SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1235

An act to add Section 10248 to the Government Code, relating to the Legislature.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is now possible and feasible in this electronic age to more widely distribute legislative information by way of electronic communication in order to better inform the public of the matters pending before the Legislature and its proceedings. The Legislature further finds that it is desirable to make information regarding these matters and proceedings available to the citizens of this state, irrespective of where they reside, in a timely manner and for the least possible cost.

SEC. 2. Section 10248 is added to the Government Code, to read:

(10) All statutes enacted on or after January 1, 1993.

(b) The information identified in subdivision (a) shall be made available to the public by means of access by way of the largest nonproprietary, nonprofit cooperative public computer network. The information shall be made available in one or more formats and by one or more means in order to provide the greatest feasible access to the general public in this state. Any person who accesses the information may access all or any part of the information. The information may also be made available by any other means of access that would facilitate public access to the information. The information that is maintained in the legislative information system that is operated and maintained by the Legislative Counsel shall be made available in the shortest feasible time after the information is available in the information system. (d) Personal information concerning a person who accesses the information may be maintained only for the purpose of providing service to the person.

(e) No fee or other charge may be imposed by the Legislative Counsel as a condition of accessing the information that is accessible by way of the computer network specified in subdivision (b).

(f) The electronic public access provided by way of the computer network specified in subdivision (b) shall be in addition to other

electronic or print distribution of the information.

(g) No action taken pursuant to this section shall be deemed to alter or relinquish any copyright or other proprietary interest or entitlement of the State of California relating to any of the information made available pursuant to this section.

CHAPTER 1236

An act to amend Section 26605 of, and to add Section 26605.1 to, the Government Code, and to amend Section 831.5 of the Penal Code, relating to county jails.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The security of county jail facilities and the corresponding safety of the public is of statewide concern.

(b) That the sheriff, being the chief law enforcement officer of the county, shall have the sole and exclusive authority for the keeping of the jails and the prisoners therein.

SEC. 2. Section 26605 of the Government Code is amended to read:

26605. Notwithstanding any other provision of law, except in counties in which the sheriff, as of July 1, 1993, is not in charge of and the sole and exclusive authority to keep the county jail and the prisoners in it, the sheriff shall take charge of and be the sole and exclusive authority to keep the county jail and the prisoners in it, except for work furlough facilities where by county ordinance the work furlough administrator is someone other than the sheriff.

SEC. 3. Section 26605.1 is added to the Government Code, to read:

26605.1. Notwithstanding any other provision of law, no deputy sheriff shall be required to become a custodial or other officer involuntarily.

SEC. 4. Section 831.5 of the Penal Code is amended to read:

831.5. (a) As used in this section, a custodial officer is a public officer, not a peace officer, employed by a law enforcement agency of San Diego County, Fresno County, or a county having a population of 425,000 or less who has the authority and responsibility for maintaining custody of prisoners and performs tasks related to the operation of a local detention facility used for the detention of persons usually pending arraignment or upon court order either for their own safekeeping or for the specific purpose of serving a sentence therein. Custodial officers of a county shall be employees of, and under the authority of, the sheriff, except in counties in which

the sheriff, as of July 1, 1993, is not in charge of and the sole and exclusive authority to keep the county jail and the prisoners in it. A custodial officer includes a person designated as a correctional officer, jailer, or other similar title. The duties of custodial officer may include the serving of warrants, court orders, writs and subpoenas in the detention facility or under circumstances arising directly out of maintaining custody of prisoners and related tasks.

(b) A custodial officer shall have no right to carry or possess firearms in the performance of his or her prescribed duties, except, under the direction of the sheriff or chief of police, while engaged in transporting prisoners; guarding hospitalized prisoners; or suppressing jail riots, lynchings, escapes, or rescues in or about a detention facility falling under the care and custody of the sheriff or chief of police.

(c) Each person described in this section as a custodial officer shall, within 90 days following the date of the initial assignment to that position, satisfactorily complete the training course specified in Section 832. In addition, each person designated as a custodial officer shall, within one year following the date of the initial assignment as a custodial officer, have satisfactorily met the minimum selection and training standards prescribed by the Board of Corrections pursuant to Section 6035. Persons designated as custodial officers, before the expiration of the 90-day and one-year periods described in this subdivision, who have not yet completed the required training, shall not carry or possess firearms in the performance of their prescribed duties, but may perform the duties of a custodial officer only while under the direct supervision of a peace officer as described in Section 830.1, who has completed the training prescribed by the Commission on Peace Officer Standards and Training, or a custodial officer who has completed the training required in this section.

(d) At any time 20 or more custodial officers are on duty, there shall be at least one peace officer, as described in Section 830.1, on duty at the same time to supervise the performance of the custodial officers.

(e) This section shall not be construed to confer any authority upon any custodial officer except while on duty.

(f) A custodial officer may use reasonable force in establishing and maintaining custody of persons delivered to him or her by a law enforcement officer; may make arrests for misdemeanors and felonies within the local detention facility pursuant to a duly issued warrant; may make warrantless arrests pursuant to Section 836.5 only during the duration of his or her job; may release without further criminal process persons arrested for intoxication; and may release misdemeanants on citation to appear in lieu of or after booking.

CHAPTER 1237

An act to add Sections 650.01 and 650.02 to the Business and Professions Code, relating to health care referrals.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. (a) This act shall be known and may be cited as the "Physician Ownership and Referral Act of 1993."

(b) It is recognized by the Legislature that the referral of a patient by a health care provider to a provider of health care services in which the referring health care provider has an investment interest represents a potential conflict of interest.

(c) The Legislature finds these referral practices may limit or eliminate competitive alternatives in the health care services market, may result in overutilization of health care services, may increase costs to the health care system, and may adversely affect the quality of health care.

(d) The Legislature also recognizes, however, that it may be appropriate for providers to own entities providing health care services, and to refer patients to those entities, as long as certain safeguards are present in the arrangement.

(e) It is the intent of the Legislature to provide guidance to health care providers regarding prohibited patient referrals between health care providers and entities providing health care services and to protect the citizens of California from unnecessary and costly health care expenditures.

SEC. 2. Section 650.01 is added to the Business and Professions Code, immediately following Section 650, to read:

650.01. (a) Notwithstanding Section 650, or any other provision of law, it is unlawful for a licensee to refer a person for laboratory, diagnostic nuclear medicine, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, or diagnostic imaging goods or services if the licensee or his or her immediate family has a financial interest with the person or in the entity that receives the referral.

(b) For purposes of this section and Section 650.02, the following shall apply:

(1) "Diagnostic imaging" includes, but is not limited to, all X-ray, computed axial tomography, magnetic resonance imaging nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

(2) A "financial interest" includes, but is not limited to, any type of ownership interest, debt, loan, lease, compensation, remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise,

between a licensee and a person or entity to whom the licensee refers a person for a good or service specified in subdivision (a). A financial interest also exists if there is an indirect relationship between a licensee and the referral recipient including, but not limited to, an arrangement whereby a licensee has an ownership interest in an entity that leases property to the referral recipient. Any financial interest transferred by a licensee to, or otherwise established in, any person or entity for the purpose of avoiding the prohibition of this section shall be deemed a financial interest of the licensee. For purposes of this paragraph, "direct or indirect payment" shall not include a royalty or consulting fee received by a physician and surgeon who has completed a recognized residency training program in orthopedics from a manufacturer or distributor as a result of his or her research and development of medical devices and techniques for that manufacturer or distributor. For purposes of this paragraph, "consulting fees" means those fees paid by the manufacturer or distributor to a physician and surgeon who has completed a recognized residency training program in orthopedics only for his or her ongoing services in making refinements to his or her medical devices or techniques marketed or distributed by the manufacturer or distributor, if the manufacturer or distributor does not own or control the facility to which the physician is referring the patient.

(3) For the purposes of this section, "immediate family" includes the spouse and children of the licensee, the parents of the licensee, and the spouses of the children of the licensee.

(4) "Licensee" means a physician as defined in Section 3209.3 of the Labor Code.

(5) "Licensee's office" means either of the following:

(A) An office of a licensee in solo practice.

(B) An office in which services or goods are personally provided by the licensee or by employees in that office, or personally by independent contractors in that office, in accordance with other provisions of law. Employees and independent contractors shall be licensed or certified when licensure or certification is required by law.

(6) "Office of a group practice" means an office or offices in which two or more licensees are legally organized as a partnership, professional corporation, or not-for-profit corporation, licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code, for which all of the following apply:

(A) Each licensee who is a member of the group provides substantially the full range of services that the licensee routinely provides, including medical care, consultation, diagnosis, or treatment through the joint use of shared office space, facilities, equipment, and personnel.

(B) Substantially all of the services of the licensees who are members of the group are provided through the group and are billed in the name of the group and amounts so received are treated as

receipts of the group, except in the case of a multispecialty clinic, as defined in subdivision (*l*) of Section 1206 of the Health and Safety Code, physician services are billed in the name of the multispecialty clinic and amounts so received are treated as receipts of the multispecialty clinic.

(C) The overhead expenses of, and the income from, the practice are distributed in accordance with methods previously determined by members of the group.

(c) It is unlawful for a licensee to enter into an arrangement or scheme, such as a cross-referral arrangement, that the licensee knows, or should know, has a principal purpose of ensuring referrals by the licensee to a particular entity that, if the licensee directly made referrals to that entity, would be in violation of this section.

(d) No claim for payment shall be presented by an entity to any individual, third party payer, or other entity for a good or service furnished pursuant to a referral prohibited under this section.

(e) No insurer, self-insurer, or other payer shall pay a charge or lien for any good or service resulting from a referral in violation of this section.

(f) A licensee who refers a person to, or seeks consultation from, an organization in which the licensee has a financial interest, other than as prohibited by subdivision (a), shall disclose the financial interest to the patient, or the parent or legal guardian of the patient, in writing, at the time of the referral or request for consultation. If a referral, billing, or other solicitation is between one or more licensees who contract with a multispecialty clinic pursuant to subdivision (*l*) of Section 1206 of the Health and Safety Code or who conduct their practice as members of the same professional corporation or partnership, and the services are rendered on the same physical premises, or under the same professional corporation or partnership name, the requirements of this subdivision may be met by posting a conspicuous disclosure statement at the registration area or by providing a patient with a written disclosure statement.

(g) A violation of subdivision (a) shall be a misdemeanor. The Medical Board of California shall review the facts and circumstances of any conviction pursuant to subdivision (a) and take appropriate disciplinary action if the licensee has committed unprofessional conduct. Violations of this section may also be subject to civil penalties of up to five thousand dollars ($5,000) for each offense, which may be enforced by the Insurance Commissioner, Attorney General, or a district attorney. A violation of subdivision (c), (d), or (e) is a public offense and is punishable upon conviction by a fine not exceeding fifteen thousand dollars ($15,000) for each violation and appropriate disciplinary action, including revocation of professional licensure, by the Medical Board of California or other appropriate governmental agency.

(h) This section shall not apply to a licensee or payer to the extent the licensee or payer is subject to Sections 139.3 and 139.31 of the Labor Code.

(i) This section shall become operative on January 1, 1995, or the operative date of any federal legislation that contains a self-referral prohibition similar to that contained in the Physician Ownership and Referral Act of 1993 that applies to all health care payers including, but not limited to, Medi-Cal, medicare, and private insurers, that is enacted prior to January 1, 1995, if the Medical Board of California notifies the Secretary of the Senate that the federal legislation has been enacted, whichever operative date is later.

SEC. 3. Section 650.02 is added to the Business and Professions Code, immediately following Section 650.01, to read:

650.02. The prohibition of Section 650.01 shall not apply to or restrict any of the following:

(a) A licensee may refer a patient for a good or service otherwise prohibited by subdivision (a) of Section 650.01 if the licensee's regular practice is located where there is no alternative provider of the service within either 25 miles or 40 minutes traveling time, via the shortest route on a paved road. A licensee who refers to or seeks consultation from an organization in which the licensee has a financial interest under this subdivision shall disclose this interest to the patient or the patient's parents or legal guardian in writing at the time of referral.

(b) A licensee who has one or more of the following arrangements with another licensee, a person, or an entity, is not prohibited from referring a patient to the licensee, person, or entity because of the arrangement:

(1) A loan between a licensee and the recipient of the referral, if the loan has commercially reasonable terms, bears interest at the prime rate or a higher rate that does not constitute usury, is adequately secured, and the loan terms are not affected by either party's referral of any person or the volume of services provided by either party.

(2) A lease of space or equipment between a licensee and the recipient of the referral, if the lease is written, has commercially reasonable terms, has a fixed periodic rent payment, has a term of one year or more, and the lease payments are not affected by either party's referral of any person or the volume of services provided by either party.

(3) A licensee's ownership of corporate investment securities, including shares, bonds, or other debt instruments that may be purchased on terms generally available to the public and that are traded on a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the licensee's referral of persons to the corporation, do not have a separate class or accounting for any persons or for any licensees who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation's most recent fiscal year, total gross assets exceeding one hundred million dollars ($100,000,000).

(c) (1) A licensee may refer a person to a health facility, as defined in Section 1250 of the Health and Safety Code, or to any

facility owned or leased by a health facility, if the recipient of the referral does not compensate the licensee for the patient referral, and any equipment lease arrangement between the licensee and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

(2) Nothing shall preclude this subdivision from applying to a licensee solely because the licensee has an ownership or leasehold interest in an entire health facility or an entity that owns or leases an entire health facility.

(3) A licensee may refer a person to a health facility for any service classified as an emergency under subdivision (a) or (b) of Section 1317.1 of the Health and Safety Code.

(d) A licensee may refer a person to a nonprofit corporation that provides physician services pursuant to subdivision (*l*) of Section 1206 of the Health and Safety Code if the nonprofit corporation is controlled through membership by one or more health facilities or health facility systems and the amount of compensation or other transfer of funds from the health facility or nonprofit corporation to the licensee is fixed annually, except for adjustments caused by physicians joining or leaving the groups during the year, and is not based on the number of persons utilizing goods or services specified in Section 650.01.

(e) A licensee compensated or employed by a university may refer a person for a physician service, to any facility owned or operated by the university, or to another licensee employed by the university, provided that the facility or university does not compensate the referring licensee for the patient referral. In the case of a facility that is totally or partially owned by an entity other than the university, but that is staffed by university physicians, those physicians may not refer patients to the facility if the facility compensates the referring physicians for those referrals.

(f) The prohibition of Section 650.01 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a licensee's office, or the office of a group practice. Further, the provisions of Section 650.01 shall not alter, limit, or expand a licensee's ability to deliver, or to direct or supervise the delivery of, in-office goods or services according to the laws, rules, and regulations governing his or her scope of practice.

(g) The prohibition of Section 650.01 shall not apply to cardiac rehabilitation services provided by a licensee or by a suitably trained individual under the direct or general supervision of a licensee, if the services are provided to patients meeting the criteria for medicare reimbursement for the services.

(h) The prohibition of Section 650.01 shall not apply if a licensee is in the office of a group practice and refers a person for services or goods specified in Section 650.01 to a multispecialty clinic, as defined in subdivision (*l*) of Section 1206 of the Health and Safety Code.

(i) The prohibition of Section 650.01 shall not apply to any facility when used to provide health care services to an enrollee of a health

care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(j) This section shall not apply to a licensee or payer to the extent the licensee or payer is subject to Sections 139.3 and 139.31 of the Labor Code.

(k) This section shall become operative on January 1, 1995, or the operative date of any federal legislation that contains a self-referral prohibition similar to that contained in the Physician Ownership and Referral Act of 1993 that applies to all health care payers including, but not limited to, Medi-Cal, medicare, and private insurers, that is enacted prior to January 1, 1995, if the Medical Board of California notifies the Secretary of the Senate that the federal legislation has been enacted, whichever operative date is later.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1238

An act to add Section 2097 to the Business and Professions Code, relating to medicine.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2097 is added to the Business and Professions Code, to read:

2097. (a) A licensee shall report to the board at the time of renewal of a license any financial interest that the licensee or a member of the licensee's immediate family may have in a health-related facility. The report shall be made on a form provided by the board.

(b) For purposes of this section, all of the following shall apply:

(1) A "financial interest" includes, but is not limited to, any type of ownership interest, debt, loan, lease, compensation, remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, to a licensee or the licensee's immediate family from a health-related

facility.

(2) A "financial interest" also exists if there is an indirect relationship between a licensee and the health-related facility including, but not limited to, an arrangement whereby a licensee has an ownership interest in an entity that leases property to the health-related facility. Any financial interest transferred by a licensee to, or otherwise established in, any person or entity for the purpose of avoiding the reporting required by this section shall be deemed a financial interest of the licensee.

(3) A "financial interest" does not include a licensee's ownership of corporate investment securities, including shares, bonds, or other debt instruments that are purchased from a licensed securities broker on terms that are available to the general public through a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the licensee's referral of persons to the corporation, do not have a separate class or accounting for any persons or for any licensees who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation's most recent fiscal year, total gross assets exceeding one hundred million dollars ($100,000,000).

(4) "Immediate family" includes a spouse, child, or parent of a licensee, and a spouse of a child of a licensee.

(5) "Licensee" means a physician and surgeon licensed pursuant to this chapter.

(6) A "health-related facility" shall include a facility for clinical laboratory services, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, diagnostic imaging, and outpatient surgery centers. "Diagnostic imaging" shall include, but is not limited to, all X-ray, computed axial tomography, magnetic resonance imaging, nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

(c) The information reported to the board shall be available to government agencies and public or private payers.

(d) The board may impose appropriate sanctions, including the issuance of a citation and civil penalty under Section 125.9, against any licensee who fails to comply with this section.

(e) This section shall become operative on July 1, 1994.

CHAPTER 1239

An act to amend Section 425.16 of the Code of Civil Procedure, relating to actions.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 425.16 of the Code of Civil Procedure is amended to read:

425.16. (a) The Legislature finds and declares that there has been a disturbing increase in lawsuits brought primarily to chill the valid exercise of the constitutional rights of freedom of speech and petition for the redress of grievances. The Legislature finds and declares that it is in the public interest to encourage continued participation in matters of public significance, and that this participation should not be chilled through abuse of the judicial process.

(b) A cause of action against a person arising from any act of that person in furtherance of the person's right of petition or free speech under the United States or California Constitution in connection with a public issue shall be subject to a special motion to strike, unless the court determines that the plaintiff has established that there is a probability that the plaintiff will prevail on the claim. In making its determination, the court shall consider the pleadings, and supporting and opposing affidavits stating the facts upon which the liability or defense is based.

If the court determines that the plaintiff has established a probability that he or she will prevail on the claim, neither that determination nor the fact of that determination shall be admissible in evidence at any later stage of the case, and no burden of proof or degree of proof otherwise applicable shall be affected by that determination.

(c) In any action subject to subdivision (b), a prevailing defendant on a special motion to strike shall be entitled to recover his or her attorney's fees and costs. If the court finds that a special motion to strike is frivolous or is solely intended to cause unnecessary delay, the court shall award costs and reasonable attorney's fees to a plaintiff prevailing on the motion, pursuant to Section 128.5.

(d) This section shall not apply to any enforcement action brought in the name of the people of the State of California by the Attorney General, district attorney, or city attorney, acting as a public prosecutor.

(e) As used in this section, "act in furtherance of a person's right of petition or free speech under the United States or California Constitution in connection with a public issue" includes any written or oral statement or writing made before a legislative, executive, or

judicial proceeding, or any other official proceeding authorized by law; any written or oral statement or writing made in connection with an issue under consideration or review by a legislative, executive, or judicial body, or any other official proceeding authorized by law; or any written or oral statement or writing made in a place open to the public or a public forum in connection with an issue of public interest.

(f) The special motion may be filed within 60 days of the service of the complaint or, in the court's discretion, at any later time upon terms it deems proper.

(g) All discovery proceedings in the action shall be stayed upon the filing of a notice of motion made pursuant to this section. The motion shall be noticed for hearing not more than 30 days after service unless the docket conditions of the court require a later hearing. The stay of discovery shall remain in effect until notice of entry of the order ruling on the motion. The court, on noticed motion and for good cause shown, may order that specified discovery be conducted notwithstanding this subdivision.

(h) On or before January 1, 1998, the Judicial Council shall report to the Legislature on the frequency and outcome of special motions made pursuant to this section, and on any other matters pertinent to the purposes of this section.

CHAPTER 1240

An act to add Chapter 3 (commencing with Section 7570) to Part 2 of Division 12 of, and to repeal Part 2 (commencing with Section 20100) of Division 20 of, the Family Code, relating to paternity.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3 (commencing with Section 7570) is added to Part 2 of Division 12 of the Family Code, to read:

CHAPTER 3. ESTABLISHMENT OF PATERNITY BY VOLUNTARY DECLARATION

7570. The Legislature hereby finds and declares as follows:

(a) There is a compelling state interest in establishing paternity for all children. Establishing paternity is the first step toward a child support award, which, in turn, provides children with equal rights and access to benefits, including, but not limited to, social security, health insurance, survivors' benefits, military benefits, and inheritance rights. Knowledge of family medical history is often necessary for correct medical diagnosis and treatment. Additionally,

knowing one's father is important to a child's development.

(b) A simple system allowing for establishment of voluntary paternity will result in a significant increase in the ease of establishing paternity, a significant increase in paternity establishment, an increase in the number of children who have greater access to child support and other benefits, and a significant decrease in the time and money required to establish paternity due to the removal of the need for a lengthy and expensive court process to determine and establish paternity and is in the public interest.

7571. (a) On and after January 1, 1995, upon the event of a live birth, prior to an unmarried mother leaving any hospital, clinic, or other place of birth in the state, the person responsible for registering live births under Sections 10101 and 10102 of the Health and Safety Code shall provide to the natural mother and shall attempt to provide, at the place of birth, to the man identified by the natural mother as the natural father, a declaration for completion that meets the requirements of Section 7574. The declaration may be a part of the birth certificate provided that copies of the declaration are available to the parents separate from the birth certificate. The person responsible for registering the birth shall file the declaration, if completed, with the birth certificate, and shall transmit a copy of the declaration to the district attorney of the county where the birth occurred. A copy of the declaration shall be made available to each of the attesting parents. No health care provider shall be subject to any civil, criminal, or administrative liability for any negligent act or omission relative to the accuracy of the information provided, or for filing the declaration with the appropriate state or local agencies. Each district attorney shall pay to the hospital, clinic, or other place of birth that files the completed declaration with the birth certificate, as set forth in this subdivision, the sum of ten dollars ($10) for each declaration filed by it.

(b) Except as provided in Section 7575, the child of a woman and a man executing a declaration of paternity under this chapter, which meets the requirements of Section 7574, is conclusively presumed to be the man's child. The presumption under this section has the same force and effect as the presumption under Section 7540.

7572. (a) The State Department of Social Services, in consultation with the State Department of Health Services, the California Association of Hospitals and Health Systems, and other affected health provider organizations, shall work cooperatively to develop informational pamphlets and related materials to assist providers and parents in complying with this chapter.

(b) The State Department of Social Services shall, free of charge, make available to hospitals, clinics, and other places of birth any and all informational and training materials for the program under this chapter, as well as the paternity declaration form. The State Department of Social Services shall make training available to every hospital, clinic, and other place of birth no later than October 31, 1994.

(c) The State Department of Social Services shall adopt regulations, including emergency regulations, necessary to implement this chapter.

7573. "Father," as used in this chapter, has the meaning given in Section 7540.

7574. In order for a conclusive presumption of paternity to be established pursuant to this chapter, the following must appear on the declaration:

(a) The full name, place, and date of birth of the child.

(b) The full name and current address of the attesting father of the child.

(c) The full name and current address of the attesting mother of the child.

(d) The social security numbers of the attesting mother and father of the child, on a voluntary basis.

(e) A notice captioned "READ THIS BEFORE SIGNING" conspicuously placed on the declaration stating:

"(1) The purpose of this declaration is to establish paternity of your newborn child. Signing this declaration is completely voluntary. If you have any questions not answered by the written information given to you with this form, consult an attorney before signing.

(2) This form is a legal document. It establishes paternity, which is the legal identity of the natural father of a child. If you sign it, legal rights and duties are created under California law. It assures that your child receives the same rights that he or she would receive if you were married to the other parent.

(3) There is a right to a trial by the court in paternity cases. By signing this form, the man is stating that he is the father of the child named, and he understands that he is willingly, knowingly, and intelligently giving up his right to a trial on the question of paternity unless he takes legal action to challenge paternity within three years from the date of his signature on the form as attesting father or from the date of the signature of the attesting mother on the form, whichever signature is later.

(4) Blood or genetic test results which show that the man who signs this form cannot be the natural father, or that someone else is definitely the natural father, can be used in court to challenge paternity established by this form only if an action challenging paternity is filed in court within three years from the date of signature by the attesting father, or the attesting mother, whichever signature is later.

(5) If an action to challenge paternity is not filed within three years, the attesting father will be the legal father of this child regardless of any evidence, including blood or genetic test, presented to a court after three years have passed.

(6) Once the attesting father signs this form, and establishes himself as the child's father, he is legally responsible for the support of the child. This responsibility may include the payment of court-ordered child support. He is also entitled to all rights and

benefits with regard to the child that a father has when he is married to the mother of the child. These rights may include, but are not limited to, the right to physical or legal custody of the child, the right to consent to the adoption of the child, and visitation rights.

(7) Providing social security numbers is not mandatory. The numbers will be used to locate parents for the purposes of collecting child support and other benefits due your child."

(f) The signature of the father attesting under penalty of perjury under the laws of the State of California that the information provided is true and correct, that he has read and fully understands the rights he is waiving and the duties imposed on him as described in subdivision (e), and that he is executing this declaration to establish that he is the natural father of the child and understands that by acknowledging paternity of the child he accepts an obligation to provide child support under the laws of the State of California.

(g) The signature of the natural mother attesting under penalty of perjury under the laws of the State of California that the information provided is true and correct, that the man named is the natural father of her child, that she is executing this declaration to name the natural father of her child and that she fully understands that by executing this declaration she is establishing the paternal rights of the named father under the laws of the State of California, which include the right to physical and legal custody of the child, the right to consent to adoption of the child, and visitation rights.

(h) The full name and signature of the party registering the declaration and the date of registration.

(i) A statement that execution of this declaration authorizes the state to add the signator's name as the natural father of the child to the child's birth certificate.

7575. (a) (1) The presumption established by this chapter may be rebutted, by any person as provided by subdivision (a) of Section 7541, within three years from the date of execution of the declaration by the attesting father, or by the attesting mother, whichever signature is later. The two-year statute of limitations specified in subdivision (b) of Section 7541 is inapplicable for purposes of this section.

(2) The Judicial Council, in consultation with the Family Support Counsel and representatives of the Senate Judiciary Committee and the Assembly Judiciary Committee, shall develop the forms and procedures necessary to effectuate this subdivision.

(b) A presumption under this chapter shall not override a presumption arising under Section 7540. A presumption under this chapter shall override all presumptions except a presumption arising under Section 7540, including presumptions under Section 7611.

7576. (a) If the declaration is not registered by the person responsible for registering live births at the hospital, clinic, or place of birth, it may be completed by the attesting parents via notarized signatures and mailed to, or registered personally by either or both parents with, the local registrar of the State Office of Vital Statistics

at any time after the child's birth.

(b) The declaration, whether filed by the person responsible for registering live births, or by the parents at a later date, shall be attached as an addendum to the public, nonconfidential portion of the birth certificate.

7577. (a) Nothing in this chapter shall prevent any county or any hospital, clinic, or other place of birth from complying with this chapter prior to January 1, 1995.

(b) Hospitals in the Counties of Humboldt, Los Angeles, and Nevada, along with any other hospitals that choose to participate and obtain the concurrence of the State Department of Social Services, may participate in the pilot projects authorized by Section 621.1 of the Evidence Code as that section existed on December 31, 1993, until January 1, 1995. The State Department of Social Services shall report to the Legislature on or before December 31, 1994, on these pilot projects.

SEC. 2. Part 2 (commencing with Section 20100) of Division 20 of the Family Code, as added by Chapter 219 of the Statutes of 1993, is repealed.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1241

An act to amend Sections 62.7, 124, 129, 129.5, 139.5, 3716, 4061, 4637, 4638, 4639, 4640, 4641, 4643, 4645, 4647, and 4906 of the Labor Code, relating to workers' compensation, and making an appropriation therefor.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 62.7 of the Labor Code is amended to read:

62.7. (a) The Cal-OSHA Targeted Inspection and Consultation Fund is hereby created as a special fund in the State Treasury. Proceeds of the fund may be expended by the department, upon

appropriation by the Legislature, for the Cal-OSHA targeted inspection program as provided in Section 6314.1, the Cal-OSHA targeted consultation program as provided in subdivision (a) of Section 6354, and certifying loss control consultation services of workers' compensation insurers pursuant to Section 11745 of the Insurance Code.

(b) The fund shall consist of any money appropriated for these purposes, assessments made pursuant to this section, and fees collected pursuant to Section 11721 of the Insurance Code.

(c) Assessments shall be levied by the director only on all insured employers with a workers' compensation insurance experience rating modification of 1.25 or more and private self-insured employers with an equivalent experience rating of 1.25 or more. The director shall promulgate reasonable rules and regulations governing the manner of collection of the assessment and to determine the equivalent experience rating of 1.25 or more for self-insured employers. The rules shall require the assessment to be paid by employers expressed as a percentage of premium. In no event shall the assessment paid by insured employers be considered a premium for computation of a gross premium tax or agents' commissions. This assessment shall not be continued after the employer's experience modification or equivalent experience modification drops below 1.25.

(d) Amounts assessed pursuant to this section shall not exceed 50 percent of the amounts appropriated from the General Fund for the support of the occupational safety and health program in 1993–94 adjusted for inflation.

SEC. 1.5. Section 124 of the Labor Code is amended to read:

124. (a) In administering and enforcing this division and Division 4 (commencing with Section 3200), the division shall protect the interests of injured workers who are entitled to the timely provision of compensation.

(b) The administrative director shall advise the Industrial Medical Council, on a form promulgated by the council, whether individual qualified medical evaluators have prepared formal medical evaluations which can be satisfactorily rated by the office.

(c) Forms and notices required to be given to employees by the division or the appeals board shall be in English and Spanish.

SEC. 2. Section 129 of the Labor Code is amended to read:

129. (a) To make certain that injured workers, and their dependents in the event of their death, receive promptly and accurately the full measure of compensation to which they are entitled, the administrative director shall audit insurers, self-insured employers, and third-party administrators to determine if they have met their obligations under this code. At least half of the audit subjects shall be selected at random, and the remaining subjects shall be selected pursuant to subdivision (b). The results of audits of insurers shall be provided to the Insurance Commissioner and the results of audits of self-insured employers and third-party

administrators shall be provided to the Director of Industrial Relations. Nothing in this section shall restrict the authority of the Director of Industrial Relations or the Insurance Commissioner to audit their licensees.

(b) The administrative director shall establish priorities for audits based on information obtained from the Benefit Notice program established under Section 138.4, through information and assistance services and other factual information that indicates an insurer, self-insured employer, or third-party administrator is failing to meet its obligations under this division or Division 4 (commencing with Section 3200) or the regulations of the administrative director.

(c) If, as a result of an audit, the administrative director determines that any compensation, interest, or penalty is due and unpaid to an employee or dependent, the administrative director shall issue and cause to be served upon the insurer, self-insured employer, or third-party administrator a notice of assessment detailing the amounts due and unpaid in each case, and shall order the amounts paid to the person entitled thereto. The notice of assessment shall be served personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. A copy of the notice of assessment shall also be sent to the affected employee or dependent.

If the amounts are not paid within 30 days after service of a notice of assessment, the employer shall also be liable for reasonable attorney's fees necessarily incurred by the employee or dependent to obtain amounts due. The administrative director shall advise each employee or dependent still owed compensation after this 30-day period of his or her rights with respect to the commencement of proceedings to collect the compensation owed. Amounts unpaid because the person entitled thereto cannot be located shall be paid to the Workplace Health and Safety Revolving Fund. The Director of Industrial Relations shall promulgate rules and regulations establishing standards and procedures for the payment of compensation from moneys deposited into the Workplace Health and Safety Revolving Fund whenever the person entitled thereto applies for compensation.

(d) A determination by the administrative director that an amount is or is not due to an employee or dependent shall not in any manner limit the jurisdiction or authority of the appeals board to determine the issue.

(e) Annually, commencing on April 1, 1991, the administrative director shall publish a report detailing the results of audits conducted pursuant to this section during the preceding calendar year. The report shall include the name of each insurer, self-insured employer, and third-party administrator audited during that period. For each insurer, self-insured employer, and third-party administrator audited the report shall specify the total number of files audited, the number of violations found by type and amount of compensation, interest and penalties payable, and the amount

collected for each violation.

These reports shall not identify the particular claim file which resulted in a particular violation or penalty. Except as required by this subdivision or other provisions of law, the contents of individual claim files and auditor's working papers shall be confidential. Disclosure of claim information to the administrative director pursuant to an audit shall not waive provisions of the Evidence Code relating to privilege.

SEC. 3. Section 129.5 of the Labor Code is amended to read:

129.5. (a) The administrative director shall assess an administrative penalty against an insurer, self-insured employer, or third-party administrator for any of the following:

(1) Failure to comply with the notice of assessment issued pursuant to subdivision (c) of Section 129 within 15 days of receipt.

(2) Failure to pay when due the undisputed portion of an indemnity payment, the reasonable cost of medical treatment of an injured worker, or a charge or cost of implementing an approved vocational rehabilitation plan.

(3) Failure to comply with any rule or regulation of the administrative director.

(b) The administrative director shall promulgate regulations establishing a schedule of violations and the amount of the administrative penalty to be imposed for each type of violation. The schedule shall provide for imposition of a penalty of up to one hundred dollars ($100) for each violation of the least serious type and for imposition of penalties in progressively higher amounts for more serious types of violations, with the penalty for the most serious types of violations to be set at up to five thousand dollars ($5,000) per violation. The administrative director is authorized to impose penalties pursuant to rules and regulations which give due consideration to the appropriateness of the penalty with respect to the following factors:

(1) The gravity of the violation.

(2) The good faith of the insurer, self-insured employer, or third-party administrator.

(3) The history of previous violations, if any.

(4) The frequency of the violations.

(c) The notice of penalty assessment shall be served personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. The notice shall be in writing and shall describe the nature of the violation, including reference to the statutory provision or rule or regulation alleged to have been violated. The notice shall become final and the assessment shall be paid unless contested within 15 days of receipt by the insurer, self-insured employer, or third-party administrator.

(d) In addition to the penalty assessment permitted by subdivision (a), the administrative director may assess a civil penalty, not to exceed one hundred thousand dollars ($100,000), upon finding, after hearing, that an employer, insurer, or third-party

administrator for an employer has knowingly committed and has performed with a frequency as to indicate a general business practice any of the following:

(1) Induced employees to accept less than compensation due, or made it necessary for employees to resort to proceedings against the employer to secure compensation due.

(2) Refused to comply with known and legally indisputable compensation obligations.

(3) Discharged or administered compensation obligations in a dishonest manner.

(4) Discharged or administered compensation obligations in a manner as to cause injury to the public or those dealing with the employer or insurer.

Upon a second or subsequent finding, the administrative director shall refer the matter to the Insurance Commissioner or Director of Industrial Relations and request that a hearing be conducted to determine whether the certificate of authority, certificate of consent to self-insure, or certificate of consent to administer claims of self-insured employer, as the case may be, should be revoked.

(e) An insurer, self-insured employer, or third-party administrator may file a written request for a conference with the administrative director within seven days after receipt of the notice of penalty assessment issued pursuant to subdivision (a) or (d). Within 15 days of the conference, the administrative director shall issue a notice of findings and serve it upon the contesting party by registered or certified mail. Any amount found due by the administrative director shall become due and payable 30 days after receipt of the notice of findings. The 30-day period shall be tolled during any appeal. A writ of mandate may be taken from the findings to the appropriate superior court upon the execution by the contesting party of a bond to the state in the principal sum that is double the amount found due and ordered by the administrative director, on the condition that the contesting party shall pay any judgment and costs rendered against it for the amount.

(f) Nothing in this section shall create nor eliminate a civil cause of action for the employee and his or her dependents.

(g) All moneys collected under this section shall be deposited in the State Treasury and credited to the Workplace Health and Safety Revolving Fund.

SEC. 4. Section 139.5 of the Labor Code is amended to read:

139.5. (a) The administrative director shall establish a vocational rehabilitation unit, which shall include appropriate professional staff, and which shall have the following duties:

(1) To foster, review, and approve vocational rehabilitation plans developed by a qualified rehabilitation representative of the employer, insurer, state agency, or employee. Plans agreed to by the employer and employee do not require approval by the vocational rehabilitation unit unless the employee is unrepresented.

(2) To develop rules and regulations, to be promulgated by the

administrative director, providing for a procedure in which an employee may waive the services of a qualified rehabilitation representative where the employee has been enrolled and made substantial progress toward completion of a degree or certificate from a community college, California State University, or the University of California and desires a plan to complete the degree or certificate. These rules and regulations shall provide that any such waiver as well as any plan developed without the assistance of a qualified rehabilitation representative must be approved by the rehabilitation unit.

(3) To develop rules and regulations, to be promulgated by the administrative director, which would expedite and facilitate the identification, notification and referral of industrially injured employees to vocational rehabilitation services.

(4) To coordinate and enforce the implementation of vocational rehabilitation plans.

(5) To develop a fee schedule, to be promulgated by the administrative director, governing reasonable fees for vocational rehabilitation services provided on and after January 1, 1991. The initial fee schedule promulgated under this paragraph shall be designed to reduce the cost of vocational rehabilitation services by 10 percent from the level of fees paid during 1989. On or before July 1, 1994, the administrative director shall establish the maximum aggregate permissible fees that may be charged for counseling. Those fees shall not exceed four thousand five hundred dollars ($4,500) and shall be included within the sixteen thousand dollar ($16,000) cap. The fee schedule shall establish maximum aggregate permissible fees for evaluation, plan development, and job placement services.

(6) To develop standards, to be promulgated by the administrative director, for governing the timeliness and the quality of vocational rehabilitation services.

(b) The salaries of the personnel of the vocational rehabilitation unit shall be fixed by the Department of Personnel Administration.

(c) When an employee is determined to be medically eligible and chooses to participate in a vocational rehabilitation program, he or she shall continue to receive temporary disability indemnity payments only until his or her medical condition becomes permanent and stationary and, thereafter, may receive a maintenance allowance. Rehabilitation maintenance allowance payments shall begin after the employee's medical condition becomes permanent and stationary, upon a request for vocational rehabilitation services. Thereafter, the maintenance allowance shall be paid for a period not to exceed 52 weeks in the aggregate, except where the overall cap on vocational rehabilitation services can be exceeded under this section or Section 4642 or subdivision (d) or (e) of Section 4644.

The employee also shall receive additional living expenses necessitated by the vocational rehabilitation services, together with

all reasonable and necessary vocational training, at the expense of the employer, but in no event shall the expenses, counseling fees, training, maintenance allowance, and costs associated with, or arising out of, vocational rehabilitation services incurred after the employee's request for vocational rehabilitation services, except temporary disability payments, exceed sixteen thousand dollars ($16,000). The administrative director shall adopt regulations to ensure that the continued receipt of vocational rehabilitation maintenance allowance benefits is dependent upon the injured worker's regular and consistent attendance at, and participation in, his or her vocational rehabilitation training program.

(d) The amount of the maintenance allowance due under subdivision (c) shall be two-thirds of the employee's average weekly earnings at the date of injury payable as follows:

(1) The amount the employee would have received as continuing temporary disability indemnity, but not more than two hundred forty-six dollars ($246) a week for injuries occurring on or after January 1, 1990.

(2) At the employee's option, an additional amount from permanent disability indemnity due or payable, sufficient to provide the employee with a maintenance allowance equal to two-thirds of the employee's average weekly earnings at the date of injury subject to the limits specified in subdivision (a) of Section 4453 and the requirements of Section 4661.5. In no event shall temporary disability indemnity and maintenance allowance be payable concurrently.

If the employer disputes the treating physician's determination of medical eligibility, the employee shall continue to receive that portion of the maintenance allowance payable under paragraph (1) pending final determination of the dispute. If the employee disputes the treating physician's determination of medical eligibility and prevails, the employee shall be entitled to that portion of the maintenance allowance payable under paragraph (1) retroactive to the date of the employee's request for vocational rehabilitation services. These payments shall not be counted against the maximum expenditures for vocational rehabilitation services provided by this section.

(e) No provision of this section nor of any rule, regulation, or vocational rehabilitation plan developed or promulgated under this section nor any benefit provided pursuant to this section shall apply to an injured employee whose injury occurred prior to January 1, 1975. Nothing in this section shall affect any plan, benefit, or program authorized by this section as added by Chapter 1513 of the Statutes of 1965 or as amended by Chapter 83 of the Statutes of 1972.

(f) The time within which an employee may request vocational rehabilitation services is set forth in Sections 5405.5, 5410, and 5803.

(g) An offer of a job within state service to a state employee in State bargaining unit 1, 4, 15, 18, or 20 at the same or similar salary and the same or similar geographic location is a prima facie offer of vocational rehabilitation under this statute.

(h) It shall be unlawful for a qualified rehabilitation representative or rehabilitation counselor to refer any employee to any work evaluation facility or to any education or training program if the qualified rehabilitation representative or rehabilitation counselor, or a spouse, employer, coemployee, or any party with whom he or she has entered into contract, express or implied, has any proprietary interest in or contractual relationship with the work evaluation facility or education or training program. It shall also be unlawful for any insurer to refer any injured worker to any rehabilitation provider or facility if the insurer has a proprietary interest in the rehabilitation provider or facility or for any insurer to charge against any claim for the expenses of employees of the insurer to provide vocational rehabilitation services unless those expenses are disclosed to the insured and agreed to in advance.

(i) Any charges by an insurer for the activities of an employee who supervises outside vocational rehabilitation services shall not exceed the vocational rehabilitation fee schedule, and shall not be counted against the overall cap for vocational rehabilitation or the limit on counselor's fees provided for in this section. These charges shall be attributed as expenses by the insurer and not losses for purposes of insurance rating pursuant to Article 2 (commencing with Section 11730) of Chapter 3 of Division 2 of the Insurance Code.

SEC. 5. Section 3716 of the Labor Code is amended to read:

3716. (a) If the employer fails to pay the compensation required by Section 3715 to the person entitled thereto, or fails to furnish the bond required by Section 3715 within a period of 10 days after notification of the award, the award, upon application by the person entitled thereto, shall be paid by the director from the Uninsured Employers Fund, which fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the Uninsured Employers Fund is hereby continuously appropriated for this purpose and to pay the expenses of the director in administering these provisions. Refunds may be paid from the Uninsured Employers Fund for amounts remitted erroneously to the fund, or the director may authorize offsetting subsequent remittances to the fund.

(b) It is the intent of the Legislature that the Uninsured Employers Fund is created to ensure that workers who happen to be employed by illegally uninsured employers are not deprived of workers' compensation benefits, and is not created as a source of contribution to insurance carriers, or self-insured, or legally insured employers. The Uninsured Employers Fund has no liability for claims of occupational disease or cumulative injury unless no employer during the period of the occupational disease or cumulative injury during which liability is imposed under Section 5500.5 was insured for workers' compensation, was permissibly self-insured, or was legally uninsured. No employer has a right of contribution against the Uninsured Employers Fund for the liability of an illegally uninsured employer under an award of benefits for

occupational disease or cumulative injury, nor may an employee in a claim of occupational disease or cumulative injury elect to proceed against an illegally uninsured employer.

(c) The Uninsured Employers Fund has no liability to pay for medical, surgical, chiropractic, hospital, or other treatment, the liability for which treatment is imposed upon the employer pursuant to Section 4600, and which treatment has been provided or paid for by the State Department of Health Services pursuant to the California Medical Assistance Program.

(d) The Uninsured Employers Fund shall have no liability to pay compensation, nor shall it be joined in any appeals board proceeding, unless the employer alleged to be illegally uninsured shall first either have made a general appearance or have been served with the application specified in Section 3715 and with a special notice of lawsuit issued by the appeals board. The special notice of lawsuit shall be in a form to be prescribed by the appeals board, and it shall contain at least the information and warnings required by the Code of Civil Procedure to be contained in the summons issued in a civil action. The special notice of lawsuit shall also contain a notice that if the appeals board makes an award against the defendant that his or her house or other dwelling and other property may be taken to satisfy the award in a nonjudicial sale, with no exemptions from execution. The special notice of lawsuit shall, in addition, contain a notice that a lien may be imposed upon the defendant's property without further hearing and before the issuance of an award. The applicant shall identify a legal person or entity as the employer named in the special notice of lawsuit. The reasonable expense of serving the application and special notice of lawsuit, when incurred by the employee, shall be awarded as a cost. Proof of service of the special notice of lawsuit and application shall be filed with the appeals board.

(1) The application and special notice of lawsuit may be served, within or without this state, in the manner provided for service of summons in the Code of Civil Procedure. Thereafter, an employer, alleged to be illegally uninsured, shall notify the appeals board of the address at which it may be served with official notices and papers, and shall notify the appeals board of any changes in the address. No findings, order, decision, award, or other notice or paper need be served in this manner on an employer, alleged to be illegally uninsured, who has been served as provided in this section, and who has not filed an answer, otherwise made a general appearance, or furnished the appeals board with its address. The findings, orders, decisions, awards, or other notice or paper may be mailed to the employer as the board, by regulation, may provide.

(2) Notwithstanding paragraph (1), if the employer alleged to be illegally uninsured has not filed an answer, otherwise made a general appearance, or furnished the appeals board with its address, the appeals board shall serve any findings, order, decision, award, or other notice or paper on the employer by mail at the address the

appeals board has for the employer. The failure of delivery at that address or the lack of personal service on an employer who has been served as provided in this section, of these findings, order, decision, award, or other notice or paper, shall not constitute grounds for reopening or invalidating any appeals board action pursuant to Section 5506, or for contesting the validity of any judgment obtained under Section 3716 or 5806, a lien under Section 3720, or a settlement under subdivision (e) of Section 3715.

(3) The board, by regulation, may provide for service procedures in cases where a request for new and further benefits is made after the issuance of any findings and award and a substantial period of time has passed since the first service or attempted service.

(4) The director, on behalf of the Uninsured Employers Fund, shall furnish information as to the identities, legal capacities, and addresses of uninsured employers known to the director upon request of the board or upon a showing of good cause by the employee or the employee's representative. Good cause shall include a declaration by the employee's representative, filed under penalty of perjury, that the information is necessary to represent the employee in proceedings under this division.

SEC. 6. Section 4061 of the Labor Code is amended to read:

4061. (a) Together with the last payment of temporary disability indemnity, the employer shall, in a form prescribed by the administrative director pursuant to Section 138.4, provide the employee one of the following:

(1) Notice either that no permanent disability indemnity will be paid because the employer alleges the employee has no permanent impairment or limitations resulting from the injury or notice of the amount of permanent disability indemnity determined by the employer to be payable. The notice shall include information concerning how the employee may obtain a formal medical evaluation pursuant to subdivision (c) if he or she disagrees with the position taken by the employer. If the employer determines permanent disability indemnity is payable, the employer shall advise the employee of the amount determined payable and the basis on which the determination was made and whether there is need for continuing medical care.

(2) Notice that permanent disability indemnity may be or is payable, but that the amount cannot be determined because the employee's medical condition is not yet permanent and stationary. The notice shall advise the employee that his or her medical condition will be monitored until it is permanent and stationary, at which time the necessary evaluation will be performed to determine the existence and extent of permanent impairment and limitations for the purpose of rating permanent disability and to determine the need for continuing medical care, or at which time the employer will advise the employee of the amount of permanent disability indemnity the employer has determined to be payable. If an employee is provided notice pursuant to this paragraph and the

employer later takes the position that the employee has no permanent impairment or limitations resulting from the injury, or later determines permanent disability indemnity is payable, the employer shall in either event, within 14 days of the determination to take either position, provide the employee with the notice specified in paragraph (1).

(b) Each notice required by subdivision (a) shall describe the administrative procedures available to the injured employee and advise the employee of his or her right to consult an information and assistance officer or an attorney. It shall contain the following language:

"Should you decide to be represented by an attorney, you may or may not receive a larger award, but, unless you are determined to be ineligible for an award, the attorney's fee will be deducted from any award you might receive for disability benefits. The decision to be represented by an attorney is yours to make, but it is voluntary and may not be necessary for you to receive your benefits."

(c) If the parties do not agree to a permanent disability rating based on the treating physician's evaluation or the assessment of need for continuing medical care, and the employee is represented by an attorney, the employer shall seek agreement with the employee on a physician to prepare a comprehensive medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed to by the parties, the parties may not later select an agreed medical evaluator. Evaluations of an employee's permanent impairment and limitations obtained prior to the period to reach agreement shall not be admissible in any proceeding before the appeals board. After the period to reach agreement has expired, either party may select a qualified medical evaluator to conduct the comprehensive medical evaluation. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense.

(d) If the parties do not agree to a permanent disability rating based on the treating physician's evaluation, and if the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare an additional medical evaluation. The employer shall immediately provide the employee with a form prescribed by the medical director with which to request assignment of a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare an independent medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury.

The report of the qualified medical evaluator and the reports of the treating physician or physicians shall be the only admissible reports and shall be the only reports obtained by the employee or the employer on the issues subject to this section. If the employee has

received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation. In no event shall the employer be entitled to obtain another report in these cases.

(e) The represented employee shall be responsible for making an appointment with an agreed medical evaluator.

(f) The unrepresented employee shall be responsible for making an appointment with a qualified medical evaluator selected from a panel of three qualified medical evaluators. The evaluator shall give the employee, at the appointment, a brief opportunity to ask questions concerning the evaluation process and the evaluator's background. The unrepresented employee shall then participate in the evaluation as requested by the evaluator unless the employee has good cause to discontinue the evaluation. For purposes of this subdivision, "good cause" shall include evidence that the evaluator is biased against the employee because of his or her race, sex, national origin, religion, or sexual preference or evidence that the evaluator has requested the employee to submit to an unnecessary medical examination or procedure. If the unrepresented employee declines to proceed with the evaluation, he or she shall have the right to a new panel of three qualified medical evaluators from which to select one to prepare a comprehensive medical evaluation. If the appeals board subsequently determines that the employee did not have good cause to not proceed with the evaluation, the cost of the evaluation shall be deducted from any award the employee obtains.

(g) Upon selection or assignment pursuant to subdivision (c) or (d), the medical evaluator shall perform a comprehensive medical evaluation according to the procedures promulgated by the Industrial Medical Council under paragraphs (2) and (3) of subdivision (j) of Section 139.2 and summarize the medical findings on a form prescribed by the Industrial Medical Council. The comprehensive medical evaluation shall address all contested medical issues arising from all injuries reported on one or more claim forms prior to the date of the employee's initial appointment with the medical evaluator. If, after a comprehensive medical evaluation is prepared, the employer or the employee subsequently objects to any new medical issue, the parties, to the extent possible, shall utilize the same medical evaluator who prepared the previous evaluation to resolve the medical dispute.

(h) Except as provided in Section 139.3, the medical evaluator may obtain consultations from other physicians who have treated the employee for the injury whose expertise is necessary to provide a complete and accurate evaluation.

(i) The qualified medical evaluator who has evaluated an unrepresented employee shall serve the comprehensive medical evaluation and the summary form on the employee, employer, and the administrative director. The unrepresented employee or the employer may submit the treating physician's evaluation for the calculation of a permanent disability rating. Within 20 days of receipt

of the comprehensive medical evaluation, the administrative director shall calculate the permanent disability rating according to Section 4660 and serve the rating on the employee and employer.

(j) Any comprehensive medical evaluation concerning an unrepresented employee which indicates that part or all of an employee's permanent impairment or limitations may be subject to apportionment pursuant to Sections 4663 or 4750 shall first be submitted by the administrative director to a workers' compensation judge who may refer the report back to the qualified medical evaluator for correction or clarification if the judge determines the proposed apportionment is inconsistent with the law.

(k) Within 30 days of receipt of the rating, if the employee is unrepresented, the employee or employer may request that the administrative director reconsider the recommended rating or obtain additional information from the treating physician or medical evaluator to address issues not addressed or not completely addressed in the original comprehensive medical evaluation or not prepared in accord with the procedures of the Industrial Medical Council promulgated under paragraph (2) or (3) of subdivision (j) of Section 139.2. This request shall be in writing, shall specify the reasons the rating should be reconsidered, and shall be served on the other party. If the administrative director finds the comprehensive medical evaluation is not complete or not in compliance with the required procedures, the administrative director shall return the report to the treating physician or qualified medical evaluator for appropriate action as the administrative director instructs. Upon receipt of the treating physician's or qualified medical evaluator's final comprehensive medical evaluation and summary form, the administrative director shall recalculate the permanent disability rating according to Section 4660 and serve the rating, the comprehensive medical evaluation, and the summary form on the employee and employer.

(*l*) If a comprehensive medical evaluation from the treating physician or an agreed medical evaluator or a qualified medical evaluator selected from a three-member panel resolves any issue so as to require an employer to provide compensation, the employer shall commence the payment of compensation or promptly commence proceedings before the appeals board to resolve the dispute for adjudication of claim. If the employee and employer agree to a stipulated findings and award as provided under Section 5702 or to compromise and release the claim under Chapter 2 (commencing with Section 5000) of Part 3, or if the employee wishes to commute the award under Chapter 3 (commencing with Section 5100) of Part 3, the appeals board shall first determine whether the agreement or commutation is in the best interests of the employee and whether the proper procedures have been followed in determining the permanent disability rating. The administrative director shall promulgate a form to notify the employee, at the time of service of any rating under this section, of the options specified in

this subdivision, the potential advantages and disadvantages of each option, and the procedure for disputing the rating.

(m) No issue relating to the existence or extent of permanent impairment and limitations or the need for continuing medical care resulting from the injury may be the subject of a declaration of readiness to proceed of claim unless there has first been a medical evaluation by a treating physician or an agreed or qualified medical evaluator. With the exception of an evaluation or evaluations prepared by the treating physician or physicians, no evaluation of permanent impairment and limitations or need for continuing medical care resulting from the injury shall be obtained prior to service of the comprehensive medical evaluation on the employee and employer if the employee is unrepresented, or prior to the attempt to select an agreed medical evaluator if the employee is represented. Evaluations obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury and comprehensive medical evaluations prepared by a qualified medical evaluator selected by an unrepresented employee from a three-member panel shall be admissible.

SEC. 7. Section 4637 of the Labor Code is amended to read:

4637. (a) Within 10 days after the employee is medically eligible under subdivision (c) of Section 4636, or the employer receives a physician's report, or knowledge of a physician's opinion, indicating an employee is medically eligible, the employer shall notify the employee of his or her medical eligibility for vocational rehabilitation services. The notice shall be in writing, in the form and manner prescribed by the administrative director, with a copy forwarded to the vocational rehabilitation unit . The notice shall include all of the following:

(1) An explanation of vocational rehabilitation services available to the employee, including the maintenance allowance payable under Section 139.5 and the effect of any delay in the acceptance of vocational rehabilitation services.

(2) Instructions as to how the employee may apply for vocational rehabilitation services.

(3) Notice that failure to apply within 90 days of receipt of notice of medical eligibility may terminate the employee's entitlement to vocational rehabilitation services, unless the treating physician determines that the employee is medically unable to participate in the provision of vocational rehabilitation services except as otherwise provided by Section 5410.

(4) Notice of the employee's right to an agreed upon qualified rehabilitation representative and to request an evaluation of vocational feasibility prior to any acceptance or rejection of vocational rehabilitation services and the right to request a change of qualified rehabilitation representative pursuant to Section 4640.

(5) Notice that vocational rehabilitation services may not be

settled or otherwise converted to cash payments.

Immediately thereafter, unless the employee's medical condition precludes participation or the employee declines to accept vocational rehabilitation services, the employer shall assign a qualified rehabilitation representative, selected in agreement with the employee, to determine if the employee meets the vocational feasibility requirements of paragraph (2) of subdivision (a) of Section 4635. If agreement cannot be reached, a qualified rehabilitation representative shall be selected pursuant to Section 4640.

(b) If an employee is notified of his or her potential entitlement to vocational rehabilitation services pursuant to subdivision (a) and it is subsequently determined that the employee is not a qualified injured worker, the employer shall notify the employee, in the form and manner prescribed by the administrative director, that he or she is not entitled to further vocational rehabilitation services, the reasons therefor, and the procedure to be followed in contesting the determination.

SEC. 8. Section 4638 of the Labor Code is amended to read:

4638. (a) If the employee is determined to be a qualified injured worker, and the employer notifies the injured worker, pursuant to paragraph (1) of subdivision (d) of Section 4636 that the employer will be unable to provide modified or alternative work to that injured worker, the qualified rehabilitation representative and the employee, jointly, shall develop an agreed-upon vocational rehabilitation plan.

Vocational rehabilitation plans which utilize an employee's transferable skills and experience shall be preferable to plans that propose training for an occupation in which the employee has no skills or experience.

An insured employer in whose employment the injury occurred shall receive a refund, payable in the same manner as a return of a standard insurance premium, from the insurer that provided the security for the payment of compensation on the date of injury when the employer, pursuant to Section 4644, returns the qualified injured worker to modified or alternative work at the employer's place of employment for 12 consecutive months. The refund shall be equal to the standard premium computed on the wages paid by the employer to the qualified injured worker during the 12-month period and shall be calculated as follows: multiply the workers' compensation insurance premium rate times the wages reported for workers' compensation insurance for the qualified injured worker during that 12-month period. For this calculation, the workers' compensation insurance rate shall be the insurance premium rate or rates per one hundred dollars ($100) of payroll which were applicable to the payroll reported for the qualified injured worker during that 12-month period, modified by the experience modification factor or factors, if any, which were applicable to the employer during that 12-month period. During and after the 12-month period, the

qualified injured worker shall be protected against discrimination pursuant to Section 132a.

(b) Within 90 days after determination of the employee's vocational feasibility, the employer shall do either of the following:

(1) Submit a vocational rehabilitation plan agreed to by the employee to the administrative director for review and approval.

(2) Request the administrative director to resolve any dispute concerning the provision of vocational rehabilitation services.

SEC. 9. Section 4639 of the Labor Code is amended to read:

4639. (a) If the employer fails to assign a qualified rehabilitation representative as required by Section 4636, fails to notify the employee of possible entitlement to these services pursuant to Section 4637, or fails to provide timely vocational rehabilitation services, the employee may request the administrative director to authorize the provision of vocational rehabilitation services at the expense of the employer. The administrative director shall immediately advise the employer of the receipt of the request.

(b) If the employer, within 20 days of receipt of the administrative director's notification, fails either to agree to provide vocational rehabilitation services or to demonstrate that the employee is not a qualified injured worker, the administrative director shall authorize the provision of vocational rehabilitation services through a qualified rehabilitation representative of the employee's choice or, at the employee's request, through an independent vocational evaluator.

SEC. 10. Section 4640 of the Labor Code is amended to read:

4640. Nothing in this article shall preclude the employee and the employer from agreeing to a change of a qualified rehabilitation representative. If agreement cannot be reached, the employee or employer may request the administrative director to assign an independent vocational evaluator to provide vocational rehabilitation services if it finds it to be in the best interests of the employee.

SEC. 11. Section 4641 of the Labor Code is amended to read:

4641. Nothing in this article shall require an employee to accept the provision of vocational rehabilitation services. The administrative director shall prescribe by rule and regulation the form and manner by which an employee may decline participation.

The rules and regulations shall require all of the following:

(a) A complete written description of the employee's rights, benefits, and protections to enable the employee to make an informed decision concerning the declination of vocational rehabilitation services.

(b) Notice of the employee's right to consult with the administrative director or an attorney.

(c) The declination of vocational rehabilitation services shall be in writing in 10-point boldface type and shall be signed by the employee and his or her representative, if any.

(d) The written information and declination form shall be bilingual as needed.

SEC. 12. Section 4643 of the Labor Code is amended to read:

4643. If the employee unreasonably fails to cooperate in the provision of vocational rehabilitation services, unreasonably fails to cooperate in the development or implementation of a vocational rehabilitation plan, or unreasonably fails to cooperate in completing an approved vocational rehabilitation plan, the employee shall not be entitled to receive that portion of the maintenance allowance payable under paragraph (1) of subdivision (d) of Section 139.5 for the period of unreasonable failure. The employer shall provide the employee with written notice of the employer's intention to withhold payment, the reasons therefor, and the employee's right to object thereto within 10 days of the date the notice was received or served.

If the employee objects to the employer's stated intention to withhold payment, the administrative director shall conduct an expedited conference to determine if the employee is entitled to receive the payments. A copy of the determination shall be served by certified mail on the employee and employer within 10 days of the employee's objection. The employer shall continue payment of that portion of the maintenance allowance due under paragraph (1) of subdivision (d) of Section 139.5 until receipt of the determination.

SEC. 13. Section 4645 of the Labor Code is amended to read:

4645. (a) (1) For unrepresented employees, all disputed matters regarding the provision of vocational rehabilitation services shall be submitted initially to the administrative director for his or her recommendation except as otherwise provided in this section.

(2) For represented employees, all disputed matters shall be submitted to arbitration pursuant to Part 3.5 (commencing with Section 5270), except as otherwise provided in this section and Section 4643.

(b) Where the question of entitlement to vocational rehabilitation services is first raised before a workers' compensation judge and there are good faith issues which, if resolved against the employee, would defeat his or her right to all compensation, the judge shall determine the issues and, if appropriate, refer the question of entitlement to vocational rehabilitation services to the administrative director or arbitration for recommendation.

(c) Where the question of entitlement to vocational rehabilitation services is first raised before a workers' compensation judge and there are no issues which would bar the employee's right to compensation, the judge shall refer the question of entitlement to the vocational rehabilitation services to the administrative director or arbitration for recommendations before entering a finding, decision, or award on the issue of vocational rehabilitation.

(d) Any determination or recommendation of the administrative director or by the arbitrator shall be binding unless a petition is filed with the appeals board within 20 days after service of the determination or recommendation. Nothing in this section shall affect an employee's rights pursuant to Sections 5405.5, 5410, and

5803.

SEC. 14. Section 4647 of the Labor Code is amended to read:

4647. The administrative director shall appoint an advisory committee to assist the vocational rehabilitation unit in recommending forms, procedures, and rules and regulations consistent with the effective administration of this article. Members of the advisory committee shall include two representatives each of employees, employers, insurers, and providers of vocational rehabilitation services.

SEC. 15. Section 4906 of the Labor Code is amended to read:

4906. (a) No charge, claim, or agreement for the legal services or disbursements mentioned in subdivision (a) of Section 4903, or for the expense mentioned in subdivision (b) of Section 4903, is enforceable, valid, or binding in excess of a reasonable amount. The appeals board may determine what constitutes a reasonable amount.

(b) No attorney or agent shall demand or accept any fee from an employee or dependent of an employee for the purpose of representing the employee or dependent of an employee in any proceeding of the division, appeals board, or any appellate procedure related thereto until the amount of the fee has been approved or set by the appeals board.

(c) Any fee agreement shall be submitted to the appeals board for approval within 10 days after the agreement is made.

(d) In establishing a reasonable attorney's fee, consideration shall be given to the responsibility assumed by the attorney, the care exercised in representing the applicant, the time involved, and the results obtained.

(e) At the initial consultation, an attorney shall furnish the employee a written disclosure form promulgated by the administrative director which shall clearly and prominently describe the procedures available to the injured employee or his or her dependents. The disclosure form shall describe this section, the range of attorney's fees customarily approved by the appeals board, and the attorney's fees provisions of Section 4064 and the extent to which an employee may receive compensation without incurring attorney's fees. The disclosure form shall include the telephone number of the administrative director together with the statement that the employee may receive answers at that number to questions concerning entitlement to compensation or the procedures to follow to receive compensation. A copy of the disclosure form shall be signed by the employee and the attorney and sent to the employer, or insurer or third-party administrator, if either is known, by the attorney within 15 days of the employee's and attorney's execution thereof.

(f) The disclosure form set forth in subdivision (e) shall contain, prominently stated, the following statement:

"Any person who makes or causes to be made any knowingly false or fraudulent material statement or representation for the purpose of obtaining or denying worker's compensation benefits or payments

is guilty of a felony."

(g) The employee, the insurer, the employer, and the attorneys for each party shall sign and file with the board a statement, with the application or answer, under penalty of perjury that they have not violated Section 139.3 and that they have not offered, delivered, received, or accepted any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for any referred examination or evaluation.

SEC. 16. (a) The sum of four million dollars ($4,000,000) is hereby transferred from the General Fund to the Cal-OSHA Targeted Inspection and Consultation Fund as a loan for the purposes of Section 62.7 of the Labor Code. The amount of the loan, plus interest at the same rate of interest as that earned by moneys in the Pooled Money Investment Account during the term of the loan, shall be repaid to the General Fund by June 30, 1995, from assessments levied upon employers pursuant to subdivision (c) of Section 62.7 of the Labor Code.

(b) The sum of four million dollars ($4,000,000) is hereby appropriated from the Cal-OSHA Targeted Inspection and Consultation Fund to the Department of Industrial Relations for the Cal-OSHA targeted inspection program as provided in Section 6314.1 of the Labor Code, the Cal-OSHA targeted consultation program as provided in subdivision (a) of Section 6354 of the Labor Code, for certifying loss control consultation services of workers' compensation insurers pursuant to Section 11721 of the Insurance Code, and for matters related to the implementation of the 1993 workers' compensation reforms.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 676.8 of the Insurance Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

676.8. (a) This section applies only to policies of workers' compensation insurance.

(b) After a policy is in effect, no notice of cancellation shall be effective unless it complies with the notice requirements of this section and is based upon the occurrence, after the effective date of the policy, of one or more of the following:

(1) The policyholder's failure to make any workers' compensation insurance premium payment when due.

(2) The policyholder's failure to report payroll, to permit the insurer to audit payroll as required by the terms of the policy or of a previous policy issued by the insurer, or to pay any additional premium as a result of a audit of payroll as required by the terms of the policy or of a previous policy.

(3) The policyholder's material failure to comply with federal or state safety orders or written recommendations of the insurer's designated loss control representative.

(4) A material change in ownership or any change in the policyholder's business or operations that materially increases the hazard for frequency or severity of loss, requires additional or different classifications for premium calculations, or contemplates an activity excluded by the insurer's reinsurance treaties.

(5) Material misrepresentation by the policyholder or its agent.

(6) Failure to cooperate with the insurer in the insurer's investigation of a claim.

(c) A policy shall not be canceled for the conditions specified in paragraph (1), (2), (5), or (6) of subdivision (b) except upon 10 days' written notice to the policyholder by the insurer. A policy shall not be canceled for the conditions specified in paragraph (3) or (4) of subdivision (b) except upon 30 days' written notice to the policyholder by the insurer, provided that no notice is required if an insured and insurer consent to the cancellation and reissuance of a policy effective upon a material change in ownership or operations of the insured. If the policyholder remedies the condition to the insurer's satisfaction within the specified time period, the policy shall not be canceled by the insurer.

(d) Nothing in this section shall preclude, while policies are in force, changes in the premium rate required or authorized by law, regulation, or order of the commissioner, or otherwise agreed to between the policyholder and insurer.

(e) Any policy written for a term longer than one year, or any policy with no fixed expiration date, shall be considered as if written for successive policy periods of one year.

SEC. 2. Section 11721 of the Insurance Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

11721. (a) Any insurer desiring to write workers' compensation

insurance shall maintain or provide occupational safety and health loss control consultation services certified by the Director of Industrial Relations. The director may fix and collect fees to recover the costs for certifying the loss control consultation services and receiving and reviewing the annual health and safety loss control plan for targeting employers with the greatest workers' compensation losses and the most significant and preventable health and safety hazards. All fees shall be deposited in the Cal-OSHA Targeted Inspection and Consultation Fund as defined in Section 62.7 of the Labor Code. The insurer may employ qualified personnel to provide these services or provide the services through another entity that has been certified by the director.

(b) The program of an insurer for furnishing loss control consultation services shall be adequate to meet minimum standards prescribed by the director. The services shall include the conduct of workplace surveys to identify health and safety problems, review of employer injury records with appropriate personnel, and development of plans to improve employer health and safety loss records, including injury and prevention programs required pursuant to Section 6401.7 of the Labor Code. At the time that an insurance policy is issued and annually thereafter, the insurer shall provide each insured employer with a written description of the consultation services together with a notice that the services are available at no additional charge to the employer.

(c) The insurer shall not charge any fee in addition to the insurance premium for safety and health loss control consultation services.

(d) Each insurer shall submit to the director, in a form prescribed by the director, an annual health and safety loss control plan for targeting employers with the greatest workers' compensation losses and the most significant and preventable health and safety hazards. The plan shall include a budget and identify the insurer's methodology for selecting the employers and the number, type, and size of employers who will be targeted. The plan shall be accompanied by a description of the insurer's safety and health loss control activities for the prior year, including, but not limited to, costs, the number, type, and size of businesses served, and any additional information required by the director. The information provided to the director under this subdivision shall remain confidential except for aggregate statistical data. The director shall develop guidelines to assist insurers to identify the employers with the highest preventable health and safety hazards.

(e) Nothing in this section shall be construed to require insurers to provide loss control services to places of employment that do not pose significant preventable hazards to workers.

SEC. 3. Section 11730 of the Insurance Code, as added by Chapter 228 of the Statutes of 1993, is amended to read:

11730. The following definitions govern the construction and meaning of the terms used in this article:

(a) "Classification system" or "classification" means a plan, system, or arrangement for recognizing differences in exposure to hazards among industries, occupations, or operations of insurance policyholders.

(b) "Expenses" means that portion of any rate attributable to acquisition, field supervision, collection expenses, general expenses, taxes, licenses, and fees.

(c) "Experience rating" means a rating procedure utilizing past insurance experience of the individual policyholder to forecast future losses by measuring the policyholder's loss experience against the loss experience of policyholders in the same classification to produce a prospective premium credit, debit, or unity modification.

(d) "Loss trending" means any procedure for projecting developed losses to the average date of loss for the period during which the policies are to be effective.

(e) "Market" means the interaction between buyers and sellers of workers' compensation insurance within this state pursuant to the provisions of this article.

(f) "Pure premium rate" means that portion of the rate which represents the loss cost per unit of exposure, including loss adjustment expense.

(g) "Rate" means the cost of insurance per exposure base unit, prior to any application of individual risk variations based on loss or expenses considerations and does not include minimum premiums.

(h) "Rating organization" means an entity licensed by the commissioner pursuant to Section 11751.1.

(i) "Statistical plan" means the plan, system, or arrangement used in collecting data.

(j) "Supplementary rate information" means any manual or plan of rates, classification system, rating schedule, minimum premium, policy fee, rating rule, rating plan, and any other similar information needed to determine the applicable premium for an insured.

(k) "Supporting information" means the experience and judgment of the filer and the experience or data of other insurers or organizations relied on by the filer, the interpretation of any statistical data relied on by the filer, descriptions of methods used in making the rates, and any other similar information required to be filed by the commissioner.

SEC. 4. Section 11732 of the Insurance Code, as added by Chapter 228 of the Statutes of 1993, is amended to read:

11732. Rates shall not, if continued in use, tend to impair or threaten the solvency of an insurer or tend to create a monopoly in the market. For the purpose of this section, the rates of any individual insurer, other than the State Compensation Insurance Fund, are presumed to create a monopoly in the market if the insurer has a market share, based on percentage of statewide workers' compensation premium, equivalent to 20 percent or more of the premium written by all insurers other than the State Compensation Insurance Fund.

SEC. 5. Section 11733 of the Insurance Code, as added by Chapter 228 of the Statutes of 1993, is amended to read:

11733. In determining whether rates comply with Section 11732, the following criteria shall apply:

(a) Due consideration may be given to past and prospective loss and expenses experience within this state, to catastrophe hazards and contingencies, to events or trends within this state, to loadings for leveling premium rates over time or for dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers, and to all other relevant factors, including judgment. For purposes of determining whether rates would tend to impair or threaten the solvency of an insurer, the commissioner shall consider the insurer's experience in other states.

(b) The expense provisions included in the rates to be used by an insurer shall reflect the operating methods of the insurer and, so far as is credible, its own actual and anticipated expense experience.

(c) The rates may contain a provision for contingencies and an allowance permitting a reasonable profit. In determining the reasonableness of profit, consideration should be given to all investment income attributable to premiums and the reserves associated with those premiums.

SEC. 6. Section 11734 of the Insurance Code, as added by Chapter 228 of the Statutes of 1993, is amended to read:

11734. (a) Every workers' compensation insurer shall adhere to a uniform experience rating plan filed with the commissioner by a rating organization designated by the commissioner and subject to his or her disapproval.

(b) The commissioner shall designate a rating organization to assist him or her in gathering, compiling, and reporting relevant statistical information, and to develop a classification system. An insurer may develop its own classification system upon which a rate may be made or adopt the classification system developed by the designated rating organization; provided, however, that any classification system developed by an insurer must be filed with the commissioner 30 days prior to its use. The commissioner shall disapprove a classification system filed by an insurer pursuant to this section if the insurer fails to demonstrate that the data thereby produced can be reported consistent with the uniform statistical plan or the classification system developed by the rating organization. Every workers' compensation insurer shall record and report its workers' compensation experience to the designated rating organization as set forth in the uniform statistical plan approved by the commissioner.

(c) The designated rating organization shall develop and file manual rules, subject to the approval of the commissioner, reasonably related to the recording and reporting of data pursuant to the uniform statistical plan, uniform experience rating plan, and such classification systems as may be in effect. Every workers' compensation insurer shall adhere to the approved manual rules and

experience rating plan in writing and reporting its business. No insurer shall agree with any other insurer or with a rating organization to adhere to manual rules which are not reasonably related to the recording and reporting of data pursuant to the uniform statistical plan or classification system developed by the rating organization.

SEC. 7. Section 11737 of the Insurance Code, as added by Chapter 228 of the Statutes of 1993, is amended to read:

11737. (a) The commissioner may disapprove a rate if the insurer fails to comply with the filing requirements under Section 11735.

(b) If the commissioner believes that rates may violate any of the requirements of this article, he or she shall call a hearing prior to any disapproval. The commissioner shall disapprove a rate if he or she finds that the rate would, if continued in use, tend to impair or threaten the solvency of an insurer or tend to create a monopoly in the market pursuant to Section 11732.

(c) Every insurer or advisory organization shall provide within this state reasonable means whereby any person aggrieved by the application of its filings may be heard on written request to review the manner in which the rating system has been applied in connection with the insurance afforded or offered. If the insurer or advisory organization fails to grant or reject the request within 30 days, the applicant may proceed in the same manner as if the application had been rejected. Any party affected by the action of the insurer or advisory organization on the request may, within 30 days after written notice of the action, appeal to the commissioner who, after a hearing held upon not less than 10 days' written notice to the appellant and to the insurer or advisory organization, may affirm, modify, or reverse such action.

(d) If the commissioner disapproves a rate, the commissioner shall issue an order specifying in what respects it fails to meet the requirements of this article and stating when within a reasonable period thereafter such rate shall be discontinued for any policy issued or renewed after a date specified in the order. The order shall be issued within 30 days after the close of the hearing or within such reasonable time extension as the commissioner may fix. The order may include a provision for premium adjustment for the period after the effective date of the order for policies in effect on that date.

(e) Whenever an insurer has no legally effective rates as a result of the commissioner's disapproval of rates or other act, the commissioner shall on request of the insurer specify interim rates for the insurer that are adequate to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by him or her. When new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds of less than ten dollars ($10) per policyholder shall not be required.

SEC. 7.5. Section 11740 is added to Article 2 (commencing with Section 11730) of Chapter 3 of Part 3 of Division 2 of the Insurance Code, as added by Section 2 of Chapter 228 of the Statutes of 1993, to read:

11740. Rates and supplementary rate information filed for use in this state pursuant to this article and Article 3 (commencing with Section 11750), as added and amended by Chapter 228 of the Statutes of 1993, shall not be effective prior to the first normal anniversary rating date of a policy on or after January 1, 1995. Rates, any rating plan or plans, and policy forms issued or approved prior to January 1, 1995, shall remain in effect only until the first normal anniversary rating date on or after January 1, 1995, as determined by a licensed rating organization pursuant to rules issued or approved by the commissioner in effect on July 16, 1993. Prior to January 1, 1995, no policy may be issued or renewed for a term of less than one year for the purpose of changing the normal anniversary date of the policy or the preceding policy. No policy may be canceled, amended, or rewritten for the purpose of avoiding this section.

(b) "Rating organization" means any organization which has as its primary object or purpose the collecting of loss and expense statistics and other statistical information and data, the making of pure premium rates and those rating plans authorized by Section 11734 for workers' compensation insurance and employer's liability insurance incidental thereto and written in connection therewith and

presenting them to the commissioner for approval;

(c) "Insurance" means workers' compensation insurance and employer's liability insurance incidental thereto and written in connection therewith;

No duly authorized attorney at law acting in the usual course of his profession shall be deemed to be an advisory organization.

(f) "Employer's liability insurance incidental thereto and written in connection therewith" means insurance of any liability of employers for injuries to, or death of, employees arising out of, and in the course of, employment when this insurance is incidental to, and written in connection with, the workers' compensation insurance issued to the same employer and covering the same employer interests.

11751.35. (a) Four members of the public, two representing organized labor and two representing insured employers, appointed pursuant to subdivision (b) of Section 11751.3, shall be entitled to serve on the managing or governing committee of a rating organization licensed under this article. The public members shall be entitled to vote on all issues involving pure premium rates, classifications, rating plans, rating systems, manual rules and policy, and endorsement forms which are properly brought before the committee.

(c) The public members who serve on the governing committee of a rating organization licensed under this article together may, by

a majority vote, retain experts who shall include a fellow of the Casualty Actuarial Society, to advise them on any matter specified in subdivision (a). The actuary hired may participate in all proceedings of the actuarial committee of the rating organization. The reasonable expense of retaining these experts shall not exceed one hundred thousand dollars ($100,000) per year and shall be paid from the budget of the department. The commissioner shall increase this amount annually to reflect any needed cost-of-living adjustments. The public members may submit information obtained from these experts, as well as any other information they deem appropriate, to the commissioner for his or her consideration in approving a change of any matter specified in subdivision (a).

(d) In addition to the expenses authorized pursuant to subdivision (c), the public members who serve on the governing committee of a rating organization licensed under this article may expend up to an additional one hundred thousand dollars ($100,000) per year, which shall be paid by insurer members of the rating organization. The commissioner shall designate a rating organization licensed under this article as his or her statistical agent to gather and compile such experience statistics and all licensed rating organizations shall report the experience of their members to such designated rating organization. Subject to reasonable rules approved by the commissioner, such designated rating organization shall make such experience statistics, when compiled, available to all licensed rating organizations and may make a reasonable charge to other rating organizations for the expense incurred by it in combining, tabulating and compiling the experience of all workers' compensation insurers.

SEC. 12. Section 11752.8 of the Insurance Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

For policies issued or renewed between January 1, 1994, and January 1, 1995, inclusive, the insurer shall include a notice to the policyholder, in easily understandable language, containing a summary of the changes in the rating laws

enacted during the 1993–94 Regular Session of the Legislature.

The first report shall be due March 1, 1996. The report shall include, but not be limited to, the following:

(a) An analysis of all medical costs identifying separately the amounts paid for medical treatment to hospitals and physicians, and the amounts paid for medical-legal expenses. The amounts paid for medical treatment to physicians shall also identify the amounts paid for each specialty authorized to provide medical services pursuant to Sections 3209.3, 3209.5, and 3209.8 of the Labor Code. The amounts paid for medical-legal evaluations shall also be subcategorized by specialty and shall identify average costs paid per claim.

(c) An analysis of amounts paid for vocational rehabilitation subcategorized by amounts paid for maintenance allowance, evaluation, education and training, and job placement.

(c) Assessments shall be levied by the director only on all insured employers with a workers' compensation insurance experience rating modification of 1.25 or more and private self-insured employers with an equivalent experience rating of 1.25 or more. The director shall promulgate reasonable rules and regulations governing the manner of collection of the assessment and to determine the equivalent experience rating of 1.25 or more for self-insured employers. The rules shall require the assessment to be paid by employers expressed as a percentage of premium. In no event shall the assessment paid by insured employers be considered a premium for computation of a gross premium tax or agents' commissions. This assessment shall not be continued after the employer's experience modification or equivalent experience modification drops below 1.25.

(d) Amounts assessed pursuant to this section shall not exceed 50 percent of the amounts appropriated from the General Fund for the support of the occupational safety and health program in 1993–94 adjusted for inflation.

It is the intent of the Legislature that the information system be compatible with the Electronic Data Interchange System of the International Association of Industrial Accident Boards and Commissions. The director shall issue a report on the development of the system, and recommendations for any necessary legislative action, no later than July 1, 1995, and shall, upon request, make the report available to the Governor, the Legislature, and the public.

Any vacancy shall be filled by the original appointing authority for the unexpired term.

(c) The nine doctors of medicine and the doctors of osteopathic medicine of the council shall represent medical specialties concerned with the treatment of industrial injury and disease. The doctors of medicine shall be appointed after consultation with the statewide and local associations of the medical profession. The doctors of osteopathic medicine and psychology shall be appointed after consultation with the statewide associations of the osteopathic medical profession and psychologists. The doctors of chiropractic shall be appointed after consultation with statewide and local associations of the chiropractic profession.

(d) Any physician of a type which must be represented pursuant to subdivision (a) may be considered for appointment to the council if the following qualifications are met:

(1) A physician and surgeon shall be board certified in his or her specialty or, if a doctor of chiropractic, shall be certified in a chiropractic specialty recognized and approved by the California Chiropractic Association, the International Chiropractors Association of California, or the American Chiropractic Association, or if a psychologist, shall be board certified in clinical psychology, or hold a doctoral degree in psychology from an accredited university or professional school and have not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders.

(2) Counsel and assist the administrative director and perform other duties as the administrative director may request.

(3) Assist in recruiting physicians for the medical bureau of the division.

(4) Assist in developing guidelines for the determination of disputed questions of clinical fact, including guidelines for the range of time normally required to perform a comprehensive medical-legal evaluation, as well as the content of those procedures. The guidelines shall include the range of time normally required for direct patient contact between the physician and the patient in each such procedure.

(5) Suggest standards for improving care furnished to injured employees.

(6) Undertake continuing studies of developments in the field of rehabilitation, and continuously inform treating physicians of these developments.

(7) Recommend reasonable levels of fees for physicians performing services under Division 4 (commencing with Section 3200).

(8) In coordination with the administrative director, monitor and measure changes in the cost and frequency of the most common medical services, and adopt guidelines for the treatment of common industrial injuries on or before July 1, 1994. The guidelines shall reflect practices as generally accepted by the health care community, and shall apply the current standards of care, including, but not limited to, appropriate and inappropriate diagnostic techniques, treatment modalities, adjustive modalities, length of treatment, and appropriate specialty referrals. On or before July 1, 1994, the administrative director shall adopt model utilization protocols in order to provide utilization review standards. All insurers shall comply with this protocol by July 1, 1995.

(f) The council shall appoint an advisory committee on psychiatric injuries with both psychologists and psychiatrists as members and shall consider the advisory committee's recommendations concerning psychiatric injuries. The council may appoint advisory committees for other specialties as may be necessary to the performance of its duties.

(g) No action of the council shall be taken unless concurred in by not less than nine members present and voting at a meeting.

(h) Members of the council shall receive actual, necessary traveling expenses and a per diem allowance of one hundred dollars ($100) for each day spent in meetings of the council.

SEC. 18. Section 139.2 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

139.2. (a) The Industrial Medical Council shall appoint qualified medical evaluators in each of the respective specialties as required for the evaluation of medical issues. The appointments shall be for two-year terms.

(b) The council shall appoint as qualified medical evaluators physicians, as defined in Section 3209.3, who are licensed to practice in this state and who demonstrate that they meet each of the following requirements:

(1) Pass an examination written and administered by the Industrial Medical Council for the purpose of demonstrating competence in evaluating medical issues in the workers' compensation system. The council shall administer the first examination on or before July 1, 1994. This requirement shall apply to a physician who was qualified immediately before the time the first examination is administered only after the physician has had an opportunity to take the examination and has failed to do so or has failed the examination.

(2) Devote at least one-third of total practice time to providing direct medical treatment, or has served as an agreed medical evaluator on eight or more occasions in the 12 months prior to applying to be a qualified medical evaluator.

(3) Meet one of the following requirements:

(A) Is board certified, or board eligible, within a time period specified by the council, in his or her specialty by an appropriate board recognized by the council or, if a chiropractor, is certified in California workers' compensation evaluation by an appropriate California professional chiropractic association or accredited California college recognized by the council, or, if a psychologist, meets one of the following requirements:

(i) Is board certified in clinical psychology by a board recognized by the council.

(ii) Holds a doctoral degree in psychology from a university or professional school recognized by the council and has not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders.

(iii) Has not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders, and has served as an agreed medical evaluator on eight or more occasions prior to January 1, 1990.

(B) Served as an agreed medical evaluator on eight or more occasions prior to January 1, 1970.

(4) Does not have a conflict of interest as determined under the regulations promulgated by the administrative director pursuant to subdivision (o).

(5) Meets any additional medical or professional standards adopted pursuant to paragraph (6) of subdivision (j).

(c) The council shall promulgate standards for appointment of physicians who are retired or who hold teaching positions who are exceptionally well qualified to serve as a qualified medical evaluator even though they do not otherwise qualify under paragraph (1) of subdivision (b). In no event shall a physician whose full-time practice is limited to the forensic evaluation of disability be appointed as a qualified medical evaluator under this subdivision.

(d) The qualified medical evaluator, upon request, shall be reappointed if he or she meets the qualifications for appointment and meets all of the following criteria:

(1) Has completed all medical evaluations within a reasonable time after assignment.

(2) Has not had more than five of his or her evaluations which were considered by a workers' compensation judge at a contested hearing rejected by the judge or the appeals board pursuant to this section during the most recent two-year period during which the physician served as a qualified medical evaluator. If the judge or the appeals board rejects the qualified medical evaluator's report on the basis that it fails to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board, the judge or the appeals board, as the case may be, shall make a specific finding to that effect, and shall give notice to the medical evaluator and to the Industrial Medical Council. Any rejection shall not be counted as one of the five qualifying rejections until the specific finding has become final and time for appeal has expired.

(3) Has completed within the previous 48 months at least 24 hours of continuing education in impairment evaluation or workers' compensation-related medical dispute evaluation approved by the Industrial Medical Council.

(4) Has not been terminated, suspended, placed on probation, or otherwise disciplined by the council during his or her most recent term as a qualified medical evaluator.

If the evaluator does not meet any one of these criteria, the Industrial Medical Council may in its discretion reappoint or deny reappointment according to regulations promulgated by the council. In no event may a physician who does not currently meet the requirements for initial appointment or who has been terminated under subdivision (e) be reappointed.

(e) Except as provided in subdivision (k), the evaluator shall not be terminated during his or her term of office unless his or her licensing authority has suspended, revoked, or terminated his or her license to practice in California.

(f) The Industrial Medical Council shall furnish a physician, upon request, a written statement of its reasons for termination of or for denying appointment or reappointment as a qualified medical evaluator. Upon receipt of a specific response to the statement of reasons, the Industrial Medical Council shall review its decision not

to appoint or reappoint the physician or to terminate the physician and shall notify the physician of its final decision within 60 days after receipt of the physician's response.

(g) The council shall establish agreements with qualified medical evaluators to assure the expeditious evaluation of cases assigned to them for comprehensive medical evaluations.

(h) When the injured worker is not represented by an attorney, the medical director appointed pursuant to Section 122, shall assign three-member panels of qualified medical evaluators within five working days after receiving a request for a panel. If a panel is not assigned within 15 working days, the employee shall have the right to obtain a medical evaluation from any qualified medical evaluator of his or her choice. The medical director shall use a random selection method for assigning panels of qualified medical evaluators. The medical director shall select evaluators who are specialists of the type selected by the employee. The medical director shall advise the employee that he or she should consult with his or her treating physician prior to deciding which type of specialist to request. The Industrial Medical Council shall promulgate a form which shall notify the employee of the physicians selected for his or her panel. The form shall include, for each physician on the panel, the physician's name, address, telephone number, specialty, number of years in practice, and a brief description of his or her education and training, and shall advise the employee that he or she is entitled to receive transportation expenses and temporary disability for each day necessary for the examination. The form shall also state in a clear and conspicuous location and type: "You have the right to consult with an information and assistance officer at no cost to you prior to selecting the doctor to prepare your evaluation, or you may consult with an attorney. If your claim eventually goes to court, the judge will consider the evaluation prepared by the doctor you select to decide your claim." When compiling the list of evaluators from which to select randomly, the medical director shall include all qualified medical evaluators who do not have a conflict of interest in the case, as defined by regulations adopted pursuant to subdivision (o) of the appropriate specialty type as recognized by an appropriate, recognized board within the general geographic area of the employee's residence, and shall have no authority to exclude qualified medical evaluators based on any other criteria. When the medical director determines that an employee has requested an evaluation by a type of specialist which is appropriate for the employee's injury, but there are not enough qualified medical evaluators of that type within the general geographic area of the employee's residence to establish a three-member panel, the medical director shall include sufficient qualified medical evaluators from other geographic areas and the employer shall pay all necessary travel costs incurred in the event the employee selects an evaluator from another geographic area.

(i) The medical director appointed pursuant to Section 122, shall

continuously review the quality of comprehensive medical evaluations and reports prepared by agreed and qualified medical evaluators and the timeliness with which evaluation reports are prepared and submitted. The review shall include, but not be limited to, a review of a random sample of reports submitted to the division, and a review of all reports alleged to be inaccurate or incomplete by a party to a case for which the evaluation was prepared. The medical director shall submit to the administrative director an annual report summarizing the results of the continuous review of medical evaluations and reports prepared by agreed and qualified medical evaluators and make recommendations for the improvement of the system of medical evaluations and determinations.

(j) After public hearing pursuant to Section 5307.4, the council shall promulgate rules and regulations concerning the following medical issues:

(1) Standards governing the timeframes within which medical evaluations shall be prepared and submitted by agreed and qualified medical evaluators. The timeframe for initial medical evaluations to be prepared and submitted shall be no more than 30 days after the evaluator has seen the employee or otherwise commenced the medical evaluation procedure. The council shall develop a written policy governing the provision of extensions of the 30-day period in cases where the evaluator has not received test results or consulting physician's evaluations in time to meet the 30-day deadline. The council shall develop timeframes governing availability of qualified medical evaluators for unrepresented employees under Section 4061. These timeframes shall give the employee the right to the addition of a new evaluator to his or her panel, selected at random, for each evaluator not available to see the employee within a specified period of time, but shall also permit the employee to waive this right for a specified period of time thereafter.

(2) Procedures to be followed by all physicians in evaluating the existence and extent of permanent impairment and limitations resulting from an injury. In order to produce complete, accurate, uniform, and replicable evaluations, the procedures shall require that an evaluation of anatomical loss, functional loss, and the presence of physical complaints be supported, to the extent feasible, by medical findings based on standardized examinations and testing techniques generally accepted by the medical community.

(3) Procedures governing the determination of any disputed medical issues.

(4) Procedures to be used in determining the compensability of psychiatric injury. The procedures shall be in accordance with Section 3208.3 and shall require that the diagnosis of a mental disorder be expressed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of

psychiatric medicine.

(5) Guidelines for the range of time normally required to perform the following:

(A) A medical-legal evaluation that has not been defined and valued pursuant to Section 5307.6. However, the council may recommend guidelines for evaluations that have been defined and valued pursuant to Section 5307.6 for the purpose of governing the appointment, reappointment, and discipline of qualified medical evaluators. The guidelines shall establish minimum times for patient contact in the conduct of the evaluations, and shall be consistent with regulations adopted pursuant to Section 5307.6.

(B) Any treatment procedures that have not been defined and valued pursuant to Section 5307.1.

(C) Any other evaluation procedure requested by the administrative director, the Insurance Commissioner, or the council itself.

If, without good cause, the council fails to adopt the guidelines required by subparagraph (A) or (B) by March 31, 1994, or fails, without good cause, to adopt a guideline pursuant to subparagraph (C) within six months after a request by the administrative director or the Insurance Commissioner, then the administrative director shall have the authority to adopt the guideline.

(6) Any additional medical or professional standards which a medical evaluator shall meet as a condition of appointment, reappointment, or maintenance in the status of a medical evaluator.

(k) The Industrial Medical Council may, in its discretion, suspend or terminate the privilege of a physician to serve as a qualified medical evaluator if the council, after hearing pursuant to subdivision (*l*), determines, based on substantial evidence, that a qualified medical evaluator:

(1) Has violated any material statutory or administrative duty.

(2) Has failed to follow the medical procedures or qualifications established by the council pursuant to paragraph (2), (3), (4), or (5) of subdivision (j).

(3) Has failed to comply with the timeframe standards established by the council pursuant to subdivision (j).

(4) Has failed to meet the requirements of subdivision (b) or (c).

(5) Has prepared medical-legal evaluations that fail to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board.

(*l*) The council shall cite the qualified medical evaluator for a violation listed in subdivision (k) and shall set a hearing on the alleged violation within 30 days of service of the citation on the qualified medical evaluator. In addition to the authority to terminate or suspend the qualified medical evaluator upon finding a violation listed in subdivision (k), the council may, in its discretion, place a qualified medical evaluator on probation subject to appropriate conditions, including ordering continuing education or training. The council shall report to the appropriate licensing board the name of

any qualified medical evaluator who is disciplined pursuant to this subdivision.

(m) The council shall terminate from the list of medical evaluators any physician where licensure has been terminated by the relevant licensing board, or who has been convicted of a misdemeanor or felony related to the conduct of his or her medical practice, or of a crime of moral turpitude. The council shall suspend or terminate as a medical evaluator any physician who has been suspended or placed on probation by the relevant licensing board.

(n) Each qualified medical evaluator shall pay a fee, as determined by the Industrial Medical Council, for appointment or reappointment. Any qualified medical evaluator appointed prior to January 1, 1993, shall also pay the same fee as specified herein. These fees shall be based on a sliding scale as established by the council. All revenues from fees paid under this subdivision shall be deposited into the Industrial Medicine Fund, which is hereby created for the administration of the Industrial Medical Council. Moneys paid into the Industrial Medicine Fund for the activities of the Industrial Medical Council shall not be used by any other department or agency or for any purpose other than administration of the council. The funds provided to the council from the Industrial Medicine Fund shall not supplant any funds appropriated to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source. Any future annual appropriation to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source shall not be less than the amount appropriated or provided during the 1991–92 fiscal year.

(o) An evaluator may not request or accept any compensation or other thing of value from any source that does or could create a conflict with his or her duties as an evaluator under this code. The administrative director, after consultation with the council and the Commission on Health and Safety and Workers' Compensation, shall adopt regulations to implement this subdivision on or before July 1, 1994.

SEC. 19. Section 139.3 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

139.3. (a) Notwithstanding any other provision of law, to the extent those services are paid pursuant to Division 4 (commencing with Section 3200), it is unlawful for a physician to refer a person for clinical laboratory, diagnostic nuclear medicine, radiation oncology, physical therapy, physical rehabilitation, psychometric testing, home infusion therapy, or diagnostic imaging goods or services whether for treatment or medical-legal purposes if the physician or his or her immediate family has a financial interest with the person or in the entity that receives the referral.

(b) For purposes of this section and Section 139.31, the following shall apply:

(1) "Diagnostic imaging" includes, but is not limited to, all X-ray,

computed axial tomography magnetic resonance imaging, nuclear medicine, positron emission tomography, mammography, and ultrasound goods and services.

(2) "Immediate family" includes the spouse and children of the physician, the parents of the physician, and the spouses of the children of the physician.

(3) "Physician" means a physician as defined in Section 3209.3.

(4) A "financial interest" includes, but is not limited to, any type of ownership, interest, debt, loan, lease, compensation, remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, between a licensee and a person or entity to whom the physician refers a person for a good or service specified in subdivision (a). A financial interest also exists if there is an indirect relationship between a physician and the referral recipient, including, but not limited to, an arrangement whereby a physician has an ownership interest in any entity that leases property to the referral recipient. Any financial interest transferred by a physician to, or otherwise established in, any person or entity for the purpose of avoiding the prohibition of this section shall be deemed a financial interest of the physician.

(5) A "physician's office" is either of the following:

(A) An office of a physician in solo practice.

(B) An office in which the services or goods are personally provided by the physician or by employees in that office, or personally by independent contractors in that office, in accordance with other provisions of law. Employees and independent contractors shall be licensed or certified when that licensure or certification is required by law.

(6) The "office of a group practice" is an office or offices in which two or more physicians are legally organized as a partnership, professional corporation, or not-for-profit corporation licensed according to subdivision (a) of Section 1204 of the Health and Safety Code for which all of the following are applicable:

(A) Each physician who is a member of the group provides substantially the full range of services that the physician routinely provides, including medical care, consultation, diagnosis, or treatment, through the joint use of shared office space, facilities, equipment, and personnel.

(B) Substantially all of the services of the physicians who are members of the group are provided through the group and are billed in the name of the group and amounts so received are treated as receipts of the group, and except that in the case of multispecialty clinics, as defined in subdivision (*l*) of Section 1206 of the Health and Safety Code, physician services are billed in the name of the multispecialty clinic and amounts so received are treated as receipts of the multispecialty clinic.

(C) The overhead expenses of, and the income from, the practice are distributed in accordance with methods previously determined

by members of the group.

(c) (1) It is unlawful for a licensee to enter into an arrangement or scheme, such as a cross-referral arrangement, that the licensee knows, or should know, has a principal purpose of ensuring referrals by the licensee to a particular entity that, if the licensee directly made referrals to that entity, would be in violation of this section.

(2) It shall be unlawful for a physician to offer, deliver, receive, or accept any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for a referred evaluation or consultation.

(d) No claim for payment shall be presented by an entity to any individual, third-party payor, or other entity for a good or service furnished pursuant to a referral prohibited under this section.

(e) A physician who refers to or seeks consultation from an organization in which the physician has a financial interest shall disclose this interest to the patient or if the patient is a minor, to the patient's parents or legal guardian in writing at the time of the referral.

(f) No insurer, self-insurer, or other payor shall pay a charge or lien for any good or service resulting from a referral in violation of this section.

(g) A violation of subdivision (a) shall be a misdemeanor. The appropriate licensing board shall review the facts and circumstances of any conviction pursuant to subdivision (a) and take appropriate disciplinary action if the licensee has committed unprofessional conduct. Violations of this section may also be subject to civil penalties of up to five thousand dollars ($5,000) for each offense, which may be enforced by the Insurance Commissioner, Attorney General, or a district attorney. A violation of subdivision (c), (d), (e), or (f) is a public offense and is punishable upon conviction by a fine not exceeding fifteen thousand dollars ($15,000) for each violation and appropriate disciplinary action, including revocation of professional licensure, by the Medical Board of California or other appropriate governmental agency.

SEC. 20. Section 139.31 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

139.31. The prohibition of Section 139.3 shall not apply to or restrict any of the following:

(a) A physician may refer a patient for a good or service otherwise prohibited by subdivision (a) of Section 139.3 if the physician's regular practice is where there is no alternative provider of the service within either 25 miles or 40 minutes traveling time, via the shortest route on a paved road. A physician who refers to, or seeks consultation from, an organization in which the physician has a financial interest under this subdivision shall disclose this interest to the patient or the patient's parents or legal guardian in writing at the time of referral.

(b) A physician who has one or more of the following

arrangements with another physician, a person, or an entity, is not prohibited from referring a patient to the physician, person, or entity because of the arrangement:

(1) A loan between a physician and the recipient of the referral, if the loan has commercially reasonable terms, bears interest at the prime rate or a higher rate that does not constitute usury, is adequately secured, and the loan terms are not affected by either party's referral of any person or the volume of services provided by either party.

(2) A lease of space or equipment between a physician and the recipient of the referral, if the lease is written, has commercially reasonable terms, has a fixed periodic rent payment, has a term of one year or more, and the lease payments are not affected by either party's referral of any person or the volume of services provided by either party.

(3) A physician's ownership of corporate investment securities, including shares, bonds, or other debt instruments that were purchased on terms that are available to the general public through a licensed securities exchange or NASDAQ, do not base profit distributions or other transfers of value on the physician's referral of persons to the corporation, do not have a separate class or accounting for any persons or for any physicians who may refer persons to the corporation, and are in a corporation that had, at the end of the corporation's most recent fiscal year, total gross assets exceeding one hundred million dollars ($100,000,000).

(c) (1) A physician may refer a person to a health facility as defined in Section 1250 of the Health and Safety Code, or to any facility owned or leased by a health facility, if the recipient of the referral does not compensate the physician for the patient referral, and any equipment lease arrangement between the physician and the referral recipient complies with the requirements of paragraph (2) of subdivision (b).

(2) Nothing shall preclude this subdivision from applying to a physician solely because the physician has an ownership or leasehold interest in an entire health facility or an entity that owns or leases an entire health facility.

(3) A physician may refer a person to a health facility for any service classified as an emergency under subdivision (a) or (b) of Section 1317.1 of the Health and Safety Code. For nonemergency outpatient diagnostic imaging services performed with equipment for which, when new, has a commercial retail price of four hundred thousand dollars ($400,000) or more, the referring physician shall obtain a service preauthorization from the insurer, or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(d) A physician compensated or employed by a university may refer a person to any facility owned or operated by the university, or for a physician service, to another physician employed by the university, provided that the facility or university does not

compensate the referring physician for the patient referral. For nonemergency diagnostic imaging services performed with equipment that, when new, has a commercial retail price of four hundred thousand dollars ($400,000) or more, the referring physician shall obtain a service preauthorization from the insurer or self-insured employer. An oral authorization shall be memorialized in writing within five business days. In the case of a facility which is totally or partially owned by an entity other than the university, but which is staffed by university physicians, such physicians may not refer patients to the facility if the facility compensates the referring physician for such referrals.

(e) The prohibition of Section 139.3 shall not apply to any service for a specific patient that is performed within, or goods that are supplied by, a physician's office, or the office of a group practice. Further, the provisions of Section 139.3 shall not alter, limit, or expand a physician's ability to deliver, or to direct or supervise the delivery of, in-office goods or services according to the laws, rules, and regulations governing his or her scope of practice. With respect to diagnostic imaging services performed with equipment that, when new, had a commercial retail price of four hundred thousand dollars ($400,000) or more, or for physical therapy services, or for psychometric testing which exceeds the routine screening battery protocols, with a time limit of two to five hours, established by the Industrial Medical Council, the referring physician obtains a service preauthorization from the insurer or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(f) The prohibition of Section 139.3 shall not apply where the physician is in a group practice as defined in Section 139.3 and refers a person for services specified in Section 139.3 to a multispecialty clinic, as defined in subdivision (*l*) of Section 1206 of the Health and Safety Code. For diagnostic imaging services performed with equipment that, when new, had a commercial retail price of four hundred thousand dollars ($400,000) or more, or physical therapy services, or psychometric testing which exceeds the routine screening battery protocols, with a time limit of two to five hours, established by the Industrial Medical Council, performed at the multispecialty facility, the referring physician shall obtain a service preauthorization from the insurer or self-insured employer. Any oral authorization shall be memorialized in writing within five business days.

(g) The requirement for preauthorization in sections (c), (e), and (f) shall not apply to a patient for which the physician or group accepts payment on a capitated risk basis.

(h) The prohibition of Section 139.3 shall not apply to any facility when used to provide health care services to an enrollee of a health care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

SEC. 21. Section 139.5 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

139.5. (a) The administrative director shall establish a vocational rehabilitation unit, which shall include appropriate professional staff, and which shall have the following duties:

(1) To foster, review, and approve vocational rehabilitation plans developed by a qualified rehabilitation representative of the employer, insurer, state agency, or employee. Plans agreed to by the employer and employee do not require approval by the vocational rehabilitation unit unless the employee is unrepresented.

(2) To develop rules and regulations, to be promulgated by the administrative director, providing for a procedure in which an employee may waive the services of a qualified rehabilitation representative where the employee has been enrolled and made substantial progress toward completion of a degree or certificate from a community college, California State University, or the University of California and desires a plan to complete the degree or certificate. These rules and regulations shall provide that any such waiver as well as any plan developed without the assistance of a qualified rehabilitation representative must be approved by the rehabilitation unit.

(3) To develop rules and regulations, to be promulgated by the administrative director, which would expedite and facilitate the identification, notification and referral of industrially injured employees to vocational rehabilitation services.

(4) To coordinate and enforce the implementation of vocational rehabilitation plans.

