entities received in the prior fiscal year of the property tax revenues paid by the utility in the county in which the property described in paragraph (1) is located.

(B) An amount of property tax revenue to the county in which the property is located equivalent to the same percentage the county

received in the prior fiscal year of the property tax revenues paid by the utility in the county in which the property described in paragraph (1) is located. The county shall distribute those property tax revenues to the county general fund, the county library district, the county flood control district, the county sanitation districts, and the county service areas.

(C) The property tax revenue remaining after the allocations described in subparagraphs (A) and (B) are made shall be distributed to the city in which the property described in paragraph (1) is located.

(3) In order to provide the allocations required by paragraph (2), the county auditor shall make any necessary pro rata reductions in allocations of property taxes attributable to the property specified in paragraph (1) to jurisdictions other than those receiving an allocation under paragraph (2).

(4) The allocation required by this subdivision shall not apply to property tax revenues allocated on or after December 31, 2004.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1046

An act to amend Section 11346.5 of, and to add Section 11346.6 to, the Government Code, relating to public agencies.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11346.5 of the Government Code is amended to read:

11346.5. (a) The notice of proposed adoption, amendment, or repeal of a regulation shall include:

(1) A statement of the time, place, and nature of proceedings for adoption, amendment, or repeal of the regulation.

(2) Reference to the authority under which the regulation is proposed and a reference to the particular code sections or other provisions of law which are being implemented, interpreted, or made specific.

(3) An informative digest containing a concise and clear summary of existing laws and regulations, if any, related directly to the

proposed action and the effect of the proposed action. The informative digest shall be drafted in a format similar to the Legislative Counsel's digest on legislative bills. If the proposed action differs substantially from an existing comparable federal regulation or statute, the informative digest shall also include a brief description of the significant differences and the full citation of the federal regulations or statutes and a summary of agency efforts to minimize duplication and conflicts pursuant to Section 11346.6, if applicable, and subdivision (f) of Section 11349.

(4) Any other matters as are prescribed by statute applicable to the specific state agency or to any specific regulation or class of regulations.

(5) A determination as to whether the regulation imposes a mandate on local agencies or school districts and, if so, whether the mandate requires state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4.

(6) An estimate, prepared in accordance with instructions adopted by the Department of Finance, of the cost or savings to any state agency, the cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, other nondiscretionary cost or savings imposed on local agencies, and the cost or savings in federal funding to the state.

For purposes of this section, "cost or savings" means additional costs or savings, both direct and indirect, which a public agency necessarily incurs in reasonable compliance with regulations.

(7) A statement that the adopting agency must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

(8) The name and telephone number of the agency officer to whom inquiries concerning the proposed administrative action may be directed.

(9) The date by which comments submitted in writing must be received to present statements, arguments, or contentions in writing relating to the proposed action in order for them to be considered by the state agency before it adopts, amends, or repeals a regulation.

(10) Reference to the fact that the agency proposing the action has prepared a statement of the reasons for the proposed action, has available all the information upon which its proposal is based, and has available the express terms of the proposed action, pursuant to subdivision (b).

(11) A statement that if a public hearing is not scheduled, any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period, a public hearing pursuant to Section 11346.8.

(12) A statement indicating that the full text of a regulation changed pursuant to Section 11346.8 will be available for at least 15

days prior to the date on which the agency adopts, amends, or repeals the resulting regulation.

(b) The agency officer designated in paragraph (8) of subdivision (a) shall make available to the public upon request the express terms of the proposed action using underline or italics to indicate additions to, and strikeout to indicate deletions from, the California Code of Regulations. The officer shall also make available to the public upon request the location of public records, including reports, documentation, and other materials, related to the proposed action.

(c) This section shall not be construed in any manner which results in the invalidation of a regulation because of the alleged inadequacy of the notice content or the summary or cost estimates if there has been substantial compliance with those requirements.

SEC. 2. Section 11346.6 is added to the Government Code, to read:

11346.6. (a) Departments, boards, and commissions within the Environmental Protection Agency, the Resources Agency, and the office of the State Fire Marshal may adopt regulations which are different from regulations contained in the Code of Federal Regulations addressing the same issues upon a finding by the public entity adopting the regulations of one or more of the following justifications:

(1) The differing state regulations are authorized by state law.

(2) The cost of differing state regulations is justified by the benefit to human health, public safety, public welfare, or the environment.

(b) In making the findings set forth in subdivision (a), the public entity adopting the regulations shall also describe its efforts, in connection with the proposed regulations, to avoid unnecessary duplication or conflicts with federal regulations.

CHAPTER 1047

An act to add Chapter 9 (commencing with Section 35240) to Part 4 of Division 13 of the Water Code, relating to water districts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 9 (commencing with Section 35240) is added to Part 4 of Division 13 of the Water Code, to read:

CHAPTER 9. METHOD OF ELECTION FOR THE SANTA MARGARITA WATER DISTRICT

35240. This chapter shall apply only to the Santa Margarita Water District. For purposes of this chapter, "district" means the Santa

Margarita Water District.

35241. Notwithstanding any other provision of law, or the bylaws of the district, all elections within the district, including elections for director and elections that are required by law to authorize any special taxes or bonded indebtedness, shall be conducted as resident voter elections in accordance with this chapter. Nothing in this chapter shall be construed to require resident voter approval of bonds where voter approval is not required under the statutory or constitutional provisions in effect prior to January 1, 1994.

35242. Qualified voters within the district shall be residents of, and registered voters in, the district.

35243. All directors elected after January 1, 1994, shall be residents of the district and shall be registered at the time of their election and during their term of office.

35244. Directors of the district shall be elected on an at-large basis unless the board of directors determines that directors shall be elected by divisions. The term "by divisions" as used in this chapter means the election of directors by voters of the division alone.

35245. Notwithstanding any other provision of law, the board of directors may at any time establish divisions within the district in accordance with the provisions of this chapter. If the board of directors decides to establish divisions, all of the following shall apply:

(a) The board of directors shall, by resolution, divide the district into as many divisions as there are directors and assign a number to each division. Divisions shall be as nearly equal in population as practicable.

(b) After approving the election of directors by divisions, the board of directors shall, by resolution, not less than 120 days prior to the next general district election, designate which divisions shall elect directors at that election to succeed the directors whose terms then expire. The remaining divisions shall elect directors at the general district election next following that election.

(c) Each director elected by division shall be a resident of that division.

(d) The board of directors may, by resolution, at any time after initially dividing the district into divisions, but not less than 120 days before a general district election, change the boundaries of the divisions to keep them as nearly equal in population as practicable.

35246. (a) At the first general district election following January 1, 1994, all directors shall be elected. The terms of office of those directors who are in office on January 1, 1994, shall be shortened and shall expire upon the election and qualification of their successors at that first general district election described in this subdivision. In that first district election and in all subsequent elections, the form of the ballot and the conduct of the election shall be governed by the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code) for resident voting elections.

(b) Immediately following the general district election described

in subdivision (a), the directors so elected at that election shall determine by lot as to those two directors who shall serve two-year terms and as to the three directors who shall serve four-year terms. Except as provided in this subdivision, all directors shall serve four-year terms.

35247. This chapter does not in any way invalidate any act of the district, its directors, or its officers and employees made or performed while the district was operating as a landowner voting district.

35248. This chapter does not affect any acts or proceedings heretofore taken for the authorization, issuance, or sale of any bonds of the district in any manner provided by law prior to January 1, 1994, or affect the ability of the district to sell and issue any bond heretofore authorized. For the purposes of this chapter, "bonds" includes notes and any other evidences of indebtedness.

35249. Notwithstanding any other provision of law, the board of directors may at any time alter, repeal, or amend the district's bylaws by a majority vote. Any alteration, repeal, or amendment to the bylaws shall be recorded with the county recorder of each affected county.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the district. The facts constituting the special circumstances that distinguish the district from other districts formed under this division are its greater population and nonagricultural land uses.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1048

An act to add Section 17705.11 to the Education Code, relating to schools.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 17705.11 is added to the Education Code, to read:

17705.11. (a) Any school district with an average daily attendance of less than 2,501 pupils may apply to the State Allocation Board for a loan to cover the project activities of the first or second phase, as those phases were defined on July 1, 1993, of a project funded under this chapter. The loan shall not be utilized for the purchase of real property and shall be repaid by the school district either through a dedication of fees or charges levied pursuant to Section 53080 of the Government Code until the loan is repaid or upon receiving the project funding at the construction phase, but, in any event, the loan shall be repaid within five years from the date on which the board makes the loan. In addition to the other methods of repayment specified in this subdivision, the board may also notify the Controller if a school district is 90 days late in making loan repayments, in which case the Controller shall reduce the apportionments to which the school district is otherwise entitled under Section 42238 as necessary to recover past due payments and any current payments.

(b) Any school district accepting a loan pursuant to this section shall continue to be subject to the local matching share requirement pursuant to Section 17705.5 until the loan is repaid under a payment schedule established by the board.

(c) The board shall charge an interest amount for the loan. For any loan provided from January 1, 1994, to December 31, 1994, the interest rate shall be the interest rate charged for the last sale of state school construction bonds sold during 1993. For any loan provided on or after January 1, 1995, the interest rate shall be determined by the board, but may not be lower than the rate charged in 1994.

(d) The board may make loans under this section to the extent that the board determines that funds are available for that purpose. The total annual maximum funds that may be loaned under this section is ten million dollars ($10,000,000) per fiscal year.

(e) The board may make loans under this section only for those projects and phases that have met all of the eligibility standards of the board and receive approval for an apportionment, but for which apportionment funds are not available. In any event, the amount of the loan shall not exceed the amount that would have been eligible for apportionment.

CHAPTER 1049

An act to add Sections 440.10, 440.20, 440.30, 440.40 and 440.50 to the Health and Safety Code, relating to health facilities.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 440.10 is added to Part 1.7 (commencing with Section 440.10) of Division 1 of the Health and Safety Code, to read:

440.10. "Health facility," as used in this chapter, means any general acute care hospital required to be licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2.

SEC. 2. Section 440.20 is added to the Health and Safety Code, to read:

440.20. Within seven days after completion of the patient's itemized bill, every health facility shall provide to the primary attending health care practitioner a copy, upon written request specifying the individual patient, of the complete itemized charges for services rendered by the health facility to the health care practitioner's patient when the primary attending health care practitioner is not employed by the health facility nor is a member of an integrated group practice that provided the health facility services.

SEC. 3. Section 440.30 is added to the Health and Safety Code, to read:

440.30. The primary attending health care practitioner's written request to the health facility shall specify the records to be copied pursuant to Section 440.20 and shall include a fee to defray the cost of copying, not to exceed twenty-five cents ($0.25) per page, plus any reasonable costs of clerical services incurred in locating and making the records available.

SEC. 4. Section 440.40 is added to the Health and Safety Code, to read:

440.40. The primary attending health care practitioner shall obtain prior written consent from each patient for whom a billing is requested, authorizing the release of the patient's billing. A copy of this signed patient consent form shall be forwarded to the health care facility as part of the written request for itemized billings.

SEC. 5. Section 440.50 is added to the Health and Safety Code, to read:

440.50. No information, other than the itemized billing set forth in Section 440.20, that is prohibited from being released by any other provision of law shall be made available pursuant to Section 440.20.

CHAPTER 1050

An act to amend Sections 12240 and 12242 of the Business and Professions Code, relating to weights and measures.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 12240 of the Business and Professions Code is amended to read:

12240. (a) The board of supervisors may, by ordinance, charge an annual device registration fee to recover the costs of inspecting or testing weighing and measuring devices required of the county sealer pursuant to Section 12210, and to recover the cost of carrying out Section 12211, except as provided in subdivision (h). The fee shall not exceed the following:

(1) The county's total cost of actually inspecting or testing the devices, as required by law.

(2) The amount prescribed in the Table of Maximum Annual Charges set forth in subdivision (e).

(3) In the case of mobilehome parks, recreational vehicle parks, and apartment complexes described in subdivision (f), the amount set forth in subdivision (f).

(4) For weighing devices with capacities of 20,000 pounds or greater, the amount set forth in subdivision (g).

(b) The county may collect the fees biennially, in which case they shall not exceed twice the amount of an annual fee. The ordinance shall be adopted pursuant to Article 7 (commencing with Section 25120) of Chapter 1 of Part 2 of Division 2 of Title 2 of the Government Code.

(c) Retail gasoline pump meters, for which the above fees are assessed, shall be inspected as frequently as required by regulation, but not less than once every two years.

(d) Livestock scales, animal scales, and scales used primarily for weighing feed and seed, for which the above fees are assessed, shall be inspected as frequently as required by regulation.

(e) Table of Maximum Annual Charges:

Number of Devices	Charge Per Location
1 to 3	$ 40
4 to 9	$ 80
10 to 19	$120
20 to 25	$160
Over 25	$200

(f) Mobilehome parks, recreational vehicle parks, and apartment

complexes, where the owner of the park or complex owns and is responsible for the utility meters, shall pay a maximum annual fee of sixty dollars ($60) per park or complex, and a fee of up to two dollars ($2) per device per space or apartment. Mobilehome parks, recreational vehicle parks, and apartment complexes for which the above fees are assessed, shall be inspected and tested as frequently as required by regulation.

(g) For weighing devices with capacities of 20,000 pounds or greater, the registration fee shall be two hundred dollars ($200) per device. Motortruck scales are exempt from the fees imposed pursuant to this subdivision but shall be charged an annual device registration fee pursuant to paragraph (1) of subdivision (a).

(h) This section does not apply to farm milk tanks.

(i) A scale or device used in a certified farmers' market, as defined by Section 27512 of the Health and Safety Code, is not required to be registered in the county where the market is conducted, if the scale or device has an unexpired seal for the current year, issued by a licensed county sealer.

SEC. 2. Section 12242 of the Business and Professions Code is amended to read:

12242. The revenue from any fee charged pursuant to Section 12240 shall be deposited in the general fund of the county and used solely for the activities required by Sections 12210 and 12211.

CHAPTER 1051

An act to add Section 52616.20 to the Education Code, relating to adult education.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 52616.20 is added to the Education Code, to read:

52616.20. For purposes of calculating a school district's authorized adult education average daily attendance pursuant to Section 52616.17, average daily attendance for concurrently enrolled high school pupils in adult education programs for districts that currently are party to an adult education joint powers agreement established prior to January 1, 1963, shall be based upon the aggregate average daily attendance of all participating districts' pupils in grades 9 to 12, inclusive. Notwithstanding this section, the average daily attendance for concurrently enrolled high school pupils in the Covina-Valley Unified School District, operated by the Tri-Community Adult Education joint powers authority, shall not exceed the average daily attendance for concurrently enrolled high

school pupils in the Covina-Valley Unified School District for the 1992-93 fiscal year.

CHAPTER 1052

An act to amend Sections 1357.50 and 1357.51 of the Health and Safety Code, and to amend Sections 10198.6 and 10198.7 of the Insurance Code, relating to health care coverage.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1357.50 of the Health and Safety Code is amended to read:

1357.50. For purposes of this article:

(a) "Health benefit plan" means any individual or group, insurance policy or health care service plan contract, that provides medical, hospital, and surgical benefits. The term does not include accident only, credit, disability income, coverage of Medicare services pursuant to contracts with the United States government, Medicare supplement, long-term care insurance, dental, vision, coverage issued as a supplement to liability insurance, insurance arising out of a workers' compensation or similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(b) "Late enrollee" means an eligible employee or dependent who has declined health coverage under a health benefit plan offered through employment or sponsored by an employer at the time of the initial enrollment period provided under the terms of the health benefit plan, and who subsequently requests enrollment in a health benefit plan of that employer; provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee or dependent shall not be considered a late enrollee if any of the following is applicable:

(1) The individual meets all of the following requirements:

(A) The individual was covered under another employer health benefit plan at the time the individual was eligible to enroll.

(B) The individual certified, at the time of the initial enrollment that coverage under another employer health benefit plan was the reason for declining enrollment provided that, if the individual was covered under another employer health plan, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee.

(C) The individual has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of a person through whom the individual was covered as a dependent, or divorce.

(D) The individual requests enrollment within 30 days after termination of coverage, or cessation of employer contribution toward coverage provided under another employer health benefit plan.

(2) The individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during an open enrollment period.

(3) A court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order.

(4) The plan cannot produce a written statement from the employer stating that, prior to declining coverage, the individual or the person through whom the individual was eligible to be covered as a dependent was provided with, and signed acknowledgment of, explicit written notice in bold type specifying that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion, unless the individual meets the criteria specified in paragraph (1), (2), or (3).

(c) "Preexisting condition provision" means a contract provision that excludes coverage for charges or expenses incurred during a specified period following the enrollee's effective date of coverage, as to a condition for which medical advice, diagnosis, care, or treatment was recommended or received during a specified period immediately preceding the effective date of coverage.

(d) "Qualifying prior coverage" means:

(1) Any individual or group policy, contract or program, that is written or administered by a disability insurance company, nonprofit hospital service plan, health care service plan, fraternal benefits society, self-insured employer plan, or any other entity, in this state or elsewhere, and that arranges or provides medical, hospital and surgical coverage not designed to supplement other private or governmental plans. The term includes continuation or conversion coverage but does not include accident only, credit, disability income, Medicare supplement, long-term care insurance, dental, vision, coverage issued as a supplement to liability insurance, insurance arising out of a workers' compensation or similar law, automobile medical payment insurance, or insurance under which

benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(2) The federal Medicare program pursuant to Title XVIII of the Social Security Act.

(3) The medicaid program pursuant to Title XIX of the Social Security Act.

(4) Any other publicly sponsored program, provided in this state or elsewhere, of medical, hospital and surgical care.

(e) "Waivered condition" means a contract provision that excludes coverage for charges or expenses incurred during a specified period of time for one or more specific, identified, medical conditions.

SEC. 2. Section 1357.51 of the Health and Safety Code is amended to read:

1357.51. (a) No plan contract that covers three or more enrollees shall exclude coverage for any individual on the basis of a preexisting condition provision for a period greater than six months following the individual's effective date of coverage. Preexisting condition provisions contained in plan contracts may relate only to conditions for which medical advice, diagnosis, care, or treatment, including use of prescription drugs, was recommended or received from a licensed health practitioner during the six months immediately preceding the effective date of coverage.

(b) No plan contract that covers one or two individuals shall exclude coverage on the basis of a preexisting condition provision for a period greater than 12 months following the individual's effective date of coverage, nor shall limit or exclude coverage for a specific enrollee by type of illness, treatment, medical condition, or accident, except for satisfaction of a preexisting condition clause pursuant to this article. Preexisting condition provisions contained in plan contracts may relate only to conditions for which medical advice, diagnosis, care, or treatment, including use of prescription drugs, was recommended or received from a licensed health practitioner during the 12 months immediately preceding the effective date of coverage.

(c) A plan that does not utilize a preexisting condition provision may impose a waiting period not to exceed 60 days, before the coverage issued subject to this article shall become effective. During the waiting period, the plan is not required to provide health care services and no premium shall be charged to the subscriber or enrollee.

(d) A plan that does not utilize a preexisting condition provision in plan contracts that cover one or two individuals may impose a contract provision excluding coverage for waivered conditions. No plan may exclude coverage on the basis of a waivered condition for a period greater than 12 months following the individual's effective date of coverage. A waivered condition provision contained in plan contracts may relate only to conditions for which medical advice,

diagnosis, care, or treatment, including use of prescription drugs, was recommended or received from a licensed health practitioner during the 12 months immediately preceding the effective date of coverage.

(e) In determining whether a preexisting condition provision, a waivered condition provision, or a waiting period applies to any enrollee, a plan shall credit the time the enrollee was covered under qualifying prior coverage, provided the enrollee becomes eligible for coverage under the succeeding plan contract within 30 days of termination of prior coverage, exclusive of any waiting period, and applies for coverage under the succeeding plan within the applicable enrollment period.

However, if a person's employment has ended, the availability of health coverage offered through employment or sponsored by an employer has terminated, or an employer's contribution toward health coverage has terminated, a plan shall credit the time the person was covered under qualifying prior coverage if the person becomes eligible for health coverage offered through employment or sponsored by an employer within 90 days, exclusive of any waiting period, and applies for coverage under the succeeding plan contract within the applicable enrollment period.

(f) No plan shall exclude late enrollees from coverage for more than 12 months from the date of the late enrollee's application for coverage. No plan shall require any premium or other periodic charge to be paid by or on behalf of a late enrollee during the period of exclusion from coverage permitted by this subdivision.

SEC. 3. Section 10198.6 of the Insurance Code is amended to read:

10198.6. For purposes of this article:

(a) "Health benefit plan" means any group or individual policy or contract that provides medical, hospital, and surgical benefits. The term does not include accident only, credit, disability income, coverage of Medicare services pursuant to contracts with the United States government, Medicare supplement, long-term care insurance, dental, vision, coverage issued as a supplement to liability insurance, insurance arising out of a workers' compensation or similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(b) "Late enrollee" means an eligible employee or dependent who has declined health coverage under a health benefit plan offered through employment or sponsored by an employer at the time of the initial enrollment period provided under the terms of the health benefit plan, and who subsequently requests enrollment in a health benefit plan of that employer; provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee or dependent shall not be considered a late enrollee if any of the following is applicable:

(1) The individual meets all of the following requirements:

(A) The individual was covered under another employer health benefit plan at the time the individual was eligible to enroll.

(B) The individual certified, at the time of the initial enrollment that coverage under another employer health benefit plan was the reason for declining enrollment provided that, if the individual was covered under another employer health plan, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee.

(C) The individual has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of a person through whom the individual was covered as a dependent, or divorce.

(D) The individual requests enrollment within 30 days after termination of coverage, or cessation of employer contribution toward coverage provided under another employer health benefit plan.

(2) The individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during an open enrollment period.

(3) A court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order.

(4) The carrier cannot produce a written statement from the employer stating that, prior to declining coverage, the individual or the person through whom the individual was eligible to be covered as a dependent was provided with, and signed acknowledgment of, explicit written notice in bold type specifying that failure to elect coverage during the initial enrollment period permits the carrier to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of twelve months as well as a six month preexisting condition exclusion, unless the individual meets the criteria specified in paragraphs (1), (2), or (3).

(c) "Preexisting condition provision" means a policy provision that excludes coverage for charges or expenses incurred during a specified period following the insured's effective date of coverage, as to a condition for which medical advice, diagnosis, care, or treatment was recommended or received during a specified period immediately preceding the effective date of coverage.

(d) "Qualifying prior coverage" means:

(1) Any individual or group policy, contract or program, that is written or administered by a disability insurance company, nonprofit

hospital service plan, health care service plan, fraternal benefits society, self-insured employer plan, or any other entity, in this state or elsewhere, and that arranges or provides medical, hospital, and surgical coverage not designed to supplement other private or governmental plans. The term includes continuation or conversion coverage but does not include accident only, credit, disability income, Medicare supplement, long-term care insurance, dental, vision, coverage issued as a supplement to liability insurance, insurance arising out of a workers' compensation or similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(2) The federal Medicare program pursuant to Title XVIII of the Social Security Act.

(3) The medicaid program pursuant to Title XIX of the Social Security Act.

(4) Any other publicly sponsored program, provided in this state or elsewhere, of medical, hospital and surgical care.

SEC. 4. Section 10198.7 of the Insurance Code is amended to read:

10198.7. (a) No health benefit plan that covers three or more persons and that is issued, renewed, or written by any insurer, nonprofit hospital service plan, self-insured employee welfare benefit plan, fraternal benefits society, or any other entity shall exclude coverage for any individual on the basis of a preexisting condition provision for a period greater than six months following the individual's effective date of coverage, nor shall limit or exclude coverage for a specific insured person by type of illness, treatment, medical condition, or accident except for satisfaction of a preexisting clause pursuant to this article. Preexisting condition provisions contained in health benefit plans may relate only to conditions for which medical advice, diagnosis, care, or treatment, including use of prescription drugs, was recommended or received from a licensed health practitioner during the six months immediately preceding the effective date of coverage.

(b) No health benefit plan that covers one or two individuals and that is issued, renewed, or written by any insurer, nonprofit hospital service plan, self-insured employee welfare benefit plan, fraternal benefits society, or any other entity shall exclude coverage on the basis of a preexisting condition provision for a period greater than 12 months following the individual's effective date of coverage, nor shall limit or exclude coverage for a specific insured person by type of illness, treatment, medical condition, or accident, except for satisfaction of a preexisting condition clause pursuant to this article. Preexisting condition provisions contained in health benefit plans may relate only to conditions for which medical advice, diagnosis, care, or treatment, including use of prescription drugs, was recommended or received from a licensed health practitioner

during the 12 months immediately preceding the effective date of coverage.

(c) A carrier that does not utilize a preexisting condition provision may impose a waiting period not to exceed 60 days, before the coverage issued subject to this article shall become effective. During the waiting period, the carrier is not required to provide health care services and no premium shall be charged to the subscriber or enrollee.

(d) A carrier that does not utilize a preexisting condition provision in health plans that cover one or two individuals may impose a contract provision excluding coverage for waivered conditions. No carrier may exclude coverage on the basis of a waivered condition for a period greater than 12 months following the individual's effective date of coverage. A waivered condition provision contained in health benefit plans may relate only to conditions for which medical advice, diagnosis, care, or treatment, including use of prescription drugs, was recommended or received from a licensed health practitioner during the 12 months immediately preceding the effective date of coverage.

(e) In determining whether a preexisting condition provision, a waivered condition provision, or a waiting period applies to any person, all health benefit plans shall credit the time the person was covered under qualifying prior coverage, provided the person becomes eligible for coverage under the succeeding health benefit plan within 30 days of termination of prior coverage, exclusive of any waiting period, and applies for coverage under the succeeding plan within the applicable enrollment period. However, if a person's employment has ended, the availability of health coverage offered through employment or sponsored by an employer has terminated or, an employer's contribution toward health coverage has terminated, a carrier shall credit the time the person was covered under qualifying prior coverage if the person becomes eligible for health coverage offered through employment or sponsored by an employer within 90 days, exclusive of any waiting period, and applies for coverage under the succeeding plan within the applicable enrollment period.

(f) No health benefit plan that covers three or more persons and that is issued, renewed, or written by any insurer, nonprofit hospital service plan, self-insured employee welfare benefit plan, fraternal benefits society, or any other entity may exclude late enrollees from coverage for more than 12 months from the date of the late enrollee's application for coverage. No insurer, nonprofit hospital service plan, self-insured employee welfare benefit plan, fraternal benefits society, or any other entity shall require any premium or other periodic charge to be paid by or on behalf of a late enrollee during the period of exclusion from coverage permitted by this subdivision.

(g) Any entity providing aggregate or specific stop loss coverage or any other assumption of risk with reference to a health benefit plan shall provide that the plan meets all requirements of this article

concerning waiting periods, preexisting condition provisions, and late enrollees.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1053

An act to amend Section 69 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 69 of the Revenue and Taxation Code is amended to read:

69. (a) Notwithstanding any other provision of law, pursuant to Section 2 of Article XIII A of the Constitution, the base year value of property which is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county which is acquired or newly constructed within three years after the disaster as a replacement for the substantially damaged or destroyed property. At the time the base year value of the substantially damaged or destroyed property is transferred to the replacement property, the substantially damaged or destroyed property shall be reassessed at its full cash value; however, the substantially damaged or destroyed property shall retain its base year value notwithstanding the transfer authorized by this section. If the owner or owners of substantially damaged or destroyed property receive property tax relief under this section, that property shall not be eligible for property tax relief under subdivision (c) of Section 70 in the event of its reconstruction.

(b) The replacement base year value of the replacement property acquired shall be determined in accordance with this section.

The following procedure shall be used by the assessor in determining the appropriate replacement base year value of comparable replacement property:

(1) If the full cash value of the comparable replacement property does not exceed 120 percent of the full cash value of the property

substantially damaged or destroyed, then the adjusted base year value of the property substantially damaged or destroyed shall be transferred to the comparable replacement property as its replacement base year value.

(2) If the full cash value of the replacement property exceeds 120 percent of the full cash value of the property substantially damaged or destroyed, then the amount of the full cash value over 120 percent of the full cash value of the property substantially damaged or destroyed shall be added to the adjusted base year value of the property substantially damaged or destroyed. The sum of these amounts shall become the replacement property's replacement base year value.

(3) If the full cash value of the comparable replacement property is less than the adjusted base year value of the property substantially damaged or destroyed, then that lower value shall become the replacement property's base year value.

(4) The full cash value of the property substantially damaged or destroyed shall be the amount of its full cash value immediately prior to its substantial damage or destruction, as determined by the county assessor of the county in which the property is located.

(c) For purposes of this section:

(1) Property is substantially damaged or destroyed if it sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the disaster. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the disaster and is permanent in nature.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property which it replaces.

(A) Property is similar in function if the replacement property is subject to similar governmental restrictions, such as zoning.

(B) Both the size and utility of property are interrelated and associated with value. Property is similar in size and utility only to the extent that the replacement property is, or is intended to be, used in the same manner as the property substantially damaged or destroyed and its full cash value does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed.

(i) A replacement property or any portion thereof used or intended to be used for a purpose substantially different than the use made of the property substantially damaged or destroyed shall to the extent of the dissimilar use be considered not similar in utility.

(ii) A replacement property or portion thereof which satisfies the use requirement but has a full cash value which exceeds 120 percent of the full cash value of the property substantially damaged or destroyed shall be considered, to the extent of the excess, not similar in utility and size.

(C) To the extent that replacement property, or any portion thereof, is not similar in function, size, and utility, the property, or

portion thereof, shall be considered to have undergone a change in ownership when the replacement property is acquired or newly constructed.

(3) "Disaster" means a major misfortune or calamity in an area subsequently proclaimed by the Governor to be in a state of disaster as a result of the misfortune or calamity.

(d) (1) This section shall apply to any comparable replacement property acquired or newly constructed on or after July 1, 1985.

(2) The amendments made by the act adding this paragraph shall apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster occurring on or after October 20, 1991, and to the determination of base year values for the 1991–92 fiscal year and fiscal years thereafter.

(e) Only the owner or owners of the property substantially damaged or destroyed, whether one or more individuals, partnerships, corporations, other legal entities, or a combination thereof, shall receive property tax relief under this section. Relief under this section shall be granted to an owner or owners of substantially damaged or destroyed property obtaining title to replacement property. The acquisition of an ownership interest in a legal entity which, directly or indirectly, owns real property is not an acquisition of comparable property.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1054

An act to amend Sections 4980.01, 4980.03, 4980.35, 4980.37, 4980.38, 4980.40, 4980.43, 4980.45, 4980.48, and 4982 of, to repeal Section 4980.47 of, and to repeal and add Section 4980.42 of, the Business and Professions Code, relating to marriage, family, and child counselors.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 4980.01 of the Business and Professions Code is amended to read:

4980.01. (a) Nothing in this chapter shall be construed to constrict, limit, or withdraw the Medical Practice Act, the Social Work Licensing Law, the Nursing Practice Act, or the Psychology Licensing Act.

(b) This chapter shall not apply to any priest, rabbi, or minister of the gospel of any religious denomination when performing counseling services as part of his or her pastoral or professional duties, or to any person who is admitted to practice law in the state,

or who is licensed to practice medicine, when providing counseling services as part of his or her professional practice.

(c) This chapter shall not apply to an employee of a governmental entity or of a school, college, or university, or of an institution both nonprofit and charitable if his or her practice is performed solely under the supervision of the entity, school, or organization by which he or she is employed, and if he or she performs those functions as part of the position for which he or she is employed.

(d) Notwithstanding subdivisions (b) and (c) all persons registered as interns or licensed under this chapter shall not be exempt from this chapter or the jurisdiction of the board.

SEC. 2. Section 4980.03 of the Business and Professions Code is amended to read:

4980.03. (a) "Board," as used in this chapter, means the Board of Behavioral Science Examiners.

(b) "Intern," as used in this chapter, means an unlicensed person who has earned his or her master's or doctor's degree qualifying him or her for licensure and is registered with the board.

(c) "Trainee," as used in this chapter, means an unlicensed person who is currently enrolled in a master's or doctor's degree program, as specified in Section 4980.40, that is designed to qualify him or her for licensure under this chapter, and who has completed no less than 12 semester units or 18 quarter units of coursework in any qualifying degree program.

(d) "Advertise," as used in this chapter, includes, but is not limited to, the issuance of any card, sign, or device to any person, or the causing, permitting, or allowing of any sign or marking on, or in, any building or structure, or in any newspaper or magazine or in any directory, or any printed matter whatsoever, with or without any limiting qualification. It also includes business solicitations communicated by radio or television broadcasting. Signs within church buildings or notices in church bulletins mailed to a congregation shall not be construed as advertising within the meaning of this chapter.

SEC. 3. Section 4980.35 of the Business and Professions Code is amended to read:

4980.35. (a) The Legislature acknowledges that the basic obligation to provide a complete and accurate application for a marriage, family, and child counseling license lies with the applicant. At the same time, the Legislature recognizes that an effort should be made by the board to ensure that persons who enter degree programs and supervisorial training settings that meet the requirements of this chapter are enabled to discern the requirements for licensing and to take the examination when they have completed their educational and experience requirements.

(b) In order that the board, the educational institutions, and the supervisors who monitor the education and experience of applicants for licensure may develop greater cooperation, the board shall do all of the following:

(1) Apply a portion of its limited resources specifically to the task of communicating information about its activities, the requirements and qualifications for licensure, and the practice of marriage, family, and child counseling to the relevant educational institutions, supervisors, professional associations, applicants, trainees, interns, and the consuming public.

(2) Develop policies and procedures to assist educational institutions in meeting the curricula requirements of Section 4980.40 and any regulations adopted pursuant to that section, so that those educational institutions may better provide assurance to their students that the curriculum offered to fulfill the educational requirements for licensure will meet those requirements at the time of the student's application for licensure.

(3) Notify applicants in the application procedure when applications are incomplete, inaccurate, or deficient, and inform applicants of any remediation, reconsideration, or appeal procedures that may be applicable.

(4) Undertake, or cause to be undertaken, further comprehensive review, in consultation with educational institutions, professional associations, supervisors, interns, and trainees, of the supervision of interns and trainees, which shall include, but not be limited to, the following, and shall propose regulations regarding the supervision of interns and trainees which may include, but not be limited to, the following:

(A) Supervisor qualifications.

(B) Continuing education requirements of supervisors.

(C) Registration or licensing of supervisors, or both.

(D) Responsibilities of supervisors in general.

(E) The board's authority in cases of noncompliance or negligence by supervisors.

(F) The intern's and trainee's need for guidance in selecting well-balanced and high quality professional training opportunities within his or her community.

(G) The role of the supervisor in advising and encouraging his or her intern or trainee regarding the necessity or value and appropriateness of the intern or trainee engaging in personal psychotherapy, so as to enable the intern or trainee to become a more competent marriage, family, and child counselor.

SEC. 4. Section 4980.37 of the Business and Professions Code is amended to read:

4980.37. (a) In order to provide an integrated course of study and appropriate professional training, while allowing for innovation and individuality in the education of marriage, family, and child counselors, a degree program which meets the educational qualifications for licensure shall include all of the following:

(1) Provide an integrated course of study that trains students generally in the diagnosis, assessment, prognosis, and treatment of mental disorders.

(2) Prepare students to be familiar with the broad range of

matters that may arise within marriage and family relationships.

(3) Train students specifically in the application of marriage and family relationship counseling principles and methods.

(4) Encourage students to develop those personal qualities that are intimately related to the counseling situation such as integrity, sensitivity, flexibility, insight, compassion, and personal presence.

(5) Teach students a variety of effective psychotherapeutic techniques and modalities that may be utilized to improve, restore, or maintain healthy individual, couple, and family relationships.

(6) Permit an emphasis or specialization that may address any one or more of the unique and complex array of human problems, symptoms, and needs of Californians served by marriage, family, and child counselors.

(7) Prepare students to be familiar with cross-cultural mores and values, including a familiarity with the wide range of racial and ethnic backgrounds common among California's population, including, but not limited to, Blacks, Hispanics, Asians, and Native Americans.

(b) Educational institutions are encouraged to design the practica required by subdivision (b) of Section 4980.40 to include marriage, family, and child counseling experience in low-income and multicultural mental health settings.

SEC. 5. Section 4980.38 of the Business and Professions Code is amended to read:

4980.38. (a) Each educational institution preparing applicants to qualify for licensure shall notify each of its students by means of its public documents or otherwise in writing that its degree program is designed to meet the requirement of Section 4980.37 and shall certify to the board that it has so notified its students.

(b) In addition to all the other requirements for licensure, each applicant shall submit to the board a certification by the chief academic officer, or his or her designee, of the applicant's educational institution that the applicant has fulfilled the requirements enumerated in Sections 4980.37 and 4980.40, and subdivisions (a) and (d) of Section 4980.41.

(c) An applicant for an intern registration who has completed a program to update his or her degree in accordance with subdivision (k) of Section 4980.40 shall furnish to the board certification by the chief academic officer of a school, college, or university accredited by the Western Association of Schools and Colleges, or from a school, college, or university meeting accreditation standards comparable to those of the Western Association of Schools and Colleges, that the applicant has successfully completed all academic work necessary to comply with the current educational requirements for licensure as a marriage, family, and child counselor.

SEC. 6. Section 4980.40 of the Business and Professions Code is amended to read:

4980.40. To qualify for a license an applicant shall have all the following qualifications:

(a) Applicants applying for licensure on or after January 1, 1988, shall possess a doctor's or master's degree in marriage, family, and child counseling, marital and family therapy, psychology, clinical psychology, counseling psychology, counseling with an emphasis in marriage, family, and child counseling, or social work with an emphasis in clinical social work, obtained from a school, college, or university accredited by the Western Association of Schools and Colleges, the Northwest Association of Secondary and Higher Schools, or an essentially equivalent accrediting agency, as determined by the board, or approved by the Council for Private Postsecondary and Vocational Education, pursuant to subdivision (d) of Section 94310 of the Education Code. For purposes of this chapter, the term "approved by the Council for Private Postsecondary and Vocational Education" shall not include temporary, conditional, or any other type of interim approval. In order to qualify for licensure pursuant to this subdivision, any doctor's or master's degree program shall contain no less than 48 semester or 72 quarter units of instruction. The instruction shall include no less than 12 semester units or 18 quarter units of coursework in the areas of marriage, family, and child counseling, and marital and family systems approaches to treatment.

The coursework shall include all of the following areas:

(1) The salient theories of a variety of psychotherapeutic orientations directly related to marriage, family, and child counseling, and marital and family systems approaches to treatment.

(2) Theories of marriage and family therapy and how they can be utilized in order to intervene therapeutically with couples, families, adults, children, and groups.

(3) Developmental issues and life events from infancy to old age and their effect upon individuals, couples, and family relationships. This may include coursework that focuses on specific family life events and the psychological, psychotherapeutic, and health implications that arise within couples and families, including, but not limited to, childbirth, child rearing, childhood, adolescence, adulthood, marriage, divorce, blended families, stepparenting, and geropsychology.

(4) A variety of approaches to the treatment of children.

The board may, by regulation, further define the content requirements of required courses specified in this subdivision.

(b) (1) In addition to the 12 semester or 18 quarter units of coursework specified above, the doctor's or master's degree program shall contain not less than six semester or nine quarter units of supervised practicum in applied psychotherapeutic techniques, assessment, diagnosis, prognosis, and treatment of premarital, couple, family, and child relationships, including dysfunctions, healthy functioning, health promotion, and illness prevention, in a supervised clinical placement that provides supervised fieldwork experience within the scope of practice of a marriage, family, and child counselor.

(2) On and after January 1, 1995, the practicum shall include a minimum of 150 hours of face-to-face experience counseling individuals, couples, families, or groups.

(3) (A) Supervised practicum hours, as specified in this subdivision, shall be evaluated, accepted, and credited as hours for trainee experience by the board.

(B) The practicum hours shall be considered as part of the 48 semester or 72 quarter unit requirement.

(c) As an alternative to meeting the qualifications specified in subdivision (a), the board shall accept as equivalent degrees, those master's or doctor's degrees granted by educational institutions whose degree program is approved by the Commission on Accreditation for Marriage and Family Therapy Education.

(d) All applicants shall, in addition, complete the coursework or training specified in Section 4980.41.

(e) All applicants shall be at least 18 years of age.

(f) All applicants shall have at least two years' experience that meets the requirements of this chapter in interpersonal relationships, marriage, family, and child counseling and psychotherapy under the supervision of a licensed marriage, family, and child counselor, licensed clinical social worker, licensed psychologist, or a licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology. Experience shall not be gained under the supervision of an individual who has provided therapeutic services to that applicant. For those supervisorial relationships in effect on or before December 31, 1988, and which remain in continuous effect thereafter, experience may be gained under the supervision of a licensed physician who has completed a residency in psychiatry.

(g) The applicant shall pass a written examination and an oral examination conducted by the board or its designees.

(h) The applicant shall not have committed acts or crimes constituting grounds for denial of licensure under Section 480.

(i) Applicants applying for licensure on or before December 31, 1987, shall possess all of the qualifications specified in subdivisions (e) to (h), inclusive, and shall possess a doctor's or master's degree in marriage, family, and child counseling, social work, clinical psychology, counseling, counseling psychology, child development and family studies, or a degree determined by the board to be equivalent, obtained from a school, college, or university accredited by the Western Association of Schools and Colleges, the Northwest Association of Secondary and Higher Schools, or an essentially equivalent accrediting agency as determined by the board.

(j) For applicants applying for a license pursuant to subdivision (i), the board may make a determination that an applicant's master's or doctor's degree is an equivalent degree if it finds that the degree was issued upon completion of a course of academic study primarily designed to train persons as a marriage, family, and child counselor. The course of study completed by the applicant shall contain not less

than 30 semester or 45 quarter units of coursework as follows: (1) human biological, psychological, and social development, (2) human sexuality, (3) psychopathology, (4) cross-cultural mores and values, (5) theories of marriage, family, and child counseling, (6) professional ethics and law, (7) human communication, (8) research methodology, (9) theories and applications of psychological testing, and (10) not less than six semester or nine quarter units of supervised practicum in applied psychotherapeutic techniques, assessment, diagnosis, prognosis, and treatment of premarital, family, and child relationship dysfunctions. The applicant shall submit to the board satisfactory written verification by the chief academic officer of the accredited or approved school, or by an authorized designee, that the applicant has successfully completed courses, including the practicum required by the board. The verification shall include, but need not be limited to, descriptions of the completed courses. The board may request further written verification of course content and academic experience to determine that the applicant's training and experience is equivalent to the course of instruction required by this section.

(k) (1) An applicant applying for intern registration who, prior to December 31, 1987, met the qualifications for registration, but who failed to apply or qualify for intern registration may be granted an intern registration if the applicant meets all of the following criteria:

(A) The applicant possesses a doctor's or master's degree in marriage, family, and child counseling, marital and family therapy, psychology, clinical psychology, counseling psychology, counseling with an emphasis in marriage, family, and child counseling, or social work with an emphasis in clinical social work obtained from a school, college, or university currently conferring that degree that, at the time the degree was conferred, was accredited by the Western Association of Schools and Colleges, and where the degree conferred was, at the time it was conferred, specifically intended to satisfy the educational requirements for licensure by the Board of Behavioral Science Examiners.

(B) The applicant's degree and the course content of the instruction underlying that degree have been evaluated by the chief academic officer of a school, college, or university accredited by the Western Association of Schools and Colleges to determine the extent to which the applicant's degree program satisfies the current educational requirements for licensure, and the chief academic officer certifies to the board the amount and type of instruction needed to meet the current requirements.

(C) The applicant completes a plan of instruction that has been approved by the board at a school, college, or university accredited by the Western Association of Schools and Colleges that the chief academic officer of the educational institution has, pursuant to subparagraph (B), certified will meet the current educational requirements when considered in conjunction with the original degree.

(2) A person applying under this subdivision shall be considered a trainee, as that term is defined in Section 4980.03, once he or she is enrolled to complete the additional coursework necessary to meet the current educational requirements for licensure.

SEC. 7. Section 4980.42 of the Business and Professions Code is repealed.

SEC. 8. Section 4980.42 is added to the Business and Professions Code, to read:

4980.42. (a) Trainees performing services in any work setting specified in subdivision (e) of Section 4980.43 may perform those activities and services as a trainee, provided that the activities and services constitute part of the trainee's supervised course of study and that the person is designated by the title "trainee." Trainees may gain hours of experience outside the required practicum. Those hours shall be subject to the requirements of subdivision (b) and to the other requirements of this chapter.

(b) On and after January 1, 1995, all hours of experience gained as a trainee shall be coordinated between the school and the site where the hours are being accrued. The school shall approve each site and shall have a written agreement with each site that details each party's responsibilities, including the methods by which supervision shall be provided. The agreement shall provide for regular progress reports and evaluations of the student's performance at the site. If an applicant has gained hours of experience while enrolled in an institution other than the one that confers the qualifying degree, it shall be the applicant's responsibility to provide to the board satisfactory evidence that those hours of trainee experience were gained in compliance with this section.

SEC. 9. Section 4980.43 of the Business and Professions Code is amended to read:

4980.43. (a) For all applicants, a minimum of two calendar years of supervised experience is required, which experience shall consist of 3,000 hours obtained over a period of not less than 104 weeks. Not less than 1,500 hours of experience shall be gained subsequent to the granting of the qualifying master's or doctor's degree. For those applicants who enroll in a qualifying degree program on or after January 1, 1995, not more than 750 hours of counseling and direct supervisor contact may be obtained prior to the granting of the qualifying master's or doctor's degree, provided, however, that this limitation shall not be interpreted to include professional enrichment activities. Except for personal psychotherapy hours gained after enrollment and commencement of classes in a qualifying degree program, no hours of experience may be gained prior to becoming a trainee. All experience shall be gained within the six years immediately preceding the date the application for licensure was filed, except that up to 500 hours of clinical experience gained in the supervised practicum required by subdivision (b) of Section 4980.40 shall be exempt from this six-year requirement.

(b) All experience shall be at all times under the supervision of a

supervisor who shall be responsible for ensuring that the extent, kind, and quality of counseling performed is consistent with the training and experience of the person being supervised, and who shall be responsible to the board for compliance with all laws, rules, and regulations governing the practice of marriage, family, and child counseling. Experience shall be gained by interns and trainees either as an employee or as a volunteer in any allowable work setting specified in this chapter. The requirements of this chapter regarding gaining hours of experience and supervision are applicable equally to employees and volunteers. Experience shall not be gained by interns or trainees as an independent contractor.

(c) Supervision shall include at least one hour of direct supervisor contact for each week of experience claimed. A trainee shall also receive an average of at least one hour of direct supervisor contact for every five hours of client contact in each setting in which experience is gained. An intern shall also receive an average of at least one hour of direct supervisor contact for every 10 hours of client contact in each setting in which experience is gained. For purposes of this section, "one hour of direct supervisor contact" means one hour of face-to-face contact on an individual basis or two hours of face-to-face contact in a group of not more than eight persons. The contact may be counted toward the experience requirement for licensure, up to the maximum permitted by subdivision (d). All experience gained by a trainee shall be monitored by the supervisor as specified in regulation. The 5 to 1 and 10 to 1 ratios specified in this subdivision shall be applicable to all hours gained on or after January 1, 1995.

(d) (1) The experience required by Section 4980.40 shall include supervised marriage, family, and child counseling, and up to one-third of the hours may include direct supervisor contact and other professional enrichment activities.

(2) "Professional enrichment activities," for the purposes of this section, may include group, marital or conjoint, family, or individual psychotherapy received by an applicant. This psychotherapy may include up to 100 hours taken subsequent to enrolling and commencing classes in a qualifying degree program, or as an intern, and each of those hours shall be triple-counted toward the professional experience requirement. This psychotherapy shall be performed by a licensed marriage, family, and child counselor, licensed clinical social worker, licensed psychologist, licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology, or a licensed physician who has completed a residency in psychiatry.

(e) The experience required by Section 4980.40 may be gained as a trainee in the following settings: a governmental entity, a school, college or university, a nonprofit and charitable corporation, or a licensed health facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code, if the experience is gained by the trainee solely as part of the position for which he or she is employed.

(f) The experience required by Section 4980.40 may be gained as an intern as specified in subdivision (e) of this section, or when employed in a private practice owned by a licensed marriage, family, and child counselor, a licensed psychologist, a licensed clinical social worker, a licensed physician and surgeon, or a professional corporation of any of those licensed professions. Employment in a private practice setting shall not commence until the applicant has been registered as an intern. When an intern is employed in a private practice setting by any licensee enumerated in this section, or by a professional corporation of any of those licensees, the intern shall be under the direct supervision of a licensee enumerated in subdivision (f) of Section 4980.40 who shall be employed by and practice at the same site as the intern's employer. An intern employed in a private practice setting shall not pay his or her employer for supervision and shall receive fair remuneration from his or her employer.

(g) All interns shall register with the board in order to be credited for postdegree hours of experience gained toward licensure, regardless of the setting where those hours are to be gained. Except as provided in subdivision (h), all postdegree hours shall be gained as a registered intern.

(h) Except when employed in a private practice setting, all postdegree hours of experience shall be credited toward licensure so long as the applicant applies for the intern registration within 90 days of the granting of the qualifying master's or doctor's degree and is thereafter granted the intern registration by the board.

(i) Trainees and interns shall not receive any remuneration from patients or clients, and shall only be paid by their employer.

(j) Trainees and interns shall only perform services at the place where their employer regularly conducts business, which may include performing services at other locations, so long as the services are performed pursuant to the direction and under the control of their employer and supervisor, and in compliance with the laws and regulations pertaining to supervision. Trainees and interns shall have no proprietary interest in that business.

(k) An intern or trainee who provides volunteered services or other services, and who receives no more than a total, from all work settings, of five hundred dollars ($500) per month as reimbursement for expenses actually incurred by that intern or trainee for services rendered in any lawful work setting other than a private practice shall be considered an employee and not an independent contractor. The board may audit applicants who receive reimbursement for expenses, and the applicant shall have the burden of demonstrating that the payments received were for reimbursement of expenses actually incurred.

(*l*) Each educational institution preparing applicants for licensure pursuant to this chapter shall consider requiring, and shall encourage, its students to undergo individual, marital or conjoint, family, or group counseling or psychotherapy, as appropriate. Each supervisor shall consider, advise, and encourage his or her interns

and trainees regarding the advisability of undertaking individual, marital or conjoint, family, or group counseling or psychotherapy as appropriate. Insofar as it is deemed appropriate and is desired by the applicant, the educational institution and supervisors are encouraged to assist the applicant in locating that counseling or psychotherapy at a reasonable cost.

SEC. 10. Section 4980.45 of the Business and Professions Code is amended to read:

4980.45. (a) A licensed professional in private practice who is a marriage, family, and child counselor, a psychologist, a clinical social worker, a licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology, or a licensed physician who has completed a residency in psychiatry and who is described in subdivision (f) of Section 4980.40 may supervise or employ, at any one time, no more than two unlicensed marriage, family, and child counselor registered interns in that private practice.

(b) A marriage, family, and child counseling corporation, as defined in Section 4987.5, may employ, at any one time, no more than two registered interns for each employee or shareholder who is qualified to provide supervision pursuant to subdivision (f) of Section 4980.40. In no event shall any corporation employ, at any one time, more than 10 registered interns. In no event shall any supervisor supervise, at any one time, more than two registered interns. Persons who supervise interns shall be employed full time by the professional corporation and shall be actively engaged in performing professional services at and for the professional corporation. Employment and supervision within a marriage, family, and child counseling corporation shall be subject to all laws and regulations governing experience and supervision gained in a private practice setting.

(c) Within 30 days of employment and within 30 days of termination of employment, in any allowable work setting, a registered intern shall notify the board in writing of the employment of termination of employment. The notice shall include the name of the registered intern the full name and business address of the employer, the type of work setting where the intern is gaining hours of experience, and the date employment commenced or terminated. If an intern fails to notify the board within 30 days after the date of his or her employment of termination of employment, the board shall not accept any hours of experience gained during that period of employment prior to notification for the purposes of meeting the experience requirements for licensure. The board, may, at its discretion, waive this requirement when it believes good cause exists. "Employment," as used in this section, means the gaining of hours of experience in an allowable setting as an employee or as a volunteer. This subdivision shall not apply to hours gained on or after January 1, of 1994.

SEC. 11. Section 4980.47 of the Business and Professions Code is repealed.

SEC. 12. Section 4980.48 of the Business and Professions Code is amended to read:

4980.48. A trainee shall inform each client or patient, prior to performing any professional services, that he or she is unlicensed and under the supervision of a licensed marriage, family, and child counselor, a licensed clinical social worker, a licensed psychologist, or a licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology.

SEC. 13. Section 4982 of the Business and Professions Code is amended to read:

4982. The board may refuse to issue any registration or license, or may suspend or revoke the license or registration of any registrant or licensee if the applicant, licensee, or registrant has been guilty of unprofessional conduct. Unprofessional conduct shall include, but not be limited to:

(a) The conviction of a crime substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter shall be deemed to be a conviction within the meaning of this section. The board may order any license or registration suspended or revoked, or may decline to issue a license or registration when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or, when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing any such person to withdraw a plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(b) Securing a license or registration by fraud, deceit, or misrepresentation on any application for licensure or registration submitted to the board, whether engaged in by an applicant for a license or registration, or by a licensee in support of any application for licensure or registration.

(c) Administering to himself or herself any controlled substance or using of any of the dangerous drugs specified in Section 4211, or of any alcoholic beverage to the extent, or in a manner, as to be dangerous or injurious to the person applying for a registration or license or holding a registration or license under this chapter, or to any other person, or to the public, or, to the extent that the use impairs the ability of the person applying for or holding a registration or license to conduct with safety to the public the practice authorized by the registration or license, or the conviction of more than one

misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this subdivision, or any combination thereof. The board shall deny an application for a registration or license or revoke the license or registration of any person, other than one who is licensed as a physician and surgeon, who uses or offers to use drugs in the course of performing marriage, family, and child counseling services.

(d) Gross negligence or incompetence in the performance of marriage, family, and child counseling.

(e) Violating, attempting to violate, or conspiring to violate any of the provisions of this chapter or any regulation adopted by the board.

(f) Misrepresentation as to the type or status of a license or registration held by the person, or otherwise misrepresenting or permitting misrepresentation of his or her education, professional qualifications, or professional affiliations to any person or entity.

(g) Impersonation of another by any licensee, registrant, or applicant for a license or registration, or, in the case of a licensee, allowing any other person to use his or her license or registration.

(h) Aiding or abetting, or employing, directly or indirectly, any unlicensed or unregistered person to engage in conduct for which a license or registration is required under this chapter.

(i) Intentionally or recklessly causing physical or emotional harm to any client.

(j) The commission of any dishonest, corrupt, or fraudulent act substantially related to the qualifications, functions, or duties of a licensee or registrant.

(k) Engaging in sexual relations with a client, or a former client within two years following termination of therapy, soliciting sexual relations with a client, or committing an act of sexual abuse, or sexual misconduct with a client, or committing an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of a marriage, family, and child counselor.

(*l*) Performing, or holding one's self out as being able to perform, or offering to perform, or permitting any registered trainee or registered intern under supervision to perform, any professional services beyond the scope of the license authorized by this chapter.

(m) Failure to maintain confidentiality, except as otherwise required or permitted by law, of all information that has been received from a client in confidence during the course of treatment and all information about the client which is obtained from tests or other means.

(n) Prior to the commencement of treatment, failing to disclose to the client or prospective client the fee to be charged for the professional services, or the basis upon which that fee will be computed.

(o) Paying, accepting, or soliciting any consideration, compensation, or remuneration, whether monetary or otherwise, for the referral of professional clients. All consideration, compensation,

or remuneration shall be in relation to professional counseling services actually provided by the licensee. Nothing in this subdivision shall prevent collaboration among two or more licensees in a case or cases. However, no fee shall be charged for that collaboration, except when disclosure of the fee has been made in compliance with subdivision (n).

(p) Advertising in a manner which is false, misleading, or deceptive.

(q) Reproduction or description in public, or in any publication subject to general public distribution, of any psychological test or other assessment device, the value of which depends in whole or in part on the naivete of the subject, in ways that might invalidate the test or device.

(r) Any conduct in the supervision of any registered intern or registered trainee by any licensee that violates this chapter or any rules or regulations adopted by the board.

(s) Performing or holding one's self out as being able to perform, professional services beyond the scope of one's competence, as established by one's education, training, or experience. This subdivision shall not be construed to expand the scope of the license authorized by this chapter.

(t) Permitting a registered trainee or registered intern under one's supervision or control to perform, or permitting the registered trainee or registered intern to hold one's self out as competent to perform, professional services beyond the registered trainee's or registered intern's level of education, training, or experience.

(u) The violation of any statute or regulation governing the gaining and supervision of experience required by this chapter.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1055

An act to add Section 1562.5 to the Health and Safety Code, relating to community care facilities.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1562.5 is added to the Health and Safety Code, to read:

1562.5. (a) The director shall ensure that within six months of obtaining licensure, an administrator of an adult residential facility and a program director of a social rehabilitation facility shall receive four hours of training on the needs of residents who may be infected with the human immunodeficiency virus (HIV), and on basic information about tuberculosis. Administrators and program directors shall attend update trainings every two years after satisfactorily completing the initial training to ensure that information received on HIV and tuberculosis remains current. The training shall consist of three hours on HIV and one hour on tuberculosis.

(b) The training shall consist of all of the following:

(1) Universal blood and body fluid precautions.

(2) Basic AIDS and HIV information, including modes of transmission.

(3) Legal protections for persons with HIV or AIDS.

(4) Referral information to local government, community-based, and other organizations that provide social, support or health services and social services to people with HIV or AIDS.

(5) Information about the residential care needs of people living with HIV or AIDS, including nutritional needs.

(6) Recognition of the signs and symptoms of tuberculosis.

(7) Tuberculosis testing requirements for staff, volunteers, and residents.

(8) Tuberculosis prevention.

(9) Tuberculosis treatment.

(c) The department shall ensure compliance with this section. In the event of noncompliance, the director shall develop and implement a plan of correction requiring that the training take place within six months of the violation.

(d) All administrators of adult residential and program directors of social rehabilitation facilities licensed on or before January 1, 1994, shall complete the training by December 31, 1994, and every two years thereafter. Newly employed administrators and program directors shall complete training within six months of commencing employment.

(e) Eligible providers of training and study courses shall be

limited to any of the following:

(1) County and city health departments.

(2) American Lung Association affiliates.

(3) Any agency with a contract to provide HIV, AIDS, or tuberculosis education with either the State Department of Health Services, or the federal Centers for Disease Control.

(4) The California Association of AIDS Agencies.

(5) Any providers approved by the State Department of Social Services for training of personnel employed in residential care facilities for the elderly, adult residential facilities, or residential care facilities for the chronically ill.

(f) Providers shall use HIV, AIDS, and tuberculosis materials produced, approved, or distributed by any of the following:

(1) The federal Centers for Disease Control.

(2) The American Lung Association.

(3) The University of California.

(4) The California Association of AIDS Agencies.

(5) The California AIDS Clearinghouse.

(6) County and city health departments.

(g) In the event that an administrator or program director demonstrates to the department a significant difficulty accessing training, the administrators and program directors of these facilities shall have the option of fulfilling these training requirements through a study course consisting of written and/or video educational materials.

(h) Successful completion of the training or study course by administrators and program directors and the biannual update described in this section shall be verified with the department during the annual review of the facility pursuant to subdivision (a) of Section 1534. Trained administrators and program directors shall disseminate the HIV, AIDS, and tuberculosis materials to facility personnel.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1056

An act to amend Sections 15339.25, 15339.26, and 15339.28 of the Government Code, relating to state contracts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 15339.25 of the Government Code is amended to read:

15339.25. (a) The Legislature finds and declares that the expansion and development of for-profit and nonprofit businesses owned or operated by women, minorities, and disabled persons is vital to the overall growth and health of the California economy and further that ethnic groups by the year 2010 will become the majority of the state's population and will have a significant impact on the state's economy.

(b) No state entity is charged with collecting and interpreting business-related data which helps identify the reasons why minority, disabled person, and women-owned or operated businesses have significantly lower business participation rates than their nonminority male or nondisabled counterparts.

(c) The collection and dissemination of data and information pertaining to businesses owned by minorities, women, and disabled persons will assist state government to take corrective action on, and to enact, programs and policies designed to encourage the full incorporation of those businesses into the California economy.

SEC. 2. Section 15339.26 of the Government Code is amended to read:

15339.26. The University of California is requested to conduct a study to review, analyze, and document information regarding the status of the state's minority, disabled person, and women-owned or operated businesses and their impact on the state's economy. The guidance of the California Policy Seminar may be sought in designing and undertaking the study.

SEC. 3. Section 15339.28 of the Government Code is amended to read:

15339.28. The study shall collect data that shall include, but not be limited to, the following areas:

(a) Business industry or industries in which minority, disabled person, and women-owned or operated businesses are concentrated.

(b) Rates of ownership or operation of businesses by minorities, disabled persons, and women, including the number of businesses owned per thousand.

(c) Number of employees, annual payroll, and overall record of sales and gross receipts.

(d) A description of state business development programs

designed to support women, disabled person, and minority-owned or operated businesses.

(e) A comparison of the above factors with nonminority male and nondisabled business owners.

CHAPTER 1057

An act to amend Sections 18618, 18711, 18800, 18804, 18805, 18806, 18807, 18809, 18810, 18811, 18812, 18813, 18814, 18817, 18819, 18824, 18882, and 18888 of, and to add Sections 18808 and 18815 to, the Business and Professions Code, relating to professions and vocations.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 18618 of the Business and Professions Code is amended to read:

18618. The commission shall furnish to the Senate Committee on Business and Professions and the Assembly Committee on Governmental Organization a report on or before July 30 of each year which indicates the amount of the assessment collected from each promoter pursuant to Section 18711 and the purposes for which moneys in the account were expended.

SEC. 2. Section 18711 of the Business and Professions Code is amended to read:

18711. (a) The commission shall require, as a condition of licensure and as a part of the application process, the examination by a licensed physician and surgeon who specializes in neurology and neurosurgery of each applicant for a license as a professional boxer or, if for the renewal of a license, this examination every year if the boxer has boxed within the preceding year, in addition to any other medical examinations. The physician may recommend any additional tests he or she deems necessary. On the basis of that examination and any additional tests that are conducted, the physician may recommend to the commission whether the applicant may be permitted to be licensed in California or not. The executive officer shall review these recommendations and report any denials of licensure. If, as a result of these recommendations, the executive officer refuses to grant the applicant a license, the applicant shall not box in California until the denial has been overruled by the commission as provided in this chapter.

(b) In the event that an applicant for licensure as a professional boxer undergoes a neurological examination for purposes of licensure within the 120-day period immediately preceding the normal expiration of that license the applicant shall not be required to undergo an additional neurological examination within the

following calendar year unless the commission, for cause, orders that the examination be taken. The commission shall notify all commission approved physicians and referees that the commission has the authority to order any professional boxer to undergo a neurological examination.

(c) The cost of the examinations required by this section shall be paid from assessments on promoters of professional boxing matches and by managers and professional boxers in California. The rate of assessment shall be set by the commission, without the requirement of adoption of regulations, and shall cover all costs associated with the requirements of this section. This assessment shall be imposed on all professional boxing matches which occur on and after January 1, 1986. All moneys received by the commission pursuant to this section shall be deposited in and credited to the Athletic Commission Fund.

SEC. 3. Section 18800 of the Business and Professions Code is amended to read:

18800. (a) All moneys received by the commission under the provisions of this chapter shall be accounted for and reported by detailed statements furnished by the commission to the Controller at least once a month, and at the same time, such moneys shall be remitted to the Treasurer and shall be deposited in the Athletic Commission Fund, which is hereby created.

(b) All moneys deposited in the Athletic Commission Fund pursuant to Section 18800 which have been received by the commission pursuant to Sections 18882 and 18888, are hereby continuously appropriated as follows:

(1) Moneys in the Boxers' Pension Account for purposes of the pension plan established under Section 18881.

(2) Moneys in the Disability Insurance Program Account for purposes of the disability insurance program established under Section 18887.

SEC. 4. Section 18804 of the Business and Professions Code is amended to read:

18804. The application and renewal fee for a license to promote or conduct a professional contest or exhibition shall be one thousand dollars ($1,000).

SEC. 5. Section 18805 of the Business and Professions Code is amended to read:

18805. The application and renewal fee for a license to promote or conduct amateur boxing contests shall be two hundred fifty dollars ($250).

SEC. 6. Section 18806 of the Business and Professions Code is amended to read:

18806. The application and renewal fee for a boxing, kickboxing, or martial arts matchmaker's license shall be two hundred dollars ($200).

SEC. 7. Section 18807 of the Business and Professions Code is amended to read:

18807. The application and renewal fee for a boxing, kickboxing,

or martial arts assistant matchmaker's license shall be two hundred dollars ($200).

SEC. 8. Section 18808 is added to the Business and Professions Code, to read:

18808. The application and renewal fee for a booking agent's license shall be two hundred dollars ($200).

SEC. 9. Section 18809 of the Business and Professions Code is amended to read:

18809. The application and renewal fee for a professional boxer, kickboxer, or martial arts fighter license shall be sixty dollars ($60).

SEC. 10. Section 18810 of the Business and Professions Code is amended to read:

18810. The application and renewal fee for a boxing, kickboxing, and martial arts manager's license shall be one hundred fifty dollars ($150).

SEC. 11. Section 18811 of the Business and Professions Code is amended to read:

18811. The application and renewal fee for a boxing, kickboxing, and martial arts trainer's license, chief second's and second's license shall be fifty dollars ($50).

SEC. 12. Section 18812 of the Business and Professions Code is amended to read:

18812. The application and renewal fee for a professional boxing, kickboxing, and martial arts referee's or judge's license shall be one hundred fifty dollars ($150).

SEC. 13. Section 18813 of the Business and Professions Code is amended to read:

18813. The application and renewal fee for an amateur boxing, kickboxing, and martial arts referee's and judge's license shall be seventy-five dollars ($75).

SEC. 14. Section 18814 of the Business and Professions Code is amended to read:

18814. The application and renewal fee for a timekeeper's, announcer's, ticket taker's, ticket seller's, and box office personnel license shall be fifty dollars ($50) unless the commission establishes a lower fee by regulation.

SEC. 15. Section 18815 is added to the Business and Professions Code, to read:

18815. The application and renewal fee for a sparring permit shall be twenty-five dollars ($25).

SEC. 16. Section 18817 of the Business and Professions Code is amended to read:

18817. The application and renewal fee for professional boxers' training gymnasium shall not exceed two hundred dollars ($200).

SEC. 17. Section 18819 of the Business and Professions Code is amended to read:

18819. The fee for a simultaneous telecast permit under Section 18831 shall be fifty dollars ($50) per event.

SEC. 18. Section 18824 of the Business and Professions Code is

amended to read:

18824. Except as provided in Section 18646 and Section 18832, every person who conducts a contest or wrestling exhibition shall, within 72 hours after the determination of every contest or wrestling exhibition for which admission is charged and received, furnish to the commission a written report executed under penalty of perjury by one of the officers, showing the number of tickets issued or sold for the contest or wrestling exhibition, the amount of the gross receipts or value thereof, and the gross price charged directly or indirectly and no matter by whom received, for the sale, lease, or other exploitation of broadcasting and television rights of the contest or wrestling exhibition, and without any deductions, except for expenses incurred for one broadcast announcer, telephone line connection, and transmission mobile equipment facility, which may be deducted from the gross taxable base when those expenses are approved by the commission. The person shall also, within the same time, pay to the commission a 5-percent fee, exclusive of any federal taxes paid thereon, of the amount paid for admission to the contest or wrestling exhibition, and of the gross price as described above for the sale, lease, or other exploitation of broadcasting or television rights thereof, except that in no case shall the fee be less than one thousand dollars ($1,000). The minimum fee for an amateur contest or exhibition shall not be less than five hundred dollars ($500). The amount of the gross receipts upon which the fee provided for in this section is calculated shall not include any assessments levied by the commission under Section 18711.

The fee on admission shall apply to the amount actually paid for admission and not to the regular established price.

No fee is due in the case of a person admitted free of charge; provided, however, if the total number of persons admitted free of charge to a boxing, kickboxing, or martial arts contest or wrestling exhibition exceeds 25 percent of the total number of spectators, then a fee of one dollar ($1) per complimentary ticket or pass used to gain admission to the contest shall be paid to the commission for each complimentary ticket or pass that exceeds the numerical total of 25 percent of the total number of spectators.

As used in this section, "person" includes a promoter, club, individual, corporation, partnership, association or other organization, and "wrestling exhibition" means a performance of wrestling skills and techniques by two or more individuals, to which admission is charged or which is broadcast or televised, in which the participating individuals are not required to use their best efforts in order to win, and for which the winner may have been selected before the performance commences.

SEC. 19. Section 18882 of the Business and Professions Code is amended to read:

18882. (a) At the time of payment of the fee required by Section 18824, a promoter shall pay to the commission all amounts scheduled for contribution to the pension plan. At the time of payment of any

purse to the boxer and his or her manager, the inspector or other duly authorized representative of the commission shall withhold their contributions to the pension plan.

(b) All contributions from professional boxers, managers, and promoters to finance the pension plan shall be deposited in and credited to the Boxers' Pension Account, which is hereby created in the Athletic Commission Fund. The money in the Boxers' Pension Account shall be used exclusively for the purposes and administration of the pension plan.

(c) Except as otherwise provided in this subdivision, the commission or its designee shall invest the money contained in the Boxers' Pension Account as other state funds are invested. The commission or its designee may also invest money from such account in group annuity contracts.

SEC. 20. Section 18888 of the Business and Professions Code is amended to read:

18888. (a) All contributions from professional boxers, managers, and promoters to finance the disability insurance program may be deposited in and credited to the Disability Insurance Account, which is hereby created in the Athletic Commission Fund. The money in the Disability Insurance Account shall be used exclusively for the purposes and administration of the disability insurance program.

(b) Contributions to the disability insurance program shall be collected and invested by the commission as provided in Section 18881.

CHAPTER 1058

An act to add Section 73.5 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 73.5 is added to the Revenue and Taxation Code, to read:

73.5. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, the term "newly constructed" does not include that portion of any improvement to real property that consists of the installation of water conservation equipment for agricultural use.

(b) For purposes of this section:

(1) "Water conservation equipment" means any device, system, pipeline, mechanism, or improvement that is installed to replace or improve an existing system and the use of which results in an actual reduction in water usage. For purposes of this paragraph, an "actual

reduction in water usage" means a significant reduction in the amount of water that does any of the following:

(A) Leaches below the crop root zone and joins a groundwater body that is not suitable for crop irrigation.

(B) Runs off a field and flows to a surface water body that is not suitable for crop irrigation.

(C) Seeps from an on-farm reservoir, canal, or ditch and joins a groundwater body that is not suitable for crop irrigation.

(D) Evaporates from the soil surface or from a water surface or an on-farm reservoir, canal, or ditch.

(E) Evaporates or transpires from the crop canopy.

(F) Spills from an on-farm reservoir, canal, or ditch that joins a surface water body that is not suitable for crop irrigation.

(2) "Agricultural use" means the use of land for the purpose of producing an agricultural commodity for commercial purposes.

(c) (1) The exclusion established in this section shall only apply if the taxpayer obtains, at the taxpayer's expense and prior to the purchase of the equipment proposed to be excluded, the certification of a registered civil engineer, registered agricultural engineer, or certified irrigation designer that the use of that equipment will result in an actual reduction in water usage.

(2) An engineer or designer described in paragraph (1) shall be independent of the purchaser, seller, or manufacturer of the water conservation equipment, and shall include in his or her certification a registration or certification number to verify that he or she is registered or certified in this state.

(3) The taxpayer shall retain for his or her own records a copy of any certification obtained under paragraph (1), and shall provide a copy of that certification to the assessor upon the assessor's request.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, this act shall become operative only if Senate Constitutional Amendment 4 of the 1993–94 Regular Session is approved by the voters and becomes operative, and in that event this act shall become operative on the same date as that measure.

CHAPTER 1059

An act to amend Section 769.75 of the Insurance Code, relating to insurance.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 769.75 of the Insurance Code is amended to read:

769.75. (a) An insurer shall not terminate a written agency contract to transact private passenger automobile insurance solely on the basis of the loss ratio experience developed by the private passenger automobile insurance business underwritten through that agency or solely because the insurance agency submitted applications to the insurer for automobile insurance pursuant to the good driver discount provisions of Section 1861.02.

(b) No insurer shall for the purpose of avoiding the prohibition on loss ratio terminations contained in subdivision (a) commit any of the following acts in a manner designed to impact only the agency or agencies in question and the business produced by them:

(1) Condition acceptance of private passenger automobile insurance from the agency in question upon the contemporaneous production of premiums from other lines of personal insurance from each of that agency's customers.

(2) Restrict the number of policies of private passenger automobile insurance produced by the agency in question, which are otherwise acceptable to it, by the imposition upon that agency of policy count quotas for policies that qualify as those for good drivers, as defined in Section 1861.20, for specific timeframes.

(3) Reduce policy limits or eliminate policy forms available to the agency in question under the agency contract and prior practices pursuant to it.

(4) Substantially reduce the commission level from that established for the agency in question under the agency contract and any prior modifications to it.

The prohibitions contained in this subdivision shall run contemporaneously with the time period applicable to the loss ratio usage in subdivision (a).

(c) As used in this section:

(1) "Loss ratio experience" means the ratio of net incurred losses, including those estimated incurred but not yet reported, and loss adjustment expenses, to net premiums earned, for a period of 36 calendar months next preceding the proposed date of the notice of termination.

(2) "Private passenger automobile insurance" means any of the types of insurance described in subdivision (a) of Section 660.

(d) With respect to an agent who is an employee of an insurer, or an agent who by contract either represents only one insurer or group of insurers or is required by contract to submit risks to a specified insurer or group of affiliated insurers prior to submitting them to others, this section is not intended to prevent the insurer from managing the profitability of its business through the exercise of lawful management techniques, not inconsistent with subdivisions (a) and (b), such as the following:

(1) Training, continuing education, and counseling of an agent with high loss ratio experience where the insurer's program is focused on the agent's compliance with company policies, procedures, and underwriting guidelines, including the

establishment of performance improvement criteria and restrictions on binding and underwriting authority.

(2) Disciplinary action, including possible termination, of an agent who fails to comply with lawfully imposed corrective actions.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

CHAPTER 1060

An act to repeal Chapter 13.5 (commencing with Section 26250) of Part 2 of Division 2 of Title 3 of the Government Code, and to add Chapter 4 (commencing with Section 7275) to Part 1.6 of Division 2 of the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13.5 (commencing with Section 26250) of Part 2 of Division 2 of Title 3 of the Government Code is repealed.

SEC. 2. Chapter 4 (commencing with Section 7275) is added to Part 1.6 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 4. REFUNDS OF UNCONSTITUTIONAL TAXES

7275. (a) Where a tax levied in a county in conformity with Part 1.6 (commencing with Section 7251) has been determined to be unconstitutional in a final and nonappealable decision of a court of competent jurisdiction and the revenues derived from that unconstitutional tax are paid to the board and held in an impound account, the board shall administer refunds and reimbursements of those illegally collected taxes in accordance with the provisions of this chapter.

(b) (1) Notwithstanding any other provision of law, on and after the effective date of the act adding this chapter, the procedures for refund or reimbursement of unconstitutional taxes contained in this chapter constitute the sole remedies for refund or reimbursement of illegal taxes as described in subdivision (a).

(2) Claims for refund of illegally collected taxes as described in subdivision (a) that were filed prior to the effective date of the act adding this chapter that have not been paid before that date shall be processed and paid to purchasers in accordance with the provisions of this chapter, regardless of whether the purchaser or the retailer filed the claim. Nothing in the act adding this chapter shall be

construed to require refiling of those previously filed claims for refund.

(c) Notwithstanding the provisions of Section 6902, the period of limitations specified in subparagraph (B) of paragraph (3) of subdivision (b) of Section 7277 shall apply to any claims for refund that are payable from any revenues paid to the board and held in an impound account which are derived from the unconstitutional tax.

(d) No later than 10 days from the date the decision determining the contested tax to be unconstitutional is final and nonappealable, the court shall order the entity that levied the unconstitutional tax to pay the impounded revenues to the board which shall immediately deposit them in a segregated impound account in the Retail Sales Tax Fund. The moneys so deposited, together with any interest thereon, shall be used as follows:

(1) To satisfy in full all valid claims for refund filed prior to the effective date of the act adding this chapter, in amounts as verified by audit of the records of the board.

(2) To fund a reserve account, in an amount to be determined by the board, with the approval of the Department of Finance, to fund refund and reimbursement of moneys from illegally collected taxes as described in subdivision (a), liability for which arises out of audit assessments occurring after the date of the act adding this chapter.

(A) Moneys derived from the unconstitutional tax described in subdivision (a) received by the board after the date the board receives the impounded revenues as provided in subdivision (d) shall be deposited in the reserve account provided by this subdivision.

(B) This reserve account shall be maintained for 10 years from the date the board deposits the revenues in the segregated account in the Retail Sales Tax Fund provided by this subdivision.

(i) Any amount deposited in the reserve account shall be used to pay other refunds or reimbursements to taxpayers within 12 months of deposit. Amounts not used for refunds or reimbursements within 12 months of deposit shall be transferred to the county in which the unconstitutional tax was levied for deposit in that county's general fund.

(ii) Upon termination of the 10-year period, any moneys remaining in this segregated account shall be transferred to the county in which the unconstitutional tax was levied for deposit in that county's general fund.

(3) To satisfy valid claims for refund filed after the effective date of the act adding this chapter as described in Section 7277.

(4) To reimburse the board's actual and reasonable costs of administering the refunds and reimbursements provided in this chapter, as approved by the Department of Finance.

(5) To reimburse losses resulting from the tax credit provided by Section 7276. In reimbursing those losses, the board may use its best estimates, based on historical allocation information, as to the amount of those losses. Any entity receiving the impounded moneys

rather than the taxes being credited shall suffer no impairment of revenues and the timing and receipt as well as the amount of revenues shall not be adversely affected by the credit. Any security arrangement that the board has with any entity receiving impounded moneys, including, but not limited to, provisions requiring the transfer of revenues to a bond trustee, shall remain in full force and effect during the period of the credit, and any pledge of tax revenues shall apply with equal force and effect to the impounded moneys distributed to those entities by the board in lieu of the credited tax revenues, without any further action required by the entity of the board.

(e) Any impounded moneys subject to refund or reimbursement pursuant to this chapter that are not used for that purpose or not deposited in the reserve account described in subdivision (d) shall be transmitted to the county in which the unconstitutional tax was levied for deposit in that county's general fund.

(f) For the purposes of bringing an action against the board for recovery of the whole or any part of the amount claimed as an overpayment of unconstitutional taxes as described in subdivision (a), the six-month period provided in Section 6934 shall not commence until the one-year claim period provided by Section 7277 has expired pursuant to the terms of this chapter. Suits for refund shall be brought in accordance with the provisions of Article 2 (commencing with Section 6931) of Chapter 7 of Part 1.

7276. Any taxpayers located in the jurisdiction in which an unconstitutional tax as described in subdivision (a) of Section 7275 was levied may claim a credit against their total amount of state and county sales or use tax as follows:

(a) An eligible taxpayer shall report sales and use taxes at the rates lawfully in effect in the county but may claim a credit against the total amount of state and local taxes, under rules to be promulgated by the board, in the amount of 0.75 percent. For the purpose of this section, "eligible taxpayer" means any person who resides in, or whose place of business is located in, the county in which the unconstitutional tax as described in subdivision (a) of Section 7275 was imposed, and who is required to report and pay sales tax under Chapter 2 (commencing with Section 6051) of Part 1 and any person required to report and pay or report and collect use tax under Chapter 3 (commencing with Section 6201) of Part 1.

(b) An eligible taxpayer who claims the credit provided in subdivision (a) shall remit to the board all reported tax moneys except those which represent the amount of the credit. Amounts reported, but not remitted under subdivision (a), shall be deemed to have been paid in full. Amounts not reported shall remain subject to assessment under Chapter 5 (commencing with Section 6451) of Part 1. The portion of those assessments representing this tax credit shall be paid from the reserve account provided by paragraph (2) of subdivision (d) of Section 7275.

(c) A taxpayer may not collect sales tax reimbursement pursuant

to Section 1656.1 of the Civil Code nor use tax in an amount in excess of the amount required to be reported under subdivision (b) less amounts subject to credit under subdivision (a) during the period for which a credit is allowed. A receipt for use tax issued pursuant to Section 6202 in the amount of tax actually remitted to the board under subdivision (b) shall be sufficient to relieve the purchaser for further liability for the tax computed at the reporting rate.

(d) The tax credit provided by subdivision (a) may be claimed upon notice to eligible taxpayers by the board. That notice shall provide that the credit may be claimed commencing with those taxes due on the first day of the first calendar quarter commencing more than 120 days after the effective date of the act adding this section or after the court decision described in paragraph (a) of Section 7275 becomes final and unappealable, whichever occurs later.

(e) The tax credit shall continue until the board determines that the amount of impounded revenues held by the board and available to fund the revenue losses that result from the tax credit is insufficient to fund the tax credit for another full calendar quarter. Eligible taxpayers shall continue to take the credit on their returns until notified by the board that the credit is terminated.

7277. (a) In the event that any tax collected under this part is determined on the basis of Section 4 of Article XIII A of the California Constitution to be unconstitutional in a final and nonappealable decision of a court of competent jurisdiction, and the revenues derived from the unconstitutional tax are held by the board in an impound account, a person who has reimbursed a retailer for that payment of that tax or a person, other than in a capacity as a retailer, who has paid that tax may file with the board a claim for refund of the unconstitutional tax in accordance with the requirements and procedures set forth in subdivision (b).

(b) (1) The claim for refund shall be in writing, shall state the specific ground upon which the claim is founded, and shall be accompanied by proof of payment of the tax to a retailer or wholesaler, including, but not limited to, a copy of an invoice, bill of sale, or purchase contract, that indicates the following:

(A) The date upon which, and place at which, the purchase occurred.

(B) A description of the property purchased.

(C) The price paid for the property.

(D) The amount of the transactions and use tax collected with respect to the purchase, or if that amount is not separately stated, the amount of the purchase and the rate of tax from which the amount of transactions and use tax may be calculated.

(2) In the case of a purchaser that has self-reported use tax to the state, the claim for refund shall also indicate the amount of use tax paid and the period for which those taxes were remitted.

(3) (A) Only a claim for refund made with respect to a single purchase or aggregate purchases of five thousand dollars ($5,000) or more shall be eligible for refund pursuant to this section.

(B) A claim for refund shall be filed within one year of the first day of the first calendar quarter commencing after the effective date of this section or after the date upon which the court decision described in subdivision (a) becomes final and nonappealable, whichever occurs later. If that one-year period does not end on the last day of a calendar quarter, it shall end on the last day of the preceding calendar quarter or on the last day of the calendar quarter which is nearest to the date the one-year period ends.

(c) For purposes of this section, "purchaser" means any person or entity, other than in a capacity as a retailer, who purchased tangible personal property the sale or use of which was subject to the unconstitutional tax described in subdivision (a).

(d) Interest shall be paid on the refunds provided by this chapter pursuant to Section 6907.

7279. (a) The total amount of refunds paid under this chapter shall be the amount of the impounded revenues derived from the unconstitutional tax plus any interest earned on that amount that remains after valid claims for refund filed prior to the effective date of the act adding this chapter are paid and the reserve amount described in paragraph (2) of subdivision (d) of Section 7275 is established.

(b) The board's actual and reasonable costs of administering refunds in accordance with this section and Section 7277, as approved by the Department of Finance, may be paid from the amount that is set aside for refunds under this chapter and may be paid prior to the payment of any claim for refund.

7279.5. A copy of the provisions of this chapter may be filed by the board with the court to demonstrate that implementation of the proposed plan of reimbursement, refund, or credit in accordance with the provisions of this chapter complies with any orders of the court requiring implementation of a refund plan by the board. Judicial notice of this chapter shall be taken by the court. In rendering a decision that the provisions of this chapter comply with any order of the court, the court shall order that any attorney's fees and costs incurred by the parties for the benefit of the persons seeking a refund be paid from the revenues collected pursuant to that tax plus any interest earned thereon.

7279.6. An arbitrary and capricious action of the board in implementing the provisions of this chapter shall be reviewable by writ.

SEC. 3. The County of San Diego is authorized to pay all just debts and obligations that were accrued by the San Diego County Regional Justice Facility Financing Agency during the period of its existence.

SEC. 4. The Legislature finds and declares the following:

(a) California courts of appellate jurisdiction have recently held that transactions and use taxes imposed by certain countywide taxing districts violate the California Constitution.

(b) Current law addresses refunds and overpayment of tax only

on the assumption that the particular transaction in issue is not subject to tax, rather than on the premise that the tax itself is unconstitutional. Current law also provides that only persons who directly pay a tax to state taxing authorities may file claims for refund. Section 6902 of the Revenue and Taxation Code currently establishes a three-year limitation period with respect to the filing of claims for refund.

(c) As a result, under existing statutory provisions a substantial portion of the unconstitutional taxes would not be refunded to the ultimate consumers who bore the direct economic burden of paying those taxes. Moreover, in certain cases the revenues raised by the unconstitutional taxes were impounded by the levying entity and would, under the proper authority, be available for refund to the consumers who bore the economic burden of paying those taxes.

(d) Therefore, it is the intent of the Legislature in enacting this act, to alter the normal refund mechanism in the case where a transactions and use tax, imposed by a taxing district within a county pursuant to the Revenue and Taxation Code, has been found to be unconstitutional by a court of appellate jurisdiction, and the revenues derived from that tax have been impounded. The statutes added to the Revenue and Taxation Code by this act are intended to establish a comprehensive system of remedies that balances the right of persons who made purchases subject to the unconstitutional taxes to obtain a return of those taxes with the need of entities imposing valid taxes within the same county to obtain the revenues to which they are entitled. The provisions added by this act are intended to apply to all claims and actions for refund in the circumstances described herein, notwithstanding any other provision of law, but are not intended to in any way affect the normal refund statutes regarding claims and actions for refund on any other basis.

SEC. 5. The Legislature further finds and declares that the system of tax credits provided by this act is adopted by the Legislature as the most efficient way to return revenues derived from the illegally collected taxes to the persons who bore the economic burden of those taxes. Nothing in this act may be construed to mean that the State of California assumes responsibility for the imposition of the illegal taxes at issue nor that there is any remedy for that illegal imposition of transactions and use taxes other than as provided in this act. There shall be no recovery against the State of California otherwise than as under this act in any action for refund of those illegally collected taxes.

SEC. 6. There is hereby appropriated from the General Fund to the State Board of Equalization for the 1993–94 fiscal year, the sum of two million one hundred seventeen thousand dollars ($2,117,000) to reimburse the board for its costs incurred in implementing this act. The amount appropriated from the General Fund by this section shall be derived from those impounded moneys specified in this act for reimbursement of board costs. For the 1994–95 fiscal year and

each fiscal year thereafter, the board's costs of implementing this act shall be reimbursed through an appropriation in the annual Budget Act.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide as soon as possible for appropriate and adequate procedures for the refund of revenues collected pursuant to local sales or transactions and use taxes that have been determined to be unconstitutional, it is necessary that this act take effect immediately.

CHAPTER 1061

An act to amend Sections 94302, 94310, 94311, 94315, and 94331 of, and to add Sections 94307 and 94308 to, the Education Code, relating to private postsecondary education.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 94302 of the Education Code is amended to read:

94302. As used in this chapter, unless the context requires otherwise:

(a) "Accredited" means that an institution has been recognized or approved as meeting the standards established by an accrediting agency recognized by the United States Department of Education, or the Committee of Bar Examiners for the State of California. It shall not include those institutions that have applied for accreditation, or are identified by accrediting associations as candidates for accreditation or have provisional accreditation.

(b) "Agency" means any person or business entity, regardless of the form of organization, that employs or in any manner contracts with one or more agents. "Agency" does not include an institution.

(c) "Agency approval" means a written document issued by the Council for Private Postsecondary and Vocational Education authorizing a business entity or an institution to engage in the recruitment of students for enrollment in private postsecondary and vocational institutions approved under this chapter.

(d) "Agent" means any person who, at a place away from the institution's premises or site of instruction, for consideration, solicits, promotes, advertises, offers, or attempts to secure enrollment for an institution, refers any person to an institution either for enrollment or to receive a solicitation for enrollment, or accepts application fees or admissions fees for education in an institution. Administrators and faculty who make informational public appearances, but whose primary task does not include service as a paid recruiter, are exempted from this definition.

(e) "Agent's permit" means a nontransferable written document issued to an agent pursuant to this chapter by the Council for Private Postsecondary and Vocational Education.

(f) "Applicant" means a new institution that has submitted an application but has not been evaluated by the council. An applicant institution shall not enroll students or offer educational services.

(g) "Approval" or "approval to operate" means that the council has determined and certified that an institution meets minimum standards established by the council for integrity, financial stability, and educational quality, including the offering of bona fide instruction by qualified faculty and the appropriate assessment of students' achievement prior to, during, and at the end of its program.

(h) "Branch" means a site located within 50 miles of the main location. Only educational services that are approved at the main location shall be offered at the branch. For the purpose of conducting onsite inspections and evaluations, hotel conference rooms, faculty offices, and homes are not considered branches.

(i) "Certificate of authorization for service" means a written, nontransferable document issued by the council authorizing an individual to be an instructor or administrator in any private vocational postsecondary educational institution in California which is approved under subdivision (a) of Section 94311.

(j) "Change of location" means a move of up to 25 miles of the location at which an institution offers any education, training, or instruction. A change of location of 25 or more miles is deemed the establishment of a new location of instruction requiring a separate approval to operate, unless otherwise provided by the council.

(k) "Correspondence school" or "home study school" means any institution that provides correspondence lessons for study and completion by a student at a location separate from the institution, including those institutions which offer that instruction by correspondence in combination with in-residence instruction.

(*l*) "Council" means the Council for Private Postsecondary and Vocational Education established pursuant to Section 94304.

(m) "Course of study" means either a single course or a set of related courses for which a student enrolls.

(n) "Degree" means any "academic degree" or "honorary degree" or title of any designation, mark, appellation, series of letters or words such as, but not limited to, associate, bachelor, master, doctor, or fellow which signifies, purports, or is generally taken to

signify satisfactory completion of the requirements of an academic, educational, technological, or professional program of study beyond the secondary school level or is an honorary title conferred for recognition of some meritorious achievement.

(o) "Degree title" means a discipline, major, or subject area of study, the completion of which leads to the award of a degree.

(p) "Diploma" means any "diploma," "certificate," "transcript," "document," or other writing in any language other than a degree which signifies, purports, or is generally taken to signify satisfactory completion of the requirements of an academic, educational, technological, or professional program of study beyond the secondary school level.

(q) "Education," or "education services," or "educational program" includes, but is not limited to, any class, course, or programs of training, instruction, or study.

(r) "Institution" means any private postsecondary educational institution. An "institution" includes its branch and satellite campuses, unless otherwise provided by the council.

(s) "Institutional approval" means an institution that has been evaluated by the council and has been found to be in compliance with the council's standards pursuant to this chapter.

(t) "Instruction" includes any specific, formal arrangement by an institution or its enrollees to participate in learning experiences in which the institution's faculty or contracted instructors present a planned curriculum appropriate to the enrollee's educational program.

(u) "Out-of-state school" means any private postsecondary or vocational educational institution offering career or job training programs, including both an in-residence institution and a home study institution that has its place of instruction or its principal location outside the boundaries of the state, or that offers or conducts courses of instruction or subjects on premises maintained by the school outside the boundaries of the state, or that provides correspondence or home study lesson materials from a location outside the boundaries of this state, or that evaluates completed lesson materials or otherwise conducts its evaluation service from a location outside the boundaries of this state, or that otherwise offers or provides California students with courses of instruction or subjects through activities engaged in or conducted outside the boundaries of the state.

(v) "Person" means a natural person or any business entity, regardless of the form or organization.

(w) "Private postsecondary educational institution" means any person doing business in California that offers to provide or provides, for a tuition, fee, or other charge, any instruction, training, or education primarily to people who have completed or terminated their secondary education or are beyond the age of compulsory high school attendance. The following are not considered to be private postsecondary educational institutions under this chapter:

(1) Institutions exclusively offering instruction at any or all levels from preschool through the 12th grade.

(2) Education solely avocational or recreational in nature, and institutions offering this education exclusively.

(3) Education sponsored by a bona fide trade, business, professional, or fraternal organization, solely for that organization's membership.

(4) Postsecondary or vocational educational institutions established, operated, and governed by the federal government or by this state, or its political subdivisions.

(5) A nonprofit institution owned, controlled, and operated and maintained by a bona fide church or religious denomination, lawfully operating as a nonprofit religious corporation pursuant to Part 4 (commencing with Section 9110) of Division 2 of Title 1 of the Corporations Code, if the education is limited to instructions in the principles of that church or denomination, or to courses offered pursuant to Section 2789 of the Business and Professions Code, and the diploma or degree is limited to evidence of completion of that education, and the meritorious recognition upon which any honorary degree is conferred is limited to the principles of that church or denomination. Institutions operating under this paragraph shall offer degrees and diplomas only in the beliefs and practices of the denomination, church, or religion. The enactment of this paragraph expresses legislative intent that the state shall not involve itself in the content of degree programs awarded by any institution operating under this paragraph, as long as the institution awards degrees and diplomas only in areas specified in the previous sentence. Institutions operating under this paragraph shall not award degrees in any area of physical science. Any degree or diploma granted in any area of study under these provisions shall contain on its face, in the written description of the title of the degree being conferred, a reference to the theological or religious aspect of the degree's subject area. The enactment of this paragraph is intended to prevent any entity claiming to be a nonprofit institution owned, controlled, and operated and maintained by a bona fide church or religious denomination, lawfully operating as a nonprofit religious corporation pursuant to Part 4 (commencing with Section 9110) of Division 2 of Title 1 of the Corporations Code, from marketing and granting degrees or diplomas that are represented as being linked to their church or denomination but which, in reality, are degrees in secular areas of study.

(x) "Satellite" means an auxiliary classroom located within 50 miles of a branch or the main location. A satellite is a temporary facility. All of the following shall apply to a satellite:

(1) Only educational services that are approved at the main location shall be offered at the satellite.

(2) The institution shall maintain no permanent records of attendance or academic progress at the satellite.

(3) No solicitation or enrollment of students shall occur at the

satellite.

(4) The satellite shall not be identified in any advertising.

For the purpose of conducting onsite inspections and evaluations, hotel conference rooms, faculty offices, and homes are not considered satellites.

(y) (1) "Short-term seminar training" means an educational service consisting of either of the following:

(A) Fifty hours or less of instruction, the total charge for which is less than five hundred dollars ($500).

(B) Instruction approved by a governmental licensing authority to be offered as continuing education in subjects licensees are required to take as a condition of continued licensure.

(2) "Short-time seminar training" does not include any of the following:

(A) Instruction in how to prepare for, take, or pass a licensing examination or other test qualifying a person for employment.

(B) Instruction in which the institution awards any credits or units other than continuing education units pursuant to instruction described in subparagraph (B) of paragraph (1).

(C) Any educational service consisting of more than 50 hours of instruction or costing five hundred dollars ($500) or more in total charges that is divided or structured into one or more segments that consist of 50 or fewer hours of instruction, the total charge for which is less than five hundred dollars ($500).

(z) "To offer" includes, in addition to its usual meanings, advertising, publicizing, soliciting, or encouraging any person, directly or indirectly, in any form, to perform the act described.

(aa) "To operate" an educational institution, or like term, means to establish, keep, or maintain any facility or location in this state where, or from or through which, educational services are offered or educational degrees or diplomas are offered or granted.

SEC. 2. Section 94307 is added to the Education Code, to read:

94307. (a) The council may bring an action for equitable relief for any violation of this chapter. The equitable relief may include restitution, a temporary restraining order, the appointment of a receiver, and a preliminary or permanent injunction. The action may be brought in the county in which the defendant resides or in which any violation has occurred or may occur.

(b) The remedies provided in this section supplement, and do not supplant, the remedies and penalties under other provisions of law.

SEC. 3. Section 94308 is added to the Education Code, to read:

94308. The director of the council may purchase annuity contracts for permanent employees of the council and shall reduce the salaries of the employees for whom the contracts are purchased by the amount of the costs of the contract if all of the following conditions are met:

(a) The annuity contract is under an annuity plan that meets the requirements of subdivision (b) of Section 403 of the Internal Revenue Code and Section 17512 of the Revenue and Taxation Code.

(b) The employee applies to the director for the purchase of the contract and reduction of salary.

(c) All provisions of the Insurance Code and the Government Code applicable to the purchase of this type of annuity are satisfied.

SEC. 4. Section 94310 of the Education Code is amended to read:

94310. No private postsecondary educational institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of subdivision (a) or (i), as follows:

(a) The institution is approved by the council to operate in California and award degrees. The council shall not approve an institution to issue degrees, diplomas, or certificates pursuant to this subdivision until it has conducted a qualitative review and assessment of, and has approved, each degree program offered by the institution, and all of the operations of the institution, and has determined all of the following:

(1) The institution has the facilities, financial resources, administrative capabilities, faculty, and other necessary educational expertise and resources to ensure its capability of fulfilling the program or programs for enrolled students.

(2) The faculty are fully qualified to undertake the level of instruction that they are assigned and shall possess appropriate degrees or credentials and have demonstrated professional achievement in the major field or fields offered, in sufficient numbers to provide the educational services.

(3) The education services and curriculum clearly relate to the objectives of the proposed program or programs and offer students the opportunity for a quality education.

(4) The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

(5) The course of study for which the degree is granted provides the curriculum necessary to achieve its professed or claimed academic objective for higher education, and the institution requires a level of academic achievement appropriate to that degree.

(6) The institution provides adequate student advisement services, academic planning and curriculum development activities, research supervision for students enrolled in Ph.D. programs, and clinical supervision for students enrolled in various health profession programs.

(7) If the institution offers credit for prior experiential learning it may do so only after an evaluation by qualified faculty and only in disciplines within the institution's curricular offerings that are appropriate to the degree to be pursued. The council shall develop specific standards regarding the criteria for awarding credit for prior experiential learning at the graduate level, including the maximum number of hours for which credit may be awarded.

(b) The approval process shall include a qualitative review and assessment of all of the following:

(1) Institutional purpose, mission, and objectives.
(2) Governance and administration.
(3) Curriculum.
(4) Instruction.
(5) Faculty, including their qualifications.
(6) Physical facilities.
(7) Administrative personnel.
(8) Procedures for keeping educational records.
(9) Tuition, fee, and refund schedules.
(10) Admissions standards.
(11) Financial aid policies and practices.
(12) Scholastic regulations and graduation requirements.
(13) Ethical principles and practices.
(14) Library and other learning resources.
(15) Student activities and services.
(16) Degrees offered.

The standards and procedures utilized by the council shall foster the development of high quality, innovative educational programs and emerging new fields of study within postsecondary education. In addition, the standards and procedures utilized by the council shall not unreasonably hinder educational innovation and competition.

It is the intent of the Legislature that the minimum standards for approval for degree-granting institutions established in Section 94310 not exceed the accreditation standards utilized by the Western Association of Schools and Colleges.

(c) The council may, at its discretion, delegate the responsibilities for regulation and oversight of accredited degree-granting law schools to the California Committee of Bar Examiners, and that accreditation may be accepted by the council in lieu of state approval.

(d) (1) The council shall conduct a qualitative review and assessment of the institution and all programs offered, including the items listed in subdivision (b), through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the council for that purpose. Except as provided in subdivision (f) of Section 94330, each institution shall submit a single application for all operations in California, its main location, branches, and satellites. The application shall include a single fee that is institution based and not site based. The visiting committee shall be impaneled by the council within 90 days of the date of the receipt of a completed application and shall be composed of educators, and other individuals with expertise in the areas listed in subdivision (b), from degree-granting institutions legally operating within the state. Within 90 days of the receipt of the visiting committee's evaluation report and recommendations, or any reasonable extension of time not to exceed 90 days, the council shall take one of the following actions:

(A) If the institution is in compliance with this chapter and has not operated within three years before the filing of the application

in violation of this chapter then in effect, the council may grant an approval to operate for a period not to exceed five years.

(B) If the institution is in compliance with this chapter, but has operated within three years before the filing of the application in violation of this chapter then in effect, or if the council, in its discretion, determines that an unconditional grant of approval to operate is not in the public interest, the council may grant a conditional approval to operate subject to whatever restrictions the council deems appropriate. The council shall notify the institution of the restrictions, the bases for the restrictions, and the right to request a hearing to contest the restrictions. Conditional approval shall not exceed two years.

(C) The council may deny the application. If the application is denied, the council may, in its discretion, permit the institution to continue offering the course of instruction to students already enrolled or may order the institution to cease instruction and provide a refund of tuition and all other charges to students.

(D) (i) If an institution is not operating in California when it applies for approval to operate for itself or a branch or satellite campus, the institution shall file with its application an operational plan establishing that the institution will satisfy the minimum standards set forth in subdivision (a). The operational plan shall also include a detailed description of the institution's program for implementing the operational plan, including proposed procedures, financial resources, and the qualifications of owners, directors, officers, and administrators employed at the time of the filing of the application. The council may request additional information to enable the council to determine whether the operational plan and its proposed implementation will satisfy these minimum standards.

(ii) If the council determines that the operational plan satisfies the minimum standards described in subdivision (a), that the institution demonstrates that it will implement the plan, and that no ground for denial of the application exists, the council shall grant a temporary approval to operate, subject to any restrictions the council reasonably deems necessary to ensure compliance with this chapter, pending a qualitative review and assessment as provided in subdivisions (a) and (b). The council shall inspect the institution, or branch or satellite campus if approval is sought for that campus, between 90 days and 180 days after operation has begun under the temporary approval to operate. Within 90 days following the council's inspection of the institution, the council shall act as provided in this subdivision.

(2) When evaluating an institution whose purpose is to advance postsecondary education through innovative methods, the visiting committee shall comprise educators who are familiar with and receptive to evidence bearing on the educational quality and accomplishments of those methods.

(3) The standards and procedures utilized by the council shall not unreasonably hinder educational innovation and competition.

(4) It is the intent of the Legislature that the council, prior to June 1, 1992, conduct an onsite review of all institutions approved by the Superintendent of Public Instruction between January 1, 1989, and December 31, 1990, that did not receive an onsite review by a visiting committee that included at least one permanent employee of the Private Postsecondary Education Division of the State Department of Education.

(5) Each institution or instructional program offering education for entry into a health care profession in which the provider has primary care responsibilities shall offer that education within a professional degree program which shall be subject to approval by the council pursuant to this section.

(e) If at any time the council determines that an institution has deviated from the standards for approval, the council may, after identifying for the institution the areas in which it has deviated from the standards, and after giving the institution due notice and an opportunity to be heard, place the institution on probation for a prescribed period of time, not to exceed 24 calendar months. During the period of probation, the institution shall be subject to special monitoring. The conditions for probation may include the required submission of periodic reports, as prescribed by the council, and special visits by authorized representatives of the council to determine progress toward total compliance. If, at the end of the probationary period, the institution has not taken steps to eliminate the cause or causes for its probation to the satisfaction of the council, the council may revoke the institution's approval to award degrees and provide notice to the institution to cease its operations.

(f) An institution may not advertise itself as an approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section. The council shall review all operations of the institution, both within and outside of California. The council shall have the authority to conduct site visits outside of California when it deems these visits to be necessary. The council may authorize any institution approved to issue degrees under this section to issue diplomas for the completion of courses of study that are within the institution's approved degree-granting programs.

(g) (1) All institutions operating on December 31, 1990, pursuant to licensure received under subdivision (a) of Section 94310.1 or approval received under Section 94310.2, shall receive approval for a period not to exceed four years. On a specified date prior to January 1, 1995, to be determined by the council, each institution granted approval pursuant to this subdivision shall file a completed application for reapproval pursuant to this section.

(2) All institutions operating on December 31, 1990, pursuant to candidate for approval status received pursuant to Section 94310.2 shall receive candidate for approval status for a period not to exceed two years. On a specified date prior to January 1, 1993, as determined by the council, each institution granted candidate for approval status

pursuant to this subdivision shall file a completed application for approval pursuant to this section.

(h) All institutions operating pursuant to authorization received under Section 94310.3 or 94310.4, as in effect on December 31, 1990, shall receive candidate for approval status for a period not to exceed three years. On a specified date prior to January 1, 1994, to be determined by the council, each institution granted candidate for approval status pursuant to this subdivision shall file a completed application for approval pursuant to this section.

(i) Any public or private postsecondary educational institution incorporated in another state that has accreditation from a regional accrediting association recognized by the United States Department of Education at the time of the issuance of a degree, and that is approved by the council, may issue degrees, diplomas, or certificates. Accredited public or private postsecondary educational institutions incorporated in another state shall not offer degrees, diplomas, or certificates in California unless they comply with this subdivision.

(1) The council shall not approve an institution to issue degrees, diplomas, or certificates pursuant to this subdivision until the council has conducted a qualitative review and assessment of, and has approved, the operations of the institution in California, and the council has determined that the institution meets all of the following standards:

(A) The institution has financial resources to ensure the capability of fulfilling the program or programs for enrolled students.

(B) The faculty includes personnel who possess appropriate degrees from institutions accredited by a regional accrediting association recognized by the United States Department of Education in the degree major field or fields offered, in sufficient number to provide the educational services.

(C) The education services and curriculum clearly relate to the objectives of the proposed program or programs.

(D) The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

(E) The institution has verifiable evidence of academic achievement comparable to that required of graduates of other institutions operating in this state for the program or programs upon which the degree, diploma, or certificate is based.

(2) The council shall grant approved status under this subdivision for a period consistent with the postsecondary educational institution's regional accrediting association, but not to exceed five years.