(5) To develop a fee schedule, to be promulgated by the administrative director, governing reasonable fees for vocational rehabilitation services provided on and after January 1, 1991. The initial fee schedule promulgated under this paragraph shall be designed to reduce the cost of vocational rehabilitation services by 10 percent from the level of fees paid during 1989. On or before July 1, 1994, the administrative director shall establish the maximum aggregate permissible fees that may be charged for counseling. Those fees shall not exceed four thousand five hundred dollars ($4,500) and shall be included within the sixteen thousand dollar ($16,000) cap. The fee schedule shall establish maximum aggregate permissible fees for evaluation, plan development, and job placement services.

(6) To develop standards, to be promulgated by the administrative director, for governing the timeliness and the quality of vocational rehabilitation services.

(b) The salaries of the personnel of the vocational rehabilitation unit shall be fixed by the Department of Personnel Administration.

(c) When an employee is determined to be medically eligible and chooses to participate in a vocational rehabilitation program, he or she shall continue to receive temporary disability indemnity payments only until his or her medical condition becomes

permanent and stationary and, thereafter, may receive a maintenance allowance. Rehabilitation maintenance allowance payments shall begin after the employee's medical condition becomes permanent and stationary, upon a request for vocational rehabilitation services. Thereafter, the maintenance allowance shall be paid for a period not to exceed 52 weeks in the aggregate, except where the overall cap on vocational rehabilitation services can be exceeded under this section or Section 4642 or subdivision (d) or (e) of Section 4644.

The employee also shall receive additional living expenses necessitated by the vocational rehabilitation services, together with all reasonable and necessary vocational training, at the expense of the employer, but in no event shall the expenses, counseling fees, training, maintenance allowance, and costs associated with, or arising out of, vocational rehabilitation services incurred after the employee's request for vocational rehabilitation services, except temporary disability payments, exceed sixteen thousand dollars ($16,000). The administrative director shall adopt regulations to ensure that the continued receipt of vocational rehabilitation maintenance allowance benefits is dependent upon the injured worker's regular and consistent attendance at, and participation in, his or her vocational rehabilitation program.

(d) The amount of the maintenance allowance due under subdivision (c) shall be two-thirds of the employee's average weekly earnings at the date of injury payable as follows:

(1) The amount the employee would have received as continuing temporary disability indemnity, but not more than two hundred forty-six dollars ($246) a week for injuries occurring on or after January 1, 1990.

(2) At the employee's option, an additional amount from permanent disability indemnity due or payable, sufficient to provide the employee with a maintenance allowance equal to two-thirds of the employee's average weekly earnings at the date of injury subject to the limits specified in subdivision (a) of Section 4453 and the requirements of Section 4661.5. In no event shall temporary disability indemnity and maintenance allowance be payable concurrently.

If the employer disputes the treating physician's determination of medical eligibility, the employee shall continue to receive that portion of the maintenance allowance payable under paragraph (1) pending final determination of the dispute. If the employee disputes the treating physician's determination of medical eligibility and prevails, the employee shall be entitled to that portion of the maintenance allowance payable under paragraph (1) retroactive to the date of the employee's request for vocational rehabilitation services. These payments shall not be counted against the maximum expenditures for vocational rehabilitation services provided by this section.

(e) No provision of this section nor of any rule, regulation, or vocational rehabilitation plan developed or promulgated under this

section nor any benefit provided pursuant to this section shall apply to an injured employee whose injury occurred prior to January 1, 1975. Nothing in this section shall affect any plan, benefit, or program authorized by this section as added by Chapter 1513 of the Statutes of 1965 or as amended by Chapter 83 of the Statutes of 1972.

(f) The time within which an employee may request vocational rehabilitation services is set forth in Sections 5405.5, 5410, and 5803.

(g) An offer of a job within state service to a state employee in State bargaining unit 1, 4, 15, 18, or 20 at the same or similar salary and the same or similar geographic location is a prima facie offer of vocational rehabilitation under this statute.

(h) It shall be unlawful for a qualified rehabilitation representative or rehabilitation counselor to refer any employee to any work evaluation facility or to any education or training program if the qualified rehabilitation representative or rehabilitation counselor, or a spouse, employer, coemployee, or any party with whom he or she has entered into contract, express or implied, has any proprietary interest in or contractual relationship with the work evaluation facility or education or training program. It shall also be unlawful for any insurer to refer any injured worker to any rehabilitation provider or facility if the insurer has a proprietary interest in the rehabilitation provider or facility or for any insurer to charge against any claim for the expenses of employees of the insurer to provide vocational rehabilitation services unless those expenses are disclosed to the insured and agreed to in advance.

(i) Any charges by an insurer for the activities of an employee who supervises outside vocational rehabilitation services shall not exceed the vocational rehabilitation fee schedule, and shall not be counted against the overall cap for vocational rehabilitation or the limit on counselor's fees provided for in this section. These charges shall be attributed as expenses by the insurer and not losses for purposes of insurance rating pursuant to Article 2 (commencing with Section 11730) of Chapter 3 of Division 2 of the Insurance Code.

(j) Any costs of an employer of supervising vocational rehabilitation services shall not be counted against the overall cap for vocational rehabilitation or the limit on counselor's fees provided for in this section.

SEC. 22. Section 3208.3 of the Labor Code, as amended by Chapter 118 of the Statutes of 1993, is amended to read:

3208.3. (a) A psychiatric injury shall be compensable if it is a mental disorder which causes disability or need for medical treatment, and it is diagnosed pursuant to procedures promulgated under paragraph (4) of subdivision (j) of Section 139.2 or, until these procedures are promulgated, it is diagnosed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(b) (1) In order to establish that a psychiatric injury is compensable, an employee shall demonstrate by a preponderance of the evidence that actual events of employment were predominant as to all causes combined of the psychiatric injury.

(2) Notwithstanding paragraph (1), in the case of employees whose injuries resulted from being a victim of a violent act or from direct exposure to a significant violent act, the employee shall be required to demonstrate by a preponderance of the evidence that actual events of employment were a substantial cause of the injury.

(3) For the purposes of this section, "substantial cause" means at least 35 to 40 percent of the causation from all sources combined.

(c) It is the intent of the Legislature in enacting this section to establish a new and higher threshold of compensability for psychiatric injury under this division.

(d) Notwithstanding any other provision of this division, no compensation shall be paid pursuant to this division for a psychiatric injury related to a claim against an employer unless the employee has been employed by that employer for at least six months. The six months of employment need not be continuous. This subdivision shall not apply if the psychiatric injury is caused by a sudden and extraordinary employment condition. Nothing in this subdivision shall be construed to authorize an employee, or his or her dependents, to bring an action at law or equity for damages against the employer for a psychiatric injury, where those rights would not exist pursuant to the exclusive remedy doctrine set forth in Section 3602 in the absence of the amendment of this section by the act adding this subdivision.

(e) Where the claim for compensation is filed after notice of termination of employment or layoff, including voluntary layoff, and the claim is for an injury occurring prior to the time of notice of termination or layoff, no compensation shall be paid unless the employee demonstrates by a preponderance of the evidence that actual events of employment were predominant as to all causes combined of the psychiatric injury and one or more of the following conditions exist:

(1) Sudden and extraordinary events of employment were the cause of the injury.

(2) The employer has notice of the psychiatric injury under Chapter 2 (commencing with Section 5400) prior to the notice of termination or layoff.

(3) The employee's medical records existing prior to notice of termination or layoff contain evidence of treatment of the psychiatric injury.

(4) Upon a finding of sexual or racial harassment by any trier of fact, whether contractual, administrative, regulatory, or judicial.

(5) Evidence that the date of injury, as specified in Section 5411 or 5412, is subsequent to the date of the notice of termination or layoff, but prior to the effective date of the termination or layoff.

(f) For purposes of this section, an employee provided notice

pursuant to Sections 44948.5, 44949, 44951, 44955, 44955.6, 72411, 87740, and 87743 of the Education Code shall be considered to have been provided a notice of termination or layoff only upon a district's final decision not to reemploy that person.

(g) A notice of termination or layoff that is not followed within 60 days by that termination or layoff shall not be subject to the provisions of this subdivision, and this subdivision shall not apply until receipt of a later notice of termination or layoff. The issuance of frequent notices of termination or layoff to an employee shall be considered a bad faith personnel action and shall make this subdivision inapplicable to the employee.

(h) No compensation under this division shall be paid by an employer for a psychiatric injury if the injury was substantially caused by a lawful, nondiscriminatory, good faith personnel action. The burden of proof shall rest with the party asserting the issue.

(i) When a psychiatric injury claim is filed against an employer, and an application for adjudication of claim is filed by an employer or employee, the division shall provide the employer with information concerning psychiatric injury prevention programs.

SEC. 23. Section 3217 of the Labor Code, as amended by Chapter 120 of the Statutes of 1993, is amended to read:

3217. (a) Section 3215 shall not be construed to prevent the recommendation of professional employment where that recommendation is not prohibited by the Rules of Professional Conduct of the State Bar.

(b) Section 3215 shall not be construed to prohibit a public defender or assigned counsel from making known his or her availability as a criminal defense attorney to persons unable to afford legal counsel, whether or not those persons are in custody.

(c) Any person who commits an act that violates both Section 3215 and either Section 650 of the Business and Professions Code or Section 750 of the Insurance Code shall, upon conviction, have judgment and sentence imposed for only one violation for any act.

(d) Section 3215 shall not be construed to prohibit the payment or receipt of consideration or services that is lawful pursuant to Section 650 of the Business and Professions Code.

(e) Notwithstanding Sections 3215 and 3219, and Section 750 of the Insurance Code, nothing shall prevent an attorney at law or a law firm from providing any person or entity with legal advice, information, or legal services, including the providing of printed, copied, or written documents, either without charge or for an otherwise lawfully agreed upon attorney fee.

SEC. 24. Section 3600 of the Labor Code, as amended by Chapter 118 of the Statutes of 1993, is amended to read:

3600. (a) Liability for the compensation provided by this division, in lieu of any other liability whatsoever to any person except as otherwise specifically provided in Sections 3602, 3706, and 4558, shall, without regard to negligence, exist against an employer for any injury sustained by his or her employees arising out of and in the

course of the employment and for the death of any employee if the injury proximately causes death, in those cases where the following conditions of compensation concur:

(1) Where, at the time of the injury, both the employer and the employee are subject to the compensation provisions of this division.

(2) Where, at the time of the injury, the employee is performing service growing out of and incidental to his or her employment and is acting within the course of his or her employment.

(3) Where the injury is proximately caused by the employment, either with or without negligence.

(4) Where the injury is not caused by the intoxication, by alcohol or the unlawful use of a controlled substance, of the injured employee. As used in this paragraph, "controlled substance" shall have the same meaning as prescribed in Section 11007 of the Health and Safety Code.

(5) Where the injury is not intentionally self-inflicted.

(6) Where the employee has not willfully and deliberately caused his or her own death.

(7) Where the injury does not arise out of an altercation in which the injured employee is the initial physical aggressor.

(8) Where the injury is not caused by the commission of a felony, or a crime which is punishable as specified in subdivision (b) of Section 17 of the Penal Code, by the injured employee, for which he or she has been convicted.

(9) Where the injury does not arise out of voluntary participation in any off-duty recreational, social, or athletic activity not constituting part of the employee's work-related duties, except where these activities are a reasonable expectancy of, or are expressly or impliedly required by, the employment. The administrative director shall promulgate reasonable rules and regulations requiring employers to post and keep posted in a conspicuous place or places a notice advising employees of the provisions of this subdivision. Failure of the employer to post the notice shall not constitute an expression of intent to waive the provisions of this subdivision.

(10) Except for psychiatric injuries governed by subdivision (e) of Section 3208.3, where the claim for compensation is filed after notice of termination or layoff, including voluntary layoff, and the claim is for an injury occurring prior to the time of notice of termination or layoff, no compensation shall be paid unless the employee demonstrates by a preponderance of the evidence that one or more of the following conditions apply:

(A) The employer has notice of the injury, as provided under Chapter 2 (commencing with Section 5400), prior to the notice of termination or layoff.

(B) The employee's medical records, existing prior to the notice of termination or layoff, contain evidence of the injury.

(C) The date of injury, as specified in Section 5411, is subsequent to the date of the notice of termination or layoff, but prior to the

effective date of the termination or layoff.

(D) The date of injury, as specified in Section 5412, is subsequent to the date of the notice of termination or layoff.

For purposes of this paragraph, an employee provided notice pursuant to Sections 44948.5, 44949, 44951, 44955, 44955.6, 72411, 87740, and 87743 of the Education Code shall be considered to have been provided a notice of termination or layoff only upon a district's final decision not to reemploy that person.

A notice of termination or layoff that is not followed within 60 days by that termination or layoff shall not be subject to the provisions of this paragraph, and this paragraph shall not apply until receipt of a later notice of termination or layoff. The issuance of frequent notices of termination or layoff to an employee shall be considered a bad faith personnel action and shall make this paragraph inapplicable to the employee.

(b) Where an employee, or his or her dependents, receives the compensation provided by this division and secures a judgment for, or settlement of, civil damages pursuant to those specific exemptions to the employee's exclusive remedy set forth in subdivision (b) of Section 3602 and Section 4558, the compensation paid under this division shall be credited against the judgment or settlement, and the employer shall be relieved from the obligation to pay further compensation to, or on behalf of, the employee or his or her dependents up to the net amount of the judgment or settlement received by the employee or his or her heirs, or that portion of the judgment as has been satisfied.

SEC. 24.5. Section 3701 of the Labor Code, as amended by Assembly Bill 424 of the 1993 portion of the 1993–94 Regular Session, is amended to read:

3701. (a) Each year every private self-insuring employer shall secure incurred liabilities for the payment of compensation and the performance of the obligations of employers imposed under this chapter by renewing the prior year's security deposit or by making a new deposit of security. If a new deposit is made, it shall be posted within 60 days of the filing of the self-insured employer's annual report with the director, but in no event later than May 1.

(b) The minimum deposit shall be 125 percent of the private self-insurer's estimated future liability for compensation to secure payment of compensation plus 10 percent of the private self-insurer's estimated future liability for compensation to secure payment of all administrative and legal costs relating to or arising from the employer's self-insuring. In no event shall the security deposit for the incurred liabilities for compensation be less than two hundred twenty thousand dollars ($220,000).

(c) In determining the amount of the deposit required to secure incurred liabilities for the payment of compensation and the performance of obligations of a self-insured employer imposed under this chapter, the director shall offset estimated future liabilities for the same claims covered by a self-insured plan under the Longshore

and Harbor Workers' Compensation Act (33 U.S.C. Sec. 901 et seq.), but in no event shall the offset exceed the estimated future liabilities for the claims under this chapter.

(d) The director may only accept as security, and the employer shall deposit as security, cash, securities, surety bonds, or irrevocable letters of credit in any combination the director, in his or her discretion, deems adequate security. The current deposit shall include within its coverage all amounts covered by terminated surety bonds or excess insurance policies.

(e) Surety bonds, irrevocable letters of credit, and documents showing issuance of any irrevocable letter of credit shall be deposited with, and be in a form approved by, the director, shall be exonerated only according to its terms and, in no event, by the posting of additional security.

(f) The director may accept as security a joint security deposit that secures an employer's obligation under this chapter and that also secures that employer's obligations under the federal Longshore and Harbor Workers' Compensation Act.

(g) The liability of the Self-Insurers' Security Fund, with respect to any claims brought under both this chapter and under the federal Longshore and Harbor Workers' Compensation Act, to pay for shortfalls in a security deposit shall be limited to the amount of claim liability owing the employee under this chapter offset by the amount of any claim liability owing under the Longshore and Harbor Workers' Compensation Act, but in no event shall the liability of the fund exceed the claim liability under this chapter. The employee shall be entitled to pursue recovery under either or both the state and federal programs.

(h) Securities shall be deposited on behalf of the director by the self-insured employer with the Treasurer. Securities shall be accepted by the Treasurer for deposit and shall be withdrawn only upon written order of the director.

(i) Cash shall be deposited in a financial institution approved by the director, and in the account assigned to the director. Cash shall be withdrawn only upon written order of the director.

(j) Upon the sending by the director of a request to renew, request to post, or request to increase or decrease a security deposit, a perfected security interest is created in the private self-insured's assets in favor of the director to the extent of any then unsecured portion of the self-insured's incurred liabilities. That perfected security interest is transferred to any cash or securities thereafter posted by the private self-insured with the director and is released only upon either of the following:

(1) The acceptance by the director of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation.

(2) The return of cash or securities by the director.

The private self-insured employer loses all right, title, and interest in, and any right to control, all assets or obligations posted or left on

deposit as security. The director may liquidate the deposit as provided in Section 3701.5 and apply it to the self-insured employer's incurred liabilities either directly or through the Self-Insurers' Security Fund.

SEC. 25. Section 3762 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

3762. The insurer shall discuss all elements of the claim file that affect the employer's premium with the employer, and shall supply copies of the documents that affect the premium at the employer's expense during reasonable business hours. The right provided by this section shall not extend to any document that the insurer is prohibited from disclosing to the employer under the attorney-client privilege, any other applicable privilege, or statutory prohibition upon disclosure, or under Section 1877.4 of the Insurance Code.

SEC. 26. Section 3820 of the Labor Code, as added by Chapter 120 of the Statutes of 1993, is amended to read:

3820. (a) In enacting this section, the Legislature declares that there exists a compelling interest in eliminating fraud in the workers' compensation system. The Legislature recognizes that the conduct prohibited by this section is, for the most part, already subject to criminal penalties pursuant to other provisions of law. However, the Legislature finds and declares that the addition of civil money penalties will provide necessary enforcement flexibility. The Legislature, in exercising its plenary authority related to workers' compensation, declares that these sections are both necessary and carefully tailored to combat the fraud and abuse that is rampant in the workers' compensation system.

(b) It is unlawful to do any of the following:

(1) Willfully misrepresent any fact in order to obtain workers' compensation insurance at less than the proper rate.

(2) Present or cause to be presented any knowingly false or fraudulent written or oral material statement in support of, or in opposition to, any claim for compensation for the purpose of obtaining or denying any compensation, as defined in Section 3207.

(3) Knowingly solicit, receive, offer, pay, or accept any rebate, refund, commission, preference, patronage, dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for soliciting or referring clients or patients to obtain services or benefits pursuant to Division 4 (commencing with Section 3200) unless the payment or receipt of consideration for services other than the referral of clients or patients is lawful pursuant to Section 650 of the Business and Professions Code or expressly permitted by the Rules of Professional Conduct of the State Bar.

(4) Knowingly operate or participate in a service that, for profit, refers or recommends clients or patients to obtain medical or medical-legal services or benefits pursuant to Division 4 (commencing with Section 3200).

(5) Knowingly assist, abet, solicit, or conspire with any person who

engages in an unlawful act under this section.

(c) For the purposes of this section, "statement" includes, but is not limited to, any notice, proof of injury, bill for services, payment for services, hospital or doctor records, X-ray, test results, medical-legal expenses as defined in Section 4620, or other evidence of loss, expense, or payment.

(d) Any person who violates any provision of this section shall be subject, in addition to any other penalties that may be prescribed by law, to a civil penalty of not less than two thousand dollars ($2,000) nor more than five thousand dollars ($5,000), plus an assessment of not more than three times the amount of the medical treatment expenses paid pursuant to Article 2 (commencing with Section 4600) and medical-legal expenses paid pursuant to Article 2.5 (commencing with Section 4620) for each claim for compensation submitted in violation of this section.

(e) Any person who violates subdivision (b) and who has a prior felony conviction of an offense set forth in Section 1871.1 or 1871.4 of the Insurance Code, or in Section 549 of the Penal Code, shall be subject, in addition to the penalties set forth in subdivision (d), to a civil penalty of two thousand dollars ($2,000) for each item or service with respect to which a violation of subdivision (b) occurred.

(f) The penalties provided for in subdivisions (d) and (e) shall be assessed and recovered in a civil action brought in the name of the people of the State of California by any district attorney.

(g) In assessing the amount of the civil penalty the court shall consider any one or more of the relevant circumstances presented by any of the parties to the case, including, but not limited to, the following: the nature and seriousness of the misconduct, the number of violations, the persistence of the misconduct, the length of time over which the misconduct occurred, the willfulness of the defendant's misconduct, and the defendant's assets, liabilities, and net worth.

(h) All penalties collected pursuant to this section shall be paid to the Workers' Compensation Fraud Account in the Insurance Fund pursuant to Section 1872.83 of the Insurance Code. All costs incurred by district attorneys in carrying out this article shall be funded from the Workers' Compensation Fraud Account. It is the intent of the Legislature that the program instituted by this article be supported entirely from funds produced by moneys deposited into the Workers' Compensation Fraud Account from the imposition of civil money penalties for workers' compensation fraud collected pursuant to this section. All moneys claimed by district attorneys as costs of carrying out this article shall be paid pursuant to a determination by the Fraud Assessment Commission established by Section 1872.83 of the Insurance Code and on appropriation by the Legislature.

SEC. 27. Section 4060 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

4060. (a) This section shall apply to disputes over the compensability of any injury. This section shall not apply where

injury to any part or parts of the body is accepted as compensable by the employer.

(b) Neither the employer nor the employee shall be liable for any comprehensive medical-legal evaluation performed by other than the treating physician either in whole or in part on behalf of the employee prior to the filing of a claim form and prior to the time the claim is denied or becomes presumptively compensable under Section 5402. However, reports of treating physicians shall be admissible.

(c) If a medical evaluation is required to determine compensability at any time after the period specified in subdivision (b), and the employee is represented by an attorney, each party may select a qualified medical evaluator to conduct a comprehensive medical-legal evaluation. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense. The parties may, at any time, agree on one medical evaluator to evaluate the issues in dispute.

(d) If a medical evaluation is required to determine compensability at any time after the period specified in subdivision (b), and the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare a comprehensive medical-legal evaluation. The employee may select a qualified medical evaluator to prepare a comprehensive medical-legal evaluation. The division shall assist unrepresented employees, and shall make available to them the list of medical evaluators compiled under Section 139.2. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense. If an employee has received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation at the employer's expense.

(e) Evaluations performed under this section shall not be limited to the issue of the compensability of the injury, but shall address all medical issues in dispute.

SEC. 28. Section 4061 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

4061. (a) Together with the last payment of temporary disability indemnity, the employer shall, in a form prescribed by the administrative director pursuant to Section 138.4, provide the employee one of the following:

(1) Notice either that no permanent disability indemnity will be paid because the employer alleges the employee has no permanent impairment or limitations resulting from the injury or notice of the amount of permanent disability indemnity determined by the employer to be payable. The notice shall include information concerning how the employee may obtain a formal medical evaluation pursuant to subdivision (c) if he or she disagrees with the

position taken by the employer. If the employer determines permanent disability indemnity is payable, the employer shall advise the employee of the amount determined payable and the basis on which the determination was made and whether there is need for continuing medical care.

(2) Notice that permanent disability indemnity may be or is payable, but that the amount cannot be determined because the employee's medical condition is not yet permanent and stationary. The notice shall advise the employee that his or her medical condition will be monitored until it is permanent and stationary, at which time the necessary evaluation will be performed to determine the existence and extent of permanent impairment and limitations for the purpose of rating permanent disability and to determine the need for continuing medical care, or at which time the employer will advise the employee of the amount of permanent disability indemnity the employer has determined to be payable. If an employee is provided notice pursuant to this paragraph and the employer later takes the position that the employee has no permanent impairment or limitations resulting from the injury, or later determines permanent disability indemnity is payable, the employer shall in either event, within 14 days of the determination to take either position, provide the employee with the notice specified in paragraph (1).

(b) Each notice required by subdivision (a) shall describe the administrative procedures available to the injured employee and advise the employee of his or her right to consult an information and assistance officer or an attorney. It shall contain the following language:

"Should you decide to be represented by an attorney, you may or may not receive a larger award, but, unless you are determined to be ineligible for an award, the attorney's fee will be deducted from any award you might receive for disability benefits. The decision to be represented by an attorney is yours to make, but it is voluntary and may not be necessary for you to receive your benefits."

(c) If the parties do not agree to a permanent disability rating based on the treating physician's evaluation or the assessment of need for continuing medical care, and the employee is represented by an attorney, the employer shall seek agreement with the employee on a physician to prepare a comprehensive medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed to by the parties, the parties may not later select an agreed medical evaluator. Evaluations of an employee's permanent impairment and limitations obtained prior to the period to reach agreement shall not be admissible in any proceeding before the appeals board. After the period to reach agreement has expired, either party may select a qualified medical evaluator to conduct the comprehensive medical evaluation. Neither party may obtain more

than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense.

(d) If the parties do not agree to a permanent disability rating based on the treating physician's evaluation, and if the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare an additional medical evaluation. The employer shall immediately provide the employee with a form prescribed by the medical director with which to request assignment of a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare a medical evaluation of the employee's permanent impairment and limitations and any need for continuing medical care resulting from the injury.

The report of the qualified medical evaluator and the reports of the treating physician or physicians shall be the only admissible reports and shall be the only reports obtained by the employee or the employer on the issues subject to this section. If the employee has received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation. In no event shall the employer be entitled to obtain another report in these cases.

(e) The represented employee shall be responsible for making an appointment with an agreed medical evaluator.

(f) The unrepresented employee shall be responsible for making an appointment with a qualified medical evaluator selected from a panel of three qualified medical evaluators. The evaluator shall give the employee, at the appointment, a brief opportunity to ask questions concerning the evaluation process and the evaluator's background. The unrepresented employee shall then participate in the evaluation as requested by the evaluator unless the employee has good cause to discontinue the evaluation. For purposes of this subdivision, "good cause" shall include evidence that the evaluator is biased against the employee because of his or her race, sex, national origin, religion, or sexual preference or evidence that the evaluator has requested the employee to submit to an unnecessary medical examination or procedure. If the unrepresented employee declines to proceed with the evaluation, he or she shall have the right to a new panel of three qualified medical evaluators from which to select one to prepare a comprehensive medical evaluation. If the appeals board subsequently determines that the employee did not have good cause to not proceed with the evaluation, the cost of the evaluation shall be deducted from any award the employee obtains.

(g) Upon selection or assignment pursuant to subdivision (c) or (d), the medical evaluator shall perform a comprehensive medical evaluation according to the procedures promulgated by the Industrial Medical Council under paragraphs (2) and (3) of subdivision (j) of Section 139.2 and summarize the medical findings on a form prescribed by the Industrial Medical Council. The comprehensive medical evaluation shall address all contested

medical issues arising from all injuries reported on one or more claim forms prior to the date of the employee's initial appointment with the medical evaluator. If, after a comprehensive medical evaluation is prepared, the employer or the employee subsequently objects to any new medical issue, the parties, to the extent possible, shall utilize the same medical evaluator who prepared the previous evaluation to resolve the medical dispute.

(h) Except as provided in Section 139.3, the medical evaluator may obtain consultations from other physicians who have treated the employee for the injury whose expertise is necessary to provide a complete and accurate evaluation.

(i) The qualified medical evaluator who has evaluated an unrepresented employee shall serve the comprehensive medical evaluation and the summary form on the employee, employer, and the administrative director. The unrepresented employee or the employer may submit the treating physician's evaluation for the calculation of a permanent disability rating. Within 20 days of receipt of the comprehensive medical evaluation, the administrative director shall calculate the permanent disability rating according to Section 4660 and serve the rating on the employee and employer.

(j) Any comprehensive medical evaluation concerning an unrepresented employee which indicates that part or all of an employee's permanent impairment or limitations may be subject to apportionment pursuant to Sections 4663 or 4750 shall first be submitted by the administrative director to a workers' compensation judge who may refer the report back to the qualified medical evaluator for correction or clarification if the judge determines the proposed apportionment is inconsistent with the law.

(k) Within 30 days of receipt of the rating, if the employee is unrepresented, the employee or employer may request that the administrative director reconsider the recommended rating or obtain additional information from the treating physician or medical evaluator to address issues not addressed or not completely addressed in the original comprehensive medical evaluation or not prepared in accord with the procedures of the Industrial Medical Council promulgated under paragraph (2) or (3) of subdivision (j) of Section 139.2. This request shall be in writing, shall specify the reasons the rating should be reconsidered, and shall be served on the other party. If the administrative director finds the comprehensive medical evaluation is not complete or not in compliance with the required procedures, the administrative director shall return the report to the treating physician or qualified medical evaluator for appropriate action as the administrative director instructs. Upon receipt of the treating physician's or qualified medical evaluator's final comprehensive medical evaluation and summary form, the administrative director shall recalculate the permanent disability rating according to Section 4660 and serve the rating, the comprehensive medical evaluation, and the summary form on the employee and employer.

(*l*) If a comprehensive medical evaluation from the treating physician or an agreed medical evaluator or a qualified medical evaluator selected from a three-member panel resolves any issue so as to require an employer to provide compensation, the employer shall commence the payment of compensation or promptly commence proceedings before the appeals board to resolve the dispute. If the employee and employer agree to a stipulated findings and award as provided under Section 5702 or to compromise and release the claim under Chapter 2 (commencing with Section 5000) of Part 3, or if the employee wishes to commute the award under Chapter 3 (commencing with Section 5100) of Part 3, the appeals board shall first determine whether the agreement or commutation is in the best interests of the employee and whether the proper procedures have been followed in determining the permanent disability rating. The administrative director shall promulgate a form to notify the employee, at the time of service of any rating under this section, of the options specified in this subdivision, the potential advantages and disadvantages of each option, and the procedure for disputing the rating.

(m) No issue relating to the existence or extent of permanent impairment and limitations or the need for continuing medical care resulting from the injury may be the subject of a declaration of readiness to proceed unless there has first been a medical evaluation by a treating physician or an agreed or qualified medical evaluator. With the exception of an evaluation or evaluations prepared by the treating physician or physicians, no evaluation of permanent impairment and limitations or need for continuing medical care resulting from the injury shall be obtained prior to service of the comprehensive medical evaluation on the employee and employer if the employee is unrepresented, or prior to the attempt to select an agreed medical evaluator if the employee is represented. Evaluations obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury and comprehensive medical evaluations prepared by a qualified medical evaluator selected by an unrepresented employee from a three-member panel shall be admissible.

SEC. 29. Section 4062 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

4062. (a) If either the employee or employer objects to a medical determination made by the treating physician concerning the permanent and stationary status of the employee's medical condition, the employee's preclusion or likely preclusion to engage in his or her usual occupation, the extent and scope of medical treatment, the existence of new and further disability, or any other medical issues not covered by Section 4060 or 4061, the objecting party shall notify the other party in writing of the objection within 20 days of receipt of the report if the employee is represented by an

attorney or within 30 days of receipt of the report if the employee is not represented by an attorney. These time limits may be extended for good cause or by mutual agreement. If the employee is represented by an attorney, the parties shall seek agreement with the other party on a physician, who need not be a qualified medical evaluator, to prepare a report resolving the disputed issue. If no agreement is reached within 10 days, or any additional time not to exceed 20 days agreed upon by the parties, the parties may not later select an agreed medical evaluator. Evaluations obtained prior to the period to reach agreement shall not be admissible in any proceeding before the appeals board. After the period to reach agreement has expired, the objecting party may select a qualified medical evaluator to conduct the comprehensive medical evaluation. Neither party may obtain more than one comprehensive medical-legal report, provided, however, that any party may obtain additional reports at their own expense. The nonobjecting party may continue to rely on the treating physician's report or may select a qualified medical evaluator to conduct an additional evaluation.

(b) If the employee is not represented by an attorney, the employer shall not seek agreement with the employee on a physician to prepare the comprehensive medical evaluation. The employer shall immediately provide the employee with a form prescribed by the medical director with which to request assignment of a panel of three qualified medical evaluators. The employee shall select a physician from the panel to prepare a comprehensive medical evaluation. The evaluation of the qualified medical evaluator selected from a panel of three and the reports of the treating physician or physicians shall be the only admissible reports and shall be the only reports obtained by the employee or employer on issues subject to this section in a case involving an unrepresented employee. If the employee has received a comprehensive medical-legal evaluation under this subdivision, and he or she later becomes represented by an attorney, he or she shall not be entitled to an additional evaluation.

(c) Upon completing a determination of the disputed medical issue, the physician selected under subdivision (a) or (b) to perform the medical evaluation shall summarize the medical findings on a form prescribed by the Industrial Medical Council and shall serve the formal medical evaluation and the summary form on the employee, employer, and administrative director. The medical evaluation shall address all contested medical issues arising from all injuries reported on one or more claim forms prior to the date of the employee's initial appointment with the medical evaluator. If, after a medical evaluation is prepared, the employer or the employee subsequently objects to any new medical issue, the parties, to the extent possible, shall utilize the same medical evaluator who prepared the previous evaluation to resolve the medical dispute.

(d) No disputed medical issue specified in subdivision (a) may be the subject of a declaration of readiness to proceed unless there has

first been an evaluation by the treating physician or an agreed or qualified medical evaluator.

(e) With the exception of a report or reports prepared by the treating physician or physicians, no report determining disputed medical issues set forth in subdivision (a) shall be obtained prior to the expiration of the period to reach agreement on the selection of an agreed medical evaluator under subdivision (a). Reports obtained in violation of this prohibition shall not be admissible in any proceeding before the appeals board. However, the testimony, records, and reports offered by the treating physician or physicians who treated the employee for the injury shall be admissible.

SEC. 30. Section 4064 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

4064. (a) The employer shall be liable for the cost of each reasonable and necessary comprehensive medical-legal evaluation obtained by the employee pursuant to Sections 4060, 4061, and 4062. Each comprehensive medical-legal evaluation shall address all contested medical issues arising from all injuries reported on one or more claim forms. An unrepresented employee who has already obtained a medical evaluation under Sections 4060, 4061, or 4062 shall not obtain any additional comprehensive medical evaluations at the employer's expense for the same disputed medical issue.

(b) Subject to Section 4906, if an employer files an application for adjudication and the employee is unrepresented at the time the application is filed, the employer shall be liable for any attorney's fees incurred by the employee in connection with the application for adjudication.

(c) The employer shall not be liable for the cost of any comprehensive medical evaluations obtained by the employee other than those authorized pursuant to Sections 4060, 4061, and 4062. However, this does not prohibit any party from obtaining any medical evaluation or consultation an the party's own expense. In no event shall an employer or employee be liable for an evaluation obtained in violation of subdivision (b) of Section 4060. All comprehensive medical evaluations obtained by any party shall be admissible in any proceeding before the appeals board except as provided in subdivisions (d) and (m) of Section 4061 and subdivisions (b) and (e) of Section 4062.

SEC. 31. Section 4064 of the Labor Code, as added by Section 2 of Chapter 893 of the Statutes of 1989, is repealed.

SEC. 32. Section 4600.3 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

4600.3. (a) (1) Notwithstanding Section 4600, when a self-insured employer, group of self-insured employers, or the insurer of an employer contracts with at least two health care organizations certified pursuant to Section 4600.5 for health care services required by this article to be provided to injured employees, those employees who are subject to the contract shall receive medical services in the manner prescribed in the contract, providing

The choice shall be memorialized in writing and maintained in the employee's personnel records. (3) The employee shall be allowed to choose from at least two health care organizations, of which at least one must be compensated on a fee-for-service basis. If one or more of the health care organizations offered by the employer is the workers' compensation insurer that covers the employee or is an entity that controls or is controlled by that insurer, as defined by Section 1215 of the Insurance Code, the employee shall be allowed to choose from at least one additional health care organization, that is not the workers' compensation insurer that covers the employee, or entities that control or are controlled by that insurer, of which at least one must be compensated on a fee-for-service basis.

(4) Insurers of employers, a group of self-insured employers, or self-insured employers who contract with a health care organization for medical services shall give notice to employees of eligible medical service providers and such other information regarding the contract and manner of receiving medical services as the administrative director may prescribe. Employees shall be duly notified that if they choose to receive care from the health care organization they must receive treatment for all occupational injuries and illnesses as prescribed by this section.

(b) Notwithstanding subdivision (a), no employer which is required to bargain with an exclusive or certified bargaining agent which represents employees of the employer in accordance with state or federal employer-employee relations law shall contract with a health care organization for purposes of Section 4600.5 with regard

If the collective bargaining agreement is subject to the National Labor Relations Act, the employer may contract with a health care organization for purposes of Section 4600.5 at any time when the employer and bargaining agent have bargained to impasse to the extent required by federal law.

(c) (1) When an employee is not receiving or is not eligible to receive health care coverage for nonoccupational injuries or illnesses provided by the employer, if 90 days from the date the injury is reported the employee who has been receiving treatment from a health care organization or his or her physician, chiropractor, or other agent notifies his or her employer in writing that he or she desires to stop treatment by the health care organization, he or she shall have the right to be treated by a physician or at a facility of his or her own choosing within a reasonable geographic area.

(3) If the employee is receiving or is eligible to receive health care coverage for nonoccupational injuries or illnesses provided by the employer, and his or her physician or chiropractor for nonoccupational illnesses or injuries is participating in at least one of the health care organizations offered to the employee, and he or she has chosen treatment by one of these health care organizations for occupational injuries or illnesses, the employee may be treated by a physician of his or her own choice or at a facility of his or her own choice within a reasonable geographic area if the employee or his or her physician, chiropractor, or other agent notifies his or her employer in writing only after 365 days from the date the injury was reported, or upon the date of contract renewal or open enrollment, whichever occurs first, but in no case until 90 days from the date the injury was reported.

If the employee does not choose to continue treatment by the health care organization, the employer may control the employee's treatment for 30 days from the date the injury was reported. After that period, the employee may be treated by a physician of his or her own choice or at a facility of his or her own choice within a reasonable geographic area.

(j) The administrative director shall refuse to certify or may revoke or suspend the certification of any health care organization under this section if the director finds that:

(1) The plan for providing medical treatment fails to meet the requirements of this section.

(2) A health care service plan licensed by the Department of Corporations, a workers' compensation health care provider organization authorized by the Department of Corporations, or a carrier licensed by the Department of Insurance is not in good standing with its licensing agency.

(3) Services under the plan are not being provided in accordance with the terms of a certified plan.

(k) (1) When an injured employee requests chiropractic treatment for work-related injuries, the health care organization shall provide the injured worker with access to the services of a chiropractor pursuant to guidelines for chiropractic care established by paragraph (2). Within five working days of the employee's request to see a chiropractor, the health care organization and any person or entity who directs the kind or manner of health care services for the plan shall refer an injured employee to an affiliated chiropractor for work-related injuries that are within the guidelines for chiropractic care established by paragraph (2). Chiropractic care rendered in accordance with guidelines for chiropractic care established pursuant to paragraph (2) shall be provided by duly licensed chiropractors affiliated with the plan.

(2) The health care organization shall establish guidelines for

chiropractic care in consultation with affiliated chiropractors who are participants in the health care organization's utilization review process for chiropractic care, which may include qualified medical evaluators knowledgeable in the treatment of chiropractic conditions. The guidelines for chiropractic care shall, at a minimum, explicitly require the referral of any injured employee who so requests to an affiliated chiropractor for the evaluation or treatment, or both of neuromusculoskeletal conditions.

(3) Whenever a dispute concerning the appropriateness or necessity of chiropractic care for work-related injuries arises, the dispute shall be resolved by the health care organization's utilization review process for chiropractic care in accordance with the health care organization's guidelines for chiropractic care established by paragraph (2).

Chiropractic utilization review for work-related injuries shall be conducted in accordance with the health care organization's approved quality assurance standards and utilization review process for chiropractic care. Chiropractors affiliated with the plan shall have access to the health care organization's provider appeals process and, in the case of chiropractic care for work-related injuries, the review shall include review by a chiropractor affiliated with the health care organization, as determined by the health care organization.

(4) The health care organization shall inform employees of the procedures for processing and resolving grievances, including those related to chiropractic care, including the location and telephone number where grievances may be submitted.

(5) All guidelines for chiropractic care and utilization review shall be consistent with the standards of this code that require care to cure or relieve the effects of the industrial injury.

SEC. 34. Section 4614 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

4614. (a) (1) Notwithstanding Section 5307.1, where the employee's individual or organizational provider of health care services rendered under this division and paid on a fee-for-service basis is also the provider of health care services under contract with the employee's health benefit program, and the service or treatment provided is included within the range of benefits of the employee's health benefit program, and paid on a fee-for-service basis, the amount of payment for services provided under this division, for a work-related occurrence or illness, shall be no more than the amount that would have been paid for the same services under the health benefit plan, for a non-work-related occurrence or illness.

(2) A health care service plan that arranges for health care services to be rendered to an employee under this division under a contract, and which is also the employee's organizational provider for nonoccupational injuries and illnesses shall be paid by the employer for services rendered under this division only on a capitated basis.

(b) (1) Where the employee's individual or organizational

provider of health care services rendered under this division who is not providing services under a contract is not the provider of health care services under contract with the employee's health benefit program or where the services rendered under this division are not within the benefits provided under the employer-sponsored health benefit program, the provider shall receive payment that is no more than the average of the payment that would have been paid by five of the largest preferred provider organizations by geographic region. Physicians, as defined in Section 3209.3, shall be reimbursed at the same averaged rates, regardless of licensure, for the delivery of services under the same procedure code. This subdivision shall not apply to a health care service plan that provides its services on a capitated basis.

(2) The administrative director shall identify the regions and the five largest carriers in each region. The carriers shall provide the necessary information to the administrative director in the form and manner requested by the administrative director. The administrative director shall make this information available to the affected providers on an annual basis.

(c) Nothing in this section shall prohibit an individual or organizational health care provider from being paid fees different from those set forth in the official medical fee schedule by an employer, insurance carrier, third-party administrator on behalf of employers, or preferred provider organization representing an employer or insurance carrier provided that the administrative director has determined that the alternative negotiated rates between the organizational or individual provider and a payor, a third-party administrator on behalf of employers, or a preferred provider organization will produce greater savings in the aggregate than if each item on billings were to be charged at the scheduled rate.

(d) For the purposes of this section, "organizational provider" means an entity that arranges for health care services to be rendered directly by individual caregivers. An organizational provider may be a health care service plan, disability insurer, health care organization, preferred provider organization, or workers' compensation insurer arranging for care through a managed care network or on a fee-for-service basis. An individual provider is either an individual or institution that provides care directly to the injured worker.

SEC. 35. Section 4614.1 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

4614.1. Notwithstanding subdivision (f) of Section 1345 of the Health and Safety Code, a health care service plan licensed pursuant to the Knox-Keene Health Care Service Plan Act and certified by the administrative director pursuant to Section 4600.5 to provide health care pursuant to Section 4600.3 shall be permitted to accept payment from a self-insured employer, a group of self-insured employers, or the insurer of an employer on a fee-for-service basis for the provision

of such health care as long as the health care service plan is not both the health care organization in which the employee is enrolled and the plan through which the employee receives regular health benefits.

SEC. 35.2. Section 4638 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

4638. (a) If the employee is determined to be a qualified injured worker, and the employer notifies the injured worker, pursuant to paragraph (1) of subdivision (d) of Section 4636 that the employer will be unable to provide modified or alternative work to that injured worker, the qualified rehabilitation representative and the employee, jointly, shall develop an agreed-upon vocational rehabilitation plan pursuant to subdivision (e) of Section 4635.

Vocational rehabilitation plans which utilize an employee's transferable skills and experience shall be preferable to plans that propose training for an occupation in which the employee has no skills or experience.

An insured employer in whose employment the injury occurred shall receive a refund, payable in the same manner as a return of a standard insurance premium, from the insurer that provided the security for the payment of compensation on the date of injury when the employer, pursuant to Section 4644, returns the qualified injured worker to modified or alternative work at the employer's place of employment for 12 consecutive months. The refund shall be equal to the standard premium computed on the wages paid by the employer to the qualified injured worker during the 12-month period and shall be calculated as follows: multiply the workers' compensation insurance premium rate times the wages reported for workers' compensation insurance for the qualified injured worker during that 12-month period. For this calculation, the workers' compensation insurance rate shall be the insurance premium rate or rates per one hundred dollars ($100) of payroll which were applicable to the payroll reported for the qualified injured worker during that 12-month period, modified by the experience modification factor or factors, if any, which were applicable to the employer during that 12-month period. During and after the 12-month period, the qualified injured worker shall be protected against discrimination pursuant to Section 132a.

(b) Within 90 days after determination of the employee's vocational feasibility, the employer shall do either of the following:

(1) Submit a vocational rehabilitation plan agreed to by the employee to the Office of Benefit Determination for review and approval when required pursuant to Section 139.5.

(2) Request the Office of Benefit Determination to resolve any dispute concerning the provision of vocational rehabilitation services.

SEC. 35.5. Section 4644 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

4644. (a) The liability of the employer for vocational

rehabilitation services shall terminate when any of the following events occur:

(1) An employee who has received notice of potential eligibility to participate in a rehabilitation plan under Section 4637 declines vocational rehabilitation services in the form and manner prescribed by the administrative director.

(2) A qualified injured worker completes a vocational rehabilitation plan except as otherwise provided in subdivisions (c) and (d).

(3) The qualified injured worker unreasonably failed to complete a vocational rehabilitation plan.

(4) An employee has not requested vocational rehabilitation services within 90 days of the notification that the employee is medically eligible for vocational rehabilitation services. The liability of the employer for vocational rehabilitation services shall not terminate under this paragraph unless the employer, not earlier than 45 days nor later than 70 days after the employee's receipt of the notice required by Section 4637, reminds the employee of his or her right to vocational rehabilitation services or until the 21st day after the employee receives the reminder notification. The reminder notification shall be in writing, in the form and manner prescribed by the administrative director, and shall be served by certified mail. The provisions of this paragraph shall not apply if the employee shows he or she was unable to comprehend the consequences of failing to timely request vocational rehabilitation services, or that, because of conditions beyond the control of the employee, the employee was unable to exercise his or her right to accept or decline vocational rehabilitation services.

(5) The employer offers, and the employee accepts or rejects, in the form and manner prescribed by the administrative director, modified work lasting at least 12 months, provided that an employer who offers modified work that is available for the 12-month period required by this paragraph meets the requirements of this paragraph even if the employee voluntarily quits prior to the end of that 12-month period.

(6) The employer offers and the employee accepts or rejects, in the form and manner prescribed by the administrative director, alternative work meeting all of the following conditions:

(A) The employee has the ability to perform the essential functions of the job provided.

(B) The job provided is in a regular position lasting at least 12 months. An employer who offers alternative work that is available for the 12-month period required by this paragraph meets the requirements of this paragraph even if the employee voluntarily quits prior to the end of the 12-month period.

(C) The job provided offers wages and compensation that are within 15 percent of those paid to the employee at the time of injury.

(D) The job is located within reasonable commuting distance of the employee's residence at the time of injury.

(7) The employer offers, and the employee accepts, in the form and manner prescribed by the administrative director, work not meeting the conditions of paragraph (5) or (6) provided that the work lasts at least 12 months. The employee shall be required to reject the offer, in the form and manner prescribed by the administrative director, in order for the employee to be eligible for vocational rehabilitation services. An employer who offers work that is available for the 12-month period meets the requirements of this paragraph, even if the employee voluntarily quits prior to the end of that 12-month period.

(b) Nothing in this article shall preclude the deferral or interruption of vocational rehabilitation services upon agreement of the employee and employer or, if no agreement can be reached, upon a good cause determination by the administrative director.

(c) Except as provided in this section, vocational rehabilitation plans prepared pursuant to Section 4638 shall be limited to one plan per injured worker. The plans shall be completed within an 18-month period after approval of the plan, and shall not include a period of job placement exceeding 60 days. The employee shall be entitled to one additional vocational rehabilitation plan only if the original plan is determined to be inappropriate due to one of the following:

(1) The employee's disability has deteriorated to the point where the worker is unable to meet the physical demands of the first plan.

(2) The first plan is disrupted due to circumstances beyond the control of the employee.

(3) Failure by the employer to provide timely service required by this article and the vocational rehabilitation plan when the plan has not been completed.

The cost of the original and the additional plan plus all other vocational rehabilitation costs shall not exceed the overall cap and the counselor fee cap established in subdivision (c) of Section 139.5.

(d) Notwithstanding subdivision (c), an employee may apply to the rehabilitation unit for approval of a second vocational rehabilitation plan which exceeds the overall cap provided for in subdivision (c) of Section 139.5 if all of the following conditions are met:

(1) The employee has a permanent disability rating of 25 percent or greater. In reaching this determination, the rehabilitation unit shall consider any treating physicians' reports.

(2) The first plan cannot be completed due to circumstances beyond the control of the employee. Those circumstances include the deterioration of the employee's disability to the point where the worker cannot meet the requirements of the first plan.

(3) The rehabilitation unit finds that a second plan is necessary to provide the employee the opportunity for suitable gainful employment. Approval for circumstances other than a change in the employee's disability must be based on objective and verifiable facts pursuant to rules promulgated by the administrative director.

However, in no case shall the cost solely attributable to the second plan exceed the overall cap and the counseling fee cap contained in subdivision (c) of Section 139.5.

(e) Notwithstanding subdivision (c), an employee may receive a second vocational rehabilitation plan that exceeds the overall cap provided for in subdivision (c) of Section 139.5 if the rehabilitation unit finds that the employee cannot complete the plan because the school or other training facility has closed or the worker has a sudden and unexpected change in disability that renders the plan inappropriate or other similar circumstances.

(f) Notwithstanding paragraph (2) of subdivision (a), if a qualified injured worker returns to modified or alternative work with the same employer or to work with a different employer as a result of direct job placement assistance and that employment terminates, other than for cause, within 12 months of the date the employee was employed at the modified or alternative work, and if that work is unavailable in the labor market, the employer shall be liable, subject to Section 4642, for additional vocational rehabilitation services, provided that the employer's liability for vocational rehabilitation services shall terminate if the employee voluntarily quits prior to the end of that 12-month period. To qualify for additional vocational rehabilitation services, the employee shall demonstrate an inability to compete for suitable gainful employment with his or her existing skills.

(g) An employer shall not be liable to provide vocational rehabilitation services at a location outside the state, unless upon agreement of the employer and the employee, or a determination by the Division of Workers' Compensation that those services are more cost-effective than similar services provided in the state.

SEC. 36. Section 5158 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

5158. It is unlawful for any person, other than a provider as defined by subdivision (g) of Section 5156 providing workers' compensation health care pursuant to a contract with an authorized and certified workers' compensation health care provider organization, but only when that provider renders health care pursuant to that contract, to engage in business as a workers' compensation health care provider organization in this state or to receive compensation or other consideration in connection with a workers' compensation health care provider organization from or on behalf of persons in this state unless such person has first secured from the commissioner and Administrative Director of the Department of Industrial Relations an authorization and certification, respectively, then in effect, as a workers' compensation health care provider organization to provide health care for work-related injuries under Sections 4600.3 and 4600.5, unless such person is (a) exempted by the provisions of subdivision (c) and (d) of Section 4600.5, or a provider, as defined by subdivision (h) of Section 1345 of the Health and Safety Code, providing health care

services pursuant to a contract with a licensed health care service plan exempt under subdivision (c) of Section 4600.5, but only when that provider renders services pursuant to that contract; or a person providing health care services pursuant to a contract with an admitted disability insurer exempt under subdivision (d) of Section 4600.5, but only when that person renders services pursuant to that contract; or (b) engaging in any activities permitted by Section 4600 or exempted by a rule adopted thereunder.

SEC. 37. Section 5307.1 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

5307.1. (a) (1) The administrative director, after public hearings, shall adopt and revise, no less frequently than biennially, an official medical fee schedule which shall establish reasonable maximum fees paid for medical services provided pursuant to this division. No later than January 1, 1995, the administrative director shall have revised the schedule. By no later than January 1, 1995, the schedule shall include services for health care facilities licensed pursuant to Section 1250 of the Health and Safety Code, and drugs and pharmacy services. The fee schedule for health care facilities shall take into consideration cost and service differentials for various types of facilities.

(2) The administrative director shall include services provided by physical therapists in the official fee schedule adopted and revised pursuant to paragraph (1). Nothing in this paragraph shall affect the ability of physicians to continue to be reimbursed for their services in accordance with the official medical fee schedule adopted pursuant to paragraph (1) for the provision of services within their scope of practice.

(3) The administrative director shall consult with statewide professional organizations representing affected providers on the update of the official medical fee schedule.

(b) Nothing in this section shall prohibit a medical provider or a licensed health care facility from being paid by an employer or carrier fees in excess of those set forth on the official medical fee schedule, provided that the fee is:

(1) Reasonable.

(2) Accompanied by itemization and justified by an explanation of extraordinary circumstances related to the unusual nature of the medical services rendered.

In no event shall a physician charge in excess of his or her usual fee.

(c) In the event of a dispute between the physician and the employer or carrier concerning the medical fees charged, the physician may be allowed a reasonable fee for testimony, if a physician testifies pursuant to the employer's or carrier's subpoena, and the referee determines that the medical fee charged was reasonable.

(d) Except as provided in Section 4626, the official medical fee schedule shall not apply to medical-legal expenses as defined by

Section 4620.

SEC. 38. Section 5307.6 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

5307.6. (a) The administrative director shall adopt and revise a fee schedule for medical-legal expenses as defined by Section 4620, which shall be prima facie evidence of the reasonableness of fees charged for medical-legal expenses at the same time he or she adopts and revises the medical fee schedule pursuant to Section 5307.1.

The schedule shall consist of a series of procedure codes, relative values, and a conversion factor producing fees which provide remuneration to physicians performing medical-legal evaluations at a level equivalent to that provided to physicians for reasonably comparable work, and which additionally recognizes the relative complexity of various types of evaluations, the amount of time spent by the physician in direct contact with the patient, and the need to prepare a written report.

(b) A provider shall not be paid fees in excess of those set forth in the fee schedule established under this section unless the provider provides an itemization and explanation of the fee that shows that it is both a reasonable fee and that extraordinary circumstances relating to the medical condition being evaluated justify a higher fee; provided, however, that in no event shall a provider charge in excess of his or her usual fee. The employer and employee shall have standing to contest fees in excess of those set forth in the fee schedule.

(c) In the event of a dispute between the provider and the employer, employee, or carrier concerning the fees charged, the provider may be allowed a reasonable fee for testimony if the provider testified pursuant to the employer's or carrier's subpoena and the judge or referee determines that the fee charged was reasonable and justified by extraordinary circumstances.

(d) (1) No provider may request nor accept any compensation, including, but not limited to, any kind of remuneration, discount, rebate, refund, dividend, distribution, subsidy, or other form of direct or indirect payment, whether in money or otherwise, from any source for medical-legal expenses if such compensation is in addition to the fees authorized by this section. In addition to being subject to discipline pursuant to the provisions of subdivision (k) of Section 139.2, any provider violating this subdivision is subject to disciplinary action by the appropriate licensing board.

(2) This subdivision does not apply to medical-legal expenses for which the administrative director has not adopted a fee schedule.

SEC. 39. Section 5401 of the Labor Code, as amended by Chapter 121 of the Statutes of 1993, is amended to read:

5401. (a) Within one working day of receiving notice or knowledge of injury under Section 5400 or 5402, which injury results in lost time beyond the date of injury or which results in medical treatment beyond first aid, the employer shall provide, personally or by first-class mail, a claim form and a notice of potential eligibility for

benefits under this division to the injured employee, or in the case of death, to his or her dependents. As used in this subdivision, "first aid" means any one-time treatment of minor scratches, cuts, burns, splinters, or other minor industrial injury. "Minor industrial injury" shall not include serious exposure to a hazardous substance as defined in subdivision (i) of Section 6302. The claim form shall request the injured employee's name and address, social security number, the time and address where the injury occurred, and the nature of and part of the body affected by the injury. The notice shall include a description of the procedures and assistance available to the employee on his or her own behalf, the procedure to be used to commence proceedings for the collection of compensation for the purposes of this chapter, the telephone number of the division's information and assistance services, and a statement that the employee has a right to consult an attorney or information and assistance officer, or both, for assistance. Claims forms shall be available at district offices of the Employment Development Department and the division. Claims forms may be made available to the employee from any other source.

(b) The completed claim form shall be filed with the employer by the injured employee, or, in the case of death, by a dependent of the injured employee, or by an agent of the employee or dependent. Except as provided in subdivision (c), a claim form is deemed filed when it is personally delivered to the employer or received by the employer by first-class or certified mail. A dated copy of the completed form shall be provided by the employer to the employer's insurer and to the employee, dependent, or agent who filed the claim form.

(c) The claim form shall be filed with the employer prior to the injured employee's entitlement to late payment supplements under subdivision (d) of Section 4650, or prior to the injured employee's request for a medical evaluation under Section 4060, 4061, or 4062. Filing of the claim form with the employer shall toll the time limitations set forth in Sections 5405 and 5406 until the claim is denied by the employer or the injury becomes presumptively compensable pursuant to Section 5402. For purposes of this subdivision, a claim form is deemed filed when it is personally delivered to the employer or mailed to the employer by first-class or certified mail.

SEC. 40. Section 5404.5 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

5404.5. (a) Where a claim form has been filed prior to January 1, 1994, and where the claim is denied by the employer, the claim may be dismissed if there has been no activity for the previous 180 days and if the claims adjuster has served notice pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of the Code of Civil Procedure. The notice shall specify that the claim will be dismissed by operation of law unless an application for adjudication of the claim is filed within 180 days of service of the notice.

(b) Where a claim form has been filed prior to January 1, 1994, and

where benefits have been furnished by the employer, the claim may be dismissed if there has been no activity for the previous 180 days and if the claims adjuster has served notice pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of the Code of Civil Procedure. The notice shall specify that the claim will be dismissed by operation of law unless an application for adjudication of the claim is filed within five years of the date of injury or within one year of the last furnishing of benefits, whichever is later.

(c) The administrative director may adopt rules of practice and procedure consistent with this section.

(d) The provisions of subdivisions (a) and (b) do not limit the jurisdiction of the appeals board.

(e) This section is applicable to injuries occurring before January 1, 1994.

SEC. 41. Section 5813 of the Labor Code, as added by Chapter 121 of the Statutes of 1993, is amended to read:

5813. (a) The workers' compensation referee or appeals board may order a party, the party's attorney, or both, to pay any reasonable expenses, including attorney's fees and costs, incurred by another party as a result of bad-faith actions or tactics that are frivolous or solely intended to cause unnecessary delay. In addition, a workers' compensation referee or the appeals board, in its sole discretion, may order additional sanctions not to exceed two thousand five hundred dollars ($2,500) to be transmitted to the General Fund.

(b) The determination of sanctions shall be made after written application by the party seeking sanctions or upon the appeal board's own motion.

(c) This section shall apply to all applications for adjudication that are filed on or after January 1, 1994.

SEC. 42. Section 75 of Chapter 121 of the Statutes of 1993 is amended to read:

Sec. 75. Nothing in Section 4600.3, 4600.5, or 4614 of the Labor Code, or in the Workers' Compensation Health Care Provider Organization Act of 1993, shall be deemed to supersede or limit the operation of pilot projects approved by the administrative director pursuant to Section 4612 of the Labor Code. No provision or requirement of Sections 4600.3, 4600.5, or 4614 of the Labor Code, or in the Workers' Compensation Health Care Provider Organization Act of 1993, shall be deemed applicable to those pilot projects, or impose any requirements on them for any purpose.

SEC. 43. Section 7 of Chapter 228 of the Statutes of 2993 is amended to read:

Sec. 7. (a) Sections 1 to 5, inclusive, of this act shall become operative January 1, 1995.

(b) In addition, in order to permit the implementation of the rating law contained in Article 2 (commencing with Section 11730) of Chapter 3 of Part 3 of Division 2 of the Insurance Code, as added by Section 2 of Chapter 228 of the Statutes of 1993, on January 1, 1995,

the Insurance Commissioner, insurers, and other persons may take actions under that article necessary to fully implement it at that date, including the following:

(1) The commissioner shall designate a rating organization pursuant to subdivision (b) of Section 11734 of the Insurance Code, as contained in that article, and shall require the designated rating organization to provide the rules and other information required by Section 11734 of the Insurance Code so that the commissioner may make the approvals required by Section 11734 of the Insurance Code by October 1, 1994, for use effective January 1, 1995.

(2) Insurers may make the filings required by subdivision (a) of Section 11735 of the Insurance Code, as contained in that article, after the commissioner has made the approvals required by subdivision (a) of Section 11734 of the Insurance Code and paragraph (1), above.

(3) The commissioner may adopt rules and regulations to give effect to this subdivision. The adoption of the regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, regulations adopted by the commissioner in order to implement this section shall not be subject to the review and approval of the Office of Administrative Law, and shall become effective immediately upon filing with the Secretary of State.

SEC. 44. The elimination of subdivision (d) of Section 4064 of the Labor Code made by this act shall not affect the applicability of Section 4064 of the Labor Code, as it existed prior to changes made during the 1993 portion of the 1993-94 Regular Session, to injuries arising prior to those changes.

SEC. 45. (a) The sum of seven million five hundred thousand dollars ($7,500,000) is appropriated from the Workers' Compensation Fraud Account in the Insurance Fund in augmentation of Item 2290-001-217, Program 20-Fraud Control, of the Budget Act of 1993, for support of the Department of Insurance for the purposes of enhanced workers' compensation fraud investigation efforts of the department.

(b) The sum of seven million five hundred thousand dollars ($7,500,000) is appropriated from the Workers' Compensation Fraud Account in the Insurance Fund in augmentation of Item 2290-101-217, Program 20-Fraud Control, of the Budget Act of 1993, for local assistance, Department of Insurance, for the purposes of distribution to district attorneys to enhance investigation and prosecution of workers' compensation insurance fraud cases.

CHAPTER 1243

An act to add and repeal Article 1.5 (commencing with Section 8275) of Chapter 3.5 of Division 1 of Title 2 of the Government Code, relating to the California Constitution Revision Commission, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) California's budget process has become crippled by a complex entanglement of constraints that interfere with an orderly and comprehensive consideration of all fiscal matters. A complete review of the process by an independent citizens' commission would provide the Legislature a basis for considering changes that would result in a more thoughtful and deliberative process.

(b) The legislative process has at times become mired in gridlock. Rivalries between the two houses of the Legislature and the executive branch have deterred the state's ability to make significant policy changes in response to the changing times. Changes to existing government organizational structures may provide a more responsive and productive form of governance for California than the current system.

(c) California's existing "system" of government is dysfunctional and does not work together sufficiently to achieve the public's goals. The various components have no common conception of mission and often work at cross-purposes.

SEC. 2. Article 1.5 (commencing with Section 8275) is added to Chapter 3.5 of Division 1 of Title 2 of the Government Code, to read:

Article 1.5. California Constitution Revision Commission

8275. There is created in state government the California Constitution Revision Commission.

8275.1. (a) The commission shall consist of 23 members, as follows:

(1) Ten members appointed by the Governor. No more than six members may be registered with the same political party.

(2) Five members appointed by the Speaker of the Assembly. No more than three members may be registered with the same political party. Two members shall be appointed in consultation with the Assembly Minority Caucus.

(3) Five members appointed by the Senate Committee on Rules. No more than three members may be registered with the same political party. Two members shall be appointed in consultation with

the Senate Minority Caucus.

(4) The Chief Justice of California, or his or her designee.

(5) The Legislative Analyst, or his or her designee.

(6) The Director of Finance, or his or her designee.

The Governor, the Senate Committee on Rules, and the Speaker of the Assembly may each appoint no more than one Member of the Legislature to the commission. No lobbyist, as defined in Section 82039, may serve as a member of the commission. The membership of the commission shall broadly reflect the ethnic, racial, cultural, geographic, and gender diversity of the state.

(b) The initial appointments to the commission shall be made not later than 90 days after this article becomes operative.

8275.2. Each member of the commission shall serve without compensation, but each member other than an elected officer shall receive one hundred dollars ($100) for each day while on official business of the commission. In addition, each member shall also be entitled to receive necessary expenses actually incurred in the performance of his or her duties.

8275.3. (a) The Governor shall select one of the members as the chair of the commission.

(b) The commission may appoint an executive secretary and fix his or her compensation in accordance with law. The commission may employ and fix the compensation, in accordance with law, of any professional, clerical, and other assistants that may be necessary.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

(b) Demonstration by the applicant that it possesses adequate administrative, fiscal, and operational capability to operate a driving-under-the-influence program.

(c) Onsite review of the program by department staff determines that the program is clean, safe, free of alcohol or illicit drug use, and that the program adheres to applicable statutes and regulations.

(d) The program has paid all licensing fees.

SEC. 6. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege

pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least 18 months in a program designed to offer alcohol and other drug education and counseling services that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 668 of the Harbors and Navigation Code, in a licensed alcohol and other drug education and counseling services program pursuant to Section 23161 of the Vehicle Code, or, pursuant to Section 23166, 23171, 23176, 23181, 23186, or 23191 of the Vehicle Code, in a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, which is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter.

(c) The court may, as a condition of probation pursuant to Section 23161 or 23181 of the Vehicle Code, refer a first offender to a licensed program to attend all of the education, group counseling, and interview sessions described in this chapter if ordered to participate in six, nine, or 12 months of program activities. Notwithstanding Section 13352.5 of the Vehicle Code, if a first offender is referred to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code, that person may participate in a program if convicted of another offense punishable under Section 23165 or 23185 of the Vehicle Code.

(d) The court may, subject to Section 11837.2, and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in this chapter, if there is no increase in the costs of the program to the convicted person.

SEC. 7. Section 11837.3 is added to the Health and Safety Code, to read:

11837.3. (a) (1) Each county, through the county alcohol program administrator, shall determine its ability to establish, through public or private resources, a program of alcohol and other drug education and counseling services for a person whose license to

drive has been administratively suspended or revoked for, or who is convicted of, a first violation of Section 23152 or 23153 of the Vehicle Code, or who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of, or Section 655.4 of, the Harbors and Navigation Code, pursuant to subdivisions (c) and (d) of Section 668 of the Harbors and Navigation Code. The program shall be self-supporting through fees collected from program participants. The program shall be of at least three months' duration and totaling at least 30 hours of direct education and counseling services, that shall be authorized by each county and licensed by, and operated under general regulations established by, the department. A county that shows the department that it has insufficient resources, insufficient potential program participants, or other material disadvantages is not required to establish a program.

(2) The department may license an alcohol and other drug education program that is less than 30 hours in length in any county where the board of supervisors has provided the showing pursuant to paragraph (1), and the department has upheld that showing. The shorter program is subject to all other applicable regulations developed by the department pursuant to paragraph (3) of subdivision (b) of Section 11837.4.

(b) Each county that has approved an alcohol and other drug education program or programs and that is licensed by the department shall make provision for persons who can document current inability to pay the program fee, in order to enable those persons to participate. The county shall require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(c) In order to assure effectiveness of the alcohol and other drug education and counseling program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(d) (1) Any person required to successfully complete an alcohol and other drug education and counseling program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person also shall participate in and successfully complete the program, and shall furnish proof of successful completion within the period of time and in the manner specified by the court.

(2) An alcohol and other drug education and counseling program shall report to the court, within the period of time and in the manner specified by the court, the name of any person who fails to successfully complete the program.

SEC. 8. Section 11837.5 of the Health and Safety Code is amended to read:

11837.5. (a) No person may participate in any program that has not been licensed by the department pursuant to this chapter.

(b) The department shall charge reasonable fees for licensing driving-under-the-influence programs. The department shall set the fees in an amount sufficient to cover all administrative costs incurred by the department and to reimburse the Department of Motor Vehicles for the costs of the evaluation and report required by Section 9 of Senate Bill 1344 of the 1989–90 Regular Session.

(c) The department may fine a provider who is delinquent in the payment of licensing fees. The department shall deposit fines collected from delinquent providers in the Driving-Under-the-Influence Program Licensing Trust Fund, and the revenues from the fines shall be used, upon appropriation, to offset costs incurred by the department in the administration of the program and to reimburse the Department of Motor Vehicles for the costs of the evaluation and report required by Section 9 of Senate Bill 1344 of the 1989–90 Regular Session.

(d) If a program fails to pay licensing fees or assessed fines, the department may deny an initial license or revoke an existing license.

(e) There is established in the State Treasury a Driving-Under-the-Influence Program Licensing Trust Fund. All fees, fines, and penalties collected from driving-under-the-influence programs shall be deposited in this fund. The money in the fund shall be available when appropriated by the Legislature.

(f) The department shall prepare a report on the assets, liabilities, and balance in the Driving-Under-the-Influence Program Licensing Trust Fund when the department increases program licensing fees. The report shall also include an itemized statement of income and expenses for the trust fund since the last report. The department shall submit the report to the Legislature and shall furnish a copy of the report, upon request, to any provider of a driving-under-the-influence program.

(g) Licensing fees shall be evaluated annually and based on the department's projected costs for the forthcoming fiscal year. Any excess fees remaining in the Driving-Under-the-Influence Program Licensing Trust Fund at the close of the fiscal year shall be carried forward and taken into consideration in establishment of fees for the subsequent fiscal year. If the department proposes to increase the licensing fees, the department shall justify the increase to the Legislature by showing that sufficient assets are not currently available in the Driving-Under-the-Influence Program Licensing Trust Fund and that current licensing fee collections are not sufficient to support current or planned expenses of the department for driving-under-the-influence program licensing activities.

(h) Licensing fee collection procedures, which include the assessment of fines for delinquent fee payments, shall be defined in regulations adopted pursuant to this chapter.

SEC. 9. Section 13352 of the Vehicle Code is amended to read:

13352. (a) The department shall immediately suspend or revoke, or record the court-administered suspension or revocation of, the privilege of any person to operate a motor vehicle upon

receipt of a duly certified abstract of the record of any court showing that the person has been convicted of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, or upon receipt of a report of a judge of the juvenile court, a juvenile traffic hearing officer, or a referee of a juvenile court showing that the person has been found to have committed a violation of Section 23152 or 23153 or subdivision (a) of Section 23109. If any offense in this section occurs in a vehicle defined in Section 15210, the suspension or revocation specified below shall apply to the noncommercial driving privilege. The commercial driving privilege shall be disqualified as specified in Section 15300. For purposes of this section, suspension or revocation shall be as follows:

(1) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23160, the privilege shall be suspended for a period of six months if the court orders the department to suspend the privilege, or if the court does not grant probation. If the person gives proof of ability to respond in damages as defined in Section 16430, the department shall issue the restricted license upon receipt of an abstract of record from the court pursuant to Section 1803 certifying that the court has granted probation to the person on conditions which include the condition specified in subdivision (b) of Section 23161. The privilege shall not be reinstated until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion of a program described in Section 23161.

(2) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23180, the privilege shall be suspended for a period of one year. The privilege shall not be reinstated until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion of a program described in Section 23161.

(3) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23152 punishable under Section 23165, the privilege shall be suspended for 18 months. The privilege shall not be reinstated until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion of a program described in Section 23166.

(4) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23153 punishable under Section 23185, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages, and until the person gives proof satisfactory to the department of successful completion of a program described in Section 23166.

(5) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23170, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until the

The court shall advise the person at the time of sentencing that completion of one of the programs authorized by this paragraph is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(E) Any individual convicted of a violation of Section 23152 punishable under Section 23170 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(6) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23190, the privilege shall be revoked for a period of five years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of one of the following programs: a 30-month program, if available in the county of the person's residence or employment or, if not available, an

(iv) The person has not applied for and received an order in conjunction with the current underlying conviction or a prior conviction for a violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(B) Any individual convicted of a violation of Section 23153 punishable under Section 23190 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(7) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23175, the privilege shall be revoked for a period of four years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of one of the following programs: an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, or a program specified in Section 8001 of the Penal Code. The court shall advise the person at the time of sentencing that completion of one of the programs authorized by this paragraph is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the

revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(A) The person has satisfactorily completed, subject to the current underlying conviction, the initial 18 months of a licensed 30-month program pursuant to Section 11836 of the Health and Safety Code.

(C) The person provides proof of responsibility to respond in damages.

(D) The person has not applied for and received an order in conjunction with the current underlying conviction or a prior conviction for violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(E) Any individual convicted of a violation of Section 23152 punishable under Section 23175 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(8) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (e) of that section, the privilege shall be suspended for a period of 90 days to six months, if and as ordered by the court.

(9) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (f) of that section, the privilege shall be suspended for a period of six months, if the court orders the department to suspend the privilege. The privilege shall not be reinstated until the person gives proof of ability to respond in damages.

(b) For the purpose of paragraphs (2) to (9), inclusive, of subdivision (a), the finding of the juvenile court judge, the juvenile traffic hearing officer, or the referee of a juvenile court of a commission of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, as specified in subdivision (a) of this section, is a conviction.

(c) Each judge of a juvenile court, juvenile traffic hearing officer, or referee of a juvenile court shall immediately report the findings specified in subdivision (a) to the department.

(d) A conviction of an offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or Canada which, if committed in this state, would be a violation of Section 23152, is a conviction of Section 23152 for purposes of this section, and a conviction of an offense which, if

committed in this state, would be a violation of Section 23153, is a conviction of Section 23153 for purposes of this section. The department shall suspend or revoke the privilege to operate a motor vehicle pursuant to this section upon receiving notice of that conviction.

(e) Whenever the driving privilege is restricted, suspended, or revoked pursuant to this section, the department shall not issue a restricted driver's license or reinstate the driving privilege unless the person gives proof of ability to respond in damages and maintains that proof for three years. SEC. 10. Section 13352.5 of the Vehicle Code is amended to read:

13352.5. (a) Unless ordered to do so by the court upon a finding that the terms and conditions of probation were violated, the department shall not suspend, pursuant to paragraph (3) of subdivision (a) of Section 13352, but shall restrict, the privilege of any person to operate a motor vehicle upon a conviction or finding that the person violated Section 23152. This requirement shall apply only if the court has certified to the department that the court has granted probation to the person under conditions that include those specified in subdivision (b) of Section 23166, the court has restricted the privilege to operate a motor vehicle as provided in that subdivision, and the person gives proof of financial responsibility, as defined in Section 16430.

(b) Unless ordered to do so by the court upon a finding that the terms and conditions of probation were violated, the department shall not revoke, pursuant to paragraph (4) of subdivision (a) of Section 13352, but shall suspend for one year and, thereafter, restrict for two additional years, the privilege of any person to operate a motor vehicle upon a conviction or finding that the person violated Section 23153. This requirement shall apply only if the court has certified to the department that the court has granted probation to the person under conditions that include those specified in subdivision (b) of Section 23186, the court has ordered the department to suspend the privilege to operate a motor vehicle as provided in that subdivision, and the person gives proof of financial responsibility.

(c) Subdivisions (a) and (b) do not apply to a person who has been referred or rereferred into a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code within four years after the person ceases his or her prior participation in a program. The four-year period shall commence either on the date the person successfully completes the program or on the date on which the person's driving privilege was suspended or revoked by the department for failure to comply with the program's rules and regulations, whichever is later.

The eligibility of a person convicted of a violation of Section 23152 or 23153 subsequent to the commencement of a four-year period, to participate in the program again for purposes of this section, shall be determined on the basis of the date on which the person is alleged to have committed that offense.

(d) The restriction of the driving privilege under subdivision (a) shall become effective 30 days from the date on which the person consented to participate in the program specified in subdivision (a), excluding any time of imprisonment ordered by the court. This requirement applies only if the person presents evidence satisfactory to the department that he or she is participating in the program specified in subdivision (b) of Section 23166, gives proof of financial responsibility, and pays fees to the department of fifteen dollars ($15) upon application for the restricted license and twenty dollars ($20) upon completion of the treatment program or upon application for an unrestricted license, whichever is sooner. If the person fails to apply for a restricted license, fails to give proof of financial responsibility, or if the person fails to show evidence of participation within 30 days, excluding the time of imprisonment ordered by the court, the department shall suspend the driving privilege of the person for the time prescribed in paragraph (3) of subdivision (a) of Section 13352.

(e) The restriction of the driving privilege under subdivision (b) shall become effective 30 days from the end of the period of suspension if the person presents evidence satisfactory to the department that he or she is participating in the program specified in subdivision (b) of Section 23186, gives proof of financial responsibility, and pays fees to the department of fifteen dollars ($15) upon application for the restricted license and twenty dollars ($20) upon completion of the treatment program or upon application for an unrestricted license, whichever is sooner. If the person fails to apply for a restricted license, fails to give proof of financial responsibility, or if the person fails to show evidence of participation within 30 days from the end of the period of suspension, excluding any time of imprisonment ordered by the court to be served after the end of the period of suspension, the department shall revoke the driving privilege of the person for the time prescribed in paragraph (4) of subdivision (a) of Section 13352.

(f) The driving privilege restricted under subdivision (a) or (b) shall be limited to the hours for driving to and from the place of employment and during the course of employment, and driving to and from activities required in an alcohol treatment program specified in subdivision (b) of Section 23166 or subdivision (b) of Section 23186. The department may set forth the times and days of restricted operation established by the court either on a special restricted license or upon the usual license form. Whenever the driving privilege is restricted under subdivision (a) or (b), proof of financial responsibility shall be maintained for three years. If the person maintains proof of financial responsibility, the restriction shall

continue in full force and effect until the person presents evidence satisfactory to the department that the person has completed the alcohol treatment program. The length of the restriction for a person subject to subdivision (a) shall not be less than the total time of restriction specified in subdivision (b) of Section 23166. The total time of suspension and restriction for a person subject to subdivision (b) shall not be less than the applicable period of revocation under paragraph (4) of subdivision (a) of Section 13352.

(g) Except as provided in this subdivision, the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352, 60 days from the date that the department notifies the person and the court of the intended action pursuant to subdivision (a) of Section 11837.1 of the Health and Safety Code, or from the date ending the additional time ordered by the court under this subdivision, whichever is later. If the person presents evidence satisfactory to the department that the court of jurisdiction has consented to the person's reinstatement in the program and the person gives proof of financial responsibility, the department shall continue in effect the restriction granted under subdivision (c). However, if the person previously has been reinstated in the program on one or more occasions, the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352. The evidence shall be presented within 45 days of the notice from the department of the intended action or the additional time, not to exceed an additional 45 days, for the determination, as is required, ordered, and transmitted to the department by the court, which additional time is not caused by any action or failure to act by the person.

(h) All abstracts of record showing a conviction that are forwarded to the department pursuant to Section 1803 shall state whether the court has granted probation to the person under conditions that include those specified in subdivision (b) of Section 23166 or subdivision (b) of Section 23186, and that state the date on which the person consented to participate in the program.

(i) The department, in cooperation with the State Department of Alcohol and Drug Programs, shall adopt regulations as it deems necessary to implement this section.

(j) This section does not apply to persons whose offense occurred in a vehicle requiring a driver with a class 1, class 2, class A, or class B driver's license, or with an endorsement specified in Section 15278.

SEC. 11. Section 13353 of the Vehicle Code is amended to read:

13353. (a) If any person refuses the officer's request to submit to, or fails to complete, a chemical test or tests pursuant to Section 23157, upon receipt of the officer's sworn statement that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23140, 23152, or 23153, and that the person had refused to submit to, or did not complete, the test or tests after being requested by the officer, the department shall do one of

the following:

(1) Suspend the person's privilege to operate a motor vehicle for a period of one year.

(2) Revoke the person's privilege to operate a motor vehicle for a period of two years if the refusal occurred within seven years of either (A) a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, which resulted in a conviction, or (B) a suspension or revocation of the person's privilege to operate a motor vehicle pursuant to this section or Section 13353.2 for an offense which occurred on a separate occasion.

(3) Revoke the person's privilege to operate a motor vehicle for a period of three years if the refusal occurred within seven years of any of the following:

(A) Two or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, which resulted in convictions.

(B) Two or more suspensions or revocations of the person's privilege to operate a motor vehicle pursuant to this section or Section 13353.2 for offenses which occurred on separate occasions.

(C) Any combination of two or more of those convictions or administrative suspensions or revocations.

The officer's sworn statement shall be submitted pursuant to Section 23158.2 on a form furnished or approved by the department. The suspension or revocation shall not become effective until 30 days after the giving of written notice thereof, or until the end of any stay of the suspension or revocation, as provided for in Section 13558.

(b) The notice of the order of suspension or revocation under this section shall be served on the person by a peace officer pursuant to Section 23157. The notice of the order of suspension or revocation shall be on a form provided by the department. If the notice of the order of suspension or revocation has not been served by the peace officer pursuant to Section 23157, the department immediately shall notify the person in writing of the action taken. The peace officer who serves the notice, or the department, if applicable, also shall provide, if the officer or department, as the case may be, determines that it is necessary to do so, the person with the appropriate non-English notice developed pursuant to subdivision (d) of Section 14100.

(c) Upon receipt of the officer's sworn statement, the department shall review the record. For purposes of this section, the scope of the administrative review shall cover all of the following issues:

(1) Whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(2) Whether the person was placed under arrest.

(3) Whether the person refused to submit to, or did not complete,

the test or tests after being requested by a peace officer.

(4) Whether, except for the persons described in subdivision (a) of Section 23157 who are incapable of refusing, the person had been told that his or her driving privilege would be suspended or revoked if he or she refused to submit to, or did not complete, the test or tests.

(d) The person may request an administrative hearing pursuant to Section 13558. Except as provided in subdivision (e) of Section 13558, the request for an administrative hearing does not stay the order of suspension or revocation.

SEC. 12. Section 13353.2 of the Vehicle Code is amended to read:

13353.2. (a) The department shall immediately suspend the privilege of any person to operate a motor vehicle if the person was driving a motor vehicle when the person had 0.08 percent or more, by weight, of alcohol in his or her blood.

(b) The notice of the order of suspension under this section shall be served on the person by a peace officer pursuant to Section 23158.5. The notice of the order of suspension shall be on a form provided by the department. If the notice of the order of suspension has not been served upon the person by the peace officer pursuant to Section 23158.5, upon the receipt of the report of a peace officer submitted pursuant to Section 23158.2, the department shall mail written notice of the order of the suspension to the person at the last known address shown on the department's records and, if the address of the person provided by the peace officer's report differs from the address of record, to that address.

(c) The notice of the order of suspension shall clearly specify the reason and statutory grounds for the suspension, the effective date of the suspension, the right of the person to request an administrative hearing, the procedure for requesting an administrative hearing, and the date by which a request for an administrative hearing shall be made in order to receive a determination prior to the effective date of the suspension.

(d) The department shall make a determination of the facts in subdivision (a) on the basis of the report of a peace officer submitted pursuant to Section 23158.2. The determination of the facts, after administrative review pursuant to Section 13557, by the department is final, unless an administrative hearing is held pursuant to Section 13558 and any judicial review of the administrative determination after the hearing pursuant to Section 13559 is final.

(e) The determination of the facts in subdivision (a) is a civil matter which is independent of the determination of the person's guilt or innocence, shall have no collateral estoppel effect on a subsequent criminal prosecution, and shall not preclude the litigation of the same or similar facts in the criminal proceeding. If a person is acquitted of criminal charges relating to a determination of facts under subdivision (a), the department shall immediately reinstate the person's privilege to operate a motor vehicle if the department has suspended it administratively pursuant to subdivision (a), and the department shall return or reissue for the

remaining term any driver's license which has been taken from the person pursuant to Section 23158.5 or otherwise. Notwithstanding subdivision (b) of Section 13558, if criminal charges under Section 23140, 23152, or 23153 are not filed by the district attorney because of a lack of evidence, or if those charges are filed but are subsequently dismissed by the court because of an insufficiency of evidence, the person has a renewed right to request an administrative hearing before the department. The request for a hearing shall be made within one year from the date of arrest.

(f) The department shall furnish a form that requires a detailed explanation specifying which evidence was defective or lacking and detailing why that evidence was defective or lacking. The form shall be made available to the person to provide to the district attorney. The department shall hold an administrative hearing, and the hearing officer shall consider the reasons for the failure to prosecute given by the district attorney on the form provided by the department. If applicable, the hearing officer shall consider the reasons stated on the record by a judge who dismisses the charges. No fee shall be imposed pursuant to Section 14905 for the return or reissuing of a driver's license pursuant to this subdivision. The disposition of a suspension action under this section does not affect any action to suspend or revoke the person's privilege to operate a motor vehicle under any other provision of this code, including, but not limited to, Section 13352 or 13353, or Chapter 3 (commencing with Section 13800).

SEC. 12.1. Section 13353.2 of the Vehicle Code is amended to read:

13353.2. (a) The department shall immediately suspend the privilege of any person to operate a motor vehicle if the person was driving a motor vehicle when the person was 21 years of age or older and had 0.08 percent or more, by weight, of alcohol in his or her blood, or when the person was under 21 years of age and had a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

(b) The notice of the order of suspension under this section shall be served on the person by a peace officer pursuant to Section 23137 or 23158.5. The notice of the order of suspension shall be on a form provided by the department. If the notice of the order of suspension has not been served upon the person by the peace officer pursuant to Section 23137 or 23158.5, upon the receipt of the report of a peace officer submitted pursuant to Section 23158.2, the department shall mail written notice of the order of the suspension to the person at the last known address shown on the department's records and, if the address of the person provided by the peace officer's report differs from the address of record, to that address.

(c) The notice of the order of suspension shall clearly specify the reason and statutory grounds for the suspension, the effective date of the suspension, the right of the person to request an administrative hearing, the procedure for requesting an administrative hearing, and

the date by which a request for an administrative hearing shall be made in order to receive a determination prior to the effective date of the suspension.

(d) The department shall make a determination of the facts in subdivision (a) on the basis of the report of a peace officer submitted pursuant to Section 23158.2. The determination of the facts, after administrative review pursuant to Section 13557, by the department is final, unless an administrative hearing is held pursuant to Section 13558 and any judicial review of the administrative determination after the hearing pursuant to Section 13559 is final.

(e) The determination of the facts in subdivision (a) is a civil matter which is independent of the determination of the person's guilt or innocence, shall have no collateral estoppel effect on a subsequent criminal prosecution, and shall not preclude the litigation of the same or similar facts in the criminal proceeding. If a person is acquitted of criminal charges relating to a determination of facts under subdivision (a), or if the person's driver's license was suspended pursuant to Section 23137 and the department finds no basis for a suspension pursuant to that section, the department shall immediately reinstate the person's privilege to operate a motor vehicle if the department has suspended it administratively pursuant to subdivision (a), and the department shall return or reissue for the remaining term any driver's license which has been taken from the person pursuant to Section 23158.5 or otherwise. Notwithstanding subdivision (b) of Section 13558, if criminal charges under Section 23152 or 23153 are not filed by the district attorney because of a lack of evidence, or if those charges are filed but are subsequently dismissed by the court because of an insufficiency of evidence, the person has a renewed right to request an administrative hearing before the department. The request for a hearing shall be made within one year from the date of arrest.

(f) The department shall furnish a form that requires a detailed explanation specifying which evidence was defective or lacking and detailing why that evidence was defective or lacking. The form shall be made available to the person to provide to the district attorney. The department shall hold an administrative hearing, and the hearing officer shall consider the reasons for the failure to prosecute given by the district attorney on the form provided by the department. If applicable, the hearing officer shall consider the reasons stated on the record by a judge who dismisses the charges. No fee shall be imposed pursuant to Section 14905 for the return or reissuing of a driver's license pursuant to this subdivision. The disposition of a suspension action under this section does not affect any action to suspend or revoke the person's privilege to operate a motor vehicle under any other provision of this code, including, but not limited to, Section 13352 or 13353, or Chapter 3 (commencing with Section 13800).

SEC. 13. Section 13353.4 of the Vehicle Code, as added by Section 4 of Chapter 1181 of the Statutes of 1992, is amended to read:

13353.4. (a) Except as provided in subdivision (b) of Section 13353.6 or Section 13353.7, the driving privilege shall not be restored, and no restricted or hardship permit to operate a motor vehicle shall be issued, to a person during the suspension or revocation period specified in Section 13353 or 13353.3.

(b) The privilege to operate a motor vehicle shall not be restored after a suspension or revocation pursuant to Section 13352, 13353, or 13353.2 until all applicable reinstatement fees, including the fees prescribed in Section 14905, have been paid and the person gives proof of financial responsibility, as defined in Section 16430, to the department.

(c) The privilege to operate a motor vehicle shall not be restored after a suspension or revocation pursuant to Section 13352 until the person gives proof satisfactory to the department of completion of a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. The program shall be of an appropriate length and scope, as determined by the number of prior convictions on that person's record for a violation of Section 23103, as specified in Section 23103.5, or of Section 23140, 23152, or 23153. The department shall restore the privilege to operate a motor vehicle after a suspension or revocation pursuant to Section 13352 upon receipt of a certification, under penalty of perjury, by the director of a program specified in Section 8001 of the Penal Code that the person has completed the program specified in Section 8001 of the Penal Code.

(d) (1) If a person's privilege to operate a motor vehicle is suspended or revoked pursuant to an arrest resulting in a suspension or revocation pursuant to Section 13353 or 13353.2, the person voluntarily may enter a driving-under-the-influence program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. The program shall be of an appropriate length and scope, as determined by the number of prior convictions on that person's record for a violation of Section 23103, as specified in Section 23103.5, or of Section 23152 or 23153.

(2) If the person is subsequently convicted of a violation of Section 23140, 23152, or 23153 resulting from the arrest specified in this subdivision, the hours spent in the program entered into pursuant to this subdivision shall be credited to the person for purposes of Article 2 (commencing with Section 23152) of Chapter 12 of Division 11, and the person shall complete the program before his or her driving privilege may be restored by the department.

(3) If the person is not subsequently prosecuted or convicted of a violation of Section 23140, 23152, or 23153 resulting from the arrest specified in this subdivision, the person is not required to complete the program and, after receiving satisfactory evidence of the lack of prosecution or conviction, the department shall restore his or her driving privilege if all of the following conditions are met:

(A) The period of suspension and restriction or revocation

prescribed in Section 13353, 13353.2, 13353.6, or 13353.7 has elapsed.

(B) No other actions exist that would prohibit restoration of the driving privilege.

(C) All applicable reinstatement fees have been paid.

(D) The person gives proof of financial responsibility.

(4) If a prosecution is pending for a violation of Section 23140, 23152, or 23153 resulting from the arrest specified in this subdivision, and the suspension, restrictions, or revocation period imposed pursuant to Section 13353, 13353.2, 13353.6, or 13353.7 has expired, the department shall restore the person's driving privilege.

(e) For purposes of this section, completion of a program is the satisfactory completion of all program requirements approved pursuant to program licensure, and any other court-imposed conditions, as evidenced by a certificate of completion issued by the licensed program.

(f) This section shall become operative July 1, 1993.

SEC. 14. Section 13353.7 of the Vehicle Code is amended to read:

13353.7. (a) Subject to subdivision (c) and except as provided in Section 13353.6 for persons who have commercial driver's licenses, if the person whose driving privilege has been suspended under Section 13353.2 has not been convicted of, or found to have committed, a separate violation of Section 23103, as specified in Section 23103.5, Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion within seven years of the occasion in question and, if the person subsequently enrolls in a program described in Section 11837.3 of the Health and Safety Code, pursuant to subdivision (b) of Section 23161, that person may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program. After receiving proof of enrollment in the program, and if the person has not been arrested subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2 for a violation of Section 23103, as specified in Section 23103.5, Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion, notwithstanding Section 13551, the department shall, after review pursuant to Section 13557, suspend the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license under the following conditions:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person gives proof of financial responsibility as defined in

Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If any person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, which is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation which resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a).

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense which occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, which violation occurred within seven years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

SEC. 15. Section 13557 of the Vehicle Code is amended to read:

13557. (a) The department shall review the determination made pursuant to Section 13353 or 13353.2 relating to any person who has received a notice of an order of suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.2, 23157, or 23158.5. The department shall consider the sworn report submitted by the peace officer pursuant to Section 23157 or 23158.2 and any other evidence accompanying the report.

(b) (1) If the department determines in the review of a determination made under Section 13353, by a preponderance of the

evidence, all of the following facts, the department shall sustain the order of suspension or revocation:

(A) That the peace officer had reasonable cause to believe that the person had been driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(B) That the person was placed under arrest.

(C) That the person refused or failed to complete the chemical test or tests after being requested by a peace officer.

(D) That, except for the persons described in Section 23157 who are incapable of refusing, the person had been told that his or her privilege to operate a motor vehicle would be suspended or revoked if he or she refused to submit to, and complete, the required testing.

If the department determines, by a preponderance of the evidence, that any of those facts were not proven, the department shall rescind the order of suspension or revocation and, provided the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. The determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(2) If the department determines in the review of a determination made under Section 13353.2, by the preponderance of the evidence, all of the following facts, the department shall sustain the order of suspension or revocation:

(A) That the peace officer had reasonable cause to believe that the person had been driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(B) That the person was placed under arrest.

(C) That the person was driving a motor vehicle when the person had 0.08 percent or more, by weight, of alcohol in his or her blood or that the person was driving a motor vehicle when the person was under the age of 18 years and had 0.05 percent or more, by weight, of alcohol in his or her blood.

If the department determines that any of those facts were not proven by the preponderance of the evidence, the department shall rescind the order of suspension or revocation and, provided that the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. The determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(c) The department shall make the determination upon administrative review before the effective date of the order of suspension or revocation.

(d) The administrative review does not stay the suspension or revocation of a person's privilege to operate a motor vehicle. If the department is unable to make a determination on administrative review within the time limit in subdivision (c), the department shall stay the effective date of the order of suspension or revocation pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23157 or 23158.5,

the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23157 or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended or revoked.

(e) A person may request and be granted a hearing pursuant to Section 13558 without first receiving the results of an administrative review pursuant to this section. After receiving a request for a hearing, the department is not required to conduct an administrative review of the same matter pursuant to this section.

(f) A determination of facts by the department under this section has no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 15.5. Section 13557 of the Vehicle Code is amended to read:

13557. (a) The department shall review the determination made pursuant to Section 13353, 13353.1, or 13353.2 relating to any person who has received a notice of an order of suspension or revocation of the person's privilege to operate a motor vehicle pursuant to Section 13353, 13353.1, 13353.2, 23157, or 23158.5. The department shall consider the sworn report submitted by the peace officer pursuant to Section 23157 or 23158.2 and any other evidence accompanying the report.

(b) (1) If the department determines in the review of a determination made under Section 13353 or 13353.1, by a preponderance of the evidence, all of the following facts, the department shall sustain the order of suspension or revocation:

(A) That the peace officer had reasonable cause to believe that the person had been driving a motor vehicle in violation of Section 23137, 23140, 23152, or 23153.

(B) That the person was placed under arrest or, if the alleged violation was of Section 23136, that the person was lawfully detained.

(C) That the person refused or failed to complete the chemical test or tests after being requested by a peace officer.

(D) That, except for the persons described in Section 23157 who are incapable of refusing, the person had been told that his or her privilege to operate a motor vehicle would be suspended or revoked if he or she refused to submit to, and complete, the required testing.

If the department determines, by a preponderance of the evidence, that any of those facts were not proven, the department shall rescind the order of suspension or revocation and, provided the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. The determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(2) If the department determines in the review of a determination made under Section 13353.2, by the preponderance of the evidence, all of the following facts, the department shall sustain

the order of suspension or revocation, or if the person is under 21 years of age and does not yet have a driver's license, the department shall delay issuance of that license for one year:

(A) That the peace officer had reasonable cause to believe that the person had been driving a motor vehicle in violation of Section 23136, 23140, 23152, or 23153.

(B) That the person was placed under arrest or, if the alleged violation was of Section 23136, that the person was lawfully detained.

(C) That the person was driving a motor vehicle when the person was 21 years of age or over and had 0.08 percent or more, by weight, of alcohol in his or her blood, that the person was driving a motor vehicle when the person was under the age of 18 years and had 0.05 percent or more, by weight, of alcohol in his or her blood, or that the person was under 21 years of age and had a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test.

If the department determines that any of those facts were not proven by the preponderance of the evidence, the department shall rescind the order of suspension or revocation and, provided that the person is otherwise eligible, return or reissue the person's driver's license pursuant to Section 13551. For persons under 21 years of age, the determination of the department pursuant to this paragraph is final unless a hearing is requested within 10 days of the determination, which hearing shall be conducted according to the provisions of Section 13558. For persons over 21 years of age, the determination of the department upon administrative review is final unless a hearing is requested pursuant to Section 13558.

(c) The department shall make the determination upon administrative review before the effective date of the order of suspension or revocation.

(d) The administrative review does not stay the suspension or revocation of a person's privilege to operate a motor vehicle. If the department is unable to make a determination on administrative review within the time limit in subdivision (c), the department shall stay the effective date of the order of suspension or revocation pending the determination and, if the person's driver's license has been taken by the peace officer pursuant to Section 23137, 23157, or 23158.5, the department shall notify the person before the expiration date of the temporary permit issued pursuant to Section 23137, 23157, or 23158.5, or the expiration date of any previous extension issued pursuant to this subdivision, in a form that permits the person to establish to any peace officer that his or her privilege to operate a motor vehicle is not suspended or revoked.

(e) A person may request and be granted a hearing pursuant to Section 13558 without first receiving the results of an administrative review pursuant to this section. After receiving a request for a hearing, the department is not required to conduct an administrative review of the same matter pursuant to this section.

(f) A determination of facts by the department under this section

has no collateral estoppel effect on a subsequent criminal prosecution and does not preclude litigation of those same facts in the criminal proceeding.

SEC. 16. Section 23157 of the Vehicle Code is amended to read:

23157. (a) (1) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23140, 23152, or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153. The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (A) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (B) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within seven years of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23152 or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code which resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion, or (C) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within seven years of two or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23152 or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, which resulted in convictions, or if the person's privilege to operate a motor vehicle has been suspended or revoked two or more times pursuant to Section 13353 or 13353.2 for offenses which occurred on separate occasions, or if there is any combination of those convictions or administrative suspensions or revocations.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall submit to the person's choice of the remaining tests or test, and the officer shall advise the person that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test

shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In that case, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation

of Section 23140, 23152, or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood, breath, or urine for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(e) If the person, who has been arrested for a violation of Section 23140, 23152, or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace officer shall take possession of any driver's license issued by this state which is held by the person. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of arrest.

(g) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form and any driver's license taken into possession under subdivision (f), with the report required by Section 23158.2, to the department. If the person submitted to a blood or urine test, the peace officer shall forward the results immediately to the appropriate forensic laboratory. The forensic laboratory shall forward the results of the chemical tests to the department within 15 calendar days of the date of the arrest.

(h) A preliminary alcohol screening test that indicates the presence or concentration of alcohol based on a breath sample in order to establish reasonable cause to believe the person was driving a vehicle in violation of Section 23140, 23152, or 23153 may be used only after the officer evaluates the totality of the circumstances, including the person's performance on the field sobriety tests and under both of the following conditions:

(1) If a person refuses to take field sobriety tests or is incapable of taking the tests, the preliminary alcohol screening test may be used as a further investigative tool, unless the person refuses to take the preliminary alcohol screening test.

(2) If the officer decides to use a preliminary alcohol screening test, the officer shall advise the person that he or she is requesting that person to take a preliminary alcohol screening test to assist the officer in determining if that person is under the influence of alcohol. The person's obligation to submit to a blood, breath, or urine test, as required by this section, for the purpose of determining the alcohol or drug content of that person's blood, is not satisfied by the person submitting to a preliminary alcohol screening test. The officer shall advise the person of that fact and of the person's right to refuse to take the preliminary alcohol screening test.

(i) This section shall become operative on July 1, 1993.

SEC. 17. Section 23158.2 of the Vehicle Code is amended to read:

For purposes of this section and subdivision (g) of Section 23157, "immediately" means on or before the end of the fifth ordinary business day following the arrest.

(b) The peace officer's sworn report shall be made on forms furnished or approved by the department.

SEC. 17.5. Section 23158.2 of the Vehicle Code is amended to read:

For purposes of this section, subdivision (b) of Section 23137, and subdivision (g) of Section 23157, "immediately" means on or before the end of the fifth ordinary business day following the arrest.

(b) The peace officer's sworn report shall be made on forms furnished or approved by the department.

SEC. 18. Section 23158.5 of the Vehicle Code is amended to read:

23158.5. (a) If the chemical test results for a person who has been arrested for a violation of Section 23152 or 23153, show that the person has 0.08 percent or more, by weight, of alcohol in the person's blood, or if the person has been arrested for a violation of Section 23140, the chemical test results show that the person has 0.05 percent or more, by weight, of alcohol in the person's blood, the peace officer, acting on behalf of the department, shall serve a notice of order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person.

(b) If the peace officer serves the notice of order of suspension or revocation, the peace officer shall take possession of any driver's license issued by this state which is held by the person. When the

officer takes possession of a valid driver's license, the officer shall issue, on behalf of the department, a temporary driver's license. The temporary driver's license shall be an endorsement on the notice of the order of suspension or revocation and shall be valid for 30 days from the date of arrest.

(c) The peace officer shall immediately forward a copy of the completed notice of order of suspension form, and any driver's license taken into possession under subdivision (b), with the report required by Section 23158.2, to the department. For purposes of this section, "immediately" means on or before the end of the fifth ordinary business day following the arrest.

SEC. 19. Section 23161 of the Vehicle Code, as amended by Section 45 of Chapter 272 of the Statutes of 1993, is amended to read:

23161. (a) Except as provided in subdivision (e), if the court grants probation to any person punished under Section 23160, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be subject to one of the following:

(1) Be confined in the county jail for at least 48 hours but not more than six months, and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The court may order the Department of Motor Vehicles to suspend the privilege to operate a motor vehicle pursuant to paragraph (1) of subdivision (a) of Section 13352 when this condition of probation is imposed.

(2) Pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000), and, if the person gives proof of financial responsibility, as defined in Section 16430, to the Department of Motor Vehicles, have the privilege to operate a motor vehicle restricted for 90 days to necessary travel to and from that person's place of employment and to and from participation in a program described in subdivision (b). If driving a motor vehicle is necessary to perform the duties of the person's employment, the restriction also shall allow the person to drive to locations within the person's scope of employment. Whenever the driving privilege is restricted pursuant to this paragraph, the person shall maintain proof of financial responsibility for three years.

(3) If the court elects to order a 90-day restriction as provided for in paragraph (2), the court shall order that the restriction commence on the date of the reinstatement by the Department of Motor Vehicles of the person's privilege to operate a motor vehicle. If a suspension was imposed pursuant to Section 13353.2, the person shall be advised by the court of all of the following matters:

(A) The person's restricted driver's license does not allow the person to operate a motor vehicle unless and until the suspension under Section 13353.2 has either been served to completion or set aside, and his or her license has been reinstated.

(B) The restriction of the driver's license ordered by the court shall commence upon the reinstatement of the privilege to operate

a motor vehicle.

(b) Except as provided in subdivision (c), in any county where the board of supervisors has approved, and the State Department of Alcohol and Drug Programs has licensed, a program or programs described in Section 11837.3 of the Health and Safety Code, the court shall also impose as a condition of probation that the driver shall enroll and participate in, and successfully complete, an alcohol and other drug education and counseling program, licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, in the driver's county of residence or employment, as designated by the court.

(c) For persons who are active duty personnel in the United States Navy or Marine Corps, the court, unless the defendant requests otherwise, shall impose as a condition of probation that the driver participate in, and successfully complete, the Navy Alcohol Drug Safety Action Program rather than a program described in Section 11837.3 of the Health and Safety Code.

(d) (1) The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the failure to enroll in, participate in, or complete a program specified in subdivision (b) or (c).

(2) The court, in establishing reporting requirements, shall consult with the county alcohol program administrator. The county alcohol program administrator shall coordinate the reporting requirements with the department and with the State Department of Alcohol and Drug Programs. That reporting shall ensure that all persons who, after being ordered to attend and complete a program, may be identified for either (1) failure to enroll in, or failure to successfully complete, the program, or (2) successful completion of the program as ordered.

(e) Notwithstanding subdivision (a), if the offense occurred in a vehicle requiring a driver with a class A or class B driver's license or with an endorsement specified in Section 15278, the court shall upon conviction order the department to suspend the driver's privilege pursuant to paragraph (1) of subdivision (a) of Section 13352.

SEC. 20. Section 23168 of the Vehicle Code is repealed.

SEC. 21. Section 23171 of the Vehicle Code is amended to read:

23171. (a) If the court grants probation to any person punished under Section 23170, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least 120 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (5) of subdivision (a) of Section 13352.

(b) In addition to subdivision (a), if the court grants probation to any person punished under Section 23170, the court, may, in its

discretion, order as a condition of probation that the person participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. In lieu of the minimum term of imprisonment specified in subdivision (a), the court shall impose as a condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. The court shall not order the treatment prescribed by this subdivision unless the person makes a specific request and shows good cause for the order, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

(c) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23170 who has not previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, and unless the person is ordered to participate in and complete a program under subdivision (b), the court shall impose as a condition of probation that the person participate, for at least 18 months and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. Any person who has previously completed a 12-month or 18-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code shall not be eligible for referral pursuant to this subdivision unless a 30-month licensed program is not available for referral in the county of the person's residence or employment. The program shall provide for persons who cannot afford the program fee pursuant to paragraph (2) of subdivision (b) of Section 11837.4 of the Health and Safety Code in order to enable those persons to participate. No

condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

SEC. 22. Section 23181 of the Vehicle Code is amended to read:

23181. (a) If the court grants probation to any person punished under Section 23180, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be confined in the county jail for at least five days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to paragraph (2) of subdivision (a) of Section 13352.

(b) (1) In any county where the county alcohol program administrator has certified, and the board of supervisors has approved, such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol and other drug education and counseling program, established pursuant to Section 11837.3 of the Health and Safety Code, as designated by the court.

(2) In any county where the board of supervisors has approved and the State Department of Alcohol and Drug Programs has licensed an alcohol and other drug education and counseling program, the court shall also impose as a condition of probation that the driver enroll in, participate in, and successfully complete, an alcohol and other drug education and counseling program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, in the driver's county of residence or employment, as designated by the court.

(c) (1) The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the failure to enroll in, participate in, or complete a program specified in subdivision (b).

(2) The court, in establishing reporting requirements, shall consult with the county alcohol program administrator. The county alcohol program administrator shall coordinate the reporting requirements with the department and with the Department of Alcohol and Drug Programs. That reporting shall ensure that all persons who, after being ordered to attend and complete a program, may be identified for either (1) failure to enroll in, or failure to successfully complete, the program, or (2) successful completion of the program as ordered.

SEC. 23. Section 23211 of the Vehicle Code is amended to read:

23211. A court shall not order or refer any person to any program, including an alcohol and other drug education program or a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, or to a provider of a program, in which any employee of the court has a direct or

indirect economic interest.

SEC. 24. Section 23241 of the Vehicle Code is amended to read:

23241. (a) The Department of Motor Vehicles shall certify or cause to be certified ignition interlock devices required by this article and publish a list of approved devices.

(b) The Department of Motor Vehicles shall utilize information from an independent agency to certify ignition interlock devices on or off the premises of the manufacturer or manufacturer's agent, in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of interlock ignition devices. In certifying the devices, those which do not impede the safe operation of the vehicle, and which have the fewest opportunities to be bypassed so as to render the provisions of this article ineffective, shall be certified.

(c) No model of ignition interlock device shall be certified unless it meets the accuracy requirements and specifications provided in the guidelines adopted by the National Highway Traffic Safety Administration.

(d) All manufacturers of ignition interlock devices that meet the requirement of subdivision (c), that are certified in a manner approved by the Department of Motor Vehicles, and that intend to market the devices in this state, first shall apply to the Department of Motor Vehicles on forms provided by that department. The application shall be accompanied by a fee in an amount not to exceed the amount necessary to cover the costs incurred by the Department of Motor Vehicles in carrying out the provisions of this section.

(e) The Administrative Office of the Courts shall ensure that standard forms and procedures are developed for documenting decisions and compliance and communicating results to relevant agencies. These forms shall include all of the following:

(1) An "Order to Install," to be issued to the probationer at the time of sentencing. This shall include the conditions of the sentence and be accompanied by information concerning approved installation locations in the jurisdiction. Information regarding approved installation locations shall be provided by manufacturers with ignition interlock devices that have been certified in accordance with this section. Copies shall be provided for the court, the probationer, and the probation department, or other monitoring agency.

(2) A "Verification of Installation" form to be returned to the court by the probationer within a specified time period. Copies shall be provided for the court, the probationer, the manufacturer or manufacturer's agent, and the probation department or other monitoring agency.

(3) Verification of calibration, and compliance, forms and procedures to ensure continued use of the interlock device during the probation period and to ensure compliance with maintenance requirements. The maintenance period shall be standardized at 60 days to maximize monitoring checks for equipment tampering.

SEC. 25. Section 23246 of the Vehicle Code is amended to read:

23246. (a) Notwithstanding any other provisions of law, if any person is convicted of a violation of Section 23152 or 23153, and the offense occurred within seven years of a separate violation of Section 23152 or 23153 which resulted in a conviction, the court shall, subject to this article, prohibit the person from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, certified pursuant to Section 23241, unless the court finds that to do so would not be in the interest of justice and enters its finding on the record. Nothing in this section permits a person to drive without a valid driver's license. The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(b) The court shall order the installation of an ignition interlock device on any vehicle that a person subject to subdivision (a) owns or operates. The court shall determine which owned or operated vehicles shall be subject to the installation order and may order that the person shall nor operate a vehicle that is owned by the person, thereby permitting the court to exempt that vehicle from the installation order. The court shall order the device to remain installed on the vehicle for a period of one to three years following the restoration of the person's driving privileges. The court shall make a determination as to whether the person has the ability to pay for the ignition interlock device and, if the person claims inability to pay for the installation, the court shall determine the person's ability to pay in accordance with subdivision (b) of Section 1203.1b of the Penal Code. If the court determines that the person is unable to pay, the court may order a payment plan. The plan may defer payment over a period that exceeds the period of the court's ignition interlock device installation order. The person shall pay the manufacturer of the ignition interlock device, or the manufacturer's agent, directly for the cost of the device and its installation, in accordance with any payment schedule ordered by the court. If the court determines that there is no feasible way for the person to pay for the device, or if the manufacturer declines the person's application for a payment plan, or if the court exempts the person in the interest of justice in accordance with subdivision (a), the court shall not order an ignition interlock device installed, but may order the defendant to perform an appropriate amount of community service.

(c) The court shall require the person to provide proof of installation to the court or the probation officer within 30 days of the conviction, or within 30 days of the person's release from county jail, state prison, or a locked residential treatment program, on a form prescribed pursuant to Section 23241. If the driving privilege of the person is not also suspended or revoked, the court shall require the person to surrender his or her driver's license to the court until that proof is submitted and verified by the court or probation officer. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is

entered in the court record, the court shall notify the Department of Motor Vehicles, which shall revoke the person's driving privilege for a period of one year. The period of revocation for failure to provide proof of installation shall be added to any previously ordered suspension or revocation.

(d) A person whose driving privilege is restored prior to the end of the period ordered in subdivision (b), may petition the court to review whether continued restriction pursuant to this section is necessary.

(e) A person whose driving privilege is restricted pursuant to this section shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the court or probation officer if the person fails to return for recalibration or if the device indicates that the person has attempted to bypass or tamper with the device or has attempted to start the vehicle while intoxicated. Unless so ordered by the court, there shall be no obligation on the part of the installer to notify the court or probation officer if the person has complied with all of the requirements of this article.

(f) The court shall immediately suspend the privilege to operate a motor vehicle of, and issue a bench warrant for, any person who fails to comply with any notice from the court or probation officer to comply with the installation period ordered pursuant to subdivision (b) or with the reporting requirement of subdivision (e), or who three or more times fails to comply with any requirement for the maintenance or calibration of the ignition interlock device.

(g) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement for, and the period of, the use of a certified ignition interlock device under this section. The records of the Department of Motor Vehicles shall reflect mandatory use of the device.

(h) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, and provides the court with a physician's report that documents this condition to the satisfaction of the court, the court shall not order an ignition interlock device installed but may order the defendant to perform an appropriate amount of community service. The court may delay the installation of the device if the physician's report indicates that the person's condition may improve sufficiently to permit use of the device.

(i) The owner of a vehicle that has an ignition interlock device installed shall notify the court of a pending sale of the vehicle prior to transfer of the vehicle to the new owner. The court shall determine whether there is a replacement vehicle and shall order installation of the ignition interlock device in the replacement vehicle for the duration of the sentence. If the court determines that

there is no replacement vehicle, the court may suspend the restriction or order the person to perform an appropriate amount of community service.

(j) This article does not restrict a court from requiring installation of an ignition interlock device pursuant to Article 4 (commencing with Section 23235) for any persons to whom subdivision (a) does not apply.

(k) For purposes of this section, "vehicle" does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. However, a court shall order a person subject to this section not to operate a motorcycle for the duration of the ignition interlock order.

(*l*) For purposes of this section, "owned" means solely owned or owned in conjunction with another person or legal entity. For purposes of this section "operates" includes operating vehicles that are not owned by the person subject to this section.

SEC. 26. Section 23247 of the Vehicle Code is amended to read:

23247. (a) It is unlawful for a person to knowingly rent, lease, or lend a motor vehicle to another person known to have had his or her driving privilege restricted under a condition of probation as provided in Section 23246, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person, whose driving privilege is restricted pursuant to Section 23246 shall notify any other person who rents, leases, or loans a motor vehicle to him or her of the driving restriction imposed under that section.

(b) It is unlawful for any person whose driving privilege is restricted pursuant to Section 23246 to request or solicit any other person to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing the person so restricted with an operable motor vehicle.

(c) It is unlawful to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted pursuant to Section 23246.

(d) It is unlawful to tamper with, or circumvent the operation of, an ignition interlock device.

(e) It it unlawful for any person whose driving privilege is restricted pursuant to Section 23246 to operate any vehicle that a court orders him or her not to operate.

(f) Any person convicted of a violation of this section shall be punished by imprisonment in the county jail for not more than six months or by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment.

(g) If any person who is restricted pursuant to Section 23246 violates this section, the court shall notify the Department of Motor Vehicles, which shall revoke the person's driving privilege for one year from the date the court finds that the person violated this section. Immediately upon revocation, the order for installation imposed in accordance with subdivision (b) of Section 23246 shall be

deemed extended for a period equal to the period of revocation and until the person has petitioned the court for review of a continued restriction, pursuant to subdivision (d) of Section 23246.

(h) If any person who is restricted pursuant to Section 23246 violates subdivision (e), the court shall order the installation of an ignition interlock device on the vehicle that the person used in violating subdivision (e). The order shall be consistent with the provisions of Section 23246.

(i) It is an affirmative defense to a criminal prosecution, with the exception of a prosecution for violation of Section 12500, 12951, 14601, 14601.1, 14601.2, 14061.3, or 14601.4, or a probation violation under this article if the defendant or violator can show either of the following circumstances:

(1) If he or she had his or her driving privilege restricted pursuant to Section 23246 and leased, rented, or borrowed a vehicle for an emergency use when no other feasible alternative was available, or for a bona fide business purpose when he or she was away from his or her regular place of business.

(2) If he or she rented, leased, or loaned a vehicle to another person, whose driving privilege was restricted pursuant to Section 23246, for an emergency use when no other feasible alternative was available, or for a bona fide business purpose when the person subject to the restriction was away from his or her regular place of business.

(j) Nothing in this section permits a person to drive without a valid driver's license. The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to provide in this state an alternative to out-of-state or acute placement and state hospitalization for seriously emotionally disturbed children and adolescents needing a greater level of care than can be provided in a group home but in a less restrictive and more community-based facility than a state or acute institution.

SEC. 2. Section 1502 of the Health and Safety Code is amended to read:

1502. As used in this chapter:

(a) "Community care facility" means any facility, place, or building that is maintained and operated to provide nonmedical residential care, day treatment, adult day care, or foster family agency services for children, adults, or children and adults, including, but not limited to, the physically handicapped, mentally impaired, incompetent persons, and abused or neglected children, and includes the following:

(1) "Residential facility" means any family home, group care facility, or similar facility determined by the director, for 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual.

(2) "Adult day care facility" means any facility that provides nonmedical care to persons 18 years of age or older in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual on less than a 24-hour basis.

(3) "Therapeutic day services facility" means any facility that provides nonmedical care, counseling, educational or vocational support, or social rehabilitation services on less than a 24-hour basis to persons under 18 years of age who would otherwise be placed in foster care or who are returning to families from foster care. Program standards for these facilities shall be developed by the department, pursuant to Section 1530, in consultation with therapeutic day services and foster care providers.

(4) "Foster family agency" means any organization engaged in the recruiting, certifying, and training of, and providing professional

support to, foster parents, or in finding homes or other places for placement of children for temporary or permanent care who require that level of care as an alternative to a group home. Private foster family agencies shall be organized and operated on a nonprofit basis.

(5) "Foster family home" means any residential facility providing 24-hour care for six or fewer foster children that is owned, leased, or rented and is the residence of the foster parent or parents, including their family, in whose care the foster children have been placed. The placement may be by a public or private child placement agency or by a court order, or by voluntary placement by a parent, parents, or guardian.

(6) "Small family home" means any residential facility, in the licensee's family residence, that provides 24-hour care for six or fewer foster children who have mental disorders or developmental or physical disabilities and who require special care and supervision as a result of their disabilities. A small family home may accept children with special health care needs, pursuant to subdivision (a) of Section 17710 of the Welfare and Institutions Code. In addition to placing children with special health care needs, the department may approve placement of children without special health care needs, up to the licensed capacity.

(7) "Social rehabilitation facility" means any residential facility that provides social rehabilitation services for no longer than 18 months in a group setting to adults recovering from mental illness who temporarily need assistance, guidance, or counseling. Program components shall be subject to program standards developed and enforced by the State Department of Mental Health pursuant to Section 4094 of the Welfare and Institutions Code.

Nothing in this section shall be construed to prohibit or discourage placement of persons who have mental or physical disabilities into any category of community care facility that meets the needs of the individual placed, if the placement is consistent with the licensing regulations of the department.

(9) "Full-service adoption agency" means any licensed entity engaged in the business of providing adoption services, that does all of the following:

(A) Assumes care, custody, and control of a child through relinquishment of the child to the agency or involuntary termination of parental rights to the child.

(b) The regulations adopted pursuant to this section shall specify requirements for facility operation and maintenance.

(c) Program certification and standards enforcement shall be the responsibility of the State Department of Mental Health, pursuant to Section 4094 of the Welfare and Institutions Code. The State Department of Social Services shall not issue a community treatment facility license unless the applicant has obtained certification of compliance from the State Department of Mental Health.

SEC. 4. Section 4094 of the Welfare and Institutions Code is amended to read:

4094. (a) The State Department of Mental Health shall establish, by regulations adopted at the earliest possible date, but no later than December 31, 1994, program standards for any facility licensed as a community treatment facility. This section shall apply only to community treatment facilities described in this subdivision.

(b) A certification of compliance issued by the State Department of Mental Health shall be a condition of licensure for the community treatment facility by the State Department of Social Services. The department may, upon the request of a county, delegate the certification and supervision of a community treatment facility to the county department of mental health.

(c) The State Department of Mental Health shall adopt regulations to include, but not be limited to, the following:

certify that a facility requesting licensure as a community treatment facility pursuant to Section 1502 of the Health and Safety Code is in compliance with program standards established pursuant to this section.

(2) Procedures by which the Director of Mental Health shall deny a certification to a facility or decertify a facility licensed as a community treatment facility pursuant to Section 1502 of the Health and Safety Code, but no longer complying with program standards established pursuant to this section, in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(3) Provisions for site visits by the State Department of Mental Health for the purpose of reviewing a facility's compliance with program standards established pursuant to this section.

(5) Provisions for the State Department of Mental Health to provide consultation and documentation to the State Department of Social Services in any administrative proceeding regarding denial, suspension, or revocation of a community treatment facility license.

(d) The standards adopted by regulations pursuant to subdivision (a) shall include, but not be limited to, standards for treatment staffing and for the use of psychotropic medication, discipline, and restraint in the facilities. The standards shall also meet the requirements of Section 4094.5.

(e) During the initial public comment period for the adoption of the regulations required by this section, the community care facility licensing regulations proposed by the State Department of Social Services and the program standards proposed by the State Department of Mental Health shall be presented simultaneously.

(f) A minor shall be admitted to a community treatment facility only if the requirements of Section 4094.5 and either of the following conditions is met:

(1) The minor is within the jurisdiction of the juvenile court, and has made voluntary application for mental health services pursuant to Section 6552.

(2) Informed consent is given by a parent, guardian, conservator, or other person having custody of the minor.

(g) Any minor admitted to a community treatment facility shall have the same due process rights afforded to a minor who may be admitted to a state hospital, pursuant to the holding in In re Roger S. (1977) 19 Cal. 3d 921. Minors who are wards or dependents of the court and to whom this subdivision applies shall be afforded due process in accordance with Section 6552 and related case law, including In re Michael E. (1975) 15 Cal. 3d 183. Regulations adopted pursuant to Section 4094 shall specify the procedures for ensuring

these rights, including provisions for notification of rights and the time and place of hearings.

(h) Notwithstanding Section 13340 of the Government Code, the sum of forty-five thousand dollars ($45,000) is hereby appropriated annually from the General Fund to the State Department of Mental Health for one personnel year to carry out the provisions of this section.

SEC. 5. Section 4094.5 is added to the Welfare and Institutions Code, to read:

4094.5. Regulations for community treatment facilities adopted pursuant to Section 4094 shall include, but not be limited to, the following:

(a) Only seriously emotionally disturbed children, as defined in Section 5699.2, for whom other less restrictive mental health interventions have been tried, as documented in the case plan, or who are currently placed in an acute psychiatric hospital or state hospital or in a facility outside the state for mental health treatment, and who may require periods of containment to participate in, and benefit from, mental health treatment, shall be placed in a community treatment facility. For purposes of this subdivision, lesser restrictive interventions shall include, but are not limited to, outpatient therapy, family counseling, case management, family preservation efforts, special education classes, or nonpublic schooling.

(b) A facility shall have the capacity to provide secure containment. For purposes of this section, a facility or an area of a facility shall be defined as secure if residents are not permitted to leave the premises of their own volition. All or part of a facility, including its perimeter, but not a room alone, may be locked or secure. If a facility uses perimeter fencing, all beds within the perimeter shall be considered secure beds. All beds outside of a locked or secure wing or facility shall be considered nonsecure beds.

(c) A locked or secure program in a facility shall not be used for disciplinary purposes, but shall be used for the protection of the minor. It may be used as a treatment modality for a child needing that level of care. The use of the secure facility program shall be for as short a period as possible, consistent with the child's case plan and safety. The department shall develop regulations governing the oversight, review, and duration of the use of secure beds.

(d) Fire clearance approval shall be obtained pursuant to Section 1531.2 of the Health and Safety Code.

(e) (1) Prior to admission, any child admitted to a community treatment facility shall have been certified as seriously emotionally disturbed, as defined in Section 5699.2, by a licensed mental health professional. The child shall, prior to admission, have been determined to be in need of the level of care provided by a community treatment facility, by a county interagency placement committee, as prescribed by Section 4096.

(2) Any county cost associated with the certification and the

determination provided for in paragraph (1) may be billed as a utilization review expense.

SEC. 6. Section 4094.6 is added to the Welfare and Institutions Code, to read:

4094.6. The patients' rights provisions contained in Sections 5325, 5325.1, 5325.2, and 5326 shall be available to any child admitted to, or eligible for admission to, a community treatment facility. Every child placed in a community treatment facility shall have a right to a hearing by writ of habeas corpus, within two judicial days of the filing of a petition for the writ of habeas corpus with the superior court of the county in which the facility is located, for his or her release. Regulations adopted pursuant to Section 4094 shall specify the procedures by which this right shall be ensured. These regulations shall generally be consistent with the procedures contained in Section 5275 et seq., concerning habeas corpus for individuals, including children, subject to various involuntary holds.

SEC. 7. Section 4094.7 is added to the Welfare and Institutions Code, to read:

4094.7. (a) A community treatment facility may have both secure and nonsecure beds. However, the State Department of Mental Health shall limit the total number of beds in community treatment facilities to not more than 400 statewide. The State Department of Mental Health shall certify community treatment facilities in such a manner as to ensure an adequate dispersal of these facilities within the state. The State Department of Mental Health shall ensure that there is at least one facility in each of the State Department of Social Services' four regional licensing divisions.

(b) The State Department of Mental Health shall notify the State Department of Social Services when a facility has been certified and has met the program standards pursuant to Section 4094. The State Department of Social Services shall license a community treatment facility for a specified number of secure beds and a specified number of nonsecure beds. The number of secure and nonsecure beds in a facility shall be modified only with the approval of both the State Department of Social Services and the State Department of Mental Health.

(c) The State Department of Mental Health shall develop, with the advice of the State Department of Social Services, county representatives, providers, and interested parties, the criteria to be used to determine which programs among applicant providers shall be licensed. The State Department of Mental Health shall determine which agencies best meet the criteria, certify them in accordance with Section 4094, and refer them to the State Department of Social Services for licensure.

(d) Any community treatment facility proposing to serve seriously emotionally disturbed foster children shall be incorporated as a nonprofit organization.

(e) No later than January 1, 1996, the State Department of Mental Health shall submit its recommendation to the appropriate policy

committees of the Legislature relative to the limitation on the number of beds set forth in this section.

SEC. 8. Section 5585.58 of the Welfare and Institutions Code is amended to read:

5585.58. This part shall be funded under the Bronzan-McCorquodale Act pursuant to Part 2 (commencing with Section 5600), as part of the county performance contract.

SECTION 1. The Legislature finds and declares that it was not the intent of the people in enacting Proposition 103 to diminish state revenues or impact the General Fund. The Legislature further finds and declares that proper implementation of the rollback provisions of Section 1861.01 of the Insurance Code does not impose upon the State of California any obligation to refund tax revenues in the form of premium taxes paid during the rollback period.

The Legislature further finds and declares that employees of, and third-party independent contractors to, any insurer subject to the rollback provision of Section 1861.01 of the Insurance Code or any regulations promulgated to implement this section, are not obligated to participate in those insurers' rollback obligations, nor are those

employees or independent contractors obligated to refund any compensation previously paid to them for services rendered during the rollback period.

The Legislature further finds and declares that Section 1861.01 of the Insurance Code does not require or permit any order, settlement agreement, consent decree, or other resolution of an insurer's rollback obligation, including any regulations promulgated by the commissioner, directly or indirectly, to require the State of California to contribute any amount to any rollback obligation, or be interpreted to permit or require the insurer to recover any amount from its employees or independent contractors in order to achieve a fair rate of return as provided by the California Supreme Court in CalFarm v. Deukmejian, 48 Cal. 3d 805.

The Legislature finds and declares that this statute furthers the purpose of Proposition 103. To effectuate the foregoing findings and declarations, the Legislature hereby repeals and reenacts Section 769.2 of the Insurance Code as provided in this act.

SEC. 2. Section 769.2 of the Insurance Code is repealed.

SEC. 3. Section 769.2 is added to the Insurance Code, to read:

769.2. (a) In determining the amount of an insurer's rollback obligation pursuant to Section 1861.01 or any regulations promulgated to implement this section, each insurer shall be given full credit for all premium taxes, commissions, and brokerage expenses that the insurer actually paid during the rollback period. No insurer shall be required or permitted to seek, directly or indirectly, reimbursement from the state of any premium taxes paid on premiums earned during the rollback period or reimbursement from any employee or third-party contractor of an insurer of any compensation paid to them for services rendered during the rollback period.

(b) The provisions of this section and the findings and declarations in support thereof take effect immediately upon enactment and apply to any order, settlement agreement, consent decree, or any other resolution of an insurer's rollback obligation pursuant to Section 1861.01 that occurs after the effective date of this section.

(c) Nothing in this section shall be deemed in any regulatory or judicial proceeding or for any other purpose to constitute legislative intent to endorse or approve any regulations on the issue of Proposition 103 rollback refunds.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To provide for the prompt resolution of issues related to the computation of rebates to consumers arising out of Proposition 103 it is necessary for this act to take effect immediately.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 10790 of the Welfare and Institutions Code is amended to read:

10790. (a) The director, in consultation with the County Welfare Directors Association and at least one advocate for welfare recipients, shall establish, within the Aid to Families with Dependent Children (AFDC) program (Chapter 2 (commencing with Section 11200) of Part 3), and the Food Stamp Program (Chapter 10 (commencing with Section 18900) of Part 6), the Consolidated Public Assistance Eligibility Determination Demonstration Project.

(b) (1) The director shall, by formal order, waive the enforcement of those regulations and standards necessary to implement the project with federal approval, in order to implement

the demonstration project.

(2) The order establishing the waiver authorized by paragraph (1) shall meet all of the following requirements:

(A) It shall provide alternative methods and procedures of eligibility administration.

(B) It shall not conflict with the basic purposes or coverage provided by law.

(C) The director shall determine, based on estimates, the impact of the proposed changes on AFDC and food stamp recipients. The order shall be implemented only if no more than 5 percent of the recipients are expected to experience a net benefit reduction.

(D) Applications for, and restorations of, aid shall be processed in the shorter of the time periods required for the AFDC and Food Stamp programs, when differences exist between the two programs.

(E) It shall not be general in scope and shall apply only to the project authorized by this section.

(3) The order establishing the waiver authorized by paragraph (1) shall take effect only if the appropriate federal agencies have agreed to approve the demonstration project and to waive those federal requirements that are necessary for waiver under the project.

(c) Applicants and recipients under this chapter shall be entitled to the same rights and fair hearings and appeals as those to which they would otherwise be entitled under the AFDC program (Chapter 2 (commencing with Section 11200) of Part 3) and the Food Stamp Program (Chapter 10 (commencing with Section 18900) of Part 6).

(d) The director shall include in the request for any waivers necessary for the implementation of this demonstration project the declaration that if any of the specific elements, pursuant to Section 10791, are deemed unwaivable or are not granted, the other elements may be considered independently and waived as permitted under federal law.

(e) The director may exclude from the request for waivers any specific element, pursuant to subparagraph (D) of paragraph (2) of subdivision (b) of this section or Section 10791, determined to be not cost-effective due to significant General Fund costs. The department shall report to the Legislature within one year on the reasons for such a determination.

SEC. 2. Section 11008.19 of the Welfare and Institutions Code is amended to read:

11008.19. (a) (1) To the degree child care and development services administered by the State Department of Education pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code are used to serve families receiving aid to families with dependent children that are eligible for child care under the AFDC program, the department and the State Department of Education, in consultation with the county welfare departments, shall establish a system for documenting child care

usage by this population so the state can claim the maximum amount to which it is entitled under Title IV-A of the Social Security Act, contained in Part A (commencing with Section 601) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

(2) To the extent permitted by federal law, on July 1, 1992, and each year thereafter, the department and the State Department of Education shall coordinate their efforts and claim federal financial participation pursuant to Title IV-A of the Social Security Act.

(3) Upon the approval of the Superintendent of Public Instruction, the department, and the State Department of Education shall enter into an interagency agreement to transfer Title IV-A funds from the department to the State Department of Education and to ensure that all federal requirements are met in carrying out the program made possible by the receipt of Title IV-A funds.

(4) The system established pursuant to paragraph (1) shall be implemented only to the extent that its implementation does not result in an overall increase in expenditures from the General Fund.

(b) (1) Title IV-A funds received pursuant to paragraph (1) of subdivision (a) shall be used to expand child care and development services in accordance with the interagency agreement required by paragraph (3) of subdivision (a).

(2) In no case shall Title IV-A funds received pursuant to this section be used to supplant existing state funds and cause the state to violate the maintenance of effort requirements for the federal Child Care and Development Block Grant and the Title IV-A "at-risk" programs. Funds made available pursuant to subdivision (a) shall be expended by the departments to support the following:

(A) Any additional administrative costs associated with documenting and claiming federal reimbursement incurred by the department, the State Department of Education, county welfare offices, and child care and development services contractors.

(B) Expanded child care and development services to families receiving AFDC benefits, in the following order of priority:

(i) AFDC families in approved education and training programs, except those receiving services under Article 3.2 (commencing with Section 11320) of Chapter 2.

(ii) AFDC applicants or recipients who choose the Alternative Assistance Program pursuant to Section 11280.

(iii) All other AFDC recipients.

(c) (1) The Superintendent of Public Instruction, the Secretary of Health and Welfare, and the Secretary for Child Development and Education, in consultation with representatives from child care and development programs, county welfare departments, legislative staff, and representatives from the Department of Finance and the office of the Legislative Analyst, shall investigate, and develop a report concerning, the feasibility of consolidating all child care and development services to provide equal access to services established by federal regulations, including issues associated with the AFDC child care disregard.

(2) The purpose of the report required by paragraph (1) shall be to develop a comprehensive, seamless program that maximizes parental choice.

(3) The Superintendent of Public Instruction, the Secretary of Health and Welfare, and the Secretary for Child Development and Education shall submit their report, including their findings and recommendations, to the appropriate policy and fiscal committees of the Legislature by January 30, 1993.

(d) (1) Notwithstanding Section 8278 of the Education Code and Item 6110-196-001 of the Budget Act of 1991 (Chapter 118 of the Statutes of 1991), the Superintendent of Public Instruction may authorize the expenditure of not more than one million dollars ($1,000,000) in child care carryover funds by the State Department of Education and the State Department of Social Services, through an interagency agreement, for the purposes of implementing the program specified in this section in the 1991–92 and 1992–93 fiscal years.

(2) Prior to making the authorization under paragraph (1), the Superintendent of Public Instruction shall notify the appropriate policy and fiscal committees of the Legislature of the amounts to be expended pursuant to this subdivision.

(3) Funds that may be expended pursuant to this subdivision shall be expended for the purpose of supporting administrative costs associated with claiming federal reimbursement for families with dependent children receiving services pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code. In the 1993–94 fiscal year and subsequent fiscal years, state administrative funds for both departments shall be appropriated in the annual Budget Act pursuant to subdivision (b).

(e) For purposes of this section "Title IV-A funds" means federal money received pursuant to Part A (commencing with Section 601) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

SEC. 3. Section 11155.2 of the Welfare and Institutions Code is amended to read:

11155.2. (a) In addition to the personal property permitted by this part, recipients of aid to families with dependent children shall be permitted to retain savings and interest thereon for specified purposes up to a maximum of five thousand dollars ($5,000) per family. Interest earned from these savings and deposited into a restricted account shall be considered exempt as income for purposes of determining AFDC eligibility and grant amounts if the interest is retained in the account. If the interest is not deposited by the financial institution into the account, the interest shall be treated as a nonqualifying withdrawal of funds from the account as specified in subdivision (b). This section shall not apply to applicants. Funds may be used by the family for postsecondary education or training for a child or children, for starting a business, or for the purchase of a home. Recipients who wish to retain savings for these purposes shall enter into a written agreement with the county to establish a

separate account with a financial institution, with the account to be used solely for the purpose of accumulating funds for later withdrawal for a qualifying expenditure. A qualifying expenditure shall be defined by department regulations and shall be verified by the recipient. The recipient shall agree to provide periodic verification of account activity, as required by department regulations. The agreement shall notify the recipient of the penalty for nonqualifying withdrawal of funds.

(b) Any nonqualifying withdrawal of funds from the account shall result in a calculation of a period of ineligibility for all persons in the assistance unit, to be determined by dividing the balance in the account immediately prior to the withdrawal by the minimum basic standard of adequate care for the members of the assistance unit, as set forth in Section 11452. The resulting whole number shall be the number of months of ineligibility. The period of ineligibility may be reduced when the minimum basic standard of adequate care of the assistance unit, including special needs, increases.

(c) This section shall be implemented on the first day of the month following the month in which the director executes a declaration that shall be retained by the director, stating that federal approval for implementation of this section has been obtained, and specifying the duration of that approval, and shall continue to be implemented only until the end of the period of federal approval.

SEC. 4. Section 11280 of the Welfare and Institutions Code is amended to read:

11280. (a) The Alternative Assistance Program is hereby created.

(b) Recipients of, and applicants eligible for, aid under this chapter, who have earned income, shall be eligible for the Alternative Assistance Program if they decline or refuse a cash grant. Alternative assistance participants are eligible to receive child care assistance and Medi-Cal benefits. For the purposes of Medi-Cal eligibility, alternative assistance participants shall be considered to be AFDC recipients.

(c) Recipients of, and applicants for, aid under this chapter shall be notified of the availability of alternative assistance under this section at the time of application or redetermination of eligibility. The notification shall specify that the family would be foregoing a cash grant, and any person choosing alternative assistance under this section shall sign a statement stating that he or she understands this choice.

(d) To the extent permitted by federal law, the child care assistance shall be paid for at the actual cost or the reimbursement maximum based on the regional market rate. The regional market rate means care costing no more than the 75th percentile of the cost of care for that region.

(e) It is the intent of the Legislature that, to the extent feasible, participants in the Alternative Assistance Program shall receive child care services through existing child care resources including the

At-Risk Child Care program as specified in Section 8352 of the Education Code, funds made available under Section 11008.19 and the federal Child Care and Development Block Grant of 1990, established by the Omnibus Budget Reconciliation Act of 1990 (Public Law 101-508).

(f) A family whose eligibility for this program terminates due to employment or increased earnings shall, to the extent federal financial participation is available, be eligible for transitional child care benefits established under Article 8 (commencing with Section 11500) and transitional Medi-Cal benefits provided for under Section 14005.8.

(g) This section shall be implemented only if the director executes a declaration, that shall be retained by the director, stating that federal approval for use of funds under Part A (commencing with Section 601) of Subchapter IV of Chapter 7 of Title 42 of the United States Code for the program and that federal approval for implementation of this section has been obtained, and specifying the duration of that approval.

SEC. 5. Section 11310 of the Welfare and Institutions Code is amended to read:

11310. (a) Except as provided in subdivision (b), every individual, as a condition for eligibility for aid under this chapter, shall register for manpower services, training, and employment.

(b) The following individuals are not required to register:

(1) An individual under 16 years, except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative.

(2) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, a child attending an elementary, secondary, vocational, or technical school on a full-time basis. A person who is 16 or 17 years of age, or a person described in subdivision (d) who loses this exemption, shall not requalify for the exemption by attending school as a required activity under the Greater Avenues for Independence program. For purposes of this subdivision, school does not include postsecondary education.

(3) An individual who is ill, incapacitated, or of advanced age.

(4) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, an individual so remote from a program activity that his or her effective participation is precluded.

(5) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, an individual whose presence in the home is required because of illness or incapacity of another member of the household.

(6) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, a parent or other relative who meets the criteria described in subparagraph (A) or (B).

(A) Has primary responsibility for personally providing care to a child under the age of three years. An individual may be exempt only

once for this reason during a period of continuous eligibility. An individual who has primary responsibility for personally providing care to a child under three years of age who has previously received this exemption shall be exempt for a period of four months, upon the birth or adoption of a child. An individual meeting this criterion who volunteers to register may not be required to participate unless it is guaranteed that: (1) child care will be provided and (2) participation will not be required for more than 20 hours per week.

(B) Has primary responsibility for personally providing care to a child aged three to five years, inclusive, unless it is guaranteed that: (1) child care will be provided and (2) participation will not be required for more than 20 hours per week.

(C) In a family eligible for Aid to Families with Dependent Children payments due to the unemployment of the principal wage earner, the exemption criteria contained in subparagraph (A) or (B) shall be applied to only one parent.

(7) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, a woman who is pregnant and it has been medically verified that the anticipated delivery date is the month of required participation or is within the six-month period immediately following the month of required participation.

(8) Except as provided in subdivision (b) of Section 11331.5, during that time the provision is operative, an individual who is working not less than 30 hours per week in unsubsidized employment which is expected to last a minimum of 30 days. This exemption continues to apply if there is a temporary break in full-time employment which is expected to last no longer than 10 working days.

(9) An individual who is a full-time volunteer serving under the Volunteers in Service to America (VISTA) program, pursuant to Title 1 of the federal Domestic Volunteer Service Act of 1973 (P.L. 93-113).

(c) Any individual not required to register may choose to register voluntarily for manpower services, training, and employment, and may withdraw that registration at any time without loss of eligibility for aid under this chapter, if his or her status has not changed in a way that would require registration.

(d) Notwithstanding subdivision (a), a custodial parent who is under 20 years of age and who has not earned a high school diploma or its equivalent, and who is not exempt or whose only basis for exemption is subparagraph (A) of paragraph (6) of subdivision (b), shall be required to register solely for the purpose of earning a high school diploma or its equivalent. During that time that Article 3.5 (commencing with Section 11331) is operative, this subdivision shall only apply to a custodial parent who is 19 years of age.

(1) Notwithstanding subparagraph (B) of paragraph (6) of subdivision (b), full-time participation shall be required of the parent.

(2) Paragraph (7) of subdivision (c) of Section 11325.2 shall apply

to a custodial parent who is 18 or 19 years of age who is required to participate under this article. Any referral pursuant to a progress evaluation conference that results in an assignment to any training or work activity shall be subject to subparagraph (B) of paragraph (6) of subdivision (b).

(3) Custodial mothers under 20 years of age who have not earned a high school diploma or its equivalent shall be exempted due to incapacity as provided in paragraph (3) of subdivision (b) after the birth of the child for a period of postpartum recovery as prescribed by a physician.

(e) Notwithstanding subdivision (d), the county may determine at appraisal that participation in education activities for the purpose of earning a high school diploma or equivalent is inappropriate for an 18 or 19 year old custodial parent only if that parent is already in an educational or vocational training program that is approvable as a self-initiated program as specified in paragraph (5) of subdivision (c) of Section 11325.2. If that determination is made, the parent shall be allowed to continue participation in the self-initiated program subject to paragraph (5) of subdivision (c) of Section 11325.2. During that time that Article 3.5 (commencing with Section 11331) is operative, this subdivision shall only apply to a custodial parent who is 19 years of age.

SEC. 6. Section 11322.2 of the Welfare and Institutions Code is amended to read:

11322.2. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a revised plan.

(b) Counties shall achieve cost reductions pursuant to a revised plan required by subdivision (a), primarily by reducing the number of participants in the program in a manner consistent with Section 11322.4. Counties may make program efficiencies to the extent those reductions do not threaten the guarantee of services as required by subdivision (b) of Section 11321.2. In its review, the department shall ensure that any efficiencies do not create an effective barrier to participation on the part of current or future clients.

(c) (1) The state share of the nonfederal costs of the Greater Avenues of Independence program shall be 70 percent of the actual nonfederal expenditures for that program or the amount appropriated by the Legislature for that purpose, whichever is less.

(2) Notwithstanding paragraph (1), once the county has met the requirements of subdivision (d), the state shall pay 100 percent of the actual nonfederal expenditures above that requirement, up to the amount of the county's GAIN allocation.

(d) A county shall have no share of any nonfederal expenditures above the actual amount of nonfederal expenditures for this program

in the 1992–93 fiscal year, provided that the county has maintained the level of county matching funds it provided for this program in the 1992–93 fiscal year.

SEC. 7. Section 11325 of the Welfare and Institutions Code is amended to read:

11325. (a) Unless otherwise exempt, the following persons shall not be required to participate in program components, beyond registration, until the county welfare department determines that the situation not requiring participation no longer exists:

(1) (A) Any person who, at the time of initial appraisal, is enrolled on a full-time basis in a program leading to a degree or certificate. If the individual is attending less than full time at the time of initial appraisal, but he or she agrees to full-time attendance as soon as possible, the individual shall be considered to be attending on a full-time basis.

(B) Any person subject to this subdivision shall participate on a full-time basis and make satisfactory progress in that program according to the standards of the provider.

(C) A person may participate on a basis of less than full time, but not less than a half-time basis, if full-time participation is not feasible due to good cause, as defined in Section 11328.

(2) A person who is so seriously dependent upon alcohol or drugs that work or training is precluded.

(3) A person who is having an emotional or mental problem that precludes participation.

(4) A person who is involved in legal difficulties, such as court-mandated appearances that preclude participation.

(5) A person who does not have the legal right to work in the United States.

(6) A person who has a severe family crisis.

(7) A person who is in good standing in a union that controls referrals and hiring in the occupation.

(8) A person who is temporarily laid off from a job with a definite call-back date.

(9) A person who is employed for 15 or more hours per week.

(10) A person, or a family member, has a medically verified illness.

(11) A woman in the first trimester of pregnancy.

(12) A person who lacks the necessary child care for children described in subdivision (a) of Section 11323.2 or for children described in that subdivision but who are not members of the assistance unit, or a person who lacks necessary transportation.

(b) Participation of individuals who are attending a self-initiated program upon entering GAIN may be deferred in order to permit completion of the program semester, quarter, or increment of not more than six months.

(c) The department shall promulgate regulations that specify when the county welfare department shall determine whether an individual meets any of the criteria listed in subdivisions (a) and (b).

(d) This section shall not apply to individuals subject to Article 3.5

(commencing with Section 11331), during that time that article is operative.

(e) For all other registrants, the county shall develop a preliminary employability plan. The plan shall, at a minimum, take into account the registrant's employment experience and his or her employment goals.

SEC. 8. Section 11325.2 of the Welfare and Institutions Code is amended to read:

11325.2. (a) At the time an individual registers pursuant to this article, including persons who volunteer to participate, or with respect to any individual described in Section 11325, at the time the situation which permits nonparticipation no longer exists, every individual shall enter into a written basic contract with the county welfare department.

(b) The county shall offer the participant three days in which to consider and evaluate the proposed terms of the contract, or any subsequent amendments to the contract.

(c) The contract shall contain all of the following:

(1) The contract shall be written in clear and understandable language, and have a simple and easy-to-read format. The contract shall contain at least all of the following general information:

(B) A detailed description of the services, including supportive services such as child care and transportation, available to program participants and the hours the participant is required to attend training, education, or work experience.

(C) A description of the rights, duties and responsibilities of program participants, including a list of the exemptions from required participation under this article and the consequences of a refusal to participate in program components.

(2) In the case of any participant who has not been employed within two years from the date of registration, except for a participant described in paragraph (4), the contract shall provide that the participant shall participate in job club for a period of three weeks, as defined in Section 11322.6. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(3) In the case of any participant who has been employed within two years of the date of registration, except for a participant described in paragraph (4), the participant shall have the option to participate in a three-week period of job club, as defined in Section 11322.6, or in a three-week period of supervised job search, as defined in that section. At the discretion of the employment and training counselor and with the approval of the first or second line supervisor, the job search period may be shortened when it is determined that all reasonable job search efforts have been exhausted. The participant shall choose one of the options upon signing the contract. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(4) Notwithstanding paragraph (2) and (3), in the case of any participant who has been a recipient of aid under this chapter more than twice within three years from the date of registration, the contract shall provide for immediate referral to assessment pursuant to Section 11325.4. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(5) (A) Any individual who is enrolled or attending in good standing in a self-initiated vocational training program or an educational program which will likely lead to unsubsidized employment in an occupation in demand may continue to participate in that program until completion of the program for a period not to exceed two years from the date the basic contract reflecting the self-initiated program is signed. The individual's program shall be scheduled to be completed within the two-year period. The two-year period may be extended, one time only, for a period of not more than six months, on an individual basis, for persons who are unable to complete a self-initiated program due to any of the following circumstances and who have a reasonable expectation to complete that program within the six-month period:

(i) The individual's basic skills requirements required more class time than was estimated at the commencement of that individual's self-initiated program.

(ii) The school or college did not offer required classes in a sequence that permitted completion of the self-initiated program within the prescribed time period.

(iii) The individual had a personal or family crisis that resulted in the inability of that individual to complete his or her self-initiated program without an additional period of attendance, not to exceed six months.

(B) In order to continue in a self-initiated training or education program, a GAIN applicant or recipient shall need the education or training in order to become employable in unsubsidized employment. Any individual who meets either of the following criteria shall be deemed to be employable:

(i) Possesses a baccalaureate degree.

(ii) Has an education or job skills necessary to obtain unsubsidized employment in an occupation which is in demand that will provide the individual with an income equal to two times the federal poverty line for the appropriate family size. A county may waive this requirement if an individual is able to demonstrate that, due to compelling personal circumstances, employment in the previous occupation is not realistic, including, but not limited to, a work-related disability, inability to obtain required union membership, or hours of employment that cause a severe hardship on the recipient's family.

(C) (i) Supportive services reimbursement shall be limited to child care and transportation for any participant in a self-initiated training or education program approved under this subdivision. This reimbursement shall be provided if no other source of funding for

those costs is available.

(ii) Any offset to supportive services payments shall be made in accordance with subdivision (d) of Section 11323.4.

(D) (i) In order to continue in a self-initiated training or education program, a GAIN participant shall be attending at least full time and shall, make satisfactory progress, as periodically measured according to the standards of the program in which the individual is enrolled. If the individual is attending less than full time upon entry into GAIN but she or he agrees to full-time attendance as soon as possible, the individual shall be considered to be attending on a full-time basis.

(ii) A GAIN participant may participate on less than a full-time basis, but not less than on a half-time basis, if full-time participation is not feasible due to good cause, as defined in Section 11328.

(E) Participation in the self-initiated vocational or educational training program shall be reflected in the basic contract. The basic contract shall provide that whenever an individual ceases to participate in, or refuses to attend regularly, or does not maintain satisfactory progress in the self-initiated program, the individual shall participate in this program in accordance with paragraph (2), (3), or (4), whichever is applicable.

(F) Any person whose previously approved self-initiated education or training program is interrupted for reasons preventing participation may resume participation in the same program if the participant maintained good standing in the program while participating. The county shall adjust the completion date of the program accounting for the time of absence to allow the participant a cumulative total of two years participation for completion of the program. In circumstances where the break in participation was for a period of more than one year, the participant may resume the program if the county determines the previously approved self-initiated education or training program meets all other criteria of this section at the time it is resumed.

(6) For those participants who lack basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills, the basic contract shall provide for either remedial education, instruction in order to obtain a general educational development certificate, or instruction in English as a second language. These participants shall be referred to appropriate service providers, including the educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code. The basic contract shall provide that when an individual, to whom this paragraph applies, fails, refuses, or ceases to comply with program requirements, without good cause, as specified in Section 11328, and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute, the individual shall be subject to the sanction provisions of Section 11327.5.

(7) An individual to whom paragraph (6) applies who is either determined at appraisal or by the education provider as unable to benefit from basic educational services due to a learning or medical problem, or is participating in the instruction and is determined not to be making satisfactory progress, shall be referred to a progress evaluation for a determination of whether the individual has the ability to successfully complete the assigned component. As part of the evaluation, counties may require an individual to take tests to obtain additional information regarding the student's learning abilities. This evaluation may result in referral, as appropriate, to any of the following components: (A) rereferral to the person's previous activity, (B) existing special programs that meet specific needs of the individual, (C) job club, if the county determines the individual has the skills needed to find a job in the local labor market, (D) assessment followed by the appropriate postassessment activity, or (E) rehabilitation assessment and subsequent training. The participant shall be involved in the decisions made during the progress evaluation and shall have appeal rights consistent with those accorded to individuals during an assessment made pursuant to subdivision (b) of Section 11325.4.

It is the intent of the Legislature that the progress evaluations provide a method for determining the appropriate services needed by an individual for long-term success in the job market. An individual who is determined to need long periods of classroom instruction in order to achieve basic skills should not be referred to a progress evaluation if he or she is making steady, satisfactory progress in attaining the basic skill goal.

(8) (A) In the case of an individual who is an applicant for aid under this chapter and who is required to register pursuant to this article, mandated activities shall be limited to those necessary to enter into a written basic contract and to participation in job search.

(B) A participant described in subparagraph (A) who is assessed as needing additional education and who chooses education in preference to job search as his or her first program component shall not be required to participate in job search until the county has approved the registrant for aid pursuant to this chapter.

(9) Notwithstanding paragraphs (2) to (6), inclusive, the department shall adopt regulations or policies, as required by federal law, that specify the participation requirements with which one parent in a family eligible for aid under this chapter due to the unemployment of the principal wage earner is required to comply.

(d) This section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331) during the time that article is operative.

SEC. 9. Section 11327.5 of the Welfare and Institutions Code is amended to read:

11327.5. (a) Sanctions shall be imposed in accordance with subdivision (b) or (c), as appropriate, if an individual has failed or refused to comply with program requirements without good cause

and conciliation efforts, as described in Section 11327.4, have failed.

(b) The sanctions provided for in subdivisions (c) and (d) shall not apply to an individual who is exempt from the requirements of this article but is voluntarily participating in the program. If such an individual is a member of a group listed in paragraphs (1) to (5), inclusive, of subdivision (d) of Section 11322.4, and engages in conduct that would bring about the actions provided for in subdivisions (c) and (d), except for his or her status as a voluntary program participant, the individual shall not be given priority so long as other individuals are actively seeking to participate. In the case of any other voluntary program participant who engages in conduct that would bring about the actions provided for in subdivisions (c) and (d), except for his or her status as a voluntary program participant, the individual shall be precluded from participating in the program for a period of six months.

(c) Financial sanctions for failing or refusing to comply with program requirements without good cause shall cause a reduction in the family's grant by removing the noncomplying family member from the assistance unit for a period of time specified in subdivision (d).

(1) For families that qualify for aid due to unemployment of the family's primary wage earner, the sanctioned parent shall be removed from the assistance unit. Unless the spouse or the family's second parent meets the provisions of subparagraph (A) of paragraph (2), if the sanctioned parent's spouse or the family's second parent is not participating in the program, both the sanctioned parent and the spouse or second parent shall be removed from the assistance unit. The county shall notify the spouse of the noncomplying participant or second parent in writing at the commencement of conciliation of his or her own opportunity to participate and the impact on sanctions of that participation. Notwithstanding Section 11322.4, the sanctioned parent's spouse or the family's second parent shall be provided the opportunity to participate.

(2) (A) Except as provided in subparagraph (B), exemption criteria specified in Section 11310, deferral criteria specified in Section 11325, conciliation specified in Section 11327.4, and good cause criteria specified in Section 11328 shall apply to the sanctioned parent's spouse or the family's second parent.

(B) Exemption criteria specified in paragraphs (5) and (6) of subdivision (b) of Section 11310 do not apply to a spouse or second parent who is participating to avoid the sanction of the noncomplying parent.

(C) If the sanctioned parent's spouse or the family's second parent chooses to participate to avoid the noncomplying parent's sanction, subsequently fails or refuses to participate without good cause, and does not conciliate, he or she shall be removed from the assistance unit for a period of time specified in subdivision (d).

(D) If the sanctioned parent's spouse or the family's second

parent is under his or her own sanction at the time of the first parent's sanction, the spouse or second parent shall not be provided the opportunity to avoid the first parent's sanction until the spouse or second parent's sanction is completed.

(3) For families that qualify due to the absence or incapacity of a parent, only the noncomplying parent shall be removed from the assistance unit.

(4) If the noncomplying individual is the only dependent child in the family, his or her needs shall not be taken into account in determining the family's need for assistance and the amount of the assistance payment.

(5) If the noncomplying individual is one of several dependent children in the family, his or her needs shall not be taken into account in determining the family's need for assistance and the amount of the assistance payment.

(d) The length of time that financial sanctions shall reduce a family's grant shall increase in the following manner:

(1) The first instance of noncompliance without good cause shall result in a financial sanction. This sanction shall terminate at any point if the noncomplying participant reaches an agreement with the county welfare department in an amended contract or agrees to participate and performs the activity he or she previously refused to perform.

(2) The second instance of noncompliance without good cause shall result in a financial sanction for three months or until the noncomplying participant reaches an agreement with the county welfare department or agrees to participate and performs the activity he or she previously refused to perform, whichever is longer.

(3) The third and each subsequent instance of noncompliance without good cause shall result in a financial sanction for six months or until the noncomplying participant reaches an agreement with the county welfare department or agrees to participate and performs the activity he or she previously refused to perform, whichever is longer.

(e) Sanctions shall become effective on the first day of the first payment-month that the sanctioned individual's needs are removed from aid under this chapter.

(f) In the event this section conflicts with federal law, the department shall adopt regulations to conform to federal law.

SEC. 10. Section 11332 of the Welfare and Institutions Code is amended to read:

11332. (a) Participation by a teenage parent shall be deferred if the county determines that any of the services an individual is assessed as needing pursuant to Section 11331.7 are not available.

(b) Participation by a teenage parent shall be deferred so long as the individual has a special need that directly affects his or her ability to attend school or be successful in earning a high school diploma and the special need cannot be addressed.

(c) Participation by a teenage parent shall be deferred after the

birth of a child for a period of postpartum recovery as prescribed by a physician.

SEC. 11. Section 11332.5 of the Welfare and Institutions Code is amended to read:

11332.5. (a) Counties shall arrange for the provision of case management services and counseling to teenage parents to assist their participation in the Cal-Learn Program. Case management services shall include all of the following:

(1) Designing a realistic plan that assists in maximizing the ability of each client to graduate from high school or its equivalent and includes referrals to services that:

(A) Reduce the incidence of maternal and child morbidity and mortality, including the incidence of low birthweight infants.

(B) Enhance the teen's parenting skills.

(C) Facilitate an effective ongoing relationship between the teenage parent, the noncustodial parent, and the child where it is in the best interest of the child and the teenage parent.

(D) Assess the suitability of the teenage parent's living situation, including, but not limited to, the physical and emotional health and safety of the teenage parent and the child.

(2) Providing referrals to appropriate community services needed to assist the teenage parent's return to school.

(3) Monitoring each client's progress and making the necessary changes to improve the individual's program.

(4) (A) Acting as a counselor, colleague, and role model so that each teenage parent has someone to trust and to turn to for advice, guidance, and ideas.

(B) Case managers should be prepared to provide intensive counseling during all phases of a teenage parent's progress through the program.

(5) Ensuring that each teenage parent understands the program requirements and the consequences of not making adequate or satisfactory progress required under this article.

(b) Counties shall afford case managers assigned to assist teenage parents sufficient time to provide the needed case management services.

(c) (1) Case managers assigned to assist teenage parents shall possess an expertise in understanding the education, training, and other social and health service needs of teenage parents, as well as the local programs that provide these services.

(2) Each county, in conjunction with the department, shall provide training to persons assigned to work with teenage parents to develop the expertise required by paragraph (1).

(d) The county plan required by Section 11320.6 shall describe the way each county proposes to provide case management services to teenage parents.

SEC. 12. Section 11333 of the Welfare and Institutions Code is amended to read:

11333. (a) Except as provided in subdivision (b), counties shall

contract for the provision of case management services, as described in subdivision (b) of Section 11331.7 and in Section 11332.5, with public or nonprofit agencies or school districts that administer services under the Adolescent Family Life Program (Article 3.2 (commencing with Section 309.100) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(b) Counties may contract with other public or nonprofit agencies or school districts for case management services or provide case management services directly in cases where services from contractors under the Adolescent Family Life Program are not available or cost-effective, or where the county has an existing teen services program, and if all the following conditions are met:

(1) The Director of Health Services has determined that the services conform to the standards and scope of services provided through the Adolescent Family Life Program.

(2) The county plan includes a justification for not contracting with the Adolescent Family Life Program.

(3) The services are designed with the cooperation of the local health agency.

(c) Counties shall include Adolescent Family Life Program contractors in their planning of Cal-Learn implementation.

(d) In implementing this section and developing model contracts, the department shall consult with the State Department of Health Services so as to promote the purposes of this program.

SEC. 13. Section 11333.7 of the Welfare and Institutions Code is amended to read:

11333.7. (a) Any participant required to participate pursuant to Section 11331.5 who maintains satisfactory progress in school shall, not more than four times in a calendar year, receive a one hundred dollar ($100) supplement to the amount of aid paid pursuant to Section 11450. The supplement shall be paid to the assistance unit of which the teenage parent is a member in the month following submission of the report card, if received by the county no later than the eleventh calendar day of the month, or in the second month following submission of the report card, if received by the county after the eleventh calendar day of the month.

(b) (1) Any participant required to participate pursuant to Section 11331.5 who fails to demonstrate that he or she has made adequate progress in school, either by failing to provide the report card or based on the grades on the report card, shall, not more than four times in a calendar year, be subject to a sanction that shall be a reduction of one hundred dollars ($100) of the amount that would otherwise be paid under Section 11450 apportioned equally over a two-month period.

(2) (A) Participants, including, but not limited to, those subject to sanctions, may seek to demonstrate good cause for lack of adequate progress. If there is good cause for lack of adequate progress the county shall either defer the participant from program participation, or waive all or part of the sanction, or both.

Participants shall not otherwise be subject to conciliation under Section 11327.4 and sanctions under Section 11327.5, and shall be referred to case management services to determine the causes of poor school performance and how it can be improved.

(B) For the purposes of this section, good cause as specified in subdivisions (b), (c), (d), (e), (f), (h), (i), and (*l*) of Section 11328 shall constitute good cause only when the events described in those subdivisions substantially deprive the participant of the ability to make adequate progress on the report card or periodic progress report. A good cause determination shall not be based on events described in subdivisions (a), (g), (j), and (k) of Section 11328.

(c) Any participant required to participate pursuant to Section 11331.7 who successfully completes high school or a California high school equivalency examination shall receive a five hundred dollar ($500) supplement. No assistance unit shall receive a one hundred dollar ($100) supplement when a five hundred dollar ($500) supplement for the same report card or progress report is paid. The five hundred dollar ($500) supplement shall be paid to the teenage parent in the month following submission of the record of completion, if received by the county no later than the eleventh calendar day of the month, or in the second month following submission of the record of completion, if received by the county after the eleventh calendar day of the month.

(d) The sanction specified in subdivision (b) shall be applied only once per report card, not to exceed fifty dollars ($50) in any single month, and shall be applied to the amount of aid paid to the assistance unit of which the teenage parent is a member pursuant to Section 11450. The participant shall submit a copy of the report card to the case manager within 10 working days of receipt of the report card.

(e) (1) For purposes of this section, in schools that provide periodic report cards with letter grades, satisfactory progress means maintaining a grade point average of at least 2.0 on a scale where A equals 4.0 points and F equals 0 points, and adequate progress means maintaining a grade point average of at least 1.0 on the same scale.

(2) For the purposes of this section, in schools or other educational programs that do not provide letter grades indicating student performance, satisfactory progress or inadequate progress shall be determined by the school's regular assessment of periodic progress.

(f) In cases where a participant is subject to a sanction pursuant to subdivision (b), case managers shall do all of the following:

(1) Fully inform teenage parents of the consequences of continuing to fail to comply with the program.

(2) Make reasonable efforts to reach teenage parents who they believe are in danger of continuing to fail to make satisfactory or adequate progress or not to attend school.

(3) Make reasonable efforts to secure a face-to-face meeting with a teenage parent before initiating a sanction.

(g) If a teenage parent fails or refuses to comply with program

requirements without good cause, the case manager shall again inform the client of the consequences of not participating in the program, and shall provide the teenage parent with the telephone number and address of the local welfare rights organization or legal aid society, should he or she need further assistance.

SEC. 14. Section 11521 of the Welfare and Institutions Code is amended to read:

11521. (a) Upon request by a pilot county, the department shall waive the requirements contained in subdivisions (b) and (c) of Section 11321.4, Section 11322.4, subdivision (a) of Section 11323, paragraphs (2), (3), and (4) of subdivision (c) of Section 11325.2, subdivision (a) of Section 11325.4, or Section 11326, or all of these.

(b) A participating county may modify its GAIN plan as follows:

(1) For all registrants, except those registrants deferred from participation pursuant to paragraphs (1) to (12), inclusive, of subdivision (a) of Section 11325, teen parent registrants participating pursuant to Article 3.3 (commencing with Section 11330), and participants in a self-initiated program under subparagraph (A) of paragraph (5) of subdivision (c) of Section 11325.2, the county shall conduct an initial assessment prior to program participation. The assessment shall be based upon the individual's educational, child care, and other supportive services needs; the individual's proficiencies, skill deficiencies, and prior work experience; and other factors the county determines are relevant in developing the employability plan.

(2) On the basis of the assessment, the county shall develop an employability plan in consultation with the participant.

(A) The employability plan shall contain all of the following:

(i) An employment goal for the participant.

(ii) A description of the services to be provided, including child care and other supportive services.

(iii) A description of the activities to be undertaken by the participant in order to achieve the employment goal.

(v) If necessary, provision for either remedial education, instruction in order to obtain a general educational development certificate, instruction in English as a second language, pursuant to paragraph (6) of subdivision (c) of Section 11325.2, or any other concurrent or sequential activities pursuant to subdivision (b) of Section 11325.

(B) The employability plan shall take into account all of the following:

(i) Available program resources.

(ii) The participant's supportive services needs.

(iii) The participant's skill level and aptitudes.

(iv) Local employment opportunities.

(v) The preference of the participant, to the maximum extent

possible.

(3) The employability plan may be amended upon agreement between the participant subject to subdivision (a) of Section 11325.4 and the county, or modified pursuant to a reassessment made under the conditions described in paragraph (7) of subdivision (c) of Section 11325.2 as necessary.

(4) A participant who remains unemployed at the end of the 90-day job search period specified in subdivision (a) of Section 11325.8 may be reassessed, rather than evaluated and reassigned to an advanced long-term preemployment preparation assignment pursuant to that subdivision.

(5) A participant who does not meet the established criteria for successful completion of the training or education services to which he or she is assigned, as specified in subdivision (b) of Section 11325.8, may be given the opportunity to demonstrate that he or she has good cause for failing to meet that criteria, before being reassigned to a basic long-term preemployment preparation assignment pursuant to that subdivision.

(6) To the extent modifications made pursuant to this subdivision conflict with other provisions of state law relating to the county GAIN plan, those provisions shall be construed as waived.

(7) Counties shall prepare the necessary waiver requests and submit them together with the GAIN county plan amendment needed to implement the pilot project.

(c) Waivers granted pursuant to this article shall not operate to reduce any of the rights or benefits of GAIN registrants or participants under Article 3.2 (commencing with Section 11320).

SEC. 15. Section 12300 of the Welfare and Institutions Code is amended to read:

12300. (b) Supportive services shall include domestic services and services related to domestic services, heavy cleaning, personal care services, accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites, yard hazard abatement, protective supervision, teaching and demonstration directed at reducing the need for other supportive services, and paramedical services which make it possible for the recipient to establish and maintain an independent living arrangement.

(d) Where supportive services are provided by a person having the legal duty pursuant to the Civil Code to provide for the care of his or her child who is the recipient, the provider of supportive services shall receive remuneration for the services only when the provider leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care.

These providers shall be paid only for the following:

(1) Services related to domestic services.

(2) Personal care services.

(3) Accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites.

(4) Protective supervision only as needed because of the functional limitations of the child.

(2) Any recipient receiving services under both Section 14132.95 and this article shall receive no more than 283 hours of service per month, combined, and any recipient of services under this article shall receive no more than the applicable maximum specified in Section 12303.4.

SEC. 16. Section 12301.6 of the Welfare and Institutions Code is amended to read:

12301.6. (a) Notwithstanding Sections 12302 and 12302.1, a county board of supervisors may, at its option, elect to do either of the following:

(1) Contract with a nonprofit consortium to provide for the delivery of in-home supportive services.

(2) Establish, by ordinance, a public authority to provide for the

delivery of in-home supportive services.

(b) (1) To the extent that a county elects to establish a public authority pursuant to paragraph (2) of subdivision (a), the enabling ordinance shall specify the membership of the governing body of the public authority, the qualifications for individual members, the manner of appointment, selection, or removal of members, how long they shall serve, and other matters as the board of supervisors deems necessary for the operation of the public authority.

(2) A public authority established pursuant to paragraph (2) of subdivision (a) shall be both of the following:

(A) An entity separate from the county, and shall be required to file the statement required by Section 53051 of the Government Code.

(B) A corporate public body, exercising public and essential governmental functions and that has all powers necessary or convenient to carry out the delivery of in-home supportive services, including the power to contract for services pursuant to Sections 12302 and 12302.1. Employees of the public authority shall not be employees of the county for any purpose.

(3) (A) As an alternative, the enabling ordinance may designate the board of supervisors as the governing body of the public authority.

(B) Any enabling ordinance that designates the board of supervisors as the governing body of the public authority shall also specify that no fewer than 50 percent of the membership of the advisory committee shall be individuals who are current or past users of personal assistance services paid for through public or private funds or recipients of services under this article.

(C) If the enabling ordinance designates the board of supervisors as the governing body of the public authority, it shall also require the appointment of an advisory committee of not more than 11 individuals who shall be designated in accordance with subparagraph (B).

(D) Prior to making designations of committee members pursuant to subparagraph (C), or governing body members in accordance with paragraph (4), the board of supervisors shall solicit recommendations of qualified members of either the governing body of the public authority or of any advisory committee through a fair and open process that includes the provision of reasonable, written notice to, and a reasonable response time by, members of the general public and interested persons and organizations.

(4) If the enabling ordinance does not designate the board of supervisors as the governing body of the public authority, the enabling ordinance shall require the membership of the governing body to meet the requirements of subparagraph (B) of paragraph (3).

(c) (1) Any public authority created pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients under paragraph (3) of subdivision

(d) within the meaning of Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code. Recipients shall retain the right to select, terminate, and direct the work of any in-home supportive services personnel providing services to them.

(2) (A) Any nonprofit consortium contracting with a county pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients pursuant to paragraph (3) of subdivision (d) for the purposes of collective bargaining over wages, hours, and other terms and conditions of employment.

(B) Recipients shall retain the right to select, terminate, and direct the work of any in-home supportive services personnel providing services for them.

(d) Any nonprofit consortium contracting with a county pursuant to this section or any public authority established pursuant to this section shall provide for all of the following functions under this article, but shall not be limited to those functions:

(6) Ensuring that the requirements of the personal care option pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code are met.

(e) (1) Any nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section shall be deemed not to be the employer of in-home supportive services personnel referred to recipients under this section for purposes of liability due to the negligence or intentional torts of the in-home supportive services personnel.

(2) In no case shall a nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section be held liable for action or omission of any in-home supportive services personnel whom the nonprofit consortium or public authority did not list on its registry or otherwise refer to a recipient.

(3) Counties and the state shall be immune from any liability resulting from their implementation of this section in the administration of the In-Home Supportive Services program. Any obligation of the public authority or consortium pursuant to this section, whether statutory, contractual, or otherwise, shall be the obligation solely of the public authority or nonprofit consortium, and

shall not be the obligation of the county or state.

(f) Any nonprofit consortium contracting with a county pursuant to this section shall ensure that it has a governing body that complies with the requirements of subparagraph (B) of paragraph (3) of subdivision (b) or an advisory committee that complies with subparagraphs (B) and (C) of paragraph (3) of subdivision (b).

(g) Recipients of services under this section may elect in-home supportive services personnel who are not referred to them by the public authority or nonprofit consortium. Those personnel shall be referred to the public authority or nonprofit consortium for the purposes of wages, benefits, and other terms and conditions of employment.

(h) Nothing in this section shall be construed to alter, require the alteration of, or interfere with the state payroll system and other provisions of Section 12302.2 for individual providers of in-home supportive services, or to affect the state's responsibility with respect to unemployment insurance, or workers' compensation for providers of in-home supportive services.

(i) To the extent permitted by federal law, personal care option funds, obtained pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code, along with matching funds using the state and county sharing ratio established in subdivision (c) of Section 12306, or any other funds that are obtained pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code, may be used to establish and operate an entity authorized by this section.

However, contracts entered into by either the county, a public authority, or a nonprofit consortium pursuant to this section shall be subject to competitive bidding as otherwise required by law.

(k) (A) The department may adopt regulations implementing this section as emergency regulations in accordance with Chapter 3.5 (commending with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedures Act, the adoption of the regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law.

(B) Notwithstanding subdivision (h) of Section 11364.1 and Section 11349.6 of the Government Code, the department shall transmit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State.

(C) Except as otherwise provided for by Section 10554, the Office

of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these regulations shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

(*l*) (1) In the event that a county elects to form a nonprofit consortium or public authority pursuant to subdivision (a) before the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95, all of the following shall apply:

(A) Subdivision (c) shall apply only to those matters that do not require federal approval.

(B) The second sentence of subdivision (g) shall not be operative.

(C) The nonprofit consortium or public authority shall not provide services other than those specified in paragraphs (1), (2), (3), (4), and (5) of subdivision (d).

(2) Paragraph (1) shall become inoperative when the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95.

SEC. 17. The sum of eight hundred seventy-nine thousand dollars ($879,000) is hereby appropriated from the General Fund to the State Department of Social Services to conduct several demonstration projects to test a variety of administrative alternatives for the Aid to Families with Dependent Children Program and the Food Stamp Program and implement the Cal-Learn Program, the California Alternative Assistance Program, and the supplemental child care payment, in accordance with Chapter 69 of the Statutes of 1993. The funds shall be allocated according to the following schedule:

SEC. 18. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the

CHAPTER 1254

An act to add Chapter 7.8 (commencing with Section 1775) to Division 2 of the Fish and Game Code, relating to wetlands, and making an appropriation therefor.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.8 (commencing with Section 1775) is added to Division 2 of the Fish and Game Code, to read:

CHAPTER 7.8. SACRAMENTO-SAN JOAQUIN VALLEY WETLANDS MITIGATION BANK ACT OF 1993

Article 1. General Provisions

1775. This chapter shall be known and may be cited as the Sacramento-San Joaquin Valley Wetlands Mitigation Bank Act of 1993.

1776. The Legislature finds and declares the following:

(a) Wetlands are an important natural resource of the Sacramento-San Joaquin Valley because they provide significant habitat for migratory waterfowl of the Pacific flyway, for endangered species, and for many other resident wildlife and fish populations. Wetlands provide additional public benefits, including water quality improvement, flood protection, stream bank stabilization, recreation, and scientific research.

(b) Active and voluntary involvement by private landowners is necessary for the long-term availability and productivity of wetlands in the Sacramento-San Joaquin Valley.

(c) Large wetland preserves in the Sacramento-San Joaquin Valley, under certain circumstances, can provide an environmentally preferable alternative to a number of small, isolated wetland preserves of the same type surrounded by urban development.

(d) It is the policy of the state with respect to the Sacramento-San Joaquin Valley:

(1) To provide for the protection, preservation, restoration, enhancement, and expansion of the wetland habitat in the Sacramento-San Joaquin Valley.

(2) To promote the protection, preservation, restoration, enhancement, and expansion of the Sacramento-San Joaquin Valley wetlands in concert with other federal, state, and local programs, and interested parties.

(3) To improve cooperative efforts among private, nonprofit, and public entities for the management and protection of wetlands.

(4) To assure that no net loss of either wetland acreage or habitat values results from activities pursuant to this chapter in the Sacramento-San Joaquin Valley that otherwise comply with state and federal law.

(5) To encourage and maintain a predictable, efficient, and timely regulatory framework for environmentally acceptable development.

(6) To assure that the construction or maintenance of wetland mitigation banks in the Sacramento-San Joaquin Valley does not reduce any local tax base, does not create any uncompensated increased requirement for local services, and does not create conditions that have the potential to adversely affect the public health.

(7) To provide an alternative for accomplishing offsite mitigation in the Sacramento-San Joaquin Valley when offsite mitigation is required under a fill permit issued pursuant to Section 404 of the federal Clean Water Act (33 U.S.C. Sec. 1344 et seq.).

(e) This chapter constitutes a nonexclusive alternative to other lawful methods of mitigating project impacts upon wetlands and maintaining and increasing wetlands acreage and habitat values generally. Specifically, this chapter is not intended to, and shall not be interpreted to:

(1) Condone or encourage the removal, loss, or degradation of wetlands.

(2) Condone or encourage the removal, loss, or degradation of habitat for any rare, threatened, or endangered species.

(3) Abrogate any other local, state, or federal law or policy relating to wetlands, nor prohibit any city or county from prohibiting the removal, filling, or other destruction of particular wetlands.

(4) Establish maximum or minimum standards or any other requirements for wetland fill or mitigation, except for mitigation banks established pursuant to this chapter.

(5) Have legal or necessary precedential application to any other area of the state, or to other lands, resources, situations, or circumstances.

(6) Preclude other forms of mitigation banking, including private or for-profit programs, within the Sacramento-San Joaquin Valley.

(7) Be the exclusive method of providing compensation by permittees for the loss of wetlands within the Sacramento-San Joaquin Valley.

1776.5. It is the intent of the Legislature that the funds necessary to cover the costs of administering this chapter be provided by the purchase of credits in mitigation bank sites.

1777. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

1777.2. "Bank site" or "mitigation bank site" means a publicly or privately owned and operated site on which wetlands have been or will be created in accordance with this chapter to compensate for adverse impacts caused by removal or fill permit activities authorized pursuant to Section 404 of the federal Clean Water Act

(33 U.S.C. Sec. 1344 et seq.).

1777.5. "Credit" means a numerical value that represents the wetland acreage and habitat values of a mitigation bank site.

1778. "Operator" means the department, or a public or private person or entity approved by the department, to administer a wetlands mitigation bank site.

1778.5. "Permittee" means a public or private person or entity that meets all of the following conditions:

(a) Has received a permit pursuant to Section 404 of the federal Clean Water Act (33 U.S.C. Sec. 1344 et seq.) for the removal or filling of wetlands, subject to a condition that allows the permittee to compensate for the wetland loss through participation in a wetland mitigation bank pursuant to this chapter.

(b) Proposes to compensate for the loss of the wetlands through participation in a wetlands mitigation bank pursuant to this chapter.

(c) Proposes the discharge at a site within a qualifying urban area and not more than 40 miles from a bank site with sufficient acreage of the same types of wetlands that will provide suitable replacement habitat for the values that may be lost from the conversion of the existing wetlands.

1779. "Qualifying urban area" means any of the following when they occur within the Sacramento-San Joaquin Valley:

(a) A geographical area having a population of 50,000 or more inhabitants within the jurisdiction of a city, or a town, as defined by Sections 20 and 21 of the Government Code.

(b) A portion of any geographical area within a town, as defined in Section 21 of the Government Code, which has a population density equal to, or exceeding, 1,500 persons per square mile and which has a population of 50,000 or more inhabitants.

(c) A geographical area having a population density equal to, or exceeding, 1,500 persons per square mile, and an adjacent city, as defined in Section 20 of the Government Code, where the combined population of the geographical area and the city equals 50,000 or more inhabitants.

(d) A geographical area within the sphere of influence of a city or community services district for which the projected population of the adopted general plan equals 10,000 or more inhabitants.

1779.5. "Sacramento-San Joaquin Valley" means the central valley region, as defined in subdivision (g) of Section 13200 of the Water Code.

Article 2. Legislative Goals

1780. The purpose of this chapter is to ensure that no net loss of wetland acreage or habitat values within the Sacramento-San Joaquin Valley occurs as a result of fill permit activities pursuant to Section 404 of the federal Clean Water Act (33 U.S.C. Sec. 1344 et seq.).

1781. It is the state's goal to increase the total wetlands acreage

and values within the Sacramento-San Joaquin Valley.

Article 3. Wetlands Mitigation Banks

1784. (a) The department, in cooperation with those agencies specified in Section 1786, shall adopt regulations that establish standards and criteria for the bank site qualification process, for the evaluation of wetland acreage and habitat values created at the bank sites, and for the operation and evaluation of bank sites, and any other regulations that are necessary to implement this chapter.

These criteria shall require, at a minimum, that the newly created wetland provide the hydrologic, vegetative, and wildlife characteristics, including the food web components, of a naturally occurring wetland system.

(b) With respect to bank site standards and operator qualifications, the department shall consider, at a minimum, all of the following criteria:

(1) A requirement that the bank site have a reliable, adequate, and available water supply necessary to provide wetland values. For wetlands dependent only on rainfall, rainfall satisfies this requirement.

(2) The relative ease or difficulty of converting uplands into wetlands at the bank site.

(3) The anticipated maintenance necessary to sustain the recreated and created wetlands at the bank site.

(4) The proximity of the bank site to other established preserves or natural features historically associated with abundant wildlife values.

(5) The proximity of the bank site to urban or populated areas that could reduce the bank site's long-term biological values.

(6) The demonstrated ability of the bank site operator to create, administer, maintain, and protect the bank site in perpetuity, including financial, technical, and management ability.

(7) The relative abundance or scarcity of the wetland type to be created at the bank site.

1785. If any person desires to establish a wetlands mitigation bank site under this chapter, the person shall apply to the department for a determination that the bank site and the operator qualify under the criteria established by the department pursuant to this chapter. The determination that a bank site qualifies under this chapter is a project for purposes of Section 21065 of the Public Resources Code.

1786. (a) Before any wetlands are created on the bank site qualified pursuant to Section 1785, the department shall coordinate and shall be a signatory to a memorandum of understanding with the operator. The United States Environmental Protection Agency, the United States Army Corps of Engineers, the Fish and Wildlife Service of the United States Department of the Interior, the Central Valley Regional Water Quality Control Board, and the State Department of Health Services or its designee, or any of them, may

be signatories by indicating to the department their interest in participating within 90 days of being notified by the department of the department's intent to initiate the procedures described in this section. Any county located in whole or in part in the Sacramento-San Joaquin Valley may, by ordinance, require that it be a signatory to any memorandum of understanding for a bank site to be established within its boundary.

(b) The memorandum of understanding shall include, but is not limited to, all of the following items:

(1) Identification of the mitigation bank site, including the legal property description, acreage, types, and location of existing wetlands within the boundaries of the bank site.

(2) An agreement, by each of the governmental agencies in subdivision (a), that all new, successfully created wetland acreage shall qualify to be credited against the approved removal or fill of wetlands located in the qualifying urban area and within 40 miles of the bank site and is consistent with the procedures set out in this chapter.

(3) An agreement by the operator to do both of the following:

(A) Maintain all wetland habitat within the bank in optimum condition in perpetuity, barring an unforeseen natural catastrophe that precludes the viability of wetlands.

(B) Establish a trust or bond in favor of the department that provides sufficient funds to ensure administration, protection, operation, and maintenance in perpetuity of the wetland habitat acreage and values at the mitigation bank site if the operator defaults in performing the duties required pursuant to subparagraph (A).

(4) In the case of privately owned bank sites, identification of the circumstances that would constitute a major breach of the agreement and that would result in either the replacement of the operator, or the passing of title from the owner to the state, or both, including identification of procedures for adequate notice and opportunity for the operator to be heard and to correct any breach.

1787. (a) If the bank site owner is a public entity, that entity shall pay annually to the county in which the property is located an amount equal to the county taxes levied on the property at the time title to the bank site is transferred to that entity. The public entity shall also pay the assessments levied upon the property by any irrigation, drainage, or reclamation district.

(b) Payments under this section shall be made on or before December 10 of each year, except for newly acquired bank sites, for which payments shall be made pursuant to subdivision (c).

(c) Payments for newly acquired bank sites shall be made within one year of the date title to the property was transferred to the state, prorated for the balance of the year from the date title was transferred to the 30th day of June following the date title was transferred, and, thereafter, payments shall be made on or before December 10 of each year.

Article 4. Wetlands

1790. Upon the successful creation of any wetlands of at least 20 acres, or in the case of vernal pools, upon successful creation of vernal pools on a site at least 20 acres in size, the operator may request a determination by the department of the number of acres in the mitigation bank site, and the relative habitat value thereof, that qualify for credit against prospective wetland loss in the qualifying urban area. In determining the amount of mitigation bank credit, no credit shall be provided for habitat values or acreage that was in existence prior to the establishment of the bank.

1791. (a) Upon receipt of a request pursuant to Section 1790, the department shall determine the number of acres which are wetlands in the bank site based on the criteria established pursuant to Section 1784, and the department shall classify those wetlands according to established biological criteria.

(b) The classifications shall include, but are not limited to, the following wetland types:

(1) Perennial freshwater marsh.
(2) Perennial brackish marsh.
(3) Seasonal freshwater marsh.
(4) Wet meadow.
(5) Vernal pool.
(6) Riparian woodland.
(7) Riparian scrub.

1792. In the interest of assuring that the minimum price for wetland credit is sufficient to ensure the financial integrity of the bank, the department may establish a minimum price for each bank established pursuant to this chapter. The operator may set a higher price to the extent that price is consistent with the terms of the memorandum of understanding executed pursuant to Section 1785. After the department determines the number of wetland acres in the bank site that qualify for credit against wetland loss in a qualifying urban area, the operator shall provide to the department, and the department shall verify, an accounting of the average cost for each wetland acre created, by wetland type for the purpose of determining credits, using the following factors:

(a) Land costs, including the reasonable interest cost of holding the land.

(b) Wetland creation costs.

(c) Wetland administration, maintenance, and protection costs.

(d) Annual taxes, including all tax increases allowed under applicable state law, and in-lieu payments pursuant to Section 1787, if applicable.

(e) Costs incurred by the department in establishing the bank site, and the direct cost of necessary ongoing monitoring and oversight.

(f) Any other information relevant to a determination of the cost of preserving the wetlands in perpetuity.

1792.5. The department shall be reimbursed for those expenses of the department identified in Section 1792 according to a schedule contained in an agreement with the person establishing a wetland mitigation bank. The agreement shall be approved by all parties prior to the commencement of planning activities.

Article 5. Discharge into Wetlands

1793. A permittee shall provide compensation pursuant to Section 404 of the federal Clean Water Act (33 U.S.C. Sec. 1344 et seq.). The department shall classify the wetlands that the permittee will remove according to wetland type, consistent with Article 4 (commencing with Section 1790).

1794. Compensation pursuant to Section 1793 is subject to the condition that the operator establish the trust or bond required by subparagraph (B) of paragraph (3) of subdivision (b) of Section 1786 and, in addition, is subject to the following conditions:

(a) The full payment shall be used to purchase credits in the mitigation bank site.

(b) The payment shall provide for purchase of bank site wetland acreage required by Section 1793 that has the same hydrologic, vegetative, and other characteristics as the system for which it will serve as mitigation.

(c) A permittee shall not participate in a wetlands mitigation bank if a net loss of wetland habitat values or acreage occurs.

1795. After payment to the operator pursuant to this article, the permittee has no further obligations with respect to the operation of the bank site to which payment was made, unless the permittee has an equity involvement in the bank.

1796. No bank site shall be qualified under Section 1785 on or after January 1, 2010. Notwithstanding Section 7550.5 of the Government Code, the department shall report to the Legislature on or before February 1, 1996, and once annually thereafter, with a description and evaluation of each mitigation bank site approved pursuant to this chapter, including, but not limited to, the number of wetland acres and habitat values created, the number of credits issued, an assessment of the biological productivity of the created wetlands, a comparison of the wetlands acreage and values that were created in the mitigation bank and those that were lost by the various projects for which credits were obtained, and any recommendations for improving the program.

SEC. 5. Section 14585 of the Public Resources Code is amended to read:

14585. (a) The department shall adopt guidelines and methods for paying handling fees to supermarket sites to provide an incentive for the redemption of empty beverage containers in convenience zones. The guidelines shall include, but not be limited to, all of the following:

(1) Handling fees shall be paid on a monthly basis, in the form and manner adopted by the department. The department shall require that claims for the handling fee be filed with the department not later than the first day of the second month following the month for which the handling fee is claimed as a condition of receiving any handling fee.

(2) To be eligible for any handling fee, a supermarket site recycling center shall redeem, at a minimum, 45,000 containers during the calendar month a handling fee is claimed for the period which commences on January 1, 1993, and which ends on December 31, 1993.

(3) To be eligible for any handling fee, a supermarket site recycling center shall redeem, at a minimum, 60,000 containers during the calendar month a handling fee is claimed, on or after January 1, 1994.

(4) A beverage container with a capacity of 24 fluid ounces or more shall be considered as two beverage containers for purposes of determining the eligibility percentage, any handling fee calculations, and payments.

(5) The department shall determine the number of eligible containers per site for which a handling fee will be paid as follows:

(A) The total combined annual volume of redeemed glass and plastic beverage containers, for the period July 1 through June 30 of each year, shall be divided by the total annual volume of all redeemed beverage containers for the same period. The quotient, plus one additional percentage point as an incentive, shall be used as the eligibility percentage for the calendar year immediately following the year in which the calculation was made.

(B) Each supermarket site's combined monthly volume of glass and plastic beverage containers shall be divided by the site's total monthly volume of all empty beverage container types. If the quotient is equal to, or more than, the eligibility percentage determined in subparagraph (A), the total monthly volume of the site shall be the maximum volume which is eligible for a handling fee for that month.

(C) If the quotient is less than the eligibility percentage

determined in subparagraph (A), the department shall divide the volume of glass and plastic beverage containers by the eligibility percentage determined in subparagraph (A). The quotient shall be the maximum volume which is eligible for a handling fee for that month.

(6) The department shall pay a handling fee of 1.7 cents ($0.017) per eligible beverage container, as determined pursuant to paragraph (5).

(7) Notwithstanding paragraph (5), the total handling fee payment to a supermarket site shall not exceed two thousand three hundred dollars ($2,300) per month.

(8) If the eligible volume in any given month would result in handling fee payments which exceed the allocation of funds for that month, as provided in subdivision (b), sites with higher eligible monthly volumes shall receive handling fees for their entire eligible monthly volume before sites with lower eligible monthly volumes receive any handling fees.

(b) The department may allocate the eighteen million five hundred thousand dollars ($18,500,000) authorized for expenditure for the payment of handling fees pursuant to subdivision (b) of Section 14581 on a monthly basis and may carry over any unexpended monthly allocation to a subsequent month or months. However, unexpended monthly allocations shall not be carried over to a subsequent fiscal year for the purpose of paying handling fees but may be carried over for any other purpose pursuant to Section 14581.

(c) The department shall not make handling fee payments to more than one certified recycling center in a convenience zone. When two or more convenience zones overlap by more than one-half mile, the department shall offer a single handling fee payment to cover the affected convenience zones. This handling fee payment shall not be split between the affected zones. The department shall stop making handling fee payments if another recycling center certifies to operate within the convenience zone without receiving payments pursuant to this section, if the department monitors the performance of the other recycling center for 60 days and determines that the recycling center is in compliance with this division. Any recycling center that locates in a convenience zone, thereby causing a preexisting recycling center to become ineligible to receive handling fee payments, is ineligible to receive any handling fee payments in that convenience zone.

(d) The department may require the operator of a supermarket site receiving handling fees to maintain records for each location where beverage containers are redeemed, and may require the supermarket site to take any other action necessary for the department to determine that the supermarket site does not receive an excessive handling fee.

(e) The department may determine and utilize a standard container per pound rate, for each material type, for the purpose of

calculating volumes and making handling fee payments.

(f) This section shall become operative on January 1, 1993.

(g) The changes made to this section at the 1993–94 Regular Session shall apply, notwithstanding subdivision (b), to all payments of handling fees not yet approved by the department as of the effective date of the changes made to this section at the 1993–94 Regular Session. In determining the eligibility percentage for handling fee payments during 1993, calculated pursuant to subparagraph (A) of paragraph (5), the department shall use data for the 12-month period ending June 30, 1992.

(h) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to receive information regarding handling fees as soon as possible, thereby providing necessary information on the administration of the beverage redemption program and protecting public health and safety and the environment, it is necessary that this act take effect immediately.

However, the department shall not take any action regulating scrap dealers or recycling centers who are processors or recycling centers unless authorized by and pursuant to the goals of this division.

SEC. 4. Section 14525 of the Public Resources Code is amended to read:

14525. "Refillable beverage container" means any aluminum beverage container, bimetal beverage container, glass beverage container, plastic beverage container, or other beverage container, holding 150 fluid ounces or less of beverage, which has a minimum deposit of three cents ($0.03), and which ordinarily would be returned to the manufacturer to be refilled and resold.

SEC. 5. Section 14549.6 of the Public Resources Code is amended to read:

14549.6. (a) For the 1993–94 and 1994–95 fiscal years only, the department shall, subject to the availability of funds, make payments, the total of which shall not exceed one million dollars ($1,000,000) per fiscal year, to local agencies with curbside programs, pursuant to Section 14509.5. The payments shall be for each container collected by the curbside programs and properly reported to the department by processors, based upon all of the following:

(1) The payment amount shall be calculated based upon the volume of beverage containers collected by curbside programs and reported to the department by processors during the reporting periods of October 1, 1993, to December 31, 1993, and October 1, 1994, to December 1, 1994, inclusive.

(2) The per-container rate shall be calculated by dividing the total volume of beverage containers collected, as determined pursuant to paragraph (1), into the sum of two million dollars ($2,000,000).

(3) The amount to be paid to each local agency with a curbside program shall be based upon the per-container rate, calculated pursuant to paragraph (2), multiplied by the curbside program's total reported beverage container volume during the period specified in paragraph (1).

(4) The amounts paid pursuant to this subdivision shall be expended by local agencies with curbside programs only for activities related to beverage container recycling.

(5) The department shall disburse payments pursuant to this subdivision no sooner than the 11th month of the fiscal year for which the payments are being made, subject to the availability of funds.

(b) The department shall conduct a study, in cooperation with local governments operating curbside programs, on alternative methods of funding for, and expansion of, curbside programs. The study shall include, but not be limited to, the costs of recycling by curbside programs, a summary of local general funds, enterprise funds, or other funds used to support curbside programs, and the average monthly volumes per household collected by curbside programs of the following material types: aluminum, glass, PET, newsprint, bimetal, mixed waste paper, and corrugated cardboard. Additionally, the study shall include an analysis of the revenue impact of expanding the application of this division to include all food and beverage containers. The analysis shall summarize the impact on a statewide basis as well as on an individual county basis. On or before April 1, 1994, the department shall report the results of the study, together with findings and recommendations, to the chairperson of the Assembly Natural Resources Committee and the chairperson of the Senate Natural Resources and Wildlife Committee.

SEC. 6. Section 14550 of the Public Resources Code is amended to read:

14550. (a) Every processor shall report to the department for each month beginning October 1, 1987, the amount of empty beverage containers, by material type and weight of container or material, excluding refillable beverage containers, received from recycling centers for recycling, and the amount received not for recycling. Every processor shall also report to the department for each month the amount of other postfilled aluminum, glass, and plastic food and drink packaging materials sold filled to consumers in this state and returned for recycling. These reports shall be submitted within 10 days after each month, in the form and manner which the department may prescribe.

(b) Every distributor who sells or offers for sale in this state beverages in aluminum beverage containers, bimetal beverage containers, glass beverage containers, plastic beverage containers, or other beverage containers, including refillable beverage containers of these types, shall report to the department for each month beginning August 1, 1987, and for each month thereafter, the number of beverages sold in these beverage containers in this state which are labeled pursuant to Section 14561, by material type and size and weight of container or any other method as the department may prescribe. (c) Every distributor who sells or offers for sale in this state beverages in refillable beverage containers and who pays a refund value to distributors, dealers, or consumers who return these containers for refilling, shall report to the department for each month beginning August 1, 1987, and for each month thereafter, the

number of these beverage containers returned empty to be refilled, by material type and size of container or any other method which the department may prescribe. These reports shall be submitted by the day when payment is due, consistent with the schedule specified in subdivision (a) of Section 14574, notwithstanding subdivision (b) of Section 14574, in the form and manner which the department may prescribe.

SEC. 7. Section 14551 of the Public Resources Code is amended to read:

14551. (a) The department shall establish reporting periods for the reporting of redemption rates and recycling rates, and each reporting period shall be six months, except that the first reporting period shall be the three-month period from October 1, 1987, to December 31, 1987. SEC. 8. Section 14575 of the Public Resources Code, as amended by Section 18 of Chapter 1266 of the Statutes of 1992, is amended to read:

14575. (a) Except as provided in subdivision (b), if any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the sum of paragraphs (1) and (2), the department shall establish a processing fee for the container, by the type of the material of the container, at least equal to the difference between the scrap value offered by a statistically significant sample of processors, and in the case of glass containers, beneficiating processors only, for each container sold by the beverage manufacturer, and the sum of both of the following:

(1) The actual cost for certified recycling centers, which have the lowest costs per ton on a per-site basis and which, when taken together, account for not less than 75 percent of certified recycling centers, in the year in which the processing fee is calculated or recalculated, of receiving, handling, processing, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, for disposal, calculated pursuant to subdivision (c).

(2) A reasonable financial return for recycling centers, calculated pursuant to subdivision (c).

(b) (1) Notwithstanding subdivision (a), the processing fee established by the department on January 1, 1993, shall be adjusted annually to reflect changes in the cost-of-living, as measured by the Department of Labor or a successor agency of the United States government.

(2) Notwithstanding paragraph (1), any processing fee established by the department on January 1, 1993, pursuant to paragraphs (1) and (2) of subdivision (a), for plastic beverage containers, shall use a recycling cost which is not less than eight hundred seven dollars ($807) per ton.

(c) On or before January 1, 1996, and on or before January 1 annually thereafter, the department shall recalculate weighted statewide average values for the amounts specified in paragraphs (1) and (2) of subdivision (a) for each type of container material sold

and a new processing fee, which shall be effective on that same date.

(d) A processing fee established pursuant to this section shall be based upon all of the following:

(1) The average scrap values paid by processors, or in the case of glass containers, by beneficiating processors only, during the calendar year directly preceding the year in which the processing fee is calculated.

(2) The data indicating the calendar year volumes of beverage containers collected by certified recycling centers.

(3) The cost data for certified recycling centers for the January 1, 1992, calculation, as modified pursuant to paragraph (1) of subdivision (a) for the January 1, 1993, calculation, and after January 1, 1996, the costs calculated pursuant to paragraph (1) of subdivision (a) for the calendar year preceding the year in which the processing fee is calculated.

(e) Once the annual per container fee has been determined utilizing the calculations made pursuant to subdivisions (a), (b), (c), and (d), the actual processing fee paid by beverage manufacturers, subject to modification pursuant to subdivision (f), shall be the per-container fee multiplied by the sum of the following:

(1) An estimate of the number of containers on which the processing fee was paid to recyclers during the previous calendar year divided by an estimate of the number of nonrefillable beverage containers sold or transferred to a distributor or dealer during the previous calendar year, based on the latest available data.

(2) Five percentage points, except that whenever a surplus of unexpended money exists in the fund sufficient to equal the estimate of the previous three months expenditures of processing fees for each material type as determined by the department, then zero percentage points shall be used.

(f) Every six months, or more frequently, but not more frequently than every 90 days, as determined to be necessary by the department, the department may make either an upward or downward adjustment of a processing fee established pursuant to this section if both of the following occur:

(1) The department determines that the average statewide scrap values paid by processors, or in the case of glass containers, by beneficiating processors only, are 10 percent more or less, for a 30-day period, than the average scrap values used as the basis for the processing fee currently in effect.

(2) The department determines that adjusting the processing fee is necessary to further the objectives of this division.

(g) The calculations of the statewide weighted average values and processing fee made pursuant to subdivision (c) shall be based on audited surveys of the costs specified in subdivision (a) at existing certified recycling centers and reverse vending machines, with standardized modifications for transportation distances and factors specific to a particular region, as determined by the department, and, if the container is not recyclable, local disposal fees. The

processing fee shall be calculated in a manner which furthers the purposes of this division and the fee shall be sufficient to establish sufficient recycling locations and processors to achieve the goals established pursuant to subdivision (c) of Section 14501 and Section 14571. The department shall submit to the Governor and the Legislature, as part of the annual report required by Section 14542, a summary of the fluctuations of costs and scrap values necessitating the recalculation of the processing fee. The report shall also highlight changes in markets, new technologies, and other business and economic factors. The report shall include a description of the average per container statewide costs of recycling beverage containers, by each material type, for the following recycling systems, including a description of any assumptions used to allocate undifferentiated costs among material types, and a brief statement of the reason for the adoption of these assumptions:

(1) Automated recycling centers.

(2) Staffed recycling centers.

(3) Recycling centers established since September 29, 1988.

(4) Recycling centers established prior to September 29, 1988.

(5) Nonprofit dropoff programs.

(6) Curbside recycling programs.

(h) (1) Except as provided in paragraph (2), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) (A) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering or sale of that beverage brand within the state.

(B) The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this paragraph.

(3) The department shall pay the processing fees collected on

redeemed containers to processors, in the same manner as it pays refund values pursuant to Sections 14573 and 14573.5. The department shall pay the processing fees collected on unredeemed containers into the fund. The processor shall pay the recycling center the entire processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (a).

(i) When assessing processing fees pursuant to subdivision (c), the department shall assess the processing fee on each container sold, as provided in subdivision (e), by the type of material of the container.

(j) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee.

(k) Prior to the recalculation of the processing fee made pursuant to subdivision (c), the department shall do both of the following:

(1) Consult with container manufacturers, beverage manufacturers, operators of recycling centers and processing facilities, and other interested parties concerning the size of the statewide sample, appropriate sampling methodologies, and other topics of concern related to the imposition of the processing fee.

(2) At least 60 days prior to the effective date of any new processing fee, hold a public hearing, after giving notice, to make available to the public and affected parties the department's proposed recalculation of the processing fee.

(*l*) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 9. Section 14575 of the Public Resources Code, as added by Section 19 of Chapter 1266 of the Statutes of 1992, is amended to read:

14575. (a) If any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the sum of paragraphs (1) and (2), the department shall establish a processing fee for the container, by the type of the material of the container, that is at least equal to the difference between the scrap value offered by a statistically significant sample of container manufacturers, beverage manufacturers, processors, or willing purchasers, for each container sold by the beverage manufacturer, and the sum of both of the following:

(1) The actual cost for certified recycling centers of receiving, handling, processing, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, for disposal, calculated pursuant to subdivision (c).

(2) A reasonable financial return for recycling centers and processors, calculated pursuant to subdivision (b).

(b) On or before January 1, 1996, or on the earliest practicable date thereafter, and on or before January 1 annually thereafter, the department shall calculate weighted statewide average values for the amounts specified in paragraphs (1) and (2) of subdivision (a)

for each type of container material sold and a new processing fee, which shall be effective on that same date.

(c) A processing fee established pursuant to this section shall be based upon all of the following:

(1) The average scrap values paid by willing purchasers during the 1990 calendar year for the initial calculation and the average scrap values paid by willing purchasers during the calendar year directly preceding the year in which the processing fee is calculated for any subsequent calculation.

(2) The latest available data indicating the volumes of beverage containers collected by certified processors and recycling centers.

(3) The actual recycling costs for certified recycling centers and processors, as determined pursuant to paragraph (1) of subdivision (a) for the 1989 calendar year for the initial calculation, and for the second calendar year preceding the year in which the processing fee is calculated for any subsequent calculation.

(d) Every six months, or more frequently as determined to be necessary by the department, the department may adjust a processing fee established pursuant to this section if both of the following occur:

(1) The department determines that the average statewide scrap values paid by willing purchasers are less than the average scrap values used as the basis for the processing fee calculation.

(2) The department determines that adjusting the processing fee is necessary to further the objectives of this division.

(e) The calculations of the statewide weighted average values and processing fee made pursuant to subdivision (b) shall be based on audited surveys of the costs specified in subdivision (a) at existing certified recycling centers, reverse vending machines, and processors, with standardized modifications for transportation distances and factors specific to a particular region, as determined by the department, and, if the container is not recyclable, local disposal fees. The processing fee shall be calculated in a manner which furthers the purposes of this division and the fee shall be sufficient to establish sufficient recycling locations and processors to achieve the goals established pursuant to subdivision (c) of Section 14501 and Section 14571. The department shall submit to the Governor and the Legislature, as part of the annual report required by Section 14542, a summary of the fluctuations of costs and scrap values necessitating the recalculation of the processing fee. The report shall also highlight changes in markets, new technologies, and other business and economic factors. The report shall include a description of the average per container statewide costs of recycling beverage containers, by each material type, for the following recycling systems, including a description of any assumptions used to allocate undifferentiated costs among material types, and a brief statement of the reason for the adoption of these assumptions:

(1) Automated recycling centers.

(2) Staffed recycling centers.

(3) Recycling centers established since September 29, 1988.

(4) Recycling centers established prior to September 29, 1988.

(5) Recyclers receiving convenience incentive payments, as feasible.

(6) Nonprofit dropoff programs.

(7) Curbside recycling programs.

(f) (1) Except as provided in paragraph (2), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) (A) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering or sale of that beverage brand within the state.

(B) The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this paragraph.

(3) The department shall pay the processing fees collected on redeemed containers to processors, in the same manner as it pays refund values pursuant to Sections 14573 and 14573.5. The department shall pay the processing fees collected on unredeemed containers into the fund. The department shall not use processing fees collected on unredeemed beverage containers to pay all or a portion of the processing costs determined pursuant to subdivision (a). The processor shall pay the recycling center that portion of the processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (a).

(g) When assessing processing fees pursuant to subdivision (b), the department shall assess the processing fee on each container sold, by the type of material of the container, assuming that every container sold will be redeemed for recycling, whether or not the container is actually recycled. When calculating and assessing processing fees, the department also shall not assume that

redemption bonuses will be kept by recycling centers or locations.

(h) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee.

(i) This section shall become operative January 1, 1996.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to increase the redemption of beverage containers and ensure the continuation of recycling operations, thereby protecting public health and safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 1260

An act to amend Sections 14550, 14574, and 14575 of the Public Resources Code, relating to beverage containers.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 14550 of the Public Resources Code is amended to read:

14550. (a) Every processor shall report to the department for each month the amount of empty beverage containers, by material type and weight of container or material, excluding refillable beverage containers, received from recycling centers for recycling, and the amount received not for recycling. Every processor shall also report to the department for each month the amount of other postfilled aluminum, glass, and plastic food and drink packaging materials sold filled to consumers in this state and returned for recycling. These reports shall be submitted within 10 days after each month, in the form and manner which the department may prescribe.

(b) Every distributor who sells or offers for sale in this state

beverages in aluminum beverage containers, nonaluminum metal beverage containers, glass beverage containers, plastic beverage containers, or other beverage containers, including refillable beverage containers of these types, shall report to the department for each month the number of beverages sold in these beverage containers in this state which are labeled pursuant to Section 14561, by material type and size and weight of container or any other method as the department may prescribe. These reports shall be submitted by the day when payment is due, consistent with the applicable payment schedule specified in subdivision (a) of Section 14574, in the form and manner which the department may prescribe.

(c) Every distributor who sells or offers for sale in this state beverages in refillable beverage containers and who pays a refund value to distributors, dealers, or consumers who return these containers for refilling, shall report to the department for each month the number of these beverage containers returned empty to be refilled, by material type and size of container or any other method which the department may prescribe. These reports shall be submitted by the day when payment is due, consistent with the schedule specified in subdivision (a) of Section 14574, in the form and manner which the department may prescribe.

(d) Notwithstanding subdivision (b), a distributor who elects to make an annual payment pursuant to subdivision (b) of Section 14574 may, upon the approval of the department, submit the reports required by this section annually to the department. The reports shall accompany the annual payment submitted pursuant to Section 14574.

SEC. 2. Section 14574 of the Public Resources Code is amended to read:

14574. (a) A distributor of beverage containers shall pay to the department the redemption payment for every beverage container, other than a refillable beverage container, sold or transferred to a dealer, less one-half of 1 percent for the distributor's administrative costs.

(1) Except as provided in paragraph (2), the payment shall be made within 40 days of any sale, or in the form and manner which the department may prescribe.

(2) The payment made by a distributor of beer and other malt beverages shall be made not later than the first day of the second month following the sale.

(b) (1) Notwithstanding subdivision (a), a distributor may, upon the approval of the department, elect to make a single annual payment of redemption payments, if the distributor's projected redemption payment for a calendar year totals less than ten thousand dollars ($10,000).

(2) An annual redemption payment made pursuant to this subdivision is due and payable on or before February 1 for every beverage container sold or transferred by the distributor to a dealer in the previous calendar year.

(3) A distributor shall notify the department of its intent to make an annual redemption payment pursuant to this subdivision on or before January 31 of the calendar year preceding the year in which the payment will be due.

SEC. 3. Section 14575 of the Public Resources Code, as amended by Section 18 of Chapter 1266 of the Statutes of 1992, is amended to read:

14575. (a) Except as provided in subdivision (b), if any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the sum of paragraphs (1) and (2), the department shall establish a processing fee for the container, by the type of the material of the container, at least equal to the difference between the scrap value offered by a statistically significant sample of processors, and in the case of glass containers, beneficiating processors only, for each container sold by the beverage manufacturer, and the sum of both of the following:

(1) The actual cost for certified recycling centers, which have the lowest costs per ton on a per-site basis and which, when taken together, account for not less than 75 percent of certified recycling centers, in the year in which the processing fee is calculated or recalculated, of receiving, handling, processing, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, for disposal, calculated pursuant to subdivision (c).

(2) A reasonable financial return for recycling centers, calculated pursuant to subdivision (c).

(b) (1) Notwithstanding subdivision (a), the processing fee established by the department on January 1, 1993, shall be adjusted annually to reflect changes in the cost-of-living, as measured by the Department of Labor or a successor agency of the United States government.

(2) Notwithstanding paragraph (1), any processing fee established by the department on January 1, 1993, pursuant to paragraphs (1) and (2) of subdivision (a), for plastic beverage containers, shall use a recycling cost which is not less than eight hundred seven dollars ($807) per ton.

(c) Prior to January 1, 1996, the department shall recalculate weighted statewide average values for the amounts specified in paragraphs (1) and (2) of subdivision (a) for each type of container material sold and a new processing fee, which shall be effective on that same date.

(d) A processing fee established pursuant to this section shall be based upon all of the following:

(1) The average scrap values paid by processors only, or, for glass containers, beneficiating processors only, during the calendar year directly preceding the year in which the processing fee is calculated.

(2) The data indicating the calendar year volumes of beverage containers collected by certified recycling centers.

(3) The cost data for certified recycling centers for the January 1,

1992, calculation, as modified pursuant to paragraph (1) of subdivision (a) for the January 1, 1993, calculation.

(e) Once the annual per container fee has been determined utilizing the calculations made pursuant to subdivisions (a), (b), (c), and (d), the actual processing fee paid by beverage manufacturers, subject to modification pursuant to subdivision (f), shall be the per-container fee multiplied by the sum of the following:

(1) An estimate of the number of containers on which the processing fee was paid to recyclers during the previous calendar year divided by an estimate of the number of nonrefillable beverage containers sold or transferred to a distributor or dealer during the previous calendar year, based on the latest available data.