(3) Institutions approved under this subdivision shall offer in California only programs that the institution can document to have been acknowledged and favorably reviewed by the home regional accrediting association.

(4) In reviewing the out-of-state accredited institutions, the council shall use as guidelines the standards and procedures

developed by the special committee created pursuant to paragraph (5) of subdivision (b) of Section 94310.1, as in effect on December 31, 1989, and adopted by the California Postsecondary Education Commission. These standards and procedures were based on all of the following principles:

(A) Following the initial state review, subsequent onsite reviews by the council may be conducted in conjunction with institutional reviews by the regional accrediting association. However, if there is substantial evidence that the institution is not in compliance with state standards, the council may initiate a special review of the California operations of the institution.

(B) Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution based and not site based.

(C) The council shall develop a procedural rationale to justify the number of sites to be visited by the state in the review of the institution's operations in California.

(D) The purpose of the onsite review by the council shall be to determine that operations by the institution in California meet the minimum state standards identified in statute.

(E) The standards and procedures shall not unreasonably hinder educational innovation and competition.

(5) The regulations adopted by the council to implement this chapter shall provide for consideration of the accredited institutions' stated educational goals, purposes, and objectives, in conducting the approval review of the California operations of out-of-state based institutions.

(A) These regulations shall include a formula to determine the institutional approval fee and the number of sites to be visited by the state.

(B) The regulations adopted by the council shall be based on the procedures and standards recommended by the special committee and acted upon by the commission. In conducting the approval review of the operation of out-of-state accredited institutions in California, the council shall interpret the regulations based upon each institution's accredited educational purposes and objectives.

(6) All institutions operating under subdivision (b) of Section 94310.1, as it read on December 31, 1990, shall receive approval for a period not to exceed five years from the date of the institution's last review by the state. On a date to be specified by the council on or before January 1, 1996, each institution granted approval under this subdivision shall file a completed application for reapproval under this section.

(j) An institution shall not offer any educational program or degree title that was not offered by the institution at the time the institution applied for approval to operate, and shall not offer any educational program or degree title at a campus that had not offered the program or degree title at the time the institution applied for approval to operate that campus, unless the council first approves the

offering of the program or degree title after determining that it satisfies the minimum standards established by this section.

SEC. 5. Section 94311 of the Education Code is amended to read:

94311. No private postsecondary educational institution, except those offering degrees and approved under Section 94310, may offer education services or an education program, unless the institution or the branch or satellite campus at which these programs are offered, has been approved by the council as meeting the requirements of this section and, if regulated by an agency within the Department of Consumer Affairs, has obtained and retained the approval of that agency:

(a) If an institution is operating under the council's prior approval and the institution has applied for approval to operate for itself or a branch or satellite campus that is operating, the council shall not grant approval to operate until it has conducted a qualitative review and assessment of the operations of the institution in California, and determined that all of the following minimum standards have been satisfied:

(1) The quality and content of each course or program of instruction, training, or study may reasonably and adequately be expected to achieve the objective for which the course or program is offered. All courses offered by the institution shall meet the minimum standards prescribed by this subdivision. If an institution represents that a course or program leads to employment, the quality, content, and instruction of the course or program shall be sufficient to assure that students may acquire the necessary level of education, training, skill, and experience to obtain employment in the occupation or job title to which the course or program of instruction is represented to lead.

(2) There is in the institution adequate space, equipment, instructional material, and instructor personnel to provide training of the quality needed to attain the objective described in paragraph (1).

(3) Every instructor and administrator possess adequate academic, experiential, and professional qualifications to teach the course or to perform the duties that the person is assigned and satisfies all standards established by the council by regulation, and holds an applicable and valid certificate of authorization for service issued by the council in the specified competence area in which the individual will serve. No person shall serve as an instructor or member of the administrative staff if that person has been convicted of, or has pled nolo contendere or guilty to, a crime involving the acquisition, use, or expenditure of federal or state funds, or who has been judicially or administratively determined to have committed any violation of this chapter or of any law involving state or federal funds.

(4) The institution maintains for at least five years written records of the student's previous education and training, where applicable.

(5) A copy of the course outline, description of the occupations or

job titles, if any, to which the course of instruction is represented to lead, schedule of tuition, fees and other charges, refund policy, regulations pertaining to tardiness, absence, grading policy and rules of operation and conduct is given to students prior to enrollment.

(6) The institution maintains and enforces adequate standards relating to, and maintains records of, attendance, satisfactory academic progress, and student performance to achieve the objective described in paragraph (1).

(7) The institution complies with all local city, county, municipal, state, and federal regulations relative to the safety and health of all persons upon the premises such as fire, building, and sanitation codes. The council may require evidence of compliance.

(8) The institution does not exceed enrollment which the facilities and equipment of the institution can reasonably handle.

(9) The institution's officers, directors, and owners demonstrate financial and fiduciary responsibility, as prescribed by statute, or by regulations adopted by the council.

(10) The institution is in compliance with this chapter and has developed policies and procedures designed to ensure that compliance.

(11) No circumstances exist which are grounds for the revocation or suspension of an approval to operate.

(12) The institution complies with Article 2.5 (commencing with Section 94316) if that article is applicable.

(13) Application for approval shall be made in writing on forms prescribed by the council, which shall include, if applicable to the institution, a statement of whether the institution claims that it is exempt or that a course or other educational service it offers is exempt from Article 2.5 (commencing with Section 94316), and the information required by subdivision (f) of Section 94319.2.

(b) Within 90 days following the receipt of an application from an institution that is operating under the superintendent's prior authorization or approval or the council's prior approval, and prior to granting any approval, a representative of the council shall personally inspect the institution and verify the institution's compliance with the standards prescribed by this chapter. The onsite inspection shall include an inspection of the institution's facilities and records, interviews of administrators, faculty, and students, and an observation of class instruction, as determined to be appropriate by the council. If the application is for approval to operate a branch or satellite campus that is in operation, the council shall inspect that branch or satellite campus as provided herein and may also inspect the institution operating the branch or satellite campus. The council may waive or modify the onsite inspection for an institution located outside of California or for an institution offering home study or correspondence courses. For the purposes of this section, "council's prior approval" includes the prior approval or authorization of the Superintendent of Public Instruction, if applicable.

(c) Within 90 days following the inspection described in

subdivision (b) or any reasonable extension of time not to exceed 90 days, the council shall reach a decision on the merits and shall do one of the following:

(1) If the institution is in compliance with this chapter and has not operated within three years before the filing of the application in violation of the provisions of this chapter then in effect, the council may grant approval for a period not to exceed three years.

(2) If the institution is in compliance with this chapter, but has operated within three years before the filing of the application in violation of the provisions of this chapter then in effect, or if the council, in its discretion, determines that an unconditional grant of approval to operate is not in the public interest, the council may grant a conditional approval to operate subject to whatever restrictions the council deems appropriate. The council shall notify the institution of the restrictions, the bases for the restrictions, and the right to request a hearing to contest the restrictions.

(3) The council may deny the application if the institution does not comply with this chapter, including the minimum standards established in subdivision (a), or has operated within three years before the filing of the application in violation of the provisions of this chapter then in effect. If the application is denied, the council may, in its discretion, permit the institution to continue offering the course or courses of instruction to students already enrolled or may order the institution to cease all instruction and provide a refund of tuition and all other charges to students. The council shall notify the institution of the denial, the bases for the denial, and the right of the institution to request a hearing to contest the denial.

(d) (1) If an institution is not operating in California when it applies for approval to operate for itself or a branch or satellite campus, the institution shall file with its application an operational plan establishing that the institution will satisfy the minimum standards set forth in subdivision (a). The operational plan shall also include a detailed description of the institution's program for implementing the operational plan, including proposed procedures, financial resources, and the qualifications of owners, directors, officers, and administrators employed at the time of the application's filing. The council may request additional information to enable the council to determine whether the operational plan and its proposed implementation will satisfy these minimum standards.

(2) If the council determines that the operational plan satisfies the minimum standards described in subdivision (a), that the institution demonstrates that it will implement the plan, and that no ground for denial of the application exists, the council shall grant a temporary approval to operate, subject to any restrictions the council reasonably deems necessary to assure compliance with this chapter, pending a qualitative review and assessment as provided in subdivisions (a) and (b). The council shall inspect the institution, or branch or satellite campus if approval is sought for that campus, between 90 days and 180 days after operation has begun under the

temporary approval to operate. Within 90 days following the council's inspection of the institution, the council shall act as provided in subdivision (c).

(e) If an institution that is operating in California applies for approval to operate a branch or satellite campus that has not operated in this state, the institution shall file an operational plan for the branch or satellite campus as described in subdivision (d). The council shall evaluate the branch or satellite campus as provided in subdivision (d). The council may also evaluate the institution as provided in subdivisions (a) and (b) before determining whether to grant to the institution temporary or final approval to operate the branch or satellite campus. If the institution or the branch or satellite campus does not meet the requirements of this chapter or if the institution has operated within three years before the filing of the application in violation of the provisions of this chapter then in effect, the council may deny the application for approval to operate the branch or satellite campus or may grant a conditional approval to operate the branch or satellite campus subject to whatever restrictions the superintendent deems appropriate. The provisions for notice and hearing described in paragraphs (2) and (3) of subdivision (c) shall apply.

(f) No institution shall offer a course or program of instruction, training, or study at a campus that had not offered the course or program at the time the institution applied for approval to operate that campus unless the council first approves the offering of the course or program after determining that it satisfies the minimum standards established in subdivision (a).

(g) All institutions operating in California on December 31, 1989, pursuant to the prior authority of subdivision (c) of former Section 94311, and which continued to operate under the requirements of this chapter on the operative date of this section, shall receive an approval status for a period not to exceed three years. On a specified date to be determined by the council on or before June 30, 1993, each institution granted an approval pursuant to this subdivision shall file a completed application for reapproval pursuant to this section. It is the intent of the Legislature that all private vocational institutions having a cumulative gross student loan default rate higher than 40 percent, as determined by the Student Aid Commission, shall be reviewed by the council on or before February 29, 1992, to determine if these institutions are in compliance with the requirements of this chapter, and should be continued to be approved to offer educational programs in California. On or before March 15, 1992, the council shall report to the education policy and fiscal committees of the Legislature on the results of this review.

All institutions operating in California on December 31, 1990, pursuant to prior authority of subdivision (a) or (b) of former Section 94311, shall receive approval from the council for a period not to exceed three years. On or before June 30, 1994, the council shall work in cooperation with the appropriate state boards or

agencies, and with the Federal Aviation Administration, to review each of these institutions to determine whether the institution is in compliance with the requirements of this chapter. It is the intent of the Legislature that the council develop a memorandum of understanding with each of the appropriate state boards or agencies and with the Federal Aviation Administration to delineate the responsibilities of each agency for the approval and monitoring of these private vocational institutions that were operating on December 31, 1990, under the prior authority of subdivisions (a) and (b) of former Section 94311. It is further the intent of the Legislature that these memorandums of understanding be introduced as legislation on or before February 1, 1994, for enactment as amendments to this act. It is the intent of the Legislature that all institutions having a cumulative gross student loan default rate above 40 percent, as determined by the Student Aid Commission, shall be reviewed by the state board and the council on or before February 29, 1992, to determine if these institutions are in compliance with the requirements of this chapter and should continue to be approved to offer educational programs in California.

All institutions operating in California on December 31, 1990, pursuant to the prior authority of subdivision (d) of former Section 94311, shall receive an approval for a period not to exceed three years. On a specified date to be determined by the council on or before December 31, 1993, each institution granted an approval pursuant to this subdivision, shall file a completed application for reapproval pursuant to this section.

(h) The council may, at its discretion, enter into an agreement for the regulation and oversight of nondegree-granting private postsecondary institutions with the Federal Aviation Administration or with the state agency responsible for administering Article 1 (commencing with Section 1250) of Chapter 2 of Division 2 of the Health and Safety Code.

The council may enter into a regulatory agreement only when the appropriate agency can demonstrate that its standards and procedures for the review of institutions encompass the standards and consumer protection requirements prescribed by this chapter and that these standards and procedures are rigorously enforced.

Nothing in this section shall modify the existing authority of regulatory agencies within the Department of Consumer Affairs relating to schools or programs.

(i) If at any time the council determines that an institution has deviated from the standards for approval, the council may, after giving the institution due notice and an opportunity to be heard, place the institution on probation for a specified period of time not to exceed 24 calendar months. During the period of probation, the institution shall be subject to special monitoring. The conditions for probation may include the required submission of periodic reports, as prescribed by the council, and special visits by authorized representatives of the council to determine progress toward total

compliance. If at the end of the specified probationary period the institution has not taken steps to eliminate the causes for its probation to the satisfaction of the council, the council may revoke the institution's approval and provide notice to the institution to cease its operations.

SEC. 6. Section 94315 of the Education Code is amended to read:

94315. (a) An institution that exclusively offers short-term seminar training shall annually file with the council copies of all advertising and promotional material, including catalogs and brochures, and a declaration by an owner of the institution under penalty of perjury for public disclosure setting forth the following information:

(1) The owner's legal name, headquarters address, and the name of an agent for the service of process within California.

(2) All names, whether real or fictitious, under which the owner is doing and will do business.

(3) The names and addresses of the principal officers of the ownership.

(b) This chapter, except for this section and Sections 94307, 94316.3, 94320, 94321, and 94336, does not apply to an institution that exclusively offers short-term seminar training and that complies with this section.

SEC. 7. Section 94331 of the Education Code is amended to read:

94331. The council shall establish and maintain a Private Postsecondary and Vocational Education Administration Fund. The fund shall be divided into two special accounts, pursuant to the requirements of subdivision (g) of Section 94304. All fees collected pursuant to this section shall be credited to this fund, along with any interest on the money, for the administration of this chapter. Notwithstanding Section 13340 of the Government Code, the money in the fund is continuously appropriated to the council without regard to fiscal years. However, if the Legislature makes an appropriation for the support of the council in the Budget Act of any fiscal year, the amount for the support of the council expended from the respective accounts of the Private Postsecondary and Vocational Education Administration Fund during that fiscal year shall not exceed the amount appropriated by the Budget Act.

For the approval of private institutions operating under this chapter, the council shall charge an amount not exceeding the actual costs of approving the private institutions. On or before January 1, 1993, the council shall adopt a fee schedule for all institutions approved under this chapter, including the maximum amounts to be charged for an institution's initial application and annual renewal. The council may, subject to approval during the annual budget process as specified in this section, modify the fee schedule to add or delete categories of fees related to work performed by the council and set the maximum amount to be charged for each fee category added to the fee schedule. The fee schedule shall provide adequate resources for the council to implement this chapter effectively. It is

the intent of the Legislature that the council shall adopt a fee schedule that reflects the size of the institution, with institutions enrolling a larger number of students being required to pay a larger annual fee than those with smaller student enrollments. The council shall annually present its proposed budget, fee schedule, penalty fees assessed for delinquent payments pursuant to subdivision (i) of Section 94331.5, and additions and deletions of fee categories to the Department of Finance and the Joint Legislative Budget Committee for their review and approval as part of the annual budget process. The council shall annually publish a schedule of the current fees to be charged pursuant to this section and shall make this schedule generally available to the public. The fees may be increased annually up to the maximum allowable level by a majority vote of the council, without any additional review and approval by the Office of Administrative Law. The adoption of the annual fee schedule, any modification of the fee schedule, and any increase in fees up to the maximum allowable level shall not be subject to Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code. Increases above the maximum level shall be changed through legislation enacted by the Legislature and signed by the Governor.

CHAPTER 1062

An act to amend, repeal, and add Section 42340 of, to add Sections 42310.1, 42310.2, and 42345 to, and to repeal and add Section 42324 of, the Public Resources Code, relating to solid waste.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 42310.1 is added to the Public Resources Code, to read:

42310.1. (a) Until January 1, 1997, the criteria specified in Section 42310 shall not apply to any rigid plastic packaging container that is manufactured for use with food or cosmetics, as defined in subdivisions (f) and (i) of Section 321 of Title 21 of the United States Code.

(b) Notwithstanding subdivision (a), rigid plastic packaging containers actually recycled shall be included in calculating the recycling rate pursuant to subdivision (b) or (c) of Section 42310.

(c) Any manufacturer of a product packaged in a rigid plastic packaging container or a manufacturer of a product packaged in a rigid plastic packaging container described in subdivision (a) shall do both of the following:

(1) On or before December 1, 1995, the manufacturer shall submit

a report to the board which demonstrates that the manufacturer is taking, and will continue to take, all feasible actions consistent with Section 42310 to ensure the reduction, recycling, or reuse of the rigid plastic packaging containers described in subdivision (a) and the development and expansion of markets for rigid plastic packaging containers. Those actions may include, but are not limited to, all of the following:

(A) The use of postconsumer recycled plastic in rigid plastic packaging containers sold in this state.

(B) The use of postconsumer recycled plastic in other packaging materials sold or manufactured in this state.

(C) The use of postconsumer recycled plastic in other products sold or manufactured in this state.

(D) Arranging for the use of postconsumer recycled plastic collected for recycling in this state in the manufacture of nonrigid plastic packaging container products or packaging of another entity.

(E) The procurement of products containing postconsumer recycled plastic, including, but not limited to, trash bags, trash containers, pallets, carpeting, slip sheets, and shrink wrap.

(F) The demonstration of financial investment in recycled plastic collecting, processing, and remanufacturing activities in the state.

(2) On or before January 1, 1996, the manufacturer of rigid plastic packaging containers shall diligently seek one or more "nonobjection letters" from the United States Food and Drug Administration which will permit the manufacturer of rigid plastic packaging containers to use recycled plastic in the manufacture of the rigid plastic packaging containers described in subdivision (a).

SEC. 2. Section 42310.2 is added to the Public Resources Code, to read:

42310.2. (a) On or before July 1, 1994, as part of the regulations required to be adopted pursuant to Section 42325, the board shall adopt regulations to carry out the requirements of paragraph (1) of subdivision (c) of Section 42310.1. In adopting regulations pursuant to this section, the board shall make every effort to limit paperwork and information to only those matters which are needed for the board to determine if manufacturers are taking all feasible actions to ensure the reduction, recycling, or reuse of the rigid plastic packaging containers described in subdivision (a) of Section 42310.1, and the development and expansion of markets for rigid plastic packaging containers.

(b) On or before February 1, 1996, the board shall review, and approve or disapprove, the reports required pursuant to paragraph (1) of subdivision (c) of Section 42310.1. If a report is not submitted pursuant to a schedule established by the board, or, if, based upon the report, the board determines that a manufacturer has not taken all feasible actions to ensure the reduction, recycling, or reuse of the containers and the development and expansion of markets for rigid plastic packaging containers, the board may take one of the following actions, as selected by the manufacturer:

(1) Require the manufacturer to take additional actions, including, but not limited to, one or more of the measures described in paragraph (1) of subdivision (c) of Section 42310.1, to ensure that the manufacturer is taking, and will continue to take, all feasible actions to ensure the reduction, recycling, or reuse of the containers and the development and expansion of markets for rigid plastic packaging containers.

(2) Impose a civil penalty of up to one hundred thousand dollars ($100,000) pursuant to Section 42322. In imposing monetary penalties pursuant to this paragraph, the board shall take into consideration all of the following factors:

(A) The size and net worth of the manufacturer.

(B) The impact of the violation on the overall objectives of this chapter.

(C) The severity of the violation. Any penalty imposed pursuant to this paragraph shall not be required to be paid by a manufacturer before January 1, 1997.

(c) If the board determines that the conditions in paragraphs (1) and (2) are met, the board shall enter into a contract, or other legally binding agreement, with one or more trade associations representing manufacturers of resin, manufacturers of rigid plastic packaging containers, or manufacturers of products packaged in rigid plastic packaging containers subject to this section and Section 42310.1. The agreement shall allow the trade association, in lieu of those individual manufacturers in the trade association who elect to be a party to the contract or agreement, to submit the report required pursuant to paragraph (1) of subdivision (c) of Section 42310.1 and to implement the actions identified in the report. The board shall enter into the agreement only if both of the following conditions exist:

(1) The agreement ensures that the report will contain sufficient information which otherwise would be required to be submitted by individual manufacturers pursuant to Section 42310.1, and any other information which is necessary and directly related to the board's ability to comply with this section.

(2) The agreement ensures that each manufacturer which elects to be a party to the agreement and which is a member of the trade association which submits the report shall be liable for the full amount of any civil penalties which may be imposed or shall comply with any requirement imposed by the board pursuant to paragraph (1) of subdivision (b), as selected by the manufacturer. No manufacturer subject to this paragraph shall be liable for a civil penalty greater than one hundred thousand dollars ($100,000), regardless of the number of trade associations of which the manufacturer is a member.

(d) Notwithstanding any other provision of this section, a trade association representing resin manufacturers shall be responsible for submitting an additional report as provided pursuant to paragraph (1) of subdivision (c) of Section 42310.1. The resin manufacturer's trade association is subject to the review, penalties, and sanctions

specified in paragraphs (1) and (2) of subdivision (b). No member of the resin manufacturer's trade association is liable for penalties and sanctions set forth in paragraph (1) or (2) of subdivision (b) pursuant to this subdivision if that member would not otherwise be subject to those penalties and sanctions.

(e) For the purposes of subdivision (b) and paragraph (1) of subdivision (c) of Section 42310.1, "feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(e) For purposes of Section 42310.1 and this section regarding all reporting, compliance, and penalty obligations, "manufacturer" includes all subsidiaries and affiliates.

SEC. 3. Section 42324 of the Public Resources Code is repealed.

SEC. 4. Section 42324 is added to the Public Resources Code, to read:

42324. (a) On or before April 1, 1994, the board shall conduct a public hearing for the purposes of taking testimony from the interested parties and the public on the adequacy of the recycling rate method used by the board to calculate the base rate from which the criteria established under Section 42310 are measured, and for determining if the recycling rate approach adopted by the board is the most accurate method feasible to determine the recycling rate for rigid plastic packaging containers. The board shall review any studies, reports, or data submitted by the plastics manufacturing industry, plastic recycling industries, government agencies, environmental organizations, or any other party.

(b) Within 45 days after the public hearing, the board shall determine whether or not to revise the recycling rate method. The board shall make written findings as to the reasons for changing its recycling rate approach or for retaining the current method.

SEC. 5. Section 42340 of the Public Resources Code is amended to read:

42340. The following rigid plastic packaging containers are exempt from this chapter:

(a) Rigid plastic packaging containers produced in or out of the state which are destined for shipment to other destinations outside the state and which remain with the products upon that shipment.

(b) Rigid plastic packaging containers which contain drugs, medical devices, medical food, or infant formula as defined by the Federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 et seq.).

(c) Rigid plastic packaging containers which contain toxic or hazardous products regulated by the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136 et seq.).

(d) Rigid plastic packaging containers which are manufactured for use in the shipment of hazardous materials and are prohibited from being manufactured with used material by federal packaging material specifications and testing standards set forth in Section 178.509 of Title 49 of the Code of Federal Regulations. The board shall

determine the basis for the federal Department of Transportation regulation and the likelihood of that regulation being amended in the foreseeable future. The board shall report its determination and recommendation on whether to continue this exemption to the Legislature on or before January 1, 1995.

(e) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 6. Section 42340 is added to the Public Resources Code, to read:

42340. The following rigid plastic packaging containers are exempt from this chapter:

(a) Rigid plastic packaging containers produced in or out of the state which are destined for shipment to other destinations outside the state and which remain with the products upon that shipment.

(b) Rigid plastic packaging containers which contain drugs, medical devices, medical food, or infant formula as defined by the Federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 et seq.).

(c) Rigid plastic packaging containers which contain toxic or hazardous products regulated by the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136 et seq.).

(d) This section shall become operative on January 1, 1996.

SEC. 7. Section 42345 is added to the Public Resources Code, to read:

42345. Any extension of time for manufacturers to comply with Section 42310, beyond that which is granted pursuant to Section 42310.1 for the rigid plastic packaging containers described in that section, shall only be enacted by a statute passed by a two-thirds vote of both houses of the Legislature.

CHAPTER 1063

An act to add Section 11346.54 to the Government Code, relating to administrative regulations.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11346.54 is added to the Government Code, to read:

11346.54. (a) All state agencies proposing to adopt or amend any administrative regulation shall assess whether and to what extent it will affect the following:

(1) The creation or elimination of jobs within the State of California.

(2) The creation of new businesses or the elimination of existing

businesses within the State of California.

(3) The expansion of businesses currently doing business within the State of California.

(b) For purposes of this section, "state agency" shall include every state office, officer, department, division, bureau, board, and commission, whether created by the Constitution, statute, or initiative, but shall not include the courts, an agency in the judicial or legislative branch of state government, the University of California, the Hastings College of the Law, or the Fair Political Practices Commission.

(c) The state agency shall include a statement of the results of this assessment in the notice of proposed action.

(d) Information required from state agencies for the purpose of completing this assessment may come from existing state publications.

CHAPTER 1064

An act to add Section 324.5 to the Public Utilities Code, relating to the Public Utilities Commission.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 324.5 is added to the Public Utilities Code, to read:

324.5. (a) The Public Utilities Commission shall publish any data it collects for its clearinghouse minority and women business data base that it deems to be nonconfidential, including, but not limited to, company name, address, telephone number, fax number, point of contact, federal Standard Industrial Classification (SIC) code, ethnicity code, gender code, and business description, for use by governmental agencies and the public who request the information. Publication of the data base shall be done on a semiannual basis and shall be made available in hardcopy and softcopy (computer disk). The data base shall also be made available electronically via a computer-accessed bulletin board service (BBS).

(b) The commission may impose fees on the requesters of information commensurate with its cost to publish, duplicate, or provide computer access to the data base.

CHAPTER 1065

An act to add Section 2885.6 to the Public Utilities Code, relating to telephones.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Monitoring of the cellular telephone industry by the Public Utilities Commission provides information needed by the commission to enforce existing regulatory policies and procedures necessary to protect the public interest.

(b) Cellular companies claim that some of the documents the commission may request in order to properly monitor the industry are confidential. The commission should give proper consideration to these claims of confidentiality.

SEC. 2. Section 2885.6 is added to the Public Utilities Code, to read:

2885.6. (a) The commission shall require cellular telephone carriers to provide the commission, within six months of the effective date of the act that adds this section, and thereafter as requested by the commission, with information, as specified by the commission, concerning service quality and customer complaints.

(b) In addition to any other sanctions available, the commission shall have the authority to assess any and all of the following specific penalties for cellular telephone carrier noncompliance with commission rules, practices, and procedures respecting the filing of required periodic information and reports to the commission:

(1) The revocation or suspension, on an expedited basis, of temporary tariffing authority granted the carrier.

(2) The revocation or suspension, on an expedited basis, of other rate flexibility or promotional program authority granted the carrier.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1066

An act to amend Sections 980, 987.56, 987.60, 987.603, 987.69, 987.86, and 1006.16 of, and to repeal Sections 980.1, 980.2, and 980.3 of, the Military and Veterans Code, relating to veterans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 980 of the Military and Veterans Code is amended to read:

980. (a) As used in this chapter, "veteran" means any of the following:

(1) Any citizen of the United States who served in the active military, naval, or air service of the United States on or after April 6, 1917, and prior to November 12, 1918; and who received an honorable discharge or was released from active duty under honorable conditions.

(2) Any person who did all of the following:

(A) Served in the active military, naval, or air service of the United States for a period of not less than 90 consecutive days or was discharged from the service due to a service-connected disability within that 90-day period.

(B) Received an honorable discharge or was released from active duty under honorable conditions.

(C) Performed any portion of that service during any of the following periods:

(i) On or after December 7, 1941, and prior to January 1, 1947.

(ii) On or after June 27, 1950, and prior to February 1, 1955.

(iii) On or after August 5, 1964, and prior to May 8, 1975.

(iv) On or after August 2, 1990, to and including the date on which the territories in and around the Arabian Peninsula cease to be designated as a place where the armed forces of the United States are engaged in combat, as described in Executive Order 12744 of the President of the United States. It is the intent of the Legislature, in enacting this clause, that the benefits provided by this chapter shall be available to all veterans who were on active duty in the armed forces of the United States or who were called to active duty in the reserves or National Guard during the pendency of the deployment of forces for Operation Desert Shield or Desert Storm, that resulted in Executive Order 12744, irrespective of whether these veterans served overseas or in the United States.

(v) At any time, in a campaign or expedition for service in which a medal has been authorized by the government of the United States, regardless of the number of days served on active duty.

(3) Any member of the reserves or National Guard who does all

of the following:

(A) Is called to, and released from, active duty, regardless of the number of days served.

(B) Is called during any period when a presidential executive order specifies the United States is engaged in combat.

(C) Has received an honorable discharge or was released from active duty under honorable conditions.

(4) Any person who did all of the following:

(A) Served in the Merchant Marine Service of the United States.

(B) Has been granted veteran status by the United States Secretary of Defense under Title IV of the GI Improvement Act of 1977 (Public Law 95-202, as amended).

(b) For purposes of this chapter, "veteran" does not include any of the following:

(1) A person who was separated from the armed forces under other than honorable conditions.

(2) A person who was separated from the armed forces on account of alienage.

(3) A person who performed no military duty whatever or refused to wear the uniform.

(4) A person who served only in an auxiliary or reserve component of the armed forces whose service therein did not provide an exemption from the operation of the Selective Training and Service Act of 1940 (54 Stat. 885, as amended).

(5) A person whose service with the armed forces was due to temporary active duty orders for the sole purpose of training duty, processing, or a physical examination.

(6) A person whose only service during a qualifying period was as a student at a military academy and who, for any reason, failed to complete the course of study and subsequently did not serve on active duty.

SEC. 1.5. Section 980 of the Military and Veterans Code is amended to read:

980. (a) As used in this chapter, "veteran" means any of the following:

(1) Any citizen of the United States who served in the active military, naval, or air service of the United States on or after April 6, 1917, and prior to November 12, 1918, and who received an honorable discharge or was released from active duty under honorable conditions.

(2) Any person who did all of the following:

(A) Served in the active military, naval, or air service of the United States for a period of not less than 90 consecutive days or was discharged from the service due to a service-connected disability within that 90-day period.

(B) Received an honorable discharge or was released from active duty under honorable conditions.

(C) Performed any portion of that service during any of the following periods:

(i) On or after December 7, 1941, and prior to January 1, 1947.

(ii) On or after June 27, 1950, and prior to February 1, 1955.

(iii) On or after August 5, 1964, and prior to May 8, 1975.

(iv) On or after August 2, 1990, to and including the date on which the territories in and around the Arabian Peninsula cease to be designated as a place where the armed forces of the United States are engaged in combat, as described in Executive Order 12744 of the President of the United States. It is the intent of the Legislature, in enacting this clause, that the benefits provided by this chapter shall be available to all veterans who were on active duty in the armed forces of the United States or who were called to active duty in the reserves or National Guard during the pendency of the deployment of forces for Operation Desert Shield or Desert Storm, which resulted in Executive Order 12744, irrespective of whether these veterans served overseas or in the United States.

(v) At any time, in a campaign or expedition for service in which a medal has been authorized by the government of the United States, regardless of the number of days served on active duty.

(vi) At any time in Somalia, or in direct support of the troops in Somalia, including, but not limited to, persons stationed on ships of the United States armed forces conducting support activities offshore in the vicinity of Somalia, during Operation Restore Hope, regardless of the number of days served.

(3) Any member of the reserves or National Guard who does all the following:

(A) Is called to, and released from, active duty, regardless of the number of days served.

(B) Is called during any period when a presidential executive order specifies the United States is engaged in combat.

(C) Has received an honorable discharge or was released from active duty under honorable conditions.

(4) Any person who did all of the following:

(A) Served in the Merchant Marine Service of the United States.

(B) Has been granted veteran status by the United States Secretary of Defense under Title IV of the GI Improvement Act of 1977 (Public Law 95-202, as amended).

(b) For purposes of this chapter "veteran" does not include any of the following:

(1) A person who was separated from the armed forces under other than honorable conditions.

(2) A person who was separated from the armed forces on account of alienage.

(3) A person who performed no military duty whatever or refused to wear the uniform.

(4) A person who served only in an auxiliary or reserve component of the armed forces whose service therein did not provide an exemption from the operation of the Selective Training and Service Act of 1940 (54 Stat. 885, as amended).

(5) A person whose service with the armed forces was due to

temporary active duty orders for the sole purpose of training duty, processing, or a physical examination.

(6) A person whose only service during a qualifying period was as a student at a military academy and who, for any reason, failed to complete the course of study and subsequently did not serve on active duty.

SEC. 2. Section 980.1 of the Military and Veterans Code is repealed.

SEC. 3. Section 980.2 of the Military and Veterans Code is repealed.

SEC. 4. Section 980.3 of the Military and Veterans Code is repealed.

SEC. 5. Section 987.60 of the Military and Veterans Code is amended to read:

987.60. (a) The department may acquire the farm or home from its owner or may contract with a veteran for the construction of a dwelling house and other improvements for a farm or home, upon the terms agreed under all of the following terms and conditions:

(1) The department is satisfied of the desirability of the property submitted.

(2) The veteran has agreed with the department that he or she, or members of his or her immediate family, will actually reside on the property within 60 days from the date of purchase by the department, or, if the residence on the property is not complete on the date of purchase, within 60 days after the residence is completed, and will continue to reside on the property until all payments due the department have been paid or the farm or home is sold, except where the occupancy requirement is waived pursuant to Section 987.62.

(3) If the department is to contract with a veteran for the construction of a dwelling house and other buildings, or for the purchase of a mobilehome, all of the following are required:

(A) The veteran will be the owner of the real property on which the dwelling house and other buildings are to be constructed, or will be the owner of the real property or will be the owner of an undivided interest in common in a portion of a parcel of real property on which a mobilehome is to be situated, and agrees to convey that property to the department without cost.

(B) The veteran has paid a reasonable fee set by the department to cover the cost of any preliminary service of the department that may be necessary to process the application.

(C) The veteran has filed with the department adequate plans and specifications for the improvements to be constructed upon the real property, together with a contract, executed by a contractor licensed by the State of California for the construction of the improvements in accordance with the plans and specifications within 12 months after the acquisition of the real property by the department, and a bond executed by the contractor providing for compliance with the terms of the contract and for the payment of

persons furnishing material or labor on the job, executed by a surety company authorized to do business in the State of California. The department may also require course-of-construction insurance for public liability, property damage, and workers' compensation.

(D) The plans, specifications, contract, and bond are approved by the department.

(E) The veteran has placed in escrow all sums of money to be advanced by him or her, where the cost is in excess of the maximum that may be expended by the department.

(b) As used in this section "immediate family" includes only the veteran's spouse, natural or adoptive dependent children, and parents only if the parents are dependent upon the veteran for 50 percent or more of their support.

SEC. 6. Section 987.603 of the Military and Veterans Code is amended to read:

987.603. The department may acquire an assignment of an Indian veteran's beneficial interest in trust land held by the United States for that veteran or a leasehold interest in trust land acquired by the Indian veteran from an Indian beneficiary and contract with an Indian veteran as provided in Sections 987.601 and 987.602 upon the terms agreed if all of the following conditions are met:

(a) The department is satisfied of the desirability of the property submitted.

(b) The Indian veteran has agreed with the department that the veteran, or members of the veteran's immediate family, will actually reside on the property within 60 days from the date of acquisition by the department, or if the residence on the property is not complete on the date of acquisition, within 60 days after the residence is completed.

(c) The sum to be expended by the department pursuant to a contract for the acquisition of a home or the construction of a dwelling house and other improvements does not exceed the maximum loan amount established pursuant to subdivision (a) of Section 987.65. The sum to be expended by the department pursuant to a contract for the acquisition of a mobilehome on trust land or leasehold land does not exceed the maximum loan amount established pursuant to subdivision (b) of Section 987.65. The sum to be expended by the department pursuant to a contract for the acquisition of a farm on trust land or leasehold land does not exceed the maximum loan amount established pursuant to subdivision (e) of Section 987.65.

(d) The Indian veteran has paid a reasonable fee set by the department to cover the cost of preliminary service of the department that may be necessary to process the application.

(e) The Indian veteran has filed with the department adequate plans and specifications for the improvements to be constructed upon the real property, together with a contract executed by a contractor licensed by the State of California or by an Indian contractor approved by the department for the construction of the

improvements, in accordance with the plans and specifications, within 12 months after the assignment of the Indian veteran's beneficial interest or acquisition of the Indian veteran's leasehold interest in the real property by the department, and a bond executed by the contractor providing for compliance with the terms of the contract and for the payment of persons furnishing material or labor on the job, executed by a surety company, authorized to do business in the State of California. The department may also require course-of-construction insurance for public liability, property damage, and workers' compensation.

(f) The plans, specifications, contract, and bond are approved by the department.

(g) The Indian veteran has placed in escrow all sums of money to be advanced by the veteran where the cost is in excess of the maximum that may be expended by the department.

SEC. 7. Section 987.69 of the Military and Veterans Code is amended to read:

987.69. The department shall then enter into a contract with the veteran for the sale of the property to the veteran. The department shall fix the selling price of the property by adding to the purchase price thereof, to the total cost of improvements constructed, or to the value of such property as determined by the department when such property is acquired by the department in a manner other than by purchase, all expenses incurred and estimated to be incurred by the department in relation thereto, inclusive of interest, administration, appraisals, examination of title, incidental expenses, and the sum deemed necessary to meet unforeseen contingencies. In the case of real property acquired for the purpose of constructing improvements thereon, the department shall forthwith after acquiring said real property enter into the contract with the veteran authorized by this section at a selling price determined by the department's appraised value of the land, if the loan is to include the value of the land, and the amount of the department's appraised value of the improvements to be constructed thereon and any of the other additions herein authorized. After the execution of said contract between the veteran and the department and the making of the initial payment thereon the department shall be authorized to pay the cost of the improvements contracted to be constructed on said real property, making progress payments thereon in such amounts and at such times as the department shall upon written request of the veteran and his contractor have authority to approve additions to or deletions from the improvements contracted to be constructed and any savings affected or added cost incurred shall be deducted from or added to the amount due the department by the veteran under the terms of his contract.

Where the department enters into a contract for the sale of property on trust to an Indian veteran, the contract shall include the following conditions:

(a) The dwelling house or other improvements contracted to be

constructed on trust land shall be completed in compliance with the standards of the building code applicable on the trust land. If there is no building code in force on the trust land, the applicable standards shall be those of the building code of the county in which the trust land is located.

(b) On the completion of construction, the Indian veteran shall provide to the department an inspection certificate from a qualified building inspector certifying that the dwelling house or other improvements comply with the standards of the building code as required by subdivision (a).

SEC. 8. Section 987.56 of the Military and Veterans Code is amended to read:

987.56. (a) The department shall prescribe and determine the qualifications of all veterans. Any person deeming himself or herself a veteran and desiring to benefit hereunder, shall submit to the department information, in the form prescribed by the department, that will enable the department to determine his or her eligibility and qualifications. The department may make further inquiries and investigations in order to determine eligibility and qualifications.

(b) Veterans who are otherwise qualified and who were wounded or disabled as a result of their service shall be given first preference in the benefits conferred by this article. The department shall determine, in each case, whether the veteran was wounded or disabled as a result of service.

(c) The following group shall be given second preference in the benefits conferred by this article:

(1) The unremarried spouse of individuals who were members of the armed forces on active military duty, entered active duty while in the State of California, lived in this state for six months immediately preceding his or her entry into active duty, and were killed in the line of duty while on active duty.

(2) Members of the armed forces who entered active military duty while in the State of California, lived in this state for six months preceding his or her entry into active duty, and were held as prisoners of war.

(3) The unremarried spouse of members of the armed forces who entered active military duty while in the State of California, lived in this state for six months preceding his or her entry into active duty, and have been designated by the armed forces as missing in action.

(d) The following group shall be given third preference in the benefits conferred by this article:

(1) Indian veterans whose eligibility was or could have been established prior to the effective date of this legislation.

(2) Veterans whose eligibility is derived from service with any portion of which was on or after August 5, 1964, and prior to May 8, 1975, and veterans discharged or released from active duty within 10 years of their application to the department.

(e) Veterans discharged or released from active duty more than 10 years prior to their application to the department shall be given

fourth preference in the benefits conferred by this article.

(f) Veterans eligible for a subsequent loan under subdivision (a) of Section 987.86 shall be given fifth preference in the benefits conferred by this article.

(g) Nothing in this section regarding preferences shall affect any eligibility requirement for benefits conferred by this article.

SEC. 9. Section 987.86 of the Military and Veterans Code is amended to read:

987.86. (a) Any veteran for whom a farm or home is purchased under this article may be granted a subsequent opportunity to purchase another farm or home when the farm or home purchased under this article is sold, and the veteran pays the purchase contract in full. The maximum amount that the department may advance under this subdivision is limited to the maximum amounts set forth in Section 987.65 at the time the application is made for the subsequent loan.

(b) Only one farm or home purchased under this article shall be owned by a veteran or a veteran and the veteran's spouse at any one time.

(c) Any veteran for whom a farm or home is purchased under this article may be granted a subsequent opportunity to purchase another farm or home if he or she has paid the purchase contract in full and qualifies as a veteran as described in Section 980 under another separate period of service, or the veteran and the veteran's spouse each qualify as a veteran, as described in Section 980.

(d) A member of the armed forces, eligible for military retirement, who meets the residence requirements of Section 980, or a veteran as described in Section 980 who is receiving military retirement pay, for whom a farm or home was purchased under this article while in active military service, may be granted a subsequent opportunity to purchase another farm or home, if he or she has paid the purchase contract in full and has served during more than one period for which eligibility is granted.

SEC. 10. Section 1006.16 of the Military and Veterans Code is amended to read:

1006.16. The department shall require that all applicants under this article qualify under the applicable federal laws and regulations governing the permitted uses of tax-exempt bond funds, and file within the time limits required under applicable federal laws and regulations.

SEC. 11. Section 1.5 of this bill incorporates amendments to Section 980 of the Military and Veterans Code proposed by this bill and AB 1073. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, but this bill becomes operative first, (2) each bill amends Section 980 of the Military and Veterans Code, and (3) this bill is enacted after AB 1073, in which case Section 980 of the Military and Veterans Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 1073, at which time Section 1.5 of this bill

shall become operative.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for veterans to have access to needed benefits, it is necessary that this bill take effect immediately.

CHAPTER 1067

An act to add Section 25402.5 to the Public Resources Code, relating to energy resources, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25402.5 is added to the Public Resources Code, to read:

25402.5. (a) As used in this section, "lighting device" includes, but is not limited to, a lamp, luminaire, light fixture, lighting control, ballast, or any component of those devices.

(b) (1) The commission shall consider both new and replacement, and both interior and exterior, lighting devices as lighting which is subject to subdivision (a) of Section 25402.

(2) The commission shall include both indoor and outdoor lighting devices as appliances to be considered in prescribing standards pursuant to paragraph (1) of subdivision (c) of Section 25402.

(3) The Legislature hereby finds and declares that paragraphs (1) and (2) are declarative of existing law.

(c) (1) The commission shall establish an advisory group to provide technical advice, and, after public review, shall prepare and submit a report to the Legislature on or before January 1, 1996, identifying which lighting devices, whether indoor or outdoor, and residential or commercial, may be appropriate either for the commission to include in lighting efficiency regulations and other state energy or lighting efficiency programs or for federal government consideration in national lighting efficiency standards. The advisory group shall include, but not be limited to, representatives of the Illuminating Engineering Society of North America, the International Association of Lighting Designers, the National Electrical Manufacturers Association, the Association of Professional Energy Managers, the Lighting Research Institute, the Electric Power Research Institute, the Natural Resources Defense Council, the Department of Energy, the Environmental Protection Agency, and California's electric utilities. No state funds shall be used

to support the advisory group.

(2) The commission's report and recommendations shall identify proposed lighting efficiency regulations, standards, or programs that are technologically feasible and cost-effective and that would result in a significant level of energy savings. The report shall emphasize, but not be limited to, residential lighting efficiency, and shall consider requiring manufacturers of light fixtures to produce fixtures which are physically compatible with fluorescent lamps. The report shall also consider educational and labeling programs that could help increase the use of efficient lighting devices.

(d) (1) To the extent not preempted by federal law, on or before February 1, 1996, the commission shall initiate a formal rulemaking proceeding, including public review and hearings, to consider efficiency standards for lighting devices as recommended in the report required by subdivision (c). Any regulations issued pursuant to this paragraph shall be subject to the requirements of paragraph (1) of subdivision (c) of Section 25402.

(2) The commission may also actively participate in proceedings of the Department of Energy concerning the development and adoption of national lighting efficiency standards as recommended in the report.

SEC. 2. (a) Section 1 of this act shall become operative only if the State Energy Resources Conservation and Development Commission receives, on or before February 28, 1994, not less than a total of two hundred twenty thousand dollars ($220,000) in nonstate funds consisting of contributions shared among electric utilities, lighting manufacturers, and other private sources, together with any federal funds received for the purpose. The Public Utilities Commission shall allow investor-owned electric utility expenditures for this purpose to be recoverable in rates. All contributions received by the State Energy Resources Conservation and Development Commission pursuant to this section shall be deposited in the Lighting Device Fund, which is hereby created in the State Treasury, and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the State Energy Resources Conservation and Development Commission for expenditure for purposes of Section 25402.5 of the Public Resources Code.

(b) To the extent possible, based on resources provided by the Budget Act of 1995, the State Energy Resources Conservation and Development Commission shall comply with the rulemaking requirements of subdivision (d) of Section 25402.5 of the Public Resources Code as part of the next appropriately scheduled appliance standard update. If additional resources are required to comply with those provisions, the commission shall request those resources through the budget process.

CHAPTER 1068

An act to amend Sections 65940.5 and 65950 of, and to add Section 65952.2 to, the Government Code, relating to land use.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 65940.5 of the Government Code is amended to read:

65940.5. (a) No list compiled pursuant to Section 65940 shall include a waiver of the time periods prescribed by this chapter within which a state or local agency shall act upon an application for a development project.

(b) No application shall be deemed incomplete for lack of a waiver of time periods prescribed by this chapter within which a state or local government agency shall act upon the application.

(c) Except for the waiver of the time limits pursuant to Sections 65950.1 and 65951, no public agency shall require a waiver of the time limits contained in this chapter as a condition of accepting or processing the application for a development project.

SEC. 2. Section 65950 of the Government Code is amended to read:

65950. Any public agency that is the lead agency for a development project for which an environmental impact report is prepared pursuant to Section 21100 or 21151 of the Public Resources Code shall approve or disapprove the project within six months from the date of certification by the lead agency of the environmental impact report. If a negative declaration is adopted or if the project is exempt from Division 13 (commencing with Section 21000) of the Public Resources Code, the development project shall be approved or disapproved within three months from the date of adoption of a negative declaration, or the determination by the lead agency that the project is exempt from the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code, unless the project proponent requests an extension of the time limit. As specified in Sections 21100.2 and 21151.5 of the Public Resources Code, the period specified in those sections shall also begin on that date.

SEC. 3. Section 65952.2 is added to the Government Code, to read:

65952.2. No public agency shall disapprove an application for a development project in order to comply with the time limits specified in this chapter. Any disapproval of an application for a development project shall specify reasons for disapproval other than the failure to timely act in accordance with the time limits specified in this chapter.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1069

An act to amend Sections 3761, 3773, 3774, and 3775 of, and to add Sections 3753.1, 3753.7, and 3775.3 to, the Business and Professions Code, relating to respiratory care, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 3753.1 is added to the Business and Professions Code, to read:

3753.1. An administrative disciplinary decision imposing terms of probation may include, among other things, a requirement that the licensee-probationer pay the monetary costs associated with monitoring the probation.

SEC. 2. Section 3753.7 is added to the Business and Professions Code, to read:

3753.7. For purposes of this chapter, costs of prosecution shall include attorney general or other prosecuting attorney fees, expert witness fees, and other administrative, filing, and service fees.

SEC. 3. Section 3761 of the Business and Professions Code is amended to read:

3761. (a) No person may represent himself or herself to be a respiratory care practitioner without a license granted under this chapter, except as otherwise provided in this chapter.

(b) No person or corporation shall knowingly employ a person who holds himself or herself out to be a respiratory care practitioner without a license granted under this chapter, except as otherwise provided in this chapter.

(c) At the discretion of the examining committee, violation of the provisions of subdivision (a) shall be punishable by issuance of an administrative citation and assessment of an administrative fine of one thousand dollars ($1,000).

SEC. 4. Section 3773 of the Business and Professions Code is amended to read:

3773. At the time of application for renewal of a respiratory care

practitioner license, the licensee shall notify the examining committee of all of the following:

(a) Whether he or she has been convicted of any crime subsequent to the licensee's previous renewal.

(b) The name and address of the licensee's current employer or employers.

SEC. 5. Section 3774 of the Business and Professions Code is amended to read:

3774. On or before the birthday of a licensed practitioner in every other year, following the initial licensure, the examining committee shall mail to each practitioner licensed under this chapter, at the latest address furnished by the licensed practitioner to the executive officer of the examining committee, a notice stating the amount of the renewal fee and the date on which it is due. The notice shall state that failure to pay the renewal fee on or before the due date and submit evidence of compliance with Section 3719 shall result in expiration of the license.

Each license not renewed in accordance with this section shall expire but may within a period of three years thereafter be reinstated upon payment of all accrued and unpaid renewal fees and penalty fees required by this chapter. The examining committee may also require submission of proof of the applicant's qualifications, except that during the three-year period no examination shall be required as a condition for the reinstatement of any expired license that has lapsed solely by reason of nonpayment of the renewal fee.

SEC. 6. Section 3775 of the Business and Professions Code is amended to read:

3775. The amount of fees provided in connection with licenses or approvals for the practice of respiratory care shall be as follows:

(a) The application fee shall be fixed by the examining committee at not more than two hundred dollars ($200). The application fee for the applicant under Section 3734 shall be fixed by the examining committee at not more than two hundred fifty dollars ($250).

(b) The examination and reexamination fees shall be the actual cost to the examining committee for purchasing, grading, and administering each examination.

(c) The initial license fee for a respiratory care practitioner shall be two hundred dollars ($200).

(d) The renewal fee shall be fixed by the examining committee at not more than two hundred dollars ($200). However, the renewal fee in effect on December 31, 1993, shall not be increased prior to January 1, 1995, and in no case shall the fee in any year be more than 10 percent greater than the amount of the fee in the preceding year.

(e) The delinquency fee shall be fixed by the examining committee at not more than the following amounts:

(1) If the license is renewed not more than two years from the date of its expiration, the delinquency fee shall be 50 percent of the renewal fee in effect for the license term immediately following the date of expiration of the license.

(2) If the license is renewed after two years, but not more than three years, from the date of expiration of the license, the delinquency fee shall be the amount specified in paragraph (1) in addition to the amount of the renewal fee in effect at the time of renewal.

(f) The duplicate license fee shall be seventy-five dollars ($75).

(g) The endorsement fee shall be fifty dollars ($50).

(h) The fee for approval of providers of continued education shall be fixed by the examining committee at not more than one hundred dollars ($100).

(i) The fee for approval of education training programs shall be fixed by the examining committee at not more than one hundred dollars ($100). The examining committee may establish a renewal fee not to exceed one hundred dollars ($100) for education training programs and fix the term of the renewal period at not less than two years.

(j) The biennial renewal fee for continuing education providers shall be fixed by the examining committee at not more than one hundred dollars ($100).

SEC. 7. Section 3775.3 is added to the Business and Professions Code, to read:

3775.3. The Respiratory Care Board of California shall report to the appropriate policy and fiscal committee of each house of the Legislature whenever the Respiratory Care Board of California proposes or adopts an increase in any fee, and shall specify the rationale and justification for that increase.

CHAPTER 1070

An act to amend Section 21151 of, to add Section 21083.1 to, and to add and repeal Section 21080.6 of, the Public Resources Code, relating to environmental quality.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 21080.6 is added to the Public Resources Code, to read:

21080.6. (a) A lead agency may comply with the notice requirement in subdivision (a) of Section 21080.4 by preparing an expanded notice of preparation pursuant to this section.

(b) The expanded notice of preparation shall include a brief description of the project and the location and effects on the environment of the project.

(c) The expanded notice of preparation shall include the date, time, and place of a public hearing on the notice, an address where

documents or files relating to the project are available for review, the address to which written comments may be sent, and the deadline for submitting comments.

(d) The expanded notice of preparation may include any other information about the proposed project or the environmental impact report, including the agency's preliminary determinations and decisions regarding nonsignificant effects on the environment of the project; potentially significant effects on the environment; the scope of, and analyses and methodology for, the environmental impact report to be prepared; and a general description of any project alternatives to be considered and the basis for selecting those alternatives for analysis.

(e) Copies of the expanded notice of preparation shall be provided to each responsible agency, each agency with jurisdiction by law over resources affected by the project, each city or county that borders on the city or county in which the project is located, and any party who has requested notice, and shall be published in a newspaper of general circulation pursuant to Section 6061 of the Government Code.

(f) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 2. Section 21083.1 is added to the Public Resources Code, to read:

21083.1. It is the intent of the Legislature that courts, consistent with generally accepted rules of statutory interpretation, shall not interpret this division or the state guidelines adopted pursuant to Section 21083 in a manner which imposes procedural or substantive requirements beyond those explicitly stated in this division or in the state guidelines.

SEC. 3. Section 21151 of the Public Resources Code is amended to read:

21151. (a) All local agencies shall prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on any project that they intend to carry out or approve which may have a significant effect on the environment. When a report is required by Section 65402 of the Government Code, the environmental impact report may be submitted as a part of that report.

(b) For purposes of this section, any significant effect on the environment shall be limited to substantial, or potentially substantial, adverse changes in physical conditions which exist within the area as defined in Section 21060.5.

(c) When an environmental impact report is certified by a local lead agency's decisionmaking body which is not elected, that certification may be appealed to the agency's elected decisionmaking body, if any.

CHAPTER 1071

An act to add Sections 5506.10, 5538.10, and 5539.10 to the Public Resources Code, relating to regional park or open-space districts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5506.10 is added to the Public Resources Code, to read:

5506.10. (a) (1) The Legislature hereby finds and declares that the population of Sacramento County continues to grow at an increasing rate, and already the county is far behind in providing adequate park, recreational, and open-space facilities for its residents. Formation of a regional district with boundaries coterminous with those of Sacramento County is critical to help address the growing and unmet park and recreational needs in Sacramento County.

(2) Proceedings for the formation of a regional park and open-space district or a regional open-space district with boundaries coterminous with those of Sacramento County may be initiated by resolution of the Board of Supervisors of the County of Sacramento after a hearing noticed in accordance with Section 6064 of the Government Code, in lieu of the petition and proceedings related to the petition specified in this article.

(b) As used in this section:

(1) "Regional district" means a district formed pursuant to this section that contains all of the territory within Sacramento County, including all incorporated cities.

(2) "Capital outlay project" means the acquisition or improvement of real property, but, for purposes of subdivision (c) includes the servicing of bonds issued pursuant to Section 5539.10.

(3) "Maintenance" means both of the following:

(A) Those purposes listed in Section 22531 of the Streets and Highways Code.

(B) Security for park, recreational, and open-space lands and improvements, including, but not limited to, park rangers and park security personnel.

(c) The resolution specified in subdivision (a) shall do all of the following:

(1) Name the proposed regional district and state the reasons for forming it.

(2) Specify that the Board of Supervisors of the County of Sacramento shall act, ex officio, as the governing body of the regional district. The provisions of this article pertaining to district directors do not apply, and all powers and authority of the regional district shall be vested in the board of supervisors in its capacity as the

governing body of the regional district.

(3) Describe the territory to be included in the regional district.

(4) Describe the methods by which the regional district will be financed.

(5) (A) Specify that all revenue generated by the regional district, including the proceeds from the issuance of any bonds, shall be allocated among all affected public agencies within the territory of the district, for expenditure consistent with the purposes of this article, to adequately address the needs specified in subdivision (a) of Section 5539.10.

(B) For the purposes of this paragraph, "all affected public agencies" means the County of Sacramento, all incorporated cities within the county, and any park district or county service area established for the purpose of acquiring, improving, and managing land or improvements for park, recreational, open-space, or conservation purposes which is included within the territory of the district.

(6) (A) Call and give notice of an election to be held in the proposed regional district for the purpose of determining whether the regional district shall be formed.

(B) Notwithstanding Section 5518, the County Counsel of the County of Sacramento shall prepare the language in the ballot label. The proposition shall specify the matters set forth in the resolution, except for subparagraph (A). The analysis and review of the measure shall be carried out pursuant to Section 3781 of the Elections Code.

(7) State that in the first 20 years after the date that an assessment is levied pursuant to Section 5539.10, a minimum of 75 percent of all proceeds of assessments levied by the regional district shall be used for capital outlay projects on a nonannualized basis.

(8) Include an expenditure plan consisting of a list of capital outlay projects, including acquisition areas, and a general description of proposed outlays for operation and maintenance to be funded, over a 20-year period from the date on which the assessment is first levied, with proceeds of assessments levied by the regional district. No funds shall be allocated for capital outlay projects or for the operation and maintenance of any lands or facilities that are not located within the boundaries of the regional district.

(9) State the proposed rate and method of apportionment to be used in levying annual assessments for all categories of property.

(10) Include any other matters determined to be necessary or desirable by the board of supervisors.

(d) (1) The formation of the regional district is not subject to Section 5517.1 or to the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code).

(2) The regional district shall be formed if a majority of voters voting on the proposition vote in favor of formation of the regional district.

(e) (1) No proceeds from any bonds issued pursuant to Section

5539.10 shall be expended for operation and maintenance. Bond proceeds may be expended to pay all costs incidental to the preparation and issuance of the bonds.

(2) The regional district may use the proceeds from the levy of assessments for the operation and maintenance of capital outlay projects and any lands acquired and improvements made to park, recreational, and open-space lands of the regional district.

SEC. 2. Section 5538.10 is added to the Public Resources Code, to read:

5538.10. The officers and employees of the County of Sacramento may act, ex officio, as officers and employees of the regional district formed pursuant to Section 5506.10 and may discharge the authority and responsibility specified in this article. The County of Sacramento may provide the services and facilities needed to carry out the functions of the regional district. The proceeds of assessments levied pursuant to Section 5539.10 may be expended to reimburse the county for the actual costs of those services and facilities.

SEC. 3. Section 5539.10 is added to the Public Resources Code, to read:

5539.10. (a) (1) The Legislature hereby finds and declares that the land acquisition, improvements, and services provided by the regional district formed pursuant to Section 5506.10 will specifically benefit the properties assessed and the persons paying the assessments authorized in this section in at least the following respects:

(A) Enhanced recreational opportunities and expanded access to recreational facilities for all residents throughout the regional district.

(B) Improved quality of life for all communities in the regional district by protecting, restoring, and improving the regional district's irreplaceable beaches, rivers and creeks, wildlife, parks, and open-space land.

(C) Preservation of natural lands, including foothills, and rivers and creeks, and the development of public access to those lands and waters throughout the regional district.

(D) Protection of the historical and cultural values of the territory of the regional district.

(E) Increased economic activity and expanded employment opportunities within the regional district.

(F) Increased property values, resulting from the benefits specified in this subdivision.

(G) Provision of benefits to all properties within the regional district, including positive impacts on air and water quality, capacity of roads, transportation and other public infrastructure systems, schools, and public utilities.

(2) The Legislature further finds and declares all of the following:

(A) The expansion, restoration, improvement, and safety of park, recreational, beach, and open-space lands throughout the regional district benefits all residents in the regional district.

(B) Protection, restoration, and improvement of the lands within the regional district are vital to the quality of life for all residents in the regional district.

(C) Maintaining, improving, and servicing, and providing security for, park, recreational, and open-space lands and improvements is vital to the welfare and to the property values of all residents in the regional district.

(D) Increased park and recreational opportunities in the more densely populated and urbanized areas of the regional district are particularly vital to the health and well-being of residents, and providing those opportunities is a high priority.

(E) The protection and enhancement of the recreational opportunities provided by the rivers, beaches, foothills, parkways, greenways, and other open-space areas in the regional district must be included within the expenditure plan specified in paragraph (8) of subdivision (c) of Section 5506.10 in order to provide benefits to each resident of the county.

(F) Portions of parcels of land that are in commercial agricultural use do not benefit from park or open-space lands, facilities, or services funded pursuant to this section.

(b) In addition to the authority conferred in Section 5539.5, to the extent not inconsistent with this section, all provisions of the Landscaping and Lighting Act of 1972 (Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code) are applicable to the regional district, except as follows:

(1) Article 2 (commencing with Section 22605) of Chapter 2 of Part 2 of Division 15 of the Streets and Highways Code does not apply.

(2) No changes shall be made pursuant to Chapter 3 (commencing with Section 22620) of Part 2 of Division 15 of the Streets and Highways Code or Section 5572 of this code with respect to the rate and method of apportionment of assessments, the use of proceeds of assessments, the use of proceeds of bonds, and the territory included within the district, except that the governing body may correct errors in assessments, rule on appeals of assessments against particular parcels, and annually adjust the assessments levied against particular parcels of real property to reflect changes in the uses of those parcels.

(3) No changes shall be made to the rate and method of apportionment of any assessment approved by the voters and levied pursuant to this section.

(4) In addition to the items required by Section 22567 of the Streets and Highways Code, the regional district's annual report shall include all of the following:

(A) Changes in the total number of parcels assessed and changes in the number of parcels with respect to use code.

(B) The amount of revenue expected to be received by the regional district in the next fiscal year.

(C) The proposed allocation of funds for operation and

maintenance for the next fiscal year.

(D) The expenditure of funds in the current fiscal year.

(5) Any notice required pursuant to the Landscaping and Lighting Act of 1972, Section 54954.6 of the Government Code, or Section 5511 shall be published pursuant to Section 6064 of the Government Code.

(6) (A) (i) The governing body shall not levy any assessment unless a proposition authorizing the regional district to levy the assessment is first approved by a majority of the voters voting on the proposition. The proposition shall include the matters specified in subdivision (c) of Section 5506.10, except for paragraph (6) of that subdivision. The election held pursuant to this paragraph shall satisfy the requirement for any election that may be required under Section 22525.5 of the Streets and Highways Code.

(ii) No additional assessment shall be levied pursuant to this section, including any assessment for time periods beyond those specified in paragraphs (7) and (8) of subdivision (c) of Section 5506.10, unless a proposition, including the matters specified in subdivision (c) of Section 5506.10, except for paragraph (6) of that subdivision, is approved by a majority of the voters in the regional district voting on the proposition.

(B) Notwithstanding Section 5518, the County Counsel of the County of Sacramento shall prepare the language in the ballot label.

(C) The Board of Supervisors of Sacramento County may consolidate a proposition submitted to the voters pursuant to this paragraph into a single ballot measure with the proposition whether to form the regional district submitted pursuant to paragraph (6) of subdivision (c) of Section 5506.10.

(7) (A) All proceeds of assessments levied or bonds issued by the regional district shall be allocated in accordance with paragraphs (5) and (8) of subdivision (c) of Section 5506.10.

(B) Any future expenditure plan shall include a division of funds between expenditures for capital outlay projects and expenditures for operation and maintenance, a list of proposed capital outlay projects, and a description of areas proposed for acquisition. No expenditure plan shall contain any provision that may impair the payment of debt service on bonds or other evidence of indebtedness previously issued pursuant to this section. Any assessment levied pursuant to this section may include an annual amount to pay the costs of operation and maintenance and may be collected in annual installments.

(c) Prior to the election required by paragraph (6) of subdivision (b), the Board of Supervisors of Sacramento County may undertake proceedings on behalf of the proposed regional district in accordance with Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code to create an assessment district with the same boundaries as the proposed regional district. Hearings required pursuant to Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code may be consolidated with those

required pursuant to this article. Those proceedings shall be deemed to be the proceedings required by Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code.

(d) (1) The governing body shall exempt from assessment any uninhabited parcel that is substantially used in agriculture and any parcel enforceably restricted as open-space land during the time that the parcel is so used or restricted, if the governing body determines that the parcel will not benefit from the expenditure of the proceeds of assessments.

(2) For purposes of this subdivision, lands that are enforceably restricted as open-space lands include, but are not limited to, lands restricted under contract pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code) and lands restricted pursuant to a conservation easement.

(e) The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements.

(f) The regional district shall not levy assessments beyond the last maturity date of any bonds issued pursuant to Section 5539.10 nor longer than 30 years from the date on which the assessment is first levied.

SEC. 4. If any provision of this act or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1072

An act to amend Sections 726 and 729 of the Business and Professions Code, and to amend Section 802 of the Penal Code, relating to healing arts practitioners.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 726 of the Business and Professions Code is amended to read:

726. The commission of any act of sexual abuse, misconduct, or relations with a patient, client, or customer constitutes unprofessional conduct and grounds for disciplinary action for any person licensed under this division, under any initiative act referred to in this division and under Chapter 17 (commencing with Section

9000) of Division 3.

This section shall not apply to sexual contact between a physician and surgeon and his or her spouse or person in an equivalent domestic relationship when that physician and surgeon provides medical treatment, other than psychotherapeutic treatment, to his or her spouse or person in an equivalent domestic relationship.

SEC. 2. Section 729 of the Business and Professions Code is amended to read:

729. (a) Any physician and surgeon, psychotherapist, or any person holding himself or herself out to be a physician and surgeon or psychotherapist, who engages in an act of sexual intercourse, sodomy, oral copulation, or sexual contact with a patient or client, or with a former patient or client when the relationship was terminated primarily for the purpose of engaging in those acts, unless the physician and surgeon or psychotherapist has referred the patient or client to an independent and objective physician and surgeon or psychotherapist, recommended by a third-party physician and surgeon or psychotherapist, for treatment, is guilty of sexual exploitation by a physician and surgeon or psychotherapist.

(b) Sexual exploitation by a physician and surgeon or psychotherapist is a public offense:

(1) An act in violation of subdivision (a) shall be punishable by imprisonment in a county jail for a period of not more than six months, or a fine not exceeding one thousand dollars ($1,000), or both.

(2) Multiple acts in violation of subdivision (a) with a single victim, when the offender has no prior conviction for sexual exploitation, shall be punishable by imprisonment in a county jail for a period of not more than six months, or a fine not exceeding one thousand dollars ($1,000), or both.

(3) An act or acts in violation of subdivision (a) with two or more victims shall be punishable by imprisonment in the state prison for a period of 16 months, two, or three years, and a fine not exceeding ten thousand dollars ($10,000); or the act or acts shall be punishable by imprisonment in a county jail for a period of not more than one year, or a fine not exceeding one thousand dollars ($1,000), or both.

(4) Two or more acts in violation of subdivision (a) with a single victim, when the offender has at least one prior conviction for sexual exploitation, shall be punishable by imprisonment in the state prison for a period of 16 months, two, or three years, and a fine not exceeding ten thousand dollars ($10,000); or the act or acts shall be punishable by imprisonment in a county jail for a period of not more than one year, or a fine not exceeding one thousand dollars ($1,000), or both.

(5) An act or acts in violation of subdivision (a) with two more victims, and the offender has at least one prior conviction for sexual exploitation, shall be punishable by imprisonment in the state prison for a period of 16 months, two, or three years, and a fine not exceeding ten thousand dollars ($10,000).

For purposes of subdivision (a), in no instance shall consent of the patient or client be a defense. However, physicians and surgeons shall not be guilty of sexual exploitation for touching any intimate part of a patient or client unless the touching is outside the scope of medical examination and treatment, or the touching is done for sexual gratification.

(c) For purposes of this section:

(1) "Psychotherapist" has the same meaning as defined in Section 728.

(2) "Sexual contact" means sexual intercourse or the touching of an intimate part of a patient for the purpose of sexual arousal, gratification, or abuse.

(3) "Intimate part" and "touching" have the same meanings as defined in Section 243.4 of the Penal Code.

(d) In the investigation and prosecution of a violation of this section, no person shall seek to obtain disclosure of any confidential files of other patients, clients, or former patients or clients of the physician and surgeon or psychotherapist.

(e) This section shall not apply to sexual contact between a physician and surgeon and his or her spouse or person in an equivalent domestic relationship when that physician and surgeon provides medical treatment, other than psychotherapeutic treatment, to his or her spouse or person in an equivalent domestic relationship.

(f) If a physician and surgeon or psychotherapist in a professional partnership or similar group has sexual contact with a patient in violation of this section, another physician and surgeon or psychotherapist in the partnership or group shall not be subject to action under this section solely because of the occurrence of that sexual contact.

SEC. 3. Section 802 of the Penal Code is amended to read:

802. (a) Except as provided in subdivision (b), prosecution for an offense not punishable by death or imprisonment in the state prison shall be commenced within one year after commission of the offense.

(b) Prosecution for a misdemeanor violation of Section 647.6 or former Section 647a, committed with or upon a minor under the age of 14 years shall be commenced within two years after commission of the offense.

(c) Prosecution of a misdemeanor violation of Section 729 of the Business and Professions Code shall be commenced within two years after commission of the offense.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1073

An act to add Sections 40510.5 and 40523 to the Health and Safety Code, relating to air pollution.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 40510.5 is added to the Health and Safety Code, to read:

40510.5. The south coast district shall not increase any fee charged for a permit or variance, or for any activity that is required for compliance with the rules and regulations of the south coast district, by a percentage greater than any percentage increase in the state Consumer Price Index, as provided in Section 2212 of the Revenue and Taxation Code, for the preceeding fiscal year.

SEC. 2. Section 40523 is added to the Health and Safety Code, to read:

40523. The total amount of fees collected by the south coast district in any fiscal year shall not exceed the amount of fees collected by the district in the 1993–94 fiscal year, except that the amount may be adjusted annually in the 1994–95 fiscal year and subsequent fiscal years to reflect any increase in the Consumer Price Index as provided in Section 2212 of the Revenue and Taxation Code. This limitation shall not affect or limit the fees which may be imposed and collected pursuant to a state or a federal mandate imposed on or after January 1, 1994.

SEC. 3. This act shall become operative only if Assembly Bill 1890 is enacted.

CHAPTER 1074

An act to add Division 32.5 (commencing with Section 60200) to the Public Resources Code, relating to solid waste.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Division 32.5 (commencing with Section 60200) is added to the Public Resources Code, to read:

DIVISION 32.5. VENTURA COUNTY WASTE MANAGEMENT AUTHORITY

CHAPTER 1. GENERAL PROVISIONS

Article 1. Title

60200. This division shall be known, and may be cited, as the Ventura County Waste Management Authority Act.

Article 2. Definitions

60201. Unless the context requires otherwise, the definitions in this chapter govern the construction of this division. Any terms that are not defined in this chapter, but are defined in the California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000)), shall have the same meaning as defined in that act.

60201.5. "Authority" means the Ventura County Waste Management Authority formed pursuant to this division.

60202. "Board" means the board of directors of the authority.

60202.5. "County" means the County of Ventura.

60203. "Task force" means the local task force in the county convened pursuant to Section 40950, but as the task force was composed as of January 1, 1993.

60203.5. "Reorganization plan" means the reorganization plan required by Section 60211.

60204. "Represented agency" means the county and each city within the county that has become and remains a represented agency in accordance with Section 60232 and any city that subsequently becomes a represented agency in accordance with subdivision (c) of Section 60235.

60204.5. "State act" means the California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000)).

60205. "Study" means the study required by Section 60210.

60205.5. "Sanitation district" means the Ventura Regional Sanitation District, which is a county sanitation district organized pursuant to Chapter 3 (commencing with Section 4700) of Part 3 of Division 5 of the Health and Safety Code.

CHAPTER 2. STUDY AND REORGANIZATION PLAN

60210. On or before March 1, 1994, the county, the cities within the county, and the sanitation district shall cause a study to be conducted, which shall include an audit and assessment. The study shall be submitted to the task force for final review and approval. Approval of the study shall require the affirmative vote of the city representatives from seven cities on the task force and the two representatives of the county casting a single vote in the affirmative. In addition to any other matter that may be addressed, the study shall address all of the following:

(a) An assessment of the authority's optimum organizational structure, system of management and administration, projected budget, source of funding, and the personnel necessary to accomplish the functions of the authority.

(b) An assessment of the optimum schedule and procedure for the commencement of operations of the authority, including the availability of startup funding, organizational implementation, and the assumption of powers and duties.

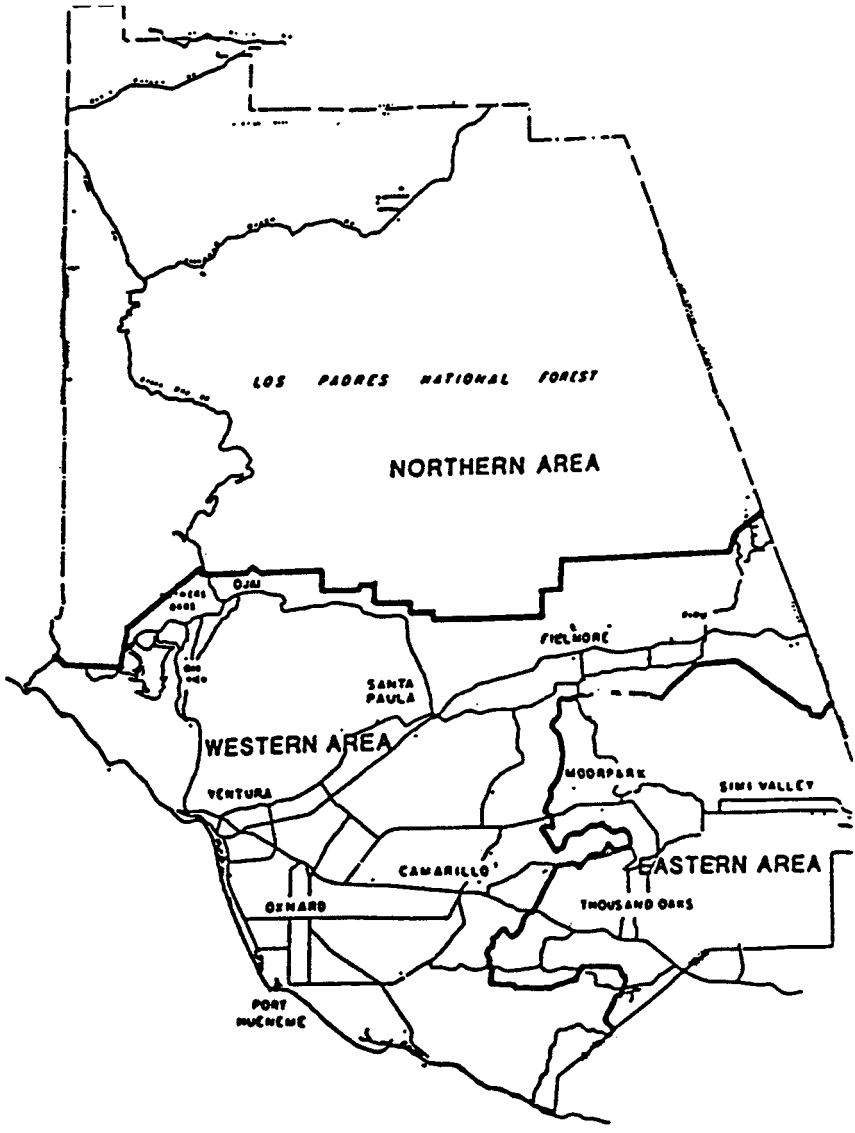
(c) An identification and quantification of all assets now used for countywide solid waste planning and an assessment of how those assets shall be transferred to the authority.

(d) An identification of all solid waste facilities and operations of the county and each city within the county, and an assessment of how, and if, those facilities and operations, including related assets, liabilities, and reserves, may be transferred to the authority.

(e) An identification of the solid waste facilities and operations of the sanitation district, and an assessment of how those facilities and operations, including related assets, liabilities, and reserves, may be transferred to the authority.

(f) An identification of the wastewater facilities and operations of the sanitation district, including related assets, liabilities, and reserves.

(g) An identification and estimation of the liabilities of the sanitation district and an assessment of how, and to what extent, those liabilities may be apportioned to liabilities in connection with the sanitation district's solid waste operations, to be transferred to the authority, or to any liabilities associated with its wastewater operations that will be continued by the sanitation district pursuant to subdivision (b) of Section 60212.



(h) An identification and estimation of all anticipated federal, state, and local remediation, closure, and postclosure obligations related to all solid waste facilities or operations that may be transferred to the authority, whether owned or operated by the county, any city within the county, or the sanitation district, and an assessment of how, whether, and to what extent, those obligations can be funded from solid waste operations, assets, and reserves to be transferred to the authority.

(i) An identification of all contracts, franchises, licenses, memoranda of understanding, and joint powers agreements of the county and each city within the county that affect solid waste management, and an assessment of how, whether, and to what extent, those agreements and existing law affect the anticipated scope of the authority's functions; whether, by agreement or consent of interested parties, those agreements may be amended to expand the scope of the authority's anticipated functions; and whether those agreements should be transferred to, or be administered by, the authority.

(j) An identification of all contracts, franchises, licenses, memoranda of understanding, and joint powers agreements that allocate, share, or indemnify liabilities by or of the county or any city within the county pertaining to any solid waste facility or operation, and an assessment of how, whether, and to what extent, those agreements may be transferred to the authority, and how, and to what extent, the obligations can be funded from solid waste operations, assets, and reserves to be transferred to the authority.

(k) An identification of all persons whose consent or agreement is required to enable the transfer to the authority of the solid waste facilities and operations, and related assets, liabilities, agreements, or obligations, identified in the study for transfer, and an assessment of whether those consents or agreements have been or can be obtained.

(*l*) The identification of administrative regions in the county. For purposes of this subdivision, the western, eastern, and northern regions are defined as shown in the following map:

LOS PADRES NATIONAL FOREST
NORTHERN AREA
OJAI
FILLMORE
SANTA PAULA
WESTERN AREA
VENTURA
MOORPARK
SIMI VALLEY
CAMARILLO
EASTERN AREA
OXNARD
THOUSAND OAKS
PORT HUENEME

60211. On or before July 1, 1994, based on the study, the county, the cities within the county, and the sanitation district shall cause a reorganization plan to be prepared. The reorganization plan shall be submitted to the task force for final review and approval. Approval of the reorganization plan shall require the affirmative vote of the city representatives from seven cities on the task force and the two representatives of the county casting a single vote in the affirmative. In addition to any other matter that may be provided for, the reorganization plan shall provide for all of the following:

(a) The authority's organizational structure, system of management and administration, initial projected budget, source of funding, and the personnel necessary to accomplish the functions of the authority.

(b) The schedule and procedures for the commencement of operations by the authority, including startup funding, organizational implementation, the transfer of assets and liabilities, and the assumption of powers and duties.

(c) The means by which those assets now used for countywide solid waste planning, identified for transfer in the study, may be transferred to the authority.

(d) The means by which those solid waste facilities and operations of the county, any city within the county, or the sanitation district, identified for transfer in the study, together with related assets, liabilities, and reserves, and any liabilities apportioned to solid waste operations, may be transferred to the authority.

(e) The means by which all persons whose consent or agreement is required can be obtained to enable the transfer to the authority of the solid waste facilities and operations, and related assets, liabilities, contracts, and obligations, and, if they cannot be obtained, the means by which their administration may be conducted by the authority without impairment of obligations.

(f) The means by which contracts, franchises, licenses, memoranda of understanding, and joint powers agreements of the county and cities within the county may be transferred to, and be administered by, the authority; provided, however, that the reorganization plan shall not require that the county or any city within the county transfer to the authority any agreement or franchise which they may have with their respective collectors of solid waste.

(g) Recommendations for the modification of any contracts, franchises, licenses, memoranda of understanding, or joint powers agreements, identified in the study, that would affect the authority's functions.

(h) Recommendations for alternatives to implementation if the requisite number of cities within the county do not elect to become represented agencies.

60212. (a) The reorganization plan may provide that the sanitation district transfer ownership, operation, and control to the authority of all of its solid waste facilities and operations, together

with all related assets, reserves, and obligations, now owned, operated, or controlled by it.

(b) If the reorganization plan provides for the transfer pursuant to subdivision (a), the sanitation district shall, however, retain its wastewater facilities and operations, including related assets, reserves, and obligations, and the reorganization plan shall not abrogate or limit the sanitation district's discretion with regard to its wastewater operations.

60213. (a) If the authority is formed, the authority, each represented agency, and the sanitation district shall implement the reorganization plan in accordance with its terms.

(b) All permits from regulatory agencies that are identified in the study and the reorganization plan for transfer to the authority shall be transferred only pursuant to existing law.

CHAPTER 3. FORMATION

60215. (a) The authority shall be formed if both the following conditions are met:

(1) The county board of supervisors and the city councils of seven or more of the 10 cities currently within the county vote, by a majority vote of each of their governing bodies, to approve formation of the authority. Any city whose city council took no action to approve the formation or any city where the city council disapproves formation of the authority shall not be a represented agency, and the jurisdictional boundaries of that city shall not be included within the territory of the authority. The county and any city that becomes a represented agency shall be deemed to have approved the terms and conditions of the study and the reorganization plan.

(2) Formation of the authority is approved by the local agency formation commission in accordance with the Cortese-Knox Local Government Reorganization Act of 1985 (Division 1 (commencing with Section 56000) of Title 6 of the Government Code).

(b) This division shall become inoperative on January 1, 1995, if the county and the requisite number of cities within the county have not voted to form the authority in accordance with subdivision (a).

60216. If the authority is formed pursuant to this chapter, it is a legally separate and distinct entity from its represented agencies with its own assets and liabilities. Except if otherwise expressly provided in this division, none of the assets or liabilities of the authority shall be the assets or liabilities of any of its represented agencies. The territory of the authority shall encompass all of the territory lying within the unincorporated area of the county and all of the territory lying within the boundaries of each of the represented agencies. The territory of the authority may change from time to time in accordance with any change in represented agencies.

60217. Any agreement regarding indemnification by the authority shall be consistent with existing law, and shall be

considered and approved or disapproved prior to any action by the county board of supervisors, the city councils, and the local agency formation commission pursuant to Section 60215. An indemnification agreement shall not be effective unless the county and any city that becomes a represented agency concur in the indemnification agreement.

CHAPTER 4. WITHDRAWAL AND FUTURE ADMITTANCE OF REPRESENTED AGENCIES

60220. (a) The authority is a "district" or "special district" for purposes of the Cortese-Knox Local Government Reorganization Act of 1985 (Division 1 (commencing with Section 56000) of Title 6 of the Government Code).

60221. Any city that is a represented agency may withdraw from the authority by giving the authority a notice of withdrawal in accordance with procedures adopted by the board, except that the withdrawing city shall continue to be bound by any and all obligations that, prior to the city's notice of withdrawal, were created pursuant to this division, including, but not limited to, any obligation to commit the processing or disposal of the city's solid waste to a particular solid waste facility. The withdrawing city may reassume control over the solid waste when that commitment expires or when the city provides to the authority and the solid waste facility financial assurances that are satisfactory to the board and the solid waste facility.

60222. Any city within the county that is not a represented agency or that was incorporated after the formation of the authority may, at any time, by a majority vote of the city council, become a represented agency.

CHAPTER 5. POWERS AND DUTIES

60230. (a) No provision of this act shall be construed to grant any powers to, or impose any duties upon, the authority that are not otherwise granted or imposed by, or that in any way conflict with, the state act.

(b) The authority is a regional agency for purposes of, and, as such, is subject to, the state act, including, but not limited to, the conditions set forth in Article 3 (commencing with Section 40970) of Chapter 1 of Part 2 of Division 30.

(c) It is not the intent of the Legislature in enacting this division to diminish the responsibility of individual cities and counties to implement source reduction, recycling, and composting programs as required by the state act.

60231. The authority shall operate the Bailard and Toland landfills throughout the life of the landfills, and shall perform policy development and planning, systems management, and program implementation with employees of the authority, except where

Section 53060 of the Government Code may be applicable.

CHAPTER 6. LIMITATIONS ON AND RESERVATION OF POWERS

60240. Nothing in this division shall limit or in any way impair the authority of the California Integrated Waste Management Board, any other state agency, the local enforcement agency in the county, any health department or unit of the county, or any city within the county from exercising those powers and duties that arise from the state act, any other state law, or any federal law, nor does this division in any way limit or impair the ultimate responsibility of each represented agency to prepare and implement, and comply with, Part 2 (commencing with Section 40900) of Division 30.

60241. Nothing in this division shall limit or in any way impair the power of the county or any city within the county to exercise its police powers with regard to the adoption and implementation of its general plan, zoning laws, or other laws regulating land use, including, but not limited to, the issuance of conditional use permits or other permits governing the use of land or facilities within its jurisdiction.

60242. Except with regard to obligations that exist between the authority and its represented agencies, nothing in this division shall create any liability of any represented agency to any person which the represented agency would not otherwise have had if this division had not been enacted, nor shall this division modify, increase, nullify, or otherwise in any way affect any liability of any represented agency to any person.

60243. Nothing in this division modifies or abrogates in any manner any franchise, contract, license, or other agreement entered into prior to the date of formation of the authority. No action or proceeding which is commenced prior to the date of formation of the authority, and no right that has accrued, is affected by this division, but any procedures taken after that date in any action or proceeding shall conform to this division insofar as possible.

60244. In accordance with Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code, the authority shall recognize the Service Employees International Union Local 998 as the exclusive representative for the employees of the authority for the purposes of collective bargaining concerning wages, hours, terms, and other conditions of employment. Contracts establishing wages, hours, terms, and other conditions of employment for employees of the sanitation district and the Ventura County Solid Waste Management Department, in effect at the time of the establishment of the authority shall be binding on the authority unless and until such contracts are replaced by new contracts negotiated between the labor organization and the authority.

CHAPTER 7. BOARD OF DIRECTORS

60245. (a) The authority shall be governed by a board of directors. The board shall be composed of one member from each represented agency who is a county supervisor or a city council member, as the case may be. Each member of the board shall serve at the discretion of the respective represented agency. For each member of the board, there shall also be an alternate, selected in the same manner as the member, and that alternate shall act in case the member is absent, disqualified, or unable to act.

(b) Subject to terms and conditions established by the board, each member of the board may be paid by the respective represented agency for services or other activities performed by the board member for, or on behalf of, the authority. Each member of the board may be entitled to reimbursement by the respective representative agency for the member's actual and necessary expenses incurred during the performance of the member's official duties on the board.

60246. (a) Each member of the board shall have one vote. A majority of the board members shall constitute a quorum of the board. A quorum of the board shall be present if any action is to be taken by the board. Any meeting of the board may be adjourned or recessed by a vote of the members if less than a quorum is present. Except as otherwise provided by law, a majority of the members of the board present at any meeting shall be required to approve or otherwise act on any matter, except that a two-thirds vote of the members of the board shall be required for any of the following actions:

(1) To establish charges, rates, or fees for any solid waste facility, and only after a noticed public hearing.

(2) To make a determination that any solid waste facility should be operated or owned by the authority.

(b) (1) A tie vote of the board shall be deemed a denial of the proposed action.

(2) The board shall maintain minutes of its meetings, including its decisions, deliberations, and resolutions, and those minutes shall be public records.

60252. The board may, by resolution, delegate to a general manager and other employees of the authority those powers that are necessary or advisable to accomplish the timely and efficient performance of the authority's administrative functions and to carry out the policies, procedures, and decisions of the board. However, the board shall delegate only those powers that are appropriate for the exercise of executive and administrative functions and shall reserve to itself those powers that are properly exercised through the regular deliberative and decisionmaking process of the board.

CHAPTER 8. FINANCIAL MANAGEMENT AND AUDITS

60255. (a) The board shall cause an annual independent audit of the financial affairs of the authority to be conducted. At least once

every three years, the board shall also cause a management audit to be conducted to determine the efficiency of the authority's operations, including, but not limited to, a cost-benefit analysis of all major programs and operations. The audits shall be published annually by the authority and copies forwarded to each represented agency. Except as limited by this section, the board may prescribe the method of auditing.

(b) The fiscal year of the authority shall commence on the first day of July each year and shall continue until the close of the 30th day of June of the year following.

60256. The investment of any surplus money of the authority shall be governed by Article 1 (commencing with Section 53600) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. The board may deposit the funds of the authority in banks in the manner provided by law for the deposit of the money of a local agency.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1075

An act to amend Sections 6501.8 and 9021.6 of, and to add Sections 9021.7 and 9021.9 to, the Labor Code, relating to occupational safety and health, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6501.8 of the Labor Code is amended to read:

6501.8. (a) For purposes of this chapter, "asbestos-related work" means any activity which by disturbing asbestos-containing construction materials may release asbestos fibers into the air and which is not related to its manufacture, the mining or excavation of asbestos-bearing ore or materials, or the installation or repair of automotive materials containing asbestos.

(b) For purposes of this chapter, "asbestos containing construction material" means any manufactured construction material that contains more than one-tenth of 1 percent asbestos by weight.

(c) For purposes of this chapter, "asbestos-related work" does not include the installation, repair, maintenance, or nondestructive removal of asbestos cement pipe used outside of buildings, if the installation, repair, maintenance, or nondestructive removal of asbestos cement pipe does not result in asbestos exposures to employees in excess of the action level determined in accordance with Sections 1529 and 5208 of Title 8 of the California Code of Regulations, and if the employees and supervisors involved in the operation have received training through a task-specific training program, approved pursuant to Section 9021.9, with written certification of completion of that training by the training entity responsible for the training.

SEC. 2. Section 9021.6 of the Labor Code is amended to read:

9021.6. The division may charge a fee to each asbestos consultant and site surveillance technician who applies for certification pursuant to subdivision (b) of Section 9021.5 and Article 11 (commencing with Section 7180) of Chapter 9 of Division 3 of the Business and Professions Code. The fee shall be sufficient to cover the division's cost for administering the certification process, including preparation and administration of the examination. The fees collected shall be deposited in the Asbestos Consultant Certification Account. Establishment of any fee pursuant to this section shall be accomplished through the regulatory process required by subdivision (b) of Section 9021.5.

SEC. 3. Section 9021.7 is added to the Labor Code, to read:

9021.7. (a) There is hereby created the Asbestos Training and Consultant Certification Fund, which shall consist of the Asbestos Training Approval Account and the Asbestos Consultant Certification Account. Moneys in the Asbestos Training Approval Account shall consist of the fees collected pursuant to Section 9021.9. Moneys in the Asbestos Consultant Certification Account shall consist of the fees collected pursuant to Section 9021.6.

(b) Moneys in the Asbestos Training Approval Account shall be available, upon appropriation by the Legislature, for expenditure only for administering the training entity approval process provided for in Section 9021.9. Moneys in the Asbestos Consultant Certification Account shall be available, upon appropriation by the Legislature, only for administering the certification process provided for in Section 9021.6.

SEC. 4. Section 9021.9 is added to the Labor Code, to read:

9021.9. (a) The division shall establish an advisory committee to develop and recommend by September 30, 1994, for action by the standards board in accordance with Section 142.3, specific requirements for hands-on, task-specific training programs for all craft employees who may be exposed, to asbestos-containing construction materials and all employees and supervisors involved in operations pertaining to asbestos cement pipe, as specified in subdivision (c) of Section 6501.8. The training programs shall include, but not be limited to, the following information:

(1) The physical characteristics and health hazards of asbestos.

(2) The types of asbestos cement pipe or asbestos-containing construction materials an employee may encounter in his or her specific work assignments.

(3) Safe practices and procedures for minimizing asbestos exposures from operations involving asbestos cement pipe or asbestos-containing construction materials.

(4) A review of general industry and construction safety orders relating to asbestos exposure.

(5) Hands-on instruction using pipe or other construction materials and the tools and equipment employees will use in the workplace.

(b) The division shall approve training entities to conduct task-specific training programs that include the requirements prescribed by the standards board pursuant to this section for employees and supervisors involved in operations pertaining to asbestos cement pipe or asbestos-containing construction materials.

(c) The division shall charge a fee to each asbestos training entity approved by the division pursuant to subdivision (b). The fee shall be sufficient to cover the division's cost for administering the approval process provided for in subdivision (b). The fees collected shall be deposited in the Asbestos Training Approval Account. Establishment of any fee pursuant to this section shall be accomplished through the regulatory process required by subdivision (b) of Section 9021.5.

SEC. 5. This act shall in no way diminish the requirements of Sections 1529 and 5208 of Title 8 of the California Code of Regulations, including, but not limited to, notice requirements and worker health and safety protection requirements.

SEC. 6. Amounts that are deposited in the Asbestos Training Approval Account of the Asbestos Training and Consultant Certification Fund in the 1993–94 fiscal year are hereby appropriated to the Department of Industrial Relations for operating costs in administering the training entity approval process provided for in Section 9021.9 of the Labor Code in the 1993–94 fiscal year.

CHAPTER 1076

An act to amend Sections 42300, 42301, 42310, and 42330 of, to add Chapter 5.4 (commencing with Section 42290) to Part 3 of Division 30 of, and to repeal Article 2 (commencing with Section 41970) of Chapter 9 of Part 2 of Division 30 of, the Public Resources Code, and to amend Section 7 of Chapter 1012 of the Statutes of 1991, relating to solid waste.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 41970) of Part 2 of Division 30 of the Public Resources Code is repealed.

SEC. 2. Chapter 5.4 (commencing with Section 42290) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 5.4. PLASTIC TRASH BAGS

42290. For purposes of this chapter, the following terms have the following meaning:

(a) "Manufacturer" means a person who manufactures plastic trash bags for sale in this state.

(b) (1) "Plastic trash bag" means a bag that is manufactured for intended use as a container to hold, store, or transport materials to be discarded, composted, or recycled, including, but not limited to, garbage bags, composting bags, lawn and leaf bags, can-liner bags, kitchen bags, compactor bags, and recycling bags.

(2) A plastic trash bag does not include a grocery sack or any other bag that is manufactured for intended use as a container to hold, store, or transport food.

(3) A plastic trash bag does not include any plastic bag that is used for the purpose of containing either of the following wastes:

(A) "Hazardous waste," as defined in Section 25117 of the Health and Safety Code.

(B) "Medical waste," as defined in Section 25023.2 of the Health and Safety Code.

(c) "Postconsumer material" means a finished product that would normally be disposed of as solid waste, having completed its intended end-use and product life cycle. "Postconsumer material" does not include manufacturing and fabrication scrap.

(d) 'Wholesaler' means any person who purchases plastic trash bags from a manufacturer for resale in this state.

42291. (a) Every manufacturer that manufacturers plastic trash bags of 1.0 mil or greater thickness for sale in this state shall ensure that at least 10 percent of the material used in those plastic trash bags is recycled plastic postconsumer material.

(b) (1) On and after January 1, 1995, every manufacturer that manufactures plastic trash bags of 0.75 mil or greater thickness for sale in this state shall ensure that at least 30 percent of the material used in those plastic trash bags is recycled plastic postconsumer material.

(2) If any manufacturer is unable to obtain sufficient amounts of recycled plastic postconsumer material to comply with this subdivision within a reporting period because of unavailability or because the available material did not meet recycled plastic

postconsumer material quality standards adopted by the board, the manufacturer shall certify that fact to the board.

42292. Each manufacturer shall obtain from its suppliers of recycled plastic postconsumer material for use in the manufacture of plastic trash bags a statement identifying the quantity and proximate prior usage of, and the actual postconsumer material content of, each shipment of recycled plastic postconsumer material purchased by the manufacturer, and any other information that the board, may, by regulation, require the manufacturer to obtain from its suppliers, for purposes of inclusion in the annual report required by Section 42293.

42293. On or before March 1, 1994, and annually thereafter, each manufacturer shall submit a report to the board certifying that it has complied with Section 42291 during the preceding calendar year, certifying the name and physical location of each of its suppliers of recycled plastic postconsumer material for use in the manufacture of plastic trash bags, and containing the information obtained pursuant to Section 42292 and any other information that the board may require by regulation. Any manufacturer that processes its own recycled plastic postconsumer material shall certify to the board that it is the supplier of the material.

42294. (a) Every wholesaler of plastic trash bags of 1.0 mil or greater thickness sold in this state shall certify to the board the name and physical location of each manufacturer from whom it purchased plastic trash bags for purposes of inclusion in the annual report required by subdivision (c).

(b) On and after January 1, 1995, every wholesaler of trash bags of 0.75 mil or greater thickness sold in this state shall certify to the board the name and physical location of each manufacturer from whom it purchased plastic trash bags for purposes of inclusion in the annual report required by subdivision (c).

(c) On or before March 1, 1994, and annually thereafter, each wholesaler shall submit a report to the board containing the certification required by this section for the preceding calendar year, together with any other information that the board may require by regulation.

42295. Each supplier, manufacturer, and wholesaler required to provide a certification or any information pursuant to this chapter shall be subject to audit by the board.

42296. (a) If any supplier provides a manufacturer with false or misleading information, the board, within 30 days of determining that fact, shall refer the false or misleading information to the Attorney General for prosecution for fraud.

(b) If any manufacturer or wholesaler provides the board with a false or misleading certification or other information, the board, within 30 days of determining that fact, shall refer the false or misleading certification or information to the Attorney General for prosecution for fraud.

42297. (a) The board may adopt such regulations as it determines are necessary to more specifically define terms for

purposes of the chapter and to otherwise implement this chapter.

(b) On or before July 1, 1994, and annually thereafter, the board shall publish a list of any suppliers, manufacturers, or wholesalers who have failed to comply with this chapter.

SEC. 3. Section 42300 of the Public Resources Code is amended to read:

42300. The Legislature finds and declares all of the following:

(a) Recycling rigid plastic packaging containers saves landfill space, reduces energy consumption, and preserves natural resources.

(b) The California Integrated Waste Management Act of 1989 requires cities and counties to reduce the amount of waste disposed in landfills by 50 percent by the end of the decade through source reduction, recycling, and composting.

(c) Rigid plastic packaging containers represent a significant component of the solid waste generated in the state.

(d) In order for recycling in the state to be successful, it is critical that stable, in-state markets be developed for material separately collected from the waste stream and processed for recycling.

(e) As of the effective date of this chapter, curbside collection of recyclables is available to nearly 20 percent of the state's residents. In order to expand the variety of materials collected in these programs, including all rigid plastic packaging containers, it is essential that stable markets exist for the plastic materials collected.

(f) The state has required several types of products to use increasing levels of postconsumer recycled material in their manufacture, including newsprint, glass containers, and plastic trash bags.

(g) Some of the nation's largest consumer product manufacturers have announced plans to require, or are currently requiring, their plastic packaging suppliers to provide them with containers comprised of increasing levels of postconsumer recycled materials, demonstrating that the technology is already available to use recycled material to make new plastic packaging containers. However, many businesses continue to purchase packaging materials made from 100 percent virgin plastic and to sell them in the state.

(h) The food and consumer products industries are manufacturing safe products and packaging using plastic materials, some of which use less raw material than other packaging materials through source reduction and the reuse and recycling of used plastic materials.

(i) The Legislature recognizes that the need to reduce the amount of solid waste generated by food products must be balanced with the need to package those products so that they are resistant to tampering, damage, and spoilage.

(j) It is, therefore, the intent of the Legislature to spur markets for plastic materials collected for recycling by requiring manufacturers to utilize increasing amounts of postconsumer recycled material in their rigid plastic packaging containers only if the use of that material does not present an unreasonable risk to the public health and safety,

and to achieve high recycling rates for these rigid plastic packaging containers.

SEC. 4. Section 42301 of the Public Resources Code is amended to read:

42301. For purposes of this chapter, the following definitions apply:

(a) "Curbside collection program" means a recycling program that collects materials set out by homeowners for collection at the curb at intervals not less than every two weeks. "Curbside collection program" does not include redemption centers, buyback locations, drop-off programs, material recovery facilities, or plastic recovery facilities.

(b) "Refillable package" means a rigid plastic packaging container which the board determines is routinely returned to and refilled by the product manufacturer at least five times with the original product contained by the package.

(c) "Reusable package" means a rigid plastic packaging container which the board determines is routinely reused by consumers at least five times to store the original product contained by the package.

(d) "Manufacturer" means the producer or generator of a product which is sold or offered for sale in the state and which is stored inside of a rigid plastic packaging container.

(e) "Rigid plastic packaging container" means any plastic package having a relatively inflexible finite shape or form, with a minimum capacity of eight fluid ounces or its equivalent volume and a maximum capacity of five fluid gallons or its equivalent volume, that is capable of maintaining its shape while holding other products, including, but not limited to, bottles, cartons, and other receptacles, for sale or distribution in the state.

(f) "Postconsumer material" means a material that would otherwise be destined for solid waste disposal, having completed its intended end-use and product lifecycle. Postconsumer material does not include materials and byproducts generated from, and commonly reused within, an original manufacturing and fabrication process.

(g) "Recycled" means a product or material which has been reused in the production of another product and has been diverted from disposal in a landfill.

(h) "Recycling rate" means one of the following:

(1) The proportion, as measured by weight, volume, or number, that all rigid plastic packaging containers, notwithstanding the size limitations set forth in subdivision (d) or the exemption status as set forth in subdivisions (b) and (c) of Section 42340, in the aggregate, sold, or offered for sale in the state are being recycled in a given calendar year.

(2) The proportion, as measured by weight, volume, or number, that a PETE rigid plastic packaging container sold or offered for sale in the state is being recycled in a given calendar year, notwithstanding the size limitations set forth in subdivision (d) or

the exemption status as set forth in subdivisions (b) and (c) of Section 42340.

(3) The proportion, as measured by weight, volume, or number, that a particular type of rigid plastic packaging container sold or offered for sale in the state, such as a milk jug, soft drink container, or detergent bottle, is being recycled in a given calendar year.

(4) The proportion, as measured by weight, volume, or number, that a product-associated rigid plastic packaging container sold or offered for sale in the state is being recycled in a given calendar year.

(i) (1) "Source reduced container" means either of the following:

(A) A rigid plastic packaging container for which the manufacturer seeks compliance as of January 1, 1995, whose package weight per unit or use of product has been reduced by 10 percent when compared with the packaging used for that product by the manufacturer from January 1, 1990, to December 31, 1994.

(B) A rigid plastic container for which the manufacturer seeks compliance after January 1, 1995, whose package weight per unit or use of product has been reduced by 10 percent when compared with one of the following:

(i) The packaging used for the product by the manufacturer on January 1, 1995.

(ii) The packaging used for that product by the manufacturer over the course of the first full year of commerce in this state.

(iii) The packaging used in commerce that same year for similar products whose containers have not been considered source reduced.

(2) A rigid plastic packaging container is not a source reduced container for the purposes of this chapter if the packaging reduction was achieved by any of the following:

(A) Substituting a different material type for a material which previously constituted the principal material of the container.

(B) Increasing a container's weight per unit or use of product after January 1, 1991.

(C) Packaging changes that adversely affect the potential for the rigid plastic packaging container to be recycled or to be made of postconsumer material.

(j) "Product-associated rigid plastic packaging container" means a brand-specific, rigid plastic packaging line which may have one or more sizes, shapes, or designs and which is used in conjunction with a particular generic product line.

(k) "PETE" means polyethylene terephthalate as specified in subdivision (a) of Section 18015.

(*l*) "HDPE" means high-density polyethylene.

SEC. 5. Section 42310 of the Public Resources Code is amended to read:

42310. Except as otherwise provided in this chapter, on and after January 1, 1995, every rigid plastic packaging container sold or offered for sale in the state shall on average meet one of the following criteria:

(a) Be made from 25 percent postconsumer material.

(b) Have a recycling rate of 25 percent, based on annual reports published by the board on and after January 1, 1993. For purposes of this subdivision, PETE material shall be included in this calculation.

(c) Have a recycling rate of 55 percent if its primary material is PETE, based on annual reports published by the board on and after January 1, 1993.

(d) Have a recycling rate of 45 percent if it is a product-associated rigid plastic packaging container, or is used in conjunction with a particular generic product line.

(e) Be reusable or refillable.

(f) Be a source reduced container.

SEC. 6. Section 42330 of the Public Resources Code is amended to read:

42330. (a) The board shall grant a waiver from the postconsumer material content requirement of subdivision (a) of Section 42310, but not from any other requirement of Section 42310, if the board finds one or more the following:

(1) The rigid plastic packaging containers cannot meet the postconsumer material requirements of subdivision (a) of Section 42310 and remain in compliance with applicable provisions of regulations adopted by the Food and Drug Administration or other state or federal laws or regulations.

(2) It is technologically infeasible to use rigid plastic packaging containers which achieve the postconsumer material requirement of subdivision (a) of Section 42310.

(b) The board shall grant a waiver from all of the requirements of Section 42310 if the board finds either of the following:

(1) Less than 60 percent of the single-family homes in the state on and after January 1, 1994, have curbside collection programs which include beverage container recycling.

(2) At least 50 percent, by number, of a manufacturer's rigid plastic packaging containers sold or offered for sale in the state in the current calendar year achieve the postconsumer material requirements of subdivision (a) of Section 42310 and all of the manufacturer's rigid plastic packaging containers will comply with the requirements of Section 42310 on or before January 1, 1996.

(c) The board shall grant a one-year waiver from all of the requirements of Section 42310 for products packaged in rigid plastic packaging containers that are introduced and sold in this state after January 1, 1995.

SEC. 7. Section 7 of Chapter 1012 of the Statutes of 1991 is amended to read:

Sec. 7. (a) The California Integrated Waste Management Board shall submit recommendations to the Legislature by January 1, 1994, concerning programs which are needed to develop markets and encourage high levels of recycling for mixed paper waste.

(b) For the purposes of this section only, "mixed paper waste" means used paper stock that consists of a mixture of various qualities

of used paper not limited on the basis of fiber content, and includes, but is not limited to, used residential mail, office paper, and other grades of used paper stock that is not otherwise classified.

For this purpose "office paper" means paper waste commonly generated within the office environment, including, but not limited to, envelopes, computer print-out paper, colored ledger paper, and high-grade paper.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1077

An act to amend Sections 8555 and 8674 of the Business and Professions Code, relating to structural pest control.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 8555 of the Business and Professions Code is amended to read:

8555. This chapter does not apply to:

(a) Public utilities operating under the regulations of the State Railroad Commission, except to work performed upon property of such utilities not subject to the jurisdiction of the Railroad Commission or work done by said utility for hire.