(2) Five percentage points (0.05), except that whenever a surplus of unexpended money exists in the fund sufficient to equal the estimate of the previous three months expenditures of processing fees for each material type as determined by the department, then zero percentage points (0.00) shall be used.

(f) Every six months, or more frequently, but not more frequently than every 90 days, as determined to be necessary by the department, the department may make either an upward or downward adjustment of a processing fee established pursuant to this section if both of the following occur:

(1) The department determines that the average statewide scrap values paid by processors or beneficiating processors are 10 percent more or less, for a 30-day period, than the average scrap values used as the basis for the processing fee currently in effect.

(2) The department determines that adjusting the processing fee is necessary to further the objectives of this division.

(g) The calculations of the statewide weighted average values and processing fee made pursuant to subdivision (c) shall be based on audited surveys of the costs specified in subdivision (a) at existing certified recycling centers and reverse vending machines, with standardized modifications for transportation distances and factors specific to a particular region, as determined by the department, and, if the container is not recyclable, local disposal fees. The processing fee shall be calculated in a manner which furthers the purposes of this division and the fee shall be sufficient to establish sufficient recycling locations and processors to achieve the goals established pursuant to subdivision (c) of Section 14501 and Section 14571. The department shall submit to the Governor and the Legislature, as part of the annual report required by Section 14542, a summary of the fluctuations of costs and scrap values necessitating the recalculation of the processing fee. The report shall also highlight changes in markets, new technologies, and other business and economic factors. The report shall include a description of the average per container statewide costs of recycling beverage containers, by each material type, for the following recycling systems, including a description of any assumptions used to allocate undifferentiated costs among material types, and a brief statement

of the reason for the adoption of these assumptions:

(1) Automated recycling centers.

(2) Staffed recycling centers.

(3) Recycling centers established since September 29, 1988.

(4) Recycling centers established prior to September 29, 1988.

(5) Nonprofit dropoff programs.

(6) Curbside recycling programs.

(h) (1) Except as provided in paragraphs (2) and (3), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) (A) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering or sale of that beverage brand within the state.

(B) The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this paragraph.

(3) (A) Notwithstanding paragraph (1), a beverage manufacturer may, upon the approval of the department, elect to make a single annual payment of processing fees, if the beverage manufacturer's projected processing fees for a calendar year total less than one thousand dollars ($1,000).

(B) An annual processing fee payment made pursuant to this paragraph is due and payable on or before February 1 for every beverage container sold or transferred by the beverage manufacturer to a distributor or dealer in the previous calendar year.

(C) A beverage manufacturer shall notify the department of its intent to make an annual processing fee payment pursuant to this paragraph on or before January 31 of the calendar year preceding the year in which the payment will be due.

(4) The department shall pay the processing fees collected on redeemed containers to processors, in the same manner as it pays

refund values pursuant to Sections 14573 and 14573.5. The department shall pay the processing fees collected on unredeemed containers into the fund. The processor shall pay the recycling center the entire processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (a).

(i) When assessing processing fees pursuant to subdivision (c), the department shall assess the processing fee on each container sold, as provided in subdivision (e), by the type of material of the container.

(j) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee.

(k) Prior to the January 1, 1996, recalculations of the processing fee, pursuant to this section, the department shall do both of the following:

(1) Consult with container manufacturers, beverage manufacturers, operators of recycling centers and processing facilities, and other interested parties concerning the size of the statewide sample, appropriate sampling methodologies, and other topics of concern related to the imposition of the processing fee.

(2) At least 60 days prior to the effective date of any new processing fee, hold a public hearing, after giving notice, to make available to the public and affected parties the department's proposed recalculation of the processing fee.

(*l*) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 4. Section 14575 of the Public Resources Code, as added by Section 19 of Chapter 1266 of the Statutes of 1992, is amended to read:

14575. (a) Except as provided in subdivision (b), if any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the sum of paragraphs (1) and (2), the department shall establish a processing fee for the container, by the type of the material of the container, at least equal to the difference between the scrap value offered by a statistically significant sample of container manufacturers, beverage manufacturers, processors, or willing purchasers, for each container sold by the beverage manufacturer, and the sum of both of the following:

(1) The actual cost for certified recycling centers, excluding those recycling centers receiving a convenience incentive payment, and certified processors which did not receive convenience incentive payments in the year in which the processing fee is calculated or recalculated, of receiving, handling, processing, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, for disposal, calculated pursuant to subdivision (c).

(2) A reasonable financial return for recycling centers and processors, calculated pursuant to subdivision (c).

(b) Notwithstanding subdivision (a), any processing fee established by the department on or before January 1, 1992, shall use a recycling cost which is equal to or less than the recycling cost calculated by the department on or before January 1, 1991, pursuant to paragraphs (1) and (2) of subdivision (a). In no event shall a recycling cost exceed one thousand one hundred seven dollars ($1,107) per ton.

(c) On January 1, 1996, and annually thereafter, the department shall calculate weighted statewide average values for the amounts specified in paragraphs (1) and (2) of subdivision (a) for each type of container material sold and a new processing fee, which shall be effective on that same date.

(d) A processing fee established pursuant to this section shall be based upon all of the following:

(1) The average scrap values paid by willing purchasers during the 1990 calendar year for the initial calculation and the average scrap values paid by willing purchasers during the calendar year directly preceding the year in which the processing fee is calculated for any subsequent calculation. Any processing fee established by the department on or before January 1, 1992, for glass beverage containers shall not include the average scrap value paid for mixed color cullet by willing purchasers who are not glass container manufacturers.

(2) The latest available data indicating the volumes of beverage containers collected by certified processors and recycling centers.

(3) The actual recycling costs for certified recycling centers and processors, as determined pursuant to paragraph (1) of subdivision (a) for the 1989 calendar year for the initial calculation, and for the second calendar year preceding the year in which the processing fee is calculated for any subsequent calculation.

(e) Every six months, or more frequently as determined to be necessary by the department, the department may adjust a processing fee established pursuant to this section if both of the following occur:

(1) The department determines that the average statewide scrap values paid by willing purchasers are less than the average scrap values used as the basis for the processing fee calculation.

(2) The department determines that adjusting the processing fee is necessary to further the objectives of this division.

(f) The calculations of the statewide weighted average values and processing fee made pursuant to subdivision (c) shall be based on audited surveys of the costs specified in subdivision (a) at existing certified recycling centers, reverse vending machines, and processors, with standardized modifications for transportation distances and factors specific to a particular region, as determined by the department, and, if the container is not recyclable, local disposal fees. The processing fee shall be calculated in a manner which furthers the purposes of this division and the fee shall be sufficient to establish sufficient recycling locations and processors to achieve

the goals established pursuant to subdivision (c) of Section 14501 and Section 14571. Except for the first calculation of a processing fee made pursuant to this section, 60 days prior to the annual calculation of the processing fee, the department shall submit a report to the Chairperson of the Assembly Natural Resources Committee and the Chairperson of the Senate Natural Resources and Wildlife Committee. The report shall include a summary of the fluctuations of costs and scrap values necessitating the recalculation. The report shall also highlight changes in markets, new technologies, and other business and economic factors. The report shall include a description of the average per container statewide costs of recycling beverage containers, by each material type, for the following recycling systems, including a description of any assumptions used to allocate undifferentiated costs among material types, and a brief statement of the reason for the adoption of these assumptions:

(1) Automated recycling centers.

(2) Staffed recycling centers.

(3) Recycling centers established since September 29, 1988.

(4) Recycling centers established prior to September 29, 1988.

(5) Recyclers receiving convenience incentive payments, as feasible.

(6) Nonprofit dropoff programs.

(7) Curbside recycling programs.

(g) (1) Except as provided in paragraphs (2) and (3), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) (A) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering or sale of that beverage brand within the state.

(B) The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this

paragraph.

(3) (A) Notwithstanding paragraph (1), a beverage manufacturer may, upon the approval of the department, elect to make a single annual payment of processing fees, if the beverage manufacturer's projected processing fees for a calendar year total less than one thousand dollars ($1,000).

(B) An annual processing fee payment made pursuant to this paragraph is due and payable on or before February 1 for every beverage container sold or transferred by the beverage manufacturer to a distributor or dealer in the previous calendar year.

(C) A beverage manufacturer shall notify the department of its intent to make an annual processing fee payment pursuant to this paragraph on or before January 31 of the calendar year preceding the year in which the payment will be due.

(4) The department shall pay the processing fees collected on redeemed containers to processors, in the same manner as it pays refund values pursuant to Sections 14573 and 14573.5. The department shall pay the processing fees collected on unredeemed containers into the fund. The department shall not use processing fees collected on unredeemed beverage containers to pay all or a portion of the processing costs determined pursuant to subdivision (a). The processor shall pay the recycling center that portion of the processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (a).

(h) When assessing processing fees pursuant to subdivision (c), the department shall assess the processing fee on each container sold, by the type of material of the container, assuming that every container sold will be redeemed for recycling, whether or not the container is actually recycled. When calculating and assessing processing fees, the department also shall not assume that redemption bonuses will be kept by recycling centers or locations.

(i) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee.

(j) This section shall become operative January 1, 1996.

CHAPTER 1261

SECTION 1. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five thousand dollars ($25,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding twenty-five thousand dollars ($25,000) or property of a value not exceeding twenty-five thousand dollars ($25,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000), the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the

action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in such court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding twenty-five thousand dollars ($25,000) or the debt denied does not exceed twenty-five thousand dollars ($25,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, except for uninsured motorist arbitration proceedings in accordance with Section 11580.2 of the Insurance Code, if (A) the petition is filed before the arbitration award becomes final and the matter to be resolved by arbitration is within the jurisdiction of the municipal or justice court under paragraphs (1) to (9), inclusive, or (B) the petition if filed after the arbitration award becomes final and the amount of the award and all other rulings, pronouncements, and decisions made in the award are within the jurisdiction of the municipal or justice court under paragraphs (1) to (9), inclusive.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than twenty-five thousand dollars ($25,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer

to another court of any case pending at the time such changes become operative.

SEC. 1.5. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 2. Section 1292 of the Code of Civil Procedure is amended to read:

1292. Except as otherwise provided in this article, any petition made prior to the commencement of arbitration shall be filed in a court having jurisdiction in:

(a) The county where the agreement is to be performed or was made.

(c) In any case not covered by subdivision (a) or (b) of this section, in any county in this state.

SEC. 3. Section 1292.2 of the Code of Civil Procedure is amended to read:

Except as otherwise provided in this article, any petition made after the commencement or completion of arbitration shall be filed in a court having jurisdiction in the county where the arbitration is being or has been held, or, if not held exclusively in any one county of this state, or if held outside of this state, then the petition shall be filed as provided in Section 1292.

SEC. 4. Title 11.6 (commencing with Section 1775) is added to Part 3 of the Code of Civil Procedure, to read:

TITLE 11.6. CIVIL ACTION MEDIATION

1775. The Legislature finds and declares that:

(a) The peaceful resolution of disputes in a fair, timely, appropriate, and cost-effective manner is an essential function of the judicial branch of state government under Article VI of the California Constitution.

(b) In the case of many disputes, litigation culminating in a trial is costly, time consuming, and stressful for the parties involved. Many disputes can be resolved in a fair and equitable manner through less formal processes.

(c) Alternative processes for reducing the cost, time, and stress of

dispute resolution, such as mediation, have been effectively used in California and elsewhere. In appropriate cases mediation provides parties with a simplified and economical procedure for obtaining prompt and equitable resolution of their disputes and a greater opportunity to participate directly in resolving these disputes. Mediation may also assist to reduce the backlog of cases burdening the judicial system. It is in the public interest for mediation to be encouraged and used where appropriate by the courts.

(d) Mediation and similar alternative processes can have the greatest benefit for the parties in a civil action when used early, before substantial discovery and other litigation costs have been incurred. Where appropriate, participants in disputes should be encouraged to utilize mediation and other alternatives to trial for resolving their differences in the early stages of a civil action.

(e) As a pilot project in Los Angeles County and in other counties which elect to apply this title, courts should be able to refer cases to appropriate dispute resolution processes such as judicial arbitration and mediation as an alternative to trial, consistent with the parties' right to obtain a trial if a dispute is not resolved through an alternative process.

(f) The purpose of this title is to encourage the use of court-annexed alternative dispute resolution methods in general, and mediation in particular. It is estimated that the average cost to the court for processing a civil case of the kind described in Section 1775.3 through judgment is three thousand nine hundred forty-three dollars ($3,943) for each judge day, and that a substantial portion of this cost can be saved if these cases are resolved before trial.

The Judicial Council, through the Administrative Office of the Courts, shall conduct a survey to determine the number of cases resolved by alternative dispute resolution authorized by this title, and shall estimate the resulting savings realized by the courts and the parties. The results of the survey shall be included in the report submitted pursuant to Section 1775.14. The programs authorized by this title shall be deemed successful if they result in estimated savings of at least two hundred fifty thousand dollars ($250,000) to the courts and corresponding savings to the parties.

1775.1. (a) As used in this title:

(1) "Court" means a superior court, municipal court, or justice court.

(2) "Mediation" means a process in which a neutral person or persons facilitate communication between the disputants to assist them in reaching a mutually acceptable agreement.

(b) Unless otherwise specified in this title or ordered by the court, any act to be performed by a party may also be performed by his or her counsel of record.

1775.2. (a) This title shall apply to the courts of the County of Los Angeles.

(b) A court of any county, at the option of the presiding judge, may elect whether or not to apply this title to eligible actions filed

in that court, and this title shall not apply in any court which has not so elected. An election under this subdivision may be revoked by the court at any time.

(c) Courts are authorized to apply this title to all civil actions pending or commenced on or after January 1, 1994.

1775.3. (a) In the courts of the County of Los Angeles and in other courts that elect to apply this title, all at-issue civil actions in which arbitration is otherwise required pursuant to Section 1141.11, whether or not the action includes a prayer for equitable relief, may be submitted to mediation by the presiding judge or the judge designated under this title as an alternative to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3.

(b) Any civil action otherwise within the scope of this title in which a party to the action is a public agency or public entity may be submitted to mediation pursuant to subdivision (a).

1775.4. An action that has been ordered into arbitration pursuant to Section 1141.11 or 1141.12 may not be ordered into mediation under this title, and an action that has been ordered into mediation pursuant to Section 1775.3 may not be ordered into arbitration pursuant to Section 1141.11.

1775.5. The court shall not order a case into mediation where the amount in controversy exceeds fifty thousand dollars ($50,000). The determination of the amount in controversy shall be made in the same manner as provided in Section 1141.16 and, in making this determination, the court shall not consider the merits of questions of liability, defenses, or comparative negligence.

1775.6. In actions submitted to mediation pursuant to Section 1775.3, a mediator shall be selected for the action within 30 days of its submission to mediation. The method of selection and qualification of the mediator shall be as the parties determine. If the parties are unable to agree on a mediator within 15 days of the date of submission of the action to mediation, the court may select a mediator pursuant to standards adopted by the Judicial Council.

1775.7. (a) Submission of an action to mediation pursuant to this title shall not suspend the running of the time periods specified in Chapter 1.5 (commencing with Section 583.110) of Title 8 of Part 2, except as provided in this section.

(b) If an action is or remains submitted to mediation pursuant to this title more than four years and six months after the plaintiff has filed the action, then the time beginning on the date four years and six months after the plaintiff has filed the action and ending on the date on which a statement of nonagreement is filed pursuant to Section 1775.9 shall not be included in computing the five-year period specified in Section 583.310.

1775.8. (a) The compensation of court-appointed mediators shall be the same as the compensation of arbitrators pursuant to Section 1141.18, except that no compensation shall be paid prior to the filing of a statement of nonagreement by the mediator pursuant to Section

1775.9 or prior to settlement of the action by the parties.

(b) All administrative costs of mediation, including compensation of mediators, shall be paid in the same manner as for arbitration pursuant to Section 1141.28. Funds allocated for the payment of arbitrators under the judicial arbitration program shall be equally available for the payment of mediators under this title.

1775.9. (a) In the event that the parties to mediation are unable to reach a mutually acceptable agreement and any party to the mediation wishes to terminate the mediation, then the mediator shall file a statement of nonagreement. This statement shall be in a form to be developed by the Judicial Council.

(b) Upon the filing of a statement of nonagreement, the matter shall be calendared for trial, by court or jury, both as to law and fact, insofar as possible, so that the trial shall be given the same place on the active list as it had prior to mediation, or shall receive civil priority on the next setting calendar.

1775.10. All statements made by the parties during the mediation shall be subject to Sections 1152 and 1152.5 of the Evidence Code.

1775.11. Any party who participates in mediation pursuant to Section 1775.3 shall retain the right to obtain discovery to the extent available under the Civil Discovery Act of 1986, Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4.

1775.12. Any reference to the mediation or the statement of nonagreement filed pursuant to Section 1775.9 during any subsequent trial shall constitute an irregularity in the proceedings of the trial for the purposes of Section 657.

1775.13. It is the intent of the Legislature that nothing in this title be construed to preempt other current or future alternative dispute resolution programs operating in the trial courts.

1775.14. On or before January 1, 1998, the Judicial Council shall submit a report to the Legislature concerning court alternative dispute resolution programs. This report shall include, but not be limited to, a review of programs operated in Los Angeles County and other courts that have elected to apply this title, and shall examine, among other things, the effect of this title on the judicial arbitration programs of courts that have participated in that program.

(b) The Judicial Council shall, by rule, require that each court applying this title file with the Judicial Council such data as will enable the Judicial Council to submit the report required by subdivision (a).

1775.15. Notwithstanding any other provision of law except the provisions of this title, the Judicial Council shall provide by rule for all of the following:

(a) The procedures to be followed in submitting actions to mediation under this act.

(b) Coordination of the procedures and processes under this act with those under the trial Court Delay Reduction Act, Article 5 (commencing with Section 68600) of Chapter 2 of Title 8 of the Government Code.

(c) Exceptions for cause from provisions of this title. In providing for exceptions, the Judicial Council shall take into consideration whether the civil action might not be amenable to mediation.

1775.16. This title shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

SEC. 5. Section 703.5 of the Evidence Code is amended to read:

703.5. No person presiding at any judicial or quasi-judicial proceeding, and no arbitrator or mediator, shall be competent to testify, in any subsequent civil proceeding, as to any statement, conduct, decision, or ruling, occurring at or in conjunction with the prior proceeding, except as to a statement or conduct that could (a) give rise to civil or criminal contempt, (b) constitute a crime, (c) be the subject of investigation by the State Bar or Commission on Judicial Performance, or (d) give rise to disqualification proceedings under paragraph (1) or (6) of subdivision (a) of Section 170.1 of the Code of Civil Procedure. However, this section does not apply to a mediator with regard to any mediation under Chapter 11 (commencing with Section 3155) of Part 2 of Division 8 of the Family Code.

SEC. 6. Section 1152.5 of the Evidence Code, as amended by Section 73 of Chapter 163 of the Statutes of 1992, is further amended to read:

1152.5. (a) When persons agree to conduct and participate in a mediation for the purpose of compromising, settling, or resolving a dispute in whole or in part:

(1) Except as otherwise provided in this section, evidence of anything said or of any admission made in the course of the mediation is not admissible in evidence or subject to discovery, and disclosure of this evidence shall not be compelled, in any civil action or proceeding in which, pursuant to law, testimony can be compelled to be given.

(2) Except as otherwise provided in this section, unless the document otherwise provides, no document prepared for the purpose of, or in the course of, or pursuant to, the mediation, or copy thereof, is admissible in evidence or subject to discovery, and disclosure of such a document shall not be compelled, in any civil action or proceeding in which, pursuant to law, testimony can be compelled to be given.

(3) When persons agree to conduct or participate in mediation for the sole purpose of compromising, settling, or resolving a dispute, in whole or in part, all communications, negotiations, or settlement discussions by and between participants or mediators in the mediation shall remain confidential.

(4) All or part of a communication or document which may be otherwise privileged or confidential may be disclosed if all parties who conduct or otherwise participate in a mediation so consent.

(5) A written settlement agreement, or part thereof, is admissible to show fraud, duress, or illegality if relevant to an issue in dispute.

(6) Evidence otherwise admissible or subject to discovery outside of mediation shall not be or become inadmissible or protected from disclosure solely by reason of its introduction or use in a mediation.

(b) This section does not apply where the admissibility of the evidence is governed by Section 1818 or 3156 of the Family Code.

(c) Nothing in this section makes admissible evidence that is inadmissible under Section 1152 or any other statutory provision, including, but not limited to, the sections listed in subdivision (d). Nothing in this section limits the confidentiality provided pursuant to Section 65 of the Labor Code.

(d) If the testimony of a mediator is sought to be compelled in any action or proceeding as to anything said or any admission made in the course of the mediation that is inadmissible and not subject to disclosure under this section, the court shall award reasonable attorney's fees and costs to the mediator against the person or persons seeking that testimony.

(e) Paragraph (2) of subdivision (a) does not limit the effect of an agreement not to take a default in a pending civil action.

SEC. 7. Section 68616 of the Government Code is amended to read:

68616. Delay reduction rules shall not require shorter time periods than as follows:

(a) Service of the complaint within 60 days after filing. Exceptions, for longer periods of time, may be granted as authorized by local rule.

(b) Service of responsive pleadings within 30 days after service of the complaint. The parties may stipulate to an additional 15 days. Exceptions, for longer periods of time, may be granted as authorized by local rule.

(c) Time for service of notice or other paper under Sections 1005 and 1013 of the Code of Civil Procedure and time to plead after service of summons under Section 412.20 of the Code of Civil Procedure shall not be shortened except as provided in those sections.

(d) Within 30 days of service of the responsive pleadings, the parties may, by stipulation filed with the court, agree to a single continuance not to exceed 30 days.

It is the intent of the Legislature that these stipulations not detract from the efforts of the courts to comply with standards of timely disposition. To this extent, the Judicial Council shall develop statistics that distinguish between cases involving, and not involving, these stipulations.

(e) No status conference, or similar event, other than a challenge to the jurisdiction of the court, may be required to be conducted sooner than 30 days after service of the first responsive pleadings, or no sooner than 30 days after expiration of a stipulated continuance, if any, pursuant to subdivision (d).

(f) Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall govern discovery,

except in arbitration proceedings.

(g) An order referring an action to arbitration or mediation may be made at any status conference held in accordance with subdivision (e), provided that any arbitration ordered may not commence prior to 210 days after the filing of the complaint, exclusive of the stipulated period provided in subdivision (d). Any mediation ordered pursuant to Section 1775.3 of the Code of Civil Procedure may be commenced prior to 210 days after the filing of the complaint, exclusive of the stipulated period provided in subdivision (d). No rule adopted pursuant to this article may contravene Sections 638 and 639 of the Code of Civil Procedure.

(h) Unnamed (DOE) defendants shall not be dismissed prior to the conclusion of the introduction of evidence at trial, except upon stipulation or motion of the parties.

(i) Notwithstanding Section 170.6 of the Code of Civil Procedure, in direct calendar courts, challenges pursuant to that section shall be exercised within 15 days of the party's first appearance. Master calendar courts shall be governed solely by Section 170.6 of the Code of Civil Procedure.

(j) This section applies to all cases subject to this article which are filed on or after January 1, 1991.

(k) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

SEC. 8. Section 68616 is added to the Government Code, to read:

68616. Delay reduction rules shall not require shorter time periods than as follows:

(a) Service of the complaint within 60 days after filing. Exceptions, for longer periods of time, may be granted as authorized by local rule.

(b) Service of responsive pleadings within 30 days after service of the complaint. The parties may stipulate to an additional 15 days. Exceptions, for longer periods of time, may be granted as authorized by local rule.

(c) Time for service of notice or other paper under Sections 1005 and 1013 of the Code of Civil Procedure and time to plead after service of summons under Section 412.20 of the Code of Civil Procedure shall not be shortened except as provided in those sections.

(d) Within 30 days of service of the responsive pleadings, the parties may, by stipulation filed with the court, agree to a single continuance not to exceed 30 days.

It is the intent of the Legislature that these stipulations not detract from the efforts of the courts to comply with standards of timely disposition. To this extent, the Judicial Council shall develop statistics that distinguish between cases involving, and not involving, these stipulations.

(e) No status conference, or similar event, other than a challenge to the jurisdiction of the court, may be required to be conducted

sooner than 30 days after service of the first responsive pleadings, or no sooner than 30 days after expiration of a stipulated continuance, if any, pursuant to subdivision (d).

(f) Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall govern discovery, except in arbitration proceedings.

(g) No case may be referred to arbitration prior to 210 days after the filing of the complaint, exclusive of the stipulated period provided for in subdivision (d). No rule adopted pursuant to this article may contravene Sections 638 and 639 of the Code of Civil Procedure.

(h) Unnamed (DOE) defendants shall not be dismissed prior to the conclusion of the introduction of evidence at trial, except upon stipulation or motion of the parties.

(i) Notwithstanding Section 170.6 of the Code of Civil Procedure, in direct calendar courts, challenges pursuant to that section shall be exercised within 15 days of the party's first appearance. Master calendar courts shall be governed solely by Section 170.6 of the Code of Civil Procedure.

(j) This section applies to all cases subject to this article which are filed on or after January 1, 1991.

(k) This section shall become operative on January 1, 1999.

SEC. 9. Section 1.5 of this bill incorporates amendments to Section 86 of the Code of Civil Procedure proposed by both this bill and AB 1272. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 86 of the Code of Civil Procedure, and (3) this bill is enacted after AB 1272, in which case Section 1 of this bill shall not become operative.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1262

An act to amend Sections 6200, 6201, and 6203 of the Business and Professions Code, and to amend Sections 86, 116.220, and 1060 of the Code of Civil Procedure, relating to legal proceedings.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 6200 of the Business and Professions Code is amended to read:

6200. (a) The board of governors shall, by rule, establish, maintain, and administer a system and procedure for the arbitration of disputes concerning fees, costs, or both, charged for professional services by members of the State Bar or by members of the bar of other jurisdictions. The rules may include provision for a filing fee in such amount as the board may, from time to time, determine.

(b) This article shall not apply to any of the following:

(1) Disputes where a member of the State Bar of California is also admitted to practice in another jurisdiction or where an attorney is only admitted to practice in another jurisdiction, and he or she maintains no office in the State of California, and no material portion of the services were rendered in the State of California.

(2) Claims for affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct, except as provided in subdivision (a) of Section 6203.

(3) Disputes where the fee or cost to be paid by the client or on his or her behalf has been determined pursuant to statute or court order.

(c) Arbitration under this article shall be voluntary for a client and shall be mandatory for an attorney if commenced by a client.

(d) The board of governors shall adopt rules to allow arbitration of attorney fee and cost disputes under this article to proceed under arbitration systems sponsored by local bar associations in this state. Rules of procedure promulgated by local bar associations are subject to review by the board to insure that they provide for a fair, impartial, and speedy hearing and award.

(e) In adopting or reviewing rules of arbitration under this section the board shall provide that the panel shall include one attorney member whose area of practice is either, at the option of the client, civil law, if the attorney's representation involved civil law, or criminal law, if the attorney's representation involved criminal law, as follows:

(1) If the panel is composed of three members the panel shall include one attorney member whose area of practice is either, at the option of the client, civil or criminal law, and shall include one lay member.

(2) If the panel is composed of one member, that member shall be an attorney whose area of practice is either, at the option of the client, civil or criminal law.

(f) In any arbitration conducted pursuant to this article by the State Bar or by a local bar association, pursuant to rules of procedure approved by the board of governors, the arbitrator or arbitrators, as well as the arbitrating association and its directors, officers, and employees, shall have the same immunity which attaches in judicial proceedings.

(g) In the conduct of arbitrations under this article the arbitrator or arbitrators may do all of the following:

(1) Take and hear evidence pertaining to the proceeding.

(2) Administer oaths and affirmations.

(3) Compel, by subpoena, the attendance of witnesses and the production of books, papers, and documents pertaining to the proceeding.

SEC. 2. Section 6201 of the Business and Professions Code is amended to read:

6201. (a) The rules adopted by the board of governors shall provide that an attorney shall forward a written notice to the client prior to or at the time of service of summons or claim in an action against the client for recovery of fees, costs, or both, covered by the provisions of this article. The written notice shall be in such form as the board of governors may prescribe, but shall include a statement of the client's right to arbitration under this article. Failure to give this notice shall be a ground for the dismissal of the action.

The rules adopted by the board of governors shall provide that the client's failure to request arbitration within 30 days after receipt of notice from the attorney shall be deemed a waiver of the client's right to arbitration under the provisions of this article.

(b) If an attorney, or the attorney's assignee, subject to the provisions of this article, commences an action in any court, and the dispute is not one to which subdivision (b) of Section 6200 applies, the client may stay the action by serving and filing a request for arbitration in accordance with the rules established by the board of governors pursuant to subdivision (a) of Section 6200. The request for arbitration shall be served and filed prior to the filing of an answer in the action; failure to so request arbitration prior to the filing of an answer shall be deemed a waiver of the client's right to arbitration under the provisions of this article if notice of the client's right to arbitration was given pursuant to subdivision (a).

(c) Upon filing and service of the request for arbitration, the action shall be stayed, without the necessity of court order, until the award of the arbitrators is issued or the arbitration is otherwise terminated, and the time of the continuance of the stay shall not be part of the time limited for the commencement of the action. The stay may be vacated in whole or in part, after a hearing duly noticed by any party or the court, if the court finds that the matter, or any part of it, is not an appropriate one for arbitration under the

provisions of this article. The action may thereafter proceed subject to the provisions of Section 6204.

(d) A client's right to request or maintain arbitration under the provisions of this article is waived by (1) the commencement of an action or the filing of any pleading by the client seeking judicial resolution of a dispute to which this article applies, or (2) seeking affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct.

SEC. 3. Section 6203 of the Business and Professions Code is amended to read:

6203. (a) The award shall be in writing and signed by the arbitrators concurring therein. It shall include a determination of all the questions submitted to the arbitrators, the decision of which is necessary in order to determine the controversy. The award shall not include any award to either party for attorney's fees incurred, notwithstanding any contract between the parties providing for such an award or attorney's fees. However, this section shall not preclude an award of attorney's fees to either party by a court pursuant to subdivision (c) of this section or of subdivision (d) of Section 6204. The State Bar, or the local bar association delegated by the State Bar to conduct the arbitration, shall deliver to each of the parties with the award, an original declaration of service of the award.

Evidence relating to claims of malpractice and professional misconduct, shall be admissible only to the extent that those claims bear upon the fees, costs, or both, to which the attorney is entitled. The arbitrators shall not award affirmative relief, in the form of damages or offset or otherwise, for injuries underlying any such claim. Nothing in this section shall be construed to prevent the arbitrators from awarding the client a refund of unearned fees, costs, or both previously paid to the attorney.

(b) Even if the parties to the arbitration have not agreed in writing to be bound, the arbitration award shall become binding upon the passage of 30 days after mailing of notice of the award, unless a party has, within the 30 days, sought a trial after arbitration pursuant to Section 6204. If an action has previously been filed in any court, any petition to confirm, correct, or vacate the award shall be to the court in which the action is pending, and may be served by mail on any party who has appeared, as provided in Chapter 4 (commencing with Section 1003) of Title 14 of Part 2 of the Code of Civil Procedure; otherwise it shall be in the same manner as provided in Chapter 4 (commencing with Section 1285) of Title 9 of Part 3 of the Code of Civil Procedure. If no action is pending in any court, the award may be confirmed, corrected, or vacated by petition to the court having jurisdiction over the amount of the arbitration award, but otherwise in the same manner as provided in Chapter 4 (commencing with Section 1285) of Title 9 of Part 3 of the Code of Civil Procedure.

(c) A court confirming, correcting, or vacating an award under this section may award to the prevailing party reasonable fees and

costs including, if applicable, fees or costs on appeal, incurred in obtaining confirmation, correction, or vacation of the award. The party obtaining judgment confirming, correcting, or vacating the award shall be the prevailing party except that, without regard to consideration of who the prevailing party may be, if a party did not appear at the arbitration hearing in the manner provided by the rules adopted by the board of governors, that party shall not be entitled to attorney's fees or costs upon confirmation, correction, or vacation of the award.

(d) (1) In any matter in which (A) the award of the arbitrators includes a refund of fees or costs, or both, to the client; (B) the award is binding or has become binding by operation of law or has become a judgment either after confirmation under subdivision (c) or after a trial after arbitration under Section 6204; and (C) the attorney has not complied with that award, the State Bar shall enforce the award by placing the attorney on involuntary inactive status until the award has been paid.

(2) The State Bar shall provide for an administrative procedure to determine whether an award should be enforced pursuant to this subdivision. An award shall be so enforced if either of the following applies:

(A) The State Bar shows that the attorney has failed to comply with a binding fee arbitration award rendered pursuant to this article.

(B) The attorney has not proposed a payment plan acceptable to the client or the State Bar.

However, the award shall not be so enforced if the attorney has demonstrated that he or she (i) is not personally responsible for making or ensuring payment of the award, or (ii) is unable to pay the award.

(3) An attorney who has failed to comply with a binding award shall pay administrative penalties or reasonable costs, or both, as directed by the State Bar. Penalties imposed shall not exceed 20 percent of the amount awarded to the client or one thousand dollars ($1,000), whichever is greater. Any penalties or costs, or both, that are not paid shall be added to the membership fee of the attorney for the next calendar year.

(4) The board shall terminate the inactive enrollment upon proof that the attorney has complied with the award and upon payment of any costs or penalties, or both, assessed as a result of the attorney's failure to comply.

(5) A request for enforcement under this subdivision shall be made within four years from the date the arbitration award was mailed. However, in no event shall a request be made prior to 100 days from the date of the service of a signed copy of the award. In cases where the award is appealed, a request shall not be made prior to 100 days from the date the award has become final as set forth in this section.

SEC. 4. Section 86 of the Code of Civil Procedure is amended to

read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five thousand dollars ($25,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding twenty-five thousand dollars ($25,000) or property of a value not exceeding twenty-five thousand dollars ($25,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a common interest development as defined in Section 1351 of the Civil Code, where the amount of the liens is twenty-five thousand dollars ($25,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000), the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. (10) In all arbitration-related petitions filed pursuant to either of the following:

(d) Changes in the jurisdictional ceilings made by amendments to

this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 4.5. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five thousand dollars ($25,000).

However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000), the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior

court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought pursuant to either of the following:

6980.18. Each individual applicant, each partner of a partnership, and designated officers of a corporation shall submit with the application one personal identification form provided by the chief upon which shall appear a photograph taken within one year immediately preceding the date of the filing of the application, together with two legible sets of fingerprints and a personal description of each person, respectively. Any photograph submitted by an applicant shall measure 1¼ by 1½ inches, with a face size no greater than 1 by 1¼ inches. The identification form shall include residence addresses and employment history for the previous five years.

6980.19. If the applicant for a license is an individual, the application shall state the full name of the individual, the full residence address of the applicant, and that the applicant is to be personally and actively in charge of the business for which the license is sought. The application shall be subscribed, verified, and signed by a duly authorized officer of the applicant under penalty of perjury.

6980.22. No new or original license shall be issued to any applicant pending final disposition of any disciplinary action previously filed against the person or applicant or partner, or officer of the applicant.

6980.23. The chief shall issue a pocket identification card to the owner, partners, and officers. The chief shall determine the form and content of the card.

On renewal, such evidence of renewal of the license or registration as the director may prescribe shall be issued to the licensee. The bureau shall send to each licensee a notice of renewal at least 45 calendar days prior to the expiration of each unexpired license.

6980.28. A locksmith license not renewed within one year

following its expiration may not be renewed thereafter. Renewal of the license within one year, or issuance of an original license thereafter, shall be subject to payment of any and all fines assessed by the chief or the director which are not pending appeal and all other applicable fees.

6980.29. A suspended locksmith license is subject to expiration and shall be renewed as provided in this article, but renewal of the license does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or in any other activity or conduct in violation of the order or judgment by which the license was suspended. The bureau shall not issue a license renewal certificate on a suspended license until the period of suspension has terminated.

(a) Within seven days after commencing employment, any employee of a locksmith who is not currently registered with the bureau and who is performing the services of a locksmith shall submit to the bureau a completed application for registration, two classifiable fingerprint cards, and the appropriate registration fee. No application is required to be submitted if the employee terminated employment within seven days. "Within seven days" means 168 hours from the time an employee provides any service for which he or she shall be compensated by a licensee.

(b) Except as provided in subdivision (c), an employee of a licensee may be assigned to work with a temporary registration card issued by the licensee until the bureau issues a registration card or denies the application for registration. A temporary registration card shall in no event be valid for more than 120 days. However, the director may extend the expiration date beyond the 120 days if there is an abnormal delay in processing applications for locksmith employees. For purposes of this section, the 120-day period shall commence on the date the applicant signs the application.

(c) An employee who has been convicted of a crime prior to applying for a position as a locksmith employee performing the services of a locksmith shall not be issued a temporary registration card and shall not be assigned to work as a locksmith until the bureau issues a permanent registration card. This subdivision shall apply only if the applicant for registration has disclosed the conviction to the bureau on his or her application form, or if the fact of the conviction has come to the attention of the bureau through official court or other governmental documents.

6980.43. The application for registration under this article shall be on a form prescribed by the director and shall be accompanied by the fee as prescribed in this chapter.

(d) A statement as to whether the employee has been convicted of a felony.

6980.45. The bureau, upon receipt of a criminal offense record or record of a subsequent arrest from the Department of Justice, shall make an immediate determination of fitness for registration of applicants for registration, when information contained in the records of the Department of Justice makes such a determination possible. Applications for registration of those determined to be unfit shall be immediately denied.

6980.46. (a) If the chief determines that an applicant's criminal history contains arrest information for which no disposition appears, the chief shall issue a notice to the applicant allowing the applicant 45 days to provide documentation concerning the disposition of the arrest or arrests.

(b) The notice shall be sent to the applicant and shall provide sufficient information to assist the applicant in complying with the chief's request. If the applicant fails to respond within 45 days, the applicant's employment shall be automatically suspended until the bureau obtains the necessary documentation to approve or deny the application.

6980.47. If the director determines that continued employment of an applicant or registrant, in his or her current capacity, may present an undue hazard to public safety, the licensee, upon proper notification from the director, shall suspend the applicant or registrant from employment in that capacity.

6980.48. (a) Upon determining that the applicant is qualified for registration pursuant to this chapter, the bureau shall issue a registration card to the employee.

(e) The initial license fee shall be an amount equal to the renewal fee in effect on the date the application for the license is filed.

(f) The fee for an interim permit shall be twenty dollars ($20).

(g) The fee for a duplicate license shall be twenty dollars ($20).

(h) The fee for endorsement of a license shall be twenty dollars ($20).

SEC. 6.3. Section 7071.6 of the Business and Professions Code is amended to read:

7071.6. (a) Except as provided in Section 7071.8 and subdivision (b), the board shall require, as a condition precedent to the issuance, reinstatement, reactivation, or renewal of a license, that the applicant file or have on file a contractor's bond in the sum of seven thousand five hundred dollars ($7,500). No bond shall be required of a holder of an inactive license during the period the license is inactive.

(b) Notwithstanding subdivision (a), the board shall require, as a condition precedent to the issuance, reinstatement, reactivation, or renewal of a license for the license classification of swimming pool contractor, that the applicant file or have on file a contractor's bond in the sum of ten thousand dollars ($10,000). No bond shall be required of a holder of an inactive license during the period the license is inactive.

(c) Notwithstanding any other provision of law, the board shall require, as a condition to the continued maintenance of any active license, that the holder of a license file, or have on file, upon renewal, a contractor's bond in the sum of seven thousand five hundred dollars ($7,500); provided, that the holder of a license for the classification of swimming pool contractor file, or have on file, a contractor's bond in the sum of ten thousand dollars ($10,000).

(d) Notwithstanding any other provision of law, the board shall require, as a condition precedent to the issuance, reinstatement, or reactivation of a license, that an applicant, previously found to have failed or refused to pay a contractor, subcontractor, consumer, materials supplier, or employee based on an entered and unsatisfied final judgment from a court of law, file or have on file with the board a judgment bond or other security sufficient to guarantee payment of an amount equal to the unsatisfied final judgment or judgments. The applicant shall have 90 days from date of notification by the board to file the bond or the application shall become void and the applicant shall reapply for issuance, reinstatement, or reactivation of a license. The board may not issue, reinstate, or reactivate a license until the judgment bond is filed with the board. The judgment bond is in addition to the contractor's bond. The bond shall be on file for a minimum of one year, after that the bond may be removed by submitting proof of satisfaction of all debts. The applicant may provide the board with a notarized copy of any accord, reached with any judgment creditor holding an unsatisfied final judgment, to satisfy a debt in lieu of filing the bond. Failure to maintain the bond or failure to abide by the accord shall result in the automatic suspension, by operation of law, of any license to which this section applies. After a license is suspended for failure to maintain the bond or abide by the accord the license can only be reinstated when proof of a satisfaction of all debts is made.

Except as otherwise provided, the judgment bond shall remain in full force in the amount posted until the entire debt is satisfied. If at

the time of renewal, the licensee submits proof of partial satisfaction of the outstanding final judgment, the board may authorize the judgment bond be reduced to the amount of the unsatisfied portion of the outstanding judgment. When the licensee submits proof of satisfaction of all debts, the judgment bond requirement may be removed.

The board shall include on the license application for issuance, reinstatement, or reactivation, a statement, to be made under penalty of perjury, as to whether there are any entered and unsatisfied judgments against the applicant on behalf of contractors, subcontractors, consumers, or the applicant's employees. Notwithstanding any other provision of law, if it is found that the applicant falsified the statement then the license will be retroactively suspended to date of issuance and the license will stay suspended until the judgment bond is filed.

This subdivision applies only with respect to an unsatisfied judgment which is substantially related to the qualifications, functions, or duties of the license being applied for. This section shall not apply to an applicant for issuance, reinstatement, or reactivation where an unsatisfied judgment has been fully discharged in a completed bankruptcy proceeding.

(e) Notwithstanding any other provision of law, the licensee shall notify the registrar in writing of any entered and unsatisfied judgments within 90 days from the date of judgment.

If the licensee fails to notify the registrar in writing within 90 days, the license shall be automatically suspended and the licensee shall automatically be prohibited from serving as the responsible managing officer, responsible managing partner, or responsible managing employee for any other licensee from the date that the registrar is informed, or is made aware of the unsatisfied judgment. The suspension of the license and prohibition against serving as the responsible managing officer, responsible managing partner, or responsible managing employee for any other licensee shall not be removed until proof of satisfaction of judgment is submitted to the registrar.

If the licensee is serving as the person who is the responsible managing officer, responsible managing partner, or responsible managing employee of any other licensee at the time the suspension arises, the suspension of a license under this section shall constitute a disassociation pursuant to Section 7068.2 and the date of the suspension shall constitute the date of disassociation for the purposes of Section 7068.2. The registrar shall notify the licensee of the disassociation of the qualified person under this section. This notice shall be sent to each remaining member of the personnel of the licensee by first-class mail to the licensee's address of record. In the event that proof of full satisfaction of judgment is submitted to the registrar within the 90-day period provided in Section 7068.2, the disassociation of the responsible managing officer, responsible managing partner, or responsible managing employee shall be

terminated and the qualified person shall be permitted to serve as the responsible managing officer, responsible managing partner, or responsible managing employee for the licensee.

This section applies only with respect to an unsatisfied judgment which is substantially related to the qualifications, functions, or duties of the license being applied for. In lieu of submitting proof of satisfaction of judgment in order to remove this suspension a licensee may submit proof that the unsatisfied judgment has been fully discharged in a completed bankruptcy proceeding.

If the licensee notifies the registrar in writing within 90 days of the date of judgment of any entered and unsatisfied judgments the board shall require as a condition to the continual maintenance of the license that the licensee file or have on file with the board a judgment bond or other security sufficient to guarantee payment of an amount equal to the unsatisfied judgment or judgments. The licensee has 90 days from date of notification by the board to file the bond or at the end of the 90 days the license shall be automatically suspended. The licensee may provide the board with a notarized copy of any accord, reached with any individual holding an unsatisfied judgment, to satisfy a debt in lieu of filing the bond. Failure to maintain the bond or failure to abide by the accord shall result in the automatic suspension, by operation of law, to any license that this section applies. If a licensee does not file the bond within 90 days from the board's date of notification and the license is suspended or if the bond is not maintained and the license is suspended or if the licensee does not abide by the accord and the license is suspended, the license suspension and prohibition against serving as a responsible managing officer, responsible managing partner, or responsible managing employee for any other licensee can only be removed and the license reinstated or the licensee allowed to serve as a responsible managing officer, responsible managing partner, or responsible managing employee for any other licensee when proof of a satisfaction of all debts is made.

Except as otherwise provided, the judgment bond shall remain in full force in the amount posted until the entire debt is satisfied. If at the time of renewal, the licensee submits proof of partial satisfaction of the outstanding final judgment, the board may authorize the judgment bond be reduced to the amount of the unsatisfied portion of the outstanding judgment. When the licensee submits proof of satisfaction of all debts, the judgment bond requirement may be removed.

(f) The board shall take the actions required by this section upon notification by any party having knowledge of the outstanding judgment upon a showing of proof of the judgment.

(g) For the purposes of this section, the term "judgment" includes any final arbitration award.

(h) Notwithstanding any other provision of law, as a condition precedent to licensure, the board may require an applicant to post a contractor's bond in twice the amount required pursuant to

subdivision (a) until such time as the license is renewed, under the following conditions:

(1) The applicant has either been convicted of a violation of Section 7028 or has been cited pursuant to Section 7028.7.

(2) If the applicant has been cited pursuant to Section 7028.7, the citation has been reduced to a final order of the registrar.

(3) The violation of Section 7028, or the basis for the citation issued pursuant to Section 7028.7, constituted a substantial injury to the public.

SEC. 6.4. Section 7071.9 of the Business and Professions Code is amended to read:

7071.9. (a) If the qualifying individual, as referred to in Sections 7068 and 7068.1, is not either the proprietor, a general partner, or joint licensee, he or she shall file or have on file a qualifying individual's bond as provided in Section 7071.10 in the sum of seven thousand five hundred dollars ($7,500). This bond is in addition to, and may not be combined with, any contractor's bond required by Sections 7071.5 to 7071.8, inclusive, and is required for the issuance, reinstatement, reactivation, or continued valid use of a license.

(b) The responsible managing officer of a corporation shall not be required to file or have on file a qualifying individual's bond, if he or she owns 10 percent or more of the voting stock of the corporation and certifies to that fact on a form prescribed by the registrar.

SEC. 7. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. (a) A copy of the complaint in a civil action commenced by a person claiming against a bond required by this article shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The claim of any employee of the contractor for wages and fringe benefits shall be a preferred claim against the bond. The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of four thousand dollars ($4,000). If any bond which may be required is insufficient to pay all claims in full, the sum of the bond shall be distributed to all claimants in proportion to the amount of their respective claims with priority to claims for wages and fringe benefits. Any action, other than an action to recover fringe benefits, against a contractor's bond or a bond of a qualifying individual filed by an active licensee shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover fringe benefits, against a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within two years after the expiration of the license period during which the act or omission

occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within two years after the last date for which a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first. A claim to recover fringe benefits shall be brought within six months from the date that the fringe benefit delinquencies were discovered, but in no event shall a civil action thereon be brought later than two years from the date the fringe benefit contributions were due.

(b) When the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, notify the registrar. The notice shall contain, on a form prescribed by the registrar, the name and license number of the contractor, the surety bond number, the amount of payment, the statutory basis upon which the claim is made, and the names of the person or persons to whom payments are made.

(c) Any judgment or admitted claim against, or good faith payment from, a bond required by this article shall constitute grounds for disciplinary action against the licensee, except in those cases of good faith payment where the licensee has, in writing, timely instructed the surety not to make payment from the bond on his or her account, upon the specific grounds that (1) the claim is opposed by the licensee, and (2) the licensee has, in writing, previously directed to the surety a specific and reasonable basis for his or her opposition to payment. The license may not be reissued or reinstated while any judgment or admitted claim in excess of the amount of the bond remains unsatisfied. Further, the license may not be reissued or reinstated while any surety remains unreimbursed for loss and expense sustained on any bond issued for the licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of the licensee while the licensee was subject to disciplinary action under this section. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8.

(d) Legal fees may not be charged against the bond by the board.

(e) In any case in which a claim is filed against a deposit given in lieu of a bond by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment thereof shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested by Section 96.5 of the Labor Code, conduct hearings to determine whether or not the wages or fringe benefits should be paid to the complainant. Upon a finding by the commissioner that the wages or fringe benefits should be paid to the complainant, the commissioner shall notify the registrar of the findings. The registrar shall not make payment from the deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within the period, the complainant or the contractor files written notice with

the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the deposit to the complainant.

(f) Any action, other than an action to recover fringe benefits, against a deposit given in lieu of a contractor's bond or bond of a qualifying individual filed by an active licensee shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years after the date the license was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover fringe benefits, against a deposit given in lieu of a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within two years after the last date for which a deposit given in lieu of a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first.

SEC. 8. Section 7504 of the Business and Professions Code is amended to read:

7504. (a) Except as otherwise provided in this chapter, an applicant for a qualification certificate shall comply with all of the following:

(1) Be at least 18 years of age.

(2) Have been, for at least two years of lawful experience, during the five years preceding the date on which his or her application is filed, an employee of a licensed repossession agency within this state or the equivalent thereof if the experience was gained out of state, or have had two years of lawful experience in recovering personal property sold under a security agreement within this state. Lawful experience shall mean experience in recovering personal property sold under a security agreement as a registrant pursuant to this chapter or as a salaried employee of a financial institution or vehicle dealer.

Two years' experience shall consist of not less than 4,000 hours of actual compensated work performed by the applicant preceding the filing of an application.

An applicant shall substantiate the claimed hours of qualifying experience and the exact details as to the character and nature thereof by written certifications from the employer, subject to independent verification by the director as he or she may determine. Notwithstanding any other provision of law, only an employer or his or her designated agent may certify experience for purposes of this section. For purposes of this section, the term "employer" shall mean only those persons, corporations, partnerships, proprietorships, or

other associations which, in the employ of the designated individual, regularly and routinely withheld income taxes and other payroll deductions for direct forwarding to governmental taxing authorities.

(3) Complete and forward to the bureau a qualified certificate holder application which shall be on a form prescribed by the director. The application shall be accompanied by two recent photographs of the applicant, of a type prescribed by the director, and two classifiable sets of his or her fingerprints. The residence address, residence telephone number, and driver's license number of each qualified certificate holder or applicant for a qualification certificate, if requested, shall be confidential pursuant to the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code) and shall not be released to the public.

(4) Pass the required examination.

(5) Pay the required application and examination fees to the bureau.

The amendments made to this section during the 1990 portion of the 1989–90 Regular Session shall only apply to applications filed on or after January 1, 1992.

(b) Upon the issuance of the initial qualification certificate or renewal qualification certificate, the bureau shall issue to the certificate holder a suitable pocket identification card which includes a photograph of the certificate holder. The photograph shall be of a size prescribed by the bureau. The card shall contain the name of the licensee with whom the certificate holder is employed.

SEC. 9. Section 7506.10 of the Business and Professions Code is amended to read:

7506.10. (a) Every registration which expires on or after January 1, 1985, shall be placed on a cyclical renewal and shall expire one year following the date of issuance or assigned renewal date. In order to implement cyclical renewal, the population of registrants shall be divided into 12 equal groups, the licenses of those in each group to expire on the last day of each successive month.

Notwithstanding any other provision of law, the bureau shall have authority to extend or shorten the first term of licensure following January 1, 1985, and to prorate the required license fee in order to implement this cyclical renewal.

(b) All registrations issued on or before the effective date of this section shall expire on December 31, 1984, and every year thereafter, unless renewed as provided in this section, except for those registrations issued on or after January 1, 1984, which shall expire on December 31, 1985, and every year thereafter, unless renewed as provided in this section.

(c) At least 60 days prior to the expiration, the bureau shall mail a renewal form to the registrant at the licensee's place of business. A registrant who desires to renew his or her registration shall forward to the bureau for each registration the properly completed renewal form obtained from the bureau, with the renewal fee prescribed by

this chapter, for renewal of his or her registration.

(d) A licensee shall provide to his or her employees information regarding procedures for renewal of registration.

(e) A registration that is not renewed within 60 days after its expiration may not be renewed. If the registration is renewed within 60 days after its expiration, the registrant, as a condition precedent to renewal, shall pay the renewal fee and also pay the delinquency fee prescribed in this chapter. Registrants working with expired registrations shall pay all accrued fees and penalties prior to renewal or reregistration.

(f) The delinquency fee is 50 percent of the renewal fee in effect on the date of expiration, but not less than twenty-five dollars ($25).

(g) Upon renewal, evidence of renewal, as the director may prescribe, shall be issued to the registrant. If evidence of renewal has not been delivered to the registrant prior to the date of expiration, the registrant may present evidence of renewal to substantiate continued registration for a period not to exceed 60 days after the date of expiration.

(h) A registration shall not be renewed until any and all fines assessed pursuant to this chapter and not resolved in accordance with this chapter have been paid.

SEC. 10. Section 7507.2 of the Business and Professions Code is amended to read:

7507.2. (a) A licensee shall be responsible for those actions which are performed in violation of this chapter by his or her registrants, including his or her manager, when acting within the course and scope of his or her employment.

(b) Each licensee shall maintain a file or record of the name, address, commencing date of employment, and position of each employee, and the date of termination of employment when a registrant is terminated. The file and records, together with usual payroll records, shall be available for inspection by the bureau, and copies thereof, and information pertaining thereto or contained therein, shall be submitted to the bureau upon request.

SEC. 11. Section 7512.6 of the Business and Professions Code is amended to read:

7512.6. As used in this chapter, "licensee" means a person licensed under this chapter and includes, but is not limited to, private investigator, private patrol operator, and armored contract carrier.

SEC. 12. Section 7515 of the Business and Professions Code is amended to read:

(a) Classifying licensees according to the type of business regulated by this chapter in which they are engaged, including, but not limited to, private investigators, persons employed by any lawful business as security guards or patrolpersons, and armored contract carriers and limiting the field and scope of the operations of a licensee to those in which he or she is classified and qualified to

engage.

(b) Fixing the qualifications of licensees and managers, in addition to those prescribed in this chapter, necessary to promote and protect the public welfare.

(c) Carrying out generally the provisions of this chapter, including regulation of the conduct of licensees.

(d) Establishing the qualifications which any person employed by a private patrol operator or any lawful business as a security guard or patrolperson, or employed by an armored contract carrier, must meet as a condition of becoming eligible to carry firearms pursuant to subdivision (d) of Section 12031 of the Penal Code.

(e) Requiring each uniformed employee of a private patrol operator and each armored vehicle guard, as defined in this chapter, and any other person employed and compensated by a private patrol operator or any lawful business as a security guard or patrolperson and who in the course of such employment carries a deadly weapon to be registered with the bureau upon application on a form prescribed by the director accompanied by the registration fee and by two classifiable sets of fingerprints of the applicant or its equivalent as determined by the director and approved by the Department of Justice; establishing the term of the registration for a period of not less than two nor more than four years; and providing for the renewal thereof upon proper application and payment of the renewal fee. The director may, after opportunity for hearing, refuse such registration to any person who lacks good moral character, and may impose such reasonable additional requirements as are necessary to meet local needs and are not inconsistent with the provisions of this chapter.

(f) Establishing procedures whereby the local authorities of any city, county, or city and county may file charges with the director alleging that any registered security guard or patrolperson, or anyone who is an applicant for registration, with the bureau fails to meet standards for registration, and providing further for the investigation of such charges.

(g) Requiring private patrol operators and any lawful business to maintain detailed records identifying all firearms in their possession or under their control, and the employees or persons authorized to carry or have access to such firearms.

The service contract reimbursement insurance policy shall either cover all service contracts sold or specifically cover those contracts sold to residents of the State of California.

(b) A service contract reimbursement insurance policy shall contain a provision under which the insurer shall notify the bureau in writing of the termination or nonrenewal of the service contract reimbursement insurance policy.

Upon receipt of a written request from the service contractor, the director may delay the suspension of a service contractor's registration for no more than 60 days. Following the automatic suspension, an administrative hearing shall be provided upon written request to the director in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

9855.5. A service contractor shall comply with the provisions of Sections 1794.4 and 1794.41 of the Civil Code.

(3) A citation or fine assessment issued pursuant to a citation shall inform the service contractor that if he or she desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the bureau within 30 days of the date of issuance of the citation or assessment. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(4) (A) In addition to requesting a hearing as provided for

herein, the service contractor may request a citation review conference with the director or his or her designee regarding the acts charged in the citation. A citation review conference shall be requested by written notice to the bureau within 20 days of the date of the issuance of the citation or assessment.

(B) The director or his or her designee shall hold a citation review conference within 60 days from the receipt of the request. At the conclusion of the citation review conference, the director or his or her designee shall state, in writing, the reasons for his or her action and transmit a copy of his or her findings and decision to the service contractor.

(5) The failure of a service contractor to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the director. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the registration. A registration shall not be renewed without payment of the renewal fee and fine.

(c) Where a citation includes an administrative fine, it shall be issued in accordance with the following procedures:

(c) It is the intent of the Legislature that the division, the California Board of Podiatric Medicine, and the enforcement program shall seek out those licensees who have demonstrated deficiencies in competency and then take those actions as are indicated, with priority given to those measures, including further education, restrictions from practice, or other means, that will remove those deficiencies. Where rehabilitation and protection are inconsistent, protection shall be paramount.

(b) The results of a competency examination shall be admissible as direct evidence and may be considered relevant in any subsequent disciplinary or interim proceeding against the licensee taking it, and, assuming it is determined to be relevant, shall be considered together with other relevant evidence in making a final determination.

(c) Upon referral from the division, the matter shall be drafted and presented by the Senior Assistant Attorney General of the Health Quality Enforcement Section or his or her designee by way of a written petition detailing the reasonable cause. Service of the petition and any orders shall be in accordance with the methods of service authorized by subdivision (c) of Section 11505 of the Government Code.

(d) A panel of the division shall review the petition and any opposition paper from the physician, or the panel of the division, or an administrative law judge to whom the petition is assigned by the

division, may hold a hearing in accordance with the provisions of the Administrative Procedure Act to determine if reasonable cause exists, as specified in subdivision (a). For purposes of this section, "community standards" means the statewide standards of the community of licensees. (b) At least two years for early termination of probation of three years or more.

(c) At least one year for modification of a condition, or reinstatement of a license revoked for mental or physical illness, or termination of probation of less than three years.

The petition shall state any facts as may be required by the division. The petition shall be accompanied by at least two verified recommendations from physicians and surgeons licensed by the board who have personal knowledge of the activities of the petitioner since the disciplinary penalty was imposed.

The petition may be heard by a panel of the division. The division may assign the petition to an administrative law judge designated in Section 11371 of the Government Code. After a hearing on the petition, the administrative law judge shall provide a proposed decision to the division or the California Board of Podiatric Medicine, as applicable, which shall be acted upon in accordance with Section 2335.

The panel of the division or the administrative law judge hearing the petition may consider all activities of the petitioner since the disciplinary action was taken, the offense for which the petitioner was disciplined, the petitioner's activities during the time the certificate was in good standing, and the petitioner's rehabilitative efforts, general reputation for truth, and professional ability. The hearing may be continued from time to time as the administrative

law judge designated in Section 11371 of the Government Code finds necessary.

The administrative law judge designated in Section 11371 of the Government Code reinstating a certificate or modifying a penalty may recommend the imposition of any terms and conditions deemed necessary.

No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole. No petition shall be considered while there is an accusation or petition to revoke probation pending against the person. The division may deny without a hearing or argument any petition filed pursuant to this section within a period of two years from the effective date of the prior decision following a hearing under this section.

This section is applicable to and may be carried out with regard to licensees of the California Board of Podiatric Medicine. In lieu of two verified recommendations from physicians and surgeons, the petition shall be accompanied by at least two verified recommendations from podiatrists licensed by the board who have personal knowledge of the activities of the petitioner since the date the disciplinary penalty was imposed.

(d) Nothing in this section shall be deemed to alter Sections 822 and 823 of the Business and Professions Code.

Complainants shall be given an opportunity to provide a statement to the deputy attorney general from the Health Quality Enforcement Section who is assigned the case. These statements shall not be considered by a panel of the division, the Board of Podiatric Medicine, or other board for purposes of adjudicating the case to which the statement pertains, but may be considered by the division or those boards after the case is finally adjudicated for purposes of setting generally applicable policies and standards.

2332. (a) The Division of Medical Quality or the Health Quality Enforcement Section of the office of the Attorney General may establish panels or lists of experts as necessary to assist them in their respective duties. (b) The Division of Medical Quality may also adopt regulations to create a system of volunteer physicians and others in committees or panels to assist the board in any of the following functions:

The board shall send a copy of its report to the Chairpersons of the Senate Committee on Business and Professions and the Assembly Committee on Health, to the Office of Administrative Hearings, and to the Director of Consumer Affairs.

Interim orders may be issued only if the affidavits in support of the petition show that the licensee has engaged in, or is about to engage in, acts or omissions constituting a violation of the Medical Practice Act or the appropriate practice act governing each allied health profession, and that permitting the licensee to continue to engage in the profession for which the license was issued will endanger the public health, safety, or welfare.

(b) All orders authorized by this section shall be issued only after a hearing conducted pursuant to subdivision (d), unless it appears from the facts shown by affidavit that serious injury would result to the public before the matter can be heard on notice. Except as provided in subdivision (c), the licensee shall receive at least 15 days' prior notice of the hearing, which notice shall include affidavits and all other information in support of the order.

(c) If an interim order is issued without notice, the administrative law judge who issued the order without notice shall cause the licensee to be notified of the order, including affidavits and all other information in support of the order by a 24-hour delivery service. That notice shall also include the date of the hearing on the order, which shall be conducted in accordance with the requirement of subdivision (d), not later than 20 days from the date of issuance. The order shall be dissolved unless the requirements of subdivision (a) are satisfied.

(d) For the purposes of the hearing conducted pursuant to this section, the licentiate shall, at a minimum, have the following rights:

(1) To be represented by counsel.

(2) To have a record made of the proceedings, copies of which may be obtained by the licentiate upon payment of any reasonable charges associated with the record.

(3) To present written evidence in the form of relevant declarations, affidavits, and documents.

The discretion of the administrative law judge to permit testimony at the hearing conducted pursuant to this section shall be identical to the discretion of a superior court judge to permit testimony at a hearing conducted pursuant to Section 527 of the Code of Civil

Procedure.

(4) To present oral argument.

(e) Consistent with the burden and standards of proof applicable to a preliminary injunction entered under Section 527 of the Code of Civil Procedure, the court shall grant the interim order where, in the exercise of its discretion, it concludes that:

(1) There is a reasonable probability that the petitioner will prevail in the underlying action.

(2) The likelihood of injury to the public in not issuing the order outweighs the likelihood of injury to the licensee in issuing the order.

(f) In all cases where an interim order is issued, and an accusation is not filed and served pursuant to Sections 11503 and 11505 within 15 days of the date in which the parties to the hearing on the interim order have submitted the matter, the order shall be dissolved.

Upon service of the accusation the licensee shall have, in addition to the rights granted by this section, all of the rights and privileges available as specified in this chapter. If the licensee requests a hearing on the accusation, the board shall provide the licensee with a hearing within 30 days of the request, unless the licensee stipulates to a later hearing, and a decision within 15 days of the date that matter is submitted, or the board shall nullify the interim order previously issued, unless good cause can be shown by the division for a delay.

(g) Where an interim order is issued, a written decision shall be prepared within 15 days of the hearing, by the administrative law judge, including findings of fact and a conclusion articulating the connection between the evidence produced at the hearing and the decision reached.

(h) Notwithstanding the fact that interim orders issued pursuant to this section are not issued after a hearing as otherwise required by this chapter, interim orders so issued shall be subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure. The relief which may be ordered shall be limited to a stay of the interim order. Interim orders issued pursuant to this section are final interim orders and, if not dissolved pursuant to subdivision (c) or (f), may only be challenged administratively at the hearing on the accusation.

(i) The interim order provided for by this section shall be in addition to, and not a limitation on, the authority to seek injunctive relief provided for in the Business and Professions Code.

SEC. 55. The fee increases proposed by this bill shall not go into effect if any funds are transferred pursuant to the Budget Act of 1993, or other legislation, from the Contingent Fund of the Medical Board of California to the General Fund in the 1993–94 fiscal year.

Accordingly, if any funds are transferred pursuant to the Budget Act of 1993, or other legislation from the Contingent Fund of the Medical Board of California to the General Fund in the 1993–94 fiscal year, Section 2435 of the Business and Professions Code, as amended by Section 33 of this bill, shall be repealed on the date of the transfer

or on January 1, 1994, whichever is later, and Section 2435 of the Business and Professions Code, as added by Section 33.5 of this bill, shall become operative on that date.

Further, if that contingency does occur, any fees collected in excess of the limits imposed by Section 2435 of the Business and Professions Code, as added by Section 33.5 of this bill, shall be refunded.

However, if that contingency does not occur, Section 2435 of the Business and Professions Code, as added by Section 33.5 of this bill, shall not become operative.

SEC. 56. In the event that the California Medical Association prevails in its complaint for injunction and other relief with respect to the transfer of principal and interest from the Contingent Fund of the Medical Board of California to the General Fund, all moneys returned to the Contingent Fund of the Medical Board of California shall be used to offset any license fee increase authorized by Section 33 of this bill.

SEC. 57. The Medical Board of California shall prepare an itemized report and submit it to the Chairpersons of the Senate Business and Professions Committee and the Assembly Health Committee regarding the use of revenues received due to the fee increase authorized by Section 33 of this bill. The report shall be submitted by March 1, 1995.

SEC. 58. It is the intent of the Legislature to substitute the standard governing the issuance of a preliminary injunction under Section 527 of the Code of Civil Procedure for the "clear and convincing evidence" standard as the standard for granting an interim order pursuant to Section 11529 of the Government Code, and to this extent the decision of the Court of Appeal in Silva v. Superior Court, (Heerhartz) (March 1993), 14 Cal. App. 4th 562, mod. of opn. on den. rehg. 14 Cal. App. 4th 1678b, rev. den. (1993) _____ Cal. 4th _____, is expressly overturned. It is also the intent of the Legislature that the standard of proof applicable to an accusation filed in connection with a petition for an interim order shall continue to be clear and convincing evidence.

SEC. 59. Section 2.5 of this bill incorporates amendments to Section 146 of the Business and Professions Code proposed by both this bill and SB 574. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 146 of the Business and Professions Code, and (3) this bill is enacted after SB 574, in which case Sections 2, 2.7, and 2.9 of this bill shall not become operative.

SEC. 60. Section 2.7 of this bill incorporates amendments to Section 146 of the Business and Professions Code proposed by both this bill and AB 1807. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 146 of the Business and Professions Code, and (3) this bill is enacted after AB 1807, in which case Sections 2, 2.5, and 2.9 of this bill shall not become operative.

SEC. 61. Section 2.9 of this bill incorporates amendments to Section 146 of the Business and Professions Code proposed by this bill, AB 1807, and SB 574. It shall only become operative if (1) all three bills are enacted and become effective on January 1, 1994, (2) each bill amends Section 146 of the Business and Professions Code, and (3) this bill is enacted after AB 1807 and SB 574, in which case Sections 2, 2.5, and 2.7 of this bill shall not become operative.

SEC. 62. Section 45.5 of this bill incorporates amendments to Section 2590 of the Business and Professions Code proposed by this bill and AB 1832. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends Section 2590 of the Business and Professions Code, and (3) this bill is enacted after AB 1832, in which case Section 2590 of the Business and Professions Code, as amended by AB 1832, shall remain operative only until the operative date of this bill, at which time Section 45.5 of this bill shall become operative, and Section 45 of this bill shall not become operative. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution as a result of costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. In addition, notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1268

An act to add Sections 26751 and 41612 to the Government Code, and to amend Section 28 of the Vehicle Code, relating to repossession of vehicles.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 26751 is added to the Government Code, to read:

26751. After possession is taken of any vehicle by or on behalf of any legal owner thereof under the terms of a security agreement or lease agreement, the debtor shall pay the sheriff a fee of fifteen dollars ($15) for the receipt and filing of the report of repossession pursuant to Section 28 of the Vehicle Code before the vehicle may be redeemed by the debtor. Any person in possession of the vehicle shall not release it to the debtor without first obtaining proof of payment of the fee to the sheriff. The proof of payment, or a copy thereof, shall be retained by the party releasing possession to the debtor for the period required by law.

SEC. 2. Section 41612 is added to the Government Code, to read:

41612. After possession is taken of any vehicle by or on behalf of any legal owner thereof under the terms of a security agreement or lease agreement, the debtor shall pay the chief of police or a parking authority operated by a city and county a fee of fifteen dollars ($15) for the receipt and filing of the report of repossession pursuant to Section 28 of the Vehicle Code before the vehicle may be redeemed by the debtor. Any person in possession of the vehicle shall not release it to the debtor without first obtaining proof of payment of the fee to the chief of police or parking authority. The proof of payment, or a copy thereof, shall be retained by the party releasing possession to the debtor for the period required by law.

SEC. 3. Section 28 of the Vehicle Code is amended to read:

28. (a) Whenever possession is taken of any vehicle by or on behalf of any legal owner thereof under the terms of a security agreement or lease agreement, the person taking possession shall immediately notify by the most expeditious means available the city police department where the taking of possession occurred, if within an incorporated city, or the sheriff's department of the county where the taking of possession occurred, if outside an incorporated city, and shall within one business day forward a written notice to the department.

(b) Any person failing to notify the city police department or sheriff's department as required by this section is guilty of an infraction, and shall be fined a minimum of three hundred dollars ($300), and up to five hundred dollars ($500). The district attorney, city attorney, or city prosecutor shall promptly notify the Bureau of Collection and Investigative Services of any conviction resulting from a violation of this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1269

An act to amend Sections 7501.7, 7502.1, 7504, 7507.9, 7508.2, 7508.4, and 7508.5 of, and to add Section 7510.2 to, the Business and Professions Code, to amend Sections 22005 and 24005 of the Financial Code, to add Sections 26751 and 41612 to the Government Code, and to amend Section 11105 of the Penal Code, relating to repossessors.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 7501.7 of the Business and Professions Code is amended to read:

7501.7. If, upon investigation, the director determines that a licensee, a qualified certificate holder, or a registrant is in violation of Section 7508.1, 7508.2, 7508.3, 7508.4, 7508.5, or 7508.6, the director may issue a citation to the licensee, qualified certificate holder, or registrant. The citation shall be in writing and shall describe with particularity the nature of the violation, including specific references to the provision of law determined to have been violated, and shall be delivered by certified mail to the licensee's, qualified certificate holder's, or registrant's address of record. If the citation is issued to the qualified certificate holder or registrant, a copy of the citation shall also be sent by certified mail to the licensee's address of record. If the director deems it appropriate, the citation may contain an order of abatement fixing a reasonable time for abatement of the violation and may contain assessment of an administrative fine not to exceed two thousand five hundred dollars ($2,500).

A citation or fine assessment shall inform the licensee, qualified certificate holder, or registrant that if he or she desires a hearing to contest the finding of a violation, the hearing shall be requested by written notice to the director within 30 days of the issuance of the citation or assessment, as appropriate. Any request for reconsideration received in writing by the director within the 30 days shall stay the 30 days allowed to request a hearing while the director reconsiders the fine assessment. Upon decision, the director shall notify the licensee, qualified certificate holder, or registrant in writing whether the fine assessment has been withdrawn or the fine assessment has been reaffirmed. If the fine assessment has been reaffirmed, the director shall again inform the licensee, qualified certificate holder, or registrant in writing that he or she has 30 days

to request a hearing. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

If the licensee, qualified certificate holder, or registrant neither requests a hearing nor pays the assessed fine within 30 days of the assessment, the license, qualification certificate, or registration of the person shall not be renewed pursuant to Section 7503.10 and no registration shall be issued pursuant to Article 7 (commencing with Section 7506) until the assessed fine is paid.

Administrative fines collected pursuant to this section shall be deposited in the Private Investigator Fund.

SEC. 2. Section 7502.1 of the Business and Professions Code is amended to read:

7502.1. (a) Any person who violates any provision of this chapter, or who conspires with another person to violate any provision of this chapter, or who knowingly engages a nonexempt unlicensed person to repossess personal property on his or her behalf is guilty of a misdemeanor, and is punishable by a fine of five thousand dollars ($5,000), or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment.

(b) A proceeding to impose the penalties specified in subdivision (a) may be brought in any court of competent jurisdiction in the name of the people of the State of California by the Attorney General or by any district attorney or city attorney, or with the consent of the district attorney, by the city prosecutor in any city or city and county having a full-time city prosecutor, for the jurisdiction in which the violation occurred. If the action is brought by a district attorney, the penalty collected shall be paid to the treasurer of the county in which the judgment is entered. If the action is brought by a city attorney or city prosecutor, one-half of the penalty collected shall be paid to the treasurer of the city in which the judgment was entered and one-half to the treasurer of the county in which the judgment was entered. If the action is brought by the Attorney General, all of the penalty collected shall be deposited in the Private Investigator Fund.

SEC. 2.5. Section 7504 of the Business and Professions Code is amended to read:

7504. (a) Except as otherwise provided in this chapter, an applicant for a qualification certificate shall comply with all of the following:

(1) Be at least 18 years of age.

(2) Have been, for at least two years of lawful experience, during the five years preceding the date on which his or her application is filed, an employee of a licensed repossession agency within this state, or have had two years of lawful experience in recovering personal property sold under a security agreement within this state. Lawful experience means experience in recovering personal property sold under a security agreement as a registrant pursuant to this chapter

or as a salaried employee of a financial institution or vehicle dealer.

Two years' experience shall consist of not less than 4,000 hours of actual compensated work performed by the applicant preceding the filing of an application.

An applicant shall substantiate the claimed hours of qualifying experience and the exact details as to the character and nature thereof by written certifications from the employer, subject to independent verification by the director as he or she may determine. In the event of inability of an applicant to supply the written certifications from the employer in whole or in part, applicants may offer other written certifications from persons other than employers substantiating employment for consideration by the director.

(3) Complete and forward to the bureau a qualified certificate holder application which shall be on a form prescribed by the director. The application shall be accompanied by two recent photographs of the applicant, of a type prescribed by the director, and two classifiable sets of his or her fingerprints. The residence address, residence telephone number, and driver's license number of each qualified certificate holder or applicant for a qualification certificate, if requested, shall be confidential pursuant to the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code) and shall not be released to the public.

(4) Pass the required examination.

(5) Pay the required application and examination fees to the bureau.

The amendments made to this section during the 1990 portion of the 1989–90 Regular Session shall only apply to applications filed on or after January 1, 1992.

(b) Upon the issuance of the initial qualification certificate or renewal qualification certificate, the bureau shall issue to the certificate holder a suitable pocket identification card which includes a photograph of the certificate holder. The photograph shall be of a size prescribed by the bureau. The card shall contain the name of the licensee with whom the certificate holder is employed.

SEC. 3. Section 7507.9 of the Business and Professions Code is amended to read:

7507.9. If personal effects or other personal property, not covered by a security agreement, are contained in or on personal property at the time it is recovered, the effects shall be removed from the property subject to the security interest, a complete and accurate inventory shall be made, and the personal effects shall be stored in a labeled container by the licensee at the location of the licensed agency as reflected in the records of the bureau for a minimum of 60 days in a secure manner, except those personal effects removed by or in the presence of the registered owner at the time the personal property was being repossessed.

(a) The date and time the inventory is made shall be indicated and shall be signed by the repossession agency employee who

performs the inventory.

(b) The following items of personal effects are items determined to present a danger or health hazard when recovered by the licensee and shall be disposed of in the following manner:

(1) Deadly weapons and dangerous drugs shall be turned over to a local law enforcement agency for retention. These items shall be entered on the inventory and a notation shall be made as to the date and the time and the place the deadly weapon or dangerous drug was turned over to the law enforcement agency, and a receipt from the law enforcement agency shall be maintained in the records of the repossession agency.

(2) Combustibles shall be inventoried and noted as "disposed of, dangerous combustible," and the item shall be disposed of in a reasonable and safe manner.

(3) Food and other health hazard items shall be inventoried and noted as "disposed of, health hazard," and disposed of in a reasonable and safe manner.

(c) Personal effects may be disposed of after being held for at least 60 days. The inventory, and adequate information as to how, when, and to whom the personal effects were disposed of, shall be filed in the permanent records of the licensee.

(d) The inventory shall include the name, address, business hours, and phone number of the person at the repossession agency to contact for recovering the personal effects and an itemization of all personal effect removal and storage charges that will be made by the repossession agency. The inventory shall also include the following statement: "Please be advised that the property listed on this inventory will be disposed of by the repossession agency after being held for 60 days from the date of this notice IF UNCLAIMED."

(e) The inventory shall be provided to a consumer not later than 48 hours after the recovery of personal property, except that if:

(1) The 48-hour period encompasses a Saturday, Sunday, or postal holiday, the inventory shall be provided no later than 72 hours after the recovery of personal property.

(2) The 48-hour period encompasses a Saturday or Sunday and a postal holiday, the inventory shall be provided no later than 96 hours after the recovery of personal property.

(3) Inventory resulting from repossession of a yacht, motor home, or travel trailer is such that it shall take at least four hours to inventory, then the inventory shall be provided no later than 96 hours after the recovery of personal property. When the 96-hour period encompasses a Saturday, Sunday, or postal holiday, the inventory shall be provided no later than 120 hours after the recovery of personal property.

(f) The notice may be given by regular mail addressed to the last known address of the consumer or by personal service at the option of the repossession agency.

SEC. 4. Section 7508.2 of the Business and Professions Code is amended to read:

7508.2. The director may assess administrative fines for any of the following prohibited acts:

(a) Recovering personal property or making any money demand in lieu thereof, including, but not limited to, personal property registered under the Vehicle Code, which has been sold under a security agreement before a signed or telegraphic authorization has been received from the legal owner, lienholder, lessor, or repossession agency acting on behalf of the legal owner, lienholder, or lessor of the personal property. A telephonic assignment is acceptable if the legal owner, lienholder, lessor, or repossession agency acting on behalf of the legal owner, lienholder, or lessor is known to the licensee and a written authorization from the legal owner, lienholder, lessor, or repossession agency acting on behalf of the legal owner, lienholder, or lessor is received by the licensee within 10 working days or a request by the licensee for a written authorization from the legal owner, lienholder, lessor, or repossession agency acting on behalf of the legal owner, lienholder, or lessor is made in writing within 10 working days. Referrals of assignments from one licensee to another licensee are acceptable. The referral of an assignment shall be made under the same terms and conditions as in the original assignment. The fine shall be twenty-five dollars ($25) for each of the first five violations and one hundred dollars ($100) for each violation thereafter, per audit.

(b) Using personal property or personal effects, which have been recovered, for the personal benefit of a licensee, or officer, partner, manager, or employee of a licensee. This subdivision does not apply to personal effects disposed of pursuant to subdivision (c) of Section 7507.9.

(d) Failing to remit all money due clients within 10 working days after finalization of the sale of personal property. The licensee shall deposit all money received in the form of cash or negotiable instruments made payable to the licensee for money due clients from the sale of personal property which has been repossessed in a trust account within five working days, and the money shall be withdrawn only for remittance to the client and for the payment of amounts due the licensee. The fine shall be two hundred fifty dollars ($250) for the first violation and one thousand dollars ($1,000) for each violation thereafter. For purposes of this subdivision, "finalization of sale" means the time when the documents of title or ownership which permit transfer of title from the legal owner to the purchaser are received by the repossession agency.

(e) Failing to remit moneys collected in lieu of repossession or redemption to a client within 10 working days after receipt of the

moneys. The fine shall be two hundred fifty dollars ($250) for the first violation and one thousand dollars ($1,000) for each violation thereafter.

(f) Failing to deliver to a client any negotiable instrument received by the licensee made payable to the client within 10 working days of receipt of the negotiable instrument. The fine shall be two hundred fifty dollars ($250) for the first violation and one thousand dollars ($1,000) for each violation thereafter.

(g) Unlawfully entering any private building or secured area without the consent of the owner, or of the person in legal possession thereof, at the time of repossession. The fine shall be five hundred dollars ($500) for each violation.

The fine shall be one hundred dollars ($100) for the first violation and two hundred fifty dollars ($250) for each violation thereafter.

SEC. 5. Section 7508.4 of the Business and Professions Code is amended to read:

7508.4. The director may assess administrative fines for any of the following prohibited acts:

(a) Conducting business from any location other than that location to which a license was issued or conducting a business as an individual, partnership, or corporation unless the licensee holds a valid license issued to that exact same individual, partnership, or corporation. The fine shall be one thousand dollars ($1,000) for each violation.

(b) Aiding or abetting an unlicensed repossessor or assigning his or her license. "Assigning his or her license" means that no licensee shall permit an employee or agent in his or her own name to advertise, engage clients, furnish reports, or present bills to clients, or in any manner whatsoever to conduct business for which a license is required under this chapter. The fine shall be one thousand dollars ($1,000) for each violation.

The fine shall be twenty-five dollars ($25) for the first violation and one hundred dollars ($100) per violation thereafter.

(h) Failing to include the licensee's name, address, and license number in any advertisement. A notice of warning shall be issued for the first violation. Thereafter, the fine shall be twenty-five dollars ($25) for each violation.

(i) Failing to maintain personal effects for at least 60 days. The fine shall be twenty-five dollars ($25) for the first violation and one hundred dollars ($100) for each violation thereafter.

(j) Failing to provide a personal property effects list or a notice of seizure within the time limits set forth in Section 7507.9 or 7507.10. The fine shall be twenty-five dollars ($25) for the first violation and one hundred dollars ($100) for each violation thereafter.

(k) Failing to file the required report pursuant to Section 28 of the Vehicle Code. The fine shall be twenty-five dollars ($25) for each of the first five violations and one hundred dollars ($100) for each violation thereafter, per audit.

(d) Failing to register.

(e) Failing to return his or her registration card to the employer upon termination.

(f) Failing to report a violent act involving the employee to the licensee or the licensee's qualified certificate holder within 24 hours.

SEC. 7. Section 7510.2 is added to the Business and Professions Code, to read:

7510.2. (c) Each consortium that receives funding to operate a project center shall provide matching funds from existing funds received from federal, state, local, or private sources.

(e) Each campus of the University of California, the California State University, and the California Community Colleges may provide supplemental compensation to mentors eligible for the federal work-study program using funds authorized under Subpart 3 (commencing with Section 1070c) of Part A of Subchapter IV of Chapter 28 of Title 20 of, or Part C (commencing with Section 2751) of Subchapter I of Chapter 34 of Title 42 of, the United States Code. (f) The completion of one or more years of service as a mentor shall be deemed to satisfy the community service goal described in Section 99101 for an equivalent period of time.

8655. (a) The commission shall submit to the Legislature, not later than January 1, 1999, a comprehensive evaluation and outcomes assessment of the program specified in this chapter.

(b) This chapter shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) A ubiquitous state-of-the-art communications infrastructure can encourage significant economic growth and employment, and provide social benefits to all Californians. Such a network, or networks, can position California businesses as strong competitors in national and international markets.

(b) Significant investment in communications infrastructure can play a key role in improved delivery of education and health care. It can also relieve transportation problems, provide for job retention and creation, and improve the quality of life through telecommuting and improved access to information.

(c) Given the current economic climate and the potential contribution to economic development, it is appropriate to give greater emphasis to the development of an enhanced communications infrastructure for the purpose of achieving the many social and economic benefits that will result from advanced communications networks and technologies made available by a variety of providers. In the pursuit of that development, policymakers must always be mindful of California's longstanding

commitment to universal service.

(d) The Public Utilities Commission has conducted an investigation into the status of California's communications infrastructure, including an analysis of customer needs.

SEC. 2. Section 709 of the Public Utilities Code is amended to read:

(a) To continue our universal service commitment by assuring the continued affordability and widespread availability of high-quality telecommunications service to all Californians.

(b) To encourage the development and deployment of new technologies and the equitable provision of services in a way which efficiently meets consumer need and encourages the ubiquitous availability of a wide choice of state-of-the-art services.

(c) To promote economic growth, job creation, and the substantial social benefits that will result from the rapid implementation of advanced information and communications technologies by assuring adequate long-term investment in the necessary infrastructure.

SEC. 3. Section 882 is added to the Public Utilities Code, to read:

882. (a) The Public Utilities Commission shall, as soon as practicable, open a proceeding or proceedings to, or as part of existing proceedings shall, consider ways to ensure that advanced telecommunications services are made available as ubiquitously and economically as possible, in a timely fashion, to California's citizens, institutions, and businesses. The proceeding or proceedings should be completed within one year of commencement.

(b) The proceeding or proceedings shall develop rules, procedures, orders, or strategies, or all of these, that seek to achieve the following goals:

(1) To provide all citizens and businesses with access to the widest possible array of advanced communications services.

(2) To provide the state's educational and health care institutions with access to advanced communications services.

(3) To ensure cost-effective deployment of technology so as to protect ratepayers' interests and the affordability of telecommunications services.

(c) In the proceeding or proceedings, the commission should also consider, but need not limit its consideration to, all of the following:

(1) Whether the definition of universal service should be broadened.

(2) How to encourage the timely and economic development of an advanced public communications infrastructure, which may include a variety of competitive providers.

(d) The commission shall issue a report or order, or reports or orders, providing for specific action in regard to the issues set forth in this section. It is the commission's goal to issue its report or order, or reports or orders, on or before January 1, 1995.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Public Utilities Commission may open proceedings to ensure that advanced telecommunications services are made available to California's citizens at the earliest possible time, it is necessary that this act take effect immediately.

(c) An employment agency referring or placing a domestic worker in a job shall inform that domestic worker, in writing, that the domestic worker may be obligated to obtain business permits or licenses, where required by any state or local law, ordinance, or regulation, and that he or she is not eligible for unemployment insurance, state disability insurance, or workers' compensation benefits through an employment agency complying with subdivision

The preceding statement shall be printed in not less than 10-point type and shall be mailed to the person seeking domestic services within three business days after the employment agency refers a domestic worker to that person.

(2) Contacting the person who has hired the domestic worker to determine whether that person is satisfied with the agency's referral service. SEC. 5. This act is intended to clarify existing law and to resolve the dispute between domestic employment agencies and the Employment Development Department regarding the proper interpretation and application of relevant provisions of the Unemployment Insurance Code, the Employment Agency, Employment Counseling, and Job Listing Services Act with respect to the characterization of domestic employment agencies as agents and not employers of the domestic workers they refer.

SEC. 6. (a) It is the intent of the Legislature in adding subdivisions (b) and (c) to this section, and Section 687.2 to the Unemployment Insurance Code, relating to the factors used to determine the relationship between employment agencies and the domestic workers they refer, to relieve employment agencies from hardships resulting from audits conducted prior to the clarification of the law governing employment agencies made by this act.

SEC. 4. Section 12955 of the Government Code is amended to read:

12955. It shall be unlawful:

(a) For the owner of any housing accommodation to discriminate against any person because of the race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability of that person.

(b) For the owner of any housing accommodation to make or to cause to be made any written or oral inquiry concerning the race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability of any person seeking to purchase, rent or lease any housing accommodation.

(c) For any person to make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a housing accommodation that indicates any preference, limitation, or discrimination based on race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability or an intention to make any such preference, limitation, or discrimination.

(d) For any person subject to the provisions of Section 51 of the Civil Code, as that section applies to housing accommodations, to discriminate against any person on the basis of sex, color, race, religion, ancestry, national origin, familial status, marital status, disability, or on any other basis prohibited by that section.

(e) For any person, bank, mortgage company or other financial institution that provides financial assistance for the purchase,

organization, or construction of any housing accommodation to discriminate against any person or group of persons because of the race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability in the terms, conditions, or privileges relating to the obtaining or use of that financial assistance.

(f) For any owner of housing accommodations to harass, evict, or otherwise discriminate against any person in the sale or rental of housing accommodations when the owner's dominant purpose is retaliation against a person who has opposed practices unlawful under this section, informed law enforcement agencies of practices believed unlawful under this section, has testified or assisted in any proceeding under this part, or has aided or encouraged a person to exercise or enjoy the rights secured by this part. Nothing herein is intended to cause or permit the delay of an unlawful detainer action.

(g) For any person to aid, abet, incite, compel, or coerce the doing of any of the acts or practices declared unlawful in this section, or to attempt to do so.

(h) For any person, for profit, to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, marital status, ancestry, disability, familial status, or national origin.

(i) For any person or other organization or entity whose business involves real estate-related transactions to discriminate against any person in making available a transaction, or in the terms and conditions of a transaction, because of race, color, religion, sex, marital status, national origin, ancestry, familial status, or disability.

(j) To deny a person access to, or membership or participation in, a multiple listing service, real estate brokerage organization, or other service because of race, color, religion, sex, marital status, ancestry, disability, familial status, or national origin.

(k) To otherwise make unavailable or deny a dwelling based on discrimination because of race, color, religion, sex, familial status, disability, or national origin.

(*l*) To discriminate through public or private land use practices, decisions, and authorizations because of race, color, religion, sex, familial status, marital status, disability, national origin, or ancestry. Discrimination includes, but is not limited to, restrictive covenants, zoning laws, denials of use permits, and other actions authorized under the Planning and Zoning Law (Title 7 (commencing with Section 65000)), that make housing opportunities unavailable.

SEC. 5. Section 12955.1 of the Government Code is amended to read:

12955.1. For purposes of Section 12955, "discrimination" includes, but is not limited to, a failure to design and construct a covered multifamily dwelling in a manner that allows access to and use by disabled persons by providing, at a minimum, the following features:

(a) All covered multifamily dwellings shall have at least one building entrance on an accessible route, unless it is impracticable to

do so because of the terrain or unusual characteristics of the site. The burden of establishing impracticability because of terrain or unusual site characteristics is on the person or persons who designed or constructed the housing facility.

(b) All covered multifamily dwellings with a building entrance on an accessible route shall be designed and constructed in a manner that complies with all of the following:

(1) The public and common areas are readily accessible to and useable by handicapped persons.

(2) All the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by handicapped persons in wheelchairs.

(3) All premises within covered multifamily dwelling units contain the following features of adaptable design:

(A) An accessible route into and through the covered dwelling unit.

(B) Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations.

(C) Reinforcements in bathroom walls to allow later installation of grab bars around the toilet, tub, shower stall, and shower seat, where those facilities are provided.

(D) Useable kitchens and bathrooms so that an individual in a wheelchair can maneuver about the space.

(c) For purposes of this section, "covered multifamily dwellings" mean buildings consisting of four or more dwelling units if the buildings have one or more elevators; and ground floor dwelling units in other buildings consisting of four or more dwelling units. Dwelling units within a single structure separated by firewalls do not constitute separate buildings.

(d) Notwithstanding Section 12935, regulations adopting building standards necessary to implement, interpret, or make specific the provisions of this section shall be developed by the Office of the State Architect for public housing and by the Department of Housing and Community Development for all other residential occupancies, and shall be adopted pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of the Health and Safety Code. Prior to the effective date of regulations promulgated pursuant to this subdivision, existing federal accessibility standards that provide, to persons with disabilities, greater protections than existing state accessibility regulations shall apply. After regulations pursuant to this subdivision become effective, particular state regulations shall apply if they provide, to persons with disabilities, the same protections as, or greater protections than, the federal standards. If particular federal regulations provide greater protections than state regulations, then those federal standards shall apply. If the United States Department of Housing and Urban Development determines that any portion of the state regulations are not equivalent to the federal standards, the federal standards shall, as to those portions, apply to the design and construction of covered multifamily

dwellings until the state regulations are brought into compliance with the federal standards. The appropriate state agency shall provide notice pursuant to the Administrative Procedures Act (Chapter 5 (commencing with Section 11500) of Part 5 of Division 3 of Title 2) of that determination.

(e) In investigating discrimination complaints, the department shall apply the building standards contained in Title 24 of the California Code of Regulations to determine whether a covered multifamily dwelling is designed and constructed for access to and use by disabled persons in accordance with this section.

(f) The building standard requirements for persons with disabilities imposed by this section shall meet or exceed the requirements under the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and its implementing regulations (24 C.F.R. 100.1 et seq.) and the existing state law building standards contained in Title 24 of the California Code of Regulations.

SEC. 5.5. Section 12955.6 of the Government Code is amended to read:

12955.6. Nothing in this part shall be construed to afford to the classes protected under this part, fewer rights or remedies than the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and its implementing regulations (24 C.F.R. 100.1 et seq.), or state law relating to fair employment and housing as it existed prior to the effective date of this section. Any state law that purports to require or permit any action that would be an unlawful practice under this part shall to that extent be invalid. This part may be construed to afford greater rights and remedies to an aggrieved person than those afforded by federal law and other state laws.

SEC. 6. Section 12955.7 is added to the Government Code, to read:

12955.7. It shall be unlawful to coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of that person having exercised or enjoyed, or on account of that person having aided or encouraged any other person in the exercise or enjoyment of, any right granted or protected by Section 12955 or 12955.1.

SEC. 7. Section 12955.8 is added to the Government Code, to read:

12955.8. For purposes of this article, in connection with unlawful practices:

(a) Proof of an intentional violation of this article includes, but is not limited to, an act or failure to act that is otherwise covered by this part, that demonstrates an intent to discriminate in any manner in violation of this part. A person intends to discriminate if race, color, religion, sex, familial status, marital status, disability, national origin, or ancestry is a motivating factor in committing a discriminatory housing practice even though other factors may have also motivated the practice. An intent to discriminate may be established by direct or circumstantial evidence.

(b) Proof of a violation causing a discriminatory effect is shown if an act or failure to act that is otherwise covered by this part, and that has the effect, regardless of intent, of unlawfully discriminating on the basis of race, color, religion, sex, familial status, marital status, disability, national origin, or ancestry. A business establishment whose action or inaction has an unintended discriminatory effect shall not be considered to have committed an unlawful housing practice in violation of this part if the business establishment can establish that the action or inaction is necessary to the operation of the business and effectively carries out the significant business need it is alleged to serve. In cases that do not involve a business establishment, the person whose action or inaction has an unintended discriminatory effect shall not be considered to have committed an unlawful housing practice in violation of this part if the person can establish that the action or inaction is necessary to achieve an important purpose sufficiently compelling to override the discriminatory effect and effectively carries out the purpose it is alleged to serve.

(1) Any determination of a violation pursuant to this subdivision shall consider whether or not there are feasible alternatives that would equally well or better accomplish the purpose advanced with a less discriminatory effect.

(2) For purposes of this subdivision, the term "business establishment" shall have the same meaning as in Section 51 of the Civil Code.

SEC. 8. Section 12955.9 is added to the Government Code, to read:

12955.9. (a) The provisions of this part relating to discrimination on the basis of familial status shall not apply to housing for older persons.

(b) As used in this section, "housing for older persons" means any of the following:

(1) Housing provided under any state or federal program that the Secretary of Housing and Urban Development determines is specifically designed and operated to assist elderly persons, as defined in the state or federal program.

(2) Housing that meets the standards for senior housing in Sections 51.2, 51.3, and 51.4 of the Civil Code, except to the extent that those standards violate the prohibition of familial status discrimination in the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and implementing regulations.

(3) Mobilehome parks that meet the standards for "housing for older persons" as defined in the federal Fair Housing Amendments Act of 1988 and implementing regulations.

(c) For purposes of this section, the burden of proof shall be on the owner to prove that the housing qualifies as housing for older persons.

SEC. 9. Section 12980 of the Government Code is amended to read:

12980. This article governs the procedure for the prevention and elimination of discrimination in housing made unlawful pursuant to Article 2 (commencing with Section 12955) of Chapter 6.

(a) Any person claiming to be aggrieved by an alleged violation of Section 12955, 12955.1, or 12955.7 may file with the department a verified complaint in writing that shall state the name and address of the person alleged to have committed the violation complained of, and that shall set forth the particulars thereof and contain any other information required by the department.

The filing of a complaint and pursuit of conciliation or remedy under this part shall not prejudice the complainant's right to pursue effective judicial relief under other applicable laws, but if a civil action has been filed under Section 52 of the Civil Code, the department shall terminate proceedings upon notification of the entry of final judgment unless the judgment is a dismissal entered at the complainant's request.

(b) The Attorney General or the director may, in a like manner, make, sign, and file complaints citing practices that appear to violate the purpose of this part or any specific provisions of this part relating to housing discrimination.

No complaint may be filed after the expiration of one year from the date upon which the alleged violation occurred or terminated.

(c) The department may thereupon proceed upon the complaint in the same manner and with the same powers as provided in this part in the case of an unlawful practice, except that where the provisions of this article provide greater rights and remedies to an aggrieved person than the provisions of Article 1 (commencing with Section 12960), the provisions of this article shall prevail.

(d) Upon the filing of a complaint, the department shall serve notice upon the complainant of the time limits, rights of the parties, and choice of forums provided for under the law, and shall also provide a written explanation that informs the complainant that, if an accusation is issued, the complainant may only be able to recover damages for emotional distress or other intangible injuries through a civil action filed under Section 12989.

(e) The department shall commence proceedings with respect to a complaint within 30 days of filing of the complaint.

(f) An investigation of allegations contained in any complaint filed with the department shall be completed within 100 days after receipt of the complaint, unless it is impracticable to do so. If the investigation is not completed within 100 days, the complainant and respondent shall be notified, in writing, of the department's reasons for not doing so.

(g) Upon the conclusion of each investigation, the department shall prepare a final investigative report containing all of the following:

(1) The names of any witnesses and the dates of any contacts with those witnesses.

(2) A summary of the dates of any correspondence or other

contacts with the aggrieved persons or the respondent.

(3) A summary of witness statements.

(4) Answers to interrogatories.

(5) A summary description of other pertinent records.

A final investigative report may be amended if additional evidence is later discovered.

(h) If an accusation is not issued within 100 days after the filing of a complaint, or if the department earlier determines that no accusation will issue, the department shall promptly notify the person claiming to be aggrieved. This notice shall, in any event, be issued no more than 30 days after the date of the determination or 30 days after the date of the expiration of the 100-day period, whichever date first occurs. The notice shall indicate that the person claiming to be aggrieved may bring a civil action under this part against the person named in the verified complaint within the time period specified in Section 12989.1 of the Government Code. The notice shall also indicate, unless the department has determined that no accusation will be issued, that the person claiming to be aggrieved has the option of continuing to seek redress for the alleged discrimination through the procedures of the department if he or she does not desire to file a civil action. The superior, municipal, and justice courts of the State of California shall have jurisdiction of these actions, and the aggrieved person may file in any of these courts. The action may be brought in any county in the state in which the violation is alleged to have been committed, or in the county in which the records relevant to the alleged violation are maintained and administered, but if the defendant is not found within that county, the action may be brought within the county of the defendant's residence or principal office. A copy of any complaint filed pursuant to this part shall be served on the principal offices of the department and of the commission. The remedy for failure to send a copy of a complaint is an order to do so. In a civil action brought under this section, the court, in its discretion, may award to the prevailing party reasonable attorney fees.

(i) All agreements reached in settlement of any housing discrimination complaint filed pursuant to this section shall be made public, unless otherwise agreed by the complainant and respondent, and the department determines that the disclosure is not required to further the purposes of the act.

(j) All agreements reached in settlement of any housing discrimination complaint filed pursuant to this section shall be agreements between the respondent and complainant, and shall be subject to approval by the department.

SEC. 10. Section 12981 of the Government Code is amended to read:

12981. (a) In the case of failure to eliminate a violation of Section 12955 12955.1, or 12955.7 which has occurred, or is about to occur, through conference, conciliation, and persuasion, or in advance thereof if circumstances warrant, the director shall cause to be issued

in the name of the department, notwithstanding Section 12971, a written accusation, in the same manner and with the same powers as provided in Section 12965, except that where the provisions of this article provide greater rights and remedies to an aggrieved person than Section 12965, the provisions of this article shall prevail. An accusation alleging an unfair housing practice shall be issued within 100 days after the filing of a complaint unless it is impracticable to do so. The accusation shall require the respondent to answer the charges at an administrative hearing or civil trial as elected by the parties pursuant to Section 12989. Any aggrieved person may intervene as a matter of right in the proceeding, and the appeal or other judicial review of that proceeding.

(b) If the department determines that an allegation concerns the legality of any zoning or other land use law or ordinance, the department or the Attorney General shall take appropriate action with respect to the complaint according to the procedures established in this part for other complaints of housing discrimination.

(c) The commission shall hold hearings on accusations issued pursuant to subdivision (a) in the same manner and with the same powers as provided in Sections 12967 to 12972, inclusive, except that where the provisions of this article provide greater rights and remedies to an aggrieved person than do Sections 12967 to 12972, inclusive, the provisions of this article shall prevail. The commission shall make final administrative disposition of a complaint alleging unfair housing practices within one year of the date of filing of the complaint, unless it is impracticable to do so. If the department is unable to make final administrative disposition of a complaint within one year, it shall notify the complainant and the respondent, in writing, of its reasons for not doing so.

(d) Within one year of the effective date of every final order or decision issued pursuant to this part, the department shall conduct a compliance review to determine whether the order or decision has been fully obeyed and implemented.

(e) Whenever the department has reasonable cause to believe that a respondent has breached a conciliation agreement, the department shall refer the matter to the Attorney General with a recommendation that a civil action be filed for the enforcement of the agreement.

(f) If the time for judicial review of a final commission order or decision has lapsed, or if all means of judicial review have been exhausted, the department may apply to the superior court in any county in which an action could have been brought under subdivision (b) of Section 12965 for the enforcement of the order or decision or order as modified in accordance with a decision on judicial review. If, after a hearing, the court determines that an order or decision has been issued by the commission and that either the time limits for judicial review have lapsed, or the order or decision was upheld in whole or in part on judicial review, the court shall issue

a judgment and order enforcing the order or decision or order as modified in accordance with a decision on judicial review. The court shall not review the merits of the order or decision. The court's judgment shall be nonappealable and shall have the same force and effect as, and shall be subject to all the provisions of law relating to, a judgment in a civil action.

(g) If the department determines, based on its investigation, that an accusation or amended accusation should include a prayer for damages for emotional distress or other intangible injuries as a component of actual damages, the department shall advise the complainant, in writing, that he or she may only be able to recover damages for emotional distress or other intangible injuries through a civil action filed under Section 12989.

SEC. 11. Section 12981.1 is added to the Government Code, to read:

12981.1. The department shall not dismiss a complaint or an accusation unless the complainant withdraws the complaint or the department determines after a thorough investigation that, based on the facts, no reasonable cause exists to believe that an unlawful housing practice, as prohibited by this part, has occurred or is about to occur.

SEC. 12. Section 12987.1 is added to the Government Code, to read:

12987.1. (a) Any party aggrieved by the commission's final order for relief may obtain a review of that order in accordance with the provisions of Section 1094.5 of the Code of Civil Procedure except that the limitations on the court's remedial powers as described in subdivision (f) of that section shall not apply.

(b) The superior court, in reviewing the commission's final order, may award the following relief:

(1) Grant to the petitioner, or any other party, temporary relief, including, but not limited to, a restraining order, or other order as the court deems just and proper.

(2) Affirm, modify, or set aside, in whole or in part, the order, or remand the order for further proceedings, and enforce the order to the extent that it is affirmed or modified.

(c) Any party to the proceeding before the commission or aggrieved person may intervene as a matter of right in the superior court proceeding.

(d) When the time for petitioning a court for review of the commission's order has expired, the department or any party to the commission proceeding may petition a court for a decree enforcing the commission's order. The court may grant any relief necessary to ensure compliance with the commission's order.

SEC. 13. Section 12989 of the Government Code is amended to read:

12989. (a) If an accusation is issued under Section 12981, a complainant, a respondent, or an aggrieved person on whose behalf a complaint is filed may elect, in lieu of an administrative proceeding

under Section 12981, to have the claims asserted in the charge adjudicated in a civil action under this part.

(b) An election under this section may be made within 20 days after the service of the accusation, and not later than 20 days after service of the complaint to the respondent. A notice of election shall be filed with the department, and the department shall serve a copy of the notice to the director, the respondent, and the aggrieved person on whose behalf the complaint is filed. The notice shall be filed and served on all parties to the complaint in accordance with the procedures established by Section 12962.

(c) If either party serves a notice of election upon the department, as prescribed, the department shall, within 30 days after service of the notice of the election, dismiss the accusation. The department shall itself, or at its election through the Attorney General, within 30 days of receipt of the notice of election, file a civil action with the proper municipal or superior court of competent jurisdiction in its name or on behalf of the aggrieved person as a real party in interest. In bringing a civil or administrative action, or pursuing subsequent appeals of those actions, the department or the Attorney General shall, in its representation of an aggrieved person's interests, comply with the Rules of Professional Conduct of the State Bar of California. The action may be filed in any county in the state in which the unlawful practice is alleged to have been committed, in the county in which the records relevant to that practice are maintained and administered, or in the county in which the aggrieved person would have resided in the housing accommodation. If the respondent is not found within that county, the action may be filed in the county of the respondent's residence or principal office.