(b) Persons engaged only in agricultural pest control work under permit or license by the State Department of Food and Agriculture or a county agricultural commissioner.

(c) Pest control performed by persons upon property which they own, lease or rent, except that such persons shall be subject to the limitations imposed by Article 3 of this chapter.

(d) Governmental agencies, state, federal, city, or county officials, and their employees while officially engaged.

(e) Authorized representatives of any educational institution or state or federal agency engaged in research or study of pest control, or engaged in investigation or preparation for expert opinion or testimony. Any professional engaging in research, study, investigation, or preparation for expert opinion or testimony on his

or her own behalf shall comply with the requirements of this chapter.

(f) Certified architects and registered civil engineers, acting solely within their professional capacity, except that they shall be subject to the limitations imposed by Article 3 of this chapter.

SEC. 2. Section 8674 of the Business and Professions Code is amended to read:

8674. The amount of the fees prescribed by this chapter is that fixed by the following schedule:

(a) A duplicate license fee of not more than two dollars ($2).

(b) A fee for filing a change of name of a licensee of not more than two dollars ($2).

(c) An operator's examination fee of not more than twenty-five dollars ($25).

(d) An operator's license fee of not more than one hundred fifty dollars ($150).

(e) An operator's license renewal fee of not more than one hundred fifty dollars ($150).

(f) A company registration fee of not more than one hundred twenty dollars ($120). Fees for company registrations shall be prorated for companies which held principal office registrations as of January 1, 1987.

(g) A branch office registration fee of not more than sixty dollars ($60).

(h) A field representative examination fee of not more than fifteen dollars ($15).

(i) A field representative license fee of not more than forty-five dollars ($45).

(j) A field representative license renewal fee of not more than forty-five dollars ($45).

(k) An applicator examination fee of not more than fifteen dollars ($15).

(*l*) An inspection report filing fee of not more than three dollars ($3).

(m) A fee for certifying a copy of an inspection report of not more than three dollars ($3).

(n) A fee for filing a notice of work completed of not more than two dollars ($2).

(o) A fee for filing a change of a registered company's name, principal office address, or branch office address, qualifying manager, or the names of a registered company's officers, or bond or insurance of not more than twenty-five dollars ($25) for each change.

(p) A fee for approval of continuing education providers of not more than fifty dollars ($50).

(q) A pesticide use report filing fee of not more than five dollars ($5) for each pesticide use report or combination of use reports representing a structural pest control operator's total county pesticide use for the month.

(r) A fee for approval of continuing education courses of not more than twenty-five dollars ($25).

(s) (1) Any person who pays a fee pursuant to subdivision (q) shall, in addition, pay a fee of two dollars ($2) for each pesticide use stamp purchased from the board. Notwithstanding any other provision of law, the fee established pursuant to this subdivision shall be deposited with a bank or other depository approved by the Department of Finance and designated by the Research Advisory Panel or into the Structural Pest Control Research Fund which is hereby created and continuously appropriated to be used only for structural pest control research. If the Research Advisory Panel designates that the fees be deposited in an account other than the Structural Pest Control Research Fund, any moneys in the fund shall be transferred to the designated account.

(2) Prior to the deposit of any funds, the depository shall enter into an agreement with the Department of Consumer Affairs that shall include, but not be limited to, all of the following requirements:

(A) The depository shall serve as custodian for the safekeeping of the funds.

(B) Funds deposited in the designated account shall be encumbered solely for the exclusive purpose of implementing and continuing the program for which they were collected.

(C) Funds deposited in the designated account shall be subject to an audit at least once every two years by an auditor selected by the Director of Consumer Affairs. A copy of the audit shall be provided to the director within 30 days of completion of the audit.

(D) The Department of Consumer Affairs shall be reimbursed for all expenses it incurs that are reasonably related to implementing and continuing the program for which the funds were collected in accordance with the agreement.

(E) A reserve in an amount sufficient to pay for costs arising from unanticipated occurrences associated with administration of the program shall be maintained in the designated account.

(3) A charge for administrative expenses of the board in an amount not to exceed 5 percent of the amount collected and deposited in the Structural Pest Control Research Fund may be assessed against the fund. The charge shall be limited to expenses directly related to the administration of the fund.

(4) The board shall, by regulation, establish a five-member research advisory panel including, but not limited to, representatives from each of the following: (1) the Structural Pest Control Board, (2) the structural pest control industry, (3) the Department of Food and Agriculture, and (4) the University of California. The panel shall solicit and review research proposals for recommendation to the board. The board shall distribute funds to qualified applicants, pursuant to the panel's recommendation, upon a two-thirds vote.

CHAPTER 1078

An act to add Chapter 12 (commencing with Section 6200) to Part 1 of Division 1 of the Food and Agricultural Code, relating to agriculture, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 6200) is added to Part 1 of Division 1 of the Food and Agricultural Code, to read:

CHAPTER 12. WINEGRAPE PEST AND DISEASE CONTROL DISTRICT LAW

Article 1. Findings and Definitions

6200. The Legislature finds and declares all of the following:

(a) California is the leading producer of wine in the United States, accounting for 72 percent of all wine, foreign and domestic, consumed in this country.

(b) Winegrapes are grown in virtually every county for processing by more than 800 wineries located throughout the state.

(c) California grows more than 327,455 acres of winegrapes producing 2,570,707 tons of grapes per year valued at more than seven hundred eighteen million dollars ($718,000,000), as of 1990, with a direct and indirect impact on the state's economy totaling more than eight billion six hundred million dollars ($8,600,000,000).

(d) Destructive pests and diseases, including phylloxera, pose a significant and imminent threat to the state's important grape and wine industry.

(e) Phylloxera has already infested grape acreage in many California counties, including Napa and Sonoma, resulting in losses totaling two billion dollars ($2,000,000,000) to growers and the wine industry.

(f) The state has an interest in protecting its agricultural products from further destruction by phylloxera and other harmful pests and diseases.

(g) To avoid a potentially catastrophic loss to one of California's most important industries, the Legislature declares that this chapter is in the interest of the public health and welfare.

(h) The Legislature further declares that it is in the interest of the public health and welfare that the districts authorized to be created by this chapter not duplicate existing services already being provided to grape growers by the University of California

Cooperative Extension Farm Advisor or the county agricultural commissioners.

6200.5. This chapter shall be known and may be cited as the Winegrape Pest and Disease Control District Law.

6201. It is the purpose of this chapter to make available a procedure for the organization, operation, government, and dissolution of districts to respond to, manage, and control the effects of the spread of the phylloxera pest, and other pests that attack winegrape plants, and to collect and disseminate to winegrape producers in the district all relevant information and scientific studies concerning the pest or pests, as well as to chart and determine the extent and location of any infestations.

Division 3 (commencing with Section 56000) of Title 5 of the Government Code does not apply to districts organized pursuant to this chapter.

6202. Unless the context otherwise requires, the definitions in this section govern the construction of this chapter.

(a) "Board" or "board of directors" means the board of directors of a district.

(b) "District" means a winegrape pest and disease control district organized pursuant to this chapter.

(c) "Owner" includes joint owner, coowner, guardian, executor, administrator, or any other person that holds property in a trust capacity under court appointment.

(d) "Phylloxera," Daktulosphaira vitifoliae, is an aphid-like pest in the family of Phylloxeridae that attacks winegrape plants (Vitus sp.).

(e) "Winegrapes" means grapes produced that are intended to be converted from their fresh form into grape juice, grape concentrate, wine, or products thereof, including, but not limited to, high proof and brandy produced from winegrapes.

Article 2. Formation of Districts

6210. Proceedings for the formation of a district within any county shall be commenced by a petition that is either of the following:

(a) Signed by 50 percent or more of the growers who own 65 percent or more of the affected land.

(b) Signed by 65 percent or more of the growers who own 50 percent or more of the affected land.

The petition shall be addressed to, and filed with, the board of supervisors of the county.

6211. The petition may be filed in sections, each of which shall comply with all the requirements for a petition, except that a section need not contain the total number of signatures required for the petition.

6212. Signatures to the petition may be withdrawn at any time before it has been acted upon by filing with the clerk of the board of supervisors a declaration signed by the petitioner that states that

it is the intention of the petitioner to withdraw his or her signature from the petition.

6213. (a) The petition shall state the name of the proposed district and shall set forth its boundaries or describe the lands to be included.

(b) It is a sufficient designation of the boundaries of a proposed district to recite that all the grape acreage in the county is to be included in the district, or that all the grape acreage in a designated area within the county is to be included in the district.

(c) If either designation is used, the outside boundary of the area so designated is the boundary of the district, and the district shall include all area within the outside boundary.

6214. (a) Upon the presentation and filing of a petition, the board of supervisors shall refer the petition to the county agricultural commissioner for the preparation of a register of owners of winegrape acreage within the proposed district, and for an investigation and report.

(b) The agricultural commissioner shall create a register of all winegrape acreage owners within the proposed district describing the net acreage of land devoted to the growing of winegrapes by each grower. The commissioner shall file with the register a report and recommendation to the board of supervisors on whether conditions of the phylloxera or other pest or disease warrant the board of supervisors proceeding with the organization of the district.

6215. (a) The board of supervisors shall fix a time and place for the hearing of the petition.

(b) The hearing shall not be less than 20 days, or more than 40 days, after the filing of the petition with the board of supervisors.

(c) The board of supervisors shall order the county clerk to give notice of the time and place fixed for the hearing upon the petition.

6216. The notice of hearing shall do all of the following:

(a) State the name of the district and that it is being formed for the control of winegrape pests and diseases.

(b) State the petition is available for inspection at the office of the clerk of the board of supervisors.

(c) Designate the boundaries of the proposed district in substantially the same way that they are described in the petition.

(d) State the time and place for the hearing.

(e) State that at the hearing protests will be considered by the board of supervisors.

(f) State that requests in writing for the exclusion of lands from, or the inclusion of lands in, the proposed district, will be heard and considered by the board of supervisors.

6217. Notice of the hearing shall be given by publication in a newspaper of general circulation published and circulated in the district.

6218. The notice shall be published once a week for two successive weeks prior to the date set for the hearing.

6219. At the hearing, the report of the county agricultural

commissioner shall be received. Protests may be made orally or in writing by any person interested in the formation of the proposed district. Any protest that pertains to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities and defects to which objection is made. All written protests shall be filed with the clerk of the board of supervisors on or before the time fixed for the final hearing. The hearing may be continued from time to time, not to exceed 60 days.

6220. At the hearing, any owner of winegrape acreage in the proposed district may present to the board of supervisors a request, in writing, for the exclusion of that land or any part of that land from the proposed district upon a showing that the land or part of that land will not be benefited by the activities of the proposed district. Factors that the board of supervisors may consider in its determination to exclude shall include an affidavit from the landowner stating that the land has already been affected by phylloxera or other winegrape plant pests or diseases and the winegrape plants have been removed from the land, that more than 66 percent of the subject parcel is planted with non-vinifera-crossed rootstock, including, but not limited to, St. George, S04, 5C, or 5BB rootstock, or that the subject parcel does not have a pest or disease problem that can be controlled by the district. Any owner of winegrape acreage outside the proposed district may present to the board of supervisors a request in writing for inclusion of that land in the proposed district.

6221. If the board of supervisors determines that the petition does not comply with the requirements of law, the matter may be dismissed without prejudice to present a new petition covering the same matter. A finding by the board of supervisors in favor of the sufficiency of the petition and notice is final and conclusive against all persons except the state in a proceeding brought by the Attorney General within one year of the date of the making of the order establishing and describing the boundaries of the district.

6222. (a) If the board of supervisors determines that the project is feasible and in the interest of the winegrape growers of the county, the board of supervisors shall, by order entered in its minutes, declare the district duly organized under the name designated in the petition for the formation of the district.

(b) The order shall describe the territory included in the district and, if the board of supervisors does not exclude or include land pursuant to Section 6223, it is a sufficient description of the territory to describe the boundaries in substantially the same way as they are described in the petition.

(c) A copy of the order duly certified by the clerk of the board of supervisors shall be filed for record in the office of the county recorder of the county in which the district is situated.

6223. (a) In determining the boundaries of the district, the board of supervisors shall exclude from the district any winegrape acreage that it finds will not be benefited by the proposed project, and it may include in the district any lands that it finds will be

benefited if it also finds it will be in the interest of the district to include these lands. The inclusion may be upon application of the owner or, without the owner's application, upon giving the owner notice of the proposed inclusion and an opportunity for a hearing on the inclusion.

(b) Notice of inclusion shall be mailed, postage prepaid, by the clerk of the board of supervisors, to the address of the owner of the land as shown by the last equalized county assessment roll, and to any person that has filed with the clerk that person's name and address and description of land in which he or she has either a legal or equitable interest. The notice shall describe the land proposed to be included, and shall state the time and place at which objections to the inclusion will be heard.

Article 3. Organization of Districts

6230. Upon the adoption of the order of organization, the board of supervisors shall immediately appoint a board of directors of five members to administer the affairs of the district.

6231. In order to be eligible to be a director of the district, a person shall be a citizen of the United States and of this state, and an owner of lands included in the district that are devoted, in whole or in part, to the growing of the product for which the district is established.

6232. Upon his or her appointment, each director shall, in the manner provided by law, subscribe the oath of office and file the oath with the county clerk.

6233. (a) From and after the filing for record of the order of the board of supervisors declaring the district organized, and the appointment and qualification of its first board of directors, the organization of the district is complete. The district shall operate for a period of five years from the date of its organization, and shall cease to exist after five years unless the district is reauthorized and approved by the board of supervisors.

(b) The board of directors shall hold a public hearing six months prior to termination of its initial organization or last reauthorization to determine whether the conditions of the phylloxera or other pest or disease determined pursuant to Section 6214 warrant the reauthorization of the district for an additional five years. The notice of hearing shall state the name of the district and that consideration is being given to reauthorizing the district for an additional five years, the boundaries of the district, and the time and place for the hearing. Notice of the hearing shall be given as provided in Sections 6217 and 6218. The board of directors shall submit the record of the hearing and its recommendation to the board of supervisors within 90 days of the hearing. The board of supervisors shall approve or reject the recommendation; if it rejects the recommendation, the board of supervisors shall return the report accompanied by its reasons for the rejection to the board of directors within 30 days of

receipt. The board of directors may thereafter address the reasons for rejection by the board of supervisors and submit an amended report and new recommendations for reauthorization for approval or rejection by the board of supervisors, unless the district has ceased to exist pursuant to subdivision (a).

6234. (a) Immediately after the organization of the district, the directors shall meet and organize as a board and shall elect a chairperson, vice chairperson and secretary from among their own number.

(b) The chairperson shall call and preside at all meetings of the board, sign all warrants drawn on the county treasurer, and all contracts and other documents, and the minutes of all meetings at which the chairperson is present. In case of the chairperson's absence from a meeting, the vice chairperson shall act as chairperson pro tempore. The vice chairperson may sign warrants in place of the chairperson if the chairperson is absent from a meeting or unavailable. The secretary shall give notice of and keep the minutes of all meetings and prepare and have custody of all records and papers, and have custody of the seal of the district. The secretary shall attest all warrants drawn on the county treasury, all contracts and other documents, and shall sign the minutes of all meetings at which he or she is present. The secretary shall prepare the annual reports and any other reports required by the board and shall prepare all notices and all calls for bids.

6235. The members of the board shall serve for terms of one year, or for a longer term as determined by the board of supervisors, and until the appointment and qualification of their successors.

6236. Upon the expiration of the term of any member of the board, the board of supervisors shall appoint the successor. Vacancies shall be filled by the board of supervisors for the unexpired term.

6237. The members of the board shall not receive any compensation for their services, but may be reimbursed for their actual and necessary expenses, when claims for those expenses have been approved by the board.

Article 4. Powers and Duties of the District

6240. The district may do all of the following:

(a) Sue and be sued in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(b) Adopt a seal and alter it at pleasure.

(c) Take by grant, purchase, gift, devise, lease, or otherwise, and hold, use and enjoy, and lease, or otherwise dispose of, real and personal property of every kind and description within or without the district necessary to the full and convenient exercise of its powers.

(d) Cause assessments to be levied, as provided in Article 5 (commencing with Section 6250), to pay any obligation of the district and to accomplish the purposes of the district in the manner

provided in this chapter.

(e) Make contracts, and employ, except as otherwise provided in this chapter, all persons, firms, and corporations necessary to carry out the purposes and the powers of the district, and at any salary, wage, or other compensation as the board of directors shall determine.

(f) Respond to the effects of, the spread of phylloxera and other winegrape plant pests and diseases and collect and disseminate to winegrape growers in the district all relevant information and scientific studies concerning the pest or pests or diseases, as well as to chart and determine the extent and location of any infestations.

(g) With reasonable advance notice in writing to the landowner, as determined by the district, enter into or upon any land included within the boundaries of the district for the purpose of inspecting the winegrape plants and any other host plants and fruit growing on them.

(h) Perform any and all acts, either within or outside the district, necessary or proper to fully and completely carry out the purposes for which the district is organized.

6241. Every district formed pursuant to this chapter has all of the powers prescribed by Section 6240 and other provisions of this chapter, regardless of any language in the petition for formation for any district or in any of the proceedings leading to the formation that would otherwise limit the power of the district.

6242. The county agricultural commissioner of the county in which the district is located shall, upon request of the board, assist the district to the extent possible in all activities undertaken by the district for the control of phylloxera or other winegrape plant pests or diseases.

6243. The board shall, immediately after its appointment and after public hearing, formulate an effective plan and adopt a budget of expenditures for the forthcoming fiscal year. At a public hearing on the plan and the budget, any owner of winegrape acreage included in the district may make written or oral protest against the budget or any item in it. The plan and the budget, as thereafter approved by the board, shall be the plan and the budget of the district for the forthcoming fiscal year.

6244. There may be added to the budget for the first fiscal year of the operation of the district an amount not to exceed 20 percent of the total amount of the budget to cover the preliminary expenses of the district, including, but not limited to, the costs of formation, before the beginning of the first fiscal year.

6245. For each fiscal year subsequent to the first year of operation of the district, the board shall adopt the final budget therefor in the same manner and at the same time that the budget for the first fiscal year was adopted.

6246. The board of supervisors may charge the district for any expenses incurred by the county in connection with the proceedings for the formation of the district, and the district shall reimburse the

county from assessments levied for those expenses.

Article 5. Levy of Assessments for District Purposes

6250. The county assessor, in making the annual assessment of property included in the district each and every year after the organization of the district, shall identify any parcel of real property with one acre or more of winegrape plants.

6251. Whenever acreage within the district is planted with winegrape plants in such a fashion as to qualify as winegrape acreage, the acreage is subject to assessment as provided in this article.

6252. (a) After the district has been formed, an owner of winegrape acreage in the district may present to the board a request in writing for the exclusion of that land or any part of the land from the district upon a showing that the land or part of the land will not be benefited by the activities of the district. Factors that the board may consider in its determination for exclusion shall include an affidavit from the owner that the land has already been affected by phylloxera or other winegrape plant pests and the winegrape plants have been removed from the land, more than 66 percent of the subject parcel is planted with non-vinifera-crossed rootstock, including, but not limited to, St. George, S04, 5C or 5BB rootstock, or that the subject parcel does not have a pest or disease problem that can be controlled by the district.

(b) After receipt of the request, the board shall cause an investigation of the parcel of land to be made and, if the board determines that the land or part of the land will not be benefited by the activities of the district, the board shall exclude the winegrape acreage from the district and immediately certify this fact to the county assessor and the county auditor or tax collector.

(c) Any owner of winegrape acreage outside of, or otherwise not included in, the district may present to the board a request in writing for inclusion of the land in the district.

6253. (a) The board shall, on or before the first Monday in April of each year, file with the board of supervisors, a budget that sets forth all estimated expenditures of the district for the fiscal year commencing on the first day of July. A copy of the budget shall also, at the same time, be filed with the auditor of the county.

The board of supervisors may, by ordinance or by resolution, adopted after notice and hearing, determine and levy an assessment for winegrape pest and disease control activities for any of the following purposes:

(1) Responding to, managing, and controlling the effects of the spread of the phylloxera pest and other pests that attack winegrape plants.

(2) Collecting and disseminating to winegrape producers in the district all relevant information and scientific studies concerning the pest or pests.

(3) Charting and determining the extent and location of any

infestations.

(b) The annual assessment shall not exceed five dollars ($5) per planted acre.

(c) The board of supervisors shall cause to be prepared and filed with the clerk of the board of supervisors a written report that contains all of the following information:

(1) A description of each parcel of property proposed to be subject to the assessment.

(2) The amount of the assessment of each parcel for the initial fiscal year.

(3) The maximum amount of the assessment that may be levied for each parcel during any fiscal year.

(4) The duration of the assessment.

(5) The basis of the assessment.

(6) The schedule of the assessment.

(7) A description specifying the requirements for written and oral protests, and the protest threshold necessary for requiring abandonment of the proposed assessment pursuant to subdivisions (f), (g), and (h).

(d) (1) The board may establish zones or areas of benefit within the district, and may restrict the imposition of assessments to areas lying within one or more of the zones or areas of benefit established within the district.

(2) The assessment shall be levied on each parcel within the boundaries of the district, zone, or area of benefit.

(e) The clerk of the board of supervisors shall cause a copy of the notice of the filing of the report and of the time, date, and place of hearing thereon, to be mailed to the owner of each parcel whose property would be subject to the assessment. The notice shall be mailed at least 45 days prior to the date set for hearing pursuant to Section 54954.6 of the Government Code, by name to those persons whose name and address appear on the last equalized county assessment roll and whose property has been identified by the county assessor pursuant to Section 6250. The envelope or cover of the mailing shall include the name of the local agency and the return address of the sender. The mailed notice shall include the name of the district, the return address of the sender, the amount of the assessment for the initial fiscal year, the maximum amount of the assessment that may be levied during any fiscal year, the duration and basis of the assessment, and a summary of the procedures for making a protest pursuant to subdivisions (f), (g), and (h). The notice shall also contain the name and telephone number of the person designated by the board of supervisors to answer inquiries regarding the protest proceedings.

(f) At any time not later than the hour set for the hearing, any landholder, whether a fee owner, lessee, or otherwise, of an interest in the property that is proposed to be assessed, who will be obligated to pay any proposed assessment, may make written protest against the proposed assessment. The protest shall be in writing, shall

contain a description of the property and the interest in the property that each signer of the protest represents, sufficient to identity the property, and if the signers are not shown on the last equalized assessment roll as the owners of that property, shall contain or be accompanied by written evidence that the signers are the holders of the property interest proposed to be assessed and who will be obligated to pay the proposed assessment. All protests shall be delivered to the clerk of the board of supervisors.

(g) (1) At the time, date, and place stated in the notice, the board of supervisors shall hear and consider all objections or protests, if any, to the report referred to in the notice, and shall also hear and determine all protests. The board of supervisors may continue the hearing from time to time.

(2) Any written protest may be withdrawn, in writing, by the person who made the protest, at any time prior to the conclusion of the protest hearing or any adjournment of the hearing.

(h) (1) If the board of supervisors finds that the protest is made by holders of property interests proposed to be assessed, and who will be obligated to pay the proposed assessment, represent more than 50 percent of the total amount of the expected revenue from the assessment, and protests are not withdrawn so as to reduce the same to less than 50 percent, the proposed assessment so protested shall be abandoned.

(2) If no protests or objections in writing have been delivered to the clerk of the board of supervisors by the time set for hearing thereon, or if valid protests have been found by the board of supervisors to be less than 50 percent of the total amount of expected revenue from the assessment, the board of supervisors may, upon the conclusion of the hearing, adopt, revise, change, reduce, or modify each or any assessment. The board of supervisors shall make a determination upon each assessment as described in the report or as determined at the hearing, and thereafter, by ordinance or resolution, shall determine and levy the assessment.

6254. The assessment authorized to be assessed and levied is hereby declared to be in the nature of a special assessment, and the Legislature hereby finds that the owners of all winegrape plants will be benefited by the district to the same extent and in the same manner regardless of the age of the plants. The assessments authorized by this article to be assessed and levied shall be assessed and levied regardless of the age of the plants growing on the land.

6255. The assessment so levied shall be computed and entered upon the assessment roll by the county auditor, and if the supervisors fail to levy the assessment as required, the auditor shall do so. The assessment shall be collected at the same time, and in the same manner as, and together with and not separate from, general county taxes, and when collected shall be paid into the county treasury for the use of the district.

6256. The general provisions of the laws of this state, prescribing the manner of levying and collecting county taxes and the duties of

the several county officers with respect to levying and collecting county taxes, are, so far as they are applicable and not in conflict with the specific provisions of this article, hereby adopted and made a part of this article. The several county officers thus referred to shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this chapter.

6256.5. The revenue from the assessments imposed pursuant to this chapter by the district are trust funds and shall be encumbered only for the purposes for which the district is formed and for the benefit of the property assessed. The district shall expend the minimum amount necessary for overhead and other administrative costs. No district funds shall be donated, loaned, or transferred to any other local agency or to the state for any purpose.

6257. The county treasury shall be the repository of all the moneys of the district. The county treasurer shall receive and receipt for all those moneys, and place the same to the credit of the district. The county treasurer shall be responsible upon his or her official bond for the safekeeping and disbursement, in the manner provided in this article, of all moneys of the district so held.

6258. If a consolidated district includes parts of two or more counties, the repository of all money of the district shall be the county treasury of the county in which is located the largest area of the district. Money collected for the use of the district in any other county in which a part of the district is located shall be transferred by the county treasurer upon warrant of the county auditor of the county in which the money was collected to the county treasurer of the county serving as repository for the district, in the same manner as prescribed for the disbursement of money held for a local district. Money derived from any county in which the district is located may be expended in any part of the district for the purposes authorized by this chapter, notwithstanding any other provision of law limiting the expenditure of any such money to a specific area or county.

6259. (a) The county treasurer shall pay out money of the district only upon warrants of the county auditor drawn upon the order of the board of directors of the district signed by the chairperson or vice chairperson and attested to by the secretary. The county treasurer, with the approval of the board of supervisors, shall pay out the money of the district upon one master warrant of the county auditor drawn upon the order of the board of directors of the district and signed by the chairperson or vice chairperson and attested to by the secretary, to meet the district's expenses, including salaries, at such intervals as is approved by the board of supervisors.

(b) The county treasurer shall report, in writing, on the first day of July, October, January, and March of each year, to the board of directors, the amount of money the treasurer then holds for the district, the amount of receipts since the last report, and the amounts paid out. Each report shall be verified and filed with the secretary of the district to whom it is addressed.

Article 6. Inclusion of Lands

6260. Lands devoted exclusively to the growing of winegrapes within a tract of land outside the district, but in the county in which the district is located, may be annexed to the district in the same manner provided in this chapter for the formation of the district.

Article 7. Consolidation

6270. Any two or more districts organized or existing under this chapter may be consolidated, whether or not the boundaries are coterminous, and whether or not the districts are located in the same county.

6271. The board of directors may adopt a resolution that recites the fact of receipt and the willingness of the district to consolidate, and shall then send copies of the resolution to the board of directors of each of the other districts. The board shall send a certified copy of the resolution to the board of supervisors of the county in which is located the largest area of winegrape acreage of the proposed consolidated district, and a copy of the resolution to the board of supervisors of each of the other counties in which is located any part of the proposed consolidated district.

6272. The board of supervisors of the county in which is located the largest area of winegrape acreage of the proposed consolidated district shall fix a time and place for hearing the proposal. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district pursuant to Article 2 (commencing with Section 6210).

6273. If the board of supervisors determines that consolidation is feasible and in the best interests of the winegrape growers of the respective districts, it shall, by resolution duly adopted, declare the districts consolidated into one district, giving the consolidated district a name that includes the term "consolidated." Certified copies of the resolution shall be filed with the Secretary of State and, for record, with the county recorder of each county in which is located any part of the consolidated district. Upon the filing, the districts are consolidated into a single consolidated district with all the rights, privileges, and powers of a district. The consolidated district shall succeed to all the funds and other property, and is subject to all the indebtedness, bonded and otherwise, of the districts consolidated. Each district that is included in the consolidated district shall continue in existence for the purpose of representation on the board of the consolidated district, and for the purpose of levying, assessing, and collecting assessments for district purposes. The board of the consolidated district is, however, the board of each district that is included in the consolidated district.

6274. Upon the adoption of a resolution consolidating two or more districts, the board of supervisors of the county in which is located the largest area of winegrape acreage shall immediately

appoint a board of directors of at least five members, including at least one member from each of the districts that are included in the consolidated district, and at least two members from each county, if districts located in more than one county are included in the consolidated district. If any of the districts that are included in the consolidated district includes more than 15,000 acres of winegrape acreage, the board of directors shall be increased by one additional director for each 10,000 acres, or fraction of 10,000 acres, in any one district that is included in the consolidated district. If the consolidated districts are located in more than two counties, the board of directors of the consolidated district shall have at least seven members.

6275. The board of a consolidated district has all the duties, powers, purposes, responsibilities, and jurisdiction of the board of any other district organized pursuant to this chapter. The members of the consolidated board shall be appointed in the same manner and serve for the same term as the directors of any other district organized pursuant to this chapter.

6276. Any district that has been included in a consolidated district may withdraw from the consolidated district and be reconstituted as a separate district by filing with the board of directors of the consolidated district a petition for withdrawal that is signed by the owners of not less than 51 percent, by area, of winegrape land in the district. The board of directors of the consolidated district shall send the original petition to the board of supervisors of the county in which the withdrawing district is located, and a copy of the petition to the board of supervisors of each of the other counties in which is located any part of the consolidated district. Upon receipt of a petition for withdrawal, the board of supervisors of the county in which the withdrawing district is located shall fix a time and place for hearing the petition. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district under Article 2 (commencing with Section 6210). Upon withdrawal of a district, all moneys collected from the district for the use of the consolidated district, and all property purchased with these moneys, shall remain the property of the consolidated district.

Article 8. Dissolution of Districts

6280. Upon the filing of a petition with the board of supervisors, signed by the owners of not less than 60 percent by area of the winegrape acreage in the district, requesting the dissolution of the district, the board of supervisors shall set a time and place for hearing on the petition, which shall not be less than 20 days, or more than 40 days, after the filing of the petition.

6281. The board of supervisors shall give notice of the time and place fixed for the hearing upon the petition for dissolution.

6282. The notice of hearing shall state all of the following:

(a) That a petition has been filed requesting the dissolution of the district.

(b) That the petition is available for inspection at the offices of the board of supervisors.

(c) The time and place for the hearing.

(d) That at the hearing protests against the dissolution of the district shall be considered by the board of supervisors.

6283. Notice of the hearing shall be given by publication in a newspaper of general circulation published and circulated in the district.

6284. The notice shall be published once a week for two successive weeks prior to the date set for the hearing.

6285. If, at the hearing, a majority of the membership of the board of supervisors find that the dissolution of the district will benefit the winegrape industry of the county, it shall, by resolution, dissolve the district.

6286. The board of supervisors shall cause a certified copy of the resolution to be recorded in the office of the county recorder and shall file a certified copy of the same with the Secretary of State. Thereupon, the district is dissolved for all purposes.

6287. Upon dissolution, the right, title, and interest to property owned or controlled by the district that is situated within the corporate limits of any city shall vest absolutely in the city. If the property is situated outside the corporate limits of a city, it shall vest in the county in which the property is situated.

6288. The board of supervisors is ex officio the governing body of the dissolved district. It may levy such assessments and perform such other acts as may be necessary to wind up the affairs of the district and to raise money for the payment of any outstanding indebtedness.

6289. All claims and accounts against the district that have not been settled by the board within 90 days after the resolution is recorded pursuant to Section 6286 shall be presented to the board of supervisors of the county in which the district was located, or in the case of a consolidated district to the board of supervisors of the county in which is located the largest area of winegrape acreage, and shall be passed and approved by the board of supervisors in the same manner as county claims and shall be paid out of the funds of the dissolved district.

6290. If there are insufficient funds to discharge all claims and accounts brought pursuant to Section 6289, the board of supervisors shall, at the time of levying the next general county taxes, levy a special assessment upon the net acreage devoted to the growing of winegrapes that benefited from the dissolved district in an amount sufficient to discharge all outstanding claims and accounts against the district. In the case of a consolidated district, the board of supervisors of each county in which a portion of the district is located shall levy a special assessment based upon the ratio that the proportion of outstanding claims and accounts bears to the net acreage of the district in each county.

SEC. 2. (a) With respect to costs that the district is required to reimburse pursuant to Section 6246 of the Food and Agricultural Code, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

(b) Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains unreimbursed costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(c) Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that steps may be taken to combat the phylloxera pest and other pests that threaten the wine industry in this state at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1079

An act to add Section 14041 to the Government Code, relating to transportation.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is imperative that the state foster projects prime for economic development and job creation as California faces the hardest economic challenges in decades.

(b) The Alameda Corridor Transportation Authority was created to assess and resolve the surface transportation issues facing the Long Beach and Los Angeles Harbors.

(c) The Alameda Corridor project will upgrade existing railway lines to facilitate transportation of cargo from the largest port complex in the state and create jobs as well as mitigate freeway

congestion and air pollution.

(d) Many of the communities impacted by the Alameda Corridor project are economically depressed and are still recovering from the Los Angeles riots of 1992 and, therefore, to ensure that these communities benefit from long-term economic development, preference in the bidding process for the Alameda Corridor project should be given to local businesses.

(e) It is imperative that jobs be created in order to safeguard the economic health of the region impacted by the Alameda Corridor project.

SEC. 2. Section 14041 is added to the Government Code, to read:

14041. (a) The Alameda Corridor Transportation Authority is encouraged to coordinate with local private industry councils in service delivery areas to develop training programs and employment opportunities under the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.) directly related to the Alameda Corridor project and to pursue other appropriate employment and training funding sources.

(b) The Trade and Commerce Agency, in conjunction with the Office of Permit Assistance, shall provide assistance, using existing resources, to the Alameda Corridor Transportation Authority by doing all of the following:

(1) Identifying all permits, licenses, agreements, and other approvals necessary for the project.

(2) Developing a schedule for acting on state and local permits, licenses, agreements, and other approvals. The schedule shall be consistent with the Permit Reform Act of 1981 (Chapter 3 (commencing with Section 15374) of Part 6.7 of Division 2 of Title 3) and the so-called Permit Streamlining Act (Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7).

(3) Developing a memorandum of agreement for consideration and action on permits, licenses, agreements, and other approvals by affected state agencies.

(4) Developing a memorandum of agreement for consideration and action on permits, licenses, agreements, and other approvals by affected local agencies.

CHAPTER 1080

An act to amend Sections 976.6, 1611, 1612, 10200, 10201, 10202, 10203, 10205, 10206, 10209, 10212, 10213.5, 10214.5, and 10218.5 of the Unemployment Insurance Code, relating to employment training.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 976.6 of the Unemployment Insurance Code is amended to read:

976.6. In addition to other contributions required by this division, every employer, except an employer defined by Section 676, 684, or 685, and except an employer which has elected an alternate method of financing its liability for unemployment compensation benefits pursuant to Article 5 (commencing with Section 801), or Article 6 (commencing with Section 821) of Chapter 3, shall pay into the Employment Training Fund contributions at the rate of 0.1 percent of wages specified in Section 930. The contributions shall be collected in the same manner and at the same time as any contributions required under Sections 977 and 977.5.

This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

SEC. 2. Section 1611 of the Unemployment Insurance Code is amended to read:

1611. Money in the Employment Training Fund shall be expended only for the purposes of Chapter 3.5 (commencing with Section 10200) of Part 1 of Division 3, and for the costs of administering this article and Section 976.6, except:

(a) With the approval of the Legislature, the fund or contributions to it may be used to pay interest charged on federal loans to the Unemployment Fund.

(b) Commencing with allocations made to the Employment Training Panel in the 1992–93 fiscal year, any moneys allocated to the panel in a fiscal year that are not encumbered by the panel in that fiscal year, shall revert to the Unemployment Insurance Fund.

(c) Commencing with the 1994–95 fiscal year, and for each fiscal year thereafter, to the extent that interest is earned on the money in the Employment Training Fund, that interest shall be used to fund the activities of the Employment Development Department Service Center Program that was established on July 6, 1966, by Executive Order No. 66-11, at the program level authorized by the 1993 Budget Act, and to fund up to 50 percent of the costs of the State-Local Cooperative Labor Market Information Program established pursuant to Section 10533, but in an amount not to exceed three million one hundred thousand dollars ($3,100,000).

(d) It is the intent of the Legislature that the panel shall closely monitor program performance and expenditures for employment training programs administered by the panel, and that the panel shall expeditiously disencumber funds that are not needed for employment training program completion. Commencing with the 1992–93 fiscal year, those moneys that are disencumbered during the fiscal year that are not reencumbered during the same fiscal year shall revert to the Unemployment Insurance Fund.

SEC. 3. Section 1612 of the Unemployment Insurance Code is amended to read:

1612. This article shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1997, deletes or extends that date.

SEC. 4. Section 10200 of the Unemployment Insurance Code is amended to read:

10200. The Legislature finds and declares the following:

(a) California's economy is being challenged by competition from other states and overseas. In order to meet this challenge, California's employers, workers, labor organizations, and government need to invest in a skilled and productive workforce, and in developing the skills of frontline workers. For purposes of this section, "frontline worker" means a worker who directly produces or delivers goods or services.

The purpose of this chapter is to establish a strategically designed employment training program to promote a healthy labor market in a growing, competitive economy that shall fund only projects that meet the following criteria:

(1) Foster job creation of high-wage, high-skilled jobs, or foster retention of high-wage, high-skilled jobs that are threatened by out-of-state competition.

(2) Encourage industry-based investment in human resources development that promotes the competitiveness of California industry through productivity and product quality enhancements.

(3) Result in secure jobs for those who successfully complete training.

(4) Supplement, rather than displace, funds available through existing programs conducted by employers and government-funded training programs, such as the Job Training Partnership Act (JTPA), the Carl D. Perkins Vocational Education Act, the Greater Avenues for Independence program (GAIN), the Enterprise Zone Act, the Employment and Economic Incentive Act, and the Stewart B. McKinney Homeless Assistance Act, or apportionment funds allocated to the community colleges, regional occupational centers and programs, or other local educational agencies. In addition, it is further the intention of the Legislature that programs developed pursuant to this chapter shall not replace, parallel, supplant, compete with, or duplicate in any way already existing approved apprenticeship programs.

(b) The employment training panel, in funding projects that

meet the requirements of subdivision (a), shall give funding priority to those projects that best meet the following goals:

(1) Result in the growth of the California economy by stimulating exports from the state, and the production of goods and services that would otherwise be imported from outside the state.

(2) Train new employees of firms locating or expanding in the state that provide high-skilled, high-wage jobs and are committed to an ongoing investment in the training of frontline workers.

(3) Develop workers with skills that prepare them for the challenges of a high performance workplace of the future.

(4) Train workers who have been displaced, have received notification of impending layoff, or are subject to displacement, because of a plant closure, workforce reduction, changes in technology, or significantly increasing levels of international and out-of-state competition.

(5) Are jointly developed by business management and worker representatives.

(6) Develop career ladders for workers.

(7) Promote the retention and expansion of the state's manufacturing workforce.

(c) The program established through this chapter is to be coordinated with all existing employment training programs and economic development programs, including, but not limited to, programs such as the Job Training Partnership Act, the California Community Colleges, the regional occupational programs, vocational education programs, joint labor-management training programs, and related programs under the Employment Development Department and the Trade and Commerce Agency.

SEC. 5. Section 10201 of the Unemployment Insurance Code is amended to read:

10201. As used in this chapter:

(a) "Employer" means any employer subject to Part 1 (commencing with Section 100) of Division 1, except any public entity, or any nonprofit organization which has elected an alternate method of financing its liability for unemployment insurance compensation benefits pursuant to Article 5 (commencing with Section 801), or Article 6 (commencing with Section 821) of Chapter 3.

Any public entity or nonprofit organization that has elected an alternate method of financing its liability for unemployment insurance compensation benefits pursuant to Article 5 (commencing with Section 801), or Article 6 (commencing with Section 821) of Chapter 3, shall be deemed to be an employer only for purposes of placement of new hire trainees who received training as an incidental part of a training project designed to meet the needs of one or more private sector employers.

(b) "Eligible participant" means any person who, prior to beginning training or employment pursuant to this chapter, is any of the following:

(1) Unemployed and has established an unemployment insurance claim in this state, or has exhausted eligibility for unemployment insurance benefits from this state within the previous 24 months.

(2) Employed for a minimum of 90 days, but is determined by the panel to be likely to be displaced and therefore claiming unemployment insurance benefits because of reductions in overall employment within a business, elimination of the person's current job, or a substantial change in the skills required to remain employed due to technological change or other factors, or if employed for less than 90 days, met the conditions of paragraph (1) at the time of hire, or had received a notice of layoff from the prior employer. In making a finding of eligibility under this paragraph, the panel shall require the employer or contractor to provide, at the option of the employer or the contractor, either of the following:

(A) Certification of the specific facts that threaten the continued employment of the trainee, and a plan for assuring with reasonable certainty that the training being proposed will contribute to the long-term job security of the trainee. The plan shall include, but not be limited to, a general description, with respect to the facility at which the trainee is employed, of other actions planned by the employer, such as technological changes, additional training, management adjustments, and organizational changes, for the purposes of enhancing the effectiveness of the proposed training. The plan shall also include a statement of how the employer plans to sustain the commitment to workplace training after the contract ends, and how the training will affect the productivity and employment security of the workforce.

(B) Evidence that the workers proposed to receive retraining have been given written notice that their employment will be terminated within two years of the date the application is presented to the panel.

(3) Employed for a minimum of 90 days, but who is determined by the panel to be in need of training in order to facilitate an employer's adaptation to a high performance workplace or diversification of the production of goods or services in order to meet the productivity goals and competitive needs of the employer's operation, or if employed for less than 90 days, met the conditions of paragraph (1) at the time of hire or had received a notice of layoff from the prior employer. In making a finding of eligibility under this paragraph, the panel shall require an employer or contractor to submit evidence of change, or plans to change, to a high performance or diversified workplace and a statement of how the employer plans to sustain the commitment to workplace training after the contract ends and how the training will affect the productivity and employment security of the workforce. For purposes of this subdivision, "high performance workplace" means a workplace that invests in the training of frontline workers, as defined in subdivision (a) of Section 10200, to equip these workers with problem solving and decisionmaking skills that result in

increased productivity.

(4) Employed, but who is determined by the panel to be qualified to be trained or retrained in skills for which there is a demonstrable shortage and in a field where new employment opportunities will be created for other persons defined in paragraph (1) if this retraining takes place. In making a finding of eligibility under this paragraph, the panel shall require the employer or contractor to provide a job for at least one unemployed person for each person retrained.

(c) "Panel" means the Employment Training Panel created by Section 10202.

(d) "Fund" means the Employment Training Fund created by Section 1610.

(e) "Department" means the Employment Development Department.

(f) "Training agency" means any private training entity or local educational agency.

(g) "Job" means employment on a basis customarily considered full time for the occupation and industry. The employment shall have definite career potential and a substantial likelihood of providing long-term job security. Furthermore, the employment shall provide earnings, upon completion of the employment requirement specified in subdivision (f) of Section 10209, equal to 50 percent, in the case of new hire training, or 60 percent, in the case of retraining, of the state or regional average hourly wage. However, in no case shall the employment result in earnings of less than 45 percent of the state average hourly wage for new hire training and 55 percent of the state average hourly wage for retraining. The panel may consider the dollar value of health benefits that are voluntarily paid for by an employer when computing earnings to meet the minimum wage requirements.

(h) "Private industry council" means an entity established pursuant to Section 15030.

(i) "New hire training" means employment training, including job-related literacy training, for persons who, at the start of training, are unemployed.

(j) "Retraining" means employment related skill and literacy training for persons who are employed prior to commencement of training and will continue to be employed by the same employer for at least 90 days following completion of training.

(k) "Trainee" means an eligible participant.

(*l*) "State average hourly wage" means the average weekly wage paid by employers to employees covered by unemployment insurance, as reported to the Employment Development Department for the four calendar quarters ending June 30 of the preceding calendar year, divided by 40 hours.

SEC. 5.5. Section 10202 of the Unemployment Insurance Code is amended to read:

10202. (a) There is hereby established in the department the Employment Training Panel consisting of eight persons, seven of

whom shall be appointed as provided in subdivision (b), and shall have experience and a demonstrated interest in business management and employment relations. The Secretary of the Trade and Commerce Agency, or his or her designee, shall also serve on the panel as an ex officio, voting member.

(b) Two members of the panel shall be appointed by the Speaker of the Assembly, two members of the panel shall be appointed by the President pro Tempore of the Senate, and three members of the panel shall be appointed by the Governor. The Governor shall designate a member to chair the panel, and the person so designated shall serve as the chair of the panel at the pleasure of the Governor.

(c) The appointive members of the panel shall serve for two-year terms, except that of the initial members of the panel, one initial appointee of each appointing power shall serve for a one-year term. Effective January 1, 1994, the terms of all appointive panel members shall expire. Thereafter, new members shall be appointed to serve for the same terms as provided in this subdivision for initial panel members.

(d) Appointive members of the panel shall receive the necessary traveling and other expenses incurred by them in the performance of their official duties out of appropriations made for the support of the panel. In addition, each appointive member of the panel shall receive one hundred dollars ($100) for each day attending meetings of the panel, and may receive one hundred dollars ($100) for each day spent conducting other official business of the panel, but not exceeding a maximum of three hundred dollars ($300) per month.

SEC. 6. Section 10203 of the Unemployment Insurance Code is amended to read:

10203. The panel may meet as necessary at locations throughout the state. The panel shall maintain a minimum of three regional offices. The central office shall be located in Sacramento. Two regional offices shall be located in the southern part of the state, and one regional office shall be located in the northern part of the state.

The panel will assign one person, with experience in meeting the needs of small businesses, to each of the regional offices for the purpose of developing training projects for small businesses and expediting the processing of training proposals from small businesses.

SEC. 7. Section 10205 of the Unemployment Insurance Code is amended to read:

10205. The panel shall do all of the following:

(a) Establish a three-year plan that shall be updated annually, based on the demand of employers for trained workers, changes in the state's economy and labor markets, and continuous reviews of the effectiveness of panel training contracts. The initial three-year plan shall be submitted to the Governor and the Legislature not later than January 1, 1994. The initial update of the plan shall be submitted not later than July 1, 1994, and annual updates of the plan thereafter shall be submitted not later than July 1 of each year. In carrying out this

section, the panel shall review information in the following areas:

(1) Labor market information, including the state-local labor market information program in the Employment Development Department, and economic forecasts.

(2) Evaluations of the effectiveness of training as measured by increased security of employment for workers and benefits to the California economy.

(3) The demand for training by industry, type of training, and size of employer.

(4) Changes in skills necessary to perform jobs, including changes in basic literacy skills.

(5) Changes in the demographics of the labor force and the population entering the labor market.

(6) Proposed expenditures by other agencies of federal Job Training Partnership Act funds and other state and federal training and vocational education funds on eligible participants.

(b) The panel shall maintain a system to continuously monitor economic and other data required under this plan. If this data changes significantly during the life of the plan, the plan shall be amended by the panel. Each plan shall include all of the following:

(1) The panel's objectives with respect to the criteria and priorities specified in Section 10200 and the distribution of funds between new-hire training and retraining.

(2) The identification of specific industries, production and quality control techniques, and regions of the state where employment training funds would most benefit the state's economy and plans to encourage training in these areas, including specific standards and a system for expedited review of proposals which meet the standards.

(3) A system for expedited review of proposals which are substantially similar with respect to employer needs, training curriculum, duration of training, and costs of training, in order to encourage the development of proposals which meet the needs identified in paragraph (2).

(4) The panel's goals and operational objectives with respect to meeting the needs of small employers.

(5) The research objectives of the panel that contribute to the effectiveness of this chapter in benefiting the economy of the state as a whole.

(6) A priority list of skills that are in such short supply that employers are choosing to not locate or expand their businesses in the state or are importing labor in response to these skills shortages. This list should identify those industries in which upgrade training is likely to encourage hiring of the unemployed on a backfill basis.

(c) Solicit proposals and write contracts on the basis of proposals made directly to it. Contracts for the purpose of providing employment training may be written with any of the following:

(1) An employer or group of employers.

(2) A training agency.

(3) A private industry council with the approval of the appropriate local elected officials in the service delivery area.

(4) A grant recipient or administrative entity selected pursuant to Section 103 of the Federal Job Training Partnership Act and Section 15021, with the approval of the local private industry council and the appropriate local elected officials.

These contracts shall be in the form of fixed-fee performance contracts. Notwithstanding any provision of law to the contrary, contracts entered into pursuant to this chapter shall not be subject to competitive bidding procedures. However, the panel shall set contracting objectives with respect to minority-owned and female-owned businesses that are substantially similar to those required by Chapter 6 (commencing with Section 16850) of Part 3 of Division 4 of Title 2 of the Government Code, Section 10108.5 of the Public Contract Code, and Article 1.5 (commencing with Section 10115 of Chapter 1 of Part 2 of Division 2 of the Public Contract Code). No trainee shall receive employment training under this chapter for a period of more than 18 months. Contracts for training may be written for a period not to exceed 24 months for the purpose of administration by the panel and the contracting employer or any group of employers acting jointly or any training agency for the purpose of providing employment training.

(d) Fund training projects that best meet the priorities specified in the three-year plan. In doing so, the panel shall seek to facilitate the employment of the maximum number of eligible participants. This chapter shall not be construed to require the panel to set aside funds based on the priorities established in the three-year plan.

(e) Establish minimum standards for the consideration of proposals, which shall include, but not be limited to, the identification of employers who have been contacted by the contractor and who have provided reasonable assurance that they will employ successful trainees, the number of jobs available, the skill requirements for the identified jobs, the projected cost per person trained, hired, and retained in employment, the wages paid successful trainees upon placement, and the curriculum for the training. No proposal shall be considered or approved that proposes training for employment covered by a collective bargaining agreement unless the signatory labor organization agrees in writing.

(f) Ensure the provision of adequate fiscal and accounting controls for, monitoring and auditing of, and other appropriate technical and administrative assistance to, projects funded by this chapter.

(g) Provide for evaluation of projects funded by this chapter. The evaluations shall assess the effectiveness of training previously funded by the panel to improve job security and stability for workers, and benefit participating employers and the state's economy, and shall compare the wages of trainees in the 12-month period prior to training as well as the 12-month period subsequent to completion of training, as reflected in the department's unemployment insurance

tax records. Individual project evaluations shall contain a summary description of the project, the number of persons entering training, the number of persons completing training, the number of persons employed at the end of the project, the number of persons still employed three months after the end of the project, the wages paid, the total costs of the project, and the total reimbursement received from the Employment Training Fund.

(h) Report annually to the Legislature, by November 30, on projects operating during the previous state fiscal year. These annual reports shall provide separate summaries of all of the following:

(1) Projects completed during the year, including their individual and aggregate performance and cost.

(2) Projects not completed during the year, briefly describing each project and identifying approved contract amounts by contract and for this category as a whole, and identifying any projects in which funds are expected to be disencumbered.

(3) Projects terminated prior to completion and the reasons for the termination.

(4) A description of the amount, type, and effectiveness of literacy training funded by the panel.

(5) Results of complete project evaluations.

In addition, based upon its experience in administering job training projects, the panel shall include in these reports policy recommendations concerning the impact of job training and the panel's program on economic development, labor-management relations, employment security, and other related issues. The chair of the panel may appoint an advisory research council.

(i) Expedite the processing of contracts for firms considering locating or expanding businesses in the state, as determined by the Trade and Commerce Agency, in accordance with the priorities for employment training programs set forth in paragraph (2) of subdivision (c) of Section 10200.

(j) Coordinate and consult regularly with business groups and labor organizations, the State Job Training Coordinating Council, the State Department of Education, the office of the Chancellor of the California Community Colleges, the Employment Development Department, and the Trade and Commerce Agency.

(k) Adopt by regulation procedures for the conduct of panel business, including the scheduling and conduct of meetings, the review of proposals, the disclosure of contacts between panel members and parties at interest concerning particular proposals, contracts or cases before the panel or its staff, the awarding of contracts, the administration of contracts, and the payment of amounts due to contractors. All decisions by the panel shall be made by resolution of the panel and any adverse decision shall include a statement of the reason for the decision.

(*l*) Adopt regulations and procedures providing reasonable confidentiality for the proprietary information of employers seeking training funds from the panel if the public disclosure of that

information would result in an unfair competitive disadvantage to the employer supplying the information. In no case shall the panel withhold information from the public regarding its operations, procedures, and decisions which would otherwise be subject to disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(m) Review and comment on the budget and performance of any program, project, or activity funded by the panel utilizing funds collected pursuant to Section 976.6.

SEC. 8. Section 10206 of the Unemployment Insurance Code is amended to read:

10206. (a) The panel may allocate money in the fund for any of the following purposes:

(1) Reimbursement of reasonable training costs and administrative costs incurred by contractors. In making a determination of costs to be reimbursed under this paragraph, the panel may allocate funds in accordance with any of the following methods:

(A) For purposes of providing simplified fixed-fee performance contracts, a flat rate per hour for categories of training that are substantially similar with respect to content, methodology, and duration, as determined by the panel, not to exceed the reasonable and normal costs for the training, based upon the panel's experience. The panel shall periodically adjust the standardized rates established pursuant to this paragraph to reflect changes in training costs.

(B) A complete review of the proposal and its costs, including a budget listing the planned costs of training, including personnel, fringe benefits, equipment, supplies, fees for consulting or administrative services, and other costs attributable to training; the services provided by subcontractors; the length and complexity of the training; the method of training; the wages and occupations following training; whether the trainees are new hires or retrainees; and the cost of similar training that the panel has funded previously. The cost of program administration shall not exceed 15 percent of the training costs under this paragraph, except that for new hire training the panel may fund administrative costs of up to 25 percent of the training cost.

(2) Costs of program administration incurred under this chapter. These costs shall be reviewed annually by the Department of Finance and the Legislature and determined through the normal budgetary process.

The panel's administrative costs, exclusive of the cost of administering Section 976.6, shall not exceed 15 percent of the amount annually available for expenditure by the panel. Expenditures for marketing, research, and evaluations provided under contract to the panel under paragraph (1) that otherwise would have been provided directly by the panel shall not be included in this limitation.

(3) Service related to the purposes of this chapter provided by the Small Business Development Centers pursuant to an interagency agreement with the Trade and Commerce Agency.

(b) The panel may modify the specific requirements of paragraph (1) of subdivision (a) as they apply to employers or contractors proposing projects which involve training for a significant number of small employers in the same project.

(c) For all training contracts, the panel shall establish requirements for in-kind contributions by either the contractor or the employer that reflect a substantial commitment on the part of the contractor or the employer to the value of the training. In developing these requirements, the panel shall take into account the ability of the contractor or the employer, because of size or financial condition, to make any contribution, and the ability of the Employment Training Fund to meet the demand for training authorized by this chapter. Contributions shall be evaluated against plans required in subparagraph (A) of paragraph (2) of subdivision (b) of Section 10201 to sustain a commitment to workplace training after the contract ends. In developing policies regarding in-kind contributions, the panel shall hold public hearings.

(d) In order to encourage successful new hire training, the panel shall develop a new hire cost reimbursement system. The new hire cost reimbursement system shall recognize the additional risk attendant to new hire training if the contractor successfully meets at least 60 percent of the training and placement goals of a new hire contract. The reimbursement system authorized by this subdivision shall discourage excessive overenrollment at the beginning of the contract, and shall not provide reimbursements if the training and placement goals are achieved primarily through modification of the original contract. The new hire cost reimbursement system provided for in this subdivision shall remain in effect only until December 31, 1995.

SEC. 9. Section 10209 of the Unemployment Insurance Code is amended to read:

10209. (a) Contracts shall only be made for training in job-related vocational skills that are necessary for participants to attain a new job or retain an existing job with definite career potential and long-term job security. The contracts for vocational skills training may include ancillary training for job-related basic and literacy skills training if the panel finds that the training is necessary to achieve the objectives of the vocational training.

(b) Contracts for projects involving on-the-job training shall specify the specific skills and competencies to be gained as a result of the on-the-job training component of the project.

(c) The panel shall not approve any training proposal which facilitates the change in ownership of a business leading to the likelihood that an existing collective bargaining agreement would be declared void.

(d) To encourage a broad and equitable distribution of funds, the

panel may require an employer who has previously received funds pursuant to this chapter for retraining of workers at a facility to contribute proportionately more to the cost of training in subsequent panel contracts for training of workers at the same facility.

(e) The panel may delegate to the executive director the authority to approve training contracts of up to one hundred thousand dollars ($100,000), provided the contracts meet the requirements of this chapter and the policies established by the panel, and provided that the panel regularly reviews the actions taken by the executive director pursuant to this subdivision.

(f) Payments shall be made in accordance with a performance contract under which partial payments may be made during training, a partial payment may be made on placement or retention of each trainee, and not less than 25 percent of the negotiated fee is withheld until the trainee has been retained in employment for 90 days after the end of training with a single employer, except for those occupations in which it is not customary for a worker to be employed 90 consecutive days with a single employer. In these latter cases, the panel may substitute a period similar to the probationary period customary to the occupation. The probationary period shall not be less than 500 work hours and shall be completed within 272 days of the completion of the training. In no case shall any payment be considered to have been earned until the trainee has been retained in employment for 90 days or the equivalent probationary period for an occupation in which it is not customary for a worker to be employed 90 consecutive days with a single employer.

(g) Contracts for new hire training shall require the contractor to provide the placement services necessary to ensure the trainees are placed in jobs for which they have been trained.

SEC. 10. Section 10212 of the Unemployment Insurance Code is amended to read:

10212. (a) The panel may employ personnel necessary to carry out the purposes of this chapter. All personnel shall be appointed pursuant to the State Civil Service Act (Part 1 (commencing with Section 18000) of Division 5 of Title 2 of the Government Code), except for an executive director, and two assistant directors, who shall be exempt from state civil service.

(b) The executive director shall be appointed by the Governor, and shall be well qualified for the position with experience in government. The appointment shall be for a term of four years. The executive director may perform all duties, exercise all powers, discharge all responsibilities, and administer and enforce all laws, rules, and regulations under the jurisdiction of the panel, with the approval of the panel. The executive director shall administer this chapter, with the approval of the panel, in the manner he or she deems necessary to conduct the work of the panel properly. With the approval of the panel, the executive director may create divisions and subdivisions as necessary, and change and abolish these divisions and subdivisions from time to time. The executive director may be

removed from office, for cause, by a vote of five of the seven members of the panel.

(c) The Governor shall appoint two assistant directors, to serve at the pleasure of the Governor. The assistant directors shall have the duties as assigned by the executive director, and shall be responsible to the executive director for the performance of their duties.

(d) One assistant director shall have experience in serving the needs of small businesses, and shall, under the supervision of the executive director, manage the panel's efforts to ensure that employment training services are available to small businesses.

SEC. 11. Section 10213.5 of the Unemployment Insurance Code is amended to read:

10213.5. (a) The Trade and Commerce Agency shall determine those firms considering locating or expanding businesses in the state in order to enable the Employment Training Panel to expedite the processing of contracts for these firms pursuant to subdivision (g) of Section 10205. The Trade and Commerce Agency shall also provide technical assistance by marketing the Employment Training Fund to newly locating or expanding businesses in the state and by assisting in the packaging of employer contracts for training of eligible participants from the Employment Training Fund.

(b) The Small Business Development Center program in the Office of Small Business in the Trade and Commerce Agency shall provide information and applications for funding by the panel to its clients.

SEC. 12. Section 10214.5 of the Unemployment Insurance Code is amended to read:

10214.5. (a) The panel may allocate up to 10 percent of the annually available training funds for the purpose of funding special employment training projects for the purposes of any of the following:

(1) Increasing understanding of the requirements for effective new hire and retraining programs, especially as they relate to diverse sectors of the population and to businesses that are difficult to serve under the panel's standard project format.

(2) Encouraging the development of new industries, including the electric and clean fuel vehicle industry and other advanced transportation technology industries, that contribute to high skilled employment and economic vitality in California.

(3) Supporting efforts that address the training and employment of workers affected by defense industry cutbacks and military base closures.

(4) Stabilizing employment in fields where there is a demonstrated deficit of trained employees and clear career advancement opportunities.

These projects shall also contribute to the panel's understanding of the relationship between various training designs, the achievement of employers' training objectives, and the development of new industries. Notwithstanding any other provision of this chapter,

participants in these research projects need not meet the same eligibility criteria as outlined in Section 10201. In addition, the panel may allocate funds under this section for the development of training materials and training programs that contribute to the development of new industries in the state.

(b) The panel may allocate up to 30 percent of the funds specified in subdivision (a) for job-related vocational and literacy skills training and the employment of individuals with barriers to full-time, stable employment. These barriers may include, but shall not be limited to, language, basic skills, and occupational literacy barriers to employment. These individuals shall meet the eligibility criteria specified in subdivision (b) of Section 10201. Preference shall be given to contractors that can provide trainees with the comprehensive services necessary to successfully complete training, overcome barriers, secure gainful employment, and become self-sufficient. The panel may waive, if necessary, the minimum wage requirements pursuant to subdivision (g) of Section 10201 and the employment retention provisions specified in subdivision (f) of Section 10209 and instead require that the trainee has been retained in employment for a minimum of 90 days out of 120 consecutive days after the end of training with no more than three employers. In addition, the panel may allocate funds under this subdivision for reasonable child care and transportation costs for trainees.

(c) The panel shall adopt minimum standards for consideration of proposals to be funded pursuant to this section.

(d) The panel may not delegate its authority to approve contracts written pursuant to this section.

(e) It is the intent of the Legislature in providing the authority for these projects that the panel allocate these funds in a manner consistent with the objectives of this chapter as provided in Section 10200.

SEC. 13. Section 10218.5 of the Unemployment Insurance Code is amended to read:

10218.5. (a) This chapter shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1997, deletes or extends that date.

(b) The panel may enter into contracts that permit employment training through June 30, 1997, however, no contract shall have a termination date that extends beyond December 31, 1997.

(c) In the event a later enacted statute does not extend the January 1, 1997, repeal date of this chapter, the panel shall enter into an agreement with another state agency, to be selected by the Governor, that shall act on behalf of the panel for the sole purpose of contract administration, which shall include, but is not limited to, monitoring performance, generating amendments to downsize the contracts, closing out contracts, auditing contracts, and making payment for any contracts that extend beyond January 1, 1997

(d) Any agency acting on behalf of the panel pursuant to this

section may seek a budget appropriation or augmentation for both the administration of the program and payment to contractors.

CHAPTER 1081

An act to add Chapter 24 (commencing with Section 14950) to Division 7 of the Water Code, relating to water.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 24 (commencing with Section 14950) is added to Division 7 of the Water Code, to read:

CHAPTER 24. SHELLFISH PROTECTION ACT OF 1993

14950. This chapter shall be known and may be cited as the Shellfish Protection Act of 1993.

14951. The Legislature finds and declares all of the following:

(a) Commercial shellfish harvesting is a beneficial use of the waters of the state and, in addition, benefits the economy of the state through the creation of jobs.

(b) Pollution, from both point and nonpoint sources, currently threatens many of the state's commercial shellfish growing areas.

(c) In order to maintain the health, and encourage the expansion, of commercial shellfish harvesting within the state, it is necessary to protect the commercial shellfish growing areas from ongoing point and nonpoint sources of pollution.

(d) The regional boards whose jurisdictions include commercial shellfish growing areas shall have primary responsibility for the protection of commercial shellfish harvesting from the effects of point and nonpoint pollution sources.

14952. For the purposes of this chapter, a commercial shellfish growing area is an area certified pursuant to Section 28504 of the Health and Safety Code in which shellfish are grown and harvested.

14953. (a) If a commercial shellfish growing area is threatened by point or nonpoint source pollution, as specified in Section 14954, the regional board shall form a technical advisory committee, within 90 days of the effective date of this act, devoted solely to the threatened area. A technical advisory committee shall be formed for any subsequently threatened area within 90 days of the date the threat is identified pursuant to Section 14954. The technical advisory committee shall advise and assist that board in developing a strategy for appropriate investigation and remediation pursuant to Sections 14955 and 14956 to reduce pollution affecting that area. The regional board shall give public notice of the formation of the technical

advisory committee. All meetings of the technical advisory committee shall be public.

(b) For the purpose of subdivision (a), the technical advisory committee shall include both of the following:

(1) One commercial shellfish grower from the threatened area, one representative from the State Department of Health Services, one representative from the Department of Fish and Game, one representative from the California Coastal Commission, one representative from each category of potential pollution source, one representative from a local environmental group, and one representative from the local health department.

(2) Additional members and a chairperson appointed by the regional board.

(c) Members of the technical advisory committee established pursuant to subdivision (a) shall not receive a per diem or other compensation, and shall not be reimbursed for any expenses.

14954. For the purpose of Section 14953, a commercial shellfish growing area is threatened if any of the following applies:

(a) The State Department of Health Services downgrades the classification applicable to the commercial shellfish growing area.

(b) The commercial shellfish growing area is subjected to harvest closure for more than 30 days per calendar year during the previous three years.

(c) The State Department of Health Services classifies the commercial shellfish growing area as restricted.

(d) The regional board, the Department of Fish and Game, or the California Coastal Commission determines that the commercial shellfish growing area is threatened.

14955. (a) The technical advisory committee shall review existing data to determine whether additional investigatory efforts are needed to identify the pollution sources that threaten the commercial shellfish growing area, the scope of the pollution sources, and the degree to which those sources threaten the commercial shellfish growing area.

(b) If the technical advisory committee determines pursuant to subdivision (a) that additional investigatory efforts are needed, the regional board shall develop, with the assistance of the technical advisory committee, a water quality investigation project for funding under Sections 205 and 319 of the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.; Secs. 1285 and 1329) or any other appropriate funding sources.

(c) Any water quality investigation project developed pursuant to subdivision (b) shall be limited to accomplishing that which is reasonably necessary for the regional board to gather sufficient data to determine the appropriate remedial actions.

(d) The regional board shall not undertake any investigatory efforts determined to be necessary pursuant to subdivision (a) unless the regional board determines that funding is available to carry out those efforts.

14956. (a) Once the nature, sources, scope, and degree of the pollution affecting a commercial shellfish growing area have been determined, the regional board, with the advice of the local technical advisory committee, shall order appropriate remedial action, including the adoption of best management practices, to abate the pollution affecting that area. The regional board shall monitor water quality in the threatened area during the implementation of pollution abatement measures to ensure that the measures are effective and shall provide the results of the monitoring to the technical advisory committee. The regional board shall give public notice of any actions proposed for adoption.

(b) If agricultural sources of pollution have been identified as contributing to the degradation of shellfish growing areas, the regional board shall invite members of the local agricultural community representing the type of agricultural discharge affecting the local shellfish growing area, the local resource conservation district, the local soil conservation service, the local agricultural stabilization and conservation service, the cooperative extension of the University of California, and affected shellfish growers to develop and implement appropriate short- and long-term remediation strategies that will lead to a reduction in the pollution affecting the commercial shellfish growing area.

14957. When rating project proposals affecting shellfish growing areas for state and federal funding under Sections 205 and 319 of the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.; Secs. 1285 and 1329) or from other funding sources, the state board and regional boards shall give timely notice to the California Aquaculture Association and shall provide shellfish growers with the opportunity to comment on the following types of project proposals:

(a) Project proposals that seek to identify the nature, sources, scope, and degree of pollution threatening a commercial shellfish growing area.

(b) Project proposals that seek to reduce or eliminate the impact of point or nonpoint pollution that affects a commercial shellfish growing area. Proposals under this subdivision shall include waste reclamation projects.

14958. When a commercial shellfish area is no longer threatened, as specified in Section 14954, the regional board shall dissolve the technical advisory committee for that area. If the area is subsequently threatened, as specified in Section 14954, the regional board shall re-form the committee pursuant to Section 14953.

CHAPTER 1082

An act to amend Sections 22004.2, 22655, 22662, 23000.1, 23000.5, and 23101.5 of, and to repeal and add Section 24600.1 to, the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 22004.2 of the Education Code is amended to read:

22004.2. (a) With respect to members with membership effective dates of December 31, 1989, and earlier, benefit enhancements due to a plan amendment enacted after October 14, 1987, are subject to the limitations imposed by Section 415 of the Internal Revenue Code.

(b) With respect to members with membership effective dates of January 1, 1990, and later, retirement benefits, including enhancements due to a plan amendment, are subject to the limitations imposed by Section 415 of the Internal Revenue Code.

(c) With respect to members or retirants described in subdivision (a) or (b), or beneficiaries of those persons, a change in the benefit structure of the plan pursuant to a plan amendment shall not be subject to Section 415(b) (5) (D) of the Internal Revenue Code in the case of all plan amendments enacted before, on, or after August 3, 1992.

SEC. 2. Section 22655 of the Education Code is amended to read:

22655. The nonmember spouse who is awarded a separate account shall have the right to a refund of accumulated retirement contributions in the separate account of the nonmember.

(a) The right of the nonmember spouse to a refund of accumulated retirement contributions is subject to Section 23103.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain the refund.

(c) The refund is effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file in the system. If the nonmember spouse has elected on a form provided by the system to transfer all or a specified portion of the accumulated contributions that are eligible for direct trustee-to-trustee transfer to the trustee of a qualified plan under Section 402 of the Internal Revenue Code of the United States, deposit in the United States mail of a notice that the requested transfer has been made constitutes a return of the nonmember spouse's accumulated contributions.

(d) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit and

represented by the accumulated retirement contributions when the refund becomes effective.

(e) The nonmember spouse may not cancel a refund after the refund is effective.

(f) The nonmember spouse shall have no right to elect to redeposit the refunded accumulated retirement contributions after the refund is effective and shall have no right to redeposit under Section 22656 or purchase additional service credit under Section 22657 after the refund becomes effective.

(g) If the total service credit in the separate account of the nonmember spouse, including service credit purchased under Sections 22656 and 22657, is less than two and one-half years, the board shall refund the balance of the account.

SEC. 3. Section 22662 of the Education Code, as amended by Chapter 163 of the Statutes of 1992, is amended to read:

22662. Upon the legal separation or dissolution of marriage of a retirant, the court may include in the judgment or court order a determination of the community property rights of the parties in the retirement allowance of the retirant consistent with this section. Upon election under subdivision (d) of Section 2610 of the Family Code, or paragraph (4) of subdivision (a) of Section 4800.8 of the Civil Code, whichever is in effect, the court order awarding the nonmember spouse a community property share in the benefits of a retirant shall be consistent with this section.

(a) If the court does not award the entire retirement allowance to the retirant and the retirant is receiving a retirement allowance under any section other than Section 24200, the court shall require only that the system pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance of the retirant.

(b) If the court does not award the entire retirement allowance to the retirant and the retirant is receiving an allowance which has been actuarially modified pursuant to Section 24200, the court shall order only one of the following:

(1) The retirant shall maintain the retirement allowance without change.

(2) The retirant shall cancel the retirement allowance pursuant to Section 24200.1 and select a new joint and survivor option or a new beneficiary or both, and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance of the retirant, the option beneficiary, or both.

(3) The retirant shall cancel the retirement allowance pursuant to Section 24200.1 and select an unmodified retirement benefit and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance of the retirant.

(c) If the option beneficiary, other than the nonmember spouse, dies before the retirant, the court shall order the retirant to select a new option beneficiary pursuant to Section 24200.2 and shall order

the system to pay the nonmember spouse, by separate warrant, his or her share of the community property interest in the retirement allowance of the retirant or the new option beneficiary, or both.

(d) The right of the nonmember spouse to receive his or her community property share under this section shall terminate upon the death of the nonmember spouse. However, the nonmember spouse may designate a beneficiary to receive his or her community property share of accumulated retirement contributions in the event that accumulated retirement contributions become payable.

SEC. 4. Section 23000.1 of the Education Code is amended to read:

23000.1. Notwithstanding Sections 22804, 23000, and 23404, each school district, community college district, county board of education, and county superintendent of schools, may pick up, for the sole purpose of deferring taxes, as authorized by Section 414(h)(2) of the Internal Revenue Code (26 U.S.C.A. Sec. 414(h)(2)) and Section 17501 of the Revenue and Taxation Code, all of the employee's contributions towards retirement made by members of the State Teachers' Retirement System provided that the contributions are deducted from the salary of the member.

SEC. 5. Section 23000.5 of the Education Code is amended to read:

23000.5. Notwithstanding any other provision of law, the state may pick up all or a portion of the normal contributions required to be paid by a state employee who is a member of the State Teachers' Retirement System provided that the contributions are deducted from the salary of the member. The pick up of member contributions shall be through a salary reduction program pursuant to Section 414(h)(2) of the Internal Revenue Code. These contributions shall be reported as employer-paid member contributions, and shall be credited to member accounts.

SEC. 6. Section 23101.5 of the Education Code is amended to read:

23101.5. (a) Deposit in the United States mail of an initial warrant drawn as directed by the member as a refund of contributions upon termination of employment, and addressed to the address directed by the member, constitutes a return of the member's accumulated contributions.

(b) If the member has elected on a form provided by the system to transfer all or a specified portion of the accumulated contributions that are eligible for direct trustee-to-trustee transfer to the trustee of a qualified plan under Section 402 of the Internal Revenue Code of the United States, deposit in the United States mail of a notice that the requested transfer has been made constitutes a return of the member's accumulated contributions.

(c) For refunds not involving direct trustee-to-trustee transfers, if the member returns the total gross distribution amount to the system's office within 30 days from the mailing date, the refund shall be canceled and the person shall be reinstated to membership with

all the rights and privileges restored.

SEC. 7. Section 24600.1 of the Education Code is repealed.

SEC. 8. Section 24600.1 is added to the Education Code, to read:

24600.1. (a) A retirant, disabilitant, or beneficiary shall specify whether monthly benefit payments are to be disbursed by: (1) direct deposit (electronic funds transfer); (2) direct mail to a financial or other institution; or (3) mailing to a payment address provided by the retirant, disabilitant, or beneficiary.

(b) A member or beneficiary to whom a lump-sum payment or benefit is to be disbursed shall specify the address to which the payment shall be mailed.

(c) Information regarding each monthly benefit payment or lump-sum payment shall be provided to the member, retirant, disabilitant, or beneficiary for whom the disbursement was made.

(d) A payment disbursed as specified by the member, retirant, disabilitant, or beneficiary shall fully discharge the board and the system from any claim resulting from actions taken under this section.

CHAPTER 1083

An act to amend and repeal Section 24600.1 of the Education Code, and to amend Section 21212 of the Government Code, relating to public retirement systems.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 24600.1 of the Education Code is amended to read:

24600.1. (a) Upon the receipt of a request from any retirant, disabilitant, or beneficiary, the board may transmit payments to a bank, savings and loan association, or credit union for deposit in the retirant's, disabilitant's, or beneficiary's account by electronic fund transfer or by mail. The transmittal of the payment shall fully discharge the board and the system from any claim resulting from actions taken under this section.

(b) (1) The board shall send a copy of the benefit payment information to any retirant, disabilitant, or beneficiary who has payments transmitted directly by electronic fund transfer or by mail to a financial institution, unless the board has received a written request from that person not to send a copy of the information.

(2) The board shall notify the retirant, disabilitant, or beneficiary, in the monthly benefit payment notice, of his or her right to request that no copy of the benefit payment information be mailed, pursuant to paragraph (1).

SEC. 2. Section 24600.1 of the Education Code is repealed.

SEC. 3. Section 24600.1 of the Education Code, as added by Assembly Bill 2278 of the 1993–94 Regular Session, is amended to read:

24600.1. (a) A retirant, disabilitant, or beneficiary shall specify whether monthly benefit payments are to be disbursed by: (1) direct deposit (electronic funds transfer); (2) direct mail to a financial or other institution; or (3) mailing to a payment address provided by the retirant, disabilitant, or beneficiary.

(b) A member or beneficiary to whom a lump-sum payment or benefit is to be disbursed shall specify the address to which the payment shall be mailed.

(c) (1) The board shall send a copy of the benefit payment information to any retirant, disabilitant, or beneficiary who has payments transmitted directly by electronic fund transfer or by mail to a financial institution, unless the board has received a written request from that person not to send a copy of the information.

(2) The board shall notify the retirant, disabilitant, or beneficiary, in the monthly benefit payment notice, of his or her right to request that no copy of the benefit payment information be mailed, pursuant to paragraph (1).

(d) A payment disbursed as specified by the member, retirant, disabilitant, or beneficiary shall fully discharge the board and the system from any claim resulting from actions taken under this section.

SEC. 4. Section 21212 of the Government Code is amended to read:

21212. (a) Any person entitled to a benefit from this system may request that payment be made by deposit by electronic fund transfer in the person's bank, savings and loan association or credit union account.

(b) If deposit pursuant to subdivision (a) is not available, deposit may be made by mail in the person's bank, savings and loan association or credit union account.

(c) Mailing of the warrant or electronic fund transfer is a full discharge of the board and this system.

(d) (1) The board shall not send a copy of the benefit payment information to any person who has had payment made by electronic fund transfer or by mail pursuant to subdivision (a) or (b), if the board has received a written request from that person that it not be sent.

(2) The board shall notify persons subject to this section, in the monthly benefit payment notice, of their right to request that no copy of the benefit payment information be mailed, pursuant to paragraph (1).

SEC. 5. Sections 2 and 3 of this act shall only become operative if Assembly Bill 2278 (1) is enacted during the 1993 portion of the 1993–94 Regular Session, (2) repeals and adds Section 24600.1 of the Education Code, and (3) this bill is enacted after Assembly Bill 2278,

in which case Section 1 of this act shall not become operative.

CHAPTER 1084

An act to amend Sections 19605.7 and 19605.71 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19605.7 of the Business and Professions Code is amended to read:

19605.7. The total percentage deducted from wagers at satellite wagering facilities in the northern zone shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and one-tenth of 1 percent distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the

use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and one-tenth of 1 percent shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) or (b), for thoroughbred and fair meetings only, six-tenths of 1 percent of the total amount handled by each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the facility for promotion of that meeting's program. For harness and mixed breed meetings, 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting.

(d) In addition to the distributions specified in subdivisions (a), (b), and (c), for thoroughbred meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the association conducting the racing program to reimburse it for any costs of offsite stabling and vanning which are required pursuant to Section 19535. The amount of the

reimbursement payable to an association for offsite stabling shall not exceed the actual cost to the association of maintaining stalls at its racetrack plus the actual costs incurred by the association to provide vanning and transportation of racehorses from offsite stabling facilities to its racetrack.

(e) In addition to the distributions specified in subdivisions (a), (b), and (c), for fair meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the organization representing racing fairs to reimburse fairs for the actual cost of providing offsite stabling required by the board pursuant to Section 19535. If fairs contract with associations to provide offsite stabling during fair meetings, the cost incurred by fairs shall not exceed the actual cost to the association of maintaining the stalls or the amount of reimbursement funds made available pursuant to this subdivision, whichever is less. In the event of a disagreement between an association and the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting with respect to the actual cost of maintaining stalls, the board, at the request of the association or the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting, shall determine within 60 days the amount of actual costs incurred. For purposes of this subdivision, "actual cost" does not include fixed overhead or administrative expenses which would be incurred by the association in the absence of an agreement to provide offsite stabling during fair meetings.

(f) Any of the promotional funds distributed pursuant to subdivision (c) that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(g) Any of the stabling and vanning reimbursement funds distributed pursuant to subdivision (d) that are not expended during the meeting at which they are collected shall be retained by the racing association to offset its costs, in excess of payments by the organization representing fairs, of maintaining the stalls contracted for by fairs pursuant to subdivision (e).

(h) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, thirty-three hundredths of 1 percent of the total amount handled by each satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(i) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 2. Section 19605.71 of the Business and Professions Code is

amended to read:

19605.71. The total percentage deducted from wagers at satellite wagering facilities in the central and southern zone shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and one-tenth of 1 percent distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of

Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and one-tenth of 1 percent shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition, for thoroughbred meetings and harness, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Notwithstanding any other provision of law, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in the County of Orange or Los Angeles, or both, excluding the 50th District Agricultural Association, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities shall be one-half of 1 percent. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting. To the extent that funds representing a percentage greater than one-half of 1 percent of funds wagered on thoroughbred races conducted in the Counties of Orange and Los Angeles have been distributed, prior to July 27, 1992, to an organization described in Section 19608.2 for promotion activities, but remain unused, those funds shall be redistributed, 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the racing meeting. Additionally, thirty-three hundredths of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 3. The amendment of Sections 19605.7 and 19605.71 of the Business and Professions Code which states that the amount retained by the satellite wagering facility as a commission is for the right to do business as a franchise and that the commission is not for the use of any real property does not constitute a change in, but is

declaratory of, the existing law.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes made by this act apply to the current racing season, it is necessary that this act take effect immediately.

CHAPTER 1085

An act to amend Sections 19577, 19605.7, 19605.71, 19605.8, and 19606 of, and to add Sections 19578 and 19610.2 to, the Business and Professions Code, and to amend Section 522 of the Food and Agricultural Code, relating to equine drug testing.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19577 of the Business and Professions Code is amended to read:

19577. (a) Any blood, urine, saliva, or any other test sample required by the board to be taken from a horse that is entered in any race shall be taken in duplicate if there is a sufficient test sample available after the official test sample has been taken. Two-thirds of the samples taken shall be sent to the official racing laboratory approved and designated by the board, and one-third of the samples taken shall be sent to the California Veterinary Diagnostic Laboratory System. The duplicate samples shall be stored and sent to an independent laboratory participating in the Association of Racing Commissioners International Quality Assurance Program if requested by the owner or trainer. The board shall adopt regulations to ensure the security of obtaining all samples and the testing of those samples. If the official test sample tests positive for any prohibited drug substance, the board shall inform the trainer and the owner of those results. The trainer or the owner of the horse, upon being so informed, or the steward, may request that the duplicate sample be tested.

(b) The requesting party shall pay the testing costs of the duplicate sample.

(c) The results of the tests from the official racing laboratory, the California Veterinary Diagnostic Laboratory System, and the independent laboratory shall be confidential until the matter is referred to the board.

(d) If the test results from the independent laboratory are negative, a presumption affecting the burden of producing evidence pursuant to Section 603 of the Evidence Code of no evidentiary

prohibited drug substance in the animal shall exist for purposes of this chapter.

(e) The board shall contract with the Regents of the University of California to have one-third of the routine equine drug testing required by this section performed by the California Veterinary Diagnostic Laboratory System. The contract may provide for a phased-in performance in order to allow for the startup of the California Veterinary Diagnostic Laboratory System and for the completion of existing contracts.

SEC. 2. Section 19578 is added to the Business and Professions Code, to read:

19578. (a) It is the intent of the Legislature that the board contract with the Regents of the University of California to provide equine drug testing.

(b) An Equine Drug Testing Laboratory may be constructed at the University of California, Davis campus.

(c) If constructed, the Equine Drug Testing Laboratory shall be located at the University of California at Davis in order to take advantage of the expertise of the veterinary specialists at that campus' School of Veterinary Medicine. The laboratory shall be a part of the California Veterinary Diagnostic Laboratory System. Any capital outlay expenditures for the Equine Drug Testing Laboratory shall comply with Section 13332.11 of the Government Code.

(d) Funds collected under Article 9.2 (commencing with Section 19605) and Article 9.5 (commencing with Section 19610) for purposes of the California Veterinary Diagnostic Laboratory System and the Equine Research Laboratory shall be deposited in a separate account in the Fair and Exposition Fund. The funds designated for the California Veterinary Diagnostic Laboratory System shall be distributed to that system and shall be used to conduct the tests required by Section 19577 and to fund the construction costs, equipment costs, and operating costs of the Equine Drug Testing Laboratory if it is constructed. The funds designated for the Equine Research Laboratory shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis.

(e) Title to the Equine Drug Testing Laboratory shall vest in the Regents of the University of California. The laboratory shall be used in a manner that is consistent with Section 19577 and this section.

(f) The board shall contract to provide compensation for an equine medical director who shall advise the Equine Drug Testing Laboratory and be appointed by the Dean of the School of Veterinary Medicine under applicable university hiring rules with the advice of the board. The equine medical director shall be a member of the scientific advisory committee to the Equine Drug Testing Laboratory, and act as the primary advisor to the board on all matters relating to medication and drug testing, the practice of veterinary medicine within the areas regulated by the board, and the health and safety of horses within the inclosure.

(g) The budget for the Equine Drug Testing Laboratory shall be established as a permanent line item in the budget of the board. Operating budget requests shall be submitted annually by the university, and the board shall transfer funds appropriated for operation of the laboratory and for equipment, in accordance with the contract, to the university.

(h) If the Equine Drug Testing Laboratory is constructed, the board and the University of California may expand the services provided by the laboratory to the board in a manner that is mutually agreeable and is consistent with Section 19577 and this section.

SEC. 3. Section 19605.7 of the Business and Professions Code is amended to read:

19605.7. The total percentage deducted from wagers at satellite wagering facilities in the northern zone shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and thirty-three hundredths of one-tenth of 1 percent distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the

satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and thirty-three hundredths of one-tenth of 1 percent shall be distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) or (b), for thoroughbred and fair meetings only, six-tenths of 1 percent of the total amount handled by each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the facility for promotion of that meeting's program. For harness and mixed breed meetings, 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting.

(d) In addition to the distributions specified in subdivisions (a), (b), and (c), for thoroughbred meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the association conducting the racing program to reimburse it for any costs of offsite stabling and vanning which are

required pursuant to Section 19535. The amount of the reimbursement payable to an association for offsite stabling shall not exceed the actual cost to the association of maintaining stalls at its racetrack plus the actual costs incurred by the association to provide vanning and transportation of racehorses from offsite stabling facilities to its racetrack.

(e) In addition to the distributions specified in subdivisions (a), (b), and (c), for fair meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the organization representing racing fairs to reimburse fairs for the actual cost of providing offsite stabling required by the board pursuant to Section 19535. If fairs contract with associations to provide offsite stabling during fair meetings, the cost incurred by fairs shall not exceed the actual cost to the association of maintaining the stalls or the amount of reimbursement funds made available pursuant to this subdivision, whichever is less. In the event of a disagreement between an association and the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting with respect to the actual cost of maintaining stalls, the board, at the request of the association or the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting, shall determine within 60 days the amount of actual costs incurred. For purposes of this subdivision, "actual cost" does not include fixed overhead or administrative expenses which would be incurred by the association in the absence of an agreement to provide offsite stabling during fair meetings.

(f) Any of the promotional funds distributed pursuant to subdivision (c) that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(g) Any of the stabling and vanning reimbursement funds distributed pursuant to subdivision (d) that are not expended during the meeting at which they are collected shall be retained by the racing association to offset its costs, in excess of payments by the organization representing fairs, of maintaining the stalls contracted for by fairs pursuant to subdivision (e).

(h) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, thirty-three hundredths of 1 percent of the total amount handled by each satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(i) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 4. Section 19605.71 of the Business and Professions Code is amended to read:

19605.71. The total percentage deducted from wagers at satellite wagering facilities in the central and southern zone shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and thirty-three hundredths of one-tenth of 1 percent distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds,

four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and thirty-three hundredths of one-tenth of 1 percent shall be distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition, for thoroughbred meetings and harness, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Notwithstanding any other provision of law, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in the County of Orange or Los Angeles, or both, excluding the 50th District Agricultural Association, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities shall be one-half of 1 percent. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting. To the extent that funds representing a percentage greater than one-half of 1 percent of funds wagered on thoroughbred races conducted in the Counties of Orange and Los Angeles have been distributed, prior to July 27, 1992, to an organization described in Section 19608.2 for promotion activities, but remain unused, those funds shall be redistributed, 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the racing meeting. Additionally, thirty-three hundredths of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) Notwithstanding any other provision of law, a racing

association is responsible for the payment of the state license fee as required by this section.

SEC. 5. Section 19605.8 of the Business and Professions Code is amended to read:

19605.8. (a) For thoroughbred meetings, the funds remaining after distribution of the amounts set forth in Sections 19605.7 and 19605.71 shall be distributed 50 percent as commissions to the association that conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting.

(b) Notwithstanding subdivision (a), 50 percent of the amount deducted pursuant to Section 19610.2 from the satellite wagering handle shall be paid to the board for deposit in the General Fund, and 50 percent shall be distributed as purses to the horsemen participating in the racing meeting, notwithstanding the distribution specified in Section 19610.2.

SEC. 5.5. Section 19606 of the Business and Professions Code is amended to read:

19606. (a) For harness, quarter horse, Appaloosa, Arabian, mixed breed, and fair meetings, the funds remaining after the distribution of the amounts set forth in Sections 19605.7 and 19605.71 shall be distributed 50 percent as commissions to the association that conducts the racing meeting and 50 percent to the horsemen participating in the racing meeting in the form of purses. However, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(b) Notwithstanding subdivision (a), 50 percent of the amount deducted pursuant to Section 19610.2 from the satellite wagering handle shall be paid to the board for deposit in the General Fund, and 50 percent shall be distributed as purses to the horsemen participating in the racing meeting notwithstanding the distribution specified in Section 19610.2.

SEC. 6. Section 19610.2 is added to the Business and Professions Code, to read:

19610.2. Every association that conducts a racing meeting shall deduct one-tenth of 1 percent of the total amount handled. The amount deducted on wagers at satellite wagering facilities shall be distributed as provided in subdivision (b) of Section 19605.8 and subdivision (b) of Section 19606. From the amount deducted on wagers made on-track, thirty-three one hundredths of the amount deducted shall be distributed to the Equine Research Laboratory and shall supplement, and not supplant, other funding sources. Sixty-seven one hundredths of the amount deducted shall be distributed to the California Veterinary Diagnostic Laboratory System to fund the equine drug testing program and laboratory at the University of California at Davis described in Section 19578.

SEC. 7. Section 522 of the Food and Agricultural Code is amended to read:

522. When a central diagnostic laboratory constructed on the

Davis campus of the university is ready for occupancy, the director shall contract with the Regents of the University of California for its School of Veterinary Medicine to establish and operate the California Veterinary Diagnostic Laboratory System. The system shall be headed by a director appointed by the Dean of the School of Veterinary Medicine under applicable university hiring rules. The system shall test, examine, and make diagnoses of infectious, nutritional, toxic, metabolic, and other diseases of domestic animals.

SEC. 8. The amendment of Sections 19605.7 and 19605.71 of the Business and Professions Code that states that the amount retained by the satellite wagering facility as a commission is for the right to do business as a franchise and that the commission is not for the use of any real property does not constitute a change in, but is declaratory of, the existing law.

CHAPTER 1086

An act to amend Section 19440 of, and to repeal and add Section 19577 of, the Business and Professions Code, relating to horseracing.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19440 of the Business and Professions Code is amended to read:

19440. (a) The board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the board shall include, but not be limited to, all of the following:

(1) Adopting rules and regulations for the protection of the public and the control of horseracing and parimutuel wagering.

(2) Administration and enforcement of all laws, rules, and regulations affecting horseracing and parimutuel wagering.

(3) Adjudication of controversies arising from the enforcement of those laws and regulations dealing with horseracing and parimutuel wagering.

(4) Licensing of each racing association and all persons, other than the public at large, who participate in a horserace meeting with parimutuel wagering.

(5) Allocation of racing dates to qualified associations in accordance with law.

(b) The board may delegate to stewards appointed pursuant to Article 5 (commencing with Section 19510) any of its powers and duties that are necessary to carry out fully and effectuate the purposes of this chapter.

SEC. 2. Section 19577 of the Business and Professions Code is

repealed.

SEC. 3. Section 19577 is added to the Business and Professions Code, to read:

19577. (a) Any blood or urine test sample required by the board to be taken from a horse that is entered in any race shall be divided or taken in duplicate, if there is sufficient sample available after the initial test sample has been taken. The initial test sample shall be referred to as the official test sample and the secondary sample shall be referred to as the split sample. All samples immediately become and remain the property of the board. The board shall adopt regulations to ensure the security of obtaining and testing of all samples.

(b) If the official test sample is found to contain a prohibited drug substance, the secretary, after consulting with and agreeing with the equine medical director that the official test sample contains a prohibited substance, shall confidentially inform the owner and trainer of those results. The owner or the trainer of the horse, upon being so informed, may request that the split sample be tested by an independent laboratory selected from a list of laboratories provided by and approved by the board. The owner or trainer of the horse shall pay the cost of testing the split sample.

(c) If the split sample test results fail to confirm the finding of the prohibited drug substance found in the official test sample, a presumption affecting the burden of producing evidence pursuant to Section 603 of the Evidence Code of no evidentiary prohibited drug substance in the animal shall exist for purposes of this chapter.

(d) The secretary shall report to the board a finding of a prohibited drug substance in an official test sample within 24 hours of the confirmation of that prohibited drug substance in the split sample by the independent laboratory, or within 24 hours of waiver of split sample testing by the owner or trainer. Any recommendation to the board by the secretary to dismiss the matter shall be by mutual agreement with the equine medical director. The authority for the disposition of the matter shall be the responsibility of the board.

(e) The secretary shall maintain responsibility for all test samples until the secretary refers the matter to the board. Notwithstanding any other provision of law, and except as provided in subdivision (a), the results of the tests from the official testing laboratory, the California Veterinary Diagnostic Laboratory System and the independent laboratory shall be confidential until or unless the board files an official complaint.

(f) If the owner or trainer does not request that the split sample be tested within the time limits set by the board, they waive all rights to that sample and the board assumes all jurisdiction over the split sample.

CHAPTER 1087

An act to amend Sections 16115.5, 16118, 16119, 16120.1, and 16121 of, to amend, repeal, and add Section 16120 of, to add Sections 16120.05 and 16121.05 to, and to repeal Section 16116 of, the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16115.5 of the Welfare and Institutions Code is amended to read:

16115.5. It is the intent of the Legislature in enacting this chapter to benefit children residing in foster homes by providing the stability and security of permanent homes, and in so doing, achieve a reduction in foster home care. It is not the intent of this chapter to increase expenditures but to provide for payments to adoptive parents to enable them to meet the needs of children who meet the criteria established in Sections 16116, 16120, and 16121.

SEC. 2. Section 16116 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 16118 of the Welfare and Institutions Code is amended to read:

16118. (a) The department shall establish and administer the program to be carried out by the department or the county pursuant to this chapter. The department shall adopt any regulations necessary to carry out the provisions of this chapter.

(b) The department shall keep any records necessary to evaluate the program's effectiveness in encouraging and promoting the adoption of children eligible for the Adoption Assistance Program.

(c) The department or the county responsible for providing financial aid in the amount determined in Section 16120 shall have responsibility for certifying that the child meets the eligibility criteria and for determining the amount of financial assistance needed by the child and the adopting family.

(d) The department shall actively seek and make maximum use of federal funds that may be available for the purposes of this chapter. All gifts or grants received from private sources for the purpose of this chapter shall be used to offset public costs incurred under the program established by this chapter.

(e) For purposes of this chapter, the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid in the amount determined in Sections 16120 and 16120.1 shall be the county that at the time of the adoptive placement would otherwise be responsible for making a

payment pursuant to Section 11450 under the Aid to Families with Dependent Children program or Section 11461 under the Aid to Families with Dependent Children-Foster Care program if the child were not adopted. The responsible county for all other eligible children shall be the county where the child is physically residing prior to placement with the adoptive family. The responsible county shall certify eligibility on a form prescribed by the department.

SEC. 4. Section 16119 of the Welfare and Institutions Code is amended to read:

16119. (a) At the time application for adoption of a child who is potentially eligible for Adoption Assistance Program benefits is made, the department or the licensed adoption agency, whichever is appropriate, shall provide the prospective adoptive family with information, in writing, on the availability of Adoption Assistance Program benefits, with an explanation of the difference between these benefits and foster care payments. The department or the licensed adoption agency shall also provide the prospective adoptive family with information, in writing, on the availability of reimbursement for the nonrecurring expenses incurred in the adoption of the Adoption Assistance Program eligible child.

(b) The department or the county, whichever is responsible for determining the child's eligibility for the Adoption Assistance Program, shall assess the needs of the child and the resources of the family to meet those needs, including the family's financial status relative to available statewide median income data.

(c) The amount of an adoption assistance cash benefit, if any, shall be a negotiated amount based upon the needs of the child and the ability of the family to meet the child's needs. There shall be no means test used to determine an adoptive family's eligibility for the Adoption Assistance Program. The statewide median income data shall be used as a guideline to assist agencies and adoptive families in negotiating the amount of the Adoption Assistance Program benefit to be awarded to families to meet a child's needs for which other resources are unavailable. In all instances, actual living expenses, including any unusual expenses, shall be considered in evaluating the amount of benefit needed by the family to meet the child's needs. In those instances where an otherwise eligible child does not require a cash benefit, Medi-Cal eligibility may be established for the child, as needed.

(d) In applying the statewide median income guideline, agencies shall be guided by the following assumptions:

(1) Families with income below the statewide median income may qualify for an amount up to the state approved basic foster care rate plus any state approved specialized care increment for which the child would be eligible if in foster care.

(2) Families with income above the statewide median income shall be considered to be able to meet the normal child rearing expenses encompassed in the state approved basic foster family home care rate, but may qualify to receive benefits in an amount up

to the state approved specialized care increments the child would be eligible to receive if in foster care.

(e) The department or the licensed adoption agency shall inform the prospective adoptive family regarding the county responsible for providing financial aid to the adoptive family in an amount determined pursuant to Sections 16120 and 16120.1.

SEC. 5. Section 16120 of the Welfare and Institutions Code is amended to read:

16120. A child shall be eligible for Adoption Assistance Program benefits if all of the following conditions are met:

(a) The child has at least one of the following characteristics that are barriers to his or her adoption:

(1) Adoptive placement without financial assistance is unlikely because of membership in a sibling group that should remain intact or by virtue of race, ethnicity, color, language, age of three years or older, or parental background of a medical or behavioral nature that can be determined to adversely affect the development of the child.

(2) Adoptive placement without financial assistance is unlikely because the child has a mental, physical, emotional, or medical disability that has been certified by a licensed professional competent to make an assessment and operating within the scope of his or her profession. This paragraph shall also apply to children with a developmental disability as defined in subdivision (a) of Section 4512, including those determined to require out-of-home nonmedical care as described in Section 11464.

(b) The need for adoption subsidy is evidenced by an unsuccessful search for an adoptive home to take the child without financial assistance, as documented in the case file of the prospective adoptive child. The requirement for this search shall be waived when it would be against the best interest of the child because of the existence of significant emotional ties with prospective adoptive parents while in the care of these persons as a foster child.

(c) The child is the subject of an agency adoption as defined in Section 220.20 of the Civil Code and was any of the following:

(1) Under the supervision of a county welfare department as the subject of a legal guardianship or juvenile court dependency.

(2) Relinquished for adoption to a licensed California private or public adoption agency, or the department, and would have otherwise been at risk of dependency as certified by the responsible public child welfare agency.

(3) Committed to the department pursuant to Section 224.37 or 226.66 of the Civil Code.

(d) The child is under 18 years of age, or under 21 years of age and has a mental or physical handicap that warrants the continuation of assistance.

(e) The adoptive family is responsible for the child pursuant to the terms of an adoptive placement agreement or a final decree of adoption and has signed an adoption assistance agreement.

(f) The adoptive family is legally responsible for the support of the

child and the child is receiving support from the adoptive parent.

(g) The department or the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid, and the prospective adoptive parent, prior to or at the time the adoption decree is issued by the court, have signed an adoption assistance agreement that stipulates the need for, and the amount of, Adoption Assistance Program benefits.

(h) This section shall remain in effect only until January 1, 1994 and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994 deletes or extends that date.

SEC. 6. Section 16120 is added to the Welfare and Institutions Code, to read:

16120. A child shall be eligible for Adoption Assistance Program benefits if all of the following conditions are met:

(a) The child has at least one of the following characteristics that are barriers to his or her adoption:

(1) Adoptive placement without financial assistance is unlikely because of membership in a sibling group that should remain intact or by virtue of race, ethnicity, color, language, age of three years or older, or parental background of a medical or behavioral nature that can be determined to adversely affect the development of the child.

(2) Adoptive placement without financial assistance is unlikely because the child has a mental, physical, emotional, or medical disability that has been certified by a licensed professional competent to make an assessment and operating within the scope of his or her profession. This paragraph shall also apply to children with a developmental disability as defined in subdivision (a) of Section 4512, including those determined to require out-of-home nonmedical care as described in Section 11464.

(b) The need for adoption subsidy is evidenced by an unsuccessful search for an adoptive home to take the child without financial assistance, as documented in the case file of the prospective adoptive child. The requirement for this search shall be waived when it would be against the best interest of the child because of the existence of significant emotional ties with prospective adoptive parents while in the care of these persons as a foster child.

(c) The child is the subject of an agency adoption as defined in Section 8506 of the Family Code and was any of the following:

(1) Under the supervision of a county welfare department as the subject of a legal guardianship or juvenile court dependency.

(2) Relinquished for adoption to a licensed California private or public adoption agency, or the department, and would have otherwise been at risk of dependency as certified by the responsible public child welfare agency.

(3) Committed to the department pursuant to Section 8805 or 8918 of the Family Code.

(d) The child is under 18 years of age, or under 21 years of age and has a mental or physical handicap that warrants the continuation of assistance.

(e) The adoptive family is responsible for the child pursuant to the terms of an adoptive placement agreement or a final decree of adoption and has signed an adoption assistance agreement.

(f) The adoptive family is legally responsible for the support of the child and the child is receiving support from the adoptive parent.

(g) The department or the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid, and the prospective adoptive parent, prior to or at the time the adoption decree is issued by the court, have signed an adoption assistance agreement that stipulates the need for, and the amount of, Adoption Assistance Program benefits.

(h) This section shall become operative on January 1, 1994.

SEC. 7. Section 16120.05 is added to the Welfare and Institutions Code, to read:

16120.05. The adoption assistance agreement shall, at a minimum, specify the amount and duration of assistance. The date for renewal of the agreement shall be set at the time of the initial negotiation of the adoption assistance agreement, and shall, thereafter be set at each subsequent renewal. The interval between any renewals shall not exceed two years. The renewal period shall be based on the specific qualifying condition of the child, and if applicable, documented by a licensed competent professional, operating within the scope of his or her profession, as to the diagnosis and prognosis of the child. Adoption Assistance Program payment levels shall be considered only after a full documentation of the costs to be incurred because of a child's qualifying condition, as well as an assessment of the adoptive family's resources to pay for identified needs of the child. An assessment of the availability of other community resources shall also be considered to pay or provide for identified costs. Adoption Assistance Program payments shall only be available to meet otherwise unmet needs when community or parental resources are not available for these purposes.

The adoption assistance agreement shall also specify the responsibility of the adopting family for reporting changes in circumstances.

SEC. 8. Section 16120.1 of the Welfare and Institutions Code, as amended by Section 133 of Chapter 722 of the Statutes of 1992, is amended to read:

16120.1. Upon the authorization of the department or, where appropriate, the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid, the responsible county shall directly reimburse eligible individuals for reasonable nonrecurring expenses, as defined by the department, incurred as a result of the adoption of a child eligible for the Adoption Assistance Program. The state shall provide payment to the county for the reimbursement. Reimbursements shall conform to the eligibility criteria and claiming procedures established by the department and shall be subject to the following conditions:

(a) The amount of the payment shall be determined through

agreement between the adopting parent or parents and the department or the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid. The agreement shall indicate the nature and the amount of the nonrecurring expenses to be paid. Payments shall be limited to an amount not to exceed four hundred dollars ($400) for each placement eligible for the Adoption Assistance Program.

(b) There shall be no income eligibility requirement for an adoptive parent or adoptive parents in determining whether payments for nonrecurring expenses shall be made.

(c) Reimbursement for nonrecurring expenses shall be limited to costs incurred by or on behalf of an adoptive parent or adoptive parents that are not reimbursed from other sources. No payments shall be made under this section if the federal program for reimbursement of nonrecurring expenses for the adoption of eligible for the Adoption Assistance Program children pursuant to Section 673 of Title 42 of the United States Code is terminated.

(d) Reimbursement for nonrecurring expenses shall be in addition to any adoption expenses paid pursuant to Section 16121 and shall not be included in the computation of maximum benefits for which the adoptive family is eligible pursuant to Section 16121.

(e) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 9. Section 16120.1 of the Welfare and Institutions Code, as amended by Section 134 of Chapter 722 of the Statutes of 1992, is amended to read:

16120.1. Upon the authorization of the department or, where appropriate, the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid, the responsible county shall directly reimburse eligible individuals for reasonable nonrecurring expenses, as defined by the department, incurred as a result of the adoption of a child eligible for the Adoption Assistance Program. The state shall provide payment to the county for the reimbursement. Reimbursements shall conform to the eligibility criteria and claiming procedures established by the department and shall be subject to the following conditions:

(a) The amount of the payment shall be determined through agreement between the adoptive parent or adoptive parents and the department or the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid. The agreement shall indicate the nature and the amount of the nonrecurring expenses to be paid.

(b) There shall be no income eligibility requirement for an adoptive parent or adoptive parents in determining whether payments for nonrecurring expenses shall be made.

(c) Reimbursement for nonrecurring expenses shall be limited to costs incurred by or on behalf of an adoptive parent or adoptive parents which are not reimbursed from other sources. No payments

shall be made under this section if the federal program for reimbursement of nonrecurring expenses for the adoption of children eligible for the Adoption Assistance Program pursuant to Section 673 of Title 42 of the United States Code is terminated.

(d) Reimbursement for nonrecurring expenses shall be in addition to any adoption expenses paid pursuant to Section 16121 and shall not be included in the computation of maximum benefits for which the adoptive family is eligible pursuant to Section 16121.

(e) This section shall become operative on January 1, 1994.