(d) Any person aggrieved with respect to the issues to be determined in a civil action filed under this part may intervene as of right in that civil action.

(e) If an election is not made pursuant to this section, the director shall maintain an administrative proceeding based on the charges in the complaint in accordance with the procedures set forth in Section 12981.

(f) The director or his or her designated representative shall be available for consultation concerning any legal issues raised by the Attorney General that relate to evidentiary or tactical matters relevant to any civil action brought under this part.

SEC. 14. Section 12989.2 of the Government Code is amended to read:

12989.2. In a civil action brought under Section 12989 or 12989.1, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award the plaintiff or complainant actual and punitive damages and may grant other relief, including the issuance of a temporary or permanent injunction, or temporary restraining order, or other order, as it deems appropriate to prevent any defendant from engaging in or continuing to engage in an

unlawful practice. The court may, at its discretion, award the prevailing party, other than the state, reasonable attorney's fees and costs.

SEC. 15. Section 12993 of the Government Code is amended to read:

12993. (a) The provisions of this part shall be construed liberally for the accomplishment of the purposes thereof. Nothing contained in this part shall be deemed to repeal any of the provisions of the Civil Rights Law or of any other law of this state relating to discrimination because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or age, unless those provisions provide less protection to the enumerated classes of persons covered under this part.

(b) Nothing contained in this part relating to discrimination in employment on account of sex or medical condition shall be deemed to affect the operation of the terms or conditions of any bona fide retirement, pension, employee benefit, or insurance plan, provided the terms or conditions are in accordance with customary and reasonable or actuarially sound underwriting practices.

(c) While it is the intention of the Legislature to occupy the field of regulation of discrimination in employment and housing encompassed by the provisions of this part, exclusive of all other laws banning discrimination in employment and housing by any city, city and county, county, or other political subdivision of the state, nothing contained in this part shall be construed, in any manner or way, to limit or restrict the application of Section 51 of the Civil Code.

SEC. 16. Section 12995 of the Government Code is amended to read:

12995. (a) Nothing contained in this part relating to discrimination in housing shall be construed to:

(1) Affect the title or other interest of a person who, prior to the granting of relief, purchases, leases, or takes an encumbrance on a housing accommodation in good faith and without either knowledge or actual notice of the filing of a complaint with the department or of a civil action.

(2) Prohibit any postsecondary educational institution, whether private or public, from providing housing accommodations reserved for either male or female students so long as no individual person is denied equal access to housing accommodations, or from providing separate housing accommodations reserved primarily for married students or for students with minor dependents who reside with them.

(3) Prohibit selection based upon factors other than race, color, religion, sex, marital status, national origin, ancestry, familial status, disability, or other basis prohibited by the Unruh Civil Rights Act.

(4) Promote housing accommodations on a preferential or quota basis.

(b) Nothing contained in this part relating to discrimination in

housing shall affect the nondiscriminatory enforcement of state and local public nuisance laws, provided that those laws do not otherwise conflict with the provisions of this part.

SEC. 17. It is the Legislature's intent that this act be applicable to the secondary mortgage market. However, it is not the Legislature's intent that persons making or purchasing mortgage loans be precluded from taking into consideration factors justified by business necessity, including requirements under federal law, that relate to the financial security of the transaction or protections against default or diminution of value of the security.

SEC. 18. It is the Legislature's intent to make the following findings and declarations regarding unlawful housing practices prohibited by this act:

(a) That public and private land use practices, decisions, and authorizations have restricted, in residentially zoned areas, the establishment and operation of group housing, and other uses.

(b) That persons with disabilities and children who are in need of specialized care and included within the definition of familial status are significantly more likely than other persons to live with unrelated persons in group housing.

(c) That this act covers unlawful discriminatory restrictions against group housing for these persons.

CHAPTER 1278

An act to amend Section 1523.1 of the Health and Safety Code, relating to community care facilities.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 1523.1 of the Health and Safety Code is amended to read:

1523.1. (a) (1) A fee adjusted by facility and capacity shall be charged by the department for the issuance of an original license or special permit or for processing any application therefor. After initial licensure, the fee shall be charged by the department annually on each anniversary of the effective date of the license or special permit. The fee is for the purpose of financing a portion of the application and annual processing costs and the activities specified in subdivision (b). The fee shall be assessed as follows:

	121+	$500	$500

(2) Certified family homes of foster family agencies and foster family homes shall be exempt from the fees imposed pursuant to this subdivision.

(3) No local jurisdiction shall impose any business license, fee, or tax for the privilege of operating a facility licensed under this chapter which serves six or fewer persons.

(b) (1) The revenues collected from licensing fees pursuant to this section shall be utilized by the department to fund increased assistance and monitoring of facilities with a history of noncompliance with licensing laws and regulations pursuant to this chapter, and other administrative activities in support of the licensing program, when appropriated for these purposes. The revenues collected shall be used in addition to any other funds appropriated in the Budget Act in support of the licensing program.

(2) The department shall not utilize any portion of these revenues sooner than 30 days after notification in writing of the purpose and use of this revenue, as approved by the Director of Finance, to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the committee in each house that considers appropriations for each fiscal year. For fiscal year 1992–93 and thereafter, the department shall submit a budget change proposal to justify any positions or any other related support costs on an ongoing basis.

(c) A facility may use a bona fide business check to pay the license fee required under this section.

(d) Failure to pay required license fees, including the finding of

insufficient funds to cover bona fide business checks submitted for the purpose shall constitute grounds for denial of a license or special permit or forfeiture of a license or special permit.

CHAPTER 1279

An act to amend Section 9356 of the Public Resources Code, and to amend Section 97.03 of the Revenue and Taxation Code, relating to districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 9356 of the Public Resources Code is amended to read:

9356. (a) Except as provided in subdivision (b), directors shall be elected at large.

(b) A district may, by ordinance, provide for the election of directors by division. In order to reduce election costs, the divisions shall be established along the boundaries of existing voting precincts. Prior to adopting an ordinance pursuant to this subdivision, the text of the proposed ordinance, including proposed division boundaries, shall be published pursuant to Section 6066 of the Government Code, together with notice of the hearing at which the ordinance will be considered. At the time stated in the notice for the hearing, the board of directors shall consider the proposal and shall hear any and all objections thereto. If, after the hearing, the board determines it to be in the best interests of the district, it shall adopt the ordinance as proposed or as amended at the hearing. Directors in office at the time of adoption of the ordinance shall remain in office until the next general district election, at which a director shall be elected to each division established by the ordinance. The directors elected at that election shall meet and classify themselves by lot into two classes as nearly equal in number as possible. The term of office of those in the class having the least number shall expire at noon on the last Friday in November of the next even-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the last Friday in November of the second even-numbered year after the year in which the meeting is held.

(c) If it is proposed to change the number of directors of a district divided into divisions, or if it is proposed to change the number of divisions in a district, that change shall be conditional upon adoption by the board of directors of a new or revised ordinance under subdivision (b) and the provisions and procedures of subdivision (b)

shall be applicable thereto.

(d) Notwithstanding subdivisions (b) and (c), in any district in which directors are appointed pursuant to Section 9314 or 9316, the board of supervisors of the principal county shall make the appointments by division, as called for in the ordinance adopted pursuant to subdivision (b), and those appointments shall become effective, and the terms of existing directors shall expire, on the same date as if the directors were elected.

SEC. 2. Section 97.03 of the Revenue and Taxation Code is amended to read:

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of five million dollars ($5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars ($5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991–92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for "museums" pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars ($15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars ($15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992–93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Sections 97.35, 97.36, 97.38, and 97.39 so that those computations do not result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision, "revenues that are pledged to debt service" include only those amounts required to pay debt service costs in the 1991–92 fiscal year on debt instruments issued by a special

district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989–90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989–90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar ($375,000,000) shift of property tax revenues from special districts for the 1992–93 fiscal year. If, for any year, the total of the amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special

district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any one-time revenues received by the district from any source, public or private.

(B) Any revenues derived from an enterprise activity with respect to which no property tax revenues are reported on the district's most recent report to the Controller of financial transactions. For purposes of computing this exclusion with respect to a special district created by consolidation of two or more special districts subsequent to the 1989–1990 fiscal year, the amount of the exclusion shall be the aggregate of the exclusions that would have been applicable under this subparagraph as if each former district so consolidated had continued in existence.

(5) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the determination of total annual revenues:

(A) If the district had less than two million dollars ($2,000,000) in total annual revenues in the 1991–92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) Any appropriation for fire protection received by a district pursuant to Section 25642 of the Government Code.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(6) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991–92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in Section 84750 of the Education Code. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to

paragraph (2).

(5) For purposes of allocations made pursuant to Section 97 for the 1993–94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997–98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 97 for the 1998–99 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991–92 Regular Session.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent misinterpretation of Section 97.03 of the Revenue and Taxation Code, to remedy unintended loss of district revenues, and to clarify the law regarding the appointment of district directors without delay, it is necessary that this act go into effect immediately.

CHAPTER 1280

An act to repeal and add Article 24 (commencing with Section 2505) of Chapter 5 of Division 2 of the Business and Professions Code, to amend Section 11512.07 of, and to add Section 10354 to, the Insurance Code, and to add Section 14132.39 to the Welfare and Institutions Code, relating to midwifery, and making an appropriation therefor.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Over 40,000 babies die every year in the United States, many of them as a result of being born severely underweight. That rate, among the worst in the developed world, has been condemned by health experts as a preventable tragedy and a national disgrace.

(b) Research has shown for every dollar society might spend to reduce the number of underweight births, three dollars ($3) in medical-care costs could be saved.

(c) The increasing state budget deficit limits the amounts of state funds available to subsidize public health care.

(d) It is in agreement with the principle stated by the World Health Organization that each woman has a fundamental right to receive proper prenatal care, that the woman has a central role in all aspects of this care, including participation in the planning, carrying out, and evaluation of the care, and that social, emotional, and psychological factors are decisive in the understanding and implementation of proper prenatal care.

(e) Prenatal care reduces the incidence of low birth weights.

(f) The number of available physicians and surgeons to serve low-income pregnant women has sharply decreased.

(g) Five nations with the lowest prenatal mortality rates have 70 percent of all births attended by midwives.

(h) In a 1982 report by the Department of Consumer Affairs,

recommendations were made to actively promote nurse and nonnurse midwifery services as one means of providing cost-effective, comprehensive perinatal services which have been shown to be effective in lowering perinatal morbidity and mortality rates.

(i) The Office of Statewide Health Planning and Development (OSHPD) recommended in its 1986 study of Alternative Birthing Methods that a separate category of licensed midwives should be established in the Department of Consumer Affairs.

(j) The OSHPD further recommended that competencies for this new category should be comparable to those of nurse-midwives and physician assistant-midwives, although licensure as a registered nurse or physician assistant should not be required to become a licensed midwife.

(k) The Legislature supports a multifaceted, cost-effective approach which includes licensed midwives providing prenatal, delivery and necessary followup care to families.

SEC. 2. Article 24 (commencing with Section 2505) of Chapter 5 of Division 2 of the Business and Professions Code is repealed.

SEC. 3. Article 24 (commencing with Section 2505) is added to Chapter 5 of Division 2 of the Business and Professions Code, to read:

All complications shall be referred to a physician immediately. The practice of midwifery does not include the assisting of childbirth by any

artificial, forcible, or mechanical means, nor the performance of any version.

(c) As used in this article, "supervision" shall not be construed to require the physical presence of the supervising physician.

(d) The ratio of licensed midwives to supervising physicians shall not be greater than four individual licensed midwives to one individual supervising physician.

(e) A midwife is not authorized to practice medicine and surgery by this article.

2508. (a) If a licensed midwife does not have liability coverage for the practice of midwifery, he or she shall disclose to a client that fact.

(b) A licensed midwife shall disclose to a client that a specific physician is being briefed regularly concerning the client's pregnancy and that the physician is prepared to take care of complications in the hospital if necessary.

2511. (a) No person, other than one who has been licensed to practice midwifery by the board, shall hold himself or herself out as a licensed midwife, or use any other term indicating or implying that he or she is a licensed midwife.

2512. The board shall issue a license to practice midwifery to all applicants who meet the requirements of this article and who pay the fee required by Section 2520.

2512.5. A person is qualified for a license to practice midwifery when he or she satisfies one of the following requirements:

(a) (1) Successful completion of a three-year postsecondary midwifery education program accredited by an accrediting organization recognized by the United States Department of Education, Division of Accreditation. Upon successful completion of the education requirements of this article, the applicant shall successfully complete a comprehensive licensing examination adopted by the board which is equivalent, but not identical, to the examination given by the American College of Nurse Midwives.

(2) The midwifery education program curriculum shall consist of not less than 84 semester units or 126 quarter units. The course of instruction shall be presented in semester or quarter units under the following formula:

(A) One hour of instruction in the theory each week throughout a semester or quarter equals one unit.

(B) Three hours of clinical practice each week throughout a semester or quarter equals one unit.

(3) The midwifery education program shall provide both academic and clinical preparation equivalent, but not identical to that provided in programs accredited by the American College of Nurse Midwives, which shall include, but not be limited to, preparation in all of the following areas:

(A) The art and science of midwifery, one-half of which shall be in theory and one-half of which shall be in clinical practice. Theory and clinical practice shall be concurrent in the areas of maternal and child health, including, but not limited to, labor and delivery, neonatal well care, and postpartum care.

(B) Communications skills that include the principles of oral, written, and group communications.

(C) Anatomy and physiology, genetics, obstetrics and gynecology, embryology and fetal development, neonatology, applied microbiology, chemistry, child growth and development, pharmacology, nutrition, laboratory diagnostic tests and procedures, and physical assessment.

(D) Concepts in psychosocial, emotional, and cultural aspects of maternal and child care, human sexuality, counseling and teaching, maternal and infant and family bonding process, breast feeding, family planning, principles of preventive health, and community health.

(E) Aspects of the normal pregnancy, labor and delivery, postpartum period, newborn care, family planning or routine gynecological care in alternative birth centers, homes, and hospitals.

(F) The following shall be integrated throughout the entire curriculum:

(i) Midwifery process.

(ii) Basic intervention skills in preventive, remedial, and supportive midwifery.

(iii) The knowledge and skills required to develop collegial relationships with health care providers from other disciplines.

(iv) Related behavioral and social sciences with emphasis on societal and cultural patterns, human development, and behavior related to maternal and child health, illness, and wellness.

(G) Instruction shall also be given in personal hygiene, client abuse, cultural diversity, and the legal, social, and ethical aspects of midwifery.

(H) The program shall include the midwifery management process, which shall include all of the following:

(i) Obtaining or updating a defined and relevant data base for assessment of the health status of the client.

(ii) Identifying problems based upon correct interpretation of the data base.

(iii) Preparing a defined needs or problem list, or both, with corroboration from the client.

(iv) Consulting, collaborating with, and referring to, appropriate members of the health care team.

2513. (a) An approved midwifery education program shall offer the opportunity for students to obtain credit by examination for previous midwifery education and clinical experience. The applicant shall demonstrate, by practical examination, the clinical competencies described in Section 2514 or established by regulation pursuant to Section 2514.5. The midwifery education program's credit by examination policy shall be approved by the board, and shall be available to applicants upon request. The proficiency and practical examinations shall be approved by the board.

(b) Completion of clinical experiences shall be verified by a licensed midwife or certified nurse-midwife, and a physician and surgeon, all of whom shall be current in the knowledge and practice of obstetrics and midwifery. Physicians and surgeons, licensed midwives, and certified nurse-midwives who participate in the verification and evaluation of an applicant's clinical experiences shall show evidence of current practice. (f) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

2514.5. (a) Within 60 days following January 1, 1998, the board shall adopt regulations setting forth educational requirements. To develop these regulations, the board shall update the educational requirements set forth in Sections 2512.5, 2513, and 2514. These updated sections shall reflect national standards for the practice of midwifery and shall be subject to public hearings prior to adoption. The board shall review and update the regulations every two years.

(b) The board shall adopt the written examination required by this article by July 1, 1994.

2515. The board shall approve specific educational programs intended to meet the requirements of subdivision (a) of Section 2512.5 and Section 2514 for the course of academic study, documentation of experience and skill, and clinical evaluation. These programs shall also be accredited by an accrediting organization approved by the board.

2515.5. Each applicant shall show by evidence satisfactory to the board that he or she has met the educational standards established by the board pursuant to this article or the equivalent thereof.

2518. (a) Licenses issued pursuant to this article shall be renewable every two years upon payment of the fee prescribed by Section 2520 and submission of documentation that the licenseholder has completed 36 hours of continuing education in areas that fall within the scope of the practice of midwifery, as specified by the board.

(b) Each license not renewed shall expire, but may be reinstated within five years from the expiration upon payment of the prescribed fee and upon submission of proof of the applicant's qualifications as the board may require.

(a) Unprofessional conduct, which includes, but is not limited to, all of the following:

(1) Incompetence or gross negligence in carrying out the usual functions of a licensed midwife.

(2) Conviction of a violation of Section 2052, in which event, the

record of the conviction shall be conclusive evidence thereof.

(6) Conviction of a criminal offense involving the prescription, consumption, or self-administration of any of the substances described in paragraphs (4) and (5), or the possession of, or falsification of, a record pertaining to, the substances described in paragraph (4), in which event the record of the conviction is conclusive evidence thereof.

(7) Commitment or confinement by a court of competent jurisdiction for intemperate use of or addiction to the use of any of the substances described in paragraphs (4) and (5), in which event the court order of commitment or confinement is prima facie evidence of such commitment or confinement.

(b) Procuring a license by fraud or misrepresentation.

(c) Conviction of a crime substantially related to the qualifications, functions, and duties of a midwife, as determined by the board.

(2) The licensed midwife may collect payment for any unpaid portion of his or her fee, as provided under the policy for other providers.

(3) Reasonable consideration shall be given to licensed midwives by disability insurers contracting for services at alternative rates. For the purposes of this section, "reasonable consideration" shall have the meaning provided in Section 10180.

(b) For purposes of this section, "direct reimbursement" means that after the policyholder files a claim for the perinatal service provided under those terms and conditions as may be agreed upon between the policyholder and the insurer, the insurer pays the licensed midwife directly.

SEC. 5. Section 11512.07 of the Insurance Code is amended to read:

11512.07. (a) (1) Every nonprofit hospital service plan contract issued, amended, or renewed on or after January 1, 1992, that offers coverage for perinatal services shall contain a provision providing for direct reimbursement to certified nurse-midwives and nurse

(3) The certified nurse-midwife, licensed midwife, or nurse practitioner may collect payment for any unpaid portion of his or her fee as provided for under the plan for other providers.

(b) For purposes of this section, "direct reimbursement" means that after the enrollee files a claim for the perinatal service provided by the certified nurse-midwife or nurse practitioner, the plan pays the certified nurse-midwife or nurse practitioner directly.

SEC. 7. The entire sum plus interest shall be repaid by January 1, 1999.

All moneys repaid shall be from funds collected pursuant to the Licensed Midwifery Practice Act of 1993.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1281

An act to add and repeal Section 2884.3 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) Development of an advanced public telecommunications infrastructure in California is in the public interest. To a large extent, this infrastructure will likely be developed based on the demands of the marketplace.

(b) California's public schools, libraries, and similar facilities are in serious financial distress. Current funding mechanisms may not provide them with the funds needed to construct the infrastructure necessary to take advantage of telecommunications technologies and services, to purchase those services, or to provide the education, training, and information to the people they are intended to serve. Market forces may not fully allow these institutions to meet those needs.

(c) It is in the public interest to determine where public intervention is necessary, in conjunction with market forces, to ensure that California best benefits from telecommunications infrastructure advances.

(d) A California telecommunications task force, made up of representatives of various sectors of the telecommunications industry and other related parties, would play an important role in helping the participants reach consensus on methods to improve California's telecommunications infrastructure and to coordinate those efforts.

(e) It is in the public interest to devise and implement a way to bring appropriate communications technologies and services to institutions such as public schools, libraries, and community centers.

(f) The Public Utilities Commission, working with the infrastructure task force, is the agency best situated to coordinate a program to meet those needs. The commission has already undertaken a study of California's telecommunications infrastructure and the infrastructure task force is not intended to duplicate or substantially overlap the commission's study.

SEC. 2. Section 2884.3 is added to the Public Utilities Code, to read:

2884.3. (a) The commission shall establish a task force on telecommunications network infrastructure. The task force shall be chaired by the commission or its designee, and shall include wide representation from the telecommunications industry, ratepayer protection groups, and educational and other relevant interests.

(b) Under the direction of the commission or its designee, the task force shall consider telecommunications network infrastructure issues that may include:

(1) Ways to promote the lowest cost, most efficient alternatives for infrastructure development.

(2) Ways to ensure that the financial costs and risks imposed on residential and small business customers are commensurate with the benefits they receive from infrastructure development.

(3) Ways to expand universal service opportunities as part of an infrastructure development program.

(4) Ways to promote coordination and cooperation among telecommunication infrastructure providers.

(5) Ways to encourage telecommunications companies to invest in infrastructure in order to enhance the competitiveness of the state while fully complying with commission procompetitive policies, including unbundling, imputation, and nondiscriminatory access.

(6) Ways to address the requirements of institutions such as public schools, libraries, and community centers for improved telecommunications technologies and services, to be considered in consultation with established organizations addressing similar topics.

(c) In establishing an agenda for the task force, the commission or its designee shall give priority to the issues delineated in paragraph (6).

(d) The task force shall report to the Legislature by December 31, 1994.

SEC. 3. This act shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

CHAPTER 1282

An act to amend Sections 16000 and 16100 of the Business and Professions Code, to amend Section 37101 of the Government Code, and to amend the heading of Chapter 1.5 (commencing with Section 7284) of Part 1.7 of Division 2 of, and to add Section 7284.1 to, the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 16000 of the Business and Professions Code is amended to read:

16000. (a) The legislative body of an incorporated city may, in the exercise of its police power, and for the purpose of regulation, as herein provided, and not otherwise, license any kind of business not prohibited by law transacted and carried on within the limits of its

jurisdiction, including all shows, exhibitions and lawful games, and may fix the rates of the license fee and provide for its collection by suit or otherwise. Any legislative body, including the legislative body of a charter city, that fixes the rate of license fees pursuant to this subdivision upon a business operating both within and outside the legislative body's taxing jurisdiction, shall levy the license fee so that the measure of the fee fairly reflects that proportion of the activity actually carried on within the taxing jurisdiction.

(b) No license fee levied pursuant to subdivision (a) that is measured by the licensee's income or gross receipts, whether levied by a charter or general law city, shall apply to any nonprofit organization that is exempted from taxes by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, or to any minister, clergyman, Christian Science practitioner, rabbi, or priest of any religious organization that has been granted an exemption from federal income tax by the United States Commissioner of Internal Revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code or a successor to that section.

SEC. 2. Section 16100 of the Business and Professions Code is amended to read:

16100. (a) The board of supervisors may in the exercise of its police powers, and for the purpose of regulation, as herein provided, and not otherwise, license any kind of business not prohibited by law, transacted and carried on within the limits of its jurisdiction, including all shows, exhibitions, and lawful games, and may fix the rate of the license fee and provide for its collection by suit or otherwise.

(b) No license fee levied pursuant to subdivision (a) that is measured by the licensee's income or gross receipts, whether levied by a charter or general law county, shall apply to any nonprofit organization that is exempted from taxes by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, or to any minister, clergyman, Christian Science practitioner, rabbi, or priest of any religious organization that has been granted an exemption from federal income tax by the United States Commissioner of Internal Revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code or a successor to that section.

SEC. 3. Section 37101 of the Government Code is amended to read:

37101. (a) The legislative body may license, for revenue and regulation, and fix the license tax upon, every kind of lawful business transacted in the city, including shows, exhibitions, and games. It may provide for collection of the license tax by suit or otherwise. If

the legislative body levies a sales tax under the authority of this section, it may impose a complementary tax at the same rate upon use or other consumption of tangible personal property.

If the legislative body imposes a sales or use tax, it shall do so in the same manner and use the same tax base as prescribed in Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(b) Any legislative body, including the legislative body of a charter city, that levies a license tax pursuant to subdivision (a) upon a business operating both within and outside the legislative body's taxing jurisdiction, shall levy the tax so that the measure of tax fairly reflects that proportion of the taxed activity actually carried on within the taxing jurisdiction.

(c) No license tax levied pursuant to subdivision (a) that is measured by the licensee's income or gross receipts, whether levied by a charter or general law city, shall apply to any nonprofit organization that is exempted from taxes by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, or to any minister, clergyman, Christian Science practitioner, rabbi, or priest of any religious organization that has been granted an exemption from federal income tax by the United States Commissioner of Internal Revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code or a successor to that section.

SEC. 4. The heading of Chapter 1.5 (commencing with Section 7284) of Part 1.7 of Division 2 of the Revenue and Taxation Code is amended to read:

CHAPTER 1.5. LOCAL AGENCY LEVY POWERS AND LIMITATIONS

SEC. 5. Section 7284.1 is added to the Revenue and Taxation Code, to read:

7284.1. No license tax or fee levied by a charter or general law county, city and county, or city, or by a district or any other local agency, that is measured by the licensee's income or gross receipts, shall apply to any nonprofit organization that is exempted from taxes by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, or to any minister, clergyman, Christian Science practitioner, rabbi, or priest of any religious organization that has been granted an exemption from federal income tax by the United States Commissioner of Internal Revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code or a successor to that section.

SEC. 6. This act shall not become operative unless Senate Constitutional Amendment 15 of the 1993–94 Regular Session is

approved by the voters, and, in that event, shall become operative on the same date as that measure.

CHAPTER 1283

An act to amend Sections 25160, 25186.1, 25356.1, 25358.1, 25359.2, and 25367 of, and to add Section 25357.5 to, the Health and Safety Code, and to amend Section 44100 of the Public Resources Code, relating to environmental protection.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 25160 of the Health and Safety Code is amended to read:

25160. (a) For purposes of this chapter, "manifest" means a shipping document originated and signed by a generator of hazardous waste which contains all of the information required by the department and which complies with all applicable federal and state regulations.

(b) (1) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, shall complete a manifest prior to the time the waste is transported or offered for transportation, and shall designate on that manifest the facility to which the waste is to be shipped for the handling, treatment, storage, disposal, or combination thereof. The manifest shall be completed, as required by the department. The generator shall provide the manifest to the person who will transport the hazardous waste, who is the driver, if the hazardous waste will be transported by vehicle, or the person designated by the railroad corporation or vessel operator, if the hazardous waste will be transported by rail or vessel. The generator shall use the standard California Uniform Hazardous Waste Manifest supplied by the department for all shipments of hazardous waste for which a manifest is required, except as provided in paragraph (2). A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials which the person completing the manifest reasonably believes are hazardous waste. Within 30 days after transporting hazardous waste, or submitting hazardous waste for transport, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator and the transporter.

(2) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment,

storage, disposal, or any combination thereof, outside of the state, shall complete, whether or not the waste is determined to be hazardous by the importing country or state, a standard California Uniform Hazardous Waste Manifest, or the generator shall complete, in its own form of manifest, the manifest required by the receiving state and shall submit a copy of that manifest to the department within 30 days of the transport, or submission for transport, of the hazardous waste.

(3) Within 30 days after transporting hazardous waste, or submitting hazardous waste, for transport out of state, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator. If within 35 days after the initial shipment, or for exports by water to foreign countries, 60 days after the initial shipment, the generator has not received a copy of the manifest signed by all transporters and the facility operator, the generator shall contact the owner or operator of the designated facility to determine the status of the hazardous waste and to request that the owner or operator immediately provide a signed copy of the manifest to the generator. If within 45 days after the initial shipment or, for exports by water to foreign countries, 90 days after the initial shipment, the generator has not received a copy of the signed manifest from the facility owner or operator, the generator shall submit an exception report to the department.

(c) (1) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the Resource Conservation and Recovery Act of 1976 (42 U.S.C. Sec. 6901 et seq.), or by regulations adopted by the United States Department of Transportation. However, the form of the manifest and the information required shall be consistent with federal regulations.

(2) Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations, including, but not limited to, the number of the vehicle which will transport the hazardous waste, as specified in the certificate of compliance issued pursuant to Section 25168.3.

(d) (1) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, any officer of the California Highway Patrol, any local health officer, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1

of Subtitle B of Title 49 of the Code of Federal Regulations and shall also enter on the shipping papers any information concerning the hazardous waste which the department may require.

(2) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.

(3) Any person who transports hazardous waste shall transfer a copy of the manifest to the facility operator at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. Any person who transports hazardous waste and then transfers custody of that hazardous waste to a person who will subsequently transport that waste by rail or vessel shall transfer a copy of the manifest to the person designated by the railroad corporation or vessel operator, as specified by Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations.

(4) Any person transporting hazardous waste by motor vehicle, rail, or water shall certify to the department, at the time of initial registration and at the time of renewal of that registration pursuant to this article, that the transporter is familiar with the requirements of this section, the department regulations, and federal laws and regulations governing the use of manifests.

(e) (1) Any facility operator in the state who receives hazardous waste for handling, treatment, storage, disposal, or any combination thereof, which was transported with a manifest pursuant to this section, shall submit a copy of the manifest to the department within 30 days after receiving the hazardous waste. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the facility operator. In instances where the generator or transporter is not required by the generator's state or federal law to sign the manifest, the facility operator shall require the generator and all transporters, excepting intermediate rail transporters, to sign the manifest before accepting the waste at any facility in this state.

(2) Any treatment, storage, or disposal facility receiving hazardous waste generated outside this state, may only accept the waste for treatment, storage, disposal, or any combination thereof, if the waste is accompanied by a completed standard California Uniform Hazardous Waste Manifest.

SEC. 2. Section 25186.1 of the Health and Safety Code is amended to read:

25186.1. (a) Except as specified in Section 25186.2, proceedings for the suspension or revocation of a permit, registration, or certificate under this chapter shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the powers granted by those provisions. In the event of a conflict

between this chapter and the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the provisions of the Government Code shall prevail.

(b) Proceedings to determine whether to grant, issue, modify, or deny a permit, registration, or certificate shall be conducted in accordance with the regulations adopted by the department.

SEC. 3. Section 25356.1 of the Health and Safety Code is amended to read:

25356.1. (a) For purposes of this section, "regional board" means a California regional water quality control board and "state board" means the State Water Resources Control Board.

(b) Except as provided in subdivision (h), the department, or, if appropriate, the regional board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(c) A potentially responsible party may request the department or the regional board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356, if the department or the regional board determines that a removal or remedial action is required to respond to a release of a hazardous substance. The department or the regional board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional board to issue and enforce a cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(d) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart F of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. 300.61 et seq.), and any amendments thereto, and upon all of the following factors, to the extent that these factors are consistent with these federal regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional board shall consider scientific data and reports which may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses. The department or the regional board shall consider the extent to which remedial action measures are available which use, as a principal element, treatment that significantly reduces the volume, toxicity, or mobility of the hazardous substances, as opposed to remedial actions which do not use this treatment. The department or the regional board shall not select remedial action measures which use offsite transport and

disposal of untreated hazardous substances or contaminated materials if practical and cost-effective treatment technologies are available.

(4) Site specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost effectiveness of alternative remedial action measures. In evaluating the cost effectiveness of proposed alternative remedial action measures, the department or the regional board shall consider, to the extent possible, the total short-term and long-term costs of these actions and shall use, as a major factor, whether the deferral of a remedial action will result, or is likely to result, in a rapid increase in cost or in the hazard to public health or the environment posed by the site. Land disposal shall not be deemed the most cost-effective measure merely on the basis of lower short-term cost.

(6) The potential environmental impacts of alternative remedial action measures, including, but not limited to, land disposal of the untreated hazardous substances as opposed to treatment of the hazardous substances to remove or reduce its volume, toxicity, or mobility prior to disposal.

(e) A remedial action plan prepared or approved pursuant to this section shall include a statement of reasons setting forth the basis for the removal and remedial actions selected. The statement shall include an evaluation of each proposed alternative submitted to, or prepared by, the department or the regional board for a particular site. The statement shall also include an evaluation of the consistency of the removal and remedial actions proposed by the plan with the federal regulations and factors specified in subdivision (d) and shall set forth the reasons for rejection of alternative removal and remedial actions. The statement shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional board shall prepare or approve a draft remedial action plan and shall do all of the following:

(1) Circulate the draft plan for at least 30 days for public comment.

(2) Notify affected local and state agencies of the removal and remedial actions proposed in the remedial action plan and publish a notice in a newspaper of general circulation in the area affected by the draft remedial action plan. The department or the regional board shall also post notices in the location where the proposed removal or remedial action would be located and shall notify, by direct mailing, the owners of property contiguous to the site addressed by the plan, as shown in the latest equalized assessment roll.

(3) Hold one or more meetings with the lead and responsible

agencies for the removal and remedial actions, the potentially responsible parties for the removal and remedial actions, and the interested public, to provide the public with the information which is necessary to address the issues which concern the public. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal and remedial actions, and a description of the proposed removal and remedial actions.

(4) Comply with Section 25358.7.

(f) After complying with subdivision (e), the department or the regional board shall review and consider any public comments, and shall revise the draft plan, if appropriate. The department or the regional board shall then issue the final remedial action plan.

(g) (1) A potentially responsible party named in the final remedial action plan issued by the department or the regional board may seek judicial review of the final remedial action plan by filing a petition for writ of mandate pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the final remedial action plan is issued by the department or the regional board. Any other person who has the right to seek judicial review of the final remedial action plan by filing a petition for writ of mandate pursuant to Section 1085 of the Code of Civil Procedure shall do so within one year after the final remedial action plan is issued. No action may be brought by a potentially responsible party to review the final remedial action plan if the petition for writ of mandate is not filed within 30 days of the date that the final remedial action plan was issued. No action may be brought by any other person to review the final remedial action plan if the petition for writ of mandate is not filed within one year of the date that the final remedial action plan was issued. The filing of a petition for writ of mandate to review the final remedial action plan shall not stay any removal or remedial action specified in the final plan.

(2) For purposes of judicial review, the court shall uphold the final remedial action plan if the plan is based upon substantial evidence available to the department or the regional board, as the case may be.

(3) This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction, including, but not limited to, enjoining the expenditure of funds pursuant to paragraph (2) of subdivision (b) of Section 25385.6.

(h) (1) This section does not require the department or a regional board to prepare a remedial action plan if conditions present at a site present an imminent or substantial endangerment to the public health and safety or to the environment.

(2) A remedial action plan is not required pursuant to subdivision (b) if all of the following apply:

(A) The department, a regional board, or a responsible party takes a removal action at a site listed pursuant to Section 25356 to

prevent, minimize, or mitigate damage that may otherwise result from a release or threatened release of a hazardous substance.

(B) The total cost of the removal action is less than four hundred thousand dollars ($400,000).

(C) The department, after appropriate testing and analysis, determines that the removal action has adequately abated conditions at the site and the site may be removed from the list established pursuant to Section 25356.

(3) A remedial action plan is not required pursuant to subdivision (b) if the site is listed on the National Priority List by the Environmental Protection Agency pursuant to the federal act, if the department or the regional board concurs with the remedy selected by the Environmental Protection Agency's record of decision. The department or the regional board may sign the record of decision issued by the Environmental Protection Agency if the department or the regional board concurs with the remedy selected.

(4) The department may waive the requirement that a remedial action plan meet the requirements specified in subdivision (d) if all of the following apply:

(A) The responsible party adequately characterizes the hazardous substance conditions at a site listed pursuant to Section 25356.

(B) The responsible party submits to the department, in a form acceptable to the department, all of the following:

(D) The total cost of the removal action is less than two million dollars ($2,000,000).

(5) For purposes of this section, the cost of a removal action includes the cleanup of removal of released hazardous substances from the environment or the taking of other actions which are necessary to prevent, minimize, or mitigate damage which may otherwise result from a release or threatened release, as further defined by Section 9601 (23) of Title 42 of the United States Code.

25357.5. (a) In any judicial action under this chapter, judicial review of any issues concerning the adequacy of any response action taken or ordered by the department shall be limited to the administrative record. (c) In reviewing an action brought by the department under this chapter, in which alleged procedural errors by the department are raised as a defense, the court may impose costs or damages only if the errors were serious and related to matters of central relevance to the action, so that the action would have been significantly changed had the errors not been made.

SEC. 5. Section 25358.1 of the Health and Safety Code is amended to read:

25358.1. (a) The department, a representative of the department, or any person designated by the director may take the actions specified in this section only if there is a reasonable basis to believe that there may be a release or threatened release of a hazardous substance, and only for the purpose of determining under this chapter the need for a response action, the choosing or taking of a response action, or otherwise for the purpose of enforcing this chapter.

(b) Any officer or employee of the department, a representative of the director, or a person designated by the director may require any potentially responsible party, or any person who has, or may have, acquired information relevant to any of the following matters in the course of a commercial, ownership, or contractual relationship with any potentially responsible party, to furnish, upon reasonable notice, information or documents relating to the following matters:

(c) A person who is required to provide information pursuant to subdivision (b) shall, in accordance with subdivision (h), allow the officer, employee, representative, or designee, upon reasonable notice and at reasonable times, to have access to, and copy, all records relating to the hazardous substances for purposes of assisting the department in determining the need for an action in response to a release or threatened release pursuant to this chapter.

(d) Any officer or employee of the department, representative of the director, or person designated by the director may, in accordance with subdivision (h), enter, at reasonable times, any of the following properties:

(1) Any nonresidential establishment or other place or property where any hazardous substances may be, or have been, produced, stored, treated, disposed of, or transported from.

(2) Any nonresidential establishment or other place or property from which, or to which, a hazardous substance has been, or may have been, released.

(3) Any nonresidential establishment or other place or property where a hazardous substance release is, or may be, threatened.

(4) Any nonresidential establishment or other place or property where entry is needed to determine the need for a response action, or the appropriate remedial action, to effectuate a response action under this chapter.

(5) Any residential place or property which, if it were a nonresidential establishment or other place or property, would otherwise meet the criteria described in paragraphs (1) to (4), inclusive, if the department, representative, or person designated by the director is able to establish, based upon reasonably available evidence, that hazardous substances have been released onto or under the residential place or real property and if entry is made only at reasonable times and after reasonable notification to the owners and occupants.

(e) Any officer or employee of the department, representative of the director, or person designated by the director may, in accordance with subdivision (h), carry out any of the following activities:

(5) Survey and determine the topographic, geologic, and hydrogeologic features of the land.

(6) Photograph any equipment, sample, activity, or environmental condition described in paragraphs (2) to (5) inclusive.

(f) (1) If photographs are to be taken pursuant to paragraph (6) of subdivision (e), the department shall do all of the following:

(A) Comply with all procedures established pursuant to subdivision (b) of Section 25358.2.

(B) Notify the person whose facility is photographed prior to public disclosure of the photographs.

(C) Upon the request of the person owning the facility, submit a copy of any photograph to the person for the purpose of determining whether trade secret information, as defined in Section 25358.2, or facility security, would be revealed by the photograph.

(2) "Disclosure," as used in Section 25358.2, for purposes of this paragraph, does not include the review of the photograph by a court of competent jurisdiction or by an administrative law judge. A court or judge may review the photograph in camera.

(g) An officer, employee, representative, or designee who enters a place, establishment, or property pursuant to this section shall make a reasonable effort to inform the owner or the owners' authorized representative of the inspection and shall provide split samples to the owner or the representative upon request.

(h) If the owner or the owner's authorized representative does not voluntarily grant access to a place, establishment, or property pursuant to this section, the officer, employee, representative, or designee shall first obtain a warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, if there is an emergency posing an immediate threat to public health and safety, the officer, employee, representative, or designee may enter the place, establishment, or property without the consent of the owner or owner's authorized representative and without the issuance of a warrant.

(i) The department, and any person authorized by the department to enter upon any lands for the purpose of taking removal or remedial action pursuant to this chapter, shall not be held liable, in either a civil or criminal proceeding, for trespass or for any other acts which are necessary to carry out the corrective action.

SEC. 6. Section 25359.2 of the Health and Safety Code is amended to read:

25359.2. Any person subject to a removal or remedial action order or other order issued pursuant to Section 25355.5 or 25358.3 who does not comply with that order without sufficient cause shall be subject to a civil penalty of not more than twenty-five thousand dollars ($25,000) for each day of noncompliance. [Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 33502.5 is added to the Public Resources Code, to read:

(2) The Chairperson of the Tribal Council of the Agua Caliente Band of Cahuilla Indians.

(3) Two members of the Board of Supervisors of the County of Riverside, appointed by a majority of the membership of the board of supervisors.

(4) Three members chosen from the general public who reside within the conservancy's territory, one of whom shall be appointed by the Governor, one of whom shall be appointed by the Senate Committee on Rules, and one of whom shall be appointed by the Speaker of the Assembly.

(5) The Director of Fish and Game.

(6) The Executive Director of the Wildlife Conservation Board.

Any official action affecting any matter other than relating to the acquisition of any interest in real property shall be taken by the governing board in the presence of a quorum and upon the recorded votes of a majority of the voting members of the governing board who are present and voting. The existence of one or more vacancies among the voting members shall not change the requirements of this section.

33702. (a) Except as provided in Section 33701, and subject to Section 33507, the conservancy may acquire any property, and any interest in property, on behalf of itself or a state agency represented on the governing board, within its territory by any means if acquisition of the property is in furtherance of the conservancy's purposes, as set forth in Section 33501. The conservancy shall thereafter hold, manage, maintain, administer, occupy, and care for that property in perpetuity unless a state agency represented on the governing board has administrative jurisdiction over that property or has accepted an assignment of that responsibility from the conservancy or the conservancy has requested that the property be managed by a federal agency represented on the governing board in connection with other property managed by the federal agency. The conservancy shall give primary priority to the acquisition of property, the development of which would have visual impact from the floor of the Coachella Valley, and secondary priority to property, the acquisition of which will preserve wildlife habitat.

(b) (1) Except as provided in paragraph (2), the conservancy shall not sell, exchange, lease, or otherwise dispose of or encumber, any mountainous lands unless authorized by a four-fifths vote of the governing board or a two-thirds vote of the electors residing within the conservancy.

(2) The conservancy may transfer any mountainous lands to another public agency or to any nonprofit organization that has as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historic, agricultural, forested, or open-space condition or use, if the transfer is authorized in the presence of a quorum and upon the recorded votes of a majority of the voting members of the governing board, and if the transferee agrees to hold, manage, maintain, administer, occupy, and care for

the property in perpetuity and in furtherance of the conservancy's purposes, as set forth in Section 33501.

(3) Any lease entered into pursuant to this subdivision shall not exceed five years and shall include the express provision that the lease may be terminated at any time that the governing board determines that the land is needed for conservancy purposes.

(c) Notwithstanding subdivision (a) and the requirements specified in subdivision (b), the conservancy may sell, exchange, lease, or otherwise dispose of or encumber, property that is not mountainous land on any terms that are in the best interests of the conservancy.

5065. (a) The department, in consultation with the Coachella Valley Mountains Conservancy and the Friends of the Desert Mountains, shall design and make available for issuance special interest license plates in accordance with Section 5060. The license plates shall bear a design depicting one or more significant features or qualities of the desert environment of the Coachella Valley and the surrounding mountain ranges. Notwithstanding subdivision (a) of Section 5060, the license plates may be issued in a combination of numbers or letters, or both, requested by the owner or lessee of the vehicle, subject to Sections 5105 and 5106.

(b) In addition to the regular fees for an original registration, a renewal of registration, or a transfer or substitution of the license plates, the following additional fees shall be paid for the issuance, renewal, transfer, and substitution of the special interest license plates authorized by this section:

(1) For the original issuance of the plates, fifty dollars ($50).

(2) For a renewal of registration with the plates, forty dollars ($40).

(3) For transfer of the plates to another vehicle, fifteen dollars ($15).

(4) For each substitute replacement plate, thirty-five dollars ($35).

(c) After deducting its administrative costs under this section, the department shall deposit the additional revenue derived from the issuance, renewal, transfer, and substitution of the special interest license plates as follows:

(1) One-half in the Coachella Valley Mountains Conservancy Account, which is hereby created in the California Environmental License Plate Fund. The money in the account shall be available for expenditure exclusively by the Coachella Valley Mountains Conservancy pursuant to Division 23.5 (commencing with Section 33500) of the Public Resources Code and, upon appropriation by the Legislature, shall be allocated by the Controller to the conservancy or its successor solely for that purpose.

(2) One-half in the California Environmental License Plate Fund.

SEC. 6. Section 13 of Chapter 676 of the Statutes of 1992 is amended to read:

Sec. 13. Sections 1 to 10, inclusive, of this act shall become operative on January 1, 1994.

SEC. 7. (a) With respect to the approximately 400-acre parcel in the County of Yolo, located just north of State Highway Route 80, the Department of Transportation shall, not later than January 1, 1994, do one of the following:

(1) Transfer the parcel, or lease it for 100 years, for the sum of one dollar ($1), to the Department of Fish and Game, reserving whatever interest may be necessary for future use by the Department of Transportation.

(2) Enter into a cooperative project agreement with the United States Army Corps of Engineers, the Department of Fish and Game, and the Department of Water Resources concerning the parcel.

(b) The conservation values associated with the parcel described in subdivision (a) shall be available to the Department of Transportation for the mitigation of future project impacts, regardless of the disposition of title to the parcel pursuant to this section.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1287

An act to amend Section 2207 of the Public Resources Code, relating to surface mining.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2207 of the Public Resources Code is amended to read:

2207. (a) The owner, lessor, lessee, agent, manager, or other person in charge of any mining operation of whatever kind or character within the state shall forward to the director not later than July 1, 1991, and every year thereafter not later than an anniversary date established by the director, upon forms which will be furnished by the board, a report which identifies all of the following:

(1) The name, address, and telephone number of the person,

company, or other owner of the mining operation.

(2) The name, address, and telephone number of a designated agent who resides in this state, and who will receive and accept service of all orders, notices, and processes of the lead agency, board, director, or court.

(3) The location of the mining operation, its name, its mine number as issued by the Bureau of Mines or the director, its section, township, range, latitude, longitude, and approximate boundaries of the mining operation marked on a United States Geological Survey 7½-minute or 15-minute quadrangle map.

(4) The lead agency.

(5) The approval date of the mining operation's reclamation plan.

(6) The mining operation's status as active, idle, reclaimed, or in the process of being reclaimed.

(7) The commodities produced by the mine and the type of mining operation.

(8) Proof of annual inspection by the lead agency, starting with the 1992 report.

(9) Proof of financial assurances.

(10) Ownership of the property, including government agencies, if applicable, by the assessor's parcel number, and total assessed value of the mining operation.

(11) The approximate permitted size of the mining operation subject to Chapter 9 (commencing with Section 2710), in acres.

(12) The approximate total acreage of land newly disturbed by the mining operation during the previous calendar year.

(13) The approximate total of disturbed acreage reclaimed during the previous calendar year.

(14) The approximate total unreclaimed disturbed acreage remaining as of the end of the calendar year.

(15) The total production for each mineral commodity produced during the previous year.

(16) A copy of any approved reclamation plan and any amendments or conditions of approval to any existing reclamation plan approved by the lead agency.

(b) Every year, not later than the anniversary date established by the director, the person submitting the report pursuant to subdivision (a) shall forward to the lead agency, upon forms which shall be furnished by the board, a report which provides all of the information specified in paragraphs (1) to (14), inclusive, of subdivision (a).

(c) Subsequent reports shall include only changes in the information submitted for the items described in subdivision (a), except that, instead of the approved reclamation plan, the reports shall include any reclamation plan amendments approved during the previous year. The reports shall state whether review of a reclamation plan, financial assurances, or an interim management plan is pending under subdivision (b), (c), (d), or (h) of Section 2770, or whether an appeal before the board or lead agency

governing body is pending under subdivision (e) or (h) of Section 2770. The director shall notify the person submitting the report and the owner's designated agent in writing that the report and the fee required pursuant to subdivision (d) have been received, specify the anniversary date by which the mining operation shall submit reports, specify the mining operation's mine number if one has not been issued by the Bureau of Mines, and notify the person and agent of any deficiencies in the report within 90 days of receipt. That person or agent shall have 30 days from receipt of the notification to correct the noted deficiencies and forward the revised reports to the director and the lead agency. Any person who fails to comply with this section, or knowingly provides incorrect or false information in reports required by this section, may be subject to an administrative penalty as provided in subdivision (c) of Section 2774.1.

(d) (1) The board shall impose, by regulation, pursuant to paragraph (2), an annual reporting fee on, and method for collecting annual fees from, each active or idle mining operation. The maximum fee for any single mining operation shall not exceed two thousand dollars ($2,000) annually and shall not be less than fifty dollars ($50) annually.

(2) The board shall adopt, by emergency regulations, a schedule of fees authorized under paragraph (1) to cover the department's cost in carrying out this section and Chapter 9 (commencing with Section 2710), as reflected in the Governor's Budget. In establishing the schedule of fees to be paid by each active and idle mining operation, the fees shall be calculated on an equitable basis reflecting the size and type of operation. The board shall also consider the total assessed value of the mining operation, the acreage disturbed by mining activities, and the acreage subject to the reclamation plan.

(3) For the 1991–92 fiscal year the total revenue generated by the reporting fees established pursuant to this subdivision shall not exceed, and may be less than, one million one hundred thirty-two thousand dollars ($1,132,000), which shall be adjusted in the 1992–93 and 1993–94 fiscal years to reflect increases in the cost of living, as measured by the California Consumer Price Index for all urban consumers, calendar year averages, using the percentage change in the previous year. Beginning in the 1994–95 fiscal year, and for subsequent fiscal years the total revenue generated by the reporting fees shall not exceed, and may be less than, the amount of one million dollars ($1,000,000), as adjusted for the cost of living beginning with the 1991–92 fiscal year and annually thereafter. If the director determines that the revenue collected during the preceding fiscal year was greater or less than the cost to operate the program, the board shall adjust the fees to compensate for the overcollection or undercollection of revenues.

(4) The emergency regulations adopted pursuant to paragraph (2) shall be adopted by the board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations is an

emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(5) The reporting fees established pursuant to this subdivision shall be deposited in the Mine Reclamation Account, which is hereby created. Any fees, penalties, interest, fines, or charges collected by the director or board pursuant to this chapter or Chapter 9 (commencing with Section 2710) shall be deposited in the Mine Reclamation Account. The money in the account shall be available to the department and board, upon appropriation by the Legislature, solely to carry out this section and Chapter 9 (commencing with Section 2710), and up to three hundred thousand dollars ($300,000) shall be available to the department upon appropriation by the Legislature to contract for preparation of the report required by Section 2774.6.

(6) In case of late payment of the reporting fee, a penalty of not less than one hundred dollars ($100) or 10 percent of the amount due, whichever is greater, plus interest at the rate of 1½ percent per month, computed from the delinquent date of the assessment until and including the date of payment, shall be assessed. New mining operations which have not submitted a report shall submit a report prior to commencement of operations. The new operation shall submit its fee according to the reasonable fee schedule adopted by the board, and the month that the report is received shall become that operation's anniversary month.

(e) The lead agency may impose a fee upon each mining operation to cover the reasonable costs incurred in implementing this chapter and Chapter 9 (commencing with Section 2710).

(f) For purposes of this section, "mining operation" has the same meaning as "surface mining operation" as defined in Section 2735, unless excepted by Section 2714. For the purposes of fee collections only, "mining operation" may include one or more mines operated by a single operator or mining company on one or more sites, if the total annual combined mineral production for all sites is less than 100 troy ounces for precious metals, if precious metals are the primary mineral commodity produced, or less than 100,000 short tons if the primary mineral commodity produced is not precious metals.

(g) Any information in reports submitted pursuant to subdivision (a) which includes or otherwise indicates the total mineral production, reserves, or rate of depletion of any mining operation shall not be disclosed to any member of the public, as defined in subdivision (f) of Section 6252 of the Government Code. Other portions of the reports are public records unless excepted by statute. Statistical bulletins based on these reports and published under Section 2205 shall be compiled to show, for the state as a whole and separately for each lead agency, the total of each mineral produced therein. In order not to disclose the production, reserves, or rate of depletion from any identifiable mining operation, no production figure shall be published or otherwise disclosed unless that figure is

the aggregated production of not less than three mining operations. If the production figure for any lead agency would disclose the production, reserves, or rate of depletion of less than three mining operations or otherwise permit the reasonable inference of the production, reserves, or rate of depletion of any identifiable mining operation, that figure shall be combined with the same such figure of not less than two other lead agencies without regard to the location of the lead agencies. The bulletin shall be published annually by June 30 or as soon thereafter as practicable.

CHAPTER 1288

An act to add Sections 857 and 858 to the Fish and Game Code, relating to the Department of Fish and Game.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 857 is added to the Fish and Game Code, to read:

857. (a) Notwithstanding any other provision of law, the status of a person as an employee, agent, or licensee of the department does not confer upon that person a special right or privilege to knowingly enter private land without either the consent of the owner or a search warrant, or an inspection warrant.

(b) (1) Subdivision (a) does not apply to employees, agents, or licensees of the department in the event of an emergency. For purposes of this section, "emergency means a sudden, unexpected occurrence, involving a clear and imminent danger demanding immediate action to prevent or mitigate loss of, or damage to, wildlife, wildlife resources, or wildlife habitat."

(2) Subdivision (a) does not apply to a sworn peace officer authorized pursuant to subdivision (f) of Section 830.2 of the Penal Code or, if necessary for law enforcement purposes, to other departmental personnel accompanying a sworn peace officer. Subdivision (a) shall not be construed to define or alter any authority conferred on those peace officers by any other law or court decision.

(3) Subdivision (a) does not apply to, or interfere with, the authority of employees, or licensees to enter and inspect land in conformance with Section 4604 of the Public Resources Code.

This section is not intended to expand or constrain the authority, if any, of employees, agents, or licensees of the department to enter private land to conduct inspections pursuant to Section 7702 of this code or Section 8670.5, 8670.7, or 8670.10 of the Government Code.

(c) If the department conducts a survey or evaluation of private land that results in the preparation of a document or report, the

department shall, upon request and without undue delay, provide either a copy of the report or a written explanation of the department's legal authority for denying the request. The department may charge a fee for each copy, not to exceed the direct costs of duplication.

SEC. 2. Section 858 is added to the Fish and Game Code, to read:

858. (a) The department, in cooperation with landowners and landowner organizations, shall, on or before January 1, 1995, develop a statewide policy and procedure for recording and processing landowner complaints regarding alleged misconduct by personnel of the department and a written protocol that ensures compliance with Section 857.

(b) The department shall, on or before January 1, 1995, designate official fish and game warden emblems and their placement. The department shall prohibit personnel of the department who are not peace officers from wearing any patch, badge, bar, or other indicia of peace officer status. The selection and configuration of official fish and game warden emblems shall be established by the department in cooperation with California game wardens to ensure that the public is readily able to distinguish game wardens from personnel who are not peace officers.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1289

state body shall provide an opportunity for members of the public to directly address the state body on each agenda item before or during the state body's discussion or consideration of the item. This section is not applicable if the agenda item has already been considered by a committee composed exclusively of members of the state body at a public meeting where interested members of the public were afforded the opportunity to address the committee on the item, before or during the committee's consideration of the item, unless the item has been substantially changed since the committee heard the item, as determined by the state body.

(b) The state body may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public comment on particular issues and for each individual speaker.

(c) This section is not applicable to closed sessions held pursuant to Section 11126.

The proposal shall be acted upon by the regents as the final open session item for action.

(2) The proposal has been approved by the making of a motion and its adoption by a majority vote of the regents present at an open session. Nothing in this section shall preclude in open session the full discussion of the contents of the motion or the reasons why it should

(d) Whenever any person who has been authorized to utilize the special license plates applies to the department for transfer of the plates to another vehicle, a transfer fee of twelve dollars ($12) shall be charged in addition to all other appropriate fees.

(b) Except in full compliance with the restriction, no person shall drive a motor vehicle at any time when that person's driving privilege is restricted pursuant to Article 2 (commencing with Section 23152) of Chapter 12 of Division 11, and when the person so driving has knowledge of the restriction.

(c) Knowledge of suspension or revocation of the driving privilege shall be presumed if notice has been given by the department to the person and knowledge of restriction of the driving privilege shall be presumed if notice has been given by the court to the person. The presumption established by this subdivision is a presumption affecting the burden of proof.

(d) Any person convicted of a violation of this section shall be punished as follows:

(g) If any person is convicted of a second or subsequent offense which results in a conviction of this section within seven years, but over five years, of a prior offense which resulted in a conviction of a violation of this section or Section 14601 or 14601.1 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 10 days.

(h) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle, which is owned or utilized by the person's employer, during the course of employment on private property which is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (c) of Section 12500.

(d) Any person convicted of a violation of this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not more than six months or by a fine of not less than three hundred dollars ($300) or more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(2) If the offense occurred within five years of a prior offense which resulted in a conviction for a violation of this section or Section 14601, 14601.1, or 14601.2, by imprisonment in the county jail for not less than 10 days or more than one year, and by a fine of not less than five hundred dollars ($500) or more than two thousand dollars

($2,000).

(e) The court, upon a showing of good cause, may waive the mandatory minimum imprisonment period required by paragraph (2) of subdivision (d). The court shall state its reasons for waiving that requirement on the record at the time of sentencing.

(f) In imposing the minimum fine required by subdivision (d), the court shall take into consideration the defendant's ability to pay the fine and may, in the interest of justice, and for reasons stated in the record, reduce the amount of that minimum fine to less than the amount otherwise imposed.

(g) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle, that is owned or utilized by the person's employer, during the course of employment on private property that is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (c) of Section 12500.

(c) Nothing in this section prohibits a blind or disabled person who is a nondriver from renting a motor vehicle, if both of the following conditions exist at the time of rental:

(1) The blind or disabled person either holds an identification card issued pursuant to this code or is not a resident of this state.

SEC. 13. Section 22511.55 of the Vehicle Code is amended to read:

22511.55. (a) (1) Any disabled person or disabled veteran may apply to the department for the issuance of a distinguishing placard. The placard may be used in lieu of the special identification license plate or plates issued under Section 5007 for parking purposes described in Section 22511.5 when suspended from the rear view mirror or, if there is no rear view mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size and color determined by the department, shall bear the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641, commonly known as the "wheelchair symbol." The department shall incorporate instructions for the lawful use of a placard, and a summary of the penalties for the unlawful use of a placard, into the identification card issued to the placard owner.

(2) (A) The department may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. Whenever any application for a placard is submitted to the department on or after January 1 of the year of expiration, the fee shall be for the current and subsequent renewal period.

(B) As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

(C) Prior to the end of each year, the department shall, for the most current three years available, compare its record of disability placards issued against the records of the Bureau of Vital Statistics of the State Department of Health Services, or its successor, and withhold any renewal notices that otherwise would have been sent, for any placard holders identified as deceased.

(3) The fee for an original application or renewal application is six dollars ($6).

(4) Except as provided in paragraph (5), no person is eligible for more than one placard at any time.

(5) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(b) Prior to issuing any disabled person or disabled veteran a distinguishing placard, the department may require the applicant to submit a certificate signed by the physician or surgeon substantiating the disability. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be

certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(c) Any person who is temporarily disabled for a period of less than six months may apply for a placard as prescribed in subdivision (a).

(d) The distinguishing placard shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle registration, whichever occurs first.

SEC. 14. Section 22511.6 of the Vehicle Code is amended to read:

22511.6. (a) The Department of Motor Vehicles may cancel or revoke a disabled person placard issued pursuant to subdivision (d) of Section 22511.5 in any of the following events:

(1) When the department is satisfied that the placard was fraudulently obtained or erroneously issued.

(2) When the department determines that the required fee has not been paid and the fee is not paid upon reasonable notice and demand.

(3) When the placard could have been refused when last issued or renewed.

(4) When the department determines that the owner of the placard has committed any offense described in Section 4461 or 4463, involving the placard to be canceled or revoked.

(5) When the department determines that the owner of the placard is deceased.

(b) Whenever the Department of Motor Vehicles cancels or revokes a disabled person placard, the owner or person in possession of the placard shall immediately return the placard to the department.

SEC. 15. Section 23302 of the Vehicle Code is amended to read:

23302. It is unlawful for any person to refuse to pay or to evade or attempt to evade the payment of tolls or other charges on any vehicular crossing or toll highway. It is prima facie evidence of a violation of this section for any person to enter upon any vehicular crossing without either lawful money of the United States in his immediate possession in an amount sufficient to pay the prescribed tolls due from such person or an Automatic Vehicle Identification account with a balance sufficient to pay those tolls.

SEC. 16. Section 24016 of the Vehicle Code is repealed.

SEC. 17. Section 40202 of the Vehicle Code is amended to read:

40202. (a) If a vehicle is unattended during the time of the violation, the peace officer or person authorized to enforce parking laws and regulations shall securely attach to the vehicle a notice of parking violation setting forth the violation, including reference to the section of this code or of the Public Resources Code, the local ordinance, or the federal statute or regulation so violated; the approximate time thereof; the location where the violation occurred; and the time and procedure for the registered owner, lessee, or

rentee to deposit the parking penalty or, pursuant to Section 40215, contest the citation. The notice of parking violation shall also set forth the vehicle license number and registration expiration date if they are visible, the last four digits of the vehicle identification number, if that number is visible through the windshield, the color of the vehicle, and, if possible, the make of the vehicle. The notice of parking violation, or copy thereof, shall be considered a record kept in the ordinary course of business of the issuing agency and the processing agency and shall be prima facie evidence of the facts contained therein.

(b) The notice of parking violation shall be served by attaching it to the vehicle either under the windshield wiper or in another conspicuous place upon the vehicle so as to be easily observed by the person in charge of the vehicle upon the return of that person.

(c) Once the issuing officer has prepared the notice of parking violation and has attached it to the vehicle as provided in subdivisions (a) and (b), the officer shall file the notice with the processing agency. Any person, including the issuing officer and any member of the officer's department or agency, or any peace officer who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed the face of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the processing agency or with a person authorized to receive the deposit of the parking penalty, is guilty of a misdemeanor.

(d) If, during the issuance of a notice of parking violation, without regard to whether the vehicle was initially attended or unattended, the vehicle is driven away prior to attaching the notice to the vehicle, the issuing officer shall file the notice with the processing agency. The processing agency shall mail, within 15 days of issuance of the notice of parking violation, a copy of the notice of parking violation to the registered owner.

(e) If, after a copy of the notice of parking violation is attached to the vehicle, the issuing officer determines that, in the interest of justice, the notice of parking violation should be canceled, the issuing agency may recommend, in writing, that the charges be canceled. The recommendation shall cite the reasons for the recommendation and shall be filed with the processing agency.

(f) If the processing agency makes a finding that there are grounds for cancellation, the finding shall be entered on the record and the notice of parking violation shall be canceled pursuant to paragraph (1) of subdivision (a) of Section 40215.

(g) Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for cancellation.

SEC. 18. Section 4.5 of this bill incorporates amendments to Section 1808.4 of the Vehicle Code proposed by this bill and AB 2367. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1994, (2) each bill amends

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 56728.7 of the Education Code is amended to read:

56728.7. (a) The Superintendent of Public Instruction may conduct a pilot program for the 1992–93, 1993–94, and 1994–95 fiscal years to enable and encourage school districts and county offices of education, either individually or through special education local plan areas, to establish programs in public schools for individuals with exceptional needs who are currently placed in nonpublic, nonsectarian schools and to develop plans for the return of these pupils to an appropriate public school program, with a view of determining whether these new programs can provide an effective mainstreaming education program in a less restrictive environment which is appropriate to each pupil's needs for services as specified in his or her written individualized education program. Services provided pursuant to this section to each pupil by an individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team. The superintendent shall select, for this purpose, no more than 11 school districts or county offices of education that are willing to participate in the pilot project, through an application process to be developed by the superintendent during the 1991–92 fiscal year in accordance with subdivision (c). A maximum of 220 pupils shall participate in the statewide pilot program at any given time. Of the 220 pupils, not more than 50 pupils shall be from any one school district, and no more than 15 pupils from any one school district shall be funded pursuant to Article 8.5 (commencing with Section 56775).

(b) In addition, the Superintendent of Public Instruction shall conduct a pilot program in San Mateo County and in the Contra Costa County special education local plan area for the 1994, 1995, and 1996 calendar years to encourage and enable the San Mateo County Office of Education and the Contra Costa County special education local plan area to identify pupils who currently are placed into a nonpublic school program by San Mateo County school districts or Contra Costa County school districts, respectively, but are able to be returned to an appropriate public school program, and to identify

seriously emotionally disturbed pupils who currently are in a public school program who are imminently at risk of placement in a nonpublic school program or another more restrictive setting. The purpose of each pilot program is to establish new public school programs that maintain an effective mainstreaming education program that is appropriate to each pupil's needs for the services specified in a pupil's individualized education program, and thereby avoid placing those pupils in a nonpublic school setting.

Services provided to a pupil pursuant to this section according to the pupil's individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under the provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team.

(c) The superintendent shall ensure that the local application to participate in a pilot program pursuant to subdivision (a) describes the program and fiscal resources that it will use in implementing the pilot program, including, but not limited to, the establishment of the Local Pilot Program Advisory Committee and its implementing policies for the pilot program. The superintendent shall make every effort to ensure that the racial, ethnic, and socioeconomic composition of the Local Pilot Program Advisory Committee reflects the current racial, ethnic, and socioeconomic composition of the exceptional pupil population in the school districts in which the pilot programs are established.

In its preparation of the application for participation in the pilot program, the local education agency shall consult with the special education local plan area in which it is a member and describe the impact the pilot program would have on other programs and resources available within the special education local plan area.

In addition, the superintendent shall ensure that there is a sampling of multiple sizes of school districts and county offices of education, including special education local plan areas whose special education plan serves an average daily attendance of 30,000 or more. The sampling shall also include all of the following:

(1) Local education agencies in urban and rural settings.

(2) Local education agencies serving large populations of individuals with exceptional needs from low-income and ethnic and linguistic minority families.

(3) Local education agencies impacted by a large number of individuals with exceptional needs who are served by nonpublic, nonsectarian schools and agencies.

(4) Local education agencies impacted by a large number of individuals with exceptional needs who reside in a foster family home, licensed children's institution, hospital, or other similar medical facility and who are served by nonpublic, nonsectarian schools or agencies.

(d) Consistent with Section 56366 and other provisions of law, it is the intent of the Legislature that programs developed pursuant to this section shall ensure the participation of, and coordination with, local contracted nonpublic, nonsectarian schools through the establishment of a Local Pilot Program Advisory Committee in order to develop, monitor, and evaluate policies to ensure that pupils' placements are changed when adequate progress is made and readiness for placement in a less restrictive environment located in a public school is achieved.

(1) The Local Pilot Program Advisory Committee shall be comprised of representatives of local public and contracted nonpublic school programs, parents, and other local public agencies providing services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. Representatives of each Local Pilot Program Advisory Committee shall include two representatives of local contracted nonpublic schools designated by the California Association of Private Specialized Education and Services without regard to membership, one of whom shall be a representative of a licensed children's institution when it is determined that pupils in a licensed children's institution in a nonpublic school program placement may be considered for placement in a mainstreaming educational program, a representative of the special education local plan area administrative unit, a teacher representative of a local public school participating in the pilot, a parent representative of the local community advisory committee, pursuant to Public Law 94-142, a representative of a parent advocate, a representative of the local mental health advisory board, and a representative of each local public agency providing services to exceptional pupils within the special education local plan area under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

(2) Notwithstanding any other provision of law, the Local Pilot Program Advisory Committee shall advise on the development, monitoring, and evaluation of policies and procedures that are necessary to implement the pilot program. The advisement shall include, but not necessarily be limited to, the following subjects:

(A) Pupil behaviors.

(B) Pupil achievement and classroom performance reports.

(C) Curriculum and class size.

(D) Adequate support services.

(E) Personnel qualifications.

(3) The Local Pilot Program Advisory Committee shall also advise on development procedures and criteria for evaluating the effectiveness of the pilot program pursuant to paragraph (1) of subdivision (h) and shall annually submit a written evaluation of the pilot program to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall evaluate selected pilot programs, based on the report of each advisory committee of how goals for an effective mainstream education program have been met

in accordance with pupils' individualized education programs.

(e) (1) Notwithstanding any other provision of law, in the 1992–93, 1993–94, and 1994–95 fiscal years for pilot programs operated pursuant to subdivision (a), and in the 1994, 1995, and 1996 calendar years for the pilot programs operated pursuant to subdivision (b), the Superintendent of Public Instruction shall apportion to each of the school districts or county offices of education selected pursuant to subdivision (a), and to the San Mateo County Office of Education and the Contra Costa County special education local plan area, in addition to any funds to which that district or county office is entitled under this chapter, an apportionment for each pupil who is returned by that district or county office from a nonpublic school program to a public school program pursuant to this section. The apportionment shall be equal to the average amount apportioned to the special education local plan area in which that district or county office is located for pupils under Sections 56740 and 56775 in the 1991–92 fiscal year for pilot programs operated pursuant to subdivision (a), and the average amount apportioned to the San Mateo County special education local plan area and the Contra Costa County special education local plan area, respectively, under those sections in the 1992–93 fiscal year for the pilot programs operated pursuant to subdivision (b), excluding the costs of room and board as identified by Section 56741. The costs resulting to that district or county office from the placement of any pupil in a public program operated by the district or county office pursuant to this section, including any residual nonpublic school costs for pupils transitioning into the public program, shall be funded from this apportionment. No school district or county office of education shall be entitled to receive any funding under Section 56740 or 56775 in any fiscal year based on the enrollment of any pupil for which that district or county office receives funding in that fiscal year under this subdivision.

(2) The apportionment authorized under paragraph (1) may only be provided for pupils who were enrolled in a nonpublic, nonsectarian school in the fiscal year prior to the new year in which the pupil is returned to public school placement. Each pupil's placement shall be changed, in accordance with this part, to a public school special education program as described under this section not later than June 30, 1994, for pupils in a pilot program operated pursuant to subdivision (a) and not later than December 30, 1995, for pupils in a pilot program operated pursuant to subdivision (b).

(3) A school district or county office of education is not entitled to receive both a nonpublic school entitlement under Section 56740 or 56775, and a pilot program apportionment as authorized by paragraph (1) in any fiscal year for pupils' participation in the statewide pilot project.

(4) If a participating pupil leaves the pilot program due to age or achievement, a change of district of residence, or if it is subsequently determined by an individualized education program team that a pupil's programmatic needs cannot be successfully met in the

mainstream education program, another pupil may replace that pupil if the new pupil qualifies under paragraph (2). If a pupil leaves the pilot program during any fiscal year for any of the above reasons, and the pupil cannot be replaced by another pupil who qualifies under paragraph (2), the school district or county office shall provide an adjusted full-time equivalent number of pupils who actually participated in the statewide pilot program for each fiscal year to the Superintendent of Public Instruction by no later than September 30 following each fiscal or calendar year of the pilot project. The adjusted full-time equivalent number of pupils shall be used to compute an appropriate reduction in the preceding fiscal year's annualized pilot program apportionment authorized under paragraph (1) before the adjustments, if any, as specified in paragraph (7) are performed.

(5) If a nonpublic school program is resumed for a pupil due to an unsuccessful transition to a mainstream education program, the district or county office may resume the reporting of nonpublic school costs under Sections 56740 and 56775 if the Superintendent of Public Instruction has been notified as specified in paragraph (4).

(6) For a pilot program operated pursuant to subdivision (a), the apportionment authorized under this section shall include the costs of one certificated person who shall serve as a mainstream education liaison. The workload of a mainstream education liaison shall not exceed a full-time equivalent per pupil caseload of 20.

(7) The apportionment authorized under paragraph (1) shall be used solely for purposes of providing special education programs. Any excess apportionment remaining from the costs of operating pilot programs pursuant to this section shall be adjusted from the subsequent year's apportionment which the district or county office of education may be eligible to receive. The amount of excess pilot program apportionment shall be reported to the Superintendent of Public Instruction by not later than October 30 following each fiscal year of the pilot project.

(f) Notwithstanding any other provision of law, pilot project pupils shall not be included in the calculation of the number of instructional personnel services units to which a school district or county office is entitled, in the calculation of pupil service ratio as provided in Section 56760, or in the enrollment used to compute extended year entitlements pursuant to Section 56726.

(g) This section shall not be construed to authorize any increase in state apportionments for special education to which a participating school district or county office of education is entitled under this chapter.

(h) (1) The Superintendent of Public Instruction shall evaluate the pilot program or programs operated under subdivision (a) pursuant to criteria developed in consultation with the participating school districts or county offices of education and a statewide representative of contracted nonpublic, nonsectarian schools. The evaluation shall include, but not necessarily be limited to, descriptive

information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or county office accomplished each of the following objectives:

(A) Provided pupils who were formerly placed in nonpublic, nonsectarian schools with an appropriate and effective mainstreaming education program which is consistent with each pupil's needs as specified in his or her individualized education program and located in a less restrictive environment in a public school.

(B) Served those pupils in age-appropriate, less restrictive environments, including interaction or receiving instruction with their nonhandicapped peers.

(C) Provided programs and services located in a public school to those pupils at a cost to the public that was no greater than that incurred in the nonpublic, nonsectarian school setting, including the public program costs for instruction, designated instruction and services, direct support services, indirect support services, and the costs of services provided by local public agencies under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

(2) The Superintendent of Public Instruction shall evaluate the pilot programs operated pursuant to subdivision (b) pursuant to criteria developed in consultation with the participating school districts or county office of education and a statewide representative of contracted nonpublic, nonsectarian schools. Each evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or the county office accomplished each of the following objectives:

(A) The objectives listed in paragraph (1).

(B) Provided pupils who were identified as being imminently at risk of nonpublic school placement with an appropriate and effective mainstreaming education program that is consistent with each pupil's needs, as specified in his or her individualized education program.

(C) Enabled those pupils to attend and achieve in a public school setting.

(D) Provided programs and services located in a public school to those pupils at a cost to the public that was no greater than that incurred in the identified nonpublic, nonsectarian school setting into which they were at risk of being placed, including the public program costs for instruction, designated instruction and services,

direct support services, indirect support services, and the costs of services provided by local public agencies under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

(i) The superintendent shall report the results of the evaluations to the Legislature no later than July 1, 1997.

(j) This section shall remain in effect only until January 1, 1998, and as of that date is repealed.

SEC. 1.5. Section 56728.7 of the Education Code is amended to read:

56728.7. (a) The Superintendent of Public Instruction may conduct a pilot program for the 1992–93, 1993–94, and 1994–95 fiscal years to enable and encourage school districts and county offices of education, either individually or through special education local plan areas, to establish programs in public schools for individuals with exceptional needs who are currently placed in nonpublic, nonsectarian schools and to develop plans for the return of these pupils to an appropriate public school program, with a view of determining whether these new programs can provide an effective mainstreaming education program in a less restrictive environment which is appropriate to each pupil's needs for services as specified in his or her written individualized education program. Services provided pursuant to this section to each pupil by an individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team. The superintendent shall select, for this purpose, no more than 10 school districts or county offices of education that are willing to participate in the pilot project, through an application process to be developed by the superintendent during the 1991–92 fiscal year in accordance with subdivision (c). A maximum of 200 pupils shall participate in the statewide pilot program at any given time. Of the 200 pupils, not more than 50 pupils shall be from any one school district, and no more than 15 pupils from any one school district shall be funded pursuant to Article 8.5 (commencing with Section 56775).

(b) In addition, the Superintendent of Public Instruction shall conduct a pilot program in San Mateo County and in the Contra Costa County special education local plan area for the 1994, 1995, and 1996 calendar years to encourage and enable the San Mateo County Office of Education and the Contra Costa County special education local plan area to identify pupils who currently are placed into a nonpublic school program by San Mateo County school districts or

Contra Costa County school districts, respectively, but are able to be returned to an appropriate public school program, and to identify seriously emotionally disturbed pupils who currently are in a public school program who are imminently at risk of placement in a nonpublic school program or another more restrictive setting. The purpose of each pilot program is to establish new public school programs that maintain an effective mainstreaming education program that is appropriate to each pupil's needs for the services specified in a pupil's individualized education program, and thereby avoid placing those pupils in a nonpublic school setting.

Services provided to a pupil pursuant to this section according to the pupils' individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under the provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team.

(c) The superintendent shall ensure that the local application to participate in a pilot program pursuant to subdivision (a) describes the program and fiscal resources that it will use in implementing the pilot program, including, but not limited to, the establishment of the Local Pilot Program Advisory Committee and its implementing policies for the pilot program. The superintendent shall make every effort to ensure that the racial, ethnic, and socioeconomic composition of the Local Pilot Program Advisory Committee reflects the current racial, ethnic, and socioeconomic composition of the exceptional pupil population in the school districts in which the pilot programs are established.

In its preparation of the application for participation in the pilot program, the local education agency shall consult with the special education local plan area in which it is a member and describe the impact the pilot program would have on other programs and resources available within the special education local plan area.

In addition, the superintendent shall ensure that there is a sampling of multiple sizes of school districts and county offices of education, including special education local plan areas whose special education plan serves an average daily attendance of 30,000 or more. The sampling shall also include all of the following:

(1) Local education agencies in urban and rural settings.

(2) Local education agencies serving large populations of individuals with exceptional needs from low-income and ethnic and linguistic minority families.

(3) Local education agencies impacted by a large number of individuals with exceptional needs who are served by nonpublic, nonsectarian schools and agencies.

(4) Local education agencies impacted by a large number of individuals with exceptional needs who reside in a foster family home, licensed children's institution, hospital, or other similar

medical facility and who are served by nonpublic, nonsectarian schools or agencies.

(d) Consistent with Section 56366 and other provisions of law, it is the intent of the Legislature that programs developed pursuant to this section shall ensure the participation of, and coordination with, local contracted nonpublic, nonsectarian schools through the establishment of a Local Pilot Program Advisory Committee in order to develop, monitor, and evaluate policies to ensure that pupils' placements are changed when adequate progress is made and readiness for placement in a less restrictive environment located in a public school is achieved.

(1) The Local Pilot Program Advisory Committee shall be comprised of representatives of local public and contracted nonpublic school programs, parents, and other local public agencies providing services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. Representatives of each Local Pilot Program Advisory Committee shall include two representatives of local contracted nonpublic schools designated by the California Association of Private Specialized Education and Services without regard to membership, one of whom shall be a representative of a licensed children's institution when it is determined that pupils in a licensed children's institution in a nonpublic school program placement may be considered for placement in a mainstreaming educational program, a representative of the special education local plan area administrative unit, a teacher representative of a local public school participating in the pilot, a parent representative of the local community advisory committee, pursuant to Public Law 94-142, a representative of a parent advocate, a representative of the local mental health advisory board, and a representative of each local public agency providing services to exceptional pupils within the special education local plan area under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

(2) Notwithstanding any other provision of law, the Local Pilot Program Advisory Committee shall advise on the development, monitoring, and evaluation of policies and procedures that are necessary to implement the pilot program. (A) Pupil behaviors.

(B) Pupil achievement and classroom performance reports.

(C) Curriculum and class size.

(D) Adequate support services.

(E) Personnel qualifications.

(3) The Local Pilot Program Advisory Committee shall also advise on development procedures and criteria for evaluating the effectiveness of the pilot program pursuant to paragraph (1) of subdivision (h) and shall annually submit a written evaluation of the pilot program to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall evaluate selected pilot

programs, based on the report of each advisory committee of how goals for an effective mainstream education program have been met in accordance with pupils' individualized education programs.

(e) (1) Notwithstanding any other provision of law, in the 1992–93, 1993–94, and 1994–95 fiscal years for pilot programs operated pursuant to subdivision (a), and in the 1994, 1995, and 1996 calendar years for the pilot programs operated pursuant to subdivision (b), the Superintendent of Public Instruction shall apportion to each of the school districts or county offices of education selected pursuant to subdivision (a), and to the San Mateo County office of Education and Contra Costa County special education local plan area, in addition to any funds to which that district or county office is entitled under this chapter, an apportionment for each pupil who is returned by that district or county office from a nonpublic school program to a public school program pursuant to this section. The apportionment shall be equal to the average amount apportioned to the special education local plan area in which that district or county office is located for pupils under Sections 56740 and 56775 in the 1991–92 fiscal year for pilot programs operated pursuant to subdivision (a), and the average amount apportioned to the San Mateo special education local plan area and the Contra Costa County special education local plan area, respectively, under those sections in the 1992–93 fiscal year for the pilot programs operated pursuant to subdivision (b), excluding the costs of room and board as identified by Section 56741. The costs resulting to that district or county office from the placement of any pupil in a public program operated by the district or county office pursuant to this section, including any residual nonpublic school costs for pupils transitioning into the public program, shall be funded from this apportionment. No school district or county office of education shall be entitled to receive any funding under Section 56740 or 56775 in any fiscal year based on the enrollment of any pupil for which that district or county office receives funding in that fiscal year under this subdivision.

(2) The apportionment authorized under paragraph (1) may only be provided for pupils who were enrolled in a nonpublic, nonsectarian school in the fiscal year prior to the new year in which the pupil is returned to public school placement. Each pupil's placement shall be changed, in accordance with this part, to a public school special education program as described under this section not later than June 30, 1994, for pupils in a pilot program operated pursuant to subdivision (a) and not later than December 30, 1995, for pupils in a pilot program operated pursuant to subdivision (b).

(3) A school district or county office of education is not entitled to receive both a nonpublic school entitlement under Section 56740 or 56775, and a pilot program apportionment as authorized by paragraph (1) in any fiscal year for pupils participation in the statewide pilot project.

(4) If a participating pupil leaves the pilot program due to age or achievement, a change of district of residence, or if it is subsequently

determined by an individual education program team that a pupil's programmatic needs cannot be successfully met in the mainstream education program, another pupil may replace that pupil if the new pupil qualifies under paragraph (2). If a pupil leaves the pilot program during any fiscal year for any of the above reasons, and the pupil cannot be replaced by another pupil who qualifies under paragraph (2), the school district or county office shall provide an adjusted full-time equivalent number of pupils who actually participated in the statewide pilot program for each fiscal year to the Superintendent of Public Instruction by no later than September 30 following each fiscal year or calendar year of the pilot project. The adjusted full-time equivalent number of pupils shall be used to compute an appropriate reduction in the preceding fiscal year's annualized pilot program apportionment authorized under paragraph (1) before the adjustments, if any, as specified in paragraph (7) are performed.

(5) If a nonpublic school program is resumed for a pupil due to an unsuccessful transition to a mainstream education program, the district or county office may resume the reporting of nonpublic school costs under Sections 56740 and 56775 if the Superintendent of Public Instruction has been notified as specified in paragraph (4).

(6) For a pilot program operated pursuant to subdivision (a), the apportionment authorized under this section shall include the costs of one certificated person who shall serve as a mainstream education liaison. The workload of a mainstream education liaison shall not exceed a full-time equivalent per pupil caseload of 20.

(7) The apportionment authorized under paragraph (1) shall be used solely for purposes of providing special education programs. Any excess apportionment remaining from the costs of operating pilot programs pursuant to this section shall be adjusted from the subsequent year's apportionment which the district or county office of education may be eligible to receive. The amount of excess pilot program apportionment shall be reported to the Superintendent of Public Instruction by not later than October 30 following each fiscal year or calendar year of the pilot project.

(f) Notwithstanding any other provision of law, pilot project pupils shall not be included in the calculation of the number of instructional personnel services units to which a school district or county office is entitled, in the calculation of pupil service ratio as provided in Section 56760, or in the enrollment used to compute extended year entitlements pursuant to Section 56726.

(g) This section shall not be construed to authorize any increase in state apportionments for special education to which a participating school district or county office of education is entitled under this chapter.

(h) (1) For a pilot program operated pursuant to subdivision (a), the Superintendent of Public Instruction shall evaluate the pilot program or programs operated under this section pursuant to criteria developed in consultation with the participating school

districts or county offices of education and a statewide representative of contracted nonpublic, nonsectarian schools. The evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or county office accomplished each of the following objectives:

(A) Provided pupils who were formerly placed in nonpublic, nonsectarian schools with an appropriate and effective mainstreaming education program which is consistent with each pupil's needs as specified in his or her individualized education program and located in a less restrictive environment in a public school.

(B) Served those pupils in age-appropriate, less restrictive environments, including interaction or receiving instruction with their nondisabled peers.

(2) The Superintendent of Public Instruction shall evaluate the pilot programs operated pursuant to subdivision (b) pursuant to criteria developed in consultation with the participating school districts or county office of education and a statewide representative of contracted nonpublic, nonsectarian schools. The evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or the county office accomplished each of the following objectives:

(A) The objectives listed in paragraph (1).

(B) Provided pupils who were identified as being imminently at risk of nonpublic school placement with an appropriate and effective mainstreaming education program that is consistent with each pupil's needs, as specified in his or her individualized education program.

which they were at risk of being placed, including the public program costs for instruction, designated instruction and services, direct support services, indirect support services, and the costs of services provided by local public agencies under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the programs specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 2558.6 of the Education Code is repealed.

SEC. 1.2. Section 5020 of the Education Code is amended to read:

5020. (a) The resolution of the county committee approving a proposal to establish or abolish trustee areas or to increase or decrease the number of members of the governing board shall constitute an order of election, and the proposal shall be presented to the electors of the district not later than the next succeeding election for members of the governing board.

(b) If a petition requesting an election on a proposal to rearrange trustee area boundaries is filed, containing at least 5 percent of the signatures of the district's registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

(c) If a petition requesting an election on a proposal to establish or abolish trustee areas, to increase or decrease the number of members of the board, or to adopt one of the alternative methods of electing governing board members specified in Section 5030 is filed, containing at least 10 percent of the signatures of the district's registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot. Before the proposal is presented to the electors, the county committee on school district organization may call and conduct one or more public hearings on the proposal.

(d) For each proposal there shall be a separate proposition on the ballot. The ballot shall contain the following words:

"For the establishment (or abolition or rearrangement) of trustee areas in _____ (insert name) School District—Yes" and "For the establishment (or abolition or rearrangement) of trustee areas in _____ (insert name) School District—No."

"For increasing the number of members of the governing board of _____ (insert name) School District from five to seven—Yes" and "For increasing the number of members of the governing board of _____ (insert name) School District from five to seven—No."

"For decreasing the number of members of the governing board

of _____ (insert name) School District from seven to five—Yes" and "For decreasing the number of members of the governing board of _____ (insert name) School District from seven to five—No."

"For the election of each member of the governing board of the _____ (insert name) School District by the registered voters of the entire _____ (insert name) School District—Yes" and "For the election of each member of the governing board of the _____ (insert name) School District by the registered voters of the entire _____ (insert name) School District—No."

"For the election of one member of the governing board of the _____ (insert name) School District residing in each trustee area elected by the registered voters in that trustee area—Yes" and "For the election of one member of the governing board of the _____ (insert name) School District residing in each trustee area elected by the registered voters in that trustee area—No."

"For the election of one member, or more than one member for one or more trustee areas, of the governing board of the _____ (insert name) School District residing in each trustee area elected by the registered voters of the entire _____ (insert name) School District—Yes" and "For the election of one member, or more than one member for one or more trustee areas, of the governing board of the _____ (insert name) School District residing in each trustee area elected by the registered voters of the entire _____ (insert name) School District—No."

If more than one proposal appears on the ballot, all must carry in order for any to become effective, except that a proposal to adopt one of the methods of election of board members specified in Section 5030 which is approved by the voters shall become effective unless a proposal which is inconsistent with that proposal has been approved by a greater number of voters. An inconsistent proposal approved by a lesser number of voters than the number which have approved a proposal to adopt one of the methods of election of board members specified in Section 5030 shall not be effective.

SEC. 1.3. Section 8261 of the Education Code, as amended by Section 1 of Chapter 60 of the Statutes of 1993, is amended to read:

8261. (a) The Superintendent of Public Instruction shall adopt rules and regulations pursuant to this chapter. The rules and regulations shall include, but not be limited to, provisions which do all of the following:

(1) Provide clear guidelines for the selection of agencies when child development contracts are let, including, but not limited to, specification that any agency headquartered in the proposed service area on January 1, 1985, will be given priority for a new contract in that area, unless the State Department of Education makes a written determination that (A) the agency is not able to deliver the level of services specified in the request for proposal, or (B) the department has notified the agency that it is not in compliance with the terms of its contract.

(2) Provide for a contract monitoring system to ensure that

agencies expend funds received pursuant to this chapter in accordance with the provisions of their contracts.

(3) Specify adequate standards of agency performance.

(4) Establish reporting requirements for service reports, including provisions for varying the frequency with which these reports are to be submitted on the basis of agency performance.

(5) Specify standards for withholding payments to agencies that fail to submit required fiscal reports.

(6) Set forth standards for state department site visits to contracting agencies, including, but not limited to, specification as to the purpose of the visits, the personnel that will perform these visits, and the frequency of these visits which shall be as frequently as staff and budget resources permit. On an annual basis, beginning September 1985, the department shall report to the Senate Education, Senate Health and Human Services, Assembly Education, and Assembly Human Services Committees on the number of visits conducted during the previous fiscal year pursuant to this paragraph.

(b) The superintendent shall consult with the State Department of Social Services with respect to rules and regulations adopted relative to the disbursal of federal funds under Title XX of the federal Social Security Act.

(c) For purposes of expediting the implementation of state or federal legislation to expand child care services, the superintendent may waive (1) the regulations regarding the point qualifications for, and the process and scoring of, interviews of contract applicants pursuant to Section 18002 of Title 5 of the California Code of Regulations, or (2) the time limitations for scheduling and notification of appeal hearings and their results pursuant to Section 18003 of Title 5 of the California Code of Regulations. The superintendent shall ensure that the appeal hearings provided for in Section 18003 of Title 5 of the California Code of Regulations are conducted in a timely manner.

(d) Child care and development programs operated under contract from funds made available pursuant to the federal Child Care and Development Block Grant of 1990, established by the Omnibus Budget Reconciliation Act of 1990 (P.L. 101-508), shall be administered according to Division 19 (commencing with Section 17906) of Chapter 1 of Title 5 of the California Code of Regulations, unless provisions of these regulations conflict with federal regulations. If state and federal regulations conflict, the federal regulations shall apply unless a waiver of federal regulations is authorized.

SEC. 1.5. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family shall be (A) a current aid recipient, (B) income

eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family shall need the child care service because the child is identified by a legal, medical, social service agency, or emergency shelter as being (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the superintendent, shall be admitted first. When two or more families are in the same priority in relation to income, the family which has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for and may grant specific waivers of the priorities established in this subdivision for agencies that wish to serve specific populations, including handicapped children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(4) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services if the contractor is able to transfer the family's enrollment to another program for which the

family continues to be eligible prior to the date of termination of services. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(c) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(d) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(e) The superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter. No fees shall be assessed for families whose children are enrolled in the state preschool program.

(f) The superintendent shall establish guidelines for the collection of employer sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(g) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(h) No public funds shall be paid directly or indirectly to any agency which does not pay at least the minimum wage to each of its employees.

SEC. 1.6. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for

federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family shall be (A) a current aid recipient, (B) income eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family shall need the child care service because the child is identified by a legal, medical, social service agency, or emergency shelter as being (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the superintendent, shall be admitted first. When two or more families are in the same priority in relation to income, the family that has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for and may grant specific waivers of the priorities established in this subdivision for agencies that wish to serve specific populations, including handicapped children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(4) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer

meets the program income, eligibility, or need criteria may continue to receive child development services if the contractor is able to transfer the family's enrollment to another program for which the family continues to be eligible prior to the date of termination of services. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(c) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(d) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(e) The superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter, which shall include, but not be limited to, the following restrictions:

(1) No fees shall be assessed for families whose children are enrolled in the state preschool program.

(2) No contractor or provider shall require, in cash or in kind, additional payments from the recipients of service. The prohibition includes activities or services that would increase the family's cost of participation, including meals and recreation. However, a contractor or provider may require parents to provide diapers, and may charge parents for field trips under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year

does not exceed twenty-five dollars ($25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. No adverse action shall be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section, shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(f) The superintendent shall establish guidelines for the collection of employer sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(g) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(h) No public funds shall be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its employees.

SEC. 1.7. Section 8323 of the Education Code is amended and renumbered to read:

79121. (a) Notwithstanding any other provision of law, a child under two years of age whose parent is a student, or whose parents are students, may attend child development centers consistent with the priorities established pursuant to law.

(b) Children of students attending school at a particular campus shall have first priority for attendance at a child development center at that campus.

(c) Student families, as defined in Section 8250.1, whose gross monthly income falls within the fee schedule established pursuant to Section 8249, shall pay fees according to the fee schedule.

(d) Highest priority shall be given to student families with the greatest income deficit, and lowest priority to student families with the greatest income.

(e) For the purposes of assigning eligibility priority, applicant student families shall be grouped according to the amount of their income in one-hundred-dollar ($100) monthly increments. All student families within a particular income range shall be treated as if their incomes were the same, and priority for eligibility within each particular income range shall be assigned on the following basis:

(1) Single-parent student families.

(2) Two-parent families, where both parents are students or where one parent is a student and the other is working.

(f) Student families who are recipients of public assistance shall be subject to the same assignment of priority as other student families whose incomes fall in the same income range.

SEC. 1.9. Section 8350 of the Education Code is amended to read:

8350. (a) Upon the approval of the Superintendent of Public Instruction, the State Department of Social Services, as the designated state agency, shall enter into an interagency agreement with the State Department of Education under which the State Department of Education shall administer this article as established pursuant to the federal child care provisions, set forth in Section 5081 of Chapter 6 of Title V of the Omnibus Budget Reconciliation Act of 1990 (Public Law 101-508).

(b) Subject to the approval of the designated state agency, the State Department of Education shall adopt rules and regulations necessary for the administration of this article. Until these rules and regulations are adopted, child care and development contractors who operate with funds made available through the At Risk Child Care Program pursuant to this article shall adhere to Division 19 (commencing with Section 17906) of Chapter 1 of Title 5 of the California Code of Regulations, unless provisions of these regulations are inconsistent with federal child care provisions set forth in Section 5081 of Chapter 6 of Title V of the Omnibus Budget Reconciliation Act of 1990 or with other provisions of this article.

SEC. 2. Section 17717.7 of the Education Code is amended to read:

17717.7. (a) Notwithstanding any other provision of this chapter, priority for the approval of project funding for new construction under this chapter, shall be as follows:

(1) First priority for construction funds shall be given to school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would be constructed to operate on a multitrack year-round basis.

(2) Second priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(3) Third priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project to operate on a multitrack year-round basis.

(4) Fourth priority shall be for school districts without a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would be constructed to operate on a multitrack year-round basis.

(5) Fifth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for 50 percent of the cost of a project that would not operate on a multitrack year-round basis.

(6) Sixth priority shall be for school districts with a substantial enrollment in multitrack year-round schools requesting state funding for the entire cost of a project that would not operate on a multitrack year-round basis.

(b) The board shall not restrict the availability of funding for construction of multitrack year-round schools, from any funding source available to the State School Building Lease-Purchase Fund, but shall make approval of project funding for those projects the first priority in accordance with this section.

(c) "Substantial enrollment," for the purposes of this section, means enrollment of at least 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and grades 1 to 12, inclusive, in the high school attendance area for which the school district is applying for new facilities. The calculation set forth in this subdivision, as to a self-certifying district, shall be made by the district, in accordance with any standards governing that calculation that are adopted by the board. The calculation shall be certified by the district to the board and used by the board for the purposes of this section. The self-certifying district shall maintain documentation of the calculation as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct. If a self-certifying district is found by the board to have materially misrepresented its pupil enrollment pursuant to this subdivision, the board may impose either or both of the penalties set forth in paragraphs (1) and (2) of subdivision (b) of Section 17741.2, in accordance with that section.

(d) "Multitrack year-round school," for purposes of this section, means a school for which the applicant district demonstrates that both of the following criteria are satisfied:

(1) The pupils are divided into three or more groups or tracks, which rotate attendance so that, for a majority of schooldays during the school year, at least one group or track is not attending the school while all other groups or tracks are in attendance.

(2) The operation of the school on a multitrack year-round basis has resulted in an increase in enrollment capacity.

(e) Notwithstanding any other provision of this section, the State Allocation Board may continue to implement any year-round school priority provisions for hardships adopted prior to September 1, 1990.

SEC. 2.5. Section 33038 of the Education Code is repealed.

SEC. 3. Section 35184 is added to the Education Code, to read:

35184. (a) Notwithstanding any other provision of law, the governing board of a high school district may enter into a contract with the governing board of any of its feeder elementary school districts to provide instruction at the schools of the high school district to all or a portion of the pupils enrolled in the sixth grade at the contracting elementary school district.

(b) For the purpose of computing allowances and apportionments pursuant to Chapter 4 (commencing with Section

41600) and Article 2 (commencing with Section 42230) of Chapter 7 of Part 24, the contracting elementary school shall continue to report average daily attendance for those sixth grade pupils. Upon receipt of any funds allocated to the elementary school district based upon the average daily attendance reported for those sixth grade pupils, the contracting elementary school district shall transfer those moneys to the contracting high school district.

SEC. 4. Section 37700 of the Education Code is repealed.

SEC. 5. Section 37700 is added to the Education Code, to read:

37700. (a) Notwithstanding any other provision of law, the Pacific Unified School District and the Leggett Valley Unified School District may operate one or more schools in their respective districts on a four-day school week, so long as the district complies with the instructional time requirements specified in Section 37701 and the other requirements of this chapter.

(b) If a school district operates one or more schools on a four-day week pursuant to this section and the program for the school year provides less than the 180 days of instruction required under Section 46200, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year by the amount the school district would have received for the increase received pursuant to subdivision (a) of Section 46200, as adjusted in fiscal years subsequent to the 1984–85 fiscal year. If a school district operates one or more schools on a four-day school week pursuant to this section and the program provides less than the minimum instructional minutes required under Section 46201, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year in which the reduction occurs by the amount the school district would have received for the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

SEC. 5.3. Section 37705.5 of the Education Code is repealed.

SEC. 5.5. Section 39602 of the Education Code is amended to read:

39602. (a) The governing board of any school district, by resolution, may establish a fund or funds for losses, and payments, including, but not limited to, health and welfare benefits for its employees as defined by Section 53200 of the Government Code, school district property, any liability, and workers' compensation, in the county treasury for the purpose of covering the deductible amount under deductible types of insurance policies, losses or payments arising from self-insurance programs, or losses or payments due to noninsured perils. In the fund or funds shall be placed those sums, to be provided in the budget of the school district, that will create an amount that, together with investments made from the fund or funds, will be sufficient in the judgment of the governing board to protect the school district from those losses or to

provide for payments on the deductible amount under deductible types of insurance policies, losses or payments arising from self-insurance programs, or losses or payments due to noninsured perils. Nothing in this section shall be construed to prohibit the governing board from providing protection against those losses or liability for the payment of claims partly by means of the fund or funds and partly by means of insurance written by acceptable insurers as provided in Section 39601.

The fund or funds shall be considered as separate and apart from all other funds of the school district, and the balance therein shall not be considered to be part of the working cash of the school district in compiling annual budgets.

Warrants may be drawn on or transfers made from the fund or funds so created only to reimburse or indemnify the school district for losses as herein specified, and for the payment of claims, administrative costs, and related services, and to provide for deductible insurance amounts and purchase of excess insurance. The warrants or transfers shall be within the purpose of the fund or funds as established by resolution of the governing board.

The cash placed in the fund or funds may be invested and reinvested by the county treasurer, with the advice and consent of the governing board of the school district, in securities that are legal investments for surplus county funds in this state. The income derived from the investments, together with interest earned on uninvested funds, shall be considered revenue of, and be deposited in, the fund. The cost of contracts or services authorized by this section are appropriate charges against the respective fund.

The governing board may contract for investigative, administrative, and claims adjustment services relating to claims. The contract may provide that the contracting firm may reject, settle, compromise, and approve claims against the district, or its officers or employees, within the limits and for amounts that the governing board may specify, and may provide that the contracting firm may execute and issue checks in payment of those claims, which checks shall be payable only from a trust account that may be established by the governing board. Funds in the trust account established by the board pursuant to this section shall not exceed a sum that is sufficient, as determined by the governing board to provide for the settlement of claims for a 30-day period. The rejection or settlement and approval of a claim by the contracting firm in accordance with the terms of the contract shall have the same effect as would the rejection or settlement and approval of the claim by the governing board.

The contract may also provide that the contracting firm may employ legal counsel, subject to terms and limitations that the board may prescribe, to advise the contracting firm concerning the legality and advisability of rejecting, settling, compromising, and paying claims referred to the contracting firm by the board for investigation and adjustment, or to represent the board in litigation concerning

the claims. The compensation and expenses of the attorney for services rendered to the board shall be an appropriate charge against the appropriate fund.

The contract provided for in this section may contain other terms and conditions that the governing board may consider necessary or desirable to effectuate the board's self-insured programs.

In lieu of, or in addition to, contracting for the services described in this section, the governing board may authorize an employee or employees to perform any or all of the services and functions for which the board may contract under the provisions of this section.

(b) As used in this section:

(2) The pupil's present teacher. If the pupil does not presently have a teacher, this representative shall be the teacher with the most recent and complete knowledge of the pupil who has also observed the pupil's educational performance in an appropriate setting. If no teacher is available, this representative shall be a regular classroom teacher referring the pupil, or a special education teacher qualified to teach a pupil of his or her age.

(3) One or both of the pupil's parents, a representative selected by the parent, or both, pursuant to the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

(1) The individual with exceptional needs.

(2) Other individuals, at the discretion of the parent, district, special education local plan area, or county office who possess expertise or knowledge necessary for the development of the individualized education program.

56364. Special classes and centers that enroll pupils with similar and more intensive educational needs shall be available. The classes and centers shall enroll the pupils when the nature or severity of the disability precludes their participation in the regular school program for a majority of a schoolday. Special classes and centers and other removal of individuals with exceptional needs from the regular education environment shall occur only when education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily due to the nature or severity of the exceptional need.

In providing or arranging for the provision of activities, each public agency shall ensure that each individual with exceptional needs participates in those activities with nondisabled pupils to the

maximum extent appropriate to the needs of the individual with exceptional needs, including nonacademic and extracurricular services and activities. Special classes and centers shall meet standards adopted by the board.

In order to participate in the federal program, the state must find that participation will not result in any additional expenditures from the General Fund.

(d) The district, special education local plan area, or county office shall pay to the nonpublic, nonsectarian school or agency the full amount of the tuition for individuals with exceptional needs that are enrolled in programs provided by the nonpublic, nonsectarian school pursuant to the contract.

(e) Before contracting with a nonpublic, nonsectarian school outside of the State of California, every effort shall be made by the district, special education local plan area, or county office to utilize public schools, or to locate an appropriate nonpublic, nonsectarian school or agency program, or both, within the state. SEC. 16.1. Section 56365 of the Education Code is amended to read:

56365. (a) Nonpublic, nonsectarian school services, including services by nonpublic, nonsectarian agencies shall be available. These services shall be provided pursuant to Section 56366 under contract with the district, special education local plan area, or county office to provide the appropriate special educational facilities, special education, or designated instruction and services required by the individual with exceptional needs when no appropriate public education program is available.

(b) Pupils enrolled in nonpublic, nonsectarian schools and agencies under this section shall be deemed to be enrolled in public schools for all purposes of Chapter 4 (commencing with Section 41600) of Part 24 and Section 42238. The district, special education local plan area, or county office shall be eligible to receive allowances under Chapter 7 (commencing with Section 56700) for services that are provided to individuals with exceptional needs pursuant to the contract.

(c) If the state participates in the federal program of assistance for state operated or state supported programs for children with disabilities (P.L. 89-313, Sec. 6), pupils enrolled in nonpublic, nonsectarian schools shall be deemed to be enrolled in state supported institutions for all purposes of that program and shall be eligible to receive allowances under Chapter 7 (commencing with Section 56700) for supplemental services provided to individuals with exceptional needs pursuant to a contract with a district, special education local plan area, or county office of education. In order to participate in the federal program, the state must find that participation will not result in any additional expenditures from the General Fund.

(e) Before contracting with a nonpublic, nonsectarian school or agency outside of this state, efforts shall be documented by the district, special education local plan area, or county office to utilize public schools, or to locate an appropriate nonpublic, nonsectarian school or agency program, or both, within the state. If an appropriate public school program or nonpublic, nonsectarian school or agency placement is not available, the district, special education local plan area, or county office shall submit a waiver request pursuant to Section 56101. The waiver request shall include information about the special education and related services provided by the

out-of-state program placement and the costs of the special education and related services provided as specified in subdivisions (a) and (b) of Section 56741 and shall indicate the efforts of the local educational agency to locate an appropriate public school or nonpublic, nonsectarian school or agency, or a combination thereof, within the state. The board shall approve or deny the waiver upon receipt of the waiver request from the local education agency at the next scheduled meeting of the board.