SEC. 10. Section 16121 of the Welfare and Institutions Code is amended to read:

16121. In accordance with the adoption assistance agreement, the adoptive family shall be paid an amount of aid based on the child's needs otherwise covered in AFDC-FC payments and the circumstance of the adopting parents but that shall not exceed the age related state-approved foster family home care rate, and any applicable specialized care increment, for a child placed in a licensed or approved family home pursuant to subdivisions (a) to (d), inclusive, of Section 11461. Payment may be made on behalf of an otherwise eligible child in a state-approved group home or residential care treatment facility if the department or county responsible for determining payment has confirmed that the placement is necessary for the temporary resolution of mental or emotional problems related to a condition that existed prior to the adoptive placement. Out-of-home placements shall be in accordance with the applicable provisions of Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code and other applicable statutes and regulations governing eligibility for AFDC-FC payments for placements in in-state and out-of-state facilities. The designation of the placement facility shall be made after consultation with the family by the department or county welfare agency responsible for determining the Adoption Assistance Program eligibility and authorizing financial aid. Group home or residential placement shall only be made as part of a plan for return of the child to the adoptive family, that shall actively participate in the plan. Adoption Assistance Program benefits shall not be authorized for payment of an eligible child's group home or residential treatment facility placement that exceeds an 18-month cumulative period of time for a specific episode or condition justifying that placement.

In the event that a family signs an adoption assistance agreement where a cash benefit is not awarded, the adopting family shall be otherwise eligible to receive Medi-Cal benefits for the child if it is determined that the benefits are needed pursuant to this chapter.

This section shall apply to adoption assistance agreements signed on or after October 1, 1992.

SEC. 11. Section 16121.05 is added to the Welfare and Institutions Code, to read:

16121.05. (a) The adoptive parents shall report changes in the

family's or child's circumstances, including, but not limited to, financial status, to the department or county responsible for determining the child's eligibility for the Adoption Assistance Program and for providing financial aid. Failure to report these changes to the department or the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid may result in current and future reduction of Adoption Assistance Program payments to recover past overpayments. A finding that an overpayment has occurred may also result in circumstances where the child has not received the services for which benefits were authorized. The department may recover any overpayments, and shall develop regulations that establish the means to recoup them, including an appropriate notice of action and appeal rights.

(b) Children on whose behalf an adoption assistance agreement had been executed prior to October 1, 1992, shall continue to receive adoption assistance in accordance with the terms of that agreement.

(c) Payment shall begin on or after the effective date of an adoption assistance agreement, or a deferred adoption assistance agreement, or a final decree of adoption, provided the adoption assistance agreement has been signed by all required parties prior to or at the time the adoption decree is issued by the court.

(d) Children on whose behalf an aid for adoption of children agreement had been executed prior to October 1, 1982, shall continue to receive aid for adoption of children benefits in accordance with the terms of that agreement. This aid for adoption of children agreement may be renewed, provided total benefits do not exceed five years. Prior to the end of the five-year period, if there is a continuing need related to a chronic health condition of the child that necessitated the initial financial assistance, the time period for which it may be given shall be determined by the department or the agency, but shall not extend past the time that the child reaches 18 years of age. Prior to the expiration of the extension period, if there is a continuing need, a parent may petition the department or the designated licensed adoption agency for a new period of termination. The department or the agency shall make its determination regarding the financial ability of the parents to meet the continuing medical needs of the child's health condition at the time of adoption, taking into consideration community resources.

SEC. 12. The State Department of Social Services shall develop regulations on an emergency basis for implementation of this act.

SEC. 13. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent the disruption of adoption opportunities for children needing a permanent family at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1088

An act to add Section 1530.8 to the Health and Safety Code, and to amend Section 361.2 of, and to add Sections 319.2 and 11467.1 to, the Welfare and Institutions Code, relating to community care facilities.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that, in order to meet their specific needs resulting from the trauma of separation from their family, very young children, from birth to six years of age, who are removed from their home be placed in family homes, not group care or institutional settings. The Legislature recognizes that, due to a lack of existing resources in some counties, it is not yet possible to accomplish this intent and that currently some counties are moving in the direction of replacing large public institutional placements with smaller group settings for very young children. The Legislature further intends for the state, counties, and providers to work together to identify existing barriers to placing very young children in family homes and to develop the necessary family home resources in each county that meet the special needs of this population.

SEC. 2. Section 1530.8 is added to the Health and Safety Code, to read:

1530.8. (a) The department shall adopt regulations for community care facilities licensed as group homes, and for temporary shelter care facilities as defined in subdivision (c), that care for dependent children, children placed by a regional center, or voluntary placements, who are younger than 6 years of age. The department shall adopt these regulations after assessing the needs of this population and developing standards pursuant to Section 11467.1 of the Welfare and Institutions Code.

(b) The regulations shall include physical environment standards, including staffing and health and safety requirements, that meet or exceed state child care standards under Title 5 and Title 22 of the California Code of Regulations.

(c) For purposes of this section, a "temporary shelter care facility" means any residential facility that meets all of the following requirements:

(1) It is owned and operated by the county.

(2) It is a 24-hour facility that provides short-term residential care and supervision for dependent children under 18 years of age who have been removed from their homes as a result of abuse or neglect, as defined in Section 300 of the Welfare and Institutions Code, or both.

SEC. 3. Section 319.2 is added to the Welfare and Institutions Code, to read:

319.2. Notwithstanding Section 319, when a child under the age of six years is not released from the custody of the court, the child may be placed in a community care facility licensed as a group home for children or in a temporary shelter care facility, as defined in Section 1530.8 of the Health and Safety Code, only when the court finds that placement is necessary to secure a complete and adequate evaluation, including placement planning and transition time. The placement period shall not exceed 60 days unless a case plan has been developed and the need for additional time is documented in the case plan and has been approved by the supervisor of the caseworker's supervisor.

SEC. 4. Section 361.2 of the Welfare and Institutions Code is amended to read:

361.2. (a) When a court orders removal of a minor pursuant to Section 361, the court shall first determine whether there is a parent of the minor, with whom the minor was not residing at the time that the events or conditions arose that brought the minor within the provisions of Section 300, who desires to assume custody of the minor. If such a parent requests custody the court shall place the minor with the parent unless it finds that placement with that parent would be detrimental to the minor.

If the court places the minor with such a parent it may do either of the following:

(1) Order that such parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the minor. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.

(2) Order that the parent assume custody subject to the supervision of the juvenile court. In such a case the court may order that reunification services be provided to the parent or guardian from whom the minor is being removed, or the court may order that

services be provided solely to the parent who is assuming physical custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at review hearings held pursuant to Section 366, which parent, if either, shall have custody of the minor.

(b) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

(1) The home of a relative, including a noncustodial parent.

(2) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.

(3) A suitable licensed community care facility.

(4) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(5) A home or facility in accordance with the federal Indian Child Welfare Act.

(6) A child under the age of six years may be placed in a community care facility licensed as a group home for children, or a temporary shelter care facility as defined in Section 1530.8 of the Health and Safety Code, only under any of the following circumstances:

(A) When a case plan indicates that placement is for purposes of providing specialized treatment to the child, the case plan specifies the need for, nature of, and anticipated duration of this treatment, and the facility meets the applicable regulations adopted under Section 1530.8 of the Health and Safety Code and standards developed pursuant to Section 11467.1. The specialized treatment period shall not exceed 120 days, unless additional time is needed pursuant to the case plan as documented by the caseworker and approved by the caseworker's supervisor. A placement may be extended beyond the 120 period if the child is terminally ill, as defined by regulations of the department.

(B) When a case plan indicates that placement is for purposes of providing family reunification services. In addition, the facility offers family reunification services that meet the needs of the individual child and his or her family, permits parents to have reasonable access to their children 24 hours a day, encourages extensive parental involvement in meeting the daily needs of their children, and employs staff trained to provide family reunification services. In addition, one of the following conditions exists:

(i) The child's parent is also a ward or dependent of the court and resides in the facility.

(ii) The child's parent is participating in a treatment program affiliated with the facility and the child's placement in the facility facilitates the coordination and provision of reunification services.

(iii) Placement in the facility is the only alternative that permits the parent to have daily 24-hour access to the child in accordance with the case plan, to participate fully in meeting all of the daily needs of the child, including feeding, and personal hygiene, and to have access to necessary reunification services.

(c) If the minor is taken from the physical custody of the minor's parents or guardians and unless the minor is placed with relatives, the minor shall be placed in foster care in the county of residence of the minor's parents or guardians in order to facilitate reunification of the family.

In the event that there are no appropriate placements available in the parents' or guardians' county, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parents' or guardians' community of residence.

Nothing in this section shall be interpreted as requiring multiple disruptions of the minor's placement corresponding to frequent changes of residence by the parents or guardians. In determining whether the minor should be moved, the probation officer will take into consideration the potential harmful effects of disrupting the placement of the minor and the parents' or guardians' reason for the move.

(d) Whenever the probation officer must change the placement of the minor and is unable to find a suitable placement within the county and must place the minor outside the county, the placement shall not be made until he or she has served written notice on the parents or guardians at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parents or guardians may object to the placement not later than seven days after receipt of the notice and, upon objection the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the minor's particular needs require placement outside the county.

(e) Where the court has ordered a minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, if all of the following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

(2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.

(3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home

applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

(f) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the minor will be served by granting visitation rights to the minor's grandparents. The court shall clearly specify those rights to the supervising probation officer.

SEC. 5. Section 11467.1 is added to the Welfare and Institutions Code, to read:

11467.1. (a) It is the intent of the Legislature that standards be developed to address the specific needs of very young children, from birth to six years of age, experiencing the trauma of separation from their family who must be placed in out-of-home care. These standards shall provide normative guidelines differentiated by the needs specific to infants from birth to two years of age, toddlers from two years of age to four years of age, and preschool from four years of age to six years of age and shall reflect the needs of all children for a family-like setting that provides culturally appropriate nurturing, and safety.

(b) The department shall assess the needs of young children and adopt standards in consultation with interested parties that shall include the following:

(1) A representative of a public interest law firm specializing in children's issues.

(2) A representative of an advocacy group representing children with developmental disabilities.

(3) A representative of the California Association of Children's Homes.

(4) A representative of the Association for Minority Adolescents in Residential Care Homes.

(5) A representative of the California Association of Services for Children.

(6) A representative of the County Welfare Directors Association.

(7) A representative of the National Association of Social Workers.

(8) A developmental psychologist specializing in children in shelter care.

(9) A psychiatrist specializing in the emotional development of young children.

(10) A pediatrician.

(11) An expert in family reunification issues.

(12) A specialist in the treatment of alcohol and other drug abuse.

(13) A representative of the Child Welfare League of America.

(14) A representative of the State Department of Developmental Services.

(15) A representative of the Association of Regional Center Agencies.

(c) The department shall develop standards that include, but are not limited to, all of the following:

(1) The elements of a safe nurturing environment that support all aspects of a child's development and provide opportunities to establish primary, trusting relationships with a carefully limited number of adults.

(2) Psychosocial needs, primary care, parental visits, developmental support, trauma recovery, appropriate discipline, and flexibility in daily activities.

(3) Guidelines for services to be provided pursuant to a case plan.

(4) To the maximum extent feasible, the requirement that significant placement changes be minimized, and that they be carefully planned and implemented.

(d) The standards shall be incorporated to the extent feasible into group home program statements required pursuant to Section 11467 of the Welfare and Institutions Code.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1089

An act to amend Section 1521.5 of, to add Section 1521.6 to, and to repeal Section 1525.1 of, the Health and Safety Code, to amend Sections 361.2, 727, 740, 11462.01, 11466.1, 11467, 11468, 11468.4, 11468.5, and 16000 of, to amend and repeal Section 16120.1 of, to amend and renumber Section 11466.4 of, to amend, renumber, and add Section 11466.3 of, and to add Sections 366.27, 903.8, 10605.2, 10609.3, 11462.03, 11466.22, 11466.25, 11466.31, 11466.32, 11466.33, 11466.34, 11466.35, 11466.36, 11468.6, 16001, 16002, 16518, 16520, and 16521 to, the Welfare and Institutions Code, relating to minors.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That there is a need for a statewide training effort to ensure that all foster parents, including relative foster parents, receive at

least the basic training needed to provide the best possible care to foster children.

(b) That the incidence of children in the foster care system with special needs is rising and California's foster parents are called on to care for children who are increasingly physically, emotionally, and mentally troubled.

(c) That the funding formula for foster parent training is unreliable as a support mechanism for essential foster parent training.

(d) That a variety of viable curricula and resources exist on which to base the development of a foster parent core curriculum.

(e) That alternative delivery models and competent service providers capable of delivering quality foster parent training exist, including, but not limited to county welfare departments, community colleges, foster parent associations, and nonprofit organizations.

(f) That greater efforts are needed in recruiting, training, and retaining foster families, especially minority families, in order to maintain a familylike atmosphere and to ensure culturally competent placements due to the disproportionate number of minority youth in the foster care system.

SEC. 2. Section 1521.5 of the Health and Safety Code is amended to read:

1521.5. (a) The county welfare director shall, prior to the issuance of any foster family home license, ensure that the county licensing staff, or the placement staff, conducts one or more home interviews with the prospective foster parent sufficient to collect information that may be used by the placement agency to evaluate the ability, willingness, and readiness of the prospective foster parent to meet the varying needs of children, including hard-to-place children. The inability of a prospective foster parent to meet the varying needs of children, including hard-to-place children shall not, in and of itself, preclude a prospective foster parent from obtaining a foster family home license. In counties in which the county has not contracted with the state to license foster family homes, the home interview shall be done by the placement agency.

(b) All home interviews required by this section shall be on an in-person basis.

(c) If the home interview is conducted by the licensing agency, it shall be a part of the licensing record, and shall be shared with the placement agency pursuant to subdivision (e) of Section 1798.24 of the Civil Code.

(d) The home interview required by this section shall be completed no later than 120 days following notification by the licensing agency.

(e) No license shall be issued unless a home interview has been conducted as required by this section.

(f) The activities performed pursuant to paragraphs (1), (2), and (3) of subdivision (b) of Section 16507.5 of the Welfare and

Institutions Code for the purpose of certifying a foster family home pending licensure, shall not substitute for the home interview required by subdivision (a) of this section.

(g) This section shall become inoperative on the date the regulations adopted pursuant to Section 1521.6 are filed with the Secretary of State.

SEC. 3. Section 1521.6 is added to the Health and Safety Code, to read:

1521.6. (a) The Legislature recognizes the importance of ensuring that prospective foster family homes meet specified health and safety requirements. Moreover, the Legislature acknowledges that there is a further need to evaluate a prospective foster parent's ability, readiness, and willingness to meet the varying needs of children in order to ensure competent placement resources. Therefore, it is the intent of the Legislature that the State Department of Social Services, in consultation with county placement agencies, foster care providers, and other interested parties, develop and implement through regulations, a comprehensive licensing process that integrates the decision outcome of the home study developed pursuant to Section 16518 of the Welfare and Institutions Code, as a criteria for licensure.

(b) This section shall become inoperative on the date the regulations adopted pursuant to this section are filed with the Secretary of State.

SEC. 4. Section 1525.1 of the Health and Safety Code is repealed.

SEC. 5. Section 361.2 of the Welfare and Institutions Code is amended to read:

361.2. (a) When a court orders removal of a minor pursuant to Section 361, the court shall first determine whether there is a parent of the minor, with whom the minor was not residing at the time that the events or conditions arose that brought the minor within the provisions of Section 300, who desires to assume custody of the minor. If such a parent requests custody the court shall place the minor with the parent unless it finds that placement with that parent would be detrimental to the minor.

If the court places the minor with such a parent it may do either of the following:

(1) Order that the parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the minor. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.

(2) Order that the parent assume custody subject to the supervision of the juvenile court. In such a case the court may order that reunification services be provided to the parent or guardian from whom the minor is being removed, or the court may order that services be provided solely to the parent who is assuming physical

custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at review hearings held pursuant to Section 366, which parent, if either, shall have custody of the minor.

(b) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

(1) The home of a relative, including a noncustodial parent.

(2) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.

(3) A suitable licensed community care facility.

(4) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(5) A home or facility in accordance with the federal Indian Child Welfare Act.

(c) (1) If the minor is taken from the physical custody of the minor's parents or guardians and unless the minor is placed with relatives, the minor shall be placed in foster care in the county of residence of the minor's parents or guardians in order to facilitate reunification of the family.

(2) In the event that there are no appropriate placements available in the parents' or guardians' county of residence, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parents' or guardians' community of residence.

(3) Nothing in this section shall be interpreted as requiring multiple disruptions of the minor's placement corresponding to frequent changes of residence by the parents or guardians. In determining whether the minor should be moved, the probation officer will take into consideration the potential harmful effects of disrupting the placement of the minor and the parents' or guardians' reason for the move.

(4) When it has been determined that it is necessary for a minor to be placed in a county other than the minor's parents' or guardians' county of residence, the specific reason the out-of-county placement is necessary shall be documented in the minor's case plan. If the reason the out-of-county placement is necessary is the lack of resources in the sending county to meet the specific needs of the minor, those specific resource needs shall be documented in the case plan.

(5) When it has been determined that a minor is to be placed out-of-county either in a group home or with a foster family agency for subsequent placement in a certified foster family home, and the sending county is to maintain responsibility for supervision and visitation of the minor, the sending county shall develop a plan of

supervision and visitation that specifies the supervision and visitation activities to be performed and specifies that the sending county is responsible for performing those activities. In addition to the plan of supervision and visitation, the sending county shall document information regarding any known or suspected dangerous behavior of the minor that indicates the minor may pose a safety concern in the receiving county. Upon statewide implementation of the Child Welfare Services Case Management System, the plan of supervision and visitation, as well as information regarding any known or suspected dangerous behavior of the minor, shall be made available to the receiving county upon placement of the minor in the receiving county. If placement occurs on a weekend or holiday, the information shall be made available to the receiving county on or before the end of the next business day.

(6) When it has been determined that a minor is to be placed out-of-county and the sending county plans that the receiving county shall be responsible for the supervision and visitation of the minor, the sending county shall develop a formal agreement between the sending and receiving counties. The formal agreement shall specify the supervision and visitation to be provided the minor, and shall specify that the receiving county is responsible for providing the supervision and visitation. The formal agreement shall be approved and signed by the sending and receiving counties prior to placement of the minor in the receiving county. In addition, upon completion of the case plan, the sending county shall provide a copy of the completed case plan to the receiving county. The case plan shall include information regarding any known or suspected dangerous behavior of the minor that indicates the minor may pose a safety concern to the receiving county.

(d) Whenever the probation officer must change the placement of the minor and is unable to find a suitable placement within the county and must place the minor outside the county, no such placement shall be made until he or she has served written notice on the parents or guardians at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parents or guardians may object to the placement not later than seven days after receipt of the notice and, upon objection the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the minor's particular needs require placement outside the county.

(e) Where the court has ordered a minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, if all of the

following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

(2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.

(3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

(f) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the minor will be served by granting visitation rights to the minor's grandparents. The court shall clearly specify those rights to the supervising probation officer.

SEC. 5.5. Section 361.2 of the Welfare and Institutions Code is amended to read:

361.2. (a) When a court orders removal of a minor pursuant to Section 361, the court shall first determine whether there is a parent of the minor, with whom the minor was not residing at the time that the events or conditions arose that brought the minor within the provisions of Section 300, who desires to assume custody of the minor. If such a parent requests custody the court shall place the minor with the parent unless it finds that placement with that parent would be detrimental to the minor.

If the court places the minor with such a parent it may do either of the following:

(1) Order that the parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the minor. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.

(2) Order that the parent assume custody subject to the supervision of the juvenile court. In such a case the court may order that reunification services be provided to the parent or guardian from whom the minor is being removed, or the court may order that services be provided solely to the parent who is assuming physical custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at review hearings held pursuant to Section 366, which parent, if either, shall have custody of the minor.

(b) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the minor

to be under the supervision of the probation officer who may place the minor in any of the following:

(1) The home of a relative, including a noncustodial parent.

(2) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.

(3) A suitable licensed community care facility.

(4) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(5) A home or facility in accordance with the federal Indian Child Welfare Act.

(6) A child under the age of six years may be placed in a community care facility licensed as a group home for children, or a temporary shelter care facility as defined in Section 1530.8 of the Health and Safety Code, only under any of the following circumstances:

(A) When a case plan indicates that placement is for purposes of providing specialized treatment to the child, the case plan specifies the need for, nature of, and anticipated duration of this treatment, and the facility meets the applicable regulations adopted under Section 1530.8 of the Health and Safety Code and standards developed pursuant to Section 11467.1. The specialized treatment period shall not exceed 120 days, unless additional time is needed pursuant to the case plan as documented by the caseworker and approved by the caseworker's supervisor.

(B) When a case plan indicates that placement is for purposes of providing family reunification services. In addition, the facility offers family reunification services that meet the needs of the individual child and his or her family, permits parents to have reasonable access to their children 24 hours a day, encourages extensive parental involvement in meeting the daily needs of their children, and employs staff trained to provide family reunification services. In addition, one of the following conditions exists:

(i) The child's parent is also a ward of the court and resides in the facility.

(ii) The child's parent is participating in a treatment program affiliated with the facility and the child's placement in the facility facilitates the coordination and provision of reunification services.

(iii) Placement in the facility is the only alternative that permits the parent to have daily 24-hour access to the child in accordance with the case plan, to participate fully in meeting all of the daily needs of the child, including feeding, and personal hygiene, and to have access to necessary reunification services.

(c) (1) If the minor is taken from the physical custody of the minor's parents or guardians and unless the minor is placed with relatives, the minor shall be placed in foster care in the county of residence of the minor's parents or guardians in order to facilitate reunification of the family.

(2) In the event that there are no appropriate placements available in the parents' or guardians' county of residence, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parents' or guardians' community of residence.

(3) Nothing in this section shall be interpreted as requiring multiple disruptions of the minor's placement corresponding to frequent changes of residence by the parents or guardians. In determining whether the minor should be moved, the probation officer will take into consideration the potential harmful effects of disrupting the placement of the minor and the parents' or guardians' reason for the move.

(4) When it has been determined that it is necessary for a minor to be placed in a county other than the minor's parents' or guardians' county of residence, the specific reason the out-of-county placement is necessary shall be documented in the minor's case plan. If the reason the out-of-county placement is necessary is the lack of resources in the sending county to meet the specific needs of the minor, those specific resource needs shall be documented in the case plan.

(5) When it has been determined that a minor is to be placed out-of-county either in a group home or with a foster family agency for subsequent placement in a certified foster family home, and the sending county is to maintain responsibility for supervision and visitation of the minor, the sending county shall develop a plan of supervision and visitation that specifies the supervision and visitation activities to be performed and specifies that the sending county is responsible for performing those activities. In addition to the plan of supervision and visitation, the sending county shall document information regarding any known or suspected dangerous behavior of the minor that indicates the minor may pose a safety concern in the receiving county. Upon implementation of the Child Welfare Services Case Management System, the plan of supervision and visitation, as well as information regarding any known or suspected dangerous behavior of the minor, shall be made available to the receiving county upon placement of the minor in the receiving county. If placement occurs on a weekend or holiday, the information shall be made available to the receiving county on or before the end of the next business day.

(6) When it has been determined that a minor is to be placed out-of-county and the sending county plans that the receiving county shall be responsible for the supervision and visitation of the minor, the sending county shall develop a formal agreement between the sending and receiving counties. The formal agreement shall specify the supervision and visitation to be provided the minor, and shall specify that the receiving county is responsible for providing the supervision and visitation. The formal agreement shall be approved and signed by the sending and receiving counties prior to placement of the minor in the receiving county. In addition, upon completion

of the case plan, the sending county shall provide a copy of the completed case plan to the receiving county. The case plan shall include information regarding any known or suspected dangerous behavior of the minor that indicates the minor may pose a safety concern to the receiving county.

(d) Whenever the probation officer must change the placement of the minor and is unable to find a suitable placement within the county and must place the minor outside the county, the placement shall not be made until he or she has served written notice on the parents or guardians at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parents or guardians may object to the placement not later than seven days after receipt of the notice and, upon objection the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the minor's particular needs require placement outside the county.

(e) Where the court has ordered a minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, if all of the following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

(2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.

(3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

(f) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the minor will be served by granting visitation rights to the minor's grandparents. The court shall clearly specify those rights to the supervising probation officer.

SEC. 6. Section 366.27 is added to the Welfare and Institutions Code, immediately preceeding Section 366.3 of the Welfare and Institutions Code, to read:

366.27. When a court, pursuant to Section 366.26, orders the placement of a minor in long-term foster care with a relative, the court may authorize the relative to provide the same legal consent

for the minor's medical, surgical, and dental care, and education as the custodial parent of the minor.

SEC. 7. Section 727 of the Welfare and Institutions Code is amended to read:

727. (a) When a minor is adjudged a ward of the court on the ground that he or she is a person described by Section 601 or Section 602 the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of the minor, including medical treatment, subject to further order of the court. To facilitate coordination and cooperation among government agencies, the court may, after giving notice and an opportunity to be heard, join in the juvenile court proceedings any agency that the court determines has failed to meet a legal obligation to provide services to the minor. However, no governmental agency shall be joined as a party in a juvenile court proceeding in which a minor has been ordered committed to the Department of Youth Authority. In any proceeding in which an agency is joined, the court shall not impose duties upon the agency beyond those mandated by law. Nothing in this section shall prohibit agencies which have received notice of the hearing on joinder from meeting prior to the hearing to coordinate services for the minor.

The court has no authority to order services unless it has been determined through the administrative process of an agency that has been joined as a party, that the minor is eligible for those services. With respect to mental health assessment, treatment, and case management services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, the court's determination shall be limited to whether the agency has complied with that chapter.

In the discretion of the court, a ward may be ordered to be on probation without supervision of the probation officer. The court, in so ordering, may impose on the ward any and all reasonable conditions of behavior as may be appropriate under this disposition. A minor who has been adjudged a ward of the court on the basis of the commission of any of the offenses described in subdivision (b) of Section 707, Section 459 of the Penal Code, or subdivision (a) of Section 11350 of the Health and Safety Code, shall not be eligible for probation without supervision of the probation officer. A minor who has been adjudged a ward of the court on the basis of the commission of any offense involving the sale or possession for sale of a controlled substance, except misdemeanor offenses involving marijuana, as specified in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, or of an offense in violation of Section 12220 of the Penal Code, shall be eligible for probation without supervision of the probation officer only when the court determines that the interests of justice would best be served and states reasons on the record for that determination.

In all other cases, the court shall order the care, custody, and control of the minor to be under the supervision of the probation

officer who may place the minor in any of the following:

(1) The home of a relative. When a decision has been made to place the minor in the home of a relative, the court may authorize the relative to give legal consent for the minor's medical, surgical, and dental care and education as if the relative caretaker were the custodial parent of the minor.

(2) A suitable licensed community care facility.

(3) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(b) Where the court has ordered a specific minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, provided that all the following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

(2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.

(3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

When a minor has been adjudged a ward of the court on the ground that he or she is a person described in Section 601 or 602 and the court finds that notice has been given in accordance with Section 661, and when the court orders that a parent or guardian shall retain custody of that minor either subject to or without the supervision of the probation officer, the parent or guardian may be required to participate with that minor in a counseling or education program including, but not limited to, parent education and parenting programs operated by community colleges, school districts, or other appropriate agencies designated by the court.

(c) The juvenile court may direct any and all reasonable orders to the parents and guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out subdivisions (a) and (b), including orders to appear before a county financial evaluation officer.

When counseling or other treatment services are ordered for the minor, the parent, guardian, or foster parent shall be ordered to participate in those services, unless participation by the parent, guardian, or foster parent is deemed by the court to be inappropriate or potentially detrimental to the child.

SEC. 8. Section 740 of the Welfare and Institutions Code is

amended to read:

740. (a) Any minor adjudged to be a ward of the court on the basis that he or she is a person described in Section 602 and who is placed in a community care facility shall be placed in a community care facility within his or her county of residence, unless both of the following apply:

(1) He or she has identifiable needs requiring specialized care that cannot be provided in a local facility, or his or her needs dictate physical separation from his or her family.

(2) The county of residence agrees to pay the placement county the costs of providing services to the minor, pursuant to Section 1566.25 of the Health and Safety Code.

(b) (1) Before the placement of a minor adjudged to be a ward of the court on the basis that he or she is a person described in Section 602 in any community care facility outside the ward's county of residence, the probation officer of the county making the placement, or in the case of a Youth Authority ward, the parole officer in charge of his or her case, shall send written notice of the placement, including the name of the ward, the juvenile record of the ward (including any known prior offenses), and the ward's county of residence, to the probation officer of the county in which the community care facility is located; with regard to this requirement, it is the intention of the Legislature that the probation officer of the county making the placement, or in the case of a Youth Authority ward, the parole officer in charge of his or her case, shall make his or her best efforts to send, or to hand deliver, the notice at the same time the placement is made. When such a placement is terminated, the probation officer of the county making the placement, or in the case of a Youth Authority ward, the parole officer in charge of his or her case, shall send notice thereof to any person or agency receiving notification of the placement.

(2) When it has been determined that it is necessary for a ward whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program, to be placed in a county other than the ward's parents' or guardians' county of residence, the specific reason the out-of-county placement is necessary shall be documented in the ward's case plan. If the reason is lack of resources in the sending county to meet the specific needs of the ward, those specific resources needs shall be documented in the case plan.

(3) When it has been determined that a ward whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program, is to be placed out-of-county and that the sending county is to maintain responsibility for supervision and visitation of the ward, the sending county shall develop a plan of supervision and visitation activities to be performed, and shall specify that the sending county is responsible for performing those activities. The sending county shall send to the receiving county a copy of the plan of supervision and visitation, in addition to the notice of placement required in paragraph (1), prior to placement

of the ward. If placement occurs on a holiday or weekend, the plan of supervision and visitation and the notice of placement shall be provided to the receiving county on or before the end of the next business day.

(4) When it has been determined that a ward whose placement is funded through the Aid to Families with Dependent Children-Foster Care program, is to be placed out-of-county and the sending county plans that the receiving county shall be responsible for the supervision and visitation of the ward, the sending county shall develop a formal agreement between the sending and receiving counties. The formal agreement shall specify the supervision and visitation to be provided the ward, and shall specify that the receiving county is responsible for providing the supervision and visitation. The formal agreement shall be approved and signed by the sending and receiving counties prior to placement of the ward in the receiving county. Additionally, the notice of placement required by paragraph (1) shall be provided to the receiving county prior to placement of the ward in that county. Upon completion of the case plan, the sending county shall provide a copy of the completed case plan to the receiving county.

(c) A minor, the parent or guardian of any minor, and counsel representing a minor or the parent or guardian of a minor may petition the juvenile court for the review of any placement decision concerning the minor made by the probation officer pursuant to subdivision (a). The petition shall state the petitioner's relationship to the minor and shall set forth in concise language the grounds on which the review is sought. The court shall order that a hearing shall be held on the petition and shall give prior notice, or cause prior notice to be given, to the persons and by the means as prescribed by Section 776, and, in instances in which the means of giving notice is not prescribed by that section, then by any means as the court prescribes.

(d) If a minor is placed in a community care facility out of his or her county of residence and is then arrested and placed in juvenile hall pending a jurisdictional hearing, the county of residence shall pay to the probation department of the county of placement all reasonable costs resulting directly from the minor's stay in the juvenile hall, provided that these costs exceed one hundred dollars ($100).

(e) If, as a result of the hearing in subdivision (d), the minor is remanded back to his or her county of residence, the county of residence shall pay to the probation department of the county of placement, in addition to any payment made pursuant to subdivision (d), all reasonable costs resulting directly from transporting the minor to the county of residency, provided that these costs exceed one hundred dollars ($100).

(f) Claims made by the probation department in the county of placement, to the county of residence, pursuant to subdivisions (d) and (e), shall be paid within 30 days of the submission of these claims

and the probation department in the county of placement shall bear the remaining expense.

(g) As used in this section, "community care facility" shall be defined as provided in Section 1502 of the Health and Safety Code.

SEC. 9. Section 903.8 is added to the Welfare and Institutions Code, to read:

903.8. (a) Beginning January 1, 1994, the State Department of Social Services shall develop and implement an enhanced statewide basic foster parent training program. It is the intent of the Legislature to fund this program by allocating child welfare services funds from the 1992–93 fiscal year to the 1993–94 fiscal year, pursuant to the Budget Act, to support a two-year training effort.

(b) During this two-year period, the State Department of Social Services shall do all of the following, in cooperation with foster parents and representatives from county placement agencies and other foster care providers:

(1) Complete a comprehensive survey of existing foster parent training curricula and resources, evaluate the existing foster parent training delivery system and explore alternative delivery models, complete a needs assessment of foster parents, and develop and implement a statewide core curriculum.

(2) Develop and implement curricula for special needs topics, as identified in the needs assessment, to supplement the core curriculum.

(3) Evaluate the current foster parent training funding formula and explore funding alternatives to ensure that a permanent and adequate funding source is available.

(4) Evaluate current recruitment strategies and facilitate the expansion of recruitment activities, especially targeting minority families for the promotion of the placement of minority youth with trained and culturally competent families of the same ethnicity and cultural background.

(5) In its foster parent recruitment and training effort, place special emphasis on the recruitment of prospective foster parents willing to accept sibling placements and the training of foster parents to ensure they are able and ready to care for a sibling group.

SEC. 9.5. Section 10605.2 is added to the Welfare and Institutions Code, to read:

10605.2. If the director believes that a county probation department is substantially failing to comply with any provision of this code or any regulation pertaining to the placement activities required to be performed by the probation department to ensure that the needs of wards in placements whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program are met, and the director determines that formal action may be necessary to secure compliance, he or she shall inform the chief probation officer, the presiding judge of the juvenile court, and the board of supervisors of that failure. The notice to the chief probation officer, the presiding judge of the juvenile

court, and board of supervisors shall be in writing and shall allow the county probation department a specified period of time, not less than 30 days, to correct its failure to comply with the law or regulations. If within the specified period the county probation department does not comply or provide reasonable assurances in writing that it will comply within the additional time as the director may allow, the director may take one or both of the following actions:

(a) Bring an action for injunctive relief to secure immediate compliance.

Any county probation department that is found to be failing in a substantial manner to comply with the law or regulations pertaining to placement activities required to be performed by the probation department to ensure that the needs of wards in placement whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program are met, may be enjoined by any court of competent jurisdiction. The court may make orders or judgments as may be necessary to secure county probation department compliance.

(b) Order the county probation department to appear at a hearing before the director with the State Social Services Advisory Board Committee on Welfare and Social Services to show cause why the director should not take administrative action to secure compliance. The hearing shall be conducted pursuant to the rules and regulations of the department.

If the director determines, based on the record established at the hearing and the advice of the State Social Services Advisory Board Committee on Welfare and Social Services, that the county probation department is failing to comply with the provisions of this code or the regulations pertaining to the placement activities required to be performed by the probation department to ensure that the needs of wards in placement funded through the Aid to Families with Dependent Children-Foster Care program are met, or if the State Personnel Board certifies to the director that a county probation department is not in conformity with established merit system standards under Part 2.5 (commencing with Section 19800) of Division 5 of Title 2 of the Government Code, and that administrative sanctions are necessary to secure compliance, the director may invoke either of the following sanctions:

(1) Withhold all or part of state and federal funds from the county probation department until the county probation department demonstrates to the director that it has complied.

(2) Assume, temporarily, direct responsibility for fulfilling the placement activities required by law and regulations to ensure that the needs of the wards in placement funded through the Aid to Families with Dependent Children-Foster Care program are met, until the time as the county probation department provides reasonable assurances to the director of its intention and ability to comply. During the period of direct state administrative responsibility, the director or his or her authorized representative

shall have all of the powers and responsibilities of the chief probation officer with regard to placement requirements for wards whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program, except that he or she shall not be subject to the authority of the board of supervisors.

In the event that the director invokes sanctions pursuant to this section, the county probation department shall be responsible for providing any funds as may be necessary for the continued fulfillment of placement activities as required by law and regulation for the placement of wards whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program administered on behalf of the department in the county probation department. If a county probation department fails or refuses to provide these funds, including a sufficient amount to reimburse any and all costs incurred by the department in performing the activities required for the placement of wards whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program in the county probation department, the Controller may deduct an amount certified by the director as necessary for the continued operation of these programs by the department from any state or federal funds payable to the county probation department for any purpose.

Nothing in this section shall be construed as preventing a county probation department from seeking judicial review under Section 1094.5 of the Code of Civil Procedure of any final decision of the director made after a hearing conducted under this section. This review shall be the exclusive remedy available to the county probation department for review of the director's decision.

Nothing in this section shall be construed as preventing the director from bringing an action for writ of mandamus or any other action in court as may be appropriate to ensure that there is no interruption in the provision of benefits to any person eligible therefor under the provisions of this code or the regulations of the department.

SEC. 10. Section 10609.3 is added to the Welfare and Institutions Code, to read:

10609.3. (a) By January 1, 1995, the State Department of Social Services shall complete, in consultation with county Independent Living Program administrators, placement agencies, providers, advocacy groups, and community groups, a comprehensive evaluation of the Independent Living Program established pursuant to the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99-272) and develop recommendations available to the public on how independent living services could better prepare foster youth for independence and adulthood.

(b) The department shall investigate alternative transition housing models for youth between the ages of 17 and 18 who are in out-of-home placements under the supervision of the county department of social services or county probation department. To

the extent federal funds are available and it is in the best interests of the children, the department shall develop and implement a transitional housing model for youth who are preparing for emancipation from foster care.

(c) The department shall also investigate alternative transition models for youth discharged from foster care to live on their own. As part of this investigation, the department shall consider the needs of youth for housing, transportation, health care, access to community resources, employment, and other support services.

SEC. 11. Section 11462.01 of the Welfare and Institutions Code is amended to read:

11462.01. (a) As of July 1, 1994, group home programs that meet all of the following requirements shall be classified at RCL 13 and RCL 14:

(1) Generate the requisite number of points for RCL 13 or RCL 14.

(2) Only accept children with special treatment needs, as determined through the assessment process required by subdivision (d) of Section 11467.

(3) Have, as part of the group home program, measurable performance standards developed by the county of placement.

(b) Commencing July 1, 1992, and until June 30, 1994, a group home program shall be classified at RCL 13 or RCL 14 if the program meets all of the following requirements:

(1) The group home program is providing, or has proposed to provide, the level of care and services necessary to generate sufficient points in the ratesetting process to be classified at RCL 13 if the rate application is for RCL 13 or to be classified at RCL 14 if the rate application is for RCL 14.

(2) (A) (i) The group home provider shall agree not to accept for placement into a group home program AFDC-FC funded children, including voluntary placements and seriously emotionally disturbed children placed out-of-home pursuant to an individualized education program developed under Section 7572.5 of the Government Code, who have not been approved for placement by an interagency placement committee, as described by Section 4096. The approval shall be in writing and shall indicate that the interagency placement committee has determined the child is seriously emotionally disturbed, as defined by Section 5600.3 and subject to Section 1502.4 of the Health and Safety Code, and that the child needs the level of care provided by the group home.

(ii) For purposes of clause (i), group home providers who accept seriously emotionally disturbed children who are assessed and placed out-of-home pursuant to an individualized education program developed under Section 7572.5 of the Government Code shall be deemed to have met the interagency placement committee approval for placement requirements of clause (i) if the individualized education program assessment indicates that the child has been determined to be seriously emotionally disturbed, as defined in

Section 5600.3 and subject to Section 1502.4 of the Health and Safety Code, and needs the level of care described in clause (i).

(iii) Any group home program that, during the 1991–92 fiscal year, was paid a rate at RCL 13 or RCL 14 and applied for RCL 13 or RCL 14 on the 1992–93 fiscal year annual rate application, shall not be required by this subdivision to obtain an interagency placement committee approval, as required by this subdivision, for children placed prior to July 1, 1992, if the child has been certified pursuant to clauses (i) and (ii) of subparagraph (B) of paragraph (3) or clauses (i) and (ii) of subparagraph (B) of paragraph (5) of subdivision (g) of Section 11462, as amended by Section 4 of Chapter 610 of the Statutes of 1991.

(B) (i) Nothing in this subdivision shall prevent the emergency placement of a child into a group home program prior to the determination by the interagency placement committee pursuant to subclause (i) of subparagraph (A) if a licensed mental health professional, as defined in the department's AFDC-FC ratesetting regulations, has evaluated, in writing, the child within 72 hours of placement, and determined the child to be seriously emotionally disturbed and in need of the care and services provided by the group home program.

(ii) The interagency placement committee shall, within 30 days of placement pursuant to clause (i), make the determination required by clause (i) of subparagraph (A).

(iii) If, pursuant to clause (ii), the placement is determined to be appropriate, the committee shall transmit the approval, in writing, to the county placing agency and the group home provider.

(iv) If, pursuant to clause (ii) the placement is determined not to be appropriate, the child shall be removed from the group home and referred to a more appropriate placement, as specified in subdivision (g).

(C) (i) If a county does not have an interagency placement committee, or if a county has an interagency placement committee but procedures are not in place, the placing agency may, until 90 days from the effective date of the amendments adding this provision to this section, make placements in RCL 13 or RCL 14 group homes, if a licensed mental health professional, as defined in Sections 629 to 633, inclusive, of Title 9 of the California Code of Regulations, makes a determination prior to placement that the child is seriously emotionally disturbed.

(ii) With respect to the referral of children referred during the period commencing July 1, 1992, and ending 90 days from the effective date of the amendments adding this provision to this section, without the approval of an interagency placement committee, the committee shall subsequently review the referral within 30 days of the establishment of the committee or the adoption of procedures for the committee. If the committee determines that the placement is not appropriate or that the child no longer needs, or is not benefiting from, placement in an RCL 13 or RCL 14 group

home, the committee shall require the removal of the child and a new disposition of the child.

(iii) Commencing 90 days from the effective date of the amendments adding this provision to this section, with respect to AFDC-FC funded children, only those children who are approved for placement by an interagency placement committee may be accepted by a group home under this subdivision.

(iv) Any county that does not establish an interagency placement committee or does not adopt procedures for the committee within 90 days from the effective date of the amendments adding this provision to this section, shall remove any child placed in an RCL 13 or RCL 14 group home within 30 days. Any county that does not remove a child pursuant to this subclause shall be subject to a penalty in the amount of the state and federal financial participation in the AFDC-FC rate paid on behalf of the child commencing on the 31st day and continuing thereafter until the child is removed.

(3) The group home program is certified by the State Department of Mental Health pursuant to Section 4096.5.

(c) The department shall not establish a rate for a group home requesting a program change to RCL 13 or RCL 14 unless the group home provider submits a recommendation from both the host county and the primary placing county that the program is needed and that the provider is willing and capable of operating the program at the level sought. For purposes of this paragraph, "host county," "primary placing county," and "program change" mean the same as defined in the department's AFDC-FC ratesetting regulations.

(d) The effective date of rates set at RCL 13 or RCL 14 shall be the date that all the requirements are met, but not prior to July 1 of that fiscal year. Nothing in this section shall affect RCL 13 or RCL 14 ratesetting determinations in prior years.

(e) Any group home program that has been classified at RCL 13 or RCL 14 pursuant to the requirements of subdivision (b) shall immediately be reclassified at the appropriate lower RCL with a commensurate reduction in rate if either of the following occurs:

(1) The group home program fails to maintain the level of care and services necessary to generate the necessary number of points for RCL 13 or RCL 14, as required by paragraph (1) of subdivision (b), during any 90-day period. No average fiscal year RCL, as used in the department's AFDC-FC ratesetting regulations, or corrective action, as defined in the department's AFDC-FC ratesetting regulations, shall be used to determine the date at which that event has occurred.

(2) The group home program fails to maintain a certified mental health treatment program as required by paragraph (3) of subdivision (b).

(f) The interagency placement committee shall periodically review, but no less often than that required by current law, the placement of the child. If the committee determines that the child no longer needs, or is not benefiting from, placement in a RCL 13 or

RCL 14 group home, the committee shall require the removal of the child and a new disposition.

(g) (1) (A) If, at any time subsequent to placement in an RCL 13 or RCL 14 group home program, the interagency placement committee determines either that the child is not seriously emotionally disturbed or is not in need of the care and services provided by the group home program, it shall notify, in writing, both the county placing agency and the group home provider within 10 days of the determination.

(B) The county placing agency shall notify the group home provider, in writing, within five days from the date of the notice from the committee, of the county's plan for removal of the child.

(C) The county placing agency shall remove the child from the group home program within 30 days from the date of the notice from the interagency placement committee.

(2) (A) If a county placing agency does not remove a child within 30 days from the date of the notice from the interagency placement committee, the group home provider shall notify the interagency placement committee and the department, in writing, of the county's failure to remove the child from the group home program.

(B) The group home provider shall make the notification required by subparagraph (A) within five days of the expiration of the 30-day removal period.

(3) Any county placing agency that fails to remove a child from a group home program under this paragraph within 30 days from the date of the notice from the interagency placement committee shall be assessed a penalty in the amount of the state and federal financial participation in the AFDC-FC rate paid on behalf of the child commencing on the 31st day and continuing until the child is removed.

(h) (1) Except as provided in subparagraph (C) of paragraph (2) of subdivision (b), any RCL 13 or RCL 14 group home provider discovers that it does not have written approval for placement of any AFDC-FC funded child placed on or after July 1, 1992, from the interagency placement committee, it shall notify the county placing agency, in writing, and shall request the county to obtain approval from the interagency placement committee or remove the child from the group home program. A group home provider shall have 30 days from the child's first day of placement to discover the placement error and to notify the county placing agency.

(2) Any county placing agency that receives notification pursuant to paragraph (2) of subdivision (g) shall obtain approval for placement from the interagency placement committee or remove the child from the group home program within 30 days from the date of the notice from the group home provider. The program shall not be reclassified to a lower RCL for a violation of the provisions referred to in this paragraph.

(3) (A) If a county placing agency does not have the placement of a child approved by the interagency placement committee or

removed from the group home within 30 days from the date of the notice from the group home provider, the group home provider shall notify the county placing agency and the department, in writing, of the county's failure to have the placement of the child approved or remove the child from the group home program.

(B) The group home provider shall make the notification required by subparagraph (A) within five days after the expiration of the 30-day approval or removal period.

(C) Any group home provider that fails to notify the county placing agency pursuant to subparagraph (A) shall be assessed a penalty in the amount of the AFDC-FC rate paid to the group home provider on behalf of the child commencing on the 31st day of placement and continuing until the county placing agency is notified.

(4) Any county placing agency that fails to have the placement of a child approved or to have the child removed from the group home program within 30 days shall be assessed a penalty in the amount of the state and federal financial participation in the AFDC-FC rate paid on behalf of the child commencing on the 31st day of placement and continuing until the child is removed.

(5) If an RCL 13 or RCL 14 group home provider discovers that it does not have the child's certification as required by clauses (i) and (ii) of subparagraph (B) of paragraph (3) and clauses (i) and (ii) of subparagraph (B) of paragraph (5), of subdivision (g) of Section 11462, as amended by Section 4 of Chapter 610 of the Statutes of 1991 for a child placed prior to July 1, 1992, the group home provider shall be subject to all requirements and penalties provided for in this section beginning July 1, 1992.

(i) The department shall develop regulations to reclassify a program RCL, to reduce a program rate, to recover overpayment, and to obtain payment of assessed penalties as provided in this section.

(j) (1) Nothing in this subparagraph shall prohibit a group home classified at RCL 13 or RCL 14 for purposes of the AFDC-FC program, from accepting private placements of children.

(2) In cases where a referral is not from a public agency and no public funding is involved, there shall be no requirement for public agency review or determination of need.

(3) Children subject to paragraphs (1) and (2) shall have been assessed as seriously emotionally disturbed, as defined in Section 5600.3 and subject to Section 1502.4 of the Health and Safety Code, by a licensed mental health professional, as defined in Sections 629 to 633, inclusive, of Title 9 of the California Code of Regulations.

(k) A child shall not be placed in a group home program classified at an RCL 13 or RCL 14 if the placement is paid for with county-only funds unless the child is assessed as seriously emotionally disturbed, as defined in Section 5600.3, subject to Section 1502.4 of the Health and Safety Code, by a licensed mental health professional, as defined in Sections 629 to 633, inclusive, of Title 9 of the California Code of

Regulations.

(*l*) Subdivisions (c) to (j), inclusive, shall remain operative only until June 30, 1994.

(m) Notwithstanding subparagraph (B) of paragraph (8) of subdivision (g) of Section 11462, as amended by Section 4 of Chapter 610 of the Statutes of 1991, a group home provider shall be assessed a penalty in the amount of the difference between the rate paid and the standard rate for RCL 3 for the 1991–92 fiscal year for each month of placement for each child for which a program audit conducted on or after July 1, 1992, pursuant to Section 11466.2, finds that the child was not certified during the 1991–92 fiscal year, as required by clauses (i) and (ii) of subparagraph (A) of paragraph (1) of subdivision (b) of Section 1502.4 of the Health and Safety Code, and clauses (i) and (ii) of subparagraph (B) of paragraph (3) and clause (i) of subparagraph (B) of paragraph (5) of subdivision (g) of Section 11462, as amended by Section 4 of Chapter 610 of the Statutes of 1991. The program shall not be reclassified to a lower RCL for a violation of the requirements referred to in this paragraph.

SEC. 12. Section 11462.03 is added to the Welfare and Institutions Code, to read:

11462.03. (a) Notwithstanding subdivision (c) of Section 11462, the data obtained by the department pursuant to that subdivision using 1985 calendar year costs shall be updated and revised by January 1, 1994. The department may use unaudited cost data submitted by group home providers and shall submit its best estimate of what the costs would have been had fiscal audits been completed.

(b) When the department updates the 1985 calendar year costs using unaudited cost information submitted by group home providers, the department shall adjust costs by applying offsets and reasonableness adjustments to the unaudited cost data. The department shall report both adjusted and unadjusted cost data pursuant to this section and subdivision (c) of Section 11462.

SEC. 13. Section 11466.1 of the Welfare and Institutions Code is amended to read:

11466.1. (a) (1) The department shall adopt regulations that shall specify the type of information requested from group homes, including reasonable timeframes. All group home providers shall upon request of the department for any records, or for any information contained in records pertaining to an individual group home program, make the requested records or information available to the department for inspection or copying. The information required to be made available pursuant to this section shall include, but not be limited to, information necessary to establish a rate, collect group home provider sustained overpayments in a timely and efficient manner, or to perform a fiscal or program audit. This section shall not be construed to modify applicable rules of confidentiality.

(2) Group home providers, upon request of the department, shall allow timely access to a group home provider's records and facilities

in order to conduct a fiscal or program audit.

(3) Group home providers shall allow the department immediate access to group home program information or access to a facility if the deputy director of the children and family services division of the department serves the group home provider with notice that, in the opinion of the deputy director, the immediate access to a facility or group home program information is required based on one of the following conditions or circumstances:

(A) A temporary suspension order has been served on a group home provider.

(B) Based on reliable evidence, the department has a valid basis for believing that proceedings have been, or will shortly be, instituted against a group home provider in a state or federal court for purposes of determining whether the provider is insolvent or bankrupt under appropriate state or federal law.

(C) A group home provider is, or will shortly be taking, action that might reasonably hinder or defeat the department's ability to collect overpayments in the future.

(4) The department shall adopt regulations that specify timeframes and penalties for failure to submit requested information or allow facility access that may include reduction or termination of the AFDC-FC rate. Penalties shall not be imposed until the group home has been given a reasonable opportunity to respond or provide access.

(b) The department shall apply and enforce only those statutes and regulations that are made available to group home providers, in writing, for any period for which a rate is effective.

(c) The department shall consult with representatives of group home providers concerning the development of those standards and the modification of existing standards. Group home providers shall receive written notice of, and have the opportunity to comment upon, new and modified standards proposed by the department.

(d) The department shall make available to group home providers, in writing, any new or modified standards prior to the beginning of the period upon which a rate is calculated, if possible, or as quickly as it is administratively practical to do so. Notwithstanding subdivisions (b) and (c), in the event of an unanticipated circumstance or unusual expenditure, the department may exercise its discretion in interpreting what is an allowable or a reasonable expenditure. However, the department shall make those interpretations available to group home providers, in writing, as quickly as it is practical to do so.

SEC. 14. Section 11466.22 is added to the Welfare and Institutions Code, to read:

11466.22. (a) It is the intent of the Legislature to ensure overall program integrity in the AFDC-FC program through the establishment of an effective and efficient process for the collection of group home provider sustained overpayments. Furthermore, the intent of the Legislature is to ensure that children placed in an

AFDC-FC group home program receive the level of care and supervision commensurate with the group home program's rate classification level.

(b) For the purposes of this section, a group home provider is a licensee of one or more group homes, as defined in subdivision (h) of Section 11400, receiving foster care maintenance payments under the AFDC-FC program. The department may collect a sustained overpayment from the party responsible for the sustained overpayment, regardless of whether the party remains in the business of providing group home programs, and regardless of whether the party remains licensed by the department.

(c) For the purposes of this section, a group home provider overpayment is an overpayment that results in an audit period when a group home provider receives a rate reimbursement to which it is not entitled. If a group home provider receives a rate reimbursement to which it is not entitled, it shall be liable to repay the overpayment.

(d) (1) Overpayments shall be determined by either a group home provider audit or a group home provider self-reporting an overpayment.

(2) If an informal hearing is not requested, or on the 60th day after an informal decision if a provider or the department does not file a notice of intent to file a formal appeal, or on the 30th day following a formal appeal hearing decision, whichever is latest, a group home provider overpayment shall be sustained for collection purposes and the department shall issue a demand letter for repayment of the sustained overpayment.

(3) The department shall establish a voluntary repayment agreement procedure with a maximum repayment period of nine years. The procedure shall take into account the amount of the overpayment, projected annual income of the program that caused the overpayment, a minimum repayment amount, including principal and interest, of 3 percent of annual income prorated on a monthly basis, simple interest for the first seven years of the voluntary repayment agreement on the overpayment amount based on the Surplus Money Investment Fund, and simple interest for the eighth and ninth years of the voluntary repayment agreement based on the prime rate at that time plus 3 percent. The department may adopt regulations permitting the director, at his or her discretion, to renegotiate the volunteer repayment agreement if the director determines that the agreement would cause severe harm to children in placement.

(4) The department shall establish an involuntary overpayment collection procedure, that shall take into account the amount of the overpayment, projected annual income, a minimum required repayment amount, including principal and interest, of 5 percent of the annual income prorated on a monthly basis, simple interest on the overpayment amount based on the Surplus Money Investment Fund, and a maximum repayment period of seven years. The

department may establish regulations permitting the director at his or her discretion to renegotiate the involuntary payment agreement if the director determines that the agreement would cause severe harm to children in placement.

(e) The department shall develop regulations for recovery of any group home provider sustained overpayments. The regulations shall prioritize collection methods, that shall include voluntary repayment agreement procedures, involuntary overpayment collection procedures, including the use of a statutory lien, rate request denials, rate decreases without an RCL reduction, and rate terminations.

(f) Whenever the department determines that a group home provider sustained overpayment has occurred, the department shall recover from the group home provider the full amount of the sustained overpayment, and simple interest on the sustained overpayment amount, pursuant to methods described in subdivision (e), against the group home provider's income or assets.

(g) If a provider is successful in its appeal of a collected overpayment, it shall be repaid the collected overpayment plus simple interest based on the Surplus Money Investment Fund.

SEC. 15. Section 11466.25 is added to the Welfare and Institutions Code, to read:

11466.25. (a) Interest begins to accrue on a group home provider overpayment at the latest of the following:

(1) Sixty days after the notice of the final audit report if an informal hearing is not requested.

(2) Sixty days after the notice of the informal hearing decision if the final audit findings are adjusted and a provider or the department does not request a formal appeal.

(3) Thirty days after a formal appeal hearing decision if the final audit findings or the informal hearing decision is adjusted by the hearing officer.

(d) Interest shall not accrue for the period between the date a hearing decision is due and the date that the decision is rendered.

SEC. 16. Section 11466.3 of the Welfare and Institutions Code is amended and renumbered to read:

11466.5. The department shall collect group home cost data and monitor the cost of providing care and supervision, and social work services, to AFDC-FC recipients. These data shall include, but not be limited to, the costs incurred by group homes for employee wages and benefits.

SEC. 17. Section 11466.3 is added to the Welfare and Institutions Code, to read:

11466.3. (a) The department shall offer a voluntary repayment agreement procedure to group home providers that owe a sustained overpayment. A group home provider may enter into a voluntary repayment agreement with the department to repay a sustained overpayment. The voluntary repayment agreement shall, at a minimum, meet the requirements developed pursuant to paragraph (3) of subdivision (d) of Section 11466.2.

(b) The department shall charge simple interest on the voluntary repayment agreement in accordance with paragraph (3) of subdivision (d) of Section 11466.2.

SEC. 18. Section 11466.31 is added to the Welfare and Institutions Code, to read:

11466.31. When it has been determined that a group home provider participating in the AFDC-FC program owes an overpayment that is due and payable, the department may implement involuntary offset collection procedures to collect sustained overpayments from a group home provider if the provider does not enter into a voluntary repayment agreement with the department or the provider has three outstanding payments on a voluntary repayment agreement before the overpayment is repaid.

The minimum monthly overpayment offset amount from monthly rate reimbursements shall be determined using the involuntary collection procedures developed pursuant to paragraph (4) of subdivision (d) of Section 11466.2. Overpayments shall be offset against current monthly rate reimbursement payments due and payable to a group home provider under this chapter.

SEC. 19. Section 11466.32 is added to the Welfare and Institutions Code, to read:

11466.32. (a) If a group home provider that owes a sustained overpayment pursuant to paragraph (2) of subdivision (d) of Section 11466.2 does not enter into a voluntary repayment agreement with the department, or the provider has three outstanding payments on a voluntary repayment agreement before the overpayment is repaid, in addition to the monthly overpayment offset amount, 50 percent of any increases resulting from California Necessities Index (CNI) adjustments and group home provider's rate adjustments to the standard rate that are due to a group home provider shall be withheld until the sustained overpayment amount is collected. Once the overpayment amount is collected, the group home provider shall begin to prospectively receive the full amount of any California Necessities Index and rate adjustment to which it is entitled.

(b) Any group home provider subject to involuntary repayment of a sustained overpayment pursuant to Section 11466.31 shall be ineligible to receive an RCL increase until the repayment is completed or until the host county or the primary placement county provide the department with a request for waiver of this paragraph.

SEC. 20. Section 11466.33 is added to the Welfare and Institutions Code, to read:

11466.33. (a) If any amount is due and payable to the department as a result of sustained overpayment to a group home provider for care and services in the AFDC-FC program, the department may file, in the office of any county clerk of any county in which the group home provider has real or personal property, a certificate if any of the following conditions are met:

(1) No informal hearing is requested and if a provider has not submitted a voluntary repayment agreement with the first payment,

and 60 days have elapsed from the notice of audit results.

(2) No formal appeal is requested and if a provider has not submitted a voluntary repayment agreement along with the first payment, and 60 days have elapsed from the notice of the informal hearing decision.

(3) A provider has not submitted a voluntary repayment agreement along with the first payment, and 30 days have elapsed after an adverse appeal decision by a hearing officer that sustains an overpayment.

(b) The certificate provided for pursuant to subdivision (a) shall contain:

(1) The amount due, owing, and unpaid, plus simple interest on the amount owing and unpaid beginning on the date the certificate is filed.

(2) A statement that the department has complied with this section prior to the filing of the certificate.

(3) A request that a lien be recorded against the group home provider in the amount set forth in the certificate.

(c) The county clerk immediately upon the filing of the certificate shall record the lien for the State of California against the group home provider in the amount set forth in the certificate. The lien may be filed in the chain of title of the property.

(d) The department shall pay the cost of the first lien, and group home providers shall be responsible for any subsequent liens on a sustained overpayment.

(e) For the first certificate filed by the department pursuant to this section, the county shall waive all filing fees.

SEC. 21. Section 11466.34 is added to the Welfare and Institutions Code, to read:

11466.34. (a) (1) At any time within 10 years of the recording of a lien pursuant to Section 11466.33, the department may bring an action, in a superior court in the county in which the lien is filed, seeking a judgment to establish the lien as a judgment lien.

(2) If a judgment is obtained pursuant to paragraph (1), the county recorder shall record the lien as a judgment lien.

(b) An abstract of a judgment obtained pursuant to subdivision (a) or a copy thereof may be recorded with the county recorder of any county. From the time of recording, the judgment shall constitute a lien upon all real or personal property of the group home provider in that county owned by the group home provider at the time, or that the group home provider may afterwards, but before the lien expires, acquire. The judgment lien shall continue for 10 years from the time of recording of the abstract of judgment obtained pursuant to subdivision (a), unless sooner released or otherwise discharged.

(c) The judgment lien may, within 10 years from the date of recording of the abstract of judgment or within 10 years from the date of the last extension of the lien in the manner provided in this section, be extended by recording a new abstract in the office of the

county recorder of any county. From the date of that recording, the lien shall be extended for 10 years, unless sooner released or otherwise discharged.

(d) The department may release any lien imposed pursuant to this chapter, at the provider's cost, in which case any judgment pertaining to that lien is for all purposes null and void, if all of the following conditions are met:

(1) No temporary suspension order or license revocation actions by the department's community care licensing division is pending against a provider.

(2) A provider has made at least three timely payments on a voluntary repayment agreement.

(3) The provider submits to the department corroborative evidence that it is unable to obtain a loan from an institutional lender unless the lien is released.

(e) Execution shall issue upon a judgment obtained pursuant to this section upon request of the department in the same manner as execution may issue upon other judgments. Sale shall be held under that execution as prescribed in the Code of Civil Procedure. In all proceedings under this section, the director or his or her authorized agents may act on behalf of the state.

SEC. 22. Section 11466.35 is added to the Welfare and Institutions Code, to read:

11466.35. (a) Any licensee who has been determined to owe a sustained overpayment under this chapter, and who, subsequent to notice of the sustained overpayment, has its group home rate terminated, shall be ineligible to apply or receive a rate for any future group home program until the overpayment is repaid.

(b) An annual rate application shall be denied for a group home provider that meets either of the following conditions:

(1) A provider owing a sustained overpayment under this chapter, upon the occurrence of any additional sustained overpayment, shall be ineligible to apply or receive a rate for an existing or future group home program until the sustained overpayments are repaid, unless a voluntary repayment agreement is approved by the department.

(2) A provider incurring a sustained overpayment that constitutes more than 60 percent of the provider's annual rate reimbursement shall be ineligible to apply or receive a rate for any existing or future group home programs until the sustained overpayments are repaid, unless a voluntary repayment agreement is approved by the department.

SEC. 23. Section 11466.36 is added to the Welfare and Institutions Code, to read:

11466.36. (a) The department may terminate a group home rate if any of the following conditions are met:

(1) The director determines that, based upon the findings of a hearing officer, a rate application or information submitted by a provider was fraudulently submitted to the department.

(2) A provider with an outstanding sustained overpayment incurs a second sustained overpayment, and is unable to repay the sustained overpayments.

(3) A provider has a sustained overpayment that represents 100 percent of a provider's annual rate reimbursement.

(b) This chapter shall not be construed to affect the department's authority under other provisions of law for collection of group home provider sustained overpayments.

SEC. 24. Section 11466.4 of the Welfare and Institutions Code is amended and renumbered to read:

11466.6. A group home provider who disagrees with the rate determined by the department or adjusted by a program audit shall request an appeal by the director or the director's designee. The department shall adopt regulations establishing procedures for the departmental appeal process.

SEC. 25. Section 11467 of the Welfare and Institutions Code is amended to read:

11467. (a) The Legislature finds and declares the following:

(1) That there is a need to ensure the safety of children placed in out-of-home care.

(2) That the process of assessing and ensuring the safety needs of a child is closely tied to assessing and meeting the needs of a child for structure, supervision, and services.

(3) That the level of care assessment process, including instrument and program statements, should identify the needs of a child and match them with an appropriate level and type of placement.

(4) That, therefore, it is appropriate for the level of care assessment process to be utilized to address the safety needs of a child in relation to the structure, supervision, and services provided by the placement, and in relation to other characteristics of children placed in the facility, as defined in the program statement.

(b) It is the intent of the Legislature that dependent children of the court and wards of the court in need of, or at risk of, out-of-home care are appropriately placed with caregivers that meet their needs. This can initially be accomplished by developing and implementing a level of care assessment process and instrument or instruments that identify the child's needs for structure, supervision, and services, and matches those needs to program statements for group homes, foster family agencies, and small family homes that identify the level of structure, supervision, and services provided by the facility. Ultimately, the goal of the level of care assessment process is to ensure that all dependent children of the court and wards of the court are appropriately placed by matching assessed needs to the full range of placement resources.

(c) By July 1, 1994, the State Department of Social Services, in consultation with the State Department of Developmental Services, county probation, social service, and mental health departments and foster care providers, shall develop a standard form for program

statements for ratesetting, community care licensing, and county placement purposes for all of the following facility types, in the order listed:

(1) Group homes.

(2) Foster family agencies.

(3) Small family homes.

(d) By July 1, 1994, the State Department of Social Services, in consultation with the State Department of Mental Health, county probation, social service, and mental health departments and foster care providers, shall develop and implement a level of care assessment instrument and process which shall match the assessed needs of the dependent child of the court or ward of the court and his or her family with the structure, supervision, and services provided by appropriate placement resources, as determined by the standard program statements established pursuant to this section. The level of care assessment instrument and process shall consider the needs of the child for safety and compatibility with other characteristics of children placed in a facility, as defined in the program statement.

(e) The level of care assessment instrument developed pursuant to subdivision (d) shall include specified indicators of a child's need for mental health treatment, for purposes of placement determination. The department shall annually analyze, on a sampling basis, the indicators of mental health need specified on the level of care assessment instrument for all dependent children of the court and wards of the court in out-of-home placement, in order to determine their unmet mental health services needs, and shall make that information available to the Legislature, on request.

(f) No later than January 1, 1995, the department and the Department of Mental Health, jointly, shall report to the Legislature on the requirements specified, and on the progress of plans for meeting the Legislature's intent for a level of care assessment instrument process for all dependent children of the court and wards of the court in out-of-home placement.

SEC. 26. Section 11468 of the Welfare and Institutions Code is amended to read:

11468. The director shall establish administrative procedures to review the rate set by the department for a foster family agency and a group home program.

SEC. 27. Section 11468.4 of the Welfare and Institutions Code is amended to read:

11468.4. (a) The hearing held pursuant to Section 11468.1 shall be conducted no later than 180 days after the filing of a timely and specific statement of disputed issues by the provider.

(b) The hearing officer shall take the matter under submission at the conclusion of the hearing. A proposed decision, in a form that may be adopted as the decision of the director, shall be submitted to the director within 180 days after the closure of the record.

(c) Within 120 days after submission of the hearing officer's

proposed decision, the director shall:

(1) Adopt the proposed decision with or without reading or hearing the record.

(2) Reject the proposed decision and adopt an alternative decision based upon the documentary and electronically recorded record, with or without taking additional evidence.

(3) Refer the matter to the same or a different hearing officer to take additional evidence. If the case is so assigned, the hearing officer shall, within 90 days, prepare a proposed decision, based upon the additional evidence and the documentary and electronically recorded record of the prior hearing. The director may then take one of the actions described in subdivision (c) in regard to the new proposed decision. The director may return a proposed decision only twice on the same appeal.

(d) (1) The director's decision shall be final when the decision is mailed to the parties. However, the director retains jurisdiction to correct clerical errors.

(2) Copies of the final decision of the director and the hearing officer's proposed decision if it was not adopted by the director, shall be mailed by certified mail to the parties.

SEC. 28. Section 11468.5 of the Welfare and Institutions Code is amended to read:

11468.5. The provider or foster family agency may request review of the final decision of the department pursuant to Section 11468.4 in accordance with Section 1094.5 of the Code of Civil Procedure, within six months of the issuance of the director's final decision.

SEC. 29. Section 11468.6 is added to the Welfare and Institutions Code, to read:

11468.6. (a) The director shall establish administrative procedures to review group home audit findings.

(b) A group home provider may request a hearing to examine any disputed audit finding that results in an overpayment or adjustment to the provider's rate, or that reduces the provider's overall RCL point total pursuant to Section 11462. The administrative review process established in this section shall not examine issues regarding the authority of the department to set rates, determine RCL points, conduct audits, or collect overpayments from a group home provider.

(c) The administrative appeal process established pursuant to this section shall commence with an informal hearing, and provide for a formal administrative hearing of the informal level appeal record and decision by a hearing officer appointed by the director. The department shall make every effort to contract with the State Department of Health Services to conduct the informal hearings required by this subdivision during the first year of implementation of this section.

(d) An amended audit report may be issued by the department for the fiscal period or periods for which the proceedings are pending

under this section, if at the time of the hearing, the group home provider submits additional documentation or evidence that was not available to the department at the time of the audit. The proceedings shall be suspended for a period not exceeding 120 days while the department completes an amended audit and the provider identifies any additional disputes that result from an amended audit report. Additional audit findings included in an amended audit report may also be included in the proceedings at the request of the provider.

(e) Within 120 days after submission of a proposed decision, the director shall do one of the following:

(1) Adopt the proposed decision with or without reading or hearing the record.

(2) Reject the proposed decision and adopt an alternative decision based upon the documentary and electronically recorded record, with or without taking additional evidence.

(3) Refer the matter to the same or a different hearing officer to take additional evidence. If the case is so assigned, the hearing officer shall, within 90 days, prepare a proposed decision, based upon the additional evidence and the documentary and electronically recorded record of the prior hearing. The director may then take one of the actions described in this subdivision in regard to the new proposed decision. The director may return a proposed decision twice on the same appeal.

(f) (1) The director's decision shall be final when the decision is mailed to the parties. However, the director retains jurisdiction to correct clerical errors.

(2) Copies of the final decision of the director and the hearing officer's proposed decision, if it was not adopted by the director, shall be mailed by certified mail to the parties.

(g) The group home provider may request review of the final decision of the director pursuant to this section in accordance with Section 1094.5 of the Code of Civil Procedures within six months of the issuance of the director's final decision.

SEC. 30. Section 16000 of the Welfare and Institutions Code is amended to read:

16000. It is the intent of the Legislature to preserve and strengthen a child's family ties whenever possible, removing the child from the custody of his or her parents only when necessary for his or her welfare or for the safety and protection of the public. When the child is removed from his or her own family, it is the purpose of this chapter to secure as nearly as possible for the child the custody, care, and discipline equivalent to that which should have been given to the child by his or her parents. It is further the intent of the Legislature to reaffirm its commitment to children who are in out-of-home placement to live in the least restrictive, most familylike setting and to live as close to the child's family as possible pursuant to subdivision (c) of Section 16501.1. Family reunification services shall be provided for expeditious reunification of the child with his or her family, as required by law. If reunification is not possible or

likely, a permanent alternative shall be developed.

SEC. 31. Section 16001 is added to the Welfare and Institutions Code, to read:

16001. (a) The State Department of Social Services shall provide technical assistance to encourage and facilitate the county placement agency's evaluation of placement needs and the development of needed placement resources and programs. County placement agencies shall, on a regular basis, conduct an evaluation of the county's placement resources and programs in relation to the needs of children placed in out-of-home care. County placement agencies shall examine the adequacy of existing placement resources and programs and identify the type of additional placement resources and programs needed. The county placement agency shall specifically examine placements which are out of county and shall determine the reason the placement was necessary, and identify the additional placement resources and programs which need to be developed and available to allow a child to remain within the county and as close as possible to his or her home. The department shall also support the development and operation of a consortia of county placement agencies on a regional basis for the purpose of developing specialized programs serving a multicounty area.

(b) It is the intent of the Legislature that the reason for each out-of-county and out-of-state placement be included in the Child Welfare Services Case Management System, and that the State Department of Social Services utilize that data to evaluate out-of-county and out-of-state placements and to assist in the identification of resource and placement needs.

(c) It is the intent of the Legislature that the State Department of Social Services review the out-of-state placement of children to determine the reason for out-of-state placement. The department shall make the information available to the Legislature upon request.

SEC. 32. Section 16002 is added to the Welfare and Institutions Code, to read:

16002. (a) It is the intent of the Legislature to maintain the continuity of the family unit, and ensure the preservation and strengthening of the minor's family ties by ensuring that when siblings have been removed from their home, either as a group on one occurrence or individually on separate occurrences, the siblings will be placed in foster care together, unless it has been determined that placement together is not in the best interest of one or more siblings. The Legislature recognizes that in order to ensure the placement of a sibling group in the same foster care placement, placement resources need to be expanded.

(b) To achieve this by July 1, 1994, the State Department of Social Services shall conduct a study, including the review of existing licensing laws and regulations, to identify barriers which limit the placement resources available for sibling groups and to develop solutions to those barriers. The study shall include exploring the feasibility of: providing incentives to foster parents to ensure their

availability to accept sibling groups; and providing support services to foster parents and relatives which would enable them to accept sibling groups. The study shall also explore appropriate alternatives to placement of siblings.

SEC. 33. Section 16120.1 of the Welfare and Institutions Code, as amended by Section 133 of Chapter 722 of the Statutes of 1992, is amended to read:

16120.1. Upon the authorization of the department or, where appropriate, the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid, the responsible county shall directly reimburse eligible individuals for reasonable nonrecurring expenses, as defined by the department, incurred as a result of the adoption of a child eligible for the Adoption Assistance Program. The state shall provide payment to the county for the reimbursement. Reimbursements shall conform to the eligibility criteria and claiming procedures established by the department and shall be subject to the following conditions:

(a) The amount of the payment shall be determined through agreement between the adopting parent or parents and the department or the county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid. The agreement shall indicate the nature and the amount of the nonrecurring expenses to be paid. Payments shall be limited to an amount not to exceed four hundred dollars ($400) for each placement eligible for the Adoption Assistance Program.

(b) There shall be no income eligibility requirement for an adoptive parent or adoptive parents in determining whether payments for nonrecurring expenses shall be made.

(c) Reimbursement for nonrecurring expenses shall be limited to costs incurred by or on behalf of an adoptive parent or adoptive parents that are not reimbursed from other sources. No payments shall be made under this section if the federal program for reimbursement of nonrecurring expenses for the adoption of children eligible for the Adoption Assistance Program pursuant to Section 673 of Title 42 of the United States Code is terminated.

(d) Reimbursement for nonrecurring expenses shall be in addition to any adoption expenses paid pursuant to Section 16121 and shall not be included in the computation of maximum benefits for which the adoptive family is eligible pursuant to Section 16121.

SEC. 34. Section 16120.1 of the Welfare and Institutions Code, as amended by Section 134 of Chapter 722 of the Statutes of 1992, is repealed.

SEC. 35. Section 16518 is added to the Welfare and Institutions Code, to read:

16518. The State Department of Social Services, in consultation with county placement agencies, foster care providers, and other interested community parties, shall establish criteria to be used for conducting a home study of a prospective foster parent that evaluates the ability, readiness, and willingness of the prospective

foster parent to meet the varying needs of children, including, but not limited to, hard-to-place children. The department shall consult with the Task Force on Accreditation of Services for Children established pursuant to Section 1565 of the Health and Safety Code, and shall, as appropriate, consider the accreditation standards that are included in the accreditation plan when developing the home study criteria. The home study criteria developed pursuant to this section shall become operative at such time as the regulations adopted pursuant to Section 1521.6 of the Health and Safety Code are filed with the Secretary of State.

SEC. 36. Section 16520 is added to the Welfare and Institutions Code, to read:

16520. The Legislature recognizes that wards and dependent children share many characteristics, often have similar family histories, and often require similar services such as out-of-home placement. The Legislature also recognizes that while there are similarities in the characteristics and service needs of the ward and dependent populations, there are also significant differences, the first being that the wards have been found responsible for committing offenses. Given this difference, the Legislature deems it imperative that placement agencies give special consideration when placing wards to factors which are not as significant when placing dependent children, including the effect on, including safety of, the community in which the out-of-home placement facility is located. However, the Legislature also acknowledges that for some wards, separate from the issue of accountability and punishment with regard to the offense, after satisfying the orders of the court with regard to the offense, placement in the out-of-home care system, with board and care funded through the Aid to Families with Dependent Children-Foster Care program, is appropriate and in their best interest.

In order to ensure that wards in the out-of-home care system, with board and care funded through the Aid to Families with Dependent Children-Foster Care program, receive appropriate services, and to ensure that applicable federal and state statutory requirements are met, it is the intent of the Legislature that the State Department of Social Services, regulate and monitor these placement activities.

SEC. 37. Section 16521 is added to the Welfare and Institutions Code, to read:

16521. The State Department of Social Services, in consultation with representatives of local probation departments, foster care providers, and other interested parties, shall review federal and state statutes, federal requirements, and state regulations pertaining to the placement of children whose board and care is funded through the Aid to Families with Dependent Children-Foster Care program, and shall by January 1, 1995, develop regulations which identify specific initial and ongoing placement activities which must be performed by the probation department to ensure the needs of wards in placement whose board and care is funded through the Aid

to Families with Dependent Children-Foster Care program are met.

SEC. 38. The State Department of Social Services shall adopt regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code in order to implement this act. The adoption of any emergency regulations that are filed with the Office of Administrative Law on or before June 30, 1995, pursuant to this section shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, and general welfare.

SEC. 39. Section 8 of Senate Bill 415 of the 1993–94 Regular Session is amended to read:

Sec. 8. The State Department of Social Services shall, before July 1, 1994, adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to implement this act. The adoption of regulations pursuant to this section in order to implement this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted pursuant to this section shall not be subject to review and approval of the Office of Administrative Law. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect for more than 120 days unless the adopting agency complies with all of the provisions of Chapter 3.5 (commencing with Section 11340), as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 40. Section 5.5 of this bill incorporates amendments to Section 361.2 of the Welfare and Institutions Code proposed by both this bill and AB 1197. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 361.2 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 1197, in which case Section 5 of this bill shall not become operative.

SEC. 41. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1090

An act to amend Sections 74921.9 and 74921.10 of, and to add Section 74922.5 to, the Government Code, relating to courts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 74921.9 of the Government Code is amended to read:

74921.9. There shall be one marshal for the County of Tulare, who shall receive a biweekly salary set at range 235.

SEC. 2. Section 74921.10 of the Government Code is amended to read:

74921.10. The number of positions within each job classification which may be filled by appointment by the municipal court administrator and the marshal are, as follows:

(1) Appointed by the municipal court administrator:

Number	Title	Range
3	Deputy Clerk/Administrator II	186
5	Deputy Clerk/Administrator I	171
19	Courtroom Clerk	156
2	Collections Worker II	140
14	Court Clerk II	143
4	Account Clerk	126
1	Office Assistant III	134
28	Legal Office Assistant II	130

(2) Appointed by the marshal, except as provided in Section 74922.5:

Number	Title	Range
1	Chief Marshal's Assistant	220
3	Marshal's Assistant	206
14	Deputy Marshal	175
1	Legal Office Assistant III	140
4	Legal Office Assistant II	130

The marshal shall be management class A-4 and entitled to the benefits in that class as an appointed department head. The chief marshal's assistant and the three marshal's assistants shall be the equivalent of the current management class B and entitled to the general benefits in that class as management personnel.

(3) The marshal may also appoint as many deputy marshal keepers as may be required by law. The deputy marshal keepers shall be compensated at the fee allowed by law for keeping property.

SEC. 3. Section 74922.5 is added to the Government Code, to

read:

74922.5. (a) The Marshal of the County of Tulare shall be appointed by and serve at the pleasure of a majority of the judges of the municipal courts in the county.

The marshal initially appointed pursuant to this section shall be selected from those individuals who hold the position of marshal in any one of the divisions of the municipal court of Tulare County immediately prior to the effective date of this section. The deputies and other Tulare County employees in the offices of each superseded marshal shall become employees in the office of the Marshal of Tulare County at classifications and salaries determined by this article, but in no event shall the salaries and benefits be less than those received by such personnel on the effective date of this section.

(b) Branch offices of the Marshal of Tulare County shall be maintained in the Central Division, Porterville, Tulare-Pixley, and Dinuba Divisions with the office of the marshal maintained in Visalia.

(c) The marshal shall appoint one chief marshal's assistant who shall serve at the pleasure of the marshal. The initial selection of the chief marshal's assistant shall be from one of the individuals who is marshal of one of the divisions of the municipal court of Tulare County immediately prior to the effective date of this section.

(d) The marshal shall appoint three marshal's assistants who shall be selected from those individuals who are marshals of the divisions of the municipal court in Tulare County immediately prior to the effective date of this section. Whenever there is a vacancy at the position of marshal's assistant, that position shall be reclassified within the marshal's office.

(e) Enactment of this legislation abolishes the five elected marshal positions in Tulare County.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1091

An act to amend Sections 69893.5, 69900, 69994.2, 70045.77, 72607, 72608, 72609, 72627.5, 72646, 72703, 72704, 72704.5, 72763, 72764, 72766, 72767, 72770, 72771, 72777, 72778, 72779, 72780, 72782, 72784, 73084.1, 73084.2, 73084.3, 73084.4, 73084.5, 73086, 73089, 73096, 73346, 73348, 73351, 73354, 73358, 73484, 73485, 73487, 73489, 73562, 73565, 73566, 73567, 73568, 73601, 73602, 73682, 73683, 73684, 73691, 73692, 73705, 73706, 73710, 73713, 73715, 73793, 73794, 73796, 73797, 73798, 74023, 74030, 74134, 74136, 74138, 74141, 74143, 74191.7, 74192, 74193, 74201, 74207, 74208, 74502, 74503, 74504, 74607, 74642, 74643, 74644, 74645, 74693, 74705, 74708, 74803, 74805, 74807, 74808, 74809, 74905, 74907, 74909, 74912, 74921.9, 74921.10, 74921.11, 74937, 74940, 74953, 74954, 74954.5, 74955, 74956, 74984, 74985, 74986, and 74987 of, to add Sections 72771.1, 72778.1, and 73357 to, to repeal and add Sections 73353 and 73773 of, and to repeal Sections 73703, 73717, and 74807.6 of, the Government Code, relating to courts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 69893.5 of the Government Code is amended to read:

69893.5. In each county with a population of 480,000 and not more than 503,000, as determined by the 1960 Federal Census, the superior court may establish such titles as are required and, with the approval of the board of supervisors, may appoint and employ a court administrator, probate file examiner, master calendar clerk, legal secretaries, assistants, and other employees as it deems necessary for the performance of the duties and exercise of the powers conferred by law upon it and its members. Rates of compensation of all officers, assistants, and other employees may be established and adjusted by the board of supervisors. Notwithstanding any other provision of law, juvenile court referees appointed pursuant to Section 247 of the Welfare and Institutions Code and superior court commissioners shall earn vacation credit at the rate of 6.5 hours for each biweekly pay period of full-time service, except that those juvenile court referees appointed by the court prior to November 5, 1976, shall be entitled to earn vacation credit at the rate of 7.7 hours for each biweekly pay period of full-time service.

SEC. 1.3. Section 69893.5 of the Government Code is amended to read:

69893.5. In each county with a population of 480,000 and not more than 503,000, as determined by the 1960 Federal Census, the superior court may establish such titles as are required and, with the approval of the board of supervisors, may appoint and employ a court administrator, probate file examiner, master calendar clerk, legal

secretaries, assistants, and other employees as it deems necessary for the performance of the duties and exercise of the powers conferred by law upon it and its members. Rates of compensation of all officers, assistants, and other employees may be established and adjusted by the board of supervisors.

At the direction of the presiding judge of the superior and municipal courts, court commissioners appointed pursuant to Section 70141 and juvenile court referees appointed pursuant to Section 247 of the Welfare and Institutions Code, shall exercise the jurisdiction and perform the duties of a municipal court commissioner.

Notwithstanding any other provision of law, juvenile court referees appointed pursuant to Section 247 of the Welfare and Institutions Code and superior court commissioners shall earn vacation credit at the rate of 6.5 hours for each biweekly pay period of full-time service, except that those juvenile court referees appointed by the court prior to November 5, 1976, shall be entitled to earn vacation credit at the rate of 7.7 hours for each biweekly pay period of full-time service.

SEC. 1.5. Section 69900 of the Government Code is amended to read:

69900. In the City and County of San Francisco, a majority of the judges of the superior court may appoint the following employees, whose annual salaries shall be as set forth hereafter. Those positions shall be paid biweekly the equivalent amount as specified in the salary ordinance. All salaries for original appointments shall be at step 1, provided that on the first anniversary of appointment the employee shall advance to the second step, and thereafter on the second anniversary of appointment the employee shall advance to step 3, and thereafter on the third anniversary of appointment the employee shall advance to step 4, and thereafter shall be paid at the rate established by step 4.

Service in any position enumerated herein prior to the effective date of the amendments to this section enacted at the 1991–92 Regular Session of the Legislature shall constitute service for the purpose of determining the step at which the attaché is paid. Service in any position wherein substantially the same duties have been performed shall also be deemed service for the purpose of determining at which step the attaché is to be paid.

Employment by the court shall be deemed to be employment by the city and county, if approved by resolution of the court, for purposes of determining court employees' rights to sick leave, vacation, and holiday pay and accumulation thereof, as provided either by charter or ordinances of the city and county for miscellaneous employees.

With the approval of the board of supervisors, the court may establish such additional titles and pay rates as are required and, with the approval of the board of supervisors, may appoint and employ such additional commissioners, officers, and assistants and other employees as it deems necessary for the performance of the duties and exercise of the powers conferred by law upon it and its members.

Rates of compensation of all officers and assistants and other employees may be altered by joint action and approval of the board of supervisors and a majority of the judges of the court. The salaries of the employees of the superior court shall be paid by the city and

county.

SEC. 2. Section 69994.2 of the Government Code is amended to read:

69994.2. The regular official phonographic reporters shall be compensated at an annual salary of forty-seven thousand seven hundred eleven dollars ($47,711), except that these reporters may be employed at an annual salary of thirty-nine thousand two hundred thirty-four dollars ($39,234) for the first year of service, at an annual salary of forty-one thousand one hundred ninety-six dollars ($41,196) for the second year of service, at an annual salary of forty-three thousand two hundred sixty-three dollars ($43,263) for the third year of service, and at an annual salary of forty-five thousand four hundred thirty-five dollars ($45,435) for the fourth year of service. The judges of the superior and municipal courts of such county, a majority concurring, may appoint a supervising phonographic reporter at an annual salary of forty-nine thousand six hundred fifty-three dollars ($49,653) except that such reporter may be employed at an annual salary of forty-five thousand thirty-eight dollars ($45,038) for the first year of service and at an annual salary of forty-seven thousand two hundred ninety-three dollars ($47,293) for the second year of service.

SEC. 3. Section 70045.77 of the Government Code is amended to read:

70045.77. Notwithstanding any other provision of law, including, but not limited to, Sections 70040, 70041, 70042, and 70045, the following provisions shall be applicable to the full-time official court reporters, if any, in El Dorado County:

(a) The regular full-time official court reporters shall perform the following duties:

(1) Report all criminal proceedings.

(2) Report all civil commitment proceedings and all contempt proceedings.

(3) Report all juvenile proceedings, other than those heard by a juvenile court referee or traffic hearing officer.

(4) Report all family law proceedings.

(5) Report all civil jury trials.

(6) Report all hearings on petitions for extraordinary relief, including, but not limited to, proceedings for injunctions, mandate, prohibition, certiorari, review, habeas corpus, and coram nobis.

(7) Report all proceedings of the grand jury when requested by the foreman, or by the district attorney or by the county counsel.

(8) Report any other court proceedings when a party requests a court reporter in accordance with rules of the court.

(9) Report the preliminary examination of those accused of crimes before magistrates within El Dorado County.

(10) Report coroner's inquests when requested by the coroner.

(11) Report proceedings for the El Dorado County Board of Equalization when requested by the board.

(b) The regular full-time official court reporter shall be compensated at a range recommended by the judges of the superior

court and approved by the board of supervisors by ordinance or resolution.

The foregoing salary is for compensation for reporting services in the superior court under subdivision (a) of this section. For all transcriptions incident to reporting services, each reporter shall receive the fees provided for in Article 9 (commencing with Section 69941) of this chapter.

The regular full-time official court reporters shall be entitled to the same privileges with respect to retirement, vacation, sick leave, and group insurance, which either now or hereafter may be provided by ordinance to other employees of the county.

(c) When the regular full-time official court reporters are occupied in the performance of their duties and services pursuant to the provisions of subdivision (a), the judge or judges of the superior court may appoint as many additional official court reporters, who shall be known as official reporters pro tempore, as the business of the courts may require in order that the judicial business of the court in such county may be carried on without delay. They shall be paid in accordance with the per diem, transcription, and other fee provisions of Article 9 (commencing with Section 69941) of this chapter. Such per diem, traveling and other expenses, and the fees chargeable to the county under the terms of these provisions shall be a proper county charge.

SEC. 3.5. Section 72607 of the Government Code is amended to read:

72607. Notwithstanding the numbers and classifications of court officers and attachés specified in Articles 1.5 (commencing with Section 72620), 1.6 (commencing with Section 72630), 2 (commencing with Section 72640), 3 (commencing with Section 72700), and 4 (commencing with Section 72750), the judges of a municipal court in a county having a population of 3,000,000 or over, with the approval of the board of supervisors, may appoint and employ additional commissioners, officers, and attachés that are necessary to the performance of duties and exercise of powers within the jurisdiction of the court. The compensation of these appointees shall be as provided in that chapter for the same position, or, where not so provided, as may be established by the judges with the approval of the board of supervisors.

The majority of municipal court judges in the county, with the approval of the board of supervisors, may authorize the marshal, and the judges of any municipal court in that county, with that approval, may authorize the clerk of the court, to adjust rates of compensation, to appoint additional deputies in any classifications that may be required for the prompt and faithful discharge of the duties of the respective offices. Deputies so appointed shall receive the respective rates of pay provided for existing classifications, or, if there be no existing classification for which a pay rate has been established, then they shall receive the rates of pay as shall be established by the judges authorizing the appointments and approved by the board of

supervisors.

Appointments and adjustments made pursuant to this section shall be on an interim basis and shall expire 90 days after the adjournment of the next regular session of the Legislature unless ratified at such session. It is the intention of the Legislature that this section be cumulative to, and not in abrogation of, other provisions of law governing the additional or emergency appointment of deputy clerks and deputy marshals.

SEC. 4. Section 72608 of the Government Code is amended to read:

72608. Certain classes of positions prescribed in Article 1.5 (commencing with Section 72620), Article 1.6 (commencing with Section 72630), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), and Article 4 (commencing with Section 72750) are deemed to be related in job and compensation to position classifications included in the Los Angeles County Code, and in the case of certain classes of positions, to the administrative series included in Section 69894.1. In order to maintain the relationship of compensation and employee rights and benefits between officers and attachés of municipal courts and county or superior court employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee rights and benefits for related classes of court positions, this section shall govern salary adjustments and employee rights and benefits for officers and attachés of municipal courts in Los Angeles County.

On the effective date of any amendment to that code adjusting the salary of a county employee classification listed in the table of positions set forth in this section, or on the effective date of a resolution or ordinance by the board of supervisors approving interim salary adjustments for superior court classes pursuant to Section 69894.2, the salary of the related municipal court position listed opposite thereto shall be adjusted an equivalent number of schedules or steps in a schedule in the salary schedule to which that position is attached. If the level of compensation established by any salary adjustment is not reflected in the salary schedule number provided for any court classification, the adjustment shall apply to each position in the classification on the effective date of the act fixing the salary schedule number. Classes of positions in the Performance-Based Pay Plan shall be compensated and adjusted in accordance with provisions approved by the board of supervisors.

Likewise, the salary of any court classification being enumerated in Article 1.5 (commencing with Section 72620), Article 1.6 (commencing with Section 72630), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), or Article 4 (commencing with Section 72750) for the first time as an amendment to this chapter shall be adjusted as necessary on the effective date of that amendment to provide the same relationship to the county classification to which it is attached as that established

when the court classification was approved in accordance with Section 72607.

All classes of positions approved by a majority of the judges of the municipal court and the board of supervisors for inclusion in the Los Angeles County Performance-Based Pay Plan will be compensated in accordance with this plan as set forth in Part 3, Chapter 6.08, of the Los Angeles County Code. All of these provisions are applicable to participants in the marshal's department, except that for the marshal, the appointing authority is the municipal court judges of Los Angeles County, and for all other participants in the marshal's department, the appointing authority is the marshal. For purposes of PBP administration only, the appointing authority for the court administrator, Los Angeles Judicial District, is the court's executive committee. The court administrator, is the appointing authority for all other participants in the Los Angeles Judicial District.

The presiding judge, the immediate past presiding judge (if still a member of the Los Angeles Municipal Court) and the assistant presiding judge will confer with the court administrator to establish new performance goals and evaluate the completion of previously established goals; these judges will then rate the court administrator's performance using the PBP rating categories established in the county code. The presiding judge shall present this rating to the executive committee for ratification at its July meeting. In the event that the executive committee does not act upon the rating, the presiding judge shall forward the rating to the CAO for inclusion in the Los Angeles Municipal Court's Merit Salary Increase Guideline. In the event a rating is not completed, the court administrator's salary will be adjusted in accordance with the Los Angeles Municipal Court Merit Increase Guideline based on a "fully meets expectations" rating.

Any existing special pay provision applicable to court classes included in PBP and which is expressed in terms of additional schedules of compensation will be converted to a percentage basis in accordance with the county's plan which equates each schedule with 2.75 percent.

Salary adjustments made pursuant to this section shall be on an interim basis and shall expire 90 days after the adjournment of the next regular session of the Legislature unless ratified at such session.

Officers and attachés of municipal courts in Los Angeles County shall be entitled to all employee rights, programs and benefits, including, but not limited to, paid medical plans, management incentive, pay for performance, deferred compensation plans, flexible benefit plans, and early separation programs, parking and cafeteria privileges, longevity pay, shooting allowance, uniform and equipment allowance, and the same rights to meet with those entities which prescribe their compensation, that are provided for or made applicable to the related Los Angeles County and superior court employee classification. Participation in management incentive early separation programs and pay for performance shall be established by joint action and approval of a majority of the board of supervisors and a majority of the judges of the court, except in the Los Angeles Judicial District where joint action shall be approved by a majority of the board of supervisors and a majority of the court's executive committee.

Bonus Level I assignments of deputy marshals are as follows:

Nineteen positions—assistant commander, small division.

Twelve positions—court supervisor.

Nine positions—field supervisor.

Nine positions—office supervisor.

Three positions—communications and fleet management supervisor.

One position—training officer.

One position—real estate levy/bookkeeping section supervisor.

Bonus Level II assignments of deputy marshals are as follows:

One position—security liaison and investigations.

Deputy marshals with Bonus Level I assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level I positions. Deputy marshals with Bonus Level II assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level II positions.

In addition to the salary adjustment otherwise provided by this section, persons employed in the classifications of executive secretary, M.C., senior management secretary, M.C., and secretary to the presiding judge shall receive a one-time only two-schedule salary increase effective January 1, 1989. The resulting salary rate shall constitute the base rates for subsequent salary adjustments.

In addition to the salary provided by the applicable performance-based pay provisions, a 16.5 percent bonus shall be paid to no more than one position of deputy court administrator in the Los Angeles Municipal Court who is admitted to practice law before all courts in California and required to render legal opinions and

provide legal advice to the court administrator and judges.

Any deputy municipal court clerk I, deputy municipal court clerk II, deputy clerk III, M.C., or deputy clerk IV, M.C. who, in addition to a regular courtroom assignment, is required to operate and monitor electronic recording equipment to produce the official record of the court proceedings shall receive a two-schedule increase in compensation while so engaged. Effective January 3, 1989, any deputy clerk IV, M.C. assigned to a courtroom, who in addition to his or her regular duties, is required to operate and monitor electronic recording equipment to produce a record of court proceedings shall receive an increase of eight standard salary levels while so engaged. However, in no event shall a person who is receiving additional compensation for performing duties involving greater skill and responsibility as described in subdivision (b) of Section 72705 or subdivision (k), (*l*), or (m) of Section 72755 be eligible to receive additional compensation pursuant to this subdivision, except for a deputy clerk III, M.C. assigned to the regular duties of a deputy clerk IV, M.C. as provided in subdivision (j) of Section 72755.

SEC. 27. Section 73089 of the Government Code is amended to read:

73089. With the approval of the board of supervisors, judges of each municipal court concerned within Alameda County may establish such additional titles and pay rates as are required and may appoint such additional deputy clerks, officers, assistants, and other employees as deemed necessary for the powers conferred by law upon the court and its members. Rates of compensation of the clerk and administrative officers, deputy clerks, officers, assistants, and other employees may be adjusted by joint action and approval of the board of supervisors and the judges in each respective municipal court within the county.

If the board of supervisors provides by ordinance or resolution for any increase in the number or rate of compensation of any municipal court personnel pursuant to this section, such increase shall be effective only until January 1, 1996, and shall be effective at the same time and in the same manner as such increases for Alameda County employees generally.

SEC. 28. Section 73096 of the Government Code is amended to read:

73096. Official reporters of municipal courts in Alameda County, in lieu of any other compensation provided by law for their services in reporting testimony and proceedings in such court, shall receive one of the following:

(a) Two hundred seven dollars and sixty-three cents ($207.63) a day for the days they actually are on duty under order of the court.

(b) A minimum payment of one hundred three dollars and eighty-two cents ($103.82) for serving four hours or less a day.

(c) Regular official court reporters shall receive a salary, vacation leave, and sick leave, in the same amounts as the official reporters of the Superior Court in Alameda County as set forth in Alameda County Salary Ordinance for item number classification 1625.

Rates of compensation of regular official reporters and official reporters pro tempore may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court, provided, however, that any changes in compensation which are made pursuant to this section shall be on an interim basis and shall remain in effect only until January 1, 1996, unless ratified by statute by the Legislature prior to that date.

SEC. 29. Section 73346 of the Government Code is amended to read:

73346. (a) Fees for transcription of testimony and proceedings in the court shall be paid by the litigants to official reporters and official reporters pro tempore as otherwise provided by law. In all cases where by law the court may direct the payment of transcription fees out of the county treasury, such fees shall, upon order of the court, be paid from the general fund including fees for transcription of testimony and proceedings in criminal cases as provided in Sections 69947 to 69953, inclusive, which shall be paid from the county treasury.

(b) In addition to any fee otherwise required in civil trials that last longer than one judicial day, a fee of one hundred dollars ($100) shall be charged per half-day of service to the parties, on a pro rata basis, for the services of an official reporter on the second and each succeeding day those services are required.

(c) In addition to any fee otherwise required, in civil cases in which the court orders a daily transcript necessitating the services of two phonographic reporters, the party requesting the daily transcript shall pay a fee equal to the per diem rate for official reporters pro tempore for each day of service rendered by the second reporter, for the first and each successive day of trial.

(d) All parties shall deposit their pro rata share of such fees with a clerk at the beginning of the second and each succeeding day's court session.

(e) For purposes of this section, "one-half day" means any period of judicial time during either the morning or afternoon court session.

(f) The fees shall be taxed as costs in favor of any party paying the fees and to whom costs are awarded by the judgment of the court. The fee is not subject to Section 6103.

SEC. 30. Section 73348 of the Government Code is amended to read:

73348. (a) In Contra Costa County, the annual salary of each regular official reporter shall be based on a four-step salary plan with

one-year increments. Effective October 1, 1992, the four salary steps are as follows:

Step 1. Forty-six thousand one hundred sixty-four dollars ($46,164).

Step 2. Forty-eight thousand four hundred sixty-eight dollars ($48,468).

Step 3. Fifty thousand eight hundred ninety-two dollars ($50,892).

Step 4. Fifty-three thousand four hundred thirty-six dollars ($53,436).

The step of entry to the above schedule shall be Step 1. However, the judges of the court may appoint a court reporter to a duly allocated exempt position at a higher step if, in the opinion of the appointing judge, an individual to be appointed has the experience and qualifications to entitle that individual to the higher initial step, and if the higher initial salary has the approval of the presiding judge of the court and the board of supervisors, but in no case may the initial salary be above the third step of the salary range. Except as provided below, official reporters shall advance to the next higher step on the salary plan annually. The compensation of each official reporter pro tempore shall be an amount which is equivalent to 1.05 times the daily wage of the fourth step in the salary range for full-time official reporters in Contra Costa County for each day the reporter actually is on duty under order of the court which per diem rate shall apply when an official reporter is appointed pursuant to Section 869 of the Penal Code.

Irrespective of the step of the salary range to which initially appointed, an official court reporter shall be eligible for advancement to the next higher step in the salary range after six months' service, and thereafter shall advance on the salary range based on annual reviews.

(b) During the hours which the court is open for the transaction of judicial business, the regular official reporter shall perform the duties required by law. When not engaged in the performance of any other duty imposed upon him or her by law, he or she shall render stenographic or clerical assistance to the judge of the court to which he or she is assigned as the judge may direct.

(c) The board of supervisors shall adjust the salary of regular official reporters as part of its regular review of county employee compensation. The adjustment shall be to that salary level closest to the average percentage adjustment in basic salaries of the county classes of superior court clerk, legal clerk, secretary, and clerk (experienced level). The reporter salary adjustment shall be effective on the same day as the effective date of the board's action as to all of the aforesaid county classifications, but for official reporters of each municipal court district shall be effective only until January 1 of the second year following the calendar year in which the adjustment is made. The compensation of each official reporter pro tempore shall remain at the rate specified in subdivision (a) for the days he or she actually is on duty until changed by the board of

supervisors at the same time and on the same basis as regular official reporters.

SEC. 31. Section 73351 of the Government Code is amended to read:

Except as specifically provided in this article to the contrary, all benefits, privileges and other provisions affecting the employment of county employees shall apply to all officers and attachés of the municipal court.

SEC. 48. Section 73691 of the Government Code is amended to read:

73691. A majority of the judges may appoint 11 full-time court reporters to serve at the pleasure of the judges and to be paid an annual salary established according to the following salary schedule:

Step 1. $40,903
Step 2. $42,952
Step 3. $45,079
Step 4. $47,333

Reporters shall initially be placed at step 1 of the salary schedule except reporters may be placed at a higher step with the approval of the county administrative officer, and shall be advanced one step annually upon the anniversary date of that employment. If, because of recruitment difficulties, it is necessary to appoint a court reporter at a step of the salary schedule which is above the step at which any court reporters are currently employed, all court reporters below that step will move to the higher step at the discretion of the judges of the court. Each such reporter shall accrue and be entitled to receive sick leave benefits at the rate of 3.6924 hours of sick leave with pay for each pay period or major fraction thereof, served up to

an accumulative total of 156 working days. Each such reporter shall accrue and receive vacation at the same rate as judges of that court not to exceed 21 working days a year which may be accrued not to exceed 42 days to be taken at such time as the judge to which he or she has been assigned consents.

SEC. 48.5. Section 73692 of the Government Code is amended to read:

73692. Pursuant to Section 72194, the judges of the court may appoint as many additional reporters as the business of the court requires, who shall be known as official reporters pro tempore. They shall serve without salary but shall receive the fees provided by Sections 69947 to 69953, inclusive, except that in lieu of the per diem fees provided in the section for reporting testimony and proceedings the official reporters pro tempore shall be paid in accord with the following:

Each pro tempore reporter shall be paid one hundred fifty-seven dollars and thirty-two cents ($157.32) for a full day on duty under order of the court. For purposes of receiving the above compensation, one or more of the following shall apply:

(1) The court has indicated in advance that the pro tempore assignment is for a full day.

(2) The pro tempore reporter was on duty for more than four hours.

Each pro tempore reporter shall be paid ninety-four dollars and thirty-nine cents ($94.39) for one half day of duty under order of the court when (a) the court has indicated in advance that the pro tempore assignment is for a half day and the pro tempore reporter is on duty for four hours or less, generally exclusive of the noon recess; or (b) the court has indicated in advance that the pro tempore assignment is for a full day but the pro tempore reporter is on duty for four hours or less and consents to being released for the balance of the day.

Where a pro tempore reporter has agreed to a one-half day assignment, the courts shall make every practicable effort to assure that the pro tempore reporter shall not be on duty for longer than four hours, unless the pro tempore reporter agrees with the court to work beyond four hours. In the latter case, the full-day pro tempore rate of one hundred fifty-seven dollars and thirty-two cents ($157.32) shall apply.

Nothing herein shall be construed to limit the court's authority to in all instances pay a pro tempore reporter at the rate of one hundred fifty-seven dollars and thirty-two cents ($157.32) when, in the court's judgment, that rate is necessary to obtain pro tempore reporter services for the court.

The above payments shall upon order of the court be a charge against the general fund of the county.

SEC. 49. Section 73703 of the Government Code is repealed.

SEC. 50. Section 73705 of the Government Code is amended to read:

73705. The clerk may appoint:
(a) Two chief deputy clerks who shall be administrative officers.
(b) Thirteen deputy clerks II.
(c) Fourteen deputy clerks I.
(d) Two deputy clerk-administrators.

SEC. 51. Section 73706 of the Government Code is amended to read:

73706. There shall be one marshal who shall receive the biweekly salary specified in range 65.80 as set forth in the biweekly salary schedule contained in Section 73709. Whenever the salary of a related class, or classes, of San Joaquin County employees is adjusted, the salary of the marshal may be adjusted by a percentage not to exceed the percentage of the adjustment applicable to such related class or classes. Any adjustment shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

SEC. 52. Section 73710 of the Government Code is amended to read:

73710. Persons employed in any of the positions authorized by this article shall be paid the salary assigned to the following ranges as set forth in the biweekly salary schedule contained in Section 73709, except that if the range shown opposite the title of the position includes a fraction then the person employed in such position shall be paid a salary equal to that opposite said fractional range in the salary ordinance of the County of San Joaquin.

Position	Range
(a) Deputy clerk I	49.10
(b) Deputy clerk II	51.10

(e) Senior deputy marshal	61.60
(f) Deputy marshal	59.30
(g) Deputy clerk administrator	56.80
(h) Specialist clerk	50.10

Subject to the provisions of the salary ordinance of the County of San Joaquin, each person employed in the clerk's office or the marshal's office may receive an annual increase in salary of one step on his or her assigned range, until the employee reaches the maximum step on the range assigned for his or her position. Thereafter, no additional step increase shall be granted.

SEC. 53. Section 73713 of the Government Code is amended to read:

73713. Whenever the salary of a related class, or classes, of San Joaquin County employees is adjusted, the salary of the following classes may be adjusted by a percentage not to exceed the percentage of adjustment granted to the class, or classes, deemed by the board of supervisors to be related:

(a) Deputy clerk I.
(b) Deputy clerk II.
(c) Chief deputy clerk.
(d) Clerk.
(e) Senior deputy marshal.
(f) Deputy marshal.
(g) Deputy clerk-administrator.
(h) Specialist clerk.

All adjustments to the salaries of the above-named classes shall be effective as of the same date as the adjustment for the class, or classes, deemed to be related, and shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

SEC. 54. Section 73715 of the Government Code is amended to read:

73715. Whenever any person occupying the position of specialist clerk in the office of the marshal performs the duties of a matron in that office, her salary shall be increased by a sum equivalent to 2½ percent of the salary otherwise payable during the period of the performance of such duties.

SEC. 55. Section 73717 of the Government Code is repealed.

SEC. 56. Section 73773 of the Government Code is repealed.

SEC. 57. Section 73773 is added to the Government Code, to read:

73773. (a) The clerk, with the approval of the judges of the court, may appoint the following employees:

(1) One assistant clerk administrative officer.

(10) Thirteen legal clerks III.
(11) Twelve legal clerks II.
(12) Three accounting assistants.
(13) Twelve legal clerks I.
(14) One intermediate clerk typist.
(15) Such other employees as the board of supervisors may approve upon the recommendation of the municipal court, each of which shall receive a salary recommended by the municipal court and approved by the board of supervisors.

Any appointee shall be compensated in the first step and advanced to each higher step upon completion of the probationary period and each successive 12 months of service thereafter. Upon the recommendation of the municipal court and approval of the board of supervisors, such employees may be employed at, or may be granted, a special step increase to any step within the salary range

on the basis of experience and qualifications.

(b) Any change in the salaries in effect immediately prior to January 1, 1993, shall be on an interim basis and shall expire on January 1 of the second calendar year after the calendar year in which the change occurs, unless ratified by the Legislature; and

Persons employed in any of the authorized positions shall be paid the salary assigned to the following ranges as set forth in the biweekly salary schedule of the County of Marin.

SEC. 81.5. Section 74645 of the Government Code is amended to read:

74645. (a) It is the purpose of this section to provide compensation for municipal court employees and officers which is comparable to that paid to county employees holding equal or comparable positions in the Santa Barbara classified service as that comparability is determined by the Santa Barbara County Board of Supervisors.

(b) Whenever reference to a numbered salary range is made in any section of this article, the schedule and the salary ordinance of the County of Santa Barbara in effect on January 1 of the preceeding year, shall apply.

(c) If the board of supervisors adopts a revised salary schedule for county employees, the new schedule shall apply equally to employees of municipal courts and marshals' offices and conversion to the new schedule shall be made for the employees in the same manner on the same date as for the classified service.

(d) Notwithstanding any of the provisions of this article, the salary and benefits of municipal court employees and officers shall be changed in the same manner and at the same rate as a salary and benefit change is effective for other permanent county classified positions. Employees and officers of the municipal court shall be entitled to all employee benefits as they are provided and made applicable to positions within the classified service pursuant to Santa Barbara County ordinances or resolutions, to the extent that the benefits are not contrary to state law.

(e) All matters affecting the administration of salary and benefits,

the selection, appointment, and reclassification of municipal court officers and employees in those positions which they hold which are not specifically determined by the provision of state law shall be governed by the personnel ordinances and resolutions of the Board of Supervisors of the County of Santa Barbara.

(f) Nothing in this article shall be construed to place marshals' or clerks' offices, their employees and attachés under the civil service system of Santa Barbara County but those employees and attachés may be placed under that civil service system by court rule adopted by the judges of their respective courts.

(g) Any changes in compensation made pursuant to this section shall be on an interim basis and shall expire January 1 of the second calendar year following the changes unless ratified by the Legislature.

(b) Each such person employed on the effective date of this article in the office of the clerk of the municipal court shall receive credit for prior continuous service in the office, including service in a court superseded upon establishment of the municipal court.

(c) With the approval of the board of supervisors, a majority of the municipal court judges may establish additional positions for officers, attachés, and employees in addition to those provided by subdivision (a). The order and approval establishing any such position shall designate the position title and salary range. Such appointments shall be on an interim basis and shall expire January 1 of the second year following the calendar year in which such appointments are made unless ratified by the Legislature.

SEC. 97. Section 74984 of the Government Code is amended to read:

74984. (a) There shall be one marshal who shall be appointed by the court; provided, that upon the effective date of this section, the incumbent elected marshal shall continue in office as marshal and

may be removed by the court only for cause. When that marshal leaves office, the succeeding marshals shall be appointed by and serve at the pleasure of the court.

(b) The marshal shall receive the salary of four thousand twenty-eight dollars ($4,028) per month as set forth in the standard salary resolution of Shasta County in effect for the 1992–93 fiscal year. The marshal shall be provided the same employment benefits by Shasta County as the county provides to other county employees in an equivalent category in the county's merit personnel system.

(c) The board of supervisors may transfer certain duties of the sheriff to the marshal pursuant to Section 26608.3.

(d) All fees collected by the marshal's office shall be deposited with the county treasurer and credited to the general fund.

SEC. 98. Section 74985 of the Government Code is amended to read:

74985. (a) The marshal, with the approval of the court, may appoint the following marshal's office employees whose numbers, classifications, and salary ranges in the standard salary resolution of Shasta County in effect on January 1, 1993, are:

Position Title	Number of Positions	Salary Range	
Marshal	1	Flat	$4,028 per mo.

(b) Each employee of the marshal's office shall be provided the same employment benefits by Shasta County as the county provides to other county employees in equivalent categories and salary ranges in the county's merit personnel system.

SEC. 99. Section 74986 of the Government Code is amended to read:

74986. (a) The municipal court may appoint a court executive officer who shall be the chief administrative officer and ex officio clerk of the court. The court executive officer shall serve at the pleasure of the court and shall receive a salary of four thousand nine hundred sixty-four dollars ($4,964) per month as set forth in the standard salary resolution of Shasta County in effect for the 1992–93 fiscal year. The court executive officer shall be provided the same employment benefits by Shasta County as the county provides to other county employees in an equivalent category in the county's merit personnel system.

(b) The municipal court shall prescribe and regulate the duties

and authority of the court executive officer.

SEC. 100. Section 74987 of the Government Code is amended to read:

74987. (a) The court executive officer, with the approval of the court, may appoint the court's support staff personnel. The following employees of the court shall be compensated within the following applicable ranges established by the standard salary resolution of Shasta County in effect on February 22, 1993:

Position Title	Number of Positions	Salary Range	
Court Executive Officer	1	Flat	$4,964 per mo.
Assistant Court Executive Officer	1	Flat	$3,971 per mo.

Court Services Supervisor	2		$1,947–2,366 per mo.
Court Services Fiscal Officer	1		$2,713–3,297 per mo.

(b) Each employee designated in subdivision (a) shall be provided the same employment benefits by Shasta County as the county provides to other county employees in equivalent categories and salary ranges in the county's merit personnel system.

SEC. 101. The Legislature finds that the existing process for review of changes in the number and compensation of municipal court employees relies on determinations by local government, and delivers insufficient information to permit analysis of proposals at the state level. The Judicial Council is directed to review the procedures now governing municipal court staffing legislation and shall report to the Legislature on options for revision on or before January 1, 1994.

SEC. 102. Section 1.3 of this bill incorporates amendments to Section 69893.5 of the Government Code proposed by both this bill

and AB 480. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 69893.5 of the Government Code, and (3) this bill is enacted after AB 480, in which case Section 1 of this bill shall not become operative.

SEC. 103. Section 70.3 of this bill incorporates amendments to Section 74191.7 of the Government Code proposed by both this bill and AB 480. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 74191.7 of the Government Code, and (3) this bill is enacted after AB 480, in which case Section 70 of this bill shall not become operative.

SEC. 104. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1092

An act to amend Sections 2982, 2984.3, and 2986.2 of the Civil Code, and to add Section 11709.2 to the Vehicle Code, relating to motor vehicles.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Some retail motor vehicle purchasers and lessees have a misconception that California law provides for a "cooling off" or other cancellation period after the sale or lease of a motor vehicle during which a purchaser or lessee may return the vehicle and cancel the contract without cause or the consent of the seller.

(b) Although California law does provide for a "cooling off" period during which certain types of contracts may be canceled, such as home solicitation contracts or offers, California law does not provide such a remedy for the cancellation of motor vehicle lease and sale contracts. However, the law does provide for numerous other rescission remedies relative to the lease or purchase of motor vehicles, such as rescission for fraud, mistake, duress, failure of consideration, and rescission by mutual consent.

(c) It is the intent of the Legislature in enacting this act to educate

and put prospective motor vehicle purchasers and lessees on notice that California law does not have a "cooling off" or other cancellation period during which a motor vehicle lease or purchase contract may be canceled because the purchaser or lessee later changes his or her mind, decides the vehicle costs too much, or wishes that a different vehicle had been acquired.

(d) The contract notice and sign display provisions of this act are intended to educate prospective motor vehicle purchasers and lessors of contractual obligations under current California law. The notice and sign display provisions are not intended to create, expand, repeal, or in any manner limit current rescission rights or remedies.

SEC. 2. Section 2982 of the Civil Code, as amended by Section 3 of Chapter 101 of the Statutes of 1993, is amended to read:

2982. Every conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled "itemization of the amount financed":

(1) (A) The cash price, exclusive of document preparation fees, taxes imposed on the sale, pollution control certification fees, and the amount charged for a service contract.

(B) The fee to be retained by the seller for document preparation.

(C) The fee charged by the seller for certifying that the motor vehicle complies with applicable pollution control requirements.

(D) Taxes imposed on the sale.

(E) The amount charged for a service contract.

(F) The total cash price, which is the sum of subparagraphs (A) to (E), inclusive.

(2) An itemization of the amounts to be paid to any public officer for license, certificate of title, motor vehicle smog impact fee, and registration.

(3) The aggregate amount of premiums agreed, upon execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge.

(4) The amount of the state fee for issuance of a certificate of compliance, noncompliance, or waiver pursuant to any applicable pollution control statute.

(5) A subtotal representing the sum of the foregoing items.

(6) The amount of the buyer's downpayment itemized to show the following:

(A) The net agreed value of the property being traded in.

(B) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and which is not subject to a finance charge.

(C) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(D) The remaining amount paid or to be paid by the buyer as a downpayment.

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) Where the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the

unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) Where the contract includes a finance charge which is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows:

"If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or the Department of Motor Vehicles, Division of Investigations and Occupational Licensing, P.O. Box 93289,

Sacramento, California 94232-3890, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

Buyer's Signature"

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) The dollar amount of the disclosed finance charge shall not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), 1⅙ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900), ⅚ of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed one thousand six hundred fifty dollars ($1,650), and ¹³⁄₂₄ of 1 percent on that portion of the unpaid balance which exceeds one thousand six hundred fifty dollars ($1,650); or

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract shall not charge, collect, or receive a finance charge which exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of the administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) When a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(*l*) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to

Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which the payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisfied. Nothing in this chapter

prohibits the disclosure in that contract of additional information required or permitted under Regulation Z, as in effect at the time that disclosure is made.

(n) If the seller imposes a fee for document preparation, the contract shall contain a disclosure that the fee is not a governmental fee.

(o) No seller may impose an application fee for a transaction governed by this chapter.

(p) The seller or holder may charge and collect a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract, if the contract so provides or if the contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract.

(q) The contract shall disclose on its face, by printing the word "new" or "used" within a box outlined in red, that is not smaller than one-half inch high and one-half inch wide, whether the vehicle is sold as a new vehicle, as defined in Section 430 of the Vehicle Code, or a used vehicle, as defined in Section 665 of the Vehicle Code.

(r) The contract shall contain a notice with a heading in at least 12-point bold type and the text in at least 10-point bold type, circumscribed by a line, immediately above the contract signature line, that reads as follows:

THERE IS NO COOLING OFF PERIOD

California law does not provide for a "cooling off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud.

SEC. 3. Section 2984.3 of the Civil Code is amended to read:

2984.3. Any acknowledgment by the buyer of delivery of a copy of a conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he or she has signed, during the contract negotiations, shall be printed or written in size equal to at least 10-point bold type and, if contained in the contract, shall appear directly above the space reserved for the buyer's signature or adjacent to any other notices required by law to be placed immediately above the signature space. The buyer's written acknowledgment, conforming to the requirements of this

section, of delivery of a completely filled-in copy of the contract, and a copy of the other documents shall be a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when he or she acquired his or her interest in the contract. If the third party furnishes the buyer a copy of the documents, or a notice containing items 1 to 9, inclusive, of subdivision (a) of Section 2982, and stating that the buyer shall notify the third party in writing within 30 days if a copy of the documents was not furnished, and that notification is not given, it shall be conclusively presumed in favor of the third party that copies of the documents were furnished as required by this chapter.

SEC. 4. Section 2986.2 of the Civil Code is amended to read:

2986.2. Every lease contract shall contain, in at least eight-point bold type, above the space provided for the lessee's signature and circumscribed by a line, the following warnings which shall be signed or initialed by the lessee:

(a) "Notice to the lessee: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in; (2) You are entitled to a completely filled in copy of this agreement; (3) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

"s/s _____."

lessee

(b) "Warning—Unless a charge is included in this agreement for public liability or property damage insurance, payment for such coverage is not provided by this agreement."

"s/s _____."

lessee

(c) "Lessee has the right to return the vehicle, and receive a refund of any payments made if the credit application is not approved, unless nonapproval results from an incomplete application or from incorrect information provided by the lessee."

"s/s _____."

SEC. 5. Section 11709.2 is added to the Vehicle Code, to read:

11709.2. Every dealer shall conspicuously display a notice not less than eight inches high and 10 inches wide, in each sales office and sales cubicle of a dealer's established place of business where written terms of specific sale or lease transactions are discussed with prospective purchasers or lessees, and in each room of a dealer's established place of business where sale and lease contracts are regularly executed, which states the following:

"NO COOLING-OFF PERIOD

California law does not provide for a "cooling-off" or other cancellation period for vehicle lease or purchase contracts. Therefore, you cannot later cancel such a contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign a motor vehicle purchase or lease contract, it may only be canceled with the agreement of the seller or lessor or for legal cause, such as fraud."

SEC. 6. This act shall become operative on July 1, 1994.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1093

An act to amend Sections 22651, 22651.7, 40200, 40200.3, 40200.4, 40200.5, 40200.7, 40202, 40206.5, 40215, 40225, and 40230 of, and to repeal Section 40223 of, the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any

regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(i) (1) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands, or is removed pursuant to this code, and it is known to have been issued five or more notices of parking violation, to which the owner or person in control of the vehicle has not responded within 21 days of citation issuance or 10 days of a notice of delinquent parking violation to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section

41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:

(A) Evidence of his or her identity.

(B) An address within this state at which he or she can be located.

(C) Satisfactory evidence that all parking penalties due for the vehicle and any other vehicle registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.

(2) The requirements in subparagraph (C) of paragraph (1) shall be fully enforced by the impounding law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records.

(3) A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail has been deposited, that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded, or, at the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(4) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(A) Pays the cost of towing and storing the vehicle.

(B) Submits evidence of payment of fees as provided in Section 9561.

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the full amount of the parking penalties for all notices of parking violations issued for the vehicle. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, full amount of the parking penalties for all notices of parking violations issued for the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence

of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) (1) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of one year before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, 14601.2, or 14601.5 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current

vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

(s) (1) When any vehicle, except highway maintenance or construction equipment, an authorized emergency vehicle, or a vehicle which is properly permitted or otherwise authorized by the Department of Transportation, is stopped, parked, or left standing for more than eight hours within a roadside rest area or viewpoint.

(2) For purposes of this subdivision, a roadside rest area or viewpoint is a publicly maintained vehicle parking area, adjacent to a highway, utilized for the convenient, safe stopping of a vehicle to enable motorists to rest or to view the scenery. If two or more roadside rest areas are located on opposite sides of the highway, or upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

SEC. 1.5. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(i) (1) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands, or is removed pursuant to this code, and it is known to have been issued five or more notices of parking violation, to which the owner or person in control of the vehicle has not responded within 21 days of citation issuance or 10 days of a notice of delinquent parking violation to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:

(A) Evidence of his or her identity.

(B) An address within this state at which he or she can be located.

(C) Satisfactory evidence that all parking penalties due for the vehicle and any other vehicle registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.

(2) The requirements in subparagraph (C) of paragraph (1) shall be fully enforced by the impounding law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records.

(3) A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail has been deposited, that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of

current registration shall be produced after a vehicle has been impounded, or, at the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(4) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(A) Pays the cost of towing and storing the vehicle.

(B) Submits evidence of payment of fees as provided in Section 9561.

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5.

(5) The impounding agency that has a lien on the surplus that remains upon the sale of a vehicle to which a registered owner is entitled pursuant to paragraph (4) has a deficiency claim against the registered owner for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5, less the amount received from the sale of the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is

authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) (1) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of one year before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, 14601.2, or 14601.5 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

(s) (1) When any vehicle, except highway maintenance or construction equipment, an authorized emergency vehicle, or a

vehicle which is properly permitted or otherwise authorized by the Department of Transportation, is stopped, parked, or left standing for more than eight hours within a roadside rest area or viewpoint.

(2) For purposes of this subdivision, a roadside rest area or viewpoint is a publicly maintained vehicle parking area, adjacent to a highway, utilized for the convenient, safe stopping of a vehicle to enable motorists to rest or to view the scenery. If two or more roadside rest areas are located on opposite sides of the highway, or upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

SEC. 2. Section 22651.7 of the Vehicle Code, as amended by Section 6 of Chapter 1244 of the Statutes of 1992, is amended to read:

22651.7. In addition to, or as an alternative to, removal, any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or any regularly employed and salaried employee who is engaged in directing traffic or enforcing parking laws and regulations, of a jurisdiction in which a vehicle is located may immobilize the vehicle with a device designed and manufactured for the immobilization of vehicles, on a highway or any public lands located within the territorial limits in which the officer or employee may act if the vehicle is found upon a highway or any public lands and is known to have been issued five or more notices of parking violation which are delinquent because the owner or person in control of the vehicle has not responded to the agency responsible for processing notices of parking violation within 21 days of citation issuance or 10 days of a notice of delinquent parking violation, or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17. The vehicle may be immobilized until that person furnishes to the immobilizing law enforcement agency all of the following:

(a) Evidence of his or her identity.

(b) An address within this state at which he or she can be located.

(c) Satisfactory evidence that the full amount of parking penalties has been deposited for all notices of parking violation issued for the vehicle and any vehicles registered to the registered owner of the immobilized vehicle and that bail has been deposited for all traffic violations of the registered owner that have not been cleared. The requirements in subdivision (c) shall be fully enforced by the immobilizing law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records. A notice of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding or immobilization of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking

penalties or bail, or both, have been deposited that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is immobilized. Evidence of current registration shall be produced after a vehicle has been immobilized or, at the discretion of the immobilizing law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

SEC. 3. Section 40200 of the Vehicle Code, as amended by Section 7 of Chapter 1244 of the Statutes of 1992, is amended to read:

40200. (a) Any violation of any regulation that is not a misdemeanor governing the standing or parking of a vehicle under this code, under any federal statute or regulation, or under any ordinance enacted by local authorities is subject to a civil penalty. The enforcement of those civil penalties shall be governed by the civil administrative procedures set forth in this article.

(b) Except as provided in Section 40209, the registered owner and driver, rentee, or lessee of a vehicle cited for any violation of any regulation governing the parking of a vehicle under this code, under any federal statute or regulation, or under any ordinance enacted by a local authority shall be jointly liable for parking penalties imposed under this article, unless the owner can show that the vehicle was used without consent of that person, express or implied. An owner who pays any parking penalty, civil judgment, costs, or administrative fees pursuant to this article shall have the right to recover the same from the driver, rentee, or lessee.

(c) The driver of a vehicle who is not the owner thereof but who uses or operates the vehicle with the express or implied permission of the owner shall be considered the agent of the owner to receive notices of parking violations served in accordance with this article and may contest the notice of violation.

SEC. 4. Section 40200.3 of the Vehicle Code, as added by Section 10.2 of Chapter 1244 of the Statutes of 1992, is amended to read:

40200.3. (a) All parking penalties collected by the processing agency, which may be the issuing agency, including all administrative fees, process service fees, and fees and collection costs related to civil debt collection, shall be deposited to the account of the issuing agency, except that those sums attributable to the issuance of a notice of parking violation by a member of the California Highway Patrol, the California State Police, or other state law enforcement agency shall be deposited in the account in the jurisdiction where the violation occurred, and except those sums payable to a county pursuant to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code and that portion of any parking penalty which is attributable to an increase in the parking bail amount effective between September 16, 1988, to July

1, 1992, inclusive, pursuant to Section 1463.28 of the Penal Code. Those funds attributable to this increase in bail shall be transferred to the county treasurer and deposited in the general fund. Any increase in parking penalties effective after July 1, 1992, shall accrue to the benefit of the issuing agency.

(b) The processing agency shall prepare an audited report at the end of each fiscal year setting forth the number of cases processed, and all sums received and distributed, together with any other information that may be specified by the issuing agency or the Controller. This report is a public record and shall be delivered to each issuing agency. Copies shall be made available, upon request, to the county auditor, the Controller, and the grand jury.

SEC. 5. Section 40200.4 of the Vehicle Code, as amended by Section 11 of Chapter 1244 of the Statutes of 1992, is amended to read:

40200.4. (a) The processing agency shall deposit with the county treasurer all sums due the county as the result of processing a parking violation not later than 45 days after the last day of the month in which the parking penalty was received.

(b) Except as provided in subdivisions (c) and (d), if a court within a county has been processing notices of parking violations and notices of delinquent parking violations for a city, a district, or any other issuing agency, the issuing agency and the county shall provide in an agreement for the orderly transfer of the processing activity as soon as possible but not later than January 1, 1994. The agreement shall permit the court to phase out, and the issuing agency to phase in, or transfer, personnel, equipment, and facilities that may have been acquired or need to be acquired in contemplation of a long-term commitment to processing of notices of parking violations and notices of delinquent parking violations for the issuing agency under this article. The court shall transfer the processing function for parking citations issued by the Department of the California Highway Patrol, the California State Police, or other state law enforcement agency to the processing agency in the city or county where the violation occurred.

(c) If Contra Costa County or San Mateo County, or a court in either county, had a contract in effect on January 1, 1992, to process notices of parking violations and notices of delinquent parking violations for a city, district, or other issuing agency within the particular county or counties, the county may continue to provide those services to the issuing agencies pursuant to the terms of the contract and any amendments thereto, to and including June 30, 1996, after which Section 40200.5 shall govern any contracts entered into for these services.

(d) San Francisco Municipal Court employees engaged in processing notices of parking violations and notices of delinquent parking violations and the positions of those employees shall be transferred to equivalent civil service positions in the City and County of San Francisco.

(e) No court employee shall be terminated or otherwise released

from employment as a result of the transfer of processing notices of parking violations and notices of delinquent parking violations from the courts to the issuing agencies.

(f) As used in this article, "parking penalty" includes, but is not limited to, any late payment penalty, administrative fee, assessment, and costs of collection as provided by law.

SEC. 6. Section 40200.5 of the Vehicle Code, as amended by Section 12 of Chapter 1244 of the Statutes of 1992, is amended to read:

40200.5. (a) Except as provided in subdivision (c) of Section 40200.4, an issuing agency may elect to contract with the county, with a private vendor, or with any other city or county processing agency, other than the Department of the California Highway Patrol, the California State Police, or other state law enforcement agency, within the county, with the consent of that other entity, for the processing of notices of parking violations and notices of delinquent parking violations, prior to filing with the court pursuant to Section 40230.

If an issuing agency contracts with a private vendor for processing services, it shall give special consideration to minority business enterprise participation in providing those services. For purposes of this subdivision, "special consideration" has the same meaning as specified in subdivision (c) of Section 14838 of the Government Code, as it relates to small business preference.

(b) Any contract entered pursuant to subdivision (a) shall provide for monthly distribution of amounts collected between the parties, except those amounts payable to a county pursuant to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code and amounts payable to the Department of Motor Vehicles pursuant to Section 4763 of this code.

SEC. 7. Section 40200.7 of the Vehicle Code, as added by Section 14 of Chapter 1244 of the Statutes of 1992, is amended to read:

40200.7. For a period of 21 days from the issuance of the notice of parking violation or 10 days from the mailing of the notice of delinquent parking violation, a person may request review by the processing agency, or at the discretion of the processing agency, by the issuing agency, of the issuance of a notice of parking violation or a notice of delinquent parking violation by written request, telephone, or in person. If the person is dissatisfied with the results of the initial review, the person may contest through an administrative review process the notice of parking violation or notice of delinquent parking violation, by depositing with the processing agency by the 15th day following the mailing to that person of the results of the processing agency's administrative investigation, the full amount of the parking penalty and a written explanation of the reason for contesting the parking violation. The processing agency shall provide, through administrative policy, a procedure for contesting notices of parking violations and notices of delinquent parking violations for persons who can provide verifiable and substantial proof of their inability to deposit the full amount of

the parking penalty. If a vehicle has been immobilized or impounded for unpaid parking violations, the processing agency shall, provided that the vehicle remains under the control of the immobilizing or impounding agency, permit the registered owner of the vehicle to contest the parking violations related to the seizure of that vehicle without requiring the deposit of the parking penalties.

SEC. 8. Section 40202 of the Vehicle Code is amended to read:

40202. (a) If a vehicle is attended or unattended during the time of the violation, the peace officer or person authorized to enforce parking laws and regulations shall securely attach to the vehicle a notice of parking violation setting forth the violation, including reference to the section of this code or of the local ordinance or federal statute or regulation so violated, the approximate time thereof, and the location where the violation occurred and fixing a time and procedure for the registered owner or the lessee or rentee to deposit the parking penalty or, pursuant to Section 40215, contest the citation. The notice of parking violation shall also set forth the vehicle license number and registration expiration date if they are visible, the last four digits of the vehicle identification number, if that number is visible through the windshield, the color of the vehicle, and, if possible, the make of the vehicle. The notice of parking violation, or copy thereof, shall be considered a record kept in the ordinary course of business of the issuing agency and the processing agency and shall be prima facie evidence of the facts contained therein.

(b) The notice of parking violation shall be served by attaching it to the vehicle either under the windshield wiper or in another conspicuous place upon the vehicle so as to be easily observed by the person in charge of the vehicle upon the return of that person.

(c) Once the issuing officer has prepared the notice of parking violation and has attached it to the vehicle as provided in subdivisions (a) and (b), the officer shall file the notice with the processing agency. Any person, including the issuing officer and any member of the officer's department or agency, or any peace officer who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed the face of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the processing agency or with a person authorized to receive the deposit of the parking penalty, is guilty of a misdemeanor.

(d) If, during the issuance of a notice of parking violation, without regard to whether the vehicle was initially attended or unattended, the vehicle is driven away prior to attaching the notice to the vehicle, the issuing officer shall file the notice with the processing agency. The processing agency shall mail, within 15 days of issuance of the notice of parking violation, a copy of the notice of parking violation to the registered owner.

(e) If, after a copy of the notice of parking violation is attached to the vehicle, the issuing officer determines that, in the interest of

justice, the notice of parking violation should be canceled, the issuing agency may recommend, in writing, that the charges be canceled. The recommendation shall cite the reasons for the recommendation and shall be filed with the processing agency.

(f) If the processing agency makes a finding that there are grounds for cancellation, the finding shall be entered on the record and the notice of parking violation shall be canceled pursuant to paragraph (1) of subdivision (a) of Section 40215.

(g) Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for cancellation.

SEC. 9. Section 40206.5 of the Vehicle Code, as amended by Section 20 of Chapter 1244 of the Statutes of 1992, is amended to read:

40206.5. (a) Within 15 days of a request, by mail or in person, the processing agency shall mail or otherwise provide to any person who has received a notice of delinquent parking violation, or his or her agent, a photostatic copy of the original notice of parking violation or an electronically produced facsimile of the original notice of parking violation. The issuing agency may charge a fee sufficient to recover the actual cost of providing the copy, not to exceed two dollars ($2). Until the issuing agency complies with a request for a copy of the original notice of parking violation, the processing agency may not proceed pursuant to subdivision (i) of Section 22651, Section 22651.7, or Section 40220.

(b) If the description of the vehicle on the notice of parking violation does not substantially match the corresponding information on the registration card for that vehicle and the processing agency is satisfied that the vehicle has not been incorrectly described due to the intentional switching of license plates, the processing agency shall, on written request of the person cancel the notice of parking violation without the necessity of an appearance by that person.

(c) For purposes of this section, a copy of the notice of parking violation may be a photostatic copy or an electronically produced facsimile.

SEC. 10. Section 40215 of the Vehicle Code, as added by Section 26 of Chapter 1244 of the Statutes of 1992, is amended to read:

40215. (a) If a person contests a notice of parking violation or a notice of delinquent parking violation, the processing agency shall do the following:

(1) The processing agency shall either investigate with its own records and staff or request that the issuing agency investigate the circumstances of the citation with respect to the contestant's written explanation of reasons for contesting the parking violation. If, based upon the results of that investigation, the processing agency is satisfied that the violation did not occur or that the registered owner was not responsible for the violation, the processing agency shall cancel the notice of parking violation and make an adequate record of the reasons for canceling the notice. The processing agency shall mail the results of the investigation to the person who contested the

notice of parking violation or the notice of delinquent parking violation.

(2) If the person contesting a notice of parking violation or notice of delinquent parking violation is not satisfied with the results of the investigation provided for in paragraph (1) and wishes to request an administrative review, the person shall, within 15 days of the mailing of the results of the investigation, deposit the amount of the parking penalty and request an administrative review.

(b) Administrative review procedure described in paragraph (2) of subdivision (a) shall consist of the following:

(1) The person requesting an administrative review shall indicate to the processing agency his or her election for a review by mail or personal conference.

(2) If the person requesting a hearing is a minor, that person shall be permitted to appear at a hearing or admit responsibility for a parking violation without the necessity of the appointment of a guardian. The processing agency may proceed against that person in the same manner as if that person were an adult.

(3) The administrative review shall be conducted before an examiner designated to conduct the review by the issuing agency's governing body or chief executive officer.

In addition to any other requirements of employment, an examiner shall demonstrate those qualifications, training, and objectivity prescribed by the issuing agency's governing body or chief executive as are necessary and which are consistent with the duties and responsibilities set forth in this article. The examiner's continued employment, performance evaluation, compensation, and benefits shall not be directly or indirectly linked to the amount of fines collected by the examiner.

(4) The officer or person authorized to issue a notice of parking violation shall not be required to participate in an administrative review. The issuing agency shall not be required to produce any evidence other than the notice of parking violation or copy thereof, and information received from the Department of Motor Vehicles identifying the registered owner of the vehicle. The documentation in proper form shall be considered prima facie evidence of the violation.

(5) The review shall be conducted in accordance with the written procedure established by the posing or processing agency which shall ensure fair and impartial review of contested parking violations. The agency's final decision may be delivered personally to the person by the examiner or to the person by first-class mail.

SEC. 11. Section 40223 of the Vehicle Code is repealed.

SEC. 12. Section 40225 of the Vehicle Code, as amended by Section 30 of Chapter 1244 of the Statutes of 1992, is amended to read:

40225. (a) An equipment violation entered on the notice of parking violation attached to the vehicle under Section 40203 shall be processed in accordance with this article. All of the violations entered on the notice of parking violation shall be noticed in the

notice of delinquent parking violation delivered pursuant to Section 40206, together with the amount of civil penalty.

(b) Whether or not a vehicle is in violation of any regulation governing the standing or parking of a vehicle but is in violation of subdivision (a) of Section 5204, a person authorized to enforce parking laws and regulations shall issue a written notice of parking violation, setting forth the alleged violation. The violation shall be processed pursuant to this section.

(c) The civil penalty for each equipment violation is the amount established for the violation in the Uniform Bail and Penalty Schedule, as adopted by the Judicial Council, except that upon proof of the correction to the processing agency, the penalty shall be reduced to ten dollars ($10). The civil penalty for each violation of Section 5204 is the amount established for the violation in the Uniform Bail and Penalty Schedule, as adopted by the Judicial Council, except that upon proof of the correction to the processing agency, the penalty shall be reduced to ten dollars ($10).

(d) Fifty percent of any penalty collected pursuant to this section for registration or equipment violations by a processing agency shall be paid to the county for remittance to the State Treasurer and the remaining 50 percent shall be retained by the issuing agency and processing agency subject to the terms of the contract described in Section 40200.5.

SEC. 13. Section 40230 of the Vehicle Code, as added by Section 33 of Chapter 1244 of the Statutes of 1992, is amended to read:

40230. (a) Within 20 days after the mailing or personal delivery of the final decision described in subdivision (b) of Section 40215, the contestant may seek review by filing an appeal to be heard by the justice or municipal court, where the same shall be heard de novo, except that the contents of the processing agency's file in the case shall be received in evidence. A copy of the notice of parking violation shall be admitted into evidence as prima facie evidence of the facts stated therein. A copy of the notice of appeal shall be served in person or by first-class mail upon the processing agency by the contestant. For purposes of computing the 20-day period, Section 1013 of the Code of Civil Procedure shall be applicable.

(b) The fee for filing the notice of appeal shall be twenty-five dollars ($25). The court shall request that the processing agency's file on the case be forwarded to the court, to be received within 15 days of the request. The court shall notify the contestant of the appearance date by mail or personal delivery. The court shall retain the twenty-five dollar ($25) fee regardless of the outcome of the appeal. If the court finds in favor of the contestant, the amount of the fee shall be reimbursed to the contestant by the processing agency. Any deposit of parking penalty shall be refunded by the processing agency in accordance with the judgment of the court.

(c) The conduct of the appeal under this section is a subordinate judicial duty that may be performed by traffic trial commissioners and other subordinate judicial officials at the direction of the

presiding judge of the court.

(d) If no notice of appeal of the processing agency's decision is filed within the period set forth in subdivision (a), the decision shall be deemed final.

(e) If the parking penalty has not been deposited and the decision is against the contestant, the processing agency shall, after the decision becomes final, proceed to collect the penalty pursuant to Section 40220.

SEC. 14. Section 1.5 of this bill incorporates amendments to Section 22651 of the Vehicle Code proposed by both this bill and AB 481. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 22651 of the Vehicle Code, and (3) this bill is enacted after AB 481, in which case Section 1 of this bill shall not become operative.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1094

An act to amend Section 2714 of, and to add Section 2796 to, the Public Resources Code, relating to surface mining.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2714 of the Public Resources Code is amended to read:

2714. This chapter does not apply to any of the following activities:

(a) Excavations or grading conducted for farming or onsite construction or for the purpose of restoring land following a flood or natural disaster.

(b) Onsite excavation and onsite earthmoving activities which are an integral and necessary part of a construction project that are undertaken to prepare a site for construction of structures, landscaping, or other land improvements, including the related excavation, grading, compaction, or the creation of fills, road cuts, and embankments, whether or not surplus materials are exported from the site, subject to all of the following conditions:

(1) All required permits for the construction, landscaping, or

related land improvements have been approved by a public agency in accordance with applicable provisions of state law and locally adopted plans and ordinances, including, but not limited to, Division 13 (commencing with Section 21000).

(2) The lead agency's approval of the construction project included consideration of the onsite excavation and onsite earthmoving activities pursuant to Division 13 (commencing with Section 21000).

(3) The approved construction project is consistent with the general plan or zoning of the site.

(4) Surplus materials shall not be exported from the site unless and until actual construction work has commenced and shall cease if it is determined that construction activities have terminated, have been indefinitely suspended, or are no longer being actively pursued.

(c) Operation of a plant site used for mineral processing, including associated onsite structures, equipment, machines, tools, or other materials, including the onsite stockpiling and onsite recovery of mined materials, subject to all of the following conditions:

(1) The plant site is located on lands designated for industrial or commercial uses in the applicable county or city general plan.

(2) The plant site is located on lands zoned industrial or commercial, or are contained within a zoning category intended exclusively for industrial activities by the applicable city or county.

(3) None of the minerals being processed are being extracted onsite.

(4) All reclamation work has been completed pursuant to the approved reclamation plan for any mineral extraction activities that occurred onsite after January 1, 1976.

(d) Prospecting for, or the extraction of, minerals for commercial purposes and the removal of overburden in total amounts of less than 1,000 cubic yards in any one location of one acre or less.

(e) Surface mining operations that are required by federal law in order to protect a mining claim, if those operations are conducted solely for that purpose.

(f) Any other surface mining operations that the board determines to be of an infrequent nature and which involve only minor surface disturbances.

(g) The solar evaporation of sea water or bay water for the production of salt and related minerals.

(h) Emergency excavations or grading conducted by the Department of Water Resources or the Reclamation Board for the purpose of averting, alleviating, repairing, or restoring damage to property due to imminent or recent floods, disasters, or other emergencies.

(i) (1) Surface mining operations conducted on lands owned or leased, or upon which easements or rights-of-way have been obtained, by the Department of Water Resources for the purpose of the State Water Resources Development System or flood control,

and surface mining operations on lands owned or leased, or upon which easements or rights-of-way have been obtained, by the Reclamation Board for the purpose of flood control, if the Department of Water Resources adopts, after submission to and consultation with, the Department of Conservation, a reclamation plan for lands affected by these activities, and those lands are reclaimed in conformance with the standards specified in regulations of the board adopted pursuant to this chapter. The Department of Water Resources shall provide an annual report to the Department of Conservation by the date specified by the Department of Conservation on these mining activities.

(2) Nothing in this subdivision shall require the Department of Water Resources or the Reclamation Board to obtain a permit or secure approval of a reclamation plan from any city or county in order to conduct surface mining operations specified in paragraph (1). Nothing in this subdivision shall preclude the bringing of an enforcement action pursuant to Section 2774.1, if it is determined that a surface mine operator, acting under contract with the Department of Water Resources or the Reclamation Board on lands other than those owned or leased, or upon which easements or rights-of-way have been obtained, by the Department of Water Resources or the Reclamation Board, is otherwise not in compliance with this chapter.

SEC. 2. Section 2796 is added to the Public Resources Code, to read:

2796. (a) The Legislature hereby establishes a state abandoned minerals and mineral materials mine reclamation program for the purpose of administering funds received by the state under the Surface Mining Control and Reclamation Act of 1977, or through amendments to the federal general mining laws (30 U.S.C. Secs. 1, 12A, 16, 161, and 162, and 602, et seq.).

(b) There is hereby created in the State Treasury, the Abandoned Mine Reclamation and Minerals Fund. The money in the fund may be expended, upon appropriation by the Legislature, as required by federal legislation amending the federal general mining laws, and for the following purposes:

(1) Development of an inventory of mined lands, water, and facilities eligible for reclamation.

(2) Establishment by the director of the abandoned minerals and mineral materials mine reclamation program pursuant to the pending federal legislation amending the federal general mining laws, if enacted, that provides for all of the following:

(A) (i) Reclamation and restoration of abandoned surface mined areas.

(ii) For purposes of this subparagraph, "abandoned surface mined area" means mined lands that meet all of the following requirements:

(I) Mining operations have ceased for a period of one year or more.

(II) There is no interim management plan in effect that meets the requirements of Section 2770.

(III) There are no approved financial assurances that are adequate to perform reclamation in accordance with this chapter.

(IV) The mined lands are adversely affected by past mineral mining, other than mining for coal, oil, and gas, and mineral material mining.

(B) Reclamation and restoration of abandoned milling and processing areas.

(C) Sealing, filling, and grading abandoned deep mine entries.

(D) Planting of land adversely affected by past mining to prevent erosion and sedimentation.

(E) Prevention, abatement, treatment, and control of water pollution created by abandoned mine drainage.

(F) Control of surface subsidence due to abandoned deep mines.

(G) The expenses necessary to accomplish the purposes of this section.

(3) To the extent those expenditures are allowed by the applicable statutes:

(A) Grants to lead agencies for the purposes of carrying out this chapter.

(B) Implementation of this chapter and Section 2207 by the department, which may include an offsetting reduction in the amount of reporting fees collected from each active and idle mining operation and deposited in the Mine Reclamation Account pursuant to subdivision (d) of the Section 2207, as determined by the director.

(c) The Abandoned Mine Reclamation and Minerals Fund shall be the depository for all moneys from mining activities on federal lands, as follows:

(1) (A) Disbursements made by the United States each fiscal year to this state pursuant to Section 35 of the Mineral Lands Leasing Act (30 U.S.C. Sec. 191), with respect to royalties levied on the production of locatable minerals or mineral concentrates from any mining claim located on federal lands in the state pursuant to the pending federal legislation amending the federal general mining laws, but excluding oil, gas, and geothermal revenues.

(B) The federal funds specified in this paragraph do not include the funds deposited in the Surface Mining and Reclamation Account pursuant to Section 2795, the funds deposited in the Geothermal Resources Development Account pursuant to Section 3820, or the funds deposited in the State School Fund pursuant to Section 12320 of the Education Code.

(2) Grants made by the Secretary of the Interior to this state from the Abandoned Minerals Mine Reclamation Fund pursuant to the pending federal legislation amending the federal general mining laws, for the implementation of an abandoned minerals and mining materials mine reclamation program.

(d) The expenditure of money from the Abandoned Mine Reclamation and Minerals Fund shall reflect the following priorities

and other priorities as specified in federal statute in the following ranking:

(1) The protection of public health and safety and the environment from the adverse effects of past minerals and mineral materials mining practices.

(2) The protection of property that is in extreme danger as a result of past minerals and mineral materials mining practices.

(3) The restoration of land and water resources previously degraded by the adverse effects of past minerals and mineral materials mining practices.

(e) Proposed expenditures from the Abandoned Mine Reclamation and Minerals Fund shall be included in a separate item in the Budget Bill for each fiscal year for consideration by the Legislature. Each appropriation from the fund shall be subject to all the limitations contained in the Budget Act and to all other fiscal procedures prescribed by law with respect to the expenditure of state funds.

SEC. 3. Section 2 of this act shall become operative upon the effective date of any federal legislation which is enacted requiring the payment of a royalty on the production of locatable minerals, produced from any mining claim located or converted on federal lands in this state, excluding royalties paid on oil, gas, and geothermal lease activities, and not already subject to disposition under any of the following:

(1) The Mineral Lands Leasing Act (30 U.S.C. Sec. 191).

(2) The Geothermal Steam Act of 1970 (30 U.S.C. Sec. 100).

(3) The Materials Act of 1947 (30 U.S.C. Sec. 601).

(4) The Mineral Leasing Act for Acquired Lands (30 U.S.C. Sec. 351).

CHAPTER 1095

An act to amend Sections 14035 and 14529.6 of, and to add Section 14038.2 to, the Government Code, and to amend Sections 164.2 and 167 of the Streets and Highways Code, relating to transportation.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14035 of the Government Code is amended to read:

14035. (a) The department may enter into contracts with the National Railroad Passenger Corporation under Section 403(b) of the Rail Passenger Service Act of 1970 (45 U.S.C. Sec. 563(b)) to provide commuter and intercity passenger rail services. The contracts may include, but are not limited to, the extension of

intercity passenger rail services or the upgrading of commuter rail services.

(b) The department may contract with railroad corporations for the use of tracks and other facilities and the provision of passenger services on terms and conditions as the parties may agree.

(c) The department is the only public agency eligible to receive funds pursuant to Section 1614 of Title 49 of the United States Code.

(d) The department may construct, acquire, or lease, and improve and operate, rail passenger terminals and related facilities which provide intermodal passenger services along the following corridors: the San Diego-Los Angeles-Santa Barbara corridor, the San Francisco-San Jose-Monterey corridor, the Los Angeles-Riverside-San Bernardino-Calexico corridor, the San Jose-Oakland-Sacramento-Reno corridor, the Los Angeles-Bakersfield-Fresno-Stockton-Sacramento-Oakland corridor, and the Los Angeles-Santa Barbara-Oakland-Sacramento-Redding corridor.

(e) The department may enter into a contract with the National Railroad Passenger Corporation to provide additional trains over the San Joaquin route running between Bakersfield and Oakland and to extend the existing route to Sacramento.

SEC. 2. Section 14038.2 is added to the Government Code, to read:

14038.2. (a) The department may acquire by purchase, lease, or eminent domain, any property necessary for the development and implementation of the state's rail passenger program. The power of eminent domain shall be exercised in accordance with Title 7 (commencing with Section 1230.010) of the Code of Civil Procedure.

(b) It is the intent of the Legislature, in enacting this section, to give significance and importance to the state rail passenger program equal to that of the state highway program, and to that end, to provide the department with the appropriate powers.

(c) To the extent that the activities authorized by subdivision (a) exceed the capacity of the department's existing work force, the department may contract with qualified individuals or firms for engineering, surveying, and related technical services in exercising its authority pursuant to subdivision (a).

SEC. 3. Section 14529.6 of the Government Code is amended to read:

14529.6. (a) Funds in the State Highway Account in the State Transportation Fund shall be programmed, budgeted, and expended to maximize the use of federal funds and shall be based on the following sequence of priorities:

(1) Operation, maintenance, and rehabilitation of the state highway system.

(2) Safety improvements where physical changes, other than adding additional lanes, would reduce fatalities and the number and severity of injuries.

(3) Flexible congestion relief, traffic system management

projects, interregional roads, and public mass transit guideways, including intercity rail.

(4) Environmental enhancement and mitigation program.

(5) Compatibility improvements, including landscaping and noise attenuation barriers.

(b) For the state transportation improvement program, the department shall recommend, and the commission shall include, to the extent feasible, projects in all categories specified in subdivision (a).

(c) Subject to Sections 188 and 188.8 of the Streets and Highways Code, projects included in the state transportation improvement program shall be based on objective criteria that are relevant to the project. The objective criteria used shall be stated for each project.

(d) The primary objective of the State Highway System is to facilitate interregional travel and commerce. New facilities shall be programmed consistent with this objective, and the department and the commission shall assign the highest priority to those projects that facilitate interregional travel.

SEC. 4. Section 164.2 of the Streets and Highways Code is amended to read:

164.2. (a) Flexible congestion relief projects are those projects designed to reduce or avoid congestion on existing routes by increasing the capacity of the transportation system, including new facilities.

(b) The department, in cooperation with local transportation officials, shall develop guidelines to implement the Flexible Congestion Relief Program. The guidelines shall identify the types of projects qualifying for funding under the program, which shall be based on the effectiveness of relieving traffic congestion. The guidelines shall determine the criteria to be used in setting the priorities for funding the projects. The criteria shall be based on the most cost-effective system which integrates the movement of people and goods on any route and is coordinated with connector routes and traffic generation sources.

(c) The department shall submit the guidelines to the commission by July 1, 1990. The commission shall adopt the guidelines by September 1, 1990.

(d) Projects qualifying under the program shall be separately identified in any transportation improvement program proposed or adopted by any agency proposing or adopting a transportation improvement program, the department, or the commission.

(e) When selecting among competing projects that serve the same transportation demand, the commission shall base its selection on cost-effectiveness.

(f) Funds appropriated for the program shall be allocated by the commission to projects on city streets, county highways, state highways, intercity rail corridors, and commuter rail and urban rail corridors which qualify under the adopted guidelines and are included in the state transportation improvement program. The

commission shall give priority to funding projects in counties and cities that have an adopted congestion management program and are fully cooperating in the implementation of traffic systems management projects.

SEC. 5. Section 167 of the Streets and Highways Code is amended to read:

167. With respect to the funds in the State Highway Account and in the Passenger Rail Bond Fund, the proposed budget shall be organized on a program basis. The proposed budget shall list the proposed expenditures for the transportation program under the following program elements:

(a) Administration.
(b) Program development.
(c) Maintenance.
(d) Operation.
(e) Traffic systems management.
(f) Flexible congestion relief.
(g) Interregional road system.
(h) Rehabilitation and safety.
(i) Commuter and urban rail.
(j) Intercity rail.
(k) State-local transportation partnership program.
(*l*) Environmental enhancement and mitigation programs.
(m) Soundwalls.
(n) Other highway construction.

The basis for defining major and minor capital outlay projects shall be established by the commission.

The Legislative Analyst shall prepare a brief and concise analysis of the proposed expenditures for each program element as a part of the budget analysis.

CHAPTER 1096

An act to amend Sections 44243 and 44244 of the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 44243 of the Health and Safety Code is amended to read:

44243. Fee revenues generated under this chapter in the south coast district shall be subvened to the south coast district by the Department of Motor Vehicles, after deducting its administrative costs pursuant to Section 44229, for expenditure in the following

manner:

(a) Thirty cents ($0.30) of every dollar subvened shall be used by the south coast district for programs to reduce air pollution from motor vehicles and to carry out related planning, monitoring, enforcement, and technical studies which are authorized by, or necessary to implement, the Clean Air Act Amendments of 1990 (P.L. 101-549), the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(b) (1) Forty cents ($0.40) of every dollar subvened shall be distributed by the district to cities and counties located in the south coast district, based upon their prorated share of population, to be used to implement programs to reduce air pollution from motor vehicles which are authorized by, or necessary to implement, the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3. No city or county may receive funds pursuant to this subdivision unless, on or before April 1, 1992, or, for a newly incorporated city, within 90 days of the date of incorporation, the city or county has adopted and transmitted to the south coast district an ordinance which does all of the following:

(A) Expresses support for the adoption of motor vehicle registration fees to be used to reduce air pollution from motor vehicles pursuant to the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(B) Expressly requires all fee revenues distributed to the city or county pursuant to this subdivision or subdivision (c) to be spent to reduce air pollution from motor vehicles pursuant to the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(C) Establishes an air quality improvement trust fund into which all fee revenues distributed to the city or county shall be deposited, and out of which expenditures shall be made to reduce air pollution from motor vehicles pursuant to the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(2) If a city or county fails to adopt an ordinance pursuant to this subdivision, the fee revenues which would be distributed to that city or county shall instead be distributed to the other cities and counties within the south coast district which have adopted an ordinance pursuant to this subdivision, based upon their prorated share of registered motor vehicles.

(c) Thirty cents ($0.30) of every dollar subvened shall be deposited by the district in an account to be used, pursuant to Section 44244, to provide grants to fund projects for the exclusive purpose of reducing air pollution from motor vehicles that are authorized by, or

necessary to implement, the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

SEC. 2. Section 44244 of the Health and Safety Code is amended to read:

44244. (a) There is hereby created a regional Mobile Source Air Pollution Reduction Review Committee. The committee shall be comprised of one representative from each of the following agencies:

(1) The south coast district.

(2) The Southern California Association of Governments.

(3) The San Bernardino Associated Governments.

(4) The Los Angeles County Transportation Commission.

(5) The Orange County Transportation Commission.

(6) The Riverside County Transportation Commission.

(7) The state board.

(8) A regional ridesharing agency selected by the other members of the committee.

(b) Fees allocated pursuant to subdivision (c) of Section 44243 shall be used to provide grants for projects to be funded pursuant to a work program developed and adopted by the committee and approved by the south coast district board in the following manner:

(1) The work program shall be adopted by an affirmative vote of a majority of the committee members.

(2) Upon adoption of the work program, the work program shall be submitted to the south coast district board which, within 60 days, shall approve or disapprove the work program. If the district board fails to approve or disapprove the work program within 60 days of receiving it, the work program shall be deemed approved. The district board may disapprove the work program only upon a three-fourths vote of the full district board. If the district board disapproves the work program, it shall be returned to the committee which shall amend, readopt, and resubmit the work program to the district board for approval or disapproval.

(c) The committee shall establish a technical advisory committee to assist in the development of the work program. The technical advisory committee shall include, but not be limited to, representatives of agencies which make up the committee, a representative of the cities from each county within the district, and a representative of the boards of supervisors of each county within the district. The technical advisory committee shall also include one or more persons who have academic training and professional expertise in air pollution control, and one person who is a mechanical engineer specializing in vehicle engines. The technical advisory committee may also include representatives of other public agencies and other interested parties as the committee may determine to be appropriate.

(d) On or before July 1, 1993, the committee shall prepare, adopt, and make available to the public clear and concise written guidelines and procedures under which projects proposed for funding under

the work program will be reviewed and recommended for funding. The guidelines shall specify that only those projects that include, but are not limited to, the adoption and implementation of transportation control measures, transportation demand management programs, clean fuel and clean vehicle programs, and research and monitoring programs, in compliance with the Clean Air Act Amendments of 1990 (P.L. 101-549), the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3, and that result in direct and tangible reductions in vehicular air pollution shall be funded pursuant to the work program.

(e) The south coast district shall not be eligible for funds allocated pursuant to this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the public and interested parties are aware of the process under which mobile source air pollution reduction projects will be funded in the South Coast Air Basin, it is necessary that this act take effect immediately.

CHAPTER 1097

An act to amend Section 89048 of, and to add Section 89048.5 to, the Education Code, and to amend Sections 10295 and 12120 of, to add Section 12100.6 to, and to repeal and add Section 12100.5 of, the Public Contract Code, relating to postsecondary education.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 89048 of the Education Code is amended to read:

89048. Notwithstanding Article 1 (commencing with Section 11000) of Chapter 1 of Part 1, Article 2 (commencing with Section 14660) of Chapter 2 of Part 5.5, and Part 11 (commencing with Section 15850), of Division 3 of Title 2 of the Government Code, or

any other provision of law to the contrary, the trustees may perform the following functions, without prior approval of any other state department or agency, when necessary to carry out the purposes of the California State University:

(a) Acquire easements or rights-of-way necessary for the proper utilization of real property of the California State University.

(b) Grant and convey in the name of the California State University easements and rights-of-way across property belonging to the California State University subject to the conditions, limitations, restrictions, and reservations the trustees determine are in the best interests of the California State University.

(c) Quitclaim the right, title, and interest of the California State University in and to easements and rights-of-way owned by the California State University which the trustees determine are no longer needed for California State University purposes.

(d) Sell or exchange any personal property belonging to the California State University if the trustees determine that the sale or exchange is in the best interests of the California State University. Transactions under this subdivision shall be for consideration based on fair market values.

(e) Lease any real property for the use of the California State University.

SEC. 2. Section 89048.5 is added to the Education Code, to read:

89048.5. Notwithstanding any other provision of law, the trustees shall include in the contract of conveyance of any real property sold by the California State University a statement that if it is subsequently determined that the property subject to conveyance contains a Native American burial ground, that fact shall be reported to the Legislature and the property may revert to the state if a statute is enacted requiring that reversion.

SEC. 3. Section 10295 of the Public Contract Code is amended to read:

10295. All contracts entered into by any state agency for (a) the hiring or purchase of equipment, supplies, materials, or elementary school textbooks, (b) services, whether or not the services involve the furnishing or use of equipment, materials or supplies or are performed by an independent contractor, (c) the construction, alteration, improvement, repair or maintenance of property, real or personal, or (d) the performance of work or services by the state agency for or in cooperation with any person, or public body, are void unless and until approved by the department. Every such contract shall be transmitted with all papers, estimates, and recommendations concerning it to the department and, if approved by the department, shall be effective from the date of the approval. This section applies to any state agency that by general or specific statute is expressly or impliedly authorized to enter into transactions referred to herein. This section does not apply to any transaction entered into by the Trustees of the California State University or by a department under the State Contract Act or the California State University Contract

Law, any contract of a type specifically mentioned and authorized to be entered into by the Department of Transportation under Section 14035 or 14035.5 of the Government Code, Sections 99316 to 99319, inclusive, of the Public Utilities Code, or the Streets and Highways Code, any contract entered into by the Department of Transportation that is not funded by money derived by state tax sources but, rather, is funded by money derived from federal or local tax sources, any contract let by the Legislature, or any contract entered into under the authority of Chapter 4 (commencing with Section 11770) of Part 3 of Division 2 of the Insurance Code.

SEC. 4. Section 12100.5 of the Public Contract Code is repealed.

SEC. 5. Section 12100.5 is added to the Public Contract Code, to read:

12100.5. The Regents of the University of California and the Trustees of the California State University shall not be subject to this chapter except that the trustees shall develop policies and procedures maintained in its state university administrative manual that further the legislative policies for procurement expressed in this chapter but without the involvement of the Director of Finance and the Director of General Services or the Department of Finance and the Department of General Services.

SEC. 6. Section 12100.6 is added to the Public Contract Code, to read:

12100.6. The Trustees of the California State University are subject to Article 1.5 (commencing with Section 10115) of Chapter 1. The contents of any report that the trustees are required to submit to the Governor and the Legislature pursuant to that article shall be organized so that, whenever applicable, each campus is individually featured.

SEC. 7. Section 12120 of the Public Contract Code is amended to read:

12120. The Legislature finds and declares that, with the advent of deregulation in the telecommunications industry, substantial cost savings can be realized by the state through the specialized evaluation and procurement of alternative telecommunications systems. All contracts for the acquisition of telecommunications services and all contracts for the acquisition of telecommunications goods, whether by lease or purchase, shall be made by, or under the supervision of, the Department of General Services. All procurements shall be accomplished in accordance with Chapter 3 (commencing with Section 12100), relating to the acquisition of electronic data-processing goods and services, except to the extent any directive or provision is uniquely applicable to electronic data-processing acquisitions. The Department of General Services shall have responsibility for the establishment of policy and procedures for telecommunications. The Department of General Services shall have responsibility for the establishment of tactical policy and procedures for data-processing acquisitions consistent with statewide strategic policy as established by the Department of

Finance. The Department of Finance shall have review and approval responsibility of data-processing information and telecommunication acquisitions to assure consistency with budgetary objectives. The Trustees of the California State University shall assume the functions of the Department of Finance and the Department of General Services with regard to procurement of telecommunication goods and services by the California State University. The trustees shall grant to the Department of General Services, Division of Telecommunications, an opportunity to bid whenever the university solicits bids for telecommunications goods and services.

SEC. 8. It is the intent of the Legislature that this act shall result in greater efficiency in the operation of the California State University. If the California State University determines that greater efficiency would be served by contracting with the Department of General Services or another department or agency of the state for the performance of any service or function, the Department of General Services or other department or agency shall contract with the California State University to perform the service or function.

CHAPTER 1098

An act to amend Section 6254.4 of the Government Code, to amend Sections 488.5, 557.5, 557.6, and 669.5 of the Insurance Code, and to amend Sections 417, 12028.5, and 13519 of the Penal Code, relating to peace officers.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6254.4 of the Government Code is amended to read:

6254.4. (a) The home address, telephone number, occupation, precinct number, and prior registration information shown on the voter registration card for the following persons is confidential if the person requests confidentiality of that information at the time of registration or reregistration and shall not be disclosed to any person except pursuant to Section 615 of the Elections Code:

(1) Any active or retired judge, magistrate, or court commissioner.

(2) Any active or retired district attorney, assistant district attorney, or deputy district attorney.

(3) Any active or retired public defender or assistant public defender or public defender investigator.

(4) Any active or retired peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code.

(5) The spouse or children of any person included in paragraphs (1) to (4), inclusive, who are living with that person.

(b) Confidentiality granted under this section shall apply only to records prepared or generated on or after the date that the voter is granted confidentiality.

(c) A person who requests confidentiality of the information specified in subdivision (a) shall register or reregister to vote by means of a confidential affidavit of registration form which shall be prescribed by the Secretary of State and which shall be attested to under penalty of perjury by the affiant that he or she is a person entitled to confidential treatment pursuant to this section.

(d) For purposes of this section, "home address" means only street address and does not include an individual's city or post office address.

SEC. 2. Section 488.5 of the Insurance Code is amended to read:

488.5. (a) No insurer shall, in issuing or renewing a private automobile insurance policy to a peace officer, member of the California Highway Patrol, or firefighter, with respect to his or her operation of a private motor vehicle, increase the premium on that policy for the reason that the insured or applicant for insurance has been involved in an accident while operating an authorized emergency vehicle, as defined in subdivision (a) or (f) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) of Section 165 of the Vehicle Code, in the performance of his or her duty during the hours of his or her employment.

(b) No insurer shall, in issuing or renewing a private automobile insurance policy to a federal officer or federal customs agent, with respect to his or her operation of a private motor vehicle, increase the premium on that policy for the reason that the insured or applicant for insurance has been involved in an accident while operating an official government vehicle in the performance of his or her duty during the hours of his or her employment.

(c) As used in this section:

(1) "Peace officer" means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code.

(2) "Policy" shall have the same meaning as defined in subdivision (a) of Section 660.

SEC. 3. Section 557.5 of the Insurance Code is amended to read:

557.5. No peace officer, member of the California Highway Patrol, or firefighter shall be required to report any accident in which he or she is involved while operating an authorized emergency vehicle, as defined in subdivision (a) or (f) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) of Section 165 of the Vehicle Code in the performance of his or her duty during the hours of his or her employment, to any person who has issued that peace officer, member of the California Highway Patrol, or firefighter a private automobile insurance policy.

As used in this section:

(a) "Peace officer" means every person defined in Chapter 4.5

(commencing with Section 830) of Title 3 of Part 2 of the Penal Code.

(b) "Policy" shall have the same meaning as defined in subdivision (a) of Section 660.

SEC. 4. Section 557.6 of the Insurance Code is amended to read:

557.6. Any peace officer as defined pursuant to this section who has been involved in an accident shall submit to his or her private automobile insurer within 30 days of the accident his or her written declaration under penalty of perjury stating whether or not at the time of the accident he or she was operating an authorized emergency vehicle, as defined in subdivision (a) or (f) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) of Section 165 of the Vehicle Code in the performance of his or her duty during the hours of his or her employment. In lieu of a written declaration, the peace officer may submit to the private automobile insurer a copy of the incident report filed by the peace officer with his or her employer.

As used in this section, "peace officer" means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code.

SEC. 4.5. Section 557.6 of the Insurance Code is amended to read:

557.6. Any peace officer or firefighter as defined pursuant to this section who has been involved in an accident shall submit to his or her private automobile insurer within 30 days of the accident his or her written declaration under penalty of perjury stating whether or not at the time of the accident he or she was operating an authorized emergency vehicle, as defined in subdivision (a) or (f) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) of Section 165 of the Vehicle Code in the performance of his or her duty during the hours of his or her employment. In lieu of a written declaration, the peace officer or firefighter may submit to the private automobile insurer a copy of the incident report filed by the peace officer or firefighter with his or her employer.

As used in this section, "peace officer" means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, and "firefighter" means every person defined in Section 50925 of the Government Code.

SEC. 5. Section 669.5 of the Insurance Code is amended to read:

669.5. No insurer shall fail to renew any private automobile insurance policy of a peace officer, member of the California Highway Patrol, or firefighter, with respect to his or her operation of a private motor vehicle, for the reason that the insured has been involved in an accident while operating an authorized emergency vehicle, as defined in subdivision (a) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) or (f) of Section 165 of the Vehicle Code, in the performance of his or her duty during the hours of his or her employment. As used in this section, "peace officer" means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code.

SEC. 5.5. Section 669.5 of the Insurance Code is amended to read:

669.5. No insurer shall fail to renew any private automobile insurance policy of a peace officer, member of the California Highway Patrol, or firefighter, with respect to his or her operation of a private motor vehicle, for the reason that the insured has been involved in an accident while operating an authorized emergency vehicle, as defined in subdivision (a) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) or (f) of Section 165 of the Vehicle Code, in the performance of his or her duty during the hours of his or her employment. As used in this section, "peace officer" means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 and Section 830.6 of the Penal Code, and "firefighter" means every person defined in Section 50925 of the Government Code.

In the case of a volunteer firefighter, this section applies to the regular employer of the volunteer firefighter to the extent that the involvement of the volunteer firefighter in the accident shall not be cause for the employer's insurer's decision to renew the employer's insurance policy as it applies to the employee covered by this section.

SEC. 6. Section 417 of the Penal Code is amended to read:

417. (a) (1) Every person who, except in self-defense, in the presence of any other person, draws or exhibits any deadly weapon whatsoever, other than a firearm, in a rude, angry, or threatening manner, or who in any manner, unlawfully uses the same in any fight or quarrel is guilty of a misdemeanor, punishable by imprisonment in a county jail for not less than 30 days.

(2) Every person who, except in self-defense, in the presence of any other person, draws or exhibits any firearm, whether loaded or unloaded, in a rude, angry, or threatening manner, or who in any manner, unlawfully uses the same in any fight or quarrel is guilty of a misdemeanor, punishable by imprisonment in a county jail for not less than three months.

(b) Every person who, except in self-defense, in the presence of any other person, draws or exhibits any loaded firearm in a rude, angry, or threatening manner, or who, in any manner, unlawfully uses any loaded firearm in any fight or quarrel upon the grounds of any day care center, as defined in Section 1596.76 of the Health and Safety Code, or any facility where programs, including day care programs or recreational programs, are being conducted for persons under 18 years of age, including programs conducted by a nonprofit organization, during the hours in which the center or facility is open for use, shall be punished by imprisonment in the state prison for one, two, or three years, or by imprisonment in a county jail for not less than three months, nor more than one year.

(c) Every person who, in the immediate presence of a peace officer, draws or exhibits any firearm, whether loaded or unloaded, in a rude, angry, or threatening manner, and who knows, or reasonably should know, by the officer's uniformed appearance or other action of identification by the officer, that he or she is a peace officer engaged in the performance of his or her duties, and that

peace officer is engaged in the performance of his or her duties is guilty of a felony, punishable by imprisonment in a county jail for not less than nine months and not to exceed one year, or in the state prison.

As used in this section, "peace officers" means any person designated as a peace officer by Section 830.1, 830.2, subdivision (a) of Section 830.3, or Section 830.31, 830.32, 830.33, or 830.5.

SEC. 6.5. Section 417 of the Penal Code is amended to read:

417. (a) (1) Every person who, except in self-defense, in the presence of any other person, draws or exhibits any deadly weapon whatsoever, other than a firearm, in a rude, angry, or threatening manner, or who in any manner, unlawfully uses the same in any fight or quarrel is guilty of a misdemeanor, punishable by imprisonment in a county jail for not less than 30 days. Every person who violates this section when the other person is in the process of cleaning up graffiti or vandalism is guilty of a misdemeanor, punishable by imprisonment in a county jail for not less than three months nor more than one year.

(2) Every person who, except in self-defense, in the presence of any other person, draws or exhibits any firearm, whether loaded or unloaded, in a rude, angry, or threatening manner, or who in any manner, unlawfully uses the same in any fight or quarrel is guilty of a misdemeanor, punishable by imprisonment in a county jail for not less than three months. Every person who violates this section when the other person is in the process of cleaning up graffiti or vandalism is guilty of a misdemeanor, punishable by imprisonment in a county jail for not less than three months nor more than one year.

(b) Every person who, except in self-defense, in the presence of any other person, draws or exhibits any loaded firearm in a rude, angry, or threatening manner, or who, in any manner, unlawfully uses any loaded firearm in any fight or quarrel upon the grounds of any day care center, as defined in Section 1596.76 of the Health and Safety Code, or any facility where programs, including day care programs or recreational programs, are being conducted for persons under 18 years of age, including programs conducted by a nonprofit organization, during the hours in which the center or facility is open for use, shall be punished by imprisonment in the state prison for one, two, or three years, or by imprisonment in a county jail for not less than three months, nor more than one year.

(c) Every person who, in the immediate presence of a peace officer, draws or exhibits any firearm, whether loaded or unloaded, in a rude, angry, or threatening manner, and who knows, or reasonably should know, by the officer's uniformed appearance or other action of identification by the officer, that he or she is a peace officer engaged in the performance of his or her duties, and that peace officer is engaged in the performance of his or her duties is guilty of a felony, punishable by imprisonment in a county jail for not less than nine months and not to exceed one year, or in the state prison.

As used in this section, "peace officers" means any person designated as a peace officer by Section 830.1, 830.2, subdivision (a) of Section 830.3, or Section 830.31, 830.32, 830.33, or 830.5.

SEC. 7. Section 12028.5 of the Penal Code is amended to read:

12028.5. (a) As used in this section, the following definitions shall apply:

(1) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another.

(2) "Family violence" has the same meaning as domestic violence as defined in subdivision (b) of Section 13700, and also includes any abuse perpetrated against a family or household member.

(3) "Family or household member" means a spouse, former spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any person who regularly resides or who regularly resided in the household.

The presumption applies that the male parent is the father of any child of the female pursuant to the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12 of the Family Code).

(4) "Deadly weapon" means any weapon, the possession or concealed carrying of which is prohibited by Section 12020.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a member of the University of California Police Department, as defined in subdivision (c) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (d) of Section 830.2, a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, a peace officer, as defined in subdivision (d) of Section 830.31, and a peace officer, as defined in Section 830.5, who is at the scene of a family violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered and the date after which the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (e), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the family violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made

available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 72 hours following the initial seizure, except as provided in subdivision (c), the court shall allow reasonable attorney's fees to the prevailing party.

(c) Any firearm or other deadly weapon which has been taken into custody that has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership.

(d) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, by a peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, by a peace officer, as defined in subdivision (d) of Section 830.31, or by a peace officer, as defined in Section 830.5, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (i), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(e) In those cases where a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 10 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned.

(f) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person's last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the family violence incident. In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(g) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(h) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(i) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(j) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

SEC. 8. Section 13519 of the Penal Code is amended to read:

13519. (a) The commission shall implement by January 1, 1986, a course or courses of instruction for the training of law enforcement officers in California in the handling of domestic violence complaints and also shall develop guidelines for law enforcement response to domestic violence. The course or courses of instruction and the guidelines shall stress enforcement of criminal laws in domestic violence situations, availability of civil remedies and community resources, and protection of the victim. Where appropriate, the training presenters shall include domestic violence experts with expertise in the delivery of direct services to victims of domestic violence, including utilizing the staff of shelters for battered women in the presentation of training.

As used in this section, "law enforcement officer" means any officer or employee of a local police department or sheriff's office, any peace officer of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, any peace officer of the University of California Police Department, as defined in subdivision (c) of Section 830.2, any peace officer of the California State University Police Departments, as defined in subdivision (d) of Section 830.2, or a peace officer, as defined in subdivision (d) of Section 830.31.

(b) The course of basic training for law enforcement officers shall,

no later than January 1, 1986, include adequate instruction in the procedures and techniques described below:

(1) The provisions set forth in Title 5 (commencing with Section 13700) relating to response, enforcement of court orders, and data collection.

(2) The legal duties imposed on police officers to make arrests and offer protection and assistance including guidelines for making felony and misdemeanor arrests.

(3) Techniques for handling incidents of domestic violence that minimize the likelihood of injury to the officer and that promote the safety of the victim.

(4) The nature and extent of domestic violence.

(5) The legal rights of, and remedies available to, victims of domestic violence.

(6) The use of an arrest by a private person in a domestic violence situation.

(7) Documentation, reportwriting, and evidence collection.

(8) Domestic violence diversion as provided in Chapter 2.6 (commencing with Section 1000.6) of Title 6 of Part 2.

(9) Tenancy issues and domestic violence.

(10) The impact on children of law enforcement intervention in domestic violence.

(11) The services and facilities available to victims and batterers.

(12) The use and applications of this code in domestic violence situations.

(13) Verification and enforcement of temporary restraining orders when (A) the suspect is present and (B) the suspect has fled.

(14) Verification and enforcement of stay-away orders.

(15) Cite and release policies.

(16) Emergency assistance to victims and how to assist victims in pursuing criminal justice options.

The guidelines developed by the commission shall also incorporate the foregoing factors.

(c) (1) All law enforcement officers who have received their basic training before January 1, 1986, shall participate in supplementary training on domestic violence subjects, as prescribed and certified by the commission.

(2) Except as provided in paragraph (3), the training specified in paragraph (1) shall be completed no later than January 1, 1989.

(3) (A) The training for peace officers of the Department of Parks and Recreation, as defined in subdivision (g) of Section 830.2, shall be completed no later than January 1, 1992.

(B) The training for peace officers of the University of California Police Department and the California State University Police Departments, as defined in Section 830.2, shall be completed no later than January 1, 1993.

(C) The training for peace officers employed by a housing authority, as defined in subdivision (d) of Section 830.31, shall be completed no later than January 1, 1995.

Local law enforcement agencies are encouraged to include, as part of their advanced officer training program, periodic updates and training on domestic violence. The commission shall assist where possible.

(d) The course of instruction, the learning and performance objectives, the standards for the training, and the guidelines shall be developed by the commission in consultation with appropriate groups and individuals having an interest and expertise in the field of domestic violence. The groups and individuals shall include, but shall not be limited to, the following: one representative each from the California Peace Officers' Association, the Peace Officers' Research Association of California, the State Bar of California, the California Women Lawyers' Association, and the State Commission on the Status of Women; two representatives from the commission; two representatives from the California Alliance Against Domestic Violence; two peace officers, recommended by the commission, who are experienced in the provision of domestic violence training; and two domestic violence experts, recommended by the California Alliance Against Domestic Violence, who are experienced in the provision of direct services to victims of domestic violence. At least one of the persons selected shall be a former victim of domestic violence.

The commission, in consultation with these groups and individuals, shall review existing training programs to determine in what ways domestic violence training might be included as a part of ongoing programs.

(e) Forty thousand dollars ($40,000) is appropriated from the Peace Officers Training Fund in augmentation of Item 8120-001-268 of the Budget Act of 1984, to support the travel, per diem, and associated costs for convening the necessary experts.

SEC. 9. (a) Section 4.5 of this bill incorporates amendments to Section 557.6 of the Insurance Code proposed by both this bill and AB 1518. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 557.6 of the Insurance Code, and (3) this bill is enacted after AB 1518, in which case Section 4 of this bill shall not become operative.

(b) Section 5.5 of this bill incorporates amendments to Section 669.5 of the Insurance Code proposed by both this bill and AB 1518. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 669.5 of the Insurance Code, and (3) this bill is enacted after AB 1518, in which case Section 5 of this bill shall not become operative.

(c) Section 6.5 of this bill incorporates amendments to Section 417 of the Penal Code proposed by both this bill and AB 1179. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 417 of the Penal Code, and (3) this bill is enacted after AB 1179, in which case Section 6 of this bill shall not become operative.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1099

An act to amend Sections 714, 1055, 7149.2, and 13005 of the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 714 of the Fish and Game Code is amended to read:

714. (a) In addition to Section 3031, 7149, or 7149.2, and notwithstanding Section 3037, the department shall issue lifetime sportsman's licenses under this section. A lifetime sportsman's license authorizes the taking of birds, mammals, fish, reptiles, or amphibia anywhere in this state in accordance with law for purposes other than profit for the life of the person to whom issued unless revoked for a violation of this code or regulations adopted under this code. A lifetime sportsman's license is not transferrable. A lifetime sportsman's license does not include any special license tags, license stamps, or fees.

(b) A lifetime sportman's license may be issued to residents of this state, as follows:

(1) To a person over 62 years of age upon payment of a fee of eight hundred thirty dollars ($830) in 1993.

(2) To a person 40 years of age or over and less than 62 years of age upon payment of a fee of one thousand one hundred fifty dollars ($1,150) in 1993.

(3) To a person less than 40 years of age upon payment of a fee of one thousand six hundred seventy dollars ($1,670) in 1993.

(4) The department shall establish the fee for each license authorized under this section in 1994 and subsequent years. The license fee shall not be less than the fee authorized in 1993, and the fee shall not exceed the cost of a license if the license fee was adjusted pursuant to Section 713 with the base year of 1993.

(c) A lifetime sportsman's license is valid for a period ending five years after the licensee is no longer a resident of this state.

(d) Nothing in this section requires a person under the age of 16 to obtain a license to take fish, reptiles, or amphibia for purposes other than profit or to obtain a license to take birds or mammals except as required by law.

(e) Nothing in this section exempts an applicant for a license from meeting other qualifications or requirements otherwise established by law for the privilege of sporthunting or sportfishing.

SEC. 2. Section 1055 of the Fish and Game Code is amended to read:

1055. (a) The department may authorize any person, except a commissioner or an officer or employee of the department, to be a license agent to issue punch cards, licenses, license stamps, and license tags. It may consign punch cards, licenses, license stamps, and license tags to license agents without receiving payment therefor, upon application of the license agent and upon the giving of a bond or assigning a certificate of deposit, payable to the department, as provided in this article. It shall not consign any punch cards, licenses, license stamps, and license tags to any license agent who fails to submit the report required by subdivision (a) of Section 1055.5 within one month and 20 days following the last day of that calendar month or who otherwise fails to fully comply with Section 1055.5.

(b) A license agent authorized under subdivision (a) shall add a handling charge to the fees, which fees are prescribed in this code or in regulations adopted pursuant to this code, for applications, punch cards, licenses, license stamps, and license tags issued by the license agent in an amount that is 5 percent of the face value of the item rounded to the nearest five cents ($0.05).

(c) The handling charge added under subdivision (b) shall be incorporated into the total amount collected for issuing the punch card, license, license stamp, or license tag, but the handling charge shall not be included when determining license fees in accordance with Section 713. License agents may issue any punch card, license, license stamp, or license tag for any amount that is up to 10 percent less than the fee prescribed in this code or in regulations adopted pursuant to this code. The license agent shall remit to the department the full amount of the fees as prescribed in this code or in regulations adopted pursuant to this code for all punch cards, licenses, license stamps, or license tags issued.

(d) The handling charge required by subdivision (b) is the license agent's only compensation for services. No other additional fee or charge shall be made by the license agent for issuing punch cards, licenses, license stamps, or license tags authorized under this section.

(e) In order to facilitate the prompt remittance of fees and more accurate accounting of licenses, license stamps, and license tags provided for issuance to license agents, the department shall provide them in books containing licenses, license stamps, or license tags that do not exceed the total fees for 20 resident sportfishing licenses. This

subdivision does not apply to nonresident licenses and nonresident license tags.

(f) At any single business location, a license agent shall issue all items from a single book before commencing to issue licenses, license stamps, or license tags of the same series from another book.

(g) The department, alternatively, may provide for the issuance of punch cards, licenses, license stamps, and license tags to authorized license agents and shall collect, in cash or cashier's check, at the time the documents are provided an amount equal to the fees for all of the punch cards, licenses, license stamps, and license tags provided. Any license agent who pays the fees for punch cards, licenses, license stamps, and license tags provided is exempt from subdivisions (a) and (e) of Section 1055.5, Section 1056, and Section 1059. Punch cards, licenses, license stamps, and license tags provided pursuant to this subdivision and remaining unissued at the end of the license year may be returned to the department, within 60 days of their expiration date, for refund or credit, or a combination thereof.

(h) All unissued and expired punch cards, licenses, license stamps, and license tags shall be returned to the department. Any license agent who does not return them within one month and 20 days following the last day of the license year shall not be provided additional punch cards, licenses, license stamps, or license tags until the unissued and expired punch cards, licenses, license stamps, and license tags have been returned to the department. In addition, any unissued and expired item that is not returned within 60 days following the last day of the license year shall be billed to the license agent. Items may be returned for credit after the 60 days; however, the license agent shall pay interest and penalties on the returned items as prescribed in subdivision (b) of Section 1059. No credit shall be allowed after six months following the last day of the license year.

SEC. 3. Section 7149.2 of the Fish and Game Code is amended to read:

7149.2. (a) In addition to Sections 714 and 7149, the department shall issue a lifetime sportfishing license under this section. A lifetime sportfishing license authorizes the taking of fish, amphibia, or reptiles anywhere in this state in accordance with the law for purposes other than profit for the life of the person to whom issued unless revoked for a violation of this code or regulations adopted under this code. A lifetime sportfishing license is not transferrable. A lifetime sportfishing license does not include any special license tags, license stamps, or fees.

(b) A lifetime sportfishing license may be issued to residents of this state, as follows:

(1) To a person over 62 years of age upon payment of a fee of four hundred seventy dollars ($470) in 1993.

(2) To a person 40 years of age or over and less than 62 years of age upon payment of a fee of six hundred twenty dollars ($620) in 1993.

(3) To a person less than 40 years of age upon payment of a fee

of eight hundred thirty dollars ($830) in 1993.

(c) A lifetime sportfishing license is valid for a period ending five years after the licensee is no longer a resident of this state.

(d) Nothing in this section requires a person under the age of 16 years to obtain a license to take fish, amphibia, or reptiles for purposes other than profit.

(e) Nothing in this section exempts a license applicant from meeting other qualifications or requirements otherwise established by law for the privilege of sportfishing.

(f) The department shall establish the fee for each license authorized under this section in 1994 and subsequent years. The license fee shall not be less than the fee authorized in 1993, and the fee shall not exceed the cost of a license if the license fee was adjusted pursuant to Section 713 with the base year of 1993.

SEC. 4. Section 13005 of the Fish and Game Code is amended to read:

13005. (a) Notwithstanding Section 13001, the money collected from fees for lifetime sportsman's licenses under Section 714, and lifetime sportfishing licenses under Section 7149.2, are not refundable and shall be deposited, as follows:

(1) Seventy-five dollars ($75) for each lifetime license issued shall be deposited in the Fish and Game Preservation Fund for use in accordance with Section 711.

(2) The balance of the fees shall be deposited in the Lifetime License Trust Account which is hereby created in the Fish and Game Preservation Fund. Except as provided in this section, that principal amount of the money in the account from the fee for a lifetime license shall not be used, except for investment.

(b) The money in the Lifetime License Trust Account may be transferred and invested through the Surplus Money Investment Fund and all interest shall accrue to the account pursuant to subdivision (g) of Section 16475 of the Government Code.

(c) (1) Each year the department shall transfer from the Lifetime License Trust Account to the Fish and Game Preservation Fund an amount equal to the current amount of the resident hunting and sportfishing license fee times the number of lifetime sportsman's licenses in force and effect on July 1 of that year.

(2) Each year the department shall transfer from the Lifetime License Trust Account to the Fish and Game Preservation Fund an amount equal to the current amount of the resident sportfishing license fee times the number of lifetime sportfishing licenses in force and effect on July 1 of that year.

(d) The principal amount of the money deposited in the Lifetime License Trust Account shall be transferred to the Fish and Game Preservation Fund for use in accordance with Section 711 upon attainment of the actuarially determined life expectancy of the licensee.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1100

An act to amend Sections 8305, 8308, 8311, 8313, and 8314 of, and to add Section 8388.5 to, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 8305 of the Fish and Game Code, as amended by Section 5 of Chapter 1216 of the Statutes of 1992, is amended to read:

8305. (a) Notwithstanding Section 8606 or any other provision of law, it is unlawful to take abalone for commercial purposes in Districts 6, 7, 16, 17, and 19A; in District 10 north of Point Lobos; and in District 20 between Southeast Rock and the extreme westerly end of Santa Catalina Island.

(b) It is unlawful to take abalone for commercial purposes in waters less than 20 feet deep in District 19 adjacent to the mainland south of Point Dume; in District 20 between Southeast Rock and China Point; and in District 20A.

(c) Black abalone may not be taken at any time for commercial purposes.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 2. Section 8305 of the Fish and Game Code, as amended by Section 6 of Chapter 1216 of the Statutes of 1992, is amended to read:

8305. (a) Notwithstanding Section 8606 or any other provision of law, it is unlawful to take abalone for commercial purposes in Districts 6, 7, 16, 17, and 19A, in District 10 north of Point Lobos, and in District 20 between Southeast Rock and the extreme westerly end of Santa Catalina Island.

(b) It is unlawful to take abalone for commercial purposes in waters less than 20 feet deep south of Point Dume in District 19 adjacent to the mainland, in District 20 between Southeast Rock and China Point, and in District 20A.

(c) Black abalone may not be taken at any time for commercial purposes within one mile of the shores of Anacapa, Santa Barbara, or Santa Cruz Island, or along the mainland coast, except as otherwise specifically authorized by this article.

(d) This section shall become operative on January 1, 1997.

SEC. 3. Section 8308 of the Fish and Game Code, as amended by Section 19 of Chapter 1288 of the Statutes of 1990, is amended to read:

8308. (a) It is unlawful for a holder of a commercial abalone diving permit to possess, transport, control, or land more than 180 each of red, green, pink, or black abalone on any day, or for there to be more than 360 total of any one species of abalone on a vessel at any time. This subdivision does not prohibit more than 360 of any one species of abalone to be in possession or controlled by an abalone diving permittee when those abalone are being transported on land south of the county line between the County of San Luis Obispo and the County of Santa Barbara.

(b) Notwithstanding subdivision (a), in District 10, it is unlawful for a holder of a commercial abalone diving permit to possess, transport, or control on a fishing vessel, or to land more than 84 abalone on any day, or for there to be more than 168 total abalone on a vessel at any time.

(c) The court shall order the department to permanently revoke, and the department shall permanently revoke, the commercial fishing license and any commercial fishing permits of any person convicted of a violation of subdivision (a) or (b) if the court finds that the person possessed more than one and one-half times the number of abalone permitted at the time of the offense. That person shall not, thereafter be eligible for any license or permit to take or possess fish for sport or commercial purposes.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 4. Section 8308 of the Fish and Game Code, as added by Section 20 of Chapter 1288 of the Statutes of 1990, is amended to read:

8308. (a) It is unlawful for a holder of a permit which authorizes the taking of abalone for commercial purposes to possess, transport, control, or land more than 180 black abalone at any time or for there to be more than 360 black abalone on a vessel. This subdivision does not prohibit more than 180 black abalone to be in possession or controlled by an abalone diving permittee when those abalone are being transported on land.

(b) Notwithstanding subdivision (a), in District 10 it is unlawful for a holder of a commercial abalone diving permit which authorizes the taking of abalone for commercial purposes to possess, transport, or control on a fishing vessel, or to land more than 84 abalone, or for there to be more than 168 total abalone on a vessel at any time.

(c) This section shall become operative on January 1, 1997.

SEC. 5. Section 8311 of the Fish and Game Code is amended to read:

8311. (a) Notwithstanding Section 12000, and in addition to Section 12009, if any person is convicted of a violation of a regulation permitting the taking of abalone under a sportfishing or sport ocean fishing license issued pursuant to Article 3 (commencing with Section 7145) of Chapter 1 of Part 2, and that person had more than seven times the number of abalone permitted to be possessed under those regulations, that person shall be fined not less than five times the prevailing market value of the abalone.

(b) In addition to the fine, upon a conviction punishable under this section, the court shall order the department to revoke, and the department shall revoke, the person's sportfishing or sport ocean fishing license for one year.

(c) If the court finds that the person convicted of a violation punishable under this section had more than seven times the number of abalone permitted, had more than seven undersized abalone, or had more than seven abalone removed from the shell, or has had his or her fishing privileges revoked pursuant to subdivision (b) for three separate convictions punishable under this section, the court shall order the department to permanently revoke, and the department shall permanently revoke, the person's sportfishing or sport ocean fishing license. A person whose sportfishing privilege is revoked pursuant to this section shall not be eligible for any license or permit, including, but not limited to, a commercial fishing license, to take or possess fish in this state for life.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 6. Section 8313 of the Fish and Game Code is amended to read:

8313. (a) Any person who is required to pay a landing tax for abalone pursuant to Sections 8041 and 8042 shall pay, in addition to the landing taxes determined pursuant to Section 8051, an additional tax of nineteen and one-half cents ($0.195) for each pound, or fraction thereof, of abalone, determined as provided in Section 8042.

(b) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 7. Section 8314 of the Fish and Game Code is amended to read:

8314. (a) The landing tax collected pursuant to Section 8313 shall be deposited in the Fish and Game Preservation Fund and shall be used only for the Abalone Resources Restoration and Enhancement Program. The department shall maintain internal accounts necessary to ensure that the funds are disbursed for the purposes in this subdivision. Not more than 15 percent of the landing tax collected pursuant to Section 8313 may be used for administration by the department. Any interest on the revenues from the landing tax collected pursuant to Section 8313 shall be deposited in the fund and used for the purposes in this subdivision.

(b) A commercial Abalone Advisory Committee shall be appointed by the director, consisting of six members who shall serve without compensation or reimbursement of expenses. One of the members shall be a person who is required to pay landing taxes pursuant to Section 8313. Each of the five remaining members shall hold a current commercial abalone diving permit, and represent the following groups and organizations:

(1) One member shall be selected from divers with a place of residence north of Point Sur.

(2) One member shall be selected from divers with a place of residence south of Point Dume.

(3) One member shall be selected from divers with a place of residence south of Point Sur and north of Point Dume.

(4) Two members shall be selected from the membership of the California Abalone Association without regard to place of residence. This subdivision does not prohibit persons selected pursuant to paragraph (1), (2), or (3) from also being members of the California Abalone Association.

(c) The advisory committee shall make recommendations to the director and the director shall use his or her best efforts to implement those recommendations for activities to be conducted with funds collected pursuant to Section 8313, and those funds collected from any previous calendar year shall be available for use for those activities.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 8. Section 8388.5 is added to the Fish and Game Code, to read:

8388.5. (a) A person shall not take, possess, sell, or purchase for commercial purposes any leopard shark less than 36 inches in total length.

(b) Notwithstanding subdivision (a), leopard sharks less than 36 inches in total length possessed by a person for aquarium display on or before January 1, 1994, may be retained by that person if a letter declaring that the shark was legally obtained prior to January 1, 1994, is provided to the Sacramento office of the department on or before January 1, 1995.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1101

An act to amend and repeal Sections 4800.10 and 4800.11 of the Civil Code, and to amend Sections 2100, 2101, 2102, 2104, 2105, 2106, 2107, 2122, 2125, and 2127 of, to amend and renumber Section 2109 of, and to add Sections 2109, 2110, 2111, and 2112 to, the Family Code, relating to family law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 4800.10 of the Civil Code is amended to read:

4800.10. (a) The Legislature finds and declares as follows:

It is the policy of the State of California (1) to marshal, preserve, and protect community and quasi-community assets and liabilities that exist at the date of separation so as to avoid dissipation of the community estate prior to distribution, (2) to ensure fair and sufficient child and spousal support awards, and (3) to achieve a division of community and quasi-community assets and liabilities upon the dissolution or nullity of marriage, or legal separation of the parties, as provided for under California law.

Sound public policy further favors the reduction of the adversarial nature of marital dissolution and the attendant costs by fostering full disclosure and cooperative discovery.

In order to promote this public policy, a full and accurate disclosure of all assets and liabilities in which one or both parties have or may have an interest must be made in the early stages of the dissolution of marriage action, regardless of the characterization as community or separate, together with a disclosure of all income and expenses of the parties. Moreover, each party has a continuing duty to update and augment that disclosure, to the extent there have been any material changes, so that at the time the parties enter into an agreement for the resolution of any of these issues, or at the time of trial on these issues, each party will have as full and complete knowledge of the relevant underlying facts as is reasonably possible under the circumstances of the case.

(b) From the date of separation to the date of the distribution of the community asset or liability in question, each party shall be subject to the standards set forth in Section 5103, as to all activities that affect the property and support rights of the other party, including, but not limited to, the following activities:

(1) The accurate and complete disclosure of all assets and liabilities in which the party has or may have an interest or obligation and all current earnings, accumulations, and expenses.

(2) The accurate and complete written disclosure of any

investment opportunity that presents itself after the date of separation, but which results from any investment of either spouse from the date of marriage to the date of separation, inclusive. The written disclosure shall be made in sufficient time for the other spouse to make an informed decision as to whether he or she desires to participate in the investment opportunity.

In the event of nondisclosure of such an investment opportunity, the division of any gain resulting from that investment opportunity shall be governed by the standard set forth in Section 4353.

(3) The operation or management of a business or an interest in a business in which the community may have an interest.

(c) In order to provide full and accurate disclosure of all assets and liabilities in which one or both parties may have an interest, each party to the dissolution action shall serve upon the other a preliminary declaration of disclosure and a final declaration of disclosure.

(1) (A) Within 60 days of service of the petition for dissolution or nullity of marriage, or legal separation of the parties, each party shall serve upon the other a preliminary declaration of disclosure, executed under penalty of perjury upon a form prescribed by the Judicial Council. The commission of perjury on the preliminary declaration of disclosure may be grounds for setting aside the judgment, or any part or parts thereof, pursuant to Section 4800.11, in addition to any and all other remedies, civil or criminal, that otherwise are available under existing law for the commission of perjury. The preliminary declaration of disclosure shall not be filed with the court, except upon court order. The parties may agree to accelerate or delay the time in which to exchange the preliminary declaration of disclosure by written stipulation or by oral stipulation made in open court.

(B) The preliminary declaration of disclosure shall set forth with sufficient particularity which a person of reasonable and ordinary intelligence can ascertain, the identity of all assets in which the declarant has or may have an interest and all liabilities for which the declarant is or may be liable, regardless of the characterization of the asset or liability as community, quasi-community, or separate. The declarant shall set forth his or her percentage of ownership in each asset and percentage of obligation for each liability where property is not solely owned by one or both of the parties to the dissolution action and may set forth his or her characterization of each asset or liability. Along with the preliminary declaration of disclosure, each party shall provide the other with a completed income and expense declaration unless an income and expense declaration has already been provided and is current and valid. A party shall be permitted to amend his or her preliminary declaration of disclosure without leave of the court.

(2) Prior to, or simultaneously with, the parties entering into an agreement for the resolution of property or support issues other than pendente lite support, or, in the event the case goes to trial, no later

than 45 days before the first assigned trial date, each party shall serve upon the other a final declaration of disclosure and a current income and expense declaration, executed under penalty of perjury upon a form prescribed by the Judicial Council. The commission of perjury on the final declaration of disclosure may be grounds for setting aside the judgment, or any part or parts thereof, pursuant to Section 4800.11, in addition to any and all other remedies, civil or criminal, that otherwise are available under existing law for the commission of perjury. All of the following information shall be included in the final declaration of disclosure:

(A) All material facts and information regarding the characterization of all assets and liabilities.

(B) All material facts and information regarding the valuation of all assets which are contended to be community or in which it is contended the community has an interest.

(C) All material facts and information regarding the amounts of all obligations which are contended to be community obligations or in which it is contended the community has liability.

(D) All material facts and information regarding the earnings, accumulations, and expenses of each party which have been set forth in the income and expense declaration. An updated income and expense declaration shall be served at this time unless a current income and expense declaration is on file.

(d) Absent good cause, no judgment shall be entered with respect to the parties' property rights without each party having executed and served a copy of the final declaration of disclosure and current income and expense declaration. Each party shall execute and file with the court a declaration signed under penalty of perjury stating that service of the final declaration of disclosure and current income and expense declaration was made on the other party.

(e) In the event that one party fails to exchange and serve upon the other party either a preliminary or a final declaration of disclosure pursuant to this section, or fails to provide the information in the respective declaration of disclosure with sufficient particularity, and if the other party has served the respective declaration of disclosure on the noncomplying party, the complying party shall, within a reasonable time, request preparation of the appropriate declaration of disclosure or further particularity. In the event the noncomplying party fails to comply, the complying party may do either or both of the following:

(1) File a motion to compel a further response.

(2) File a motion for an order preventing the noncomplying party from presenting evidence on issues that should have been covered in the declaration of disclosure.

(f) In the event of a party's failure to comply with any provision of this section the court shall, in addition to any other remedy provided by law, order the noncomplying party to pay to the complying party any reasonable attorney's fees, costs incurred, or both, unless it finds that the noncomplying party acted with

substantial justification or that other circumstances make the imposition of the sanction unjust.

(g) At any time during the proceedings, the court has the authority, upon application of a party and upon good cause, to order the liquidation of community or quasi-community assets so as to avoid unreasonable market or investment risks, given the relative nature, scope, and extent of the community estate. However, in no event shall the court grant the application unless, as provided in this section, the appropriate declaration of disclosure has been served by the moving party.

(h) The provisions of this section which require a final declaration of disclosure shall not apply to summary dissolutions, but a preliminary declaration of disclosure shall be required.

(i) In the event of a default judgment, the petitioner may waive the final declaration of disclosure requirements set forth in this section, but a preliminary declaration of disclosure by the petitioner shall be required.

(j) The disclosures required by this section shall not abrogate the attorney work product privilege or impede the power of the court to issue protective orders.

(k) The Judicial Council shall adopt appropriate forms and modify existing forms to effectuate the purposes of this section.

(*l*) For purposes of this section, the following definitions and descriptions shall apply:

(1) "Asset" includes, but is not limited to, any real or personal property of any nature, whether tangible or intangible and whether currently existing or contingent.

(2) "Liability" includes, but is not limited to, any debt or obligation, whether currently existing or contingent.

(3) "Earnings and accumulations" includes income from whatever source derived, as set forth in subdivision (f) of Section 4721.

(4) "Expenses" includes, but is not limited to, all personal living expenses, but shall not include business related expenses.

(5) "Default judgment" does not include a stipulated judgment or any judgment pursuant to a marital settlement agreement.

(m) This section shall be applicable to any proceeding commenced on or after January 1, 1993.

(n) This section shall remain in effect only until January 1, 1994, and on that date shall be repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 2. Section 4800.11 of the Civil Code is amended to read:

4800.11. (a) The Legislature finds and declares as follows:

(1) The State of California has a strong policy of ensuring the division of community and quasi-community property in the dissolution of a marriage as set forth in Section 4800, and of providing for fair and sufficient child and spousal support awards. These policy goals can only be implemented with full disclosure of community, quasi-community, and separate assets, liabilities, income and

expenses, as provided for in Section 4800.10, and decisions freely and knowingly made.

(2) It occasionally happens that the division of property or the award of support, whether made as a result of agreement or trial, are inequitable when made due to the nondisclosure or other misconduct of one of the parties.

(3) The public policy of assuring finality of judgments must be balanced against the public interest in ensuring proper division of marital property, in ensuring sufficient support awards, and in deterring misconduct.

(4) The law governing the circumstances under which a judgment can be set aside, after the time for relief under Section 473 of the Code of Civil Procedure has passed, has been the subject of considerable confusion which has led to increased litigation and unpredictable and inconsistent decisions at the trial and appellate levels.

(b) In actions under the Family Law Act, the court may, upon terms that may be just, relieve a spouse from a judgment, or any part or parts thereof, adjudicating support or division of property, after the six-month time limit of Section 473 of the Code of Civil Procedure has run, based upon the grounds, and within the time limits, set forth in this section.

(c) In all proceedings under this section, before granting relief, the court shall find that the facts alleged as the grounds for relief materially affected the original outcome and that the moving party would materially benefit from the granting of the relief.

(d) The grounds and time limits for an action or a motion to set aside a judgment, or any part or parts thereof, shall be governed by this section and shall be one of the following:

(1) Actual fraud, where the defrauded party was kept in ignorance or in some other manner, other than his or her own lack of care or attention, was fraudulently prevented from fully participating in the proceeding. Motions based upon fraud shall be brought within one year of the date on which the complaining party either did discover, or should have discovered, the fraud.

(2) Perjury. Actions or motions based upon perjury in the preliminary or final declaration of disclosure or in the current income and expense statement shall be brought within one year of the date on which the complaining party either did discover, or should have discovered, the perjury.

(3) Duress. Actions or motions based upon duress shall be brought within two years from the date of entry of judgment.

(4) Mental incapacity. Actions or motions based upon mental incapacity shall be brought within two years from the date of entry of judgment.

(5) As to stipulated or uncontested judgments or that part of a judgment stipulated to by the parties, mistake, either mutual or unilateral, whether mistake of law or mistake of fact. Actions or motions based upon mistake shall be brought within one year of the

date of entry of judgment.

(e) Notwithstanding any other provision of this section, or any other law, a judgment may not be set aside simply because the court finds that it was inequitable when made, nor simply because subsequent circumstances caused the division of assets or liabilities to become inequitable, or the support to become inadequate.

(f) The negligence of an attorney shall not be imputed to a client to bar an order setting aside a judgment, unless the court finds that the client knew or should have known, of the attorney's negligence and unreasonably failed to protect himself or herself.

(g) When ruling on an action or motion to set aside a judgment, the court shall set aside only those provisions materially affected by the circumstances leading to the court's decision to grant relief. However, the court shall have the discretion to set aside the entire judgment, if necessary, for equitable considerations.

(h) As to assets or liabilities for which a judgment or part of a judgment is set aside, the date of valuation shall be subject to equitable considerations. The court shall equally divide the asset or liability, unless the court finds upon good cause shown that the interests of justice require an unequal division.

(i) As to actions or motions filed under this section, if a timely request is made, the court shall render a statement of decision where the court has resolved controverted factual evidence.

(j) Nothing in this section prohibits a party from seeking relief under Section 4353.

(k) Nothing in this section changes existing law with respect to contract remedies where the contract has not been merged or incorporated into a judgment.

(*l*) Nothing in this section is intended to restrict a family law court from acting as a court of equity.

(m) Nothing in this section is intended to limit existing law with respect to the modification or enforcement of support orders.

(n) Nothing in this section shall affect the rights of a bona fide lessee, purchaser, or encumbrancer for value of real property.

(o) This section shall be applicable to judgments entered on or after January 1, 1993.

(p) This section shall remain in effect only until January 1, 1994, and on that date shall be repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 3. Section 2100 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2100. The Legislature finds and declares the following:

(a) It is the policy of the State of California (1) to marshal, preserve, and protect community and quasi-community assets and liabilities that exist at the date of separation so as to avoid dissipation of the community estate before distribution, (2) to ensure fair and sufficient child and spousal support awards, and (3) to achieve a division of community and quasi-community assets and liabilities on the dissolution or nullity of marriage or legal separation of the parties

as provided under California law.

(b) Sound public policy further favors the reduction of the adversarial nature of marital dissolution and the attendant costs by fostering full disclosure and cooperative discovery.

(c) In order to promote this public policy, a full and accurate disclosure of all assets and liabilities in which one or both parties have or may have an interest must be made in the early stages of a proceeding for dissolution of marriage or legal separation of the parties, regardless of the characterization as community or separate, together with a disclosure of all income and expenses of the parties. Moreover, each party has a continuing duty to update and augment that disclosure to the extent there have been any material changes so that at the time the parties enter into an agreement for the resolution of any of these issues, or at the time of trial on these issues, each party will have as full and complete knowledge of the relevant underlying facts as is reasonably possible under the circumstances of the case.

SEC. 4. Section 2101 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2101. Unless the provision or context otherwise requires, the following definitions apply to this chapter:

(a) "Asset" includes, but is not limited to, any real or personal property of any nature, whether tangible or intangible, and whether currently existing or contingent.

(b) "Default judgment" does not include a stipulated judgment or any judgment pursuant to a marital settlement agreement.

(c) "Earnings and accumulations" includes income from whatever source derived, as provided in Section 4058.

(d) "Expenses" includes, but is not limited to, all personal living expenses, but does not include business related expenses.

(e) "Liability" includes, but is not limited to, any debt or obligation, whether currently existing or contingent.

SEC. 5. Section 2102 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2102. From the date of separation to the date of the distribution of the community asset or liability in question, each party is subject to the standards provided in Section 721, as to all activities that affect the property and support rights of the other party, including, but not limited to, the following activities:

(a) The accurate and complete disclosure of all assets and liabilities in which the party has or may have an interest or obligation and all current earnings, accumulations, and expenses.

(b) The accurate and complete written disclosure of any investment opportunity that presents itself after the date of separation, but that results from any investment of either spouse from the date of marriage to the date of separation, inclusive. The written disclosure shall be made in sufficient time for the other spouse to make an informed decision as to whether he or she desires to participate in the investment opportunity. In the event of

nondisclosure of such an investment opportunity, the division of any gain resulting from that investment opportunity is governed by the standard provided in Section 2556.

(c) The operation or management of a business or an interest in a business in which the community may have an interest.

SEC. 6. Section 2104 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2104. (a) Within 60 days of service of the petition for dissolution or nullity of marriage or legal separation of the parties, each party shall serve on the other party a preliminary declaration of disclosure, executed under penalty of perjury on a form prescribed by the Judicial Council. The commission of perjury on the preliminary declaration of disclosure may be grounds for setting aside the judgment, or any part or parts thereof, pursuant to Chapter 10 (commencing with Section 2120), in addition to any and all other remedies, civil or criminal, that otherwise are available under law for the commission of perjury. The parties may agree to accelerate or delay the time within which to exchange preliminary declarations of disclosure by written stipulation or by oral stipulation made in open court.

(b) The preliminary declaration of disclosure shall not be filed with the court, except on court order.

(c) The preliminary declaration of disclosure shall set forth with sufficient particularity, which a person of reasonable and ordinary intelligence can ascertain, all of the following:

(1) The identity of all assets in which the declarant has or may have an interest and all liabilities for which the declarant is or may be liable, regardless of the characterization of the asset or liability as community, quasi-community, or separate.

(2) The declarant's percentage of ownership in each asset and percentage of obligation for each liability where property is not solely owned by one or both of the parties. The preliminary declaration may also set forth the declarant's characterization of each asset or liability.

(d) A declarant may amend his or her preliminary declaration of disclosure without leave of the court.

(e) Along with the preliminary declaration of disclosure, each party shall provide the other party with a completed income and expense declaration unless an income and expense declaration has already been provided and is current and valid.

SEC. 7. Section 2105 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2105. (a) Before or at the time the parties enter into an agreement for the resolution of property or support issues other than pendente lite support, or, in the event the case goes to trial, no later than 45 days before the first assigned trial date, each party shall serve on the other party a final declaration of disclosure and a current income and expense declaration, executed under penalty of perjury on a form prescribed by the Judicial Council. The commission of

perjury on the final declaration of disclosure may be grounds for setting aside the judgment, or any part or parts thereof, pursuant to Chapter 10 (commencing with Section 2120), in addition to any and all other remedies, civil or criminal, that otherwise are available under law for the commission of perjury.

(b) The final declaration of disclosure shall include all of the following information:

(1) All material facts and information regarding the characterization of all assets and liabilities.

(2) All material facts and information regarding the valuation of all assets that are contended to be community or in which it is contended the community has an interest.

(3) All material facts and information regarding the amounts of all obligations that are contended to be community obligations or for which it is contended the community has liability.

(4) All material facts and information regarding the earnings, accumulations, and expenses of each party that have been set forth in the income and expense declaration.