(f) All waivers shall be resubmitted to the board no later than March 30 each year for reapproval of the pupil's out-of-state placement for the following fiscal year. In addition to the information required as part of the initial waiver request, the district, special education local plan area, or county office shall indicate the anticipated date for the return of the pupil to a public or nonpublic, nonsectarian school or agency placement, or a combination thereof, located in the state and shall document efforts during the previous placement year to return the pupil.

(g) In addition to meeting the requirements of Section 56366.1, a nonpublic, nonsectarian school or agency that operates a program outside of this state shall be certified or licensed by that state to provide, respectively, special education and related services to pupils under the Individuals with Disabilities Education Act (20 U.S.C. SEC. 16.3. Section 56366 of the Education Code is amended to read:

56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or nonpublic, nonsectarian agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, and county offices, and parents.

(a) The contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) The contract shall include an individual services agreement for each pupil placed by a district, special education local plan area, or county office that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education

and designated instruction and services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(3) The contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract.

(5) Related services provided pursuant to a nonpublic, nonsectarian agency contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(b) The contract or individual services agreement shall not include special education transportation provided through the use of equipment owned or leased by a district, special education local plan area, or county office for pupils enrolled in nonpublic, nonsectarian schools or agencies.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan

involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) No contract for special education and related services provided by nonpublic, nonsectarian schools or nonpublic, nonsectarian agencies shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part for a period no longer than five years from the date of the approval. The procedures, methods, and areas of certification shall be established by rules and regulations issued by the board that shall include, but not be limited to, procedures for conducting onsite reviews of the nonpublic, nonsectarian school or agency program. It also shall include provisions specific to the provision of special education and related services to individuals with exceptional needs from birth to preschool. The school or agency shall be charged a reasonable sum for this certification. In addition to those standards adopted by the board, the school or agency shall meet all applicable standards relating to fire, health, sanitation, and building safety.

(e) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who possess, or are receiving training under the supervision of staff who possess, a current valid California credential or license in the service rendered shall be eligible to receive certification. Nothing in this subdivision restricts student teachers, interns, or other staff who are enrolled in training programs that lead to a license or credential that authorize the holder to render services to special education pupils.

SEC. 16.35. Section 56366 of the Education Code is amended to read:

56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, county offices, and parents.

(a) The contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's

individualized education program on forms provided by the superintendent in January of each year for the following fiscal year. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) The contract shall include an individual services agreement on forms provided by the superintendent in January of each year for the following fiscal year for each pupil placed by a district, special education local plan area, or county office that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(3) The contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract.

(5) Related services provided pursuant to a nonpublic, nonsectarian agency contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(6) The nonpublic, nonsectarian school or agency shall report attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting district, special

education local plan area, or county office on forms developed by the superintendent.

(b) The contract or individual services agreement shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by a district, special education local plan area, or county office for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a school district or county office for costs related to the provision of nonpublic, nonsectarian school or agency placements if the superintendent finds that the local education agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) (1) No contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part. The procedures, methods, and areas of certification shall be established by rules and regulations issued by the board that shall include, but not be limited to, procedures for conducting onsite reviews of the nonpublic, nonsectarian school or agency program and include

provisions specific to the provision of special education and related services to individuals with exceptional needs from birth to preschool. In addition to those standards adopted by the board, the school or agency shall meet all applicable standards relating to fire, health, sanitation, and building safety.

(e) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

(A) 1–5 pupils — $150.

(B) 6–10 pupils — $250.

(C) 11–24 pupils — $500.

(D) 25–75 pupils — $750.

(E) 76 pupils and over — $1,000.

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(f) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold, or are receiving training under the supervision of staff who hold, a current valid California credential or license in the service rendered shall be eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) Nothing in this subdivision restricts student teachers, interns, or other staff who are enrolled in training programs that lead to a license or credential that authorize the holder to render services to special education pupils and who are under the direct supervision of a staff member who holds a current valid California credential, license, or certificate of registration document.

(3) A nonpublic, nonsectarian school or agency that employs only persons who hold a valid California credential authorizing substitute teaching pursuant to Section 56060 shall not be certified. At least one full-time person with a current valid California credential, license, or certificate of registration in the area of service to be rendered, or a current valid credential, license, or certificate or registration for appropriate special education and related services rendered that is required in another state, shall be required for purposes of certification under subdivision (d).

(4) A nonpublic, nonsectarian school or agency that employs persons holding a valid emergency credential shall document efforts of recruiting appropriately credentialed, licensed, or registered personnel for the special education and related services rendered as a condition of renewing certification.

SEC. 21. Section 56728.7 of the Education Code is amended to read:

56728.7. (a) The Superintendent of Public Instruction may conduct a pilot program for the 1992–93, 1993–94, and 1994–95 fiscal years to enable and encourage school districts and county offices of education, either individually or through special education local plan areas, to establish programs in public schools for individuals with exceptional needs who are currently placed in nonpublic, nonsectarian schools and to develop plans for the return of these pupils to an appropriate public school program, with a view to determining whether these new programs can provide an effective mainstreaming education program in a less restrictive environment that is appropriate to each pupil's needs for services as specified in his or her written individualized education program. Services provided pursuant to this section to each pupil by a written individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded

individualized education program team. The superintendent shall select, for this purpose, no more than 10 school districts or county offices of education that are willing to participate in the pilot project, through an application process to be developed by the superintendent during the 1991–92 fiscal year in accordance with subdivision (b). A maximum of 200 pupils shall participate in the statewide pilot program at any given time. Of the 200 pupils, not more than 50 pupils shall be from any one school district, and no more than 15 pupils from any one school district shall be funded pursuant to Article 8.5 (commencing with Section 56775).

(b) The superintendent shall ensure that the local application describes the program and fiscal resources that it shall use in implementing the pilot program, including, but not limited to, the establishment of the Local Pilot Program Advisory Committee and its implementing policies for the pilot program. The superintendent shall make every effort to ensure that the racial, ethnic, and socioeconomic composition of the Local Pilot Program Advisory Committee reflects the current racial, ethnic, and socioeconomic composition of the exceptional pupil population in the school districts in which the pilot programs are established.

In its preparation of the application for participation in the pilot program, the local education agency shall consult with the special education local plan area in which it is a member and describe the impact the pilot program would have on other programs and resources available within the special education local plan area.

In addition, the superintendent shall ensure that there is a sampling of multiple sizes of school districts and county offices of education, including special education local plan areas whose special education plan serves an average daily attendance of 30,000 or more. The sampling shall also include all of the following:

(1) Local education agencies in urban and rural settings.

(2) Local education agencies serving large populations of individuals with exceptional needs from low-income and ethnic and linguistic minority families.

(3) Local education agencies impacted by a large number of individuals with exceptional needs who are served by nonpublic, nonsectarian schools and agencies.

(4) Local education agencies impacted by a large number of individuals with exceptional needs who reside in a foster family home, licensed children's institution, hospital, or other similar medical facility and who are served by nonpublic, nonsectarian schools or agencies.

(c) Consistent with Section 56366 and other provisions of law, it is the intent of the Legislature that programs developed pursuant to this section shall ensure the participation of, and coordination with, local contracted nonpublic, nonsectarian schools through the establishment of a Local Pilot Program Advisory Committee in order to develop, monitor, and evaluate policies to ensure that pupils' placements are changed when adequate progress is made and

readiness for placement in a less restrictive environment located in a public school is achieved.

(1) The Local Pilot Program Advisory Committee shall be comprised of representatives of local public and contracted nonpublic school programs, parents, and other local public agencies providing services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. Representatives of each Local Pilot Program Advisory Committee shall include two representatives of local contracted nonpublic schools designated by the California Association of Private Specialized Education and Services without regard to membership, one of whom shall be a representative of a licensed children's institution when it is determined that pupils in a licensed children's institution in a nonpublic school program placement may be considered for placement in a mainstreaming educational program, a representative of the special education local plan area administrative unit, a teacher representative of a local public school participating in the pilot, a parent representative of the local community advisory committee, pursuant to the Individuals with Disabilities Act (20 U.S.C. Sec. 1400 et seq.), a representative of a parent advocate, a representative of the local mental health advisory board, and a representative of each local public agency providing services to exceptional pupils within the special education local plan area under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

(2) Notwithstanding any other provision of law, the Local Pilot Program Advisory Committee shall advise on the development, monitoring, and evaluation of policies and procedures that are necessary to implement the pilot program. The advisement shall include, but not necessarily be limited to, the following subjects:

(A) Pupil behaviors.

(B) Pupil achievement and classroom performance reports.

(C) Curriculum and class size.

(D) Adequate support services.

(E) Personnel qualifications.

(3) The Local Pilot Program Advisory Committee shall also advise on development procedures and criteria for evaluating the effectiveness of the pilot program pursuant to paragraph (1) of subdivision (e) and shall annually submit a written evaluation of the pilot program to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall evaluate selected pilot programs, based on the report of each advisory committee of how goals for an effective mainstream education program have been met in accordance with pupils' written individualized education program.

(d) (1) Notwithstanding any other provision of law, in the 1992–93, 1993–94, and 1994–95 fiscal years, the Superintendent of Public Instruction shall apportion to each of the school districts or county offices of education selected pursuant to subdivision (a), in

addition to any funds to which that district or county office is entitled under this chapter, an apportionment for each pupil who is placed by that district or county office in a public school program pursuant to this section, that is equal to the average amount apportioned to the special education local plan area in which that district or county office is located for pupils under Sections 56740 and 56775 in the 1991–92 fiscal year, excluding the costs of room and board as identified by Section 56741. The costs resulting to that district or county office from the placement of any pupil in a public program operated by the district or county office pursuant to this section, including any residual nonpublic school costs for pupils transitioning into the public program, shall be funded from this apportionment. No school district or county office of education shall be entitled to receive any funding under Section 56740 or 56775 in any fiscal year based on the enrollment of any pupil for which that district or county office receives funding in that fiscal year under this subdivision.

(2) The apportionment authorized under paragraph (1) may only be provided for pupils who were enrolled in a nonpublic, nonsectarian school in the 1991–92 fiscal year. Each pupil's placement shall be changed, in accordance with this part, to a public school special education program as described under this section no later than June 30, 1994.

(3) A school district or county office of education is not entitled to receive both a nonpublic school entitlement under Section 56740 or 56775, and a pilot program apportionment as authorized by paragraph (1) in any fiscal year for pupils' participation in the statewide pilot project.

(4) If a participating pupil leaves the pilot program due to age or achievement, a change of district of residence, or if it is subsequently determined by an individual education program team that a pupil's programmatic needs cannot be successfully met in the mainstream education program, another pupil may replace that pupil if the new pupil meets the conditions for participation specified in paragraph (2). If a pupil leaves the pilot program during any fiscal year for any of the above reasons, and the pupil cannot be replaced by another pupil who meets the conditions specified in paragraph (2), the school district or county office shall provide an adjusted full-time equivalent number of pupils who actually participated in the statewide pilot program for each fiscal year to the Superintendent of Public Instruction by no later than September 30 following each fiscal year of the pilot project. The adjusted full-time equivalent number of pupils shall be used to compute an appropriate reduction in the preceding fiscal year's annualized pilot program apportionment authorized under paragraph (1) before the adjustments, if any, as specified in paragraph (7) are performed.

(5) If a nonpublic school program is resumed for a pupil due to an unsuccessful transition to a mainstream education program, the district or county office may resume the reporting of nonpublic school costs under Sections 56740 and 56775 if the Superintendent of

Public Instruction has been notified as specified in paragraph (4).

(6) The apportionment authorized under this section shall include the costs of one certificated person who shall serve as a mainstream education liaison. The workload of a mainstream education liaison shall not exceed a full-time equivalent per pupil caseload of 20.

(7) The apportionment authorized under paragraph (1) shall be used solely for purposes of providing special education programs. Any excess apportionment remaining from the costs of operating pilot programs pursuant to this section shall be adjusted from the subsequent year's apportionment which the district or county office of education may be eligible to receive. The amount of excess pilot program apportionment shall be reported to the Superintendent of Public Instruction by not later than September 30 following each fiscal year of the pilot project.

(e) Notwithstanding any other provision of law, pilot project pupils shall not be included in the calculation of the number of instructional personnel services units to which a school district or county office is entitled, in the calculation of pupil service ratio as provided in Section 56760, or in the enrollment used to compute extended year entitlements pursuant to Section 56726.

(f) This section shall not be construed to authorize any increase in state apportionments for special education to which a participating school district or county office of education is entitled under this chapter.

(g) (1) The Superintendent of Public Instruction shall evaluate the pilot program or programs operated under this section pursuant to criteria developed in consultation with the participating school districts or county offices of education and a statewide representative of contracted nonpublic, nonsectarian schools. The evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or county office accomplished each of the following objectives:

(A) Provided pupils who were formerly placed in nonpublic, nonsectarian schools with an appropriate and effective mainstreaming education program which is consistent with the pupils' needs as specified in their individualized education program and located in a less restrictive environment in a public school.

(B) Served those pupils in age-appropriate, less restrictive environments, including interaction or receiving instruction with their nondisabled peers.

(C) Provided programs and services located in a public school to those pupils at a public cost no greater than that incurred in the nonpublic, nonsectarian school setting, including the public program costs for instruction, designated instruction and services, direct support services, indirect support services, and the costs of services provided by local public agencies under Chapter 26.5 (commencing

with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs shall be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

(2) The superintendent shall report the results of the evaluation to the Legislature no later than January 1, 1996.

(h) This section shall remain in effect only until September 1, 1996, and as of that date is repealed.

SEC. 21.1. Section 56728.7 of the Education Code is amended to read:

56728.7. (a) The Superintendent of Public Instruction may conduct a pilot program for the 1992–93, 1993–94, and 1994–95 fiscal years to enable and encourage school districts and county offices of education, either individually or through special education local plan areas, to establish programs in public schools for individuals with exceptional needs who are currently placed in nonpublic, nonsectarian schools and to develop plans for the return of these pupils to an appropriate public school program, with a view of determining whether these new programs can provide an effective mainstreaming education program in a less restrictive environment that is appropriate to each pupil's needs for services as specified in his or her written individualized education program. Services provided pursuant to this section to each pupil by an individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team. The superintendent shall select, for this purpose, no more than 11 school districts or county offices of education that are willing to participate in the pilot project, through an application process to be developed by the superintendent during the 1991–92 fiscal year in accordance with subdivision (c). A maximum of 220 pupils shall participate in the statewide pilot program at any given time. Of the 220 pupils, not more than 50 pupils shall be from any one school district, and no more than 15 pupils from any one school district shall be funded pursuant to Article 8.5 (commencing with Section 56775).

(b) In addition, the Superintendent of Public Instruction shall conduct a pilot program in San Mateo County and in the Contra Costa County special education local plan area for the 1994, 1995, and 1996 calendar years to encourage and enable the San Mateo County Office of Education and the Contra Costa County special education local plan area to identify pupils who currently are placed into a nonpublic school program by San Mateo County school districts or Contra Costa County school districts, respectively, but are able to be returned to an appropriate public school program, and to identify seriously emotionally disturbed pupils who currently are in a public

school program who are imminently at risk of placement in a nonpublic school program or another more restrictive setting. The purpose of each pilot program is to establish new public school programs that maintain an effective mainstreaming education program that is appropriate to each pupil's needs for the services specified in a pupil's individualized education program, and thereby avoid placing those pupils in a nonpublic school setting.

Services provided to a pupil pursuant to this section according to the pupils' individualized education program, including, but not limited to, psychotherapy, mental health, residential, or other services provided under the provisions of Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, shall be continued unless otherwise agreed to by a review of the pupil's expanded individualized education program team.

(c) The superintendent shall ensure that the local application to participate in a pilot program pursuant to subdivision (a) describes the program and fiscal resources that it will use in implementing the pilot program, including, but not limited to, the establishment of the Local Pilot Program Advisory Committee and its implementing policies for the pilot program. The superintendent shall make every effort to ensure that the racial, ethnic, and socioeconomic composition of the Local Pilot Program Advisory Committee reflects the current racial, ethnic, and socioeconomic composition of the exceptional pupil population in the school districts in which the pilot programs are established.

In its preparation of the application for participation in the pilot program, the local education agency shall consult with the special education local plan area in which it is a member and describe the impact the pilot program would have on other programs and resources available within the special education local plan area.

In addition, the superintendent shall ensure that there is a sampling of multiple sizes of school districts and county offices of education, including special education local plan areas whose special education plan serves an average daily attendance of 30,000 or more. The sampling shall also include all of the following:

(1) Local education agencies in urban and rural settings.

(2) Local education agencies serving large populations of individuals with exceptional needs from low-income and ethnic and linguistic minority families.

(3) Local education agencies impacted by a large number of individuals with exceptional needs who are served by nonpublic, nonsectarian schools and agencies.

(4) Local education agencies impacted by a large number of individuals with exceptional needs who reside in a foster family home, licensed children's institution, hospital, or other similar medical facility and who are served by nonpublic, nonsectarian schools or agencies.

(d) Consistent with Section 56366 and other provisions of law, it

is the intent of the Legislature that programs developed pursuant to this section shall ensure the participation of, and coordination with, local contracted nonpublic, nonsectarian schools through the establishment of a Local Pilot Program Advisory Committee in order to develop, monitor, and evaluate policies to ensure that pupils' placements are changed when adequate progress is made and readiness for placement in a less restrictive environment located in a public school is achieved.

(1) The Local Pilot Program Advisory Committee shall be comprised of representatives of local public and contracted nonpublic school programs, parents, and other local public agencies providing services pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. Representatives of each Local Pilot Program Advisory Committee shall include two representatives of local contracted nonpublic schools designated by the California Association of Private Specialized Education and Services without regard to membership, one of whom shall be a representative of a licensed children's institution when it is determined that pupils in a licensed children's institution in a nonpublic school program placement may be considered for placement in a mainstreaming educational program, a representative of the special education local plan area administrative unit, a teacher representative of a local public school participating in the pilot, a parent representative of the local community advisory committee, pursuant to the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), a representative of a parent advocate, a representative of the local mental health advisory board, and a representative of each local public agency providing services to exceptional pupils within the special education local plan area under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.

(2) Notwithstanding any other provision of law, the Local Pilot Program Advisory Committee shall advise on the development, monitoring, and evaluation of policies and procedures that are necessary to implement the pilot program. The advisement shall include, but not necessarily be limited to, the following subjects:

(A) Pupil behaviors.

(B) Pupil achievement and classroom performance reports.

(C) Curriculum and class size.

(D) Adequate support services.

(E) Personnel qualifications.

(3) The Local Pilot Program Advisory Committee shall also advise on development procedures and criteria for evaluating the effectiveness of the pilot program pursuant to paragraph (1) of subdivision (h) and shall annually submit a written evaluation of the pilot program to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall evaluate selected pilot programs, based on the report of each advisory committee of how goals for an effective mainstream education program have been met

in accordance with pupils' individualized education programs.

(e) (1) Notwithstanding any other provision of law, in the 1992–93, 1993–94, and 1994–95 fiscal years for pilot programs operated pursuant to subdivision (a) and in the 1994, 1995, and 1996 calendar years for the pilot programs operated pursuant to subdivision (b), the Superintendent of Public Instruction shall apportion to each of the school districts or county offices of education selected pursuant to subdivision (a), and to the San Mateo County Office of Education and the Contra Costa County special education local plan area in addition to any funds to which that district or county office is entitled under this chapter, an apportionment for each pupil who is returned by that district or county office from a nonpublic school program pursuant to this section. The apportionment shall be equal to the average amount apportioned to the special education local plan area in which that district or county office is located for pupils under Sections 56740 and 56775 in the 1991–92 fiscal year for pilot programs operated pursuant to subdivision (a), and the average amount apportioned to the San Mateo County special education local plan area and the Contra Costa County special education local plan area, respectively, under those sections in the 1992–93 fiscal year for the pilot programs operated pursuant to subdivision (a), excluding the costs of room and board as identified by Section 56741. The costs resulting to that district or county office from the placement of any pupil in a public program operated by the district or county office pursuant to this section, including any residual nonpublic school costs for pupils transitioning into the public program, shall be funded from this apportionment. No school district or county office of education shall be entitled to receive any funding under Section 56740 or 56775 in any fiscal year based on the enrollment of any pupil for which that district or county office receives funding in that fiscal year under this subdivision.

(2) The apportionment authorized under paragraph (1) may only be provided for pupils who were enrolled in a nonpublic, nonsectarian school in the fiscal year prior to the new year in which the pupil is returned to public school placement. Each pupil's placement shall be changed, in accordance with this part, to a public school special education program as described under this section no later than June 30, 1994, for pupils in a pilot program operated pursuant to subdivision (a) and not later than December 30, 1995, for pupils in a pilot program operated pursuant to subdivision (b).

(3) A school district or county office of education is not entitled to receive both a nonpublic school entitlement under Section 56740 or 56775, and a pilot program apportionment as authorized by paragraph (1) in any fiscal year for pupils' participation in the statewide pilot project.

(4) If a participating pupil leaves the pilot program due to age or achievement, a change of district of residence, or if it is subsequently determined by an individualized education program team that a pupil's programmatic needs cannot be successfully met in the

mainstream education program, another pupil may replace that pupil if the new pupil qualifies under paragraph (2). If a pupil leaves the pilot program during any fiscal year for any of the above reasons, and the pupil cannot be replaced by another pupil who qualifies under paragraph (2), the school district or county office shall provide an adjusted full-time equivalent number of pupils who actually participated in the statewide pilot program for each fiscal year to the Superintendent of Public Instruction by no later than September 30 following each fiscal year of the pilot project. The adjusted full-time equivalent number of pupils shall be used to compute an appropriate reduction in the preceding fiscal year's annualized pilot program apportionment authorized under paragraph (1) before the adjustments, if any, as specified in paragraph (7) are performed.

(5) If a nonpublic school program is resumed for a pupil due to an unsuccessful transition to a mainstream education program, the district or county office may resume the reporting of nonpublic school costs under Sections 56740 and 56775 if the Superintendent of Public Instruction has been notified as specified in paragraph (4).

(6) For a pilot program operated pursuant to subdivision (a), the apportionment authorized under this section shall include the costs of one certificated person who shall serve as a mainstream education liaison. The workload of a mainstream education liaison shall not exceed a full-time equivalent per pupil caseload of 20.

(7) The apportionment authorized under paragraph (1) shall be used solely for purposes of providing special education programs. Any excess apportionment remaining from the costs of operating pilot programs pursuant to this section shall be adjusted from the subsequent year's apportionment which the district or county office of education may be eligible to receive. The amount of excess pilot program apportionment shall be reported to the Superintendent of Public Instruction by not later than October 30 following each fiscal year of the pilot project.

(f) Notwithstanding any other provision of law, pilot project pupils shall not be included in the calculation of the number of instructional personnel services units to which a school district or county office is entitled, in the calculation of pupil service ratio as provided in Section 56760, or in the enrollment used to compute extended year entitlements pursuant to Section 56726.

(g) This section shall not be construed to authorize any increase in state apportionments for special education to which a participating school district or county office of education is entitled under this chapter.

(h) (1) The Superintendent of Public Instruction shall evaluate the pilot program or programs operated under subdivision (a) pursuant to criteria developed in consultation with the participating school districts or county offices of education and a statewide representative of contracted nonpublic, nonsectarian schools. The evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot

Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or county office accomplished each of the following objectives:

(A) Provided pupils who were formerly placed in nonpublic, nonsectarian schools with an appropriate and effective mainstreaming education program which is consistent with each pupil's needs as specified in his or her individualized education program and located in a less restrictive environment in a public school.

(B) Served those pupils in age-appropriate, less restrictive environments, including interaction or receiving instruction with their nonhandicapped peers.

(C) Provided programs and services located in a public school to those pupils at a cost to the public that was no greater than that incurred in the nonpublic, nonsectarian school setting, including the public program costs for instruction, designated instruction and services, direct support services, indirect support services, and the costs of services provided by local public agencies under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

(2) The Superintendent of Public Instruction shall evaluate the pilot programs operated pursuant to subdivision (b) pursuant to criteria developed in consultation with the participating school districts or county office of education and a statewide representative of contracted nonpublic, nonsectarian schools. Each evaluation shall include, but not necessarily be limited to, descriptive information and supporting data provided by the Local Pilot Program Advisory Committee and others as appropriate in determining whether the program operated by each participating district or the county office accomplished each of the following objectives:

(A) The objectives listed in paragraph (1).

(B) Provided pupils who were identified as being imminently at risk of nonpublic school placement with an appropriate and effective mainstreaming education program that is consistent with each pupil's needs, as specified in his or her individualized education program.

(C) Enabled those pupils to attend and achieve in a public school setting.

(D) Provided programs and services located in a public school to those pupils at a cost to the public that was no greater than that incurred in the identified nonpublic, nonsectarian school setting into which they were at risk of being placed, including the public program costs for instruction, designated instruction and services, direct support services, indirect support services, and the costs of

services provided by local public agencies under Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code. It is the intent of the Legislature that the comparison of the costs for services provided by public and nonpublic school programs be based on uniform program cost accounting procedures prescribed by the Superintendent of Public Instruction pursuant to Section 56730.5.

(i) The superintendent shall report the results of the evaluation to the Legislature no later than January 1, 1997.

(j) This section shall remain in effect only until January 1, 1998, and as of that date is repealed.

SEC. 21.5. Section 56728.9 of the Education Code is amended to read:

56728.9. (a) Notwithstanding any other provision of this article, any special education local plan area that is a single district and that is severely impacted by pupils who reside in licensed children's institutions, as defined in Section 56155.5, shall be entitled to a support services amount calculated pursuant to Section 56734, except that the quotient computed pursuant to Section 56733 shall be multiplied by 150 percent for classes in which a majority of the pupils enrolled reside in licensed children's institutions, if the special education local plan area meets all of the requirements of this section.

(b) A special education local plan area is severely impacted, for purposes of this section, if all of the following requirements are satisfied:

(1) Pupils who reside in licensed children's institutions represent more than 15 percent of the special education enrollment of the special education local plan area.

(2) Special education enrollment of pupils who reside in licensed children's institutions has increased by more than 50 percent since 1985.

(3) The special education local plan area does not enroll more than 10 percent of its pupils who do not reside in licensed children's institutions in special education programs.

(c) Any special education local plan area that is severely impacted pursuant to subdivision (b) may make the calculation adjustments provided by subdivision (a) only for those classes in which a majority of the pupils enrolled during the 1989–90 school year resided in licensed children's institutions.

(d) The calculation provided by this section is a base year calculation, based on the enrollment in classes in the 1989–90 school year, creating a limit on funding adjustments provided by this section. Special education local plan areas shall not be required to maintain the 1989–90 level of eligible classes in order to be eligible for the calculation in future years. Special education local plan areas are encouraged to place pupils who reside in licensed children's institutions in the educational environment which best meets the pupil's needs in keeping with the least restrictive environment

requirements of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and the Master Plan for Special Education.

(e) The state shall not allocate any funds for the purposes of this section that are in excess of the amount expressly appropriated for the purposes of this section.

(f) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

(b) The superintendent shall develop a funding formula, in consultation with the Legislative Analyst and the Director of Finance, for the distribution of increased federal funds under Part B of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 and following), in an amount not to exceed three million dollars ($3,000,000), to augment instructional units for the special education programs in juvenile court schools, beginning in fiscal year 1993, to cover the required number of days of instruction. The funding formula augmentation shall be developed and operational by July 1, 1993. Any adjustment to the funding level for the purposes of this section shall be made through the Budget Act.

56740. (a) The superintendent shall apportion to each district and county office 70 percent of the cost of tuition in excess of the revenue limit and applicable federal funds for pupils enrolled in nonpublic, nonsectarian schools and agencies pursuant to Sections 56365 and 56366.

(b) The superintendent also may apportion to each nonpublic, nonsectarian school providing special education and designated instruction and services to individuals with exceptional needs an amount for pupils counted under the federal program of assistance for state operated or state supported programs for children with disabilities (P.L. 89-313, Sec. 6).

(c) The cost of contracts with nonpublic, nonsectarian schools and agencies that a district or county office of education reports under this section shall not include any of the following costs that a district, county office, or special education local plan area may incur:

(1) Administrative or indirect costs for the local education agency.

(2) Direct support costs for the local education agency.

(3) Transportation costs provided either directly, or through a nonpublic, nonsectarian school or agency contract for use of services or equipment owned, leased, or contracted, by a district, special education local plan area, or county office for any pupils enrolled in nonpublic, nonsectarian schools or agencies, unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency pursuant to subdivisions (a) and (b) of Section 56366.

(d) A nonpublic, nonsectarian school or agency shall not claim

and is not entitled to receive reimbursement for attendance unless the site where the pupil is receiving special education or designated instruction and services is certified.

SEC. 24. Section 56850 of the Education Code is amended to read:

56850. The purpose of the Legislature, in enacting this chapter, is to recognize that individuals with exceptional needs of mandated schoolage, residing in California's state hospitals for the developmentally disabled and mentally disordered, are entitled to, under the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), and the Rehabilitation Act of 1973 (29 U.S.C. Sec. 701 et seq.), the same access to educational programs as is provided for individuals with exceptional needs residing in our communities.

It is the intent of the Legislature to ensure that services shall be provided in the community near the individual state hospitals to the maximum extent appropriate, and in the least restrictive environment.

It is the further intent of the Legislature to ensure equal access to the educational process and to a full continuum of educational services for all individuals, regardless of their physical residence.

It is the further intent of the Legislature that educational services designated for state hospital residents not eligible for services mandated by the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) shall not be reduced or limited in any manner as a result of the enactment of this chapter.

Sec. 1400 et seq.), a state hospital shall include on its interdisciplinary team a representative of the district, or special education local plan area, or county office in which the state hospital is located, and the individual's state hospital teacher, depending on whether the state hospital is otherwise working with the district, special education local plan area, or county office for the provision of special education programs and related services to individuals with exceptional needs residing in state hospitals. However, if a district or special education local plan area that is required by this section to provide a representative from the district or special education local plan area does not do so, the county office shall provide a representative.

(b) The state hospital shall reimburse the district, special education local plan area, or the county office, as the case may be, for the costs, including salary, of providing the representative.

(c) Once the individual is enrolled in the community program, the educational agency providing special education shall be

responsible for reviewing and revising the individualized education program with the participation of a representative of the state hospital and the parent. Sec. 1400 et seq.), the Rehabilitation Act of 1973 (29 U.S.C. Sec. 701 et seq.), and special education provisions of this part and implementing regulations. Special education and related services shall be provided to each individual residing in a state hospital pursuant to the individualized education program for that individual.

SEC. 27. Section 56853 of the Education Code is amended to read:

56853. Nothing contained in this chapter shall affect the continued authority of the State Departments of Developmental Services and Mental Health over educational programs for individuals not eligible for services under the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) nor shall it affect the overall responsibility of the state hospitals for the care, treatment, and safety of individuals with exceptional needs under their control. The state hospitals shall continue to render appropriate and necessary developmental services, health related services, psychiatric services, and related services assigned to the state hospitals in the local written agreements, as part of their responsibilities for the care and treatment of state hospital residents.

Health related services shall include services provided by physicians, psychiatrists, psychologists, audiologists, registered nurses, social workers, physical therapists, occupational therapists, psychiatric technicians, and developmental specialists, and shall be the responsibility of the state hospital if the individual with exceptional needs requires these services while in the community program.

SEC. 28. Section 56859 of the Education Code is amended to read:

56859. All certificated state hospital employees hired to provide educational services to individuals of mandated school age after September 29, 1980, shall possess an appropriate California credential in special education. Current certificated state hospital employees who do not possess appropriate California credentials in special education shall be given a period of not more than five years from September 29, 1980, to obtain such appropriate credentials. Certificated state hospital employees who do not possess appropriate California credentials in special education at the end of the five-year period shall be reassigned to provide educational services to individuals residing in state hospitals who are not eligible for services under the Individuals with Disabilities Education Act (20 U.S.C. Sec.

1400 et seq.).

56863. The state hospitals, as part of the notification to parents of pupils of their rights pursuant to the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), the Rehabilitation Act of 1973 (29 U.S.C. Any savings that may occur to any program due to maximized use

The California School for the Blind may enter into one or more agreements with the Trustees of the California State University, the University of California, or any other university or college accredited by the State Board of Education as a teacher training educational institution, to provide practice teaching required for issuance of the credentials authorizing the holder to teach visually impaired, blind, or deaf-blind individuals, or provide orientation and mobility instruction. If two or more districts are under the jurisdiction of governing boards of identical personnel, only one commission shall be appointed. In those cases this article shall apply alike to all of the districts, and the expenses of the commission shall be paid out of the general funds of all of the districts in proportion to the benefits derived therefrom as determined by the governing board.

SEC. 35. Section 88066 of the Education Code is amended to read:

88066. (a) Within 30 days after adoption of the system the governing board shall publicly announce its intended appointee, and the appointee or appointees, as appropriate, nominated by its classified employees. As soon after their appointment as practicable but within 30 days, the appointed members shall announce their intended appointee for the third or fifth member, as appropriate. They may consider the recommendations of the governing board, the classified employees, or other concerned citizens. If these members do not announce their intended appointee within the 30-day period, the Chancellor of the California Community Colleges shall make the appointment.

"Adoption of the system" means, in the case of Section 88051, the day on which a successful election is certified to the governing board or, in the case of Section 88054, the day the governing board approves a motion, order, or resolution to adopt the system regardless of the date specified for operational commencement of the system.

(b) Where a system is already in existence and a vacancy will exist on December 1, by not later than September 30:

(1) The governing board shall publicly announce the name of the person it intends to appoint or reappoint, if the vacancy is its appointee.

(2) The appointee or appointees, as appropriate, of the governing board and the appointee or appointees of the classified employees shall publicly announce the name of the person they intend to appoint, if the vacancy is their appointee.

If the governing board and the classified employees of the district are unable to agree upon a nomination by September 30, the Chancellor of the California Community Colleges shall make the appointment within 30 days.

(c) Where a system is already in existence and a vacancy in a position nominated by the classified employees will occur, the classified employees shall submit the name of its nominee to the governing board at least 30 days prior to the date on which the vacancy will occur and the governing board shall appoint that nominee to be effective on the date on which the vacancy would occur.

(d) At a board meeting to be held after 30 and within 45 days of the dates specified in subdivision (a) and paragraph (1) of subdivision (b), as the case may be, the governing board in open hearing shall provide the public and employees and employee organizations the opportunity to express their views on the qualifications of those persons recommended by the governing board for appointment.

The board at the time may make its appointment or may make a substitute appointment or recommendation without further notification or public hearing.

In the case of the nominees of the classified employees, the board shall appoint the nominee, unless the classified employees voluntarily withdraw the name of the nominee and submit the name of a new nominee. In the latter case, the board shall then appoint the new nominee.

(e) In the event a vacancy exists because of a failure of the classified employees to agree on a nominee, the board may make an emergency appointment as authorized in subdivision (b) of Section 88065. If there is no personnel director, the board may nevertheless make an emergency interim appointment under this subdivision.

(f) At the next regularly scheduled personnel commission meeting to be held after 30 days from adoption of the system, as specified in subdivision (a), or at the next regularly scheduled personnel commission meeting to be held after 30 days from the day the intended appointee is announced, as specified in paragraph (2) of subdivision (b), as the case may be, the appointee or appointees of the governing board and the appointee or appointees nominated by the classified employees shall, in an open hearing, provide the public and employees and employee organizations the opportunity to express their views on the qualifications of each candidate recommended for the vacancy. Each candidate shall be invited to this meeting.

The appointee or appointees of the governing board and the appointee or appointees nominated by the classified employees may make their appointment or may make a substitute appointment or recommendation without further notification or public hearing.

SEC. 36. Section 3 of Chapter 24 of the Statutes of 1992 is amended to read:

Sec. 3. (a) Prior to April 1 of each academic year that begins subsequent to the operative date of the action to reorganize school districts described in Section 1, each pupil in any of grades 9 to 12, inclusive, who resides within the boundaries of the Hermosa Beach City Elementary School District may elect to attend high school in either the Manhattan Beach City Unified School District or the Redondo Beach City Unified School District. The governing board of

the Manhattan Beach City Unified School District and the governing board of the Redondo Beach City Unified School District each shall establish a reasonable procedure to be employed by those pupils to make that annual election with regard to each of those districts.

(b) Each pupil who attends either the Manhattan Beach City Unified School District or the Redondo Beach City Unified School District pursuant to this section shall be deemed to be a pupil enrolled in that district for all purposes, including, but not limited to, his or her admission to particular high schools of the district and selection of classes, and the apportionment of state funding.

SEC. 36.1. Section 1 of Chapter 71 of the Statutes of 1992 is amended to read:

Section 1. (a) The sum of two million nine hundred eighty-four thousand dollars ($2,984,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction, in augmentation of the following:

(1) Schedule (d) of Item 6110-101-001 of Section 2.00 of the Budget Act of 1991, as set forth in Chapter 118 of the Statutes of 1991, for allocation in the 1991–92 fiscal year to fund apprenticeship education programs pursuant to Article 8 (commencing with Section 8150) of Chapter 1 of Part 6 of the Education Code.

(2) Schedule (e) of Item 6100-101-001 of Section 2.00 of the Budget Act of 1987, as set forth in Chapter 135 of the Statutes of 1987, for allocation in the 1987–88 fiscal year to fund apprenticeship education programs pursuant to Article 8 (commencing with Section 8150) of Chapter 1 of Part 6 of the Education Code.

(3) Item 6110-230-001 of Section 2.00 of the Budget Act of 1988, as set forth in Chapter 313 of the Statutes of 1988, for allocation in the 1988–89 fiscal year to fund apprenticeship education programs pursuant to Article 8 (commencing with Section 8150) of Chapter 1 of Part 6 of the Education Code.

(b) Funds appropriated by this section shall first be allocated pursuant to paragraph (1) of subdivision (a). Funds remaining after allocation pursuant to paragraph (1) of subdivision (a) shall be allocated according to paragraph (2) of subdivision (a) to reimburse school districts for disbursements made to apprenticeship education programs which have not been reimbursed by the Superintendent of Public Instruction. Funds remaining after allocation pursuant to paragraph (2) of subdivision (a) shall be allocated according to paragraph (3) of subdivision (a) to reimburse school districts for payments made to apprenticeship education programs which have not been reimbursed by the Superintendent of Public Instruction.

(c) Pursuant to the joint certification performed under Section 41206 of the Education Code for the 1988–89 fiscal year, the appropriation made in subdivision (a) fully satisfies the minimum funding guarantee under subdivision (b) of Section 8 of Article XVI of the California Constitution for that fiscal year, and is deemed to be an appropriation in the 1988–89 fiscal year, in accordance with paragraph (2) of subdivision (b) of Section 41206 of the Education

Code.

(d) The funds appropriated under subdivision (a) shall be deemed to be a one-time supplemental appropriation for the funding of apprenticeship education programs. The funding level for those programs for the 1992–93 fiscal year, and each subsequent fiscal year, shall be established in the annual Budget Act.

SEC. 36.3. During the 1993–94 fiscal year, the superintendent shall review the current funding formulas for special education and related services provided to individuals with exceptional needs between the ages of birth and five years of age, pursuant to Chapter 4.4 (commencing with Section 56425) and Chapter 4.45 (commencing with Section 56440) to determine if the funding is distributed on an equitable basis and in a manner that does not provide an incentive to categorize children under any one particular disability label. Upon completion of the review, the superintendent shall make recommendations for any revisions to the funding formulas to the Legislature.

SEC. 36.5. Notwithstanding any other provision of law, for the 1993–94 fiscal year the county superintendent shall reduce the total revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1993–94 fiscal year.

The reduction shall be calculated as follows:

(a) Determine the amount of employer contributions that would have been made in the 1993–94 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1993–94 fiscal year.

For purposes of this calculation, no school district shall have a contribution rate higher than 13.020 percent.

(b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1993–94 fiscal year.

(c) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions supported totally by federal funds that are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis

of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

It is the intent of the Legislature to make adjustments to school district revenue limits for the 1993–94 fiscal year to reflect savings that these districts will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1993–94 fiscal year.

SEC. 36.7. Notwithstanding any other provision of law, for the 1993–94 fiscal year the county superintendent shall reduce the total revenue limit computed pursuant to Section 2558 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330, Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1993–94 fiscal year. The reduction shall be calculated as follows:

(a) Determine the amount of employer contributions that would have been made in the 1993–94 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1993–94 fiscal year.

(b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1993–94 fiscal year.

(c) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions supported totally by federal funds which are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

It is the intent of the Legislature to make adjustments to county

office of education revenue limits for the 1993–94 fiscal year to reflect savings that these county offices of education will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1993–94 fiscal year.

SEC. 37. The Legislature finds and declares that the Pacific Unified School District and the Leggett Valley Unified School District face severe financial deficit and significant pupil attendance problems, both of which are exacerbated by the need to transport their pupils to school from areas that require extensive travel time in each direction.

In order for these districts to provide education to their pupils who are widely dispersed throughout the district, it is necessary that the Pacific Unified School District and the Leggett Valley Unified School District be permitted to operate schools on the basis of a four-day school week as set forth in Section 5 of this act.

SEC. 38. The Legislature finds and declares that due to the unique circumstances set forth in Sections 5 and 26 of this act regarding the Pacific Unified School District and the Leggett Valley Unified School District a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

(5) The monetary value of any service or noncash advantage furnished by the employer to the member, except as expressly and specifically provided in this part, shall not be special compensation unless regulations promulgated by the board specifically determine that value to be "special compensation."

(6) The board shall promulgate regulations that delineate more specifically and exclusively what constitutes "special compensation" as used in this section. A uniform allowance, the monetary value of employer-provided uniforms, holiday pay, and premium pay for hours worked within the normally scheduled or regular working hours that are in excess of the statutory maximum workweek or work period applicable to the employee under the Fair Labor Standards Act (29 U.S.C. Secs. 201-219, inclusive) shall be included as special compensation and appropriately defined in those regulations.

(7) Special compensation does not include any of the following:

(A) Final settlement pay.

(B) Payments made for additional services rendered outside of normal working hours, whether paid in lump sum or otherwise.

(C) Any other payments the board has not affirmatively determined to be special compensation.

(d) Notwithstanding any other provision of law, payrate and special compensation schedules, ordinances, or similar documents shall be public records available for public scrutiny.

(e) As used in this part, "group or class of employment" means a

number of employees considered together because they share job similarities, work location, collective bargaining unit, or other logical work related grouping. Under no circumstances shall one employee be considered a group or class. Increases in compensation earnable granted to any employee who is not in a group or class shall be limited during the final compensation period applicable to the employees, as well as the two years immediately preceding the final compensation period, to the average increase in compensation earnable during the same period reported by the employer for all employees who are in the same membership classification, except as may otherwise be determined pursuant to regulations adopted by the board that establish reasonable standards for granting exceptions.

(f) As used in this part, "final settlement pay" means any pay or cash conversions of employee benefits that are in excess of compensation earnable, that are granted or awarded to a member in connection with or in anticipation of a separation from employment. The board shall promulgate regulations that delineate more specifically what constitutes final settlement pay.

(g) (1) Notwithstanding subdivision (a), "compensation earnable" for state members means the average monthly compensation, as determined by the board, upon the basis of the average time put in by members in the same group or class of employment and at the same rate of pay, and is composed of the payrate and special compensation of the member. The computation for any absence of a member shall be based on the compensation earnable by him or her at the beginning of the absence and that for time prior to entering state service shall be based on the compensation earnable by him or her in the position first held by him or her in that state service.

(2) Notwithstanding subdivision (b), "payrate" for state members means the average monthly remuneration paid in cash out of funds paid by the employer to similarly situated members of the same group or class of employment, in payment for the member's services or for time during which the member is excused from work because of holidays, sick leave, vacation, compensating time off, or leave of absence. "Payrate" for state members shall include:

(A) Any amount deducted from a member's salary for any of the following:

(i) Participation in a deferred compensation plan established pursuant to Chapter 4 (commencing with Section 19993) of Part 2.6 of Division 5 of Title 2.

(ii) Payment for participation in a retirement plan that meets the requirements of Section 401(k) of the Internal Revenue Code.

(iii) Payment into a money purchase pension plan and trust that meets the requirements of Section 401(a) of the Internal Revenue Code.

(iv) Participation in a flexible benefits program.

(B) Any payment in cash by the member's employer to one other than an employee for the purpose of purchasing an annuity contract

for a member under an annuity plan that meets the requirements of Section 403(b) of the Internal Revenue Code.

(C) Employer "pick up" of member contributions that meets the requirements of Section 414(h)(2) of the Internal Revenue Code.

(D) Any disability or workers' compensation payments to safety members in accordance with Section 4800 of the Labor Code.

(E) Temporary industrial disability payments pursuant to Article 4 (commencing with Section 19869) of Chapter 2.5 of Part 2.6 of Division 5.

(F) Any other payments the board may determine to be within "payrate."

(3) Notwithstanding subdivision (c), "special compensation" for state members shall mean all of the following:

(A) The monetary value, as determined by the board, of living quarters, board, lodging, fuel, laundry, and other advantages of any nature furnished a member by his or her employer in payment for the member's services.

(B) Any compensation for performing normally required duties, such as holiday pay, bonuses (for duties performed on regular work shift), educational incentive pay, maintenance and noncash payments, out-of-class pay, marksmanship pay, hazard pay, motorcycle pay, paramedic pay, emergency medical technician pay, POST certificate pay, and split shift differential.

(C) Compensation for uniforms, except as provided in Section 20022.1.

(D) Any other payments the board may determine to be within "special compensation."

(4) Neither "payrate" nor "special compensation" for state members shall include any of the following:

(A) The provision by the state employer of any medical or hospital service or care plan or insurance plan for its employees (other than the purchase of annuity contracts as described below in this subdivision), any contribution by the employer to meet the premium or charge for such a plan, or any payment into a private fund to provide health and welfare benefits for employees.

(B) Any payment by the state employer of the employee portion of taxes imposed by the Federal Insurance Contribution Act.

(C) Amounts not available for payment of salaries and that are applied by the employer for the purchase of annuity contracts including those that meet the requirements of Section 403(b) of the Internal Revenue Code.

(D) Any benefits paid pursuant to Article 5 (commencing with Section 19878) of Chapter 2.5 of Part 2.6.

(E) Employer payments that are to be credited as employee contributions for benefits provided by this system, or employer payments that are to be credited to employee accounts in deferred compensation plans; provided, that the amounts deducted from a member's wages for participation in a deferred compensation plan shall not be considered to be "employer payments."

(F) Payments for unused vacation, sick leave, or compensating time off, whether paid in lump sum or otherwise.

(G) Final settlement pay.

(H) Payments for overtime, including pay in lieu of vacation or holiday.

(I) Compensation for additional services outside regular duties, such as standby pay, callback pay, court duty, allowance for automobiles, and bonuses for duties performed after the member's regular work shift.

(J) Amounts not available for payment of salaries and which are applied by the employer for any of the following:

(i) The purchase of a retirement plan which meets the requirements of Section 401(k) of the Internal Revenue Code.

(ii) Payment into a money purchase pension plan and trust which meets the requirements of Section 401(a) of the Internal Revenue Code.

(K) Payments made by the employer to or on behalf of its employees who have elected to be covered by a flexible benefits program, where those payments reflect amounts that exceed the employee's salary.

(L) Any other payments the board may determine are not "payrate" or "special compensation."

(5) If the provisions of this subdivision, including the board's determinations pursuant to subparagraph (F) of paragraph (2) and subparagraph (D) of paragraph (3), are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5 or 3560, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, those provisions shall not become effective unless approved by the Legislature in the annual Budget Act. No memorandum of understanding reached pursuant to Section 3517.5 or 3560 may exclude from the definition of either "payrate" or "special compensation" a member's base salary payments or payments for time during which the member is excused from work because of holidays, sick leave, vacation, compensating time off, or leave of absence. If any items of compensation earnable are included by memorandum of understanding as "payrate" or "special compensation" for retirement purposes for represented and higher education employees pursuant to this paragraph, the Department of Personnel Administration or the Trustees of the California State University shall obtain approval from the board for that inclusion.

(6) (A) Subparagraph (B) of paragraph (3) of this subdivision prescribes that compensation earnable includes any compensation for performing normally required duties, such as holiday pay, bonuses (for duties performed on regular work shift), educational incentive pay, maintenance and noncash payments, out-of-class pay, marksmanship pay, hazard pay, motorcycle pay, paramedic pay, emergency medical technician pay, POST certificate pay, and split

shift differential; and includes compensation for uniforms, except as provided in Section 20022.1; and subparagraph (I) of paragraph (4) excludes from compensation earnable compensation for additional services outside regular duties, such as standby pay, callback pay, court duty, allowance for automobile, and bonuses for duties performed after regular work shift.

(B) Notwithstanding subparagraph (A) of this paragraph, the Department of Personnel Administration shall determine which payments and allowances that are paid by the state employer shall be considered compensation for retirement purposes for any employee who either is excluded from the definition of state employee in subdivision (c) of Section 3513, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service.

(C) Notwithstanding subparagraph (A) of this paragraph, the Trustees of the California State University shall determine which payments and allowances that are paid by the trustees shall be considered compensation for retirement purposes for any managerial employee, as defined in subdivision (*l*) of Section 3562, or supervisory employee as defined in Section 3580.3.

SEC. 7. Section 20024.03 is added to the Government Code, to read:

20024.03. Notwithstanding any other provision of this part, "final compensation" of a local member for the purpose of determining any pension or benefit resulting from state service as an elective or appointed officer on a city council or a county board of supervisors accrued while in membership pursuant to Section 20361, shall be based on the highest average annual compensation earnable by the member during the period of state service in each elective or appointed office. Where that elective or appointed service is a consideration in the computation of any pension or benefit, the member may have more than one final compensation.

This section shall apply to a local member first elected or appointed to a city council or a county board of supervisors on or after July 1, 1994, or elected or appointed to a term of office not consecutive with the term of office held on June 30, 1994.

SEC. 8. Section 20025.2 of the Government Code is amended to read:

20025.2. When the compensation of a member is a factor in any computation to be made under this part there shall be excluded from those computations any compensation based on overtime put in by a member whose service retirement allowance is a fixed percentage of final compensation for each year of credited service. For the purposes of this part, overtime is the aggregate service performed by an employee as a member for all employers and in all categories of employment in excess of the hours of work considered normal for employees on a full-time basis, and for which monetary compensation is paid.

If a member concurrently renders service in two or more positions,

one or more of which is full time, service in the part-time position shall constitute overtime. If two or more positions are permanent and full time, the position with the highest payrate or base pay shall be reported to the system. This provision shall apply only to service rendered on or after July 1, 1994.

SEC. 9. Section 20181 of the Government Code is amended to read:

20181. (a) The obligations of this system to its members continue throughout their respective memberships, and the obligations of this system to and in respect to retired members continue throughout the lives of the respective retired members, and thereafter until all obligations to their respective beneficiaries under optional settlements have been discharged. The obligations of the state and contracting agencies to this system in respect to members employed by them, respectively, continue throughout the memberships of the respective members, and the obligations of the state and contracting agencies to this system in respect to retired members formerly employed by them, respectively, continue until all of the obligations of this system in respect to those retired members, respectively, have been discharged. The obligations of any member to this system continue throughout his or her membership, and thereafter until all of the obligations of this system to or in respect to him or her have been discharged.

(b) For the purposes of payments into or out of the retirement fund for adjustment of errors or omissions, whether pursuant to Sections 20165, 20180, or 20527, or otherwise, the period of limitation of actions shall be three years, and shall be applied as follows:

(1) In cases where the system makes an erroneous payment to a member or beneficiary, the system's right to collect shall expire three years from the date of payment.

(2) In cases where the system owes money to a member or beneficiary, the period of limitations shall not apply.

(3) In cases where payment is erroneous because of the death of the retired member or beneficiary or because of the remarriage of the beneficiary, the period of limitation shall commence with the discovery of the erroneous payment.

(c) Notwithstanding subdivision (b), where any payment has been made as a result of fraudulent reports for compensation made, or caused to be made, by a member for his or her own benefit, the period of limitation shall be 10 years and that period shall commence either from the date of payment or upon discovery of the fraudulent reporting, whichever date is later.

(d) The board shall determine the applicability of the period of limitations in any case, and its determination with respect to the running of any period of limitation shall be conclusive and binding for purposes of correcting the error or omission.

SEC. 10. Section 20304 is added to the Government Code, to read:

20304. Any employer that fails to enroll an employee into membership when he or she becomes eligible, or within 90 days

thereof, when the employer knows or can reasonably be expected to have known of that eligibility shall be required to pay all arrears costs for member contributions and administrative costs of five hundred dollars ($500) per member as a reimbursement to the system's current year budget.

SEC. 11. Section 20335 of the Government Code is amended to read:

20335. Except as otherwise provided in this part, persons rendering professional legal services to a city, other than the person holding the office of city attorney, the office of assistant city attorney, or an established position of deputy city attorney, are excluded from membership.

SEC. 12. Section 20361 of the Government Code is amended to read:

20361. (a) An elective officer is excluded from membership in this system unless the officer files with the board an election in writing to become a member. The officer may so elect at any time, and has the option of making contributions to this system in the amount which the officer would have contributed had the officer not been so excluded, plus an amount equal to the interest, to the date or dates of his or her payment, that would have been credited to those contributions had he or she not been so excluded. The contributions and interest shall be paid to this system at times, in amounts, and in a manner, fixed by the board. If the officer affirmatively exercises the option:

(1) He or she shall receive credit for previous state service in the same manner as if he or she had not been excluded, and

(2) His or her rate of contributions shall be based on the nearest age at the time he or she first was excluded.

(b) As used in this part, "elective officer" includes any officer of the Senate or Assembly who is elected by vote of the members of either or both of the houses of the Legislature, and any appointive officer of a city or county occupying a fixed term of office, as well as officers of the state or contracting agencies elected by the people, and persons elected to a city council or a county board of supervisors.

(c) Notwithstanding any other provision of subdivision (a) or (b), elected or appointed officers of a county superintendent of schools, school district, or community college district, or of a contracting agency that is not a city or county, who serve on public commissions, boards, councils, or similar legislative or administrative bodies are excluded from membership in this system. This exclusion shall only apply to those elected or appointed officers who are first elected or appointed to an office on or after July 1, 1994, or who are elected or appointed to a term of office not consecutive with the term of office held on June 30, 1994. This exclusion shall not apply to persons elected to a city council or county board of supervisors.

(d) Any person holding the office of city attorney or the office of assistant city attorney, whether employed, appointed, or elected, is excluded from the definition of "elective officer" as defined in

subdivision (b). This subdivision shall apply only to persons first employed, elected, or appointed on or after July 1, 1994, or following any break in state service while serving in the office if the office was held on June 30, 1994.

(e) In accordance with Section 20124 the board shall be the sole judge of which elected or appointed positions qualify the incumbent as an "elective officer" in the system under this section.

SEC. 13. Section 20361.1 of the Government Code is repealed.

SEC. 14. Section 20361.2 of the Government Code is repealed.

SEC. 15. Section 20361.3 of the Government Code is repealed.

SEC. 16. Section 20615 of the Government Code is amended to read:

20615. Notwithstanding any other provision of law, a contracting agency or school employer may pay all or a portion of the normal contributions required to be paid by a member. Where the member is included in a group or class of employment, the payment shall be for all members in the group or class of employment. The payments shall be reported simply as normal contributions and shall be credited to member accounts.

Nothing in this section shall be construed to limit the authority of a contracting agency or school employer to periodically increase, reduce, or eliminate the payment by the contracting agency or school employer of all or a portion of the normal contributions required to be paid by members, as authorized by this section.

SEC. 17. Section 20615.5 is added to the Government Code, to read:

20615.5. (a) Where a contracting agency employer or a school employer has elected to pay all or a portion of the normal contributions of members of a group or class of employment pursuant to Section 20615, the employer may, pursuant to a labor policy or agreement, stop paying those contributions during the final compensation period applicable to the members and, instead, increase the payrate of the members by an amount equal to the normal contributions paid by the employer on behalf of the employees or increase the payrate of the members by an amount established by a labor policy or agreement in existence and in effect on June 30, 1993. That amount shall not exceed the amount of the normal member contributions that are required to be paid by the members.

(b) This section shall not apply to any contracting agency or to any school employer unless and until the contracting agency or the school employer elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required. In the case of contracts made after the date this section is operative, the section shall not apply unless incorporated by express provision in the contract. However, no school employer may act pursuant to this section unless and until the board approves a request for the amendment of the contract of a school employer to authorize

termination of the payment. A school employer shall not submit a request for a contract amendment unless there is on file a request to terminate that payment from the county superintendent of schools office and each school district, community college district, and other school entity within the jurisdiction of that school employer.

(c) Before adopting this provision, the governing body of a contracting agency or school employer shall, with timely public notice, place the consideration of this section on the agendas of two consecutive public meetings of the governing body, at which time, full disclosure shall be made of the nature of the benefit, the additional employer contributions, and the funding therefor. Only after the second of these public meetings may the governing body adopt this section. The employer shall notify the board of the employer's compliance with this subdivision at the time of the governing body's application to adopt this section.

(d) Persons hired after the effective date of an employer's contract amendment to include this section shall be informed by the employer of how this benefit relates to their total compensation and benefit package.

(e) The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost, plus (2) in the case of a contract amendment, the additional contribution required to amortize the increase in accrued liability attributable to the benefit elected under this section over the unfunded actuarial liability period currently in the agency's contract, commencing from the date this section becomes effective in the agency's contract.

(f) For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors necessary to calculate the employer's contribution shall be determined on the basis of actuarial assumptions and methods which, in combination, provide the board's best estimate of anticipated experience under the system. The board has the exclusive power and duty to make these determinations.

(g) Within 30 days of notification from the board to the contracting agency or school employer of the additional employer contributions required pursuant to this section, the contracting agency or school employer, or a recognized employee organization, or both, may file with the board a request for a review of the determination of the calculation of the additional employer contributions. The board shall promulgate regulations governing the conduct of the review, that shall include the means by which an employer or recognized employee organization may submit independent actuarial evidence regarding the additional contribution required by this section. The board shall make the final determination on the additional employer contributions needed to fund this contract amendment.

SEC. 18. Section 20862.5 of the Government Code is amended to read:

20862.5. A state, school, or school safety member, whose effective date of retirement is within four months of separation from employment with the employer subject to this section which granted the sick leave credit, shall be credited at his or her retirement with 0.004 year of service credit for each unused day of sick leave certified to the board by the employer. The certification shall report only those days of unused sick leave that were accrued by the member during the normal course of his or her employment and shall not include any additional days of sick leave reported for the purpose of increasing the member's retirement benefit. Reports of unused days of sick leave shall be subject to audit and retirement benefits may be adjusted where improper reporting is found.

Until receipt of certification from an employer concerning unused sick leave, the board may pay an estimated allowance pursuant to this section. At the time of receipt of the certification, the allowance shall be adjusted to reflect any necessary changes.

Notwithstanding provisions of this part subjecting local miscellaneous members to provisions applicable to state miscellaneous members, this section shall not apply to local members other than local miscellaneous members employed before July 1, 1980, by a school district which is a contracting agency or those school safety members employed before July 1, 1980, by a contracting agency which is a school district or community college district, as defined in subdivision (i) of Section 20009.1.

This section shall not be applicable to any person who becomes a school member on and after July 1, 1980, and any person who becomes a local member employed, on and after July 1, 1980, by a school district which is a contracting agency whether or not such person was ever a school member or local member prior to such date.

SEC. 19. Section 20862.8 of the Government Code is amended to read:

20862.8. A local miscellaneous member and a local safety member, whose effective date of retirement is within four months of separation from employment with the employer which granted the sick leave credit, shall be credited at his retirement with 0.004 year of service credit for each unused day of sick leave certified to the board by his or her employer. The certification shall report only those days of unused sick leave that were accrued by the member during the normal course of his or her employment and shall not include any additional days of sick leave reported for the purpose of increasing the member's retirement benefit. Reports of unused days of sick leave shall be subject to audit and retirement benefits may be adjusted where improper reporting is found.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an

election among the employees is not required, or, in the case of contracts made after September 26, 1974, by express provision in the contract making the contracting agency subject to this section.

This section shall only apply to members who retire after the effective date of the contract amendment.

SEC. 20. Section 21151 of the Government Code is amended to read:

21151. A retired person may serve without reinstatement from retirement or loss or interruption of benefits provided by this system, as follows:

(a) As a member of any board, commission, or advisory committee, upon appointment by the Governor, the Speaker of the Assembly, the President pro Tempore of the Senate, director of a state department, or the governing board of the contracting agency. However, the appointment shall not be deemed employment within the meaning of Division 4 (commencing with Section 3200) and Division 4.5 (commencing with Section 6100) of the Labor Code, and shall not provide a basis for the payment of workers' compensation to a retired state employee or to his or her dependents.

(b) As a school crossing guard.

(c) As a juror or election officer.

(d) As an elective officer on and after September 15, 1961. However, all rights and immunities which may have accrued under Section 21158 as it read prior to that section's repeal during the 1969 Regular Session of the Legislature are hereby preserved.

(e) As an appointive member of the governing body of a contracting agency. However, the compensation for that office shall not exceed one hundred dollars ($100) per month.

(f) Upon appointment by the Legislature, or either house, or a legislative committee to a position deemed by the appointing power to be temporary in nature.

(g) Upon employment by a contracting agency to a position found by the governing body, by resolution, to be available because of a leave of absence granted to a person on payroll status for a period not to exceed one year and found by the governing body to require specialized skills. The temporary employment shall be terminated at the end of the leave of absence. Appointments under this section shall be reported to the board and shall be accompanied by the resolution adopted by the governing body.

(h) Upon appointment by the governing body of a contracting agency to a position deemed by the governing body to be of a limited duration and requiring specialized skills or during an emergency to prevent stoppage of public business. These appointments, in addition to any made pursuant to Section 21153, shall not exceed a total for all employers of 960 hours in any calendar year. When an appointment is expected to, or will, exceed 960 hours in any calendar year, the governing body shall request approval from the board to extend the temporary employment. The governing body shall present a resolution to the board requesting action to allow or

disallow the employment extension. The resolution shall be presented prior to the expiration of the 960 hour maximum for the calendar year. The appointment shall continue until notification of the board's decision is received by the governing body. The appointment shall be deemed approved if the board fails to take action within 60 days of receiving the request. Appointments under this subdivision may not exceed a total of one year.

SEC. 21. This act shall become operative on July 1, 1994.

90130. Notwithstanding any other provision of law, the trustees shall determine eligibility for admission and continued enrollment at the academy.

Article 4. Tuition, Fees, and Financial Aid

90140. The trustees shall establish appropriate miscellaneous fees for the academy. These fees shall be for purposes unique to the academy, such as the annual training cruise and uniforms.

90141. The Legislature hereby finds that the academy provides full-time programs that limit opportunity for student employment. For that reason, it is difficult for students attending the academy to contribute to the cost of their education through employment while attending. This limits the opportunity for students who have little or no financial ability to contribute to the payment of their cost of education.

For these reasons, the trustees shall develop and adopt a policy that provides opportunities for financial assistance for students to attend the academy and that provides for the active recruitment of students from economically disadvantaged backgrounds and underrepresented groups. In order to implement this policy, the trustees may make full use of any and all state and federal funds available and may receive private contributions, including those from the maritime industry, for this purpose.

90142. The trustees may provide for the payment of tuition and fees charged students by installments payable at intervals determined by the trustees.

Article 5. Facilities

90150. The Legislature recognizes that the academy has unique facilities, such as a large ship docking facility, training ship, several smaller vessels, and equipment, which provide potential resources to the California State University.

The trustees are encouraged to develop programs designed to increase the sharing and lending of facilities among the academy and the other campuses of the California State University and to allow the exchange of students and instructors when that action is not inconsistent with the mission of the academy and the other campuses.

Article 6. Trust Account Deposits

90160. (a) Notwithstanding any other provision of law, the chief fiscal officer of the academy shall deposit into and maintain in local trust accounts, or in other California State University trust accounts or in the California Maritime Academy Trust Fund, which is hereby

continued in existence in the State Treasury, funds received in connection with the following sources or purposes:

(1) Advance payment for anticipated expenditures or encumbrances in connection with federal grants or contracts.

(2) Miscellaneous receipts in the nature of deposits and subject to return upon approval of a proper application.

(3) Fees and charges for services, materials, and facilities required of persons who, at their option, use the services or facilities, or who are provided the materials, for which the fees or charges are made. Fees and charges so received and deposited shall be used to meet the costs of providing those services, facilities, and materials.

(4) Fees for student activities, as defined by the trustees, and revenues derived from the conduct of student activities. The trustees may administer and use the fees and revenues to support the student activities.

(b) Notwithstanding Section 13340 of the Government Code, funds deposited and maintained under this section are continuously appropriated, without regard to fiscal years, to the trustees for the support of the academy as may be determined by the trustees consistent with the terms and conditions of any agreement under which the funds were received. The funds so deposited and maintained may be invested by the chief fiscal officer of the academy, or by the State Treasurer, as appropriate, upon approval of the trustees, consistent with this section and the terms and conditions of any agreement under which the funds were received.

Article 7. Training Cruise Expenses

90170. The trustees may, out of any appropriation made for the support of the California State University, without at the time furnishing vouchers and itemized statements, withdraw a sum or sums necessary to be used by the academy to provide for the payment of expenses of any training cruise, which shall be paid to the master of the training vessel. The sum or sums so drawn for any training cruise shall, not later than 30 days following the termination of the training cruise be accounted for and substantiated by vouchers and itemized statements. Any unexpended balance of the sum or sums so withdrawn shall be returned to the appropriation from which originally withdrawn.

Article 8. Federal Funds and Resources

90180. The trustees shall take all necessary steps to acquire the maximum amount of federal funds from all available sources for the academy.

90181. The Governor may apply in writing to the federal government to furnish a suitable vessel with all apparel, charts, books, and instruments of navigation and land with all buildings and equipment thereon to be used for the benefit of the academy.

90182. The trustees may receive from the federal government or from other sources, and use for the purposes of the academy, a vessel or vessels detailed or furnished by the federal government or from other sources with all apparel, charts, books, and instruments of navigation, and land with all buildings and equipment thereon.

Article 9. Employees

90190. Employees of the academy shall retain and carry over to their status as employees of the trustees any seniority credit, permanent status, and accumulated leave as earned and available immediately prior to the employee's transfer to employment with the trustees.

Article 10. Operative Date

90191. This chapter shall become operative on July 1, 1995.

SEC. 5. Section 3572.1 is added to the Government Code, to read:

3572.1. This section shall apply only to the California Maritime Academy.

(a) The duty to engage in meeting and conferring requires the parties to begin meeting and conferring at least 60 days prior to the expiration of memoranda of understanding, or May 1, if earlier, of any year in which a memorandum shall expire, or May 1, if there is no existing memorandum of understanding. The trustees shall maintain close liaison with the Department of Finance and the Legislature relative to the meeting and conferring on provisions of the written memoranda that have fiscal ramifications.

No written memoranda reached pursuant to this chapter that require budgetary or curative action by the Legislature or other funding agencies, including the Federal Maritime Administration, shall be effective unless and until that action has been taken. Following execution of written memoranda of understanding, an appropriate request for financing or budgetary funding for all state-funded employees or for necessary legislation will be forwarded promptly to the Legislature and the Governor or other funding agencies. When memoranda require legislative action pursuant to this section, if the Legislature or the Governor fails fully to fund the memoranda or to take the requisite curative action, the entire memoranda shall be referred back to the parties for further meeting and conferring; provided, however, that the parties may agree that provisions of the memoranda that are nonbudgetary and do not require funding shall take effect whether or not the funding requests submitted to the Legislature are approved.

The Legislature recognizes that the California Maritime Academy's sources of funding are multiple, and approval by the Legislature, and by other public agencies, as to employees funded by those agencies, may be required prior to implementation of increased expenditures resulting from agreements reached in

accordance with this chapter.

(b) The Legislature finds that federal funding in support of the California Maritime Academy is essential. The trustees may suspend or modify any provision of a memorandum of understanding that jeopardizes federal funding, but shall provide notice to exclusive representatives of any such suspension or modification and shall meet and confer with the exclusive representative, if requested to do so, to explain the need for, and the effects of, the suspension or modification.

(c) Any memorandum of understanding that is in effect at the time that the employer-employee relations of the California Maritime Academy is transferred from the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1), to the Higher Education Employer-Employee Relations Act (Chapter 12 (commencing with Section 3560) of Division 4 of Title 1), shall remain in effect until the end of the term of the memorandum of understanding, upon extension of the contracts in existence on June 30, 1995, or until superseded by a new memorandum of understanding.

(d) If agreement is reached to extend existing memoranda of understanding covering California Maritime Academy employees beyond the current June 30, 1995, expiration date, then any decisions, agreements, or settlements made by the California State University in the administration of the memoranda of understanding relative to employees of the California Maritime Academy shall not be binding upon, or considered as precedent required to be followed by, the Department of Personnel Administration.

(e) This section shall become operative on July 1, 1995.

SEC. 6. Section 19997.15 is added to the Government Code, to read:

19997.15. (a) In order to provide state civil service employees of the California Maritime Academy with an opportunity to remain in the state civil service system, there shall be a transition period from January 1, 1994, to June 30, 1995, inclusive. Any civil service employee of the California Maritime Academy who does not transfer with the California Maritime Academy to the California State University system shall be eligible for all job placement provisions available pursuant to Sections 19998 and 19998.1. Any civil service employee who does not intend to transfer with the academy to the California State University system prior to July 1, 1995, must file a statement, on or before December 30, 1994, in the form as the Director of the Department of Personnel Administration shall prescribe rejecting employment in the California State University. Those employees shall be subject to state civil service layoff and reemployment in accordance with Part 2 (commencing with Section 18500), regulations adopted pursuant to those provisions, provisions of applicable memoranda of understanding, or any other provision governing layoff and reemployment within the state civil service. Any employee who does not file the statement rejecting California

State University employment shall be considered an employee of the California State University, effective July 1, 1995.

(b) In order to provide for the orderly transition of California Maritime Academy employees from the state civil service to the California State University, the following shall apply:

(1) The terms of any memorandum of understanding shall remain in effect until the memorandum of understanding expires or is amended or replaced.

(2) After January 1, 1994, employees of the California Maritime Academy, with the agreement of the exclusive representative and the Trustees of the California State University, may petition the Public Employment Relations Board to effect a bargaining unit modification; however, any modification ordered by the board shall not be effective until July 1, 1995, at the earliest.

(3) If no modification is effected, the state classifications used by the California Maritime Academy on June 30, 1995, shall, on July 1, 1995, be placed in new bargaining units under the Higher Education Employer-Employee Relations Act (Chapter 12 (commencing with Section 3560) of Division 4 of Title 1) for the California Maritime Academy parallel to the bargaining units as they exist on June 30, 1995, and shall continue unless and until a unit modification is ordered by the Public Employment Relations Board.

(4) The exclusive representatives for each state bargaining unit representing California Maritime Academy employees, as those representatives and units exist on June 30, 1995, shall continue as the exclusive representatives for their respective bargaining units unless an election is called, but in no case may any such change in exclusive representative occur prior to July 1, 1995. An election is not required to be held, and if no election occurs, the exclusive representatives shall continue as the exclusive representatives with responsibility to meet and confer with the Trustees of the California State University or their designees on collective bargaining issues. Notwithstanding any provision of the act that added this section to the Government Code, and to the extent authorized by law, the scope of representation shall at least include any subject matter contained in the current memoranda of understanding.

SEC. 7. Section 2 of this act shall become operative on June 30, 1995.

CHAPTER 1299

An act to add and repeal Section 42008.1 of the Vehicle Code, relating to penalties.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 42008.1 is added to the Vehicle Code, to read:

42008.1. Any county that has not operated an amnesty program pursuant to Section 42008 since May 1, 1992, may operate an amnesty program pursuant to this section for delinquent fines and bail imposed for an infraction or misdemeanor violation of this code, except parking violations of this code and violations of Section 23103, 23104, 23152, or 23153. An amnesty program may be operated pursuant to this section for only one time. The program shall be implemented by the courts in accordance with Judicial Council guidelines, and shall apply to infraction or misdemeanor violations of the Vehicle Code, except parking violations, upon which a fine or bail has been delinquent for six months or more as of the first date of the amnesty program.

(b) Under an amnesty program authorized by this section, any person owing a fine or bail that has been delinquent for six months or more, as of the first date of the amnesty program, that was imposed for an infraction or misdemeanor violation of this code, except violations of Section 23103, 23104, 23152, or 23153 or parking violations, may pay to the municipal or justice court the amount scheduled by the court, which shall be either (1) 70 percent of the total fine or bail or (2) the amount of one hundred dollars ($100) for an infraction or five hundred dollars ($500) for a misdemeanor. This amount shall be accepted by the court in full satisfaction of the delinquent fine or bail.

(c) No criminal action shall be brought against any person for a delinquent fine or bail paid under this amnesty program and no other additional penalties shall be assessed for the late payment of the fine or bail made under the amnesty program.

(d) Notwithstanding Section 1463, the total amount of funds collected by the courts pursuant to the amnesty program created by this section shall be deposited in the county treasury.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

CHAPTER 1300

An act to repeal Sections 33336, 44223, and 71093 of the Education Code, to amend Section 1153 of, and to add Section 12420.2 to, the Government Code, to amend Section 770.3 of the Insurance Code, to repeal Section 6054 of the Penal Code, and to repeal Sections 1752.2, 4009.5, and 4414 of the Welfare and Institutions Code, relating to public officers and employees.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 33336 of the Education Code is repealed.

SEC. 2. Section 44223 of the Education Code is repealed.

SEC. 3. Section 71093 of the Education Code is repealed.

SEC. 4. Section 1153 of the Government Code is amended to read:

1153. The Controller shall provide for the administration of payroll deductions as set forth in Sections 1151, 1151.5, and 1152, salary reductions pursuant to Section 12420.2, and may establish, by rule or regulation, procedures for that purpose.

In administering these programs the Controller shall:

(a) Make, cancel, or change a deduction or reduction at the request of the person or organization authorized to have the deduction or reduction. All requests shall be made on forms approved by the Controller.

(b) Obtain a certification from any state agency, employee organization, or business entity requesting a deduction or reduction that they have and will maintain an authorization, signed by the individual from whose salary or wages the deduction or reduction is to be made.

(c) Provide for an agreement from individuals, organizations, and business entities receiving services to relieve the state, its officers and employees, of any liability that may result from making, canceling, or changing requested deductions or reductions. However, no financial institution receiving a payroll service pursuant to this section shall be required to reimburse the state for any error in the payroll service received by that financial institution after 90 days from the month in which the payroll service was deducted from an individual's paycheck.

(d) Determine the cost of performing the requested service and collect that cost from the organization, entity, or individual requesting or authorizing the service. Services requested which are incidental, but not necessary, to making the deduction may be performed at the Controller's discretion with any additional cost to be paid by the requester. At least 30 days prior to implementation of any adjustment of employee costs pursuant to Section 12420.2, the

Controller shall notify in writing any affected employee organization.

(e) Prior to making a deduction for an employee organization or a bona fide association, determine that the organization or association has been recognized, certified, or registered by the appropriate authority.

(f) Decline to make salary services for any individual, organization, or entity if the Controller determines that it is not administratively feasible or practical, or if the Controller determines that the individual, organization, or entity requesting or receiving the salary service has failed to comply with any statute, rule, regulation, or procedure for the administration of salary services.

(g) Make, cancel, or change a deduction or reduction not later than the month subsequent to the month in which the request is received. Except as provided in subdivision (c), all cancellations or changes shall be effective when made by the Controller.

(h) At the request of a state agency, transfer employee deduction authorization for a state-sponsored benefit program from one provider to another if the benefit and the employee contribution remain substantially the same. Notice of the transfer shall be given by the Controller to all affected employees.

SEC. 5. Section 12420.2 is added to the Government Code, to read:

12420.2. The Controller may purchase annuity contracts for permanent employees of the State Department of Education, Department of the Youth Authority, Board of Governors of the California Community Colleges, Department of Corrections, State Department of Mental Health, California Maritime Academy, Commission for Teacher Credentialing, and State Department of Developmental Services and shall reduce the salary of each employee for whom an annuity contract is purchased by the amount of the cost thereof provided that all of the following conditions are met:

(a) The annuity contract is under an annuity plan which meets the requirements of subdivision (b) of Section 403 of the Internal Revenue Code of 1954 and Section 17512 of the Revenue and Taxation Code.

(b) The employee makes application to the Controller for the purchase and reduction of salary.

(c) All provisions of the Insurance Code applicable to the purchase of those annuities are satisfied.

SEC. 6. Section 770.3 of the Insurance Code is amended to read:

770.3. No state department or agency shall negotiate any life or disability insurance or require the placing of that insurance through particular agents, brokers, or companies, except to the extent that the state has a direct financial interest in the subject of the insurance. The state has no financial interest in an annuity purchased for an employee where the premium therefor is paid from a deduction from or reduction in the employee's salary, and any annuity paid for

through a deduction or reduction shall not be deemed to have been provided by the state for its employees for purposes of this section, and the state shall not negotiate or require the placing of the annuity through particular agents, brokers, or companies. Nothing herein contained shall affect the program of life and disability insurance in connection with veterans' farm and home purchases through the Department of Veterans Affairs except that the total life insurance benefit under that program shall in no event exceed one hundred twenty percent (120%) of the unpaid contract balance. Except in those cases where the premium for an annuity is paid entirely from a deduction from or reduction in an employee's salary, nothing contained herein shall affect life or disability insurance programs which may be provided by the state for its employees.

Notwithstanding anything in this section to the contrary, in any case in which a tax-sheltered annuity under an annuity plan which meets the requirements of Section 403(b) of the Internal Revenue Code of 1954 is to be placed or purchased for an employee, the employee shall have the right to designate the licensed agent, broker, or company through whom the employee's employer shall arrange for the placement or purchase of the tax-sheltered annuity. In any case in which the employee has designated an agent, broker, or company, the employer shall comply with that designation, except in the case of designations subject to the provisions of Sections 1153 and 12420.2 of the Government Code.

As used in this section, "state department or agency" shall include, but not be limited to, school districts and the University of California.

CHAPTER 1301

An act to add Chapter 11 (commencing with Section 2900) to Division 3 of the Fish and Game Code, and to add Article 3.1 (commencing with Section 50060) to Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, relating to public improvements.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and determines all of the following:

(a) Natural habitat within various parts of the state is being lost and the existence of fish and wildlife is being jeopardized by increased urbanization and by continuing residential, commercial, and industrial development.

(b) There is a need for additional funding to restore and maintain natural habitat which remains after urbanization, which in many cases may offset and mitigate the loss of habitat from that urbanization.

(c) The conservation of fish and wildlife habitat benefits adjacent land and land within the surrounding local and regional areas by providing to the residents and users of these areas the biological diversity of wildlife, aesthetic and spiritual relief from urbanization, and recreational and educational opportunities. It is the intent of the Legislature that the benefits thereof should be attributed and assessed on a broad geographic basis.

(d) It is the policy of this state, and a matter of statewide concern, to encourage cooperation among cities, counties, associations of local governments, state and federal agencies, and public and private sector interests to conserve natural habitat in coordination with urban development.

SEC. 2. Chapter 11 (commencing with Section 2900) is added to Division 3 of the Fish and Game Code, to read:

CHAPTER 11. HABITAT MAINTENANCE DISTRICTS

2900. This chapter shall be known and may be cited as the Habitat Maintenance Funding Act.

2901. (a) A local agency may establish an assessment district pursuant to Article 3.1 (commencing with Section 50060) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code for the improvement or maintenance of natural habitat, in a manner consistent with the policies and procedures of this code. Funds generated pursuant to this chapter may not be allocated to implement a plan without the approval of the owner of the land to be improved.

(b) A local agency may provide for the long-term maintenance of natural habitat pursuant to Section 50060.5 of the Government Code only pursuant to a plan for the conservation of natural habitat approved by the department.

SEC. 3. Article 3.1 (commencing with Section 50060) is added to Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, to read:

Article 3.1. Habitat Maintenance Assessment Districts

50060. As used in this article:

(a) "District" means a habitat maintenance assessment district formed pursuant to this article.

(b) "Improvement" means one or any combination of the following:

(1) The acquisition, construction, or rehabilitation of any facilities needed to create, restore, enhance, or maintain natural habitat.

(2) The installation or construction of any facilities which are appurtenant to any facilities in paragraph (1) or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

(3) The installation of habitat improvements, including, but not limited to, any of the following:

(A) Land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage.

(B) The maintenance or servicing, or both, of any of the foregoing.

(4) The acquisition of land for habitat maintenance purposes.

(5) The acquisition of any existing improvement otherwise authorized pursuant to this article.

(c) "Incidental expenses" include all of the following:

(1) The costs of preparation of the report, including plans, specifications, estimates, diagrams, and assessment.

(2) The costs of printing, advertising, and the giving of published, posted, and mailed notices.

(3) Compensation payable to the county for collection of assessments.

(4) Compensation of any engineer, scientist, or attorney employed to render services in proceedings pursuant to this article. The compensation shall not exceed the estimated amount required to provide the service.

(5) Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements.

(6) Any expenses incidental to the issuance of bonds or notes pursuant to Section 50068.

(7) The costs of biological monitoring and evaluation of collected data related to the establishment or operation of natural habitat.

(8) The direct costs incurred by the Department of Fish and Game in approving long-term natural habitat maintenance plans pursuant to Section 2901 of the Fish and Game Code.

(d) "Legislative body" means the city council, board of supervisors, or any other governing body of a local agency.

(e) "Local agency" means any city, county, or city and county, whether general law or chartered.

(f) "Maintain" or "maintenance" means the furnishing of services

and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including, but not limited to, all of the following:

(1) Repair, removal, or replacement of all or any part of any improvement.

(2) Providing for the life, growth, health, and beauty of habitat, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.

(3) The removal of trimmings, rubbish, debris, and other solid waste.

(4) The operation and management of natural habitat, including biological monitoring and evaluation of collected data.

(5) The conduct of biological activities necessary to sustain the species being protected.

50060.5. (a) A local agency may, by ordinance or by resolution adopted after notice and hearing, establish a district to provide for the improvement or maintenance of natural habitat. The local agency may perform those functions or contract with the state, another local agency, or a special district to perform those functions. If a local agency establishes a district, it may provide for the levy of assessments for not more than 30 years to pay the cost and incidental expenses of implementing a long-term natural habitat maintenance plan approved by the Department of Fish and Game pursuant to Section 2901 of the Fish and Game Code. Any assessments levied pursuant to this section shall be levied only in accordance with a plan for the conservation of natural habitat approved by the Department of Fish and Game. No plan shall be approved by the Department of Fish and Game unless it contains provisions for the recovery of all costs incurred by the department in its review of the plan for the conservation of natural habitat.

(b) The legislative body of the local agency establishing a district shall serve as the legislative body of the district.

(c) Notwithstanding any other provision of this article, assessments levied pursuant to this article shall not be reduced or terminated if doing so would interfere with the implementation of an approved plan for the conservation of natural habitat.

(d) This article applies only to the implementation of a long-term natural habitat maintenance plan by a district, and does not alter, limit, or otherwise affect any other district that has been, or may be, established pursuant to law, including, but not limited to, any other district relating to wildlife habitat.

(e) The Cortese-Knox Local Government Reorganization Act of 1985, Division 1 (commencing with Section 56000) of Title 6, does not apply to a district formed pursuant to this article.

50061. (a) The ordinance or resolution shall establish uniform assessment rates based on the costs of providing the maintenance or improvement by the district. The assessment shall be related to the benefits to the property assessed. The maximum amount that may be assessed for habitat maintenance on any lot or parcel for purposes of

paying costs incurred in 1994 for long-term maintenance of natural habitat pursuant to this article shall not exceed twenty-five dollars ($25). For subsequent years, the maximum amount that may be assessed for this purpose shall not exceed twenty-five dollars ($25) increased by the percentage increase in the California Consumer Price Index between December 1993 and December of the year prior to the year of the assessment. The total amount assessed shall not exceed the anticipated actual costs of the authorized maintenance of natural habitat.

(b) Notwithstanding subdivision (a), land that is devoted primarily to agricultural, timber, or livestock uses and which is being used for the commercial production of agricultural, timber, or livestock products may be subject to an assessment by a district for the acquisition, construction, or operation and maintenance of natural habitat pursuant to this article only if the legislative body makes both of the following determinations:

(1) The agricultural, timber, or livestock land will be specially benefited by the natural habitat. The determination shall identify the nature of the benefit to the land.

(2) Agricultural, timber, or livestock uses or practices will be eliminated in a manner that will adversely affect the habitat area or the flora or fauna that the natural habitat is intended to protect, or the owner of the land has agreed to the assessment. No land is subject to an assessment until its agricultural, timber, or livestock use is eliminated or until the owner consents to the assessment, whichever occurs first.

(c) Division 4.5 (commencing with Section 3100) of the Streets and Highway Code applies to proceedings in which the legislative body determines to issue bonds or notes pursuant to Section 50068, or to finance a long-term natural habitat maintenance program in a district, and may be applied to any other proceedings pursuant to this article at the discretion of the legislative body.

50061.5. (a) The legislative body of the local agency shall cause to be prepared and filed with the clerk of the local agency a written report which shall contain all of the following:

(1) Plans and specifications for the improvements.

(2) An estimate of the costs of the improvements.

(3) A diagram of the district and a description of each lot or parcel of property proposed to be subject to the assessment.

(4) The amount of the assessment for each lot or parcel for the initial fiscal year and the maximum amount of the assessment that may be levied for each lot or parcel during any fiscal year thereafter.

(5) The duration of the assessment.

(6) The basis of the assessment.

(7) The schedule of the assessment.

(8) A description specifying the requirements for written protests and the protest thresholds necessary for requiring a vote on, or abandonment of, the proposed assessment.

(b) If the report proposes the levy of an assessment for more than

one year to pay debt service on bonds or notes, or to pay for the maintenance of natural habitat, the report shall also contain both of the following:

(1) If bonds or notes will be issued pursuant to Section 50068, an estimate of their principal amount.

(2) A general description of the habitat maintenance program and a statement of the maximum costs of the maintenance program for each year of its expected duration.

50062. (a) The assessment shall refer to the fiscal year to which it applies and shall do all of the following:

(1) State the net amount, determined in accordance with Section 50061, to be assessed upon assessable lands within the district, which shall include an amount sufficient to pay the principal and interest due during the fiscal year from each parcel on any bonds or notes issued pursuant to Section 50068, and shall also include the amount needed to pay for the long-term natural habitat maintenance program of a district.

(2) Describe each assessable lot or parcel of land within the district.

(3) Assess the net amount upon all assessable lots or parcels of land within the district by apportioning that amount among the several lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements.

(b) The assessment may refer to the county assessment roll for a description of the lots or parcels, in which case that roll shall govern for all details concerning the description of the lots or parcels.

50062.5. If a district established pursuant to this article levies an assessment under this article to maintain or improve natural habitat, any lot or parcel is presumed to specifically benefit from the natural habitat if one or all of the following occur:

(a) The past or proposed development or use of that lot or parcel has adversely affected or will adversely affect the habitat area or the flora and fauna which the natural habitat is intended to protect, and the extent to which a parcel benefits from the natural habitat shall be based on the degree to which the past or proposed use of the parcel has adversely affected or will adversely affect the habitat area or the flora or fauna that the natural habitat is intended to protect.

(b) The lot or parcel otherwise benefits from the maintenance or improvement of the habitat area or the flora or fauna that the natural habitat is intended to protect.

50063. After approval of the report, either as filed or as modified, the legislative body shall adopt a resolution of intention. The resolution shall do all of the following:

(a) Declare the intention of the legislative body to order the formation of a district, to levy and collect assessments, and, if desired, to issue bonds or notes, to provide for the long-term maintenance of natural habitat pursuant to this article.

(b) Generally describe the improvements.

(c) Refer to the proposed district by its distinctive designation

and indicate the general location of the district.

(d) Refer to the report on file with the clerk of the local agency for a full and detailed description of the improvements, the boundaries of the district, any bonds or notes to be issued, any provisions for the long-term maintenance of natural habitat, and the proposed assessments upon assessable lots and parcels of land within the district.

(e) Give notice of, and fix a time and place for, a hearing by the legislative body on, among other things, the question of the formation of the district and the levy of the proposed assessment.

50063.5. (a) The legislative body may establish zones or areas of benefit within the district and shall restrict the imposition of assessments to areas lying within those zones or areas of benefit.

(b) The benefit assessment shall be levied on a parcel basis within the boundaries of the district.

(c) The assessment may be levied against any parcel that benefits from habitat maintenance services that may be made available whether or not the service is actually used.

50064. The clerk of the local agency shall cause notice of the filing of the report prepared pursuant to Section 50061.5, and of a time, date, and place of hearing thereon to be published pursuant to Section 6066 of the Government Code and to be posted in at least three public places within the district. The clerk shall also cause a copy of the notice of the filing of the report and of the time, date, and place of hearing thereon to be mailed to each parcel or property owner whose property would be subject to the assessment. The notice shall be mailed at least 45 days prior to the date set for hearing to those persons whose name and address appear on the last equalized county assessment roll, the State Board of Equalization assessment roll, or as known to the clerk. The mailed notice shall include the name of the local agency, the return address of the sender, the amount of the initial assessment, the amount of the maximum assessment, the general description of the improvements that the assessment will fund, the duration and basis of the assessment, the address to which holders of a property interest may mail a protest against the assessment, a statement that a majority protest shall cause the assessment to be abandoned for one year, the dates, times, and location of the public hearings, and a summary of the procedure for making a protest pursuant to Section 50064.5. The notice shall also contain the name and telephone number of the person designated by the legislative body to answer inquiries regarding the protest proceedings.

50064.5. At any time not later than the hour set for the hearing, any holder, whether a fee owner, lessee, or otherwise, of the interest in the property that is proposed to be assessed and who will be obligated to pay any proposed assessment, may make a written protest against the proposed assessment. The protest shall be in writing and shall contain a description of the property and the interest in the property which each signer of the protest represents

sufficient to identify the property. If the signers are not shown on the last equalized assessment roll as the owners of that property, the protest shall contain or be accompanied by written evidence that the signers are the holders of the property interest proposed to be charged and who will be obligated to pay the proposed charge. All protests shall be delivered to the clerk of the local agency and, for the purposes of Section 50065.5, no other protests or objections shall be considered.

50065. (a) At the time, date, and place stated in the notice the legislative body shall hear and consider all protests, if any, to the report referred to in the notice and shall also hear and determine all protests as provided in Section 50065.5. The legislative body may continue the hearing from time to time.

(b) Any written protest may be withdrawn, in writing, by the person who made the protest at any time prior to the conclusion of the protest hearing or any adjournment of the hearing.

50065.5. (a) If the legislative body finds that the protest is made by holders of property interests proposed to be assessed who will be obligated to pay the proposed assessment and that they represent more than 15 percent of the holders but less than 35 percent, and protests are not withdrawn so as to reduce the number to less than 15 percent, the proposed assessment shall either be submitted to approval by a majority of the voters of the assessment district, zone, or area of benefit voting on the proposition or abandoned for not less than one year.

(b) If the holders of the property interests proposed to be assessed protesting equal 35 percent or more of the total number of holders of property interests proposed to be assessed, and the protests are not withdrawn so as to reduce the number to less than 35 percent, the proposed assessment shall be abandoned for not less than one year.

50066. If the local agency is a city, it shall pay the county for costs, if any, incurred by the county in conducting the election. An election called by a legislative body pursuant to this article is subject to all provisions of the Elections Code applicable to elections called by the local agency. The local agency may recover the costs of the election and any other costs of preparing and levying the assessment from the proceeds of the assessment.

50066.5. If it is necessary, in order to find whether a 15 percent or 35 percent protest exists, to determine whether any or all of the signers of written protests are the holders of property interests proposed to be assessed who will be obligated to pay the proposed assessment, the legislative body shall make the determination from the latest equalized assessment roll, any written evidence submitted with a written protest, and any other evidence received at the hearing. The legislative body is under no duty to obtain or consider any other evidence as to the holding of property interests, and its determination of valid protests shall be final and conclusive.

50067. (a) If no protests have been delivered to the clerk up to the hour set for hearing thereon, or if valid protests have been found

by the legislative body to be less than 15 percent of the total number of holders of property interests proposed to be assessed and who will be obligated to pay the proposed assessment, the legislative body may adopt a resolution ordering the improvements and the formation of the district and confirming the diagram and assessment, either as originally proposed by the legislative body or as changed by it. Except as provided in subdivision (b) or (c), the adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the assessment.

(b) If bonds or notes are to be issued pursuant to Section 50068, the adoption of the resolution shall constitute the levy of an assessment for a principal amount which may be collected in annual installments. The clerk shall record a notice and map describing the assessment pursuant to Division 4.5 (commencing with Section 3100) of the Streets and Highways Code.

(c) If the district will finance a long-term natural habitat maintenance program, the adoption of the resolution constitutes the levy of a series of annual assessments for each of several years to pay the costs of maintaining natural habitat pursuant to Section 50060.5. The clerk shall record a notice and map describing the assessments pursuant to Division 4.5 (commencing with Section 3100) of the Streets and Highways Code.

50067.5. The legislative body may provide for the collection of the assessment in the same manner, and subject to the same penalties as, other fees, charges, and taxes fixed and collected by, or on behalf of the local agency. If the assessments are collected by a county on behalf of a city, the county may deduct its reasonable costs incurred for that service before remittal of the balance to the city.

50068. (a) The legislative body may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of the proposed improvements described in Section 50060.5, other than the costs of maintenance and servicing, under either the Improvement Act of 1911 (Division 7 (commencing with Section 5000), S.& H.C.) or the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500), S.& H.C.). Either Part 5 (commencing with Section 6400) of Division 7 or Division 10 (commencing with Section 8500) of the Streets and Highways Code, as the case may be, shall govern all proceedings relating to the issuance of those bonds. The pertinent provisions of that division which apply to the legislative body of a city shall also apply to the legislative body of a district formed pursuant to this article. Alternatively, the legislative body may determine and declare that notes shall be issued for the same purposes for which bonds may be issued. The maximum term to maturity of any notes issued shall not exceed 10 years.

(b) The resolution shall generally describe the proposed improvements specified in Section 50060.5, set forth the estimated cost thereof, specify the number of annual installments and the fiscal years during which they are to be collected, and fix or determine the

maximum amount of each annual installment necessary to retire the bonds or notes. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years. The amount of debt service to retire the notes shall not exceed the amount of revenue to be raised from the assessments over 10 years.

(c) Notwithstanding any other provision of this article, assessments levied to pay the principal of, and interest on, any bond or note issued pursuant to this section, shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

50068.5. The legislative body shall provide by resolution each year for the levy and collection of annual assessments to pay for the long-term maintenance of natural habitat pursuant to this article in the amounts previously authorized. The resolution shall include a diagram and assessment against each lot or parcel subject to assessment for those purposes. If the assessments are to be increased above the amount levied for the previous year, notice of a public meeting and a public hearing, as required by Section 54954.6 of the Government Code, shall be mailed as provided in subdivision (c) of that section. The levy and collection of assessments for those purposes may be coordinated with the levy and collection of assessments pursuant to any other provision of law in any manner that the legislative body determines to be necessary or convenient.

50069. Any resolution providing for the levy of assessments for payment of debt service on bond debt or notes, or for the long-term maintenance of natural habitat, or any hearings upon the formation of a district, or upon the levy of annual assessments after formation of a district shall be concluded and any resolution confirming a diagram and an assessment shall be adopted not later than either of the following dates:

(a) July 1 of the fiscal year during which the assessments are to be collected on the county assessment roll.

(b) A later date, not beyond the third Monday in August, that the county auditor authorizes.

50069.5. (a) Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure applies to any judicial action or proceeding to validate, attack, review, set aside, void, or annul an ordinance or resolution levying an assessment or modifying or amending an existing ordinance or resolution.

(b) If an ordinance or resolution provides for an automatic adjustment in an assessment, and the automatic adjustment results in an increase in the amount of an assessment, any action or proceeding to attack, review, set aside, void, or annul the increase shall be commenced within 90 days of the effective date of the increase.

(c) Any appeal from a final judgment in the action or proceeding brought pursuant to this section shall be filed within 30 days after entry of the judgment.

50070. This article does not limit or prohibit the levy or collection of any other fee, charge, assessment, or tax for habitat maintenance authorized by any other provision of law.

SEC. 4. The purpose of this act is to provide local agencies with additional authority to establish secure and long-term funding sources for implementing long-term natural habitat maintenance plans that are approved by the Department of Fish and Game by assessing lands whose use affects, or has affected, the habitat values to be maintained.

The designation of the office shall be printed flush with the left-hand margin in boldfaced gothic type not smaller than 8-point. The words, "vote for _____" shall extend to the extreme right-hand margin of the column and over the voting square. The designation of the office and the directions for voting shall be separated from the candidates by a light line. There shall be no line between the headings for federal or legislative offices, and the designation of the office and the directions for voting.

SEC. 42. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1303

An act to amend Sections 5060 and 5066 of, and to add Section 5075 to, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 5060 of the Vehicle Code is amended to read:

5060. (a) Any person described in Section 5101 may also apply for a set of special interest license plates, and the department shall issue those special interest license plates in lieu of the regular license plates if the issuance of those plates is authorized by this article. The plates shall provide a space to the left of the numerical series and below the numerical series for a distinctive design or decal as authorized by this article. The plates shall be issued in sequential numerical order. The distinctive design or decal shall be approved by the department.

(b) An organization participating in the special interest license plate program pursuant to this article may indicate to the department its intent to be included in the special interest license plate program and submit its proposed distinctive design for the plate. However, no organization may be included in the program until not less than 5,000 applications for the particular special interest license plates are received. Each organization shall collect and hold applications for the plates until it has received at least 5,000 applications. Once the organization has received at least 5,000 applications, it shall submit the applications, along with the necessary fees, to the department. The organization shall have one calendar year to receive the required applications following enactment of the specific legislation enabling the organization to participate in this program. If, after that calendar year, 5,000 applications have not been received, the organization shall immediately do either of the following:

(1) Refund to all applicants any fees or deposits that have been collected.

(2) Contact the department to indicate the organization's intent to undertake collection of additional applications and fees or deposits for an additional period, not to exceed 12 months, in order to obtain the minimum 5,000 applications. If an organization elects to exercise the option under this paragraph, it shall contact each applicant who has submitted an application with the appropriate fees or deposits to determine if the applicant wishes a refund of fees or deposits or requests the continuance of the holding of the application and fees or deposits until that time that the organization has received 5,000

applications. The organization shall refund the fees or deposits to any applicant so requesting. In no event shall an organization collect and hold applications for a period exceeding two calendar years following the operative date of the specific legislation enabling the organization to participate in the program.

(c) The department shall deduct its costs to develop and administer the special interest license plate program from the revenues collected for the plates.

(d) When payment of renewal fees is not required as specified in Section 4000, or when a person determines to retain the special interest license plate upon a sale, trade, or other release of the vehicle upon which the plate has been displayed, the person shall notify the department and the person may retain and use the plate as authorized by department regulations.

SEC. 2. Section 5066 of the Vehicle Code is amended to read:

5066. (a) This section shall be known, and may be cited, as the Gene Chappie Heritage Network Act of 1992.

(b) The Department of Parks and Recreation may participate in the special interest license plate program. In addition to the regular fees for an original registration, a renewal of registration, or a transfer of registration, the following fees shall be paid by individuals applying for the issuance, renewal, or transfer of a license plate bearing a design or decal conforming to Section 5060, designed by the Department of Motor Vehicles in consultation with the Department of Parks and Recreation:

(1) For the original issuance of the plates, forty dollars ($40).

(2) For a renewal of registration with the plates, thirty dollars ($30).

(3) For transfer of the plates to another vehicle, fifteen dollars ($15).

(4) For each substitute replacement plate, thirty-five dollars ($35).

(5) For each universal decal for existing plates, twenty dollars ($20).

(c) After deducting its administrative costs under this section, the Department of Motor Vehicles shall deposit the additional revenue derived from the issuance, renewal, transfer, and substitution of special interest license plates in the Heritage Network Decal Fund, which is hereby created in the State Treasury. The money in the fund shall be available, upon appropriation by the Legislature, for the purposes of Chapter 1.1 (commencing with Section 5078) of Division 5 of the Public Resources Code. Notwithstanding Sections 5078.2 and 5078.3 of the Public Resources Code, money in the fund shall be available for appropriation during the 1992–93, 1993–94, and 1994–95 fiscal years solely for state park system units and projects along existing and provisional state heritage corridors, including activities to prevent closures, and for completion of the North Central California Heritage Corridors Access Map.

(d) Sections 5106 and 5108 do not apply to license plates issued

pursuant to this section.

(e) Notwithstanding subdivision (b) of Section 5060, if, after one calendar year following receipt of the first application, 5,000 applications have not been received, the Department of Parks and Recreation shall refund to all applicants any fees or deposits that have been collected.

SEC. 3. Section 5075 is added to the Vehicle Code, to read:

5075. (a) The department, in consultation with the California Tahoe Conservancy, shall design and make available for issuance pursuant to this article special environmental design license plates as described in this section. Notwithstanding subdivision (a) of Section 5060, the special environmental design license plates shall bear a full-plate graphic design depicting a significant feature of Lake Tahoe. Any person described in Section 5101 may, upon payment of the additional fees set forth in subdivision (b), apply for and be issued a set of special environmental design license plates. The additional fees prescribed in Sections 5106 and 5108 shall be deposited in the Environmental License Plate Fund.

(c) Except as provided in paragraph (5) of subdivision (b), and after deducting its administrative costs under this section, the department shall deposit the additional revenue derived from the issuance, renewal, transfer, and substitution of special environmental design license plates in the Lake Tahoe Conservancy Account, which is hereby created in the California Environmental License Plate Fund. Upon appropriation by the Legislature, the money in the account shall be allocated by the Controller to the California Tahoe Conservancy or its successor for expenditure for the exclusive trust purposes of preservation and restoration projects in the Lake Tahoe area and for the purpose of establishing and improving trails, pathways, and public access for nonmotorized traffic in that area.

SEC. 4. The Department of Motor Vehicles shall undertake a study to determine whether the issuance of special Lake Tahoe

Conservancy personal vehicle license plates pursuant to Section 5075 of the Vehicle Code resulted in a decreased demand for the issuance of environmental license plates, as defined in Section 5103 of the Vehicle Code. The department shall report the results of that study to the Legislature on or before January 1, 1996.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that there is sufficient time for organizations that participate in the special license plate program to obtain the required number of applications to be included in the program, it is necessary that this act take effect immediately.

CHAPTER 1307

An act to amend Sections 56076, 56331, 56375, 56455, 56827.5, 56837, 56839, and 56852 of, and to add Sections 56133, 56839.1, 57008, and 57092 to, the Government Code, relating to local government agency reorganization.

[Approved by Governor October 11, 1993. Filed with Secretary of State October 11, 1993.]

The people of the State of California do enact as follows:

SECTION 1. Section 56076 of the Government Code is amended to read:

56076. "Sphere of influence" means a plan for the probable physical boundaries and service area of a local agency, as determined by the commission.

SEC. 2. Section 56133 is added to the Government Code, to read:

56133. A city or district may provide new or extended services by contract or agreement outside its jurisdictional boundaries only if it first requests and receives written approval from the commission in the affected county. The commission may authorize a city or district to provide new or extended services outside its jurisdictional boundaries but within its sphere of influence in anticipation of a later change of organization. This section does not apply to contracts or agreements solely involving two or more public agencies. This section does not apply to contracts for the transfer of nonpotable or nontreated water. This section does not apply to contracts or agreements solely involving the provision of surplus water to agricultural lands for projects that serve conservation purposes or that directly support agricultural industries. However, prior to extending surplus water service to any project that will support or induce development, the city or district shall first request and receive written approval from the commission in the affected county. This section shall not apply to an extended service that a city or district was providing on January 1, 1993.

SEC. 3. Section 56331 of the Government Code is amended to read:

56331. When appointing a public member pursuant to Sections 56325, 56326, 56329, and 56330, the commission may also appoint one alternate public member who may serve and vote in place of a regular public member who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of a regular public member becomes vacant, the alternate member may serve and vote in place of the former regular public member until the appointment and qualification of a regular public member to fill the vacancy.

No person appointed as a public member or alternate public member pursuant to this chapter shall be an officer or employee of

the county or any city or district with territory in the county, provided, however, that any officer or employee serving on January 1, 1994, may complete the term for which he or she was appointed.