(c) Along with the final declaration of disclosure, each party shall serve an updated income and expense declaration unless a current income and expense declaration is on file.

SEC. 8. Section 2106 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2106. Absent good cause, no judgment shall be entered with respect to the parties' property rights without each party having executed and served a copy of the final declaration of disclosure and current income and expense declaration. Each party shall execute and file with the court a declaration signed under penalty of perjury stating that service of the final declaration of disclosure and current income and expense declaration was made on the other party.

SEC. 9. Section 2107 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended to read:

2107. (a) If one party fails to serve on the other party a preliminary declaration of disclosure under Section 2104 or a final declaration of disclosure under Section 2105, or fails to provide the information required in the respective declarations with sufficient particularity, and if the other party has served the respective declaration of disclosure on the noncomplying party, the complying party may, within a reasonable time, request preparation of the appropriate declaration of disclosure or further particularity.

(b) If the noncomplying party fails to comply with a request under subdivision (a), the complying party may do either or both of the following:

(1) File a motion to compel a further response.

(2) File a motion for an order preventing the noncomplying party from presenting evidence on issues that should have been covered in the declaration of disclosure.

(c) If a party fails to comply with any provision of this chapter, the court shall, in addition to any other remedy provided by law, order

the noncomplying party to pay to the complying party any reasonable attorney's fees, costs incurred, or both, unless the court finds that the noncomplying party acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

SEC. 10. Section 2109 of the Family Code, as added by Section 107 of Chapter 219 of the Statutes of 1993, is amended and renumbered to read:

2113. This chapter applies to any proceeding commenced on or after January 1, 1993.

SEC. 11. Section 2109 is added to the Family Code, to read:

2109. The provisions of this chapter requiring a final declaration of disclosure do not apply to a summary dissolution of marriage, but a preliminary declaration of disclosure is required.

SEC. 12. Section 2110 is added to the Family Code, to read:

2110. In the case of a default judgment, the petitioner may waive the final disclosure requirements provided in this chapter, but a preliminary declaration of disclosure by the petitioner is required.

SEC. 13. Section 2111 is added to the Family Code, to read:

2111. A disclosure required by this chapter does not abrogate the attorney work product privilege or impede the power of the court to issue protective orders.

SEC. 14. Section 2112 is added to the Family Code, to read:

2112. The Judicial Council shall adopt appropriate forms and modify existing forms to effectuate the purposes of this chapter.

SEC. 15. Section 2122 of the Family Code, as added by Section 108 of Chapter 219 of the Statutes of 1993, is amended to read:

2122. The grounds and time limits for a motion to set aside a judgment, or any part or parts thereof, are governed by this section and shall be one of the following:

(a) Actual fraud where the defrauded party was kept in ignorance or in some other manner, other than his or her own lack of care or attention, was fraudulently prevented from fully participating in the proceeding. An action or motion based on fraud shall be brought within one year after the date on which the complaining party either did discover, or should have discovered, the fraud.

(b) Perjury. An action or motion based on perjury in the preliminary or final declaration of disclosure or in the current income and expense statement shall be brought within one year after the date on which the complaining party either did discover, or should have discovered, the perjury.

(c) Duress. An action or motion based upon duress shall be brought within two years after the date of entry of judgment.

(d) Mental incapacity. An action or motion based on mental incapacity shall be brought within two years after the date of entry of judgment.

(e) As to stipulated or uncontested judgments or that part of a judgment stipulated to by the parties, mistake, either mutual or unilateral, whether mistake of law or mistake of fact. An action or

motion based on mistake shall be brought within one year after the date of entry of judgment.

SEC. 16. Section 2125 of the Family Code, as added by Section 108 of Chapter 219 of the Statutes of 1993, is amended to read:

2125. When ruling on an action or motion to set aside a judgment, the court shall set aside only those provisions materially affected by the circumstances leading to the court's decision to grant relief. However, the court has discretion to set aside the entire judgment, if necessary, for equitable considerations.

SEC. 17. Section 2127 of the Family Code, as added by Section 108 of Chapter 219 of the Statutes of 1993, is amended to read:

2127. As to actions or motions filed under this chapter, if a timely request is made, the court shall render a statement of decision where the court has resolved controverted factual evidence.

SEC. 18. Sections 3 to 17, inclusive, of this act shall be operative on January 1, 1994.

SEC. 19. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the procedures to be followed in serving preliminary and final declarations of disclosure, as required by Sections 4800.10 and 4800.11 of the Civil Code, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1102

An act relating to water, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Pursuant to Sections 14011 and 14012 of the Water Code, the Department of Water Resources may make grants from the California Safe Drinking Water Fund in accordance with the California Safe Drinking Water Bond Law of 1988 (Chapter 16 (commencing with Section 14000) of Division 7 of the Water Code), to the following agencies for the purposes of financing proposed projects and investigations to identify alternatives for system improvements:

(a) Garden Farms County Water District in San Luis Obispo County.

(b) Montecito Water District in Santa Barbara County.

SEC. 2. The Department of Water Resources shall determine the eligibility for, and the amount of, any grant authorized in Section 1

of this act, in accordance with the California Safe Drinking Water Bond Law of 1988 (Chapter 16 (commencing with Section 14000) of Division 7 of the Water Code) and may make those grants in accordance with the bond law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to remedy critical water quality and supply problems, thereby protecting the public health and safety, it is necessary that this act take effect immediately.

CHAPTER 1103

An act to add Section 19603 to the Business and Professions Code, relating to horseracing.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19603 is added to the Business and Professions Code, to read:

19603. Notwithstanding any other provision of law, any racing association in this state may, with the approval of the board, accept out-of-state wagers on a race or races conducted by that association and may transmit live audiovisual signals of the race or races to locations out of state, except that any wagers made pursuant to this section are subject to applicable federal laws. The amounts deducted from wagers made pursuant to this section shall be distributed pursuant to Article 9.5 (commencing with Section 19610) by the association or fair at which the race is conducted.

CHAPTER 1104

An act to amend, repeal, and add Section 8842 of the Fish and Game Code, relating to shrimp, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 8842 of the Fish and Game Code is amended to read:

8842. (a) Trawl nets of a design prescribed by the commission may be used or possessed to take shrimps or prawns under a revocable permit issued by the department under regulations that the commission shall prescribe.

Sections 8831, 8833, 8835, and 8836 do not apply to trawl nets used or possessed under a permit issued pursuant to this section.

(b) When fishing for pink shrimp (Pandalus jordani) under a permit issued pursuant to this section, it is unlawful to possess in excess of 1,500 pounds of incidentally taken fish per calendar day of a fishing trip, except Pacific whiting, shortbelly rockfish, and arrowtooth flounder, which may be taken in any amount. Not more than 150 pounds of California halibut or Pacific halibut shall be possessed or landed when fishing under a permit issued pursuant to this section. When fishing for ridgeback prawn and spotted prawn under a permit issued pursuant to this section, it is unlawful to possess in excess of 1,000 pounds of incidentally taken fish per trip, except for sea cucumbers which may be taken in any amount.

(c) Permits to take and land pink shrimp shall be issued only to those persons who possessed, during any previous permit year, a permit issued under this section and any regulations adopted pursuant to this section.

(d) The fee for the permit to take pink shrimp shall be two hundred eighty-five dollars ($285).

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 2. Section 8842 is added to the Fish and Game Code, to read:

8842. (a) Trawl nets of a design prescribed by the commission may be used or possessed to take shrimps or prawns under a revocable permit issued by the department under regulations that the commission shall prescribe.

Sections 8831, 8833, 8835, and 8836 do not apply to trawl nets used or possessed under a permit issued pursuant to this section.

(b) When fishing for pink shrimp (Pandalus jordani) under a permit issued pursuant to this section, it is unlawful to possess in excess of 1,500 pounds of incidentally taken fish per calendar day of a fishing trip, except Pacific whiting, shortbelly rockfish, and arrowtooth flounder, which may be taken in any amount. Not more than 150 pounds of California halibut or Pacific halibut shall be possessed or landed when fishing under a permit issued pursuant to this section. When fishing for ridgeback prawn and spotted prawn under a permit issued pursuant to this section, it is unlawful to possess in excess of 1,000 pounds of incidentally taken fish per trip, except for sea cucumbers which may be taken in any amount.

(c) This section shall become operative on January 1, 1997.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1105

An act to amend Sections 50660.5, 50661.5, 50662.7, 50671.5, and 51320 of, and to add Sections 50671.6, 51321, 51321.3, and 51321.6 to, the Health and Safety Code, to amend Section 2 of Chapter 1355 of the Statutes of 1987, and to amend and supplement the Budget Act of 1993 (Chapter 55 of the Statutes of 1993) by adding Item 3790-304-786 to Section 2.00 thereof, relating to housing, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 50660.5 of the Health and Safety Code is amended to read:

50660.5. (a) It is the intent of the Legislature to encourage local governments to assist residents to repair and rebuild housing in a cost-efficient and expeditious manner following a disaster. To this end, the Legislature recognizes that local governments may enact ordinances following disasters to expedite the permit process. These ordinances may include, but not be limited to, ordinances waiving fees and streamlining requirements affecting disaster-related repairs.

(b) The Legislature finds and declares that homeowners and owners of rental housing who apply for assistance pursuant to Section 50662.7, 50671.5, and 50671.6 may be unable to utilize expedited procedures or liberalized standards because loan approval and repair may occur after the expiration of the local ordinance. It is, therefore, the intent of the Legislature to encourage local governments to extend the application of these local ordinances to homeowners and owners of rental housing who are utilizing disaster assistance programs, including the respective loan programs authorized by Sections 50662.7, 50671.5, and 50671.6, so that housing can be repaired or rebuilt in a cost-efficient and expeditious manner.

SEC. 2. Section 50661.5 of the Health and Safety Code is amended to read:

50661.5. (a) There is hereby created in the State Treasury the California Disaster Housing Repair Fund, into which shall be paid all moneys appropriated by the Legislature pursuant to subdivision (b)

or transferred pursuant to subdivision (c) for housing repair loans pursuant to Sections 50662.7, 50671.5, and 50671.6. All interest or other increments resulting from the investment of moneys in the California Disaster Housing Repair Fund shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Notwithstanding Section 13340 of the Government Code, all money in that fund is continuously appropriated to the department for the following purposes:

(1) For making deferred-payment loans and predevelopment loans pursuant to Sections 50662.7, 50671.5, and 50671.6.

(2) For related administrative expenses of the department.

(3) For related administrative expenses of any entity contracting with the department, pursuant to Sections 50662.7, 50671.5, and 50671.6 in an amount, if any, as determined by the department, to enable the entities to implement a program pursuant to those sections.

(4) For providing loan guarantees for disaster-related loans made by private institutional lending sources.

(b) There shall be paid into the fund the following:

(1) Any moneys appropriated and made available by the Legislature for purposes of the fund.

(2) Any moneys transferred from the Special Fund for Economic Uncertainties, pursuant to subdivision (c).

(3) Any other moneys which may be made available to the department for the purposes of this section from any other source or sources.

(4) The director may authorize the sale of the beneficiary interest of loans made pursuant to Section 50662.7. The proceeds from that sale shall be deposited into the California Disaster Housing Repair Fund.

(c) (1) To the extent that funds are not available, the Department of Housing and Community Development shall submit to the Department of Finance, within 90 days after a disaster, a deficiency request based on a minimum funding level based on a damage survey completed by the Office of Emergency Services and the Federal Emergency Management Agency. The request shall distinguish between owner-occupied housing of one to four units and rental housing of five or more units.

(2) Upon receipt of the deficiency request from the Department of Housing and Community Development pursuant to paragraph (1), the Department of Finance shall make a funding determination and notify the Legislature of the approval or disapproval of the deficiency amount. Any deficiency amount approved shall distinguish between owner-occupied housing of one to four units and rental housing of five or more units.

(3) Any payments made pursuant to this subdivision from funds made available under Section 50671.5 shall be matched by a corresponding and equal payment from funds made available under Section 50671.6, except that, upon the determination of the Director

of Finance that one of the two rental repair programs has excess funds, moneys from that fund may be used for either of the other two disaster repair programs.

(d) In the event of a natural disaster, as defined in Section 8680.3 of the Government Code, the Director of Finance may transfer moneys from the Special Fund for Economic Uncertainties established by Section 16418 of the Government Code to the California Disaster Housing Repair Fund, provided the transfer is not made sooner than 30 days after notification in writing of the necessity therefor is provided to the Joint Legislative Budget Committee.

(e) Payments of principal and interest on loans issued pursuant to Sections 50662.7, 50671.5, and 50671.6 shall be deposited in the General Fund.

(f) In making funds available to disaster victims pursuant to Sections 50662.7, 50671.5, and 50671.6, the department shall impose a one-year deadline for submission of applications.

(g) Any changes made on or after January 1, 1994, to any program funded by the California Disaster Housing Repair Fund shall not apply to applications submitted on or before December 31, 1993. The department may administer the program in accordance with guidelines until regulations are adopted.

SEC. 3. Section 50662.7 of the Health and Safety Code is amended to read:

50662.7. For the purpose of providing disaster relief to those owners of owner-occupied dwellings that were damaged or destroyed as a result of a natural disaster defined by Section 8680.3 of the Government Code, resulting in a state of emergency proclaimed by the Governor pursuant to Section 8625 of the Government Code, financial assistance may be provided to disaster victims as prescribed in this chapter under the following special conditions, which shall prevail over conflicting provisions of this chapter and administrative regulations:

(a) (1) The loans shall be provided in any city, county, or city and county proclaimed by the Governor to be in a state of disaster: (A) to persons who do not qualify for loan assistance from an agency of the United States for repair of the damage caused by a natural disaster, (B) to the extent that federally provided or assisted financing may be insufficient to accomplish the necessary repair, and (C) to the extent required to enable the recipient to obtain and afford loan assistance from an agency of the United States to finance the necessary repair.

(2) The loans shall be made only to households that are victims of a natural disaster and only to the extent that other federal and state resources, private insurance proceeds, or private institutional lending sources, are not available or do not provide the assistance or coverage needed to rehabilitate or reconstruct their homes.

(3) This subdivision shall not be construed to prevent the processing of a loan application once a person or household has received loan approval from a federal, state, or private institutional

lending source, nor shall this subdivision be construed to prevent the funding of short-term loans until other federal, state, or private loan proceeds become available.

(b) (1) The loans shall be for the purpose of repairing, including reconstructing, dwellings that are owner-occupied or would be owner-occupied but for the damage caused by the natural disaster and for rental dwelling units of one to four units. Loan funds shall be used to fund work necessary to repair damaged dwellings and to correct serious, life-threatening violations of the state or local building code or housing standards that are required to be corrected prior to occupancy, including ensuring compliance with applicable seismic safety standards and related property improvements or to finance the reconstruction of dwellings destroyed as a result of the natural disaster up to a maximum of fifty thousand dollars ($50,000) per unit. The department shall limit the square footage of units repaired or reconstructed using funds provided pursuant to this section to the predisaster size of the unit.

(2) In the case of manufactured housing or mobilehomes, loan funds shall be used to bring the manufactured home or mobilehome into compliance with the standards set forth in Chapter 4 (commencing with Section 18025) of Part 2 of Division 13.

(3) For the purposes of this section:

(A) "Owner-occupied dwellings" include single-family units, attached owner-occupied units, condominiums, townhouses, cooperatives, and manufactured homes, including mobilehomes.

(B) "Rental dwelling of one to four units" includes single-family units, condominiums, townhouses, cooperatives, duplexes, and manufactured homes, including mobilehomes.

(c) The loan, together with any existing indebtedness encumbering the secured property, shall not exceed the after-repair value of the property, except that the department may waive this limitation in individual cases to ensure, when necessary, correction of serious, life-threatening violations of the state or local building code or housing standards, seismic safety standards, and general property improvements relating to these standards pursuant to subdivision (b).

(d) The department shall not consider either individual or family income in determining eligibility for a loan under this section.

(e) (1) The outstanding balance of a loan provided under this section, including principal and accrued interest thereon, shall be due and payable, after 30 years or when either of the following occurs: (A) the borrower transfers ownership of the rehabilitated property, or (B) fails to occupy the rehabilitated property as his or her principal place of residence, whichever comes first. For rental dwellings, the term of the loan shall be 20 years.

(2) After the initial recordation of the deed of trust securing the department's loan, the department shall not subordinate its deed of trust to additional or other financing except in cases of extreme hardship necessary to protect the health or safety of the occupants

or to the extent that the total principal of loans senior to the department's loan is unchanged or decreased and the department's security interest is not jeopardized, as determined by the department.

(f) The department may make loans directly to borrowers, or contract for the administration under this section of loans with one or more entities that it determines to have the necessary experience to successfully administer the loan program, including, but not limited to, local public agencies and private organizations. The department may authorize, under that contract, the payment of expenses incurred by the entities in administering the loan program and may prescribe the conditions pursuant to which the entities shall administer the loans.

(g) Sections 50663 and 50668 do not apply to loans made pursuant to this section.

(h) The department may set aside or use funds that are made available for the purposes of this section for the purpose of curing or averting an owner's default on the terms of any loan or other obligation where that default would jeopardize the department's security in the owner-occupied housing assisted pursuant to this section. The payment or advance of funds by the department pursuant to this subdivision shall be exclusively within the department's discretion, and no person shall be deemed to have any entitlement to the payment or advance of those funds. The amount of any funds expended by the department pursuant to this subdivision shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(i) Any rule, policy, or standard of general application employed by the Department of Housing and Community Development in implementing this section shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(j) Fund allocations made pursuant to this section shall not be subject to review or approval by the Loan Committee of the Department of Housing and Community Development operating pursuant to Subchapter 1 (commencing with Section 6900) of Chapter 6.5 of Title 25 of the California Code of Regulations.

(k) (1) In order to be eligible for one or more loans pursuant to this section, the borrower shall agree to all of the following conditions:

(A) All buildings shall be connected to their foundation systems as necessary to meet the seismic requirements of the 1973 Edition of the Uniform Building Code of the International Conference of Building Officials in a manner approved by the department, which may include seismic strengthening of foundation cripple walls and affixing or bolting sill plates to the foundation.

(B) All water heaters shall be braced, anchored, or strapped to resist falling or horizontal displacement due to earthquake motion.

(C) Hazard insurance shall be obtained and maintained as

required by the department.

(2) As a condition of receipt of assistance under this section, owners of rental dwellings shall agree, in writing, to all of the restrictions set forth in this subdivision.

(3) The loan shall include an amount sufficient to meet the requirements of subparagraphs (A) and (B) of paragraph (1).

(*l*) Initial rents for rental housing rehabilitated under this section shall not exceed the rent charged immediately prior to the natural disaster. The department may allow for adjustments to the predisaster rents due to cost-of-living increases or increases necessary for debt service.

(m) The department shall adopt regulations establishing terms and conditions upon which repair loans may be made. These regulations shall be made available to the public by the department. The department may set interest rates for individual loans for each disaster at a rate that shall not exceed the rate for veterans' home loans established pursuant to Section 987.87 of the Military and Veterans Code on the date the Governor declares a state of emergency for that disaster, plus up to one-half percent for administrative costs not included in the interest rate. The Department of Housing and Community Development shall prepare an annual audit of administrative costs for the Department of Finance. All loans for each disaster shall bear the same interest rate. The department may also require periodic payments of interest, or principal and interest, or provide incentives for earlier repayment of principal and interest on owner-occupied dwellings. Incentives may include reduction of interest rates to a minimum of 3 percent for repayment that occurs within three years of the closing of the loan.

(n) Prior to full loan approval, the department may make loans not exceeding five thousand dollars ($5,000) per loan to pay for the costs of predevelopment activity which must be undertaken prior to making eligible repairs if, in the opinion of the department, the borrower is unable to pay for these costs in advance of full loan approval. These loans shall bear interest at the rate of 6 percent simple interest per annum and shall be evidenced by a promissory note secured by a deed of trust. At the time of full loan approval, the predevelopment loan shall be canceled, and the principal amount of the loan and all accrued interest shall be included in the amount of the full loan and shall be subject to the same interest rate and terms and conditions as the full loan. For purposes of computing the maximum loan amount, the amount of any predevelopment loan shall be included.

SEC. 4. Section 50671.5 of the Health and Safety Code is amended to read:

50671.5. For the purpose of providing disaster relief to owners of rental housing and the tenants residing in rental housing that was damaged or destroyed as a result of a natural disaster as defined by Section 8680.3 of the Government Code, resulting in a state of emergency proclaimed by the Governor pursuant to Section 8625 of

the Government Code, financial assistance may be provided to disaster victims as prescribed in this chapter under the following special conditions, which shall prevail over conflicting provisions of this chapter and administrative regulations:

(a) (1) Funds may be used to make loans for (A) repair or (B) refinancing in conjunction with repair, of rental housing developments that were damaged or destroyed as a result of the natural disaster. For purposes of this section, "repair" includes reconstruction.

(2) The loans shall only be made in a city, county, or city and county proclaimed by the Governor to be in a state of disaster to assist rental housing developments that are damaged or destroyed by a natural disaster and only to the extent that other federal and state resources, private insurance proceeds, or private institutional lending sources, are not available or do not provide the assistance or coverage needed to rehabilitate or reconstruct that housing.

(3) The loans may be provided (A) to persons who do not qualify for loan assistance from an agency of the United States for repair of the damage caused by a natural disaster, or, (B) to the extent that federally provided or assisted financing may be insufficient to accomplish the necessary repair or would require rent increases above the rent charged for the units prior to the disaster.

(4) As to damaged rental housing, the loan funds shall be used to correct serious, life-threatening violations of the state or local building code or housing standards which are required to be corrected prior to occupancy, and to bring the property into compliance with seismic safety standards. If reconstruction is precluded on the original project site due to documented soil, geological, or other conditions which cannot be mitigated at a reasonable cost or the cost of the repair or reconstruction would exceed 110 percent of the value after reconstruction, the department may approve reconstruction on a comparable site in the immediate neighborhood. However, loan funds shall not be used for acquisition of real property.

(b) (1) Rental housing developments, for this purpose, shall include, but not be limited to, multifamily rental dwellings, apartments, residential hotels, rental mobilehomes, mobilehome parks, group homes for senior citizens or the disabled, buildings of mixed residential rental and commercial use, and buildings of mixed owner-occupant and rental use, that are made available for permanent residency of tenants. Rental housing developments shall contain five or more units. For buildings of mixed residential rental and commercial use, funds may be used for the repair of commercial as well as residential space.

(2) To be eligible for funds under this section, the owner of any rental housing development set forth above, shall have been the owner of record at the time of the natural disaster.

(c) In addition to the other requirements of this chapter, the department may require terms and conditions as it determines

necessary to meet the needs of the disaster area and its victims, to ensure the fiscal integrity of the rental housing development, and to protect the interests of the state. The department shall require that priority in occupancy in any unit assisted pursuant to this section shall be given first to occupants of rental units assisted pursuant to this section who were displaced by the natural disaster or the resulting repair of the assisted rental units. Second priority shall be given to other persons who were displaced from housing as a result of the natural disaster.

(d) In allocating funds, the department shall consider the availability of other resources to assist rental housing and the occupants of that rental housing and shall give priority to those applicants in jurisdictions with the greatest housing need resulting from the disaster and the fewest resources to address those needs. In allocating funds, the department shall also consider the availability of program funds and may give first priority to a loan request for repair only, and second priority to a loan request for refinancing and repair.

(e) (1) The department may waive the maximum loan amounts and per-unit loan amounts established by regulation as it determines necessary to serve the disaster victims. Loans made pursuant to this section for repair shall have a term of up to 20 years. Upon the request of the borrower, the department may permit repayment of the principal amount of any loan provided under this section, or of any interest on that loan, before the end of the loan term. This section shall not be construed to authorize any deferrals on the payment of principal or interest, unless the department determines that temporary deferral is necessary for fiscal integrity or to prevent foreclosure. The deferral period may be extended for an additional 12 months if the extension is authorized by the director.

(2) The department may set interest rates as specified in subdivision (m) of Section 50662.7.

(f) A loan shall not exceed the combined costs of refinancing existing indebtedness and repair. However, the total secured debt in a superior position to the department's loan, plus the department's loan, shall not exceed 100 percent of the after-repair value of the property, except that the department may waive this limitation in individual cases when necessary to ensure correction of serious, life-threatening violations of the state or local building code or housing standards which are required to be corrected prior to occupancy, seismic safety standards, and general property improvements relating to these standards, pursuant to subdivision (a).

(g) Prior to full loan approval, the department may make loans not exceeding five thousand dollars ($5,000) per loan to pay for the costs of predevelopment activity which must be undertaken prior to making eligible repairs if, in the opinion of the department, the borrower is unable to pay for these costs in advance of full loan approval. These loans shall bear interest at the rate of 6 percent

simple interest per annum and shall be evidenced by a promissory note secured by a deed of trust. At the time of full loan approval, the predevelopment loan shall be canceled, and the principal amount of the loan and all accrued interest shall be included in the amount of the full loan and shall be subject to the same interest rate and terms and conditions as the full loan. For purposes of computing the maximum loan amount, the amount of the predevelopment loan shall be included.

(h) Tenants of rental housing developments repaired with assistance provided under this section who are displaced as a result of either the natural disaster or the repair work, or both the natural disaster and the subsequent repair work, shall be entitled to relocation benefits pursuant to, and subject to, the requirements of Section 7265.3 of the Government Code. Sponsors of assisted rental housing developments shall be responsible for providing the benefits and assistance. The costs of the benefits and the assistance provided to tenants shall be eligible for funding by a loan provided pursuant to this section. Benefits and assistance provided hereunder shall not duplicate benefits or assistance for temporary housing received by tenants from any other public source or from insurance proceeds.

(i) The department may make loans directly to owners of rental housing, or contract for the administration of loans under this section with entities that it determines to have the necessary experience to successfully administer the loan program, including, but not limited to, local public agencies and private organizations. The department may authorize, under that contract, the payment of expenses incurred by the entities in administering the loan program and may prescribe the conditions pursuant to which the entities shall administer the loans.

(j) To the extent that any housing unit or other structure that was damaged or destroyed is reconstructed pursuant to this section with substantially the same number of units, it shall be deemed to be "existing housing" for purposes of subdivision (d) of Section 37001.5.

(k) The department may set aside or use funds that are made available for the purposes of this section for the purpose of curing or averting a housing sponsor's default on the terms of any loan or other obligation where that default would jeopardize the financial integrity of a rental housing development or the department's security in the rental housing development assisted pursuant to this section. The payment or advance of funds by the department pursuant to this subdivision shall be exclusively within the department's discretion, and no person shall be deemed to have any entitlement to the payment or advance of those funds. The amount of any funds expended by the department pursuant to this subdivision shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(*l*) Any rule, policy, or standard of general application employed by the Department of Housing and Community Development in implementing the provisions of this section shall not be subject to the

requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(m) The department shall adopt regulations establishing terms and conditions upon which repair loans may be made. These regulations shall be made available to the public by the department.

(n) Fund allocations made pursuant to this section shall not be subject to review or approval by the Local Assistance Loan and Grant Committee of the Department of Housing and Community Development operating pursuant to Subchapter 1 (commencing with Section 6900) of Chapter 6.5 of Title 25 of the California Code of Regulations.

(o) (1) In order to be eligible for one or more loans pursuant to this section, the borrower shall agree to all of the following:

(A) All buildings shall be connected to the foundation systems except those of unreinforced masonry wall construction as necessary to meet the seismic requirements of the 1973 Edition of the Uniform Building Code of the International Conference of Building Officials in a manner approved by the department, which may include seismic strengthening of foundation cripple walls, and affixing or bolting sill plates to the foundation.

(B) For all buildings of unreinforced masonry wall construction, all repairs and seismic retrofits shall comply with earthquake hazard mitigation programs established pursuant to Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2 of the Government Code.

(C) All water heaters shall be braced, anchored, or strapped to resist falling or horizontal displacement due to earthquake motion.

(2) The loans shall include an amount sufficient to meet the requirements of paragraph (1).

SEC. 5. Section 50671.6 is added to the Health and Safety Code, to read:

50671.6. For the purpose of preserving or expanding the supply of rental housing affordable to low- and very low-income tenants in cities or counties affected by a natural disaster as defined by Section 8680.3 of the Government Code, resulting in a state of emergency proclaimed by the Governor pursuant to Section 8625 of the Government Code, financial assistance may be provided as prescribed in this chapter under the following special conditions, which shall prevail over conflicting provisions of this chapter and administrative regulations:

(a) Funds may be used for the purpose of repair or refinancing in conjunction with rehabilitation of rental housing developments. For purposes of this section, rehabilitation may include reconstruction. The loans shall only be made in a city, county, or city and county proclaimed by the Governor to be in a state of disaster and only when the Director of the Department of Housing and Community Development has determined that the disaster has decreased the supply of low-income rental housing. The loan funds may be used to repair disaster related damage, bring the housing into compliance

with applicable health and safety and seismic safety standards, and to make property improvements that are related to that compliance. If reconstruction is precluded on the original project site due to documented soil, geological, or other conditions that cannot be mitigated at a reasonable cost, or the cost of the rehabilitation or reconstruction would exceed 110 percent of the value after reconstruction, the department may approve reconstruction on a comparable site in the immediate neighborhood.

(b) (1) Rental housing developments, for this purpose, shall include, but not be limited to, multifamily rental dwellings, apartments, residential hotels, mobilehome parks, group homes for senior citizens or the disabled, buildings of mixed residential rental and commercial use, and buildings of mixed owner-occupant and rental use that are made available for permanent residency of tenants. Rental housing developments must contain five or more units. For buildings of mixed residential rental and commercial use, funds may be used for costs directly attributable to the residential space or the conversion of commercial space to residential space or a pro-rata share, based on gross floor area mix at the time of the disaster, if costs cannot be directly attributable to either commercial or residential space.

(2) Eligible cost shall include those costs relating to all of the following:

(A) Refinancing of existing debt to the extent necessary to reduce debt service to a level consistent with the provision of affordable rents and the fiscal integrity of the project.

(B) Rehabilitation or reconstruction.

(C) General property improvements that are necessary to correct unsafe, unhealthy, or unsanitary conditions, including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping, and purchase or installation of central air conditioning.

(D) Necessary and related onsite improvements.

(E) Reasonable administrative expenses in connection with the planning and execution of the project, as determined by the department.

(F) Reasonable consulting costs.

(G) Rent-up costs.

(H) Seismic rehabilitation improvements.

(I) Any other costs of rehabilitation authorized by the department.

(3) (A) "Rent-up costs," as used in this section, means costs incurred while a unit is on the housing market but not rented to its first tenant.

(B) "Seismic rehabilitation improvements," as used in this section, means improvements that are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, a structural engineer, or an architect for a particular building that has been identified as hazardous by the city or county

in which the building is located in accordance with the criteria established by the Seismic Safety Commission pursuant to Section 8875.1 of the Government Code or in accordance with a previously adopted city or county seismic safety ordinance adopted pursuant to Section 19163.

(4) Eligible activities, not fundable under the program, shall include those costs relating to both of the following:

(A) Acquisition of property.

(B) Conversion of nonresidential structures to residential use.

(c) The loans need not be made in support of the programs specified in Section 50663.

(d) As a condition of assistance under this section, sponsors of rental housing developments shall agree to the restrictions set forth in this subdivision with respect to assisted units. The proportion of assisted units shall at least be equal to the proportion of project costs financed pursuant to this section to the total after-rehabilitation value of the rental housing development.

(1) For any loan under this section for the rehabilitation of units, the borrower must maintain affordable rent levels for low-income households, as defined by Section 50079.5, for assisted units for the term of the loan.

(2) "Maintain affordable rent levels," as used in this section, means rents may be automatically increased by the sponsor on an annual basis pursuant to increases in the median income of the county in which the rental housing development is located. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the rental housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(3) (A) Upon prior written approval by the department, a sponsor may set income limits for incoming tenants at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement. If a tenant's income exceeds the income limit for a household specified in Section 50079.5, the tenant shall be required to vacate the assisted unit within six months from the date of income recertification or notice to the sponsor of an increase in income over the permissible income level. That period may be extended by the sponsor for an additional six-month period in high cost rental areas with low vacancy rates as determined by the department. Any vacant units shall be rented to eligible households until the required residency by eligible households is attained.

(B) In the case of limited equity housing cooperatives, the provisions of this paragraph shall apply, except that tenants whose incomes, upon recertification, exceed the limit specified in Section

50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(4) Any rental housing development assisted pursuant to this section shall be governed by a regulatory agreement between the sponsor and the department. The agreement shall, at a minimum, contain all of the restrictions set forth in this subdivision. The regulatory agreement shall be recorded, or referenced in a document recorded, in the office of the county recorder for the county in which the rental housing development is located. The regulatory agreement shall be deemed a covenant running with the land and shall be binding upon the sponsor and any and all successors-in-interest in case of sale or transfer of the rental housing development for the original term of the loan, and any extensions thereof, regardless of any prepayment of the loan.

(5) If any unit undergoing rehabilitation or reconstruction pursuant to funding under this section is subject to a currently applicable regulatory agreement between the department and a housing sponsor, that agreement shall prevail over this subdivision.

(6) In addition to the other requirements of this chapter, the department may require terms and conditions as it determines necessary to meet the needs of the disaster area and its victims, to ensure the fiscal integrity of the rental housing development, and to protect the interests of the state. The department shall require that priority in occupancy in any unit assisted pursuant to this section shall be given first to those occupants who were displaced by the natural disaster or the resulting rehabilitation of the assisted rental units. Second priority shall be given to other persons who were displaced from housing as a result of the natural disaster.

(e) (1) When the requirements of subdivision (a) have been met, the department shall announce the availability of funds and accept applications for fund commitments until any deadline established pursuant to subdivision (e) of 50661.5 has expired. Fund commitments shall be based on a ranking of applications, which shall occur at least once for each new disaster. In making this ranking for rental housing developments, priority shall be given to those projects that: (A) serve the greater number of eligible households, as defined in Section 50105, with the lowest incomes; (B) suffered substantial damage as a result of the natural disaster; (C) are located in areas where the housing need is great as determined by the department, taking into consideration, among other factors, low vacancy rates, high market rents, long waiting lists for subsidized housing, the stock of substandard housing, and the potential loss of subsidized rental housing to market-rate housing through demolition, foreclosure, or subsidy termination; (D) complement the implementation of an

existing housing program; (E) maximize private local and other funding sources; and (F) maximize long-term benefits for eligible households, as defined in Sections 50079.5 and 50105.

(2) The department shall also evaluate the capability of the sponsor to rehabilitate, own, and manage the rental housing development.

(f) (1) The department may waive the maximum loan amounts and per-unit loan amounts established by regulation as it determines necessary to serve the disaster victims. Loans made pursuant to this section for rehabilitation, shall have a term of up to 20 years. Loans made pursuant to this section for rehabilitation, or refinancing and rehabilitation shall have a term of up to 30 years.

(2) Upon request of the sponsor, the department may permit repayment of a sponsor's loan on the basis of net cash-flow. The department shall develop a prepayment plan in conjunction with the sponsor that shall ensure the maintenance of affordable rents and the fiscal integrity of the rental housing development. As an incentive to encourage the prepayment of loans, the department may permit the sponsor to retain one-half of the net cash-flow. The department shall determine the method for calculating net cash-flow, which may include a factor for excess debt service coverage or a return on cash investment to the sponsor.

(3) Principal and accumulated interest is due and payable upon completion of the term of the loan. The loan shall bear interest at the rate of three percent per annum on the unpaid principal balance. However, the department shall reduce or eliminate interest payments on a loan for any year or, alternatively, defer interest until the deferred payment loan is repaid, if necessary to provide affordable rents to households of very low-income and low-income. The ability to pay all or part of the three percent simple annual interest shall not be considered in determining the fiscal integrity of the rental housing development at the time of the rating and ranking of an application.

(g) When a loan will be used in conjunction with federal or other state housing assistance or tax credits, and a conflict exists between the other state or federal program requirements and this chapter with regard to determining maximum allowable rents, the requirements of this chapter may be waived only to the extent necessary to permit the federal or other state financial participation or eligibility for tax credits.

(h) Tenants of rental housing developments rehabilitated with assistance provided under this section who are displaced as a result of either the rehabilitation work, or both the natural disaster and the subsequent rehabilitation work, shall be entitled to relocation benefits pursuant to, and subject to, the requirements of Section 7265.3 of the Government Code. The costs of the benefits and the assistance provided to tenants shall be eligible for funding by a loan provided pursuant to this section. Benefits and assistance provided hereunder shall not duplicate benefits or assistance for temporary

housing received by tenants from any other public source or from insurance proceeds.

(i) The department may make loans directly to owners of rental housing, or contract for the administration of loans under this section with entities that it determines to have the necessary experience to successfully administer the loan program, including, but not limited to, local public agencies and private organizations. The department may authorize, under that contract, the payment of expenses incurred by the entities in administering the loan program and may prescribe the conditions pursuant to which the entities shall administer the loans.

(j) To the extent that any housing unit or other structure that was damaged or destroyed is reconstructed pursuant to this section with substantially the same number of units, it shall be deemed to be "existing housing" for purposes of subdivision (d) of Section 37001.5.

(k) Any rule, policy, or standard of general application employed by the Department of Housing and Community Development in implementing this section shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(*l*) The department shall adopt regulations establishing terms and conditions upon which repair loans may be made. These regulations shall be made available to the public by the department.

(m) Fund allocations made pursuant to this section shall not be subject to review or approval by the Local Assistance Loan and Grant Committee of the Department of Housing and Community Development operating pursuant to Subchapter 1 (commencing with Section 6900) of Chapter 6.5 of Title 25 of the California Code of Regulations.

(n) (1) In order to be eligible for one or more loans pursuant to this section, the borrower shall agree to all of the following:

(A) All buildings shall be connected to the foundation systems, except those of unreinforced masonry wall construction, as necessary to meet the seismic requirements of the 1973 Edition of the Uniform Building Code of the International Conference of Building Officials in a manner approved by the department, that may include seismic strengthening of foundation cripple walls, and affixing or bolting sill plates to the foundation.

(B) For all buildings of unreinforced masonry wall construction, all repairs and seismic retrofits shall comply with earthquake hazard mitigation programs established pursuant to Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2 of the Government Code.

(C) All water heaters shall be braced, anchored, or strapped to resist falling or horizontal displacement due to an earthquake motion.

(2) The loans shall include an amount sufficient to meet the requirements of paragraph (1).

SEC. 6. Section 51320 of the Health and Safety Code is amended

to read:

51320. The agency may make or purchase loans for the following purposes:

(a) To finance the acquisition, construction, or development of mobilehome parks that meet either of the following criteria:

(1) Are cooperatively owned by persons and families of low and moderate income.

(2) Consist of lots that will be purchased or rented primarily by persons and families of low and moderate income. However, if subsidies are available, the costs of renting spaces and making mortgage payments on manufactured housing shall be affordable to those persons of low income residing within the park. In the event of a mobilehome park owned by a nonprofit corporation which will own the lots and the mobilehomes, the loans may include financing of park acquisition, construction, or development and manufactured housing acquisition.

(b) To finance the purchase of manufactured housing to be placed in a mobilehome park which is financed pursuant to subdivision (a).

(c) For the purposes of this chapter, "loan" shall include lease-purchase financing.

SEC. 7. Section 51321 is added to the Health and Safety Code, to read:

51321. Subject to the limitations of this chapter, the agency may, in addition to any other power conferred by this part, issue revenue bonds as provided in Chapter 7 (commencing with Section 51350) to finance the making or purchase of loans made for the purposes described in Section 51320.

SEC. 8. Section 51321.3 is added to the Health and Safety Code, to read:

51321.3. For the purposes of this chapter, the agency shall have the power to issue its bonds to defray, in whole or in part, the costs of studies and surveys, insurance premiums, underwriting fees, legal, accounting, and marketing services incurred in connection with the issuance and sale of bonds, including bond and mortgage reserve accounts, trustee, custodian, and rating agency fees, and other costs reasonably related to the foregoing.

SEC. 9. Section 51321.6 is added to the Health and Safety Code, to read:

51321.6. Subject to the provisions of this part, the agency may insure or guarantee loans made for the purposes described in Section 51320.

SEC. 10. Section 2 of Chapter 1355 of the Statutes of 1987, as amended by the Section 4 of Chapter 259 of the Statutes of 1991, is amended to read:

Sec. 2. (a) The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the Homeownership Assistance Fund to the Department of Housing and Community Development for disbursement to the nonprofit corporation established pursuant to Part 6.2 (commencing with Section 52535) of Division 31 of the

Health and Safety Code, pursuant to a contract between the department and the nonprofit corporation limiting use of these moneys to the startup and initial operating costs of the corporation.

(b) The moneys appropriated by this section shall be deemed an advance to be fully repaid by the provision of in-kind services providing assistance to the state or other governmental entities in California in housing element law compliance pursuant to Article 10.6 (commencing with Section 65590) of Chapter 3 of Division 1 of Title 7 of the Government Code, or by the provision of affordable housing, as determined or approved by the Director of Housing and Community Development. The nonprofit corporation established pursuant to Part 6.2 (commencing with Section 52535) of Division 31 of the Health and Safety Code shall provide the Director of Housing and Community Development with any and all information or reports reasonably necessary or required to verify that appropriate in-kind services were in fact provided by the nonprofit corporation.

(c) The Director of Housing and Community Development is authorized, in his or her sole discretion, to credit the nonprofit corporation for the in-kind services already provided by the nonprofit corporation to the state or to other governmental entities in California.

SEC. 11. Item 3790-304-786 is added to Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993), to read:

CALIFORNIA WILDLIFE, COASTAL, AND PARK LAND CONSERVATION PROGRAM

3790-304-786—For capital outlay, Department of Parks and Recreation, payable from the California Wildlife, Coastal, and Park Land Conservation Fund of 1988 100,000

Schedule:

(1) Marconi Conference Center SHP: Seismic Stabilization/ Restoration of Historic Buildings listed on the National Register.

Provisions:

1. Funds appropriated in category (1) of this item will be used on Historic Buildings on the National Register and shall be matched with by at least 50 percent of private or nonstate funds.

CHAPTER 1106

An act to amend Sections 10290, 12100, 12101, and 12102 of, and to add Sections 10290.1, 12100.7, 12101.2, and 12101.5 to, the Public Contract Code, relating to state contracts.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 10290 of the Public Contract Code is amended to read:

10290. As used in this chapter:

(a) "Department" means the Department of General Services.

(b) "Director" means the Director of General Services.

(c) "Centralized purchasing" means the purchase for state agencies of materials, supplies, and equipment by the Office of Procurement.

(d) "Office" means the Office of Procurement in the Department of General Services.

(e) "Price schedule" means an agreement between the Office of Procurement and a vendor under which the vendor agrees to accept orders from the office or a state agency for a commodity or commodities at set prices for a specified period of time but which does not obligate the office or state agencies to purchase the commodity or commodities from the vendor.

(f) "Regional commodities contract" means a commodities contract of the same type as a statewide commodities contract but applicable only to purchases in a particular area or region of the state.

(g) "Statewide commodities contract" means a contract awarded by the Office of Procurement to a vendor or vendors for the purchase of a commodity or commodities for a period of time, at a price, and in an amount set forth in the contract.

(h) "Multiple award" means a contract of indefinite quantity for one or more similar goods to more than one vendor.

(i) "Multiple award schedule" (MAS) is an agreement established between the General Services Administration of the United States and certain vendors to do business under specific prices, terms, and conditions for specified goods and services.

SEC. 1.3. Section 10290.1 is added to the Public Contract Code, to read:

10290.1. Notwithstanding any other provision of law, in exercising their delegation of procurement authority from the Department of General Services, state agencies may place purchase orders, in an amount not to exceed twenty thousand dollars ($20,000) per transaction, with vendors who have multiple award schedules with the General Services Administration of the United States if the vendor is willing to extend those terms, conditions, and prices. The

department may also develop multiple award agreements for use by state agencies in the same manner.

SEC. 1.5. Section 12100 of the Public Contract Code is amended to read:

12100. The Legislature finds that the unique aspects of electronic data processing systems and telecommunications systems and the importance of those systems to state programs warrant a separate acquisition authority for electronic data processing and telecommunications goods and services. The Legislature further finds that this separate authority should enable the timely acquisition of goods and services in order to meet the state's needs in the most value-effective manner.

All contracts for the acquisition of electronic data processing or telecommunications services and all contracts for the acquisition of electronic data processing or telecommunications goods, whether by lease or purchase, shall be made by or under the supervision of the Department of General Services.

SEC. 2. Section 12100.7 is added to the Public Contract Code, to read:

12100.7. For purposes of this chapter, "value-effective acquisition" may be defined to include, but not be limited to, the following:

(a) The operational cost that the state would incur if the bid or proposal is accepted.

(b) Quality of the product or service, or its technical competency.

(c) Reliability of delivery and implementation schedules.

(d) The maximum facilitation of data exchange and systems integration.

(e) Warranties, guarantees, and return policy.

(f) Vendor financial stability.

(g) Consistency of the proposed solution with the state's planning documents and announced strategic program direction.

(h) Quality and effectiveness of business solution and approach.

(i) Industry and program experience.

(j) Prior record of vendor performance.

(k) Vendor expertise with engagements of similar scope and complexity.

(*l*) Extent and quality of the proposed participation and acceptance by all user groups.

(m) Proven development methodologies and tools.

(n) Innovative use of current technologies and quality results.

SEC. 3. Section 12101 of the Public Contract Code is amended to read:

12101. It is the intent of the Legislature that policies developed by the Department of Finance and procedures developed by the Department of General Services in accordance with Section 12102 provide for:

(a) The expeditious and value-effective acquisition of electronic data processing and telecommunications goods and services to satisfy

state requirements.

(b) The acquisition of electronic data processing and telecommunications goods and services within a competitive framework.

(c) The delegation of authority by the Department of General Services to each state agency that has demonstrated to the department's satisfaction the ability to conduct value-effective electronic data processing and telecommunications goods and services acquisitions.

(d) The exclusion from state bid processes, at the state's option, of any vendor having failed to meet prior contractual requirements related to electronic data processing or telecommunications goods and services.

(e) The review and resolution of protests submitted by a vendor or vendors with respect to any electronic data processing or telecommunications goods and services acquisitions.

SEC. 4. Section 12101.2 is added to the Public Contract Code, to read:

12101.2. Commencing on January 1, 1994, the department shall prenegotiate the repetitively used terms and conditions in the state's model contract with each interested vendor who bids or proposes on electronic data processing or telecommunications procurements. The contract language shall be kept on file, as a matter of public record, and shall remain operational until either the state or the vendor provides 30 days' notice to the other party that new negotiations are deemed appropriate.

If, for a particular procurement, the state seeks to make any further changes to either the negotiated or the standard contract language, or both, it shall identify those changes to each bidder or proposer prior to the due date for the bid or proposal. If for a particular procurement, a bidder or proposer seeks to propose a negotiated change or standard contract language change, it shall make this identification within the timeframe identified in the solicitation document.

SEC. 5. Section 12101.5 is added to the Public Contract Code, to read:

12101.5. (a) It is the intent of the Legislature that agencies of the State of California utilize an acquisition method that is compatible with their short- and long-term fiscal needs in contracts relating to commodities and electronic data processing and telecommunications goods and services. State agencies should be able to specify their anticipated life cycle requirements that would become one of the criteria for procurement selection. These agencies should be given the choice of vendors to meet statewide standardization needs, unique service requirements, application requirements, and long-term satisfaction criteria. There is a need for the State of California to enter into long-term contracts with annual cancellation and fund out clauses, as required, to protect the state's interests as well as provide the option for multiyear renewals to

encourage vendors to develop higher levels of service and support throughout the contracts.

(b) The state may utilize multiple awards including federal General Service Administration Multiple Awards Schedules in procurements for commodities and electronic data processing and telecommunications goods; master services agreements for electronic data processing personal services; master agreements for equipment; and master equipment services agreements. For purposes of this subdivision, a multiple award is an award of an indefinite quantity contract for one or more similar goods to more than one vendor. Except for possible multiple awards as permitted by this subdivision, all the requirements of this chapter pertaining to other types of electronic data processing and telecommunications procurements shall be followed. The Department of General Services shall ensure that multiple award schedules are in compliance with all other applicable statutes.

Notwithstanding any other provision of law, state agencies, in exercising their delegation of procurement authority from the Department of General Services, may make awards to vendors, in an amount not to exceed two hundred fifty thousand dollars ($250,000) per transaction, who have multiple award schedules with the General Services Administration of the United States on the same terms, conditions, and prices if the vendor is willing to do so. The department may also develop multiple award agreements for use by state agencies in the same manner.

SEC. 6. Section 12102 of the Public Contract Code is amended to read:

12102. The Department of Finance and the Department of General Services shall maintain, in the State Administrative Manual, policies and procedures governing the acquisition and disposal of electronic data processing and telecommunications goods and services.

(a) Acquisition of electronic data processing and telecommunications goods and services shall be conducted through competitive means, except when the Director of General Services determines that (1) the goods and services proposed for acquisition are the only goods and services which can meet the state's need, or (2) the goods and services are needed in cases of emergency where immediate acquisition is necessary for the protection of the public health, welfare, or safety. The acquisition mode to be used and the procedure to be followed shall be approved by the Director of General Services. The Department of General Services shall maintain, in the State Administrative Manual, appropriate criteria and procedures to ensure compliance with the intent of this chapter. These criteria and procedures shall include acquisition and contracting guidelines to be followed by state agencies with respect to the acquisition of electronic data processing and telecommunications goods and services. These guidelines may be in the form of standard formats or model formats.

(b) Contract awards for all large-scale systems integration projects shall be based on the proposal that provides the most value-effective solution to the state's requirements, as determined by the evaluation criteria contained in the solicitation document. Evaluation criteria for procurement of electronic data processing and telecommunications services, including systems integration, shall provide for the selection of a vendor on an objective basis not limited to cost alone.

(1) The Department of General Services shall invite active participation, review, advice, comment, and assistance from the private sector and state agencies in developing procedures to streamline and to make the acquisition process more efficient, including but not limited to consideration of comprehensive statements in the request for proposals of the business needs and governmental functions, access to studies, planning documents, feasibility study reports and draft requests for proposals applicable to procurements, minimizing the time and cost of the proposal submittal and selection process, and development of a procedure for submission and evaluation of a single rather than multiple proposals.

(2) Solicitations for acquisitions based on evaluation criteria other than cost alone shall provide that sealed cost proposals shall be submitted and that they shall be opened at a time and place designated in the solicitation for bids and proposals. Evaluation of all criteria, other than cost, shall be completed prior to the time designated for public opening of cost proposals, and the results of the completed evaluation shall be published immediately before the opening of cost proposals. The state's contact person for administration of the procurement shall be identified in the solicitation for bids and proposals, and that person shall execute a certificate under penalty of perjury, which shall be made a permanent part of the official procurement file, that all cost proposals received by the state have been maintained sealed and under lock and key until the time cost proposals are opened.

(c) The acquisition of hardware purchased independently of a system integration project may be made on the basis of lowest cost meeting all other specifications.

(d) Whenever an acquisition is based upon cost alone, so that the award of a contract, purchase order, or delegated purchase order is made to the lowest responsible bidder meeting the specifications, the 5 percent small business preference provided for in Chapter 6.5 (commencing with Section 14835) of Part 5.5 of Division 3 of Title 2 of the Government Code and the regulations implementing that chapter shall be accorded to all qualifying small businesses.

(e) For all transactions formally advertised, evaluation of bidders' proposals for the purpose of determining contract award for electronic data processing and telecommunications goods shall provide for consideration of a bidder's best financing alternatives, including lease or purchase alternatives, if any bidder so requests, not less than 30 days prior to the date of final bid submission, unless the

acquiring agency can prove to the satisfaction of the Department of General Services that a particular financing alternative should not be so considered.

(f) Acquisition authority may be delegated by the Director of General Services to any state agency which has been determined by the Department of General Services to be capable of effective use of that authority. This authority may be limited by the Department of General Services. Acquisitions conducted under delegated authority shall be reviewed by the Department of General Services on a selective basis.

(g) To the extent practical, the solicitation documents shall provide for a contract to be written to enable acquisition of additional items to avoid essentially redundant acquisition processes when it can be determined that it is economical to do so.

Further, it is the intent of the Legislature that, if a state electronic data-processing advisory committee or a state telecommunications advisory committee is established by the Governor, the Director of Finance, or the Director of General Services, the policies and procedures developed by the Director of Finance and the Director of General Services in accordance with this chapter shall be submitted to that committee, including vendor representatives, for review and comment, and that the comment be considered by both departments prior to the adoption of any policy or procedure. It is also the intent of the Legislature that this section shall apply to the Department of General Services Information Technology Customer Council.

(h) Protest procedures shall be developed to provide bidders an opportunity to protest formally with respect to any acquisition conducted in accordance with this chapter. The procedures shall provide that protests must be filed no later than five working days after the issuance of an intent to award. Authority to protest may be limited to participating bidders. The Director of General Services, or a person designated by the director, may consider and decide on initial protests. A decision regarding an initial protest shall be final. If prior to the last day to protest, any vendor who has submitted an offer files a protest with the department against the awarding of the contract or purchase order on the ground that his or her bid or proposal should have been selected in accordance with the selection criteria in the solicitation document, the contract or purchase order shall not be awarded until either the protest has been withdrawn or the State Board of Control has made a final decision as to the action to be taken relating to the protest. Within 10 calendar days after filing a protest, the protesting vendor shall file with the State Board of Control a full and complete written statement specifying in detail the grounds of the protest and the facts in support thereof.

(i) Electronic data processing and telecommunications goods which have been determined to be surplus to state needs shall be disposed of in a manner which will best serve the interests of the state. Procedures governing the disposal of surplus goods may

include auction or transfer to local governmental entities.

(j) A vendor may be excluded from bid processes if the vendor's performance with respect to a previously awarded contract has been unsatisfactory, as determined by the state in accordance with established procedures which shall be maintained in the State Administrative Manual. This exclusion may not exceed 360 calendar days for any one determination of unsatisfactory performance. Any vendor excluded in accordance with this section shall be reinstated as a qualified vendor at any time during this 360-day period, upon demonstrating to the department's satisfaction that the problems which resulted in the vendor's exclusion have been corrected.

CHAPTER 1107

An act to amend Section 12657 of, and to add Sections 12670.2, 12670.3, and 12670.4 to, the Water Code, relating to water.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 12657 of the Water Code is amended to read:

12657. (a) Except as otherwise provided in Chapter 1 (commencing with Section 12570) and this chapter, the Reclamation Board shall give assurances satisfactory to the Secretary of the Army that the local cooperation, required by Section 3 of the act of Congress approved December 22, 1944 (Public Law 534, 78th Congress, Second Session), Section 2 of the act of Congress approved August 18, 1941 (Public Law 228, 78th Congress, First Session), and Section 103 of the act of Congress approved November 17, 1986 (Public Law 99-662, 99th Congress, Second Session) will be furnished by the state in connection with the flood control projects authorized and adopted in Sections 12648, 12648.1, 12648.2, 12648.3, 12648.4, 12648.5, 12648.6, 12648.7, 12649.1, 12650, 12651, 12652, 12654, 12656.5, 12666, 12667, and 12670.2, and on any flood control projects on any stream flowing into or in the Sacramento Valley or the San Joaquin Valley heretofore or hereafter approved and authorized by Congress.

(b) Assurances provided pursuant to subdivision (a) shall not be made until the local agency has, by binding agreement with the Reclamation Board, agreed to assume all obligations under Sections 12585 to 12585.5, inclusive.

SEC. 2. Section 12670.2 is added to the Water Code, to read:

12670.2. (a) The project for flood protection on the Sacramento River for the City of West Sacramento is adopted and authorized substantially in accordance with the recommendations of the Chief

of Engineers, in the report "Sacramento Metro Area, California" dated June 29, 1992, and as adopted and authorized by the act of Congress approved October 31, 1992 (Public Law 102-580), at an estimated cost to the state of the sum that may be appropriated by the Legislature for state participation, upon the recommendation and advice of the department or the Reclamation Board.

(b) The department or the Reclamation Board may pay 50 percent of the nonfederal capital costs of the recreation and fish and wildlife enhancement features of the project.

SEC. 3. Section 12670.3 is added to the Water Code, to read:

12670.3. The City of West Sacramento, or a joint power authority formed by the City of West Sacramento and Reclamation Districts 537 and 900, may, in lieu of the Reclamation Board, give assurances satisfactory to the Secretary of the Army that the local cooperation required by the Water Resources Development Act of 1992 (Public Law 102-580) will be furnished in connection with the project for flood control adopted and authorized in Section 12670.2.

SEC. 4. Section 12670.4 is added to the Water Code, to read:

12670.4. The City of West Sacramento, or joint power authority formed by the City of West Sacramento and Reclamation Districts 537 and 900, in conjunction with the Department of the Army, may, in lieu of the Reclamation Board, carry out the plans and project referred to in Section 12670.2 and may make modification and amendments to the plans as may be necessary to carry out the plans for the purposes of Chapter 1 (commencing with Section 12570) and this chapter.

CHAPTER 1108

An act to amend Sections 25520, 25523, 25540.6, and 25541 of, and to add Section 25523.5 to, the Public Resources Code, relating to energy resources.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25520 of the Public Resources Code is amended to read:

25520. The application shall contain all of the following information and any other information that the commission by regulation may require:

(a) A detailed description of the design, construction, and operation of the proposed facility.

(b) Safety and reliability information, including, in addition to documentation previously provided pursuant to Section 25511, planned provisions for emergency operations and shutdowns.

(c) Available site information, including maps and descriptions of present and proposed development and, as appropriate, geological, aesthetic, ecological, seismic, water supply, population, and load center data, and justification for the particular site proposed.

(d) Any other information relating to the design, operation, and siting of the facility that the commission may specify.

(e) A statement of need providing information showing compatibility of the proposed facility with the most recent electricity report issued by the commission pursuant to Sections 25305 to 25308, inclusive, or, where applicable, information pertinent to Section 25523.5 regarding the conformity of a competitive solicitation for new generation resources with the integrated assessment of need for new resource additions determined pursuant to subdivisions (a) to (f), inclusive, of Section 25305 and adopted pursuant to Section 25308, and in effect at the time that the competitive solicitation for new generation resources, as described in subdivision (f) of Section 25523, was developed.

(f) A description of the facility, the cost of the facility, the fuel to be used, the source of fuel, fuel cost, plant service life and capacity factor, and generating cost per kilowatt hour.

(g) A description of any electric transmission lines, including the estimated cost of the proposed electric transmission line; a map in suitable scale of the proposed routing showing details of the rights-of-way in the vicinity of settled areas, parks, recreational areas, and scenic areas, and existing transmission lines within one mile of the proposed route; justification for the route, and a preliminary description of the effect of the proposed electric transmission line on the environment, ecology, and scenic, historic, and recreational values.

SEC. 2. Section 25523 of the Public Resources Code is amended to read:

25523. The commission shall prepare a written decision after the public hearing on an application, which includes all of the following:

(a) Specific provisions relating to the manner in which the proposed facility is to be designed, sited, and operated in order to protect environmental quality and assure public health and safety.

(b) In the case of a site to be located in the coastal zone, specific provisions to meet the objectives of Division 20 (commencing with Section 30000) as may be specified in the report submitted by the California Coastal Commission pursuant to subdivision (d) of Section 30413, unless the commission specifically finds that the adoption of the provisions specified in the report would result in greater adverse effect on the environment or that the provisions proposed in the report would not be feasible.

(c) In the case of a site to be located in the Suisun Marsh or in the jurisdiction of the San Francisco Bay Conservation and Development Commission, specific provisions to meet the requirements of Division 19 (commencing with Section 29000) of this code or Title 7.2 (commencing with Section 66600) of the Government Code as

may be specified in the report submitted by the San Francisco Bay Conservation and Development Commission pursuant to subdivision (d) of Section 66645 of the Government Code, unless the commission specifically finds that the adoption of the provisions specified in the report would result in greater adverse effect on the environment or the provisions proposed in the report would not be feasible.

(d) (1) Findings regarding the conformity of the proposed site and related facilities with standards adopted by the commission pursuant to Section 25216.3 and subdivision (d) of Section 25402, with public safety standards and the applicable air and water quality standards, and with other relevant local, regional, state, and federal standards, ordinances, or laws. If the commission finds that there is noncompliance with any state, local, or regional ordinance or regulation in the application, it shall consult and meet with the state, local, or regional governmental agency concerned to attempt to correct or eliminate the noncompliance. If the noncompliance cannot be corrected or eliminated, the commission shall inform the state, local, or regional governmental agency if it makes the findings required by Section 25525.

(2) The commission shall not find that the proposed facility conforms with applicable air quality standards pursuant to paragraph (1) unless the applicable air pollution control district or air quality management district certifies that complete emissions offsets for the proposed facility have been identified and will be obtained by the applicant prior to the commission's licensing of the project, to the extent that the proposed facility requires emission offsets to comply with local, regional, state, or federal air quality standards.

(e) Provision for restoring the site as necessary to protect the environment, if the commission denies approval of the application.

(f) Findings regarding the conformity of the proposed facility with the integrated assessment of need for new resource additions determined pursuant to subdivisions (a) to (f), inclusive, of Section 25305 and adopted pursuant to Section 25308 or, where applicable, findings pursuant to Section 25523.5 regarding the conformity of a competitive solicitation for new generation resources with the integrated assessment of need for new resource additions determined pursuant to subdivisions (a) to (f), inclusive, of Section 25305 and adopted pursuant to Section 25308 that was in effect at the time that the solicitation was developed.

(g) In the case of a geothermal site and related facility, findings on whether there are sufficient commercial quantities of geothermal resources available to operate the proposed facility for its planned life.

(h) In the case of a site and related facility using resource recovery (waste-to-energy) technology, specific conditions requiring that the facility be monitored to ensure compliance with paragraphs (1), (2), (3), and (6) of subdivision (a) of Section 42315 of the Health and Safety Code.

(i) In the case of a facility, other than a resource recovery facility

subject to subdivision (h), specific conditions requiring the facility to be monitored to ensure compliance with toxic air contaminant control measures adopted by an air pollution control district or air quality management district pursuant to subdivision (d) of Section 39666 or Section 41700 of the Health and Safety Code, whether the measures were adopted before or after issuance of a determination of compliance by the district.

SEC. 3. Section 25523.5 is added to the Public Resources Code, to read:

25523.5. The commission shall make an affirmative finding pursuant to subdivision (f) of Section 25523 if the proposed facility is either of the following:

(a) The result of the Public Utilities Commission's Final Standard Offer No. 4 auction on the Request for Bids issued in August 1993.

(b) The result of a utility's competitive solicitation for new generation resources which limits the amount of new generation to an amount of capacity or energy at or below the amount of capacity or energy determined to be needed for the utility through the integrated assessment of need for new resource additions determined pursuant to subdivisions (a) to (f), inclusive, of Section 25305 and adopted pursuant to Section 25308, and in effect at the time that the solicitation was developed, provided that the application for certification for the proposed facility is filed within 18 months after contracts have been executed from the utility's competitive solicitation.

SEC. 4. Section 25540.6 of the Public Resources Code is amended to read:

25540.6. (a) Notwithstanding any other provision of law, no notice of intention is required, and the commission shall issue its final decision on the application, as specified in Section 25523, within 12 months after the filing of the application for certification of the powerplant and related facility or facilities, or at any later time as is mutually agreed by the commission and the applicant, for any of the following:

(1) A thermal powerplant which will employ cogeneration technology, a thermal powerplant which is the result of a competitive solicitation or negotiation for new generation resources and will employ natural gas-fired technology, or a solar thermal powerplant.

(2) A modification of an existing facility.

(3) A thermal powerplant which it is only technologically or economically feasible to site at or near the energy source.

(4) A thermal powerplant with a generating capacity of up to 100 megawatts.

(5) A thermal powerplant designed to develop or demonstrate technologies which have not previously been built or operated on a commercial scale. Such a research, development, or commercial demonstration project may include, but is not limited to, the use of renewable or alternative fuels, improvements in energy conversion

efficiency, or the use of advanced pollution control systems. Such a facility may not exceed 300 megawatts unless the commission, by regulation, authorizes a greater capacity. Section 25524 does not apply to such a powerplant and related facility or facilities.

(b) Projects exempted from the notice of intention requirement pursuant to paragraph (1), (4), or (5) of subdivision (a) shall include, in the application for certification, a discussion of the applicant's site selection criteria, any alternative sites that the applicant considered for the project, and the reasons why the applicant chose the proposed site. That discussion shall not be required for cogeneration projects at existing industrial sites. The commission may also accept an application for a noncogeneration project at an existing industrial site without requiring a discussion of site alternatives if the commission finds that the project has a strong relationship to the existing industrial site and that it is therefore reasonable not to analyze alternative sites for the project.

SEC. 5. Section 25541 of the Public Resources Code is amended to read:

25541. The commission may exempt from this chapter thermal powerplants with a generating capacity of up to 100 megawatts and modifications to existing generating facilities which do not add capacity in excess of 100 megawatts, if the commission finds both of the following:

(a) No substantial adverse impact on the environment or energy resources will result from the construction or operation of the proposed facility or from the modifications.

(b) Generating capacity will not be added which is substantially in excess of the integrated assessment of need for new resource additions determined pursuant to subdivisions (a) to (f), inclusive, of Section 25305 and adopted pursuant to Section 25308 which would be applicable to the project pursuant to subdivision (f) of Section 25523.

CHAPTER 1109

An act to amend Sections 6073, 6285, 6452, and 6593 of, and to add Sections 6071.1, 6487.2, and 6592.5 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6071.1 is added to the Revenue and Taxation Code, to read:

6071.1. (a) A permitholder who fails to surrender a seller's permit upon transfer of a business shall be liable for any tax, interest,

and penalty incurred by the transferee if the permitholder has actual or constructive knowledge that the transferee is using the permit in any manner. The predecessor's liability shall be limited to the quarter in which the business is transferred, and the three subsequent quarters.

(b) The limitation on liability provided for in subdivision (a) shall not apply in cases where, after the transfer, 80 percent or more of the real or ultimate ownership of the business transferred is held by the predecessor.

(c) For purposes of this section, stockholders, bondholders, partners, or other persons holding an ownership interest in a corporation or other entity shall be regarded as having the "real or ultimate ownership" of the property of the corporation or other entity.

SEC. 2. Section 6073 of the Revenue and Taxation Code is amended to read:

6073. (a) (1) When the board determines it is necessary for the efficient administration of this part, the board may require the operator of a swap meet, flea market, or special event as a prerequisite to renting or leasing space on the premises owned or controlled by that operator to a person desiring to engage in or conduct business as a seller, to obtain written evidence that the seller is the holder of a valid seller's permit issued pursuant to Section 6067, or a written statement from the seller that he or she is not offering for sale any item that is taxable under this part or is otherwise not required to hold a valid seller's permit.

(2) In providing the board with documentation required by the board pursuant to paragraph (1), an operator of a swap meet, flea market, or special event may require each person desiring to engage in or conduct business as a seller at that swap meet, flea market, or special event to provide his or her driver's license number to the operator on a form authorized by the board or under Section 6073.1.

(b) At any time as the board may specify in a written notice, but in no case more than three times in a calendar year, the board may require an operator to submit to the board a list of vendors conducting business on their premises as a seller. Each listing shall be provided to the board within 30 days after the date of the board's notice. The list shall contain the name and seller's permit number for permitholders and the name, address, and driver's license number for vendors who do not have seller's permits. Records shall be retained as provided in Section 7053.

(c) "Swap meet, flea market, or special event," as used in this section, means an activity involving a series of sales sufficient in number, scope and character to constitute a regular course of business, or any event at which two or more persons offer tangible personal property for sale or exchange and at which a fee is charged for the privilege of displaying the property for sale or exchange or at which a fee is charged to prospective buyers for admission to the area where the property is offered or displayed for sale or exchange.

(d) Any operator of a swap meet, flea market, or special event who fails or refuses to comply with this section is subject to a penalty not exceeding one thousand dollars ($1,000) for each offense.

SEC. 3. Section 6285 of the Revenue and Taxation Code is amended to read:

6285. There are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of a mobilehome or commercial coach required to be registered annually under the Health and Safety Code, or of a vehicle required to be registered under the Vehicle Code, or of a vehicle subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code, or of a vessel or an aircraft, when either of the following occurs:

(a) The person selling the property is either the parent, grandparent, child, grandchild, or spouse, or the brother or sister if the sale between that brother or sister is between two minors related by blood or adoption, of the purchaser, and the person selling is not engaged in the business of selling the type of property for which the exemption is claimed.

(b) The sale is to a revocable trust in which all of the following occur:

(1) The seller has an unrestricted power to revoke the trust.

(2) The sale does not result in any change in the beneficial ownership of the property.

(3) The trust provides that upon revocation the property will revert wholly to the seller.

(4) The only consideration for the sale is the assumption by the trust of an existing loan for which the tangible personal property being transferred is the sole collateral for the assumed loan.

SEC. 4. Section 6452 of the Revenue and Taxation Code is amended to read:

6452. (a) On or before the last day of the month following each quarterly period of three months, a return for the preceding quarterly period shall be filed with the board in the form as the board may prescribe.

(b) (1) For purposes of the sales tax, a return shall be filed by every seller and also by every person who is liable for the sales tax under this part. For purposes of the use tax, a return shall be filed by every retailer engaged in business in this state and by every person purchasing tangible personal property, the storage, use, or other consumption of which is subject to the use tax, who has not paid the use tax due to a retailer required to collect the tax. Returns shall be signed by the person required to file the return or by his or her duly authorized agent but need not be verified by oath. If a return is prepared by a paid preparer, that preparer shall enter his or her name, social security number, and business name and address in the space provided on the return. Any paid preparer who fails to provide the information specified by the preceding sentence shall be subject to a fifty dollar ($50) fine for each failure to provide that information.

(2) For purposes of paragraph (1), "paid preparer" means any person who for compensation prepares, or employs one or more persons to prepare, any sales and use tax return required to be filed under this part. For purposes of this paragraph, the preparation of a substantial portion of any sales and use tax return required to be filed under this part shall be considered the equivalent of preparing that return in its entirety. A person is not a "paid preparer" as defined in this paragraph solely by reason of doing any of the following:

(A) Furnishing typing, reproduction, or other mechanical assistance.

(B) Preparing in a fiduciary capacity a return for any other person.

(c) Any retailer or other person who fails or refuses to furnish any return required to be made, or who fails or refuses to furnish a supplemental return or other data required by the board, is guilty of a misdemeanor punishable as provided in Section 7153.

SEC. 5. Section 6487.2 is added to the Revenue and Taxation Code, to read:

6487.2. (a) A notice of determination issued pursuant to Section 6486, 6515, or 6536 to an individual who was a general partner, as shown on the board's records, and who, prior to the period covered by the determination, withdrew from the partnership, causing a change in ownership, and failed to notify the board, shall be mailed within four years after the last day of the calendar month following the quarterly period in which the change of ownership occurred.

(b) An individual who was a general partner, as shown on the board's records, who withdraws from a partnership without notifying the board of the change in ownership, shall not be liable for any unpaid, self-assessed liability of the partnership that becomes due at least three years after the last day of the calendar month following the quarterly period in which the change in ownership occurred.

(c) Subdivisions (a) and (b) shall not apply to either of the following:

(1) Cases of fraud or intent to evade this part or other administrative or interpretive regulations.

(2) Any partners who retain an ownership interest in a corporation that is a successor to the partnership.

(d) For purposes of this part, change in ownership means that a new "person," as defined in Section 6005, is created by the action of the former owner by means of a sale, an incorporation, an addition or elimination of one or more partners, or the termination of a spouse's ownership or community property interest due to legal separation or divorce.

(e) For purposes of this section, "individual" includes only natural persons.

SEC. 6. Section 6592.5 is added to the Revenue and Taxation Code, to read:

6592.5. Any person who is granted relief from the penalty

imposed by Section 6476 or 6477 shall pay, in addition to any prepayment, interest at the "modified adjusted rate per month, or fraction thereof" established pursuant to subdivision (b) of Section 6591.5, from the date on which the prepayment would have been due until the date of payment.

SEC. 7. Section 6593 of the Revenue and Taxation Code is amended to read:

6593. If the board finds that a person's failure to make a timely return or payment was due to a disaster, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the interest provided by Sections 6459, 6480.4, 6480.8, 6513, 6591, and 6592.5.

Any person seeking to be relieved of the interest shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

SEC. 8. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

CHAPTER 1110

An act to amend Section 19605.6 of the Business and Professions Code, relating to horseracing, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19605.6 of the Business and Professions Code is amended to read:

19605.6. (a) In addition to satellite wagering facilities authorized pursuant to Sections 19605, 19605.1, and 19605.2, the board, with the approval of the Department of Food and Agriculture, may authorize any county fair, district agricultural association fair, or citrus fruit fair in the County of Kern or Santa Barbara, eligible for an allocation of racing days pursuant to Section 19549, to operate a satellite wagering facility at its fairgrounds even though the fair is not licensed to conduct a racing meeting, and the fair may operate the facilities except for those functions to be performed by an organization described in Section 19608.2. Except as otherwise provided in this section, Sections 19605, 19605.3, 19605.4, 19605.7, 19605.71, 19605.8, 19606, 19606.1, 19606.3, and 19606.4 apply to satellite wagering facilities authorized pursuant to this section. A satellite wagering facility in the County of Fresno, Kern, Santa Barbara, Tulare, or Ventura may receive the audiovisual signal from the northern, central, or southern zone, or from more than one of these zones at

the same time.

(b) It is the intent of the Legislature that the board provide, when feasible, for periods of at least 10 minutes between post times at the satellite wagering facilities operating under this section.

CHAPTER 1111

An act to amend Section 703.140 of the Code of Civil Procedure, relating to bankruptcy, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 703.140 of the Code of Civil Procedure is amended to read:

703.140. (a) In a case under Title 11 of the United States Code, all of the exemptions provided by this chapter including the homestead exemption, other than the provisions of subdivision (b) are applicable regardless of whether there is a money judgment against the debtor or whether a money judgment is being enforced by execution sale or any other procedure, but the exemptions provided by subdivision (b) may be elected in lieu of all other exemptions provided by this chapter, as follows:

(1) If a husband and wife are joined in the petition, they jointly may elect to utilize the applicable exemption provisions of this chapter other than the provisions of subdivision (b), or to utilize the applicable exemptions set forth in subdivision (b), but not both.

(2) If the petition is filed individually, and not jointly, for a husband or a wife, the exemptions provided by this chapter other than the provisions of subdivision (b) are applicable, except that, if both the husband and the wife effectively waive in writing the right to claim, during the period the case commenced by filing the petition is pending, the exemptions provided by the applicable exemption provisions of this chapter, other than subdivision (b), in any case commenced by filing a petition for either of them under Title 11 of the United States Code, then they may elect to instead utilize the applicable exemptions set forth in subdivision (b).

(3) If the petition is filed for an unmarried person, that person may elect to utilize the applicable exemption provisions of this chapter other than subdivision (b), or to utilize the applicable exemptions set forth in subdivision (b), but not both.

(b) The following exemptions may be elected as provided in subdivision (a):

(1) The debtor's aggregate interest, not to exceed seven thousand five hundred dollars ($7,500) in value, in real property or personal

property that the debtor or a dependent of the debtor uses as a residence, in a cooperative that owns property that the debtor or a dependent of the debtor uses as a residence, or in a burial plot for the debtor or a dependent of the debtor.

(2) The debtor's interest, not to exceed one thousand two hundred dollars ($1,200) in value, in one motor vehicle.

(3) The debtor's interest, not to exceed two hundred dollars ($200) in value in any particular item, in household furnishings, household goods, wearing apparel, appliances, books, animals, crops, or musical instruments, that are held primarily for the personal, family, or household use of the debtor or a dependent of the debtor.

(4) The debtor's aggregate interest, not to exceed five hundred dollars ($500) in value, in jewelry held primarily for the personal, family, or household use of the debtor or a dependent of the debtor.

(5) The debtor's aggregate interest, not to exceed in value four hundred dollars ($400) plus any unused amount of the exemption provided under paragraph (1), in any property.

(6) The debtor's aggregate interest, not to exceed seven hundred fifty dollars ($750) in value, in any implements, professional books, or tools of the trade of the debtor or the trade of a dependent of the debtor.

(7) Any unmatured life insurance contract owned by the debtor, other than a credit life insurance contract.

(8) The debtor's aggregate interest, not to exceed in value four thousand dollars ($4,000) in any accrued dividend or interest under, or loan value of, any unmatured life insurance contract owned by the debtor under which the insured is the debtor or an individual of whom the debtor is a dependent.

(9) Professionally prescribed health aids for the debtor or a dependent of the debtor.

(10) The debtor's right to receive any of the following:

(A) A social security benefit, unemployment compensation, or a local public assistance benefit.

(B) A veterans' benefit.

(C) A disability, illness, or unemployment benefit.

(D) Alimony, support, or separate maintenance, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(E) A payment under a stock bonus, pension, profitsharing, annuity, or similar plan or contract on account of illness, disability, death, age, or length of service, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor, unless all of the following apply:

(i) That plan or contract was established by or under the auspices of an insider that employed the debtor at the time the debtor's rights under the plan or contract arose.

(ii) The payment is on account of age or length of service.

(iii) That plan or contract does not qualify under Section 401(a), 403(a), 403(b), 408, or 409 of the Internal Revenue Code of 1954.

(11) The debtor's right to receive, or property that is traceable to, any of the following:

(A) An award under a crime victim's reparation law.

(B) A payment on account of the wrongful death of an individual of whom the debtor was a dependent, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(C) A payment under a life insurance contract that insured the life of an individual of whom the debtor was a dependent on the date of such individual's death, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(D) A payment, not to exceed seven thousand five hundred dollars ($7,500), on account of personal bodily injury, not including pain and suffering or compensation for actual pecuniary loss, of the debtor or an individual of whom the debtor is a dependent.

(E) A payment in compensation of loss of future earnings of the debtor or an individual of whom the debtor is or was a dependent, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

SEC. 2. The Legislature finds and declares that the amendment of Section 703.140 of the Code of Civil Procedure by Section 1 of this act pertaining to exemptions in bankruptcy is not a change in, but is declaratory of, existing law. The Legislature further finds and declares that the decision in In re Pladson, 154 B.R. 305 (N.D. Cal. 1993), holding that the homestead exemption is not available in bankruptcy, is not a correct interpretation of California law. The Enforcement of Judgments Law provides exemptions for various forms of property, including homesteads, and contains a number of special procedural protections for special forms of property. It is not, and never has been, the intention of the Legislature to restrict any of the exemptions in bankruptcy because of technical language concerning the procedures for claiming exemptions in state money judgment enforcement proceedings under the Enforcement of Judgments Law. See, e.g., Tentative Recommendation Proposing the Enforcement of Judgments Law, 15 Cal. L. Revision Comm'n Reports 2001, 2095-96 (1980); 1982 Creditors' Remedies Legislation, 16 Cal. L. Revision Comm'n Reports 1001, 1098-99 (1982).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure proper implementation of the homestead exemption without delay, it is necessary that this act go into immediate effect.

CHAPTER 1112

An act to amend Sections 61802, 62062, and 62708.5 of, and to add and repeal Chapter 3.5 (commencing with Section 62750) of Part 3 of Division 21 of, the Food and Agricultural Code, relating to food.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 61802 of the Food and Agricultural Code is amended to read:

61802. The Legislature hereby declares all of the following:

(a) Market milk is a necessary article of food for human consumption.

(b) The production and maintenance of an adequate supply of healthful market milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare, and the production, transportation, processing, and storage of market milk in this state is an industry affecting the public health.

(c) Because of the perishable quality of milk, the nature of milk production, the varying seasonal production and demand factors, and other economic factors affecting the milk industry, the potential exists for economic disruption, in the absence of regulation, in the production, marketing, and sale of market milk which may constitute a menace to the health and welfare of the inhabitants of this state and may tend to undermine sanitary regulations and standards of content and purity, however effectually the sanitary regulations may be enforced.

(d) Health regulations alone are insufficient to prevent economic disturbances in the production of milk which may disrupt the future supply of market milk and to safeguard the consuming public from future inadequacy of a supply of this necessary commodity.

(e) It is the policy of this state to promote, foster, and encourage the intelligent production and orderly marketing of commodities necessary to its citizens, including market milk, and to eliminate economic waste, destructive trade practices, and improper accounting for market milk purchased from producers.

(f) It is recognized by the Legislature that the economic factors concerning the production, marketing, and sale of market milk in California may be affected by the national market for milk for manufacturing purposes.

(g) It is recognized by the Legislature that in recent years the supply of manufacturing milk in California, as defined in Section 32509, has consistently declined and continues to decline, and that market milk has virtually supplanted manufacturing milk for manufacturing purposes in this state, and that it is therefore necessary to conform the pricing standards governing minimum

producer prices for market milk established under this chapter to current economic conditions.

(h) It is recognized by the Legislature that the levels of retail prices of milk and milk products paid by consumers are affected by a large number of economic and other factors apart from minimum producer prices for market milk established under this chapter, many of which factors are not within the power of the director to regulate or control, particularly since the Legislature repealed provisions concerning establishment of minimum wholesale and retail prices. It is further recognized by the Legislature that, in order to accomplish the purposes of this chapter and to promote the public health and welfare, it is essential to establish minimum producer prices at fair and reasonable levels so as to generate reasonable producer incomes that will promote the intelligent and orderly marketing of market milk in the various classes, and that minimum producer prices established under this chapter should not be unreasonably depressed because other factors have affected the levels of retail prices paid by consumers.

SEC. 2. Section 62062 of the Food and Agricultural Code is amended to read:

62062. Each stabilization and marketing plan shall contain provisions whereby the director establishes minimum prices to be paid by handlers to producers for market milk in the various classes. The director shall establish the prices by designating them in the plan, or by adopting methods or formulas in the plan whereby the prices can be determined, or any combination of the foregoing. If the director directly designates prices in the plan, the prices shall be in reasonable and sound economic relationship with the national value of manufactured milk products. If the director adopts methods or formulas in the plan for designation of prices, the methods or formulas shall be reasonably calculated to result in prices that are in a reasonable and sound economic relationship with the national value of manufactured milk products.

In establishing the prices, the director shall take into consideration any relevant economic factors, including, but not limited to, the following:

(a) The reasonableness and economic soundness of market milk prices for all classes, giving consideration to the combined income from those class prices, in relation to the cost of producing and marketing market milk for all purposes, including manufacturing purposes. In determining the costs, the director shall consider the cost of management and a reasonable return on necessary capital investment.

(b) That prices established pursuant to this section shall insure an adequate and continuous supply, in relation to demand, of pure, fresh, wholesome market milk for all purposes, including manufacturing purposes, at prices to consumers which, when considered with relevant economic criteria, are fair and reasonable.

(c) That prices, including the prices of components of milk,

established by the director for the various classes of market milk bear a reasonable and sound economic relationship to each other.

In establishing the prices, the director shall also take into consideration all the purposes, policies, and standards contained in Sections 61801, 61802, 61805, 61806, 61807, 62076, and 62077.

SEC. 3. Section 62708.5 of the Food and Agricultural Code is amended to read:

62708.5. (a) A producer-handler, for purposes of this chapter, shall also include, as a separate and distinct category of producer-handlers, any producer and any handler who purchases or handles fluid milk or fluid cream produced by this producer if all of the ownership of the handler and all of the ownership of the producer is owned by the same person or persons and their ownership in the producer or handler is at least 95 percent identical for each person with their ownership in the handler or producer. This ownership shall not exceed 10 individual persons or owners of equitable interest in a partnership, corporation, or other legally constituted business association.

(b) The ownership required by this section may be through a partnership, corporation, or other legally constituted business association if the entities are owned by the same person or persons, and there is at least 95 percent identity of ownership for each person with their ownership in the handler or producer. For purposes of this section a "person" or "persons" includes the spouse, or other persons of lineal consanguinity of the first or second degree or collateral consanguinity to the fourth degree, and their spouses, and includes an adopted child the same as a natural child and kindred of the half blood equally with those of the whole blood of the owner and ownerships by persons so related shall be considered single ownership by one person. For purposes of this section, property pledged or hypothecated in any manner to others shall be considered "owned" if equitable ownership with management and control remain with the producer-handler.

(c) Ownership as provided in this section shall have existed at the time of the base period selected by the producer under Section 62707 and at all other times thereafter.

(d) Any such producer-distributor may, until August 6, 1969, do either of the following:

(1) Join and operate wholly within the pool.

(2) Have its entire original production base and pool quota determined during the base period it selected as a producer pursuant to Section 62707, established as a part of the pooling plan, and, nevertheless elect to operate entirely outside of the pool to the extent authorized by this section.

(e) Any producer-handler who qualifies under this section and elects to operate outside the pool, to the extent of the authority granted, may deduct from its own class 1 sales, excluding sales to a handler, whether in bulk or packaged, its original quota and any quota subsequently purchased, plus a daily deduction of 150 pounds

of milk fat and 375 pounds of solids not fat before being required to account to the pool.

(f) The deductions from class 1 sales authorized pursuant to this section may be made irrespective of the fact that the average class 1 usage in the pool for that month may be less than 100 percent of the pool quota in that pool.

(g) Any production subject to this section from the producer-handler selecting this option shall not have the right to participate in the quota pool, irrespective of the fact that the producer-handler did not sell all of the quota as class 1, and will participate in either the base pool or the overbase pool depending upon whether the total production base of the producer is sufficient to cover the milk delivered in excess of the class 1 usage exempted hereunder, otherwise the production in excess of the exempt producer-handler's own class 1 sales, as defined in this section, shall be accounted for as overbase milk.

(h) The fact that a producer-handler qualifies as to one of its milk production operations under this section does not prevent it from operating on an entirely separate nonqualifying basis (and therefore subject to pooling) at other milk production facilities, and with other nonqualifying persons at these other milk production facilities. A producer-handler can neither buy nor sell pool quota and transfer therewith the option granted under this division but this shall not prevent him or her from purchasing or selling pool quota or production base as otherwise provided in this chapter.

(i) If at any time ownership, as defined in this section, ceases, the producer-handler shall no longer be eligible for the options in this section, shall account to the pool as a separate handler, and shall be entitled to reentry into producer participation in the pool on the same basis as a producer-handler may under the last paragraph of Section 62708.

SEC. 4. Chapter 3.5 (commencing with Section 62750) is added to Part 3 of Division 21 of the Food and Agricultural Code, to read:

CHAPTER 3.5. MILK POOLING

62750. Notwithstanding any provision of Chapter 3 (commencing with Section 62700) or any pooling plan for market milk in effect under that chapter, effective January 1, 1994, each producer shall be paid the amounts determined in accordance with this section for his or her pool quota production and for all production in excess of his or her pool quota.

(a) For all milk fat, whether or not equal to his or her pool quota, an amount determined by dividing the value of all milk fat in the pool by the amount of milk fat produced.

(b) Transportation allowances that are provided for in the pooling plan shall not be deducted from the quota milk of any region, but shall be deducted from the total solids not fat pool revenue before any price is determined for quota and nonquota solids not fat.

(c) Regional quota adjusters shall continue to be subtracted from the quota price in the established areas as specified in the pooling plan for market milk. However, the hundredweight price specified shall be converted to a solids not fat equivalent value, and the adjustments for the effect of those regional quota adjusters shall be applied to the solids not fat revenue.

(d) After taking into consideration the effect of the regional quota adjusters, the solids not fat announced quota price for those areas in which there is no regional quota adjuster shall be nineteen and one-half cents ($0.195) per pound greater than the announced solids not fat price for all milk produced in excess of pool quota.

62751. This chapter shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

CHAPTER 1113

An act to amend Sections 7401, 7486, 7487, 7855, 30141, 30142, 30144, 30207, 30315, 30461, 30474, 32102, 32103, 32272, 32292, 32387, 40155, 41123.5, 43202, 43444.2, 45202, 45605, 46406, 50113.1, 50136, 55062, and 55381 of, and to add Section 43152.11 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 7401 of the Revenue and Taxation Code is amended to read:

7401. (a) The provisions of this part requiring the payment of license taxes do not apply to any of the following:

(1) Natural gasoline distributed to a duly licensed distributor under any regulations as the board may prescribe.

(2) Motor vehicle fuel exported from this state by the distributor or delivered by the distributor to any vessel clearing from a port of this state for a port outside of this state and actually exported from this state in the vessel.

(3) Motor vehicle fuel distributed, or delivered on the order of the owner, to a distributor who has furnished bond as prescribed by Sections 7486 and 7487 of not less than fifty thousand dollars ($50,000), nor more than one million dollars ($1,000,000), and who has established to the satisfaction of the board that this bond, together with property to which the lien imposed by Section 7872 attaches, is sufficient security to assure payment of all license taxes as they may become due to the state from him or her under this part.

(4) Motor vehicle fuel sold to the United States armed forces for use in ships or aircraft, or for use outside this state.

(5) Motor vehicle fuel distributed to any licensed distributor, or to any licensed broker who has furnished bond in the form and amount required of distributors under Article 2.1 (commencing with Section 7486) of Chapter 4, for sale to the United States armed forces for use in ships or aircraft or use outside this state. Notwithstanding any other provisions of this part, the receiving of motor vehicle fuel in this state from a licensed distributor and the sale and delivery of the fuel to the United States armed forces pursuant to this subdivision shall not cause a broker to be a distributor under this part.

(6) Motor vehicle fuel sold by credit card certified by the United States Department of State to any consulate officer or consulate employee of a foreign government who is not engaged in any private occupation for gain within this state, who uses the motor vehicle fuel in a vehicle that is registered with the United States Department of State, and whose government has done either of the following:

(A) Entered into a treaty with the United States providing for the exemption of its representatives from national, state, and municipal taxes.

(B) Granted a similar exemption to representatives of the United States.

(b) Every distributor claiming an exemption shall report the exports, sales or distributions to the board in the detail as the board may require; otherwise the exemption granted in this section shall be null and void and all the fuel shall be considered distributed in this state subject fully to the provisions of this part.

SEC. 2. Section 7486 of the Revenue and Taxation Code is amended to read:

7486. Before granting a license authorizing a person to engage in business as a distributor or broker, the board may require the person to file with the board, in the form as it prescribes. Any security in the form of cash or insured deposits in banks or savings and loan institutions or a bond or bonds duly executed by an admitted surety insurer, payable to the state shall be held by the board in trust to be used solely in the manner provided by this section, conditioned upon faithful performance of all the requirements of this part. Security is expressly provided for the payment of all license taxes, penalties, and other obligations of the person arising out of this part.

SEC. 3. Section 7487 of the Revenue and Taxation Code is amended to read:

7487. Subject to the limitations provided in this section, the board shall fix the total amount of the security required of any distributor or broker and may increase or reduce the amount at any time. The total amount of the security required of any distributor or broker shall never be more than three times the estimated average monthly tax liability of the distributor or broker but not in excess of one million dollars ($1,000,000).

SEC. 4. Section 7855 of the Revenue and Taxation Code is amended to read:

7855. (a) The Controller may, by notice of levy served

personally or by first-class mail, require all persons having in their possession, or under their control, any credits or personal property belonging to a distributor or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any tax, interest, or penalties due from the distributor or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the Controller at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 5. Section 30141 of the Revenue and Taxation Code is amended to read:

30141. Every applicant for a license as a distributor shall file with the board, security in the amount and form as the board prescribes. Any security in the form of cash, insured deposits in banks or savings and loan institutions, or a bond or bonds duly executed by an admitted surety insurer, payable to the state, conditioned upon faithful performance of all the requirements of this part and expressly providing for the payment of all taxes, penalties, and other obligations of the person arising out of this part shall be held by the board in trust to be used solely in the manner provided in this section.

SEC. 6. Section 30142 of the Revenue and Taxation Code is amended to read:

30142. The board shall fix the amount of the security required of any distributor and may increase or reduce the amount at any time. A minimum security in the amount of one thousand dollars ($1,000) shall be furnished by every distributor required to be licensed. If a distributor desires to defer payments for stamps or meter register settings, as provided in Article 2 (commencing with Section 30161) of Chapter 3.5, the board shall require a security equal to not less than 70 percent of the amount and no more than twice the amount, as fixed by the board, of the distributor's purchases of stamps and meter register settings for which payment may be deferred.

SEC. 7. Section 30144 of the Revenue and Taxation Code is amended to read:

30144. The license of any distributor may be suspended without prior notice upon cancellation of his or her bond, or if the bond becomes void or unenforceable for any reason, or if the distributor fails to pay any amounts due under this part. The license shall be reinstated if the distributor files a valid bond, provides other security

as defined in Section 30141 or pays the delinquent amounts, as the case may be. Upon the petition of any distributor whose license has been suspended under this section, a hearing shall be afforded him or her after five days' notice of the time and place of hearing.

SEC. 8. Section 30207 of the Revenue and Taxation Code is amended to read:

30207. Except in the case of fraud, intent to evade the tax, or failure to make a report or return, every notice of a deficiency determination shall be given within three years after the 25th day of the month following the month for which the amount should have been paid or the report or return was due, or within three years after the report or return was filed, whichever period expires later. In the case of failure to make a report or return, the notice of determination shall be mailed within eight years after the date the report or return was due.

SEC. 9. Section 30315 of the Revenue and Taxation Code is amended to read:

30315. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a distributor, dealer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any tax, interest, or penalties due from the distributor, dealer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 10. Section 30461 of the Revenue and Taxation Code is amended to read:

30461. (a) All amounts required to be paid to the state under this part shall be paid to the board in the form of remittances payable to the State Board of Equalization. Except as provided in subdivision (b), the board shall transmit the payments to the Treasurer to be deposited in the State Treasury to the credit of the Cigarette Tax Fund, which fund is hereby created.

(b) The board shall transmit amounts received from the penalty assessed pursuant to Section 30474 to the Treasurer for deposit in the General Fund.

SEC. 11. Section 30474 of the Revenue and Taxation Code is amended to read:

30474. Any person who knowingly possesses, or keeps, stores, or retains for the purpose of sale, or sells or offers to sell, any package of cigarettes to which there is not affixed the stamp or meter impression required to be affixed under this part, when those cigarettes have been obtained from any source whatever, is guilty of a misdemeanor and shall for each offense be fined not more than one thousand dollars ($1,000), or be imprisoned for not exceeding one year in a county jail, or be subject to both fine and imprisonment, in the discretion of the court. In addition to the fine or sentence, or both, each person convicted under this section shall pay one hundred dollars ($100) for each carton of 200 cigarettes, or portion thereof, knowingly possessed, or kept, stored, or retained for the purpose of sale, or sold or offered for sale in violation of this section, as determined by the court. The court shall direct that 50 percent of the penalty assessed be transmitted to the local prosecuting jurisdiction, to be allocated for costs of prosecution, and 50 percent of the penalty assessed be transmitted to the State Board of Equalization.

SEC. 12. Section 32102 of the Revenue and Taxation Code is amended to read:

32102. Every taxpayer shall file with the board, in the form and amount as the board prescribes, any security in the form of cash, insured deposits in banks and savings and loan institutions, or a bond or bonds duly executed by an admitted surety insurer, payable to the state, conditioned upon faithful performance of all the requirements of this part, and expressly providing for the payment of all license taxes, penalties, and other obligations of the person arising out of this part, shall be held in trust to be used solely in the manner provided by this section.

SEC. 13. Section 32103 of the Revenue and Taxation Code is amended to read:

32103. Subject to the limitations provided in this article, the board shall fix the total amount of the security required of any taxpayer and may increase or reduce the amount at any time. In fixing the total amount, the board may set an amount which is not less than five hundred dollars ($500) and not more than twice the taxpayer's estimated monthly tax for taxpayers reporting monthly, or not more than twice the taxpayer's estimated tax for the tax reporting period for taxpayers reporting for periods longer than one month ascertained in any manner as the board may deem proper.

SEC. 14. Section 32272 of the Revenue and Taxation Code is amended to read:

32272. Except in the case of a fraud, intent to evade this part or authorized rules and regulations, or failure to make a return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount should have been paid or the return was due, or within three years after the return was filed, whichever period expires later. In the case of failure to make a return, the notice of determination shall be mailed within eight years after the date the return was due.

SEC. 15. Section 32292 of the Revenue and Taxation Code is amended to read:

32292. Except as provided in Section 32253, a penalty of fifty dollars ($50) shall be imposed on any taxpayer who fails to file a tax return within the time prescribed for the filing of the return, but this penalty shall not be in addition to the 10 percent penalty provided under Section 32252 for the late payment of tax if the 10 percent penalty exceeds fifty dollars ($50).

SEC. 16. Section 32387 of the Revenue and Taxation Code is amended to read:

32387. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a taxpayer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any tax, interest, or penalties due from the taxpayer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 17. Section 40155 of the Revenue and Taxation Code is amended to read:

40155. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a consumer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any surcharge, interest, or penalties due from the consumer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever

occurs first.

SEC. 18. Section 41123.5 of the Revenue and Taxation Code is amended to read:

41123.5. (a) The board may, by notice of levy served personally or by first-class mail, require all persons, other than a service supplier, having in their possession, or under their control, any credits or other personal property belonging to a service user or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any surcharge, interest, or penalties due from the service user or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 19. Section 43152.11 is added to the Revenue and Taxation Code, to read:

43152.11. (a) The surcharge imposed pursuant to Section 25205.9 of the Health and Safety Code, which is collected and administered under Section 43055, is due and payable to the board on the last day of the month following the end of the calendar year.

(b) The surcharge shall be incorporated into the return form prescribed by the board, which every operator subject to the fee imposed by Section 25205.5 of the Health and Safety Code is required to file and pay annually, in accordance with Section 43152.7. The surcharge shall be in addition to the fee imposed by Section 25205.5 of the Health and Safety Code.

(c) The surcharge imposed by Section 25205.9 of the Health and Safety Code shall be offset by any fees paid by the generator during the preceding calendar year for a local hazardous waste management program conducted by a local agency pursuant to a memorandum of understanding with the department. The offset provided for under this subdivision shall be allowed to the same extent as the offset provided in subdivision (c) of Section 43152.7.

SEC. 20. Section 43202 of the Revenue and Taxation Code is amended to read:

43202. Except in the case of fraud, intent to evade this part, authorized rules and regulations, or failure to make a return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount should have been paid or the return was due, or within three years after the return was

filed, whichever period expires later. In the case of failure to make a return, the notice of determination shall be mailed within eight years after the date the report or return was due.

SEC. 21. Section 43444.2 of the Revenue and Taxation Code is amended to read:

43444.2. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a taxpayer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any tax, interest, or penalties due from the taxpayer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 22. Section 45202 of the Revenue and Taxation Code is amended to read:

45202. Except in the case of fraud, intent to evade this part or rules and regulations adopted under this part, or failure to make a report or return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount was required to have been paid or the report or return was due, or within three years after the report or return was filed, whichever period expires later. In the case of failure to make a report or return, the notice of determination shall be mailed within eight years after the date the report or return was due.

SEC. 23. Section 45605 of the Revenue and Taxation Code is amended to read:

45605. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a fee payer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any fee, interest, or penalties due from the fee payer or other person, or the amount of any liability incurred under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the fee payer and shall be delivered or mailed to the branch office of the financial institution where the

credits or other property are held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 24. Section 46406 of the Revenue and Taxation Code is amended to read:

46406. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a feepayer or other person liable for any amount under this part to withhold from those credits or other personal property the amount of any fee, interest, or penalties due from that feepayer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the time it may designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the feepayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 25. Section 50113.1 of the Revenue and Taxation Code is amended to read:

50113.1. Except in the case of fraud, intent to evade this part, or rules and regulations adopted pursuant to this part, or failure to make a report or return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount was required to have been paid or the report or return was due, or within three years after the report or return was filed, whichever period expires later. In the case of failure to make a report or return, the notice of determination shall be mailed within eight years after the date the report or return was due.

SEC. 26. Section 50136 of the Revenue and Taxation Code is amended to read:

50136. (a) The board may, by notice of levy served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a fee payer or other person liable for any amount under this part to withhold from these credits or other personal property the amount of any fee, interest, or penalties due from the fee payer or other person, or the amount of any liability incurred under this part, and to transmit the amount withheld to the board at the time it may

designate.

(b) In the case of a financial institution, to be effective, the notice shall state the amount due from the fee payer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property are held, unless another branch or office is designated by the financial institution to receive the notice.

(c) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

SEC. 27. Section 55062 of the Revenue and Taxation Code is amended to read:

55062. Except in the case of fraud, intent to evade this part, authorized rules and regulations, or failure to make a return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount should have been paid or the return was due, or within three years after the return was filed, whichever period expires later. In the case of failure to make a return, the notice of determination shall be mailed within eight years after the date the return was due.

SEC. 28. Section 55381 of the Revenue and Taxation Code is amended to read:

55381. (a) The board shall provide any and all information obtained under this part to the department.

(b) The department and the board may utilize any information obtained pursuant to this part to develop data.

(c) It shall be unlawful for the board, or any person having an administrative duty under this part to make known, in any manner whatsoever, the business affairs, operations, or any other information pertaining to a feepayer which was submitted to the board in a report or return required by this part, or to permit any report or copy thereof to be seen or examined by any person not expressly authorized by subdivision (a) and this subdivision. However, the Governor may, by general or special order, authorize examination of the records maintained by the board under this part by other state officers, by officers of another state, by the federal government, if a reciprocal arrangement exists, or by any other person. The information so obtained pursuant to the order of the Governor shall not be made public except to the extent and in the manner that the order may authorize that it be made public.

(d) Notwithstanding subdivision (c), the successors, receivers, trustees, executors, administrators, assignees, and guarantors of a feepayer, if directly interested, may be given information regarding the determination of any unpaid fees or the amount of the fees, interest, or penalties required to be collected or assessed.

CHAPTER 1114

An act to amend Section 38012 of, and to add Section 312.3 to, the Health and Safety Code, relating to child nutrition.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the WIC Program Contract Reform Act of 1993.

SEC. 2. It is the intent of the Legislature to accomplish all of the following:

(a) To simplify and streamline the administration of the California Special Supplemental Food Program for Women, Infants, and Children (WIC) at the state and local levels.

(b) To reduce the administrative costs of operating the WIC program within the State Department of Health Services, thereby making more food funds available to feed hungry families.

SEC. 3. The Legislature finds and declares all of the following:

(a) The State Department of Health Services delays in processing WIC local agency contracts can have a deleterious effect on the delivery of services to WIC participants.

(b) Agencies in county health departments, for example, cannot spend money without fully executed contracts, and services to participants are thus imperiled by these delays.

(c) The California WIC Evaluation, delivered to the State Director of Health Services in December 1991 by a panel of outside experts, found that the delay in processing of contracts was "one of the most serious problems facing WIC ... the program is plagued by difficulties surrounding the processing of contracts and invoices" and found that local agencies were commonly waiting for 120 to 150 days for fully executed contracts, instead of the required 90 days.

(d) The California WIC Evaluation found that, in almost every case, contract delay problems were not in the WIC branch, but elsewhere, particularly in the Department of General Services.

(e) The Legislature concurs with the recommendation of the California WIC Evaluation that an overhaul of the contract process be a top priority, with the cooperation of all state agencies currently involved in WIC contracts, and with the establishment of a revolving fund.

SEC. 4. Section 312.3 is added to the Health and Safety Code, to read:

312.3. The state department may establish a revolving fund for use in reimbursing local agencies for costs incurred in the administration of the California Special Supplemental Food Program for Women, Infants, and Children. All expenditures from the fund may be made only in accordance with law and contractual

agreements between the state department and participating local agencies, and for the purposes specified in local agency contracts. All disbursements from the fund shall be substantiated by vouchers or itemized statements.

SEC. 5. Section 38012 of the Health and Safety Code is amended to read:

38012. (a) The Department of General Services shall review and approve contracts in accordance with the provisions of Article 4 of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(b) Contracts for direct services provided by local agencies in the California Special Supplemental Food Program for Women, Infants, and Children shall be exempt from the review and approval required by subdivision (a).

SEC. 6. Sections 1 to 5, inclusive, of this act shall not become operative if AB 454 of the 1993–94 Regular Session is chaptered.

CHAPTER 1115

An act to amend Section 19611 of the Business and Professions Code, relating to horseracing.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19611 of the Business and Professions Code is amended to read:

19611. (a) Every thoroughbred association conducting a meeting with a total parimutuel handle of less than two hundred fifty million dollars ($250,000,000), excluding wagering at a satellite facility, shall pay a daily license fee at the following rates based upon its daily conventional and exotic parimutuel handle:

Daily Handle	License Fee Rate
$2,000,000 or less	4.8 percent of handle
$2,000,001 and more	$96,000 plus 6 percent of the handle in excess of $2,000,001

In addition, every association subject to this subdivision shall pay an additional license fee at the rate of 0.75 percent of its daily exotic parimutuel handle. Except as provided in Section 19610.5, no such association shall pay a license fee in excess of 5.1 percent of the daily conventional parimutuel handle and 5.85 percent of the daily exotic parimutuel handle.

(b) Every thoroughbred association conducting a meeting with a total parimutuel handle of two hundred fifty million dollars

($250,000,000) or more, excluding wagering at a satellite wagering facility, shall pay the license fees set forth in subdivision (a) on all handle that totals less than two hundred fifty million dollars ($250,000,000). On all handle of two hundred fifty million dollars ($250,000,000) or more, excluding wagering at a satellite wagering facility, the association shall pay a daily license fee equal to 5.7 percent of its daily conventional parimutuel handle and 6.45 percent of its daily exotic parimutuel handle.

(c) Notwithstanding subdivision (a), every thoroughbred racing association which conducts a split meeting shall pay a daily license fee at the rates specified in subdivision (b) for the short period of its meeting.

(d) After distribution of the applicable license fees set forth in subdivision (a), (b), or (c), and the payments pursuant to Sections 19610.5, 19616 and 19617, all funds remaining from the deductions provided in Section 19610 shall be distributed 55 percent as commissions and 45 percent as purses.