SEC. 4. Section 56375 of the Government Code is amended to read:

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization. Effective July 1, 1994, the commission may initiate proposals for consolidation of districts, as defined in Section 56036, dissolution, merger, or establishment of a subsidiary district, or a reorganization that includes any of these changes of organization. A commission shall only have the authority to initiate a consolidation of districts, dissolution, merger, establishment of a subsidiary district, or a reorganization that include any of these changes of organization, if that change of organization or reorganization is consistent with a recommendation or conclusion of a study prepared pursuant to Section 56378 or 56425. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory which the commission finds is either:

(1) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area, which is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions which would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. This paragraph does not prohibit a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

(b) With regard to a proposal for annexation or detachment of

territory to, or from, a city or district or with regard to a proposal for reorganization which includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

(d) To approve the annexation to a city after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election, if the commission finds that the territory contained in an annexation proposal meets all of the following requirements:

(1) It does not exceed 75 acres in area, that area constitutes the entire island, and the island does not constitute a part of an unincorporated area which is more than 100 acres in area.

(2) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(3) It is substantially developed or developing. The finding required by this subparagraph shall be based upon one or more factors, including, but not limited to, any of the following factors:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

(4) It is not prime agricultural land, as defined by Section 56064.

(5) It will benefit from the annexation or is receiving benefits from the annexing city.

(e) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56111, located in the same county as that in which the city is located, and which is owned by a city and used for municipal purposes and to authorize the conducting authority to annex the territory without notice and hearing.

(f) Subject to Section 56029, to designate in the resolution making determinations the conducting authority for proceedings.

(g) When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of

the city to which annexation is proposed.

(h) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county clerk to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation.

(i) To adopt written procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 56841. Any standards adopted by the commission shall be written.

(j) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653 and the initiation of a change of organization or reorganization pursuant to subdivision (a).

(k) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(*l*) To incur usual and necessary expenses for the accomplishment of its functions.

(m) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(n) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(o) To waive the restrictions of Section 56109 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(p) To waive the application of Section 25210.90 or Section 22613 of the Streets and Highways Code if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(q) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56842.

SEC. 5. Section 56455 of the Government Code is amended to read:

56455. If an independent special district adopts a resolution pursuant to subdivision (a) of Section 56453, it shall immediately forward a copy of the resolution to the executive officer. Upon receipt of those resolutions from a majority of independent special districts within a county, the commission, at its next regular meeting, shall adopt a resolution of intention pursuant to Section 56458.

SEC. 6. Section 56827.5 of the Government Code is amended to read:

56827.5. Notwithstanding Section 56827, the commission shall not approve a proposal for incorporation, consolidation of districts, dissolution, merger, or establishment of a subsidiary district, or a reorganization that includes any of these changes of organization until it has considered any other change of organization which conflicts with the subject proposal and which was submitted to the commission within 60 days of the submission of the subject proposal.

SEC. 7. Section 56837 of the Government Code is amended to read:

56837. (a) If a petition for an annexation, a detachment, or a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is signed by all of the owners of land within the affected territory of the proposed change of organization or reorganization, or if a resolution of application by a legislative body of an affected district, affected county, or affected city making a proposal for an annexation or detachment, or for a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is accompanied by proof, satisfactory to the commission, that all the owners of land within the affected territory have given their written consent to that change of organization or reorganization, the commission may approve or disapprove the change of organization or reorganization, without notice and hearing by the commission. In those cases, the commission may also approve and authorize the conducting authority to conduct proceedings for the change of organization or reorganization under any of the following conditions:

(1) Without notice and hearing.

(2) Without an election.

(3) Without notice, hearing, or an election.

(b) The executive officer shall give any district or city whose boundaries would be changed by a proposed change of organization or reorganization which could be subject to the provisions of this section mailed notice of the filing of the petition or resolution of application initiating proceedings by the commission. The commission shall not, without the written consent of the district or city whose boundaries would be changed by the proposed change of organization or reorganization, take any further action on the petition or resolution of application for 10 days following that mailing. Upon written demand by an affected district or affected city, filed with the executive officer during that 10-day period, the commission shall make determinations upon the petition or

resolution of application only after notice and hearing on the petition or resolution of application. If no written demand is filed, the commission may make those determinations without notice and hearing. By written consent, which may be filed with the executive officer at any time, a district or city may do any of the following:

(1) Waive the requirement of mailed notice.

(2) Consent to the commission making determinations without notice and hearing.

(c) The commission may waive conducting authority proceedings entirely if all of the following conditions apply:

(1) The subject area is uninhabited.

(2) All the owners of land within the affected territory have given their written consent to the change of organization or reorganization.

(3) All affected agencies that will gain territory as a result of the change of organization or reorganization have consented in writing to a waiver of conducting authority proceedings.

SEC. 7.5. Section 56839 of the Government Code is amended to read:

56839. (a) If a majority of the members of each of the legislative bodies of two or more local agencies adopt substantially similar resolutions of application making proposals either for the consolidation of districts or for the reorganization of all or any part of the districts into a single local agency, the commission shall approve, or conditionally approve, the proposal. The commission shall authorize the board of supervisors to order the consolidation or reorganization without an election, except as otherwise provided in subdivision (b) of Section 57081.

(b) Before ordering any material change in the provisions or the terms and conditions of the consolidation or reorganization, as set forth in the proposals of the local agencies, the commission shall direct the executive officer to give each local agency mailed notice of that change. The commission shall not, without the written consent of all local agencies, take any further action on the consolidation or reorganization for 30 days following that mailing. Upon written demand by any of the districts, filed with the executive officer during that 30-day period, the commission shall make determinations upon the proposals only after notice and hearing proposals. If no written demand is filed, the commission may make those determinations without notice and hearing.

(c) Where the commission has initiated a change of organization or reorganization affecting more than one special district, the commission may utilize and is encouraged to utilize a reorganization committee to review the proposal.

SEC. 8. Section 56839.1 is added to the Government Code, to read:

56839.1. (a) Notwithstanding Sections 57077 and 57087, the

commission shall authorize the conducting authority to order the consolidation of districts, dissolution, merger, or establishment of a subsidiary district, or a reorganization that includes any of these changes of organization without an election, except as otherwise provided in subdivision (b) of Section 57081 and Section 57092.

(b) Notwithstanding subdivision (a), the commission shall not authorize the conducting authority to order a merger or establishment of a subsidiary district without the consent of the affected city.

SEC. 9. Section 56852 of the Government Code is amended to read:

56852. The resolution making determinations shall also do all of the following:

(a) Make any of the findings or determinations authorized or required pursuant to Section 56375.

(b) For any proposal initiated by the commission pursuant to subdivision (a) of Section 56375, make both of the following determinations:

(1) Public service costs of a proposal that the commission is authorizing are likely to be less than or substantially similar to the costs of alternative means of providing the service.

(2) A change or organization or reorganization that is authorized by the commission promotes public access and accountability for community services needs and financial resources.

(c) If applicable, assign a distinctive short-term designation to the affected territory and a description of the territory.

(d) Direct the appropriate conducting authority to initiate proceedings in compliance with the resolution.

SEC. 10. Section 57008 is added to the Government Code, to read:

57008. For any proposal initiated by the commission pursuant to subdivision (a) of Section 56375, the conducting authority shall hold a public hearing in the affected territory.

57092. (a) Notwithstanding Sections 57081, 57083, 57087, 57087.5, or 57089, for any proposal that was initiated by the commission pursuant to subdivision (a) of Section 56375, the conducting authority shall order the change of organization or reorganization subject to confirmation by the voters if the conducting authority finds either of the following:

(A) At least 10 percent of the number of landowners within any affected district within the affected territory who own at least 10 percent of the assessed value of land within the territory.

(B) At least 10 percent of the voters entitled to vote as a result of residing within, or owning land within, any affected district within the affected territory.

(2) In the case of a landowner-voter district, that the territory is

inhabited and a petition requesting that the proposal be submitted to confirmation by the voters has been signed by at least 10 percent of the number of landowners within any affected district within the affected territory, owning at least 10 percent of the assessed value of land within the territory.

(b) The petition shall be filed with the conducting authority within 30 days after the public hearing required pursuant to this chapter has been held. If a petition has been filed, the conducting authority shall approve the proposal subject to confirmation by the voters.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

WHEREAS, On March 15, 1993, the United States Secretary of Defense will present recommendations to the commission that certain United States military bases be closed or realigned; and

WHEREAS, On July 1, 1993, after holding public hearings, the commission will transmit its recommendations to President Clinton; and

WHEREAS, The current eight-member panel has members from New York, Illinois, New Jersey, and Maryland, but no one from California; and

WHEREAS, Seven percent of California's economy is currently directly related to defense spending and five percent of California's work force has direct or indirect ties to defense spending; and

WHEREAS, The State of California, in large part due to recent military base closings, is currently experiencing its most severe economic crisis since the Great Depression; and

WHEREAS, Any additional California military base closings will only further compound the state's economic difficulties and will strip California of even more jobs in this time of mounting unemployment; and

WHEREAS, California's bases, in addition to providing critical

jobs, are in close proximity to excellent technological and educational centers; and

WHEREAS, California's bases are of strategic importance in that they ensure a strong military presence on the West Coast and provide mobile military personnel and equipment capable of rapid deployment virtually anywhere throughout the world; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President to appoint, on or before January 25, 1993, new members to the Base Closure Commission who represent California to ensure that California is adequately represented on the Base Closure Commission; and be it further

RESOLUTION CHAPTER 3

Assembly Concurrent Resolution No. 2—Relative to the California Commission on African-American Males.

[Filed with Secretary of State February 16, 1993.]

WHEREAS, Statistical studies chronicling the status of African-American males in American society reveal startling and disturbing conditions and trends; and

WHEREAS, By every indicia measuring achievement, success, and quality of life in American society, African-American males are facing a prodigious struggle for survival while fighting formidable opponents; and

WHEREAS, National statistics indicate that one of every 22 African-American males will die as a result of homicide and that one of every six African-American males will be arrested by the age of 19 years; and

WHEREAS, African-American males make up less than 3 percent of California's total college and university enrollment; and

WHEREAS, African-American males suffer from more debilitating health problems, a higher death rate, and a lower life expectancy than males in other ethnic and racial groups; and

WHEREAS, Between the years 1973 and 1988, the average real annual income for African-American males in the United States between the ages of 20 and 24 years fell by more than 50 percent; and

the status of African-American males; and

WHEREAS, There should be a study to determine the California dynamics relative to the increasing misfortunes and the social distress affecting African-American males in American society; and

Assembly Concurrent Resolution No. 18—Relative to proclaiming Black History Month.

[Filed with Secretary of State February 16, 1993.]

WHEREAS, Americans of African descent helped develop our nation in countless ways, those recognized, unrecognized, and unrecorded; and

WHEREAS, The contributions of Black American citizens as scientists, inventors, educators, farmers, homemakers, and explorers of earth and sky have been recognized annually during Black History Month; and

WHEREAS, The history and contributions of Black American citizens were consistently overlooked and undervalued in the curriculum of public education institutions prior to the Civil Rights Act of 1964; and

WHEREAS, Carter Goodwin Woodson, a Black historian,

recognized these accomplishments and, on February 7, 1926, created one of the cultural landmarks of contemporary America, "Negro History Week"; and

WHEREAS, In the 1960's, during the height of the Civil Rights Movement, "Negro History Week" was expanded to "Black History Month"; and

WHEREAS, Innumerable Black citizens have contributed to the history of California, including the first Black citizen elected to the California Legislature, former Assembly Member Frederick Roberts, who served his constituents from 1918 to 1934; now, therefore, be it

Resolved, That the Chief Clerk of the Assembly prepare suitably prepared copies of this resolution for appropriate distribution.

RESOLUTION CHAPTER 5

Assembly Joint Resolution No. 13—Relative to Los Angeles Air Force Base.

[Filed with Secretary of State March 9, 1993.]

WHEREAS, The Space and Missile Systems Center at Los Angeles Air Force Base is a unique, successful military installation and a valuable resource to the people of Los Angeles; and

WHEREAS, The mission of the Space and Missile Systems Center at Los Angeles Air Force Base revolves around the procurement, development, and testing of satellites and launch vehicles; and

WHEREAS, The space arm of the military is the only part of the defense budget not in decline; and

WHEREAS, Closing the Space and Missile Systems Center and Los Angeles Air Force Base would result in the loss of up to 80,000 jobs; and

WHEREAS, The connection between Los Angeles Air Force Base, the aerospace industry as a whole, and California's recent economic troubles cannot be overlooked. Nationally, aerospace employment represents about 2 percent of total United States employment and less than 9 percent of all manufacturing employment. About one-quarter of all aerospace employment is in California, representing 4 percent of the state's total employment, but a significant 21 percent of the state's manufacturing jobs. Most of the country's major aerospace corporations are located in California, and

in Los Angeles, aerospace accounts for over 26 percent of all manufacturing employees who work in the county; and

WHEREAS, The recent recession and scaled back defense spending policies have hit California especially hard. Aerospace employment declined 14 percent following the peak year of 1987, when it accounted for nearly 500,000 jobs, and in Los Angeles, the losses were significantly greater, at 20.3 percent. Not only is aerospace more important to Los Angeles, but the losses over the past several years have been much more dramatic. When expressed as a percentage of manufacturing, aerospace employment is three times as important to Los Angeles as a whole. When combined with an aerospace employment decline that was, in percentage terms, twice as large, the relative effect of the Los Angeles aerospace declines has been six times as great as that in the rest of the country; and

WHEREAS, The base's economic impact to the state was worth $9.4 billion in 1991, and the economic impact within Los Angeles County was $5.4 billion. Shutting down the base will cost over 8,000 jobs immediately and approximately 70,000 shortly thereafter, because, if the base leaves, there is no reason for the aerospace industry to stay. The loss of those jobs will result in a loss of $1.2 billion in purchasing power in and around the South Bay area of Los Angeles alone; and

WHEREAS, Even if the Base Closure Commission decides to leave Los Angeles Air Force Base open, southern California is still expected to lose between 200,000 and 375,000 aerospace jobs by 1995. Shutting down Los Angeles Air Force Base would add another 80,000 jobs to that total; and

WHEREAS, Closing down Los Angeles Air Force Base is not part of the peace dividend. Closing the gates in Los Angeles will not reduce the mission of the Space and Missile Systems Center; it will only move that mission and those jobs to a state that has not experienced the severity of aerospace job losses that California has undergone; and

WHEREAS, The federal Base Closure Commission still does not have a California representative on it; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to keep Los Angeles Air Force Base off the list of planned base closures for 1993 and 1995; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Secretary of Defense, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 6

Assembly Joint Resolution No. 15—Relative to March Air Force Base.

[Filed with Secretary of State March 12, 1993.]

WHEREAS, March Air Force Base has a long and distinguished record of military service which is well documented in the annals of United States Air Force history; and

WHEREAS, March Air Force Base, originally called Alessandro Aviation Field, opened on March 1, 1918. It was then renamed March Field in honor of Lieutenant Peyton C. March, who died in an aircraft accident the previous month; and

WHEREAS, Used initially during World War I to train pilots, March Air Force Base has served as a primary flying and antiaircraft training school, tactical bomber and pursuit training base, and aircraft test base, as well as a key installation of the former Strategic Air Command. Many aviation pioneers either served or trained at March Air Force Base, including General Jimmy Doolittle, General Henry "Hap" Arnold, General Carl "Tooey" Spaatz, and General Curtis Lemay; and

WHEREAS, In 1931, March Field then included the Headquarters, 1st Wing, 17th Pursuit Group, and the 19th Bombardment Group. The 9th and 31st Bomb Squadrons were also reactivated and assigned to March Field in July of that year; and

WHEREAS, In 1938, March Field became the central base for west coast bombing and gunnery training and, in 1940, the National Guards from California and Illinois were assigned to March Field to train in antiaircraft protection; and

WHEREAS, In 1941, tests were conducted at March Field that proved that jet-assisted takeoffs were feasible. In 1942, liquid rockets were successfully used to assist A-20's on takeoff, paving the way for the jet age; and

WHEREAS, As the United States entered World War II in 1941, March Field provided training for many soon-to-be-famous air and bombardment crews. During the height of the war, the base supported almost 75,000 troops; and

WHEREAS, Following the war, March Field retained its role as an operational fighter base until the Strategic Air Command took over control in 1949. The 22nd Bombardment Wing was assigned to March Air Force Base as the senior host tactical unit and, at that same time, the 15th Air Force, which is Air Force Headquarters for the Western United States, was transferred from Colorado Springs, Colorado, to March Air Force Base; and

WHEREAS, From 1949 through 1953, March Air Force Base's B-29 Superfortresses saw action in the Korean War. During a brief four-month period, they contributed to the elimination of all strategic enemy targets; and

WHEREAS, In 1963, March Air Force Base began a new era as eight global-range B-52 Stratofortresses arrived for duty. The base received its first KC-135 Stratotanker in support of its refueling missions to begin the following month. The B-52s also served in the Strategic Alert operation which represented the United States' primary defense against potential Cold War attacks; and

WHEREAS, In the Vietnam War, the 22nd Bombardment Wing flew hundreds of missions over Southeast Asia, including the famous Young Tiger, Rolling Thunder, Arc Light, and Linebacker II operations. Throughout the years of the conflict, March Air Force Base also served as a logistical springboard for the supplies and equipment en route to the Pacific. As the war drew to a close, the base operated as one of the many reception centers for returning prisoners of war; and

WHEREAS, In early 1976, March Air Force Base turned over a large area in western March Air Force Base to the Veterans Administration to be used as a Veterans Administration National Cemetery. The site, Riverside National Cemetery, officially opened on November 11, 1978. Also in 1976, the first Air Force Reserve unit to become part of the Strategic Air Command's tanker force, the 452nd Air Refueling Wing, was transferred to March Air Force Base; and

WHEREAS, In 1982, as the B-52s were retired, the 22nd Air Refueling Wing embarked on yet another era with the delivery of the wide-bodied KC-10A Extender. The 22nd Air Refueling Wing, which conducts worldwide aerial refueling and airlift missions, represents the only such unit of the newly activated Air Mobility Command in the Western United States; and

WHEREAS, In 1989, March Air Force Base crews flew numerous critical missions in support of Operation Just Cause, the successful Panamanian operation that ousted General Manuel Noriega; and

WHEREAS, In 1990 through 1991, March Air Force Base performed a vital role in the Desert Shield and Desert Storm operations. The massive KC-10s importance became particularly apparent as it provided the "aerial bridge" necessary to deploy the thousands of troops and military equipment. The extensive training sorties involving the F117 Stealth fighter paid dividends as March Air Force Base crews transported the Stealth fighter for the first time on a major tactical air deployment. The KC-10 clearly played an invaluable role in the Gulf War victory; and

WHEREAS, In December of 1992, March Air Force Base became the primary western port of departure for marines headed to Somalia in support of Operation Restore Hope. KC-10s from March Air Force Base and other Air Mobility Command bases have flown over 200 missions departures, loaded and deployed more than 12.2 million pounds of cargo, deployed over 9,000 passengers, and delivered more than 4 million gallons of fuel to United States Air Force aircraft; and

WHEREAS, Thousands of retired military and civilian personnel reside within one hour of March Air Force Base, utilizing the hospital

and facilities. Many of these retirees are active in civic and community groups that support March Air Force Base, including the Riverside and Moreno Valley Chambers of Commerce, the Silver Eagles, and the local Air Force Association chapter; and

WHEREAS, The March Field Museum is one of the largest Air Force museums in the nation with 53 different aircraft on display. Over 70,000 visitors pass through the museum each year, viewing the base's history and one of the largest collections of World War II memorabilia. The museum is currently in the process of expanding and expects double the number of tourists it receives each year; and

WHEREAS, Air Force Village West, a 153-acre retirement community for retired military officers, lies adjacent to March Air Force Base. The community provides our retired officers and their spouses with a skilled nursing facility, 24-hour security, and health care facilities; and

WHEREAS, March Air Force Base, the oldest Air Force base on the west coast and third oldest in the United States, spans over 7,000 acres and employs more than 6,000 military and civilian personnel and is a vital economic cornerstone in Riverside County providing some 13,000 jobs and over $1.5 billion in payroll and purchases each year. The base is strategically located in the southwest corner of the United States, poised to fly critical air refueling and air mobility missions in support of our nation's efforts throughout the Pacific and Latin America; and

WHEREAS, March Air Force Base is clearly one of the most vital national defense installations in the United States and is celebrating its 75th year of distinguished service in 1993; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the California State Legislature declares the month of March 1993 to be "March Air Force Base Month" and hereby appeals to President Clinton and the Defense Base Closure and Realignment Commission to retain March Air Force Base as a fully operational active duty military base; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 7

Assembly Joint Resolution No. 23—Relative to California military bases.

[Filed with Secretary of State March 12, 1993.]

WHEREAS, A proposed list of United States military base closures for fiscal year 1994, devised by the Department of Defense under the

previous administration, and inherited by the current administration of President Clinton, has been informally released and will be formally released on March 15, 1993; and

WHEREAS, This list comprises 29 proposed base closures, 11 of which are in California at an estimated cost of 85,000 military and civilian on-base jobs, using 1991 Department of Defense figures, plus an estimated 220,000 off-base jobs that depend on business generated by base personnel and contracts; and

WHEREAS, The consequences of these proposed base closures affect California disproportionately and adversely at a time when California suffers the nation's highest unemployment level, assessed at 9.7 percent by the Employment Development Department; and

WHEREAS, New job losses from proposed base closures would be devastating in California counties such as Alameda County, Los Angeles County, Orange County, Contra Costa County, Sacramento County, and Riverside County, where the bases are located, and in surrounding counties as well; and

WHEREAS, California counties are making timely efforts to devise and implement conversion strategies for threatened industries; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature urgently requests President Clinton to review and revise the Department of Defense list of proposed base closures for fiscal year 1994 to ensure that recommendations concerning California are in accord with the administration's stated goal of reviving the state's economy, which is the underpinning of the nation's economy; and be it further

Resolved, That the Legislature urges President Clinton to reconsider base closures in states that have an unemployment rate of 9 percent or higher; and be it further

Resolved, That the Legislature requests President Clinton to delay official release of the proposed base closure list for 30 days beyond the March 15, 1993, release date presently scheduled to ensure adequate time for the Secretary and Undersecretary of Defense to review the proposed base closure list and assess its cumulative impact on the California economy as well as the national economy; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 8

Assembly Joint Resolution No. 2—Relative to Operation Restore Hope.

WHEREAS, On December 5, 1992, then President Bush announced that the United Nations Security Council, by unanimous vote, had welcomed the offer of the United States to lead a coalition to get food through to Somalia; and

WHEREAS, President Bush promptly ordered that a substantial American force be sent to Somalia under the name of "Operation Restore Hope"; and

WHEREAS, The United States Air Force, Army, Marine Corps, and Navy, as well as National Guard and reserve units, are carrying out Operation Restore Hope; and

WHEREAS, California-based units involved in Operation Restore Hope include all of the following: the 452nd Air Refueling Wing, United States Air Force Reserve, March Air Force Base; the 940th Air Refueling Group, United States Air Force Reserve, Mather Air Force Base; the 349th Airlift Wing, United States Air Force Reserve, Travis Air Force Base; the 445th Airlift Wing, United States Air Force Reserve, Norton Air Force Base; the 1st Marine Expeditionary Force, Camp Pendleton; Naval Mobile Construction Battalion 40, United States Navy, Port Hueneme Naval Construction Battalion Center; Naval Beach Group 1, United States Navy, Coronado Naval Amphibious Base; the 60th Airlift Wing, United States Air Force, Travis Air Force Base; and the 63rd Airlift Wing, United States Air Force, Norton Air Force Base; and

WHEREAS, Since 1923, The Ramona Pageant Association, Inc., a California nonprofit public benefit corporation, and the citizens of the communities of Hemet and San Jacinto in Riverside County have annually presented this historical drama based on the 1884 Helen Hunt Jackson novel, *Ramona*, to over two million play attendees; and

WHEREAS, There have been at least eight other stage plays of Ramona, none of which have survived, five movies made of the story, and a song written about it; and

WHEREAS, The Helen Hunt Jackson book *Ramona* has never been out of print since it was published in 1884, an exception in novels, and *Ramona* was required reading in California schools for many years as a tool for teaching the history of the ethnic groups and their contribution to California history; and

WHEREAS, The Pasadena Playhouse is the "State Playhouse" but there is no designated state play; and

WHEREAS, Well-known individuals who have appeared in the Ramona Pageant include Racquel Welch, Anne Archer, Victor Jory, Jean Innes, and Jeff Meek; and

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Ramona Pageant is hereby designated as the California State Outdoor Play; and be it further

RESOLUTION CHAPTER 10

Senate Joint Resolution No. 9—Relative to California military bases.

[Filed with Secretary of State March 19, 1993.]

WHEREAS, California military installations have a long and distinguished record of military service that is well documented in the annals of Armed Forces history; and

WHEREAS, California military bases are of strategic importance in that they ensure a strong military presence on the west coast and provide military personnel and equipment capable of rapid deployment to the Pacific Ocean and beyond; and

WHEREAS, Pursuant to the United States Base Closure and Realignment Act, the United States Secretary of Defense on March 15, 1993, will present recommendations to the Base Closure Commission that certain United States military bases be closed or realigned; and

WHEREAS, The Base Closure Commission has to date recommended an inordinately large number of California military bases for closure or realignment and that, as a result, California has already suffered over 50 percent of the combined military and civilian jobs slated to be lost nationally through base closures; and

WHEREAS, California bases that are closed or closing include Sacramento Army Depot, Mather Air Force Base, Hamilton Army Air Field, the Presidio of San Francisco, Hunter's Point Naval Annex, Moffett Field Naval Air Station, Castle Air Force Base, Fort Ord Army Base, George Air Force Base, Norton Air Force Base, Long Beach Naval Station, Tustin Marine Air Station, and Salton Sea Navy Base; and

WHEREAS, Additional California bases that may be closed include McClellan Air Force Base, Mare Island Naval Shipyard, Oakland Navy Supply Center, Treasure Island Naval Station, Alameda Naval Air Station, the Monterey Presidio, Long Beach Naval Shipyard, El Toro Marine Air Station, and March Air Force Base; and

WHEREAS, The State of California, in large part due to previous defense cuts, is currently experiencing its most severe economic crisis since the Great Depression; and

WHEREAS, The closure of additional California military bases will have a profound adverse impact on California's already-troubled economy and will strip the state of more jobs in this time of mounting unemployment; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President of the United States and the United States Secretary of Defense to postpone closure of any additional California military bases until the full impact of the economic upheaval can be assessed; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States, to Secretary of Defense Les Aspin, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 11

Assembly Joint Resolution No. 8—Relative to immigrants.

[Filed with Secretary of State March 19, 1993.]

WHEREAS, Immigration to the United States of America, primarily people from Europe, in search of religious, political, social, and economic freedom, has been constant since the late 17th Century; and

WHEREAS, These same forces currently impel the newest wave of immigrants from Mexico, Central and South America, Europe, and Asia; and

WHEREAS, Although the East Coast was once the bustling geographic center of United States immigration, California has now become the major entry port for immigrants from throughout the world venturing to America in search of a better life; and

WHEREAS, Immigrants contribute to the richness of American life and mightily to the economy, by paying millions annually in taxes, by filling jobs that help keep domestic industry competitive, and by revitalizing once-decaying communities; and

WHEREAS, No American can ignore the great benefits, energy, and creativity that these immigrants bring to California and the rest of the nation; and

WHEREAS, In recent years, California has received more documented immigrants than any other state in the nation. Since 1980, California received nearly one-third of all legal immigrants, over four times more than Texas, the state with the second highest number; and

WHEREAS, There are approximately 1.3 million undocumented immigrants, representing countries throughout the world, living in California, more than one-half of all undocumented immigrants living in the United States, and nearly 100,000 more undocumented immigrants enter California each year; and

WHEREAS, California is spending $4.8 billion a year for immigration-related services, including $1.7 billion for services related to the undocumented; and

WHEREAS, Since documented and undocumented immigrants and their children born in the United States enter our state and country as a result of national policy decisions and federal action, and since judicial decisions mandate the provision of service to immigrants regardless of status, the federal government clearly has

a responsibility to assist states and local communities in the provision of these mandated services; and

WHEREAS, Acting in good faith under the law, California has provided services of health care, education, job training, and public assistance for this new population, despite the failure of the federal government to reimburse California in needed amounts, as promised and provided for under federal law; and

WHEREAS, California is still mired in a deep recession and is reeling from catastrophic natural disasters and a multiyear fiscal crisis and can ill-afford to continue funding federal obligations at the expense of critical state and local programs; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress of the United States to assume responsibility for $1.5 billion of the cost impact of its immigration and refugee policy on California's taxpayers and treasury; and be it further

Resolved, That California has shouldered these burdensome immigration costs with little assistance from the federal administration, and therefore the people of California rightfully and optimistically look toward our new administration for the financial resources owed to meet these federal programs mandated upon California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 12

Assembly Concurrent Resolution No. 32—Relative to designating March 21 through 27, 1993, as Mediation Week.

[Filed with Secretary of State March 22, 1993.]

WHEREAS, The legal needs of our society have increased dramatically; and

WHEREAS, In an effort to ameliorate these conditions, restore harmony, improve relations between citizens and within neighborhoods and families, and relieve the growing burden on our judiciary, many of our citizens have turned to dispute resolution services, with resultant social and economic benefits; and

WHEREAS, Mediation, which provides parties with a simplified and economical procedure for obtaining prompt and equitable resolution of their disputes and a greater opportunity to participate directly in resolving of their disputes, has proven over the years to

be one of the most effective of these Alternative Dispute Resolution (ADR) techniques; and

WHEREAS, California has had mandatory mediation of child custody and visitation disputes since 1981, and evaluations of these programs have found that mediation has resulted in the resolution of over two-thirds of the mediated disputes and achieved a high satisfaction rate among the participants; and

WHEREAS, Studies by the Rand Corporation and others show that the use of mediation and other appropriate ADR processes can reduce the time, cost, and stress of resolving disputes in many cases, both to disputants, by reducing costs for such things as expert witnesses and trial preparation, and to the justice system as a whole by as much three-fold to five-fold over the cost of traditional court processing of civil cases; and

WHEREAS, The State Bar of California and many local bar associations are engaged in promoting the use of mediation and raising public consciousness about its merits, and are seeking to increase public use of and support for alternative dispute resolution applications; and, to that end, are cooperating in many activities to assist counties and dispute resolution providers in their efforts at serving citizens; and

WHEREAS, The State of California now has thousands of citizens trained as mediators and many agencies, organizations, and attorneys who specialize in providing related services and ready assistance to those in need of services; now therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates the week of March 21 through 27, 1993, as Mediation Week, in order to afford an opportunity for the citizens of California to become aware of the availability of mediation and other ADR techniques as options for solving their legal problems, and to express sincere appreciation to our citizens who are working diligently in assisting fellow citizens and businesses in the resolution of conflict and the settlement of disputes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California.

WHEREAS, During the last 10 years, more than 2,300,000 adult education students in California obtained job skills by attending public adult education vocational training programs offered by public schools; and

WHEREAS, More than 906,000 adults with physical and mental disabilities obtained job skills training and basic education in classes for developmentally disabled adults offered by adult education in public schools between 1980 and 1992; and

WHEREAS, Adult education in public schools is only 3 percent of the total public school budget for kindergarten, and grades 1 to 12, inclusive, the same as it has been for over 60 years, and only 0.07 percent of the total public education budget, including postsecondary institutions; and

WHEREAS, Adult education in public schools has a history of being innovative, flexible, and responsive in serving the communities fortunate enough to have established an adult education program before 1979, when prohibitive legislation precluded funding for additional programs; and

WHEREAS, More than 50 percent of primary wage earners in California find it necessary to change careers four or more times during their lifetimes and need retraining to remain employable;

and

WHEREAS, The California State Legislature supports adult education in public schools by finding and declaring in Section 8500 of the Education Code "that adult continuing education is essential to the needs of society in an era of rapid technological, economic, and social change and that all adults in California are entitled to quality publicly supported continuing education opportunity"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the week of March 21 through 27, 1993, as Adult Education Week, to afford an opportunity for the citizens of California to become aware of the need to continue the valuable services provided by public adult education in the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit this resolution to the Governor of the State of California.

WHEREAS, The California Coalition for Mathematics is an alliance of leaders working to restructure and strengthen mathematics education; and

WHEREAS, There is both a need and the potential for improvement in mathematics and science learning for all pupils; and

WHEREAS, Intercensal estimates are not prepared for census tracts and blocks, or used for redistricting, but instead are produced by the Bureau of the Census for use in allocating federal formula program funds to states, counties, and cities, and as the determinant of the volume cap for tax-exempt private activity bonds issued within a state; and

WHEREAS, Due to the use of unadjusted population estimates, the State of California and its largest cities and counties will not receive a fair and equitable share of federal formula program funds, resulting in the loss of up to $150,000,000 to the City of Los Angeles alone; and

WHEREAS, On January 4, 1993, the Director of the Census announced her decision not to adjust intercensal population estimates to correct for the undercount of population; now, therefore, be it

WHEREAS, On March 31, 1933, President Franklin D. Roosevelt signed legislation establishing the Civilian Conservation Corps to reduce unemployment through performance of useful public works; and

WHEREAS, The State of California was one of the largest benefactors of the Civilian Conservation Corps program that provided employment in the state for over 166,000 young people each year from 1933 to 1942, inclusive; and

RESOLUTION CHAPTER 21

Assembly Concurrent Resolution No. 38—Relative to the National Girls Initiative.

[Filed with Secretary of State April 29, 1993.]

WHEREAS, Recent studies show that while most girls feel confident in themselves at the age of nine years, more than two-thirds of them have lost this confidence by the time they reach high school; and

WHEREAS, This lack of self-esteem is evidenced in disturbing new statistics: serious eating disorders are appearing in girls as young as 11 years; over one million girls between the ages of 12 and 19 years become pregnant each year; adolescent depression is twice as likely to occur in girls than boys, causing one out of five girls to attempt suicide before the age of 20 years; and

WHEREAS, Research indicates that a girl's confidence level during her teen years impacts her adulthood: girls enter mathematics and science fields far less frequently than boys do, not only because girls receive less encouragement from educators in these areas but because they tend to view mathematics incompetence as personal failure; and

WHEREAS, Research shows that the presence of a caring adult

role model is critical to the development of a confident and competent girl; and

WHEREAS, Public awareness of the need for this mentoring is crucial not only to the well-being of girls but to the economic health of our country; and

WHEREAS, Statistics show that in the 21st century most new positions in the work force will be filled by women, and it is in our national interest to invest in today's girls, because our economic future depends on tomorrow's women; and

WHEREAS, In response to these findings, the Ms. Foundation created the National Girls Initiative-Take Our Daughters To Work Day to make girls visible, valuable, and heard; and

WHEREAS, The California Cable Television Association and the LIFETIME Television cable network are actively supporting and taking the electronic media lead in this regard; and

WHEREAS, The Take Our Daughters To Work program is the public education component of this initiative, and will set up an environment in which the public, the media, employers, teachers, and parents can acknowledge girls' intelligence and desire for information, and will allow girls, in the company of a caring adult, to talk with employers about both the gains made by the movements for women's equality and civil rights, and the challenges that lie ahead to diversify the work force; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims Wednesday, April 28, 1993, as "Take Our Daughters To Work Day," when mothers, fathers, friends, and relatives are encouraged to take girls ages nine to 15 years to work with them for a day as a means to spark their vision about their own future in the work force, and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of the State of California.

WHEREAS, The Support Our Law Enforcement Committee has designated the first week of May 1993 as Blue Ribbon Week in an effort to preserve the commitment of all peace officers and law enforcement agencies to maintaining the security of our communities; and

WHEREAS, The Republic of Armenia is not at war with any other country, nor does it make any territorial claim against any other country; and

WHEREAS, The Republic of Armenia is the victim of an economic blockade that prevents food and heating fuel from reaching its more than 3.5 million inhabitants and that is causing untold human suffering from freezing and starvation; and

WHEREAS, The blockade of the Republic of Armenia constitutes an act of war or aggression prohibited by the Charter of the United Nations and violates numerous international legal accords for human rights and for the protection of populations of landlocked countries;

and

WHEREAS, The blockade is being perpetrated by Azerbaijan to further its siege of the independent, ethnically Armenian enclave of Nagorno Karabagh in denial of the rights of Karabagh to self-determination; and

RESOLUTION CHAPTER 34

Senate Joint Resolution No. 10—Relative to vehicle inspection and maintenance.

[Filed with Secretary of State June 4, 1993.]

WHEREAS, California has long experienced significant air quality problems in many of its urbanized areas, and a major reason for those problems is the exhaust emissions produced by the operation of the state's 26,000,000 motor vehicles; and

WHEREAS, California has long been a leader in implementing programs and measures to reduce vehicle exhaust emissions and improve the air quality of the state, including new vehicle emission standards, emission control system warranty and repair requirements, cleaner fuel formulations, increasing emphasis on public and private transit system usage, incentives for increased vehicle occupancy, and the periodic inspection and maintenance of motor vehicles; and

WHEREAS, The state's vehicle inspection and maintenance (I/M) programs have progressed from a simple inspection upon change of ownership in the 1960's, to a centralized I/M program in the greater Los Angeles region, to the decentralized biennial smog check program begun in 1984 in areas of the state which are in nonattainment for ambient air quality standards, and to the upgraded BAR-90 smog check program in effect since 1990; and

WHEREAS, The federal Clean Air Act Amendments of 1990 (P.L. 101-549) establish a three-pronged approach for achieving major emission reductions from transportation sources, consisting of cleaner vehicles, cleaner vehicle fuels, and the in-use control of vehicles through sophisticated I/M programs; and

WHEREAS, The federal act directs the Environmental Protection Agency (EPA) to establish a minimum performance standard for

enhanced I/M programs based on the performance achievable by annual inspections in a centralized testing operation, and has required the states to adopt the required changes not later than November 15, 1993; and

WHEREAS, The concept of a performance standard is intended to provide the states with flexibility in choosing the design elements of the enhanced I/M program, as long as the program's overall effectiveness meets the performance standard; and

WHEREAS, The California I/M Review Committee has evaluated California's current program and concluded that it does not meet either state emission reduction goals or the enhanced performance standards adopted by the EPA, and that major program improvements will be required in many urbanized areas of the state to meet the state and federal air quality standards; and

WHEREAS, The EPA rule grants a reduced credit or discount to states which have a decentralized system, and the I/M committee has proposed that California adopt a centralized program which provides for the separation of inspection and repair operations; and

WHEREAS, The Administrator of the EPA and the Secretary of the United States Department of Transportation have corresponded with the Governor indicating their intent to impose fiscal sanctions on California if the state does not meet a November 15, 1993, deadline for submitting an enhanced I/M program; and

WHEREAS, California currently has a decentralized I/M program in which the combined testing and repair of vehicles is authorized, and, as a result, businesses participating in the program have invested considerable capital in the purchase of BAR-90 test equipment and the training of personnel to operate that equipment; and

WHEREAS, The consequences of the I/M committee's recommendations for businesses, employees, and the motoring public are enormous, and include significant economic effects, job and employment considerations, and issues of public cost and inconvenience; and

WHEREAS, Questions have been raised regarding the accuracy of the I/M committee's report and the appropriateness of its recommendations and conclusions, with Members of the Legislature seeking an assessment of the report by an independent, blue-ribbon panel of experts; and

WHEREAS, Further assessment and a better understanding of the potential impact of the I/M report and its recommendations and the EPA's regulations are necessary before concluding any agreement on revisions to the I/M program and complying with the new federal requirements; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President of the United States and the Environmental Protection Agency to give California increased flexibility in assessing the effectiveness of the state's current I/M program, in redesigning the program, and in

meeting the new federal performance standards for vehicle emission reductions; and be it further

Resolved, That the EPA and the Federal Highway Administration are requested to delay the imposition of fiscal sanctions during the Legislature's consideration of revisions to the I/M program; and be it further

Resolved, That the EPA is requested to not impose any arbitrary discount factor on the potential effectiveness of I/M program enhancements and design elements in California's program which might differ from the theoretical model used in developing the EPA's performance standard; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Administrator of the Environmental Protection Agency, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, The commission was created to review, study, and evaluate the statewide initiative process for the purposes of determining how the statewide initiative process may be adjusted, changed, or revised in order to preserve and protect the exercise of the initiative power by the people, as originally intended by the framers of the initiative process, and to assist in the resolution of issues presented by the initiative process as it presently exists; and

WHEREAS, In January 1993, the United States Environmental Protection Agency (EPA) concluded that exposure to secondhand tobacco smoke is a serious and substantial health risk for nonsmokers; and

WHEREAS, The EPA concluded that secondhand tobacco smoke is a human lung carcinogen, responsible for approximately 3,000 lung cancer deaths annually in nonsmokers in the United States; and

WHEREAS, The Surgeon General of the United States has concluded that tobacco smoke is an important risk factor for heart disease, and recent evidence also suggests an association between exposure to secondhand tobacco smoke and an increased risk of heart disease in nonsmokers; and

WHEREAS, Additional adverse health effects associated with secondhand tobacco smoke include, but are not limited to, cervical cancer, spontaneous abortion, and low birthweight babies; and

WHEREAS, The simple separation of smokers from nonsmokers does not eliminate nonsmokers' exposure to secondhand tobacco smoke, and due to the carcinogenic nature of secondhand tobacco smoke, the National Institute for Occupational Health and Safety recommends that tobacco use be eliminated in the workplace; and

WHEREAS, There is a partial ban on smoking in the State Capitol Building; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the smoking of tobacco products is prohibited at any time inside any building owned, leased, or occupied by the Legislature. WHEREAS, During Operation Desert Storm, personnel at the Marine Corps Logistics Base at Barstow, California, loaded more than 1,700 railcars with equipment and other supplies and transferred them to southern California ports over a two-week period; and

WHEREAS, In support of the Marine Corps' worldwide commitment to deployment, despite being the smallest military service in the Department of Defense with the smallest budget and the fewest number of bases, the Marine Corps Logistics Base at Barstow is one of only two central distribution and maintenance activities responsible for supporting the Marine Corps worldwide; and

WHEREAS, The mission of the Marine Corps Logistics Bases at Barstow, California, and at Albany, Georgia, of supporting the Marine Corps' maritime prepositioning forces worldwide cannot currently be accomplished by any other service; and

WHEREAS, The Marine Corps Logistics Base at Barstow is centrally located in the Mojave Desert at the intersections of Interstates 15 and 40 as well as the Santa Fe and Union Pacific Railroads; and

WHEREAS, The Marines at Barstow efficiently operate the largest railhead facility in the entire Department of Defense supporting two of the largest training bases in the world, the nearby National Training Center at Fort Irwin and the Marine Corps Air-Ground Combat Center at Twentynine Palms; and

corrosion and rust problems; and

WHEREAS, The Marine Corps Logistics Base at Barstow repairs and rebuilds a multitude of equipment, including circuit boards, armored vehicles, and other equipment essential to fleet Marine Corps forces; and

WHEREAS, Fort Irwin's main logistics and maintenance facility, the Sacramento Army Depot, has been slated for closure, leaving the next closest facility in another state; and

WHEREAS, The Army already sends an average of 250 railcars through the Marine Corps Logistics Base at Barstow monthly; and

WHEREAS, Fort Irwin's inventory includes 3,000 different pieces of equipment that require periodic rebuilding, and the Army can save tremendously on freight costs by sending its Fort Irwin equipment to Barstow rather than out of state; and

WHEREAS, The Army is already in negotiations with the Marine Corps to have such rebuilding performed on Army Bradley fighting vehicles, and the Marine Corps Logistics Base at Barstow was recently awarded a maintenance contract for Paxman 5,000-horsepower engines, which are used in U.S. Coast Guard and Navy vessels; and

WHEREAS, The Marine Corps Logistics Base at Barstow was awarded the maintenance contract for the U.S. Army Missile and Space Intelligence Command's XM-TAS radar carrier vehicle, awarded the contract over the FMC Corporation and Anniston Army Depot; and

WHEREAS, A key reason for the awarding of this contract was Barstow's ability to integrate the vehicle into its workload and to provide an acceptable beginning and completion date; and

WHEREAS, With the closure of deployment facilities at Long Beach, California, and Fort Ord, California, the Army's main point for deploying combat forces abroad will be Fort Irwin, which will increase transportation demands into and out of the area; and

WHEREAS, Logistical distribution functions are being centralized under the Defense Logistics Agency, so the Marine Corps Logistics Base at Barstow has the potential to become an even more important logistics support activity for Fort Irwin, the Marine Corps bases at Camp Pendleton and Twentynine Palms, and other military services throughout the southwestern United States; and

WHEREAS, The Marine Corps Logistics Base at Barstow is one of only two primary storage and distribution facilities in the Marine Corps and is responsible for supporting fleet Marine Corps forces west of the Mississippi, including the Pacific region and Asia, and is positioned to best support the largest concentrations of Marine Corps forces; and

WHEREAS, The Marine Corps Logistics Base at Barstow possesses some of the most unique and modern testing facilities in the world, with an added ability to develop its own test equipment and to design, prototype, test, manufacture, ship, and install new equipment anywhere in the world within weeks, as occurred with

the D-7 Dozer armor plate kits used in Operation Desert Storm; and

WHEREAS, These kits were installed by the Logistics Command's own multicommodity maintenance personnel within 65 days and were installed in Saudi Arabia prior to the invasion of occupied Kuwait; and

WHEREAS, Five of the armored D-7 Dozers were destroyed in battle and none of the Marines operating them were injured; and

WHEREAS, The flexible production schedules and multicommodity capabilities of logistics bases make them uniquely qualified and essential to such immediate needs of the maritime prepositioning forces; and

WHEREAS, The Marine Corps Logistics Base at Barstow operates at 98 percent of capacity, while Army counterparts operate far below capacity and as a result are closing 30 percent of their depots; and

WHEREAS, The two Marine Corps Logistics Bases at Barstow, California, and Albany, Georgia, together constitute less than 1 percent of the Department of Defense's Operations and Maintenance costs for logistics; and

WHEREAS, The Marine Corps Logistics Base at Barstow is the largest employer of residents from the nearby community with a civilian payroll seven times the size of its military payroll; and

WHEREAS, The City of Barstow suffers an unemployment rate of approximately 15 percent, with one-third of its residents on public assistance; and

WHEREAS, The same region has recently suffered the closure of George and Norton Air Force Bases, and is facing a downsizing of March Air Force Base; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Base Realignment and Closure Commission, the President, and the Congress of the United States, to recognize the cost-effectiveness, efficiency, and strategic importance of the Marine Corps Logistics Base at Barstow, California; and be it further

Senate Concurrent Resolution No. 1—Relative to the adoption of the Joint Rules of the Senate and Assembly for the 1993–94 Regular Session.

[Filed with Secretary of State July 1, 1993.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the following rules be adopted as the Joint Rules of the Senate and Assembly for the 1993–94 Regular Session.

JOINT RULES OF THE SENATE AND ASSEMBLY

Standing Committees

1. Each house shall appoint such standing committees as the business of the house may require, the committees, the number of members, and the manner of selection to be determined by the rules of each house.

Joint Meeting of Committees

3. Whenever any bill has been referred by the Senate to one of its committees, and the same or a like bill has been referred by the Assembly to one of its committees, the chairmen or chairwomen of the respective committees, when in their judgment the interests of legislation or the expedition of business will be better served thereby, shall arrange for a joint meeting of their committees for the consideration of such bill.

Effect of Adoption of Joint Rules

3.5. The adoption of the Joint Rules for any extraordinary session shall not be construed as modifying or rescinding the Joint Rules of the Senate and Assembly for any previous session, nor as affecting in any way the status or powers of the committees created by those rules.

Definition of Word Bill

4. Whenever the word "bill" is used in these rules, it shall include constitutional amendments, resolutions ratifying proposed amendments to the United States Constitution, and resolutions calling for constitutional conventions.

Concurrent and Joint Resolutions

5. Concurrent resolutions relate to matters to be treated by both houses of the Legislature.

Joint resolutions are those which relate to matters connected with the federal government.

Resolutions Treated as Bills

6. Concurrent and joint resolutions, other than resolutions ratifying proposed amendments to the United States Constitution and resolutions calling for constitutional conventions, shall be treated in all respects as bills except as follows:

(a) They shall be given only one formal reading in each house.

(b) They shall not be deemed bills within the meaning of subdivision (a) of Section 8 of Article IV of the Constitution.

(c) They shall not be deemed bills for the purposes of Rules 10.8, 53, 55, 56, and 61, and subdivisions (a) and (c) of Rule 54 and subdivisions (a) and (b) of Rule 62.

(d) They shall not, except for those relating to voting procedures on the floor or in committee, be deemed bills for the purposes of subdivision (c) of Rule 62.

PREPARATION AND INTRODUCTION OF BILLS

Title of Bill

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall be indicative of the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

Division of Bill Into Sections

8. A bill amending more than one section of an existing law shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

Digest of Bills Introduced

8.5. No bill shall be introduced unless it is contained in a cover attached by the Legislative Counsel and unless it is accompanied by a digest, prepared and attached to the bill by the Legislative Counsel, showing the changes in the existing law which are proposed by the

bill. No bill shall be printed where the body of the bill or the Legislative Counsel's Digest has been altered, unless the alteration has been approved by the Legislative Counsel. If any bill is presented to the Secretary of the Senate or Chief Clerk of the Assembly for introduction, which does not comply with the foregoing requirements of this rule, the Secretary or Chief Clerk shall return it to the member who presented it. The digest shall be printed on the bill as introduced, commencing on the first page thereof.

Digest of Bills Amended

8.6. Whenever a bill is amended in either house, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, shall request the Legislative Counsel to prepare an amended digest and cause it to be printed on the first page of the bill as amended. The digest shall be amended to show changes in the existing law which are proposed by the bill as amended with any material changes in the digest indicated by the use of appropriate type.

Errors in Digest

8.7. If a material error in a printed digest referred to in Rule 8.5 or 8.6 is brought to the attention of the Legislative Counsel, he shall prepare a corrected digest which shall show the changes made in the digest as provided in Rule 10 for amendments to bills. He shall deliver the corrected digest to the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be. If the correction warrants it in the opinion of the President pro Tempore of the Senate or the Speaker of the Assembly, a corrected print of the bill as introduced shall be ordered with the corrected digest printed thereon.

Bills Amending Title 9 of the Government Code

8.8. A member who is the first-named author of a bill which would amend, add, or repeal any provision of Title 9 (commencing with Section 81000) of the Government Code, upon introduction or amendment of such bill in either house shall notify the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, of the nature of such bill. Thereafter, the Chief Clerk of the Assembly or the Secretary of the Senate shall deliver a copy of such bill as introduced or amended to the Fair Political Practices Commission pursuant to Section 81012 of the Government Code.

Restrictions as to Amendments

9. A substitute or amendment must relate to the same subject as the original bill, constitutional amendment, or resolution under consideration. No amendment shall be in order when all that would

be done to the bill is the addition of a coauthor or coauthors, unless the Rules Committee of the house in which such an amendment is to be offered grants prior approval.

Changes in Existing Law to Be Marked by Author

10. In a bill amending or repealing a code section or a general law, any new matter shall be underlined and any matter to be omitted shall be in type bearing a horizontal line through the center and commonly known as "strikeout" type. When printed the new matter shall be printed in italics, and the matter to be omitted shall be printed in "strikeout" type.

In any amendment to a bill which sets out for the first time a section being amended or repealed, any new matter to be added and any matter to be omitted shall be indicated by the author and shall be printed in the same manner as though the section as amended or repealed were a part of the original bill and was being printed for the first time.

When an entire code is repealed as part of a codification or recodification or when an entire title, part, division, chapter, or article of a code is repealed, the sections comprising such code, title, part, division, chapter, or article shall not be set forth in the bill or amendment in strikeout type.

Rereference to Fiscal and Rules Committees

10.5. Bills shall be rereferred to the fiscal committee of each house when they would do any of the following:

(1) Appropriate money.

(2) Result in substantial expenditure of state money by: (a) imposing new responsibilities on the state or (b) imposing new or additional duties on a state agency or (c) liberalizing any state program, function, or responsibility.

(3) Result in a substantial loss of revenue to the state.

(4) Result in substantial reduction of expenditures of state money by reducing, transferring, or eliminating any existing responsibilities of any state agency, program, or function.

Concurrent and joint resolutions shall be rereferred to the fiscal committee of each house when they contemplate any action which would involve any of the following:

(1) Any substantial expenditure of state money.

(2) Any substantial loss of revenue to the state.

The above requirements do not apply to bills or concurrent resolutions which contemplate the expenditure or allocation of operating funds.

A bill which assigns a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be rereferred to the respective rules committees. Before the committee shall act upon such bill, it shall obtain from the Joint Legislative Budget Committee

an estimate of the amount required to be expended to make the study.

This rule may be suspended in either house as to any particular bill by approval of the Committee on Rules of the house and two-thirds vote of the membership of the house.

Heading of Bills

10.7. No bill shall indicate in its heading or elsewhere that it was introduced at the request of a state agency or officer or any other person. No bill shall contain the words "By request" or words of similar import.

Consideration of Bills

10.8. The limitation contained in subdivision (a) of Section 8 of Article IV of the Constitution may be dispensed with as follows:

(a) A written request for such dispensation entitled "Request to Consider and Act on Bill Within 30 Calendar Days" shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and transmitted to the Committee on Rules of the appropriate house.

(b) The Committee on Rules of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for dispensing with the 30-calendar-day waiting period following the bill's introduction.

(c) If the Committee on Rules recommends that the waiting period be dispensed with, the member may offer a resolution, without further reference thereof to committee, authorizing hearing and action upon the bill before the 30 calendar days have elapsed. The adoption of the resolution shall require an affirmative recorded vote of three-fourths of the elected members of the house in which the resolution is presented.

Printing of Amendments

11. (a) All bills amended by either house shall be immediately reprinted. Except as otherwise provided in subdivision (b), if new matter is added by the amendment, the new matter shall be printed in italics in the printed bill; if matter is omitted, the matter to be omitted shall be printed in strikeout type. When a bill is amended in either house, the first or previous markings shall be omitted.

(b) If amendments to a bill, including the report of a committee on conference, are adopted that omit the entire contents of the bill, the matter omitted need not be reprinted in the amended version of the bill. Instead, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, may select any such amended bill and cause to be printed a brief statement to appear after the last line of the amended bill identifying which previously printed version of

the bill contains the complete text of the omitted matter.

Manner of Printing Bills

12. The State Printer shall observe the directions of the Joint Rules Committee in printing all bills, constitutional amendments, and concurrent and joint resolutions.

Distribution of Legislative Publications

13. The Secretary of the Senate and the Chief Clerk of the Assembly shall order a sufficient number of bills and legislative publications as may be necessary for legislative requirements.

No complete list of bills shall be delivered except upon payment therefor of such sum as may be fixed by the Joint Rules Committee for any regular or extraordinary session. No more than one copy of any bill or other legislative publication, nor more than a total of 100 bills or other legislative publications during a session, shall be distributed free to any person, office, or organization. The limitations imposed by this paragraph do not apply to Members of the Legislature, the President of the Senate, the Secretary of the Senate and the Chief Clerk of the Assembly for the proper functioning of their respective houses; the Legislative Counsel Bureau; Attorney General's office; Secretary of State's office; Controller's office; Governor's office; the Clerk of the Supreme Court; the clerk of the court of appeal for each district; the Judicial Council; the California Law Revision Commission; the State Library; the Library of Congress; the libraries of the University of California at Berkeley and at Los Angeles; and accredited members of the press. The State Printer shall fix the cost of such bills and publications, including postage, and such moneys as may be received by him shall, after deducting the cost of handling and mailing, be remitted on the first day of each month, one-half each to the Secretary of the Senate and the Chief Clerk of the Assembly for credit to legislative printing. Legislative publications heretofore distributed through the Bureau of Documents shall be distributed through the Bill Room. Unless otherwise provided for, the total number of each bill to be printed shall not be more than 2,500.

Legislative Index

13.1. The Legislative Counsel shall provide for the periodic publication of a cumulative Legislative Index which shall include tables of sections affected by pending legislation. The State Printer shall print the Legislative Index in such quantities, and at such times, as are determined by the Secretary of the Senate and the Chief Clerk of the Assembly. The costs of such printing shall be paid from the legislative printing appropriation.

Summary Digest

13.3. The Legislative Counsel shall compile and prepare for publication a summary digest of legislation passed at each regular and extraordinary session, which digest shall be prepared in a form suitable for inclusion in the publication of statutes. The digest shall be printed as a separate legislative publication on the order of the Joint Rules Committee and may be made available to the public in such quantities and at such prices as the Joint Rules Committee may determine.

Printing of the Daily Journal

14. The State Printer shall print in such quantity as directed by the Secretary of the Senate and the Chief Clerk of the Assembly, copies of the journal of each day's proceedings of each house. At the end of the session he shall also print, as directed by the Secretary of the Senate and the Chief Clerk of the Assembly a sufficient number of copies properly paged after being corrected and indexed by the Secretary of the Senate and the Chief Clerk of the Assembly, to bind in book form as the journal of the respective houses of the Legislature.

What Shall Be Printed in the Journal

15. The following shall always be printed in the journal of each house:

(a) Messages from the Governor and messages from the other house, and the titles of all bills, joint and concurrent resolutions, and constitutional amendments when introduced in, offered to, or acted upon by the house.

(b) Every vote taken in the house, and a statement of the contents of each petition, memorial, or paper presented to the house.

(c) A true and accurate account of the proceedings of the house, when not acting as a Committee of the Whole.

16. A daily file of bills ready for consideration shall be printed each day for each house when the Legislature is not in joint recess except

17. Each house shall cause to be printed, once each week, a complete history of all bills; constitutional amendments; and concurrent, joint, and house resolutions originating in, considered, or acted upon by the respective houses and committees thereof. A regular form shall be prescribed by the Secretary of the Senate and the Chief Clerk of the Assembly. Such history shall show the action taken upon each measure up to and including the legislative day preceding its issuance. Except for periods when the houses are in joint recess, for each day intervening there shall be printed a daily history showing the consideration given to or action taken upon any measure since the issuance of the complete history.

Authority for Printing Orders

18. Persons authorized to order printing under this rule may, when necessity requires it, order certain matter printed in advance of the regular order, by the issuance of a rush order.

The Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly, are hereby authorized and directed to order and distribute for the members stationery and legislative publications for which there is a demand, and, subject to the rules of their respective houses, to approve the bills covering such orders. All bills for printing must be presented by the State Printer within 30 days after the completion of the printing.

ACTION IN ONE HOUSE ON BILL TRANSMITTED FROM THE OTHER

21. When a bill has been passed by either house it shall be transmitted promptly to the other unless a motion to reconsider or a notice of motion to reconsider has been made or it is held pursuant to some rule or order of the house.

The procedure of referring bills to committees shall be determined by the respective houses.

Messages to Be in Writing Under Proper Signatures

22. Notice of the action of either house to the other shall be in writing and under the signature of the Secretary of the Senate or the Chief Clerk of the Assembly from which such message is to be conveyed. A receipt shall be taken from the officer to whom such message is delivered.

The Secretary of the Senate and the Chief Clerk of the Assembly shall provide to each committee chairman or chairwoman appropriate forms for such report. As used in this rule, "uncontested bill" means a bill, except a revenue measure or a measure as to which the 30-day limitation prescribed by subdivision (a) of Section 8 of Article IV of the Constitution has been dispensed with, which: (a) receives a do-pass or do-pass-as-amended recommendation from the committee to which it is referred, by unanimous vote of the members present provided a quorum is present; and (b) has no opposition expressed by any person present at the committee meeting with respect to the final version of the bill as approved by the committee; and (c) prior to final action by the committee, has been requested by the author to be placed on the consent calendar.

Following their second reading and the adoption of any committee amendments thereto, all bills certified by the committee chairman or chairwoman as uncontested bills shall be placed by the Secretary of the Senate or the Chief Clerk of the Assembly on the consent calendar, and shall be known as "consent calendar bills." Any consent calendar bill which is amended from the floor shall cease to be a consent calendar bill and shall be replaced on the third reading file. Upon objection of any member to the placement or

retention of any bill on the consent calendar, such bill shall cease to be a consent calendar bill and shall be replaced on the third reading file. No consent calendar bill shall be considered for adoption until the second legislative day following the day of its placement on the consent calendar.

Consideration of Bills on Consent Calendar

22.3. Bills on the consent calendar are not debatable, except that the President of the Senate or the Speaker of the Assembly shall allow a reasonable time for questions from the floor and shall permit the proponents of such bills to answer such questions. Immediately prior to voting on the first bill on the consent calendar, the President of the Senate or the Speaker of the Assembly shall call to the attention of the members the fact that the next rollcall will be the rollcall on the first bill on the consent calendar.

The consent calendar shall be considered as the last order of business on the daily file.

Procedure on Defeat of More Than Majority Bill

23.5. Whenever a bill containing a section or sections requiring for passage an affirmative recorded vote of more than 21 votes in the Senate and more than 41 votes in the Assembly is being considered for passage and the urgency clause, if the bill is an urgency bill, or the bill, in any case, fails to receive the necessary votes to make all sections effective, no further action may be taken on the bill; provided that an amendment to remove all sections requiring the higher vote for passage from the bill shall be in order prior to consideration of further business. If the amendment is adopted, the bill shall be reprinted to reflect such amendment. When the bill is reprinted, it shall be returned to the same place on the file as when it failed to receive the necessary votes.

Enrollment of Bill After Passage

24. After a bill has passed both houses it shall be printed in enrolled form, omitting symbols indicating amendments, and shall be compared by the Engrossing and Enrolling Clerk and the proper committee of the house where it originated to determine that it is in the form approved by the houses. The enrolled bill shall thereupon be signed by the Secretary of the Senate and Chief Clerk of the Assembly and, except as otherwise provided by these rules, presented without delay to the Governor. The committee shall report the time of presentation of the bill to the Governor to the house and the record shall be entered in the journal. After enrollment and signature by the officers of the Legislature,

constitutional amendments, and concurrent and joint resolutions shall be filed without delay in the office of the Secretary of State and the time of filing shall be reported to the house and the record entered in the journal.

AMENDMENTS AND CONFERENCES

Amendments to Amended Bills Must Be Attached

25. Whenever a bill or resolution which shall have been passed in one house shall be amended in the other, it shall immediately be reprinted as amended by the house making such amendment or amendments. One copy of such amendment or amendments shall be attached to the bill or resolution so amended, and endorsed "adopted" and such amendment or amendments, if concurred in by the house in which such bill or resolution originated, shall be endorsed "concurred in," and such endorsement shall be signed by the Secretary or Assistant Secretary of the Senate, or the Chief Clerk or Assistant Clerk of the Assembly, as the case may be; provided, however, that an amendment to the title of a bill adopted after the passage of such bill shall not necessitate reprinting, but such amendment must be concurred in by the house in which such bill originated.

Amendments to Concurrent and Joint Resolutions

25.5. When a concurrent or joint resolution is amended, and the only effect of the amendments is to add coauthors, the joint or concurrent resolution shall not be reprinted unless specifically requested by one of the added coauthors, but a list of the coauthors shall appear in the journal and history.

To Concur or Refuse to Concur in Amendments

26. In case the Senate amends and passes an Assembly bill, or the Assembly amends and passes a Senate bill, the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) must either "concur" or "refuse to concur" in the amendments. If the Senate concurs (if it be a Senate bill), or the Assembly concurs (if it be an Assembly bill), the Secretary or Chief Clerk shall notify the house making the amendments and the bill shall be ordered to enrollment.

Reference to Committee

26.5. Pursuant to Rule 26, whenever a bill is returned to its house of origin for a vote on concurrence in an amendment made in the other house, the Legislative Counsel shall promptly prepare and transmit to the Chief Clerk of the Assembly and the Speaker of the Assembly in the case of an Assembly bill, or to the Secretary of the

Senate and Chairman of the Senate Committee on Rules in the case of a Senate bill, a brief digest summarizing the effect of the amendment made in the other house. The Secretary or Chief Clerk shall cause the digest to be printed in the Daily File immediately following any reference to the bill covered by the digest. A motion to concur or refuse to concur in the amendment shall not be in order until such time as the Legislative Counsel's Digest has appeared in the file.

If the digest discloses that the amendment of the other house has made a substantial substantive change in the bill as first passed by the house of origin, the bill shall on motion of the Chairman of the Senate Committee on Rules, if it be a Senate bill, be referred to the Senate Committee on Rules for reference to an appropriate standing committee. If the bill is an Assembly bill it shall be referred by the Chief Clerk of the Assembly, with the approval of the Speaker, to the committee of first reference. If the Speaker, upon evaluation of the bill, determines that the committee of first reference is not an appropriate committee to hear the amended bill, the Speaker shall not approve referral to that committee, but shall instead refer the bill to the Assembly Committee on Rules for rereferral.

Upon receipt of such a bill, the committee may vote to recommend concurrence or nonconcurrence in the amendment or the committee may hold the bill. The committee shall be subject to all the requirements for procedure provided under Rule 62 for committees other than for committees of first referral, and such other requirements for normal committee procedure as the Assembly or Senate may separately provide in the standing rules of their respective houses.

Any of the provisions of this rule may be dispensed with regard to a particular bill in its house of origin upon an affirmative vote of a majority of the members of that house.

Concurring in Amendments Adding Urgency Section

27. When a bill which has been passed in one house is amended in the other by the addition of a section providing that the act shall take effect immediately as an urgency statute and is returned to the house in which it originated for concurrence in the amendment or amendments thereto, the procedure and vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, concurrence in the amendments shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a

refusal to concur in the amendment or amendments, and the procedure thereupon shall be as provided in Rule 28.

When Senate or Assembly Refuse to Concur

28. If the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) refuses to concur in amendments to the bill made by the other house, and when the other house has been notified of such refusal to concur, a conference committee shall be appointed for each house in the manner prescribed by these rules. The Committee on Rules in the case of the Senate and the Speaker of the Assembly in the case of the Assembly shall each appoint a committee of three on conference, and the Secretary of the Senate or the Chief Clerk of the Assembly shall immediately notify the other house of the action taken.

Committee on Conference

28.1. The Senate Committee on Rules and the Speaker of the Assembly, in appointing a committee on conference, shall each select two members from those voting with the majority on the point about which the difference has arisen, and the other member from the minority, in the event there is a minority vote.

Whether a member has voted with the majority or minority on the point about which the difference has arisen is determined by his or her vote on the appropriate rollcall, as follows:

(1) In the Assembly—

(a) The rollcall on the question of final passage of a Senate bill amended in the Assembly when the Senate has refused to concur with the Assembly amendments.

(b) The rollcall on the question of concurrence with Senate amendments to an Assembly bill.

(2) In the Senate—

(a) The rollcall on the question of final passage of an Assembly bill amended in the Senate when the Assembly has refused to concur with the Senate amendments.

(b) The rollcall on the question of concurrence with Assembly amendments to a Senate bill.

Meetings and Reports of Committees on Conference

29. The first Senator named on the conference committee shall act as chairman or chairwoman of the committee from the Senate, and the first Member of the Assembly named on such committee shall act as chairman or chairwoman of the committee from the Assembly. The chairman or chairwoman of the committee on conference for the house of origin of the bill shall arrange the time and place of meeting of the conference committee and shall prepare or direct the preparation of reports. It shall require an affirmative vote of not less

than two of the Assembly Members and two of the Senate Members constituting the committee on conference to agree upon a report, and the report shall be submitted to both the Senate and the Assembly. The committee on conference shall report to both the Senate and the Assembly. Such report is not subject to amendment, and if either house refuses to adopt such report, the conferees shall be discharged and other conferees appointed; provided, however, that no more than three different conference committees shall be appointed on any one bill. No member who has served on a committee on conference shall be appointed a member of another committee on conference on the same bill. It shall require the same affirmative recorded vote to adopt any conference report as required by the Constitution upon the final passage of the bill affected by such report. It shall require an affirmative recorded vote of two-thirds of the entire elected membership of each house to adopt any conference report affecting any bill which contains an item or items of appropriation which are subject to subdivision (d) of Section 12 of Article IV of the Constitution. The report of a conference committee shall be in writing, and shall have affixed thereto the signatures of each Senator and each Member of the Assembly consenting to the report. Space shall also be provided where a member of a conference committee may indicate his or her dissent in the committee's findings. Any dissenting member may have attached to a conference committee report a dissenting report which shall not exceed, in length, the majority committee report. A copy of any amendments proposed in the majority report shall be placed on the desk of each member of the house before it is acted upon by the house.

The vote on concurrence or upon the adoption of such conference report shall be deemed the vote upon final passage of such bill.

Conference Committees

29.5. (a) All meetings of any conference committee on the Budget Bill shall be open and readily accessible to the public.

No conference committee on any bill may meet, consider, or act on the subject matter of the bill except in a meeting that is open and readily accessible to the public; unless the action is on a report determined by the Legislative Counsel to be nonsubstantive. The Legislative Counsel shall examine each proposed report and shall note upon the face of the report that the amendments proposed are "substantive" or "nonsubstantive" as the case may be.

The chairman or chairwoman of the conference committee of each house shall give notice to the file clerk of their respective houses of the time and place of such meeting. Notice of each public meeting shall be published in the file of each house one calendar day prior to the meeting, except that such notice shall not be required for a meeting of a conference committee on the Budget Bill. When the provisions of this subdivision are waived with respect to a meeting

of any public conference committee, and when there is a meeting of a conference committee on the Budget Bill, every effort shall be made to inform the public that such a meeting has been called. When the provisions of this subdivision have been waived with respect to the meeting of any public conference committee, the chairman or chairwoman of the conference committee of each house shall immediately notify the chairman or chairwoman of the policy committee of their respective houses that considered the bill in question of the waiver, and of the time and place of the meeting.

(b) The first committee on conference of the Budget Bill, if such a committee is appointed, shall submit its report to each house no later than 15 days after the Budget Bill has been passed by both houses. If such report is not submitted by such date, the conference committee shall be deemed to have reached no agreement and shall so inform each house pursuant to Rule 30.7.

(c) A committee on conference of the Budget Bill shall only consider differences between the Assembly version of the Budget Bill as passed by the Assembly and the Senate version of the Budget Bill as passed by the Senate and shall not approve any item of expenditure nor control which exceeds that contained in one of the two versions before the conference committee.

(d) No conference committee on any bill, other than the Budget Bill, shall approve any substantial financial provision in any bill if such financial provision has not been heard by the fiscal committee of each house, nor shall any such conference committee approve substantial policy changes which have not been heard by the policy committee of each house.

(e) No waiver of the one calendar day file notice requirement of subdivision (a) shall be effective for longer than three calendar days.

Conference Committee Reports

30. Upon submission of the report of a committee on conference, if the report recommends that the bill be further amended, the bill shall be reprinted incorporating the amendments recommended by the conference committee. The consideration of the report of a committee on conference shall not be in order until the bill in the form recommended by the report of the committee on conference has both been in print and been noticed in the Daily File for not less than one legislative day.

If the conference committee's report recommends only that the amendments of the Senate or the Assembly "be concurred in", consideration of the report shall be in order at any time, and reprinting of the bill shall not be required, but notice shall appear in the Daily File for not less than one legislative day.

No conference committee report shall be in order unless it has been received by the Secretary of the Senate and the Chief Clerk of the Assembly at least three calendar days preceding the scheduled commencement of the summer, interim, or final recesses of the

Legislature.

The provisions of this rule may be suspended as to any particular conference committee report by a two-thirds vote of the membership of either house.

This rule shall not apply to a report of a committee on conference on the Budget Bill.

Conference Committee Reports on Urgency Statutes

30.5. When the report of a committee on conference recommends the amendment of a bill by the addition of a section providing that the act shall take effect immediately as an urgency statute, the procedure and the vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall adopt the report of the committee on conference shall be put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the adoption of the report and the amendments proposed thereby shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of the members elected to such house, the effect is a refusal to adopt the report of the committee on conference.

Failure to Agree on Report

30.7. A conference committee may find and determine that it is unable to submit a report to the respective houses, upon the affirmative vote to that effect of not less than two of the Assembly Members and not less than two of the Senate Members constituting the committee. Such finding may be submitted to the Chief Clerk of the Assembly and the Secretary of the Senate in the form of a letter from the chairman of the committee on conference for the house of origin of the bill, containing the signatures of the members of the committee consenting to the finding and determination that the committee is unable to submit a report. The Chief Clerk of the Assembly and the Secretary of the Senate, upon being notified that a conference committee is unable to submit a report, shall so inform each house, whereupon the conferees shall be discharged and other conferees appointed, in accordance with the provisions of Rule 29.

MISCELLANEOUS PROVISIONS

Authority When Rules Do Not Govern

31. All relations between the houses which are not covered by these rules shall be governed by Mason's Manual (1979 edition).

Press Rules

32. (a) Persons desiring privileges of accredited press representatives shall make application to the Joint Rules Committee. Such application shall constitute compliance with any provisions of the rules of the Assembly or the Senate with respect to registration of news correspondents. Applications shall state in writing the names of the daily newspapers, periodic publications, news associations, or radio or television stations by which the press representatives are employed, and what other occupations or employment they may have, if any, and the press representatives shall further declare that they are not employed, directly or indirectly, to assist in the prosecution of the legislative business of any person, corporation, or association, and will not become so employed while retaining the privilege of accredited press representatives.

(b) The applications required by subdivision (a) of this rule shall be authenticated in a manner that shall be satisfactory to the Standing Committee of the Capitol Correspondents Association which shall see that occupation of seats and desks in the Senate and the Assembly Chambers is confined to bona fide correspondents of reputable standing in their business, who represent daily newspapers requiring a daily file of legislative news, qualified periodic publications, or news associations requiring daily telegraphic or radio or television service on legislative news. It shall be the duty of the standing committee at its discretion, to report violation of accredited press privileges to the Speaker of the Assembly, or to the Senate Committee on Rules, and pending action thereon the offending correspondent may be suspended by the standing committee.

(c) Except as otherwise provided in this subdivision, persons engaged in other occupations whose chief attention is not given to newspaper correspondence or to news associations requiring telegraphic or radio or television service shall not be entitled to the privileges accorded accredited press representatives; and the press list in the Handbook of the California Legislature and the Senate and Assembly Histories shall be a list only of persons authenticated by the standing committee of correspondents. Accreditation may be granted to bona fide correspondents of reputable standing employed by periodic publications of general circulation, providing that the applicants are employed on a full-time basis in the capitol area preparing articles dealing with state government and politics and that their publications are not organs or organizations involved in legislative advocacy.

(d) The press seats and desks in the Senate and Assembly Chambers shall be under the control of the standing committee of correspondents, subject to the approval and supervision of the Speaker of the Assembly and the Senate Committee on Rules. Press cards shall be issued by the President of the Senate and the Speaker of the Assembly only to correspondents properly accredited in accordance with the provisions of this rule.

(e) One or more rooms shall be assigned for the exclusive use of correspondents during the legislative session, which rooms shall be known as the Press Room. The Press Room shall be under the control of the Chief of the Office of Buildings and Grounds; provided, that all rules and regulations shall be approved by the Senate Committee on Rules and the Speaker of the Assembly.

(f) No accredited member of the Capitol Correspondents Association shall, for compensation, perform any service for state constitutional officers or members of their staffs, for state agencies, for the Legislature, for candidates for state office, or for a state officeholder, or for any person registered or performing as a legislative advocate.

(g) An accredited member of the association who violates subdivision (a) or (f) of this rule shall be subject to the following penalties:

(1) For the first offense, the Standing Committee of the Capitol Correspondents Association shall send a letter of admonition to the offending member, his or her employer, and the Joint Rules Committee. The letter shall state the nature of the member's rule violation and shall warn of an additional penalty for a second offense.

(2) For a second offense, the Standing Committee of the Capitol Correspondents Association shall recommend to the Joint Rules Committee that the member's accreditation be suspended or revoked and that he or she lose all rights and privileges attached thereto. The Standing Committee of the Capitol Correspondents Association shall also dismiss the member from the association.

Any member of the Standing Committee of the Capitol Correspondents Association may propose that the committee make an inquiry to determine if an association member has violated subdivision (a) or (f) of this rule. Upon a majority vote of the Standing Committee of the Capitol Correspondents Association, an inquiry shall be made.

Upon receipt of a signed, written notice from any association member of his belief that another association member may have violated subdivision (a) or (f) of this rule, the Standing Committee of the Capitol Correspondents Association shall commence an inquiry into the possible violation.

If the Standing Committee of the Capitol Correspondents Association determines by majority vote that an association member has broken an association rule, it shall inform the member of its finding. Within two weeks of notification, the member may request a meeting of the membership. If the member makes such a request, the Standing Committee of the Capitol Correspondents Association shall promptly schedule a meeting at the earliest possible time. After hearing the member and the committee review the circumstances of the alleged violation, the membership may, by majority vote, nullify the finding of the Standing Committee of the Capitol Correspondents Association. If nullification does not occur, the Standing Committee of the Capitol Correspondents Association shall

impose immediately the appropriate penalty.

Dispensing With Joint Rules

33. No joint rule shall be dispensed with except by a vote of two-thirds of each house, except as otherwise provided in these rules. If either house shall violate a joint rule, a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of such house; and if it shall be decided that the joint rules have been violated, the bill involving such violations shall be returned to the house in which it originated, and such disputed matter be considered in like manner as in conference committee.

Dispensing with Joint Rules: Unanimous Consent

33.1. Notwithstanding any other rule to the contrary, a joint rule that may be dispensed with by one house may be done so by unanimous consent if the rules committee of that house has approved, and the house has adopted, a house resolution permitting the joint rule to be dispensed with by unanimous consent. A house resolution adopted pursuant to this rule shall require an affirmative recorded vote of 21 or more votes in the Senate and 41 or more votes in the Assembly, and shall not remain in effect longer than the remainder of the legislative year in which it was adopted.

Opinions of Legislative Counsel

34. Whenever the Legislative Counsel issues an opinion to any person other than the first-named author analyzing the constitutionality, operation, or effect of a bill or other legislative measure which is then pending before the Legislature or of any amendment made or proposed to be made to such bill or measure, he is authorized and instructed to deliver two copies of the opinion to the first-named author as promptly as feasible after the delivery of the original opinion and also to deliver a copy to any other author of the bill or measure who so requests. A copy of any letter prepared by the Legislative Counsel for the sole purpose of advising a member of a conflict between two or more bills as to the sections of law being amended, repealed, or added shall be submitted to the chairman of the committee to which each such bill has been referred.

Resolutions Prepared by Legislative Counsel

34.1. Whenever the Legislative Counsel has been requested to draft a resolution commemorating or taking note of any event, or a resolution congratulating or expressing sympathy toward any person, and subsequently receives a similar request from another Member of the Legislature, he shall inform that requester and each

subsequent requester that such a resolution is being, or has been, prepared, and he shall inform them of the name of the member for whom the resolution was, or is being, prepared.

Resolutions

34.2. A concurrent resolution, Senate resolution, or House resolution may be introduced to memorialize the death of a present or former state or federal elected official or a member of their immediate families. In all other instances, a resolution other than a concurrent resolution, as specified by the Committee on Rules of each house, or as provided by the Joint Rules Committee in those cases which require that such resolution should emanate from both houses, shall be used for the purpose of commendation, congratulation, sympathy, or regret with respect to any person, group, or organization.

No concurrent resolution requesting the Governor to issue a proclamation shall be introduced without the prior approval of the Committee on Rules of the house in which the resolution is to be introduced.

Identical Drafting Requests

34.5. Whenever it shall come to the attention of the Legislative Counsel that a member has requested the drafting of a bill which will be substantially identical to one already introduced, he shall inform such member of that fact.

Expense of Members

35. As provided in Section 8902 of the Government Code, each Member of the Legislature is entitled to reimbursement for living expenses while required to be in Sacramento to attend a session of the Legislature, or while traveling to and from or in attendance at a committee meeting, or while attending to any legislative function or responsibility as authorized or directed by legislative rules or the Committee on Rules of the house of which he or she is a member at the same rate as may be established by the State Board of Control for other elected state officers. Each member shall be reimbursed for travel expenses incurred in traveling to and from a session of the Legislature, or when traveling to and from a meeting of a committee of which he or she is a member, or when traveling pursuant to any other legislative function or responsibility as authorized or directed by legislative rules or the Committee on Rules of the house of which he or she is a member at the rate prescribed by Section 8903 of the Government Code.

Expense allowances for Members of the Senate and Assembly shall be approved and certified to the Controller by the Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly

or other person authorized by the Assembly Committee on Rules, on behalf of the Assembly, weekly or as otherwise directed by either house, and upon such certification the Controller shall draw his or her warrants in payment of the allowances to the respective members.

Investigating Committees

36. In order to expedite the work of the Legislature either house, or both houses jointly, may by resolution or statute provide for the appointment of committees to ascertain facts and to make recommendations as to any subject within the scope of legislative regulation or control.

The resolution providing for the appointment of a committee shall state the purpose of the committee, and the scope of the subject concerning which it is to act and may authorize it to act either during sessions of the Legislature or, when such authorization may lawfully be made, after final adjournment.

In the exercise of the power granted by this rule, each committee may employ such clerical, legal, and technical assistants as may be authorized by: (a) the Joint Committee on Rules in the case of a joint committee, (b) the Senate Committee on Rules in the case of a Senate committee, or (c) the Assembly Committee on Rules in the case of an Assembly committee.

Except as otherwise provided herein for joint committees or by the rules of the Senate or the Assembly for single house committees, each committee may adopt and amend such rules governing its procedure as may appear necessary and proper to carry out the powers granted and duties imposed under this rule. Such rules may include provisions fixing the quorum of the committee and the number of votes necessary to take action on any matter. With respect to all joint committees, a majority of the membership from each house constitutes a quorum and an affirmative vote of a majority of the membership from each house is necessary for the committee to take action.

Each such committee is authorized and empowered to summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, records, and papers of every kind and description, to issue subpoenas, and to take all necessary means to compel the attendance of witnesses and to procure testimony, oral and documentary.

Each member of such committees is authorized and empowered to administer oaths, and all of the provisions of Chapter 4 (commencing with Section 9400), Part 1, Division 2, Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to such committees.

The Sergeant at Arms of the Senate or Assembly, or such other person as may be designated by the chairman or chairwoman of the

committee, shall serve any and all subpoenas, orders, and other process that may be issued by the committee, when directed to do so by the chairman, chairwoman, or by a majority of the membership of the committee.

Every department, commission, board, agency, officer, and employee of the state government, including the Legislative Counsel and the Attorney General and their subordinates, and of every political subdivision, county, city, or public district of or in this state, shall give and furnish to these committees and to their subcommittees upon request such information, records, and documents as the committees deem necessary or proper for the achievement of the purposes for which each such committee was created.

Each committee or subcommittee of either house in accordance with the rules of that respective house and each joint committee or subcommittee thereof, may meet at any time during the period in which it is authorized to act, either at the State Capitol, or at any other place in the State of California, in public or executive session, and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it or accomplish the objects and purposes of the resolution creating it with the following exceptions:

(a) When the Legislature is not in joint recess:

(1) No committee or subcommittee of either house shall meet outside the State Capitol without the prior approval of the Senate Committee on Rules with respect to Senate committees and subcommittees and the Speaker of the Assembly with respect to Assembly committees and subcommittees.

(2) No committee or subcommittee of either house, other than a standing committee or subcommittee thereof, shall meet unless notice of such meeting has been printed in the daily file for four days prior thereto. This requirement may be waived by a majority vote of either house with respect to a particular bill.

(3) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall meet outside the State Capitol without the prior approval of the Joint Rules Committee.

(4) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall meet unless notice of such meeting has been printed in the daily file for four days prior thereto.

(b) When the Legislature is in joint recess each joint committee or subcommittee, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall notify the Joint Rules Committee at least two weeks prior to any such meeting.

(c) The requirements placed upon joint committees by subdivisions (a) and (b) of this rule may be waived where it is deemed necessary by the Joint Rules Committee.

Each such committee may expend such money as may be made available to it for such purpose but no committee shall incur any indebtedness unless money shall have been first made available therefor.

No living expenses shall be allowed in connection with legislative business for a day on which the member receives reimbursement for expenses while required to be in Sacramento to attend a session of the Legislature. The chairman or chairwoman of each committee shall audit and approve the expense claims of the members of the committee, including claims for mileage in connection with attendance on committee business, or in connection with specific assignments by the committee chairman or chairwoman, but excluding other types of mileage, and shall certify the amount approved to the Controller, and the Controller shall draw his or her warrants upon the certification of the chairman or chairwoman.

Subject to the rules of each house for the respective committees of each house, and subject to the joint rules for any joint committee, the chairman or chairwoman of any such committee may appoint subcommittees and chairmen or chairwomen thereof for the purpose of more expeditiously handling and considering matters referred to it, and such subcommittees and the chairmen or chairwomen thereof shall have all the powers and authority herein conferred upon the committee and its chairman or chairwoman. The chairman or chairwoman of such subcommittee shall audit the expense claims of the members of such subcommittees and other claims and the expenses incurred by it and shall certify the amount thereof to the chairman or chairwoman of the committee who shall, if he or she approves the same, certify the amount thereof to the Controller, and the Controller shall draw his or her warrant therefor upon such certification, and the Treasurer shall pay the same. Whenever such committee or any subcommittee thereof is authorized to leave the State of California in the performance of its duties, then such committee or subcommittee shall, while out of the state, have the same authority as if it were acting and functioning within the state, and the members thereof shall be reimbursed for expenses.

Notwithstanding any provision of this rule, if the standing rules of either house require that expense claims of committees for goods or services or pursuant to contracts or for expenses of employees or members of committees be audited or approved, after approval of the committee chairman or chairwoman, by another agency of either house, the Controller shall draw his warrants only upon the certification of such other agency. All expense claims approved by the chairman or chairwoman of any joint committee, other than the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be approved by the Joint Rules Committee and the Controller shall draw his warrants only upon the certification of the Joint Rules Committee.

Except salary claims of employees clearly subject to federal

withholding taxes and the requirement as to loyalty oaths, claims presented for services or pursuant to contract shall refer to the agreement, the terms of which shall be made available to the Controller.

Expenses of Committee Employees

36.1. Unless otherwise provided by respective house or committee rule or resolution, employees of legislative committees shall, when entitled to traveling expenses, be entitled to allowances in lieu of actual expenses for hotel accommodations, breakfast, lunch, and dinner, at the rates fixed by the Board of Control from time to time in limitation of reimbursement of expenses of state employees generally; provided, that if an allowance for hotel accommodations, breakfast, lunch, and dinner is made by a committee at a rate in excess of those fixed by the Board of Control the chairman or chairwoman of the committee shall notify the Controller of that fact in writing.

Appointment of Committees

36.5. The provisions of this rule shall apply whenever a joint committee is created by a statute or resolution which either provides that appointments be made and vacancies be filled in the manner provided for in the Joint Rules, or which makes no provision for the appointment of members or the filling of vacancies.

The Senate members of the committee shall be appointed by the Senate Committee on Rules; the Assembly members of the committee shall be appointed by the Speaker of the Assembly; and vacancies occurring in the membership of the committee shall be filled by the respective appointing powers. The members appointed shall hold over until their successors are regularly selected.

Appointment of Joint Committee Chairmen or Chairwomen

36.7. The chairman or chairwoman of each joint committee heretofore or hereafter created, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be appointed by the Joint Rules Committee from a member or members recommended by the Senate Committee on Rules and the Speaker of the Assembly.

Joint Committee Funds

36.8. Each joint committee, heretofore or hereafter created, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall expend the funds heretofore or hereafter made available to it in compliance with the policies set forth by the Joint Rules Committee with respect to personnel,

salaries, purchasing, office space assignment, contractual services, rental or lease agreements, travel, and any and all other matters relating to the management and administration of committee affairs.

Joint Legislative Budget Committee

37. In addition to any other committee provided for by these rules, there shall be a joint committee to be known and called the Joint Legislative Budget Committee, which is hereby declared to be a continuing body.

It shall be the duty of the committee to ascertain facts and make recommendations to the Legislature and to the houses thereof concerning the state Budget, the revenues and expenditures of the state, and the organization and functions of the state, its departments, subdivisions and agencies, with a view of reducing the cost of the state government and securing greater efficiency and economy.

The committee shall consist of seven Members of the Senate and seven Members of the Assembly. The Senate members of the committee shall consist of seven Members of the Senate appointed by the Senate Committee on Rules. The Assembly members of the committee shall consist of seven Members of the Assembly appointed by the Speaker of the Assembly. The committee shall select its own chairman or chairwoman.

Any vacancies occurring between regular sessions in the Senate membership of the Joint Legislative Budget Committee shall be filled by the Senate Committee on Rules, and the Senators appointed shall hold over until their successors are regularly selected. For the purposes of this rule, a vacancy shall be deemed to exist as to a Senator whose term is expiring whenever he or she is not reelected at the general election.

Any vacancies occurring between regular sessions in the Assembly membership of the Joint Legislative Budget Committee shall be filled by the Speaker of the Assembly, and the Members of the Assembly appointed shall hold over until their successors are regularly selected. For the purposes of this rule, a vacancy shall be deemed to exist as to a Member of the Assembly whose term is expiring whenever he or she is not reelected at the general election.

Any vacancy occurring at any time in the Assembly membership of the committee shall be filled by appointment by the Speaker. The committee shall have the authority to make rules to govern its own proceedings and its employees. It may also create subcommittees from its membership, assigning to its subcommittees any study, inquiry, investigation, or hearing which the committee itself has authority to undertake or hold and the subcommittee for the purpose of this assignment shall have and may exercise all the powers conferred upon the committee, limited only by the express terms of any rule or resolution of the committee defining the powers and duties of the subcommittee. Such powers may be withdrawn or

terminated at any time by the committee.

The Joint Legislative Budget Committee may render services to any investigating committee of the Legislature pursuant to contract between the Joint Legislative Budget Committee and the committee for which the services are to be performed. The contract may provide for payment to the Joint Legislative Budget Committee of the cost of such services from the funds appropriated to the contracting investigating committee. All legislative investigating committees are authorized to enter into such contracts with the Joint Legislative Budget Committee. Money received by the Joint Legislative Budget Committee pursuant to any such agreement shall be in augmentation of the current appropriation for the support of the Joint Legislative Budget Committee.

The provisions of Rule 36 shall apply to the Joint Legislative Budget Committee, and it shall have all the authority provided in such rule or pursuant to Section 11 of Article IV of the Constitution.

The committee shall have authority to appoint a Legislative Analyst, to fix his or her compensation and to prescribe his or her duties, and to appoint such other clerical and technical employees as may appear necessary. The duties of the Legislative Analyst shall be as follows:

(1) To ascertain the facts and make recommendations to the Joint Legislative Budget Committee and under its direction to the committees of the Legislature concerning:

(a) The state Budget.

(b) The revenues and expenditures of the state.

(c) The organization and functions of the state, its departments, subdivisions, and agencies.

(2) To assist the Senate Budget and Fiscal Review Committee and the Assembly Ways and Means Committee in consideration of the Budget and all bills carrying express or implied appropriations and all legislation affecting state departments and their efficiency; to appear before any other legislative committee; and to assist any other legislative committee upon instruction by the Joint Legislative Budget Committee.

(3) To provide all legislative committees and Members of the Legislature with information obtained under the direction of the Joint Legislative Budget Committee.

(4) To maintain a record of all work performed by the Legislative Analyst under the direction of the Joint Legislative Budget Committee and to keep and make available all documents, data, and reports submitted to him by any Senate, Assembly, or joint committee. The committee may meet either during sessions of the Legislature, any recess thereof, or after final adjournment, and may meet or conduct business at any place within the State of California.

The chairman or chairwoman of the committee or, in the event of such person's inability to act, the vice chairman or vice chairwoman, shall audit and approve the expenses of members of the committee or salaries of the employees, and all other expenses incurred in

connection with the performance of its duties by the committee, and the chairman or chairwoman shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman or chairwoman, and the Treasurer shall pay the same to the chairman or chairwoman of the committee to be disbursed by the chairman or chairwoman.

On and after the commencement of a succeeding regular session those members of the committee who continue to be Members of the Senate and Assembly, respectively, continue as members of the committee until their successors are appointed, and the committee continues with all its powers, duties, authority, records, papers, personnel, and staff, and all funds theretofore made available for its use.

Upon the conclusion of its work, any Assembly, Senate, or joint committee (other than a standing committee) shall deliver to the Legislative Analyst for use and custody all documents, data, reports, and other materials that have come into the possession of such committee and which are not included within the final report of such committee to the Assembly, Senate, or the Legislature, as the case may be. Such documents, data, reports, and other materials shall be available to Members of the Legislature, the Senate Office of Research, and the Assembly Office of Research, upon request.

The Legislative Analyst with the consent of the committee shall make available to any Member or committee of the Legislature any other reports, records, documents, or other data under his control, except that reports prepared by the Legislative Analyst in response to a request from a Member or committee of the Legislature shall only be made available with the written permission of the Member or committee who made the request.

The Legislative Analyst, upon the receipt of a request from any committee or Member of the Legislature to conduct a study or provide information which falls within the scope of his responsibilities and which concerns the administration of the government of the State of California, shall at once advise the Joint Legislative Budget Committee of the nature of the request without disclosing the name of the member or committee making the request.

The Legislative Analyst shall immediately undertake to provide the requesting committee or legislator with the service or information requested, and shall inform the committee or legislator of the approximate date when this information will be available. Should there be any material delay, he or she shall subsequently communicate this fact to the requester.

Neither the Committee on Rules of either house nor the Joint Rules Committee shall assign any matter for study to the Joint Legislative Budget Committee or the Legislative Analyst without first obtaining from the Joint Legislative Budget Committee an estimate of the amount required to be expended by it to make the study.

Any concurrent, joint, Senate, or House resolution assigning a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be referred to the respective rules committees. Before the committees shall act upon or assign such resolution, they shall obtain an estimate from the Joint Legislative Budget Committee of the amount required to be expended to make the study.

Citizen Cost Impact Report

37.1. Any Member or committee of the Legislature may recommend that the Legislative Analyst prepare a citizen cost impact analysis on proposed legislation. However, such a recommendation shall first be reviewed by the Committee on Rules of the house where the recommendation originated, and this committee shall make the final determination as to which bills shall be assigned for preparation of an impact analysis.

In selecting specific bills for assignment to the Legislative Analyst for preparation of citizen cost impact analyses, the Committee on Rules shall request the Legislative Analyst to present an estimate of his time and prospective costs for preparing the analyses. Only those bills which have a potential significant cost impact shall be assigned. Where necessary, the Committee on Rules shall provide funds to offset added costs incurred by the Legislative Analyst.

The citizen cost impact analyses shall include those economic effects which the Legislative Analyst deems significant and which he or she believes will result directly from the proposed legislation. Insofar as feasible, the Legislative Analyst shall consider, but not be limited to consideration of, the following:

(a) The economic effect on the public generally.

(b) Any specific economic effect on persons or businesses in the case of legislation which is regulatory.

The Legislative Analyst shall submit the citizen cost impact analyses when completed to the committee or committees and at the time or times designated by the Committee on Rules.

The Legislative Analyst shall submit from time to time, but at least once a year, a report to the Legislature on the trends and directions of the state's economy, and shall list the alternatives and make recommendations as to legislative actions which, in his or her judgment, will insure a sound and stable state economy.

Joint Legislative Audit Committee

37.3. The Joint Legislative Audit Committee is created pursuant to the Legislature's rulemaking authority and specific constitutional authority by Chapter 4 (commencing with Section 10500), Part 2, Division 2, Title 2 of the Government Code. The committee shall consist of seven Members of the Senate and seven Members of the Assembly who shall be selected in the manner provided for in these rules, of which one shall be the chairman of the fiscal committee for

the Senate and one the chairman of the fiscal committee for the Assembly. Notwithstanding anything to the contrary in these rules, four members from each house constitute a quorum and the number of votes necessary to take action on any matter. The Chairman of the Joint Legislative Audit Committee, upon receiving a request by any Member of the Legislature or committee thereof for a copy of a report prepared or being prepared by the Auditor General, shall provide the member or committee with a copy of such report when it is, or has been, submitted by the Auditor General to the Joint Legislative Audit Committee.

Study or Audits

37.4. (a) Notwithstanding any other provision of law to the contrary, the Joint Legislative Audit Committee shall establish priorities and assign all work to be done by the Auditor General.

(b) Any bill requiring action by the Auditor General shall contain an appropriation for the cost of any study or audit.

(c) Any bill or concurrent, joint, Senate, or House resolution assigning a study to the Joint Legislative Audit Committee or to the Auditor General shall be referred to the respective rules committees. Before the committees shall act upon or assign the bill or resolution, they shall obtain an estimate from the Joint Legislative Audit Committee of the amount required to be expended to make the study.

Waiver

37.5. The provisions of subdivision (b) of Rule 37.4 may be waived by the Joint Legislative Audit Committee. The chairman or chairwoman of the committee shall notify the Secretary of the Senate, the Chief Clerk of the Assembly, and the Legislative Counsel in writing when the provisions of subdivision (b) of Rule 37.4 have been waived. If the cost of a study or audit is less than one hundred thousand dollars ($100,000), the chairman or chairwoman of the committee may exercise the committee's authority to waive the provisions of subdivision (b) of Rule 37.4.

Administrative Regulations

37.7. (a) Any Member of the Senate may request the Senate Committee on Rules, and any Member of the Assembly may request the Speaker of the Assembly, to direct a standing committee or the Office of Research of their respective house to study any proposed or existing regulation or group of related regulations. Upon receipt of such a request, the Senate Committee on Rules or the Speaker of the Assembly shall, after review, determine whether such a study shall be made. In reviewing the request, the Senate Committee on Rules or the Speaker of the Assembly shall determine:

(1) The cost of making such a study.
(2) The potential public benefit to be derived from such a study.
(3) The scope of the study.
(b) The study may consider, among other relevant issues, whether the proposed or existing regulation:

(7) Imposes unreasonable penalties for violation.
The respective reviewing unit shall in a timely manner transmit its concerns, if any, to the Senate Committee on Rules or the Speaker of the Assembly, and the promulgating agency.
In the event that a state agency takes a regulatory action which the reviewing unit finds unacceptable, the unit shall file a report for publication in the daily journal of its respective house indicating the specific reasons why the regulatory action should not have been taken. The report may include a recommendation that the Legislature adopt a concurrent resolution requesting the state agency to reconsider its action or that the Legislature enact a statute to restrict the regulatory powers of the state agency taking the action.

39. All extraordinary sessions shall be designated in numerical order by the session in which convened.

The information thus cumulated shall be made available to the public by the Committee on Rules of each house and shall be

published periodically under their joint direction.

Joint Committees

43. Concurrent resolutions creating joint committees of the Legislature and concurrent resolutions allocating moneys from the Operating Funds of the Assembly and Senate to such committees shall be referred to the Committee on Rules of the respective houses.

(b) No Member of the Legislature shall, during the term for which he or she was elected:

(1) Accept other employment which he or she has reason to believe will either impair his or her independence of judgment as to his or her official duties or require him or her, or induce him or her, to disclose confidential information acquired by him or her in the course of and by reason of his or her official duties.

(2) Willfully and knowingly disclose, for pecuniary gain, to any other person, confidential information acquired by him or her in the course of and by reason of his or her official duties or use any such information for the purpose of pecuniary gain.

(3) Accept or agree to accept, or be in partnership with any person who accepts or agrees to accept, any employment, fee, or other thing of value, or portion thereof, in consideration of his or her appearance, agreeing to appear, or taking any other action on behalf of another person regarding a licensing or regulatory matter, before any state board or agency which is established by law for the primary purpose of licensing or regulating the professional activity of persons licensed, pursuant to state law; provided, that this rule shall not be construed to prohibit a member who is an attorney at law from practicing in such capacity before the Workers' Compensation Appeals Board or the Commissioner of Corporations, and receiving compensation therefor, or from practicing for compensation before any state board or agency in connection with, or in any matter related to, any case, action, or proceeding filed and pending in any state or federal court; and provided that this rule shall not act to prohibit a member from making inquiry for information on behalf of a constituent before a state board or agency, if no fee or reward is given or promised in consequence thereof, and provided that the prohibition contained in this rule shall not apply to a partnership in which the Member of the Legislature is a member if the Member of the Legislature does not share directly or indirectly in the fee

resulting from the transaction; and provided that the prohibition contained in this rule shall not apply in connection with any matter pending before any state board or agency on the operative date of this rule if the affected Member of the Legislature is attorney of record or representative in the matter prior to such operative date.

(4) Receive or agree to receive, directly or indirectly, any compensation, reward, or gift from any source except the State of California for any service, advice, assistance, or other matter related to the legislative process, except fees for speeches or published works on legislative subjects and except, in connection therewith, reimbursement of expenses for actual expenditures for travel and reasonable subsistence for which no payment or reimbursement is made by the State of California.

(5) Participate, by voting or any other action, on the floor of either house, or in committee or elsewhere, in the enactment or defeat of legislation in which he or she has a personal interest, except as follows:

(i) If, on the vote for final passage by the house of which he or she is a member, of the legislation in which he or she has a personal interest, he or she first files a statement (which shall be entered verbatim on the journal) stating in substance that he or she has a personal interest in the legislation to be voted on and notwithstanding such interest, he or she is able to cast a fair and objective vote on such legislation, he or she may cast his or her vote without violating any provision of this rule;

(ii) If the member believes that, because of his or her personal interest, he or she should abstain from participating in the vote on the legislation, he or she shall so advise the presiding officer prior to the commencement of the vote and shall be excused from voting on the legislation without any entry on the journal of the fact of his or her personal interest. In the event a rule of the house, requiring that each member who is present vote aye or nay is invoked, the presiding officer shall order the member excused from compliance and shall order entered on the journal a simple statement that the member was excused from voting on the legislation pursuant to law.

(c) A person subject to this rule has an interest which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed in the laws of this state or a personal interest, arising from any situation, within the scope of this rule, if he or she has reason to believe or expect that he or she will derive a direct monetary gain or suffer a direct monetary loss, as the case may be, by reason of his or her official activity. He or she does not have an interest which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state or a personal interest, arising from any situation, within the scope of this rule, if any benefit or detriment accrues to him or her as a member of a business, profession, occupation, or group to no greater extent than any other member of such business,

profession, occupation, or group.

(d) A person subject to the provisions of this rule shall not be deemed to be engaged in any activity which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state, arising from any situation, or to have a personal interest, arising from any situation, within the scope of this rule, solely by reason of any of the following:

(1) His or her relationship to any potential beneficiary of any situation is one which is defined as a remote interest by Section 1091 of the Government Code or is otherwise not deemed to be a prohibited interest by Section 1091.1 or 1091.5 of the Government Code.

(2) Receipt of a campaign contribution regulated, received, reported, and accounted for pursuant to Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code, so long as the contribution is not made on the understanding or agreement, in violation of law, that the person's vote, opinion, judgment, or action will be influenced thereby.

(e) The enumeration in this rule of specific situations or conditions which are deemed not to result in substantial conflicts with the proper discharge of the duties and responsibilities of a legislator or legislative employee or in a personal interest shall not be construed as exclusive.

The Legislature in adopting this rule recognizes that Members of the Legislature and legislative employees may need to engage in employment, professional, or business activities other than legislative activities, in order to maintain a continuity of professional or business activity, or may need to maintain investments, which activities or investments do not conflict with the specific provisions of this rule. However, in construing and administering the provisions of the rule, weight should be given to any coincidence of income, employment, investment, or other profit from sources which may be identified with the interests represented by those sources which are seeking action of any character on matters then pending before the Legislature.

(f) No employee of either house of the Legislature shall, during the time he or she is so employed, commit any act or engage in any activity prohibited by any part of this rule.

(g) No person shall induce or seek to induce any Member of the Legislature to violate any part of this rule.

(h) Violations of any part of this rule are punishable as provided in Section 8926 of the Government Code.

Joint Legislative Ethics Committee

45. (a) The Joint Legislative Ethics Committee is hereby created. The committee shall consist of three Members of the Senate appointed by the Senate Committee on Rules and three Members of

the Assembly appointed by the Speaker of the Assembly. Of the three members appointed from each house, at least one from each house shall be a member of the political party having the largest number of members in that house and at least one from each house shall be a member of the political party having the second largest number of members in that house. The committee shall elect its own chairman or chairwoman. Vacancies occurring in the membership of the committee shall be filled in the manner provided for in these rules for other committees. A vacancy shall be deemed to exist as to any member of the committee whose term is expiring whenever such member is not reelected at the general election.

(b) The committee is authorized to make rules governing its own proceedings. The provisions of Rule 36 relating to investigating committees shall apply to the committee.

Prior to the issuance of any subpoena by the committee with respect to any matter before the committee, it shall by a resolution adopted by a vote of two members of the committee from each house of the Legislature define the nature and scope of its investigation in the matter before it.

(c) Funds for the support of the committee shall be provided from the Operating Funds of the Assembly and the Senate in the same manner that such funds are made available to other joint committees of the Legislature.

(d) The committee shall have power, pursuant to the provisions of this rule, to investigate and make findings and recommendations concerning alleged violations by Members of the Legislature of the provisions of Rule 44.