CHAPTER 1116

An act to amend Section 11007.7 of the Government Code, and to amend Sections 86 and 987.74 of the Military and Veterans Code, relating to veterans.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11007.7 of the Government Code is amended to read:

11007.7. (a) The procurement of insurance or official bonds by any state agency shall be subject to approval of the Department of General Services. Any procurement of this type may, upon request of the state agency concerned, be made by the Department of General Services on behalf of the agency.

(b) Whenever the procurement of insurance or official bonds for or on behalf of the state is authorized by law and no state agency is specifically authorized to purchase the insurance or official bonds, the Department of General Services may procure the insurance or official bonds.

(c) This section shall not apply to any of the following:

(1) Insurance procured by the Department of Transportation or the California Transportation Commission under Sections 100.7 and 30450 to 30453, inclusive, of the Streets and Highways Code.

(2) Workers' compensation insurance procured under Section 11870 of the Insurance Code.

(3) Insurance procured by the California State University.

SEC. 2. Section 86 of the Military and Veterans Code is amended to read:

86. (a) Any person deeming himself or herself a veteran and who applies for benefits may appeal any decision made by a division of the department to the California Veterans Board. Upon receipt of the appeal, the board shall grant a hearing, if requested, and shall render its decision in writing to the appellant not later than the second meeting of the board following the receipt of the appeal or of the hearing if one is held. An appeal shall be deemed to have been received by the board on the date of the first meeting of the board subsequent to delivery of the appeal to the secretary of the board. Except for judicial review, the board's decision is final and the board shall have the power to change or modify with good cause any decision that is adverse to the appellant. Except as described in subdivision (b), all hearings of appeals may be delegated by the board to the chief deputy director or a deputy director of the department. Hearings shall be held in the department office nearest to the appellant's home unless the appellant requests otherwise.

(b) Hearings of appeals related to the Veterans' Farm and Home Purchase Act may be delegated by the board only to the Office of Administrative Hearings to be conducted by administrative law judges of the Office of Administrative Hearings pursuant to Chapter 4 (commencing with Section 11370) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The administrative law judges shall submit their proposed decisions to the board for final decision. The administrative law judges shall make all reasonable efforts to hold hearings at neutral locations, however, if no other facilities are available without incurring excessive costs, the hearings may be held at the department office nearest to the appellant's home.

SEC. 3. Section 987.74 of the Military and Veterans Code is amended to read:

987.74. (a) All properties purchased by the department shall be covered by insurance. Insurance purchased by the department shall be guaranteed replacement cost coverage as described in subdivisions (e) and (f) of Section 10102 of the Insurance Code against fire and other hazards for the full replacement cost of the improvements or structures, shall include limited building code upgrade as described in Section 10103 of the Insurance Code, and shall be placed with a company or companies as the department may determine from time to time.

The department may charge purchasers a premium to cover the cost to the department for insurance obtained pursuant to this subdivision. The premium shall not exceed the actual cost to the department for the coverage provided.

(b) The contract made between the department and the purchaser shall provide that the purchaser maintain the farm or home as his or her place of residence and keep in good order and repair all buildings, fences, and other permanent improvements

situated thereon. Insurance policies purchased by the department shall be obtained to insure and keep insured against fire and other hazards, all buildings, fences, and other permanent improvements on the property. All policies shall be written with any loss payable to the department and the purchaser as their interests may appear. Insurance shall be in the amount, with the insurance companies, and under the terms and conditions as may be specified by the department.

(c) Upon renewal, the department shall assist the purchaser in determining the insurance level necessary to repair or replace the damaged or destroyed dwelling with like or equivalent construction and in determining how best to purchase additional coverage, if desired. The purchaser shall be solely responsible for requesting in writing and maintaining any additional amounts of insurance necessary to protect his or her interest in the property, and shall bear the risk of any loss in excess of the amount of insurance in force at the time of the loss.

(d) The department shall annually send a disclosure notice to all purchasers who have residential property insurance provided through the department. The notice shall identify the type of coverage, and shall disclose all of the following in a clear and reasonable manner:

(1) The limits of liability for the structure and improvements.

(2) The amount of any deductibles.

(3) Whether the policy covers the increased costs due to changes in building ordinances or laws regulating construction or repair.

(4) A statement explaining the importance of having guaranteed replacement cost coverage.

(5) A statement that the policy provided by the department provides limited building code upgrade coverage and the applicable limits and restrictions to that coverage.

CHAPTER 1117

An act to amend Sections 8051 and 8832 of, and to add Section 8038 to, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 8038 is added to the Fish and Game Code, to read:

8038. A license issued under this article is valid from January 1 to December 31, inclusive, or, if issued after the beginning of that term, for the remainder thereof.

SEC. 2. Section 8051 of the Fish and Game Code is amended to read:

8051. (a) The landing tax imposed pursuant to Section 8041 shall be determined pursuant to Section 8042 by using the tax rates in the following schedule:

	Rate per pound
(1) All fish, except as otherwise specified in this section	$0.0013
(2) Mollusks and crustaceans, excluding squid and crab	.0125
(3) Crab	.0019
(4) Squid	.0019
(5) Salmon, based only on the weight in the round	.0500
(6) Lobster	.0125
(7) Abalone	.0125
(8) Anchovies	.0013
(9) Sardines	.0063
(10) Mackerel	.0013
(11) Halibut	.0125
(12) Angel shark, based only on the weight in the round	.0113
(13) Swordfish, based only on the weight in the round	.0125
(14) Thresher shark, based only on the weight in the round	.0113
(15) Bonito shark, based only on the weight in the round	.0113
(16) Herring	.0125
(17) Sea urchin	.0013
(18) The following fish:	.0125
Barracuda	
Flying fish	
Frogs	
Giant sea bass	
Saltwater worms	
White sea bass	
Yellowtail	

(b) This section shall become operative on January 1, 1994.

SEC. 3. Section 8832 of the Fish and Game Code is amended to read:

8832. Trawl nets and Chinese shrimp nets may be used in marine and brackish waters inside of the Golden Gate Bridge to take shrimp, oriental gobies, longjaw mudsuckers, plainfin midshipmen, and staghorn sculpin only in accordance with regulations which the commission may prescribe.

CHAPTER 1118

An act to amend Section 19602 of the Business and Professions Code, relating to horseracing.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19602 of the Business and Professions Code is amended to read:

19602. (a) Notwithstanding any other provision of law, any racing association in this state may authorize betting systems located outside of this state to accept wagers on a race or races conducted by that association and may transmit live audiovisual signals of the race or races and their results to those betting systems, except that any authorization is subject to applicable federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(b) (1) Except as provided in paragraph (2), any racing association described in subdivision (a), when it authorizes betting systems located outside of this state to accept wagers on a race, shall pay a license fee to the state in an amount equal to 8 percent of the total amount received by the association from the out-of-state betting system. In addition, with respect to thoroughbred racing only, 3 percent of the amount remaining after the payment of the license fee shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2. The remaining amount received by the association shall be distributed to the association that conducts the racing meeting and to horsemen participating in that racing meeting as follows: 50 percent to the association as commissions, and 50 percent to the horsemen as purses. All rents, costs, and fees shall be deducted pursuant to a contract between the association that conducts the racing meeting and the horsemen participating in the racing meeting. Notwithstanding any other provision of law, racing associations may form a partnership, joint venture, or any other affiliation in order to negotiate terms and conditions of agreements with out-of-state betting systems.

(2) A thoroughbred association that hosts the series of races known as the "Breeder's Cup" shall not be required to pay to the state the license fees required pursuant to paragraph (1). Amounts received by the association from out-of-state betting systems as wagers on Breeder's Cup races shall distributed as follows: 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the meeting.

(c) With the permission of the board, wagers accepted by betting systems located outside of this state may be, but are not required to be, included in the parimutuel pool of the association that conducts the racing meeting in this state. If the wagers accepted by betting systems located outside of this state are included in the parimutuel pool of the association that conducts the racing meeting in this state, the betting system located outside of this state shall, if permissible under applicable law, deduct from the total amount handled in each conventional and exotic parimutuel pool the same total percentages deducted pursuant to Article 9.5 (commencing with Section 19610) by the association that conducts the racing meeting in this state. If the laws of the jurisdiction in which the betting system is located do not permit the betting system to deduct the same percentages as are deducted by the association that conducts the racing, the board may, nonetheless, permit the inclusion of those out-of-state wagers in the association's parimutuel pool if the board determines it to be in the public interest of this state to do so.

(d) If wagers accepted by an association conducting racing within the state and wagers accepted by a betting system located outside of the state are combined in one parimutuel pool and the association and the betting system both deduct the same total percentages as set forth in subdivision (c), the breakage shall be allocated between the association and the betting system on the basis of a calculation for distribution approved by the board.

(e) If wagers accepted by an association conducting racing within the state are combined in one parimutuel pool with wagers accepted by a betting system located outside the state and the association and the betting system deduct different percentages from the amount handled in the parimutuel pool, the precise calculation and distribution of payments on winning tickets and breakage between the association and the betting system shall be on the basis of a calculation for distribution approved by the board.

(f) The board shall report to the Department of Finance whenever it approves a calculation for distribution pursuant to subdivision (d) or (e) and the projected impact of that calculation, if any, on state revenues.

(g) Breakage allocated pursuant to this section to an association conducting racing within this state shall be distributed in the same manner as would be breakage arising from wagers at the association in the absence of a combined parimutuel pool. This section does not apply to the disposition of breakage allocated to the betting system located outside of the state.

(h) If wagers accepted by a betting system located outside of this state are included in the parimutuel pool of an association conducting racing in this state, funds in the parimutuel pool attributable to unclaimed tickets relating to wagers accepted by the association conducting racing within the state shall be distributed in the same manner as unclaimed tickets relating to wagers accepted by that association in the absence of a combined parimutuel pool.

Funds in the parimutuel pool attributable to unclaimed tickets related to wagers accepted by the betting system located outside of this state shall be allocated to that betting system, and this section does not otherwise apply to the disposition of those funds at that location outside of the state.

CHAPTER 1119

An act to amend Section 13142.5 of the Water Code, relating to water.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) It is desirable to promote the reuse of water to accommodate California's growing need for water.

(b) The use of reclaimed water, in lieu of potable water, by industrial facilities provides environmental benefits in the form of increased conservation of potable water and the reuse of nonpotable water which would otherwise be discharged.

(c) The use of reclaimed water by industrial facilities reduces the total mass of pollutants entering the waters of each watershed.

(d) The users of reclaimed water do not have control over the quality of the incoming reclaimed water and should not be penalized for their use of that water.

(e) If the reclaimed water is of adequate quality for reuse, as agreed upon by both the supplier of the reclaimed water and the industrial facility, and is available for reuse in sufficient quantities and at a total cost comparable with potable water, and the use of the water is in accordance with Article 7 (commencing with Section 13550) of Chapter 7 of Division 7 of the Water Code, the use of the reclaimed water should not subject the industrial facility to waste discharge permit violations caused by contaminants in the reclaimed water.

SEC. 2. Section 13142.5 of the Water Code is amended to read:

13142.5. In addition to any other policies established pursuant to this division, the policies of the state with respect to water quality as it relates to the coastal marine environment are that:

(a) Waste water discharges shall be treated to protect present and future beneficial uses, and, where feasible, to restore past beneficial uses of the receiving waters. Highest priority shall be given to improving or eliminating discharges that adversely affect any of the following:

(1) Wetlands, estuaries, and other biologically sensitive sites.

(2) Areas important for water contact sports.
(3) Areas that produce shellfish for human consumption.
(4) Ocean areas subject to massive waste discharge.

Ocean chemistry and mixing processes, marine life conditions, other present or proposed outfalls in the vicinity, and relevant aspects of areawide waste treatment management plans and programs, but not of convenience to the discharger, shall for the purposes of this section, be considered in determining the effects of such discharges. Toxic and hard-to-treat substances should be pretreated at the source if such substances would be incompatible with effective and economical treatment in municipal treatment plants.

(b) For each new or expanded coastal powerplant or other industrial installation using seawater for cooling, heating, or industrial processing, the best available site, design, technology, and mitigation measures feasible shall be used to minimize the intake and mortality of all forms of marine life.

(c) Where otherwise permitted, new warmed or cooled water discharges into coastal wetlands or into areas of special biological importance, including marine reserves and kelp beds, shall not significantly alter the overall ecological balance of the receiving area.

(d) Independent baseline studies of the existing marine system should be conducted in the area that could be affected by a new or expanded industrial facility using seawater in advance of the carrying out of the development.

(e) (1) Adequately treated reclaimed water should, where feasible, be made available to supplement existing surface and underground supplies and to assist in meeting future water requirements of the coastal zone, and consideration, in statewide programs of financial assistance for water pollution or water quality control, shall be given to providing optimum water reclamation and use of reclaimed water.

(2) If reclaimed water is available for industrial use, any discharge to waters in the coastal zone, including the San Francisco Bay, after industrial use, may be authorized if all of the following conditions are met:

(A) The discharge will not unreasonably affect beneficial uses.

(B) The discharge is consistent with applicable water quality control plans and state policy for water quality control.

(C) The use of reclaimed water is consistent with Chapter 7 (commencing with Section 13500).

(D) The discharge is consistent with all applicable requirements of Chapter 5.5 (commencing with Section 13370).

(E) The discharge is to the same general receiving water location as that to which the wastewater would be discharged if not reused.

(3) Any requirement imposed pursuant to Section 13263 or 13377 shall be adjusted to reflect a credit for waste present in the reclaimed water before reuse. The credit shall be limited to the difference between the amount of waste present in the nonreclaimed water

supply otherwise available to the industry and the amount of waste present in the reclaimed water.

(4) If the amount of waste in the discharge exceeds prescribed requirements because the amount of waste in the reclaimed water is in excess of that agreed to be furnished by the supplier to the discharger, no enforcement action shall be taken against the discharger unless both of the following statements apply:

(A) The supplier of the reclaimed water fails to correct the problem within 30 days after the cause of the problem is identified, or within any greater period of time agreed to by the appropriate regional board.

(B) The discharger continues to receive the reclaimed water from the supplier.

(f) This section shall not apply to industrial discharges into publicly owned treatment works.

CHAPTER 1120

An act to amend Sections 19428, 19430, 19432, 19435, 19437, 19605.3, 19605.4, 19701, and 19702 of, to amend and renumber Section 19446 of, to add Sections 19407.5 and 19481.5 to, and to repeal Sections 19415 and 19446 of, and to repeal and add Section 19481 of, the Business and Professions Code, relating to racing, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 19407.5 is added to the Business and Professions Code, to read:

19407.5. "Director" means the Director of the California Horse Racing Board.

SEC. 2. Section 19415 of the Business and Professions Code is repealed.

SEC. 3. Section 19428 of the Business and Professions Code is amended to read:

19428. The board shall appoint a director who shall receive the annual salary established by the board and approved by the Department of Personnel Administration. The director shall be the board's executive officer and shall carry out and execute the duties as specified by law and by the board.

SEC. 4. Section 19430 of the Business and Professions Code is amended to read:

19430. The salaries of the director, and other employees of the board, the per diem allowance of members of the board, and the necessary traveling and other expenses of the director and members

of the board, shall be paid monthly by the Treasurer on the warrant of the Controller and the certification of the chairperson of the board out of the money appropriated for that purpose.

SEC. 5. Section 19432 of the Business and Professions Code is amended to read:

19432. The director shall keep a full and true record of all proceedings of the board, preserve at the board's general office all books, documents, and papers of the board, prepare for service such notices and other papers as may be required of him or her by the board, and perform such other duties as the board may prescribe.

SEC. 6. Section 19435 of the Business and Professions Code is amended to read:

19435. The board, its director, or the stewards, may issue subpoenas for the attendance of witnesses or the production of any records, books, memoranda, documents, or other papers or things, as is necessary to enable any of them to effectually discharge their duties, and may administer oaths or affirmations as necessary in connection therewith.

SEC. 7. Section 19437 of the Business and Professions Code is amended to read:

19437. Any person who testifies falsely under oath in any proceeding before, or any investigation by the board, its director, or the stewards, is guilty of a felony and shall be punished in the same manner prescribed by the Penal Code for the punishment of perjury.

SEC. 8. Section 19446 of the Business and Professions Code, as added by Chapter 424 of the Statutes of 1991, is repealed.

SEC. 9. Section 19446 of the Business and Professions Code, as amended by Section 13 of Chapter 1091 of the Statutes of 1991, is amended and renumbered to read:

19446.1. Notwithstanding any other provision of law, a veterinarian shall not administer medications to any horse entered in the same race in which a horse is entered which he or she owns or trains.

In addition to any penalty provided for by this chapter or any other law, a violation of this section by any licensed veterinarian shall be grounds for denial, revocation, or suspension of a license or imposition of a fine pursuant to Section 4883 and the veterinarian shall be subject to disciplinary action pursuant to Article 4 (commencing with Section 4875) of Chapter 11 of Division 2.

SEC. 10. Section 19481 of the Business and Professions Code is repealed.

SEC. 10.5. Section 19481 is added to the Business and Professions Code, to read:

19481. In performing its responsibilities, the board shall do all of the following:

(a) Establish safety standards governing the uniformity and content of the track base and racing surface, inner and outer rails, gates and gaps, turf, access and egress to the track, lighting for night racing, equipment for horse and rider, drainage, communication,

veterinary service, medical and ambulance service, and other track facilities in order to improve the safety of horses, riders, and workers in the racing inclosure.

(b) Designate a steward at all horseracing meetings to be responsible for maintaining safety standards.

SEC. 11. Section 19481.5 is added to the Business and Professions Code, to read:

19481.5. Notwithstanding any other provision of law, no license shall be issued to conduct a horserace meeting upon a track unless the track has been inspected by the board within 30 days prior to the date of application for a license and the track has been approved by the board as conforming to the racetrack safety standards set forth in subdivision (a) of Section 19481.

This section shall become operative on January 1, 1995.

SEC. 12. Section 19605.3 of the Business and Professions Code is amended to read:

19605.3. (a) An organization described in Section 19608.2 has executed an agreement approved by the board with the association conducting a racing meeting and the satellite wagering facility. The agreement shall provide, among other things, for all of the following:

(1) The conditions for transmission of the signal.

(2) That the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(3) The agreement of the parties, if any, respecting the payment of fees or charges by one party to the other in substitution of, or in addition or supplemental to, the distributions of the amount deducted pursuant to the first paragraph of either Section 19605.7 or Section 19605.71. The agreement as to the payment of those fees or charges shall not operate to increase or reduce the amounts otherwise payable from the amount handled pursuant to this article, other than to a party to the agreement. Any dispute relating to the amount of fees or charges to be paid by any party as a condition of receiving the live audiovisual signal from an association or fair may be appealed to the board. However, nothing in this paragraph shall be construed to require an association or fair to execute an agreement.

(b) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(c) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering has been approved by the board.

(d) (1) Any association or fair that operates a satellite wagering facility shall conduct wagering on all racing that is offered to the satellite wagering facility, except as otherwise provided in Section 19607.5 with respect to the northern zone, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or night meeting, as determined by the board, and, if sustaining a loss

on either a day meeting or night meeting, as long as the satellite wagering facility is reimbursed for that loss by either an organization described in Section 19608.2 or an association. Any association that operates a satellite wagering facility may, but is not required to, accept an audiovisual signal. Notwithstanding any other provision of this paragraph, an association that conducts a racing meeting and a fair that operates a satellite wagering facility may agree to provide an audiovisual signal and to accept wagering on less than all of the races. Acceptance of the audiovisual signal may be on such terms and conditions, including the payment of fees and charges, subject to paragraph (3) of subdivision (a), as the parties may mutually agree.

(2) In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of the acceptance of night wagers shall be considered, and no overhead expenses or expenses of the satellite wagering facility which would be incurred regardless of the acceptance of night wagers shall be considered.

(e) Notwithstanding any other law or any agreement under subdivision (a), for purposes of determining license fees and breakage at the racetrack where the racing meeting is conducted, wagers at a satellite wagering facility shall not be included in the conventional or exotic pools of the association conducting the racing meeting.

(f) The horsemen's organization that represents the horsemen at the association that conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility, except that the association or fair operating the satellite wagering facility may appeal the withholding of consent to the board that may determine that consent is not required.

SEC. 13. Section 19605.4 of the Business and Professions Code is amended to read:

19605.4. Notwithstanding Section 19605.3, the live audiovisual signal of night harness, quarter horse, Appaloosa, or Arabian races in the central or southern zone may be offered to satellite wagering facilities in the northern zone and the signal of those races in the northern zone may be offered to satellite wagering facilities in the central or southern zone. Racing associations may agree to accept that audiovisual signal. However, satellite wagering facilities located at fairs shall not be required pursuant to that agreement to accept more than five night racing programs per week. Acceptance of the audiovisual signal may be on such terms and conditions, including the payment of fees and charges, subject to paragraph (3) of subdivision (a) of Section 19605.3, as the parties may mutually agree.

SEC. 14. Section 19701 of the Business and Professions Code is amended to read:

19701. Notwithstanding any other provision of law, a mule racing meeting or mule races may be conducted by any county fair, district agricultural association fair, or citrus fruit fair.

SEC. 15. Section 19702 of the Business and Professions Code is

amended to read:

19702. The board shall administer this chapter and shall issue a license for the conducting of a mule racing meeting or mule races, which meeting shall not exceed 10 races per day for not more than 11 days.

CHAPTER 1121

An act to amend Sections 23456 and 24405 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 23456 of the Revenue and Taxation Code is amended to read:

23456. For purposes of this part, Section 56 of the Internal Revenue Code is modified as follows:

(a) (1) Section 56(a)(2) of the Internal Revenue Code, relating to mining exploration and development costs, shall apply only to expenses incurred during income years beginning on or after January 1, 1988.

(2) Section 56(a)(5) of the Internal Revenue Code, relating to pollution control facilities, shall apply only to amounts allowable as a deduction under Section 24372.3.

(b) Section 56(c)(2) of the Internal Revenue Code, relating to Merchant Marine Capital Construction Funds, shall not be applicable.

(c) For purposes of applying Section 56(d) of the Internal Revenue Code, all references to "December 31, 1986," are modified to read "December 31, 1987," and all references to "January 1, 1987," are modified to read "January 1, 1988."

(d) For each income year beginning on or after January 1, 1988, and before January 1, 1990, Section 56(f)(2)(E) of the Internal Revenue Code as it read during that period is modified to refer to both of the following:

(1) Cooperatives under Section 24404 in lieu of the deduction allowed under Section 1382(b) of the Internal Revenue Code.

(2) Credit unions under Section 24405 as though the deduction allowed under Section 1382(b) of the Internal Revenue Code applied to credit unions.

(e) Section 56(g)(4)(A) of the Internal Revenue Code is modified to provide the following:

(1) In the case of any property placed in service on or after January 1, 1981, and prior to January 1, 1987, and not described in

clause (i), (ii), or (iii) of Section 56(g)(4)(A) of the Internal Revenue Code, the amount allowable as depreciation or amortization with respect to that property shall be the same amount that would have been allowable for the income year had the taxpayer depreciated the property under the straightline method for each income year of the useful life (determined without regard to Section 24354.2) for which the taxpayer has held the property.

(2) In the case of any property placed in service on or after January 1, 1987, and prior to January 1, 1990, and not described in clause (i), (ii), or (iii) of Section 56(g)(4)(A) of the Internal Revenue Code, the amount allowable as depreciation or amortization with respect to that property shall be determined by each of the following:

(A) Taking into account the adjusted basis of that property (as determined for purposes of computing alternative minimum taxable income) as of the close of the last income year beginning before January 1, 1990.

(B) Using the straightline method over the remainder of the recovery period applicable to that property under the alternative system of Section 168(g) of the Internal Revenue Code.

(3) The amendments made to paragraph (2) by the act adding this paragraph shall apply to income years beginning on or after January 1, 1990.

(f) (1) Section 56(g)(4)(C) of the Internal Revenue Code, relating to disallowance of items not deductible in computing earnings and profits, shall be modified as follows:

(A) (i) A deduction shall be allowed for amounts allowable as a deduction for purposes of the regular tax under Sections 24402, 24410, 24411, and 25106.

(ii) For each income year beginning on or after January 1, 1990, a deduction shall be allowed for amounts allowable as a deduction to a credit union for purposes of the regular tax under Section 24405.

(B) Section 56(g)(4)(C)(ii) of the Internal Revenue Code, relating to special rule for 100 percent dividends, shall not be applicable.

(C) Section 56(g)(4)(C)(iii) of the Internal Revenue Code, relating to special rule for dividends from Section 936 companies, shall not be applicable.

(D) Section 56(g)(4)(C)(iv) of the Internal Revenue Code, relating to special rule for certain dividends received by certain cooperatives, shall not be applicable.

(2) Section 56(g)(4)(D)(ii) of the Internal Revenue Code is modified to specify that Sections 24364 and 24407 shall not apply to expenditures paid or incurred in income years beginning on or after January 1, 1990.

(3) With respect to corporations which are not subject to the tax imposed under Chapter 2 (commencing with Section 23101), the amount of interest income included in the adjusted current earnings shall not exceed the amount of interest income included for purposes

of the regular tax.

(4) Appropriate adjustments shall be made to limit deductions from adjusted current earnings for interest expense in accordance with the provisions of Sections 24344 and 24425.

(g) The provisions of Section 56(h) of the Internal Revenue Code, relating to adjustments based on energy preferences, shall not apply.

SEC. 1.5. Section 23456 of the Revenue and Taxation Code is amended to read:

23456. For purposes of this part, Section 56 of the Internal Revenue Code is modified as follows:

(a) (1) Section 56(a)(2) of the Internal Revenue Code, relating to mining exploration and development costs, shall apply only to expenses incurred during income years beginning on or after January 1, 1988.

(2) Section 56(a)(5) of the Internal Revenue Code, relating to pollution control facilities, shall apply only to amounts allowable as a deduction under Section 24372.3.

(b) Section 56(c)(2) of the Internal Revenue Code, relating to Merchant Marine Capital Construction Funds, shall not be applicable.

(c) For purposes of applying Section 56(d) of the Internal Revenue Code, all references to "December 31, 1986," are modified to read "December 31, 1987," and all references to "January 1, 1987," are modified to read "January 1, 1988."

(d) For each income year beginning on or after January 1, 1988, and before January 1, 1990, Section 56(f)(2)(E) of the Internal Revenue Code, as it read during that period, is modified to refer to both of the following:

(1) Cooperatives under Section 24404 in lieu of the deduction allowed under Section 1382(b) of the Internal Revenue Code.

(2) Credit unions under Section 24405 as though the deduction allowed under Section 1382(b) of the Internal Revenue Code applied to credit unions.

(e) Section 56(g)(4)(A) of the Internal Revenue Code is modified to provide the following:

(1) In the case of any property placed in service on or after January 1, 1981, and prior to January 1, 1987, and not described in clause (i), (ii), or (iii) of Section 56(g)(4)(A) of the Internal Revenue Code, the amount allowable as depreciation or amortization with respect to that property shall be the same amount that would have been allowable for the income year had the taxpayer depreciated the property under the straightline method for each income year of the useful life (determined without regard to Section 24354.2) for which the taxpayer has held the property.

(2) In the case of any property placed in service on or after January 1, 1987, and prior to January 1, 1990, and not described in clause (i), (ii), or (iii) of Section 56(g)(4)(A) of the Internal Revenue Code, the amount allowable as depreciation or amortization with respect to that property shall be determined by

each of the following:

(A) Taking into account the adjusted basis of that property (as determined for purposes of computing alternative minimum taxable income) as of the close of the last income year beginning before January 1, 1990.

(B) Using the straightline method over the remainder of the recovery period applicable to that property under the alternative system of Section 168(g) of the Internal Revenue Code.

(3) The amendments made to paragraph (2) by the act adding this paragraph shall apply to income years beginning on or after January 1, 1990.

(f) (1) Section 56(g)(4)(C) of the Internal Revenue Code, relating to disallowance of items not deductible in computing earnings and profits, shall be modified as follows:

(A) (i) A deduction shall be allowed for amounts allowable as a deduction for purposes of the regular tax under Sections 24402, 24410, 24411, and 25106.

(ii) For each income year beginning on or after January 1, 1990, a deduction shall be allowed for amounts allowable as a deduction to a credit union for purposes of the regular tax under Section 24405.

(B) Section 56(g)(4)(C)(ii) of the Internal Revenue Code, relating to special rule for 100 percent dividends, shall not be applicable.

(C) Section 56(g)(4)(C)(iii) of the Internal Revenue Code, relating to special rule for dividends from Section 936 companies, shall not be applicable.

(D) Section 56(g)(4)(C)(iv) of the Internal Revenue Code, relating to special rule for certain dividends received by certain cooperatives, shall not be applicable.

(2) Section 56(g)(4)(D)(ii) of the Internal Revenue Code is modified to specify that Sections 24364 and 24407 shall not apply to expenditures paid or incurred in income years beginning on or after January 1, 1990.

(3) With respect to corporations which are not subject to the tax imposed under Chapter 2 (commencing with Section 23101), the amount of interest income included in the adjusted current earnings shall not exceed the amount of interest income included for purposes of the regular tax.

(4) Appropriate adjustments shall be made to limit deductions from adjusted current earnings for interest expense in accordance with the provisions of Sections 24344 and 24425.

SEC. 2. Section 24405 of the Revenue and Taxation Code is amended to read:

24405. (a) In the case of other associations organized and operated in whole or in part on a cooperative or a mutual basis, all income resulting from or arising out of business activities for or with their members carried on by them or their agents, or when done on a nonprofit basis for or with nonmembers, shall be an allowable deduction. However, the deduction allowable under this section

shall not apply to those cooperative or mutual associations whose income is principally derived from the sale in the regular course of business of tangible personal property other than water, agricultural products, or food sold at wholesale.

(b) For the purposes of subdivision (a), "food sold at wholesale" means a sale of food to anyone engaged in the business of selling food who holds a seller's permit issued pursuant to Section 6066, and who at the time of purchasing the food either:

(1) Intends to sell it in the regular course of business.

(2) Is unable to ascertain at the time of purchase whether the food will be sold or used for some other purpose.

(c) For the purposes of subdivision (a), a credit union's activities are "for or with" the members of the credit union if the activities involve the investment of surplus member savings capital in investments permitted for credit unions pursuant to Sections 14406, 14652, 14653, 14653.5, 14654, 14655, and 14656 of the Financial Code. "Surplus member savings capital" means the savings capital of credit union members which is in excess of the amount of savings capital which is loaned to members of the credit union. The term "savings capital" shall have the meaning set forth in subdivision (a) of Section 14400 of the Financial Code.

(d) For purposes of subdivision (a), "income resulting from or arising out of business activities for or with their members" includes, but is not limited to, all income resulting from reciprocal transactions with member credit unions.

SEC. 3. The Legislature declares its intent and hereby provides that the changes made to subdivision (e) of Section 23456 of the Revenue and Taxation Code by this act shall be operative for each income year beginning on or after January 1, 1990, as no imposition of an alternative minimum tax on special deductions allowed to corporations operating on a cooperative basis was intended. In addition, it is the intent of the Legislature that, for each income year commencing on or after January 1, 1988, and prior to January 1, 1990, paragraph (5) of subdivision (d) of former Section 23456 of the Revenue and Taxation Code, as amended by Chapter 452 of the Statutes of 1990, and in effect and operative on July 31, 1990, allowing a special rule for cooperatives under Section 24404 of the Revenue and Taxation Code be expanded to include credit unions under Section 24405 of the Revenue and Taxation Code.

SEC. 4. The provisions of this act shall apply to all income years that are not closed by an applicable statute of limitations.

SEC. 5. The Legislature finds and declares that this act serves a statewide public purpose because the Legislature did not intend, and does not intend, to impose a tax on transactions between member credit unions.

SEC. 6. Section 1.5 of this bill incorporates amendments to Section 23456 of the Revenue and Taxation Code proposed by both this bill and AB 35. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each

bill amends Section 23456 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 35, in which case Section 23456 of the Revenue and Taxation Code, as amended by AB 35, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 7. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1122

An act to amend Section 309.76 of, and to add Section 429.16 to, the Health and Safety Code, and to add Sections 6716 and 6717 to the Labor Code, relating to occupational safety and health.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature in enacting this act that the state comply with federal requirements as set forth in the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. Sec. 4851 and following), Title X of the Housing and Community Development Act of 1992 (P.L. 102-550), and Title IV of the Toxic Substances Control Act (15 U.S.C. 2601 and following), and to establish a program within the State Department of Health Services to meet those requirements.

(b) It is in the interest of California citizens to establish this program in order to:

(1) Ensure access to over ten million dollars ($10,000,000) in federal housing funds currently authorized for the state.

(2) Allow the state to be eligible for millions of dollars in future federal housing funds.

(3) Maximize state control over the enforcement of the requirements imposed on all states by the Residential Lead-Based Paint Hazard Reduction Act and federal regulations promulgated thereunder.

SEC. 2. Section 309.76 of the Health and Safety Code is amended to read:

309.76. The department shall continue to direct the Childhood Lead Poisoning Prevention Program to implement a program to identify and conduct medical followup of high-risk children, and to establish procedures for environmental abatement and followup designed to reduce the incidence of excessive childhood lead exposures in California. In implementing this program, the department shall utilize its own studies, as well as relevant information from the scientific literature and childhood lead

poisoning programs from outside California. The particular activities specified in this section shall be initiated by January 1, 1990, and completed on or before January 1, 1993. The program shall include at least all of the following components:

(a) Lead screening. The department shall:

(1) Design and implement at least one pilot blood lead screening project targeting children at high risk of elevated blood lead levels. In designing any pilot projects, the department shall give special consideration to conducting screening through the Child Health Disability and Prevention Program.

(2) Conduct a pilot screening project to evaluate blood lead levels among children of workers exposed to lead in their occupations.

(3) Develop and issue health advisories urging health care providers to conduct routine annual screening of high-risk children between the ages of one and five years of age.

(4) Study the options for, and feasibility of, implementing a mandatory childhood blood lead testing program in California. The study shall include an evaluation of the voluntary response and cooperation of health care providers to the health advisory program specified in paragraph (3). The results of this study shall be submitted to the Legislature by July 1, 1991.

(5) Develop a program to assist local health departments in identifying and following up cases of elevated blood lead levels.

(6) Develop and conduct programs to educate health care providers regarding the magnitude and severity of, and the necessary responses to, the childhood lead poisoning problem in California.

(b) The department, in consultation with the Department of Housing and Community Development, shall adopt regulations governing the abatement of lead paint in and on housing, including, but not limited to, standards for enforcement, testing, abatement, and disposal.

(c) The department shall conduct a study to evaluate whether abatement of lead in soil is effective at reducing blood lead levels in children.

SEC. 3. Section 429.16 is added to the Health and Safety Code, to read:

429.16. (a) A program is hereby established within the department to meet the requirements of the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. Sec. 4851 and following) and Title X of the Housing and Community Development Act of 1992 (P.L. 102-550).

(b) The department shall implement and administer the program. The department shall have powers and authority consistent with the intent of, and shall promulgate regulations to establish the program as an authorized state program pursuant to, Title IV, Section 402 to 404, inclusive, of the Toxic Substances Control Act (15 U.S.C. Sec. 2601 and following).

(c) Regulations regarding accreditation of training providers that

are promulgated pursuant to subdivision (b) shall include, but not be limited to, provisions governing accreditation of providers of health and safety training to employees who engage in or supervise lead-related construction work as defined in Section 6716 of the Labor Code, certification of employees who have successfully completed that training. Regulations regarding accreditation of training providers shall, as a condition of accreditation, require providers to offer training that meets the requirements of Section 6717 of the Labor Code. The department shall, not later than August 1, 1994, adopt regulations establishing fees for the accreditation of training providers, the certification of individuals, and the licensing of entities engaged in lead-related occupations. The fees imposed under this subdivision shall be established at levels not exceeding an amount sufficient to cover the costs of administering and enforcing the standards and regulations promulgated under this section. The fees established pursuant to this subdivision shall not be imposed on any state or local government or nonprofit training program.

(d) All regulations affecting the training of employees shall be adopted in consultation with the Division of Occupational Safety and Health. The regulations shall include provisions for allocating to the division an appropriate portion of funds to be expended for the program for the division's cost of enforcing compliance with training and certification requirements. The department shall adopt regulations to establish the program on or before August 1, 1994.

(e) The department shall review and amend its training, certification, and accreditation regulations promulgated under this section as is necessary to ensure continued eligibility for federal and state funding of lead-hazard reduction activities in the state.

SEC. 4. Section 6716 is added to the Labor Code, to read:

6716. For the purposes of this division, "lead-related construction work" means any of the following:

(a) Any construction, alteration, painting, demolition, salvage, renovation, repair, or maintenance of any building or structure, including preparation and cleanup, that, by using or disturbing lead-containing material or soil, may result in significant exposure of employees to lead as determined by the standard adopted pursuant to Section 6717.

(b) The transportation, disposal, storage, or containment of materials containing lead on site or at a location at which construction activities are performed. "Lead-related construction work" does not include any activity related to the manufacture or mining of lead or the installation or repair of automotive materials containing lead.

SEC. 5. Section 6717 is added to the Labor Code, to read:

6717. (a) On or before February 1, 1994, the division shall propose to the standards board for its review and adoption, a standard that protects the health and safety of employees who engage in lead-related construction work and meets all requirements imposed by the federal Occupational Safety and Health

Administration. The standards board shall adopt the standard on or before December 31, 1994. The standard shall at least prescribe protective measures appropriate to the work activity and the lead content of materials to be disturbed by the activity, and shall include requirements and specifications pertaining to the following:

(1) Sampling and analysis of surface coatings and other materials that may contain significant amounts of lead.

(2) Concentrations and amounts of lead in surface coatings and other materials which may constitute a health hazard to employees engaged in lead-related construction work.

(3) Engineering controls, work practices, and personal protective equipment, including respiratory protection, fit-testing requirements, and protective clothing and equipment.

(4) Washing and showering facilities.

(5) Medical surveillance and medical removal protection.

(6) Establishment of regulated areas and appropriate posting and warning requirements.

(7) Recordkeeping.

(8) Training of employees engaged in lead-related construction work and their supervisors, which shall consist of current certification as required by regulations promulgated under subdivision (c) of Section 429.16 of the Health and Safety Code and include training with respect to at least the following:

(A) Health effects of lead exposure, including symptoms of overexposure.

(B) The construction activities, methods, processes, and materials that can result in lead exposure.

(C) The requirements of the lead standard promulgated pursuant to this section.

(D) Appropriate engineering controls, work practices, and personal protection for lead-related work.

(E) The necessity for fit-testing for respirator use and how fit-testing is conducted.

CHAPTER 1123

An act to add Sections 252 and 253 to the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 252 is added to the Education Code to read:

252. (a) The Superintendent of Public Instruction shall, to the extent possible within existing resources, review and revise, where necessary, the policies and practices of programs administered by

the department that provide services to school districts in order to promote improved gender equity.

(b) The superintendent shall make available, upon request, wherever possible, the following data, compiled by gender and ethnicity:

(1) Assessment scores for all grades tested.

(2) The number of pupils enrolled in mathematics and science courses, as well as courses in other fields of study in which ethnic minority populations or members of either gender have been traditionally underrepresented among participants.

(3) The number of high school graduates.

(4) The number of high school graduates who complete the minimum requirements for admission to the University of California.

(5) The number of pupils who leave school before graduation.

(6) The number of pupils participating in interscholastic athletics.

(c) The superintendent shall request the United States Department of Education to amend the Title IV-C grant for race, sex, and national origin desegregation received pursuant to Section 2000c-2 of Title 42 of the United States Code, and any regulations adopted pursuant thereto, so that funds received under those federal laws that are currently designated for technical assistance activities also may be used for gender equity monitoring and assistance activities.

SEC. 2. Section 253 is added to the Education Code, to read:

253. (a) Compliance with the sex discrimination provisions of this chapter and regulations adopted pursuant to this chapter shall be included in the annual Coordinated Compliance Review Manual provided to school districts by the Superintendent of Public Instruction. Any review of that compliance shall also include a review of the school district's records of complaints of sexual harassment brought by pupils and employees of the school district.

(b) The superintendent shall annually review 20 school districts for compliance with sex discrimination laws and regulations as specified in subdivision (a). The superintendent shall select from those districts subject to review, in a given year, a sampling of districts from each of the following categories:

(1) Those districts within which the greatest number of sex discrimination complaints have been filed since its previous coordinated compliance review.

(2) Those districts with the largest enrollments.

(3) All other districts, selected on a random basis.

(c) The superintendent and the department shall only be required to implement the provisions enumerated in this section in fiscal years in which sufficient funds have been appropriated for those purposes.

SEC. 3. (a) The sum of eighty thousand dollars ($80,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the purposes of this act.

(b) It is the intent of the Legislature that funding for sex

discrimination compliance activities required pursuant to subdivision (b) of Section 253 of the Education Code be provided annually in the Budget Act.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1124

An act to amend Section 76300 of, and to repeal Section 76310 of, the Education Code, relating to postsecondary education, and making an appropriation therefor.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 76300 of the Education Code, as amended by Chapter 67 of the Statutes of 1993, is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) The fee prescribed by this section shall be thirteen dollars ($13) per unit per semester.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84711.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program or has demonstrated financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid. The governing board of a community college district may also waive the fee requirements of this section for any student who demonstrates eligibility according to income standards established by the board of governors and contained in Section 58620 of Title 5 of the California Code of Regulations.

(h) The fee requirements of this section shall be waived for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) It is the intent of the Legislature that sufficient funds be provided to support the provision of a fee waiver for every student who demonstrates eligibility pursuant to subdivisions (g) and (h).

From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 2 percent of the fees waived pursuant to subdivisions (g) and (h). From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 7 percent of the fee waivers provided pursuant to subdivisions (g) and (h) for determination of financial need and delivery of student financial aid services, on the basis of the number of students for whom fees are waived. Funds allocated to a community college district for determination of financial need and

delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1992–93 fiscal year.

(j) The board of governors shall adopt regulations implementing this section.

(k) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1995, deletes or extends that date.

SEC. 2. Section 76310 of the Education Code, as added by Chapter 8 of the Statutes of 1993, is repealed.

SEC. 3. The Board of Governors of the California Community Colleges shall allocate funds appropriated for the Board Financial Aid Program pursuant to subdivision (i) of Section 76300 of the Education Code.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. Ninety-one percent of the funds allocated for the Board Financial Aid Program in Provision 5(b) of Item 6870-101-001 of the Budget Act of 1993 is hereby reappropriated to Schedule (a) of Item 6870-101-001 of the Budget Act of 1993.

CHAPTER 1125

An act to amend Section 186.22 of, to amend, repeal, and add Sections 186.2, 487, and 666.5 of, to add and repeal Sections 487h, 499, and 666.7 of, and to repeal Section 499b.1 of, the Penal Code, to amend, repeal, and add Section 10851 of the Vehicle Code, and to amend, repeal, and add Section 653.5 of the Welfare and Institutions Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 186.2 of the Penal Code is amended to read:

186.2. For purposes of the application of this chapter, the

following definitions shall govern:

(a) "Criminal profiteering activity" means any act committed or attempted or any threat made for financial gain or advantage, which act or threat may be charged as a crime under any of the following sections:

(1) Arson, as defined in Section 451.

(2) Bribery, as defined in Sections 67, 67.5, and 68.

(3) Child pornography or exploitation, as defined in subdivision (b) of Section 311.2, or Section 311.3 or 311.4, which may be prosecuted as a felony.

(4) Felonious assault, as defined in Section 245.

(5) Embezzlement, as defined in Sections 424 and 503.

(6) Extortion, as defined in Section 518.

(7) Forgery, as defined in Section 470.

(8) Gambling, as defined in Sections 337a to 337f, inclusive, and Section 337i, except the activities of a person who participates solely as an individual bettor.

(9) Kidnapping, as defined in Section 207.

(10) Mayhem, as defined in Section 203.

(11) Murder, as defined in Section 187.

(12) Pimping and pandering, as defined in Section 266.

(13) Receiving stolen property, as defined in Section 496.

(14) Robbery, as defined in Section 211.

(15) Solicitation of crimes, as defined in Section 653f.

(16) Grand theft, as defined in Section 487.

(17) Theft or taking of any motor vehicle, trailer, or vessel, as described in Section 487h of this code, or of any vehicle, as described in Section 10851 of the Vehicle Code.

(18) Trafficking in controlled substances, as defined in Sections 11351, 11352, and 11353 of the Health and Safety Code.

(19) Violation of the laws governing corporate securities, as defined in Section 25541 of the Corporations Code.

(20) Any of the offenses contained in Chapter 7.5 (commencing with Section 311) of Title 9, relating to obscene matter, or in Chapter 7.6 (commencing with Section 313) of Title 9, relating to harmful matter which may be prosecuted as a felony.

(21) Presentation of a false or fraudulent claim, as defined in Section 550.

(22) Money laundering, as defined in Section 186.10.

(23) Conspiracy to commit any of the crimes listed above, as defined in Section 182.

(b) "Pattern of criminal profiteering activity" means engaging in at least two incidents of criminal profiteering, as defined by this act, which meet the following requirements:

(1) Have the same or a similar purpose, result, principals, victims, or methods of commission, or are otherwise interrelated by distinguishing characteristics.

(2) Are not isolated events.

(3) Were committed as a criminal activity of organized crime.

Acts that would constitute a "pattern of criminal profiteering activity" may not be used by a prosecuting agency to seek the remedies provided by this chapter unless the underlying offense occurred after the effective date of this chapter and the prior act occurred within 10 years, excluding any period of imprisonment, of the commission of the underlying offense. A prior act may not be used by a prosecuting agency to seek remedies provided by this chapter if a prosecution for that act resulted in an acquittal.

(c) "Prosecuting agency" means the Attorney General or the district attorney of any county.

(d) "Organized crime" means crime which is of a conspiratorial nature and that is either of an organized nature and which seeks to supply illegal goods and services such as narcotics, prostitution, loan sharking, gambling, and pornography, or that, through planning and coordination of individual efforts, seeks to conduct the illegal activities of arson for profit, hijacking, insurance fraud, smuggling, operating vehicle theft rings, or systematically encumbering the assets of a business for the purpose of defrauding creditors.

(e) "Underlying offense" means an offense enumerated in subdivision (a) for which the defendant is being prosecuted.

(f) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 2. Section 186.2 is added to the Penal Code, to read:

186.2. For purposes of the application of this chapter, the following definitions shall govern:

(a) "Criminal profiteering activity" means any act committed or attempted or any threat made for financial gain or advantage, which act or threat may be charged as a crime under any of the following sections:

(1) Arson, as defined in Section 451.

(2) Bribery, as defined in Sections 67, 67.5, and 68.

(3) Child pornography or exploitation, as defined in subdivision (b) of Section 311.2, or Section 311.3 or 311.4, which may be prosecuted as a felony.

(4) Felonious assault, as defined in Section 245.

(5) Embezzlement, as defined in Sections 424 and 503.

(6) Extortion, as defined in Section 518.

(7) Forgery, as defined in Section 470.

(8) Gambling, as defined in Sections 337a to 337f, inclusive, and Section 337i, except the activities of a person who participates solely as an individual bettor.

(9) Kidnapping, as defined in Section 207.

(10) Mayhem, as defined in Section 203.

(11) Murder, as defined in Section 187.

(12) Pimping and pandering, as defined in Section 266.

(13) Receiving stolen property, as defined in Section 496.

(14) Robbery, as defined in Section 211.

(15) Solicitation of crimes, as defined in Section 653f.

(16) Grand theft, as defined in Section 487.

(17) Trafficking in controlled substances, as defined in Sections 11351, 11352, and 11353 of the Health and Safety Code.

(18) Violation of the laws governing corporate securities, as defined in Section 25541 of the Corporations Code.

(19) Any of the offenses contained in Chapter 7.5 (commencing with Section 311) of Title 9, relating to obscene matter, or in Chapter 7.6 (commencing with Section 313) of Title 9, relating to harmful matter which may be prosecuted as a felony.

(20) Presentation of a false or fraudulent claim, as defined in Section 550.

(21) Money laundering, as defined in Section 186.10.

(22) Conspiracy to commit any of the crimes listed above, as defined in Section 182.

(b) "Pattern of criminal profiteering activity" means engaging in at least two incidents of criminal profiteering, as defined by this act, which meet the following requirements:

(1) Have the same or a similar purpose, result, principals, victims or methods of commission, or are otherwise interrelated by distinguishing characteristics.

(2) Are not isolated events.

(3) Were committed as a criminal activity of organized crime.

Acts which would constitute a "pattern of criminal profiteering activity" may not be used by a prosecuting agency to seek the remedies provided by this chapter unless the underlying offense occurred after the effective date of this chapter and the prior act occurred within 10 years, excluding any period of imprisonment, of the commission of the underlying offense. A prior act may not be used by a prosecuting agency to seek remedies provided by this chapter if a prosecution for that act resulted in an acquittal.

(c) "Prosecuting agency" means the Attorney General or the district attorney of any county.

(d) "Organized crime" means crime which is of a conspiratorial nature and that is either of an organized nature and which seeks to supply illegal goods and services such as narcotics, prostitution, loan sharking, gambling, and pornography, or that, through planning and coordination of individual efforts, seeks to conduct the illegal activities of arson for profit, hijacking, insurance fraud, smuggling, operating vehicle theft rings, or systematically encumbering the assets of a business for the purpose of defrauding creditors.

(e) "Underlying offense" means an offense enumerated in subdivision (a) for which the defendant is being prosecuted.

This section shall become operative on January 1, 1997.

SEC. 3. Section 186.22 of the Penal Code is amended to read:

186.22. (a) Any person who actively participates in any criminal street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by members of that gang, shall be punished by imprisonment in a county jail for a period not to exceed one year, or by imprisonment

in the state prison for one, two, or three years.

(b) (1) Except as provided in paragraph (2), any person who is convicted of a felony which is committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall, upon conviction of that felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one, two, or three years at the court's discretion. However, if the underlying felony is committed on the grounds of, or within 1,000 feet of, a public or private elementary, vocational, junior high, or high school, during hours in which the facility is open for classes or school related programs or when minors are using the facility, the additional term shall be two, three, or four years, at the court's discretion. The court shall order the imposition of the middle term of the sentence enhancement, unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its choice of sentence enhancements on the record at the time of the sentencing.

(2) Any person who violates this subdivision in the commission of a felony punishable by imprisonment in the state prison for life, shall not be paroled until a minimum of 15 calendar years have been served.

(c) Any person who is convicted of a public offense punishable as a felony or a misdemeanor, which is committed for the benefit of, at the direction of, or in association with, any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall be punished by imprisonment in a county jail not to exceed one year, or by imprisonment in the state prison for one, two, or three years, provided that any person sentenced to imprisonment in a county jail shall be imprisoned for a period not to exceed one year, but not less than 180 days, and shall not be eligible for release upon completion of sentence, parole, or any other basis, until he or she has served 180 days. If the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in a county jail.

(d) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in this section or refuse to impose the minimum jail sentence for misdemeanors in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(e) As used in this chapter, "pattern of criminal gang activity" means the commission, attempted commission, or solicitation of two or more of the following offenses, provided at least one of those offenses occurred after the effective date of this chapter and the last of those offenses occurred within three years after a prior offense,

and the offenses are committed on separate occasions, or by two or more persons:

(1) Assault with a deadly weapon or by means of force likely to produce great bodily injury, as defined in Section 245.

(2) Robbery, as defined in Chapter 4 (commencing with Section 211) of Title 8 of Part 1.

(3) Unlawful homicide or manslaughter, as defined in Chapter 1 (commencing with Section 187) of Title 8 of Part 1.

(4) The sale, possession for sale, transportation, manufacture, offer for sale, or offer to manufacture controlled substances as defined in Sections 11054, 11055, 11056, 11057, and 11058 of the Health and Safety Code.

(5) Shooting at an inhabited dwelling or occupied motor vehicle, as defined in Section 246.

(6) Arson, as defined in Chapter 1 (commencing with Section 450) of Title 13.

(7) The intimidation of witnesses and victims, as defined in Section 136.1.

(8) Grand theft of any vehicle, trailer, or vessel, as described in Section 487h.

(f) As used in this chapter, "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the criminal acts enumerated in paragraphs (1) to (8), inclusive, of subdivision (e), which has a common name or common identifying sign or symbol, whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

(g) This section shall remain in effect only until January 1, 1997, and on that date is repealed.

SEC. 4. Section 487 of the Penal Code is amended to read:

487. Grand theft is theft committed in any of the following cases:

(a) When the money, labor, or real or personal property taken is of a value exceeding four hundred dollars ($400), except as provided in subdivision (b).

(b) Notwithstanding subdivision (a), grand theft is committed in any of the following cases:

(1) (A) When domestic fowls, avocados, olives, citrus or deciduous fruits, other fruits, vegetables, nuts, artichokes, or other farm crops are taken of a value exceeding one hundred dollars ($100).

(B) For purposes of establishing that the value of avocados or citrus fruit under this paragraph exceeds one hundred dollars ($100), that value may be shown by the presentation of credible evidence which establishes that on the day of the theft avocados or citrus fruit of the same variety and weight exceeded one hundred dollars ($100) in wholesale value.

(2) When fish, shellfish, mollusks, crustaceans, kelp, algae, or other aquacultural products are taken from a commercial or research

operation which is producing that product, of a value exceeding one hundred dollars ($100).

(3) Where the money, labor, or real or personal property is taken by a servant, agent, or employee from his or her principal or employer and aggregates four hundred dollars ($400) or more in any 12 consecutive month period.

(c) When the property is taken from the person of another.

(d) When the property taken is a firearm, horse, mare, gelding, any bovine animal, any caprine animal, mule, jack, jenny, sheep, lamb, hog, sow, boar, gilt, barrow, or pig.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 5. Section 487 is added to the Penal Code, to read:

487. Grand theft is theft committed in any of the following cases:

(a) When the money, labor, or real or personal property taken is of a value exceeding four hundred dollars ($400), except as provided in subdivision (b).

(b) Notwithstanding subdivision (a), grand theft is committed in any of the following cases:

(1) (A) When domestic fowls, avocados, olives, citrus or deciduous fruits, other fruits, vegetables, nuts, artichokes, or other farm crops are taken of a value exceeding one hundred dollars ($100).

(B) For the purposes of establishing that the value of avocados or citrus fruit under this paragraph exceeds one hundred dollars ($100), that value may be shown by the presentation of credible evidence which establishes that on the day of the theft avocados or citrus fruit of the same variety and weight exceeded one hundred dollars ($100) in wholesale value.

(2) When fish, shellfish, mollusks, crustaceans, kelp, algae, or other aquacultural products are taken from a commercial or research operation which is producing that product, of a value exceeding one hundred dollars ($100).

(3) Where the money, labor, or real or personal property is taken by a servant, agent, or employee from his or her principal or employer and aggregates four hundred dollars ($400) or more in any 12 consecutive month period.

(c) When the property is taken from the person of another.

(d) When the property taken is an automobile, firearm, horse, mare, gelding, any bovine animal, any caprine animal, mule, jack, jenny, sheep, lamb, hog, sow, boar, gilt, barrow, or pig.

(e) This section shall become operative on January 1, 1997.

SEC. 6. Section 487h is added to the Penal Code, to read:

487h. (a) Every person who feloniously steals or takes any motor vehicle, as defined in Section 415 of the Vehicle Code, any trailer, as defined in Section 630 of the Vehicle Code, any special construction equipment, as defined in Section 565 of the Vehicle Code, or any vessel, as defined in Section 21 of the Harbors and Navigation Code, is guilty of grand theft, and upon conviction thereof, shall be

punished by imprisonment in the state prison for 16 months or two or three years or a fine of not more than ten thousand dollars ($10,000), or both, or by imprisonment in a county jail not to exceed one year or a fine of not more than one thousand dollars ($1,000), or both.

(b) Any person who, having been convicted of two previous misdemeanor violations of subdivision (a), subdivision (d) of Section 487, involving an automobile, or Section 10851 of the Vehicle Code, or any combination of those offenses as misdemeanors, is subsequently convicted of a violation of subdivision (a) shall be punished for the subsequent conviction by imprisonment in the state prison for two, three, or four years.

(c) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person who is convicted of a felony violation of subdivision (a) or (b), and who has been previously convicted of two or more felony violations of the offense set forth in subdivision (a), the offense set forth in subdivision (d) of Section 487, involving a vehicle, or the offense set forth in Section 10851 of the Vehicle Code, or who has been previously convicted of one felony violation of any of those offenses and at least two misdemeanor violations of those offenses.

(d) If the court grants probation under subdivision (c), it shall specify on the court record the reason or reasons for that order.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 7. Section 499 is added to the Penal Code, to read:

499. (a) Any person who, having been convicted of a previous violation of Section 10851 of the Vehicle Code, or of subdivision (d) of Section 487, involving a vehicle or vessel, and having served a term therefor in any penal institution or having been imprisoned therein as a condition of probation for the offense, is subsequently convicted of a violation of Section 499b, involving a vehicle or vessel, shall be punished for the subsequent offense by imprisonment in a county jail not exceeding one year or the state prison for 16 months, two, or three years.

(b) Any person convicted of a violation of Section 499b, who has been previously convicted under charges separately brought and tried two or more times of a violation of Section 499b, all of these violations involving a vehicle or vessel, and who has been imprisoned therefor as a condition of probation or otherwise at least once, shall be punished by imprisonment in a county jail for not more than one year or in the state prison for 16 months, two, or three years.

(c) Any person convicted of a violation of Section 499b, who has been previously convicted under charges separately brought and tried three or more times of a violation of Section 499b, all of these violations involving a vehicle or vessel, shall be punished by imprisonment in the state prison for 16 months, two, or three years.

(d) Any person convicted of a violation of Section 499b, who has

twice been previously convicted under charges separately brought and tried of a violation of Section 499b, all of these violations involving a vehicle or vessel, and who has been previously convicted of a violation of Section 487h, subdivision (d) of Section 487, involving an automobile, or Section 10851 of the Vehicle Code, shall be punished by imprisonment in the state prison for 16 months, two, or three years.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 8. Section 499 is added to the Penal Code, to read:

499. (a) Any person who, having been convicted of a previous violation of Section 10851 of the Vehicle Code, or of subdivision (d) of Section 487, involving a vehicle or vessel, and having served a term therefor in any penal institution or having been imprisoned therein as a condition of probation for the offense, is subsequently convicted of a violation of Section 499b, involving a vehicle or vessel, is punishable for the subsequent offense by imprisonment in the county jail not exceeding one year or the state prison for 16 months, two, or three years.

(b) Any person convicted of a violation of Section 499b, who has been previously convicted under charges separately brought and tried two or more times of a violation of Section 499b, all such violations involving a vehicle or vessel, and who has been imprisoned therefore as a condition of probation or otherwise at least once, is punishable by imprisonment in the county jail for not more than one year or in the state prison for 16 months, two, or three years.

(c) This section shall become operative on January 1, 1997.

SEC. 9. Section 499b.1 of the Penal Code is repealed.

SEC. 10. Section 666.5 of the Penal Code is amended to read:

666.5. (a) Every person who, having been previously convicted of felony vehicle theft under Section 10851 of the Vehicle Code, or felony grand theft involving an automobile in violation of subdivision (d) of Section 487 or Section 487h, regardless of whether or not the person actually served a prior prison term for those offenses, is subsequently convicted of any of these offenses shall be punished by imprisonment in the state prison for three, four, or five years, or a fine of ten thousand dollars ($10,000), or both the fine and the imprisonment.

(b) The existence of any fact which would bring a person under subdivision (a) shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(c) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 11. Section 666.5 is added to the Penal Code, to read:

666.5. (a) Every person who, having been previously convicted of felony vehicle theft under Section 10851 of the Vehicle Code, or

felony grand theft involving an automobile in violation of subdivision (d) of Section 487, regardless of whether or not the person actually served a prior prison term for those offenses, is subsequently convicted of any of these offenses shall be punished by imprisonment in the state prison for two, three, or four years, or a fine of ten thousand dollars ($10,000), or both the fine and the imprisonment.

(b) The existence of any fact which would bring a person under subdivision (a) shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(c) This section shall become operative on January 1, 1997.

SEC. 12. Section 666.7 is added to the Penal Code, to read:

666.7. (a) Every person who, having been twice convicted previously of receiving stolen property in violation of subdivision (a) of Section 496, involving any vehicle, trailer, or vessel, regardless of whether or not the person actually served a prior prison term for those offenses, is subsequently convicted of that offense involving any vehicle, trailer, or vessel, shall be punished by imprisonment in the state prison for two, three, or four years, by a fine of ten thousand dollars ($10,000), or by both that imprisonment and fine.

(b) The existence of any fact that would bring a person under subdivision (a) shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(c) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 13. Section 10851 of the Vehicle Code is amended to read:

10851. (a) Any person who drives or takes a vehicle not his or her own, without the consent of the owner thereof, and with intent either to permanently or temporarily deprive the owner thereof of his or her title to or possession of the vehicle, whether with or without intent to steal the vehicle, or any person who is a party or an accessory to or an accomplice in the driving or unauthorized taking or stealing, is guilty of a public offense and, upon conviction thereof, shall be punished by imprisonment in the state prison for 16 months or two or three years or a fine of not more than ten thousand dollars ($10,000), or both, or by imprisonment in the county jail not to exceed one year or a fine of not more than one thousand dollars ($1,000), or both.

(b) Any person who, having been convicted of two previous misdemeanor violations of this section, subdivision (d) of Section 487 of the Penal Code, involving an automobile, or any combination of these offenses as misdemeanors, is subsequently convicted of a violation of subdivision (a) shall be punished for the subsequent conviction by imprisonment in the state prison for two, three, or four

years.

(c) If the vehicle is (1) an ambulance, as defined in subdivision (a) of Section 165, (2) a distinctively marked vehicle of a law enforcement agency or fire department, taken while the ambulance or vehicle is on an emergency call and this fact is known to the person driving or taking, or any person who is party or an accessory to or an accomplice in the driving or unauthorized taking or stealing, or (3) a vehicle which has been modified for the use of a disabled veteran or any other disabled person and which displays a distinguishing license plate or placard issued pursuant to Section 22511.5 or 22511.9 and this fact is known or should reasonably have been known to the person driving or taking, or any person who is party or an accessory in the driving or unauthorized taking or stealing, the offense is a felony punishable by imprisonment in the state prison for two, four, or six years and by a fine of not more than ten thousand dollars ($10,000).

(d) (1) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person who is convicted of a felony violation of subdivision (a), (b), or (c), and who has been previously convicted of two or more felony violations of the offense set forth in subdivision (a) or (c), the offense set forth in subdivision (d) of Section 487 of the Penal Code, involving a vehicle, or the offense set forth in Section 487h of the Penal Code, or who has been previously convicted of one felony violation of any of those offenses and at least two misdemeanor violations of those offenses.

(2) If the court grants probation under paragraph (1), it shall specify on the court record the reason or reasons for that order.

(e) In any prosecution for a violation of subdivision (a) or (c), the consent of the owner of a vehicle to its taking or driving shall not in any case be presumed or implied because of the owner's consent on a previous occasion to the taking or driving of the vehicle by the same or a different person.

(f) The existence of any fact which makes subdivision (c) applicable shall be alleged in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(g) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 14. Section 10851 is added to the Vehicle Code, to read:

10851. (a) Any person who drives or takes a vehicle not his or her own, without the consent of the owner thereof, and with intent either to permanently or temporarily deprive the owner thereof of his or her title to or possession of the vehicle, whether with or without intent to steal the vehicle, or any person who is a party or an accessory to or an accomplice in the driving or unauthorized taking or stealing, is guilty of a public offense and, upon conviction

thereof, shall be punished by imprisonment in a county jail for not more than one year or in the state prison or by a fine of not more than five thousand dollars ($5,000), or by both the fine and imprisonment.

(b) If the vehicle is (1) an ambulance, as defined in subdivision (a) of Section 165, (2) a distinctively marked vehicle of a law enforcement agency or fire department, taken while the ambulance or vehicle is on an emergency call and this fact is known to the person driving or taking, or any person who is party or an accessory to or an accomplice in the driving or unauthorized taking or stealing, or (3) a vehicle which has been modified for the use of a disabled veteran or any other disabled person and which displays a distinguishing license plate or placard issued pursuant to Section 22511.5 or 22511.9 and this fact is known or should reasonably have been known to the person driving or taking, or any person who is party or an accessory in the driving or unauthorized taking or stealing, the offense is a felony punishable by imprisonment in the state prison for two, three, or four years or by a fine of not more than ten thousand dollars ($10,000), or by both the fine and imprisonment.

(c) In any prosecution for a violation of subdivision (a) or (b), the consent of the owner of a vehicle to its taking or driving shall not in any case be presumed or implied because of the owner's consent on a previous occasion to the taking or driving of the vehicle by the same or a different person.

(d) The existence of any fact which makes subdivision (b) applicable shall be alleged in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

(e) This section shall become operative on January 1, 1997.

SEC. 15. Section 653.5 of the Welfare and Institutions Code, as amended by Section 22 of Chapter 59 of the Statutes of 1993, is amended to read:

653.5. (a) Whenever any person applies to the probation officer to commence proceedings in the juvenile court, the application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer may make any investigation he or she deems necessary to determine whether proceedings in the juvenile court shall be commenced.

(b) Except as provided in subdivision (c), if the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person to be a ward of the juvenile court on the basis that he or she is a person described in Section 602, the probation officer may cause the affidavit to be taken to the prosecuting attorney.

(c) Notwithstanding subdivision (b), the probation officer may cause the affidavit to be taken within 48 hours to the prosecuting attorney in all of the following cases:

(1) If it appears to the probation officer that the minor has been referred to the probation officer for any violation of an offense listed in subdivision (b) of Section 707.

(2) If it appears to the probation officer that the minor is under 16 years of age at the date of the offense and that the offense constitutes a second felony referral to the probation officer.

(3) If it appears to the probation officer that the minor was 16 years of age or older at the date of the offense and that the offense constitutes a felony referral to the probation officer.

(4) If it appears to the probation officer that the minor has been referred to the probation officer for the sale or possession for sale of a controlled substance as defined in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

(5) If it appears to the probation officer that the minor has been referred to the probation officer for a violation of Section 11350 or 11377 of the Health and Safety Code where the violation takes place at a public or private elementary, vocational, junior high school, or high school, or a violation of Section 245.5, 626.9, or 626.10 of the Penal Code.

(6) If it appears to the probation officer that the minor was 14 years of age or older at the date of the offense and the offense for which the referral was made constitutes a violation of Section 487h of the Penal Code or Section 10851 of the Vehicle Code.

(7) If it appears to the probation officer that the minor has been referred to the probation officer for a violation of Section 186.22 of the Penal Code.

(8) If it appears to the probation officer that the minor has previously been placed in a program of informal probation pursuant to Section 654.

(9) If it appears to the probation officer that the minor has committed an offense in which the restitution owed to the victim exceeds one thousand dollars ($1,000). For purposes of this paragraph, the definition of "victim" in paragraph (1) of subdivision (a) of Section 729.6 and "restitution" in subdivision (d) of Section 729.6 shall apply.

Except for offenses listed in paragraph (5), the provisions of subdivision (c) shall not apply to a narcotics and drug offense set forth in Section 1000 of the Penal Code.

The prosecuting attorney shall within his or her discretionary power institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 and Section 26500 of the Government Code. However, if it appears to the prosecuting attorney that the affidavit was not properly referred, that the offense for which the minor was referred should be charged as a misdemeanor, or that the minor may benefit from a program of informal supervision, he or she shall refer the matter to the probation

officer for whatever action the probation officer may deem appropriate.

(d) In all matters where the minor is not in custody and is already a ward of the court or a probationer under Section 602, the prosecuting attorney, within five judicial days of receipt of the affidavit from the probation officer, shall institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code, unless it appears to the prosecuting attorney that the affidavit was not properly referred or that the offense for which the minor was referred requires additional substantiating information, in which case he or she shall immediately notify the probation officer of what further action he or she is taking.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed.

SEC. 16. Section 653.5 is added to the Welfare and Institutions Code, to read:

653.5. (a) Whenever any person applies to the probation officer to commence proceedings in the juvenile court, the application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer may make any investigation he or she deems necessary to determine whether proceedings in the juvenile court shall be commenced.

(b) Except as provided in subdivision (c), if the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person to be a ward of the juvenile court on the basis that he or she is a person described in Section 602, the probation officer may cause the affidavit to be taken to the prosecuting attorney.

(c) Notwithstanding the provisions of subdivision (b), the probation officer may cause the affidavit to be taken within 48 hours to the prosecuting attorney in all of the following cases:

(1) If it appears to the probation officer that the minor has been referred to the probation officer for any violation of an offense listed in subdivision (b) of Section 707.

(2) If it appears to the probation officer that the minor is under 16 years of age at the date of the offense and that the offense constitutes a second felony referral to the probation officer.

(3) If it appears to the probation officer that the minor was 16 years of age or older at the date of the offense and that the offense constitutes a felony referral to the probation officer.

(4) If it appears to the probation officer that the minor has been referred to the probation officer for the sale or possession for sale of a controlled substance as defined in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

(5) If it appears to the probation officer that the minor has been

referred to the probation officer for a violation of Section 11350 or 11377 of the Health and Safety Code where the violation takes place at a public or private elementary, vocational, junior high school, or high school, or a violation of Section 245.5, 626.9, or 626.10 of the Penal Code.

(6) If it appears to the probation officer that the minor has been referred to the probation officer for a violation of Section 186.22 of the Penal Code.

(7) If it appears to the probation officer that the minor has previously been placed in a program of informal probation pursuant to Section 654.

(8) If it appears to the probation officer that the minor has committed an offense in which the restitution owed to the victim exceeds one thousand dollars ($1,000). For purposes of this paragraph, the definition of "victim" in paragraph (1) of subdivision (a) of Section 729.6 and "restitution" in subdivision (d) of Section 729.6 shall apply.

Except for offenses listed in paragraph (5), the provisions of subdivision (c) shall not apply to a narcotics and drug offense set forth in Section 1000 of the Penal Code.

The prosecuting attorney shall within his or her discretionary power institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 and Section 26500 of the Government Code. However, if it appears to the prosecuting attorney that the affidavit was not properly referred, that the offense for which the minor was referred should be charged as a misdemeanor, or that the minor may benefit from a program of informal supervision, he or she shall refer the matter to the probation officer for whatever action the probation officer may deem appropriate.

(d) In all matters where the minor is not in custody and is already a ward of the court or a probationer under Section 602, the prosecuting attorney, within five judicial days of receipt of the affidavit from the probation officer, shall institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code, unless it appears to the prosecuting attorney that the affidavit was not properly referred or that the offense for which the minor was referred requires additional substantiating information, in which case he or she shall immediately notify the probation officer of what further action he or she is taking.

(e) This section shall become operative on January 1, 1997.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reinstate vehicle theft statutes with enhanced penalties which were repealed on January 1, 1993, it is necessary that this act take immediate effect.

CHAPTER 1126

An act to amend Section 13143.9 of the Government Code, and to amend Section 25509 of, and to add Sections 25503.9 and 25509.2 to, the Health and Safety Code, relating to hazardous materials.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 13143.9 of the Health and Safety Code is amended to read:

13143.9. (a) The State Fire Marshal shall, in carrying out Section 13143, prepare, adopt, and submit building standards and other fire and life safety regulations for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 establishing minimum requirements for the storage, handling, and use of hazardous materials, as defined, in Article 9 of the 1988 Uniform Fire Code, and any subsequent editions, published by the Western Fire Chiefs Association and the International Conference of Building Officials. The State Fire Marshal shall seek the advice of the Office of Emergency Services in establishing these requirements. This section does not prohibit a city, county, or district from adopting an ordinance, resolution, or regulation imposing stricter or more stringent requirements than a standard adopted pursuant to this section.

(b) A business which files the annual inventory form in compliance with Chapter 6.95 (commencing with Section 25500) of Division 20, including the addendum adopted pursuant to Section 25503.9, shall be deemed to have met the requirements of subdivision (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to this section.

(c) A business which is not required to file a hazardous materials inventory form pursuant to Section 25509 but which is required by the local fire chief to comply with subdivision (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal

pursuant to this section, shall, notwithstanding Chapter 6.95 (commencing with Section 25500) of Division 20, file the inventory form adopted pursuant to Section 25503.3 and the addendum adopted pursuant to Section 25503.9 with the local fire chief for purposes of complying with this requirement, if determined to be necessary by the fire chief.

SEC. 2. Section 25503.9 is added to the Health and Safety Code, to read:

25503.9. On or before January 1, 1995, the office shall, in consultation with the administering agencies and the State Fire Marshal, adopt by regulation, a single comprehensive addendum to the hazardous materials reporting form for businesses to submit to administering agencies for purposes of complying with subdivisions (b) and (c) of Section 13143.9 and subdivision (b) of Section 25509. The regulations shall also specify criteria for sharing data electronically. Not later than two years after the effective date of those regulations, and annually thereafter, each administering agency shall require businesses to use that addendum when complying with subdivisions (b) and (c) of Section 13143.9 and subdivision (b) of Section 25509. The addendum shall be filed with the administering agency, when required by the local fire chief.

SEC. 3. Section 25509 of the Health and Safety Code is amended to read:

25509. (a) The annual inventory form shall include, but shall not be limited to, information on all of the following which are handled in quantities equal to or greater than the quantities specified in subdivision (a) of Section 25503.5:

(1) A listing of the chemical name and common names of every hazardous substance or chemical product handled by the business.

(2) The category of waste, including the general chemical and mineral composition of the waste listed by probable maximum and minimum concentrations, of every hazardous waste handled by the business.

(3) A listing of the chemical name and common names of every other hazardous material or mixture containing a hazardous material handled by the business which is not otherwise listed pursuant to paragraph (1) or (2).

(4) The maximum amount of each hazardous material or mixture containing a hazardous material disclosed in paragraphs (1), (2), and (3) which is handled at any one time by the business over the course of the year.

(5) Sufficient information on how and where the hazardous materials disclosed in paragraphs (1), (2), and (3) are handled by the business to allow fire, safety, health, and other appropriate personnel to prepare adequate emergency responses to potential releases of the hazardous materials.

(6) The SIC Code number of the business if applicable.

(7) The name and phone number of the person representing the business and able to assist emergency personnel in the event of an

emergency involving the business during nonbusiness hours.

(b) If the local fire chief requires the business to comply with the requirements of subdivision (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to Section 13143.9, the business shall also file the addendum required by Section 25503.9 with the administering agency.

(c) The administering agency may permit the reporting of the amount of hazardous material under this section by ranges, rather than a specific amount, as long as those ranges provide the information necessary to meet the needs of emergency rescue personnel, to determine the potential hazard from a release of the materials, and meets the purposes of this chapter.

(d) (1) Except as provided in subdivision (e), the annual inventory form required by this section shall also include all inventory information required by Section 11022 of Title 42 of the United States Code, as that section read on January 1, 1989, or as it may be subsequently amended.

(2) The office may adopt or amend existing regulations specifying the inventory information required by this subdivision.

(e) If, pursuant to federal law or regulation, as it currently exists or as it may be amended, there is a determination that the inventory information required by subdivisions (a) and (c) is substantially equivalent to the inventory information required under the Emergency Planning and Community Right-to-Know Act of 1986 (42 U.S.C. Sec. 11001 et seq.), the requirements of subdivision (d) shall not apply.

SEC. 4. Section 25509.2 is added to the Health and Safety Code, to read:

25509.2. (a) The Legislature hereby finds and declares all of the following:

(1) Persons attempting to do business in this state are increasingly experiencing excessive and duplicative regulatory requirements at different levels of government.

(2) To streamline and ease the regulatory burdens of doing business in this state, compliance with the hazardous materials release response plans and inventory requirements of this chapter shall also suffice to meet the requirements of the Uniform Fire Code with regard to the requirement for a hazardous materials management plan and hazardous materials inventory statement, as set forth in Article 80 of the Uniform Fire Code and its appendices.

(3) Businesses which are required to comply with this chapter do so on one form, with one fee and one inspection. The administering agency shall forward the data collected, within 15 days of receipt and confirmation, with other local agencies in a format easily interpreted by those agencies with shared responsibilities for protection of the public health and safety and the environment.

(4) Enforcement of this chapter and the Uniform Fire Code shall be coordinated.

(b) Notwithstanding Section 13143.9, and any standards and

regulations adopted pursuant to that section, any business which files the annual inventory form in compliance with this article, including the addendum adopted pursuant to Section 25503.9, as required by the local fire chief to comply with subdivision (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to Section 13143.9, shall be deemed to have met the requirements of subdivision (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to Section 13143.9.

(c) Notwithstanding Section 13143.9, and any standards and regulations adopted pursuant to that section, any business which establishes and maintains a business plan for emergency response to a release or a threatened release of a hazardous material in accordance with Section 25503.5, shall be deemed to have met the requirements of subdivision (b) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to Section 13143.9.

(d) Except for the addendum required by the local fire chief, the administering agency shall be the sole enforcement agency for purposes of determining compliance pursuant to subdivisions (b) and (c).

(e) Except as otherwise expressly provided in this section, this section does not affect or otherwise limit the authority of the local fire chief to enforce the Uniform Fire Code.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction or because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1127

An act to amend Sections 68022, 74952.7, 77528, 77548, 77549, and 77623 of the Food and Agricultural Code, relating to husbandry, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 68022 of the Food and Agricultural Code is amended to read:

68022. "Kiwifruit" means any variety of kiwifruit ("Kiwi," "Chinese Gooseberry," or species Actinidia deliciosa) produced in the state, including any kiwifruit delivered to a processor for processing into any kiwifruit product.

SEC. 2. Section 74952.7 of the Food and Agricultural Code is amended to read:

74952.7. (a) Any producer who meets any of the requirements specified by subdivision (b) may apply to the director prior to the formation of the commission, or apply to the commission after its formation, for, and, if found eligible, shall, at the discretion of the commission, receive either an exemption from, or a refund of, the assessment.

(b) A producer shall be eligible to claim an exemption from, or refund of, the assessment for winegrapes grown by the producer, with regard to which the producer does any of the following:

(1) Processes winegrapes which are grown by the producer. However, the producer shall not be eligible for an exemption or refund of assessments on winegrapes which are grown and sold, but a producer who is also a vintner, and who commercially sells less than 25 tons of winegrapes in a marketing season, is not subject to assessment.

(2) Sells to a related vintner or a related handler.

(3) Contracts or otherwise arranges with a related vintner for processing into wine, with the producer retaining ownership of the wine for sale other than in bottled form.

(4) Is a producer who is also a vintner and who contracts or otherwise arranges with a nonrelated vintner for processing his or her winegrapes into wine and retains ownership of the wine for sale other than in bottled form.

(c) For the purpose of this section, an agricultural nonprofit cooperative association is not a "related vintner" or a "related handler." A vintner or handler is a "related vintner" or "related handler" if any one of the following relationships exists:

(1) The producer has an ownership interest in the vintner or handler processing the winegrapes. For purposes of this paragraph, the term "ownership interest" does not include an interest that is

limited to ownership of shares of stock in a vintner or handler that is a publicly traded stock corporation, unless the ownership interest includes a right to management or control in the corporation.

(2) The vintner or handler processing the winegrapes has an ownership interest in the producer.

(3) The producer, or any person controlling the producer, if the producer is not a natural person, is a member of the immediate family of the vintner or handler processing the winegrapes, or of any person controlling the vintner or handler, if the vintner or handler is not a natural person. For the purpose of this paragraph, "member of the immediate family" means parents, spouses, and children.

(d) In order to be eligible for the exemption or refund, the producer shall file a claim with the director prior to formation of the commission and with the commission after its formation on a form prescribed by the commission attesting to the facts establishing the producer's right to the exemption or refund. The director or the commission shall then determine whether the claim should be granted.

(e) The commission shall serve written notice on the claimant of its decision within 30 days of receipt of the claim. All approved claims shall be subject to verification through an independent audit of the claimant and the related vintner's or handler's business records by the commission or its duly authorized agent or, in the case of a local commission, by the director or his or her duly authorized agent. The local commission shall not serve as the director's duly authorized agent for purposes of auditing business records.

(f) Every producer receiving an exemption or refund shall, in addition to the requirements of Section 74954, maintain sales invoices, and all other business documents specified by the commission as necessary to verify the claim. The records shall be preserved for a period of two years and shall be offered and submitted for inspection at any reasonable time upon written demand of the commission or its duly authorized agent or, in the case of a local commission, by the director or his or her duly authorized agent. The local commission shall not serve as the director's duly authorized agent for purposes of records inspection.

(g) No claim of exemption or refund shall be approved by the commission after two years from the date the assessment was due. Failure to file a claim of exemption or refund within that two-year period constitutes a waiver of all claims or demands for an exemption or refund against the commission.

SEC. 3. Section 77528 of the Food and Agricultural Code is amended to read:

77528. (a) "Producer" means any person who owns timber in California immediately prior to felling, or the first person who acquires either the legal title or beneficial title to timber after it has been felled from land owned in California by a federal agency, or any other person, agency, or entity exempt from property taxation under federal or state law.

"Producer" includes any person who owns or acquires legal title or beneficial title to downed timber in this state and also includes the seller of timber located on land in the state owned by that seller if the timber sales agreement, contract, or other document provides for the payment of the purchase price on the basis of actual timber volume scaled and does not contain a passage of title clause.

(b) For purposes of this chapter, a person in California that owns, controls, or is affiliated with any other person engaged in the selling or acquiring of timber in California in any marketing year shall be considered to be the producer of all timber sold or acquired by that person.

"Affiliate" or "affiliated with" means a person who directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control of another person.

"Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of any person.

(c) "Producer" does not include any person who sells or acquires in any marketing year less than 5,000,000 board feet net Scribner Decimal C log rule, or the equivalent thereof as determined by the commission.

SEC. 4. Section 77548 of the Food and Agricultural Code is amended to read:

77548. (a) Any producer member and his or her alternate member shall be a producer or an authorized representative of a producer. Producer members and their alternate members shall maintain their qualifications pursuant to Section 77528 during their term of office.

(b) Not more than one producer member and one alternate member shall be persons employed by, or connected in a proprietary capacity with, the same corporation, firm, partnership, association, or business organization. Any alternate serving on the commission who is employed by, or connected in a proprietary capacity with, a person serving as a member of the commission from the same corporation, firm, partnership, association, or business organization, shall serve as an alternate to the member.

(c) The public member and his or her alternate member on the commission shall have all the powers, rights, and privileges of any other member or alternate member, respectively, on the commission. The public member and his or her alternate member shall not have any financial interest in the forest products industry.

(d) The industry member and his or her alternate member on the commission shall have all the powers, rights, and privileges of any other member or alternate member, respectively, on the commission. The industry member or his or her alternate member may have a financial interest in the forest products industry. However, the industry member or his or her alternate member shall not be a producer as defined in subdivision (a) of Section 77528, or a person who sells or acquires timber but who is exempt from the

meaning of "producer" pursuant to subdivision (c) of that section.

SEC. 5. Section 77549 of the Food and Agricultural Code is amended to read:

77549. The term of office of each member, except the ex officio members, shall be three years, commencing with the beginning of the following marketing year and until a qualified successor is elected.

However, with respect to the first producer members of the commission, one-third of each category specified in Section 77541 shall serve for one year, one-third shall serve for two years, and one-third shall serve for three years, with the determination of the term of each member within each category to be made by lot.

No member may serve more than three consecutive three-year terms.

SEC. 6. Section 77623 of the Food and Agricultural Code is amended to read:

77623. Every producer and every person described in subdivision (c) of Section 77528 shall keep a complete and accurate record of all transactions involving the sale or purchase of timber. The records shall be in simple form and contain information as the commission shall prescribe. The records shall be retained by the producer or person for a period of two years and shall be offered and submitted for inspection at any reasonable time upon written demand of the commission or its duly authorized agent.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that eligible producers are properly defined and identified prior to the collection of assessments, it is necessary that this act take effect immediately.

CHAPTER 1128

An act to add Section 76330.1 to the Education Code, relating to community colleges.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 76330.1 is added to the Education Code, to read:

76330.1. The governing board of a community college district shall exempt from subdivision (a) of Section 76330, and charge the fees specified in Section 76300 to, any student who is employed by, or who is a volunteer of, a public agency that provides police, fire protection, corrections, probation, emergency medical services, or emergency medical dispatch services, for any course taken for the purpose of fulfilling a state-mandated training requirement in the curriculum identified and approved by the Commission on Peace Officer Standards and Training, the Board of Corrections, the Board of Fire Services, the Emergency Medical Services Authority, or the Board of Corrections, if the course cannot be made available by the district at no charge on a noncredit basis.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act shall not become operative unless Assembly Bill 39 is chaptered during the 1993 portion of the 1993–94 Regular Session.

CHAPTER 1129

An act to add Division 32 (commencing with Section 60000) to the Public Resources Code, relating to solid waste.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Division 32 (commencing with Section 60000) is added to the Public Resources Code, to read:

DIVISION 32. SACRAMENTO REGIONAL COUNTY SOLID WASTE MANAGEMENT DISTRICT ACT

CHAPTER 1. GENERAL PROVISIONS

60000. This division shall be known, and may be cited, as the Sacramento Regional County Solid Waste Management District Act.

60001. The Legislature hereby finds and declares as follows:

(a) The California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000)) requires the preparation of countywide or regional agency integrated waste management plans that include, among other elements, source reduction and recycling elements and household hazardous waste elements.

(b) The City of Sacramento and the County of Sacramento have found that it would be to their mutual advantage and benefit to work together and share costs in the planning, implementation, and enforcement of solid waste management programs, including source reduction and recycling, household hazardous waste management, and public education.

(c) The purpose of this division is to establish a district for the purpose of:

(1) Providing a coordinated solid waste management system for the county and cities within the county, including efficient solid waste program and solid waste facility planning, and the development of comprehensive and cost-effective solid waste management services.

(2) Demonstrating a commitment to, and facilitating the development of, the most efficient and cost-effective strategies for achieving source reduction and recycling goals, and establishing markets for recycled products.

60002. "Board of supervisors" means the Sacramento County Board of Supervisors.

60003. "City" means any city within Sacramento County.

60004. "County" means the County of Sacramento.

60005. "District" means the Sacramento Regional County Solid

Waste Management District.

60006. "Governing board" means the governing body of the district.

60007. "State act" means the California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000).

CHAPTER 2. CREATION OF THE SACRAMENTO REGIONAL COUNTY SOLID WASTE MANAGEMENT DISTRICT

60020. (a) The Sacramento Regional County Solid Waste Management District shall be formed if both of the following conditions are met by July 1, 1994:

(1) The county and the city have adopted a resolution stating their intent that their territory be included within the district's jurisdiction.

(2) Formation of the district has been approved by the local agency formation commission in accordance with the Cortese-Knox Local Government Reorganization Act of 1985 (Division 1 (commencing with Section 56000) of Title 6 of the Government Code) following the submittal of a resolution of application by the county and the city.

(b) Any other city within the county may subsequently have its territory included in the district if both of the following condition are met:

(1) The city submits a resolution to the governing board of the district stating its intent that its territory be included within the district's jurisdiction.

(2) The governing board of the district approves inclusion of the city within the district by a majority vote.

(c) This division shall become inoperative on July 1, 1994, if the district is not formed in accordance with subdivision (a) by that date.

CHAPTER 3. ADMINISTRATION

60025. The initial governing board shall consist of eight members, as follows:

(a) Three members of the Sacramento City Council, appointed by the Mayor of Sacramento.

(b) Five members of the board of supervisors.

60026. (a) The membership of the governing board shall be adjusted to correspond to changes in population. Beginning in 1995, and once every five years thereafter, the composition of the governing board shall be restructured in accordance with changes in population. Each city that adopts a resolution stating its intent to participate in the district shall have one representative member for every 130,000 in population. If the population increases so that the number of representatives of the unincorporated areas of the county, based on one representative for every 130,000 in population, is more

than five, the threshold for increasing membership according to population shall be increased to maintain a representation based on five members.

(b) If existing cities in the county, or cities created subsequent to the effective date of this division, petition the governing board to join the district and, if the governing board of the district consents, a city may have a representative on the governing board if the population of the petitioning city is greater that 65,000.

(c) (1) Each governing board member appointed pursuant to subdivision (a) of Section 60025 shall select an alternate member of the governing board, who shall be a member of the respective city council, appointed by the Mayor of Sacramento, and who may vote in the absence or disqualification of the regular member.

(2) Each governing board member appointed pursuant to subdivision (b) of Section 60025 shall select an alternate member of the governing board, who shall be an elected county officer, and who may vote in the absence or disqualification of the regular member.

(d) The term of office of each member of the governing board shall be coextensive with the term of the elective office which the member holds.

(e) The governing board shall annually select a chairperson from its membership, with the chairperson alternately selected from the city and the county.

(f) Each governing board member shall have one vote, except in case of a tie vote, when the chairperson of the governing board shall have two votes. A majority vote of those present and voting shall be required for any action of the governing board.

(g) A majority of the members of the governing board shall constitute a quorum for the transaction of business, except that less than a quorum may vote to adjourn a meeting.

60028. (a) The controller of the district shall be the auditor-controller of the county; the clerk of the district shall be the clerk of the the board of supervisors; the legal counsel of the district shall be the county counsel of the county; and the treasurer of the district shall be the treasurer-tax collector-county clerk-recorder of the county.

(b) The controller of the district shall cause an independent audit of the district's finances to be made by a certified public accountant, or public accountant, in compliance with Section 6505 of the Government Code.

(c) The county shall be the administering agency for the district.

(d) The county shall designate a local enforcement agency or shall request the California Integrated Waste Management Board to act as the enforcement agency pursuant to the state act. District staff shall not act as the local enforcement agency for facilities and programs that are operated or controlled by the district.

60029. Within 90 days after the first meeting of the governing board, and thereafter prior to the commencement of each fiscal year, the governing board shall adopt a budget for the district for the

ensuing fiscal year.

CHAPTER 4. POWERS AND FUNCTIONS

60030. (a) Any merger of county and city solid waste management operations pursuant to this division shall be subject to the provisions contained in that certain agreement between the city, county, and Stationary Engineers Local 39 International Union of Operating Engineers, AFL-CIO, dated December 11, 1992.

(b) Unless otherwise provided in the agreement specified in subdivision (a), all officers and employees of the city and the county who, as of the date of formation of the district, have solid waste management responsibilities shall be ex officio officers and employees, respectively, of the district, shall, unless otherwise provided by the governing board, perform, without additional compensation, for the district those duties that they performed for the city or the county, and, to the extent appropriate, the provisions of Sections 40121, 40122, 40123, and 40125 of the Health and Safety Code, with regard to the officers and employees of a county air pollution control district, shall apply to the officers and employees of the district.

(c) The Director of Public Works of Sacramento County shall be the chief administrative officer of the district and shall be responsible for the proper and efficient administration of the district. In addition to the other powers and duties delegated by the governing board, the chief administrative officer shall have the power to do all of the following:

(1) Under the policy direction of the governing board, to plan, organize, and direct all district activities.

(2) To authorize expenditures within the designations and limitations of the approved budget.

(3) To make recommendations to and requests of the governing board concerning all of the matters that are to be performed by the governing board.

(4) To have charge of, handle, or have access to any property of the district.

60031. The district shall provide for regular meetings and special meetings in accordance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

60032. (a) The powers and duties of the district shall be the same as the powers granted to, and the duties imposed upon, cities and counties pursuant to the state act and Division 31 (commencing with Section 50000).

(b) The district is a regional agency for purposes of, and, as such, is subject to, the California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000)), including, but not limited to, the conditions set forth in Article 3 (commencing with Section 40970) of Chapter 1 of Part 2 of Division 30.

(c) No provision of this division shall be construed to grant any powers to, or impose duties upon, the district that are not otherwise granted or imposed by, or that in any way conflict with, the California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000)).

(d) The district shall have the authority to:

(1) Levy service charges pursuant to Section 25827 of the Government Code, collect delinquent charges pursuant to Section 25828 of the Government Code, and levy fees pursuant to Section 25830 of the Government Code for the collection and disposal of solid waste.

(2) Acquire and dispose of real property pursuant to Title 7 (commencing with Section 1230.010) of Part 3 of the Code of Civil Procedure.

(3) Make and enter into contracts and franchises; issue permits; employ agents and employees; lease, acquire, construct, provide for maintenance and operation, or maintain and operate, any building, works or improvements; acquire, hold, or dispose of property wherever located; incur debts, liabilities or obligations; receive gifts, contributions, and donations of property, funds, services, and other forms of assistance from persons, firms, corporations, and any governmental entity; sue and be sued in its own name; and sell assets and accrue revenues.

(4) Issue, or cause to be issued, bonded and other indebtedness, and pledge any property or revenue as security to the extent permitted under Article 2 (commencing with Section 6540) of Chapter 5 of Division 7 of Title 1 of the Government Code or otherwise, including, but not limited to, bonds or other evidences of indebtedness of a nonprofit corporation issued on behalf of the district or any of its parties.

(5) Administer district solid waste programs and activities and supervise the city and county employees who manage those programs and activities.

(6) Create zones within its jurisdiction in which it may provide differing levels of service if the governing board determines that the creation of such a zone is in the best interest of the district and its residents.

60033. Notwithstanding any other provision of law:

(a) Any city within which the district provides any solid waste handling services may impose a fee upon the district which may not exceed the fee that the city could have charged a private franchisee providing the same services, provided, however, that the fee may not, in any case, exceed 10 percent of the total revenue which the district derives from its operations within the city.

(b) The county, to the extent that the district provides any solid waste handling services within the unincorporated territory of the county, may impose a fee upon the district which may not exceed the fee that the county could have charged a private franchisee providing the same services, provided, however, that the fee may

not, in any case, exceed 10 percent of the total revenue which the district derives from its operations within the unincorporated territory.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative district to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1130

An act to amend Sections 21003, 21080.1, 21080.3, 21080.7, 21081.6, 21087, 21090, 21091, 21092, 21092.3, 21100, 21151.5, 21152, 21167.1, 21167.4, 21167.6, and 21167.8 of, to add Section 21064.5 to, to add Chapter 4.5 (commencing with Section 21156) to Division 13 of, and to repeal Sections 21087.5, 21155, and 21168.3 of, the Public Resources Code, relating to environmental quality.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited as, the Dills, Allen, Sher California Environmental Quality Act Revision Act of 1993.

SEC. 2. Section 21003 of the Public Resources Code is amended to read:

21003. The Legislature further finds and declares that it is the policy of the state that:

(a) Local agencies integrate the requirements of this division with planning and environmental review procedures otherwise required by law or by local practice so that all those procedures, to the maximum feasible extent, run concurrently, rather than consecutively.

(b) Documents prepared pursuant to this division be organized and written in a manner that will be meaningful and useful to decisionmakers and to the public.

(c) Environmental impact reports omit unnecessary descriptions of projects and emphasize feasible mitigation measures and feasible alternatives to projects.

(d) Information developed in individual environmental impact reports be incorporated into a data base which can be used to reduce delay and duplication in preparation of subsequent environmental impact reports.

(e) Information developed in environmental impact reports and negative declarations be incorporated into a data base which may be used to make subsequent or supplemental environmental determinations.

(f) All persons and public agencies involved in the environmental review process be responsible for carrying out the process in the most efficient, expeditious manner in order to conserve the available financial, governmental, physical, and social resources with the objective that those resources may be better applied toward the mitigation of actual significant effects on the environment.

SEC. 3. Section 21064.5 is added to the Public Resources Code, to read:

21064.5. "Mitigated negative declaration" means a negative declaration prepared for a project when the initial study has identified potentially significant effects on the environment, but (1) revisions in the project plans or proposals made by, or agreed to by, the applicant before the proposed negative declaration is released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur, and (2) there is no substantial evidence in light of the whole record before the public agency that the project, as revised, may have a significant effect on the environment.

SEC. 4. Section 21080.1 of the Public Resources Code is amended to read:

21080.1. (a) The lead agency shall have the responsibility for determining whether an environmental impact report or a negative declaration shall be required for any project which is subject to this division. That determination shall be final and conclusive on all persons, including responsible agencies, unless challenged, as provided in Section 21167.

(b) In the case of a project described in subdivision (c) of Section 21065, the lead agency shall, upon the request of a potential applicant, provide for consultation prior to the filing of the application regarding the range of actions, potential alternatives, mitigation measures, and any potential and significant effects on the environment of the project.

SEC. 5. Section 21080.3 of the Public Resources Code is amended to read:

21080.3. (a) Prior to determining whether a negative declaration or environmental impact report is required for a project, the lead agency shall consult with all responsible agencies and with any other public agency which has jurisdiction by law over natural resources affected by the project which are held in trust for the people of the State of California. Prior to that required consultation, the lead agency may informally contact any such agency.

(b) In order to expedite the requirements of subdivision (a), the Office of Planning and Research, upon request of a lead agency, shall assist the lead agency in determining the various responsible agencies for a proposed project. In the case of a project described in

subdivision (c) of Section 21065, the request may also be made by the project applicant.

SEC. 6. Section 21080.7 of the Public Resources Code is amended to read:

21080.7. (a) No environmental impact report or negative declaration is required for any project involving the construction of housing or neighborhood commercial facilities in an urbanized area if the lead agency does all of the following:

(1) Finds, after giving notice pursuant to subdivision (c) or (d) of Section 21092 and following the procedure prescribed by law or regulation which would be necessary to make a determination pursuant to Section 21080.1, all of the following:

(A) The project is consistent with a comprehensive regulatory document which has been adopted pursuant to Article 8 (commencing with Section 65450) of Chapter 3 of Title 7 of the Government Code or, in the coastal zone, a local coastal program certified pursuant to Article 2 (commencing with Section 30510) of Chapter 6 of Division 20.

(B) For purposes of this section, the plan or program was adopted pursuant to the procedure established by Article 8 (commencing with Section 65450) of Chapter 3 of Title 7 of the Government Code not more than five years prior to the finding made pursuant to this section.

(C) The plan or program has been the subject of an environmental impact report.

(D) The environmental impact report is sufficiently detailed so that the significant effects on the environment of the project and measures necessary to mitigate or avoid those effects can be determined, including any significant physical effects on existing structures and neighborhoods of historical or aesthetic significance that exist in the area covered by the plan or program and measures necessary to mitigate or avoid those effects.

(2) Makes one or more of the findings as required pursuant to Section 21081.

(3) Files a notice of the decision on the proposed activity with the county clerk. Those notices shall be available for public inspection, and a list of the notices shall be posted on a weekly basis in the office of the county clerk. Each list shall remain posted for a period of 30 days.

(b) As used in this section:

(1) "Neighborhood commercial facilities" means those commercial facilities which are an integral part of a project involving the construction of housing and which will serve the residents of the housing.

(2) "Urbanized area" means a central city or cities and surrounding closely settled territory, as defined by the United States Department of Commerce Bureau of the Census in the Federal Register, Volume 39, Number 85, for Wednesday, May 1, 1974, at pages 15202 and 15203, and as periodically updated.

SEC. 7. Section 21081.6 of the Public Resources Code is amended to read:

21081.6. When making the findings required by subdivision (a) of Section 21081 or when adopting a negative declaration pursuant to paragraph (2) of subdivision (c) of Section 21080, the following requirements shall apply:

(a) The public agency shall adopt a reporting or monitoring program for the changes to the project which it has adopted or made a condition of project approval in order to mitigate or avoid significant effects on the environment. The reporting or monitoring program shall be designed to ensure compliance during project implementation. For those changes which have been required or incorporated into the project at the request of an agency having jurisdiction by law over natural resources affected by the project, that agency shall, if so requested by the lead or responsible agency, prepare and submit a proposed reporting or monitoring program.

(b) If there is a project for which mitigation is adopted, a public agency shall comply with subdivision (a) by, among other things, adopting mitigation measures as conditions of project approval. Those conditions of project approval may be set forth in referenced documents which address required mitigation measures.

(c) Prior to the close of the public review period for a draft environmental impact report or mitigated negative declaration, a responsible agency, or a public agency having jurisdiction over natural resources affected by the project, shall either submit to the lead agency complete and detailed performance objectives for mitigation measures which would address the significant effects on the environment identified by the responsible agency or agency having jurisdiction over natural resources affected by the project, or refer the lead agency to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to a lead agency by a responsible agency or an agency having jurisdiction over natural resources affected by the project shall be limited to measures which mitigate impacts to resources which are subject to the statutory authority of, and definitions applicable to, that agency. Compliance or noncompliance by a responsible agency or agency having jurisdiction over natural resources affected by a project with that requirement shall not limit the authority of the responsible agency or agency having jurisdiction over natural resources affected by a project, or the authority of the lead agency, to approve, condition, or deny projects as provided by this division or any other provision of law.

(d) The lead agency shall specify the location and custodian of the documents or other material which constitute the record of proceedings upon which its decision is based.

SEC. 8. Section 21087 of the Public Resources Code is amended to read:

21087. (a) The Office of Planning and Research shall, at least once every two years, review the guidelines adopted pursuant to

Section 21083 and shall recommend proposed changes or amendments to the Secretary of the Resources Agency. The Secretary of the Resources Agency shall certify and adopt guidelines, and any amendments thereto, at least once every two years, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, which shall become effective upon the filing thereof. However, guidelines shall not be adopted or amended without compliance with Sections 11346.4, 11346.5, and 11346.8 of the Government Code.

(b) On or before July 1, 1995, the Office of Planning and Research shall recommend proposed changes and the Secretary of the Resources Agency shall certify and adopt revisions to the guidelines pursuant to Section 21083 to reflect the changes to this division enacted during 1993.

SEC. 9. Section 21087.5 of the Public Resources Code is repealed.

SEC. 10. Section 21090 of the Public Resources Code is amended to read:

21090. For all purposes of this division, all public and private activities or undertakings pursuant to, or in furtherance of, a redevelopment plan shall be deemed to be a single project. However, further environmental review of any public or private activity or undertaking pursuant to, or in furtherance of, a redevelopment plan shall be conducted if any of the events specified in Section 21166 have occurred.

SEC. 11. Section 21091 of the Public Resources Code is amended to read:

21091. (a) The public review period for a draft environmental impact report shall not be less than 30 days. If the draft environmental impact report is submitted to the State Clearinghouse for review, the review period shall be at least 45 days.

(b) The public review period for a proposed negative declaration shall not be less than 20 days. If the proposed negative declaration is submitted to the State Clearinghouse for review, the review period shall be at least 30 days.

(c) Notwithstanding subdivisions (a) and (b), if a draft environmental impact report or a proposed negative declaration is submitted to the State Clearinghouse for review and the period of review by the State Clearinghouse is longer than the public review period established pursuant to subdivision (a) or (b), whichever is applicable, the public review period shall be at least as long as the period of review by the State Clearinghouse.

(d) (1) The lead agency shall consider any comments it receives on a draft environmental impact report or on a proposed negative declaration, which are received within the public review period.

(2) (A) With respect to the consideration of comments received on a draft environmental impact report, the lead agency shall evaluate any comments on environmental issues that are received from persons who have reviewed the draft and shall prepare a written response pursuant to subparagraph (B). The lead agency

may also respond to comments that are received after the close of the public review period.

(B) The written response shall describe the disposition of any significant environmental issue that is raised by commenters. The responses shall be prepared consistent with Section 15088 of Title 14 of the California Code of Regulations, as those regulations existed on June 1, 1993.

(e) (1) Criteria for shorter review periods by the State Clearinghouse for documents which must be submitted to the State Clearinghouse shall be set forth in the written guidelines issued by the Office of Planning and Research and made available to the public.

(2) Those shortened review periods shall not be less than 30 days for a draft environmental impact report and 20 days for a negative declaration.

(3) Any request for a shortened review period shall only be made in writing by the decisionmaking body of the lead agency to the Office of Planning and Research. The decisionmaking body may designate by resolution or ordinance a person authorized to request a shortened review period. Any designated person shall notify the decisionmaking body of this request.

(4) Any request approved by the State Clearinghouse shall be consistent with the criteria set forth in the written guidelines of the Office of Planning and Research.

(5) A shortened review period shall not be approved by the Office of Planning and Research for any proposed project of statewide, regional, or areawide environmental significance as determined pursuant to Section 21083.

(6) Any approval of a shortened review period shall be given prior to, and reflected in, the public notice required pursuant to Section 21092.

(f) Prior to carrying out or approving a project for which a negative declaration has been adopted, the lead agency shall consider the negative declaration together with any comments that were received and considered pursuant to paragraph (1) of subdivision (d).

SEC. 12. Section 21092 of the Public Resources Code is amended to read:

21092. (a) Any lead agency which is preparing an environmental impact report or a negative declaration or making a determination pursuant to Section 21157 shall provide public notice of that fact within a reasonable period of time prior to certification of the environmental impact report or adoption of the negative declaration.

(b) (1) The notice shall specify the period during which comments will be received on the draft environmental report or negative declaration, and shall include the date, time, and place of any public meetings or hearings on the proposed project, a brief description of the proposed project and its location, the significant

effects on the environment, if any, anticipated as a result of the project, and the address where copies of the draft environmental impact report or negative declaration, and all documents referenced in the draft environmental impact report or negative declaration, are available for review.

(2) This section shall not be construed in any manner which results in the invalidation of an action because of the alleged inadequacy of the notice content, provided that there has been substantial compliance with the notice content requirements of this section.

(3) The notice required by this section shall be given to the last known name and address of all organizations and individuals who have previously requested notice and shall also be given by at least one of the following procedures:

(A) Publication, no fewer times than required by Section 6061 of the Government Code, by the public agency in a newspaper of general circulation in the area affected by the proposed project. If more than one area will be affected, the notice shall be published in the newspaper of largest circulation from among the newspapers of general circulation in those areas.

(B) Posting of notice by the lead agency on- and off-site in the area where the project is to be located.

(C) Direct mailing to the owners and occupants of contiguous property shown on the latest equalized assessment roll.

(c) For any project involving the burning of municipal wastes, hazardous waste, or refuse-derived fuel, including, but not limited to, tires, meeting the qualifications of subdivision (d), notice shall be given to all organizations and individuals who have previously requested notice and shall also be given by at least the procedures specified in subparagraphs (A), (B), and (C) of paragraph (3) of subdivision (b). In addition, notification shall be given by direct mailing to the owners and occupants of property within one-fourth of a mile of any parcel or parcels on which is located a project subject to this subdivision. This subdivision does not apply to any project for which notice has already been provided as of July 14, 1989, in compliance with this section as it existed prior to July 14, 1989.

(d) The notice requirements of subdivision (c) apply to both of the following:

(1) The construction of a new facility.

(2) The expansion of an existing facility which burns hazardous waste which would increase its permitted capacity by more than 10 percent. For purposes of this paragraph, the amount of expansion of an existing facility shall be calculated by comparing the proposed facility capacity with whichever of the following is applicable:

(A) The facility capacity approved in the facility's hazardous waste facilities permit pursuant to Section 25200 of the Health and Safety Code or its grant of interim status pursuant to Section 25200.5 of the Health and Safety Code, or the facility capacity authorized in any state or local agency permit allowing the construction or

operation of a facility for the burning of hazardous waste, granted before January 1, 1990.

(B) The facility capacity authorized in the facility's original hazardous waste facilities permit, grant of interim status, or any state or local agency permit allowing the construction or operation of a facility for the burning of hazardous waste, granted on or after January 1, 1990.

(e) The notice requirements specified in subdivision (b) or (c) shall not preclude a public agency from providing additional notice by other means if the agency so desires, or from providing the public notice required by this section at the same time and in the same manner as public notice otherwise required by law for the project.

SEC. 13. Section 21092.3 of the Public Resources Code is amended to read:

21092.3. The notices required pursuant to Sections 21080.4 and 21092 for an environmental impact report shall be posted in the office of the county clerk of each county in which the project will be located and shall remain posted for a period of 30 days. The notice required pursuant to Section 21092 for a negative declaration shall be so posted for a period of 20 days, unless otherwise required by law to be posted for 30 days. The county clerk shall post the notices within 24 hours of receipt.

SEC. 14. Section 21100 of the Public Resources Code is amended to read:

21100. (a) All state agencies, boards, and commissions shall prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on any project which they propose to carry out or approve that may have a significant effect on the environment. Whenever feasible, a standard format shall be used for environmental impact reports. The environment impact report shall include a detailed statement setting forth the following:

(1) The significant effects on the environment of the proposed project.

(2) Any significant effects on the environment which cannot be avoided if the project is implemented.

(3) Any significant effects on the environment which would be irreversible if the project is implemented.

(4) Any growth-inducing impacts of the project.

(5) Mitigation measures proposed to minimize the significant effects on the environment, including, but not limited to, measures to reduce the wasteful, inefficient, and unnecessary consumption of energy.

(6) Alternatives to the proposed project.

(7) The relationship between local short-term uses of the human environment and the maintenance and enhancement of long-term productivity.

(b) The report shall also contain a statement briefly indicating the reasons for determining that various effects on the environment of

a project are not significant and consequently have not been discussed in detail in the environmental impact report.

(c) For purposes of this section, any significant effect on the environment shall be limited to substantial, or potentially substantial, adverse changes in physical conditions which exist within the area as defined in Section 21060.5.

(d) Previously approved land use documents, including, but not limited to, general plans, specific plans, and local coastal plans, may be used in cumulative impact analysis. The cumulative impact analysis for an individual project shall not be required to consider a project for which information first becomes available after completion of the draft environmental impact report and could not otherwise have been reasonably anticipated, if the environmental impact report is certified within 150 days of the close of the public comment period.

SEC. 15. Section 21151.5 of the Public Resources Code is amended to read:

21151.5. (a) Each local agency shall establish, by ordinance or resolution, time limits, not to exceed one year for completing and certifying environmental impact reports, and 105 days for completing negative declarations, for projects described in subdivision (c) of Section 21065. These time limits shall apply only to those circumstances in which the local agency is the lead agency for a project. These ordinances or resolutions may establish different time limits for different types or classes of projects and different types of environmental impact reports, but all limits shall be measured from the date on which an application requesting approval of the project is received and accepted as complete by the local agency. No application for a project may be deemed incomplete for lack of a waiver of time periods prescribed by local ordinance or resolution.

(b) The ordinances or resolutions required by this section may provide for a reasonable extension of the time period in the event that compelling circumstances justify additional time and the project applicant consents thereto.

(c) If a draft environmental impact report, environmental impact report, focused environmental impact report, or negative declaration is prepared under a contract to a public agency, the contract shall be executed within 45 days from the date on which an application requesting approval of the project is received and accepted as complete by the local agency.

SEC. 16. Section 21152 of the Public Resources Code is amended to read:

21152. (a) Whenever a local lead agency approves or determines to carry out a project which is subject to this division, it shall file notice of the approval or the determination within five working days after the approval or determination becomes final, with the county clerk of each county in which the project will be located. The notice shall indicate the determination of the local agency whether the

project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to this division. The notice shall also include certification that the final environmental impact report, if one was prepared, together with comments and responses, is available to the general public.

(b) Whenever a local lead agency determines that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172, and it approves or determines to carry out the project, it, or the person specified in subdivision (b) or (c) of Section 21065, may file a notice of the determination with the county clerk of each county in which the project will be located. Any notice filed pursuant to this subdivision by a person specified in subdivision (b) or (c) of Section 21065 shall have a certificate of determination attached to it issued by the local lead agency responsible for making the determination that the project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172. The certificate of determination may be in the form of a certified copy of an existing document or record of the local lead agency.

(c) All notices filed pursuant to this section shall be available for public inspection, and shall be posted within 24 hours of receipt in the office of the county clerk. Each notice shall remain posted for a period of 30 days. Thereafter, the clerk shall return the notice to the local lead agency with a notation of the period it was posted. The local lead agency shall retain the notice for not less than nine months.

SEC. 17. Section 21155 of the Public Resources Code is repealed.

SEC. 18. Chapter 4.5 (commencing with Section 21156) is added to Division 13 of the Public Resources Code, to read:

CHAPTER 4.5. STREAMLINED ENVIRONMENTAL REVIEW

Article 1. Findings

21156. It is the intent of the Legislature in enacting this chapter that a master environmental impact report shall evaluate the cumulative impacts, growth inducing impacts, and irreversible significant effects on the environment of subsequent projects to the greatest extent feasible. The Legislature further intends that the environmental review of subsequent projects be substantially reduced to the extent that the project impacts have been reviewed and appropriate mitigation measures are set forth in a certified master environmental impact report.

Article 2. Master Environmental Impact Report

21157. (a) A master environmental impact report may be prepared for any one of the following projects:

(1) A general plan, element, general plan amendment, or specific

plan.

(2) A project that consists of smaller individual projects which will be carried out in phases.

(3) A rule or regulation which will be implemented by subsequent projects.

(4) Projects to be carried out pursuant to a development agreement.

(5) Public and private projects pursuant to, or in furtherance of, a redevelopment plan.

(6) A state highway project or mass transit project which will be subject to multiple stages of review or approval.

(b) When a lead agency prepares a master environmental impact report, the document shall include all of the following:

(1) A detailed statement as required by Section 21100.

(2) A description of anticipated subsequent projects that would be within the scope of the master environmental impact report, that contains sufficient information with regard to the kind, size, intensity, and location of the subsequent projects, including, but not limited to, all of the following:

(A) The specific type of project anticipated to be undertaken.

(B) The maximum and minimum intensity of any anticipated subsequent project, such as the number of residences in a residential development, and, with regard to a public works facility, its anticipated capacity and service area.

(C) The anticipated location and alternative locations for any development projects.

(D) A capital outlay or capital improvement program, or other scheduling or implementing device that governs the submission and approval of subsequent projects.

(3) A description of potential impacts of anticipated subsequent projects for which there is not sufficient information reasonably available to support a full assessment of potential impacts in the master environmental impact report. This description shall not be construed as a limitation on the impacts which may be considered in a focused environmental impact report.

(c) Lead agencies may develop and implement a fee program in accordance with applicable provisions of law to generate the revenue necessary to prepare a master environmental impact report.

21157.1. The preparation and certification of a master environmental impact report, if prepared and certified consistent with this division, may allow for the limited review of subsequent projects that were described in the master environmental impact report as being within the scope of the report, in accordance with the following requirements:

(a) The lead agency for a subsequent project shall be the lead agency or any responsible agency identified in the master environmental impact report.

(b) The lead agency shall prepare an initial study on any proposed

subsequent project. This initial study shall analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the report.

(c) If the lead agency determines that a proposed subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158, that was not identified in the master environmental impact report and that no new or additional mitigation measures or alternatives may be required, the lead agency shall make a written finding based upon the information contained in the initial study that the subsequent project is within the scope of the project covered by the master environmental impact report. No new environmental document nor findings pursuant to Section 21081 shall be required by this division. Prior to approving or carrying out the proposed subsequent project, the lead agency shall provide notice of this fact pursuant to Section 21092 and incorporate all feasible mitigation measures or feasible alternatives set forth in the master environmental impact report which are appropriate to the project. Whenever a lead agency approves or determines to carry out any subsequent project pursuant to this section, it shall file a notice pursuant to Section 21108 or 21152.

(d) Where a lead agency cannot make the findings required in subdivision (c), the lead agency shall prepare, pursuant to Section 21157.7, either a mitigated negative declaration or environmental impact report.

21157.5. (a) A proposed mitigated negative declaration shall be prepared for any proposed subsequent project if both of the following occur:

(1) An initial study has identified potentially new or additional significant effects on the environment that were not analyzed in the master environmental impact report.

(2) Feasible mitigation measures or alternatives will be incorporated to revise the proposed subsequent project, before the negative declaration is released for public review, in order to avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment will occur.

(b) If there is substantial evidence in light of the whole record before the lead agency that the proposed subsequent project may have a significant effect on the environment and a mitigated negative declaration is not prepared, the lead agency shall prepare an environmental impact report or a focused environmental impact report pursuant to Section 21158.

21157.6. The master environmental impact report shall not be used for the purposes of this chapter if the certification occurred more than five years prior to the filing of an application for a subsequent project unless the lead agency reviews the adequacy of the master environmental impact report and does either of the

following:

(a) Finds that no substantial changes have occurred with respect to the circumstances under which the master environmental impact report was certified or that no new information, which was not known and could not have been known at the time that the master environmental impact report was certified as complete, has become available.

(b) Certifies a subsequent or supplemental environmental impact report which has been either incorporated into the previously certified master environmental impact or references any deletions, additions, or any other modifications to the previously certified environmental impact report.

21157.7. If a later approved project, which was not identified by the lead agency in a certified master environmental impact report as an anticipated subsequent project and was not analyzed in the master environmental impact report's cumulative impacts analysis, makes substantial changes with respect to the circumstances under which the master environmental impact report was certified or provides new information, which was not known and could not have been known at the time that the master environmental impact report was certified, the lead agency shall do one of the following:

(a) Consistent with the requirements of Section 21157.6, prepare a subsequent or supplemental environmental impact report that updates or revises the certified master environmental impact report to include a description of any additional anticipated subsequent projects as being within the scope of the report.

(b) If any new significant effect on the environment of a subsequent project that is described in the certified master environmental impact report as being within the scope of the report can be avoided or mitigated to a point where no significant effect on the environment of a subsequent project that is described in the certified master environmental impact report as being within the scope of the report will occur and no project specific effects mandate the preparation of a focused environmental impact report, prepare a mitigated negative declaration consistent with Section 21157.5 for the subsequent project.

(c) Prepare a focused environmental impact report consistent with Section 21158 for all subsequent projects described in the certified master environmental impact report as being within the scope of the report.

Article 3. Focused Environmental Impact Report

21158. (a) A focused environmental impact report is an environmental impact report on a subsequent project identified in a master environmental impact report. A focused environmental impact report may be utilized only if the lead agency finds that the analysis in the master environmental impact report of cumulative impacts, growth inducing impacts, and irreversible significant effects

on the environment is adequate for the subsequent project. The focused environmental impact report shall incorporate, by reference, the master environmental impact report and analyze only the subsequent project's additional significant effects on the environment, as defined in subdivision (d), and any new or additional mitigation measures or alternatives that were not identified and analyzed by the master environmental impact report.

(b) The focused environmental impact report need not examine those effects which the lead agency finds were one of the following:

(1) Mitigated or avoided pursuant to subdivision (a) of Section 21081 as a result of mitigation measures identified in the master environmental impact report which will be required as part of the approval of the subsequent project.

(2) Examined at a sufficient level of detail in the master environmental impact report to enable those significant environmental effects to be mitigated or avoided by specific revisions to the project, the imposition of conditions, or by other means in connection with the approval of the subsequent project.

(3) Subject to a finding pursuant to subdivision (b) of Section 21081.

(c) A focused environmental impact report on any subsequent project shall analyze any significant effects on the environment where substantial new or additional information shows that the adverse environmental impact may be more significant than was described in the master environmental impact report. The substantial new or additional information may also show that mitigation measures or alternatives identified in the master environmental impact report, which were previously determined to be infeasible, are feasible and will avoid or reduce the significant effects on the environment of the subsequent project to a level of insignificance.

(d) For purposes of this chapter, "additional significant effects on the environment" are those project specific effects on the environment which were not addressed as significant effects on the environment in the master environmental impact report.

(e) Nothing in this chapter is intended to limit or abridge the ability of a lead agency to focus upon the issues that are ripe for decision at each level of environmental review, or to exclude duplicative analysis of environmental effects examined in previous environmental impact reports pursuant to Section 21093.

21158.5. (a) Where a project consists of multiple-family residential development of not more than 100 units or a residential and commercial or retail mixed-use development of not more than 100,000 square feet which complies with all of the following, a focused environmental impact report shall be prepared, notwithstanding that the project was not identified in a master environmental impact report:

(1) Is consistent with a general plan, specific plan, community plan, or zoning ordinance for which an environmental impact report

was prepared within five years of the certification of the focused environmental impact report.

(2) The lead agency cannot make the finding described in subdivision (c) of Section 21157.1, a negative declaration or mitigated negative declaration cannot be prepared pursuant to Section 21080, 21157.5, or 21158, and Section 21166 does not apply.

(3) Meets one or more of the following conditions:

(A) The parcel on which the project is to be developed is surrounded by immediately contiguous urban development.

(B) The parcel on which the project is to be developed has been previously developed with urban uses.

(C) The parcel on which the project is to be developed is within one-half mile of an existing rail transit station.

(b) A focused environmental impact report prepared pursuant to this section shall be limited to a discussion of potentially significant effects on the environment specific to the project, or which substantial new information shows will be more significant than described in the prior environmental impact report. No discussion shall be required of alternatives to the project, cumulative impacts of the project, or the growth inducing impacts of the project.

Article 4.1. Expedited Environmental Review for Environmentally Mandated Projects

21159.1. (a) A focused environmental impact report may be utilized if a project meets all of the following requirements:

(1) The project consists solely of the installation of pollution control equipment required by a rule or regulation of an agency listed in Section 21159.4 and other components necessary to complete the installation of that equipment.

(2) The agency certified an environmental impact report on the rule or regulation or reviewed it pursuant to a certified regulatory program, and, in either case, the review included an assessment of growth inducing impacts and cumulative impacts of, and alternatives to, the project.

(3) The environmental review required by paragraph (2) was completed within five years of certification of the focused environmental impact report.

(4) An environmental impact report is not required pursuant to Section 21166.

(b) The discussion of significant effects on the environment in the focused environmental impact report shall be limited to project-specific potentially significant effects on the environment of the project which were not discussed in the environmental analysis of the rule or regulation required pursuant to subdivision (a) of Section 21159. No discussion of growth-inducing impacts or cumulative impacts shall be required in the focused environmental impact report, and the discussion of alternatives shall be limited to a discussion of alternative means of compliance, if any, with the rule

or regulation.

21159.2. (a) If a project consists solely of compliance with a performance standard or treatment requirement imposed by an agency listed in Section 21159.4, the lead agency for the compliance project shall, to the greatest extent feasible, utilize the environmental analysis required pursuant to subdivision (a) of Section 21159 in the preparation of a negative declaration, mitigated negative declaration, or environmental impact report on the compliance project or in otherwise fulfilling its responsibilities under this division. The use of numerical averages or ranges in an environmental analysis shall not relieve a lead agency of its obligations under this division to identify and evaluate the environmental effects of a compliance project.

(b) If the lead agency determines that an environmental impact report on the compliance project is required, the lead agency shall prepare an environmental impact report which addresses only the project-specific issues related to the compliance project or other issues that were not discussed in sufficient detail in the environmental analysis to enable the lead agency to fulfill its responsibilities under Section 21100 or 21151, as applicable. The mitigation measures imposed by the lead agency for the project shall relate only to the significant effects on the environment to be mitigated. The discussion of alternatives shall be limited to a discussion of alternative means of compliance, if any, with the rule or regulation.

21159.3. In the preparation of any environmental impact report pursuant to Section 21159.1 or 21159.2, the following deadlines shall apply:

(a) A lead agency shall determine whether an environmental impact report should be prepared within 30 days of its determination that the application for the project is complete.

(b) If the environmental impact report will be prepared under contract to the lead agency pursuant to Section 21082.1, the lead agency shall issue a request for proposals for preparation of the environmental impact report as soon as it has enough information to prepare a request for proposals, and in any event, not later than 30 days after the time for response to the notice of preparation has expired. The contract shall be awarded within 30 days of the response date for the request for proposals.

21159.4. This article shall only apply to the State Air Resources Board, a district, as defined in Section 39025 of the Health and Safety Code, the State Water Resources Control Board, a California regional water quality control board, the Department of Toxic Substances Control, and the California Integrated Waste Management Board.

Article 5. Public Assistance Program

21159.9. On or before March 1, 1994, the Office of Planning and Research shall implement, utilizing existing resources, a public

assistance and information program, to ensure efficient and effective implementation of this division, to do both of the following:

(a) Establish a public education and training program for planners, developers, and other interested parties to assist them in implementing this division.

(b) Establish a data base to assist in the preparation of environmental documents.

SEC. 19. Section 21167.1 of the Public Resources Code is amended to read:

21167.1. (a) In all actions or proceedings brought pursuant to Sections 21167, 21168, and 21168.5, including the hearing of the action or proceeding on appeal from the decision of a lower court, all courts wherein the action or proceeding is, or may hereafter be, pending shall give the action or proceeding preference over all other civil actions therein, in the matter of setting the same for hearing or trial, and in hearing the same, to the end that the action or proceeding shall be quickly heard and determined. The court shall regulate the briefing schedule so that, to the extent feasible, the court shall commence hearings on an appeal within one year of the date of the filing of the appeal.

(b) In order to ensure that actions or proceedings brought pursuant to Sections 21167, 21168, and 21168.5 may be quickly heard and determined in the lower courts, the superior courts in all counties with a population of more than 200,000 shall designate one or more judges to develop expertise in this division and related land use and environmental laws, so that those judges will be available to hear, and quickly resolve, actions or proceedings brought pursuant to Sections 21167, 21168, and 21168.5.

SEC. 20. Section 21167.4 of the Public Resources Code is amended to read:

21167.4. (a) In any action or proceeding alleging noncompliance with this division, the petitioner shall request a hearing within 90 days of filing the petition or shall be subject to dismissal on the court's own motion or on the motion of any party interested in the action or proceeding.

(b) The petitioner shall serve a notice of the request for a hearing on all parties within 14 calendar days of filing the request for a hearing.

SEC. 21. Section 21167.6 of the Public Resources Code is amended to read:

21167.6. Notwithstanding any other provision of law, in all actions or proceedings brought pursuant to Section 21167, except those involving the Public Utilities Commission, all of the following shall apply:

(a) At the time the action is filed, the petitioner shall file a request that the respondent public agency prepare the record of proceedings relating to the subject of the action or proceeding. The request, together with the petition, shall be served upon the public agency not later than 10 business days after the action is filed.

(b) (1) The public agency shall prepare and certify the record of proceedings not later than 60 days after the request specified in subdivision (a) is served upon the public agency. The parties shall pay any costs or fees imposed for the preparation of the record of proceedings in conformance with any law or rule of court.

(2) The petitioner may elect to prepare the record of proceedings or the parties may agree to an alternative method of preparation of the record of proceedings, subject to certification of its accuracy by the public agency, within the time limit specified in this subdivision.

(c) The time limit prescribed by subdivision (b) may be extended only upon stipulation of all parties who have been properly served in the action or proceeding or upon order of the court. Extensions shall be liberally granted by the court when the size of the record of proceedings renders infeasible compliance with that time limit. There is no limit on the number of extensions which may be granted by the court, but no single extension shall exceed 60 days unless the court determines that a longer extension is in the public interest.

(d) If the public agency fails to prepare and certify the record within the time limit prescribed in subdivision (b), or any continuances of that time limit, the petitioner may move for sanctions, and the court may, upon that motion, grant appropriate sanctions.

(e) The clerk of the superior court shall prepare and certify the clerk's transcript on appeal not later than 60 days after the notice designating the papers or records to be included in the clerk's transcript is filed with the superior court, if the party or parties pay any costs or fees for preparation of the clerk's transcript imposed in conformance with any law or rules of court. Nothing in this subdivision precludes an election to proceed pursuant to Rule 5.1 of the California Rules of Court.

(f) Extensions of the period for the filing of any brief on appeal may be allowed only by stipulation of the parties or by order of the court for good cause shown. Extensions shall be limited to one 30-day extension for the preparation of an opening brief, and one 30-day extension for the preparation of a responding brief, except that the court may grant a longer extension or additional extensions if it determines that there is a substantial likelihood of settlement that would avoid the necessity of completing the appeal.

(g) At the completion of the filing of briefs, the appellant shall notify the court of completion of the filing of briefs, whereupon the clerk of the reviewing court shall set the appeal for hearing on the first available calendar date.

SEC. 22. Section 21167.8 of the Public Resources Code is amended to read:

21167.8. (a) Not later than 20 days after service upon a public agency of a petition or complaint brought to pursuant to Section 21167, the public agency shall file with the court a notice setting forth the time and place at which all parties shall meet and attempt to settle the litigation. The meeting shall be scheduled and held not

later than 45 days after the date of service of the petition or complaint upon the public agency. The notice of the settlement meeting shall be served by mail upon the counsel for each party. If the public agency does not know the identity of counsel for any party, the notice shall be served by mail upon the party for whom counsel is not known.

(b) The petitioner or plaintiff shall serve a presettlement statement by mail on all parties not less than five days in advance of the meeting. The statement shall include, but not be limited to, all of the following:

(1) A concise description of the case, including a brief procedural history, and all the facts material to a consideration of the issues presented by the litigation.

(2) The anticipated issues to be raised in the litigation. Counsel shall confer with their clients in advance regarding settlement and shall be prepared to negotiate a settlement whenever reasonably possible.

(3) An offer of the position for which the petitioner or plaintiff would settle, which may consist of the petitioner's prayer.

(c) At the time and place specified in the notice filed with the court, the parties shall meet and attempt in good faith to settle the litigation and the dispute which forms the basis of the litigation. The settlement meeting discussions shall be comprehensive in nature and shall focus on the legal issues raised by the parties concerning the project that is the subject of the litigation.

(d) The settlement meeting may be continued from time to time without postponing or otherwise delaying other applicable time limits in the litigation. The settlement meeting is intended to be conducted concurrently with any judicial proceedings.

(e) After the settlement procedure is completed, the parties shall jointly prepare, sign, and file a settlement statement with the court, including, but not limited to, all of the following:

(1) The legal and factual contentions raised by each party.

(2) The contentions that were settled or otherwise agreed upon and the nature of that agreement.

(3) The efforts made by each party to settle the unresolved issues.

(4) The list of participants in the settlement proceedings.

(f) If the litigation is not settled, the court, in its discretion, may, or at the request of any party, shall, schedule a further settlement conference before a judge of the superior court. If the petition or complaint is later heard on its merits, the judge hearing the matter shall not be the same judge conducting the settlement conference, except in counties that have only one judge of the superior court.

(g) The failure of any party, who was notified pursuant to subdivision (a), to participate in the litigation settlement process, without good cause, may result in an imposition of sanctions by the court. The failure of the petitioner or plaintiff to participate in that process, without good cause, shall result in dismissal with prejudice of the action or proceeding.

SEC. 23. Section 21168.3 of the Public Resources Code is repealed.

SEC. 24. This act shall become operative only if Senate Bill 919 of the 1993–94 Regular Session of the Legislature is enacted and takes effect.

SEC. 25. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1131

An act to amend Section 65941 of the Government Code, to amend Section 42302.1 of the Health and Safety Code, and to amend Sections 21080, 21081, 21082.2, 21168.9, and 21177 of, and to add Article 4 (commencing with Section 21159) to Chapter 4.5 of Division 13 of, the Public Resources Code, relating to environmental quality.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) The California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) shall not apply to a discretionary decision by an air quality management district for a project consisting of the application of coatings within an existing facility at an automotive manufacturing plant if the district finds all of the following:

(1) The project will not cause a net increase in any emissions of any pollutant for which a national or state ambient air quality standard has been established after the internal emission accounting for previous emission reductions achieved at the facility and recognized by the district.

(2) The project will not cause a net increase in adverse impacts of toxic air contaminants as determined by a health risk assessment. For purposes of this section, the term "net increase in adverse impacts of toxic air contaminants as determined by a health risk assessment" shall be determined in accordance with the rules and regulations of the district.

(3) The project will not cause any other adverse effect on the environment.

(b) The district shall provide a 10-day notice, at the time of the issuance of a permit, of any such exemption by mail to any person

who requests such a notice in writing, and by publication in two newspapers of general circulation in the area of the project. The notice shall state that the complete file on the project and the basis for the district's findings is available for inspection and copying at the office of the air quality management district.

(c) Any person may appeal to the hearing board as provided in Section 42302.1 of the Health and Safety Code, from the issuance of a permit after a decision of any district that a project is exempt pursuant to this section. If there is substantial evidence in light of the whole record before the hearing board that the project may not satisfy one or more of the criteria established pursuant to subdivision (a), the permit shall be revoked. If there is no such substantial evidence, the exemption shall be upheld and there shall be no further compliance with the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code. Any appeal under this subdivision shall be scheduled for hearing on the calendar of the hearing board within 10 working days of the appeal being filed. The hearing board shall give the appeal priority on its calendar and shall render a decision on the appeal within 21 working days of the appeal being filed. The hearing board may delegate the authority to hear and decide such an appeal to a subcommittee of the hearing board.

(d) On or before December 31, 1995, the Resources Agency shall prepare and submit to the Legislature and the Governor a study on the exemption established pursuant to this section in order to determine the advisability of expanding this exemption to include other industrial facilities. The study shall identify the potential benefits and adverse impacts on the environment from an expansion of the exemption and shall determine the potential benefits and adverse impacts on public participation in such an exemption process.

SEC. 2. Section 65941 of the Government Code is amended to read:

65941. (a) The information compiled pursuant to Section 65940 shall also indicate the criteria which the agency will apply in order to determine the completeness of any application submitted to it for a development project.

(b) If a public agency is a lead or responsible agency for purposes of the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code, that criteria shall not require the applicant to submit the informational equivalent of an environmental impact report as part of a complete application, or to otherwise require proof of compliance with that act as a prerequisite to a permit application being deemed complete. However, that criteria may require sufficient information to permit the agency to make the determination required by Section 21080.1 of the Public Resources Code.

(c) Consistent with this chapter, a responsible agency shall, at the request of the applicant, commence processing a permit application

for a development project prior to final action on the project by a lead agency to the extent that the information necessary to commence the processing is available. For purposes of this subdivision, "lead agency" and "responsible agency" shall have the same meaning as those terms are defined in Section 21067 of the Public Resources Code and Section 21069 of the Public Resources Code, respectively.

SEC. 3. Section 42302.1 of the Health and Safety Code is amended to read:

42302.1. Within 10 days of any decision or action pertaining to the issuance of a permit by a district, or within 10 days after mailing of the notice of issuance of the permit to any person who has requested notice or within 10 days of the publication and mailing of notice provided for in Section 1 of the act amending this section in the 1993 Regular Session of the Legislature, any aggrieved person who, in person or through a representative, appeared, submitted written testimony, or otherwise participated in the action before the district may request the hearing board of the district to hold a public hearing to determine whether the permit was properly issued. Except as provided in Section 1 of the act amending this section in the 1993 Regular Session of the Legislature, within 30 days of the request, the hearing board shall hold a public hearing and shall render a decision on whether the permit was properly issued.

SEC. 5. Section 21080 of the Public Resources Code is amended to read:

21080. (a) Except as otherwise provided in this division, this division shall apply to discretionary projects proposed to be carried out or approved by public agencies, including, but not limited to, the enactment and amendment of zoning ordinances, the issuance of zoning variances, the issuance of conditional use permits, and the approval of tentative subdivision maps unless the project is exempt from this division.

(b) This division shall not apply to any of the following activities:

(1) Ministerial projects proposed to be carried out or approved by public agencies.

(2) Emergency repairs to public service facilities necessary to maintain service.

(3) Projects undertaken, carried out, or approved by a public agency to maintain, repair, restore, demolish, or replace property or facilities damaged or destroyed as a result of a disaster in a disaster-stricken area in which a state of emergency has been proclaimed by the Governor pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code.

(4) Specific actions necessary to prevent or mitigate an emergency.

(5) Projects which a public agency rejects or disapproves.

(6) Actions undertaken by a public agency relating to any thermal powerplant site or facility, including the expenditure, obligation, or encumbrance of funds by a public agency for planning, engineering,

or design purposes, or for the conditional sale or purchase of equipment, fuel, water (except groundwater), steam, or power for a thermal powerplant, if the powerplant site and related facility will be the subject of an environmental impact report, negative declaration, or other document, prepared pursuant to a regulatory program certified pursuant to Section 21080.5, which will be prepared by the State Energy Resources Conservation and Development Commission, by the Public Utilities Commission, or by the city or county in which the powerplant and related facility would be located if the environmental impact report, negative declaration, or document includes the environmental impact, if any, of the action described in this paragraph.

(7) Activities or approvals necessary to the bidding for, hosting or staging of, and funding or carrying out of, an Olympic games under the authority of the International Olympic Committee, except for the construction of facilities necessary for the Olympic games.

(8) The establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, or other charges by public agencies which the public agency finds are for the purpose of (A) meeting operating expenses, including employee wage rates and fringe benefits, (B) purchasing or leasing supplies, equipment, or materials, (C) meeting financial reserve needs and requirements, (D) obtaining funds for capital projects necessary to maintain service within existing service areas, or (E) obtaining funds necessary to maintain those intracity transfers as are authorized by city charter. The public agency shall incorporate written findings in the record of any proceeding in which an exemption under this paragraph is claimed setting forth with specificity the basis for the claim of exemption.

(9) All classes of projects designated pursuant to Section 21084.

(10) A project for the institution or increase of passenger or commuter services on rail or highway rights-of-way already in use, including modernization of existing stations and parking facilities.

(11) A project for the institution or increase of passenger or commuter service on high-occupancy vehicle lanes already in use, including the modernization of existing stations and parking facilities.

(12) Facility extensions not to exceed four miles in length which are required for the transfer of passengers from or to exclusive public mass transit guideway or busway public transit services.

(13) A project for the development of a regional transportation improvement program or the state transportation improvement program.

(14) Any project or portion thereof located in another state which will be subject to environmental impact review pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.) or similar state laws of that state. Any emissions or discharges that would have a significant effect on the environment in this state are subject to this division.

(15) Projects undertaken by a local agency to implement a rule or regulation imposed by a state agency, board, or commission under a certified regulatory program pursuant to Section 21080.5. Any site-specific effect of the project which was not analyzed as a significant effect on the environment in the plan or other written documentation required by Section 21080.5 is subject to this division.

(c) If a lead agency determines that a proposed project, not otherwise exempt from this division, does not have a significant effect on the environment, the lead agency shall adopt a negative declaration to that effect. The negative declaration shall be prepared for the proposed project in either of the following circumstances:

(1) There is no substantial evidence in light of the whole record before the lead agency that the project may have a significant effect on the environment.

(2) An initial study identifies potentially significant effects on the environment, but (A) revisions in the project plans or proposals made by, or agreed to by, the applicant before the proposed negative declaration is released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur, and (B) there is no substantial evidence in light of the whole record before the lead agency that the project, as revised, may have a significant effect on the environment.

(d) If there is substantial evidence in light of the whole record before the lead agency that the project may have a significant effect on the environment, an environmental impact report shall be prepared.

(e) Argument, speculation, unsubstantiated opinion or narrative, evidence which is clearly inaccurate or erroneous, or evidence of social or economic impacts which do not contribute to, or are not caused by, physical impacts on the environment, is not substantial evidence. Substantial evidence shall include facts, reasonable assumptions predicated upon facts, and expert opinion supported by facts.

SEC. 6. Section 21081 of the Public Resources Code is amended to read:

21081. Pursuant to the policy stated in Sections 21002 and 21002.1, no public agency shall approve or carry out a project for which an environmental impact report has been certified which identifies one or more significant effects on the environment that would occur if the project is approved or carried out unless the public agency makes one or more of the following findings:

(a) Changes or alterations have been required in, or incorporated into, the project which mitigate or avoid the significant effects on the environment.

(b) Those changes or alterations are within the responsibility and jurisdiction of another public agency and have been, or can and should be, adopted by that other agency.

(c) Specific economic, legal, social, technological, or other considerations, including considerations for the provision of

employment opportunities for highly trained workers, make infeasible the mitigation measures or alternatives identified in the environmental impact report.

SEC. 7. Section 21082.2 of the Public Resources Code is amended to read:

21082.2. (a) The lead agency shall determine whether a project may have a significant effect on the environment based on substantial evidence in light of the whole record.

(b) The existence of public controversy over the environmental effects of a project shall not require preparation of an environmental impact report if there is no substantial evidence in light of the whole record before the lead agency that the project may have a significant effect on the environment.

(c) Argument, speculation, unsubstantiated opinion or narrative, evidence which is clearly inaccurate or erroneous, or evidence of social or economic impacts which do not contribute to, or are not caused by, physical impacts on the environment, is not substantial evidence. Substantial evidence shall include facts, reasonable assumptions predicated upon facts, and expert opinion supported by facts.

(d) If there is substantial evidence, in light of the whole record before the lead agency, that a project may have a significant effect on the environment, an environmental impact report shall be prepared.

(e) Statements in an environmental impact report and comments with respect to an environmental impact report shall not be deemed determinative of whether the project may have a significant effect on the environment.

SEC. 8. Article 4 (commencing with Section 21159) is added to Chapter 4.5 of Division 13 of the Public Resources Code, to read:

Article 4. Expedited Environmental Review for Environmentally Mandated Projects

21159. (a) An agency listed in Section 21159.4 shall perform, at the time of the adoption of a rule or regulation requiring the installation of pollution control equipment, or a performance standard or treatment requirement, an environmental analysis of the reasonably foreseeable methods of compliance. In the preparation of this analysis, the agency may utilize numerical ranges or averages where specific data is not available; however, the agency shall not be required to engage in speculation or conjecture. The environmental analysis shall, at minimum, include, all of the following:

(1) An analysis of the reasonably foreseeable environmental impacts of the methods of compliance.

(2) An analysis of reasonably foreseeable feasible mitigation measures.

(3) An analysis of reasonably foreseeable alternative means of compliance with the rule or regulation.

(b) The preparation of an environmental impact report at the time of adopting a rule or regulation pursuant to this division shall be deemed to satisfy the requirements of this section.

(c) The environmental analysis shall take into account a reasonable range of environmental, economic, and technical factors, population and geographic areas, and specific sites.

(d) Nothing in this section shall require the agency to conduct a project level analysis.

(e) For purposes of this article, the term "performance standard" includes process or raw material changes or product reformulation.

(f) Nothing in this section is intended, or may be used, to delay the adoption of any rule or regulation for which an analysis is required to be performed pursuant to this section.

21159.4. This article shall apply to the following agencies: the State Air Resources Board, any district as defined in Section 39025 of the Health and Safety Code, the State Water Resources Control Board, a California regional water quality control board, the Department of Toxic Substances Control, and the California Integrated Waste Management Board.

SEC. 9. Section 21168.9 of the Public Resources Code is amended to read:

21168.9. (a) If a court finds, as a result of a trial, hearing, or remand from an appellate court, that any determination, finding, or decision of a public agency has been made without compliance with this division, the court shall enter an order that includes one or more of the following:

(1) A mandate that the determination, finding, or decision be voided by the public agency, in whole or in part.

(2) If the court finds that a specific project activity or activities will prejudice the consideration or implementation of particular mitigation measures or alternatives to the project, a mandate that the public agency and any real parties in interest suspend any or all specific project activity or activities, pursuant to the determination, finding, or decision, that could result in an adverse change or alteration to the physical environment, until the public agency has taken any actions that may be necessary to bring the determination, finding, or decision into compliance with this division.

(3) A mandate that the public agency take specific action as may be necessary to bring the determination, finding, or decision into compliance with this division.

(b) Any order pursuant to subdivision (a) shall include only those mandates which are necessary to achieve compliance with this division and only those specific project activities in noncompliance with this division. The order shall be made by the issuance of a peremptory writ of mandate specifying what action by the public agency is necessary to comply with this division. However, the order shall be limited to that portion of a determination, finding, or decision or the specific project activity or activities found to be in noncompliance only if a court finds that (1) the portion or specific

project activity or activities are severable, (2) severance will not prejudice complete and full compliance with this division, and (3) the court has not found the remainder of the project to be in noncompliance with this division. The trial court shall retain jurisdiction over the public agency's proceedings by way of a return to the peremptory writ until the court has determined that the public agency has complied with this division.

(c) Nothing in this section authorizes a court to direct any public agency to exercise its discretion in any particular way. Except as expressly provided in this section, nothing in this section is intended to limit the equitable powers of the court.

SEC. 10. Section 21177 of the Public Resources Code is amended to read:

21177. (a) No action or proceeding may be brought pursuant to Section 21167 unless the alleged grounds for noncompliance with this division were presented to the public agency orally or in writing by any person during the public comment period provided by this division or prior to the close of the public hearing on the project before the issuance of the notice of determination.

(b) No person shall maintain an action or proceeding unless that person objected to the approval of the project orally or in writing during the public comment period provided by this division or prior to the close of the public hearing on the project before the issuance of the notice of determination.

(c) This section does not preclude any organization formed after the approval of a project from maintaining an action pursuant to Section 21167 if a member of that organization has complied with subdivision (b).

(d) This section does not apply to the Attorney General.

(e) This section does not apply to any alleged grounds for noncompliance with this division for which there was no public hearing or other opportunity for members of the public to raise those objections orally or in writing prior to the approval of the project, or if the public agency failed to give the notice required by law.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 12. This act shall become operative only if Assembly Bill 1888 is enacted and takes effect.

CHAPTER 1132

An act to amend Sections 66170, 66171, 66175, 76330, and 76355 of the Education Code, relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 66170 of the Education Code is amended to read:

66170. As used in this article, the following terms have the following meanings:

(a) "Degree" means a degree awarded by any public postsecondary educational institution or any private postsecondary educational institution approved to operate by the Council for Private Postsecondary and Vocational Education, accredited by an agency recognized by the United States Department of Education, or operated pursuant to Section 94303.

(b) "Duplicate degree tuition" means the tuition fee established pursuant to this article.

(c) "Governing board" means the Trustees of the California State University, the Regents of the University of California, the Board of Directors of the Hastings College of the Law, and the California Maritime Academy Board of Governors.

SEC. 2. Section 66171 of the Education Code is amended to read:

66171. (a) Each governing board shall charge duplicate degree tuition to a student who has earned a degree equivalent to or higher than the degree awarded by the program in which he or she is enrolled or who has earned a baccalaureate degree or postbaccalaureate degree and is enrolled without a declared degree objective.

(b) No duplicate degree tuition shall be charged to a student who is any of the following:

(1) A dislocated worker, as certified by a state agency in accordance with Title 3 of the federal Job Training Partnership Act.

(2) A displaced homemaker, as defined in accordance with the Higher Education Act of 1965, as amended (20 U.S.C. Sec. 1001 et seq.).

(3) A person who has earned an education credential or certificate who is an enrollee in a program leading to a nonadministrative credential or certificate that has been approved by the Commission on Teacher Credentialing.

(4) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income or State Supplementary Program, or a general assistance program.

(c) For purposes of this article:

(1) A degree earned in a joint degree or double-major program shall not be considered an equivalent degree earned prior to any other degree awarded by the joint degree or double-major program.

(2) A program that awards a master's degree as part of a course of study leading to a doctorate shall not be considered a program that awards the master's degree, unless the stated objective of the student is to earn the master's degree.

SEC. 3. Section 66175 of the Education Code is amended to read:

66175. (a) This article shall become operative at the commencement of the first regular academic semester, quarter, or term commencing on or after July 1, 1993.

(b) Each governing board shall report to the Legislature on or before April 1, 1993, concerning the implementation and impact of this article.

SEC. 4. Section 76330 of the Education Code, as added by Chapter 8 of the Statutes of 1993, is amended to read:

76330. (a) The governing board of each community college district shall charge a fee of fifty dollars ($50) per semester unit, or the quarter unit equivalent, to each student who previously has been awarded a baccalaureate or graduate degree from any public postsecondary educational institution or any private postsecondary educational institution approved to operate by the Council for Private Postsecondary and Vocational Education, accredited by an agency recognized by the United States Department of Education, or operated pursuant to Section 94303. Any student charged a fee pursuant to this section shall be exempt from the fees required pursuant to Section 76300.

(b) The governing board shall exempt from subdivision (a), and charge the fees specified in Section 76300 to, a student who is any of the following:

(1) A dislocated worker, as certified by a state agency in accordance with Subchapter III of the federal Job Training Partnership Act (29 U.S.C. Sec. 1651 et seq.).

(2) A displaced homemaker, as defined in accordance with the Higher Education Act of 1965, as amended (20 U.S.C. Sec. 1001 et seq.).

(3) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(4) An enrollee in a course offered pursuant to a contract between the community college and a public or private entity if (A) the contract provides for the payment by the public or private entity of all costs associated with the course and (B) full-time equivalent student enrollment in the course is not counted for the purpose of determining district or statewide apportionment.

(5) A student who demonstrates, pursuant to Chapter 2 (commencing with Section 69500) of Part 42 or Section 76310, financial need in excess of the amount of the fee specified in

subdivision (a).

(c) Nonresident students who pay nonresident tuition shall be exempt from subdivision (a).

(d) The governing board of a community college district may require each student not required to pay the fee charged pursuant to subdivision (a) to file a written oath or affirmation, at the time of enrollment, that he or she either does not have a baccalaureate degree or higher degree or is eligible for an exemption.

(e) It is the intent of the Legislature that governing boards conduct selective audits of any oath or affirmation filed by students pursuant to subdivision (d). If any audit conducted under this subdivision results in a finding by the community college district that a student owes additional fees pursuant to this section, the district may require the student to pay the additional fees, plus an amount not to exceed two times the additional fees.

(f) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(g) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(h) It is the further intent of the Legislature that students who have not previously been awarded a baccalaureate or graduate degree be given priority for enrollment.

(i) (1) This section shall be operative beginning with the first regular academic semester, quarter, or term commencing after January 1, 1993.

(2) Notwithstanding subdivision (c) of Section 84750, decreases in the 1992–93 fiscal year in credit full-time equivalent students (FTES) resulting from the implementation of this section shall not result in any reduction in revenue for the 1993–94 fiscal year. Decreases in FTES in the 1992–93 fiscal year shall result in a revenue reduction over the three-year period beginning with the 1994–95 fiscal year, except that community college districts shall be entitled to restore any reductions in apportionment revenue if there is a subsequent increase in FTES. For purposes of this paragraph, any revenue loss associated with decreases in FTES shall be distributed on a district-by-district basis. District revenue loss shall not be distributed on a statewide average basis.

(3) The board of governors shall report to the Legislature on or before January 1, 1994, on the implementation and impact of this section.

(j) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 5. Section 76355 of the Education Code, as added by Chapter 8 of the Statutes of 1993, is amended to read:

76355. (a) The governing board of a district maintaining a community college may require community college students to pay a fee in the total amount of not more than ten dollars ($10) for each semester, seven dollars ($7) for summer school, seven dollars ($7) for each intersession of at least four weeks, or seven dollars ($7) for each quarter for health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, or both.

Commencing with the semester or quarter that begins after January 1, 1993, the governing board of each community college district may increase this fee by the same percentage increase as the Implicit Price Deflator for State and Local Government Purchase of Goods and Services. Whenever that calculation produces an increase of one dollar ($1) above the existing fee, the fee may be increased by one dollar ($1).

(b) If pursuant to this section a fee is required, the governing board of the district shall decide the amount of the fee, if any, that a part-time student is required to pay. The governing board may decide whether the fee shall be mandatory or optional.

(c) The governing board of a district maintaining a community college shall adopt rules and regulations that exempt the following students from any fee required pursuant to subdivision (a):

(1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.

(2) Students who are attending a community college under an approved apprenticeship training program.

(3) Low-income students, including those students receiving financial aid pursuant to Section 76310.

(d) All fees collected pursuant to this section shall be deposited in the fund of the district designated by the California Community Colleges Budget and Accounting Manual. These fees shall be expended only to provide health services as specified in regulations adopted by the board of governors.

Authorized expenditures shall not include, among other things, athletic trainers' salaries, athletic insurance, medical supplies for athletics, physical examinations for intercollegiate athletics, ambulance services and the salaries of health professionals for athletic events, any deductible portion of accident claims filed for athletic team members, or any other expense that is not available to all students. No student shall be denied a service supported by student health fees on account of participation in athletic programs.

(e) Any community college district that provided health services in the 1986–87 fiscal year shall maintain health services, at the level provided during the 1986–87 fiscal year, in the 1987–88 fiscal year, and each fiscal year thereafter. If the cost to maintain that level of service exceeds the limits specified in subdivision (a), the excess cost shall be borne by the district.

(f) A district that begins charging a health fee during the 1992–93

fiscal year, or any fiscal year thereafter, may use funds for startup costs from other district funds and recover all or part of those funds from health fees collected within the first five years following the commencement of charging the fee.

(g) The board of governors shall adopt regulations that generally describe the types of health services included in the health service program.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the student fee changes and accounting changes made by this act to become effective for the spring 1993 academic term, it is necessary that this act take effect immediately.

CHAPTER 1133

An act to amend Section 11624 of the Insurance Code, relating to insurance.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11624 of the Insurance Code is amended to read:

11624. The plan shall contain:

(a) Standards for determining eligibility of applicants for insurance, including a requirement of a certificate of eligibility as provided in Section 11624.08, and in establishing those standards the following may be taken into consideration in respect to the applicant or any other person who may reasonably be expected to operate the applicant's automobile with his or her permission:

(1) His or her criminal conviction record.

(2) His or her record of suspension or revocation of a license to

operate an automobile.

(3) His or her automobile accident records.

(4) His or her age and mental, physical and moral characteristics which pertain to his or her ability to safely and lawfully operate an automobile.

(5) The condition or use of the automobile.

(b) Procedures for making application for insurance, for apportionment of eligible applicants among the subscribing insurers and for appeal to the commissioner by persons who believe themselves aggrieved by the operation of the plan.

(c) A provision that the organization administering the plan shall notify the Department of Insurance regarding the name of each applicant for insurance who is rejected by the assigned risk plan and the statutory grounds for the rejection. The information contained in that notification shall be for the confidential use of the Department of Insurance.

(d) Rules and regulations governing the administration and operation of the plan.

(e) Provisions showing the basis upon which premium charges shall be made, and the manner of payment thereof. Premium charges for the plan shall not be excessive, inadequate, nor unfairly discriminatory, and shall be actuarially sound so as to result in no subsidy of the plan. In no event shall the commissioner be required to approve a plan rate that includes a provision for operating profits greater than zero dollars. The commissioner shall not be required to allow a contingency provision with respect to a plan rate if the commissioner takes final action on an application for a rate change within 180 days from the date the application is submitted to the commissioner by the plan's advisory committee. The plan shall include procedures for notifying within a reasonable time the agent, broker, or solicitor who obtained insurance under the plan for the insured of any nonpayment of premium to the insurer when notice of the nonpayment is sent to the insured pursuant to Section 662.

(f) Any other provisions as may be necessary to carry out the purpose of this article.

SEC. 2. This act shall not become operative unless both Senate Bill 558 and Assembly Bill 1021 of the 1993–94 Regular Session are enacted and become operative.

CHAPTER 1134

An act to amend Sections 922.5, 11623, and 11627.5 of, and to add Section 1763.5 to, the Insurance Code, relating to insurance.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 922.5 of the Insurance Code is amended to read:

922.5. Credit in accounting and financial statement permitted by this code on account of reinsurance ceded to an alien reinsurer other than one which complies with Article 2 (commencing with Section 1580) of Chapter 4 and includes in the statements required by that article all reserves and liabilities arising out of that reinsurance shall be allowed only:

(a) To the extent of the amount of deposits by, and funds withheld from, the alien reinsurer pursuant to express provision therefor in the reinsurance contract as security for the payment of the obligations thereunder if the deposits or funds are held subject to withdrawal by, and under the control of, the ceding insurer or are placed in trust for those purposes in a qualified United States financial institution, if withdrawals from the trust cannot be made without the consent of the ceding insurer. For purposes of this subdivision, "qualified United States financial institution" means an institution that (1) is organized, or in the case of an United States Branch or agency office of a foreign banking organization is licensed, under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers, (2) is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies, and (3) is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation.

(b) (1) Where the alien reinsurer maintains sufficient assets in the United States for the protection of policyholders in the United States and operates its business in a manner which satisfies the commissioner that it maintains standard and financial conditions reasonably comparable to those required of admitted insurers and that it is able to pay losses in the United States and that it will submit itself to the jurisdiction of the courts of this state, or a court of competent jurisdiction in any state of the United States and designate the commissioner or a designated attorney in this state as its agent for service of process in this state in any action, suit, or proceeding instituted by or on behalf of the ceding insurer for any matter arising out of the reinsurance.

(2) Where it has been demonstrated by any ceding insurer to the satisfaction of the commissioner that the alien reinsurer is a group of

insurers, including individual insurers, that maintains a trusteed account representing the group's liabilities and attributable to business written in the United States and, in addition, the group maintains a trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group, the commissioner shall grant accreditation to the group. The group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants.

(c) To the extent that the amount of a clean and irrevocable letter of credit issued for a term of one year conforming to the requirements set forth below, is a substitute for advances for claims, unearned premium, and all other policy and contract liabilities and reserve obligations to be made by an alien reinsurer in connection with its liability under a specific reinsurance agreement. The clean and irrevocable letter of credit shall be issued and maintained under arrangements satisfactory to the commissioner as constituting security to the ceding insurer substantially equal to that of a deposit under subdivision (a), and that it shall be (1) issued or confirmed by a banking institution which is a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, (2) issued by a California state chartered bank which is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation and meets the conditions established by the commissioner, or (3) issued by or confirmed a United States office of a foreign banking corporation that is (A) licensed under the laws of the United States or any state thereof, (B) regulated, supervised, and examined by an agency of the United States or a state agency having regulatory authority with respect to banks and trust companies, (C) designated by the Securities Valuation office of the National Association of Insurance Commissioners as meeting its credit standards for issuing or confirming letters of credit, and (D) of a financial standing satisfactory to the commissioner. For purposes of this subdivision, a confirming bank undertakes the identical terms and obligations of the issuer including those set forth herein. The changes enacted to this subdivision at the 1982 Regular Session shall apply only to life insurers.

(d) (1) When it has been demonstrated by any ceding insurer to the satisfaction of the commissioner that the alien reinsurer is a group of incorporated insurers under common administration that maintains a trust fund in a qualified United States financial institution for the payment of the claims of its United States policyholders and ceding insurers, their assigns, and successors in interest, that has continuously transacted an insurance business outside the United States for at least three years immediately preceding the date of the financial statement for which the ceding insurer is requesting reinsurance credit, that is in good standing with its domiciliary regulator, whose individual insurer members maintain standards and

financial condition reasonably comparable to admitted insurers, that submits to this state's authority to examine its books and records and bears the expense of examination, and that has an aggregate policyholder's surplus of ten billion dollars ($10,000,000,000), the commissioner shall grant accreditation to that group. The trust shall be in an amount equal to the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of that group, plus the group shall maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be deposited and maintained with a qualified United States financial institution, and shall be held jointly for the exclusive benefit of United States ceding insurers of any member of the group as additional security for any of those liabilities, and each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant. The group of incorporated insurers shall file with the commissioner a certified copy of the trust agreement. Each member insurer or reinsurer shall also submit to this state's authority to examine its books and records and bears the expense of examination. The commissioner shall have the authority to require additional amounts to be held in the trust as a condition for initial or continued accreditation if the commissioner determines that these additional amounts are required for the protection of ceding insurers.

(2) The group and, if the commissioner requests, any member of the group, shall report annually to the commissioner information substantially the same as that required to be reported on the National Association of Insurance Commissioners Annual Statement form by licensed insurers to enable the commissioner to determine the sufficiency of the trust fund.

(3) The trust described in paragraph (1) shall be established in a form approved by the commissioner. The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. The assuming insurer or its legal successor shall not withdraw its funds from the trust without notice to the commissioner and the ceding insurer. The investments of the trust shall be limited to "general investments" and "excess investments" that would qualify as authorized investments for a California insurer.

(4) No later than February 28 of each year the trustees shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end.

(5) For purposes of this subdivision, "qualified United States financial institution" means an institution that is (A) a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, (B) a California state chartered bank that is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation and meets the conditions established by the

commissioner, or (C) a United States office of a foreign banking corporation that is (i) licensed under the laws of the United States or any state thereof, (ii) regulated, supervised, and examined by an agency of the United States or a state agency having regulatory authority with respect to banks and trust companies, (iii) designated by the Securities Valuation Office of the National Association of Insurance Commissioners as meeting its credit standards for issuing or confirming letters of credit, and (iv) of a financial standing that is satisfactory to the commissioner.

(6) For purposes of this section, the terms "deposits" and "funds" include securities authorized as general investments by Article 3 (commencing with Section 1170) of Chapter 2, but not to exceed current market value.

(7) For purposes of this subdivision, "group of incorporated insurers" means an incorporated association of individual incorporated assuming insurers wherein each member insured underwrites solely for its own account.

(8) "Accreditation" means the issuance of a certificate of recognition as an accredited reinsurer by the commissioner to an assuming insurer not authorized to do any insurance business in this state but which (A) presents satisfactory evidence to the commissioner that it meets the applicable standards of solvency required in this state and (B) is in compliance with the conditions prescribed by regulation under which a ceding insurer may be allowed credit for reinsurance recoverable from an insurer not authorized in this state.

(9) The group of incorporated insurers shall annually file a certified copy of this annual report by the trustee.

The commissioner shall recoup administrative cost pursuant to paragraph (1) of subdivision (a) of Section 12921.6.

SEC. 1.5. Section 1763.5 is added to the Insurance Code, to read:

1763.5. In addition to the requirements of Section 1763, no surplus line broker shall solicit from, or place with, any nonadmitted insurer, any insurance covering private passenger automobiles if that insurance contains in whole or in part the limits of coverage provided under the California Automobile Assigned Risk Plan unless the surplus line broker, producing agent, broker, or insured has first submitted to the California Automobile Assigned Risk Plan a properly completed and executed application in accordance with the requirements of the plan for the coverage provided by the plan and the plan itself has determined that the application is ineligible for the limits of coverage applied for and so notifies the surplus line broker or insured in writing.

For purposes of this section, a private passenger automobile includes motorcycles, but does not include a fleet of five or more automobiles rated for business use and used in a business.

SEC. 2. Section 11623 of the Insurance Code is amended to read:

11623. (a) To assist the commissioner in carrying out the purposes of this article, an advisory committee composed of 15

members is created. The commissioner shall administer and operate the plan as authorized by law. The commissioner shall consult with the advisory committee on a regular basis on policy matters affecting the operation of the plan.

Eight members representing subscribing insurers shall be elected annually by subscribing insurers. The commissioner shall appoint the noninsurer members. Four members shall represent the public. Two members shall represent producers. The remaining member is the commissioner or his or her designee.

All insurer representatives shall be salaried employees. At least two insurer representatives shall be employed by insurers having their principal headquarters located in California. At least two insurer representatives shall represent companies who have average annual automobile liability premiums in California below one hundred million dollars ($100,000,000) in the prior three years. At least one insurer representative shall represent an insurer with average annual automobile liability premiums in California exceeding one hundred million dollars ($100,000,000) in the prior three years. At least one insurer representative shall represent an insurer with average annual automobile liability premiums in California exceeding seven hundred million dollars ($700,000,000) in the prior three years.

Public members shall be paid two hundred fifty dollars ($250) per meeting and shall be reimbursed all reasonable expenses incurred.

The commissioner shall remove members for nonattendance. Unless satisfactory excuse is made in writing to the commissioner in a timely manner, nonattendance shall mean the failure to appear at more than two regularly scheduled meetings in a 12-month period. Should the member who is removed represent a company or agency, another representative from the company or agency may not be appointed for a period of not less than two years.

The advisory committee with the approval of the commissioner shall appoint a manager to carry out the purposes of this article, employ sufficient personnel to provide services necessary to the operation of the plan, and contract for the provision of statistical and actuarial services.

The cost of the plan, including any personnel and contracting costs, shall be fairly apportioned among the subscribing insurers to whom assignments may be made. The costs associated shall be directly attributable to the management of the plan and directly related to its programs. In consultation with the advisory committee, the commissioner shall develop, issue, and adopt regulations to carry out the purposes of this article.

(b) Notwithstanding this act, which changes the status of the governing committee to that of an advisory committee, the committee shall have the right to retain counsel of its choice pursuant to a selection process adopted by the committee and the right and necessary standing to bring and defend actions in judicial and administrative proceedings related to the plan in the name of

the plan, with all powers attendant thereto including the right to retain consultants, counsel, and expert witnesses of its choice.

SEC. 3. Section 11627.5 of the Insurance Code is amended to read:

11627.5. (a) Every insurer to which this article applies shall, at the time of filing the annual report required by Section 900, file on a form prescribed by the commissioner, after consultation with the committee of the plan, a report which shall contain at least the following information on its assigned-risk business:

(1) Loss ratio.

(2) Loss adjustment expense ratio.

(3) Expense ratio.

(4) Combined ratio.

Reports filed in 1991 shall contain information for the prior three years, by year.

(b) The commissioner may require insurers with combined ratios that are 10 percent above the mean combined ratio for all plan participants to also report the following:

(1) The reason for the excessive ratio.

(2) A plan for reducing the ratio, and when the reduction can be expected to occur. The commissioner and the committee may require insurers subject to this subdivision to provide periodic reports on the progress in reducing the combined ratio.

(c) Information reported under this section shall be a public record.

(d) The commissioner shall report the information reported under this section, in the aggregate and by insurer, with accompanying discussion, to the appropriate policy committee of each house of the Legislature on or before April 15 of each year. The report shall include at least the following: the number of assignments made, premiums, losses, loss adjustment expenses, and administrative costs, in the aggregate and for each subscribing insurer.

SEC. 4. Section 1 of this act shall become operative only if Assembly Bill 1021 and Senate Bill 429 of the 1993–94 Regular Session of the Legislature are both chaptered and become operative on or before January 1, 1994.

CHAPTER 1135

An act to amend Section 11624.08 of the Insurance Code, relating to insurance.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 11624.08 of the Insurance Code is amended to read:

11624.08. The plan shall require a certificate of eligibility to accompany the application for coverage. The certificate shall indicate whether or not the applicant meets the criteria for the purchase of a good driver discount policy as set forth in Section 1861.025 and, if so, the name of the insurer and the insurer's representative that denied the applicant automobile insurance coverage.

The fact that an applicant has specified in the certificate of eligibility a particular insurer as having denied automobile insurance coverage shall not, by itself, be sufficient to sustain a finding in a formal action brought by the commissioner under Section 1858.1 that the specified insurer in fact denied the applicant automobile insurance coverage in violation of paragraph (1) of subdivision (b) of Section 1861.02. The certificate shall be signed by the applicant under penalty of perjury to verify its accuracy, and shall only be required with applications for personal lines automobile insurance through the plan. The agent or broker shall also be required to sign the certificate of eligibility indicating that he or she has reviewed the certificate for completeness.

SEC. 2. This act shall become operative only if both Senate Bill 558 and Senate Bill 429 are enacted before January 1, 1994.

CHAPTER 1136

An act to amend Sections 54952.7, 54953, 54953.5, 54954, 54954.2, 54954.3, 54956.9, 54957, 54957.1, 54957.5, 54957.7, 54959, 54960.1, 54961, and 54962 of, and to add Sections 54952.1, 54952.2, 54953.6, and 54954.5 to, the Government Code, relating to open meetings.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 54925.1 is added to the Government Code, to read:

54925.1. As used in this chapter, "member of a legislative body of a local agency" includes, but is not limited to, any person elected to serve as a member of a legislative body who has not yet assumed the duties of office. That person shall conform his or her conduct to the requirements of this chapter and shall be treated for purposes of enforcement of this chapter as if he or she has already assumed office.

SEC. 2. Section 54952.2 is added to the Government Code, to read:

54952.2. (a) As used in this chapter, "meeting" includes all of the following:

(1) Any congregation of a majority of the members of a legislative body in the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the legislative body or the local agency to which it pertains.

(2) Any use of direct communication, personal intermediaries, or technological devices that is employed by a majority of the members of the legislative body to develop a collective concurrence as to action to be taken on an item by the members of the legislative body.

(b) Nothing in subdivision (a) shall impose the requirements of this chapter upon any of the following:

(1) Individual contacts or conversations between a member of a legislative body and any other person.

(2) The attendance of a majority of the members of a legislative body at a conference or similar gathering open to the public that involves a discussion of issues of general interest to the public or to public agencies of the type represented by the legislative body, provided that a majority of the members do not discuss among themselves business of a specified nature that is within the subject matter jurisdiction of the local agency. Nothing in this paragraph is intended to allow members of the public free admission to a conference or similar gathering at which the organizers have required other participants or registrants to pay fees or charges as a condition of attendance.

(3) The attendance of a majority of the members of a legislative body at an open and publicized meeting organized to address a topic of local community concern by a person or organization other than the local agency, provided that a majority of the members do not discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body of the local agency.

(4) The attendance of a majority of the members at a purely social or ceremonial occasion, provided that a majority of the members do not discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body of the local agency.

SEC. 3. Section 54952.7 of the Government Code is amended to read:

54952.7. A legislative body of a local agency may require that a copy of this chapter be given to each member of the legislative body

and any person elected to serve as a member of the legislative body who has not assumed the duties of office. An elected legislative body of a local agency may require that a copy of this chapter be given to each member of each legislative body all or a majority of whose members are appointed by or under the authority of the elected legislative body.

SEC. 4. Section 54953 of the Government Code, as amended by Section 1 of Chapter 399 of the Statutes of 1988, is amended to read:

54953. (a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) Notwithstanding any other provision of law, the legislative body of a local agency may use video teleconferencing for the benefit of the public or the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The use of video teleconferencing, as authorized by this chapter, shall be limited to the receipt of public comment or testimony by the legislative body and to deliberations of the legislative body. If the legislative body of a local agency elects to use video teleconferencing, it shall post agendas at all video teleconference locations and adopt reasonable regulations to adequately protect the statutory or constitutional rights of the parties or the public appearing before the legislative body of a local agency. The term "video teleconference" shall mean a system which provides for both audio and visual participation between all members of the legislative body and the public attending a meeting or hearing at any video teleconference location.

SEC. 5. Section 54953.5 of the Government Code is amended to read:

54953.5. (a) Any person attending an open and public meeting of a legislative body of a local agency shall have the right to record the proceedings with an audio or video tape recorder or a still or motion picture camera in the absence of a reasonable finding by the legislative body of the local agency that the recording cannot continue without noise, illumination, or obstruction of view that constitutes, or would constitute, a persistent disruption of the proceedings.

(b) Any tape or film record of an open and public meeting made for whatever purpose by or at the direction of the local agency shall be subject to inspection pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1), but, notwithstanding Section 34090, may be erased or destroyed 30 days after the taping or recording. Any inspection of a video or tape recording shall be provided without charge on a tape recorder made available by the local agency.

SEC. 6. Section 54953.6 is added to the Government Code, to read:

54953.6. No legislative body shall prohibit or otherwise restrict the broadcast of its proceedings in the absence of a reasonable

finding that the broadcast cannot be accomplished without noise, illumination, or obstruction of view that would constitute a persistent disruption of the proceedings.

SEC. 7. Section 54954 of the Government Code is amended to read:

54954. (a) The legislative body of a local agency shall provide, by ordinance, resolution, by-laws, or by whatever other rule is required for the conduct of business by that body, the time and place for holding regular meetings.

(b) Regular and special meetings of the legislative body shall be held within the boundaries of the territory over which the local agency exercises jurisdiction except to do any of the following:

(1) Otherwise comply with the state or federal law or court order.

(2) Inspect real or personal property which cannot be conveniently brought within the boundaries of the territory over which the local agency exercises jurisdiction.

(3) Participate in meetings or discussions of multiagency significance that are outside the boundaries of a local agency's jurisdiction. However, any meeting or discussion held pursuant to this subdivision shall take place within the jurisdiction of one of the participating local agencies and be noticed by all participating agencies as provided for in this chapter.

(4) Meet in the closest meeting facility if the local agency has no meeting facility within the boundaries of the territory over which the local agency exercises jurisdiction, or at the principal office of the local agency if that office is located outside the territory over which the agency exercises jurisdiction.

(5) Meet outside their immediate jurisdiction with elected or appointed officials of the United States or the State of California when a local meeting would be impractical, solely to discuss a legislative or regulatory issue affecting the local agency and over which the federal or state officials have jurisdiction.

(6) Meet outside their immediate jurisdiction if the meeting takes place in or nearby a facility owned by the agency, provided that the topic of the meeting is limited to items directly related to the facility.

(7) Visit the office of the local agency's legal counsel for a closed session on pending litigation held pursuant to Section 54956.9, when to do so would reduce legal fees or costs.

(c) Meetings of the governing board of a school district shall be held within the district except under the circumstances enumerated in subdivision (b), or to do either of the following:

(1) Attend a conference on nonadversarial collective bargaining techniques.

(2) Interview members of the public residing in another district with reference to the trustees' potential employment of the superintendent of that district.

(3) Interview a potential employee from another district.

(d) Meetings of a joint powers authority shall occur within the territory of at least one of its member agencies, or as provided in

subdivision (b). However, a joint powers authority which has members throughout the state may meet at any facility in the state which complies with the requirements of Section 54961.

(e) If, by reason of fire, flood, earthquake, or other emergency, it shall be unsafe to meet in the place designated, the meetings shall be held for the duration of the emergency at the place designated by the presiding officer of the legislative body or his or her designee in a notice to the local media that have requested notice pursuant to Section 54956, by the most rapid means of communication available at the time.

SEC. 8. Section 54954.2 of the Government Code is amended to read:

54954.2. (a) At least 72 hours before a regular meeting, the legislative body of the local agency, or its designee, shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting, including items to be discussed in closed session. A brief general description of an item generally need not exceed 20 words. The agenda shall specify the time and location of the regular meeting and shall be posted in a location that is freely accessible to members of the public.

No action or discussion shall be undertaken on any item not appearing on the posted agenda, except that members of a legislative body may briefly respond to statements made or questions posed by persons exercising their public testimony rights under Section 54954.3. In addition, on their own initiative, or in response to questions posed by the public, members of a legislative body may ask a question for clarification, provide a reference to staff or other resources for factual information, or request staff to report back to the body at a subsequent meeting concerning any matter. Furthermore, a member of a legislative body, or the body itself, may take action to direct staff to place a matter of business of a future agenda.

(b) Notwithstanding subdivision (a), the legislative body may take action on items of business not appearing on the posted agenda under any of the conditions stated below. Prior to discussing any item pursuant to this subdivision, the legislative body shall publicly identify the item.

(1) Upon a determination by a majority vote of the legislative body that an emergency situation exists, as defined in Section 54956.5.

(2) Upon a determination by a two-thirds vote of the legislative body, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted as specified in subdivision (a).

(3) The item was posted pursuant to subdivision (a) for a prior meeting of the legislative body occurring not more than five calendar days prior to the date action is taken on the item, and at the

prior meeting the item was continued to the meeting at which action is being taken.

SEC. 9. Section 54954.3 of the Government Code is amended to read:

54954.3. (a) Every agenda for regular meetings shall provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body, provided that no action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of Section 54954.2. However, the agenda need not provide an opportunity for members of the public to address the legislative body on any item that has already been considered by a committee, composed exclusively of members of the legislative body, at a public meeting wherein all interested members of the public were afforded the opportunity to address the committee on the item, before or during the committee's consideration of the item, unless the item has been substantially changed since the committee heard the item, as determined by the legislative body. Every notice for a special meeting at which action is proposed to be taken on an item shall provide an opportunity for members of the public to directly address the legislative body concerning that item prior to action on the item.

(b) The legislative body of a local agency may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker.

(c) The legislative body of a local agency shall not prohibit public criticism of the policies, procedures, programs, or services of the agency, or of the acts or omissions of the legislative body. Nothing in this subdivision shall confer any privilege or protection for expression beyond that otherwise provided by law.

SEC. 10. Section 54954.5 is added to the Government Code, to read:

54954.5. For purposes of describing closed session items pursuant to Section 54954.2, the agenda may describe closed sessions as provided below. No legislative body or elected official shall be in violation of Section 54954.2 if the closed session items were described in substantial compliance with this section. Substantial compliance is satisfied by including the information provided below, irrespective of format.

(a) With respect to a closed session held pursuant to Section 54956.7:

Estimated date of public disclosure: (Specify month and year)

HEARINGS

Subject matter: (specify whether testimony/deliberation will concern staff privileges, report of medical audit committee, or report of quality assurance committee)

SEC. 11. Section 54956.9 of the Government Code is amended to read:

54956.9. Nothing in this chapter shall be construed to prevent a legislative body of a local agency, based on advice of its legal counsel, from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the local agency in the litigation.

For purposes of this chapter, all expressions of the lawyer-client privilege other than those provided in this section are hereby abrogated. This section is the exclusive expression of the lawyer-client privilege for purposes of conducting closed-session meetings pursuant to this chapter.

For purposes of this section, "litigation" includes any adjudicatory proceedings, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing office, or arbitrator.

For purposes of this section, litigation shall be considered pending when any of the following circumstances exist:

(a) Litigation, to which the local agency is a party, has been initiated formally.

(b) (1) A point has been reached where, in the opinion of the legislative body of the local agency on the advice of its legal counsel, based on existing facts and circumstances, there is a significant exposure to litigation against the local agency.

(2) Based on existing facts and circumstances, the legislative body of the local agency is meeting only to decide whether a closed session is authorized pursuant to paragraph (1) of this subdivision.

For purposes of paragraphs (1) and (2), "existing facts and circumstances" shall consist only of one of the following:

(A) Facts and circumstances that might result in litigation against the agency but which the agency believes are not yet known to a potential plaintiff or plaintiffs, which facts and circumstances need not be disclosed.

(B) Facts and circumstances, including, but not limited to, an accident, disaster, incident, or transactional occurrence that might result in litigation against the agency and that are known to a potential plaintiff or plaintiffs, which facts or circumstances shall be

publicly stated on the agenda or announced.

(C) The receipt of a claim pursuant to the Tort Claims Act or some other written communication from a potential plaintiff threatening litigation, which claim or communication shall be available for public inspection pursuant to Section 54957.5.

(D) A statement made by a person in an open and public meeting threatening litigation made on a specific matter within the responsibility of the legislative body.

(E) A statement threatening litigation made by a person outside an open and public meeting made on a specific matter within the responsibility of the local agency so long as the official or employee of the legislative body receiving knowledge of the threat makes a contemporaneous or other record of the statement prior to the meeting which record shall be available for public inspection pursuant to Section 54957.5. The records so created need not identify the alleged victim of unlawful or tortious sexual conduct or anyone making the threat on their behalf, or identify a public employee who is the alleged perpetrator of any unlawful or tortious conduct upon which a threat of litigation is based, unless the identity of the person has been publicly disclosed.

(F) Nothing in this section shall require disclosure of written communications that are privileged and not subject to disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1).

(c) Based on existing facts and circumstances, the legislative body of the local agency has decided to initiate or is deciding whether to initiate litigation.

Prior to holding a closed session pursuant to this section, the legislative body of the local agency shall state on the agenda or publicly announce the subdivision of this section that authorizes the closed session. If the session is closed pursuant to subdivision (a), the body shall state the title of or otherwise specifically identify the litigation to be discussed, unless the body states that to do so would jeopardize the agency's ability to effectuate service of process upon one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage. A local agency shall be considered to be a "party" or to have a "significant exposure to litigation" if an officer or employee of the local agency is a party or has significant exposure to litigation concerning prior or prospective activities or alleged activities during the course and scope of that office or employment, including litigation in which it is an issue whether an activity is outside the course and scope of the office or employment.

SEC. 12. Section 54957 of the Government Code is amended to read:

54957. Nothing contained in this chapter shall be construed to prevent the legislative body of a local agency from holding closed sessions with the Attorney General, district attorney, sheriff, or chief of police, or their respective deputies, on matters posing a threat to

the security of public buildings or a threat to the public's right of access to public services or public facilities, or from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against the employee by another person or employee unless the employee requests a public session. As a condition to holding a closed session on specific complaints or charges brought against an employee by another person or employee, the employee shall be given written notice of his or her right to have the complaints or charges heard in an open session rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding the session. If notice is not given, any disciplinary or other action taken by the legislative body against the employee based on the specific complaints or charges in the closed session shall be null and void. The legislative body also may exclude from that public or closed meeting, during the examination of a witness, any or all other witnesses in the matter being investigated by the legislative body.

For the purposes of this section, the term "employee" shall include an officer or an independent contractor who functions as an officer or an employee but shall not include any elected official, member of a legislative body, or other independent contractors. Nothing in this section shall limit local officials' ability to hold closed session meetings pursuant to Sections 1461, 32106, and 32155 of the Health and Safety Code or Sections 37606 and 37624.3 of the Government Code. Closed sessions held pursuant to this section shall not include discussions of a local agency's available funds, funding priorities, or budget.

SEC. 13. Section 54957.1 of the Government Code is amended to read:

54957.1. (a) The legislative body of any local agency shall publicly report any action taken in closed session and the vote or abstention of every member present thereon, as follows:

(1) Approval of an agreement concluding real estate negotiations pursuant to Section 54956.8 shall be reported after the agreement is final as specified below:

(A) If its own approval renders the agreement final, the body shall report that approval and the substance of the agreement in open session at the public meeting during which the closed session is held.

(B) If final approval rests with the other party to the negotiations, the local agency shall disclose the fact of that approval and the substance of the agreement upon inquiry by any person, as soon as the other party or its agent has informed the local agency of its approval.

(2) Approval given to the body's legal counsel to defend, or seek or refrain from seeking appellate review or relief, or to enter as an amicus curiae in any form of litigation as the result of a consultation under Section 54956.9 shall be reported in open session at the public

meeting during which the closed session is held. The report shall identify, if known, the adverse party or parties and the substance of the litigation. In the case of approval given to initiate or intervene in an action, the announcement need not identify the action, the defendants, or other particulars, but shall specify that the direction to initiate or intervene in an action has been given and that the action, the defendants, and the other particulars shall, once formally commenced, be disclosed to any person upon inquiry, unless to do so would jeopardize the agency's ability to effectuate service of process on one or more unserved parties or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

(3) Approval given to the body's legal counsel of a settlement of pending litigation, as defined in Section 54956.9, at any stage prior to or during a judicial or quasi-judicial proceeding shall be reported after the settlement is final, as specified below:

(A) If the body accepts a settlement offer signed by the opposing party, the body shall report its acceptance and identify the substance of the agreement in open session at the public meeting during which the closed session is held.

(B) If final approval rests with some other party to the litigation or with the court, then as soon as the settlement becomes final, and upon inquiry by any person, the local agency shall disclose the fact of that approval and identify the substance of the agreement.

(4) Disposition reached as to claims discussed in closed session pursuant to Section 54956.95 shall be reported as soon as reached in a manner that identifies the name of the claimant, the name of the local agency claimed against, the substance of the claim, and any monetary amount approved for payment and agreed upon by the claimant.

(5) Action taken to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of a public employee in closed session pursuant to Section 54957 shall be reported at the public meeting during which the closed session is held. Any report required by this paragraph shall identify the title of the position and specify any change in compensation. The general requirement of this paragraph notwithstanding, the report of a dismissal or of the nonrenewal of an employment contract shall be deferred until the first public meeting following the exhaustion of administrative remedies, if any.

(6) Approval of an agreement concluding labor negotiations pursuant to Section 54957.6 shall be reported after the agreement is final and has been accepted or ratified by the other party. The report shall identify the item approved and the other party or parties to the negotiation.

(b) Reports that are required to be made pursuant to this section may be made orally or in writing. The legislative body shall provide to any person who has submitted a written request to the legislative body within 24 hours of the posting of the agenda, or to any person

who has made a standing request for all documentation as part of a request for notice of meetings pursuant to Section 54954.1 or 54956, if the requester is present at the time the closed session ends, copies of any contracts, settlement agreements, or other documents that were finally approved or adopted in the closed session. If the action taken results in one or more substantive amendments to the related documents requiring retyping, the documents need not be released until the retyping is completed during normal business hours, provided that the presiding officer of the legislative body or his or her designee orally summarizes the substance of the amendments for the benefit of the document requester or any other person present and requesting the information.

(c) The documentation referred to in paragraph (b) shall be available to any person on the next business day following the meeting in which the action referred to is taken or, in the case of substantial amendments, when any necessary retyping is complete.

(d) Nothing in this section shall be construed to require that the legislative body approve actions not otherwise subject to legislative body approval.

(e) No action for injury to a reputational, liberty, or other personal interest may be commenced by or on behalf of any employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with this section.

SEC. 14. Section 54957.5 of the Government Code is amended to read:

54957.5. (a) Notwithstanding Section 6255 or any other provisions of law, agendas of public meetings and other writings, when distributed to all, or a majority of all, of the members of a legislative body of a local agency by any person in connection with a matter subject to discussion or consideration at a public meeting of the body, are public records under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1), and shall be made available pursuant to Sections 6253 and 6256 without delay. However, this section shall not include any writing exempt from public disclosure under Section 6253.5, 6254, or 6254.7.

(b) Writings which are public records under subdivision (a) and which are distributed during a public meeting shall be made available for public inspection at the meeting if prepared by the local agency or a member of its legislative body, or after the meeting if prepared by some other person.

(d) Nothing in this chapter shall be construed to prevent the legislative body of a local agency from charging a fee or deposit for a copy of a public record pursuant to Section 6257.

(e) This section shall not be construed to limit or delay the public's right to inspect any record required to be disclosed under the requirements of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1). Nothing in this chapter shall be construed to require a legislative body of a

local agency to place any paid advertisement or any other paid notice in any publication.

SEC. 15. Section 54957.7 of the Government Code is amended to read:

54957.7. (a) Prior to holding any closed session, the legislative body of the local agency shall disclose, in an open meeting, the item or items to be discussed in the closed session. The disclosure may take the form of a reference to the item or items as they are listed by number or letter on the agenda. In the closed session, the legislative body may consider only those matters covered in its statement. Nothing in this section shall require or authorize a disclosure of information prohibited by state or federal law.

(b) After any closed session, the legislative body shall reconvene into open session prior to adjournment and shall make any disclosures required by Section 54957.1 of action taken in the closed session.

(c) The announcements required to be made in open session pursuant to this section may be made at the location announced in the agenda for the closed session, as long as the public is allowed to be present at that location for the purpose of hearing the announcements.

SEC. 16. Section 54959 of the Government Code is amended to read:

54959. Each member of a legislative body who attends a meeting of that legislative body where action is taken in violation of any provision of this chapter, with wrongful intent to deprive the public of information to which it is entitled under this chapter, is guilty of a misdemeanor.

SEC. 17. Section 54960 of the Government Code is amended to read:

54960. (a) The district attorney or any interested person may commence an action by mandamus, injunction or declaratory relief for the purpose of stopping or preventing violations or threatened violations of this chapter by members of the legislative body of a local agency or to determine the applicability of this chapter to actions or threatened future action of the legislative body, or to determine the validity under the laws of this state or of the United States of any rule or action by the legislative body to penalize or otherwise discourage the expression of one or more of its members, or to compel the legislative body to tape record its closed sessions as hereafter provided.

(b) The court in its discretion may, upon a judgment of a violation of Section 54956.7, 54956.8, 54956.9, 54956.95, 54957, or 54957.6, order the legislative body to tape record its closed sessions and preserve the tape recordings for the period and under the terms of security and confidentiality the court deems appropriate.

(c) (1) Each recording so kept shall be immediately labeled with the date of the closed session recorded and the title of the clerk or other officer who shall be custodian of the recording.

(2) The tapes shall be subject to the following discovery procedures:

(A) In any case in which discovery or disclosure of the tape is sought by either the district attorney or the plaintiff in a civil action pursuant to Section 54959, 54960, or 54960.1 alleging that a violation of this chapter has occurred in a closed session which has been recorded pursuant to this section, the party seeking discovery or disclosure shall file a written notice of motion with the appropriate court with notice to the governmental agency which has custody and control of the tape recording. The notice shall be given pursuant to subdivision (b) of Section 1005 of the Code of Civil Procedure.

(B) The notice shall include, in addition to the items required by Section 1010 of the Code of Civil Procedure, all of the following:

(i) Identification of the proceeding in which discovery or disclosure is sought, the party seeking discovery or disclosure, the date and time of the meeting recorded, and the governmental agency which has custody and control of the recording.

(ii) An affidavit which contains specific facts indicating that a violation of the act occurred in the closed session.

(3) If the court, following a review of the motion, finds that there is good cause to believe that a violation has occurred, the court may review, in camera, the recording of that portion of the closed session alleged to have violated the act.

(4) If, following the in camera review, the court concludes that disclosure of a portion of the recording would be likely to materially assist in the resolution of the litigation alleging violation of this chapter, the court shall, in its discretion, make a certified transcript of the portion of the recording a public exhibit in the proceeding.

(5) Nothing in this section shall permit discovery of communications which are protected by the attorney-client privilege.

SEC. 18. Section 54960.1 of the Government Code is amended to read:

54960.1. (a) The district attorney or any interested person may commence an action by mandamus or injunction for the purpose of obtaining a judicial determination that an action taken by a legislative body of a local agency in violation of Section 54953, 54954.2, 54954.5, 54954.6, or 54956 is null and void under this section. Nothing in this chapter shall be construed to prevent a legislative body from curing or correcting an action challenged pursuant to this section.

(b) Prior to any action being commenced pursuant to subdivision (a), the district attorney or interested person shall make a demand of the legislative body to cure or correct the action alleged to have been taken in violation of Section 54953, 54954.2, 54954.5, 54954.6, or 54956. The demand shall be in writing and clearly describe the challenged action of the legislative body and nature of the alleged violation.

The written demand shall be made within 90 days from the date

the action was taken unless the action was taken in an open session but in violation of Section 54954.2, in which case the written demand shall be made within 30 days from the date the action was taken. Within 30 days of receipt of the demand, the legislative body shall cure or correct the challenged action and inform the demanding party in writing of its actions to cure or correct or inform the demanding party in writing of its decision not to cure or correct the challenged action. If the legislative body takes no action within the 30-day period, the inaction shall be deemed a decision not to cure or correct the challenged action, and the 15-day period to commence the action described in subdivision (a) shall commence to run the day after the 30-day period to cure or correct expires. Within 15 days of receipt of the written notice of the legislative body's decision to cure or correct, or not to cure or correct, or within 15 days of the expiration of the 30-day period to cure or correct, whichever is earlier, the demanding party shall be required to commence the action pursuant to subdivision (a) or thereafter be barred from commencing the action.

(c) An action taken that is alleged to have been taken in violation of Sections 54953, 54954.2, 54954.5, 54954.6, and 54956 shall not be determined to be null and void if any of the following conditions exist:

(1) The action taken was in substantial compliance with Sections 54953, 54954.2, 54954.5, 54954.6, and 54956.

(2) The action taken was in connection with the sale or issuance of notes, bonds, or other evidences of indebtedness or any contract, instrument, or agreement thereto.

(3) The action taken gave rise to a contractual obligation, including a contract let by competitive bid other than compensation for services in the form of salary or fees for professional services, upon which a party has, in good faith and without notice of a challenge to the validity of the action, detrimentally relied.

(4) The action taken was in connection with the collection of any tax.

(5) Any person, city, city and county, county, district, or any agency or subdivision of the state alleging noncompliance with subdivision (a) of Section 54954.2, Section 54956, or Section 54956.5 because of any defect, error, irregularity, or omission in the notice given pursuant to those provisions had actual notice of the item of business at least 72 hours prior to the meeting at which the action was taken if the meeting was noticed pursuant to Section 54954.2, or 24 hours prior to the meeting at which the action was taken if the meeting was noticed pursuant to Section 54956, or prior to the meeting at which the action was taken if the meeting is held pursuant to Section 54956.5.

(d) During any action seeking a judicial determination pursuant to subdivision (a) if the court determines, pursuant to a showing by the legislative body that an action alleged to have been taken in violation of Section 54953, 54954.2, 54954.5, 54954.6, or 54956 has been

cured or corrected by a subsequent action of the legislative body, the action filed pursuant to subdivision (a) shall be dismissed with prejudice.

(e) The fact that a legislative body takes a subsequent action to cure or correct an action taken pursuant to this section shall not be construed or admissible as evidence of a violation of this chapter.

SEC. 19. Section 54961 of the Government Code is amended to read:

54961. (a) No legislative body of a local agency shall conduct any meeting in any facility that prohibits the admittance of any person, or persons, on the basis of race, religious creed, color, national origin, ancestry, or sex, or which is inaccessible to disabled persons, or where members of the public may not be present without making a payment or purchase. This section shall apply to every local agency as defined in Section 54951.

(b) No notice, agenda, announcement, or report required under this chapter need identify any victim or alleged victim of tortious sexual conduct or child abuse unless the identity of the person has been publicly disclosed.

SEC. 20. Section 54962 of the Government Code is amended to read:

54962. Except as expressly authorized by this chapter, or by Sections 1461, 32106, and 32155 of the Health and Safety Code or Sections 37606 and 37624.3 of the Government Code as they apply to hospitals, no closed session may be held by any legislative body of any local agency.

SEC. 21. Section 1461 is added to the Health and Safety Code, to read:

1461. Notwithstanding any other provisions of law, the board of directors of any hospital subject to this chapter may order that any hearings on the reports of hospital medical audit or quality assurance committees be held in closed session. An applicant or medical staff member whose staff privileges are the direct subject of a hearing may request a public hearing. Deliberations of the board of directors in connection with matters pertaining to these hearings may be held in closed session.

SEC. 22. This bill shall become operative only if Senate Bill 1140 and Senate Bill 36 of the 1993-94 Regular Session of the Legislature are chaptered and become operative.

SEC. 23. This act shall become operative on April 1, 1994.

SEC. 24. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17160 of the Government Code, if the Commission on State Mandates determines that this act

contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide costs of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1137

An act to amend Sections 54952.7, 54953, 54953.5, 54954, 54954.2, 54954.3, 54956.9, 54957, 54957.1, 54957.5, 54957.7, 54959, 54960, 54960.1, 54961, and 54962 of, and to add Sections 54952.1, 54952.2, 54953.6, and 54954.5 to, the Government Code, and to add Section 1461 to the Health and Safety Code, relating to open meetings.

[Approved by Governor October 10, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 54952.1 is added to the Government Code, to read:

54952.1. As used in this chapter, "member of a legislative body of a local agency" includes, but is not limited to, any person elected to serve as a member of a legislative body who has not yet assumed the duties of office. That person shall conform his or her conduct to the requirements of this chapter and shall be treated for purposes of enforcement of this chapter as if he or she has already assumed office.

SEC. 2. Section 54952.2 is added to the Government Code, to read:

54952.2. (a) As used in this chapter, "meeting" includes all of the following:

(1) Any congregation of a majority of the members of a legislative body in the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the legislative body or the local agency to which it pertains.

(2) Any use of direct communication, personal intermediaries, or technological devices that is employed by a majority of the members of the legislative body to develop a collective concurrence as to action to be taken on an item by the members of the legislative body.

(b) Nothing in subdivision (a) shall impose the requirements of this chapter upon any of the following:

(1) Individual contacts or conversations between a member of a legislative body and any other person.

(2) The attendance of a majority of the members of a legislative body at a conference or similar gathering open to the public that involves a discussion of issues of general interest to the public or to public agencies of the type represented by the legislative body, provided that a majority of the members do not discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the local agency. Nothing in this paragraph is intended to allow members of the public free admission to a conference or similar gathering at which the organizers have required other participants or registrants to pay fees or charges as a condition of attendance.

(3) The attendance of a majority of the members of a legislative body at an open and publicized meeting organized to address a topic of local community concern by a person or organization other than the local agency, provided that a majority of the members do not discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body of the local agency.

(4) The attendance of a majority of the members at a purely social or ceremonial occasion, provided that a majority of the members do not discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body of the local agency.

SEC. 3. Section 54952.7 of the Government Code is amended to read:

54952.7. A legislative body of a local agency may require that a copy of this chapter be given to each member of the legislative body and any person elected to serve as a member of the legislative body who has not assumed the duties of office. An elected legislative body of a local agency may require that a copy of this chapter be given to each member of each legislative body all or a majority of whose members are appointed by or under the authority of the elected legislative body.

SEC. 4. Section 54953 of the Government Code, as amended by Section 1 of Chapter 399 of the Statutes of 1988, is amended to read:

54953. (a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) Notwithstanding any other provision of law, the legislative body of a local agency may use video teleconferencing for the benefit of the public or the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The use of video teleconferencing, as authorized by this chapter, shall be limited to the receipt of public comment or testimony by the legislative body and to deliberations of the legislative body. If the legislative body of a local agency elects to use video teleconferencing, it shall post agendas at all video teleconference locations and adopt reasonable regulations to adequately protect the statutory or constitutional

rights of the parties or the public appearing before the legislative body of a local agency. The term "video teleconference" shall mean a system which provides for both audio and visual participation between all members of the legislative body and the public attending a meeting or hearing at any video teleconference location.

(c) No legislative body shall take action by secret ballot, whether preliminary or final.

SEC. 5. Section 54953.5 of the Government Code is amended to read:

54953.5. (a) Any person attending an open and public meeting of a legislative body of a local agency shall have the right to record the proceedings with an audio or video tape recorder or a still or motion picture camera in the absence of a reasonable finding by the legislative body of the local agency that the recording cannot continue without noise, illumination, or obstruction of view that constitutes, or would constitute, a persistent disruption of the proceedings.

(b) Any tape or film record of an open and public meeting made for whatever purpose by or at the direction of the local agency shall be subject to inspection pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1), but, notwithstanding Section 34090, may be erased or destroyed 30 days after the taping or recording. Any inspection of a video or tape recording shall be provided without charge on a tape recorder made available by the local agency.

SEC. 6. Section 54953.6 is added to the Government Code, to read:

54953.6. No legislative body shall prohibit or otherwise restrict the broadcast of its proceedings in the absence of a reasonable finding that the broadcast cannot be accomplished without noise, illumination, or obstruction of view that would constitute a persistent disruption of the proceedings.

SEC. 7. Section 54954 of the Government Code is amended to read:

54954. (a) The legislative body of a local agency shall provide, by ordinance, resolution, bylaws, or by whatever other rule is required for the conduct of business by that body, the time and place for holding regular meetings.

(b) Regular and special meetings of the legislative body shall be held within the boundaries of the territory over which the local agency exercises jurisdiction except to do any of the following:

(1) Otherwise comply with the state or federal law or court order.

(2) Inspect real or personal property which cannot be conveniently brought within the boundaries of the territory over which the local agency exercises jurisdiction.

(3) Participate in meetings or discussions of multiagency significance that are outside the boundaries of a local agency's jurisdiction. However, any meeting or discussion held pursuant to this subdivision shall take place within the jurisdiction of one of the

participating local agencies and be noticed by all participating agencies as provided for in this chapter.

(4) Meet in the closest meeting facility if the local agency has no meeting facility within the boundaries of the territory over which the local agency exercises jurisdiction, or at the principal office of the local agency if that office is located outside the territory over which the agency exercises jurisdiction.

(5) Meet outside their immediate jurisdiction with elected or appointed officials of the United States or the State of California when a local meeting would be impractical, solely to discuss a legislative or regulatory issue affecting the local agency and over which the federal or state officials have jurisdiction.

(6) Meet outside their immediate jurisdiction if the meeting takes place in or nearby a facility owned by the agency, provided that the topic of the meeting is limited to items directly related to the facility.

(7) Visit the office of the local agency's legal counsel for a closed session on pending litigation held pursuant to Section 54956.9, when to do so would reduce legal fees or costs.

(c) Meetings of the governing board of a school district shall be held within the district except under the circumstances enumerated in subdivision (b), or to do either of the following:

(1) Attend a conference on nonadversarial collective bargaining techniques.

(2) Interview members of the public residing in another district with reference to the trustees' potential employment of the superintendent of that district.

(3) Interview a potential employee from another district.

(d) Meetings of a joint powers authority shall occur within the territory of at least one of its member agencies, or as provided in subdivision (b). However, a joint powers authority which has members throughout the state may meet at any facility in the state which complies with the requirements of Section 54961.

(e) If, by reason of fire, flood, earthquake, or other emergency, it shall be unsafe to meet in the place designated, the meetings shall be held for the duration of the emergency at the place designated by the presiding officer of the legislative body or his or her designee in a notice to the local media that have requested notice pursuant to Section 54956, by the most rapid means of communication available at the time.

SEC. 8. Section 54954.2 of the Government Code is amended to read:

54954.2. (a) At least 72 hours before a regular meeting, the legislative body of the local agency, or its designee, shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting, including items to be discussed in closed session. A brief general description of an item generally need not exceed 20 words. The agenda shall specify the time and location of the regular meeting and shall be posted in a location that is freely accessible to members of the public.

No action or discussion shall be undertaken on any item not appearing on the posted agenda, except that members of a legislative body may briefly respond to statements made or questions posed by persons exercising their public testimony rights under Section 54954.3. In addition, on their own initiative, or in response to questions posed by the public, members of a legislative body may ask a question for clarification, provide a reference to staff or other resources for factual information, or request staff to report back to the body at a subsequent meeting concerning any matter. Furthermore, a member of a legislative body, or the body itself, may take action to direct staff to place a matter of business on a future agenda.

(b) Notwithstanding subdivision (a), the legislative body may take action on items of business not appearing on the posted agenda under any of the conditions stated below. Prior to discussing any item pursuant to this subdivision, the legislative body shall publicly identify the item.

(1) Upon a determination by a majority vote of the legislative body that an emergency situation exists, as defined in Section 54956.5.

(2) Upon a determination by a two-thirds vote of the legislative body, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted as specified in subdivision (a).

(3) The item was posted pursuant to subdivision (a) for a prior meeting of the legislative body occurring not more than five calendar days prior to the date action is taken on the item, and at the prior meeting the item was continued to the meeting at which action is being taken.

SEC. 9. Section 54954.3 of the Government Code is amended to read:

54954.3. (a) Every agenda for regular meetings shall provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body, provided that no action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of Section 54954.2. However, the agenda need not provide an opportunity for members of the public to address the legislative body on any item that has already been considered by a committee, composed exclusively of members of the legislative body, at a public meeting wherein all interested members of the public were afforded the opportunity to address the committee on the item, before or during the committee's consideration of the item, unless the item has been substantially changed since the committee heard the item, as determined by the legislative body. Every notice for a special

meeting at which action is proposed to be taken on an item shall provide an opportunity for members of the public to directly address the legislative body concerning that item prior to action on the item.

(b) The legislative body of a local agency may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker.

(c) The legislative body of a local agency shall not prohibit public criticism of the policies, procedures, programs, or services of the agency, or of the acts or omissions of the legislative body. Nothing in this subdivision shall confer any privilege or protection for expression beyond that otherwise provided by law.

SEC. 10. Section 54954.5 is added to the Government Code, to read:

54954.5. For purposes of describing closed session items pursuant to Section 54954.2, the agenda may describe closed sessions as provided below. No legislative body or elected official shall be in violation of Section 54954.2 if the closed session items were described in substantial compliance with this section. Substantial compliance is satisfied by including the information provided below, irrespective of its format.

(a) With respect to a closed session held pursuant to Section 54956.7:

SEC. 11. Section 54956.9 of the Government Code is amended to read:

54956.9. Nothing in this chapter shall be construed to prevent a legislative body of a local agency, based on advice of its legal counsel,

from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the local agency in the litigation.

For purposes of this chapter, all expressions of the lawyer-client privilege other than those provided in this section are hereby abrogated. This section is the exclusive expression of the lawyer-client privilege for purposes of conducting closed-session meetings pursuant to this chapter.

For purposes of this section, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

For purposes of this section, litigation shall be considered pending when any of the following circumstances exist:

(a) Litigation, to which the local agency is a party, has been initiated formally.

(b) (1) A point has been reached where, in the opinion of the legislative body of the local agency on the advice of its legal counsel, based on existing facts and circumstances, there is a significant exposure to litigation against the local agency.

(2) Based on existing facts and circumstances, the legislative body of the local agency is meeting only to decide whether a closed session is authorized pursuant to paragraph (1) of this subdivision.

For purposes of paragraphs (1) and (2), "existing facts and circumstances" shall consist only of one of the following:

(A) Facts and circumstances that might result in litigation against the agency but which the agency believes are not yet known to a potential plaintiff or plaintiffs, which facts and circumstances need not be disclosed.

(B) Facts and circumstances, including, but not limited to, an accident, disaster, incident, or transactional occurrence that might result in litigation against the agency and that are known to a potential plaintiff or plaintiffs, which facts or circumstances shall be publicly stated on the agenda or announced.

(C) The receipt of a claim pursuant to the Tort Claims Act or some other written communication from a potential plaintiff threatening litigation, which claim or communication shall be available for public inspection pursuant to Section 54957.5.

(D) A statement made by a person in an open and public meeting threatening litigation on a specific matter within the responsibility of the legislative body.

(E) A statement threatening litigation made by a person outside an open and public meeting on a specific matter within the responsibility of the legislative body so long as the official or employee of the local agency receiving knowledge of the threat makes a contemporaneous or other record of the statement prior to the meeting, which record shall be available for public inspection pursuant to Section 54957.5. The records so created need not identify

the alleged victim of unlawful or tortious sexual conduct or anyone making the threat on their behalf, or identify a public employee who is the alleged perpetrator of any unlawful or tortious conduct upon which a threat of litigation is based, unless the identity of the person has been publicly disclosed.

(F) Nothing in this section shall require disclosure of written communications that are privileged and not subject to disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1).

(c) Based on existing facts and circumstances, the legislative body of the local agency has decided to initiate or is deciding whether to initiate litigation.

Prior to holding a closed session pursuant to this section, the legislative body of the local agency shall state on the agenda or publicly announce the subdivision of this section that authorizes the closed session. If the session is closed pursuant to subdivision (a), the body shall state the title of or otherwise specifically identify the litigation to be discussed, unless the body states that to do so would jeopardize the agency's ability to effectuate service of process upon one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

A local agency shall be considered to be a "party" or to have a "significant exposure to litigation" if an officer or employee of the local agency is a party or has significant exposure to litigation concerning prior or prospective activities or alleged activities during the course and scope of that office or employment, including litigation in which it is an issue whether an activity is outside the course and scope of the office or employment.

SEC. 12. Section 54957 of the Government Code is amended to read:

54957. Nothing contained in this chapter shall be construed to prevent the legislative body of a local agency from holding closed sessions with the Attorney General, district attorney, sheriff, or chief of police, or their respective deputies, on matters posing a threat to the security of public buildings or a threat to the public's right of access to public services or public facilities, or from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against the employee by another person or employee unless the employee requests a public session. As a condition to holding a closed session on specific complaints or charges brought against an employee by another person or employee, the employee shall be given written notice of his or her right to have the complaints or charges heard in an open session rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding the session. If notice is not given, any disciplinary or other action taken by the legislative body against the employee based on the specific complaints or charges in

the closed session shall be null and void. The legislative body also may exclude from that public or closed meeting, during the examination of a witness, any or all other witnesses in the matter being investigated by the legislative body.

For the purposes of this section, the term "employee" shall include an officer or an independent contractor who functions as an officer or an employee but shall not include any elected official, member of a legislative body or other independent contractors. Nothing in this section shall limit local officials' ability to hold closed session meetings pursuant to Sections 1461, 32106, and 32155 of the Health and Safety Code or Sections 37606 and 37624.3 of the Government Code. Closed sessions held pursuant to this section shall not include discussions of a local agency's available funds, funding priorities, or budget.

SEC. 13. Section 54957.1 of the Government Code is amended to read:

54957.1. (a) The legislative body of any local agency shall publicly report any action taken in closed session and the vote or abstention of every member present thereon, as follows:

(1) Approval of an agreement concluding real estate negotiations pursuant to Section 54956.8 shall be reported after the agreement is final, as specified below:

(A) If its own approval renders the agreement final, the body shall report that approval and the substance of the agreement in open session at the public meeting during which the closed session is held.

(B) If final approval rests with the other party to the negotiations, the local agency shall disclose the fact of that approval and the substance of the agreement upon inquiry by any person, as soon as the other party or its agent has informed the local agency of its approval.

(2) Approval given to the body's legal counsel to defend, or seek or refrain from seeking appellate review or relief, or to enter as an amicus curiae in any form of litigation as the result of a consultation under Section 54956.9 shall be reported in open session at the public meeting during which the closed session is held The report shall identify, if known, the adverse party or parties and the substance of the litigation. In the case of approval given to initiate or intervene in an action, the announcement need not identify the action, the defendants, or other particulars, but shall specify that the direction to initiate or intervene in an action has been given and that the action, the defendants, and the other particulars shall, once formally commenced, be disclosed to any person upon inquiry, unless to do so would jeopardize the agency's ability to effectuate service of process on one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

(3) Approval given to the body's legal counsel of a settlement of pending litigation, as defined in Section 54956.9, at any stage prior to or during a judicial or quasi-judicial proceeding shall be reported

after the settlement is final, as specified below:

(A) If the body accepts a settlement offer signed by the opposing party, the body shall report its acceptance and identify the substance of the agreement in open session at the public meeting during which the closed session is held.

(B) If final approval rests with some other party to the litigation or with the court, then as soon as the settlement becomes final, and upon inquiry by any person, the local agency shall disclose the fact of that approval, and identify the substance of the agreement.

(4) Disposition reached as to claims discussed in closed session pursuant to Section 54956.95 shall be reported as soon as reached in a manner that identifies the name of the claimant, the name of the local agency claimed against, the substance of the claim, and any monetary amount approved for payment and agreed upon by the claimant.

(5) Action taken to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of a public employee in closed session pursuant to Section 54957 shall be reported at the public meeting during which the closed session is held. Any report required by this paragraph shall identify the title of the position and specify any change in compensation. The general requirement of this paragraph notwithstanding, the report of a dismissal or of the nonrenewal of an employment contract shall be deferred until the first public meeting following the exhaustion of administrative remedies, if any.

(6) Approval of an agreement concluding labor negotiations pursuant to Section 54957.6 shall be reported after the agreement is final and has been accepted or ratified by the other party. The report shall identify the item approved and the other party or parties to the negotiation.

(b) Reports that are required to be made pursuant to this section may be made orally or in writing. The legislative body shall provide to any person who has submitted a written request to the legislative body within 24 hours of the posting of the agenda, or to any person who has made a standing request for all documentation as part of a request for notice of meetings pursuant to Section 54954.1 or 54956, if the requester is present at the time the closed session ends, copies of any contracts, settlement agreements, or other documents that were finally approved or adopted in the closed session. If the action taken results in one or more substantive amendments to the related documents requiring retyping, the documents need not be released until the retyping is completed during normal business hours, provided that the presiding officer of the legislative body or his or her designee orally summarizes the substance of the amendments for the benefit of the document requester or any other person present and requesting the information.

(c) The documentation referred to in paragraph (b) shall be available to any person on the next business day following the meeting in which the action referred to is taken or, in the case of

substantial amendments, when any necessary retyping is complete.

(d) Nothing in this section shall be construed to require that the legislative body approve actions not otherwise subject to legislative body approval.

(e) No action for injury to a reputational, liberty, or other personal interest may be commenced by or on behalf of any employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with this section.

SEC. 14. Section 54957.5 of the Government Code is amended to read:

54957.5. (a) Notwithstanding Section 6255 or any other provisions of law, agendas of public meetings and any other writings, when distributed to all, or a majority of all, of the members of a legislative body of a local agency by any person in connection with a matter subject to discussion or consideration at a public meeting of the body, are public records under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1), and shall be made available pursuant to Sections 6253 and 6256 without delay. However, this section shall not include any writing exempt from public disclosure under Section 6253.5, 6254, or 6254.7.

(b) Writings which are public records under subdivision (a) and which are distributed during a public meeting shall be made available for public inspection at the meeting if prepared by the local agency or a member of its legislative body, or after the meeting if prepared by some other person.

(c) Nothing in this chapter shall be construed to prevent the legislative body of a local agency from charging a fee or deposit for a copy of a public record pursuant to Section 6257.

(d) This section shall not be construed to limit or delay the public's right to inspect any record required to be disclosed under the requirements of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1). Nothing in this chapter shall be construed to require a legislative body of a local agency to place any paid advertisement or any other paid notice in any publication.

SEC. 15. Section 54957.7 of the Government Code is amended to read:

54957.7. (a) Prior to holding any closed session, the legislative body of the local agency shall disclose, in an open meeting, the item or items to be discussed in the closed session. The disclosure may take the form of a reference to the item or items as they are listed by number or letter on the agenda. In the closed session, the legislative body may consider only those matters covered in its statement. Nothing in this section shall require or authorize a disclosure of information prohibited by state or federal law.

(b) After any closed session, the legislative body shall reconvene into open session prior to adjournment and shall make any disclosures required by Section 54957.1 of action taken in the closed session.