(e) Any person may: (1) file with the committee a verified complaint in writing which shall state the name of the Member of the Legislature alleged to have committed the violation complained of, and which shall set forth the particulars thereof, or (2) file a complaint concerning the alleged violation by a Member of the Legislature with the district attorney of the appropriate county.

If a person files a complaint with respect to any alleged violation by a Member of the Legislature with the committee, he or she may not thereafter file a complaint to institute a criminal prosecution for such violation until the committee has rendered its report or until a period of 120 days has elapsed since the filing of the complaint. If a complaint is filed with the appropriate district attorney by any person concerning an alleged violation by a Member of the Legislature of any provision of Rule 44, such person may not thereafter file a complaint with respect to such alleged violation with the committee.

If a complaint is filed with the committee, the committee shall promptly send a copy of the complaint to the Member of the Legislature alleged to have committed the violation complained of, who shall thereafter be designated as the respondent.

No complaint may be filed with the committee after the expiration of six months from the date upon which the alleged violation

occurred.

(f) If the committee determines that the verified complaint does not allege facts, directly or upon information and belief, sufficient to constitute a violation of any of the provisions of Rule 44, it shall dismiss the complaint and notify the complainant and respondent thereof. If the committee determines that such verified complaint does allege facts, directly or upon information and belief, sufficient to constitute a violation of any of the provisions of Rule 44, the committee shall promptly investigate the alleged violation and if, after such preliminary investigation, the committee finds that probable cause exists for believing the allegations of the complaint, it shall fix a time for a hearing in the matter, which shall be not more than 30 days after such finding. If, after the preliminary investigation, the committee finds that probable cause does not exist for believing the allegations of the complaint, the committee shall dismiss the complaint. In either event, the committee shall notify the complainant and respondent of its determination.

(g) After the complaint has been filed, the respondent shall be entitled to examine and make copies of all evidence in the possession of the committee relating to the complaint.

(h) If a hearing is to be held pursuant to subdivision (f) of this rule, the committee, before the hearing has commenced, shall issue subpoenas and subpoenas duces tecum at the request of any party in accordance with the provisions of Chapter 4 (commencing with Section 9400), Part 1, Division 2, Title 2 of the Government Code. All of the provisions of Chapter 4, except Section 9410, shall be applicable to the committee and the witnesses before it.

(i) At any hearing held by the committee:

(1) Oral evidence shall be taken only on oath or affirmation.

(2) Each party shall have these rights: to be represented by legal counsel; to call and examine witnesses; to introduce exhibits; and to cross-examine opposing witnesses.

(3) The hearing shall be open to the public.

(j) Any official or other person whose name is mentioned at any investigation or hearing of the committee and who believes that testimony has been given which adversely affects him or her, shall have the right to testify or, at the discretion of the committee, to file a statement of facts under oath relating solely to the material relevant to the testimony of which he or she complains.

(k) After the hearing the committee shall state its findings of fact. If the committee finds that the respondent has not violated any of the provisions of Rule 44, it shall order the action dismissed, and shall notify the respondent and complainant thereof and shall also transmit a copy of the complaint and the fact of dismissal to the Attorney General and to the district attorney of the appropriate county. If the committee finds that the respondent has violated any of the provisions of Rule 44, it shall state its findings of fact and submit a report thereon to the house in which the respondent serves, send a copy of such findings and report to the complainant and

respondent, and the committee shall also report thereon to the Attorney General and to the district attorney of the appropriate county.

(*l*) Nothing in this rule shall preclude any person from instituting a prosecution for violation of any provision of Rule 44 unless such person has filed a complaint with the committee concerning such violation, in which case such person may not file a complaint with the district attorney of the appropriate county to institute a criminal prosecution for such violation until the committee has made its determination of the matter or a period of 120 days has elapsed since the filing of the complaint with the committee.

(m) The filing of a complaint with the committee pursuant to this rule suspends the running of the statute of limitations applicable to any violation of the provisions of Rule 44 while such complaint is pending.

(n) The committee shall maintain a record of its investigations, inquiries, and proceedings. All records, complaints, documents, reports filed with or submitted to or made by the committee, and all records and transcripts of any investigations, inquiries, or hearings of the committee under this rule shall be deemed confidential and shall not be open to inspection by any person other than a member of the committee, an employee of the committee, or a state employee designated to assist the committee, except as otherwise specifically provided in this rule. The committee may, by adoption of a resolution, authorize the release to the Attorney General or to the district attorney of the appropriate county of any information, records, complaints, documents, reports, and transcripts in its possession material to any matter pending before the Attorney General or the district attorney. All matters presented at a public hearing of the committee and all reports of the committee stating a final finding of fact pursuant to subdivision (k) of this rule shall be public records and open to public inspection. Any employee of the committee who divulges any matter which is deemed to be confidential by this subdivision is punishable as provided in Section 8953 of the Government Code.

(o) All actions of the committee shall require the concurrence of two members of the committee from each house.

(p) The committee may render advisory opinions to Members of the Legislature with respect to the provisions of Rule 44 and their application and construction. The committee may secure an opinion from the Legislative Counsel for this purpose or issue its own opinion.

Legislative Hearing Rooms

46. The Rules Committee of each house shall provide designated space for nonsmokers in each legislative hearing room under its jurisdiction; provided, however, that nothing in this rule shall prevent any committee chairman or chairwoman from prohibiting

smoking completely, or from further restricting smoking to a greater extent than provided by the Rules Committee of that house.

Designating Legislative Sessions

50. Regular sessions shall be identified with the odd-numbered year subsequent to each general election, followed by a hyphen, and then the last two digits of the following even-numbered year. For example: 1973–74 Regular Session.

Days and Dates

50.5. (a) As used in these rules, "day" means a calendar day, unless otherwise specified.

(b) When the date of a deadline, recess requirement, or circumstance falls on a Saturday, Sunday, or Monday that is a holiday, the date shall be deemed to refer to the preceding Friday. When the date falls on a holiday on a weekday other than a Monday, the date shall be deemed to refer to the preceding day.

Legislative Calendar

51. (a) The Legislature shall observe the following calendar during the first year of the regular session:

(1) Organizational Recess—The Legislature shall meet on the first Monday in December following the general election to organize. Thereafter, each house shall be in recess from such time as it determines, but not later than the following Friday until the first Monday in January, except when the first Monday is January 1 or January 1 is a Sunday, in which case, the following Wednesday.

(2) Easter Recess—The Legislature shall be in recess from the 10th day prior to Easter until the Monday after Easter.

(3) Summer Recess—The Legislature shall be in recess from July 16 until August 16. This recess shall not commence until the Budget Bill is enacted.

(4) Interim Study Recess—The Legislature shall be in recess from September 10 until the first Monday in January, except when the first Monday is January 1 or January 1 is a Sunday, in which case, the following Wednesday.

(b) The Legislature shall observe the following calendar for the remainder of the legislative session:

(1) Easter Recess—The Legislature shall be in recess from the 10th day prior to Easter until the Monday after Easter.

(2) Summer Recess—The Legislature shall be in recess from July 8 until August 8. This recess shall not commence until the Budget Bill is enacted.

(3) Final Recess—The Legislature shall be in recess on September 1 until adjournment sine die on November 30.

(c) Recesses shall be from the hour of adjournment on the day

specified to reconvene at the time designated by the respective houses.

(d) The recesses specified by this rule shall be designated as joint recesses.

Recall From Recess

52. Notwithstanding the power of the Governor to call a special session, the Legislature may be recalled from joint recess and reconvene in regular session by any of the following means:

(a) It may be recalled by joint proclamation, which shall be entered in the journal, of the Senate Committee on Rules and the Speaker of the Assembly or, in his or her absence from the state, the Assembly Committee on Rules.

(b) Ten or more Members of the Legislature may present a request for recall from joint recess to the Chief Clerk of the Assembly and the Secretary of the Senate. The request shall immediately be printed in the journal. Within 10 days thereafter, the Speaker of the Assembly, or if the Speaker is absent from the state, the Assembly Committee on Rules, and the Senate Committee on Rules shall act upon the request. If they concur in desiring to recall the Legislature from joint recess, they shall issue their joint proclamation entered in the journal no later than 20 days after publication of the request in the journal.

(c) If either or both of the parties specified in subdivision (b) does not concur, 10 or more Members of the Legislature may request the Chief Clerk of the Assembly or the Secretary of the Senate to petition the membership of the respective house. The petition shall be entered in the journal and shall contain a specified reconvening date commencing not later than 20 days after the date of the petition. If two-thirds of the members of the house or each of the two houses concur, the Legislature shall reconvene on the date specified. The necessary concurrences must be received at least 10 days prior to date specified for reconvening.

Procedure on Suspending Rules by Single House

53. Whenever these rules authorize suspension of the Joint Rules as to a particular bill by action of a single house after approval by the Committee on Rules of that house, the following procedure shall be followed:

(a) A written request to suspend the joint rule shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and shall be transmitted to the Committee on Rules of the appropriate house.

(b) The Assembly Committee on Rules or the Senate Committee on Rules, as the case may be, shall determine whether there exists an urgent need for the suspension of the joint rule with regard to the bill.

(c) If the appropriate rules committee recommends that the suspension be permitted, the member may offer a resolution, without further reference thereof to committee, granting permission to suspend the joint rule. The adoption of the resolution granting such permission shall require an affirmative recorded vote of the elected members of the house in which the request is made.

Introduction of Bills

54. (a) No bill may be introduced in the first year of the regular session after March 5 and no bill may be introduced in the second year of the regular session after February 25. These deadlines shall not apply to constitutional amendments, committee bills introduced pursuant to Assembly Rule 47 or Senate Rule 23, bills introduced in the Assembly with the permission of the Speaker of the Assembly, or bills introduced in the Senate with the permission of the Senate Committee on Rules. Subject to these deadlines, bills may be introduced at any time except when the houses are in joint summer, interim, or final recess. Each house may provide for introduction of bills during a recess other than a joint recess. Bills shall be numbered consecutively during the regular session.

(b) The desks of the Senate and Assembly shall remain open, during a joint recess, other than a joint Easter, summer, interim, or final recess, for introduction of bills, during business hours on Monday through Friday, inclusive, except holidays. Bills received at the Senate Desk during such periods shall be numbered and printed. After printing, such bills shall be delivered to the Secretary of the Senate and shall be referred by the Senate Committee on Rules to a standing committee. Bills received at the Assembly Desk during such periods shall be numbered, printed, and referred to a committee by the Assembly Committee on Rules. After printing, such bills shall be delivered to the Chief Clerk of the Assembly. On the reconvening of each house, the bills shall be read the first time, and shall be delivered to the committee to which they were referred.

(c) A member may not author a bill during a session that would have substantially the same effect as a bill he or she had previously introduced during that session. This restriction shall not apply in cases where a previously introduced bill has been vetoed by the Governor or has had its provisions "chaptered out" by a later chaptered bill pursuant to Section 9605 of the Government Code. An objection may be raised only while the bill is being considered by the house in which it is introduced. In such case the objection shall be referred to the Committee on Rules of the house for a determination. The bill shall remain on file or with a committee, as the case may be, until such determination is made. If upon consideration of the objection the Committee on Rules determines that the bill objected to would have substantially the same effect as another bill previously introduced during the session by the author, the bill objected to shall be stricken from the file or returned to the desk by the committee,

as the case may be, and shall not be acted upon during the remainder of the session. If the Committee on Rules determines that the bill objected to would not have substantially the same effect as a bill previously introduced during the session by the author, the bill may thereafter be acted upon by the committee or the house, as the case may be. The Committee on Rules may obtain such assistance as it may desire from the Legislative Counsel as to the similarity of a bill or amendments to a prior bill.

This joint rule may be suspended by approval of the Committee on Rules and three-fourths vote of the membership of the house.

(d) During a joint recess, the Chief Clerk of the Assembly or Secretary of the Senate shall order the preparation of preprint bills when so ordered by any of the following:

(1) The Speaker of the Assembly.

(2) The Committee on Rules of the respective houses.

(3) A committee with respect to bills within the subject matter jurisdiction of the committee.

Preprint bills shall be designated as such and shall be printed in the order received and numbered in the order printed. To facilitate subsequent amendment, preprint bills shall be so prepared that when introduced as a bill, the page and the line numbers will not change. The Chief Clerk of the Assembly and Secretary of the Senate shall publish a list periodically of such preprint bills showing the preprint bill number, the title, and the Legislative Counsel's Digest. The Speaker of the Assembly and Senate Committee on Rules may refer all preprint bills to committee for study.

30-Day Waiting Period

55. No bill other than the Budget Bill may be heard or acted upon by committee or either house until the bill has been in print for 30 days. The date a bill is returned from the printer shall be entered in the history. This rule may be suspended concurrently with the suspension of the requirement of Section 8 of Article IV of the Constitution or if such period has expired, this rule may be suspended by approval of the Committee on Rules and two-thirds vote of the house in which the bill is being considered.

Return of Bills

56. Bills introduced in the first year of the regular session and passed by the house of origin on or before the January 31st constitutional deadline are "carryover bills." Immediately after January 31, bills introduced in the first year of the regular session that do not become "carryover bills" shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate, respectively. Notwithstanding Rule 4, as used in this rule, "bills" does not include constitutional amendments.

Appropriation Bills

57. Appropriation bills that may not be sent to the Governor shall be held, after enrollment, by the Chief Clerk of the Assembly or Secretary of the Senate, respectively. The bills shall be sent to the Governor immediately after the Budget Bill has been enacted.

Urgency Clauses

58. An amendment to add a section to a bill to provide that the act shall take effect immediately as an urgency statute shall not be adopted unless the author of the amendment has first secured the approval of the Committee on Rules of the house in which the amendments are offered.

58.5. The Legislature may consider a Governor's veto for only 60 days, not counting days when the Legislature is in joint recess.

Publications

59. During periods of joint recess, weekly, if necessary, the following documents shall be published: files, histories, and journals.

Hearings in Sacramento

60. (a) No standing committee or subcommittee thereof may take action on a bill at any hearing held outside of Sacramento.

(b) A committee may hear the subject matter of a bill during a period of recess. Four days' notice in the daily file is required prior to the hearing.

(c) No bill may be acted upon by a committee during a joint recess.

(d) Notwithstanding subdivisions (a) and (b), a policy committee may report a bill to a fiscal committee on or before the relevant deadline for reporting nonfiscal bills to the floor, if, after the policy committee deadline for reporting the bill to fiscal committee, the Legislative Counsel's Digest is changed to indicate reference to fiscal committee.

(e) Bills in the house of origin not acted upon during the odd-numbered year as a result of the deadlines imposed in subdivision (a) may be acted upon when the Legislature reconvenes after the interim study joint recess, or at any time the Legislature is recalled from the interim study joint recess.

(f) The deadlines imposed by this rule shall not apply to the rules committees of the respective houses.

(g) The deadlines imposed by this rule shall not apply in instances where a bill is referred to committee under Rule 26.5.

(h) (1) Notwithstanding subdivisions (a) and (b), a policy committee or fiscal committee may meet for the purpose of hearing and reporting a constitutional amendment, or a bill which would go into immediate effect pursuant to subdivision (c) of Section 8 of Article IV of the Constitution of California, at any time other than those periods when no committee may meet for any purpose.

(2) Notwithstanding subdivisions (a) and (b), either house may meet for the purpose of considering and passing a constitutional amendment, or a bill which would go into immediate effect pursuant to subdivision (c) of Section 8 of Article IV of the Constitution of California, at any time during the session.

(i) This rule may be suspended as to any particular bill by approval of the Committee on Rules and two-thirds vote of the membership of the house.

Committee Procedure

62. (a) Notice of a hearing on a bill by the committee of first reference in each house shall be published in the file at least four days prior to the hearing. Otherwise, notice shall be published in the file two days prior to the hearing. Such notice may be waived by a majority vote of the house in which the bill is being considered. A bill may be set for hearing in a committee only three times. A bill is "set" for purposes of this subdivision whenever notice of the hearing has been published in the file for one or more days. If a bill is set for hearing, and the committee, on its own initiation and not the author's, postpones the hearing on the bill or adjourns the hearing while testimony is being taken, such hearing shall not be counted as one of the three times a bill may be set. After hearing the bill, the committee may vote on the bill. If the hearing notice in the file specifically indicates that "testimony only" will be taken, such hearing shall not be counted as one of the three times a bill may be set. A committee may not vote on a bill so noticed until it has been heard in accordance with this rule. After a committee has voted on a bill, reconsideration may be granted only one time. Reconsideration may be granted within 15 legislative days or prior to the interim study joint recess, whichever first occurs. A vote on reconsideration cannot be taken without the same notice required to set a bill unless such vote is taken at the same meeting at which the vote to be reconsidered was taken and the author is present. When a bill fails to get the necessary votes to pass it out of committee or upon failure to receive reconsideration, it shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate of the house of the committee and may not be considered further during the session.

This subdivision may be suspended with respect to a particular bill by approval of the Committee on Rules and two-thirds vote of the members of the house.

(b) If the committee adopts amendments other than those offered by the author and orders the bill reprinted prior to its further consideration, the hearing shall not be the final time a bill may be set under subdivision (a) of this rule.

(c) When a standing committee takes action on a bill, the vote shall be by rollcall vote only. All rollcall votes taken by a standing committee shall be recorded by the committee secretary on forms provided by the Chief Clerk of the Assembly and the Secretary of the Senate. The chairman or chairwoman of each standing committee shall promptly transmit a copy of the record of the rollcall votes to the Chief Clerk of the Assembly or the Secretary of the Senate, respectively, who shall cause the votes to be published as prescribed by each house.

The provisions of this subdivision shall also apply to action of a committee on a subcommittee report. The rules of each house shall prescribe the procedure as to rollcall votes on amendments.

Any committee may, with the unanimous consent of the members present, substitute a rollcall from a prior bill, provided that the members whose votes are substituted are present at the time of the substitution.

At no time shall a bill be passed out by a committee without a quorum being present.

The provisions of this subdivision shall not apply to:

(1) Procedural motions which do not have the effect of disposing of a bill.

(2) Withdrawal of a bill from a committee calendar at the request of an author.

(3) Return of bills to the house where the bills have not been voted on by the committee.

(4) The assignment of bills to committee.

(d) The chairman or chairwoman of the committee hearing a bill, may, at any time, order a call of the committee. Upon a request by any member of a committee or the author in person, the chairman or chairwoman shall order the call.

In the absence of a quorum, a majority of the members present may order a quorum call of the committee and compel the attendance of absentees. The chairman or chairwoman shall send the Sergeant at Arms for those members who are absent and not excused by their respective house.

When a call of a committee is ordered by the chairman or chairwoman with respect to a particular bill, he or she shall send the Sergeant at Arms or any other person to be appointed for that purpose for those members who have not voted on that particular bill and are not excused.

A quorum call or a call of the committee with respect to a particular bill may be dispensed with by the chairman or chairwoman without objection by any member of the committee, or by a majority of the members present.

If a motion is adopted to adjourn the committee while the committee is operating under a call, the call shall be dispensed with and any pending vote announced.

The committee secretary shall record the votes of members answering a call. The rules of each house may prescribe additional procedures for a call of a committee.

Redistricting Bills

62.5. This rule applies only to bills affecting the boundaries of legislative, congressional, or State Board of Equalization districts.

(a) Except as specifically provided in this rule, Rules 28, 28.1, 29, 29.5, 30, 30.5, 30.7, 61 (except for paragraph (12) of subdivision (a) and paragraph (15) of subdivision (b) of Rule 61), and 62 shall not apply to bills affecting the boundaries of legislative, congressional, or State Board of Equalization districts.

(b) If the Senate (in the case of a Senate bill) or the Assembly (in

the case of an Assembly bill) refuses to concur in amendments to a bill made by the other house, a committee on conference shall be appointed. The Speaker of the Assembly and the Senate Committee on Rules shall each appoint a committee on conference of three members, consisting of two members of the majority party and one member not of the majority party. The Secretary of the Senate and the Chief Clerk of the Assembly shall immediately notify the other house of the action taken.

(c) When a bill affecting the boundaries of legislative, congressional, or State Board of Equalization districts has been referred to a committee on conference, the chair of the committee on conference shall immediately request the Senate Committee on Elections and Reapportionment and the Assembly Committee on Elections, Reapportionment, and Constitutional Amendments to hold a public hearing on the bill. The committee on conference shall also hold a public hearing on the bill. The hearings of the policy committees and the committee on conference may be noticed and held concurrently.

(d) If either or both of the policy committees hold a public hearing on a bill pursuant to the request of the chair of the committee on conference, the policy committees may consider amendments to the bill, and may make recommendations on amendments to the committee on conference. A policy committee recommendation for an amendment may only be adopted by a rollcall vote of the members of the policy committee.

(e) All proposed reports of a committee on conference, all proposed amendments to a proposed report of a committee on conference, and all proposed amendments presented to a policy committee shall be accompanied by appropriate maps, and no committee vote shall be taken on any proposed report of a committee on conference, any proposed amendment to a proposed report of a committee on conference, or any proposed amendment presented to a policy committee unless the proposed report or proposed amendment, with accompanying maps, has been available to the public for at least 24 hours. District boundaries contained in any proposed report or any proposed amendment shall not be required to be prepared or approved as to form by Legislative Counsel if the accompanying maps adequately reflect the district boundaries.

(f) All hearings of the policy committees and the committee on conference shall be open and readily accessible to the public, and shall be noticed in the Daily File for not less than two calendar days.

(g) The provisions of subdivision (e) prohibiting a committee vote on any proposed report of a committee on conference, any proposed amendment to a proposed report of a committee on conference, or any proposed amendment presented to a policy committee unless the amendment, accompanied by appropriate maps, has been available to the public for at least 24 hours shall not apply in any of the following situations:

(1) The amendment proposed to a policy committee or the committee on conference does not change any district boundaries.

(2) The amendment proposed to a policy committee or the committee on conference is required to correct a technical error in the bill, and the proposed amendment would shift no more than 1 percent of the population of any district to any other district or districts.

(3) The amendment is a policy committee or committee on conference amendment that is proposed in response to amendments that have been proposed to the committee.

(h) Except as provided in subdivision (i), no vote may be taken in either house on any bill or any report of the committee on conference on that bill unless the bill or the report has been in print in Legislative Counsel form and available to the public, accompanied by appropriate maps, for at least 24 hours.

(i) If either house refuses to adopt the report of the committee on conference, the bill may be returned to the committee on conference for further consideration. If the bill is returned to the committee on conference for an amendment described in paragraph (1) or (2) of subdivision (g), the notice requirements of subdivisions (e) and (h) shall not apply.

(j) Notwithstanding any other rule to the contrary, this rule may be suspended upon a majority vote of the membership of each house.

Uniform Rules

63. No standing committee of either house shall adopt or apply any rule or procedure governing the voting upon bills which is not equally applicable to the bills of both houses.

Votes on Bills

64. Every meeting of each house and standing committee or subcommittee thereof where a vote is to be taken on a bill, or amendments to a bill, shall be public.

Conflicting Rules

65. The provisions of Rule 50 and following of these rules prevail over any conflicting joint rule with a lesser number.

RESOLUTION CHAPTER 44

Senate Joint Resolution No. 15—Relative to Mare Island Naval Shipyard.

[Filed with Secretary of State July 1, 1993.]

WHEREAS, Pursuant to the federal Base Closure and Realignment Act, the Base Closure Commission on July 1, 1993, will present recommendations to the President of the United States that certain military bases be closed or realigned; and

WHEREAS, Several California military bases have been recommended for closure by the Secretary of Defense to the federal Base Closure Commission; and

WHEREAS, The closure of these bases will not only have a severe impact on California's economy, but also on the strategic military strength of the United States; and

WHEREAS, The Mare Island Naval Shipyard (hereinafter "Mare Island") in Vallejo is one of northern California's most important economic assets, providing $517 million annually to the Solano County economy alone; and

WHEREAS, The closure of Mare Island would directly and indirectly result in the loss of an estimated 26,000 jobs, pushing unemployment in certain surrounding communities up to 33 percent and resulting in the loss of many thousands of dollars of federal procurement funds; and

WHEREAS, Mare Island, which is one of only two nuclear capable shipyards on the west coast (there being five such facilities on the east coast), is fully equipped with the necessary infrastructure to support its personnel; and

WHEREAS, With its unique laboratory capabilities, Mare Island is the only public shipyard that has ocean engineering capabilities; and

WHEREAS, Mare Island ensures a strong military presence on the west coast and over the last 14 decades, has demonstrated the capacity to assist in the rapid deployment of large numbers of military personnel and equipment to the Pacific Ocean and beyond in support of the military interests of the United States; and

WHEREAS, Political instability in the world, and particularly in the former Soviet Union and North Korea, dictates that the United States maintain its full strategic capabilities; and

WHEREAS, Neither a cost-benefit analysis nor a strategic analysis support the closure of Mare Island; and

WHEREAS, The Navy has underestimated the actual costs associated with closing Mare Island; and

WHEREAS, The Navy has failed to consider that, in 1992, Mare Island was the only naval shipyard to complete the year under budget; and

WHEREAS, Consolidation with other bases will not provide the same capabilities now provided by Mare Island; and

WHEREAS, Closing Mare Island will be a tremendous waste of the many millions of dollars already invested by taxpayers in this strategic facility; and

WHEREAS, Conversion of Mare Island to any civilian use could take many years, particularly due to the presence of significant

amounts of toxic and hazardous wastes, of which the clean-up cost is now estimated to be in excess of $300 million; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully requests that, if the Mare Island Naval Shipyard is one of the bases recommended by the Base Closure Commission for closure, the President return the Base Closure Commission's recommendations to the commission for reconsideration, and, after reconsideration, if the Mare Island Naval Shipyard remains as one of the bases recommended by the Base Closure Commission for closure, the President reject the commission's recommendations; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States.

RESOLUTION CHAPTER 45

Assembly Joint Resolution No. 39—Relative to the domestic steel industry.

[Filed with Secretary of State July 2, 1993.]

WHEREAS, The largest steel company in California is USS-POSCO Industries ("USS-POSCO Industries"), a steel finishing company located in Pittsburg, California, that imports most of its basic raw material, high quality steel coils, from one of its joint venture parents, Pohang Iron & Steel Company, Ltd. ("POSCO") of Korea; and

WHEREAS, The USS-POSCO plant, a former United States Steel Corporation facility, faced certain closure in the early 1980's unless there was a significant investment in modern steelmaking equipment and technology; and

WHEREAS, That essential investment, over $400 million, was accomplished through the joint venture agreement between USX and POSCO in 1986; and

WHEREAS, Part of the basis for this vast investment was an assurance by POSCO that it would supply USS-POSCO with the high quality steel coils necessary for the new state-of-the-art equipment; and

WHEREAS, By virtue of the modernization, USS-POSCO has been able to penetrate significant new markets in the western United States and the Pacific Rim and has displaced foreign steel suppliers in many key markets and has begun to export finished steel to Mexico and Japan; and

WHEREAS, In 1992 USS-POSCO was one of three California companies to receive the valued "Factory of the Future" award from the California Department of Commerce; and

WHEREAS, The domestic steel industry filed antidumping

petitions en masse on June 30, 1992, with the U.S. International Trade Commission concerning steel imports from the Republic of Korea, including that supplied by POSCO to USS-POSCO Industries; and

WHEREAS, The California Legislature is concerned that the imposition of antidumping duties on steel imports from Korea would cut California off from the quality and quantity of steel products that USS-POSCO Industries needs to maintain its economic competitiveness; and

WHEREAS, If massive duties were imposed on USS-POSCO's principal source of supply, over 1,000 California jobs would be directly at risk and many more jobs impacted in California; and

WHEREAS, The California Legislature recognizes that the State of California must make every effort to preserve California jobs especially during this period of deep and prolonged recession and high unemployment rate; and

WHEREAS, The Governor of California, congressional representatives, labor representatives, the County of Contra Costa and the Cities of Pittsburg and Antioch have declared their grave concerns to the U.S. International Trade Commission regarding the severe adverse effect on California's economy of imposition of penalties based on these antidumping petitions; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That to protect California jobs and the competitiveness of its steel industry, the Legislature of the State of California respectfully memorializes the U.S. International Trade Commission to issue a finding of "no injury" to the domestic steel industry by virtue of the steel supplied by POSCO to USS-POSCO from any final antidumping order in the case of hot-rolled carbon steel flat products imported from the Republic of Korea in Inv. Nos. 701-TA-319-354 and 731-TA-573-620; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the United States Secretary of Commerce, the Chairman of the U.S. International Trade Commission, and the U.S. Trade Representative.

RESOLUTION CHAPTER 46

[Filed with Secretary of State July 13, 1993.]

RESOLUTION CHAPTER 50

Senate Joint Resolution No. 17—Relative to Cesar Chavez Day.

[Filed with Secretary of State July 13, 1993.]

WHEREAS, Cesar Chavez was born on March 31, 1927, on a small farm near Yuma, Arizona, that his grandfather homesteaded during the 1880's and passed away on April 22, 1993; and

WHEREAS, The labor movement and all Americans have lost a great leader with the death of Cesar Chavez; and

WHEREAS, One of five children, when he was 10 years of age, he and his family were forced to seek work as migrant laborers, and later he served in the United States Navy in 1944 and 1945; and

WHEREAS, Cesar Chavez was an inspiring fighter for recognition of, and respect for, the human rights and dignity of farmworkers; and

WHEREAS, He founded in 1962 what would later become the United Farm Workers Union. His union was the first to win collective bargaining for farmworkers. At its peak in the 1980's, the U.F.W.'s collective bargaining agreements covered about 80,000 workers in California, Arizona, and Florida; and

WHEREAS, Against great odds, Cesar led a successful five-year strike boycott that rallied millions of supporters to the United Farm Workers. He forged a national support coalition of unions, church groups, students, minorities, and consumers; and

WHEREAS, He was a dedicated advocate of nonviolence and galvanized public support on behalf of farm workers and his

influence extended well beyond farm labor issues and enabled millions of urban Latinos to achieve educational, housing, and political opportunities; and

WHEREAS, Cesar Chavez led a life of sacrifice to improve farm workers' conditions. In 1968, he conducted a 25-day fast to reaffirm the U.F.W.'s nonviolent commitment. In 1988, he conducted a 36-day fast to protest the pesticide poisoning of grape workers and their children. Like other U.F.W. officers and staff, he received an annual pay of less than $5,000 per year; and

WHEREAS, Cesar Chavez's tireless commitment to improve the plight of farm workers profoundly touched the conscience of America and inspired millions of others to work for justice in their own communities; and

WHEREAS, The late Senator Robert Kennedy recognized Chavez as one of the great heroic figures of our times; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress to annually proclaim March 31 as a national public holiday known as "Cesar Chavez Day"; and be it further

RESOLUTION CHAPTER 51

Assembly Concurrent Resolution No. 7—Relative to the El Dorado County Vietnam Veterans Bridge.

[Filed with Secretary of State July 15, 1993.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Weber Creek Bridge on State Highway Route 50 in El Dorado County is hereby officially designated the Vietnam Veterans Bridge; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of the resolution to the Director of Transportation.

RESOLUTION CHAPTER 52

Assembly Concurrent Resolution No. 10—Relative to domestic violence.

[Filed with Secretary of State July 15, 1993.]

WHEREAS, Domestic violence is a serious and widespread problem, recognition of which has grown in recent years; and

WHEREAS, Statistics regarding family violence are sobering. For example, in the United States, a woman is physically assaulted in her home every 15 seconds; and

WHEREAS, Our criminal justice system has been slow to respond to the victims of domestic violence. According to police department data, arrests are made in only 5 percent of domestic disturbance calls in Los Angeles County. Other research indicates that many battered women who kill their abusers previously have attempted, without success, to protect themselves or their children in other ways from battery, and later they are held to an unreasonable standard of justification when they try to assert their right to self-defense in court; and

WHEREAS, Evidence of the battered women's syndrome was only recognized by the California Legislature on January 1, 1992. Even now such evidence is still very limited by the courts in trials of battered women who kill; and evidence of battered women's experiences often is not admitted by the court in trials; and

WHEREAS, Because of these unreasonable standards of justification and limited admissibility of relevant evidence, victims of domestic violence who kill or assault their abusers in self-defense may nonetheless be convicted of felonies carrying long sentences; and many courts continue to mete out disproportionately harsh penalties for women who kill their abusers, even if the killing occurred after years of severe and well-documented abuse; and

WHEREAS, At this moment, there are hundreds of women in California prisons who are serving time for defending themselves against their abusers. These women have been doubly victimized—first by their abusers and later by a criminal justice system that failed to recognize the legitimacy of their self-defense claims; and

WHEREAS, In view of the extraordinary circumstances surrounding their crimes, these victims deserve an impartial review of the sentences they are now serving. It may be that some of them are rightfully imprisoned; however, only when their histories as victims of domestic violence are taken into account can the justice of their incarceration and the length of the sentences they are required to serve be fairly determined; and

WHEREAS, A number of battered women in California prisons have already filed petitions with the Governor for pardon or commutation, or both, documenting their histories of abuse and the

victimization by their partners whom they killed; many other women, who have not yet been identified, are in prison for defending themselves or their children, or both, against their abusers; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby requests the Governor of the State of California to use the authority granted him under Section 8 of Article V of the California Constitution to direct the Board of Prison Terms to immediately identify and investigate the cases of those battered women serving sentences in state prison who file petitions for clemency and of all other persons convicted of murder, attempted murder, manslaughter, attempted voluntary manslaughter, assault with a firearm, or assault with a deadly weapon or instrument or by means of force likely to produce great bodily injury in violation of Section 245 of the Penal Code, when those convictions were for acts alleged by the defendant to be related to victimization by domestic violence, as defined in Section 13700 of the Penal Code; and be it further

Resolved, That the Legislature of the State of California hereby requests the Governor to direct the Board of Prison Terms to report to him regarding the findings of the investigation and any recommendations for pardons or commutations related to these cases; and be it further

Resolved, That the Legislature of the State of California hereby requests the Governor to use the authority granted him under Section 8 of Article V of the California Constitution to make decisions regarding pardons or commutations within six months after receiving those findings and recommendations; and be it further

Resolved, That The Chief Clerk of the Assembly transmit copies of this resolution to the Governor of the State of California and to the Board of Prison Terms as an expression of serious concern for this issue from the California Legislature.

RESOLUTION CHAPTER 53

Assembly Concurrent Resolution No. 6—Relative to investment of state funds.

[Filed with Secretary of State July 20, 1993.]

WHEREAS, As measured by gross product, California is the sixth largest economy in the world; and

WHEREAS, The California economy is driven by the extensive diversity of its agriculture, manufactured products, and real estate investments; and

WHEREAS, The economic well-being of the state is an integral part of the entire Pacific Rim; and

WHEREAS, The revitalization of California's economic life could very well trigger an upswing in our national and world economy; and

WHEREAS, The Treasurer invests millions of dollars of state funds each day; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Treasurer, in cooperation with the Controller, the Department of Finance, the Department of Real Estate, and the Department of Commerce, be directed to investigate the prospective advantage of investing state financial resources generated within the state in investments within the state; and be it further

Resolved, That the Treasurer, in conjunction with the Controller and the Department of Finance, be directed to develop standards and guidelines whereby the millions of dollars of state funds invested by the state would be directed to those areas that would provide an economic stimulus, such as increased manufacturing, job creation, and housing; and be it further

Resolved, That the Treasurer be directed to investigate the failure of lower federally regulated interest rates to improve the economy in the state, especially as it relates to the reluctance of often overregulated lending institutions to invest available money where there could be an economic impact.

RESOLUTION CHAPTER 54

Assembly Concurrent Resolution No. 47—Relative to Neighborhood Watch Month.

[Filed with Secretary of State July 20, 1993.]

WHEREAS, California's communities recognize Neighborhood Watch as an effective means for keeping crime out of neighborhoods; and

WHEREAS, Neighbors and law enforcement agencies working together create an effective crime fighting team; and

WHEREAS, Every three seconds a residence is victimized by crime; and

WHEREAS, Much remains to be done to ensure the safety of our homes, our neighborhoods, and our communities for ourselves and our children; and

WHEREAS, The battle against crime will not be won by individuals acting on their own; and

WHEREAS, Neighborhood Watch teaches children respect for the law, reinforces community values, and encourages the kind of individual responsibility that makes for healthy, creative neighborhoods populated by safer and happier citizens; and

WHEREAS, In Neighborhood Watch programs, neighbors are on

guard for criminal activity that may occur near their homes, report suspicious activity to the police, and provide escorts for elderly or vulnerable citizens; and

WHEREAS, The growth of Neighborhood Watch programs is truly encouraging; and

WHEREAS, Because of the significance and scope of Neighborhood Watch programs in making neighborhoods safe, it is important that the State of California recognize the many contributions of the residents of this state and of law enforcement officers; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of August 1993, be declared Neighborhood Watch Month and that on the occasion of Neighborhood Watch Month, the Legislature of the State of California commends those California residents who have participated in Neighborhood Watch programs for their distinguished service to their communities by uniting with their neighbors and law enforcement to keep their neighborhoods safe, and encourages all Californians to join in this effective means of fighting crime in their neighborhoods.

RESOLUTION CHAPTER 55

Assembly Concurrent Resolution No. 20—Relative to the Chino Valley Freeway.

[Filed with Secretary of State August 25, 1993.]

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the portion of State Highway Route 71 from the Riverside County line to the intersection with Interstate Highway Route 10 is hereby officially designated the Chino Valley Freeway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 56

Senate Concurrent Resolution No. 6—Relative to transportation.

[Filed with Secretary of State July 20, 1993.]

WHEREAS, California, over the past decades, has built an extensive network of freeways and airports to meet the state's growing transportation needs; and

WHEREAS, These facilities are not adequate to meet the mobility needs of the current population; and

WHEREAS, The population of the state and the travel demands of its citizens are expected to continue to grow at a rapid rate; and

WHEREAS, The cost of expanding the current network of highways and airports to fully meet current and future transportation needs is prohibitive, and a total expansion strategy would be detrimental to air quality; and

WHEREAS, Intercity rail service, when coordinated with urban transit and airports, is an efficient, practical, and less polluting mode that could fill the gap between future demand and present capacity; and

WHEREAS, Advances in rail technology have allowed intercity rail systems in Europe and Japan to attain speeds of up to 200 miles per hour and compete effectively with air travel for trips in the 200- to 500-mile range; and

WHEREAS, Development of a high-speed ground transportation system is a necessary and viable alternative to automobile and air travel in the state; and

WHEREAS, In order for the state to have a comprehensive network of high-speed intercity rail by the year 2020, it must begin preparation of a 20-year high-speed intercity rail plan similar to California's former freeway plan and designate an entity with a stable and predictable funding source to implement the plan; and

WHEREAS, Utilizing existing human and manufacturing resources to build a large network of high-speed ground transportation systems will generate jobs and economic growth for today's population and produce a transportation network for future generations; and

WHEREAS, Upon confirmation of need and costs by detailed studies, the private sector, together with the state, can build and operate new high-speed intercity ground transportation services utilizing private and public financing; now, therefore be it

Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the Department of Transportation is requested to prepare a 20-year high-speed intercity ground transportation plan, utilizing contractors and experts from outside the department who are experienced in rail planning, financing, and construction; and be it further

Resolved, That development of the plan be carried out under the

direction of the Intercity High-Speed Rail Commission, composed of members representing diverse population and interests who can bring their knowledge and expertise toward planning such a major undertaking by the state; and be it further

Resolved, That the objective of the high-speed ground transportation system is to serve intermediate intercity travel, leaving local and commute trips to urban transit systems and long intercity travel to air carriers; and be it further

Resolved, That the plan be sufficiently detailed to include corridors, project financing alternatives, and make recommendations for operation and maintenance of the system, and that it be designed to take advantage of the knowledge, expertise, and manufacturing resources that are currently engaged in the defense industries in California; and be it further

Resolved, That a focused and phased approach to implementing a high-speed ground transportation system be taken to ensure the efficient use of scarce resources for high-speed rail; and be it further

Resolved, That the plan identify corridors to be served, and financing and implementation strategies for the development, construction, operation, and maintenance of the high-speed ground transportation system; and be it further

Resolved, That a Los Angeles to San Francisco Bay Area High-Speed Corridor be the first corridor developed; and be it further

Resolved, That all feasible routes be considered and that this measure shall not be construed to imply preference for any specific route; and be it further

Resolved, That construction commence on a Los Angeles to San Francisco Bay Area High-Speed Ground Transportation Corridor by the year 2000, and that by the year 2020, high-speed ground transportation service be operating between Sacramento, the San Francisco Bay area, the Los Angeles area, the San Bernardino/Riverside area, Orange County, and San Diego; and be it further

Resolved, That in order for California to have an integrated state-of-the-art, high-speed ground transportation network by the year 2020, construction of the Los Angeles to San Francisco Bay Area High-Speed Corridor should begin by the year 2000, simultaneously with the development of a 20-year intercity high-speed ground transportation plan; and be it further

Resolved, That the high-speed ground transportation system be coordinated with conventional intercity rail service and with urban transit service in each urban area where either of those services is available, and serve directly or through urban transit connections major airports in urban areas of the state; and be it further

Resolved, That the plan include alternative financing methods for the building and operation of the high-speed ground transportation network; and be it further

Resolved, That the financing plan include, but not be limited to,

all of the following:

(1) Construction, operation, and maintenance by a private entity utilizing private funds.

(2) Use of state general obligation bonds.

(3) Use of revenue bonds backed by incremental increases in gasoline tax to pay principal and interest, with a schedule for sale of bonds and a schedule for each incremental gasoline tax increase.

(4) Use of airport funds to the extent that the new network would eliminate the need for airport expansion.

(5) Identification of potential alternative public funding sources; and be it further

Resolved, That the plan include an operation plan with recommendations as to the entities that should be responsible for operation, maintenance, fare schedules, and safety regulations; and be it further

Resolved, That a draft plan be made available to transportation planning and programming entities and the public not later than July 1, 1995; that the Intercity High-Speed Rail Commission hold at least two public hearings, one in northern California and one in southern California, within 60 days following release of its draft plan; that the committee give consideration to the comments and recommendations it receives on its draft plan and develop a final plan; and that the final plan be adopted and submitted to the Governor and the chairperson of the Senate and Assembly Committees on Transportation not later than December 31, 1995; and be it further

WHEREAS, The people of the state have a fundamental interest in developing water reclamation facilities to supplement existing surface and underground water supplies, and to help meet the state's future water demands; and

WHEREAS, The environmental benefits of using reclaimed water include decreased demand for Sacramento-San Joaquin Delta water that is otherwise needed to maintain water quality, reduced discharge of waste into streams, the ocean, and bay-estuaries, and the enhancement of fisheries and wetlands; and

WHEREAS, The use of reclaimed water has proven to be safe from a public health standpoint, and the State Department of Health Services is updating regulations for the use of reclaimed water; and

WHEREAS, The use of reclaimed water is a cost-effective, reliable method of conserving California's limited water resources; and

WHEREAS, Developing the infrastructure to distribute reclaimed water will provide jobs and enhance the economy of the state; and

WHEREAS, The Water Recycling Act of 1991 (Chapter 7.5 (commencing with Section 13575) of Division 7 of the Water Code) establishes a statewide goal to recycle 700,000 acre-feet of water by the year 2000 and 1,000,000 acre-feet per year by the year 2010; now, therefore be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California requests the Department of Water Resources, in consultation with other appropriate agencies, to provide suggestions that will help the state meet or exceed the statewide water recycling goals established by the Water Recycling Act of 1991; and be it further

WHEREAS, These pension benefit reductions may become applicable to many of this state's 2,800,000 veterans in future years; and

WHEREAS, These federal veteran's and widow's benefit reduction provisions are believed by the Legislature to be unfair to all the citizens of this great state; and

WHEREAS, In accordance with the view expressed by Abraham Lincoln who stated, "Now is the time to care for the widows and orphans of those who have borne the battle," the sunset date of these federal provisions should be changed from September 30, 1997, to September 30, 1993; and

[Filed with Secretary of State September 2, 1993.]

WHEREAS, The State of California is deeply indebted to its citizens who have made untold sacrifices by serving in the armed forces; and

WHEREAS, Many veterans have continued their public service through employment in California schools and have become career civil servants following their military service; and

WHEREAS, Most of these veterans have had their retirement benefits reduced because they took time from their careers to serve in the military without receiving any retirement credit; and

WHEREAS, State members of the Public Employees' Retirement System are authorized to purchase their preemployment military service, up to a maximum of four years; and

WHEREAS, The cost of purchasing the military service is so exorbitant since the state member must not only pay the employee's share of the benefit but also all of the employer's costs plus interest; and

WHEREAS, Because of the high cost, only 100 of all the eligible veterans have been able to purchase their previous service; and

WHEREAS, A more equitable system could be developed if data could be collected to determine the costs to the state as well as the exact number of veterans eligible to participate in the program; and

WHEREAS, The Public Employees Retirement System has the necessary data and expertise; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Public Employees' Retirement System, working together with affected employee and retiree organizations,

WHEREAS, The communities have approached policy advocacy and community advancement from polarized perspectives that often result in increased distrust, competition, and conflict between ethnic communities; and

WHEREAS, The net effect of this conflict is uncoordinated and divisive policies that separate rather than unite; and

WHEREAS, A multicultural research and education institute composed of multicultural leaders from the academic community, government, local organizations, and business sectors would fill a current void of consensus driven leadership; and

WHEREAS, Recent efforts at building multicultural coalitions have failed due to the insufficient focus of resources and the absence of a permanent structure to conduct ongoing dialogue and applied research; and

WHEREAS, The institute would pool academic, professional, and community resources in a multicultural context to conduct planning on a myriad of public issues including economic development, race relations, education, political participation, policy analysis, and research; and

WHEREAS, There is need for a repository dedicated to the study and research of the complexities involved with rapidly growing communities of diverse racial and ethnic cultures and backgrounds; now, therefore, be it

RESOLUTION CHAPTER 70

Senate Joint Resolution No. 8—Relative to cannabis/marijuana.

[Filed with Secretary of State September 2, 1993.]

WHEREAS, Scientific and medical studies by the National Academy of Science have shown cannabis/marijuana to be a safe and effective medicine with very low toxicity compared to most prescription drugs and it has been shown to be effective in the treatment of glaucoma; epilepsy; muscle spasticity; arthritis; the nausea, vomiting, and appetite loss associated with chemotherapies; anxiety and depression; and the symptoms of withdrawal from alcohol and narcotics; and

WHEREAS, Studies show that one-third of all cancer patients discontinue potentially life-saving chemotherapy due to the severe and debilitating side effects and the same is true for many AIDS patients receiving AZT or other similar therapies; and

WHEREAS, Most physicians surveyed said that they would prescribe cannabis/marijuana if legally available, and one-half of all cancer specialists surveyed said that they have already encouraged at least one of their patients to break the law and use cannabis/marijuana to ease the violent nausea and vomiting associated with their current treatments; and

WHEREAS, In May of 1991, the United Nations Narcotic Control Board voted overwhelmingly to reclassify cannabis/marijuana, placing it back on Schedule II, and making it available by prescription, and, the United States representative to this board voted in favor of the rescheduling; and

WHEREAS, Despite a federal court order recognizing the "clearly established medical value" of cannabis/marijuana, and mandating that it be reclassified to Schedule II and made available by prescription, the federal government continues to deny access to this safe and effective medicine; and

WHEREAS, By its own admission, the federal government continues to deny access to cannabis/marijuana for political rather than medical reasons, and are using patients as pawns in the

ever-escalating war on drugs by following current policies which place message before medicine, convenience before compassion, and politics before patients; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact appropriate legislation to permit cannabis/marijuana to be prescribed by licensed physicians and to ensure a safe and affordable supply of cannabis/marijuana for medical use; and be it further

WHEREAS, San Diego has a lengthy history associated with the U.S. Navy and Naval Air Forces, and San Diego was shaped by the birth of aviation technology and is proudly and inextricably linked to the military's presence; and

WHEREAS, The acquisition of the aircraft carrier Midway would preserve a vital part of U.S. military history and its establishment as a museum would be a fitting memorial to San Diego's contributions to victory in World War II; and

WHEREAS, The carrier museum would add excitement to the maritime ambience of the cruise ship center, Mission Bay, Seaport Village, the shipyards, and harbor islands; and

WHEREAS, The carrier museum would be an attraction to both domestic and foreign tourists, thereby enhancing the global competitive position of the nearby convention center; and

WHEREAS, The added attraction of a carrier museum would result in longer tourist stays, with consequent increases in retail sales, hotel and motel occupancy, and restaurant patronage, resulting in higher sales and transient occupancy tax revenues; and

WHEREAS, The projected number of annual visitors to the carrier museum would exceed 700,000, bringing at least fifty million dollars ($50,000,000) in additional revenues into the regional economy; and

WHEREAS, A carrier museum could be used as an ongoing exposition to showcase San Diego's leadership in aerospace and defense technology, to develop educational programs for schoolaged

children, and to provide entertainment attractions based on naval aviation history; and

WHEREAS, The presence of a military museum in San Diego would promote positive community relations between the citizens and the military; and

WHEREAS, The aircraft carrier Midway has been recently decommissioned and is in good structural condition, and will be soon be coming up for sale as military surplus; and

WHEREAS, A group of like-minded San Diego citizens have established a nonprofit corporation and a committee to pursue the acquisition of the aircraft carrier Midway; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That in order to enhance the public's awareness of the contributions of the citizens of the State of California and the County of San Diego to military preparedness and, in particular, naval aviation history, and to enhance the region's economy by increasing tourism and creating new employment opportunities, the Legislature of the State of California endorses the efforts to acquire the aircraft carrier Midway as a permanent museum, educational, and entertainment complex to be located in San Diego Bay; and be it further

year, will be the primary medical center for over 400,000 veterans in Northern California who, without a hospital at Travis Air Force Base, will not have access to in-patient medical care; and

WHEREAS, the construction of the Veterans Administration Hospital at Travis Air Force Base adjacent to the David Grant Medical Center will create a medical complex which is able to treat many more patients together than either facility could treat separately; and

WHEREAS, construction of the Veterans Administration Hospital at Travis Air Force Base, and the more than 1,000 new jobs it will bring, will greatly benefit the sagging Northern California economy; and

WHEREAS, while the Veterans Administration Hospital at Travis Air Force Base has received funding for planning and design costs, actual construction funding has not yet been appropriated; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Secretary of the Department of Veterans Affairs and Congress of the United States to approve funding for the construction of the Veterans Administration Hospital at the Travis Air Force Base in Fairfield; and be it further

RESOLUTION CHAPTER 77

Assembly Concurrent Resolution No. 34—Relative to the terminally ill.

[Filed with Secretary of State September 3, 1993.]

WHEREAS, Most people are more afraid of the suffering associated with terminal illness than they are afraid of dying itself; and

WHEREAS, Unrelieved suffering is also the primary reason for requesting physician aid-in-dying; and

WHEREAS, The issue of how best to care for those at end-of-life will not be determined until some fundamental changes occur in the delivery of health care in California and the United States; and

WHEREAS, A good number of our health care providers lack the knowledge and the skills to treat pain and other symptoms of terminal disease properly; and

WHEREAS, The California Senior Legislature has acknowledged a need to increase training in pain management and palliative care techniques for physicians treating terminal patients and the California Senior Legislature has recognized that pain at end-of-life encompasses not only physical but also psychological, social, and spiritual pain when treating end-of-life; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Medical Board of California is requested to conduct and complete a survey within one year after adoption of this resolution, of existing medical school curriculum to determine whether medical students receive adequate training in pain management and palliative care techniques for the terminally ill; and be it further

Resolved, That the Medical Board of California is requested to make a determination whether physician and surgeons adequately understand pain management and palliative care techniques for the terminally ill; and be it further

Resolved, That the Medical Board of California is requested to recommend and report to the Legislature within two months after completion of the survey necessary modifications in the medical school curriculum to ensure that physician and surgeons are adequately trained in pain management and palliative care techniques for the terminally ill; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and Medical Board of California.

RESOLUTION CHAPTER 78

Assembly Concurrent Resolution No. 48—Relative to additional merit awards to certain state employees.

[Filed with Secretary of State September 3, 1993.]

WHEREAS, An award of $5,000 has already been made to Fred R. Raleigh, State Department of Mental Health, for a proposal, resulting in actual statewide savings of $858,653, for recommending that the procurement process for pharmaceutical products be reorganized under a primary vendor that would provide the majority of the state's institutional needs for generic and proprietary pharmaceuticals; and

WHEREAS, An award of $5,000 has already been made to Stephen P. O'Brien, Department of Parks and Recreation, for a proposal, resulting in actual statewide savings of $5,668,939, for recommending that a large body of sulfide tailings located at the Empire Mine State Historic Park in Grass Valley be processed, the gold and contaminants removed, and the profit given to the state and the Department of Parks and Recreation for further development of Empire Mine State Historic Park and other historic parks; and

WHEREAS, An award of $5,000 has already been made to Harland Ross of the Public Employees' Retirement System, for a proposal resulting in actual interest received by the Public Employees' Retirement System of $2,441,760, for discovering interest due on four specific bonds that had not been claimed; and

WHEREAS, These employees' proposals have resulted in actual savings of $8,969,352; and

WHEREAS, As a result of these savings and increased revenue, it is unnecessary to appropriate additional funds for payment of awards to these employees; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares that the following additional awards, authorized by the Department of Personnel Administration, are hereby made as follows to the employees named: Fred R. RESOLUTION CHAPTER 79

Assembly Joint Resolution No. 14—Relative to expenditure of surplus airport revenues.

[Filed with Secretary of State September 3, 1993.]

WHEREAS, Los Angeles International Airport is a successful public facility and a valuable public resource to the people of Los Angeles; and

WHEREAS, The voters of Los Angeles, on November 3, 1992, approved an amendment to the Los Angeles City Charter which lifts longstanding charter restrictions on the use of surplus airport revenues for off-airport purposes; and

WHEREAS, These restrictions were imposed half a century ago, during a period when Mines Field, then a modest regional airfield, needed major infusions of revenue to finance its upgrading to a full-fledged commercial airport, and airport operating profits were the first obvious source for these funds; and

WHEREAS, The federal government intervened via the Airport and Airway Improvement Act of 1982, which further restricted the use of operating revenues to onsite uses at airports accepting federal grant moneys, such as Los Angeles International Airport and San Francisco International Airport; and

WHEREAS, Los Angeles International Airport has long been a booming success and no longer requires such artificial restriction to guarantee its continued healthy operation and growth; and

WHEREAS, The Los Angeles City Department of Airports is a proprietary, quasi-independent management entity whose careful decisions and policymaking will ensure that the administrative, operational, capital improvement, and maintenance needs of Los Angeles International Airport and the other airports under its jurisdiction are its foremost concern; and

WHEREAS, The Los Angeles City Charter amendment further ensures that no airport moneys may be considered for use offsite until all airport needs are met; and

WHEREAS, Prohibitions in the Airport and Airway Improvement Act of 1982 must be removed by Congress or the executive branch of the federal government in order to permit the full functioning of the charter amendment; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to amend the Airport and Airway Improvement Act of 1982 to provide (Section 2208, Title 49 Appendix, United States Code), either nationally or specifically with regard to airports owned by the City of Los Angeles and the City and County of San Francisco, that the local agency with jurisdiction may determine airport surplus revenues to be unnecessary for the administrative, operational,

capital improvement, and maintenance needs of an airport in any given budgeting period, and may make those revenues available to meet other legitimate airport-related needs of the local jurisdiction; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Chairperson of the Federal Aviation Administration, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 80

Assembly Joint Resolution No. 32—Relative to solid waste.

[Filed with Secretary of State September 3, 1993.]

WHEREAS, Under federal tax policy, solid waste disposal facilities are eligible for tax-exempt financing, but facilities utilizing recovered materials are not; and

WHEREAS, The special tax treatment of solid waste disposal facilities may discourage the siting and construction of facilities utilizing recovered materials in favor of solid waste disposal facilities; and

WHEREAS, The preferential tax treatment for solid waste disposal facilities contradicts the Environmental Protection Agency's Solid Waste Management Hierarchy, which favors source reduction, reuse, and recycling activities over disposal activities in an integrated waste management strategy; and

WHEREAS, Federal tax policy also determines eligibility for California Pollution Control Financing Authority (CPCFA) financing, and facilities utilizing recovered materials are currently ineligible for that financing; and

WHEREAS, One method to make facilities utilizing recovered materials eligible for CPCFA tax-exempt financing is to modify their federal tax status to allow those facilities utilizing at least 50 percent secondary materials, whether they are manufacturing, processing, or collection facilities, to be eligible for tax-exempt financing equivalent to the tax-exempt financing available to entities operating under the solid waste facilities tax exemption; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California urges that the federal definition of solid waste facilities for tax treatment purposes be modified to allow facilities utilizing recovered materials to be eligible for tax-exempt financing; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United

States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the portion of State Highway Route 99 between the City of Tulare and the City of Fresno is hereby officially designated the Pearl Harbor Survivors Memorial Highway; and be it further

Resolved, That the Department of Transportation is directed to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 83

Senate Joint Resolution No. 20—Relative to pest containment and quarantine facilities.

[Filed with Secretary of State September 9, 1993.]

WHEREAS, The discovery of a virulent species of whitefly that attacks most crops, continued outbreaks of Mediterranean and Mexican fruit flies in many parts of the state, extensive damage to grapestocks by phylloxera, and the imminent arrival of Africanized honey bees join a growing list of pests and diseases that threaten the long-term health and economic vitality of California agriculture; and

WHEREAS, Farmers in California and across the United States are faced with the wholesale loss of many of the synthetic pesticides and chemicals that they have relied upon for control and eradication of pests; and

WHEREAS, Recent studies of available pest management alternatives conducted by the University of California and others reveal that economically viable and environmentally compatible alternatives are not yet available for many pesticides and chemicals; and

WHEREAS, Insect and microbial pests are showing increased resistance to many of the compounds which remain on the market; and

WHEREAS, Research into promising new pest management technologies and strategies has met with some success over the past decade, most notably in the areas of integrated pest management, biological control, and bioengineering; however, nothing short of a major expansion and acceleration of research focusing on long-range solutions is required; and

WHEREAS, California agriculture is not only in danger of losing the ongoing battle against pests with subsequent reductions in the quality of food and fiber produced, but could see access to many foreign markets closed or severely restricted with significant negative impacts to the state's economy; and

WHEREAS, The Conference Report from the United States House and Senate Agricultural Appropriations Subcommittees for the 1991 fiscal year, in response to the challenges cited above, directed the United States Department of Agriculture (USDA) to conduct a study of alternative pest management containment and quarantine facility needs in California; and

WHEREAS, A USDA facility study panel visited the Davis and Riverside campuses of the University of California in June 1991 and concluded their report with the recommendation that construction of these facilities "could have a significant [positive impact on U.S. agriculture"; and

WHEREAS, The University of California, in cooperation with the USDA, the California Department of Food and Agriculture, commodity groups, and other interested parties, is proposing the construction of modern, environmentally secure, alternative pest management containment and quarantine facilities at the Riverside and Davis campuses; and

WHEREAS, These modern containment and quarantine facilities, once operational, would support a comprehensive, integrated program designed to draw upon the breadth of university, state, and federal expertise within California and the nation; and

WHEREAS, Construction of the proposed facilities would provide significant, long-term benefits to growers, ranchers, environmentalists, and consumers as a result of research leading to reduced applications of pesticides and other chemicals and acceptance and expanded use of biological control agents, genetically engineered organisms, and other "cutting-edge" technologies; and

WHEREAS, The combined resources of this federal-state partnership would permit a focused, mission-oriented research program on a scale not otherwise possible; and

WHEREAS, This federal-state partnership for agricultural research has led to significant breakthroughs and advances over the past century to the benefit of every American consumer; and

WHEREAS, This research also has helped build an export industry that generates billions of dollars annually in net income to the economy of the United States; and

WHEREAS, The Congress already has provided funding in the

USDA Cooperative State Research Service budget for the 1992 and 1993 fiscal years for predesign work associated with the proposed facilities at the Davis and Riverside campuses; and

WHEREAS, This funding has been matched by the University of California; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Congress and the President of the United States are respectfully memorialized to support the construction of modern, state-of-the-art, alternative pest management containment and quarantine facilities in California; and be it further

Resolved, That, beginning in the 1994 fiscal year, the Congress provide construction funds on a cost-share basis with the State of California for a 21,400 assignable square foot laboratory and support facility at the University of California, Riverside, to accelerate research leading to the development of biological and other natural controls for the whitefly and other pests; and be it further

Resolved, That, beginning in the 1994 fiscal year, the Congress provide construction funds on a cost-share basis with the State of California for a 40,000 assignable square foot containment and quarantine facility at the University of California Davis, that will support research into environmentally compatible pest management strategies, including bioengineering, genetically altered organisms, and other promising biotechnology applications; and be it further

Resolved, That Congress appropriate adequate funds, beginning in the 1994 fiscal year, to allow construction to be sequenced, with the biological control laboratory at Riverside proposed for completion by the 1996 fiscal year and the biotechnology and bioengineering containment facility at Davis proposed for completion during the 1997 fiscal year; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Majority Leader of the United States Senate, and to the United States Secretary of Agriculture.

[Filed with Secretary of State September 10, 1993.]

WHEREAS, The State of California has historically been committed to evaluating and enacting cost saving measures in the operation of government; and

(4) Exploring specific strategies to increase the state's capacity to procure state-of-the-art technology, facilitate systems integration, and increase operations efficiency, while trimming bottom line costs.

(5) Exploring the potential for maximizing California's procurement dollars through cooperative purchasing with local government sectors.

(b) The Public Procurement Advisory Committee shall be reconstituted to include recognized leaders in the procurement community in California as well as private sector vendors. Members of the committee shall serve at the pleasure of the appointing authority. RESOLUTION CHAPTER 85

Assembly Concurrent Resolution No. 61—Relative to Pollution Prevention Week.

[Filed with Secretary of State September 14, 1993.]

WHEREAS, California is in favor of a clean and safe environment; and

WHEREAS, Pollution prevention is a new approach to environmental protection that focuses on waste prevention, and is therefore the most favorable and progressive strategy for protecting our environment; and

WHEREAS, Pollution prevention can increase efficiency and save

businesses money; and

WHEREAS, Pollution prevention offers both environmental protection and increased competitiveness; and

WHEREAS, By focusing attention on pollution prevention, California will meet the challenges of the 90's for economic competitiveness and environmental protection; and

WHEREAS, Pollution Prevention Week is an opportunity for government, industry, and environmental groups to celebrate the potential of pollution prevention and to work together to plan for a prosperous and sustainable future; now, therefore, be it

RESOLUTION CHAPTER 86

[Filed with Secretary of State September 14, 1993.]

WHEREAS, September 9, 1993, will mark the 143rd anniversary of California's admission to the union of the United States of America; and

WHEREAS, Prior to statehood, California's existence as an independent republic was made possible by the landing of American troops at the Port of San Pedro during the war with Mexico; and

WHEREAS, San Pedro's colorful history from Spanish California though the present day reflects that of California itself; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Legislature officially recognize the important role played by San Pedro in the history of the state since the arrival of Europeans in the 16th century; and be further

Resolved, That the Legislature encourages its members and staff to inform our citizens about the role played by San Pedro and other historic areas in California.

RESOLUTION CHAPTER 87

Assembly Joint Resolution No. 3—Relative to extending statehood to Washington, D.C.

[Filed with Secretary of State September 14, 1993.]

WHEREAS, The American Revolution and War for Independence was ultimately declared citing the principle "taxation without representation is tyranny," and there are nearly 650,000 taxpaying American citizens in the District of Columbia who have no federal voting representation in Congress; and

WHEREAS, Of the 117 countries in the world with elected national legislatures, the United States stands alone in depriving the residents of its capital a voice and a vote in our national legislative body; and

WHEREAS, District of Columbia residents pay more federal income tax per capita than the residents of 48 states, and more in local taxes than the residents of any state in the country; and

WHEREAS, The District of Columbia's per capita income is $32,000, exceeding the national average by 42 percent and is well positioned for growth as a leader in a number of service industries, for example, law, business services, communications, and tourism; and

WHEREAS, District of Columbia residents serve disproportionately in the military; have served in all wars since the War for Independence and during the Vietnam War, had more casualties than 10 states and more casualties per capita than 47 states; and

WHEREAS, The District of Columbia sent more soldiers to the Persian Gulf than 20 states (more per capita than all but four states), and yet had no voting representation on the floor of the House of Representatives or Senate when Congress approved military involvement; and

WHEREAS, There is no constitutional prohibition against creating the State of New Columbia out of nonfederal parts of the District of Columbia, and the District of Columbia meets all statehood requirements traditionally imposed by Congress; and

WHEREAS, The District of Columbia has 639,000 residents, nearly as many or more residents than six states: Wyoming (465,000), Alaska (552,000), Vermont (565,000), North Dakota (641,000), Delaware (669,000), and South Dakota (699,000) with each state possessing two Senators; and

WHEREAS, Historically, statehood has been granted when three criteria were met: (1) the people, through some democratic process, express their desire to become a state; (2) the people accept the republican form of government required by the United States Constitution and practiced in the United States; and (3) there are sufficient people and economic resources to support a state; and

WHEREAS, District of Columbia residents have democratically expressed their desire to become a state through passage of a statehood referendum (November 1980); approval of a Constitution by district delegates (May 1982); transmittal of the Constitution and a petition for statehood (September 1983) to Congress; and in the tradition of Tennessee in 1796, election of their own statehood delegation to appeal to Congress to accept their petition for admission to the Union as the 51st state; and

WHEREAS, Statehood will provide District of Columbia residents with federal voting representation, as well as local legislative, budgetary, and judicial autonomy; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress to extend statehood to Washington, D.C.; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 88

Assembly Joint Resolution No. 35—Relative to speed limits.

[Filed with Secretary of State September 14, 1993.]

WHEREAS, Congress enacted the uniform, nationwide 55 mile-per-hour speed limit during the energy crisis in 1973, in order to heighten public awareness of energy conservation; and

WHEREAS, Motor vehicles have become substantially more fuel-efficient in the last 20 years as manufacturers have reacted both to public demand and economic considerations; and

WHEREAS, Congress subsequently authorized the states to increase speed limits to 65 miles per hour on rural interstate freeways and other rural freeways constructed to interstate standards; and

WHEREAS, The remaining federal restrictions on the states appear increasingly arbitrary, unproductive, and unenforceable, as they, among other things, require speed limits to change whenever a freeway passes through the urban boundaries of a city with a population of 50,000 or more, regardless of whether that change has any safety rationale; and

WHEREAS, The states are the owners and operators of the highway systems and are in a better position than federal regulators to determine the most appropriate and safe maximum speed for each highway segment; and

WHEREAS, In a time of economic hardship and limited

governmental resources it simply makes sense to allow each state to devote traffic law enforcement resources to the highest priorities, in order to save the maximum number of lives; and

WHEREAS, The federal sanctions that could be imposed on the states for not meeting average speed targets set by the Federal Highway Administration would only have a negative impact on public safety because the impact of the sanctions would be to withhold highway funds from important highway improvement projects that enhance highway safety; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California requests the Congress to authorize the states to implement speed limits of up to 65 miles per hour on any highway or freeway where such a speed limit would be appropriate, prudent, and safe, as determined by each state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to each Representative and Senator from California in the Congress of the United States, to the Chairpersons of the Committee on Public Works and Transportation in the House of Representatives and the Committee on Commerce, Science, and Transportation in the Senate, and to the Secretary of Transportation.

WHEREAS, As the "State of the World," California offers its people an opportunity to celebrate the diversity of human expression through its multiethnic arts and cultures. Through the celebrations of multicultural expressions in the arts, Californians gain a greater curiosity and understanding of other people; and

WHEREAS, The National Assembly of Local Arts Agencies and a coalition of 42 national arts and humanities associations representing over 23,000 cultural organizations as well as the United States Conference of Mayors have designated October as National Arts and Humanities Month in order to encourage active participation in the

arts and humanities throughout the nation; and

WHEREAS, The President has announced his intention to recognize October as a time for all Americans to celebrate the creative diversity of our nation in all its artistic manifestations; and

WHEREAS, The California Arts Council supports and promotes cultural diversity and encourages visitation and support of community arts programs in California, many of which reflect California's multicultural diversity; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature declares the month of October "Multicultural Awareness Month." The people of California are encouraged to take advantage of California Arts Council and other programs that encourage access to the arts and to participate in programs in schools, museums, theatres, community centers, arts agencies, festivals and fairs and to attend music, dance, and theatre events that celebrate the myriad cultural and artistic expressions of a multiracial, multiethnic humanity.

WHEREAS, Use of the term "renaissance" represents a new national commitment to excellence in education; and

WHEREAS, The Renaissance Program is a process that involves collaboration between businesses, the educational community, and the community at large to explore ways for children to experience the joy of learning and to recognize educators as dedicated professionals; and

WHEREAS, The schools that have established a Renaissance Program have as their purpose the attainment of five attributes: promotion of academic achievement; dynamic, innovative, and courageous leadership; leadership that believes in, and is committed to, participative management; an academic, performance-based system of rewards and incentives; and established partnerships with local businesses, civic organizations, and community groups; and

WHEREAS, The program raises self-esteem and self-worth in pupils by giving positive rewards for achieving goals at all performance levels, and by encouraging community and corporate partnerships with schools to inspire and reward learning; and

WHEREAS, Over 100 schools in California have adopted the

program; all of those schools have experienced increases in grade point averages, achievement test scores, and in daily attendance, and have experienced a decrease in disciplinary problems and in the dropout rate; and

WHEREAS, At a time when schools are under tremendous stress from criminal and gang activity, the adoption of the Renaissance Program in every school would provide a source of inspiration for all pupils; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby recognizes the success of the Renaissance Program in participating schools across the country and, therefore, encourages other schools in California to adopt the program; and be it further

[Filed with Secretary of State September 15, 1993.]

WHEREAS, The national security interests of the United States are constantly changing in response to changing world conditions and threats; and

WHEREAS, The Armed Forces of the United States must adapt to these changing circumstances and train to respond to them with resourcefulness and innovation; and

WHEREAS, As demonstrated during Operation Desert Storm, weapons systems have undergone great changes in effectiveness, speed, and range, since the opening of the National Training Center (NTC) in 1981; and

WHEREAS, Beginning in 1985, the United States Army and the NTC have continuously evaluated and analyzed training requirements, thereby identifying the need to acquire 238,000 additional maneuver acres adjoining the NTC for realistic task force training at Fort Irwin, California located in San Bernardino County; and

WHEREAS, Since 1986 in consultation with the United States Fish and Wildlife Service, the Bureau of Land Management, the California Department of Fish and Game, other regulatory agencies, university researchers, and representatives of concerned environmental organizations, the army has conducted extensive, ongoing, environmental studies to determine which lands adjoining the NTC would meet the training requirement while minimizing

impacts on flora, fauna, and the human environment; and

WHEREAS, Since 1987 the army has monitored and analyzed real estate market conditions to help identify the least expensive configuration of lands meeting both training mission and environmental compatibility goals; and

WHEREAS, The army's record of training in an ever-improving, environmentally responsible manner at the NTC has attracted international interest and recognition as evidenced by the request of cabinet level officials of the Republic of Mexico to visit the NTC for onsite inspection of current environmental activities and discussion of future plans and programs; and

WHEREAS, The army's innovative environmental programs at the NTC have also attracted national interest and recognition as demonstrated by the recent visit by officials of the National Geographic Society for onsite inspections of current environmental activities and discussion of future plans and programs; and

WHEREAS, The army's record of environmental progress and successes at the NTC has been recognized by the environmental community locally as evidenced by the NTC receiving the 1992 Conservation Award from the Los Serranos Group, San Gorgonio chapter of the Sierra Club at the annual local Sierra Club Founders Day dinner ceremony in Claremont, California for efforts in exploring geothermal energy, as an alternative fuel source; and

WHEREAS, Based on review of environmental research and consideration of the army's identified land requirement, Dr. David Morafka, internationally respected biologist and Director of the Pan-American Laboratory for Systematics at California State University at Dominguez Hills, independently concluded in January 1993 that acquisition of lands to the east of Fort Irwin in the Silurian Valley, now known as the Silurian Valley alternative, constitutes the most environmentally preferable land configuration to meet the army's requirements; and

WHEREAS, Analysis of overall project costs for the land configuration recommended by Dr. Morafka concluded that the environmentally preferable land configuration is also the least expensive and most cost-effective for the taxpayers of all acquisition alternatives previously presented to the public for review and comment during scoping meetings and opportunities; now, therefore, be it

(c) For purposes of subdivision (a), the Legislature may provide that the term "newly constructed" shall not include any of the following:

(1) The construction or addition of any active solar energy system.

(2) The construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement, as defined by the Legislature, which is constructed or installed after the effective date of this paragraph.

(3) The construction, installation, or modification on or after the effective date of this paragraph of any portion or structural component of a single or multiple family dwelling which is eligible for the homeowner's exemption if the construction, installation, or

modification is for the purpose of making the dwelling more accessible to a severely disabled person.

(4) The construction or installation of seismic retrofitting improvements or improvements utilizing earthquake hazard mitigation technologies, which are constructed or installed in existing buildings after the effective date of this paragraph. The Legislature shall define eligible improvements. This exclusion does not apply to seismic safety reconstruction or improvements which qualify for exclusion pursuant to the last sentence of the first paragraph of subdivision (a).

(5) The construction, installation, removal, or modification on or after the effective date of this paragraph of any portion or structural component of an existing building or structure if the construction, installation, removal, or modification is for the purpose of making the building more accessible to, or more usable by, a disabled person.

RESOLUTION CHAPTER 93

Senate Constitutional Amendment No. 4—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending subdivision (a) of Section 2 of Article XIII A thereof, relating to taxation.

[Filed with Secretary of State September 17, 1993.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1993–94 Regular Session commencing on the seventh day of December 1992, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending subdivision (a) of Section 2 of Article XIII A thereof, to read:

(a) The full cash value means the county assessor's valuation of real property as shown on the 1975–76 tax bill under "full cash value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. All real property not already assessed up to the 1975–76 full cash value may be reassessed to reflect that valuation.

For purposes of this section, "newly constructed" does not include any of the following:

(1) Real property that is reconstructed after a disaster, as declared by the Governor, where the fair market value of the real property, as reconstructed, is comparable to its fair market value prior to the disaster.

(2) That portion of reconstruction or improvement to a structure, constructed of unreinforced masonry bearing wall construction,

necessary to comply with any local ordinance relating to seismic safety during the first 15 years following that reconstruction or improvement.

(3) That portion of any improvement to real property that consists of the installation of water conservation equipment, as defined by the Legislature, for agricultural use.

The Legislature may provide that under appropriate circumstances and pursuant to definitions and procedures established by the Legislature, any person over the age of 55 years who resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII and any implementing legislation may transfer the base year value of the property entitled to exemption, with the adjustments authorized by subdivision (b), to any replacement dwelling of equal or lesser value located within the same county and purchased or newly constructed by that person as his or her principal residence within two years of the sale of the original property. For purposes of this section, "any person over the age of 55 years" includes a married couple one member of which is over the age of 55 years. For purposes of this section, "replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section, a two-dwelling unit shall be considered as two separate single-family dwellings. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after November 5, 1986.

In addition, the Legislature may authorize each county board of supervisors, after consultation with the local affected agencies within the county's boundaries, to adopt an ordinance making the provisions of this subdivision relating to transfer of base year value also applicable to situations in which the replacement dwellings are located in that county and the original properties are located in another county within this state. For purposes of this paragraph, "local affected agency" means any city, special district, school district, or community college district which receives an annual property tax revenue allocation. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after the date the county adopted the provisions of this subdivision relating to transfer of base year value, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

The Legislature may extend the provisions of this subdivision relating to the transfer of base year values from original properties to replacement dwellings of homeowners over the age of 55 years to severely disabled homeowners, but only with respect to those replacement dwellings purchased or newly constructed on or after the effective date of this paragraph.

RESOLUTION CHAPTER 94

Senate Concurrent Resolution No. 19—Relative to military airspace.

[Filed with Secretary of State September 17, 1993.]

WHEREAS, Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin, have been preeminent in the development and testing of new and vital military aviation technology and weapons systems for the past five decades; and

WHEREAS, The airspace (including Restricted Airspace numbers 2502, 2505, 2506, 2508, 2509, 2515, and 2524) surrounding Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin, above hundreds of thousands of sparsely populated acres of desert and mountainous terrain, is indispensable as a testing area for new and vital military technology and weapons systems, offering the unique and necessary variety of terrain ranging from flat dry lake beds to sheer mountains; and

WHEREAS, Leading-edge military aviation technology, research, and testing focus on low-level flight at night and in all weather conditions to enhance the survivability of aircrews; the diversity of the terrain contained within the airspace surrounding Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin, is therefore indispensable and irreplaceable; and

WHEREAS, The loss of low-level flying capability, not only by Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin, but by military units throughout southern California, will result in aircrews having no training in the environment in which they will be required to fly, and will further result in weapons systems that are untested in a realistic environment; and

WHEREAS, Low-level flying is conducted over remote, sparsely populated areas where these operations, especially at night, result in minimal disturbance to the public; and

WHEREAS, Major commercial aircraft manufacturers, all of whom have a significant impact on the local, state, and national economies, rely on the use of some of these same areas to test their new products; and

WHEREAS, There have been, and continue to be, debates about the continued use of this vital airspace owing to proposed restrictive legislation, expansion of cities and towns, and other factors; now,

therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California declares that it is desirable that the aeronautical uses of the restricted airspace that surrounds Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin, be specifically protected in order to secure that major aviation development and testing area and in order to maintain the substantial economic benefits of military and commercial operations within that vital area; and be it further

Resolved, That nothing in this resolution should be interpreted as opposition to the California Desert Protection Act or other similar legislation currently being considered by Congress, which proposes to add desert and mountain lands to the National Park System with all the protections afforded those lands as provided by federal law; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the commanding officer of Edwards Air Force Base Flight Test Center, the Naval Air Warfare Center Weapons Division, Naval Air Weapons Station China Lake, and the Army National Training Center, Fort Irwin.

WHEREAS, The government of Vietnam is now anxious to move forward, to end the American economic embargo and to normalize relations with the United States of America; and

WHEREAS, President Clinton on Memorial Day 1993 ordered the declassification and release of some documents relating to American P.O.W.s and Americans missing in action (M.I.A.s); and

WHEREAS, Presidential candidate Bill Clinton proclaimed five times that "we will not lift the trade embargo or normalize relations with Vietnam until all P.O.W.s and M.I.A.s are accounted for"; and

WHEREAS, The accounting of P.O.W.s and M.I.A.s in World War II and in the Korean Conflict is, also, incomplete; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to demand that the government of Vietnam provide the fullest possible accounting of each and every American P.O.W. or M.I.A.; and be it further

WHEREAS, The Mare Island Naval Shipyard in Vallejo, California, is on the United States Base Closure and Realignment Commission's 1993 list of military bases recommended for closure; and

WHEREAS, The closing of Mare Island may result in a devastating loss of more than 26,000 jobs in the San Francisco Bay area; and

WHEREAS, In September 1993, the Department of Defense will name a limited number of new Defense Finance and Accounting Service centers to be located throughout the country; and

WHEREAS, As the "accounting firm" for the Department of Defense, the Defense Finance and Accounting Service has taken over responsibility of installation-level accounting and reporting for all general funds, the Defense Business Operations Fund, revolving funds, trust funds, accounts payable, accounts receivable, billings, debt management, cash accounting, funds authentication, and certain managerial accounting functions; and

WHEREAS, The Mare Island site is ideally suited for the location of a Defense Finance and Accounting Service center; and

WHEREAS, The existing Mare Island infrastructure, consisting of state-of-the-art office buildings, equipped with a fiber-optic local area network for data communication, could easily be adapted for Defense Finance and Accounting Service center use; and

WHEREAS, The existing Mare Island office space contains no known environmental hazards that would require preliminary remediation; and

WHEREAS, A Defense Finance and Accounting Service center at Mare Island would provide highly cost-effective service and support of Department of Defense activities on the West Coast and Hawaii;

and

WHEREAS, With a Defense Finance and Accounting Service center at Mare Island serving as an "anchor" tenant and employing between 3,000 and 4,000 people, its siting would begin the prompt conversion of Mare Island prior to operational closure; and

WHEREAS, A Defense Finance and Accounting Service center at Mare Island would have the added benefit of encouraging other new businesses to locate there; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States and the Secretary of the Department of Defense to designate the Mare Island Naval Shipyard as a location for a Defense Finance and Accounting Service center; and be it further

WHEREAS, The program is the primary alternative provided by the board to business and industry to help meet the goals of the California Integrated Waste Management Act of 1989; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature commends the California Integrated Waste Management Board for establishing the California Materials Exchange Program; and extends to the board sincere appreciation for a program that contributes dynamically to the reduction of solid waste and the stimulation of markets for recyclable materials; and be it further

WHEREAS, The labor studies programs at San Francisco City College and San Jose City College were established in 1974 and the Labor Center at Los Angeles Trade Technical College was established in 1978; and

RESOLUTION CHAPTER 108

Assembly Concurrent Resolution No. 68—Relative to Breast cancer awareness.

[Filed with Secretary of State September 20, 1993.]

WHEREAS, Breast cancer is an epidemic that will strike one out of eight American women, and one out of 10 California women, in their lifetime; and

WHEREAS, Breast cancer is the most common form of cancer among women, and is second only to lung cancer as the leading cause of cancer deaths among women, both nationally, and in California; and

WHEREAS, In the United States, approximately 46,000 women will die of breast cancer, and some 180,000 new cases will be diagnosed in 1993; and

WHEREAS, In California, approximately 5,000 women will die of breast cancer, and nearly 20,000 new cases will be diagnosed in 1993; and

WHEREAS, In California, the highest incidence of breast cancer is found in Anglo women, the highest mortality rate occurs among African-American women, and the greatest percentage of late-stage diagnosis occurs among Latino and African-American women; and

WHEREAS, Breast cancer is increasingly being diagnosed among women in their 30's and 40's; and

WHEREAS, More than 70 percent of women with breast cancer exhibit none of the known risk factors; and

WHEREAS, Although evidence is emerging about a link between environmental factors and breast cancer, not enough research is being funded to pursue this link; and

WHEREAS, Despite over 20 years of the "war on cancer," there is still no known cause, cure, or method of preventing breast cancer; and

WHEREAS, While mammography remains an important method for breast cancer detection, it often fails to identify the disease effectively, particularly among women in their 20's, 30's, and 40's, and when a mammogram does identify a tumor, the cancer has usually been established for an estimated eight years; and

WHEREAS, While mammography is less effective in denser breast tissue, monthly breast self-exam becomes even more important for women in their 20's, 30's, and 40's; and

WHEREAS, In addition to the incalculable emotional costs to women and their families, the direct and indirect economic costs of breast cancer are estimated at $8 billion a year nationally in additional health care services and lost productivity; and

WHEREAS, Historically, breast cancer research has been grossly underfunded at the federal level, topping a decade of erosion in federal appropriations in the 1980's for all cancer research; and

WHEREAS, While last year Congress appropriated over $400 million for federal breast cancer research, much more is needed to fund research directed at finding a cure and means of preventing breast cancer adequately; and

WHEREAS, Californians now have a unique opportunity to support breast cancer research in this state through the California Breast Cancer Research Fund Act, which allows individuals to make a voluntary contribution to support research when filing state income tax returns; and

WHEREAS, Heightened public awareness and education about breast cancer are crucial to the national effort to eradicate this epidemic; and

WHEREAS, It is in the best interest of all women, men, and families to join together to promote greater awareness about a disease that affects all Californians, the need for true early detection and adequate treatment options, and the urgency of finding a cure; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California, in order to heighten public awareness about breast cancer, including the need to redouble efforts to prevent and cure this disease, declares October as Breast Cancer Awareness Month; and be it further

Resolved, That the Legislature of the State of California, in order to recognize that, to date, breast exam and mammography are still the primary methods of breast cancer detection available to women, and that, therefore, all women should perform monthly breast self-exams, women over 50 years of age should have regularly scheduled mammograms every year, and women 40 to 49 years of age should consult about mammograms with their health care provider, declares October 19 as Breast Exam and Mammography Awareness Day; and be it further

Resolved, That the Legislature of the State of California emphasizes that the public education efforts conducted during the month of October should be part of an ongoing, year round effort to raise public awareness across the state; and be it further

Resolved, That the Legislature of the State of California recognizes that while early detection through routine mammograms, clinical exam, and breast self-exam is important, the only effective means of protecting women against breast cancer is to make breast cancer research a priority and fund critically needed research into the cause, cure, and prevention of breast cancer; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to each Member of the California Assembly and the California State Senate, and to the Governor of the State of California.

WHEREAS, During the two years that the U.S. Men's National Soccer Team will train for the World Cup at Mission Viejo, team members, coaches, and staff will be introduced to the community through planned social functions and will be positive role models for our youth and worthy examples for young soccer players who will learn from and be inspired by them; and

WHEREAS, Since the team will hold six exhibition games in Mission Viejo during the two-year period of training, as well as help run several soccer clinics, the presence of the team will enhance recognition of Mission Viejo's justly deserved reputation as a national center of soccer enthusiasm and benefit the business community through tourist dollars and other economic advantages derived from this positive accomplishment; and

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the Mayor of the City of Mission Viejo.

WHEREAS, The commission is required to restrict the use of the reserves to scientific research relating to the management and enhancement of marine resources; and

RESOLUTION CHAPTER 114

Assembly Joint Resolution No. 1—Relative to the Equal Rights Amendment.

[Filed with Secretary of State September 20, 1993.]

WHEREAS, Legal injustice and discrimination on the basis of gender have long existed; and

WHEREAS, Efforts to defeat final ratification of the Equal Rights Amendment were aided in great measure by an insensitivity to the essential injustice long suffered by the women of this country because of established discrimination on the basis of gender; and

WHEREAS, The citizens of California clearly support an end to discrimination on the basis of gender through an amendment to the Constitution of this nation, as the United States has previously renounced slavery, racial discrimination, and denial of the right to vote on the basis of race or gender; and

WHEREAS, Congress in 1972 proposed a federal Equal Rights Amendment to the United States Constitution to provide for equality of the law regardless of gender, which was narrowly defeated in 1982; and

WHEREAS, The California Legislature prefers that each state ratify the federal Equal Rights Amendment to achieve a uniform national policy; and

WHEREAS, The Equal Rights Amendment provides that gender should not be a factor in determining the legal rights of men and women and thereby recognizes the fundamental dignity, individuality, and worth of each human being; and

WHEREAS, The California Legislature again stands ready to ratify a federal Equal Rights Amendment when approved by Congress for state ratification; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to propose to the several states an amendment to the Constitution of the United States stating that all men and women are equal under the law; and be it further;

RESOLUTION CHAPTER 115

Assembly Joint Resolution No. 10—Relative to war atrocities in the former Yugoslavia.

[Filed with Secretary of State September 20, 1993.]

WHEREAS, Women, men, and children have been raped in systematic conduct by military forces in the towns and villages of the former Yugoslavia; and

WHEREAS, This terror has been condemned internationally as a crime against humanity; and

WHEREAS, Many of the victims, including many women and children, have died as a result of the rape or other sexual abuse; and

WHEREAS, The rapes and other incidents of sexual abuse are being carried out in particularly sadistic ways so as to inflict the maximum humiliation and terror; and

WHEREAS, The systematic use of rape and other sexual abuse in this pervasive manner demonstrates a pattern of conduct knowingly used by the military as a weapon of war, with the conscious intention of demoralizing and terrorizing communities and driving them from their home regions through demonstration of the terrible power of the invading force, thereby achieving the intended result of providing the invading force with a tactical military advantage; and

WHEREAS, Use of rape and other sexual abuse as a military strategy in this conscious, systematic, and pervasive manner is not akin to the incidental abuses that have been evidenced in prior wars, but must be recognized as the knowing, systematic weapon of terror that it is; and

WHEREAS, An ancillary purpose behind this systematic conduct appears to be a desire to achieve "ethnic cleansing"; and

WHEREAS, The rape and other sexual abuse is a terrible

component of an overall pattern of destruction of life, property, and human rights; and

WHEREAS, The United Nations Security Council declared rape when committed in armed conflict and directed against any civilian population, a crime against humanity; and

WHEREAS, The United States has historically taken the lead in the community of nations to identify, condemn, and outlaw weapons of war that rely, for their success, upon the terror they instill in civilian populations, and to condemn wartime conduct that violates human rights and dignities; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to condemn, in the strongest possible terms, war atrocities relating to the systematic use of rape and other sexual abuse of men, women, and children by the military; and be it further

RESOLUTION CHAPTER 116

Assembly Joint Resolution No. 38—Relative to unfunded federal mandates.

[Filed with Secretary of State September 20, 1993.]

WHEREAS, For decades, the federal government has passed laws requiring state and local governments to implement innumerable regulations and provide a multitude of services; and

WHEREAS, Local governments provide a variety of necessary public services, but are required to operate giving precedence to federal requirements; and

WHEREAS, These laws have forced state and local governments, in essence, to be financially responsible for federal policies over which they have no control and have undermined the ability of state and local governments to achieve their responsibilities under state and local law; and

WHEREAS, These laws or mandates, in many instances, have added to growing deficits in state and local budgets and have resulted in the need for state and local governments to identify additional, and increase existing, revenue streams or to curtail fire, police, and public safety functions among other services deemed appropriate for their jurisdictions by state and local governments; and

WHEREAS, At a time when California faces a struggling economy, shrinking tax base, and concomitant budgetary shortfalls, there exists a need for greater flexibility in terms of resource expenditure and program prioritization as well as decreasing the financial burden imposed upon state and local governments by unfunded federal mandates; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to support and enact United States House of Representatives Bill 140, a measure that will end the practice of imposing unfunded federal mandates on state and local governments and to ensure that the federal government pays the direct costs incurred by state and local governments in complying with requirements imposed under future federal statutes and regulations; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 117

Assembly Joint Resolution No. 47—Relative to water quality.

[Filed with Secretary of State September 20, 1993.]

WHEREAS, H.R. 2853 has been introduced in the United States Congress to create the San Gabriel Basin Demonstration Project to improve the quality of groundwater in the San Gabriel Basin; and

WHEREAS, The San Gabriel Basin presents a unique set of environmental problems; the San Gabriel Valley is a 195 square mile area located approximately 10 to 20 miles northeast of downtown Los Angeles in Los Angeles County; and it is the home of 1,000,000 to 1,500,000 people who rely on the groundwater of the basin for their primary drinking water; and

WHEREAS, The San Gabriel Basin is the most heavily contaminated potable groundwater basin in the United States; and

WHEREAS, The groundwater in the San Gabriel Basin is heavily contaminated with toxic volatile organic compounds (VOCs), including trichloroethylene (TCE), perchloroethylene (PCE), and carbon tetrachloride (CTC); four separate areas of contamination in the San Gabriel Basin are listed on the National Priority List (NPL) of the Superfund; and the areas where the VOC contamination exceeds drinking water standards cover approximately 30 to 40 square miles; and

WHEREAS, The VOCs in the San Gabriel Basin have been

generated by hundreds of commercial and industrial facilities, scattered throughout the San Gabriel Valley, over a period of more than 30 years; and

WHEREAS, The San Gabriel Basin is also heavily contaminated with nitrates from over a century and a half of agriculture and ranching in the valley as well as from industrial and residential septic systems; and

WHEREAS, Once contaminated, groundwater is very difficult to clean up and a plume of polluted groundwater will migrate and spread contaminants wherever it flows; and

WHEREAS, Forty-five different water purveyors take water from the basin; and because the groundwater flows under hundreds of different facilities, apportioning responsibility could be a very complicated and litigious process; and

WHEREAS, There are approximately 275 public water supply wells in the San Gabriel Basin; and 80 wells have contamination levels exceeding current federal drinking water standards; and

WHEREAS, The San Gabriel Basin Demonstration Project would enable the Environmental Protection Agency (EPA), in cooperation with the Main San Gabriel Basin Water Quality Authority, and in consultation with all local water agencies in the San Gabriel and Central Basins, to clean up the groundwater of the San Gabriel Basin; specified facilities would be encouraged to contract with the EPA to pay their share of the cleanup costs; and those facilities that contracted with the EPA and fulfilled their obligations would be exempted from Superfund liability.

WHEREAS, The San Gabriel Basin Demonstration Project presents a unique opportunity for the community to solve a difficult problem by working together with the federal government in a public-private partnership; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress of the United States to enact H.R. 2853 ; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Governor of California.

RESOLUTION CHAPTER 118

Assembly Joint Resolution No. 50—Relative to federal mandates.

[Filed with Secretary of State September 20, 1993.]

WHEREAS, The federal government has imposed certain mandates upon the State of California to provide services to all of its residents; and

WHEREAS, The federal government has committed to reimburse the state for the cost of providing those services; and

WHEREAS, The continuing economic conditions in California have created serious deficits in the state's budget for the past four years; and

WHEREAS, Due to the effect of national economic conditions on the federal budget, the federal government has not reimbursed the state in full for the mandates it has imposed; and

WHEREAS, Unfunded federal mandates continue to inflict serious hardship on the state's ability to provide basic services to its citizens; and

WHEREAS, At meetings in Washington D.C. earlier this year productive dialogue on this problem took place between Members of this Legislature and California's Congressional delegation; and

WHEREAS, A continuation of this dialogue is crucial for an ultimate solution to the problem of unfunded mandates; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully requests all Senators and Representatives from California in the Congress of the United States to annually appear before a joint session of the California Legislature to discuss problems related to unfunded federal mandates as well as to discuss new burdens that have been imposed by the federal government on the state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 119

Assembly Concurrent Resolution No. 46—Relative to California Frontier Opportunities.

[Filed with Secretary of State September 22, 1993.]

WHEREAS, California is in the midst of its most serious economic downturn since the Great Depression of the 1930's; and

WHEREAS, The Assembly Democratic Economic Prosperity Team (ADEPT) has found in its 90 plus meetings with businesses and industries that California's recovery is in large part dependent upon our ability to collaboratively work with all interested parties to quickly enact policies most likely to immediately improve our economy; and

WHEREAS, ADEPT has heard numerous innovative and creative

ideas that would assist in this constructive and collaborative process; and

WHEREAS, These ideas were detailed in the ADEPT Preliminary Report in the section entitled Frontier Opportunities; and

WHEREAS, ADEPT wishes to work with the administration and executive branch in finding areas of common ground with respect to economic development; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That each Member of the Legislature and the Governor is encouraged to familiarize themselves with the ADEPT report and its recommendations and that ADEPT submits the following numerous Frontier Opportunity proposals for consideration by the Governor and immediate action by the administration where appropriate; and be it further

Resolved, That the Governor consider creating a public/private sector joint forum for convening analysts and sponsors of the several California economic analyses, encouraging them to jointly develop proposals for addressing California's economic crisis; and be it further

Resolved, That the Governor consider convening a California government summit, inviting prominent business management analysts to discuss how every level of California government can reenvision and reinvent itself to become a more efficient service provider; and be it further

Resolved, That the Governor consider convening an annual California Pacific Rim Conference similar to those during the Brown and Deukmejian administrations to improve California's economic and political relationship with Pacific Rim nations; and be it further

Resolved, That the Governor and Legislature jointly arrange a meeting with the Japanese government to explore international collaboration possibilities between California and Japan, including programs undertaken by the Japanese Ministry of International Trade and Industry (MITI); and be it further

Resolved, That the Governor consider creating a California State Investment Partnership (CSIP) with leading high technology companies similar in structure to small business loan guarantee programs in which the state provides some guarantee and in return takes a partial ownership interest if the endeavor is successful. State profits from these partnerships would go towards additional CSIP investments; and be it further

RESOLUTION CHAPTER 120

Assembly Joint Resolution No. 36—Relative to pest containment and quarantine facilities.

[Filed with Secretary of State September 22, 1993.]

WHEREAS, The discovery of a virulent species of whitefly that attacks most crops, continued outbreaks of Mediterranean and Mexican fruit flies in many parts of the state, extensive damage to graperoot stock by phylloxera, and the imminent arrival of Africanized honey bees join a growing list of pests and diseases that threaten the long-term health and economic vitality of California agriculture; and

WHEREAS, Farmers in California and across the United States are faced with the wholesale loss of many of the synthetic pesticides and chemicals that they have relied upon for control and eradication of pests; and

WHEREAS, Recent studies of available pest management alternatives conducted by the University of California and others reveal that economically viable and environmentally compatible

alternatives are not yet available for many pesticides and chemicals; and

WHEREAS, Insect and microbial pests are showing increased resistance to many of the compounds which remain on the market; and

WHEREAS, Research into promising new pest management technologies and strategies has met with some success over the past decade, most notably in the areas of integrated pest management, biological control, and bioengineering; however, nothing short of a major expansion and acceleration of research focusing on long-range solutions is required; and

WHEREAS, California agriculture is not only in danger of losing the ongoing battle against pests with subsequent reductions in the quality of food and fiber produced, but could see access to many foreign markets closed or severely restricted with significant negative impacts to the state's economy; and

WHEREAS, The Conference Report from the United States House and Senate Agricultural Appropriations Subcommittees for the 1991 fiscal year, in response to the challenges cited above, directed the United States Department of Agriculture (USDA) to conduct a study of alternative pest management containment and quarantine facility needs in California; and

WHEREAS, A USDA facility study panel visited the Davis and Riverside campuses of the University of California in June 1991 and concluded their report with the recommendation that construction of these facilities "could have a significant [positive impact on U.S. agriculture"; and

WHEREAS, The University of California, in cooperation with the USDA, the Department of Food and Agriculture, commodity groups, and other interested parties, is proposing the construction of modern, environmentally secure, alternative pest management containment and quarantine facilities at the Riverside and Davis campuses; and

WHEREAS, These modern containment and quarantine facilities, once operational, would support a comprehensive, integrated program designed to draw upon the breadth of university, state, and federal expertise within California and the nation; and

WHEREAS, Construction of the proposed facilities would provide significant, long-term benefits to growers, ranchers, environmentalists, and consumers as a result of research leading to reduced applications of pesticides and other chemicals and acceptance and expanded use of biological control agents, genetically engineered organisms, and other "cutting-edge" technologies; and

WHEREAS, The research conducted in these facilities would be in accordance with the agricultural pest quarantine regulations and restrictions enforced by the Department of Food and Agriculture and the USDA; and

WHEREAS, These facilities would conduct research that serves

the interests of agriculture in California as its foremost purpose; and

WHEREAS, The combined resources of this federal-state partnership would permit a focused, mission-oriented research program on a scale not otherwise possible; and

WHEREAS, This federal-state partnership for agricultural research has led to significant breakthroughs and advances over the past century to the benefit of every American consumer; and

WHEREAS, This research also has helped build an export industry that generates billions of dollars annually in net income to the economy of the United States; and

WHEREAS, The Congress already has provided funding in the USDA-Cooperative State Research Service budget for the 1992 and 1993 fiscal years for predesign work associated with the proposed facilities at the Davis and Riverside campuses; and

WHEREAS, This funding has been matched by the University of California; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Congress and the President of the United States are respectfully memorialized to support the construction of modern, state-of-the-art, alternative pest management containment and quarantine facilities in California; and be it further

Resolved, That, beginning in the 1994 fiscal year, the Congress provide construction funds on a cost-share basis with the State of California for a 21,400 assignable square foot laboratory and support facility at the University of California, Riverside, to accelerate research leading to the development of biological and other natural controls for the whitefly and other pests; and be it further

Resolved, That, beginning in the 1994 fiscal year, the Congress provide construction funds on a cost-share basis with the State of California for a 40,000 assignable square foot containment and quarantine facility at the University of California, Davis, that will support research into environmentally compatible pest management strategies, including biological control, bioengineering, genetically altered organisms, and other promising biotechnology applications; and be it further

Resolved, That Congress appropriate adequate funds, beginning in the 1994 fiscal year, to allow construction to be sequenced, with the biological control laboratory at Riverside proposed for completion by the 1996 fiscal year and the biological control, biotechnology, and bioengineering containment facility at Davis proposed for completion during the 1997 fiscal year; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Majority Leader of the United States Senate, and to the United States Secretary of Agriculture.

[Filed with Secretary of State September 22, 1993.]

WHEREAS, The Norton Air Force Base in San Bernardino, California, is on the United States Base Closure and Realignment Commission's list of military bases recommended for closure; and

WHEREAS, A Defense Finance and Accounting Service center at Norton Air Force Base would provide highly cost-effective service and support of Department of Defense activities on the West Coast and Hawaii; and

WHEREAS, Preliminary studies indicate that a minimal expense of approximately $4 million would be required to establish a Defense Finance and Accounting Service center at Norton Air Force Base and that this initial startup cost would be offset by reduced severance payouts; and

WHEREAS, With a Defense Finance and Accounting Service center at Norton Air Force Base serving as an "anchor" tenant and employing between 3,000 and 4,000 people, its siting would begin the prompt conversion of Norton Air Force Base prior to operational

closure; and

WHEREAS, A Defense Finance and Accounting Service center at Norton Air Force Base would have the added benefit of encouraging other new businesses to locate there; and

WHEREAS, Norton Air Force Base was the only California military facility considered earlier this year as one of 20 finalists for the selection of a new Defense Finance and Accounting Service center; now, therefore, be it

RESOLUTION CHAPTER 123

Senate Joint Resolution No. 26—Relative to community development financial institutions.

[Filed with Secretary of State September 27, 1993.]

WHEREAS, Many of the nation's urban and rural communities face critical social and economic problems arising from insufficient growth due to a lack of investment and equity capital; and

WHEREAS, Approximately 12.5 percent of California's total population lives under the federal poverty line; and the state's unemployment rate is well above the nation's average (6.8 percent) at 9.8 percent; and

WHEREAS, A distressed community is a geographically contiguous area characterized by high unemployment; by an average income level significantly below the median for surrounding communities; by a lag in growth of per capita income; by poor or insufficient housing; and by a scarcity of employment training, education, or vocational facilities; and

WHEREAS, Distressed neighborhoods generally lack access to equity capital which effectively results in a pattern of exclusionary underwriting and community disinvestment; and

WHEREAS, There is an urgent need for California to espouse initiatives and programs to foster the development and proliferation of indigenous business; to assist businesses in providing supplemental

services, such as job training or child care; and to enlist the resources of the private sector in the work of revitalizing distressed communities; and

WHEREAS, Permanent, self-sustaining neighborhood renewal results from creating an environment where private investors inside and outside the neighborhood are confident their investments will be reciprocated and rewarded as healthy neighborhood dynamics are restored; and

WHEREAS, Indigenous, community-based financial institutions, such as community development banks, community development credit unions, community development corporations, and community development loan funds, play a significant role in identifying and responding to community needs; and

WHEREAS, A community development financial institution is a financial catalyst which utilizes its capital assets to serve dual purposes. First, it preserves the fiscal integrity of its operations and the financial interests of its investors, depositors, and customers, by pursuing profitable and prudent enterprise. Second, it is focused on rebuilding the distressed communities in which they are chartered to operate and where their depositors live; and

WHEREAS, A community development financial institution can, beyond its lending capacity, coordinate an array of real estate, venture capital, technical assistance, human resource, or other community development tools to enhance a distressed region's economic viability and impact, control risk, and otherwise undertake complementary activities which create a positive, safer environment for private investment; and

WHEREAS, Existing development banking institutions, such as South Shore Bank (Chicago, Illinois), Southern Development Bancorporation (Arkadelphia, Arkansas), Center for Community Self Help (Durham, North Carolina), and Community Capital Bank (Brooklyn, New York), with a primary mission of promoting community development have established a successful precedent by demonstrating their ability to promote revitalization and are appropriate models for restoring economic stability and growth in distressed communities and neighborhoods; and

WHEREAS, The President of the United States has proposed legislation creating the Community Development Banking and Financial Institutions Act of 1993, which proposes to build a network of the aforementioned community development financial institutions (CDFIs) through the creation of a $382 million federal fund to provide new and existing CDFIs with capital, technical, and training assistance; and

WHEREAS, Accounting for the leveraging capability of CDFIs, the United States Treasury Department conservatively estimates that the Community Development Banking and Financial Institutions Act of 1993 could result in between $1 and $1.6 billion in new credit availability for low- and moderate-income communities and create between 20,000 and 50,000 new jobs; now, therefore, be

it

Resolved by the Senate and Assembly of the State of California, jointly, That, in order to restore and maintain California's economic progress, and to encourage the accessibility of California's distressed neighborhoods to equity capital, the Legislature of the State of California endorses the proposal of the President of the United States and all other efforts to establish the aforementioned community development financial institutions; and be it further

Resolved, That the Senate and the Assembly of the State of California respectfully request the Congress of the United States to support and pass the Community Development Banking and Financial Institutions Act of 1993 in order to establish a network of these CDFIs; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives of the United States, to each Senator and Representative from California in the Congress of the United States, to the Chairperson of the United States Senate Committee on Banking, Housing, and Urban Affairs, and to the Chairperson of the United States House of Representatives Committee on Banking, Finance, and Urban Affairs.
